

REVISED

STATEMENT OF PURPOSE

RS33221 / H0629

This legislation will allow an electronic format of a vehicle registration to be used in place of a paper card. Currently, proof of insurance can be used in an electronic format, so this will provide another option for vehicle registration.

FISCAL NOTE

This legislation causes no decrease in revenue, or additional expenditure of funds at the state or local level of government, but could generate up to \$780,000 savings in mailing costs if one million Idahoans chose to use the electronic registration.
