

## STATEMENT OF PURPOSE

RS31160 / S1306

This bill codifies and explicitly provides legislative support and funding for an existing education practice in the Idaho public school system for grades kindergarten through 8th grade. A school district may assign a teacher to work with parents in a parents-as-teacher model where instruction is provided largely in the home by the parents. The school district has accountability measures such as requirements to take the state tests. The parents have access to funds to pay for eligible expenses. The funds are generated from the current funding formula. One of the main goals of this bill is to avoid creeping regulation that may stifle innovation.

## FISCAL NOTE

There is no fiscal impact. The funding for the parents-as-teacher model is generated from the current funding formula.
