

STATEMENT OF PURPOSE

RS31681 / S1433

This legislation modifies and updates Idaho Code procurement statutes requirements relating to political subdivisions public works bid thresholds. The threshold modifications are a result of the rise in inflation and the increase in the overall estimated costs associated with public works construction projects.

FISCAL NOTE

There would be no direct impact to the General Fund because this legislation only changes the thresholds when political subdivisions are required to submit procurement of public works construction project proposals.
