

## STATEMENT OF PURPOSE

### RS29235C1 / H0614

This legislation adopts the 2018 International Building Code, 2018 International Energy Conservation Code, 2017 National Electrical Code, 2015 Uniform Plumbing Code, 2018 International Mechanical Code, 2018 International Fuel Gas Code, and parts V and VI of the 2018 International Residential Code in Idaho Code. The legislation adds all current adopted codes in Idaho administrative rule by the respective regulatory boards into Idaho Code. The bill does not adopt any new provisions of codes and does not change the rulemaking authority for the respective regulatory boards under the Division of Occupational and Professional Licenses to make amendments, revisions or modifications to the code adopted by the Idaho legislature.

### FISCAL NOTE

This legislation will have no impact on the state's General fund or any dedicated fund or federal fund because adding these code adoptions to Idaho Code does not create any new state program and does not compel any state action. All codes formally adopted into Idaho Code through this legislation are already in place through Idaho administrative rule.
