**UNANIMOUS CONSENT REQUEST:** **Rep. Horman** requested and it was granted by unanimous consent, the FY 2022 budget for the College and Universities was reopened.

**MOTION:** **Rep. Horman** made a motion, seconded by **Sen. Lent**, for FY 2022, for the State Board of Education Colleges and Universities, an additional \$1,100,000 in onetime operating expenditures from the General Fund for a nuclear engineering programming at Idaho State University and University of Idaho.

**VOTE ON MOTION:** **Motion carried by a vote of 18 AYES, 0 NAYS, 2 ABSENT/EXCUSED.**  
**AYES: 18.** Agenbroad, Crabtree, Grow, Woodward, Lent, Cook, VanOrden (Bair), Ward-Engelking, Nye, Youngblood, Horman, Amador, Syme, Bundy, Giddings, Nate, Green, Nash. **NAYS: 0. ABSENT/EXCUSED: 2.** Riggs, Troy.

The majority having voted in the affirmative, the motion has passed and without objection will carry a **DO PASS** recommendation. There being no objection, it was so ordered by **Chairman Youngblood**.

**Ms. Jessup** presented a FY 2022 supplemental request from the State Board of Education Colleges and Universities to create an Eastern Idaho Forensic Pathology Center. Currently, forensic autopsy services in the State of Idaho require remains to be transported from Eastern Idaho to Ada County, which requires the commitment of personnel and financial resources from the investigating agency. This motion anticipates reappropriation authority for FY 2023.

**MOTION:** **Rep. Nash** made a motion, seconded by **Sen. Nye**, for FY 2022, for the Office of the State Board of Education Colleges and Universities, an additional \$900,000 in onetime operating expenditures from the General Fund to create an Eastern Idaho Forensic Pathology Center at Idaho State University.

**VOTE ON MOTION:** **Motion carried by a vote of 18 AYES, 0 NAYS, 2 ABSENT/EXCUSED.**  
**AYES: 18.** Agenbroad, Crabtree, Grow, Woodward, Lent, Cook, VanOrden (Bair), Ward-Engelking, Nye, Youngblood, Horman, Amador, Syme, Bundy, Giddings, Nate, Green, Nash. **NAYS: 0. ABSENT/EXCUSED: 2.** Riggs, Troy.

The majority having voted in the affirmative, the motion has passed and without objection will carry a **DO PASS** recommendation. There being no objection, it was so ordered by **Chairman Youngblood**.

**Ms. Jessup** presented an overview of the FY 2023 Colleges and Universities budget.

**MOTION:**

**Rep. Amador** made a motion, seconded by **Sen. VanOrden**, for FY 2023, for Colleges and Universities, 4,749.43 FTP, \$338,065,500 from the General Fund, \$304,968,000 from dedicated funds, and \$14,000 from federal funds, for a grand total of \$643,047,500, which includes personnel benefit costs, replacement costs, change in employment compensation, line items, and provides for carryover authority for previously appropriated non-General Fund moneys; exemptions to budget laws allowing transfer of funds among object class codes and programs; and no FTP cap.

**Rep. Amador** explained the group submitting this motion sheet worked with the goal of ensuring the higher education budget bill would pass both the House and Senate and gain the Governor's signature. He further stated this motion fully supported all employees receiving the CEC increase; funded several line items for different institutions; and used HESF funding to ensure each of the institutions would not enact a tuition increase. Rep. Amador stated each member of the Joint Finance-Appropriation Committee received information from **President Kurt Liebich**, President of State Board of Education. This information indicates all presidents of Idaho higher education institutions have agreed to maintain current undergraduate tuition rates, should this particular motion pass into law.

**SUBSTITUTE MOTION:**

**Sen. Woodward** made a substitute motion, seconded by **Rep. Troy**, for FY 2023, for Colleges and Universities, 4,749.43 FTP, \$339,626,100 from the General Fund, \$301,114,000 from dedicated funds, and \$14,000 from federal funds, for a grand total of \$640,754,100, which includes personnel benefit costs, replacement costs, change in employment compensation, line items, and provides for carryover authority for previously appropriated non-General Fund moneys; exemptions to budget laws allowing transfer of funds among object class codes and programs; and no FTP cap.

**Sen. Woodward** explained the substitute motion differs from the original motion in enrollment workload adjustment and utilization of the Higher Education Stabilization Fund. The substitute motion acknowledges the effects of the recent pandemic and recognizes the value of human infrastructure. He stated the substitute motion provides sustainable, ongoing funding versus utilization of rainy-day funds during a time of unprecedented revenue growth.

**Rep. Troy** recognized the efforts of the working groups and the difficulty of this budget. She acknowledged the substitute motion lacked funding for occupancy costs at most institutions and expressed concern.

**Rep. Syme** stated his dissatisfaction with both motions. He stated his preference to save the "rainy-day" funds for rainy days, not during a time of budget surplus; he also expressed disappointment at the lack of funding for some workforce initiatives.

**Sen. Crabtree** commented the substitute motion utilizes less money. He stated the need for conservative budgeting, especially during a time of record income. He further commented the substitute motion better supported the State Board of Education by not using HESF funds toward tuition costs. Sen. Crabtree stated the information from **President Liebich**, referenced by **Rep. Amador**, expressed disagreement with using the HESF funds.

**AMENDED  
SUBSTITUTE  
MOTION:**

**Rep. Nate** made an amended substitute motion, seconded by **Rep. Giddings**, for FY 2023, for Colleges and Universities, 4,744.98 FTP, \$325,898,100 from the General Fund, \$309,297,200 from dedicated funds, and \$9,000 from federal funds, for a grand total of \$635,204,300, which includes personnel benefit costs, replacement costs, change in employment compensation, line items, and provides for carryover authority for previously appropriated non-General Fund moneys; exemptions to budget laws allowing transfer of funds among object class codes and programs; and no FTP cap.

**Rep. Nate** spoke against both the original and substitute motions. He stated universities are spending too much money and referenced legislation from the previous legislative session, which intended to reduce support for universities. He expounded on specific programs and line-item reductions in his amended substitute motion.

**Sen. Agenbroad** invoked Rule 39(H) stating a possible conflict of interest but that he would be voting on the legislation.

**Rep. Amador** invoked Rule 80 stating a possible conflict of interest but that he would be voting on the legislation.

**VOTE ON  
AMENDED  
SUBSTITUTE  
MOTION:**

**Amended substitute motion failed by a vote of 2 AYES, 17 NAYS, 1 ABSENT/EXCUSED. AYES: 2.** Giddings, Nate. **NAYS: 17.** Agenbroad, Crabtree, Grow, Woodward, Lent, Cook, VanOrden (Bair), Ward-Engelking, Nye, Youngblood, Troy, Horman, Amador, Syme, Bundy, Green, Nash. **ABSENT/EXCUSED: 1.** Riggs.

**Sen. Ward-Engelking** observed out-of-state tuition is calculated at 150% of in-state tuition. When Idaho universities institute a tuition freeze, it becomes cheaper for out-of-state students to attend Idaho universities rather than those in their home states.

**Sen. Agenbroad** complimented the JFAC subcommittee and recognized their hard work on this difficult budget. He noted the original and substitute motions differ in the budgeting process. He stated his support for the substitute motion because the original motion appropriated onetime monies supporting ongoing costs.

**Rep. Horman** directed the committee to review the enrollment metrics of the universities and noted increased enrollment despite the recent pandemic. She stated her support for the original motion but noted the existing funding formula structure and enrollment workload adjustment should be modified in the future. She stated her support for maintaining tuition affordability for students and applauded the bipartisan work on both the original and substitute motions.

**VOTE ON

**Ms. Jessup** presented an overview of the FY 2023 Community Colleges budget.

In response to a committee question about the Change in Employee Compensation (CEC) line item, **Ms. Jessup** explained the Community Colleges budget does not include student tuition and fees. Those monies are retained by the local Board of Trustees, and that Board makes the sole determination for the funds. Earlier this session, the Joint Finance-Appropriations Committee adopted a CEC calculation model for all state employees. Community college employees are not state employees, but to maintain consistency across state agencies, a CEC was calculated. The line item amount is calculated from the FTP total reported by each Community College Board of Trustees.

**Rep. Horman** observed this CEC budget line item calculation is equivalent to the CEC for college and university employees.

**MOTION:**

**Rep. Horman** made a motion, seconded by **Sen. VanOrden**, for FY 2023, for Community Colleges, \$56,928,900 from the General Fund, \$800,000 from dedicated funds, and \$14,000 from federal funds for a grand total of \$57,742,900, which includes exceptions to budget laws allowing transfer of funds among object class codes and programs, and no FTP cap.

**Mr. Sepich** explained the intent language necessary to approve the cash transfers for aquifer monitoring and large water projects. Cash transfers require a roll call vote.

(d) The design, planning, construction and implementation of other ARPA-eligible water resource management programs, plans and projects approved by the board.

**Mr. Sepich** presented a FY 2022 supplemental appropriation request from the Department of Parks & Recreation (IDPR). The Governor recommends an appropriation of \$215K from the dedicated Parks and Recreation Fund to complete projects that have been delegated to the department by the Department of Administration's Division of Public Works (DPW). DPW delegated these four projects to IDPR, and transferred cash to its dedicated fund to complete the projects; however, IDPR reports being short on appropriation funds for three of the four projects. These projects include \$130,000 to re-stain the Old Mission Visitor Center, \$25,000 to replace the carpet at Big Eddy Lodge in Dworshak State Park, and \$60,000 for a restroom upgrade at Ponderosa State Park's Activity Center.

**UNANIMOUS CONSENT REQUEST:**

**Sen. Lent** requested and it was granted by unanimous consent, to accept the following intent language.

**INTENT LANGUAGE:**

Section   . EXEMPTIONS FROM PROGRAM TRANSFER LIMITATIONS. Notwithstanding the provisions of Section 67-3511(2), Idaho Code, trustee and benefit payments appropriated for grants in the Management Services Program may be transferred to capital outlay in the Capital Development Program or to capital outlay in the Park Operations Program to reflect grants awarded to the Department of Parks and Recreation for the period July 1, 2022, through June 30, 2023. Legislative appropriations shall not be transferred from one fund to another fund unless expressly approved by the Legislature.

Section   . REAPPROPRIATION AUTHORITY. There is hereby reappropriated to the Department of Parks and Recreation any unexpended and unencumbered balances appropriated or reappropriated to the Department of Parks and Recreation for the Capital Development Program for fiscal year 2022 to be used for nonrecurring expenditures in the Capital Development Program for the period July 1, 2022, through June 30, 2023. The Office of the State Controller shall confirm the reappropriation amount, by fund, expense class, and program, with the Legislative Services Office prior to processing the reappropriation authorized herein.

**Mr. Sepich** explained the necessary correction for the FY 2023 Department of Lands budget. The JFAC motion made on February 28, 2022 included a removal of onetime expenditures value that was \$600,000 more than the amount of onetime funding appropriated during FY 2022. For FY 2022, the Governor recommended a onetime supplemental of \$600,000 for a fire consultant; this funding was removed from the 2/28/2022 motion. However, the corresponding negative \$600,000 removal of onetime expenditures was not adjusted, thereby artificially removing \$600,000 from the FY 2023 Base upon which the motion was started. The remainder of the motion was correct; however, the starting point unintentionally left out funding. The FY 2023 Base should be \$64,013,100, but in the motion, it was \$63,413,100. To reopen the FY 2023 budget requires a 2/3 majority.

**MOTION:** **Sen. Crabtree** made a motion, seconded by **Rep. Troy**, to reopen the FY 2023 budget for the Department of Lands.

**VOTE ON MOTION:** **Motion carried by a vote of 16 AYES, 0 NAYS, 4 ABSENT/EXCUSED.**

**NAYS: 0. ABSENT/EXCUSED: 4.** Riggs, Giddings, Green, Nash.

The majority having voted in the affirmative, the motion has passed and the FY 2023 budget for the Department of Lands was reopened.

**MOTION:** **Sen. Crabtree** made a motion, seconded by **Rep. Troy**, for FY 2023, for the Department of Lands, to add \$600,000 from the General Fund, in addition to the appropriation approved on February 28, 2022.

**VOTE ON MOTION:** **Motion carried by a vote of 16 AYES, 0 NAYS, 4 ABSENT/EXCUSED.**

The majority having voted in the affirmative, the motion has passed and without objection will carry a **DO PASS** recommendation. There being no objection, it was so ordered by **Chairman Youngblood**.

**Mr. Sepich** explained the necessary correction for the FY 2023 Department of Agriculture budget. This correction is technically a reconsideration, which requires different language. To reconsider the FY 2023 budget requires a 2/3 majority.

**MOTION:** **Sen. Crabtree** made a motion, seconded by **Rep. Troy**, to reconsider the FY 2023 budget for the Department of Agriculture.

**VOTE ON MOTION:** **Motion carried by a vote of 16 AYES, 0 NAYS, 4 ABSENT/EXCUSED.**

SECTION \_: WATERCRAFT INSPECTION PROGRAM. The Department of Agriculture shall maximize the use of the appropriation provided for the Watercraft Inspection Program to minimize the chances of spreading zebra mussels, quagga mussels, and other aquatic invasive species into Idaho waters. The department is encouraged to use roving inspection stations when appropriate and for expanded hours of coverage during holidays when boat transport traffic is likely to increase. It is also encouraged to use extra staffing on busy holiday weekends. The department shall gather data regarding the number of watercraft that are bypassing the stations and nighttime transport of watercraft across Idaho's borders. The department shall also seek to secure federal funding to further enhance invasive species detection and prevention efforts. The department shall report back to the Joint Finance-Appropriations Committee, the Senate Agricultural Affairs Committee, and the House Agricultural Affairs Committee during the 2023 legislative session regarding the results of the data gathering, attainment of federal funds, and an operational review of the boat stations."

**RS 29132C1**

**Mr. Joshua Whitworth**, Chief Deputy, State Controller Office (SCO), presented the Business Information Infrastructure Fund, **RS 29132C1**. This proposed legislation is an adaptation of the funding mechanism used to implement the Luma project; it is a transition from the existing billing model to the direct billing model. In the current model, there is a two-year lag before the SCO receives its payments through the statewide cost allocation plan (SWCAP).

This bill extends the deposit of money from the indirect cost recovery fund into the business information infrastructure fund (BIIF) for one additional year, until June 30, 2023. Additionally, this bill removes the sunset provision of the BIIF. The removal of the sunset provision provides the structure for the State Controller's Office (SCO) to move from a General Fund support organization to a dedicated fund, direct bill organization. The additional one year of funds will allow for the transition to a dedicated fund, fee-for-service model.

This bill is part of a multi-year plan to work with the Legislature and Governor to transition central services of the SCO to a shared-services, dedicated fund, fee-for-service model. During the transition, the SCO's ongoing need for general funding will decrease as the fee for services dedicated fund recovers the cost for centralized services of SCO. Full transition to the new billing structure is expected to begin FY 2026. After full transition it is estimated to decrease SCO's ongoing need for General Funds by approximately \$85 million.

In response to committee questions, **Mr. Whitworth** explained the current projected expenditure for LUMA implementation of Phase 1 is \$98M, which is \$4M less than the intended target. He further explained the requested ongoing supplemental appropriation is intended for ongoing costs connected to moving personnel into the Future Sustainment Organization.

In response to another committee question, **Mr. Whitworth** explained although funds for state universities come through SCO, previously approved existing language still applies to this appropriation, so university employees are still excluded from state employee designation.

**MOTION:** **Sen. Agenbroad** made a motion, seconded by **Rep. Troy**, to introduce **RS 29132C1**. **Motion carried by voice vote.**

The majority having voted in the affirmative, the motion has passed and without objection **RS 29132C1** will be introduced. There being no objection, it was so ordered by **Chairman Youngblood**.

**ADJOURN:** There being no further business to come before the committee, the meeting adjourned at 9:48 a.m.
