

REVISED

STATEMENT OF PURPOSE

RS31385 / H0588

This bill would differentiate deadlines to provide public records requests made to public agencies. A public agency will have up to ten working days, from the time of request, to provide the public records to an Idaho resident. A public agency will have up to twenty-one working days, from the time of request, to provide the public records made by a non-resident. This will allow more time for public agencies to meet the demand of public records requests, both in quantity and breadth of specific records solicited, while still prioritizing Idaho residents' requests.

FISCAL NOTE

This legislation causes no additional expenditure of funds at the state or local level of government, nor does it cause an increase or decrease in revenue for state or local government, therefore the legislation has no fiscal impact.
