

STATEMENT OF PURPOSE

RS31990 / H0078

This legislation grants the Idaho Transportation Department (ITD) authority to issue electronic identification (ID) cards and driver's licenses (DL). These electronic IDs and DLs will be stored in the credential holder's mobile phone wallet application.

FISCAL NOTE

To issue electronic credentials, ITD will require programming and development to build connections with various vendor mobile ID solutions estimated at \$152,000. ITD will minimize cost to citizens. Users opting in may be required to pay a user fee to a vendor solution. The fee is estimated to be less than \$10 annually. This fee is paid to vendors; no money would go to ITD.
