

STATEMENT OF PURPOSE

RS32071 / H0132

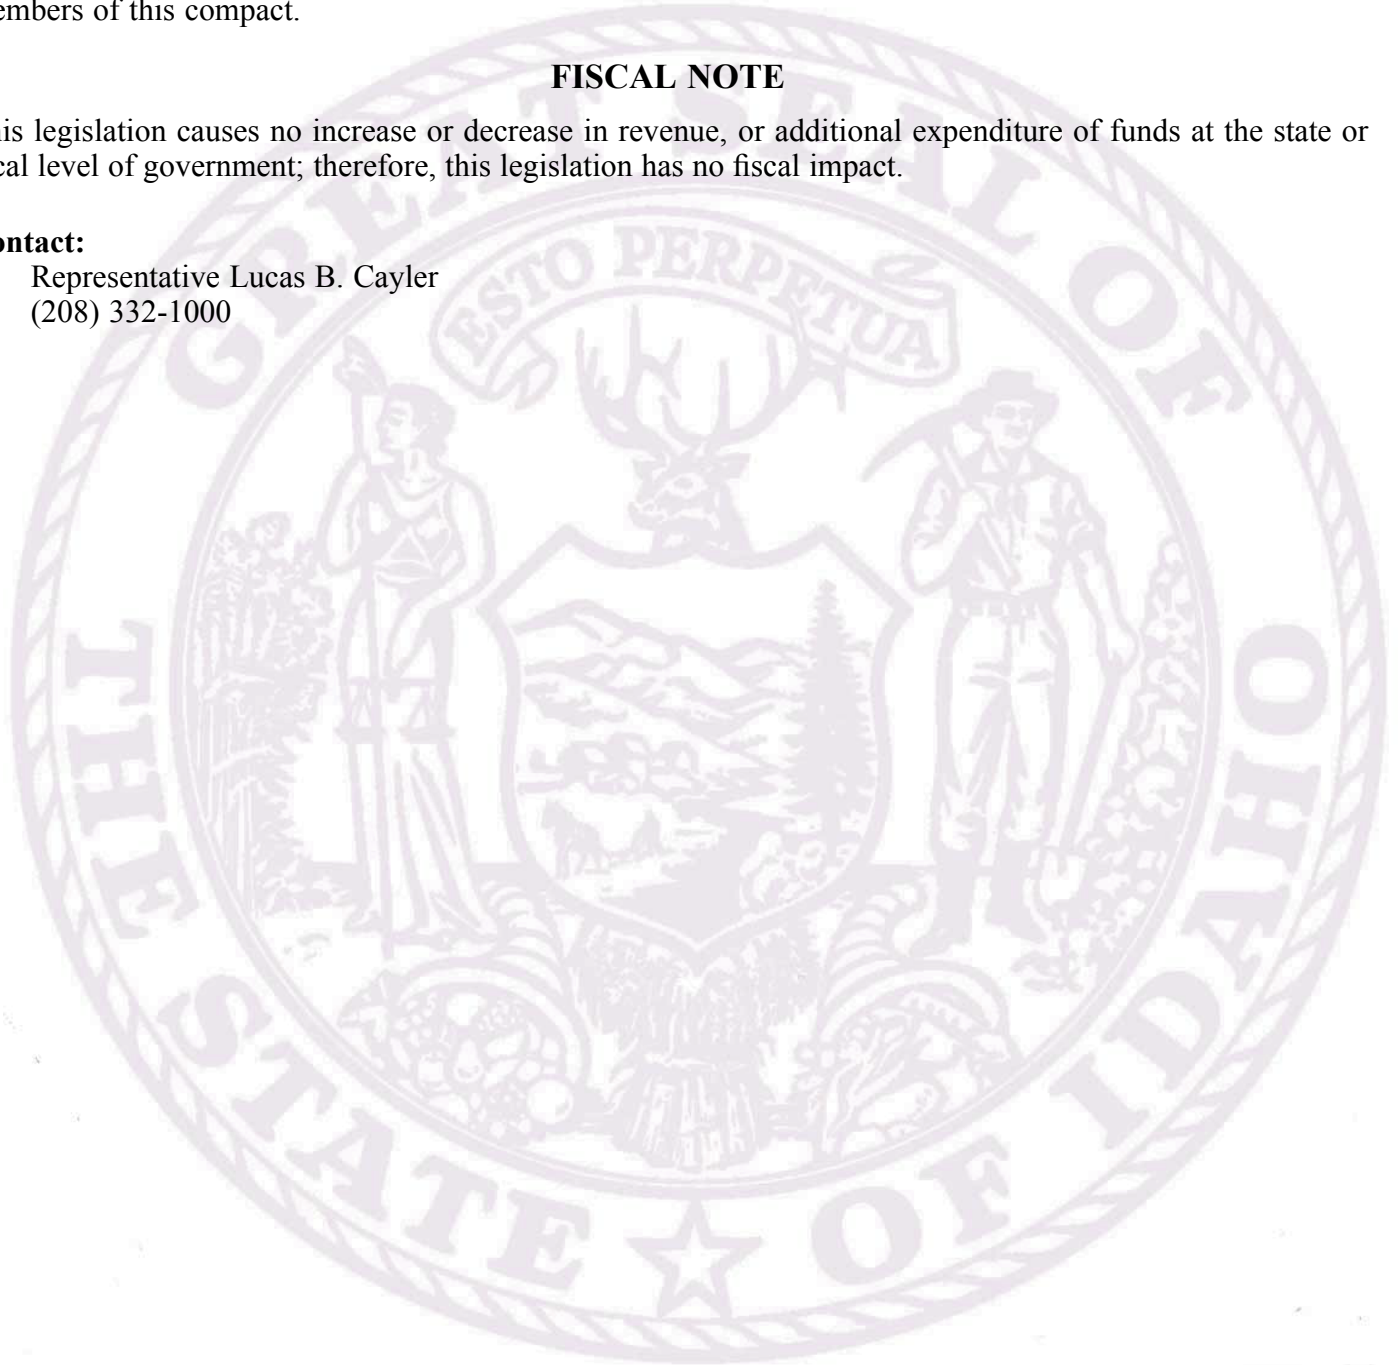

Many health care professions in Idaho observe licensure compacts, which allow a licensed health care worker to travel to and work in other states that are also members within the compact. This legislation would allow Idaho to become a member of the compact created for licensed dietitians who also work in other states that are members of this compact.

FISCAL NOTE

This legislation causes no increase or decrease in revenue, or additional expenditure of funds at the state or local level of government; therefore, this legislation has no fiscal impact.
