

## STATEMENT OF PURPOSE

RS27624 / H0507

This legislation would prohibit the transfer or expenditure of public monies to any individual or organization which is a provider of abortion services, except where the prohibition is expressly not permitted by federal law. This prohibition applies at all levels of government in Idaho, including state, county, city and public health districts.

## FISCAL NOTE

There is no cost to any level of government in Idaho associated with this legislation. While specific savings are difficult to quantify as a result of lack of data regarding providers of abortion services, it is anticipated that there will be some savings.
