

STATEMENT OF PURPOSE

RS31955 / H0151

This legislation will provide objective information to the legislature and to the public on the number of complaints and disciplinary actions taken by Idaho licensing agencies. Complaints and discipline serve proxies for Public Safety in published literature. Having this objective information reported to the Legislature will assist in our efforts to cut red tape in the area of Occupational Licensure reform.

FISCAL NOTE

This legislation will have no fiscal impact on the state budget or General Fund. Currently, most licensing boards currently report this information voluntarily on their performance measurement reports (PMR) and the additions to this voluntary reporting was previously required and reported under executive order 2017-06. This was accomplished without incremental cost to the licensing agencies.
