

STATEMENT OF PURPOSE

RS26633C3

Section 23-404, Idaho Code, sets forth the distribution of funds from the liquor account. The distribution to cities and counties was amended in 2018 to allocate a portion of the city and county distributions to the magistrate division of the district court. A technical error in the distribution language has prevented a portion of these funds from being distributed by the liquor division. This legislation corrects the technical error. It also includes an emergency clause to allow funds already dedicated to the magistrate division of the district court to be disbursed.

FISCAL NOTE

There is no fiscal impact to the state general fund as the distribution of liquor funds to magistrate court services is allocated from the current liquor fund distribution to local governments.
