

STATEMENT OF PURPOSE

RS26590

In 1988, the requirement for a medical examination for each applicant was removed from Idaho Code. The requirement for the county recorder to issue an education pamphlet on AIDS was added at this time. Applicants must certify that he or she has read the pamphlet by filling out a form that is kept with the marriage license application.

This legislation would repeal the requirement for clerks to provide the educational AIDS pamphlet and certify that applicants have read it.

FISCAL NOTE

There is no fiscal impact to the General Fund as this is county specific and the AIDS pamphlets will still be available within the clerk's offices.
