

STATEMENT OF PURPOSE

RS32260 / S1100

In the 2020 session S 1292 was passed stating that no state or local law enforcement agent or law enforcement agency shall engage in motorcycle profiling. This follow-up legislation simply provides that state and local law enforcement agencies shall adopt a policy to that effect and distribute the policy to all law enforcement agents. It further provides that the prohibition of motorcycle profiling be a part of minimum basic training at the peace officer standards and training council.

FISCAL NOTE

Since motorcycle profiling is already by law prohibited this simply provides a means by which that directive can be more effectively communicated to our law enforcement agents. As such the cost to our law enforcement agencies will be minimal.
