

STATEMENT OF PURPOSE

RS26831

This bill clarifies Idaho Code Section 33-1204 to expressly authorize the state board of education to require professional development credits as a condition of certification renewal and to provide rule-making necessary to allow the teaching of said professional development courses as an optional means of completing the professional development credit requirement.

FISCAL NOTE

There will be no impact to the state General Fund, any other state fund, or local governments because this change shall only require the normal expense to the state board of education necessary to draft revised rules regarding teaching certificate renewal.
