

STATEMENT OF PURPOSE

RS32996 / S1231

This legislation amends Chapter 9, Title 23, Idaho Code, to create a new liquor license category for established caterers. The bill adds new section to define "established caterer" and to authorize the issuance of a liquor license for use at events catered by such businesses.

The bill sets eligibility requirements, restricts use of the license to catered events, limits where and when liquor may be dispensed and prohibits the use of the license to operate a bar or lounge. The license is nontransferable and does not count toward population-based license limitations.

The bill also amends Section 223-904, Idaho Code, to establish an annual license fee for an established caterer liquor license.

FISCAL NOTE

This legislation is expected to have no fiscal impact on the state General Fund.

Any costs associated with administration and enforcement will be covered by the license fee established in the bill. No additional staffing or resources are required.
