

REVISED

## STATEMENT OF PURPOSE

RS27467 / SCR120

This resolution directs the Idaho State Board of Education and Idaho State Department of Education to replace the federally required ISAT test with another test that would meet federal requirements such as the SAT (Scholastic Aptitude Test).

## FISCAL NOTE

The State Board of Education and State Department of Education already have the expertise to review what other states are doing. There is no cost to local school districts. The state already pays for the SAT and not giving the 10th Grade ISAT would save time and funds.
