of Big Game Animals**
IDAPA 02.04.25; Docket No. 02.0425-2201

Lloyd Knight - Rules Review Officer

Attachment 1 - January 17, 2023

Regulatory Scope

- In order to prevent the spread of **brucellosis and other diseases between big game animals to livestock**, these rules apply to all persons who purposely or knowingly provide supplemental feed to big game animals within the area designated in Section 100 of these rules, except supplemental feeding activities conducted by, or emergency feeding authorized by, the Idaho Dept. of Fish and Game (IDFG).
- IDFG facilitated a Zero-Based Rulemaking (ZBR) re-write of IDAPA 13.01.18 Rules Governing Feeding of Wild Cervids (Docket No. 13-0118-2201). ISDA and IDFG evaluated the potential to consolidate regulations under IDFG's authority in this rule chapter.
