**H 1:** **Rep. Young** presented **H 1** and explained this will codify what has been the practice so postelection audit procedures are clear moving forward. She clarified all postelection audits in the 2022 election were counted by hand and there is currently no time line for audits.

**Phil McGrane**, Secretary of State, testified **in support of H 1**. He expressed his appreciation to **Rep. Young** for working with their office. Secretary McGrane confirmed all of the audits were hand counts in every location, affirming the current practice of **HB 1**. He informed the committee the timing of the audits is before the official canvas. Secretary McGrane went into detail regarding the movement of ballots during the recounts. The movement of ballots involves the county sheriff and depending on the county and the size of the jurisdiction, the sheriff may store them in an evidence locker or change out the locks in the clerk's office and the ballots will remain there. The sheriff is in sole custody and a deputy is present during the recount. If a discrepancy appears in the audit, there is discretion for the Secretary of State to perform additional audits. The time window to challenge an election does not begin until after the results have been reported to the canvas board.

**MOTION:** **Rep. Alfieri** made a motion to send **H 1** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote. Rep. Young** will sponsor the bill on the floor.

**ADJOURN:** There being no further business to come before the committee, the meeting adjourned at 9:33 a.m.
