

STATEMENT OF PURPOSE

RS32282 / S1081

This legislation requires fee schedule pricing to be considered in Request For Qualifications (RFQs) for professional services in public contracts. Currently fee schedule pricing is not disclosed until after a potential bidder selection is made. The intent of this legislation is to require engineers, architects, construction managers, etc. to disclose their fee schedules up front instead of after the bid is awarded.

FISCAL NOTE

This legislation causes no increase or decrease in revenue, or additional expenditure of funds at the state or local level of government; therefore, this legislation has no fiscal impact. A fee schedule savings on many construction projects is anticipated.
