

STATEMENT OF PURPOSE

RS33041 / SCR114

In recent years the volume of legislation brought by lawmakers has ascended to problematic levels. This creates logjams for bill drafters and has placed unreasonable expectations on that critical human resource. This resolution seeks to add a new joint rule 24 that will help temper that volume, provide for quality over quantity, and provide faster turnaround times. This will benefit not just bill drafters but the committee process and legislators alike.

FISCAL NOTE

The fiscal impact of this concurrent resolution and added joint rule would likely result in a positive fiscal impact but would be unrealistic to quantify.
