

STATEMENT OF PURPOSE

RS33431 / H0758

This bill clarifies two issues from HB243 which the legislature passed last session. It provides common sense solutions that allow in-home day-care providers to continue to operate safely. This allows an in-home day-care provider to use a videoing device to monitor a sleeping child. It also clarifies that an in-home day care provider does not need to count their own school age children for the purposes of licensing.

FISCAL NOTE

This legislation causes no increase or decrease in revenue, or additional expenditure of funds at the state or local level of government; therefore, this legislation has no fiscal impact.
