PARKS AND REC RECEIVES ABOUT $3.5 MILLION IN TAXPAYER SUPPORT EACH YEAR.

BUT . . . OUR PARKS FACE SIGNIFICANT CHALLENGES...

➤ Despite a record number of visitors to parks in 2020 AND 2021, the department has two fewer employees than it did in 2008, when nearly half as many guests came.

➤ TODAY, ONE STAFFER FOR EVERY 48,435 GUESTS

➤ FOURTEEN YEARS AGO, THE RATIO WAS ONE FOR EVERY 26,198 VISITORS.

➤ A $75 MILLION backlog in maintenance means visitors can experience:

➤ FAULTY WATER WELLS,

When visitors come to Idaho's state parks, they buy gas, food, souvenirs, sporting goods, lodging, and much more in Idaho's rural cities and counties, bringing more than $184 million to Idaho's economy annually. That's a pretty incredible investment considering taxpayers only spend $3.5 million of the state's general fund on their state parks.

Dear Director Buxton,

Idaho Business for the Outdoors and the members we represent support the Idaho Department of Parks and Recreation proposed 2023 budget. As a nonpartisan, business member-based organization, Idaho Business for the Outdoors supports and advocates for the valuable role our outdoors and public lands play in sustaining Idaho's state economy, our public health, and a strong and diverse business community. We believe your proposed budget directs critical funds and resources to our state parks and outdoors.

As you know, our state parks, trails, forests and waters are significant economic drivers for our urban and rural communities in Idaho. In 2020, state parks and recreation contributed $1.2 billion to Idaho's economy and served 7.7 million visitors. It is clear that there is a continuing need for employees, maintenance and infrastructure to support these valuable resources.

Businesses leverage the quality of life represented by Idaho's outdoors in their marketing and recruitment, individuals and families love the unrivaled recreation opportunities, and our health care systems advocate for the health benefits of time outside. Our business members believe a healthy, sustainable economy goes hand in hand with access to state parks, public lands and the outdoors. Please share our support for your proposed budget as you work with the legislature this legislative season.

Best Regards,
