DHR Consolidation Statewide

Current Fee Structure:

DHR fee applies to classified employees only, the fee is applied as an employer paid variable benefit to the salary collected through payroll, and only applies to filled positions.

Current Rates:

Non-delegated agencies are budgeted for .5535%

*Delegated agencies are budgeted for .3060%

Governor Recommended Fee Structure:

The DHR fee as recommended will apply to all employees, classified and non-classified, that receive support from DHR. Non-consolidated agencies include the Military Division, Idaho State University, Boise State University, and Lewis and Clark State College. There will be no FTP reduced from these agencies. The fee is applied as an employer paid variable benefit to the salary collected through payroll, and only applies to filled positions.

Proposed Rates:

2% for classified employees

1% for non-classified employees (includes temporary and group)

.65% for non-consolidated agencies that are provided support

*Delegated agencies include: DHR, Department of Administration, Department of Agriculture, Department of Correction, Commission of Pardons and Parole, Department of Environmental Quality, Fish and Game, Health and Welfare, Juvenile Corrections, Idaho Transportation Department, Industrial Commission, Idaho State Police, Parks and Recreation, Tax Commission, Water Resources, Idaho State University, and Boise State University.

We have completed making our overall assessment of Governor Little's General Sen. Kevin Cook Fund revenue projections for the fiscal years ended June 30, 2023, 2024, and 2025. Idaho's Constitution, Article VII, Section 11 requires balancing the state's appropriations and expenditures with its revenues. Accordingly, it is this Committee's role and mission to provide advice to you about the reasonableness of such revenue projections. The Committee reviewed and analyzed business, tax, financial data, and trends relating to the state's economy, and obtained Sen. Van T. Burtenshaw testimony from economic, business, and industry experts regarding those aspects of the state's economy and revenues of which they have knowledge.

> Governor Little's General Fund revenue projections for FY 2023, FY 2024, and FY 2025 compared to the Committee's median projections are as follows in millions of dollars:

	<u>FY 2023</u>	FY 2024	<u>FY 2025</u>
Governor Little's projections	\$5 <i>,</i> 867.9	\$5,547.1	\$6,032.9
Committee's median projections	\$6,112.4	\$6 , 255.4	\$6,476.4
Amount and percent over/(under)	\$244.5	\$708.3	\$443.5
Gov. projection	4.2%	12.8%	7.4%

After careful consideration of expert testimony from economists, business leaders, and industry spokesmen regarding the status of Idaho's current economy and the economic outlook for the next eighteen months, and careful review of the Governor's fiscal year 2023 and 2024 projections, we recommend to the Senate and House of Representatives Leadership and to the Co-Chairs of the Joint Finance-Appropriations Committee total General Fund Revenues available for appropriation to be \$5,867.9 million dollars for fiscal year 2023 and \$5,547.1 million dollars for fiscal year 2024. We recommend caution in making appropriations above the committee's revenue recommendation. The committee recognizes economic uncertainty related to the impact of the federal funds for COVID-19 relief and the difficulty of deciphering between one time and ongoing revenues.

Attachments 1 and 2 provide the detail for all eighteen committee members, three of the presenters, and the Governor's forecast. Attachment 3 provides a historical comparison of projections and actual collections.

Sincerely,

Senator Kevin Cook

Sterry Hilly

Representative Steve Miller

Joint Change in Employee Compensation Committee Idaho State Legislature

February 1, 2023

To: Members of the 67th Idaho Legislature, First Regular Session

The Joint Change in Employee Compensation (CEC) Committee has completed its hearings and deliberations. The committee received many reports, including an overview of the statutory requirements of Idaho's compensation system and information from the Division of Human Resources, the Division of Financial Management, and the Legislative Services Office. The committee also received information from the Office of Group Insurance about the employee group healthcare plan, as well as from PERSI, Idaho's retirement system, about retirement benefits. In addition, the committee received testimony from the public and agency directors.

The CEC Committee recognizes that the goal of Idaho's total compensation system for state employees is to fund a competitive salary and benefit package that will attract qualified applicants to the work force, retain employees who have a commitment to public service excellence, motivate employees to maintain high standards of productivity, and reward employees for outstanding performance within the means reasonably available to the state. To that end, and in accordance with Section 67-5309C(4), Idaho Code, the CEC Committee offers the following recommendations to the Joint Finance-Appropriations Committee for FY 2024:

1. Salary Structure Adjustment: The compensation schedule should be shifted upwards by an average of eight and one-half percent (8.5%) as recommended by the Division of Human Resources, with the exception of Pay grade D where the minimum shall stay at \$7.25 per hour, and that the Legislature does not fund the shift. the additional salary structure for Public Safety should be implemented as recommended by the Division of Human Resources in the FY 2024 Change in Employee Compensation and Benefits Report.

ESTIMATED FISCAL IMPACT: There is no additional funding for this component of CEC because this motion supports the Governor's recommendation to not fund this shift.

2. Specific Occupational Inequities: The state should maintain the job classifications that currently have a payline exception to address specific recruitment or retention issues, as recommended in the FY 2024 Change in Employee Compensation & Benefits Report from the Division of Human Resources.

ESTIMATED FISCAL IMPACT: There is no additional cost because the classifications are already covered in the personnel cost appropriation in each agency budget.

3. Salary Increase: The Legislature should fund a 4 percent (4.0%) increase for a meritbased salary increase for state employees with flexibility allowed for agency heads and institution presidents to distribute those funds as they see fit for retention and recruitment purposes. Additionally, the Legislature should fund an additional six percent (6%) for public safety positions as outlined in appendix Z, page 195, of the FY 2024 Change in Employee Compensation and Benefits Report.

ESTIMATED FISCAL IMPACT: The total for this motion is estimated to cost \$73,014,300 from all funds, of which \$39,589,900 is from the General Fund, \$23,620,600 is from the dedicated funds, and \$9,803,800 is from federal funds. Public School compensation, military compensation, and fund shifts should be taken up on a case-by-case basis for each agency budget.

4. Employee Benefit Package:

The Legislature should maintain the current employee benefit package with no significant changes in plan design. Appropriation levels for FY 2023 should increase from \$12,500 to \$13,750 per FTP.

ESTIMATED FISCAL IMPACT: This will increase the appropriation by \$850 per FTP.
