HOUSE JOINT MEMORIAL NO. 21 BY WAYS AND MEANS COMMITTEE

A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES, AND THE SECRETARY OF THE UNITED STATES DEPARTMENT OF WAR.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-eighth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, Idaho, the 43rd state in the Union, was named the Gem State because of its abundance of gemstones and minerals; and

WHEREAS, responsible resource development is of the utmost importance for our state and country; and

WHEREAS, tungsten is a vital material for defense applications; with unparalleled hardness and high-temperature resistance, it is indispensable for armor-piercing ammunition, missile components, and aerospace manufacturing; and

WHEREAS, the U.S. Department of War and the Defense Industrial Base Consortium classify tungsten as a critical mineral; and

WHEREAS, currently, the United States remains heavily reliant on importing critical minerals, primarily from China, which dominates over 80% of the global supply; and

WHEREAS, China's recent ban on tungsten exports underscores the need to establish a stable, U.S.-dominated supply chain of tungsten to safeguard national security interests; and

WHEREAS, the U.S. Department of War and the Defense Industrial Base Consortium have issued a solicitation to provide grant moneys for the development of a domestic supply of critical minerals, including tungsten; and

WHEREAS, mining activity for critical minerals, including tungsten, has historically taken place at American Tungsten's IMA mine in Lemhi County, near Patterson, Idaho; and

WHEREAS, a mining company, American Tungsten is seeking to bring IMA mining operations back to life so as to unearth critical resources, including tungsten, and increase our nation's crucially needed domestic supply of critical mineral resources; and

WHEREAS, the IMA mine project is a high-quality underground tungsten deposit located on private land with patented rights that is well above the water table and has significant existing infrastructure given its historic use; and

WHEREAS, as the IMA mine is on private property rather than federal property, the mine will not require permits or other authorizations from the federal government but rather permits and authorizations from state agencies and local governments; and

WHEREAS, once permitted, the IMA mine will be the only tungsten-producing mine in the United States; and

WHEREAS, modern rules and regulations require that companies like American Tungsten set aside adequate financial assurances to cover the cost of environmental restoration, ensuring that reclamation is properly completed; and

WHEREAS, American Tungsten is committed to the highest reclamation standards and to strictly following all applicable federal and state laws, regulations, and rules; and

WHEREAS, American Tungsten is committed to being a good steward of the environment and a dedicated member of the community where it operates; and

WHEREAS, as an example of American Tungsten's commitment to its community, it will provide, through financing, the city of Challis a new fire station to serve the community; and

WHEREAS, the American Tungsten company takes pride in providing high-paying job opportunities for Idaho workers, building collaborative relationships, and investing in the long-term resiliency of Idaho's rural communities; and

WHEREAS, once permitted, the IMA mine project will significantly benefit Idaho's economy, particularly in Lemhi and Custer counties, by using local vendors, thereby increasing revenue for local businesses; and

WHEREAS, through high-paying jobs, tax revenues, donations, community sponsorships, and other direct and indirect economic impacts, American Tungsten's resources are essential to the nation's national security, to the region's economic stability, and for keeping Idahoans working in Idaho.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-eighth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature recognizes the profound role mining has played in the settlement of Idaho, its contemporary role, and the role it will play in our future.

BE IT FURTHER RESOLVED that the Idaho Legislature supports and encourages state agencies and local governments to move forward and approve American Tungsten's IMA mine in a timely and cost-effective manner so that the mine may be developed.

BE IT FURTHER RESOLVED that the Legislature urges the U.S. Department of War and the Defense Industrial Base Consortium to award grant moneys to American Tungsten for the development of the IMA mine project.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the President of the Senate and the Speaker of the House of Representatives of Congress, the congressional delegation representing the State of Idaho in the Congress of the United States, and the Secretary of the United States Department of War.
