

STATEMENT OF PURPOSE

RS29912C1 / H0081

The Maternal Mortality Review Committee (MMRC) was established by the Legislature in 2019 with a sunset date of July 1, 2023. The work of the MMRC over the past three years has shown the importance of having an Idaho-specific MMRC that reviews maternal deaths in the state and makes recommendations to improve health services for new and expecting mothers across the state. This bill will remove the MMRC's sunset date and allow the MMRC to continue its work improving the health of Idaho's mothers and their babies.

FISCAL NOTE

This legislation will have no impact on the state's General fund or any dedicated fund or federal fund because federal grant dollars are available to cover all costs.
