

## STATEMENT OF PURPOSE

### RS27163

This bill transitions the Contractor Registration from the Bureau of Occupational Licenses (BOL) to the Division of Building Safety (DBS). This transition will streamline DBS processes, create efficiencies in state government as DBS already handles plumbing, electrical and public works licenses. It also seeks to streamline and eliminate the need for multiple licenses or registrations and updates requirements to match industry practices.

### FISCAL NOTE

This legislation will have no impact on the state's General Fund. The one-time cost associated with moving registration from BOL to DBS will be covered by the agency's existing appropriation and dedicated fees. Over time DBS may accrue savings associated with streamlined operations.
