## STATEMENT OF PURPOSE

### RS33601C1 / HCR033

The proposed concurrent resolution would establish a legislative interim committee to study the crime of sextortion, its impact on victims, and strategies for prevention and response. The interim committee would examine how sextortion is carried out, its effects, particularly on minors, and review existing statutes to determine whether changes are needed to protect our youth. The Legislative Council would determine the interim committee's membership, including legislators from both parties and representatives from relevant agencies such as the Attorney General's Office, the Idaho Department of Education, and the Idaho Crisis and Suicide Hotline. The interim committee would also be authorized to gather input from stakeholders and affected individuals and would report its findings, recommendations, and any proposed legislation to the First Regular Session of the Sixty-ninth Idaho Legislature.

## FISCAL NOTE

The resolution provides that non-legislative members of the interim committee would not receive compensation from legislative funds, while the Legislative Services Office would supply staff support. As noted in the draft, the interim committee would be required to submit its final report by January 31, 2027. Any legislator's travel or related expenses would be handled through existing legislative appropriations, and no additional impact on the State General Fund is anticipated as a result of this resolution.
