sufficient to place the existing or former member on notice of his
equity interest in the association shall satisfy the recording,

cast in the affirmative. If, upon the canvass of ballots, it be deter-
mined that the proposition has been approved, the board of county com-
missioners of the home county shall enter its order to that effect and
transmit a copy of said order to the board of county commissioners in
any other county affected, and said order shall by them be made a mat-
ter of record. When any library district is dissolved, all unpaid
taxes shall, when collected, revert to the general expense fund of the
county where levied, and all property and assets of the library dis-
trict shall be disposed of by the board of county commissioners of the
home county. Receipts from the sale of assets and all unpaid taxes,
when collected, shall be first used to retire any indebtedness of the
district. Any remainder shall be apportioned to the counties embraced
in the library district in proportion to the assessed valuation of
each which was included in the library district, and placed in the
respective county general expense fund. If, after the application of
the tax monies and sale proceeds, indebtedness remains, the board of
county commissioners of the home county shall provide for the payment
of the remaining indebtedness from special levies certified to each
county in proportion to the assessed valuation of each which was
included in the district. The tax shall be collected by each county and remitted to the home county for payment of the remaining indebtedness.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved February 28, 1986.

CHAPTER 22
(H.B. No. 366)

AN ACT
RELATING TO THE EMPLOYMENT SECURITY LAW; AMENDING SECTION 72-1366, IDAHO CODE, TO PROVIDE THAT EMPLOYEES OF EDUCATIONAL SERVICE AGENCIES THAT PERFORM SERVICES IN AN EDUCATIONAL INSTITUTION SHALL BE DENIED UNEMPLOYMENT INSURANCE BENEFITS BETWEEN TERMS AND DURING VACATION AND HOLIDAY PERIODS, AND TO PROVIDE THAT DETERMINATIONS DENYING UNEMPLOYMENT INSURANCE BENEFITS TO INDIVIDUALS BECAUSE OF THEIR ALIEN STATUS SHALL BE MADE UPON A PREPONDERANCE OF THE EVIDENCE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 72-1366, Idaho Code, be, and the same is hereby amended to read as follows:

72-1366. PERSONAL ELIGIBILITY CONDITIONS. The personal eligibility conditions of a benefit claimant are that--
(a) In accordance with the provisions of this act, and such rules consistent therewith, as the director may prescribe--
(1) He shall have made a claim for benefits and provided all necessary information pertinent to eligibility.
(2) He shall have registered for work and thereafter reported at an employment office or other agency in a manner prescribed by the director.
(b) In some calendar quarter within his base period he shall have met the minimum wage requirements in his base period as provided in section 72-1367, Idaho Code.
(c) Claimant's unemployment is not due to having voluntarily left work to marry, or to perform the customary duties of maintaining a household, or to leave the locale to live with a spouse. The provisions of this subsection shall not apply after a change in conditions whereby claimant has become the main support of self or immediate family.
(d) During the whole of any week with respect to which he claims benefits or credit to his waiting period he was able to work, avail-
able for suitable work, and seeking work; provided, however, the
director shall waive these provisions for each week he is attending
training under provisions of section 72-1312(a), Idaho Code; and pro-
vided, that no claimant shall be considered ineligible in any week of
unemployment for failure to comply with the provisions of this subsec-
tion if such failure is due to an illness or disability which occurs
after he has filed a claim and registered for work and no suitable
work has been available for him after the beginning of such illness or
disability; and, provided further, that no claimant shall be deemed to
be unavailable for the whole of the week who, because of compelling
personal circumstance, is required to be absent from his normal market
area, provided that such absence does not exceed a major portion of
the week.

(e) His unemployment is not due to the fact that he left his
employment voluntarily without good cause, or that he was discharged
for misconduct in connection with his employment.

(f) His unemployment is not due to his failure without good cause
to apply for available suitable work or to accept suitable work when
offered to him. The longer a claimant has been unemployed, the more
willing he must be to seek types of work other than in his ordinary
trade or occupation and to accept work at a lower rate of pay. The
director shall waive these provisions for each week he is attending a
training course to which he has been assigned by a representative of
the director if the claimant has submitted with each claim a written
certification from the training course that claimant is enrolled in
and is attending and satisfactorily completing the training course. A
claimant may be assigned to a training course under the following
conditions:

(1) The claimant is lacking in skills which would make him
competitive in the labor market and is in need of available train-
ing or retraining in skills required by demand occupations. A
demand occupation is an occupation in which work opportunities are
available and there is not a surplus of qualified applicants; and
(2) The claimant has been unemployed continuously for four (4) or
more weeks and the lack of employment opportunities is expected to
continue for an extended period of time, or if the claimant's
occupation is one for which there is a seasonal variation in
demand, that the lack of demand for his skills is the result of a
decline in demand expected to continue for an extended period of
time and is not the result of a seasonal fluctuation; and
(3) The training relates to an occupation or skill for which
there are, or are expected to be in the immediate future, reason-
able employment opportunities in claimant's market area and there is
not a substantial surplus of workers with requisite skills in
the occupation in that area; and
(4) The training course is one approved by a representative of
the director and can be completed within one (1) year; and
(5) The training course is prescribed for the purpose of training
claimant in skills that will allow him to obtain immediate employ-
ment in a demand occupation and is not primarily intended to meet
the requirements of a degree from a college or university; and
(6) The claimant can be reasonably expected to complete the training successfully.

(g) In determining for the purposes of this act, whether or not work is suitable for an individual, the degree of risk involved to his health, safety, morals, his physical fitness, experience, training, past earnings, length of unemployment and prospects for obtaining local employment in his customary occupation, the distance of the work from his residence, and other pertinent factors shall be considered. No employment shall, in any event, be deemed suitable and benefits shall not be denied to any otherwise eligible individual for refusing to accept new work or to hold himself available for work under any of the following conditions:

(1) If the vacancy of the position offered is due directly to a strike, lockout, or other labor dispute;
(2) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality of the work offered;
(3) If, as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(h) A benefit claimant, otherwise eligible for benefits, shall not be eligible for any week in which he fails, without good cause, to attend a training course to which he has been assigned under the provisions of subsection (f) of this section, if such course is available at no cost to the claimant.

(i) Notwithstanding any other provisions of this section, no individual who is otherwise eligible shall be denied benefits for any week because he or she is in training approved under section 236(a)(1) of the trade act of 1974, nor shall such individual be denied benefits by reason of leaving work to enter such training; provided, the work left is not suitable employment, or because of the application to any such week in training of provisions in this law, or any applicable federal unemployment compensation law relating to availability for work, active search for work, or refusal to accept work. For purposes of this subsection, the term "suitable employment" means with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment, as defined for purposes of the trade act of 1974, and wages for such work at not less than eighty percent (80%) of the individual's average weekly wage as determined for the purposes of the trade act of 1974.

(j) A benefit claimant shall not be eligible to receive benefits for any week with respect to which it is found that his unemployment is due to a labor dispute; provided, that this subsection shall not apply if it is shown that—

(1) He is not participating, financing, aiding, abetting, or directly interested in the labor dispute; and
(2) He does not belong to a grade or class of workers of which, immediately before the commencement of the labor dispute, there were members employed at the premises at which the labor dispute occurs, any of whom are participating in or directly interested in the dispute.
(k) A benefit claimant shall not be entitled to benefits for any week with respect to which or a part of which he has received or is seeking unemployment benefits under an unemployment compensation or insurance law of another state or of the United States; provided, that if the appropriate agency of such other state or of the United States shall finally determine that he is not entitled to such unemployment compensation or insurance benefits, he shall not by provisions of this subsection be denied benefits. For purposes of this section, a law of the United States providing any payments of any type and in any amounts for periods of unemployment due to involuntary unemployment shall be considered an unemployment compensation law of the United States.

(l) A benefit claimant shall not be entitled to benefits if it is determined that he has willfully made a false statement or representation or willfully failed to report a material fact in order to obtain said benefits for a period of fifty-two (52) weeks from the date of said determination and said claimant shall be liable to repay to the fund any sums received as a result of said false statement, misrepresentation or failure to report a material fact.

(m) A benefit claimant shall not be entitled to benefits if his principal occupation is self-employment.

(n) A benefit claimant who has been found ineligible for benefits under the provisions of subsections (c), (e), (f), (g) or (i) of this section may reestablish his eligibility by having obtained bona fide work and received wages therefor in an amount of at least sixteen (16) times his weekly benefit amount.

(o) Benefits based on service in employment defined in sections 72-1349A, 72-1349B, and 72-1352(c), Idaho Code, shall be payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this act.

(1) If the services performed during one-half (1/2) or more of any contract period by an individual for an educational institution as defined in section 72-1322B, Idaho Code, are in an instructional, research, or principal administrative capacity, all the service of such individual shall be deemed to be in such capacity.

(2) If the services performed during less than one-half (1/2) of any contract period by an individual for such an educational institution are in an instructional, research, or principal administrative capacity, none of the service of such individual shall be deemed to be in such capacity.

(3) As used in this section, "contract period" means the entire period for which the individual contracts to perform services, pursuant to the terms of the contract.

(p) No individual is eligible to receive benefits in two (2) successive benefit years unless subsequent to the beginning of the first of said benefit years during which he received benefits he performed service and earned remuneration for such service in an amount equal to not less than five and one-half (5 1/2) times his weekly benefit amount established during the first benefit year.
(q) (1) With respect to weeks of unemployment beginning after December 31, 1977, benefits based on wages earned for services performed in an instructional, research, or principal administrative capacity for an educational institution shall not be paid for any week of unemployment commencing during the period between two (2) successive academic years, or during a similar period between two (2) terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual if such individual performs such services in the first of such academic years (or terms) and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms.

(2) With respect to weeks of unemployment beginning after December 31, 1977, benefits based on wages earned for services performed in any other capacity for an educational institution shall not be paid to any individual for any week which commences during a period between two (2) successive school years or terms if such individual performs such services in the first of such school years or terms, and there is a contract or reasonable assurance that such individual will perform such services in the second of such school years or terms, except that if compensation is denied to any individual under this subparagraph and such individual was not offered an opportunity to perform such services for the educational institution for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of this clause.

(3) With respect to weeks of unemployment beginning after December 31, 1977, any services described in paragraphs (1) and (2) of this subsection, benefits shall not be paid nor "waiting week" credit given to an individual for wages earned for services for any week which commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess.

(4) With respect to any services described in paragraphs (1) and (2) of this subsection, benefits shall not be payable on the basis of services in any such capacities as specified in paragraphs (1), (2) and (3) of this subsection to any individual who performed such services in an educational institution while in the employ of an educational service agency. For purposes of this paragraph the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(r) Benefits shall not be paid after December 31, 1977, based on services, substantially all of which consist of participating in
sports or athletic events or training or preparing to so participate, for any week which commences during the period between two (2) successive sport seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

(s) (1) Benefits shall not be paid after December 31, 1977, based on service performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law (including an alien who is lawfully present in the United States as a result of the application of the provisions of section 203(a)(7) or section 212(d)(5) of the Immigration and Nationality Act).

(2) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(3) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made except upon a preponderance of the evidence.

Approved March 4, 1986.

(g) Each employer shall be notified of his rate of contribution as determined for any calendar year pursuant to this section and section 72-1351, Idaho Code. Such determination shall become conclusive and binding upon the employer, unless within fourteen (14) days after delivery or mailing of the notice thereof to his last known address, the employer files an application for redetermination, setting forth his reasons therefor. Reconsideration shall be limited to transactions occurring subsequent to any previous determination which has become final. The employer shall be promptly notified of the redetermination, which shall become final unless an appeal is filed within fourteen (14) days after delivery or mailing of notice to his last known address. Proceedings on the appeal shall be in accordance with the provisions of section 72-1361, Idaho Code.

CHAPTER 24
(H.B. No. 395)

AN ACT
RELATING TO THE EMPLOYMENT SECURITY LAW; REPEALING CHAPTER 4, TITLE 44, IDAHO CODE, TO ELIMINATE OBSOLETE PROVISIONS; AMENDING SECTION 72-1351, IDAHO CODE, TO PROVIDE THAT FOR EXPERIENCE RATING PURPOSES, NO CHARGE SHALL BE MADE TO A COVERED EMPLOYER'S ACCOUNT FOR BENEFITS PAID TO A WORKER WHO CONTINUES TO PERFORM SERVICES FOR SUCH EMPLOYER AND RECEIVES BENEFITS DUE TO A REDUCTION IN EARNINGS FROM ANOTHER EMPLOYER; AND AMENDING SECTION 72-1369, IDAHO CODE, TO ALLOW THE DEPARTMENT TO DEEM OVERPAYMENTS RESULTING FROM FRAUD TO BE UNCOLLECTIBLE IF NOT RECOVERED WITHIN EIGHT YEARS, AND TO PROVIDE FOR THE WAIVER OF OVERPAYMENTS IF MADE SOLELY AS A RESULT OF DEPARTMENT ERROR OR INADVERTENCE, AND MADE TO A CLAIMANT WHO HAD NO WAY OF KNOWING THAT HE WAS RECEIVING BENEFITS TO WHICH HE WAS NOT ENTITLED.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 4, Title 44, Idaho Code, be, and the same is hereby repealed.

SECTION 2. That Section 72-1351, Idaho Code, be, and the same is hereby amended to read as follows:

72-1351. EXPERIENCE RATING. (a) Subject to the other provisions of this act, each eligible and deficit employer's (except cost reimbursement employers) contribution rate shall be determined in the manner set forth below for the calendar year 1963 and for each calendar year thereafter:

(1) (i) Each eligible employer shall be given an "experience
factor" which shall be the ratio of excess of contributions over benefits paid on the employer's account since December 31, 1939, to his average annual taxable payroll rounded to the next lower dollar amount for the four (4) fiscal years immediately preceding the computation date, except that when an employer first becomes eligible, his "experience factor" will be computed on his average annual taxable payroll for the two (2) fiscal years or more, but not to exceed four (4) fiscal years, immediately preceding the computation date. The computation of such "experience factor" shall be to six (6) decimal places.

(ii) Each deficit employer shall be given a "deficit experience factor" which shall be the ratio of excess of benefits paid on the employer's account over contributions since December 31, 1939, to his average annual taxable payroll rounded to the next lower dollar amount for the one or more fiscal years, but not to exceed four (4) fiscal years, for which he had covered employment ending on the computation date; provided, however, that any employer who on any computation date has a "deficit experience factor" for the period immediately preceding such computation date but who has filed all reports, paid all contributions and penalties due on or before the cut off date, and has during the last four (4) fiscal years occurring after June 30, 1958, paid contributions at a rate of not less than the standard rate applicable for each such year and in excess of benefits charged to his experience rating account during such years, shall have any balance of benefits charged to his account which on the computation date immediately preceding such four (4) fiscal years were in excess of contributions paid, deleted from his account, and the excess benefits so deleted shall not be considered in the computation of his contribution rate for the rate years following such four (4) fiscal years. For the rate year following such compensation computation date, he shall be given the standard rate for that year.

(iii) In the event an employer's coverage has been terminated because he has ceased to do business or because he has not had covered employment for a period of four (4) years, and if said employer thereafter becomes a covered employer, he will be considered as though he were a new employer, and he shall not be credited with his previous experience under the act for the purpose of computing any future "experience factor."

(2) Schedules shall be prepared listing all eligible employers in inverse numerical order of their experience factors, and all deficit employers in numerical order of their deficit experience factors. There shall be listed on such schedules for each such employer in addition to the experience factor (a) the amount of his taxable payroll for the fiscal year ending on the computation date, and (b) cumulative total consisting of the sum of such
employer's taxable payroll for the fiscal year ending on the com-
putation date and the corresponding taxable payrolls for all other
employers preceding him on such schedules.
(3) The cumulative taxable payroll amounts listed on the sched-
dules provided for in paragraph (2) of this subsection shall be
segregated into groups whose limits shall be those set out in the
table of schedules of contribution rates, section 72-1350, Idaho
Code, subsection (f). Each of such groups shall be identified by
the rate class number listed in the table which represents the
percentage limits of each group. Each employer on the schedules
shall be assigned that contribution rate opposite his rate class
for the tax schedule in effect for the taxable year.
(4) (i) If the grouping of rate classes requires the inclusion
of exactly one-half (1/2) of an employer's taxable payroll,
such employer shall be assigned the lower of the two (2)
rates designated for the two (2) classes in which the halves
of his taxable payroll are so required.
(ii) If the group of rate classes requires the inclusion of
a portion other than exactly one-half (1/2) of an employer's
taxable payroll, such employer shall be assigned the rate
designated for the class in which the greater part of his
taxable payroll is so required.
(iii) If one or more employers on the schedules have experi-
ence factors identical to that of the last employer included
in a particular rate class, all such employers shall be
included in and assigned the contribution rate specified for
such class, notwithstanding the provisions of paragraph (3)
of this subsection.
(5) If the taxable payroll amount or the experience factor or
both such taxable payroll amount and experience factor of any eli-
gible or deficit employer listed on the schedules is changed, such
employer shall be placed in that position on the schedules which
he would have occupied had his taxable payroll amount and/or
experience factor as changed been used in determining his position
in the first instance, but such change shall not affect the posi-
tion or rate classification of any other employer listed on the
schedules and shall not affect the rate determination for previous
years.
(b) For experience rating purposes, all previously accumulated
benefit charges to covered employers' accounts, except cost reimburse-
ment employers, pursuant to the applicable regulations prior to the
effective date of this subsection shall not be changed except as pro-
vided by this act. Benefits paid prior to June 30,--with--respect--to
benefit--years--commencing--with--July--1,--1967,--and--thereafter--shall,
as of June 30 of each year preceding the calendar year for which a cov-
ered employer's contribution rate is effective, be charged to the
account of the covered employer, except cost reimbursement employers,
who paid the largest individual amount of base period wages as shown
on the determination used as the basis for the payment of such bene-
fits, except that after the effective date of this act no charge shall
be made to the account of such covered employer with respect to bene-
fits paid under the following situations:

(1) If paid to a worker who terminated his services voluntarily without good cause attributable to such covered employer, or who had been discharged for misconduct in connection with such services;

(2) If paid in accordance with the provisions of section 72-1368(j), Idaho Code, and such determination of decision to pay benefits is subsequently reversed; or

(3) For that portion of benefits paid to multistate claimants pursuant to section 72-1344, Idaho Code, which exceeds the amount of benefits that would have been charged had only Idaho wages been used in paying the claim.

(4) If paid in accordance with the extended benefit program triggered by either national or state indicators.

(5) If paid to a worker who continues to perform services for such covered employer without a reduction in his customary work schedule, and who is eligible to receive benefits due to layoff or a reduction in earnings from another employer.

(c) A covered employer whose experience rating account is chargeable, as prescribed by this section, is an interested party as defined in section 72-1323, Idaho Code. An experience rating record shall be maintained for each covered employer. The record shall be credited with all contributions which the covered employer has paid for covered employment prior to the cut off date, pursuant to the provisions of this and preceding acts, and which covered employment occurred prior to the computation date. The record shall also be charged with the amount of benefits paid which are chargeable to the covered employer's account as provided by the appropriate provisions of the unemployment compensation law, and employment security law, and regulations thereunder in effect at the time such benefits were paid. Nothing in this section shall be construed to grant any covered employer or individual in his service a priority with respect to any claim or right because of amounts paid by such covered employer into the employment security fund.

(d) (1) Whenever any individual or type of organization (whether or not a covered employer within the meaning of section 72-1315, Idaho Code) in any manner succeeds to, or acquires all or substantially all, of the business of an employer who at the time of acquisition was a covered employer, and in respect to whom the director finds that the business of the predecessor is continued solely by the successor, the separate account and the actual contribution, benefit and taxable payroll experience of the predecessor shall, upon the joint application of the predecessor and the successor within the ninety (90) days after such acquisition and approval by the director, be transferred to the successor employer for the purpose of determining such successor's liability and rate of contribution, and any successor who was not an employer on the date of acquisition shall as of such date become a covered employer as defined in this act; provided, however, that such ninety (90) day period may be extended at the discretion of the director, and provided further that whenever a predecessor covered
employer has a deficit experience rating account as of the last computation date such transfer, as herein provided, shall be mandatory except where it is shown by substantial evidence, that the management or ownership or both management and ownership are not substantially the same for the successor as for the predecessor, in which case the successor shall begin with the rate of a new employer.

(2) Whenever any individual or type of organization, whether or not a covered employer within the meaning of section 72-1315, Idaho Code, in any manner succeeds to, or acquires, part of the business of an employer who at the time of acquisition was a covered employer, and such portion of the business is continued by the successor, so much of the separate account and the actual contribution, benefit and taxable payroll experience of the predecessor as is attributable to the portion of the business transferred, as determined on a pro rata basis in the same ratio that the wages of covered employees properly allocable to the transferred portion of the business bears to the payroll of the predecessor for the last four (4) completed calendar quarters immediately preceding the date of transfer, shall, upon the joint application of the predecessor and the successor within ninety (90) days after such acquisition and approval by the director, be transferred to the successor employer for the purpose of determining such successor's liability and rate of contribution and any successor who was not an employer on the date of acquisition shall as of such date become a covered employer as defined in this act; provided, however, that such ninety (90) day period may be extended at the discretion of the director, and provided further that whenever a predecessor covered employer has a deficit experience rating account as of the last computation date, such transfer, as herein provided, shall be mandatory except where it is shown by substantial evidence, that the management or ownership or both management and ownership are not substantially the same for the successor as for the predecessor, in which case the successor shall begin with the rate of a new employer. Whenever such mandatory transfer involves only a portion of the experience rating record, and the predecessor or successor employers fail within ten (10) days after notice to supply the required payroll information, the transfer shall be based on estimates of the allocable payrolls.

(3) (i) If the successor was a covered employer prior to the date of the acquisition of all or a part of the predecessor's business, his rate of contribution, effective the first day of the calendar quarter immediately following the date of acquisition, shall be a newly computed rate based on the combined experience of the predecessor and successor, the resulting rate remaining in effect the balance of the rate year.

(ii) If the successor was not a covered employer prior to the date of the acquisition of all or a part of the predecessor's business, his rate shall be the rate applicable to the predecessor with respect to the period immediately
preceding the date of acquisition, but if there were more than one predecessor the successor's rate shall be a newly computed rate based on the combined experience of the predecessors, becoming effective immediately after the date of acquisition, and shall remain in effect the balance of the rate year.

3) Overpayments, other than those resulting from a false statement, misrepresentation or failure to report a material fact, not recovered within five (5) years from the date of the final determination establishing liability to repay shall be deemed uncollectible;

4) The director or his authorized representative may waive the requirement to repay such overpayment described in paragraph (3) above if such payments were made solely as a result of department error or inadvertence, and made to a claimant who had no way of knowing that he was receiving benefits to which he was not entitled and that he would have to repay the benefits he received if it were subsequently determined that he was ineligible for those benefits.

(b) Neither the director nor any of his agents or employees shall be liable for benefits paid to persons not entitled to the same under the provisions of this act if it appears that such payments have been
made in good faith and that ordinary care and diligence have been used in the determination of the validity of the claim or claims under which such benefits have been paid.

(1) Each person who meets all other requirements to practice dentistry shall pay an annual license fee to the board on or before October 1 of each year. Each person who meets all other requirements to practice dental hygiene shall pay an annual license fee to the board on or before April 1 of each year. Each applicant for licensure must submit to the board in writing a request for the applicable status of license. A person requesting active status license must state that he intends to fulfill the requirements for that status.

The annual license fee shall be fixed by the board, but shall not exceed:

The license fee may be prorated on a monthly increment until the beginning of the next license year at the discretion of the board.

Upon payment of the applicable license fee, the board shall issue to the applicant, if its records show his qualifications not suspended or revoked, the appropriate annual license for the practice of dentistry or dental hygiene. The board may institute a late fee not to exceed twenty-five dollars ($25.00) for payments made up to thirty (30) days past due. Failure to pay the required license fee when due shall constitute grounds to suspend, deny or revoke a license.

(2) The board of dentistry may issue different classes of licenses as defined in this subsection.

(a) The term "license with active status" means a license issued by the board to a person who is an active practitioner of dentistry or dental hygiene in the state of Idaho.

(c) The term "license with a special status" means a license issued by the board on a provisional basis under the terms of which such the license must be surrendered to the board in the event of the happening of a named contingency; in the event the holder thereof fails to comply with requirements established by the board as conditions precedent to the issuance of such the license; or on the expiration of a stated period of time. The term shall also include a license which restricts or prohibits the licensee from performing certain services, or authorizes the licensee to perform only specified services.

(d) The term "active practitioner of dentistry or of dental hygiene" means a person who, within the state of Idaho, performs any of the acts or performs any of the services mentioned in sections 54-901 and 54-902, Idaho Code—provided,—however. (3)(a) The board may issue a license with active status to any person who fulfills or has previously fulfilled the licensure requirements and who is an active practitioner of dentistry or
dental hygiene in the state of Idaho or who signifies to the board, in writing, that upon issuance of the initial license, or reissuance of an annual license, he intends to be an active practitioner in this state within one (1) year. Exceptions may be made in conjunction with the provisions of subsection 54-920(2)(d), Idaho Code of this section.

(b) The board may issue a license with inactive status to any person who fulfills or has fulfilled the licensure requirements but who, for any reason, is not eligible for a license with active status as defined above.

(c) The board may issue a license with inactive status to any person who fulfills or has fulfilled the licensure requirements and holds a license with active status but who requests the issuance or reissuance of a license with inactive status because of inability to comply with the definitions of active status.

(d) The board may issue a license with special status to any person who otherwise generally fulfills the licensure requirements but where in the judgment of the board, special circumstances exist which, for the protection of the public health and welfare, require specific limitations or who practices exclusively in a specialized area of dentistry.

A license with special status shall be considered, but not limited to one of the following:
1. A license issued which states a specific length of time it may be held valid;

(b) A license with inactive status does not entitle the holder thereof to practice dentistry or dental hygiene in the state of Idaho; provided, however. However, the board may convert a license with inactive status to a license with active status in the event the holder thereof pays the license fee prescribed for licenses with active status and submits to the board satisfactory evidence of:

4. Active practice during the previous twelve (12) months or employment as a dental or dental hygiene instructor.

(c) A license with special status entitles the holder thereof to practice dentistry or dental hygiene in the state of Idaho only within the limitations specifically determined by the board and for the period of time prescribed.

(5) A license with retirement status does not permit the holder to practice dentistry or dental hygiene in the state of Idaho, but indicates the holder has been a practitioner holding a license in good standing at the time of retirement.

RELATING TO THE GENERAL ELIGIBILITY FOR A CERTIFICATE OF AUTHORITY; AMENDING SECTION 41-308, IDAHO CODE, TO PROVIDE CERTAIN CRITERIA WHICH THE DIRECTOR WILL CONSIDER IN GRANTING A CERTIFICATE OF AUTHORITY FOR AN INSURER TO TRANSACT INSURANCE IN THIS STATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-308, Idaho Code, be, and the same is hereby amended to read as follows:

41-308. GENERAL ELIGIBILITY FOR CERTIFICATE OF AUTHORITY. To qualify for and hold authority to transact insurance in this state an insurer must be otherwise in compliance with this code and with its charter powers, and must be an incorporated stock insurer, or an incorporated mutual insurer, or a reciprocal insurer, of the same general type as may be formed as a domestic insurer under this code; except that:
(1) No insurer shall be authorized to transact insurance in this state which does not maintain reserves as required by chapter 6 (assets and liabilities) of this code applicable to the kind or kinds of insurance transacted by such insurer, wherever transacted in the United States.

(2) Before granting authority to an insurer to transact insurance in this state, the director shall take into consideration the length of time the insurer has been transacting insurance; the net profit or loss experienced over the previous five (5) years; or any other factor which for good reason he believes could make the admittance of the insurer not in the best interest of the insurance-buying public.

(3) The commissioner director shall not grant or continue authority to transact insurance in this state as to any insurer the management of which is found by him, after a hearing held thereon, to be untrustworthy, or so lacking in insurance experience as to make the proposed operation hazardous to the insurance-buying public; or which, after a hearing held thereon, he has good reason to believe is affiliated directly or indirectly through ownership, control, reinsurance transactions or other insurance or business relations, with any person or persons whose business operations are or have been marked, to the detriment of policyholders or stockholders or investors or creditors or of the public, by manipulation or dissipation of assets, or manipulation of accounts, or of reinsurance, or by similar injurious actions.

(H.B. No. 436)

AN ACT
RELATING TO THE IDAHO LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION; AMENDING SECTION 41-4309, IDAHO CODE, TO REMOVE THE FIFTY DOLLAR ASSESSMENT LIMIT ON CLASS A ASSESSMENTS ON MEMBER INSURERS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-4309, Idaho Code, be, and the same is hereby amended to read as follows:

41-4309. ASSESSMENTS. (1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary. Assessments shall be due not less than thirty (30) days after prior written notice to the member insurers and shall accrue interest at eight percent (8%) per annum on and after the due date.

(2) There shall be three (3) classes of assessments, as follows:
(a) Class A assessments shall be made for the purpose of meeting administrative costs and other general expenses and examinations conducted under the authority of subsection (5) of section 41-4312 and of section 41-4315, Idaho Code.

(b) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association under section 41-4308, Idaho Code, with regard to an impaired or insolvent domestic insurer.

(c) Class C assessments shall be made to the extent necessary to carry out the powers and duties of the association under section 41-4308, Idaho Code, with regard to an insolvent foreign or alien insurer.

(3) (a) The amount of any class A assessment shall be determined by the board and may be made on a nonprorata basis. Such assessment shall be credited against future insolvency assessments and shall not exceed fifty dollars ($50.00) per company in any one calendar year. The amount of any class B or C assessment shall be allocated for assessment purposes among the accounts in the proportion that the premiums received by the impaired or insolvent insurer on the policies covered by each account for the last calendar year preceding the assessment in which the impaired or insolvent insurer received premiums bears to the premiums received by such insurer for such calendar year on all covered policies.

(b) Class C assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies covered by each account for the calendar year preceding the assessments bears to such premiums received on business in this state for the calendar year preceding the assessment by all assessed member insurers.

(c) Class B assessments for each account shall be made separately for each state in which the impaired or insolvent domestic insurer was authorized to transact insurance at any time, in the proportion that the premiums received on business in such state by the impaired or insolvent insurer on policies covered by such account for the last calendar year preceding the assessment in which the impaired or insolvent insurer received premiums bears to such premiums received in all such states for such calendar year by the impaired or insolvent insurer. The assessments against member insurers shall be in the proportion that the premiums received on business in each such state by each assessed member insurer on policies covered by each account for the calendar year preceding the assessment bears to such premiums received on business in each state for the calendar year preceding assessment by all assessed member insurers.

(d) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this act. Classification of assessments under subsection (2) of this section and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact
determinations may not always be possible.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.

(5) The total of all assessments upon a member insurer for each account shall not in any one calendar year exceed two percent (2%) of such insurer's premiums received in this state during the calendar year preceding the assessment on the policies covered by the account. If the maximum assessment, together with the other assets of the association in either account, does not provide in any one year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this act.

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses if refunds are impractical.

(7) It shall be proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this act, to consider the amount reasonably necessary to meet its assessment obligations under this act.

(8) The association shall issue to each insurer paying an assessment under this act, other than a class A assessment, a certificate of contribution, in a form prescribed by the director, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the director may approve.

Approved March 14, 1986.

Disbursements from said fund may be made by resolution from time to time as the board of trustees determines necessary for contingencies that may arise. The balance of said fund shall not be accumulated beyond the budgeted fiscal year. If any money remains in the contingency reserve it shall be treated as an item of income in the following year's budget.

CHAPTER 45
(H.B. No. 532)

AN ACT RELATING TO THE EDUCATIONAL SUPPORT PROGRAM; AMENDING SECTION 33-1002, IDAHO CODE, TO PROVIDE THAT IN CALCULATING THE TOTAL DISTRICT ALLOWANCE EDUCATIONAL PROGRAM, THE TOTAL NUMBER OF SUPPORT UNITS BE ROUNDED TO THE NEAREST TENTH.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-1002, Idaho Code, be, and the same is hereby amended to read as follows:

33-1002. EDUCATIONAL SUPPORT PROGRAM. The educational support program is calculated as follows:

1. State and County Educational Support Funds. Add the state appropriation, including the moneys available in the public school income fund, together with all miscellaneous revenues and any balance or deficit in the county school fund to determine the total state and county funds. From the total state and county funds subtract the amount needed for the state's share of transportation support program as provided in section 33-1006, Idaho Code, and the amount needed for the state's share of the exceptional education support program as provided in section 33-1007, Idaho Code, to secure the state and county
c. 45 '86 IDAHO SESSION LAWS 131

2. Local Districts' Contribution. Without including any allowance as a credit for prepaid taxes, as provided by section 63-1607, Idaho Code, the local districts' contribution shall be twenty-five hundredths percent (.25%) of the total state adjusted market value for assessment purposes for the previous year and twenty-five hundredths percent (.25%) the equivalent valuation for the previous year as defined in section 33-1014, Idaho Code.

3. Educational Support Program Distribution Funds. Add the local districts' contribution and the state and county educational support program funds together to secure the total educational support program distribution funds.

4. Average Daily Attendance. The total state average daily attendance shall be the sum of the average daily attendance of all of the school districts of the state. The state board of education shall establish rules and regulations setting forth the procedure to determine average daily attendance and the time for, and method of, submission of such report. Average daily attendance calculation shall be carried out to the nearest hundredth. In computing the average daily attendance the entire school year shall be used except that the twenty-eight (28) weeks having the best average daily attendance, not necessarily consecutive, may be used. When a school is closed because of storm, flood, failure of the heating plant, loss or damage to the school building, quarantine or order of any city, county or state health agency, or for reason believed by the board of trustees to be in the best interests of the health, safety or welfare of the pupils, the board of trustees having certified to the state department of education the cause and duration of such closure, the average daily attendance for such day or days of closure shall be considered as being the same as for the days when the school actually was in session. For illness or accident that necessitates an absence from school for more than ten (10) consecutive school days, the school district may include homebound students in its total attendance, provided that academic instruction has been given by appropriate certified professional staff employed by the district.

5. Support Units. The total state support units shall be determined by using the tables set out hereafter called computation of elementary support units, computation of secondary support units, computation of kindergarten support units, and computation of exceptional education support units. The sum of all of the total support units of all school districts of the state shall be the total state support units.

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education support units shall be applicable only for programs approved by the state department of education following the rules and regulations established by the state board of education.

6. State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations for border district approved contracts as provided in section 33-1403, Idaho Code, and exceptional child approved contracts as provided in section 33-2004(2), Idaho Code, by the total state support units to secure the state distribution factor per support unit.

7. District Share of State and County Funds for Educational Support Program. Ascertain a district's share of state and county funds for the educational support program as follows:
   a. District Contribution Calculation. Without including any
allowance as a credit for prepaid taxes, as provided in section 63-1607, Idaho Code, the district contribution calculation shall be twenty-five hundredths percent (.25%) of the district's adjusted market value for assessment purposes for the previous year and twenty-five hundredths percent (.25%) of the equivalent valuation for the previous year as defined in section 33-1014, Idaho Code.

b. District Support Units. The number of support units for each school district in the state shall be determined as follows:

1. Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12. Calculations in application of this subsection shall be carried out to the nearest tenth.

2. Divide the combined totals of the actual average daily attendance of all kindergarten, elementary and secondary students approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for the subsection shall be carried out to the nearest tenth when more than one (1) unit is allowed.

3. The total number of support units of the district shall be the sum of the total support units for regular students, subsection 7b(1) of this section, and the support units allowance for the approved exceptional child program, subsection 7b(2) of this section.

c. Border District Allowance. In any school district which abuts upon the border of another state, and the resident pupils of the district attend school in the other state as provided in section 33-1403, Idaho Code, the state superintendent of public instruction shall determine the approved costs necessary to meet the educational needs of the students. The approved costs shall be allowed as a part of the district's total educational support program.

d. Exceptional Child Approved Contract Allowance. In any district where resident exceptional children are educated by contract as provided in section 33-2004 (2), Idaho Code, the state superintendent of public instruction shall determine the approved costs. The approved costs shall be allowed as a part of the district's total educational support program.

e. Nonresident Pupil Tuition-Equivalency Allowance. Districts which educate nonresident pupils placed by Idaho court order in licensed group homes, agencies or institutions shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per pupil. This district allowance shall be in
addition to support unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

f. Total District Allowance Educational Program. Multiply the district's total number of support units, rounded-to-the-nearest whole-number carried out to the nearest tenth, by the state distribution factor per support unit and to this product add the approved amount of border district contracts and the approved amount for the exceptional child contracts to secure the district's total allowance for the educational support program.

g. District Share. To secure the district's share of state and county apportionment, subtract the amount of the local district contribution calculation, subsection 7a of this section, from the amount of the total district allowance, subsection 7e of this section. The contract salary of every noncertificated teacher shall be subtracted from the district's share.

h. Exceptional Child Tuition-Equivalency Allowance. Districts which educate school age exceptional children residing in state institutions, licensed and certified intermediate care facilities, or licensed private nonprofit residential facilities shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per child. This district allowance shall be in addition to exceptional child unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

Approved March 14, 1986.

Such annual statement shall include, but not be limited to the amounts of money budgeted and received and from what sources, and the amounts budgeted and expended for salaries and other expenses by category. Salaries may be reported in gross amount. Each school district shall have available at the administrative office, upon request, a full and complete list of vendors and the amount paid to
each and a list of the number of teachers paid at each of the several stated gross salary levels in effect in the district.

Nothing herein provided shall be construed as limiting any school district as to any additional or supplementary statements and reports it may elect to make for the purpose of informing the public of its financial operations, either as to form, content, method, or frequency; and if all the information required herein to be published shall have been published as provided herein at regular intervals during the fiscal year covering successive portions of the fiscal year, then such information may be omitted from the annual statement of financial condition and report for such portions of the fiscal year as already have been reported.

The annual statement of financial condition and report shall be published within the time above prescribed in one (1) issue of a newspaper printed and published within the district, or, if there be none, then in a newspaper as provided in section 60-106, Idaho Code, published within the district, or, if there be none, then in a newspaper as provided in section 60-106, Idaho Code, in the county in which the school district is located, or, if more than one (1) newspaper is published in said district or county, then in the newspaper most likely to give best general notice of the contents of such annual statement of financial condition and report to the residents of said district; provided, that if no newspaper is published in the district or county, then such statement of financial condition and report shall be published in a newspaper as provided in section 60-106, Idaho Code, most likely to give best general notice of the contents to the residents of said district.

The chairman, clerk and treasurer of each such school district shall certify said annual statement of financial condition and report to be true and correct, and the certification shall be included in each published statement.

In the event the board of trustees of any such school district shall fail to prepare or cause to be prepared or to publish the annual statement of financial condition and report as herein required, the state superintendent of public instruction shall cause the same to be prepared and published, and the cost thereof shall be an obligation of such school district. 33-352. ESTABLISHMENT. Whenever a proposition for the creation of a school subdistrict shall have been approved in the manner set forth in section 33-351, Idaho Code, the board of trustees of the school district shall enter in its minutes an order providing for the estab-
lishment and creation of the school subdistrict setting forth therein the legal description of the boundaries thereof and shall designate therein a name for such school subdistrict. Within ten (10) days after the entry of the order creating such school subdistrict, the board of trustees shall certify the fact of the creation of such school subdistrict to the state board of education and to the board of county commissioners of each county in which any part of the school subdistrict is located, by the filing of a certified copy of the order of the board of trustees creating and establishing the school subdistrict.

33-353. NATURE AND POWERS. Each school subdistrict created and established as provided in this act shall be a political subdivision of the state of Idaho. The board of trustees entering the order creating and establishing such school subdistrict shall be the governing body of all school subdistricts created by it, and shall possess the power to order, conduct and hold all elections in such school subdistricts for the purpose of incurring debt and issuing bonds and for the purpose of voting school plant facilities reserve fund levies.

33-354. INDEBTEDNESS -- BOND ISSUES. School subdistricts may incur debt and issue bonds for the purpose of acquiring, purchasing or improving a school site or sites, acquiring or constructing new school houses, remodeling existing buildings, constructing additions thereto, including all necessary furnishings and equipment, and all lighting, heating, ventilation, sanitation facilities and appliances necessary to operate the buildings of the new school subdistrict. The governing body of a school subdistrict may submit to the qualified electors of the school subdistrict the question of whether the governing body of the school subdistrict shall be empowered to issue negotiable bonds of the school subdistrict in an amount and for a period of time to be named in the notice of election. Notice of the bond election shall be given, the election shall be conducted and the returns thereof canvassed and the qualifications of electors voting or offering to vote shall be as provided in sections 33-402 through 33-423, Idaho Code. The question of the issuance of such bonds shall be approved only if the percentage of votes cast at such election were cast in favor thereof as that which is now, or may hereafter be, set by the constitution of the state of Idaho. All such bonds shall be authorized, issued and sold pursuant to the provisions of sections 33-1107 through 33-1125, Idaho Code. No bonds of a school subdistrict may be issued, however, if the issuance of such bonds would cause the percentage of market value for assessment purposes of taxable property within the boundaries of the school subdistrict represented by the aggregate outstanding indebtedness of the school subdistrict, when added to the percentage of the assessed valuation of taxable property represented by the aggregate outstanding indebtedness of the school district within which the school subdistrict lies, to exceed five percent (5%). As used in the preceding sentence hereof, "market value for assessment purposes," "aggregate outstanding indebtedness" and "issuance" shall have the same meanings as set forth in section 33-1103, Idaho Code. Upon the approval of the issuance of such bonds, the same may be
issued by the governing body of the school subdistrict on behalf of the school subdistrict at any time within two (2) years from the date of such election. Wherever in sections 33-402 through 33-423, Idaho Code, and in sections 33-1107 through 33-1125, Idaho Code, reference is made to "school district"; for purposes of this act it shall be deemed to refer to school subdistricts.

33-355. LEVY FOR PLANT FACILITIES RESERVE FUND -- ELECTION. The governing body of a school subdistrict may call an election in the school subdistrict, pursuant to the provisions of section 33-804, Idaho Code, for the purpose of submitting to the qualified school electors of the school subdistrict the question of a levy by a school subdistrict of a school plant facilities reserve fund tax.

SECTION 1. That Section 39-401, Idaho Code, be, and the same is hereby amended to read as follows:

39-401. LEGISLATIVE INTENT. The various health districts, as provided for in this chapter, are not a single department of state government unto themselves, nor are they a part of any of the twenty (20) departments of state government authorized by section 20, article IV, Idaho constitution, or of the departments prescribed in section 67-42402, Idaho Code.

It is legislative intent that health districts operate and be recognized not as state agencies or departments, but as governmental entities whose creation has been authorized by the state, much in the manner as other single purpose districts. Pursuant to this intent, and because health districts are not state departments or agencies, health districts are exempt from the required participation in the services of the purchasing agent or employee liability coverage, as rendered by the department of administration. However, nothing shall prohibit the health districts from entering into contractual arrangements with the department of administration, or any other department of state government or an elected constitutional officer, for these or any other services.

It is legislative intent to affirm the provisions of section 39-413, Idaho Code, requiring compliance with the state merit system, and to affirm the participation of the health districts in the public employee retirement system, pursuant to section 39-426, Idaho Code, chapter 13, title 59, Idaho Code, and chapter 53, title 67, Idaho
It is also legislative intent that the matters of location of deposit of health district funds, or the instruments or documents of payment from those funds shall be construed as no more than items of convenience for the conduct of business, and in no way reflect upon the nature or status of the health districts as entities of government.

This section merely affirms that health districts created under this chapter are not state agencies, and in no way changes the character of those agencies as they existed prior to this act.

SECTION 2. That Section 39-409, Idaho Code, be, and the same is hereby amended to read as follows:

39-409. DISTRICT HEALTH DEPARTMENTS -- ESTABLISHMENT -- SERVICES. There is hereby created and established in each of the above described public health districts a district health department, hereinafter referred to as the district health department. The district health department shall have as its head the district board of health.

The district health department will provide the basic health services of public health education, physical health, environmental health, and public health administration, but this listing shall not be construed to restrict the service programs of the district health department solely to these categories. Each district shall have a doctor of medicine licensed in Idaho as a staff member or as a regular consultant.

All members shall be chosen with due regard to their knowledge and interest in public health and in promoting the health of the citizens of the state and the public health district. Representation shall be assured from rural as well as urban population groups. All appointments to the district board shall be confirmed by a majority vote of all the county commissioners of all the counties located within the public health district. Any member of the district board may be removed by majority vote of all the county commissioners of all the counties located within the district. The members of the district board, each year, shall select a chairman and a vice-chairman.
The members of the district board of health shall be appointed for the purpose of organization as follows: One (1) member to be appointed for a term of one (1) year, one (1) for two (2) years, one (1) for three (3) years, two (2) for four (4) years and two (2) for five (5) years. Each succeeding vacancy to be filled by the boards of county commissioners within the district acting jointly and with confirmation as herein described for a term of five (5) years, subject to reappointment; and vacancies on the board for an unexpired term shall be filled in the same manner as for the balance of the unexpired term.

Each bond shall be executed by a surety company or companies duly authorized to do business in this state, or the contractor may deposit any of the type of government obligations listed in subsection (h) of section 54-1901, Idaho Code, in lieu of furnishing a surety company performance or payment bond or bonds. the public contracts bond act, sections 54-1925 through 54-1930, Idaho Code, only after the ninety (90) day period for bringing a civil action under section 54-1927, Idaho Code;
(2) Shall hold the government obligation or the proceeds subject to the order of the court having jurisdiction of the action if a civil action is brought in the ninety (90) day period.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-4502, Idaho Code, be, and the same is hereby amended to read as follows:

39-4502. STATEMENT OF POLICY. The legislature finds that adult persons have the fundamental right to control the decisions relating to the rendering of their medical care, including the decision to have life sustaining procedures withheld or withdrawn in instances of a terminal condition.

The legislature further finds that modern medical technology has made possible the artificial prolongation of human life beyond natural limits.

The legislature further finds that patients suffering from terminal conditions are sometimes unable to express their desire to withhold or withdraw such artificial life prolongation procedures which provide nothing medically necessary or beneficial to the patient because of the progress of the disease process which renders the patient comatose or unable to communicate with the physician.

In recognition of the dignity and privacy which patients have a right to expect, the legislature hereby declares that the laws of this state shall recognize the right of an adult person to make a written directive in the form of a durable power of attorney instructing his physician to withhold or withdraw life sustaining procedures when such person is suffering from a terminal condition and is unable to instruct his physician regarding such procedures because of the terminal condition.

SECTION 2. That Section 39-4503, Idaho Code, be, and the same is hereby amended to read as follows:

39-4503. DEFINITIONS. The following definitions shall govern the construction of this chapter:

(1) "Attending Physician" means the physician licensed by the
state board of medicine, selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

(2) "Terminal condition" means an incurable physical condition caused by disease or illness which reasonable medical judgment determines shortens the lifespan of the patient.

(3) "Qualified patient" means a person of sound mind at least eighteen (18) years of age diagnosed by the attending physician to be afflicted with a terminal condition.

(43) "Artificial life-sustaining procedure" means any medical procedure or intervention which utilizes mechanical means to sustain or supplant a vital function which when applied to a qualified patient, would serve only to artificially prolong the moment of death and where, in the judgment of the attending physician, death is imminent whether or not such procedures are utilized. Artificial life-sustaining procedures shall not include the administration of medication or the performance of any medical procedure deemed necessary to alleviate pain, or the administration of nutrition and hydration that is necessary to sustain the life of the patient.

SECTION 3. That Section 39-4504, Idaho Code, be, and the same is hereby amended to read as follows:

39-4504. DIRECTIVE FOR WITHHOLDING PROCEDURES. Any qualified patient may execute a directive in the form of a durable power of attorney directing the withholding or withdrawal of artificial life-sustaining procedures when such patient becomes unconscious or unable to communicate with his attending physician because of the progress of the terminal condition resulting in his inability to voluntarily determine whether such procedures should be utilized, and if such procedures would serve only to prolong the moment of his death and where his attending physician determines that his death is imminent whether or not such procedures are utilized. The directive shall be signed by the qualified patient in the presence of two (2) witnesses who shall verify in such directive that they are not related to the qualified patient by blood or marriage, that they would not be entitled to any portion of the estate of the qualified patient upon his demise under any will of the qualified patient or codicil thereto then existing, at the time of the directive, or by operation of law then existing. In addition, the witnesses shall verify that they are not the attending physician, an employee of the attending physician or a health facility in which the qualified patient is a patient or any person who has a claim against any portion of the estate of the qualified patient upon his demise at the time of the execution of the directive. The directive shall be in the following form:

DIRECTIVE TO PHYSICIAN

I, __________________, being of sound mind, willfully and voluntarily make known my desire that my life shall not be artificially prolonged under the circumstances below:

1. In the absence of my ability to give directions regarding the use of artificial life-sustaining procedures as a result of the disease process of my terminal condition, it is my intention that such
artificial life-sustaining procedures should not be used when they would serve only to artificially prolong the moment of my death and where my attending physician determines that my death is imminent whether or not the artificial life-sustaining procedures are utilized.

2. I have been diagnosed and notified that I have a terminal condition known as __________________ by __________________, M.D., whose address is __________________ and whose telephone number is __________________.

3. This directive shall have no force or effect after five years from the date filled in above is a durable power of attorney.

4. I understand the full impact of this directive and I am emotionally and mentally competent to make this directive.

the same proportions as revenues from ad valorem taxation.

(ii) The moneys set aside and appropriated to the county treasurer out of the sales tax account above may be considered by the counties and other taxing districts and budgeted against at the same time, in the same manner and in the same year as revenues from taxation on all classes of personal property which these moneys replace.

All interest accrued shall be paid into the county current expense fund, or if there be no bank-or-trust-company designated depository in said county, then in any bank-or-trust-company designated depository in the state of Idaho, to the credit of such officer in his official capacity and subject to payment on demand on the check of such officer or that of his successor in office in like capacity.

(b) General obligation or revenue bonds of this state, or those for which the faith and credit of this state are pledged for the payment of principal and interest.

(c) General obligation or revenue bonds of any county, city, metropolitan water district, municipal utility district, school district or other taxing district of this state.

(d) Notes, bonds, debentures, or other similar obligations issued by the Farm Credit System or institutions forming a part thereof under the Farm Credit Act of 1971 [U.S.C., tit. 12, sections 2001-2259] and all Acts of Congress amendatory thereof or supplementary thereto; in bonds or debentures of the Federal Home Loan Bank Board established
under the Federal Home Loan Bank Act [U.S.C., tit. 12, sections 1421-1449]; in bonds, debentures and other obligations of the Federal National Mortgage Association established under the National Housing Act [U.S.C., tit. 12, sections 1701-1750g] as amended, and in the bonds of any federal home loan bank established under said act and in other obligations of agencies or instrumentalities of the government of the state of Idaho or of the United States.

(e) Repurchase agreements covered by any legal investment for the state of Idaho.

(f) Tax anticipation notes and registered warrants of the state of Idaho.

(g) Time deposit accounts and savings accounts in state depositories including, but not limited to, accounts on which interest or dividends are paid and upon which negotiable orders of withdrawal may be drawn, and similar transaction accounts.

(h) Time deposit accounts and savings accounts of state or federal savings and loan associations located within the geographical boundaries of the state in amounts not to exceed the insurance provided by the Federal Savings and Loan Insurance Corporation including, but not limited to, accounts on which interest or dividends are paid and upon which negotiable orders of withdrawal may be drawn, and similar transaction accounts.

(i) Revenue bonds of institutions of higher education of the state of Idaho.

(j) Share, savings and deposit accounts of state and federal credit unions located within the geographical boundaries of the state in amounts not to exceed the insurance provided by the national credit union share insurance fund and/or any other authorized deposit guaranty corporation, including, but not limited to, accounts on which interest or dividends are paid and upon which negotiable orders of withdrawal may be drawn, and similar transaction accounts.

The term "idle moneys" means the balance of cash and other evidences of indebtedness which are accepted by banks as cash in the ordinary course of business, in demand deposit accounts, after taking into consideration all deposits and withdrawals, on a daily basis.

The interest received on all such investments, unless otherwise specifically required by law, shall be paid into the general account of the state of Idaho. Provided, unless otherwise specifically provided by statute, funds received by the state pursuant to a federal law, regulation, or federal-state agreement which governs disposition of interest earned upon such funds shall be classified in the agency asset fund provided by section 57-811, Idaho Code. Any interest earned upon such funds shall be accounted for separately to give effect to the federal law, regulation, or federal-state agreement.

If the interest is to be credited to a separate account, to partially compensate for the amount of interest the general account would otherwise receive if such separate investment were not required, the state treasurer shall charge the account an investment administration fee equal to one-quarter of one percent (.25%) per year of the average daily balance of the account, including separate investments, if any, of that account. The fee may be charged monthly in an amount approximately one-twelfth of the fee which would be payable on an annual
basis. The amount of the investment administration fee shall constitute an appropriation from the account for which the investment administration services are rendered.

To partially compensate for the interest the general account has lost when such interest was diverted to certain state funds or accounts by statute authorizing them to be invested individually and receive their own interest, the state treasurer shall charge an investment administration fee to each such state fund or account, other than the general account, which receives investment income from investments administered by the office of state treasurer. The investment administration fee shall be equal to one-quarter of one percent (0.25%) per year of the average daily balance of the fund or account, including separate investments, if any, of that fund or account. The fee may be charged monthly in an amount approximately one-twelfth of the fee which would be payable on an annual basis. The amount of the investment administration fee shall constitute an appropriation from the fund or account for which the investment administration services are rendered.

The term "to invest" means to use the idle moneys in the state treasury to buy, sell, including selling before maturity at either a gain or a loss, retain, or exchange any of the investments described in this section, considering the probable safety of the capital, the probable income to be derived, and the liquidity of the assets.

Provided nothing in this subsection shall apply where the headlights of a motor vehicle, operated and proceeding in a normal manner on any highway or roadway, cast a light upon animals or birds on or adjacent to such highway or roadway and there is no intent or attempt to locate such animals or birds. Provided further, nothing in this subsection shall prevent the hunting of unprotected or predatory wildlife with the aid of artificial light when such hunting is for the purpose of protecting property or livestock, is done by landowners or persons authorized in writing by them to do so and is done on property they own, lease or control; and provided further that the hunting and taking of unprotected or predatory wildlife with the aid of artificial light on public lands is authorized after obtaining a permit to do so from the director. The rental paid for any year shall be deducted from the royalties as they accrue for that year.

(2) All mineral leases, except leases for oil, gas, and other hydrocarbons, and geothermal resources of state school lands and for lands belonging to the state of Idaho, other than school lands, shall be for a term of ten (10) years, and so long thereafter as precious metals, minerals, salable minerals, and ores, or any of them, are produced in paying quantities, or as much longer thereafter as the lessee in good faith shall conduct mining operations thereon, together with the right to use and occupy so much of the surface of said land as may be required for all purposes reasonably incident to the prospecting for, exploration for, development of, production, refining, processing and marketing of said precious metals, minerals, salable minerals, and ores produced from said lands, including the right to construct and maintain thereon all works, buildings, plants, waterways, roads, communication lines, reservoirs, tanks or other structures necessary to the full enjoyment thereon for the purpose of the lease.

(4) All applications received, whether by mail or by personal delivery over the counter, shall be immediately stamped with the date and hour of filing. Simultaneous filings will be resolved by a drawing within thirty (30) days thereafter. business day, together with the application fee set by the board.

(5) Applications for mineral leases shall be made under oath in such form as the board may prescribe, and the applicant shall describe the land, indicate the annual rental and royalty offered by him, specify the particular mineral or minerals, and give such additional information as may be required by the rules and regulations of the board. If it shall appear to the state board of land commissioners that the leasing of any lands between the high water marks of any navigable river will be injurious to the rights of any person or persons having the right to the use of the waters thereof for irrigation,

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 56-101, Idaho Code, be, and the same is hereby amended to read as follows:
56-101. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter and shall have the following meanings:

1. "Appraisal" means the method of determining the value of the property as determined by a M.A.I. appraisal. The appraisal must specifically identify the values of land, building, equipment, and goodwill.

2. "Assets" mean economic resources of the contractor, recognized and measured in conformity with generally accepted accounting principles.

4. "Director" means the director of the department of health and welfare or his designee.

5. "Equity" means the new book value of all tangible and intangible assets less the recorded value of all liabilities, as recognized and measured in conformity with generally accepted accounting principles.

6. "Facility" means an entity which contracts with the director to provide services to recipients in a structure owned, controlled, or otherwise operated by such entity, and which entity is responsible for operational decisions. In conjunction with the use of the term "facility":

1. "Free-standing intermediate care" means an intermediate care facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code;

The value of goodwill is derived from the economic benefits that a going concern may enjoy, as compared with a new one, from established relations in the related markets, with government departments and other noncommercial bodies and with personal relationships. These intangible assets cannot be separated from the business and sold as can plant and equipment. Under
the theory that the excess payment would be made only if expected future earnings justified it, goodwill is often described as the price paid for excess future earnings. The amortization of goodwill is nonallowable, nonreimbursable expense.

(9) "Historical cost" means the actual cost incurred in acquiring and preparing an asset for use, including feasibility studies, architect's fees, and engineering studies.

(12) "Major movable equipment" means such items as accounting machines, beds, wheelchairs, desks, furniture, vehicles, etc. The general characteristics of this equipment are:
1. A relatively fixed location in the building;
2. Capable of being moved, as distinguished from building equipment;
3. A unit cost sufficient to justify ledger control;
4. Sufficient size and identity to make control feasible by means of identification tags; and
5. A minimum life of approximately three (3) years.

(13) "Medicaid" means the 1965 amendments to the social security act (P.L. 89-97), as amended.

(14) "Minor movable equipment" includes such items as wastebaskets, bedpans, syringes, catheters, silverware, mops, buckets, etc. The general characteristics of this equipment are:
1. In general, no fixed location and subject to use by various departments of the provider's facility;
2. Comparatively small in size and unit cost;
3. Subject to inventory control;
4. Fairly large quantity in use; and
5. Generally, a useful life of approximately three (3) years or less.

(15) "Net book value" means the historical cost of an asset, less accumulated depreciation.

(16) "Patient-day" means a calendar day of care which will include the day of admission and exclude the day of discharge unless discharge occurs after 3:00 p.m. or it is the date of death, except that, when admission and discharge occur on the same day, one (1) day of care shall be deemed to exist.

(17) "Property costs" mean the total of allowable interest
expense, plus depreciation, property insurance, real estate taxes, amortization, and allowable lease/rental expense. The department may require and utilize an appraisal to establish those components of property costs which are identified as an integral part of an appraisal.

(18) "Reasonable property insurance" means that the consideration given is an amount that would ordinarily be paid by a cost-conscious buyer for comparable insurance in an arm's length transaction. Property insurance per licensed bed in excess of two (2) standard deviations above the mean of the most recently reported property insurance costs per licensed bed of all facilities in the reimbursement class as of the end of a facility's fiscal year shall not be considered reasonable.

(19) "Recipient" means an individual determined eligible by the director for the services provided in the state plan for medicaid.

(20) "Utilities" shall mean all expenses for heat, electricity, water and sewer. Utilities shall be exempt from the percentile cap.

SECTION 2. That Section 56-104, Idaho Code, be, and the same is hereby amended to read as follows:

56-104. RECAPTURE OF DEPRECIATION FOR HOSPITAL-BASED FACILITIES.
(a) Where depreciable assets that were reimbursed based on cost and were used in the medicaid program by a hospital-based facility subsequent to January 1, 1982, and for which depreciation has been reimbursed by the director, are sold for an amount in excess of their net book value, depreciation so reimbursed shall be recaptured from the buyer of the facility in an amount equal to reimbursed depreciation or gain on the sale, whichever is less. Depreciation shall be recaptured in full if a sale of a depreciated facility takes place within the first five (5) years of seller's ownership after January 1, 1982.

(b) Depreciation shall be recaptured by the director from the buyer of the facility over a period of time not to exceed five (5) years from the date of sale, with not less than one-fifth (1/5) of the total amount being recaptured for each year after such date.

(c) Leases of facilities entered into on or after the effective date of this subsection shall be reimbursed in the same manner as an owned asset, with recapture of depreciation being effected against the buyer of the facility in the case where the facility's assets are sold by the lessor of the facility. Leases in existence prior to the effective date of this subsection shall be reimbursed at the rate established prior to such date for each such lease. Renegotiated leases shall be reimbursed at established rates, plus a reasonable annual increase.

SECTION 3. That Section 56-108, Idaho Code, be, and the same is hereby amended to read as follows:

56-108. PROPERTY REIMBURSEMENT -- FACILITIES WILL BE PAID A PROPERTY RENTAL RATE, PROPERTY TAXES AND REASONABLE PROPERTY INSURANCE. The provisions of this section shall not apply to hospital-based facilities which are subject to the provisions of section 56-120,
Idaho Code. The provisions of this section are applicable to all other facilities. The property rental rate includes compensation for major movable equipment but not for minor movable equipment. However, the property rental rate for intermediate care facilities for the mentally retarded shall not include compensation for major movable equipment. The property rental rate is paid in lieu of payment for amortization, depreciation, and interest for financing the cost of land and depreciable assets. However, reimbursement for the cost of vehicles for patient-transportation major movable equipment for intermediate care facilities for the mentally retarded shall be excluded from the property rental rate and shall be reimbursed according to other provisions of this chapter and to provisions of health insurance manual 15 as promulgated by the U.S. department of health and human services. Prior to final audit, the director shall determine an interim rate that approximates the property rental rate. The property rental rate shall be determined as follows:

(1) Except as determined pursuant to this section and as modified by section 56-109, Idaho Code:

\[
\text{Property rental rate} = (\text{"Property base"}) \times (\text{"Change in building costs"}) \times (40 - \text{"Age of facility"})
\]

where:

(a) "Property base" = $9.24 for all facilities except intermediate care facilities for the mentally retarded. Beginning the effective date of this subsection, the property base rate for intermediate care facilities for the mentally retarded shall be $8.94. (Property base = $6+0+5.81 for intermediate care facilities for the mentally retarded not designed for the care of nonambulatory patients as determined by the director.)

(b) "Change in building costs" = 1.0 from the effective date of this subsection April 1, 1985, through December 31, 1985. However, for intermediate care facilities for the mentally retarded, "change in building costs" = 1.0 from the effective date of this subsection through December 31, 1986. Thereafter "change in building costs" will be adjusted for each calendar year to reflect the reported annual change in the building cost index for a class D building in the western region, as of September of the prior year, published by the Marshall Swift Valuation Service.

(c) "Age of facility" = the director shall determine the effective age, in years, of the facility by subtracting the year in which the facility, or portion thereof, was constructed from the year in which the rate is to be applied. No facility or portion thereof shall be assigned an age of more than thirty (30) years.

(1) If adequate information is not submitted by the facility to document that the facility, or portion thereof, is newer than thirty (30) years, the director shall set the effective age at thirty (30) years. Adequate documentation shall include, but not be limited to, such documents as copies of building permits, tax assessors' records, receipts, invoices, building contracts, and original notes of indebtedness. The director shall compute an appropriate age for facilities when documentation is provided to reflect expenditures for build-
The computation shall decrease the age of a facility by an amount consistent with the expenditure and the square footage impacted and shall be calculated as follows:

1. Determine, according to indexes published by the Marshall Swift Valuation Service, the construction cost per square foot of an average class D convalescent hospital in the western region for the year in which the expansion or renovation was completed.

2. Multiply the total square footage of the building following the expansion or renovation by the cost per square foot to establish the estimated replacement cost of the building at that time.

3. The age of the building at the time of construction shall be multiplied by the quotient of total actual renovation or remodeling costs divided by replacement cost. If this number is equal to or greater than 2.0, the age of the building in years will be reduced by this number, rounded to the nearest whole number. In no case will the age be less than zero.

(ii) The director shall adjust the effective age of a facility as a result of necessary major repairs, approved in advance, initiated after April 1, 1985, and completed prior to December 31, 1989. Such changes shall not increase the allowable property rental rate by more than one-half (1/2) of the difference between the initial property rental rate for the facility and the "property base" shown in paragraph (a) of this subsection.

(iii) The director shall allow for future adjustments to the effective age of a facility or its rate to reimburse an appropriate amount for property expenditures resulting from new requirements imposed by state or federal agencies. The director shall, within twelve (12) months of verification of expenditure, reimburse the medicaid share of the entire cost of such new requirements as a one-time payment if the incurred cost for a facility is less than one hundred dollars ($100) per bed.

(2) A "grandfathered rate" for existing facilities will be determined by dividing the audited allowable annual property costs, exclusive of taxes and insurance, for assets on hand as of January 1, 1985 by the total patient days in the period July 1, 1984 through June 30, 1985. However, a "grandfathered rate" for existing intermediate care facilities for the mentally retarded will be determined by dividing the audited allowable annual property costs, exclusive of taxes, insurance and costs of major movable equipment, for assets on hand as of January 1, 1986 by the total patient days in the period July 1, 1985, through June 30, 1986. The property rental rate will be the greater of the amount determined pursuant to subsection (1) of this section, or the grandfathered rate. The director shall adjust the grandfathered rate of a facility to compensate the owner for the cost of necessary major repairs, expansion or remodeling, initiated prior...
to April 1, 1985, and completed after January 1, 1985, but completed no later than December 31, 1985. Such changes shall not increase the allowable property rental rate by more than one-half (1/2) of the difference between the initial property rental rate and the property base shown in subsection (1)(a) of this section.

(3) The property rental rate per day of care paid to facilities with leases signed prior to March 30, 1981, will be the sum of the annualized allowed lease costs and the other annualized property costs for assets on hand as of January 1, 1985, exclusive of taxes and insurance when paid separately, divided by total patient days in the period June 30, 1983 through July 1, 1984. However, the property rental rate per day of care paid to intermediate care facilities for the mentally retarded with leases signed prior to March 30, 1981, will be the sum of the annualized allowed lease costs and the other annualized property costs for assets on hand as of January 1, 1986, exclusive of costs related to major movable equipment, taxes, and insurance when paid separately, divided by total patient days in the period July 1, 1985, through June 30, 1986. Where such leases contain provisions that bind the lessee to accept an increased rate, reimbursement shall be at a rate per day of care which reflects the increase in the lease rate. Where such leases bind the lessee to the lease and allow the rate to be renegotiated, reimbursement shall be at a rate per day of care which reflects an annual increase in the lease rate not to exceed the increase in the consumer price index for renters costs. After the effective date of this subsection, if such a lease is terminated or if the lease allows the lessee the option to terminate other than by purchase of the facility, the property rental rate shall become the amount determined by the formula in subsection (1) of this section as of the date on which the lease is or could be terminated.

(4) (a) In the event of a sale, except under the conditions of paragraph (b) of this subsection, the buyer shall receive the property rental rate, not modified by section 56-109, Idaho Code, if the seller was receiving a grandfathered rate. If the seller was receiving a rate other than a grandfathered rate, the buyer shall receive the seller's rate.

(b) In the event of a forced sale of a facility where the seller has been receiving a grandfathered rate, the buyer will receive a rate based upon his incurred property costs, exclusive of taxes and insurance, for the twelve (12) months following the sale, divided by the facility's total patient days for that period, or the property rental rate, not modified by section 56-109, Idaho Code, whichever is higher, but not exceeding the rate that would be due the seller.

SECTION 4. That Section 56-113, Idaho Code, be, and the same is hereby amended to read as follows:

56-113. INTERMEDIATE CARE FACILITIES FOR THE MENTALLY RETARDED. (a) Not later than January 1, 1982, and prior to the beginning of each fiscal year thereafter, the director shall determine the total prospective payment rate for all intermediate care facilities for the mentally retarded under medicaid contract with the director on or before
the effective date of this chapter in the same manner as set forth in section 56-110, Idaho Code, except that the computation of the prospective payment according to the manner set forth in subsection (b)(1) of section 56-110, Idaho Code, shall include allowable costs related to major movable equipment.

(b) For the first fiscal year of an intermediate care facility for the mentally retarded established on or after January 1, 1982, which seeks to contract for the first time to provide medicaid services to recipients, the director shall determine payment for such facility in the same manner as specified in section 56-111, Idaho Code. Thereafter, such determination for such facility shall be done in accordance with subsection (a) of this section.

SECTION 5. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved March 22, 1986.

67-1210. INVESTMENT OF IDLE MONEYS. It shall be the duty of the state treasurer to invest idle moneys in the state treasury, other than moneys in public endowment funds, in any of the following:

(a) Bonds, treasury bills, interest-bearing notes, or other obligations of the United States, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(k) Revenue bonds of institutions of higher education of the state of Idaho.

The term "idle moneys" means the balance of cash and other evidences of indebtedness which are accepted by banks as cash in the ordinary course of business, in demand deposit accounts, after taking into consideration all deposits and withdrawals, on a daily basis.

The interest received on all such investments, unless otherwise specifically required by law, shall be paid into the general account of the state of Idaho. Provided, unless otherwise specifically provided by statute, funds received by the state pursuant to a federal law, regulation, or federal-state agreement which governs disposition of interest earned upon such funds shall be classified in the agency
asset fund provided by section 57-811, Idaho Code. Any interest earned upon such funds shall be accounted for separately to give effect to the federal law, regulation, or federal-state agreement.

If the interest is to be credited to a separate account, to partially compensate for the amount of interest the general account would otherwise receive if such separate investment were not required, the state treasurer shall charge the account an investment administration fee equal to one-quarter of one percent (.25%) per year of the average daily balance of the account, including separate investments, if any, of that account. The fee may be charged monthly in an amount approximately one-twelfth of the fee which would be payable on an annual basis. The amount of the investment administration fee shall constitute an appropriation from the account for which the investment administration services are rendered.

To partially compensate for the interest the general account has lost when such interest was diverted to certain state funds or accounts by statute authorizing them to be invested individually and receive their own interest, the state treasurer shall charge an investment administration fee to each such state fund or account, other than the general account, which receives investment income from investments administered by the office of state treasurer. The investment administration fee shall be equal to one-quarter of one percent (.25%) per year of the average daily balance of the fund or account, including separate investments, if any, of that fund or account. The fee may be charged monthly in an amount approximately one-twelfth of the fee which would be payable on an annual basis. The amount of the investment administration fee shall constitute an appropriation from the fund or account for which the investment administration services are rendered.

The term "to invest" means to use the idle moneys in the state treasury to buy, sell, including selling before maturity at either a gain or a loss, retain, or exchange any of the investments described in this section, considering the probable safety of the capital, the probable income to be derived, and the liquidity of the assets.

CHAPTER 89
(S.B. No. 1408)

AN ACT RELATING TO THE JUDICIAL COUNCIL; AMENDING SECTION 1-2103, IDAHO CODE, TO PROVIDE THAT IF AN ALLEGATION AGAINST A JUDGE IS OTHERWISE MADE PUBLIC, THE JUDICIAL COUNCIL MAY COMMENT ON THE EXISTENCE, NATURE AND STATUS OF ANY INVESTIGATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 1-2103, Idaho Code, be, and the same is hereby amended to read as follows:
1-2103. REMOVAL, DISCIPLINING, OR RETIREMENT OF JUDGES OR JUSTICES -- PROCEDURE. A justice of the Supreme Court or judge of any district court, in accordance with the procedure prescribed in this section, may be disciplined or removed for wilful misconduct in office or wilful and persistent failure to perform his duties or habitual intemperance or conduct prejudicial to the administration of justice that brings judicial office into disrepute, or he may be retired for disability seriously interfering with the performance of his duties, which is, or is likely to become of a permanent character. The judicial council may, after such investigation as the council deems necessary, order a hearing to be held before it concerning the removal, discipline or retirement of a justice or a judge, or the council may in its discretion request the Supreme Court to appoint three (3) special masters, who shall be justices or judges, to hear and take evidence in any such matters, and to report their findings to the council. If, after hearing, or after considering the record and the findings and report of the masters, the council finds good cause therefor, it shall recommend to the Supreme Court the removal, discipline or retirement, as the case may be, of the justice or judge.

The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may permit the introduction of additional evidence and shall order removal, discipline or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for retirement, the justice or judge shall thereby be retired with the same rights and privileges as if he retired pursuant to other provisions of law. Upon an order for removal, the justice or judge shall thereby be removed from office, and his salary shall cease from the date of such order.

All papers filed with and the proceedings before the judicial council or masters appointed by the Supreme Court, pursuant to this section, shall be confidential, and provided, however, that if allegations against a judge are made public by the complainant, judge or third persons, the judicial council may, in its discretion, comment on the existence, nature, and status of any investigation. The filing of papers with and the giving of testimony before the council or the masters shall be privileged; but no other publication of such papers or proceedings shall be privileged in any action for defamation except that (a) the record filed by the council in the Supreme Court continues privileged and upon such filing loses its confidential character and (b) a writing which was privileged prior to its filing with the council or the masters does not lose such privilege by such filing. The judicial council shall by rule provide for procedures under this section, including the exercise of requisite process and subpoena powers. A justice or judge who is a member of the council or Supreme Court shall not participate in any proceedings involving his own removal, discipline or retirement.

This section is alternative to, and cumulative with, the removal of justices and judges by impeachment, and the original supervisory control of members of the judicial system by the Supreme Court.

CHAPTER 90
(H.B. No. 361)

AN ACT
RELATING TO THE COMPUTATION OF INCOME TAXES IMPOSED ON NONRESIDENTS AND PART-YEAR RESIDENTS; AMENDING SECTION 63-3013A, IDAHO CODE, TO PROVIDE THAT THE TAX OF PART-YEAR RESIDENTS SHALL BE DETERMINED IN THE MANNER PROVIDED IN SECTION 63-3027A, IDAHO CODE; AMENDING SECTION 63-3022, IDAHO CODE, TO PROVIDE THAT THE TAX PAID BY FULL-TIME MEMBERS OF THE ARMED FORCES OF THE UNITED STATES SHALL BE COMPUTED AS PROVIDED IN SECTION 63-3027A, IDAHO CODE; AND AMENDING SECTION 63-3024, IDAHO CODE, TO PROVIDE TAX TABLES SHALL BE USED TO COMPUTE TAX LIABILITY OF RESIDENTS, PART-YEAR RESIDENTS, AND NONRESIDENTS; DECLARING AN EMERGENCY AND PROVIDING A RETROACTIVE EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3013A, Idaho Code, be, and the same is hereby amended to read as follows:

63-3013A. PART-YEAR RESIDENT. The term "part-year resident" means an individual who enters or leaves the state during the taxable year and has resided or was domiciled within the state for a period of less than twelve (12) months during the taxable year. The taxable income of such taxpayer shall be determined in the manner provided for nonresidents, as set forth in section 63-3027A, Idaho Code.

SECTION 2. That Section 63-3022, Idaho Code, be, and the same is hereby amended to read as follows:

63-3022. TAXABLE INCOME. The term "taxable income" means "taxable income" as defined in section 63 of the Internal Revenue Code, adjusted as follows:

(a) Add interest and dividends received or accrued during the taxable year from foreign securities and from securities issued by states and other political subdivisions, other than those issued by the state of Idaho, its cities and political subdivisions, exempt from federal income tax under the Internal Revenue Code, less applicable amortization.

(1) In the case of a corporation whose income is taxable under this chapter, no deduction shall be allowed for interest on indebtedness incurred or continued to purchase after January 1, 1983, or to carry obligations acquired after January 1, 1983, the interest of which is wholly exempt from the taxes imposed under this chapter. The amount of interest on indebtedness thus incurred or continued shall be an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as a deduction for interest for the taxable year as the taxpayer's average adjusted basis of the obli-
gations mentioned in the preceding sentence bears to such average adjusted basis for all assets of the taxpayer, or, at the option of the taxpayer, an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as a deduction for interest for the taxable year as the taxpayer's interest income from the obligations mentioned in the preceding sentence bears to the taxpayer's total income for the taxable year.

(b) Add any state taxes, measured by net income, paid or accrued during the taxable year adjusted for state tax refunds used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.

(c) Add the net operating loss deduction used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.

(d) (1) Subtract any net operating loss incurred in the five (5) next preceding taxable years; provided, however, such net operating loss shall be subtracted first in the first succeeding taxable year, and any excess not so subtracted may then be subtracted in the second succeeding taxable year, and any excess shall be subtracted in each succeeding taxable year in order until the net operating loss is exhausted, but the total subtracted in such succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that net operating losses arising in taxable years commencing on or after January 1, 1964, must first be carried back to the three (3) taxable years preceding the year of such net operating loss in the manner provided in Internal Revenue Code section 172 except that no such net operating loss shall be carried back to any taxable year commencing before January 1, 1963; and provided, further, that net operating losses accumulated in any taxable years commencing before January 1, 1964 shall be carried forward as provided in the beginning part of this subsection before any carryback from a succeeding taxable year shall be taken into consideration.

(2) A net operating loss for any taxable year commencing on or after January 1, 1983, shall be a net operating loss carryover to each of the ten (10) taxable years following the taxable year of such loss; provided, however, such net operating loss shall be subtracted in each succeeding year in order but the total subtracted in the succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that a net operating loss not to exceed one hundred thousand dollars ($100,000) arising in a taxable year commencing on or after January 1, 1983, may, at the election of the taxpayer, be carried back to the three (3) immediately preceding taxable years, and if such loss is not entirely absorbed by the income of those years, the amount of loss not exhausted may be subtracted from taxable income arising in the next ten (10) years succeeding the taxable year in which the loss arises in order until exhausted. An election under this subsection must be in the manner prescribed in the regulations of the state tax commission and once made is irrevocable for the year in which it is made. In the event that the taxpayer elects to carryback any loss arising in a year commencing on or after January 1, 1983, any
loss not exhausted may be subtracted from taxable income arising in the next succeeding ten (10) taxable years in order until exhausted.

(3) Net operating losses incurred by a corporation during a year in which such corporation had no Idaho business situs may not be subtracted. Net operating losses incurred by a person, other than a corporation, in business activities not taxable by Idaho may not be subtracted.

(e) In the case of a corporation, add the amount deducted under the provisions of section 243(a) of the Internal Revenue Code (relating to dividends received by corporations) as limited by section 246(b)(1) of said code.

(f) In the case of a corporation, subtract an amount equal to eighty-five per cent (85%) of the amount received during the taxable year as dividends, as limited by the rules of section 246(b)(1) of the Internal Revenue Code, from any corporation which has shown to the satisfaction of the state tax commission that more than fifty per cent (50%) of its taxable income for the taxable year immediately preceding the declaration of such dividends was taxable by the state of Idaho under the provisions of this act.

(g) Subtract the amount of any income received or accrued during the taxable year which is exempt from taxation by this state, under the provisions of any other law of this state or a law of the United States, if not previously subtracted in arriving at taxable income, as defined by section 63 of the Internal Revenue Code.

(h) In the case of a corporation with more than fifty per cent (50%) of its income taxable within this state, the salary, fee or other compensation of its nonresident officers or directors shall be treated as income from sources within the state. Whether or not any personal services have been performed by such nonresident officers or directors in this state, they shall be deemed to have a business situs in this state. If such salary, fee or other compensation is not reported to this state as income, such corporation shall not deduct as part of its expenses for the taxable year any part of such salary, fee or other compensation in computing taxable income. When the salary, fee or other compensation paid to such nonresident officer is reported to this state as income by such nonresident officer, it shall be apportioned by applying to the total of such income the apportionment factor of the corporation paying the salary, fee or other compensation, as such factor is reported on the corporation's income tax return computed pursuant to section 63-3027, Idaho Code, or as subsequently modified. Provided, however, reasonable compensation paid to such nonresident officers or directors for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources.

(i) For the purpose of determining the taxable income of the beneficiary of a trust or of an estate, distributable net income as defined for federal tax purposes shall be corrected for the other adjustments required by this section. In the event that a nonresident beneficiary of a trust or estate fails to file an Idaho income tax return reporting all or any part of distributable net income taxable in Idaho or fails to pay any tax due thereon, the trust or estate
making the payment or distribution shall be taxable upon the amount of such distribution or payment at the rates established by section 63-3024, Idaho Code.

Such openings shall not be less than six (6) inches or more than eight (8) inches in size and shall be provided with a flat, tight, self-closing device.

F. When electricity is the motive power for the milk transport tank milk pump, a lock type electrical connection with ground and weatherproof type receptacle located on the outside of the building with a switch box located on the inside of the building shall be provided.

G. Water for washing farm tanks shall be from an approved supply and shall be under pressure. Hoses for washing the milk house and the bulk tank shall be used for no other purpose and be stored on a rack convenient to the bulk tank. An automatic hot water storage tank (pressure type) shall be provided and shall be not less than thirty (30) gallons capacity and equipped with a thermostat capable of maintaining water temperature at least 140° Fahrenheit. Extra capacity higher temperature, or both shall be provided for CIFP installations,
off peak heating, and milk house heating or other hot water usages. Gas heaters, if used, shall be properly vented.

H. Adequate evenly distributed artificial light, not placed directly over the tank, shall be provided and shall be so located that cleaning will be easily accomplished. Chemical sprayers are recommended for sanitizing farm tanks and if utilized, shall be used for no other purpose.

HM. Indicating thermometers on all farm tanks shall be kept in proper operating condition. The driver shall possess an accurate approved type thermometer to enable him to check the indicating thermometers of the farm bulk tanks. The department of agriculture, using an approved type thermometer, shall check, periodically, the indicating thermometer on farm bulk tanks to determine its accuracy.

MN. Abnormal milk, adulterated milk and milk containing objectionable odors shall not be added to the farm tank. The sampler and/or tester shall check the milk for abnormalities before pumping the milk to the tank truck. The entire supply of milk in the farm tank shall be rejected if such milk is detected.

NO. Bulk cooling tanks shall be designed and equipped with refrigeration to permit the cooling of the milk to 40° Fahrenheit or lower within two (2) hours after each milking, and maintain it at 45° Fahrenheit or below until picked up.

OP. All steps necessary shall be employed to prevent the contamination of milk handled through bulk farm pick up. This shall pertain to all phases of this type of milk handling. The bulk farm tank and accessories shall be used for no other purpose than the handling of milk and the operations incident thereto.

During the interim the tank truck shall be protected from contamination by closing port holes, etc. Since the tank truck may be sanitized on a different date and at a different time from cleaning and washing operation, a tag shall provide space for recording this information. The washing, sanitizing and maintenance of the transportation tank and accessories shall be the responsibility of the processor or milk hauler. The department of agriculture shall be informed in writing designating the person responsible for the cleaning, sanitizing and maintenance of the transportation tank.

C. INTERSTATE MUTUAL AID COMPACT

Article I

The purpose of this compact is to provide voluntary assistance among participating states in responding to any disaster or imminent disaster that overextends the ability of local and state governments to reduce, counteract, or remove the danger. Assistance may include but is not limited to rescue, fire, police, medical, communication, and transportation services and facilities to cope with problems which require use of special equipment, trained personnel, or personnel in large numbers not locally available.

Article II

Article I, Section 10, of the Constitution of the United States permits a state to enter into an agreement or compact with another state, subject to the consent of Congress. Congress, through enactment of 50 U.S.C. 2281(g) and 2283 and the executive branch, by issuance of Executive Order No. 10186 of December 1, 1950, encourages the states to enter into emergency, disaster, and civil defense mutual aid agreements or pacts.
Article III

It is agreed by participating states that the following conditions will guide implementation of the compact:

1. Participating states through their designated officials are authorized to request and receive assistance from a participating state. Requests will be granted only if the requesting state is committed to the mitigation of the emergency and other resources are not immediately available.

2. Requests for assistance may be verbal or in writing. If the request is made by other than written communication, it must be confirmed in writing as soon as practical after the request. A written request shall provide an itemization of equipment and operators, types of expertise, and personnel or other resources needed. Each request must be signed by an authorized official.

3. Personnel and equipment of the aiding state made available to the requesting state shall, whenever possible, remain under the control and direction of the aiding state. The activities of personnel and equipment of the aiding state must be coordinated by the requesting state.

4. An aiding state has the right to withdraw some or all of its personnel and equipment whenever the personnel and equipment are needed by that state. Notice of intention to withdraw should be communicated to the requesting state as soon as possible.

Article IV

1. The requesting state shall reimburse the aiding state as soon as possible after the receipt by the requesting state of an itemized voucher requesting reimbursement of costs.

2. Any state rendering aid pursuant to this compact must be reimbursed by the state receiving such aid for any damage to, loss of, or expense incurred in the operation of any equipment used in responding to a request for aid, and for the cost incurred in connection with such requests.

3. Any state rendering aid pursuant to this compact must be reimbursed by the state receiving such aid for the cost of compensation and death benefits to injured officers, agents, or employees and their dependents or representatives if such officers, agents, or employees sustain injuries or are killed while rendering aid pursuant to this arrangement and such payments are made in the same manner and on the same terms as if the injury or death were sustained within the aiding state.

Article V

1. All privileges and immunities from liability, exemptions from law, ordinances, and rules and all pension, disability relief, workers' compensation, and other benefits that apply to the activity of officers, agents, or employees when performing their respective functions within the territorial limits of their respective political subdivisions apply to them to the same extent while engaged in the performance of any of their functions and duties extraterritorially under the provisions of this compact.

2. All privileges and immunities from liability, exemptions from law, ordinances, and rules and workers' compensation and other benefits that apply to duly enrolled or registered volunteers when per-
forming their respective functions at the request of their state and within its territorial limits apply to the same extent while performing their functions extraterritorially under the provisions of this compact. Volunteers may include but are not limited to physicians, surgeons, nurses, dentists, structural engineers, and trained search and rescue volunteers.

(3) The signatory states, their political subdivisions, municipal or public corporations, and other public agencies shall hold harmless the corresponding entities and personnel thereof from the other states with respect to the acts and omissions of its own agents and employees that occur while providing assistance pursuant to the common plan.

(4) Nothing of this arrangement may be construed as repealing or impairing any existing interstate mutual aid agreements.

(5) Upon enactment of this compact by two (2) or more states, and annually by each January 1 thereafter, the participating states will exchange with each other the names of officials designated to request and provide services under this arrangement. In accordance with the cooperative nature of this arrangement, it is permissible and desirable for the states to exchange operational procedures to be followed in requesting assistance and reimbursing expenses.

(6) This compact becomes effective and is binding upon the states so acting when it has been enacted into law by any two (2) states. Thereafter, this compact becomes effective and binding as to any other state upon similar action by such state.

(7) This compact remains binding upon a party state until it enacts a law repealing the compact and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal may not take effect until the 30th consecutive day after the notice has been sent. Such withdrawal does not relieve the withdrawing state from its obligations assumed under this compact prior to the effective date of withdrawal.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

WATER RIGHT USED FOR POWER PRODUCTION, WHICH IS DEFINED BY AN AGREEMENT PURSUANT TO IDAHO LAW; AND AMENDING SECTION 42-203D, IDAHO CODE, TO PROVIDE THAT THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES SHALL REVIEW ALL PERMITS ISSUED PRIOR TO JULY 1, 1985, WHICH PROPOSE TO DIVERT WATER HELD IN TRUST BY THE STATE OF IDAHO PURSUANT TO CERTAIN STATE LAW, TO DETERMINE WHETHER THEY COMPLY WITH CERTAIN STATE LAW, TO PROVIDE IF THE DEPARTMENT FINDS THAT PROPOSED USE IS ALLOWED UNDER CERTAIN STATE LAW, THEN THE DEPARTMENT SHALL ENTER AN ORDER CONTINUING THE PERMIT, TO CLARIFY LANGUAGE AND TO PROVIDE CORRECT CITATIONS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-203B, Idaho Code, be, and the same is hereby amended to read as follows:

42-203B. AUTHORITY TO SUBORDINATE RIGHTS -- NATURE OF SUBORDINATED WATER RIGHT AND AUTHORITY TO ESTABLISH A SUBORDINATION CONDITION -- AUTHORITY TO LIMIT TERM OF PERMIT OR LICENSE. (1) The legislature finds and declares that it is in the public interest to specifically implement the state's power to regulate and limit the use of water for power purposes and to define the relationship between the state and the holder of a water right for power purposes to the extent such right exceeds an established minimum flow. The purposes of the trust established by subsections (2) and (3) of this section are to assure an adequate supply of water for all future beneficial uses and to clarify and protect the right of a user of water for power purposes subordinated by a permit issued after July 1, 1985, or by an agreement, to continue using the water pending approval of depletionary future beneficial uses.

(2) A water right for power purposes which is defined by agreement with the state as unsubordinated to the extent of a minimum flow established by state action shall remain unsubordinated as defined by the agreement. Any portion of the water rights for power purposes in excess of the level so established shall be held in trust by the state of Idaho, by and through the governor, for the use and benefit of the user of the water for power purposes, and of the people of the state of Idaho; provided, however, that application of the provisions of this section to water rights for hydropower purposes on the Snake river or its tributaries downstream from Milner dam shall not place in trust any water from the Snake river or surface or ground water tributary to the Snake river upstream from Milner dam. For the purposes of the determination and administration of rights to the use of the waters of the Snake river or its tributaries downstream from Milner dam, no portion of the waters of the Snake river or surface or ground water tributary to the Snake river upstream from Milner dam shall be considered. The rights held in trust shall be subject to subordination to and depletion by future upstream beneficial users whose rights are acquired pursuant to state law, including compliance with the requirements of section 42-203C, Idaho Code.

(3) Water rights for power purposes not defined by agreement with
the state shall not be subject to depletion below any applicable minimum stream flow established by state action. Water rights for power purposes in excess of such minimum stream flow shall be held in trust by the state of Idaho, by and through the governor, for the use and benefit of the users of water for power purposes and of the people of the state of Idaho. The rights held in trust shall be subject to subordination to and depletion by future consumptive upstream beneficial users whose rights are acquired pursuant to state law, excluding compliance with the requirements of section 42-203C, Idaho Code.

(4) The user of water for power purposes as beneficiary of the trust established in subsections (2) and (3) of this section shall be entitled to use water available at its facilities to the extent of the water right, and to protect its rights to the use of the water as provided by state law against depletions or claims not in accordance with state law.

(5) The governor or his designee is hereby authorized and empowered to enter into agreements with holders of water rights for power purposes to define that portion of their water rights at or below the level of the applicable minimum stream flow as being unsubordinated to upstream beneficial uses and depletions, and to define such rights in excess thereof as being held in trust by the state under subsection (2) of this section. Such agreements shall be subject to ratification by law. The contract entered into by the governor and the Idaho Power Company on October 25, 1984, is hereby found and declared to be such an agreement, and the legislature hereby ratifies the governor's authority and power to enter into this agreement.

(6) The director shall have the authority to subordinate the rights granted in a permit or license for power purposes to subsequent upstream beneficial depletionary uses. A subordinated water right for power use does not give rise to any claim against, or right to interfere with, the holder of subsequent upstream rights established pursuant to state law. The director shall also have the authority to limit a permit or license for power purposes to a specific term. Subsection (6) of this section shall not apply to licenses which have already been issued as of the effective date of this act.

(7) The director in the exercise of the authority to limit a permit or license for power purposes to a specific term of years shall designate the number of years through which the term of the license shall extend and for purposes of determining such date shall consider among other factors:

(a) The term of any power purchase contract which is, or reasonably may become, applicable to, such permit or license;
(b) The policy of the Idaho public utilities commission (IPUC) regarding the term of power purchase contracts as administered by the IPUC under and pursuant to the authority of the public utility regulatory policy act of 1978 (PURPA);
(c) The term of any federal energy regulatory commission (FERC) license granted, or which reasonably may be granted, with respect to any particular permit or license for power purpose;
(d) Existing downstream water uses established pursuant to state law.

The term of years shall be determined at the time of issuance of the
permit, or as soon thereafter as practicable if adequate information is not then available. The term of years shall commence upon application of water to beneficial use. The term of years, once established, shall not thereafter be modified except in accordance with due process of law.

SECTION 2. That Section 42-203C, Idaho Code, be, and the same is hereby amended to read as follows:

42-203C. HYDROPOWER WATER RIGHT -- CRITERIA FOR REALLOCATION -- WEIGHT -- BURDEN OF PROOF. (1) If an applicant intends to appropriate water which is or may be available for appropriation by reason of a subordination condition applicable to a water right for power purposes, then held in trust by the state of Idaho pursuant to subsection (5) of section 42-203B, Idaho Code, the director shall consider, prior to approving the application, the criteria established in section 42-203A, Idaho Code, and whether the proposed use would significantly reduce, individually or cumulatively with other existing uses, or uses reasonably likely to exist within twelve (12) months of the proposed use, would significantly reduce the amount of trust water available to the holder of the water right used for power production that is defined by agreement pursuant to subsection (5) of section 42-203B, Idaho Code, and, if so, whether the proposed reduction is in the public interest.

(2) (a) The director in making such public interest determinations for purposes of this section shall consider:

(i) The potential benefits, both direct and indirect, that the proposed use would provide to the state and local economy;
(ii) The economic impact the proposed use would have upon electric utility rates in the state of Idaho, and the availability, foreseeability and cost of alternative energy sources to ameliorate such impact;
(iii) The promotion of the family farming tradition;
(iv) The promotion of full economic and multiple use development of the water resources of the state of Idaho;
(v) In the Snake River Basin above the Murphy gauge whether the proposed development conforms to a staged development policy of up to twenty thousand (20,000) acres per year or eighty thousand (80,000) acres in any four (4) year period. No single factor enumerated above shall be entitled to greater weight by the director in arriving at this determination.

(b) The burden of proof under the provisions of this section shall be on the protestant.

SECTION 3. That Section 42-203D, Idaho Code, be, and the same is hereby amended to read as follows:

42-203D. REVIEW OF PERMITS -- OPPORTUNITY FOR HEARING. (1) The director of the department of water resources shall review all permits issued prior to the effective date of this section July 1, 1985, which propose to divert water held in trust by the state of Idaho pursuant
to subsection (5) of section 42-203B, Idaho Code, except to the extent a permit has been put to beneficial use prior to July 1, 1985, to determine whether they comply with the provisions of chapter 2, title 42, section 42-203C, Idaho Code. If the department finds that the proposed use is allowed under section 42-203C, Idaho Code, then the department shall enter an order continuing the permit. If the department finds that the proposed use does not satisfy the criteria of chapter 2, title 42, is not allowed under section 42-203C, Idaho Code, then the department shall either cancel the permit or impose the conditions required to bring the permit into compliance with chapter 2, title 42, section 42-203C, Idaho Code.

(2) The department shall provide an opportunity for hearing in accordance with section 42-1701A, Idaho Code, and sections 67-5209 through 67-5215, Idaho Code, for each holder of a permit that is proposed either to be cancelled or made subject to new conditions.

SECTION 4. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved March 24, 1986.

(4) The consumer price index shall be that for all urban consumers published by the bureau of labor statistics, United States department of labor.

(5) The adjustments provided under this section shall in no event reduce a benefit payment below its initial amount.

CHAPTER 127
(S.B. No. 1274, As Amended)

sification plan for positions covered by this act, based upon an analysis of the duties and responsibilities of the position. The classification plan will include an appropriate title for each class, and a description of duties and responsibilities of positions in the classes and requirements of minimum training, experience and other qualifications, suitable for the performance of duties of the position.

(b) A rule requiring the personnel commission, after consulting with each department to develop, and adopt a comprehensive compensation plan for all classes of positions covered under this act. The compensation plan shall include salary schedules with the salary of each position consistent with the responsibility and difficulty of the work as outlined in the job specifications.

An application for an examination will be accepted after the closing date of the examination from a person who was serving in the armed forces, or undergoing hospitalization of no more than one (1) year following discharge, during any period in which the examination was open; the application must be submitted within one hundred twenty (120) days of separation from the armed forces or hospitalization and prior to the expiration of the register established as a result of the examination. A disabled veteran may file an application at any time for any position for which the commission maintains a register or for which a register is about to be established, provided he or she has not already been examined twice for the same position and grade for which application is made, does not have current eligibility on that register, or is not serving in a competitive position in the same grade for which application is made. Examinations may be assembled or unassembled and may include various examining techniques such as rating of training and experience, written tests, oral interviews, recognition of professional licensing, performance tests, investigations and any other measure of ability to perform the duties of the position. from among the five (5) top ranking available eligibles plus the names
of all individuals with scores identical to the fifth ranking eligible
on the register; however, selective certification shall be permitted
when justified by the hiring department, under rules to be made by the
commission defining adequate justification based on the duties and

after the rules have been adopted, the service classified and a pay
plan established, but shall be held not later than one (1) year after
departments commence participation in the personnel system.

position shall be filled by the promotion of a qualified permanent
employee of the agency in which the vacancy occurs. An inter-agency
promotion shall be made through competitive examination and all quali-

promotions. If an employee's name appears within certifiable range on
a current register for a higher class of position, he shall be eli-

(g) A rule for development and maintenance of a system of service
ratings and the use of such ratings by all departments in connection
with promotions, demotions, retentions, separations and reassignments.

credited state service, and that a copy of the evaluation shall be
filed with the commission.

(h) A rule prohibiting disqualification of any person from taking
an examination, from appointment to a position, from promotion, or
from holding a position because of race or national origin, color,
sex, age, political or religious opinions or affiliations, or other
nonmerit factors, and providing for right of appeal.

(i) A--rule--for--cooperation--with--other--public--personnel--agencies
whose-merit-or-civil-service-systems-operate-in-accordance-with--stan-

commission;

(j) A rule establishing a probation period not to exceed a stipu-

commission and the employee in writing prior to the expiration of the
probationary period concerning satisfactory or unsatisfactory perfor-
mance. Employees who during the probationary period are performing in
an unsatisfactory manner may be asked to resign and, upon failure to
submit such resignation, may be discharged without the right of
appeal. If an employee is performing in an unsatisfactory manner
during the entrance probationary period, the appointing authority
shall ask the employee to resign, and if no resignation is submitted,
shall terminate the employment of such employee without the right of
grievance or appeal. The appointing authority must notify the commis-

EMPLOYEE NOT LATER THAN SIXTY DAYS AFTER FILING OF THE RETURN.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3035, Idaho Code, as amended by
Chapter 4 and Chapter 20, Laws of 1983, be, and the same is hereby
amended to read as follows:

63-3035. STATE WITHHOLDING TAX ON PERCENTAGE BASIS -- WITHHOLD­
ING, COLLECTION AND PAYMENT OF TAX. (a) Every employer who is required
under the provisions of the Internal Revenue Code to withhold, collect
and pay income tax on wages or salaries paid by such employer to any
employee shall, at the time of such payment of wages, salary, bonus or
other emolument to such employee, deduct and retain therefrom an
amount substantially equivalent to the tax reasonably calculated by
the state tax commission to be due from the employee under this act.
The state tax commission shall prepare tables showing amounts to be
withheld, and shall supply same to each employer subject to this
section. In the event that an employer can demonstrate administrative
inconvenience in complying with the exact requirements set forth in
these tables, he may, with the consent of the state tax commission and
upon application to it, use a different method which will produce sub­
stantially the same amount of taxes withheld. Every employer making
payments of wages or salaries earned in Idaho, regardless of the place
where such payment is made:

(1) shall be liable to the state of Idaho for the payment of the
tax required to be deducted and withheld under this section and
shall not be liable to any individual for the amount deducted from
his wages and paid over in compliance or intended compliance with
this section;

(2) must make return of and pay to the state tax commission
monthly on or before the 20th day of the succeeding month, or at
such other times as the state tax commission may allow, an amount of tax which, under the provisions of this act, he is required to deduct and withhold; and
(3) must, notwithstanding the provisions of paragraphs (1) and (2), if the amount of withholding of such employer for the preceding twelve (12) month period equals or exceeds thirty-six thousand dollars ($36,000) per annum or an average of three thousand dollars ($3,000) per month per annum, make return of and pay to the state tax commission monthly on the following basis:
(A) For the withholding period May 1, 1983, through May 15, 1983, inclusive, payment and return must be made on or before May 20, 1983.
(B) Withholding periods for employers defined in this subsection 63-303S(a)(3), Idaho Code, shall, on and after May 16, 1983, begin on the 16th day of the month and end on the 15th day of the following month, and return and payment shall be made not later than five (5) days after the end of the withholding period.
(b) Every employer shall, at the time of each payment made by him to the state tax commission, deliver to the state tax commission a return upon such form as shall be prescribed by said state tax commission showing the total amount of wages, salary, bonus or other emoluments paid to his employees, the amount deducted therefrom in accordance with the provisions of the Internal Revenue Code, the amount deducted therefrom in accordance with the provisions of this section, and such pertinent and necessary information as the state tax commission may require.
Every employer making a declaration of withholding as provided herein shall furnish to the employees annually, but not later than thirty (30) days after the end of the calendar year, a record of the amount of tax withheld from such employee on forms to be prescribed, prepared and furnished by the state tax commission and at the same time every employer shall file a copy thereof with the state tax commission.
(c) All moneys deducted and withheld by every employer shall immediately upon such deduction be state money and every employer who deducts and retains any amount of money under the provisions of this act shall hold the same in trust for the state of Idaho and for the payment thereof to the state tax commission in the manner and at the times in this act provided. Any employer who does not possess real property situated within the state of Idaho, which, in the opinion of the state tax commission, is of sufficient value to cover his probable tax liability, may be required to post a surety bond in such sum as the state tax commission shall deem adequate to protect the state.
(d) The provisions of this act relating to additions to tax in case of delinquency, and penalties, shall apply to employers subject to the provisions of this section and for these purposes any amount deducted, or required to be deducted and remitted to the state tax commission under this section, shall be considered to be the tax of the employer and with respect to such amount he shall be considered the taxpayer.
(e) Amounts deducted from wages of an employee during any calen-
dare year in accordance with the provisions of this section shall be considered to be in part payment of the tax imposed on such employee for his tax year which begins within such calendar year and the return made by the employer under this subsection (e) shall be accepted by the state tax commission as evidence in favor of the employee of the amount so deducted from his wages. Where the total amount so deducted exceeds the amount of tax on the employee, based on his taxable income as computed under the provisions of this act, as the same has been or may hereafter be amended, or where his income is not taxable under this act, the state tax commission shall, after examining the annual return filed by the employee in accordance with this act, but not later than one-hundred-and-twenty-sixty (60) days after the filing of each return, refund the amount of the excess deducted. No refund shall be made to an employee who fails to file his return, as required under this act, within three (3) years from the due date of the return in respect of which the tax withheld might have been credited. In the event that the excess tax deducted is less than one dollar ($1.00), no refund shall be made unless specifically requested by the taxpayer at the time such return is filed.

(f) This section shall in no way relieve any taxpayer from his obligation of filing a return at the time required under this act, and, should the amount withheld under the provisions of this section be insufficient to pay the total tax of such taxpayer, such unpaid tax shall be paid at the time prescribed by section 63-3034, Idaho Code.

(g) An employee receiving wages shall on any day be entitled to the same number of withholding exemptions to which he is entitled under the Internal Revenue Code for federal income tax withholding purposes.

(h) An employer shall use the exemption certificate filed by the employee with the employer under the withholding exemption provisions of the Internal Revenue Code in determining the amount of tax to be withheld from the employee's wages or salary under this act. The tax commission may redetermine the number of withholding exemptions to which an employee is entitled under subsection (g), and the state tax commission may require such exemption certificate to be filed on a form prescribed by the commission in any circumstance where the commission finds that the exemption certificate filed for Internal Revenue Code purposes does not properly reflect the number of withholding exemptions to which the employee is entitled under this act. In no event shall any employee give an exemption certificate which claims a higher number of withholding exemptions than the number to which the employee is entitled by subsection (g) of this section.

Approved April 1, 1986.

Such notice shall be published once in each week for three (3) successive publications prior to such election, in a newspaper published within the county aforesaid. Such notice shall require the electors to cast ballots which shall contain the words "... fire protection district, yes," or "... fire protection district, no" or words equivalent thereto. No person shall be entitled to vote at any election held under the provisions of this act chapter unless he shall possess all the qualifications required of electors under the general laws of the state, and be a resident of the proposed district.

If, however, it shall appear upon such canvass, that more than one-half (1/2) of the
votes cast are ".... fire protection district, yes," the said board shall, by order entered on its minutes, declare such territory duly organized as a fire protection district under the name designated in the petition. After the election, the validity of the proceedings hereunder shall not be affected by any defect in the petition or in the number of qualifications of the signers thereof, and in no event shall any action be commenced or maintained or defense made affecting the validity of such organization after six (6) months from and after the making and entering of the order provided for in this section. Such board shall cause one (1) copy of such order, duly certified, to be filed for record in the office of the county recorder of the county in which said district is situated and shall transmit to the governor one (1) certified copy thereof.

From and after the date of such filing of said order of the board of county commissioners declaring such territory duly organized as a fire protection district, the organization of such district shall be complete.

If the district is to be situated in two (2) or more counties, the boards of county commissioners shall coordinate the canvass of the votes cast and make one (1) joint announcement. SECTION 9. That Section 31-1435, Idaho Code, be, and the same is hereby amended to read as follows:

31-1435. ANY DISSOLUTION. Dissolution of any fire protection district organized under this chapter may be initiated by a petition signed by twenty-five (25) or more of the holders of title, or evidence of title to real property within the fire protection district aggregating not less than one thousand (1,000) acres of contiguous territory, or consisting of contiguous territory of less extent, by having market value for assessment purposes of at least five hundred thousand dollars ($500,000) at the last preceding county assessment, or by a petition signed by at least twenty-five per cent (25%) of the holders of title, or evidence of title, to the real property within the fire protection district, requesting dissolution of such fire protection district, in the following manner:

The petition shall first be presented to the board of county commissioners of the each county in which the fire protection district is situated, signed by the number of holders of title or evidence of title above provided, which petition shall clearly designate the boundaries of the fire protection district and shall state the name of the district and shall be accompanied by a map thereof. The petition, together with all maps and other papers filed therewith, shall, at proper hours, be open to public inspection in the office of the clerk of the board of county commissioners between the date of their said filing and the date of the election on the question of districts as hereafter provided. The petition may be in one (1) or in several papers. When such petition is presented to the board of county commissioners, and filed in the office of the clerk of the board, the said
board shall set a time for hearing of such petition, which time shall not be less than four (4) nor more than six (6) weeks from the date of the presenting and filing of said petition. A notice of the time of such hearing shall be published by said board, once a week for three (3) successive weeks previous to the time set for such hearing, in a newspaper published within the county in which said district is situated. Said notice shall give the boundaries of the fire protection district and shall state that a petition has been filed to dissolve the same, and that on the date fixed for the hearing, any taxpayer within the district, may appear and offer any objection to the dissolving of such district.

After hearing and considering any and all objections to the dissolving of said district, the county commissioners shall thereupon make an order either denying such petition or granting same, with or without modification. After the county commissioners have entered their order approving or denying such petition, the clerk of the board of county commissioners shall cause to be published, a notice of election to be held in such proposed fire protection district, for the purpose of determining whether or not the same shall be dissolved. Such notice shall plainly and clearly designate the boundaries of the fire protection district, its name, and further, that the election is to be held to decide the question of whether the fire protection district shall be maintained or dissolved. Such notice shall be published once in each week for three (3) successive publications prior to such election, in a newspaper published within the county aforesaid.

Such notice shall require the electors to cast ballots which shall contain the words "fire protection district dissolved yes" or: "fire protection district dissolved no" or words equivalent thereto. No person shall be entitled to vote at any election held under the provisions of this act, unless he shall possess all the qualifications required of electors under the general laws of the state and be a resident of the district.

The election qualifications of electors and canvass of the ballots shall be made in the same manner as provided for in sections 31-1406 and 31-1407, Idaho Code.

If a majority of the electors voting at such election shall vote to dissolve the fire protection district, the board of county commissioners shall, after certifying the results of such election, enter an order upon the minutes of its official proceedings dissolving said fire protection district, and such district shall thereupon be dissolved.

Provided, however, that whenever a petition requesting dissolution of a fire protection district is signed by the holders of title, or evidence of title, to all of the real property included within the fire protection district and is presented to the board of county commissioners of the county in which the fire protection district is situated, accompanied by a map clearly designating the boundaries of the district, the board of county commissioners shall set a time for hearing of such petition, which time shall not be less than four (4) nor more than six (6) weeks from the date of the presenting and filing of said petition. A notice of the time and place of such hearing shall be published by said board once a week for three (3) successive weeks
previous to such hearing, in a newspaper published within the county in which the fire protection district is situated. Said notice shall give the boundaries of the fire protection district and shall state that a petition has been filed to dissolve the same, and that on the date fixed for the hearing, any resident, taxpayer, or creditor of such fire protection district may appear and offer any objection to the dissolving of the fire protection district. If at such hearing, no protests are made to the granting of the petition, the board of county commissioners shall enter an order upon the minutes of its official proceedings dissolving such fire protection district, and such district shall thereupon be dissolved. If, however, any protests from residents, taxpayers, or creditors of the district are entered at such hearing, the board of county commissioners shall, within thirty (30) days of said hearing, determine whether or not such fire protection district shall be dissolved and shall cause an order to that effect to be entered upon the minutes of its official proceedings. If the board determines that the fire protection district shall be dissolved, such dissolution shall be effective as of the date of the entry of such order upon the minutes.

The property of such district shall remain the property of the county in which such district is located and any money remaining in the fund of such district shall be expended in the maintenance and repair of the highways of such district whether such highways at the time of the dissolution, are in the incorporated territory or in unincorporated territory.

If the district is situated in two (2) or more counties, each board of county commissioners shall coordinate the hearing date and the publications of notice so that only one (1) hearing need be held. Unless otherwise agreed to by each board of county commissioners involved, the hearing shall be held at the administrative offices of the district, and the boards of county commissioners are hereby specifically authorized to act in a joint manner for such purposes. If an election is called, the boards of county commissioners shall provide that the election be held on the same day in each county, and the boards of county commissioners shall coordinate the canvass of the votes cast and make one (1) joint announcement. If a majority of votes in any county are against the dissolution of the district, such rejection shall void the dissolution of the district in all counties.

Except as herein otherwise expressly provided, no license as a professional engineer or professional land surveyor, or certification as an engineer-in-training or land surveyor-in-training, shall be issued until an applicant has successfully passed an examination given by or under the supervision of the board, nor shall a license as a professional engineer or professional land surveyor, or certification as an engineer-in-training or land surveyor-in-training, be issued to an applicant having habits or character that would justify revocation or suspension of certificate, as provided in section 54-1220, Idaho Code. The following shall be considered as minimum evidence satisfactory to the board that the applicant is qualified to take for assignment to an examination:

   (a) Graduation from an approved engineering curriculum of four (4) years or more in a school or college approved by the board as being of satisfactory standing, and a specific record of an additional four (4) years or more of progressive experience in engineering work of a grade and character satisfactory to the board, and indicating that the applicant is competent to practice profes-
sional engineering (in counting years of experience, the board, at its discretion, may give credit, not in excess of one (1) year, for satisfactory graduate study in engineering); or
(b) Evidence satisfactory to the board that the applicant possesses knowledge and skill approximating that attained through graduation from an approved four (4) year engineering curriculum, and a specific record of eight (8) years or more of progressive experience in engineering work of a grade and character satisfactory to the board and indicating that the applicant is competent to practice professional engineering.

(3) As an engineer-in-training:
(a) Graduation from an approved engineering curriculum of four (4) years or more in a school or college approved by the board as being of satisfactory standing and indicating that the applicant is competent to enroll as an engineer-in-training; or

(2) Written examinations will be given in two (2) sections and may be taken only after the applicant has met the other minimum requirements as given in section 54-1212, Idaho Code, and has been approved by the board for admission to the examinations as follows:

(a) Engineering Fundamentals -- The examination consists of an eight (8) hour test period on the fundamentals of engineering. Passing this examination qualifies the examinee for an engineer-in-training certificate, provided he has met all other requirements of certification required by this act.

(b) Principles and Practice of Engineering -- The examination consists of an eight (8) hour test period on applied engineering. Passing this examination qualifies the examinee for registration as a professional engineer, provided he has met the other requirements for registration required by this act.

(c) Land Surveying Fundamentals -- The examination consists of an eight (8) hour test period on the basic disciplines of land surveying. Passing this examination qualifies the examinee for a land surveyor-in-training certificate, provided he has met all other requirements for certification required by this act.

(d) Principles and Practice of Land Surveying -- The examination consists of two (2) four (4) hour parts on the applied disciplines of land surveying. Passing these parts qualifies the examinee for registration as a professional land surveyor, provided he has met the other requirements for registration required by this act.

(3) A candidate failing the first examination of a section may apply for reexamination of both parts of the section, which may be granted upon payment of an additional fee of not to exceed a maximum of one hundred dollars ($100) if the examination is for registration as a professional engineer or professional land surveyor and not to exceed fifty-five dollars ($55.00) if the examination is for certification as an engineer-in-training or land surveyor-in-training. Before readmission for a section of the examination, in the event of a second failure, the examinee shall be required to appear before the board to submit evidence of having acquired the necessary additional knowledge to warrant assignment of the applicant to the third exami-

In the case of a registered professional engineer, the certificate shall authorize the practice of "professional engineering," and in the case of one a registered as a professional land surveyor the certificate shall authorize the practice of "land surveying." Certificates of registration shall show the full name of the registrant, shall give a serial registration number, and shall be signed by the chairman and the secretary of the board under seal of the board.

(2) The issuance of a certificate of registration by the board shall be prima facie evidence that the person named therein is entitled to all the rights and privileges and responsibilities of a registered professional engineer or of a registered professional land surveyor, provided that said certificate of registration has not expired or has not been suspended or revoked.

(3) Each registrant hereunder shall, upon registration, obtain a seal of the design authorized by the board, bearing the registrant's name and the legend "Registered Professional Engineer," or "Registered Land-Surveyor." All drawings, specifications, plats, reports, or other engineering or land surveying papers or documents involving engineering or land surveying work as is appropriate and as defined in section 54-1202, Idaho Code, which shall have been prepared or approved for the use of or for delivery to any person or for public record within this state shall be impressed with said seal or the seal of a nonresident practicing under the provisions of section 54-1223, Idaho Code, the use and design of which are described below. It shall be unlawful for any person to stamp or seal affix or to permit his seal and signature to be affixed to any documents with said seal after the certificate of the registrant named thereon has expired or has been suspended or revoked, unless said certificate shall have been renewed, reinstated, or reissued, or for the purpose of aiding or abetting any other person to evade or attempt to evade any portion of this act.

(a) The seal may be a rubber stamp. Whenever the seal is applied, the registrant's written signature and date shall be adjacent to or across the seal. No further words or wording are required. A facsimile signature will not be acceptable.

(b) The seal and signature shall be placed on all specifications, land surveys, reports, plats, drawings, plans, design information
and calculations, whenever presented to a client or any public or governmental agency.

(c) The seal and signature shall be placed on all originals, copies, tracings or other reproducible documents in such a manner that the seal and signature will be reproduced. The application of the registrant's seal and signature shall constitute certification that the work thereon was done by him or under his responsible charge. Each sheet shall be sealed and signed by the registrant or registrants responsible for each sheet. In the case of a firm, partnership or corporation, each sheet shall be sealed and signed by the registrant or registrants involved. The principal in responsible charge shall sign and seal the title or first sheet.

(d) The seal and signature shall be used by registrants only when the work being stamped was under the registrant's responsible direction and control.

(e) In the case of a temporary permit issued to an engineering registrant of another state, the registrant shall use his state of registration seal and shall affix his signature to all his work performed in this state under the terms of the temporary permit.

(f) In the case of an engineering registrant checking the work of an out-of-state registrant, the Idaho registrant shall completely check and have complete dominion and control of the design. Such complete dominion and control must include possession of the sealed and signed reproducible construction drawings, with complete signed and sealed calculations indicating all changes in the design.

(g) The design of the seal shall be determined by the state board; however, the following minimum information shall be on the seal:

- State of registration
- Registrant's name
- Registrant's registration number
- Contain the words "Professional Engineer" or "Professional Land Surveyor"

(4) The board shall issue to any applicant who, in the opinion of the board, has met the requirements of this act, an enrollment certificate or card as an engineer-in-training or land surveyor-in-training, which indicates that his name has been recorded as such in the board office. The engineer-in-training or land surveyor-in-training enrollment card does not authorize the holder to practice as a professional engineer or a professional land surveyor.

SECTION 15. That Section 54-1216, Idaho Code, be, and the same is hereby amended to read as follows:

54-1216. EXPIRATIONS AND RENEWALS -- FEES. It shall be the duty of the secretary of the board to notify every person registered and every corporation or joint-stock association certified
under this chapter, of the date of the expiration of his or its said certificate of registration or certificate of authorization and the amount of the fee that shall be required for its renewal for one (1) year[s]. Such notice shall be mailed to the last known address at least one (1) month in advance of the date of the expiration of said certificate or authorization. Renewal may be effected at any time during the month of July by the payment of a renewal fee to be fixed by the board at not less than three dollars ($3.00) nor more than seventy-five dollars ($75.00). The failure on the part of any registrant or certificate holder to renew his or its certificate annually in the month of July as required above shall not deprive such person or corporation or joint stock association of the right of renewal, but the fee to be paid for the renewal of a certificate after the month of July shall be increased twenty percent (20%) for each month or fraction of a month that payment of renewal is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed twice the renewal fee for each year delinquent, but in no event more than one hundred fifty dollars ($150).

Certificates of enrollment for engineers-in-training and land surveyors-in-training shall expire on the last day of the month of July following their issuance or renewal. The notification to holders of certificates of enrollment shall be processed as prescribed above for registrants except that the annual renewal fee shall not be less than two dollars ($2.00) nor more than fifteen dollars ($15.00). The failure on the part of any holder of a certificate of enrollment to effect renewal shall not invalidate his status as an engineer-in-training or land surveyor-in-training, but his name shall, after ninety (90) days, be removed from the board's current mailing list. The fee to bring an enrollment current after a renewal expiration shall be twice that established for annual renewal.

bureau of child support enforcement, which shall undertake representa-
tion of the obligee. The department of health and welfare shall have
the same civil powers, duties, and functions as the prosecuting attor-
ney in civil child support cases.

(b) The-prosecuting-attorney-shall-prosecute-the-case-diligently.
He-shall-take-all-action-necessary-in-accordance-with-the-laws-of-this
state-to-enable-the-court-to-obtain-jurisdiction-over-the-obligor-or
his-property-and-shall-request-the-court-to-set-a-time-and-place-for-a

undertake representation of the obligee.

(c) The official or agency to whom the case has been referred
shall prosecute the case diligently, taking all action necessary in
accordance with the laws of this state to enable the court to obtain

(d) If the prosecuting attorney neglects or refuses to represent
the obligee, the attorney general may order him the prosecuting
attorney to comply with the request of the court or will undertake the
representation.

SECTION 7. That Section 7-1066, Idaho Code, be, and the same is
hereby amended to read as follows:

jurisdiction-of-what-he-has-done-and-request-the-court-to-continue
that the case will be suspended pending receipt of more accurate
information or an amended complaint from the initiating court.

(b) If the obligor or his property is not found in the county,
and the prosecuting-attorney responding official discovers that the obligor or his property may be found in another county of this state or in another state, he shall forward the case to the county or state which has jurisdiction, or shall move the court for a change of venue if the matter has already been filed in court. Thereupon, the clerk of the court shall forward the documents received from the court in the initiating state to a court in the other county or to a court in the other state or to the information agency or other proper official of the other state with a request that the documents be forwarded to the proper court. All powers and duties provided by this act apply to the recipient of the documents so forwarded. If the clerk of a court or responding official of this state forwards documents to another court, he shall forthwith notify the initiating court.

(c) If neither the prosecuting-attorney state information agency nor the responding official has no information as to the location of the obligor or his property, he shall so inform the initiating court.

The court and prosecuting attorney of any county where the obligor is present or has property, or the department of health and welfare, have the same powers and duties to enforce the order as have those of the county where it was first issued. If enforcement is impossible or cannot be completed in the county where the order was issued, the prosecuting attorney or the department of health and welfare shall transmit a certified copy of the order and the payment record to the county where it appears that procedures to enforce payment of the amount due would be effective. The clerk and prosecuting attorney, or the department of health and welfare, to whom the certified copies of the order and payment record are forwarded, shall proceed with enforcement and report the results of the proceedings to the initiating jurisdiction.

Support orders made pursuant to this act shall require that payments be made to the clerk of the court of the responding state if the obligee is not receiving child support enforcement services under title IV-D of the social security act; or to the department of health and welfare, if the obligee is receiving child support enforcement services under title IV-D of the social security act. Upon receipt of a payment made by the respondent, the clerk of the court, or department of health and welfare, shall immediately transmit the same to the initiating jurisdiction.

Any child support order issued or modified under this section after July 1, 1986, shall contain a provision allowing the obligee to enforce the order by income withholding, if arrearages at least equal to the support payable for one (1) month accumulate under the order, and shall include the notice required in section 32-1205, Idaho Code, advising the obligor that the obligee can seek enforcement of the order by means of a mandatory income withholding order issued pursuant
to this chapter, without further notice to the obligor, whenever there are arrearages at least equal to the support payment for one (1) month.

Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.

Approved April 1, 1986.

SECTION 2. That Section 39-4405, Idaho Code, be, and the same is hereby amended to read as follows:
39-4405. RULES AND REGULATIONS IN GENERAL. Pursuant to the procedures established by the Idaho administrative procedures act, chapter 52, title 67, Idaho Code, the board shall adopt such rules and regulations as are necessary and feasible for the management of the post generation handling, collection, transportation, treatment, storage, and disposal of hazardous wastes within the state. The board shall also adopt such rules and regulations as necessary to regulate persons who produce, burn, distribute, and market fuel containing hazardous waste. The rules and regulations promulgated by the board shall be a part of this code and shall have the force and effect of law. Such rules and regulations shall include, but not be limited to:

1. Criteria for the determination of whether any waste or combination of wastes is hazardous for the purposes of this chapter;
2. Rules and regulations for those who generate, transport, treat, store, or dispose of hazardous wastes;
3. Rules and regulations, consistent with those issued by the United States environmental protection agency and the United States department of transportation, for containerization, labeling and manifesting of hazardous wastes;
4. Rules and regulations specifying the terms and conditions under which the department shall issue, modify, suspend, revoke, or deny such permits as shall be required by this chapter;
5. Lists of those wastes or combinations of wastes which are not compatible and which may not be stored or disposed of together;
6. Procedures and requirements for the reporting of the generation, transportation, treatment, storage or disposal of hazardous wastes;
7. Rules and regulations establishing standards and procedures for the training of personnel at generation sites and at hazardous waste facilities and sites;
8. Release detection, prevention and correction regulations applicable to all owners and operators of underground storage tanks, as may be necessary to protect human health and the environment.

SECTION 3. That Section 39-4408, Idaho Code, be, and the same is hereby amended to read as follows:

39-4408. UNAUTHORIZED TREATMENT, STORAGE, RELEASE, USE OR DISPOSAL OF HAZARDOUS WASTE PROHIBITED. (1) No person shall treat or store hazardous waste, nor shall any person discharge, incinerate, release, spill, place, or dispose any hazardous waste in such a manner that the waste, or any constituent thereof, may enter the environment, unless the department has issued said person a permit or a variance as required for the specific activity involved or exempted the activity from permit requirements.
(2) Effective six (6) months after the effective date of this provision, nonhazardous liquids shall not be disposed of in a landfill for which a permit is required under section 39-4409, Idaho Code, or which is operating pursuant to interim status granted under section 3005(c) of RCRA, unless the owner or operator of the landfill demonstrates to the director that:
(a) The only reasonable alternative is placement in a landfill or unlined surface impoundment which contains or may contain hazardous waste; and
(b) Placement in the owner or operator's landfill will not present a risk of contamination of any existing or potential underground source of drinking water.
(3) Waste or used oil or other material which is contaminated or mixed with any hazardous waste, other than wastes identified solely on the basis of ignitibility, shall not be used for dust suppression or road treatment.
(4) The board shall have authority to prohibit:
(a) Land disposal of any hazardous waste; and
(b) Storage of any hazardous waste prohibited from land disposal, unless such storage is solely for the purpose of the accumulation of such quantities of hazardous waste as are necessary to facilitate proper recovery, treatment or disposal.

SECTION 4. That Section 39-4409, Idaho Code, be, and the same is hereby amended to read as follows:

39-4409. PERMIT REQUIREMENTS FOR HAZARDOUS WASTE TREATMENT, STORAGE, OR DISPOSAL FACILITIES. (1) No person shall construct, operate, or modify a hazardous waste treatment, storage, or disposal facility or site without a permit from the department. The owner or operator of the facility or site rather than the builder shall be responsible for obtaining the permit. Permits may contain such conditions necessary to protect human health and environment. The board may exempt classes or categories of hazardous waste treatment, storage, or disposal facilities from the permit requirement if the exemption is in the public interest and consistent with RCRA requirements. The fact that a class or category of such facilities is not required to obtain a federal permit shall be persuasive evidence that an exemption is in the public interest.
(2) Interim status granted by RCRA or a permit issued by the United States environmental protection agency prior to the date that the state program is authorized by the administrator of that agency shall be adopted by the department as a state granted interim status or as a state granted permit until the department issues a new state permit. The board may adopt such rules and regulations as necessary to:
(a) Allow other facilities to qualify for interim status;
(b) Require new units, replacement of existing units and lateral expansions of existing interim status facilities to comply with all regulations which apply to new facilities; and
(c) Provide for the termination of interim status.
(23) The board shall promulgate rules and regulations establishing the terms and conditions for issuing permits to the described facilities and sites. The rules and regulations shall provide for, but not be limited to:
(a) Standards and procedures for the safe operation and maintenance of the facilities and sites;
(b) Education and training qualifications of personnel at the
facilities and sites;
(c) Contractual commitment or consent to each facility or site from all holders of interests in the real property committed to that facility or site;
(d) Monetary assurances in such form and amount as are necessary for effective management, maintenance, and monitoring of the facilities and sites during and after operation;
(e) Evidence of financial responsibility for corrective action on-site and off-site;
(f) Liability insurance in such form and amount as is necessary to compensate for potential damages caused by the facilities and sites; provided, that liability insurance shall not be required in the event that liability insurance is not required by the federal regulations adopted pursuant to the RCRA;
(fg) Emergency equipment and emergency response plans appropriate to the facilities and sites;
(gh) Public participation in the permitting process consistent with 42 U.S.C. section 6974(b).
(34) Permits shall be issued for a period not to exceed ten (10) years or the maximum period allowed under RCRA, whichever is greater. However, permits may be reviewed at least every five (5) years and modified as necessary to take into account changes in this chapter or regulations promulgated pursuant to it and improvements in technology. Permits issued to hazardous waste facilities and sites by the department prior to the effective date of this chapter shall be reissued to conform with the provisions of this chapter and the rules and regulations promulgated under this chapter.
(5) Any permit issued after the effective date of this provision shall require corrective action to be taken on-site and off-site for all releases of hazardous waste or constituents, from any solid waste management unit at the treatment, storage, or disposal facility seeking the permit, regardless of the time when the waste was placed in such unit. Permits issued from November 8, 1985, until the effective date of this provision shall be reissued to conform with this provision.
(46) Any permit issued under this section may be revoked by the director, pursuant to the provisions of section 39-4413, Idaho Code, if the permitted party fails to comply with the terms and conditions of the permit, this chapter, or the rules and regulations promulgated under this chapter.
(57) The department may issue a variance from the requirements of the rules and regulations promulgated under this section, if, in the judgment of the director, application of the requirements would cause unreasonable hardship and the granting of a variance would not be harmful to the public interest or inconsistent with RCRA requirements. A variance shall not exceed one (1) year in duration and may be renewed or extended only after the department provides public notice and an opportunity for public comment.

SECTION 5. That Section 39-4411, Idaho Code, be, and the same is hereby amended to read as follows:
39-4411. RECORDS -- REPORTING -- MONITORING. (1) Pursuant to the provisions of section 39-4405, Idaho Code, the board shall adopt, and amend as necessary, such rules and regulations relating to records, reporting, and monitoring as may be needed to achieve the purposes of this chapter. These rules may include, but shall not be limited to, prescribing procedures and requirements for:

(a) The establishment, maintenance, and format of records and reports;
(b) The submittal of records and reports;
(c) The taking of samples and the performing of tests and of analyses;
(d) The use of approved monitoring methods and techniques;
(e) The installation, calibration, use, and maintenance of monitoring equipment; and
(f) The provision of relevant information to the department.

(2) Sixty (60) days after promulgation of the criteria and lists specified under section 39-4407, Idaho Code, and the rules and regulations required under section 39-4405, Idaho Code, and subsection (1) of this section, the generation, transportation, treatment, storage, or disposal of a hazardous waste in this state by any person without reporting such activity to the department as required by the regulations issued pursuant to subsection (1) of this section shall be unlawful.

(3) Information obtained by the department or by agents, contractors, or other representatives of the department, under the any provisions of this section and under section 39-4412, Idaho Code, shall be available to the public, unless the director certifies such information must be kept confidential. The director may make such certification upon a showing, to the satisfaction of the director, that the information, or parts thereof, if made public, would divulge methods, processes, or activities constituting trade secrets. Nothing in this subsection shall be construed as limiting the disclosure of information by the department to any officer, employee, or authorized representative of the state or the United States, as necessary to carry out the provisions of this chapter or the provisions of RCRA. The provisions of this section shall not limit the department's authority to release confidential information during an emergency involving hazardous waste, if the director determines that release of the information is necessary to safeguard the public interest.

(4) Each generator shall, at the discretion of the director, no later than thirty (30) days after the end of each calendar quarter submit a written report to the department including the following information:

(a) The types and quantities of hazardous wastes generated;
(b) The types and quantities of such wastes shipped for treatment and disposal by landfiiling or other means of disposal;
(c) The types and quantities of such wastes remaining in storage at the end of the reporting period;
(d) Whether such wastes are destined for disposal or treatment in this state or whether such wastes are destined for disposal or treatment outside this state.
(5) The operator of each hazardous waste disposal facility or
site in the state shall, no later than thirty (30) days after the end of each calendar quarter, submit a written report to the department providing information on the types and quantities of wastes received which were generated in Idaho, and information on the types and quantities of wastes received which were generated in other states.

(6) Prior to December 31 of each year the department shall submit a report to the governor and the legislature detailing the types and quantities of hazardous wastes generated in this state, the types and quantities of such wastes shipped for treatment and disposal by landflling or other means of disposal, the types and quantities of such wastes remaining in storage at the end of the most recent reporting period and the types and quantities of hazardous waste generated outside this state and shipped into this state for storage or disposal.

SECTION 6. That Section 39-4413, Idaho Code, be, and the same is hereby amended to read as follows:

39-4413. ENFORCEMENT PROCEDURES. (A) Whenever the director determines that any person is in violation of any provision of this chapter or any permit, standard, regulation, condition, requirement, compliance agreement or order issued or promulgated pursuant to this chapter, the director may commence one or more of the following actions:

(1) ADMINISTRATIVE ENFORCEMENT ACTIONS.
(a) Departmental-Negotiated-Compliance-Proceedings.

† Notice. The director may commence an administrative enforcement action by giving a person believed to be in violation of the law issuing a written notice of violation. The notice of violation shall state with reasonable specificity the nature of the problem and likely actions which the recipient should take to remedy the alleged violation. The notice shall also state that a civil penalty could be imposed against the recipient if the violation is not remedied within thirty (30) days. The notice shall inform the person to whom it is directed of an opportunity to confer with the director concerning the alleged violation. The notice may require a written response within fifteen (15) days, shall specify each provision of the act, rule, regulation, permit or order which has been violated, and shall state the amount of civil penalty claimed for each violation. The notice of violation shall inform the person to whom it is directed of an opportunity to confer with the director or the director's designee in a compliance conference concerning the alleged violation. A written response may be required within fifteen (15) days of receipt of the notice of violation by the person to whom it is directed.

††(b) Scheduling Compliance Conference. If a recipient of a notice of violation contacts the department within fifteen (15) days of the time the recipient received the receipt of notice, the recipient shall be entitled to a compliance conference. The conference shall be held within twenty (20) days of the date the of receipt of notice was delivered to the recipient, unless a
later date is agreed to.—The conference shall be held during normal working hours at the local field office of the department's division of environment located closest to the recipient's place of business or at any other date, time and location mutually agreeable to the recipient and the department upon between the parties. If a compliance conference is not requested, the director may proceed with a civil enforcement action as provided in subsection (3) of this section.

3(c) Compliance Conference. The compliance conference shall provide an opportunity for the recipient of a notice of violation to explain the circumstances of the alleged violation and, where appropriate, to present a proposal for remedying damage caused by the alleged violation and for assuring future compliance. If the recipient and the director agree on a plan to bring the recipient into remedy damage caused by the alleged violation and to assure future compliance, they may enter into a voluntary compliance-agreement consent order formalizing their understanding agreement. The compliance-agreement consent order may include provisions for the payment of state costs associated with the alleged-violation and monetary assessments in lieu of any agreed civil penalties. All funds secured by a compliance-agreement shall be paid into the hazardous waste emergency account created by section 39-4417, Idaho Code penalty.

4(d) Effect of Compliance-Agreement Consent Order. A compliance agreement consent order shall be effective immediately upon its being signed by both parties and shall preclude any civil enforcement action for the same alleged violation. If a party does not comply with the terms of the compliance-agreement consent order, the director may seek and obtain in any appropriate district court specific performance of the agreement consent order and such other relief as authorized by section 39-4414, Idaho Code as the court considers to be just and reasonable under the circumstances in this chapter.

(e) Failure to Reach Agreement on Consent Order. If the parties cannot reach agreement on a consent order within sixty (60) days after the receipt of the notice of violation, or if the recipient does not request a compliance conference pursuant to subsection (A)(1)(b) of this section, the director may commence and prosecute a civil enforcement action in district court, in accordance with subsection (A)(3) of this section.

(b2) Permit-Suspension-or-Revocation-Proceedings

1(a) Grounds. The director may revoke or temporarily suspend the permit of any hazardous waste facility or site if the permitted party fails to meet the requirements of a compliance-agreement consent order or if the permitted party commits a violation of the law or a permit which:

(i) Creates or has created a substantial threat to the public health or to the environment; or
(ii) Is repetitious of prior violations of the same or different provisions of the law; or
(iii) Is allowed to continue or is not corrected within
thirty (30) days of a notice of violation.

A violation that is shown to have occurred as the result of an unforeseeable act of God despite a permitted party's reasonable efforts to comply with all applicable legal requirements shall not be grounds for a suspension or revocation.

27(b) Notice of Hearing. The director may commence a permit suspension or revocation action by giving a permitted party a written notice of intent to suspend or revoke. The notice shall inform the permitted party of facts or conduct which warrant suspension or revocation of the permit. The notice, hearing, and record requirements for contested cases contained in the Idaho administrative procedure act, chapter 52, title 67, Idaho Code, and subsection 47(A)(2)(c) of this section shall apply to proceedings initiated under this subsection. Revocation or suspension of a permit shall become final fifteen (15) days after delivery of the notice of intent to revoke or suspend unless the permitted party requests a hearing.

37(c) Administrative Hearing Provisions.

(i) Upon a timely request by a permit holder for a hearing to review the director's action under subsection 47(A)(2)(b) of this section, the director shall promptly conduct a hearing open to the public. The contested case provisions of the Idaho administrative procedure act shall apply to all hearings conducted under this subsection.

(ii) The director shall have the authority to request from the district court in and for Ada county or any other appropriate district court the issuance of an order in the nature of a subpoena compelling the attendance and testimony of witnesses and the production before the director of papers, books, drawings, documents, test results, and other evidence relevant to a permit suspension or revocation investigation or adjudication.

(iii) After the hearing, the director shall issue a written opinion setting forth findings of fact, conclusions of law and an order. An aggrieved person subject to the director's order may seek its review as a final order in a district court as provided by the Idaho administrative procedure act. District court review of the director's decision shall be limited to the record developed before the director.

23 CIVIL ENFORCEMENT ACTION. The director attorney general may commence and prosecute in district court a civil enforcement action. Civil enforcement actions shall be commenced and prosecuted in the district court in and for the county in which the alleged violation occurred, and may be brought against any person who is alleged to have violated any provision of this chapter or any rule, regulation, permit, standard—regulation, condition, requirement, compliance agreement—consent order, or order which has become effective pursuant to this chapter. Such actions may be for—appropriate—relief—or—remedies—specified—this—chapter—or—any—other—applicable—law—brought—to—compel compliance with any provision of this chapter or with any rule, regulation, permit or order promulgated hereunder, and for any relief or remedies authorized in this chapter. The director shall not be
required to initiate or prosecute an administrative action before the attorney general may commence and prosecute a civil enforcement action. In addition, the attorney general may delegate this authority regarding civil enforcement actions to the prosecuting attorney of the county where a civil enforcement action may arise.

(b) ACTIONS AGAINST GUARANTORS. If the owner or operator is in bankruptcy, reorganization or other arrangement pursuant to the federal bankruptcy code, or where jurisdiction cannot be obtained over an owner or operator likely to be solvent at the time of judgment, an action may be brought directly against a guarantor of financial responsibility by the state or any injured party for any claim arising from conduct for which guarantees of financial responsibility have been made. The guarantor may invoke all rights and defenses which would have been available to the owner or operator and all rights and defenses normally available to the guarantor.

(3c) LIMITATION OF ACTION FOR ADMINISTRATIVE AND CIVIL COURT PROCEEDINGS BROUGHT UNDER THE PROVISIONS OF THIS CHAPTER. No civil or administrative proceeding may be brought to recover for a violation of this chapter or any permit, standard, regulation, condition, requirement or order issued or promulgated pursuant to this chapter more than two (2) years after the director had knowledge or ought reasonably to have had knowledge of the violation.

Approved April 1, 1986.

SECTION 2. That Title 30, Idaho Code, be, and the same is hereby
amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 15, Title 30, Idaho Code, and to read as follows:

CHAPTER 15
CORPORATE TAKEOVERS

30-1501. PURPOSE. The purpose of this chapter is to protect the interests of the people of the state of Idaho. It is not uncommon for certain takeovers to result in significant losses to the employees, suppliers and customers of target companies and the communities in which they operate. The provisions of this chapter are designed to protect the legitimate interests of stockholders residing in the state of Idaho without in any way conflicting with the Williams Act, as amended, of the Securities Exchange Act of 1934.

30-1502. DEFINITIONS. When used in this chapter, unless the context otherwise requires, the following words shall have the meanings herein ascribed to them.

(1) "Affiliate" of a person means any person controlling, controlled by, or under common control with such person.
(2) "Associate" of a person means any person acting jointly or in concert with such person for the purpose of acquiring, holding or disposing of, or exercising any voting rights attached to the equity securities of an insurer.
(3) "Beneficial owner" includes, but is not limited to, any person who directly or indirectly through any contract, arrangement, understanding, relationship, or otherwise has or shares the power to vote or direct the voting of a security and/or the power to dispose of, or direct the disposition of, the security. "Beneficial ownership" includes, but is not limited to, the right, exercisable within sixty (60) days, to acquire securities through the exercise of options, warrants, or rights or the conversion of convertible securities, or otherwise. The securities subject to these options, warrants, rights, or conversion privileges held by a person shall be deemed to be outstanding for the purpose of computing the percentage of outstanding securities of the class owned by this person, but shall not be deemed to be outstanding for the purpose of computing the percentage of the class owned by any other person. A person shall be deemed the beneficial owner of securities beneficially owned by any relative or spouse or relative of the spouse residing in the home of said person, any trust or estate in which said person owns ten per cent (10%) or more of the total beneficial interest or serves as trustee or executor, any corporation or entity in which said person owns ten per cent (10%) or more of the equity, and any affiliate or associate of said person.
(4) "Director" means the director of the department of finance.
(5) "Equity security" means any stock or similar voting security; or any security convertible, with or without consideration, into such a security; or carrying any warrant or right to subscribe to or purchase such a security; or any such warrant or right; or any other security which the director shall deem by rule or order to be of a
similar nature.

(6) "Offeree" means the beneficial owner, residing in Idaho, of equity securities which an offeror offers to acquire in connection with a takeover offer.

(7) "Offeror" means a person who makes or in any way participates in making a takeover offer. Offeror does not include any lender loaning funds to an offeror in the ordinary course of its business, or any bank, broker-dealer, attorney, accountant, consultant, employee, or other person furnishing information or advice to or performing ministerial duties for an offeror, and not otherwise participating in the takeover offer. When two or more persons act as a partnership, limited partnership, syndicate, or other group for the purpose of acquiring, owning or voting securities of a target company, the syndicate or group is an "offeror".

(8) "Takeover offer" means the offer to acquire any equity securities of a target company from a resident of the state of Idaho pursuant to a tender offer or request or invitation for tenders, if after the acquisition of all securities acquired pursuant to the offer either (1) the offeror would be directly or indirectly a beneficial owner of ten per cent (10%) or more of any class of the outstanding equity securities of the target company and was directly or indirectly the beneficial owner of less than ten per cent (10%) of any class of the outstanding equity securities of the target company prior to the commencement of the offer; or (2) the beneficial ownership of the offeror of any class of the outstanding equity securities of the target company would be increased by more than ten per cent (10%) of that class and the offeror was directly or indirectly the beneficial owner of ten per cent (10%) or more of any class of the outstanding equity securities of the target company prior to the commencement of the offer. Takeover offer does not include:

(a) An offer in connection with the acquisition of a security which, together with all other acquisitions by the offeror of securities of the same class of equity securities of the issuer, would not result in the offeror having acquired more than two per cent (2%) of this class during the preceding twelve (12) month period;

(b) An offer by the issuer to acquire its own equity securities unless the offer is made during the pendency of a takeover offer by a person who is not an associate or affiliate of the issuer.

(9) "Target company" means an issuer of publicly traded equity securities which meets all of the following criteria:

(a) At least ten per cent (10%) of its equity securities are beneficially owned by residents of the state of Idaho;

(b) Has assets with a value in excess of ten million dollars ($10,000,000) located in the state of Idaho;

(c) Has a monthly payroll in the state of Idaho in excess of twenty-five thousand dollars ($25,000); and

(d) Has its corporate or operational headquarters located within the state of Idaho.

For the purposes of this chapter, an equity security is publicly traded if a trading market exists for the security at the time the offeror makes a takeover offer for the security. A trading market
exists if the security is traded on a national securities exchange or the over-the-counter market, whether or not registered pursuant to the Securities Exchange Act of 1934.

30-1503. REGISTRATION OF TAKEOVER OFFERS. (1) It is unlawful for any person to make a takeover offer or to acquire any equity securities pursuant to the offer, unless the offer is effective under this chapter. A takeover offer is effective when the offeror files with the director a registration statement containing the information prescribed in subsections (2) and (5) of this section. The offeror shall deliver by hand a copy of the registration statement to the target company at its principal office and publicly disclose the material terms of the proposed offer, not later than the date of filing of the registration statement.

(2) The registration statement shall be filed on forms prescribed by the director, and shall be accompanied by a consent by the offeror to service of process and the filing fee specified in section 30-1508, Idaho Code, and shall contain the following information:
   (a) All of the information specified in subsection (5) of this section;
   (b) Two (2) copies of all solicitation materials intended to be used in the takeover offer in the form proposed to be published or sent or delivered to offerees;
   (c) If the offeror is other than a natural person, information concerning its organization and operations, including the year, form and jurisdiction of its organization, a description of each class of equity security and long-term debt, a description of the business conducted by the offeror and its subsidiaries and any material changes therein during the past three (3) years, a description of the location and character of the principal properties of the offeror and its subsidiaries, a description of any material pending legal or administrative proceedings in which the offeror or any of its subsidiaries is a party, the names of all persons directly or indirectly controlling the offeror, directors and executive officers of the offeror and their material business activities, their business affiliations during the past three (3) years and any material legal or administrative proceedings in which the controlling persons, directors, or executive officers are or were a party during the past three (3) years, and financial statements of the offeror in such form and for such period of time as the director may by rule prescribe;
   (d) If the offeror is a natural person, information concerning his identity and background, including his business activities and affiliations during the past three (3) years, and a description of any material pending legal or administrative proceedings in which the offeror is a party, and financial statements of the offeror in such form and for such period of time as the director may by rule prescribe.

(3) Within three (3) calendar days of the date of filing the registration statement the director may by order summarily suspend the effectiveness of the takeover offer if the director determines that the registration statement does not contain all of the information
specified in subsections (2) and (5) of this section or that the takeover offer materials provided to offerees do not provide full disclosure to offerees of all material information concerning the takeover offer. The summary suspension shall remain in effect only until the determination following a hearing held pursuant to subsection (4) of this section.

(4) A hearing shall be scheduled by the director with respect to each suspension under this section and shall be held within ten (10) calendar days of the date of the suspension. The director may allow any interested party to appear at and participate in the hearing in a manner considered appropriate by the director. The director's determination made following the hearing shall be made within three (3) calendar days after such hearing has been completed but not more than sixteen (16) calendar days after the date of the summary suspension. The director may prescribe time limits that are shorter than those specified in this section by rule or order. If, based upon the hearing, the director finds that the registration statement does not contain all of the information provided in subsections (2) and (5) of this section or that the takeover offer materials provided to offerees do not provide full disclosure to offerees of all material information concerning the offer, or that the takeover offer is in material violation of any provision of this chapter, the director shall suspend the effectiveness of the takeover offer, subject to the right of the offeror to correct disclosure and other deficiencies identified by the director and to reinstitute the takeover offer.

(5) The form required to be filed in paragraph (a), subsection (2) of this section, shall contain the following information:
(a) The identity and background of all persons on whose behalf the acquisition of any equity security of the target company has been or is to be affected in relation to a takeover offer;
(b) The source and amount of funds or other consideration used or to be used in acquiring any equity security pursuant to the takeover offer including, if applicable, a statement describing any securities which are being offered in exchange for the equity securities of the target company, and if any part of the acquisition price is or will be represented by borrowed funds or other consideration, a description of the material terms of any financing arrangements and the names of the parties from whom the funds were borrowed;
(c) If the purpose of the acquisition is to gain control of the target company, a statement of plans or proposals which the person has, upon gaining control, to liquidate the issuer, sell its assets, effect its merger or consolidation, to change the location of its principal executive office or of a material portion of its business relationship with suppliers or customers or the communities in which it operates, or make any other major change in its business, corporate structure, management or personnel, and such other objective facts as would be substantially likely to affect a reasonable shareholder's evaluation of the takeover offer;
(d) The number of shares or units of any equity security of the issuer owned beneficially by the offeror and any affiliate or associate of the offeror, together with the name and address of
each affiliate or associate; and
(e) The material terms of any contract, arrangement, or understanding with any other person with respect to the equity securities of the issuer whereby the person filing the statement has or will acquire any interest in additional equity securities of the issuer, or is or will be obligated to transfer any interest in the equity securities to another.

30-1504. FILING OF SOLICITATION MATERIALS. Copies of all advertisements, circulars, letters or other materials published by the offeror or the target company, soliciting or requesting the acceptance or rejection of the takeover offer, shall be filed with the director and sent to the target company or offeror, respectively, not later than the time copies of such solicitation materials are first published or used or sent to offerees. The director may prohibit the use of any solicitation materials deemed false or misleading.

30-1505. FRAUDULENT AND DECEPTIVE PRACTICES. It is unlawful for any offeror or target company or any controlling person of an offeror or target company or any broker-dealer acting on behalf of an offeror or target company to engage in any fraudulent, deceptive or manipulative acts or practices in connection with a takeover offer. Fraudulent, deceptive and manipulative acts or practices include, without limitation:

(1) The publication or use in connection with the offer of a false statement of a material fact or the omission to state a material fact necessary to make the statements made not misleading;
(2) The sale by any controlling shareholders of a target company of any of their equity securities to the offeror for a consideration greater than that to be paid other stockholders pursuant to the offer or the purchase of any of the securities of a controlling shareholder of the target company by the offeror for a consideration greater than that to be paid other shareholders, pursuant to an agreement not disclosed to the other shareholders;
(3) The solicitation of any offeree for acceptance or rejection of a takeover offer or acquisition of any equity security pursuant to a takeover offer before the takeover offer is effective under this chapter or while the offer is suspended under this chapter.

Notwithstanding any contrary provisions of this chapter, during the time a takeover offer is suspended under this chapter, the offeror may distribute to offerees who are residents of the state of Idaho the takeover offer materials, and any amendments to the offer, if the following statement, printed in not less than 10-point bold face type, is affixed by the offeror or with the offeror's consent to the front cover of the materials: "The director of the Department of Finance, State of Idaho, has suspended the solicitation and effectiveness within the state of Idaho of the attached offering materials. Until further notice, the attached materials are sent for informative purposes only and are not a solicitation to purchase shares." During the time any takeover offer is suspended under this chapter, if the offeror elects to distribute materials to offerees who are residents of the state of Idaho for informational purposes, the target company
may distribute to offerees who are residents of the state of Idaho a statement of the target company's position with respect to the takeover offer and the takeover offer materials, if the following statement, printed in not less than 10-point bold face type, is attached to the front cover of the target company's communication:

"The director of the Department of Finance, State of Idaho, has suspended the solicitation and effectiveness within the State of Idaho of the offer addressed herein. Until further notice, the attached materials are sent for informative purposes only and are not a solicitation to reject or accept the offer."

30-1506. LIMITATIONS ON OFFERORS AND TARGET COMPANIES. (1) No offeror may make a takeover offer which is not made to stockholders in the state of Idaho on substantially the same terms as the offer is made to stockholders outside the state of Idaho.

(2) An offeror shall provide that any equity securities of a target company deposited or tendered pursuant to a takeover offer may be withdrawn by or on behalf of any offeree at any time within seven (7) days from the date the offer has become effective under this chapter and after sixty (60) days from the date the offer has become effective under this chapter except as the director may otherwise prescribe by rule or order for the protection of investors.

(3) No offeror may make a takeover offer or acquire any equity securities in the state of Idaho pursuant to the takeover offer, at any time when any proceeding by the director is pending against the offeror alleging a violation of any provision of this chapter.

(4) No offeror may acquire from any resident of the state of Idaho in any manner any equity securities of any class of a target company at any time within two (2) years following the last purchase of securities pursuant to a takeover offer with respect to that class including, but not limited to, acquisitions made by purchase, exchange, merger, consolidation, partial or complete liquidation, redemption, reverse stock split, recapitalization, reorganization or any other similar transaction, unless the resident is afforded, at the time of the acquisition, a reasonable opportunity to dispose of the securities to the offeror upon substantially equivalent terms as those provided in the earlier takeover offer.

(5) A target company incorporated under the laws of the state of Idaho shall not preclude an offeror who is a stockholder of record to examine its list of stockholders, and to make extracts therefrom, pursuant to the applicable statutes and rules of the state of Idaho and the United States, for the purpose of making a takeover offer in compliance with the provisions of this chapter, or in lieu thereof, to mail any solicitation materials published by the offeror to its security holders with reasonable promptness after receipt from the offeror of such materials together with the reasonable expenses of postage and handling.

30-1507. ADMINISTRATION, RULES AND ORDERS. (1) In administering the provisions of this chapter, the director may exercise all powers granted to him under chapter 14, title 30, Idaho Code, which are not inconsistent with this chapter.
(2) The director may make and adopt such rules and forms as are necessary to carry out the purposes of this chapter including, without limitation, rules defining terms used in this chapter.

(3) The director may by rule or order exempt from any provisions of this chapter any proposed takeover offer or any category or type of takeover offer which the director determines does not have the purpose or effect of changing or influencing the control of a target company or where he determines that compliance with the provisions of this chapter is not necessary for the protection of the offerees.

30-1508. FEES AND EXPENSES. For filing a registration of a takeover offer, a fee shall be paid to the director of one thousand dollars ($1,000) plus a fee equal to one-tenth of one per cent (.1%) of the par or stated value of the equity securities of the target company as of the date the registration is filed, up to a maximum of five thousand dollars ($5,000). The expenses reasonably attributable to any hearing shall be charged ratably to the offeror and the target company. Payment shall be made within thirty (30) days of receiving a statement of hearing expense and at the discretion of the director, may be made payable to those persons submitting bills for expenses relating to the hearing.

30-1509. INJUNCTIONS. Whenever it appears to the director that any person, including a controlling person of an offeror or target company, has engaged or is about to engage in any act or practice constituting a violation of this chapter or any rule or order hereunder, (1) he may issue and cause to be served upon any person violating any of the provisions of this chapter an order requiring the person guilty thereof to cease and desist therefrom; and (2) he may bring an action in the district court of the appropriate county to enjoin the acts or practices and to enforce compliance with the provisions of this chapter or any rule or order hereunder, or he may refer the matter to the attorney general or the prosecuting attorney of the appropriate county. Upon a proper showing, the court may grant a permanent or temporary injunction or restraining order and may order rescission of any sales or purchases of securities determined to be unlawful under this chapter or any rule or order hereunder. The court may not require the director to post a bond.

30-1510. PENALTIES. (1) Any person, including a controlling person or an offeror or target company, who willfully violates any provision of this chapter or any rule hereunder, or any order of the director of which this person has notice, may be fined not more than twenty-five thousand dollars ($25,000) or imprisoned not more than five (5) years or both. Each of the acts specified shall constitute a separate offense and a prosecution or conviction for any one of such offenses shall not bar prosecution or conviction for any other offense. No indictment or information may be returned under this chapter more than six (6) years after the alleged violation.

(2) The director may refer such evidence as is available concerning violations of the provisions of this chapter or of any rule or order hereunder to the attorney general or the county prosecuting
attorney of the appropriate county who may, with or without any reference, institute the appropriate criminal proceedings under this chapter. If referred to a county attorney, he shall within ninety (90) days file with the director a statement concerning any action taken or, if no action has been taken, the reasons therefor.

(3) Nothing in this chapter limits the power of the state of Idaho to punish any person for any conduct which constitutes a crime under any other statute.

(4) All shares of a target company incorporated under the laws of this state acquired from an Idaho resident in violation of any provision of this chapter or any rule hereunder, or any order of the director of which the person has notice, shall be denied voting rights for one (1) year after acquisition, the shares shall be nontransferable on the books of the target company for one (1) year after acquisition and the target company shall, during this one (1) year period, have the option to call the shares for redemption at the price at which the shares were acquired. Such a redemption shall occur on the date set in the call notice but not later than sixty (60) days after the call notice is given.

(5) Offerors, offerees, and target companies may sue at law or equity to enforce the provisions of this chapter.

30-1511. CIVIL LIABILITIES. (1) Any offeror who purchases a security in connection with a takeover offer in violation of the provisions of this chapter shall be liable to the person selling the security to him who may sue either at law or in equity. In an action for rescission the seller shall be entitled to recover the security, plus any income received by the purchaser thereon, upon tender of the consideration received. Tender requires only notice of willingness to pay the amount specified in exchange for the security. Any notice may be given by service as in civil actions or by certified mail to the last known address of the person liable. Damages are the excess of either the value of the security on the date of purchase or its present value, whichever is greater, over the present value of the consideration received for the security.

(2) Every person who directly or indirectly controls a person liable under subsection (1) of this section, every partner, principal executive officer or director of such person, every person occupying a similar status or performing similar functions, every employee of such person who materially aids in the act or transaction constituting the violation, and every broker-dealer or agent who materially aids in the act or transaction constituting the violation, is also liable jointly or severally with and to the same extent as such person, unless the person who would otherwise be so liable proves that he did not know, and in the exercise of reasonable care could not have known, of the existence of the facts by reason of which the liability is alleged to exist. There is contribution as in cases of contract among the several persons so liable.

(3) No action may be maintained under this section unless commenced before the expiration of three (3) years after the act or transaction constituting the violation or the expiration of one (1) year after the discovery of the facts constituting the violation,
whichever first expires.

(4) The rights and remedies under this chapter are in addition to any rights or remedies that may exist at law or in equity.

30-1512. APPLICATION OF CORPORATE TAKEOVER LAW. If the target company is an insurance company subject to regulation by the director of the department of insurance, a banking corporation subject to regulation by the director of the department of finance, a savings and loan association subject to regulation by the director of the department of finance, or a public utility subject to regulation by the public utilities commission or a holding company of any of the foregoing regulated industries, the director shall promptly furnish a copy of the registration statement filed under this chapter to the regulatory agency having supervision of the target company. Any hearing under this chapter involving any such target company shall be held jointly with the regulatory agency having supervision, and any determination following the hearing shall be made jointly with that regulatory agency.

30-1513. APPLICATION OF SECURITIES LAW. All of the provisions of chapter 14, title 30, Idaho Code, which are not in conflict with this chapter shall apply to any takeover offer involving a target company in the state of Idaho.

30-1514. EFFECT OF INVALIDITY OF PART OF THIS CHAPTER. If a court of competent jurisdiction shall adjudge to be invalid or unconstitutional any clause, sentence, paragraph, section or part of this chapter, such judgment or decree shall not affect, impair, invalidate or nullify the remainder of this chapter, but the effect thereof shall be confined to the clause, sentence, paragraph, section or part of this chapter so adjudged to be invalid or unconstitutional.

SECTION 1. That Title 67, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 30, Title 67, Idaho Code, and to read as follows:

CHAPTER 30
BICENTENNIAL CONSTITUTIONAL COMMISSION

67-3001. PURPOSE. The purpose of this act is to provide for the observance in Idaho of the bicentennial of the signing of the constitution of the United States. September 17, 1987, will mark the two hundredth anniversary of the drafting of the constitution of the United States of America by the constitutional convention. The constitution of the United States is the oldest constitution still in active use in the world today and is the basic document of the United States government, a government which protects the individual liberties of its citizens. It is important to accord official recognition to this memorable anniversary, as the constitution of the United States of America provides the foundation for every citizen for a free, prosperous and independent life. It also is fitting and worthy
that the educational institutions be encouraged to emphasize recognition of the bicentennial by including studies of the constitution in history and government classes.

67-3002. ESTABLISHMENT OF COMMISSION -- MEMBERSHIP -- VACANCIES.
(1) There is hereby established the bicentennial constitutional commission in Idaho, hereinafter referred to as the "commission", to plan and develop Idaho's participation in the two hundredth anniversary of the signing of the United States constitution.

(2) Commission members shall be compensated as provided in subsection (b) of section 59-509, Idaho Code.

(3) The commission shall be composed of not less than twelve (12) nor more than eighteen (18) members, who shall be appointed as follows. The president pro tempore of the senate shall appoint three (3) members, the speaker of the house of representatives shall appoint three (3) members, and the governor shall appoint the remaining number of members. The commission members shall select a chairman and a secretary from among their numbers.

(4) Vacancies shall be filled in the same manner in which the original appointments were made.

67-3003. DUTIES OF COMMISSION. The duties of the commission shall include, but not be limited to, the following:

(1) To plan an overall program for commemorating the bicentennial of the signing of the constitution of the United States on a statewide basis in an effective and significant manner, including participation by cities, counties and educational institutions, coordinating such plans with any programs which may be developed by local governments or other recognized organizations; however, the positions of the commission shall be advisory only and not managerial in relation to the local observances.

(2) To cooperate with the National Commission on the Constitutional Bicentennial.

(3) To determine through inventory the sites, artifacts, buildings, significant commercial and fine arts, monuments, structures and other evidences of our cultural heritage within the state which are appropriate for preservation or development in the commemoration of the signing of the constitution of the United States, or other historical Idaho events, to insure that fitting observances and exhibits are held at appropriate sites at the bicentennial celebration.

67-3004. MEETINGS AND HEARINGS. The commission shall establish a regular schedule of meetings at its first session which will be on the call of its chairman as soon as possible after the members have been appointed. The commission may hold such public hearings as may be necessary to encourage citizens of Idaho to offer their recommendations regarding the bicentennial of the signing of the constitution of the United States.

67-3005. CONSTITUTIONAL BICENTENNIAL COMMISSION OF IDAHO ACCOUNT CREATED -- APPROPRIATION. There is hereby created in the dedicated fund of the state treasury, an account to be designated as the "Con-
stitutional Bicentennial Commission of Idaho Account", to be used by
the commission as a revolving account for the deposit of contributions
and for the payment of expenses and other costs established by the
commission. All moneys placed in such account are hereby perpetually
appropriated to the commission for the administrative purposes of the
provisions of this chapter. All expenditures from the account shall be
paid out in warrants drawn by the state auditor upon presentation of
proper vouchers from the commission chairman.

SECTION 2. An emergency existing therefor, which emergency is
hereby declared to exist, this act shall be in full force and effect
on and after its passage and approval, and shall be null, void and of
no further force and effect on and after June 30, 1988.

Approved April 1, 1986.

CHAPTER 172  
(S.B. No. 1479)

AN ACT

RELATING TO ALLOWABLE GROSS LOADS AND THE MAXIMUM WEIGHT OF VEHICLES; REPEALING SECTIONS 49-901 AND 49-901B, IDAHO CODE; AMENDING SECTION 49-901A, IDAHO CODE, BY REDESIGNATING THE SECTION NUMBER, BY PROVIDING FOR ALLOWABLE GROSS LOADS ON THE INTERSTATE HIGHWAYS
OF THE STATE, AND INCREASING SINGLE AXLE LIMITS FOR CERTAIN VEHICLES ON NONINTERSTATE HIGHWAYS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Sections 49-901 and 49-901B, Idaho Code, be, and the same are hereby repealed.

SECTION 2. That Section 49-901A, Idaho Code, be, and the same is hereby amended to read as follows:

49-901A. WEIGHT--LIMITATION--EXCEPTIONS ALLOWABLE GROSS LOADS. On all highways in this state, except those as to which the application of this section would result in loss or forfeiture of federal aid highway funds, and notwithstanding the provisions of section 49-901, the gross load imposed on the highway by any vehicle or combination of vehicles shall not exceed the limits in this section. The maximum single axle gross weight shall be twenty thousand (20,000) pounds and the maximum single wheel gross weight shall be ten thousand (10,000) pounds and the maximum gross vehicle or combination weight shall be one hundred five thousand five hundred (105,500) pounds, provided that maximum gross vehicle or combination weight on United States federal interstate and defense highways of this state shall not exceed eighty thousand (80,000) pounds, except as permitted under the provisions of section 49-905, Idaho Code.

(a) The maximum total gross vehicle-or-combination weight imposed on the highway by any group of consecutive axles shall be determined according to the following formula in which:

\[ W = \frac{500 (L - \frac{1}{2}N + \frac{36}{N})}{N - 1} \]

Where \( W \) is the maximum weight in pounds (to the nearest 500 pounds) carried on any group of two (2) or more consecutive axles, \( L \) is distance in feet between the extremes of any group of two (2) or more consecutive axles, \( N \) is the number of axles under consideration, except that two (2) consecutive sets of tandem axles may carry a gross load of 34,000 pounds each providing the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six (36) feet or more.

(b) The maximum gross vehicle-or-combination weight allowable in the application of the above formula is 105,500 pounds, as illustrated in the following table:

<table>
<thead>
<tr>
<th>Distance in feet</th>
<th>Maximum weight in pounds</th>
</tr>
</thead>
<tbody>
<tr>
<td>LN</td>
<td>W = 500 (L - \frac{1}{2}N + \frac{36}{N})</td>
</tr>
<tr>
<td>N-1</td>
<td></td>
</tr>
</tbody>
</table>

Where \( W \) is the maximum weight in pounds (to the nearest 500 pounds) carried on any group of two (2) or more consecutive axles. \( L \) is the distance in feet between the extremes of any group of two (2) or more consecutive axles, and \( N \) is the number of axles under consideration.

The formula is modified as illustrated in the following table:

(1) **Note:** Vehicles or combinations of vehicles having an overall length in excess of seventy-five (75) feet may be operated only in accordance with subsection 6 of section 49-901, Idaho Code. Provided that the Idaho transportation board may limit the application of the weights authorized in this section as to certain highways which it determines have limited structural capacity of pavements, bridges, or other appurtenances thereto. In designating such highways, it may specify a minimum wheelbase for combinations to be operated thereon. It may also designate specific highways or portions thereof on which operation of a combination of vehicles with seven (7), eight (8) or nine (9) axle vehicles will be subject to specified lesser allowable gross weights.

Provided further, that the provisions of section 49-901, Idaho Code, shall apply as to all limitations in which they exceed those encompassed by this section.

(2) Notwithstanding the figures shown in the above table, two (2)
consecutive sets of tandem axles may carry a gross load of thirty-four thousand (34,000) pounds each, providing the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six (36) feet or more.

(b) The weight limitations set forth in the table above shall not apply to any vehicle, or combination of vehicles when a greater allowed weight in pounds would be permitted such vehicles under the table provided in this subsection, except that with regard to transportation on the United States federal interstate and defense highways of this state, the following table of allowable weights shall apply only to vehicles engaged in the transportation of logs, pulp wood, stull, rough lumber, poles or piling; or to any such vehicle engaged in the transportation of ores, concentrates, sand and gravel and aggregates thereof, in bulk; or to any such vehicle engaged in the transportation of agricultural commodities, including livestock:

AN ACT
RELATING TO PAYMENT OF INTEREST ON REFUNDS OF CERTAIN FUELS TAXES; AMENDING SECTION 63-2410, IDAHO CODE, TO PROVIDE PAYMENT OF INTEREST ON REFUNDS OF GASOLINE TAXES PAID TO LICENSED DISTRIBUTORS AND TO GRANT THE COMMISSION DISCRETION TO REQUIRE ORIGINAL INVOICES WITH REFUND CLAIMS BY CONSUMERS; AND AMENDING SECTION 63-2422, IDAHO CODE, TO PROVIDE FOR PAYMENT OF INTEREST ON REFUNDS OF SPECIAL FUELS TAX PAID TO LICENSED SPECIAL FUELS DEALERS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-2410, Idaho Code, be, and the same is hereby amended to read as follows:
63-2410. REFUND OF GASOLINE TAX PROCEDURE. 

(1) Any person who shall purchase fifty (50) gallons or more, and use the gasoline in motor vehicles operated on highways outside of the state of Idaho where a duplicate tax is assessed for the same gasoline, shall be entitled to refund when a claim is presented to the commission within one (1) year from date of purchase. Claimant shall present to the commission a statement accompanied by a verification of the use determined by an audit of his operations conducted as prescribed by the tax commission; or his claim may be verified by the filing of a receipt or proof showing the payment of tax on the gasoline used in any other state.

(2) Any person who shall purchase within any one (1) calendar year fifty (50) gallons or more of gasoline used for the purposes described in this subsection shall be entitled to be refunded the amount of gasoline tax previously paid on that gasoline. Exempt uses are:

(a) Operating stationary gasoline engines;
(b) Propelling equipment or vehicles, other than motor vehicles, which are not operated on a highway; and
(c) Operating commercial motor boats.

(3) No refund of gasoline tax shall be allowed for any gasoline:

(a) Used in motor vehicles required to be licensed or used in any motor vehicle exempt from registration by reason of the ownership or residence; or
(b) Aircraft engine fuel placed in aircraft; or
(c) Gasoline used in recreational vehicles; or
(d) Gasoline used in noncommercial motor boats.

(4) Any licensed distributor paying the gasoline tax and/or aircraft engine fuel tax to the state of Idaho erroneously shall be allowed a credit or refund of the amount of tax paid by him if a written claim for refund is filed with the commission within three (3) years after the date those taxes were paid. Such credit or refund shall include interest at the rate established in section 63-3045, Idaho Code, computed from the date taxes to be refunded or credited were paid to the commission.

(5) (a) All claims for refund of gasoline taxes arising under subsection (2) of this section shall be filed in conjunction with the claimant's income tax return due pursuant to chapter 30, title 63, Idaho Code. The gasoline tax refund claimed shall be tax paid on gasoline actually purchased during the taxable year to which the income tax return relates. The gasoline tax refund due shall be offset against any other taxes, penalties or interest due before any balance is refunded by the commission to the claimant. Subject to a limitation as to the amount of refund to be claimed as the commission may provide by regulation, refund claims may be submitted and paid on a quarterly basis and reconciled on the income tax return when it is filed.

(b) If a claimant is not required to file an income tax return, the refund claim shall be made on forms and in the manner as the commission may provide. The claim shall relate to taxes paid on gasoline actually purchased in the calendar year preceding the
filing and the claim shall be filed on or before April 15 following the close of the calendar year.

(c) The commission may require that all claims shall be accompanied by the original signed invoice or invoices issued to the claimant, showing the total amount of gasoline on which a refund is claimed and the reason, the amount of the tax and any additional information required by the commission. Each separate delivery shall constitute a purchase and a separate invoice shall be prepared, at least in duplicate, to cover the delivery. All invoices, except those prepared by a computer or similar machine, shall be prepared in ink or double-spaced carbon shall be used between the original and first duplicate.

(6) (a) Should the commission find that the claim contains errors, it may correct the claim and approve it as corrected, or the commission may require the claimant to file an amended claim. The commission may require any person who makes a claim for refund to furnish a statement under oath, giving his occupation, description of the machine or equipment in which the gasoline was used, the place where used and any other information as the commission may require. If the commission determines that any claim has been fraudulently presented, or is supported by an invoice or invoices fraudulently made or altered, or that any statement in the claim or affidavit is willfully false and made for the purpose of misleading, the commission may reject the claim in full. If the claim is rejected, the commission may suspend the claimant's right to any refund for purchases made during a period not to exceed one (1) year beginning with the date the rejected claim was filed, and it shall take all other action deemed appropriate.

(b) The commission has authority, in order to establish the validity of any claim, to examine the books and records of the claimant for that purpose, and failure of the claimant to accede to the demand for the examination may constitute a waiver of all rights to the refund claimed.

(7) In the event of the loss or destruction of the original invoice or invoices, the person claiming a refund may submit a duplicate copy of the invoice certified by the vendor, but payment based on the duplicate invoice shall not be made until one (1) year after the date on which the gasoline was purchased.

SECTION 2. That Section 63-2422, Idaho Code, be, and the same is hereby amended to read as follows:

63-2422. CREDITS AND REFUNDS TO DEALERS. Any licensed special fuels dealer having remitted any special fuels tax to the commission in excess of that which is required to be remitted under this chapter shall be allowed a credit or refund for the amount of tax paid by him if a written claim for refund is filed with the commission within three (3) years after the date the taxes to which the claim relates were paid. If the claim relates to taxes actually collected by the dealer from a person to whom the special fuels were sold or delivered, no refund shall be paid unless the commission finds that the taxes have been or will be refunded by the dealer to the person from whom

RELATING TO SOIL CONSERVATION DISTRICT ELECTIONS; AMENDING SECTION 22-2721, IDAHO CODE, TO PROVIDE FOR A DEFINITE TIME FOR THE CONDUCT OF ELECTIONS FOR SUPERVISORS OF SOIL CONSERVATION DISTRICTS, TO PROVIDE AUTHORITY FOR A COUNTY CLERK TO CONDUCT ELECTIONS FOR A SOIL CONSERVATION DISTRICT, TO PROVIDE FOR A DEFINITE TERM OF OFFICE FOR SUPERVISORS OF SOIL CONSERVATION DISTRICTS, AND TO STRIKE OBSOLETE PROVISIONS; AND PROVIDING FOR TRANSITIONAL TERMS FOR SUPERVISORS ELECTED IN 1983 OR 1985.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 22-2721, Idaho Code, be, and the same is hereby amended to read as follows:

22-2721. ELECTION, APPOINTMENT, QUALIFICATIONS AND TENURE OF SUPERVISORS. The governing body of the district shall consist of five (5) supervisors, elected or appointed as provided in this act. If at any time the supervisors of a district deem it necessary, they may request permission from the state soil conservation commission to increase the number of supervisors to seven (7). Upon receipt of such a request in writing, signed by all five (5) supervisors, stating a valid reason for such need, the commission shall grant permission. The additional supervisors shall then be appointed as outlined in subparagraph C of this section until such time as regular district elections for two (2) supervisors in each district. At that time those districts having seven (7) supervisors shall then elect four (4) supervisors for four (4) year terms. The two (2) supervisors appointed by the commission shall be persons who are by training and experience qualified to perform the specialized services which will be required of them in the performance of their duties. All supervisors shall be landowners or farmers of the district where they are elected or appointed.

A. Within thirty (30) days after the date of issuance by the secretary of state of a certificate of organization of a soil conservation district, nominating petitions may be filed with the state soil conservation commission to nominate candidates for supervisors of each district. The commission shall have authority to extend the time
within which nominating petitions may be filed. No such nominating petition shall be accepted by the commission unless it shall be subscribed by ten (10) or more persons who are qualified electors owning land or residing within the boundaries of the district. The commission shall give due notice of an election to be held for the election of three (3) supervisors for the district. The names of all nominees on behalf of whom such nominating petitions have been filed within the time herein designated, shall appear arranged in the alphabetical order of the surnames, upon ballots, with a square before each name and directions to insert a mark in the square before any three (3) names to indicate the voter's preference. The three (3) candidates who shall receive the largest number, respectively, of the votes cast in such election shall be the elected supervisors for such district. The commission shall pay all the expenses of such election, shall supervise the conduct thereof, shall prescribe regulations governing the conduct of such election and the determination of the eligibility of voters therein, and shall publish the results thereof.

B. All elections in districts, excluding the first election as provided in subparagraph A hereof, shall be conducted by the district supervisors of the districts involved. Such election shall be held during a period prescribed or approved by the state soil conservation commission on the first Tuesday succeeding the first Monday of November in each even-numbered year. Such elections shall be held after due notice has been given by the district supervisors and the elections shall be conducted under such rules and regulations as may be prescribed by the state soil conservation commission. The cost of conducting such elections shall be borne by the district involved. The board of supervisors shall certify to the state soil conservation commission the names of the elected supervisors. The state soil conservation commission shall issue certificates of election to each elected supervisor so certified. The state soil conservation commission may authorize each district to contract with the county clerk or county clerks of the county or counties in which the district is located to conduct the election for the soil conservation district. If a district election is conducted by a county clerk, the county clerk must provide a separate ballot for the district election, and must provide a process that allows only qualified electors of the district to vote in that district's election.

C. The supervisors shall designate a chairman and may, from time to time, change such designation. The term of office of each supervisor shall be four (4) years commencing on the second Monday of January next following election, except that the two (2) supervisors who are first appointed shall be designated to serve for terms of two (2) years. A supervisor shall hold office until his a qualified successor has been elected or appointed and has qualified -- except as otherwise provided in subparagraph B hereof. Vacancies shall be filled for the unexpired term. The selection of successors to fill an unexpired term, or for a full term shall be made by a vote of the majority of the supervisors duly qualified and acting at the time the vacancy shall arise and the supervisors shall certify the name of the appointed supervisor to the state soil conservation commission who shall issue a certificate of such appointment.
D. The term and tenure of office of all supervisors of presently existing soil conservation districts shall terminate at 12 o'clock noon on the fifteenth (15th) day of December, 1957. All presently existing soil conservation districts shall, between November 15, 1957, and December 15, 1957, hold an election for the election of a board of supervisors of such soil conservation district. Such election shall be conducted by the then-qualified and acting board of supervisors pursuant to regulations and rules as may be prescribed by the state soil conservation commission. Three (3) of said supervisors to be elected shall be designated as being elected for a term of four (4) years; two (2) of said supervisors to be elected shall be designated as being elected for a term of two (2) years. The names of the candidates receiving the largest number of votes for the respective offices shall be the board of supervisors of such district and their names, together with the term of office for which they were elected, shall be certified to the state soil conservation commission which shall issue certificates of election to each elected supervisor.

A majority of the supervisors shall constitute a quorum and the concurrence of a majority in any matter within their duties shall be required for its determination. A supervisor shall be entitled to expenses, including travel expense, necessarily incurred in the discharge of duties. A supervisor shall receive no compensation for services from regular district funds, county funds authorized in section 22-2726, Idaho Code, or state funds authorized in section 22-2727, Idaho Code.

In the event the district has a special project, approved by the state soil conservation commission, making project funds available from federal or other sources, a supervisor may receive compensation not to exceed thirty-five dollars ($35.00) per day plus actual and necessary expenses from project funds for services directly related to the project.

The supervisors may employ a secretary, technical experts, and such other officers, agents, and employees, permanent and temporary as they may require, and shall determine their qualifications, duties and compensation. The supervisors may call upon the attorney general of the state for such legal services as they may require, or may employ their own counsel and legal staff. The supervisors may delegate to their chairman, to one (1) or more supervisors, or to one (1) or more agents, or employees, such powers and duties as they may deem proper. The supervisors shall furnish to the state soil conservation commission, upon request, copies of such ordinances, rules, regulations, orders, contracts, forms and other documents as they shall adopt or employ, and such other information concerning their activities as it may require in the performance of its duties under this act.

The supervisors shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; they shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions, regulations, and orders issued or adopted; and shall provide for an annual audit of the accounts of receipts and disbursements. Any supervisor may be removed by the state soil conservation commission upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason.
The supervisors may invite the legislative body of a municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

District supervisors elected in calendar year 1985 shall serve for a term that ends on the second Monday of January, 1989, and their successors in office shall be elected at the general election in 1988.

Approved April 1, 1986.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 21, Title 22, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 22-2108, Idaho Code, and to read as follows:

Thereupon, the state director of the department of agriculture, or his agent, shall have the power to go upon the state-owned land or private rangeland or agricultural land within the zone of infestation, and shall cause the pest infestation to be suppressed and eradicated, using such funds as have been appropriated or may hereafter be made available for such purposes; provided, that whenever the cost of suppression and eradication of grasshoppers, crickets or other pests on state-owned land or on private rangeland or agricultural land exceeds the funds appropriated or otherwise available for that purpose, the state board of examiners may authorize the issuance of deficiency war-
rants against the general account for up to five hundred thousand dollars ($500,000) in any one (1) year for such suppression and eradication. The director of the department of agriculture, in executing the provisions of this chapter insofar as it relates to state-owned lands and private rangelands or agricultural lands, shall have the authority to cooperate with federal, state, county, municipal and private landowners in pest suppression and eradication projects; provided, that the state funds shall only be used to pay the state's pro rata share based on acreage of state-owned lands or private rangelands or agricultural lands treated. Such moneys as the state shall thus become liable for shall be paid out of appropriations which shall be made by the legislature for that purpose.

Until such time as the board has promulgated rules and regulations concerning mining and mineral wastes and materials under study by the administrator, those wastes and materials shall not be considered or defined as hazardous wastes under this chapter; provided, however, that spent potliners from primary aluminum reduction, or environmental protection agency hazardous waste number K088, shall be defined as hazardous waste. Farmers and ranchers who treat, store, or dispose of waste pesticides from their operations on lands owned or controlled by them shall not be required by board rules or regulations to do anything more than follow the instructions on the pesticide label and triple rinse empty containers in accordance with the RCRA regulations of the environmental protection agency. The board may not promulgate any rule or regulation that would impose conditions or requirements more stringent or broader in scope than the RCRA regulations of the environmental protection agency. The board may, however, promulgate procedural rules and regulations and rules and regulations specifically authorized by this chapter or other state statutes without showing that those rules and regulations are required by RCRA or the regulations of the environmental protection agency; provided that those rules and regulations shall not conflict with this section, other sections of this chapter, RCRA, or the rules and regulations of the environmental protection agency. Any rule or regulation promulgated by the board shall be valid until it is repealed or modified through the administrative process of section 67-5201, Idaho Code, et seq.

CHAPTER 197
(S.B. No. 1428)

AN ACT
RELATING TO COMPENSATION OF VICTIMS OF CRIMES; AMENDING SECTION 19-5302, IDAHO CODE, TO PROVIDE THAT THE COURT MAY ORDER THE DEFENDANT TO MAKE CERTAIN PAYMENTS TO GOVERNMENTAL ENTITIES BEFORE MAKING RESTITUTION TO VICTIMS; AMENDING SECTION 19-5304, IDAHO CODE, TO PROVIDE THAT THE DEFINITION OF VICTIM INCLUDE UNREIMBURSED HEALTH CARE PROVIDERS, TO PROVIDE THAT THE COURT MAY ORDER RESTITUTION IN THE JUDGMENT OF CONVICTION AND IN A SEPARATE WRITTEN ORDER, TO PROHIBIT THE COURT FROM ORDERING THE DEFENDANT TO MAKE RESTITUTION IN EXCESS OF THAT AUTHORIZED UNDER THE CHAPTER, TO PROVIDE A DATE FROM WHICH RESTITUTION SHALL BE DUE AND
OWING, TO ALLOW THE ACCRUAL OF INTEREST FROM THE DATE OF ECONOMIC LOSS OR INJURY, AND TO AUTHORIZE THE PAYMENT OF RESTITUTION TO THE COURT FOR DISTRIBUTION TO VICTIMS BY THE COURT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 19-5302, Idaho Code, be, and the same is hereby amended to read as follows:

19-5302. VICTIMS OF CRIME -- RESTITUTION PRIORITY. If a district court or a magistrate's division orders the defendant to pay restitution, the court shall order the defendant to pay such restitution to the party victim or parties victims injured by the defendant's action. There shall be a full restitution to such party victim or parties victims before the court may order any payment be made by the defendant to any governmental entity for any purpose; provided, however, the court may order the defendant to make the payments required in sections 20-225 and/or 20-614(4), Idaho Code, before any payment of restitution is made to the victim or victims.

SECTION 2. That Section 19-5304, Idaho Code, be, and the same is hereby amended to read as follows:

19-5304. RESTITUTION FOR CRIME VICTIMS -- ORDERS TO BE SEPARATE -- WHEN RESTITUTION IS NOT APPROPRIATE -- OTHER REMEDIES -- EVIDENTIARY HEARINGS -- DEFINITIONS. (1) As used in this chapter:

(a) "Economic loss" includes, but is not limited to, the value of property taken, destroyed, broken, or otherwise harmed, lost wages, and direct out-of-pocket losses or expenses, such as medical expenses resulting from the criminal conduct, but does not include less tangible damage such as pain and suffering, wrongful death or emotional distress.

(b) "Found guilty of any crime" shall mean a finding by a court that a defendant has committed a criminal act and shall include an entry of a plea of guilty, an order withholding judgment, suspending sentence, or entry of judgment of conviction for a misdemeanor or felony.

(c) "Value" shall be as defined in section 18-20424(11), Idaho Code.

(d) "Property" shall be as defined in section 18-2402(8), Idaho Code.

(e) "Victim" shall mean a person or entity, named in the complaint, information or indictment, who suffers economic loss or injury as the result of the defendant's criminal conduct and shall also include the immediate family of a minor and the immediate family of the actual victim in homicide cases. Victim shall also mean any health care provider who has provided medical treatment to a victim if such treatment is for an injury resulting from the defendant's criminal conduct, and who has not been otherwise compensated for such treatment by the injured victim.

(2) Unless the court determines that an order of restitution would be inappropriate or undesirable, it shall order a defendant
found guilty of any crime which results in an economic loss to the victim to make restitution to the victim. An order of restitution shall be a separate written order in addition to any other sentence the court may impose, including incarceration, and may be complete, partial, or nominal. The court may also include restitution as a term and condition of judgment of conviction; however, if a court orders restitution in the judgment of conviction and in a separate written order, a defendant shall not be required to make restitution in an amount beyond that authorized by this chapter. Restitution shall be ordered for any economic loss which the victim actually suffers. The existence of a policy of insurance covering the victim's loss shall not absolve the defendant of the obligation to pay restitution.

(3) If the court determines that restitution is inappropriate or undesirable or if only partial or nominal restitution is ordered, it shall enter an order articulating the reasons therefor on the record.

(4) If a separate written order of restitution is issued, an order of restitution shall be for an amount certain-to-be-paid-at-a time-certain-and-may-provide-for-interest-thereon-at-a-reasonable-rate-to-be-established-by-the-court and shall be due and owing at the time of sentencing or at the date the amount of restitution is determined, whichever is later. An order of restitution may provide for interest from the date of the economic loss or injury.

(5) The court may order the defendant to pay restitution to the victim in any case, regardless of whether the defendant is incarcerated or placed on probation. The court may order the defendant to pay all or a part of the restitution ordered to the court to be distributed by the court to the victims in a manner the court deems just.

(6) Restitution orders shall be entered by the court at the time of sentencing or such later date as deemed necessary by the court. Economic loss shall be based upon the preponderance of evidence submitted to the court by the prosecutor, defendant, victim or presentence investigator. Each party shall have the right to present such evidence as may be relevant to the issue of restitution, and the court may consider such hearsay as may be contained in the presentence report, victim impact statement or otherwise provided to the court.

(7) The court, in determining whether to order restitution and the amount of such restitution, shall consider the amount of economic loss sustained by the victim as a result of the offense, the financial resources, needs and earning ability of the defendant, and such other factors as the court deems appropriate. The immediate inability to pay restitution by a defendant shall not be, in and of itself, a reason to not order restitution.

(8) In determining restitution, where it appears that more than one (1) person is responsible for a crime that results in economic loss to a victim, and one or more of the suspects or defendants are not found, apprehended, charged, convicted or ordered to pay restitution, the court may require the remaining defendant or defendants, who are convicted of or plead guilty to the crime, to be joint and severally responsible for the entire economic loss to the victim.

(9) The court may, with the consent of the parties, order restitution to victims for economic loss or injury for crimes in cases or counts of criminal complaints which are not adjudicated or to victims
who are not before the court.

(10) A defendant, against whom a restitution order has been entered, may, within forty-two (42) days of the entry of the order of restitution, request relief from the restitution order in accordance with the Idaho rules of civil procedure relating to relief from final orders.

(11) An order of restitution shall not preclude the victim from seeking any other legal remedy.

(12) Every presentence report shall include a full statement of economic loss suffered by the victim or victims of the defendant's crime or crimes.

Approved April 3, 1986.

CHAPTER 200
(H.B. No. 358, As Amended in the Senate)

AN ACT
RELATING TO PAYMENT FOR GOODS AND SERVICES; AMENDING CHAPTER 23, TITLE 67, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 67-2302, IDAHO CODE, TO REQUIRE PROMPT PAYMENT TO VENDORS FOR GOODS AND SERVICES PURCHASED BY THE STATE OR A TAXING DISTRICT; AND TO PROVIDE EFFECTIVE DATES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 23, Title 67, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 67-2302, Idaho Code, and to read as follows:

67-2302. PROMPT PAYMENT FOR GOODS AND SERVICES. (1) It is the policy of this state that all bills owed by the state of Idaho or any taxing district within the state shall be paid promptly. No state agency or taxing district supported in whole or in part by tax revenues shall be exempt from the provisions of this section, except as provided in subsection (20).

(2) All bills shall be accepted, certified for payment, and paid within sixty (60) calendar days of receipt of billing, unless the buyer and the vendor have agreed by a contract in place at the time the order was placed that a longer period of time is acceptable to the vendor. An invoice is a written account or itemized statement of merchandise shipped, sent or delivered to the purchaser with quantity, value or price, and charges set forth, and is a demand for payment of the charges set forth.

(3) Unless specifically provided by the terms of a contract that details payment requirements, including penalties for late payments, interest penalties shall be due automatically when bills become overdue. It shall be up to each vendor to calculate and invoice interest at the time payment is due on the principal.

(4) Partial payment shall be made on partial deliveries, if an invoice is submitted for a partial delivery, and the goods delivered are a usable unit. Each complete item or service must be paid for within forty-five (45) calendar days.

(5) All proper deliveries and completed services shall be received or accepted promptly and proper receiving and acceptance reports shall be forwarded to payment offices within five (5) working days of delivery of goods or completion of service.

(6) Payment shall be due on the date on which the agency officially receives the invoice or actually receives the goods or services, whichever is later.

(7) The rate of interest to be paid by the state or any taxing district shall be the rate provided in section 63-3045, Idaho Code.

(8) Unpaid interest penalties owed to a vendor shall compound each month.
The provisions of this section shall apply to all purchases, leases, rentals, contracts for services, construction, repairs and remodeling.

No discount offered by a vendor shall be taken by the state or a taxing district or by a project manager administering a state or taxing district supported project, unless full payment is made within the discount period. In the event a discount is taken later, interest shall accrue on the unpaid balance from the day the discount offer expired.

Interest shall be paid from funds already appropriated or budgeted to the offending agency or taxing district or project for that fiscal year. If more than one department, institution or agency has caused a late payment, each shall bear a proportionate share of the interest penalty.

In instances where an invoice is filled out incorrectly, or where there is any defect or impropriety in an invoice submitted, the state agency, taxing district, or project, shall contact the vendor in writing within ten days of receiving the invoice. An error on the vendor's invoice, if corrected by the vendor within five working days of being contacted by the agency or taxing district, shall not result in the vendor being paid late.

Checks or warrants shall be mailed or transmitted within a reasonable time after approval.

No new appropriation or budget is authorized under the provisions of this section to cover interest penalties. No state agency, taxing district, or project shall seek to increase appropriations or budgets for the purpose of obtaining funds to pay interest penalties.

Payment of interest penalties may be postponed when payment on the principal is delayed because of a disagreement between the state or taxing district and the vendor. At the resolution of any dispute, vendors shall be entitled to receive interest on all proper invoices not paid for as provided in subsection (2) of this section.

The provisions of this section shall in no way be construed to prohibit the state or any taxing district from making advanced payments, progress payments, or from prepaying where circumstances make such payments appropriate. All such payments shall be made promptly and are subject to interest penalties when payment is late. Where construction, repair and remodeling payments are subject to retainage, interest penalties shall accrue on retained amounts beginning thirty calendar days after work is completed by the contractor(s) unless otherwise provided by contract.

Each state department, institution and agency head shall be responsible for prompt payments. In all instances where an interest payment has been made by a state agency because of a late payment, the responsible state agency head shall submit to the joint senate finance-house appropriations committee of the legislature at the time of that agency's budget request hearing an explanation of why the bill is paid late and what is being done to solve the late payment problem.

Whenever a vendor brings formal administrative action or judicial action to collect interest due under this section, should the vendor prevail, the state or taxing district is required to pay any
reasonable attorney fees awarded.

(19) Where the date of payment to vendors is contingent on the receipt of federal funds or federal approval, the solicitation of bids for contracts and any contracts awarded shall clearly state that payment is contingent on such conditions.

(20) The provisions of this section shall not apply to claims against a county for services rendered to any medically indigent, sick or otherwise indigent person, nor to judgment obligations.

SECTION 2. This act shall be in full force and effect for the state, for junior college districts and for school districts on and after July 1, 1986. This act shall be in full force and effect for all other taxing districts on and after October 1, 1986.

Approved April 3, 1986.

CHAPTER 201
(H.B. No. 451)

AN ACT RELATING TO DRIVING UNDER THE INFLUENCE OF ALCOHOL, DRUGS OR OTHER INTOXICATING SUBSTANCES; AMENDING SECTION 18-8005, IDAHO CODE, TO PROVIDE THAT IF AN ALCOHOL EVALUATION INDICATES A NEED FOR TREATMENT FOR A CONVICTED DRUNK DRIVER, THE EVALUATION SHALL CONTAIN A RECOMMENDATION FOR THE MOST APPROPRIATE TREATMENT PROGRAM AND COSTS OF SUCH TREATMENT AND ALTERNATIVES, TO PROVIDE THAT IF A COMPLETED ALCOHOL EVALUATION HAS NOT BEEN PROVIDED TO THE COURT, IT SHALL BE PRESUMED THAT ALCOHOL TREATMENT IS REQUIRED UNLESS THE DEFENDANT MAKES A SHOWING BY A PREPONDERANCE OF EVIDENCE THAT TREATMENT IS NOT REQUIRED, AND TO PROVIDE THAT A COURT SHALL REQUIRE A DEFENDANT TO COMPLETE AN ALCOHOL TREATMENT PROGRAM IF THE ALCOHOL EVALUATION RECOMMENDS ALCOHOL TREATMENT WITH EXCEPTIONS; AND AMENDING SECTION 18-8006, IDAHO CODE, TO PROVIDE IN SITUATIONS OF AGGRAVATED DRIVING UNDER THE INFLUENCE OF ALCOHOL, DRUGS OR ANY OTHER INTOXICATING SUBSTANCES, RESTITUTION SHALL BE MANDATORY, IN ACCORDANCE WITH THE CRIME VICTIMS COMPENSATION ACT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 18-8005, Idaho Code, be, and the same is hereby amended to read as follows:

18-8005. PENALTIES. (1) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, Idaho Code, for the first time is guilty of a misdemeanor; and
(a) May be sentenced to jail for not to exceed six (6) months;
(b) May be fined an amount not to exceed one thousand dollars ($1,000);
(c) Shall be advised by the court in writing at the time of sentencing of the penalties that will be imposed for second or subsequent violations of the provisions of section 18-8004, Idaho Code,
which advice shall be signed by the defendant, and a copy retained by the court and another copy retained by the prosecuting attorney; and

(d) Shall have his driving privileges suspended by the court for not to exceed one hundred eighty (180) days; the defendant may request restricted driving privileges during the period of the suspension, which the court may allow, if the defendant shows by a preponderance of the evidence that driving privileges are necessary for his employment or for family health needs.

(2) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, Idaho Code, for the second time within five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s), is guilty of a misdemeanor; and

(a) Shall be sentenced to jail for a mandatory minimum period of not less than ten (10) days, and may be sentenced to not more than one (1) year;

(b) May be fined an amount not to exceed two thousand dollars ($2,000);

(c) Shall be advised by the court in writing at the time of sentencing, of the penalties that will be imposed for subsequent violations of the provisions of section 18-8004, Idaho Code, which advice shall be signed by the defendant, and a copy retained by the court and another copy retained by the prosecuting attorney;

(d) Shall surrender his license or permit to the court; and

(e) Shall have his driving privileges suspended by the court for an additional mandatory minimum period of six (6) months after release from confinement, and may have his driving privileges suspended by the court for an additional period of up to one (1) year after release from confinement. After thirty (30) days have passed following release from confinement, during which thirty (30) day period absolutely no driving privileges of any kind may be granted, the defendant may request restricted driving privileges during the balance of the suspension period, which the court may allow, if the defendant shows by a preponderance of the evidence that driving privileges are necessary for his family health needs or for his employment which requires that he operate a motor vehicle while on the job and in the course of his employment. That the defendant must commute between his residence and place of employment is not grounds for allowing the defendant to have restricted driving privileges.

(3) Any person who pleads guilty to or is found guilty of three (3) or more violations of the provisions of section 18-8004, Idaho Code, within five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s), shall be guilty of a felony; and

(a) Shall be sentenced to the custody of the state board of correction for not to exceed five (5) years; provided that notwithstanding the provisions of section 19-2601, Idaho Code, should the court impose any sentence other than incarceration in the state penitentiary, the defendant shall be sentenced to the county jail for a mandatory minimum period of not less than thirty (30) days; and further provided that notwithstanding the provisions of section 18-111, Idaho Code, a conviction under this section shall
(b) May be fined an amount not to exceed five thousand dollars ($5,000);
(c) Shall surrender his license or permit to the court; and
(d) Shall have his driving privileges suspended by the court for a mandatory minimum period of one (1) year after release from imprisonment, and may have his driving privileges suspended by the court for not to exceed five (5) years after release from imprisonment, during which time he shall have absolutely no driving privileges of any kind.

(4) For the purposes of paragraphs (2) and (3) of this section, convictions of violation of the provisions of section 49-1102, Idaho Code, shall be considered by the court to determine if a later conviction is a second or subsequent conviction only if such convictions were of violations committed on or after July 1, 1983.

(5) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004 or 18-8006, Idaho Code, shall undergo, at his own expense, (or at county expense through the procedures set forth in chapters 34 and 35, title 31, Idaho Code,) and prior to the sentencing date, an alcohol evaluation by a licensed physician or alcohol evaluation facility approved by the Idaho department of health and welfare. In the event the alcohol evaluation indicates the need for alcohol treatment, the evaluation shall contain a recommendation by the evaluator as to the most appropriate treatment program, together with the estimated cost thereof, and recommendations for other suitable alternative treatment programs, together with the estimated costs thereof. The person shall request that a copy of the completed evaluation be forwarded to the court. The court shall take the evaluation into consideration in determining an appropriate sentence. If a copy of the completed evaluation has not been provided to the court, the court may proceed to sentence the defendant; however, in such event, it shall be presumed that alcohol treatment is required unless the defendant makes a showing by a preponderance of evidence that treatment is not required. If the defendant has not made a good faith effort to provide the completed copy of the evaluation to the court, the court may consider the failure of the defendant to provide the report as an aggravating circumstance in determining an appropriate sentence. If treatment is ordered, in no event shall the person or facility doing the evaluation be the person or facility that provides the treatment, with the exception of federally recognized Indian tribes or federal military installations, where diagnosis and treatment are appropriate and available. Nothing herein contained shall preclude the use of funds authorized pursuant to the provisions of chapter 3, title 39, Idaho Code, for court-ordered alcohol treatment for indigent defendants.

(6) At the time of sentencing, the court shall be provided with the following information:
(a) The results, if administered, of any evidentiary test for alcohol and/or drugs;
(b) A computer or teletype or other acceptable copy of the person's driving record;
(c) Information as to whether the defendant has pled guilty to or
been found guilty of violation of the provisions of section 18-8004 or 18-8006, Idaho Code, or a similar offense within the past five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s); and

(d) The alcohol evaluation required in subsection (5) of this section, if any.

(7) A minor may be prosecuted for a violation of the provisions of section 18-8004, Idaho Code, under title 16, Idaho Code. In addition to any other penalty, if a minor pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, Idaho Code, he shall have his driving privileges suspended or denied for an additional one (1) year following the end of any period of suspension or revocation existing at the time of the violation, or until he reaches the age of eighteen (18) years, whichever period is greater. During the period of additional suspension or denial, absolutely no driving privileges shall be allowed.

(8) In the event that the alcohol evaluation required in subsection (5) of this section recommends alcohol treatment, the court shall order the person to complete a treatment program in addition to any other sentence which may be imposed, unless the court determines that alcohol treatment would be inappropriate or undesirable, in which event, the court shall enter findings articulating the reasons for such determination on the record. The court shall order the defendant to complete the preferred treatment program set forth in the evaluation, or a comparable alternative, unless the court determines that alcohol treatment would be inappropriate or undesirable, in which event, the court shall enter findings articulating the reasons for such determination on the record. The court shall order the defendant to complete the preferred treatment program set forth in the evaluation, or a comparable alternative, unless it appears that the defendant cannot reasonably obtain adequate financial resources for such treatment. In that event, the court may order the defendant to complete a less costly alternative set forth in the evaluation, or a comparable program. Such treatment shall, to the greatest extent possible, be at the expense of the defendant. In the event that funding is provided for or on behalf of the defendant by an entity of state government, restitution shall be ordered to such governmental entity in accordance with the restitution procedure for crime victims, as specified under chapter 53, title 19, Idaho Code. Nothing contained herein shall be construed as requiring a court to order that a governmental entity shall provide alcohol treatment at government expense unless otherwise required by law.

SECTION 2. That Section 18-8006, Idaho Code, be, and the same is hereby amended to read as follows:

18-8006. AGGRAVATED DRIVING WHILE UNDER THE INFLUENCE OF ALCOHOL, DRUGS OR ANY OTHER INTOXICATING SUBSTANCES. (1) Any person causing great bodily harm, permanent disability or permanent disfigurement to any person other than himself in committing a violation of the provisions of section 18-8004, Idaho Code, is guilty of a felony, and upon conviction:

(a) Shall be sentenced to the state board of correction for not to exceed five (5) years, provided that notwithstanding the provisions of section 19-2601, Idaho Code, should the court impose any sentence other than incarceration in the state penitentiary, the defendant shall be sentenced to the county jail for a mandatory
minimum period of not less than thirty (30) days; and further pro-
vided that notwithstanding the provisions of section 18-111, Idaho 
Code, a conviction under this section shall be deemed a felony;
(b) May be fined an amount not to exceed five thousand dollars 
($5,000);
(c) Shall surrender his license or permit to the court; and
(d) Shall have his driving privileges suspended by the court for a 
mandatory minimum period of one (1) year after release from 
imprisonment, and may have his driving privileges suspended by 
the court for not to exceed five (5) years after release from 
imprisonment, during which time he shall have absolutely no driv-
ing privileges of any kind; and
(e) Shall, when appropriate, be ordered by the court to pay re-
stitution in accordance with chapter 53, title 19, Idaho Code.
(2) Notwithstanding any other provision of law, any evidence of 
conviction under this section shall be admissible in any civil action 
for damages resulting from the occurrence. A conviction for the pur-
poses of this section means that the person has pled guilty or has 
been found guilty, notwithstanding the form of the judgment(s) or 
withheld judgment(s).

49-3408. SUSPENSION OF OPERATOR'S LICENSE FOR FAILURE TO PAY INFRACTION PENALTY -- APPEAL. (1) The Idaho transportation department shall immediately suspend the license, permit and driving privileges of any operator or chauffeur upon receiving notice from any court of the state that such person has failed to pay the penalty for an infraction judgment. Such notice may be sent to the department by any court which shall certify that a judgment for an infraction not involving a pedestrian or a bicycle violation has been entered against the person and that he has failed to pay the penalty after notice and hearing, or opportunity for hearing, as prescribed by rule of the supreme court. No notice of nonpayment of an infraction penalty shall be sent to the department if the court finds that the person failing to pay the penalty has a complete and continuing financial inability to pay such penalty.

(2) The suspension of driving privileges under this section shall continue for a period of ninety (90) days or until the penalty has been paid, or-for-a-maximum-period-of-ninety-(90)-days whichever comes first, from notice of suspension by the department. The suspension shall be processed by the department in the same manner as other suspensions under section 49-330, Idaho Code, except that no hearing shall be held by the department. Upon receipt of the notice of nonpay-
ment of the penalty from the court, the department shall perform the ministerial duty of giving official notification of suspension of the license.

(3) Upon proper application and payment of any required fee, a license or permit suspended under this section shall be reinstated by the department after the period of ninety (90) days, or shall be reinstated at an earlier date upon proof of payment of the penalty for the infraction. The portion of his fees which are appropriated from the state vessel account shall be apportioned to the designated counties, with seventy percent (70%) of those fees apportioned to the primary designated county and thirty percent (30%) apportioned to the secondary designated county.

(b) Should an owner designate on the appropriate form only one eligible county where his boating activity occurs, the full portion of his fees which are appropriated from the state vessel account shall be apportioned to the designated county.

(c) Should an owner fail to designate on the appropriate form any eligible county where his boating activity occurs, the full portion of his fees which are appropriated from the state vessel account shall be apportioned to all counties with a boating improvement program so that the amount apportioned to each eligible county will be in the same ratio as the county's amount of funds received from the state vessel account during the prior three (3) month payment period bears to the total amounts received by law.

(7) Moneys apportioned to the eligible counties shall be placed in and credited to an account which shall be known and designated as the county vessel fund, which shall be used and expended by the board of county commissioners for the exclusive purpose of maintaining and improving the public waters of this state for recreational boating purposes and for law enforcement activities related to the enforcement of the provisions of law. The board of county commissioners is also authorized to use and expend funds from the county vessel fund outside the county when the board deems it advisable and for the public good.

67-7014. ADMINISTRATIVE FEES FOR VESSELS. (1) An administrative fee of not more than one dollar and fifty cents ($1.50) may be collected in addition to each vessel license tax or fee amount collected under the provisions of sections 67-7008 and 67-7011, Idaho Code.

9-335. EXEMPTIONS FROM DISCLOSURE -- CONFIDENTIALITY. (1) Notwithstanding any statute or rule of court to the contrary, nothing in this chapter nor chapter 10, title 59, Idaho Code, shall be construed to require disclosure of investigatory records compiled for law enforcement purposes by a law enforcement agency, but such exemption from disclosure applies only to the extent that the production of such records would:
   (a) Interfere with enforcement proceedings;
   (b) Deprive a person of a right to a fair trial or an impartial adjudication;
   (c) Constitute an unwarranted invasion of personal privacy;
   (d) Disclose the identity of a confidential source and, in the case of a record compiled by a criminal law enforcement agency in the course of a criminal investigation, confidential information furnished only by the confidential source;
   (e) Disclose investigative techniques and procedures; or
(f) Endanger the life or physical safety of law enforcement personnel.

(2) An inactive investigatory record shall be disclosed unless the disclosure would violate the provisions of subsection (1)(a) through (f) of this section. Investigatory record as used herein means information with respect to an identifiable person or group of persons compiled by a law enforcement agency in the course of conducting an investigation of a specific act or omission and shall not include the following information:

(3) Whenever it is made to appear by verified petition to the district court of the county where the records or some part thereof are situated that certain investigative records are being improperly withheld from a member of the public, the court shall order the officer or person charged with withholding the records to disclose the investigative record or show cause why he should not do so. The court shall decide the case after examining the record in camera, papers filed by the parties, and such oral argument and additional evidence as the court may allow.

If the court finds that the public official's decision to refuse disclosure is not justified, he shall order the public official to make the record public. If the judge determines that the public official was justified in refusing to make the record public, he shall return the item to the public official without disclosing its content with an order supporting the decision refusing disclosure. Any person who fails to obey the order of the court shall be cited to show cause why he is not in contempt of court. The court may, in its discretion, award costs and fees to the prevailing party.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and shall be null, void and of no force and effect on and after July 1, 1987.

The bureau shall supply each county with forms for income withholding orders and answers which comply with the provisions of this chapter.

(2) If said petition or motion indicates that the obligee has received public assistance from any source on behalf of the minor child, the clerk shall immediately forward a copy of the petition or motion to the bureau of child support enforcement, statehouse mail, Boise, Idaho 83720.

32-1208. INFORMATION TO BE INCLUDED IN ORDER -- LIMITATIONS ON AMOUNT WITHHELD. (1) The income withholding order issued pursuant to this chapter shall include:

(b) The total amount of the arrearage or reimbursement judgment previously entered by the court, if any, together with interest, if any;

(c) The amount of arrearage payments specified in the support order, if any.

(2) The total amount to be withheld from the obligor's earnings each month, or from each earnings disbursement, shall not exceed fifty percent (50%) of the disposable earnings of the obligor. If the amounts to be paid toward the arrearage are specified in the support order, then the maximum amount to be withheld is the sum of the current support ordered and the amount ordered to be paid toward the arrearage, or fifty percent (50%) of the disposable earnings of the
obligor, whichever is less.

(3) If an obligor is subject to two (2) or more withholding orders for child support on account of different obligees, the employer shall, if the nonexempt portion of the obligor's earnings is not sufficient to respond fully to all the withholding orders, apportion to the obligor's nonexempt disposable earnings between or among the various obligees to pay current support for each obligee, and then apply any remaining nonexempt disposable earnings equally between or among the various obligees for arrears. An obligee may seek a court order reapportioning the obligor's nonexempt disposable earnings upon notice to all interested obligees. Notice shall be by personal service, or in the manner provided by the Idaho rules of civil procedure or applicable statute.

32-1209. FORM OF WITHHOLDING ORDER. The income withholding order issued pursuant to this chapter shall be in substantially the following form:

___________________________,  
THE STATE OF IDAHO TO: Employer ______________________

AND TO: Employee: ______________________

The above-named obligee claims that the above-named obligor is delinquent in support payments in an amount equal to or greater than the support payable for one (1) month. The amount of the accrued support debt as of this date is _______ dollars, the amount of arrearage payments specified in the support order (if applicable) is _______ dollars per _______, and the amount of the current and continuing support obligation under the support order is _______ dollars per _______.

YOU ARE HEREBY COMMANDED to answer this order by filling in the attached form according to the instructions, and you must mail or deliver the original of the answer to the court, one (1) copy to the obligee or obligee's attorney, and one (1) copy to the obligor within ten (10) days after service of this income withholding order on you. The fourth copy of the answer may be retained by you for your records.

If you possess any earnings (income) due and owing to the obligor, then you shall do as follows:
(1) Withhold from the obligor's earnings each month, or from each regular earnings disbursement, the lesser of:
   (a) The sum of the current support obligation and the accrued support debt;
   (b) The sum of the current support obligation and the specified arrearage payment amount; or
   (c) Fifty percent (50%) of the disposable earnings of the obligor.

(2) In addition to the amount specified above, you may collect and retain up to five dollars ($5.00) per collection from the obligor's income to reimburse you for your costs. The amount actually withheld for support and other purposes, including your fee, may not be in excess of fifty percent (50%) of the obligor's disposable earnings.

(3) The total amount withheld above is subject to the income withholding order, and all other sums may be disbursed to the obligor. You shall continue to withhold the ordered amounts from nonexempt earnings of the obligor until notified by the court that the income withholding order has been modified or terminated. You shall promptly notify the court if and when the employee is no longer employed by or entitled to receive income from you, and of his last known address and the name and address of his new employer, if known.

You shall deliver the withheld earnings to the clerk of the court that issued this order at each regular pay interval, but the first delivery shall occur no sooner than ten (10) days after your receipt of this order. You may combine amounts withheld from various employees for a particular entity in a pay period into a single payment for that pay period, as long as the portion thereof which is attributable to each individual employee is separately designated.

You shall deliver a copy of this order to the obligor as soon as is reasonably possible. This order has priority over any other withholding or garnishment, except for another withholding order or garnishment for child support.

If the above-named obligor is subject to two (2) or more withholding orders for child support on account of different obligees and the nonexempt portion of the obligor's earnings is not sufficient to respond fully to all the withholding orders, you shall apportion the obligor's nonexempt disposable earnings between or among the various obligees to pay current support for each obligee, and then apply any remaining nonexempt disposable earnings equally between or among the various obligees for arrears.

WHETHER OR NOT YOU OWE ANYTHING TO THE OBLIGOR, YOUR FAILURE TO ANSWER AS REQUIRED MAY MAKE YOU SUBJECT TO CONTEMPT OF COURT.

NOTICE TO OBLIGOR: YOU HAVE A RIGHT UNDER SECTION 32-1214, IDAHO CODE, TO REQUEST A HEARING BEFORE THE COURT THAT ISSUED THIS WITHHOLDING ORDER, TO REQUEST THAT THE COURT QUASH, MODIFY, OR TERMINATE THE INCOME WITHHOLDING ORDER.

32-1210. EMPLOYER'S DUTIES AND RESPONSIBILITIES -- FEE FOR
EMPLOYER. (1) An employer upon whom service of an income withholding order has been made pursuant to this chapter shall answer the order on forms supplied with the order within ten (10) days after the date of service. The employer shall deliver the original answer to the court, and shall mail one (1) copy to the obligee or obligee's attorney, and one (1) copy to the obligor. The answer shall state whether the obligor is employed by or receives earnings from the employer, whether the employer will honor the order, and whether there are multiple child support withholding orders or garnishments against the obligor.

(2) The employer shall deliver a copy of the income withholding order to the obligor as soon as is reasonably possible.

(3) If the employer possesses any earnings due and owing to the obligor, the earnings subject to the income withholding order shall be withheld immediately upon receipt of the income withholding order. The withheld earnings shall be delivered to the clerk of the court that issued the income withholding order at each regular pay interval, but the first delivery shall occur no sooner than ten (10) days after receipt of the order.

(4) The employer shall continue to withhold the ordered amounts from nonexempt earnings of the obligor until notified by the court that the income withholding order has been modified or terminated. The employer shall promptly notify the court when the employee is no longer employed, and of the employee's last known address, and the name and address of his new employer, if known.

(5) The employer may deduct a processing fee, not to exceed five dollars ($5.00), to cover the costs of each withholding. Such fee is to be withheld from the obligor's income in addition to the amount to be withheld to satisfy the withholding order, but the total amount withheld, including the fee, shall not exceed fifty percent (50%) of the obligor's disposable income.

(6) The employer may combine amounts withheld from various employees for a particular entity in a pay period into a single payment for that pay period, as long as the portion thereof which is attributable to each individual employee is separately designated.

(7) An employer may not discharge, discipline, or refuse to employ an obligor on the basis of an income withholding order issued under this chapter. If an employer discharges, disciplines, or refuses to employ an obligor because of an income withholding obligation, the obligor shall have a cause of action against the employer. The employer shall be liable for double the amount of lost wages and other damages suffered as a result of the violation and for costs and reasonable attorney fees, and shall be subject to a civil penalty of not more than one thousand dollars ($1,000) for each violation. In addition, the employer may also be ordered to hire, rehire, or restate the aggrieved obligor.

(8) An order for income withholding for support entered under this chapter shall have priority over any other wage assignment or garnishment, except for another wage assignment, income withholding order, or garnishment for child support.

(9) No employer who complies with an income withholding order issued under this chapter may be liable to the employee for wrongful withholding.
32-1211. FORM FOR EMPLOYER'S ANSWER. The answer of the employer shall be made on forms supplied by the bureau and served on the employer with the income withholding order, substantially as follows:

32-1212. SERVICE OF INCOME WITHHOLDING ORDER. (1) The following items and documents shall be served on the employer personally or by any form of mail requiring a return receipt:

(a) Two (2) conformed copies of the income withholding order, one (1) of which is for the employer, and one (1) for the obliger;

(b) Four (4) answer forms in substantial compliance with section 32-1211, Idaho Code;
(c) Three (3) stamped envelopes provided by the obligee and addressed to, respectively, the clerk of the court where the order was issued, the obligee's attorney or the obligee, and the obligor.

(2) On or before the date of service of the income withholding order on the employer, the obligee shall mail or cause to be mailed by certified mail a copy of the income withholding order to the obligor at the obligor's last known post office address.

32-1213. OBLIGEE SHALL INFORM COURT OF CHANGE OF ADDRESS. The obligee shall provide written notification to the court that issued the mandatory income withholding order of any change of obligee's address within a reasonable period of time after any such change. Failure to provide the clerk with a forwarding address within three (3) months of a change of address shall result in the termination of the withholding order, as provided in section 32-1214(3), Idaho Code.

32-1214. TERMINATION OR MODIFICATION OF WITHHOLDING ORDER.
(1) Termination or modification upon obligor's request: An obligor whose income is subject to withholding under this chapter may request a hearing to quash, modify, or terminate the withholding, by filing a motion requesting such relief before the court which issued the income withholding order. A copy of the motion and a notice of hearing shall be served upon the obligee at least five (5) days before the date set for hearing, by personal service or certified mail, pursuant to the Idaho rules of civil procedure.

(a) In a hearing to quash, modify, or terminate the income withholding order, the court may grant relief only upon a showing by the obligor that there is a substantial probability that the obligor would suffer irreparable injury and that the obligee would not suffer irreparable injury. Satisfaction by the obligor of all past due payments subsequent to the issuance of the income withholding order is not grounds to quash, modify, or terminate the income withholding order.

(b) If an income withholding order has been in operation for twelve (12) consecutive months and the obligor's support obligation is current, the court may terminate the order upon motion of the obligor, unless the obligee can show good cause as to why the income withholding order should remain in effect.

(c) No order to quash, modify, or terminate an income withholding order shall be issued unless the obligor provides proof to the court that the obligee has been served with a copy of the motion and notice for hearing five (5) days prior to the hearing, or that service is impossible because the obligee has moved and failed to provide the court with a current address, as required by section 32-1213, Idaho Code.

(2) Termination or modification upon obligee's request: Notwithstanding the provisions of subsection (1) of this section, the court shall quash, modify or terminate a withholding order issued by the court upon written request therefor by the obligee, unless the court finds that the requested action would not be in the best interests of the dependent child.
(3) Termination by court: If the clerk is unable to deliver payments under the withholding order for a period of three (3) months due to the failure of the obligee to notify the clerk of a change of address, the court shall terminate the withholding order, and shall mail a copy of the termination order to the employer and to the obligor. The court shall return all undeliverable payments to the obligor.

SECTION 2. That Section 10-1302, Idaho Code, be, and the same is hereby amended to read as follows:

10-1302. FILING OF FOREIGN JUDGMENT WITH CLERK OF DISTRICT COURT -- EFFECT OF FILING. A copy of any foreign judgment authenticated in accordance with the act of congress or the statutes of this state may be filed in the office of the clerk of any district court of any county of this state. The clerk shall treat the foreign judgment in the same manner as a judgment of the district court of this state. A judgment so filed has the same effect and is subject to the same procedures, defenses and proceedings for reopening, vacating, or staying as a judgment of a district court of this state and may be enforced or satisfied in like manner, with the following exceptions:

(1) The terms of a judgment providing for the custody of a minor child may not be modified, vacated, reopened nor stayed unless the court has assumed jurisdiction of the case under the uniform child custody jurisdiction act, chapter 11, title 32, Idaho Code.

(2) The terms of a judgment providing for the support of a minor child may not be modified, vacated, reopened nor stayed unless the court has personal jurisdiction over all the parties; and the registration of a judgment providing for the support of a minor child for the purposes of enforcing that judgment shall not constitute submitting to the personal jurisdiction of the court.

SECTION 3. That Section 56-203C, Idaho Code, be, and the same is hereby amended to read as follows:

56-203C. POWERS OF DEPARTMENT. In order to carry out its responsibilities imposed under this chapter, the state department of health and welfare, through the attorney general or the respective county prosecuting attorney, or through private counsel is hereby authorized to:

(1) Represent a dependent child or dependent children on whose behalf public assistance is being provided in obtaining any support order necessary to provide for his or their needs or to enforce any such order previously entered.

(2) Appear as a friend of the court in divorce or separate maintenance suits, or proceedings supplemental thereto, when either or both of the parties thereto are receiving public assistance, for the purpose of advising the court as to the financial interest of the state of Idaho therein.

(3) Appear on behalf of the custodial parent of a dependent child or children on whose behalf public assistance is being provided, when so requested by such parent, for the purpose of assisting such parent in securing a modification of a divorce or separate maintenance decree...
wherein no support, or inadequate support, was given for such child or
children. If the parent does not request such assistance, or refuses
it when offered, the attorney general or prosecuting attorney may
nevertheless appear as a friend of the court at any supplemental pro-
ceeding, and may advise the court of such facts as will show the
financial interest of the state of Idaho therein; but the attorney
general or prosecuting attorney shall not otherwise participate in the
proceeding.

(4) If public assistance has been applied for or granted on
behalf of a child of parents who are divorced or legally separated,
the attorney general or prosecuting attorney may apply to the district
court in such action for an order directing either parent or both to
show cause:
(a) Why an order of support for the child should not be entered,
or
(b) Why the amount of support previously ordered should not be
increased, or
(c) Why the parent should not be held in contempt for his failure
to comply with any order of support previously entered.

(5) Initiate any civil proceedings deemed necessary by the
department to secure reimbursement from the parent or parents of minor
dependent children for all moneys expended by the state in providing
assistance or services to said children.

(6) When requested by the department, appear on behalf of a minor
child or its custodial parent, who are not recipients of public assis-
tance, in obtaining any support order necessary to provide for his or
their needs or to enforce any such order previously entered.

(7) Any child support order issued or modified under this section
after July 1, 1986, shall contain a provision allowing the obligee to
enforce the order by income withholding if arrearages at least equal
to the support payable for one (1) month accumulate under the order;
and shall include the notice required in section 32-1205, Idaho Code,
advising the obligor that the obligee can seek enforcement of the
order by means of a mandatory income withholding order issued pursuant
to this chapter without further notice to the obligor whenever there
are arrearages at least equal to the support payment for one (1)
month.

Failure to include this provision does not affect the validity of
the support order. If the social security number of the person obli-
gated to make child support payments under the support order or decree
is available, the court shall require that the social security number
of the obligor be included in the order or decree.

SECTION 4. That Section 32-706, Idaho Code, be, and the same is
hereby amended to read as follows:

32-706. CHILD SUPPORT. A. In a proceeding for divorce or child
support, the court may order either or both parents owing a duty of
support to a child to pay an amount reasonable or necessary for his or
her support, without regard to marital misconduct, after considering
all relevant factors which may include:
1. The financial resources of the child;
2. The financial resources, needs, and obligations of both the custodial and noncustodial parents;
3. The standard of living the child enjoyed during the marriage;
4. The physical and emotional condition and needs of the child and his or her educational needs;
5. The availability of medical coverage for the child at reasonable cost.

B. Any child support order issued or modified under this section after July 1, 1986, shall contain a provision allowing the obligee to enforce the order by income withholding if arrearages at least equal to the support payable for one (1) month accumulate under the order; and shall include the notice required in section 32-1205, Idaho Code, advising the obligor that the obligee can seek enforcement of the order by means of a mandatory income withholding order issued pursuant to this chapter without further notice to the obligor whenever there are arrearages at least equal to the support payment for one (1) month.

Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.

SECTION 5. That Section 32-710A, Idaho Code, be, and the same is hereby amended to read as follows:

32-710A. SUPPORT PAYMENTS PAID TO CLERK -- PROSECUTING ATTORNEY TO ENFORCE PAYMENTS. All payments for child support ordered pursuant to any decree of divorce or separate maintenance shall be paid to the clerk of the district court which entered the decree requiring the same, unless otherwise ordered by said court, and said clerk shall keep a record of payments made under said decree and shall transmit said payments to the person or persons entitled thereto by virtue of said decree. Said clerk shall notify the prosecuting attorney of the county in which the decree is entered of any failure to comply with the terms of payments specified by any such decree, and said prosecuting attorney shall be responsible for enforcing said decree as follows:

A. If the person required to pay resides in the county in which the decree was entered, the prosecuting attorney shall institute appropriate action to enforce the decree.
B. If the person required to pay resides outside the state, the prosecuting attorney shall institute proceedings through the Uniform Reciprocal Enforcement of Support Act.
C. If the person required to pay resides in some other county in the state, the prosecuting attorney shall make such showing to the district court which entered the decree and upon order of the court shall forward two (2) certified copies of the decree with all modifications together with two (2) certified copies of the payment record to the clerk of the district court of the county in which the person required to pay resides. Said clerk shall file and docket one (1) copy of the decree and payment record without fee and deliver the other
copies to the prosecuting attorney of that county who shall institute appropriate action to enforce the decree.

Upon the filing and docketing of the certified copies of the decree and payment record, said decree shall be enforced, and may be modified as to the amount of payment required, by the district court in that county as if originally entered in that county. The procedure for the enforcement or modification of said decree as to amount of payment shall be the same as in the case of a decree originally entered in that court, including the power to punish the person required to pay for contempt. Any payments made as a result of proceedings in that court shall be made through the clerk of that court and the clerk shall keep a record of such payments and shall transmit said payments to the person or persons entitled thereto by virtue of said decree.

If the district court in a county other than the county in which the decree is entered modifies the decree as to the amount of payment required, the clerk of that court shall send a certified copy of the order modifying the decree to the clerk of the court in the county in which the decree was originally entered and the latter clerk shall file the same in the action in which the original decree was entered.

If the person required to pay changes his residence from any county to which certified copies of the decree and payment record have been forwarded as herein provided, and the prosecuting attorney of that county discovers that the defendant resides in another county of this state, the prosecuting attorney shall make such showing to the district court and upon order of the court shall forward the entire file to the clerk of the district court of the county where the defendant resides, where the same proceedings shall be had for enforcement or modification as herein provided.

Any child support order issued or modified under this section after July 1, 1986, shall contain a provision allowing the obligee to enforce the order by income withholding if arrearages at least equal to the support payable for one (1) month accumulate under the order; and shall include the notice required in section 32-1205, Idaho Code, advising the obligor that the obligee can seek enforcement of the order by means of a mandatory income withholding order issued pursuant to this chapter without further notice to the obligor whenever there are arrearages at least equal to the support payment for one (1) month.

Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.

SECTION 6. That Section 7-1121, Idaho Code, be, and the same is hereby amended to read as follows:

7-1121. ORDER FOR SUPPORT -- CONTINUANCE BEYOND AGE OF 18 -- OTHER PAYMENTS BY FATHER. In a proceeding in which the court has made an order of filiation, the court shall direct a father possessed of sufficient means or able to earn such means to pay monthly or at other
fixed periods a fair and reasonable sum for the support and education of the child until the child is eighteen (18) years of age. If the child continues his formal education subsequent to reaching the age of eighteen (18) years, the court may, in its discretion, order the continuation of support payments until the child discontinues his education or reaches the age of twenty-one (21) years, whichever is sooner.

The order of filiation may direct the father to pay or reimburse amounts paid for the support of the child prior to the date of the order of filiation and may also direct him to pay or reimburse amounts paid for: (1) the funeral expenses if the child has died; (2) the necessary expenses incurred by or for the mother in connection with her confinement and recovery; and (3) such expenses in connection with the pregnancy of the mother as the court may deem proper.

Any child support order issued or modified under this section after July 1, 1986, shall contain a provision allowing the obligee to enforce the order by income withholding if arrearages at least equal to the support payable for one (1) month accumulate under the order; and shall include the notice required in section 32-1205, Idaho Code, advising the obligor that the obligee can seek enforcement of the order by means of a mandatory income withholding order issued pursuant to this chapter without further notice to the obligor whenever there are arrearages at least equal to the support payment for one (1) month.

Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.

SECTION 7. That Section 7-1071, Idaho Code, be, and the same is hereby amended to read as follows:

7-1071. ORDER OF SUPPORT. If the responding court finds a duty of support it may order the obligor to furnish support or reimbursement therefor and subject the property of the obligor to the order. The court and prosecuting attorney or legal counsel for the department of health and welfare of any county where the obligor is present or has property have the same powers and duties to enforce the order as have those of the county where it was first issued. If enforcement is impossible or cannot be completed in the county where the order was issued, the prosecuting attorney or legal counsel for the department of health and welfare shall transmit a certified copy of the order and the payment record to the county where it appears that procedures to enforce payment of the amount due would be effective. The clerk and prosecuting attorney or counsel for the department of health and welfare to whom the certified copies of the order and payment record are forwarded shall proceed with enforcement and report the results of the proceedings to the court first issuing the order and to the initiating jurisdiction.

Support orders made pursuant to this act shall require that payments be made to the clerk of the court of the responding state if the
obligee is not receiving child support enforcement services under Title IV-D of the Social Security Act; or to the department of health and welfare if the obligee is receiving child support enforcement services under Title IV-D of the Social Security Act. Upon receipt of a payment made by respondent, the clerk of the court or department of health and welfare shall immediately transmit the same to the initiating jurisdiction.

Any child support order issued or modified under this section after July 1, 1986, shall contain a provision allowing the obligee to enforce the order by income withholding if arrearages at least equal to the support payable for one (1) month accumulate under the order; and shall include the notice required in section 32-1205, Idaho Code, advising the obligor that the obligee can seek enforcement of the order by means of a mandatory income withholding order issued pursuant to this chapter without further notice to the obligor whenever there are arrearages at least equal to the support payment for one (1) month.

Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.

SECTION 8. That Section 16-1622, Idaho Code, be, and the same is hereby amended to read as follows:

16-1622. SUPPORT OF COMMITTED CHILD. Whenever legal custody of a child is vested in someone other than his parents, after due notice to the parent, guardian or other persons legally obligated to care for and support the child, and after a hearing, the court may order and decree that the parent or other legally obligated person shall pay in such a manner as the court may direct a reasonable sum that will cover in whole or in part the support and treatment of the child after an order of temporary custody, if any, or the decree is entered. If the parent or other legally obligated person willfully fails or refuses to pay such sum, the court may proceed against him for contempt, or the order may be filed and shall have the effect of a civil judgment.

Any child support order issued or modified under this section after July 1, 1986, shall contain a provision allowing the obligee to enforce the order by income withholding if arrearages at least equal to the support payable for one (1) month accumulate under the order; and shall include the notice required in section 32-1205, Idaho Code, advising the obligor that the obligee can seek enforcement of the order by means of a mandatory income withholding order issued pursuant to this chapter without further notice to the obligor whenever there are arrearages at least equal to the support payment for one (1) month.

Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.
SECTION 9. That Section 16-1815, Idaho Code, be, and the same is hereby amended to read as follows:

16-1815. SUPPORT OF CHILD -- REIMBURSEMENT FOR COSTS INCURRED. 1. When a child is placed by the court in custody other than that of his or her parents, guardian or custodian, the court shall order the payment of child support on a regular monthly basis for support of the child.

2. When a child is given medical, psychological or other necessary treatment as ordered by the court, the court shall order reimbursement for costs incurred by such court-ordered treatment.

3. When a child is committed to the department under this act, the cost of support, treatment or care shall create a debt due and owing to the department in an amount equal to the amount expended unless there has been entered a court order for support.

4. Any child support or reimbursement order shall be entered only upon notice and hearing to the parent. Failure or refusal to pay such court-ordered support and reimbursement may result in contempt sanctions.

5. Any child support order issued or modified under this section after July 1, 1986, shall contain a provision allowing the obligee to enforce the order by income withholding if arrearages at least equal to the support payable for one (1) month accumulate under the order; and shall include the notice required in section 32-1205, Idaho Code, advising the obligor that the obligee can seek enforcement of the order by means of a mandatory income withholding order issued pursuant to this chapter without further notice to the obligor whenever there are arrearages at least equal to the support payment for one (1) month.

Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.

(4) Upon expiration of the period for filing notices of claims, the director shall compare the notices of claims with department records and other information reasonably available to determine whether there are any rights to water from the water system for which no notice of claim was filed. In the event the director determines that not all claimants have filed claims, the director shall make a reasonably diligent effort in accordance with the court order to determine the land to which the possible claim is appurtenant, the last known owner of that land, and the last known address of that owner. The attorney general or any prosecuting attorney may commence and prosecute in district court a civil enforcement action against any person who is alleged to have violated this chapter or any permit, endorsement, standard, regulation, condition, or requirement which has become effective pursuant to this chapter. Such actions may be for appropriate relief or remedies specified in this chapter or any other applicable law. The director or department shall not be required to initiate or prosecute an administrative action before the attorney general or prosecuting attorney may commence and prosecute a civil action.

Such judge shall issue a subpoena upon a finding of probable cause and shall enforce refusals to testify or to produce subpoenaed items with contempt sanctions. (4) Restraining orders, injunctions and other relief. Any person who violates any provision of this chapter or any permit, standard, regulation, or requirement issued or promulgated pursuant to this chapter shall be subject to injunctive relief or other relief deemed appropriate. Upon a showing to the court that a violation is causing an imminent hazard to the public health, the public safety, or to the environment, the attorney general or prosecuting attorney need not allege or prove at any stage of the proceeding that long term irrepa-

19-2515, Idaho Code, every person guilty of murder of the first degree
shall be punished by death or by imprisonment for life, provided that

court shall set forth in its judgment and sentence a minimum period of
confinement of not less than ten (10) years during which period of
confinement the offender shall not be eligible for parole or discharge
or credit or reduction of sentence for good conduct, except for meri-

19-2513. INDETERMINATE UNIFIED SENTENCE. The minimum period of
imprisonment in the penitentiary heretofore provided by law for the
punishment of felonies; and each such minimum period of imprisonment
for felonies heretofore is abolished. Whenever any person is convicted of

the sentence, suspend or withhold judgment and sentence or grant
probation, as provided by chapter 26 of title 19, Idaho Code, or
unless it shall impose the death sentence as provided by law, sentence

tence shall be known as an indeterminate sentence; provided; however,
that the enactment of this act shall not affect the indictment, informa-
tion, prosecution, trial, verdict, judgment, or punishment of any
felonies heretofore committed, but all laws now and hitherto in
effect relating thereto are continued in full force and effect as to
such crimes heretofore committed. The court shall specify a minimum
period of confinement and may specify a subsequent indeterminate
period of custody. The court shall set forth in its judgment and sen-
tence the minimum period of confinement and the subsequent indetermi-

exceed the maximum provided by law. During a minimum term of confine-
ment, the offender shall not be eligible for parole or discharge or credit or reduction of sentence for good conduct except for meritorious service. The offender may be considered for parole or discharge at any time during the indeterminate period of the sentence.

If the offense carries a mandatory minimum penalty as provided by statute, the court shall specify a minimum period of confinement consistent with such statute. If the offense is subject to an enhanced penalty as provided by statute, or if consecutive sentences are imposed for multiple offenses, the court shall, if required by statute, direct that the enhancement or each consecutive sentence contain a minimum period of confinement; in such event, all minimum terms of confinement shall be served before any indeterminate periods commence to run.

(a) Subject to section 19-2513, Idaho Code, the commission shall have the power to establish rules, regulations, policies or procedures in compliance with chapter 52, title 67, Idaho Code, under which any prisoner, excepting any under sentence of death, may be allowed to go upon parole but to remain while on parole in the legal custody and under the control of the board and subject to be taken back into confinement at the direction of the commission provided, however, that no person serving a life sentence or serving a term of thirty (30) or more years shall be eligible for release on parole until he has served at least ten (10) years and no person serving a lesser sentence for any of the following crimes—homicide—in any degree; treason; rape by force; or—threat—of bodily harm; incest; crime against nature, committing a lewd act upon a child; robbery of any kind; kidnapping; burglary when armed with a dangerous weapon; or with an attempt or assault with intent to commit any of said crimes; or as an habitual offender, shall be eligible for release on parole until said person has served a period of five (5) years or one-third (1/3) of the sentence, whichever is the least. The provisions of this section shall affect only those persons who are sentenced on or after the first day of July, 1988, and are not intended to—repeat—or amend sections 19-2513A; 19-2520; or 19-2520A; Idaho Code.

(b) No person serving a sentence for rape, incest, committing a lewd act upon a child, crime against nature, or with an intent or an assault with intent to commit any of the said crimes or whose history and conduct indicate to the commission that he is a sexually dangerous person, shall be released on parole except upon the examination and evaluation of one or more psychiatrists or psychologists to be se-
lected by the commission and such evaluation shall be duly considered by the commission in making its parole determination. The commission may, in its discretion, likewise require a similar examination and evaluation for persons serving sentences for crimes other than those above enumerated. No psychiatrist or psychologist making such evaluation shall be held financially responsible to any person for denial of parole by the commission or for the results of the future acts of such person if he be granted parole.

(c) Before considering the parole of any prisoner, the commission shall afford the prisoner the opportunity to be interviewed. A parole shall be ordered only for the best interests of society when the commission reasonably believes that the prisoner no longer poses a threat to the safety of society, not as a reward of clemency and it shall not be considered to be a reduction of sentence or a pardon. A prisoner shall be placed on parole only when arrangements have been made for his employment or maintenance and care, and when the commission believes the prisoner is able and willing to fulfill the obligations of a law-abiding citizen. The commission may also by its rules, regulations, policies or procedures fix the times and conditions under which any application denied may be reconsidered.

(d) In making any parole or commutation decision with respect to a prisoner, the commission shall consider the compliance of the prisoner with any order of restitution which may have been entered according to section 19-5304, Idaho Code. The commission may make compliance with such an order of restitution a condition of parole.

SECTION 6. This act shall be in full force and effect on and after February 1, 1987, and the amendments in this act shall apply only to those persons who shall commit an offense on or after February 1, 1987, and are not intended to repeal or amend those provisions of the Code which apply to persons committing an offense prior to February 1, 1987, which provisions shall continue to apply, and further that amendments in this act are not intended to repeal or amend sections 19-2520, 19-2520A, 19-2520B, 19-2520C or 19-2520D, Idaho Code. CHAPTER 264
(H.B. No. 750)

AN ACT
RELATING TO STATE PURCHASING; AMENDING SECTION 67-5718, IDAHO CODE, TO PROVIDE PROCEDURES FOR NOTICE OF INTENT TO PROCURE PROPERTY;
AMENDING SECTION 67-5720, IDAHO CODE, TO PROVIDE FOR NOTICE OF SOLE SOURCE PROCUREMENT; AMENDING SECTION 67-5730, IDAHO CODE, TO PROVIDE FOR BIENNIAL REGISTRATION OF VENDORS, AND TO PROVIDE FOR THE REMOVAL OF VENDORS FROM THE LIST OF QUALIFIED VENDORS; AMENDING SECTION 67-5733, IDAHO CODE, TO PROVIDE FOR A CHALLENGE TO A SOLE SOURCE PROCUREMENT; PROVIDING FOR A SCHEDULE OF IMPLEMENTATION; AND APPROPRIATING MONEYS TO THE DEPARTMENT OF ADMINISTRATION FROM THE GENERAL ACCOUNT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-5718, Idaho Code, be, and the same is hereby amended to read as follows:

67-5718. REQUISITIONS FOR PROPERTY -- NOTICE -- FORM -- GUARANTEE -- PROCEDURE FOR BIDDING. The administrator of the division of purchasing shall not make or cause to be made any acquisition until a requisition for the property to be acquired has been filed in his office, and such requisition must bear the certificate of the head of the agency making the requisition that there are proper funds or sufficient balance in appropriations out of which the amount of the requisition may lawfully be paid, except as provided to the contrary under provisions of this chapter allowing emergency purchases.

If the property to be acquired may reasonably be expected to cost in excess of five thousand dollars ($5,000) if purchased, or two hundred dollars ($200) per month if procured, there must be accompanying the requisition a copy of the specifications proposed for use in the acquisition. Upon receipt of the requisition, notice must be commenced within a reasonable period of time and must allow not less than ten (10) days from notice to bid opening date.

Provided, however, that in cases where the total value of the property to be acquired is not in excess of five thousand dollars ($5,000) if purchased, or two hundred dollars ($200) per month if procured, the administrator shall notify registered vendors in such manner as he deems appropriate, and if he finds that it is impractical or impossible to obtain three two (32) bids for the proposed transaction, he may acquire the property in any manner he deems best. For any acquisition not otherwise requiring specifications, the same may be required by regulation drawn by the administrator.

Provided further, however, that in connection with the award of any contract for the placement of any order for state printing, binding, engraving or stationery work, the provisions of sections 60-101 and 60-103, Idaho Code, shall apply to the extent that the same may be inconsistent with any requirements contained in this section.

Notice shall be sent to each registered vendor of the property to be acquired, except that if there are more than twenty ten (210) registered vendors for the property to be acquired, the administrator of the division of purchasing may, in his discretion, limit the notices sent to twenty ten (210). Nothing shall prevent all registered vendors from bidding on the property to be acquired. The administrator shall cause all invitations to bid to be posted in a conspicuous place in his office.
The notice shall describe the property to be acquired in sufficient detail to apprise a bidder of the exact nature or functionality of the property required; and shall give the time when, and the place where, bids will be opened. The bid opening date shall be set forth in the specifications. Each bid shall be in writing, sealed and marked, "sealed bid for ...., to be opened ...., 19.." and shall be mailed or delivered to the office of the administrator of the division of purchasing at Boise, Idaho.

All sealed bids received shall be opened at the time and place specified in the invitation for bids, and in the public view, and a record of each bid shall then and there be made. Contracts shall be awarded to and orders placed with the lowest responsible bidder. The administrator shall have the right to reject any and all bids pursuant to rules and regulations established for the division.

Where both the bids and quality of property offered are the same, preference shall be given to property of local and domestic production and manufacture.

SECTION 2. That Section 67-5720, Idaho Code, be, and the same is hereby amended to read as follows:

67-5720. ACQUISITION OF MINOR ITEMS -- EMERGENCY PURCHASES. The administrator may allow, under rules and regulations prescribed, the purchase of minor items of property in the open market, provided such items are not available from the maintenance of stocks authorized by section 67-5727, Idaho Code. When immediate delivery of property is required by the public exigencies and the administrator of the division of purchasing has declared that an emergency exists, the property required may be acquired by open purchase, but at all times such purchases shall be made under the direction of the administrator. The administrator may, in his discretion, declare an emergency when he finds that particular savings to the state may be had through the use of educational discounts, acquisition of federal surplus or excess property, when there is only one (1) vendor for the property to be acquired, or under other circumstances approved by the director of the department of administration. When there is only one (1) vendor for the property to be acquired, unless the property is required for a life-threatening situation or a situation that is immediately detrimental to the public welfare or property, notice of a sole source procurement shall be published in a public, statewide publication at least ten (10) working days prior to the award of the contract. Payment vouchers for emergency acquisitions must contain upon their faces the justification for such purchases.

SECTION 3. That Section 67-5730, Idaho Code, be, and the same is hereby amended to read as follows:

67-5730. REGISTRATION OF VENDORS -- RULES AND PROCEDURE -- FAILURE TO BID -- DISQUALIFICATION OF VENDORS -- NOTICE. (1) No vendor shall be allowed to submit a bid unless such vendor is qualified and has registered prior to the time of the bid opening. All vendors are qualified unless disqualified. Qualified vendors shall be registered
at any time upon request and submission of information required by rule and regulation of the administrator of the division of purchasing which shall include, but not be limited to, the following: name of the vendor, an official address and telephone number at which to receive notices from the administrator of the division of purchasing and a list of the property which the vendor would sell or supply to the state, and this list may be stated in terms of a general class of property in place of a specific itemization. A ten dollar ($10.00) biennial registration fee shall accompany the request, which moneys shall be deposited in the general fund account of the state treasury.

Notice of renewal shall be mailed to the registered vendor at least sixty (60) days prior to the expiration date of the vendor's registration. Failure to renew the registration and pay the biennial registration fee shall result in removal of the vendor from the list of qualified vendors.

Registered vendors may be removed from the list of registered vendors for failure to participate by submitting a bid in five (5) consecutive acquisitions of property which such vendor is registered to supply to the state, and for which the vendor has been notified of intended acquisition. A vendor so removed shall be given notice of removal and shall be eligible for re-registration at any time unless otherwise disqualified.

(2) Vendors may be disqualified for any of the following reasons:
(a) Failure to perform according to the terms of any agreement;
(b) Attempts by whatever means to cause acquisition specifications to be drawn so as to favor a specific vendor;
(c) Use of the provisions of this chapter to obstruct or unreasonably delay acquisitions by the state. Obstruction is hereby defined as a lack of success in more than fifty per cent (50%) of the specification challenges made in each of three (3) different acquisitions during any twenty-four (24) month period;
(d) Perjury in a vendor disqualification hearing;
(e) To knowingly violate the provisions of this chapter.

(3) A vendor shall be notified by registered mail within ten (10) days of disqualification and may, within thirty (30) days of the receipt of such notice, request of the director of the department of administration a hearing before a determinations officer. Any hearings shall be held in accordance with chapter 52, title 67, Idaho Code.

(4) In lieu of disqualification, the determinations officer may recommend to the director of the department of administration specific conditions to the vendor's continued participation in acquisitions by the state.

(5) Disqualification or conditions may be imposed for a period of not less than six (6) months or not more than five (5) years.

SECTION 4. That Section 67-5733, Idaho Code, be, and the same is hereby amended to read as follows:

67-5733. ADMINISTRATIVE APPEALS. (1) (a) There shall be, beginning with the day of receipt of notice, a period of not more than ten (10) working days in which any vendor, registered as able to sell or supply the items to be acquired, may notify in writing the adminis-
trator of the division of purchasing of his intention to challenge the specifications and briefly explain the nature of his challenge. Such vendor shall issue a specific challenge to the specifications within not more than ten (10) additional working days. The specific challenge shall describe the location of the challenged portion or clause in the specification document, unless the challenge concerns an omission, explain why any provision should be struck, added or altered, and contain suggested corrections. All registered vendors who were invited to bid on the property sought to be acquired shall be sent a copy of both the notice to challenge and the specific challenge and may indicate in writing their agreement or disagreement with the challenge within five (5) days. Any registered vendor may note his agreement or disagreement with the challenge.

Upon receipt of the challenges and responses the administrator of the division of purchasing shall make the corrections suggested or he shall present the matter to the director of the department of administration for the appointment of a determinations officer. The determinations officer, after hearing, if requested in writing by a registered vendor capable of supplying the property or on his own motion, shall refer the challenged portion and any related portions to the author of the specification to be rewritten with the advice and comments of the registered vendors capable of supplying the property and/or reject all or any part of any challenge. If specifications are to be rewritten, the matter shall be continued until the officer makes a final determination of the acceptability of the revised specifications.

The administrator shall reset the bid opening no later than thirty (30) days after a final determination of challenges or the amendment of specifications.

The final decision of the determinations officer or administrator on the challenge to specifications shall not be considered a contested case within the meaning of the administrative procedure act; provided that a vendor disagreeing with specifications may include such disagreement as a reason for asking for appointment of a determinations officer pursuant to section 67-5733(1)(c), Idaho Code.

(b) There shall be, beginning with the day of receipt of notice of rejection, a period of five (5) working days in which a bidder whose bid was rejected may appeal such rejection to a determinations officer. A rejected bidder within the meaning of this act is a bidder whose bid is not considered for any reason and shall not apply to a vendor whose bid is considered but who is determined not to be the lowest responsible bidder as defined in this act. The director shall appoint a determinations officer to hear the appeal and shall upon receipt of a written recommendation from the determinations officer, sustain, modify or reverse the administrator's decision not to consider a bid.

(c) A vendor whose bid is considered may, within five (5) working days following receipt of notice that he is not the lowest responsible bidder, apply to the director of the department of administration for appointment of a determinations officer. The application shall set forth in specific terms the reasons why the administrator's decision is thought to be erroneous. Upon receipt of the application, the
director shall within three (3) working days:

(i) Deny the application, and such denial shall be considered the final agency decision; or

(ii) Appoint a determinations officer to review the record to determine whether the administrator's selection of the lowest responsible bidder is correct; or

(iii) Appoint a determinations officer with authority to conduct an adversary hearing within the context of the administrative procedure act.

A determinations officer appointed pursuant to section 67-5733(1)(c)(ii), Idaho Code, shall inform the director by written recommendation whether, in his opinion, the administrator's selection of the lowest responsible bidder is correct. The determinations officer in making this recommendation may rely on the documents of record, statements of employees of the state of Idaho participating in any phase of the selection process, and statements of any vendor submitting a bid. An adversary hearing shall not be allowed and the determinations officer shall not be required to solicit statements from any person. Upon receipt of the recommendation from the determinations officer, the director shall sustain, modify or reverse the decision of the administrator on the selection of the lowest responsible bidder or the director may appoint a determinations officer pursuant to section 67-5733(1)(c)(iii), Idaho Code.

A determinations officer appointed pursuant to section 67-5733(1)(c)(iii), Idaho Code, shall inform the director by written recommendation whether, in his opinion, the administrator's selection of the lowest responsible bidder is correct. The determinations officer shall prepare findings of fact and conclusions of law for the director of the department of administration. Upon receipt of the findings of fact and conclusions of law, the director shall sustain, modify or reverse the decision of the administrator on the selection of the lowest responsible bidder.

(d) In the case of a sole source procurement, there shall be a period of not more than five (5) working days from the last date of public notice in which any vendor, able to sell or supply the item(s) to be acquired, may notify the administrator of the division of purchasing, in writing, of his intention to challenge the sole source procurement and briefly explain the nature of the challenge.

Upon receipt of the challenge, the director shall appoint a determinations officer to hear the challenge and, upon receipt of the written recommendation of the determinations officer, sustain, modify or reverse the approval for the sole source procurement. If unregistered, the vendor issuing the challenge shall be required to register as a vendor to the state.

(e) The administrator of the division of purchasing may, on his own initiative, file a complaint with the director for a hearing before a determinations officer. The director shall appoint a determinations officer who shall make written recommendations to the director and the director shall render whatever decision is necessary to resolve the complaint.

(2) The director of the department of administration is hereby authorized and directed to appoint a determinations officer whenever one is required by this act. The officer shall meet and render whatever determination is called for. When a complaint is filed pursuant to section 67-5733(1)(b), Idaho Code, no bid may be awarded until the
final decision is rendered by the director of the department of admin­
istration; provided that in all other cases where a determinations
officer is appointed by the director, the director shall have the
power to allow the acquisition contract to be awarded to the success­
ful bidder prior to or after the decision of the determinations offi­
cer if he determines such award to be in the best interest of the
state. Any determinations officer appointed pursuant to this act shall
exist only for the duration of unresolved complaints on an acquisi­
tion and shall be dismissed upon resolution of all such complaints.
The determinations officer shall be guided in his determination by the
best economic interests of the state for both the near future and more
extended periods of time. In addition to the powers conferred on the
determinations officer, the director of the department of administra­
tion may: impose the penalty prescribed by section 67-5734(3), Idaho
Code; enjoin any activity which violates this act; direct that bids be
rejected, or sustained; direct that specifications be rejected, sus­
tained or modified; and direct further legal action.

(3) A challenge filed pursuant to section 67-5733(1)(a), Idaho
Code, shall not be considered to be a contested case as that term is
defined in the administrative procedure act, provided that all other
final decisions rendered by the director of the department of adminis­
tration pursuant to section 67-5733, Idaho Code, shall be considered
to be contested cases as that term is defined in the administrative
procedure act.

SECTION 5. The administrator of the division of purchasing shall
initiate the registration renewal process authorized in section
67-5730, Idaho Code, as quickly as possible following July 1, 1986,
and shall utilize a process to allow the renewals to be spread as uni­
formly as practicable across the biennium. Vendors currently regis­
tered shall remain registered unless they fail to renew registration
when requested or are otherwise disqualified, at which time the vendor
shall be removed from the list of registered vendors.

SECTION 6. There is hereby appropriated to the Department of
Administration solely for the purposes of this act, the sum of $30,000
from the General Account.

Approved April 4, 1986.

(II) Upon each owner or party in interest whose name and address is known, by mailing a copy of the notice by registered mail to the last-known address.

(B) Within twenty (20) days after the mailing or publication of the notice, the owner of the conveyance or claimant may file a verified answer and claim to the property described in the complaint instituting forfeiture proceedings.

(C) If at the end of twenty (20) days after the notice has been mailed there is no verified answer on file, the court shall hear evidence upon the fact of the unlawful use, or intent to use, and shall order the property forfeited to the director, if such fact is proved.

(D) If a verified answer is filed, the forfeiture proceeding shall be set for hearing before the court without a jury on a day not less than thirty (30) days therefrom; and the proceeding shall have priority over other civil cases.

(II) At the hearing any owner who has a verified answer on file may show by competent evidence that his interest in the conveyance is not subject to forfeiture because he could not have known in the exercise of reasonable diligence that the conveyance was being used or, had been used, was intended to be used to--unlawfully--transport--any--property-described-in-paragraphs-(1)--and-(2)--of--or--had--been--intended--to--be--used--in--any--manner--described--in--subsection--(a)(4)--of--this--section.

(IV) An owner, co-owner or claimant of any right, title, or interest in the conveyance may prove that his right, title, or interest, whether under a lien, mortgage, conditional sales contract or otherwise, was created without any knowledge or reason to believe that
the conveyance was being or used, had been used, was intended to be used, or had been intended to be used for the purpose charged alleged;

(i) In the event of such proof, the court shall order the conveyance released to the bona fide or innocent owner, purchaser, lien holder, mortgagee, or conditional sales vendor. The court may order payment of all costs incurred by the state or law enforcement agency as a result of such seizure.

(ii) If the amount due to such person is less than the value of the conveyance, the conveyance may be sold at public auction by the director. (iii) In any case, the director may, within thirty
(30) days after judgment, pay the balance due to the bona fide lien holder, mortgagee or conditional sales vendor and thereby purchase the conveyance for use to enforce this act.

(e) When property is forfeited under this Act section, or is received from a federal enforcement agency, the director may:

(1) Retain it for official use;
(2) Sell that which is not required to be destroyed by law and which is not harmful to the public.

The director shall publish a notice of the sale by at least one publication in a newspaper published and circulated in the city, community or locality where the sale is to take place at least one week prior to sale of the property. The proceeds from such sale shall be distributed as follows in the order indicated:

(A) To the director, or by the director, to his agent, county or city law enforcement agency, for all expenditures made or incurred by him in connection with the sale, including expenditure for any necessary repairs, maintenance, storage or transportation, and for all expenditures made or incurred by him in connection with the forfeiture proceedings including but not limited to expenditures for witnesses' fees, reporters' fees, transcripts, printing, traveling and investigation.
(B) To the law enforcement agency of this state which seized the property for all expenditures for traveling, investigation, storage and other expenses made or incurred after the seizure and in connection with the forfeiture of any property seized under this act.
(C) The remainder, if any, to the director for credit to the drug enforcement donation account.

(3) Take custody of the property and remove it for disposition in accordance with law; or
(4) Upon the recommendation of the director only, the court may order property forfeited, in whole or in part, to a city or county the law enforcement agency of which participated in the events leading to the seizure of the property. Upon such order, the city or county shall use the property for drug enforcement purposes consistent with this act.

(f) (1) The director or any peace officer of this state seizing any of the property described in paragraphs (1) and (2) of subsection (a) of this section shall cause a written inventory to be made and maintain custody of the same until all legal actions have been exhausted unless such property has been placed in lawful custody of a court or state or federal law enforcement agency. After all legal actions have been exhausted with respect to such property, the property shall be surrendered by the court, law enforcement agency, or person having custody of the same to the director to be destroyed pursuant to paragraph (2) hereof. The property shall be accompanied with a written inventory on forms furnished by the director.
(2) All property described in paragraphs (1) and (2) of subsection (a) which is seized or surrendered under provisions of this act may be destroyed after all legal actions have been exhausted. The destruction shall be done under the supervision of the supervisory drug analyst of the department of health and welfare, a representative of the office of the director and a representative of the state board of pharmacy. An official record listing the property destroyed and the location of destruction shall be kept on file at the office of the director. Except, however, that the director of the department of law enforcement or his designee may authorize the destruction of drug or nondrug evidence, specifically marijuana or nondrug items used in the planting, cultivation or harvesting of marijuana, when, in the opinion of the director or his designee, it is not reasonable to remove or transport such items from the location of the seizure for destruction. In such case, a sample of the marijuana will be removed and preserved for evidentiary purposes and, when practicable, destroyed as otherwise is in accordance with this chapter. On-site destruction of such items shall be witnessed by at least two persons, one of whom shall be the director or his designee who shall make a record of the destruction.

(g) Species of plants from which controlled substances in schedules I and II may be derived which have been planted or cultivated in violation of this act, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the state.

(h) The failure, upon demand by the director, or his duly authorized agent, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored, to produce an appropriate registration, or proof that he is the holder thereof, constitutes authority for the seizure and forfeiture of the plants.

(i) The director shall have the authority to enter upon any land or into any dwelling pursuant to a search warrant, to cut, harvest, carry off or destroy such plants described in subsection (g) hereof.

The members of the commission shall annually meet at their offices in the city of Boise and organize by electing from their membership a chairman, who shall hold office for a period of one (1) year, or until his successor has been duly elected. In addition to the regular annual meeting, to be held in January, said commission shall hold other regular quarterly meetings in April, July and October of each year at such places within the state as the commission shall select for the transaction of business. Special meetings may be called at any time and place by the chairman or a majority of the members of the commission. Notice of the time, place and purpose of any and all special meetings shall be given by the secretary to each member of the commission prior to said meeting.

(b) Authorization for Commission Powers and Duties. For the purpose of administering the policy as declared in section 36-103, Idaho Code, the commission is hereby authorized and empowered to:

1. Investigate and find facts regarding the status of the state's wildlife populations in order to give effect to the policy of the state hereinbefore announced.

2. Hold hearings for the purpose of hearing testimony, considering evidence and determining the facts as to when the supply of any of the wildlife in this state will be injuriously affected by the taking thereof, or for the purpose of determining when an open season may be declared for the taking of wildlife. Whenever said commission determines that the supply of any particular species of wildlife is being, or will be, during any particular period of time, injuriously affected by depletion by permitting the same to be taken, or if it should find a longer or different season, or different bag limit should be adopted for the better protection thereof, or if it finds that an open season may be declared without endangering the supply thereof, then it shall make an order embodying its findings in respect to when, under what circumstances, in which localities, by what means, what sex, and in what amounts and numbers the wildlife of this state may be taken.

3. Whenever it finds it necessary for the preservation, protection, or management of any wildlife of this state, by reason of any act of God or any other sudden or unexpected emergency, declare by written order the existence of such necessity, and the cause thereof, and prescribe and designate all affected areas or streams, and close the same to hunting, angling or trapping, or impose such restrictions and conditions upon hunting, angling or trapping as said commission shall find to be necessary.

   (A) Every such emergency order shall be made in accordance with the provisions of section 67-5202(2)(b), Idaho Code.

   (B) Any person knowingly hunting, angling or trapping in an area or stream closed by any such emergency order, and before such order has been rescinded, shall be deemed guilty of a misdemeanor.

5. Upon notice to the public, hold a public drawing giving to license holders, under the wildlife laws of this state, the privilege of drawing by lot for a controlled hunt permit authorizing the person to whom issued to hunt, kill, or attempt to kill any species of wild animals or birds designated by the commission under such rules and regulations as it shall prescribe. All procedures under this section shall be under the control and in the discretion of the director of the department of fish and game. It is a misdemeanor for any person to transfer any such permit to any other person, or for any person to make use of such permit issued to any other person.

9. Enter into cooperative agreements with state and federal agencies, municipalities, corporations, organized groups of landowners, associations, and individuals for the development of wildlife rearing, propagating, management, protection and demonstration projects.

10. In the event owners or lawful possessors of land have restricted the operation of motor-propelled vehicles upon their land, the commission, upon consultation with all other potentially affected landowners, and having held a public hearing, if requested by not less than ten (10) residents of any county in which the land is located, may enter into cooperative agreements with those owners or possessors to enforce those restrictions when
the restrictions protect wildlife or wildlife habitat. Provided, however, the commission shall not enter into such agreements for lands which either lie outside or are not adjacent to any adjoining the proclaimed boundaries of the national forests in Idaho.

(A) The landowners, with the assistance of the department, shall cause notice of the restrictions, including the effective date thereof, to be posted on the main traveled roads entering the areas to which the restrictions apply. Provided, however, that nothing in this subsection shall allow the unlawful posting of signs or other information on or adjacent to public highways as defined in subsection (5) of section 40-109, Idaho Code.

(B) Nothing in this section authorizes the establishment of any restrictions that impede normal forest or range management operations.

(C) It shall be a misdemeanor for any person to violate such restrictions on the use of motor-propelled vehicles or to tear down or lay down any fencing or gates enclosing such a restricted area or to willfully remove, mutilate, damage or destroy any notices, signs or markers giving notice of such restrictions. The commission may promulgate rules and regulations to administer the restrictions and cooperative agreements addressed in this subsection.

101. Capture, propagate, transport, buy, sell or exchange any species of wildlife needed for propagation or stocking purposes, or to exercise control of undesirable species.

RELATING TO THE SALES TAX; AMENDING SECTION 63-3613, IDAHO CODE, TO
PROVIDE THAT TANGIBLE PERSONAL PROPERTY WHEN SOLD AT RETAIL FOR MORE THAN ELEVEN CENTS BUT LESS THAN ONE DOLLAR AND ONE CENT THROUGH A VENDING MACHINE SHALL BE DEEMED TO HAVE SOLD AT A SALES PRICE EQUAL TO ONE HUNDRED SEVENTEEN PER CENT OF THE PRICE WHICH IS PAID FOR SUCH TANGIBLE PERSONAL PROPERTY AND/OR ITS COMPONENT PARTS INCLUDING PACKAGING BY THE OWNER OR OPERATOR OF THE VENDING MACHINES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3613, Idaho Code, be, and the same is hereby amended to read as follows:

63-3613. SALES PRICE. (a) The term "sales price" means the total amount for which tangible personal property, including services agreed to be rendered as a part of the sale, is sold, rented or leased, valued in money, whether paid in money or otherwise, without any deduction on account of any of the following:

1. The cost of the property sold. However, in accordance with such rules and regulations as the state tax commission may prescribe, a deduction may be taken if the retailer has purchased property for some purpose other than resale or rental, has reimbursed his vendor for tax which the vendor is required to pay to the state or has paid the use tax with respect to the property, and has resold or rented the property prior to making any use of the property other than retention, demonstration or display while holding it for sale in the regular course of business. If such a deduction is taken by the retailer, no refund or credit will be allowed to his vendor with respect to the sale of the property.
2. The cost of materials used, labor or service cost, losses, or any other expense.
3. The cost of transportation of the property prior to its sale.
4. The face value of manufacturer's refund coupons.

(b) The term "sales price" does not include any of the following:

2. Any sums allowed on merchandise accepted in part payment of other merchandise, provided that this allowance shall not apply to the sale of a "new mobile home" as defined herein.
3. The amount charged for property returned by customers when the amount charged therefor is refunded either in cash or credit; but this exclusion shall not apply in any instance when the customer, in order to obtain the refund, is required to purchase other property at a price greater than the amount charged for the property that is returned.
4. The amount charged for labor or services rendered in installing or applying the property sold, provided that said amount is stated separately and such separate statement is not used as a means of avoiding imposition of this tax upon the actual sales price of the tangible personal property.
5. The amount of any tax (not including, however, any manufacturers' or importers' excise tax) imposed by the United States upon or with respect to retail sales whether imposed upon the retailer or the consumer.

6. The amount charged for finance charges, carrying charges, service charges, time-price differential, or interest on deferred payment sales, provided such charges are not used as a means of avoiding imposition of this tax upon the actual sales price of the tangible personal property.

7. Charges for transportation of tangible personal property after sale.

(c) The sales price of a "new mobile home" as defined in this act shall be limited to and include only fifty-five per cent (55%) of the sales price as otherwise defined herein.

(d) For sales made on and after January 1, 1967, taxes previously paid on amounts represented by accounts found to be worthless and actually charged off for income tax purposes may be credited upon a subsequent payment of the tax herein provided or, if no such tax is due, refunded; provided, however, that such credit or refund may be claimed only upon that sales tax returned for the month following the filing date of the taxpayer's state income tax return in which a deduction is claimed for such worthless accounts. If such accounts are thereafter collected, a tax shall be paid upon the amount so collected.

(e) Tangible personal property when sold at retail for more than eleven cents ($0.11) but less than seventy-six-cents one dollar and one cent ($0.761.01) through a vending machine shall be deemed to have sold at a sales price equal to one hundred seventeen per cent (117%) of the price which is paid for such tangible personal property and/or its component parts including packaging by the owner or operator of the vending machines.

42-204. EXAMINATION—PERMIT—COMMENCEMENT OF WORK—EXTENSIONS—APPEAL. On receipt of the application, which shall be of a form prescribed by the department of water resources, it shall be the duty of that department to make an indorsement thereon of the date of
its receipt, and to examine said application and ascertain if it sets forth all the facts necessary to show the location, nature and amount of the proposed use. If upon such examination the application is found defective, it shall be the duty of the department of water resources to return the same for correction or to correspond with the applicant to obtain the needed information or amendments. If the application is returned to the applicant or the department shall request additional information and the applicant fails to return the corrected application or to supply the needed information within thirty (30) days, the department may void the record of said application and notify the applicant of such action. If the corrected application is returned or the information is supplied after thirty (30) days, such corrected application shall be treated in all respects as a new application, and the priority of the right initiated shall be determined by the date of receipt, in the office of the department, of the corrected application or additional information; provided, that upon request, and good cause appearing therefor, the director of the department of water resources may grant an extension of time within which to return the corrected application or supply needed information. All applications which shall comply with the provisions of this chapter and with the regulations of the department of water resources shall be numbered in such manner as will aid in their identification, and it shall be the duty of the department to approve all applications, made in proper form, which contemplate the application of water to a beneficial use: provided, that the department may deny any such application, or may partially approve and grant permit for a lesser quantity of water than applied for, or may grant permit upon conditions as provided in the preceding section.

The approval of an application shall be indorsed thereon, and a record made of such indorsement in the department of water resources. The application so indorsed shall constitute a permit, and a copy thereof shall be returned to the applicant, and he shall be authorized, on receipt thereof, to proceed with the construction of the necessary works for the diversion of such water, and to take all steps required to apply the water to a beneficial use and perfect the proposed appropriation. In its indorsement of approval on any application the department shall require that actual construction work and application of the water to full beneficial use shall be complete within a period of five (5) years from the date of such approval, but may limit the application to a less period than is named in the application, and such indorsement shall give the date when beneficial application of the water to be diverted by such works shall be made. Sixty (60) days before the date set for the completion of the appropriation of water under any permit, the department shall forward a notice to the applicant by certified mail at his address of record of the date for such completion, which said notice shall advise the applicant of the necessity of submitting an affidavit of completion or a request for an extension of time on or before said date; Provided that:

1. In cases where the applicant is prevented from proceeding with his work by his failure to obtain necessary consent or final approval or rejection from the federal government because of the pendency of an application for right of way or other matter within the jurisdiction
of the United States, or by litigation of any nature which might bring
his title to said water in question, the department of water resources
upon proper showing of the existence of any such condition, and being
convinced that said applicant is proceeding diligently and in good
faith, shall extend the time so that the amount of time lost by such
delays shall be added to the time given in the original permit for
each and every action required.

2. The time for completion of works and application of the water
to full beneficial use under any permit involving the construction of
a reservoir of more than two hundred thousand (200,000) acre feet
capacity, or for the appropriation of water to be impounded in such
reservoir of more than two hundred thousand (200,000) acre feet capac-

feet in one (1) irrigation season for a project of no less than five
thousand (5,000) acres, may upon application to the director of the
department of water resources supported by a showing that additional
time is needed on account of the time required for organizing, financ-
ing and constructing works of such large size, be extended by the
director of the department of water resources for an additional period
of seven (7) years, but not to exceed twelve (12) years in all from
the date of permit: Provided, that no such extension shall be granted
unless the applicant for such extension shall show that there has been
actually expended toward the construction of said reservoir or diver-
sion (including expenditures for the purchase of rights of way and
property in connection therewith) at least one hundred thousand
dollars ($100,000).

3. The time for completion of works and application of the water
to full beneficial use under any permit involving the construction of
a reservoir of more than ten thousand (10,000) acre feet capacity, or
for the appropriation of water to be impounded in such reservoir of
more than ten thousand (10,000) acre feet capacity, may be extended by
the director of the department of water resources upon application to
the director if the permittee establishes that the permittee has exer-
cised reasonable diligence and that good cause exists for the
requested extension.

4. In connection with permits held by the United States, or the
Idaho water resource board, whether acquired as the original appli-
cant, by assignment or otherwise, the director of the department of
water resources may extend the time for completion of the works and
application of the water to full beneficial use for such additional
period or periods of time as he may deem necessary upon application
supported by a showing that such additional time is required by reason
of the status of plans, authorization, construction fund appropri-
tions, construction, or any arrangements which are found to be requi-
site to completion of the construction of such works.

45. In all other situations not governed by these provisions the
department may grant one (1) extension of time, not exceeding five (5)
years beyond the date originally set for completion of works and
application of the water to full beneficial use, upon request for
extension received on or before the date set for completion, provided
good cause appears therefor.

Any applicant feeling himself aggrieved by the indorsement made by
the department of water resources upon his application may request a hearing before the director in accordance with section 42-1701A(3), Idaho Code, for the purpose of contesting the indorsement and may seek judicial review pursuant to section 42-1701A(4), Idaho Code, of any final decision of the director following the hearing.

Every holder of a permit which shall be issued under the terms and conditions of an application filed hereafter appropriating twenty-five (25) cubic feet or less per second must, within one (1) year from the date upon which said permit issues from the office of the department of water resources, commence the excavation or construction of the works by which he intends to divert the water, and must prosecute the work diligently and uninterruptedly to completion, unless temporarily interrupted through no fault of the holder of such permit by circumstances, over which he has no control.

The--director-shall, prior to duty to, notify holders of permits existing on the effective date of the act of the provisions of this act. Notice shall be by mail to the permit holder's last known address. Existing permit holders shall have one (1) year from the date of mailing to meet the provisions of this section.

The holder of any permit who shall fail to comply with the provisions of this section within the time or times specified shall be deemed to have abandoned all rights under his permit.

42-222. CHANGE IN POINT OF DIVERSION, PLACE OF USE, PERIOD OF USE, OR NATURE OF USE OF WATER UNDER ESTABLISHED RIGHTS -- FORFEITURE AND EXTENSION -- APPEALS. (1) Any person, entitled to the use of water whether represented by license issued by the department of water resources, by claims to water rights by reason of diversion and application to a beneficial use as filed under the provisions of this chapter, or by decree of the court, who shall desire to change the point of diversion, place of use, period of use or nature of use of

Such application shall be upon forms furnished by the department and shall describe the right licensed, claimed or decreed which is to be changed and the changes which are proposed, and shall be accompanied by the statutory filing fee as in this chapter provided. Upon receipt of such application it shall be the duty of the director of the department of water resources to examine same, obtain any consent required by section 42-108, Idaho Code, and if otherwise proper to cause provide notice of the proposed change to-be-published-once-a-week-for-two-(2) consecutive-weeks-in-a-newspaper-published-and-of-general-circulation within-the-county-where-the-water-is-diverted-if-there-is-such-paper; otherwise--in-a-newspaper-of-general-circulation-within-the-county in the same manner as applications under section 42-203A, Idaho Code. Such notice shall advise that anyone who desires to protest the proposed change shall file notice of protests with the department within ten (10) days of the last date of publication. Upon the receipt of any protest it shall be the duty of the director of the department of water resources to investigate the same and to conduct a hearing thereon. He shall also advise the watermaster of the district in which such water is used of the proposed change and the watermaster shall notify the director of the department of water resources of his recommendation on the application, and the director of the department of water resources shall not finally determine the action on the application for change until he has received from such watermaster his recommendation thereof, which action of the watermaster shall be received and considered as other evidence.

The director of the department of water resources shall examine all the evidence and available information and shall approve the change in whole, or in part, or upon conditions, provided no other water rights are injured thereby, the change does not constitute an enlargement in use of the original right, and the change is in the local public interest as defined in section 42-203, Idaho Code; except the director shall not approve a change in the nature of use from agricultural use where such change would significantly affect the agricultural base of the local area. The director shall not approve such a change in nature of use of a water right if a change has previously been allowed except where the change is back to the original use. The transfer of the right to the use of stored water for irrigation purposes shall not constitute an enlargement in use of the original right even though more acres may be irrigated, if no other water rights are injured thereby. A copy of the approved application for change shall be returned to the applicant and he shall be authorized upon receipt thereof to make the change and the original water right shall be presumed to have been amended by reason of such authorized change. In the event the director of the department of water resources determines that a proposed change shall not be approved as provided in this section, he shall deny the same and forward notice of such action to the applicant by certified mail, which decision shall be subject to judicial review as hereafter provided.

Provided, further, that upon proper showing before the director of the department of water resources of good and sufficient reason for nonapplication to beneficial use of such water for such term of five (5) years, the director of the department of water resources is hereby authorized to grant an extension of time extending the time for forfeiture of title for nonuse thereof, to such waters for a period of not to exceed five (5) additional years. Application for an extension shall be made before the end of the five (5) year period upon forms to be furnished by the department of water resources and shall fully describe the right on which an extension of time to resume the use is requested and the reasons for such nonuse and shall be accompanied by the statutory filing fee. Upon the receipt of such application it shall be the duty of the director of the department of water resources to examine the same and to cause notice to be published—once—a—week for—two—(2)—consecutive—weeks—in—a—newspaper—published—and—of—general circulation—within—the—county—where—the—water—has—been—diverted—if there—is—such—a—paper,—otherwise—in—a—newspaper—of—general—circulation within—the—county provide notice of the application for an extension in the same manner as applications under section 42-203A, Idaho Code. The notice shall fully describe the right, the extension for which is requested and the reason for such nonuse and shall state that any person desiring to object to the requested extension may submit a protest to the director of the department of water resources within ten (10) days of the last date of publication. Upon receipt of a protest it shall be the duty of the director of the department of water resources to investigate and conduct hearing thereon as in this chapter provided. The director of the department of water resources shall find from the evidence presented in any hearing, or from information available to the department, the reasons for such nonuse of water and where it appears to the satisfaction of the director of the department of water resources that other rights will not be impaired by granting an extension of time within which to resume the use of the water and good cause appearing for such nonuse, he may grant one (1) extension of five (5) years within which to resume such use. In his approval of the application for an extension of time under this section the director of the department of water resources shall set the date when the use of water is to be resumed. Sixty (60) days before such date the director of the department of water resources shall forward to the applicant at his address of record a notice by certified mail setting forth the date on which the use of water is to be resumed and a form for reporting the resumption of the use of the water right. If the use of the water has not been resumed and report thereon made on or before the date set for resumption of use such right shall revert to the state and again be subject to appropriation, as provided in this section. In the event the director of the department of water resources determines that a proposed extension of time within which to resume use of a water right shall not be approved as provided in this section he shall deny same and forward notice of such
action to the applicant by certified mail, which decision shall be subject to judicial review as hereafter provided.

(3) Any person or persons feeling themselves aggrieved by the determination of the department of water resources in approving or rejecting an application to change the point of diversion, place, period of use or nature of use of water under an established right or an application for an extension of time within which to resume the use of water as provided in this section, may, if a protest was filed and a hearing held thereon, seek judicial review pursuant to section 42-1701A(4), Idaho Code. (6) The legal remedies for any person served with an order or assessment under this section are as prescribed in this chapter.

(7) If the commission enters into any agreement under the authority of this section, and the provisions set forth in the agreement are in conflict with any rules or regulations promulgated by the commission, the agreement provisions prevail.

Upon the granting of such immunity, if the registered owner fails or refuses to testify fully, such refusal shall constitute an admission of liability for civil, administrative purposes, and the judge shall suspend the driver's license of such registered owner for a period not to exceed thirty (30) days, or impose a civil penalty of not more than one hundred dollars ($100), or impose both the suspension and fine. If, otherwise, at the conclusion of the hearing the judge finds by a preponderance of the evidence, on the record as a whole, that the registered owner committed such acts described in section 49-1132, Idaho Code, such judge shall suspend the driver's license of that person for a period not to exceed thirty (30) days.

39-4423. DISPOSAL OF RESTRICTED HAZARDOUS WASTES PROHIBITED.
(1) Notwithstanding any other provision of law to the contrary, no person shall discharge, deposit, inject, dump, spill, leak, or place any restricted hazardous waste, as defined in section 39-4403, Idaho Code, into or on any land or water at a commercial hazardous waste facility or site.

(2) The department may issue a variance from the requirements of subsection (1) of this section, if, in the judgment of the director, application of the requirements would cause undue hardship and the granting of the variance would not be harmful to the public interest or inconsistent with RCRA requirements. In issuing the variance, the director shall take into account:
   (a) The long-term uncertainties associated with land disposal;
   (b) The goal of managing hazardous waste in an appropriate manner in the first instance; and
   (c) The persistence, toxicity, mobility, and propensity to bioaccumulate of such hazardous wastes and their hazardous constituents.

(3) (a) The board shall promulgate rules and regulations specifying those levels or methods of treatment, if any, which substantially diminish the toxicity of the waste or substantially reduce the likelihood of migration of hazardous constituents from the waste so that short-term and long-term threats to human health and the environment are minimized.
   (b) If such restricted hazardous waste has been treated to the level or by a method specified in regulations promulgated under this subsection, such waste or residue thereof shall not be subject to the prohibition in subsection (1) of this section and may be disposed of in a land disposal facility which meets the requirements of this chapter.

Approved April 3, 1986.
PROMULGATE CERTAIN RULES AND REGULATIONS; AMENDING CHAPTER 23, TITLE 39, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 39-2302, IDAHO CODE, TO PROVIDE DEFINITIONS; AMENDING SECTION 39-2302, IDAHO CODE, TO REDESIGNATE THE SECTION AND TO SPECIFY THAT AGRICULTURAL BURNING FEES SHALL BE FOR CERTAIN COUNTIES ONLY; AMENDING SECTION 39-2303, IDAHO CODE, TO REDESIGNATE THE SECTION; AMENDING CHAPTER 23, TITLE 39, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 39-2305, IDAHO CODE, TO PROVIDE FOR AGRICULTURAL FIELD BURNING; AND REPEALING CERTAIN RULES OF THE DEPARTMENT OF HEALTH AND WELFARE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-2301, Idaho Code, be, and the same is hereby amended to read as follows:

39-2301. LEGISLATIVE FINDINGS AND INTENT. The legislature finds that current knowledge and technology support the practice of burning grass seed fields to control disease, weeds, and pests and the practice of burning cereal crop residues where soil has inadequate decomposition capacity. It is the intent of the legislature to promote those agricultural activities currently relying on field burning and minimize any potential effects on air quality. In order to implement the provisions of this chapter, the department of health and welfare shall by regulation establish a smoke management plan. It is the further intent of the legislature that the department shall not promulgate rules and regulations relating to a smoke management plan, but rather that the department cooperate with the agricultural community in establishing a voluntary smoke management program.

SECTION 2. That Chapter 23, Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a new section, to be known and designated as Section 39-2302, Idaho Code, and to read as follows:

39-2302. DEFINITIONS. In this chapter:
(1) "Cereal grain field" means a field of grass cultivated for edible seeds such as wheat, oats, barley, rye, rice, maize, grain, sorghum, and proso millet.
(2) "Department" means the Idaho department of health and welfare.
(3) "Director" means the director of the Idaho department of health and welfare.
(4) "Field grass" or "forage grass field" means a field which has been planted with one (1) of the following varieties of grass for the purpose of producing seed: canary grass, bromegrass, oat grass, Timothy grass, wheat grass, or orchard grass.
(5) "Good smoke dissipation" means smoke rises well above ground level.
(6) "Reasonable efforts" means, but is not limited to, the obtaining of any available information on local meteorological conditions and observing the smoke plume from small test fires or from
other field burns.

(7) "Turf grass field" means a field which has been planted with
one (1) of the following varieties of grass for the purpose of produc-
ing seed: bluegrass, bent grass, fescues, or perennial ryegrass.

SECTION 3. That Section 39-2302, Idaho Code, be, and the same is
hereby amended to read as follows:

39-23023. AGRICULTURAL BURNING FEES -- ACCOUNT -- REGULATIONS --
RESEARCH -- MANAGEMENT PROGRAM. (1) Any person who applies to the
department of health and welfare for an agricultural burning permit
required by regulations adopted pursuant to section 39-107, Idaho
Code, to be conducted in Kootenai or Benewah counties shall pay to the
department a fee of one dollar ($1.00) per acre of cropland to be
burned. The department shall remit all fees monthly to the state
treasurer, who shall deposit the moneys in the state agricultural
smoke management account which is hereby created. The board of health
and welfare may, upon the recommendation of the department, adopt
rules and regulations pertaining to:

(a) Collection, handling, and refund of fees established in this
subsection; and

(b) Disbursement of funds from the account as provided in subsec-
tion (2) of this section.

(2) The department of health and welfare may use moneys from the
agricultural smoke management account as appropriated annually by the
legislature for:

(a) Research to: (i) develop alternative crops which do not
require burning; (ii) improve burning and cultural practices for
crops which may require burning; and (iii) explore alternatives to
burning; and

(b) Supplementation of appropriated general account moneys for
implementation of the agricultural smoke management program
referred in subsection (1) of this section.

SECTION 4. That Section 39-2303, Idaho Code, be, and the same is
hereby amended to read as follows:

39-23034. SMOKE MANAGEMENT ADVISORY BOARD. (1) A smoke management
advisory board is established in the department to advise the director
in the administration and enforcement of the provisions of this
chapter by overseeing the funds provided and to review and recommend
research programs. The board shall consist of five (5) members; three
(3) from the agricultural community and two (2) nonagriculturists from
the general public, appointed by the governor and to serve at the
pleasure of the governor. The sixth member shall be ex officio and
shall be the chief of the air quality bureau. The board shall be
appointed within ninety (90) days following adoption of this chapter.

(2) The board shall, on the first day of each July or as soon
thereafter as practicable, elect a chairman and a vice chairman from
among its members, and these officers shall hold office until their
successors are elected. As soon as the board has elected its officers,
the secretary shall certify the results of the election to the direc-
The chairman shall preside at all meetings of the board and the secretary shall make a record of the proceedings which shall be preserved in the offices of the department. If the chairman is absent from any meeting of the board, his duties shall be discharged by the vice chairman. All members of the board present at a meeting shall be entitled to vote on any question, matter, or thing which properly comes before it.

SECTION 5. That Chapter 23, Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 39-2305, Idaho Code, and to read as follows:

39-2305. AGRICULTURAL FIELD BURNING. (1) The open burning of plant life grown in agricultural fields shall be an allowable form of open burning when the provisions of this section are met, for the purpose of:

(a) Disposing of crop residues;
(b) Developing physiological conditions conducive to increased crop yields; or
(c) Controlling diseases, insects, pests or weed infestations.

(2) The following provisions shall apply to all agricultural field burning:

(a) Any person conducting agricultural field burning in Kootenai and Benewah counties must make every reasonable effort to burn only when weather conditions are conducive to good smoke dissipation as determined by the industry conducted smoke management program, and the burning does not violate current state and federal air quality standards; and
(b) The open burning of crop residue shall be conducted in the field where it was generated.

(3) The legislature finds that there are a great many cereal grain, field grass, forage grass, and turf grass fields in Kootenai and Benewah counties, and it is a practice to burn these fields to control disease, weeds and pests in these counties. Therefore, in Kootenai and Benewah counties no person shall conduct or allow any agricultural field burning without first registering each field with the department each year burning is conducted. Approved forms for registering fields and providing justification for burning when needed may be obtained at the Coeur d'Alene division of environment field office. This provision is not met unless the forms contain all required information and are received and approved by the department prior to field ignition.

(4) The use of reburn machines, propane flamers, or other devices to ignite or reignite a field shall be considered a special agricultural burning operation, and as such shall not be required to meet the provisions of department rules and regulations, unless air stagnation advisories are in effect.

SECTION 6. Idaho Department of Health and Welfare Rules and Regulations, Sections 01.1002,19., 01.1002,39., 01.1002,91., 01.1002,100. and 01.1153,07., Chapter 1, Title 1, "Rules and Regulations for the
Control of Air Pollution in Idaho,” are hereby repealed.

Approved April 3, 1986.

a certificate of extension showing the date to which the expired li-
cense is extended, and this certificate must be attached to the
expired license. Certificates of extension are limited to one (1) per
licensee. Upon returning to the state of Idaho, the licensee shall
within ten (10) days, apply as provided by other sections of this
chapter, for a renewal of the expired license and surrender the
certificate of extension. The certificate of extension shall not be valid beyond the date indicated on the certificate.

Every highway district has the authority, by resolution of the respective board of highway district commissioners and without an election, under article VIII of the Idaho constitution to issue negotiable coupon bonds for the purpose of funding or refunding any existing indebtedness, whether the indebtedness exists as warrant indebtedness or otherwise, for construction, improvements or repairs of any highways, bridges or structures in the district; for the purchase of material and machinery; for contracting highway and bridge engineering and construction; for the necessary expenses of the district in connection with these purposes; or for any or all of these or connected purposes. Every highway district is also granted the authority by resolution of its board of commissioners, without election, to issue negotiable coupon bonds for the purposes of funding or refunding any existing indebtedness, whether the indebtedness exists as warrant indebtedness or otherwise. Where an election is required under the provisions of article VIII of the Idaho constitution to authorize a bond issue, the election may be a special election or it may be held with other elections. Elections shall be conducted, as nearly as possible, in the same manner as county elections. Authorization for the issuance, sale and redemption of bonds other than
funding or refunding existing indebtedness, shall be as provided by chapter 2, title 57, Idaho Code. The total amount of bonds any district has issued and outstanding at any time shall not exceed two percent (2%) of the market value for assessment purposes of all the taxable property in the district as shown by the last preceding assessment list.

SECTION 2. All elections which have been held for the purpose of incurring indebtedness and financing projects and all bonds which have been issued pursuant to Chapter 253, Laws of 1985, between July 1, 1985, and the effective date of this act, are hereby validated.

Whenever any corporation owning a road or a bridge is dissolved, or discontinues the road or bridge, the bridge or road becomes a highway.

waters, no person may encroach upon them and restrict public use without first petitioning for the abandonment of the road highway to the appropriate commissioners of the county or highway district in which the road highway is located. Until abandonment is authorized by the commissioners having jurisdiction, public use of the roadway highway may not be restricted or impeded by encroachment or installation of any obstruction restricting public use or by the installation of signs or notices that might tend to restrict or prohibit public use.

SECTION 5. That Section 40-206, Idaho Code, be, and the same is hereby amended to read as follows:

The last notice shall be not less than eight (8) days prior to a hearing, and not less than fifteen (15) days prior to an election, except as otherwise specifically provided in this title.

SECTION 6. That Section 40-603, Idaho Code, be, and the same is hereby amended to read as follows:

40-603. COUNTY HIGHWAYS RECOMMENDED BY COMMISSIONERS -- APPROVED BY BOARD. The commissioners of each county shall recommend highways for the county road highway system to the board at least once a year and in a manner and form to be prescribed by the board. All recommendations shall clearly show which highways are improved highways and which are unimproved. All recommendations must be approved by the board before they shall constitute the official highway system of the county. The board may require commissioners to submit financial and operating data as it may deem necessary to assist it in determining what highways should properly be included in the respective county highway systems.

SECTION 7. That Section 40-604, Idaho Code, be, and the same is hereby amended to read as follows:

40-604. DUTIES AND POWERS OF COMMISSIONERS. Commissioners shall:

1. Exercise general supervision over all highways in the county road highway system, including their location, design, construction, reconstruction, repair and maintenance, and develop general policies regarding highway matters. The policies established shall be carried out by a county director of highways.

2. Cause to be surveyed, viewed, laid out, recorded, opened and worked, any highways as are necessary for public convenience.

3. Cause to be recorded as highways those that have become such
by use or abandonment.

(4) Have authority to abandon any highway and remove it from the county highway system when that action is determined to be in the public interest.

(5) Designate county highways, or parts of them, as controlled-access highways and regulate, restrict or prohibit access to those highways so as best to serve the traffic for which the facility is intended.

(6) Have authority to make agreements with any incorporated city, other county, a highway district, the state, or the United States, its agencies, departments, bureaus, boards, or any government owned corporation for the construction, reconstruction, or maintenance of the county's highway system by those entities or for the construction, reconstruction, or maintenance of the highway systems of those entities by the county's highway organization. The county shall compensate or be compensated for the fair cost of the work except as otherwise specifically provided in this title.

(7) Let out by contract the improvement of highways, the construction and repair of bridges or other adjuncts to highways, when the amount of work to be done by contract exceeds five hundred dollars ($500). At least twenty-five per cent (25%) of the fund collected in any highway division must be expended within the division in which the fund was collected.

(8) Contract, purchase, or otherwise acquire the right-of-way over private property for the use of county highways and for this purpose may institute proceedings under the code of civil procedure.

(9) Levy an ad valorem tax to be paid into the county highway fund and cause the tax collected each year to be paid into that fund and kept by the treasurer as a separate fund. When all of the territory of a county is included in one or more highway districts the commissioners shall not make any levy for general highway purposes.

(10) Audit and draw warrants on the county highway fund required for payment for rights-of-way improvement.

(11) Rename any highway within the county, excepting those situated within the territorial limits of incorporated cities, when the renaming will eradicate confusion.

(12) Cause guide posts properly inscribed to be erected and maintained on designated highways.

(13) Exercise other powers as may be prescribed by law.

SECTION 8. That Section 40-607, Idaho Code, be, and the same is hereby amended to read as follows:

40-607. COUNTY HIGHWAY SYSTEM CONSTRUCTION, MAINTENANCE AND RIGHT-OF-WAY COSTS BORNE BY COUNTY -- EXCEPTIONS. The costs of constructing, reconstructing, maintaining and acquiring rights-of-way for highways in a county highway system shall be borne by the county. This section shall not be construed as preventing counties from contracting with the state for engineering or other services provided just compensation is paid. A county may participate to the extent necessary in the costs of constructing or reconstructing or acquiring rights-of-way to any urban extensions to county highways built with federal assist-
tance-through-cities; but urban extensions shall be and continue to be a part of the city system for all other purposes of this title. If planning studies show the existence of a need, a county may purchase, condemn or otherwise acquire a right-of-way for a new alignment of an urban federal aid secondary route extension of an existing county highway built with federal assistance through cities if the urban extension does not eliminate access to adjacent property owners. A county shall have the authority to construct, maintain and control an urban federal aid secondary route extension within a city and may enter into any mutual agreement for the transfer of maintenance and control of the urban extension to the city. A county may contract with an adjoining county for the construction and/or maintenance of any part of its highway system.

SECTION 9. That Section 40-1310, Idaho Code, be, and the same is hereby amended to read as follows:

40-1310. POWERS AND DUTIES OF HIGHWAY DISTRICT COMMISSIONERS. (1) The commissioners of a highway district have, except as provided in section 40-1323, Idaho Code, exclusive general supervision and jurisdiction over all highways and bridges within their district, with full power to construct, maintain, repair and improve all highways and bridges within the highway district, whether directly by their own agents and employees or by contract. Except as otherwise provided in this chapter in respect to the highways within the district, a highway district shall have all of the powers and duties that would by law be vested in the commissioners of the county and in the district directors of highways if the highway district had not been organized. Where any highway within the limits of the highway district has been designated as a state highway, then the board shall have exclusive supervision, jurisdiction and control over the designation, location, maintenance, repair and reconstruction of it. The highway district shall have power to manage and conduct the business and affairs of the district; establish and post speed and other regulatory signs; make and execute all necessary contracts; have an office and employ and appoint agents, attorneys, officers and employees as may be required, and prescribe their duties and fix their compensation. Highway district commissioners and their agents and employees have the right to enter upon any lands to make a survey, and may locate the necessary works on the line of any highways on any land which may be deemed best for the location.

(2) The highway district shall also have the right to acquire either by purchase, or other legal means, all lands and other property necessary for the construction, use, maintenance, repair and improvement of highways and bridges. The highway district may change the width or location, or straighten lines of any highway in the district, and if in the constructing, laying out, widening, changing, or straightening of any highways, it shall become necessary to take private property, the district director of highways, with the consent and on order of the highway district commissioners, shall cause a survey of the proposed road highway to be made, together with an accurate description of the lands required. He shall endeavor to agree
with each owner of property, resident of the county in which the dis-
trict is situated, for the purchase of a right-of-way over the lands
included within the description. If the director is able to agree with
the owner of the lands, the highway district commissioners may pur-
chase the land and pay for it out of the funds of the highway dis-
trict, and the lands purchased shall then be conveyed to the highway
district for the use and purpose of highways.

(3) Whenever the director of highways shall be unable to agree
with any person for the purchase of land, or that person shall be
unknown or a nonresident of the county in which the highway district
is situated, or a minor, or an insane or incompetent person, the
director shall have the right, subject to the order of the highway
district commissioners, to begin action in the name of the highway
district in the district court of the county in which the district is
situated, to condemn the land necessary for the right-of-way for the
highway, under the provisions of chapter 7, title 7, Idaho Code. An
order of the highway district commissioners entered upon its minutes
that the land sought to be condemned is necessary for a public highway
and public use shall be prima facie evidence of the fact.

(4) The highway district has the power to contract for and pay
out any special rewards and bounties as may appear expedient or useful
in securing proper highway construction and maintenance, and to
accept, on behalf of the district, aid or contributions in the con-
struction or maintenance of any highway; to construct or repair, with
the consent of the corporate authorities of any city within the dis-
trict, any highway within a city, upon the division of the cost as may
be agreed upon; or to join with the state or any body politic or
political subdivision, or with any person in the construction or
repair of any highway and to contract for an equitable division of the
cost; and all counties, cities, highway districts and other bodies
politic and political subdivisions are authorized to contract with any
highway district acting through its highway district commissioners in
exercise of the powers granted.

(5) The highway district has the power to receive road highway
petitions and lay out, alter, create and abandon public highways
within their respective districts, subject to appeal to the district
court of the judicial district in which the highway district is situ-
ated, in the same manner in which appeals are taken from the county
commissioners to the district court.

(6) Where highways furnish public access to federal or state
public lands or waters, before they may be abandoned the highway dis-
trict must first be in receipt of a petition for abandonment, and no
abandonment shall be made without conducting a public hearing. At the
hearing any person may appear and show cause for or against aband-
oment. If it appears at the hearing that the highway does serve a
public use, the highway may not be abandoned without first providing
other suitable public access to the public lands or waters at the
expense of the party petitioning for abandonment of the highway.

(7) The highway district is empowered to take conveyance or other
assurances, in the name of the highway district, for all property
acquired by it under the provisions of this chapter for the purposes
of this title. The highway district may institute and maintain any and
all actions and proceedings, suits at law and in equity, necessary or proper in order to carry out the provisions of this chapter, or to enforce, maintain, protect or preserve any and all rights, privileges and immunities provided by this chapter. In all courts, actions, suits or proceedings, the highway district may sue, appear and defend, in person or by attorneys, and in the name of the highway district.

(8) The highway district is empowered to hold, use, acquire, manage, occupy and possess property. The highway district may create highway divisions, which must be carefully and distinctly defined and described. Highway divisions may be altered, changed, created or modified by the highway district commissioners, as the need requires.

SECTION 10. That Section 40-1311, Idaho Code, be, and the same is hereby amended to read as follows:

40-1311. JURISDICTION OF HIGHWAY DISTRICT COMMISSIONERS. In respect to all highways included within a district, the power and jurisdiction of the highway district shall be inclusive, except as provided in section 40-1323, Idaho Code. If any main highway connecting different parts of the county or connecting with territory outside of the state pass through the highway district, then the highway district commissioners shall keep the road highway in proper repair, and if they fail to do so, the commissioners may at any time, by giving ten (10) days' written notice sent by registered mail to the highway district commissioners, require that the highway running through the district, or connecting the district with other territory, be repaired or put in proper condition, which condition shall be specified in the notice by the commissioners. If the highway districts do not diligently pursue the work with a reasonable and sufficient effort within ten (10) days, the commissioners of any county in which the highway district lies, may enter upon the main highway and repair and put it in the condition required. CHAPTER 10
CRIME VICTIMS COMPENSATION

72-1001. SHORT TITLE. This chapter may be cited as "The Crime Victims Compensation Act."

72-1002. LEGISLATIVE PURPOSE AND INTENT. The legislature hereby finds, determines and declares that victims of violent crime are often reduced to bereft and destitute circumstances as a result of the criminal acts perpetrated against them, that the financial or economic resources of such victims and their dependents are in many instances distressed or depleted as a result of injuries inflicted upon them by violent criminals.

That the general social and economic welfare of such victims and their dependents is and ought to be intimately affected with the public interest, that the deplorable plight of these unfortunate citizens should not go unnoticed by our institutions and agencies of government.

The legislature hereby further finds, determines and declares that it is to the benefit of all that victims of violence and their dependents be assisted financially and socially whenever possible.

It is the intent of the legislature of this state to provide a method of compensating and assisting those persons within the state who are innocent victims of criminal acts and who suffer injury or death. To this end, it is the legislature's intention to provide compensation for injuries suffered as a direct result of the criminal acts of other persons.

72-1003. DEFINITIONS. As used in this chapter:
(1) "Claimant" means any of the following claiming compensation under this chapter:
   (a) A victim;
   (b) A dependent of a deceased victim; or
   (c) An authorized person acting on behalf of any of them, including parent(s), legal guardian(s), and sibling(s), of a victim who is a minor.

(2) "Collateral source" means a source of benefits, other than welfare benefits, or advantages for economic loss otherwise compensable under this chapter which the claimant has received or which is readily available to him from:
   (a) The offender;
   (b) The government of the United States or any agency thereof, a state or any of its political subdivisions, or an instrumentality of two (2) or more states, unless the law providing for the benefits or advantages makes them excess or secondary to benefits under this chapter;
   (c) Social security, medicare, and medicaid;
   (d) Workers' compensation;
   (e) Wage continuation programs of any employer;
   (f) Proceeds of a contract of insurance payable to the claimant for loss which was sustained because of the criminally injurious conduct; or
   (g) A contract, including an insurance contract, providing hospital and other health care services or benefits for disability. Any such contract in this state may not provide that benefits under this chapter shall be a substitute for benefits under the contract or that the contract is a secondary source of benefits and benefits under this chapter are a primary source.

(3) "Commission" means the industrial commission.

(4) "Criminally injurious conduct" means intentional, knowing, or reckless conduct that:
   (a) Occurs or is attempted in this state;
   (b) Results in injury or death; or
   (c) Is punishable by fine, imprisonment, or death or would be so punishable but for the fact that the person engaging in the conduct lacked capacity to commit the crime under the laws of this state.

(5) "Dependent" means a natural person who is recognized under the law of this state to be wholly or partially dependent upon the victim for care or support and includes a child of the victim conceived before the victim's death but born after the victim's death, including a child that is conceived as a result of the criminally injurious conduct.

(6) "Injury" means actual bodily harm or disfigurement and, with respect to a victim, includes pregnancy, venereal disease, mental or nervous shock, or extreme mental distress. For the purposes of this chapter, "extreme mental distress" means a substantial personal disorder of emotional processes, thought or cognition which impairs judgment, behavior or ability to cope with the ordinary demands of life.

(7) "Victim" means a person who suffers injury or death as a result of:
(a) Criminally injurious conduct;
(b) His good faith effort to prevent criminally injurious con­duct; or
(c) His good faith effort to apprehend a person reasonably sus­pected of engaging in criminally injurious conduct.

72-1004. POWERS AND DUTIES OF COMMISSION. (1) The commission shall:
(a) Adopt rules to implement this chapter in compliance with chapter 52, title 67, Idaho Code;
(b) Prescribe forms for applications for compensation; and
(c) Determine all matters relating to claims for compensation.
(2) The commission may:
(a) Request and obtain from prosecuting attorneys and law enforcement officers investigations and data to enable the commis­sion to determine whether and the extent to which a claimant qualifies for compensation. A statute providing confidentiality for a claimant's juvenile court records does not apply to proceed­ings under this chapter;
(b) Subpoena witnesses and other prospective evidence, administer oaths or affirmations, conduct hearings, and receive relevant, nonprivileged evidence;
(c) Take notice of judicially cognizable facts and general, tech­nical, and scientific facts within its specialized knowledge;
(d) Require that law enforcement agencies and officials take reasonable care that victims be informed about the existence of this chapter and the procedure for applying for compensation under this chapter; and
(e) Require that any person contracting directly or indirectly with an individual formally charged with or convicted of a qualify­ing crime for any rendition, interview, statement, or article relating to such crime to deposit any proceeds owed to such indi­vidual under the terms of the contract into an escrow fund for the benefit of any victims of the qualifying crime or any surviving dependents of the victim, if such individual is convicted of that crime, to be held for such period of time as the commission may determine is reasonably necessary to perfect the claims of the victims or dependents. If, after all funds due the victim have been paid to the victim under this section, there remain addi­tion funds in the escrow account, such funds shall be returned to the crime victims compensation account.

72-1005. REHABILITATION OF VICTIMS. The commission shall refer victims who have been disabled through criminally injurious conduct and who are receiving benefits under this chapter to an appropriate treatment facility or program, including mental health counseling and care. If the referral is to the division of vocational rehabilitation, the division shall provide for the vocational rehabilitation of the victims under its rehabilitation programs to the extent funds are available under such program.

72-1006. ATTORNEYS' FEES. (1) The commission may grant attor-
ney's fees to attorneys for representing claimants before the commission. Any attorney's fee granted by the commission shall be in addition to compensation awarded the claimant under this chapter.

(2) The commission may regulate the amount of the attorney's fee in any claim under this chapter when an attorney is representing a claimant.

(3) In no claim or case may attorney fees in excess of five percent (5%) of the amount paid to a claimant or on his behalf be paid directly or indirectly to a claimant's attorney.

72-1007. PUBLIC INSPECTION AND DISCLOSURE OF COMMISSION'S RECORDS. The records the commission maintains in its possession in the administration of this chapter are open to public inspection in accordance with the provisions of section 59-1009, Idaho Code.

72-1008. LIMITATION OF BENEFIT ENTITLEMENTS TO PROPORTIONATE SHARE OF AVAILABLE FUNDS. Claimants receiving benefits under this chapter are not granted an absolute entitlement to benefits. Benefits must be paid in accordance with the amount of the legislative appropriation. If the commission determines at any time that the appropriated funds for a fiscal year will not be an amount that will fully pay all claims, the commission may make appropriate proportionate reductions in benefits to all claimants. Such reductions do not entitle claimants to future retroactive reimbursements in future fiscal years unless the legislature makes appropriations for such retroactive benefits.

72-1009. CRIME VICTIMS COMPENSATION ACCOUNT. The crime victims compensation account is hereby established in the dedicated fund. Moneys shall be paid into the account as provided by law. Moneys in the account may be appropriated only for the purposes of this chapter, which shall include administrative expenses.

72-1010. RECEIPT OF FUNDS. The commission may adopt appropriate rules in order to receive federal funds under federal criminal reparation and compensation acts, or to receive grants, gifts or donations from any source.

72-1011. PENALTY FOR FRAUDULENTLY OBTAINING BENEFITS. Any person who knowingly makes a false claim or a false statement or uses any other fraudulent device in connection with any claim is guilty of theft as provided in section 18-2403, Idaho Code, and upon conviction shall, in addition to being punished as provided in chapter 24, title 18, Idaho Code, forfeit and repay any compensation paid under this chapter.

72-1012. APPLICATION FOR COMPENSATION. An applicant for an award of compensation may apply in writing in a form that conforms substantially to that prescribed by the commission.

72-1013. INFORMAL HEARINGS. The commission may hold informal hearings in order to make determinations regarding the compensability
of a claim. At such hearings, the commission may subpoena witnesses and documents as set forth in section 72-709, Idaho Code. Hearings held under this section are not considered contested case hearings under the Idaho administrative procedures act. However, the commission shall adopt rules regarding the commission’s informal hearing procedures.

72-1014. EVIDENCE OF CONDITION. (1) The commission may require the claimant to supplement the application with any reasonably available medical reports relating to the injury or condition for which compensation is claimed.

(2) If the physical or mental condition of a victim or claimant is material to a claim, the commission may order the victim or claimant to submit from time to time to an examination by a physician or other licensed health professional or may order an autopsy of a deceased victim. The commission shall pay for such examination or autopsy. The order shall specify the time, place, manner, conditions, and scope of the examination or autopsy and the person by whom it is to be made and shall require the person to file with the commission a detailed written report of the examination or autopsy. The report shall set out his findings, including results of all tests made, diagnoses, prognoses, and other conclusions and reports of earlier examinations of the same conditions. On request of the person examined, the commission shall furnish him a copy of the report. If the victim is deceased, the commission, on request, shall furnish the claimant a copy of the report.

(3) There is no privilege, except privileges arising from the attorney-client relationship or counselor-client relationship, as to communications or records relevant to an issue of the physical condition of the claimant or victim in a proceeding under this chapter in which that condition is an element.

72-1015. ENFORCEMENT OF COMMISSION’S ORDERS -- IMPROPER ASSERTION OF PRIVILEGE. If a person refuses to comply with an order of the commission or asserts a privilege to withhold or suppress evidence relevant to a claim, except privileges arising from the attorney-client relationship or counselor-client relationship, the commission may make any just order, including denial of the claim.

72-1016. LIMITATIONS ON AWARDS. (1) Compensation may not be awarded unless the claim is filed with the commission within one (1) year after the day the criminally injurious conduct occurred causing the injury or death upon which the claim is based. The time for filing a claim may be extended by the commission for good cause shown.

(2) Compensation may not be awarded to a claimant who is the offender or an accomplice of the offender or to any claimant if the award would unjustly benefit the offender or accomplice.

(3) Compensation may not be awarded to the spouse of or a person living in the same household with the offender or his accomplice, or to the parent, child, brother or sister of the offender or his accomplice; but this prohibition shall not apply in situations where domestic violence or elderly abuse or abandonment is present, and the
victim is physically or legally separated from the offender when a claim is filed.

(4) Compensation may not be awarded unless the criminally injurious conduct resulting in injury or death was reported to a law enforcement officer within seventy-two (72) hours after its occurrence or the commission finds there was good cause for the failure to report within that time.

(5) In order to be entitled to benefits under this chapter, a claimant must fully cooperate with all law enforcement agencies and prosecuting attorneys in the apprehension and prosecution of the offender causing the criminally injurious conduct. The commission, upon finding that the claimant or victim has not fully cooperated with appropriate law enforcement agencies or prosecuting attorneys, may deny or reconsider and reduce an award of compensation.

(6) Compensation otherwise payable to a claimant shall be reduced or denied to the extent the compensation benefits payable are or can be recouped from collateral sources.

(7) Persons serving a sentence of imprisonment or residing in any other public institution which provides for the maintenance of such person are not entitled to the benefits of this chapter.

(8) Compensation may be denied or reduced if the victim contributed to the infliction of death or injury with respect to which the claim is made. Any reduction in benefits under this subsection shall be in proportion to what the commission finds to be the victim's contribution to the infliction of death or injury.

72-1017. TENTATIVE AWARD OF COMPENSATION. If the commission determines that the claimant will suffer financial hardship unless a tentative award is made and it appears likely that a final award will be made, an amount may be paid to the claimant, to be deducted from the final award or repaid by and recoverable from the claimant to the extent that it exceeds the final award.

72-1018. AWARD OF COMPENSATION. (1) The commission shall award compensation benefits under this chapter, if satisfied by a preponderance of the evidence that the requirements for compensation have been met.

(2) An award may be made whether or not any person is prosecuted or convicted. Proof of conviction of a person whose acts give rise to a claim is conclusive evidence that the crime was committed unless an application for rehearing or an appeal of the conviction is pending or a rehearing or new trial has been ordered.

(3) The commission may suspend the proceedings pending disposition of a criminal prosecution that has been commenced or is imminent and may make a tentative award under section 72-1017, Idaho Code.

72-1019. COMPENSATION BENEFITS. (1) A claimant is entitled to weekly compensation benefits when the claimant has a total actual loss of wages due to injury as a result of criminally injurious conduct. During the time the claimant seeks such weekly benefits, the claimant, as a result of such injury, must have no reasonable prospect of being regularly employed in the normal labor market. The weekly benefit
amount is sixty-six and two-thirds percent (66 2/3%) of the wages received at the time of the criminally injurious conduct, subject to a maximum of one hundred seventy-five dollars ($175). Weekly compensation payments shall be made at the end of each two (2) week period. No weekly compensation payments may be paid for the first week after the criminally injurious conduct occurred, but if total actual loss of wages continues for one (1) week, weekly compensation payments shall be paid from the date the wage loss began. Weekly compensation payments shall continue until the claimant has a reasonable prospect of being regularly employed in the normal labor market.

(2) The commission may order payment of reasonable expenses actually incurred by the claimant for reasonable services by a physician or surgeon, reasonable hospital services and medicines, mental health counseling and care, and such other treatment as may be approved by the commission for the injuries suffered due to criminally injurious conduct.

(3) (a) The dependents of a victim who is killed as a result of criminally injurious conduct are entitled to receive aggregate weekly benefits amounting to sixty-six and two-thirds percent (66 2/3%) of the wages received at the time of the criminally injurious conduct causing the death, subject to a maximum of one hundred seventy-five dollars ($175) per week. Weekly compensation payments shall be made at the end of each two (2) week period.

(b) Benefits under subsection (3)(a) of this section shall be paid to the spouse for the benefit of the spouse and other dependents unless the commission determines that other payment arrangements should be made. If a spouse dies or remarries, benefits under subsection (3)(a) shall cease to be paid to the spouse but shall continue to be paid to the other dependents so long as their dependent status continues.

(4) Reasonable funeral and burial expenses of the victim, not exceeding two thousand five hundred dollars ($2,500), shall be paid if all other collateral sources have properly paid such expenses but have not covered all such expenses.

(5) Compensation payable to a victim and all of the victim's dependents in cases of the victim's death, because of injuries suffered due to an act of criminally injurious conduct may not exceed twenty-five thousand dollars ($25,000) in the aggregate.

(6) Compensation benefits are not payable for pain and suffering or property damage.

(7) (a) A person who has suffered injury as a result of criminally injurious conduct and as a result of such injury has no reasonable prospect of being regularly employed in the normal labor market, who was employable but was not employed at the time of such injury, may in the discretion of the commission be awarded weekly compensation benefits in an amount determined by the commission not to exceed one hundred fifty dollars ($150) per week. Weekly compensation payments shall continue until the claimant has a reasonable prospect of being regularly employed in the normal labor market or for a shorter period as determined by the commission. The claimant shall be awarded benefits as provided in subsection (2) of this section.
(b) The dependents of a victim who is killed as a result of criminally injurious conduct and who was employable but not employed at the time of death, may, in the discretion of the commission, be awarded, in an aggregate amount payable to all dependents, a sum not to exceed one hundred fifty dollars ($150) per week which shall be payable in the manner and for the period provided by subsection (3)(b) of this section or for such shorter period as determined by the commission. The claimant shall be awarded benefits as provided in subsection (4) of this section.

(c) Compensation payable to a victim or a victim's dependents under this subsection may not exceed twenty thousand dollars ($20,000), and the limitations of subsection (6) apply to compensation under this subsection.

(8) Amounts payable as weekly compensation may not be commuted to a lump sum and may not be paid less frequently than every two (2) weeks.

72-1020. AWARD NOT SUBJECT TO EXECUTION, ATTACHMENT, GARNISHMENT, OR ASSIGNMENT -- EXCEPTION. (1) An award is not subject to execution, attachment, garnishment, or other process.

(2) An assignment or agreement to assign a right to compensation in the future is unenforceable except:

(a) An assignment of a right to compensation for work loss to secure payment of maintenance or child support; or

(b) An assignment of a right to compensation to the extent that the benefits are for the cost of products, services, or accommodations necessitated by the injury or death on which the claim is based and are provided or to be provided by the assignee.

72-1021. RECONSIDERATION AND REVIEW OF COMMISSION'S DECISIONS. (1) The commission, on its own motion or on request of the claimant, may reconsider a decision making or denying an award or determining its amount. The commission shall reconsider at least annually every award being paid in installments. An order on reconsideration of an award may not require refund of amounts previously paid unless the award was obtained by fraud.

(2) The right of reconsideration does not affect the finality of a commission decision.

72-1022. NO APPEAL. There shall be no right of appeal from a final determination of the commission.

72-1023. SUBROGATION. (1) If a claimant seeks compensation under this chapter and compensation is awarded, the account is entitled to full subrogation against a judgment or recovery received by the claimant against the offender for all compensation paid under this chapter. The account's right of subrogation shall be a first lien on the judgment or recovery. If the claimant does not institute the action against the offender within one (1) year from the date the criminally injurious conduct occurred, the commission may institute the action in the name of the claimant or the claimant's personal representative.

(2) If the claimant institutes the action, the commission shall
pay a proportional share of costs and attorneys' fees if it recovers under its subrogation interest.

(3) If the commission institutes the action in the name of the claimant or the claimant's personal representative and the recovery is in excess of the amount of compensation paid to the claimant and costs incurred by the account in pursuit of the action, the excess shall be paid to the claimant.

(4) If a judgment or recovery includes both damages for bodily injury or death for which the commission has ordered compensation paid under this chapter and damages for which the commission has not ordered compensation paid, then the account's subrogation interest shall apply only to that proportion of the judgment or recovery for which it has paid compensation. In a civil action in a court of this state arising out of criminally injurious conduct, the judge, on timely motion, shall direct the jury to return a special verdict indicating separately the amounts of the various items of damages awarded. A claimant may not make recoveries against the offender in such a way as to avoid and preclude the account from receiving its proper subrogation share as provided in this section. The commission shall order the release of any lien provided for in subsection (1) of this section upon receipt of the account's subrogation share.

(5) Moneys received under the provisions of this section shall be paid to the account.

72-1024. EFFECT OF AWARD ON PROBATION AND PAROLE OF OFFENDER. (1) When placing any convicted person on probation, the court may set as a condition of probation the payment to the state of an amount equal to any benefits paid from the account to a victim or a victim's dependents. The court may set a repayment schedule and modify it as circumstances change.

(2) Payment of the debt may be made a condition of parole subject to modification based on a change in circumstances.

72-1025. FINES -- PRIORITY -- DISPOSITION. (1) In addition to any other fine which may be imposed upon each person found guilty of criminal activity, the court shall impose a fine according to the following schedule, unless the court orders that such fine be waived because the defendant is indigent and unable to pay:

(a) For each conviction of a felony, a fine of twenty dollars ($20.00);
(b) For each conviction of a misdemeanor that does not involve motor vehicles, a fine of ten dollars ($10.00);
(c) For each conviction of a misdemeanor prosecuted under the provisions of section 18-8004, Idaho Code, a fine of ten dollars ($10.00).

(2) The fine imposed under the provisions of this section shall have priority over all other judgments of the court, except an order to pay court costs.

(3) Notwithstanding the provisions of section 19-4705, Idaho Code, the fines imposed under the provisions of this section shall be paid into the crime victims compensation account.
72-1026. REPEAL. The provisions of this chapter are repealed effective June 30, 1991.

SECTION 2. The sum of $500,000 is hereby appropriated from the crime victims compensation account to the industrial commission for the purposes of chapter 10, title 72, Idaho Code, for the period July 1, 1986, through June 30, 1987.

Approved April 4, 1986.

(c) In all other cases, in the office of the secretary of state.

(2) A filing which is made in good faith in an improper place or
not in all of the places required by this section is, except as to financing statements for farm products as provided in section 28-9-307, nevertheless effective with regard to any collateral as to which the filing completed complied with the requirements of this chapter and is also effective with regard to collateral covered by the financing statement against any person who has knowledge of the contents of such financing statement.

(3) A filing which is made in the proper place in this state continues effective even though the debtor's residence or place of business or the location of the collateral or its use, whichever controlled the original filing, is thereafter changed.

(4) The rules stated in section 28-9-103 determine whether filing is necessary in this state.

(5) Notwithstanding the preceding subsections, and subject to subsection (3) of section 28-9-302, the proper place to file in order to perfect a security interest in collateral, including fixtures, of a transmitting utility is the office of the secretary of state. This filing constitutes a fixture filing (section 28-9-313) as to collateral described therein which is or is to become fixtures.

(6) For the purposes of this section, the residence of an organization is its place of business if it has one, or, if it has more than one place of business, the residence shall be the chief executive officer.

SECTION 3. That Chapter 9, Part 4, Title 28, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 28-9-401A, Idaho Code, and to read as follows:

28-9-401A. CONTINUATION OF FINANCING STATEMENTS AFTER DECEMBER 22, 1986 -- PLACE OF FILING. The following rules shall apply to a financing statement or continuation statement that was properly filed before December 23, 1986, in the office of a county recorder, but which, if filed after December 22, 1986, would be required by section 28-9-401, to be filed in the office of the secretary of state except as provided in section 28-9-402(9):

(1) Such financing statement shall remain effective until it lapses as provided in section 28-9-403.

(2) The effectiveness of such a financing statement may be continued only by filing a continuation statement in the office of the secretary of state that provides the name and address of the debtor and secured party, indicates the county where the financing statement is filed, complies with the requirements of section 28-9-403, and either:

(a) Indicates the types or describes the items of collateral included in the original financing statement as modified by any releases or amendments; or

(b) Has attached a copy of the originally filed financing statement together with amendments, assignments and releases affecting it. A continuation statement filed as provided in this subsection may be further continued by a continuation statement that complies with the requirements of section 28-9-403.
(3) Such a financing statement can be terminated, assigned, released or amended only by an appropriate filing in the offices of the county recorder where it is filed, except that if such a financing statement has been continued as provided in subsection (2) of this section, it can thereafter be terminated, assigned, released or amended only by an appropriate filing in the office of the secretary of state.

SECTION 4. That Section 28-9-402, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-402. FORMAL REQUISITES OF FINANCING STATEMENT STATEMENTS -- AMENDMENTS -- MORTGAGE AS FINANCING STATEMENT. (1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, or when the financing statement is filed as a fixture filing (section 28-9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this state.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in

(a) Collateral already subject to a security interest in another jurisdiction when it is brought into this state, or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances; or

(b) Proceeds under section 28-9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or

(c) Collateral as to which the filing has lapsed; or

(d) Collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor) ........................................
Address
Name of secured party (or assignee)
Address
1. This financing statement covers the following types (or items) of property:
   (Describe)
2. (If collateral is crops) The above described crops are growing or are to be grown on:
   (Describe Real Estate)
3. (If applicable) The above goods are to become fixtures on:
   (Describe Real Estate)
   and this financing statement is to be filed in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is
4. (If the collateral is timber to be cut) The above described timber is standing on:
   (Describe Real Estate)
   and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is
5. (If the collateral is minerals or the like) The above described minerals (or the like) are located on:
   (Describe Real Estate)
   and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is
6. (If products of collateral are claimed) Products of the collateral are also covered. Signature of Debtor (or Assignor, whichever is applicable)
   Signature of Secured Party (or Assignee)
(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this chapter, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.
(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, or a financing statement filed as a fixture filing (section 28-9-313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.
(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if (a) the goods are
described in the mortgage by item or type, (b) the goods are or are to become fixtures related to the real estate described in the mortgage, (c) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, (d) the mortgage is duly recorded, and (e) the mortgage is filed in the same manner as a financing statement.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or names of partners. Where the debtor so changes his name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four (4) months after the change, unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.

(9) A financing statement for farm products is sufficient if it contains the following information:

(a) The name and address of the debtor;
(b) The debtor's signature;
(c) The name, address, and signature of the secured party;
(d) The social security number of the debtor, or in the case of a debtor doing business other than as an individual, the debtor's Internal Revenue service taxpayer identification number.
(e) A description by category of the farm products subject to the security interest and the amount of such products (where applicable);
(f) A reasonable description of the real estate (including county) where the farm products are located. This provision may be satisfied by a legal description, but a legal description is not required.

(10) A financing statement described in subsection (9) must be amended in writing within three (3) months, and similarly signed and filed, to reflect any material changes. In the event such form is not incorporated within the financing statement, the effectiveness and continuation of that form is to be treated as if it were a part of the financing statement with which it is filed.

SECTION 5. That Section 28-9-403, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-403. WHAT CONSTITUTES FILING -- DURATION OF FILING -- EFFECT OF LAPSED FILING -- DUTIES OF FILING OFFICER. (1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this chapter.

(2) Except as provided in subsection (6) a filed financing state-
ment is effective for a period of five (5) years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five (5) year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of sixty (60) days or until expiration of the five (5) year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six (6) months prior to the expiration of the five (5) year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 28-9-405, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five (5) years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if he has retained a microfilm or other photographic record, or in other cases after one (1) year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than five (5) years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained.

(4) A filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statement according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement, or the filing officer shall file one (1) copy of the statement in a file arranged by the name of the debtor and a second copy in a file arranged by document number.

(5) The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement or for a continuation statement shall be two dollars ($2.00) if the statement is in the
standard form prescribed by the secretary of state and otherwise shall be three dollars ($3.00), plus in each case, if the financing statement is subject to subsection (5) of section 28-9-402, the regular recording fee with respect to a mortgage. The uniform fee for filing a mortgage as a financing statement pursuant to subsection (6) of section 28-9-402 shall be three dollars ($3.00) in addition to the regular recording fee charged for recording the mortgage. The uniform fee for each name more than one (1) required to be indexed shall be two dollars ($2.00). The secured party may at his option show a trade name for any person and an extra uniform indexing fee of two dollars ($2.00) shall be paid with respect thereto. A uniform fee of one dollar ($1.00) shall be charged for each page attached to the financing statement.

The secretary of state shall, by duly adopted administrative rule, establish a fee schedule for filing and indexing and other matters relating to filing as are described in this subsection (5) for financing statements for farm products.

(6) If the debtor is a transmitting utility (subsection (5) of section 28-9-401), and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subsection (6) of section 28-9-402 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.

SECTION 6. That Section 28-9-404, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-404. TERMINATION STATEMENT. (1) If a financing statement covering consumer goods is filed on or after July 1, 1978, then within one (1) month or within ten (10) days following written demand by the debtor after there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party must file with each the filing officer with whom the financing statement was filed, a termination statement to the effect that he no longer claims a security interest under the financing statement, which shall be identified by file number. In other cases whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party must on-written-demand-by-the-debtor-send file with the debtor—for-each filing officer with whom the financing statement was
filed, a termination statement to the effect that he no longer claims a security interest under the financing statement, --which-- shall be identified--by-fife-number. A termination statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 28-9-405, including payment of the required fee. If the affected secured party fails to file such a termination statement for a financing statement covering consumer goods within ten (10) days after proper demand therefor, or to send such a termination statement for a financing statement covering other forms of collateral within ten-(10)-days-after-proper-demand-therefor the time provided in this section, he shall be liable to the debtor for one hundred dollars ($100), and in addition for any loss caused to the debtor by such failure.

(2) On presentation to the filing officer of such a termination statement he must note it in the index. If he has received the termination statement in duplicate, he shall return one (1) copy of the termination statement to the secured party stamped to show the time of receipt thereof. If the filing officer has a microfilm or other photographic record of the financing statement, and of any related continuation statement, statement of assignment and statement of release, he may remove the originals from the files at any time after receipt of the termination statement, or if he has no such record, he may remove them from the files at any time after one (1) year after receipt of the termination statement.

(3) If the termination statement is in the standard form prescribed by the secretary of state, there shall be no fee for filing and indexing the termination statement (including sending or delivering the financing statement), and otherwise shall be one dollar ($1.00).

SECTION 7. That Section 28-9-407, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-407. INFORMATION FROM FILING OFFICER. (1) If the person filing any financing statement, termination statement, statement of assignment, or statement of release, furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

(2) Upon request of any person, the filing officer shall issue his certificate showing whether there is on file on the date and hour stated therein, any presently effective financing statement naming a particular debtor and any statement of assignment thereof and if there is, giving the date and hour of filing of each such statement and the names and addresses of each secured party therein. The uniform fee for such a certificate shall be six dollars ($6.00) if the request is in the standard form prescribed by the secretary of state and otherwise shall be seven dollars ($7.00). For an additional uniform fee of six dollars ($6.00), the person making the request for information may in addition request copies of any or all financing statements and statements of assignment, with all attachments thereto, which may or may
not be on file.

(3) The secretary of state shall develop and implement a central filing system containing the information filed with his office pursuant to section 28-9-402(9). Under this system the secretary shall record the date and time of filing and compile the information into a master list organized according to farm products. The list shall be organized within each farm product category in alphabetical order according to the last name of the borrower (or, in the case of borrowers doing business other than as individuals, the first word in the name of such borrower). The list shall be further organized according to and contain information required by federal law and regulation. The secretary of state shall, by duly adopted administrative rule, designate the categories of farm products to be used in compiling the master list. The secretary of state may establish and maintain, pursuant to duly adopted administrative rule, a separate system for filing of financing statements and search, retrieval and dissemination of information relating to financing statements for farm products, and require separate search requests for such information pursuant to a fee schedule to be established in such administrative rule.

(4) The secretary of state shall maintain a list of all buyers of farm products, commission merchants, and selling agents who register with the secretary of state indicating an interest in receiving the lists described in subsection (5) of this section.

(5) The secretary of state shall distribute complete master lists for each farm product category at least quarterly to each buyer, commission merchant and selling agent registered under subsection (4) of this section and distribute either complete lists or cumulative supplements, which supplements shall be issued not less frequently than semimonthly, of financing statements for farm products filed subsequent to the last date of filing for financing statements on the last preceding quarterly master list, which the buyer, commission merchant or selling agent has requested. The date of receipt for lists and supplements shall be the third calendar day following the date of mailing by the secretary of state, or in the event the mail is not delivered on that day, the first day thereafter on which mail is delivered.

(6) Upon the request of any person the secretary of state shall provide, within twenty-four (24) hours, an oral confirmation of the filing of the form described in section 28-9-402(9) followed by a written confirmation.

(7) Upon request of any person, the filing officer shall furnish copies of particular filed financing statements or statements of assignment at a uniform cost of one dollar ($1.00) per page if the requestor provides the filing officer with the file numbers of the statement to be copied.

(8) The secretary of state shall, by administrative rule, establish a fee schedule for registration and listing of buyers of farm products, commission merchants, and selling agents of farm products and for distribution of master lists and supplements of master lists and information and oral confirmation of filing as required by section 28-9-407.
SECTION 8. Sections 1 through 7 of this act shall become effective at midnight on December 22, 1986, except as to the Secretary of State's adoption of rules to implement this act which may be done at any time. Except when explicitly provided otherwise in this act, transactions validly entered into before the effective date and the rights, duties and interests flowing therefrom remain valid thereafter and may be terminated, completed, consummated, or enforced as required or permitted by any statute or other law amended or affected by this act as though such amendment or effect had not occurred. Secured parties having security interests in farm products predating the effective date of Section 4 of this act may file financing statements with the Secretary of State which comply with Section 28-9-402(9), as it is amended by Section 4 of this act, for such farm products on and after October 24, 1986, and the fee schedules applicable to farm products financing statement filings pursuant to Section 5 of this act shall be applicable to those early filings.

SECTION 9. Notwithstanding any effective date contained in any other section of this act, the provisions of this act shall not become effective unless and until an appropriation is made to the Office of the Secretary of State which is sufficient in amount to adequately fund the administration of the provision of this act.

Approved April 4, 1986.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 30, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of NEW SECTIONS, to be known and designated as Sections 63-3027B, 63-3027C, 63-3027D and 63-3027E, Idaho Code, and to read as follows:

63-3027B. WATER'S EDGE ELECTION. (a) Notwithstanding the provisions of subsections (r) and (s) of section 63-3027, Idaho Code, a qualified taxpayer, as defined in paragraph (3) of subsection (b) of this section whose income is subject to the tax imposed under this chapter, may elect to determine its income derived from or attributable to sources within this state pursuant to a water's-edge election in accordance with the provisions of this chapter, as modified by sections 63-3027B through 63-3027E, Idaho Code. A taxpayer who makes a water's-edge election shall take into account the income and apportionment factors of the following entities only:

(1) Any affiliated corporations incorporated in the United States in a unitary relationship with taxpayer and eligible to be included in a federal consolidated return, except for corporations included in such consolidated return with eighty per cent (80%) or more of the average of their payroll and property assignable to a location outside the fifty (50) states and District of Columbia, as described in sections 1501 through 1505 of the Internal Revenue Code, as modified by paragraph (1) of subsection (b) of this
section.

(2) Domestic international sales corporations, as described in sections 991 through 994 of the Internal Revenue Code and foreign sales corporations, as described in sections 921 through 927 of the Internal Revenue Code.

(3) Export trade corporations, as described in sections 970 through 972 of the Internal Revenue Code.

(4) Foreign corporations deriving gain or loss from a disposition of a United States real property interest to the extent provided by section 897 of the Internal Revenue Code.

(5) Any affiliated corporation with activities in or located in a tax-haven country, as defined in paragraph (2) of subsection (b) of this section, if:

(A) Fifty per cent (50%) or more of either of its sales, purchases, income, or expenses, exclusive of payments for intangible property, or eighty per cent (80%) of all expenses, are made or incurred directly or indirectly to or with respect to one or more members of the water's-edge combined group; or

(B) The corporation performs no significant economic activity. However, the corporation shall not be included under this paragraph if the taxpayer shows that no significant business or economic interdependence exists between the corporation and the water's-edge combined group.

(6) Any corporation incorporated outside the United States if over fifty per cent (50%) of its voting stock is owned directly or indirectly by the taxpayer and if more than twenty per cent (20%) of the average of its payroll and property is assignable to a location within the United States.

(b) For purposes of this section:

(1) The phrase "over fifty per cent (50%) of the voting stock directly or indirectly owned or controlled" shall be substituted for the phrase "at least 80 per cent" each place it appears in section 1504 of the Internal Revenue Code.

(2) A "tax haven" is any country, including territories or possessions of the United States, if it either does not impose a tax measured by income or if its maximum statutory income tax rate is less than sixty-five per cent (65%) of the maximum United States corporate income tax rate.

(5) An "affiliated corporation" is one, more than fifty per cent (50%) of the voting stock of which is owned directly or indirectly by another corporate member of the water's-edge combined group.

(6) For purposes of paragraphs (1) and (6) of subsection (a) of this section, the location of payroll and property is to be deter-
mined under the individual state's law and regulations which set forth the apportionment formulas used to assign net income subject to taxes on or measured by net income. If a state does not impose a tax on or measured by net income, the rules provided in section 63-3027, Idaho Code, shall apply.

(c) A water's-edge election may be disregarded, and the income of the taxpayer determined without regard to the provisions of this section pursuant to those conditions which may be required by the state tax commission under subsection (b) of section 63-3027C, Idaho Code, if any corporation fails to comply with:

(1) The domestic disclosure spreadsheet filing requirements defined in section 63-3027E, Idaho Code; or
(2) This state's legal and procedural requirements.

63-3027C. ELECTION IS BINDING -- TREATMENT OF DIVIDENDS. (a) A water's-edge election shall be made in the original return for a year and shall be binding for all years thereafter, except as follows:

(1) If, in the future, the United States supreme court or the supreme court of the state of Idaho rules that there is a state or federal constitutional right for a group of corporations to use the worldwide unitary method, a water's-edge combined group of corporations may, without permission of the tax commission, change its future filing to the worldwide unitary method.
(2) Any changes to use of the water's-edge method or any other changes beyond those described in paragraph (1) of this subsection may only occur with the written permission of the tax commission.

(3) Eighty-five per cent (85%) of all such dividends shall be excluded from income subject to apportionment.
(4) The dividends subject to tax shall be in lieu of any expenses attributable to such dividend income.

(e) For purposes of this section:

(1) Amounts included in income by reference to subpart F of part

The spreadsheet shall provide for full disclosure as to the income reported to each state, the state tax liability, and the method used for apportioning or allocating income to the states, and any other information as provided for by regulations as may be necessary to determine properly the amount of taxes due to each state and to identify the water's-edge corporate group and those of its affiliates of which more than twenty percent (20%) of the voting stock is directly or indirectly owned or controlled by a common owner or owners.
(B) That the information filed pursuant to paragraph (2)(A) of this subsection will be available to qualified states. A "qualified state" is any state that does not require the use of the worldwide unitary method of taxation except in circumstances substantially similar to those authorized in subsection (c) of section 63-3027B, Idaho Code.
(C) That qualified states are authorized access to all material developed by the Internal Revenue Service in its examination of multinational operations.

provide full disclosure as to the income reported to each state for
the year, the tax liability for each state, and the method used for
allocating or apportioning income to the states, and to identify the
water's-edge corporate group and those of its affiliates of which more
than twenty per cent (20%) of the voting stock is directly or indi-

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND AMENDING A RULE OF THE DEPARTMENT OF LABOR AND INDUSTRIAL SERVICES RELATING TO DEFINITIONS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Legislature is vested with authority to modify, reject or amend executive agency rules and regulations under the provisions of Section 67-5218, Idaho Code; and

WHEREAS, it is the finding of the Legislature that a rule of the Department of Labor and Industrial Services relating to definitions should be amended.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-eighth Idaho Legislature, the House of Representatives and the Senate concurring therein, that Part 80, Chapter A, Rule 102.h. of the Department of Labor and Industrial Services, be, and the same is hereby amended to read as follows:

102. Definitions. -- As used in Part 80 of these rules and regulations, the terms defined in this section shall have the following meaning for all parts of Part 80 of these rules and regulations, unless the context clearly indicates another meaning.

a. "Director" means the director of the Department of Labor and Industrial Services for the State of Idaho.

b. "Department" means the Department of Labor and Industrial Ser-
c. "Employee" means any person suffered or permitted to work, whether paid on a time, task, piece, or commission basis. Professional, executive, administrative employees, and outside salesman shall have the same meaning as defined in the Fair Labor Standards Act, CFR 29, Part 541, as amended in the Federal Register.

d. "Employer" means any person or group of persons employing employees or acting in the interest of or as an agent of an employer, directly or indirectly, in relations to an employee.

e. "Labor dispute" means any controversy between an employer and the majority of his employees in a collective bargaining unit concerning the right, process, or details of collective bargaining or the designation of bargaining representatives.

f. "Labor organization" means any organization of any kind, or any employee representation committee or plan in which employees participate and which exists for the purpose of, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work.

g. "Wages" means compensation for labor or services rendered by an employee, whether the amount is determined on a time, task, piece or commission basis.

h. "Deductions for a lawful purpose," as used in Section 45-611(2), Idaho Code, shall mean deductions made for the benefit or convenience of the employee, i.e.: insurance premiums, payments to a qualified pension plan, union dues, voluntary contributions, payments to a credit union or deductions pursuant to a savings or bond purchase plan.

No employer shall make any deduction from the wages or require any refund of an employee for any cash shortage, breakage, or loss of equipment or merchandise, notwithstanding any contract or arrangement to the contrary, unless it can be shown that the shortage, breakage, or loss is caused by the dishonest or willful act, or by the gross culpable negligence of the employee.

When uniforms are required by the employer to be worn by the employee as a condition of employment, such uniform shall be provided and maintained by the employer. The term "uniform" includes wearing apparel and accessories of a distinctive design or color. (A deposit may be required to ensure the return of such uniforms to the employer upon termination of employment, at which time such deposit must be refunded to the employee.)

i. "Trainees and student-trainees,"

i. The words "to suffer or permit to work" as used in Section 44-1503, Idaho Code, to define "employee," do not make all persons employees, who without any express or implied compensation agreement, may work for their own advantages on the premises of another.

ii. Whether trainees or students are employees of an employer under Section 44-1503, Idaho Code, will depend upon all of the circumstances surrounding their activities on the premises of the employer. If all six of the following criteria apply, the trainees or students are not employees within the meaning of Section 44-1503, Idaho Code.
(a). The training, even though it includes actual operation of the facilities of the employer, is similar to that which would be given in a vocational school (such programs shall be submitted to the Department of Labor and Industrial Services for prior approval and such training shall not include unskilled or semiskilled jobs; such on-the-job training shall not exceed fifty percent (50%) of classroom hours and time spent in employment may only be cumulative for each calendar week);

(b). the training is for the benefit of the trainees or students;
(c). the trainees or students do not displace regular employees, but work under their close observation;
(d). the employer that provides the training derives no immediate advantage from the activities of the trainees or students, and on occasion his operations may actually be impeded;
(e). the trainees or students are not necessarily entitled to a job at the conclusion of the training period; and,
(f). the employer and the trainees or students understand that the trainees or students are not entitled to wages for the time spent in training. (Amended 28 June 1978)

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE CONCERNING WOOD BURNING STOVES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, wood burning stoves are an important current and future source of heating for many state residents; and
WHEREAS, inefficient wood combustion can cause unhealthful air quality, increase the risk of home fires, inhibit economic growth, and waste wood resources; and
WHEREAS, available technology and improved workmanship can provide wood burning stoves with greatly improved heating efficiency and safety and reduced emissions of air pollutants; and
WHEREAS, the United States Environmental Protection Agency has committed to propose rule making on national standards for emissions from new wood burning stoves by January, 1987, and to final rule making by January, 1988; and
WHEREAS, state and local governmental efforts to promote efficient use of wood fuel are limited by the lack of nationally consistent emission standards for wood burning stoves; and
WHEREAS, manufacturers, distributors, and sellers of wood burning stoves need nationally consistent emission standards to provide competitive, clean burning products; and
WHEREAS, Idaho could become the market outlet for wood stoves failing to meet higher standards established in neighboring states.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-eighth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the following statements reflect public policy of the State of Idaho:

1. The United States Environmental Protection Agency is encouraged to meet its commitment for developing national emission standards for new wood burning stoves.
2. State and local agencies need to inform the public about improving the efficiency for currently installed wood burning stoves.
3. Local government needs to assess air pollution problems attributable to wood stove emissions and, if appropriate, adopt measures that promote efficient use of wood fuel.

A CONCURRENT RESOLUTION

STATING THE SENSE OF THE LEGISLATURE THAT THE DISPUTE BETWEEN COUNTY COMMISSIONERS, LOCAL RESIDENTS AND RESOURCE MANAGEMENT AGENCIES REGARDING THE HAMER TO EGIN FARM TO MARKET ROAD IN SOUTHEASTERN IDAHO BE RESOLVED.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, for approximately one hundred years there has been an historic travel route in southeastern Idaho from Hamer to Egin since the early wagon road days; and

WHEREAS, there has been an ongoing dispute between the local residents and county commissioners desiring to improve the Hamer to Egin farm to market road and federal and state resource management agencies resisting improvements to this existing route; and

WHEREAS, the winter presence of an elk herd is given as the reason for the resistance to the improvement of the road by the resource management agencies, while this elk herd has increased from a very small number in the 1950's to an estimated 2,500 animals currently, and local residents have cooperated in the management and the expansion of this elk herd; and

WHEREAS, this elk herd crosses two major highways and two county roads before it reaches the wintering grounds west of the Egin area; and

WHEREAS, modern game management techniques can in many ways avoid or mitigate any conflict, should it ultimately arise in the future, with the projected sparse winter travel estimated at only twenty-five vehicles per day on the Hamer to Egin farm to market road; and

WHEREAS, an upgrade of the Hamer to Egin farm to market road would reduce the travel distances for farmers marketing agricultural products by as much as seventy-five percent, compared to the present circuitous routes that must now be taken; and

WHEREAS, the resource management agencies have based their speculations about the loss of elk foraging adjacent to the upgraded roadway upon comparative studies which contain an improper comparison to the traffic pattern on the Hamer to Egin farm to market road; and

WHEREAS, there is no logical basis for the resource management agencies to compare the disturbance of the projected twenty-five vehicles per winter day that would travel on the Hamer to Egin farm to market road with the 1983 Idaho Transportation Department's count of 890 vehicles per day on State Highway No. 33, which was the roadway used for comparison by the resource management agencies; and

WHEREAS, a more direct marketing route would be of significant economic benefit to the local farmers utilizing the Hamer to Egin farm to market road; there needs to be an improving cooperative relationship between farmers, ranchers and resource management agencies; and a high percentage of the lands used for wintering and foraging by elk in this state are privately-owned lands.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second
Regular Session of the Forty-eighth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we urge the dispute between county commissioners, local residents and resource management agencies regarding the Hamer to Egin farm to market road be resolved and that the road be approved, designed and constructed as per the recommendation of the county commissioners and the Bureau of Land Management Advisory Board, that arrangements be made by all parties to monitor and mitigate any provable impact on future elk foraging and that the resource management agencies work to re-establish and enhance the greater cooperative and responsible working relationships for conservation and stewardship of land, wildlife and working conditions with the local residents whom they serve.

BE IT FURTHER RESOLVED that a copy of this Resolution be sent to each member of the Idaho Fish and Game Commission, the Director of the Idaho Department of Fish and Game, and to the State Director of the Bureau of Land Management of the United States Department of the Interior.

Approved by the House March 13, 1986.
Approved by the Senate March 27, 1986.

A CONCURRENT RESOLUTION

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Federal Government by P.L. 99-198, Section 1505, has ordered that states not collect sales tax on purchases made with food stamps by October 1, 1986; and

WHEREAS, P.L. 99-198 allows the Secretary of the Department of Agriculture to grant the states an extension until October 1, 1987, under certain circumstances; and

WHEREAS, the Revenue and Taxation Committee has attempted, but failed, in the short time available to it, to arrive at a means of complying with the requirements of P.L. 99-198 by October 1, 1986; and

WHEREAS, it would be unconscionable to withhold $37 million in food stamp assistance from those most in need because of a stroke of a federal pen.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-eighth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we authorize and direct the Director of the Idaho Department of Health and Welfare, on behalf of the people of Idaho, to submit the appropriate request to
the U.S. Department of Agriculture for an extension of the time until October 1, 1987, for compliance with the requirements of P.L. 99-198; and

BE IT FURTHER RESOLVED that the Legislative Council is authorized and directed to appoint a committee to study the alternatives available for compliance with the requirements of P.L. 99-198 and to make recommendations to the First Regular Session of the Forty-ninth Idaho Legislature.

WHEREAS, Congress has adopted the Gramm-Rudman-Hollings Act which is estimated to cut federal payments to Idaho by approximately $50 million for the next eighteen months; and

WHEREAS, the Idaho State Legislature is willing to accept cuts which equally impact on all of the states and which will require all states to increasingly shoulder the responsibilities for funding of necessary programs, including public education, with state-level revenue; and

WHEREAS, the economic and tax base of Idaho is not as fully developed as necessary to provide maximum support for education as is the case in other states which do not experience 64% federal land ownership within their boundaries; and

WHEREAS, Federal Forest Reserve Funds and Impact Aid Funds (P.L. 874) payments to Idaho public schools could be reduced or eliminated by Congress or the automatic cuts in the Gramm-Rudman-Hollings Act; and

WHEREAS, federal "in lieu of" tax payment funds, which previously supported public education and other state and local government functions based on this federal ownership acreage, are also proposed for reduction or elimination; and

WHEREAS, the Corps has in the past taken the position that it does not need a state water right because it only passes water through the dam; and

WHEREAS, the Corps should not be entitled to compensation for loss of a water right which it does not claim; and

WHEREAS, the policy behind the Corps administrative decision could have a devastating impact for existing and future water use development in Idaho, the Northwest and the Nation, should the Corps require compensation for loss of power for any diversion of water upstream from one of its power generation dams in any river basin.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of Idaho. Done at Boise City, the Capital of Idaho, this 22nd day of April, 1986.

EXECUTIVE ORDERS
WHEREAS, the United States through its Constitution, laws, executive orders, and regulations has declared that all persons are to be treated fairly and equally; and the State of Idaho is committed to fulfilling that federal mandate; and

WHEREAS, the Legislature of the State of Idaho by Title 44, Chapter 17 and Title 67, Chapter 59 of the Idaho Code has declared that employment discrimination based upon race, color, national origin, religion, sex, or age is illegal; by Title 56, Chapter 7 that the handicapped shall be free from employment discrimination in public service; and by Title 65, Chapter 5 that veterans are to be given preference by public employers; and

WHEREAS, every Idahoan should be provided the opportunity to fully develop and use his/her talents. When we allow race, color, religion, national origin, sex, age and/or handicap to prevent anyone from reaching full potential, we fail that person, our state, and our country. In accordance with the principles of fair employment practices, we must strive to recognize and advance the abilities and talents of all people, while denying no individual his/her rightful opportunities; and

WHEREAS, we must assume our citizen-granted role of leadership in the protection of freedom for all citizens and serve in that leadership role as a mode for government, business, industry, labor, and education in this regard;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, in that spirit and to that purpose, proclaim the following Idaho Code of Fair Employment Practices to be the governing policy throughout every department of the Executive Branch of Government of the State of Idaho.

ARTICLE I--Employment Policies of State Agencies

State employees shall be recruited, appointed, assigned and promoted upon the basis of individual merit, in accordance with the principles of fair treatment and non-discrimination on the basis of race, color, sex, religion, national origin, age, or handicap. Appropriate consideration shall be given to veterans in accordance with applicable state and federal laws and regulations.

All state departments, commissions, and boards are directed to review present personnel recruitment, appointment, promotion, demotion, transfer, retention, discipline, separation, training, and compensation policies and other employment practices to assure compliance with this Executive Order. They shall regularly review present state and federal laws and regulations and seek to redress under-utilization, if any, of minority, women, or handicapped persons within the state workforce.

The State Personnel Commission shall take positive steps to insure that the entire examination process, oral, written, and ratings shall be free from either conscious or inadvertent bias. State agencies shall give wide distribution of notice of employment opportunities so
that all citizens may be fully advised of career opportunities in state government. Employment announcements issued by state agencies shall include a statement indicating "Hiring is done without regard to race, color, religion, national origin, sex, age, or handicap. Appropriate consideration shall be given to veterans in accordance with applicable state and federal laws and regulations."

ARTICLE II--State Action

All services of every state agency shall be performed without discrimination based on race, color, religion, national origin, sex or handicap. No state facility shall be used in furtherance of any discriminatory practice, nor shall any state agency become a party to any agreement, arrangement, plan, contract, or subcontract which has the effect of sanctioning such practices.

ARTICLE III--State Financial Assistance

Race, color, religion, national origin, sex, or handicap shall not be considered in state-administered programs involving the distribution of funds to qualified recipients for benefits authorized by law; nor shall state agencies provide grants, loans, or other financial assistance to public agencies, private institutions or organizations which engage in discriminatory practices.

ARTICLE IV--State Employment Services

All state agencies, including educational institutions, which provide employment referral or placement services to public or private employers, shall accept job orders and/or applications on a non-discriminatory basis. They shall refuse to fill any job order designed, either consciously or inadvertently, to exclude any person from employment because of race, color, religion, national origin, sex, age, or handicap.

ARTICLE V--State Education, Counseling, and Training Programs

All educational counseling and vocational guidance programs, employment and training programs, policy declarations and staff services of state agencies, or those in which state agencies participate, shall be open to all qualified persons, without regard to race, color, religion, national origin, sex, age, or handicap.

ARTICLE VI--Cooperation with Human Rights Commission

All state departments shall cooperate fully with the Idaho Human Rights Commission if state employees or applicants for state employment file complaints with the Commission. They shall also utilize the services of the Commission when needing technical advice regarding compliance with equal employment opportunity as described by Title 67, Chapter 59, Idaho Code. The Commission shall act as a referral agency for information or complaints concerning discrimination in certain protected classes not covered by Title 67, Chapter 59, Idaho Code.

ARTICLE VII--Enforcement by Appointing Authorities

The executive head of each state executive department shall be responsible for carrying out the policies of this Idaho Code of Fair Employment Practices and shall inform and educate all supervisory personnel regarding its intent and spirit. They shall promulgate clearly written directions to carry out this policy. Upon a showing of substantial evidence to the appropriate appointing authority that any officer or employee of the state has knowingly violated any of the provisions of this Executive Order or any applicable state or federal
law or regulation, the appointing authority shall take appropriate disciplinary action.

Because of its sensitive nature, sexual harassment often cannot be effectively addressed through normal grievance procedures. Therefore, every appointing authority shall be responsible for the development of a grievance procedure to be used by employees and/or recipients of state services who believe they have been subjected to sexual harassment. This policy shall include at least the following: (1) a statement defining and forbidding sexual harassment; (2) an investigative procedure designed to protect the confidentiality of participants and to effect an immediate and fair resolution of the allegation; and (3) a statement advising employees and service recipients of their rights to raise this issue with appropriate governmental agencies and/or the courts. Pursuant to Article VI of this Executive Order, the Human Rights Commission and the Personnel Commission shall assist in the development of these policies.

This Executive Order shall be posted in prominent places in all state facilities in public view so that its contents may be easily read by all employees and by the general public.

ARTICLE VIII--Annual Reports

Each executive agency shall, on September 1, of each year, submit a written report to the Governor setting forth all activities undertaken in the past year to effect this Idaho Code of Fair Employment Practices. The report shall be submitted in a form prescribed by the Governor's Office and in sufficient detail to indicate whether goals established by this Code are being met.

The Governor will appoint an interagency committee to review and evaluate the reports and to consult with each appointing authority as to the progress each is making. The committee will report to the Governor the results of this review and consultation and make periodic recommendations for further improvements in the State's EEO/AA effort.

This Executive Order repeals and replaces Executive Order No. 83-3.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the seventeenth day of May, in the year of our Lord nineteen hundred eighty-five, and of the Independence of the United States of America the two hundred ninth, and of the Statehood of Idaho the ninety-fifth.

EXECUTIVE ORDER NO. 85-17

SETTING FORTH A CODE OF ETHICAL CONDUCT FOR EMPLOYEES OF THE EXECUTIVE DEPARTMENT OF IDAHO STATE GOVERNMENT

GENERAL PURPOSE

This Executive Order is issued to insure high standards of conduct among state employees and to strengthen the faith and confidence of the people of Idaho in the integrity of state government and state employees. This Executive Order sets forth a code of conduct for state employees and restates existing Idaho law governing employee conduct in areas where there are actual or potential ethical concerns between their public duties and their private interests. Unless the context indicates otherwise, "state employee(s)" shall have the broadest meaning possible within the Executive Department of Idaho state government consistent with Idaho law, and "person" shall include an association, corporation or governmental entity.

It shall be a paramount concern of state employees that they engage in no conduct which might reasonably be interpreted by the people of Idaho as tending to influence or adversely affect the performance of their official duties.

GRATUITIES AND OTHER BENEFITS

State employees shall never solicit in their official capacity any gratuity or other benefit from any person under any circumstances. State employees shall not accept gratuities or other benefits exceeding a total retail value of $100 within a calendar year from any person who is subject to their legal jurisdiction or who is likely to become interested in any contract or transaction over which they exercise any discretionary function. State employees are not precluded from accepting from time to time food or beverages consumed at the time and place of receipt from any person with whom they deal in their official capacity, subject to the limitation of $100 retail value within a calendar year. These rules apply irrespective of kinship or other relationship with the donor outside of the official status of the state employee, and irrespective of the existence of legal consideration for or legal entitlement to the gratuity or other benefit. It is not material that the acceptance of any gratuity or other benefit contrary to this Executive Order is not prejudicial to official impartiality in fact.

Nothing herein is intended to prevent appointing authorities from approving participation by their employees in bonafide training or educational programs provided by public or private entities.

State employees shall not accept transportation or lodging from any person who is subject to their jurisdiction or who is or is likely to become interested in any contract or transaction over which they
exercise any discretionary function. It shall be the general policy that reimbursable expenses for transportation and lodging of state employees shall be paid by the State of Idaho rather than by another person. This rule does not apply under circumstances where state employees do not have reasonable access to public services or accommodations, when the acceptance of an offer of transportation makes an economical and efficient use of time or transportation and any benefit conferred is trivial or otherwise consistent with the general purpose of this Executive Order.

All state employees exercising any discretionary function shall make a conscious effort to be open to contact by all segments of Idaho society that have an interest in the exercise of that discretionary function. State employees exercising any discretionary function shall not associate with any one person who has or may have an interest in the exercise of that discretionary function to such an extent as would reasonably be interpreted by the people of Idaho as tending to influence or adversely affect the performance of their official duties.

Honorariums shall not be accepted by state employees from Idaho citizens, associations, corporations or governmental entities for appearances or services given in the course of their official duties.

CONFLICTS OF INTEREST

State employees shall not profit, directly or indirectly, from public funds under their control. State employees shall not have a private interest in any contract or grant made by them in their official capacity. State employees must avoid self-dealing in any purchase or sale made in their official capacity. Any state employee having a private interest in any discretionary matter coming before him in the course of his official duties, whether the matter be regulatory, adjudicative, contractual, or the formation of public policy, shall not act but shall withdraw himself.

State employees shall not refer to themselves any business or client where the origin of the relationship arises in their official capacity.

No state employee shall appoint or otherwise employ for compensation payable from public funds any person related by blood or marriage to within the second degree.

OUTSIDE EMPLOYMENT AND EXTRA COMPENSATION

Heads of executive departments; members of the Tax Commission, the Industrial Commission, and the Public Utilities Commission, the Executive Director of the State Board of Education, and the Director of the Executive Office of the Governor shall not hold any other public office or public employment for which compensation is received. Nor shall any state employee serve as a director, officer or employee of any profit-making corporation or institution without disclosure to and approval by their appointing authority. Such approval shall be granted only if such activity will not adversely affect the performance of the employee's official duties, nor create an appearance of impropriety.

State employees may occupy offices or positions in non-profit organizations outside state government service to the extent that it does not interfere with the performance of their official duties in an efficient, mentally- and physically-alert manner.

Except as otherwise prohibited by law, all state employees includ-
ing those identified above, may own stock in a public or private corporation, be a trustee to a trust, be a personal representative to an estate, serve as a part-time member of the military reserves or the National Guard and serve upon a jury.

All state employees receiving fixed compensation are not to be paid for any extra service performed in the ordinary course of their employment, except for overtime compensation as provided by law, employment in any state educational program as provided in Section 59-512, Idaho Code, or other circumstances expressly authorized by law.

POLITICAL ACTIVITIES

As provided by Section 67-5311, Idaho Code, and an Idaho Personnel Commission directive dated August 9, 1976, state employees shall not command political contributions from other state employees. State employees subject to the state personnel system (hereinafter "classified employees") shall not use their official authority or influence to bring about any nomination or election to public office. Classified employees shall not take an active part in the management of any political organization. Classified employees shall not seek election to a partisan public office. All state employees may vote and express their personal opinion on political issues and candidates and take an active part in support of a candidate in partisan or nonpartisan elections. All state employees may be members of a political party or organization, participate in its activities, serve as an elected convention delegate and voluntarily contribute to political parties or candidates. Classified employees shall avoid participation in public affairs in a manner which would materially compromise their neutrality, efficiency or integrity in the performance of their official duties.

ADMINISTRATION

Department heads and boards and commissions within the Executive Department of the State of Idaho may establish particular codes of employee conduct to supplement the general code of conduct provided under Idaho law and this Executive Order. Nothing in this Executive Order is intended to preclude more strict provisions of conduct than are required under this Executive Order, except as precluded by Idaho Law.

Questions or disputes regarding the conduct of state employees under this Executive Order and Idaho law shall be directed to the appropriate appointing authority who may seek legal counsel from the Attorney General.

State employees who have questions regarding their conduct that are not specifically addressed in this Executive Order or who need more direction than is included herein should consult their appointing authorities. State employees who are presently engaged in a course of conduct addressed herein are directed to review that conduct in light of this Executive Order.

Violation of this Executive Order may lead to dismissal, suspension, demotion or other personnel action. In addition, state employees whose conduct violates Idaho law whether or not restated in this Executive Order are subject to the penalties provided under Idaho law.
DISTRIBUTION
Appointing authorities shall bring this Executive Order to the attention of state employees now or hereafter under their supervision. It is the duty of state employees to familiarize themselves with the code of conduct contained in this Executive Order and to reflect upon their own conduct.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the thirteenth day of August, in the year of our Lord nineteen hundred eighty-five, and of the Independence of the United States of America the two hundred tenth, and of the Statehood of Idaho the ninety-sixth.

EXECUTIVE ORDER NO. 85-28

CREATING A FARM FORECLOSURE REVIEW BOARD

WHEREAS: Agriculture is Idaho's largest industry; and
WHEREAS: Idaho farmers have been victimized by distressing economic circumstances, including an international trade deficit caused by an inflated U.S. dollar, high real interest rates caused by massive federal budget deficits, and low commodity prices; and
WHEREAS: Idaho farmers have been further victimized by natural causes, including drought, grasshopper infestations and early frosts; and
WHEREAS: The value of Idaho farm assets has been eroded dramatically by declining land values which in turn restricts access to farm credit; and
WHEREAS: Foreclosure on farm collateral is becoming an increasingly common occurrence despite the fact foreclosure is typically the creditors' least desirable means of recovery; and
WHEREAS: A recent survey estimates 11 percent of Idaho farmers face extreme financial problems which may well force them from agriculture within two years; and
WHEREAS: A forced sale of farm land or equipment not only can wipe out a farm family's life savings, but also adversely affects the economic well-being of the surrounding community; and
WHEREAS: The State of Idaho should assist farmers and their creditors in finding alternatives to foreclosure wherever possible without impairing the creditors' legal and equitable interest in collateral;
NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, pursuant to the authority vested in me by the Constitution and laws of this state do hereby order as follows:

I. A Farm Foreclosure Review Board is hereby established.

A. Membership. The Board shall consist of five (5) members who shall be appointed by the Governor. At least two of the members shall be past or present farmers, and at least two additional members shall be persons with past professional experience working in either an Idaho lending institution, or the Farmers Home Administration or the Farm Credit System. One of the Board members shall be designated by the Governor as chairman. Board members shall be appointed for a period of two years except that at least two of the Board members shall be appointed for a one year term initially. Those two shall include one farmer's representative and one lender's representative.

B. Duties, Compensation and Expenses. The Board shall serve as a mediator between a farmer who is in danger of foreclosure, or who has received a notice of foreclosure, on his farm real property and any creditor (including state
lending institutions, Federal Land Bank, Farmers Home Administration, Production Credit Associations, Insurance Companies or private individuals) who holds a valid mortgage or lien, in such real property.

Board members will serve in a voluntary capacity with no compensation to be paid except for reimbursement of their reasonable and necessary expenses. Expenses of the Board are to be paid and/or reimbursed by the Director of the Department of Agriculture.

C. Procedure. A petition for review may be filed by a farmer who faces foreclosure and who has not filed for bankruptcy. A petition may also be filed by a creditor who desires review of a pending foreclosure. Petitions shall be submitted to the Board in care of the Idaho Department of Agriculture, Statehouse, Boise, ID 83720. A filing fee set by the Board must accompany each petition for review. The filing fee will be refunded if the Board fails to issue a decision due to the fact that the other side has declined to submit the matter to the Board for review. Money received from filing fees shall be used to defray costs and expenses of the Board.

D. Recommendations of the Board. Recommendations of the Board shall not be binding on the parties. The Board is to act as an ombudsman in trying to reconcile differences between farmers and creditors and/or to find common ground under which foreclosure can be avoided. Upon receiving a petition, the Board shall contact other parties involved, attempting to get the other parties to submit the matter for review. The Board shall review the matter and issue a recommendation or opinion. The recommendation or opinion may be made after review of documents and affidavits submitted, unless a hearing is requested by a party and granted by the Board. Board hearings need not follow formal rules of procedure or of evidence, and may be held ex parte and/or in camera if necessary to prevent disclosure of confidential information.

Within thirty days of receiving all documents from both parties in the matter, the Board shall issue its recommendation or opinion. This time limit may be extended another thirty days for good cause.

E. Additional Board Powers. The Board shall have the following powers:

1. To limit petitions it will accept for review to those involving family farm foreclosures, or further, to family farm foreclosures involving the farmer's residential real property, if such limitation is necessary to the efficient operation of the Board within available resources. Similarly, the Board may condition acceptance of a petition for review upon agreement by the farmer to keep interest payments current to the lender during the pend-
ing of the Board's review.

2. To prescribe forms to be used when filing a petition for review. This form may include a consent by a petitioning farmer for the Board to obtain bank documents or other instruments concerning the loan under review.

3. To issue guidelines for procedure before the Board, and to protect the confidentiality of information provided to the Board by the parties;

4. To contact other potential parties to a review and obtain their consent to submit the matter for a review.

5. To act on a petition only if all parties consent. Action shall include review of documents and testimony, holding discussions with the parties and issuing recommendations or opinions.

6. To accept and spend funds from public or private sources to defray necessary Board expenses.

II. The Director of Agriculture is directed to request that the State Auditor establish a new account called the "Family Farm Assistance Account," into which noncognizable nonstate funds received for family farm assistance activities shall be deposited.

III. All State agencies and institutions shall cooperate with and assist the Board in carrying out its responsibilities under this order.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the eighth day of November, in the year of our Lord nineteen hundred eighty-five, and of the Independence of the United States of America the two hundred tenth, and of the Statehood of Idaho the ninety-sixth.

EXECUTIVE ORDER NO. 86-5

ENERGY CONSERVATION CONSIDERATIONS INCLUDED IN STATE BUILDINGS, REPEALING AND REPLACING EXECUTIVE ORDER NO. 84-1

WHEREAS, the efficient use of energy is of prime importance to the economic and energy well-being of the State of Idaho; and

WHEREAS, the State of Idaho uses, in its owned and leased buildings, a considerable portion of the state's energy demand; and

WHEREAS, the state government's ability to control energy use in leased facilities has been minimal, particularly after signing a lease; and

WHEREAS, it is imperative that the state government of Idaho set an example of energy efficiency for owners and operators of public and private buildings;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, do hereby continue the order that all state building designs and lease...
agreements will include energy conservation considerations including:

--insulation levels no less stringent than the Code for Energy Conservation in New Building Construction (Uniform Building Code, 1979);

--insulated or storm windows and doors;

--adequate caulking and weatherstripping;

--use of solar hot water where feasible and solar heating where cost effective;

--in the Capitol Mall, use of natural hot water where feasible; and

--roof design providing summer shade for sun-facing windows and entryways in the summer and direct sunlight on those walls in the winter.

FURTHER, I order that all lease agreements be reviewed in draft form for compliance with these objectives. All parties are to be notified in any such negotiations that failure to comply with these objectives may be sufficient grounds for voiding the lease agreement. I further order that the signing of such agreements include a statement of accountability to the intent of this order so that compliance will be a part of the lease drafting procedure rather than a source of conflict after a contract has been signed. I further direct the attention of all persons and agencies in all branches of state and local government to the spirit of this order. Consideration of long-term energy costs, including seasonal and peaking demands upon the suppliers of energy, should become a major consideration in construction of all state buildings and lease agreements.

This Executive Order repeals and replaces Executive Order No. 84-1 and is retroactive to January 23, 1986.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the nineteenth day of February, in the year of our Lord nineteen hundred eighty-six, and of the Independence of the United States of America the two hundred tenth, and of the Statehood of Idaho the ninety-sixth.
