Idaho Approach to Use of Funds (S 1204)

- ARPA funds are borrowed from our grandchildren. To the extent allowable under law, the state should make long-range investments that will benefit our grandchildren.
- State agencies receiving ARPA funds shall plan for the reduction of these federal funds to avoid creating ongoing obligations that are shifted to the general fund after the federal funds are depleted.
- The use of ARPA funds should not impede or inhibit the state's constitutional mandate to provide for a balanced budget.
