**AN ACT**

RELATING TO DISASTER EMERGENCIES; AMENDING SECTION 46-1008, IDAHO CODE, TO PROVIDE THAT THE GOVERNOR MAY ENTER INTO AGREEMENTS WITH THE FEDERAL GOVERNMENT FOR SHARING CERTAIN DISASTER ASSISTANCE EXPENSES; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 46-1008, Idaho Code, be, and the same is hereby amended to read as follows:

46-1008. THE GOVERNOR AND DISASTER EMERGENCIES. (1) Under this act, the governor may issue executive orders, proclamations and amend or rescind them. Executive orders and proclamations have the force and effect of law.

(2) A disaster emergency shall be declared by executive order or proclamation of the governor if he finds a disaster has occurred or
that the occurrence or the threat thereof is imminent. The state of disaster emergency shall continue until the governor finds that the threat or danger has passed, or the disaster has been dealt with to the extent that emergency conditions no longer exist, and when either or both of these events occur, the governor shall terminate the state of disaster emergency by executive order or proclamation; provided, however, that no state of disaster emergency may continue for longer than thirty (30) days unless the governor finds that it should be continued for another thirty (30) days or any part thereof. The legislature by concurrent resolution may terminate a state of disaster emergency at any time. Thereupon, the governor shall issue an executive order or proclamation ending the state of disaster emergency. All executive orders or proclamations issued under this subsection shall indicate the nature of the disaster, the area or areas threatened, the area subject to the proclamation, and the conditions which are causing the disaster. An executive order or proclamation shall be disseminated promptly by means calculated to bring its contents to the attention of the general public and unless the circumstances attendant upon the disaster prevent or impede, be promptly filed with the bureau of disaster services, the office of the secretary of state and the office of the recorder of each county where the state of disaster emergency applies.

(3) An executive order or proclamation of a state of disaster emergency shall activate the disaster response and recovery aspects of the state, local and intergovernmental disaster emergency plans applicable to the political subdivision or area in question and be authority for the deployment and use of any forces to which the plan or plans apply and for use or distribution of any supplies, equipment, and materials and facilities assembled, stockpiled, or arranged to be made available pursuant to this act or any other provision of law relating to disaster emergencies.

(4) During the continuance of any state of disaster emergency the governor is commander-in-chief of the militia and may assume command of all other forces available for emergency duty. To the greatest extent practicable, the governor shall delegate or assign command authority by prior arrangement embodied in appropriate executive orders or regulations, but nothing herein restricts his authority to do so by orders issued at the time of the disaster emergency.

(5) In addition to any other powers conferred upon the governor by law, he may:

(a) suspend the provisions of any regulations prescribing the procedures for conduct of public business that would in any way prevent, hinder, or delay necessary action in coping with the emergency;
(b) utilize all resources of the state, including, but not limited to, those sums in the disaster emergency account as he shall deem necessary to pay obligations and expenses incurred during a declared state of disaster emergency;
(c) transfer the direction, personnel, or functions of state departments and agencies or units thereof for the purpose of performing or facilitating emergency services;
(d) subject to any applicable requirements for compensation under section 46-1012, Idaho Code, commandeer or utilize any private
property, real or personal, if he finds this necessary to cope with the disaster emergency;
(e) direct and compel the evacuation of all or part of the population from any stricken or threatened area within the state if he deems this action necessary for the preservation of life or other disaster mitigation, response, or recovery;
(f) prescribe routes, modes of transportation, and destinations in connection with evacuation;
(g) control ingress and egress to and from a disaster area, the movement of persons within the area, and the occupancy of premises therein;
(h) suspend or limit the sale, dispensing or transportation of alcoholic beverages, firearms, explosives, and combustibles;
(i) make provision for the availability and use of temporary emergency housing.

(6) Whenever an emergency or a disaster has been declared to exist in Idaho by the president under the provisions of the disaster relief act of 1974 (public law 93-288, 42 USC 5121) the governor may:
(a) enter into agreements with the federal government for the sharing of disaster recovery expenses involving public facilities;
(b) require as a condition of state assistance that a local taxing district be responsible for paying forty per cent (40%) of the nonfederal share of costs incurred by the local taxing district which have been determined to be eligible for reimbursement by the federal government, provided that the total local share of eligible costs for a taxing district shall not exceed ten per cent (10%) of the taxing district's tax charges authorized by section 63-923(1) and section 63-2220, Idaho Code; and
(c) obligate the state to pay the balance of the nonfederal share of eligible costs within local taxing entities qualifying for federal assistance; and
(d) enter into agreements with the federal government for the sharing of disaster assistance expenses to include individual and family grant programs (42 USC 5178).

erty held for future use which is not currently used and useful in providing utility service to be included in rate base or authorize or require the commission to allow a return on such property.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

(7) For the purposes of paragraphs (3) and (4) of this section, violations of the provisions of section 49-337(1), Idaho Code, shall be considered by the court to determine if a later violation is a second or subsequent violation only if such violations occurred on or after July 1, 1983.

18-8002. TEST FOR DRIVER FOR BLOOD ALCOHOL. (1) Any person who drives or is in actual physical control of a motor vehicle in this state shall be deemed to have given his consent to an evidentiary test for concentration of alcohol, drugs or other intoxicating substances as defined in section 18-8004, Idaho Code, provided that such test is administered at the request of a police officer having reasonable grounds to believe that person has been driving or in actual physical control of a motor vehicle while under the influence of alcohol, drugs or of any other intoxicating substances.

(2) Such person shall not have the right to consult with an attorney before submitting to an evidentiary test for concentration of alcohol, drugs or other intoxicating substances.

(3) At the time an evidentiary test for concentration of alcohol, drugs or other intoxicating substances is requested, the person shall be informed that if he refuses to take the test:
(a) His license will be seized by the police officer and a temporary permit will be issued;
(b) He has the right to request a hearing within seven (7) days to show cause why he refused to take the test;
(c) If he does not request a hearing or does not prevail at the hearing, his license will be suspended absolutely for one hundred twenty (120) days; and
(d) After submitting to the test he may, when practicable, at his own expense, have additional tests made by a person of his own
(4) If the motorist refuses to take the evidentiary test after
the information has been given in accordance with subsection (3)
above:
  (a) His license or permit shall be seized by the police officer
and forwarded to the court and a temporary permit shall be issued
by the police officer which allows him to operate a motor vehicle
until the date of his hearing, if a hearing is requested, but in
no event for more than thirty (30) days;
  (b) A written request may be made within seven (7) calendar days
for a hearing before the court; if requested, the hearing must be
held within thirty (30) days of the seizure; the hearing shall be
limited to the question of why the defendant did not take the
test, and the burden of proof shall be upon the defendant; the
court shall suspend all his driving privileges immediately for one
hundred twenty (120) days unless it finds that the police officer
did not have probable cause to stop and request him to take the
test or that the request violated his civil rights;
  (c) If a hearing is not requested by written notice to the court
concerned within seven (7) calendar days, upon receipt of a sworn
statement by the police officer of the circumstances of the
refusal, the court shall suspend his driving privileges for one
hundred twenty (120) days, during which time he shall have abso­
lutely no driving privileges of any kind; and
  (d) After submitting to the test at the request of the police
officer, he may, when practicable, at his own expense, have addi­
tional tests made by a person of his own choosing. The failure or
inability to obtain an additional test or tests by a person shall
not preclude the admission of an evidentiary test for alcohol
concentration taken at the direction of the police officer unless
the additional test was denied by the police officer.
(5) Suspension of driving privileges under this section shall be
separate and apart from any other suspension imposed for a violation
of other Idaho motor vehicle codes, and may be appealed to the dis­
trict court.
(6) No hospital, hospital officer, agent, or employee, or health
care professional licensed by the state of Idaho shall be held liable
in damages in any civil proceeding for a cause of action based upon
assault, battery or false imprisonment, or be subject to prosecution
under chapter 9 or 29, title 18, Idaho Code, for any act arising out
of administering an evidentiary test for alcohol concentration at the
request of a police officer in the manner described by this section.
(7) "Actual physical control" as used in this section, shall be
defined as being in the driver's position of the motor vehicle with
the motor running or with the motor vehicle moving.
(8) Any written notice required by this section shall be effec­
tive upon mailing.

18-8003. PERSONS AUTHORIZED TO WITHDRAW BLOOD FOR THE PURPOSES OF
DETERMINING CONTENT OF ALCOHOL OR OTHER INTOXICATING SUBSTANCES.
(1) Only a licensed physician, qualified medical technologist, registered
nurse, phlebotomist trained in a licensed hospital or educational
institution or other medical personnel trained in a licensed hospital
or educational institution to withdraw blood can, at the request of a police officer, withdraw blood for the purpose of determining the content of alcohol, drugs or other intoxicating substances therein. This limitation shall not apply to the taking of a urine, saliva or breath specimen. For purposes of this section: (a) the term "qualified medical technologist" shall be deemed to mean a person who meets the standards of a "clinical laboratory technologist" as set forth by the then current rules and regulations of the social security administration of the United States department of health and human services pursuant to subpart M of part 405, chapter III, title 20, of the code of federal regulation; and (b) the terms "phlebotomist" and "other medical personnel" shall be deemed to mean persons who meet the standards for the withdrawing of blood as designated and qualified by the employing medical facility or other employing entity of those persons.

(2) The person tested may, at his own expense, have a person of his own choosing, who is authorized to make a test, administer an evidentiary test for alcohol concentration in addition to the one administered at the request of a police officer.

18-8004. PERSONS UNDER THE INFLUENCE OF ALCOHOL, DRUGS OR ANY OTHER INTOXICATING SUBSTANCES. (1) It is unlawful for any person who is under the influence of alcohol, drugs or any other intoxicating substances, or who has 0.10 percent or more, by weight, of alcohol in his blood, as shown by analysis of his blood, urine, breath, or other bodily substance, to drive or be in actual physical control of a motor vehicle within this state, whether upon a highway, street or bridge, or upon public or private property open to the public.

(2) Any person having less than 0.10 percent, by weight, of alcohol in his blood, as shown by analysis of his blood, urine, breath, or other bodily substance by a test requested by a police officer shall not be prosecuted for driving under the influence of alcohol, except as provided in subsection (3) of this section. Any person who does not take a test to determine alcohol concentration or whose test result is determined by the court to be unreliable or inadmissible against him, may be prosecuted for driving or being in actual physical control of a motor vehicle while under the influence of alcohol, drugs, or any other intoxicating substances, on other competent evidence.

(3) If the results of the test requested by a police officer show less than 0.10 percent, by weight, of alcohol in the person's blood, such fact may be considered with other competent evidence of drug use other than alcohol in determining the guilt or innocence of the defendant.

(4) For purposes of this chapter, an evidentiary test for alcohol concentration is a determination of the percent by weight of alcohol in blood and shall be based upon a formula of grams of alcohol per one hundred (100) cubic centimeters of blood, per two hundred ten (210) liters of breath or sixty-seven (67) milliliters of urine. Analysis of blood, urine or breath for the purpose of determining the blood alcohol concentration shall be performed by a laboratory operated by the Idaho department of health and welfare or by a laboratory approved by the Idaho department of health and welfare under the provisions of approval and certification standards to be set by that department, or by any other method approved by the Idaho department of health and
welfare.

(5) It is unlawful for any person who is an habitual user of, or under the influence of any narcotic drug, or who is under the influence of any other drug or any combination of alcohol and any drug to a degree which renders him incapable of safely driving a motor vehicle, to drive or be in actual physical control of a motor vehicle within this state, whether upon a highway, street or bridge, or upon public or private property open to public use. The fact that any person charged with a violation of the provisions of this subsection shall not constitute a defense against any charge of a violation of the provisions of this subsection.

(6) "Actual physical control" as used in this section, shall be defined as being in the driver's position of the motor vehicle with the motor running or with the motor vehicle moving.

(7) Notwithstanding any other provision of law, any evidence of conviction under this section shall be admissible in any civil action for damages resulting from the occurrence. A conviction for the purposes of this section means that the person has pled guilty or has been found guilty, notwithstanding the form of the judgment(s) or withheld judgment(s).

18-8005. PENALTIES. (1) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, Idaho Code, for the first time is guilty of a misdemeanor; and
(a) May be sentenced to jail for not to exceed six (6) months;
(b) May be fined an amount not to exceed one thousand dollars ($1,000);
(c) Shall be advised by the court in writing at the time of sentencing of the penalties that will be imposed for second or subsequent violations of the provisions of section 18-8004, Idaho Code, which advice shall be signed by the defendant, and a copy retained by the court and another copy retained by the prosecuting attorney; and
(d) Shall have his driving privileges suspended by the court for not to exceed one hundred eighty (180) days; the defendant may request restricted driving privileges during the period of the suspension, which the court may allow, if the defendant shows by a preponderance of the evidence that driving privileges are necessary for his employment or for family health needs.

(2) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, Idaho Code, for the second time within five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s), is guilty of a misdemeanor; and
(a) Shall be sentenced to jail for a mandatory minimum period of not less than ten (10) days, and may be sentenced to not more than one (1) year;
(b) May be fined an amount not to exceed two thousand dollars ($2,000);
(c) Shall be advised by the court in writing at the time of sentencing, of the penalties that will be imposed for subsequent violations of the provisions of section 18-8004, Idaho Code, which advice shall be signed by the defendant, and a copy retained by the court and another copy retained by the prosecuting attorney;
(d) Shall surrender his license or permit to the court; and
(e) Shall have his driving privileges suspended by the court for an additional mandatory minimum period of six (6) months after release from confinement, and may have his driving privileges suspended by the court for an additional period of up to one (1) year after release from confinement. After thirty (30) days have passed following release from confinement, during which thirty (30) day period absolutely no driving privileges of any kind may be granted, the defendant may request restricted driving privileges during the balance of the suspension period, which the court may allow, if the defendant shows by a preponderance of the evidence that driving privileges are necessary for his family health needs or for his employment which requires that he operate a motor vehicle while on the job and in the course of his employment. That the defendant must commute between his residence and place of employment is not grounds for allowing the defendant to have restricted driving privileges.

(3) Any person who pleads guilty to or is found guilty of three or more violations of the provisions of section 18-8004, Idaho Code, within five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s), shall be guilty of a felony; and
(a) Shall be sentenced to the custody of the state board of correction for not to exceed five (5) years; provided that notwithstanding the provisions of section 19-2601, Idaho Code, should the court impose any sentence other than incarceration in the state penitentiary, the defendant shall be sentenced to the county jail for a mandatory minimum period of not less than thirty (30) days; and further provided that notwithstanding the provisions of section 18-111, Idaho Code, a conviction under this section shall be deemed a felony;
(b) May be fined an amount not to exceed five thousand dollars ($5,000);
(c) Shall surrender his license or permit to the court; and
(d) Shall have his driving privileges suspended by the court for a mandatory minimum period of one (1) year after release from imprisonment, and may have his driving privileges suspended by the court for not to exceed five (5) years after release from imprisonment, during which time he shall have absolutely no driving privileges of any kind.

(4) For the purposes of paragraphs (2) and (3) of this section, convictions of violation of the provisions of section 49-1102, Idaho Code, shall be considered by the court to determine if a later conviction is a second or subsequent conviction only if such convictions were of violations committed on or after July 1, 1983.

(5) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004 or 18-8006, Idaho Code, shall undergo, at his own expense, (or at county expense through the procedures set forth in chapters 34 and 35, title 31, Idaho Code,) and prior to the sentencing date, an alcohol evaluation by a licensed physician or alcohol evaluation facility approved by the Idaho department of health and welfare. The person shall request that a copy of the completed evaluation be forwarded to the court. The court shall take the evaluation into consideration in determining an appropriate
sentence. If a copy of the completed evaluation has not been provided to the court, the court may proceed to sentence the defendant. If the defendant has not made a good faith effort to provide the completed copy of the evaluation to the court, the court may consider the failure of the defendant to provide the report as an aggravating circumstance in determining an appropriate sentence. If treatment is ordered, in no event shall the person or facility doing the evaluation be the person or facility that provides the treatment, with the exception of federally recognized Indian tribes or federal military installations, where diagnosis and treatment are appropriate and available. Nothing herein contained shall preclude the use of funds authorized pursuant to the provisions of chapter 3, title 39, Idaho Code, for court-ordered alcohol treatment for indigent defendants.

(6) At the time of sentencing, the court shall be provided with the following information:
   (a) The results, if administered, of any evidentiary test for alcohol and/or drugs;
   (b) A computer or teletype or other acceptable copy of the person's driving record;
   (c) Information as to whether the defendant has pled guilty to or been found guilty of violation of the provisions of section 18-8004 or 18-8006, Idaho Code, or a similar offense within the past five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s); and
   (d) The alcohol evaluation required in subsection (5) of this section, if any.

(7) A minor may be prosecuted for a violation of the provisions of section 18-8004, Idaho Code, under title 16, Idaho Code. In addition to any other penalty, if a minor pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, Idaho Code, he shall have his driving privileges suspended or denied for an additional one (1) year following the end of any period of suspension or revocation existing at the time of the violation, or until he reaches the age of eighteen (18) years, whichever period is greater. During the period of additional suspension or denial, absolutely no driving privileges shall be allowed.

18-8006. AGGRAVATED DRIVING WHILE UNDER THE INFLUENCE OF ALCOHOL, DRUGS OR ANY OTHER INTOXICATING SUBSTANCES. (1) Any person causing great bodily harm, permanent disability or permanent disfigurement to any person other than himself in committing a violation of the provisions of section 18-8004, Idaho Code, is guilty of a felony, and upon conviction:
   (a) Shall be sentenced to the state board of correction for not to exceed five (5) years, provided that notwithstanding the provisions of section 19-2601, Idaho Code, should the court impose any sentence other than incarceration in the state penitentiary, the defendant shall be sentenced to the county jail for a mandatory minimum period of not less than thirty (30) days; and further provided that notwithstanding the provisions of section 18-111, Idaho Code, a conviction under this section shall be deemed a felony;
   (b) May be fined an amount not to exceed five thousand dollars ($5,000);
(c) Shall surrender his license or permit to the court; and
(d) Shall have his driving privileges suspended by the court for a mandatory minimum period of one (1) year after release from imprisonment, and may have his driving privileges suspended by the court for not to exceed five (5) years after release from imprisonment, during which time he shall have absolutely no driving privileges of any kind; and
(e) Shall, when appropriate, be ordered by the court to pay restitution.

(2) Notwithstanding any other provision of law, any evidence of conviction under this section shall be admissible in any civil action for damages resulting from the occurrence. A conviction for the purposes of this section means that the person has pled guilty or has been found guilty, notwithstanding the form of the judgment(s) or withheld judgment(s).

SECTION 3. That Section 49-329, Idaho Code, be, and the same is hereby amended to read as follows:

49-329. MANDATORY REVOCATION BY DEPARTMENT -- TEMPORARY RESTRICTED PERMIT. The department shall forthwith revoke the driving privilege of any driver or chauffeur upon receiving a record of such person's conviction of any of the following offenses, when such conviction has become final, if the court has not ordered the suspension or revocation of such privilege:
1. Vehicular manslaughter;
2. Any felony in the commission of which a motor vehicle is used, except that a court of competent jurisdiction shall have exclusive authority to suspend or revoke driving privileges upon conviction of a violation of the provisions of section 18-8004 or 18-8006, Idaho Code;
3. Failure to stop and render aid as required under the laws of this state in the event of a motor vehicle accident resulting in the death or personal injury of another;

5. Conviction, or forfeiture of bail, upon three (3) charges of reckless driving committed within a period of twelve (12) months.

Whenever any license, permit or driving privilege has been revoked by the department as provided in this section on the basis of subsections 2. through 5. above, the department may, however, issue a temporary restricted permit, except when restricted driving privileges are specifically prohibited by other provisions of law; except that no temporary restricted permit may be issued upon conviction of vehicular manslaughter.

Such temporary restricted permit shall specify the restrictions as to time and area of use and such further restrictions as the department, in its discretion, may impose.

SECTION 4. That Section 49-330, Idaho Code, be, and the same is hereby amended to read as follows:

49-330. AUTHORITY OF DEPARTMENT TO SUSPEND OR REVOKE LICENSE. (a)
If the court has not ordered the suspension of a license, permit or privilege, or made a determination with respect thereto, the department is hereby authorized to suspend the license of a driver or chauffeur without preliminary hearing upon a showing by its records or other sufficient evidence that the licensee:

1. Has committed an offense for which mandatory revocation of license is required upon conviction;
2. Has been convicted in any court in this state of an offense against a municipal ordinance which would have been grounds for suspension or revocation of license had the charge been prosecuted under a state law;
3. Is incompetent to drive a motor vehicle;

(A) Any person who in the opinion of the department, based upon recommendation of such person's personal physician, is afflicted with or subject to any condition which brings about momentary or prolonged lapses of consciousness or control, which is or may become chronic, or when such person is suffering from a physical or mental disability or disease serving to prevent him from exercising reasonable and ordinary control over a motor vehicle while operating it upon the streets and highways, or any person who is unable to understand highway signs, warning, regulating or directing traffic, is incompetent to drive a motor vehicle.

(B) Any person who shall not have minimum visual acuity with or without glasses of 20/40 in at least one (1) eye as determined by the Snellen system or other available systems is incompetent to drive a motor vehicle, provided, however, that the department shall have the authority to license such person upon recommendation of an ophthalmologist or qualified physician. Any person who applies for or receives any type of tax welfare or other benefits or exemptions for the blind shall be conclusively presumed incompetent to drive a motor vehicle.

(C) Any person, department, or political subdivision of the state of Idaho who receives an application for any type of tax, welfare, aid or other benefits or exemptions for the blind shall immediately forward the name, address, sex, date of birth, and date of application of such applicant to the department;

4. Has permitted an unlawful or fraudulent use of such license;
5. Has committed an offense in another state which if committed in this state would be grounds for suspension or revocation;

7. Has been convicted of the offense of reckless driving as provided in section 49-1103, Idaho Code, and providing that the driving privilege shall be suspended for a period of thirty (30) days upon conviction and providing further, that if a second conviction occurs within a two (2) year period of time from the time of the first conviction, the suspension shall be for ninety (90) days, and if a third conviction shall occur within a three (3) year period of time from the time of the first conviction, the period of suspension shall be for one (1) year;
87. Has a driving record which shows a violation point count of twelve (12) or more points in any consecutive twelve (12) month period; or
88. Is an habitual violator of the traffic laws of the state of Idaho.

(b) The term "violation" as herein used shall mean conviction of a misdemeanor charge involving a moving traffic violation; or an admission or judicial determination of commission of an infraction involving a moving traffic infraction, except bicycle infractions.

The term "conviction" as herein used shall mean a final conviction.

The term "habitual violator" as herein used shall mean any person who has a driving record which shows a violation point count of eighteen (18) or more points in any consecutive twenty-four (24) month period; or twenty-four (24) or more points in any consecutive thirty-six (36) month period.

In determining the "violation point count" as herein used, conviction of any charge, or proof of any infraction, involving a moving traffic violation shall be given a value of one (1) point for less serious violations to four (4) points for more serious violations; provided, that conviction or proof of infraction for only one (1) violation arising from one (1) occasion of arrest or citation shall be counted in determining the violation point count for the purposes of this section.

(c) The department is hereby authorized and directed to establish a violation point count system for various moving traffic violations and infractions occurring either within or without the state of Idaho, affecting all holders of operators' or chauffeurs' driving licenses issued by the department.

(d) Upon suspending the license of any person as hereinbefore in this section authorized the department shall immediately notify the licensee in writing and upon his request shall afford him an opportunity for a hearing before the director as early as practical within not to exceed twenty (20) days after receipt of such request in the county wherein the licensee resides unless the department and the licensee agree that such hearing may be held in some other county. Provided that said notice and hearing shall not be required if the licensee has duly executed and filed with the department a waiver of hearing for any mandatory suspension as provided in subsection (a)6 or (a)7 of this section, and surrendered to the court all operator's and chauffeur's licenses then held by said licensee, provided further, however, that a notice and hearing as provided herein shall be required prior to the imposition of additional suspension periods beyond the periods as set forth in this section. Upon such hearing the director or his duly authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the licensee. Upon such hearing the department shall either rescind its order of suspension or, good cause appearing therefor, may extend the suspension of such license or revoke such license.

(e) A court of competent jurisdiction shall have exclusive authority to suspend or revoke driving privileges upon failure or refusal of an individual to submit to an evidentiary test for alcohol,
drugs or any other intoxicating substances as provided by section 18-8002, Idaho Code.

(f) Whenever a license, permit or driving privilege has been suspended by the department as provided in this section, other than as set forth in subsections (a)3 and (a)4, the department may issue a temporary restricted permit restricting the time, area and purpose of use. Application, eligibility requirements and form of the temporary restricted permit shall be provided by rule of the department.

Notwithstanding any other provision of law, any evidence of conviction under this subsection 3.(b) shall be admissible in any civil action for damages resulting from the occurrence. 49-1121. CERTAIN CIRCUMSTANCES FOR FORFEITURE OF BOND FOR TRAFFIC OFFENSES. (1) Whenever a person has received a written uniform misdemeanor traffic citation, summons or complaint containing a notice to appear before a magistrate, and if the attorney prosecuting the case and the defendant concur that it is in the best interest of justice that the defendant may post and forfeit an amount of the bond agreed upon by the parties, the court shall dismiss the charge. When bond is forfeited under the provisions of this subsection, no violation points, as prescribed in section 49-330, Idaho Code, shall accrue. A forfeiture of bond under the provisions of this subsection shall not be recorded as a conviction.

AN ACT
RELATING TO INCOME TAXES; AMENDING SECTION 63-3004, IDAHO CODE, TO INCORPORATE AMENDMENTS MADE TO THE FEDERAL INTERNAL REVENUE CODE BY CONGRESS IN 1983; AND AMENDING SECTION 63-3022, IDAHO CODE, TO PERMIT DEDUCTION OF CERTAIN SOCIAL SECURITY AND RAILROAD RETIREMENT BENEFITS SUBJECT TO FEDERAL INCOME TAX; DECLARING AN EMERGENCY AND PROVIDING FOR RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3004, Idaho Code, be, and the same is hereby amended to read as follows:

SECTION 2. That Section 63-3022, Idaho Code, be, and the same is hereby amended to read as follows:

63-3022. TAXABLE INCOME. The term "taxable income" means "taxable income" as defined in section 63 of the Internal Revenue Code, adjusted as follows:

(a) Add interest and dividends received or accrued during the taxable year from foreign securities and from securities issued by states and other political subdivisions, other than those issued by the state of Idaho, its cities and political subdivisions, exempt from federal income tax under the Internal Revenue Code, less applicable amortization.

(1) In the case of a corporation whose income is computed pursuant to section 63-3022, Idaho Code, the interest expense deductible shall be an amount equal to—interest and dividend income subject to apportionment; plus the amount, if any, by which the balance of interest expense exceeds interest and dividend income not subject to apportionment; interest expense not included in the preceding sentence shall be directly offset against interest and dividend income not subject to apportionment.

(2) In the case of a corporation whose income is taxable under this chapter, no deduction shall be allowed for interest on indebtedness incurred or continued to purchase after January 1,
1983, or to carry obligations acquired after January 1, 1983, the interest of which is wholly exempt from the taxes imposed under this chapter. The amount of interest on indebtedness thus incurred or continued shall be an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as a deduction for interest for the taxable year as the taxpayer's average adjusted basis of the obligations mentioned in the preceding sentence bears to such average adjusted basis for all assets of the taxpayer, or, at the option of the taxpayer, an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as a deduction for interest for the taxable year as the taxpayer's interest income from the obligations mentioned in the preceding sentence bears to the taxpayer's total income for the taxable year.

(b) Add any state taxes, measured by net income, paid or accrued during the taxable year adjusted for state tax refunds used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.

(c) Add the net operating loss deduction used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.

(d) (1) Subtract any net operating loss incurred in the five (5) next preceding taxable years; provided, however, such net operating loss shall be subtracted first in the first succeeding taxable year, and any excess not so subtracted may then be subtracted in the second succeeding taxable year, and any excess shall be subtracted in each succeeding taxable year in order until the net operating loss is exhausted, but the total subtracted in such succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that net operating losses arising in taxable years commencing on or after January 1, 1964, must first be carried back to the three (3) taxable years preceding the year of such net operating loss in the manner provided in Internal Revenue Code section 172 except that no such net operating loss shall be carried back to any taxable year commencing before January 1, 1963; and provided, further, that net operating losses accumulated in any taxable years commencing before January 1, 1964 shall be carried forward as provided in the beginning part of this subsection before any carryback from a succeeding taxable year shall be taken into consideration.

(2) A net operating loss for any taxable year commencing on or after January 1, 1983, shall be a net operating loss carryover to each of the ten (10) taxable years following the taxable year of such loss; provided, however, such net operating loss shall be subtracted in each succeeding year in order but the total subtracted in the succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that a net operating loss not to exceed one hundred thousand dollars ($100,000) arising in a taxable year commencing on or after January 1, 1983, may, at the election of the taxpayer, be carried back to the three (3) immediately preceding taxable years, and if such loss is not
entirely absorbed by the income of those years, the amount of loss not exhausted may be subtracted from taxable income arising in the next ten (10) years succeeding the taxable year in which the loss arises in order until exhausted. An election under this subsection must be in the manner prescribed in the regulations of the State Tax Commission and once made is irrevocable for the year in which it is made. In the event that the taxpayer elects to carryback any loss arising in a year commencing on or after January 1, 1983, any loss not exhausted may be subtracted from taxable income arising in the next succeeding ten (10) taxable years in order until exhausted.

(3) Net operating losses incurred by a corporation during a year in which such corporation had no Idaho business situs may not be subtracted. Net operating losses incurred by a person, other than a corporation, in business activities not taxable by Idaho may not be subtracted.

(e) In the case of a corporation, add the amount deducted under the provisions of section 243(a) of the Internal Revenue Code (relating to dividends received by corporations) as limited by section 246(b)(1) of said code.

(f) In the case of a corporation, subtract an amount equal to eighty-five per cent (85%) of the amount received during the taxable year as dividends, as limited by the rules of section 246(b)(1) of the Internal Revenue Code, from any corporation which has shown to the satisfaction of the State Tax Commission that more than fifty per cent (50%) of its taxable income for the taxable year immediately preceding the declaration of such dividends was taxable by the state of Idaho under the provisions of this act.

(g) Subtract the amount of any income received or accrued during the taxable year which is exempt from taxation by this state, under the provisions of any other law of this state or a law of the United States, if not previously subtracted in arriving at taxable income, as defined by section 63 of the Internal Revenue Code.

(h) In the case of a corporation with more than fifty per cent (50%) of its income taxable within this state, the salary, fee or other compensation of its nonresident officers or directors shall be treated as income from sources within the state. Whether or not any personal services have been performed by such nonresident officers or directors in this state, they shall be deemed to have a business situs in this state. If such salary, fee or other compensation is not reported to this state as income, such corporation shall not deduct as part of its expenses for the taxable year any part of such salary, fee or other compensation in computing taxable income. When the salary, fee or other compensation paid to such nonresident officer is reported to this state as income by such nonresident officer, it shall be apportioned by applying to the total of such income the apportionment factor of the corporation paying the salary, fee or other compensation, as such factor is reported on the corporation's income tax return computed pursuant to section 63-3027, Idaho Code, or as subsequently modified. Provided, however, reasonable compensation paid to such nonresident officers or directors for personal services actually

In the event that a nonresident beneficiary of a trust or estate fails to file an Idaho income tax return reporting all or any part of distributable net income taxable in Idaho or fails to pay any tax due thereon, the trust or estate making the payment or distribution shall be taxable upon the amount of such distribution or payment at the rates established by section 63-3024, Idaho Code.

(j) In the case of an individual who is on active duty as a full time officer, enlistee or draftee, with the armed forces of the United States, which full time duty is or will be continuous and uninterrupted for one hundred twenty (120) consecutive days or more, deduct compensation paid for services performed outside this state by the armed forces of the United States; provided that appropriate adjustments shall be made in his zero bracket amount and exemptions as described in section 63-3027A, Idaho Code.

(k) In the case of a corporation, add any capital loss deducted which loss was incurred during any year in which such corporation had no Idaho business situs. In the case of persons, other than corporations, add any capital loss deducted which was incurred in business activities not taxable by Idaho at the time such loss was incurred. In the case of a corporation having income from Idaho sources and having elected to file federal income tax returns thereon pursuant to Subchapter-S of the Internal Revenue Code, salaries, wages, fees, and other compensation paid to nonresident shareholders, and the dividends distributed and the undistributed taxable income allocated to each nonresident shareholder, shall be treated as income from sources within the state. Whether or not any personal services have been performed in this state by such nonresident shareholders, they shall be deemed to have a business situs in this state. When the salaries, wages, fees, and other compensations paid to such nonresident shareholders or dividends paid to such nonresident shareholders or undistributed taxable income allocated to such shareholders is reported to this state as taxable income pursuant to this subsection, such income shall be apportioned by applying to the total of such income the apportionment factor of the corporation. The apportionment factor of the corporation shall be computed pursuant to the provisions of section 63-3027, Idaho Code. If such dividends, undistributed taxable income, salaries, wages, fees or other compensation are not reported to this state by the nonresident shareholders, such corporation shall report the same to this state and be taxable thereon. Provided, however, reasonable compensation paid to such nonresident shareholders for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources. In computing the income taxable to the corporation under this subsection, deduction shall not be allowed for a carryover or carryback of a net operating loss provided for in subsection (d) of this section or a
capital loss provided for in section 1212 of the Internal Revenue Code.

(1) In the case of natural persons, there shall be allowed as deductions from gross income either (1) or (2) at the option of the taxpayer:

RELATING TO THE DISPOSAL OF REAL AND PERSONAL PROPERTY BY SCHOOL DISTRICTS; AMENDING SECTION 33-601, IDAHO CODE, TO PERMIT THE BOARD OF TRUSTEES TO DISPOSE OF REAL OR PERSONAL PROPERTY UNDER CONDITIONS SPECIFIED WITHOUT REQUIRING APPROVAL OF THE STATE BOARD OF EDUCATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-601, Idaho Code, be, and the same is hereby amended to read as follows:
33-601. REAL AND PERSONAL PROPERTY -- ACQUISITION, USE OR DISPOSAL OF SAME. The board of trustees of each school district shall have the following powers and duties:

1. To rent to or from others, school buildings or other property used, or to be used, for school purposes.

2. To contract for the construction, repair, or improvement of any real property, or the acquisition, purchase or repair of any equipment, or other personal property necessary for the operation of the school district.

No such contract shall be executed which entails the expenditure of ten thousand dollars ($10,000) or more without notice first being given by publishing twice in the manner required by subsections g and h of section 33-402, Idaho Code, unless in cooperation with the division of purchasing or cooperative agency established pursuant to chapter 23, title 67, and/or sections 33-315-33-318 inclusive, Idaho Code. The board of trustees may let the contract to the lowest responsible bidder, or reject any bid, or reject all bids and publish notice for bids, as before. If, thereafter, no satisfactory bid is received, the board may proceed under its own direction, subject to the approval of the state board of education.

3. To designate and purchase any real property necessary for school purposes or in the operation of the district, the provisions of subsection 2 of this section notwithstanding, or remove any building, or dispose of any real property. The board of trustees shall determine the size of the site necessary for school purposes. The site shall be located within the incorporated limits of any city within the district; provided, however, that if the board finds that it is not in the best interests of the electors and the students of the district to locate the site within the incorporated limits of a city, the board, by duly adopted resolution setting forth the reasons for its finding, may designate a site located elsewhere within the district. In elementary school districts, except upon removal for highway purposes, a site may be designated or changed only after approval of two-thirds (2/3) or more of the electors voting at the annual meeting.

4. (a) To convey, except as provided by (b) of this subsection, by deed, bill of sale, or other appropriate instrument, all of the estate and interest of the district in any property, real or personal. In elementary school districts, except such conveyance as is authorized by subsection 6 of this section, any of the transactions authorized in this subsection shall be subject to the approval of two-thirds (2/3) or more of the electors voting at the annual meeting.

Prior to such sale or conveyance, the board shall have the property appraised by three (3) disinterested residents of the district, which appraisal shall be entered in the records of the board of trustees. The property may be sold at public auction or by sealed bids, as the board of trustees shall determine, to the highest bidder. Such property may be sold for cash or for such terms and conditions as the board of trustees shall determine for a period not exceeding ten (10) years, with the annual rate of
interest on all deferred payments not less than seven percent (7%) per annum. The title to all property sold on contract shall be retained in the name of the school district until full payment has been made by the purchaser, and title to all property sold under a note and mortgage or deed of trust shall be transferred to the purchaser at the point of sale under the terms and conditions of the mortgage or deed of trust as the board of trustees shall determine. Notice of the time and the conditions of such sale shall be published twice, and proof thereof made, in accordance with subsections g and h of section 33-402, Idaho Code, except that when the appraised value of the property is less than five hundred dollars ($500), one (1) single notice by publication shall be sufficient and the property shall be sold by sealed bids.

The board of trustees may accept the highest bid, may reject any bid, or reject all bids. If the real property was donated to the school district the board may, within a period of one (1) year from the time of the appraisal, sell the property without additional advertising or bidding. Otherwise, the board of trustees must have new appraisals made and again publish notice for bids, as before. If, thereafter, no satisfactory bid is made and received, the board may proceed under its own direction to sell and convey the property. In no case shall any real property of the school district be sold for less than its appraisal.

The board of trustees may sell personal property, with an estimated value of less than five hundred dollars ($500), without appraisal, by sealed bid or at public auction, provided that there has been not less than one (1) published advertisement prior to the sale of said property.

(b) Real and personal property may be exchanged hereunder for other property if the consideration received by said school district shall be deemed adequate by the board of trustees, provided, however, that aside from the provisions of this paragraph hereof, any school district may by a vote of one-half (1/2) plus one (1) of the members of the full board of trustees, by resolution duly adopted, authorize the transfer or conveyance of any real or personal property owned by such school district to the government of the United States, any city, county, the state of Idaho, any hospital district organized under chapter 13, title 39, Idaho Code, any other school district, any library district, any junior college district, or any recreation district, with or without any consideration accruing to the school district, when in the judgment of the board of trustees it is for the interest of such school district that said transfer or conveyance be made.

5. To enter into contracts with any city located within the boundaries of the school district for the joint purchase, construction, development, maintenance and equipping of playgrounds, ball parks, swimming pools, and other recreational facilities upon property owned either by the school district or the city.

6. To convey rights-of-way and easements for highway, public utility, and other purposes over, upon or across any school property
and, when necessary to the use of such property for any such purpose, to authorize the removal of school buildings to such new location, or locations, as shall be determined by the board of trustees, and such removal shall be made at no cost or expense to the school district.

7. To authorize the use of any school building of the district as a community center, or for any public purpose, and to establish a policy of charges, if any, to be made for such use.

8. To exercise the right of eminent domain under the provisions of chapter 7, title 7, Idaho Code, for any of the uses and purposes provided in section 7-701, Idaho Code.

9. If there is a great public calamity, such as an extraordinary fire, flood, storm, epidemic, or other disaster, or if it is necessary to do emergency work to prepare for national or local defense, or it is necessary to do emergency work to safeguard life, health or property, the board of trustees may pass a resolution declaring that the public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property. Upon adoption of the resolution, the board may expend any sum required in the emergency without compliance with this section.

AN ACT
RELATING TO THE IDAHO INSURANCE GUARANTY ASSOCIATION; AMENDING SECTION 41-3608, IDAHO CODE, TO PROVIDE FOR A FINAL DATE FOR THE FILING OF CLAIMS AGAINST THE ASSOCIATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-3608, Idaho Code, be, and the same is hereby amended to read as follows:

41-3608. OBLIGATIONS AND POWERS OF ASSOCIATION. (1) The association shall:

(a) Be obligated to the extent of the covered claims existing prior to the determination of insolvency, or before the policy expiration date if less than thirty (30) days after the determination, or before the insured replaces the policy or causes its cancellation, if he does so within thirty (30) days of the determination, but such obligation shall include only that amount of each covered claim which is in excess of one hundred dollars ($100) and is less than three hundred thousand dollars ($300,000), except that the association shall pay the full amount of any covered claim arising out of a workmen's compensation policy. In no event shall the association be obligated to a policy holder or
claimant in an amount in excess of the obligation of the insolvent
insurer under the policy from which the claim arises.

Notwithstanding any other provision of this chapter, a covered claim shall not include any claim filed with the association after the final date set by the court for the filing of claims against the liquidator or receiver of an insolvent insurer.

(b) Be deemed the insurer to the extent of its obligation on the covered claims and to such extent shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent.

(c) Allocate claims paid and expenses incurred among the three (3) accounts separately, and assess member insurers separately for each account amounts necessary to pay the obligations of the association under paragraph (a) subsequent to an insolvency, the expenses of handling covered claims subsequent to an insolvency, the cost of examinations under section 41-3613, Idaho Code, and other expenses authorized by this act. The assessments of each member insurer shall be in the proportion that the net direct written premiums of the member insurer for the preceding calendar year on the kinds of insurance in the account bears to the net direct written premiums of all member insurers for the preceding calendar year on the kinds of insurance in the account. Each member insurer shall be notified of the assessment not later than thirty (30) days before it is due. No member insurer may be assessed in any year on any account an amount greater than one percent (1%) of that member insurer's net direct written premiums for the preceding calendar year on the kinds of insurance in the account. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one (1) year in any account an amount sufficient to make all necessary payments from that account, the funds available shall be pro rated and the unpaid portion shall be paid as soon thereafter as funds become available. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Each member insurer may set off against any assessment, authorized payments made on covered claims and expenses incurred in the payment of such claims by the member insurer if they are chargeable to the account for which the assessment is made.

(d) Investigate claims brought against the association and adjust, compromise, settle, and pay covered claims to the extent of the association's obligation and deny all other claims and may review settlements, releases and judgments to which the insolvent insurer or its insureds were parties to determine the extent to which such settlements, releases and judgments may be properly contested.

(e) Notify such persons as the director directs under section 41-3610(2)(a).
(f) Handle claims through its employees or through one or more insurers or other persons designated as servicing facilities. Designation of a servicing facility is subject to the approval of the director, but such designation may be declined by a member insurer.

(g) Reimburse each servicing facility for obligations of the association paid by the facility and for expenses incurred by the facility while handling claims on behalf of the association and shall pay the other expenses of the association authorized by this act.

(2) The association may:

(a) Employ or retain such persons as are necessary to handle claims and perform other duties of the association.

(b) Borrow funds necessary to effect the purposes of this act in accord with the plan of operation.

(c) Sue or be sued.

(d) Negotiate and become a party to such contracts as are necessary to carry out the purpose of this act.

(a) Said sum shall be apportioned as follows: Thirty per cent (30%) of said sum to be apportioned among local units of government shall be divided among incorporated and specially chartered cities, in the same proportion as the population of said incorporated or specially chartered city bears to the total population of all such incorporated or specially chartered cities as shown by the last regular or special federal census.

(b) The remainder of said sum shall be apportioned as follows:
1. Ten per cent (10%) shall be divided equally among all counties of the state.
2. Forty-five per cent (45%) shall be divided among the counties of the state in the proportion that the amount collected from motor vehicle registrations in each county during the last calendar year bears to the total amount of such collections in all counties in the state.
3. Forty-five per cent (45%) shall be divided among the counties of the state in the proportion that the number of miles of improved roads in the county road system of each county bears to the total number of miles of improved roads in the county road systems of all counties in the state. The director of the Idaho transportation department is directed to certify to the state auditor, on or before January 1 of each year, the number of miles of improved roads in each county. An improved road shall be a graded and drained earth road or better, and a graded and drained
earth road shall be a traveled way of natural earth, aligned and
graded to permit reasonable convenient use by a motor vehicle, and
drained by longitudinal and transverse systems, natural or artifi­

surface water.

(c) The appropriation hereby made shall be remitted to the coun­
ties, and incorporated or specially chartered cities on the following
dates and in the following amounts: thirty-three and one-third per
cent (33 1/3%) of all highway user revenues accruing to said account
in the months of January, February, and March of each year not later
than April 25 of each year; thirty-three and one-third per cent
(33 1/3%) of all highway user revenues accruing to said account in the
months of April, May and June of each year not later than July 25 of
each year; thirty-three and one-third per cent (33 1/3%) of all high­
way user revenues accruing to said account in the months of July,
August, and September of each year not later than the 25th of October
of each year; thirty-three and one-third per cent (33 1/3%) of all
highway user revenues accruing to said account in the months of Octo­
ber, November, and December of each year not later than January 25 of
the succeeding year; the state auditor shall ascertain the sums set
for the above and shall remit to the several local units of government
their pro rata share of the amount so computed.

(d) Such moneys paid to incorporated or specially chartered
cities shall be expended by the governing bodies thereof solely in the
construction and maintenance of roads and streets within their corpo­
rate limits.

(e) Such moneys paid to the counties shall be placed by each
county in a fund to be known as the county road fund and the county
shall apportion the same as follows: To the interest and sinking fund
of said county such amount as may be necessary to meet the interest
and sinking fund requirements for the current year on any unpaid bonds
issued by said county for road and bridge purposes, or refunding bonds
issued to take up such bonds; the county shall pay over to each high­
way and good roads district within such county such portion of the
balance of such county road fund as the following apportion shall
apply:

1. Ten per cent (10%) shall be divided equally among the county,
   if the county maintains any roads, the highway districts and good
   roads districts;
2. Forty-five per cent (45%) shall be divided among the county,
   if the county maintains any roads, the highway districts and the
   good roads districts of the county in the proportion that the
   amount collected from motor vehicle registrations in each area
designated herein during the last calendar year bears to the total
amount of such collections in the entire county;
3. Forty-five per cent (45%) shall be divided among the county,
   if the county maintains any roads, the highway districts and good
   roads districts in the proportion that the number of miles of
   improved roads in the county road, highway or good roads district
   bears to the total number of miles of improved roads in the entire
   county road system as defined in subparagraph (b) 3 hereinbefore
set forth; and the county shall apportion as and when needed for disbursement for current expenses for the construction and maintenance of highways any further balance of such county road fund to the road and bridge fund of the said county, and the county may expend all or any portion thereof in the construction and maintenance of state highways in such county.

(f) Each highway and good roads district receiving such apportionment from the county road fund shall apportion the same as follows: To the interest and sinking fund of such district, such amount as may be necessary to meet the interest and sinking fund requirements for that year on any unpaid bonds issued by such district, and any balance of such funds shall be used for road and bridge maintenance and construction. Each district may expend all or any portion of such balance of such funds in the construction and maintenance of state highways in such district.

(g) No part of such county road fund or any apportionment therefrom shall ever be used for any purposes other than those hereinbefore provided, except as hereinafter provided, and if, at the end of any fiscal year there shall remain an unexpended balance of such funds in the hands of the treasurer of any highway district or good roads district, such balance shall be carried forward and retained and thereafter applied to the maintenance and construction of highways or the payment of bond interest and principal and sinking fund requirements as hereinbefore provided.

RELATING TO THE UNIFORM COMMERCIAL CODE; AMENDING SECTION 28-1-201, IDAHO CODE, TO PROVIDE A REVISED DEFINITION OF THE TERM "BANK".

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 28-1-201, Idaho Code, be, and the same is hereby amended to read as follows:

28-1-201. GENERAL DEFINITIONS. Subject to additional definitions contained in the subsequent chapters of this act which are applicable to specific chapters or Parts thereof, and unless the context otherwise requires, in this act:

(1) "Action" in the sense of a judicial proceeding includes recoupment, counterclaim, set-off, suit in equity and any other proceedings in which rights are determined.

(2) "Aggrieved party" means a party entitled to resort to a remedy.

(3) "Agreement" means the bargain of the parties in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this act (sections 28-1-205 and 28-2-208). Whether an agreement has legal consequences is determined by the provisions of this act, if applicable; otherwise by the law of contracts (section 28-1-103). (Compare "contract.")

(4) "Bank" means any person engaged in the business of banking, including any insured bank, whether chartered by federal or state law, any insured savings and loan association, whether insured by federal or state law, and any insured credit union, whether chartered by federal or state law, offering deposit or other accounts on which the depositor or account holder is permitted to make withdrawals by negotiable or transferable instrument, payment orders of withdrawal, telephone transfers, or other similar items for the purpose of making payments or transfers to third persons or others, including demand deposits, negotiable order of withdrawal accounts, savings deposits subject to automatic transfers, and share draft accounts.

(5) "Bearer" means the person in possession of an instrument, document of title, or security payable to bearer or indorsed in blank.

(6) "Bill of lading" means a document evidencing the receipt of goods for shipment issued by a person engaged in the business of transporting or forwarding goods, and includes an airbill. "Airbill" means a document serving for air transportation as a bill of lading
(7) "Branch" includes a separately incorporated foreign branch of a bank.
(8) "Burden of establishing" a fact means the burden of persuading the triers of fact that the existence of the fact is more probable than its nonexistence.
(9) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale to him is in violation of the ownership rights or security interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. All persons who sell minerals or the like (including oil and gas) at wellhead or minehead shall be deemed to be persons in the business of selling goods of that kind. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a pre-existing contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.
(10) "Conspicuous."—A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NON-NEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is "conspicuous" if it is in larger or other contrasting type or color. But in a telegram any stated term is "conspicuous." Whether a term or clause is "conspicuous" or not is for decision by the court.
(11) "Contract" means the total legal obligation which results from the parties' agreement as affected by this act and any other applicable rules of law. (Compare "agreement.")
(12) "Creditor" includes a general creditor, a secured creditor, a lien creditor and any representative of creditors, including an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity and an executor or administrator of an insolvent debtor's or assignor's estate.
(13) "Defendant" includes a person in the position of defendant in a cross-action or counterclaim.
(14) "Delivery" with respect to instruments, documents of title, chattel paper or securities means voluntary transfer of possession.
(15) "Document of title" includes bill of lading, dock warrant, dock receipt, warehouse receipt or order for the delivery of goods, and also any other document which in the regular course of business or financing is treated as adequately evidencing that the person in possession of it is entitled to receive, hold and dispose of the document and the goods it covers. To be a document of title a document must purport to be issued by or addressed to a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.
(16) "Fault" means wrongful act, omission or breach.
(17) "Fungible" with respect to goods or securities means goods or securities of which any unit is, by nature or usage of trade, the equivalent of any other like unit. Goods which are not fungible shall
be deemed fungible for the purposes of this act to the extent that under a particular agreement or document unlike units are treated as equivalents.

(18) "Genuine" means free of forgery or counterfeiting.

(19) "Good faith" means honesty in fact in the conduct or transaction concerned.

(20) "Holder" means a person who is in possession of a document of title or an instrument or an investment security drawn, issued or indorsed to him or to his order or to bearer or in blank.

(21) To "honor" is to pay or to accept and pay, or where a credit so engages to purchase or discount a draft complying with the terms of the credit.

(22) "Insolvency proceedings" includes any assignment for the benefit of creditors or other proceedings intended to liquidate or rehabilitate the estate of the person involved.

(23) A person is "insolvent" who either has ceased to pay his debts in the ordinary course of business or cannot pay his debts as they become due or is insolvent within the meaning of the federal bankruptcy law.

(24) "Money" means a medium of exchange authorized or adopted by a domestic or foreign government as a part of its currency.

(25) A person has "notice" of a fact when
(a) he has actual knowledge of it; or
(b) he has received a notice or notification of it; or
(c) from all the facts and circumstances known to him at the time in question he has reason to know that it exists.

A person "knows" or has "knowledge" of a fact when he has actual knowledge of it. "Discover" or "learn" or a word or phrase of similar import refers to knowledge rather than to reason to know. The time and circumstances under which a notice or notification may cease to be effective are not determined by this act.

(26) A person "notifies" or "gives" a notice or notification to another by taking such steps as may be reasonably required to inform the other in ordinary course whether or not such other actually comes to know of it. A person "receives" a notice or notification when
(a) it comes to his attention; or
(b) it is duly delivered at the place of business through which the contract was made or at any other place held out by him as the place for receipt of such communications.

(27) Notice, knowledge or a notice or notification received by an organization is effective for a particular transaction from the time when it is brought to the attention of the individual conducting that transaction, and in any event from the time when it would have been brought to his attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless such communication is part of his regular duties or unless he has reason to know of the transaction and that the transaction would be materially affected by
the information.

(28) "Organization" includes a corporation, government or governmen­tal subdivision or agency, business trust, estate, trust, partner­ship or association, two (2) or more persons having a joint or common interest, or any other legal or commercial entity.

(29) "Party," as distinct from "third party," means a person who has engaged in a transaction or made an agreement within this act.

(30) "Person" includes an individual or an organization (See section 28-1-102).

(31) "Presumption" or "presumed" means that the trier of fact must find the existence of the fact presumed unless and until evidence is introduced which would support a finding of its nonexistence.

(32) "Purchase" includes taking by sale, discount, negotiation, mortgage, pledge, lien, issue or reissue, gift or any other voluntary transaction creating an interest in property.

(33) "Purchaser" means a person who takes by purchase.

(34) "Remedy" means any remedial right to which an aggrieved party is entitled with or without resort to a tribunal.

(35) "Representative" includes an agent, an officer of a corpora­tion or association, and a trustee, executor or administrator of an estate, or any other person empowered to act for another.

(36) "Rights" includes remedies.

(37) "Security interest" means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (section 28-2-401) is limited in effect to a reservation of a "security interest." The term also includes any interest of a buyer of accounts or chattel paper which is subject to chapter 9. The special property interest of a buyer of goods on identification of such goods to a contract for sale under section 28-2-401 is not a "security interest," but a buyer may also acquire a "security interest" by complying with chapter 9. Unless a lease or consignment is intended as security, reservation of title thereunder is not a "security interest" but a consignment is in any event subject to the provisions on consignment sales (section 28-2-326). Whether a lease is intended as security is to be deter­mined by the facts of each case; however, (a) the inclusion of an option to purchase does not of itself make the lease one intended for security, and (b) an agreement that upon compliance with the terms of the lease the lessee shall become or has the option to become the owner of the property for no additional consideration or for a nominal consideration does make the lease one intended for security.

(38) "Send" in connection with any writing or notice means to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and in the case of an instrument to an address specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances. The receipt of any writing or notice within the time at which it would have arrived if properly sent has the effect of a proper sending.

(39) "Signed" includes any symbol executed or adopted by a party
with present intention to authenticate a writing.

(40) "Surety" includes guarantor.

(41) "Telegram" includes a message transmitted by radio, tele-
type, cable, any mechanical method of transmission, or the like.

(42) "Term" means that portion of an agreement which relates to a
particular matter.

(43) "Unauthorized" signature or indorsement means one made with­
out actual, implied or apparent authority and includes a forgery.

(44) "Value." Except as otherwise provided with respect to nego­
tiable instruments and bank collections (sections 28-3-303, 28-4-208
and 28-4-209) a person gives "value" for rights if he acquires them
(a) in return for a binding commitment to extend credit or for
the extension of immediately available credit whether or not drawn
upon and whether or not a chargeback is provided for in the event
of difficulties in collection; or
(b) as security for or in total or partial satisfaction of a
pre-existing claim; or
(c) by accepting delivery pursuant to a pre-existing contract for
purchase; or
(d) generally, in return for any consideration sufficient to sup­
port a simple contract.

(45) "Warehouse receipt" means a receipt issued by a person
engaged in the business of storing goods for hire.

(46) "Written" or "writing" includes printing, typewriting or any
other intentional reduction to tangible form.

Approved March 26, 1984.

If, during questioning, the accused declines to make any further statement or requests to consult with counsel before answering further questions, then questioning...

(b) The military judge and, except for question of challenge, the president of a court-martial without a military judge shall rule upon all questions of law and all interlocutory questions arising during the proceedings. Such ruling made by the military judge upon any question of law or any interlocutory question other than the factual issue of mental responsibility of the accused, or by the president of a special court-martial without a military judge upon any question of law other than a motion for a finding of not guilty, is final and constitutes the ruling of the court. However, the military judge or the president of a court-martial without a military judge may change the ruling at any time during the trial. Unless the ruling is final, if any member objects thereto, the court shall be cleared and closed and the question decided by a voice vote beginning with the junior in rank.

(3) That, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree as to which there is no reasonable doubt; and

The record shall contain matters as may be prescribed by regulations of the governor.

(b) Each special court-martial shall keep a separate record of the proceedings in each case, which record shall contain such matter
and be authenticated in such manner as may be required by regulations which the governor may prescribe.

A copy of the record of the proceedings of each general and special a court-martial shall be given to the accused as soon as it is authenticated. SECTION 1. That Section 33-313, Idaho Code, be, and the same is hereby amended to read as follows:

33-313. TRUSTEE ZONES. Each elementary school district shall be divided into three (3) trustee zones and each other school district shall be divided into no fewer than five (5) or more than nine (9) trustee zones according to the provisions of section 33-501, Idaho Code. Any proposal to define the boundaries of the several trustee zones in each such school district shall include the determination, where appropriate, of the number of trustee zones in such district, and the date of expiration of the term of office for each trustee. The boundaries of the several trustee zones in each such school district shall be defined and drawn so that, as reasonably as may be, each such zone shall have approximately the same population. For the purpose of this act, population shall be construed to be the legal residents of the district and children of such legal residents as provided in article 6, section 2 of the constitution of the state of Idaho.

Whenever the area of any district has been enlarged by the annexation of all or any part of another district, or by the correction of
errors in the legal description of school district boundaries, any such additional territory shall be included in the trustee zone or zones contiguous to such additional territory until such time as the trustee zones may be redefined and changed. Trustee zones may be redefined and changed, but not more than once every two (2) years in the manner hereinafter provided.

A proposal to redefine and change trustee zones of any district may be initiated by its board of trustees, and submitted to the state board of education, or by petition signed by not less than fifty (50) school electors residing in the district, and presented to the board of trustees of the district. Within sixty (60) days following the receipt of a petition to redefine and change the trustee zones of a district the board of trustees shall prepare a proposal for a change which will equalize the population in each zone in the district and shall submit the proposal to the state board of education. Any proposal, or petition, shall include a legal description of each trustee zone as the same would appear as proposed, a map of the district showing how each trustee zone would then appear, and the approximate population each would then have, should the proposal to change any trustee zones become effective.

Within sixty (60) days after it has received the said petition and plan the state board of education may approve or disapprove any proposal to redefine and change trustee zones and shall give notice thereof in writing to the board of trustees of the district wherein the change is proposed. Should the state board of education approve the proposal, the board of trustees shall within sixty (60) days after notification of the approval of such proposal submit to the school district electors residing in the district, in an election to be held not less than thirty (30) days prior to the date of the next ensuing annual election of school district trustees, the question of approving or disapproving the proposal to change trustee zones. Notice of such election shall be posted and published, the election shall be held and conducted and the ballots canvassed, as provided in sections 33-401--33-406, Idaho Code. If a majority of the school district electors residing in the district, and voting in the election, should approve the proposal, the trustee zones shall be changed in accordance with the proposal.

At the next regular meeting of the board of trustees following the approval of the proposal the board shall appoint from its membership or from the patrons resident in each trustee zone, a person from that zone to serve as trustee until the next regularly-scheduled-trustee election-for-that-zone annual meeting. At the annual election a trustee shall be elected to serve during the term specified in the election for the zone. The elected trustee shall assume office at the annual meeting of the school district next following the election.

SECTION 2. That Section 33-504, Idaho Code, be, and the same is hereby amended to read as follows:

The board of trustees shall appoint to such vacancy a person qualified to serve as trustee of the school district providing there remain in membership on the board of trustees a majority of the membership thereof, and the board shall notify the state board of education of the appointment. Otherwise, appointments shall be made by the board of county commissioners of the county in which the district is situate, or of the home county if the district be a joint district.

Any person appointed as herein provided shall serve until the annual election meeting of school district trustees next following such appointment. At such the annual election a trustee shall be elected to complete the unexpired term of the office which was declared vacant and filled by appointment.

SECTION 1. That Section 6-924, Idaho Code, be, and the same is hereby amended to read as follows:

6-924. POLICY LIMITS -- MINIMUM REQUIREMENTS. Every policy or
contract of insurance or comprehensive liability plan of a governmental entity as permitted under the provisions of this Act chapter shall provide:

2. In respect to damage or loss of property, the insurance carrier shall pay on behalf of the insured governmental entity or its employee to a limit of not less than one hundred-thousand-dollars ($100,000) because of damage or loss of property in any one (1) accident for bodily or personal injury, death, or property damage or loss as the result of any one (1) occurrence or accident, regardless of the number of persons injured or the number of claimants.

SECTION 2. That Section 6-926, Idaho Code, be, and the same is hereby repealed.

SECTION 3. That Chapter 9, Title 6, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 6-926, Idaho Code, and to read as follows:

6-926. JUDGMENT OR CLAIMS IN EXCESS OF COMPREHENSIVE LIABILITY PLAN -- REDUCTION BY COURT -- LIMITS OF LIABILITY. The combined, aggregate liability of a governmental entity and its employees for damages, costs and attorney fees under this chapter, on account of bodily or personal injury, death, or property damage, or other loss as the result of any one (1) occurrence or accident regardless of the number of persons injured or the number of claimants, shall not exceed and is limited to five hundred thousand dollars ($500,000), unless the governmental entity has purchased applicable, valid, collectible liability insurance coverage in excess of said limit, in which event the controlling limit shall be the remaining available proceeds of such insurance. If any judgment or judgments, including costs and attorney fees that may be awarded, are returned or entered, and in the aggregate total more than five hundred thousand dollars ($500,000), or the limits provided by said valid, collectible liability insurance, if any, whether in one or more cases, the court shall reduce the amount of the award or awards, verdict or verdicts, or judgment or judgments in any case or cases within its jurisdiction so as to reduce said aggregate loss to said applicable statutory limit or to the limit or limits provided by said valid, collectible insurance, if any, whichever was greater.

Limits of liability above specified shall not be increased or altered by the fact that a decedent, on account of whose death a wrongful death claim is asserted hereunder, left surviving him or her more than one (1) person entitled to make claim therefor, nor shall the aggregate recovery exceed the single limit provided for injury or
death to any one (1) person in those cases in which there is both an injury claim and a death claim arising out of the injury to one (1) person, the intent of this section being to limit such liabilities and recoveries in the aggregate to one (1) limit only.

The entire exposure of the entity and its employee or employees hereunder shall not be enlarged by the number of liable employees or the theory of concurrent or consecutive torts or tort feasors or of a sequence of accidents or incidents if the injury or injuries or their consequences stem from one (1) occurrence or accident.

In no case shall any court enter judgment, or allow any judgment to stand, which results in the limit of liability herein provided to be exceeded in any manner or respect. If any court has jurisdiction of two (2) or more such claims in litigation in which the adjudication is simultaneous and, in the aggregate, exceeds the limits above provided, the reduction shall be pro rata in a proportion consistent with the relative amounts of loss of the claimants before the court; otherwise, the reduction shall be determined and made in view of limits remaining after the prior settlement of any other such claims or the prior satisfaction of any other such judgments, and no consideration shall be given to other such outstanding claims, if any, which have not been settled or satisfied prior thereto.

The court shall reduce any judgment in excess of the limits provided by this act in any matter within its jurisdiction, whether by reason of the adjudication in said proceedings alone or of the total or aggregate of all such awards, judgments, settlements, voluntary payments or other such loss relevant to the limits above provided.

SECTION 4. This act shall be in full force and effect on and after October 1, 1984, and shall apply to all claims under the Idaho tort claims act which arise out of any accident occurring or any negligent or wrongful act or omission of any governmental entity or its employee committed on and after October 1, 1984.

The final determination of an acceptable program and adequate funding in the case of a remote and necessary elementary school shall be made by the state board of education.

a placer or dredge mining operation shall, within one (1) year of per­
manent cessation of operations as to the whole or any part of the
permit area, commence restoration of disturbed lands in the permit
area or in any portion thereof as to which operations are permanently ceased. In accordance with a permit approved for the operation under section 47-1317, Idaho Code, surfaces shall be returned to a contour reasonably comparable to that contour existing prior to disturbance, topsoil shall be replaced where deemed appropriate by the board, and vegetation shall be planted reasonably comparable to that vegetation existing prior to disturbance. Any disturbed natural watercourse shall be restored to a configuration and pool structure conducive to good fish and wildlife habitat and recreational use.

(b) Any person desiring to conduct placer or dredge exploration operations using motorized earth-moving equipment shall, within seven (7) days of commencing exploration, notify the director by certified mail of the name and address of the person, and the location, anticipated size, and method of exploration. The director shall treat such notice as confidential. Lands disturbed by any placer or dredge exploration operation which causes a cumulative surface disturbance of less than one-half (1/2) acre of land, including roads, shall be restored to conditions reasonably comparable to conditions existing prior to the placer or dredge exploration operation.

SECTION 4. That Section 47-1315, Idaho Code, be, and the same is hereby amended to read as follows:

47-1315. WATER CLARIFICATION. Where any person conducts a dredge or other placer or dredge mining operation where the water used in such mining process flows in, or into a stream in the state of Idaho, it is hereby required that such operator construct and use settling ponds of sufficient capacity and character and/or install and use filtration processes fully adequate to clarify the water used in the mining process to conform to the standards and regulations of the state board of health for water quality under chapter 1, title 39, Idaho Code, before such water is discharged into the stream natural watercourse.

SECTION 5. That Section 47-1317, Idaho Code, be, and the same is hereby amended to read as follows:

47-1317. APPLICATION, PERMIT AND BOND REQUIRED. (a) Before any person conducts a dredge or other placer or dredge mining operation on lands and beds of streams or natural watercourses in the state of Idaho, such person shall file with the director of the department of lands an application for a permit upon a form provided by the director, and shall pay an application fee of fifty dollars ($50.00), for each ten (10) acres or fraction thereof above involved in such application, provided that no application fee shall exceed one thousand dollars ($1,000). Appli-
cation fees shall be deposited in the dredge and placer mining account.

(b) The permit to issue in any such case shall be in a form provided and approved by the Idaho State Board of Land Commissioners. No such permit shall be issued to any applicant to conduct dredge-or other placer-mining operations; until such the applicant files with said the director an initial surety bond in the sum of fifteen thousand dollars (§15,000) for a specified and particularly described ten (10) acre tract of the area covered by the permit or for all of the land covered by the permit if the permit covers an area less than ten (10) acres; with sureties acceptable to said director conditioned for the faithful performance by the applicant of all of the requirements of this act, relative to land and watercourse restoration in lieu of such surety bond; cash may be deposited with said director in the sum computed in the same manner as hereinabove set forth; to be retained as security for the faithful performance by the applicant of said requirements of this act.

It shall be unlawful for any person, firm or corporation to conduct dredge or other placer mining operations in this state on any of the permit area not covered by the initial or subsequent bond until and unless a similar bond has been filed with the director for at least ten (10) additional specified acres of the permit area upon which the operations are being conducted or for all of the remaining area covered by the permit in cases where it totals less than ten (10) acres; which bond shall be in the sum of the number of acres to be covered by the bond times one thousand dollars (§1,000). Provided, however, that no bond filed after the initial bond shall be in a sum of less than fifteen thousand dollars (§15,000). Provided, further, that such subsequent bonds may be in the form of cash an amount determined by the board to be the estimated reasonable costs, in the event of failure to reclaim by the permittee, of reclamation of lands proposed to be disturbed in the permit area, plus ten percent (10%). The determination by the board of the bond amount shall constitute a final decision subject to judicial review as set forth in subsection (d) of section 47-1320, Idaho Code. The bond may be submitted in the form of a surety, cash, certificate of deposit, or other bond acceptable to the director, provided that any bond shall be in the applicable amount set forth above.

(c) It shall be unlawful for any person, firm or corporation to conduct dredge or other placer or dredge mining operations in this state without first having obtained a permit and bond as herein provided. Such application shall be on form supplied by the director and shall include an accurate description of the land proposed to be dredged or otherwise placer mined; by legal subdivisions and specify the number of acres involved. The permit issued in each such case shall in like manner describe the land and acres involved as shown by the related application. Each permit to conduct dredge or other placer mining operations pursuant to the provisions of this act shall be valid unless terminated for cause as hereinafter provided; for continuous operations upon the lands described, commencing with the date of said permit. The board shall determine whether a permit application
and bond submitted by an applicant satisfies the requirements of this act and regulations promulgated thereto. Upon such determination, the board shall notify the applicant in writing of approval or denial of the permit application and bond. Any notice of rejection shall state the reasons for such rejection. An applicant may submit an amended permit application and bond.

(d) It shall be the duty of the Idaho state board of land commissioners in its administration of this act to cause periodic inspections to be made of the operations under such permits to determine compliance with this law and to make rules and regulations with respect thereto and the cost and expense of making such inspections shall be borne by the permittee, which such costs and expenses shall constitute a lien upon the lands specified in the permit, equipment, personal property, or real property of the permittee and the minerals produced therefrom from the permit area, and the failure to pay the amount thereof on demand by the board shall be cause for termination of the permit. All inspection fees shall be deposited in the dredge and placer mining account.

(e) The board may release an applicant from the requirement that the applicant submit a bond if the director determines that the applicant has insured faithful performance of the requirements of this act and regulations promulgated thereto pertinent to land and watercourse restoration by submitting and having on file a current and valid bond with the United States government, which bond equals or exceeds the amount set forth above, provided that such release by the director shall not release an applicant from bonding under this act, should the permittee fail to continuously maintain a valid bond with the United States government or from compliance with any other requirement of this act or regulations promulgated thereto.

(f) Permits issued hereunder are not transferable; and persons to whom such permits are issued shall not transfer nor attempt to transfer them to another. Upon determination by the director that restoration has been satisfactorily completed on a portion of a permit area in accordance with the applicable approved permit and with subsection (a) of section 47-1314, Idaho Code, the board may reduce the bond amount to reflect the completed restoration.

(eg) That if any applicant for such dredge or other placer mining operations as contemplated by this act be not the owner of the lands described in the application or any part thereof, the owner of such lands shall indorse his approval of the application, and no permit shall be issued in the absence of such approval by the owner of lands described in the application not owned by the applicant.

(gh) No permit shall be issued proposing to alter or occupy the bed of a navigable stream or to dredge any stream or watercourse without notification to the department of water resources of the pending application. The department of water resources shall respond to said notification within twenty (20) days, and the response shall be included in any permit granted hereunder by a showing whether the permit constitutes a permit from the department of water resources or whether an additional permit from the department of water resources shall be required.
No permit shall issue hereunder to dredge nor otherwise placer mine any lands owned by the state of Idaho, including the beds of navigable streams, and including the mineral reservations in lands sold by the state, unless a mineral lease shall be made of such terms and at such royalty to the state as its board of state land commissioners shall prescribe and determine.

The Idaho state board of land commissioners shall have the power to deny any application for a permit on state land, stream or river beds, or on any unpatented mining claims, upon its determination that a dredge mining operation on the land proposed would not be in the public interest, giving consideration to economic factors, recreational use for such lands, fish and wildlife habitat and other factors which in the judgment of the state land board may be pertinent, and may deny an application upon notification by the department of water resources that the grant of such permit would result in permanent damage to a stream channel.

Upon default, in the event that the amount of the bond is insufficient to reclaim the land in compliance with the act and the approved plan, the attorney general is empowered to commence legal action against the operator in the name of the state board of land commissioners to recover the amount in excess of the bond necessary to reclaim the land in compliance with the act and the approved plan.

SECTION 6. That Section 47-1319, Idaho Code, be, and the same is hereby amended to read as follows:

47-1319. BOND FORFEITURE ON DEFAULT. (a) The surety bond required by this act to be given by a permittee for dredge or other placer mining purposes under permit shall be exonerated and discharged upon the completion or termination of such mining operation as specified in the permit granted therefor and upon full compliance with the requirements of this act and the rules and regulations of said board of land commissioners made for the administration thereof.

(b) That in event the holder of any permit issued under this act fails to comply with the requirements of this act and the rules and regulations of the Idaho board of land commissioners for the administration hereof, then the applicable bond of such operator shall be forfeited to the state of Idaho in such amount and to such extent as the state board of land commissioners shall estimate and determine will be necessary to pay all cost and expense of restoring the lands and beds of streams damaged by dredge or other placer mining of said defaulting permittee and covered by such bond and remaining unrestored, and such forfeited funds are to be administered through a special fund by said board of land commissioners to restore the lands and beds of streams damaged by dredge or other placer mining of such defaulting permittee; and all funds from all bonds forfeited are hereby perpetually appropriated to a special fund to be administered by the board of land commissioners for the restoration of such lands and watercourses damaged in dredge or other placer mining operations deposited in the dredge and placer mining account, which is hereby created in the dedicated fund of the state treasury. All moneys
deposited in the dredge and placer mining account pursuant to this section or other provisions of this chapter shall be utilized by the state board of land commissioners for the restoration of lands and watercourses damaged by placer or dredge mining operations.

(c) No forfeiture of bond of a permittee shall be made until after hearing duly noticed and held as provided in sections 47-1318 and 47-1320 hereof and the findings of facts and rulings of law in support of the order of forfeiture have been made and the time for appeal has expired.

SECTION 7. That Section 47-1320, Idaho Code, be, and the same is hereby amended to read as follows:

Each hearing shall be held at the county seat in any county where the dredge or other placer mining is being conducted or where any of the lands involved in the hearing are situate, or in the county of Ada, as the board may designate.

(b) If the hearing involves a permit or application for a permit, the decision of the board, or the decision of the member to whom the matter may have been assigned, or the decision of the hearing officer, together with the transcript of the evidence, findings of fact, and any other matter pertinent to the questions arising during any hearing shall be filed in the office of the director of the department of lands. A copy of such findings of fact and decision shall be immediately sent to the applicant or holder of the permit involved in such hearing by United States mail. If the matter has been assigned for hearing by a member of the board or a hearing officer and a claim for review is not filed by any such party in the proceedings within thirty (30) days after his decision is filed, such decision may be adopted as the decision of the board, and notice thereof shall be immediately sent to the applicant or permit holder involved in such hearing by United States mail.

(c) If a claim for review is filed, the board shall hear arguments and may hear the evidence in regard to any or all matters pertinent to the matter decision, and may revise the decision in whole or in part, or may refer the matter back to the member or hearing officer for further findings of fact and. after service of such notice upon the board, the secretary of the
board shall certify three (3) copies of its records, proceedings and

based thereon in whole or in part, and shall file one (1) with the
clerk of said court, and shall serve one (1) on the attorney general
of the state of Idaho, and the case thereafter shall be tried by the
court.

An appeal may be taken by any party from any decision of the dis-
trict court to the Supreme Court of the state of Idaho as in other
civil cases.

hereby amended to read as follows:

PROCEDURE ENFORCEMENT AND PENALTIES FOR VIOLATION. (a) The state board
of land commissioners may maintain an action in the name of the state
of Idaho to enjoin any person, firm, or corporation from operating or
maintaining a dredge or placer mine placer or dredge mining operation
without holding a valid permit therefor or bond as provided in this
act. Such action shall be brought in the district court of this state
in the county in which such mining is alleged to have been conducted
by filing a verified complaint setting forth the alleged violation, or
in the appropriate courts of the United States where the rules and
statutes governing such courts permit or regulations promulgated
thereto. The court, or a judge thereof at chambers, if satisfied from
such a complaint or by affidavits that the alleged acts have been or
are being committed, may issue a temporary restraining order, without
notice or bond, enjoining the defendant, his agents and employees,
from operating or maintaining such dredge or placer mine or dredge
mining operation without obtaining a permit and bond as provided in
this act and without complying with other provisions of this act or
regulations promulgated thereto. No showing of injury shall be required other than that this act is being violated by the operation or maintenance of a placer or dredge mining operation without the approved permit and bond. Upon a showing of good cause therefor, the temporary-restraining-order court may require the defendant to make undertake mitigation or restoration of the mined disturbed area in conformity with section 47-1314, Idaho Code, pending final disposition of the action. The action shall proceed as in other cases for injunctions. If at the trial the operation and maintenance of dredge-or a placer mine or dredge mining operation without a permit or bond be established, and the court further finds that it is probable that the defendant will continue therein or in similar violations, the court shall enter a decree perpetually enjoining said defendant, his agents and employees from thereafter committing said or similar actions in violation of this act.

(b) The board may maintain an action in the name of the state of Idaho to enjoin any person from operating or maintaining a placer or dredge mining operation when, under an existing approved permit and bond, an operator violates or exceeds the terms of the permit or violates a provision of this act, and the bond, if forfeited, would not be sufficient to adequately restore the land.

(c) In addition to the injunctive provisions above, the board may maintain a civil action against any person who violates any provision of this act to collect civil damages in an amount sufficient to pay for all the damages to the state caused by such violation, including but not limited to, costs of restoration in accordance with section 47-1314, Idaho Code, where a person is conducting placer or dredge mining without an approved permit or bond.

(d) Notwithstanding any other provisions of this act, any person who violates any of the provisions of this act or regulations promulgated thereto, or who violates any determination or order promulgated pursuant to the provisions of this act, shall be liable for a civil penalty of not less than five hundred dollars ($500) nor more than two thousand five hundred dollars ($2,500) for each day during which such violation continues. Such penalty shall be recoverable in an action brought in the name of the state of Idaho by the attorney general. All sums recovered shall be placed in the state treasury and credited to the dredge and placer mining account, to be administered by the board for the restoration of lands and watercourses damaged by placer or dredge mining operations.

(e) No administrative action or decision by the director or board shall be required prior to enforcement of any of the above remedies, provided that no permit shall be terminated and no bond shall be forfeited without administrative hearing as provided under sections 47-1318 and 47-1319, Idaho Code. No administrative action or decision by the Idaho board of health and welfare shall be required prior to enforcement of any of the above remedies by the state of Idaho against any person violating section 47-1315, Idaho Code.

(f) Any person who wilfully or knowingly falsifies any records, plans, specifications, or other information required by the board or wilfully fails, neglects, or refuses to comply with any provisions of
this act shall be guilty of a misdemeanor punishable by a fine of not
less than one thousand dollars ($1,000) and not more than five thou-
sand dollars ($5,000) or imprisonment not to exceed one (1) year, or
both.

(g) All civil actions provided for in this section shall be filed
in the district court of this state for the county wherein the viola-
tion, or some part thereof, occurs, or in the district court for the
county wherein the defendant resides or has a principal place of busi-
ness, or in the district court for the county of Ada if the defendant
resides out-of-state, or in the appropriate court of the United States
where the rules and statutes governing such courts permit.

SECTION 9. This act shall be in full force and effect on and
after July 1, 1984, provided that any person conducting a placer or
dredge mining operation under a valid state permit and bond as of July
1, 1984, shall not be required to obtain an amended permit or bond
conforming to this act prior to July 1, 1985.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 14-408, Idaho Code, be, and the same is hereby amended to read as follows:

1. All property transferred to societies, corporations, trusts and institutions now or hereafter exempted by law from taxation, or to any public corporation, or to any society, corporation, institution, trust or association, or persons engaged in or devoted to any charitable, benevolent, educational, public, or other like work (pecuniary profit not being its object or purpose), or to any person, society, corporation, trust, institution, or association of persons in trust for or to be devoted to any charitable, benevolent, educational, or public purpose, by reason whereof any such person, corporation or trust shall become beneficially entitled, in possession or expectancy, to any such property or to the income thereof, shall be exempt; provided, however, that such society, corporation, trust, institution or association be organized or existing under the laws of this state or that the property transferred be limited for use within this state, or that such society, corporation, trust, institution or association be organized or existing under the laws of a state which grants similar reciprocal tax exemption to such societies, corporations, trusts, institutions and associations in this state, except that all transfers to any privately owned hospital for crippled children within the United States, to which crippled or afflicted children from the state
of Idaho are, without discrimination gratuitously admitted and treated, shall be exempt.

2. a. Property of the clear value of fifty thousand dollars ($50,000) transferred to the surviving spouse or to a minor child of the decedent, of thirty thousand dollars ($30,000) transferred to each of the other persons described in the first subdivision of section 14-406, Idaho Code, and all property transferred to the surviving spouse shall be exempt, and provided further that qualified terminable interest property, as defined by the internal revenue code of 1954, as amended, and in effect on January 1, 1982, and for which a valid election thereunder has been made for federal estate tax purposes, shall be exempt when transferred to a surviving spouse.

b. All property transferred, or property which can be identified as having been received in exchange for property transferred, by a decedent to any person described in the first subdivision of section 14-406, Idaho Code, providing the same was transferred to such decedent not more than four (4) years prior to his death by another decedent of the class described in the first subdivision of section 14-406, Idaho Code, and inheritance tax paid thereon to the state of Idaho, shall be exempt. The payment of the additional tax levied for the purpose of absorbing the credit allowed by the federal estate tax law imposed by section 14-407a and section 14-407b, Idaho Code, shall not be considered as a payment of inheritance tax for the purpose of entitlement to the exemption herein allowed.

3. Property of the clear value of ten thousand dollars ($10,000), transferred to each of the persons described in the second subdivision of section 14-406, Idaho Code, shall be exempt.

4. Property of the clear value of ten thousand dollars ($10,000), transferred to each of the persons described in the third subdivision of section 14-406, Idaho Code, shall be exempt.

The additional exemption provided by this subsection in excess of the exemptions allowed by subsections 2 through 5 of this section, excluding transfers to a surviving spouse, shall be allocated among distributees in the same proportion as the exemption provided each distributee under subsections 2 through 5 of this section, excluding transfers to a surviving spouse, bears to the total amount of exemptions allowed under subsections 2 through 5 of this section, excluding transfers to a surviving spouse. Provided, however, that should a distributee's exemptions exceed the value of property transferred to him, the excess exemption allowed
by this subsection shall be allocated among the remaining distributees in the manner set forth in the preceding sentence.

b. The exemption amount allowed by paragraph a. of this subsection shall not include the amount of transfers to a surviving spouse which are exempt under subsection 2.a. of this section, and such transfers to a surviving spouse shall constitute exempt transfers in addition to those transfers exempt by paragraph a. of this subsection.

7. In computing the tax upon transfers subject to tax under the provisions of this act, no tax shall be imposed or computed upon the amounts of exemptions provided for herein. The exemptions in this section allowed shall be deducted from the aggregate value of the property passed or transferred, and the tax shall in all cases be imposed and computed upon the remainder only.

AMENDING SECTION 56-120, IDAHO CODE, TO PROVIDE FOR A LIMITATION ON REIMBURSEMENT OF PROPERTY COSTS;
AND AMENDING SECTION 56-121, IDAHO CODE, TO PROVIDE FOR A LIMITATION ON REIMBURSEMENT OF PROPERTY COSTS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 56-101, Idaho Code, be, and the same is hereby amended to read as follows:

56-101. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter and shall have the following meanings:

(1) "Appraisal" means the method of determining the value of the property as determined by a M.A.I. appraisal. The appraisal must specifically identify the values of land, building, equipment, and goodwill.

(2) "Assets" mean economic resources of the contractor, recognized and measured in conformity with generally accepted accounting principles.

(3) "Depreciation" means the systematic distribution of the cost or other basis of tangible assets, less salvage, over the estimated useful life of the assets.

(4) "Director" means the director of the department of health and welfare or his designee.

(5) "Equity" means the new book value of all tangible and intangible assets less the recorded value of all liabilities, as recognized and measured in conformity with generally accepted accounting principles.

(6) "Facility" means an entity which contracts with the director to provide services to recipients in a structure owned, controlled, or otherwise operated by such entity, and which entity is responsible for operational decisions. In conjunction with the use of the term "facility":

1. "Free-standing intermediate care" means an intermediate care facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a),
c. 118 '84 IDAHO SESSION LAWS 265

Idaho Code;
2. "Free-standing skilled care" means a skilled nursing facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code; or
3. "Hospital-based" means a skilled nursing or intermediate care facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is owned, managed, or operated by, or is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code.

(7) "Goodwill" means the amount paid by the purchaser that exceeds the net tangible assets received. The value of goodwill is derived from the economic benefits that a going concern may enjoy, as compared with a new one, from established relations in the related markets, with government departments and other noncommercial bodies and with personal relationships. These intangible assets cannot be separated from the business and sold as can plant and equipment. Under the theory that the excess payment would be made only if expected future earnings justified it, goodwill is often described as the price paid for excess future earnings. The amortization of goodwill is nonallowable, nonreimbursable expense.

(8) "Historical cost" means the actual cost incurred in acquiring and preparing an asset for use, including feasibility studies, architect's fees, and engineering studies.

(9) "Interest rate limitation" means that the interest rate allowed for (a) purchase of facilities shall not exceed the amount derived by taking the interest yield of the new United States twenty (20) year treasury bond issue auction from the closest prior auction to the closure of the sale plus 1.75 percent; (b) purchase or lease of equipment, operating loans, etc., shall be the prime rate as established by the Bank of America Corporation, San Francisco, California, plus one percent (1%) at the date the loan or lease is made. All interest expense greater than the amount derived by using the limitation above shall be nonreimbursable; provided, however, that this interest rate limitations shall not be imposed against loans or leases which were made prior to the effective date of this act. Said loans or leases being subject to the tests of reasonableness, relationship to patient care and necessity.

(10) "Intermediate care facility for the mentally retarded" means an habilitative facility designed and operated to meet the educational, training, habilitative and intermittent medical needs of the developmentally disabled.

(11) "Investment limitation" shall mean the lesser of the value established by the conceptual budget analysis service of McGraw-Hill cost information systems or actual construction costs; provided, however, that this investment limitation shall not be imposed against construction commenced prior to the effective date of this act. Said construction being subject to the tests of reasonableness, relationship to patient care and necessity.

(12) "Medicaid" means the 1965 amendments to the social security
act (P.L. 89-097), as amended.

(913) "Net book value" means the historical cost of an asset, less accumulated depreciation.

(184) "Patient-day" means a calendar day of care which will include the day of admission and exclude the day of discharge unless discharge occurs after 3:00 p.m. or it is the date of death, except that, when admission and discharge occur on the same day, one (1) day of care shall be deemed to exist.

(15) "Property costs" mean the total of allowable interest expense, plus depreciation, property insurance, real estate taxes, amortization, and allowable lease/rental expense. The department may require and utilize an appraisal to establish those components of property costs which are identified as an integral part of an appraisal.

(146) "Recipient" means an individual determined eligible by the director for the services provided in the state plan for medicaid.

(17) "Utilities" shall mean all expenses for heat, electricity, water and sewer. Utilities shall be exempt from the percentile cap.

SECTION 2. That Section 56-110, Idaho Code, be, and the same is hereby amended to read as follows:

56-110. EXISTING FREE-STANDING SKILLED CARE FACILITIES. (a) Not later than January 1, 1982, and prior to the beginning of each fiscal year thereafter, the director shall determine the maximum base rate for all free-standing skilled care facilities that were under medicaid contract with the director on or before January 1, 1982, as a class, using the following method:

(1) First, from the most recent cost report, or the most recent audited cost report, if available, submitted by each free-standing skilled care facility, the director shall add together all nonproperty costs (administration, food, nursing services, and operations) incurred by each facility; provided, that, where such facility provides care to the mentally-retarded, costs peculiar to such care shall first be exempted from consideration herein and shall be paid in accordance with the provider reimbursement manual, as defined in this subsection;

(2) Next, the director shall divide the sum obtained from paragraph (1) of this section by the total number of patient-days of care, taken from each cost report;

(3) Next, the director shall multiply the cost of care per patient-day obtained from paragraph (2) of this section by the percentage representing the annual combined inflator index, for the period in which the base rate is to be effective, as determined and agreed upon pursuant to section 56-130, Idaho Code;

(4) Next, the director shall combine the results from each such facility obtained from paragraph (3) to establish the range of costs of care per patient-day for all such facilities; and

(5) Next, the director shall calculate the mean cost of care per patient-day and the standard deviation from such mean, which shall be used to determine the base rate as specified in section
56-103(a), Idaho Code.
The result obtained from paragraph (5) of this subsection shall con­
stitute the basic payment for the cost of care per patient-day in each
free-standing skilled facility in the class, and the director shall
notify each such facility of such payment not later than sixty (60)
days prior to the fiscal year in which it is to become effective. A
rebuttable presumption exists with respect to costs above the basic
payment that a facility incurring such costs is not economically and
efficiently operated, taking into account economic conditions and
trends during the period covered by such costs, and that such costs
are not reasonable. Such rebuttable presumption shall not be employed
to justify costs below the basic payment. For purposes of this sub­
section, "audited cost report" means a cost report prepared and sub­
mited to the director by a free-standing skilled care facility and
audited by the director in accordance with the provider reimbursement
manual, as promulgated by the director for the Idaho medicaid program,
and the health insurance manual 15, as promulgated by the United
States department of health and human services or its predecessor
agency; provided, that the provider reimbursement manual shall take
precedence over the health insurance manual 15 in case of conflict,
ambiguity or disagreement.

(b) In addition to the basic payment per patient-day of care, as
calculated in subsection (a) of this section, each free-standing
skilled nursing facility shall be paid as a part of the monthly pros­
pective payment:

(1) Its actual property and utility cost per patient-day, to be
determined by dividing its total projected property and utility
costs, subject to the interest rate limitation, for its upcoming
fiscal year, as submitted by such facility to the director not
later than ninety (90) days prior to the beginning date of such
fiscal year, by the total number of patient-days estimated by such
facility; and

(2) A monthly incentive payment equal to the computed difference
between the facility's actual payment per patient-day and the base
rate established for the class pursuant to section 56-103(a),
Idaho Code, and this part. This computed difference shall be:

1. One-half (1/2) of the difference, where the one hundredth
percentile applies to such facility's class;
2. One-third (1/3) of the difference, where the ninetieth
percentile applies to such facility's class;
3. One-fourth (1/4) of the difference, where the eightieth
percentile applies to such facility's class; or
4. One-sixth (1/6) of the difference, where the
seventy-fifth percentile applies to such facility's class;

Thereafter, such determination for such facility shall be done in accordance with section 56-110, Idaho Code.

SECTION 6. That Section 56-120, Idaho Code, be, and the same is hereby amended to read as follows:

56-120. EXISTING HOSPITAL-BASED FACILITIES. (a) Not later than January 1, 1982, and prior to the beginning of each fiscal year thereafter, the director shall determine the maximum base payment rate for all hospital-based facilities that were under medicaid contract on or before such effective date as a class, using the following method:

(1) First, using worksheet B of the most recent cost report, or the most recent audited medicare cost report, if available, submitted to the director by each hospital-based facility, the director shall subtract such facility's total direct costs (excluding property costs) from the sum of total general, ancillary and routine service costs (excluding property costs) of both the facility and the hospital;

(2) Next, again using worksheet B of the same medicare cost report submitted by such facility, the director shall determine a percentage by dividing the sum of the total indirect costs of the hospital and the facility into the total indirect costs of the facility;

(3) Next, the director shall multiply the total direct general service costs (excluding property costs), as used in paragraph (1) of this subsection, by the percentage derived from paragraph (2) of this subsection;

(4) Next, the director shall add to the total direct costs of the facility, as used in paragraph (1) of this subsection, the sum derived from paragraph (3) of this subsection and total costs attributable to central service, oxygen, and physical therapy services, taken from worksheet C of the facility's medicare cost report;

(5) Next, the director shall divide the sum derived from paragraph (4) of this subsection by the facility's total number of patient-days in the fiscal year covered by that facility's medicare cost report;

(6) Next, the director shall multiply the cost of care per patient-day obtained from paragraph (5) of this subsection by the percentage representing the annual combined inflator index for the period in which the base rate is to be effective, as determined and agreed upon pursuant to section 56-130, Idaho Code;

(7) Next, the director shall combine the results from each hospital-based facility, as obtained from paragraph (6) of this subsection, to establish the range of costs of care per patient-day for all such facilities in the class; and

(8) Next, the director shall calculate the mean cost of care per
patient-day for the class and the standard deviation from such mean, which shall be used to determine the base rate for the class, as specified in section 56-103(a), Idaho Code.

The cost per patient-day resulting from paragraph (8) of this subsection shall constitute the basic payment for the cost of care per patient-day in each hospital-based facility in the class, and the director shall notify each such facility of such rate not later than sixty (60) days prior to the beginning date of the fiscal year in which it is to be effective. For purposes of this subsection, "medicare cost report" means form 2551, form 2552, or any similar successor form promulgated by the United States department of health and human services or its successor agency for the purpose of determining allowable, reimbursable costs for delivery of care or services under titles V, XVIII, or XIX of the social security amendments of 1965, as amended.

(b) In addition to the basic payment per patient-day of care, each hospital-based facility shall be paid on a prospective basis:

(1) Its actual property and utility costs per patient-day, to be determined by dividing its total projected property and utility costs, subject to the interest rate limitation, for its upcoming fiscal year, as submitted by each such facility to the director not later than ninety (90) days prior to the beginning date of such fiscal year, by the total number of patient-days estimated by such facility; and

(2) A monthly incentive payment equal to the computed difference between the facility's actual payment per patient-day and the base rate established for the class pursuant to section 56-103(a), Idaho Code, and this part. This computed difference shall be:

1. One-half (1/2) of the difference, where the one hundredth percentile applies to such facility's class;
2. One-third (1/3) of the difference, where the ninetieth percentile applies to such facility's class;
3. One-fourth (1/4) of the difference, where the eightieth percentile applies to such facility's class; or
4. One-sixth (1/6) of the difference, where the seventy-fifth percentile applies to such facility's class;

provided, that in no event shall the computed difference exceed one dollar and fifty cents ($1.50) per patient-day.

(c) Actual payments made by the director to each hospital-based facility pursuant to sections 56-103 and 56-105, Idaho Code, and this section, shall be subject to audit and settlement under section 56-107, Idaho Code. In no event shall reimbursement to any facility exceed the usual and customary charges made to private pay patients.

SECTION 7. That Section 56-121, Idaho Code, be, and the same is hereby amended to read as follows:

56-121. NEW HOSPITAL-BASED FACILITIES. For the first fiscal year of a hospital-based facility established on or after January 1, 1982, which seeks to contract for the first time to provide medicaid services to recipients, the director shall determine payment in the same
manner as specified in section 56-120, Idaho Code, except that, in lieu of the medicare cost report, the hospital-based facility shall submit to the director, not later than ninety (90) days prior to the beginning date of the fiscal year in which the prospective rate is to be effective, a prospective budget containing the information necessary to complete the formula set forth in section 56-120, Idaho Code; however, allowable property costs shall be subject to the investment limitation. Thereafter, such determination for such facility shall be done in accordance with section 56-120, Idaho Code.

5. If the applicant is classed under section 34-1002A(4), Idaho Code, the county clerk shall forthwith notify the applicant by setting forth the time and place at which the county clerk or deputy clerk and witnesses shall personally deliver the absentee ballot. Each political party which desires to have a witness accompany the clerk or deputy clerk shall supply the county clerk with the name of its county chairman or an alternate who may be delegated to act on behalf of said political party no later than sixty (60) days prior to the election.

The clerk, upon receiving an application under section 34-1002A(5), Idaho Code, shall notify the county chairman of each political party or the person authorized to act for the party, of the date and approximate hour the clerk or deputy clerk intends to deliver the ballot.

If the political party desires to supply a witness, it shall be the party's duty to supply the names of witnesses and it shall have the duty to see that said witness is present at the appointed time. If the clerk so requests, a witness may be required to be available throughout the business day on which the ballot is to be delivered.
Should the witness so designated fail to appear or if the political party does not desire to have a witness present, the clerk may proceed as prescribed by law, without further compliance with subsection (5) of this section.

A candidate for public office or a spouse of a candidate for public office shall not sign as a witness or as a deputy clerk in the personal delivery of absentee ballots under section 34-1002A(5), Idaho Code.

(6) An elector physically unable to mark his own ballot may receive assistance in marking such ballot from the officer delivering same or an available person of his own choosing. In the event the election officer is requested to render assistance in marking an absent elector's ballot, the officer shall ascertain the desires of the elector and shall vote the applicant's ballot accordingly. When such ballot is marked by an election officer, the witnesses on hand shall be allowed to observe such marking. No county clerk, deputy, or other person assisting a disabled voter shall attempt to influence the vote of such elector in any manner.

59-1309A. PROCEDURE FOR COMPLETE OR PARTIAL WITHDRAWAL OF POLITICAL SUBDIVISIONS -- WITHDRAWAL CONTRIBUTIONS. (1) An employer incurring complete withdrawal or partial withdrawal after December 31, 1980, shall be required to make withdrawal contributions, all as provided in this section.

(2) Complete withdrawal occurs for a political subdivision on the date it permanently ceases to employ active members.

(3) Partial withdrawal occurs for a political subdivision when its average membership declines from one calendar year to the next by more than twenty-five (25) members and twenty-five per cent (25%) of the average membership in the earlier year. The date of partial withdrawal is the first day after the end of the later year.

(4) "Average membership" for a calendar year shall equal one-twelfth (1/12) of the sum of the number of active members employed during each month of that year.

(5) Withdrawal contributions shall commence on the first day of the fourth month after the date of complete withdrawal or partial withdrawal. The monthly amount of withdrawal contribution of an employer incurring complete withdrawal shall be one-twelfth (1/12) of the employer's contribution during the last complete calendar year prior to such date. The monthly amount of withdrawal contribution of an employer incurring partial withdrawal shall be one-twelfth (1/12) of (c) reduced proportionately by the ratio of (a) to (b) as follows:

(a) The average membership of the employer estimated by the board
for the year commencing on such date;
(b) The average membership of the employer during the second complete calendar year prior to such date;
(c) The employer's contribution payable during the second complete calendar year prior to such date.
(6) Withdrawal contributions shall continue until the withdrawal liability becomes nil.
(7) On the date of complete withdrawal, the withdrawal liability of an employer is (a) multiplied by the fraction (b)/(c) as follows:
(a) The excess of the actuarial present value of the vested benefits of the system's members over the fair value of its assets, both as of the date of the actuarial valuation for the fiscal year preceding such date;
(b) The total employer contributions of the employer during the five (5) complete calendar years immediately prior to such date;
(c) The total employer contributions of all employers during the five (5) complete calendar years immediately prior to such date.
(8) On the date of partial withdrawal, the withdrawal liability of an employer is the same as if complete withdrawal had occurred, reduced proportionately by the ratio of (a) to (b) as follows:
(a) The average membership of the employer estimated by the board for the year commencing on such date;
(b) The average membership of the employer during the second complete calendar year prior to such date.
(9) After the date of an employer's complete withdrawal or partial withdrawal, the withdrawal liability is the initial withdrawal liability decreased by the accumulation of withdrawal contributions, all adjusted for interest. Interest charges shall be on the basis used in determining the original withdrawal liability. Interest credits shall be based upon quarter-year investment earnings of the system. If partial withdrawal occurs, the amounts of withdrawal liability and withdrawal contribution shall be adjusted by appropriate recalculations after the average membership of the employer is known for the year commencing on the date of partial withdrawal. If the average membership of an employer which has incurred a partial withdrawal exceeds for each of three (3) consecutive years the average membership during the second calendar year prior to the date of partial withdrawal, the withdrawal liability shall become nil upon the final day of the last of such three (3) years, regardless of the accumulation of the previously computed withdrawal liability.

SECTION 3. That Section 59-1319A, Idaho Code, be, and the same is hereby amended to read as follows:

59-1319A. POST RETIREMENT ALLOWANCE ADJUSTMENTS. (1) Each retirement allowance payment shall equal the inflation factor for the calendar year of payment multiplied by the amount of the retirement allowance payment for January of the previous year. During any calendar year for which the ratio of the consumer price index for October of the previous year to the consumer price index for October of the second previous year is not more than one hundred one percent per cent.
The inflation factor shall be such ratio or ninety-four per cent (94%), whichever is greater. Otherwise the inflation factor during such year shall be one hundred one per cent (101%), except that the board, at its sole discretion, may put into effect a greater factor which is no more than such ratio or one hundred six per cent (106%), whichever is smaller, if it finds the value of the actuarial assets of the system to be no less than its actuarial liabilities, including those created by the increased factor.

(2) During a calendar year following one in which there was at least one (1) retirement allowance payment but none in January, each retirement allowance payment shall equal the partial factor multiplied by the amount of the monthly retirement allowance payment in the earlier year. The partial factor shall equal 1.000 plus one-twelfth (1/12) of the product of the number of months in the earlier year in which member contributions were not made and the excess, if any, of the inflation factor for the later year over 1.000.

(3) During a calendar year following one in which there was no retirement allowance payment, each retirement allowance payment shall equal the initial retirement allowance multiplied by the bridging factor between the first day of the month following the member’s final contribution and the date of the first retirement allowance payment.

(a) Except as provided in paragraph (b) of this subsection, the bridging factor between any two (2) dates shall be the ratio of the amounts of retirement allowance payable on the two (2) dates for any member who retired on the earlier date immediately following his final contribution.

(b) For any member not making a final contribution subsequent to 1974 whose initial retirement allowance is a minimum allowance provided in section 59-1319(1)(b) or 59-1319(2)(b), Idaho Code, the bridging factor shall be computed as if the member had made his final contribution in 1974.

(4) The consumer price index shall be that for all urban consumers published by the bureau of labor statistics, United States department of labor.

(5) The adjustments provided under this section shall in no event reduce a benefit payment below its initial amount.

SECTION 4. That Section 59-1322, Idaho Code, be, and the same is hereby amended to read as follows:

59-1322. COMPUTATION OF VESTED RETIREMENT ALLOWANCES. The annual amount of initial vested retirement allowance payable to any member shall equal the actuarial-equivalent amount of his accruing initial retirement allowance, as determined payable pursuant to sections 59-1319 or 59-1321, Idaho Code, whichever is applicable, based upon the member's age at vested retirement and the amount of credited service earned to the date of final contribution.

SECTION 5. That Section 59-1324, Idaho Code, be, and the same is hereby amended to read as follows:
59-1324. COMPUTATION OF DEATH BENEFITS -- METHOD OF PAYMENT -- OPTIONAL DEATH BENEFIT. (1) The death benefit of an active or inactive member shall equal the excess, if any, of the member's accumulated contributions at the time the benefit becomes payable over the aggregate of all retirement allowance payments ever made to the deceased member. The death benefit of a retired member, except as provided by section 59-1317, Idaho Code, shall equal the excess, if any, of the member's accumulated contributions at the time the member retired over the aggregate of all retirement allowance payments ever made to the deceased member.

(2) The death benefit, if any, will be paid to the beneficiary surviving the member; otherwise, it will be paid in accordance with the laws of descent and distribution of the state of Idaho as they may then be in effect.

(3) Upon the death of a member who has at least five (5) years of credited service and is: (a) active; or (b) inactive and eligible to receive a retirement allowance; or (c) receiving a disability retirement allowance; his beneficiary may elect, in lieu of any death benefit otherwise payable, an allowance to be paid to the member's surviving spouse as provided in option 1 under section 59-1317, Idaho Code. The initial retirement allowance upon which such optional retirement allowance is based shall be calculated as if the member had retired immediately before his death. If the member were not then eligible to receive a service or early retirement allowance, such initial retirement allowance shall equal the actuarial equivalent of his accrued the retirement allowance payable when the member would first be eligible for vested retirement, calculated as if he had separated from service immediately before his death.

SECTION 6. That Section 59-1329, Idaho Code, be, and the same is hereby amended to read as follows:

59-1329. RULES AND REGULATIONS -- PROCEDURES FOR HEARINGS PRIOR TO APPEALS -- APPEALS. (1) Subject to other provisions of this act and pursuant to the policy and standards set out in section 59-1301, Idaho Code, the board shall have the power and authority to adopt, amend or rescind such rules and regulations and administrative policies as may be necessary for the proper administration of this act. Such rules and regulations as promulgated by the board shall be filed with the secretary of state and shall become effective ten (10) days after such filing.

(2) Any person aggrieved by any otherwise final decision or inaction of the board must, before he appeals to the courts, file with the executive director of the board by mail or personally a notice for a hearing before the board. The notice of hearing shall set forth the grounds of appeal to the board.

(3) A hearing shall be held before the board in Ada County, Idaho, at a time and place designated by the board. Such hearing shall be de novo and summary and no witness's testimony shall be received unless he shall first have been sworn under oath or may be undertaken...
or held by or before any member(s) thereof or any hearing officer appointed by the board for that purpose. The retirement board shall cause all oral testimony to be recorded and thereafter transcribed; if an appeal is taken or if ordered by the board, the same with all depositions shall be filed in and remain a part of the record of the hearing. Members of the board or the hearing officer shall have power to administer oaths, to preserve and enforce order during such hearings, to issue subpoenas for and to compel the attendance and testimony of witnesses or the production of books, papers, documents and other evidence and to examine witnesses.

(4) At the time and place fixed for hearing, unless continued for cause, each party shall present his evidence with respect to the issues raised in the notice of hearing.

(5) Every finding, order, decision or award made by any member or hearing officer pursuant to such hearing, as confirmed or modified by the board, and ordered filed in its office, shall be deemed to be the finding, order, decision or award of the board. The record of the hearing shall be considered by the board and the decision and order of the majority of the members shall be the decision and order of the board. Every such final decision and order rendered by the board shall be in writing and a copy thereof shall be mailed to each party to the appeal and to his attorney of record.

(6) If any person in proceedings before the board herein disobeys or resists any lawful order or process or misbehaves during a hearing, or so near the place thereof as to obstruct the same, or neglects to produce, after having been ordered so to do, any pertinent book, paper, document or other evidence, or refuses to appear after having been subpoenaed, or upon appearing refuses to take the oath as a witness, or after having taken the oath refuses to be examined according to law, the board shall certify the facts to the district court having jurisdiction, and the court shall thereupon, in a summary manner, hear the evidence as to the acts complained of, and, if the evidence so warrants, punish such person in the same manner and to the same extent as for contempt committed before the court, or commit such person upon the same conditions as if doing of the forbidden act had occurred with reference to the proceedings, or in the presence of the court.

(7) Within thirty (30) days after any final decision and order by the board has been mailed to the parties any such party aggrieved thereby may appeal to the District Court of the Fourth Judicial District of the state of Idaho, in and for the County of Ada, and such appeal shall be heard as a case in equity, but any party shall be entitled to a trial de novo upon such appeal. Such appeal shall be perfected by serving a notice of appeal and claim for relief on the executive director of the board and each adverse party, or his attorney, by personal service or by mail and by filing the notice of appeal and claim for relief, together with proof of service thereof, with the clerk of the court. The board and any other party to the appeal shall, within thirty (30) days after receipt of such notice of appeal and claim for relief, serve and file a notice of appearance and answer upon the appellant or his attorney of record and such appeal shall
thereupon be deemed at issue. The executive director shall serve upon all parties to the appeal or their attorneys and file with the clerk of the court, a certified copy of the complete record of the hearing before the board. The decision or judgment of the district court shall be subject to appeal to the Supreme Court in the same manner and by the same procedure as appeals are taken and perfected to the court in civil actions at law.

SECTION 7. That Section 59-1330, Idaho Code, be, and the same is hereby amended to read as follows:

59-1330. EMPLOYER CONTRIBUTIONS -- AMOUNTS -- RATES. (1) Each employer shall contribute to the cost of the system. The amount of the employer contributions shall consist of the sum of a percentage of the salaries of members to be known as the "normal contribution cost" and a percentage of such salaries to be known as the "unfunded--supplemental--actuarial--value-contribution amortization payment." The rates of such contributions shall be determined by the board on the basis of assets and liabilities as shown by actuarial valuation, and such rates shall remain effective until next determined by the board.

(2) The normal contribution cost rate shall be computed to be sufficient, when applied to the actuarial present value of the future salary of the average new member entering the system, to provide for the payment of all prospective benefits in respect to such member which are not provided by the member's own contribution.

(3) The unfunded-supplemental--actuarial--value-contribution amortization payment rate shall not be less than that percentage, calculated as of the date of the most recent actuarial valuation, of the then actuarial present value of the annual salaries of all members in the system for the next forty (40) years which is equivalent to the excess of the then actuarial present value of all future benefits payable in respect of all members and contingent annuitants over the sum of (a), (b) and (c) as follows:

(a) the amount-of-all-funds actuarial value of the assets then held by the funding agent for the payment of benefits under this act; and
(b) the actuarial present value of the future normal contributions costs payable in respect of all then active members; and
(c) the actuarial present value of the future contributions payable under sections 59-1303--59-1305, Idaho Code, by all then active members.

(4) Any contribution rate determined by the board in accordance with subsection (3) of this section shall reflect an increase of seven one-hundredths percent (0.07%) of the salaries of members on October 1 of each of the four (4) years 1982, 1983, 1984 and 1985.

AMENDING SECTIONS 50-341, 31-4002, 40-1002, AND 43-901, I D A H O CODE, TO PROVIDE THAT LOCAL GOVERNMENTS MAY PARTICIPATE IN PREVIOUSLY BID STATE CONTRACTS WITHOUT THE NECESSITY OF COMPETITIVE BIDDING.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 50-341, Idaho Code, be, and the same is hereby amended to read as follows:

50-341. COMPETITIVE BIDDING -- APPLICATION OF LAW. A. The following provisions relative to competitive bidding apply to all cities of the state of Idaho, but shall be subject to the provisions of any specific statute pertaining to the letting of any contract, purchase or acquisition of any commodity or thing by soliciting and receiving competitive bids therefor, and shall not be construed as modifying or
amending the provisions of any statute, nor preventing the city from doing any work by its own employees.

B. The word "expenditure" shall mean the granting of a contract, franchise or authority to another by the city, and every manner and means whereby the city disburse funds or obligates itself to disburse funds; provided, however, that "expenditure" does not include disbursement of funds to any city employee, official, or agent, or for the performance of personal services to the city, or for the acquisition of personal property through a contract that has been competitively bid by the state of Idaho, one of its subdivisions or an agency of the federal government.

C. When the expenditure contemplated exceeds five thousand dollars ($5,000), or ten thousand dollars ($10,000) if for equipment, the expenditure shall be contracted for and let to the lowest responsible bidder.

D. The notice inviting bids shall set a date and place for the opening of bids. The first publication of the notice shall be at least two (2) weeks before the date of opening the bids. Notice shall be published at least twice, not less than one (1) week apart, in the official newspaper of the city. The notice shall succinctly set forth the project to be done. Any of the following documents shall be made available, upon reasonable deposit, to any interested bidder: bid form, bidder's instructions, contract documents, general and special instructions, drawings and specifications.

E. All bids shall be presented or otherwise delivered under sealed cover to the city clerk, or other bonded agent of the city designated by the city council to receive specific bids, with a concise statement marked on the outside generally identifying the expenditure to which the bid pertains. All bids shall contain one (1) of the following forms of bidder's security:
   a. Cash;
   b. Cashier's check made payable to the city;
   c. A certified check made payable to the city;
   d. A bidder's bond executed by a qualified surety company, made payable to the city.

J. In its discretion, the city council may reject any bids presented and readvertise. If two (2) or more bids are the same and the lowest responsible bids, the city council may accept the one it chooses. If no bids are received, the council may make the expenditure without further compliance with this section.

K. After rejecting bids, the city council may, after finding it to be a fact, pass a resolution declaring that the thing sought to be accomplished by the expenditure can be performed more economically by day labor, or the materials or supplies furnished at a lower price in the open market. Upon adoption of the resolution, it may have the thing sought to be accomplished done in the manner stated without further compliance with this section.

L. If there is a great public calamity, as an extraordinary fire, flood, storm, epidemic or other disaster, or if it is necessary to do emergency work to prepare for national or local defense, or it is necessary to do emergency work to safeguard life, health or property, the mayor or city manager may declare that an emergency exists and that the public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property. Upon making the declaration, any sum required in the emergency may be expended without compliance with this section.

G. Any bid received by the irrigation district may not be withdrawn after the time set in the notice for opening of bids. All bids received must be opened at the time and place set in the notice inviting bids, and no person shall be denied the right to be present at the opening of bids.

H. If the successful bidder fails to execute the contract, the amount of his bidder's security shall be forfeited to the irrigation district and the proceeds shall be deposited in the fund out of which the expenses of preparation and printing of the plans and specifications, estimates of costs and publication of notice are paid.

I. The irrigation district may, on refusal or failure of the successful bidder to execute the contract, award it to the next lowest responsible bidder. (2) If the testator or settlor has nominated a custodian under section 68-803, Idaho Code, to receive the custodial property, the transfer must be made to that person.

(3) If the testator or settlor has not nominated a custodian under section 68-803, Idaho Code, or all persons so nominated as custodian die before the transfer or are unable, decline, or are ineligible to serve, the personal representative or the trustee, as the case may be, shall designate the custodian from among those eligible to serve as custodian for property of that kind under section 68-809(1), Idaho Code.

68-806. OTHER TRANSFER BY FIDUCIARY. (1) Subject to subsection (3) of this section, a personal representative or trustee may make an irrevocable transfer to another adult or trust company as custodian for the benefit of a minor pursuant to section 68-809, Idaho Code, in the absence of a will or under a will or trust that does not contain an authorization to do so.

(2) Subject to subsection (3) of this section, a conservator may make an irrevocable transfer to another adult or trust company as custodian for the benefit of the minor pursuant to section 68-809, Idaho Code.

(3) A transfer under subsection (1) or (2) of this section may be
made only if (i) the personal representative, trustee, or conservator considers the transfer to be in the best interest of the minor, (ii) the transfer is not prohibited by or inconsistent with provisions of the applicable will, trust agreement, or other governing instrument, and (iii) the transfer is authorized by the court if it exceeds ten thousand dollars ($10,000) in value.

68-807. TRANSFER BY OBLIGOR. (1) Subject to subsections (2) and (3), a person not subject to the provisions of either section 68-805 or 68-806, Idaho Code, who holds property of or owes a liquidated debt to a minor not having a conservator may make an irrevocable transfer to a custodian for the benefit of the minor pursuant to section 68-809, Idaho Code.

(2) If a person having the right to do so under section 68-803, Idaho Code, has nominated a custodian under that section to receive the custodial property, the transfer must be made to that person.

(3) If no custodian has been nominated under section 68-803, Idaho Code, or all persons so nominated as custodian die before the transfer or are unable, decline, or are ineligible to serve, a transfer under this section may be made to an adult member of the minor's family or to a trust company unless the property exceeds ten thousand dollars ($10,000) in value.

68-808. RECEIPT FOR CUSTODIAL PROPERTY. A written acknowledgment of delivery by a custodian constitutes a sufficient receipt and discharge for custodial property transferred to the custodian pursuant to this chapter.

68-809. MANNER OF CREATING CUSTODIAL PROPERTY AND EFFECTING TRANSFER -- DESIGNATION OF INITIAL CUSTODIAN -- CONTROL. (1) Custodial property is created and a transfer is made whenever:

(a) An uncertificated security or a certificated security in registered form is either:

1. registered in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for (name of minor) under the Idaho Uniform Transfers to Minors Act"; or

2. delivered if in certificated form, or any document necessary for the transfer of an uncertificated security is delivered, together with any necessary endorsement to an adult other than the transferor or to a trust company as custodian, accompanied by an instrument in substantially the form set forth in subsection (2) of this section;

(b) Money is paid or delivered to a broker or financial institution for credit to an account in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for (name of minor) under the Idaho Uniform Transfers to Minors Act";

(c) The ownership of a life or endowment insurance policy or annuity contract is either:
1. registered with the issuer in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for (name of minor) under the Idaho Uniform Transfers to Minors Act"; or
2. assigned in a writing delivered to an adult other than the transferor or to a trust company whose name in the assignment is followed in substance by the words: "as custodian for (name of minor) under the Idaho Uniform Transfers to Minors Act";

(d) An irrevocable exercise of a power of appointment or an irrevocable present right to future payment under a contract is the subject of a written notification delivered to the payor, issuer, or other obligor that the right is transferred to the transferor, an adult other than the transferor, or a trust company, whose name in the notification is followed in substance by the words: "as custodian for (name of minor) under the Idaho Uniform Transfers to Minors Act";

(e) An interest in real property is recorded in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for (name of minor) under the Idaho Uniform Transfers to Minors Act";

(f) A certificate of title issued by a department or agency of a state or of the United States which evidences title to tangible personal property is either:
1. issued in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for (name of minor) under the Idaho Uniform Transfers to Minors Act"; or
2. delivered to an adult other than the transferor or to a trust company, endorsed to that person, followed in substance by the words: "as custodian for (name of minor) under the Idaho Uniform Transfers to Minors Act";

(g) An interest in any property not described in paragraphs (a) through (f) is transferred to an adult other than the transferor or to a trust company by a written instrument in substantially the form set forth in subsection (2) of this section.

(2) An instrument in the following form satisfies the requirements of paragraphs (a)2. and (g) of subsection (1):

"TRANSFER UNDER THE IDAHO UNIFORM TRANSFERS TO MINORS ACT

I, (name of transferor or name and representative capacity if a fiduciary) hereby transfer to (name of custodian), as custodian for (name of minor) under the Idaho Uniform Transfers to Minors Act, the following: (insert a description of the custodial property sufficient to identify it).

Dated:

(Signature)

(name of custodian) acknowledges receipt of the property
described above as custodian for the minor named above under the Idaho Uniform Transfers to Minors Act.

Dated:

(Signature of Custodian)"

(3) A transferor shall place the custodian in control of the custodial property as soon as practicable.

68-810. SINGLE CUSTODIANSHIP. A transfer may be made only for one minor, and only one person may be the custodian. All custodial property held under this chapter by the same custodian for the benefit of the same minor constitutes a single custodianship.

68-811. VALIDITY AND EFFECT OF TRANSFER. (1) The validity of a transfer made in a manner prescribed in this chapter is not affected by:

(a) Failure of the transferor to comply with section 68-809(3), Idaho Code, concerning possession and control;
(b) Designation of an ineligible custodian, except designation of the transferor in the case of property for which the transferor is ineligible to serve as custodian under section 68-809(1), Idaho Code; or
(c) Death or incapacity of a person nominated under section 68-803, Idaho Code, or designated under section 68-809, Idaho Code, as custodian or the disclaimer of the office by that person.

(2) A transfer made pursuant to section 68-809, Idaho Code, is irrevocable, and the custodial property is indefeasibly vested in the minor, but the custodian has all the rights, powers, duties, and authority provided in this chapter, and neither the minor nor the minor's legal representative has any right, power, duty, or authority with respect to the custodial property except as provided in this chapter.

(3) By making a transfer, the transferor incorporates in the disposition all the provisions of this chapter and grants to the custodian, and to any third person dealing with a person designated as custodian, the respective powers, rights, and immunities provided in this chapter.

68-812. CARE OF CUSTODIAL PROPERTY. (1) A custodian shall:
(a) Take control of custodial property;
(b) Register or record title to custodial property if appropriate; and
(c) Collect, hold, manage, invest, and reinvest custodial property.

(2) In dealing with custodial property, a custodian shall observe the standard of care that would be observed by a prudent person dealing with property of another and is not limited by any other statute restricting investments by fiduciaries. If a custodian has a special skill or expertise or is named custodian on the basis of representations of a special skill or expertise, the custodian shall use that skill or expertise. However, a custodian, in the custodian's
discretion and without liability to the minor or the minor's estate, may retain any custodial property received from a transferor.

(3) A custodian may invest in or pay premiums on life insurance or endowment policies on (i) the life of the minor only, if the minor or the minor's estate is the sole beneficiary, or (ii) the life of another person in whom the minor has an insurable interest only to the extent that the minor, the minor's estate, or the custodian in the capacity of custodian, is the irrevocable beneficiary.

(4) A custodian at all times shall keep custodial property separate and distinct from all other property in a manner sufficient to identify it clearly as custodial property of the minor. Custodial property consisting of an undivided interest is so identified if the minor's interest is held as a tenant in common and is fixed. Custodial property subject to recordation is so identified if it is recorded, and custodial property subject to registration is so identified if it is either registered, or held in an account designated, in the name of the custodian, followed in substance by the words: "as a custodian for (name of minor) under the Idaho Uniform Transfers to Minors Act."

(5) A custodian shall keep records of all transactions with respect to custodial property, including information necessary for the preparation of the minor's tax returns, and shall make them available for inspection at reasonable intervals by a parent or legal representative of the minor or by the minor, if the minor has attained the age of fourteen (14) years.

68-813. POWERS OF CUSTODIAN. (1) A custodian, acting in a custodial capacity, has all the rights, powers, and authority over custodial property that unmarried adult owners have over their own property, but a custodian may exercise those rights, powers, and authority in that capacity only.

(2) The provisions of this section do not relieve a custodian from liability for breach of the provisions of section 68-812, Idaho Code.

68-814. USE OF CUSTODIAL PROPERTY. (1) A custodian may deliver or pay to the minor or expend for the minor's benefit so much of the custodial property as the custodian considers advisable for the use and benefit of the minor, without court order and without regard to (i) the duty or ability of the custodian personally or of any other person to support the minor, or (ii) any other income or property of the minor which may be applicable or available for that purpose.

(2) On petition of an interested person or the minor if the minor has attained the age of fourteen (14) years, the court may order the custodian to deliver or pay to the minor or expend for the minor's benefit, so much of the custodial property as the court considers advisable for the use and benefit of the minor.

(3) A delivery, payment, or expenditure under this section is in addition to, not in substitution for, and does not affect any obligation of a person to support the minor.
68-815. CUSTODIAN'S EXPENSES, COMPENSATION, AND BOND. (1) A custodian is entitled to reimbursement from custodial property for reasonable expenses incurred in the performance of the custodian's duties.

(2) Except for one who is a transferor under section 68-804, Idaho Code, a custodian has a noncumulative election during each calendar year to charge reasonable compensation for services performed during that year.

(3) Except as provided in section 68-818(6), Idaho Code, a custodian need not give a bond.

68-816. EXEMPTION OF THIRD PERSON FROM LIABILITY. A third person, in good faith and without court order, may act on the instructions of or otherwise deal with any person purporting to make a transfer or purporting to act in the capacity of a custodian and, in the absence of knowledge, is not responsible for determining:

(1) The validity of the purported custodian's designation;

(2) The propriety of, or the authority under this chapter for, any act of the purported custodian;

(3) The validity or propriety under this chapter of any instrument or instructions executed or given either by the person purporting to make a transfer or by the purported custodian; or

(4) The propriety of the application of any property of the minor delivered to the purported custodian.

68-817. LIABILITY TO THIRD PERSONS. (1) A claim based on (i) a contract entered into by a custodian acting in a custodial capacity, (ii) an obligation arising from the ownership or control of custodial property, or (iii) a tort committed during the custodianship, may be asserted against the custodial property by proceeding against the custodian in the custodial capacity, whether or not the custodian or the minor is personally liable therefor.

(2) A custodian is not personally liable:

(a) On a contract properly entered into in the custodial capacity, unless the custodian fails to reveal that capacity and to identify the custodianship in the contract; or

(b) for an obligation arising from control of custodial property or for a tort committed during the custodianship unless the custodian is personally at fault.

(3) A minor is not personally liable for an obligation arising from ownership of custodial property or for a tort committed during the custodianship, unless the minor is personally at fault.

68-818. RENUNCIATION, RESIGNATION, DEATH, OR REMOVAL OF CUSTODIAN --DESIGNATION OF SUCCESSOR CUSTODIAN. (1) A person nominated under section 68-803, Idaho Code, or designated under section 68-809, Idaho Code, as custodian may decline to serve by delivering a valid disclaimer to the person who made the nomination or to the transferor or the transferor's legal representative. If the event giving rise to a transfer has not occurred and no substitute custodian able, willing, and eligible to serve was nominated under section 68-803, Idaho Code,
the person who made the nomination may nominate a substitute custodian under section 68-803, Idaho Code; otherwise the transferor or the transferor's legal representative shall designate a substitute custodian at the time of the transfer, in either case from among the persons eligible to serve as custodian for that kind of property under section 68-809(1), Idaho Code. The custodian so designated has the rights of a successor custodian.

(2) A custodian, at any time, may designate a trust company or an adult other than a transferor under section 68-804, Idaho Code, as successor custodian by executing and dating an instrument of designation before a subscribing witness other than the successor. If the instrument of designation does not contain or is not accompanied by the resignation of the custodian, the designation of the successor does not take effect until the custodian resigns, dies, becomes incapacitated, or is removed.

(3) A custodian may resign at any time by delivering written notice to the minor, if the minor has attained the age of fourteen (14) years, and to the successor custodian and by delivering the custodial property to the successor custodian.

(4) If a custodian is ineligible, dies, or becomes incapacitated without having effectively designated a successor and the minor has attained the age of fourteen (14) years, the minor may designate as successor custodian, in the manner prescribed in subsection (2) of this section, an adult member of the minor's family, a conservator of the minor, or a trust company. If the minor has not attained the age of fourteen (14) years, or fails to act within sixty (60) days after the incapacity, the conservator of the minor becomes successor custodian. If the minor has no conservator or the conservator declines to act, the transferor, the legal representative of the transferor or of the custodian, an adult member of the minor's family, or any other interested person, may petition the court to designate a successor custodian.

(5) A custodian who declines to serve under subsection (1) of this section or resigns under subsection (3) of this section, or the legal representative of a deceased or incapacitated custodian, as soon as practicable, shall put the custodial property and records in the possession and control of the successor custodian. The successor custodian, by action, may enforce the obligation to deliver custodial property and records and becomes responsible for each item as received.

(6) A transferor, the legal representative of a transferor, an adult member of the minor's family, a guardian of the person of the minor, the conservator of the minor, or the minor, if the minor has attained the age of fourteen (14) years, may petition the court to remove the custodian for cause and to designate a successor custodian other than a transferor under section 68-804, Idaho Code, or to require the custodian to give appropriate bond.

68-819. ACCOUNTING BY AND DETERMINATION OF LIABILITY OF CUSTODIAN. (1) A minor who has attained the age of fourteen (14) years, the minor's guardian of the person or legal representative, an adult
member of the minor's family, a transferor, or a transferor's legal representative may petition the court (i) for an accounting by the custodian or the custodian's legal representative; or (ii) for a determination of responsibility, as between the custodial property and the custodian personally, for claims against the custodial property, unless the responsibility has been adjudicated in an action under section 68-817, Idaho Code, to which the minor or the minor's legal representative was a party.

(2) A successor custodian may petition the court for an accounting by the predecessor custodian.

(3) The court, in a proceeding under this chapter or in any other proceeding, may require or permit the custodian or the custodian's legal representative to account.

(4) If a custodian is removed under section 68-818(6), Idaho Code, the court shall require an accounting and order delivery of the custodial property and records to the successor custodian and the execution of all instruments required for transfer of the custodial property.

68-820. TERMINATION OF CUSTODIANSHIP. The custodian shall transfer in an appropriate manner the custodial property to the minor or to the minor's estate upon the earlier of:

(1) The minor's attainment of twenty-one (21) years of age with respect to custodial property transferred under section 68-804 or section 68-805, Idaho Code;

(2) The minor's attainment of eighteen (18) years of age, with respect to custodial property transferred under section 68-806 or section 68-807, Idaho Code;

(3) The minor's death.

68-821. APPLICABILITY. The provisions of this chapter apply to a transfer within the scope of section 68-802, Idaho Code, made after its effective date if:

(1) The transfer purports to have been made under the Uniform Gifts to Minors Act of Idaho; or

(2) The instrument by which the transfer purports to have been made uses in substance the designation "as custodian under the Uniform Gifts to Minors Act" or "as custodian under the Uniform Transfers to Minors Act" of any other state, and the application of this chapter is necessary to validate the transfer.

68-822. EFFECT ON EXISTING CUSTODIANSHIPS. (1) Any transfer of custodial property as now defined in this chapter made before July 1, 1984, is validated, notwithstanding that there was no specific authority in the Uniform Gifts to Minors Act of Idaho, for the coverage of custodial property of that kind or for a transfer from that source at the time the transfer was made.

(2) The provisions of this chapter apply to all transfers made before the effective date of this chapter, in a manner and form prescribed in the Uniform Gifts to Minors Act of Idaho, except insofar as the application impairs constitutionally vested rights or extends the
duration of custodianships in existence on the effective date of this chapter.

(3) Sections 68-801 and 68-820, Idaho Code, with respect to the age of a minor for whom custodial property is held under this chapter, do not apply to custodial property held in a custodianship that terminated because of the minor's attainment of the age of eighteen (18) years after July 1, 1972 and before July 1, 1984.

68-823. UNIFORMITY OF APPLICATION AND CONSTRUCTION. The provisions of this chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

68-824. SHORT TITLE. This chapter may be cited as the "Idaho Uniform Transfers to Minors Act."

68-825. SEVERABILITY. The provisions of this chapter are hereby declared to be severable and if any provision of this chapter or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of remaining portions of this chapter.

Approved March 31, 1984.

The legislature of the state of Idaho hereby declares the ground water of this state to be a public resource which must be protected against unreasonable contamination or deterioration of quality to preserve such waters for diversion to beneficial uses; that in order to protect such waters against contamination or deterioration in quality it is necessary that the drilling construction and use of waste-disposal-and injection wells be controlled as provided in this act chapter.

SECTION 2. That Section 42-3902, Idaho Code, be, and the same is hereby amended to read as follows:

42-3902. DEFINITIONS. Whenever used in this act, the term:

(1) "Waste-disposal-and-injection-well" means any excavation or artificial opening into the ground more than eighteen (18) feet in vertical depth below the land surface which is constructed by any percussion, rotary, boring, digging, jetting, or augering machine and which is used for or intended to be used for the subsurface disposal of any liquid or solid material which may affect the ground waters of the state of Idaho. "Aquifer" means any geologic formation that will yield water to a well in sufficient quantities to make production of water from the formation feasible for beneficial use, except when the water in such formation results solely from injection through a waste disposal and injection well.

(2) "Director" means the director of the department of water resources.

(3) "Drinking water source" means an aquifer which contains water having less than 10,000 mg/l total dissolved solids and has not been exempted from this designation by the director of the department of water resources.

(4) "Fluid" means any material or substance which flows or moves whether in a semisolid, liquid, sludge, gaseous or any other form or state.

(5) "Formation" means a body of consolidated or unconsolidated rock characterized by a degree of lithologic homogeneity which is mappable at the earth's surface or traceable in the subsurface.

(6) "Hazardous waste" means any fluid or combination of fluids, excluding radioactive wastes, which because of quantity, concentration or characteristics (physical, chemical or biological) may:

(a) Cause or significantly contribute to an increase in deaths or an increase in serious, irreversible or incapacitating reversible illness; or

(b) Pose a substantial threat to human health or to the environ-
ment if improperly treated, stored, disposed of, or managed. Such wastes include, but are not limited to, materials which are toxic, corrosive, ignitable, or reactive, or materials which may have mutagenic, teratogenic, or carcinogenic properties, but do not include solid or dissolved material in domestic sewage or solid or dissolved material in irrigation return flows.

(7) "Injection" means the subsurface emplacement of fluids.

(8) "Injection well" means any excavation or artificial opening into the ground which meets the following three (3) criteria:
   (a) It is a bored, drilled or dug hole, or is a driven mine shaft or a driven well point; and
   (b) It is deeper than its largest straight-line surface dimension; and
   (c) It is used for or intended to be used for injection.

(9) "Irrigation waste water" means surplus water diverted for irrigation but not applied to crops or runoff of surplus water from the cropland as a result of irrigation.

(10) "Licensed driller" means any person holding a valid license to drill water wells in Idaho as provided and defined in section 42-238, Idaho Code.

Runoff from urbanized areas, such as streets, parking lots, airports, and runoff from animal feedlots, agricultural processing facilities and similar facilities are not included within the scope of this term.

(19) "Waste disposal and injection well" means an injection well which is more than eighteen (18) feet in vertical depth below land surface.

SECTION 3. That Chapter 39, Title 42, Idaho Code, be, and the
same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-3902A, Idaho Code, and to read as follows:

42-3902A. PROHIBITION OF INJECTION OF HAZARDOUS WASTES AND OF RADIOACTIVE WASTES. Construction of an injection well to be used for injection of hazardous wastes or of radioactive wastes into or above a drinking water source is prohibited. Injection of hazardous wastes or of radioactive wastes through an existing injection well into or above a drinking water source is prohibited. Any such injection shall subject any person responsible for said activity to the sanctions and penalties of this chapter in addition to all other applicable sanctions and penalties provided by statute or the common law.

SECTION 4. That Chapter 39, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-3903A, Idaho Code, and to read as follows:

42-3903A. SHALLOW INJECTION WELLS -- AUTHORIZATION FOR CONSTRUCTION AND USE. Construction and use of shallow injection wells shall be authorized by rules and regulations adopted by the water resource board. Shallow injection wells used for the disposal of nonhazardous and nonradioactive sanitary wastes generated in, on, or in conjunction with a single family noncommercial dwelling are exempt from the authorization requirements of this chapter, but shall be subject to the applicable requirements of the Idaho environmental protection and health act of 1972, sections 39-101, et seq., Idaho Code.

SECTION 5. That Section 42-3904, Idaho Code, be, and the same is hereby amended to read as follows:

42-3904. APPLICATION FOR PERMIT -- OWNER -- LANDLORD OPERATOR RESPONSIBLE. The owner or operator shall make application to the director of the department of water resources for such a permit as provided in this chapter. For purposes of this section, an owner-landlord shall be responsible for making application and obtaining such permits for his tenant. When a facility is owned by one person but operated by another, it shall be the operator's duty to obtain a permit. Such application shall be upon forms furnished by the director which shall require information concerning the location and description of the waste-disposal and injection well, the quantity, quality, and nature of the material being or proposed to be injected, the description of the underground formation and aquifer into which the material is proposed to be or is being injected, the availability of alternative sources of disposal, and such other information as will enable the director and the director of the department of health and welfare to determine the effect of the injection of the material upon the quality of the ground water, the effect upon the beneficial uses of said ground water, the effect upon the public health and the effect upon public benefits derived therefrom, if any. Such application shall
be submitted complete with fees as provided in this act chapter. Mine shafts used for the disposal of wastes resulting from the mining and concentration process shall be exempt from the permit requirements of this chapter until an inventory and assessment of the contamination potential posed by such operation is completed.

42-3905. FEES -- TRANSMITTED TO STATE TREASURER. Fees provided for in this section shall accompany all applications. No such application shall be accepted unless accompanied by a filing fee of twenty-five fifty dollars ($250.00) per application; providing that for any such application covering more than one (1) well there shall be an additional filing fee of ten dollars ($10.00) for each additional well. No fee shall be charged for modification of a well or for renewal or extension of a permit which has been previously issued under the provisions of this act. No fee shall be charged for applications submitted on wells in operation on or before January 1, 1973. A separate application shall be filed for each waste disposal and injection well and each shallow injection well for which a permit is required by the rules and regulations adopted by the water resource board. All fees received under the provisions of this act chapter are deemed to be non-refundable except those fees submitted with applications that do not require a permit shall be returned to the applicant, and shall be transmitted to the state treasurer for deposit in the water administration fund as established under the provisions of section 42-238(a), Idaho Code. Fees collected may be used by the director of the department of water resources to carry out the provisions of this act chapter.

SECTION 7. That Section 42-3906, Idaho Code, be, and the same is hereby repealed.

SECTION 8. That Section 42-3907, Idaho Code, be, and the same is hereby amended to read as follows:

(2) The director of water resources shall examine each application and shall make an investigation to determine what effect the use of the proposed or existing waste-disposal and injection well will have or is having upon the rights of others to use water for beneficial purposes. For purposes of such investigation, the director may conduct a fact finding or investigative hearing. He may apply to the district court of the county in which the well is located for subpoenas requiring the appearance of witnesses and production of books, records, and papers; or he may administer oaths, and take testimony at
any place and time. Employees and agents of the department of water resources or--department--of--health--and-welfare may make reasonable entry upon any lands in the state for purposes of making investigations and surveys, or for other purposes necessary to carry out the intent of this act chapter.

SECTION 9. That Section 42-3908, Idaho Code, be, and the same is hereby amended to read as follows:

42-3908. PERMIT APPROVING CONSTRUCTION AND USE -- CONDITIONS -- REJECTION OF APPLICATION. If the director of the department of water resources determines the use of the proposed or existing waste-disposal-and injection well will not affect the rights of others to use water for beneficial purposes and if-the-director-of-the-department-of-health--and-welfare-recommends-the-application-be-approved;--the-director-of-the-department-of-water-resources shall issue a permit approving the construction, modification or continued operation of such well. Such permit shall contain conditions, if any, determined to be necessary to protect the public interest in the ground water resource including, but not limited to, the method and manner of operation of the injection well, the period during which the injection well may be operated, a date when such permit shall expire, and periodic reports to the department of water resources of the quality and quantity of the material fluids injected. No waste disposal and injection well or shallow injection well shall be used unless a valid permit is in effect in accordance with this act chapter.

If the director of the department of water resources determines the use of the proposed or existing waste-disposal-and injection well will interfere or is interfering with the right of the public to withdraw water for beneficial uses, or if-the-director-of-the-department-of-health-and-welfare-recommends-the-application-be--denied, the director finds there are no overriding needs existing to justify the use of the waste-disposal-and injection well, the director may reject the application and forward notice of such rejection to the owner or operator by certified mail.

SECTION 10. That Section 42-3909, Idaho Code, be, and the same is hereby amended to read as follows:

42-3909. DISAPPROVAL OF APPLICATION -- OWNER OR OPERATOR ENTITLED TO HEARING -- PROCEDURE -- JUDICIAL REVIEW. Any owner or operator aggrieved by the disapproval of an application or by the conditions imposed in a permit shall upon request therefor in writing within thirty (30) days after receipt of notice of such disapproval or conditional approval, be afforded an opportunity for a hearing before the water resources board, such hearing to be conducted in accordance with chapter 52, title 67, Idaho Code, at a place convenient to the owner or operator. Such hearing shall be held for the purpose of determining whether the permit should issue be issued or whether the conditions imposed in a permit are reasonable, or whether a change in circum-
stances warrants a change in the conditions imposed in a valid permit. For purposes of such hearing the water resource board shall have power to administer oaths, examine witnesses, and issue in the name of the board subpoenas requiring testimony of witnesses and the production of evidence relevant to any matter in the hearing. A certified transcript of the proceedings and the evidence received at such hearing shall be maintained by the board. The board shall affirm, modify or reject the director's decision, and make its decision in the form of an order to the director. Judicial review of a final determination by the board may be secured by the owner or operator by filing a petition for review as prescribed by chapter 52, title 67, Idaho Code, in the district court of the county wherein the waste-disposal-and injection well is situated. The petition for review shall be served upon the chairman of the water resource board and upon the attorney general as provided by the Idaho rules of civil procedure.

SECTION 11. That Section 42-3910, Idaho Code, be, and the same is hereby amended to read as follows:

42-3910. CANCELLATION OF PERMIT -- NOTICE -- HEARING -- REVIEW. When the director of the department of water resources has reason to believe the operation and use of an waste-disposal-and injection well, for which a permit has been issued in accordance with this act chapter, is interfering with the right of the public to withdraw water for beneficial uses, or is causing unreasonable contamination or deterioration of the quality of the ground water below the adopted water quality standards of the board of health and welfare, he may cancel such permit. Prior to the cancellation of such permit there shall be a hearing before the water resource board for the purpose of determining whether or not the permit should be cancelled. At such hearing the director of the department of water resources shall be the complaining party. For purposes of such hearing, the board shall have power to administer oaths, examine witnesses and issue subpoenas requiring testimony of witnesses and production of evidence relevant to any matter in the hearing. The hearing shall be conducted in accordance with chapter 52, title 67, Idaho Code, and the board shall provide the owner or operator whose permit is proposed to be cancelled with reasonable notice and the opportunity to be heard in accordance with chapter 52, title 67, Idaho Code. A certified transcript of the proceedings and the evidence received at such hearing shall be maintained by the board. The board shall affirm, modify or reject the director's decision, and make its decision in the form of an order to the director. Review of a final determination by the board may be secured by the owner or operator by filing a petition for review as prescribed by chapter 52, title 67, Idaho Code, in the district court of the county wherein the waste-disposal-and injection well is situated. The petition for review shall be served upon the chairman of the water resource board and upon the attorney general as provided by the Idaho rules of civil procedure.

SECTION 12. That Section 42-3911, Idaho Code, be, and the same is
hereby amended to read as follows:

Any owner or operator who causes to be constructed or consents either expressly or impliedly to the construction of a new waste disposal and injection well without having first obtained a permit therefor from the director of the department of water resources as provided in this act chapter shall be guilty of a misdemeanor. Any owner or operator who causes an existing waste disposal and injection well to be modified or consents either expressly or impliedly to the modification of an existing waste disposal and injection well without having first obtained a permit therefor from the director of the department of water resources as provided in this act chapter shall be guilty of a misdemeanor. From and after January 1, 1974, any owner or operator who continues to use operate and maintain or consents either expressly or impliedly to the continued use operation and maintenance of an existing waste disposal and injection well without having first obtained a permit therefor from the director of the department of water resources as provided in this act chapter shall be guilty of a misdemeanor; provided, that no misdemeanor shall occur where an owner or operator applied for a permit before January 1, 1974, and the director of the department of water resources has not approved or rejected said application. Any owner or operator of a proposed or existing injection well who violates the rules and regulations of the water resource board shall be guilty of a misdemeanor. Each and every day that such activity is carried on in violation of this section shall constitute a separate and distinct offense.

SECTION 13. That Section 42-3912, Idaho Code, be, and the same is hereby amended to read as follows:

42-3912. DRILLERS MUST BE LICENSED -- OWNERS' APPROVED PERMITS -- CERTIFIED COPIES. It shall be unlawful for any person not a licensed driller to construct a new waste disposal and injection well or modify an existing waste disposal and injection well, except that a driller's license is not required for the construction of a driven mine shaft or dug hole for the purposes of this chapter. All licensed drillers shall obtain a certified copy of the owner's approved permit from the director of the department of water resources prior to construction of any new waste disposal and injection well or prior to the modification of any existing waste and injection well. Failure by a licensed driller to comply with this section shall constitute cause for revocation of a well driller's license in accordance with section 42-238, Idaho Code.

SECTION 14. That Section 42-3913, Idaho Code, be, and the same is hereby amended to read as follows:

42-3913. MINIMUM STANDARDS -- RULES AND REGULATIONS -- ADOPTION. The water resource board shall adopt minimum standards for the construction or abandonment of waste disposal and injection wells in
accordance-with-chapter-52; title-67; Idaho-Code. Such standards shall 
require each waste disposal and injection well to be so constructed as 
to protect the ground water of this state from waste and unreasonable 
contamination. Each licensed well driller or operator will be fur-
nished with a copy of the adopted standards, and will be required to 
construct each waste disposal and injection well drilled after the 
effective date of said rules and regulations in compliance with the 
determined standards. Failure by a licensed driller to comply with 
such standards shall constitute cause for revocation of the well 
driller's license in accordance with section 42-238, Idaho Code. 

The water resource board shall also adopt minimum standards for 
the construction and abandonment of shallow injection wells. Any 
person who constructs or abandons a shallow injection well without 
complying with such standards shall be guilty of a misdemeanor.

act chapter shall not prevent the present or future use of any exist-
ing or proposed waste-disposal-and injection well which is used exclu-
sively for disposal of irrigation waste water or of surface runoff 
water where such disposal does not adversely affect domestic drinking 
water sources, and state or local government entities involved in 
highway and street construction and maintenance shall be exempt from 
fees and permit applications for shallow injection wells. The board 
of-health-and-welfare-and-the water resource board shall establish 
criteria and standards for disposal of irrigation waste waters the

Such showing must be made under oath and the district court's finding that extraordinary circumstances exist for extending the time shall be in writing and shall be immediately reported to the supreme court, which shall at once independently consider the sufficiency of the circumstances shown and determine whether an extension of time is warranted.

(11) A stay of execution while the special appellate procedures specified herein are followed and during the pendency of automatic review of death sentences shall be automatically entered by the clerk of the supreme court at the time the district court transmits to the supreme court the report required by section 19-2827, Idaho Code. If the sentence is upheld, the clerk shall dissolve such stay when the remittitur is filed. Thereafter the district court shall set a new execution date.

CHAPTER 173
(H.B. No. 746, As Amended in the Senate)

AN ACT
RELATING TO LEGISLATIVE DISTRICTS; PROVIDING A STATEMENT OF LEGISLATIVE FINDINGS; AMENDING CHAPTER 2, TITLE 67, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 67-202A, IDAHO CODE, TO PROVIDE FOR THIRTY-SIX LEGISLATIVE DISTRICTS AND FOR THE ELECTION OF ONE SENATOR AND TWO REPRESENTATIVES OF EACH DISTRICT; AMENDING SECTION 34-704, IDAHO CODE, AS AMENDED BY HOUSE BILL NO. 645, CHAPTER 8, LAWS OF 1984, TO REQUIRE A CANDIDATE TO FILE A DECLARATION OF CANDIDACY BETWEEN THE TENTH MONDAY AND THE SIXTH FRIDAY PRECEDING A PRIMARY ELECTION; PROVIDING THAT THE REQUIREMENTS OF SECTION 34-301, IDAHO CODE, ARE WAIVED IN SO FAR AS THE PROVISIONS OF THIS ACT MAY REQUIRE A PRECINCT BOUNDARY TO BE ADJUSTED TO MEET THE REQUIREMENTS OF THIS ACT; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION OF THIS ACT, AND PROVIDING FOR THE CONTINUATION OF EXISTING DISTRICTS FOR ALL NECESSARY PURPOSES OF THE FORTY-SEVENTH LEGISLATURE; AND PROVIDING SEVERABILITY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. STATEMENT OF LEGISLATIVE FINDINGS. The Legislature recognizes that many factors impact decisions regarding legislative apportionment. In adoption of the provisions of this act, the Legislature was cognizant that apportionment is fundamental to good government. In all decisions implemented in this act, certain principles governed. The most important of these was achievement of one person, one vote, as mandated by the federal constitution and interpretations by federal courts. In addition, recognition of county boundaries, creation of compact and contiguous districts, preservation of historical socioeconomic relationships, and recognition of natural topographical barriers weighed heavily upon these deliberations. The Legislature has been particularly aware of the requirements of Section 5, Article III, of the Constitution of the State of Idaho. The necessary balance between principles of the United States Constitution and guarantees of the Idaho Constitution has been placed squarely before the Idaho Legislature. The resulting apportionment, contained herein, is a balance of these and other special criteria, noted in this statement as applicable.

In certain districts, there exist such unique conditions, that deviation from the ideal of one person, one vote, seems not only warranted, but mandated. In Legislative District No. 1 composed of Bonner and Boundary Counties, these counties are bounded on three sides by other states and a foreign nation. No other combination of counties is possible which accomplishes representation of these populations. Similarly, Kootenai County, in Districts No. 2 and No. 3, has deviations from the ideal which may exceed the most desirable, but the county is given recognition through two districts entirely within its boundaries. Any combination with other counties would only serve to dilute
the representation of Kootenai County as a separate and distinct unit.

Benewah and Shoshone Counties are combined in a district without other counties based upon their traditional ties of economic and social interests.

Four Legislative Districts, No. 5, No. 6, No. 7 and No. 8, illustrate legislative efforts to minimize deviations when it was possible without diluting representation. A floterial district concept is utilized in this area to achieve the representation to which the population total is entitled. The size of the floterial district is limited, however, to five counties, because inclusion of the ten counties north of the southern Idaho County boundary would create a district so large and cumbersome as to be difficult to represent. The diversity of interests thrown into a single district merely for the achievement of minimal deviation would then negate the legitimate representation of these interests.

District No. 9, which is well below the ideal district size, nevertheless consists of four large and sparsely populated counties. While mathematical purity might be achieved by a combination of these and some northern counties, representation of like interests would be diluted.

District No. 22 is well above the ideal district size, but represents a combination of counties very large in size, and without responsible alternatives. Bounded as it is by two states, Owyhee County with its sparsely populated expanse, warrants special consideration. Any combination of Owyhee County with another county than Elmore, would result in unnecessary and unwarranted dilution of the representation of the other county.

District No. 23, composed of five counties of Butte, Clark, Custer, Jefferson and Lemhi, once again illustrates the problems of size and population density. These counties have natural similarities of economic and social interests. They are bounded by another state on one side and by the natural topographical limitation of a large wilderness area and imposing mountain range on the other. While their interests are similar enough to be amenable to good representation, further division or other combinations would only dilute good representation.

Use of two floterial districts in the southeastern corner of the state achieves better representation because the counties included are similar in their socioeconomic traditions. The size of the resulting districts is not excessive and the similarities of interests would make good representation a reasonable expectation. Further, floterial districts used here make it possible to represent individual counties, thereby maximizing county representation in the Legislature. Only through the use of a floterial district is Bingham County assured the representation to which its population would entitle it.

While the concept of one person, one vote, has been preeminent in the accomplishment of this apportionment, another important factor has also been considered, and that is achievement of access to good representation. Each case of deviation from the ideal population size has been considered in light of the special circumstances which might warrant that deviation from the first principle, and the resulting
enactment herein contained is a merger of these diverse interests and principles.

SECTION 1. That Section 33-903, Idaho Code, be, and the same is
hereby amended to read as follows:

33-903. PUBLIC SCHOOL INCOME FUND. The public school income fund
is that fund in the treasury of the state of Idaho to which are cred-
itted all income from the public school fund; the proceeds of all state taxes levied for public school purposes; grants of moneys from the federal government for public school purposes when other disposition is not specified by law; ninety percent (90%) of any moneys received by any department of state government from the federal government from sales, royalties, bonuses or rentals of oil, gas or mineral lands; legislative appropriations in support of the public schools, and other moneys required by the law of the federal government or of the state of Idaho to be made a part of said fund and credited thereto. Interest earned on the investment of idle moneys in the public school income fund shall be paid to the public school income fund.

SECTION 2. That Section 33-1009, Idaho Code, be, and the same is hereby amended to read as follows:

33-1009. PAYMENTS FROM THE PUBLIC SCHOOL INCOME FUND.
1. a. Payments of the state general account appropriation for public school support shall be made each year by the state board of education to the public school districts of the state in five (5) payments. Payments to the districts shall be made not later than the fifteenth day of August, the first day of October, the fifteenth day of November, the fifteenth day of February, and the fifteenth day of May each year. Each payment by the state board of education shall be approximately twenty percent (20%) of the total general account appropriation for the fiscal year. Amounts apportioned due to a special transfer to the public school income fund to restore or reduce a deficiency in the prior year's transfer pursuant to subsection 4 of this section shall not be subject to this limitation.

b. Payments of moneys, other than the state general account appropriation, that accrue to the public school income fund shall be made by the state board of education to the school districts of the state on the fifteenth day of November, February, May and July each year. The total amount of such payments shall be determined by the state department of education and shall not exceed the amount of moneys available and on deposit in the public school income fund at the time such payment is made.

c. Amounts apportioned due to a special transfer to the public school income fund to restore or reduce a deficiency in the prior year's transfer pursuant to subsection 4 of this section shall not be subject to the limitation imposed by paragraphs a and b.

2. Payments made to the school districts in August, October and November are advance payments for the current year and will be based upon payments from the public school income fund for the preceding school year. Each school district shall receive its proportionate share of the advance payments in the same ratio that its total payment for the preceding year was to the total payments to all school districts for the preceding year.

3. No later than the fifteenth day of February in each year, the state board of education shall compute the state distribution factor based on the total average daily attendance for the first semester of
the then current school year. The factor will be used in payments of state funds in February and May.

As of the thirtieth day of June of each year the state board of education shall determine final payments to be made on July fifteenth next succeeding to the several school districts from the public school income fund for the school year ended June 30. The July payments shall take into consideration:

a. the average daily attendance of the several school districts for the twenty-eight (28) best weeks of the school year completed not later than the thirtieth of June,
b. all funds available in the public school income fund for the fiscal year ending on the thirtieth of June,
c. all payments distributed for the current fiscal year to the several school districts,
d. payments made or due for the transportation support program and the exceptional education support program. The state board of education shall apportion and direct the payment to the several school districts the moneys in the public school income fund in each year, taking into account the advance made under subsection 2 of this section, in such amounts as will provide in full for each district its support program, and not more than therefor required, and no school district shall receive less than fifty dollars ($50.00).

4. If the full amount appropriated from the general account by the legislature is not transferred to the public school income fund by the end of the fiscal year, the deficiency resulting therefrom shall either be restored or reduced through a special transfer from the general account in the first sixty (60) days of the following fiscal year, or shall be calculated in computing district levies, and any additional levy shall be certified by the state board of education to the board of county commissioners and added to the district's maintenance and operation levy, and the additional levy shall be exempt from the limitations imposed by section 63-923(1), Idaho Code. If the deficiency is restored or reduced by special transfer, the amount so transferred shall be in addition to the amount appropriated to be transferred in such following fiscal year, and shall be apportioned to each school district in the same amount as each would have received had the transfer been made in the year the deficiency occurred. The board shall distribute to the school district the full amount of the special transfer as soon as practical after such transfer is made. In making the levy computations required by this subsection the state board of education shall take into account and consider the full amount of money receipted into the public school income fund from all sources for the given fiscal year. Deficits in the transfer of the appropriated amount of general account revenue to the public school income fund shall be reduced by the amount, if any, that the total amount receipted from other sources into the public school income fund exceeds the official estimated amount from those sources. The official estimate of receipts from other sources shall be the total amount stated by the legislature in the appropriation bill.

5. Any apportionments in any year, made to any school district,
which may within the succeeding three (3) year period be found to have been in error either of computation or transmittal, may be corrected during the three (3) year period by reduction of apportionments to any school district to which over-apportionments may have been made or received, and corresponding addition to apportionments to any school district to which under-apportionments may have been made or received.

6. Any apportionment made pursuant to this statute shall be subject to the payment from the public school income fund to the public employee retirement fund as required by Section 59-1332A, Idaho Code. The payments shall be prior to the payment of funds from the public school income fund to the several school districts as provided herein:

SECTION 3. That Section 59-1115, Idaho Code, be, and the same is hereby repealed.

SECTION 4. That Chapter 11, Title 59, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 59-1115, Idaho Code, and to read as follows:

59-1115. EMPLOYER'S PORTION OF SOCIAL SECURITY TAX FOR SCHOOL DISTRICT PERSONNEL AND JUNIOR COLLEGE DISTRICT PERSONNEL. The board of trustees of each class of school district, at such times as prescribed by the state auditor, shall compute and certify the amount of money required for the payment of the employer's social security tax for its personnel to the state auditor, who shall promptly transfer such amount from the appropriation made for that purpose to the social security trust account. director shall compute the benefit costs attributable to each of the
said school districts individually as provided in section 72-1349B,

SALES TAX ACCOUNT; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-6211, Idaho Code, be, and the same is hereby amended to read as follows:

67-6211. ADDITIONAL DEFINITIONS AND CAPITAL RESERVE FUND PROCEDURES. As used in this section, the following words and phrases shall have the following meanings unless the context shall indicate another or different meaning or intent:

(a) "Maximum capital reserve fund requirement" shall mean, as of any particular date of computation, an amount of money equal to the greatest of the respective amounts, for the then current or any future fiscal year of the agency, of annual debt service of the agency, such annual debt service for any fiscal year being the amount of money equal to the aggregate of:
   (1) All interest payable during such fiscal year on all bonds secured by such capital reserve fund of the agency outstanding on said date of computation, plus
   (2) The principal amount of all bonds of the agency secured by such capital reserve fund, outstanding on said date of computation which matures during such fiscal year, plus
   (3) The amount of all annual sinking fund payments payable during such fiscal year with respect to any bonds of the agency secured by such capital reserve fund, outstanding on said date of computation.

(b) "Annual sinking fund payment" shall mean the amount of money specified in the resolution authorizing term bonds as payable into a sinking fund during a particular fiscal year for the retirement of term bonds which mature after such fiscal year, but shall not include any amount payable by reason only of the maturity of a bond.

(c) "Available operating revenues" shall mean all amounts received on account of rentals and fees and other charges imposed by the agency, if any, and income or interest earned or added to funds of the agency due to the investment thereof and not required under the terms or provisions of any covenant or agreement with holders of any bonds or notes of the agency to be applied to any purposes other than payment of expenses of the agency.

(d) "Amortized value," when used with respect to securities purchased at a premium above or a discount below par, shall mean the value as of any given date obtained by dividing the total premiums or discount at which such securities were purchased by the number of interest payments remaining to maturity on such securities after such purchase, and by multiplying the amount so calculated by the number of interest payment dates having passed since the date of such purchase; and
   (1) In the case of securities purchased at a premium, by deducting the product thus obtained from the purchase price, and
   (2) In the case of securities purchased at a discount, by adding the product thus obtained to the purchase price.
(e) The agency shall create and establish one or more special funds (herein referred to as "capital reserve funds"), and shall pay into each such capital reserve fund:

1. Any proceeds of sale of notes or bonds, to the extent provided in the resolution or resolutions of the agency authorizing the issuance thereof,
2. Any funds directed to be transferred by the agency to such fund, and
3. Any other moneys which may be made available to the agency for the purpose of such fund from any other source or sources.

(f) All moneys held in or credited to each such capital reserve fund, except as hereinafter provided, shall be used, as required, solely for the payment of the principal of bonds or of the sinking fund payments hereinafter mentioned with respect to such bonds, the purchase or redemption of bonds, the payment of interest on bonds or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; provided, however:

1. That moneys in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the maximum capital reserve fund requirement, except for the purposes of making payment, when due, with respect to such bonds, of principal or redemption price of, interest and the sinking fund payments, as the same become due, and for the payment of which other moneys of the agency are not available.
2. Any income or interest earned by, or increment to, any capital reserve fund due to the investment thereof may be transferred by the agency to other funds or accounts of the agency to the extent it does not reduce the amount of such capital reserve fund below the maximum capital reserve fund requirement.

(g) Within sixty (60) days after the close of the agency's fiscal year, the chairman of the agency shall certify to the state tax commission the amount, if any, required to maintain the capital reserve funds established pursuant to this section at the maximum capital reserve fund requirement, but only for any capital reserve fund of the agency which is required by a resolution of the agency to be maintained by a continuing appropriation from the sales tax account. The chairman of the agency shall not be entitled to so certify to the state tax commission at any time that the total principal amount of the agency's outstanding bonds exceeds the sum of four six hundred million dollars ($4,600,000,000).

(h) The agency shall not issue bonds at any time if upon issuance there will be created a capital reserve fund and the amount in the capital reserve fund securing such bonds will be less than the maximum capital reserve fund requirement, unless the agency, at the time of issuance of such bonds, shall deposit in such fund, from the proceeds of the bonds so to be issued, or sources other than the state sales tax fund, an amount which, together with the amount then in such fund, will not be less than the maximum capital reserve fund requirement.

(i) Moneys in a capital reserve fund not required for immediate use or disbursement may be invested in obligations of the state or the United States of America or obligations the principal of and interest
on which are guaranteed by the state or the United States of America or obligations of agencies of the United States of America or obligations which may from time to time be legally purchased by savings banks of the state, as investment of funds belonging to them or in their control. In computing the amount of a capital reserve fund for the purposes of this section, securities in which all or a portion of such fund are invested shall be valued at par if purchased at par or, if purchased at other than par, at amortized value.

(j) The agency shall create and establish such other fund or funds as may be necessary or desirable for its corporate purposes.

(k) In the event of the dissolution of the agency, any funds or assets of the agency remaining after paying its bonds, notes or other obligations shall revert to the state.

(l) The total principal amount of the agency's outstanding bonds secured by a capital reserve fund entitled to appropriation from the state sales tax account pursuant to section 67-6211(g), Idaho Code, and section 63-3638(e), Idaho Code, shall not exceed the sum of four hundred million dollars ($400,000,000).

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 3, 1984.

If the vehicle has the same manufacturer's year designation as the year in which the fee is paid, or if a vehicle has a manufacturer's year designation later than the year in which the fee is paid, the vehicles shall be deemed to be one (1) year old for the purposes of this subsection. The term "manufacturer's year designation" shall mean the model year designated by the motor vehicle manufacturer, and not the year in which the vehicle is in fact manufactured.
There shall be ten (10) registration periods, starting in January for holders of license plates ending in 1, and proceeding consecutively through October for holders of license plates ending in 0, each of which shall start on the first day of a calendar month and end on the last day of the twelfth month from the date of beginning. A vehicle that has once been registered for any of the above designated periods shall, upon reregistration, be registered for the period bearing the same number, and the registration card shall show and be the exclusive proof of the expiration date of registration and licensing. Vehicles may be initially registered for less than a twelve (12) month period, or for more than a twelve (12) month period, and the fee prorated on a monthly basis if the fractional registration tends to fulfill the purpose of the monthly series registration system.

(2) For all motor vehicles, trailers and semitrailers equipped to carry passengers and operated primarily for hire exclusively within the limits of an incorporated city and adjacent thereto, when the service outside the city is a part of a regular service rendered inside the city, and for school buses operated pursuant to a service contract with a school district for transporting children to or from school or in connection with school approved activities, the annual fee shall be twelve dollars ($12.00).

(3) For all hearses, ambulances and wreckers the annual fee shall be twenty-nine dollars ($29.00), and these vehicles shall bear passenger car plates. No operator of a hearse, ambulance, or wrecker shall be entitled to operate them by virtue of any dealer's license that may have been issued under the provisions of this chapter.

SECTION 15. That Section 49-127B, Idaho Code, be, and the same is hereby amended to read as follows:

49-127B. PROPORTIONAL REGISTRATION OF COMMERCIAL VEHICLES. (b) Any owner engaged in operating one or more fleets may, in lieu of the registration fees imposed by section 49-127 (parts-4-and
5), Idaho Code, register each fleet for operation in this state by filing an application with the department which shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(1) Total fleet miles. This shall be the total number of miles operated in all jurisdictions during the preceding year by the motor vehicles in such a fleet during said the year.

(2) In-state miles. This shall be the total number of miles operated in this state during the preceding year by such motor vehicles in such the fleets during said the year.

(3) A description and identification of each vehicle of such the fleet which is to be operated in this state during the registration year for which proportional fleet registration is requested, and, as determined by the department, the vehicle unit number of each fleet vehicle as assigned by the owner.

(c) The application for each fleet shall, at the time and in the manner required by the department, be supported by a fee payment computed as follows:

(1) Divide in-state miles by total fleet miles.

(2) Determine the total amount necessary to register each and every vehicle in the fleet for which registration is required based on the regular annual fees prescribed by section 49-127 (parts-4-and-5), Idaho Code.

(3) Multiply the sum obtained under subsection 49-127B(c)(2) thereof, Idaho Code, by the quotient obtained under subsection 49-127B(c)(1) thereof, Idaho Code.

(d) The applicant for proportional registration of any fleet, the motor vehicles of which are operated by him in jurisdictions in addition to those in which the applicant's fleet motor vehicles are operated, may state such those motor vehicles separately in his application and pay the fees therefor in accordance with such the separate statement, as to which "total miles" shall be the total miles of highway operation determined from miles of power units, whether prorated or not, operated in combination with prorated trailers in all jurisdictions during the preceding year.

(e) The department shall register the vehicle so described and identified and may issue a license plate or plates or distinctive sticker or other suitable identification device for each vehicle listed in the application upon payment of the fees required under subsection (c) and an additional identification charge of two dollars ($2.00) per vehicle. A registration card shall be issued for each proportionally registered vehicle appropriately identifying the--same it which shall be carried in or upon the vehicle identified at all times but which, in the case of vehicle combinations, may be carried in the vehicle supplying the motive power.

Fleet vehicles so registered and identified shall be deemed to be fully licensed and registered in this state for any type of movement or operation, except that, in those instances in which a grant of authority is required for intrastate movement or operation, no such vehicle shall be operated in intrastate commerce in this state unless the owner thereof has been granted intrastate authority or rights by

(i) The initial application for proportional registration of a fleet shall state the mileage data with respect to such the fleet for the preceding year in this and other jurisdictions. If no operations were conducted with such the fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in this state and other jurisdictions. The department shall determine the in-state and total fleet miles to be used in computing the fee payment for the fleet. The department may evaluate and adjust the estimate in the application if it is not satisfied as to the correctness thereof.

(j) The department may refuse to accept proportional registration applications for the registration of vehicles based in another jurisdiction if the department it shall find that such the other jurisdiction does not grant similar registration privileges to fleet vehicles based in or owned by residents of this state.

(k) Any owner whose application for proportional registration has been accepted shall preserve the records on which the application is based for a period of four (4) years following the year or period upon which said the application is based. Upon request of the department, the owner agrees to make such his records accessible to the department for audit as to accuracy of computations and payments and assessments of deficiencies or allowances for credit. The department may make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of any such owner or exchange of audit information. No assessment for deficiency or claim for credit may be made for any period for which records are no longer
required. Any sums found to be due and owing upon audit shall bear interest of six per cent (6%) from the date when they should have been paid until the date of actual payment. If the audit discloses a deliber­ate and willful intent to evade the requirements of appropriate pay­ment under subsection (c)(2), a penalty of ten per cent (10%) shall also be assessed.

(1) Nothing contained in this act section relating to propor­tional registration of fleet vehicles shall be construed as requiring any vehicle to be proportionally registered if it is otherwise registred in this state for the operation in which it is engaged includ­ing, but not by way of limitation, regular registration or temporary trip permit.

(m) The department may enter into agreements with other states on behalf of the state of Idaho for proportional registration of commer­cial vehicles in the manner provided for in this section for the pur­pose of facilitating the administration thereof. In addition it may conclude arrangement or agreements with other states for the exchange of information for audit and enforcement activities in connection with such proportional registration. The department may adopt and promul­gate such rules and regulations as it shall deem necessary to effec­tuate and administer the provisions of this section and the registra­tion of fleet vehicles under this section shall be subject to the rights, terms and conditions granted or contained in any applicable agreement made by the department under the authority of this section.

(n) This act section shall be, and construed as, a part of and supplemental to the motor vehicle registration law of this state.

(o) If any phrase, clause, subsection or part of this section of this act shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this act section without the phrase, clause, or subsection or section so held unconstitutional or invalid and the remainder of the act section shall not be affected as a result of said the part being held unconstitutional or invalid.

2. The department may accept in lieu of such a deposit a bond to secure payment of sums payable by the owner. The total amount of the deposit or bond shall be determined by the department in such a manner as it shall deem proper, taking into account the nature and scope of the owner's operations and the amount may be
increased or reduced at any time.

19-2515. INQUIRY INTO MITIGATING OR AGGRAVATING CIRCUMSTANCES -- SENTENCE IN CAPITAL CASES -- STATUTORY AGGRAVATING CIRCUMSTANCES -- JUDICIAL FINDINGS. (a) After a plea or verdict of guilty, where a discretion is conferred upon the court as to the extent of the punishment, the court, upon the oral or written suggestion of either party that there are circumstances which may be properly taken into view either in aggravation or mitigation of the punishment, may, in its discretion, hear the same summarily, at a specified time, and upon such notice to the adverse party as it may direct.

(b) Where a person is sentenced to serve a term in the penitentiary, after conviction of a crime which falls within the provisions of section 20-223, Idaho Code, except in cases where the court retains jurisdiction, the comments and arguments of the counsel for the state and the defendant relative to the sentencing and the comments of the judge relative to the sentencing shall be recorded. If the comments are recorded electronically, they need not be transcribed. Otherwise, they shall be transcribed by the court reporter.

At such hearing, the state and the defendant shall be entitled to present all relevant evidence in aggravation and mitigation. Should any party present aggravating or mitigating evidence which has not previously been disclosed to the opposing party or parties, the court shall, upon request, adjourn the hearing until the party desiring to do so has had a reasonable opportunity to respond to such evidence. Evidence admitted at trial shall be considered and need not be repeated at the sentencing hearing. Evidence offered at trial but not admitted may be repeated or amplified if necessary to complete the record.

(e) Upon the conclusion of the evidence and arguments in mitigation and aggravation the court shall make written findings setting forth any statutory aggravating circumstance found. Further, the court shall set forth in writing any mitigating factors considered and, if
the court finds that mitigating circumstances outweigh the gravity of any aggravating circumstance found so as to make unjust the imposition of the death penalty, the court shall detail in writing its reasons for so finding.

Upon making the prescribed findings, the court shall impose sentence within the limits fixed by law.

The following are statutory aggravating circumstances, at least one (1) of which must be found to exist beyond a reasonable doubt before a sentence of death can be imposed:

hereby amended to read as follows:

63-1703. CERTAIN FOREST LANDS TO BE DESIGNATED FOR TAXATION BY OWNER -- LIMITATIONS. For the purposes of appraisal, assessment and taxation under the provisions of this chapter, all forest lands in parcels of five (5) or more acres but less than two thousand (2,000), whether contiguous or not, as long as such parcels are held in common ownership, must be designated by the forest landowner to be subject to the provisions of either paragraph (a) or (b) of this section. If the forest landowner fails to make a designation, his forest lands shall be subject to appraisal, assessment and taxation under the provisions of section 63-1702, Idaho Code. Once a designation is made by the forest landowner, such designation must remain in effect for a minimum period of ten (10) years unless the forest lands are transferred to another owner in a different taxing category; in such case, the taxing category of the forest lands shall be the same as that maintained by the new owner. Any substantial change in the use of forest lands not conforming with the definition of forest land in section 63-1701, Idaho Code, during such ten (10) year period under the designations made by paragraph (a) or (b) shall be reported by the landowner to the county assessor within thirty (30) days of the change in use. Upon notification of the change in use, the assessor shall appraise, assess and tax those acres as provided by applicable laws, rules and regulations. Failure to notify the assessor of the change in use when forest lands have been designated as subject to the provisions of paragraph (a) or (b) shall cause forfeiture of such designation, and cause that property to be appraised, assessed and taxed as provided in section 63-1702, Idaho Code.

Forest lands designated for assessment pursuant to the provisions of section 63-1706, Idaho Code, shall be subject to the recapture of deferred taxes upon removal of such designation, a substantial change in use, or ownership transfer, except that there shall be no recapture initiated upon ownership transfer of forest lands designated as subject to the provisions of section 63-1706, Idaho Code, to a landowner with forest lands already designated as subject to the provisions of section 63-1706, Idaho Code, prior to the transfer, or who so designates his lands to be subject to the provisions of section 63-1706, Idaho Code.

The dollar amount of deferred taxes subject to recapture shall be determined by the county assessor by applying current tax levies against the current values that would have been in effect if the lands were subject to appraisal and assessment during the current year under the provisions of section 63-1705 or section 63-1702, Idaho Code, which amount shall be multiplied by the number of years that the lands have been subject to the designation under section 63-1706, Idaho Code. A credit shall be allowed for taxes actually paid under the provisions of section 63-1706, Idaho Code, if such taxes are less than the amount of the deferred taxes. All deferred amounts shall be a lien against the land. The county recorder shall certify the amount of any deferred taxes to the treasurer for collection.

(a) A forest landowner may choose to have his forest land
assessed, appraised and taxed under the provisions of section 63-1705, Idaho Code, by filing such choice with the county assessor on a form prescribed by the state tax commission. Designation filed pursuant to section 63-1705, Idaho Code, shall become effective the first day of January following the year of designation.

(b) A forest landowner may choose to have his forest land assessed, appraised and taxed under the provisions of section 63-1706, Idaho Code, by filing such choice with the county assessor on a form prescribed by the state tax commission. Designation filed pursuant to section 63-1706, Idaho Code, shall become effective the first day of January following the year of designation.

(c) All forest products or timber harvested from investment lands not designated as subject to the provisions of section 63-1702, 63-1705 or 63-1706, Idaho Code, and delivered to a point of utilization as logs or semiprocessed forest products (except those forest products harvested for the domestic use of the landowner under the provisions of section 63-1708, Idaho Code) shall be subject to the yield tax at the time of harvest in the same manner provided for in section 63-1706, Idaho Code.

SECTION 2. That Section 63-1705, Idaho Code, be, and the same is hereby amended to read as follows:

63-1705. TAXATION OF LARGE-SIZE FOREST TRACTS. (1) In order to encourage private forest landowners to retain and improve their holdings of forest lands and to promote better forest management, large-sized forest tracts shall be appraised, assessed and taxed as real property under the provisions of this section.

(2) The inventory of timber and other forest products growing on large-sized forest tracts shall not be included as a part of the total forest asset. The forest value shall be determined by an income approach which capitalizes the value of the average annual net wood production over a reasonable rotation period plus other agricultural-related income, if any, less annualized expenses including, but not limited to, the establishment, protection, maintenance, improvement and management of the crop over the rotation period.

(3) The market value for assessment purposes shall be determined by the county assessor under rules and regulations prescribed by the state tax commission. In prescribing such rules and regulations, the tax commission shall:

(a) Divide the state into appropriate forest valuation zones, with each zone designated so as to recognize the uniqueness of marketing areas, timber types, growth rates, access, operability, and other pertinent factors of that zone; and

(b) Establish a uniform system of forest land classification which considers the productive capacity of the soil to grow forest products and furnish other associated agricultural uses.

(4) The state tax commission shall by March 1 of each year, furnish the county assessor for each value zone the capitalization rate, stumpage value, agricultural-related income, if any, and expense component to be used in determining the forest value. The capitaliza-
tion rate shall be determined in accordance with the procedures prescribed for the determining of the capitalization rate for agricultural lands by section 63-105CC, Idaho Code. Stumpage values shall be based upon the preceding five (5) year rolling average value of timber harvested within the forest value zone from state timber sales and/or the best available data for the same five (5) year period. Average agricultural-related income and the average expense component for each forest value zone shall be determined for the same time period as the period used to determine average stumpage values.

(5) Forest lands upon which, at any time after January 1, 1982, the trees are destroyed by fire, disease, insect infestation or other natural disaster such that the lands affected will not meet minimum stocking requirements under rules and regulations adopted pursuant to chapter 13, title 38, Idaho Code, shall be eligible for a reduction in value for the first ten (10) property tax years following the loss. The amount of reduction shall be determined by dividing the average age of the trees destroyed by the rotation age for the specific forest value zone in which the property is located. In no instance shall the annual reduction exceed eighty percent (80%) of the original forest value per year. In order to obtain a reduction, the landowner shall on or before January 1 following the destruction, make written application to the assessor indicating the legal description of the lands in question and stating all pertinent facts. The assessor may investigate the facts and may request assistance from the state tax commission in performing such investigations. If the requirements are met, such forest lands shall be assessed and taxed on the reduced basis herein provided.

(6) Buildings and other improvements, other than roads, located on forest lands shall be appraised, assessed and taxed as provided by applicable laws, rules and regulations.

SECTION 3. An emergency existing therefore, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 1984.

Approved April 4, 1984.

Said petition must be signed by one-third (1/3) or more of the qualified electors residing within the territory of the division and the petition must:

1) Show that the division either plans to join another existing district or form a new district.

2) Describe the impacts on the remainder of the district after the division is excluded.

3) Describe the benefits to the division that will result from its exclusion from the original district.

4) Be in proper form as required by section 42-3105, Idaho Code, to proceed with the formation of a new district or be in proper form as required by section 42-3120, Idaho Code, to proceed with the addition of the division to an already existing district.

5) Present an equitable division of assets and liabilities between the division and the remaining district.

Upon receipt, the director shall examine the petition, and if in proper form and if it appears that an equitable distribution of assets and liabilities can be made, the director shall proceed with the publication of notice, as described in section 42-3107, Idaho Code. The director shall, at the hearing, permit any person or corporation interested in the exclusion of the division to appear and present testimony and evidence in support of or against exclusion of the division. The director shall base his findings upon allegations in the petition, testimony and evidence presented at the hearing and any other facts necessary for the determination of the practicability and feasibility of exclusion of the division.

If the director shall recommend that a division should be excluded, he shall make and enter his findings in the form of a petition to the district court for the county in which the largest portion of the division is located. The district court may then order the exclusion of a division.

CHAPTER 244
(H.B. No. 704, As Amended)

AN ACT
RELATING TO RETAIL LIQUOR LICENSES; AMENDING SECTION 23-903, IDAHO
CODE, TO PROVIDE FOR THE ISSUANCE OF A LICENSE TO RETAIL LIQUOR TO
THE OWNER, OPERATOR OR LESSEE OF CERTAIN EQUESTRIAN FACILITIES,
WHICH LICENSE SHALL NOT BE TRANSFERABLE TO ANY OTHER LOCATION, AND
PROVIDING FOR A FEE.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 23-903, Idaho Code, be, and the same is hereby amended to read as follows:

23-903. LICENSE TO RETAIL LIQUOR. The director of the department of law enforcement is hereby empowered, authorized, and directed to issue licenses to qualified applicants, as herein provided, whereby the licensee shall be authorized and permitted to sell liquor by the drink at retail and, upon the issuance of such license, the licensee therein named shall be authorized to sell liquor at retail by the drink, but only in accordance with the rules and regulations promulgated by the director and the provisions of this chapter. No license shall be issued for the sale of liquor on any premises outside the incorporated limits of any city except as provided in this chapter and the number of licenses so issued for any city shall not exceed one (1) license for each one thousand five hundred (1,500) of population of said city or fraction thereof, as established in the last preceding census, or any subsequent special census conducted by the United States bureau of the census, except that upon proper application thereof not more than two (2) licenses may be issued for each incorporated city with a population of one thousand five hundred (1,500) or less, unless the retail licensing of liquor by the drink has been previously disapproved under the provisions of sections 23-917, 23-918, 23-919, 23-920 and 23-921, Idaho Code; provided, however, that any license heretofore issued may be renewed from year to year without regard to the population of the city for which such license is issued. Nothing herein contained shall prohibit the issuance of a license to the owner, operator, or lessee of an actual, bona fide golf course, or ski resort, or to the lessee of any premises situate thereon, no part of which said golf course or ski resort or the premises thereon is situate within the incorporated limits of any city. For the purpose of this section a golf course shall comprise an actual, bona fide golf course, which is regularly used for the playing of the game of golf, and having not less than nine (9) tees, fairways and greens laid out and used in the usual and regular manner of a golf course. Nine (9) hole courses must have a total yardage of at least one thousand (1,000) yards, and eighteen (18) hole courses must have a total yardage of at least two thousand (2,000) yards as measured by totaling the tee-to-green distance of all holes. The course must be planted in grass except that it may provide artificial tee mats. Where any such golf course is owned or leased by an association of members and is used or enjoyed by such members, or their guests, none of the disqualifications contained in section 23-910, Idaho Code, shall apply to such association as a licensee where such disqualifications, or any of them, would apply only to a member of such association where such member has no interest therein except as a member thereof. Also for the purpose of this section a ski resort shall comprise real property of not less than ten (10) acres in size, exclusive of the terrain used for skiing and upon which the owner, operator, or lessee of the ski
resort has made available himself, or through others, including but not limited to the owners of condominiums, permanent bona fide overnight accommodations available to the general public for one hundred (100) persons or more, and which real property is contiguous to or located within the area in which skiing occurs, and which real property is regularly operated as a ski resort in the winter time, and where the owner, operator, or lessee of the ski resort is also the owner, operator, or lessee of the area served by a bona fide chair ski lift facility or facilities. The fees for licenses granted to ski resorts shall be the same as those prescribed for golf courses as set forth in section 23-904, Idaho Code. Not more than one (1) licensed premises shall be permitted on any golf course or any ski resort or within the area comprising the same.

Nothing herein contained shall prohibit the issuance of a license to the owner, operator or lessee of an actual, bona fide equestrian facility located on not less than forty (40) contiguous acres, with permanently erected seating of not less than six thousand (6,000) seats, no part of which equestrian facility or the premises therein is situate within the incorporated limits of any city, and which facility shall have at least three (3) days per year of a professionally sanctioned rodeo. Not more than one (1) licensed premises shall be permitted at any equestrian facility or within an area comprising such a facility. The license shall be solely for the equestrian facility and shall not be transferred to any other location. The fees for licenses granted to equestrian facilities shall be the same as those prescribed for golf courses as set forth in section 23-904, Idaho Code.

Nothing herein contained shall prohibit the issuance of a license to the owner, operator, or lessee of a restaurant operated on an airport owned or operated by a county or municipal corporation or on an airport owned or operated jointly by a county and municipal corporation, and which said airport is served by a trunk or local service air carrier holding a certificate of public convenience and necessity issued by the Civil Aeronautics Board of the United States of America. Not more than one (1) license shall be issued on any airport.

Nothing herein contained shall prohibit the issuance of one (1) club license to a club as defined in section 23-902, Idaho Code. The holder of a club license is authorized to sell and serve alcoholic beverages for consumption only within the licensed establishment owned, leased or occupied by the club, and only to bona fide members of the club, and to serve and to sell alcoholic beverages for consumption to bona fide members' guests. A club license issued pursuant to the provisions of this section is not transferable and may not be sold. Any club license issued pursuant to the provisions of this section will revert to the director when, in his judgment, the license ceases to operate as a bona fide club as defined in section 23-902, Idaho Code. No club may hold a liquor license and a club license simultaneously. A club which on July 1, 1983, holds a liquor license, may continue to possess that license. Any club which possesses a liquor license on January 1, 1983, or thereafter, and then sells that liquor license, may not obtain a club license, and the director shall not issue a club license to that club for a period of
five (5) years following such sale. The fee for any license issued to a qualifying club within an incorporated municipality shall be as prescribed in subsections (a), (b) and (c) of section 23-904, Idaho Code. The fee for any license issued to a qualifying club not situate within an incorporated municipality shall be as specified for golf courses under section 23-904(f), Idaho Code. The provisions of section 23-916, Idaho Code, regarding county and city licenses, shall pertain to club licenses. The burden of producing sufficient documentation of qualifications for club licensure shall be with the club applicant.

Nothing in this chapter to the contrary shall prohibit the issuance of a license to the owner, operator, or lessee of an actual, bona fide convention center which is within the incorporated limits of a city having a population of three thousand (3,000) or greater, and which city does not have located therein a convention center with a valid license to sell liquor by the drink. For the purpose of this section, a convention center means a facility having at least one hundred twenty (120) sleeping rooms and an adjoining meeting room which will accommodate not less than three hundred fifty (350) persons, whether or not such room may be partitioned into smaller rooms, and provided that such meeting room shall contain at least three thousand (3,000) square feet of floor space. Such license must be placed in actual use in said convention center within one (1) year from the date of its issuance. The fee for any license issued to a qualifying convention center shall be as prescribed in subsection (c) of section 23-904, Idaho Code. No license issued to a convention center hereunder shall be transferable to another location or facility, nor shall the holder of a convention center license be eligible for the issuance of a license in the same city pursuant to any other provision of this chapter. For purposes of this section, the term holder shall include an owner, operator or lessee and shall include a stockholder, director, or officer of a corporation, or a partner in a partnership, which corporation or partnership has been issued a convention center license pursuant to this chapter. Not more than one (1) licensed premises shall be permitted on any convention center or within the area comprising the same, including convention centers that also comprise golf courses or ski resorts as herein defined.

(S.B. No. 1368)

AN ACT RELATING TO THE TITLING OF CERTAIN MOTOR VEHICLES; AMENDING SECTION 49-434, IDAHO CODE, TO PROVIDE THAT AN APPLICANT FOR TITLE TO A VEHICLE TWENTY-FIVE YEARS OF AGE OR MORE, WHO IS NOT IN POSSESSION OF THE TITLE FROM A PRIOR OWNER, SHALL OBTAIN A LIMITED TITLE TO THE VEHICLE BASED UPON A VERIFIED STATEMENT BY THE APPLICANT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 49-434, Idaho Code, be, and the same is hereby amended to read as follows:

49-434. PROCEDURE WHEN DEPARTMENT UNSATISFIED AS TO OWNERSHIP OR SECURITY INTERESTS -- TEMPORARY REGISTRATION PROCEDURE. (1) If the department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the department may register the vehicle but shall either:

(a) Withhold issuance of a certificate of ownership until the applicant presents documents reasonably sufficient to satisfy the department as to the applicant's ownership of the vehicle and that there are no undisclosed security interests in it; or

(b) As a condition of issuing a certificate of ownership, require the applicant to file with the department all documents held as to the applicant's ownership of the vehicle, together with a bond in the form prescribed by the department and executed by the applicant, or in lieu thereof, a deposit of cash in like amount. The bond shall be in an amount equal to one and one-half (1 1/2) times the value of the vehicle, as determined by the department, and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of ownership of the vehicle or on account of any defect in or disclosed security interest upon the right, title and interest of the
applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, or any cash deposit, shall be returned at the end of three (3) years, or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of ownership is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

(c) As to a motor vehicle twenty-five (25) years old or more since manufacture, an applicant who is a resident of the state of Idaho may file with the department, before its authorized representative, a verified statement of facts setting out in detail the manner in which the applicant came into possession of the motor vehicle, the establishment of ownership, and a summary of the applicant's attempts to contact any prior owners of the motor vehicle. Upon receipt by the department of the verified statement and all documentation relating to the applicant's possession of the vehicle, and completion of an inspection of the vehicle identification number by an authorized representative of the department, the applicant shall execute a document in the form provided by the department releasing it of any and all damages that may be suffered by the applicant, along with warranties that the applicant will pay any and all damages suffered by any person or entity as to the issuance of a title for that motor vehicle by the department. The department shall then issue a certificate of title to the applicant in form set out by this section. The certificate of title shall include the statement, "TITLE ISSUED UPON STATEMENT OF APPLICANT", in bold, permanent letters upon its face. The title issued pursuant to this subsection shall be presumed to indicate legal ownership of the motor vehicle at the end of the three (3) year period from the date of issue of that title, provided the motor vehicle is still registered in the state of Idaho, and there are no actions or claims pending against the applicant which places legal ownership in question. The department and the state of Idaho shall be immune as to any damages suffered by any person or entity as a result of the issuance of a certificate of title as provided by this subsection.

(2) Every dealer desiring the privilege of issuing temporary registration permits for the operation of motor vehicles shall make application to the motor vehicle division. If such privilege is granted, the dealer will receive a series of permits, consecutively numbered by the motor vehicle division, secured by the dealer at a fee of five dollars ($5.00) for each permit. A permit subsequently issued by a dealer to a purchaser shall be valid for a period not to exceed thirty (30) days.

The dealer shall issue temporary registration permits in numerical sequence, one (1) only for each motor vehicle sold to a bona fide purchaser. Each permit, and the stub attached thereto, shall be completed in duplicate, in ink or by typewriter at the time of issuance. The expiration date on the original permit shall be filled in by rubber
stamp or broad-tipped marking pen, and the print shall be at least three-fourths (3/4) inch high and one-eighth (1/8) inch wide. The original permit shall be displayed in the rear window of the motor vehicle for which it is issued, except when issued for a convertible, station wagon, motorcycle, or other motor vehicle for which this would not be practical. And, in these exceptional cases, the permit should be conspicuously displayed in a place where the number of the permit and the expiration date may be easily read and where protected from exposure to weather conditions which would render it illegible. The duplicate stub shall be returned to the motor vehicle division within thirty-one (31) days from the date of issue.

(3) The dealer shall keep a written record of every temporary registration permit issued. This record shall include the name and address of the person or firm to whom the permit is issued, a description of the motor vehicle for which it is issued, including year, make, model, identification number, and the date of issue. This record shall list all permits in numerical sequence and shall be open to inspection by any officer or employee of the department or any peace officer.

(4) The fees collected from dealers by the department under the provisions of this section shall be transmitted by the department to the state treasurer for deposit in the motor vehicle account.

(5) Upon application for title and for registration of a vehicle for which temporary registration has been issued under this section, the county assessor shall collect and fees shall be deemed due from the date of issuance of the temporary registration permit rather than from date of application for title or registration.

(a) The department or a county assessor may issue temporary motor vehicle registration permits in an emergency situation. The fee for a temporary registration shall be five dollars ($5.00). The temporary registration shall be valid for a period of thirty (30) days. The temporary fees collected by the department shall be transmitted to the state treasurer for deposit in the motor vehicle account. The temporary fee collected by an assessor shall be distributed as follows: three dollars ($3.00) shall be deposited in the county current expense fund and two dollars ($2.00) shall be transmitted to the department for deposit through the state treasurer in the motor vehicle account.

33-1301. TEACHER EXCELLENCE PROGRAM. In order to provide expanded career opportunities for public school teachers, the legislature hereby establishes the teacher excellence program. This program is to be administered by the state department of education. The purpose:

(1) To attract and retain fully qualified individuals to the teaching profession at the elementary and secondary level.

(2) To provide the board of trustees of each qualifying school district expanded opportunities for utilizing and training their professional teaching staff.

For purposes of this chapter, "teacher" is used as defined in section 33-1001(13), Idaho Code.

33-1302. TEACHER EXCELLENCE PROGRAM -- FUNDING. The teacher excellence program will be funded through an annual appropriation of moneys by the legislature.

33-1303. TEACHER EXCELLENCE PROGRAM -- SCHOOL DISTRICT PARTICIPATION. All school districts, including charter districts, may participate in the teacher excellence program and receive a special apportionment from the legislative appropriation. In order to qualify the district must submit a career compensation plan which is acceptable to the state board of education not later than the fifteenth day of May preceding the school year in which the district desires to begin participation. A district must maintain an acceptable career compensation plan in order to receive a special apportionment from the legislative appropriation in subsequent years.

An acceptable career compensation plan shall consist of, but not
be limited to, the following criteria:

(1) The career compensation plan shall be developed locally through a cooperative effort of school district teachers, administrators, patrons, parents and the board of trustees. Assistance in the development of such a plan shall be provided, upon request, by the state department of education. Final approval of a career compensation plan shall be made by vote of the board of trustees, notwithstanding the provisions of section 33-1271, Idaho Code.

(2) The career compensation plan shall include a clearly identifiable career path for teachers which shall provide three (3) or more career levels. The career levels shall provide recognition and compensation for extraordinary teaching, innovation, leadership and additional responsibilities with advancement based on evaluated performance as provided in sections 33-514 and 33-515, Idaho Code. Evaluation shall be conducted in a fair, consistent and regular manner.

(3) The career compensation plan shall provide opportunities for extended teaching contracts of ten (10), eleven (11) or twelve (12) months when deemed appropriate by the board of trustees. Extended contracts shall ensure time for professional development for the teacher as well as time to perform additional responsibilities of curriculum development, staff development, programs for students with special needs or other special projects approved by the board of trustees.

(4) The career compensation plan shall provide opportunities for teachers to apply for and receive training grants in order that they may become directly involved in rigorous research and development projects and/or training programs directly related to their teaching assignment. These grants may be used for training programs at the local, district, regional, state or national level, and courses taken for academic credit, as well as semester or year long sabbaticals. Approved programs which require extended absence from the teacher's regular duties shall not affect the teacher's renewable contract status as provided in section 33-515, Idaho Code.

The state board of education is hereby authorized and directed to establish rules and regulations for the proper administration of the teacher excellence program.

SECTION 3. It is legislative intent that local school districts be encouraged to provide opportunities for a person certified as a consultant specialist to be employed by the school district on a part-time basis. In addition, the local school districts are encouraged to provide opportunities for teachers to become involved in dual careers of education-business or education-government without affecting the teacher's renewable contract status as provided in section 33-515, Idaho Code.

SECTION 4. SECTION 9. That Chapter 5, Title 33, Idaho Code, be, and the same
is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 33-514, Idaho Code, and to read as
follows:

33-514. ISSUANCE OF ANNUAL CONTRACTS. The board of trustees shall
establish criteria and procedures for the supervision and evaluation
of certificated employees who are not employed on a renewable con­
tract, as provided for in section 33-515, Idaho Code. Such procedures
shall require at least one (1) evaluation prior to the beginning of
the second semester of the school year and the results of any such
evaluation shall be made a matter of record in the employee's per­
sonnel file. When any such employee's work is found to be unsatisfac­
tory a reasonable period of probation shall be established by the
board after which action shall be taken by the board as to whether the
employee is to be retained, immediately discharged, discharged upon
termination of the current contract or reemployed at the end of the
contract term under a continued probationary status. Notwithstanding
the provisions of sections 67-2344 and 67-2345, Idaho Code, a decision
to place certificated personnel on probationary status may be made in
executive session and the employee shall not be named in the minutes
of the meeting. A record of the decision shall be placed in the
employee's personnel file. This procedure shall not preclude recogni­
tion of unsatisfactory work at a subsequent evaluation and the estab­
ishment of a reasonable period of probation. In all instances, the
employee shall be duly notified in writing of the areas of work which
are deficient, including the conditions of probation. Through the
third year of continuous employment by the same school district,
including any specially chartered district, each such certificated
employee shall be given notice, in writing, whether he or she will be
reemployed for the next ensuing year. Such notice shall be given by
the board of trustees no later than the fifteenth day of June of each
such year. If the board of trustees has decided not to reemploy the
certificated employee, then the notice must contain a statement of
reasons for such decision and the employee shall, upon request, be
given the opportunity for an informal review of such decision by the
board of trustees.

SECTION 10. That Section 33-1212, Idaho Code, be and the same is
hereby amended to read as follows:

33-1212515. ISSUANCE OF RENEWABLE CONTRACTS. During the third
full year of continuous employment by the same school district,
including any specially chartered district, each certificated employee named in subsection 13 of section 33-1001, Idaho Code, and each school nurse and school librarian shall be evaluated for a renewable contract and shall, upon having been offered a contract for the next ensuing year, having given notice of acceptance of renewal and upon signing a contract for a fourth full year, be placed on a renewable contract status with said school district, until the age of sixty-five (65) years is attained, and subject to the provisions included in this chapter.

Except as otherwise provided; After the third full year of employment and at least once annually, the performance of each such certificated employee, school nurse, or school librarian shall be evaluated according to criteria and procedures established by the board of trustees in accordance with general guidelines approved by the state board of education. Except as otherwise provided, that person shall have the right to automatic renewal of contract by giving notice, in writing, of acceptance of renewal. Such notice shall be given to the board of trustees of the school district then employing such person not later than the fifteenth day of June preceding the expiration of the term of the current contract. Except as otherwise provided by this paragraph, the board of trustees shall notify each person entitled to be employed on a renewable contract of the requirement that such person must give the notice hereinabove and that failure so to do so may be interpreted by the board as a declaration of the right to automatic renewal or the offer of another contract. Such notification shall be made, in writing, not later than the twenty-fifth day of May, in each year, except to those persons to whom the board, prior to said date, has sent proposed contracts for the next ensuing year, or to whom the board has given the notice required by this section 33-1219; Idaho Code.

Any contract automatically renewed under the provisions of this section shall be for the same length of as the term stated in the current contract and at a salary no lower than that specified therein, to which shall be added such increments as may be determined by the statutory or regulatory rights of such employee by reason of training, or service, or both performance.

Nothing herein shall prevent the board of trustees from offering a renewed contract increasing the salary of any certificated person, or from reassigning administrative or supervisory employees to classroom teaching duties or removing an extra duty assignment from a certificated employee with appropriate reduction of salaries from pre-existing contracts salary levels.

Before a board of trustees can determine not to renew for reasons of an unsatisfactory service-the-contract report of the performance of any certificated person whose contract would otherwise be automatically renewed, or to renew the contract of any such person at a reduced salary, such person shall be entitled to a reasonable period of probationary-period. This period of probation shall be preceded by a written notice from the board of trustees with reasons for such probationary period and with provisions for adequate supervision and evaluation of the person's performance during the probationary period.
Such period of probation shall not affect the person's renewable contract status. Consideration of probationary status for certificated personnel is consideration of the status of an employee within the meaning of section 67-2345, Idaho Code, and may be held in executive session. If the consideration results in probationary status, the individual on probation shall not be named in the minutes of the meeting. A record of the decision shall be placed in the teacher's personnel file.

If the board of trustees takes action to immediately discharge or discharge upon termination of the current contract a certificated person whose contract would otherwise be automatically renewed, or to renew the contract of any such person at a reduced salary, the action of the board shall be consistent with the procedures specified in section 33-513(5), Idaho Code, and furthermore, the board shall notify the employee in writing whether there is just and reasonable cause not to renew the contract or to reduce the salary of the affected employee, and if so, what reasons it relied upon in that determination.

If the board of trustees, for reasons other than unsatisfactory service, for the ensuing contract year, determines to change the length of the term stated in the current contract, reduce the salary or not to renew the contract of a certificated person whose contract would otherwise be automatically renewed, nothing herein shall require a probationary period.

SECTION 11. That Section 33-1212A, Idaho Code, be, and the same is hereby amended to read as follows:

33-1212A. RIGHT TO RENEWABLE CONTRACT WHEN DISTRICT IS DIVIDED, CONSOLIDATED OR REORGANIZED. If, by reason of the division of a school district, including any specially chartered district, or by reason of the consolidation of such a district with another district, or other districts, or by reason of the reorganization of such a district, the position held by any teacher entitled to a renewable contract is transferred from the control of one board of trustees to the control of a new or different board of trustees, the right to automatic renewal is not thereby lost, and such new or different board of trustees shall be subject to all of the provisions of this chapter with respect to such teacher in the same manner as if such teacher were its employee and had been its employee during the time such teacher was actually employed by the board of trustees from whose control the position was transferred.

SECTION 12. That Sections 33-1213, 33-1214 and 33-1215, Idaho Code, be, and the same are hereby repealed.

1. The cost of the property sold. However, in accordance with such rules and regulations as the state tax commission may prescribe, a deduction may be taken if the retailer has purchased property for some purpose other than resale or rental, has reimbursed his vendor for tax which the vendor is required to pay to the state or has paid the use tax with respect to the property, and has resold or rented the property prior to making any use of the property other than retention, demonstration or display while holding it for sale in the regular course of business. If such a deduction is taken by the retailer, no refund or credit will be allowed to his vendor with respect to the sale of the property.
2. The cost of materials used, labor or service cost, losses, or any other expense.
3. The cost of transportation of the property prior to its sale.
4. The face value of manufacturer's refund coupons.

2. Any sums allowed on merchandise accepted in part payment of
other merchandise, provided that this allowance shall not apply to
the sale of a "new mobile home" as defined herein.
3. The amount charged for property returned by customers when the
amount charged therefor is refunded either in cash or credit; but
this exclusion shall not apply in any instance when the customer,
in order to obtain the refund, is required to purchase other prop­
erty at a price greater than the amount charged for the property
that is returned.
4. The amount charged for labor or services rendered in install­
ing or applying the property sold, provided that said amount is
stated separately and such separate statement is not used as a
means of avoiding imposition of this tax upon the actual sales
price of the tangible personal property.
5. The amount of any tax (not including, however, any manufac­
turers' or importers' excise tax) imposed by the United States
upon or with respect to retail sales whether imposed upon the
retailer or the consumer.
6. The amount charged for finance charges, carrying charges, ser­
vice charges, time-price differential, or interest on deferred
payment sales, provided such charges are not used as a means of
avoiding imposition of this tax upon the actual sales price of the

sale.
(c) The sales price of a "new mobile home" as defined in this act
shall be limited to and include only fifty-five per cent (55%) of the
sales price as otherwise defined herein.
(d) For sales made on and after January 1, 1967, taxes previously
paid on amounts represented by accounts found to be worthless and
actually charged off for income tax purposes may be credited upon a
subsequent payment of the tax herein provided or, if no such tax is
due, refunded; provided, however, that such credit or refund may be
claimed only upon that sales tax returned for the month following the
filing date of the taxpayer's state income tax return in which a
deduction is claimed for such worthless accounts. If such accounts are
thereafter collected, a tax shall be paid upon the amount so col­
clected.
(e) Tangible personal property when sold at a retail for more
than fifteen eleven cents ($.151) but less than one--dollars--and--one
seventy-six cents ($1.76) through a vending machine shall be deemed
to have sold at a sales price equal to one hundred seventeen per cent
(117%) of the price which is paid for such tangible personal property
and/or its component parts including packaging by the owner or oper­

SECTION 2. That Section 63-3619, Idaho Code, be, and the same is
hereby amended to read as follows:

hereby imposed upon each sale at retail at the rate of three four per
centum (34%) of the sales price of all property subject to taxation
under this act and such amount shall be computed monthly on all sales at retail within the preceding month.

(a) The tax shall apply to, be computed on, and collected for all credit, instalment, conditional or similar sales at the time of the sale or, in the case of rentals, at the time the rental is charged.

(b) The tax hereby imposed shall be collected by the retailer from the consumer.

(c) When the sale involves a fraction of a dollar, the retailer may collect from the consumer the tax hereby imposed on that portion of the sales price by adding the tax to the sales price upon the following schedule:

\[
\begin{align*}
1.01 & \text{ to } 1.15 & = 0 \\
1.16 & \text{ to } 1.25 & = 0.01 \\
1.26 & \text{ to } 1.42 & = 0.02 \\
1.43 & \text{ to } 1.72 & = 0.03 \\
1.73 & \text{ to } 1.99 & = 0.03 \\
\text{(Each whole dollar } $0.03) \\
\end{align*}
\]

The state tax commission shall provide schedules for collection of the tax on sales which involve a fraction of a dollar. The retailer shall calculate the tax upon the entire amount of the purchases of the consumer made at a particular time and not separately upon each item purchased. The retailer may retain any amount collected under the bracket system prescribed which is in excess of the amount of tax for which he is liable to the state during the period as compensation for the work of collecting the tax.

(d) It is unlawful for any retailer to advertise or hold out or state to the public or to any customer, directly or indirectly, that the tax or any part thereof will be assumed or absorbed by the retailer or that it will not be added to the selling price of the property sold or that if added it or any part thereof will be refunded. Any person violating any provision of this section is guilty of a misdemeanor.

(e) The tax commission may by regulation provide that the amount collected by the retailer from the consumer in reimbursement of the tax be displayed separately from the list price, the price advertised in the premises, the marked price, or other price on the sales slip or other proof of sale.

(f) The tax imposed by this act shall apply to the sales of any tangible personal property to contractors purchasing such property for resale to the United States or for use in the performance of contracts with the United States.

SECTION 3. That Section 63-3621, Idaho Code, be, and the same is hereby amended to read as follows:

63-3621. IMPOSITION AND RATE OF THE USE TAX. An excise tax is hereby imposed on the storage, use, or other consumption in this state of tangible personal property acquired on or after July 1, 1965, for storage, use, or other consumption in this state at the rate of three four per centum (94%) of the value of the property, and a recent sales price shall be presumptive evidence of the value of the property.

(a) Every person storing, using, or otherwise consuming, in this
state, tangible personal property is liable for the tax. His liability is not extinguished until the tax has been paid to this state except that a receipt from a retailer maintaining a place of business in this state or engaged in business in this state given to the purchaser is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

(b) Every retailer engaged in business in this state, and making sales of tangible personal property for the storage, use, or other consumption in this state, not exempted under section 63-3622, Idaho Code, shall, at the time of making the sales or, if storage, use or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the state tax commission.

(c) The provisions of this section shall not apply when the retailer pays sales tax on the transaction and collects reimbursement for such sales tax from the customer.

(d) Every retailer engaged in business in this state or maintaining a place of business in this state shall register with the state tax commission and give the name and address of all agents operating in this state, the location of all distributions or sales houses or offices or other places of business in this state, and such other information as the state tax commission may require.

(e) For the purpose of the proper administration of this act and to prevent evasion of the use tax and the duty to collect the use tax, it shall be presumed that tangible personal property sold by any person for delivery in this state is sold for storage, use, or other consumption in this state until the contrary is established. The burden of proving the contrary is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the property is purchased for resale or rental.

The certificate relieves the person selling the property from the burden of proof only if taken in good faith from a person who is engaged in the business of selling or renting tangible personal property and who holds the permit provided for by section 63-3620, Idaho Code, and who, at the time of purchasing the tangible personal property, intends to sell or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose.

The certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit issued to the purchaser, and shall indicate the amount and general character of the tangible personal property sold by the purchaser in the regular course of business. The certificate shall be substantially in such form as the state tax commission may prescribe.

(f) If a purchaser who gives a certificate makes any storage or use of the property other than retention, demonstration, or display while holding it for sale in the regular course of business, the storage or use is taxable as of the time the property is first so stored or used. If the sole use of the property, other than retention,
demonstration or display in the regular course of business, is the rental of property while holding it for sale, the purchaser may elect to include in his sales at retail the total amount of the rental charge rather than the sale price of the property to him.

(g) If a purchaser gives a certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold.

(h) Any person violating any provisions of this section is guilty of a misdemeanor and punishable by a fine not in excess of one hundred dollars ($100), and each violation shall constitute a separate offense.

(i) It shall be presumed that tangible personal property shipped or brought to this state by the purchaser after July 1, 1965 was purchased from a retailer on or after July 1, 1965, for storage, use or other consumption in this state.

(j) On and after July 1, 1965, it shall be presumed that tangible personal property delivered outside this state to a purchaser known by the retailer to be a resident of this state was purchased from a retailer for storage, use, or other consumption in this state. This presumption may be controverted by evidence satisfactory to the state tax commission that the property was not purchased for storage, use, or other consumption in this state.

(k) When the tangible personal property subject to use tax has been subjected to a general retail sales or use tax by another state of the United States at a rate equal to or greater than the rate of the Idaho tax, and evidence can be given of such payment, the property will not be subject to Idaho use tax. If the rate paid the other state was less, the property will be subject to use tax to the extent that the Idaho rate exceeds the rate of the other state. For the purposes of this subsection, a registration certificate or title issued by another state or subdivision thereof for a vehicle or trailer as defined in section 49-101, Idaho Code, or a vessel as defined in section 49-3203, Idaho Code, shall be sufficient evidence of payment of a general retail sales or use tax.

(l) The use tax herein imposed shall not apply to the use by a nonresident of this state of a motor vehicle which is registered or licensed under the laws of the state of his residence and is not used in this state more than three (3) months, and which is not required to be registered or licensed under the laws of this state, or to the use of household goods, personal effects and private automobiles by a bona fide resident of this state, if such articles were acquired by such person in another state while a bona fide resident thereof and primarily for use outside this state and if such use was actual and substantial, but if an article was acquired less than three (3) months prior to the time he entered this state, it will be presumed that the article was acquired for use in this state and that its use outside
this state was not actual and substantial.

SECTION 4. That Section 63-3622, Idaho Code, be, and the same is hereby amended to read as follows:

(i) The county commissioners in each county shall take the tax charge, applicable to the first real and personal property rolls equalized by county commissioners sitting as a board of equalization, of each taxing district within the county, except school districts, and divide it by the total current tax charges applicable to those first real and personal property rolls of all taxing districts, except school districts, within said county and the resulting percentages shall be applied to the county's proportionate share of said sales tax account and the resulting amount shall be distributed to each taxing district in the county periodically but not less frequently than quarterly by the county auditor and applied by such taxing districts in the same manner and in the same proportions as revenues from ad valorem taxation.

(ii) The moneys set aside and appropriated to the county treasurer out of the sales tax account above may be considered by the counties and other taxing districts and budgeted against at the same time, in the same manner and in the same year as revenues from taxation on all classes of personal property which these moneys replace.

of title to a motor vehicle, or initial application for registration processed by the county assessor excepting those applications in which any sales or use taxes due have been previously collected by a retailer, shall be a fee for the services of the assessor of the county in collecting such taxes, and shall be paid into the general current expense fund of the county.

(j) An amount equal to five per cent (5%) of the amount deposited in the sales tax account, but not in excess of fifty thousand dollars ($50,000), shall be retained in this account as a "Sales Tax Refund Account" for the purpose of repaying overpayments made under this act and for the purpose of paying any other erroneous receipt illegally assessed or collected, penalties collected without authority and taxes and other amounts unjustly assessed, collected, or which are excessive in amount, and there is hereby appropriated from this account so much thereof as may be necessary for the payment of the refunds herein provided for. The balance of the sales tax refund account in excess of fifty thousand dollars ($50,000) shall be transferred to the general account.

(k) Six and one-quarter per cent (6.25%) is hereby appropriated and shall be paid from the sales tax account to the revenue sharing account which is hereby created in the state operating fund, and the moneys in the revenue sharing account are hereby appropriated to the state auditor for payment as follows:

(1) One-half (1/2) shall be paid to the various cities as follows:

SENATE CONCURRENT RESOLUTIONS

(S.C.R. No. 116)

A CONCURRENT RESOLUTION

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, in assuming the task of legislative apportionment, the Legislature was cognizant that this matter is fundamental to good government. In all decisions implemented in the reapportionment process, certain principles have governed. The most important of these was achievement of one person, one vote, as mandated by the federal constitution and interpretations by federal courts. In addition, recognition of county boundaries where possible, creation of compact and contiguous districts, preservation of historical socioeconomic relationships, and recognition of natural topographical barriers weighed heavily upon these deliberations.

In drafting a reapportionment plan which was approved by both the Senate and the House of Representatives of the State of Idaho and signed by the Governor of the State of Idaho, which reapportionment plan was known as House Bill 830, the Legislature of the State of Idaho followed the dictates of the United States Supreme Court in the case of Reynolds v. Sims, 377 U.S. 533 (1964), and the United States District Court for the District of Idaho, Judges Koelsch, McNichols and Taylor sitting. The Legislature concluded what the Court in Summers v. Cenarrusa concluded when the Court stated:

"It is our opinion that in order for the Legislature to enact a practical reapportionment plan so as to comply with requirements of the United States Constitution, it could not and was not required to comply with the Idaho constitutional prohibition against dividing counties."

The Legislature concluded upon examination of the existing conditions that those conditions had not changed since the Court so held in Summers v. Cenarrusa. Thereafter a state district court held that the
Legislature must comply with the Idaho constitutional prohibition against dividing counties and the Idaho Supreme Court affirmed that decision. As a result of that mandate and notwithstanding the Legislature's conclusion that it could not enact a practical reapportionment plan so as to comply with both the United States Constitution and the Idaho constitutional prohibition against dividing counties, the Legislature nonetheless undertook the redrafting of a new reapportionment plan; and

WHEREAS, the Forty-seventh Idaho Legislature has labored in good faith to enact a reapportionment plan and the Senate and the House of Representatives have passed House Bill No. 512 and House Bill No. 512 is the last bill and final effort of the Forty-seventh Idaho Legislature on the subject of reapportionment and no further reapportionment plans will be enacted by the Legislature.

NOW, THEREFORE, BE IT RESOLVED by the Second Regular Session of the Forty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that the President Pro Tempore of the Senate and the Speaker of the House of Representatives are hereby authorized to retain and pay legal counsel from legislative funds to represent the people of the State of Idaho and Legislature of the State of Idaho in any appropriate court of law to advocate the position taken by the Idaho Legislature.

Adopted by the Senate February 22, 1984.

WHEREAS, the sheep industry, which is nonpolluting and utilizes a rapidly renewing resource, is in grave danger of collapse due to problems, of which one notable problem is the lack of control of foreign lamb imports during key periods into key areas of the United States; and

WHEREAS, other major and minor domestically produced red meats, especially beef, veal, mutton and goat meat, are protected by congressionally mandated import quotas; and

WHEREAS, the sheep industry of this country cannot stand another year of breaking the lamb market with excessive dumping of subsidized New Zealand lamb cuts during key periods in key American markets, which unfairly compete with domestic lamb sales; and

WHEREAS, it has been reported that New Zealand is deliberately and cleverly analyzing our domestic sheep industry and market so as to
cause weakening.

NOW, THEREFORE, BE IT RESOLVED by members of the Second Regular Session of the Forty-seventh Idaho Legislature, the Senate and the House of Representatives concurring therein, that for the immediate future, the President of the United States and the Congress of the United States, direct the United States Department of Commerce to intervene immediately to petition the International Trade Commission to cause New Zealand to forthwith cease and desist the dumping of lamb cuts stored in freezer lockers in this country on key American markets during key periods, causing a devastating impact on the domestic market such as occurred in the spring and summer of 1983.

BE IT FURTHER RESOLVED that the United States Congress is hereby urged to pass import quota legislation dealing with lamb specifically, which would effectively protect the sheep industry of Idaho and the nation from the indiscriminate importation and/or dumping of foreign produced lamb into this nation's wholesale and retail markets.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward copies of this Memorial to the President of the United States, the Secretary of Commerce, the Secretary of Agriculture, the President of the Senate and the Speaker of the House of Representatives of Congress, the Chairmen of the Senate Agriculture and House Agriculture Committees in Congress, the congressional delegation representing the State of Idaho in the Congress of the United States, the Chairman of the International Trade Commission, and to the Governors of the western states.

A JOINT MEMORIAL

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Forty-seventh Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the latest U.S. Department of Interior Northern Rocky Mountain Wolf (Canis lupus irremotus) Recovery "Technical Review Draft" identifies as "The Idaho Recovery Area" the Selway Bitterroot, River of No Return, Sawtooth and the Gospel Hump wilderness areas totaling about 3.75 million acres as well as about 3 million acres of U.S. Forest Service lands now managed as multiple use; and

WHEREAS, the Northern Rocky Mountain Wolf Recovery Draft Management guidelines call for extreme curtailment of multiple use activities on those lands incorporated into any wolf recovery plan; and

WHEREAS, the vast majority of testimony given at public hearings held in Idaho in regard to a wolf recovery project as well as comments submitted by the public on the Northern Rocky Mountain Wolf Recovery Plan overwhelmingly oppose any wolf recovery plan on lands now managed for multiple use and, indeed, to the entire Northern Rocky Mountain Wolf Recovery Plan itself; and

WHEREAS, the environmental conditions that existed a century ago that were conducive to wolf habitat no longer exist today, particularly on lands now managed for multiple use; and

WHEREAS, the Minnesota Wolf Recovery Plan has shown that the State has no effective control measures once the wolf population is restored.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-seventh Idaho Legislature, the House of
Representatives and the Senate concurring therein, that the United States Department of Interior Fish and Wildlife Service is hereby urged to terminate any program to reestablish wolf populations in the State of Idaho that would deny Idahoans their historic rights and privileges on federal lands now managed as multiple use.

EXECUTIVE ORDER NO. 84-1

ENERGY CONSERVATION CONSIDERATIONS INCLUDED IN STATE BUILDINGS, REPEALING AND REPLACING EXECUTIVE ORDER NO. 81-10

WHEREAS, the efficient use of energy is of prime importance to the economic and energy well-being of the State of Idaho; and

WHEREAS, the State of Idaho uses, in its owned and leased buildings, a considerable portion of the state's energy demand; and

WHEREAS, the state government's ability to control energy use in leased facilities has been minimal, particularly after signing a lease; and

WHEREAS, it is imperative that the state government of Idaho set an example of energy efficiency for owners and operators of public and
private buildings;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, do hereby continue the order that all state building designs and lease agreements will include energy conservation considerations including:

--insulation levels no less stringent than the Code for Energy Conservation in New Building Construction (Uniform Building Code, 1979);

--insulated or storm windows and doors;

--adequate caulking and weatherstripping;

--use of solar hot water where feasible and solar heating where cost effective;

--in the Capitol Mall, use of natural hot water where feasible;

--roof design providing summer shade for sun-facing windows and entryways in the summer and direct sunlight on those walls in the winter.

FURTHER, I order that all lease agreements be reviewed in draft form for compliance with these objectives. All parties are to be notified in any such negotiations that failure to comply with these objectives may be sufficient grounds for voiding the lease agreement. I further order that the signing of such agreements include a statement of accountability to the intent of this order so that compliance will be a part of the lease drafting procedure rather than a source of conflict after a contract has been signed. I further direct the attention of all persons and agencies in all branches of state and local government to the spirit of this order. Consideration of long-term energy costs, including seasonal and peaking demands upon the suppliers of energy, should become a major consideration in construction of all state buildings and lease agreements.

WHEREAS, the State of Idaho has continuing programs for the construction of buildings, roads, and other facilities and annually acquires and disposes of lands in flood hazard areas—all of which activities significantly influence patterns of commercial, residential, and industrial development; and

WHEREAS, the availability of flood insurance under the National Flood Insurance Program, as provided by the National Flood Insurance Act of 1968, as amended, is dependent upon state coordination of federal, state, and local aspects of flood plain, mudslide (i.e., mudflow) area and flood-related erosion area management activities in the state; and

WHEREAS, the Department of Water Resources is the state agency responsible for assisting with local regulations necessary for flood insurance provided by the National Flood Insurance Act of 1968 under the Idaho Code, Title 67, Sec. 1911 through 1917; and

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, by virtue of the authority vested in me, do hereby order as follows:

Section 1. (2) All state agencies responsible for the administration of grant or loan programs involving the construction of buildings, structures, roads or other facilities shall evaluate flood hazards in connection with such facilities and, in order to minimize the exposure of facilities to potential flood damage and the need for future state expenditures for flood protection and flood disaster relief, shall preclude the uneconomic, hazardous, or unnecessary use of flood plains in such connection.

(3) All state agencies responsible for the disposal of lands or properties shall evaluate flood hazards in connection with lands or properties proposed for disposal to other public instrumentalities or private interests and, in order to minimize future state expenditures for flood protection and flood disaster relief, shall notify those instrumentalities and private interests that such hazards exist.
