

STATEMENT OF PURPOSE

RS27740 / H0602

The framers of our nation established that gold and silver are money, but federal taxing authorities in recent decades have required taxpayers to report nominal capital "gains" and "losses" when exchanging this form of money for Federal Reserve Notes. Idaho already exempts precious metal sales from the sales tax. This bill will exempt the sale of precious metals bullion from being subject to capital gains.

FISCAL NOTE

There could be a negative fiscal impact to the state general fund if the bullion is sold at a gain. There could also be a positive fiscal impact to the state general fund if the bullion is sold at a loss.
