

REVISED

STATEMENT OF PURPOSE

RS30825 / H0490

This bill allows the division administrator, unless otherwise prohibited by law or rule, to conduct fingerprint criminal background checks as a requirement for licensure and registration, revises language concerning fingerprinting to align the procedures employed by the various boards and commissions governed by the division of occupational and professional licenses, and simplifies the fingerprinting process for applicants.

FISCAL NOTE

This legislation is anticipated to have no impact on the state's General Fund or any dedicated fund or federal fund because the legislation cleans up the relevant fingerprinting sections of Idaho Code and makes clear the fingerprinting responsibilities of the Division Administrator.
