

STATEMENT OF PURPOSE

RS33114 / H0601

This legislation prohibits public employers from allowing taxpayer funds to promote government unions, with certain exceptions. Depending on the outcome of public employers' collective bargaining negotiations with government unions, some public employers may experience a modest indeterminate increase in revenue. This could occur if government unions are required to reimburse the public employer for any time public employees spend on union-related activities during work hours.

FISCAL NOTE

This legislation causes no increase or decrease in revenue, or additional expenditure of funds at the state or local level of government; therefore, this legislation has no fiscal impact.
