## **Medicaid Managed Care**

Senate Health and Welfare Committee  
February 14, 2024

# Blue Cross of Idaho

Proven value to Idaho's most vulnerable population

- ✓ Care managers to coordinate care and serve as member advocates
- ✓ Innovation to support member needs
- ✓ Member access to quality care
- ✓ Program accountability and transparency
- ✓ Healthcare stability for members
- ✓ Local support and community engagement

## Medicaid Managed Care

- Member access and quality care
  - Network size and location standards
  - Accountability for quality care
- Fiscal stability and certainty
  - Budget predictability through fixed capitation rates
  - Appropriate utilization of healthcare services
- Provider protections and engagement
  - Payment protections and requirements
  - Value-based arrangements

## Medicaid Managed Care

- **Accountability and transparency**
  - Robust state and federal oversight
  - Outcome-based performance measures
  - Regular reporting requirements and strict non-compliance penalties
- **Improved health outcomes**
  - Value added benefits and tailored incentive programs
  - Innovation to support member health and social needs
  - Personalized care coordination

**Thank you**
