

STATEMENT OF PURPOSE

RS28305 / H0041

This bill prevents state agencies and officials from forcing certain non-profit groups to disclose more information than is required in Idaho code. It prohibits agencies and public officials from using the power of the state to compel private foundations and charitable trusts to release additional, private information or to complete extra filings not already required by law. It does not apply to other nonprofits, like charter schools and hospitals, that are regulated under different sections of code.

However, the legislature is still free to create new disclosure or filing requirements at any time. The bill simply prohibits enforcement of extraneous requirements or rules not already in law.

FISCAL NOTE

This bill has no affect on the general fund and no other economic impact.
