MOTION: Rep. Green (18) made a motion to approve the minutes of January 15, 2019, and the minutes of January 17, 2019. **Motion carried by voice vote.**

RS 26426: Dean Cameron, Director, Dept. of Ins., presented RS 26426, legislation relating to model law amendments required for accreditation of the Idaho Department of Insurance by the NAIC. Accreditation maintains consistent and fair regulation of insurers and is necessary to retain carriers domiciled in Idaho thereby benefitting consumers. This legislation provides authority to the director of the Department of Insurance to act as a group-wide supervisor for an internationally active insurance group. It is helpful to insurance companies and their regulator to have one jurisdiction assess the enterprise-wide risks and coordinate group-wide supervision activities for insurance companies or insurance holding company groups. Acquisitions or other changes in a state's domestic insurance industry can occur quickly and change the state’s role in overseeing a domestic insurer or their role within the holding company group.

MOTION: Rep. Furniss made a motion to introduce RS 26426. **Motion carried by voice vote.**

RS 26492: Alex Adams, Administrator of Idaho Division of Financial Management, introduced Brian Mooney, Director, Dept. of Administration, and Dennis Stevenson, Rules Coordinator, then presented RS 26492, proposed legislation regarding a committee needlessly established duplicating a processes occurring in the development of the state's Budget Development Manual. The committee has not been active and should be removed from Code.

MOTION: Rep. DeMordaunt made a motion to introduce RS 26492.

SUBSTITUTE MOTION: Rep. Smith made a substitute motion to introduce RS 26492 and recommend it be sent directly to the second reading calendar. **Motion carried by voice vote.**
RS 26493C1: Alex Adams, presented RS 26493C1 proposed legislation transitioning the Office of the Administrative Rules Coordinator (OARC) to the Division of Financial Management (DFM). DFM analysts review all rules submitted by agencies, and agencies work with OARC on technical aspects of publishing rules in the state's Administrative Bulletin. This transition will streamline executive branch processes, create efficiencies in state government, and promote higher quality rulemaking for all rules subject to legislative review.

MOTION: Rep. Collins made a motion to introduce RS 26493C1. Motion carried by voice vote.

DOCKET NO. 07-0501-1801: Patrick Grace, Regional Manager, Division of Building Safety, explained the proposed rulemaking will define a qualified individual (QI) by examination. QI determine the "reasonable length of time" a contractor's license will remain in force, and clarify notice a contractor's QI has ceased to be connected with the contractor must be provided on forms prescribed by the administrator.

DOCKET NO. 07-1001-1801: Patrick Grace, Regional Manager, Division of Building Safety, explained pending rules of the Damage Prevention Board. This rulemaking requires parties requesting appeals to pay an appeal bond of $200 to appeal, and will change any reference to "underground utility owners" to "underground facility owners" and will define locators and subject them to civil penalties. An underground facility owner, owner's agent, or locator who fails to locate or mark its underground facilities when responsible to do so in accordance with Idaho Code, or within the prescribed time provided, shall be subject to a civil penalty.

MOTION: Rep. DeMordaunt made a motion to approve Docket No. 07-1001-1801. Motion carried by voice vote. Rep. Armstrong requested to be recorded as voting NAY.

DOCKET NO. 12-0108-1801: Jim Burns, Security Bureau Chief, explained this rule will eliminate reference to the former paper-based exam which is no longer applicable. The rule will now focus only on the applicable computer-based exam.

MOTION: Rep. DeMordaunt made a motion to approve Docket No. 12-0108-1801. Motion carried by voice vote. Rep. Monks requested to be recorded as voting NAY.

DOCKET NO. 12-0109-1801: Anthony Poladori, Consumer Finance Bureau Chief, explained the federal Consumer Credit Protection Act and implementing regulations for incorporation into the Idaho Credit Code and the Rules Pursuant to the Idaho Credit Code. This proposed rule incorporates laws and regulations included within the federal Consumer Credit Protection Act, promoting consistency in state and federal consumer financial services laws so Idaho consumer financial service providers are not faced with an untenable requirement of complying with conflicting state and federal laws.

MOTION: Rep. Berch made a motion to approve Docket No. 12-0109-1801. Motion carried by voice vote. Rep. Barbieri requested to be recorded as voting NAY.

DOCKET NO. 12-0110-1801: Anthony Poladori explained the Idaho Residential Mortgage Practices pending rule promotes consistency in state and federal mortgage-related laws so Idaho mortgage licensees are not faced with an untenable requirement of complying with conflicting state and federal laws. The proposed rule updates references to the NMLS Policy Guidebook, promoting consistency in nationwide licensing standards for mortgage licensees.

MOTION: Rep. Collins made a motion to approve Docket No. 12-0110-1801. Motion carried by voice vote. Rep. Monks requested to be recorded as voting NAY.
Anthony Poladori explained this proposed rule incorporates the federal Fair Debt Collection Practices Act by reference, promoting consistency in state and federal debt collection laws so Idaho collection agency licensees are not faced with an untenable requirement of complying with conflicting state and federal laws.

TIME: 1:30 P.M.
PLACE: Room EW41

MEMBERS: Chairman Dixon, Vice Chairman DeMordaunt, Representatives Collins, Crane, Palmer, Barbieri, Stevenson, Armstrong, Clow, Monks, Andrus, Furniss, Nichols, Raymond, Smith, Berch, Green(18)

ABSENT/EXCUSED: Rep. Monks

Chairman Dixon called the meeting to order at 1:31 p.m.

MOTION: Rep. Nichols made a motion to approve the minutes of January 23, and January 29, 2019. Motion carried by voice vote.

H 46: Rep. Hartgen presented H 46, legislation adding the Certified Realtime Captioner (CRC) exam to the list of Idaho Certified Shorthand Reporters Board-approved exams, allowing online exam testing, providing a pathway to licensure by endorsement for applicants who have passed a national exam and have been working for three of the past five years in another state. This legislation will provide more flexibility to applicants and licensees, provide additional pathways to licensure for out-of-state applicants, and enhance portability between Idaho and other states.

Susan Gambee of the Shorthand Reporters Board explained the goal is to be up with other states and not in competition.

MOTION: Rep. Clow made a motion to send H 46 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Hartgen will sponsor the bill on the floor.

H 45: Rep. Furniss presented H 45, legislation to reduce apprenticeship training hour requirement to qualify for driving business instructor licensure from sixty (60) to thirty (30) hours of classroom instruction, and to reduce the number of behind-the-wheel training hours from one hundred eight (108) to sixteen (16) hours. An emergency clause for this legislation is requested to allow its early implementation for the benefit of applicants. These changes reduce barriers to licensure and employment for driving business instructors. Director Packer confirmed sixteen hours is in line with the State Department of Education Driving teachers.

MOTION: Rep. Palmer made a motion to send H 45 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Furniss will sponsor the bill on the floor.

RS 26745C1: John Mackey presented RS 26745C1, proposed legislation updating Idaho Insurance Code dealing with investment and reporting requirements for domestic insurers, clarifying disclosure requirements regarding an officer or director's investments, and add a limited disclosure exemption for certain investments commonly found in 401k or other retirement accounts. Clarification is provided regarding investment allowances for land and buildings used for home office purposes and adjusts the allowable investment levels for miscellaneous, bringing them in line with most states.

MOTION: Rep. Palmer made a motion to introduce RS 26745C1. Motion carried by voice vote.
Keith Bybee, Dept. of Finance, presented information regarding the Department of Finance, a regulatory agency charged with the supervision and oversight of state-chartered financial institutions, regulated lenders, securities issuers, broker-dealers and stockbrokers, residential mortgage brokers and lenders, investment advisers and sales personnel, collection agencies, endowed care cemeteries, and others. Through prudent and efficient oversight of financial institutions, investment opportunities, and credit transactions, this is accomplished. Administration of laws enacted by the Idaho Legislature, legitimate financial transactions are encouraged, while fraud, unsafe practices, and unlawful conduct are detected and appropriate enforcement action is taken. The department administers and enforces twenty three regulatory statutes and is funded entirely by fees levied by law on the industries subject to its supervision. Agency budget request for the Executive Branch, which includes twenty executive departments and seven offices for statewide elected officials, the Judicial Branch, and the Legislative Branch. Included is the Governor's recommendation that provides the Legislature with a side-by-side comparison of each agency's budget request and the Governor's budget recommendation. Policy oversight is emphasized by grouping and displaying minor programs at the agency or divisional level, and clearly displaying and comparing the key policy budget decision that need to be made.

Christine Otto, Budget and Policy Analyst, explained the Division of Building Safety administers ten programs and houses eight boards. The ten programs include: the Electrical Program, Plumbing Program, Building Program, Heating, Ventilation, and Air Conditioning Program, Underground Damage Prevention Program, Office of School Safety and Security Program, Elevator Program, Industrial Safety Program, Logging Program, and Public Works Contractor Licensing Program. The eight Boards include: the Electrical Board; Plumbing Board; the Idaho Building Code Board; the Public Works Contractor License Board; the Heating, Ventilation and Air Conditioning (HVAC) Board; the Factory Built Structures Advisory Board; the Damage Prevention Board; and the School Safety and the Security Advisory Board.

GUESTS: Kris Ellis, IAHC, Senator Todd Lakey, Woody Richards, Tom Daniel, Farm Bureau Chairman Dixon called the meeting to order at 1:30 p.m.
RS 26848: Sen. Lakey presented RS 26848, proposed legislation updating occupational licensing reform, improving access, mobility, and portability to licensed occupations for military families and veterans by recognizing applicable military experience, expediting applications, and endorsement of current licenses held in other states, districts, or territories.
MOTION: Rep. Palmer made a motion to introduce RS 26848. Motion carried by voice vote.
RS 26776: Kris Ellis presented RS 26776, proposed legislation exempting those working in facilities licensed by the Department of Health and Welfare, within the Division of Licensing and Certification, from being required to have a cosmetology license. The proposed exemption would include nurses, those delegated by a nurse, aides and volunteers who perform certain cosmetology services. Facilities licensed by the Division of Licensing and Certification include: Nursing Homes, Assisted Living Facilities, Certified Family Homes, Intermediate Care Facilities and Hospitals. The proposed legislation would codify the standard in licensed facilities.
MOTION: Rep. Barbieri made a motion to introduce RS 26776. Motion carried by voice vote.
RS 26683C1: Rep. Vander Woude presented RS 26683C1 proposed legislation updating and amending sections relating to self-service storage facilities. The referred-to statute has not been amended since 1989, before the active use of internet and e-mail communications for business purposes. Amendments include definition updates, identifying reasonable rates for late charges and clarifying enforcement of lien language for consumers and operators. Verified or certified mail happens if email is not an option for communication.
MOTION: Rep. Andrus made a motion to introduce RS 26683C1. Motion carried by voice vote.
RS 26798: Phil McGrane, Clerk of the District Court, presented RS 26798, proposed legislation establishing a flat recording fee for all instruments, regardless of page count. Application of changes revealed differences in interpretation as to documents over 30 pages and whether the document was in a predictable fee category. The proposed single flat recording fee, $27, for all documents regardless of type or page count, will remove the need for interpretation and simplify the fee structure. County revenue from recording fees will be affected.
MOTION: Rep. Stevenson made a motion to introduce RS 26798. Motion carried by voice vote.
RS 26817: Kelby Monks presented RS 26817, proposed legislation eliminating phantom insurance and reduced payments for benefits paid by others. The legislation provides that when a citizen purchases motor vehicle underinsurance coverage, the purchaser receives the stated benefit provided on the declarations page. This prevents an insurance company receiving a premium for underinsured coverage from taking credit for benefits paid by other insurance companies. It further limits benefits recoverable to the purchaser's actual losses or the amount of coverage purchased, whichever is less.

In response to committee questions Mr. Monks explained stacking is being able to use personal insurance when other insurance is exhausted.

RS 26688C1: Rep. Furniss presented RS 26688C1, proposed legislation requiring all government self-funded plans to register with the director to be amended to exempt the state, allowing the state to enter into a self-funding contract without an additional initial up-front surplus. All other government agencies must register, and counties shall register within a five year period. Reserves and surplus provides alternatives to limit the maximum liability in a registered self-funded plan using proper funding and insurance products. A waiver is given to the director of insurance for plans that are properly funded without insurance.

RS 26859: Rep. Armstrong presented RS 26859, proposed legislation increasing required automobile minimum liability insurance from $25,000 to $50,000 (for one claimant); from $50,000 to $100,000 (for two or more claimants in the same accident); and from $15,000 to $50,000 for property damage (to one or more vehicles or property damaged by the at-fault driver in the same accident). Automobile liability and property insurance minimum requirements have not increased since 1983. In response to committee questions, Bill Litster explained the needed update.

MOTION: Rep. Berch made a motion to introduce RS 26859. Motion carried by voice vote.

RS 26691: Rep. Zollinger, presented RS 26691, proposed legislation providing life insurance policy holders the option to pay in advance, at his or her own expense, to receive a final and any subsequent notices by certified mail if their life insurance policies are going to lapse or cancel.

MOTION: Rep. Green (18) made a motion to introduce RS 26691.

SUBSTITUTE MOTION: Rep. Clow made a substitute motion to return RS 26691 to the sponsor.

ADJOURN: There being no further business to come before the committee, the meeting adjourned at 2:33 p.m.

H 73: Chairman Dixon presented H 73, legislation transitioning the Office of the Administrative Rules Coordinator (OARC) to the Division of Financial Management (DFM). DFM analysts review all rules submitted by agencies, and agencies work with OARC on technical aspects of publishing rules in the state's Administrative Bulletin. This transition will streamline executive branch processes, create efficiencies in state government, and promote higher quality rulemaking for all rules subject to legislative review.

MOTION: Rep. Raymond made a motion to send H 73 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Dixon will sponsor the bill on the floor.

Rep. Collins turned the gavel over to Chairman Dixon.

H 71: Rep. Collins presented H 71, legislation relating to model law amendments required for accreditation of the Idaho Department of Insurance by the NAIC. Accreditation maintains consistent and fair regulation of insurers and is necessary to retain carriers domiciled in Idaho, thereby benefitting consumers. This legislation provides authority to the director of the Department of Insurance to act as a group-wide supervisor for an internationally active insurance group. It helps insurance companies and regulators to have one jurisdiction assess the enterprise-wide risks and coordinate group-wide supervision activities for insurance companies or insurance holding company groups. Acquisitions or other changes in a state's domestic insurance industry can occur quickly and change the state's role in overseeing a domestic insurer or their role within the holding company group.

Reps. Collins, Call, and Furniss invoked Rule 38 stating a possible conflict of interest and they would not be voting on the legislation.
MOTION: Rep. Smith made a motion to send H 71 to the floor with a DO PASS recommendation. **Motion carried by voice vote.** Rep. Collins will sponsor the bill on the floor.

H 94: Rep. Raybould presented H 94, legislation protecting consumer safety by restricting the filling of propane gas storage tanks or cylinders to its owner or someone having the owner's authorization, provide liability protection and legal recourse in the event of violation. Idahoans safety is at risk when discount propane providers (DPP's) fill propane tanks already leased to customers by legitimate Idaho propane companies. DPP's do not conduct safety inspections, conduct leak tests, and overfill tanks to dangerous levels. Propane tanks owned by the customer can be filled by any company the customer chooses and would not be affected by this legislation.

**Will Hart,** Executive Director of Idaho Utilities, **IN SUPPORT of H 94,** and answered committee questions. **Benjamin Kelly** spoke **IN SUPPORT of H 94.**

MOTION: Rep. Clow made a motion to send H 94 to the floor with a DO PASS recommendation. **Motion carried by voice vote.** Rep. Raybould will sponsor the bill on the floor.

ADJOURN: There being no further business to come before the committee the meeting adjourned at 2.04 p.m.

Chairman Dixon called the meeting to order at 1:30 p.m.

Rep. Nichols made a motion to approve the minutes of February 7, and February 11, 2019. Motion carried by voice vote.

Rep. Crane presented H 112, legislation updating Idaho Insurance Code dealing with investment and reporting requirements for domestic insurers, clarifying disclosure requirements regarding an officer or director's investments, and add a limited disclosure exemption for certain investments commonly found in 401k or other retirement accounts. Clarification is provided regarding investment allowances for land and buildings used for home office purposes, and adjusts the allowable investment levels for miscellaneous bringing them in line with most states.

Ron Williams, Delta Dental, spoke in support of H 112.

Rep. Collins made a motion to send H 112 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Crane will sponsor the bill on the floor.

Rep. Andrus presented H 146, legislation establishing a flat recording fee for all instruments, regardless of page count. Application of changes revealed differences in interpretation as to documents over 30 pages and whether the document was in a predictable fee category. The proposed single flat recording fee, $27, for all documents regardless of type or page count, will remove the need for interpretation and simplify the fee structure. County revenue from recording fees will be affected.

Those speaking in support were Phil McGrane, Clerk of the District Court, who explained that public documents would be easier to record, and inaccurate fee documents slow closing times, and Burt Willie, Idaho Chapter for Community Association.

Rep. Palmer made a motion to send H 146 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Andrus will sponsor the bill on the floor.

Rep. Armstrong presented H 158, legislation addressing homeowners associations not limiting or prohibiting the installation of solar panels or collectors on structure rooftops unless the restriction reflects a safety requirement consistent with building code or safety standards for protection of persons or property. Rep. Rubel spoke to the bill, explaining most other states allow solar panels, putting Idaho behind.

Speaking in opposition, Joe Canning, President of Hillcrest Lane Home Owners Corporation, stating the panels may be unattractive to other homeowners who’s views may be affected.

Rep. Rubel's closing remarks explained the difficulty of solar panel installation, and a professional would be needed.

MOTION: Rep. Green(18) made a motion to send H 158 to the floor with a DO PASS recommendation.

SUBSTITUTE MOTION: Rep. Monks made a substitute motion to send H 158 to General Orders.

MINUTES

HOUSE BUSINESS COMMITTEE

DATE: Thursday, February 21, 2019
TIME: 1:30 P.M.
PLACE: Room EW41
MEMBERS: Chairman Dixon, Vice Chairman DeMordaunt (Call), Representatives Collins, Crane, Palmer, Barbieri, Stevenson, Armstrong, Clow, Monks, Andrus, Furniss, Nichols, Raymond, Smith, Berch, Green(18)
ABSENT/EXCUSED: Reps. Smith, Berch, Green(18)

Chairman Dixon called the meeting to order at 1:33 p.m.

H 84: Sen. Burgoyne presented H 82, legislation to bring the Idaho Business Corporation Act into conformity with the Model Business Corporations Act and modernize our business code. The state would have the ability to access and file documents with the Secretary of State electronically. This would give uniformity across the United States so all states could access operations easier and with more transparency.

Sen. Burgoyne introduced David Jensen, Business Attorney, and Paul Street, to assist him. He yielded the floor to David Jensen, who explained It is easier to repeal and start a new act than change the legislation. This will not require a business to make any change. Sen. Burgoyne followed up answering committee questions regarding facilitation of corporations.

MOTION: Rep. DeMordaunt made a motion to send H 84 to the floor with a DO PASS recommendation. Motion carried with voice vote. Rep. Zollinger will sponsor the bill on the floor.

H 145 Rep. Vander Woude presented H 145, legislation updating and amending sections relating to self-service storage facilities. Amendments include internet and e-mail communication, definition updates, identifying reasonable rates for late charges and clarifying enforcement of lien language for consumers and operators. Verified or certified mail happens if e-mail is not an option for communication. The bill amends and adds to existing law revising provisions regarding rental agreements and liens, to provide for a procedure in the event of default where the property stored in the leased space is a vehicle or trailer, and to provide for when an operator may restrict access to the leased space.

Speaking in support of the bill: Joe Doherty, Self Storage Association, and former Rep. Ed Morse, saying this bill would allow self storage owners to advertise sale of property, specifically to bidders. When the property is sold it reduces the amount owed to the owner of the storage unit. Rob Haggett, owner and developer of Trust Storage, uses technology to contact the customer.
Trent Wright, Idaho Bankers Associate, spoke in opposition of the bill, explaining the buyer of the storage unit takes free and clear all items, even if there is a lean at the bank, leaving a concern about the bank getting a free and clear title on the property, and asked that lines 8,9,10 be removed from the bill. The owner of the storage unit is absolved. Jeremy Pisca, Newspaper Association, said only a jury can define what is a commercially reasonable manner. Page 4, line 15, says any website, including the owners own website, without regards to the public, may be used to post notification. Newspapers are independent, uninterested, neutral, and try to reach as many people as possible.

MOTION: Rep. Palmer made a motion to send H 145 to the floor with a DO PASS recommendation.

Rep. Nichols reported an error on page 2, line 20, says "unite" rather than "united".

ADJOURN: There being no further business to come before the committee, the meeting adjourned at 3:10 p.m.

ABSENT/EXCUSED: none
GUESTS: Jim Dickinson, Ada County, C.W. Hurless, Stor-It, Kenzi Hurless, Ron Osborne, Ken Howell, Ryan Fitzgerald, Idaho Bankers, NW Credit Union Association, Tim Olsen, Self Storage

Chairman Dixon called the meeting to order at 1:30 p.m.

H 144: Rep. Andrus presented H 144, legislation exempting those working in facilities licensed by the Department of Health and Welfare, within the Division of Licensing and Certification, from being required to have a cosmetology license. The proposed exemption would include nurses, those delegated by a nurse, aides and volunteers who perform certain cosmetology services. Facilities licensed by the Division of Licensing and Certification include: Nursing Homes, Assisted Living Facilities, Certified Family Homes, Intermediate Care Facilities and Hospitals.

MOTION: Rep. Crane made a motion to send H 144 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Andrus will sponsor the bill on the floor.

H 149: Rep. Furniss presented H 149, legislation requiring all government self-funded plans to register with the director to be amended to exempt the state, allowing the state to enter into a self-funding contract without an additional initial up-front surplus. All other government agencies must register, and counties shall register within a five year period. Reserves and surplus provides alternatives to limit the maximum liability in a registered self-funded plan using proper funding and insurance products. A waiver is given to the director of insurance for plans that are properly funded without insurance. Health care consultant Mercer's recommendations to the Committee are as follows: The State of Idaho should self-fund state employee health benefits. The State of Idaho should exempt itself from Chapter 40 of Title 41, Idaho Code, just as the state exempted all counties of the state in 2001. Mercer has recommended 23 programs that have been shown nationally, if implemented using first in class vendors and properly operated, to provide long term reductions in annual increases of health care costs. Rep. Furniss and Chairman Dixon invoked Rule 38, stating a possible conflict of interest.

Dean Cameron Director, Department of Insurance, addressed the committee explaining monies are held in a wholly separate trust account. General provisions protect the money and only self-funded plans would be registered.

Jim Dickinson, Ada County Prosecutors, testified in opposition to H 149, being concerned the counties will be back into the auspices of the Department of Insurances.

MOTION: Rep. Berch made a motion to HOLD H 149 for time certain, February 27, 2019.
Rep. Collins made a substitute motion to send H 149 to the floor with a DO PASS recommendation.

Rep. Collins withdrew his substitute motion to send H 149 to the floor with a DO PASS recommendation.

Rep. Armstrong made an amended substitute motion to send H 149 to the floor with a DO PASS recommendation.

Rep. Green(18) asked for a unanimous consent to abstain from voting as she was absent for the presentation. There being no objection, the request was granted.

Rep. Vander Woude returned H 145 to the committee for consideration, which was held for time certain from the meeting of Thursday, February 21, 2019. This legislation updates and amends sections relating to self-service storage facilities. Amendments include internet and e-mail communication, definition updates, identifying reasonable rates for late charges and clarifying enforcement of lien language for consumers and operators. Verified or certified mail happens if e-mail is not an option for communication. The bill amends and adds to existing law revising provisions regarding rental agreements and liens, to provide for a procedure in the event of default where the property stored in the leased space is a vehicle or trailer, and to provide for when an operator may restrict access to the leased space. Changes made are: to advertise once in the newspaper, and lines 7-14 on page 5 will be stricken.

There being no further business to come before the committee, the meeting adjourned at 2:35 p.m.

GUESTS: John Nielsen, DBS, Patrick Grace, DBS, Warren Wing, DBS, John Eaten (AC)

MOTION: Rep. Green(18) made a motion to approve the minutes of February 19, 2019. Motion carried by voice vote.

S 1008: Rep. Nichols presented S 1008, legislation changing the length of apprentice registrations from five years to one year, allowing in-state and out-of-state applicants to take the electrical journeyman's examination after working sixteen thousand hours on the job, requires filing of and online access to employment verification forms for all licensees and registrants, and allows the administrator to revive expired apprentice and limited electrical installer trainee registrations. In-state journeyman electrician applicants must attend four years of school and work eight thousand hours on the job. Out-of-state journeyman electrician applicants must attend four years of school and work eight thousand hours on the job, or work sixteen thousand hours on the job. The Idaho Electrical Board (Board) and the electrical industry in Idaho determined these requirements have been difficult for the Division of Building Safety (Division) to enforce and for many in the trade to achieve, creating barriers to entering and remaining in the trade.

In answer to committee questions, Warren Wing explained yearly fees, stating apprentice registration is $25. The renewal would be every year, rather than every five years, and an increase of $25.

Chris Jensen, Director of Building Safety, said it takes four or five years to become licensed, and if the apprentices don’t make it in 5 years they became ineligible to reapply. Under the rule they may sign up every year as an apprentice and extension can be made for 10 years.

Rep. Nichols closed stating this bill will allow more journeymen to continue their apprenticeships as they can register yearly instead of trying to complete it in four or five years.

H 1012: **Rep. Green (18)** presented **S 1012**, legislation requiring the Public Works Contractors License Board (Board) to "hold not less than four regular meetings each year, on a day not later than the fifteenth day of the month in each of the months of January, April, July and October." Many state boards only require two meetings per year. The Board finds it difficult to coordinate four meetings per year within strict time frames, especially in years the Board must hold additional special meetings for statutorily mandated purposes. Idaho Code requires the Board to be composed of eight members. Idaho Code requires four members for a quorum of the Board. This will change the number of meetings the Board must hold from four per year to two per year and remove the requirement that the Board meet by the fifteenth day of specific months, and changes the quorum requirement from four members of the Board to a majority of the Board. Changing the quorum requirement will ensure the actions of the Board are more representative of the desires of the entire Board and make it less likely the Board's votes will result in a tie.

**Rep. Green (18)** deferred to **Patrick Grace** who explained there would still be an election of officers.

**MOTION:** **Rep. Collins** made a motion to send **S 1012** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote. Rep. Green (18)** will sponsor the bill on the floor.

S 1013: **Sen. Martin** presented **S 1013**, legislation currently requiring one Heating, Ventilation and Air Conditioning Board (Board) member to be a heating, ventilation and air conditioning (HVAC) specialty contractor. The Division of Building Safety (Division) and the Board have had difficulty filling this position with a qualified, willing specialty contractor. This proposal will require one Board member to be a representative of the HVAC industry, instead of an HVAC specialty contractor, allowing the Board and Division to adequately fill this position, while ensuring this position represents the interests of the HVAC industry.

**John Nielsen** said there are less than twenty five HVAC contractors in the state.

**MOTION:** **Rep. Crane** made a motion to send **S 1013** on the floor with a **DO PASS** recommendation. **Motion carried by voice vote. Rep. Crane** will sponsor the bill on the floor.

Chairman Dixon called the meeting to order at 1:30 p.m.

MOTION: Rep. Nichols made a motion to approve the minutes of February 25, 2019. Motion
carried by voice vote.

H 178: Rep. Furniss presented H 178, legislation prohibiting an insurer from cancellation,
and renewal or denial of property insurance for an unpaid claim inquiry. Insurance
companies can deny a policy if the client calls in with an unpaid claim, or with a
claim. If the person can find another company to buy insurance from, the policy
will be more expensive. Montana's policy says insurance companies can't cancel
because there is an unpaid claim or an inquiry. This bill only says that a company
cannot cancel a policy because of an inquiry, or an unpaid claim. An insurance
company may cancel if it feels there is a risk involved. Agents stand between the

Michelle Hamilton spoke in support of the bill, citing a personal experience of
this nature.

Woody Richards, Allstate, American Family, Farm Bureau, and Mike Kane,
APCIA, spoke in opposition to H 178, explaining the difference between
cancellation and nonrenewable. A cancellation happens during a policy, and a
non-renewal happens when a company doesn't renew with the client at the end of
the renewal term. People with a claims history can be a precursor of future claims,
and some claims are not payable due to fraud. Should this bill pass, companies will
not be able to refuse to insure the client with a fraudulent claim. Both sides should
be free to contract based on their own judgments. Mr. Richards has not been
asked to "stand down", nor does he know of a "black list". In response to committee
questions, Mr. Richards feels that through negotiation, this bill could be rewritten.
Some things are non negotiable. There is a way to check credit rating, and is a
small amount of what goes into renewing a policy. The definition of an inquiry needs
to be agreed upon. If inquiry is described as what is covered, it would not be cause
for cancellation. Renewal depends on the extent of the damage.

Michael Brassey, State Farm Insurance, said this company does not have a "three
strikes you're out" policy. An insurer should be concerned about the substance
of the claim.
In summary, Rep. Furniss was concerned about application questions which say, "have you ever been cancelled by a company". Agents were asked to stand down, and are very concerned because policies are cancelled because of an inquiry. Claims that go unpaid are usually under five hundred dollars. The Department of Insurance may not know of the claims, because clients don't go to the Department of Insurance for an exception.

**MOTION:** Rep. Berch made a motion to send H 178 to the floor with a DO PASS recommendation.

**SUBSTITUTE MOTION:** Rep. Crane made a substitute motion to HOLD H 178 for time certain on March 11, 2019.

**VOTE ON SUBSTITUTE MOTION:** Motion carried by voice vote.

**H 195:** Rep. Clow presented H 195, legislation amending Idaho Code. In 2018 the Cosmetology and Barber Boards were merged into a new Barber and Cosmetology Services Act. During that process, the new section addressing the Renewal and Reinstatement of License and Registration, did not address the consequences of an inadvertent late payment of a Cosmetology or Barber School. Many of these schools provide training to students who rely on financial aid. The US Department of Education requires these schools to maintain a continuous license. This amendment provides the Barber and Cosmetology Services Licensing Board the authority to approve the reinstatement retroactive to the date of expiration. The school must have paid the renewal fee within 90 days of the failure to renew, there must be no other cause for the school's license to have been cancelled, and all costs and penalties related to the renewal must be paid. This only changes the renewal and reinstatement of Barber and Cosmetology schools and not the many licensed professions covered by the Barbers and Cosmetology Act. The students of these schools would be assured that an inadvertent clerical error would not impact their financial aid or continuity of their education.

Alicia Olsen, Master Educators (ME), and Amber Salinas, ME, spoke in support of the bill.

**MOTION:** Rep. Smith made a motion to send H 195 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Clow will sponsor the bill on the floor.

MOTION: Rep. Collins made a motion to send S 1053 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Andrus will sponsor the bill on the floor.

S 1048: Rep. Crane presented S 1048, legislation providing technical corrections and further amends the internal governance provisions of the Idaho Credit Union Act that were amended in 2018. This legislation: amends the requirements for annual credit union membership meetings in order to allow greater access for members to be involved in the governance of their credit union; makes a technical correction to the different options a credit union supervisory committee can utilize in verifying member accounts; adds technical descriptors to further define the Capital, Assets, Management, Earnings, Liquidity, and Sensitivity (CAMELS) rating system; and amends bond requirements to clarify what each credit union must carry in order to insure against risk versus optional coverages that may also be purchased by the credit union.

MOTION: Rep. Green(18) made a motion to send S 1048 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Crane will sponsor the bill on the floor.
Rep. DeMordaunt presented H 248, legislation relating to occupational licensing reform, improving access, mobility, and portability to licensed occupations for military families and veterans by recognizing applicable military experience, expediting applications, and endorsement of current licenses held in other states, districts, or territories.

Director Hagedorn spoke of over two hundred thousand military coming home to the United States and would like to have them come to Idaho. Those who have military standards as well as Idaho standards would add to Idaho's economy.

MOTION: Rep. Clow made a motion to send H 248 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. DeMordaunt will sponsor the bill on the floor.

ADJOURN: There being no further business to come before the committee, the meeting adjourned at 2:10 p.m.

MOTION: Rep. Green(18) made a motion to approve the minutes of March 5, 2019 meeting. Motion carried by voice vote.

H 178: Rep. Furniss returned H 178 to the committee for consideration, which was held for time certain from the meeting of Thursday, March 7, 2019. After meeting with the Department of Insurance, Rep. Furniss requested to HOLD H 178 in the committee.

MOTION: Rep. Barbieri made a motion to HOLD H 178 in committee. Motion carried by voice vote.

H 247: Rep. Furniss presented H 247, legislation eliminating the problem of phantom insurance and reduced payments for benefits paid by others. When a citizen purchases motor vehicle underinsurance coverage, the purchaser receives the stated benefit provided on the declarations page. This prevents an insurance company that receives a premium for underinsured coverage from taking credit for benefits paid by other insurance companies. It further limits the benefits recoverable to the purchaser's actual losses or the amount of coverage purchased, whichever is less. Reps. Monks and Furniss invoked rule 38.

Kelby Monks, attorney, spoke in favor of H 247, explaining only one insurance will pay on a claim, even though both parties are covered.

Randy Pipal, Woody Richards, Chuck Neumeyer, and Mike Kane, spoke in opposition of H 247, saying this bill would compel Idahoans to purchase more coverage, and Idahoans currently have the choice to purchase more insurance. Insurance may be priced out of the market for some individuals, and agents would no longer be able to sell their product.

As no motion was made, H 247 will be held in committee.

MOTION: Rep. Palmer made a motion to send H 229 to General Orders. Motion carried by voice vote.
Rep. Gestrin presented S 1037aa, an amendment expanding the existing authorization to access private lands to include private land surveyors. Licensed professional land surveyors are the only persons authorized by Idaho statute to provide legal surveys of private property boundaries. The authorization to access and locate necessary property corners and evidence related to boundaries enables land surveyors to conduct a proper survey. Surveys supported by all of the required evidence protect real property rights.

Thomas Judge, Deputy Director IBPELS, spoke in support of S 1037aa. This bill provides a reliable access to private land for Professional Land Surveyors and subordinates when conducting land surveys, putting the property rights of all owners on a level field. Land surveyors must access private property to correctly determine property boundaries. Under current law, only select surveyors working on limited government surveys have a legal right to enter private property. Private surveyors are required to obtain permission from the owner of every property they enter. That permission can be withheld, is revocable at any time without warning, adds significant cost, and even prevents completion of many projects. Refusal to grant access causes turmoil if boundary determinations are made without access to the required evidence. Owners and businesses suffer loss when surveys are cancelled mid-stream or elevated to the courts.

MOTION: Rep. Clow made a motion to send S 1037aa to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Gestrin will sponsor the bill on the floor.

ADJOURN: There being no further business to come before the committee, the meeting adjourned at 2:55 p.m.

HOUSE BUSINESS COMMITTEE

DATE: Wednesday, March 13, 2019
TIME: 1:30 P.M.

Chairman Dixon called the meeting to order at 1:30 p.m.

MOTION: Rep. Nichols made a motion to approve the minutes of the March 7, 2019, and March 11, 2019 meetings. Motion carried by voice vote.

H 229: Rep. Crane presented H 229, legislation creating an Idaho Residential Electrical Code, and increasing the journeymen to apprentice ratio to 1:4 for residential electrical contractors.

Jeff Fitzloff, electrician, Marty Durand, Building Trades, Ronald Lawson, NJATC, Mark Zaleski, IBEW 291, Kelly Lamp, Idaho Chapter, Bob Scott, NECA, Susan Petrazzelli, Petrazzelli Electric, and Jason Hudson spoke in opposition to H 229. Availability of apprenticeships depends on construction demand, and Idaho has 5000 journeymen and 5000 apprentices signed up. Apprentices need time to learn the trade, tool and work safety, or a disposable labor force is created. The green sticker from an inspector is an approval that all code has been met. The code is to keep people safe, and is not designed for untrained apprentices. The 4:1 ratio may be well in retrofits, but would not be acceptable in full wiring, and could lead to hazardous conditions.

Brody Aston, IDABO, said the plumbing and building board will support this bill if the code is available for review every three years, have a collaborative process, and bring the rules to the legislature instead of going through statute to make amendments.

Rep. Crane said using the 2017 as the base code, updating the code every three years will allow Idaho to add from the National Code Book and reject what isn't wanted.

MOTION: Rep. Andrus made a motion to send H 229 to General Orders.

ADJOURN: There being no further business to come before the committee, the meeting adjourned at 3:06 p.m.

Chairman Dixon called the meeting to order at 1:30 p.m.

Rep. DeMordaunt made a motion to send SCR 106 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Monks will sponsor the bill on the floor.

Rep. Kauffman presented S 1152, and said cooperatives distribute electric power, provide telecommunications and broadband services to their members in rural Idaho, are member-owned and managed. Cooperatives set service rates, and determine service standards without PUC oversight. In many states cooperatives are specifically exempted from state unclaimed property laws. This legislation would bring Idaho into line with other states that historically exempted patronage capital credits from unclaimed property statutes and allow these cooperatives to decide how to deal with unclaimed capital credits, and either be exempt from or subject to the state's unclaimed property laws as they choose.

Ken McClure, ITA, and Will Hart spoke in support of S 1152, saying because these cooperatives do not earn profits in the sense that other businesses do, any margins or revenues remaining after all expenses have been paid are returned to the members in the form of patronage capital. Idaho's current code governing unclaimed patronage capital requires reporting and maintaining files on members for years which is costly and burdensome for these local, rural, member-owned and managed utilities. S 1152 would allow rural electric, telecommunications, and broadband cooperatives to continue to report to the state under current code or elect to be exempt from reporting and allow the bylaws or policies adopted by the members or the board of the cooperatives to determine unclaimed capital credit policy. If the owner of the unclaimed capital credit has not been located and funds have not been returned within four years after they have been determined to be unclaimed, the non-profit corporation may use the funds for the benefit of the general membership of the corporation or for the communities it serves, as determined by its board of directors. S 1152 is supported by Food Producers of Idaho, IACI, Idaho Consumer-Owned Utilities Association, and the Idaho Telecom Alliance.

Rep. DeMordaunt made a motion to send S 1152 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Kauffman will sponsor the bill on the floor.
Chairman Dixon turned the gavel over to Vice Chairman DeMordaunt.

H 275: Rep. Dixon presented H 275, legislation establishing a new section of code to allow the director of the Idaho DOI to adopt rules and standards for enhanced short-term health insurance plans. The government has changed some plans and allows for more affordable opportunities in the state. The U.S. Departments of the Treasury, Labor and Health and Human Services, issued new rules to amend the definition of short-term, limited-duration insurance to lengthen the maximum duration of short-term health insurance. This bill defines enhanced short-term health insurance and brings Idaho in compliance with new federal rules that went into effect on October 2, 2018. Enhanced short-term plans will have an initial period of less than twelve months and allows an individual to renew the policy for up to the number of months established by the Idaho DOI.

Dean Cameron, Director, DOI, spoke in support of H 275. The current statute doesn't allow for renewable plans. This plan allows for the plan to be renewed every 36 months. Many Idahoans have been priced out of the individual health insurance market, particularly those not qualifying for subsidies under the ACA. Federal law permits enhanced short-term plans to be for up to 12 months and to be renewable up to 3 years. This bill will not eliminate traditional short-term plans intended to help those in-between jobs, and gives the DOI the ability to promulgate rules for enhanced short-term plans. Specific guidelines will be developed through negotiated rulemaking with all stakeholders, and will be good insurance plans including consumer protections and robust benefit designs. If implemented, these plans will represent an Idaho solution to a problem created by the federal government, and will give those priced out of the market by the ACA the opportunity to obtain good coverage for their families at an affordable price. Under provisions of H 275, they are convertible back to ACA plans. The price of these plans are not confirmed, but have the potential to be 50% less than the cost of the currently available ACA plans. Short term plans are generally less expensive, broader and have more availability. A carrier may determine the ability to attract the young and healthy back into the market and bring rates down.

MOTION: Rep. Crane made a motion to send H 275 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Dixon will sponsor the bill on the floor.

Vice Chairman DeMordaunt turned the gavel back to Chairman Dixon.

S 1182: Rep. Crane presented S 1182, legislation to provide all retailers of solar energy systems sold to residential consumers deliver certain disclosures in writing, thus protecting the consumer, and discouraging over-representation of the performance of the solar energy product, misrepresenting affiliations with utility companies or other energy-related service providers.

Kevin King, ICEA, and Jen Visser, Director of Government Affairs for Idaho Power, spoke in support of S 1182, and said there is an active claim of sixty six instances of people who have been given misinformation. This bill is modeled after Utah code.

MOTION: Rep. Palmer made a motion to send S 1182 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Crane will sponsor the bill on the floor.

GUESTS: Anthony Polidori, Idaho Department of Finance (IDOF), Liam Stokes, Veritas Advisors, Patricia Highley, Department of Finance

Chairman Dixon called the meeting to order at 1:32 p.m.

S 1006: Rep. Furniss turned the time over to Patricia Highley, Department of Finance, who presented S 1006, legislation needed to adapt the statute to changes in federal statute and retain authority for the Department to continue to require certain securities issuer filings and fees affected by federal preemption and rules passed by the U.S. Securities & Exchange Commission. If the Department is unable to effect this statutory change, the Department estimates that approximately 300 issuer filings may be affected resulting in an estimated loss of revenue of up to $20,000. Failing to make this change may also deny Idahoans ready access to information regarding these issuers. Rep. Furniss invoked rule 38.

MOTION: Rep. Collins made a motion to send S 1006 to the floor with a DO PASS recommendation. Motion carried by voice vote. Rep. Furniss will sponsor the bill on the floor.

S 1007aa: Rep. Furniss turned the time to Anthony Palidori, IDOF, who presented S 1007aa, legislation adding a provision to allow collection agencies to collect incidental charges included in the contract between the creditor and debtor. The licensing process for collection agents, debt counselors, credit counselors, and credit repair entities will be similar to other entities licensed by the IDOF by requiring the use of a nationwide system of licensing, and allowing for reinstatement of expired applications. A Collection Agency Recovery Fund is created to allow reimbursement to persons an Idaho court awards actual damages resulting from acts constituting violations by a collection agent, debt counselor, credit counselor, or credit repair organization. To pay for the recovery fund, all licensees will have to pay a fee of two hundred fifty dollars for home office locations and one hundred dollars for each branch office, but to offset the recovery fund fee the bonding requirement for licensees is eliminated.

Liam Stokes, Idaho Collectors Association, spoke in support of S 1007aa, saying stakeholders on all sides are in agreement with this legislation. It creates a more efficient, electronic application, and provides transparency.

MOTION: Rep. Furniss made a motion to send S 1007aa to the floor with a DO PASS recommendation.

Chairman Dixon called for a vote on the substitute motion to HOLD S 1007aa for time certain, Monday March 25, 2019. *Motion failed by voice vote.*

Chairman Dixon called the meeting to order at 1:30 p.m.

MOTION: Rep. Nichols made a motion to approve the minutes of March 19, 2019, and March 21, 2019. Motion carried by voice vote.

S 1195: Senator Burgoyne presented S 1195, legislation to amend Idaho Code to limit attorney fee and litigation cost recoveries from a debtor by a collection agency to those which are in the case of attorney fees reasonable and in the case of litigation costs those prescribed by court rule. Senator Burgoyne turned the time over to Rep. Furniss.

Rep. Furniss explained that the collection agency recovery fund would be taken out of S 1007aa, and security bonding with individual rates and amounts would be left in, and no recovery fund that the department oversees.

Counties shall register within a five year period. Reserves and surplus provides alternatives to limit the maximum liability in a registered self-funded plan using proper funding and insurance products.
