

STATEMENT OF PURPOSE

RS26467

The purpose of the survey narrative is to offer a rational summary of the evidence accepted and rejected and to ensure evidence is not missed or misinterpreted. The survey narrative will serve to perpetuate a record of the evidence considered and the principles applied in performing the survey. This will aid the public and future surveyors by making the record more clear and complete.

FISCAL NOTE

There is no fiscal impact to the General Fund or the dedicated fund of the agency because the amendment simply requires surveyors to document information already obtained on the survey documents recorded in county courthouses.
