CHAPTER 13
(S.B. No. 1044)

AN ACT
RELATING TO LEGISLATIVE REVIEW OF ADMINISTRATIVE RULES AND REGULATIONS; PROVIDING A STATEMENT OF LEGISLATIVE FINDINGS; AMENDING SECTION 67-5218, IDAHO CODE, TO CLARIFY THE AUTHORITY OF THE LEGISLATURE TO REVIEW RULES PREVIOUSLY REVIEWED BY THE LEGISLATURE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. It is the finding of the legislature of the state of Idaho that since enactment of sections 67-5217 and 67-5218, Idaho Code, the legislature has had the authority to reject, amend or modify, by concurrent resolution, all rules authorized or promulgated by any state agency subject to the provisions of chapter 52, title 67, Idaho Code, which the legislature may, at any time, deem violative of legislative intent of the statute under which such rules were promulgated, whether or not such rules have previously been reviewed by the
legislature. Such legislative authority is deemed necessary to review not only the rules as promulgated, but the agency interpretation, enforcement and application thereof. Adoption of this act is intended merely to clarify the authority of the legislature to exercise the powers of review described herein.

SECTION 2. That Section 67-5218, Idaho Code, be, and the same is hereby amended to read as follows:

67-5218. COMMITTEE ACTION. By the forty-fifth day following transmission by the law librarian, the standing committee to which rules have been referred shall report to the membership of the body its findings and recommendations concerning its review of the rules. The report of the committee shall be printed in the journal. If the committee does not report by the forty-fifth day following transmission or prior to adjournment sine die if adjournment is more than twenty-one (21) but less than forty-five (45) days following transmission, such failure to report shall constitute legislative approval of the rules as submitted, except that no legislative approval shall be presumed if the legislature adjourns within twenty (20) days of the transmission, and the rules shall be transmitted by the law librarian to the next succeeding regular session, before the first day. If the committee to which any rule shall have been referred, or any member of the legislature, shall be of the opinion that such rule is violative of the legislative intent of the statute under which such rule was made, or, if any rule previously promulgated and reviewed by the legislature shall be deemed violative of the legislative intent of the statute under which such rule was made, a concurrent resolution may be adopted rejecting, amending or modifying the same. Where an agency submits a rule or part of a rule which has been adopted or which has repealed or amended an already existing rule, the rejection or modification of the new rule by the legislature via concurrent resolution shall prevent the agency's intended action from remaining in effect beyond the date of the legislative action. It shall be the responsibility of the secretary of state to immediately notify the affected agency of the filing and effective date of any concurrent resolution enacted to amend, modify, or reject an agency rule and to transmit a copy of such concurrent resolution to the director of the agency for promulgation. The agency shall be responsible for implementing legislative intent as expressed in the concurrent resolution, including, as appropriate, the reinstatement of the prior rule, if any, in the case of legislative rejection of the new rule, or the incorporation of any legislative amendments to the new rule. The agency shall republish the rule in accordance with section 67-5205, Idaho Code, reflecting the action taken by the legislature and the effective date thereof. Every rule promulgated within the authority conferred by law, and in accordance with the provisions of chapter 52, title 67, Idaho Code, shall be in full force and effect until the same is rejected, amended or modified by the legislature.

Approved February 26, 1985.
RELATING TO THE PUBLIC UTILITIES COMMISSION AND ITS JURISDICTION TO REVIEW REVENUE REQUIREMENTS AND OTHER REGULATORY IMPLICATIONS OF THE SWAN FALLS COMPROMISE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. FINDINGS AND STATEMENT OF PURPOSE. After hearing testimony from the office of the governor, the office of the attorney general, the Idaho public utilities commission, the Idaho department of water resources, the Idaho water resources board, the Idaho department of fish and game, other governmental entities and other interested groups and individuals of the state of Idaho, the legislature hereby finds that while portions of the testimony differ, the contract entered into by the governor and the Idaho Power Company on October 25, 1984, is in the public interest for all purposes including, but not limited to, all purposes under the public utilities law, as amended. Implementation of the settlement will resolve continuing controversy over electric utility water rights in the Snake River Basin above Murphy U.S.G.S. gaging station. That controversy has rendered the amount of the water available for hydropower uncertain, thus placing at risk both the availability of low-cost hydropower to the ratepayers and the state's ability to manage an increasingly scarce resource. This settlement balances all of the parties' concerns and insures that existing hydropower-generating facilities will remain useful, that ratepayers will not be burdened with excessive costs, and that availability of water for additional domestic, manufacturing, and agricultural uses will judiciously expand.

SECTION 2. PUBLIC UTILITIES COMMISSION -- JURISDICTION. The Idaho public utilities commission shall have no jurisdiction to consider in any proceeding, whether instituted before or after the effective date of this act, any issue as to whether any electric utility, including Idaho Power Company, should have or could have preserved, maintained or protected its water rights and hydroelectric generation in a manner inconsistent with the contract entered into by the governor and the Idaho Power Company on October 25, 1984.

SECTION 3. IPUC -- EFFECT OF AGREEMENT. In any proceeding before the Idaho public utilities commission including, but not limited to, a proceeding in which the commission is setting or reviewing the revenue requirement of any electric utility, including Idaho Power Company, the commission shall accept as reasonable and in the public interest for all purposes, the contract entered into by the governor and the Idaho Power Company on October 25, 1984, including without limitation, the effects of implementation of such contract on the utility's revenue requirements and hydroelectric generation.
SECTION 4. EXEMPTION. Implementation of such contract shall not constitute a sale, assignment, conveyance or transfer within the meaning of sections 61-327, 61-328, 61-329, 61-330 and 61-331, Idaho Code, to the extent any of those sections may apply.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-1805, Idaho Code, be, and the same is hereby amended to read as follows:

42-1805. ADDITIONAL DUTIES. In addition to other duties prescribed by law, the director of the department of water resources shall have the following powers and duties:

(1) To represent the state in all matters pertaining to interstate and international water rights affecting Idaho water resources; and to cooperate with all agencies, now existing or hereafter to be formed, within the state or within other jurisdictions, in matters affecting the development of the water resources of this state.

(2) To prepare a present and continuing inventory of the water resources of this state, ascertain means and methods of conserving and augmenting these and determine as accurately as possible the most effective means by which these water resources may be applied for the benefit of the people of this state.

(3) To conduct surveys, tests, investigations, research, examinations, studies, and estimates of cost relating to availability of unappropriated water, effective use of existing supply, conservation, storage, distribution and use of water.

(4) To prepare and compile information and data obtained and to make the same available to interested individuals or agencies.

(5) To cooperate with and coordinate activities with the administrator of the division of environmental protection of the department of health and welfare as such activities relate to the functions of either or both departments concerning water quality. Such cooperation and coordination shall specifically require that:

(a) The director meet at least quarterly with the administrator and his staff to discuss water quality programs. A copy of the minutes of such meeting shall be transmitted to the governor.

(b) The director transmit to the administrator, reports and
information prepared by him pertaining to water quality programs, and proposed rules and regulations pertaining to water quality programs.

(c) The director shall make available to the administrator and the administrator shall make available to the director all notices of hearings relating to the promulgation of rules and regulations relating to water quality, waste discharge permits, and stream channel alteration, as such directly affect water quality, and notices of any other hearings and meetings which relate to water quality.

(6) To perform administrative duties and such other functions as the board may from time to time assign to the director to enable the board to carry out its powers and duties.

(7) After notice, to suspend the issuance or further action on permits or applications as necessary to protect existing vested water rights or to ensure compliance with the provisions of chapter 2, title 42, Idaho Code, or to prevent violation of minimum flow provisions of the state water plan.

(8) To promulgate, adopt, modify, repeal and enforce rules and regulations implementing or effectuating the powers and duties of the department.

AN ACT
RELATING TO WATER RIGHTS; AMENDING CHAPTER 5, TITLE 61, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 61-502B, IDAHO CODE, TO PROVIDE THAT GAIN UPON SALE OF A PUBLIC UTILITY'S WATER RIGHT SHALL ACCRUE TO THE BENEFIT OF THE RATEPAYERS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 5, Title 61, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 61-502B, Idaho Code, and to read as follows:

61-502B. ALLOCATION OF GAIN UPON SALE OF WATER RIGHT. The gain upon sale of a public utility's water right used for the generation of electricity shall accrue to the benefit of the ratepayers.

AN ACT
RELATING TO WATER RIGHTS FOR HYDROPOWER PURPOSES; AMENDING SECTION 42-203, IDAHO CODE, TO REDESIGNATE THE SECTION, TO MAKE CERTAIN ORGANIZATIONAL CHANGES AND TO PROVIDE FOR THE MAILING OF NOTICES TO PAID SUBSCRIBERS; AMENDING CHAPTER 2, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-203B, IDAHO CODE, TO PROVIDE THAT THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES SHALL HAVE THE AUTHORITY TO SUBORDINATE RIGHTS GRANTED FOR POWER PURPOSES TO SUBSEQUENT UPSTREAM RIGHTS, AND TO LIMIT PERMITS OR LICENSES GRANTED FOR POWER PURPOSES TO A SPECIFIC TERM; AMENDING CHAPTER 2, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-203C, IDAHO CODE, TO PROVIDE THAT THE DEPARTMENT SHALL CONSIDER CRITERIA WHEN AN APPLICANT'S APPROPRIATION WOULD SIGNIFICANTLY REDUCE THE AMOUNT OF WATER AVAILABLE FOR A SUBORDINATED POWER USE; AMENDING CHAPTER 2, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-203D, IDAHO CODE, TO PROVIDE THAT THE DEPARTMENT SHALL REVIEW ALL PERMITS ISSUED PRIOR TO THE EFFECTIVE DATE OF THIS ACT; PROVIDING THAT THE PROVISIONS OF THIS ACT SHALL NOT AFFECT ANY INTERSTATE COMPACT; AND PROVIDING SEVERABILITY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-203, Idaho Code, be, and the same is hereby amended to read as follows:

42-203A. NOTICE UPON RECEIPT OF APPLICATION -- PROTEST -- HEARING AND FINDINGS -- APPEALS. On and after the passage, approval and effective date of this section, upon (1) Upon receipt of an application to appropriate the waters of this state, the department of water resources, shall prepare a notice in such form as the department may prescribe, specifying: (a) the number of the application and; (b) the date of filing thereof; (c) the name and post-office address of the applicant; (d) the source of the water supply; (e) the amount of water to be appropriated; (f) in general the nature of the proposed use; (g) the approximate location of the point of diversion; (h) and the point of use. The department shall also state in said notice that any protest against the approval of such application, in form prescribed by the department, shall be filed with the department within ten (10) days from the last date of publication of such notice. (2) The director of the department of water resources shall cause the notice to be published in a newspaper printed within the county wherein the point of diversion lies, or in the event no newspaper is printed in said county, then in a newspaper of general circulation therein. This publication proposes a diversion in excess of ten (10) c.f.s. or one thousand (1,000) acre feet, the director shall cause the notice to be published in a newspaper or newspapers sufficient to achieve statewide circulation. Any notice shall be published at least once each week for two (2) successive weeks.
(3) The director of the department shall cause a copy of the notice of application to be sent by ordinary mail to any person who requests in writing to receive any class of notices of application and who pays an annual mailing fee as established by departmental regulation.

(4) Any person, firm, association or corporation concerned in any such application may, within the time allowed in the notice of application, file with said director of the department of water resources a written protest against the approval of such application, which protest shall state the name and address of protestant and shall be signed by him or by his agent or attorney and shall clearly set forth his objections to the approval of such application. Hearing upon the protest so filed shall be held within sixty (60) days from the date such protest is received. Notice of this hearing shall be given by mailing notice not less than ten (10) days before the date of hearing and shall be forwarded to both the applicant and the protestant, or protestants, by certified mail. Such notice shall state the names of the applicant and protestant, or protestants, the time and place fixed for the hearing and such other information as the director of the department of water resources may deem advisable. In the event that no protest is filed, then the director of the department of water resources may forthwith approve the application, providing the same in all respects conforms with the requirements of this chapter, and with the regulations of the department of water resources.

(5) Such hearing shall be conducted in accordance with the provisions of section 42-1701A(1) and (2), Idaho Code. The director of the department of water resources shall find and determine from the evidence presented to what use or uses the water sought to be appropriated can be and are intended to be applied. In all applications whether protested or not protested, where the proposed use is such (a) that it will reduce the quantity of water under existing water rights, or (b) that the water supply itself is insufficient for the purpose for which it is sought to be appropriated, or (c) where it appears to the satisfaction of the department that such application is not made in good faith, is made for delay or speculative purposes, or (d) that the applicant has not sufficient financial resources with which to complete the work involved therein, or (e) that it will conflict with the local public interest, where the local public interest is defined as the affairs of the people in the area directly affected by the proposed use. The director of the department of water resources may reject such application and refuse issuance of a permit therefor, or may partially approve and grant a permit for a smaller quantity of water than applied for, or may grant a permit upon conditions. The provisions of this section shall apply to any boundary stream between this and any other state in all cases where the water sought to be appropriated has its source largely within the state, irrespective of the location of any proposed power generating plant.

(6) Any person or corporation who has formally appeared at the hearing, feeling aggrieved by the judgment of the director of the department of water resources, may seek judicial review thereof in accordance with section 42-1701A(4), Idaho Code.
SECTION 2. That Chapter 2, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-203B, Idaho Code, and to read as follows:

42-203B. AUTHORITY TO SUBORDINATE RIGHTS -- NATURE OF SUBORDINATED WATER RIGHT AND AUTHORITY TO ESTABLISH A SUBORDINATION CONDITION -- AUTHORITY TO LIMIT TERM OF PERMIT OR LICENSE. (1) The legislature finds and declares that it is in the public interest to specifically implement the state's power to regulate and limit the use of water for power purposes and to define the relationship between the state and the holder of a water right for power purposes to the extent such right exceeds an established minimum flow. The purposes of the trust established by subsections (2) and (3) of this section are to assure an adequate supply of water for all future beneficial uses and to clarify and protect the right of a user of water for power purposes to continue using the water pending approval of depletionary future beneficial uses.

(2) A water right for power purposes which is defined by agreement with the state as unsubordinated to the extent of a minimum flow established by state action shall remain unsubordinated as defined by the agreement. Any portion of the water rights for power purposes in excess of the level so established shall be held in trust by the state of Idaho, by and through the governor, for the use and benefit of the user of the water for power purposes, and of the people of the state of Idaho. The rights held in trust shall be subject to subordination to and depletion by future upstream beneficial users whose rights are acquired pursuant to state law.

(3) Water rights for power purposes not defined by agreement with the state shall not be subject to depletion below any applicable minimum stream flow established by state action. Water rights for power purposes in excess of such minimum stream flow shall be held in trust by the state of Idaho, by and through the governor, for the use and benefit of the users of water for power purposes and of the people of the state of Idaho. The rights held in trust shall be subject to subordination to and depletion by future upstream beneficial users whose rights are acquired pursuant to state law.

(4) The user of water for power purposes as beneficiary of the trust established in subsections (2) and (3) of this section shall be entitled to use water available at its facilities to the extent of the water right, and to protect its rights to the use of the water as provided by state law against depletions or claims not in accordance with state law.

(5) The governor or his designee is hereby authorized and empowered to enter into agreements with holders of water rights for power purposes to define that portion of their water rights at or below the level of the applicable minimum stream flow as being unsubordinated to upstream beneficial uses and depletions, and to define such rights in excess thereof as being held in trust by the state under subsection (2) of this section. Such agreements shall be subject to ratification by law. The contract entered into by the governor and the Idaho Power
Company on October 25, 1984, is hereby found and declared to be such an agreement, and the legislature hereby ratifies the governor's authority and power to enter into this agreement.

(6) The director shall have the authority to subordinate the rights granted in a permit or license for power purposes to subsequent upstream beneficial depletionary uses. A subordinated water right for power use does not give rise to any claim against, or right to interfere with, the holder of subsequent upstream rights established pursuant to state law. The director shall also have the authority to limit a permit or license for power purposes to a specific term.

Subsection (6) of this section shall not apply to licenses which have already been issued as of the effective date of this act.

SECTION 3. That Chapter 2, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-203C, Idaho Code, and to read as follows:

42-203C. HYDROPOWER WATER RIGHT -- CRITERIA FOR REALLOCATION -- WEIGHT -- BURDEN OF PROOF. (1) If an applicant intends to appropriate water which is or may be available for appropriation by reason of a subordination condition applicable to a water right for power purposes, then the director shall consider, prior to approving the application, the criteria established in section 42-203A, Idaho Code, and whether the proposed use would significantly reduce, individually or cumulatively with other uses, the amount of water available to the holder of a water right used for power production and, if so, whether the proposed reduction is in the public interest.

(2) (a) The director in making such public interest determinations for purposes of this section shall consider:
(i) The potential benefits, both direct and indirect, that the proposed use would provide to the state and local economy;
(ii) The economic impact the proposed use would have upon electric utility rates in the state of Idaho, and the availability, foreseeability and cost of alternative energy sources to ameliorate such impact;
(iii) The promotion of the family farming tradition;
(iv) The promotion of full economic and multiple use development of the water resources of the state of Idaho;
(v) In the Snake River Basin above the Murphy gauge whether the proposed development conforms to a staged development policy of up to twenty thousand (20,000) acres per year or eighty thousand (80,000) acres in any four (4) year period. No single factor enumerated above shall be entitled to greater weight by the director in arriving at this determination.
(b) The burden of proof under the provisions of this section shall be on the protestant.

SECTION 4. That Chapter 2, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-203D, Idaho Code, and to read as
follows:

42-203D. REVIEW OF PERMITS -- OPPORTUNITY FOR HEARING. (1) The department shall review all permits issued prior to the effective date of this section, except to the extent a permit has been put to beneficial use prior to July 1, 1985, to determine whether they comply with the provisions of chapter 2, title 42, Idaho Code. If the department finds that the proposed use does not satisfy the criteria of chapter 2, title 42, Idaho Code, then the department shall either cancel the permit or impose the conditions required to bring the permit into compliance with chapter 2, title 42, Idaho Code. If the department finds that the permit satisfies the criteria established in chapter 2, title 42, Idaho Code, then the department shall enter an order continuing the permit.

(2) The department shall provide an opportunity for hearing in accordance with section 42-1701A, Idaho Code, and sections 67-5209 through 67-5215, Idaho Code, for each holder of a permit that is proposed either to be cancelled or made subject to new conditions.

SECTION 5. This act shall not be construed as modifying, amending, or repealing any interstate compact.

SECTION 6. The provisions of this act are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of remaining portions of this act.

CHAPTER 18
(H.B. No. 70)

AN ACT
RELATING TO THE ADJUDICATION OF WATER RIGHTS; AMENDING CHAPTER 14, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-1406A, IDAHO CODE, TO PROVIDE FOR THE COMMENCEMENT OF AN ADJUDICATION OF THE WATER RIGHTS OF THE SNAKE RIVER BASIN; AMENDING SECTION 42-1409, IDAHO CODE, TO PROVIDE THAT IN AN ORDER REQUESTING JOINDER OF CLAIMANTS TO WATER IN A SYSTEM, THE ORDER SHALL INDICATE THAT A NOTICE OF CLAIM NEED NOT BE FILED FOR A WATER RIGHT EVIDENCED BY A VALID APPLICATION OR PERMIT ON FILE WITH THE DEPARTMENT OF WATER RESOURCES FOR WHICH PROOF OF BENEFICIAL USE HAS NOT BEEN FILED AND TO PROVIDE THAT A COURT IN A SUBSEQUENT ORDER OF JOINDER SHALL AUTHORIZE THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES TO ORDER A NOTICE OF CLAIM TO BE FILED ON EACH PERMIT FOR WHICH PROOF OF BENEFICIAL USE HAS BEEN FILED PRIOR TO FILING WITH THE COURT OF THE REPORT OF PROPOSED FINDING OF WATER RIGHTS REQUIRED BY LAW; AMENDING SECTION 42-1414, IDAHO CODE, TO MODIFY
THE SCHEDULE OF FEES FOR FILING A NOTICE OF CLAIM IN A WATER RIGHTS ADJUDICATION PROCEEDING AND TO PROVIDE A PROCEDURE FOR COLLECTION OF THE FEES; AND AMENDING CHAPTER 17, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-1777, IDAHO CODE, TO PROVIDE FOR THE CREATION OF THE WATER RESOURCES ADJUDICATION ACCOUNT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 14, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-1406A, Idaho Code, and to read as follows:

42-1406A. SNAKE RIVER BASIN ADJUDICATION COMMENCEMENT.

(1) Effective management in the public interest of the waters of the Snake River basin requires that a comprehensive determination of the nature, extent and priority of the rights of all users of surface and ground water from that system be determined. Therefore, the director of the department of water resources shall petition the district court to commence an adjudication within the terms of the McCarran amendment, 43 U.S.C. section 666, of the water rights of the Snake River basin either through initiation of a new proceeding or the enlargement of an ongoing adjudication proceeding. The petition shall describe:

(a) The boundaries of the system within the state to be adjudicated;
(b) Any class of water users within the system and the boundaries of any hydrologic sub-basins within the system for which the director intends to proceed separately with respect to the actions required or authorized to be taken pursuant to sections 42-1408 through 42-1414, Idaho Code; and
(c) The uses of water, if any, within the system that are recommended to be excluded from the adjudication proceeding.

(2) Upon issuance of an order by the district court which:

(a) Authorizes the director to commence an investigation and determination of the various water rights to be adjudicated within the system;
(b) Defines the boundaries of the system within the state to be adjudicated;

(c) Defines the classes of water users within the system and the boundaries of any hydrologic sub-basins within the system for which proceedings may advance separately pursuant to sections 42-1408 through 42-1414, Idaho Code; and

(d) Defines any uses of water excluded from the adjudication proceedings;

the adjudication shall proceed in the manner provided under the provisions of chapter 14, title 42, Idaho Code, with the exception of sections 42-1406 and 42-1407, Idaho Code.

SECTION 2. That Section 42-1409, Idaho Code, be, and the same is hereby amended to read as follows:
42-1409. ORDER -- NOTICE -- CLAIM. Upon completion of the director of the department of water resources' investigation under section 42-1408, Idaho Code, he shall be authorized to request the district judge to join all claimants to water from the system. Upon entering of the order authorizing the joinder of any claimant by the director of the department of water resources, a copy of the court's order authorizing the determination of water rights from the water system, together with a summons and the order requiring joinder, shall be served upon each claimant by publication in a newspaper of general circulation published in the county in which the use is located for three (3) consecutive weeks and a copy of the summons, petition, and order shall be sent by certified mail to each claimant at his last known post-office address as shown by the records of the county in which land is located. Where there is no newspaper published in a county in which a use is located, then notice shall be published in a newspaper having general circulation in the county and one which will most likely give notice to the person served. The order of joinder shall direct each claimant to file a notice of claim with the director of the department of water resources. The notice of claim shall be upon forms furnished by the department of water resources and shall be signed by the claimant and verified on oath and shall include the following:

(a) the name and post-office address of the claimant;
(b) the quantity of water claimed to be used in cubic feet per second or the quantity of water stored in acre-feet per year;
(c) the date of priority claimed and the date when the water was first applied to beneficial use, and if the right is founded upon a license or permit, the number thereof;
(d) the legal description of the location of the diversion works;
(e) the nature of the use and the period of the year when water is used for such purposes;
(f) a legal description of the place of use;
(g) the dates of any changes or enlargements in use, including the dimensions of the diversion works as originally constructed and as enlarged;
(h) such other facts as the director of the department of water resources may require to show the extent and nature of the right and show compliance with the law in acquiring the right claimed.

The order shall also direct the claimant to file his notice of claim with the director of the department of water resources within sixty (60) days of the date of such service, and shall indicate that a notice of claim need not be filed for a water right evidenced by a valid application or permit on file with the department for which proof of beneficial use has not been filed.

the gross miles each such motor vehicle has traveled over the highways
of the state of Idaho for the preceding calendar months of the year
for which that report is made. Each report shall be cumulative of all
miles traveled during all calendar months in that year for which the
report is made.

(b) Every owner whose use fees are computed under section 49-127,
Idaho Code, shall maintain records and purchase documents to substan-
tiate and justify the use of such schedule and shall permit the
department or a duly authorized representative to inspect the same
upon demand. When records are maintained outside this state by owners
engaged in transportation in this state, the owner shall reimburse the department for reasonable expenses incurred by the department in making audits of records and accounts at the out-of-state location. The owner or the department may request that the records be presented at a place within the state designated by the department. The records must be presented by a representative of the owner familiar with the records and who is responsible for the safekeeping of the records. An owner who wilfully fails to maintain records and purchase documents to substantiate and justify the mileage reported shall have the registration of all vehicles registered under sections 49-127 and 49-127B, Idaho Code, cancelled until such time as adequate records are provided. An owner found to be in violation of the registration cancellation shall be guilty of a misdemeanor as provided in section 49-147, Idaho Code.

(d) 1. If the department finds it necessary in order to insure the collection of any fees or penalties imposed upon an owner of a commercial motor vehicle having a maximum combined gross weight in excess of sixty thousand (60,000) pounds, it may at the time and as a condition of granting a registration or as a condition of continuing a registration require an owner to deposit and keep on deposit with the department a sum equal to the estimated fees computed under section 49-127(cd), Idaho Code, for a period of not to exceed three (3) months. In determining the necessity for an applicant or owner to maintain a deposit the department shall consider the applicant or owner's financial capability and responsibility and prior experience, if any, in collecting fees or penalties from the applicant, owner or any person having a substantial interest or control, directly or indirectly, in or over the operations conducted or to be conducted under the registration.

2. The department may accept in lieu of a deposit a bond to secure payment of sums payable by the owner. The total amount of the deposit or bond shall be determined by the department in a manner as it shall deem proper, taking into account the nature and scope of the owner's operations and the amount may be increased or reduced at any time.

3. If an owner ceases to be registered under this chapter, the department, upon receipt of all payments due, shall refund to the owner all deposits remaining to the owner's credit and shall release the surety on any bond given under this section.

4. Any applicant or owner required under this section to make a deposit to secure the payment of fees or penalties may by proper petition demand a hearing on the necessity of a deposit or the reasonableness of the amount required. A hearing shall be granted and held within ten (10) days after the demand for hearing. The decision of the director shall become final ten (10) days after
service of the order upon the applicant or owner concerned. Notice shall be served personally or by certified mail addressed to the applicant or owner at his address as it appears in the records of the director. b. Every person convicted of a misdemeanor for the violation of any provision of this chapter shall be punished by a fine of not more than three hundred dollars ($300) or by imprisonment for not more than six (6) months, or by both such fine and imprisonment. (5) Special license plates for the handicapped shall be the same size and color as other license plates, and shall have displayed upon them the registration numbers assigned to the vehicle and to the owner thereof. The plates shall be numbered in a manner prescribed by the department, but all such plates shall display the international handicapped symbol as shown herein.

(H.B. No. 69)

AN ACT
RELATING TO REGISTRATION OF MOTOR VEHICLES; AMENDING SECTION 49-113, IDAHO CODE, TO PROVIDE FOR ISSUING COLORED REGISTRATION VALIDATION STICKERS WITH NUMBERS TO CORRESPOND WITH THE NUMBER OF THE CALENDAR MONTH IN WHICH THE REGISTRATION EXPIRES; AMENDING SECTION 49-126, IDAHO CODE, TO PROVIDE FOR TWELVE REGISTRATION PERIODS DURING A YEAR RATHER THAN TEN; AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 49-113, Idaho Code, be, and the same is hereby amended to read as follows:
49-113. Number plates to be furnished by Department -- Form and Contents. a. The assessor shall furnish to every owner whose vehicle shall be registered by that office one (1) number plate for a motorcycle, trailer, truck-tractor, or semitrailer and two (2) number plates for every other motor vehicle. The department may extend the life of the current series of license number plates outstanding since January 1973 and each subsequent year and may hereafter issue a new series of semi-permanent license number plates for an indefinite period of time, but in no event for a period less than five (5) years. Any series of license number plates may be replaced or canceled by the board anytime after five (5) years from the year of issuance of such series.

During intervening years in which license number plates are not issued, replaced, or canceled, license number plates shall be retained by the owner until lost, stolen, mutilated, or illegible, at which time the owner shall then apply for a duplicate or substitute therefor as provided in section 49-121, Idaho Code. In any year during which number plates are not furnished, the assessor shall also furnish for each registration, and to validate the number plate, a pressure-sensitive registration sticker. This registration sticker shall be serially numbered. Number plates issued for state, county and city motor vehicles shall be permanent and remain on the vehicle for which issued from year to year, and need no renewal or validation sticker.

Number plates issued to vehicles required to register in accordance with section 49-126, Idaho Code, shall be issued colored registration validation stickers showing the year of registration only. Each registration validation sticker shall bear a number from 1 to 12, which number shall correspond to the month of the calendar year in which the registration of the vehicle expires and shall be affixed to the lower right-hand corner of the plate within the outlined rectangular area.

b. Every number plate shall have displayed upon it the registration number assigned to the vehicle and its owner, also the name of this state which may be abbreviated and the year number for which it is issued whenever replacement plates or a series of replacement plates are issued. In years that validation stickers are issued, the year number need not be shown on the number plate. The plate and the required letters and numerals, except the year number for which issued, shall be of sufficient size to be plainly readable from a distance of one hundred (100) feet during daylight, and each number plate and each registration sticker shall be treated with a fully reflectorized material according to specifications prescribed by the board and the plates shall have green numerals and letters on a white background. Each passenger number plate must bear upon its face the inscription "Famous Potatoes."

c. The board shall furnish to every owner whose vehicle is subject to the payment of the use fee provided by subdivision (e) of section 49-127, Idaho Code, a use fee number plate. The use fee number plate shall be similar in form to the registration plate and shall contain information as the board may by rule or regulation provide.

d. The board shall have authority to require the return to the
department of all number plates and registration stickers upon termina-
tion of the lawful use of them by the owner.

e. The fee for all duplicate plates shall be two dollars ($2.00) for
one (1) plate or two dollars and fifty cents ($2.50) per set of
plates.

f. Whenever a vehicle is completely destroyed by fire or accident
and the operator submits satisfactory proof of that destruction to the
department, the registration use increment and fees shall be trans-
ferred to the replacement vehicle for a service transfer fee of five
dollars ($5.00). None of the original fees shall be subject to refund.

SECTION 2. That Section 49-126, Idaho Code, be, and the same is
hereby amended to read as follows:

49-126. OPERATING--FEES ANNUAL REGISTRATION. (1) The annual fee
for operating each pickup truck and each other motor vehicle having a
maximum gross weight not in excess of eight thousand (8,000) pounds,
designed for the purpose of carrying passengers, and not used for hire
shall be:

Vehicles one (1) and two (2) years old ....................$36.00
Vehicles three (3) and four (4) years old .....................33.00
Vehicles five (5) and six (6) years old ......................25.80
Vehicles seven (7) and eight (8) years old ....................22.20
Vehicles over eight (8) years old ..........................15.60

For the purpose of this subsection, the age of a motor vehicle shall
be determined by subtracting the manufacturer's year designation of
the vehicle from the year in which the fee designated is paid. If the
vehicle has the same manufacturer's year designation as the year in
which the fee is paid, or if a vehicle has a manufacturer's year
designation later than the year in which the fee is paid, the vehicles
shall be deemed to be one (1) year old for the purposes of this sub-
section. The term "manufacturer's year designation" shall mean the
model year designated by the motor vehicle manufacturer, and not the
year in which the vehicle is in fact manufactured.

There shall be ten (10) twelve (12) registration periods, starting
in January for holders of license--plates validation registration
stickers ending in l, and proceeding consecutively through October
December for holders of license--plates validation registration
stickers ending in 0 12, each of which shall start on the first day of
a calendar month and end on the last day of the twelfth month from the
date of beginning. The months of November and December are excluded
from the monthly series--registration system. Registration periods
shall expire midnight on the last day of the registration period in
the year designated by the registration validation sticker or year
embossed-on-the-plate. The last numeral digit on the number--plate--or
plates validation registration stickers shall, as does the registration
card, fix the registration period under the staggered plate system of Idaho for the purpose of reregistration and notice of expiration.

A vehicle that has once been registered for any of the above
designated periods shall, upon reregistration, be registered for the
period bearing the same number, and the registration card shall show
and be the exclusive proof of the expiration date of registration and licensing. Vehicles may be initially registered for less than a twelve (12) month period, or for more than a twelve (12) month period, and the fee prorated on a monthly basis if the fractional registration tends to fulfill the purpose of the monthly series registration system.

(2) For all motor vehicles, trailers and semitrailers equipped to carry passengers and operated primarily for hire exclusively within the limits of an incorporated city and adjacent thereto, when the service outside the city is a part of a regular service rendered inside the city, and for school buses operated pursuant to a service contract with a school district for transporting children to or from school or in connection with school approved activities, the annual fee shall be twelve dollars ($12.00).

(3) For all hearses, ambulances and wreckers the annual fee shall be twenty-nine dollars ($29.00), and these vehicles shall bear passenger car plates. No operator of a hearse, ambulance, or wrecker shall be entitled to operate them by virtue of any dealer’s license that may have been issued under the provisions of this chapter.

(4) For all motorcycles the annual fee shall be six dollars ($6.00).

(5) The registration fees for utility trailers and rental utility trailers shall be:

CHAPTER 54
(H.B. No. 113)

AN ACT
RELATING TO CLAIMS OF PATERNITY; AMENDING CHAPTER 15, TITLE 16, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 16-1513, IDAHO CODE, TO PROVIDE A PROCESS FOR A PERSON WHO IS THE FATHER OR CLAIMS TO BE THE FATHER OF A CHILD BORN OUT-OF-WEDLOCK TO REGISTER HIS CLAIM OF PATERNITY.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 15, Title 16, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 16-1513, Idaho Code, and to read as follows:

16-1513. CLAIM OF PATERNITY. (1) A person who is the father or claims to be the father of a child born out-of-wedlock may claim rights pertaining to his paternity of the child by registering with the vital statistics unit of the department of health and welfare, a notice of his claim of paternity to the child born out-of-wedlock and his willingness and intent to support the child to the best of his ability. The vital statistics unit of the department of health and welfare shall provide forms for the purpose of registering the notice, and the forms shall be made available through the vital statistics unit of the Idaho department of health and welfare and in the office of the county clerk in every county of this state. When making a claim of paternity, a person who is the father or claims to be the father of a child born out-of-wedlock, shall mail to the vital statistics unit of the department of health and welfare, the completed form prescribed by the vital statistics unit of the department of health and welfare. Said form will be filled out completely, signed by the person claiming paternity, and witnessed before a notary public.

(2) The claim of paternity may be registered prior to the birth of the child, but must be registered prior to the date of any termination proceeding, or proceeding wherein the child is placed with an agency licensed to provide adoption services. The claim of paternity shall be signed by the registrant and shall include his name and address, the name and last address of the mother, and either the birthdate of the child or the probable month and year of the expected birth of the child. The vital statistics unit of the department of health and welfare shall maintain a confidential registry for this purpose.

(3) Any father of such child who fails to file and register his notice of claim to paternity and to assume responsibility for the child shall be barred from thereafter bringing or maintaining any action to establish his paternity of the child. Failure of such filing or registration shall constitute an abandonment of said child and shall be prima facie evidence of sufficient grounds to support termination of such father's parental rights in accordance with section 16-2005, Idaho Code.

(4) The department of health and welfare, division of social services, private adoption agencies or attorneys and/or their representatives involved in adoptions shall notify all putative fathers by personal service of their need to register their intent to support and exercise their rights and responsibilities toward the child born out-of-wedlock, whether born or unborn.

(5) If personal service cannot be obtained, then service by publication, notifying the father of the requirement to register his claim of paternity with the vital statistics unit of the department of health and welfare prior to the date of any termination proceeding or
proceeding wherein the child is placed with an agency licensed to provide adoption services, shall be sufficient. Service by publication shall include sending of notice by registered or certified mail to the last known address of the person to be notified and publication of the notice once a week for three (3) successive weeks in a newspaper of general circulation within the county where the court is located. Notification by publication must be completed at least ten (10) days prior to any termination proceeding, or proceeding wherein the child is placed with an agency licensed to provide adoption services.

(6) Notice of the requirement to register, as provided in this section, may be combined with a notice of termination of parental rights, as provided in chapter 20, title 16, Idaho Code.

(7) In any termination proceeding pertaining to a child born out-of-wedlock, if there is no showing that the putative father has consented to termination prior to the granting of a decree allowing the termination, a certificate shall be obtained from the vital statistics unit of the department of health and welfare, signed by the state registrar of vital statistics, which certificate shall state that a diligent search has been made of the registry of notices from putative fathers, of a child born out-of-wedlock, and that the putative father involved is not registered.

(8) Identities of putative fathers can only be released, whether in or out of state, to the department of health and welfare, organizational units for social services and child support enforcement, licensed private adoption agencies, or attorneys involved in adoptions of the children related to the registrant.

(9) To cover the cost of implementing and maintaining said registry, the vital statistics unit of the department of health and welfare shall charge a registration fee of ten dollars ($10.00) at the time the putative father registers his intent to exercise his parental rights. It is the intent of the legislature that the fee shall cover all direct and indirect costs incurred pursuant to this section. The board of health and welfare shall annually review the fees and expenses incurred pursuant to administering the provisions of this section.

(10) Consistent with its authority denoted in the vital statistics act, section 39-242(c), Idaho Code, the board of health and welfare shall adopt, amend and repeal regulations for the purpose of carrying out the provisions of this section.

Approved March 11, 1985.

The authorized agency shall have thirty (30) days from notification by the court during which it shall complete and submit its investigation unless an extension of time is granted by the court upon application by the agency. The court may order additional investigation as it deems necessary. The social study shall include the circumstances of the petition, the investigation, the present condition of the child and parents, proposed plans for the child, and such other facts as may be pertinent to the parent and child relationship, and the report submitted shall include a recommendation and the reasons therefor as to whether or not the parent and child relationship should be terminated. Where the parent is a minor, if the report does not include a statement of contact with the parents of said minor, the reasons therefor shall be set forth. SECTION 2. That Section 39-258, Idaho Code, be, and the same is hereby amended to read as follows:

39-258. ADOPTION OF PERSONS BORN IN IDAHO -- NEW BIRTH CERTIFICATE ISSUED TO REPLACE ORIGINAL CERTIFICATE -- PROCEDURE -- ADOPTION PROCEEDINGS NOT OPEN TO INSPECTION WITH CERTAIN EXCEPTIONS -- DUTIES OF THE CLERKS OF COURTS ISSUING ADOPTION DECREES -- DUTIES OF STATE REGISTRAR OF VITAL STATISTICS. (a) Whenever a final decree of adoption, issued by an Idaho court, declares a person born in Idaho to be adopted by someone other than his or her natural parents, the court shall require the preparation of a report (denominated as a certificate in accordance with Idaho court rules) of adoption on a form prescribed and furnished by the state registrar. The report shall include such facts as are necessary to locate and identify the certificate of birth of the person adopted; shall provide information necessary to establish a new certificate of birth for the person adopted; and shall
identify the order of adoption and be certified by the clerk of the court.

(b) Information necessary to prepare the report of adoption shall be furnished by each petitioner for adoption or the petitioner's attorney. Any person having knowledge of the facts shall supply the court with such additional information as may be necessary to complete the report. The provision of such information shall be prerequisite to the issuance of a final decree in the matter of the court.

(c) The report of adoption shall, within fifteen (15) days after becoming final, be recorded by the clerk of the court with the vital statistics unit in the state department of health and welfare.

(d) If a court of some other state issued a decree or report of adoption of a person actually born in Idaho, the certified copy or report may be similarly filed by the person involved or by the adoptive parents. Failure to file certified copies or reports of said decrees within said period of time, however, shall not bar issuance of a new birth certificate as hereinafter provided. This copy of said decree or report shall be filed with and remain a part of the records of the vital statistics unit.

(e) Upon receipt by the vital statistics unit of the certified report of adoption, a new certificate of birth shall be issued (but only in cases where such person's birth is already recorded with the vital statistics unit) bearing among other things the name of the person adopted, as shown in the report of adoption, except that a new certificate of birth shall not be established if so requested by the court decreeing the adoption, the adoptive parents, or the adopted person. No such birth certificate shall have reference to the adoption of said person. Such birth certificate shall supplant and constitute a replacement of any birth certificate previously issued for said person and shall be the only birth certificate open to public inspection.

Provided, however, upon good cause shown and the affidavit of the adoptive parents that a diligent search has been made, but no certificate of birth for the adoptive child can be located, the probate judge may order the adoptive child examined, at the expense of the adoptive parents, by a doctor of medicine licensed by the state of Idaho. The examination will be conducted pursuant to rules and regulations promulgated by the state board of health and welfare for the purpose of determining those matters required for the issuance of an original birth certificate. Upon the examination of the doctor made pursuant to the rules and regulations of the state board of health and welfare, the court may order the vital statistics unit to issue an original birth certificate for the adoptive child based upon those facts determined by the examination and included in the court's order. In such case a certified copy of the court order shall be provided to the vital statistics unit.

(f) In respect to form and nature of contents, such a new birth certificate shall be identical with a birth certificate issued to natural parents for the birth of a child, except that the adoptive parents shall be shown as parents and the adopted person shall have the name assigned by the decree of adoption as shown on the report of adoption. In a case where a single person adopts another person, any new birth certificate may designate the adopting parent as adoptive.
(g) Whenever an adoption decree is amended, annulled or rescinded, the clerk of the court shall forward a certified copy of the amendment, annulment or rescindment to the vital statistics unit in accordance with the time provisions in (c) of this section. Unless otherwise directed by the court, the vital statistics unit shall amend the certificate of birth upon receipt of a certified copy of an amended decree of adoption. Upon receipt of a certified copy of a decree of annulment or rescindment of adoption, the original certificate of birth shall be restored to its place in the files and the new certificate and evidence shall not be subject to inspection except upon order of a court of record of this state.

(h) All records and information specified in this section other than a new birth certificate issued hereunder, and all records, files and information of any court in this state relating to adoption proceedings, shall not be open to inspection except as provided in section 39-259A, Idaho Code, or upon the order of a court of record of this state; provided, however, that the provisions of section 16-1609, Idaho Code, to the contrary notwithstanding, any probate court, or the judge thereof, may furnish a certified copy of a decree of adoption to any duly authorized agency of the United States or the state of Idaho without procuring any prior court order therefor.

SECTION 3. That Section 39-259, Idaho Code, be, and the same is hereby amended to read as follows:

39-259. ADOPTION OF PERSONS BORN IN FOREIGN COUNTRIES. SECTION 2. That Section 39-1449, Idaho Code, be, and the same is hereby amended to read as follows:

39-1449. BONDS. (a) The authority is authorized from time to time to issue its bonds in such principal amount as the authority shall determine for the purpose of financing all or a part of the cost of any facilities authorized hereby or for the refinancing of outstanding obligations. In anticipation of the sale of such bonds, the authority may issue bond anticipation notes and may renew the same from time to time. Such notes shall be paid from any revenues of the authority or other moneys available therefor and not otherwise pledged, or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes shall be issued in the same manner as bonds. Such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which a bond resolution of the authority may contain.

(b) The bonds may be issued as serial bonds or as term bonds or a combination of both types. All bonds issued by the authority shall be payable solely out of the revenues and receipts derived from the leasing, mortgaging or sale by the authority of the facilities concerned or of any part thereof as may be designated in the resolutions of the authority under which the bonds shall be authorized to be issued or as may be designated in a trust indenture authorized by the authority, which such trust indenture shall name a bank or trust company in Idaho as trustee or from other moneys available therefor and not otherwise pledged. Such bonds may be executed and delivered by the authority at any time and from time to time, may be in such form and denominations and of such terms and maturities, may be in fully registered form or in bearer form registerable either as to principal or interest or both, may bear such conversion privileges and be payable in such installments and at such time or times not exceeding forty (40) years from the date thereof, may be payable at such place or places whether within or without the state of Idaho, may bear interest at such rate or rates per annum as shall be determined by the authority and without regard to any interest rate limitation appearing in any other law, payable at such time or times and at such place or places and evidenced in such manner, may be executed by such officers of the authority, either manually or by facsimile, and coupon bonds shall have attached thereto interest coupons bearing the facsimile signature of an authorized officer of the authority and may contain such provisions not inconsistent herewith, all as shall be provided in the resolutions of the authority whereunder the bonds shall be authorized to be issued or as shall be provided in a trust indenture authorized by the authority. Notwithstanding any provision of this section to the contrary, in the case of obligations maturing not later than one (1) year from the date of issuance thereof, the authority may authorize the executive director, associate executive director or any officer of the authority to fix principal amounts, maturity dates, interest rates, and purchase
prices of any particular issue of such short-term obligations, subject to such limitations as to maximum term, maximum principal amount outstanding, and maximum interest rates as the authority shall prescribe by resolution. Any such authorization shall remain effective for the period of time designated in the resolution, regardless of whether the composition of the authority changes in the interim.

(c) If deemed advisable by the authority there may be retained in the resolutions or the trust indenture under which any bonds of the authority are authorized to be issued an option to redeem all or any part thereof as may be specified in such resolutions or in such trust indenture, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such resolutions or in such trust indenture, and as may be briefly recited on the face of the bonds, but nothing herein contained shall be construed to confer on the authority the right or option to redeem any bonds except as may be provided in the resolutions or in such trust indenture under which they shall be issued.

(d) The bonds or notes of the authority may be sold at public or private sale for such price or prices and in such manner and from time to time as may be determined by the authority, and the authority may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance thereof. The power to fix the date of sale of bonds and notes, to receive bids or proposals, to award and sell bonds and notes, and to take all other necessary action to sell and deliver bonds and notes may be delegated to the executive director of the authority by resolution of the authority. Pending preparation of the definitive bonds, the authority may issue interim receipts or certificates which shall be exchanged for such definitive bonds.

(e) Issuance by the authority of one or more series of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same facilities or any other facilities or any other purpose hereunder, but the resolutions or trust indenture whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge or mortgage made for any prior issue of bonds. Any bonds of the authority at any time outstanding may at any time and from time to time be refunded by the authority by the issuance of its bonds for such purpose in such amount as the authority may deem necessary but not exceeding an amount sufficient to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon and any premiums, commissions, service fees and other expenses necessary to be paid in connection therewith and, if deemed advisable by the authority, for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions or enlargements of a facility or any portion thereof.

Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by the exchange of the refunding bonds for the bonds to be refunded thereby with the consent of the holders of the bonds so to be refunded, and regardless of whether or not the bonds to be refunded were issued in
connection with the same facilities or separate facilities or for any other purpose hereunder, and regardless of whether or not the bonds proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise. The proceeds of any such bonds issued for the purpose of refunding outstanding bonds may, in the discretion of the authority, be applied to the purchase or retirement at maturity or redemption of such outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or at the maturity thereof and may, pending such application, be placed in escrow to be applied to such purchase or retirement at maturity or redemption on such date as may be determined by the authority. Any such escrowed proceeds, pending such use, may be invested and reinvested in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment as to principal, interest and redemption premium, if any, of the outstanding bonds to be so refunded determined by the authority. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds or notes to be so refunded, to the payment of principal or interest on the refunding bonds or may be used by the authority in any lawful manner. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner. The portion of the proceeds of any such bonds issued for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions or enlargements of a facility may be invested and reinvested in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing not later than the time or times when such proceeds will be needed for the purpose of paying all or any part of such cost determined by the authority. The interest, income and profits, if any, earned or realized on such investment may be applied to the payment of all or any part of such cost or may be used by the authority in any lawful manner. All such bonds shall be subject to the provisions of this act in the same manner and to the same extent as other bonds issued pursuant to this act. All bonds and the interest coupons applicable thereto are hereby made and shall be construed to be negotiable instruments within the meaning of and for all the purposes of article 8, uniform commercial code, subject only to the provisions of such bonds, notes or other obligations for registration.

SECTION 3. That Section 39-1450C, Idaho Code, be, and the same is hereby repealed.

39-1457. INVESTMENT OF FUNDS. The authority may invest the proceeds from the sale of a series of obligations or any funds related to the series in such securities and other investments, whether or not any such investment or reinvestment is authorized under any other law of the state, as may be provided in the proceedings under which the series of obligations are authorized to be issued. The authority may invest any other funds in obligations of the federal government, the state or of any municipality thereof or obligations of agencies of the federal government; in bonds, notes, certificates of indebtedness, treasury bills or other securities constituting direct obligations of the United States of America; in certificates of deposit or time deposits constituting direct obligations of any bank in Idaho; provided, however, that investments may be made only in those certificates of deposit or time deposits in banks which are insured by the federal deposit insurance corporation, if then in existence, and may exceed the maximum of such insurance; or in short term discount obligations of the federal national mortgage association. Any such securities may be purchased at the offering or market price thereof at the time of such purchase. The authority may invest its any other funds with such maturities as the authority shall determine provided that such maturities are on a date or dates prior to the time when, in the judgment of the authority, the funds so invested will be required for expenditure. The express judgment of the authority as to the time when any such funds will be required for expenditure or be redeemable is final and conclusive.

(l) Within fifteen (15) days following the close of the hearing, the board shall determine and, acting through their duly authorized administrative official, shall notify the employee in writing whether the evidence presented at the hearing established the truth of the allegations and whether the employee is to be retained, immediately discharged, or discharged upon termination of the current contract.

SECTION 4. That Section 33-701, Idaho Code, be, and the same is hereby amended to read as follows:

33-701. FISCAL YEAR -- PAYMENT AND ACCOUNTING OF FUNDS. The fiscal year of each school district shall be a period of twelve (12) months commencing on the first day of July in each year.

The board of trustees of each school district shall have the following powers and duties:

1. To determine and order paid all lawful expenses for salaries, wages and purchases, whether or not there be money in the treasury for payment of warrants drawn against any fund of the district.

Whenever any school district other than an elementary school district with less than six (6) teachers within the district has sufficient funds on deposit so to do, it may pay any allowed claim for salaries, wages or purchases by regular bank check signed by the treasurer of the district and countersigned by the chairman, or vice-chairman, of the board of trustees.

The total amount of warrants or orders for warrants drawn on any fund, together with disbursements from such fund in any other manner made, shall not exceed ninety-five percent (95%) of the estimated income and revenue accrued or accruing to such fund for the same school year, until such income and revenue shall have been paid into the treasury to the credit of the district.

2. To invest all or part of any plant facilities reserve fund, or any fund accumulated for the payment of interest on, and the redemption of, outstanding bonds, or other obligations of the district in bonds or certificates of indebtedness of the United States of America, or in bonds or warrants of the state of Idaho, or in warrants or tax anticipation notes of any county or school district of the state of Idaho, when such investments shall be due and payable on or before the date any plant facilities reserve fund shall be required to be expended or any bonds or other obligations, or interest thereon, of the investing district shall become payable.

Whenever in the judgment of the board of trustees, the proceeds of any bond issue should be temporarily invested pending the expenditure of such proceeds for the purposes for which such bonds were issued,
the proceeds may be invested in the manner and form hereinabove pre-
scribed. Any interest, or profits accruing from such investments
shall be used for the purposes for which the bonds were issued. Unless
otherwise provided by law, any interest or profits accruing from the
investment of any funds shall be credited to the general fund of the
district;
3. To insure any school house and other property, and the dis-
   trict, against any loss by fire, casualty, or liability, and the
   board, its officers and employees, and to preserve its property for
   the benefit of the district. In case of loss of any insured property,
   any proceeds from insurance:
   (a) may be expended in constructing a temporary or permanent
   structure, but no sum greater than the insurance proceeds shall be
   so expended except upon approval of a majority of the school dis-
   trict electors voting in an election called for that purpose; or
   (b) may be placed in and made a part of the school plant facili-
   ties reserve fund of the district, if the district has such a
   fund; or
   (c) may be placed in a separate account in the bond interest and
   redemption fund of the district to repay any kind of obligation
   incurred by the district in replacing or restoring the property
   for which the insurance proceeds were received, and shall not be
   included in the computations of bond and bond interest levies as
   provided in section 33-802A, Idaho Code.
   If the proceeds of any insurance received by a school district by
   reason of loss on real property shall be less than five thousand
dollars ($5,000), such proceeds may be credited to the general fund of
the district;
4. To pay from the general fund of the district the expense of
   any member of the board incurred while traveling on the business of
the board, or attending any meeting called by the state board of edu-
cation or by the state superintendent of public instruction, or
attending any annual or special meetings of the state school trustees
association, and to pay the membership fee of the board of trustees in
said association. Whenever any member of the board of trustees
resides at such distance from the meeting place of the board as to
require, in the judgment of the board, such member to incur extraor-
dinary expense in traveling from his home to and from said meeting
place, the board may approve payment to such member of the extraor-
dinary expense incurred in attending any meeting of the board.
   For the purpose of this paragraph, the term "expense" or "extraor-
dinary expense" shall include allowance for mileage or actual travel
expense incurred;
5. To prepare, or cause to be prepared and published, in the man-
ner hereinafter prescribed, within one hundred twenty (120) days from
the last day of each fiscal year, an annual statement of financial
condition and report of the school district as of the end of such
fiscal year in a form prescribed by the state board--of--education
superintendent of public instruction. Such annual statement shall
include, but not be limited to the amounts of money budgeted and
received and from what sources, and the amounts budgeted and expended
for salaries and other expenses by category. Salaries may be reported
in gross amount. Each school district shall have available at the administrative office, upon request, a full and complete list of vendors and the amount paid to each and a list of the number of teachers paid at each of the several stated gross salary levels in effect in the district.

Nothing herein provided shall be construed as limiting any school district as to any additional or supplementary statements and reports it may elect to make for the purpose of informing the public of its financial operations, either as to form, content, method, or frequency; and if all the information required herein to be published shall have been published as provided herein at regular intervals during the fiscal year covering successive portions of the fiscal year, then such information may be omitted from the annual statement of financial condition and report for such portions of the fiscal year as already have been reported.

The annual statement of financial condition and report shall be published within the time above prescribed in one (1) issue of a newspaper printed and published within the district, or, if there be none, then in a newspaper printed and published in the county in which the school district is located, or, if more than one (1) newspaper is printed and published in said district or county, then in the newspaper most likely to give notice of the contents of such annual statement of financial condition and report to the residents of said district; provided, that if no newspaper is printed and published in the said district or county, then such statement of financial condition and report shall be published in a newspaper of general circulation most likely to give notice of the contents to the residents of said district.

The chairman, clerk and treasurer of each such school district shall certify said annual statement of financial condition and report to be true and correct, and the certification shall be included in each published statement.

In the event the board of trustees of any such school district shall fail to prepare or cause to be prepared or to publish the annual statement of financial condition and report as herein required, the state board—of—education superintendent of public instruction shall cause the same to be prepared and published, and the cost thereof shall be an obligation of such school district. One (1) copy of such annual statement of financial condition and report shall be retained in the office of the clerk of the board of school trustees, where the same shall be open at all times to examination and inspection by any person;

6. To cause to be made each year, a full and complete audit of all of the financial transactions of the district, and of the activity or student body funds, except that in elementary school districts such audit shall be made at intervals of not more than two (2) years. Any audit shall be made by and under the direction of the board of trustees by an independent auditor, in accordance with generally accepted auditing standards and procedures.

The auditor shall be employed on written contract.

One (1) copy of the report of the audit shall be filed with the legislative auditor, and one (1) copy shall be filed with the state
board department of education, not more than ten (10) days after its acceptance by the board of trustees;

7. To file annually with the state board department of education such financial and statistical reports as said state board--of education superintendent of public instruction may require;

8. To order and have destroyed any canceled check or warrant, or any form of claim or voucher which has been paid, at any time after five (5) years from the date the same was canceled and paid.

9. To review the school district budget periodically and make appropriate budget adjustments to reflect the availability of funds and the requirements of the school district. Revenue derived from maintenance and operation levies made pursuant to section 33-802 2, Idaho Code, shall be excluded from budget adjustments as provided in this paragraph. Any person or persons proposing a budget adjustment under this section shall notify in writing each member of the board of trustees one (1) week prior to the meeting at which such proposal will be made. Prior to the final vote on such a proposal, notice shall be posted and published once, as prescribed in section 33-4012, Idaho Code. A budget adjustment shall not be approved unless voted affirmatively by sixty percent (60%) of the members of the board of trustees. Such amended budgets shall be submitted to the state board of education.

10. To invest any money coming into the hands of the school district in investments permitted by section 67-1210, Idaho Code. Unless otherwise provided by law, any interest or profits accruing from the investment of any funds shall be credited to the general fund of the district.

SECTION 5. That Section 33-801, Idaho Code, be, and the same is hereby amended to read as follows:

33-801. SCHOOL DISTRICT BUDGET. No later than twenty-eight (28) days prior to its annual meeting, the board of trustees of each school district shall have prepared a budget, in form prescribed by the state board--of--education superintendent of public instruction, and shall have called and caused to be held a public hearing thereon, and at such public hearing, or at a special meeting held no later than fourteen (14) days after the public hearing, shall adopt a budget for the ensuing year. Notice of the hearing shall be posted, and published as prescribed in section 33-4012, Idaho Code, and a record of the hearing shall be kept by the clerk of the board of trustees. At the time said notice is given and until the date of the hearing, a copy of the budget shall be available for public inspection at all reasonable times at the administrative offices of the school district, or at the office of the clerk of the district. The board of trustees of each school district shall also prepare and publish, as a part of such notice, a summary statement of the budget for the ensuing year. Such statement shall be prepared in a manner consistent with standard accounting practices and in such form as the state board superintendent of public instruction shall prescribe, and, among other things, said statement shall show amounts budgeted for all major classifications of income and expenditures, with total amounts budgeted for
salary and wage expenditures in each such classification shown separately. Such statement shall show amounts previously budgeted for the then current year for the same classification for purposes of comparison. The budgeted dollar amounts of revenue in those categories included within the provisions of section 33-802, Idaho Code, as approved within the adopted budget shall be the same as presented to the respective county commissioners for mill levy purposes.

SECTION 6. That Section 33-1002, Idaho Code, be, and the same is hereby amended to read as follows:

33-1002. EDUCATIONAL SUPPORT PROGRAM. The educational support program is calculated as follows:

1. State and County Educational Support Funds. Add the state appropriation, including the moneys available in the public school income fund, together with all miscellaneous revenues and any balance or deficit in the county school fund to determine the total state and county funds. From the total state and county funds subtract the amount needed for the state's share of transportation support program as provided in section 33-1006, Idaho Code, and the amount needed for the state's share of the exceptional education support program as provided in section 33-1007, Idaho Code, to secure the state and county educational support funds.

2. Local Districts' Contribution. Without including any allowance as a credit for prepaid taxes, as provided by section 63-1607, Idaho Code, the local districts' contribution shall be twenty-five hundredths percent (.25%) of the total state adjusted market value for assessment purposes for the previous year and twenty-five hundredths percent (.25%) the equivalent valuation for the previous year as defined in section 33-1014, Idaho Code.

3. Educational Support Program Distribution Funds. Add the local districts' contribution and the state and county educational support program funds together to secure the total educational support program distribution funds.

4. Average Daily Attendance. The total state average daily attendance shall be the sum of the average daily attendance of all of the school districts of the state. The state board of education shall establish rules and regulations setting forth the procedure to determine average daily attendance and the time for, and method of, submission of such report. Average daily attendance calculation shall be carried out to the nearest hundredth. In computing the average daily attendance the entire school year shall be used except that the twenty-eight (28) weeks having the best average daily attendance, not necessarily consecutive, may be used. When a school is closed because of storm, flood, failure of the heating plant, loss or damage to the school building, quarantine or order of any city, county or state health agency, or for reason believed by the board of trustees to be in the best interests of the health, safety or welfare of the pupils, the board of trustees having certified to the state board department of education the cause and duration of such closure, the average daily attendance for such day or days of closure shall be considered as being the same as for the days when the school actually was in
session. For illness or accident that necessitates an absence from school for more than ten (10) consecutive school days, the school district may include homebound students in its total attendance, provided that academic instruction has been given by appropriate certified professional staff employed by the district.

5. Support Units. The total state support units shall be determined by using the tables set out hereafter called computation of elementary support units, computation of secondary support units, computation of kindergarten support units, and computation of exceptional education support units. The sum of all of the total support units of all school districts of the state shall be the total state support units.

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education support units shall be applicable only for programs approved by the state department of education following the rules and regulations established by the state board of education.

6. State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations for border district approved contracts as provided in section 33-1403, Idaho Code, and exceptional child approved contracts as provided in section 33-2004(2), Idaho Code, by the total state support units to secure the state distribution factor per support unit.

7. District Share of State and County Funds for Educational Support Program. Ascertain a district's share of state and county funds for the educational support program as follows:
   a. District Contribution Calculation. Without including any allowance as a credit for prepaid taxes, as provided in section 63-1607, Idaho Code, the district contribution calculation shall be twenty-five hundredths percent (.25%) of the district's adjusted market value for assessment purposes for the previous year and twenty-five hundredths percent (.25%) of the equivalent valuation for the previous year as defined in section 33-1014, Idaho Code.
   b. District Support Units. The number of support units for each school district in the state shall be determined as follows:
      (1) Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12. Calculations in application of this subsection shall be carried out to the nearest tenth.
      (2) Divide the combined totals of the actual average daily attendance of all kindergarten, elementary and secondary students approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for the subsection shall be carried out to the nearest tenth when more than one (1) unit is allowed.
      (3) The total number of support units of the district shall be the sum of the total support units for regular students, subsection 7b(1) of this section, and the support units allowance for the approved exceptional child program, subsec-
tion 7b(2) of this section.

c. Border District Allowance. In any school district which abuts upon the border of another state, and the resident pupils of the district attend school in the other state as provided in section 33-1403, Idaho Code, the state board-of-education superintendent of public instruction shall determine the approved costs necessary to meet the educational needs of the students. The approved costs shall be allowed as a part of the district's total educational support program.

d. Exceptional Child Approved Contract Allowance. e. Nonresident Pupil Tuition-Equivalency Allowance. Districts which educate nonresident pupils placed by Idaho court order in licensed group homes, agencies or institutions shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per pupil. This district allowance shall be in addition to support unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

f. Total District Allowance Educational Program. Multiply the district's total number of support units, rounded to the nearest whole number, by the state distribution factor per support unit and to this product add the approved amount of border district contracts and the approved amount for the exceptional child contracts to secure the district's total allowance for the educational support program.

g. District Share. To secure the district's share of state and county apportionment, subtract the amount of the local district contribution calculation, subsection 7a of this section, from the amount of the total district allowance, subsection 7e of this section. The contract salary of every noncertificated teacher shall be subtracted from the district's share unless otherwise approved-by-the-state-board-of-education.

h. Exceptional Child Tuition-Equivalency Allowance. Districts which educate school age exceptional children residing in state institutions, licensed and certified intermediate care facilities, or licensed private nonprofit residential facilities shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per child. The state board department of education shall report annually to the legislature the status of the exceptional education support program. The report shall include, but not be limited to, data concerning the number of persons served, both handicapped and gifted, the districts which operate programs and the nature of the program, the money distributed pursuant to the provisions of the exceptional education support program, and estimated number of persons, both handicapped and gifted, requiring but not receiving services. The report shall be filed not later than the fifteenth day of the legislative session and may include recommendations of the board relating to administrations of the program.

The exceptional education support program of a school district shall be based on an amount up to and including eighty percent (80%) of the allowable salaries of certified and approved ancillary personnel, as provided in section 33-2002A, Idaho Code.

SECTION 8. That Section 33-1009, Idaho Code, be, and the same is hereby amended to read as follows:

33-1009. PAYMENTS FROM THE PUBLIC SCHOOL INCOME FUND.
1. a. Payments of the state general account appropriation for public school support shall be made each year by the state board of education to the public school districts of the state in five (5) payments. Payments to the districts shall be made not later than the fifteenth day of August, the first day of October, the fifteenth day of November, the fifteenth day of February, and the fifteenth day of May each year. Each payment by the state board of education shall be approximately twenty percent (20%) of the total general account appropriation for the fiscal year. Amounts apportioned due to a special transfer to the public school income fund to restore or reduce a deficiency in the prior year's transfer pursuant to subsection 4 of this section shall not be subject to this limitation.

b. Payments of moneys, other than the state general account appropriation, that accrue to the public school income fund shall be made by the state board of education to the school districts of the state on the fifteenth day of November, February, May and July each year. The total amount of such payments shall be determined by the state department of education and shall not exceed the amount of moneys available and on deposit in the public school income fund at the time such payment is made.

c. Amounts apportioned due to a special transfer to the public school income fund to restore or reduce a deficiency in the prior year's transfer pursuant to subsection 4 of this section shall not be subject to the limitation imposed by paragraphs a and b.

2. Payments made to the school districts in August, October and November are advance payments for the current year and will be based upon payments from the public school income fund for the preceding school year. Each school district shall receive its proportionate share of the advance payments in the same ratio that its total payment
for the preceding year was to the total payments to all school districts for the preceding year.

3. No later than the fifteenth day of February in each year, the state board department of education shall compute the state distribution factor based on the total average daily attendance for the first semester of the then current school year. The factor will be used in payments of state funds in February and May.

As of the thirtieth day of June of each year the state board department of education shall determine final payments to be made on July fifteenth next succeeding to the several school districts from the public school income fund for the school year ended June 30. The July payments shall take into consideration:

a. the average daily attendance of the several school districts for the twenty-eight (28) best weeks of the school year completed not later than the thirtieth of June,

b. all funds available in the public school income fund for the fiscal year ending on the thirtieth of June,

c. all payments distributed for the current fiscal year to the several school districts,

d. payments made or due for the transportation support program and the exceptional education support program. The state board department of education shall apportion and direct the payment to the several school districts the moneys in the public school income fund in each year, taking into account the advance made under subsection 2 of this section, in such amounts as will provide in full for each district its support program, and not more than therefore required, and no school district shall receive less than fifty dollars ($50.00).

4. If the full amount appropriated from the general account by the legislature is not transferred to the public school income fund by the end of the fiscal year, the deficiency resulting therefrom shall either be restored or reduced through a special transfer from the general account in the first sixty (60) days of the following fiscal year, or shall be calculated in computing district levies, and any additional levy shall be certified by the state board of education superintendent of public instruction to the board of county commissioners and added to the district’s maintenance and operation levy, and the additional levy shall be exempt from the limitations imposed by section 63-923(1), Idaho Code. If the deficiency is restored or reduced by special transfer, the amount so transferred shall be in addition to the amount appropriated to be transferred in such following fiscal year, and shall be apportioned to each school district in the same amount as each would have received had the transfer been made in the year the deficiency occurred. The board state department of education shall distribute to the school district the full amount of the special transfer as soon as practical after such transfer is made. In making the levy computations required by this subsection the state board department of education shall take into account and consider the full amount of money receipted into the public school income fund from all sources for the given fiscal year. Deficits in the transfer of the appropriated amount of general account revenue to the public school income fund shall be reduced by the amount, if any, that the total
amount receipted from other sources into the public school income fund exceeds the official estimated amount from those sources. The official estimate of receipts from other sources shall be the total amount stated by the legislature in the appropriation bill.

5. Any apportionments in any year, made to any school district, which may within the succeeding three (3) year period be found to have been in error either of computation or transmittal, may be corrected during the three (3) year period by reduction of apportionments to any school district to which over-apportionments may have been made or received, and corresponding addition to apportionments to any school district to which under-apportionments may have been made or received.

SECTION 9. That Section 33-1010, Idaho Code, be, and the same is hereby amended to read as follows:

33-1010. APPORTIONMENTS WHEN MINES NET PROFITS CONSIDERED. In any school district in which mines net profits are made a part of the total assessed value of taxable property, should the amount of such net profits certified as required by section 63-2803, Idaho Code, be lower in any year than for the immediately preceding year in an amount equaling five per cent (5%) or more of the total assessed value of taxable property of the district for the preceding year, then the state board department of education shall compute the adjusted value of taxable property in the district for the purposes of section 33-1009, Idaho Code, by subtracting from the adjusted value of property in the district for the preceding year, the total of such decrease in mines net profits tax.

The county auditor of each county in which the net profits of mines are made a part of the total assessed value of taxable property of any school district, shall annually examine the reports of mines net profits certified to the county assessor as required by section 63-2803, Idaho Code, and shall certify to the state board department of education not later than the fifteenth day of June of each year, the net profits of mines creditable to each school district in said county.

SECTION 11. That Section 33-1014, Idaho Code, be, and the same is hereby amended to read as follows:

33-1014. ASSESSMENT RATIOS AND EQUIVALENCY DETERMINATIONS. The state tax commission shall annually ascertain the ratio between the market value for assessment purposes of real property, as defined in
section 63-202, Idaho Code, and the assessed valuation of real property in each county, and from the ratio so ascertained compute the adjusted value of all taxable property in each county.

The state tax commission shall on or before February 15 of each year report to each county in the state all of the following data that will be used by the state tax commission in conducting such ratio study within such county:

1. sales of real property,
2. appraisals of real property.

The report of the state tax commission shall be made available for public inspection in the office of the county assessor.

The county assessor and the board of county commissioners shall review such data and certify such review to the tax commission on or before March 15. If the county objects to the use of such data by the state tax commission, or desires additional data to be used by the state tax commission, it must report such objections, and the basis therefor, and furnish to the commission any additional data it desires used, by March 15. The state tax commission shall advise such county whether or not its objections or additional data have been accepted for use in the ratio study. If the state tax commission fails to accept such objections or additional data by March 30 the county may appeal such action by the state tax commission to the Idaho board of tax appeals by filing such appeal with the board of tax appeals on or before April 15. The board of tax appeals shall issue a decision determining all sales of real property and all appraisals of real property to be used by the state tax commission in performing such ratio study on or before July 15. The decision of the board of tax appeals shall be binding upon the Idaho state tax commission when they calculate and certify their sales ratio findings.

The state tax commission shall compute for each school district in each county an equivalent valuation which, with a levy equal to that levy certified by such school district to the proper taxing authorities for the next preceding year, would produce an amount of money equal to that which is apportioned to said school district by the county or state revenue in lieu of direct taxation for the fiscal school year ending June 30th of the year in which such valuation is being made, and shall certify on or before the fourth Monday of August of each year such equivalent valuation to the state board of education.

On or before the fourth Monday of August of each year, the executive officer of the state tax commission shall provide the county auditor of each county with a statement of the amounts of the adjusted value and the assessed value of taxable property in the county and the ratio between the same. At the same time, the state board of education shall be given a statement summarizing the statements provided to the several county auditors.

In determining tuition rates to be charged by any creditor school district, the state board department of education shall compute the sum of that district's maintenance and operation costs, depreciation on its buildings, equipment, and other property, and the interest, if any paid by it on bonded debt or registered warrants. The said state board department of education shall then compute what proportion of the sum of said costs, depreciation and interest is allocable to elementary schools, and what proportion is allocable to secondary schools, in the district. The proportion allocable to elementary schools shall then be divided by the average daily attendance of elementary school pupils, and the proportion allocable to secondary schools shall be divided by the average daily attendance of secondary school pupils, in the district, and the amount so determined shall be the gross per-pupil cost, elementary or secondary, as the case may be. The net per-pupil cost shall be the gross per-pupil cost less the per-pupil apportionment to the district of any foundation program funds.
Computations of tuition rates shall be made as of the school year next preceding the year for which tuition charges are determined and made.

Charges for tuition made by any creditor school district shall be its net per-pupil cost, as hereinabove defined; except that its gross per-pupil cost shall be charged where any pupil has transferred to the creditor district by transfer other than one prescribed by section 33-1402—or 33-1403, Idaho Code, or where the home district of any pupil attending school in the creditor district is without the state of Idaho.

Tuition reimbursement for nonresident pupils who are placed by court order under provisions of the Idaho youth rehabilitation or child protective acts may be obtained by the creditor district through procedures established in section 33-1002, Idaho Code, for nonresident tuition-equivalency allowance.

Each bill of tuition submitted to a home district shall show the serial number of the tuition certificate last issued to the creditor district by the state board department of education and shall show also the number of pupils for whom tuition is charged, which charge shall be as shown by the said tuition certificate.

Bills of tuition, if submitted other than annually, shall be apportioned according to the number of school months for which any such bill is applicable. A fraction of a school month shall be deemed a school month.

Whenever and wherever it deems it to be necessary the commission shall use its offices to prevent any substitution of other potatoes for Idaho potatoes and to prevent the misrepresentation or the misbranding of Idaho potatoes at any and all times at any and all points where they discover the same is being done.

11. To make, conduct or carry on studies and research in connection with the raising, production and marketing of potatoes, including study and research dealing with the industrial and other uses of pota-
toes and their by-products, and the extension and stabilization of markets for such commodities; to disseminate information with respect to such study and research as a part of the commission's advertising, publicity and sales promotion activities authorized by this act and to assist, aid and educate growers, dealers and handlers in the raising, production and marketing of potatoes.

12. To require all persons with their principal place of business located in the state of Idaho to pay a one hundred dollar ($100) annual license fee for use of any Idaho potato trade or certification mark and to require all persons with their principal place of business located outside of the state of Idaho to pay a three hundred dollar ($300) annual license fee for use of any Idaho potato trade or certification mark.

For the accomplishment of such ends the commission is hereby empowered to employ the necessary persons or contract for the performance of required services; to cooperate with any organization of growers in this state, whether organized by authority of law or voluntary, engaged in carrying on similar activities and to participate jointly with any such organization, by contract or otherwise, in financing such study and research or paying for the employment of persons or services required or in carrying out projects and programs as herein contemplated; provided, however, expenditures authorized by the commission for the purposes herein mentioned shall not exceed an amount equal to twelve and one-half per cent (12 1/2%) of the tax collected on potatoes levied and imposed pursuant to section 22-1211, Idaho Code.

Provided, further, that none of the powers specified in this subsection 11 shall be exercised, and no expenditure of revenue as provided in this subsection 11 shall be authorized except upon the affirmative vote of six (6) or more of the members of the commission.

SECTION 4. That Section 22-1211, Idaho Code, be, and the same is hereby amended to read as follows:

22-1211. TAX LEVY ---VEGETABLE--ADVERTISING--STAMPS. There is hereby levied and imposed a tax of four cents (4¢) per hundredweight on potatoes covered by this act, which tax shall be due on or before the time when such potatoes are first handled in the primary channels of trade and shall be paid at such time or times as the commission may by rule or regulation prescribe, but not later than the fifteenth day of the month next succeeding the month in which such potatoes were handled in the primary channels of trade. For the purpose of collection of said tax the commission may but need not, require stamps to be known as "Vegetable-Advertising-Stamps" to be purchased from the commission and affixed or attached to the containers, shipping documents, inspection certificates, invoices, or receiving receipts or tickets, or such other containers or records as may adequately provide notice that such tax has been paid. Any such stamps shall be canceled immediately upon being so attached or fixed and the date of cancellation shall at said time be placed on such stamps. The commission is authorized to make appropriate rules and regulations to implement the collection of the taxes imposed by this chapter.
In addition to the four cents (4¢) tax hereinabove provided for, there is hereby levied and imposed an additional tax of three cents (3¢) per hundredweight on potatoes covered by this act; provided, however, said additional tax of three cents (3¢), or any portion thereof, shall only be due and collectible upon a determination by at least two-thirds (2/3) of the commission members that the anticipated expenditures for the next fiscal year following the year in which the determination is made will exceed the anticipated tax revenues to be collected from the said four cents (4¢) tax. Upon such a determination, the commission shall collect the additional three cents (3¢) tax or such portion thereof as is required by such determination, which shall be collected with, and as, other taxes imposed by this act.

The person first selling or otherwise delivering potatoes into primary channels of trade shall be responsible for and make payment of all taxes imposed by this chapter. If such person is the dealer or shipper handling potatoes grown by another, he may charge against and recover from the grower of such potatoes or the person from whom he acquired them sixty per cent (60%) of the tax.

SECTION 5. This act shall be in full force and effect on and after January 1, 1985.

Approved March 12, 1985.

CHAPTER 58
HAZARDOUS WASTE FACILITY SITING

39-5801. SHORT TITLE. This chapter shall be known and may be cited as the "State Hazardous Waste Facility Siting Act."

39-5802. LEGISLATIVE INTENT. (1) The legislature of the state of Idaho hereby finds that adverse public health and environmental impacts can result from the improper land disposal of hazardous waste and that the need for establishing safe sites with adequate capacity for the disposal of hazardous waste is a matter of statewide concern, and the provisions of this chapter are therefore enacted to provide an effective method of establishing such sites.

(2) It is the intent of the legislature of the state of Idaho that generators of hazardous waste be encouraged to use on-site and off-site alternative treatment methods to reduce the amount of hazardous waste that must be discharged into the environment and to reduce associated hazards to the health and welfare of the citizens of this state. Alternative management technologies which detoxify, stabilize and reduce the amount of hazardous waste that must be buried are available. For such purpose, the provisions of this chapter are enacted to allow the development of safe alternative methods for the treatment of hazardous waste and to provide a means for the designation of hazardous waste disposal sites when such methods are unable to obviate the need for hazardous waste disposal on land. Whereas the state of Idaho may be responsible for the perpetual care of hazardous waste land disposal facilities, alternative technologies such as incineration, resource recovery, or physical, chemical or biological degradation should be implemented to the maximum extent possible.

39-5803. DEFINITIONS. As used in this chapter:

The owner or operator of the facility or site rather than the builder shall be responsible for obtaining the license. Facilities exempted from permitting under the provisions of section 39-4409, Idaho Code, shall not require a license under the provisions of this chapter.

39-5809. PERMITS AND LICENSES -- ISSUANCE PRIOR TO ADOPTION OF PLAN. The director may issue permits under the provisions of chapter 44, title 39, Idaho Code, or licenses pursuant to this chapter, for existing or proposed hazardous waste treatment, storage or disposal facilities and other authorized operations before the adoption of the plan by the committee.

39-5810. LICENSES -- ISSUANCE AFTER ADOPTION OF PLAN. After the plan has been adopted by the committee, the director shall not issue a license under the provisions of this chapter for a hazardous waste treatment, storage or disposal facility until the director has made a determination that the action is consistent with the adopted hazardous waste management plan. The director may exempt classes or categories of hazardous waste treatment, storage or disposal facilities from complying with the hazardous waste management plan if the exemption is in the public interest and consistent with state and federal law. If the director exempts classes or categories of hazardous waste treatment, storage or disposal facilities from complying with the hazardous waste management plan, rules and regulations shall be promulgated in compliance with chapter 52, title 67, Idaho Code, specifically indicating the exemption.

39-5811. EXPANSION, ENLARGEMENT OR ALTERATION OF TREATMENT, STORAGE, OR DISPOSAL FACILITY -- REVIEW -- SITING LICENSES. (1) A hazardous waste treatment, storage, or disposal facility in existence on July 1, 1985, shall not require a review under the provisions of this chapter.

(2) The expansion, enlargement, or alteration of a hazardous waste treatment, storage, or disposal facility in existence on July 1, 1985, constitutes a new proposal for which a siting license is required.

39-5812. SITE REVIEW PANELS -- MEMBERS, CHAIRMAN, QUORUM, MEETINGS, STAFF. (1) Within the department, a site review panel shall be established in order to receive public input early in the permitting process and to approve, deny or add provisions to the siting license
in order to mitigate public concerns for the following types of facilities:

(a) All commercial hazardous waste disposal facilities not in existence prior to July 1, 1985;
(b) All commercial hazardous waste treatment or storage facilities not in existence prior to July 1, 1985;

(3) The following four (4) members shall serve on a panel which is established to consider a particular siting license application:
(a) Two (2) members shall be appointed by the city council of the city located closest to or in which the hazardous waste treatment, storage, or disposal facility is proposed to be located, at least one (1) of whom shall be a resident of the city. The members serving pursuant to this subsection shall serve until the particular siting license application subject to their review is approved, or until the application is rejected and is no longer
subject to their review.

(b) Two (2) members shall be residents of the county where the hazardous waste treatment, storage, or disposal facility is proposed to be located and shall be appointed by the board of commissioners of the county. The members serving pursuant to this subsection shall serve until the particular siting license application subject to their review is approved, or until the application is rejected and is no longer subject to their review.

(4) The member appointed as the representative of the state from the department shall be chairman of each panel and shall notify the city council of the nearest city and the board of county commissioners of a siting license application filed with the department, and shall instruct the city and county to appoint the necessary representatives to a panel.

(5) Six (6) of the ten (10) members of the panel shall constitute a quorum for the transaction of business of the panel and the concurrence of six (6) members of the panel shall constitute a legal action of the panel. All meetings of the panel shall be conducted pursuant to the state open meeting law.

(6) The director shall make staff available to assist a panel in carrying out its responsibilities.

(7) Members of the panel who are not state employees shall be entitled to receive compensation as provided in section 59-509(b), Idaho Code.

39-5813. SITING LICENSE APPLICATION -- FEE - RULES AND REGULATIONS. An application for a siting license shall contain the name and residence of the applicant, the location of the proposed hazardous waste treatment, storage or disposal facility and other information required under the provisions of this chapter. The application shall be accompanied by a siting license fee. The director shall establish by rule, the scale for determining the siting license application fee. The fee shall not exceed seven thousand five hundred dollars ($7,500) and shall be based on the cost to the department of reviewing the siting license application. The scale shall be based on characteristics including the site size, projected waste volume, and hydrogeological characteristics surrounding the site. Fees received pursuant to this section may be expended by the director to pay the actual, reasonable and necessary costs incurred by the department in acting upon a siting license application. The director may promulgate rules and regulations in compliance with chapter 52, title 67, Idaho Code, in order to implement and administer the provisions of this section.

39-5814. DUTIES OF DIRECTOR UPON RECEIPT OF A SITING LICENSE APPLICATION -- RECOMMENDATION. (1) Upon receipt of a siting license application, the director or an authorized representative of the director shall:

(a) Immediately notify the permanent panel members, the city and/or county in which the hazardous waste treatment, storage, or disposal facility is located or proposed to be located, the state fire marshal, the director of the department of fish and game, the
director of the department of law enforcement, and each division within the department that has responsibility in land, air or water management, and other appropriate agencies. The notice shall describe the procedure and the schedule based on the complexity of the application by which the siting license may be approved or denied.

(b) Publish a twenty (20) days' notice, as provided in section 60-109, Idaho Code, in a newspaper having major circulation in the county and the immediate vicinity of the proposed hazardous waste treatment, storage, or disposal facility. The required published notice shall contain a map indicating the location of the proposed hazardous waste treatment, storage, or disposal facility and shall contain a description of the proposed action and the location where the complete application package may be reviewed and where copies may be obtained. The notice shall describe the procedure by which the siting license may be granted.

(c) Review the plans of the proposed hazardous waste treatment, storage, or disposal facility to determine if the proposed operation complies with the provisions of this chapter or chapter 44, title 39, Idaho Code, and rules and regulations promulgated pursuant to those chapters. The review shall also include, but not be limited to, air quality, water quality, waste management and hydrogeology. Documentation of the review process shall be kept by the department. If the site review, plan review and the application meet the requirements of chapter 44, title 39, Idaho Code, the provisions of this chapter and the rules and regulations promulgated pursuant to those chapters, the director shall recommend approval for a siting license which may contain stipulations specifically applicable to the site and operation. An expansion, enlargement or alteration of a hazardous waste treatment, storage, or disposal facility beyond the specified areas indicated in the siting license application constitutes a new proposal for which a new siting license is required.

(d) The director shall also coordinate and review all permits which the applicant is required to obtain from the department in order to construct the proposed hazardous waste treatment, storage, or disposal facility.

(2) The director may recommend approval or may deny a complete siting license application within one hundred twenty (120) days after the director receives an application meeting the requirements in section 39-5813, Idaho Code.

(3) If the director does not recommend approval or does not deny a complete siting license application within one hundred twenty (120) days, the complete siting license application shall be submitted to the panel for action.

(4) If the director recommends approval of a complete siting license application, the director shall immediately notify the applicant and the chairman of the panel. The recommendation shall include a notice of intent to issue the siting license required for the construction pending approval by the panel under the provisions of section 39-5815, Idaho Code.

(5) If the director gives notice of the director's intent to deny
the application within one hundred twenty (120) days of receiving the complete siting license application, the director shall return the application to the applicant and indicate in writing steps the applicant can take to make the application acceptable if a new application is made.

(6) For the purposes of this section, a siting license application shall be deemed complete when it meets the completeness requirements for permit applications in terms of the rules and regulations promulgated pursuant to chapter 44, title 39, Idaho Code.

39-5815. NOTICE FOR AND CREATION OF PANEL AFTER NONREJECTION OR APPROVAL OF SITING LICENSE APPLICATION -- TIMETABLE FOR CONSIDERATION OF PROPOSED FACILITY -- PUBLIC HEARING -- NOTICE -- COMMENT AND INPUT -- MUNICIPAL IMPACT -- CONSIDERATIONS -- ADVICE. (1) If within seventy-five (75) days after receipt of a complete siting license application, the director has not rejected the application, the director shall notify the chairman of the panel, who immediately shall notify the representatives of the state and the public members of the panel. The chairman shall notify the applicable county and city for their appointment of members of the panel as provided in subsection (3) of section 39-5812, Idaho Code. Within forty-five (45) days after the notification, the board of commissioners of the county and the city council shall select the members to serve on the panel. The panel shall be created at that time and notification of the creation of the panel shall be made to the chairman.

(2) If the director recommends approval of a complete siting license application within seventy-five (75) days after receipt of the application, the director at the time of approval, shall notify the chairman of the panel who shall immediately notify the representatives of the state to the panel and the public members. The chairman shall also notify the applicable county and city for their appointment of members as provided in subsection (3) of section 39-5812, Idaho Code. Within forty-five (45) days after the notification, the board of commissioners of the county and the city council shall select the members to serve on the panel. The panel shall be created at that time and notification shall be made to the chairman.

(3) Within twenty (20) days after creation of the panel, the panel shall meet to review and establish a timetable for the consideration of a proposed hazardous waste treatment, storage, or disposal facility.

(4) The panel shall:
(a) Set a date and arrange for publication of notice of a public hearing in a newspaper having major circulation in the vicinity of the proposed site, at its first meeting. The public notice shall:
(i) Contain a map indicating the location of the proposed hazardous waste treatment, storage, or disposal facility, a description of the proposed action, and the location where the application for a siting license may be reviewed and where copies may be obtained.
(ii) Identify the time, place and location for the public hearing held to receive public comment and input on the application for a siting license.
(b) Publish the notice not less than thirty (30) days before the date of the public hearing and the notice shall be, at a minimum, a twenty (20) days' notice as provided in section 60-109, Idaho Code.

(5) Comment and input on the proposed hazardous waste treatment, storage, or disposal facility may be presented orally or in writing at the public hearing, and shall continue to be accepted in writing by the panel for fifteen (15) days after the public hearing date.

(6) The panel shall deliberate on the impact of the proposed hazardous waste treatment, storage, or disposal facility on the city or county, or both, in which it is to be located and make a final determination on the siting license application.

(7) The panel shall consider, among other things:
   (a) The risk and impact of accident during the transportation of hazardous waste.
   (b) The risk and impact of contamination of ground and surface water by leaching and runoff from the proposed hazardous waste treatment, storage, or disposal facility.
   (c) The risk of fires or explosions from improper treatment, storage, or disposal methods.
   (d) The impact on local units of government where the proposed hazardous waste treatment, storage, or disposal facility is to be located in terms of the health, safety, cost and consistency with local planning and existing development. The panel shall also consider city and county ordinances, permits or other requirements and their potential relationship to the proposed hazardous waste treatment, storage, or disposal facility.
   (e) The nature of the probable environmental impact, including the specification of predictable adverse effects on the following:
      (i) The natural environment and ecology.
      (ii) Public health and safety.
      (iii) Scenic, historic, cultural and recreational value.
      (iv) Water and air quality, and wildlife.
      (v) An evaluation of measures to mitigate adverse effects.

(8) The panel's primary responsibility shall be to consider the concerns and objections submitted by the public. The panel shall facilitate efforts to provide that the concerns and objections are mitigated by establishing additional stipulations specifically applicable to the hazardous waste treatment, storage, or disposal facility and operation at that site. The panel shall also, to the fullest extent practicable, integrate by stipulations the provisions of the city or county ordinances, permits or requirements.

(9) The panel may seek the advice of any person in order to render a decision to approve or deny the siting license application.

(10) Within one hundred twenty (120) days after creation the panel shall either approve or reject the siting license application, and the director shall issue or deny the siting license accordingly. If the panel rejects a siting license application, the panel shall state its reasons in writing and indicate the necessary changes to make the application acceptable if a new application is made.

(11) An applicant denied a siting license pursuant to this chapter or any person aggrieved by a decision of the panel or the
director pursuant to this chapter may within sixty (60) days, after all remedies have been exhausted under the provisions of this chapter, seek judicial review under the procedures provided in sections 67-5215 and 67-5216, Idaho Code. For the purposes of sections 67-5215 and 67-5216, Idaho Code, a site review panel shall be construed to mean an agency.

39-5816. LOCAL RESTRICTIONS ON HAZARDOUS WASTE TREATMENT, STORAGE, OR DISPOSAL FACILITY CONSTRUCTION. An ordinance, permit requirement or other requirement of a city or county shall not prohibit the construction of a hazardous waste treatment, storage, or disposal facility in that city or county.

39-5817. COORDINATION AND INTEGRATION WITH STATE AND FEDERAL LAW. The director shall coordinate and integrate the provisions of this chapter for purposes of administration and enforcement with appropriate state and federal law.

39-5818. INFORMATION OBTAINED -- PUBLIC RECORD -- CONFIDENTIALITY. (1) Except as provided in subsection (2) of this section, information obtained by the department under the provisions of this chapter shall be deemed to be a public record.

(2) A person regulated under the provisions of this chapter may designate a record, site license application, other information, or a portion of a record, site license application, or other information furnished to or obtained by the department or its agents, as being only for the confidential use of the department and the panel. The department shall notify the regulated person of a request for public records, the scope of which includes information designated as confidential. The person regulated under the provisions of this chapter shall have thirty (30) days after the receipt of the notice to demonstrate to the director that the information designated as confidential should not be disclosed because the information is a trade secret or secret process, or is production, commercial, or financial information the disclosure of which would jeopardize the competitive position of the person from whom the information was obtained, and make available information not otherwise publicly available. The director shall grant the request for the information unless the person regulated under the provisions of this chapter has made a satisfactory demonstration to the director that the information should not be disclosed. If there is a dispute between the person requesting the information, the board of health and welfare shall make the decision to grant or deny the request. When the board of health and welfare makes a decision to grant a request, the board's rationale for granting the request shall be made in writing, the decision to grant the request shall be in compliance with existing law or rules and regulations promulgated pursuant thereto, and the information shall not be released until three (3) days have elapsed after the board's written opinion has been issued.

39-5819. CERTIFICATION OF CITY, COUNTY, OR DISTRICT HEALTH DEPARTMENTS. The department may certify a city, county or health dis-
strict to administer and enforce portions of this chapter and chapter 44, title 39, Idaho Code, but only to the extent consistent with obtaining and maintaining authorization of the state's hazardous waste management program pursuant to section 3006 of title II of the solid waste disposal act. Certification procedures shall be established by the department by rule and regulations. The director may rescind certification upon the request of the certified city, county, or health district, or after reasonable notice and hearing, if the director finds that a city, county, or health district is not administering and enforcing the provisions of this chapter or chapter 44, title 39, Idaho Code, or both, as required.

39-5820. REMEDY FOR DEVALUATION OF PROPERTY CAUSED BY APPROVED FACILITY. (1) Before construction of a hazardous waste treatment, storage, or disposal facility, but in no case later than nine (9) months after approval of a site license for a hazardous waste treatment, storage, or disposal facility, any owner or user of real property adversely affected by approval may bring an action in a district court of competent jurisdiction against the owner of the proposed facility. If the court determines that the planned construction and operation of the hazardous waste treatment, storage, or disposal facility will result in the devaluation of the plaintiff's property or will otherwise interfere with the plaintiff's rights in the property, it shall order the owner to compensate the plaintiff in an amount equal to the value of the plaintiff's loss.

(2) The remedy provided in subsection (1) of this section shall be in addition to other remedies provided by law for owners or users aggrieved by the proposed construction and operation of a hazardous waste treatment, storage or disposal facility.

(3) Nothing in this chapter shall prevent an owner or user of property aggrieved by the construction and operation of a facility from seeking damages that result from a subsequent modification of the design or operation of a facility but such damages are limited to the incremental damage that results from the modification. Any action for such damages under this section shall be brought within nine (9) months after the siting license for modification of the design or operation of the facility is approved.

(4) For the purpose of assessing damages, the value of the rights affected is fixed at the date the siting license is approved and the actual value of the right at that date is the basis for the determination of the amount of damage suffered, and no improvements to the property subsequent to the date of approval of the plans shall be included in the assessment of damages. Similarly, for any subsequent modification of a facility, value is fixed at the date of approval of the siting license.

(5) The owner or operator of a proposed facility may, at any time before an award of damages, abandon the construction or operation of the facility or any modification and cause the action to be dismissed. As a condition of dismissal, however, the owner or operator shall compensate the plaintiff for any actual damage sustained as a result of construction or operation of the facility before abandonment together with court costs and a reasonable attorney's fee.
(6) Nothing in this chapter shall prevent a court from enjoining any activity at a hazardous waste treatment, storage, or disposal facility that is outside of, or not in compliance with, the terms and conditions of an approved hazardous waste operations permit pursuant to section 39-4409, Idaho Code.

CHAPTER 114
(H.B. No. 175, As Amended)

AN ACT
RELATING TO COMPUTING TAXABLE INCOME OF CORPORATIONS; PROVIDING A STATEMENT OF LEGISLATIVE INTENT; AMENDING SECTION 63-3027, IDAHO CODE, TO REQUIRE SEPARATE ACCOUNTING FOR IDAHO INCOME OF BUSINESS ACTIVITIES INVOLVING FEES PAID BY THE UNITED STATES GOVERNMENT FOR MANAGEMENT SERVICES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. DECLARATION OF INTENT. It is not the intent of the legislature by adoption of this legislation to express any intent as to the construction of prior law or its application to issues or disputes existing pursuant to such prior law before judicial or administrative tribunals.

SECTION 2. That Section 63-3027, Idaho Code, be, and the same is hereby amended to read as follows:

63-3027. COMPUTING TAXABLE INCOME OF CORPORATIONS. The Idaho taxable income of any corporation with a business situs in this state shall be computed and taxed in accordance with the rules set forth in this section:

(a) As used in this section, unless the context otherwise requires:

(1) "Business income" means income arising from transactions and activity in the regular course of the taxpayers' trade or business and includes income from the acquisition, management, or disposition of tangible and intangible property when such acquisition, management, or disposition constitute integral or necessary parts of the taxpayers' trade or business operations. Gains or losses and dividend and interest income from stock and securities of any foreign or domestic corporation shall be presumed to be income from intangible property, the acquisition, management, or disposition of which constitute an integral part of the taxpayers' trade or business; such presumption may only be overcome by clear and convincing evidence to the contrary.

(2) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.
(3) "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.
(4) "Nonbusiness income" means all income other than business income.
(5) "Sales" means all gross receipts of the taxpayer not allocated under subsections (d) through (h) of this section.
(6) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

(b) Any taxpayer having income from business activity which is taxable both within and without this state shall allocate and apportion such net income as provided in this section.

(c) For purposes of allocation and apportionment of income under this section, a taxpayer is taxable in another state if:

(1) In that state he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax, or
(2) That state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

(d) Rents and royalties from real or tangible personal property, capital gains interest, dividends, or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in subsections (e) through (h) of this section.

(e) (1) Net rents and royalties from real property located in this state are allocable to this state.
(2) Net rents and royalties from tangible personal property are allocable to this state:

(i) if and to the extent that the property is utilized in this state, or
(ii) in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(3) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(f) (1) Capital gains and losses from sales of real property located in this state are allocable to this state.
(2) Capital gains and losses from sales of tangible personal property are allocable to this state if:
(i) the property had a situs in this state at the time of the sale, or
(ii) the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

(3) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state, unless such gains and losses constitute business income as defined in this section.

(g) Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state unless such interest or dividends constitute business income as defined in this section.

(h)(1) Patent and copyright royalties are allocable to this state:
   (i) if and to the extent that the patent or copyright is utilized by the payer in this state, or
   (ii) if and to the extent that the patent or copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(2) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patent product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(3) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(i) All business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three (3).

(j) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

(k) Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

(1) The average value of property shall be determined by averaging the values at the beginning and ending of the tax period, but the state tax commission may require the averaging of monthly values
during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(m) The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid everywhere during the tax period.

(n) Compensation is paid in this state if:
   (1) The individual's service is performed entirely within the state; or
   (2) The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or
   (3) Some of the service is performed in the state and
      (i) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or
      (ii) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(o) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

(p) Sales of tangible personal property are in this state if:
   (1) The property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale, or
   (2) The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and
      (i) the purchaser is the United States government or
      (ii) the taxpayer is not taxable in the state of the purchaser.

(q) Sales, other than sales of tangible property, are in this state, if:
   (1) The income-producing activity is performed in this state; or
   (2) The income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(r) If the allocation and apportionment provisions of this section do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the state tax commission may require, in respect to all or any part of the taxpayer's business activity, if reasonable:
   (1) Separate accounting, provided that only that portion of general expenses clearly identifiable with Idaho business operations shall be allowed as a deduction;
   (2) The exclusion of any one or more of the factors;
   (3) The inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this state; or
(4) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

(s) For purposes of this section two (2) or more corporations the voting stock of which is more than fifty percent (50%) owned directly or indirectly by a common owner or owners may, when necessary to accurately reflect income, be considered a single corporation.

(t) If compensation is paid in the form of a reasonable cash fee for the performance of management services directly for the United States government at the Idaho national engineering laboratory, separate accounting for that part of the business activity without regard to other activity of the taxpayer in the state of Idaho or elsewhere shall be required; provided that only that portion of general expenses clearly identifiable with Idaho business operations of that activity shall be allowed as a deduction.

CHAPTER 116
(H.B. No. 307)

AN ACT
RELATING TO THE CONSERVATION AND IMPROVEMENT OF LANDS IN THE STATE;
AMENDING CHAPTER 27, TITLE 22, IDAHO CODE, BY THE ADDITION OF NEW
SECTIONS 22-2728, 22-2729, 22-2730, 22-2731 AND 22-2732, IDAHO
CODE, TO PROVIDE FOR INSTITUTION OF CONSERVATION IMPROVEMENTS IN
THE PUBLIC INTEREST; TO PROVIDE FOR ADMINISTRATION OF CONSERVATION
IMPROVEMENTS BY SOIL CONSERVATION DISTRICTS AND THE STATE SOIL
CONSERVATION COMMISSION; TO ESTABLISH A RESOURCE CONSERVATION AND
RANGELAND DEVELOPMENT LOAN ACCOUNT; TO PROVIDE FOR ALLOCATION
OF FUNDS FROM THE ACCOUNT; AND TO PROVIDE AN APPLICATION PROCEDURE
AND REPAYMENT SCHEDULE FOR LOANS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 27, Title 22, Idaho Code, be, and the
same is hereby amended by the addition thereto of NEW SECTIONS, to be
known and designated as Sections 22-2728, 22-2729, 22-2730, 22-2731 and 22-2732, Idaho Code, and to read as follows:

22-2728. DECLARATION OF POLICY -- DESIGNATION OF SOIL CONSERV-
ATION DISTRICTS AND SOIL CONSERVATION COMMISSION. (a) The legis-
lature recognizes and finds:
(1) That it is essential to the general welfare of all citizens
of this state and it is in the public interest that multiple use
conservation improvements should be implemented on a broader scale
on both public and private lands in the state;
(2) That due to numerous economic and practical problems, relating
to the improvement of individual tracts of land both public and private, insufficient attention has been given to resource
conservation and improvement;
(3) That rangeland and other agricultural land improvement
projects of the nature contemplated by this act would enhance the
economic productivity and environmental quality of the state; and
(4) That it appears to be sound public policy for the state of Idaho to provide for a revolving account to provide loans to the end that rangelands and other agricultural lands within the state can be made to provide the greatest benefits to all concerned.

22-2729. ADDITIONAL POWERS. (a) In addition to the powers, functions, and duties of the soil conservation districts and state soil conservation commission previously provided for in this chapter, these districts and the commission shall have the following additional powers, functions, and duties:

the plan for development of the conservation improvements is satisfac-

return the application to the applicant and the district may make such
recommendations to the applicant as are considered necessary to make
the plan satisfactory. If the district determines the plan is satis-

(4) That the loan will not result in a condition whereby the applicant has a loan liability in excess of fifty thousand dollars ($50,000) pursuant to this act.

(d) If the commission approves a loan, the commission and applicant shall enter into an agreement for repayment to the account of money loaned therefrom, together with interest not to exceed six percent (6%) annually as determined by the commission. Upon the cancellation or loss of a franchise to sell new motor vehicles and the relicensing of such dealer as a used motor vehicle dealer, such dealer may continue in the business for which a motor vehicle dealer is licensed for a time, not exceeding six (6) months from the date of relicensing of such dealer, to enable such dealer to dispose of the stock of new motor vehicles which he had on hand at the time of such relicensing, but not otherwise.

SECTION 16. That Section 49-2414, Idaho Code, be, and the same is hereby amended to read as follows:

49-2414. UNLAWFUL ACTS BY LICENSEE. (1) It shall be unlawful and a violation of this act for the holder of any license issued under the terms and provisions hereof:

(1a) To intentionally publish or circulate any advertising which is misleading or inaccurate in any material particular or which misrepresents any of the products sold or furnished by a licensed dealer.
(2b) To violate any of the terms and provisions of this act or any of the rules and regulations promulgated by the director department under the authority herein conferred upon him.

(3c) To knowingly purchase, sell or otherwise acquire or dispose of a stolen motor vehicle.

(4d) To violate any law of the state respecting commerce in motor vehicles or any lawful rule or regulation respecting commerce in motor vehicles promulgated by any licensing or regulating authority now existing or hereafter created by the laws of the state.

(5e) For any licensed dealer to engage in the business for which such dealer is licensed without at all times maintaining a principal place of business as required by this act.

(6f) For any licensee to engage in a type of business respecting the selling or exchanging of new or new and used motor vehicles, or new or new and used motorcycles or motor scooters, or new and used mobile homes, or new and used travel trailers, or new and used motor homes for which he is not licensed.

(g) To knowingly purchase a vehicle which has an altered or removed vehicle identification number plate or to alter or remove a vehicle identification number plate, as provided in section 49-1128, Idaho Code.

(h) To violate any provision of the Idaho motor vehicle title act or any rules and regulations promulgated for chapter 4, title 49, Idaho Code, or chapter 6, title 48, Idaho Code.

(i) To violate any provision of the federal motor vehicle safety standards.

(j) To display for sale, exchange, or sell any vehicle for which the vehicle dealer does not hold title.

(2f) It shall be unlawful and a violation of this act, for a manufacturer of motor vehicles, distributor, distributor branch or factory branch or other representative thereof to either induce or attempt to induce by means of coercion, intimidation, or discrimination any motor vehicle dealer:

(a) To accept delivery of any motor vehicle or vehicles; parts; or accessories therefor; or any other commodity or commodities; including advertised material which shall not have been ordered by said motor vehicle dealer;

(b) To order or accept delivery of any motor vehicle with special features; appliances; accessories; or equipment not included in the list price of said motor vehicles as publicly advertised by the manufacturer thereof;

(c) To order from any person, firm, association, corporation or trust; any parts; accessories; equipment; machinery; tools; appliances; or any commodity whatsoever;

(d) To enter into any agreement with such manufacturer, distributor, distributor branch or factory branch, or other representative thereof, or to do any other act unfair to said dealer by threatening to cancel any franchise or contractual agreement existing between such manufacturer, distributor, distributor branch or factory branch and said dealer;

(e) To refuse to deliver to any motor vehicle dealer having a franchise or contractual arrangement for the retail sale of new
and unused motor vehicles sold or distributed by said manufacturer, distributor, distributor branch or factory branch, any such motor vehicle, publicity advertised for immediate delivery within sixty (60) days after such dealers order shall have been received: (f) To unfairly without due regard to the equities of said dealer and without just provocation cancel a franchise of any motor vehicle dealer. The nonrenewal of a franchise or selling agreement without just provocation or cause shall be deemed an evasion of this paragraph and shall constitute an unfair cancellation. In determining whether good cause has been established for modifying, replacing, terminating or refusing to continue a franchise it shall be taken into consideration the existing circumstances including but not limited to:

1. Amount of business transacted by the franchisee as compared to the business available to the franchisee;
2. Investment necessity made and obligations incurred by the franchisee to perform its part of the franchise;
3. Permanency of the investment;
4. Whether it is injurious or beneficial to the public welfare for the franchise to be modified or replaced or the business of the franchisee disrupted;
5. Whether the franchisee has adequate motor vehicle sales and service facilities, equipment, vehicle parts, and qualified service personnel to reasonably provide for the needs of the consumers for the motor vehicles handled by the franchisee and has been and is rendering adequate services to the public;
6. Whether the franchisee fails to fulfill the warranty obligations of the franchisee to be performed by the franchisee;
7. Extent of the franchisee's failure to comply with the terms of the franchise;

{(B)-(a) No manufacturer of motor vehicles, distributor, distributor branch or factory branch or other representative thereof shall induce or coerce or attempt to induce or coerce any retail dealer or prospective retail dealer in this state to sell, assign or transfer any retail installment sales contract obtained by such dealer in connection with the sale by him in this state of a vehicle manufactured or sold by such manufacturer of motor vehicles, distributor, distributor branch or factory branch to a specified sales finance company or class of such companies or to any other specified person by any of the accounts or means hereinafter set forth, namely:

1. By any statement, suggestion, promise or threat that such manufacturer, distributor, distributor branch, factory branch or representative thereof will in any manner benefit or injure such dealer, whether such statement, suggestion, threat or promise is express or implied or made directly or indirectly;
2. By any act that will benefit or injure such dealer;
3. By any contract, or any express or implied offer of contract, made directly or indirectly to such dealer, for han-
(b) Any statements, threats, promises, acts, contracts or offers of contracts, set forth in paragraph (a) of this subsection are declared unfair trade practices and unfair competition and against the policies of this state and are unlawful and are prohibited.

(2) It shall be a violation of the provisions of this act for any manufacturer licensed under this act to require, attempt to require, coerce, or attempt to coerce, any new vehicle dealer in this state:

(a) To order or accept delivery of any new vehicle, part or accessory thereof, equipment or any other commodity not required by law which shall not have been voluntarily ordered by the new vehicle dealer; except that this subsection is not intended to modify or supersede any terms or provisions of the franchise requiring new vehicle dealers to market a representative line of those vehicles which the manufacturer or distributor is publicly advertising.

(b) To order or accept delivery of any new vehicle with special features, accessories or equipment not included in the list price of such vehicles as publicly advertised by the manufacturer or distributor.

(c) To participate monetarily in an advertising campaign or contest, or to purchase any promotional materials, training materials, showroom or other display decorations or materials at the expense of the new vehicle dealer.

(d) To enter into any agreement with the manufacturer or to do any other act prejudicial to the new vehicle dealer by threatening to terminate or cancel a franchise or any contractual agreement existing between the dealer and the manufacturer; except that this subsection is not intended to preclude the manufacturer or distributor from insisting on compliance with the reasonable terms or provisions of the franchise or other contractual agreement, and notice in good faith to any new vehicle dealer of the new vehicle dealer’s violation of such terms or provisions shall not constitute a violation of the provisions of this act.

(e) To change the capital structure of the new vehicle dealer or the means by or through which the new vehicle dealer finances the operation of the dealership; provided that the new vehicle dealer at all times meets any reasonable capital standards determined by the manufacturer in accordance with uniformly applied criteria; and also provided, that no change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor; said consent shall not be unreasonably withheld.

(f) To refrain from participation in the management of, investment in, or the acquisition of any other line of new vehicle or related products; provided, however, that this subsection does not apply unless the new vehicle dealer maintains a reasonable line of credit for each make or line of new vehicle, the new vehicle

dealer remains in compliance with any reasonable facilities
requirements of the manufacturer, and no change is made in the
principal management of the new vehicle dealer.

(g) To prospectively assent to a release, assignment, novation,
waiver or estoppel which would relieve any person from liability
to be imposed by this law or to require any controversy between a
new vehicle dealer and a manufacturer, distributor, or representa­
tives, to be referred to any person other than the duly consti­
tuted courts of the state or the United States, or to the direc­tor, if such referral would be binding upon the new vehicle
dealer.

(h) To either establish or maintain exclusive facilities, per­
sonnel, or display space.

(i) To expand facilities without a written guarantee of a suffi­
cient supply of new vehicles so as to justify such an expansion,
in light of the market and economic conditions.

(j) To make significant modifications to an existing dealership
or to construct a new vehicle dealership facility without provid­
ing a written guarantee of a sufficient supply of new vehicles so
as to justify such modification or construction, in light of the
market and economic conditions.

(3) It shall be a violation of the provisions of this act for any
manufacturer licensed under this act:

(a) To delay, refuse, or fail to deliver new vehicles or new
vehicle parts or accessories in a reasonable time, and in reason­
able quantity relative to the new vehicle dealer's facilities and
sales potential in the new vehicle dealer's relevant market area,
after acceptance of an order from a new vehicle dealer having a
franchise for the retail sale of any new vehicle sold or distrib­
uted by the manufacturer, any new vehicle, parts or accessories to
new vehicles as are covered by such franchise, if such vehicle,
parts, or accessories are publicly advertised as being available
for delivery or actually being delivered. These provisions are not
violated, however, if such failure is caused by acts or causes
beyond the control of the manufacturer.

(b) To refuse to disclose to any new vehicle dealer handling the
same line make, the manner and mode of distribution of that line
make within the relevant market area.

(c) To obtain money, goods, service, or any other benefit from
any other person with whom the new vehicle dealer does business,
on account of, or in relation to, the transaction between the new
vehicle dealer and such other person, other than for compensation
for services rendered, unless such benefit is promptly accounted
for, and transmitted to, the new vehicle dealer.

(d) To increase prices of new vehicles which the new vehicle
dealer had ordered for consumers prior to the new vehicle dealer's
receipt of the written official price increase notification. A
sales contract signed by a consumer shall constitute evidence of
each such order, provided that the vehicle is in fact delivered to
that customer. In the event of manufacturer price reductions or
cash rebates paid to the new vehicle dealer, the amount of any
such reduction or rebate received by a new vehicle dealer shall be
passed on to the private retail consumer by the new vehicle dealer. Price reductions shall apply to all vehicles in the dealer’s inventory which were subject to the price reduction. Price differences applicable to new model or series shall not be considered a price increase or price decrease. Price changes caused by either:

1. The addition to a vehicle of required or optional equipment; or
2. Revaluation of the United States dollar, in the case of foreign-make vehicles or components; or
3. An increase in transportation charges due to increased rates imposed by a carrier shall not be subject to the provisions of this subsection.

(e) To release to any outside party, except under subpoena or as otherwise required by law or in an administrative, judicial or arbitration proceeding involving the manufacturer or new vehicle dealer, any business, financial, or personal information which may be provided from time to time by the new vehicle dealer to the manufacturer without the express written consent of the new vehicle dealer.

(f) To deny any new vehicle dealer the right of free association with any other new vehicle dealer for any lawful purpose.

(g) To unfairly compete with a new vehicle dealer in the same line make, operating under an agreement or franchise from the aforementioned manufacturer, in the relevant market area. A manufacturer shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of such dealership on reasonable terms and conditions.

(h) To unfairly discriminate among its new vehicle dealers with respect to warranty reimbursement.

(i) To unreasonably withhold consent to the sale, transfer, or exchange of the franchise to a qualified buyer capable of being licensed as a new vehicle dealer in this state.

(j) To fail to respond in writing to a request for consent as specified in subsection (i) of this section within sixty (60) days of receipt of a written request on the forms, if any, generally utilized by the manufacturer or distributor for such purposes and containing the information required therein. Such failure to respond shall be deemed to be consent to the request.

(k) To prevent or attempt to prevent, by contract or otherwise, any new vehicle dealer from changing the executive management control of the new vehicle dealer unless the manufacturer, having the burden of proof, can show that such change of executive management will result in executive management or control by a person or persons who are not of good moral character or who do not meet reasonable, preexisting and, with consideration given to the volume of sales and service of the dealership, uniformly applied
minimum business experience standards; provided, however, that where the manufacturer rejects a proposed change in executive management control, the manufacturer shall give written notice of his reasons to the dealer within sixty (60) days of notice to the manufacturer by the dealer of the proposed change; otherwise, the change in the executive management of the new vehicle dealer shall be presumptively deemed approved.

(1) To terminate, cancel or fail to renew any franchise solely because of the death or incapacity of an owner who is not listed in the franchise as one on whose expertise and abilities the manufacturer relied in the granting of the franchise.

(m) To prevent or attempt to prevent the new vehicle dealer, by written instrument or otherwise, from either receiving the fair market value of the dealership in a sale transaction, or from transferring the new vehicle dealership to a spouse or legal heir, as specified in this act.

(n) To engage in any predatory practice or discrimination against any new vehicle dealer.

(o) To resort to or to use any false or misleading advertisement in the conducting of his business as a manufacturer or distributor in this state.

(p) To make any false or misleading statement, either directly or through any agent or employee, in order to induce any new vehicle dealer to enter into any agreement or franchise, or to take any action which is prejudicial to that new vehicle dealer or his business.

(q) It is unlawful for any manufacturer or any officer, agent or representative to coerce, or attempt to coerce, any new vehicle dealer in this state to sell, assign or transfer any retail installment sales contract, obtained by such dealer in connection with the sale by him in this state of new vehicles, manufactured or sold by such manufacturer, to a specified finance company or class of such companies, or to any other specified person, by any of the acts or means hereinafter set forth, namely:

1. By any statement, suggestion, promise or threat that such manufacturer will, in any manner, benefit or injure such new vehicle dealer, whether such statement, suggestion, threat or promise is express or implied or made directly or indirectly.

2. By any act that will benefit or injure such new vehicle dealer.

3. By any contract, or any express or implied offer of contract, made directly or indirectly to such new vehicle dealer for handling such new vehicles, on the condition that such new vehicle dealer sell, assign or transfer his retail installment sales contract thereon, in this state, to a specified finance company or class of such companies, or to any other specified person.

4. By any express or implied statement or representation made directly or indirectly that such new vehicle dealer is under any obligation whatsoever to sell, assign or transfer any of his retail sales contracts, in this state, on new vehicles manufactured or sold by such manufacturer to such
Any such statement, threats, promises, acts, contracts or offers of contracts, when the effect thereof may be to lessen or eliminate competition or tend to create a monopoly, are declared unfair trade practices and unfair methods of competition, and against the policy of this state, are unlawful and are hereby prohibited.

(5) It shall be illegal for any manufacturer or agent or employee of a manufacturer to use a written instrument, agreement, or waiver to attempt to nullify any of the provisions of this section, and such agreement, written instrument or waiver shall be null and void.

(6) It shall be unlawful, directly or indirectly, to impose unreasonable restrictions on the new vehicle dealer relative to the sale, transfer, right to renew, termination discipline, noncompetition covenants, site control (whether by sublease, collateral pledge of lease, or otherwise), right of first refusal to purchase, option to purchase, compliance with subjective standards and assertion of legal or equitable rights.

(7) The provisions of this act shall apply to all written franchise agreements between a manufacturer and a new vehicle dealer, including but not limited to, the franchise offering, the franchise agreement, sales of goods, services or advertising, leases or mortgages of real or personal property, promises to pay, security interests, pledges, insurance contract, advertising contract, construction or installation contract, servicing contracts and all other agreements where the manufacturer has any direct or indirect interest.

(8) As used in this section "manufacturer" shall include a manufacturer, a distributor, a factory branch, distributor branch or other representative thereof.

SECTION 17. That Chapter 24, Title 49, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 49-2415, Idaho Code, and to read as follows:

49-2415. TERMINATION, CANCELLATION OR NONRENEWAL. (1) Notwithstanding the terms, provisions or conditions of any franchise, or notwithstanding the terms or provisions of any waiver, no manufacturer shall cancel, terminate or fail to renew any franchise with a licensed licensee unless the manufacturer has:
   (a) Satisfied the notice requirement of subsection (2) of this section; and
   (b) Has good cause for cancellation, termination or nonrenewal.

(2) Notwithstanding the terms, provisions or conditions of any franchise prior to the termination, cancellation or nonrenewal of any franchise:
   (a) The manufacturer shall furnish notification of such termination, cancellation or nonrenewal to the department and the licensee as follows:
      1. In the manner described in paragraph (b) of this subsec-
tion; and
2. Not less than ninety (90) days prior to the effective date of such termination, cancellation or nonrenewal; or
3. Not less than fifteen (15) days prior to the effective date of such termination, cancellation or nonrenewal with respect to any of the following:
   (i) Insolvency of the licensee, or filing of any petition by or against the licensee under any bankruptcy or receivership law;
   (ii) Failure of the licensee to conduct its customary sales and service operations during its customary business hours for seven (7) consecutive business days, except for acts of God or circumstances beyond the direct control of the licensee;
   (iii) Conviction of the licensee, or any owner or operator thereof, resulting in imprisonment in excess of thirty (30) days;
   (iv) Revocation of any license which the licensee is required to have to operate a dealership; and
4. Not less than one hundred eighty (180) days prior to the effective date of such termination or cancellation, where the manufacturer is discontinuing the sale of the product line.

(b) Notification under this section shall be in writing; shall be by certified mail or personally delivered to the licensee; and shall contain:
1. A statement of intention to terminate, cancel or not to renew the franchise; and
2. A statement of the reasons for the termination, cancellation or nonrenewal; and
3. The date on which such termination, cancellation or nonrenewal takes effect.

(3) Notwithstanding the terms, provisions or conditions of any franchise, or the terms or provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation or nonrenewal when:

(a) There is a failure by the licensee to comply with a provision of the franchise, which provision is both reasonable and of material significance to the franchise relationship, provided that the dealer has been notified in writing of the failure within one hundred eighty (180) days prior to termination, cancellation or nonrenewal.

(b) If the failure by the licensee, defined in paragraph (a) of this subsection, relates to the performance of the licensee in sales or service, then good cause shall be defined as the failure of the licensee to comply with reasonable performance criteria established by the manufacturer if the licensee was apprised by the manufacturer in writing, of such failure; and
1. Said notification stated that notice was provided of failure of performance pursuant to this section.
2. The licensee was afforded a reasonable opportunity, for a period of not less than six (6) months, to comply with such criteria; and
3. The licensee did not demonstrate substantial compliance with the performance criteria of the manufacturer during such period.

(4) Within twenty (20) days of receiving such notice or within twenty (20) days after the end of any appeal procedure provided by the manufacturer, the dealer may file with the department to protest the termination. When such a protest is filed, the department shall inform the manufacturer that a timely protest has been filed. The manufacturer shall have twenty (20) days to respond to the protest. The manufacturer shall not terminate or nonrenew the dealer until the department has held a hearing, nor thereafter, if the department has determined that there is good cause for not permitting the termination.

(5) The department will select a hearing examiner to conduct a hearing and render proposed findings of fact. The proposed findings of fact shall be conclusive unless clearly erroneous and unsupported by the record. The hearing shall be conducted and the department shall render its final determination within one hundred twenty (120) days after the manufacturer responds to the licensee's protest. Unless waived by the parties, failure to do so shall be deemed the equivalent of a determination that good cause does exist for termination, unless such delay is caused by acts of the manufacturer.

(6) All costs of the department, including but not limited to, the cost of the hearing examiner and the cost of preparing the record, shall be borne equally by the parties. The department may, in its discretion, award costs to the prevailing party in any hearing held pursuant to this chapter.

(7) The manufacturer shall have the burden of proof under this section.

(8) Upon the termination, nonrenewal or cancellation of any franchise by the manufacturer pursuant to this section, the licensee shall be allowed fair and reasonable compensation by the manufacturer for the:

(a) New vehicle inventory which has been acquired from the manufacturer;
(b) Supplies and parts which have been acquired from the manufacturer;
(c) Equipment and furnishings, provided the licensee purchased from the manufacturer or its approved sources; and
(d) Special tools.

(9) Such fair and reasonable compensation for the above shall be paid by the manufacturer within ninety (90) days of the tender of the property, provided the licensee has clear title to the inventory and other items and is in a position to convey that title to the manufacturer.

(10) In the event of a termination, cancellation or nonrenewal by the manufacturer under this section; except termination, cancellation or nonrenewal by the manufacturer for insolvency, license revocation, conviction of a crime or fraud by a new vehicle owner, the manufacturer shall pay:

(a) A sum equivalent to rent of the unexpired term of the lease or one (1) year rent, whichever is less, if the motor vehicle dealer is leasing its motor vehicle dealership facility from a
lesser other than manufacturers or distributors; or
(b) A sum equivalent to reasonable rental value of the dealership facility for one (1) year or the reasonable rental value of the facility until facilities are leased, whichever is less, if the motor vehicle dealer owns the motor vehicle dealer facility.
(11) The rental payment required under subsection (10) of this section is only required to the extent that the facilities were used for the sale and service of the manufacturer's or distributor's product, and only to the extent they are not leased for other purposes. Payment under subsection (10) of this section shall entitle the manufacturers or distributors to possession and use of the facility.
(12) As used in this section, "manufacturer" shall include a manufacturer, a distributor, a factory branch, distributor branch or other representative thereof.

SECTION 18. That Chapter 24, Title 49, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 49-2416, Idaho Code, and to read as follows:

49-2416. SUCCESSION TO OWNERSHIP. Notwithstanding the terms, provisions or conditions of any franchise:
(1) Any owner of a licensee may appoint by will, or any other written instrument, a designated family member to succeed in the ownership interest of the said owner in the new vehicle dealer.
(2) Unless there exists good cause for refusal to honor succession on the part of the manufacturer, any designated family member of a deceased or incapacitated owner of a new vehicle dealer may succeed to the ownership of the new vehicle under the existing franchise, provided that:
(a) The designated family member gives the manufacturer written notice of his or her intention to succeed to the ownership of the new vehicle dealer within one hundred twenty (120) days of the owner's death or incapacity; and
(b) The designated family member agrees to be bound by all the terms and conditions of the franchise.
(3) The manufacturer may request, and the designated family member shall provide, promptly upon said request, personal and financial data that is reasonably necessary to determine whether the succession should be honored.
(4) If a manufacturer believes that good cause exists for refusing to honor the succession to the ownership of a new vehicle dealer by a family member of a deceased or incapacitated owner of a new vehicle dealer under the existing franchise agreement, the manufacturer may, not more than sixty (60) days following receipt of:
(a) Notice of the designated family member's intent to succeed to the ownership of the new vehicle dealer; or
(b) Any personal or financial data which it has requested, serve upon the designated family member and the department, notice of its refusal to honor the succession and of its intent to discontinue the existing franchise with the dealer no sooner than ninety (90) days from the date such notice is served.
(5) The notice must state the specific grounds for the refusal to honor the succession and of its intent to discontinue the existing franchise with the new vehicle dealer no sooner than ninety (90) days from the date such notice is served.

(6) If notice of refusal and discontinuance is not timely served upon the family member, the franchise shall continue in effect subject to termination only as otherwise permitted under this act.

(7) Within twenty (20) days of receiving such notice after the end of any appeal procedure provided by the manufacturer the designated family member may file with the department to protest the refusal to honor the successor. When such a protest is filed, the department shall inform the manufacturer that a timely protest has been filed and the manufacturer shall have twenty (20) days to respond to the protest. The manufacturer shall not terminate or discontinue the existing franchise until the department has held a hearing, nor thereafter, if the department has determined that there is good cause for not permitting the succession.

(8) In determining whether good cause for the refusal to honor the succession exists, the manufacturer, or importer, has the burden of proving that the successor is a person who is not of good moral character or does not meet the franchisor's existing and reasonable standards and, considering the volume of sales and service of the new vehicle dealer, uniformly applied minimum business experience standards in the market area.

(9) The department shall conduct a hearing under the procedures set forth in subsections (5) and (6) of section 49-2415, Idaho Code.

(10) The manufacturer shall have the burden of proof under this section.

(11) This act does not preclude the owner of a new vehicle dealer from designating any person as his successor by written instrument filed with the manufacturer and, in the event there is a conflict between such written instrument and the provisions of this section, and that written instrument has not been revoked by the owner of the new dealer, in writing, to the manufacturer, then the written instrument shall govern.

(12) As used in this section, "manufacturer" shall include a manufacturer, a distributor, a factory branch, distributor branch or other representative thereof.

SECTION 19. That Chapter 24, Title 49, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 49-2417, Idaho Code, and to read as follows:

49-2417. LIMITATIONS ON ESTABLISHING OR RELOCATING DEALERS. (1) In the event that a manufacturer seeks to enter into a franchise establishing an additional licensee or relocating an existing licensee within a radius of ten (10) miles from where the same line make is then represented, the manufacturer shall, in writing, first notify the department and each licensee in such line make in the county of the intention to establish an additional dealer or to relocate an existing dealer within the ten (10) mile radius. Within twenty (20) days of
receiving such notice or within twenty (20) days after the end of any appeal procedure provided by the manufacturer, any such licensee may file with the department to protest the establishing or relocating of the licensee. When such a protest is filed, the department shall inform the manufacturer that a timely protest has been filed, and the manufacturer shall have twenty (20) days to respond to the protest. The manufacturer shall not establish or relocate the proposed licensee until the department has held a hearing, nor thereafter, if the department has determined that there is good cause for not permitting the addition or relocation of such licensee.

(2) This section does not apply:
(a) to the relocation of an existing dealer within that dealer's relevant market area, provided that the relocation not be at a site within seven (7) miles of a licensed licensee for the same line maker of vehicle; or
(b) if the proposed licensee is to be established at or within two (2) miles of a location at which a former licensed licensee for the same line make of new vehicle had ceased operating within the previous two (2) years.

(3) In determining whether good cause has been established for not entering into or relocating an additional licensee for the same line make, the department shall take into consideration the existing circumstances including, but not limited to:
(a) Permanency of the investment of both the existing and proposed licensees;
(b) Growth or decline in population and new car registrations in the relevant market area;
(c) Effect on the consuming public in the relevant market area;
(d) Whether it is injurious or beneficial to the public welfare for an additional licensee to be established;
(e) Whether the licensees of the same line make in that relevant market area are providing adequate competition and convenient customer care for the vehicles of the line make in the market area, which shall include the adequacy of vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel;
(f) Whether the establishment of an additional licensee would increase competition and, therefore, be in the public interest.

(4) The department shall conduct a hearing under the procedures set forth in subsections (5) and (6) of section 49-2415, Idaho Code.

(5) As used in this section "manufacturer" shall include a manufacturer, a distributor, a factory branch, distributor branch or other representative thereof.

SECTION 20. That Chapter 24, Title 49, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 49-2418, Idaho Code, and to read as follows:

49-2418. DENIAL OR REVOCATION OF LICENSE REQUIRES HEARING. (1) Before the department shall refuse to issue to any applicant therefor any license or licenses provided for under the terms of this act, and
before revoking or suspending any license issued by it hereunder, it shall give such applicant or licensee, as the case may be, written notice of the action which the department contemplates taking with respect to such application or license, which shall provide that on or before a day certain, not less than twenty (20) days from the date on which such written notice shall be served, such applicant or licensee shall show cause, if any he has, in writing, duly verified and filed with the department, why such contemplated action should not be taken. Upon the receipt of such written showing, the department shall fix a day certain, not less than fifteen (15) days nor more than thirty (30) days from the date on which it received said written showing, when it will hear evidence and argument in support thereof, and shall give written notice of the date and place of hearing to the applicant or licensee, as hereinafter provided, not less than ten (10) days prior to the date fixed for such hearing. All hearings shall be held in Ada County, Idaho. A record or tape or other recording device of all proceedings had at the hearing shall be made and thereafter preserved, pending final disposition of the matter.

(2) The notice to the applicant or licensee that the department contemplates refusing to issue the license applied for or that it contemplates revoking or suspending a license duly issued by it, shall have attached thereto a complete statement or facts upon which the department bases its contemplated action, duly signed. In any proceeding under this section, the department shall have the burden of proving that the applicant is not qualified, or that the licensee has violated a provision of this act or a rule or regulation of the department as the case may be.

(3) The notices herein provided to be given to an applicant for a license, or a licensee, shall be served by the department or its employees, delivering such notice to the applicant or licensee personally, or by the department mailing such notice by registered mail:

(a) To the applicant for a license at the residence address given in his application for license;
(b) To a licensed vehicle dealer or used vehicle dealer at the last known address of the principal place of business of such dealer; and
(c) To a licensed salesperson at his last known residence address. The date on which such notice shall be deemed to have been served for purposes of computing time, as provided in this act, shall be the date on which such notice is delivered to the applicant or licensee personally, if served by delivery as provided herein, or the date on which such notice is mailed, if service thereof is by mailing.

(4) The director, or his designee, shall preside at all hearings. The department shall request the attendance of the advisory board at such hearings. At the conclusion of the hearing, the hearing officer shall make written findings of fact and recommendations to the director. The findings of fact shall be conclusive unless clearly erroneous and unsupported by the record.

SECTION 21. That Chapter 24, Title 49, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be

Section 1. That chapter 53, title 19, Idaho Code, be, and the same is hereby amended by the addition thereto of a new section, to be known and designated as section 19-5304, Idaho Code, and to read as follows:

19-5304. Restitution for crime victims -- orders to be separate when restitution is not appropriate -- other remedies -- evidentiary hearings -- definitions. (1) As used in this chapter:

(a) "Economic loss" includes, but is not limited to, the value of property taken, destroyed, broken, or otherwise harmed, lost wages, and direct out-of-pocket losses or expenses, such as medical expenses resulting from the criminal conduct, but does not
include less tangible damage such as pain and suffering, wrongful death or emotional distress.

(b) "Found guilty of any crime" shall mean a finding by a court that a defendant has committed a criminal act and shall include an entry of a plea of guilty, an order withholding judgment, suspending sentence, or entry of judgment of conviction for a misdemeanor or felony.

(c) "Value" shall be as defined in section 18-2024(11), Idaho Code.

(d) "Property" shall be as defined in section 18-2402(8), Idaho Code.

(e) "Victim" shall mean a person or entity, named in the complaint, information or indictment, who suffers economic loss or injury as the result of the defendant's criminal conduct and shall also include the immediate family of a minor and the immediate family of the actual victim in homicide cases.

(2) Unless the court determines that an order of restitution would be inappropriate or undesirable, it shall order a defendant found guilty of any crime which results in an economic loss to the victim to make restitution to the victim. An order of restitution shall be a separate written order in addition to any other sentence the court may impose, including incarceration, and may be complete, partial, or nominal. Restitution shall be ordered for any economic loss which the victim actually suffers. The existence of a policy of insurance covering the victim's loss shall not absolve the defendant of the obligation to pay restitution.

(3) If the court determines that restitution is inappropriate or undesirable or if only partial or nominal restitution is ordered, it shall enter an order articulating the reasons therefor on the record.

(4) An order of restitution shall be for an amount certain, to be paid at a time certain and may provide for interest thereon at a reasonable rate to be established by the court.

(5) The court may order the defendant to pay restitution to the victim in any case, regardless of whether the defendant is incarcerated or placed on probation.

(6) Restitution orders shall be entered by the court at the time of sentencing or such later date as deemed necessary by the court. Economic loss shall be based upon the preponderance of evidence submitted to the court by the prosecutor, defendant, victim or presentence investigator. Each party shall have the right to present such evidence as may be relevant to the issue of restitution, and the court may consider such hearsay as may be contained in the presentence report, victim impact statement or otherwise provided to the court.

(7) The court, in determining whether to order restitution and the amount of such restitution, shall consider the amount of economic loss sustained by the victim as a result of the offense, the financial resources, needs and earning ability of the defendant, and such other factors as the court deems appropriate. The immediate inability to pay restitution by a defendant shall not be, in and of itself, a reason to not order restitution.

(8) In determining restitution, where it appears that more than one (1) person is responsible for a crime that results in economic
loss to a victim, and one or more of the suspects or defendants are not found, apprehended, charged, convicted or ordered to pay restitution, the court may require the remaining defendant or defendants, who are convicted of or plead guilty to the crime, to be joint and severally responsible for the entire economic loss to the victim.

(9) The court may, with the consent of the parties, order restitution to victims for economic loss or injury for crimes in cases or counts of criminal complaints which are not adjudicated or to victims who are not before the court.

(10) A defendant, against whom a restitution order has been entered, may, within forty-two (42) days of the entry of the order of restitution, request relief from the restitution order in accordance with the Idaho rules of civil procedure relating to relief from final orders.

(11) An order of restitution shall not preclude the victim from seeking any other legal remedy.

(12) Every presentence report shall include a full statement of economic loss suffered by the victim or victims of the defendant's crime or crimes.

SECTION 2. That Chapter 53, Title 19, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 19-5305, Idaho Code, and to read as follows:

19-5305. COLLECTION OF JUDGMENTS. After forty-two (42) days from the entry of the order of restitution or at the conclusion of a hearing to reconsider an order of restitution, whichever occurs later, an order of restitution may be recorded as a judgment and the victim may execute as provided by law for civil judgments.

SECTION 3. That Chapter 53, Title 19, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 19-5306, Idaho Code, and to read as follows:

19-5306. RIGHTS OF VICTIM DURING INVESTIGATION AND PROSECUTION OF THE CRIME. (1) Upon request, each victim of a felony offense shall be: (a) Assured the expeditious return of any stolen or other personal property by law enforcement agencies when no longer needed as evidence; (b) Consulted by the presentence investigator during preparation of the presentence report and have included in that report a statement of the impact which the defendant's criminal conduct has had upon the victim; (c) Afforded the opportunity to address under oath, the court at sentencing; (d) Informed of the disposition of the case against the defendant, including any appeal; (e) Notified by the commission for pardons and parole of relevant parole or commutation hearings, and be afforded the opportunity to present information to the commission, either in person or in
writing;

(f) Notified whenever the defendant or suspect is released or escapes from custody. When release is ordered prior to final conviction, notice to the victim shall be given by the law enforcement authority from whose custody the defendant was released. When release is granted subsequent to a final conviction notice shall be given to the victim by the law enforcement authority from whose custody the defendant was released unless release is granted by the commission on pardons and parole in which case the commission shall notify the victim.

(2) Upon the filing of a felony complaint, the prosecuting attorney shall inform the victim of the various opportunities provided by this section. The victim may request any notice of opportunity to be heard provided by this section by giving a written request on a form provided by the prosecuting attorney to the clerk of the district court. The clerk thereafter shall notify the appropriate authorities of the victim’s requests. Notice thereafter shall be given to the victim at the address provided unless the victim subsequently provides a different address. The victim’s address shall be kept confidential by the court except for carrying out the provisions of this chapter.

(3) The provisions of this section shall apply equally to the immediate families of homicide victims or immediate families of victims of such youthful age or incapacity as precludes them from exercising these rights personally.

(4) Neither the failure of any state, county or municipal officer or employee to carry out the requirements of this section nor compliance with it shall subject the state or the officer or employee to liability in any civil action.

SECTION 4. That Section 19-5302, Idaho Code, be, and the same is hereby amended to read as follows:

19-5302. VICTIMS OF CRIME -- RESTITUTION PRIORITY. If a district court or a magistrate’s division orders a withheld judgment or probation and orders the defendant to pay restitution pursuant to Idaho criminal rule 39, the court shall order the defendant to pay such restitution to the party or parties injured by the defendant's action. There shall be a full restitution to such party or parties before the court may order any payment be made by the defendant to any governmental entity for any purpose.

SECTION 5. That Section 16-1814, Idaho Code, as enacted by Section 10, Chapter 81, Session Laws of 1984, be, and the same is hereby amended to read as follows:

Prior to the entry of an order disposing of the case, other than an order of discharge or dismissal, the court shall request and
shall receive a report containing the results of an inquiry into the home environment, past history, social, physical and mental condition of the child. The court shall not consider or review the report prior to the entry of an order of adjudication. Upon presentation and consideration of the report by the court, the court may proceed to the disposition of the case as follows:

1. Place the child on formal probation for a period not to exceed one (1) year from the date of the order;
2. Commit the child to a period of detention, pursuant to this act, for a period of time not to exceed thirty (30) days for each unlawful or criminal act the child is found to have committed, or where the child has been adjudicated as an habitual status offender. No child who is found to come within the purview of the act for the commission of a status offense shall be sentenced to detention in a jail facility unless such an adjudication has been made that the child is an habitual status offender;
3. Commit the child to detention and suspend the sentence on specific probationary conditions;
4. Order restitution to be paid by the child for any losses incurred by the victim of the unlawful act or crime;
5. When such a commitment order is entered, the child shall be transported to the facility designated by the department by the sheriff of the county where the child resides or is committed, or by appointed agent. Any order of commitment to the department shall be subject to review at least once every six (6) months. When committing a child to the department the court shall at once forward to the department a certified copy of the order of commitment;
6. Order the proceeding expanded or altered to include consideration of the cause pursuant to chapter 16, title 16, Idaho Code;
7. 8. Order medical care or psychological examination and treatment for the child;
9. Order such other terms, conditions, care or treatment as appears to the court will best serve the interests of the child and the community.

(2) Unless the court determines that an order of restitution would be inappropriate or undesirable, it shall order the child to pay restitution to any victim who suffers an economic loss as a result of the child’s conduct in accordance with the standards and requirements of section 19-5304, Idaho Code.

prisoner, excepting any under sentence of death, may be allowed to go
upon parole but to remain while on parole in the legal custody and
under the control of the board and subject to be taken back into con-
finement at the direction of the commission; provided, however, that
no person serving a life sentence or serving a term of thirty (30) or
more years shall be eligible for release on parole until he has served
at least ten (10) years and no person serving a lesser sentence for
any of the following crimes; homicide in any degree, treason, rape
by force or threat of bodily harm, incest, crime against nature, commit-
ting a lewd act upon a child, robbery of any kind, kidnapping, bur-
glary when armed with a dangerous weapon, or with an attempt or
assault with intent to commit any of said crimes, or as an habitual
offender, shall be eligible for release on parole until said person
has served a period of five (5) years or one-third (1/3) of the sen-
tence, whichever is the least. The provisions of this section shall
affect only those persons who are sentenced on or after the first day
of July, 1980, and are not intended to repeal or amend sections

(b) No person serving a sentence for rape, incest, committing a
lewd act upon a child, crime against nature, or with an intent or an
assault with intent to commit any of the said crimes or whose history
and conduct indicate to the commission that he is a sexually dangerous
person, shall be released on parole except upon the examination and
evaluation of one or more psychiatrists or psychologists to be se-
lected by the commission and such evaluation shall be duly considered
by the commission in making its parole determination. The commission
may, in its discretion, likewise require a similar examination and
evaluation for persons serving sentences for crimes other than those
above enumerated. No psychiatrist or psychologist making such evalu-
ation shall be held financially responsible to any person for denial
of parole by the commission or for the results of the future acts of
such person if he be granted parole.

(c) Before considering the parole of any prisoner, the commission
shall afford the prisoner the opportunity to be interviewed. A parole
shall be ordered only for the best interests of society, not as a
reward of clemency and it shall not be considered to be a reduction of
sentence or a pardon. A prisoner shall be placed on parole only when
arrangements have been made for his employment or maintenance and
care, and when the commission believes the prisoner is able and will-
ing to fulfill the obligations of a law-abiding citizen. The commis-
sion may also by its rules, regulations, policies or procedures fix
the times and conditions under which any application denied may be
reconsidered.

(d) In making any parole or commutation decision with respect to
a prisoner, the commission shall consider the compliance of the pris-
oner with any order of restitution which may have been entered accord-
ing to section 19-5304, Idaho Code. The commission may make compliance with such an order of restitution a condition of parole.

SECTION 7. That Section 19-5302, Idaho Code, be, and the same is hereby amended to read as follows:

19-5302. COST OF MEDICAL EXAMS TO BE PAID BY LAW ENFORCEMENT AGENCY. When the victim of any crime is directed or authorized by a law enforcement agency to obtain a medical examination for the purpose of procuring evidence for use by a law enforcement agency in the investigation or prosecution of the crime, the expense incurred shall be paid by the law enforcement agency. The provisions of this section shall not be construed to require a law enforcement agency to bear the expense of any medical treatment of the victim.

SECTION 8. That Section 19-3008, Idaho Code, be, and the same is hereby amended to read as follows:

19-3008. FEES AND MILEAGE OF WITNESSES. When a person shall attend before a grand jury, or the district court, as a witness, upon a subpoena, or pursuant to an undertaking, such person shall receive the same rate per mile as the state of Idaho pays for state employees pursuant to section 67-2008, Idaho Code, but no person can receive more than one (1) mileage under this section at one time of the district per day of attendance in court; such person shall also receive eight dollars ($8.00) per day for each day's actual attendance as such witness and reasonable lodging expenses when approved in advance by the judge before whom the witness appears. Such mileage and per diem must be paid out of the county treasury of the county where such district court is held, upon the certificate of the clerk of said court: provided, however, that when a defendant in a criminal proceeding requires the attendance of more than five (5) witnesses in his behalf, before such witnesses shall be subpoenaed at the county's expense, or their fees and mileage be a charge against the county, such defendant must make affidavit setting forth that they are witnesses whose evidence is material to his defense, and that he cannot safely go to trial without them. In such case the court, or the judge thereof, at any time application is made therefor, shall order a subpoena to issue to such of said witnesses as the court, or the judge thereof, may deem material for the defendant, and the costs incurred by the process and the fees and mileage of such witnesses shall be paid in the same manner that the costs and fees of other witnesses are paid.

SECTION 9. This act shall be in full force and effect on October 1, 1985, and shall apply to persons against whom a criminal complaint or juvenile petition is filed on or after October 1, 1985.

RELATING TO SURFACE MINING PERFORMANCE BONDS; AMENDING SECTION
47-1512, IDAHO CODE, TO PROVIDE FOR A BOND IN AN AMOUNT SET BY THE
BOARD TO BE THE ESTIMATED REASONABLE COSTS OF RECLAMATION PLUS TEN
PERCENT OF COSTS; AND AMENDING SECTION 47-1513, IDAHO CODE, TO
PROVIDE ADDITIONAL REMEDIES IN THE EVENT OF AN OPERATOR'S FAILURE
TO COMPLY WITH RECLAMATION REQUIREMENTS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 47-1512, Idaho Code, be, and the same is
hereby amended to read as follows:

47-1512. PERFORMANCE BOND -- REQUISITES. (a) Prior to conducting
any surface mining operations on a mine panel covered by an approved
reclamation plan, an operator shall submit to the board a bond meeting
the requirements of this section. The penalty of the initial bond
filed prior to conducting any surface mining operations on a mine
panel shall be in the amount necessary to insure the performance of
the duties of the operator under this act an amount determined by the
board to be the estimated reasonable costs of reclamation required in
this chapter, in the event of failure to reclaim by an operator, of
affected lands proposed to be mined during the next calendar year plus
ten percent (10%) of such costs as to the acreage of affected land
designated by the operator pursuant to section 47-1506(a)(1)(vi),
Idaho Code, and subsection (b) of this section, but in no event shall
any bond submitted pursuant to this act exceed seven-hundred-fifty
eighteen hundred dollars ($750,180) for any given acre of such
affected land. The determination of the bond amount shall constitute a
final decision subject to judicial review as set forth in subsection
(a) of section 47-1514, Idaho Code. In lieu of any bond required here­
under, the operator may deposit cash and governmental securities with
the board, in an amount equal to that of the required bond, on the
conditions as prescribed in this section.

(b) Prior to the time that lands designated to become affected
lands on a mine panel, in addition to those designated pursuant to
section 47-1506(a)(1)(vi), Idaho Code, become affected land, the oper­
ator shall submit to the board a bond as to such lands meeting the
requirements of section 47-1512(c), Idaho Code, and the penalty of
such bond shall be in the amount necessary to insure the performance
of the duties of the operator under this act as to such affected
lands; but actually proposed to be mined within the next calendar
year. If additional acreage is subsequently proposed to be mined by an
operator, the penalty of such bond shall be in an amount determined by
the board to be the estimated reasonable costs of reclamation required
by this chapter, in the event of failure to reclaim by an operator, of
affected lands proposed to be mined during the next calendar year plus
ten percent (10%) of such costs. Provided that in no event shall such
Any bond submitted pursuant to this act shall not exceed seventeen hundred fifty dollars ($1,750) for any given acre of such affected land.

Any bond required under this act to be filed with the board shall be in such form as the board prescribes, payable to the state of Idaho, conditioned that the operator shall faithfully perform all requirements of this act and comply with all rules and regulations of the board in effect as of the date of approval of the reclamation plan approved for said lands made in accordance with the provisions of this act. An operator may at any time file a single bond in lieu of separate bonds filed or to be filed pursuant to this act, provided that the penalty of such single bond shall be equal to the total of the penalties of the separate bonds being combined into a single bond. Further, any bond provided to an entity of the federal government that also meets the requirements in this section shall be deemed to be sufficient surety for the purposes of this act.

A bond filed as above prescribed shall not be canceled by the surety, except after not less than ninety (90) days' notice to the board.

If the license to do business in this state of any surety, upon a bond filed with the board pursuant to this act, shall be suspended or revoked, the operator, within thirty (30) days after receiving notice thereof from the board, shall substitute for such surety a good and sufficient corporate surety licensed to do business in this state or other surety acceptable to the board. Upon failure of the operator to make substitution of surety, the board shall have the right to enjoin the operator from conducting operations upon the lands covered by such bond until such substitution has been made.

When an operator shall have completed all requirements under the provisions of this act as to any affected land, he shall notify the board. Within thirty (30) days after the receipt of such notice, the board shall notify the operator as to whether or not the reclamation performed meets the requirements of the reclamation plan pertaining to the land in question. Upon the determination by the board that the requirements of the reclamation plan in question have been met as to said lands, the amount of bond in effect as to such lands shall be reduced by an amount designated by the board to reflect the reclamation done.

An operator may withdraw any land previously designated as affected land within a mine panel, provided that it is not already affected land, and in such event, he shall notify the board and the amount of the bond in effect as to the lands in that mine panel shall be reduced by an amount designated by the board as the amount which would have been necessary to reclaim such lands.

SECTION 2. That Section 47-1513, Idaho Code, be, and the same is hereby amended to read as follows:

47-1513. OPERATOR'S FAILURE TO COMPLY -- FORFEITURE OF BOND -- PENALTIES -- RECLAMATION FUND. (a) Whenever the board determines that an operator has not complied with the provisions of this act, the board shall notify the operator of such noncompliance, and shall
may by private conference, conciliation, and persuasion, endeavor to
remedy such violation. In the event of a violation referred to in sub-
sections (d) and (e) of this section, the board may proceed without an
administrative action, hearing or decision to exercise the remedies
set forth in said subsections. Additionally, no administrative action,
hearing or decision shall be required from the Idaho board of health
and welfare prior to the board proceeding under subsections (d) and
(e) of this section. In the event of the failure of any conference,
conciliation and persuasion to remedy any alleged violation, the board
shall cause to have issued and served upon the operator alleged to
be committing such violation, a formal complaint which shall specify
the provisions of this act which the operator allegedly is violating,
and a statement of the manner in and the extent to which said operator
is alleged to be violating this act, and shall require the operator so
complained against to answer the charges of such formal complaint at a
hearing before a hearing officer appointed by the board at a time not
less than thirty (30) days after the date the operator receives notice
of the complaint. The board shall issue subpoenas at the request of
the director of the department of lands and at the request of the
charged operator, and the matter shall be otherwise handled and con-
ducted in accordance with sections 67-5209 through 67-5213, Idaho
Code. The hearing officer shall, pursuant to said hearing, enter an
order in accordance with section 67-5212, Idaho Code, which, if
adverse to the operator, shall designate a time period within which
corrective action should be taken. The time period designated shall be
long enough to allow the operator, in the exercise of reasonable dili-
gence, to rectify any failure to comply designated in said order. In
the event that the operator takes such action as is necessary to
comply with the order within the time period designated in said order,
no further action shall be taken by the board to compel performance
under the act.

(b) Upon request of the board, the attorney general shall insti-
tute proceedings to have the bond of an operator forfeited for the
violation by the operator of an order entered pursuant to this
section.

(c) The forfeiture of such bond shall fully satisfy all obli-
gations of the operator to reclaim the affected land under the provi-
sions of this act. If the violation involves an operator that has not
furnished a bond required by this act, or an operator that is not
required to furnish a bond pursuant to this act, or an operator who
violates this act by performing an act not included in the original
approved reclamation plan, and such departure from the plan is not
subsequently approved, such operator shall be subject to a civil pen-
alty for his failure to comply with such order in the amount deter-
mined by the board to be the anticipated cost of reasonable recla-
mation of affected lands.

(d) Notwithstanding any other provisions of this act, the board
may, by injunctive procedures, without bond or undertaking, proceed
against any operator who is conducting surface mining or exploration
operations without first obtaining any bond required of such operator
pursuant to this act; and may further proceed by legal action to
recover from an operator who is conducting surface mining or explora-
tion-operations, commence an action without bond or undertaking, in the name of the state of Idaho to enjoin any operator who is conducting operations without an approved reclamation plan required by section 47-1506, Idaho Code, or without the bond required by this act. The court, or a judge thereof at chambers, if satisfied from the complaint or by affidavits that such acts have been or are being committed, shall issue a temporary restraining order without notice or bond, enjoining the defendant, his agents, and employees from conducting such operations without said reclamation plan or bond. Upon a showing of good cause therefor, the temporary restraining order may require the defendant to perform reclamation of the mined area in conformity with sections 47-1509 and 47-1510, Idaho Code, pending final disposition of the action. The action shall then proceed as in other cases for injunctions. If it is established at trial that the defendant has operated without an approved reclamation plan or bond, the court shall enter, in addition to any other order, a decree enjoining the defendant, his agents and employees from thereafter conducting such activities or similar actions in violation of this act. The board may, in conjunction with its injunctive procedures, proceed in the same or in a separate action to recover from an operator who is conducting surface mining or exploration operations without the required plan or bond, the cost of performing the reclamation activities required by sections 47-1509 and 47-1510, Idaho Code, from any such operator who has not filed a bond to cover the cost of the reclamation required.

(e) Additionally, injunctive relief to enjoin a surface mining operation shall be available to the board when, under an existing approved reclamation plan covered by a required bond, an operator violates the terms of the plan and the bond will not be sufficient to adequately reclaim the land if forfeited. Notwithstanding any other provision of this act, the board may, without bond or undertaking and without any administrative action, hearing or decision, commence an action in the name of the state of Idaho (1) to enjoin a permitted surface mining operation when, under an existing approved plan, an operator violates the terms of the plan and where immediate and irreparable injury, loss or damage may result to the state and (2) to recover the penalties and to collect civil damages provided for by law.

(f) In addition to the requirement procedures set forth in subsections (a), (d) and (e) of this section that the board notify an operator of noncompliance, and in addition to the civil penalty provided in subsection (c) of this section, any operator who violates any of the provisions of this act or regulations adopted pursuant thereto, or who fails to perform the duties imposed by these provisions, or who violates any determination or order promulgated pursuant to the provisions of this act, shall be liable to a civil penalty of not less than one five hundred dollars ($500) nor more than one two thousand five hundred dollars ($2,500) for each day during which such violation continues, and in addition may be enjoined from continuing such violation. Such penalties shall be recoverable in an action brought in the name of the state of Idaho by the attorney general in the district court for the county where the violation, or some part thereof, occurs, or in the district court for the county wherein the defendant
resides. All sums recovered shall be placed in the state treasury and credited to the surface mining reclamation fund, which is hereby created, to be used to reclaim affected lands and to administer this act.

(g) Any person who wilfully and knowingly falsifies any records, information, plans, specifications, or other data required by the board or wilfully fails, neglects, or refuses to comply with any of the provisions of this act shall be guilty of a misdemeanor and shall be punished by a fine of not less than one thousand dollars ($1,000) and not more than five thousand dollars ($5,000) or imprisonment not to exceed one (1) year or both.

(h) This act shall apply only to bonds obtained subsequent to June 30, 1985.

Approved March 21, 1985.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 56-101, Idaho Code, be, and the same is hereby amended to read as follows:

56-101. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter and shall have the following meanings:

(1) "Appraisal" means the method of determining the value of the property as determined by a M.A.I. appraisal. The appraisal must specifically identify the values of land, building, equipment, and goodwill.
(2) "Assets" mean economic resources of the contractor, recognized and measured in conformity with generally accepted accounting principles.

(3) "Depreciation" means the systematic distribution of the cost or other basis of tangible assets, less salvage, over the estimated useful life of the assets.

(4) "Director" means the director of the department of health and welfare or his designee.

(5) "Equity" means the new book value of all tangible and intangible assets less the recorded value of all liabilities, as recognized and measured in conformity with generally accepted accounting principles.

(6) "Facility" means an entity which contracts with the director to provide services to recipients in a structure owned, controlled, or otherwise operated by such entity, and which entity is responsible for operational decisions. In conjunction with the use of the term "facility":

1. "Free-standing intermediate care" means an intermediate care facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code;

2. "Free-standing skilled care" means a skilled nursing facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code; or

3. "Hospital-based" means a skilled nursing or intermediate care facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is owned, managed, or operated by, or is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code.

(8) "Goodwill" means the amount paid by the purchaser that exceeds the net tangible assets received. The value of goodwill is derived from the economic benefits that a going concern may enjoy, as compared with a new one, from established relations in the related markets, with government departments and other noncommercial bodies and with personal relationships. These intangible assets cannot be separated from the business and sold as can plant and equipment. Under the theory that the excess payment would be made only if expected future earnings justified it, goodwill is often described as the price paid for excess future earnings. The amortization of goodwill is nonallowable, nonreimbursable expense.

(9) "Historical cost" means the actual cost incurred in acquiring and preparing an asset for use, including feasibility studies, architect's fees, and engineering studies.

(10) "Interest rate limitation" means that the interest rate
allowed for (a) purchase of facilities—shall—not—exceed—the—amount derived—by—taking—the-interest-yield-of-the-new-United-States-twenty-five-year-treasury-bond-issue-auction-from-the-closest—prior—auction to-the-closure-of-the-sale—plus-1.75-percent; (b) purchase or lease of equipment—operating—loans—etc.—working capital loans shall be the prime rate as established by the Bank of America Corporation, San Francisco, California, plus one percent (1%) at the date the loan or lease is made. All interest expense greater than the amount derived by using the limitation above shall be nonreimbursable; provided, however, that this interest rate limitations shall not be imposed against loans or leases which were made prior to the effective date of this act July 1, 1984. Said loans or leases being subject to the tests of reasonableness, relationship to patient care and necessity.

(181) "Intermediate care facility for the mentally retarded" means an habilitative facility designed and operated to meet the educational, training, habilitative and intermittent medical needs of the developmentally disabled.

(182) "Investment limitation" shall mean the lesser of the value established by the concept of—budget—analysis—service—of—McGraw-Hill cost—information—systems—or—actual—construction—costs; provided, however, this investment limitation shall not be imposed against construction—completed—prior—on—the—effective—date—of—the—act—said construction—being—subject—to—the—tests—of—reasonableness,—relationship—to—patient—care—and—necessity.

(12) "Major movable equipment" means such items as accounting machines, beds, wheelchairs, desks, furniture, etc. The general characteristics of this equipment are:

1. A relatively fixed location in the building;
2. Capable of being moved, as distinguished from building equipment;
3. A unit cost sufficient to justify ledger control;
4. Sufficient size and identity to make control feasible by means of identification tags; and
5. A minimum life of approximately three (3) years.

(123) "Medicaid" means the 1965 amendments to the social security act (P.L. 89-97), as amended.

(14) "Minor movable equipment" includes such items as wastebaskets, bedpans, syringes, catheters, silverware, mops, buckets, etc. The general characteristics of this equipment are:

1. In general, no fixed location and subject to use by various departments of the provider's facility;
2. Comparatively small in size and unit cost;
3. Subject to inventory control;
4. Fairly large quantity in use; and
5. Generally, a useful life of approximately three (3) years or less.

(135) "Net book value" means the historical cost of an asset, less accumulated depreciation.

(146) "Patient-day" means a calendar day of care which will include the day of admission and exclude the day of discharge unless discharge occurs after 3:00 p.m. or it is the date of death, except that, when admission and discharge occur on the same day, one (1) day
of care shall be deemed to exist.

(157) "Property costs" mean the total of allowable interest expense, plus depreciation, property insurance, real estate taxes, amortization, and allowable lease/rental expense. The department may require and utilize an appraisal to establish those components of property costs which are identified as an integral part of an appraisal.

(18) "Reasonable property insurance" means that the consideration given is an amount that would ordinarily be paid by a cost-conscious buyer for comparable insurance in an arm's length transaction. Property insurance per licensed bed in excess of two (2) standard deviations above the mean of the most recently reported property insurance costs per licensed bed of all facilities in the reimbursement class as of the end of a facility's fiscal year shall not be considered reasonable.

(169) "Recipient" means an individual determined eligible by the director for the services provided in the state plan for medicaid.

(1720) "Utilities" shall mean all expenses for heat, electricity, water and sewer. Utilities shall be exempt from the percentile cap.

SECTION 2. That Section 56-104, Idaho Code, be, and the same is hereby amended to read as follows:

56-104. RECAPTURE OF DEPRECIATION FOR HOSPITAL-BASED FACILITIES.
(a) Where depreciable assets that were used in the medicaid program by a hospital-based facility subsequent to January 1, 1982, and for which depreciation has been reimbursed by the director, are sold for an amount in excess of their net book value, depreciation so reimbursed shall be recaptured from the buyer of the facility in an amount equal to reimbursed depreciation or gain on the sale, whichever is less. Depreciation shall be recaptured in full if a sale of a depreciated facility takes place within the first five (5) years of seller's ownership after January 1, 1982. Per-year-the-asset-is-held beyond-the-first-five-(5)-years-the-total-depreciation-recaptured shall-be-reduced-by-ten-percent-(10%)--per-annum-of-total--depreciation taken.

(b) Depreciation shall be recaptured by the director from the buyer of the facility over a period of time not to exceed five (5) years from the date of sale, with not less than one-fifth (1/5) of the total amount being recaptured for each year after such date.

(c) Leases of facilities entered into on or after the effective date of this subsection shall be reimbursed in the same manner, as an owned asset, with recapture of depreciation being effected against the buyer of the facility in the case where the facility's assets are sold by the lessor of the facility. Leases in existence prior to the effective date of this subsection shall be reimbursed at the rate established prior to such date for each such lease. Renegotiated leases shall be reimbursed at established rates, plus a reasonable annual increase.

SECTION 3. That Chapter 1, Title 56, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 56-108, Idaho Code, and to read as follows:

56-108. PROPERTY REIMBURSEMENT -- FACILITIES WILL BE PAID A PROPERTY RENTAL RATE, PROPERTY TAXES AND REASONABLE PROPERTY INSURANCE. The provisions of this section shall not apply to hospital-based facilities which are subject to the provisions of section 56-120, Idaho Code. The provisions of this section are applicable to all other facilities. The property rental rate includes compensation for major movable equipment but not for minor movable equipment. The property rental rate is paid in lieu of payment for amortization, depreciation, and interest for financing the cost of land and depreciable assets. However, reimbursement for the cost of vehicles for patient transportation for intermediate care facilities for the mentally retarded shall be excluded from the property rental rate and shall be reimbursed according to provisions of health insurance manual 15 as promulgated by the U.S. department of health and human services. Prior to final audit, the director shall determine an interim rate that approximates the property rental rate. The property rental rate shall be determined as follows:

(1) Except as determined pursuant to this section and as modified by section 56-109, Idaho Code:

\[
\text{Property rental rate} = \left( \frac{\text{Property base}}{40} \right) \times \left( \text{Change in building costs} \right) \times (40 - \text{Age of facility})
\]

where:

(a) "Property base" = $9.24 (Property base = $6.01 for intermediate care facilities for the mentally retarded not designed for the care of nonambulatory patients as determined by the director.)

(b) "Change in building costs" = 1.0 from the effective date of this subsection through December 31, 1985. Thereafter "Change in building costs" will be adjusted for each calendar year to reflect the reported annual change in the building cost index for a class D building in the western region, as of September of the prior year, published by the Marshall Swift Valuation Service.

(c) "Age of facility" = the director shall determine the effective age, in years, of the facility by subtracting the year in which the facility, or portion thereof, was constructed from the year in which the rate is to be applied. No facility or portion thereof shall be assigned an age of more than thirty (30) years.

(i) If adequate information is not submitted by the facility to document that the facility, or portion thereof, is newer than thirty (30) years, the director shall set the effective age at thirty (30) years. Adequate documentation shall include, but not be limited to, such documents as copies of building permits, tax assessors' records, receipts, invoices, building contracts, and original notes of indebtedness. The director shall compute an appropriate age for facilities when documentation is provided to reflect expenditures for building expansion or remodeling prior to the effective date of this section. The computation shall decrease the age of a facility by an amount consistent with the expenditure and the
square footage impacted and shall be calculated as follows:

1. Determine, according to indexes published by the Marshall Swift Valuation Service, the construction cost per square foot of an average class D convalescent hospital in the western region for the year in which the expansion or renovation was completed.
2. Multiply the total square footage of the building following the expansion or renovation by the cost per square foot to establish the estimated replacement cost of the building at that time.
3. The age of the building at the time of construction shall be multiplied by the quotient of total actual renovation or remodeling costs divided by replacement cost. If this number is equal to or greater than 2.0, the age of the building in years will be reduced by this number, rounded to the nearest whole number. In no case will the age be less than zero.

(ii) The director shall adjust the effective age of a facility as a result of necessary major repairs, approved in advance, initiated after the effective date of this subsection, and completed prior to December 31, 1989. Such changes shall not increase the allowable property rental rate by more than one-half (1/2) of the difference between the initial property rental rate for the facility and the "property base" shown in paragraph (a) of this subsection.

(iii) The director shall allow for future adjustments to the effective age of a facility or its rate to reimburse an appropriate amount for property expenditures resulting from new requirements imposed by state or federal agencies. The director shall, within twelve (12) months of verification of expenditure, reimburse the medicaid share of the entire cost of such new requirements as a one-time payment if the incurred cost for a facility is less than one hundred dollars ($100) per bed.

(2) A "grandfathered rate" for existing facilities will be determined by dividing the audited allowable annual property costs, exclusive of taxes and insurance, for assets on hand as of January 1, 1985 by the total patient days in the period July 1, 1984 through June 30, 1985. The property rental rate will be the greater of the amount determined pursuant to subsection (1) of this section, or the grandfathered rate. The director shall adjust the grandfathered rate of a facility to compensate the owner for the cost of necessary major repairs, expansion or remodeling, initiated prior to April 1, 1985, and completed after January 1, 1985, but completed no later than December 31, 1985. Such changes shall not increase the allowable property rental rate by more than one-half (1/2) of the difference between the initial property rental rate and the property base shown in subsection (1)(a) of this section.

(3) The property rental rate per day of care paid to facilities with leases signed prior to March 30, 1981, will be the sum of the annualized allowed lease costs and the other annualized property costs for assets on hand as of January 1, 1985, exclusive of taxes and
insurance when paid separately, divided by total patient days in the period June 30, 1983 through July 1, 1984. Where such leases contain provisions that bind the lessee to accept an increased rate, reimbursement shall be at a rate per day of care which reflects the increase in the lease rate. Where such leases bind the lessee to the lease and allow the rate to be renegotiated, reimbursement shall be at a rate per day of care which reflects an annual increase in the lease rate not to exceed the increase in the consumer price index for renters costs. After the effective date of this subsection, if such a lease is terminated or if the lease allows the lessee the option to terminate other than by purchase of the facility, the property rental rate shall become the amount determined by the formula in subsection (1) of this section as of the date on which the lease is or could be terminated.

(4) (a) In the event of a sale, except under the conditions of paragraph (b) of this subsection, the buyer shall receive the property rental rate, not modified by section 56-109, Idaho Code, if the seller was receiving a grandfathered rate. If the seller was receiving a rate other than a grandfathered rate, the buyer shall receive the seller's rate.

(b) In the event of a forced sale of a facility where the seller has been receiving a grandfathered rate, the buyer will receive a rate based upon his incurred property costs, exclusive of taxes and insurance, for the twelve (12) months following the sale, divided by the facility's total patient days for that period, or the property rental rate, not modified by section 56-109, Idaho Code, whichever is higher, but not exceeding the rate that would be due the seller.

SECTON 4. That Chapter 1, Title 56, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 56-109, Idaho Code, and to read as follows:

56-109. PROPERTY RENTAL RATE IMPLEMENTATION SCHEDULE. The property rental rate as defined in section 56-108, Idaho Code, shall be phased in through December 31, 1989. Facilities with existing rates equal to or greater than the property rental rate according to provisions of section 56-108, Idaho Code, shall not be phased in. The phase-in shall be implemented so that when the grandfathered rate as defined in section 56-108, Idaho Code, is below the property rental rate, the rate paid will be determined as follows:

(1) For the period ending December 31, 1985: grandfathered rate plus twenty percent (20%) of the difference between grandfathered rate and property rental rate.

(2) For the period January 1, 1986 through December 31, 1986: grandfathered rate plus forty percent (40%) of the difference between grandfathered rate and property rental rate.

(3) For the period January 1, 1987 through December 31, 1987: grandfathered rate plus sixty percent (60%) of the difference between grandfathered rate and property rental rate.

(4) For the period January 1, 1988 through December 31, 1988:
grandfathered rate plus eighty percent (80%) of the difference between grandfathered rate and property rental rate.

(5) For the period January 1, 1989 forward: property rental rate.

SECTION 5. That Section 56-110, Idaho Code, be, and the same is hereby amended to read as follows:

56-110. EXISTING FREE-STANDING SKILLED CARE FACILITIES. (a) Not later than January 1, 1982, and prior to the beginning of each fiscal year thereafter, the director shall determine the maximum base rate for all free-standing skilled care facilities that were under medicaid contract with the director on or before January 1, 1982, as a class, using the following method:

(1) First, from the most recent cost report, or the most recent audited cost report, if available, submitted by each free-standing skilled care facility, the director shall add together all nonproperty, nonutility costs (administration, food, nursing services, and operational) incurred by each facility; provided, that, where such facility provides care to the mentally-retarded, costs peculiar to such care shall first be exempted from consideration herein and shall be paid in accordance with the provider reimbursement manual, as defined in this subsection;

(2) Next, the director shall divide the sum obtained from paragraph (1) of this section by the total number of patient-days of care, taken from each cost report;

(3) Next, the director shall multiply the cost of care per patient-day obtained from paragraph (2) of this section by the percentage representing the annual combined inflator index, for the period in which the base rate is to be effective, as determined and agreed upon pursuant to section 56-130, Idaho Code;

(4) Next, the director shall combine the results from each such facility obtained from paragraph (3) to establish the range of costs of care per patient-day for all such facilities; and

(5) Next, the director shall calculate the mean cost of care per patient-day and the standard deviation from such mean, which shall be used to determine the base rate as specified in section 56-103(a), Idaho Code.

The result obtained from paragraph (5) of this subsection shall constitute the basic payment for the cost of care per patient-day in each free-standing skilled facility in the class, and the director shall notify each such facility of such payment not later than sixty (60) days prior to the fiscal year in which it is to become effective. A rebuttable presumption exists with respect to costs above the basic payment that a facility incurring such costs is not economically and efficiently operated, taking into account economic conditions and trends during the period covered by such costs, and that such costs are not reasonable. Such rebuttable presumption shall not be employed to justify costs below the basic payment. For purposes of this subsection, "audited cost report" means a cost report prepared and submitted to the director by a free-standing skilled care facility and audited by the director in accordance with the provider reimbursement manual,
as promulgated by the director for the Idaho medicaid program, and the health insurance manual 15, as promulgated by the United States department of health and human services or its predecessor agency; provided, that the provider reimbursement manual shall take precedence over the health insurance manual 15 in case of conflict, ambiguity or disagreement.

(b) In addition to the basic payment per patient-day of care, as calculated in subsection (a) of this section, each free-standing skilled nursing facility shall be paid as a part of the monthly prospective payment:

1. Its actual property rental rate plus projected property taxes, reasonable property insurance, and utility costs per patient-day, to be determined by dividing its total projected property taxes, reasonable property insurance, and utility costs, subject to the interest rate limitation, for its upcoming fiscal year, as submitted by such facility to the director not later than ninety (90) days prior to the beginning date of such fiscal year, by the total projected number of patient-days estimated by such facility; and

2. A monthly incentive payment equal to the computed difference between the facility's actual payment per patient-day and the base rate established for the class pursuant to section 56-103(a), Idaho Code, and this part. This computed difference shall be:

   1. One-half (1/2) of the difference, where the one hundredth percentile applies to such facility's class;
   2. One-third (1/3) of the difference, where the ninetieth percentile applies to such facility's class;
   3. One-fourth (1/4) of the difference, where the eightieth percentile applies to such facility's class; or
   4. One-sixth (1/6) of the difference, where the seventy-fifth percentile applies to such facility's class; provided, that in no event shall the computed difference exceed one dollar and fifty cents ($1.50) per patient-day.

(c) Actual payments made by the director to each free-standing skilled care facility pursuant to sections 56-103 and 56-105, Idaho Code, and this section, shall be subject to audit and settlement under section 56-107, Idaho Code. In no event shall reimbursement to any facility exceed the usual and customary charges made to private pay patients.

SECTION 6. That Section 56-111, Idaho Code, be, and the same is hereby amended to read as follows:

56-111. NEW FREE-STANDING SKILLED CARE FACILITIES. For the first fiscal year of a free-standing skilled care facility established on or after January 1, 1982, which seeks to contract for the first time to provide medicaid services to recipients, the director shall determine payment in the same manner as specified in section 56-110, Idaho Code, except that, in lieu of the most recent audited cost report, the free-standing skilled care facility shall submit to the director, not later than ninety (90) days prior to the beginning date of the fiscal year in which the prospective rate is to be effective, a prospective
budget containing the information necessary to complete the formula set forth in section 56-110, Idaho Code; however, allowable property costs shall be subject to the investment limitation. Thereafter, such determination for such facility shall be done in accordance with section 56-110, Idaho Code.

SECTION 7. That Section 56-112, Idaho Code, be, and the same is hereby amended to read as follows:

56-112. FREE-STANDING INTERMEDIATE CARE FACILITIES. (a) Not later than January 1, 1982, and prior to the beginning of each fiscal year thereafter, the director shall determine the total prospective payment rate for all free-standing intermediate care facilities under medicaid contract with the director on or before the effective date of this chapter in the same manner as set forth in section 56-110, Idaho Code.

(b) For the first fiscal year of a free-standing intermediate care facility established on or after January 1, 1982, which seeks to contract for the first time to provide medicaid services to recipients, the director shall determine payment for such facility in the same manner as specified in section 56-111, Idaho Code; however, allowable property costs shall be subject to the investment limitation. Thereafter, such determination for such facility shall be done in accordance with subsection (a) of this section.

SECTION 8. That Section 56-113, Idaho Code, be, and the same is hereby amended to read as follows:

56-113. INTERMEDIATE CARE FACILITIES FOR THE MENTALLY RETARDED. (a) Not later than January 1, 1982, and prior to the beginning of each fiscal year thereafter, the director shall determine the total prospective payment rate for all intermediate care facilities for the mentally retarded under medicaid contract with the director on or before the effective date of this chapter in the same manner as set forth in section 56-110, Idaho Code.

(b) For the first fiscal year of an intermediate care facility for the mentally retarded established on or after January 1, 1982, which seeks to contract for the first time to provide medicaid services to recipients, the director shall determine payment for such facility in the same manner as specified in section 56-111, Idaho Code; however, allowable property costs shall be subject to the investment limitation. Thereafter, such determination for such facility shall be done in accordance with subsection (a) of this section.

SECTION 9. That Section 56-120, Idaho Code, be, and the same is hereby amended to read as follows:

56-120. EXISTING HOSPITAL-BASED FACILITIES. (a) Not later than January 1, 1982, and prior to the beginning of each fiscal year thereafter, the director shall determine the maximum base payment rate for all hospital-based facilities that were under medicaid contract on or before such effective date as a class, using the following method:
(1) First, using worksheet B of the most recent cost report, or the most recent audited medicare cost report, if available, submitted to the director by each hospital-based facility, the director shall subtract such facility's total direct costs (excluding property and utility costs) from the sum of total general, ancillary and routine service costs (excluding property and utility costs) of both the facility and the hospital;

(2) Next, again using worksheet B of the same medicare cost report submitted by such facility, the director shall determine a percentage by dividing the sum of the total indirect costs of the hospital and the facility into the total indirect costs of the facility;

(3) Next, the director shall multiply the total direct general service costs (excluding property and utility costs), as used in paragraph (1) of this subsection, by the percentage derived from paragraph (2) of this subsection;

(4) Next, the director shall add to the total direct costs of the facility, as used in paragraph (1) of this subsection, the sum derived from paragraph (3) of this subsection and total costs attributable to central service, oxygen, and physical therapy services, taken from worksheet C of the facility's medicare cost report;

(5) Next, the director shall divide the sum derived from paragraph (4) of this subsection by the facility's total number of patient-days in the fiscal year covered by that facility's medicare cost report;

(6) Next, the director shall multiply the cost of care per patient-day obtained from paragraph (5) of this subsection by the percentage representing the annual combined inflator index for the period in which the base rate is to be effective, as determined and agreed upon pursuant to section 56-130, Idaho Code;

(7) Next, the director shall combine the results from each hospital-based facility, as obtained from paragraph (6) of this subsection, to establish the range of costs of care per patient-day for all such facilities in the class; and

(8) Next, the director shall calculate the mean cost of care per patient-day for the class and the standard deviation from such mean, which shall be used to determine the base rate for the class, as specified in section 56-103(a), Idaho Code.

The cost per patient-day resulting from paragraph (8) of this subsection shall constitute the basic payment for the cost of care per patient-day in each hospital-based facility in the class, and the director shall notify each such facility of such rate not later than sixty (60) days prior to the beginning date of the fiscal year in which it is to be effective. For purposes of this subsection, "medicare cost report" means form 2551, form 2552, or any similar successor form promulgated by the United States department of health and human services or its successor agency for the purpose of determining allowable, reimbursable costs for delivery of care or services under titles V, XVIII, or XIX of the social security amendments of 1965, as amended.

(b) In addition to the basic payment per patient-day of care,
each hospital-based facility shall be paid on a prospective basis:
(1) Its actual property and utility costs per patient-day, to be
determined by dividing its total projected property and utility
costs, subject to the interest rate limitation, for its upcoming
fiscal year, as submitted by each such facility to the director
not later than ninety (90) days prior to the beginning date of
such fiscal year, by the total number of patient-days estimated by
such facility; and
(2) A monthly incentive payment equal to the computed difference
between the facility's actual payment per patient-day and the base
rate established for the class pursuant to section 56-103(a),
Idaho Code, and this part. This computed difference shall be:
1. One-half (1/2) of the difference, where the one hundredth
percentile applies to such facility's class;
2. One-third (1/3) of the difference, where the ninetieth
percentile applies to such facility's class;
3. One-fourth (1/4) of the difference, where the eightieth
percentile applies to such facility's class; or
4. One-sixth (1/6) of the difference, where the
seventy-fifth percentile applies to such facility's class;
provided, that in no event shall the computed difference exceed one
dollar and fifty cents ($1.50) per patient-day.
(c) Actual payments made by the director to each hospital-based
facility pursuant to sections 56-103 and 56-105, Idaho Code, and this
section, shall be subject to audit and settlement under section
56-107, Idaho Code. In no event shall reimbursement to any facility
exceed the usual and customary charges made to private pay patients.

SECTION 10. That Section 56-121, Idaho Code, be, and the same is
hereby amended to read as follows:

56-121. NEW HOSPITAL-BASED FACILITIES. For the first fiscal year
of a hospital-based facility established on or after January 1, 1985,
which seeks to contract for the first time to provide medicaid services to recipients, the director shall determine payment in the same manner as specified in section 56-120, Idaho Code, except that, in lieu of the medicare cost report, the hospital-based facility shall submit to the director, not later than ninety (90) days prior to the beginning date of the fiscal year in which the prospective rate is to be effective, a prospective budget containing the information necessary to complete the formula set forth in section 56-120, Idaho Code; however, allowable property costs shall be subject to the investment limitation. The base rate for the facility shall be the base rate for the free-standing class. Thereafter, such determination for such facility shall be done in accordance with section 56-120, Idaho Code.

SECTION 11. An emergency existing therefor, which emergency is
hereby declared to exist, this act shall be in full force and effect
on and after April 1, 1985.

Approved March 21, 1985.

28-8-102. DEFINITIONS AND INDEX OF DEFINITIONS. (1) In this chapter, unless the context otherwise requires:

(a) A "certificated security" is a share, participation, or other interest in property of or an enterprise of the issuer or an obligation of the issuer which is

(i) represented by an instrument issued in bearer or registered form;
(ii) of a type commonly dealt in on securities exchanges or markets or commonly recognized in any area in which it is issued or dealt in as a medium for investment; and
(iii) either one of a class or series or by its terms divisible into a class or series of shares, participations, interests, or obligations.

(b) An "uncertificated security" is a share, participation, or other interest in property or an enterprise of the issuer or an obligation of the issuer which is

(i) not represented by an instrument and the transfer of which is registered upon books maintained for that purpose by or on behalf of the issuer;
(ii) of a type commonly dealt in on securities exchanges or markets; and
(iii) either one of a class or series or by its terms divisible into a class or series of shares, participations, interests, or obligations.

(c) A "security" is either a certificated or an uncertificated security. If a security is certificated, the terms "security" and "certificated security" may mean either the intangible interest, the instrument representing that interest, or both, as the context requires. A writing that is a certificated security is governed by this chapter and not by chapter 3, even though it also meets the requirements of that chapter. This chapter does not apply to money. If a certificated security has been retained by or surrendered to the issuer or its transfer agent for reasons other than registration of transfer, other temporary purpose, payment, exchange, or acquisition by the issuer, that security shall be treated as an uncertificated security for purposes of this chapter.

(d) A certificated security is in "registered form" if

(i) it specifies a person entitled to the security or the rights it represents; and
(ii) its transfer may be registered upon books maintained for that purpose by or on behalf of the issuer, or the security so states.

(e) A certificated security is in "bearer form" if it runs to bearer according to its terms and not by reason of any indorsement.

(2) A "subsequent purchaser" is a person who takes other than by original issue.
(3) A "clearing corporation" is a corporation registered as a "clearing agency" under the federal securities laws or a corporation:
   (a) at least ninety percent (90%) of whose capital stock is held by or for one or more organizations, none of which, other than a national securities exchange or association, holds in excess of twenty percent (20%) of the capital stock of the corporation, and each of which is
   (i) subject to supervision or regulation pursuant to the provisions of federal or state banking laws or state insurance laws;
   (ii) a broker or dealer or investment company registered under the federal securities laws; or
   (iii) a national securities exchange or association registered under the federal securities laws; and
   (b) any remaining capital stock of which is held by individuals who have purchased it at or prior to the time of their taking office as directors of the corporation and who have purchased only so much of the capital stock as is necessary to qualify as directors.

(4) A "custodian bank" is a bank or trust company that is supervised and examined by state or federal authority having supervision over banks and is acting as custodian for a clearing corporation.

   (a) the security is certificated and the right of the issuer to the lien is noted conspicuously thereon; or
   (b) the security is uncertificated and a notation of the right of the issuer to the lien is contained in the initial transaction statement sent to the purchaser or, if his interest is transferred
to him other than by registration of transfer, pledge, or release, the initial transaction statement sent to the registered owner or the registered pledgee.

SECTION 4. That Section 28-8-104, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-104. EFFECT OF OVERISSUE -- "OVERISSUE." (1) The provisions of this chapter which validate a security or compel its issue or reissue do not apply to the extent that validation, issue, or reissue would result in overissue; but if:
(a) if an identical security which does not constitute an overissue is reasonably available for purchase, the person entitled to issue or validation may compel the issuer to purchase and deliver such a security for him and either to deliver a certificated security or to register the transfer of an uncertificated security to him, against surrender of the any certificated security, if any, which he holds; or

(3) In any action on a security:
(a) unless specifically denied in the pleadings, each signature on a certificated security, in a necessary indorsement, on an initial transaction statement, or on an instruction, is admitted;
(b) if the effectiveness of a signature is put in issue, the burden of establishing it is on the party claiming under the signature, but the signature is presumed to be genuine or authorized;
(c) if signatures on a certificated security are admitted or established, production of the security entitles a holder to recover on it unless the defendant establishes a defense or a defect going to the validity of the security;
(d) if signatures on an initial transaction statement are admitted or established, the facts stated in the statement are presumed to be true as of the time of its issuance; and
(e) after it is shown that a defense or defect exists, the plaintiff has the burden of establishing that he or some person under whom he claims is a person against whom the defense or defect is ineffective.

SECTION 6. That Section 28-8-106, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-106. APPLICABILITY. (a) of certificated securities accepted by the buyer; and
(b) uncertificated securities that have been transferred to the buyer or a person designated by the buyer; and
(c) of other securities if efforts at their resale would be unduly burdensome or if there is no readily available market for their resale.

SECTION 8. That Part 1, Chapter 8, Title 28, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 28-8-108, Idaho Code, and to read as follows:

(c) those made part of the security by reference, on the certificated security or in the initial transaction statement, to another instrument, indenture or document or to a constitution, statute, ordinance, rule, regulation, order or the like, to the extent that the terms so referred to do not conflict with the stated terms stated on the certificated security or contained in the statement. (2) (a) A certificated security other than one issued by a government or governmental agency or unit, even though issued with a defect going to its validity, is valid in the hands of a purchaser for value and an uncertificated security as to which an initial transaction statement has been sent to a purchaser for value, other than a security issued by a government or governmental agency or unit, even though issued with a defect going to its validity, is valid with respect to the purchaser if he is without notice of the particular defect unless the defect involves a violation of constitutional provisions in which case the security is valid in the hands of with respect to a subsequent purchaser for value and without notice of the defect.

(b) The rule of subparagraph (a) This section applies to an issuer which is a government or governmental agency or unit only if either there has been substantial compliance with the legal requirements governing the issue or the issuer has received a substantial consideration for the issue as a whole or for the particular security and a stated purpose of the issue is one for which the issuer has power to borrow money or issue the security.

(3) Except as otherwise provided in the case of certain unauthorized signatures on issue (section 28-8-205), lack of genuineness of a certificated security or an initial transaction statement is a complete defense, even against a purchaser for value and without notice.

(4) All other defenses of the issuer of a certificated or uncertificated security, including nondelivery and conditional delivery of the certificated security are ineffective against a purchaser for value who has taken without notice of the particular defense.

(5) Nothing in this section shall be construed to affect the right of a party to a "when, as and if issued" or a "when distributed" contract to cancel the contract in the event of a material change in the character of the security which is the subject of the contract or in the plan or arrangement pursuant to which such the security is to be issued or distributed.

SECTION 12. That Part 2, Chapter 8, Title 28, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 28-8-204, Idaho Code, and to read as follows:

28-8-204. EFFECT OF ISSUER'S RESTRICTIONS ON TRANSFER. A restriction on transfer of a security imposed by the issuer, even if otherwise lawful, is ineffective against any person without actual knowledge of it unless:
(a) the security is certificated and the restriction is noted conspicuously thereon; or
(b) the security is uncertificated and a notation of the restriction is contained in the initial transaction statement sent to the person or, if his interest is transferred to him other than by registration of transfer, pledge, or release, the initial transaction statement sent to the registered owner or the registered pledgee.

SECTION 13. That Section 28-8-205, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-205. EFFECT OF UNAUTHORIZED SIGNATURE ON ISSUE CERTIFICATED SECURITY OR INITIAL TRANSACTION STATEMENT. (a) an authenticating trustee, registrar, transfer agent, or other person entrusted by the issuer with the signing of the security, or of similar securities, or their of initial transaction statements or the immediate preparation for signing of any of them; or
(b) an employee of the issuer, or of any of the foregoing, entrusted with responsible handling of the security or initial transaction statement.

SECTION 14. That Section 28-8-206, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-206. COMPLETION OR ALTERATION OF INSTRUMENT CERTIFICATED SECURITY OR INITIAL TRANSACTION STATEMENT. (1) Where If a certificated
security contains the signatures necessary to its issue or transfer but is incomplete in any other respect:

(a) any person may complete it by filling in the blanks as authorized; and

(b) even though the blanks are incorrectly filled in, the security as completed is enforceable by a purchaser who took it for value and without notice of such incorrectness.

(2) A complete certificated security which has been improperly altered, even though fraudulently, remains enforceable but only according to its original terms.

(3) If an initial transaction statement contains the signatures necessary to its validity, but is incomplete in any other respect:

(a) any person may complete it by filling in the blanks as authorized; and

(b) even though the blanks are incorrectly filled in, the statement as completed is effective in favor of the person to whom it is sent if he purchased the security referred to therein for value and without notice of the incorrectness.

28-8-207. RIGHTS AND DUTIES OF ISSUER WITH RESPECT TO REGISTERED OWNERS AND REGISTERED PLEDGEES. (2) Subject to the provisions of subsections (3), (4), and (6), the issuer or indenture trustee may treat the registered owner of an uncertificated security as the person exclusively entitled to vote, to receive notifications, and otherwise to exercise all the rights and powers of an owner.

(3) The registered owner of an uncertificated security that is subject to a registered pledge is not entitled to registration of transfer prior to the due presentment to the issuer of a release instruction. The exercise of conversion rights with respect to a convertible uncertificated security is a transfer within the meaning of this section.

(4) Upon due presentment of a transfer instruction from the registered pledgee of an uncertificated security, the issuer shall:

(a) register the transfer of the security to the new owner free of pledge, if the instruction specifies a new owner (who may be the registered pledgee) and does not specify a pledgee;

(b) register the transfer of the security to the new owner subject to the interest of the existing pledgee, if the instruction specifies a new owner and the existing pledgee; or

(c) register the release of the security from the existing pledge...
and register the pledge of the security to the other pledgee, if
the instruction specifies the existing owner and another pledgee.
(5) Continuity of perfection of a security interest is not broken
by registration of transfer under subsection (4)(b) or by registration
of release and pledge under subsection (4)(c), if the security inter-
est is assigned.
(6) If an uncertificated security is subject to a registered
pledge:
(a) any uncertificated securities issued in exchange for or dis-
tributed with respect to the pledged security shall be registered
subject to the pledge;

to the registered pledgee; and

liability of the registered owner of a security for calls, assess-

TRAR OR TRANSFER AGENT. (1) A person placing his signature upon a
certificated security or an initial transaction statement as authenti-
cating trustee, registrar, transfer agent, or the like, warrants to a
purchaser for value of the certificated security or a purchaser for
value of an uncertificated security to whom the initial transaction
statement has been sent, if the purchaser is without notice of the
particular defect that:
(a) the certificated security or initial transaction statement is
genuine; and
(b) his own participation in the issue or registration of the
transfer, pledge or release of the security is within his capacity
and within the scope of the authorization authority received by
him from the issuer; and
(c) he has reasonable grounds to believe that the security is in
the form and within the amount of the issuer is authorized to
issue.
(2) Unless otherwise agreed, a person by so placing his signature
does not assume responsibility for the validity of the security in
other respects.

SECTION 17. That Part 3, Chapter 8, Title 28, Idaho Code, be, and the same
is hereby amended by the addition thereto of a NEW SECTION,
to be known and designated as Section 28-8-301, Idaho Code, and to
read as follows:

28-8-301. RIGHTS ACQUIRED BY PURCHASER. (1) Upon transfer of a
security to a purchaser (section 28-8-313), the purchaser acquires the
rights in the security which his transferor had or had actual author-
ity to convey unless the purchaser's rights are limited by section 28-8-302(4).

(2) A transferee of a limited interest acquires rights only to the extent of the interest transferred. The creation or release of a security interest in a security is the transfer of a limited interest in that security.

SECTION 18. That Section 28-8-302, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-302. "BONA FIDE PURCHASER" -- "ADVERSE CLAIM" -- TITLE ACQUIRED BY BONA FIDE PURCHASER. (1) A "bona fide purchaser" is a purchaser for value in good faith and without notice of any adverse claim:
(a) who takes delivery of a certificated security in bearer form or of one in registered form issued to him or indorsed to him or in blank;
(b) to whom the transfer, pledge, or release of an uncertificated security is registered on the books of the issuer; or
(c) to whom a security is transferred under the provisions of paragraph (c), (d)(1), or (e) of section 28-8-313(1).
(2) "Adverse claim" includes a claim that a transfer was or would be wrongful or that a particular adverse person is the owner of or has an interest in the security.
(3) A bona fide purchaser in addition to acquiring the rights of a purchaser (section 28-8-301) also acquires his interest in the security free of any adverse claim.
(4) Notwithstanding section 28-8-301(1), the transferee of a particular certificated security who has been a party to any fraud or illegality affecting the security, or who as a prior holder of that certificated security had notice of an adverse claim, cannot improve his position by taking from a bona fide purchaser.

SECTION 19. That Section 28-8-304, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-304. NOTICE TO PURCHASER OF ADVERSE CLAIMS. (1) A purchaser (including a broker for the seller or buyer, but excluding an intermediary bank) of a certificated security is charged with notice of adverse claims if:
(a) the security, whether in bearer or registered form has been indorsed "for collection" or "for surrender" or for some other purpose not involving transfer; or
(b) the security is in bearer form and has on it an unambiguous statement that it is the property of a person other than the transferor. The mere writing of a name on a security is not such a statement.
(2) A purchaser (including a broker for the seller or buyer, but excluding an intermediary bank) to whom the transfer, pledge, or release of an uncertificated security is registered is charged with notice of adverse claims as to which the issuer has a duty under section 28-8-403(4) at the time of registration and which are noted in
the initial transaction statement sent to the purchaser or, if his interest is transferred to him other than by a registration of transfer, pledge, or release, the initial transaction statement sent to the registered owner or the registered pledgee.

(3) The fact that the purchaser (including a broker for the seller or buyer) of a certificated or uncertificated security has notice that the security is held for a third person or is registered in the name of or indorsed by a fiduciary does not create a duty of inquiry into the rightfulness of the transfer or constitute constructive notice of adverse claims. However, if the purchaser (excluding an intermediary bank) has knowledge that the proceeds are being used or that the transaction is for the individual benefit of the fiduciary or otherwise in breach of duty, the purchaser is charged with notice of adverse claims.

SECTION 20. That Section 28-8-305, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-305. STALENESS AS NOTICE OF ADVERSE CLAIMS. An act or event which creates a right to immediate performance of the principal obligation evidenced represented by the a certificated security or which sets a date on or after which the a certificated security is to be presented or surrendered for redemption or exchange does not of itself constitute any notice of adverse claims except in the case of a purchase transfer:

(a) after one (1) year from any date set for such presentment or surrender for redemption or exchange; or
(b) after six (6) months from any date set for payment of money against presentation or surrender of the security if funds are available for payment on that date.

SECTION 21. That Section 28-8-306, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-306. WARRANTIES ON PRESENTMENT AND TRANSFER OF CERTIFICATED SECURITIES -- WARRANTIES OF ORIGINATORS OF INSTRUCTIONS. (1) A person who presents a certificated security for registration of transfer or for payment or exchange warrants to the issuer that he is entitled to the registration, payment, or exchange. But, a purchaser for value without notice of adverse claims who receives a new, reissued, or re-registered certificated security on registration of transfer or receives an initial transaction statement confirming the registration of transfer of an equivalent uncertificated security to him warrants only that he has no knowledge of any unauthorized signature (section 28-8-311) in a necessary indorsement.

(2) A person by transferring a certificated security to a purchaser for value warrants only that:
(a) his transfer is effective and rightful; and
(b) the security is genuine and has not been materially altered; and
(c) he knows no fact which might impair the validity of the security.
(3) Where a certificated security is delivered by an intermediary known to be entrusted with delivery of the security on behalf of another or with collection of a draft or other claim against such delivery, the intermediary by such delivery warrants only his own good faith and authority, even though he has purchased or made advances against the claim to be collected against the delivery.

(4) A pledgee or other holder for security who redelivers the certificated security received, or after payment and on order of the debtor delivers that security to a third person, makes only the warranties of an intermediary under subsection (3).

(5) A person who originates an instruction warrants to the issuer that:

(a) he is an appropriate person to originate the instruction; and

(b) at the time the instruction is presented to the issuer he will be entitled to the registration of transfer, pledge, or release.

(6) A person who originates an instruction warrants to any person specially guaranteeing his signature (subsection 28-8-312(3)) that:

(a) he is an appropriate person to originate the instruction; and

(b) at the time the instruction is presented to the issuer

(i) he will be entitled to the registration of transfer, pledge, or release; and

(ii) the transfer, pledge, or release requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction.

(7) A person who originates an instruction warrants to a purchaser for value and to any person guaranteeing the instruction (section 28-8-312(6)) that:

(a) he is an appropriate person to originate the instruction;

(b) the uncertificated security referred to therein is valid; and

(c) at the time the instruction is presented to the issuer

(i) the transferor will be entitled to the registration of transfer, pledge, or release;

(ii) the transfer, pledge, or release requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction; and

(iii) the requested transfer, pledge, or release will be rightful.

(8) If a secured party is the registered pledgee or the registered owner of an uncertificated security, a person who originates an instruction of release or transfer to the debtor or, after payment and on order of the debtor, a transfer instruction to a third person, warrants to the debtor or the third person only that he is an appropriate person to originate the instruction and, at the time the instruction is presented to the issuer, the transferor will be entitled to the registration of release or transfer. If a transfer instruction to a third person who is a purchaser for value is originated on order of the debtor, the debtor makes to the purchaser the warranties of paragraphs (b), (c)(ii) and (c)(iii) of subsection (7).

(9) A person who transfers an uncertificated security to a pur-
chaser for value and does not originate an instruction in connection with the transfer warrants only that:

(a) his transfer is effective and rightful; and
(b) the uncertificated security is valid.

(510) A broker gives to his customer and to the issuer and a purchaser the applicable warranties provided in this section and has the rights and privileges of a purchaser under this section. The warranties of and in favor of the broker, acting as an agent are in addition to applicable warranties given by and in favor of his customer.

SECTION 22. That Section 28-8-307, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-307. EFFECT OF DELIVERY WITHOUT INDORSEMENT -- RIGHT TO COMPEL INDORSEMENT. Where a certificated security in registered form has been delivered to a purchaser without a necessary indorsement he may become a bona fide purchaser only as of the time the indorsement is supplied; but against the transferor, the transfer is complete upon delivery and the purchaser has a specifically enforceable right to have any necessary indorsement supplied.

SECTION 23. That Part 3, Chapter 8, Title 28, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 28-8-308, Idaho Code, and to read as follows:

(2) An indorsement may be in blank or special. An indorsement in blank includes an indorsement to bearer. A special indorsement specifies to whom the security is to be transferred, or who has power to transfer it. A holder may convert a blank indorsement into a special indorsement.

(3) An indorsement purporting to be only of part of a certificated security representing units intended by the issuer to be separately transferable is effective to the extent of the indorsement.

(4) An "instruction" is an order to the issuer of an uncertificated security requesting that the transfer, pledge, or release from pledge of the uncertificated security specified therein be registered.

(5) An instruction originated by an appropriate person is:

(a) a writing signed by an appropriate person; or
(b) a communication to the issuer in any form agreed upon in a writing signed by the issuer and an appropriate person.

If an instruction has been originated by an appropriate person but is incomplete in any other respect, any person may complete it as authorized and the issuer may rely on it as completed even though it has been completed incorrectly.

(6) "An appropriate person" in subsection (1) means the person
specified by the certificated security or by special indorsement to be entitled to the security.

(7) "An appropriate person" in subsection (5) means:
(a) for an instruction to transfer or pledge an uncertificated security which is then not subject to a registered pledge, the registered owner; or
(b) for an instruction to transfer or release an uncertificated security which is then subject to a registered pledge, the registered pledgee.

(8) In addition to the persons designated in subsections (6) and (7), "an appropriate person" in subsections (1) and (5) includes:
(a) if the person designated is described as a fiduciary but is no longer serving in the described capacity, either that person or his successor;

(11) Failure of a fiduciary to comply with a controlling instrument or with the law of the state having jurisdiction of the fiduciary relationship, including any law requiring the fiduciary to obtain court approval of the transfer, pledge, or release, does not render his indorsement or an instruction originated by him unauthorized for the purposes of this chapter.

SECTION 24. That Section 28-8-309, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-309. EFFECT OF INDORESEMENT WITHOUT DELIVERY. SECTION 25. That Section 28-8-310, Idaho Code, be, and the same is hereby amended to read as follows:

28-8-310. INDOREMENT OF CERTIFICATED SECURITY IN BEARER FORM. An indorsement of a certificated security in bearer form may give notice of adverse claims (section 28-8-304) but does not otherwise affect any right to registration the holder may possess.

(b) an issuer who registers the transfer of a certificated security upon the unauthorized indorsement or who registers the transfer, pledge, or release of an uncertificated security upon the unauthorized instruction is subject to liability for improper registration (section 28-8-404).

SECTION 27. That Part 3, Chapter 8, Title 28, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 28-8-312, Idaho Code, and to read as follows:

(a) the signature was genuine;
(b) the signer was an appropriate person to indorse (section 28-8-308); and
(c) the signer had legal capacity to sign.

(2) Any person guaranteeing a signature of the originator of an instruction warrants that at the time of signing:

(a) the signature was genuine;
(b) the signer was an appropriate person to originate the instruction (section 28-8-308) if the person specified in the instruction as the registered owner or registered pledgee of the uncertificated security was, in fact, the registered owner or registered pledgee of the security, as to which fact the signature guarantor makes no warranty;
(c) the signer had legal capacity to sign; and
(d) the taxpayer identification number, if any, appearing on the
instruction as that of the registered owner or registered pledgee was the taxpayer identification number of the signer or of the owner or pledgee for whom the signer was acting.

(a) the person specified in the instruction as the registered owner or registered pledgee of the uncertificated security will be the registered owner or registered pledgee; and

(b) the transfer, pledge, or release of the uncertificated security requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction.

(4) The guarantor under subsections (1) and (2) or the special guarantor under subsection (3) does not otherwise warrant the fullfulness of the particular transfer, pledge, or release.

(5) Any person guaranteeing an indorsement of a certificated security makes not only the warranties of a signature guarantor under subsection (1) but also warrants the rightfulness of the particular transfer in all respects.

(6) Any person guaranteeing an instruction requesting the transfer, pledge, or release of an uncertificated security makes not only the warranties of a special signature guarantor under subsection (3) but also warrants the rightfulness of the particular transfer, pledge, or release in all respects.

(7) No issuer may require a special guarantee of signature (subsection (3)), a guarantee of indorsement (subsection (5)), or a guarantor of instruction (subsection (6)) as a condition to registration of transfer, pledge, or release.

(8) The foregoing warranties are made to any person taking or dealing with the security in reliance on the guarantee, and the guarantor is liable to the person for any loss resulting from breach of the warranties.

SECTION 28. That Part 3, Chapter 8, Title 28, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 28-8-313, Idaho Code, and to read as follows:

28-8-313. WHEN TRANSFER TO PURCHASER OCCURS -- FINANCIAL INTERMEDIARY AS BONA FIDE PURCHASER -- "FINANCIAL INTERMEDIARY". (1) Transfer of a security or a limited interest (including a security interest) therein to a purchaser occurs only:

(a) at the time he or a person designated by him acquires possession of a certificated security;

(b) at the time the transfer, pledge, or release of an uncertificated security is registered to him or a person designated by him;

(f) with respect to a specific uncertificated security the pledge or transfer of which has been registered to a third person, not a financial intermediary, at the time that person acknowledges that he holds for the purchaser;

(g) at the time appropriate entries to the account of the purchaser or a person designated by him on the books of a clearing corporation are made under section 28-8-320;

(h) with respect to the transfer of a security interest where the debtor has signed a security agreement containing a description of the security, at the time a written notification, which, in the case of the creation of the security interest, is signed by the debtor (which may be a copy of the security agreement) or which, in the case of the release or assignment of the security interest created pursuant to this paragraph, is signed by the secured party, is received by:
   (i) a financial intermediary on whose books the interest of the transferor in the security appears;
   (ii) a third person, not a financial intermediary, in possession of the security, if it is certificated;

However, as between the financial intermediary and the purchaser the purchaser may demand transfer of an equivalent security as to which no notice of adverse claim has been received.

(4) A "financial intermediary" is a bank, broker, clearing corporation, or other person (or the nominee of any of them), which in the ordinary course of its business maintains security accounts for its customers and is acting in that capacity. 28-8-313(1) becomes unperfected after twenty-one (21) days unless,

of any registered pledgee and the number of shares or units subject to the pledge; and
(e) a notation of any liens and restrictions of the issuer and any adverse claims (as to which the issuer has a duty under subsection (4) of section 28-8-403) to which the uncertificated security is or may be subject or a statement that there are none of those liens, restrictions, or adverse claims.

(7) At periodic intervals no less frequent than annually and at any time upon the reasonable written request of the registered pledgee, the issuer shall send to the registered pledgee of each uncertificated security a dated written statement containing:
(a) a description of the issue of which the uncertificated security is a part;
(b) the name and address and any taxpayer identification number of the registered owner;
(c) the name and address and any taxpayer identification number of the registered pledgee;
(d) the number of shares or units subject to the pledge; and
(e) a notation of any liens and restrictions of the issuer and any adverse claims (as to which the issuer has a duty under subsection (4) of section 28-8-403) to which the uncertificated security is or may be subject or a statement that there are none of those liens, restrictions, or adverse claims.

(8) If the issuer sends the statements described in subsections (6) and (7) at periodic intervals no less frequent than quarterly, the issuer is not obliged to send additional statements upon request unless the owner or pledgee requesting them pays to the issuer the reasonable cost of furnishing them.

(9) Each statement sent pursuant to this section must bear a conspicuous legend reading substantially as follows: "This statement is merely a record of the rights of the addressee as of the time of its issuance. Delivery of this statement, of itself, confers no rights on the recipient. This statement is neither a negotiable instrument nor a security."

SECTION 45. That Section 28-9-103, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-103. PERFECTION OF SECURITY INTERESTS IN MULTIPLE STATE TRANSACTIONS. (1) Documents, instruments and ordinary goods. (a) This subsection applies to documents and instruments and to goods other than those covered by a certificate of title described in subsection (2), mobile goods described in subsection (3), and minerals described in subsection (5).
(b) Except as otherwise provided in this subsection, the validity, perfection and the effect of perfection or nonperfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.
(c) If the parties to a transaction creating a purchase money security interest in goods in one jurisdiction understand at the
time that the security interest attaches that the goods will be kept in another jurisdiction, then the law of the other jurisdiction governs the validity, perfection and the effect of perfection or nonperfection of the security interest from the time it attaches until thirty (30) days after the debtor receives possession of the goods and thereafter if the goods are taken to the other jurisdiction before the end of the thirty (30) day period. (d) When collateral is brought into and kept in this state while subject to a security interest perfected under the law of the jurisdiction from which the collateral was removed, the security interest remains perfected, but if action is required by part 3 of this chapter to perfect the security interest, (i) if the action is not taken before the expiration of the period of perfection in the other jurisdiction or the end of four (4) months after the collateral is brought into this state, whichever period first expires, the security interest becomes unperfected at the end of that period and is thereafter deemed to have been unperfected as against a person who became a purchaser after removal; (ii) if the action is taken before the expiration of the period specified in subparagraph (i), the security interest continues perfected thereafter; (iii) for the purpose of priority over a buyer of consumer goods (subsection (2) of section 28-9-307), the period of the effectiveness of a filing in the jurisdiction from which the collateral is removed is governed by the rules with respect to perfection in subparagraphs (i) and (ii).

(2) Certificate of title. (a) This subsection applies to goods covered by a certificate of title issued under a statute of this state or of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection.

(b) Except as otherwise provided in this subsection, the validity, perfection and the effect of perfection or nonperfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four (4) months after the goods are removed from that jurisdiction and thereafter until the goods are registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.

(c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this state and thereafter covered by a certificate of title issued by this state is subject to the rules stated in paragraph (d) of subsection (1).

(d) If goods are brought into this state while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this state and the certificate does not show
that the goods are subject to the security interest or that they may be subject to security interests not shown on the certificate, the security interest is subordinate to the rights of a buyer of the goods who is not in the business of selling goods of that kind to the extent that he gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest.

(3) Accounts, general intangibles and mobile goods. (a) This subsection applies to accounts (other than an account described in subsection (5) on minerals) and general intangibles other than uncertified securities and to goods which are mobile and which are of a type normally used in more than one jurisdiction, such as motor vehicles, trailers, rolling stock, airplanes, shipping containers, road building and construction machinery and commercial harvesting machinery and the like, if the goods are equipment or are inventory leased or held for lease by the debtor to others, and are not covered by a certificate of title described in subsection (2).

(b) The law (including the conflict of laws rules) of the jurisdiction in which the debtor is located governs the validity, perfection and the effect of perfection or nonperfection of the security interest.

(c) If, however, the debtor is located in a jurisdiction which is not a part of the United States, and which does not provide for perfection of the security interest by filing or recording in that jurisdiction, the law of the jurisdiction in the United States in which the debtor has its major executive office in the United States governs the validity, perfection and the effect of perfection or nonperfection of the security interest through filing. In the alternative, if the debtor is located in a jurisdiction which is not a part of the United States or Canada and the collateral is accounts or general intangibles for money due or to become due, the security interest may be perfected by notification to the account debtor. As used in this paragraph, "United States" includes its territories and possessions and the Commonwealth of Puerto Rico.

(d) A debtor shall be deemed located at his place of business if he has one, at his chief executive office if he has more than one place of business, otherwise at his residence. If, however, the debtor is a foreign air carrier under the Federal Aviation Act of 1958, as amended, it shall be deemed located at the designated office of the agent upon whom service of process may be made on behalf of the foreign air carrier.

(e) A security interest perfected under the law of the jurisdiction of the location of the debtor is perfected until the expiration of four (4) months after a change of the debtor's location to another jurisdiction, or until perfection would have ceased by the law of the first jurisdiction, whichever period first expires. Unless perfected in the new jurisdiction before the end of that period, it becomes unperfected thereafter and is deemed to have been unperfected as against a person who became a purchaser after the change.
(4) Chattel paper. The rules stated for goods in subsection (1) apply to a possessory security interest in chattel paper. The rules stated for accounts in subsection (3) apply to a nonpossessory security interest in chattel paper, but the security interest may not be perfected by notification to the account debtor.

(5) Minerals. The validity, perfection and the effect of perfection or nonperfection of a security interest which is created by a debtor who has an interest in minerals or the like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead are governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located.

(6) Uncertificated securities. The law, including the conflict of laws rules, of the jurisdiction of organization of the issuer governs the perfection and the effect of perfection or nonperfection of a security interest in uncertificated securities.

SECTION 46. That Section 28-9-105, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-105. DEFINITIONS AND INDEX OF DEFINITIONS. (1) In this chapter unless the context otherwise requires:
(a) "Account debtor" means the person who is obligated on an account, chattel paper or general intangible;
(b) "Chattel paper" means a writing or writings which evidence both a monetary obligation and a security interest in or lease of specific goods, but a charter or other contract involving the use or hire of a vessel is not chattel paper. When a transaction is evidenced both by such a security agreement or a lease and by an instrument or a series of instruments, the group of writings taken together constitutes chattel paper;
(c) "Collateral" means the property subject to a security interest, and includes accounts and chattel paper which have been sold;
(d) "Debtor" means the person who owes payment or other performance of the obligation secured, whether or not he owns or has rights in the collateral, and includes the seller of accounts or chattel paper. Where the debtor and the owner of the collateral are not the same person, the term "debtor" means the owner of the collateral in any provision of the chapter dealing with the collateral, the obligor in any provision dealing with the obligation, and may include both where the context so requires;
(e) "Deposit account" means a demand, time, savings, passbook or like account maintained with a bank, savings and loan association, credit union or like organization, other than an account evidenced by a certificate of deposit;
(f) "Document" means document of title as defined in the general definitions of chapter 1 (section 28-1-201), and a receipt of the kind described in subsection (2) of section 28-7-201;
(g) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests;
(h) "Goods" includes all things which are movable at the time the security interest attaches or which are fixtures (section 28-9-313), but does not include money, documents, instruments, accounts, chattel paper, general intangibles, or minerals or the like (including oil and gas) before extraction. "Goods" also include standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals and growing crops;

(i) "Instrument" means a negotiable instrument (defined in section 28-3-104), or a certificated security (defined in section 28-8-102) or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of business transferred by delivery with any necessary indorsement or assignment;

(j) "Mortgage" means a consensual interest created by a real estate mortgage, a trust deed on real estate, or the like;

(k) An advance is made "pursuant to commitment" if the secured party has bound himself to make it, whether or not a subsequent event of default or other event not within his control has relieved or may relieve him from his obligation;

(l) "Security agreement" means an agreement which creates or provides for a security interest;

(m) "Secured party" means a lender, seller or other person in whose favor there is a security interest, including a person to whom accounts or chattel paper have been sold. When the holders of obligations issued under an indenture of trust, equipment trust agreement or the like are represented by a trustee or other person, the representative is the secured party;

(n) "Transmitting utility" means any person primarily engaged in the railroad, street railway or trolley bus business, the electric or electronics communications transmission business, the transmission of goods by pipeline, or the transmission or the production and transmission of electricity, steam, gas or water, or the provision of sewer service.

SECTION 47. That Section 28-9-203, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-203. ATTACHMENT AND ENFORCEABILITY OF SECURITY INTEREST -- PROCEEDS -- FORMAL REQUISITES. (1) Subject to the provisions of section 28-4-208; on the security interest of a collecting bank, section 28-8-321 on security interest in securities and section 28-9-113, on a security interest arising under the chapter on sales, a security interest is not enforceable against the debtor or third parties (with respect to the collateral and does not attach) unless:

(a) the collateral is in the possession of the secured party pursuant to agreement, or the debtor has signed a security agreement which contains a description of the collateral and in addition, when the security interest covers crops growing or to be grown or timber to be cut, a description of the land concerned; and

(b) value has been given; and

(c) the debtor has rights in the collateral.

(2) A security interest attaches when it becomes enforceable against the debtor with respect to the collateral. Attachment occurs as soon as all of the events specified in subsection (1) have taken place unless explicit agreement postpones the time of attaching.

(3) Unless otherwise agreed a security agreement gives the secured party the rights to proceeds provided by section 28-9-306.

(4) A transaction, although subject to this chapter, is also subject to the Uniform Consumer Credit Code and the credit unions statute, chapter 21, title 26, Idaho Code, and usury provisions, (sections 28-22-105, 28-22-106 and 28-22-107), and in the case of conflict between the provisions of this chapter and any such statute, the provisions of such statute control. Failure to comply with any applicable statute has only the effect which is specified therein.

SECTION 48. That Section 28-9-302, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-302. WHEN FILING IS REQUIRED TO PERFECT SECURITY INTEREST -- SECURITY INTERESTS TO WHICH FILING PROVISIONS OF THIS CHAPTER DO NOT APPLY. (1) A financing statement must be filed to perfect all security interests except the following:

(a) a security interest in collateral in possession of the secured party under section 28-9-305;

(b) a security interest temporarily perfected in instruments or
documents without delivery under section 28-9-304 or in proceeds for a 10 day period under section 28-9-306;
(c) a security interest created by an assignment of a beneficial interest in a trust or a decedent's estate;
(d) a purchase money security interest in consumer goods; but filing is required for a motor vehicle required to be registered; and fixture filing is required for priority over conflicting interests in fixtures to the extent provided in section 28-9-313;
(e) an assignment of accounts which does not alone or in conjunction with other assignments to the same assignee transfer a significant part of the outstanding accounts of the assignor;
(f) a security interest of a collecting bank (section 28-4-208) or in securities (section 28-8-321) or arising under the chapter on Sales (see section 28-9-113) or covered in subsection (3) of this section.
(g) an assignment for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder.
(h) A security interest in timber retained by the state of Idaho.
(2) If a secured party assigns a perfected security interest, no filing under this chapter is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing of a financing statement otherwise required by this chapter is not necessary or effective to perfect a security interest in property subject to
(a) a statute or treaty of the United States which provides for a national or international registration or a national or international certificate of title or which specifies a place of filing different from that specified in this chapter for filing of the security interest; or
(b) chapter 4, title 49, Idaho Code, but during any period in which collateral is inventory held for sale by a person who is in the business of selling goods of that kind, the filing provisions of part 4, chapter 9, title 28, apply to a security interest in that collateral created by him as debtor; or
(c) a certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection (subsection (2) of section 28-9-103).

(4) Compliance with a statute or treaty described in subsection (3) is equivalent to the filing of a financing statement under this chapter, and a security interest in property subject to the statute or treaty can be perfected only by compliance therewith except as provided in section 28-9-103 on multiple state transactions. Duration and renewal of perfection of a security interest perfected by compliance with the statute or treaty are governed by the provisions of the statute or treaty; in other respects the security interest is subject to this chapter.

(5) The filing provisions of this chapter do not apply to a security interest in personal property or fixtures of any utility company, as hereinafter defined, which security interest is created by a mortgage, deed of trust or other security agreement which also covers
real property situated in the state of Idaho and which has been filed for record in accordance with the laws of Idaho governing deeds of trust and mortgages on real property. Such security interest shall be perfected by such filing, whether such filing shall have been accomplished before or after the effective date set out in section 28-10-101; and such security interest shall be and remain effective, both as to the personal property or fixtures covered by the security interest at the time that it is perfected and as to personal property or fixtures which may subsequently be covered by the security interest under any after-acquired property provision of the mortgage, deed of trust, or other security agreement creating the security interest, as long as such mortgage, deed of trust or other security agreement shall remain in effect, without the necessity for any refiling under the provisions of this chapter 9.

Except as provided in the preceding paragraph of this subsection (5) notwithstanding anything in this chapter 9 or any other law to the contrary, the proper place to file a financing statement in order to perfect a security interest in personal property or fixtures of a utility company, as hereinafter defined, is in the office of the secretary of state; and the security interest covered by the financing statement shall continue perfected, both as to the personal property or fixtures covered by the security interest at the time that it is perfected and as to personal property or fixtures which may subsequently be covered by the security interest under any after-acquired property provision of the security agreement creating the security interest, without the necessity for any refiling or filing of a continuation statement under the provisions of this chapter 9, for as long as may be provided for in the security agreement creating the security interest. When the financing statement covers goods of a utility company as hereinafter defined, which goods are or are to become fixtures, no description of the real estate concerned or the name of the record owner or record lessee thereof is required.

A "utility company" shall mean any person, corporation, association, or other entity, foreign or domestic, primarily engaged in the railroad or street railway business; the ownership or operation of wires, or cables, used in the transmission or distribution of telephone, telegraph or television signals or any other information or data; the transmission or distribution of oil, gas or petroleum products by pipeline; or the generation, production, transmission or distribution of electric energy, steam, gas or water, whether its activities be interstate or intrastate.

SECTION 49. That Section 28-9-304, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-304. PERFECTION OF SECURITY INTEREST IN INSTRUMENTS, DOCUMENTS, AND GOODS COVERED BY DOCUMENTS -- PERFECTION BY PERMISSIVE FILING -- TEMPORARY PERFECTION WITHOUT FILING OR TRANSFER OF POSSESSION. (1) A security interest in chattel paper or negotiable documents may be perfected by filing. A security interest in money or instruments (other than certificated securities or instruments which constitute part of chattel paper) can be perfected only by the secured
party's taking possession, except as provided in subsections (4) and (5) of this section and subsections (2) and (3) of section 28-9-306 on proceeds.

(2) During the period that goods are in the possession of the issuer of a negotiable document therefor, a security interest in the goods is perfected by perfecting a security interest in the document, and any security interest in the goods otherwise perfected during such period is subject thereto.

(3) A security interest in goods in the possession of a bailee other than one who has issued a negotiable document therefor, is perfected by issuance of a document in the name of the secured party or by the bailee's receipt of notification of the secured party's interest or by filing as to the goods.

(4) A security interest in instruments, other than certificated securities, or negotiable documents is perfected without filing or the taking of possession for a period of 21 days from the time it attaches to the extent that it arises for new value given under a written security agreement.

(5) A security interest remains perfected for a period of 21 days without filing where a secured party having a perfected security interest in an instrument, (other than a certificated security), a negotiable document or goods in possession of a bailee other than one who has issued a negotiable document therefor

(a) makes available to the debtor the goods or documents representing the goods for the purpose of ultimate sale or exchange or for the purpose of loading, unloading, storing, shipping, transshipping, manufacturing, processing or otherwise dealing with them in a manner preliminary to their sale or exchange, but priority between conflicting security interests in the goods is subject to subsection (3) of section 28-9-312; or

(b) delivers the instrument to the debtor for the purpose of ultimate sale or exchange or of presentation, collection, renewal or registration of transfer.

(6) After the 21 day period in subsections (4) and (5) perfection depends upon compliance with applicable provisions of this chapter.

SECTION 50. That Section 28-9-305, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-305. WHEN POSSESSION BY SECURED PARTY PERFECTS SECURITY INTEREST WITHOUT FILING. A security interest in letters of credit and advices of credit (subsection (2)(a) of section 28-5-116), goods, instruments, (other than certificated securities), money, negotiable documents or chattel paper may be perfected by the secured party's taking possession of the collateral. If such collateral other than goods covered by a negotiable document is held by a bailee, the secured party is deemed to have possession from the time the bailee receives notification of the secured party's interest. A security interest is perfected by possession from the time possession is taken without relation back and continues only so long as possession is retained, unless otherwise specified in this chapter. The security interest may be otherwise perfected as provided in this chapter before
or after the period of possession by the secured party.

SECTION 51. That Section 28-9-309, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-309. PROTECTION OF PURCHASERS OF INSTRUMENTS AND DOCUMENTS AND SECURITIES. Nothing in this chapter limits the rights of a holder in due course of a negotiable instrument (section 28-3-302) or a holder to whom a negotiable document of title has been duly negotiated (section 28-7-501) or a bona fide purchaser of a security (section 28-8-3012) and such holders or purchasers take priority over an earlier security interest even though perfected. Filing under this chapter does not constitute notice of the security interest to such holders or purchasers.

SECTION 52. That Section 28-9-312, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-312. PRIORITY AMONG CONFLICTING SECURITY INTEREST IN THE SAME COLLATERAL. (1) The rules of priority stated in other sections of this part and in the following sections shall govern when applicable: section 28-4-208 with respect to the security interests of collecting banks in items being collected, accompanying documents and proceeds; section 28-9-103 on security interests related to other jurisdictions; section 28-9-114 on consignments.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three (3) months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six (6) months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if
(a) the purchase money security interest is perfected at the time the debtor receives possession of the inventory; and
(b) the purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii) before the beginning of the twenty-one (21) day period where the purchase money security interest is temporarily perfected without filing or possession (subsection (5) of section 28-9-304); and
(c) the holder of the conflicting security interest receives the notification within five (5) years before the debtor receives possession of the inventory; and
(d) the notification states that the person giving the notice has or expects to acquire a purchase money security interest in inven-
ory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within ten (10) days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) so long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subsection (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing or, the taking of possession, or under section 28-8-321 to securities, the security interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.

Approved March 21, 1985.

lawful inspection, the department may give notice to the warehouseman to comply with all or any of the following requirements:

(a) Cover such shortage;
(b) Give an additional bond as requested by the department; or

(a) Authorizing the department to seize and take possession of any or all agricultural products in the warehouse or warehouses owned, operated, or controlled by the warehouseman, and of all books, papers and property of all kinds used in connection with the conduct or the operation of the warehouse business, and any materials which pertain in any way to that business; and
(b) Enjoining the warehouseman from interfering with the department in the discharge of its duties as required by the provisions of this section.

(3) Upon taking possession, the department shall give written notice of its action to the surety on the bond of the warehouseman and may notify the holders of record, as shown by the warehouseman's records, of all warehouse receipts or scale weight tickets issued for agricultural products, to present their warehouse receipt or other evidence of deposits for inspection or to account for the same. The department may thereupon cause an audit to be made of the affairs of such warehouse including, but not limited to, the agricultural products in which there is an apparent shortage, to determine the amount of such shortage and compute the shortage as to each depositor as shown by the warehouseman's records, if possible. The department shall notify the warehouseman and the surety on his bond of the approximate amount of such shortage and notify each depositor thereby affected by sending notices to the depositor's last known address as shown by the records of the warehouseman.

(4) The department shall retain possession of the agricultural products in the warehouse or warehouses, and the books, papers, and property of the warehouseman, until such time as the warehouseman or the surety on the bond shall have satisfied the claims of all holders of warehouse receipts or other evidence of deposits or, in case the shortage exceeds the amount of the bond, the surety on the bond shall have satisfied such claims pro rata, or until such time as the department is ordered by the court to surrender possession.

(5) If during or after the audit provided for in this section, or at any other time the department has evidence that the warehouseman is insolvent or is unable to satisfy the claims of all holders of warehouse receipts or other evidence of deposits, the department may petition the district court for the appointment of a receiver to operate or liquidate the business of the warehouseman in accordance with the law.

(6) At any time within ten (10) days after the department takes
possession of any agricultural products, or the books, papers, or property of any warehouse, the warehouseman may serve notice on the department to appear in the district court of the county in which the warehouse is located, at a time to be fixed by the court, and show cause why the agricultural products, books, papers and other property should not be restored to his possession.

(7) All necessary expenses incurred by the department in carrying out the provisions of this section may be recovered in a separate civil action brought by the department in district court or recovered at the same time and as part of the receivership or seizure action filed under the provisions of this chapter.

(8) As a part of the expenses so incurred, the department or the receiver is authorized to include the cost of adequate liability insurance necessary to protect the department, its officers, and others engaged in carrying out the provisions of this section.

Any person who does not take a test to determine alcohol concentration or whose test result is determined by the court to be unreliable or inadmissible against him, may be prosecuted for driving or being in actual physical control of a motor vehicle while under the influence of alcohol, drugs, or any other intoxicating substances, on other competent evidence.

The fact that any person charged with a violation of the provisions of this subsection is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of a violation of the provisions of this subsection.

(6) "Actual physical control" as used in this section, shall be defined as being in the driver's position of the motor vehicle with the motor running or with the motor vehicle moving.

(7) Notwithstanding any other provision of law, any evidence of conviction under this section shall be admissible in any civil action for damages resulting from the occurrence. Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-1210, Idaho Code, be, and the same is hereby amended to read as follows:

67-1210. INVESTMENT OF IDLE MONEYS. It shall be the duty of the state treasurer to invest idle moneys in the state treasury, other than moneys in public endowment funds, in any of the following:

(a) Bonds, treasury bills, interest-bearing notes, or other obligations of the United States, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(b) General obligation or revenue bonds of this state, or those for which the faith and credit of this state are pledged for the payment of principal and interest.

(c) General obligation or revenue bonds of any county, city, metropolitan water district, municipal utility district, school district or other taxing district of this state.

(d) Notes, bonds, debentures, or other similar obligations issued by the Farm Credit System or institutions forming a part thereof under the Farm Credit Act of 1971 [U.S.C., tit. 12, sections 2001-2259] and all Acts of Congress amendatory thereof or supplementary thereto; in bonds or debentures of the Federal Home Loan Bank Board established under the Federal Home Loan Bank Act [U.S.C., tit. 12, sections 1421-1449]; in bonds, debentures and other obligations of the Federal National Mortgage Association established under the National Housing Act [U.S.C., tit. 12, sections 1701-1750g] as amended, and in the bonds of any federal home loan bank established under said act and in other obligations of agencies or instrumentalities of the government of the state of Idaho or of the United States.

(e) Repurchase agreements covered by any legal investment for the state of Idaho.
(f) Tax anticipation notes and registered warrants of the state of Idaho.

(g) Time deposit accounts and savings accounts in state depositories including, but not limited to, accounts on which interest or dividends are paid and upon which negotiable orders of withdrawal may be drawn, and similar transaction accounts.

(h) Time deposit accounts and savings accounts of state or federal savings and loan associations located within the geographical boundaries of the state in amounts not to exceed the insurance provided by the Federal Savings and Loan Insurance Corporation including, but not limited to, accounts on which interest or dividends are paid and upon which negotiable orders of withdrawal may be drawn, and similar transaction accounts.

(i) Revenue bonds of institutions of higher education of the state of Idaho.

The term "idle moneys" means the balance of cash and other evidences of indebtedness which are accepted by banks as cash in the ordinary course of business, in demand deposit accounts, after taking into consideration all deposits and withdrawals, on a daily basis.

The interest received on all such investments, unless otherwise specifically required by law, shall be paid into the general fund account of the state of Idaho. Provided, unless otherwise specifically provided by statute, funds received by the state pursuant to a federal law, regulation, or federal-state agreement which governs disposition of interest earned upon such funds shall be classified in the agency asset fund provided by section 57-811, Idaho Code. Any interest earned upon such funds shall be accounted for separately to give effect to the federal law, regulation, or federal-state agreement.

If the interest is to be credited to a separate account, to partially compensate for the amount of interest the general account would otherwise receive if such separate investment were not required, the state treasurer shall charge the account an investment administration fee equal to one-quarter of one percent (.25%) per year of the average daily balance of the account, including separate investments, if any, of that account. The fee may be charged monthly in an amount approximately one-twelfth of the fee which would be payable on an annual basis. The amount of the investment administration fee shall constitute an appropriation from the account for which the investment administration services are rendered.

To partially compensate for the interest the general account has lost when such interest was diverted to certain state funds or accounts by statute authorizing them to be invested individually and receive their own interest, the state treasurer shall charge an investment administration fee to each such state fund or account, other than the general account, which receives investment income from investments administered by the office of state treasurer. The investment administration fee shall be equal to one-quarter of one percent (.25%) per year of the average daily balance of the fund or account, including separate investments, if any, of that fund or account. The fee may be charged monthly in an amount approximately one-twelfth of the fee which would be payable on an annual basis. The amount of the investment administration fee shall constitute an appropriation from
the fund or account for which the investment administration services are rendered.

The term "to invest" means to use the idle moneys in the state treasury to buy, sell, including selling before maturity at either a gain or a loss, retain, or exchange any of the investments described in this section, considering the probable safety of the capital, the probable income to be derived, and the liquidity of the assets.

CHAPTER 12
ENFORCEMENT OF CHILD SUPPORT ORDERS

7-1201. STATEMENT OF LEGISLATIVE FINDINGS. The legislature of the state of Idaho finds that a significant number of people who are owed child support are not paid in accordance with the terms of their child support orders; that this causes a severe financial hardship upon custodial parents and constitutes a significant detriment to the rearing and support of minor children whom the orders intended to support. Further, P.L. 98-378 requires each state to implement statutorily prescribed procedures to improve the effectiveness of child support enforcement. The collection remedies required by federal law are enacted in section 7-1203, Idaho Code.

7-1202. DEFINITIONS. As used in this chapter:
(1) "Bureau" means the bureau of child support enforcement, department of health and welfare of the state of Idaho.
(2) "Current support" means the present month's required support pursuant to an order that is to be paid in increments, excluding amounts ordered to satisfy a delinquency.
(3) "Delinquency" means unpaid, court-ordered support for a minor child or spouse, the amount of which is at least equal to the support payable for one (1) month.
(4) "Obligee" means any person, state agency or bureau entitled by order to receive child support payments or child and spousal support payments.
(5) "Obligor" means any person obligated by order to pay child or spousal support.
(6) "Order" means a judgment, decree, order, or administrative
ruling entered by a court in the United States directing a person or persons to pay money for support of a minor child or a spouse.

(7) "Income" means any form of periodic payment to an individual, regardless of source, including, but not limited to, wages, salary, commission, compensation as an independent contractor, workers' compensation, disability, veteran's annuity and retirement benefits, and any other payments made by any person, private entity, federal or state government, any unit of local government, school district or any entity created by a public act.

(8) "Withholding order" means any order issued by the bureau ordering an employer to retain an amount of the obligor's income for child support or spousal support.

(9) "Spousal support" means a legally enforceable obligation assessed against an individual for the support of a spouse or former spouse who is living with a child or children for whom the individual also owes support.

7-1203. AVAILABLE REMEDIES. In addition to other remedies available to the bureau or obligee, collection of any delinquency from an obligor on behalf of an obligee shall be accomplished through any of the following means:

(1) The bureau shall intercept and withhold tax refunds to satisfy child support obligations pursuant to section 56-203D, Idaho Code.

(2) The bureau shall intercept and withhold a portion of any unemployment benefit payable to an obligor pursuant to section 72-1365, Idaho Code.

(3) The bureau shall administer a program to withhold a portion of an obligor's income for the benefit of the obligee pursuant to this chapter.

(4) The bureau shall intercept and withhold a portion of any veteran's benefits payable to an obligor pursuant to state or federal law.

7-1204. WITHHOLDING OF INCOME -- APPLICATION, NOTICE AND HEARING.

(1) Any obligee who is owed a delinquency as defined in section 7-1202(3), Idaho Code, may apply to the bureau to seek withholding of the obligor's income by the obligor's employer for payment of the delinquency and current support. Additionally, any obligor who is required by order to pay child or spousal support may request that the bureau obtain withholding of the obligor's income by the obligor's employer for payment of current support and delinquency, if any.

(2) If an obligor is employed in the state of Idaho, the bureau shall give notice to the obligor by certified mail that an application has been made to withhold from the obligor's income any delinquency and/or current support due and owing to the obligee. Such notice shall inform the obligor that he/she may file a protest in writing requesting a hearing before the department of health and welfare. No issues at that hearing may be considered that have been litigated previously.

(3) If the obligor is employed in any other state, the bureau shall forward to the state agency which has the responsibility for the administration of income withholding in the state in which the obligor
is employed, all information required by that state agency to enable withholding of the obligor's income.

(4) If the obligor requests a hearing, in writing, postmarked or received by the department of health and welfare within fourteen (14) days after such notice has been mailed (not to include Saturday, Sunday or holidays as the 14th day) to protest the withholding of income for the benefit of the obligee, the department of health and welfare shall hold a hearing within thirty-five (35) days after the initial notice to the obligor. Additionally, the department of health and welfare shall immediately notify the obligee of the date, time and place of hearing and of the obligee's right to attend the hearing. The issues to be considered at the hearing shall be limited to mistakes of fact. The department of health and welfare shall issue its decision within forty-five (45) days of the initial notice. The decision may confirm, modify or deny the amount of any delinquency to be withheld.

(5) If the obligor files no timely protest, or after a hearing is held and decision is entered, the obligor is found to be delinquent in child or spousal support payments, the bureau shall send an order by certified mail to the employer of the obligor. The employer shall immediately begin withholding the sum specified in the order from the obligor's income and shall remit the amount withheld to the entity designated on the notice at the same time the obligor is paid. The employer shall continue to withhold the sum specified in the order until the order is either released or modified by written order of the bureau.

(6) The employer may combine all amounts withheld for a particular entity in a pay period into a single payment for that pay period, as long as the portion thereof which is attributable to each individual employee is separately designated. The employer may deduct a fee, not to exceed five dollars ($5.00), to cover costs of each withholding. Such fee is to be withheld from the obligor's income in addition to the amount to be withheld to satisfy the withholding order.

(7) Income withholding for child support shall have priority over any other attachment against the same income.

(8) In no event shall the amount to be withheld from the income of the obligor exceed the amount specified in section 11-207, Idaho Code.

7-1205. EMPLOYER LIABLE -- EXCEPTION. (1) Any employer who fails to retain and remit to the bureau an amount pursuant to the withholding order shall be liable for the amount to be retained specified in the withholding order to the bureau unless:

(a) The employer notifies the bureau that the obligor is not in his employ and the bureau upon investigation verifies the obligor's nonemployment with the employer and withdraws its order; or

(b) The obligor's income is not sufficient and therefore the restrictions in section 11-207, Idaho Code, apply and a lesser amount must be withheld.

(2) Any employer who refuses to employ, or takes disciplinary action against any absent parent subject to income withholding required under this subsection because of the existence of such with-
holding and the obligations or additional obligations which it imposes upon the employer, shall be subject to a fine of one thousand dollars ($1,000), which is a debt due and owing to the bureau.

(3) The employer shall notify the state promptly of the termination of the obligor’s employment and provide the individual’s last known address and the name and address of the individual’s new employer, if known.

SECTION 2. That Section 56-203D, Idaho Code, be, and the same is hereby amended to read as follows:

(a) An urban renewal agency may sell, lease, or otherwise transfer real property or any interest therein acquired by it for an urban renewal project, and may enter into contracts with respect thereto, in an urban renewal area for residential, recreational, commercial, industrial, educational or other uses or for public use, or may retain such property or interest for public use, in accordance with the urban renewal plan, subject to such covenants, conditions and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of future slums or blighted areas or to otherwise carry out the purposes of this act: Provided, that such sale, lease, other transfer, or retention, and any agreement relating thereto, may be made only after the approval of the urban renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall be obligated to devote such real property only to the uses specified in the urban renewal plan, and may be obligated to comply with such other requirements as the urban renewal agency may determine to be in the public interest, including the obligation to begin within a reasonable time any improvements on such real property required by the urban renewal plan. Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan. In determining the fair value of real property for uses in accordance with the urban renewal plan, an urban renewal agency shall take into account and give consideration to the uses provided in such plan; the restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the urban renewal agency retaining the property; and the objectives of such plan for the prevention of the recurrence of slum or blighted areas. The urban renewal agency in any instrument of conveyance to a private purchaser or lessee may provide that such purchaser or lessee shall be without power to sell, lease or otherwise transfer the real property without the prior written consent of the urban renewal agency until he has completed the construction of any or all improvements which he has obligated himself to construct thereon. Real property acquired by an urban renewal agency which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest consistent with the carrying out of the provisions of the urban renewal plan. (b) An urban renewal agency may dispose of real property in an urban renewal area to private persons only under such reasonable competitive bidding procedures as it shall prescribe or as hereinafter provided in this subsection. to sell, lease or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section) invite proposals from and make available all pertinent information to private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or any part thereof. Such notice shall identify the area, or portion thereof, and shall state that proposals shall be made by those interested within thirty (30) days after the date of publication of said notice, and that such further information as is available may be obtained at such office as shall be designated in said notice. The urban renewal agency shall consider all such redevelopment of rehabilitation proposals and the financial and legal ability of the persons making such proposals to carry them out, and may negotiate with any persons for proposals for the purchase, lease or other transfer of any real property acquired by the agency in the urban renewal area. The urban renewal agency may accept such proposal as it deems to be in the public interest and in furtherance of the purposes of this act. The agency may execute such contract in accordance with the provisions of subsection (a) and deliver deeds, leases and other instruments and take all steps necessary to effectuate such contract.

(c) An urban renewal agency may temporarily operate and maintain real property acquired by it in an urban renewal area for or in connection with an urban renewal project pending the disposition of the property as authorized in this act, without regard to the provisions of subsection (a) above, for such uses and purposes as may be deemed desirable even though not in conformity with the urban renewal plan.

(d) Any real property acquired pursuant to section 50-2007(d) may be disposed of without regard to other provisions of this section if the local governing body has consented to the disposal.

(e) Notwithstanding any other provisions of this act, where the municipality is situated in an area designated as a redevelopment area under the Federal Area Redevelopment Act (Public Law 87-27), land in an urban renewal project area designated under the urban renewal plan for industrial or commercial uses may be disposed of to any public body or nonprofit corporation for subsequent disposition as practicable by the public body or corporation for redevelopment in accordance with the urban renewal plan, and only the purchaser from or lessee of the public body or corporation, and their assignees, shall be required to assume the obligation of beginning the building of improvements within a reasonable time; provided, that no disposal of land or agreement to dispose of land pursuant to this subsection (e) shall be entered into prior to January 31, 1986. PROVIDE FOR PENALTIES FOR VIOLATION OF THE PROVISIONS OF THIS
CHAPTER; AND TO PROVIDE THE EFFECT OF INVALIDITY OF PART OF THIS
CHAPTER.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 26, Idaho Code, be, and the same is hereby
amended by the addition thereto of a NEW CHAPTER, to be known and
designated as Chapter 26 Title 26, Idaho Code, and to read as follows:

26-2601. SHORT TITLE. This chapter shall be known as the "Finan­
cial Institution Acquisition Act."

26-2602. STATEMENT OF PURPOSE. It is the policy of the state of
Idaho to allow reciprocal acquisitions between Idaho financial insti­
tutions or Idaho financial institution holding companies and out­
of-state financial institutions or out-of-state financial institution
holding companies located within this region, under the terms and
conditions set forth in this chapter. It is an express purpose of this
chapter to authorize the transactions of the type set forth in section
26-2605, Idaho Code, for purposes of 12 U.S.C. section 1842 and any
successor legislation to that section.

26-2603. DEFINITIONS. As used in this chapter:
(1) "Applicant" means an out-of-state financial institution or an
out-of-state financial institution holding company which has submitted
an application under section 26-2605, Idaho Code.
(2) "Control." A person has "control" of a financial institution

(c) The person, directly or indirectly, directs or exercises a controlling influence over the management or policies of the financial institution or financial institution holding company.

There is a rebuttable presumption that a person has control of a financial institution or financial institution holding company if the person owns, controls or has the power to vote five percent (5%) or more of the voting securities of the financial institution or financial institution holding company. Owning voting securities in a fiduciary capacity does not constitute "control" unless the director determines, after notice and an opportunity for hearing, that the person exercises a controlling influence over the management or policies of the financial institution or financial institution holding company. No person shall be deemed to have control of a financial institution or financial institution holding company by virtue of the person's ownership or control of shares acquired by him in connection with his underwriting of shares in the financial institution or financial institution holding company which are held only for such period of time as will permit the sale thereof on an orderly and reasonable basis, and no person shall be deemed to have control of a financial institution or financial institution holding company by virtue of his ownership or control of shares acquired and held in the ordinary course of securing or collecting a debt previously contracted in good faith and which is held only for such period of time as will permit the sale thereof on an orderly and reasonable basis, which period of time shall have a duration of no more than two (2) years.

(3) "Director" means the director of the department of finance.
(4) "Financial institution" means any state bank, national bank, trust company, association, federal association, or credit union, as those terms are defined in title 26, Idaho Code, or any federal credit union organized under the federal credit union act (12 U.S.C. section 1751, et seq.). The term also includes any other institution which holds and receives deposits, savings or share accounts; issues certificates of deposit; or provides to its customers any deposit accounts which are subject to withdrawal by check, instrument, order or electronic means to effect third-party payments.
(5) "Financial institution holding company" means a person, other than an individual, that has or acquires control over any financial institution.
(6) "Idaho financial institution" means a financial institution whose operations are principally conducted in this state.
(7) "Idaho financial institution holding company" means a financial institution holding company whose principal place of business is, and whose operations are principally conducted in, this state. "Idaho financial institution holding company" also means an out-of-state financial institution holding company which lawfully has control of an Idaho financial institution on the effective date of this chapter.
(8) "Person" means a natural person, corporation, partnership, association, cooperative association, unincorporated association, trust or any other legal or commercial entity.
(9) "Principally conducted." The operations of a financial institution are "principally conducted" in the state in which the total deposits of the financial institution are largest. The operations of a financial institution holding company are principally conducted in the state in which the financial institution holding company's financial institution subsidiary having the largest percentage of the total deposits of all of the financial institution subsidiaries of the holding company is located.

(10) "Out-of-state financial institution" means a financial institution whose operations are principally conducted outside this state.

(11) "Out-of-state financial institution holding company" means a financial institution holding company whose principal place of business is, and whose operations are principally conducted, outside this state.

26-2604. PROHIBITED ACQUISITION. (ii) In the case of an applicant which is an out-of-state

26-2606. REQUIREMENTS FOR ACQUISITION. No person shall effect any
of the transactions described in section 26-2605, Idaho Code, or make
any public offer to do so unless it shall first have complied with the
provisions of this section.
(1) An applicant must request authorization to engage in any of
the transactions described in section 26-2605, Idaho Code, shall pay
such application fee as the director may prescribe for such trans­
actions and shall file with the director:
(a) An application in such form as the director may prescribe;
(b) Such other information as the director may require pursuant
to any rule or regulation, or which he determines to be necessary
to allow him to make the findings in the case of any specific transactions which are required in this section;

(c) Unless the applicant is an Idaho resident, a domestic corporation or a foreign corporation qualified to do business in this state, a written consent to service of process in any action or suit arising out of or in connection with said proposed action, said service to be on a resident of this state;

(d) A written undertaking on the part of the applicant to provide the director, if requested, the financial institution or financial institution holding company examination records, or such of them as may be requested by the director, of the primary administrative regulator and deposit insurance agency of the financial institution or financial institution holding company involved in the transaction.

(2) The director may, as a condition upon acceptance of an application as complete or upon approval of an application, require cooperation from the administrative regulator or regulators of the out-of-state financial institution or financial institution holding company involved in the transaction.

(3) Within thirty (30) days of acceptance of the application as complete, the director shall act upon the application by approving or disapproving it and shall state in writing his findings of fact, conclusions and order. The director may approve an application subject to such terms and conditions as he may consider necessary to protect the public interest and carry out the purposes of this chapter. The director may not approve an application for a transaction in which the applicant is a foreign corporation which has not qualified to do business in this state under title 30, Idaho Code, and which is required to do so.

(4) The director shall disapprove any application filed under this section if he finds:

(a) That the proposed transaction would be detrimental to the safety and soundness of the applicant or to any Idaho financial institution or Idaho financial institution holding company which is a party to the proposed transaction or to a subsidiary or affiliate of that institution or holding company;

(b) The applicant, its executive officers, directors or principal shareholders do not have a record of sound performance, efficient management, financial responsibility and integrity such that it would be against the interest of the depositors, other customers, creditors or shareholders of an Idaho financial institution or an Idaho financial institution holding company; or against the public interest to authorize the proposed transaction;

(c) The financial condition of the applicant or any Idaho financial institution or Idaho financial institution holding company which is a party to or participant in the proposed transaction is such that the financial stability of such applicant or other institution or holding company might be jeopardized or the interests of depositors or other customers of such applicant or other institutions or holding companies might be prejudiced;

(d) The Idaho financial institution or Idaho financial institution holding company to be acquired has been chartered and
actively engaged in business for less than four (4) years prior to the date of the application, provided, however, that this subsection (4) shall not be construed to prohibit the approval of the acquisition of any Idaho financial institution or Idaho financial institution holding company formed solely to facilitate the acquisition of all of the voting shares of an Idaho financial institution which itself has been chartered and actively engaged in business for four (4) years or more prior to the date of the application;

(e) The consummation of the proposed transaction will tend substantially to lessen competition within this state unless the director finds that the anticompetitive effects of the proposed transaction are clearly outweighed by the benefit of meeting the convenience and needs of the community to be served; or

(f) The applicant has not established a record of meeting the credit needs of the communities which it or its subsidiary financial institution(s) services.

26-2607. ACQUISITION OF FAILING FINANCIAL INSTITUTION. (1) Notwithstanding any provision of the laws of this state to the contrary, if the director takes possession of a failing Idaho financial institution pursuant to the provisions of title 26, Idaho Code, and if the director deems it to be in the public interest and necessary to protect depositors, creditors and other customers of that financial institution, the director may solicit offers from, and authorize or require the acquisition of such failing Idaho financial institution by an out-of-state financial institution or by an out-of-state financial institution holding company. Acquisition may be through merger, consolidation, purchase of all or substantially all of the assets and assumption of liabilities, or purchase of all or a controlling part of the shares of the acquired institution.

(2) In applying the criteria set forth in subsection (3) of this section, and in evaluating the offers for the acquisition of such failing Idaho financial institutions, the director shall adhere to the following order of preference in approving such acquisition subject to the determination required by subsection (3)(a) of this section:

(a) First, Idaho financial institutions of the same class or their Idaho financial institution holding companies;

(b) Second, Idaho financial institutions of a different class or their Idaho financial institution holding companies;

(c) Third, out-of-state financial institutions of the same class or their out-of-state financial institution holding companies, if the operations of such institutions are principally conducted in Washington, Oregon, Nevada, Utah, Wyoming or Montana; or, in the case of their holding companies, both their principal place of business is located in and their operations are principally conducted in one (1) of those states.

(d) Fourth, out-of-state financial institutions of a different class or their out-of-state financial institution holding companies, if the operations of such institutions are principally conducted in Washington, Oregon, Nevada, Utah, Wyoming or Montana; or, in the case of their holding companies, both their principal
place of business is located in and their operations are principally conducted in one (1) of those states.

(3) The director may not accept any offers from, or authorize or require any acquisition by an out-of-state financial institution or out-of-state financial institution holding company under this section unless he finds that:

(a) No Idaho financial institution or Idaho financial institution holding company is willing to acquire the failing Idaho financial institution on at least as favorable terms as the out-of-state financial institution or out-of-state financial institution holding company is willing to offer;

(b) (i) The operations of the out-of-state financial institution are principally conducted in Washington, Oregon, Nevada, Utah, Wyoming or Montana; and if the out-of-state financial institution holding company is controlled directly or indirectly by one or more out-of-state financial institution holding companies, each such holding company shall also be in compliance with subsection (3)(b)(ii) of this section.

(ii) In the case of an out-of-state financial institution holding company, both its principal place of business is located in and its operations are principally conducted in Washington, Oregon, Nevada, Utah, Wyoming or Montana; and such out-of-state financial institution holding company is not controlled directly or indirectly, by an out-of-state financial institution holding company the operations of which are not principally conducted in one (1) of those states.

(c) The out-of-state financial institution or out-of-state financial institution holding company has demonstrated an acceptable record of meeting the credit needs of the communities it serves; and

(d) The out-of-state financial institution or out-of-state financial institution holding company has a record of sound performance, capital adequacy, financial capacity and efficient management such that the acquisition would not jeopardize the financial stability of the acquired institution and would not be detrimental to the interests of depositors, creditors, or other customers of the acquired institution or the public interest.

(4) To protect the interest of depositors, creditors and other customers of a failing Idaho financial institution, the director may waive any of the procedures set forth in section 26-2606, Idaho Code, or in any regulation of the department if he deems it necessary to implement the purposes of this section.

26-2608. CONDITIONS OF APPROVAL. The director may make the acquisition of an Idaho financial institution or Idaho financial institution holding company by an out-of-state financial institution or out-of-state financial institution holding company subject to any conditions, restrictions, and requirements that would apply to the acquisition by an Idaho financial institution or Idaho financial institution holding company of a financial institution or a financial institution holding company in the state where such acquiring out-of-state financial institution or financial institution holding
company's operations are principally conducted, which conditions, restrictions and requirements would not apply to acquisitions by a financial institution or financial institution holding company all of whose financial institution subsidiaries are located in that state.

26-2609. PENALTIES. (1) Any person who willfully violates any provision of this chapter or any regulation or order issued by the director pursuant to this chapter shall forfeit and pay a civil penalty of not more than one thousand dollars ($1,000) per day for each day during which the violation continues. The director may assess the civil penalty after giving notice and an opportunity to the person to submit data, views and arguments, and after giving due consideration to the size, financial resources and good faith of the person charged, the gravity of the violation and any data, views and arguments submitted. The director shall collect the civil penalty by bringing an action in the district court of the county in which the office of the director is located. Any applicant for approval of an acquisition is considered to have consented to the jurisdiction and venue of the court by the filing of any application for approval.

(2) The director may secure injunctive relief in the district court of the county in which the office of the director is located to prevent any change in control pending completion of the procedures set forth in this chapter.

26-2610. COOPERATIVE AGREEMENTS. The director is authorized to enter into cooperative and reciprocal agreements with other financial institution regulatory agencies to facilitate the regulation of financial institutions and financial institution holding companies doing business in this state. The director may accept reports of examinations and other records from such other agencies in lieu of conducting his own examinations of financial institutions controlled by financial institution holding companies located in other states. The director may take any action jointly with other regulatory agencies having concurrent jurisdiction over financial institutions and financial institution holding companies doing business in this state or may take such actions independently in order to carry out his responsibilities.

26-2611. NO REPEAL BY IMPLICATION. Nothing contained in this chapter shall be construed to amend or modify the provisions of any other chapter of this title governing the supervision or regulation of financial institutions and financial institution holding companies or the organization and powers of the department of finance and the director with respect thereto as may be provided in such other chapter.

26-2612. EFFECT OF INVALIDITY OF PART OF THIS CHAPTER. (1) If a court of competent jurisdiction shall adjudge to be invalid or unconstitutional any clause, sentence, paragraph, section or part of this chapter, except as provided in subsection (2) of this section, such judgment or decree shall not affect, impair, invalidate or nullify the remainder of this chapter, but the effect thereof shall be confined to
the clause, sentence, paragraph, section or part of this chapter so adjudged to be invalid or unconstitutional.

(2) In the event that a final judgment of the highest court to which an appeal may be taken as a matter of right in the state or the United States judicial system of which that court is a part should hold, adjudge or decree that any portion of this chapter is invalid by virtue of the requirement of substantial comparability in section 26-2605(2)(c), Idaho Code, or the limitations of sections 26-2605 and 26-2607, Idaho Code, to persons whose operations are principally conducted in or whose principal place of business is located in the states named in those sections, then the authority granted by this chapter to approve transactions involving out-of-state financial institutions and out-of-state financial institution holding companies shall cease, provided, however, that nothing contained in this section shall invalidate any transaction which has been approved prior to any such final judgment.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 59-1319, Idaho Code, be, and the same is hereby amended to read as follows:

59-1319. COMPUTATION OF SERVICE RETIREMENT ALLOWANCES — MINIMUM BENEFITS. (1) The annual amount of accrued retirement allowance for each month of credited service of a member not classified as a police officer or fireman shall equal one and two-thirds per cent (1 2/3%) of his average monthly salary. The annual amount of initial service retirement allowance of such a member shall equal (a) or (b), whichever is greater:

(a) his accrued retirement allowance; or
(b) five dollars ($5.00) multiplied by the number of months of credited service and by the bridging factor, as provided in section 59-1319A, Idaho Code, between July 1, 1974 and the first of the month following the member's final contribution.

(2) The annual amount of accrued retirement allowance for each month of credited service of a member classified as a police officer or fireman shall equal two per cent (2%) of his average monthly salary. The annual amount of initial service retirement allowance of
such a member shall equal (a) or (b), whichever is greater:
(a) his accrued retirement allowance; or

credited service and by the bridging factor, as provided in
section 59-1319A, Idaho Code, between July 1, 1974 and the first
of the month following the member's final contribution.

(3) Provisions of this section shall be applicable to members and
contingent annuitants of the employee system and to members, annui-

retirement allowance shall be payable only prospectively from July 1,
1974.

(4) Benefits payable to a person who became a member prior to
July 1, 1974, or to his beneficiaries shall never be less than they
would have received under this act as in effect on June 30, 1974; pro-
vided, however, that the member shall have accrued the amount of accu-
mulated contributions required thereby prior to payment of an initial
retirement allowance.

(5) If the majority of a member's credited service is as an
elected official or as an appointed official, and that official was
normally in the administrative offices of the employer less than
twenty (20) hours per week during the term of office, or was normally
not required to be present at any particular work station for the
employer in excess of twenty (20) hours per week during the term of
office, and that member's initial service retirement allowance for
service credited only during that period would be computed under sub-
section (1)(b) and/or (2)(b) of this section, without consideration of
any other credited service, then it will be so computed for that
period of service.

If that member has credited service from any other employment, the
accrued service retirement allowance for the credited service from
such other employment shall be computed from an average monthly salary
for salary received during the period of such other employment.

SECTION 2. That Section 59-1321, Idaho Code, be, and the same is

dred percent (100%) reduced by one-fourth of one percent (.25%) for
each month up to sixty (60) months that the member's retirement pre-
cedes the date he would be eligible to receive his full accrued bene-
fit without additional credited service, and further reduced by two-
thirds of one percent (.6667%) for each additional month.

(2) The annual amount of initial early retirement allowance of a
member classified as a police officer or fireman shall be a percentage of his accrued retirement allowance. Such percentage shall be one hundred percent (100%) if the sum of the number of years and months of credited service and the age in years and months is equal to or greater than eighty (80) years. Otherwise, such percentage shall be one hundred percent (100%) reduced by one-fourth of one percent (.25%) for each month up to sixty (60) months that the member's retirement precedes the date he would be eligible to receive his full accrued benefit without additional credited service, and further reduced by two-thirds of one percent (.6667%) for each additional month.

(3) If the majority of a member's credited service is as an elected official or as an appointed official, and that official was normally in the administrative offices of the employer less than twenty (20) hours per week during the term of office, or was normally not required to be present at any particular work station for the employer in excess of twenty (20) hours per week during the term of office, that member's accrued retirement allowance for service credited only during that period shall be computed from an average monthly salary for salary received during that period of such employment only.

If that member has credited service from any other employment, the accrued retirement allowance for the credited service from such other employment shall be computed from an average monthly salary for salary received during the period of such other employment.

dred dollars ($600), or the amount of taxable wage base specified in

collection rates for all covered experience-rated employers shall be
determined in accordance with schedule VI; and for the calendar years

(g) Each employer shall be notified of his rate of contribution as determined for any calendar year pursuant to this section and section 72-1351, Idaho Code. Such determination shall become conclusive and binding upon the employer, unless within fourteen (14) days after delivery or mailing of the notice thereof to his last known address, the employer files an application for redetermination, setting forth his reasons therefor. Reconsideration shall be limited to transactions occurring subsequent to any previous determination which has become final. The employer shall be promptly notified of the redetermination, which shall become final unless an appeal is filed within fourteen (14) days after delivery or mailing of notice to his last known address. Proceedings on the appeal shall be in accordance with the provisions of section 72-1361, Idaho Code.

SECTION 2. That Section 72-1366, Idaho Code, be, and the same is hereby amended to read as follows:

72-1366. PERSONAL ELIGIBILITY CONDITIONS. The personal eligibility conditions of a benefit claimant are that—

(a) In accordance with the provisions of this act, and such rules consistent therewith, as the director may prescribe—

(1) He shall have made a claim for benefits and provided all necessary information pertinent to eligibility.

(2) He shall have registered for work and thereafter reported at an employment office or other agency in a manner prescribed by the director.

(b) In some calendar quarter within his base period he shall have met the minimum wage requirements in his base period as provided in section 72-1367, Idaho Code.

(c) Claimant's unemployment is not due to having voluntarily left work to marry, or to perform the customary duties of maintaining a household, or to leave the locale to live with a spouse. The provisions of this subsection shall not apply after a change in conditions whereby claimant has become the main support of self or immediate family.

(d) During the whole of any week with respect to which he claims benefits or credit to his waiting period he was able to work, available for suitable work, and seeking work; provided, however, the director shall waive these provisions for each week he is attending training under provisions of section 72-1312(a), Idaho Code; and provided, that no claimant shall be considered ineligible in any week of unemployment for failure to comply with the provisions of this subsection if such failure is due to an illness or disability which occurs after he has filed a claim and registered for work and no suitable work has been available to him after the beginning of such illness or disability; and, provided further, that no claimant shall be deemed to be unavailable for the whole of the week who, because of compelling personal circumstance, is required to be absent from his normal market area, provided that such absence does not exceed a major portion of the week.

(e) His unemployment is not due to the fact that he left his employment voluntarily without good cause, or that he was discharged
for misconduct in connection with his employment.

(f) His unemployment is not due to his failure without good cause to apply for available suitable work or to accept suitable work when offered to him. The longer a claimant has been unemployed, the more willing he must be to seek types of work other than in his ordinary trade or occupation and to accept work at a lower rate of pay. The director shall waive these provisions for each week he is attending a training course to which he has been assigned by a representative of the director if the claimant has submitted with each claim a written certification from the training course that claimant is enrolled in and is attending and satisfactorily completing the training course. A claimant may be assigned to a training course under the following conditions:

1. The claimant is lacking in skills which would make him competitive in the labor market and is in need of available training or retraining in skills required by demand occupations. A demand occupation is an occupation in which work opportunities are available and there is not a surplus of qualified applicants; and
2. The claimant has been unemployed continuously for four (4) or more weeks and the lack of employment opportunities is expected to continue for an extended period of time, or if the claimant's occupation is one for which there is a seasonal variation in demand, that the lack of demand for his skills is the result of a decline in demand expected to continue for an extended period of time and is not the result of a seasonal fluctuation; and
3. The training relates to an occupation or skill for which there are, or are expected to be in the immediate future, reasonable employment opportunities in claimant's market area and there is not a substantial surplus of workers with requisite skills in the occupation in that area; and
4. The training course is one approved by a representative of the director and can be completed within one (1) year; and
5. The training course is prescribed for the purpose of training claimant in skills that will allow him to obtain immediate employment in a demand occupation and is not primarily intended to meet the requirements of a degree from a college or university; and
6. The claimant can be reasonably expected to complete the training successfully.

(g) In determining for the purposes of this act, whether or not work is suitable for an individual, the degree of risk involved to his health, safety, morals, his physical fitness, experience, training, past earnings, length of unemployment and prospects for obtaining local employment in his customary occupation, the distance of the work from his residence, and other pertinent factors shall be considered. No employment shall, in any event, be deemed suitable and benefits shall not be denied to any otherwise eligible individual for refusing to accept new work or to hold himself available for work under any of the following conditions:

1. If the vacancy of the position offered is due directly to a strike, lockout, or other labor dispute;
2. If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those pre-
vailing for similar work in the locality of the work offered;
(3) If, as a condition of being employed, the individual would be
required to join a company union or to resign from or refrain from
joining any bona fide labor organization.
(h) A benefit claimant, otherwise eligible for benefits, shall
not be eligible for any week in which he fails, without good cause, to
attend a training course to which he has been assigned under the
provisions of subsection (f) of this section, if such course is avail­
able at no cost to the claimant.
(i) Notwithstanding any other provisions of this section, no
individual who is otherwise eligible shall be denied benefits for any
week because he or she is in training approved under section 236(a)(1)
of the trade act of 1974, nor shall such individual be denied benefits
by reason of leaving work to enter such training; provided, the work
left is not suitable employment, or because of the application to any
such week in training of provisions in this law, or any applicable
federal unemployment compensation law relating to availability for
work, active search for work, or refusal to accept work. For purposes
of this subsection, the term "suitable employment" means with respect
to an individual, work of a substantially equal or higher skill level
than the individual's past adversely affected employment, as defined
for purposes of the trade act of 1974, and wages for such work at not
less than eighty percent (80%) of the individual’s average weekly wage
as determined for the purposes of the trade act of 1974.
(j) A benefit claimant shall not be eligible to receive benefits
for any week with respect to which it is found that his unemployment
is due to a labor dispute; provided, that this subsection shall not
apply if it is shown that—
(1) He is not participating, financing, aiding, abetting, or
directly interested in the labor dispute; and
(2) He does not belong to a grade or class of workers of which,
immediately before the commencement of the labor dispute, there
were members employed at the premises at which the labor dispute
occurs, any of whom are participating in or directly interested in
the dispute.
(k) A benefit claimant shall not be entitled to benefits for any
week with respect to which or a part of which he has received or is
seeking unemployment benefits under an unemployment compensation or
insurance law of another state or of the United States; provided, that
if the appropriate agency of such other state or of the United States
shall finally determine that he is not entitled to such unemployment
compensation or insurance benefits, he shall not by provisions of this
subsection be denied benefits. For purposes of this section, a law of
the United States providing any payments of any type and in any
amounts for periods of unemployment due to involuntary unemployment
shall be considered an unemployment compensation law of the United
States.
(l) A benefit claimant shall not be entitled to benefits if it is
determined that he has wilfully made a false statement or representa­
tion or wilfully failed to report a material fact in order to obtain
said benefits for a period of fifty-two (52) weeks from the date of
said determination and said claimant shall be liable to repay to the
fund any sums received as a result of said false statement, misrepresentation or failure to report a material fact.

(m) A benefit claimant shall not be entitled to benefits if his principal occupation is self-employment.

(n) A benefit claimant who has been found ineligible for benefits under the provisions of subsections (c), (e) or (f), (g) or (i) of this section may reestablish his eligibility by having obtained bona fide work and received wages therefor in an amount of at least twenty-sixteen (1816) times his weekly benefit amount.

The judge may rephrase any questions so that the child is not intimidated.

(H.B. No. 144)

RELATING TO THE LAWS REGARDING THEFT; AMENDING SECTION 18-2403, IDAHO CODE, TO PROVIDE AN ADDITIONAL DEFINITION OF THEFT OF LABOR OR SERVICES OR USE OF PROPERTY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 18-2403, Idaho Code, be, and the same is hereby amended to read as follows:

18-2403. THEFT. (1) A person steals property and commits theft when, with intent to deprive another of property or to appropriate the same to himself or to a third person, he wrongfully takes, obtains or withholding such property from an owner thereof.

(2) Theft includes a wrongful taking, obtaining or withholding of another's property, with the intent prescribed in subsection (1) of this section, committed in any of the following ways:

(a) By deception obtains or exerts control over property of the owner;

(b) By conduct heretofore defined or known as larceny; common law larceny by trick; embezzlement; extortion; obtaining property, money or labor under false pretenses; or receiving stolen goods;

(c) By acquiring lost property. A person acquires lost property when he exercises control over property of another which he knows to have been lost or mislaid, or to have been delivered under a mistake as to the identity of the recipient or the nature or
amount of the property, without taking reasonable measures to return such property to the owner; or a person commits theft of lost or mislaid property when he:

1. Knows or learns the identity of the owner or knows, or is aware of, or learns of a reasonable method of identifying the owner; and
2. Fails to take reasonable measures to restore the property to the owner; and
3. Intends to deprive the owner permanently of the use or benefit of the property.

(d) By false promise:

2. In any prosecution for theft based upon a false promise, the defendant's intention or belief that the promise would not be performed may not be established by or inferred from the fact alone that such promise was not performed. Such a finding may be based only upon evidence establishing that the facts and circumstances of the case are consistent with guilty intent or belief and inconsistent with innocent intent or belief, and excluding to a moral certainty every reasonable hypothesis except that of the defendant's intention or belief that the promise would not be performed;

(e) By extortion. A person obtains property by extortion when he compels or induces another person to deliver such property to himself or to a third person by means of instilling in him a fear that, if the property is not so delivered, the actor or another will:

1. Cause physical injury to some person in the future; or
2. Cause damage to property; or
3. Engage in other conduct constituting a crime; or
4. Accuse some person of a crime or cause criminal charges to be instituted against him; or
5. Expose a secret or publicize an asserted fact, whether true or false, tending to subject some person to hatred, contempt or ridicule; or
6. Cause a strike, boycott or other collective labor group action injurious to some person's business; except that such a threat shall not be deemed extortion when the property is demanded or received for the benefit of the group in whose interest the actor purports to act; or
7. Testify or provide information or withhold testimony or information with respect to another's legal claim or defense; or
8. Use or abuse his position as a public servant by performing some act within or related to his official duties, or by failing or refusing to perform an official duty, in such man-
9. Perform any other act which would not in itself materially benefit the actor but which is calculated to harm another person materially with respect to his health, safety, business, calling, career, financial condition, reputation or personal relationships.

(3) A person commits theft when he knowingly takes or exercises unauthorized control over, or makes an unauthorized transfer of an interest in, the property of another person, with the intent of depriving the owner thereof.

(4) A person commits theft when he knowingly receives, retains, conceals, obtains control over, possesses, or disposes of stolen property, knowing the property to have been stolen by another or under such circumstances as would reasonably induce him to believe that the property was stolen, and

(a) Intends to deprive the owner permanently of the use or benefit of the property; or
(b) Knowingly uses, conceals or abandons the property in such manner as to deprive the owner permanently of such use or benefit; or
(c) Uses, conceals, or abandons the property knowing such use, concealment or abandonment probably will deprive the owner permanently of such use or benefit.

(5) Theft of labor or services or use of property.

(a) A person commits theft when he obtains the temporary use of property, labor or services of another which are available only for hire, by means of threat or deception or knowing that such use is without the consent of the person providing the property, labor or services.

(b) A person commits theft when after renting or leasing a motor vehicle under an agreement in writing which provides for the return of the vehicle to a particular place at a particular time, he wilfully or intentionally fails to return the vehicle to that place within forty-eight (48) hours after the time specified.

(c) A person commits theft if, having control over the disposition of services of others, to which he is not entitled, he knowingly diverts such services to his own benefit or to the benefit of another not entitled thereto.

CHAPTER 218
(H.B. No. 164)

AN ACT
RELATING TO TAXES FOR THE SUPPORT OF JUNIOR COLLEGES; AMENDING SECTION
33-2110A, IDAHO CODE, TO PROVIDE THAT LEVIES TO PROVIDE TUITION
FOR OUT OF DISTRICT JUNIOR COLLEGE STUDENTS, AND THE MONEYS
DERIVED FROM THOSE LEVIES SHALL BE EXEMPT FROM THE ONE PER CENT
TAX LIMITATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-2110A, Idaho Code, be, and the same is
hereby amended to read as follows:

33-2110A. TUITION OF OUT OF DISTRICT IDAHO STUDENTS, COUNTY
TAXES AND OTHER FINANCIAL SUPPORT. (1) Any student residing in the
area of a county outside of a junior college district or in a county
without a junior college district, who has been a resident of the
county and state as defined by section 33-2110B, Idaho Code, immedi-
ately prior to the date of his first enrollment in a junior college, which residence may not be acquired while attending and enrolled in a junior college, may enroll in any junior college in the state, and the county of his residence shall pay that portion of his tuition as hereinafter set out. The tuition which shall be paid by the resident county shall be that portion of the tuition uniformly established by a junior college district for all out of district students, both in state as well as out of state, pursuant to section 33-2110, Idaho Code, after deducting therefrom the amount of tuition paid by a resident student at the junior college; however, the liability of the resident county shall not exceed two-thirds (2/3) the total tuition and fees charged and in no instance shall it exceed five hundred dollars ($500) each semester for a two-semester year for a full-time student. The student shall pay the tuition and fees charged a student resident in the district, and the balance, if any, of the nonresident student tuition above the maximum liability of the county of his residence. No county shall be liable for out of district tuition unless the board of county commissioners of that county has first verified to the junior college in writing the fact that the student is a resident of the county. The verification shall be made to the college not less than ten (10) days prior to the first day of enrollment. The county shall thereafter be liable for the out of district tuition so long as the student is duly enrolled and attending the college subject to the following limitations:

(a) Liability shall be for six (6) semesters or the term of the curriculum for which the student is enrolled, whichever is lesser.
(b) Liability shall terminate if the student's domiciliary residence changes and that change continues for twelve (12) months.

(2) The nonresident tuition shall be established annually not later than August 1st and shall be forthwith filed with the state board of education, together with a statement supporting the computation thereof. Each junior college, by September 30 and March 1 of each year, shall bill the county of residence of each nonresident student enrolled at the commencement of each semester, and each board of county commissioners shall allow and order paid any bill for tuition at the first regular meeting following receipt of the bill, but not exceeding forty-five (45) days after receipt. Upon failure of a county to pay the tuition, a junior college district may commence action in the district court of the state of Idaho for the county to collect the same.

(3) For the payment of tuition of nonresident students as herein provided, there shall be allocated in each county without a junior college district to a county junior college fund, and paid to the county treasurer to be held in that fund, fifty per cent (50%) of all moneys apportioned to the county out of liquor funds of the state of Idaho as set forth in chapter 4, title 23, Idaho Code, and that amount shall be deducted from the amount that would otherwise be allocated to the county; and if liquor funds are not sufficient to pay the tuition, commencing for the calendar year 1966, the board of county commissioners shall levy upon the taxable property within each county without a junior college district, and, in a county with such a district, upon the taxable property within the county lying outside of the junior
college district, an ad valorem tax not to exceed six hundredths per cent (.0600%) of market value for assessment purposes, to be certified as set out in section 33-2111, Idaho Code. Such levy shall be exempt from the limitation imposed by section 63-923(1), Idaho Code, and the moneys derived from such levy shall be exempt from the limitation imposed by section 63-2220, Idaho Code. The proceeds of the levy shall be placed in the county junior college fund. Apportionment of liquor funds herein provided shall commence for the fiscal quarter ending September 30, 1965, and accruing during that quarter.

(4) Based upon the enrollment established by the first semester's tuition bills received by September 30, the board of county commissioners shall establish immediately a total junior college annual tuition budget for two (2) semesters which shall be equal to twice the amount of the tuition bills plus a contingency factor of ten per cent (10%). This budget shall be adjusted after March 1 based on any change of enrollment shown by the second semester tuition bills. If enrollment is from none to not more than four (4) students, a minimum budget of five (5) students at five hundred dollars ($500) each shall be established. In the event all tuition bills received have been paid, notwithstanding any other provision hereof, (a) any liquor funds received, which in the quarter when received to any extent are in excess of the budget, to the extent of that excess shall not be paid over to the county treasurer to be held in the junior college fund, and (b) any funds received from the levy on taxable property, which when received to any extent are in excess of the budget after the application of liquor funds thereto, to the extent of that excess shall not be paid over to the junior college fund. Excess liquor funds shall be paid pursuant to law as if this section were not applicable and excess funds shall be paid to the general fund of the county. In the event the total liquor fund payable hereunder to the county junior college fund together with the receipts from the levy on taxable property for each fiscal year are insufficient to pay tuition bills, which deficiency is caused by a levy of less than the maximum allowed hereunder, or by enrollment in excess of the budget herein provided, the budget for each following year shall be increased to the maximum allowed by the maximum tax levy authorized to pay any deficiency at the earliest time. If the deficiency is due to the lack of funds in a fiscal year when the maximum levy authorized shall have been made, for the next fiscal year thereafter the number of students from that county shall be limited by the board of county commissioners to the extent necessary to pay the deficiency not later than the end of the following year. Provided nevertheless, for the two (2) semesters commencing September, 1965 the board of county commissioners shall limit the junior college budget and total students to estimated liquor funds available on quarterly disbursements through June 30, 1966. Any limitation of students authorized shall be accomplished (a) on the basis of student grades and financial need, and (b) by each junior college notifying the county of residence of each student's application and the county shall accept or reject the application at least five (5) days prior to the tuition billing dates set out herein. A junior college shall nevertheless have a right to require any student residing outside the district to pay nonresident tuition if the county
of his residence is more than twenty-five per cent (25%) in arrears of a total county tuition bill for one (1) year as of the beginning of the subsequent semester, but tuition shall be refunded to such students when paid by the county.

Approved March 21, 1985.

Before any certificate of compliance is issued to any nonresident person, such person shall, at the time of the initial application, appoint the state superintendent of public instruction, and his successor in office, as its attorney to receive service of legal process
issued against it in this state. The appointment shall be made in a form designated and furnished by the state board of education. The appointment shall be irrevocable, shall bind such person and any successor in interest or to the assets or liabilities of the person, and shall remain in effect so long as there is in force any contract or obligation arising out of its operations in this state.

Service of such process against any nonresident registrant shall be made only by service thereof upon the state superintendent of public instruction, or other person in charge of his office during his absence.

At the time of initial application for registration and for a certificate of compliance, the nonresident applicant shall file the appointment of the state superintendent of public instruction, together with the designation of the individual, and his address, to whom process against it served upon the said state superintendent is to be forwarded. Any nonresident registrant may change such designation by a new filing.

Any statement made by a registrant, or by the agent of a registrant, that the registrant or any course offered by it, has been approved by the state board of education, or any statement or representation made in such manner as to imply such approval, shall constitute a misrepresentation.

SECTION 3. That Section 33-2407, Idaho Code, be, and the same is hereby amended to read as follows:

Said permit shall be evidenced by a pocket card issued to said person or agent by the state board of education, and all permits shall be renewed annually on the first day of July. If courses are solicited or sold for more than one (1) person, a separate permit is required for each.

Application for permits shall be upon forms provided by the state board of education. The pocket cards shall bear the name and address of the bearer, the name and address of the principal, and a statement that the bearer is an authorized agent of the principal, and may solicit and sell courses for the principal. The annual fee for each permit shall be five ten dollars ($510.00).

Before any such permit be issued, the applicant shall have posted with the board of education an acceptable surety bond, cash or other negotiable security in the penal sum of ten thousand dollars ($10,000). Such bond may be continuous and shall be conditioned to provide indemnification to any student suffering loss as a result of fraud or misrepresentation in procuring his enrollment on the part of a registrant or agent. Or, the principal may provide proof that each agent seeking a permit hereunder is included in a blanket bond not less than the amount required herein. The liability of the surety of
any agent shall in no event exceed ten thousand dollars ($10,000) as an aggregate for any or all students for all breaches of conditions of the bond. The surety of any such bond may cancel the same upon giving thirty (30) days' notice in writing to the state board of education and thereafter shall be relieved of liability for any breach of condition occurring after the effective date of such cancellation. The state board of education shall give notice in writing to any agent, when the board has been notified that the bond of such agent is to be canceled, and when such agent shall not post another acceptable bond before the effective date of cancellation, his permit shall be revoked.

The fact that a bond is in force pursuant to this section shall neither limit nor impair recovery otherwise available under the provisions of law; nor shall the amount of such bond be relevant in determining the amount of damages or other relief to which any plaintiff may be entitled.

No recovery shall be had on any contract for or in connection with any course by a person selling or conducting such course if the person was not registered, or the person or agent was not in possession of a pocket card herein prescribed, at the time such course was sold or contracts therefor were negotiated.

CHAPTER 224
(H.B. No. 186, As Amended)

AN ACT RELATING TO WATER RIGHTS FOR HYDROPOWER PURPOSES; AMENDING CHAPTER 2, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-203B, IDAHO CODE, TO PROVIDE THAT THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES SHALL HAVE THE AUTHORITY TO SUBORDINATE RIGHTS GRANTED FOR POWER PURPOSES TO SUBSEQUENT UPSTREAM RIGHTS, TO LIMIT PERMITS OR LICENSES GRANTED FOR POWER PURPOSES TO A SPECIFIC TERM, AND TO PROVIDE FACTORS THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES IS TO CONSIDER IN LIMITING PERMITS OR LICENSES FOR POWER PURPOSES TO A SPECIFIC TERM.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 2, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-203B, Idaho Code, and to read as follows:

42-203B. AUTHORITY TO SUBORDINATE RIGHTS -- NATURE OF SUBORDINATED WATER RIGHT AND AUTHORITY TO ESTABLISH A SUBORDINATION CONDITION -- AUTHORITY TO LIMIT TERM OF PERMIT OR LICENSE. (1) The legislature finds and declares that it is in the public interest to specifically implement the state's power to regulate and limit the use of water for power purposes and to define the relationship between the state and the holder of a water right for power purposes to the extent such right exceeds an established minimum flow. The purposes of the trust established by subsections (2) and (3) of this section are to assure an adequate supply of water for all future beneficial uses and to clarify and protect the right of a user of water for power purposes to continue using the water pending approval of depletionary future beneficial uses.

(2) A water right for power purposes which is defined by agreement with the state as unsubordinated to the extent of a minimum flow established by state action shall remain unsubordinated as defined by the agreement. Any portion of the water rights for power purposes in excess of the level so established shall be held in trust by the state of Idaho, by and through the governor, for the use and benefit of the user of the water for power purposes, and of the people of the state
of Idaho. The rights held in trust shall be subject to subordination to and depletion by future upstream beneficial users whose rights are acquired pursuant to state law.

(3) Water rights for power purposes not defined by agreement with the state shall not be subject to depletion below any applicable minimum stream flow established by state action. Water rights for power purposes in excess of such minimum stream flow shall be held in trust by the state of Idaho, by and through the governor, for the use and benefit of the users of water for power purposes and of the people of the state of Idaho. The rights held in trust shall be subject to subordination to and depletion by future consumptive upstream beneficial users whose rights are acquired pursuant to state law.

(4) The user of water for power purposes as beneficiary of the trust established in subsections (2) and (3) of this section shall be entitled to use water available at its facilities to the extent of the water right, and to protect its rights to the use of the water as provided by state law against depletions or claims not in accordance with state law.

(5) The governor or his designee is hereby authorized and empowered to enter into agreements with holders of water rights for power purposes to define that portion of their water rights at or below the level of the applicable minimum stream flow as being unsubordinated to upstream beneficial uses and depletions, and to define such rights in excess thereof as being held in trust by the state under subsection (2) of this section. Such agreements shall be subject to ratification by law. The contract entered into by the governor and the Idaho Power Company on October 25, 1984, is hereby found and declared to be such an agreement, and the legislature hereby ratifies the governor's authority and power to enter into this agreement.

(6) The director shall have the authority to subordinate the rights granted in a permit or license for power purposes to subsequent upstream beneficial depletory uses. A subordinated water right for power use does not give rise to any claim against, or right to interfere with, the holder of subsequent upstream rights established pursuant to state law. The director shall also have the authority to limit a permit or license for power purposes to a specific term.

Subsection (6) of this section shall not apply to licenses which have already been issued as of the effective date of this act.

(7) The director in the exercise of the authority to limit a permit or license for power purposes to a specific term of years shall designate the number of years through which the term of the license shall extend and for purposes of determining such date shall consider among other factors:

(a) The term of any power purchase contract which is, or reasonably may become, applicable to, such permit or license;
(b) The policy of the Idaho public utilities commission (IPUC) regarding the term of power purchase contracts as administered by the IPUC under and pursuant to the authority of the public utility regulatory policy act of 1978 (PURPA);
(c) The term of any federal energy regulatory commission (FERC) license granted, or which reasonably may be granted, with respect to any particular permit or license for power purpose;
(d) Existing downstream water uses established pursuant to state law. The term of years shall be determined at the time of issuance of the permit, or as soon thereafter as practicable if adequate information is not then available. The term of years shall commence upon application of water to beneficial use. The term of years, once established, shall not thereafter be modified except in accordance with due process of law.

Approved March 21, 1985.

50-2803. ALLOCATION FORMULA. The entire state ceiling for the year, including any carry-forward under section 103(n)(10) of the code, shall be allocated by the following formula. The state ceiling shall be allocated by the state to governmental units, as needed to finance specific projects, on the basis of the chronological order in which applications from governmental units for an allocation of the state ceiling are received by the agency designated in the executive order. The allocation formula established by this section shall be implemented and administered by the governor pursuant to the terms and provisions of the executive order.

50-2804. AUTHORITY OF THE GOVERNOR. The governor is authorized and directed to provide for the implementation and administration of the allocation formula established in section 50-2803, Idaho Code, by executive order. and procedures or otherwise, any other matters necessary or desirable to implement and administer the allocation formula and to provide for an efficient use of the state ceiling.

50-2805. MISCELLANEOUS. (1) No action taken pursuant to this chapter shall be deemed to create an obligation, debt or liability of any governmental unit or be deemed to constitute an approval of any obligations issued or to be issued hereunder.

(2) If any provision of this chapter shall be held to be or shall, in fact, be invalid, inoperative or unconstitutional, the defect of the provision shall not affect any other provision of this chapter or render it invalid, inoperative or unconstitutional. To the extent this chapter shall be held to be or shall, in fact, be invalid, inoperative or unconstitutional, all allocations of the state ceiling previously made under this chapter shall be treated as allocations made by the legislature.

(3) The state pledges and agrees with the holders of any bonds with respect to a project for which an allocation of the state ceiling was applied for by a governmental unit and which has been granted under this chapter that the state will not retroactively alter the allocation of the state ceiling to the governmental unit for such bonds.

SECTION 2. This act shall be in full force and effect on and after January 1, 1986.

The recovery account's liability for all claims arising from the acts or omissions of any one (1) licensee in any calendar year shall be limited to a payment of not more than two thousand dollars ($2,000), regardless of the number of persons damaged by the acts or omissions of a licensee, or the total amount of damage caused by such licensee, in any one (1) calendar year. If a claim is made against the account and the commission has actual knowledge of any other claims against the recovery account which have been filed or asserted against the same licensee and arise from acts or omissions of the licensee in the same calendar year, then the commission shall file an interpleader action in accordance with the applicable statutes and the Idaho rules of civil procedure against all known parties who may claim a right to payment from the account. Unless the commission has actual knowledge of other potential claims, as stated above, and so files said interpleader action, the first person who obtains a final judgment against a licensee shall be entitled to the payment of that amount equal to the lesser of the judgment or two thousand dollars ($2,000), providing the claimant meets the other criteria set forth herein.

(e) He has made all reasonable searches and inquiries to ascertain whether the judgment debtor is possessed of real or personal property or other assets liable to be sold or applied in satisfaction of the judgment.

(f) That by such search he has discovered no personal or real property or other assets liable to be sold or applied, or that he has discovered certain of them, describing them, owned by the judgment debtor and liable to be so applied, and that he has taken all necessary action and proceedings for the realization thereof, and that the amount thereby realized was insufficient to satisfy the judgment, stating the amount so realized and the balance remaining due on the judgment after application of the amount realized.

and be the exclusive proof of the expiration date of registration and licensing. Vehicles may be initially registered for less than a twelve (12) month period, or for more than a twelve (12) month period, and the fee prorated on a monthly basis if the fractional registration tends to fulfill the purpose of the monthly series registration system.

(2) For all motor vehicles, trailers and semitrailers equipped to carry passengers and operated primarily for hire exclusively within the limits of an incorporated city and adjacent thereto, when the service outside the city is a part of a regular service rendered inside the city, and for school buses operated either by a nonprofit, nonpublic school or operated pursuant to a service contract with a school district for transporting children to or from school or in connection with school approved activities, the annual fee shall be twelve dollars ($12.00).

33-1501. TRANSPORTATION AUTHORIZED. Nonpublic school students may be transported, where practicable, when the full costs for providing such transportation are recovered. In approving the routing of any school bus, or in the maintenance and operation of all such transportation equipment, or in the appointment or employment of chauffeurs, the primary requirements to be observed by the board of trustees are the safety and adequate protection of the health of the pupils. Nothing herein contained shall prevent any board of trustees from denying transportation to any pupil in any school bus operated by or under the authority of said board, upon good cause being given, in writing, to the parents or guardian, or either of them, of such pupil.

No board of trustees shall be required to provide transportation for any pupil living less than one and one-half (1 1/2) miles from the nearest appropriate school. A board of trustees may require pupils who live less than one and one-half (1 1/2) miles from the nearest established bus stop to walk or provide their own transportation to such bus stop. That distance shall be determined by the nearest and best route from the junction of the driveway of the pupil's home and the nearest public road, to the nearest door of the schoolhouse he attends, or to the bus stop, as the case may be. The board may transport any pupil a lesser distance when in its judgment the age or health or safety of the pupil warrants.

To effectuate the public policy hereby declared, the board of trustees of any school district may purchase or lease, and maintain and operate school buses; may enter into contracts with individuals, firms, corporations or private carriers; or may make payments to parents or guardians, subject to the limitations herein provided, when transportation is not furnished by the district.

The board shall also consider the safety and convenience of highway users, the common welfare of the people of the state, and of the cities within the state and the financial capacity of the state of Idaho to acquire rights-of-way and to construct, reconstruct and maintain state highways. In making a determination, the board must, before it can abandon, relocate, or replace by a new highway, any highway serving or traversing any city, or the area in which the city is located, specifically find and determine that the benefits to the state of Idaho are greater than the economic loss and damage to the city affected. No highway serving or traversing any city shall be abandoned, relocated or replaced by a new highway serving the area in which a city is located without the board first holding a public hearing in that city. Written notice setting forth the action proposed to be taken by the board shall be served upon the mayor of any city affected, and upon all property owners from which acquisition of right-of-way is necessary and from which that property must be purchased, by certified or registered mail, and shall also be published in at least one (1) issue of a newspaper published and of general circulation in each city affected. If there is no newspaper published in the city, then a notice shall be posted in three (3) of the most public places in the city. The notice shall contain a statement of any action contemplated by the board affecting the city or property owner, and shall specify the time and place of the hearing. At the hearing a property owner from which right-of-way is necessary to be acquired and from which that property must be purchased, and the governing body of any city affected may appear, voice objections to the action proposed to be taken by the board, and may present evidence and call witnesses in support of their objections. The board shall give consideration to the protests and objections and make a written decision determining whether or not the proposed action would be of greater benefit to the state of Idaho than the economic loss and damage resulting to the city. The board shall serve a written decision upon the governing body of any affected city and property owners within ten (10) days following the completion of the hearing, and no action shall be taken by the board prior to the service of the written decision.
(b) Within ten (10) days after the written decision has been served, an appeal may be taken from the decision by the person from whom the property must be purchased, the interested city, board of county commissioners, or highway district commissioners to the district court in and for the county in which the city affected by the order is located. The appeal shall be taken and perfected in the following manner:

1. The appellant shall file with the clerk of the district court of the proper county, and serve upon the board, notice specifying the grounds of appeal, and a certified copy of the decision of the board appealed from. The district court shall then have jurisdiction of the matter and may make any order or judgment that the equities of the case require. Upon the appeal being perfected, the appeal shall receive a preferential place on the calendar of the district court.

2. The appeal shall be heard and determined by the district court in a summary manner as in a suit in equity, and the trial shall be a trial de novo on the issues framed. The court may affirm, reverse, or modify the order appealed from and may issue injunctions whenever it appears necessary for the protection of the interests of any party to the appeal.

3. No bond or undertaking shall be required of any party appealing under any of the provisions of this section.

4. The filing fees required in the district court shall be the same as is provided for filing cases originally in the court.

(c) Any final order or judgment of the district court under this subsection shall be appealable to the supreme court of the state of Idaho within thirty (30) days following the entry of the final order or judgment in the same manner as appeals in civil actions are taken to the Supreme Court.

(d) The board shall take no action on any matter affecting any property owner from which right-of-way is necessary to be acquired or any city until either:

1. The time has elapsed for an appeal to the district court and no appeal has been filed; or

2. If an appeal has been taken to the district court, then until the time for appeal from its final order or judgment to the supreme court has elapsed and no appeal has been taken; or

3. If an appeal has been taken to the supreme court, then until the matter has been finally determined by that court.

(2) The board shall cause to be prepared and publicly displayed a conspicuous place in their offices a complete map of the state highway system in which each section shall be identified by location, length and a control number. The map shall be of a suitable size and scale and contain data and information as deemed appropriate by the board. Periodically, and not less than once each year, the board shall revise and correct the map to record the changes in the designated state highway system resulting from additions, abandonments and relocations. Hand maps of the state highway system shall be issued periodically for public distribution.
(3) Abandon the maintenance of any highway and remove it from the state highway system, when that action is determined by the unanimous consent of the board to be in the public interest.

(4) Locate, design, construct, reconstruct, alter, extend, repair and maintain state highways, and plan, design and develop statewide transportation systems when determined by the board to be in the public interest.

(5) Establish standards for the location, design, construction, reconstruction, alteration, extension, repair and maintenance of state highways, provided that standards of state highways through cities shall be coordinated with the standards in use for the systems of the respective cities. The board shall make agreements with incorporated cities having within their limits state highway sections in the category described in section 40-502, Idaho Code, and provide for an equitable division of the maintenance of those sections. The board may also, in the interest of economy and efficiency, arrange to have any or all of the state highway sections within incorporated cities maintained by those cities, the cost of the work as limited by section 40-502, Idaho Code, to be reimbursed by the state.

(6) Cause to be made and kept, surveys, studies, maps, plans, specifications and estimates for the alteration, extension, repair and maintenance of state highways, and so far as practicable, of all highways in the state, and for that purpose to demand and to receive reports and copies of records from county commissioners, commissioners of highway districts, county engineers and directors of highways and all other highway officials within the state.

(7) Approve and determine the final plans, specifications and estimates for state highways and cause contracts for state highway work to be let by contract in the manner provided by law.

(8) Expend funds appropriated for construction, maintenance and improvement of state highways.

(9) Designate state highways, or parts of them, as controlled-access facilities and regulate, restrict or prohibit access to those highways to serve the traffic for which the facility is intended.

(10) Close or restrict the use of any state highway whenever the closing or restricting of use is deemed by the board to be necessary for the protection of the public or for the protection of the highway or any section from damage.

(11) Designate main traveled state highways as through highways. The traffic on through highways shall have the right-of-way over the traffic on any other highway intersecting with it, provided, that at the intersection of two (2) through highways the board shall determine which traffic shall have the right-of-way.

(12) Furnish, erect and maintain standard signs on side highways directing drivers of vehicles approaching a designated through highway to come to a full stop before entering or crossing the through highway.

(13) Provide a right-of-way for and supervise the construction of side paths or sidewalks along regularly designated state highways outside the boundaries of incorporated cities and the expenditures for the construction of them may be made from the highway funds of the county or highway districts.
(14) Upon certification and requisition of an appropriate board, commission, governing body, or official head of any state institution and on the approval of the governor, showing the same to be necessary, construct, alter, repair, and maintain the roadways in, through, and about the grounds of state institutions. The construction, alteration, repair and maintenance shall be accomplished and paid for from the state highway account in accordance with the provisions of chapter 7, title 40, Idaho Code. This provision shall not be construed to divest any board, commission, governing body, or official head of an institution their constitutional or statutory powers.

40-311. POWERS AND DUTIES -- PROPERTY. The board shall:

(1) Purchase, exchange, condemn or otherwise acquire, any real property, either in fee or in any lesser estate or interest, rights-of-way, easements and other rights and rights of direct access from the property abutting highways with controlled access, deemed necessary by the board for present or future state highway purposes. The order of the board that the land sought is necessary for such use shall be prima facie evidence of that fact.

(2) Cooperate with and receive donations and aid from private sources in the form of improvements to state owned property.

(3) Purchase, lease or otherwise acquire and develop lands for the purpose of securing highway making materials, and purchase, lease or otherwise acquire mill and factory sites and construct, equip and operate mills and factories for the reduction and manufacture of highway making materials.

When in the opinion of the board the real property and/or appurtenances are no longer needed for state highway purposes, dispose of any surplus materials and by-products from the real property and appurtenances.

(5) Make a lump sum payment with funds available for acquisition, when irrigable lands served or to be served by an irrigation works and system of an organization, whether incorporated or unincorporated, existing for the purpose of furnishing water for irrigation, are acquired by the board. The cost and expense of the acquisition of those lands for highway purposes shall be in an amount sufficient to pay the pro rata share of the organization's indebtedness, if any, including the organization's indebtedness to the United States or any public or private lending agency, allocable to the lands acquired by the board, together with interest on the pro rata share of the indebtedness in the event the indebtedness shall not be callable in advance of maturity. Whenever the board shall determine, after notice and opportunity for hearing, that it is necessary that any facilities which now are, or hereafter may be, located in, on, along, over, across, through or under any federal-aid primary or secondary system or on the interstate system, including extensions within urban areas, should be relocated, the utility owning or operating the facilities shall relocate them in accordance with the order of the board. In case of any relocation of facilities, the utility owning or operating the facilities, its successors or assigns, may maintain and operate the facilities, with the necessary appurtenances, in the new location or locations.

(4) Prescribe and enforce regulations for the erection and maintenance of advertising structures permitted by sections 40-1909, 40-1913, and 40-1914, Idaho Code, designed to protect the safety of the users of the highway and otherwise to achieve the objectives set forth in section 40-1903, Idaho Code, and consistent with the national policy set forth in section 131, title 23, United States Code, and the national standards promulgated by the secretary of transportation. The board shall not prescribe or enforce rules or regulations that are more restrictive than those authorized under section 131, title 23, United States Code. Proceedings for review of any action taken by the board pursuant to this section shall be instituted under the provisions of chapter 52, title 67, Idaho Code.

(5) Prescribe rules and regulations to implement the provisions of chapter 20, title 40, Idaho Code, and other rules and regulations relating to relocation assistance as may be necessary under existing federal laws and rules and regulations promulgated thereunder. Rules and regulations shall include provisions relating to:

(a) Standards for decent, safe and sanitary dwellings;

(b) Eligibility of displaced persons for relocation assistance
payments, procedural methods whereby persons may make application for and claim payments and the amounts of them; and
(c) Other rules and regulations consistent with the provisions of chapter 20, title 40, Idaho Code, as are considered necessary or appropriate to carry out the provisions of that chapter.

40-313. POWERS AND DUTIES -- BEAUTIFICATION AND INFORMATION. The board shall:

(1) Furnish, erect and maintain, whenever necessary for public safety and convenience, suitable signs, markers, signals and other devices to control, guide and warn pedestrians and vehicular traffic entering or traveling upon the state highway system.

(2) Forbid, restrict or limit the erection of unauthorized signs, billboards or structures on the right-of-way of any state highway, and remove therefrom and destroy any unauthorized signs existing on them.

(3) Acquire, maintain and improve areas adjacent to highways on the state highway system for the restoration, preservation, and enhancement of scenic beauty, for use as informational sites, and for rest and recreation of the traveling public. The areas shall be parallel to and contiguous with the highway and shall not exceed a width of one thousand (1,000) feet from the adjacent right-of-way line. The board may acquire these areas in fee, easement, or other interest as may be determined by the board to be reasonably necessary to accomplish the purposes of chapter 15, title 40, Idaho Code. Such acquisition is declared to be for a highway use, and may be by gift, purchase, exchange or eminent domain, and if the latter be necessary, it shall be carried out in the same manner as now provided by law for acquisition of right-of-way for state highways.

(4) Screen, if feasible, any junkyard lawfully in existence on March 20, 1967, which are within one thousand (1,000) feet of the nearest edge of the right-of-way and visible from the main traveled way of any highway on the interstate or primary system and not located within an industrial area, zoned or unzoned. The responsibility of the board for screening junkyards is limited to the size of the junkyards and height of storage existing as of March 20, 1967. Any screening, after March 20, 1967, required by an increase in the size of the junkyard or the height of the storage in it shall be the responsibility of the owner and will be done at his expense. The board is authorized to acquire by purchase, gift or the power of eminent domain the lands or interest in lands as may be necessary to provide adequate screening of junkyards, but eminent domain proceedings may not be undertaken to obtain adjacent lands unless they are owned by the owner of the junkyard or the lands of the junkyard are inadequate for this purpose. When the board determines that the topography of the land will not permit adequate screening of junkyards within one thousand (1,000) feet of the nearest edge of the right-of-way of the highway on the interstate or primary system or the screening of the junkyards would not be economically feasible, the board must acquire by gift, purchase or the power of eminent domain, any interests necessary to secure the removal or disposal of the junkyard.

40-314. POWERS AND DUTIES -- DEPARTMENTAL. The board shall:
(1) Establish departmental internal structures deemed necessary for the full and efficient administration of this title.

40-315. POWERS AND DUTIES -- CONVICT LABOR. The board may:

(1) Take requisition subject to rules and regulations as adopted by the state board of correction, upon the warden of the state penitentiary for the convicts sentenced to and confined in the state penitentiary as in the judgment of the warden are able-bodied and able to do physical labor, and the number of convicts as in the judgment of the warden is deemed reasonably safe for that purpose, to work upon any of the highways laid out, constructed, improved or determined to be laid out, constructed or improved by the board. The state board of correction and the warden of the penitentiary are authorized, and it is made their duty so to furnish convicts for work upon the state highways under the general direction and supervision of the transportation board, subject, however, to rules, regulations and safeguards as may be prescribed by the state board of correction concerning the number of hours per day convicts may be required to work, the kind of weather in which they may not be required to work, the number of guards required, and other subjects proper and necessary. The board shall pay out of the state highway account the sum of five dollars ($5.00) per month to each convict worked upon a state highway, the time to be computed only for actual time employed in work, and also the expense of transporting, guarding and subsistence of each convict during the time he is required to be away from the state penitentiary, less an amount representing the estimated average cost to the state of his subsistence, had he remained at the penitentiary, as determined by the warden.

40-316. POWERS AND DUTIES -- REPORTS. The board shall:

(1) Make annually, on or before December 1 of each year and at other times as the governor may require, reports in writing to the governor concerning the condition, management and financial transactions of the department.

(5) Serve as the state's representative in the designation of forest highways within the state.

(6) Negotiate and enter into bilateral agreements with designated representatives of contiguous states. Agreements may provide for the manning and operation of jointly occupied ports of entry, for the collection of highway user fees, registration fees and taxes which may be required by law, rule and regulation. Agreements may further provide for the collection of these fees and taxes by either party state at jointly occupied ports of entry before authorization is given for vehicles to legally operate within that state or jurisdiction, and for the enforcement of safety, size and weight laws, rules or regulations of the respective states.

(7) Enter into all contracts and agreements with the United States government in the name of the state of Idaho, relating to the survey, construction and maintenance of roads, under the provisions of any act of congress including county and city highways, and submit a program of construction and maintenance as may be required by the United States government or any of its agencies, and do all other things necessary to cooperate and complete those programs.

40-318. POLITICAL ACTIVITIES PROHIBITED. While retaining the right to vote as he pleases and to express his opinions on all political subjects, no member of the board and no officer or employee of the board or of any division over which it has jurisdiction, shall take an active part in a political party or committee management, or in a political campaign, nor shall he use his official authority or influence for the purpose of interfering with an election, or for the purpose of coercing the political action of any person or body.

40-319. GOOD FAITH OF STATE PLEDGED TO APPROPRIATION. For the construction and maintenance of highways as may be eligible for federal aid funds, excepting turnpike projects, the good faith of the state is pledged to make available funds which combined with funds made available by counties, highway districts and cities sufficient to match funds made available to the state of Idaho by the United States
government for highway purposes and for the purpose of evidencing good faith, the board in the name of the state, is authorized to enter into any and all agreements with the United States government under rules and regulations approved by the United States government or any of its agencies.

40-320. STATE HIGHWAY CONSTRUCTION AND RIGHT-OF-WAY COSTS BORNE BY STATE -- EXCEPTIONS. All costs of constructing, reconstructing and acquiring right-of-way for highways in the state highway system shall be borne by the state. However, when a county or incorporated city in which a state highway is located, or is to be located, desires a higher standard of construction or reconstruction than is planned, the county or city may, with the approval of the board, pay the additional cost.

40-321. COMMERCIAL ENTERPRISES ON PROHIBITED ACCESS HIGHWAYS PROHIBITED -- EXCEPTION -- CONNECTING SERVICE HIGHWAYS. No commercial enterprise or activity for serving motor vehicle users, other than emergency services for disabled vehicles and vending machines permitted under the provisions of federal law or federal rule and section 67-5411, Idaho Code, and board right-of-way use permit shall be conducted within or on any property designated as, or acquired for, or in connection with a prohibited access highway, as designated by the Idaho transportation board. However, the board may construct on that property, at locations it deems appropriate, connecting service highways parallel to the prohibited access highways in such manner as to facilitate the establishment and operation of commercial enterprises for serving motor vehicle users on private property abutting those service highways.

CHAPTER 4
IDAHO TURNPIKE AUTHORITY

40-401. TURNPIKE PROJECTS. The board is empowered to construct, maintain, repair and operate turnpike projects at locations established by it, and shall be an instrumentality exercising public and essential governmental functions in the construction, operation and maintenance of turnpike projects.

40-402. IDENTIFICATION OF TURNPIKE PROJECTS. Each specific turnpike project shall be clearly identified by an appropriate descriptive name and shall be operated as a separate enterprise. When a turnpike project is proposed by the board, it shall provide all surveys necessary to establish its economic feasibility, including the origin and destination counts, engineering surveys and other reports which may be required in order to secure adequate financing.

40-403. INCIDENTAL POWERS -- GRADE SEPARATIONS -- RELOCATION OF PUBLIC HIGHWAYS -- RIGHT OF ENTRY. (1) The board shall have power to construct grade separations at intersections of any turnpike project with public highways and to change and adjust the lines and grades of those highways in order to accommodate them to the design of the
grade separation. The cost of the grade separations and any damage incurred in changing and adjusting lines and grades of highways shall be ascertained and paid by the board as a part of the cost of the turnpike project.

(2) If the board shall find it necessary to change the location of any portion of any public highway, it shall cause it to be reconstructed at a location as the highway board having jurisdiction over the highway to be reconstructed shall deem most favorable and of substantially the same type and in as good condition as the original highway. The cost of reconstruction and any damage incurred in changing the location of any highway shall be ascertained and paid by the board as a part of the cost of the turnpike project.

(3) Any highway affected by the construction of any turnpike project may be changed or relocated by the board in the manner provided by law for the vacation or relocation of public highways, and any damage awarded shall be paid by the board as a part of the cost of the project.

(4) The board and its authorized agents and employees may enter upon any lands, waters and premises in the state for the purposes of making surveys, soundings, drillings and examinations as it may deem necessary or convenient for the purposes of a turnpike project, and such an entry shall not be deemed a trespass, nor shall an entry for those purposes be deemed an entry under any condemnation proceedings which may be then pending. The board shall make reimbursement for any actual damages resulting to the lands, water, and premises as a result of those activities.

40-404. FEEDER HIGHWAYS. (1) The board is authorized to:

(a) Construct, repair and maintain any feeder highway which in the opinion of the board will increase the use of a turnpike project to which the highway is a feeder;

(b) Assume maintenance and repair operations of an existing highway which is needed as a feeder highway. Before exercising these powers, consent of local authority exercising jurisdiction over the existing highway must be obtained; and

(c) Realign an existing highway and build additional sections of highway over new alignment in connection with the existing highway.

(2) Where a feeder highway is constructed over new alignment, the board is granted the same powers concerning construction as is granted in connection with the construction of the turnpike project. Any feeder highway, eighty per cent (80%) or more of which is built over new alignment, shall for the purposes of this section be deemed to be a new feeder highway.

(3) Where the board has constructed a new feeder highway, it shall have the obligation to maintain and repair the new feeder highway.

(4) No toll shall be charged for transit between points on any feeder or new feeder highway.

40-405. TOLLS, FIXING AND COLLECTING. (1) The board is authorized to fix, revise, charge and collect tolls for the use of each turnpike
project and the different parts or sections of the project, and to contract with any person, partnership, association or corporations desiring the use of any part of the project, including the right-of-way adjoining the paved portion, for the placement of telephone, telegraph, electric light or power lines, gas stations, garages, stores, hotels, and restaurants, or for any other purpose except for tracks for railroad or for railway use, and to fix the terms, conditions, rents and rates of charge for that use.

(2) The board shall construct any gasoline service facilities which it may determine are needed on the project, and to afford users of the project a reasonable choice of motor fuels of different brands. Each gasoline service station shall be separately offered for lease upon sealed bids. Notice of the offer shall be published once a week in three (3) successive weeks in a newspaper having general circulation in the state. If acceptable bids are received, in the judgment of the board, each lease shall be awarded to the highest and best bidder, but no person shall be awarded or have the use of, nor shall motor fuel identified by trade marks, trade names or brands of any one supplier, distributor or retailer of such fuel be sold at more than one (1) service station if they would constitute more than twenty-five per cent (25%) of the service stations on the entire project.

(3) No contract shall be required and no rent, fee or other charge of any kind shall be imposed for the use and occupation of any turnpike project for the installation, construction, use, operation, maintenance, repair, renewal, relocation or removal of tracks, pipes, mains, conduits, cables, wires, towers, poles or other equipment or appliances in, on, along, over or under any turnpike project by any public utility, person or corporation paying a tax for the privilege of using the public highways or other public places in the state.

(4) Tolls shall be so fixed and adjusted as to carry out and perform the terms and provisions of any contract with or for the benefit of bondholders. Tolls shall not be subject to supervision or regulation by any other department, division, bureau, commission, board, or agency of the state. The use and disposition of tolls and revenues shall be subject to the provisions of a resolution by the board in authorizing the issuance of bonds or of a trust agreement securing them.

40-406. TRUST FUNDS. All moneys received relating to turnpike projects, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely for turnpike projects. A resolution authorizing bonds of any issue or a trust agreement securing bonds shall provide that any officer with whom, or any bank or trust company with which, the moneys shall be deposited shall act as trustee of the money and shall hold and apply it for the purposes of the turnpike project, subject to the resolution or as a trust agreement may provide.

40-407. REMEDY. The only remedy available to any holder of bonds, or any of the coupons appertaining to them, and the trustee under any trust agreement, except to the extent the rights given may be
restricted by a trust agreement, shall be to the particular turnpike project account and not against the state or any of its political subdivisions. A statement to this effect shall be printed on the face of all turnpike revenue bonds and any attached coupons.

40-408. TAX EXEMPTION -- TURNPIKE PROJECTS. The exercise of powers for turnpike projects shall be in all respects for the benefit of the people of the state, for the increase of their commerce and prosperity, and the improvement of turnpike projects by the board shall constitute the performance of essential governmental functions. The board shall not be required to pay any taxes or assessments upon any turnpike project or any property acquired or used by it relating to turnpike projects or upon the income from them, and any turnpike project and any property acquired or used by the board, and the income from them, and the bonds issued, their transfer and the income from them, including any profit made on the sale of them, shall be exempt from all taxation.

40-409. REAL PROPERTY GRANTS AUTHORIZED -- ANNUAL REPORT -- INTEREST IN CONTRACT PENALIZED. (1) Each turnpike project when constructed and opened to traffic shall be maintained and kept in good condition and repair by the board. Each project shall also be operated by tolltakers and other operating employees as the board may in its discretion employ. Nothing contained in this chapter shall in any way affect the regular duties prescribed for state and local police officers.

(2) All political subdivisions and all public departments, agencies and commissions of the state of Idaho, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the board at its request, upon terms and conditions as the proper authorities of political subdivisions and departments, agencies and commissions of the state deem reasonable and fair, and without the necessity for advertisement, order of a court or other action or formality, other than the regular and formal action of the authorities concerned, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the board, including public highways and other real property already devoted to public use.

(3) On or before December 1 each year the board shall make an annual report of its activities for the preceding fiscal year relating to turnpike projects to the governor and to the legislature. Each report shall set forth a complete operating and financial statement covering its operations during the year. The board shall cause an audit of its books and accounts to be made at least once each year by certified public accountants and the cost of audits shall be treated as a part of the cost of construction or of operation of the turnpike project.

(4) Any member, agent or employee of the board who is interested, either directly or indirectly, in any contract of another with the board, or in the sale of any property, either real or personal, to the board shall be guilty of a felony and punished by a fine of not more than five thousand dollars ($5,000) or by imprisonment for not more
than five (5) years, or by both fine and imprisonment.

40-410. TOLLS. When all turnpike revenue bonds and the interest on them shall have been paid, or a sufficient amount for the payment of all bonds and the interest on them to the maturity of them, shall have been set aside for the benefit of bondholders, the board shall continue to use toll revenues as may be necessary to continue the turnpike project in satisfactory condition and repair.

40-411. POWER TO ISSUE BONDS -- CREDIT OF STATE NOT PLEDGED. (1) The board shall have power and is authorized to issue, from time to time its negotiable notes and bonds in conformity with the applicable provisions of the uniform commercial code and section 40-412, Idaho Code, in a principle amount as the board shall determine to be necessary for sufficient funds for achieving a turnpike project, establishing the reserves to secure the notes and bonds, and all other expenditures of the board incidental and necessary or convenient to carry out its powers for turnpike projects.

(2) Turnpike revenue bonds shall not be deemed to constitute a debt or liability of the state or of any political subdivision, or a pledge of the faith and credit of the state or of any political subdivision, but the bonds, unless refunded by bonds of the board, shall be payable solely from funds pledged or available for their payment. All turnpike revenue bonds and any coupons appertaining to those bonds shall contain on the face a statement to the effect that the board is obligated to pay the same, or the interest on them, only from the tolls, other revenue and proceeds of the bonds and that neither the state nor any political subdivision is obligated to pay the same or the interest on them, and that neither the faith and credit nor the taxing power of the state or any political subdivision is pledged to the payment of the principal of or the interest on the bonds.

40-412. BONDS OF BOARD AS TURNPIKE AUTHORITY. (1) The board is authorized to provide by resolution for the issuance of bonds of the board for any of its corporate purposes, including the refunding of its bonds. The principal of and the interest on any issue of bonds shall be payable solely from and may be secured by a pledge of tolls and other revenues of all or any part of the turnpike project financed in whole or in part with the proceeds of the issue or with the proceeds of bonds refunded or to be refunded by the issue. The proceeds of the bonds may be used or pledged for the payment or security of the principal of or interest on bonds and for the establishment of any or all reserves for payment or security, or for other corporate purposes as the board may authorize in the resolution authorizing the issuance of bonds or in a trust agreement securing them. The bonds of each issue shall be dated, shall bear interest at a rate, shall mature at a time not exceeding thirty (30) years from their date, as may be determined by the board and may be made redeemable before maturity, at the option of the board, at a price and under terms and conditions as may be fixed by the board prior to the issuance of the bonds. The board shall determine the form of the bonds including any interest coupons to be attached, and shall fix the denomination of the bonds and the
place of payment of principal and interest, which may be at any bank or trust company within or without the state. The bonds shall be signed by the chairman of the board or shall bear his facsimile signature, and the official seal of the board or a facsimile shall be impressed, imprinted, engraved or otherwise reproduced on them. The official seal or facsimile shall be attested by the secretary of the board or by other officer or agent as the board shall appoint and authorize. Any coupons attached to the bonds shall bear the facsimile signature of the chairman of the board. In the event any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be an officer before the delivery of the bonds, the signature or facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until delivery. Bonds issued shall have and are declared to have all the qualifications and incidents of negotiable instruments. Bonds may be issued in coupon or in registered form, or both, as the board may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The board may sell bonds in a manner and for a price, as it may determine to be for the best interest of the board. Neither the members of the board nor any person executing the bonds shall be personally liable on the bonds or be accountable by reason of the issuance of them.

(2) Proceeds of the bonds of each issue shall be disbursed in a manner and under restrictions, if any, as the board may provide in the resolution authorizing the issuance of the bonds or in a trust agreement securing them.

(3) Prior to the preparation of definitive bonds, the board may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when those bonds shall have been executed and are available for delivery. The board may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued without obtaining consent of any department, division, bureau, commission, board or agency of the state, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required.

(4) The state does agree with holders of bonds that the state will not limit or restrict rights hereby vested in the board to establish and collect charges and tolls as may be convenient or necessary to produce sufficient revenue to meet the expenses of maintenance and operation of a turnpike project and to fulfill the terms of any agreements made with holders of bonds, or in any way impair the rights or remedies or holders of bonds until the bonds, together with interest are fully paid and discharged.

40-413. TRUST AGREEMENT. (1) In the discretion of the board any bonds issued may be secured by a trust agreement by and between the board and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. A trust agreement or resolution providing for the issuance of bonds,
subject to the provisions of section 40-412, Idaho Code, may pledge or
assign tolls or other revenues to which the board's right then exists
or may subsequently come into existence, and moneys derived from them,
and the proceeds of the bonds, but shall not convey or mortgage any
turnpike project or any part of it. A trust agreement or resolution
providing for the issuance of bonds may contain provisions for pro-
tecting and enforcing the rights and remedies of bondholders as may be
reasonable and proper, and not in violation of law, including cove-
nants setting forth the duties of the board in relation to the requi-
sition of property and the construction, improvement, maintenance,
repair, operation and insurance of a turnpike project or projects, the
rates of tolls and revenues to be charged, the payment, security or
redemption of bonds, and the custody, safeguarding and application of
all moneys, and provisions for the employment of consulting engineers
in connection with the construction or operation of a turnpike project
or projects. It shall be lawful for any bank or trust company incorpo-
rated under the laws of the state which may act as depository of the
proceeds of bonds or of revenues to furnish indemnifying bonds or to
pledge any securities as may be required by the board. A trust agree-
ment or resolution may set forth rights and remedies of bondholders
and of the trustee, and may restrict individual rights of action by
bondholders. In addition, a trust agreement or resolution may contain
other provisions as the board may deem reasonable and proper for the
security of bondholders. All expenses incurred in carrying out the
provisions of a trust agreement may be treated as a part of the cost
of the operation of the turnpike project.

(2) Any pledge of tolls, other revenues, or other moneys made by
the board shall be valid and binding from the time when the pledge is
made. The tolls, other revenues, or other moneys pledged and subse-
quently received by the board shall immediately be subject to the lien
of the pledge without any physical delivery or further act, and the
lien of any pledge shall be valid and binding as against all parties
having claims of any kind in tort, contract, or otherwise against the
board, irrespective of whether the parties have notice of it.

40-414. REFUNDING BONDS. The board is hereby authorized to pro-
vide by resolution for the issuance of refunding bonds of the board
for the purpose of refunding any bonds then outstanding which shall
have been issued, including the payment of any redemption premium and
any interest accrued or to accrue to the date of redemption of the
bonds, and, if deemed advisable by the board, for the additional pur-
pose of constructing improvements, extensions, or enlargements of the
turnpike project in connection with which the bonds to be refunded
shall have been issued. The board is further authorized to provide by
resolution for the issuance of its bonds for the purpose of refunding
any bonds then outstanding which shall have been issued under the
provisions of section 40-412, Idaho Code, including the payment of any
redemption premium and any interest accrued or to accrue to the date
of redemption of the bonds. The issuance of the bonds, the maturities
and other details of them, the rights of the holders, and the rights,
duties, and obligations of the board in respect of the bonds shall be
governed by the provisions of this chapter insofar as they may be
applicable.

(b) The taking from the owner of the real property on which the sign, display, or device is located, of the right to erect and maintain signs, displays and devices on that property. Where setback easements restricting the erection of structures or advertising displays have been recorded by the state on land where those structures have been erected, the landowner of the land shall be deemed to have been fully compensated for them.

(3) In any action at law instituted by the department under this section the state shall not be required, as a prerequisite, to the taking of or appropriation to comply with section 7-704(2) or section 7-707(6), Idaho Code.

40-507. CONSTRUCTION AND MAINTENANCE OF INFORMATION CENTERS. (1) The department may design, erect, authorize, supervise and maintain information centers at safety rest areas in a number and at locations as it may determine to be necessary to meet the need of safety and effectively provide information of specific interest to the traveling public.

(2) Outdoor advertising placed within information centers shall be subject to all provisions of this title and all regulations promul-
gated by the board pursuant to the provisions of this title.

(3) Application for a permit to place outdoor advertising within an information center shall be made on a form prescribed by the department, and all permits shall be issued for a period of at least one (1) year. The department shall charge or authorize fees for the permit and for renewal sufficient to amortize the cost of the structure within an information center upon which the outdoor advertising is placed within the expected life of the structure, and sufficient to pay for the maintenance of the structure.

CHAPTER 6
COUNTY COMMISSIONERS AND HIGHWAY OFFICERS

40-601. DISTRICTS ESTABLISHED BY COMMISSIONERS. Whenever the commissioners of any county shall have caused to be described by an order made and entered upon its records any defined portion of contiguous territory, located wholly within the county, for the construction, improvement or repair of highways pursuant to the provisions of law, each defined portion of contiguous territory is recognized as a legal taxing district and body politic of this state and as a highway district for highway purposes.
40-602. BOUNDARIES. The boundaries of each highway district shall be the same as are described by metes and bounds or other legal description upon the minutes or records of the commissioners of the respective county and upon copies of those records duly certified.

40-603. COUNTY HIGHWAYS RECOMMENDED BY COMMISSIONERS -- APPROVED BY BOARD. The commissioners of each county shall recommend highways for the county road system to the board at least once a year and in a manner and form to be prescribed by the board. All recommendations shall clearly show which highways are improved highways and which are unimproved. All recommendations must be approved by the board before they shall constitute the official highway system of the county. The board may require commissioners to submit financial and operating data as it may deem necessary to assist it in determining what highways should properly be included in the respective county highway systems.

40-604. DUTIES AND POWERS OF COMMISSIONERS. Commissioners shall:
1. Exercise general supervision over all highways in the county road system, including their location, design, construction, reconstruction, repair and maintenance, and develop general policies regarding highway matters. The policies established shall be carried out by a county director of highways.
2. Cause to be surveyed, viewed, laid out, recorded, opened and worked, any highways as are necessary for public convenience.
3. Cause to be recorded as highways those that have become such by use or abandonment.
4. Have authority to abandon any highway and remove it from the county highway system when that action is determined to be in the public interest.
5. Designate county highways, or parts of them, as controlled-access highways and regulate, restrict or prohibit access to those highways so as best to serve the traffic for which the facility is intended.
6. Have authority to make agreements with any incorporated city, other county, a highway district, the state, or the United States, its agencies, departments, bureaus, boards, or any government owned corporation for the construction, reconstruction, or maintenance of the county's highway system by those entities or for the construction, reconstruction, or maintenance of the highway systems of those entities by the county's highway organization. The county shall compensate or be compensated for the fair cost of the work except as otherwise specifically provided in this title.
7. Let out by contract the improvement of highways, the construction and repair of bridges or other adjuncts to highways, when the amount of work to be done by contract exceeds five hundred dollars ($500). At least twenty-five per cent (25%) of the fund collected in any highway division must be expended within the division in which the fund was collected.
8. Contract, purchase, or otherwise acquire the right-of-way over private property for the use of county highways and for this purpose may institute proceedings under the code of civil procedure.
(9) Levy an ad valorem tax to be paid into the county highway fund and cause the tax collected each year to be paid into that fund and kept by the treasurer as a separate fund. When all of the territory of a county is included in one or more highway districts the commissioners shall not make any levy for general highway purposes.

(10) Audit and draw warrants on the county highway fund required for payment for rights-of-way improvement.

(11) Rename any highway within the county, excepting those situated within the territorial limits of incorporated cities, when the renaming will eradicate confusion.

(12) Cause guide posts properly inscribed to be erected and maintained on designated highways.

(13) Exercise other powers as may be prescribed by law.

40-605. LAYING OUT OF NEW HIGHWAYS -- WIDENING, CHANGING, OR STRAIGHTENING EXISTING HIGHWAYS -- PURCHASE OF RIGHTS-OF-WAY BY AGREEMENT. Commissioners may lay out new highways within the county as they determine to be necessary. The right-of-way of any highway shall not be less than fifty (50) feet wide, except in exceptional cases. Commissioners may also change the width or location or straighten lines of any highway under their jurisdiction. If, in the laying out, widening, changing or straightening of any highway it shall become necessary to take private property, the commissioners or their director of highways shall cause a survey of the proposed highway to be made, together with an accurate description of the lands required. The commissioners shall endeavor to agree with each owner for the purchase of a right-of-way over his land included within the description. If they are able to agree with the owner, the commissioners may purchase the land out of the county highway fund under their control, and the land shall then be conveyed to the county for the use and purpose of highways.

40-606. CONDEMNATION OF RIGHTS-OF-WAY. (1) Whenever the commissioners or their director of highways shall be unable to agree with any person for a parcel of land, or the person shall be unknown or a nonresident of the county, or a minor, or an insane or incompetent person, the commissioners or director of highways shall have the right, subject in case of the director of highways on the order of the commissioners, to begin action in the name of the county in the district court to condemn the land necessary for the right-of-way for the highway under the provisions of chapter 7, title 7, Idaho Code. An order of the commissioners, entered upon their minutes, that the land sought to be condemned is necessary for a public highway and public use shall be prima facie evidence of the fact.

(2) Any lands classified as omitted lands under federal legislation shall be governed by the provisions of section 7-704A, Idaho Code.

40-607. COUNTY HIGHWAY SYSTEM CONSTRUCTION, MAINTENANCE AND RIGHT-OF-WAY COSTS BORNE BY COUNTY -- EXCEPTIONS. The costs of constructing, reconstructing, maintaining and acquiring rights-of-way for highways in a county highway system shall be borne by the county. This
section shall not be construed as preventing counties from contracting with the state for engineering or other services provided just compensation is paid. A county may participate to the extent necessary in the costs of constructing or reconstructing or acquiring rights-of-way to any urban extensions to county highways built with federal assistance through cities, but urban extensions shall be and continue to be a part of the city system for all other purposes of this title. If planning studies show the existence of a need, a county may purchase, condemn or otherwise acquire a right-of-way for a new alignment of an urban extension of an existing county highway built with federal assistance through cities if the urban extension does not eliminate access to adjacent property owners. A county shall have the authority to construct, maintain and control an urban extension within a city and may enter into any mutual agreement for the transfer of maintenance and control of the urban extension to the city. A county may contract with an adjoining county for the construction and/or maintenance of any part of its highway system.

40-608. RECORD OF HIGHWAY PROCEEDINGS. The clerk of the commissioners shall keep a book in which must be recorded separately all proceedings of the commissioners relative to each highway division, including orders laying out, altering, and opening highways; and in a separate book a description of each highway division, its deputy directors of highways, its highways, contracts, and all other matters pertaining to them.

40-609. CONTRACTS TO USE DAMS AS HIGHWAYS. Commissioners are empowered to make contracts in a form and under conditions deemed proper with the persons or corporations owning or proposing to construct any dam across any river in the state, providing for the use of the dam either in whole or in part, or in a general or limited way as may be agreed upon for a public highway. If the dam and proposed highway is in more than one county, the agreement shall be executed by the commissioners of each county. Contracts for the use as a public highway of any dam to be constructed may be executed prior to construction, and shall, subject to the terms of the contract, be public highways.

40-610. REPORT OF CONDITION OF HIGHWAYS -- FILING. On or before the first day of November in each year, the commissioners shall make a report of the condition of the work, construction, maintenance and repair of all the highways within the county, accompanied by a map or maps of them, together with any other facts necessary for establishing generally the situation and condition of highways within the county. The report shall be made in duplicate, one copy to be filed in the office of the board and one with the clerk of the commissioners.

40-611. REPORT OF FINANCIAL CONDITION -- PUBLICATION. On or before the first day of November of each year, the commissioners shall make and file in its office a full, true and correct statement of the financial condition of the county in respect to highways as it exists on the first day of the preceding October, and of its expenditures and
appropriation for highway purposes during the preceding year. A copy of the statement shall be published in at least one (1) issue of a newspaper published in the county.

40-612. COMMISSIONERS -- HIGHWAY CONTRACTS. No commissioner shall have interest directly or indirectly in any contract awarded or to be awarded by the commissioners, or in the benefits to be derived from them. A violation of this provision shall be a misdemeanor, and a conviction shall constitute a forfeiture of office and a fine not exceeding one thousand dollars ($1,000), or by imprisonment not to exceed six (6) months, or by both fine and imprisonment.

40-613. JURISDICTION IN ADJOINING COUNTIES. Commissioners of each county are empowered to lay out, build, repair, improve and maintain highways and bridges in any adjoining county whenever it shall appear to the commissioners that the laying out, building, repairing, improving or maintaining of highways and bridges in any adjoining county is or will be in the interest of the particular county or of benefit to the people of it. The expense shall be paid out of the county highway fund of the county whose commissioners order and contract for the work to be done. Any highway or bridge work shall not be done in any adjoining county by a particular county if the work would impair the credit of the adjoining county, injure property, or be detrimental to the interest of its citizens.

40-614. SERVICE OF NOTICE ON CHAIRMAN OR CLERK OF COMMISSIONERS OF ADJOINING COUNTY. At least thirty (30) days before the commissioners of a particular county shall proceed to do any work in any adjoining county, it shall cause a notice to be served, in writing, on the chairman or clerk of the commissioners of the adjoining county of its intent to do the work, describing the nature, scope and kind of work to be done, giving the approximate cost of the work, the place where the work is to be performed, the approximate time the work will be commenced and the approximate time that will be required to complete the work.

40-615. COUNTY AND DISTRICT BOARDS -- COOPERATION WITH STATE. Commissioners of any county, or the board of commissioners of any highway district, are empowered to cooperate with the state in the construction of highways or bridges, with aid from the United States or the state. The boards of commissioners are authorized to deposit with the treasurer of the state, to be placed in the state highway account, the amount of funds to be contributed by the county or highway district on any project for the improvement or construction of highways or bridges, which may be agreed upon in writing between the boards of commissioners and the board. The boards of commissioners are empowered to make deposits in advance of construction and at the time the agreement between the boards and the board is entered into. In the event the project for the improvement or construction of highways or bridges is not proceeded with, or in the event that all of the funds deposited by any board of commissioners for use on any project are not used in the completion of the project, the board shall repay any
unused balances to the boards of commissioners having deposited these funds, and the state auditor shall draw his warrant for the payment of those moneys out of the state highway account against claims duly approved by the board and the state board of examiners.

40-616. SIDEWALKS OR SIDE PATHS. Commissioners and boards of commissioners of any highway district are empowered to set apart on and along any public highway outside the boundaries of incorporated cities a strip of land not exceeding eight (8) feet in width for a sidewalk or side path and make an order designating the width of the path and cause the line separating the path from the highway proper to be located and marked with stakes, posts, grade or other marker. After the sidewalks and paths have been set apart and the line separating them from the highway has been located and marked, the use shall be restricted to pedestrians and riders of bicycles propelled solely by the power of the rider.

40-617. CONTRACTS FOR REPAIR OF HIGHWAYS. Commissioners shall, at least three (3) weeks prior to their regular meeting in October or March, or at other times as may become necessary, cause notice to be published in a newspaper, published in the county, for sealed bids to be received by the commissioners for the repair and improvement of the highways in the county highway system. Each proposal or bid submitted to the commissioners, shall be accompanied by a bond conditioned for the faithful performance of the duties of the contract, which may be entered into by and between the party making the proposal, or bid, and the commissioners.

40-618. APPOINTMENT OF COUNTY DIRECTOR OF HIGHWAYS. The commissioners of each county may appoint and employ a county director of highways, who shall be a person qualified in highway administration, construction and maintenance, to handle the technical and administrative phases of county highway construction, maintenance and improvement. The salary and compensation of the county director of highways shall be fixed by the commissioners and shall be paid from the county highway fund. The county engineer may be appointed as the director of highways if the commissioners so determine; and in that event, his compensation as director of highways shall be distinct from, and in addition to, his compensation as county engineer.

40-619. DUTIES AND POWERS OF COUNTY DIRECTOR OF HIGHWAYS. The county director of highways shall:
   (1) Prepare and submit each year for the approval of the commissioners a tentative highway budget covering all proposed expenditures for the ensuing year.
   (2) Divide the county into a suitable and convenient number of highway divisions, which shall exist only for the purpose of facilitating highway construction and maintenance activities. The geographical boundaries and arrangements of the divisions may, with the approval of the commissioners, be altered at any time at the discretion of the director of highways.
   (3) Employ assistants and employees as may be necessary for
county highway purposes, subject to the approval of the commissioners as to salaries or other compensation to be paid.

(6) Cause surveys, maps, plans, specifications and estimates to be made for the construction, reconstruction and maintenance of county highways.

(7) Forbid, restrict or limit the erection of unauthorized signs, billboards or structures on the right-of-way of any county highway, and remove and destroy any unauthorized signs.

(8) Perform other acts as may be authorized by the commissioners for the improvement and maintenance of county highways.

40-708. POLICY OF LEGISLATURE ON EXPENDITURES. (1) It is the declared policy of the legislature that, except as otherwise provided, all highway-user revenues accruing to the state highway account be spent exclusively for the maintenance, construction and development of highways and bridges in the state highway system. By mutual cooperative written agreements, or in the event of emergencies or other unusual circumstances where the financial or general welfare of the people is concerned, two (2) or more units of government may, upon a showing of cause declared and entered upon the minutes of an official meeting of the board, the boards of county, highway district commissioners or the governing body of any cities involved, as the case may be, share jointly the costs of the maintenance, construction or development of highways and bridges in any state, county, district or city system.

The certification shall be prepared by the director, county auditor or highway district treasurer or city clerk, and shall be signed by the elected county or highway district commissioners, mayor, council, or board members of the respective reporting governmental unit. The certification shall be made by the 15th of November of each year for the preceding fiscal budget year, and shall be published once as a legal notice between November 15th and the end of November. (3) Moneys remaining unexpended in dedicated funds shall not be budgeted and expended for uses other than the limits of the dedicated fund.
(4) Highway districts may accumulate fund balances at the end of a fiscal year and carry over those fund balances into the ensuing fiscal year sufficient to achieve or maintain highway district operations on a cash basis. A fund balance is the excess of the assets of a fund over its liabilities and reserves.

40-709. APPORTIONMENT OF FUNDS FROM HIGHWAY DISTRIBUTION ACCOUNT TO LOCAL UNITS OF GOVERNMENT. From the moneys appropriated from the highway distribution account to local units of government, the appropriation shall be distributed as follows:

(1) Thirty per cent (30%) shall be apportioned among incorporated and specially chartered cities, in the same proportion as the population of the incorporated or specially chartered city bears to the total population of all the incorporated or specially chartered cities as shown by the last regular or special federal census.

(2) The remainder shall be apportioned:
   (a) Ten per cent (10%) shall be divided equally among all counties of the state.
   (b) Forty-five per cent (45%) shall be divided among the counties of the state in the proportion that the amount collected from motor vehicle registrations in each county during the last calendar year bears to the total amount of those collections in all counties in the state.
   (c) Forty-five per cent (45%) shall be divided among the counties of the state in the proportion that the number of miles of improved highways in the county highway system of each county bears to the total number of miles of improved highways in the county highway systems of all counties in the state. The director is directed to certify to the state auditor, on or before January 1 of each year, the number of miles of improved highways in each county.

(3) The state auditor shall ascertain the sums set for the apportionment and remit to the local governments their share of the amount computed. The apportionment hereby made shall be remitted to the local governments not later than January 25, April 25, July 25, and October 25 of each year.

(4) Moneys paid to incorporated or specially chartered cities shall be expended by the governing bodies of those cities solely in the construction and maintenance of highways within their corporate limits.

(5) Moneys paid to the counties shall be placed by each county in a fund to be known as the county highway fund and the county shall apportion those funds as follows: To the interest and sinking fund of the county an amount as may be necessary to meet the interest and sinking fund requirements for the current year on any unpaid bonds issued by the county for highway and bridge purposes, or refunding bonds issued to take up those bonds. The county shall pay over to each highway district within the county the portion of the balance of the county highway fund as the following apportion shall apply:
   (a) Ten per cent (10%) shall be divided equally among the county, if the county maintains any highways and the highway districts;
   (b) Forty-five per cent (45%) shall be divided among the county,
if the county maintains any highways, and the highway districts of
the county in the proportion that the amount collected from motor
vehicle registrations in each area designated during the last cal-
endar year bears to the total amount of those collections in the
entire county;
(c) Forty-five per cent (45%) shall be divided among the county,
if the county maintains any highways, and the highway districts in
the proportion that the number of miles of improved highways in
the county and highway districts bear to the total number of miles
of improved highways in the entire county highway system. The
county shall also apportion as and when needed for disbursement
for current expenses for the construction and maintenance of high-
ways any further balance of the county highway fund to the highway
and bridge fund of the county, and may expend all or any portion
of the highways and bridge fund in the construction and mainte-
nance of state highways within the county.
(6) Each highway district receiving an apportionment from the
county highway fund shall apportion those funds as follows: To the
interest and sinking fund of the district, an amount as may be neces-
sary to meet the interest and sinking fund requirements for that year
on any unpaid bonds issued by that district, and any balance of those
funds shall be used for highway and bridge maintenance and construc-
tion. Each district may expend all or any portion of the balance of
those funds in the construction and maintenance of state highways
within the district.
(7) No part of the county highway fund or any apportionment from
it shall ever be used for any purposes other than those provided in
this section, except as specifically otherwise provided, and if, at
the end of any fiscal year there shall remain an unexpended balance of
those funds in the hands of the treasurer of any highway district,
that balance shall be carried forward and retained and subsequently
applied to the maintenance and construction of highways or the payment
of bond interest and principal and sinking fund requirements.

40-710. APPORTIONMENT OF HIGHWAY USERS' MONEYS. (1) The appor-

(a) Ten per cent (10%) shall be divided equally among all highway
districts within the county.
(b) Forty-five per cent (45%) shall be divided among the highway
districts in the county in the proportion that the amount col-
lected from motor vehicle registrations in each highway district
during the last calendar year bears to the total amount of those
collections in all highway districts in the county.
(c) Forty-five per cent (45%) shall be divided among the highway
districts of the county in the proportion that the number of miles
of improved highways in the highway district of each highway dis-

(2) Each highway district shall be required to certify to the
county auditor of the county in which the highway district exists the
amount of improved highways within the highway district as reported to and approved by the director.

40-711. MONEYS OF HIGHWAY DISTRICTS -- APPORTIONMENT WITH COUNTRIES. (1) Within ten (10) days after the organization of a highway board, it shall be the duty of the commissioners to pay over to the treasurer of the highway district the proper share of the district's funds in the highway and bridge fund of the county, the share being ascertained and determined as follows: From the total amount of the highway and bridge funds, consisting of the balance, if any, on hand at the beginning of the current calendar year, augmented by the amount of whatever taxes may have been subsequently collected and paid into the highway and bridge funds, there shall be deducted the amount of any payments made from the funds since the beginning of the calendar year and also any amount needed to make good any deficiency in the funds that may have existed at the beginning of that year. The resulting amount is, for the purpose of the computation, termed the net highway and bridge fund. The highway district's contribution to it is an amount which bears the same ratio that the amount of the highway and bridge ad valorem taxes levied by the county within the highway district in the preceding year (less twenty-five per cent (25%) of the highway fund levied within any included cities), bears to the total amount of highway and bridge ad valorem taxes levied in the county in the preceding year. The proper share for the highway district in the highway and bridge fund is, for the purpose of this section, ninety-five per cent (95%) of the highway district's contribution to the net highway and bridge fund.

(2) All moneys thereafter coming into the county highway and bridge funds by reason of county levies made prior to the organization of the highway district, but which may not, at the time of the organization, have been collected by the county, shall as soon as collected, be accounted for and apportioned by the methods set forth above, and the highway district's proper share in it paid over to the highway district.

(3) Pending final adjustment and payment of the amounts provided for in this section, the commissioners are authorized to retain a proportion of the funds as shall be required to meet outstanding valid warrants lawfully issued against the county prior to the organization of the highway district and outstanding indebtedness of the county lawfully contracted prior to the organization of the highway district lawfully chargeable and payable out of those funds. This section shall not apply to the proceeds of taxes specially levied to meet the requirements of bonds issued by the county.

40-712. CITY'S PORTION OF HIGHWAY FUNDS PAID TO AUDITOR -- FISCAL ASSISTANCE FUNDS. (1) Any city which maintains highways shall continue to receive their proportionate share of moneys distributed under section 40-709, Idaho Code, but in a single county-wide highway district organized under the provisions of chapter 10, title 40, Idaho Code, or under chapter 273, laws of 1971, those moneys shall be paid to the county auditor for the benefit of the county-wide highway district.
(2) Any city or county which receives moneys under the provisions of the state and local fiscal assistance act of 1972 may utilize those funds for any purposes that were solely the responsibility of that city or county prior to March 17, 1973, and which responsibility was transferred to a county-wide highway district by chapter 273, laws of 1971. Any city or county which receives moneys under the provisions of the state and local fiscal assistance act of 1972 may utilize those funds for the design, construction, reconstruction and maintenance of sidewalks, when deemed to be for public safety. Utilization of the fiscal assistance funds may be accomplished by a transfer of the funds to a county-wide highway district, and the provisions of sections 67-2326 through and including 67-2333, Idaho Code, may be utilized for transfer, provided, the provisions of the state and local fiscal assistance act of 1972 are adhered to.

40-713. EXPENDITURE AND APPLICABILITY OF FUNDS. The commissioners and the board of commissioners of each highway district are empowered to expend all or any portion of moneys received by them from the highway distribution account, in cooperation with the state of Idaho or the United States, or both, in the construction of highways or bridges.

40-714. BUDGETING AND ALLOCATION OF FUNDS. (1) The commissioners shall budget and allocate the moneys from the highway distribution account to be available during the year for which the budget is made as in the manner now provided by law for the budgeting of its expenditures, and may budget and allocate so much of them as shall be available for construction and maintenance of highways, in cooperation with the state of Idaho and United States, or either.

(2) The board of commissioners of each highway district may at any meeting allocate the moneys then available and to become available from the highway distribution account during that year for the construction and maintenance of highways, in cooperation with the state of Idaho and the United States, or either.

40-715. TRANSFER OF SUMSALLOCABLE TO COUNTIES -- DISBURSEMENT. It is the duty of the state auditor to draw drafts upon the state treasury for the transfer of the distributive sums allocable to the several counties, which drafts shall be made payable to the county treasurers. The county treasurers shall deposit the moneys in the county highway fund. The county treasurers shall pay out those moneys, under the direction of the commissioners, as provided by section 40-709, Idaho Code.

CHAPTER 8
TAXES

40-801. AUTHORITY AND PROCEDURE FOR LEVIES. (1) The commissioners of a county highway system, the commissioners of a county-wide highway district, and the commissioners of highway districts are empowered, for the purpose of construction and maintenance of highways and bridges under their respective jurisdictions, to make the following
highway ad valorem tax levies as applied to the market value for assessment purposes within their districts:

(a) Two-tenths per cent (0.2%) of market value for assessment purposes for construction and maintenance of highways and bridges; provided that if the levy is made upon property within the limits of any incorporated city, fifty per cent (50%) of the funds shall be apportioned to that incorporated city.

(b) A special levy of eighty-four thousandth per cent (0.084%) of market value for assessment purposes to be used for any one (1) or all of the following purposes:
1. Bridge maintenance and construction;
2. Matching state and federal highway funds;
3. Secondary highway construction;
4. Secondary highway maintenance and improvements;
5. Maintenance during an emergency.

No part of this levy shall be apportioned to any incorporated city.

(2) The tax levies authorized by this section shall be certified to the county auditor of the county in which the levies are made, at the same time that other tax levies are certified for other county purposes, shall be collected by the same officers and in the same manner as any other county taxes are collected, and paid into the county treasury and apportioned to the districts or taxing units in the amount that their respective levies produced, exclusive of ordinary collection fees to the county and the proper apportionment to the incorporated cities.

(3) The total levies for construction and maintenance of highways and bridges, secondary highway matching funds and construction and maintenance of bridges only, shall not exceed two hundred eighty-four thousandth per cent (0.284%) of the market value for assessment purposes.

40-802. ASSESSOR TO FURNISH MARKET VALUE FOR ASSESSMENT PURPOSES — BOARD TO MAKE LEVY. On or before the first Monday in July of each year the county assessor shall deliver to the secretary of each highway district within the county a statement showing the aggregate market value for assessment purposes of all the taxable property in the district, and showing separately the aggregate market value for assessment purposes of all the taxable property within each included city in each district. The highway district board shall levy the taxes provided for.

40-803. COLLECTION BY COUNTY OFFICIALS. The taxes levied by a highway board shall be extended on the general roll by the county assessor in a separate column at the rate fixed by the highway board and certified by the secretary of the highway board, at the same time the county taxes are extended. The taxes shall be carried into a column of aggregates and shall be collected by the tax collector of the county at the time and in the manner provided by law for collecting county taxes. The tax collector shall have the same powers conferred upon him respecting the collection of highway district taxes and the sale of delinquent property as are conferred respecting the collection of other county taxes.
40-804. LIABILITY OF COUNTY OFFICIALS. All county officers entrusted with the assessment, collection, paying over or custody of taxes of any highway district within the county, and their sureties, shall be liable upon their official bonds for the faithful performance of their duties in the assessment, collection and safekeeping of the highway district taxes.

40-805. PAYMENT OF MONEY TO DISTRICT. It is the duty of the tax collector of the county to pay over to the treasurer of the highway district all district tax moneys collected by him and payable to the district as soon as they are collected, and on or before the third Monday in July in each year make a final settlement with the district treasurer respecting the district taxes and pay over all moneys then due to the district, including all the district's proportionate amount of delinquent district taxes, interest and costs on all tax sales and redemptions from them. The treasurer of the district shall give to the tax collector of the county duplicate receipts for the payments, and the tax collector shall give one to the secretary of the district and the other shall be an acquittance to the county tax collector in settling with the highway district, to the extent of the payment shown.

40-806. GENERAL LAWS APPLICABLE. All ad valorem highway taxes levied and assessed under the provisions of this title shall become due and delinquent and shall attach to and become a lien on the real property assessed at the same time as other county taxes. All the provisions of the Idaho Code, governing the assessing and collecting of county taxes, are applicable to the assessment and collection of highway district taxes, wherever the same are consistent with the provisions of this title.

40-807. JOINT COUNTY BRIDGES — ADDITIONAL TAX LEVY. (1) Any two (2) or more counties in the state are empowered to join in the construction, maintenance and repair of bridges at places within or without highway districts, where the bridges will be a direct benefit to each of the counties, and contract for the cost of construction, maintenance or repair of the bridge that each county is to bear.

(2) For the purpose of defraying the costs and expenses incurred under the provisions of this section, the commissioners of the respective counties are empowered to levy upon all taxable property of each county, in addition to all other taxes, an annual tax not exceeding twenty-four ten thousandths per cent (0.0024%) of the market value for assessment purposes of the property, the entire proceeds of the levy to be used solely for the purposes of this section.

40-808. CREATION OF SPECIAL TAX DISTRICTS — APPORTIONMENT OF COSTS. As a highway is built and completed with the proceeds of a bond issue within an area of land which under a resolution of a highway district board is provided, there may be created a special tax district. When the highway has been accepted by the highway district board, and the director of highways for the district has certified to his board the cost of the highway so far as it lies within the special
tax district, then the highway district board shall, by order, create a special tax district, fix and designate the boundaries of it, and designate the portion of the cost of the highway to be charged against the land in the special tax district, not exceeding the maximum percentage specified in the original resolution. The highway district board shall fix and determine the amount per acre charged against the lands within the special tax district, not exceeding, in respect to any single highway, the maximum amount per acre specified for the highway in the original resolution. The amount per acre need not be the precise proportionate cost of the highway, but may be the approximate proportion, avoiding inconvenient fractions or fractional parts of a dollar, and shall be the same uniform amount per acre throughout any single special tax district. The highway district board shall include as part of the cost of the highway the fair and reasonable portion of overhead charges applicable, and an additional amount equal to two per cent (2%) of the cost to cover the expenses of the highway district for the collection of the special taxes. From time to time as highways or portions of highways are completed and accepted and the cost certified, the highway district board shall create the proper tax districts. In respect to each special tax district created, the highway board is constituted the local executive authority of each special tax district with authority in respect to each district, to levy the special tax, the authority being confined in each district to the limits of the highway district, and within the limits the special tax in each special tax district shall be at a uniform amount per acre throughout the special tax district. The order of the highway district board creating the special tax district, fixing and determining its boundaries, stating the number of acres in it, fixing the amount of the indebtedness created by the bond issue which is charged against the land in the special tax district, and the amount per acre to be specially taxed against the land shall be entered at length on the minutes of the highway district board and shall be open to public inspection. A notice stating generally the nature and date of the order and designating the township and sections within the special tax district shall be published for at least two (2) separate times in a newspaper published in the county. On the filing with the secretary of the highway district of proof of publication, the order shall be deemed complete.

40-809. APPEAL FROM ORDER OF HIGHWAY DISTRICT BOARD IN SPECIAL TAX DISTRICTS. Within thirty (30) days after the filing provided for in section 40-808, Idaho Code, but not after the expiration of the thirty (30) days, any owner of land within a special taxing district may file in the office of the highway district board a copy of a verified petition in a proceeding in the district court of the highway district for the review of the order, specifying the grounds of objection. At the expiration of the thirty (30) days, all proceedings relating to the special tax district where copies of petitions for review have been duly filed shall be consolidated by order of the district court into a single proceeding, and notice shall be given and procedure followed as the district court shall prescribe. The district court shall have jurisdiction as a court of equity, and without
a jury, try and determine the proceeding. On the review, the only
question to be tried and determined shall be whether, in creating a
special tax district and in fixing the amounts so charged against the
land, the district board has observed the requirements specified in
sections 40-810 and 40-811, Idaho Code. The district court shall, if
it determines that the board has materially departed from the require­
ments, make a final order in the proceeding directing any necessary
change or modification in the order of the highway district board, and
that board shall make the changes and modifications in their order,
and the changed or modified order shall be submitted to the district
court and finally made as directed and approved by the court. If in
the proceeding the district court shall determine that the highway
board has not materially departed from the requirements, it shall
affirm the order of the highway district board. On the expiration of
thirty (30) days from the date of the highway district board's orig­
inal order, without any copy of a petition for review having been
filed, or on the filing with the secretary of the highway board, of
the order of the district court in the proceeding for review affirming
the order, or on the filing with the secretary of the new order of the
board embodying the changes and modifications directed by the district
court in the proceeding for review, with the written approval of the
court attached, as the case may be, the order shall be final and
conclusive in respect to all the matters and things contained.

40-810. LEVY IN SPECIAL TAX DISTRICTS. When an order of the high­
way district board has become final and conclusive, the board shall
levy upon all the land within the special tax district created by the
order a special tax equal in amount to the amount so charged in the
order against the special tax district, specifying the amount per
acre. The secretary of the district shall transmit to the assessor
and tax collector of the county a certified copy of the levy and of
the order creating the special tax district. On receiving the certi­
fied copy, the county assessor shall assess, against the land in the
special tax district, the amount levied, but it shall not be collected
except as installments as shall be called for by the annual levies
made by the highway district board of the taxes necessary to meet the
requirements of the bonds. The existence of an assessment against land
in the special tax district shall not be held to constitute a cloud
upon the title of that land, nor as a breach of a covenant of war­
ranty, title, nor against encumbrances in a deed or contract for the
land, nor as rendering the title to the land unmarketable. The special
tax authorized within special tax districts is a tax for the purpose
of securing for the special tax districts the benefit of local high­
ways within the limits of the special tax district, as distinguished
from the general purpose of the bond issue as a whole of securing the
benefit of a system of highways for the highway district at large.

40-811. LIMITATIONS ON LEVY IN SPECIAL TAX DISTRICTS. No special
tax or charge shall be made by a highway district against land within
a special tax district until the highway has been completed to within
at least one (1) mile of all the land within the special tax district,
the highway has been accepted by the district board, the cost certi-
fied, and all the proceedings taken as specified. All interest payable on the bonds up to that time shall be paid by the highway district without imposing on the special tax district a special tax other than its share in the taxation of the highway district as a whole. After the special tax has been levied the highway district board shall in each year, at the same time of the tax levy to meet the interest requirements of bonds, also levy a special tax on the land within every special tax district then created, in an amount sufficient to pay the interest for that year on the portion of the bond issue, the indebtedness which shall have been charged against the special tax district. Whenever the highway district board shall levy a tax to meet any principal or sinking fund requirement of the bonds, they shall at the same time levy a special tax on the land within every special tax district an amount sufficient to pay the principal or sinking fund requirements for that year on the portion of the bond issue, the indebtedness of which shall have been charged against the special tax district. All special taxation within any single special tax district shall be of a uniform amount per acre within the special tax district. Each installment of principal or sinking fund tax collected from the taxation of any land within a special tax district shall be credited on the original assessment of special tax made, and where all the installments shall have been paid, the special assessment shall be deemed canceled, paid and discharged. No special tax district shall ever be called upon to pay as special taxes any sum greater than the amount charged against the district or the land in the original special assessment and proportionate share of interest. In making the levy for the requirements of the bonds, the highway district board shall levy on the district at large only an amount of taxes in each year as shall be required to meet the requirements for that year of that portion of the bond issue which has not been charged against the special tax districts. Should the levy together with the levies on special tax districts in any year fail to produce sufficient funds to meet the obligation of the highway district on the whole issue, then the deficiency shall be paid out of the other revenues of the highway district, and if necessary, the bond levy shall be increased in the following year to make good that deficiency. No failure or delay on the part of the highway district in imposing, levying or collecting the special taxes shall, as between the district and the bondholders, impair the obligation of the highway district upon the whole of the bonds.

40-812. COLLECTION OF TAXES IN SPECIAL TAX DISTRICTS. The land within each special tax district is charged with a lien in favor of the highway district to the extent of the entire amount of all special taxes levied on the land within the special tax district in accordance with the provisions of this title. The amounts levied, both as to principal and interest, shall be assessed and collected by the tax collector as other taxes in the highway district are assessed and collected, and all the provisions of highway district law shall apply to the collection and the rights and remedies in respect to them. The portion of the amount of any bond issues of any highway district as shall be assessed and charged against land within special tax dis-
tricts, shall be deducted and excluded in computing the two per cent (2%) bond limit of the highway district imposed by section 40-1101, Idaho Code.

40-813. LIABILITY OF SPECIAL TAX DISTRICTS FOR GENERAL TAXES. All land within special tax districts shall be subject to the same taxation at the same rate as other property in the highway district for the purpose of meeting the principal and interest requirements of that portion of any bond issue which is not charged against adjoining property but is paid by the highway district as a whole. All bonds issued by a highway district shall, as to a specified portion of the indebtedness created, not exceed fifty per cent (50%), be met and paid by special taxation upon the land adjoining the highways built with the proceeds of the bonds, not exceed a specified sum per acre, and as to the remaining portion shall be met and paid by taxation of all property in the highway district, including the property within special tax districts, and including all property within any incorporated cities included within the limits of the highway districts.

40-814. RESOLUTIONS AND ORDERS ADOPTED BY COMMISSIONERS. All resolutions and orders adopted by commissioners and boards of highway district commissioners in respect to the organization and operation of each highway district and the bonds and taxes, as they appear upon the records of the respective board, or certified copies, are legal evidence of the resolutions and orders.

40-815. ESTIMATE AND LEVY OF TAX — EXCEPTION. The commissioners must each year, at the meeting at which they are required to levy the ad valorem tax for county purposes, estimate the probable amount of ad valorem tax for highway and bridge purposes which may be necessary for the ensuing year, and must regulate and fix the amount of ad valorem highway and bridge tax, and levy them. When all of the territory of a county is included in one or more highway districts the commissioners shall not regulate, fix or levy any tax for highway or bridge purposes.

40-816. INDEBTEDNESS IN EXCESS OF EXPRESS PROVISIONS PROHIBITED — EXCEPTIONS. A highway district board, or other officers of the highway district, shall have no power to incur any debt or liability whatever, either by issuing bonds or otherwise, in excess of the express provisions of this title. Any debt or liability incurred in excess of the express provisions shall be and remain absolutely void. For the purpose of organization or for any of the purposes of this title, a highway district board may, before making the tax levy in any year, incur an indebtedness not exceeding in the aggregate a sum equal to one-tenth per cent (.1%) of the market value for assessment purposes of all the property in the highway district subject to taxation. After making the levy, they may incur an indebtedness within the limit, on the entire indebtedness, of the amount of the levy. At no time shall the total indebtedness exceed that amount and may cause warrants of the highway district to be issued, bearing interest to be fixed by the highway district. The power granted in this section is in
addition to and independent of the power granted to issue bonds.

40-817. HIGHWAY DISTRICT TAXES -- DUTIES OF COUNTY ASSESSOR. Upon receiving a certified copy of a resolution of a highway district board, the county assessor must assess upon all property in the highway district subject to taxation the taxes so levied and certified to him. His assessment of all taxes levied by the highway district board may be computed and made upon the valuation of property as fixed by the board of equalization for county purposes, and as appears upon the assessment roll in the same year. The taxes as levied by the highway district board shall become a lien upon the property assessed from the date of the assessment, and shall be due and payable at the same time as other county taxes, and in all respects are to be collected in the same way, except that the tax collector must keep a separate list or assessment roll of them, and when paid, they must be named in his receipt to the taxpayer as a separate item. The tax collector shall pay the taxes, when collected, to the treasurer of the highway district and at the time of payment he must specify to the treasurer receiving them what taxes they are, take a separate receipt and keep separate accounts for the payment of the tax. The commissioners shall furnish the tax collector with any blanks as are needed to comply with these provisions.

40-818. LIMITATION ON LEVIES -- PENALTIES. It shall be unlawful for any board of highway district commissioners or its members to levy any tax upon the property in a highway district for any purpose whatsoever in excess of the levies provided by law. Any highway district commissioner violating the provisions of this chapter shall be deemed guilty of a misdemeanor and upon conviction shall forfeit his office, and it shall become vacant immediately. The vacancy in office shall be filled in the manner provided by law for filling of vacancies.

40-819. ELECTION TO INCREASE LEVY -- NOTICE. (1) Whenever the levies provided by law to be made by highway district commissioners will not, in the opinion of the highway district commissioners, produce a sufficient amount of money for the use of the highway district for their purposes, the highway district board may by order authorize the holding of an election within the highway district, at which election the voters may determine whether or not any levy for any purpose authorized by law for highway districts shall be increased to produce revenues for those purposes. If at the election the majority of the qualified voters shall vote in favor of increasing any of the levies, the levies may be increased. The increase shall not exceed an additional twenty per cent (20%) of the levy authorized by law for that purpose.

(2) The highway district commissioners shall designate the time and place of holding the election which shall be within the highway district. The election shall be held between the fifteenth of June and the fifteenth of August of the year in which the levy is to be made. Notice of the election shall be given by posting notices in three (3) public places within the highway district at least fifteen (15) days
prior to the election and by publishing the notice in accordance with the provisions of section 40-206, Idaho Code. The notice shall state:
(a) The time and place of holding the election;
(b) The amount of money which the levy authorized by law to be made by the highway district commissioners will produce;
(c) The amount of money in excess of each of the levies desired to be raised by the highway district commissioners, and generally the purpose for which the additional money is to be used;
(d) If at the election a majority of the qualified voters voting in favor of increasing the levy that the levy may be increased in an amount not exceeding twenty per cent (20%) of the levy provided by law; and
(e) The additional levy, if authorized by a majority vote at the election, will when added to the levy provided by law provide sufficient money for the particular purpose of which the levy is authorized.

40-820. EXPENDITURES IN EMERGENCIES. In the event of a great public disaster, or if it is necessary to do emergency work to prepare for national or local defense, the board of highway district commissioners may pass a resolution declaring the public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property. Upon adoption of the resolution, the highway district board may expend any sum required in the emergency without complying with this title.

40-821. TREASURER OF HIGHWAY DISTRICT -- DUTIES. It is the duty of the treasurer of a highway district to keep accounts of the district and to place to the credit of the district all moneys received by him, and to pay over all moneys belonging to the district on legally drawn warrants or orders of the district officers entitled to draw them.

40-822. DETACHED TERRITORY -- ORDER DETERMINING APPORTIONMENT OF INDEBTEDNESS -- SPECIAL LEVY. (1) A board of highway district commissioners shall enter upon its records an order determining the net proportionate share of the indebtedness of the highway district incurred prior to a detachment of territory for which the detached territory should be and remain liable.
(2) Notwithstanding the detachment of territory with respect to the future operations and conduct of the district, the board of highway district commissioners shall annually levy upon all the property within the detached territory a special tax sufficient to pay as it falls due, the principal and interest of that proportionate share of the prior indebtedness of the district for which the detached territory is and shall remain liable. The special tax shall be levied at the same time, certified, and collected in the same manner as are the other taxes levied by the district, but after detachment the detached territory or the property in the district shall not be subject to taxation by a highway district for future operations of the district or for the repayment of any indebtedness subsequently incurred by the district.
40-823. LEVY TO PAY INDEBTEDNESS UPON DIVISION OF DISTRICT. Whenever there is a division of a highway district and an amount is found to be due from either of the districts to the other, and where a warrant or warrants have been drawn for the amount due payable to the creditor district, and the levy for the first year is found to be insufficient for the payment of the warrant or warrants, it shall be the duty of the board of highway district commissioners of the debtor district to levy annually a tax sufficient to pay at least twenty-five per cent (25%) of the warrant indebtedness annually, or so much of the warrant indebtedness as the limit of levying taxes by a highway district as prescribed by law will permit. The highway district commissioners of the former district shall annually levy an ad valorem tax for both the former and the new district for the purpose of providing a sinking fund to pay the bonded indebtedness of the former district at the time of the division. Upon any levy being made by the board of highway district commissioners of the former district, it shall be the duty of the clerk of that board to transmit to the board of highway district commissioners of the new district a certified copy of the resolution providing for the tax. It shall be the duty of the board of highway district commissioners of the new district to spread the resolution on its minutes, and a tax shall be levied on the new district in accordance with the resolution and collected in the same manner as other special highway district taxes are collected. The moneys shall be paid as soon as collected by the tax collector of the county in which the new district is situated, to the treasurer of the former district who shall credit the tax moneys to the sinking fund to liquidate the existing bonded indebtedness.

40-824. COMPUTATION AND PAYMENT OF INDEBTEDNESS OF DISSOLVED DISTRICT SITUATED IN TWO OR MORE COUNTIES. In the case of dissolved highway districts situated in two (2) or more counties, the commissioners of the county having jurisdiction of the dissolution of the district shall compute the indebtedness of the entire district and shall provide for the payment of the indebtedness out of the district funds on hand, or to be raised by special levies, which shall be determined and levied by the county, and shall be certified to the clerk of the commissioners of each of the counties in which is situated any part of the dissolved district. The tax shall be levied and imposed by each of the counties upon the property of the former district as may be within the county, the tax collected and, not less than quarterly, be remitted to the treasurer of the succeeding operational unit to be applied in payment of the indebtedness of the district.

40-825. LEVIES TO PAY CLAIMS AGAINST DISSOLVED OR CONSOLIDATED SYSTEMS AND DISTRICTS -- CERTIFICATION AND ASSESSMENT -- ISSUANCE OF NEW HIGHWAY USERS' FUND BONDS. After dissolution of a county or city highway system or a highway district, or upon a consolidation of districts, and at the next regular annual meeting of the succeeding operational unit when levies for other county purposes are fixed, the succeeding highway system board shall in addition to apportioning moneys arising out of the highway users' fund and the moneys from all other
sources as the system or district would be entitled to receive had it not been dissolved and all other tax levies, including general highway and bridge levies, levy a special tax upon all of the property situated within the former boundaries of any former system or district, sufficient to raise funds for the payment of all remaining unpaid current claims against or debts of the former system or district, together with funds for payment of current and accruing terms and conditions of outstanding bonds and warrants of the former system or district. Each following year they shall continue that levy, or make other or additional levies as may be required to fully pay and retire the indebtedness of the former county or city highway system or highway district. The taxes shall be collected in the same manner as other county taxes and shall be turned over to the treasurer of the succeeding operational unit, who shall redeem, or post for redemption, all warrants and bonds as they mature and in order of their line, and for which funds are available from the former system or district for the payment of them. The succeeding operational unit, whenever it may deem it necessary or expedient, has the power to issue highway users' fund bonds for and on behalf of the former system or district and of the same force and effect as if validly issued by the board of highway commissioners or councilmen of the former system or district during its existence. All bonds shall be in form and issued, registered, sold or exchanged and redeemed in accordance with the provisions of chapter 2, title 57, Idaho Code, and of general law relating to bond issues.

40-826. COLLECTION OF TAXES -- DISPOSITION UPON COLLECTION. Taxes levied shall become a lien upon the property so assessed from the date of assessment and shall be due and payable at the same time as other county taxes. The taxes shall be collected in the same way, except that the tax collector must keep a separate list or assessment roll of them; and when paid, they must be named in his receipt to the taxpayer as a separate item. The tax collector shall pay the taxes collected to the treasurer of the succeeding district, and at the time of payment must specify to the treasurer receiving them what taxes they are, take a separate receipt, and keep a separate account for the payment of taxes. The commissioners shall furnish the tax collector with blanks as are needed to comply with the provisions of this section.

CHAPTER 9
CONTRACTS -- BIDS

40-901. APPLICATION. The requirements for contracts and bids shall apply to all county highway systems and highway districts of the state, but shall be subject to the provisions of any specific statute pertaining to the letting of any contract or the purchase or acquisition of any commodity or thing by any system or highway district by soliciting and receiving competitive bids, and shall not be construed as modifying or amending the provisions of any statute, nor preventing the district from doing any work by its own employees.

40-902. BIDS -- STATE HIGHWAY SYSTEM. (1) Whenever work on the
state highway system is let by contract, sealed bids must be called for by public advertisement in at least two (2) consecutive weekly issues in a weekly newspaper or five (5) issues in a daily newspaper, having a general circulation in the county or one of the counties, where the work is to be done.

(2) Each bid must be accompanied by a cashier's check or a certified check in favor of the department on some bank in the state of Idaho, or by a bidder's bond, for the sum of five per cent (5%) of the amount of the bid, to be forfeited if the bidder, upon acceptance of his bid, fails or refuses to enter into a contract within fifteen (15) days after the presentation of the contract by the department to him for execution and to furnish the required bond. Checks and bonds of unsuccessful bidders shall be returned immediately after the contract is awarded.

(3) Bids shall be opened publically at the time and place specified in the advertisement and the contract let to the lowest and best bidder, but the department has the right to reject any and all bids, or to let the contract for a part or all of the work.

(4) If no satisfactory bid is received, new bids may be called for, or the work may be performed by day labor, or as may be determined by the department.

40-903. STATE HIGHWAY WITHIN DISTRICT — BID OF DISTRICT — CONTRACT UPON ACCEPTANCE. Whenever any work is to be done upon any state highway or a portion of it, within any county highway system or highway district, and the work is to belet by contract by the highway board, the county highway system or highway district in which the work is to be done through its commissioners is hereby authorized to bid upon the work or improvement. If the county system or district desires to bid upon the work or improvement it shall, prior to opening any bids, prepare a detailed estimate of the cost of performing the work. The estimate shall include the cost of wages, materials, supplies, equipment purchased, rental of equipment using realistic equipment rental rates such as the "rental rate blue book for construction equipment" or similar recognized rate schedules, industrial insurance and medical aid, superintendence, and all other overhead costs allocable to the work project, including the reasonable value of the use of equipment owned by the county system or district. All costs shall be included regardless of whether the item is furnished by a county system, district or otherwise. The estimate shall be confidential prior to the opening of bids submitted by contractors, but shall be filed, opened and made public at the same time and place that the contractor bids are filed and opened. If the lowest responsible contractor bid is not more than one hundred twenty percent (120%) of the estimate filed by the county system or district, or if no estimate was prepared and filed prior to opening bids, the contract shall be awarded to the lowest responsible bidder, otherwise the county system or district may perform the work. The county system or district shall furnish a bond as the board demands conditioned that if the bid is accepted, the county system or district will enter into a contract for the performance of the work. In case the bid of the county system or district is accepted, it is empowered through its highway commission-
ers to enter into a contract with the state for the performance of the work. When a contract is let to a county system or district, the county system or district through its board of highway commissioners shall perform the work in accordance with the contract and the plans and specifications for that work, the same as a private contractor would be required to do.

40-904. LIABILITY FOR PERFORMANCE -- BOND -- SECURITY IN LIEU OF BOND. Any county highway system or highway district entering into a contract with the state is liable for the performance of the contract the same as a private individual would be liable. To insure the faithful performance of a contract the board is empowered to require a surety bond of a county system or district to be given by a surety company conditioned that the county system or district will fully and faithfully perform the contract. The bond is to be in a form and amount as may be determined by the board in each particular case. The premium on the bond shall be a proper charge against the county system or district and shall be allowed by the county or district commissioners and paid from the current expense funds of the county or district in the same manner as other claims. The board may accept other security in lieu of a bond when in its judgment the security is sufficient to guarantee the faithful performance of the contract.

40-905. PERFORMANCE OF CONTRACT -- RELETTING -- SEALED BIDS -- APPROVAL BY COMMISSIONERS. (1) When a contract is awarded to a county highway system or highway district, the county system or district may perform the work by day labor and direct purchase of supplies, or may let the whole or any part of it by contract. Portions of a contract may not be excluded in order to avoid other sections of this chapter. If any portion of the work is let by contract by the county or district commissioners, sealed bids must be called for by public advertisement. The bids must be opened publicly at the time and place specified in the advertisement and the contract let to the lowest and best bidder. The county or district commissioners shall have the right to reject any and all bids or let the contract for a part or all of the work.

(2) In the event that any contract contemplated shall be let to any contractor other than a county highway system or highway district, that contract shall be approved by the commissioners of any county where the work is to be performed.

40-906. EXPENDITURES FOR WHICH BIDS REQUIRED. When the expenditure contemplated exceeds five thousand dollars ($5,000), or ten thousand dollars ($10,000) if for equipment, it shall be contracted for and let to the lowest responsible bidder.

40-907. PUBLICATION OF NOTICE -- DOCUMENTS TO BE MADE AVAILABLE. The advertisement inviting bids shall set a date and place for the opening of bids. The first publication of the notice shall be at least two (2) weeks before the date of opening the bids. Notice shall be published at least twice, not less than one (1) week apart, in a newspaper of general circulation printed and published in the county, or
if there is none, it shall be published in a newspaper having general circulation in the district. The notice shall succinctly set forth the project to be done. The following documents shall be made available by the county or highway district commissioners, free of charge to any interested bidder: bid form, bidder's instructions, contract documents with general and special instructions when appropriate, and drawings and specifications when appropriate.

40-908. SECURITY -- AMOUNT. (1) All bids shall be presented or otherwise delivered under sealed cover to the secretary of the county or highway district commissioners, with a concise statement marked on the outside generally identifying the expenditure to which the bid pertains. The county or district may require that all bids shall contain one (1) of the following forms of bidder's security:
   (a) Cash;
   (b) Cashier's check made payable to the county or district;
   (c) A certified check made payable to the county or district; or
   (d) A bidder's bond executed by a qualified surety company, made payable to the county or district.
   (2) If security is required it shall be in an amount equal to at least five per cent (5%) of the amount bid. A bid shall not be considered unless one (1) of the forms of bidder's security is enclosed with it and the bid is submitted in a form which substantially complies with the form provided by the county or district.

40-909. OPENING OF BIDS. Any bid received by a county or district may not be withdrawn after the time set in the notice for opening of bids. All bids received must be opened at the time and place set in the notice inviting bids, and no person shall be denied the right to be present at the opening of those bids. If any award is made, it must be made within thirty (30) days of the date of opening bids, and the cash or proceeds of the successful bidder's security shall be deposited in the fund out of which the expenses of preparation and printing of the plans and specifications, estimates of costs and publication of notice are paid.

40-910. FAILURE TO EXECUTE CONTRACT -- DUTY OF COMMISSIONERS. (1) If the successful bidder fails to execute the contract, the amount of his bidder's security shall be forfeited to the county or district.
   (2) The commissioners of the county or district, upon learning that any of the public highways are nor repaired and kept in good order by anyone contracting to do so in a contract with the county or district, has the power and shall cause the work to be done by placing labor on the highways. The expense shall be retained from any amount that may be due the contractor on his contract, and should that be insufficient or nothing be due on it, the deficiency or whole amount as the case may be, shall be collected from his bondsmen, as other liabilities. Each highway commissioner shall act only within his commissioner district, except at the regular meetings of the respective county or district board.

40-911. AWARDING OF CONTRACT TO NEXT LOWEST AND BEST BIDDER ON
REFUSAL OR FAILURE TO EXECUTE CONTRACT -- APPLICATION OF PART OF LOWEST BIDDER'S SECURITY. The district may, on refusal or failure of the successful bidder to execute the contract, award it to the next lowest and best bidder. If the county or highway district commissioners award the contract to the next lowest and best bidder, the amount of the lowest and best bidder's security shall be applied by the county or district to the difference between the lowest and best bid, and the next lowest and best bid. The surplus if any shall be returned to the lowest and best bidder if cash or a check is used, or to the surety on the bidder's bond if a bond is used.

40-912. REJECTION OF BIDS. County or highway district commissioners may reject any bids presented but then must readvertise. If two (2) or more bids are the same and the lowest and best bids, the respective commissioners may accept the one they choose. If no bids are received, the respective commissioners may make the expenditure without further complying with the provisions of this chapter.

40-913. RESOLUTION FOR USE OF DAY LABOR -- MATERIALS OR SUPPLIES PURCHASED ON THE OPEN MARKET. After twice rejecting bids, the county or district commissioners may, after preparing a cost estimate and finding it to be a fact, pass a resolution declaring that the project can be performed more economically by day labor, or the materials or supplies furnished at a lower price in the open market. Upon adoption of the resolution it may have the project accomplished in the manner stated. It shall be performed in accordance with the same plans and specifications upon which the bids were based. A complete and accurate record shall be kept of the cost of performing the work and this cost record shall be in a form that allows easy comparison with the cost estimate. The record shall show the totals of all classes and kinds of work performed, the total cost and unit cost of each class, together with the costs of executing the work including the costs of labor, material, equipment purchased, rental of equipment, insurance and medical aid, superintendence and all other overhead allocable to that work project, including the reasonable value of the use of equipment owned by the county system or district.

40-914. DUTIES OF CONTRACTOR. Any person contracting shall cause all highways in their area of contract responsibility to be kept clear of obstruction and in good repair, banks to be graded, bridges and crossings to be made where they may be necessary, put in snow bridges when snow highways are used during the winter months, and shall use reasonable diligence in keeping each highway passable.

40-915. ALLOWANCE OF CONTRACTORS' CLAIMS. Amounts allowed to contractors in the respective contract system or district shall be audited and allowed as other claims against the county or district by the respective highway commissioners at their regular meeting, and shall be paid quarterly.

40-916. PROHIBITED CONTRACTS -- PENALTY. No county or highway district commissioner, or any other officer or employee of the county
or district, shall in any manner be interested, directly or indi-
rectly, in any contract awarded or to be awarded by the respective
highway commissioners, or in the benefits to be derived from them.
For any violation of this provision a commissioner or officer shall be
deemed guilty of a misdemeanor, and upon conviction shall forfeit his
office in addition to other penalties.

CHAPTER 10
WARRANTS

40-1001. COUNTERSIGNING, DRAWING AND PAYMENT. (1) The secretary
of a highway district shall countersign all drafts and warrants on the
highway district treasury, and no payment of district funds shall be
made except on a draft or warrant countersigned by him. He shall not
countersign any draft or warrant until he has found that payment has
been legally authorized, that the money for it has been duly appropri-
ated and that the appropriation has not been exhausted.

(2) Warrants shall be drawn by and countersigned upon the order
of the chairman of the highway commissioners, or in his absence, the
other highway commissioners. No drafts or warrants shall be drawn
except upon appropriation of the highway commissioners, nor in excess
of the moneys actually in the district treasury. Warrants may be
issued in anticipation of the collection of taxes, but not in excess
of the amount of the levy, nor shall any warrants be issued, nor
indebtedness incurred in anticipation of the levy, except as provided
in section 40-816, Idaho Code.

(3) When a warrant is presented for payment, if there is money in
the treasury for the purpose, the treasurer must pay the same and
write on the face of it, "paid," the date of payment and sign his
name.

40-1002. NONPAYMENT -- CALL. When any warrant is presented to the
district treasurer for payment, and it is not paid for want of funds,
the treasurer must indorse on the back of the warrant, "not paid for
want of funds," and shall write upon it the date of presentation and
sign his name. Warrants indorsed by the treasurer shall draw interest
at the rate established by the district board from the date of
indorsement until paid.

40-1003. NOTICE OF CALL. The district treasurer shall provide
himself, at the expense of the district, with a bulletin board, across
the top of which shall be painted or inscribed the words, "... high-
way district warrant bulletin." It is the duty of the treasurer to
keep the bulletin board conspicuously, securely and permanently in
place in his office, and upon it place in a manner which will insure
continuous notice of not less than sixty (60) days all notices issued
by him, whether written or printed, calling for the presentation of
district warrants for payment.

40-1004. NOTICE TO BE MAILED. Whenever there is an amount to the
credit of the district fund as shown by the books of the treasurer
sufficient to pay the warrant or warrants next entitled to payment,
the treasurer shall immediately place in his office a notice that the warrant or warrants will be paid on presentation, stating the number and series of the warrants. The treasurer shall send, by mail, to the record holder of the warrant notice that the warrant will be paid on presentation.

40-1005. INTEREST CEASES TEN DAYS AFTER CALL. Interest on any warrant shall cease on the expiration of ten (10) days from the time of the posting of the notice. For all sums which may be paid by the treasurer, as interest on any warrant, after the expiration of ten (10) days from the earliest date at which there were sufficient funds with which to have called and paid the warrant, the treasurer and his sureties shall be liable upon his official bond.

40-1006. WARRANTS BEARING INTEREST -- DUTIES AND ACCOUNTS OF TREASURER. When the treasurer pays any warrant on which interest is due, he must note on the warrant the amount of interest paid and enter on his account the amount of the interest distinct from the principal.

CHAPTER 11
BONDS

40-1101. BONDS -- FUNDING. Every highway district has the authority, by resolution of the respective board of highway district commissioners and without an election, to issue negotiable coupon bonds for the purpose of funding or refunding any existing indebtedness, whether the indebtedness exists as warrant indebtedness or otherwise; for construction, improvements or repairs of any highways, bridges or structures in the district; for the purchase of material and machinery; for contracting highway and bridge engineering and construction; for the necessary expenses of the district in connection with these purposes; or for any or all of these purposes. Authorization for the issuance, sale and redemption of bonds other than funding or refunding existing indebtedness, shall be as provided by chapter 2, title 57, Idaho Code. The total amount of bonds any district has issued and outstanding at any time shall not exceed two per cent (2%) of the market value for assessment purposes of all the taxable property in the district as shown by the last preceding assessment list.

40-1102. SECURITY FOR BONDS. (1) The full faith, credit, and all taxable property within the limits of a highway district, as they exist at the time of the original resolution of the respective highway district for the issuance of bonds, or may subsequently be extended, shall continue pledged, and the proper officers of the district shall continue to assess and collect on all taxable property within the limits of the highway district necessary taxes to pay the bonds and interest as they become due. Should the tax for the payment of interest on or the principal of bonds not be collected in time to meet the payment, the money must be paid out of any moneys in the general fund of the district, and the moneys used for the payment shall be repaid out of the first moneys paid into the fund from which taken, and a sum sufficient to cover the deficit shall be levied and collected in the
next, or any succeeding year. Failure of the officers of the district to comply with the provisions of this section shall be deemed guilty of a misdemeanor.

(2) No bond issued shall be invalidated, annulled, or set aside on account of any defect, irregularity, omission, informality, or failure to comply with the provisions of this title, unless it shall appear to the court that a substantial injury has been or is about to be suffered by the property owners and taxpayers of the district. Bond issues shall rest upon the consent of the taxpayers and the credit of the district shall not be injured by the cancellation of securities when issued.

(3) The district may recite in the bonds that all acts requisite to the issue of them have been duly and regularly performed and fully complied with, and that they are duly and regularly issued, and as affecting innocent purchasers, the recital shall be conclusive.

40-1103. LEVIES FOR BONDS IN SPECIAL TAX DISTRICTS -- REFUNDING. Should any bond issue where the indebtedness has been charged in part against adjoining property be funded or refunded so that a sinking fund for the original issue is not required to be established, then the annual levy for sinking fund requirements need not be made upon the land in the special tax districts created in respect to the bond issue; or, at the option of the highway district commissioners, a portion of the bond issue, to meet a sufficient amount which has been charged against the special tax districts, may remain without refunding, and shall subsequently be paid and retired with the proceeds of the special taxes on the land within the special tax districts. If the proceeds prove temporarily insufficient, then they shall be paid from the other revenues of the district. If the whole of an issue is refunded and new bonds issued, then the land within the special tax districts shall continue to be specially taxed for the new bonds, equal in amount to the refunding issue equably, both as to principal and interest, with the taxation of the district at large for the bond purposes. On the funding of any issue of bonds, on receiving from the treasurer of the district a certificate, under the seal of the district, signed by the secretary and treasurer of the district and either by the chairman or by the other highway district commissioners that the bonds have been actually funded and retired, the special assessment made against the land within the special tax districts created for the bond issue as provided in section 40-810, Idaho Code, shall be canceled, vacated and annulled, and a new special levy of the same amount shall be assessed against the land in the special tax districts in respect to the new or refunding bonds.

40-1104. FORM OF BONDS -- HIGHWAY DISTRICT. In case a vote is in favor of charging part of the indebtedness to be created by a bond issue against adjoining land, the bonds may be issued and the proceedings shall be as provided by chapter 2, title 57, Idaho Code, except where other special provisions on the subject are provided by sections 40-1103 and 40-808 through 40-813, Idaho Code.

40-1105. ELECTION -- ISSUANCE. The election and all acts and pro-
ceedings had and taken in connection by highway district commissioners in respect to bonds and the levy of ad valorem taxes for the construction, improvement or repair of highways are legalized, approved and validated and constituted the negotiable legal obligations of the highway district, where:

(1) A two-thirds (2/3) majority of the qualified electors of the highway district voting on the proposition voted in favor of the issuance of bonds of the highway district;

(2) Notice of the election was given as essentially provided by section 40-206, Idaho Code;

(3) The canvass of the vote revealed the required majority was recorded in the records of the highway district commissioners, and a resolution adopted and recorded in the district records authorizing the issuance of bonds of the district;

(4) The maturity of the bonds was within thirty (30) years;

(5) A rate of interest was prescribed and an ad valorem tax upon all taxable property in the district sufficient to pay the bonds as maturity was levied; and

(6) The bonds were in an amount not exceeding ten per cent (10%) of the assessed valuation if sold and delivered prior to July 1, 1980, or two per cent (2%) of the market value for assessment purposes if sold and delivered on or after July 1, 1980, of all taxable property of the highway district, and the proceeds received by the treasurer of the highway district and expended in the construction, improvement or repair of highways located within the highway district.

40-1106. BONDS OF COUNTY. Nothing in this chapter shall be construed as a limitation of the power of the commissioners to issue bonds for the construction or the repairs of highways and bridges. Whenever the commissioners shall issue bonds for the construction or repair of highways and bridges under the provisions of chapter 19, title 31, Idaho Code, upon the authorization of two-thirds (2/3) of the qualified electors of the county voting at an election held for that purpose, pursuant to a resolution of the commissioners and entered upon their journal specifying, describing and defining the highways or bridges to be constructed or repaired, and giving the termini and the general course of each highway and the approximate location of each bridge it is proposed to construct, and appropriating a specific amount for any highway or bridge wholly or partially within any organized highway district, then the commissioners shall have full jurisdiction and power to locate and construct or repair the highway or bridge within the highway district, and to apply a specific appropriation so derived from the issue of bonds or so much of them as may be necessary.

CHAPTER 12
BRIDGES

40-1201. INTERSTATE BRIDGES ON STATE HIGHWAYS -- MAINTENANCE AND CONTROL. When interstate bridges are located on designated state highways and designated state highways of any adjoining state, the portions of bridges within the state of Idaho shall be controlled, oper-
ated and maintained by the board, which is hereby vested with all power and authority necessary or incidental to the maintenance, operation and control of them.

40-1202. PETITION FOR CONSTRUCTING -- NOTICE OF HEARING. When construction of a bridge, the cost of which will exceed five hundred dollars ($500), is necessary, any five (5) or more taxpayers of a county highway system or highway district interested in it may petition the respective highway commissioners for the erection of the needed bridge. The commissioners shall then advertise the petition, in accordance with the provisions of section 40-206, Idaho Code, giving the location and notify the director of highways to attend at a certain time and place to hear the petition.

40-1203. PETITION HEARING -- DUTY OF HIGHWAY COMMISSIONERS. On the day fixed to hear the petition, proof of the notice given being made satisfactory, the county or district highway commissioners shall hear the petition, examine witnesses, and determine whether or not a bridge as petitioned for is necessary. If the petition is approved the county or district highway commissioners shall determine the type of bridge to be constructed, prepare plans and specifications, invite bids, let the contract, have the bridge erected, and provide payment for it.

40-1204. BRIDGES COSTING OVER FIVE THOUSAND DOLLARS -- CONTRACTS FOR CONSTRUCTION AND REPAIR. If the cost of the construction or repair of a bridge will exceed five thousand dollars ($5,000), the bridge shall be constructed or repaired under the provisions of sections 40-905 through 40-916, Idaho Code.

40-1205. BRIDGES -- REPORTS. The director of highways shall, in his official reports, give a full account of all bridges for which he has in whole or in part the charge and maintenance and those bridges constructed or repaired, the cost, amounts expended, from what source moneys were derived, and the present and prospective condition of the bridges.

40-1206. MAXIMUM LOAD -- POSTING OF NOTICES. County or highway commissioners may limit the maximum load to be carried over and on any public bridge over which they have jurisdiction below the limit prescribed by law. In this case, the highway commissioners shall cause suitable signs to be erected and maintained at the approach to the bridge, specifying the limitation of load.

40-1207. TRAFFIC REGULATIONS -- POSTING OF NOTICES -- PENALTY. Directors of highways, or any other persons legally appointed to take charge of a bridge, may post a notice to set out and provide that no horse or mule-drawn vehicle, nor a person riding a horse or mule shall travel across the bridge or any portion of the bridge faster than at a walk; that horses, mules or cattle shall not be allowed to cross in bunches of more than twenty (20) at a time, and shall not travel faster than at a walk. The notice shall be posted in a conspicuous
place and shall be in letters large enough and placed in a manner that it may be easily read by the public. Directors of highways may make other rules and regulations governing the traffic on bridges within their jurisdiction when it is deemed necessary for the safety of the public, and may post a notice of the rules in the manner provided in this section. Any person convicted for violating any of the provisions of a notice as provided for by this section shall be guilty of a misdemeanor, and upon conviction shall be fined not less than ten dollars ($10.00) nor more than three hundred dollars ($300), or may be imprisoned not less than ten (10) days nor more than sixty (60) days in the county jail, or by both fine and imprisonment.

CHAPTER 13
HIGHWAY DISTRICTS

40-1301. DISTRICTS AS NOW ORGANIZED VALIDATED -- GOOD ROAD DISTRICTS REDESIGNATED. (1) All highway districts as now organized and constituted are hereby validated and shall continue as public corporations.
(2) All good road districts as now organized and constituted are hereby redesignated as highway districts, and shall conform to all procedures, requirements, powers and duties as shall apply to highway districts, the same as if they had been originally organized as highway districts. Good road district commissioners shall continue in office as highway district commissioners until the expiration of their term of office, following which there shall be an election of highway district commissioners for a term of four (4) years.

40-1302. COUNTY DIVISION OR CHANGE IN BOUNDARIES -- JOINT HIGHWAY DISTRICT FORMED. When a county division or change in the boundaries of a county divides an existing highway district the district shall continue as a joint highway district until changed as provided by this title. It shall be the duty of the commissioners of the respective counties affected to rename the district as a joint highway district, and the renamed joint highway district shall in all things be considered a continuation of the existing district.

40-1303. HIGHWAY COMMISSIONERS -- APPOINTMENT -- OATH. There shall be three (3) highway commissioners in each district. The first highway commissioners of the highway district shall be appointed by the governor. The certificate of each appointment shall be made in triplicate; one (1) certificate shall be filed in the office of the county recorder of the county; one (1) with the clerk of the commissioners; and one (1) with the assessor and tax collector of the county. Every highway commissioner shall take and subscribe the official oath, which oath shall be filed in the office of the highway district commissioners.

40-1304. DIVISION OF DISTRICTS INTO SUBDISTRICTS -- VACANCY IN OFFICE OF HIGHWAY COMMISSIONER. At the meeting of the commissioners at which the highway district is declared organized, the commissioners shall divide the highway district into three (3) subdistricts, as
nearly equal in population, area and mileage as practicable, to be known as highway commissioners subdistricts one, two and three. Subdistricts may be revised or modified as changes in conditions demand. Not more than one (1) of the highway district commissioners shall be an elector of the same highway subdistrict. The first highway district commissioners appointed by the governor shall serve until the next highway district election, at which their successors shall be elected. The highway commissioners shall take office on January 1 of the year immediately following their election. Any vacancy occurring in the office of highway commissioner, other than by expiration of the term of office, shall be filled by the highway district board and be for the balance of the term of the person replaced. If the remaining highway district commissioners are unable to agree on a person to fill the vacancy within ten (10) days after the vacancy occurs, the chairman of the commissioners of the county in which the highway district is located shall then become a member of the highway district board for the purpose of filling the vacancy only. If a majority of the highway district board so constituted shall be unable to agree upon a person to fill the vacancy within five (5) days, or if two (2) or more vacancies shall occur in the board of highway commissioners at one (1) time, a special election to fill the vacancy shall be called and held in the same manner provided by law for the holding of elections for highway commissioners, except that the date of the election shall be as soon as possible, and all duties imposed by law upon the highway district board in connection with elections shall be performed by the county commissioners.

40-1305. ELECTION OF HIGHWAY COMMISSIONERS -- TERM OF OFFICE. (1) On the first Monday of December of the next odd-numbered year following the appointment of the first highway district commissioners, commissioners from subdistricts one and two shall be elected for a term of two (2) years. Thereafter the term of office of all commissioners shall be four (4) years. Highway district commissioners elected prior to July 1, 1985, shall continue in office until the expiration of the term for which they were elected, and elections for commissioners of each of the subdistricts shall continue on the schedule established prior to July 1, 1985.

(2) Highway commissioners have power to make regulations for the conduct of the election as are not inconsistent with any statutory provisions. At elections for highway commissioners, the polls shall be open from twelve o'clock noon to eight o'clock in the evening. Except as otherwise provided by statute, the election, and all other elections held under this chapter, shall be held in conformity with the general laws of the state.

40-1306. ORGANIZATION OF HIGHWAY COMMISSIONERS -- MEETINGS -- OFFICERS -- OFFICIAL BONDS. (1) Immediately after qualifying and appointment, the highway commissioners shall meet and organize, shall elect a chairman from their number, and shall appoint a secretary and treasurer who may also be from their number. The offices of secretary and treasurer may be filled by the same person. Certified copies of all appointments, under the hand of each of the commissioners, shall
be filed with the clerk of the county commissioners and with the tax collector of the county.

(2) As soon as practicable after organization, and when deemed expedient or necessary, the highway commissioners shall designate a day, hour and place at which regular meetings shall be held, which shall be within the district or at the county seat of the county in which the district is located. Regular meetings shall be held at least quarterly. Minutes of all meetings must show what bills are submitted, considered, allowed or rejected. The district secretary shall make a list of all bills presented, showing to whom payable, for what service or material, when and where used, amount claimed, allowed or disallowed. The list shall be signed by the chairman and attested by the secretary. All special meetings must be ordered by the chairman or a majority of the highway commissioners, the order must be entered on the record, and the secretary must give each member not joining in the order five (5) days' notice of any special meetings. The order must specify the business to be transacted at the special meeting and none other than that specified shall be transacted. Whenever all members of the board are present, however called, it shall be deemed a legal meeting and any lawful business may be transacted. All meetings of the highway commissioners shall be public, and a majority shall constitute a quorum for the transaction of business. A majority of the highway commissioners may exercise all of the powers of the board of highway district commissioners. All records of the highway district shall be open to the inspection of any elector during normal business hours.

(3) The officers of the highway district shall take and file with the district secretary an oath for the faithful performance of the duties of their respective offices. The district treasurer shall on his appointment execute and file with the district secretary an official bond in an amount as may be fixed by the highway district commissioners, which shall not be less than five thousand dollars ($5,000), and shall from time to time execute and file any further bonds as required of the highway district commissioners in amounts fixed by them, which amounts shall be at least sufficient to cover the anticipated amounts of money coming into his hands plus an additional twenty-five per cent (25%).

40-1307. HIGHWAY DISTRICTS ARE BODIES CORPORATE. Every highway district organized as provided by law is a body politic and corporate, and as such has the power specified in this chapter and in other statutes, including the power of eminent domain, and powers as necessarily implied from those expressed. The power of a highway district lies in the highway commissioners or by agents and officers acting under their authority or authority of law. The name of the highway district designated in the order of the commissioners declaring the territory duly organized as a highway district, shall be the corporate name of the district, and it must be known and designated by that name in all actions and proceedings touching its corporate right, property and duties.

40-1308. RATIFICATION OF PRIOR CONTRACTS, OBLIGATIONS, LIABILITIES, AND JUDGMENTS — POWER TO LEVY TAXES FOR SETTLEMENT. Contracts,
obligations and liabilities of highway districts entered into or incurred prior to July 1, 1985, are hereby ratified and confirmed and every judgment in favor of the highway district is ratified and confirmed as the right and property of the district, and every highway district has the power to levy and collect taxes as necessary to defray all expenses of prosecuting and defending actions and to pay any judgments and liabilities incurred against it.

40-1309. CORPORATE POWERS OF HIGHWAY DISTRICTS. Each highway district has power:

1. To sue and be sued.
2. To purchase and hold lands, make contracts, purchase and hold personal property as may be necessary or convenient for the purposes of this chapter, and to sell and exchange any real property other than public lands which by the constitution and laws of the state are placed under the jurisdiction of the state land board. The highway district commissioners shall first adopt a resolution finding that the property to be sold or exchanged is no longer useful to the district; that a public hearing is to be held, of which hearing notice shall be published in accordance with the provisions of section 40-206, Idaho Code, and at which hearing any person interested may appear and show cause that the sale or exchange should not be made.
3. To levy and apply ad valorem taxes for purposes under its exclusive jurisdiction as are authorized by law.

40-1310. POWERS AND DUTIES OF HIGHWAY DISTRICT COMMISSIONERS. (1) The commissioners of a highway district have, except as provided in section 40-1323, Idaho Code, exclusive general supervision and jurisdiction over all highways and bridges within their district, with full power to construct, maintain, repair and improve all highways and bridges within the highway district, whether directly by their own agents and employees or by contract. Except as otherwise provided in this chapter in respect to the highways within the district, a highway district shall have all of the powers and duties that would by law be vested in the commissioners of the county and in the district directors of highways if the highway district had not been organized. Where any highway within the limits of the highway district has been designated as a state highway, then the board shall have exclusive supervision, jurisdiction and control over the designation, location, maintenance, repair and reconstruction of it. The highway district shall have power to manage and conduct the business and affairs of the district; establish and post speed and other regulatory signs; make and execute all necessary contracts; have an office and employ and appoint agents, attorneys, officers and employees as may be required, and prescribe their duties and fix their compensation. Highway district commissioners and their agents and employees have the right to enter upon any lands to make a survey, and may locate the necessary works on the line of any highways on any land which may be deemed best for the location.

2. The highway district shall also have the right to acquire either by purchase, or other legal means, all lands and other property necessary for the construction, use, maintenance, repair and improve-
ment of highways and bridges. The highway district may change the width or location, or straighten lines of any highway in the district, and if in the constructing, laying out, widening, changing, or straightening of any highways, it shall become necessary to take private property, the district director of highways, with the consent and on order of the highway district commissioners, shall cause a survey of the proposed road to be made, together with an accurate description of the lands required. He shall endeavor to agree with each owner of property, resident of the county in which the district is situated, for the purchase of a right-of-way over the lands included within the description. If the director is able to agree with the owner of the lands, the highway district commissioners may purchase the land and pay for it out of the funds of the highway district, and the lands purchased shall then be conveyed to the highway district for the use and purpose of highways.

(3) Whenever the director of highways shall be unable to agree with any person for the purchase of land, or that person shall be unknown or a nonresident of the county in which the highway district is situated, or a minor, or an insane or incompetent person, the director shall have the right, subject to the order of the highway district commissioners, to begin action in the name of the highway district in the district court of the county in which the district is situated, to condemn the land necessary for the right-of-way for the highway, under the provisions of chapter 7, title 7, Idaho Code. An order of the highway district commissioners entered upon its minutes that the land sought to be condemned is necessary for a public highway and public use shall be prima facie evidence of the fact.

(4) The highway district has the power to contract for and pay out any special rewards and bounties as may appear expedient or useful in securing proper highway construction and maintenance, and to accept, on behalf of the district, aid or contributions in the construction or maintenance of any highway; to construct or repair, with the consent of the corporate authorities of any city within the district, any highway within a city, upon the division of the cost as may be agreed upon; or to join with the state or any body politic or political subdivision, or with any person in the construction or repair of any highway and to contract for an equitable division of the cost; and all counties, cities, highway districts and other bodies politic and political subdivisions are authorized to contract with any highway district acting through its highway district commissioners in exercise of the powers granted.

(5) The highway district has the power to receive road petitions and lay out, alter, create and abandon public highways within their respective districts, subject to appeal to the district court of the judicial district in which the highway district is situated, in the same manner in which appeals are taken from the county commissioners to the district court.

(6) Where highways furnish public access to federal or state public lands or waters, before they may be abandoned the highway district must first be in receipt of a petition for abandonment, and no abandonment shall be made without conducting a public hearing. At the hearing any person may appear and show cause for or against abandon-
ment. If it appears at the hearing that the highway does serve a public use, the highway may not be abandoned without first providing other suitable public access to the public lands or waters at the expense of the party petitioning for abandonment of the highway.

(7) The highway district is empowered to take conveyance or other assurances, in the name of the highway district, for all property acquired by it under the provisions of this chapter for the purposes of this title. The highway district may institute and maintain any and all actions and proceedings, suits at law and in equity, necessary or proper in order to carry out the provisions of this chapter, or to enforce, maintain, protect or preserve any and all rights, privileges and immunities provided by this chapter. In all courts, actions, suits or proceedings, the highway district may sue, appear and defend, in person or by attorneys, and in the name of the highway district.

(8) The highway district is empowered to hold, use, acquire, manage, occupy and possess property. The highway district may create highway divisions, which must be carefully and distinctly defined and described. Highway divisions may be altered, changed, created or modified by the highway district commissioners, as the need requires.

40-1311. JURISDICTION OF HIGHWAY DISTRICT COMMISSIONERS. In respect to all highways included within a district, the power and jurisdiction of the highway district shall be inclusive, except as provided in section 40-1323, Idaho Code. If any main highway connecting different parts of the county or connecting with territory outside of the state pass through the highway district, then the highway district commissioners shall keep the road in proper repair, and if they fail to do so, the commissioners may at any time, by giving ten (10) days' written notice sent by registered mail to the highway district commissioners, require that the highway running through the district, or connecting the district with other territory, be repaired or put in proper condition, which condition shall be specified in the notice by the commissioners. If the highway districts do not diligently pursue the work with a reasonable and sufficient effort within ten (10) days, the commissioners of any county in which the highway district lies, may enter upon the main highway and repair and put it in the condition required. The commissioners in doing the work shall keep strict and accurate account of the expenses incurred, and when the work is completed the amount shall be certified to the county treasurer who shall charge the same against the highway district and deduct the sum from any funds coming into his hands belonging to the highway district and reimburse the county.

40-1312. GRANT OF POWERS TO BE LIBERALLY CONSTRUED. The grant of powers provided in this chapter to highway districts and to their officers and agents, shall be liberally construed, as a broad and general grant of powers, to the end that the control and administration of the districts may be efficient. The enumeration of certain powers that would be implied without enumeration shall not be construed as a denial or exclusion of other implied powers necessary for the free and efficient exercise of powers expressly granted.
40-1313. DISTRICT HAS LEGAL TITLE TO PROPERTY. The legal title to all property acquired under the provisions of this chapter shall immediately, and by operation of law, vest in the highway district, and shall be held by the district in trust for, and is dedicated and set apart to the uses and purposes set forth in this chapter.

40-1314. COMPENSATION OF HIGHWAY DISTRICT COMMISSIONERS, OFFICERS, AGENTS AND EMPLOYEES. Actual expenses shall be paid in addition to their per diem compensation. The payment for expenses shall be paid from the funds of the highway district upon the presentation of itemized vouchers, signed by the commissioners and under oath made to the secretary of the district.

(2) When the secretary is a commissioner, the two (2) remaining commissioners may fix the compensation to be paid him for his services as secretary. The secretary shall be entitled to his necessary and actual expenses in addition to his salary, but shall not be entitled to draw per diem compensation as a commissioner when placed upon a salary. The board shall fix the compensation to be paid to the other officers and agents and employees of the highway district, to be paid out of the treasury of the highway district.

40-1315. COST OF HIGHWAYS -- EQUITABLE DIVISION AMONG BENEFITED DISTRICTS. (1) In the laying out, alteration, construction, maintenance, repair or improvement of any highway or portion of it, within a county and not included within a highway district in a county which would also be for the benefit of the highway district, or included within a highway district which would also be for the benefit of a portion of the county or other highway districts not included in the highway district, and the cost would, if borne wholly by the highway district or the excluded portion, be an unjust or unreasonable burden, the highway district commissioners and the county commissioners shall have power to contract for a division and apportionment of the cost of the work.

(2) In case they fail to agree, an action may be maintained in the district court between a highway district and the county, and the district court shall render a judgment as shall be just and equitable in respect to the division and apportionment of cost. All proceedings in the action shall be the same as in ordinary civil actions, with the same right of appeal and other rights and remedies as in an ordinary civil action by or against a body politic or political subdivision.

(3) Where a highway traverses two (2) or more highway districts, and the cost or burden would be inequitably distributed if each district assumed the cost of laying out, alteration, construction, improvement, maintenance or repair of that portion of the highway lying wholly within the district, the highway commissioners of the district affected have power to contract with each other for the division and apportionment of the cost of the work. If the highway also traverses portions of the county not included within any highway district, or if in the opinion of the commissioners the highway is of
benefit to the county at large, a portion of the cost shall be borne by the county, and the commissioners and the respective highway district commissioners have power to contract with each other for the work.

40-1316. ANNUAL REPORT OF HIGHWAY DISTRICT. (1) On or before the first day of January in each year, the highway district shall make a report of the condition of the work, construction, maintenance and repair of all the highways within the district on the first day of October, accompanied by a map of the highways, together with other facts necessary for setting forth generally the situation and condition of the highways within the district.

The term of office of the director, not exceeding four (4) years, and his compensation, shall be fixed by the highway district commissioners. Upon appointment, he shall file with the highway district commissioners an oath of office substantially as provided for county officers.

40-1320. DIRECTORS OF HIGHWAYS -- DUTIES. It is the duty of the director of highways to give to any deputy directors specific instructions as to the highway work to be done, and shall ascertain if highway contractors in the district are complying or have complied with
their contracts. The director shall require any deputy directors to keep and maintain all the highways in their divisions in good repair, and shall, subject to the highway commissioners, exercise full and complete control over all highways and deputy directors of the district. The director shall submit a monthly itemized report to the highway district showing the work done and expenditures made by him, and any other report whenever required by the highway commissioners, and at least four (4) times in each year, of the work done, materials used and expense incurred in the several divisions of the district, and an approximate estimate of the money needed for improvements upon the highways.

Deputy directors shall at all times be subject to the direction of the director of highways, and shall serve at the pleasure of the director. Compensation shall be fixed by the director of highways, with the approval of the highway commissioners.

(2) It is the duty of each deputy director, under the direction and supervision of the director:

shall be deemed for all purposes residents of the highway district,

assessment for local city highway purposes on the part of the authori-

portion of it, within a highway district, shall constitute a separate
division of the district. The city council of each incorporated city

the county including within its territory property afterward included
within the highway district, the proper corporate authorities of the
county shall continue to levy, collect and apply the taxes necessary
to discharge the obligation of those bonds. Nothing in this chapter
shall be construed as affecting any power of any incorporated city, or
portion of it, lying within the limits of a highway district, to issue
bonds as empowered by law and to levy, collect or apply the necessary
taxes for them.

40-1325. ADOPTION OF BUDGET -- PUBLIC HEARING. Highway district

Any highway district within the state, whether the same are situated entirely within the boundaries of any one (1) county or within two (2) or more adjoining counties, may be consolidated with any adjoining highway district, whether situated entirely within the
boundaries of any county or within two (2) or more adjoining counties, and a portion of one (1) highway district may consolidate with an adjoining district.

40-1502. PETITIONS FOR CONSOLIDATION. Whenever electors of two (2) or more existing adjoining highway districts or parts of them desire to consolidate those districts or parts of them, a petition from each of the districts or parts of them for consolidation, signed by not less than twenty-five (25) electors qualified to vote at a highway district election in each of the districts or its parts, shall be presented to the commissioners of the county in which the district or its parts are situated. The petitions shall state the name and, in a general way, describe the districts or parts which it is proposed to consolidate.

40-1503. ORDER FOR HEARING -- NOTICE. The commissioners of the counties concerned, shall at the earliest possible date, meet at a time and place as shall be agreed upon by them, and at the meeting shall, by order, entered in the minutes of the commissioners of each of the counties concerned, fix a time and place for a hearing upon the petitions, which time shall not be less than fifteen (15) days from and after the date of the first publication of notice of the petition and hearing on them. The hearing meeting shall be at the county seat of one of the counties concerned. At the meeting the commissioners shall prepare a notice of hearing to be signed by them and attested by the clerks, setting forth the filing of petitions; the name and general description of the districts proposed to he consolidated; the total bonded and current warrant and other indebtedness; the market value for assessment purposes and the last preceding ad valorem tax levy of each of the districts; a statement that at the hearing any elector qualified to vote at elections of highway district commissioners may, prior to or at the time of the hearing, file with the clerk of the commissioners of the county in which he resides, written objections to the proposed consolidation; and that at the hearing any qualified elector may appear and make oral objections to the consolidation.

40-1504. PUBLICATION OF NOTICE. The clerk of commissioners of each of the counties concerned shall cause to be published a copy of notice as provided by section 40-206, Idaho Code.

40-1505. HEARING -- ORDER FOR ELECTION -- CONSOLIDATION, WHEN DEFEATED. At the time and place specified in the notice, the commissioners shall proceed to consider the petition and all written and oral objections, and shall hear all persons in relation to it. Upon conclusion of the hearing, which may be continued from day to day, if a majority of the members of each of the commissioners of the counties involved are of the opinion that a consolidation is practical and to the best interests of each and all of the districts concerned, they shall make an order directing that the question of consolidation of districts he submitted to the electors at an election to be held separately within each of the districts at a date not less than thirty
(30) nor more than sixty (60) days from and after the date of the order. The date of the election shall be specified in the order. The order shall set forth: the name, number, and general description of the respective districts proposed to be consolidated; the market value for assessment purposes of all the property situated in each of the concerned districts, as shown by the last county assessment rolls; the total bonded and current warrant and other indebtedness of each of the districts; the preceding ad valorem highway tax levy of each of the districts; and the total bonded and current warrant and other indebtedness of the proposed consolidated district. A copy of the order shall be entered in the minutes of the commissioners of each county concerned. The proposed consolidation shall be defeated if a majority of the commissioners of either of the counties concerned vote against it, and in that event a record of that action shall be entered in the minutes of each of the counties concerned.

40-1506. POLLING PLACES AND ELECTION DISTRICTS -- ELECTION OFFICIALS. The commissioners of each county concerned shall immediately meet, in either special or regular session and, by order, enter in their minutes and designate the polling places and the election districts in the concerned district or districts situated in the county, and appoint two (2) or more judges and one (1) or more clerks for each election district, who shall possess the qualifications necessary to entitle them to vote at an election of highway district commissioners in the district.

40-1507. NOTICE OF ELECTION -- PUBLICATION AND CONTENTS. The commissioners of each county shall require its clerk to give notice of the election by causing notices to be posted in at least three (3) public places within each of the highway districts situated within the county and concerned in the proposed consolidation for at least twenty-one (21) days prior to the date of election, and in addition to the posting, shall cause a copy of the notice to be published in accordance with the provisions of section 40-206, Idaho Code. The notice shall state the purpose and date of the election, the hours during which the polls shall be open and list the polling places, election districts and the qualifications required of voters, in addition to the following: the name, number, and general description of the respective districts proposed to be consolidated; the market value for assessment purposes of all the property situated in each of the concerned districts, as shown by the last county assessment rolls; the total bonded and current warrant and other indebtedness of each of the districts; the preceding ad valorem highway tax levy of each of the districts; and the total bonded and current warrant and other indebtedness of the proposed consolidated district.

40-1508. SEPARATE ELECTIONS --- TIME OF HOLDING. An election held under the provisions of this chapter shall be separate and distinct in each of the districts and counties affected by the proposed consolidation and shall be held on the same day and between the hours of 1:00 p.m. and 7:00 p.m.
40-1509. CONDUCT OF ELECTIONS. (1) The polls shall be presided over by the appointed judges and clerks who must take an oath as judge and clerk of the district and which oath shall obligate the judges and clerks to faithfully perform the duties of a board of election.

(2) All elections shall be by secret and separate ballot, each ballot in type, print or legible writing, stating in the affirmative and negative the proposition to be voted upon, and all ballots shall be in a form that the voters may express a choice by the marking of a cross (X).

(3) In all elections it is intended that no informalities in conducting the election shall invalidate the election, if the election has been otherwise fairly conducted. The clerks of the commissioners shall prepare the necessary ballots for use in each of the districts.

40-1510. DEFEAT OF PROPOSAL. The failure to carry the proposal to consolidate a district by at least a majority vote in any one (1) of the districts concerned shall defeat the entire proposal.

40-1511. COUNT OF VOTES -- RETURN OF ELECTION -- CANVASS -- ORDER FOR CONSOLIDATION. Immediately following the close of the polls the boards of election shall compute the result of the election making the count in public view, and upon completion shall make a return of the election to the clerk of the commissioners of their respective counties, upon forms to be supplied by the clerk, and shall transmit with the returns all ballots cast at the election, whether or not the ballots were counted by the election board or rejected by them. Immediately thereafter, the commissioners shall meet separately at their respective county seats, and canvass the returns of the election boards within their counties. On the tenth day after the canvass, unless that day is a Sunday or a legal holiday, then on the following day, the commissioners shall meet in joint session at a location as shall be agreed upon by them and compile the total votes cast in their respective counties for or against the proposal to consolidate the districts concerned. If the proposal carried in each of the districts concerned, the commissioners in the joint meeting shall make and enter an order declaring the districts consolidated in one (1) highway district of a name or designation as may be ordered by them, and at that time the consolidation shall be effective.

40-1512. SUBDIVISION OF DISTRICT -- APPOINTMENT OF HIGHWAY COMMISSIONERS -- CONSOLIDATION, WHEN EFFECTIVE. At the joint meeting, as provided by section 40-1511, Idaho Code, by a majority vote of all the commissioners present, the territory consolidated in one (1) highway district shall be divided into three (3) subdistricts, and highway commissioners for the consolidated district shall be appointed as provided for by section 40-1303, Idaho Code.

40-1513. HIGHWAY DISTRICT LAWS APPLICABLE -- EXCEPTIONS -- TAX LEVIES. After the consolidation is effective, statutes relating to highway districts shall be applicable to the joint consolidated highway district, except as otherwise provided in this chapter. The assessing of property, the levying and collection of ad valorem taxes
and all accounts which from their nature should be separately kept, shall be done and kept and the report on them made as if each portion of the district were a separate district in the respective counties. Nothing in this chapter shall be construed as preventing the new highway district board from levying ad valorem taxes against property within the consolidated district in accordance with chapter 8 of this title.

40-1514. ORGANIZATION OF HIGHWAY DISTRICT COMMISSIONERS -- COMPUTATION OF INDEBTEDNESS OF FORMER DISTRICTS. Immediately after consolidation is effected and highway commissioners are appointed, they shall meet and organize as provided by law, appoint required officers and designate a place for their meetings and have and exercise the powers, jurisdiction, and authority and perform all duties and be subject to the responsibilities and liabilities as provided by law. Upon organization, the highway district shall ascertain and compute all indebtedness, including bonded, warrant and current indebtedness, separately, of each of the former districts comprising the consolidation.

40-1515. PROPERTY AND MONEYS OF FORMER DISTRICTS -- DELIVERY TO CONSOLIDATED DISTRICT -- SALE OF PROPERTY. All property rights of the former districts shall be vested in and become the property of the consolidated district, except as otherwise provided in this chapter. The officers of each of the former districts comprising the consolidated district shall, immediately after consolidation is effected and the consolidated highway district commissioners have met and organized, turn over and deliver to them all property of every kind and description belonging to the former districts, including all moneys, books and accounts. All personal property, excepting moneys, books and accounts, belonging to former districts shall be sold by the former highway board at public sale to the highest bidder after notice and at a time as the highway district commissioners shall determine. At the sale the consolidated highway district, through any of its commissioners, may bid, and in the event the consolidated district is the successful bidder, the amount of bid shall be credited by the treasurer to the account of the former district to which the property belonged.

40-1516. SEPARATE ACCOUNTS OF FUNDS AND PROCEEDS FROM FORMER DISTRICTS -- DUTIES OF TREASURER. The treasurer shall keep separate accounts of all moneys coming into his hands from each of the former districts, together with all moneys from the sale of any property belonging to those districts, together with all moneys received from special tax levies against the taxable property situated within the boundaries of the former districts and together with all moneys paid out upon the indebtedness of the former districts. He shall pay from the funds in the accounts the amounts as the highway commissioners may from time to time order.

40-1517. FUNDING OF INDEBTEDNESS OF FORMER DISTRICTS. If the consolidated district commissioners determine that valid outstanding
indebtedness of any of the former districts, existing prior to the consolidation may be funded or refunded to the profit and benefit of the taxpayers within the boundaries of the former highway district, and without incurring any additional liability, the commissioners have the power and authority to make provision for issuing of funding or refunding bonds in an amount equal to the unpaid principal and interest on the outstanding bonds or other indebtedness. Before the highway commissioners shall issue any bonds to refund any outstanding indebtedness, it shall cause all moneys of the former district on hand available for the payment and discharge of any indebtedness to be applied in payment and discharge of them and issue funding or refunding bonds only for the remainder of the indebtedness. The issuance of bonds shall not create any liability against the consolidated highway district or any of the property within its boundaries, excepting that the property within the boundaries of the former district shall be liable for the payment of the bonds.

40-1518. INDEBTEDNESS PRIOR TO CONSOLIDATION — LIABILITY OF PROPERTY IN FORMER DISTRICTS. It is expressly provided that property situated within the boundaries of a former district shall be liable for the indebtedness of that district existing prior to consolidation, but shall not be liable for the indebtedness of any other district forming a consolidation and existing prior to the consolidation.

CHAPTER 16
DETACHMENT OR ANNEXATION OF TERRITORY

DETACHMENT

40-1601. DISTRICTS SUBJECT TO DETACHMENT. A portion of the territory of an existing highway district, whether the district is situated wholly in one (1) county or in two (2) or more counties, may be detached from the highway district as provided in this chapter.

40-1602. PETITION. Whenever electors of a portion of the territory embraced in any existing highway district desire that their portion be detached from the highway district, a petition describing the territory by its boundaries, signed by not less than twenty-five (25) electors qualified to vote at a highway district election and residing in the territory sought to be detached shall be presented to the commissioners of the county where the greatest portion of the highway district is located.

40-1603. ORDER FOR HEARING UPON PETITION. Immediately upon its next regular meeting or at a special meeting called for that purpose, the commissioners shall by order or resolution fix a time and place for a hearing of the petition, which time shall not be less than twenty-one (21) days from and after the date of the first publication of the notice of the petition and of the hearing.

40-1604. NOTICE OF HEARING AND PETITION. The commissioners shall require their clerk to have a notice published in accordance with the
provisions of section 40-206, Idaho Code, setting forth the fact that a petition has been filed with the commissioners. The notice shall state the name of the highway district from which territory is proposed to be detached; a concise general description of the territory so proposed to be detached and its boundaries; the current bonded and current warrant indebtedness of the district; a notice of the time and place when and where the petition will be heard by the commissioners; and notice that any elector qualified to vote at an election of the district may, prior to or at the time of the hearing, file with the clerk of the commissioners written objections to the proposed detachment of the territory.

40-1605. HEARING -- ORDER FOR ELECTION. At the time and place specified in the notice, the commissioners shall proceed to consider the petition and all written objections filed with them and shall hear all persons in relation to it. Upon the conclusion of the hearing, which may be continued from day to day, if the commissioners shall determine that the detachment from the highway district of the territory described in the petition is practicable and to the best interests of the territory and of the highway district, they shall enter an order directing that the question of the detachment of the territory be submitted to the qualified electors of the district at an election to be held within the district at a date not less than thirty (30) nor more than sixty (60) days from and after the date of the order.

40-1606. ELECTION OFFICERS AND POLLING DISTRICTS -- NOTICE OF ELECTION. The commissioners at the same time shall appoint two (2) or more judges and one (1) or more clerks for the election who shall be chosen from the electors of the district; shall also by order establish polling places; shall direct their clerk to cause notice of the election to be given by posting notices in at least three (3) public places within the district, one of which shall be on the front door of the office of the district; and in addition shall publish a copy of the notice in accordance with the provisions of section 40-206, Idaho Code. The notice shall state the date and purpose of the election, the boundaries of the territory proposed to be detached from the highway district, the places of holding the election, the various polling districts if the election is to be held in more than one (1) place, the qualifications required of voters, and the hours during which the polls shall be open, which shall be between the hours of 1:00 p.m. and 7:00 p.m.

40-1607. ELECTION PROCEDURE. The qualifications of voters at the elections, the conduct of elections, the counting of the votes, the return of the ballots, and the payment of expenses of the election shall be as prescribed in sections 40-1808 through 40-1810, Idaho Code.

40-1608. ORDER DECLARING TERRITORY DETACHED. If upon the canvass of the returns of the election the commissioners shall find that a majority of the votes cast in the district are in favor of the detachment from the highway district of the territory embraced in the pro-
posal for detachment, they shall immediately make and enter an order declaring that territory detached from the district to the extent and for the purposes set forth.

40-1609. EFFECT OF DETACHMENT OF TERRITORY -- APPORTIONMENT OF INDEBTEDNESS. The detachment of territory from the district shall be deemed to relate only to the operations of the district subsequent to the order of detachment. Territory detached and all taxable property in that territory shall be and remain liable for the proportionate share of all bonded, warrant, and other indebtedness incurred by the district prior to the time of detachment. The proportionate share of the indebtedness of the district incurred prior to the order of detachment to be borne by the detached territory is hereby established and shall be determined and computed as follows:

(1) The highway district commissioners shall, at the meeting at which an order of detachment is made, compute the total aggregate market value for assessment purposes of the property within the district for the preceding year, and shall separately compute the total aggregate market value for assessment purposes for the preceding year of all the property within the territory detached from the district.

(2) The highway district commissioners shall compute and determine as of the date of the order of detachment the cash and solvent credits owing to the district and the value of the highway equipment and other personal property owned by it at the time of the detachment of territory, all of which property shall be retained by the district.

(3) The proportion of the outstanding indebtedness of the district incurred prior to the withdrawal of territory for which the withdrawn territory shall be and remain liable is the proportion that the aggregate market value for assessment purposes of the property within the withdrawn territory bears to the market value for assessment purposes of the property within the entire highway district as shown by the assessment rolls of the preceding year, less credit for the proportionate share or interest of the withdrawn territory in the cash, solvent credits, and personal property of the district, that share being based upon the proportion that the market value for assessment purposes of the property within the detached territory for the preceding year bears to the market value for assessment purposes of the total property within the entire district for the year.

40-1610. DETACHED TERRITORY SUBJECT TO COUNTY LEVIES. After the detachment of any territory from a highway district the property within the detached portion shall be subject to taxation by the county for highway and other purposes to the same extent precisely as if it had never been included in the highway district.

40-1611. VALIDITY OF OUTSTANDING BONDS AND WARRANTS NOT AFFECTED. Nothing in this chapter shall be construed as impairing the validity of any bonds or warrants of a highway district outstanding at the time of the detachment of any territory.
ANNEXATION

40-1614. TERRITORY DISANNEXED FROM ANOTHER COUNTY OR ADJACENT TO AN EXISTING HIGHWAY DISTRICT AND WITHIN THE COUNTY. Any area not within a highway district, but within a territory previously detached from a county and annexed to another county, and adjacent to a highway district organized before annexation and situate wholly within the county to which the territory has been annexed, and any area not within a highway district, which is adjacent to an existing highway district and situate wholly within the county within which the highway is located, may be added to, and included in, the highway district upon the approval of its highway commissioners and the order of the commissioners of the county in which the highway district is situated.

40-1615. PETITION FOR ANNEXATION. (1) The proceedings for inclusion shall be initiated by petition of twenty per cent (20%) of the qualified electors in the area proposed to be annexed to and included within the highway district. The petition shall accurately describe the boundaries of the area to be annexed, and shall state the name and identify the highway district to which the annexation is sought, and shall be accompanied by a map showing and distinguishing the boundaries of the highway district and the boundaries of the area proposed to be annexed to the highway district.

(2) Proposals for the annexation of territory consisting entirely of public lands, or of a combination of public lands and privately held lands but which have no qualified electors to initiate a petition, may be initiated by petition of the highway commissioners of the district to which the proposed annexation is to be made.

40-1616. REQUIRED EXHIBITS IN CONNECTION WITH PETITION. The petition, accompanied by a map and also by a certified copy of a resolution of the highway commissioners of the highway district approving and consenting to the inclusion and annexation shall be filed with the clerk of the commissionera.

40-1617. HEARING ON PETITION -- NOTICE. Upon the filing of petitions, the commissioners shall fix a time for hearing the petition and shall cause a notice to be published in accordance with the provisions of section 40-206, Idaho Code, and shall describe the area proposed to be annexed to the highway district.

40-1618. OBJECTIONS TO PETITION -- HEARING. Any qualified elector in the area to be annexed, and any qualified elector of the highway district, may file objections to the petition and may be heard at the hearing. Objections must be filed prior to or at the time of the hearing.

40-1619. APPROVAL OR REJECTION OF PETITION. Upon the hearing of the petition the commissioners may approve or reject the petition. The commissioners, upon the approval of the highway commissioners, may modify the area described in the petition.
40-1620. ORDER OF ANNEXATION. If the commissioners shall find that the annexation by the highway district is for the best interests of the highway system in the county, then the commissioners shall order that the area, or any modifications of it made by the commissioners, shall be annexed to the highway district, and an order shall be entered in the minutes of the commissioners, and the area shall then constitute and be a part of the highway district.

40-1621. FILING OF CERTIFIED COPIES OF ORDER. The commissioners shall cause one (1) certified copy of the order to be filed for record in the office of the county recorder of the county in which the highway district is situate, and shall transmit a certified copy of the order to the highway commissioners of the highway district to which the area is annexed.

40-1622. EFFECT OF ANNEXATION. The area annexed to the highway district shall be placed by the highway commissioners of the district into the subdistrict or subdistricts of the district as they shall determine and shall be subject to taxation for the payment of all of the outstanding obligations of the district existing at the time of annexation, and subject to taxation as all other lands of the district for the operation of the highway system of the district.

40-1623. CONTESTING PROCEEDINGS -- TIME LIMIT. After the order of annexation is made by the commissioners, the validity of the proceedings shall not be affected by any defect in the petition or in the number or qualification of its signers, and no action shall be commenced or maintained or defense made affecting the validity of the annexation after six (6) months from and after the making and entering of the order by the commissioners.

40-1624. ANNEXATION OF CONTIGUOUS TERRITORY. Additional territory adjoining a highway district and lying contiguous with and within one (1) or more counties may be added to and be included in the district, by the affirmative vote of a majority of the qualified electors of the additional territory voting on the question at an election held for that purpose, which vote may be taken either at a general or a special election. Additional territory shall not be annexed to or included in the district unless annexation and inclusion shall be first approved by the commissioners of the county in which the area proposed to be annexed is located if it shall be deemed to be in the best public interest, and by the highway district commissioners of the existing district by resolution, entered on their minutes prior to the election on the question of annexation.

40-1625. ELECTION DATE WHERE TERRITORY LIES IN MORE THAN ONE COUNTY. Where territory to be annexed lies in more than one (1) county the election shall be held on the same day as it is mutually determined by agreement between the commissioners of both counties concerned.

40-1626. PETITION FOR SPECIAL ELECTION -- ELECTION. The election
shall be conducted in accordance with the general election laws of the state. A petition for the election shall be initiated by not less than twenty-five (25) property owners, or all property owners if there are less than twenty-five (25) in the proposed area to be annexed. The proposed area to be annexed shall be set forth with clarity as to be specifically identified by a map of the area. The petition upon being signed shall be submitted to the commissioners of the highway district and to the commissioners concerned. The petition shall, within thirty (30) days after presentation, be either approved or rejected by the recorded motion of the commissioners in their minutes. Upon the petition being approved by the commissioners of the county in which the territory or a part is situated and the commissioners of the highway district, a certified copy of the petition, together with a certified copy of the resolution of the highway commissioners approving the petition for annexation and with the proposed election precinct boundaries and polling place, shall within ten (10) days be transmitted by the highway commissioners to the county clerk of the county or counties, in which the territory to be annexed lies. The commissioners in the county in which the territory lies shall then within sixty (60) days fix a time for the election by giving notice as required for special elections by publication in accordance with the provisions of section 40-206, Idaho Code. The commissioners and county clerk shall do all things necessary for the holding of an election in conformity with the general election laws of the state as shall be applicable. Upon the election being had the result shall be canvassed, declared and the result certified by the commissioners.

40-1627. MAJORITY VOTE REQUIRED APPROVING ANNEXATION — ACTION OF COMMISSIONERS. If, after canvassing the election, a majority of the qualified electors of the additional territory voting are in favor of the annexation, then the commissioners must order that the additional area shall be annexed to the highway district and an order shall be entered in their minutes, and the area shall then constitute and be a part of the highway district. Where the area to be annexed lies in a county other than the county in which the election was held, duplicate copies of the result of the election, copy of the canvass and order annexing the area to the highway district shall be immediately transmitted by the county clerk of the county in which the election was held to the county clerk of the county in which the highway district lies, and shall be immediately approved by the commissioners and recorded in their minutes.

40-1628. CERTIFICATION BY COMMISSIONERS OF ORDER APPROVING ANNEXATION. The commissioners shall file one (1) certified copy of the order for record in the office of the county recorder of the county in which the highway district is situated, and shall transmit a certified copy of the order to the commissioners of the highway district of which the area is annexed.

40-1629. TAXATION OF ANNEXED AREA FOR OUTSTANDING OBLIGATIONS. Upon annexation, the area next to the highway district shall be and become a part of it and shall be subject to taxation for the payment
of all the outstanding obligations of the district existing at the
time of annexation, and be subject to taxation as all other lands of
the district for the operation of the highway system of the district.

40-1630. PAYMENT OF COSTS OF ELECTION. The costs of the election
shall be paid by the highway district annexing the territory.

CHAPTER 17
COUNTY HIGHWAY REORGANIZATION

40-1701. COUNTY-WIDE ELECTION TO ADOPT METHOD OF SECONDARY HIGH-
WAY ADMINISTRATION -- PROCEDURE. (1) In any county where there is a
petition for vote under this chapter, the commissioners shall refer by
popular vote to the entire electorate of the county the question of
administration, allowing the electorate at an election to adopt one
of the following systems for administration:

(a) To establish a county-wide highway system for the administra-
tion of the secondary highway system of the entire county, exclu-
sive of those within cities, by county commissioners;
(b) For the formation of a county-wide highway district, exclu-
sive of cities, independent of the administration of the county
commissioners;
(c) For the division of the county or area into highway districts
covering the entire county secondary highway system which could
include parts of adjacent counties.
(d) For the continued existence of the present method of adminis-
tration of the secondary highway system in the county.

(2) In any county, petitions signed by five per cent (5%) of the
qualified voters of each highway district within the county may be
filed with the county clerk and upon the commissioners finding that
the petitions have been properly signed and filed, submit the matter
to vote of the entire county by a special election not less than
ninety (90) days from the filing of the petitions. All of the laws of
the state relating to holding of elections at the county level shall
apply to the holding of a special election, except as may be specifi-
cally modified in this chapter. In addition to the other requirements
of law, the notice of election shall notify the electors of the issues
to be voted upon at the election, and publication of a notice shall be
in accordance with the provisions of section 40-206, Idaho Code. Public
hearings within the county shall be held, as deemed advisable,
by the commissioners.

(3) The commissioners in the notice of election shall designate
polling places in each precinct to adequately provide for the vote at
the election. Every qualified elector of the precinct who was regis-
tered to vote at the last general election may vote.

(4) The vote shall be canvassed by the commissioners within five
(5) days of the election.

(5) Upon any one of the four (4) options receiving a majority of
the valid votes cast at the election, that option shall be declared to
have been selected.

(6) In the event that no one of the four (4) options voted upon
receives a majority vote, then the commissioners shall provide a run-
off election to be held within the next thirty (30) days to determine which of the two (2) optional methods receiving the highest number of votes shall be adopted.

40-1702. SUBSEQUENT ELECTIONS. Another election may be similarly called and held by the submission of petitions as provided by section 40-1701, Idaho Code, and any subsequent election shall not be held more often than two (2) years after the holding of any election submitting this question to the vote of the county.

40-1703. DISTRICTS TO BE ECONOMICALLY WORKABLE. Highway districts organized or consolidated from existing highway districts under the provisions of this chapter shall consist of areas having sufficient mileage, valuation and budget to be considered economically workable. The commissioners shall organize the districts with regard to geographical locations for the most efficient operation.

40-1704. ORGANIZATION OF COUNTY-WIDE HIGHWAY DISTRICTS — HIGHWAY DISTRICT COMMISSIONERS -- APPOINTMENT -- TERMS -- ELECTION. (1) County-wide highway districts may be organized under the laws applicable to highway districts and for county highway districts, new highway districts, consolidated or enlarged highway districts, and the number of highway commissioners to be elected shall be three (3). The formation of new districts shall be effected by the commissioners of the county so affected within sixty (60) days of the reorganization election, and upon the determination that a county highway system shall be reorganized as a county-wide highway district, new highway districts, consolidation, enlargement or other modification, the original highway district commissioners shall, within seventy (70) days of the election, be appointed by the governor. A new highway district shall be divided by the commissioners into three (3) subdistricts as nearly equal in mileage, market value for assessment purposes, and population as practicable under the circumstances, for the purpose of determining each highway commissioner's district, and each commissioner for a highway district shall represent and be elected or appointed from the district in which he resides.

(2) Upon appointment, qualification and acceptance of duties as highway commissioners, those originally appointed shall, by lot, determine two (2) of the original appointed highway commissioners who shall serve for terms of original appointment for two (2) years, or until the next regular election for highway commissioners. The remaining highway commissioner shall serve for a period of four (4) years, or until the next succeeding election for highway commissioners. Thereafter, the highway commissioners elected shall be elected for four (4) year terms as their terms expire, thus providing a continuation in office of highway district commissioners, and providing for the staggered election of the commissioners in subsequent elections.

(3) Laws applicable to the election of highway commissioners shall apply to the conduct of highway district elections throughout the county, and the election for highway commissioners shall be on a nonpartisan basis.

(4) Where a county-wide highway district, new highway district,
or consolidated or enlarged district results from an election under this chapter, it shall be the duty of the governor, in the appointment of the original highway commissioners for the county, where there shall have been in existence at the time of the creation of the county-wide highway district, any highway districts within the limits of the county to appoint whenever practicable, one (1) of the existing highway commissioners as they shall qualify by residence in the territorial limits of the districts of the county-wide highway district as a highway commissioner of the county-wide highway system.

40-1705. ADJUSTMENT OF HIGHWAY DISTRICT BORDERS -- NOTICE -- HEARING -- DECISION OF COMMISSIONERS -- APPEAL. In areas where more than one (1) highway district exists, the commissioners shall have the duty and obligation from time to time as shall be practical and for the best interests of the county-wide administration of the secondary highway systems, to adjust the borders of the highway districts coexisting in the county as shall most equitably and economically permit the administration, operation and construction of the secondary highway system within the county. Notice of a proposal to change the boundaries of the highway districts within the county shall be given by the commissioners through the county clerk to the districts affected and notice shall be published in accordance with the provisions of section 40-206, Idaho Code. At the hearing any person objecting may be heard in opposition, and upon the closing of the hearing, the commissioners shall within ten (10) days after the hearing, notify the districts affected of their decision, and any district aggravated by the decision shall have the right through its highway commissioners to appeal the decision directly to the district court of the county in which the district lies. Matters referred to the district court on appeal shall be submitted by petition for hearing within twenty (20) days of the announcement of the decision of the commissioners and the matter disposed of by the district court by reversal or approval. Failure to diligently prosecute the matter before the district court shall justify the district court in dismissing the appeal without hearing.

40-1706. HIGHWAY DISTRICT SYSTEM AND COUNTY HIGHWAY SYSTEM NOT TO COEXIST WITHIN ONE COUNTY -- EXCEPTION. After a special election held as provided in section 40-1701, Idaho Code, no county shall exist as part of a highway district and part of a county highway system except under the provisions of section 40-1615, Idaho Code. In order to prevent existence of this condition, the commissioners are authorized to take action to redistrict at any time, subject to the limitations of this chapter.

40-1707. DISSOLUTION OF DISTRICT IN EXISTENCE AT TIME OF OPTION ELECTION. In any county where option (a) or option (b) of section 40-1701, Idaho Code, is selected by election and highway districts already exist at the time of reorganization under the provisions of this chapter, the commissioners shall take all steps required to dissolve the districts and transfer all funds.
40-1708. PAYMENT OF EXPENSES OF LOCAL OPTION ELECTIONS. In all cases where local option elections are held under the provisions of this chapter, commissioners shall first pay expenses of local option elections from the general fund of the county. The expense shall then be prorated by the commissioners according to the mileage, market value for assessment purposes, and the population to highway districts and the county area, and upon certification of this pro rata share by the commissioners and the charge shall be paid to the county. Any appeals shall follow the appeals procedure set forth in section 40-1705, Idaho Code, for appeals from readjustment of district borders.

40-1709. INVENTORY AND FINANCIAL STATEMENT OF DISSOLVED DISTRICT -- DISPOSITION OF PROPERTY AND OBLIGATIONS OF DISSOLVED DISTRICT. (1) Upon an election being held under the provisions of this chapter and an option being chosen, all highway districts shall prepare and file with the commissioners an inventory and financial statement not later than ten (10) days subsequent to the canvass of the election.
(2) Title to all machinery, buildings, lands and property of every kind and nature, belonging to each district shall immediately upon the dissolution of the district and without further conveyance, be vested in the commissioners as custodians and be delivered to the succeeding operational unit. The succeeding unit shall be liable for any and all unliquidated obligations of the dissolved highway districts.

40-1710. APPORTIONMENT OF AREA OF DISSOLVED DISTRICT IN COUNTY WHERE SEVERAL HIGHWAY DISTRICTS EXIST. Upon a petition for dissolution being presented by any highway district in a county where several highway districts exist, subsequent to reorganization under the provisions of this chapter, the commissioners may apportion the area of the district to be dissolved in a manner as they see fit to other districts within the county.

40-1711. DECENTENNIAL COUNTY ELECTIONS FOR NEW TYPE OF HIGHWAY ADMINISTRATION -- EXCEPTIONS. Any county which does not administer its entire secondary highway system under one (1) of the first three (3) options shall at the general election in 1990, and at the general election each ten (10) years thereafter when the county is required to conduct an election by the provisions of this section, submit to the entire electorate of the county the question of whether a new type of administration of the secondary highway system shall be adopted by the county. However, any county which has a total of four (4) or fewer highway districts shall not be required to conduct the election.

40-1712. HIGHWAY STUDY COMMISSION -- ESTABLISHMENT -- MEMBERSHIP. In each county required to conduct an election under the provisions of section 40-1711, Idaho Code, there shall be established a local highway study commission. The local highway study commission in each county shall be composed as follows:
(1) One (1) member shall be appointed by the highway district commissioners of each highway district within the county;
(2) The city council of each city within the county shall appoint one (1) member;
(3) The commissioners shall appoint one (1) member; and
(4) The state highway district engineer of the state highway district within which the county lies shall be a member of and serve as chairman of the commission.

40-1713. MEETING OF HIGHWAY STUDY COMMISSION -- SELECTION OF OPTION FOR SUBMISSION -- ELECTION -- IMPLEMENTATION OF OPTION -- RETENTION OF EXISTING SYSTEM. (1) The highway study commission shall meet at the county courthouse, at the call of the chairman, no later than one hundred twenty (120) days prior to the election called for by this chapter. At that meeting, or at any other meetings as may be necessary to make the decision, the commission shall analyze the options for administration for the county's secondary highways prescribed in section 40-1701, Idaho Code, and select one (1) of those options for submission to the electorate at the election. The question to be submitted to the electorate shall be substantially as follows:

For the purpose of administering the secondary highway system of .... County, shall the county .................?

Yes ....
No ....

(2) If a majority of the voters casting votes on the question approve the question submitted, the commissioners shall implement the option selected as provided by this chapter. If a county-wide district is selected, the governor shall appoint the original highway district commissioners.

(3) If the proposal is defeated, the county shall retain its current system for the administration of its highways.

CHAPTER 18
DISSOLUTION OF HIGHWAY DISTRICTS

40-1801. DISTRICTS SUBJECT TO DISSOLUTION. Any highway district of the state may be dissolved as provided in this chapter.

40-1802. PETITION FOR DISSOLUTION -- CONTENTS. All proceedings for the dissolution of highway districts shall be initiated by a petition of twenty-five (25) or more qualified electors of the district, addressed to the commissioners of the county in which the district is situate, and which shall concisely state the grounds or reasons for the dissolution and contain a request for a hearing of the petition.

40-1803. ORDER FOR HEARING UPON PETITION. The petition shall be filed with the clerk of the commissioners and at its next regular meeting, or at any special meeting called for that purpose, and the commissioners shall by an order fix a time and place for the hearing of the petition, which time shall not be less than twenty-one (21) days from and after the date of the first publication of the notice of the petition and hearing.

40-1804. NOTICE OF PETITION AND HEARING. The commissioners shall
require their clerk to cause a notice to be published in accordance with the provisions of section 40-206, Idaho Code, setting forth that a petition has been filed, the prayer of the petition and notice of the time and place when and where the petition will be heard, and further notice that any elector of the district may, prior to or at the time of the hearing, file with the clerk written objections to the proposed dissolution.

40-1805. HEARING -- ORDER FOR ELECTION. At the time and place specified in the notice, the commissioners shall proceed to consider the petition and all written objections to it, and shall hear all persons in relation to it, and shall hear or take testimony as may be offered or as they desire. Upon the conclusion of the hearing which may be continued from day to day, if the commissioners determine that the district ought to be dissolved and that the dissolution would be to the best interest of the district, it shall enter an order directing that the question of dissolution of the district be submitted to the qualified electors of the district at an election to be held not less than thirty (30) nor more than sixty (60) days from and after the order.

40-1806. ELECTION OFFICERS AND POLLING DISTRICTS -- NOTICE OF ELECTION. The commissioners shall at the time of making the order appoint two (2) or more judges and one (1) or more clerks for the election, to be chosen from the electors of the district for each of the polling districts in the highway district, and shall by order establish polling districts and polling places. The commissioners shall direct their clerk to cause notice of the election to be given by posting notices in at least three (3) public places within the district, one (1) of which shall be on the front door of the office of the district, and in addition to that posting, shall cause a copy of the notice to be published in accordance with the provisions of section 40-206, Idaho Code. The notice shall state the purpose of the election; the places of holding it; the polling districts, if an election be held in more than one (1) place; the qualifications required of voters; and the hours during which the polls shall be opened, which shall be between the hours of 1:00 p.m. and 7:00 p.m.

40-1807. QUALIFICATIONS OF VOTERS. Any person residing in the district possessing the qualifications required by law to vote at any general election of the state shall be entitled to vote in the election.

40-1808. CONDUCT OF ELECTIONS. (1) The polls in all elections shall be presided over by the judges and clerks appointed by the commissioners who must take an oath, to be administered by a qualified elector of the district, and which oath shall obligate the judges and clerks to faithfully perform the duties of the board of election.

(2) All elections shall be by secret and separate ballot, each ballot in type, print or legible writing, stating in the affirmative and negative the proposition to be voted upon, and all ballots shall be in a form that the voters may express a choice by the marking of a
cross (x).

(3) In all elections it is intended that no informalities in conducting the elections shall invalidate the election, if the election shall have been otherwise fairly conducted. The clerk of the commissioners shall prepare the necessary ballots for use in each of the districts.

40-1809. COUNTING VOTES -- RETURN OF ELECTION -- CANVASS -- ORDER OF DISSOLUTION. Immediately following the close of the polls at the time specified in the notices of election the board of election shall tally the result of the election, making the count in public view and shall immediately make return of the election to the clerk of the commissioners upon forms to be supplied by him, and shall transmit all ballots cast at the election, whether the ballots were counted or rejected by the election board. The commissioners shall immediately canvass the returns, and in the event a majority of the votes cast in the district are in favor of dissolution, the commissioners shall immediately make and enter an order declaring the district dissolved.

40-1810. EXPENSES OF DISSOLUTION -- HOW BORNE AND PAID. All expenses of proceedings to dissolve highway districts, including the posting and publication of notices of hearings on the petitions and of the election, the printing of ballots and compensation of judges and clerks of election, shall be borne by the highway district. In cases where the proposal to dissolve shall be defeated, either by order of the commissioners upon hearing the petitions, or at the election, the expense shall be paid by the appropriate district treasurer out of any current funds on hand or an order presented by the clerk of the commissioners; and, when the proposal to dissolve shall have been adopted at an election, the expense of all proceedings shall be paid by the county treasurer out of the first moneys received from or on account of the respective district.

40-1811. DISPOSITION OF SURPLUS FUNDS AND PROPERTY OF DISSOLVED SYSTEM OR DISTRICT. (1) After final payment of all expenses of proceedings in relation to dissolution and of all legal claims, liabilities, bonded and other indebtedness of the dissolved highway district, and after liquidation and winding up of the affairs of the district, all surplus moneys of the dissolved highway district remaining in the special fund of the dissolved district shall immediately be delivered to the treasurer of the succeeding operational unit. Title to all machinery, buildings, lands, and property of every kind and nature belonging to the dissolved system or district shall immediately upon entry of the order of dissolution, and without further conveyance, be vested in the succeeding operational unit.

(2) No city whose incorporated limits lie wholly or partially within the boundaries of a dissolved highway district shall be entitled to receive any share of the moneys of the dissolved highway district.

40-1812. PROVISION FOR PAYMENT OF CURRENT CLAIMS. As a part of the proceedings of and order for dissolution of a district, the com-
missioners shall make a determination, so nearly as may be done, of the total indebtedness of the dissolved district, including bonded, funded bond, and all warrant indebtedness, both as to registered and floating warrants, and current indebtedness of, or claims against, the district. They shall likewise determine the amount of funds on hand belonging to the dissolved district, and shall estimate the revenue to be derived from sale of district property, from uncollected taxes or assessments levied or assessed in the district, and the amount of highway users' funds as the highway district would be entitled to receive from the county in which the district is situated had the district not been dissolved. From that determination, the commissioners shall compute the probable amount of money which may be applied in payment of current indebtedness of the dissolved district and shall order and provide for the manner in which current claims against the district shall be presented to the commissioners for allowance and payment by warrants drawn against the special fund of the district in the county treasury.

40-1813. DISSOLUTION OF DISTRICT SITUATED IN TWO OR MORE COUNTIES. When any highway district is to be dissolved, situated in two (2) or more counties, the commissioners of the county whose county seat is situated most nearly to the geographical center of the district, shall have jurisdiction of the dissolution of the district and the same procedure, including notices and elections, shall be followed as provided in this chapter and chapter 17 of this title, for dissolution of highway districts situated in one (1) county. Meetings shall be had at the county seat of the county having jurisdiction of the dissolution of the highway district before a joint session of the commissioners from all the counties affected by the dissolution. The commissioners of the counties affected shall cause to be made and entered on order for notice, election, and for the dissolution and winding up of the affairs of the highway district and specifying when the same shall be dissolved, and the succeeding operational unit, if any.

40-1814. DISTRICTS IN TWO OR MORE COUNTIES — PROVISION FOR PAYMENT OF INDEBTEDNESS UPON DISSOLUTION. The commissioners of the county in which the petitions for dissolution are filed, shall determine the indebtedness of the entire district and shall provide for the payment of the indebtedness out of district funds on hand, or to be raised by special levies, levied by the county, and shall be certified to the clerk of the commissioners of each of the counties in which is situated any part of the dissolved district, and an ad valorem tax shall be levied and imposed by each of the counties upon property of the district as may be within the county. The tax shall be collected, and not less than quarterly, be remitted to the treasurer of the county where the petitions are filed, to be applied in payment of the indebtedness of the dissolved district.

40-1815. JURISDICTION OF PROPERTY OF DISSOLVED DISTRICT SITUATED IN TWO OR MORE COUNTIES. The succeeding operational unit of the county in which the proceedings for the dissolution of highway districts, situated in two (2) or more counties are had, or the commissioners of
the county or counties wherein the district was situate shall, after the order of dissolution, have exclusive jurisdiction over all of the property, business and affairs of the dissolved district, whether situate in the county or not, including the power to issue funding bonds against the whole territory of the district for the payment of funding of bonds, warrants, and for other indebtedness of the district when funds for payment cannot be secured by current taxation.

40-1816. CONTROL OF BRIDGES AND HIGHWAYS OF DISSOLVED DISTRICT. From and after the entry of the order for dissolution of any highway district, the commissioners of the county where the district was situate, or the succeeding operational unit, shall have the same control over all bridges and highways of the district situate in the county, as was or is vested in the commissioners in other territory of the county, including the power to levy ad valorem taxes upon the property situate therein for general highway and bridge purposes.

40-1817. LIMITATION ON NEW PROCEEDINGS FOR DISSOLUTION. When any proceedings for dissolution of any highway district shall have failed of adoption, either on account of order of the commissioners or at election, no new proceedings for dissolution of the district shall be initiated less than one (1) year thereafter.

40-1818. VALIDITY OF OUTSTANDING OBLIGATIONS. Nothing in this chapter shall be construed as impairing the validity of any outstanding bonds or warrants of a dissolved system or district.

40-1819. ACTS AND PROCEEDINGS ESTABLISHED OR COMMENCED BEFORE CHAPTER TAKES EFFECT NOT AFFECTED. This chapter shall not affect any act done, ratified or confirmed, or any right accrued or established, or any action or proceeding had or commenced in a civil or criminal cause before July 1, 1985, but those actions or proceedings may be prosecuted and continued by the county, district or city.

40-1820. CONTINUANCE IN SERVICE OF EMPLOYEES OF DISSOLVED SYSTEM OR DISTRICT. All persons in the employ of any dissolved city highway system or highway district may be continued in service so far as their services may be required by the succeeding operational unit.

40-1821. NO DISTRICT DISSOLVED UNTIL SUCCEEDING OPERATIONAL UNIT IN EXISTENCE. No highway districts dissolved under the terms and provisions of this chapter shall be deemed to have been dissolved and shall not cease to operate and perform their duties and obligations until there shall have been organized and existing a succeeding operational unit.

CHAPTER 19
BEAUTIFICATION OF HIGHWAYS

40-1901. LEGISLATIVE INTENT AND POLICY -- TOURIST RELATED ADVERTISING DEVICES. (1) The state of Idaho herewith finds and determines that the removal of tourist related signs which were lawfully created
under state law in force at the time of their erection which do not
conform to the requirements of section 131(a), title 23, United States
Code, which provide directional information about goods and services
in the interest of the traveling public, and which were in existence
on May 6, 1976, may work a substantial economic hardship in defined
areas within the state.

(2) The legislature further finds and declares that outdoor
advertising is a form of commercial use of the public highway and
regulation and removal of outdoor advertising is a highway purpose. In
order to provide for maximum visibility along highways and to permit
unobstructed view of connecting highways and intersections, to prevent
the distraction of operators of motor vehicles, to prevent confusion
with respect to traffic lights, signs or signals, or otherwise inter­
fere with the effectiveness of traffic regulations, to preserve and
enhance the natural scenic beauty of areas traversed by interstate and
primary highways, to protect the public investment in highways, to
promote the recreational value of public travel, to conform to the
expressed intent of congress to control the erection and maintenance
of outdoor advertising displays, and to promote the maximum safety,
comfort and well-being, of the users of highways, the legislature
finds and declares it to be necessary in the public interest to regu­
late the erection and maintenance of outdoor advertising structures,
signs and displays and the business or occupation, in areas adjacent
to interstate and primary highways, in accordance with the terms of
this chapter and regulations promulgated by the board.

40-1902. ERECTING AND MAINTAINING ADVERTISING DISPLAYS. The
provisions of this chapter and the regulation of erecting and main­
taining advertising displays, insofar as the regulation may affect
erecting and maintaining advertising displays visible from the inter­
state or primary system of highways of this state, shall be exclusive
of all regulations whether enacted by a law of this state or by a
political subdivision the state.

40-1903. COUNTY ZONING ORDINANCES. It is the intention of the
legislature to occupy the whole field of regulation by this chapter,
except that nothing in this chapter prohibits enforcement of any or
all of its provisions by persons designated to act by appropriate
ordinances duly adopted by any county of this state, nor does this
chapter prohibit the passage by any county of reasonable land use or
zoning regulations affecting the placing of advertising displays in
accordance with the provisions of chapter 65, title 67, Idaho Code.

40-1904. PRIVATE AND PUBLIC NOTICES. Nothing contained in this
chapter applies to any advertising display used exclusively for:

(1) Directional and other official signs and notices erected or
maintained by public officers or agencies pursuant to and in accord­
ance with direction or authorization contained in state or federal
law, for the purpose of carrying out an official duty or responsibil­
ity;

(2) Structures, signs and displays advertising the sale or lease
of property upon which they are located; and
(3) Structures, signs and displays advertising activities conducted on the property on which they are located.

40-1905. LICENSES REQUIRED -- APPLICATION. (1) No person shall engage in or carry on the business or occupation of outdoor advertising without first having paid the license fee provided by this chapter.

(2) An application for a license shall be made by each outdoor advertising business on a form furnished by the department.

40-1906. PERMITS FOR PLACING ADVERTISING DISPLAY -- APPLICATION. (1) No person shall place any advertising display within the area affected by the provisions of this chapter in this state without first having secured a written permit from the department.

(2) A separate application for a permit shall be made for each separate outdoor advertising structure, sign or display on a form furnished by the department, which application shall contain information as the department may require. Each application shall be accompanied by the written consent of the owner or tenant of the real property upon which the structure, sign or display is to be erected or maintained, unless the consent shall have previously been filed with the department. An application shall be made for a permit to maintain an existing outdoor advertising structure, sign or display or to renew a permit.

40-1907. PERMITS AND LICENSES -- ISSUANCE -- FEES. (1) The department, in accordance with the provisions of this chapter, shall issue or renew permits and licenses for a period of at least one (1) year for the erection or maintenance of all type of outdoor advertising structures, signs or displays. No permit or license shall be issued for the erection or construction of any sign which would be in violation of local law or ordinance at the time application is filed, and further provided that no permit shall be withheld or denied for a nonconforming sign which is to be removed pursuant to the terms of this chapter by reason of the sign being located upon land to which the state or the department has acquired a restrictive covenant regarding the erection of signs if the sign was in existence prior to October 22, 1965.

(2) The license fee for an original license, and for each annual renewal, is payable annually in advance, as follows:

(a) Fifty dollars ($50.00) for persons owning one or more but fewer than one hundred (100) signs subject to this chapter.

(b) One hundred dollars ($100) for persons owning more than one hundred (100) signs subject to this chapter.

(3) Licenses granted shall expire each year on December 31 and shall not be pro rated. Application for renewal of licenses shall be made not less than thirty (30) days prior to the date of expiration.

(4) A permit fee of ten dollars ($10.00) shall accompany each original permit application. An annual permit fee of three dollars ($3.00) shall accompany each renewal permit application.

(5) The issuance of a permit and payment of a permit fee for the placing of an advertising structure includes the right to change the
advertising copy thereon without obtaining any additional permit for the remainder of the calendar year in which the permit is issued and without the payment of any additional permit fee.

(6) Any license or permit issued pursuant to this chapter may be transferred to any person who acquires the business as a successor of the person for whom the license or permit was issued.

40-1908. BOND OF OUT-OF-STATE LICENSEE OR PERMITTEE. When an application for a license or permit or for renewal is made by a non-resident or by a foreign corporation engaged in the business of outdoor advertising, the department in its discretion, as a condition to the issuance of a license or permit or renewal, may require the corporation to deposit with the department a bond in an amount and with surety to be approved by the department, to secure the corporation's compliance with the provisions of this chapter.

40-1909. IDENTIFICATION OF ADVERTISING STRUCTURES -- PLACING STRUCTURE WITHOUT PERMIT PLATE -- VIOLATION. (1) The department shall require that each outdoor advertising structure, sign or display shall bear an identification tag or plate to be issued by the department, and if erected or maintained by an outdoor advertising business that it shall also bear his name.

(2) No person shall place any advertising structure, sign or display unless there is securely fastened upon the front a permit plate of the character specified in subsection (1) above. Placing an advertising display without having affixed a permit plate is prima facie evidence that the advertising display has been placed and is being maintained in violation of this chapter, and any such display shall be subject to removal.

40-1910. LOCATION OF DISPLAYS. No advertising display shall be placed or maintained in any of the following locations or positions or under any of the following conditions or if the advertising structure or sign is of the following nature:

(1) Within the right-of-way of any highway;

(2) Visible from any interstate or primary highway and simulating or imitating any directional, warning, danger or information sign permitted under the provisions of this chapter, or if intended or likely to be construed as giving warnings of traffic;

(3) Within any stream or drainage canal or below the flood water level of any stream or drainage canal where the advertising display might be deluged by flood waters and swept under any highway structure crossing the stream or drainage canal or against the supports of the highway structure;

(4) Not maintained in a safe condition;

(5) Visible from any interstate or primary highway and displaying any red, blue or blinking intermittent light likely to be mistaken for a warning or danger signal;

(6) Illuminated with such brilliance and so positioned as to blind or dazzle the vision of travelers on adjacent interstate or primary highways;

(7) Purported to direct the movement of traffic;
(8) Painted, affixed or attached to any natural feature as more particularly prohibited by section 18-7017, Idaho Code;

(9) Hinder the clear, unobstructed view of approaching or merging traffic, nor obscure from view any traffic sign or other official sign;

(10) Located as to obscure the view of any connecting highway or intersection; and

(11) Not clear or in good repair.

40-1911. GENERAL PROHIBITIONS. Notwithstanding any other provision of this chapter, no advertising display shall be erected or maintained within six hundred sixty (660) feet from the edge of the right-of-way of the interstate and primary system of highways within this state except the following:

(1) Directional or other official signs or notices that are required or authorized by law, informational or directional signs regarding telephone service, emergency telephone signs, buried or underground cable markers and above cable closures;

(2) Signs advertising the sale or lease of property upon which they are located;

(3) Displays advertising activities conducted on the property upon which they are located, provided that not more than one (1) such sign, visible to traffic proceeding in any one direction, and advertising activities being conducted upon the real property where the sign is located may be permitted more than fifty (50) feet from the advertising activity;

(4) Displays located within areas zoned industrial, business or commercial under authority of state law, or in unzoned industrial or commercial areas as determined by the department;

(5) Displays erected or maintained by the department on the right-of-way pursuant to regulation of the department designed to give information in the specific interest of the traveling public. The department, by and through its director, may, upon receipt of a certified copy of an ordinance from a board of county commissioners, or a city council, accompanied by all economic studies required by federal rules and regulations showing that the removal of tourist-related advertising activities would cause an economic hardship on a defined area, forward the ordinance to the secretary of the United States department of transportation for inclusion as a defined hardship area, qualifying for exemption pursuant to section 131(o), title 23, United States Code. The ordinance and economic studies shall show that (1) the tourist-related advertising devices provide directional information about goods and services in the interest of the traveling public, and (2) that the removal of the specific directional advertising displays will work a substantial economic hardship in the defined area;

(6) Signs lawfully in existence on October 22, 1965, determined to be landmark signs, including signs on farm structures or natural surfaces, of historic or artistic significance, the preservation of which would be consistent with the purposes of this chapter; and

(7) On or after July 1, 1985, no advertising structure or display shall be erected or maintained in this state, other than those allowed pursuant to subparagraphs (2), (3) and (4) of this section, which are
located beyond six hundred sixty (660) feet of the right-of-way, located outside of urban areas, visible from the main traveled way of the system, and erected for the purpose of the message being read from that main traveled way of the system.

40-1912. INDUSTRIAL OR COMMERCIAL ZONES. (1) The provisions of section 40-1911, Idaho Code, shall not apply to those segments of the interstate and primary system of highways which traverse and abut on commercial, business or industrial zones within the boundaries of incorporated cities, wherein the use of real property adjacent to and abutting on the interstate and primary system of highways is subject to city or county regulation or control, or which traverse and abut on other areas where the land use is clearly established by state law or county zoning regulation, as industrial, business or commercial, or which are located within areas adjacent to the interstate and primary system of highways which are in unzoned commercial or industrial areas as determined by the department from actual land uses. The department shall determine the size, lighting and spacing of signs in the zoned and unzoned industrial, business or commercial areas.

(2) For the purpose of this chapter, areas abutting interstate and primary highways of this state which are zoned commercial or industrial by counties and cities shall be valid as commercial or industrial zones only as to the portions actually used for commerce or industrial purposes and the land along the highway in urban areas for a distance of six hundred (600) feet immediately abutting to the area of the use, and does not include areas so zoned in anticipation of such uses at some uncertain future date, nor does it include areas zoned for the primary purpose of allowing advertising structures. All signs located within an unzoned area shall become nonconforming if the commercial or industrial activity used in defining the area ceases for a continuous period of six (6) months.

40-1913. REMOVAL OF DISPLAYS. Any outdoor advertising which is not in compliance with the provisions of this chapter may be removed by the department. Just compensation shall be paid upon the removal of any outdoor advertising sign, display, or device lawfully erected under state law, but the department shall not be required to purchase or remove any advertising displays as required under this chapter, until matching federal aid funds are available for the purchase or removal by the federal government.

40-1914. LOCAL ORDINANCES. The provisions of this chapter shall not be construed as permitting a person to place or maintain in existence on or adjacent to any interstate or primary highway, any outdoor advertising prohibited by law or by an ordinance of a city or county.

40-1915. NUISANCES. All advertising displays which are placed or which exist in violation of the provisions of this chapter are public nuisances and may be removed by any public employee as is further provided in this chapter.

40-1916. PENALTY — REMEDIES CUMULATIVE. (1) Any person who
erects an advertising display, or who, as principal, agent or employee, causes or orders an advertising display to be erected, or one who permits an advertising display to be erected or maintained on land owned or leased by that person, in violation of the provisions of this chapter, shall be guilty of a misdemeanor.

(2) The remedies provided in this chapter for the removal of illegal advertising displays are cumulative and not exclusive of any other remedy provided by law.

40-1917 -- 40-1918 [RESERVED.]

40-1919. JUNKYARDS AS PUBLIC NUISANCES. For the purpose of promoting the public safety, health, welfare, convenience and enjoyment of public travel, to protect the public investment in public highways, and to preserve and enhance the scenic beauty of lands bordering public highways, it is declared by the legislature of the state of Idaho to be in the public interest and for a highway purpose to regulate and restrict the establishment, operation and maintenance of junkyards in areas adjacent to highways on interstate and primary systems within the state. The legislature finds and declares that junkyards that are not in compliance with the provisions of this chapter are public nuisances.

40-1920. LICENSE -- RENEWAL -- FEE. No person shall operate, establish, or maintain a junkyard, any portion of which is within one thousand (1,000) feet of the nearest edge of the right-of-way of any highway on the interstate or primary system without obtaining a license from the board. The license and each renewal shall be issued on a calendar year basis and shall expire on December 31 following the date of issuance. A fee of twenty-five dollars ($25.00) shall be charged for each original license or renewal license which shall be deposited in the state treasury in the highway distribution account.

40-1921. REQUIREMENTS FOR LICENSE. Licenses shall be granted for the operation of those junkyards within one thousand (1,000) feet of the nearest edge of the right-of-way of any highway on the interstate or primary system meeting the following requirements:

(1) Are screened by natural objects, plantings, fences or other appropriate means so as to render them invisible from the traveled way of the highway involved; or

(2) Located within areas which are zoned for industrial use under authority of state law or in unzoned industrial areas as determined by the board; or

(3) Are not visible from the main traveled way of the highway involved; or

(4) Are to be screened by the board as provided in section 40-313(4), Idaho Code; or

(5) Are to be relocated, removed or disposed of by the board as provided in section 40-313(4), Idaho Code.

40-1922. DUMP PERMITS -- RENEWAL -- FEE -- SCREENING BY OWNER. No person shall operate, establish, or maintain a dump, any portion of
which is within one thousand (1,000) feet of the nearest edge of the right-of-way of any highway on the interstate or primary system with­out obtaining a permit from the board. The permit and each renewal shall be issued on a calendar year basis and shall expire on the 31st day of December following the date of issuance. A fee of fifteen dollars ($15.00) shall be charged for each original permit or renewal permit which shall be deposited in the state treasury to the credit of the highway distribution account.

40-1923 -- 40-1924 [RESERVED.]

40-1925. ENFORCEMENT -- REVOCATION OF LICENSE OR PERMIT -- NOTICE -- HEARING. (1) The department or board may revoke any license or permit for the failure to comply with the provisions of this chapter and may remove and destroy any advertising display placed or main­tained in violation of this chapter after written order posted on the structure or sign and copies served by certified mail upon both the owner of the display and the owner of the land upon which it is situ­ate. The order shall be signed by the district engineer of the depart­ment in the applicable district. The parties shall have thirty (30) days within which to appeal the order to the board under the provi­sions of chapter 52, title 67, Idaho Code.

(2) Notwithstanding any other provision of this chapter, the department or any of its authorized employees may summarily and with­out notice remove and destroy any advertising display placed in viola­tion of this chapter which is temporary in nature because of the mate­rials of which it is constructed or because of the nature of the copy on it.

(3) Proceedings for review of any action taken by the department pursuant to this section shall be instituted under the provisions of chapter 52, title 67, Idaho Code.

40-1926. VIOLATIONS AS PUBLIC NUISANCES -- INJUNCTIONS -- VENUE. All violations of this chapter are hereby declared to be public nuis­ances. The board may apply to the district court of the county in which the unlawful junkyard or dump is located for an injunction pro­hibiting further operation of any junkyard or dump in violation of this chapter.

CHAPTER 20
HIGHWAY RELOCATION ASSISTANCE

40-2001. RELOCATION AID FOR PERSONS DISPLACED BY PUBLIC PROGRAMS -- LEGISLATIVE FINDING. The legislature finds and declares that the prompt and equitable relocation and reestablishment of persons, fam­ilies, businesses, farmers, and nonprofit organizations displaced as a result of any state or local governmental program or project is a necessary purpose, is a cost of those programs and projects and is a public purpose. In order to insure that individuals do not suffer dis­proportionate injuries as a result of programs designed for the bene­fit of the public as a whole the legislature declares that relocation payments and relocation advisory assistance may be provided to all
persons so displaced in accordance with the terms and provisions of this chapter and rules and regulations promulgated by the board. The legislature finds and declares that rent supplement or purchase assistance payments to tenants and relocation payments to owner-occupants, businesses, and farmers in accordance with the provisions of this chapter are a public purpose and are necessary to enable all displaced persons to obtain decent, safe, and sanitary dwellings. The legislature further declares the provisions of this chapter may be applicable to all programs.

40-2002. RELOCATION ADVISORY ASSISTANCE. Any agency is authorized, as a part of the cost of any program or project, to give relocation advisory assistance to any individual, family, business or farm operation displaced because of the acquisition of real property for any project. If any agency determines that any person occupying property immediately adjacent to the real property acquired has been caused substantial economic injury because of the acquisition, it may offer him relocation advisory services.

40-2003. LOCAL RELOCATION ADVISORY ASSISTANCE OFFICES. Any agency may, as a part of the cost of any public program or project, establish a local relocation advisory assistance office or agency to assist in obtaining relocation facilities for individuals, families and businesses which must relocate because of the acquisition of right-of-way for any project.

40-2004. RELOCATION EXPENSE -- COMPENSATION OPTIONS -- LIMIT OF COMPENSATION FOR BUSINESS OR FARM RELOCATIONS. (1) As a part of the cost of any public program or project, any agency using any funds for public purposes may compensate a displaced person for his actual and reasonable expense in moving himself, family, business or farm operation, including moving personal property, and for any actual direct losses of tangible personal property as the result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate the property, as determined by the agency, and for actual reasonable expenses in searching for a replacement business or farm. However, the compensation authorized by this section for actual and reasonable moving expenses, actual direct losses of tangible personal property, and expenses in searching for a replacement farm or business shall be limited to relocating a displaced person, family, business or farm operation within a reasonable distance from the location previously occupied and from which the displaced person has been required to move.

(2) Any displaced person who moves from a dwelling who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection (1) of this section may receive a moving expense allowance, determined according to regulations and schedules established by the agency, not to exceed three hundred dollars ($300), and in addition a dislocation allowance of two hundred dollars ($200).

(3) Any displaced person who moves or discontinues his business
or farm operation who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection (1) of this section, may receive a fixed relocation payment in an amount equal to the average annual net earnings of the business or farm operation, except that the payment shall not be less than two thousand five hundred dollars ($2,500) nor more than ten thousand dollars ($10,000). In the case of a business, no payment shall be made under this subsection unless the agency is satisfied that the business cannot be relocated without a substantial loss of patronage, and is not a part of a commercial enterprise having at least one (1) other establishment not being acquired which is engaged in the same or a similar business. In addition to the other requirements of this chapter, to be eligible for the payment authorized by this subsection the business or farm operation must make its financial statements, accounting records, and state income tax returns available to the agency for audit for confidential use in determining the payment or payments authorized by this subsection.

(4) If any agency determines that property contiguous with property acquired, owned or occupied by an individual, family, business or farm operation, has been damaged as the result of a public program or project, it may offer the individual, family, business or farm operation the same compensation as it might offer to a displaced person under subsections (1), (2) or (3) of this section and under sections 40-2005 and 40-2007, Idaho Code.

40-2005. PURCHASE ASSISTANCE TO RELOCATING OWNER-OCCUPANT -- LEASE OR DOWN PAYMENT ASSISTANCE TO RELOCATING TENANT. (1) In addition to the payments authorized by section 40-2004, Idaho Code, an agency may make a payment to the owner of a dwelling, provided the dwelling has been owned and occupied by the owner for at least one hundred eighty (180) days prior to the first written offer for the acquisition of the property. The payment shall not exceed fifteen thousand dollars ($15,000) and shall be the amount, which, when added to the acquisition payment, equals the reasonable cost required for a comparable dwelling determined in accordance with standards established by the agency to be suitable to accommodate the displaced owner. The payment shall be made only to a displaced owner who purchases and occupies a dwelling that meets standards established by the agency, not later than the end of a one (1) year period beginning on the date on which he received final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date. Payment under this subsection will include an amount which will compensate the displaced person for any increased interest costs which the person is required to pay for financing the acquisition of any comparable replacement dwelling. This amount will be paid only if the dwelling acquired by the agency was encumbered by a mortgage which was a valid lien on the dwelling for not less than one hundred eighty (180) days prior to the first written offer for the acquisition of the dwelling. The amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling,
over the remainder term of the mortgage on the acquired dwelling, reduced to discounted current value. The discounted rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located. This amount shall also include reasonable expenses incurred by the displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but shall not include prepaid expenses.

(2) In addition to the payments authorized by section 40-2004, Idaho Code, any agency may make a payment to any individual or family displaced from any dwelling not eligible to receive a payment under subsection (1) of this section, which dwelling was actually and lawfully occupied by the individual or family for at least ninety (90) days prior to the first written offer for the acquisition of the property. The payment, not to exceed four thousand dollars ($4,000), shall be the additional amount which is necessary to enable the individual or family to lease or rent for a period not to exceed four (4) years, or to make a down payment, including reasonable expenses incurred by the displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of a dwelling of standards adequate to accommodate the individual or family in areas not generally less desirable in regard to public utilities and public and commercial facilities, except that if the amount exceeds two thousand dollars ($2,000) the person must equally match any payment in excess of two thousand dollars ($2,000), in making the down payment.

40-2006. HOUSING REPLACEMENT AS LAST RESORT. (1) If any federally-assisted program or project construction cannot commence because comparable replacement sale or rental housing is not available, and the agency determines that housing cannot otherwise be made available, it may take action as is necessary or appropriate to provide housing by use of funds authorized for the project.

(2) No displaced person shall be required to move from his dwelling on account of any federally-assisted program or project, unless the agency is satisfied that replacement housing is available to the person, within a reasonable period of time and at rents or prices within the financial means of the families and individuals displaced, and reasonably accessible to their places of employment.

40-2007. COMPENSATION FOR MISCELLANEOUS EXPENSES. In addition to amounts authorized by this chapter, any agency as a part of the cost of any public program or project, may reimburse the owner of real property acquired for a project for reasonable and necessary expenses incurred for:

(1) Recording fees, transfer taxes, and similar expenses incidental to conveying the property;

(2) Penalty costs for prepayment of any mortgage entered into in good faith encumbering the real property if the mortgage is on record or has been filed for record under applicable state law on the date of final approval by the agency of the location of the project; and

(3) The pro rata share or portion of ad valorem taxes paid which are allocable to a period subsequent to the date of vesting of title
in the state or the effective date of possession of the real property by the agency, whichever is earlier.

40-2008. COMPUTATION OF REPLACEMENT HOUSING PAYMENT DURING CONDEMNATION PROCEEDINGS — ADJUSTMENT AFTER JUDGMENT. In the event an acquisition payment to an owner-occupant for a dwelling cannot be finally determined because condemnation proceedings may become necessary or are pending against the property, the replacement housing payment authorized by section 40-2005(1), Idaho Code, shall be made and computed as though the maximum offer of the state or agency for the property is the actual acquisition payment. In the event the final award and judgment rendered in the condemnation proceedings exceeds the state's highest offer, any difference between the offer and the judgment shall be deducted from the replacement housing payment, but in no event shall the judgment be reduced by more than the amount of the replacement housing payment.

40-2009. RELOCATION PAYMENTS NOT INCOME. No payment received under this chapter shall be considered as income for the purposes of the state personal income tax law or state corporation tax law, nor shall the payments be considered as income or resources to any recipient of public assistance and the payments shall not be deducted from the amount of aid to which the recipient would otherwise be entitled under the state public assistance laws, nor shall the payments be considered as income or resources for the purpose of determining the eligibility or the extent of eligibility of any persons for public assistance.

40-2010. REVIEW OF DETERMINATIONS. Any displaced person aggrieved by a determination as to the eligibility for a payment authorized by this chapter, or the amount of the payment, may have his application reviewed. Proceedings for review of any action taken by the agency pursuant to this section shall be instituted under the provisions of chapter 52, title 67, Idaho Code.

40-2011. EMINENT DOMAIN DAMAGES UNAFFECTED. Nothing contained in this chapter shall be construed as creating, in any condemnation proceedings brought under the power of eminent domain, any element of damages not in existence under the laws of the state of Idaho on July 1, 1985.

CHAPTER 23
MISCELLANEOUS PROVISIONS

40-2301. RIGHT OF ENTRY TO MAKE SURVEYS. The board, county and highway commissioners, and their agents and employees, shall have the
right to enter upon any land to make surveys for any of the purposes of this title in the manner provided by law.

40-2302. PUBLIC ACQUIRES FEE SIMPLE TITLE -- RECORD AND DEDICATION OF HIGHWAYS. (1) By taking or accepting land for a highway, the public acquires the fee simple title to the property. The person or persons having jurisdiction of the highway may take or accept lesser estate as they may deem requisite for their purposes.

(2) In all cases where consent to use the right-of-way for a highway is voluntarily given, purchased, or condemned and paid for, either an instrument in writing conveying the right-of-way and incidents to it, signed and acknowledged by the party making it, or a certified copy of the decree of the court condemning it, must be made, filed and recorded in the office of the recorder of the county in which the land conveyed or condemned shall be particularly described.

(3) No highway dedicated by the owner to the public shall be deemed a public highway, or be under the use or control of a county or highway district unless the dedication shall be accepted and confirmed by the commissioners of the county or highway district.

40-2303. PUBLIC USE OF PRIVATE DAM OR BRIDGE. No right shall be deemed to have vested in the public for highway or other purposes, where free use may be granted to the public to a right-of-way for the purposes of travel, over and upon any dam or bridge constructed over and across any of the streams of this state, and owned by any person.

40-2304. CONSTRUCTION OF SIDEWALKS. Any owner or occupant of land may construct a sidewalk on the highway along the line of his land subject to authority conferred by law on the respective highway or county commissioners and the director of highways. Any person using the sidewalk with a horse or team without permission of the owner, is liable to the owner or occupant in the sum of twenty-five dollars ($25.00) for each trespass, and for all damages suffered.

40-2305. ADJOINING OWNERS MAY PLANT TREES -- PENALTY FOR INJURY. (1) Any owner or occupant of land adjoining a highway at least fifty (50) feet wide, may plant trees on the side contiguous to his land. The trees must be set in regular rows, at least six (6) feet apart and not more than six (6) feet from the boundary of the highway. If the highway is more than one hundred (100) feet wide, the row must be no less than six (6) feet nor more then twelve (12) feet from the boundary of the highway.

(2) Whoever digs up, cuts down, or otherwise injures or destroys any shade or ornamental tree planted and standing on any highway, shall pay one hundred dollars ($100) for each tree injured or destroyed.

40-2306. FELLING TREE INTO HIGHWAY -- PENALTY. Whoever cuts down a tree so that it falls upon a highway shall remove the tree, and is liable to a penalty of ten dollars ($10.00) for every day the tree remains on the highway.
40-2307. REMOVAL OF FALLEN TREES. Any person may notify the occupant or owner of any land from which a tree or other obstruction has fallen upon any highway to remove the tree or obstruction. If it is not removed, the owner or occupant is liable to a penalty of ten dollars ($10.00) for every day until it is removed, in addition to the cost of removal.

40-2308. CORPORATIONS MAY LAY TRACKS AND WATER MAINS. Every gas, water, or railroad corporation has the power to lay conductors and tracks through the public ways and squares in any city with the consent of the city authorities, and under reasonable regulations and for just compensation, as the city authorities and the law prescribe.

40-2309. RAILROAD CROSSINGS. Whenever highways are laid out to cross railroads on public lands, the owners or corporations using the same highway shall, at their own expense, so prepare the highway that it may cross without danger or delay, and when the right-of-way for a public highway is obtained through the judgment of any court, over any railroad, no damage shall be awarded for the simple right to cross.

40-2310. CATTLE GUARDS ACROSS ROADS -- LANDOWNER'S RIGHT TO CONSTRUCT -- GATES. (1) The owner, or lessee of any land crossed by any highway, except highways maintained by the department, who encloses the land with a lawful fence, shall, with the consent of the commissioners, highway district commissioners, or other governing body having jurisdiction over the highway, have the right to enclose the land, by erecting or constructing cattle guards across the highway. Cattle guards shall be constructed in accordance with plans and specifications as the respective commissioners or other governing body having jurisdiction of the highway shall prescribe.

(2) Any owner or lessee of land constructing a cattle guard across a highway under the provisions of subsection (1) above, shall cause a gate not less than twelve (12) feet long to be constructed and maintained in the fence connected to the cattle guard. The gate shall not be more than thirty-three (33) feet from the highway. The surface of the guard adjoining the highway and gate shall be so leveled and maintained that a vehicle can pass from the highway through the gate on either side of the fence, and the gate shall be unlocked at all times.

40-2311. PENALTY FOR DEFACING OR DESTROYING SIGNS, SIGNPOSTS OR FACILITIES. It shall be unlawful for any person to deface or destroy any signs, signposts, guideposts, or any inscription on them, or facilities erected by or under the direction of the board, a director of highways, county, or highway district commissioners. Any person found guilty shall be deemed guilty of a misdemeanor. The defacing or destroying of any sign, signpost, guidepost, or inscription, or facility shall constitute a separate offense.

40-2312. WIDTH OF HIGHWAYS. All highways, except bridges and those located within cities, shall be not less than fifty (50) feet wide, except those of a lesser width presently existing, and may be as
wide as required for proper construction and maintenance in the discretion of the authority in charge of the construction and maintenance. Bridges located outside incorporated cities shall be the same width to and across the river, creek or stream as the highway leading to it.

40-2313. TRAILS FOR LIVESTOCK -- LAYING OUT -- RULES CONCERNING USE — PENALTY. (1) County or highway commissioners are authorized to lay out highways or designate existing highways, within their respective jurisdictions, to be used as trails for livestock. These highways may be of a width as determined by the respective commissioners, and they may lay out, alter, establish and secure lands for those highways in the same manner and under the same provisions as the laying out, or establishing, or securing rights-of-way for regular highways. A regular highway not established or designated as a livestock trail under the provisions of this section may be used for trailing livestock in a number and at a time as may be indicated in rules and regulations made for that purpose by the respective commissioners.

(2) Rules and regulations shall be entered on the minutes of the respective commissioners. When highways are provided by counties or districts and are available for use as livestock trails, the respective commissioners may by rule or regulation prohibit the use of any regular highway, or portion of it, in their respective jurisdictions, for trails over which to drive livestock.

(3) Any person driving livestock over a regular public highway in violation of rules or regulations prohibiting the use of the highway, or portion of it shall, in addition to any other penalties provided by law, be deemed guilty of a misdemeanor.

40-2314. PASSAGEWAYS FOR STOCK. Passageways for stock passing beneath any highway must be bridged with suitable plank not less than eighteen (18) feet in length, and it shall be lawful for the fences of either side to converge to the bridge over the passageway. The passageway must be kept securely bridged and in good repair by the person who owns the adjoining lands. The bridge shall not be placed more than one (1) foot above the level of the passageway. Approaches to the bridge over the passageway shall be kept in good repair by the owner.

40-2315. DAMAGE TO HIGHWAYS OR DITCHES BY LIVESTOCK. (1) Any person owning livestock or an employee or agent of the owner of livestock, who shall drive, range or graze the livestock along or across the public highways or ditches, or who shall permit them to range or graze along or across public highways or ditches, and thereby obstruct or partially obstruct the highway, by rolling rocks, brush or other debris on it, or destroy or injure any grades, ditches, bridges or approaches to bridges, shall immediately repair the damage done to the highway or ditch at their own expense. Any person owning livestock who shall refuse or neglect to repair any and all damage done to highways or ditches, within twenty-four (24) hours, shall be deemed guilty of a misdemeanor.

(2) All commissioners, directors of highways, highway district commissioners, and the board and their deputies, are directed to
supervise the enforcement of this section.

40-2316. PRIVATE HIGHWAYS -- ESTABLISHMENT. Private highways may be opened for the convenience of one or more residents of any county highway system or highway district in the same manner as public highways are opened, whenever the appropriate commissioners may order the highway to be opened. The person for whose benefit the highway is required shall pay any damages awarded to landowners, and keep the private highway in repair.

40-2317. REMOVAL OF FENCES. When the alteration of an old or the opening of a new highway makes it necessary to remove fences on land given, purchased or condemned by order of a court for highway purposes, notice to remove the fences shall be given by the director of highways to the owner, his occupant, or agent, or by posting the notice on the fence. If removal is not accomplished within ten (10) days, or commenced and prosecuted as speedily as possible, the director of highways may cause it to be carefully removed at the expense of the owner, and recover from him the cost of removal. The fence material may be sold to satisfy the judgment.

40-2318. TURNING HIGHWAYS ACROSS PRIVATE LANDS. If any person, through whose land any public highway is established, is desirous of turning the highway through any other part of his land, that person may, by petition, apply to the appropriate commissioners to permit him to turn the highway through another part of his land without materially increasing the distance of travel to the public. Upon receipt of a petition, accompanied by a sufficient bond to pay the cost and expense to be incurred, the appropriate commissioners may appoint three (3) disinterested viewers and a surveyor, if they deem it necessary, who shall view the ground over which the highway is proposed to be turned, and ascertain the distance the highway will be increased by the proposed alteration, and report in writing stating the several distances found, together with their opinion as to the usefulness of making the alterations. If the viewers report to the respective commissioners that the prayer of the petitioner is reasonable, the respective commissioners upon receiving satisfactory evidence that the proposed new highway has been opened a legal width, and in all respects made equal to the old highway for the convenience of travelers, may declare the new highway a public highway, make record of it, and at the same time vacate so much of the old highway as is embraced in the new. The person petitioning for the alteration shall pay all costs and expense of the view and survey, if ordered. When any person wishes to change the line or location of any public highway, he shall cause notice of his intention to apply to the appropriate commissioners having jurisdiction of the highway at its next session for permission to change the highway at his own expense, the notice to be in accordance with the provisions of section 40-206, Idaho Code, and shall also cause a copy of the notice to be posted at the post office, and at three (3) other public places in the county or district, at least twenty (20) days before the meeting of the respective commissioners. The notice must clearly show the proposed change or changes,
and when, where, and by whom the petition will be presented, and at the time and place designated in the notice he must present his petition, which must conform to the notice. Any person objecting to the change may, within ten (10) days, file a protest in writing against it. Any person aggrieved by the action of the respective commissioners may appeal to the district court of the county in the same manner and with like effect as in other cases of appeal from the action of the respective commissioners.

40-2319. ENCROACHMENTS -- REMOVAL -- NOTICE -- PENALTY FOR FAILURE TO REMOVE -- REMOVAL BY DIRECTOR OF HIGHWAYS -- ABATEMENT. (1) If any highway laid out or erected is encroached upon by fences, buildings, or otherwise, the director of highways of the district may, orally or in writing, require the encroachment to be removed from the highway.

(2) Notice shall be given to the occupant or owner of the land, or person causing or owning the encroachment, or left at his place of residence if he resides in the county. If not, it shall be posted on the encroachment, specifying the breadth of the highway, the place and extent of the encroachment, and requiring him to remove the encroachment within ten (10) days.

(3) If the encroachment is not removed, or commenced to be removed, prior to the expiration of ten (10) days from the service or posting the notice, the person who caused, owns or controls the encroachment shall forfeit fifty dollars ($50.00) for each day the encroachment continues unmoved. If the encroachment is of a nature as to effectually obstruct and prevent the use of the highway for vehicles, the director of highways shall immediately remove the encroachment.

(4) If the encroachment is denied, and the owner, occupant, or person controlling the encroachment, refuses either to remove it or to permit its removal, the director of highways shall commence in the proper court an action to abate the encroachment as a nuisance. If the director of highways recovers judgment, he may, in addition to having the encroachment abated, recover fifty dollars ($50.00) for every day the nuisance remained after notice, as well as costs of the legal action.

(5) If the encroachment is not denied, but is not removed for five (5) days after the notice is complete, the director of highways may remove it at the expense of the owner, occupant, or person controlling the encroachment, and recover his costs and expenses, as well as the sum of fifty dollars ($50.00) for each day the encroachment remained after notice was complete.

40-2320. GATES -- PENALTIES. (1) No gates shall be allowed on any public highway, except on highways running through land subject to overflow to an extent as to remove the fences. When allowed they shall be erected and maintained at the expense of the owner or occupant at whose request or for whose benefit they were erected. If the expense is not paid, the gate shall be removed as an obstruction.

(2) Any person who leaves a gate open, or who willfully and unnecessarily rides over ground adjoining the highway on which the
gate is erected, shall forfeit treble damages to the injured party.

40-2321. BRIDGES AND CULVERTS. Any person intending to run water across any public highway must first, under the direction and with the approval of the directors of highways of the county or district, or if the highway be the boundary of two (2) counties or districts, then, under the direction and with the approval of the director of highways of both counties or districts, construct a ditch of sufficient size to carry all the water, and must build a substantial bridge, with easy grades on and off the bridge over the ditch not less than sixteen (16) feet wide. When the quantity of water of any ditch is such that a pipe or culvert will carry the water, the water may be conducted across the highway by means of a pipe or culvert, which must be adapted to the surface of the highway, and the highest point of which shall be at least two (2) feet beneath the surface of the highway, be built of a length not less than sixteen (16) feet, and in a substantial manner permitting uninterrupted travel. All such bridges or culverts shall be of concrete, and all pipes of concrete, steel or other mineral substance. No wooden bridges, pipes or culverts shall be constructed, unless it appears to the satisfaction of the respective commissioners that the cost of the bridge, pipe or culvert would be unreasonably increased by being made of concrete, steel or other mineral substance, and that there is not sufficient travel over the highway to make it necessary for the protection and convenience of public travel that the bridge, pipe or culvert be constructed of those materials. The respective commissioners may in their discretion and by resolution, permit the bridge, pipe or culvert to be constructed of wood or other material, but no bridge, pipe or culvert shall be constructed of wood or any materials other than those specified in this section except upon a resolution of the appropriate commissioners setting forth the reasons and particularly specifying the place of the construction. When a bridge, pipe or culvert shall have been constructed as required, and accepted and approved by the director of highways, it shall become county property and be maintained as other county bridges.

40-2322. CONSTRUCTION OR REPAIR OF BRIDGES AND CULVERTS BY DIRECTOR OF HIGHWAYS. If any person owning or having ditches across any public highway, fails or neglects to build bridges or culverts over them as required, or to keep them, or the public highway in good repair, it is the duty of the director of highways of the county or district to build or repair them at the expense of that person, and the cost of them is a lien upon the land and premises of the ditch owner, and may be sued for and collected, by and in the name of the director of highways, in any court of competent jurisdiction.

40-2323. ABATEMENT OF FLOODING OF HIGHWAYS -- RIGHT OF ENTRY -- COURT ACTION FOR ABATEMENT. (1) If the owner or occupant of land lying adjacent to or near any highway laid out or constructed, or any other person, shall maintain or cause to be maintained, or allow any dam, dike, or levee across any swale, hollow, or natural water drain or channel, either inside or outside any fence or other enclosure which may enclose the land, and shall thereby cause water to back upon,
overflow or accumulate upon the highway, the director of highways of
the county or district, or other official having direct supervision
of the maintenance of the highway, or any other agent appointed by the
respective commissioners, may go upon the premises and at the expense
of the county or district install culverts and drains as may be neces­
sary, and in a manner as to cause water to drain from the highway to
be carried down its natural channel to some point where it may be dis­
posed of without damage to the highway and adjoining landowners.

(2) Whenever it is necessary or convenient to do so, in carrying
out the provisions of subsection (1) above, the respective commission­
ers who have by law the general supervision and control of the high­
way, are empowered to go upon and work upon the lands and premises
where the dams, dikes and levees are situated.

(3) If it is denied that the dam, dike or levee causes water to
back up, overflow or accumulate on the highway, or if the owner or
occupant of the land, or person causing the dam, dike or levee to be
maintained, refuses either to install suitable culverts or drains or
does not allow the director of highways or other official having
immediate supervision of the maintenance of the highway to do so, then
the officer shall report the facts to the appropriate commissioners
and they shall commence an action in the proper court to procure cul­
verts or drains to be installed or the dam, dike, or levee abated as a
nuisance. If the respective commissioners recover judgment, they may,
in addition to having culverts installed or the dam, dike or levee
abated as a nuisance, recover fifty dollars ($50.00) for every day the
culverts remained uninstalled after the date of rendition of judgment
in the action, and may also recover the costs of the action, and in an
appropriate action, may also recover the cost and expenses of the
installation of culverts or drains and the costs of suit.

SECTION 3. That Section 21-136, Idaho Code, be, and the same ia
hereby amended to read as follows:

21-136. APPOINTMENT OF MEMBERS -- TERM -- VACANCIES. For the pur­
poses of selection of members of the advisory board of aeronautics and
public transportation, one (1) member shall be appointed from each of
the three (3) districts as provided in section 40-303, Idaho
Code.

Each of said the enumerated districts shall, at all times, be
represented by one (1) board member, appointed from said that dis­

The term of each member shall begin immediately upon his appointment
and qualification. Each member shall hold office after the expiration
of his term until his successor has been appointed. Not less than fif­
teen (15) days before the expiration of the term of appointment of
each member, the governor shall appoint a successor to—serve—for—a
term—of—three—(3)—years and submit such the appointment to the senate
for confirmation. Should any member of the board resign, die, remove
from the district from which he was appointed, or otherwise be removed from office, a vacancy shall exist, and during the recess of the legislature, the governor shall within thirty (30) days appoint a successor with like qualifications, to serve for the remainder of the retiring member's unexpired term, provided however, that if a vacancy occurs within forty-five (45) days after the convening of the legislature and while it is still in session, the governor shall make and submit to the senate for its approval a nomination to fill such vacancy.

SECTION 4. That Section 34-625, Idaho Code, be, and the same is hereby amended to read as follows:

34-625. ELECTION OF HIGHWAY DISTRICT COMMISSIONERS IN SINGLE COUNTY-WIDE DISTRICTS -- QUALIFICATIONS. WHEREAS, the Western States Forestry Task Force is now a working entity, and is diligently pursuing the several subjects important to forest management of the member states; and

WHEREAS, it is to the benefit of the State of Idaho that we continue to participate in the Task Force so that the involved member states have every opportunity to foster sound forest management.

BE IT FURTHER RESOLVED that the President Pro Tempore of the Senate is authorized to appoint two members of the Senate to serve as members of the Task Force, one each from the majority and minority parties, and that the Speaker of the House is authorized to appoint two members of the House, one each from the majority and minority parties, to serve as members of the Task Force. The appointing officers may also designate alternates. The members or alternates of the Task Force shall be entitled to compensation and allowances as provided by law for members of other legislative interim committees, to be paid from the Legislative Account.

A CONCURRENT RESOLUTION
EXPRESSING LEGISLATIVE INTENT AND AMENDING JOINT RULES 2 AND 6 OF THE TEMPORARY JOINT RULES OF THE SENATE AND HOUSE OF REPRESENTATIVES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Senate and House of Representatives deem it necessary and desirable to amend Joint Rules 2 and 6 of the temporary joint rules of the Senate and the House of Representatives.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Forty-eighth Idaho Legislature, the Senate and the House of Representatives concurring therein that Joint Rules 2 and 6 of the temporary joint rules of the Senate and the House of Representatives be amended to read as follows:

JOINT RULE 2

Definitions.—As used in these Joint Rules, unless the context clearly requires otherwise, the following terms shall have the meanings hereinafter respectively ascribed to them.

Resolution.—This term denotes the adoption of a motion, the subject matter of which would not properly constitute a statute. EXAMPLES: An alteration of the rules, a vote of thanks, a vote of censure, etc.

Concurrent Resolution.—This term denotes a resolution that originates in one house of the legislature where it is passed and is then sent to the other house for passage. It is signed by the presiding officers of both houses.

Joint Resolution.—A joint resolution is a resolution passed by both houses of the legislature proposing an amendment to the Constitution of the State of Idaho.

Proclamation.—A proclamation is an instrument, the subject matter of which does not constitute a statute, which after being introduced in the proper committee shall be sent immediately to the floor for action without being referred back to committee. A proclamation may be passed by voice vote. If a proclamation is passed by the house of origin it shall be sent to the other house for passage where it shall be placed on the floor for action without being referred to a committee. An example of a proclamation shall include but not be limited to a vote of thanks, praise or honor for a special achievement, accomplishment, anniversary or birthday. For purposes of the calendars of the Senate and House of Representatives a proclamation shall be considered a petition.
Bill.—This term denotes the draft of a law or amendment thereto submitted to the legislature for its approval or rejection. Bills may be originated in either house and may be amended or rejected in the other, except that bills for raising revenue must originate in the House of Representatives and a bill originating in one house and amended in the other may not again be amended in the house of origin except pursuant to report of a conference committee.

The enacting clause of every bill must read "Be It Enacted by the Legislature of the State of Idaho." All bills must be signed by the presiding officers of the respective houses. Every act or joint resolution shall be plainly worded avoiding as far as practicable the use of technical terms.

Joint Memorial.—A petition or representation made by the House of Representatives and concurred in by the Senate, or vice versa, addressed to whoever can effectuate the request of the memorial.

Engrossed Bill.—An amended bill with the amendments correctly drafted and before the house of origin for further action.

Enrolled Bill.—A bill that has passed both houses and awaits only the signatures of the presiding officers thereof.

JOINT RULE 6

Proclamations, Resolutions and Memorials.—Joint resolutions shall be treated in every respect as are bills except that they shall be passed only by 2/3 majority of the membership of each house.

Concurrent resolutions and memorials shall be printed as are bills and concurrent resolutions, proclamations and memorials shall also be printed in full in the journal of the house of origin and by number and author only in the journal of the other house. When passed in one house and transmitted to the other, they shall be accepted or rejected only and shall not be subject to amendment. Joint resolutions, concurrent resolutions and memorials shall, after being passed, be filed with the Secretary of State, rather than being submitted to the Governor for consideration.

A proclamation shall not be printed in the same manner as bills, resolutions or memorials but enough copies shall be reproduced so that each member of both houses shall be entitled to a copy and, if the proclamation is passed by both houses, copies shall be sent to the person, persons or entity being addressed by the proclamation. When a proclamation is passed in one house and transmitted to the other, it shall be accepted or rejected only and shall not be subject to amendment.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Legislature may, by concurrent resolution, direct to the Idaho members of the Pacific Northwest Electric Power and Conservation Planning Council a statement reflecting legislative intent and concern relative to any actions or activities undertaken or sought to be undertaken by the Council under the provisions of Section 61-1207, Idaho Code; and

WHEREAS, the Council has prepared and adopted the Northwest Conservation and Electric Power Plan April 27, 1983, which contains several elements including, (1) an energy conservation program and model conservation standards, and (2) a method for calculating surcharges to be imposed on a utility that fails to implement model conservation standards or programs that achieve comparable savings; and

WHEREAS, under the Council's plan, the model conservation standards are applicable to, (1) new and existing residential and nonresidential structures, (2) utility, customer, and governmental conservation programs, and (3) other consumer actions for achieving conservation; and

WHEREAS, under the Council's plan, the model conservation standards shall be designed to produce all power savings that are cost effective for the region and economically feasible for consumers; and

WHEREAS, the Council has adopted and promulgated model conservation standards and is promoting their adoption, implementation and enforcement by utilities, local government and customers in the State of Idaho, by a self-imposed deadline of January 1, 1986; and

WHEREAS, the model conservation standards adopted by the Council have not been demonstrated by builder experience in the residential standards demonstration program conducted by the Idaho Department of Water Resources to be cost effective for the region and economically feasible for the consumers in the State of Idaho; and

A CONCURRENT RESOLUTION

STATING LEGISLATIVE CONCERNS AND FINDINGS AND DIRECTING THE LEGISLATIVE COUNCIL TO UNDERTAKE AND COMPLETE A STUDY OF THE IDAHO CRIMINAL SENTENCING SYSTEM AND THE ADVISABILITY OF IMPLEMENTING A PRESUMPTIVE SENTENCING SYSTEM.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, under Idaho's current sentencing laws the disparity of sentences given among judicial districts and among individual judges for the conviction of the same or a similar crime is perceived to be a problem by many Idaho judges and reduces the respect and confidence of the public in the criminal system, and results in unfair treatment of, and bitterness in, the person convicted; and

WHEREAS, under Idaho's current sentencing and parole laws, the sentences which are being handed down by the courts are seldom served to their full extent, creating a truth-in-sentencing problem and therefore reducing the respect and confidence of the public in the Idaho criminal system and reducing the deterrent effect of Idaho's criminal sanctions; and

WHEREAS, Idaho's criminal and sentencing laws were enacted at different times and therefore reflect different sentencing
philosophies, which have resulted in a somewhat uncoordinated interaction among the sentencing, correction and parole systems, and in sentencing statutes which are sometimes inconsistent, confusing and pose difficult problems of construction to the courts; and

WHEREAS, nine other states have undertaken a review of their criminal justice systems and found many problems which are the same as or similar to Idaho’s current problems, and have responded to these problems by enacting presumptive sentencing systems; and

WHEREAS, President Ronald Reagan has expressed his support for legislation adopting a presumptive sentencing system be enacted on the federal level; and

WHEREAS, a comprehensive review and reform, possibly through the implementation of a presumptive sentencing system, of Idaho’s laws concerning criminal sentencing, corrections and pardons and paroles, could result in a greater philosophical coherency, remove inconsistencies, reduce sentencing disparity, increase truth-in-sentencing, and therefore result in greater citizen confidence and respect for Idaho’s criminal justice system, greater deterrence to would-be criminals and justice for persons convicted.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Forty-eighth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Idaho Legislative Council is directed to establish a committee to undertake and complete a study of all matters relating to the criminal sentencing system of the State of Idaho and to evaluate and determine the advantages and disadvantages of the implementation of a presumptive sentencing system in the State of Idaho and to present to the Second Regular Session of the Forty-eighth Idaho Legislature the Committee’s final report, together with recommended legislation, if any. The Legislative Council is hereby authorized to create and appoint a Criminal Sentencing Alternatives Committee to be composed of not less than 10, and not more than 20, members from the Idaho House of Representatives and the Idaho Senate. The Chairman of the House Judiciary, Rules and Administration Committee and the Senate Judiciary and Rules Committee shall serve as Co-Chairman of the Criminal Sentencing Alternatives Committee.

BE IT FURTHER RESOLVED that all costs incurred by the Criminal Sentencing Alternatives Committee shall be paid from the Legislative account.

The Department will update the Plan annually to reflect technological advances, population shifts, and land-use changes.

2. No person shall conduct or allow any agricultural field burning without first registering each field with the Department each year burning is conducted. Approved forms for registering fields and providing justification for burning when needed may be obtained at the Division of Environment's Coeur d'Alene Field Office. The Department will give priority in descending order to Class I - turf grasses, Class II - cereal grain fields, Class III - field and forage grasses, and Class IV - other agricultural field burning. CONTINUATION OF THE IDAHO CONSORTIUM FOR HUMAN AND ANIMAL HEALTH,
REPEALING AND REPLACING EXECUTIVE ORDER NO. 82-16

WHEREAS, it is in the public interest to promote the well being of the people of Idaho by optimal use of resources related to human and animal health; and

WHEREAS, the most efficient and effective use of scarce resources requires cooperative planning as well as sharing information, technical capability and equipment; and

WHEREAS, the public agencies that are responsible for various aspects of human and animal health at the state, local and federal levels need to maintain and enhance open lines of communication; and

WHEREAS, the State of Idaho has experienced complicated and perplexing crises such as the PCB contaminated livestock episode in 1979 and the ash fallout from Mount St. Helens volcano in 1980, both having serious implications for human and animal health;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, by virtue of the authority vested in me, do hereby continue the Idaho Consortium for Human and Animal Health, which shall be composed of the State Health Officer, the Chief of the State Bureau of Laboratories in the Department of Health and Welfare, the Administrator of the Division of Animal Industries, the Chief of the Bureau of Plant Chemicals, the Dean of the Faculty of the University of Idaho School of Veterinary Medicine, the Director of the University of Idaho Veterinary Teaching Center in Caldwell and the Director of the Department of Fish and Game.

The appointment of this Consortium is made with the understanding that policy-making responsibilities and the administration of affected state programs as provided by the Idaho Code will be maintained as legally required, and the Consortium will report to the Governor's Office, Department Directors and Agency Boards that have different degrees of responsibility for programs related to human and animal health.

The appointment of this Consortium is made with the understanding that its main responsibility will be to maximize the use of all government resources that can be applied to an optimum understanding of human and animal health concerns, particularly those functions involving laboratory study, research initiatives and the coordination of acute information needs necessary for accurate technical analysis. This will require the coordination of ongoing programs and the investigation of high-priority health problems that require the prompt organization of diverse data necessary for the prevention of widespread, costly illness in humans and animals.

The appointment of this Consortium is made with the understanding that the people serving in these positions have extensive technical knowledge and experience available in state government for the protection and maintenance of human and animal health in the State of Idaho and, therefore, have access to other state, local and federal government resources. Since these resources extend far beyond the
members of the Consortium, yet remain essential to laboratory coordination and research direction for health-related concerns, the Consortium must make every effort to maximize their effectiveness and consider the resources of other state and federal agencies.

The appointment of the Chairperson of the Consortium shall be made by the Governor from a list of recommendations submitted by the Consortium. The Chairperson will serve at the pleasure of the Governor. Regular meetings of the Consortium will be held twice annually and emergency meetings may be called at any time.

Within ten (10) days of the closing of the sale of such bonds, the Issuing Authority shall submit to the Division the completed form (Exhibit "B") attached to this Executive Order and incorporated herein by reference. In the event that the amount of bonds issued at time of closing is less than the amount contemplated by the Purchase Agreement, the allocation received by the Issuing Authority shall be adjusted to the amount actually sold at closing.

Section 3. Any Issuing Authority electing to carry forward its allocation shall notify the Division by letter of its request before December 15th of the calendar year in which the allocation was granted. The Division shall respond in writing within fifteen (15) days granting the carry forward of the allocation.

The application shall be on the form attached to this order (Exhibit C) with a copy of the Inducement Resolution, a note of explanation and a letter from a representative of the person(s) or entity using the proceeds of the bond sale, stating they will proceed with due diligence with the project and issuance of the bonds within a specified time. The Division shall respond by letter within ten (10) days granting the carry forward allocation.

Section 4. No action taken pursuant hereto shall be deemed to create an obligation, debt or liability of the State of Idaho or deemed to constitute an approval of any obligation issued or to be issued hereunder.

CONTINUATION OF THE IDAHO DEPARTMENT OF EMPLOYMENT AS THE ORGANIZATIONAL UNIT TO BE RESPONSIBLE FOR THE STATE OF IDAHO'S LABOR MARKET INFORMATION PROGRAMS, REPEALING AND REPLACING EXECUTIVE ORDER NO. 82-31

WHEREAS, the "Job Training Partnership Act of 1982" requires the Governor, in order to be eligible for federal financial assistance for state labor market information programs under this Act, to designate an organizational unit to be responsible for oversight and management of a statewide comprehensive labor market and occupational supply and demand information system; and

WHEREAS, the state must design a comprehensive cost-efficient labor market and occupational supply and demand information system
which
1. Is responsive to the economic demand and education and training support needs of the state and areas within the state, and

2. Meets the federal standards under Chapter 35 of Title 44, United States Code, and other appropriate federal standards established by the Bureau of Labor Statistics; and

WHEREAS, the state's system must standardize available federal and state multi-agency administrative records and direct survey data sources to produce an employment and economic analysis with a published set of projections for the state and designated areas within the state which shall be used to contribute in carrying out the provisions of the "Job Training Partnership Act of 1982," the "Vocational Education Act of 1963," and the "Act of June 6, 1933," known as the "Wagner-Peyser Act"; and

WHEREAS, the Governor must assure to the extent feasible that
1. Automated technology will be used by the state,
2. Administrative records have been designed to reduce paperwork, and
3. Multiple survey burdens on the employers of the state have been reduced; and

WHEREAS, the Idaho Department of Employment operates a highly automated labor market information system supported by seven area labor market analysts located in each of the largest cities in Idaho; and

WHEREAS, since the Idaho Department of Employment in operating the state's Unemployment Insurance Program must collect from the employers of the state core information basic to any comprehensive statewide labor market and occupational supply and demand information system;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, do hereby assign the Idaho Department of Employment the role of organizational unit to be responsible for oversight and management of Idaho's statewide comprehensive labor market and occupational supply and demand information system; and

I FURTHER DIRECT that the Idaho Department of Employment continue to rely upon the Idaho State Occupational Information Coordinating Committee as the disseminating and coordinating mechanism for occupational supply/demand and career information system. AND I FURTHER DIRECT the following in an effort to reduce paperwork and multiple survey burdens of the employers of Idaho:

EXECUTIVE ORDER NO. 84-21

CONTINUATION OF UNIFORM STATE PLANNING REGIONS

WHEREAS, Executive Order No. 72-3 created six official and uniform state planning regions to be utilized by all state departments and agencies and this has continued through such orders, the last issued being Executive Order No. 82-30; and

WHEREAS, state departments and agencies continue to rely on divergent regional patterns for planning, administrative, technical assistance and data-gathering activities; and

WHEREAS, the need to coordinate the activities of state departments and agencies on a regional basis continues to exist; and

WHEREAS, the establishment of the aforementioned official and uniform state planning regions continues to result in a reduction of confusion among local public officials and in the more efficient delivery of services to the citizens of the State of Idaho by local governmental units; and

WHEREAS, the increase in the activities and involvement of the departments and agencies of the United States has intensified the need for the unimpeded cooperation among federal, state and local programs; and

WHEREAS, Public Law 90-577, the Intergovernmental Cooperation Act of 1968 and Part IV of the U.S. Office of Management and Budget Circular No. A-95, Revised, encourages the states "to exercise leadership in delineating and establishing a system of planning and development districts or regions in each state, which can provide a consistent
geographic base for the coordination of federal, state and local development programs";

NOW, THEREFORE, I, JOHN V. EVANS, by virtue of the powers vested in me as Governor of the State of Idaho, do issue this Executive Order continuing the official and uniform state planning regions to be utilized by all state departments and agencies. Six major regions shall continue to be as follows:

Region I: Boundary, Bonner, Kootenai, Benewah and Shoshone Counties (Panhandle Region)
Region II: Latah, Clearwater, NezPerce, Lewis, and Idaho Counties (Clearwater Region)
Region III: Adams, Valley, Washington, Payette, Gem, Canyon, Boise, Ada, Elmore and Owyhee Counties (Southwest Region)
Region IV: Camas, Blaine, Gooding, Lincoln, Jerome, Minidoka, Twin Falls and Cassia Counties (Magic Valley Region)
Region V: Bingham, Power, Bannock, Oneida, Franklin, Caribou and Bear Lake Counties (Southeast Region)
Region VI: Lemhi, Custer, Butte, Clark, Jefferson, Fremont, Madison, Teton and Bonneville Counties (Eastern Region)

It is hereby ordered and directed that all state agencies continue to conduct planning activities, collect data, compile reports, and report program progress on the basis of the State Planning Regions.

It is further ordered and directed that all agencies within the Executive Branch of Government continue to take this above Regional Districts into consideration in the future establishment and revision of all applicable state plans and programs.

It is further ordered and directed that state agencies may continue, with the written authorization of the Governor, to group or combine whole State Planning Regions into agency-designated larger geographic areas, but shall continue to utilize the six regions with the nomenclature and numerical designations established by this order for purposes of data gathering and reporting.

However, where warranted, special exceptions may be granted to those state agencies whose immediate compliance to these exact regional boundaries would bring undue expense, hardship, or significantly decreased efficiency to the operation of that agency, or because of other special circumstances. Exemptions will be considered and may be granted by the Governor to those state agencies showing just cause for exemption. Agencies seeking exemption must submit:

(a) A map depicting those regions which can be utilized and those where a modification from existing boundaries is deemed necessary.

(b) A written statement or justification citing statutes, federal regulations or guidelines, personnel difficulties, unreasonable workload assignments, existing investments in field facilities, or other major factors indicating sufficient cause for delay in adoption of the State Multi-County Regions specified herein.

(c) A timetable for eventual agency compliance with this order.
All state agencies utilizing administrative districts are encouraged to continue to bring their administrative district boundaries into conformity with the boundaries of the six state planning regions.

FURTHERMORE, local governmental units are encouraged to continue joint participation in regional councils of governments within this system of districts to enhance intergovernmental cooperation for the purposes of comprehensive planning and development and the administration of state and federally supported programs within the State of Idaho as authorized by the provisions of law.

This order contemplates that, if subsequent circumstances and developments warrant changes in the six regional boundaries due to the continuing process of local regional organization, appropriate revision of this order will be undertaken.

This Executive Order repeals and replaces Executive Order No. 82-30.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the twenty-first day of December, in the year of our Lord nineteen hundred eighty-four, and of the Independence of the United States of America the two hundred ninth, and of the Statehood of Idaho the ninety-fifth.

CONTINUATION OF THE POLICY OF THE STATE ON LIFE-CYCLE COSTING PRACTICES AND DIRECTING THE ADMINISTRATOR OF THE DIVISION OF PURCHASING TO ASSIST STATE AGENCIES IN DEVELOPING PLANS TO UTILIZE LIFE-CYCLE COSTING PRACTICES REPEALING AND REPLACING EXECUTIVE ORDER NO. 82-32

WHEREAS, energy, its production, distribution, and utilization is a primary concern of all Idaho citizens; and

WHEREAS, the use of energy is an integral part of people's lives—in agriculture, in business and industry, at home and in state and local government; and

WHEREAS, to be effective, energy planning should be incorporated into decision-making; and, with regard to procurement practices and construction of new buildings by the state, life-cycle costing is one technique already in use in several states of the Union; and

WHEREAS, life-cycle costing is a technique whereby the long-term
maintenance and operating costs of a building or product are considered in addition to its original purchase price or construction cost. These additional costs are often as important as the original cost and affect the true economy of buildings and products. Life-cycle costing techniques supplement the present minimum bid standards for controlling state contracting, purchasing and building practices. When applied logically, this method of cost evaluation has been proven effective in establishing the greatest gain between quality and thrift; and

WHEREAS, Idahoans are rightly concerned about the cost of government today. By encouraging wise management of energy and fiscal resources in government, through life-cycle costing, every Idaho citizen's tax dollar will be expended in a manner to guarantee maximum efficiency;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, do hereby declare that it will continue to be the policy of the state to continue to promote the conservation of energy and the life-cycle cost or greatest value of commodities, and to effect coordination in the purchase of commodities by the State of Idaho.

To that end, all state agencies, prior to construction or renovation of any major facility, are directed to include in the design phase a provision for life-cycle costing. To accomplish the desired energy savings, agencies must calculate and define the additional costs of the life-cycle cost factors in their budget requests of buildings. The Permanent Building Fund Advisory Council shall determine that all designs for buildings have been given a thorough analysis of life-cycle costing and energy-conscious design.

All state agencies are further directed to develop plans and specifications for energy efficiency in the acquisition of commodities purchased and/or acquired by the state, including life-cycle costing for the purchase of all major energy-consuming products.

I further direct the Department of Administration to assist all state agencies in developing plans and specifications to utilize energy efficiency and life-cycle costing in their acquisition and building practices.

This Executive Order repeals and replaces Executive Order No. 82-32.

EXECUTIVE ORDER NO. 85-4

ESTABLISHMENT OF THE GOVERNOR'S IDAHO STATE WRITER-IN-RESIDENCE PANEL

WHEREAS, it is an honored tradition of people's governments to recognize, encourage and foster their own artists, poets, and writers; and

WHEREAS, it is both culturally and educationally advantageous, for the state to encourage programs which bring native literature and discussions of that literature to the Idaho public; and

WHEREAS, the growth and retention of the native literature is to be desired in the State of Idaho; and

WHEREAS, an Idaho State Writer-in-Residence can enhance the image and being of the state by representing the state as a native artist; and

WHEREAS, the Sun Valley Center for the Arts and the Humanities has a record for advancing the arts and humanities in an objective and professional way complimentary to the State of Idaho;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, do hereby establish the Governor's Idaho State Writer-in-Residence
Panel, composed of three writers from outside the State of Idaho but within the Western States and six representatives from Idaho's public who are conversant with Idaho arts. The previous writer-in-residence shall serve as an ex-officio member of the panel.

The panel is established to recommend an Idaho writer to serve a two-year term beginning January 1, 1986 through January 1, 1988.

The Sun Valley Center for the Arts and Humanities is appointed to oversee and facilitate both the administration of the program and the panel selection process.

The responsibilities of the Sun Valley Center will be:
1. To explore and secure both private and public funding for the Panel and the Writer-in-Residence Program;
2. To convene the meetings of the Panel;
3. To oversee the Panel during its operation and to provide, where necessary and possible, support—both technical and administrative—to the Program and Panel; and
4. To arrange readings for the Writer-in-Residence for the two-year period in Idaho's communities.

The responsibilities of the Idaho State Writer-in-Residence Panel will be:
1. To solicit nominations and applications for Idaho's next Writer-in-Residence,
2. To examine the nominations and applications using the following criteria:
   a. The writer selected must be a full-time resident of Idaho who has produced a significant amount of quality writing and must be prepared to competently meet the public and engage that public, through readings and public discussion, in the excitement of the realization of literature.
   b. The person selected should also be someone whose work indicates an understanding and awareness of the people and the environment of Idaho.
3. To recommend a 1986 Idaho State Writer-in-Residence by October 1, 1985, and
4. To review the current Writer-in-Residence Program and make recommendations toward improvement of the Program.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Sun Valley, the twenty-fifth day of January, in the year of our Lord nineteen hundred eighty-five, and of the Independence of the United States of America the two hundred ninth, and of the Statehood of Idaho the ninety-fifth.

EXECUTIVE ORDER NO. 85-5

ESTABLISHING THE MANDATORY USE OF SEAT BELTS BY ALL STATE EMPLOYEES WHEN TRAVELING ON OFFICIAL BUSINESS

WHEREAS, greater use of safety belts by American motorists would dramatically cut highway deaths and injuries; and

WHEREAS, many large employers—including the Highway Users Federation—have, and enforce, safety-belt use requirements for business travel; and

WHEREAS, private industry has found that an employer typically incurs direct and indirect costs of over $120,000 when an employee is killed in an automobile accident; and

WHEREAS, the opportunity to cut needless suffering and loss of valued employees of the state of Idaho and to reduce economic losses will benefit both employees and taxpayers; and

WHEREAS, the typical driver is five times safer when involved in an accident if the driver is wearing a seat belt;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, by the power vested in me by the Constitution and laws of the State of Idaho, do hereby order and proclaim:

THAT all employees of the State of Idaho while traveling on official business shall wear seat belts at all times while in any vehicle equipped with seat belts; and I hereby direct all Department Directors and Agency Heads of the State of Idaho to notify their employees of this order and to provide for its enforcement.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the thirteenth day of February, in the year of our Lord nineteen hundred eighty-five, and of the Independence of the United States of America the two hundred ninth, and of the Statehood of Idaho the ninety-fifth.
