

REVISED

STATEMENT OF PURPOSE

RS30976 / H0454

This Legislation changes the current payment structure for a CTE workforce training course under the Advanced Opportunities program, described in Idaho Code Section 33-4602(d). This change allows a student to utilize the \$1,000 scholarship for one course, or more, and strikes the portion where a student is only allowed to spend \$500 per course. The total amount allowed will remain the same at \$1,000 per year. This change simply allows students to take a CTE course from a local college when the course is not offered through a traditional CTE program. This will give students more flexibility in spending the allocated dollars in the Advanced Opportunities program.

FISCAL NOTE

This legislation could have an impact on the general fund depending upon the number of additional students utilizing the Advanced Opportunities available under the law. Estimating between 50-150 additional students, would lead to an estimate fiscal impact between \$25,000 and \$75,000.
