

STATEMENT OF PURPOSE

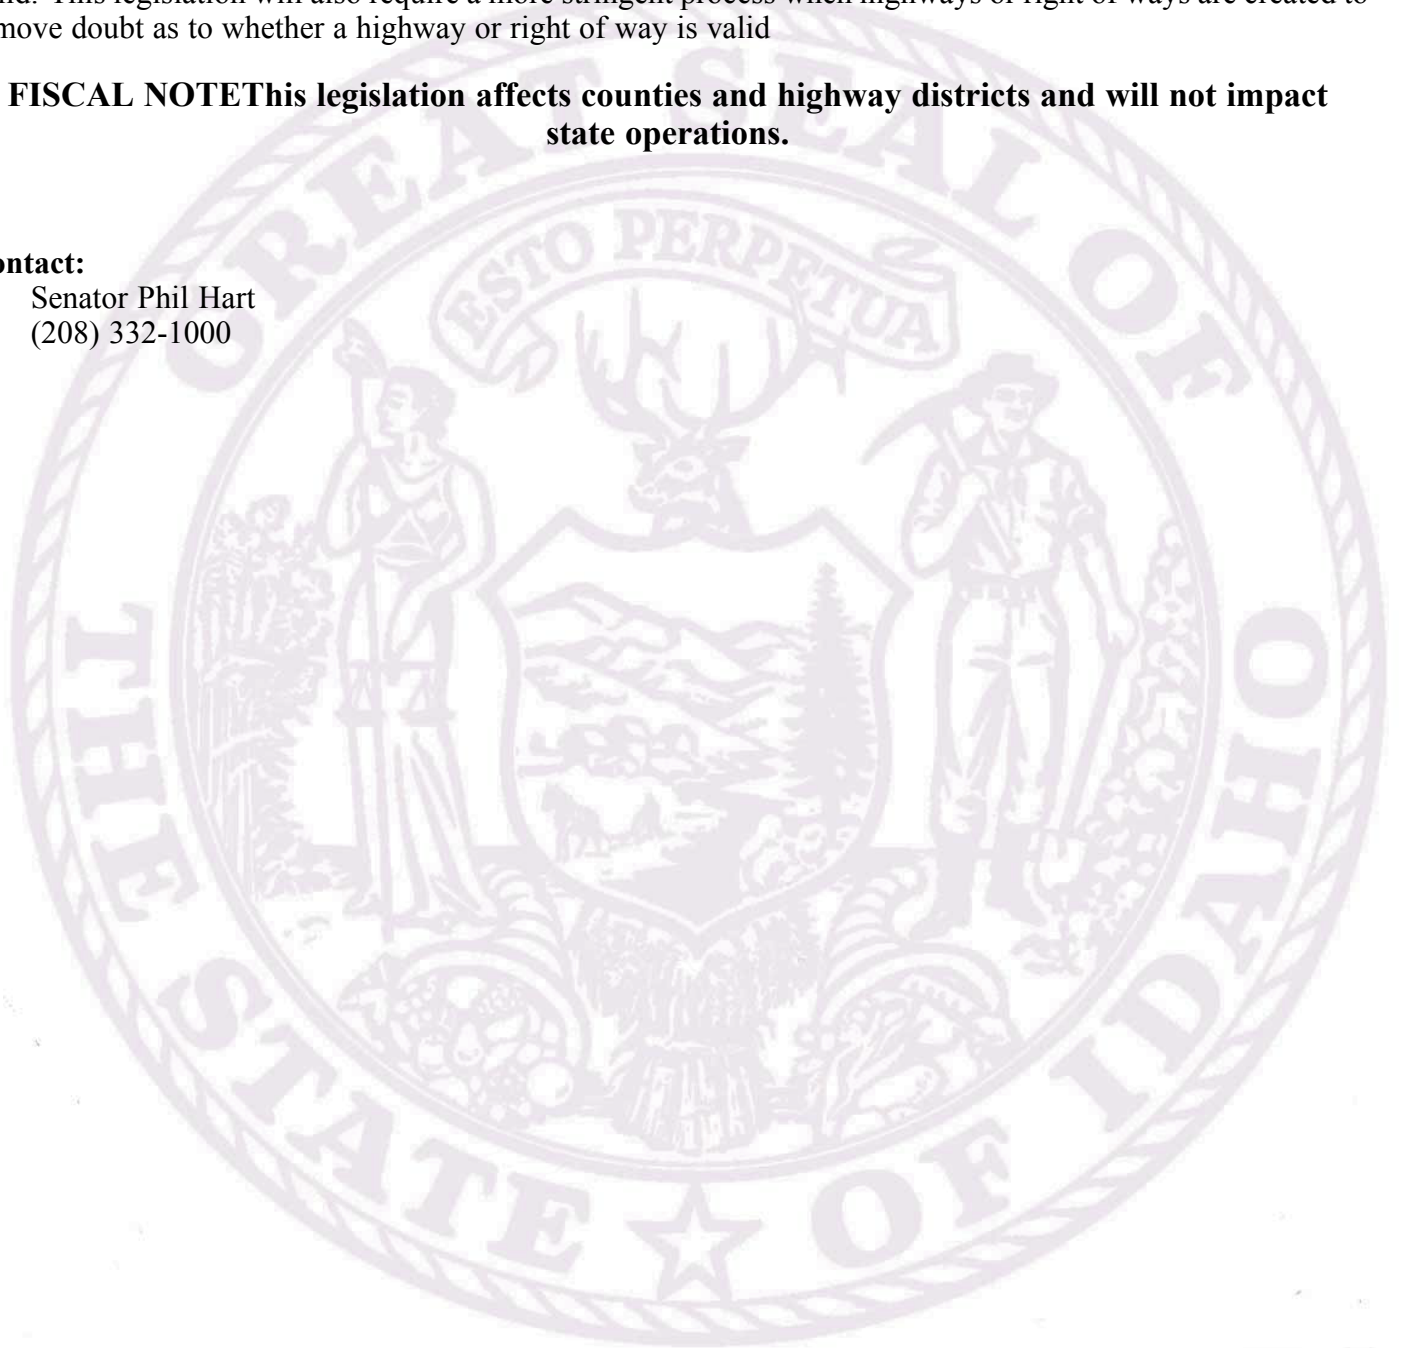

RS33330 / S1287

This legislation provides that there shall be no duty to maintain or construct any highway or right of way on the part of a county or highway district for those highways or right of ways within the county or public right of way system. Absent evidence to the contrary, there shall be a presumption that the highway or right of way is valid. This legislation will also require a more stringent process when highways or right of ways are created to remove doubt as to whether a highway or right of way is valid

FISCAL NOTE This legislation affects counties and highway districts and will not impact state operations.
