IDAPA 46 – IDAHO BOARD OF VETERINARY MEDICINE

DOCKET NO. 46-0101-2000F (FEE RULE)

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF TEMPORARY RULE

EFFECTIVE DATE: The effective date of the temporary rule being adopted through this omnibus rulemaking is the adjournment date of the second regular session of the 65th Idaho State Legislature - March 20, 2020.

AUTHORITY: In compliance with Sections 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Section 54-2105, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

This temporary rulemaking adopts the following chapter under IDAPA 46:

IDAPA 46

- 46.01.01, *Rules of the State of Idaho Board of Veterinary Medicine*

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety, and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. This docket also incorporates minor rule changes related to the COVID-19 response adopted in an open meeting.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee(s) or charge(s) being imposed or increased is justified and necessary to avoid immediate danger and the fee(s) is described herein:

The fees or charges authorized in Title 54, Chapter 21, Idaho Code, are part of the agency's 2021 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these temporary rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget.

The following is a specific description of the fees or charges:

ii. CETs shall be able to competently perform intravenous injections on dogs and intraperitoneal injections on both dogs and cats. Intravenous injections on cats shall not be required as part of the certification process, but when performed, meet the standards listed in Subparagraph 205.02.a.ii.(1) of these rules. Intracardiac injections on dogs and cats shall not be required as part of the certification process, but when performed, are restricted to the limitations listed in Subparagraph 205.02.a.ii.(3) of these rules. (3-20-20)T

(1) Intravenous Injections: The CET shall be able to competently insert the needle into an animal's vein when an animal is injected by this method. A minimum of two (2) people shall be required for any IV injection. One (1) person shall be a CET and one (1) or more people shall be the handler. The handler does not need to be a CET, but the handler should be trained in human safety and animal handling techniques; (3-20-20)T

(2) Intraperitoneal Injections: The CET shall be able to competently insert the needle into the proper area of the peritoneal cavity when an animal is injected by this method. If any animal does not show any of these signs within the designated time period, the CET shall re-administer the drug. An animal that has received an approved drug orally may be injected with the same or another approved drug after it has become unconscious. Verification is the responsibility of the CET and shall be made by physical examination of the individual animal. One (1) of the following two (2) standards for death shall be met: (3-20-20)T

i. Rigor mortis; or (3-20-20)T

The Idaho euthanasia jurisprudence examination (which can either be a separate written test or combined with the euthanasia written examination) will be an examination testing the individual’s understanding of Idaho laws and Board rules addressing the practice of euthanasia. Both the euthanasia written examination and the euthanasia jurisprudence examination will be developed by the Board, the COHE, or a designee of either the Board or the COHE. (3-20-20)T

A failed euthanasia jurisprudence examination may be retaken multiple times upon making arrangements acceptable to the Board. (3-20-20)T

d. Initial certification and certification renewal training sessions and examinations will be conducted at least once per year prior to July 1, and at such other times deemed necessary by the COHE, the Board, or a designee of either the COHE or the Board. If a CET has not attended a euthanasia training in the three (3)-year period preceding recertification, the CET may not be recertified and will need to reapply for certification, at COHE discretion. (3-20-20)T

k. All certifications expire on July 1 of each year. (3-20-20)T

04. Certification Renewal. (3-20-20)T

(3-20-20)T
