

STATEMENT OF PURPOSE

RS27635 / H0512

Idaho public charter schools accept all students. Some public charter schools have programs designed to serve English language learners, students who are homeless or in foster care, students with disabilities, economically disadvantaged students or at-risk students. To help those students access these education programs, this legislation allows public charter schools to give additional weight in their student enrollment lottery to those groups of students, if they choose.

FISCAL NOTE

This bill will have no fiscal impact on the general fund because public charter schools with student wait lists already conduct lotteries.
