(d) The term "active practitioner of dentistry or of dental hygiene" means a person who, within the state of Idaho, performs any of the acts or performs any of the services mentioned in sections 54-901 and 54-902, Idaho Code. However, that absences from his practice by reasons of illness or vacation not exceeding two (2) years, service in the dental department of the armed forces of the United States or the United States public health service not exceeding five (5) years, or the taking of board approved post-graduate educational courses, either within or without the state of Idaho, shall not affect the active status of the practitioner.

(3) (a) The board may issue a license with active status to any person who fulfills or has previously fulfilled the licensure requirements and who is an active practitioner of dentistry or dental hygiene in the state of Idaho or who signifies to the board, in writing, that upon issuance of the initial license, or reissuance of an annual license, he intends to be an active practitioner in this state within one (1) year. Exceptions may be made in conjunction with the provisions of subsection (2)(d) of this section.

(b) The board may issue a license with inactive status to any person who fulfills or has fulfilled the licensure requirements but who, for any reason, is not eligible for a license with active status.

(c) The board may issue a license with special status to any person who otherwise generally fulfills the licensure requirements but where in the judgment of the board, special circumstances exist which, for the protection of the public health and welfare, require specific limitations or who practices exclusively in a specialized area of dentistry.

A license with special status shall be considered, but not
limited to one of the following:

1. A license issued which states a specific length of time it may be held valid;
2. A license issued which places specific conditions that must be fulfilled to remain effective;
3. A license issued which limits the scope or type of treatment which the holder may render or places limitations of persons for whom treatment may be rendered;
4. The board shall develop rules on specialized practice to include definitions, provisions for application, examination, limitation of practice and annual renewal of licensure.

(4) (a) A license with active status entitles the holder to practice dentistry or dental hygiene in the state of Idaho, as prescribed by the terms of the license.
(b) A license with inactive status does not entitle the holder to practice dentistry or dental hygiene in the state of Idaho. However, the board may convert a license with inactive status to a license with active status in the event the holder pays the license fee prescribed for licenses with active status and submits to the board satisfactory evidence of:
1. Compliance with the requirements of this chapter and all rules and regulations promulgated under the provisions of this chapter.
2. Evidence of good moral character and good professional conduct.
3. A certificate of a licensed physician verifying that the applicant for conversion of license status is not subject to physical or mental conditions that render the applicant incapable of performing the physical tasks necessary in the efficient and competent practice of dentistry or dental hygiene, or so impair the applicant's functions of judgment as to constitute a substantial impairment for him to efficiently and competently practice dentistry or dental hygiene.
4. Active practice outside the state of Idaho during the previous twelve (12) months or employment as a dental or dental hygiene instructor.
(c) A license with special status entitles the holder thereof to practice dentistry or dental hygiene in the state of Idaho only within the limitations specifically determined by the board and for the period of time prescribed.
(5) A license with retirement status does not permit the holder to practice dentistry or dental hygiene in the state of Idaho, but indicates the holder has been a practitioner holding a license in good standing at the time of retirement.
There is no conversion from retirement status to active status other than filing an application for examination as required of a first applicant.

SECTION 9. That Section 54-924, Idaho Code, be, and the same is hereby amended to read as follows:

The certificate or other evidence of qualification, and the right to practice dentistry or any dental specialty and the annual license of any dentist or dental specialist may be revoked, or suspended by the board upon proceedings as provided by law in the event a dentist shall:

(2) The board or the associations, any one (1) of which has established a peer review committee pursuant to law, any committee member or any staff member of either the board or of the associations assisting a peer review committee, and any witness or consultant appearing before or presenting information to a peer review committee shall be immune from liability in any civil action brought as a result of a peer review investigation or proceeding conducted by a peer review committee, if the board, association, committee or staff member, witness or consultant, acts in good faith within the scope of the function of the committee, has made a reasonable effort to obtain the facts of the matter as to which the board or association or he acts, in the reasonable belief that the action taken is warranted by the facts.

Any person who testifies before the committee cannot be asked about his testimony before that committee or opinions formed by him as a result of those hearings.

CHAPTER 31
(H.B. No. 1)

AN ACT
RELATING TO SALES AND USE TAXES; REPEALING SECTIONS 63-3640 AND 63-3640A, IDAHO CODE; AMENDING SECTION 63-3619, IDAHO CODE, TO INCREASE THE RATE OF THE SALES TAX TO FIVE PER CENT; AMENDING SECTION 63-3621, IDAHO CODE, TO INCREASE THE USE TAX TO FIVE PER CENT, TO PROVIDE PROPER CODE REFERENCES, AND TO STRIKE OBSOLETE DATES; AMENDING SECTION 63-3638, IDAHO CODE, TO PROVIDE FOR THE DISTRIBUTION OF SALES TAX REVENUES, AND TO STRIKE REFERENCE TO AN OBSOLETE REQUIREMENT; AND PROVIDING A SAVINGS CLAUSE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Sections 63-3640 and 63-3640A, Idaho Code, be, and the same are hereby repealed.

SECTION 2. That Section 63-3619, Idaho Code, be, and the same is
hereby amended to read as follows:

63-3619. IMPOSITION AND RATE OF THE SALES TAX. An excise tax is hereby imposed upon each sale at retail at the rate of four five per cent (45%) of the sales price of all property subject to taxation under this act and such amount shall be computed monthly on all sales at retail within the preceding month.

(a) The tax shall apply to, be computed on, and collected for all credit, instalment, conditional or similar sales at the time of the sale or, in the case of rentals, at the time the rental is charged.

(b) The tax hereby imposed shall be collected by the retailer from the consumer.

(c) The state tax commission shall provide schedules for collection of the tax on sales which involve a fraction of a dollar. The retailer shall calculate the tax upon the entire amount of the purchases of the consumer made at a particular time and not separately upon each item purchased. The retailer may retain any amount collected under the bracket system prescribed which is in excess of the amount of tax for which he is liable to the state during the period as compensation for the work of collecting the tax.

(d) It is unlawful for any retailer to advertise or hold out or state to the public or to any customer, directly or indirectly, that the tax or any part thereof will be assumed or absorbed by the retailer or that it will not be added to the selling price of the property sold or that if added it or any part thereof will be refunded. Any person violating any provision of this section is guilty of a misdemeanor.

(e) The tax commission may by regulation provide that the amount collected by the retailer from the consumer in reimbursement of the tax be displayed separately from the list price, the price advertised in the premises, the marked price, or other price on the sales slip or other proof of sale.

(f) The tax imposed by this act shall apply to the sales of any tangible personal property to contractors purchasing such property for resale to the United States or for use in the performance of contracts with the United States.

SECTION 3. That Section 63-3621, Idaho Code, be, and the same is hereby amended to read as follows:

63-3621. IMPOSITION AND RATE OF THE USE TAX. An excise tax is hereby imposed on the storage, use, or other consumption in this state of tangible personal property acquired on or after July 1, 1965, for storage, use, or other consumption in this state at the rate of four five per cent (45%) of the value of the property, and a recent sales price shall be presumptive evidence of the value of the property.

(a) Every person storing, using, or otherwise consuming, in this state, tangible personal property is liable for the tax. His liability is not extinguished until the tax has been paid to this state except that a receipt from a retailer maintaining a place of business in this state or engaged in business in this state given to the purchaser is sufficient to relieve the purchaser from further liability for the tax.
to which the receipt refers.

(b) Every retailer engaged in business in this state, and making sales of tangible personal property for the storage, use, or other consumption in this state, not exempted under section 63-3622, Idaho Code, shall, at the time of making the sales or, if storage, use or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the state tax commission.

(c) The provisions of this section shall not apply when the retailer pays sales tax on the transaction and collects reimbursement for such sales tax from the customer.

(d) Every retailer engaged in business in this state or maintaining a place of business in this state shall register with the state tax commission and give the name and address of all agents operating in this state, the location of all distributions or sales houses or offices or other places of business in this state, and such other information as the state tax commission may require.

(e) For the purpose of the proper administration of this act and to prevent evasion of the use tax and the duty to collect the use tax, it shall be presumed that tangible personal property sold by any person for delivery in this state is sold for storage, use, or other consumption in this state until the contrary is established. The burden of proving the contrary is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the property is purchased for resale or rental.

The certificate relieves the person selling the property from the burden of proof only if taken in good faith from a person who is engaged in the business of selling or renting tangible personal property and who holds the permit provided for by section 63-3620, Idaho Code, and who, at the time of purchasing the tangible personal property, intends to sell or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose.

The certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit issued to the purchaser, and shall indicate the amount and general character of the tangible personal property sold by the purchaser in the regular course of business. The certificate shall be substantially in such form as the state tax commission may prescribe.

(f) If a purchaser who gives a certificate makes any storage or use of the property other than retention, demonstration, or display while holding it for sale in the regular course of business, the storage or use is taxable as of the time the property is first so stored or used. If the sole use of the property, other than retention, demonstration or display in the regular course of business, is the rental of property while holding it for sale, the purchaser may elect to include in his sales at retail the total amount of the rental charge rather than the sale price of the property to him.

(g) If a purchaser gives a certificate with respect to the purchase of fungible goods and thereafter commingles these goods with
other fungible goods not so purchased but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold.

(b) Any person violating any provisions of this section is guilty of a misdemeanor and punishable by a fine not in excess of one hundred dollars ($100), and each violation shall constitute a separate offense.

(i) It shall be presumed that tangible personal property shipped or brought to this state by the purchaser after July 1, 1965 was purchased from a retailer on or after July 1, 1965 for storage, use or other consumption in this state.

(j) On and after July 1, 1965 it shall be presumed that tangible personal property delivered outside this state to a purchaser known by the retailer to be a resident of this state was purchased from a retailer for storage, use, or other consumption in this state. This presumption may be controverted by evidence satisfactory to the state tax commission that the property was not purchased for storage, use, or other consumption in this state.

(k) When the tangible personal property subject to use tax has been subjected to a general retail sales or use tax by another state of the United States at a rate equal to or greater than, the rate of the Idaho tax, and evidence can be given of such payment, the property will not be subject to Idaho use tax. If the rate paid the other state was less, the property will be subject to use tax to the extent that the Idaho rate exceeds the rate of the other state. For the purposes of this subsection, a registration certificate or title issued by another state or subdivision thereof for a vehicle or trailer as defined in section 49-101, title 49, Idaho Code, or a vessel as defined in section 49-3203, 67-7003, Idaho Code, shall be sufficient evidence of payment of a general retail sales or use tax.

(l) The use tax herein imposed shall not apply to the use by a nonresident of this state of a motor vehicle which is registered or licensed under the laws of the state of his residence and is not used in this state more than three (3) months, and which is not required to be registered or licensed under the laws of this state, or to the use of household goods, personal effects and private automobiles by a bona fide resident of this state, if such articles were acquired by such person in another state while a bona fide resident thereof and primarily for use outside this state and if such use was actual and substantial, but if an article was acquired less than three (3) months prior to the time he entered this state, it will be presumed that the article was acquired for use in this state and that its use outside this state was not actual and substantial.

SECTION 4. That Section 63-3638, Idaho Code, be, and the same is hereby amended to read as follows:

63-3638. SALES TAX -- DISTRIBUTION. All moneys collected under this chapter shall be distributed by the tax commission as follows:
(a) An amount of money shall be distributed to the state refund account sufficient to pay current refund claims. All refunds authorized under this chapter by the commission shall be paid through the state refund account, and those moneys are continuously appropriated.

(b) Five hundred thousand dollars ($500,000) per year is continuously appropriated and shall be distributed to the permanent building account, provided by section 57-1108, Idaho Code.

(c) Four million eight hundred thousand dollars ($4,800,000) per year is continuously appropriated and shall be distributed to the water pollution control account established by section 39-3605, Idaho Code.

(d) An amount equal to the sum required to be certified by the chairman of the Idaho housing agency to the state tax commission pursuant to section 67-6211, Idaho Code, in each year is continuously appropriated and shall be paid to any capital reserve fund, established by the Idaho housing agency pursuant to section 67-6211, Idaho Code. Such amounts, if any, as may be appropriated hereunder to the capital reserve fund of the Idaho housing agency shall be repaid for distribution under the provisions of this section, subject to the provisions of section 67-6215, Idaho Code, by the Idaho housing agency, as soon as possible, from any moneys available therefor and in excess of the amounts which the agency determines will keep it self-supporting.

(e) Seven-and-one-half Six percent (7.5 6.0%) is hereby appropriated and shall be paid to the county treasurer of each county in amounts to be determined as follows:

1. Each taxing district other than school districts shall be entitled to a base share of sales tax moneys equal to the amount distributed to that district for the fourth calendar quarter of 1979. The computation shall not include any distributions made to the credit of either the former county school levy or the state water pollution control levy. The percentage so determined for each taxing district shall be applied each quarter to the above percentage of sales tax. The resulting sums shall be paid to the county treasurer of each county for distribution to each taxing district, except school districts, which received sales tax moneys in 1979. Whenever a taxing district is dissolved, the dissolved district's share of sales moneys shall be credited continuously to the county current expense fund.

2. Whenever the amount of nonschool district sales tax moneys distributed exceeds in any quarter the total amount of moneys distributed to nonschool districts for the base quarter, which is the fourth calendar quarter of 1979, by ten percent (10%), or more, the excess of the base quarter shall be paid to the county treasurer of each county for distribution to each taxing district in the county, except school districts, in the following manner. The state tax commission shall compute the percentage that the average amount of taxes collected from assessments for the years 1965, 1966 and 1967 on the personal property described as business inventory in section 63-105Y, Idaho Code, for each county bears to the average total amount of taxes collected from assessments for said years on the personal property described as busi-
ness inventory in section 63-105Y, Idaho Code, for all counties in the state. The percentage so determined for each county shall be applied to the sales tax distributed under this subsection and the resulting sum shall be paid to the county treasurer of each county for distribution to each taxing district, except school districts, in the county as follows:

(i) The county commissioners in each county shall take the tax charge, applicable to the first real and personal property rolls equalized by county commissioners sitting as a board of equalization, of each taxing district within the county, except school districts, and divide it by the total current tax charges applicable to those first real and personal property rolls of all taxing districts, except school districts, within said county and the resulting percentages shall be applied to the county's proportionate share of said sales tax account and the resulting amount shall be distributed to each taxing district in the county periodically but not less frequently than quarterly by the county auditor and applied by such taxing districts in the same manner and in the same proportions as revenues from ad valorem taxation.

(ii) The moneys set aside and appropriated to the county treasurer out of the sales tax account above may be considered by the counties and other taxing districts and budgeted against at the same time, in the same manner and in the same year as revenues from taxation on all classes of personal property which these moneys replace.

(3) All moneys distributed pursuant to subsection (e) shall be subject to the redistribution provisions of section 40-801, Idaho Code, where applicable.

(f) One dollar ($1.00) on each application for certificate of title to a motor vehicle, or initial application for registration processed by the county assessor excepting those applications in which any sales or use taxes due have been previously collected by a retailer, shall be a fee for the services of the assessor of the county in collecting such taxes, and shall be paid into the current expense fund of the county.

(g) Six and one-third per cent (6.33%) is continuously appropriated and shall be distributed to the revenue sharing account which is created in the state operating fund, and the moneys in the revenue sharing account will be paid by the tax commission as follows:

(1) One-half (1/2) shall be paid to the various cities as follows:

(i) Fifty per cent (50%) of such amount shall be paid to the various cities, and each city shall be entitled to an amount in the proportion that the population of that city bears to the population of all cities within the state; and

(ii) Fifty per cent (50%) of such amount shall be paid to the various cities, and each city shall be entitled to an amount in the proportion that the preceding year's market value for assessment purposes for that city bears to the preceding year's market value for assessment purposes of all
cities within the state.
(2) One-half (1/2) shall be paid to the state's general account or to the various counties as follows:
   (i) An amount equal to the appropriation made from the general account in the current fiscal year to the catastrophic health-care account, but not to exceed four and one-half million dollars ($4,500,000), shall be paid by the state auditor to the general account; and
   (ii) One million three hundred twenty thousand dollars ($1,320,000) shall be distributed one forty-fourth (1/44) to each of the various counties; and
   (iii) The balance of such amount shall be paid to the various counties, and each county shall be entitled to an amount in the proportion that the population of that county bears to the population of the state.

(h) Any moneys remaining over and above those necessary to meet and reserve for payments under other subsections of this section shall be distributed to the general account.

SECTION 5. All of the taxes, penalties and interest due and owing to the state of Idaho from the tax imposed in section 63-3640, Idaho Code, as that section existed prior to July 1, 1987, are moneys due and owing to the state of Idaho and may be collected under the provisions of chapter 36, title 63, Idaho Code.

Approved March 9, 1987.

In the event that an employer can demonstrate administrative inconvenience in complying with the exact requirements set forth in these tables, he may, with the consent of the state tax commission and upon application to it, use a different method which will produce substantially the same amount of taxes withheld. Every employer making payments of wages or salaries earned in Idaho, regardless of the place where such payment is made:

ance with the provisions of the Internal Revenue Code, the amount deducted therefrom in accordance with the provisions of this section, and such pertinent and necessary information as the state tax commission may require.

Every employer making a declaration of withholding as provided herein shall furnish to the employees annually, but not later than thirty (30) days after the end of the calendar year, a record of the amount of tax withheld from such employee on forms to be prescribed, prepared and furnished by the state tax commission and at the same time every employer shall file a copy thereof with the state tax commission.

(c) All moneys deducted and withheld by every employer shall immediately upon such deduction be state money and every employer who deducts and retains any amount of money under the provisions of this act shall hold the same in trust for the state of Idaho and for the payment thereof to the state tax commission in the manner and at the times in this act provided. Any employer who does not possess real property situated within the state of Idaho, which, in the opinion of the state tax commission, is of sufficient value to cover his probable tax liability, may be required to post a surety bond in such sum as the state tax commission shall deem adequate to protect the state.

(d) The provisions of this act relating to additions to tax in case of delinquency, and penalties, shall apply to employers subject to the provisions of this section and for these purposes any amount deducted, or required to be deducted and remitted to the state tax commission under this section, shall be considered to be the tax of the employer and with respect to such amount he shall be considered the taxpayer.

(e) Amounts deducted from wages of an employee during any calendar year in accordance with the provisions of this section shall be considered to be in part payment of the tax imposed on such employee for his tax year which begins within such calendar year and the return made by the employer under this subsection (e) shall be accepted by the state tax commission as evidence in favor of the employee of the amount so deducted from his wages. Where the total amount so deducted exceeds the amount of tax on the employee, based on his taxable income as computed under the provisions of this act, as the same has been or may hereafter be amended, or where his income is not taxable under this act, the state tax commission shall, after examining the annual return filed by the employee in accordance with this act, but not later than sixty (60) days after the filing of each return, refund the amount of the excess deducted. No credit or refund shall be made to an employee who fails to file his return, as required under this act, within three (3) years from the due date of the return in respect of which the tax withheld might have been credited. In the event that the excess tax deducted is less than one dollar ($1.00), no refund shall be made unless specifically requested by the taxpayer at the time such return is filed.

(f) This section shall in no way relieve any taxpayer from his obligation of filing a return at the time required under this act, and, should the amount withheld under the provisions of this section be insufficient to pay the total tax of such taxpayer, such unpaid tax
shall be paid at the time prescribed by section 63-3034, Idaho Code.

(g) An employee receiving wages shall on any day be entitled to the same number of withholding exemptions to which he is entitled under the Internal Revenue Code for federal income tax withholding purposes.

(h) An employer shall use the exemption certificate filed by the employee with the employer under the withholding exemption provisions of the Internal Revenue Code in determining the amount of tax to be withheld from the employee's wages or salary under this act. The tax commission may redetermine the number of withholding exemptions to which an employee is entitled under subsection (g), and the state tax commission may require such exemption certificate to be filed on a form prescribed by the commission in any circumstance where the commission finds that the exemption certificate filed for Internal Revenue Code purposes does not properly reflect the number of withholding exemptions to which the employee is entitled under this act. In no event shall any employee give an exemption certificate which claims a higher number of withholding exemptions than the number to which the employee is entitled by subsection (g) of this section.

AN ACT
RELATING TO PROPERTY TAX VALUATION; AMENDING SECTION 63-707, IDAHO CODE, TO PROVIDE A WEIGHTED, THREE FACTOR APPORTIONMENT OF RAILROAD VALUE TO CONFIRM THE STATE TAX COMMISSION'S APPORTIONMENT PRACTICE FOR RAILROADS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-707, Idaho Code, be, and the same is hereby amended to read as follows:

63-707. MANNER OF ASSESSMENT -- VALUATION. The state tax commission must assess all property which, under the provisions of this chapter, is to be assessed by it, at the meeting of the said commission convening on the second Monday of August in each year, and must complete the assessment of such property on the fourth Monday of August in that year. The said commission shall at such meeting ascertain and determine the assessed value of all such property in the state, except electric current transmission and distribution lines, and shall determine the total value, the number of miles and value per mile of each railroad, telegraph and telephone line, and pipeline for transportation of commodities, including water companies under the jurisdiction of the Idaho public utilities commission, in the state, the value, number of miles, and value per mile of such line in any
county into or through which the said line extends, and the value, number of miles and value per mile, of such line in any incorporated city, school district or other taxing district into or through which the said line extends. The value per mile of any except electric current transmission and distribution lines, and railroad lines, is to be determined by dividing the total value of such line within the state by the number of miles of such line within the state.

The said commission shall at such meeting ascertain and determine the assessed value of the electric current transmission and distribution lines in each county separately, and shall determine the total value, the number of miles and value per mile of each electric current transmission and distribution line and railroad line, in each county into or through which said line extends, and the value, number of miles and value per mile of such line in any incorporated city, school district or other taxing district into or through which the said line extends. The value per mile of electric current transmission and distribution lines is to be determined by dividing the total value of such line within each county by the number of miles of such line within said county, and all operating property of such electric current transmission and distribution lines shall be assessed as of and apportioned to the county in which the same is situated as a part of the transmission line in said county. The value per mile of railroad line is to be determined by apportionment of the total value of line within the state. The apportionment shall be based twenty percent (20%) on the ratio of line miles in the state to line miles in the county; forty percent (40%) on the ratio of net ton miles in the state to net ton miles in the county; and forty percent (40%) on the ratio of station revenues in the state to station revenues in the county. All operating property of the railroads shall be apportioned to the counties as part of the railroad line in the county. The apportionment for cities, school districts, and other taxing districts shall be the same as the apportionment among the counties.

If the property of any company assessable under this section is of such a nature that it cannot reasonably be apportioned on the basis of rail, wire, pipeline mileage, such as microwave and radio relay stations, the tax commission may adopt such other method or basis of apportionment to the county and taxing districts in which the property is situated as may be feasible and proper.

All property assessed as herein provided shall be valued as of the same time as other property in the state is valued, and the value of all franchises held by any person whose property has been assessed as herein provided shall be included in the value of such property.

In the event any provisions of section 63-707, Idaho Code, this section shall be finally judicially determined by the Idaho supreme court to be unconstitutional, a moratorium on the enforcement of any rights found to result from such finding of unconstitutionality shall be in effect until January 1 of the next succeeding year following the determination of unconstitutionality.

If the report is received in evidence upon such hearing, the party who contests the finding thereof shall have the right to summon and to cross-examine the psychiatrist or licensed psychologist who submitted the report and to offer evidence upon the issue.

(2) If the court determines that the defendant lacks fitness to proceed, the proceeding against him shall be suspended, except as provided in subsections (4) and (5) of this section, and the court shall commit him to the custody of the director of the department of health and welfare for care and treatment at an appropriate facility of the department of health and welfare or if the defendant is found to be dangerously mentally ill as defined in section 66-1305, Idaho Code, to the department of correction for a period not exceeding ninety (90) days. For purposes of this section "facility" shall mean a state hospital, institution or mental health center, or those facilities enumerated in subsection (7) of section 66-402, Idaho Code, equipped to evaluate or rehabilitate such defendants. The order of commitment shall require the county sheriff to transport the defendant to and from the facility and require an evaluation of the defendant's mental condition at the time of admission to the facility, and a progress report on the defendant's mental condition. The progress report shall include an opinion whether the defendant is fit to proceed, or if not, whether there is a substantial probability the defendant will be fit to proceed within the foreseeable future. If the report concludes that there is a substantial probability that the defendant will be fit to proceed in the foreseeable future, the court may order the continued commitment of the defendant for an additional one hundred eighty (180) days. If at any time the director of the facility to which the defendant is committed determines that the defendant is fit to proceed, such determination shall be reported to the court.

(3) Each report shall be filed in triplicate with the clerk of the court, who shall cause copies to be delivered to the prosecuting attorney and to counsel for the defendant. Upon receipt of a report, the court shall determine, after a hearing if a hearing is requested, the disposition of the defendant and the proceedings against him. If the court determines that the defendant is fit to proceed, the proceeding shall be resumed. If at the end of the initial ninety (90) days the court determines that the defendant is unfit and there is not a substantial probability the defendant will be fit to proceed within the foreseeable future or if the defendant is not fit to proceed after the expiration of the additional one hundred eighty (180) days
involuntary commitment proceedings shall be instituted pursuant to either section 66-329 or section 66-406, Idaho Code, in the court in which the criminal charge is pending.

(4) In its review of commitments pursuant to section 66-337, Idaho Code, the department of health and welfare shall determine whether the defendant is fit to proceed with trial. The department of health and welfare shall review its commitments pursuant to chapter 4, title 66, Idaho Code, and may recommend that the defendant is fit to proceed with trial. If the district court which committed the defendant pursuant to section 66-406, Idaho Code, agrees with the department's recommendation and finds the conditions which justified the order pursuant to section 66-406, Idaho Code, do not continue to exist, criminal proceedings may resume. If the defendant is fit to proceed the court in which the criminal charge is pending shall be notified and the criminal proceedings may resume. If, however, the court is of the view that so much time has elapsed, excluding any time spent free from custody by reason of the escape of the defendant, since the commitment of the defendant that it would be unjust to resume the criminal proceeding, the court may dismiss the charge.

(5) If a defendant escapes from custody during his confinement, the director shall immediately notify the court from which committed, the prosecuting attorney and the sheriff of the county from which committed. The court shall forthwith issue an order authorizing any health officer, peace officer, or the director of the institution from which the defendant escaped, to take the defendant into custody and immediately return him to his place of confinement.

From the total state and county funds subtract the amount needed for the state's share of transportation support program as provided in section 33-1006, Idaho Code, and the amount needed for the state's share of the exceptional education support program as provided in section 33-1007, Idaho Code, to secure the state and county educational support funds.

In computing the average daily attendance the entire school year shall be used except that the twenty-eight (28) weeks having the best average daily attendance, not necessarily consecutive, may be used. When a school is closed because of storm, flood, failure of the heating plant, loss or damage to the school building, quarantine or order of any city, county or state health agency, or for reason believed by the board of trustees to be in the best interests of the health, safety or welfare of the pupils, the board of trustees having certified to the state department of education the cause and duration of such closure, the average daily attendance for such day or days of closure shall be considered as being the same as for the days when the school actually was in session. For illness or accident that necessitates an absence from school for more than ten (10) consecutive school days, the school district may include homebound students in its total attendance, provided that academic instruction has been given by appropriate certified professional staff employed by the district.

5. Support Units. The total state support units shall be determined by using the tables set out hereafter called computation of elementary support units, computation of secondary support units, computation of kindergarten support units, and computation of exceptional education support units. In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education support units shall be applicable only for programs approved by the state department of education following the rules and regulations established by the state board of education.

6. State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations for border district approved contracts as provided in section 33-1403, Idaho Code, and exceptional child approved contracts as provided in section 33-2004(2), Idaho Code, by the total state support units to secure the state distribution factor per support unit.

7. District Share of State and County Funds for Educational Support Program. Ascertain a district's share of state and county funds for the educational support program as follows:

a. District Contribution Calculation. Without including any allowance as a credit for prepaid taxes, as provided in section 63-1607, Idaho Code, the district contribution calculation shall be twenty-five hundredths percent (.25%) of the district's adjusted market value for assessment purposes for as such valuation existed on December 31 of the previous year and twenty-five hundredths percent (.25%) of the equivalent valuation for as such valuation existed on December 31 of the previous year as defined in section 33-1014, Idaho Code.

b. District Support Units. The number of support units for each school district in the state shall be determined as follows:

(1) Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child edu-
c. Border District Allowance. In any school district which abuts upon the border of another state, and the resident pupils of the district attend school in the other state as provided in section 33-1403, Idaho Code, the state superintendent of public instruction shall determine the approved costs necessary to meet the educational needs of the students. The approved costs shall be allowed as a part of the district's total educational support program.

d. Exceptional Child Approved Contract Allowance. In any district where resident exceptional children are educated by contract as provided in section 33-2004(2), Idaho Code, the state superintendent of public instruction shall determine the approved costs. The approved costs shall be allowed as a part of the district's total educational support program.

e. Nonresident Pupil Tuition-Equivalency Allowance. Districts which educate nonresident pupils placed by Idaho court order in licensed group homes, agencies or institutions shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per pupil. This district allowance shall be in addition to support unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

f. Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth, by the state distribution factor per support unit and to this product add the approved amount of border district contracts and the approved amount for the exceptional child contracts to secure the district's total allowance for the educational support program.

g. District Share. To secure the district's share of state and county apportionment, subtract the amount of the local district
contribution calculation, subsection 7a of this section, from the amount of the total district allowance, subsection 7e of this section. The contract salary of every noncertificated teacher shall be subtracted from the district's share.

h. Exceptional Child Tuition-Equivalency Allowance. Districts which educate school age exceptional children residing in state institutions, licensed and certified intermediate care facilities, or licensed private nonprofit residential facilities shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per child. This district allowance shall be in addition to exceptional child unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

(2) "Child" means a person less than twelve (12) years of age.

establish procedures for issuing licenses to day care centers which
shall be maintained and operated in conformity with the standards
authorized in this chapter. Nothing in this chapter shall be construed
to limit or restrict the teaching of religious doctrines, values, or
tenets in a facility licensed under the provisions of this chapter.

39-1108. LOCAL OPTION. If a city or county, within its respective jurisdiction, has adopted an ordinance for regulation and/or licensing of day care services, then the provisions of this chapter shall not apply with such city or county unless the ordinance is subsequently repealed. To qualify for exemption, regulation of centers must include a criminal history check at least as stringent as the check required in section 39-1105, Idaho Code, compliance with fire safety standards at least as stringent as required in section 39-1109, Idaho Code, and compliance with health standards at least as stringent as required in section 39-1110, Idaho Code. 39-1112. VISITATION. Any parent or guardian shall have the absolute right to enter the premises of any facility during the period of care for the parent's or guardian's child or children. Any failure or refusal to allow entry to a parent or guardian may be grounds for suspension or revocation of the license, pursuant to section 39-1113, Idaho Code. If a parent or guardian has been granted limited or has been denied visitation rights by a court of competent jurisdiction, this section shall not confer a right to visitation.

39-1113. DENIAL, SUSPENSION OR REVOCATION OF LICENSE. (1) A license may be denied, suspended or revoked by the department if the department finds that the applicant or licensee does not comply with the provisions of this chapter.

CHAPTER 57
(H.B. No. 87, As Amended)

AN ACT
RELATING TO TRANSPORTATION OF RADIOACTIVE MATERIALS; AMENDING CHAPTER 30, TITLE 39, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 39-3029, IDAHO CODE, TO ADOPT THE PACIFIC STATES AGREEMENT ON RADIOACTIVE TRANSPORTATION MATERIALS MANAGEMENT, TO PROVIDE POLICY AND PURPOSE, TO DEFINE TERMS, TO PROVIDE REGULATORY PRACTICES, TO CREATE THE PACIFIC STATES RADIOACTIVE MATERIALS TRANSPORTATION COMMITTEE, TO PROVIDE ELIGIBLE PARTIES TO THE AGREEMENT, TO PROVIDE THE EFFECTIVE DATE OF THE AGREEMENT, AND TO PROVIDE SEVERABILITY OF THE AGREEMENT; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 30, Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a new Section 39-3029, Idaho Code, and to read as follows:

39-3029. PACIFIC STATES AGREEMENT ON RADIOACTIVE MATERIALS TRANSPORTATION MANAGEMENT. The Pacific states agreement on radioactive materials transportation management is hereby enacted into law and entered into by the state of Idaho as a party, and is in full force and effect between the state and other states joining the agreement in accordance with its terms.

PACIFIC STATES AGREEMENT ON RADIOACTIVE MATERIALS TRANSPORTATION MANAGEMENT

ARTICLE I--Policy and Purpose

The party states recognize that protection of the health and safety of citizens and the environment, and the most economical transportation of radioactive materials, can be accomplished through cooperation and coordination among neighboring states. It is the purpose of this agreement to establish a committee comprised of representatives from each party state to further cooperation between the states on emergency response and to coordinate activities by the states to eliminate unnecessary duplication of rules and regulations regarding the transportation and handling of radioactive material.

The party states intend that this agreement facilitate both interstate commerce and protection of public health and the environment. To accomplish this goal, the party states direct the committee to develop model regulatory standards for party states to act upon and direct the committee to coordinate decisions by party states relating to the routing and inspection of shipments of radioactive material.

ARTICLE II--Definitions

As used in this agreement:
(1) "Carrier" includes common, private, and contract carriers.
(2) "Hazardous material" means a substance or material which has
been determined by the United States department of transportation to be capable of posing an unreasonable risk to health, safety, and property when transported in commerce, and which has been so designated.

(3) "Radioactive material" has the meaning given that term in federal department of transportation regulations found in 49 C.F.R. part 173, and includes, but is not limited to, high-level radioactive waste, low-level radioactive waste, and spent nuclear fuel, as defined in section 2 of the nuclear waste policy act of 1982 (96 Stat. 2202; 42 U.S.C.A. sec. 10101).

(4) "Transportation" means the transport by any means of radioactive material destined for or derived from any location, and any loading, unloading, or storage incident to such transport. "Transportation" does not include permanent storage or disposal of the material.

ARTICLE III—Regulatory Practices

Section 1. The party states agree to develop model standards not in conflict with federal law or regulations, for carriers of radioactive material to provide information regarding:

(1) The amount and kind of material transported;
(2) The mode of transportation and, to the extent feasible, the route or routes and the time schedule;
(3) The carrier's compliance with local, state, and federal rules and regulations related to radioactive material transportation;
(4) The carrier's compliance with federal and state liability insurance requirements.

Section 2. Consistent with federal law or regulations pertaining to transportation of radioactive material, the party states also agree to:

(1) Develop model uniform procedures for issuing permits to carriers;
(2) Develop model uniform record-keeping processes that allow access on demand by each state;
(3) Develop model uniform safety standards for carriers;
(4) Coordinate routing of shipments of radioactive materials;
(5) Develop a method for coordinating the party states' emergency response plans to provide for regional emergency response including (a) systems for sharing information essential to radiation control efforts, (b) systems for sharing emergency response personnel, and (c) a method to allocate costs and clarify liability when a party state or its officers request or render emergency response;
(6) Recommend parking requirements for motor vehicles transporting radioactive materials;
(7) Coordinate state inspections of carriers; and
(8) Develop other cooperative arrangements and agreements to enhance safety.

Section 3. The party states also agree to coordinate emergency response training and preparedness drills among the party states, Indian tribes, and affected political subdivisions of the party states, and if possible, with federal agencies.

Section 4. The party states recognize that the transportation management of hazardous waste and hazardous materials is similar in many respects to that of radioactive materials. The party states,
therefore, agree to confer as to transportation management and emer­
gency response for those items where similarities in management exist.

ARTICLE IV--Pacific States Radioactive Materials
Transportation Committee

Section 1. Each party state shall designate one official of that
state to confer with appropriate legislative committees and with other
officials of that state responsible for managing transportation of
radioactive material, and with affected Indian tribes and be re­spon­sible for administration of this agreement. In Idaho the commission
member shall be a legislator appointed by the legislative council to
serve during a full legislative term. The officials so designated
shall together comprise the Pacific states radioactive materials
transportation committee. The committee shall meet as required to con­sider and, where necessary, coordinate matters addressed in this
agreement. The parties shall inform the committee of existing regu­la­tions concerning radioactive materials transportation management in
their states, and shall afford all parties a reasonable opportunity to
review and comment upon any proposed modifications in such regula­tions.

Section 2. The committee may also engage in long-term planning to
assure safe and economical management of radioactive material trans­
portation on a continuing basis.

Section 3. To the extent practicable, the committee shall coordi­nate its activities with those of other organizations.

ARTICLE V--Eligible Parties and Effective Date

Section 1. The states of Arizona, California, Colorado, Idaho,
Montana, New Mexico, Nevada, Oregon, Utah, Washington and Wyoming are
eligible to become a party to this agreement. As to any eligible
party, this agreement shall become effective upon enactment into law
by that party, but it shall not become initially effective until
enacted into law by two states. Any party state may withdraw from
this agreement by enacting a statute repealing its approval.

Section 2. After the agreement has initially taken effect under
section 1 of this article, any eligible party state may become a party
to this agreement by the execution of an executive order by the gover­nor of the state. Any state which becomes a party in this manner
shall cease to be a party upon the final adjournment of the next gen­
eral or regular session of its legislature or July 1, 1988, whichever
occurs first, unless the agreement has by then been enacted as a
statute by that state.

ARTICLE VI--Severability

If any provision of this agreement, or its application to any
person or circumstance, is held to be invalid, all other provisions of
this agreement, and the application of all of its provisions to all
other persons and circumstances, shall remain valid; and to this end
the provisions of this agreement are severable.

SECTION 2. An emergency existing therefor, which emergency is
hereby declared to exist, this act shall be in full force and effect
on and after its passage and approval.

CHAPTER 59
(H.B. No. 238)

AN ACT
RELATING TO PERSONS FOUND NOT GUILTY BECAUSE OF MENTAL DISEASE OR DEFECT; PROVIDING LEGISLATIVE INTENT; AMENDING SECTION 66-337, IDAHO CODE, TO PROVIDE THAT SECTION 18-214, IDAHO CODE, SHALL REMAIN IN FULL FORCE AND EFFECT FOR EVERY INDIVIDUAL PREVIOUSLY ACQUITTED BECAUSE OF MENTAL DISEASE OR DEFECT AND TO SET OUT THE PROVISIONS OF SECTION 18-214, IDAHO CODE; DECLARING AN EMERGENCY AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE INTENT. Section 67-513, Idaho Code, states: "The repeal of any law creating a criminal offense does not constitute a bar to the prosecution and punishment of an act already committed in violation of the law so repealed, unless the intention to bar such prosecution and punishment is expressly declared in the repealing act." Senate bill no. 1396, second regular session of the forty-sixth Idaho legislature, chapter 368, laws of 1982, abolished the insanity defense for a "person against whom a criminal complaint is filed on or after July, 1982." The absence in senate bill no. 1396 of a procedure for those previously found not guilty on the basis of mental disease or defect and involuntarily committed to a state mental health facility was NOT a revelation by "this state's legislature...that it has little or no interest in delineating upon whom the initial burden of proof lies during a conditional release hearing for those involuntarily committed under I.C. section 18-214."

Nor was the legislature "abdicating its authority in this regard." (State v. Chilton, #1620, Feb. 5, 1987, slip op. at 10) As the legislature of the state of Idaho clearly sets forth in section 14 of senate bill no. 1396: "This act...shall apply to those persons against whom a criminal complaint is filed on or after July 1, 1982." Thus, given the provisions of section 67-513, Idaho Code, section 1 of senate bill no. 1396 would not apply to those persons against whom a criminal complaint was filed before July 1, 1982, and with respect to those persons, the repeal of sections 18-207, 18-208, 18-209, 18-213, and 18-214, Idaho
Code, would not apply. Thus for those individuals against whom a
criminal complaint was filed before July 1, 1982, the provisions of
sections 18-207, 18-208, 18-209, 18-213, and 18-214, Idaho Code, were,
have been and are in full force and effect. The legislative intent
was, and continues to be, that the procedures set forth in section
18-214, Idaho Code, for release of an individual previously acquitted
on the basis of mental disease or defect are to apply to that limited
class of individuals.

SECTION 2. That Section 66-337, Idaho Code, be, and the same is
hereby amended to read as follows:

66-337. REVIEW, TERMINATION OF COMMITMENT AND DISCHARGE OF
PATIENTS. (a) The department director or his designee shall as fre­
quently as practicable but at least once at the end of the first
ninety (90) days examine or cause to be examined every patient commit­
ted to his custody or admitted to an inpatient facility of the state
of Idaho, and determine whether to conditionally release, discharge or
terminate the commitment of the patient. If the patient has not been
conditionally released, discharged, or had the commitment terminated
a similar review shall be conducted every one hundred twenty (120)
days thereafter. A report of each review and determination regarding
an involuntary patient shall be sent to the committing court, prose­
cuting attorney of the county of commitment, if any, the patient's
attorney, and either the patient's spouse, guardian, next of kin or
friend.

(b) The commitment of an involuntary patient shall be terminated
if the patient is no longer mentally ill or is no longer likely to
injure himself or others or is no longer gravely disabled; provided,
that patients admitted under section 18-214, Idaho Code, acquitted of
criminal charges filed prior to July 1, 1982, on grounds of mental
disease or defect, or committed pursuant to sections 18-212(3) and
66-329, Idaho Code, as unfit to proceed, may not be released from an
inpatient facility unless thirty (30) days before such release, the
department director or his designee shall notify the committing court
and prosecuting attorney of the contemplated release.

(c) Upon notification of intention to release from an inpatient
facility either a patient admitted under section 18-214, Idaho Code,
acquitted of criminal charges filed prior to July 1, 1982, on grounds
of mental disease or defect, or committed pursuant to sections
18-212(3) and 66-329, Idaho Code, as unfit to proceed, and upon motion
of an interested party or the court on its own motion, the court shall
determine whether the conditions justifying such release exist. In
making such determination, the court may order an independent exami­
nation of the patient. The cost of such independent examination must
be borne by the party making the motion or, if indigent, the county
having jurisdiction of the case. If no motion is made, the patient may
be released according to the notice.

(d) Section 18-214, Idaho Code, shall remain in full force and
effect for every individual previously acquitted pursuant to section
18-213, Idaho Code. Section 18-214, Idaho Code, as last amended by
section 2, chapter 13, laws of 1977, which is placed here for refer-
ence only and is not a reenactment of section 18-214, Idaho Code, and reads as follows:

18-214. COMMITMENT OF ACQUITTED DEFENDANT -- CONDITIONAL RELEASE -- REVOCATION OF RELEASE WITHIN FIVE YEARS. (1) When a defendant is acquitted on the ground of mental disease or defect excluding responsibility, the court shall order him to be committed to the custody of the director of the department of health and welfare to be placed in an appropriate institution for custody, care and treatment.

(2) If the director of the department of health and welfare is of the view that a person committed to his custody, pursuant to paragraph (1) of this section, may be discharged or released on condition without danger to himself or to others, he shall make application for the discharge or release of such person in a report to the court by which such person was committed and shall transmit a copy of such application and report to the prosecuting attorney of the county from which the defendant was committed. The court shall thereupon appoint at least two qualified psychiatrists to examine such person and to report within sixty (60) days, or such longer period as the court determines to be necessary for the purpose, their opinion as to his mental condition. To facilitate such examination and the proceedings thereon, the court may cause such person to be confined in any institution located near the place where the court sits, which may hereafter be designated by the director of the department of health and welfare as suitable for the temporary detention of irresponsible persons.

(3) If the court is satisfied by the report filed pursuant to paragraph (2) of this section and such testimony of the reporting psychiatrists as the court deems necessary that the committed person may be discharged or released on condition without danger to himself or others, the court shall order his discharge or his release on such conditions as the court determines to be necessary. If the court is not so satisfied, it shall promptly order a hearing to determine whether such person may safely be discharged or released. Any such hearing shall be deemed a civil proceeding and the burden shall be upon the committed person to prove that he may safely be discharged or released. According to the determination of the court upon the hearing, the committed person shall thereupon be discharged or released on such conditions as the court determines to be necessary, or shall be recommitted to the custody of the director of the department of health and welfare, subject to discharge or release only in accordance with the procedure prescribed above for a first hearing.

(4) If, within five (5) years after the conditional release of a committed person, the court shall determine, after hearing evidence, that the conditions of release have not been fulfilled and that for the safety of such person or for the safety of others his conditional release should be revoked, the court shall forthwith order him to be recommitted to the custody of the director of the department of health and welfare subject to discharge or release only in accordance with the procedure prescribed above for a first hearing.

(5) A committed person may make application for his discharge or release to the court by which he was committed, and the procedure to be followed upon such application shall be the same as that prescribed
above in the case of an application by the director of the department of health and welfare. However, no such application by a committed person need be considered until he has been confined for a period of not less than six (6) months from the date of the order of commitment and if the determination of the court be adverse to the application, such person shall not be permitted to file a further application until one (1) year has elapsed from the date of any preceding hearing on an application for his release or discharge.

(6) If a defendant escapes from custody during his confinement, the director shall immediately notify the court from which committed, the prosecuting attorney and the sheriff of the county from which committed. The court shall forthwith issue an order authorizing any health officer, peace officer, or the director of the institution from which the defendant escaped, to take the defendant into custody and immediately return him to his place of confinement.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and shall apply to persons against whom a criminal complaint was filed before July 1, 1982.

age and where applicable by brand, registration number, tattoo or other marks as provided for by regulation of the state brand board.

d. There shall be a fee in an amount to be set by the state brand board, not to exceed ten twenty-five dollars ($1025.00), for issuance of each ownership and transportation certificate, which fee shall be in addition to any brand inspection certificate or other written permit which may be requested by the owner or owners of a horse, mule or ass under other provisions of law.

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education support units shall be applicable only for programs approved by the state department of education following the rules and regulations established by the state board of education.

6. State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations for border district approved contracts as provided in section 33-1403, Idaho Code, and exceptional child approved contracts as provided in section 33-2004(2), Idaho Code, by the total state support units to secure the state distribution factor per support unit.

7. District Share of State and County Funds for Educational Support Program. Ascertain a district's share of state and county funds for the educational support program as follows:

a. District Contribution Calculation. Without including any allowance as a credit for prepaid taxes, as provided in section 63-1607, Idaho Code, the district contribution calculation shall be twenty-five--hundredths--percent--(\(\frac{25}{100}\))--of--the---district's adjusted--market--value--for--assessment-purposes--for--the--previous year and twenty-five--hundredths--percent--(\(\frac{25}{100}\))--of--the--equivalent valuation--for--the--previous--year--as--defined--in--section--33-1845, Idaho Code the rate determined under subsection 2. of this section.

b. District Support Units. The number of support units for each school district in the state shall be determined as follows:

(1) Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12. Calcula-
tions in application of this subsection shall be carried out to the nearest tenth.
(2) Divide the combined totals of the actual average daily attendance of all kindergarten, elementary and secondary students approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for the subsection shall be carried out to the nearest tenth when more than one (1) unit is allowed.
(3) The total number of support units of the district shall be the sum of the total support units for regular students, subsection 7b(1) of this section, and the support units allowance for the approved exceptional child program, subsection 7b(2) of this section.

c. Border District Allowance. In any school district which abuts upon the border of another state, and the resident pupils of the district attend school in the other state as provided in section 33-1403, Idaho Code, the state superintendent of public instruction shall determine the approved costs necessary to meet the educational needs of the students. The approved costs shall be allowed as a part of the district's total educational support program.

d. Exceptional Child Approved Contract Allowance. In any district where resident exceptional children are educated by contract as provided in section 33-2004(2), Idaho Code, the state superintendent of public instruction shall determine the approved costs. The approved costs shall be allowed as a part of the district's total educational support program.

e. Nonresident Pupil Tuition-Equivalency Allowance. Districts which educate nonresident pupils placed by Idaho court order in licensed group homes, agencies or institutions shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per pupil. This district allowance shall be in addition to support unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

f. Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth, by the state distribution factor per support unit and to this product add the approved amount of border district contracts and the approved amount for the exceptional child contracts to secure the district's total allowance for the educational support program.

g. District Share. To secure the district's share of state and county apportionment, subtract the amount of the local district contribution calculation, subsection 7a of this section, from the amount of the total district allowance, subsection 7e of this section. The contract salary of every noncertificated teacher shall be subtracted from the district's share.

h. Exceptional Child Tuition-Equivalency Allowance. Districts

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-4907, Idaho Code, be, and the same is hereby amended to read as follows:

67-4907. HEARINGS ON PETITIONS -- ELECTION FOR ORGANIZATION AND OFFICERS. On the day fixed for such hearing or at an adjournment thereof the court shall ascertain from the tax rolls of the county or counties in which the district is located or into which it extends, the total number of taxpayers within the proposed district, who pay a general tax on real property owned by him or her within the district.

If the court finds that no petition has been signed and presented in conformity with this act, or that the material facts are not as set forth in the petition filed, it shall dismiss said proceedings and adjudge the costs against the signers of the petition in such proportion as it shall deem just and equitable. No appeal or writ of error shall lie from an order dismissing said proceedings; but nothing herein shall be construed to prevent the filing of a subsequent petition or petitions for similar improvements or for a similar district, and the right so to renew such proceedings is hereby expressly granted and authorized.

Any time after the filing of the petition for the organization of
a district and before the day fixed for the hearing thereon, the owner or owners of any real property within the proposed district may file a petition with the court stating reasons why said property should not be included therein, why his land or any part thereof will not be benefited directly or indirectly by the proposed district, or should not be embraced in said district and made liable to taxation therefor, and praying that said property be excluded therefrom. Such petition shall be duly verified and shall describe the property sought to be excluded. The court shall conduct a hearing on said petition and shall hear all objections to the inclusion in the district of any lands described in said petition. In case any owner of real estate included in said proposed district shall satisfy the court that his real estate, or any part thereof, has been wrongfully included therein or will not be benefited thereby then the court shall exclude such real estate as will not be benefited.

Upon said hearing, if it shall appear that a petition for the organization of a district has been signed and presented as hereinabove provided, in conformity with this act, and that the allegations of the petition are true, the court shall, by order duly entered of record, direct that the question of the organization of the district shall be submitted to the qualified electors of the district at an election to be held for that purpose, and such order shall appoint three (3) qualified electors of the district as judges of said election. The clerk of the court having jurisdiction shall give published notice of the time and place of an election to be held in the district, not less than twenty (20) days after the first publication of said notice.

Such election shall be held and conducted as nearly as may be in the same manner as general elections in this state. Each elector shall take an oath that he has the qualifications of an elector before casting his vote.

At any time after the filing of the petition herein referred to and before the day fixed for hearing, nominees for the board of directors of the district may be nominated by the filing of a petition designating the name or names of the nominee or nominees, signed by at least twenty (20) qualified electors of the district. If upon the hearing as herein provided the court shall order an election for the creation of the district, the court shall also ascertain the names of persons nominated by the board of directors, and shall order that the names of persons whom the court finds to have been properly nominated shall be listed upon a ballot submitted to the electors at such election. In the event the court makes its order providing for such election, it shall prescribe the form of the question and ballot relating to the election of the directors, provided that all matters may be contained upon one (1) ballot to be submitted to the voters.

At such election the voters shall vote for or against the organization of the district, and for five (5) qualified electors, who shall constitute the board of directors of the district, if organized, one (1) director to act until the first biennial election, two (2) until the second, and two (2) until the third biennial election.

The judges of election shall certify the returns of the election to the district court having jurisdiction. If a majority of the votes
cast at said election are in favor of the organization, the district
court shall declare the district organized and give it a corporate
name by which, in all proceedings, it shall thereafter be known, and
designated by the first board of directors elected, and thereupon the
district shall be a governmental subdivision of the state of Idaho and
a body corporate with all the powers of a public or quasi-municipal
corporation except that districts formed prior to January 1, 1987, or
districts with one hundred thousand (100,000) or more population shall
have no power to levy and collect ad valorem taxes.

If an order be entered establishing the district, such order shall
be deemed final and no appeal or writ of error shall lie therefrom,
and the entry of such order shall finally and conclusively establish
the regular organization of the said district against all persons
except the state of Idaho, in an action in the nature of a writ of quo
warranto, commenced by the attorney general within thirty (30) days
after said decree declaring such district organized as herein pro­
vided, and not otherwise. The organization of said district shall not
be directly or collaterally questioned in any suit, action or proceed­
ning except as herein expressly authorized.

Such a notice of additional tax due shall not be considered a notice of a deficiency assessment nor shall the taxpayer have any right of protest or appeal as in the case of a deficiency assessment based on such notice, and the assessment and collection of the amount of tax erroneously omitted in the return is not prohibited by any provision of this act.

(b) The amount of tax which is shown to be due on the return (including revisions for mathematical errors) shall be deemed to be assessed on the date of filing of the return including any amended returns showing an increase of tax. In the case of a return properly filed without the computation of the tax, the tax computed by the state tax commission shall be deemed to be assessed on the date when payment is due. Any amount paid as a tax or in respect of a tax, other than amounts withheld at the source or paid as estimated income tax, shall be deemed to be assessed upon the date of receipt of payment, notwithstanding any other provisions of this act.

Such lien shall not be valid against any mortgagee or other lienholder, pledgee, secured party, purchaser, or judgment creditor lienor until notice thereof has been filed in the office of the recorder of the county in which the property subject to the lien is situated.

(b) The notice of lien shall specify the tax period, and the amount of tax, penalty, interest and additional amount due. It shall contain the name and last known address of the taxpayer liable for the amount thereof, an identification number and a statement to the effect that the state tax commission has complied with all the provisions of this act in the determination of the amount required to be paid.

(b) The state tax commission is authorized to apply for and the court to grant a temporary or permanent injunction enjoining any person from violating or continuing to violate any of the provisions of this act or regulations promulgated under this act notwithstanding the existence of other remedies at law.

In any proceedings in court brought to enforce payment of taxes made due and payable by virtue of the provisions of this section the finding of the tax commission, made as herein provided, whether made after notice to the taxpayer or not, shall be for all purposes prima facie evidence of the taxpayer's design.

(d) If security is approved and accepted pursuant to the provisions of this section and such further or other security with respect to the tax or taxes covered thereby is given as the tax commission shall from time to time find necessary and require, payment of such taxes shall not be enforced by any proceedings under the provisions of this section prior to the expiration of the time otherwise allowed for paying such respective taxes.

(e) In the case of a bona fide resident of the state of Idaho about to depart from the state of Idaho the tax commission may, at its discretion, waive any or all of the requirements placed upon the taxpayer by this section.

(f) If a taxpayer violates or attempts to violate this section there shall, in addition to all other penalties, be added as part of the tax twenty-five per cent (25%) of the total amount of the tax or deficiency in the tax.

(g) If the taxpayer owing tax is not within this state or has departed from the state, or has property or is employed outside of the state and ignores all demands for payment, the tax commission is authorized to employ the services of any qualified collection agency or attorney and to pay fees for such services out of moneys recovered.

SECTION 1. That Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 41, Title 63, Idaho Code, and to read as follows:

63-4101. SHORT TITLE. This chapter may be known and cited as the "Special District Dissolution Act."

63-4102. DEFINITION. As used in this chapter, "special district" means any single purpose district organized or that may be organized as a local public body in accordance with the laws of the state of Idaho for the purpose of constructing or furnishing any municipal service where the district's enabling law does not provide for dissolution of any district formed under it.

63-4103. PETITIONS FOR DISSOLUTION OF SPECIAL DISTRICTS. Proceedings for the dissolution of a special district may be initiated by a petition containing the signatures of qualified electors of the district or owners of property within the district equal in number to twenty-five percent (25%) of the largest number of persons who voted for any director in the last election of directors or if no election has been held within two (2) years then a petition may be initiated by twenty-five (25) or more qualified electors or property owners of the district.

The petition, when completed and verified, shall be filed with the clerk of the court of the county or counties if more than one (1) county is involved. The county commissioners shall publish notice and hold a hearing on the matter. If necessary, they shall hold an election on the matter. The hearing and election shall be held in accordance with the terms and provisions of sections 40-1801 through 40-1809, Idaho Code.

63-4104. NONFUNCTIONING DISTRICT. Any special district which fails or has ceased to function for two (2) or more years may be dis-
solved by the board or boards of county commissioners of the county or counties in which it is located. The county commissioners may initiate such action upon their own volition or it may be initiated by petition.

63-4105. PROPERTY AND FUNDS — DISPOSITION UPON DISSOLUTION. Title to all machinery, buildings, lands, and property of every kind and nature, belonging to a dissolved district shall immediately upon dissolution be vested in the board of county commissioners as custodians thereof; and thereafter as soon as may be practical the board shall dispose of the same. If the county and/or any incorporated cities are to continue providing the services formerly provided by the dissolved district, then the county commissioners and officials from such cities shall estimate the value of all such property and said property shall be transferred to any cities providing services formerly provided by the dissolved district in direct proportion to the portion of the dissolved districts total valuation for the preceding calendar year which is located within the city or cities, with the remaining portion of the property going to the county. If the county commissioners and officials from such cities determine that it is advantageous to dispose of the property at public or private sale, all funds arising from such sale or sales shall be deposited in the county treasury in a separate fund, together with other moneys belonging to such district, to be maintained by the treasurer, and from which debts of and claims against said districts shall be paid as hereinafter provided. All funds in the treasury of such district shall be delivered by the treasurer thereof to the treasurer of such county and deposited in a special fund, and all moneys thereafter accruing to such districts from collection of taxes and assessments levied or assessed prior to such dissolution, and all moneys belonging to such district from any source, shall likewise be placed in such special fund. Following the payment of debts and claims against such district, any moneys remaining in such special fund shall be distributed to any incorporated cities located within the boundaries of such district which are providing services formerly provided by such district in proportion to the portion of the total valuation of such district which is located within such cities. All remaining moneys after distribution to such cities shall be transferred to the current expense fund of the county.

If such district is located in more than one (1) county, then all authority vested in the county commissioners under this section shall be vested jointly in the several commissioners; provided, however, that any special fund established for the deposit of moneys accruing to such district shall be established in the treasury of the county which contains the greatest portion of the preceding year's valuation of the dissolved district and any property or moneys to be transferred to a county current expense fund shall be distributed to the counties in proportion to the portion of the valuation of the district which is located within each county but not including the valuation of any incorporated city which is providing services formerly provided by such district.

--SPECIAL TAX LEVY FOR PAYMENT OF DISTRICT INDEBTEDNESS. The board of
county commissioners in the county or counties in which the dissolved
district is located shall compute the total indebtedness of the dis-

on hand, or out of revenues to be raised by special levies, which
shall be determined by the county or counties, and shall be certified
to the clerk of the county board of commissioners of each of the coun-
ties wherein is situated any part of such district and such tax shall
be levied and imposed by each of such counties upon such property of
the district as may be within such county and the tax shall be col-
clected, and not less than quarterly, shall be remitted to the treasur-
er of the county which contains the greatest portion of the preceding
calendar year's valuation of the dissolved district, to be applied in
payment of the indebtedness of such district as hereinafter provided.

At the next regular annual meeting of the board of commissioners
of the county or counties in which the dissolved district is located
at which levies for state and county purposes are fixed, and each year
thereafter until all indebtedness of such district shall have been
fully paid, such board shall, in addition to all other tax levies,
levy a special tax upon all of the property situated within the former
boundaries of such dissolved district, sufficient to raise by taxation
funds for the payment of current and accruing terms and conditions of
outstanding bonds of such district; and shall each year thereafter
continue such levy, or make such other or additional levies as may be
required, to fully pay and retire the indebtedness of such district
according to the terms and conditions thereof; and such taxes must be
collected as are other county taxes and shall be turned over to the
treasurer of the county which contains the greatest portion of the
preceding calendar year's valuation of the district who must redeem or
post for redemption all warrants and bonds as the same mature and in
order of their line, and for which the treasurer has funds arising

AN ACT
RELATING TO TRANSFER AND INHERITANCE TAXES; AMENDING SECTION 14-404, IDAHO CODE, TO DELETE THE REQUIREMENT TO GIVE NOTICE OF TRANSFERS OF STOCK IN DOMESTIC CORPORATIONS BY NONRESIDENT ESTATES; AMENDING
SECTION 14-418, IDAHO CODE, TO DELETE THE REQUIREMENT THAT THE
STATE TAX COMMISSION DETERMINE FAIR MARKET VALUE OF PROPERTY

TANCE TAX RETURN.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 14-404, Idaho Code, be, and the same is
hereby amended to read as follows:

14-404. TAX ON SHARES OF STOCK IN DOMESTIC CORPORATION OWNED BY
NONRESIDENT. 1. All shares of stock in corporations organized under
the laws of this state and any interest therein or income therefrom,
in trust or otherwise, belonging to persons whose domicile is without
the state shall, upon the death of the owner be subject to a tax on
the market value thereof, upon its transfer to persons, institutions
or corporations, not hereinafter exempted, to be paid to the state tax
commission, and by it paid into the state treasury to the credit of
the general fund.

2. The provisions of this act for the enforcement and collection
of any other tax hereunder shall apply to the enforcement and collect-
on of the above insofar as applicable, and all interest charges and
penalties provided for in this act shall apply also to the enforcement
and collection of this tax.

3. The provisions of section 14-402, Idaho Code, pertaining to
transfers in contemplation of death, transfers intended to take effect
in possession or enjoyment at or after death and the provisions of
subdivisions 5, 6, 7, 8, 9 and 10 of said section 14-402, Idaho Code,

tax commission of Idaho the number of such shares and character of the
interest owned by such person in any such corporation, and the name of
such corporation, and shall furnish such commission full information
as to such transfer and the value of such stock and interest. The state
tax commission shall then fix and determine the tax upon the clear
market value of such stock and interest. The tax shall be paid to the
state tax commission. No such stock and interest shall by the
corporation organized under the laws of this state, be transferred on
the books of the corporation, or any new certificate therefor be issued
to such executor, administrator, trustee, or to any heir, devisee,
assignee or other person, until the authorized executor, administrator,
or trustee of such decedent's estate has reported as required by the
first sentence of this subsection of this section. Any corporation
violating any of the foregoing provisions shall be liable for double the
amount of the tax and penalty due or thereafter to become due upon
such stock and interest, recoverable by proper action instituted by the
state tax commission.
It is intended that the tax imposed by this section shall not impose a greater burden upon transfers by nonresidents than is imposed upon transfers by residents, and this section shall be construed so as to make this intent effective.

SECTION 2. That Section 14-418, Idaho Code, be, and the same is hereby amended to read as follows:

14-418. INHERITANCE TAX DETERMINATION. When the transfer of any property is subject to taxation because of the provisions of the "transfer and inheritance tax act," such tax shall be determined by the state tax commission:

(a) The personal representative or, if no personal representative is appointed or if he fails to file a return, every person receiving or holding property the transfer of which is or may be taxable under the Idaho transfer and inheritance tax act shall, as soon after such transfer as reasonably possible, and in any event not later than nine (9) months after the date of such transfer, file an inheritance tax return, upon a form prescribed by the state tax commission, which return shall be signed under penalty of perjury. Such return shall contain the name and date of death of the decedent, the residence and place of death of the decedent, the description, location and fair market value of all property owned by the decedent, the names, last known addresses and relationship to decedent of persons interested in the same, and such other facts as are necessary for determination of such tax liability under chapter 4, title 14, Idaho Code. No tax return shall be required, but a return may be filed, if the gross fair market value of property, the transfer of which otherwise is or may be taxable under this act, does not exceed the amount of the exemption provided by subsection 6 of section 14-408, Idaho Code.

(b) Within ninety (90) days after the filing of an inheritance tax return, the state tax commission shall determine the fair market value of property subject to tax and listed on such return—provided, however—that any additional deficiencies must be asserted and assessments made within three (3) years from the date of filing the time limitations as set forth under section 6501 of the internal revenue code and the regulations thereunder. In making its determination, the state tax commission may require that appraisals or other necessary information be supplied by the taxpayer.

(c) In addition to the enforcement and penalty provisions in this act otherwise provided, and to the extent that they are not in conflict with the provisions of this act, the deficiency in tax and notice of deficiency provisions, the collection and enforcement and the refund and review procedures provided by the Idaho income tax act in sections 63-3038, 63-3039, 63-3042 through 63-3065A, 63-3069, 63-3071, 63-3072, 63-3075, 63-3076, and 63-3077, Idaho Code, shall apply and be available to the state tax commission and taxpayers for enforcement and administration of the transfer and inheritance tax act and the assessment and collection of and litigation over amount due. Said sections shall for this purpose be considered a part of this act and wherever proceedings are defined as income tax proceedings they shall, as applied to this act, be described as transfer and inheri-
tance act proceedings.

(d) No statute of limitations, including the limitation imposed by subsection (b) shall bar the adjustment of returns and the assessment of additional taxes or determination of refunds when a federal estate tax return which includes property subject to the Idaho transfer and inheritance tax act has been adjusted or changed by the judgment of any court, by internal revenue service action or by voluntary action on the part of the taxpayer. In the event of such adjustment or change in federal estate tax liability, the state tax commission may within ninety (90) days after receipt by it of notice of such change from the taxpayer make corresponding deficiency determinations of liability of the taxpayer for Idaho transfer and inheritance taxes and the taxpayer may within one (1) year from the date of such change seek corresponding adjustments in his Idaho inheritance and transfer tax liability by claiming refund of such amount.

(e) Upon allowance of a refund of any tax erroneously or illegally assessed or collected or of any penalty collected without authority or of any sum which was excessive or in any manner wrongfully collected, interest shall be allowed and paid on the amount of such refund at the rate provided in section 63-3045, Idaho Code, from the date such tax penalty or sum was paid to the date of the payment of such refund, provided, however, that in case of a voluntary and unrequested payment in excess of actual tax liability, no interest shall be allowed when such excess is refunded.

(f) The state tax commission may be made a party defendant in an action at law or equity by any person aggrieved by the unlawful seizure or sale of his property or in a suit for refund to recover an overpayment but only the state of Idaho shall be responsible for any final judgment secured against the state tax commission, and such judgment shall be satisfied out of the transfer and inheritance tax refund fund.

(d) (1) Subtract any net operating loss incurred in the five (5) next preceding taxable years; provided, however, such net operating loss shall be subtracted first in the first succeeding taxable year, and any excess not so subtracted may then be subtracted in the second succeeding taxable year, and any excess shall be subtracted in each succeeding taxable year in order until the net operating loss is exhausted, but the total subtracted in such succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that net operating losses arising in taxable years commencing on or after January 1, 1964, must first be carried back to the three (3) taxable years preceding the year of such net operating loss in the manner provided in the Internal Revenue Code section 172 except that no such net operating loss shall be carried back to any taxable year commencing before January 1, 1963; and provided, further, that net operating losses accumulated in any taxable years commencing before January 1, 1964 shall be carried forward as provided in the beginning part of this subsection before any carryback from a succeeding taxable year shall be taken into consideration.

(2) A net operating loss for any taxable year commencing on or after January 1, 1983, shall be a net operating loss carryover to each of the ten (10) taxable years following the taxable year of such loss; provided, however, such net operating loss shall be subtracted in each succeeding year in order but the total subtracted in the succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that a net operating loss not to exceed one hundred thousand dollars ($100,000) arising in a taxable year commencing on or after January 1, 1983, may, at the election of the taxpayer, be carried back to the three (3) immediately preceding taxable years, and if such loss is not entirely absorbed by the income of those years, the amount of loss not exhausted may be subtracted from taxable income arising in the next ten (10) years succeeding the taxable year in which the loss arises in order until exhausted. An election under this subsection must be in the manner prescribed in the regulations of the state tax commission and once made is irrevocable for the year in which it is made. (32) Net operating losses incurred by a corporation during a year in which such corporation had no Idaho business situs may not be subtracted. Net operating losses incurred by a person, other than a corporation, in business activities not taxable by Idaho may not be subtracted.

(g) Subtract the amount of any income received or accrued during the taxable year which is exempt from taxation by this state, under the provisions of any other law of this state or a law of the United States, if not previously subtracted in arriving at taxable income, as defined by section 63 of the Internal Revenue Code.

(h) In the case of a corporation with more than fifty per cent (50%) of its income taxable within this state, the salary, fee or other compensation of its nonresident officers or directors shall be treated as income from sources within the state. Whether or not any personal services have been performed by such nonresident officers or directors in this state, they shall be deemed to have a business situs in this state. If such salary, fee or other compensation is not reported to this state as income, such corporation shall not deduct as part of its expenses for the taxable year any part of such salary, fee or other compensation in computing taxable income. When the salary, fee or other compensation paid to such nonresident officer is reported to this state as income by such nonresident officer, it shall be apportioned by applying to the total of such income the apportionment factor of the corporation paying the salary, fee or other compensation, as such factor is reported on the corporation's income tax return computed pursuant to section 63-3027, Idaho Code, or as subsequently modified. Provided, however, reasonable compensation paid to such nonresident officers or directors for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources.

Whether or not any personal services have been performed in this state by such nonresident shareholders, they shall be deemed to have a business situs in this state. When the salaries, wages, fees, and other compensations paid to such nonresident shareholders or dividends paid to such nonresident shareholders or undistributed taxable income allocated to such shareholders is reported to this state as taxable income pursuant to this subsection, such income shall be apportioned by applying to the total of such income the apportionment factor of the corporation. The apportionment factor of the corporation shall be computed pursuant to the provisions of section 63-3027, Idaho Code. If such dividends, undistributed taxable income, salaries, wages, fees or other compensation are not reported to this state by the nonresident shareholders, such corporation shall report the same to this state and be taxable thereon. However, such approval shall not deprive the employee of the right to proceed pursuant to the grievance procedure nor of the right to seek other remedies pursuant to the provisions of chapter 53, title 67, Idaho Code.

The term "emergency" as used in this section shall mean a sudden unforeseen set of facts requiring immediate action to avoid irreparable harm to the role or mission of the participating department. Before invoking the emergency procedure provided for herein, the department shall give written notice to the employee of its intent to invoke such procedure and of the facts constituting such emergency, and shall furnish proof of such notice to the state personnel director.

(3) If the grievance concerns a matter which is reviewable pursuant to section 67-5316, Idaho Code, the time for appeal to the commission shall not commence to run until the employee has completed the grievance procedure provided by the department in accordance with the terms thereof; provided, however, the failure of an employee to pursue the grievance procedures established within the department shall constitute a waiver of the employee's right of review by the commission.

(4) Any grievance procedure adopted by a department on or before July 1, 1987, the Idaho personnel commission shall adopt a rule defining a uniform grievance procedure for use by all participating departments. The rule shall provide a complete procedure for all stages of the grievance process. Among other provisions, the procedure shall contain the following minimum requirements:

(a) procedure requiring prompt resolution of the grievance and establishing time periods for each step of the procedure,
(b) provision for impartial review of the grievance which may include review by persons not connected with the particular department,
(c) procedure guaranteeing the employee the right to be repre-
presented by a person of the employee's own choosing at each step of the procedure, except the initial informal discussion with the immediate supervisor.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

CHAPTER 101
(S.B. No. 1084)

AN ACT
RELATING TO THE EDUCATIONAL SUPPORT PROGRAM; AMENDING SECTION 33-1002, IDAHO CODE, TO MODIFY THE ELEMENTARY SUPPORT UNIT CALCULATION FOR ENROLLMENTS LESS THAN THREE HUNDRED AVERAGE DAILY ATTENDANCE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-1002, Idaho Code, be, and the same is hereby amended to read as follows:

33-1002. EDUCATIONAL SUPPORT PROGRAM. The educational support program is calculated as follows:

1. State and County Educational Support Funds. Add the state appropriation, including the moneys available in the public school income fund, together with all miscellaneous revenues and any balance or deficit in the county school fund to determine the total state and county funds. From the total state and county funds subtract the amount needed for the state's share of transportation support program as provided in section 33-1006, Idaho Code, and the amount needed for the state's share of the exceptional education support program as provided in section 33-1007, Idaho Code, to secure the state and county educational support funds.

2. Local Districts' Contribution. Without including any allowance as a credit for prepaid taxes, as provided by section 63-1607, Idaho Code, the local districts' contribution shall be twenty-five hundredths percent (.25%) of the total state adjusted market value for assessment purposes for the previous year and twenty-five hundredths percent (.25%) the equivalent valuation for the previous year as defined in section 33-1014, Idaho Code.

3. Educational Support Program Distribution Funds. Add the local districts' contribution and the state and county educational support program funds together to secure the total educational support program distribution funds.

4. Average Daily Attendance. The total state average daily attendance shall be the sum of the average daily attendance of all of the school districts of the state. The state board of education shall
establish rules and regulations setting forth the procedure to determine average daily attendance and the time for, and method of, submission of such report. Average daily attendance calculation shall be carried out to the nearest hundredth. In computing the average daily attendance the entire school year shall be used except that the twenty-eight (28) weeks having the best average daily attendance, not necessarily consecutive, may be used. When a school is closed because of storm, flood, failure of the heating plant, loss or damage to the school building, quarantine or order of any city, county or state health agency, or for reason believed by the board of trustees to be in the best interests of the health, safety or welfare of the pupils, the board of trustees having certified to the state department of education the cause and duration of such closure, the average daily attendance for such day or days of closure shall be considered as being the same as for the days when the school actually was in session. For illness or accident that necessitates an absence from school for more than ten (10) consecutive school days, the school district may include homebound students in its total attendance, provided that academic instruction has been given by appropriate certified professional staff employed by the district.

5. Support Units. The total state support units shall be determined by using the tables set out hereafter called computation of elementary support units, computation of secondary support units, computation of kindergarten support units, and computation of exceptional education support units. The sum of all of the total support units of all school districts of the state shall be the total state support units.

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education support units shall be applicable only for programs approved by the state department of education following the rules and regulations established by the state board of education.

6. State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations for border district approved contracts as provided in section 33-1403, Idaho Code, and exceptional child approved contracts as provided in section 33-2004(2), Idaho Code, by the total state support units to secure the state distribution factor per support unit.

7. District Share of State and County Funds for Educational Support Program. Ascertain a district's share of state and county funds for the educational support program as follows:
   a. District Contribution Calculation. Without including any allowance as a credit for prepaid taxes, as provided in section 63-1607, Idaho Code, the district contribution calculation shall be twenty-five hundredths percent (0.25%) of the district's adjusted market value for assessment purposes for the previous year and twenty-five hundredths percent (0.25%) of the equivalent valuation for the previous year as defined in section 33-1014, Idaho Code.
   b. District Support Units. The number of support units for each school district in the state shall be determined as follows:
      (1) Divide the actual average daily attendance, excluding
students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12. Calculations in application of this subsection shall be carried out to the nearest tenth.

(2) Divide the combined totals of the actual average daily attendance of all kindergarten, elementary and secondary students approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for the subsection shall be carried out to the nearest tenth when more than one (1) unit is allowed.

(3) The total number of support units of the district shall be the sum of the total support units for regular students, subsection 7b(1) of this section, and the support units allowance for the approved exceptional child program, subsection 7b(2) of this section.

c. Border District Allowance. In any school district which abuts upon the border of another state, and the resident pupils of the district attend school in the other state as provided in section 33-1403, Idaho Code, the state superintendent of public instruction shall determine the approved costs necessary to meet the educational needs of the students. The approved costs shall be allowed as a part of the district's total educational support program.

d. Exceptional Child Approved Contract Allowance. In any district where resident exceptional children are educated by contract as provided in section 33-2004(2), Idaho Code, the state superintendent of public instruction shall determine the approved costs. The approved costs shall be allowed as a part of the district's total educational support program.

e. Nonresident Pupil Tuition-Equivalency Allowance. Districts which educate nonresident pupils placed by Idaho court order in licensed group homes, agencies or institutions shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per pupil. This district allowance shall be in addition to support unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

f. Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth, by the state distribution factor per support unit and to this product add the approved amount of border district contracts and the approved amount for the exceptional child contracts to secure the district's total allowance for the educational support program.

g. District Share. To secure the district's share of state and
county apportionment, subtract the amount of the local district contribution calculation, subsection 7a of this section, from the amount of the total district allowance, subsection 7e of this section. The contract salary of every noncertificated teacher shall be subtracted from the district's share.

h. Exceptional Child Tuition-Equivalency Allowance. Districts which educate school age exceptional children residing in state institutions, licensed and certified intermediate care facilities, or licensed private nonprofit residential facilities shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per child. This district allowance shall be in addition to exceptional child unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

CHAPTER 102
(S.B. No. 1081)

AN ACT
RELATING TO HAZARDOUS WASTE PERMITS; AMENDING SECTION 39-4409, IDAHO CODE, TO PROVIDE FOR A ONE YEAR RESEARCH, DEVELOPMENT AND DEMONSTRATION PERMIT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-4409, Idaho Code, be, and the same is hereby amended to read as follows:

39-4409. PERMIT REQUIREMENTS FOR HAZARDOUS WASTE TREATMENT, STORAGE, OR DISPOSAL FACILITIES. (1) No person shall construct, operate, or modify a hazardous waste treatment, storage, or disposal facility or site without a permit from the department. The owner or operator of the facility or site rather than the builder shall be responsible for obtaining the permit. Permits may contain such conditions necessary to protect human health and environment. The board may exempt classes or categories of hazardous waste treatment, storage, or disposal facilities from the permit requirement if the exemption is in the public interest and consistent with RCRA requirements. The fact that a class or category of such facilities is not required to obtain a federal permit shall be persuasive evidence that an exemption is in the public interest.

(2) Interim status granted by RCRA or a permit issued by the United States environmental protection agency prior to the date that the state program is authorized by the administrator of that agency shall be adopted by the department as a state granted interim status or as a state granted permit until the department issues a new state
permit. The board may adopt such rules and regulations as necessary to:

(a) Allow other facilities to qualify for interim status;
(b) Require new units, replacement of existing units and lateral expansions of existing interim status facilities to comply with all regulations which apply to new facilities; and
(c) Provide for the termination of interim status.

(3) The board shall promulgate rules and regulations establishing the terms and conditions for issuing permits to the described facilities and sites. The rules and regulations shall provide for, but not be limited to:

(a) Standards and procedures for the safe operation and maintenance of the facilities and sites;
(b) Education and training qualifications of personnel at the facilities and sites;
(c) Contractual commitment or consent to each facility or site from all holders of interests in the real property committed to that facility or site;
(d) Monetary assurances in such form and amount as are necessary for effective management, maintenance, and monitoring of the facilities and sites during and after operation;
(e) Evidence of financial responsibility for corrective action on-site and off-site;
(f) Liability insurance in such form and amount as is necessary to compensate for potential damages caused by the facilities and sites; provided, that liability insurance shall not be required in the event that liability insurance is not required by the federal regulations adopted pursuant to the RCRA;
(g) Emergency equipment and emergency response plans appropriate to the facilities and sites;
(h) Public participation in the permitting process consistent with 42 U.S.C. section 6974(b).

(4) Permits shall be issued for a period not to exceed ten (10) years or the maximum period allowed under RCRA, whichever is greater. However, permits may be reviewed at least every five (5) years and modified as necessary to take into account changes in this chapter or regulations promulgated pursuant to it and improvements in technology. Permits issued to hazardous waste facilities and sites by the department prior to the effective date of this chapter shall be reissued to conform with the provisions of this chapter and the rules and regulations promulgated under this chapter.

(5) Any permit issued after the effective date of this provision shall require corrective action to be taken on-site and off-site for all releases of hazardous waste or constituents, from any solid waste management unit at the treatment, storage, or disposal facility seeking the permit, regardless of the time when the waste was placed in such unit. Permits issued from November 8, 1985, until the effective date of this provision shall be reissued to conform with this provision.

(6) Any permit issued under this section may be revoked by the director, pursuant to the provisions of section 39-4413, Idaho Code, if the permitted party fails to comply with the terms and conditions.
of the permit, this chapter, or the rules and regulations promulgated under this chapter.

(7) The department may issue a variance from the requirements of the rules and regulations promulgated under this section, if, in the judgment of the director, application of the requirements would cause unreasonable hardship and the granting of a variance would not be harmful to the public interest or inconsistent with RCRA requirements. A variance shall not exceed one (1) year in duration and may be renewed or extended only after the department provides public notice and an opportunity for public comment.

(8) (a) The director of the department may issue a research, development and demonstration permit for any hazardous waste treatment technology or process for which permit standards for such experimental activity have not been promulgated. Any such permit shall include such terms and conditions as will assure protection of human health and the environment. Such permits shall:

1. Provide for the construction of such facilities, as necessary, and for operation of the facility for not longer than one (1) year (unless renewed as provided below); and
2. Provide for the receipt and treatment by the facility of only those types and quantities of hazardous waste which the director deems necessary for purposes of determining the efficiency and performance capabilities of the technology or process and the effects of such technology or process on human health and the environment; and
3. Include such requirements as the director deems necessary to protect human health and the environment (including, but not limited to, requirements regarding monitoring, operation, insurance or bonding, financial responsibility, closure, and remedial action); and
4. Include such requirements as the director deems necessary regarding testing and providing of information to the director with respect to the operation of the facility.

(b) The director may apply the criteria set forth in paragraph (a) of this subsection in establishing the conditions of each permit without separate establishment of regulations implementing such criteria.

(c) For the purpose of expediting review and issuance of permits under this subsection, the director may, consistent with the protection of human health and the environment, modify or waive permit application and permit issuance requirements established in the general permit regulations except that there may be no modification or waiver of regulations regarding financial responsibility (including insurance) or of applicable public participation procedures.

CHAPTER 103
(S.B. No. 1082)

AN ACT
RELATING TO THE SITING LICENSE REQUIREMENT OF THE STATE HAZARDOUS WASTE FACILITY SITING ACT; AMENDING SECTION 39-5802, IDAHO CODE, TO PROVIDE LEGISLATIVE INTENT TO AVOID DUPLICATION OF HAZARDOUS WASTE PERMITTING BY HAVING THE SITE LICENSE BE A PRELIMINARY, GENERAL REVIEW; AMENDING SECTION 39-5812, IDAHO CODE, TO PROVIDE FOR RECOMMENDATIONS REGARDING THE SITE LICENSE TO BE PROVIDED TO THE DIRECTOR BY THE SITE REVIEW PANELS, TO ELIMINATE A REDUNDANT REFERENCE TO YEARS OF SERVICE, AND TO PROVIDE FOR A NONVOTING CHAIRMAN OF A PANEL; AMENDING SECTION 39-5813, IDAHO CODE, TO PROVIDE ADDITIONAL INFORMATION TO BE REQUIRED IN A LICENSE APPLICATION, AND TO PROVIDE FOR A COMPLETENESS DETERMINATION; AMENDING SECTION 39-5814, IDAHO CODE, TO PROVIDE A COMPLETENESS REFERENCE, TO PROVIDE A FURTHER NOTICE REQUIREMENT, TO ELIMINATE THE EXISTING TIMETABLE AND PROCEDURE FOR THE LICENSING PROCESS, AND TO PROVIDE A SHORTER AND MORE EFFICIENT TIMETABLE AND PROCEDURE FOR THE LICENSING PROCESS; AND REPEALING SECTION 39-5815, IDAHO CODE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-5802, Idaho Code, be, and the same is hereby amended to read as follows:

39-5802. LEGISLATIVE INTENT. (1) The legislature of the state of Idaho hereby finds that adverse public health and environmental impacts can result from the improper land disposal of hazardous waste and that the need for establishing safe sites with adequate capacity for the disposal of hazardous waste is a matter of statewide concern, and the provisions of this chapter are therefore enacted to provide an effective method of establishing such sites.

(2) It is the intent of the legislature of the state of Idaho that generators of hazardous waste be encouraged to use on-site and off-site alternative treatment methods to reduce the amount of hazardous waste that must be discharged into the environment and to reduce associated hazards to the health and welfare of the citizens of this state. Alternative management technologies which detoxify, stabilize and reduce the amount of hazardous waste that must be buried are available. For such purpose, the provisions of this chapter are enacted to allow the development of safe alternative methods for the treatment of hazardous waste and to provide a means for the designation of hazardous waste disposal sites when such methods are unable to obviate the need for hazardous waste disposal on land. Whereas the state of Idaho may be responsible for the perpetual care of hazardous waste land disposal facilities, alternative technologies such as incineration, resource recovery, or physical, chemical or biological degradation should be implemented to the maximum extent possible.

(3) It is the intent of the Legislature that the site license process not duplicate the existing hazardous waste management act per-
mitting process as set forth in section 39-4409, Idaho Code. The site license is a preliminary, general review which is not based on the type of specific, detailed technical information required for the hazardous waste management act permit.

SECTION 2. That Section 39-5812, Idaho Code, be, and the same is hereby amended to read as follows:

39-5812. SITE REVIEW PANELS -- MEMBERS, CHAIRMAN, QUORUM, MEETINGS, STAFF. (1) Within-the-department, a site review panel shall be established in-order to receive public input early in the permitting licensing process and to approve, deny or add provisions to recommend to the director conditions which should be included in the siting license in-order. Such conditions may include measures to mitigate public concerns for the following types of facilities:

(a) All commercial hazardous waste disposal facilities not in existence prior to July 1, 1985;
(b) All commercial hazardous waste treatment or storage facilities not in existence prior to July 1, 1985;
(c) Any on-site disposal of wastes listed pursuant to section 201(d)(2) and (e) as modified by section 209 of "The Hazardous and Solid Waste Amendments of 1984," as enacted by the U.S. congress, for sites not in existence prior to July 1, 1985;
(d) Any significant expansion of the above-listed facilities after July 1, 1985.

A panel shall consist of ten (10) members to be appointed as provided in subsections (2) and (3) of this section.

(2) The following six (6) members shall serve on every panel established to review a siting license application:

(a) Three (3) members shall be representatives of this state, one each from the department of health and welfare, the department of water resources and the Idaho transportation department. A member who is a representative of this state shall be appointed by each of the directors of the respective departments and a vacancy shall be filled as necessary by the appropriate director. A member who is a representative of the state shall be appointed to serve on site review panels for a period of two (2) years and may be appointed for additional two (2) year periods. In addition, a member who is a representative of the state may serve beyond the expiration of the member's two (2) year period of service for so long a period of time as is necessary to complete action on siting license applications pending at the expiration of the member's term.

(b) Three (3) members shall be public members appointed by the governor with the advice and consent of the senate. One (1) public member shall be a geologist or hydrologist, one (1) an engineer, and one (1) a representative of industries which generate hazardous waste. One (1) public member shall be on the faculty of an institution of higher education in this state. A vacancy shall be filled for the unexpired portion of the period in the same manner as the original appointment. A member who is a public member shall be appointed to serve on site review panels for a period of
three (3) years and may be appointed for additional three (3) year
periods. In addition, a member who is a public member may serve
beyond the expiration of the member’s three (3) year period of
service.

(3) The following four (4) members shall serve on a panel which
is established to consider a particular siting license application:
(a) Two (2) members shall be appointed by the city council of the
city located closest to or in which the hazardous waste treatment,
storage, or disposal facility is proposed to be located, at least
one (1) of whom shall be a resident of the city. The members
serving pursuant to this subsection shall serve until the partic­
ular siting license application subject to their review is
approved, or until the application is rejected and is no longer
subject to their review.
(b) Two (2) members shall be residents of the county where the
hazardous waste treatment, storage, or disposal facility is pro­
posed to be located and shall be appointed by the board of commis-
ioners of the county. The members serving pursuant to this sub-
section shall serve until the particular siting license applica-
tion subject to their review is approved, or until the application
is rejected and is no longer subject to their review.
(4) The member appointed as the representative of the state from
the department shall be chairman of each panel and shall notify the
city council of the nearest city and the board of county commissioners
of a siting license application filed with the department, and shall
instruct the city and county to appoint the necessary representatives
to a panel. The chairman shall be a nonvoting member of the panel
except when the chairman’s vote is necessary to break a tie vote.

(5) Six (6) of the ten (10) members of the panel shall constitute
a quorum for the transaction of business of the panel and the concur­
rence of six (6) members of the panel shall constitute a legal action
of the panel. All meetings of the panel shall be conducted pursuant to
the state open meeting law.

(6) The director shall make staff available to assist a panel in
carrying out its responsibilities.

(7) Members of the panel who are not state employees shall be
entitled to receive compensation as provided in section 59-509(b),
Idaho Code.

SECTION 3. That Section 39-5813, Idaho Code, be, and the same is
hereby amended to read as follows:

39-5813. SITING LICENSE APPLICATION -- FEE -- RULES AND REGULA-
TIONS. (1) An application for a siting license shall contain the
include:
(a) The name and residence of the applicant;
(b) The location of the proposed hazardous waste treatment,
storage, or disposal facility and other information required under
the provisions of this chapter;
(c) Engineering or hydrogeologic information to indicate compli-
ance with technical criteria as adopted in the hazardous waste
management plan if applicable;
(d) A description of the types of wastes proposed to be handled at the facility;
(e) Information showing that harm to scenic, historic, cultural or recreational values is not substantial or can be mitigated;
(f) Information showing that the risk and impact of accident during transport of hazardous waste is not substantial or can be mitigated; and
(g) Information showing that the impact on local government is not adverse regarding health, safety, cost and consistency with local planning and existing development or can be mitigated.

(2) Within thirty (30) days after receipt of the application, the director shall determine whether it is complete. If it is not complete, the director shall notify the applicant and state the areas of deficiency.

(3) The application shall be accompanied by a siting license fee. The director shall establish by rule, the scale for determining the siting license application fee. The fee shall not exceed seven thousand five hundred dollars ($7,500) and shall be based on the cost to the department of reviewing the siting license application. The scale shall be based on characteristics including the site size, projected waste volume, and hydrogeological characteristics surrounding the site. Fees received pursuant to this section may be expended by the director to pay the actual, reasonable and necessary costs incurred by the department in acting upon a siting license application. There shall be contribution among the several persons so liable.

(3) Any tender specified in this section may be made at any time before entry of judgment. SECTION 1. That Section 41-1046, Idaho Code, be, and the same is hereby amended to read as follows:

41-1046. CONTINUATION, EXPIRATION OF LICENSE. (1) All agent, broker, solicitor, consultant, limited, adjuster, and surplus line broker licenses issued under this code shall continue in force until expired, suspended, revoked or otherwise terminated, but subject to payment of the applicable continuation fee to the director at his office in Boise no less often than biennially on or before the expiration date referred to in subsection (2) below, accompanied by written request for such continuation. The continuation fees as stated in section 41-401, Idaho Code (fee schedule), are for a one (1) year continuation; and licenses continued for two (2) years shall be subject to payment of a two (2) year continuation fee. Request for continuation shall be made as follows:

(a) As to broker, consultant, adjuster, and surplus line broker licenses, request for continuation shall be made and signed by the licensee.
(b) As to solicitor licenses, request for continuation shall be made and signed by the appointing general lines agent or broker.
(c) As to agent licenses, request for continuation shall be made and signed by the licensee.

(2) The director may, in his discretion, fix the dates of expiration of respective licenses and appointments in such manner as is deemed by him to be advisable for an efficient distribution of the work load of his office. If as to a particular license or appointment the expiration date so fixed would upon first occurrence shorten the period for which license or appointment continuation fee has theretofore been paid, no refund of unearned fee shall be made; and if the expiration date so fixed as to a particular license or appointment would upon first occurrence lengthen the period for which license or
appointment continuation fee had theretofore been paid, the director shall charge no additional fee for such lengthened period. If another date is not so fixed by the director, each such license shall, unless continued as hereinabove provided, expire at midnight on March 31.

(3) Any license referred to in subsection (1) above as to which request for continuation and fee is not so received by the director shall be deemed to have expired at midnight on the applicable expiration date. Request for continuation of any such license or payment of the continuation fee therefor which is received by the director within thirty (30) days after such expiration date may be accepted and effectuated by the director, in his discretion, if accompanied by a continuation fee of two (2) times the amount otherwise required.

(4) Subject to continuation as above provided, the license of an agent shall continue in force as long as there is in effect as to such agent, as shown by the director's records, an appointment or appointments as agent of authorized insurers covering collectively all of the kinds of insurance or classifications thereof included in the agent's license. Upon termination of all of such licensee's agency appointments as to a particular kind of insurance or classification thereof and failure to replace such appointment within sixty (60) days thereafter, the licensee's license as agent shall automatically thereupon expire and terminate as to such kind of insurance or classification and the licensee shall promptly deliver his license to the director for reissuance, without fee or charge, as to the kinds of insurance or classifications thereof, if any, covered by the licensee's remaining agency appointments. Upon termination of all of the licensee's agency appointments the license shall forthwith terminate.

(5) As a condition to or in connection with the continuation of any agent, broker or solicitor license the director may require the licensee to file with him information relative to use made of the license during the next preceding two (2) calendar years, and especially showing whether the license has been used principally for the writing of controlled business, as defined in section 41-1033, Idaho Code.

(6) All sums tendered as fee for continuation of license as agent, broker, solicitor, consultant, limited agent, adjuster and surplus line broker shall be deemed earned when paid and shall not be subject to refund; except that the director shall refund any duplicate payment of any such fee.

(7)(a) For the protection of the people of this state the director shall, by rule and regulation, establish additional educational requirements designed to maintain and improve the insurance skills and knowledge of agents, brokers, solicitors, and consultants after being duly licensed by the department of insurance. The director shall also, by rule and regulation, establish an advisory committee, comprised of representatives from each segment of the insurance industry, to assist the director in prescribing additional educational requirements and fulfilling the purposes of this legislation.

(b) The director shall not permit to be continued the license of any agent, broker, solicitor, or consultant who is licensed pursuant to section 41-1030, Idaho Code, and who is a resident of this state, unless such person has demonstrated to the satisfac-
tion of the director that in addition to meeting the standards contained in section 41-1034, Idaho Code (qualifications for agents, brokers, and solicitors), or section 41-1035, Idaho Code (qualifications for consultants), as may be applicable, all the additional educational requirements as the director may prescribe by regulation adopted pursuant to this subsection have been met. The provisions of this paragraph shall not apply to persons regulated or licensed by the department of finance pursuant to chapter 46, title 28, Idaho Code, national or state chartered banks, federal or state chartered savings and loan associations, or federal or state chartered credit unions dealing with insurance licensed pursuant to section 41-1045(1)(b), (c) and (d), Idaho Code (limited agent's license).

41-1077. ADMINISTRATIVE PENALTY -- SUSPENSION, REVOCATION, REFUSAL OF LICENSE. (1) The director may impose an administrative penalty not to exceed one thousand dollars ($1,000), for deposit in the general fund of the state of Idaho, suspend for not more than twelve (12) months, or may revoke or refuse to continue any license issued under this chapter, or under chapter 11, title 41, Idaho Code (adjusters), or any surplus lines broker's license if, after hearing held on not less than twenty (20) days' advance notice of such hearing and of the charges against the licensee given as provided in section 41-212(3), Idaho Code, to the licensee and to the insurers represented (as to an agent) or to the appointing agent or broker (as to a solicitor), he finds that as to the licensee any one or more of the following causes exist:

(b) For obtaining or attempting to obtain any such license through fraud or through wilful misrepresentations or misstatements as to any material matter.
(c) For violation of or noncompliance with any applicable provision of this code, or for wilful violation of any lawful rule, regulation, or order of the director.
(d) For misappropriation or conversion to his own use, or illegal withholding, of moneys or property belonging to policyholders, or insurers, or beneficiaries, or others and received in conduct of business under the license.
(e) Conviction, by final judgment, of a crime involving moral turpitude.
(f) For material misrepresentation of the terms of any insurance contract or proposed insurance contract or misrepresentation of any fact material to any insurance transaction or proposed transaction.
(g) If in the conduct of his affairs under the license the licensee has used fraudulent or dishonest practices, or has shown himself to be incompetent, untrustworthy or a source of injury and loss to the public or others.
(h) Failure to comply with any applicable additional educational requirements prescribed by the director by rule or regulation pursuant to section 41-1046(7)(a), Idaho Code, by the expiration date of any license held by the licensee shall be grounds for the director to refuse to continue any such license until such time as the licensee takes and passes the applicable insurance examination and has otherwise complied with all of the requirements of this chapter.

(2) The license of an agent or broker or consultant firm or corporation may be suspended, revoked or refused for any of such causes as relate to any individual designated in, or registered with the director as to, the license to exercise its powers.

(3) The director shall, without hearing, suspend for not more than twelve (12) months, or shall revoke or refuse to continue any license issued under this chapter to a nonresident where the director has received a final order of suspension, revocation or refusal to continue from the insurance regulatory official or court of jurisdiction of the licensee's state of domicile.

(2) Such person shall not have the right to consult with an attorney before submitting to an evidentiary test for concentration of alcohol, drugs or other intoxicating substances.

(3) At the time an evidentiary test for concentration of alcohol, drugs or other intoxicating substances is requested, the person shall be informed that if he refuses to take the test:
   (a) His license will be seized by the police officer and a temporary permit will be issued;
   (b) He has the right to request a hearing within seven (7) days to show cause why he refused to take the test;

The failure or inability to obtain an additional test or tests by a person shall not preclude the admission of an evidentiary test for alcohol concentration taken at the direction of the police officer unless the additional test was denied by the police officer.

(6) No hospital, hospital officer, agent, or employee, or health care professional licensed by the state of Idaho shall be held liable in damages in any civil proceeding for a cause of action based upon assault, battery or false imprisonment, or be subject to prosecution under chapter 9 or 29, title 18, Idaho Code, for any act arising out of administering an evidentiary test for alcohol concentration at the request of a police officer in the manner described by this section.

(3) If the results of the test requested by a police officer show a person's alcohol concentration of less than 0.10 percent, by-weight, of alcohol in the person's blood, as defined in subsection (4) of this section, such fact may be considered with other competent evidence of drug use other than alcohol in determining the guilt or innocence of the defendant.

(4) For purposes of this chapter, an evidentiary test for alcohol concentration is a determination of the percent, by-weight, of alcohol in blood and shall be based upon a formula of grams of alcohol per one hundred (100) cubic centimeters of blood, per two hundred ten (210) liters of breath or sixty-seven (67) milliliters of urine. Analysis of blood, urine or breath for the purpose of determining the blood alcohol concentration shall be performed by a laboratory operated by the Idaho department of health and welfare or by a laboratory approved by the Idaho department of health and welfare under the provisions of approval and certification standards to be set by that department, or by any other method approved by the Idaho department of health and welfare. Notwithstanding any other provision of law or rule of court, the results of any test for alcohol concentration and records relating to calibration, approval, certification or quality control performed by a laboratory operated or approved by the Idaho department of health and welfare or by any other method approved by health and welfare shall be admissible in any proceeding in this state without the necessity of producing a witness to establish the reliability of the testing procedure for examination.

(5) It is unlawful for any person who is an habitual user of, or under the influence of any narcotic drug, or who is under the influence of any other drug or any combination of alcohol and any drug to a degree which renders him incapable of safely driving a motor vehicle, to drive or be in actual physical control of a motor vehicle within this state, whether upon a highway, street or bridge, or upon public or private property open to public use. The fact that any person charged with a violation of the provisions of this subsection is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of a violation of the provisions of this subsection.

(6) "Actual physical control" as used in this section, shall be defined as being in the driver's position of the motor vehicle with the motor running or with the motor vehicle moving.

(7) Notwithstanding any other provision of law, any evidence of conviction under this section shall be admissible in any civil action for damages resulting from the occurrence. A conviction for the purposes of this section means that the person has pled guilty or has been found guilty, notwithstanding the form of the judgment(s) or withheld judgment(s).

   c. Separate Secondary School. -- Any separate secondary school shall be allowed to participate in the educational support program as though the school were the only secondary school operated by the district.

Schools which the state board of education approves as being necessary and remote shall be allowed adequate funding within the support program for an acceptable educational program for the students of the school. Provided, however, the board of trustees of the new district may petition the state board of education for special consideration in determining financial unit factors for the educational support program of the consolidated district. The petition shall be in form and content approved by the state board of education. The plan must use divisors that are authorized in the tables of section 33-1002, Idaho Code, and must be fully adjusted within a seven (7) year period following the formation of the district. Within sixty (60) days after the receipt of a petition for special consideration of support unit factors the state board of education shall approve or disapprove the petition and notify the board of trustees of its decision. Districts which the state board of education approves for special consideration of support unit factors in the support program shall be allowed to use the approved factors for computation of its entitlement under the support program.

Such application must document the need for additional funds and must include a district plan to minimize impact of a reduced local tax base.

The application for adjustment to the educational support program shall be reviewed by the state department of education and any adjustment shall not be greater than fifty percent (50%) of the difference between the maximum revenue authorized under section 33-802(2)(a), Idaho Code, and the revenue that could have been authorized under the provisions of section 63-2220, Idaho Code.

AMENDING TITLE 28, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER
11, PART 1, TITLE 28, IDAHO CODE, TO DEFINE TERMS, TO PROVIDE THE
RELATIONSHIP BETWEEN AN ARTIST AND AN ART DEALER, TO PROVIDE THE
EFFECT OF A CONSIGNMENT OF A WORK OF FINE ART, TO PROVIDE THE
EFFECT OF A SUBSEQUENT SALE OF A WORK OF FINE ART, TO PROVIDE FOR
PAYMENT TO THE CONSIGNOR, TO PROVIDE THE EFFECT OF WAIVER, TO PRO­
VIDE AN EXEMPTION FROM THE UNIFORM COMMERCIAL CODE, AND TO PROVIDE
APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

amended by the addition thereto of a NEW CHAPTER, to be known and
designated as Chapter 11, Part 1, Title 28, Idaho Code, and to read as
follows:

PART 1. ARTIST AND ART DEALER

28-11-101. DEFINITIONS. As used in this chapter, unless the con­
text requires otherwise, the following definitions apply:
(1) "Art dealer" means a person engaged in the business of
selling works of fine art, other than a person exclusively engaged in
the business of selling goods at public auction.
(2) "Artist" means a person who creates a work of fine art or, if the person is deceased, the person's heir, devisee, or personal representative.

(3) "Consignment" means that no title to, estate in or right to possession of fine art superior to that of the consignor vests in the consignee, notwithstanding the consignee's power or authority to transfer and convey to a third person all of the right, title and interest of the consignor in and to the fine art.

(4) "Fine art" means a painting, sculpture, drawing, work of graphic art, including an etching, lithograph, signed limited edition offset print, silk screen, or a work of graphic art of like nature; a work of calligraphy, photographs, original works in ceramics, wood, metals, glass, plastic, wax, stone or leather or a work in mixed media, including a collage, assemblage, or any combination of the art media mentioned in this subsection.

(5) "Person" means an individual, partnership, corporation, association, or other group, however organized.

28-11-102. ARTIST-ART DEALER RELATIONSHIP. Notwithstanding any custom, practice or usage of the trade to the contrary, whenever an artist delivers or causes to be delivered a work of fine art of the artist's own creation to an art dealer in this state for the purpose of exhibition and sale on a commission, fee, or other basis of compensation, the delivery to and acceptance of the work of fine art by the art dealer constitutes a consignment, unless the delivery to the art dealer is pursuant to an outright sale for which the artist receives upon delivery or has received prior to delivery full compensation for the work of fine art.

28-11-103. AGENCY RELATIONSHIP -- TRUST PROPERTY. A consignment of a work of fine art results in the following:

(1) The art dealer, after delivery of the work of fine art, is an agent of the artist for the purpose of sale or exhibition of the consigned work of fine art within the state of Idaho. This relationship shall be defined in writing and renewed at least every three (3) years by the art dealer and the artist. It is the responsibility of the artist to identify clearly the work of art by securely attaching identifying marking to or clearly signing the work of art.

(2) The work of fine art constitutes property held in trust by the consignee for the benefit of the consignor and is not subject to claim by a creditor of the consignee.

(3) The consignee is responsible for the loss of or damage to the work of fine art while in the possession of or on the premises of the consignee.

(4) The proceeds from the sale of the work of fine art constitute funds held in trust by the consignee for the benefit of the consignor. The proceeds shall first be applied to pay any balance due to the consignor, unless the consignor expressly agrees otherwise in writing.

28-11-104. SUBSEQUENT SALE -- PAYMENT TO CONSIGNOR. A work of fine art received as a consignment remains trust property, notwithstanding the subsequent purchase thereof by the consignee directly or
indirectly for the consignee's own account until the price is paid in full to the consignor. If the work is resold to a bona fide purchaser before the consignor has been paid in full, the proceeds of the resale received by the consignee constitute funds held in trust for the benefit of the consignor to the extent necessary to pay any balance due to the consignor and the trusteeship continues until the fiduciary obligation of the consignee with respect to the transaction is discharged in full.

28-11-105. WAIVER VOID -- EXEMPTION FROM UCC. (1) Any provision of a contract or agreement by which the consignor waives any provision of this part of this chapter is void. (2) This part of this chapter is not subject to the provisions of chapters 1 through 10, title 28, Idaho Code.

28-11-106. APPLICATION. This part of this chapter does not apply to a written contract executed prior to July 1, 1987, unless: (1) The parties agree that this part of this chapter will apply; or (2) The contract is extended or renewed after July 1, 1987.

all taxes imposed by this chapter. If such person is the dealer or
shipper handling potatoes grown by another, he may charge against and
recover from the grower of such potatoes or the person from whom he
acquired them sixty per cent (60%) of the tax.

CHAPTER 149
(H.B. No. 265)

AN ACT
RELATING TO INCOME TAX OF CERTAIN MULTISTATE PARTNERSHIPS AND S CORPORATIONS AND THEIR PARTNERS AND SHAREHOLDERS; AMENDING SECTION 63-3022, IDAHO CODE, TO REINSERT AND CLARIFY LANGUAGE PREVIOUSLY STRICKEN IN ERROR AND TO CLARIFY THE MANNER IN WHICH THE INCOME OF NONRESIDENT PARTNERS OF A PARTNERSHIP DOING BUSINESS IS TO BE TAXED; AMENDING SECTION 63-3027A, IDAHO CODE, TO CLARIFY THE MANNER IN WHICH NONRESIDENTS OR PART-YEAR RESIDENTS ARE TO APPORTION INCOME TO THE STATE OF IDAHO FOR INCOME TAX PURPOSES; DECLARING AN EMERGENCY AND PROVIDING A RETROACTIVE EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3022, Idaho Code, be, and the same is hereby amended to read as follows:

63-3022. TAXABLE INCOME. The term "taxable income" means "taxable income" as defined in section 63 of the Internal Revenue Code,
adjusted as follows:

(a) Add interest and dividends received or accrued during the taxable year from foreign securities and from securities issued by states and other political subdivisions, other than those issued by the state of Idaho, its cities and political subdivisions, exempt from federal income tax under the Internal Revenue Code, less applicable amortization.

(1) In the case of a corporation whose income is taxable under this chapter, no deduction shall be allowed for interest on indebtedness incurred or continued to purchase after January 1, 1983, or to carry obligations acquired after January 1, 1983, the interest of which is wholly exempt from the taxes imposed under this chapter. The amount of interest on indebtedness thus incurred or continued shall be an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as a deduction for interest for the taxable year as the taxpayer's average adjusted basis of the obligations mentioned in the preceding sentence bears to such average adjusted basis for all assets of the taxpayer, or, at the option of the taxpayer, an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as a deduction for interest for the taxable year as the taxpayer's interest income from the obligations mentioned in the preceding sentence bears to the taxpayer's total income for the taxable year.

(2) In the case of a corporation whose income is computed pursuant to section 63-3027, Idaho Code, the interest expense deductible shall be an amount equal to interest and dividend income subject to apportionment, plus the amount, if any, by which the balance of interest expense exceeds interest and dividend income not subject to apportionment. Interest expense not included in the preceding sentence shall be directly offset against interest and dividend income not subject to apportionment. This provision shall not apply to dividend income excluded pursuant to section 63-3027C(c) and (e), Idaho Code.

(b) Add any state taxes, measured by net income, paid or accrued during the taxable year adjusted for state tax refunds used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.

(c) Add the net operating loss deduction used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.

(d) (1) Subtract any net operating loss incurred in the five (5) next preceding taxable years; provided, however, such net operating loss shall be subtracted first in the first succeeding taxable year, and any excess not so subtracted may then be subtracted in the second succeeding taxable year, and any excess shall be subtracted in each succeeding taxable year in order until the net operating loss is exhausted, but the total subtracted in such succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that net operating losses arising in taxable years commencing on or after January 1, 1964, must first be carried back to the three (3) taxable years preceding the
year of such net operating loss in the manner provided in Internal Revenue Code section 172 except that no such net operating loss shall be carried back to any taxable year commencing before January 1, 1963; and provided, further, that net operating losses accumulated in any taxable years commencing before January 1, 1964 shall be carried forward as provided in the beginning part of this subsection before any carryback from a succeeding taxable year shall be taken into consideration.

(2) A net operating loss for any taxable year commencing on or after January 1, 1983, shall be a net operating loss carryover to each of the ten (10) taxable years following the taxable year of such loss; provided, however, such net operating loss shall be subtracted in each succeeding year in order but the total subtracted in the succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that a net operating loss not to exceed one hundred thousand dollars ($100,000) arising in a taxable year commencing on or after January 1, 1983, may, at the election of the taxpayer, be carried back to the three (3) immediately preceding taxable years, and if such loss is not entirely absorbed by the income of those years, the amount of loss not exhausted may be subtracted from taxable income arising in the next ten (10) years succeeding the taxable year in which the loss arises in order until exhausted. An election under this subsection must be in the manner prescribed in the regulations of the state tax commission and once made is irrevocable for the year in which it is made. In the event that the taxpayer elects to carryback any loss arising in a year commencing on or after January 1, 1983, any loss not exhausted may be subtracted from taxable income arising in the next succeeding ten (10) taxable years in order until exhausted.

(3) Net operating losses incurred by a corporation during a year in which such corporation had no Idaho business situs may not be subtracted. Net operating losses incurred by a person, other than a corporation, in business activities not taxable by Idaho may not be subtracted.

(e) In the case of a corporation, add the amount deducted under the provisions of section 243(a) of the Internal Revenue Code (relating to dividends received by corporations) as limited by section 246(b)(1) of said code.

(f) In the case of a corporation, subtract an amount equal to eighty-five per cent (85%) of the amount received during the taxable year as dividends, as limited by the rules of section 246(b)(1) of the Internal Revenue Code, from any corporation which has shown to the satisfaction of the state tax commission that more than fifty per cent (50%) of its taxable income for the taxable year immediately preceding the declaration of such dividends was taxable by the state of Idaho under the provisions of this act.

(g) Subtract the amount of any income received or accrued during the taxable year which is exempt from taxation by this state, under the provisions of any other law of this state or a law of the United States, if not, previously subtracted in arriving at taxable income, as defined by section 63 of the Internal Revenue Code.
(h) In the case of a corporation with more than fifty per cent (50%) of its income taxable within this state, the salary, fee or other compensation of its nonresident officers or directors shall be treated as income from sources within the state. Whether or not any personal services have been performed by such nonresident officers or directors in this state, they shall be deemed to have a business situs in this state. If such salary, fee or other compensation is not reported to this state as income, such corporation shall not deduct as part of its expenses for the taxable year any part of such salary, fee or other compensation in computing taxable income. When the salary, fee or other compensation paid to such nonresident officer is reported to this state as income by such nonresident officer, it shall be apportioned by applying to the total of such income the apportionment factor of the corporation paying the salary, fee or other compensation, as such factor is reported on the corporation's income tax return computed pursuant to section 63-3027, Idaho Code, or as subsequently modified. Provided, however, reasonable compensation paid to such nonresident officers or directors for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources.

(i) For the purpose of determining the taxable income of the beneficiary of a trust or of an estate, distributable net income as defined for federal tax purposes shall be corrected for the other adjustments required by this section. In the event that a nonresident beneficiary of a trust or estate fails to file an Idaho income tax return reporting all or any part of distributable net income taxable in Idaho or fails to pay any tax due thereon, the trust or estate making the payment or distribution shall be taxable upon the amount of such distribution or payment at the rates established by section 63-3024, Idaho Code.

(j) In the case of an individual who is on active duty as a full time officer, enlistee or draftee, with the armed forces of the United States, which full time duty is or will be continuous and uninterrupted for one hundred twenty (120) consecutive days or more, deduct compensation paid for services performed outside this state by the armed forces of the United States.

(k) In the case of a corporation, add any capital loss deducted which loss was incurred during any year in which such corporation had no Idaho business situs. In the case of persons, other than corporations, add any capital loss deducted which was incurred in business activities not taxable by Idaho at the time such loss was incurred. In the case of a corporation having income from Idaho sources and having elected to file federal income tax returns thereon pursuant to Subchapter-S of the Internal Revenue Code, or a partnership having income from Idaho sources, salaries, wages, fees, and other compensation paid to nonresident shareholders— and the dividends distributed and the undistributed taxable income of partners, and the items of income, loss, deduction, and credit allocated to each nonresident shareholder or partner shall be treated as income—from having sources within the state. Whether or not any personal services have been performed in this state by such nonresident shareholders or partners, they shall be deemed to have a business situs in this state.
When the salaries, wages, fees, and other compensations paid to such nonresident shareholders or dividends-paid-to-such-nonresident—shareholders—or—undistributed-taxable-income partners or items of income, loss, deduction, and credit, or allocated to such shareholders or partners is reported to this state as taxable income pursuant to this subsection, such income shall be apportioned by applying to the total of such income the apportionment factor of the corporation or partnership. The apportionment factor of the corporation or partnership shall be computed pursuant to the provisions of section 63-3027, Idaho Code. If such dividends—undistributed—taxable—income items of income, loss, deduction, or credit, salaries, wages, fees, or other compensation are not reported to this state by the nonresident shareholders or partners, such corporation or partnership shall report the same to this state and be taxable thereon at the corporate rate. Provided, however, reasonable compensation paid to such nonresident shareholders or partners for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources. In computing the income taxable to the corporation or partnership under this subsection, deduction shall not be allowed for a carryover or carryback of a net operating loss provided for in subsection (d) of this section or a capital loss provided for in section 1212 of the Internal Revenue Code.

(1) In the case of natural persons, there shall be allowed as deductions from gross income either (1) or (2) at the option of the taxpayer:

(1) a. The zero bracket amount as defined by section 63, Internal Revenue Code, plus
b. Contributions made to the state of Idaho for credit to the medical assistance account, if such contributions were not previously subtracted in arriving at taxable income, plus

(2) a. Itemized deductions as defined in sections 163, 164 (except state income taxes as specified in subsection (b) of this act section), 165, 166, 170, 171, 211, 212, 213, 216 and 218, Internal Revenue Code, plus

b. Contributions made to the state of Idaho for credit to the medical assistance account, if such contributions were not previously subtracted in arriving at taxable income, plus
dollars ($1,000) per cared for member incurred in providing personal care services to or for an immediate member of the taxpayer's family; such services may be provided either in the taxpayer's home or the family member's home; personal care services shall be as defined in chapter A47, title 39, Idaho Code, but the cared for member need not be medicaid eligible for the purposes of this section only, if he substantially meets all of the other requirements of chapter A47, title 39, Idaho Code; in order for the deduction under this paragraph c. to be allowed, the expenditures claimed must not have been reimbursed by medicare, medicaid or private insurance, and such expenditures must not have been previously subtracted in arriving at taxable income.

(m) Deduct any wages and salaries paid to employees qualified under the provisions of section 44B, Internal Revenue Code, for claiming the federal jobs credit and under sections 40, 50A or 50B, Internal Revenue Code, for claiming the federal tax credit for authorized work incentive program (WIN) wages and salaries upon which the federal credits have been claimed and which were not deducted on the taxpayer's federal return.

(3) Immediately upon entry of the court's order of interim administration of water rights, the clerk of the district court shall mail a certified copy of the order to the director, and the director shall immediately give notice of the order to the watermaster of the water districts affected by the order.

CHAPTER 159
(S.B. No. 1057, As Amended)

AN ACT
RELATING TO GENERAL POWERS AND DUTIES OF THE FISH AND GAME COMMISSION; AMENDING SECTION 36-104, IDAHO CODE, TO PROVIDE THAT THE FISH AND GAME COMMISSION MAY PRESCRIBE RULES AUTHORIZING THE DIRECTOR OF THE DEPARTMENT OF FISH AND GAME TO ISSUE ADDITIONAL CONTROLLED HUNT PERMITS AUTHORIZING OWNERS, LESSEES IN CONTROL OF LAND VALUABLE FOR HABITAT OR PROPAGATION PURPOSES OF CERTAIN GAME ANIMALS, OR MEMBERS OF THEIR IMMEDIATE FAMILIES TO HUNT DEER, ELK OR ANTELOPE IN CONTROLLED HUNT UNITS CONTAINING THE ELIGIBLE LAND OWNED OR CONTROLLED BY THOSE INDIVIDUALS WHERE PERMITS FOR DEER, ELK OR ANTELOPE ARE LIMITED.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 36-104, Idaho Code, be, and the same is hereby amended to read as follows:

36-104. GENERAL POWERS AND DUTIES OF COMMISSION. (a) Organization
Meetings. The members of the commission shall annually meet at their offices in the city of Boise and organize by electing from their membership a chairman, who shall hold office for a period of one (1) year, or until his successor has been duly elected. In addition to the regular annual meeting, to be held in January, said commission shall hold other regular quarterly meetings in April, July and October of each year at such places within the state as the commission shall select for the transaction of business. Special meetings may be called at any time and place by the chairman or a majority of the members of the commission. Notice of the time, place and purpose of any and all special meetings shall be given by the secretary to each member of the commission prior to said meeting.

(b) Authorization for Commission Powers and Duties. For the purpose of administering the policy as declared in section 36-103, Idaho Code, the commission is hereby authorized and empowered to:

1. Investigate and find facts regarding the status of the state's wildlife populations in order to give effect to the policy of the state hereinbefore announced.
2. Hold hearings for the purpose of hearing testimony, considering evidence and determining the facts as to when the supply of any of the wildlife in this state will be injuriously affected by the taking thereof, or for the purpose of determining when an open season may be declared for the taking of wildlife. Whenever said commission determines that the supply of any particular species of wildlife is being, or will be, during any particular period of time, injuriously affected by depletion by permitting the same to be taken, or if it should find a longer or different season, or different bag limit should be adopted for the better protection thereof, or if it finds that an open season may be declared without endangering the supply thereof, then it shall make an order embodying its findings in respect to when, under what circumstances, in which localities, by what means, what sex, and in what amounts and numbers the wildlife of this state may be taken.
3. Whenever it finds it necessary for the preservation, protection, or management of any wildlife of this state, by reason of any act of God or any other sudden or unexpected emergency, declare by written order the existence of such necessity, and the cause thereof, and prescribe and designate all affected areas or streams, and close the same to hunting, angling or trapping, or impose such restrictions and conditions upon hunting, angling or trapping as said commission shall find to be necessary.
   (A) Every such emergency order shall be made in accordance with the provisions of section 67-5203, Idaho Code.
   (B) Any person knowingly hunting, angling or trapping in an area or stream closed by any such emergency order, and before such order has been rescinded, shall be deemed guilty of a misdemeanor.
4. At any time it shall deem necessary for the proper management of wildlife on any game preserve in the state of Idaho, declare an open season in any game preserve as it deems appropriate.
5. (A) Upon notice to the public, hold a public drawing giving to license holders, under the wildlife laws of this state,
the privilege of drawing by lot for a controlled hunt permit authorizing the person to whom issued to hunt, kill, or attempt to kill any species of wild animals or birds designated by the commission under such rules and regulations as it shall prescribe.

(B) The commission may, under rules and regulations as it may prescribe, authorize the director to issue additional controlled hunt permits and collect fees therefore authorizing owners, lessees in control of land valuable for habitat or propagation purposes of deer, elk or antelope, or members of their immediate families, to hunt on-rand deer, elk or antelope in controlled hunt units containing the eligible land owned or controlled by those individuals in areas where permits for deer, elk, or antelope are limited.

(C) There shall be no fee charged to any individual for submitting an application to participate in a controlled hunt; provided, however, a permit fee of not to exceed three dollars ($3.00) for deer, ten dollars ($10.00) for moose, sheep and goat and five dollars ($5.00) for elk, antelope and such other species as may be determined in the future, shall be charged for the privilege of participating in a controlled hunt. All procedures under this section shall be under the control and in the discretion of the director of the department of fish and game. It is a misdemeanor for any person to transfer any such permit to any other person, or for any person to make use of such permit issued to any other person.

6. Adopt rules and regulations pertaining to the importation, exportation, release, sale, possession or transportation into, within or from the state of Idaho of any species of live, native or exotic wildlife or any eggs thereof.

7. Acquire for and on behalf of the state of Idaho, by purchase, condemnation, lease, agreement, gift, or other device, lands or waters suitable for the purposes hereinafter enumerated, and develop, operate, and maintain the same for said purposes, which are hereby declared a public use:

(A) For fish hatcheries, nursery ponds, or game animal or game bird farms;
(B) For game, bird, fish or fur-bearing animal restoration, propagation or protection;
(C) For public hunting, fishing or trapping areas to provide places where the public may fish, hunt, or trap in accordance with the provisions of law, or the regulation of the commission;
(D) To extend and consolidate by exchange, lands or waters suitable for the above purposes.

8. Enter into cooperative agreements with educational institutions, and state, federal, or other agencies to promote wildlife research and to train students for wildlife management.

9. Enter into cooperative agreements with state and federal agencies, municipalities, corporations, organized groups of landowners, associations, and individuals for the development of wildlife rearing, propagating, management, protection and demonstra-
tion projects.

10. In the event owners or lawful possessors of land have restricted the operation of motor-propelled vehicles upon their land, the commission, upon consultation with all other potentially affected landowners, and having held a public hearing, if requested by not less than ten (10) residents of any county in which the land is located, may enter into cooperative agreements with those owners or possessors to enforce those restrictions when the restrictions protect wildlife or wildlife habitat. CHAPTER 161
(S.B. No. 1006, As Amended)

AN ACT
RELATING TO COMPETITIVE BIDDING; AMENDING SECTION 50-341, IDAHO CODE, TO PROVIDE THAT A CITY MAY PURCHASE EQUIPMENT AT A PUBLIC AUCTION IF THE COUNCIL HAS MADE A FINDING THAT SUCH EQUIPMENT MAY BE PURCHASED AT A LOWER PRICE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 50-341, Idaho Code, be, and the same is hereby amended to read as follows:

50-341. COMPETITIVE BIDDING -- APPLICATION OF LAW. A. The following provisions relative to competitive bidding apply to all cities of the state of Idaho, but shall be subject to the provisions of any specific statute pertaining to the letting of any contract, purchase or acquisition of any commodity or thing by soliciting and receiving competitive bids therefor, and shall not be construed as modifying or amending the provisions of any statute, nor preventing the city from doing any work by its own employees.

B. The word "expenditure" shall mean the granting of a contract, franchise or authority to another by the city, and every manner and means whereby the city disburses funds or obligates itself to disburse funds; provided, however, that "expenditure" does not include disbursement of funds to any city employee, official, agent, or for the performance of personal services to the city, or for the acquisition of personal property through a contract that has been competitively bid by the state of Idaho, one of its subdivisions or an agency of the federal government.

C. When the expenditure contemplated exceeds five thousand dollars ($5,000), or ten thousand dollars ($10,000) if for equipment, the expenditure shall be contracted for and let to the lowest respon-
sible bidder.

D. The notice inviting bids shall set a date and place for the opening of bids. The first publication of the notice shall be at least two (2) weeks before the date of opening the bids. Notice shall be published at least twice, not less than one (1) week apart, in the official newspaper of the city. The notice shall succinctly set forth the project to be done. Any of the following documents shall be made available, upon reasonable deposit, to any interested bidder: bid form, bidder’s instructions, contract documents, general and special instructions, drawings and specifications.

E. All bids shall be presented or otherwise delivered under sealed cover to the city clerk, or other bonded agent of the city designated by the city council to receive specific bids, with a concise statement marked on the outside generally identifying the expenditure to which the bid pertains. All bids shall contain one (1) of the following forms of bidder’s security:

a. Cash;
b. Cashier’s check made payable to the city;
c. A certified check made payable to the city;
d. A bidder’s bond executed by a qualified surety company, made payable to the city.

F. The security shall be an amount equal to at least five percent (5%) of the amount bid. A bid shall not be considered unless one (1) of the forms of bidder’s security is inclosed with it, and unless the bid is submitted in a form which substantially complies with the form provided by the city.

G. Any bid received by the city may not be withdrawn after the time set in the notice for opening of bids. All bids received must be opened at the time and place set in the notice inviting bids, and no person shall be denied the right to be present at the opening of bids.

H. If the successful bidder fails to execute the contract, the amount of his bidder’s security shall be forfeited to the city and the proceeds shall be deposited in the fund out of which the expenses of preparation and printing of the plans and specifications, estimates of costs and publication of notice are paid.

I. The city may, on refusal or failure of the successful bidder to execute the contract, award it to the next lowest responsible bidder. If the city council awards the contract to the next lowest responsible bidder, the amount of the lowest responsible bidder’s security shall be applied by the city to the difference between the lowest responsible bid and the next lowest responsible bid, and the surplus, if any, shall be returned to the lowest bidder if cash or check is used, or to the surety on the bidder’s bond if a bond is used.

J. In its discretion, the city council may reject any bids presented and readvertise. If two (2) or more bids are the same and the lowest responsible bids, the city council may accept the one it chooses. If no bids are received, the council may make the expenditure without further compliance with this section.

K. After rejecting bids, the city council may, after finding it to be a fact, pass a resolution declaring that the thing sought to be accomplished by the expenditure can be performed more economically by
day labor, or the materials or supplies furnished at a lower price in the open market. Upon adoption of the resolution, it may have the thing sought to be accomplished done in the manner stated without further compliance with this section.

L. If there is a great public calamity, as an extraordinary fire, flood, storm, epidemic or other disaster, or if it is necessary to do emergency work to prepare for national or local defense, or it is necessary to do emergency work to safeguard life, health or property, the mayor or city manager may declare that an emergency exists and that the public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property. Upon making the declaration, any sum required in the emergency may be expended without compliance with this section.

M. In its discretion, the city council may purchase equipment at a public auction if the council has made a finding that such equipment may be purchased at a lower price.

Approved March 27, 1987.

RELATING TO THE FINANCING OF MEDICAL CARE FOR THE INDIGENT; AMENDING
CHAPTER 8, TITLE 31, IDAHO CODE, BY THE ADDITION OF A NEW SECTION

NEW SECTION 56-209d, IDAHO CODE, TO EXPAND MEDICAL ASSISTANCE SRV-
VICES TO BE PROVIDED; AND AMENDING CHAPTER 4, TITLE 56, IDAHO
CODE, BY THE ADDITION OF A NEW SECTION 56-460, IDAHO CODE, TO PRO-
VIDE FOR A COUNTY MEDICAL INDIGENCY SUSPENSE ACCOUNT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 8, Title 31, Idaho Code, be, and the same
is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 31-873, Idaho Code, and to read as
follows:

31-873. REIMBURSEMENT FOR CERTAIN MEDICAL ASSISTANCE PAYMENTS.
(1) For the purpose of assisting counties with their medical indi-
gency claims, state participation in the federal medical assistance
(medicaid) program under title XIX of the social security act, as
amended, will be expanded by using county funds to match federal funds
for coverage of services as defined by section 56-209d, Idaho Code.
Each and every county shall reimburse the county medical indigency
suspense account as established in chapter 4, title 56, Idaho Code, an
amount as determined by the director of the department of health and welfare or the director's designee.

(2) In making the determination required in subsection (1) of this section, the director of the department of health and welfare shall use the following procedure:

(a) Determine the medical assistance expenditures resulting from nursing home eligibles, drug and inpatient hospital expenditures that would not have been incurred under the standards and limits in effect on June 30, 1987. However, the income limitation in effect on June 30, 1987, shall be assumed to increase each time a cost of living increase is granted under the social security act.

(b) Determine (i) the obligated county using the provisions of section 31-3506, Idaho Code, unless there is a written correspondence signed by the county commissioners of both affected counties, changing the obligated county; and (ii) the total expenditures by county.

(c) Multiply that total by a percentage equal to the nonfederal share percentage as defined by 42 CFR 433.10 plus an additional amount distributed on the basis of payment volume for the actual nonfederal share of administrative costs as determined by the methodology approved by the federal administrative cost allocation plan. In the event federal financial participation (FFP) becomes limited under title XIX of the social security act, full FFP will be applied first to those services and limits in effect before June 30, 1987, with the remainder available for the new services.

(d) Audit settlements made with nursing homes or hospitals for either underpayments or overpayments will be billed or credited to the respective counties on the basis of the amount that county participated in the original payments to that facility during the period covered by the audit.

(e) Any federal deferrals or disallowances will be billed to the counties on the basis of dollar volume of the original payments during the period covered by the deferrals or disallowances.

(3) Payments required by counties shall be due, not later than thirty (30) days after presentation by the Idaho department of health and welfare of itemized statements showing medical assistance payments made during the prior period. The itemized statements shall show each client's name and medical assistance identification number, the providers to whom qualifying payments were made, the amount of each such payment, and the total amount due. Failure to pay within sixty (60) days will result in an amount equal to the amount determined by the director pursuant to subsections (1) and (2) of this section being transferred by the tax commission from the sales tax due that county under section 63-3638, Idaho Code, for the amount due to the county medical indigency suspense account, upon the written request of the director.

(4) Boards of county commissioners shall safeguard all provided information as provided for in section 1902(a)(7) of the social security act, 42 CFR 431.300 through 431.307 and sections 56-221 and 56-222, Idaho Code.

(5) In order to facilitate the start up and continued operation of the expanded medical assistance program each and every county of
the state of Idaho will pay, or cause to be paid, to the director of
the department of health and welfare an amount equal to that county's
population, as determined by the most recent census, times seventy
cent (70¢). This amount is due and payable on July 15, 1987. There­
after the amount of the suspense fund will be adjusted as determined
by the director to provide adequate cash flow to make payment of
bills. The director will deposit this amount to the county medical
indigency suspense account.

(6) Any disputes brought by a county under this section against
the state of Idaho shall be made by petition to the director of health
and welfare who shall have fifteen (15) days to make a determination
on such petition before the county may seek judicial review on the
matter pursuant to section 67-5215, Idaho Code.

SECTION 2. That Chapter 2, Title 56, Idaho Code, be, and the same
is hereby amended by the addition thereto of a NEW SECTION, to be

teria for medical assistance, from those with countable income of two
hundred one and two-tenths percent (201.2%) to those with countable
income of three hundred percent (300%) of the SSI standard.

The department may extend the life of the current series of license number plates outstanding since January 1973 and each subsequent year and may hereafter issue a new series of semi-permanent license number plates for an indefinite period of time, but in no event for a period less than five (5) years. Any series of license number plates may be replaced or canceled by the board anytime after five (5) years from the year of issuance of such series.

Commencing January 1, 1987 license numbering plates for vehicles covered in section 49-126(1), Idaho Code, shall be reissued beginning with the number 1 in each county in accordance with the twelve (12) registration periods therein described with subsequent mandatory reissues reoccurring every sixth fifth January 1 thereafter.

During intervening years in which license number plates are not issued, replaced, or canceled, license number plates shall be retained by the owner until lost, stolen, mutilated, or illegible, at which time the owner shall then apply for a duplicate or substitute therefor as provided in section 49-121, Idaho Code. The assessor shall also furnish for each registration, and to validate the number plate, a pressure-sensitive registration sticker. This registration sticker shall be serially numbered. Number plates issued for state, county and city motor vehicles shall be permanent and remain on the vehicle for which issued from year to year, and need no renewal or validation sticker.

Number plates issued to vehicles required to register in accordance with section 49-126, Idaho Code, shall be issued colored registration validation stickers showing the year of registration. Each registration validation sticker shall bear a number from 1 to 12, which number shall correspond to the month of the calendar year in which the registration of the vehicle expires and shall be affixed to the lower right-hand corner of the plate within the outlined rectangular area.

b. Every number plate shall have displayed upon it the registration number assigned to the vehicle and its owner, also the name of this state which may be abbreviated and the year number for which it is issued whenever replacement plates or a series of replacement plates are issued. In years that validation stickers are issued, the year number need not be shown on the number plate. The plate and the required letters and numerals, except the year number for which
issued, shall be of sufficient size to be plainly readable from a dis-
tance of one hundred (100) feet during daylight, and each number plate
and each registration sticker shall be treated with a fully reflector-
ized material according to specifications prescribed by the board and
the plates shall have green numerals and letters on a white back-
ground. Each passenger number plate must bear upon its face the
inscription "Famous Potatoes."

c. The board shall furnish to every owner whose vehicle is
subject to the payment of the use fee provided by subdivision (e) of
section 49-127, Idaho Code, a use fee number plate. The use fee number
plate shall be similar in form to the registration plate. and shall
contain information as the board may by rule or regulation provide.
d. The board shall have authority to require the return to the
department of all number plates and registration stickers upon termi-

e. The fee for all duplicate plates shall be two dollars ($2.00)

plates.
f. Whenever a vehicle is completely destroyed by fire or accident
and the operator submits satisfactory proof of that destruction to the
department, the registration use increment and fees shall be trans-

dollars ($5.00). None of the original fees shall be subject to refund.

SECTION 2. That Section 49-126, Idaho Code, be, and the same is
hereby amended to read as follows:

49-126. ANNUAL REGISTRATION. (1) The annual fee for operating

weight not in excess of eight thousand (8,000) pounds, designed for
the purpose of carrying passengers, and not used for hire shall be:

For the purpose of this subsection, the age of a motor vehicle shall
be determined by subtracting the manufacturer's year designation of
the vehicle from the year in which the fee designated is paid. If the
vehicle has the same manufacturer's year designation as the year in
which the fee is paid, or if a vehicle has a manufacturer's year
designation later than the year in which the fee is paid, the vehicles
shall be deemed to be one (1) year old for the purposes of this sub-
section. The term "manufacturer's year designation" shall mean the
model year designated by the motor vehicle manufacturer, and not the
year in which the vehicle is in fact manufactured.

There shall be twelve (12) registration periods, starting in Janu-
ary for holders of validation registration stickers ending in 1, and
proceeding consecutively through December for holders of validation
registration stickers ending in 12, each of which shall start on the
first day of a calendar month and end on the last day of the twelfth
month from the date of beginning. Registration periods shall expire
midnight on the last day of the registration period in the year designated by the registration validation sticker. The numeral digit on the validation registration stickers shall, as does the registration card, fix the registration period under the staggered plate system of Idaho for the purpose of reregistration and notice of expiration.

A vehicle that has once been registered for any of the above designated periods shall, upon reregistration, be registered for the period bearing the same number, and the registration card shall show and be the exclusive proof of the expiration date of registration and licensing. Vehicles may be initially registered for less than a twelve (12) month period, or for more than a twelve (12) month period, and the fee prorated on a monthly basis if the fractional registration tends to fulfill the purpose of the monthly series registration system.

(2) For all motor vehicles, trailers and semitrailers equipped to carry passengers and operated primarily for hire exclusively within the limits of an incorporated city and adjacent thereto, when the service outside the city is a part of a regular service rendered inside the city, and for school buses operated either by a nonprofit, non-public school or operated pursuant to a service contract with a school district for transporting children to or from school or in connection with school approved activities, the annual fee shall be twelve dollars ($12.00).

(3) For all hearses, ambulances and wreckers the annual fee shall be twenty-nine dollars ($29.00), and these vehicles shall bear passenger car plates. No operator of a hearse, ambulance, or wrecker shall be entitled to operate them by virtue of any dealer's license that may have been issued under the provisions of this chapter.

(4) For all motorcycles the annual fee shall be six dollars ($6.00).

(5) The registration fees for utility trailers and rental utility trailers shall be:

(6) All vehicles required by subsections (2) through (5) of this section to be registered shall be issued number plates and validation stickers for a calendar year and shall expire midnight December 31.

(7) A motor vehicle may be registered by the department under the provisions of subsection (1), (2), (3), (4), or (5) of this section for a period of up to five (5) years. The length of the registration period shall be determined by the time remaining until the next general reissue of license plates required in section 49-113, Idaho Code. The extended registration fee shall be calculated by adding together the fees for each of the registration years according to the age of the vehicle from the fee schedule in subsection (1) of this section or from the fees required in subsections (2), (3) and (4) of this section. Registration fees shall not be subject to refund. Upon change of address the registrant shall report such change to the county.

Such additional assessment shall be levied and collected in the same manner as herein provided for the collection of such original assessments. Provided further that the initial purchaser of ties, logs, posts, cordwood, pulpwood and other similar forest products which have been cut from lands within the state of Idaho shall make no such purchase from anyone not having a proper compliance. percent (3%) of the hazard reduction money or bond shall be deposited
in a special account to be known as the fire suppression account,
which is hereby created in the dedicated fund of the state treasury,
and which shall be used by the department of lands to help pay the
cost of suppressing forest fires. In the event the hazard reduction

liability of fire suppression costs in accordance with section 38-404,
Idaho Code.

not enter into a contract with the state forester in accordance with

or pass through the landowner's or operator's slashing area, except
that the landowner or operator may choose to pay an additional fee, to
be determined by the director, upon payment of which the director will
assume the liability for the cost of suppressing fires that originate
in or pass through the slashing area.

(3) A violation of any of the provisions of this section shall be
deemed a petty misdemeanor.

Such injunction proceedings may be instituted by the director of the department of lands as plaintiff and the court may in its discretion grant a temporary injunction. In any such proceedings no bond shall be required of the plaintiff and such a proceeding shall be handled in any court by the judge thereof with expedition.

If one responsible therefor has for any reason failed to comply with section 38-122, Idaho Code, and has without such compliance cut timber or other forest products, and shall fail, refuse or neglect to properly dispose of slash for a period of thirty (30) days after being notified so to do by the director of the department of lands or the fire warden of the forest protective district within which such slash has accumulated, the director of the department of lands, or the fire warden, may, if he deems it advisable, complete, direct or authorize the disposal of such slash at the expense of the owner of the timber or other forest products cut or produced from the land upon which such fire hazard remains undisposed of as aforesaid.

Any claims of lien recorded as herein provided shall be released in writing by the director of the department of lands upon payment of the cost and penalty herein provided. After the filing of notice of lien, any purchaser or purchasers of any of such forest products who have disposed of the same or who shall have so mingled such forest products or the processed products thereof with other property as to prevent identification of such forest products, and thereby prevent the sale of any such products in such foreclosure proceedings, shall be liable for the full amount of the judgment recovered, provided such purchaser is made a party defendant in the suit for the foreclosure of lien. The proceedings for the enforcement of said lien shall conform as nearly as may be to the proceedings provided by law for the enforcement of loggers' lien, or the amount of such cost and penalty may be recovered by
a civil action for debt, prosecuted in the name of the state of Idaho, and payable to the state treasurer for deposit in the forest protection fund.

The director of the department of lands shall not file for record any lien against the property of any person who has been issued a certificate of compliance clearance in accordance with section 38-122, Idaho Code, covering such property.

All orders and directions issued by the director of the department of lands, or any fire warden, as required or authorized by this section and section 38-122, Idaho Code, shall be in writing and made in triplicate, the original of which shall be sent by registered mail or delivered by personal service to the person to receive such order, permits or directions; one (1) copy shall be filed in the office of the director of the department of lands; and one (1) copy shall be filed in the district warden's file.

54-2031. LICENSING OF NONRESIDENT BY RECIPROCITY.
A. Nonresident brokers and nonresident salesmen shall only may be licensed in this state as nonresident brokers and nonresident salesmen by written reciprocal agreement between this state and the state of the place of business of each nonresident broker and nonresident salesman. The commission shall require evidence of good standing as a licensed broker or salesman from the proper authority of the state of his place of business. Each nonresident reciprocity license shall be limited and subject to the terms of the written reciprocal agreement. A nonresident salesman licensed by reciprocity must be licensed under and associated with a nonresident broker licensed by reciprocity under this chapter. Such nonresident reciprocity licensee may not maintain a place of business in this state except as provided for in section 54-2033A, Idaho Code. The commission, in its discretion, may refuse to issue a broker's or salesman's license to an applicant who is not a resident of this state, if such discretion is allowed in the applicable reciprocal agreement.
B. When a nonresident broker is no longer regularly engaged in the real estate business in the state issuing his resident real estate broker's license, his nonresident reciprocity broker's license and the nonresident salesman's reciprocity licenses of salesmen licensed under and associated with him shall thereupon terminate and shall be surrendered to the commission.

SECTION 3. That Section 54-2033A, Idaho Code, be, and the same is hereby amended to read as follows:

54-2033A. BRANCH OFFICE. No branch office will be operated by a resident or nonresident broker unless the business performed in that office (such as advertising, listing, closing, depositing of funds, writing of checks and the issuance of receipts) shall be conducted in the name of the licensee. A branch office operated by a resident licensee shall have a licensed broker, associate broker or salesman with two (2) years active experience as a licensed real estate salesman, regularly occupying it and in charge of it. A branch-office-operated-by-a-nonresident-licensee-shall-have-a-licensed-broker-who-is domiciled-in-the-state-of-Idaho-regularly-occupying-it-and-in-charge-of-it. Resident and nonresident licensees operating branch offices in the state of Idaho are required to license such offices with the Idaho real estate commission and the broker, associate broker or salesman in charge of the office shall be designated at the time of licensing. A
violation of this section shall be deemed a ground for revocation or suspension of license under section 54-2040, Idaho Code.

SECTION 4. That Section 54-2040, Idaho Code, be, and the same is hereby amended to read as follows:

54-2040. REVOCATION OR SUSPENSION OF LICENSE -- GROUNDS THEREFOR. A. The commission may upon its own motion, and shall upon verified complaint in writing of any person claiming to have been injured or defrauded, investigate the action of any person engaged in the business or acting in the capacity of real estate broker or real estate salesman within this state and shall have the power to temporarily suspend or permanently revoke licenses issued under the provisions of this act and/or to impose a civil penalty in an amount not to exceed one thousand dollars ($1,000) upon the licensee at any time where the holder thereof in performing or attempting to perform any of the acts mentioned in section 54-2022, Idaho Code, regardless of whether the acts were for his own account or in his capacity as a broker or salesman, is guilty of (a) making any fraudulent misrepresentations; or, (b) a continued or flagrant course of misrepresentation or making of false promises whether through agents or salesmen; or, (c) failure to account for or remit any property or moneys coming into his possession which belong to another; or, (d) failure to keep adequate records of all property transactions in which he acts in the capacity of real estate broker or real estate salesman; or, (e) failing or refusing upon demand to disclose any information within his knowledge, or to produce any documents, books, or records in his possession for inspection by the commission or its authorized representatives when acting within the jurisdiction or by authority of law; or, (f) employment of fraud, deception, misrepresentation, misstatement or any unlawful means in applying for or securing a license to act as real estate broker or salesman in the state of Idaho; or, (g) acting as a real estate broker or salesman under an assumed name; or, (h) violation of any provision of sections 54-2021 to 54-2053, Idaho Code, or any of the rules and regulations made or promulgated by the real estate commission, or final order of the commission; or, (i) any other conduct whether of the same or a different character than hereinabove specified which constitutes dishonest or dishonorable dealings; or, (j) the use by a licensee of any provision allowing the licensee an option to purchase in any agreement authorizing or employing such licensee to sell, buy, list or exchange real estate for compensation or commission, except when such licensee, prior to or coincident with entering into such agreement, discloses in writing to his principal the purpose for which the property will be purchased, that the licensee is licensed, and such other information as the commission may require by rule.

B. The commission may also temporarily suspend or permanently revoke a license where the holder thereof (a) is convicted of a felony in a state or federal court, or is convicted of any crime involving moral turpitude. The record of conviction, or a certified copy thereof, certified by the clerk of the court, or the judge in whose court the judgment was had, shall be prima facie evidence of convic-
tion in such cases; (b) is declared insane by a court of competent jurisdiction; provided, however, that when a license shall have been revoked or suspended for this cause, such license may be reactivated by the commission upon a declaration of sanity being made; (c) has a judgment entered against him in a civil action upon grounds of fraud, misrepresentation, or deceit with reference to any transaction for which a license is required.

C. The commission may also temporarily suspend or permanently revoke a license of a broker or salesman where the license of such licensee, issued by another jurisdiction, is suspended or revoked for acts or omissions which would be grounds for suspension or revocation under chapter 20, title 54, Idaho Code. A certified copy of the findings of fact, conclusions of law, memorandum opinion and/or final order from the appropriate administrative agency or court shall be prima facie evidence of the suspension or revocation and the facts stated therein.

D. If the commission temporarily suspends or permanently revokes a license, and/or imposes a civil penalty, the commission may withhold execution of said suspension, revocation and/or civil penalty on such terms and for such time as it may prescribe.

E. In the event of the revocation or suspension of the broker's license issued to the designated broker of a partnership or corporation, the license issued to such partnership or corporation shall be revoked or suspended by the commission. However, the commission may withhold execution of the revocation or suspension on such terms and for such time as it may prescribe.

F. All civil penalties collected by the commission under the provisions of this chapter shall be deposited in the state treasury to the credit of the special real estate account established pursuant to section 54-2037, Idaho Code.

The department may promulgate rules and regulations to provide for exceptions to the odometer requirement.

(b) If a certificate of title has not previously been issued for
such motor vehicle in this state, said application, unless otherwise provided for in this chapter, shall be accompanied by a proper bill of sale or a duly certified copy thereof, or by a certificate of title, bill of sale or other evidence of ownership required by the law of any other state from which such motor vehicle was brought into this state.

CHAPTER 198
(S.B. No. 1172, As Amended)

AN ACT
RELATING TO POLYCHLORINATED BIPHENYL (PCB) WASTE DISPOSAL; AMENDING TITLE 39, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 62, TITLE 39, IDAHO CODE, TO PROVIDE A SHORT TITLE, TO PROVIDE LEGISLATIVE FINDINGS AND PURPOSES, TO PROVIDE DEFINITIONS, TO PROVIDE LEGISLATIVE INTENT, TO PROVIDE AUTHORITY TO ADOPT RULES AND REGULATIONS, TO PROVIDE GENERAL POWERS AND DUTIES OF THE DIRECTOR, TO PROVIDE A PROHIBITION ON UNAUTHORIZED DISPOSAL OF PCB WASTE, TO PROVIDE AUTHORITY RELATING TO RECORDS, REPORTS AND MONITORING, TO PROVIDE INSPECTION AND RIGHT OF ENTRY AUTHORITY, TO PROVIDE ENFORCEMENT PROCEDURES, TO PROVIDE REMEDIES FOR VIOLATIONS, TO PROVIDE THAT CERTAIN VIOLATIONS CONSTITUTE MISDEMEANORS, TO PROVIDE ENCOURAGEMENT OF INTERSTATE COOPERATION, TO PROVIDE EMPLOYMENT SECURITY PROTECTIONS, TO PROVIDE GOOD SAMARITAN PROTECTION, AND TO PROVIDE SEVERABILITY; AMENDING SECTION 39-115, IDAHO CODE, TO SPECIFY CRITERIA FOR ISSUANCE OF A PERMIT TO INCINERATE CERTAIN PCB WASTES, TO PROVIDE A GRANDFATHER CLAUSE; AND DECLARING AN EMERGENCY.

SECTION 1. That Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 62, Title 39, Idaho Code, and to read as follows:

CHAPTER 62
PCB WASTE DISPOSAL

39-6201. SHORT TITLE. This act may be known and cited as the "PCB Waste Disposal Act of 1987."

39-6202. LEGISLATIVE FINDINGS AND PURPOSES. (1) The legislature of the state of Idaho finds:
(a) That the public health and safety, and the environment, are threatened when PCB wastes are not disposed of in an environmentally sound manner;
(b) That the knowledge and technology necessary for alleviating adverse health, environmental and aesthetic impacts resulting from current PCB waste disposal practices are generally available; and
(c) That the problem of proper disposal of PCB waste has become a matter of great statewide concern.
(2) Therefore, it is hereby declared that the purposes of this act are:
(a) To protect the public health and safety, the health of living organisms, and the environment from the effects of the improper, inadequate, or unsound disposal of PCB waste;
(b) To assure the safe and adequate disposal of PCB wastes within
the state.

39-6203. DEFINITIONS. As used in this chapter:

(1) "Board" means the Idaho board of health and welfare.
(2) "Commercial PCB waste facility or site" means any facility which engages in the treatment, storage or disposal, for a fee or other consideration, of PCB waste generated off site by generators other than the owner and operator of the facility.

(6) "Generator" means any person, who by virtue of ownership, management, or control, is responsible for causing or allowing to be caused the creation of a PCB waste.
(7) "Manifest" means a form used for identifying the quantity, composition, origin, routing, waste identification code(s), and destination of PCB waste during any transportation from the point of generation to the point of treatment, storage or disposal.
(8) "PCB" means polychlorinated biphenyl.
(9) "PCB waste" means any waste or waste item which is contaminated with PCB.

(17) "TSCA" means the toxic substances control act, as amended,

(18) "Waste" means any solid, semisolid, liquid or contained
gaseous material for which no reasonable use or reuse is intended or
which is intended to be discarded.

39-6204. LEGISLATIVE INTENT. The legislature intends that the
state of Idaho enact and carry out a PCB waste program to regulate the
disposal of PCB waste.

The legislature finds that the TSCA and regulations adopted pur-
suant thereto, establish complex and detailed provisions for regula-
tion of those who generate, transport, treat, store and dispose of PCB
wastes. The legislature cannot conveniently or advantageously set
forth in this chapter all the requirements of all of the regulations
which have been or will be established under TSCA. Though the legis-
lature desires to avoid the existence of duplicative, overlapping or
conflicting state and federal regulatory systems, the legislature
finds that PCB waste disposal should be regulated by the state through
rules and regulations promulgated by the board in a manner consistent
with this chapter, TSCA, and regulations adopted pursuant thereto by
the administrator of the United States environmental protection
agency.

39-6205. RULES AND REGULATIONS IN GENERAL. Pursuant to the proce-
dures established by the Idaho administrative procedures act, chapter
52, title 67, Idaho Code, the board shall adopt such rules and regula-
tions as are necessary and feasible to regulate the disposal of PCB
wastes through land disposal or incineration within the state. The
board may not adopt any rule more stringent or broader in scope than
TSCA and the regulations adopted pursuant thereto relating to the dis-
posal of PCB wastes through land disposal or incineration, and shall
amend or repeal any conflicting rules existing on the effective date
of this chapter, including rules adopted by senate concurrent resolu-
tion no. 126 of the second regular session of the forty-eighth legis-
lature in 1986; provided, that the board may promulgate rules and
regulations for incineration of PCB wastes including those not regu-
lated by TSCA pursuant to section 39-115, Idaho Code; and provided
further, that the board may promulgate procedural rules and regula-
tions, and rules and regulations specifically authorized by this
chapter or other Idaho law. Any rule or regulation promulgated by the
board shall be valid until repealed or modified through the adminis-
trative process of chapter 52, title 67, Idaho Code.

39-6206. GENERAL POWERS AND DUTIES OF DIRECTOR. The director:
(1) Shall take all actions not inconsistent with this chapter as
are necessary and feasible to enable the department to regulate PCB
disposal consistent with TSCA.
(2) May conduct and publish studies of PCB waste disposal in this state.
(3) Shall exercise all powers and discharge all duties expressed in or implied from the provisions of this chapter.

39-6207. UNAUTHORIZED DISPOSAL OF PCB WASTE PROHIBITED. No person shall incinerate or dispose any PCB waste in such a manner that the waste, or any constituent thereof, may enter the environment, except in compliance with the provisions of this chapter and any regulations pursuant hereto.

39-6208. RECORDS -- REPORTING -- MONITORING. (1) The board shall adopt, and amend as necessary, such rules and regulations relating to records, reporting, and monitoring as may be needed to achieve the purposes of this chapter. These rules may include, but shall not be limited to, prescribing procedures and requirements for:
(a) The establishment, maintenance, and format of records and reports;
(b) The submittal of records and reports;
(c) The taking of samples and the performing of tests and of analyses;
(d) The use of approved monitoring methods and techniques;
(e) The installation, calibration, use, and maintenance of monitoring equipment; and
(f) The provision of relevant information to the department.
(2) Information obtained by the department or by agents, contractors, or other representatives of the department, under any provisions of this chapter, shall be available to the public, unless the director certifies such information must be kept confidential. The director may make such certification upon a showing, to the satisfaction of the director, that the information, or parts thereof, if made public, would divulge methods, processes, or activities constituting trade secrets. Nothing in this subsection shall be construed as limiting the disclosure of information by the department to any officer, employee, or authorized representative of the state or the United States, as necessary to carry out the provisions of this chapter or the provisions of TSCA. The provisions of this section shall not limit the department's authority to release confidential information during any emergency involving PCB waste, if the director determines that release of the information is necessary to safeguard the public interest.

39-6209. INVESTIGATION -- INSPECTION -- RIGHT OF ENTRY. (1) The director shall cause investigations to be made upon the request of the board or upon receipt of information concerning an alleged violation of this chapter or of any rule, regulation, permit or order promulgated thereunder, and may cause to be made such other investigations as the director shall deem advisable.
(2) For the purpose of enforcing any provision of this chapter or any rule or regulation authorized in this chapter, the director or the director's designee shall have the authority to:
(a) Conduct a program of continuing surveillance and of regular
or periodic inspection of actual or potential health hazards, air contamination sources, or water pollution sources related to the storage or disposal of PCB wastes.

(b) Enter at all reasonable times upon any private or public property, upon presentation of appropriate credentials, for the purpose of inspecting or investigating to ascertain possible violations of this chapter, or of rules, regulations, permits or orders adopted and promulgated by the director or the board;

(c) All inspections and investigations conducted under the authority of this chapter shall be performed in conformity with the prohibitions against unreasonable searches and seizures contained in the fourth amendment to the constitution of the United States and article I, section 17 of the constitution of the state of Idaho. The state shall not under the authority granted by this chapter, conduct warrantless searches of private property in the absence of either consent from the property owner or occupier or exigent circumstances such as a public health or environmental emergency.

(d) Any district court in and for the county in which the subject property is located is authorized to issue a search warrant to the director upon a showing of (i) probable cause to suspect a violation, or (ii) the existence of a reasonable program of inspection. Any search warrant issued under the authority of this chapter shall be limited in scope to the specific purposes for which it is issued and shall state with specificity the manner and the scope of the search authorized.

39-6210. ENFORCEMENT PROCEDURES. (1) Whenever the director determines that any person is in violation of any provision of this chapter or any, standard, regulation, condition, requirement, compliance agreement or order issued or promulgated pursuant to this chapter, one or more of the following actions may be taken:

(a) ADMINISTRATIVE ENFORCEMENT ACTIONS.

(A) Notice. The director may commence an administrative enforcement action by issuing a written notice of violation. The notice of violation shall identify the alleged violation with specificity, shall specify each provision of the act, rule, regulation, or order which has been violated, and shall state the amount of civil penalty claimed for each violation. The notice of violation shall inform the person to whom it is directed of an opportunity to confer with the director or the director's designee in a compliance conference concerning the alleged violation. A written response may be required within fifteen (15) days of receipt of the notice of violation by the person to whom it is directed.

(B) Scheduling Compliance Conference. If a recipient of a notice of violation contacts the department within fifteen (15) days of the receipt of notice, the recipient shall be entitled to a compliance conference. The conference shall be held within twenty (20) days of the date of receipt of notice, unless a later date is agreed upon between the parties. If a compliance conference is not requested, the direc-
tor may proceed with a civil enforcement action as provided in subsection (1)(b) of this section.

(C) Compliance Conference. The compliance conference shall provide an opportunity for the recipient of a notice of violation to explain the circumstances of the alleged violation and, where appropriate, to present a proposal for remedying damage caused by the alleged violation and for assuring future compliance. If the recipient and the director agree on a plan to remedy damage caused by the alleged violation and to assure future compliance, they may enter into a consent order formalizing their agreement. The consent order may include a provision for payment of any agreed civil penalty.

(D) Effect of Consent Order. A consent order shall be effective immediately upon signing by both parties and shall preclude any civil enforcement action for the same alleged violation. If a party does not comply with the terms of the consent order, the director may seek and obtain in any appropriate district court specific performance of the consent order and such other relief as authorized in this chapter.

(E) Failure to Reach Agreement on Consent Order. If the parties cannot reach agreement on a consent order within sixty (60) days after the receipt of the notice of violation, or if the recipient does not request a compliance conference pursuant to subsection (1)(a)(2) of this section, the director may commence and prosecute a civil enforcement action in district court, in accordance with subsection (1)(b) of this section.

(b) CIVIL ENFORCEMENT ACTION. The attorney general may commence and prosecute in district court a civil enforcement action. Civil enforcement actions shall be commenced and prosecuted in the district court in and for the county in which the alleged violation occurred, and may be brought against any person who is alleged to have violated any provision of this chapter or any rule, regulation, condition, requirement, consent order, or order which has become effective pursuant to this chapter. Such action may be brought to compel compliance with any provision of this chapter or with any rule, regulation, or order promulgated hereunder, and for any relief or remedies authorized in this chapter. The director shall not be required to initiate or prosecute an administrative action before the attorney general may commence and prosecute a civil enforcement action. In addition, the attorney general may delegate this authority regarding civil enforcement actions to the prosecuting attorney of the county where a civil enforcement action may arise.

(2) ACTIONS AGAINST GUARANTORS. If the owner or operator is in bankruptcy, reorganization or other arrangement pursuant to the federal bankruptcy code, or where jurisdiction cannot be obtained over an owner or operator likely to be solvent at the time of judgment, an action may be brought directly against a guarantor of financial responsibility by the state or any injured party for any claim arising from conduct for which guarantees of financial responsibility have
been made. The guarantor may invoke all rights and defenses which would have been available to the owner or operator and all rights and defenses normally available to the guarantor.

(3) LIMITATION OF ACTION FOR ADMINISTRATIVE AND CIVIL COURT PROCEEDINGS BROUGHT UNDER THE PROVISIONS OF THIS CHAPTER. No civil or administrative proceeding may be brought to recover for a violation of this chapter or any, standard, regulation, condition, requirement or order issued or promulgated pursuant to this chapter more than two (2) years after the director had knowledge or ought reasonably to have had knowledge of the violation.

39-6211. REMEDIES. (1) Any person determined in a civil enforcement action to have violated any provision of this chapter or any rule, regulation, permit or order promulgated pursuant to this chapter shall be liable for a civil penalty not to exceed ten thousand dollars ($10,000) per violation or one thousand dollars ($1,000) for each day of a continuing violation, whichever is greater. The method of recovery of the penalty shall be by a civil enforcement action in and for the county where the violation occurred. All civil penalties collected under this chapter shall be paid into the general account of the state operating fund. Parties to an administrative enforcement action may agree to a civil penalty as provided in this subsection.

(2) In addition to such civil penalties, any person who has been determined to have violated the provisions of this chapter or the rules, regulations, permits or order promulgated thereunder, shall be liable for any expense incurred by the state in enforcing the act, or in enforcing or terminating any nuisance, source of environmental degradation, cause of sickness or health hazard.

(3) No action taken pursuant to the provisions of this chapter or of any other environmental protection or health law shall relieve any person from any civil action and damages that may exist for injury or damage resulting from any violation of this chapter or of the rules, regulations, permits and order promulgated thereunder.

(4) In addition to, and notwithstanding other provisions of this chapter, in circumstances of emergency creating conditions of imminent and substantial danger to the public health or environment, the attorney general may institute a civil action for an immediate injunction to halt any discharge, emission or other activity in violation of the provisions of this chapter or rules, regulations, permits and orders promulgated thereunder. In such action the court may issue an ex parte restraining order.

39-6212. VIOLATION -- PENALTY -- MISDEMEANOR. Any person who knows or has reason to know that he or she is violating any of the provisions of this chapter or the terms of any lawful notice, order, permit, standard, rule or regulation issued pursuant thereto, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars ($10,000) for each separate violation or one thousand dollars ($1,000) per day for continuing violations, whichever is greater.

39-6213. INTERSTATE COOPERATION. The director shall have the
power and the duty to encourage cooperative activities between the department and other states for the improved management of PCB wastes, and so far as is practical, to provide for uniform state regulations and for interstate agreements relating to PCB waste management. The state may enter into such agreements with other states to accomplish the purposes as set out in this chapter.

39-6214. EMPLOYMENT SECURITY. (1) No employee of a PCB waste disposal facility or site shall be dismissed, suspended, or otherwise discriminated against because the employee testifies, provides information or otherwise assists in the enforcement or administration of the provisions of this chapter.

(2) Any employer who knowingly violates the provisions of subsection (1) of this section shall be liable for damages, costs and attorneys' fees, in addition to any other liability for relief authorized under this chapter, by any other statute, or by the common law.

39-6215. GOOD SAMARITAN PROTECTION. (1) Notwithstanding any provision of law to the contrary, no person who provides assistance or advice in mitigating or attempting to mitigate the effects of an actual or threatened leakage, seepage, or other release of PCB waste, or in preventing, cleaning up, or disposing of or in attempting to prevent, clean up or dispose of any such leakage, seepage or other release, shall be subject to civil liabilities or penalties of any type.

(2) The immunities provided in subsection (1) of this section above shall not apply to any person:
   (a) Whose act or omission caused in whole or in part such actual or threatened leakage, seepage or other release and who would otherwise be liable therefor; or
   (b) Who receives compensation other than reimbursement for out-of-pocket expenses for services in rendering such assistance or advice.

(3) Nothing in subsection (1) of this section shall be construed to limit or otherwise affect the liability of any person for damages resulting from such person's gross negligence, or from such person's reckless, wanton, or intentional misconduct.

39-6216. SEVERABILITY. The provisions of this act are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of remaining portions of this act.

SECTION 2. That Section 39-115, Idaho Code, be, and the same is hereby amended to read as follows:

39-115. POLLUTION SOURCE PERMITS. (1) The director shall have the authority to issue pollution source permits in compliance with the standards and procedures established by the board of health and welfare.

(2) The director shall have the authority to sue in the competent
courts to enjoin any threatened or continuing violations of any pollution source permits or conditions thereof without the necessity of a prior revocation of the permit.

(3) The director may issue air emission source permits to construct a facility to incinerate any waste or waste item contaminated with polychlorinated biphenyls (PCBs) only if the director finds:

(a) The facility will not be sited in complex valley terrain where the valley floor is less than five (5) miles wide and the valley walls rise more than one thousand (1,000) feet; and
(b) The facility has complied with local planning and zoning requirements;
(c) There has been an opportunity for public participation;
(d) The facility will employ best available technology and instrumentation.

Subsection (3) of this section shall not apply to incineration activities existing on or before January 1, 1987.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

(3) A partnership is insolvent under subsection (1) of this section if the sum of the partnership's debts is greater than the aggregate of all of the partnership's assets, at a fair valuation, and the sum of the excess of the value of each general partner's nonpartnership assets over the partner's nonpartnership debts.

(4) Assets under this section do not include property that has been transferred, concealed, or removed with intent to hinder, delay, or defraud creditors or that has been transferred in a manner making the transfer voidable under this act.

(5) Debts under this section do not include an obligation to the extent it is secured by a valid lien on property of the debtor not included as an asset.

55-912. VALUE DEFINED. (1) Value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied, but value does not include an unperformed promise made otherwise than in the ordinary course of the promisor's business to furnish support to the debtor or another person.

(2) For the purposes of sections 55-913(1)(b) and 55-914, Idaho Code, a person gives a reasonably equivalent value if the person acquires an interest of the debtor in an asset pursuant to a regularly conducted, noncollusive foreclosure sale or execution of a power of sale for the acquisition or disposition of the interest of the debtor upon default under a mortgage, deed of trust, or security agreement.

(3) A transfer is made for present value if the exchange between the debtor and the transferee is intended by them to be contemporaneous and is in fact substantially contemporaneous.

55-913. TRANSFERS FRAUDULENT AS TO PRESENT AND FUTURE CREDITORS. (1) A transfer made or obligation incurred by a debtor is fraudulent as to a creditor, whether the creditor's claim arose before or after the transfer was made or the obligation was incurred, if the debtor made the transfer or incurred the obligation:

(a) With actual intent to hinder, delay, or defraud any creditor of the debtor; or

(b) Without receiving a reasonably equivalent value in exchange for the transfer or obligation, and the debtor:

1. was engaged or was about to engage in a business or a transaction for which the remaining assets of the debtor were
unreasonably small in relation to the business or trans-
action; or
2. intended to incur, or believed or reasonably should have
believed that he or she would incur, debts beyond his or her
ability to pay as they became due.

(2) In determining actual intent under subsection (1)(a) of this
section, consideration may be given, among other factors, as to
whether:
(a) The transfer or obligation was to an insider;
(b) The debtor retained possession or control of the property
transferred after the transfer;
(c) The transfer or obligation was disclosed or concealed;
(d) Before the transfer was made or obligation was incurred, the
debtor had been sued or threatened with suit;
(e) The transfer was of substantially all the debtor's assets;
(f) The debtor absconded;
(g) The debtor removed or concealed assets;
(h) The value of the consideration received by the debtor was
reasonably equivalent to the value of the asset transferred or the
amount of the obligation incurred;
(i) The debtor was insolvent or became insolvent shortly after
the transfer was made or the obligation was incurred;
(j) The transfer occurred shortly before or shortly after a sub-
stantial debt was incurred; and
(k) The debtor transferred the essential assets of the business
to a lienor who transferred the assets to an insider of the
debtor.

55-914. TRANSFERS FRAUDULENT AS TO PRESENT CREDITORS. (1) A
transfer made or obligation incurred by a debtor is fraudulent as to
a creditor whose claim arose before the transfer was made or the obli-
gation was incurred if the debtor made the transfer or incurred the
obligation without receiving a reasonably equivalent value in exchange
for the transfer or obligation and the debtor was insolvent at that
time or the debtor became insolvent as a result of the transfer or
obligation.

(2) A transfer made by a debtor is fraudulent as to a creditor
whose claim arose before the transfer was made if the transfer was
made to an insider for an antecedent debt, the debtor was insolvent at
that time, and the insider had reasonable cause to believe that the
debtor was insolvent.

55-915. WHEN TRANSFER IS MADE OR OBLIGATION IS INCURRED. For the
purposes of this act:
(1) A transfer is made:
(a) With respect to an asset that is real property other than a
fixture, but including the interest of a seller or purchaser under
a contract for the sale of the asset, when the transfer is so far
perfected that a good-faith purchaser of the asset from the debtor
against whom applicable law permits the transfer to be perfected
cannot acquire an interest in the asset that is superior to the
interest of the transferee; and

AN ACT
RELATING TO THE YIELD TAX ON FOREST PRODUCTS; AMENDING SECTION 63-1706, IDAHO CODE, TO PROVIDE THAT THE YIELD TAX ON FOREST PRODUCTS IS NOT SUBJECT TO THE PROVISIONS OF SECTION 63-2220, IDAHO CODE.

Be It Enacted by the Legislature of the State of Idaho:
SECTION 1. That Section 63-1706, Idaho Code, be, and the same is hereby amended to read as follows:

63-1706. YIELD TAX ON APPLICABLE FOREST PRODUCTS. (1) All forest lands designated by the owner to be subject to the provisions of section 63-1703(b), Idaho Code, shall be appraised, assessed and taxed according to the provisions of this section.

(2) Forest lands held in private ownership and designated by the owner to be subject to the provisions of this section for ad valorem taxation shall be valued by the county assessor as real property at rates which reflect only bare forest land value as determined under rules and regulations of the state tax commission.

(3) All timber severed from lands subject to the provisions of this section and delivered to a point of utilization as logs or semiprocessed forest products, shall be subject to a forest products yield tax. This tax is in lieu of and replacement for, and not in addition to, ad valorem taxes on timber and is subject to the limitations of section 63-2228, Idaho Code.

(4) The yield tax rate shall be three percent (3%) of stumpage value as determined by the state tax commission. In establishing stumpage values, the state tax commission shall:
(a) Divide the state into appropriate stumpage value zones, with each zone designated so as to recognize the uniqueness of timber marketing areas.
(b) By November 1, set stumpage values by zone for each species and/or product, for use in the reporting and payment of yield taxes for timber severed during the following calendar year. Stumpage values shall be based on a five (5) year rolling average value of comparable timber harvested from state timber sales within the stumpage value zone and/or the best available data for the same five (5) year period.

(5) Report and payment of yield taxes is the direct liability and responsibility of the landowner at the time of severance. In the event of nonpayment, the yield taxes due shall constitute a lien on the assets of the landowner. Yield tax reports and payments are due and payable on December 20 for timber severed from January 1 through June 30. If the taxes due for said period are not paid on or before December 20, the payment becomes delinquent and subject to a penalty in the amount provided in section 63-1102, Idaho Code, and interest in the amount provided in section 63-1101, Idaho Code, calculated from the following January 1. No tax, penalty or interest may be paid to the county treasurer between December 21 and the fourth Monday in January because the books are closed for audit. Yield tax reports and payments are due and payable for timber severed from July 1 through December 31 on or before June 20 in the year following severance. If the taxes due for said period are not paid on or before June 20, the payment becomes delinquent and subject to a penalty in the amount provided in section 63-1102, Idaho Code, and interest in the amount provided in section 63-1102, Idaho Code, calculated from the following July 1. No tax, penalty or interest may be paid to the county treasurer between June 21 and the fourth Monday in July because the books are closed for...
audit. All yield tax report's shall be filed with the county assessor on forms prescribed by the state tax commission.

(6) All yield tax revenues and any penalty or interest thereon shall be apportioned among the several county funds and taxing districts as provided for the apportionment of ad valorem taxes.

(7) The party utilizing logs or semiprocessed forest products as raw materials shall be required to report the quantity, species and source of all such materials to the Idaho department of lands. Such report shall be structured to comply with and act as a simultaneous report of data already required under the provisions of section 38-122, Idaho Code. The report format shall include the identification of the forest landowner at the source, legal description of the source, timber or product owner at time of severance, harvester and volume of forest products severed. The Idaho department of lands shall deliver to the various county assessors without fee, copies of these reports as they are available. In the event the point of utilization lies out of the state or a report is not required under the provisions of section 38-122, Idaho Code, the timber owner at time of severance shall be responsible for the reporting of the above-stated data to the department of lands.

(8) If reports required by this section are found to be intentionally false or when appropriate reports are not made, the assessor shall value the forest crop harvested, based on the best available estimates.

(9) Not reporting timber or forest products delivery or receipt as required by this section shall be deemed a misdemeanor.

(10) Buildings and other improvements, other than roads, located on forest lands shall be appraised, assessed and taxed as provided by applicable laws, rules and regulations.

Approved March 31, 1987.

In determining such cost, there may be included all costs and estimated costs of the issuance of said bonds; all engineering, inspection, fiscal and legal expenses and interest which it is estimated will accrue during the construction period and for six (6) months thereafter on money borrowed or which it is estimated will be borrowed pursuant to sections 50-1027 through 50-1042, Idaho Code, and the costs of any bond reserve funds or working capital deemed neces-

All or part of any issue may be refunded and all or part of several issues may be refunded into a single issue of refunding bonds. There may be included with the refunding bonds, as part of a single issue, or in combination in one or more series, bonds for any other purpose or purposes for which bonds are authorized to be issued under the revenue bond act. Refunding bonds shall be issued and secured in such manner as may be provided in the proceedings authorizing their issuance and as otherwise provided in the revenue bond act, and such changes may be made in the security and revenue pledged to the payment of the bonds so refunded, as provided by the governing body in the proceedings authorizing such bonds. No election on the issuance of refunding bonds shall be required, but if by an increase in the amount of bonds or by changes in the security or pledged revenues, the requirements of the constitution for an election shall become applicable, or if refunding bonds are combined into a single issue with bonds authorized for nonrefunding purposes, then such bonds with changes in security or revenues, or such bonds in excess of the amount of bonds refunded, as the case may be, must have been approved at an election as otherwise provided in the revenue bond act and the constitution. The financial analysis shall include recommendations regarding repayment of unreimbursed public assistance and provisions for future support for the child, and the reasons therefor. Upon the filing of a petition, the court may direct, in all cases where written consent to termination has not been given as provided in this act, that an investigation be made by an authorized agency and that a report in writing of such study be submitted to the court prior to the hearing, except that where an authorized agency is a petitioner, either in its own right or on behalf of a parent, a report in writing of the investigation made by such agency shall accompany the petition. The authorized agency shall have thirty (30) days from notification by the court during which it shall complete and submit its investigation unless an extension of time is granted by the court upon application by the agency. The parent or guardian ad litem shall be notified as soon as practicable after the filing of a petition and prior to the start of a hearing of his right to have counsel, and if counsel is requested and the parent or guardian is financially unable to employ counsel, counsel shall be provided. The prosecuting attorneys of the several counties shall represent the department at all stages of the hearing.

The court's finding with respect to grounds for termination shall be based upon clear and convincing evidence under rules applicable to the trial of civil causes, provided that relevant and material information of any nature, including that contained in reports, studies or examinations, may be admitted and relied upon to the extent of its probative value. When information contained in a report, study or examination is admitted in evidence, the person making such report, study or examination shall be subject to both direct and cross-examination. Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 31-4401, Idaho Code, be, and the same is hereby amended to read as follows:

31-4401. PURPOSE AND POLICY OF LAW. It is hereby declared to be the public policy of the state of Idaho that solid waste disposal systems be established, maintained and operated in each of the several counties of the state for the purpose of reducing the threat to health posed by uncollected garbage, refuse and scrap; for the purpose of maintaining the natural and esthetic setting of our land, water and air resources; for the purpose of providing a means for reclamation of otherwise unusable land areas; and for the purposes of such other cul-
tural, social, economic and sanitation reasons as may be necessary from time to time.

For the purposes of this chapter, "system" means lands, sites, facilities, equipment and manpower necessary for collection, transportation, storage, treatment, processing, reuse, recycling or other means necessary for the disposal of solid waste.

SECTION 2. That Chapter 44, Title 31, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 31-4401A, Idaho Code, and to read as follows:

(1) "Major solid waste generator" means any person who generates two per cent (2%) or more of the total solid waste originating in any county.

(2) "Person" means any natural person, firm, corporation, or other entity, but does not include a municipality, a state agency or a state educational institution.

(3) "Significant effect" means any change in the amount of solid waste to be sent to any waste disposal site which exceeds either five per cent (5%) of the total monthly amount of waste disposal at any particular solid waste disposal site during the most recent calendar year, or five per cent (5%) of the projected processing capacity of any new solid waste disposal site.

(4) "State agency" means each state board, commission, department or officer authorized by law to make rules or to determine contested cases.

(5) "State educational institution" means a public educational facility or institution regulated by the state board of education or the board of regents of the university of Idaho.

(7) "Waste processing facility" means any waste disposal site or any public work at which solid waste is compacted, incinerated, or otherwise treated prior to disposal. It shall not include the placement of portable collection facilities or similar equipment used solely to facilitate collection of solid waste.

SECTION 3. That Chapter 31, Title 44, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 31-4407A, Idaho Code, and to read as follows:

31-4407A. CHANGES IN STATUS OF MAJOR WASTE GENERATORS AND MUNICIPALITIES -- PROCEDURES. (1) Major solid waste generators and municipalities operating solid waste collection or disposal systems pursuant to the authority conferred by law or desiring to initiate or abandon such systems shall conform to the procedures and standards set forth in this section before taking any action which would significantly
affect the amount or distribution of solid waste within any county. The board of county commissioners of any county may waive operation of the procedure called for in this section by passage of a resolution indicating their intent to do so.

(2) Whenever a county shall propose the establishment of a new solid waste processing facility within the boundaries of the county or in conjunction with adjoining counties, it shall give notice to all municipalities within its boundaries that it intends to establish a processing facility. In conjunction with the notice, the county shall provide a copy of a feasibility study prepared by a licensed professional engineer concerning the proposed processing facility which shall address the estimated capital cost of the facility, estimated costs of operation of the facility, and the estimated life span of the facility. The notice shall be provided to potentially affected municipalities at least one hundred eighty (180) days prior to the scheduled initiation of construction of any solid waste processing facility.

(3) Within ninety (90) days of receipt of the notice, each affected municipality shall respond to the notice provided by the county, indicating in its response the intention of the municipality to participate in the use of the proposed facility or to develop or continue operation of an independent solid waste processing facility of its own for the projected duration of the proposed county project.

(4) Pursuant to the responses received from affected municipalities, the county proposing development of the solid waste processing facility may tender contracts to participating municipalities assuring the availability of waste disposal capacity at the proposed facility for any duration promised by contract and securing commitments from the municipalities to participate in use of the facility for the duration of its projected life. The contracts shall not constitute guarantees of costs or duration of serviceability of the proposed facility. The contracts may provide for annual adjustments to reflect changes in the relative contribution rates of municipalities to the waste stream feeding the disposal facility. No capital contribution obligation shall extend beyond fifteen (15) years. Additional contracts for capital participation may be proposed and entered into after the expiration of the initial agreement.

(5) Any municipality which indicates its intent not to participate in a proposed facility shall be barred from later participation without the consent of the board of county commissioners and without payment of a capital contribution adequate to finance the cost of additional capacity adequate to accommodate the waste stream generated within the municipality. The amount and method of payment of the capital contribution shall be established by the board of county commissioners.

(6) Any municipality which elects to participate in a given solid waste processing facility, but later elects to withdraw from said project, may do so, but shall remain obligated for any capital costs incurred in its behalf, but may receive partial credit for operational economies created by its withdrawal. The burden of proof of the extent of operational economies shall rest upon the withdrawing municipality.

(7) Major solid waste generators located outside participating municipalities shall be treated in the same manner as municipalities
concerning commitments to waste facility capacity. Boards of county commissioners are authorized to enter into contracts with major solid waste generators for the expected duration of operation of any solid waste processing facility.

(S.B. No. 1030)

AN ACT
RELATING TO THE REFUSAL BY A DRIVER TO SUBMIT TO A TEST FOR BLOOD ALCOHOL; PROVIDING LEGISLATIVE INTENT; AMENDING SECTION 18-8002, IDAHO CODE, TO PROVIDE THAT SUSPENSION OF A DRIVER'S LICENSE FOR REFUSAL TO TAKE A TEST FOR BLOOD ALCOHOL CONCENTRATION SHALL BE A CIVIL PENALTY AND SHALL BE SEPARATE AND APART FROM ANY OTHER SUSPENSION IMPOSED FOR A VIOLATION OF OTHER IDAHO MOTOR VEHICLE CODES OR FOR DRIVING UNDER THE INFLUENCE OF ALCOHOL OR DRUGS; AND DECLARE AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. It is the intent of the Legislature that any suspension of a driver's license under the provisions of section 18-8002, Idaho Code, be separate and apart from any other suspension of a driver's license imposed by a conviction under the provisions of chapter 80, title 18, Idaho Code, or any other Idaho motor vehicle law. A suspension under section 18-8002, Idaho Code, which is a civil penalty, is for the refusal to take the test for blood-alcohol concentration and not a portion of any sentence for the underlying offense of driving under the influence of alcohol, drugs or other intoxicating substances.

SECTION 2. That Section 18-8002, Idaho Code, be, and the same is hereby amended to read as follows:

18-8002. TEST P8R OF DRIVER FOR BLOOD ALCOHOL. (1) Any person who drives or is in actual physical control of a motor vehicle in this state shall be deemed to have given his consent to an evidentiary test for concentration of alcohol, drugs or other intoxicating substances as defined in section 18-8004, Idaho Code, provided that such test is administered at the request of a police officer having reasonable grounds to believe that person has been driving or in actual physical control of a motor vehicle while under the influence of alcohol, drugs or other intoxicating substances.

(2) Such person shall not have the right to consult with an attorney before submitting to an evidentiary test for concentration of alcohol, drugs or other intoxicating substances.

(3) At the time an evidentiary test for concentration of alcohol, drugs or other intoxicating substances is requested, the person shall be informed that if he refuses to take the test:

(a) His license will be seized by the police officer and a temporary permit will be issued;
(b) He has the right to request a hearing within seven (7) days to show cause why he refused to take the test;
(c) If he does not request a hearing or does not prevail at the hearing, his license will be suspended absolutely for one hundred twenty (120) days; and
(d) After submitting to the test he may, when practicable, at his own expense, have additional tests made by a person of his own choosing.

(4) If the motorist refuses to take the evidentiary test after the information has been given in accordance with subsection (3) above:
   (a) His license or permit shall be seized by the police officer and forwarded to the court and a temporary permit shall be issued by the police officer which allows him to operate a motor vehicle until the date of his hearing, if a hearing is requested, but in no event for more than thirty (30) days;
   (b) A written request may be made within seven (7) calendar days for a hearing before the court; if requested, the hearing must be held within thirty (30) days of the seizure; the hearing shall be limited to the question of why the defendant did not take the test, and the burden of proof shall be upon the defendant; the court shall suspend all his driving privileges immediately for one hundred twenty (120) days unless it finds that the police officer did not have probable cause to stop and request him to take the test or that the request violated his civil rights;
   (c) If a hearing is not requested by written notice to the court concerned within seven (7) calendar days, upon receipt of a sworn statement by the police officer of the circumstances of the refusal, the court shall suspend his driving privileges for one hundred twenty (120) days, during which time he shall have absolutely no driving privileges of any kind; and
   (d) After submitting to the test at the request of the police officer, he may, when practicable, at his own expense, have additional tests made by a person of his own choosing. The failure or inability to obtain an additional test or tests by a person shall not preclude the admission of an evidentiary test for alcohol concentration taken at the direction of the police officer unless the additional test was denied by the police officer.

(5) Suspension of driving privileges under this section shall be a civil penalty separate and apart from any other suspension imposed for a violation of other Idaho motor vehicle codes or for a conviction of an offense pursuant to this chapter, and may be appealed to the district court.

(6) No hospital, hospital officer, agent, or employee, or health care professional licensed by the state of Idaho shall be held liable in damages in any civil proceeding for a cause of action based upon assault, battery or false imprisonment, or be subject to prosecution under chapter 9 or 29, title 18, Idaho Code, for any act arising out of administering an evidentiary test for alcohol concentration at the request of a police officer in the manner described by this section.

(7) "Actual physical control" as used in this section, shall be defined as being in the driver's position of the motor vehicle with the motor running or with the motor vehicle moving.

(8) Any written notice required by this section shall be effective upon mailing.

SECTION 3. An emergency existing therefor, which emergency is
hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved March 31, 1987.

CHAPTER 221
(S.B. No. 1042)

AN ACT
RELATING TO IDAHO BUSINESS CORPORATIONS; AMENDING SECTION 30-1-5, IDAHO CODE, TO CLARIFY THE AUTHORITY OF AN IDAHO CORPORATION TO ADVANCE LITIGATION EXPENSES TO DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS; AND AMENDING SECTION 30-1-54, IDAHO CODE, TO PROVIDE THAT AN IDAHO CORPORATION MAY INCLUDE IN ITS ARTICLES OF INCORPORATION A PROVISION LIMITING THE PERSONAL LIABILITY OF A DIRECTOR UNDER CERTAIN CIRCUMSTANCES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 30-1-5, Idaho Code, be, and the same is hereby amended to read as follows:

30-1-5. INDEMNIFICATION OF OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS. (a) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact
that he is, or was a director, officer, employee or agent of the corpora-
tion, or is or was serving at the request of the corporation as a
director, officer, employee or agent of another corporation, partner-
ship, joint venture, trust or other enterprise against expenses
(including attorneys' fees) actually and reasonably incurred by him in
connection with the defense or settlement of such action or suit if he
acted in good faith and in a manner he reasonably believed to be in or
not opposed to the best interests of the corporation and except that
no indemnification shall be made in respect of any claim, issue or
matter as to which such person shall have been adjudged to be liable
for negligence or misconduct in the performance of his duty to the
corporation unless and only to the extent that the court in which such
action or suit was brought shall determine upon application that,
despite the adjudication of liability but in view of all circumstances
of the case, such person is fairly and reasonably entitled to indem-
nity for such expenses which such court shall deem proper.

(c) To the extent that a director, officer, employee or agent of
a corporation has been successful on the merits or otherwise in
defense of any action, suit or proceeding referred to in subsections
(a) or (b) hereof, or in defense of any claim, issue or matter
therein, he shall be indemnified against expenses (including attor-
neys' fees) actually and reasonably incurred by him in connection
therewith.

(d) Any indemnification under subsections (a) or (b) of this
section (unless ordered by a court) shall be made by the corporation
only as authorized in the specific case upon a determination that
indemnification of the director, officer, employee or agent is proper
in the circumstances because he has met the applicable standard of
conduct set forth in subsections (a) or (b). Such determination shall
be made (1) by the board of directors by a majority vote of a quorum
consisting of directors who were not parties to such action, suit or
proceeding, or (2) if such a quorum is not obtainable, or, even if
obtainable a quorum of disinterested directors so directs, by inde-
pendent legal counsel in a written opinion, or (3) by the share-
holders.

(e) Expenses (including attorneys' fees) incurred in defending a
civil or criminal action, suit or proceeding may be paid by the corpo-
ration in advance of the final disposition of such action, suit or
proceeding as-authorized-in-the-manner-provided-in-subsection-(d) upon
receipt of an undertaking by or on behalf of the director, officer,
employee or agent to repay such amount unless if it shall ultimately
be determined that he is not entitled to be indemnified by the corpo-
racion as authorized in this section.

(f) The indemnification and advancement of expenses provided by,
or granted pursuant to the other subsections of this section shall not
be deemed exclusive of any other rights to which those indemni-
ﬁed seeking indemnification or advancement of expenses may be entitled
under any bylaw, agreement, vote of shareholders or disinterested
directors or otherwise, both as to action in his official capacity and
as to action in another capacity while holding such office; and shall
continue as to a person who has ceased to be a director, officer,
employee or agent and shall inure to the beneﬁt of the heirs, execu-
itors-and-administrators-of-such-a-person.

(g) A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability under the provisions of this section; provided that banks, savings and loan associations and credit unions chartered under the laws of the state of Idaho may provide indemnification only by insurance.

(h) For the purposes of this section, the term "corporation" includes, in addition to the resulting corporation, all constituent corporations and their predecessors absorbed in a consolidation or merger, which, if separate existence had continued, would have had power and authority to indemnify its directors, officers, employees, or agents.

(i) The indemnification and advancement of expenses provided by, or granted pursuant to, this section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, and personal representatives of such a person.

SECTION 2. That Section 30-1-54, Idaho Code, be, and the same is hereby amended to read as follows:

30-1-54. ARTICLES OF INCORPORATION. (1) The articles of incorporation shall set forth:

(a) The name of the corporation.
(b) The period of duration, which may be perpetual.
(c) The purpose or purposes for which the corporation is organized which may be stated to be, or to include, the transaction of any or all lawful business for which corporations may be incorporated under this act.
(d) The aggregate number of shares which the corporation shall have authority to issue; if such shares are to consist of one (1) class only, the par value of each of such shares, or a statement that all of such shares are without par value; or, if such shares are to be divided into classes, the number of shares of each class, and a statement of the par value of the shares of each such class or that such shares are to be without par value.
(e) If the shares are to be divided into classes, the designation of each class and a statement of the preferences, limitations and relative rights in respect of the shares of each class.
(f) If the corporation is to issue the shares of any preferred or special class in series, then the designation of each series and a statement of the variations in the relative rights and preferences as between series insofar as the same are to be fixed in the articles of incorporation, and a statement of any authority to be vested in the board of directors to establish series and fix and
determine the variations in the relative rights and preferences as between series.

(g) If any preemptive right is to be denied to shareholders, the provisions for such denial.

(h) Any provision, not inconsistent with law, which the incorporators elect to set forth in the articles of incorporation for the regulation of the internal affairs of the corporation, including any provision restricting the transfer of shares and any provision which under this act is required or permitted to be set forth in the bylaws or in the articles of incorporation.

(i) The address of its initial registered office, and the name of its initial registered agent at such address.

(j) The number of directors constituting the initial board of directors and the names and addresses of the persons who are to serve as directors until the first annual meeting of shareholders or until their successors be elected and qualify.

(k) The name and address of each incorporator.

(2) The articles of incorporation may set forth a provision eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not eliminate or limit the liability of a director:

(a) For any breach of the director’s duty of loyalty to the corporation or its stockholders.

All references in this subsection to a director shall also be deemed to refer to a member of the governing body of a corporation which is not authorized to issue capital stock.

(3) It shall not be necessary to set forth in the articles of incorporation any of the corporate powers enumerated in this act.

AND INSPECTION OF DAMS AND MINE TAILINGS IMPOUNDMENT STRUCTURES.

Supervision over the maintenance and operation of dams, reservoirs and mine tailings impoundment structures insofar as necessary to safeguard life and property from injury by reason of the failure thereof is vested in the director of the department of water resources. The director shall at state expense inspect or cause to be inspected, as often as he thinks advisable, every dam used for holding water and mine tailings impoundment structure used for holding tailings slurry in this state; however, all dams twenty (20) feet or more in height or mine tailings impoundment structures more than thirty (30) feet in height shall be inspected at least once every two (2) years, and if after any such inspection such dam or mine tailings impoundment structure, in the opinion of the director, is unsafe, and life or property liable to be endangered by reason thereof, the director shall give written notice and order by certified mail or by personal service upon the owner or owners to remove or repair the same so as to make it safe. If such owner or owners shall neglect or refuse to remove or repair the same after notice to that effect has been given in writing by the director, the director may draw off all or part of such water from behind such dam, embankment or mine tailings slurry from behind mine tailings impoundment structure and keep said water or mine tailings slurry drawn off until such time as the orders shall be complied with. In determining whether or not a dam, reservoir or mine tailings impoundment structure or proposed dam, reservoir or mine tailings impoundment structure constitutes or would constitute a danger to life or property, the director shall take into consideration the possibility that the dam, reservoir or mine tailings impoundment structure might be endangered by overtopping, seepage, settlement, erosion, cracking, earth movement or other conditions which exist or might occur in any area in the vicinity of the dam, reservoir or mine tailings impoundment structure.

No action shall be brought against the state, the water resource board, the director, or the department of water resources or its respective agents or employees for the recovery of damages caused by the partial or total failure of any dam, reservoir or mine tailings impoundment structure or through the operation of any dam, reservoir or mine tailings impoundment structure upon the ground that such defendant is liable by virtue of any of the following:

(a) The approval of the dam, reservoir or mine tailings impoundment structure.

(b) The issuance or enforcement of orders relative to maintenance or operation of the dam, reservoir or mine tailings impoundment structure.

(c) Control and regulation of the dam, reservoir or mine tailings impoundment structure.

(d) Measures taken to protect against failure during an emergency.

(e) The use of design and construction criteria prepared by the department.

(f) The failure to issue or enforce orders, to control or regulate dams, or to take measures to protect against dam failure.
pollution which may occur in the event that the director orders emergency dumping or bypassing.

Nothing in this part shall be construed to relieve an owner or operator of a dam, reservoir or mine tailings impoundment structure of the legal duties, obligations or liabilities incident to the ownership or operation of the dam, reservoir or mine tailings impoundment structure.

The findings and orders of the director and the certificate of approval of any dam, reservoir or mine tailings impoundment structure issued by the director are final and conclusive and binding upon all state agencies, regulatory or otherwise, as to the safety of design, construction, maintenance and operation of any dam, reservoir or mine tailings impoundment structure.

The director may require owners to keep records of, and to report on, maintenance, operation, staffing and engineering and geologic investigations, and the water resource board shall issue such rules and regulations as necessary to secure maintenance and operation and to require staffing and engineering and geologic investigations which will safeguard life and property. In addition, the owner of a dam, reservoir or mine tailings impoundment structure or his agent shall fully and promptly advise the department of any sudden or unprecedented flood or unusual or alarming circumstance or occurrence affecting the safety of the dam, reservoir or mine tailings impoundment structure. The director, from time to time, shall make inspections of dams, reservoirs and mine tailings impoundment structures at state expense for the purpose of determining their safety, but shall require owners to perform at their expense such work as necessary to disclose information sufficient to enable the director to determine conditions of dams, reservoirs, and mine tailings impoundment structures in regard to their safety and to perform at their expense other work necessary to secure maintenance and operation which will safeguard life and property.

The estimated cost of performing such work will be determined by the surveyor signing the plat.

(2) If the person subdividing the land described in subsection (1) of this section pays the surveyor for performing the interior monumentation work and notifies the governing body of such payment, the governing body within two (2) months after such notice, shall release the bond or return the cash deposit upon a finding that such payment has been made. Upon written request from the person subdividing the land, the governing body may pay the surveyor from moneys

Payment of the fees of a county surveyor or private surveyor performing such work shall be made as otherwise provided in this section.

50-1333. RECORDING OF PLATS WITH ONLY EXTERIOR MONUMENTS REFERENCED. (1) If the person subdividing any land has complied with subsection (1) of section 50-1332, Idaho Code, the surveyor may prepare the plat of the subdivision for recording with only the exterior monuments referenced thereon as submitted for recording. The recording reference for such plat copy shall operate as reference to the interior monuments referenced on such plat copy and shall constitute constructive notice of such monument references for all purposes as though such monuments had been referenced on the plat of the subdivision as previously recorded.

definitely locating the residence of the school elector. The elector
may be required to furnish to the election official proof of resi­

cle operator's license or any other document definitely establishing
the elector's residence within the school district or trustee zone.
The forms of elector's oaths shall be included in the records and
returns of the board of election.

SECTION 2. That Section 34-404, Idaho Code, be, and the same is
hereby amended to read as follows:

34-404. REGISTRATION OF ELECTORS. All electors must register
before being able to vote at any primary, general, special, school or

is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 34-437B, Idaho Code, and to read as

not later than the seventh day prior to the election, supply to a
requesting school board a list of registered electors of the counties
within which a school district election is to be held. The county
clerk shall assess the school board an amount which will compensate
the county for the cost of preparing such a list.

SECTION 4. That Section 33-804, Idaho Code, be, and the same is
hereby amended to read as follows:

33-804. SCHOOL PLANT FACILITIES RESERVE FUND LEVY. In any school
district in which a school plant facilities reserve fund has been
created, either by resolution of the board of trustees or by apportion­
ment to new districts according to the provisions of section
33-901, Idaho Code, to provide funds therefor the board of trustees shall submit to the qualified school electors of the district the question of a levy not to exceed four-tenths of one percent (0.4%) of market value for assessment purposes in each year for a period not to exceed ten (10) years.

The notice of such election shall state the dollar amount proposed to be collected during the first year, the period of years in each of which the collection is proposed to be made, and the purposes for which such funds shall be used. Said notice shall be given, the election shall be conducted and the returns canvassed as provided in sections 33-401--33-406, Idaho Code; and the dollar amount to be collected shall be approved only if two-thirds (2/3): (i) fifty-five percent (55%) of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of less than two-tenths of one percent (0.2%) of market value for assessment purposes; (ii) sixty percent (60%) of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of two-tenths of one percent (0.2%) or more and less than three-tenths of one percent (0.3%) of market value for assessment purposes; or (iii) two-thirds (2/3) of the electors of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of three-tenths of one percent (0.3%) or more of market value for assessment purposes.

If the question be approved, the board of trustees may make a levy in each year according to the terms so approved, provided that no dollar amount shall be certified for levies approved by the electors in 1980 or thereafter that would produce more dollars than the dollar amount collected during the year when such levy was first imposed, which dollar amount may be increased by the factor determined under the provisions of section 63-2220(1)(i), Idaho Code; and may again submit the question at the expiration of the period of such levy, for the dollar amount to be collected during each year, and the number of years which the board may at that time determine. Or, during the period approved at any such election, if such period be less than ten (10) years or the levy be less than four-tenths of one percent (0.4%) of market value for assessment purposes, the board of trustees may submit to the qualified school electors in the same manner as before, the question whether the number of years, or the levy, or both, be increased, but not to exceed the maximum herein authorized. If such increase or increases be approved by the electors, the terms of such levy shall be in lieu of those approved in the first instance, but disapproval shall not affect any terms theretofore in effect.

For school plant facilities reserve fund levies which were certified in 1980 or before, the maximum dollar amount that may be certified for collection in 1981 or thereafter shall not exceed the dollar amount certified in 1980, which dollar amount may be increased by the factor determined under the provisions of section 63-2220(1)(i), Idaho Code.

follows:

50-2019. FINDINGS AND DECLARATIONS OF NECESSITY FOR REVENUE ALLO-
CATION. It is hereby found and declared that the raising of sufficient
revenue to finance effectively and efficiently the economic growth and redevelopment of urban renewal areas in municipalities with a population in excess of one hundred thousand (100,000) residents is a serious and substantial problem. It is the valid public purpose of the revenue allocation provisions of this chapter to allocate a portion of property taxes levied against taxable property located in a revenue allocation area for a limited period of time to assist in the financing of urban renewal plans and thus to encourage private development in urban renewal areas; to prevent or arrest the decay of urban areas due to the inability of existing financing methods to provide needed public improvements; to encourage taxing districts to cooperate in the allocation of future tax revenues arising in urban areas in order to facilitate the long-term growth of their common tax base; to encourage private investment within urban areas; and to further the public purposes described in section 50-2002, Idaho Code.

SECTION 3. That Chapter 20, Title 50, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 50-2020, Idaho Code, and to read as follows:

50-2020. MUNICIPALITIES AUTHORIZED TO ADOPT REVENUE ALLOCATION PROVISION -- TIME LIMITATIONS. (a) Any authorized municipality, as defined in section 50-2018(z), Idaho Code, is hereby authorized and empowered to adopt, at any time prior to January 1, 1989, a revenue allocation financing provision described in this chapter, as part of an urban renewal plan. Such a revenue allocation financing provision may be adopted either at the time of the original adoption of an urban renewal plan, or thereafter as a modification to an urban renewal plan. Urban renewal plans existing prior to the effective date of this section may be modified to include a revenue allocation financing provision.

(b) No authorized municipality shall adopt such a revenue allocation financing provision as part of the urban renewal plan after December 31, 1988. If a revenue allocation financing provision is adopted before January 1, 1989, such provision shall remain in full force and effect from the effective date of adoption of such provision until its termination pursuant to section 50-2028, Idaho Code.

SECTION 4. That Chapter 20, Title 50, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 50-2021, Idaho Code, and to read as follows:

50-2021. PUBLIC HEARING AND ORDINANCE REQUIRED. (a) To adopt a new urban renewal plan containing a revenue allocation financing provision, the local governing body of an authorized municipality must enact an ordinance in accordance with the requirement of chapter 9, title 50, Idaho Code, and section 50-2008, Idaho Code. To modify an existing urban renewal plan to add or change a revenue allocation financing provision, the local governing body of an authorized municipality must enact an ordinance in accordance with the requirements of
chapter 9, title 50, Idaho Code, and conduct a public hearing as pro-
vided in section 50-2008(c), Idaho Code. No urban renewal project,
plan, or modification thereto shall be held ineffective for failure to
comply with the requirements of this section if compliance with the
section is substantial and in good faith.

(b) A revenue allocation financing provision adopted in accord-
ance with this chapter shall be effective retroactively to January 1
of the year in which the local governing body of the authorized
municipality enacts such ordinance.

SECTION 5. That Chapter 20, Title 50, Idaho Code, be, and the
same is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 50-2022, Idaho Code, and to read as
follows:

50-2022. NOTICE OF PUBLIC HEARING ON ADOPTION OF REVENUE ALLOCA-
TION FINANCING. The local governing body of an authorized municipality
shall prepare a notice stating (a) that an urban renewal plan or
modification thereto has been proposed and is being considered for
adoption, and that such plan or modification thereto contains a
revenue allocation financing provision that will cause property taxes
resulting from any increases in equalized assessed valuation in excess
of the equalized assessed valuation as shown on the base assessment
roll to be allocated to the agency for urban renewal purposes; and (b)
that a public hearing on such plan or modification will be held by the
local governing body pursuant to section 50-2008(c), Idaho Code. The
notice shall also state the time, date, and place of the hearing. At
least thirty (30) days but not more than sixty (60) days prior to the
date set for final reading of the ordinance required by section
50-2021, Idaho Code, the local governing body shall publish this
notice in a newspaper of general circulation and transmit this notice
to the governing body of each taxing district which levies taxes upon

known and designated as Section 50-2023, Idaho Code, and to read as
follows:

50-2023. STATEMENT OF OBJECTIVES, COSTS AND TAX IMPACT. An urban
renewal plan or modification thereto that contains a revenue alloca-
tion financing provision shall state the objectives of the municipal-
ity in undertaking the urban renewal project. Such plan or modifi-
cation shall also contain estimates of the cost of the urban renewal
project; the sources of revenue to finance these costs, including
estimates of revenue allocations under this chapter; the amount of
bonded or other indebtedness to be incurred; and the duration of the
project's existence. The plan shall also define the revenue alloca-
tion area and contain a statement of the estimated impact of revenue
allocation financing on all taxing districts in which the revenue
allocation area is located. The information required by this section shall be made available to the public and the affected taxing districts at least five (5) days prior to the date set for final reading of the ordinance required by section 50-2021, Idaho Code.

SECTION 7. That Chapter 20, Title 50, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 50-2024, Idaho Code, and to read as follows:

50-2025. DETERMINATION OF TAXING DISTRICT LEVIES -- REVENUE ALLOCATION -- CREATION OF SPECIAL FUNDS AND DEPOSIT OF ALLOCATED REVENUES. (a) For purposes of calculating the rate at which taxes shall be levied by or for each taxing district in which a revenue allocation area is located, the county commissioners shall, with respect to the taxable property located in such revenue allocation area, use the equalized assessed value of such taxable property as shown on the base assessment roll rather than the current equalized assessed valuation of such taxable property.

(b) With respect to each such taxing district, the tax rate calculated under subsection (a) of this section shall be applied to the current equalized assessed valuation of all taxable property in the taxing district, including the taxable property in the revenue allocation area. The tax revenues thereby produced shall be allocated as follows:

(1) To the taxing district shall be allocated and shall be paid by the county treasurer:

(A) All taxes levied by the taxing district or on its behalf on taxable property located within the taxing district but outside the revenue allocation area;

(B) A portion of the taxes levied by the taxing district or on its behalf on the taxable property located within the revenue allocation area, which portion is the amount produced by applying the taxing district's tax rate determined under
subsection (a) of this section to the equalized assessed valuation, as shown on the base assessment roll, of the taxable property located within the revenue allocation area; and

(c) If such taxing district is a school district, a further portion of the taxes levied by such district or on its behalf on the taxable property located within the revenue allocation area, which portion is the amount equal to the percentage specified in section 33-1002(7)(a), Idaho Code, multiplied by the difference between the current equalized assessed valuation of such taxable property and the equalized assessed valuation of such taxable property as shown on the base assessment roll.

(2) To the urban renewal agency shall be allocated the balance, if any, of the taxes levied on the taxable property located within the revenue allocation area.

(c) Upon enactment of an ordinance adopting a revenue allocation financing provision as part of an urban renewal plan, the urban renewal agency shall create a special fund or funds to be used for the purposes enumerated in section 50-2026, Idaho Code. The revenues allocated to the urban renewal agency pursuant to section 50-2025(b)(2), Idaho Code, shall be paid to the agency by the treasurer of the county in which the revenue allocation district is located and shall be deposited by the agency into one or more of such special funds. The agency may, in addition, deposit into such special fund or funds such other income, proceeds, revenues and funds it may receive from sources other than the revenues allocated to it under section 50-2025(b)(2), Idaho Code.

SECTION 9. That Chapter 20, Title 50, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 50-2026, Idaho Code, and to read as follows:

50-2026. PURPOSES FOR WHICH SPECIAL FUND MONEYS MAY BE PLEDGED — AUTHORIZATION TO INCUR DEBT AND ISSUE BONDS AND TO PLEDGE REVENUESALLOCATED TO SPECIAL FUND FOR PAYMENT OF DEBT AND BONDS — TIME LIMITATION ON CREATION OF DEBT AND ISSUANCE OF BONDS — DEBT AND BONDS NOT GENERAL OBLIGATION OR DEBT. (a) If the local governing body of an authorized municipality has enacted an ordinance adopting a revenue allocation financing provision as part of an urban renewal plan, the urban renewal agency established by such municipality is hereby authorized and empowered:

(1) To apply the revenues allocated to it pursuant to section 50-2025(b)(2), Idaho Code, for payment of the project costs of any urban renewal project located in the revenue allocation area;

(2) To borrow money, incur indebtedness and issue one or more series of bonds to finance or refinance, in whole or in part, the urban renewal projects authorized pursuant to such plan within the limits established by paragraph (3) below; and

(3) To pledge irrevocably to the payment of principal of and interest on such moneys borrowed, indebtedness incurred or bonds issued by the agency the revenues allocated to it pursuant to
section 50-2025(b)(2), Idaho Code, provided that the aggregate principal amount of bonds to which such revenues are pledged shall not exceed $13,000,000.

All bonds issued under this section shall be issued in accordance with section 50-2012, Idaho Code, except that such bonds shall be payable solely from a special fund established hereunder.

(b) Notwithstanding any other provision of chapter 20, title 50, Idaho Code, no moneys shall be borrowed, indebtedness incurred or bonds issued under this section after December 31, 1992; provided, however, that the agency may issue refunding bonds so long as the maturity date of such refunding bonds is not later than the maturity date of the bonds being refunded.

(c) The agency shall be obligated and bound to pay such borrowed moneys, indebtedness and bonds as the same shall become due, but only to the extent that moneys are available in a special fund or funds established under section 50-2025, Idaho Code; and the agency is authorized to maintain an adequate reserve therefor from any moneys deposited in such a special fund or funds.

(d) Nothing in this chapter shall in any way impair any powers an urban renewal agency may have under subsection (a) of section 50-2012, Idaho Code.

(e) Except to the extent of moneys deposited in a special fund or funds under this section and pledged to the payment of the principal of and interest on bonds or other obligations, the agency shall not be liable on any such bonds or other obligations. The bonds issued and other obligations incurred by any agency under this chapter shall not constitute a general obligation or debt of any municipality, the state or any of its political subdivisions. In no event shall such bonds or other obligations give rise to a general obligation or liability of the agency, the municipality, the state or any of its political subdivisions, or give rise to a charge against their general credit or taxing powers, or be payable out of any funds or properties other than the special fund or funds of the agency pledged therefor; and such bonds and other obligations shall so state on their face. Such bonds and other obligations shall not constitute an indebtedness or the pledging of faith and credit within the meaning of any constitutional or statutory debt limitation or restriction.

SECTION 10. That Chapter 20, Title 50, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 50-2027, Idaho Code, and to read as follows:

50-2027. LIMITATIONS ON REVIEW OF ADOPTION OR MODIFICATION OF PLAN, AND ISSUANCE OF BONDS. No direct or collateral action attacking or otherwise questioning the validity of any urban renewal plan, project or modification thereto (including one containing a revenue allocation provision), or the adoption or approval of such plan, project or modification, or any of the findings or determinations of the agency or the local governing body in connection with such plan, project or modification, shall be brought prior to the effective date of the ordinance adopting or modifying the plan or after the lapse of
sixty (60) days from and after the effective date of the ordinance adopting or modifying the plan. No direct or collateral action attacking or otherwise questioning the validity of bonds issued pursuant to section 50-2012, Idaho Code, or section 50-2026(a), Idaho Code, shall be brought prior to the effective date of the resolution or ordinance authorizing such bonds or after the elapse of sixty (60) days from and after the effective date of the resolution or ordinance authorizing such bonds.

(a) If an urban renewal agency has not borrowed moneys, incurred indebtedness or issued bonds pursuant to section 50-2026(a), Idaho Code, on or before December 31, 1995, all unexpended moneys contained in any special fund established pursuant to this chapter shall be distributed to the taxing districts in which the revenue allocation area is located in the same manner and proportion as the most recent distribution to the affected taxing districts of the taxes on the taxable property located within the revenue allocation area. The allocation of revenues under section 50-2025(b), Idaho Code, shall thereupon cease; and the power granted to the urban renewal agency under section 50-2026(a), Idaho Code, shall thereupon terminate.

(b) If an urban renewal agency has borrowed moneys, incurred indebtedness or issued bonds pursuant to section 50-2026(a), Idaho Code, on or before December 31, 1995:

(1) No expenditures shall be made after December 31, 1995, from any special fund created under this chapter except for the payment of the principal of and interest on such moneys, indebtedness and bonds; and

(2) When the principal of and interest on such moneys, indebtedness and bonds have been paid in full, or when deposits in the special fund or funds created under this chapter are sufficient to pay such principal and interest as they become due, the allocation of revenues under section 50-2025(b), Idaho Code, shall thereupon cease; any moneys in such fund or funds in excess of the amount necessary to pay such principal and interest shall be distributed to the affected taxing districts pursuant to subsection (a) of this section; and the powers granted to the urban renewal agency under section 50-2026(a), Idaho Code, shall thereupon terminate.

SECTION 12. That Chapter 20, Title 50, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 50-2029, Idaho Code, and to read as follows:

50-2029. EFFECT OF REVENUE ALLOCATION ON OTHER TAX CALCULATIONS. (a) For the purposes of sections 63-621 through 63-626, Idaho Code,
during the period when revenue allocation under section 50-2025 is in effect, and solely with respect to any taxing district in which a revenue allocation area is located, the county commissioners shall, in fixing any tax levy, take into consideration the equalized assessed valuation of the taxable property situated in the revenue allocation area as shown in the base assessment roll, section 50-2018(y), Idaho Code, rather than the current equalized assessed value of such taxable property.

(b) For all other purposes, including, without limitation, for purposes of sections 33-802, 33-1002, 63-923 and 63-2220, Idaho Code, reference in the Idaho to the term "market value for assessment purposes" (or any other such similar term) shall mean market value for assessment purposes as defined in section 63-202, Idaho Code.

The termination of an urban renewal agency shall not affect any outstanding legal actions, contracts, or obligations of the agency and the municipality shall be substituted for the agency, and, for the purpose of those legal actions, contracts or obligations, shall be considered a continuation of the urban renewal agency and not a new entity. Provided, however, that the agency shall retain those powers necessary to satisfy all indebtedness of the agency.

SECTION 14. That Chapter 20, Title 50, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 50-2031, Idaho Code, and to read as follows:

(a) An urban renewal agency may sell, lease, or otherwise transfer real property or any interest therein acquired by it for an urban renewal project, and may enter into contracts with respect thereto, in an urban renewal area for residential, recreational, commercial, industrial, educational or other uses or for public use, or may retain such property or interest for public use, in accordance with the urban renewal plan, subject to such covenants, conditions and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of future slums or blighted areas or to otherwise carry out the purposes of this act: Provided, that such sale, lease, other transfer, or retention,
and any agreement relating thereto, may be made only after the approval of the urban renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall be obligated to devote such real property only to the uses specified in the urban renewal plan, and may be obligated to comply with such other requirements as the urban renewal agency may determine to be in the public interest, including the obligation to begin within a reasonable time any improvements on such real property required by the urban renewal plan. Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan except property disposed of by it to the community or any other public body which property must be disposed of pursuant to the provisions of subsection (f) of section 50-2015, Idaho Code, even though such fair value may be less than the cost of acquiring and preparing the property for redevelopment. In determining the fair value of real property for uses in accordance with the urban renewal plan, an urban renewal agency shall take into account and give consideration to the uses provided in such plan; the restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the urban renewal agency retaining the property; and the objectives of such plan for the prevention of the recurrence of slum or blighted areas. The urban renewal agency in any instrument of conveyance to a private purchaser or lessee may provide that such purchaser or lessee shall be without power to sell, lease or otherwise transfer the real property without the prior written consent of the urban renewal agency until he has completed the construction of any or all improvements which he has obligated himself to construct thereon. Real property acquired by an urban renewal agency which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest consistent with the carrying out of the provisions of the urban renewal plan. Any contract for such transfer and the urban renewal plan (or such part or parts of such contract or plan as the urban renewal agency may determine) may be recorded in the land records of the county in such manner as to afford actual or constructive notice thereof.

(b) An urban renewal agency may dispose of real property in an urban renewal area to private persons only under such reasonable competitive bidding procedures as it shall prescribe or as hereinafter provided in this subsection. An urban renewal agency may, by public notice by publication in a newspaper having a general circulation in the community (thirty (30) days prior to the execution of any contract to sell, lease or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section) invite proposals from and make available all pertinent information to private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or any part thereof. Such notice shall identify the area, or portion thereof, and shall state that proposals shall be made by those interested within thirty (30) days after the date of publication of said notice, and that such further information as is available may be obtained at such office as shall be designated in said
notice. The urban renewal agency shall consider all such redevelopment of rehabilitation proposals and the financial and legal ability of the persons making such proposals to carry them out, and may negotiate with any persons for proposals for the purchase, lease or other transfer of any real property acquired by the agency in the urban renewal area. The urban renewal agency may accept such proposal as it deems to be in the public interest and in furtherance of the purposes of this act. The agency may execute such contract in accordance with the provisions of subsection (a) and deliver deeds, leases and other instruments and take all steps necessary to effectuate such contract.

(c) An urban renewal agency may temporarily operate and maintain real property acquired by it in an urban renewal area for or in connection with an urban renewal project pending the disposition of the property as authorized in this act, without regard to the provisions of subsection (a) above, for such uses and purposes as may be deemed desirable even though not in conformity with the urban renewal plan.

(d) Any real property acquired pursuant to section 50-2007(d) may be disposed of without regard to other provisions of this section if the local governing body has consented to the disposal.

(e) Notwithstanding any other provisions of this act, where the municipality is situated in an area designated as a redevelopment area under the Federal Area Redevelopment Act (Public Law 87-27) and notwithstanding subsection (b) of this section, land in an urban renewal project area designated under the urban renewal plan for industrial or commercial uses may be disposed of to any public body or nonprofit corporation for subsequent disposition as promptly as practicable by the public body or corporation for redevelopment in accordance with the urban renewal plan, and only the purchaser from or lessee of the public body or corporation, and their assignees, shall be required to assume the obligation of beginning the building of improvements within a reasonable time, provided, that no disposal of land or agreement to dispose of land pursuant to this subsection (e) shall be entered into prior to January 31, 1986. Any disposition of land to a public body or nonprofit corporation under this subsection shall be made at its fair value for uses in accordance with the urban renewal plan. Any disposition of land to a public body under this subsection shall be made pursuant to the provisions of subsection (f) of section 50-2015, Idaho Code.

(f) Property previously acquired or acquired by an agency for rehabilitation and resale shall be offered for disposition within three years after completion of rehabilitation, or an annual report shall be published by the agency in a newspaper of general circulation published in the community listing any rehabilitated property held by the agency in excess of such three-year period, stating the reasons such property remains unsold and indicating plans for its disposition.

If at any time title to or possession of any urban renewal project is held by any public body or governmental agency, other than the urban renewal agency, which is authorized by law to engage in the undertaking, carrying out, or administration of urban renewal projects and related activities (including any agency or instrumentality of the United States of America), the provisions of the agreements referred to in this section shall inure to the benefit of and may be enforced by such public body or governmental agency.

(b) Any sale, conveyance, lease or agreement provided for in this section may be made by a public body without appraisal, public notice, advertisement or public bidding.

(c) For the purpose of aiding in the planning, undertaking or carrying out of any urban renewal project and related activities of an urban renewal agency, a municipality may (in addition to its other powers and upon such terms, with or without consideration, as it may determine) do and perform any or all of the actions or things which, by the provisions of subsection (a) of this section, a public body is authorized to do or perform, including the furnishing of financial and other assistance; Provided, that nothing contained in this section shall be construed as authorizing a municipality to give credit or make loans to an urban renewal agency.

(d) For the purposes of this section, a municipality may (in addition to its other powers):

(1) appropriate such funds and make such expenditures as may be
necessary to carry out the purposes of this act, and levy taxes

building regulations; and enter into agreements with an urban
renewal agency (which agreements may extend over any period, not-
withstanding any provisions or rule of law to the contrary),

or other places; and plan or replan any part of the municipality;
(3) within its area of operation, organize, coordinate and direct
the administration of the provisions of this act as they apply to
such municipality in order that the objective of remedying slum
and blighted areas and preventing the causes thereof within such
municipality may be most effectively promoted and achieved, and
establish such new office or offices of the municipality or to
reorganize existing offices in order to carry out such purpose
most effectively; and
(4) assume the responsibility to bear any loss that may arise as
the result of the exercise of authority by the urban renewal
agency under subsection (d) of section 50-2007, Idaho Code, in the
event that the real property is not made a part of the urban
renewal project.
(e) For the purposes of this section, or for the purpose of aid-
ing in the planning, undertaking or carrying out of an urban renewal
project and related activities of a municipality, such municipality
may issue and sell its general obligation bonds. Any bonds issued by a
municipality pursuant to this section shall be issued in the manner
and within the limitations prescribed by the applicable laws of this
state for the issuance and authorization of general obligation bonds
by such municipality. Nothing in this section shall limit or otherwise
adversely affect any other section of this act.
(f) Purchase and buy or otherwise acquire land in a project area
from an agency for redevelopment in accordance with the plan, with or
without consideration as the agency may determine. Any public body
which purchases, buys or otherwise acquires land in a project area
from an agency for development pursuant to this subsection shall
become obligated to:
(1) use the property for the purpose designated in the redevelop-

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 6, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 16, Title 6, Idaho Code, and to read as follows:

6-1601. DEFINITIONS. As used in this act:
(1) "Charitable corporation or organization" means a corporation or organization including any community chest, fund, or foundation organized and operated exclusively for religious, charitable, scientific, testing for public safety, literary, or educational purposes, or to foster national or international amateur sports competition (but only if no part of its activities involve the provision of athletic facilities or equipment), or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual, no substantial part of the activities of which is carrying on propaganda, or otherwise attempting, to influence legislation.
(2) "Claimant" means any party to a civil action making a claim for relief, legal or equitable, compensatory or noncompensatory.

(3) "Economic damages" mean objectively verifiable monetary loss, including but not limited to out-of-pocket expenses, loss of earnings, loss of use of property, cost of replacement or repair, cost of obtaining substitute domestic services, loss of employment, medical expenses, or loss of business or employment opportunities.

(4) "Future damages" mean noneconomic damages and economic damages to be incurred after entry of a judgment.

(5) "Noneconomic damages" mean subjective, nonmonetary losses including, but not limited to, pain, suffering, inconvenience, mental anguish, disability or disfigurement incurred by the injured party; emotional distress; loss of society and companionship; loss of consortium; or destruction or impairment of the parent-child relationship.

(6) "Personal injury" means a physical injury, sickness or death suffered by an individual.

(7) "Property damage" means loss in value or in use of real or personal property, where such loss arises from physical damage to or destruction of such property.

(8) "Punitive damages" mean damages awarded to a claimant, over and above what will compensate the claimant for actual personal injury and property damage, to serve the public policies of punishing a defendant for outrageous conduct and of deterring future like conduct.

6-1602. PERIODIC PAYMENT OF JUDGMENTS -- EXCEPTIONS -- DISCRETIONS -- PROCEDURE. (1) In any civil action seeking damages for personal injury or property damages in which a verdict, award or finding for future damages exceeds the sum of one hundred thousand dollars ($100,000), the court may, in the exercise of its sound discretion, and at the request of either party, enter a judgment which provides for the periodic payment of that portion of the verdict, award or finding which represents future damages.

(2) If, prior to the entry of judgment, either party requests that the judgment provide for the periodic payments of future damages, the court shall request each party to submit a proposal for such payment which, at a minimum, shall state:

(a) The reasons which demonstrate that the imposition of periodic payments is appropriate or inappropriate, according to the criteria provided in subsections (3), (4) and (5) of this section;

(b) The manner and method of proposed future periodic payments including:

(i) The name or names of each recipient of such payments;

(ii) The number, time, interval and dollar amount of all such payments;

(iii) The total amount to be paid over the course of such payments;

(iv) The present cash value of such payments as of the date when payment is to commence;

(v) The terms and conditions of any annuity policy, contract or investment which a party intends to rely upon as the means of facilitating such payments; and
(vi) The method by which such payments are secured.

(c) Any other factor the court deems appropriate under the prevailing circumstances.

(3) In determining whether periodic payments are appropriate in any given case, the court shall consider, receive evidence and enter findings of fact and conclusions of law on the following:

(a) The age, health, education, occupation experience, medical needs, capacity or incapacity, dependency, and any other special circumstances which, considering the best interests of the claimant, weigh in favor of periodic or lump sum payments;

(b) The financial capacity and resources of the judgment debtor, and any other factors which may affect such debtor’s ability to pay the judgment in lump sum, or may otherwise substantially impair the future solvency of such debtor if periodic payments are not ordered;

(c) The degree to which the future damages, losses, expenses and needs are subject to ascertainment with reasonable certainty;

(d) The extent to which an order of future periodic payments may significantly risk that the judgment debtor will be required to pay more than the verdict award or finding, or that the claimant will not be fully and fairly compensated for the future damages;

(e) The existence and amount of any policy of insurance providing coverage, in whole or part, to the judgment debtor for the future damages of the claimant;

(f) The claimant’s entitlement to future income, benefits, proceeds or payments from other sources which, with reasonable certainty, may supplement the claimant’s future economic needs, damages or expenses;

(g) The extent to which the manner of payment may serve to discourage or deter the tortious, wrongful or otherwise unlawful conduct of the judgment debtor or others similarly situated;

(h) The availability of adequate security to insure that the claimant will receive the full value of the verdict, award or finding;

(i) The extent to which the claimant’s attorney will be fully and adequately compensated pursuant to terms of the agreement for representation with the claimant; and

(j) The effect upon any taxes which the claimant will have to pay on the periodic payments.

(4) Unless otherwise agreed to by the claimant, periodic payments shall not be ordered in any case involving an intentional tort, or wrongful conduct perpetrated with or accompanied by fraud, dishonesty, malice, willfulness, gross negligence or which represents an extreme deviation from reasonable standards of conduct.

(5) Any unpaid balance of any judgment shall accrue and bear interest at the legal rate of interest specified in section 28-22-104(2), Idaho Code, except to the extent such judgment is for future damages. Judgments for future damages shall not bear interest unless such future damages have been reduced to present value in which case the court shall assign an interest rate which is consistent with the methodology used in reducing the amount of such verdict award or finding to present value.
(6) Adequate security shall be required on every judgment ordered payable by periodic means, including the provision of any one or combination of the following:

(a) An annuity contract issued by an insurance company with a financial rating acceptable to the court;
(b) Personal guarantees;
(c) Reinsurance contracts;
(d) Security instruments on real and personal property; or
(e) Such other collateral or security the court may determine appropriate and necessary to ensure full and timely payment of the judgment.

(7) If the court enters a judgment for periodic payments and any security required by the judgment is not given within sixty (60) days, the court shall enter judgment for payment of the future damage award in a lump sum, together with an award of reasonable costs and attorney fees incurred by the claimant relating to the request for periodic payments.

(8) If the court enters an order for periodic payments within sixty (60) days after entry of an order for periodic payments, the judgment debtor may elect not to make the periodic payments and satisfy the judgment for periodic payments by paying the full amount of damages awarded before the order for periodic payments.

(9) If at any time following entry of judgment for periodic payments, a judgment debtor fails to make any payment in full or in a timely fashion, or otherwise according to the terms of the judgment, the claimant may petition the court for an order requiring payment by the judgment debtor of the total remaining amount of the unpaid future damage award and, if necessary, an order allowing execution upon any security given for payment together with such additional penalties, including an award of costs and attorney fees, as the court deems appropriate. In ruling upon such petition the court may consider whether the judgment debtor's failure to make full or timely payment was the result of his excusable inadvertence or the ministerial act of third parties beyond the control of the judgment debtor, together with all equitable considerations which favor granting or denying the petition.

(10) All judgments payable by periodic payments, as provided in this section, shall constitute a property right of the judgment creditor entitled to receive the payments, shall survive the death, disability or incapacity of the judgment creditor, and shall be inheritable, devisable, assignable and otherwise subject to disposition by the judgment creditor as any other form of intangible personal property; provided that nothing contained herein is intended to amend, modify or in any way alter any federal, state or local laws pertaining to taxes which may or may not be assessed against all or any portion of the judgment.

6-1603. LIMITATION ON NONECONOMIC DAMAGES. (1) In no action seeking damages for personal injury, including death, shall a judgment for noneconomic damages be entered for a claimant exceeding the maximum amount of four hundred thousand dollars ($400,000); provided, however, that beginning on July 1, 1988, and each July 1 thereafter, the
cap on noneconomic damages established in this section shall increase or
decrease in accordance with the percentage amount of increase or
decrease by which the Idaho industrial commission adjusts the average
annual wage as computed pursuant to section 72-409(2), Idaho Code.
(2) The limitation contained in this section applies to the sum of:
(a) noneconomic damages sustained by a claimant who incurred per-
sonal injury or who is asserting a wrongful death; (b) noneconomic
damages sustained by a claimant, regardless of the number of persons
responsible for the damages or the number of actions filed.
(3) If a case is tried to a jury, the jury shall not be informed
of the limitation contained in subsection (1) of this section.
(4) The limitation of awards of noneconomic damages shall not
apply to:
(a) Causes of action arising out of willful or reckless miscon-
duct.
(b) Causes of action arising out of an act or acts which the
trier of fact finds beyond a reasonable doubt would constitute a
felony under state or federal law.

6-1604. LIMITATION ON PUNITIVE DAMAGES. (1) In any action
seeking recovery of punitive damages, the claimant must prove, by a
preponderance of the evidence, oppressive, fraudulent, wanton, malic-
cious or outrageous conduct by the party against whom the claim for
punitive damages is asserted.
(2) In all civil actions in which punitive damages are permitted,
no claim for damages shall be filed containing a prayer for relief
seeking punitive damages. However, a party may, pursuant to a pretrial
motion and after hearing before the court, amend the pleadings to
include a prayer for relief seeking punitive damages. The court shall
allow the motion to amend the pleadings if the moving party estab-
lishes at such hearing a reasonable likelihood of proving facts at
trial sufficient to support an award of punitive damages. A prayer for
relief added pursuant to this section shall not be barred by lapse of
time under any applicable limitation on the time in which an action
may be brought or claim asserted, if the time prescribed or limited
had not expired when the original pleading was filed.
(3) The limitations on noneconomic damages contained in this act
are not applicable to punitive damages.
(4) Nothing in this section is intended to change the rules of
evidence or standards of proof used by a trier of fact in finding
punitive damages.

6-1605. LIMITATION ON LIABILITY OF VOLUNTEER OFFICERS AND DIREC-
TORS OF CHARITABLE CORPORATIONS AND ORGANIZATIONS. (1) In any chari-
table corporation or organization as defined in section 6-1601(1),
Idaho Code, or any unincorporated membership organization engaged
exclusively in charitable activities which qualifies as a charitable
organization, officers or directors of the charitable corporation or
organization shall be personally immune from civil liability arising
out of their conduct as an officer or director, provided that such
provision shall not eliminate or limit, and no immunity is hereby
granted for the liability of an officer or director:
(a) For conduct which is willful, wanton, or which involves fraud or knowing violation of the law;
(b) To the extent that there exists any policy of liability insurance providing coverage for such conduct, whether the policy is purchased by the corporation or organization, the individual officer or director or some third party;
(c) For any intentional breach of a fiduciary duty or duty of loyalty owed by the officer or director to the corporation, organization or the members thereof;
(d) For acts or omissions not in good faith or which involve intentional misconduct, fraud or a knowing violation of law;
(e) For any transaction from which the officer or director derived an improper personal benefit; or
(f) For any violation of the provisions of sections 30-321 and 30-322, Idaho Code.

2) Reimbursement of an officer or director of a charitable corporation or charitable organization for costs and expenses actually incurred shall not be considered compensation.

3) Nothing in this section shall be construed to supersede, abrogate, or limit any immunities or limitation of liability otherwise provided by law.

SECTION 2. That Section 6-801, Idaho Code, be, and the same is hereby amended to read as follows:

6-801. COMPARATIVE NEGLIGENCE OR COMPARATIVE RESPONSIBILITY — EFFECT OF CONTRIBUTORY NEGLIGENCE. Contributory negligence or comparative responsibility shall not bar recovery in an action by any person or his legal representative to recover damages for negligence or gross negligence or comparative responsibility resulting in death or in injury to person or property, if such negligence or comparative responsibility was not as great as the negligence, or gross negligence or comparative responsibility of the person against whom recovery is sought, but any damages allowed shall be diminished in the proportion to the amount of negligence or comparative responsibility attributable to the person recovering. Nothing contained herein shall create any new legal theory, cause of action, or legal defense.

SECTION 3. That Section 6-802, Idaho Code, be, and the same is hereby amended to read as follows:

6-802. VERDICT GIVING PERCENTAGE OF NEGLIGENCE OR COMPARATIVE RESPONSIBILITY ATTRIBUTABLE TO EACH PARTY. The court may, and when requested by any party shall, direct the jury to find separate special verdicts determining the amount of damages and the percentage of negligence or comparative responsibility attributable to each party; and the court shall then reduce the amount of such damages in proportion to the amount of negligence or comparative responsibility attributable to the person recovering. Nothing contained herein shall create any new legal theory, cause of action, or legal defense.

SECTION 4. That Section 6-803, Idaho Code, be, and the same is
hereby amended to read as follows:

6-803. CONTRIBUTION AMONG JOINT TORTFEASORS -- DECLARATION OF RIGHT — EXCEPTION — EFFECT OF COMPARATIVE NEGLIGENCE LIMITED JOINT AND SEVERAL LIABILITY. (1) The right of contribution exists among joint tortfeasors, but a joint tortfeasor is not entitled to a money judgment for contribution until he has by payment discharged the common liability or has paid more than his pro rata share thereof.

(2) A joint tortfeasor who enters into a settlement with the injured person is not entitled to recover contribution from another joint tortfeasor whose liability to the injured person is not extinguished by the settlement.

(3) When there is such a disproportion of fault among joint tortfeasors as to render inequitable an equal distribution among them of the common liability by contribution, the relative degrees of fault of the joint tortfeasors shall be considered in determining their pro rata shares solely for the purpose of determining their rights of contribution among themselves; each remaining severally liable to the injured person for the whole injury as at common law. The common law doctrine of joint and several liability is hereby limited to causes of action listed in subsections (5), (6) and (7) of this section. In any action in which the trier of fact attributes the percentage of negligence or comparative responsibility to persons listed on a special verdict, the court shall enter a separate judgment against each party whose negligence or comparative responsibility exceeds the negligence or comparative responsibility attributed to the person recovering. The negligence or comparative responsibility of each such party is to be compared individually to the negligence or comparative responsibility of the person recovering. Judgment against each such party shall be entered in an amount equal to each party’s proportionate share of the total damages awarded.

(4) As used herein, "joint tortfeasor" means one (1) of two (2) or more persons jointly or severally liable in tort for the same injury to person or property, whether or not judgment has been recovered against all or some of them.

(5) A party shall be jointly and severally liable for the fault of another person or entity or for payment of the proportionate share of another party where they were acting in concert or when a person was acting as an agent or servant of another party.

(6) Any cause of action arising out of a violation of any state or federal law or regulation relating to hazardous or toxic waste or substances or solid waste disposal sites.

(7) Any cause of action arising from the manufacture of any medical devices or pharmaceutical products.

SECTION 5. That Section 6-804, Idaho Code, be, and the same is hereby amended to read as follows:

6-804. COMMON LAW LIABILITIES PRESERVED. Nothing in this act affects:

(1) The common law liability of the several joint tortfeasors to have judgment recovered and payment made from them individually by the
injured person for the whole injury shall be limited to causes of
action listed in section 6-803, Idaho Code. However, the recovery of a
judgment by the injured person against one (1) joint tortfeasor does
not discharge the other joint tortfeasors.

(2) Any right of indemnity under existing law.

SECTION 6. That Chapter 8, Title 6, Idaho Code, be, and the same
is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 6-807, Idaho Code, and to read as fol­
lows:

6-807. LIMITATION ON THE RECOVERY OF DAMAGES -- REDUCING OR
INCREASING AN AWARD. (1) In all civil actions in which there has been
an award of damages as herein defined, the trial judge may, in his
discretion, and after considering all of the evidence, alter such por­
tion of the award representing damages of the amount awarded; (a) is
unsupported or unjustified by the clear weight of the evidence; or
(b) is so unreasonably disproportionate to the loss or damage suffered
or to be suffered as to unconscionable or so as to shock the con­
science of the court; or (c) is the product of a legal error or mis­
take during the presentation of the evidence or submission of the case
to the trier of fact; or (d) is demonstrated to be more likely than
not the product of passion or prejudice on the part of the trier of
fact.

(2) If the court finds that the award of damages is unreasonably
great or small by reason of any one or more of the factors set forth
above, then the district court may exercise its discretion to reduce
or increase such award in order to make the same consistent with the
losses as shown by the evidence. In the event that the court shall
enter any such order, it shall make detailed findings of fact and
conclusions of law explaining the reason for its action, the amount of
any increase or reduction, and the basis therefore.

SECTION 7. That Section 28-22-104, Idaho Code, be, and the same
is hereby amended to read as follows:

28-22-104. LEGAL RATE OF INTEREST. (1) When there is no express
contract in writing fixing a different rate of interest, interest is
allowed at the rate of twelve cents (12¢) on the hundred by the year
on:
1. Money due by express contract.
2. Money after the same becomes due.
4. Money received to the use of another and retained beyond a
reasonable time without the owner's consent, express or implied.
5. Money due on the settlement of mutual accounts from the date
the balance is ascertained.
6. Money due upon open accounts after three (3) months from the
date of the last item.

(2) The legal rate of interest on money due on the judgment of
any competent court or tribunal shall be eighteen-cents-(18¢)--on--the
hundred--by-the-year the rate of five percent (5%) plus the base rate.
The base rate shall be determined on July 1 of each year by the Idaho state treasurer and shall be the weekly average yield on United States treasury securities as adjusted to a constant maturity of one (1) year and rounded up to the nearest one-eighth percent (1/8%). The base rate shall be determined by the Idaho state treasurer utilizing the published interest rates during the week preceding July 1 of the year in which such interest is being calculated. The announced base rate shall apply to all such judgments during the succeeding twelve (12) months.

SECTION 8. That Chapter 1, Title 12, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 12-123, Idaho Code, and to read as follows:

12-123. SANCTIONS FOR FRIVOLOUS CONDUCT IN A CIVIL CASE. (1) As used in this section:

(a) "Conduct" means filing a civil action, asserting a claim, defense, or other position in connection with a civil action, or taking any other action in connection with a civil action.

(b) "Frivolous conduct" means conduct of a party to a civil action or of his counsel of record that satisfies, either of the following:

(i) It obviously serves merely to harass or maliciously injure another party to the civil action;

(ii) It is not supported in fact or warranted under existing law and cannot be supported by a good faith argument for an extension, modification, or reversal of existing law.

(2) (a) In accordance with the provisions of this section, at any time prior to the commencement of the trial in a civil action or within twenty-one (21) days after the entry of judgment in a civil action, the court may award reasonable attorney's fees to any party to that action adversely affected by frivolous conduct.

(b) An award of reasonable attorney's fees may be made by the court upon the motion of a party to a civil action, but only after the court does the following:

(i) Sets a date for a hearing to determine whether particular conduct was frivolous; and

(ii) Gives notice of the date of the hearing to each party or counsel of record who allegedly engaged in frivolous conduct and to the party allegedly adversely affected by frivolous conduct; and

(iii) Conducts the hearing to determine if the conduct was frivolous, whether any party was adversely affected by the conduct if it is found to be frivolous, and to determine if an award is to be made, the amount of that award. In connection with the hearing, the court may order each party who may be awarded reasonable attorney's fees and his counsel of record to submit to the court, for consideration in determining the amount of any such award, an itemized list of the legal services necessitated by the alleged frivolous conduct, the time expended in rendering the services, and the attorney's fees associated with those services. Additionally,
the court shall allow the parties and counsel of record involved to present any other relevant evidence at the hearing.

(c) The amount of an award that is made pursuant to this section shall not exceed the attorney's fees that were both reasonably incurred by a party and necessitated by the frivolous conduct.

(d) An award of reasonable attorney's fees pursuant to this section may be made against a party, his counsel of record, or both.

(3) An award of reasonable attorney's fees pursuant to this section does not affect or determine the amount of or the manner of computation of attorney's fees as between an attorney and the attorney's client.

(4) The provisions of this section do not affect or limit the application of any civil rule or another section of the Idaho Code to the extent that such a rule or section prohibits an award of attorney's fees or authorizes an award of attorney's fees in a specified manner, generally, or subject to limitations.

SECTION 9. That Chapter 3, Title 5, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 5-335, Idaho Code, and to read as follows:

5-335. GENERAL RULES OF PLEADING -- CLAIMS FOR RELIEF. A pleading which sets forth a claim for relief, whether an original claim, counterclaim, cross-claim, or third-party claim, shall contain (1) if the court has limited jurisdiction, a short and plain statement of the grounds upon which the court's jurisdiction depends, (2) a short and plain statement of the claims showing that the pleader is entitled to relief, and (3) a demand for judgment for the relief to which the pleader deems himself or herself entitled. Relief in the alternative or of several different types may be demanded. In any action for recovery because of personal injury or death, the claim for relief shall not specify the amount of damages claimed, but shall, instead, contain a general allegation of damage and shall state that the damages claimed are within any minimum or maximum jurisdictional limits of the court to which the pleading is addressed. At any time after service of the pleading, the defendant may, by special interrogatory, demand a statement of the amount of damages claimed by the plaintiff, which shall be answered within fifteen (15) days. The information provided in the response to the special interrogatory shall not be admissible into evidence at trial, nor shall it be communicated to the jury by argument or otherwise, nor shall it affect or limit the verdict rendered by the jury or the judgment issued by the court, in accordance with Idaho rule of civil procedure 54(c).

SECTION 10. That Chapter 3, Title 5, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 5-336, Idaho Code, and to read as follows:
5-336. DEMAND FOR JUDGMENT -- DEFAULT JUDGMENTS. A judgment by default shall not be different in kind from or exceed in the amount that prayed for in the demand for judgment. Except as to a party against whom a judgment is entered by default, every final judgment shall grant the relief to which the party in whose favor it is rendered is entitled, even if the party has not demanded such relief in his pleading. Provided, however, if a judgment by default is entered in any claim for relief for personal injury or death pursuant to Idaho rule of civil procedure 8(a)(1), after default is entered, the court shall conduct such hearings or order such reference as it deems necessary and proper pursuant to Idaho rule of civil procedure 55(b)(2) to determine the appropriate amount of damages.

SECTION 11. That Title 12, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 3, Title 12, Idaho Code, and to read as follows:

CHAPTER 3
INTEREST ON OFFERS OF SETTLEMENT

12-301. INTEREST ON OFFERS OF SETTLEMENT. (a) After commencement of any civil action based upon a claim for relief arising in tort, from property damage, personal injury or wrongful death, any claimant may, at any time, no later than ten (10) days before the trial, serve upon an adverse party, a written offer of settlement, offering to settle his claim in such action and to stipulate to a judgment for a sum certain, including any attorney fees allowable by law and costs of litigation then accrued.

(b) If the adverse party, at any time after service of such offer of settlement and prior to its revocation, serves written notice that the offer is accepted, either party may then file the offer and notice of acceptance, together with proof of service thereof, and thereupon judgment shall be entered for the amount of the offer. In the event that an offer of settlement is revoked by a claimant or not accepted, evidence of the offer is not admissible except in a proceeding to determine costs or to award interest pursuant to this section.

(c) If such offer of settlement is not accepted prior to trial pursuant to subsection (b) above, and the action reaches a final judgment by the court after trial, the court shall inquire as to whether any prevailing claimant made an offer of settlement, pursuant to subsection (a) of this section, which an adverse party failed to accept. If the court finds that such claimant has recovered an amount equal to or greater than his offer of settlement, the court shall add to the judgment, annual interest on the amount contained in such offer, computed from the date that the offer of settlement was served and shall enter judgment accordingly. For purposes of such computation, the last offer of settlement which was equal to or less than the damages awarded such claimant, together with the costs and attorney fees, if any, awarded to him shall be used. A subsequent offer made pursuant to subsection (a) revokes any previous offer.

(d) For purposes of this section, "annual interest" shall mean the rate specified in section 28-22-104(2), Idaho Code.
12-302. EFFECT ON CIVIL RULES. This chapter shall not amend rule 68 of the Idaho rules of civil procedure.

(2) Failing to acknowledge and act reasonably promptly upon communications with respect to claims arising under insurance policies;

(3) Failing to adopt and implement reasonable standards for the prompt investigation of claims arising under insurance policies;

(4) Refusing to pay claims without conducting a reasonable investigation based upon all available information;

(5) Failing to affirm or deny coverage of claims within a reasonable time after proof of loss statements have been completed;

(6) Not attempting in good faith to effectuate prompt, fair and equitable settlements of claims in which liability has become reasonably clear;

(7) Compelling insureds to institute litigation to recover amounts due under an insurance policy by offering substantially less than the amounts ultimately recovered in actions brought by such insureds;

(8) Attempting to settle a claim for less than the amount to which a reasonable man would have believed he was entitled by reference to written or printed advertising material accompanying or made part of an application;

(9) Attempting to settle claims on the basis of an application which was altered without notice to, or knowledge or consent of the insured;

(10) Making claims payments to insureds or beneficiaries not accompanied by a statement setting forth the coverage under which the payments are being made;

(11) Making known to insureds or claimants a policy of appealing from arbitration awards in favor of insureds or claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration;

(12) Delaying the investigation or payment of claims by requiring an insured, claimant, or the physician of either to submit a preliminary claim report and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information;
(13) Failing to promptly settle claims, where liability has become reasonably clear, under one portion of the insurance policy coverage in order to influence settlements under other portions of the insurance policy coverage; or

(14) Failing to promptly provide a reasonable explanation of the basis in the insurance policy in relation to the facts or applicable law for denial of a claim or for the offer of a compromise settlement.

Failure by the insurer to comply with the requirements of this paragraph shall be a violation of the

section. Payments to representatives shall be made monthly.

   a. From the first $20,000 of gross daily receipts, the
      licensee shall retain seventeen and three-quarters per cent
      (17.75%);
   b. From the next $10,000 of gross daily receipts (gross
daily receipts between $20,000 and $30,000), the public
school income fund shall receive one-quarter of one per cent
(.25%), and the licensee shall retain seventeen and one-half
per cent (17.50%);
c. From the next $10,000 of gross daily receipts (gross daily receipts between $30,000 and $40,000), the public school income fund shall receive one and one-quarter per cent (1.25%), and the licensee shall retain sixteen and one-half per cent (16.50%).

d. From all amounts of over $40,000 of gross daily receipts, the public school income fund shall receive two and one-quarter per cent (2.25%), and the licensee shall retain fifteen and one-half per cent (15.50%).

The public schools’ share shall be paid by the licensee to the horse racing commission for deposit in the public school income fund. The licensee’s percentage shall be retained by the licensee.

(C) Such licensee may retain the odd cents of all redistribution to be based on each dollar deposited exceeding a sum equal to the next lowest multiple of ten (10), known as breakage, and the total amount of unclaimed tickets at the termination of the time allowed by rule and regulation of the commission.

(D) Moneys paid to the horse racing commission pursuant to the provisions of subsection (A) of this section, from daily double, exacta, trifecta or quinella pools shall be deposited in the Idaho centennial futurity account, which is hereby created in the dedicated fund. The account may receive gifts, donations or assignments from any other source. Moneys in the account are reserved exclusively for the payment of preliminary expenses, promotional expenses, operational expenses, and purses to conduct Idaho centennial futurity races for Idaho bred horses during this state’s centennial celebration at sites licensed by the commission for that purpose. The horse racing commission shall coordinate all activities leading up to the centennial futurity races with the Idaho centennial commission. Moneys in the account are hereby appropriated to the horse racing commission for such purposes.

(E) Following the last Idaho centennial futurity race in 1990, the moneys that have been deducted for deposit in the Idaho centennial futurity account shall cease to be deducted for that purpose and shall be added to winner’s pool for that race.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

THE IDAHO CODE AS A PERMISSIBLE METHOD OF LETTING PUBLIC WORKS CONTRACTS FOR BID; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 57, Title 67, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 67-5711A, Idaho Code, and to read as follows:

67-5711A. DESIGN-BUILD CONTRACTING AUTHORIZED. Notwithstanding any other provisions of law to the contrary, the director of the department of administration, or his designee, is authorized and empowered, subject to the approval of the permanent building fund council, to employ the use of the design-build method of construction in the letting of any and all contracts for the construction, alteration, equipping, furnishing and repair of any and all buildings, improvements, or other public works of the state of Idaho. For the purposes of this section, a design-build contract is a contract between the state of Idaho and a nongovernmental party in which the nongovernmental party contracting with the state of Idaho agrees to both design and build the structure, roadway, or other items specified in the contract.

SECTION 2. That Section 67-2309, Idaho Code, be, and the same is hereby amended to read as follows:

67-2309. WRITTEN PLANS AND SPECIFICATIONS FOR WORK TO BE MADE BY OFFICIALS — AVAILABILITY. All officers of the state of Idaho, the separate counties, cities, towns, villages or school districts within the state of Idaho, all boards or trustees thereof or other persons required by the statutes of the state of Idaho to advertise for bids on contracts for the construction, repair or improvement of public works, public buildings, public places or other work, shall make written plans and specifications of such work to be performed or materials furnished, and such plans and specifications shall be available for all interested and prospective bidders therefor, providing that such bidders may be required to make a reasonable deposit upon obtaining a copy of such plans and specifications; all plans and specifications for said contracts or materials shall state, among other things pertinent to the work to be performed or materials furnished, the number, size, kind and quality of materials and service required for such contract, and such plans and specifications shall not specify or provide the use of any articles of a specific brand or mark, or any patented apparatus or appliances when other materials are available for such purpose and when such requirements would prevent competitive bidding on the part of dealers or contractors in other articles or materials of equivalent value, utility or merit. The design-build method of construction may be employed by public officials in contracts for the construction, repair, or improvement of public works, public buildings, public places or other work. For purposes of this section, a design-build contract is a contract between a public entity and a non-
governmental party in which the nongovernmental party contracting with the public entity agrees to both design and build a structure, roadway or other item specified in the contract. In any action which shall arise under this section, the court may assess a civil penalty not to exceed five hundred dollars ($500) to be paid by the public entity.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

28-9-109. CLASSIFICATION OF GOODS -- "CONSUMER GOODS" -- "EQUIPMENT" -- "FARM PRODUCTS" -- "INVENTORY." Goods are:

(1) "Consumer goods" if they are used or bought for use primarily for personal, family or household purposes;

(2) "Equipment" if they are used or bought for use primarily in business (including farming or a profession) or by a debtor who is a nonprofit organization or a governmental subdivision or agency or if the goods are not included in the definitions of inventory, farm products or consumer goods;

(3) "Farm products" if they are crops or livestock or supplies used or produced in farming operations, or if they are products of crops or livestock in their unmanufactured states (such as ginned cotton, woolclip, maple syrup, milk and eggs), and if they are in the possession of a debtor engaged in raising, fattening, grazing or other farming operations. If goods are farm products they are neither equipment nor inventory;

(4) "Inventory" if they are held by a person who holds them for sale or lease or to be furnished under contracts of service or if he has so furnished them, or if they are raw materials, work in process or materials used or consumed in a business including feed used in farming operations. Inventory of a person is not to be classified as his equipment.

SECTION 4. That Section 28-9-110, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-110. SUFFICIENCY OF DESCRIPTION. For the purposes of this chapter any description of personal property is sufficient whether or not it is specific if it reasonably identifies what is described; provided, however, that, except as provided in section 28-9-402(9)(f), any description of real property be a legal description, that is, a description setting forth a United States government subdivision, the lot and block of a private subdivision, or metes and bounds of the premises affected by the security interest and tied to primary control points which include either a section corner, quarter-section corner or meander corner according to United States government survey.

SECTION 5. That Section 28-9-307, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-307. PROTECTION OF BUYERS OF GOODS. (1) A buyer in ordinary course of business (subsection (9) of section 28-1-201) other than a person buying farm products from a person engaged in farming operations takes free of a security interest created by his seller even though the security interest is perfected and even though the buyer knows of its existence. A buyer who, in the ordinary course of business, buys farm products from a person engaged in farming operations, shall take free of a security interest created by his seller; and a commission merchant or selling agent who in the ordinary course of business sells farm products for a person engaged in farming operations, shall take and sell free of a security interest created by his
seller, even though the security interest is perfected and the buyer or commission merchant or selling agent knows of the existence of such interest, if he has registered with the secretary of state pursuant to section 28-9-407(4) and the security interest is not listed on the most recent master list or cumulative supplement distributed by the secretary of state pursuant to section 28-9-407(5), unless he has received written notification (as that term is used in applicable federal law and regulation) of the security interest from the secretary of state, his seller, or the secured party.

(2) In the case of consumer goods, a buyer takes free of a security interest even though perfected if he buys without knowledge of the security interest, for value and for his own personal, family or household purposes unless prior to the purchase the secured party has filed a financing statement covering such goods.

(3) A buyer other than a buyer in ordinary course of business (subsection (1) of this section) takes free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the purchase, or more than forty-five (45) days after the purchase, whichever first occurs, unless made pursuant to a commitment entered into without knowledge of the purchase and before the expiration of the forty-five (45) day period.

SECTION 6. That Section 28-9-401A, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-401A. CONTINUATION OF FINANCING STATEMENTS AFTER DECEMBER 22, 1986 -- PLACE OF FILING -- DURATION AND PRIORITY. (1) Except as provided in subsections (2), (3) and (4) of this section, the following rules shall apply to a financing statement or continuation statement that was properly filed before December 23, 1986, in the office of a county recorder, but which, if filed after December 22, 1986, would be required by section 28-9-401, to be filed in the office of the secretary of state except as provided in section 28-9-402(9):

(1a) Such financing statement shall remain effective until it lapses as provided in section 28-9-403.

(1b) The effectiveness of such a financing statement may be continued only by filing a continuation statement in the office of the secretary of state that provides the name and address of the debtor and secured party, indicates the county where the financing statement is filed, complies with the requirements of section 28-9-403, and either:

   (ai) Indicates the types or describes the items of collateral included in the original financing statement as modified by any releases or amendments; or
   (abi) Has attached a copy of the originally filed financing statement together with amendments, assignments and releases affecting it. A continuation statement filed as provided in this subsection may be further continued by a continuation statement that complies with the requirements of section 28-9-403.

(3c) Such a financing statement can be terminated, assigned, released or amended only by an appropriate filing in the offices
of the county recorder where it is filed, except that if such a financing statement has been continued as provided in subsection (2) of this section, it can thereafter be terminated, assigned, released or amended only by an appropriate filing in the office of the secretary of state.

(2) Subject to the rules governing priorities contained in section 28-9-312, in the case of a financing statement for farm products which was properly filed before December 23, 1986, in the office of a county recorder, such financing statement shall remain effective until it lapses, except as against a buyer, commission merchant or selling agent in the ordinary course of business.

(3) A financing statement relating to farm products shall have been timely continued if a financing statement relating to the same security interest and security, has been filed with the secretary of state pursuant to section 28-9-402(9), prior to the date upon which such financing statement would have lapsed as a county filing pursuant to section 28-9-403(2).

(4) In the case of financing statements for farm products properly filed in the office of the secretary of state pursuant to section 28-9-402(9), for the purpose of continuing the perfection of a security interest after December 22, 1986, which had previously been perfected by filing in the office of the proper county recorder, and which had not lapsed, the order of perfection shall be governed by the date and time of filing of the prior financing statement in the office of the county recorder subject to the rules governing priorities contained in section 28-9-312. A financing statement for farm products filed in the office of the secretary of state prior to December 23, 1986, shall have a filing date and time of 12:01 A.M., December 23, 1986.

SECTION 7. That Section 28-9-402, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-402. FORMAL REQUISITES OF FINANCING STATEMENTS -- AMENDMENTS -- MORTGAGE AS FINANCING STATEMENT. (1) Except as provided in subsection (9) of this section, a financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, or when the financing statement is filed as a fixture filing (section 28-9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photo-
graphic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this state.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in

(a) Collateral already subject to a security interest in another jurisdiction when it is brought into this state, or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances; or

(b) Proceeds under section 28-9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or

(c) Collateral as to which the filing has lapsed; or

(d) Collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor) ...........................................
Address .................................................................
Name of secured party (or assignee) ................................
Address .................................................................

1. This financing statement covers the following types (or items) of property:
(Describe) ..............................................................

2. (If applicable) The above goods are to become fixtures on:
(Describe Real Estate) ..................................................

and this financing statement is to be filed in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is ..........................

3. (If the collateral is timber to be cut) The above described timber is standing on:
(Describe Real Estate) ..................................................

and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is ..........................

4. (If the collateral is minerals or the like) The above described minerals (or the like) are located on:
(Describe Real Estate) ..................................................

and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is ..........................

5. (If products of collateral are claimed) Products of the collateral are also covered. Signature of Debtor (or Assignor, whichever is applicable) ...........................................

Signature of Secured Party (or Assignee) ..........................

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any
amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this chapter, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, or a financing statement filed as a fixture filing (section 28-9-313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if (a) the goods are described in the mortgage by item or type, (b) the goods are or are to become fixtures related to the real estate described in the mortgage, (c) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, (d) the mortgage is duly recorded, and (e) the mortgage is filed in the same manner as a financing statement.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or names of partners. Where the debtor so changes his name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four (4) months after the change, unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.

(9) A financing statement for farm products is sufficient if it contains the following information:
(a) The name and address of the debtor;
(b) The debtor's signature;
(c) The name, address, and signature of the secured party;
(d) The social security number of the debtor, or in the case of a debtor doing business other than as an individual, the debtor's Internal Revenue Service taxpayer identification number;
(e) A description by category of the farm products subject to the security interest and the amount of such products (where applicable);
(f) A reasonable description of the real estate (including county) where the farm products are produced or located. This
A financing statement described in subsection (9) must be amended in writing within three (3) months, and similarly signed and filed, to reflect any material changes. In the event such form is not incorporated within the financing statement, the effectiveness and continuation of that form is to be treated as if it were a part of the financing statement with which it is filed.

SECTION 8. That Section 28-9-403, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-403. WHAT CONSTITUTES FILING -- DURATION OF FILING -- EFFECT OF LAPPED FILING -- DUTIES OF FILING OFFICER. (1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this chapter.

(2) Except as provided in subsection (6) a filed financing statement is effective for a period of five (5) years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five (5) year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of sixty (60) days or until expiration of the five (5) year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six (6) months prior to the expiration of the five (5) year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 28-9-405, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five (5) years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if he has retained a microfilm or other photographic record, or in other cases after one (1) year after the lapse. The filing officer shall so arrange matters by physical annexation of financing state-
ments to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than five (5) years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained.

(4) A filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statement according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement, or the filing officer shall file one (1) copy of the statement in a file arranged by the name of the debtor and a second copy in a file arranged by document number.

(5) The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement or for a continuation statement shall be two dollars ($2.00) if the statement is in the standard form prescribed by the secretary of state and otherwise shall be three dollars ($3.00), plus in each case, if the financing statement is subject to subsection (5) of section 28-9-402, the regular recording fee with respect to a mortgage. The uniform fee for filing a mortgage as a financing statement pursuant to subsection (6) of section 28-9-402 shall be three dollars ($3.00) in addition to the regular recording fee charged for recording the mortgage. The uniform fee for each name more than one (1) required to be indexed shall be two dollars ($2.00). The secured party may at his option show a trade name for any person and an extra uniform indexing fee of two dollars ($2.00) shall be paid with respect thereto. A uniform fee of one dollar ($1.00) shall be charged for each page attached to the financing statement.

The secretary of state shall, by duly adopted administrative rule, establish a fee schedule for filing and indexing and other matters relating to filing as are described in this subsection (5) for financing statements for farm products and for public access to the secretary of state's files which are open to public inspection as required by subsection (4) of this section. A secured party shall provide an itemization of fees paid by that secured party for filing, searches or other matters relating to filing of financing statements for farm products, security interests relating to that debtor.

(6) If the debtor is a transmitting utility (subsection (5) of section 28-9-401), and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subsection (6) of section 28-9-402, remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fash-
ion as if they were the mortgagors in a mortgage of the real estate
described, and, to the extent that the law of this state provides for
indexing of mortgages under the name of the mortgagee, under the name
of the secured party as if he were the mortgagee thereunder, or where
indexing is by description in the same fashion as if the financing
statement were a mortgage of the real estate described.

SECTION 9. That Section 28-9-404, Idaho Code, be, and the same is
hereby amended to read as follows:

28-9-404. TERMINATION STATEMENT. (1) If a financing statement
covering consumer goods is filed on or after July 1, 1978, then within
one (1) month or within ten (10) days following written demand by the
debtor after there is no outstanding secured obligation and no commit­
ment to make advances, incur obligations or otherwise give value, the
secured party must file with the filing officer with whom the financ­
ing statement was filed, a termination statement to the effect that he
no longer claims a security interest under the financing statement,
which shall be identified by file number. In other cases when within
one (1) month after there is no outstanding secured obligation and no
commitment to make advances, incur obligations or otherwise give
value, the secured party must file with the filing officer with whom
the financing statement was filed, a termination statement to the
effect that he no longer claims a security interest under the financ­
ing statement. A termination statement signed by a person other than
the secured party of record must be accompanied by a separate written
statement of assignment signed by the secured party of record and
complying with subsection (2) of section 28-9-405, including payment
of the required fee. If the affected secured party fails to file such
a termination statement for a financing statement covering consumer
goods within ten (10) days after proper demand therefor, or to send
such a termination statement for a financing statement covering other
forms of collateral within the time provided in this section, he shall
be liable to the debtor for one hundred dollars ($100), and in addi­
tion for any loss caused to the debtor by such failure.

(2) On presentation to the filing officer of such a termination
statement he must note it in the index. If he has received the termi­
nation statement in duplicate, he shall return one (1) copy of the
termination statement to the secured party stamped to show the time of
receipt thereof. If the filing officer has a microfilm or other photo­
graphic record of the financing statement, and of any related continu­
ation statement, statement of assignment and statement of release, he
may remove the originals from the files at any time after receipt of
the termination statement, or if he has no such record, he may remove
them from the files at any time after one (1) year after receipt of
the termination statement.

(3) If the termination statement is in the standard form pre­
scribed by the secretary of state, there shall be no fee for filing
and indexing the termination statement (including sending or deliv­
ering the financing statement), and otherwise shall be one dollar
($1.00).
SECTION 10. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 1987.

CHAPTER 285
(S.B. No. 1195, As Amended in the House)

AN ACT
RELATING TO THE MINT COMMISSION; AMENDING SECTION 22-3806, IDAHO CODE, TO GIVE THE COMMISSION POWER TO ASSESS A LEVY AND TO INCREASE THE ASSESSMENT THE COMMISSION IS EMPOWERED TO LEVY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 22-3806, Idaho Code, be, and the same is hereby amended to read as follows:

22-3806. ASSESSMENT IMPOSED — REQUIREMENTS — "GROWER'S ACREAGE" — ADDITIONAL ASSESSMENT — REFERENDUM. (1) There is hereby levied empowered to levy an assessment of not to exceed two cents (2¢) per pound on each pound of essential oil handled in the primary channels of trade.

(2) This assessment may be increased to not exceed a total assessment of five cents (5¢) per pound as determined by a two-thirds (2/3) affirmative vote of the growers voting or a majority of the acreage voting in a referendum to be conducted by mail by the commission. The amount of any increased assessment, if any, shall be determined by resolution of the commission after February 1st or before July 1st of each year. The term "acreage" for the purposes of this subsection, means the number of acres of mint produced by a grower during the calendar year immediately next preceding each annual registration of growers as herein provided. Each grower, whether an individual, a partnership, a corporation, an association or other business unit, shall have one (1) vote at such referendum. No grower shall vote at any such referendum during any year unless such grower has, after January 1st but prior to January 15th of such year, registered with the commission on forms to be supplied by the commission giving such grower's name, mailing address and acreage, except that for the calendar year in which this subsection takes effect, the periods for the registration of growers shall be the fifteen (15) days immediately succeeding the effective date of this subsection. The qualification of any grower to vote or the amount of such grower's acreage as shown by such grower's registration may be challenged by any other grower qualified to vote or any member of the commission. All such challenges shall be presented to the commission in writing within ten (10) days after the close of registration and shall be heard and determined by the commission prior to canvassing the returns of any such referendum.
After the adoption of a resolution by the commission fixing the amount of the additional assessment to be submitted to a referendum of the growers, the commission shall cause to be mailed by United States registered mail to each grower so registered, at the address appearing on such grower's registration, a ballot setting forth the name of such grower, the grower's acreage, a copy of the resolution so adopted, and the words, "For additional assessment as provided in the foregoing resolution," followed by a circle and the words "Against the additional assessment as provided in the foregoing resolution," followed by a circle and such ballot shall provide a space at the bottom thereof for the grower's signature. A grower desiring to vote upon the amount of the additional assessment shall mark the ballot received to express the grower's vote, shall sign the ballot and shall return the ballot to the commission within twenty (20) days after the date on which the ballot was mailed to the grower by the commission. Any ballot which is not returned within such time limit, or which is not voted, or which is not signed, or which is marked both for and against the question submitted, shall be deemed not to have been voted and shall not be counted for any purpose. The commission shall meet and canvass all ballots cast at any such referendum within ten (10) days after the date by which all ballots are herein required to be returned to the commission. Upon the canvass, if the commission finds that two-thirds (2/3) or more of the growers voting at such referendum have voted in favor of the amount of such additional assessment or that growers representing a majority or more of the production of all growers voting at such referendum have voted in favor of the amount of such additional amount assessment, then the amount of such additional assessment shall have been approved, but if the commission finds otherwise, then the amount of such additional assessment shall have failed. The commission shall record the results of each canvass in its official records and shall retain all election records, grower registrations and the ballots for one (1) year after the date of such canvass when it may cause the same to be destroyed. If the canvass shows that the amount of such additional assessment shall have been approved, the commission shall immediately adopt a resolution levying the amount thereof. Such additional assessment when so levied shall apply only to the pounds of mint grown during the calendar year in which the referendum approving the same was held, but shall so apply regardless of the calendar year in which such essential oils are first handled in the primary channels of trade. If the canvass shows that the amount of such additional assessment shall have failed, the commission shall not levy the amount thereof, but the commission may resubmit the same or another amount for such additional assessment to the growers by referendum as herein provided as often as the commission deems necessary.

(3) All assessments levied under this act shall be due on or before the time when such essential oils are first handled in the primary channels of trade and shall be paid not later than the last day of the month next succeeding the month in which such essential oils were first handled in the primary channels of trade.

(4) The assessment constitutes a lien prior to all other liens and encumbrances upon such essential oils except liens which are
declared prior by operation of a statute of this state, but payment of
the assessment by either grower or dealer who first handled such
essential oils shall not subject such grower or dealer to liability
for a lien prior to the lien herein imposed unless actual notice of
such prior lien has been made upon such grower or dealer.

(5) The commission by order may cancel an assessment which has
been delinquent for five (5) years or more if it determines that: (a)
the amount of the assessment is less than one dollar ($1.00), and that
further collection effort or expense does not justify the collection
thereof, or the assessment is wholly uncollectible.

39-301. DECLARATION OF POLICY. It is the policy of this state that alcoholics and intoxicated persons or drug addicts may not be subjected to criminal prosecution or incarceration solely because of their consumption of alcoholic beverages or addiction to drugs but rather should be afforded treatment in order that they may lead normal lives as productive members of society.

To achieve this, it is necessary that existing fragmented, uncoordinated and duplicative alcoholism and drug treatment programs be merged into a comprehensive and integrated system for the prevention, treatment and rehabilitation of alcoholics.

(b) A person who appears to be incapacitated by alcohol or drugs shall be taken into protective custody by a law enforcement officer and forthwith brought to an approved treatment facility for emergency treatment. A person may consent to remain in the facility as long as the person in charge believes appropriate.

(e) If a patient is admitted to an approved treatment facility, his family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, his request shall be respected.

(f) Law enforcement officers, personnel of the department, and personnel of an alcohol or drug treatment facility who act in compliance with this section are acting in the course of their official duty and are not criminally or civilly liable therefor.

(g) If the person in charge of the approved treatment facility determines it is for the patient's benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment.

(h) That any person taken to a seventy-two (72) hour evaluation and treatment facility shall be informed immediately that he has the right to request and take a chemical test in order to ascertain whether he is an intoxicated or addicted person. If the person requests to take the test and the professional person in charge of the facility then determines that the person taken to the facility is not intoxicated or addicted, he shall immediately release him. Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-4302, Idaho Code, be, and the same is hereby amended to read as follows:

41-4302. PURPOSE. The purpose of this act is to protect policyowners, insureds, beneficiaries, annuitants, payees, and assignees of life insurance policies, health insurance policies, annuity contracts, and supplemental contracts, subject to certain limitations, against failure in the performance of contractual obligations due to the impairment of insolvency of the insurer issuing such policies or contracts. To provide this protection, (1) an association of insurers is created to enable the guaranty of payment of benefits and of continuation of coverages, to residents, (2) members of the association are subject to assessment to provide funds to carry out the purpose of this act, and (3) the association is authorized to assist the director in the prescribed manner, in the detection and prevention of insurer impairments or insolvencies.

SECTION 2. That Section 41-4308, Idaho Code, be, and the same is hereby amended to read as follows:

(a) Guarantee or reinsure, or cause to be guaranteed, assumed, or reinsured, any or all of the covered policies of residents of the impaired insurers;

(c) Loan money to the impaired insurer.
(d) This chapter shall provide coverage for the policies and contracts specified in subsection (1), for persons who are not residents, but only under the following conditions:

Provided, however, that this subsection shall not apply where the director has determined that the foreign or alien insurer's domiciliary jurisdiction or state of entry provides, by statute, protection substantially similar to that provided by this act for residents of this state.

(4) (a) In carrying out its duties under subsections (2) and (3) of this section, permanent policy liens, or contract liens may be imposed in connection with any guarantee, assumption or reinsurance agreement, if the court:

(i) Finds that the amounts which can be assessed under this act are less than the amounts needed to assure full and prompt performance of the insolvent insurer's contractual obligations, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of policy or contract liens, to be in the public interest; and

(ii) Approves the specific policy liens or contract liens to be used.

(b) Before being obligated under subsections (2) and (3) of this section the association may request that there be imposed temporary moratoriums or liens on payments of cash values and policy loans in addition to any contractual provisions for deferral of cash or policy loan values and such temporary moratoriums and liens may be imposed if they are approved by the court.

The association may require an assignment to it of such rights by any payee, policy or contract owner, beneficiary, insured or annuitant as a condition precedent to the receipt of any rights or benefits conferred by this act upon such person. The association shall be subrogated to these rights against the assets of any insolvent insurer.

(b) The subrogation rights of the association under this subsection shall have the same priority against the assets of the insolvent insurer as that possessed by the person entitled to receive benefits under this act.

(9) The contractual obligations of the insolvent insurer for which the association becomes or may become liable shall be as great as but no greater than the contractual obligations of the insolvent insurer would have been in the absence of an insolvency unless such obligations are reduced as permitted by subsection (4) of this section but the aggregate liability of the association shall not exceed one hundred thousand dollars ($100,000) in cash values, or three hundred thousand dollars ($300,000) for all benefits, including cash values, with respect to any one life.

(10) The association may:
(a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this act;
(b) Sue or be sued, including taking any legal actions necessary or proper for recovery of any unpaid assessments under section 41-4309, Idaho Code;

The cost of such examination shall be paid by the association and the examination report shall be treated as are other examination reports. In no event shall such examination report be released to the board of directors prior to its release to the public, but this shall not preclude the director from complying with subsection (1) of this section. The director shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the director but it shall not be open to public inspection prior to the release of the examination report to the public.

The board of directors shall immediately following each annual meeting of stockholders organize and elect a president, vice-president and cashier, who may also be the secretary and treasurer of the bank, and such other officers as shall be provided for in the bylaws, and shall fix the salary of all officers and employees or delegate such authority to its managing officer or officers. Directors of every bank shall hold at least ten (10) meetings per year; provided, no more than sixty-five (65) days may elapse between board of directors meetings, and complete records of such meetings shall be entered in the minute book and signed by both the chairman and the secretary.

(4) Whenever a vote is taken upon any matter, a record shall be kept and entered in the minutes of those voting in the affirmative and those voting in the negative. At every meeting it shall be the duty of the directors to familiarize themselves with loans and investments made since the previous regular meeting and any director may request a listing of all loans made since the previous regular meeting. (6) Every director shall take and subscribe an oath that he will diligently and honestly perform his duty in such office and will not knowingly violate or permit a violation of any provisions of the bank act, and such oath of office shall be transmitted to and filed with the department of finance. (H.B. No. 229)

AN ACT
RELATING TO THE ACQUISITION OF FINANCIAL INSTITUTIONS; AMENDING SECTION 26-2603, IDAHO CODE, TO DEFINE WHEN A BANK MAY BE DETERMINED TO BE FAILING; AMENDING SECTION 26-2605, IDAHO CODE, TO DELETE REQUIREMENTS THAT ACQUIRING INSTITUTIONS BE FROM CONTIGUOUS STATES WHICH GRANT AUTHORITY FOR IDAHO INSTITUTIONS TO ACQUIRE INSTITUTIONS ON SIMILAR TERMS; AMENDING SECTION 26-2607, IDAHO CODE, TO AUTHORIZE THE DIRECTOR OF THE DEPARTMENT OF FINANCE TO DETERMINE FAILING FINANCIAL INSTITUTIONS, AND TO SOLICIT OFFERS AND AUTHORIZE ACQUISITIONS BY FINANCIAL INSTITUTIONS AND HOLDING COMPANIES ORGANIZED AND OPERATING UNDER STATE OR FEDERAL LAW; AMENDING SECTION 26-2612, IDAHO CODE, TO CLARIFY SEVERABILITY; DECLARING AN EMERGENCY FOR CERTAIN PORTIONS OF THE ACT AND PROVIDING EFFECTIVE DATES FOR OTHER PORTIONS OF THE ACT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 26-2603, Idaho Code, be, and the same is hereby amended to read as follows:

26-2603. DEFINITIONS. As used in this chapter:
(1) "Applicant" means an out-of-state financial institution or an out-of-state financial institution holding company which has submitted an application under section 26-2605, Idaho Code.
(2) "Control." A person has "control" of a financial institution or financial institution holding company if the person:
(a) Directly or indirectly, owns, controls or has the power to vote twenty-five percent (25%) or more of any class of voting securities of the financial institution or financial institution holding company;
(b) The person, directly or indirectly, controls the election of a majority of the directors or trustees of the financial institution or financial institution holding company; or
(c) The person, directly or indirectly, directs or exercises a controlling influence over the management or policies of the financial institution or financial institution holding company.

There is a rebuttable presumption that a person has control of a financial institution or financial institution holding company if the person owns, controls or has the power to vote five percent (5%) or more of the voting securities of the financial institution or financial institution holding company. Owning voting securities in a fiduciary capacity does not constitute "control" unless the director determines, after notice and an opportunity for hearing, that the person exercises a controlling influence over the management or policies of the financial institution or financial institution holding company. No person shall be deemed to have control of a financial institution or financial institution holding company by virtue of the person's ownership or control of shares acquired by him in connection
with his underwriting of shares in the financial institution or financial institution holding company which are held only for such period of time as will permit the sale thereof on an orderly and reasonable basis, and no person shall be deemed to have control of a financial institution or financial institution holding company by virtue of his ownership or control of shares acquired and held in the ordinary course of securing or collecting a debt previously contracted in good faith and which is held only for such period of time as will permit the sale thereof on an orderly and reasonable basis, which period of time shall have a duration of no more than two (2) years.

(3) "Director" means the director of the department of finance.

(4) "Financial institution" means any state bank, national bank, trust company, association, federal association, or credit union, as those terms are defined in title 26, Idaho Code, or any federal credit union organized under the federal credit union act (12 U.S.C. section 1751, et seq.). The term also includes any other institution which holds and receives deposits, savings or share accounts; issues certificates of deposit; or provides to its customers any deposit accounts which are subject to withdrawal by check, instrument, order or electronic means to effect third-party payments.

(5) "Financial institution holding company" means a person, other than an individual, that has or acquires control over any financial institution.

(6) "Idaho financial institution" means a financial institution whose operations are principally conducted in this state.

(7) "Idaho financial institution holding company" means a financial institution holding company whose principal place of business is, and whose operations are principally conducted in, this state. "Idaho financial institution holding company" also means an out-of-state financial institution holding company which lawfully has control of an Idaho financial institution on the effective date of this chapter.

(8) "In danger of failing" means a financial institution is in danger of failing if: (i) the financial institution is not likely to be able to meet the demands of its depositors or pay its obligations in the normal course and there is no reasonable prospect for it to do so without federal or other governmental assistance; or (ii) the financial institution has incurred or is likely to incur losses that will deplete all or substantially all of its capital and there is no reasonable prospect for replenishing the financial institutions' capital without federal or other governmental assistance.

(9) "Person" means a natural person, corporation, partnership, association, cooperative association, unincorporated association, trust or any other legal or commercial entity.

(10) "Principally conducted." The operations of a financial institution are "principally conducted" in the state in which the total deposits of the financial institution are largest. The operations of a financial institution holding company are principally conducted in the state in which the financial institution holding company's financial institution subsidiary having the largest percentage of the total deposits of all of the financial institution subsidiaries of the holding company is located.

(11) "Out-of-state financial institution" means a financial
institution whose operations are principally conducted outside this state.

(12) "Out-of-state financial institution holding company" means a financial institution holding company whose principal place of business is, and whose operations are principally conducted, outside this state.

SECTION 2. That Section 26-2605, Idaho Code, be, and the same is hereby amended to read as follows:

26-2605. ACQUISITION BY OUT-OF-STATE COMPANY. (1) If an application has been submitted by such out-of-state financial institution or out-of-state financial institution holding company to, and prior written approval has been obtained from the director, pursuant to section 26-2606, Idaho Code, an out-of-state financial institution or an out-of-state financial institution holding company may:

(a) Acquire control of;
(b) Acquire all or substantially all of the assets of;
(c) Merge or consolidate with; or
(d) Assume the deposit liabilities of an Idaho financial institution or an Idaho financial institution holding company if--all the conditions set forth in subsection (2) of this section are met;

(2) (a) An application has been submitted by such out-of-state financial institution or out-of-state financial institution holding company to, and prior written approval has been obtained from, the director, pursuant to section 26-2606, Idaho Code;

(b) (i) In the case of an applicant which is an out-of-state financial institution or its operation shall be principally conducted in Washington, Oregon, Nevada, Utah, Wyoming, or Montana and if--that out-of-state financial institution is controlled directly or indirectly, by one or more out-of-state financial institution holding companies; each such holding company shall also be in compliance with subsection (2)(b)(ii) of this section.

(iii) In the case of an applicant which is an out-of-state financial institution holding company, both--its principal place of business is located in--and its operations are principally conducted in--one (1) of the following states--Washington, Oregon, Nevada, Utah, Wyoming or Montana; and such out-of-state financial institution holding company is not controlled directly or indirectly by an out-of-state financial institution holding company--the operations of which are not principally conducted in--one of those states; and

(c) The director finds that the statutes of the state in which the operations of the out-of-state financial institution are principally conducted or in the case of an out-of-state financial institution holding company, the one (1) state in which the operations are principally conducted and its principal business is located, expressly authorize an--Idaho financial institution or Idaho financial institution holding company to 
(i) Acquire control of;
(ii) Acquire all of the assets of;
(iii) Merge or consolidate with;
(iv) Assume the deposit, liabilities of an out-of-state financial institution whose operations are principally conducted in such state or an out-of-state financial institution holding company whose operations are principally conducted in such state, under terms and conditions substantially comparable to those imposed in this chapter.

SECTION 3. That Section 26-2607, Idaho Code, be and the same is hereby amended to read as follows:

26-2607. ACQUISITION OF FAILING FINANCIAL INSTITUTION. (1) Notwithstanding any provision of the laws of this state to the contrary, if the director determines, in his discretion, that an Idaho financial institution is in danger of failing, or takes possession of a failing Idaho financial institution pursuant to the provisions of title 26, Idaho Code, and if the director deems it to be in the public interest and necessary to protect depositors, creditors and other customers of that financial institution, the director may solicit offers from, and authorize or require the acquisition of such failing Idaho financial institution by an out-of-state financial institution or by an out-of-state financial institution holding company organized and operated under the laws of any state or the United States. Acquisition may be through merger, consolidation, purchase of all or substantially all of the assets and assumption of liabilities, or purchase of all or a controlling part of the shares of the acquired institution.

(2) In applying the criteria set forth in subsection (3) of this section, and in evaluating the offers for the acquisition of such failing Idaho financial institutions, the director shall adhere to the following order of preference in approving such acquisition subject to the determination required by subsection (3)(a) of this section:
   (a) First, Idaho financial institutions of the same class or their Idaho financial institution holding companies;
   (b) Second, Idaho financial institutions of a different class or their Idaho financial institution holding companies;
   (c) Third, out-of-state financial institutions of the same class or their out-of-state financial institution holding companies, if the operations of such institutions are principally conducted in Washington, Oregon, Nevada, Utah, Wyoming or Montana or, in the case of their holding companies, both their principal place of business is located in and their operations are principally conducted in one (1) of those states;
   (d) Fourth, out-of-state financial institutions of a different class or their out-of-state financial institution holding companies, if the operations of such institutions are principally conducted in Washington, Oregon, Nevada, Utah, Wyoming or Montana or, in the case of their holding companies, both their principal place of business is located in and their operations are principally conducted in one (1) of those states;

(3) The director may not, under this section, accept any offers
from, or authorize or require any acquisition by an out-of-state financial institution or out-of-state financial institution holding company under this section as described in subsection (1) of this section, unless he finds that:

(a) No Idaho financial institution or Idaho financial institution holding company is willing to acquire the failing Idaho financial institution, on at least as favorable terms as the out-of-state financial institution or out-of-state financial institution holding company is willing to offer;

(b) (i) The operations of the out-of-state financial institution are principally conducted in Washington, Oregon, Nevada, Utah, Wyoming, or Montana; and if the out-of-state financial institution holding company is controlled directly or indirectly by one or more out-of-state financial institution holding companies, each such holding company shall also be in compliance with subsection (3)(b)(ii) of this section;

(ii) In the case of an out-of-state financial institution holding company, both its principal place of business is located in and its operations are principally conducted in Washington, Oregon, Nevada, Utah, Wyoming, or Montana; and such out-of-state financial institution holding company is not controlled directly or indirectly by an out-of-state financial institution holding company the operations of which are not principally conducted in one (i) of those states;

(c) The out-of-state financial institution or out-of-state financial institution holding company has demonstrated an acceptable record of meeting the credit needs of the communities it serves; and

(db) The out-of-state financial institution or out-of-state financial institution holding company has a record of sound performance, capital adequacy, financial capacity and efficient management such that the acquisition would not jeopardize the financial stability of the acquired institution and would not be detrimental to the interests of depositors, creditors, or other customers of the acquired institution or the public interest.

(43) To protect the interest of depositors, creditors and other customers of a failing Idaho financial institution, the director may waive any of the procedures set forth in section 26-2606, Idaho Code, or in any regulation of the department if he deems it necessary to implement the purposes of this section.

SECTION 4. That Section 26-2612, Idaho Code, be, and the same is hereby amended to read as follows:

26-2612. EFFECT—OP—INVALIDITY—OP—PART—OP—THIS—CHAPTER SEVERABILITY. (i†) If a court of competent jurisdiction shall adjudge to be invalid or unconstitutional any clause, sentence, paragraph, section or part of this chapter, except as provided in subsection (ii) of this section, such judgment or decree shall not affect, impair, invalidate or nullify the remainder of this chapter, but the effect thereof shall be confined to the clause, sentence, paragraph, section or part of this chapter so adjudged to be invalid or unconstitutional.
(2) In the event that a final judgment of the highest court to which an appeal may be taken as a matter of right in the state or the United States judicial system of which that court is a part should hold, adjudge or decree that any portion of this chapter is invalid by virtue of the requirement of substantial comparability in section 26-2605(2)(c), Idaho Code, or the limitations of sections 26-2605 and 26-2607, Idaho Code, to persons whose operations are principally conducted in or whose principal place of business is located in the states named in those sections, then the authority granted by this chapter to approve transactions involving out of state financial institutions and out of state financial institution holding companies shall cease; provided, however, that nothing contained in this section shall invalidate any transaction which has been approved prior to any such final judgment.

An emergency existing therefor, which emergency is hereby declared to exist, the amendments to Section 26-2603, Idaho Code, which are enacted by Section 1 of this act, and the amendments to Section 26-2607, Idaho Code, which are enacted by Section 3 of this act, shall be in full force and effect on and after the passage and approval of this act. SECTION 5. That Section 22-2443A, Idaho Code, be, and the same is hereby amended to read as follows:

22-2443A. ENFORCEMENT OF WEED CONTROL IN COUNTY -- COUNTY-WIDE WEED DISTRICT. (1) Each county shall carry out the duties and responsibilities vested in it under this chapter with respect to land under its jurisdiction, in accordance with rules and regulations prescribed by the director. Such duties shall include the establishment of a coordinated program for prevention, control, and eradication of noxious weeds within such county. Each county shall exercise its authority and
responsibility through the board of county commissioners. If at any time the board of county commissioners has failed to carry out its responsibilities, the director shall proceed as provided in section 22-2443(c), Idaho Code; or if the board of county commissioners has failed for a period of sixty (60) days to carry out any program ordered by the director, the provisions of subsection (2) of this section shall apply.

(2) The board of county commissioners may initiate the organization of a county-wide weed district on its own motion or shall provide for the organization of a county-wide weed district within thirty (30) days after presentation of a petition signed by not less than fifty (50) resident real property holders of said county.

(a) If a petition is prepared, it shall be presented to the county clerk and recorder, and the petition shall be signed by not less than fifty (50) of the resident real property holders of the county. The area of the district shall be the same as the county. (b) Upon the filing of the petition, the county clerk shall examine the petition and certify whether the required number of petitioners have signed. If the number of petition signers is sufficient, the clerk shall transmit the petition to the board of county commissioners.

(c) Upon receipt of a duly certified petition, the board of county commissioners shall give notice of an election to be held in the county for the purpose of determining whether or not the proposed district shall be organized and to elect five (5) persons to be the first board of directors for the district. Such notice shall include the date and hours of the election, the polling places, and the names and terms of five (5) persons to be elected to the first board of directors. The names and terms of the persons to be elected to the first board of directors nominated by the county commissioners. These names shall be placed on the ballot with provision for five (5) write-in candidates. The terms of office shall be determined by the board of county commissioners; the terms and shall be staggered so that two (2) terms shall expire on January 1, following the general election occurring next after the organization of the district, and three (3) terms shall expire on January 1, following the second general election occurring after the organization of the district. The notice shall be published once each week for three (3) consecutive weeks prior to such election in a newspaper of general circulation in the county. The election to establish a county-wide weed district may be conducted at any general election.

(d) The election shall be held and conducted as nearly as may be in the same manner as a general election in this state, except that electors need not be registered in order to vote in such election. The board of county commissioners shall appoint three (3) judges, one (1) of whom shall act as clerk for the election. Each elector may be required to take an oath that he is a resident of the county, and otherwise possesses all the qualifications of an elector before casting his vote. (e) The judges of election shall certify the returns of the election to the board of county commissioners. If a majority of the votes cast at said election are in favor of the organization, the board of county commissioners shall declare the district organized, and shall further designate the first board of directors elected.

(f) At the general election occurring next after the organization of a county-wide weed district, and at each general election thereafter, there shall be elected the number of directors of the district whose terms expire on the following January 1. Vacancies in the office of an elected director shall be filled by appointment of the board of county commissioners for the balance of the term.

(g) Not later than sixty (60) days prior to a general election, nomination may be filed with the county clerk and recorder, and if a nominee does not withdraw his name before the first publication of the notice of election, his name shall be placed on the ballot, separate and distinct from all other contests to be voted on at the general election. The conduct of and the results of such election shall be governed by the laws applicable to general elections.

(h) The board of directors of a county-wide weed district shall conduct the affairs of the district, and their authority and responsibility shall be the same as that conferred upon a board of county commissioners by the provisions of this chapter. The board of directors shall receive such compensation and expenses as are fixed by the board of county commissioners.

(i) If the election cannot be held in conjunction with a general election, at the same time as the board of county commissioners gives notice of an election for the organization of a county-wide weed district, the board of county commissioners may require that the petitioners file a bond with the county auditor in an amount sufficient to cover the costs of the election. The county auditor shall estimate the amount of such costs, and the election need not be conducted if such bond has been ordered by the board of county commissioners but has not been filed with the county auditor. The bond shall be made payable to the county noxious weed fund, but shall be enforced only if moneys in the noxious weed fund are insufficient to pay the costs of the election, and then only so much as is necessary to pay the balance of costs not paid from the moneys available in the fund. All costs for all other elections for a county-wide weed district shall be a proper charge against the noxious weed fund.

(44) A county may cooperate with any person or with the federal government in carrying out its duties and responsibilities under this chapter, and shall cooperate with the director in carrying out other acts administered by him.

(45) (a) Each county shall employ one or more weed control superintendents who shall be certified by the director to be qualified to detect and treat noxious weeds. The same person may be a weed control superintendent for more than one (1) county control
authority. Such employment may be for such tenure; and at such
rates of compensation and reimbursement for travel expenses, as
the county may prescribe, and without regard to any provisions of
law relating to age or dual compensation.
(b) Under the direction of the employing county, it shall be the
duty of every weed control superintendent to examine all land
within the county for the purpose of determining whether the
provisions of this chapter and regulations of the director have
been complied with; he shall compile such data on infested areas
and areas eradicated and such other reports as the director or
county may require; consult and advise upon matters pertaining to
the best and most practical methods of noxious weed prevention;
control, and eradication; and render assistance and direction for
the most effective prevention, control, and eradication; investi­
gate or aid in the investigation and prosecution of any violation
of this chapter; assist the county assessor as provided in this
chapter; and perform such other duties as required by the county
in the performance of its duties. Weed control superintendents
shall cooperate and assist one another to the extent practicable.
County weed control superintendents shall supervise the carrying
out of the coordinated prevention; control and eradication program
within the county.
(56) Upon formation of a county-wide weed district, all rights,
title and interest in lands and personal property owned by the county
for weed control purposes shall be transferred to and thereafter be
vested in the board of directors of the weed district, and control
over all moneys in the noxious weed fund shall be transferred to the
board of directors, and within the limits of the law, they may estab­

ferred to and thereafter be vested in the board of county commission­
ers, and control over all moneys in the noxious weed fund shall be
transferred to the board of county commissioners.
SECTION 6. That Section 22-2444, Idaho Code, be, and the same is
hereby amended to read as follows:
22-2444. NOTICES FOR CONTROL AND ERADICATION OF NOXIOUS WEEDS --
EFFECT -- PUBLIC MEETING REQUIRED ON PETITION. (1) Notices for con­
1 trol and eradication of noxious weeds shall consist of two (2) kinds:
notice--of--an-annual-public-meeting-and-individual-notices,-of-a-form
prescribed-by-the-director.--Failure-to-publish-the-notice-of-an-annual

county-in-one-or-more-newspapers-of-general-circulation-throughout-the
area,-or-areas,-over-which-the-county-has-jurisdiction,-at-least-once
a-week-for-two-(2)-weeks,-on-or-before-February-1-of--each--year,-and
shall-state-that-the-weed-program-for-the-year,-with-associated-costs,
The annual meeting shall be held during the month of February. (a) A general notice for control of noxious weeds to be published in a newspaper of general circulation within the county; and (b) individual notices in a form prescribed by the director.

(2) Failure to publish the notice for control or serve individual notices herein provided does not relieve any person from the necessity of full compliance with this chapter and regulations thereunder. In all cases said published notice shall be deemed legal and sufficient notice. The general notice for control shall be published at least one time between March 1st and April 30th and shall contain a list of the Idaho noxious weeds and shall specifically indicate those noxious weeds known to be in or imminently threatening to the county, and shall stipulate the obligation to control.

(3) Whenever any county finds it necessary to secure more prompt or definite prevention, control, or eradication of noxious weeds than is accomplished by the general notice of an annual public meeting, it shall cause individual notices to be served upon the person owning and the person controlling such land, giving specific instructions and methods when and how certain named weeds are to be prevented, controlled, or eradicated. The individual notice shall also contain information concerning the right to appeal pursuant to section 22-2452, Idaho Code. Individual notices shall be applicable only to the current growing season.

Within sixty (60) days of a petition by any affected person, a public meeting shall be held to review the county weed program and allow public comment.

(24) (a) Whenever the owner or person in control of private land on which noxious weeds are present has neglected or failed to initiate control or eradication as required pursuant to this chapter within five (5) working days from receipt of an individual notice given pursuant to this section, the county having jurisdiction shall have proper control and eradication methods used on such land, including necessary destruction of growing crops, and shall advise the owner and person in control of the cost incurred in connection with such operation. The cost of any such control or eradication shall be at the expense of the owner. If unpaid for sixty (60) days or longer, the amount of such expense shall become a lien upon the property and shall be subject to collection by the county by sale of the property in the same manner as for delinquent taxes. Nothing contained in this section shall be construed to require satisfaction of the obligation imposed hereby in whole or in part from the sale of property or to bar the application of any other or additional remedy otherwise available. Amounts collected under this section shall be deposited to the noxious weed fund of the county.

(b) Whenever the owner or person in control of lands other than private lands or federal lands on which noxious weeds are present has neglected or failed to control or eradicate them as required pursuant to this chapter, and any notice given pursuant to this section, the control authority having jurisdiction shall have proper prevention, control, and eradication methods used on such
land, and shall advise the owner and person in control of the cost incurred in connection with such operation. The cost of any such control or eradication shall be at the expense of the owner or person in control of the land. If the costs have not been paid within sixty (60) days to the control authority which performed the work, the control authority may direct that suit be brought in a court of competent jurisdiction for the unpaid charges.

1. If the prevention, control, or eradication has been performed upon lands under the control of an irrigation district, canal company, highway district, good road district, or county highway system, and the costs have not been paid within sixty (60) days to the control authority which performed the work, the board of county commissioners may direct that suit be brought in district court to recover the unpaid charges.

2. If the control or eradication has been performed by the state upon lands under the jurisdiction of a county with which the state has no contract or agreement for prevention, control, or eradication, and the costs have not been paid within sixty (60) days to the state, the director may direct that suit be brought in district court to recover the unpaid charges.

3. If the prevention, control, or eradication has been performed upon state lands and the cost has not been paid within sixty (60) days to the control authority which performed the work, the control authority which performed the work may direct that suit be brought in a court of competent jurisdiction for the unpaid charges.

(35) When it appears to a control authority that upon any tract of land under its jurisdiction there is an infestation of noxious weeds beyond the ability of the owner and the person in control of such land to eradicate control, the control authority, with subject to the approval of the director, may quarantine such land and put into immediate operation the necessary means for the prevention, control, and eradication of such noxious weeds including necessary destruction of growing crops. The control authority shall, prior to the entry upon such land, serve individual notices on the owner, if known, and the person in control thereof of such quarantine and of the date of the proposed entry, and shall also advise the same persons of the completion of the prevention, control, or eradication operation and the cost thereof.

(46) A weed control authority who finds noxious weeds or weed seeds on land that is unoccupied or on land the occupant of which is not readily determinable, and after inquiry determines that it is not practicable to serve a notice pursuant to subsection (1) of this section within seventy-two (72) hours, may cause the noxious weeds or weed seeds to be destroyed immediately by any means consistent with sound weed prevention, control, and eradication practices. Immediately upon taking action under this subsection, the authority shall notify the owner of the land, by registered mail addressed to his address as shown on the assessment roll of the county, of the action taken.
SECTION 7. That Section 22-2446, Idaho Code, be, and the same is hereby amended to read as follows:

22-2446. COST OF PREVENTING, CONTROLLING, AND ERADICATING OF NOXIOUS WEEDS. (1) The cost of controlling and eradicating noxious weeds on all land, including highways, roadways, streets, alleys and rights-of-way, owned or controlled by a state department, agency, commission or board shall be paid by the state department, agency, commission or board in control thereof out of funds available for that purpose.

(2) The cost of preventing, controlling, and eradicating noxious weeds on all land owned or controlled by a county shall be paid by the county in control thereof out of the county noxious weed fund or such other funds as the control authority has available for that purpose.

(3) Funds available to any person may be used for the control and eradication of noxious weeds on land owned or controlled by him.

(4) Notwithstanding any other provisions of this chapter relating to payment of cost, when determined by a control authority to be justified in the interest of an effective weed control program, such control authority may cause the prevention, control, and eradication of noxious weeds on land under its jurisdiction, without costs to the owner or person in control thereof. Such justification shall be in writing and shall be open to inspection by any person owning or controlling land under the jurisdiction of such control authority.

SECTION 8. That Section 22-2447, Idaho Code, be, and the same is hereby amended to read as follows:

22-2447. PREVENTION OF DISSEMINATION OF NOXIOUS WEEDS. To prevent the dissemination of noxious weeds through any article, including machinery, equipment, plants, materials and other things, the director shall, from time to time, publish a list of noxious weeds which may be disseminated through articles and a list of articles capable of disseminating such noxious weeds, and designate treatment of such articles as, in his opinion, would prevent such dissemination. Until such article is treated in accordance with the applicable regulations, it shall not be moved from such designated premises except under and in accordance with the written permission of the control authority having jurisdiction of the area in which such article is located, and the control authority may hold or prevent its movement from such premises. The movement of any such article which has not been so treated, except in accordance with such written permission, may be stopped by the control authority having jurisdiction over the place in which such movement is taking place and further movement and disposition shall only be in accordance with such control authority's direction.

SECTION 9. That Section 22-2448, Idaho Code, be, and the same is hereby repealed.

SECTION 10. That Section 22-2450, Idaho Code, be, and the same is hereby amended to read as follows:
22-2450. CONTROL AUTHORITIES AUTHORIZED TO PURCHASE OR PROVIDE NECESSARY EQUIPMENT AND MATERIALS. Control authorities, independently or in combination, may purchase or provide for needed or necessary equipment and materials for the prevention, control, and eradication of weeds on land under their jurisdiction and may sell such materials to persons owning or controlling land under their jurisdiction and may make available the use of machinery and other equipment and operators as they deem necessary for the prevention, control, and eradication of weeds, and the cost to the persons owning and controlling land under their jurisdiction shall be charged at the retail value for such material, machinery, other equipment and operators. All funds so received shall be deposited to the noxious weed fund. Each control authority shall keep a record showing the procurement, sale and rentals of materials and equipment, which record shall be open to inspection by residents of this state. A control authority may use any equipment or material procured as provided for in this section upon lands whether or not owned or controlled by it, and whether or not within its control area, for the treatment and eradication of weeds.

SECTION 11. That Section 22-2451, Idaho Code, be, and the same is hereby amended to read as follows:

22-2451. PLANS FOR PREVENTION, CONTROL, AND ERADICATION WHICH MAY BE EXTENDED OVER A PERIOD OF YEARS. (1) It is recognized that the prevention, control, and eradication of noxious weeds presents a problem for immediate as well as for future action. It is further recognized that immediate prevention, control, and eradication is practicable on some areas and some farms, and that prevention, control, and eradication on other areas and farms must necessarily be extended over a period of time. Therefore, it is the intention of this chapter that control authorities may use their discretion and by agreement with the owners of land may propose and accept plans for prevention, control, and eradication which may be extended over a period of years. The control authorities, upon the recommendation and advice of the weed control superintendents or the advisory committees, may make an agreement with the owner of any parcel of land, which agreement shall be a contract between the landowner and the respective control authority, and the control authority shall have the power and it shall be its duty to enforce the terms of any such agreement. It shall be within the discretion of the control authority to make any terms which will serve best the interests of the owner or owners of such parcel of land and the common welfare which will comply with law.

(2) There are certain areas which have widespread concentrations of a particular weed. The director may designate special management zones for each Idaho noxious weed where the intensity of infestation is so great that short term control is not reasonably attainable. Control requirements within these zones may be modified with the consent of the director.

SECTION 12. That Section 22-2452, Idaho Code, be, and the same is hereby amended to read as follows:
22-2452. APPEALS BY AGGRIEVED PERSONS. (1) If any person shall be 
dissatisfied with the amount of any charge made against it by a con­
trol authority for prevention, control, or eradication work or for the 
purchase of materials or use of equipment, he may, within thirty (30) 
days after being advised of the amount of the charge, file a protest 
with the director.

(2) If any person shall be dissatisfied with the prevention, control, 
or eradication measures used or the manner in which prevention, 
control, or eradication is conducted upon his property, he may, within 
 thirty (30) days file a protest with the director.

(3) Any person served with an individual notice setting out the 
manner and duration of prevention or control of noxious weeds may, 
within two (2) days of receipt of the notice, appeal to the board of 
county commissioners the methods and or duration of prevention or con­
trol of noxious weeds set out in the individual notice. A hearing 
shall be set by the board of county commissioners within five (5) 
days after receipt of notice of the appeal. Notice of the hearing shall be 
sent by the board of county commissioners to the appellant and to the 
control authority which issued the individual notice.

(4) Other than the procedures specifically set out in this 
chapter, procedures for hearings thereon and appeals pertaining to 
this chapter shall be as provided in chapter 52, title 67, Idaho Code.

SECTION 13. That Section 22-2453, Idaho Code, be, and the same is 
hereby amended to read as follows:

22-2453. SOURCE OF FUNDS OF COUNTY CONTROL AUTHORITIES. (1) The 
board of county commissioners of each county in this state may levy 
annually upon all taxable property of said county a tax for the pre­
vention, control, and eradication of noxious weeds to be collected and 
apportioned to the county noxious weed fund, which levy shall not 
exceed .0006 on each one hundred dollars ($100.00) of the market value 
of said property in said county, and which levy shall be exempt from 
the provisions of sections 63-923 and 63-2220, Idaho Code.

(2) The board of county commissioners may utilize any other 
methods or local options that may be available to them for the purpose 
of funding a coordinated noxious weed prevention, control, or 
eradication program on the county level.

(3) Any monies received by the county control authority under 
this chapter shall be apportioned to the county noxious weed fund and 
shall be accounted for as prescribed by the county auditor.

SECTION 14. That Section 22-2454, Idaho Code, be, and the same is 
hereby amended to read as follows:

22-2454. DISBURSEMENTS FROM AND REPAYMENTS TO THE NOXIOUS WEED 
FUND. (1) The noxious weed fund shall be a revolving fund, and the 
moneys in the fund may be used for any purpose consistent with the 
provisions of this chapter. Other than the moneys received from the ad 
valorem tax authorized by section 22-2453(1), Idaho Code, or the 
assessments authorized by section 22-2453(2), Idaho Code, the moneys 
in the noxious weed fund need not be budgeted or appropriated in the
manner required by chapter 16, title 31, Idaho Code, but shall be available for expenditure at any time. An accounting of all trans­actions in the noxious weed fund, whether budgeted and appropriated or not, shall be maintained and reported in the report required by section 31-2307, Idaho Code.

(2) Disbursements from the noxious weed fund shall be made for the purpose of paying for materials, freight and drayage on materials, rental or purchase of equipment, personal services for weed preven­tion, control, and eradication purposes, and any other incidental charges that may be necessary for the promotion of weed control work within the county.

(3) Reimbursements or repayments to the noxious weed fund result­ing from the sale of materials or services shall be available for expenditure at any time.

SECTION 15. That Section 22-2455, Idaho Code, be, and the same is hereby amended to read as follows:

22-2455. WEED CONTROL ADVISORY COMMITTEES. (1) When there is not an established county-wide weed district, the board of county commis­sioners in each county may appoint a county weed control advisory committee, consisting of not less than five (5) members, who shall be persons knowledgeable of and concerned about the damage done by nox­ious weeds.

It shall be the duty and responsibility of each county weed con­trol advisory committee to assist the board of county commissioners and the weed control superintendent in carrying out the planning and implementation of noxious weed prevention, control, and eradication programs, to act as liaison to other county weed control advisory committees, and to provide a forum for public input on matters relat­ing to the prevention, control, and eradication of noxious weeds.

The members of the county advisory committee shall be appointed for terms of four (4) years, which shall expire on the second Monday of January following each gubernatorial election, and appointments to fill vacancies shall be for the unexpired term.

Members of the county advisory committee may be reimbursed for actual and necessary expenses when on committee business. All expense payments shall be made from the noxious weed fund.

SECTION 16. That Section 22-2456, Idaho Code, be, and the same is hereby amended to read as follows:

22-2456. EMERGENCY PROCEDURES FOR ERADICATION OF NOXIOUS WEEDS.

(2) Whenever the weed control superintendent finds, upon the advice of the county weed control advisory committee, if any, or with the approval of the county control authority, that an emergency situa-

(5) day notice to the affected county control authority, landowner,
and person in charge of the land, the director may temporarily desig-
nate a weed as noxious for a six (6) month period.

SECTION 17. That Section 22-2457, Idaho Code, be, and the same is
hereby amended to read as follows:

22-2457. DEFICIENCY WARRANTS FOR EXCESS COSTS OF WEED CONTROL. In
the event the actual cost for the prevention, control, or eradication
of noxious weeds in any one (1) year under the provisions of section
22-2456(1), Idaho Code, exceeds the appropriations made for that pur-
pose, the director may authorize the issuance of deficiency warrants
for the purposes of defraying such excess costs and when so authorized
the state auditor shall, after notice to the state treasurer, draw
deficiency warrants against the general account.

SECTION 18. That Chapter 24, Title 22, Idaho Code, be, and the
same is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 22-2461, Idaho Code, and to read as
follows:

SECTION 2. There is hereby appropriated to the Department of Health and Welfare the sum of $2,000,000, or so much thereof as may be necessary, from the moneys collected by the Tax Commission from the state sales and use tax, and which appropriation shall be deducted from gross sales and use tax revenues before calculations for payments under the provisions of subsections (e) and (g) of section 63-3638,
The appropriation made by this section shall be used by the Department of Health and Welfare to administer a program or programs to reimburse recipients of food stamps for state and local sales taxes paid on food purchases made with food stamps. It is declared as state policy that this reimbursement is for the single purpose of complying with federal policy as expressed in Section 1505 of the Food Security Act of 1985 (P.L. 99-198), as such section existed on January 1, 1987, and is not intended to change or disrupt any other condition of eligibility of recipients.

SECTION 3. (1) Section 1 of this act shall be in full force and effect on and after October 1, 1987, if, and only if, the Attorney General certifies to the State Tax Commission that the provisions of Section 1505 of the Food Security Act of 1985 (P.L. 99-198), requiring that a state not participate in the food stamp program if the Secretary of Agriculture of the United States determines that state or local sales taxes are collected within that state on purchases of food made with coupons, are still valid and binding.

The Attorney General's certification required by this subsection must be made in time to allow for implementation on October 1, 1987. If this certification is made, then Section 2 of this act shall be null and void, and of no effect, and Section 1 shall be fully effective.

(2) Section 2 of this act shall be in full force and effect on and after October 1, 1987, if, and only if, the Attorney General certifies to the State Tax Commission and to the Department of Health and Welfare that the Secretary of Agriculture of the United States has approved such program or programs for reimbursement to food stamp recipients as indicated in Section 2.

The Attorney General's certification required by this subsection must be made in time to allow for implementation on October 1, 1987. If this certification is made, then Section 1 of this act shall be null and void, and of no effect, and Section 2 shall be fully effective.

Approved April 6, 1987.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-402, Idaho Code, be, and the same is hereby amended to read as follows:

41-402. PREMIUM TAX. (1) Each authorized insurer, and each formerly authorized insurer with respect to insurance transacted while an authorized insurer, shall file with the director on or before the dates in each year set forth in subsections (3) and (4) of this section, a statement (on forms as prescribed and furnished by the director) under oath for the period set forth in subsections (3) and (4) of this section, and pay the director a tax at the rate set forth
in subsection (2) of this section, on the following amounts:

(a) As to life insurers, the amount of all gross premiums received by the insurer on direct risks resident in this state, and also, if a domestic insurer, on direct risks resident in any other jurisdiction or jurisdictions in which the insurer is not licensed and upon which no premium tax is otherwise paid or payable, less returned coupons and dividends paid to or credited to policy holders.

(b) As to all insurers other than life insurers, the amount of gross direct premiums written on policies covering subjects of insurance resident, located or performed in this state, and also, if a domestic insurer, on such premiums in any other jurisdiction or jurisdictions in which the insurer is not licensed and upon which no premium tax is otherwise paid or payable, less returned premiums, premiums on policies not taken and dividends paid or credited to policy holders. As to title insurance "gross premium" means the insurance risk portion of the amount charged for title insurance.

(2) Subject to section 41-403, Idaho Code, the rate of tax shall be as follows:

(a) As to title insurance the rate of tax shall be one and one-tenth per cent (1.1%).

(b) As to all other kinds of insurance, the rate of tax shall be three and three-tenths per cent (3.3%).

(3) (a) Every insurer with a tax obligation under this section shall make prepayment of the tax obligations for the current calendar year's business; if the sum of the tax obligations for the preceding calendar year's business is four hundred dollars ($400) or more.

(b) The director shall credit the prepayments toward the appropriate tax obligations of the insurer for the current calendar year.

(c) The minimum amounts of the prepayments shall be percentages of the insurer's tax obligation based on the preceding calendar year's business and the current year's rate, and shall be paid to the director's office by the due dates and in the following amounts:

(i) On or before June 15, forty-five-percent sixty per cent (4560%);

(ii) On or before September 15, twenty-five-percent per cent (250%);

(iii) On or before December 15, twenty-five-percent fifteen per cent (2515%).

(4) On or before March 1, any balance of tax due for the preceding calendar year shall be paid to the director.

(5) The effect of transferring policies of insurance from one insurer to another insurer is to transfer the tax prepayment obligation with respect to the policies.

(6) This section shall not apply as to any domestic -reciprocal insurer doing exclusively a workmen's compensation business and complying with the provisions of the workmen's compensation law of this state and writing workmen's compensation only for members under
that law, if its representatives or agents or the attorney in fact executing such contracts are not compensated on a commission basis.

(7) This section shall not apply as to life insurance policies issued under pension plans or profit-sharing plans exempt or qualified under sections 401(a), 403, 404, 408, or 501(a) of the United States internal revenue code, as hereafter amended or renumbered from time to time, nor to annuity contracts in general.

(8) This section shall not apply to any domestic reciprocal insurer which exclusively insures members who are governmental entities, as defined by section 6-902(1), (2) and (3), Idaho Code.

(9) The amount of tax due for the current year shall be paid in full in the manner and at the times required in this section without any credit or offset for refunds or other amounts due or claimed to be due by the insurer.

SECTION 2. That Chapter 4, Title 41, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 41-402A, Idaho Code, and to read as follows:

41-402A. REFUNDS. Where there has been an overpayment of any taxes, fines or penalties due under this chapter, the director is authorized to refund all such taxes, fines or penalties erroneously or illegally collected or paid. No such refund shall be paid after one (1) year from the due date of the statement required in section 41-402(4), Idaho Code, unless before the expiration of such period a written claim is filed therefore by the insurer on such forms and in such manner as is prescribed by the director.

SECTION 3. That Section 41-403, Idaho Code, be, and the same is hereby amended to read as follows:

41-403. REDUCED TAX BASED ON IDAHO INVESTMENTS. Provided that it shall comply with rules and standards duly promulgated by the director of insurance for the purposes of assuring the establishment and maintenance in this state of services and facilities consistent with the nature and extent of its operations, and provided the conditions of section 41-403A, Idaho Code, are met, any insurer, other than a life insurance company, having at all times throughout the year with respect to which the tax is payable twenty-five per cent (25%) or more of its assets, or seventy-five per cent (75%) of the amount of gross direct premiums written on policies covering subject of insurance resident, located or performed in this state invested in the investments set forth below, shall, with respect to premiums on which taxes are to be computed under section 41-402, Idaho Code, compute and pay such tax at the rate of one and one-tenth per cent (1.1%) instead of at any higher rate provided for under such section 41-402, Idaho Code; and provided further, any life insurance company, in order to qualify for a tax rate of one and one-tenth per cent (1.1%) instead of any higher rate provided for under section 41-402, Idaho Code, shall maintain throughout the year with respect to which tax is payable at least seventy-five per cent (75%) of the reserve required under section
41-706 (4), Idaho Code, on direct risks resident in this state, invested in the designated investments set forth below:

(1) Bonds or warrants of this state, or of any county, city or incorporated town or district within this state authorized by law to be issued, or

(2) Taxable real estate within this state, or

(3) First mortgages upon improved, unencumbered real estate situated within this state, or

(4) Stocks or bonds of corporations organized under the laws of, or maintaining their home office and principal administrative records in this state, if such stocks or bonds are lawful investments of the insurer under chapter 7 (investments) of this code, or

(5) Bonds authorized by law to be issued against the revenues derived from the operation in this state of domestic water and sewage systems or off-street parking facilities. The provisions of section 41-348, Idaho Code, to the extent of the premium tax burden, shall not apply to any insurer qualifying for and paying a reduced rate of premium tax under this section.

SECTION 4. That Chapter 4, Title 41, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 41-403A, Idaho Code, and to read as follows:

41-403A. NOTICE OF INTENT TO CLAIM REDUCED PREMIUM TAX RATE. Any insurer seeking a reduction of premium tax based upon investments pursuant to section 41-403, Idaho Code, shall notify the director of the department of insurance of such intention on or before November 1 of the calendar year for which the tax applies. Such notice shall be given in the manner prescribed by the director, and shall include a good faith estimate of the premiums on which taxes for the calendar year will be computed under sections 41-402 and 41-403, Idaho Code. Any insurer failing to provide the notice required herein shall not be entitled to claim a reduced premium tax rate for the calendar year for which the tax applies.

SECTION 5. That Section 41-406, Idaho Code, be, and the same is hereby amended to read as follows:

41-406. DEPOSIT AND REPORT OF FEES, LICENSES AND TAXES. (1) The director shall transmit all taxes, fines and penalties collected by him to the state treasurer as provided under section 59-1014, Idaho Code. The director shall file with the state auditor a statement of each deposit thus made. All such funds received shall be deposited into the department of insurance suspense account. After any refunds due insurance companies or other persons have been made, such funds shall be distributed as follows:

(a) Ten percent (10%) shall be deposited in the insurance refund account which is hereby created for the purpose of repaying overpayments of any taxes, fines, and penalties or other erroneous receipts. There is hereby appropriated out of the insurance refund account so much thereof as shall be necessary for the payment of
refunds. Any unencumbered balance remaining in the insurance refund account on June 30 of each and every year in excess of forty thousand dollars ($40,000) shall be transferred to the general account and the state auditor is hereby authorized and directed on such dates to make such transfers unless the board of examiners, which is hereby authorized to do so, changes the date of transfer or sum to be transferred.

(b) That portion of the premium tax payable to the public employee retirement account as provided in section 59-1357, Idaho Code, shall be transferred to that account.

(bc) The balance of the premium tax, fines and penalties shall be transferred to the general account of the state of Idaho.

(cd) All moneys received for fees, licenses and miscellaneous charges collected shall be transferred to the insurance administrative account.

(2) The director shall make and file with the state auditor an itemized statement of the fees, licenses, taxes, fines and penalties collected by him during the preceding month, and shall deliver a certified copy of the statement to the state treasurer.

SECTION 6. There is hereby imposed a surcharge tax upon all insurers required to pay premium taxes pursuant to sections 41-402 or 41-403, Idaho Code. Such tax shall be in an amount equal to eleven percent (11%) of the tax due for the calendar year 1987. Every insurer shall make a prepayment of the estimated surcharge tax based upon the preceding calendar year's business and the current year's rate, and shall pay such amount to the director on or before June 15, 1987. On or before March 1, 1988, any balance of surcharge tax due shall be paid to the director. Any overpayment of surcharge tax shall be refunded pursuant to section 41-402A, Idaho Code.

SECTION 7. The Legislative Council is directed to appoint a committee to undertake and complete a study of the rate structure of the insurance premium tax and its real or potential relationship to the economic growth of the state. The study shall also consider the role that the insurance premium tax plays as a source of general account revenue. The committee shall recommend any changes which should be made to allow premium tax rates to reflect economic development incentives without causing a reduction in general account revenues.

SECTION 8. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 1987.

Approved April 6, 1987.

59-1310A. RETIREMENT INCENTIVE PLAN. (1) An employer, or where the employer's payroll is paid separately by departments, a department may establish and announce a retirement incentive plan (plan) for its employees who are active members. Thus, the term employer as used in this section refers equally to a department as noted herein. The plan shall provide for purchase of membership service (plan service) for eligible employees who choose to participate in the plan. The plan shall specify that no more than sixty-five percent (65%) of the cost of such purchase shall be paid by the employer and each member acquiring plan service during the plan year shall pay a minimum of thirty-
five percent (35%) of the cost of his own plan service accrued pursuant to this section. Each plan shall be adopted for any complete twelve (12) consecutive month period (plan year). For purposes of section 59-1310, Idaho Code, and other sections, the membership classification for plan service shall be deemed the same as the member's membership classification on the first day of the plan year.

(2) An employee who is an active member shall be eligible to participate in the employer established retirement incentive plan if he:
   (a) Has attained early retirement eligibility by the first day of the plan year;
   (b) Will become eligible to receive his fully accrued retirement allowance during the plan year with the addition of the plan service;
   (c) Makes application before the end of the second month of the plan year; and
   (d) Agrees to retire either by the end of the plan year in which he becomes eligible to receive his fully accrued retirement allowance computed with the plan service added or within ninety (90) days of the date he is notified such additional plan service is credited, whichever is later.

If the participating member does not retire within the period specified in subsection (2)(d), such plan service credited for that year will be negated and the cost of its purchase shall be refunded to the employer.

(3) Participation in the plan shall be available to all eligible employees during the plan year except that the employer may limit its total cost under the plan in any plan year as announced before the beginning of the plan year. If participation is thus limited, employees with the greatest membership service accumulation with the employer shall have all their plan service purchased before employees with a lesser membership service accumulation with that employer.

(4) The amount of plan service purchased for any participant shall be uniformly determined for all eligible members but shall not exceed the lesser of the following:
   (a) Sixty (60) months; or
   (b) The amount necessary to provide the member with eligibility to receive his fully accrued retirement allowance before the end of the plan year.

(5) For each month of plan service, the employer shall remit to the retirement board an amount specified by the retirement board equal to the additional liability resulting from the purchase of that service as determined by the actuary employed by the retirement board. These remittances shall be made by the employer prior to the time each participating member will achieve eligibility for a fully accrued retirement allowance with the plan service added.

Approved April 6, 1987.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-226, Idaho Code, be, and the same is hereby amended to read as follows:

42-226. GROUND WATERS ARE PUBLIC WATERS. It is hereby declared that the traditional policy of the state of Idaho, requiring the
water resources of this state to be devoted to beneficial use in reasonable amounts through appropriation, is affirmed with respect to the ground water resources of this state as said term is hereinafter defined and, while the doctrine of "first in time is first in right" is recognized, a reasonable exercise of this right shall not block full economic development of underground water resources;--but--early. Prior appropriators of underground water shall be protected in the maintenance of reasonable ground water pumping levels as may be established by the director of the department of water resources as herein provided. In determining a reasonable ground water pumping level or levels, the director of the department of water resources shall consider and protect the thermal and/or artesian pressure values for low temperature geothermal resources and for geothermal resources to the extent that he determines such protection is in the public interest. All ground waters in this state are declared to be the property of the state, whose duty it shall be to supervise their appropriation and allotment to those diverting the same for beneficial use. At this act shall not affect the rights to the use of ground water in this state however acquired before the effective date of this act are hereby in all respects validated and confirmed its enactment.

Provided, that any application for a water permit that involves seeks to transfer of ground water outside the immediate ground water basin as defined by the director of the department of water resources and which involves sufficient water to irrigate for the purpose of irrigating five thousand (5,000) or more acres on a continuing basis or for a total volume in excess of ten thousand (10,000) acre feet per year, the application must first be approved by the director of the department of water resources and after his approval also then by the Idaho legislature. Each shall give due consideration to the local economic and ecological impact of the project or development so proposed.

SECTION 2. That Section 42-230, Idaho Code, be, and the same is hereby amended to read as follows:

42-230. DEFINITIONS. (a) "Ground water" is all water under the surface of the ground whatever may be the geological structure in which it is standing or moving.

(1) All ground water having a temperature of greater than eighty-five (85) degrees Fahrenheit and less than two hundred twelve (212) degrees Fahrenheit in the bottom of a well shall be classified and administered as a low temperature geothermal resource pursuant to section 42-233, Idaho Code.

(2) All ground water having a temperature of two hundred twelve (212) degrees Fahrenheit or more in the bottom of a well shall be classified as a geothermal resource pursuant to section 42-4002, Idaho Code, and shall be administered as a geothermal resource pursuant to chapter 40, title 42, Idaho Code.

(b) "Well" is an artificial excavation or opening in the ground more than eighteen (18) feet in vertical depth below land surface by which ground water of any temperature is sought or obtained.

(c) "Well driller" is any person or group of persons who excavate
or open a well or wells for compensation or otherwise upon the land of
the well driller or upon other land. Well driller does not include
those persons who construct a well on their own property for their own
use without the aid of any power driven mechanical equipment.
(d) "Well drilling" or "drilling" for purposes of this chapter is
the act of constructing a new well or deepening or modifying an exist­
ing well by any percussion, rotary, boring, digging, jetting, or
augering method.
(e) "Domestic purposes" is water for household use or livestock
and water used for all other purposes including irrigation of up to
one-half (1/2) acre of land in connection with said household where
total use is not in excess of thirteen thousand (13,000) gallons per
day. For the purposes of the exception in section 42-227, Idaho Code,
"domestic purposes" shall not include water for multiple ownership
subdivisions, mobile home parks, commercial or business establish­
ments.
(f) "Water right" is the legal right, however acquired, to the
use of water for beneficial purposes.
(g) "Operator" is the employee of the well driller who, through
his work at the drilling site, causes the well to be drilled.
(h) "Low temperature geothermal resource well" means a well which
is capable of producing a low temperature geothermal resource from
which fluids can be produced which have value by virtue of the heat
contained therein.
SECTION 3. That Chapter 2, Title 42, Idaho Code, be, and the same
is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 42-233, Idaho Code, and to read as
follows:
42-233. LOW TEMPERATURE GEOTHERMAL RESOURCE. (1) The right to
the use of low temperature geothermal resources of this state shall be
acquired by appropriation. The appropriation may be perfected by means
of the application, permit and license procedure as provided in this
chapter for ground water, provided that low temperature geothermal
resources shall be utilized primarily for heat value and secondarily
for the value as water. Usage of a low temperature geothermal resource
primarily for reasons other than heat value is not a beneficial use of
the resource, unless the director of the department of water resources
exempts the proposed use. The director may exempt a proposed use if
the director finds that the proposed use satisfies the following cri­
teria: (i) there is no feasible alternative use of the resource; (ii) there
is no economically viable source of water having a bottom
hole temperature of eighty-five (85) degrees or less in a well avail­
able; and (iii) the exemption is in the public interest.
(2) Any owner of a well who engages in the drilling, redrilling,
deepening, maintaining or abandoning of any low temperature geothermal
well shall file with the director of the department of water resources
a surety bond or cash bond in the penal sum of not less than five
thousand dollars ($5,000) or more than twenty thousand dollars
($20,000) as determined by the director of the department of water
resources based on the temperature, depth and pressure of the
resource, the size and depth of the well, and any other relevant factors. The surety or cash bond shall be conditioned upon the proper compliance with the provisions of this chapter and chapter 40, title 42, Idaho Code, and rules and regulations promulgated pursuant thereto. The bond shall remain in effect until the well is properly abandoned by the owner.

(3) All permits, licenses, decreed rights and valid claims to a right to the use of ground water which would be classified as a low temperature geothermal resource having a priority date prior to July 1, 1987, remain valid and the bond provisions of subsection (2) of this section are not applicable unless the well from which the right diverts water is modified or deepened. The provisions of this section shall not be applicable to all permits, licenses and rights to the use of geothermal resources as defined in chapter 40, title 42, Idaho Code, which would be classified as a low temperature geothermal resource under this section, issued or proclaimed prior to July 1, 1987, and the bond provisions of subsection (2) of this section.

SECTION 4. That Chapter 2, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-235, Idaho Code, and to read as follows:

42-235. DRILLING PERMITS. Prior to constructing or drilling any well, an owner shall obtain a permit from the director of the department of water resources, to protect the public health, safety and welfare and the environment and to prevent the waste or mixture of any water from a well. There shall be a ten dollar ($10.00) charge for the permit if the well is to be used for domestic or monitoring purposes. If the well is to be used for other than domestic or monitoring purposes, the charge for the permit shall be one hundred dollars ($100). All moneys received pursuant to this section shall be credited to the water administration account. The director may provide a blanket drilling permit for site specific monitoring programs which will determine the quality, quantity, temperature, pressure or other attributes of aquifers. The application for a blanket permit shall be submitted by a licensed engineer or licensed geologist and shall describe the overall drilling program and all relevant technical features of the wells to the satisfaction of the director. Progress reports, completion and other data may be required as provided by rule and regulation. The fee for the blanket permit shall be fifty dollars ($50.00). A person violating any provision of this section shall be guilty of a misdemeanor.

SECTION 5. That Section 42-237a, Idaho Code, be, and the same is hereby amended to read as follows:

42-237a. POWERS OF THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES. In the administration and enforcement of this act and in the effectuation of the policy of this state to conserve its ground water resources, the director of the department of water resources is empowered:
a. To require all flowing wells to be so capped or equipped with valves that the flow of water can be completely stopped when the wells are not in use.

b. To require both flowing and nonflowing wells to be so constructed and maintained as to prevent the waste of ground waters through leaky wells, casings, pipes, fittings, valves or pumps either above or below the land surface.

c. To prescribe uniform scientific methods to determine water levels in and calculate waters withdrawn from wells.

d. To go upon all lands, both public and private, for the purpose of inspecting wells, pumps, casings, pipes, and fittings, including wells used or claimed to be used for domestic purposes.

e. To order the cessation of use of a well pending the correction of any defect that the director of the department of water resources has ordered corrected.

f. To commence actions to enjoin the illegal opening or excavation of wells or withdrawal or use of water therefrom and to appear and become a party to any action or proceeding pending in any court or administrative agency when it appears to the director of the department of water resources that the determination of such action or proceeding might result in depletion of the ground water resources of the state contrary to the public policy expressed in this act.

g. To supervise and control the exercise and administration of all rights hereafter acquired to the use of ground waters and in the exercise of this power he may by summary order, prohibit or limit the withdrawal of water from any well during any period that he determines that water to fill any water right in said well is not there available. To assist the director of the department of water resources in the administration and enforcement of this act, and in making determinations upon which said orders shall be based, he may establish a ground water pumping level or levels in an area or areas having a common ground water supply as determined by him as hereinafter provided. Water in a well shall not be deemed available to fill a water right therein if withdrawal therefrom of the amount called for by such right would affect, contrary to the declared policy of this act, the present or future use of any prior surface or ground water right or result in the withdrawing of the ground water supply at a rate beyond the reasonably anticipated average rate of future natural recharge. However, the director may allow withdrawal at a rate exceeding the reasonably anticipated rate of future natural recharge if the director finds it is in the public interest and if it satisfies the following criteria:

1. A program exists or likely will exist which will increase recharge or decrease withdrawals within a time period acceptable to the director to bring withdrawals into balance with recharge.

2. Holders of senior rights to use ground water will not be caused thereby to pump water from below the established reasonable pumping level or levels.

In connection with his supervision and control of the exercise of ground water rights the director of the department of water resources shall also have the power to determine what areas of the state have a common ground water supply and whenever it is determined that any area
has a ground water supply which affects the flow of water in any stream or streams in an organized water district, to incorporate such area in said water district; and whenever it is determined that the ground water in an area having a common ground water supply does not affect the flow of water in any stream in an organized water district, to incorporate such area in a separate water district to be created in the same manner provided for in section 42-604 of title 42, Idaho Code. The administration of water rights within water districts created or enlarged pursuant to this act shall be carried out in accordance with the provisions of title 42, Idaho Code, as the same have been or may hereafter be amended, except that in the administration of ground water rights either the director of the department of water resources or the watermaster in a water district or the director of the department of water resources outside of a water district shall, upon determining that there is not sufficient water in a well to fill a particular ground water right therein by order, limit or prohibit further withdrawals of water under such right as hereinafter provided, and post a copy of said order at the place where such water is withdrawn; provided, that land, not irrigated with underground water, shall not be subject to any allotment, charge, assessment, levy, or budget for, or in connection with, the distribution or delivery of water.

SECTION 6. That Section 42-237g, Idaho Code, be, and the same is hereby amended to read as follows:

42-237g. PENALTIES. Any person violating any provision of this act chapter, or any decision of the director of the department of water resources, or order of a local ground water board, shall be guilty of a misdemeanor and any continuing violation shall constitute a separate offense for each day during which such violation occurs, but nothing in this section or in the pendency or completion of any criminal action for enforcement hereof shall be construed to prevent the institution of any civil action for injunctive or other relief for the enforcement of this act chapter or the protection of rights to the lawful use of water; provided, further, that if in the opinion of the director of the department of water resources there has been a violation of any such decision or order, he shall request the attorney general or the prosecuting attorney of the county in which such violation has occurred to bring and prosecute in the name of the director of the department of water resources or of the state of Idaho an appropriate action for injunctive or other relief to enforce any such decision or order; and upon such request the attorney general and any such prosecuting attorney shall forthwith bring and prosecute such action.

SECTION 7. That Chapter 2, Title 42, Idaho Code, be and the same is hereby amended by the addition of a NEW SECTION to be known and designated as Section 42-237h, Idaho Code, and to read as follows:

42-237h. DUTIES OF THE ATTORNEY GENERAL. It shall be the duty of the attorney general to institute and prosecute civil enforcement actions or injunctive actions as provided in this chapter and to
prosecute actions or proceedings for the enforcement of any criminal provisions of this chapter. The attorney general may delegate the authority and duty under this section to prosecute criminal actions to the prosecuting attorney of the county in which such a criminal action may arise.

SECTION 8. That Section 42-238, Idaho Code, be, and the same is hereby amended to read as follows:

42-238. WELL DRILLERS. (1) Powers and duties. The director of the department of water resources is hereby vested with the duties relating to the licensing of well drillers as provided for in this act so as to protect the ground water resources against waste and contamination. Qualifications for well drillers shall be adopted by rule of the water resource board. The water resource board is authorized to adopt a code of standards of well construction necessary to protect the ground water resources as set forth in this act, to be enforced by the director. The director of the department of water resources is also charged with the responsibility of collecting and filing for public use the well drillers' reports that are required in this act.

(2) Licensing of well drillers. It shall be unlawful for any person after July 1, 1967 to drill a well in Idaho, including wells excepted under sections 42-227 and 42-228, Idaho Code, without first obtaining a driller's license as provided herein. For the purpose of this act, a "person" shall be defined as any individual who drills a water well for himself or another in this state; it shall also be defined as any firm, copartnership, corporation or association which drills or contracts to drill a water well for hire or otherwise in this state except that employees of said firm, copartnership, corporation or association authorized to operate drilling equipment as the contractor's agent, shall not be required to obtain an individual well drilling license provided that the names and addresses of such employees are recorded with the director of the department of water resources. The license shall be obtained by filing with the director an application in writing on a form provided by the director accompanied by a twenty-five dollar ($25.00) licensing fee. To determine the applicant's qualifications, the director may require detailed information on the driller's past experience, and/or references, and/or an oral examination, and/or a written examination. The water resource board shall adopt rules and regulations for licensing of well drillers in compliance with chapter 52, title 67, Idaho Code, and shall consider such factors as the applicant's (1) knowledge of Idaho water laws and the rules and regulations of the water resource board in connection with the drilling of wells, (2) knowledge of proper well construction procedures and the water well construction standards adopted by the water resource board as provided in this act, (3) knowledge of the various types of drilling tools and their use, (4) general knowledge of underground geology and ground water hydrology and their relation to well construction, (5) ownership or access to equipment capable of adequately constructing a well, (6) knowledge of types of well casing and their use, (7) knowledge of special well drilling problems and their solution, and (8) previous drilling
experience. In addition, the water resource board shall adopt rules and regulations setting forth additional requirements for licensing well drillers who shall drill wells for the production of low temperature geothermal resources as defined in section 42-233, Idaho Code, or for the production of geothermal resources as provided in chapter 40, title 42, Idaho Code. A copy of the proposed rules and regulations for licensing of well drillers shall be furnished to each well driller holding a current license at the time such proposed rules and regulations are promulgated.

If it is determined that the applicant is not qualified, the director shall deny the application and refund the licensing fee. If it is determined that the applicant is qualified, a license shall be issued upon the filing with the director of a surety bond or cash bond in the penal sum of one not less than five thousand dollars ($5,000), or more than twenty thousand dollars ($20,000) as determined by the director based on the size and depth of the wells the applicant proposes to drill, the complexity of the wells, the resource to be recovered, the area of operation of the applicant, and other relevant factors the director determines are in the public interest. The surety or cash bond shall be conditioned upon the proper compliance with the provisions of this act, chapter 40, title 42, Idaho Code, and rules and regulations promulgated pursuant thereto. Such bond shall be made payable to the director. A license issued under this section shall expire on June 30 of each year or upon revocation of the license by the director as provided for in this act. The license can be renewed effective July 1 of each year upon written application on forms provided by the director and the filing of a ten dollar ($10.00) renewal fee. The renewal request must be accompanied by a new bond or evidence that the previous bond is still in effect. The renewal may then be granted by the director if he determines that the driller has complied with the rules and regulations promulgated pursuant to this act. The fees collected for the licensing of well drillers shall be deposited in a special fund with the state treasurer with other fees collected by the director.

The licensed driller shall have a card on hand, provided by the director to indicate his present license at all times when he is operating the drilling equipment. The director may also require other identification to be posted on the drilling equipment as he deems helpful in the administration of this act.

(3) Well driller's report. In order to enable a comprehensive survey of the extent and occurrence of the state's ground water resource, every well driller is hereby required to keep a well log and pertinent data concerning each well, and its construction, that is drilled by him in Idaho, including wells excepted under sections 42-227 and 42-228 of this title, Idaho Code, and complete a report on forms furnished by the director. These reports shall be properly prepared and signed by the driller and deposited with the director within thirty (30) days following the completion of the well. When the driller signs the report, the driller shall attest that all information on the report is accurate to the best of the driller's knowledge and that the driller has met all minimum well construction standards, low temperature geothermal resource well construction standards and
geothermal resource well construction standards as adopted by the water resource board. The report shall become a permanent record in the office of the director for hydrologic and geologic analysis and research, and shall be available for public use. The report shall include such data as the director deems necessary to provide the information that will be valuable for future reference and study.

(4) Well construction standards. The water resource board shall adopt minimum standards for water well construction, low temperature geothermal resource well construction and geothermal well construction in this state under the provisions of chapter 52, title 67, Idaho Code. Such standards shall require each well to be so constructed as to protect the ground water of the state from waste and contamination and may include additional requirements for wells drilled in "areas of drilling concern" as designated in accordance with subsection (7) of this section. Every licensed well driller will be furnished a copy of the adopted standards by the director of the department of water resources, and will be required to construct each well drilled after July 1, 1967, in compliance with the determined adopted standards.

(5) Penalties for violation. Failure of the driller to comply with the provisions of section 42-238(3), Idaho Code, will allow the director to proceed to collect the necessary data on the well or wells in any manner available to him, and the cost of this data collection may be charged against the driller's bond in the amount of the expenses incurred up to the total amount of the bond.

Failure of the driller to comply with the provisions of section 42-238(3), Idaho Code, is also cause for the director to revoke an active license, or refuse to renew a license, until such time as the well driller's report or reports are properly completed and on file in the office of the director. If it is found that a driller has intentionally submitted inaccurate or false information in the signed well driller's report as provided in subsection (3) of this section, or has failed to file a report within the time frame required, the driller shall be liable for a civil penalty not in excess of ten thousand dollars ($10,000) which shall be paid into the water administration account. In addition, this shall be cause for the director to suspend an active license for a period not in excess of one (1) year or to not renew a license.

Failure of the driller to comply with the provisions of section 42-238(4), Idaho Code, will allow the director to proceed to repair or reconstruct or plug a well so that it complies with the adopted minimum standards of well construction, and the costs of this work may be charged against the driller's bond in the amount of the expenses incurred up to the total amount of the bond.

Failure of the driller to comply with the provisions of section 42-238(4), Idaho Code, is also cause for the director to revoke an active license or refuse to renew a license until such time as the well driller has repaired or reconstructed the well or wells so that they meet the adopted minimum standards. The director may also require that the well driller present evidence to show that he and his equipment are now capable of constructing a well in a proper manner, before the license is renewed.

(6) Appeals. Refusal to issue, refusal to renew, or revocation of
a well driller's license by the director shall be cause for the well driller to seek a public hearing before the water resource board. No formal petition shall be required from the affected driller, but a simple statement, in writing, requesting a hearing shall be sufficient. The board shall notify the driller, and the director, of the date set for the hearing, which shall be at least fifteen (15) days after the notice is sent by certified mail to the well driller at his address of record with the department. A certified transcript of the proceedings and the evidence received at such hearing shall be maintained by the board. The board shall affirm, modify or reject the director's decision, and make its decision in the form of an order to the director. The hearing shall be conducted in accordance with chapter 52, title 67, Idaho Code, and rules of practice and procedure adopted by the water resource board. Any party to the hearing may seek judicial review of any final order of the water resource board pursuant to sections 67-5215 and 67-5216, Idaho Code.

(7) Drilling in a designated "area of drilling concern". The director of the department of water resources may designate as he determines necessary, "areas of drilling concern" on an aquifer by aquifer basis within which drillers must comply with the additional requirements of this section. The director shall designate "areas of drilling concern" to protect public health and to prevent waste or contamination of ground or surface water because of factors such as aquifer pressure, vertical depth of the aquifer, warm or hot ground water, or contaminated ground or surface waters. It is unlawful for any person not meeting the requirements of this subsection to drill a well for any purpose in a designated "area of drilling concern". Any person drilling a new well or deepening or modifying an existing well for any purpose in an "area of drilling concern" as designated by the director as herein provided shall comply with the following additional requirements:

(a) Additional bonding requirements, as determined by the director, to insure that the well is constructed or abandoned in compliance with the adopted standards for well construction.
(b) Additional experience and knowledge in drilling wells encountering warm water or pressurized aquifers as required by rules and regulations adopted by the water resource board.
(c) Document that specialized equipment needed to drill wells in "areas of drilling concern," as determined by the director, is or will be available to the driller.
(d) Provide a notice of intent to drill, deepen or modify a well, submit plans and specifications for the well and a description of the drilling methods that will be used, as required by the director, and receive the written approval of the director before commencing to drill, deepen, or modify any well in a designated "area of drilling concern".

Prior to designating an "area of drilling concern," the director shall conduct a public hearing in or near the area to determine the public interest concerning the designation. Notice of the hearing shall be published in two (2) consecutive weekly issues of a newspaper of general circulation in the area prior to the date set for hearing. In the event an area has been designated as an "area of drilling
concern" and the director of the department of water resources desires to remove such designation or modify the boundaries thereof, he shall likewise conduct a public hearing following similar publication of notice prior to taking such action.

SECTION 9. That Chapter 2, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-238b, Idaho Code, and to read as follows:

42-238b. ENFORCEMENT PROCEDURE. (1) When the director of the department of water resources determines that a driller has not complied with the standards of subsections (2), (3), (4), (5) and (7) of section 42-238, Idaho Code, the director may commence an administrative enforcement action by issuing the driller a written notice of violation. The notice of violation shall identify and specify the alleged violation, shall specify each provision of subsections (2), (3), (4), (5) or (7) of section 42-238, Idaho Code, that have been violated and shall state the remedy or civil penalty the director seeks for redress of the violation.

(2) The notice of violation shall inform the person to whom it is directed of an opportunity to confer with the director or the director's designee in a compliance conference concerning the alleged violation. A written response may be required within fifteen (15) days of receipt of the notice of violation by the person to whom it is directed. If a recipient of a notice of violation contacts the department within fifteen (15) days of the receipt of the notice, the recipient shall be entitled to a compliance conference. The conference shall be held within twenty (20) days of the receipt of the notice unless a later date is agreed upon between the parties. If a compliance conference is not requested, the director may proceed with a civil enforcement action as provided in subsection (4) of this section.

(3) The compliance conference shall provide an opportunity for the recipient of a notice of violation to explain the circumstances of the alleged violation and, where appropriate, to present a proposal for remedying the damage caused by the violation and assuring future compliance. If the recipient and the director agree on a plan to remedy damage caused by the alleged violation and to assure future compliance, they may enter into a consent order formalizing their agreement. The consent order may include a provision providing for payment of any agreed civil penalty. The consent order shall be effective immediately upon signing by both parties and shall preclude any civil enforcement action for the same alleged violation. If a party does not comply with the terms of the consent order, the director may seek and obtain in any appropriate district court, specific performance of the consent order and such other relief as authorized by law. If the parties cannot reach agreement of a consent order within sixty (60) days after the receipt of the notice of violation, or if the recipient does not request a compliance conference, the director may commence and prosecute a civil enforcement action in district court in accordance with subsection (4) of this section.
(4) The director may initiate a civil enforcement action through the attorney general as provided in subsection (6) of this section. Civil enforcement actions shall be commenced and prosecuted in the district court in and for the county in which the alleged violation occurred, and may be brought against any person who is alleged to have violated any provision of section 42-238, Idaho Code, or any rule and regulation promulgated pursuant thereto. Such action may be brought to compel compliance with any provision of section 42-238, Idaho Code, or any rule and regulation promulgated pursuant thereto. The director shall not be required to prosecute an administrative action before initiating a civil enforcement action.

(5) Any person determined in a civil enforcement action to have violated any provision of section 42-238, Idaho Code, or any rule and regulation promulgated pursuant thereto, shall be liable for a civil penalty not to exceed ten thousand dollars ($10,000) per violation or one hundred dollars ($100) per day of a continuing violation, whichever is greater. A method of recovery of the penalty shall be a civil enforcement action in and for the county where the violations occurred. All civil penalties collected under this section shall be paid into the water administration account. Parties to an administrative enforcement action may agree to a civil penalty as provided in this subsection. In addition to any civil penalties, any person who has been determined to have violated the provisions of section 42-238, Idaho Code, or the rules and regulations promulgated thereunder, shall be liable for any expense incurred by the state in enforcing the provisions of section 42-238, Idaho Code, or in enforcing or terminating any nuisance or source of environmental degradation caused by the violation. No action taken pursuant to this section shall relieve any person from any civil action and damages that may exist for injury or damage resulting from any violation of section 42-238, Idaho Code, or the rules and regulations promulgated pursuant thereto.

(6) Upon request of the director, it shall be the duty of the attorney general to institute and prosecute civil enforcement actions pursuant to this chapter.

(7) Any person causing a well to be altered or modified so as to not meet the construction standards provided for in section 42-238, Idaho Code, shall be deemed to have violated the provisions of this chapter and shall be subject to civil penalties as provided in subsection (5) of this section.

SECTION 10. That Section 42-1601, Idaho Code, be, and the same is hereby amended to read as follows:

42-1601. WELL NOT CONTROLLED A COMMON NUISANCE — APPROVAL OF COMMISSIONER DIRECTOR — RESERVOIRED WATER — MAINTENANCE OF ARTESIAN WELLS. (1) Any person owning or controlling a flowing artesian well, which is not capped, equipped or furnished with such mechanical appliance as will readily control the flow of water from such well, shall be guilty of a misdemeanor and such well is hereby declared to be a common nuisance; and any person owning or controlling a flowing artesian well, which is capped, equipped or furnished with a mechanical appliance for arresting and preventing the flow of water therefrom,
which cap, equipment or mechanical appliance is of a type that has not been approved by the director of the department of water resources, shall be guilty of a misdemeanor and such well is hereby declared to be a common nuisance: provided, however, that in cases where the waters of artesian wells are reservoired and controlled so that waste is not committed and a common nuisance created and where the pressure of water in a reservoir automatically causes wells to cease to flow, such mechanical contrivances may be dispensed with by obtaining the consent of the director of the department of water resources.

(2) Any person owning or controlling an artesian well shall maintain the well to prevent waste or contamination of ground waters through leaky casings, pipes, fittings, valves, pumps, seals or through leakage around the outside of the casings, whether the leakage is above or below the land surface.

(3) The owner of the land on which the well is located shall be deemed to own the well unless a deed, covenant, contract, easement, or other documentation acceptable to the director is available to demonstrate that the well is owned by another.

SECTION 11. That Section 42-1604, Idaho Code, be, and the same is hereby amended to read as follows:

42-1604. ARTESIAN WELL DEFINED. For the purposes of this chapter, an artesian well is defined to be any artificial hole made in the ground through which water naturally flows from subterranean sources to the surface of the ground for any length of time as any well, as defined in subsection (b) of section 42-230, Idaho Code, which encounters pressurized ground water or low temperature geothermal resource under sufficient head to rise above the elevation at which it was first encountered whether or not the fluid flows at land surface. If the fluid level stands above land surface, the well is a flowing artesian well.

SECTION 12. That Section 42-1605, Idaho Code, be, and the same is hereby amended to read as follows:

42-1605. PUNISHMENT--FOR--VIOLATION ENFORCEMENT -- PENALTIES -- JUDICIAL REVIEW. Any (1) Enforcement procedure.

(a) If the director believes a person violating has violated any of the provisions of this chapter shall, for each offense, be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than twenty-five dollars and not more than $3000 or by imprisonment in the county jail for a period of not more than six months, or by both such fine and imprisonment. Of section 42-1601, Idaho Code, or any regulation promulgated by the board or any order issued by the director pursuant thereto, the director shall notify the person in writing by certified mail or personal service of the alleged violation. This notice of violation shall specify the following:

1. The statutory provisions, regulation or order alleged to have been violated;
2. The facts or conduct forming the basis of the alleged
violation;
3. A proposed order for any corrective action necessary for compliance with this section and a reasonable time period for completing any such corrective action, a civil penalty to be imposed pursuant to subsection (2) of this section; and
4. That the person has thirty (30) days from the receipt of the notice of violation or such longer time period as may be stated in the notice of violation in which to correct the violation and to file a report of corrective action taken, or the person must notify the director, in writing, within fifteen (15) days from receipt of the notice of violation that he wishes to contest the alleged violation, proposed order, or proposed civil penalty.

(b) If a person notifies the director in writing within fifteen (15) days from receipt of the notice of violation that he intends to contest the alleged violation and proposed order, the director shall afford the person an opportunity for a hearing before the water resource board or its appointee and such hearing shall be conducted in accordance with the rules of practice and procedure promulgated by the board.

(2) Civil penalties.
(a) Any person owning or controlling an artesian well, who has been determined by the director to have violated any provisions of this chapter, regulation promulgated by the water resource board pertaining to well construction standards, or order of the director issued pursuant to this chapter, shall be liable for a civil penalty or penalties, not to exceed three hundred dollars ($300) and for a civil penalty or penalties, not to exceed one hundred dollars ($100) per day for each day that the violation continues after notice of the violation has been given as provided in subsection (1)(a) of this section.
(b) All civil penalties owed under this section shall be paid to the director within thirty (30) days from the issuance of the final order imposing such penalty. The director may impose an additional civil penalty of twenty-five dollars ($25.00) for each day that payment of the civil penalty is late. The director shall deposit all civil penalties collected into the water administration account. Civil penalties may be recovered in a civil action brought in the district court in accordance with subsection (3)(c) of this section.

(3) Judicial review.
(a) Any person aggrieved by a final order of the director entered pursuant to this section may appeal to the district court within thirty (30) days of the issuance of the order. Such appeal shall be heard and determined in accordance with sections 67-5215 and 67-5216, Idaho Code.
(b) The director may petition the district court for injunctive relief or a temporary restraining order in order to prevent irreparable damage pending the outcome of enforcement proceedings pending before the director pursuant to this section.
(c) The director may commence a civil action in the district court to enforce the provisions of any final order of the director
issued pursuant to this section. If no appeal is taken pursuant to subsection (1)(a) of this section, the director’s findings of fact and order, including an order deemed final pursuant to subsection (1)(b) of this section, shall be conclusive in connection with any action commenced by the director to enforce such order.

(4) Criminal penalties. Any person who willfully or negligently violates any of the provisions of this chapter shall, for each offense, be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than three hundred dollars ($300) and not more than one thousand dollars ($1,000). Each day upon which such violation occurs shall constitute a separate violation.

SECTION 13. That Chapter 16, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-1607, Idaho Code, and to read as follows:

42-1607. INVENTORY OF ARTESIAN WELLS -- PLUGGING WELLS. (1) The director of the department of water resources shall initiate a program to inventory and locate artesian wells throughout the state.

(2) The director of the department of water resources shall plug abandoned artesian wells or artesian wells where the owner cannot be ascertained.

(3) For artesian wells which are not in compliance with Idaho minimum well construction standards, the owner shall be required to have the well repaired in compliance with Idaho minimum well construction standards promulgated pursuant to section 42-238, Idaho Code, so as to preclude the wasting or commingling of water. The repairs shall be paid for by the owner of the well, and if repairs are not made within a maximum of one (1) year following notification, the director of the department of water resources may order the owner to plug the well. The director upon good cause shown may grant an additional time period not in excess of two (2) years for the owner to make repairs of the well. If the well is not plugged within thirty (30) days of the order, or other longer time period as provided in the order, the director may plug or cause the well to be plugged at the owner’s expense. For the period of July 1, 1987, to June 30, 1992, the director of the department of water resources shall promulgate rules and regulations to implement a cost-sharing program to assist owners of wells which have been ordered repaired or plugged pursuant to this subsection. The rules and regulations shall provide that up to fifty percent (50%) of the cost of the repairs or plugging shall be paid by the department of water resources based on an applicant’s ability to pay and moneys available for this purpose.

(4) Any person owning or controlling an artesian well which has been ordered repaired or plugged by the director of the department of water resources pursuant to subsection (3) of this section shall be liable for the costs of the repair or plugging if it was undertaken by the department of water resources. All moneys owed under the provisions of this section shall be paid to the director. The director shall charge interest on the amount owed in an amount no greater than twelve percent (12%) per annum. The director shall deposit all moneys
collected into the water administration account. Moneys owed pursuant to the provisions of this section shall be collected in a civil action brought in the district court in accordance with subsection (5) of this section.

(5) Any person aggrieved by a final order of the director entered pursuant to the provisions of this section may appeal to the district court within thirty (30) days of the issuance of the order. The appeal shall be heard and determined in accordance with sections 67-5215 and 67-5216, Idaho Code. The director through the attorney general may petition the district court for injunctive relief or a temporary restraining order to prevent irreparable damage pending the outcome of proceedings before the director pursuant to the provisions of this section. The director through the attorney general may commence a civil action in the district court to enforce the provisions of any final order of the director issued pursuant to the provisions of this section.

SECTION 14. That Section 42-4002, Idaho Code, be, and the same is hereby amended to read as follows:

(a) "Department" means the Idaho department of water resources.
(b) "Director" means the director of the Idaho department of water resources.
(c) "Geothermal resource" means the natural heat energy of the earth, the energy, in whatever form, which may be found in any position and at any depth below the surface of the earth present in, resulting from, or created by, or which may be extracted from such natural heat, and all minerals in solution or other products obtained from the material medium of any geothermal resource. Ground water having a temperature of two hundred twelve (212) degrees Fahrenheit or more in the bottom of a well shall be classified as a geothermal resource. Geothermal resources are found and hereby declared to be sui generis, being neither a mineral resource nor a water resource, but they are also found and hereby declared to be closely related to and possibly affecting and affected by water and mineral resources in many instances.
(d) "Geothermal area" means the same general land area which, in its subsurface, is underlaid or reasonably appears to be underlaid by geothermal resources from or in a single reservoir, pool, or other source or interrelated sources, as such area or areas may be from time to time designated by the director.
(e) "Material medium" means any substance, including, but not limited to, naturally heated fluids, brines, associated gases, and steam, in whatever form, found at any depth and in any position below the surface of the earth, which contains or transmits the natural heat energy of the earth, but excluding petroleum, oil, hydrocarbon gas, or other hydrocarbon substances.
(f) "Permit" means a permit issued pursuant to this act for the construction and operation of any well or injection well.
(g) "Person" means any individual natural person, general or limited partnership, joint venture, association, cooperative organiza-
tion, corporation whether domestic or foreign, agency or subdivision of this or any other state, or any municipal or quasi-municipal entity whether or not it is incorporated.

(h) "Waste" means any physical waste including, but not limited to:

(1) Underground waste resulting from the inefficient, excessive or improper use or dissipation of geothermal energy in or of any geothermal resource pool, reservoir, or other source; or the locating, spacing, construction, equipping, operating, or producing of any well in a manner which results, or tends to result, in reducing the quantity of geothermal energy to be recovered from any geothermal area in this state;

(2) The inefficient above-ground transporting and storage of geothermal energy; and the locating, spacing, equipping, operating, or producing of any well or injection well in a manner causing, or tending to cause, unnecessary or excessive surface loss or destruction of geothermal energy;

(3) The escape into the open air, from a well, of steam or hot water in excess of what is reasonably necessary in the efficient development or production of a well.

(i) "Well" means any excavation or other alteration in the earth's surface or crust by means of which the energy of any geothermal resource and/or its material medium is sought or obtained.

(j) "Injection well" means any special well, converted producing well or reactivated or converted abandoned well employed for injecting material into a geothermal area to maintain pressures in a geothermal reservoir, pool, or other source, or to provide new material or to serve as a material medium therein, or for reinjecting any material medium or the residue thereof or any by-product of geothermal resource exploration or development into the earth.

(k) "Board" means the Idaho water resource board.

SECTION 15. That Section 42-4003, Idaho Code, be, and the same is hereby amended to read as follows:

42-4003. PERMITS -- APPLICATION -- FEE -- EXCEPTIONS. (a) Any person who, as owner or operator, proposes to construct a well or to alter a well or to construct or to alter an injection well shall first apply to the director for a geothermal resource well permit. Such application shall set out the following information on a form or forms prescribed by the department:

(1) The name of any person making the application; if such person is a partnership, joint-venture, association, or other unincorporated group of corporate or natural persons, the names and places of domicile of each of the constituent persons who have general partnership responsibility and authority for and in such unincorporated group of persons; if any person named on a permit application is a corporation, its place of domicile, the names and places of domicile of its principal executive officers, and the names and places of domicile of any person or persons owning a thirty percent (30%) or greater interest, whether legal, beneficial, or a combined legal and beneficial interest, in such corpo-
rate person; if the applicant is making an application as an agent for any other person, it shall be clearly so stated and any person who is the applicant's principal shall be subject to each and all of the disclosure requirements of this subdivision; for purposes of this subdivision, the domicile of a corporation is at all of the following:

(a) the place of incorporation,
(b) the principal place of business,
(c) the place, by city and state, of the home office, and in any instance where domicile is required to be disclosed all of these places shall be specified.

(2) The location of the proposed well; and/or the injection well described particularly by the quarter-quarter section according to the township and range system of the United States public lands survey.

(3) The length, size, type, and thickness of casing proposed to be used in such well and/or such injection well and any other devices or techniques to be used in the drilling, operation, and maintenance of such well and/or injection well for the purpose of conserving geothermal resources and their availability, avoiding waste and for the protection of other subsurface natural resources.

(4) The character and composition of the material expected to be derived from such well.

(5) The means proposed to be used to contain and manage the material expected to be derived from such well or injected into such injection well in order to avoid unreasonable damage to life, property, or surface and atmospheric natural resources.

(6) Whether such well or such injection well is proposed to be constructed as a part of a program for exploration or for development of an already explored geothermal resource area.

(7) Such other information as the director may determine to be necessary for the administration of this act chapter.

(b) Any application for a permit to construct a well which is made pursuant to this section, if the construction or operation of such well will involve the use of water, or if such well may be expected to yield water to be used, for any beneficial purpose, other than as a mineral source, an energy source, or otherwise as a material medium, shall be accompanied by an application to appropriate the public waters of this state in the form prescribed in chapter 2, title 42, Idaho Code, and by regulations adopted pursuant thereto, and such application to appropriate the public waters shall be governed in all respects by that chapter.

(c) Any application for a permit made pursuant to this section shall be accompanied by a filing fee of:

(1) One hundred dollars ($100) if for a well, or
(2) Fifty dollars ($50.00) for an injection well,
and no application shall be accepted and filed by the director until such filing fee has been deposited with him. All moneys received under provisions of this act shall be deposited with the state treasurer in the water administration fund as provided in section 42-238a, Idaho Code.
(d) No person shall construct or alter a well or an injection
well without having first secured a permit therefor; provided however,
that the director may, by general rule or regulation adopted pursuant
to chapter 52, title 67, Idaho Code, exempt specific categories of
wells or injection wells otherwise embraced by this act upon a finding
that the purposes of this act do not require that such wells be
subject to the permit requirement of this section.
(e) Nothing in this act shall be construed as affecting any
valid, vested water rights for water in use on or before January 1,
1987. No person operating or proposing to operate a greenhouse,
hot-house, swimming-pool, hot-springs bath, or hot-water--fish--propa-
gation facility, space-heating plant, or similar facility, unless such
operation is in conjunction with a geothermal resource--use--not--specified
in this subdivision;
(f) The director shall have the authority to and may designate
any area of the state a "geothermal area" when the director finds or
has reason to believe that such designation is necessary to protect
the geothermal resource from waste and to protect other resources of
the state from contamination or waste.
(g) No person shall drill a well for any purpose to a depth of
three thousand (3,000) feet or more below land surface in a designated
"geothermal area" without first obtaining a permit under the provi-
sions of this section. Such permit shall be in addition to any permit
required by other provisions of law.
(h) The owner of any well constructed or being constructed pur-
suant to section 47-320, Idaho Code, which encounters a geothermal
resource, and who intends or desires to utilize such resource, shall
make application for a geothermal permit as required under this
section, provided however, that no additional filing fee shall be
required.
(i) A geothermal resource shall be utilized primarily for its
heat value. Usage of a geothermal resource primarily for some reason
other than its heat value shall not be deemed a beneficial use of the
resource.

SECTION 16. That Section 42-4005, Idaho Code, be, and the same is
hereby amended to read as follows:

42-4005. PERMIT -- ISSUANCE -- BOND -- REVIEW -- APPEAL. (a) If
the director does not finds that the well or the injection well as it
is proposed to be constructed or altered will be against is in the
public interest, he shall issue a permit therefor. The director may
issue a permit substantially in accordance with the specifications on
the application, or the director may limit the scope of the permit
granted or may issue a permit subject to conditions.

(b) If the director finds that the well or injection well as it is proposed to be constructed or altered in the application will not be in the public interest, he shall refuse to issue a permit. In no case shall the director issue a permit to construct or alter a well or injection well if he finds that use of the proposed well or injection well may be expected to unreasonably reduce the quality of any surface or ground waters below the quality which such waters would have had but for the proposed well.

(c) If the director refuses to issue a permit, or issues one subject to conditions or limitations, he shall issue a clear statement of his reasons for so refusing to issue or so issuing the limited permit. Such reasons shall be stated with particularity and may include matters of fact and of law. The director shall issue a statement of findings of fact and conclusions of law that provide a factual and legal basis for the order. The refusal of the director to issue a permit, together with the clear statement of the reasons for refusing to issue the permit shall be served on the applicant by certified mail. A permit issued conditionally or subject to limitations shall, with the statement of reasons required under this subdivision, be served in the same manner as a refusal to issue a permit.

(d) An applicant who has had denied a permit refusal or issued a limited or conditional permit served on him as provided in subdivision (c) of this section may seek a public hearing before the water resource board. A certified transcript of the proceedings and the evidence received at such hearing shall be maintained by the board. The board shall affirm, modify or reject the director’s decision, and make its decision in the form of an order to the director. The hearing shall be conducted in accordance with chapter 52, title 67, Idaho Code. Judicial review of the final determination by the board may be secured pursuant to sections 67-5215 and 67-5216, Idaho Code.

(e) The director shall not issue a permit if he finds that the operation of any well under a proposed permit will unreasonably decrease ground water available for prior water rights in any aquifer or other ground-water source for water for beneficial uses, other than uses as a mineral source, an energy source, or otherwise as a material medium, unless and until the applicant has also obtained a permit for the appropriation of ground waters under chapter 2, title 42, Idaho Code.

(f) The director shall require, as a condition of every permit, every person who engages in the construction, alteration, testing, or operation of a well to file with the director, on a form prescribed by the director, a bond indemnifying the state of Idaho providing good and sufficient security, conditioned upon the performance of the duties required by this act chapter and the proper abandonment of any well covered by such permit. Such bond shall be in an amount to be determined by the director; but in no case may the bond be in an amount which is not less than ten five thousand dollars ($50,000) for each individual well or more than one hundred thousand dollars ($100,000) as determined by the director based on the size and depth of the well, the complexity of the well, the resource to be recovered, the area of operation, and other relevant factors.
SECTION 17. That Section 42-4010, Idaho Code, be, and the same is hereby amended to read as follows:

42-4010. POWERS AND DUTIES -- PENALTIES. (a) The water resource board may adopt, amend, or rescind reasonable rules, regulations, and construction standards necessary to the administration of this act chapter in accordance with chapter 52, title 67, Idaho Code. Regulations-adopted-pursuant-hereto-may-be-interpretative-of--provisions--of this-act.

(b) The board may require that owners or operators of wells or injection wells keep or cause to be kept well logs, core records, and drilling histories of such wells or injection wells. It may require that copies of such logs, records, and/or histories be filed with the director within a reasonable time after well completion. It may further require such other geologic, geochemical, or engineering plans, reports, or records as necessary for the administration of this act. Any reports, logs, records, or histories filed with the director shall not be available for public inspection and shall be kept as confidential by the director for a period of one (1) year from well completion, provided however, that the director may use any such reports, logs, records, or histories in any action in any court to enforce the provisions of this act or any order or regulation adopted hereunder.

(c) The director may enter onto private land at any time to inspect any well or geothermal resource development project to determine if such well or project is being constructed, operated, or maintained according to any applicable permits or to determine if the construction, operation, or maintenance of such well or project may involve a threat to life or property or an unreasonable risk to subsurface, surface, or atmospheric resources.

(d) If the director finds that any person is constructing, operating or maintaining any well or injection well not in accordance with any applicable permit or in a fashion so as to involve an unreasonable risk of, or so as to cause, damage to life or property or subsurface, surface, or atmospheric resources, the director may issue an order to such person to correct or to stop such practices as are found to be improper and to mitigate any injury of any sort caused by such practices.

(e) The director may enforce any provision of this act chapter or any order or regulation issued or adopted pursuant hereto by an appropriate action in the district court. The director may bring an action in the district court to have enjoined any threatened noncompliance with any provision of this act-or-any-order-or-regulation-adopted-pursuant-hereto chapter, regulations, or orders of the director, or any threatened harm to life, property, or surface, subsurface, or atmospheric resources which would be caused by such noncompliance. It shall be the duty of the attorney general to institute and prosecute civil enforcement actions or injunctive actions as provided in this chapter, and to prosecute actions or proceedings for the enforcement of any criminal provisions of this chapter. The attorney general may delegate the authority and duty under this section to prosecute criminal actions to the prosecuting attorney of the county in which such a
criminal action may arise.

(f) Any willful violation of or failure to comply with any provision of this act or, if such order or regulation has been served on such person or is otherwise known to him, any valid order or regulation issued or adopted pursuant to the chapter, or regulation adopted or order issued pursuant to the chapter, shall be a misdemeanor punishable by a fine of up to five thousand dollars ($5,000) for each offense or a sentence of up to six (6) months in a county jail or both; each day of a continuing violation shall be a separate offense under this subdivision. A responsible or principal executive officer of any corporate person may be liable under this subdivision if such corporate person is not in compliance with any provision of this act chapter or with any valid order or regulation adopted pursuant hereto.

(g) The director shall undertake such studies, investigations, or research programs as necessary for the proper administration of this act chapter and in order to develop experience in and understanding of the entire field of geothermal resource exploration and development in both its technical and regulatory aspects. The director and board shall cooperate with other Idaho state agencies, the state institutions of higher learning, agencies of other states, and agencies of the federal government in the preparation of such investigations, studies, or research projects. The director and board may cooperate with the state nuclear commission and the scientists at the Idaho national reactor--testing--station engineering laboratory in their research, development, engineering and demonstration of geothermal projects.

(h) The director may enter into cooperative agreements and memoranda of understanding with agencies of other states for the purpose of the administration of geothermal areas which are partially in Idaho and partially in one or more other states.

SECTION 1. That Section 59-1330, Idaho Code, be, and the same is hereby amended to read as follows:

59-1330. EMPLOYER CONTRIBUTIONS -- AMOUNTS -- RATES. (1) Each employer shall contribute to the cost of the system. The rates of such contributions shall be determined by the board on the basis of
assets and liabilities as shown by actuarial valuation, and such rates shall remain effective until next determined by the board.

(2) The normal cost rate shall be computed to be sufficient, when applied to the actuarial present value of the future salary of the average new member entering the system, to provide for the payment of all prospective benefits in respect to such member which are not provided by the member's own contribution.

(3) The amortization payment rate shall not be less than that percentage, calculated as of the date of the most recent actuarial valuation, of the then actuarial present value of the annual salaries of all members in the system for the next thirty-five (350) years starting January July 1, 1987, and thirty twenty-five (3025) years starting January July 1, 1992, which is equivalent to the excess of the then actuarial present value of all future benefits payable in respect of all members and contingent annuitants over the sum of (a), (b) and (c) as follows:

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 51, Title 42, Idaho Code, and to read as follows:

CHAPTER 51
GROUND WATER MANAGEMENT DISTRICTS

42-5101. LEGISLATIVE INTENT. The legislature hereby declares that the welfare of the people of Idaho is dependent upon the effective management of the ground water resources of this state. The legislature further declares that a need exists for the creation of special districts to provide for financing of repair or abandonment of wells in aquifers which have experienced or are experiencing declines in water level or water pressures because of flow, leakage, and waste from improper construction, maintenance and operation of wells drilled into the aquifer. Creation of these special districts may be initiated upon petition submitted by those owning the rights to use the ground water from any aquifers or parts of an aquifer that has been designated as a critical ground water area pursuant to section 42-233a, Idaho Code, or as a ground water management area pursuant to section 42-233b, Idaho Code.

42-5102. GROUND WATER MANAGEMENT DISTRICT FORMATION. For purposes of formation of a ground water management district, a petition shall be presented to the department of water resources which shall set forth the object of the organization of the district and the benefits to be provided by the district. The petition shall be accompanied by a map of the proposed district which shall indicate the proposed boundaries of the district, which shall include territory only within the boundaries of a critical ground water area or ground water management area designated by the director of the department of water resources.

The petition shall be signed by no less than fifty percent (50%), measured by the quantities of their various water rights, of the water users located within the proposed boundaries of the district. For purposes of this chapter, "water users" shall include the following:

(1) Individuals, or entities, who are the current holders of a right, acquired in accordance with the provisions of chapter 2, title 42, Idaho Code, or chapter 14, title 42, Idaho Code, to appropriate water and to divert water from the aquifer by means of a well or
wells, or who divert water from springs or other water courses emerging from such aquifer, or both.

(2) Cities which obtain water from the aquifer. A city may elect to be included within the proposed district by a majority vote of the members of its city council. The mayor of any city so electing may sign the petition on behalf of the city, and such city shall constitute one (1) water user for purposes of securing the minimum number of signatures required for the petition.

(3) Federal, state, or county government agencies which obtain water from the aquifer.

42-5103. FORMATION OF DISTRICT -- DECLARATION BY DIRECTOR. After receipt of the petition and map, the director shall review and examine the same and may require the submission of such additional or revised data concerning the boundaries of the proposed district, the costs of repairs or abandonment of improperly constructed wells or any other matter relevant to the formation of the district as he may deem necessary. The director shall conduct a hearing on the petition and supporting documents. Notice of the time and place of the hearing shall be published by the director in a newspaper or newspapers published in each of the counties or a newspaper of general circulation therein at least three (3) weeks before the date of the hearing.

Within ninety (90) days after the hearing has been concluded, the director after due consideration of all relevant data and testimony shall determine whether the proposed district will provide the benefits described, whether the boundaries proposed are proper with respect to the benefits to be provided, and whether the formation of the district will serve the interest of the water users proposed to be benefited. On the basis of his determination, the director shall enter an order either establishing the ground water management district and defining the the boundaries thereof to reflect the area to be benefited or denying the formation of the district. If the director orders formation of the district, he shall cause copies of the order, duly certified, to be filed with the secretary of the state and board of county commissioners, county recorder, county assessor and county treasurer of each county in which any part of the district is situated.

42-5104. BOARD OF DIRECTORS -- COMPOSITION -- APPOINTMENT OF FIRST BOARD -- ELECTION OF SUBSEQUENT BOARDS. (1) The board of directors of the ground water management district shall consist of three (3) members. Each member shall be a water user, or representative of a water user within the district.

(2) The first board of directors shall be appointed by the director of the department of water resources. Water users within the district, or groups thereof, may submit to the director, or the director may solicit therefrom, the names of qualified individuals to be considered for appointment to the board.

(3) The term of office of the directors shall be determined by lot so that one (1) member shall serve for a term of three (3) years, one (1) member shall serve for a term of two (2) years, and one (1) member shall serve for a term of one (1) year. Thereafter, members
shall serve a three (3) year term and shall be elected as hereinafter provided. If a vacancy occurs, the director shall appoint a successor to serve the remainder of the term.

(4) On the last Monday in March following the expiration of the term of the member serving for one (1) year, and on the last Monday in March of each year thereafter, an election shall be held at which a director to succeed the one whose term has expired will be elected. Each director so elected shall be a water user or a representative of a water user within the district.

42-5105. CITIES -- MANNER OF VOTING FOR DIRECTORS. Each city which has elected to be and is included within the district shall be entitled to one (1) vote and the vote of the majority of the members of the city council of each such city shall constitute the vote of the city. The voting shall be conducted at a regular meeting of the city council or a special meeting called by the mayor for that purpose to be held on or within a week prior to the date set for election. The voting results shall be certified to by the mayor and forwarded to the secretary of the district prior to the date set for canvassing of election returns by the board of directors. The provisions of section 42-5107, Idaho Code, shall not apply to cities or other government agencies.

42-5106. WATER USERS OTHER THAN CITIES -- QUALIFICATIONS FOR VOTING. Any water user, as defined in subsection (1) of section 42-5102, Idaho Code, or a representative thereof, within the district who possesses the qualifications required of electors under the general laws of the state shall be entitled to vote at any election held under the provisions of this chapter. A representative of a water user shall be so designated by written proxy signed by the water user except that the vote of a federal, state, or county government may be cast by an elected or appointed official of the agency, or his designee.

42-5107. REGISTRATION NOT REQUIRED. No registration shall be required of qualified electors, as defined in section 42-4206, Idaho Code, in any election held in the ground water management district, but in lieu thereof the judges of election shall require every such elector to subscribe to an elector's oath as prerequisite to casting his vote, which oath shall contain the following words: "I am a resident of ........ county, and a water user, as defined in subsection (1) of section 42-5102, Idaho Code, or a representative of such water user, within the district."

42-5108. NOTICE OF ELECTION. The secretary of the district shall give notice of all elections in the district by posting the same in three (3) public places in each county in which a part of the district is situated and in the office of the board of directors at least four (4) weeks before the day of such election, or by publication of the notice once a week for four (4) successive weeks in a newspaper or newspapers published in each of said counties or in a newspaper of general circulation therein. Notices shall state the time of the elec-
tion and the location of polling places within the district and the directors to be elected or other question to be voted upon, as the case may be.

42-5109. CONDUCT OF ELECTIONS. The election shall be conducted as nearly as practicable in accordance with the general laws of the state; provided that no particular form of ballot shall be required and the provisions of the election laws as to the form and distribution of ballots shall not apply.

The board of directors shall designate polling places in such number as it may deem necessary. At least ten (10) days before the holding of any election, the board shall appoint three (3) electors to serve as judges of election at each polling place. The judges shall perform the same duties as near as may be, as judges of election under the general laws of the state. Immediately after the election, the judges of election shall forward the official results to the secretary of the district.

42-5110. CANVASS OF RETURNS -- DECLARATION OF WINNERS. On the first Monday after each election, or at a time designated by the board of directors, the board shall meet at its usual place of meeting and proceed to canvass the returns. By order entered on its minutes, the board shall declare elected the person or persons having the highest number of votes for each office.

42-5111. BOARD OF DIRECTORS -- OFFICERS -- MEETINGS -- COMPENSATION -- VACANCIES. (1) The board of directors annually shall elect a chairman from their number and shall appoint a secretary and a treasurer to hold office at the pleasure of the board. The treasurer shall on his appointment execute and file with the secretary an official bond in such amount as may be fixed by the board of directors, and shall thereafter from time to time execute and file such further bonds as may be required by the board in amounts fixed by it, which amounts shall be at least fifty percent (50%) of the maximum probable amount of money in the treasurer's hands at any one (1) time. All such official bonds shall be executed by a lawfully qualified surety company.

(2) The board of directors shall hold a regular annual meeting and may hold such special meetings as may be necessary for the proper transaction of business. Special meetings may be held on seventy-two (72) hours' notice of the chairman or a majority of the members. A majority shall constitute a quorum for the transaction of business and the concurrence of a majority of the members shall be necessary to constitute the action of the board. All meetings of the board shall be public and all records of the board shall be open to the inspection of any member water user, or representative thereof during business hours.

(3) The members of the board shall each receive not more than twenty-five dollars ($25.00) nor less than five dollars ($5.00) per day for each day spent attending the meetings or while engaged in official business of the board, and actual and necessary travel expenses. The term "actual and necessary expenses" shall include all
traveling and lodging expenses necessarily incurred by any director when absent from his residence in the performance of the duties of his office. The board shall fix the compensation to be paid to the other officers of the district.

(4) In case of a vacancy in the office of director occurring otherwise than by the expiration of a term, the remaining members of the board of directors shall fill such vacancy by appointing thereto a qualified water user, member of the district, or representative thereof, possessing the qualifications of the director whose office has become vacant to serve the remainder of the term.

42-5112. POWERS AND DUTIES OF BOARD OF DIRECTORS. The board shall have the following powers and duties:

(1) To manage and conduct the business and affairs of the district;

(2) To employ and appoint such agents, officers and employees as may be required to perform the duties as set out in this chapter and prescribe their duties;

(3) To incur indebtedness, for the purpose of financing repair or abandonment of wells in the district, the term of which shall not exceed ten (10) years, by contract with a money-lending institution, including the Idaho water resource board;

(4) To levy assessments for the retirement of indebtedness incurred for purposes of financing repair or abandonment of wells in the district and for the cost of operating the district, including participating in state and/or federal aquifer monitoring programs;

(5) To contract with owners of wells in the district which require repair or abandonment as ordered by the director of the Idaho department of water resources to effectuate repair or abandonment of such wells. The contracts may include financial participation in repair or abandonment, as necessary, to meet minimum well construction standards adopted by the Idaho water resource board, as follows:
   (a) Repair of wells which owners intend to continue to use: grants of up to fifty percent (50%) of total cost of repair; loans at interest rates and terms determined by the board of directors of up to one hundred percent (100%) of total cost of repair;
   (b) Abandonment of wells which owners do not intend to continue to use: grants or loans of up to one hundred percent (100%) of total cost; total cost of repair or abandonment includes all costs, including technical evaluation, design and inspections;

(6) To contract with the director of the department of water resources to evaluate proposed contracts with well owners to evaluate the repairs or other work proposed and the costs of the proposed work;

(7) To adopt rules and regulations, in accordance with the administrative procedure act, chapter 52, title 67, Idaho Code, for determining the percentage of the total repair or abandonment cost that the district will grant or loan, the maximum amounts of grants and loans and their terms, a procedure for determining which water users will be given the financial assistance offered by the district, and a limitation on the total indebtedness of the district. For the purposes of chapter 52, title 67, Idaho Code, the district shall be considered an agency. Among the factors to be considered by the board of directors
in the adopted rules shall be the following:

(a) Characteristics of the well to be repaired or abandoned; i.e. location, depth, diameter, depth to water or water pressure in the well, rate of leakage above and below land surface, and the purpose of the well;

(b) Financial ability of the owner;

(c) Estimated relative impact of the repair or abandonment on water levels or pressures in the aquifer and in surrounding wells;

(d) Total number and estimated total cost of repairs to be made in the district as compared to the repayment capability from allowable annual assessments to be collected by the district; and

(e) Orders and recommendations of the director of the Idaho department of water resources;

(8) To accept gifts and grants in furtherance of the purposes of this chapter;

(9) To enter upon any land to make inventories, surveys, and monitoring or construction inspections in furtherance of the purposes of this chapter;

(10) To do any and every lawful act necessary to be done that the provisions of this chapter may be carried out;

(11) At such intervals as the director of the department of water resources shall establish, the board of directors shall report to the director, in the form and manner prescribed by him, concerning the operations of the district;

(12) The board of directors annually shall submit to the director of the department of water resources a financial report setting forth the financial condition of the district. The report shall be in the form prescribed by the director and shall specify the amount of the assessments levied by the district for the year, the outstanding obligations of the district, and such other information as the director may require. The director shall have the authority to conduct an audit of the financial transactions and operations of the district.

42-5113. LEVY OF ASSESSMENTS. The secretary of the board of directors shall be the assessor of the district, and on or before August 1 of each year shall prepare an assessment book containing a full and accurate list of all water users within the district.

At a regular meeting of the board between August 1 and November 1 of each year, the board of directors shall determine the amount necessary to be raised for payment of the annual payment on any and all indebtedness of the district for the following year. Money received in payment of such assessments shall be deposited in a separate fund to be known as the debt retirement fund. The board of directors may, in addition, determine the amount necessary to pay the expenses of making the assessment book, giving notice of assessments and making collections thereof and for the cost of contracts with state or federal agencies for monitoring programs, or evaluation of proposed contracts, and may levy assessments against the water users in the district sufficient to raise such amount. Money received in payment of such assessments shall be deposited in a separate fund to be known as the operating expense fund.

Each water user shall pay a proportionate share of the total of
all amounts to be raised for the purposes aforementioned, which share shall be based on the ratio which the quantity of water such water user is authorized to appropriate under his water right or rights bears to the total quantity of water authorized for appropriation under the water rights of all water users in the district; provided, however, that the combined annual assessment against each water user shall not exceed one hundred dollars ($100) per second foot of water the water user is entitled to appropriate under his water right or rights, except, that the district may establish a ten dollar ($10.00) minimum assessment for any water user.

42-5114. POWER TO INCUR INDEBTEDNESS -- ASSESSMENTS TO SECURE REPAYMENT. In order to secure funds for the repair or abandonment of wells in the district, the board of directors may, by resolution duly adopted and entered upon the minutes, incur indebtedness by contract with a money-lending institution; provided, however, that the term of such indebtedness shall not exceed ten (10) years. To secure the repayment of any indebtedness so incurred, the board shall levy assessments over the term of the indebtedness in amounts sufficient to repay the interest and principal as it falls due. Such assessments shall be levied in the manner and shall be subject to the limitations set forth in section 42-5113, Idaho Code, and may only be levied if the indebtedness has been approved at the election contained in sections 42-5115 through 42-5119, Idaho Code.

42-5115. ELECTION FOR INDEBTEDNESS -- REFERENDUM PETITION. Whenever the board shall by resolution adopted by a two-thirds (2/3) majority of the said board, determine that the interest of said district and the public interest or necessity demand the reconstruction, rehabilitation, replacement and improvement of any well or other related structures and works together with all necessary appurtenances related thereto, in order to preserve, restore, protect and maintain rights of storage, diversion and delivery of water necessary and appurtenant to the purposes for which such district and other like similarly situated districts were organized and shall set forth the amount of obligation or contract indebtedness proposed to be issued by the district under the provisions of this chapter, said board shall be required to order the submission of the proposition of issuing such contract indebtedness for the purposes set forth in said resolution to the vote of the qualified electors of the district as defined in section 42-5107, Idaho Code, at an election to be held for that purpose only if within fifteen (15) days after the passage of such resolution a referendum petition signed by legal voters equal in number to not less than ten per cent (10%) of the electors of the district, based upon the aggregate vote cast at the general election of officers of the district next preceding the filing of such referendum petition, shall be filed with the secretary of the district requesting that an election upon the issuance of such contract indebtedness be held and conducted under the provisions of this section. Any election required to be held pursuant to a referendum petition filed in accordance with this section for the purpose of submitting any proposition or propositions of incurring such obligation or indebtedness may be held sepa-
rately, or may be consolidated or held concurrently with any other election authorized by law. The resolution, in addition to such declaration of public interest or necessity, shall recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost of the reconstruction, rehabilitation, replacement or improvement as the case may be, the amount of principal of the indebtedness to be incurred therefor, and the sources of the revenues and assessments pledged to the payment of the indebtedness. The separate election upon the assessments, shall be held at the same time as and shall be combined with any such election required to be held upon the indebtedness question pursuant to a referendum petition.

Any such election required to be held hereunder shall be called by resolution, which resolution shall also fix the date upon which such election shall be held, the manner of holding the same and the method of voting for or against the incurring of the indebtedness. Such resolution shall also fix the compensation to be paid the officers of the election and shall designate the precincts and polling places and shall appoint for each polling place, from each precinct from the electors thereof, the officers of such election, which officers shall consist of three (3) judges, one (1) of whom shall act as clerk, who shall constitute a board of election for each polling place. The description of precincts may be made by reference to any order or orders of the board of county commissioners of the county or counties in which the district or any part thereof is situated, or by reference to any previous order, or resolution of the board or by detailed description of such precincts. Precincts established by the boards of the various counties may be consolidated for special elections held hereunder. In the event any such election shall be called to be held concurrently with any other election or shall be consolidated therewith, the resolution calling the election hereunder need not designate precincts or polling places or the names of officers of election, but shall contain reference to the act or order calling such other election and fixing the precincts and polling places and appointing election officers therefrom. The resolution calling the election shall prescribe an official notice of election, which notice shall be published once a week for two (2) consecutive weeks, the last publication of which shall be at least ten (10) days prior to the date set for said election, in a newspaper of general circulation printed and published within the district, and no other or further notice of such election or publication of the names of election officers or of the precincts or polling places need be given or made.

The respective election boards shall conduct the election in their respective precincts in the manner prescribed by law for the holding of district elections to the extent the same shall apply and shall make their returns to the secretary of the district. At any regular or special meeting of the board held not earlier than five (5) days following the date of such election, the returns thereof shall be canvassed and the results thereof declared.

In the event that no referendum petition is filed, or if so filed, if it shall appear from said returns that a two-thirds (2/3) majority of the qualified electors of the district who shall have voted on any proposition submitted hereunder at such election voted in favor of
such proposition, the district shall thereupon be authorized to incur
such indebtedness or obligations, or enter into such contracts, all
for the purpose or purposes and object or objects provided for in the
proposition submitted hereunder or in the resolution therefor, and in
the amount so provided. Submission of the proposition of incurring
such obligation or other indebtedness at such an election shall not
prevent or prohibit submission of the same or other propositions at
subsequent election or elections called for such purpose.

42-5116. JUDICIAL EXAMINATION. Prior to the incurring of
indebtedness, the board shall file a petition in the district court of
the county in which the office of the board is located, pursuant to
the provisions of sections 43-406 to 43-408, inclusive, Idaho Code, as
if the district were an irrigation district. Whenever any district
which is required to file a petition hereunder has or proposes to
enter into a contract or contracts with one or more districts pursuant
to law, and such other district or district is authorized or required
to bring a confirmation proceeding or proceedings pursuant to the
provisions of section 43-406 or of section 43-1808, Idaho Code, with
respect to such contracts or the levy of assessments or the apportion
ment of costs, the boards of each of such other districts shall join
in the filing of such petition, and the district court in which such
petition is filed shall have jurisdiction to hear the petition and to
grant the relief prayed for therein. Each such petition shall pray for
a judicial examination and determination of any power conferred hereby
or by any amendment hereto or of any assessment levied or of any
apportionment of costs or of any act, proceeding or act of the
district or districts, whether or not said contracts shall have been
executed, including proposed contracts for the reconstruction, reha
bilitation, replacement and improvement of any such well and other
related structures and works and appurtenances, falling water con
tracts, contracts with other districts and contracts with other public
and private persons, firms, corporations and associations. Such peti
tion shall set forth the facts whereon the validity of such powers,
assessments, apportionments, acts, proceedings or contracts is
founded. Notice of the filing of said petition shall be given by the
clerk of the court by mailing, and by publication in at least one (1)
newspaper published and of general circulation within the boundaries
of each district joining in the petition, or if no newspaper is so
published within any district, then in a newspaper published in the
same county in which any part of such district is located which is of
general circulation in such district, pursuant to and in accordance
with the requirements of section 43-407, Idaho Code, as if the dis
trict were an irrigation district under the seal thereof, stating in
brief outline the contents of the petition and showing where a full
copy of any contract or contracts, therein mentioned, may be examined.

Any water user as defined in section 42-5102, Idaho Code, in any
district joining in the petition or any other person interested in the
contracts or proposed contracts may appear and answer said petition at
any time prior to the date fixed for said hearing or within such fur
ther time as may be allowed by the court; and the petition shall be
taken as confessed by all persons who fail so to appear. The said
petition and notice shall be sufficient to give the court jurisdiction and, upon hearing, the court shall examine into and determine all matters and things affecting the question submitted, shall examine all of the proceedings of all of the districts as set forth in the petition, shall hear all objections either filed in said proceeding or brought up from the hearings before any of the boards, shall correct all errors in the assessments and apportionments of costs, shall ratify, approve and confirm all apportionments of costs and assessments levied, shall make such findings with reference thereto and render a judgment and decree thereon approving and confirming all of the powers, assessments, apportionments, acts, proceedings and contracts of each of the districts as set forth in the petition as the case warrants. Costs may be divided or apportioned among the contesting parties in the discretion of the trial court. Review of the judgment of the court may be had as in other similar cases, except that such review must be applied for within thirty (30) days after the time of the rendition of such judgment, or within such additional time as may be allowed by the court within thirty (30) days. The Idaho Rules of Civil Procedure shall govern in matters of pleading and practice where not otherwise specified herein. The court shall disregard any error, irregularity or omission which does not affect the substantial rights of the parties. Except as provided herein, the provisions of sections 43-406 through 43-408, Idaho Code, shall apply to the proceeding herein authorized as though the ground water management district were an irrigation district.

42-5117. JUDICIAL PROCEEDINGS TO TEST VALIDITY. In the event that any official required to participate in any act leading to the calling or holding of the required election or the execution of any required contract shall refuse to perform such act alleging as his reason illegality of the proposed election or the proposed contract, the board may institute judicial proceedings to compel such steps to be taken and legality of the election or the contract to be determined. All cases in which there may arise a question of the validity of any proceeding under this act shall be advanced as a matter of immediate public interest and concern, and heard at the earliest practicable moment. The courts shall be open at all times for the purposes of this act.

42-5118. TAX EXEMPTION. Interim notes, and the interest thereon, issued pursuant to the authority contained in this chapter shall be exempt from taxation under the Idaho income tax law.

42-5119. LIBERAL CONSTRUCTION. Any restrictions, limitations or regulations relative to the execution of such contracts pursuant to the authority herein contained in any other act shall not apply to the execution of such contracts pursuant to the authority herein contained. Any act inconsistent herewith shall be deemed modified to conform with the provisions of this chapter for the purpose of this chapter only. This chapter being necessary to secure and preserve the public health, safety, convenience and welfare, and for the security of public and private property, it shall be liberally construed to
effect the purposes of this chapter.

42-5120. LENDING INSTITUTIONS -- RIGHT TO COMPEL ASSESSMENTS -- ALTERNATIVE REMEDY. If in any year the board of directors fails to levy assessments for the repayment of indebtedness in amounts sufficient to meet a payment or payments falling due, the lender may bring an action in the district court of any county in which the district is situated to compel the board to levy assessments in amounts sufficient to insure the payment thereof; provided, however, that the board may not be compelled to increase assessments for the repayment of indebtedness if the maximum annual assessment limitation specified in section 42-5113, Idaho Code, will be exceeded thereby. In the event that the maximum annual assessment limitation has been reached and the assessments for repayment of indebtedness nevertheless will be insufficient to meet a payment or payments falling due, the lender may, in the alternative, seek an order requiring that moneys received by the district in payment of assessments for all purposes be first expended for the repayment of that portion of the indebtedness falling due.

42-5121. LIEN OF ASSESSMENT. From and after January 1 of any year, all assessments, other than those levied against municipalities, shall be liens against the property of water users to which the water rights used to determine assessments are appurtenant. Such liens shall not be removed until the assessments are paid or the property is sold for the payment thereof.

42-5122. PAYMENT OF ASSESSMENTS -- WHEN DELINQUENT -- INTEREST AND PENALTIES. Assessments shall be due and payable on or before December 31 of each year. On or before the first day of December, the treasurer of the district shall publish a notice for a period of not less than two (2) weeks in a newspaper published or having general circulation in each of the counties in which any part of the district is situated setting forth the date by which assessments must be paid and the times and places at which payment may be made. The treasurer of the district shall mail by regular mail a billing to each water user. The billing shall be mailed on or before the first day of December.

Assessments unpaid on December 31 shall be delinquent and shall bear interest at the rate of fifteen percent (15%) per annum until paid. Delinquent assessments, in addition, shall be subject to a penalty in the amount of fifteen dollars ($15.00) per delinquent assessment.

The maximum annual assessment limitation specified in section 42-5113, Idaho Code, shall apply only to the amount of the assessment itself, and the interest and penalty herein prescribed shall be collectible along with the amount of the delinquent assessment, notwithstanding that the assessment itself is at the maximum specified in that section.

42-5123. ENTRY OF DELINQUENT ASSESSMENTS -- FILING OF DELINQUENCY LIST. On or before the 15th day of January of each year the treasurer shall enter the amount of all delinquent assessments upon the assess-
ment book, which entry shall be considered to be dated as of the first day of January. Such entry shall have the force and effect of a sale to the treasurer of the district as grantee in trust for the district of all property to which a lien has attached as a result of such unpaid assessments.

The treasurer shall compile a list of such delinquency entries which shall contain the names of the persons or entities to whom the assessments were directed and the amount of such delinquent assessments together with the amount of the penalties to be added thereto. A certified copy of the delinquency list shall be filed with the county recorder of each county in which the properties affected by such delinquent assessments are located, and the treasurer shall then provide by certified mail a notice of delinquency to each water user having a delinquent assessment.

**42-5124. REDEMPTION AND SALE OF PROPERTY SUBJECT TO DELINQUENT ASSESSMENTS.** The manner in which property subject to a lien for non-payment of assessments may be redeemed, and if not redeemed, shall be sold as provided in sections 43-712, 43-715 through 43-721, 43-724 and 43-726, Idaho Code, to the extent that the provisions thereof are in keeping with the provisions of this chapter.

**42-5125. WATER USERS SUBJECT TO INCLUSION WITHIN THE DISTRICT.**

1. all water users, as defined in subsection (1) of section 42-5102, Idaho Code, included within the district and who have not obtained exclusion as hereinafter provided, shall remain within and be subject to assessment by the district, notwithstanding the absence of their signatures on the petition for formation of the district, and notwithstanding any change in the ownership or control of the property of the water user, whether by way of transfer, exchange, conveyance, assignment, lease, or otherwise, to which the water right or rights used to determine assessments are appurtenant. Municipal water users, as defined in subsection (2) of section 42-5102, Idaho Code, included within the district shall remain upon their election, within and be subject to assessment by the district unless excluded in the manner hereinafter provided.

2. Any water user, as defined in subsection (1) of section 42-5102, Idaho Code, who has obtained exclusion from the district, but who nevertheless is benefited by the district, shall remain excluded; provided, however, that any person or entity succeeding the water user in the ownership or control of property, whether by way of transfer, exchange, conveyance, assignment, lease, or otherwise, to which is appurtenant a water right that, barring the exclusion, would have been used to determine assessments, shall be deemed included within and subject to assessment by the district.

3. Any individual or entity whose permit to appropriate water was acquired after the formation of the district but who qualifies as a water user under subsection (1) of section 42-5102, Idaho Code, in all other respects, shall be deemed included within and subject to assessment by the district if benefited either directly or indirectly by the district.
42-5126. EXCLUSION FROM THE DISTRICT -- PROCEDURE -- GROUNDS FOR EXCLUSION. (1) After the formation of the district, any water user included within the district may file with the board of directors a petition in writing, praying for exclusion from the district. All water users seeking exclusion as are united in interest or to which the same state of facts apply may unite in the same petition. The grounds for exclusion and the time limitations for filing any petition hereunder shall be as follows:

(a) The water user will not be benefited by the functioning of the district. A petition alleging this ground for exclusion must be filed within ninety (90) days after the adoption of a resolution to incur indebtedness as authorized in section 42-5114, Idaho Code. Any such petition filed after the ninety (90) day period has elapsed shall not be accepted or considered, except upon a showing of good cause for the delay.

(b) The water user has not benefited by the functioning of the district. A petition alleging this ground for exclusion shall be filed no earlier than five (5) years after the adoption of a resolution to incur indebtedness as authorized in section 42-5114, Idaho Code.

(c) A petition alleging either of the foregoing grounds for exclusion shall be acknowledged by all the petitioners and shall state in detail the reasons why it is claimed that the petitioners should be excluded from the district.

(2) Immediately after the formal appointment, the board of directors shall cause notice of the deadline for filing petitions under the provisions of subsection (1) of this section and a copy of the order of formation of the district and a map indicating the boundaries of the district to be posted in three (3) public places in each county in which a part of the district is situated. In addition, the board shall publish notice of the deadline and the locations at which the order of formation and map of the district may be inspected for at least four (4) successive weeks in a newspaper published or having general circulation in each of the counties in which any part of the district is situated.

42-5127. HEARING -- NOTICE -- ENTRY OF ORDER. (1) The petition shall be heard by the board of directors within sixty (60) days of filing of the petition and if no hearing is held within that time the petitioner or petitioners shall be deemed excluded from the district. If, prior to the date set for the hearing, the board issues an order excluding the petitioner or petitioners, no hearing need be held. The board shall give each petitioner notice of the time and place of the hearing in writing not less than fifteen (15) days prior to the hearing. It shall be sufficient to mail such notice by certified or registered mail to each petitioner's mailing address as indicated on the petition.

(2) At the hearing, if any, the petitioner or petitioners must establish by competent evidence the allegations of the petition. The chairman of the board is hereby empowered to administer oaths for the purpose of the hearing. If the allegations of the petition are established the board shall enter an order excluding the petitioner or
petitioners, or any of them, from the district, which order shall reflect the nature of any outstanding and/or continuing liabilities to which the petitioner so excluded shall remain subject under the provisions of section 42-5129, Idaho Code.

42-5128. APPEAL. An appeal shall lie from a decision of the board of directors denying the petition or any part thereof to the district court of the county where the water user or water users are located. The appeal shall be taken in the same manner as appeals are taken from the board of county commissioners. If the district court excludes the water user or water users, or any of them, the time of exclusion shall date from the time of the hearing before the board of directors. The order of the district court excluding a water user or water users shall reflect the nature of any outstanding and/or continuing liabilities to which each water user so excluded shall remain subject under the provisions of section 42-5129, Idaho Code.

42-5129. EFFECT OF EXCLUSION ON LIABILITY FOR ASSESSMENTS. Any water user excluded from the district on the grounds specified in subsection (1) of section 42-5126, Idaho Code, shall not be subject to assessment by the district for any purpose. Any water user excluded from the district on the grounds specified in subsection (2) of section 42-5126, Idaho Code, shall not be subject to assessment for operation of the district or for assessment expenses after the entry of the order of exclusion, or in case of appeal, the effective date of exclusion, but shall remain subject to the following liabilities until discharged:

(1) Such excluded water user shall remain liable for payment of assessments previously levied and unpaid at the time of the entry of the order of exclusion, or in case of appeal, the effective date of exclusion.

(2) Such excluded water user, notwithstanding his exclusion, shall remain liable to pay his proportionate share, such share to be computed as specified in section 42-5113, Idaho Code, of any indebtedness of the district already incurred and outstanding at the time of the entry of the order of exclusion, or in case of appeal, the effective date of exclusion, but such water user shall not be liable upon any indebtedness incurred thereafter.

Any water user, as defined in section 42-5102, Idaho Code, who, after exclusion, remains subject to either or both of the liabilities specified herein shall, in addition, remain subject to the provisions of sections 42-5121, 42-5122, 42-5123 and 42-5124, Idaho Code, until such liabilities have been discharged.

Upon the discharge of any liability, the district shall issue to the water user its certificate of full payment executed by the chairman of the board and the secretary of the district, and acknowledged so that the certificate may be recorded in the records of the county wherein the property of the water user affected by such liability and the discharge thereof is situated.

42-5130. COSTS. On appeal, costs shall be taxed as in other civil cases. Costs of recording the order of exclusion shall be borne by
petitioners when the order is entered by the board of directors and by
the ground water management district when entered by the district
court.

42-5131. EXCLUSION TO BE RECORDED. The decision and order of the
board of directors, or of the district court in case of appeal, exclud­ing
the petitioner or petitioners from the district shall be
filed for record in the recorder's office of the counties within which
the district is situated.

42-5132. SEVERABILITY. The provisions of this act are hereby
declared to be severable and if any provision of this act or the
application of such provision to any person or circumstance is
declared invalid for any reason, such declaration shall not affect the
validity of remaining portions of this act.

Approved April 6, 1987.

CHAPTER 352
(S.B. No. 1185)

AN ACT
RELATING TO PERSONAL ELIGIBILITY CONDITIONS FOR UNEMPLOYMENT COMPENSATION BENEFITS; AMENDING SECTION 72-1366, IDAHO CODE, TO PROVIDE ADDITIONAL CONDITIONS TO ESTABLISH ELIGIBILITY FOR BENEFITS.

Be It Enacted by the Legislature of the State of Idaho:
SECTION 1. That Section 72-1366, Idaho Code, be, and the same is hereby amended to read as follows:

72-1366. PERSONAL ELIGIBILITY CONDITIONS. The personal eligibility conditions of a benefit claimant are that—

(a) In accordance with the provisions of this act, and such rules consistent therewith, as the director may prescribe—

(1) He shall have made a claim for benefits and provided all necessary information pertinent to eligibility.

(2) He shall have registered for work and thereafter reported at an employment office or other agency in a manner prescribed by the director.

(b) In some calendar quarter within his base period he shall have met the minimum wage requirements in his base period as provided in section 72-1367, Idaho Code.

(c) Claimant's unemployment is not due to having voluntarily left work to marry, or to perform the customary duties of maintaining a household, or to leave the locale to live with a spouse. The provisions of this subsection shall not apply after a change in conditions whereby claimant has become the main support of self or immediate family.

(d) During the whole of any week with respect to which he claims benefits or credit to his waiting period he was able to work, available for suitable work, and seeking work; provided, however, the director shall waive these provisions for each week he is attending training under provisions of section 72-1312(a), Idaho Code; and provided, that no claimant shall be considered ineligible in any week of unemployment for failure to comply with the provisions of this subsection if such failure is due to an illness or disability which occurs after he has filed a claim and registered for work and no suitable work has been available for him after the beginning of such illness or disability; and, provided further, that no claimant shall be deemed to be unavailable for the whole of the week who, because of compelling personal circumstance, is required to be absent from his normal market area, provided that such absence does not exceed a major portion of the week.

(e) His unemployment is not due to the fact that he left his employment voluntarily without good cause connected with his employment, or that he was discharged for misconduct in connection with his employment.

(f) His unemployment is not due to his failure without good cause to apply for available suitable work or to accept suitable work when offered to him. The longer a claimant has been unemployed, the more willing he must be to seek types of work other than in his ordinary trade or occupation and to accept work at a lower rate of pay. The director shall waive these provisions for each week he is attending a training course to which he has been assigned by a representative of the director if the claimant has submitted with each claim a written certification from the training course that claimant is enrolled in and is attending and satisfactorily completing the training course; A claimant may be assigned to a training course under the following conditions:
(1) The claimant is lacking in skills which would make him competitive in the labor market and is in need of available training or retraining in skills required by demand occupations. A demand occupation is an occupation in which work opportunities are available and there is not a surplus of qualified applicants; and

(2) The claimant has been unemployed continuously for four (4) or more weeks and the lack of employment opportunities is expected to continue for an extended period of time, or if the claimant's occupation is one for which there is a seasonal variation in demand, that the lack of demand for his skills is the result of a decline in demand expected to continue for an extended period of time and is not the result of a seasonal fluctuation; and

(3) The training relates to an occupation or skill for which there are, or are expected to be in the immediate future, reasonable employment opportunities in claimant's market area and there is not a substantial surplus of workers with requisite skills in the occupation in that area; and

(4) The training course is one approved by a representative of the director and can be completed within one (1) year; and

(5) The training course is prescribed for the purpose of training claimant in skills that will allow him to obtain immediate employment in a demand occupation and is not primarily intended to meet the requirements of a degree from a college or university; and

(6) The claimant can be reasonably expected to complete the training successfully.

(g) In determining for the purposes of this act, whether or not work is suitable for an individual, the degree of risk involved to his health, safety, morals, his physical fitness, experience, training, past earnings, length of unemployment and prospects for obtaining local employment in his customary occupation, the distance of the work from his residence, and other pertinent factors shall be considered. No employment shall, in any event, be deemed suitable and benefits shall not be denied to any otherwise eligible individual for refusing to accept new work or to hold himself available for work under any of the following conditions:

(1) If the vacancy of the position offered is due directly to a strike, lockout, or other labor dispute;

(2) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality of the work offered;

(3) If, as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(h) A benefit claimant, otherwise eligible for benefits, shall not be eligible for any week in which he fails, without good cause, to attend a training course to which he has been assigned under the provisions of subsection (f) of this section, if such course is available at no cost to the claimant.

(i) Notwithstanding any other provisions of this section, no individual who is otherwise eligible shall be denied benefits for any week because he or she is in training approved under section 236(a)(1) of the trade act of 1974, nor shall such individual be denied benefits
by reason of leaving work to enter such training; provided, the work left is not suitable employment, or because of the application to any such week in training of provisions in this law, or any applicable federal unemployment compensation law relating to availability for work, active search for work, or refusal to accept work. For purposes of this subsection, the term "suitable employment" means with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment, as defined for purposes of the trade act of 1974, and wages for such work at not less than eighty percent (80%) of the individual's average weekly wage as determined for the purposes of the trade act of 1974.

(j) A benefit claimant shall not be eligible to receive benefits for any week with respect to which it is found that his unemployment is due to a labor dispute; provided, that this subsection shall not apply if it is shown that—

(1) He is not participating, financing, aiding, abetting, or directly interested in the labor dispute; and

(2) He does not belong to a grade or class of workers of which, immediately before the commencement of the labor dispute, there were members employed at the premises at which the labor dispute occurs, any of whom are participating in or directly interested in the dispute.

(k) A benefit claimant shall not be entitled to benefits for any week with respect to which or a part of which he has received or is seeking unemployment benefits under an unemployment compensation or insurance law of another state or of the United States; provided, that if the appropriate agency of such other state or of the United States shall finally determine that he is not entitled to such unemployment compensation or insurance benefits, he shall not by provisions of this subsection be denied benefits. For purposes of this section, a law of the United States providing any payments of any type and in any amounts for periods of unemployment due to involuntary unemployment shall be considered an unemployment compensation law of the United States.

(l) A benefit claimant shall not be entitled to benefits if it is determined that he has wilfully made a false statement or representation or wilfully failed to report a material fact in order to obtain said benefits for a period of fifty-two (52) weeks from the date of said determination and said claimant shall be liable to repay to the fund any sums received as a result of said false statement, misrepresentation or failure to report a material fact.

(m) A benefit claimant shall not be entitled to benefits if his principal occupation is self-employment.

(n) A benefit claimant who has been found ineligible for benefits under the provisions of subsections (c), (e), (f), (g) or (i) of this section may reestablish his eligibility by having obtained bona fide work and received wages therefor in an amount of at least sixteen (16) times his weekly benefit amount.

(o) Benefits based on service in employment defined in sections 72-1349A, 72-1349B, and 72-1352(c), Idaho Code, shall be payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this
act.

(1) If the services performed during one-half (1/2) or more of any contract period by an individual for an educational institution as defined in section 72-1322B, Idaho Code, are in an instructional, research, or principal administrative capacity, all the service of such individual shall be deemed to be in such capacity.

(2) If the services performed during less than one-half (1/2) of any contract period by an individual for such an educational institution are in an instructional, research, or principal administrative capacity, none of the service of such individual shall be deemed to be in such capacity.

(3) As used in this section, "contract period" means the entire period for which the individual contracts to perform services, pursuant to the terms of the contract.

(p) No individual is eligible to receive benefits in two (2) successive benefit years unless subsequent to the beginning of the first of said benefit years during which he received benefits he performed service and earned remuneration for such service in an amount equal to not less than five and one-half (5 1/2) times his weekly benefit amount established during the first benefit year.

(q) (1) With respect to weeks of unemployment beginning after December 31, 1977, benefits based on wages earned for services performed in an instructional, research, or principal administrative capacity for an educational institution shall not be paid for any week of unemployment commencing during the period between two (2) successive academic years, or during a similar period between two (2) terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual if such individual performs such services in the first of such academic years (or terms) and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms.

(2) With respect to weeks of unemployment beginning after December 31, 1977, benefits based on wages earned for services performed in any other capacity for an educational institution shall not be paid to any individual for any week which commences during a period between two (2) successive school years or terms if such individual performs such services in the first of such school years or terms, and there is a contract or reasonable assurance that such individual will perform such services in the second of such school years or terms, except that if compensation is denied to any individual under this subparagraph and such individual was not offered an opportunity to perform such services for the educational institution for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of this clause.

(3) With respect to any services described in paragraphs (1) and (2) of this subsection, benefits shall not be paid nor "waiting
week" credit given to an individual for wages earned for services for any week which commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess.

(4) With respect to any services described in paragraphs (1) and (2) of this subsection, benefits shall not be payable on the basis of services in any such capacities as specified in paragraphs (1), (2) and (3) of this subsection to any individual who performed such services in an educational institution while in the employ of an educational service agency. For purposes of this paragraph the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(r) Benefits shall not be paid after December 31, 1977, based on services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two (2) successive sport seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

(s) (1) Benefits shall not be paid after December 31, 1977, based on service performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law (including an alien who is lawfully present in the United States as a result of the application of the provisions of section 203(a)(7) or section 212(d)(5) of the Immigration and Nationality Act).

(2) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(3) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made except upon a preponderance of the evidence.

Approved April 6, 1987.

CHAPTER 353
(S.B. No. 1190)

AN ACT
RELATING TO THE RECORDING OF TRANSFERS OF REAL PROPERTY; AMENDING CHAPTER 8, TITLE 55, IDAHO CODE, BY THE ADDITION OF A NEW SECTION
55-818, IDAHO CODE, TO ALLOW THE RECORDING OF A SUMMARY OF AN INSTRUMENT UNDER CERTAIN CONDITIONS AND TO PROVIDE THE EFFECT OF THE RECORDING OF THE SUMMARY OF AN INSTRUMENT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 2, Title 49, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 49-236, Idaho Code, and to read as follows:

49-236. MANDATORY MOTOR VEHICLE LIABILITY INSURANCE. (1) The Idaho transportation department is hereby authorized and directed to develop, by rules and regulations, an additional method of enforcement of the mandatory motor vehicle liability insurance by requiring motor vehicle liability insurance carriers to verify, on a random basis not to exceed five percent (5%), insurance coverage on a motor vehicle at time of registration and to notify the Idaho transportation department upon cancellation or termination of coverage that occurs within the first six (6) months of the policy inception date. The method of enforcement shall provide for recision of the motor vehicle registration for which verification of coverage is not received by the department or where coverage is cancelled or terminated. The rules and regulations shall also provide rules of practice and procedure before the department for affected persons.

(2) The department is authorized to require a twenty-five dollar ($25.00) fee for reinstatement of any registration rescinded for failure to provide verification or maintain coverage.

(3) A motor vehicle liability insurance carrier and its employees, while acting within the course and scope of their employment and without malice or criminal intent shall not be liable for any claim which arises out of the cancellation or rescission, or the failure to cancel or rescind, any motor vehicle registration and license plates for failure of the owner to verify or maintain motor vehicle liability insurance coverage.

SECTION 2. That Section 49-126, Idaho Code, be, and the same is hereby amended to read as follows:

49-126. ANNUAL REGISTRATION. (1) The annual fee for operating each pickup truck and each other motor vehicle having a maximum gross weight not in excess of eight thousand (8,000) pounds, designed for the purpose of carrying passengers, and not used for hire shall be:

- Vehicles three (3) and four (4) years old $ 33.8848

- Vehicles seven (7) and eight (8) years old 22.886.28
- Vehicles over eight (8) years old 15-686.08

For the purpose of this subsection, the age of a motor vehicle shall be determined by subtracting the manufacturer's year designation of the vehicle from the year in which the fee is paid, or if a vehicle has a manufacturer's year designation later than the year in which the fee is paid, the vehicles shall be deemed to be one (1) year old for the purposes of this subsection. The term "manufacturer's year designation" shall mean the
model year designated by the motor vehicle manufacturer, and not the year in which the vehicle is in fact manufactured.

There shall be twelve (12) registration periods, starting in January for holders of validation registration stickers ending in 1, and proceeding consecutively through December for holders of validation registration stickers ending in 12, each of which shall start on the first day of a calendar month and end on the last day of the twelfth month from the date of beginning. Registration periods shall expire midnight on the last day of the registration period in the year designated by the registration validation sticker. The numeral digit on the validation registration stickers shall, as does the registration card, fix the registration period under the staggered plate system of Idaho for the purpose of reregistration and notice of expiration.

A vehicle that has once been registered for any of the above designated periods shall, upon reregistration, be registered for the period bearing the same number, and the registration card shall show and be the exclusive proof of the expiration date of registration and licensing. Vehicles may be initially registered for less than a twelve (12) month period, or for more than a twelve (12) month period, and the fee prorated on a monthly basis if the fractional registration tends to fulfill the purpose of the monthly series registration system.

(2) For all motor vehicles, trailers and semitrailers equipped to carry passengers and operated primarily for hire exclusively within the limits of an incorporated city and adjacent thereto, when the service outside the city is a part of a regular service rendered inside the city, and for school buses operated either by a nonprofit, non-public school or operated pursuant to a service contract with a school district for transporting children to or from school or in connection with school approved activities, the annual fee shall be twelve dollars and forty-eight cents ($12.0048).

(3) For all hearses, ambulances and wreckers the annual fee shall be twenty-nine dollars and forty cents ($29.0040), and these vehicles shall bear passenger car plates. No operator of a hearse, ambulance, or wrecker shall be entitled to operate them by virtue of any dealer's license that may have been issued under the provisions of this chapter.

(4) For all motorcycles the annual fee shall be six dollars and forty-eight cents ($6.0048).

(c) There shall be paid on all commercial vehicles, irrespective of body type, and on all noncommercial vehicles, and on all farm vehicles having a maximum gross weight in excess of sixty thousand (60,000) pounds, an annual registration fee in the amount of one hundred twenty dollars ($120). Upon payment of the registration fee, the department shall issue an identification plate, to be attached to individual self-propelled motor vehicles, and to the self-propelled motor vehicle in any combination of vehicles.

1. In addition, an annual license fee shall be required for each trailer or semitrailer in a combination of vehicles in the amount of fifteen dollars ($15.00). Upon payment of the license fees, the department shall issue license plates for the appropriate year; or
2. For a fee of seventy-five dollars ($75.00) the department may issue a trailer or semitrailer license plate that shall remain valid for a period of fifteen (15) years. The license plate shall become void if the owner's interest in the trailer or semitrailer changes during the fifteen (15) year period. If the owner fails to enter the licensed trailer or semitrailer on the annual renewal application during the fifteen (15) year period, the registration record shall be carried forward for one (1) year and then the record shall be purged.

(d) In addition to the registration and license fees provided by subsections (b) and (c), there shall be paid on all commercial vehicles having a maximum gross weight in excess of sixty thousand (60,000) pounds, a use fee in accordance with the following schedule. The use fees shall be based on mills per mile of operation, subject to the provisions of subsection (g) of this section.

(e) In addition to the registration and license fees of this section, there shall be paid on all noncommercial vehicles, farm vehicles, and any commercial vehicle exclusively engaged in the trans-
portation of logs, pulp wood, stull, poles, piling, rough lumber, ores, ore concentrates, sand and gravel aggregates in bulk, livestock and vehicles domiciled in Idaho used for the sole purpose of transporting milk from the farm to processing plant, having a maximum gross weight in excess of sixty thousand (60,000) pounds, a use fee of 22.45 mills per mile.

(f) If any motor vehicle, trailer or semitrailer, or combinations thereof, is authorized under the provisions of section 49-916, Idaho Code, to move on the highways of the state, and the vehicle exceeds the maximum gross weight of eighty thousand (80,000) pounds, then and in that event there shall be paid for that vehicle, in addition to the other fees required in this section, an additional use fee of 2.1 mills per mile for each two thousand (2,000) pounds or fraction thereof of the permitted excess weight.

(g) An applicant for registration of a commercial vehicle, a non-commercial vehicle or a farm vehicle shall set forth the maximum gross weight of the vehicle or combination of vehicles and the applicant shall pay any annual registration fees and any annual license fees on trailers and semitrailers required at the time he makes application for registration subject to the provisions of subsections (b) and (c). No part of the registration or license fees shall be subject to refund. The use fee payment required shall be computed according to the schedule in either subsection (d) or (e) on the mileage operated over the highways of the state of Idaho and the owner of any vehicle against which a use fee is assessed, shall at the time of making his next quarterly report pay the use fee, if any, for the three (3) calendar months immediately prior. In determining the mileage subject to the use fee, there shall be deducted the miles traveled on roadways maintained with private funds by agreement with the public agency or agencies having jurisdiction over them. In no event shall the total money credited to the owner for the mileage exceed the actual cost of maintenance expended by him.

(h) The license, registration and use fees of this section shall not be applicable to trailers registered pursuant to section 49-126, Idaho Code.

SECTION 4. That Section 6-904, Idaho Code, be, and the same is hereby amended to read as follows:

6-904. EXCEPTIONS TO GOVERNMENTAL LIABILITY. A governmental entity and its employees while acting within the course and scope of their employment and without malice or criminal intent shall not be liable for any claim which:

1. Arises out of any act or omission of an employee of the governmental entity exercising ordinary care, in reliance upon or the execution or performance of a statutory or regulatory function, whether or not the statute or regulation be valid, or based upon the exercise or performance or the failure to exercise or perform a discretionary function or duty on the part of a governmental entity or employee thereof, whether or not the discretion be abused.

2. Arises out of the assessment or collection of any tax or fee, or the detention of any goods or merchandise by any law enforcement
officer.

3. Arises out of the imposition or establishment of a quarantine by a governmental entity, whether such quarantine relates to persons or property.

4. Arises out of assault, battery, false imprisonment, false arrest, malicious prosecution, abuse of process, libel, slander, misrepresentation, deceit, or interference with contract rights.

5. Arises out of the activities of the Idaho national guard when engaged in training or duty under sections 316, 502, 503, 504, 505 or 709, title 32, United States Code, and the claim arising therefrom is payable under the provisions of the National Guard Claims Act (section 715, title 32, United States Code) except that a claimant not compensated in whole or in part under the National Guard Claims Act may assert his claim under this act.

6. Arises out of the activities of the Idaho national guard when engaged in combatant activities during a time of war.

7. Arises out of or results from riots, unlawful assemblies, public demonstrations, mob violence or civil disturbances.

8. Arises out of a plan or design for construction or improvement to the highways, roads, streets, bridges, or other public property where such plan or design is prepared in substantial conformance with engineering or design standards in effect at the time of preparation of the plan or design, approved in advance of the construction or approved by the legislative body of the governmental entity or by some other body or administrative agency, exercising discretion by authority to give such approval.

9. Arises out of the cancellation or recision, or the failure to cancel or rescind, any motor vehicle registration and license plates for failure of the owner to verify or maintain motor vehicle liability insurance coverage.

SECTION 5. Section 1 of this act shall be in full force and effect on and after July 1, 1988, except for the obligation of the Idaho Transportation Department to promulgate rules and regulations. Sections 2, 3 and 4 of this act shall be in full force and effect on and after July 1, 1987.

Approved April 9, 1987.

WHEREAS, the Idaho Hazardous Waste Management Plan has been submitted to the Legislature and, pursuant to Section 39-5807, Idaho Code, is now subject to amendment, adoption or rejection by concurrent resolution.

IDAHO HAZARDOUS WASTE MANAGEMENT PLAN

MISSION STATEMENT
Provide for the safe and effective management of hazardous wastes within Idaho.

GOALS
1. Protect public health and safety
2. Protect quality of surface water, groundwater, atmospheric and land-based resources
3. Protect the economic integrity of the state
4. Minimize the land disposal of hazardous wastes
5. Encourage recycling, reuse, reduction, recovery and treatment of hazardous wastes
6. Insure the site integrity of hazardous waste management facilities
7. Provide for the safe transportation of hazardous wastes
8. Provide for broad public education and involvement regarding hazardous waste management
9. Provide for adequate financing and administration of hazardous waste management programs.

POLICY STATEMENTS

1. Public education regarding the Idaho Hazardous Waste Management Program is important. The current mechanisms for educating the public are insufficient and need to be expanded.

Rationale:
Hazardous wastes are the by-products of modern life and contemporary societies with high standards of living. Such everyday activities as painting our homes, servicing our cars and killing the bugs in our gardens result in the generation of hazardous waste. The manufacturers of products such as TVs and personal computers generate hazardous waste. The management of these wastes, including identification, treatment, storage and disposal, is a complex activity even for those who are trained in toxicology, chemistry, geology, and engineering. To maximize the benefits of a hazardous waste management plan, the public should be informed about the major public health and regulatory aspects
of hazardous waste management. An enlightened public is a well-protected public from the standpoint of public health.

Implementation:

The Department of Health and Welfare should establish educational programs regarding the public's everyday responsibility for the generation of hazardous wastes. The educational programs should explain the generation of hazardous waste products by both the home and industry. When developing educational programs, the Department of Health and Welfare should utilize local health districts, local governments, the Department of Education, Department of Law Enforcement, industries, conservation groups, and other public interest groups.

The Department of Health and Welfare should develop and implement the following:

1. Public hazardous waste workshops
2. Materials produced in "laymen's terms" for educational purposes (e.g., pamphlets, videos, slides, etc.)
3. Educational seminars targeted toward specific groups (e.g., legislators, interest groups)
4. TV, radio and newspaper features regarding hazardous wastes
5. Primary, secondary and higher educational programs in conjunction with the Department of Education.

The public should be involved in the Idaho hazardous waste treatment, storage and disposal facility licensing and permitting processes.

Rationale:

Early public involvement is essential to effective and comprehensive site licensing and permitting processes.

Implementation:

The current licensing process should be modified by the Idaho Legislature. Proposed legislation has been submitted to the legislature under separate cover. In addition, when a new facility is proposed, the city and county where the proposed site is to be located should set up community information committees.

To facilitate early public involvement, public meetings should be held regarding major decision points in the Part B permitting process. These meetings should be held before a draft permit is completed. The local health districts should be specifically requested to participate in both the permitting and licensing processes.

Local units of government should continue to have formal involvement in the hazardous waste facility siting process.

Rationale:

Hazardous waste facility site planning should recognize local land use planning ordinances and respect the local policy and decision-making process. State, county and city governments must
work together for the planning, licensing and permitting process to be effective.

By establishing the state representative from the Department of Health and Welfare as a nonvoting chairman on the site review panel, the voting decision authority will become more balanced. This balance will allow for more equal representation between local officials and the state.

Implementation:

Current law regarding the site review panel provides for local government involvement. The representative on the site review panel representing the state Department of Health and Welfare should be a nonvoting chairman (except in the case of a tie). Also, see policy No. 11.

4. Idaho should regulate the treatment, storage, disposal and handling of hazardous wastes, so as not to encourage the importation of such wastes.

Rationale:

Idaho should not become a dumping ground for unreasonable quantities or concentrations of hazardous wastes generated elsewhere. At the same time Idaho should not erect barriers to the treatment, storage or disposal of hazardous waste in the state which would negate efforts to develop regional waste management facilities (see policy No. 6). The manufacture of products used by every citizen results in the generation of hazardous waste. To develop and implement environmentally sound alternatives for the management of hazardous waste (see policy No. 5), it may be necessary for Idaho to accept some out of state wastes for treatment, storage, or disposal in return for being able to send other types of wastes to other facilities in the region. For regional waste management to succeed, states must be willing to accept part of the burden. However, Idaho should have relative parity with the regulations and fee structure of other states. Otherwise disposal may take place in Idaho because of fewer restrictions.

Implementation:

The Department of Health and Welfare should continually review and consider proposing limitations or restrictions on the types of wastes accepted for disposal and treatment, concurrent with the development of federal and surrounding state and provincial laws. Such limitations or restrictions should consider the availability of reasonable alternative treatment and disposal options and the needs of Idaho hazardous waste generators. Fees paid to the State of Idaho should also be consistent with other states. The fee at commercial hazardous waste disposal facilities should be on both handling and disposal of wastes.

5. Incentives should be provided for encouraging environmentally sound alternative technologies to land disposal including waste reduction, incineration, recycling, reuse, recovery and treatment.
Rationale: To reduce the expense to both industry and society for managing hazardous wastes and to minimize the environmental impacts of handling these wastes, incentives for creative alternative technologies that reduce the quantity or toxicity of hazardous wastes should be provided.

Implementation:
(1) The Idaho Legislature should evaluate tax credits and tax free bonds for the cost of equipment and construction.
(2) Idaho universities should pursue research of alternative technologies for the treatment of hazardous wastes.
(3) The Department of Health and Welfare should give high priority to processing of permit applications for alternative technology facilities.
(4) The Idaho Legislature should direct the Department of Health and Welfare to limit the land disposal of wastes that are amenable to alternative treatments as environmentally sound technologies become available.
(5) The Idaho Legislature should direct the Department of Health and Welfare to establish a research and development permit process for the testing of alternative technologies.

5. Idaho should encourage the development and operation of in-state or regional (Northwest, Rocky Mountain, and Intermountain) treatment, storage and disposal facilities to handle hazardous wastes generated within the state.

Rationale: The State of Idaho should ensure adequate and safe in-state or regional sites for treatment, storage and disposal of the hazardous waste generated by its people, businesses and industries. Without such in-state or regional sites, Idaho's people, businesses and industries would have to incur high and perhaps unreasonable costs to transport their wastes to distant sites outside the State of Idaho. It is in Idaho's best interest to encourage cost-effective regional hazardous waste management facilities.

Implementation:
(1) The State of Idaho should encourage communication with surrounding states, provinces and EPA to develop a regional hazardous waste plan.
(2) The State of Idaho should encourage continuing communication with surrounding states and provinces regarding private sector development of hazardous waste treatment, storage and disposal facilities.

7. The State of Idaho should regulate the movement of hazardous wastes within the state.
Rationale:
Major highways and railroads are used on a daily basis in Idaho to transport hazardous wastes and hazardous materials. Federal and state hazardous waste and hazardous materials transportation statutes provide for regulation of these activities, but do not comprehensively approach the transportation management problem. Many of the accidents involving hazardous waste and materials are transportation related; because of this, it is important for the State of Idaho to take the initiative in the regulation of transportation.

Implementation:
(1) The State of Idaho should designate specific routes for the transportation of hazardous wastes, where applicable. Local government approval should be required regarding the designation of nonstate highways for hazardous waste transport.
(2) Transportation routes should favor interstate and other major highways because they are safer, better patrolled and faster response is available to accidents.
(3) The Idaho Legislature should recommend that the federal government pass regulations for decontamination of trucks before reloading a truck with new cargo for the return trip, especially food products.
(4) The Idaho Legislature should enact a statute which requires decontamination of trucks when a spill occurs within the truck.

8. City and county governments should have a means of obtaining funds for contending with the impacts of hazardous waste management facilities within their jurisdiction.

Rationale:
City and county governments have incurred and will continue to incur costs associated with the siting of hazardous waste treatment, storage and disposal facilities within their jurisdictions. These facilities may impact such local government services as fire protection, emergency response and road repair. City and county governments should have a means to obtain funds to offset these impacts.

Implementation:
The Idaho Legislature should either give fee authority to local city and county governments or establish a development fee as part of the permit condition to offset impacts of a hazardous waste management facility.

9. Hazardous waste storage and transfer facilities should be located regionally within the state.

Rationale:
Transfer and storage facilities located strategically around the state will reduce the movement of hazardous waste thereby
lessening public health risks resulting from transportation mishaps. Idaho's geographical diversity and its limited transportation routes mandate regional in-state sites.

Implementation:
(1) The Department of Health and Welfare should encourage the development of receiving, transfer, and storage facilities for small quantity generators.
(2) The Department of Health and Welfare should give a high priority to processing of permit applications for these facilities.
(3) The Hazardous Waste Facility Siting Act should include regulation of transfer facilities and the Act should be amended accordingly.

10. Hazardous waste treatment, storage, disposal and transfer facilities should be initiated and developed by private enterprise.

Rationale:
It is the state's responsibility to respond to and review proposals for hazardous waste treatment, storage, disposal and transfer facilities initiated by the private sector. The state should not attempt to compete with the private sector in this highly technical and capital-intensive arena.

Implementation:
The State Hazardous Waste Management Act, the Federal Resource Conservation and Recovery Act (RCRA), and health and environmental statutes, rules and regulations provide the framework for state review of private sector proposals for hazardous waste management facilities. This Hazardous Waste Management Plan provides additional technical criteria that will be used to review and evaluate proposals.

11. The Idaho hazardous waste licensing process should be better coordinated with the state and federal permitting process and should provide for early public involvement.

Rationale:
To the extent possible, state and federal licensing and permitting processes should be better coordinated to prevent duplication of effort and prolongation of the process. Timely and efficient coordination will assure Idahoans of an effective process.

Implementation:
The Idaho Legislature should adopt changes to the licensing process.

12. Idaho should ensure the availability of affordable environmental impairment insurance to hazardous waste transporters and treatment, storage, disposal and transfer facility operators.
Rationale:
Affordable liability insurance and bonds are becoming more
difficult to obtain, especially for hazardous waste facilities.
Hazardous waste management is a volatile public issue. The
methods and technologies for hazardous waste management are rela-
tively new and few hazardous waste sites have long histories;
thus, the health and environmental risks are difficult to assess.
As a result, insurance and bonds are either very expensive or not
available.

Implementation:
The Idaho Legislature should implement appropriate mechanisms
to allow hazardous waste transporters and treatment, storage, dis-
posal and transfer facility operators to secure affordable envi-
ronmental impairment insurance.
Possible mechanisms include:
(A) Tort law reform
(B) State insurance fund
(C) Regulatory control on insurance rates

13. The State of Idaho should establish a state trust fund for
post-closure cleanup of abandoned hazardous waste treatment, storage,
disposal and transfer facilities, and for emergency cleanup purposes.

Rationale:
The business risk of operating a hazardous waste treatment,
storage, or transfer facility exposes the State to certain
unpredictable or contingent future risks as the result of granting
permits and licenses for sites and facilities. The State should
initiate a state hazardous waste site trust fund to provide for
post-cleanup of sites in the event of a failure, abandonment, or
bankruptcy of the operator of a hazardous waste treatment, stor-
age, disposal or transfer facility.

Implementation:
The Idaho Legislature should establish funding for a state
trust fund (e.g., user fees, user taxes, general obligation bond-
ing or a voluntary state income tax checkoff).

14. Current Idaho air, water and hazardous waste management statutes,
rules and regulations should be continuously monitored for their
timeliness, appropriateness and application in light of developing
federal laws and advancing industrial technologies.

Rationale:
Clearly, hazardous waste management and planning challenge
the limits of science, engineering, medicine, public health and
law. In fact, the management and regulation of hazardous wastes
are newly developing fields of knowledge. The federal hazardous
waste statutes date only from 1976 and Idaho’s from 1983.
It is important for the State of Idaho to be able to respond

Implementation

15. Incentives should be provided for the collection, segregation, treatment and disposal of "household" hazardous wastes (i.e., quantities less than the regulated small quantity generated amount).

Rationale:

Households are producers of a broad spectrum of hazardous waste which on a household by household basis are unregulated. Collectively, however, the households in a community or city can generate more hazardous wastes than the industries in the same area. Historically these household wastes were deposited weekly in the local landfill — "put out with the household trash at the curb". A formal collection program to manage these wastes would be beneficial.

Implementation:
(1) The Department of Health and Welfare should investigate procedures to establish such programs.
(2) These programs should be incorporated into the general public education program discussed under Policy Number 1.

16. Idaho should provide for the treatment, storage and disposal of Superfund wastes generated within the State of Idaho.

Rationale:

Idaho's industrial past includes wastes that have been identified under the jurisdiction of the Federal Superfund statute. Superfund wastes are under the jurisdiction of the Federal Comprehensive Emergency Response, Compensation and Liability
Act (CERCLA). It is necessary for the State of Idaho to provide for disposal of CERCLA wastes within the state or to facilitate transportation to an appropriate regional site.

Implementation:
The Department of Health and Welfare should identify necessary hazardous waste treatment, storage and disposal facility sites either in-state or regionally (Northwest, Rocky Mountain, and Intermountain) for Idaho Superfund wastes.

17. Adequate funding should be provided for state departments for hazardous waste management in Idaho.

Rationale:
The technical complexities of hazardous waste management, the geographical diversity of Idaho, and the state's sensitive environment mandate that adequate funding be provided for the safe management of hazardous wastes in Idaho. Current funding levels are inadequate to effectively manage hazardous waste in Idaho, to implement the provisions of this plan, and to ensure federal authorization of the state hazardous waste program.

Implementation:
The various state departments should determine the costs for implementing the Idaho Hazardous Waste Management Plan and submit their analyses and budget requests to the Idaho Legislature for funding.

18. Idaho should develop technical siting criteria for commercial hazardous waste land disposal facilities. Hazardous waste treatment and storage facilities should continue to be given rigorous review under existing state/federal permitting regulations.

Rationale:
The application of technical siting criteria for commercial hazardous waste land disposal facilities will exclude major portions of the State of Idaho because of Idaho's unique geology and geography. These portions of the State are not suitable for any operating hazardous waste land disposal facilities.

The consideration of hydrogeologic parameters for hazardous waste treatment, storage, or disposal facilities will help to minimize any environmental impacts to the surrounding land and groundwater resources.

Hazardous waste treatment and storage facilities receive a rigorous review regarding hydrogeologic parameters under the existing federal/state Part B permitting process.

Implementation:
The criteria listed in Chapter 3 of this Plan establish the minimum hydrogeological and demographic characteristics which proposed commercial hazardous waste land disposal facilities must meet in order to be licensed.
When considering a license for a proposed commercial hazardous waste treatment or storage facility, the depth to groundwater, depth to fractured rock, and total thickness of unconsolidated fine-grained sediments beneath the proposed site should be taken into consideration. These hydrogeological parameters will provide a natural protection by retarding the transport of contaminants in the event of a leak or spill.

19. Idaho should develop technical siting criteria for commercial hazardous waste incinerators.

Rationale:
Incineration is currently the best available technology for the management of many types of organic hazardous wastes. As such, applications to construct and operate hazardous waste incinerators can be expected in the future. To protect public health and the environment while also allowing for the development of the needed technology, minimum siting criteria related to meteorological and air quality considerations should be established.

Implementation:
The Idaho Legislature should enact commercial hazardous waste incinerator technical siting criteria based on advice from the Air Quality Bureau.

20. Idaho should regulate PCB waste disposal in a manner consistent with the Federal Toxic Substances Control Act.

Rationale:
PCBs are not hazardous waste by definition. They are regulated by the federal government (U.S. EPA) through the Toxic Substances Control Act (TSCA) and by the state through the solid waste authorities of the Environmental Protection and Health Act. PCB waste disposal should be more rigorously controlled by the state than is currently possible under existing state authorities. This state control should be similar to the controls imposed by EPA through TSCA.

Implementation:
The Idaho Legislature should adopt legislation to allow state control of PCB waste disposal in a manner consistent with TSCA.

MINIMUM TECHNICAL SITING CRITERIA
FOR COMMERCIAL HAZARDOUS WASTE
LAND DISPOSAL FACILITIES
WITHIN IDAHO

These criteria apply only to future commercial hazardous waste land disposal facilities (landfills, land treatment and surface impoundment). They are not intended to apply to existing or future private
industrial facilities.

1) No new hazardous waste land disposal facility shall be sited where:

A) The seasonal-high depth of the groundwater, beneath the proposed site, is less than 100 feet below the lowest point of disposal. Perched saturated zones may be exempt from exclusionary criterion if it can be demonstrated that the saturated zone has no economic or consumptive usable purpose.

B) The thickness of fine-grained (predominantly clay and silt) unconsolidated sediments above the water table is less than 25 feet.

C) The depth to fractured rock (e.g., basalt, rhyolite, limestone, dolomite, etc.) is less than 100 feet below the lowest point of disposal.

2) No new hazardous waste land disposal facility shall be sited within:

*A) 2500 feet of surface water bodies (e.g., lakes and perennial rivers or streams, etc.).

*B) 1000 feet of existing public/private and irrigation water supply wells, unless it can be demonstrated that natural hydrogeologic barriers isolate the site location from the aquifer being pumped.

C) A floodplain of a 500-YEAR (recurrence interval) flood.

D) Areas that are in close proximity of active fault zones (i.e., displacement within Holocene time) or other tectonically active or unstable areas (e.g., paleolandslides, etc.).

E) Areas overlying any subsurface mining.

3) No new hazardous waste land disposal facility shall be sited within:

*A) 5000 feet of any off-site residential structure that is routinely occupied at least 8 hours/day.

*B) 3 miles of schools, airports, hospitals, churches.

*C) 3 miles from a population center greater than 150 people.

4) An area of at least 500 feet surrounding the "active" (disposal location) portion of the site shall be provided as an inactive
buffer zone.

*Distance from the proposed site perimeter

LIST OF DEFINITIONS

CERCLA: Comprehensive Emergency Response, Compensation and Liability Act (federal law) commonly referred to as Superfund.

DISPOSAL FACILITY: means a facility or a part of a facility at which managed hazardous wastes, as defined by rule, is intentionally placed into or on land (i.e., landfill, land treatment, surface impoundment) or water and at which hazardous waste will remain after closure.

GENERATOR: means any person, who by virtue of ownership, management, or control, is responsible for causing or allowing to be caused the creation of a hazardous waste.

HAZARDOUS WASTE: means a waste or combination of wastes of a solid, liquid semisolid, or contained gaseous form which, because of its quantity, concentration or characteristics (physical, chemical or biological) may:

ESTABLISH A COMMITTEE TO REVIEW INDIAN AFFAIRS ISSUES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, there are Indian tribes in the State of Idaho with unique rights which are inherent or acknowledged by treaties, statutes or case law and these tribes are recognized by the United States as sovereign dependent nations; and
WHEREAS, due to the unique character of tribal governments, there are many complex issues relating to law enforcement, water rights, zoning and land use, natural resources, wildlife management, health and welfare services, education, and taxation which should continue to be addressed in a coordinated manner by legislative bodies of federal, state and tribal governments; and
WHEREAS, the United States Congress, as the ultimate authority on
Indian tribes, has not acted in a decisive manner to resolve many of these legal, social and economic issues relating to Indian tribes in Idaho; and

WHEREAS, The Legislature of the State of Idaho and tribal councils of the five Idaho Indian tribes have started a successful effort toward resolving these complex issues through cooperation, negotiation, and mutual agreement; and

WHEREAS, failure to address Indian affairs issues will result in expensive court litigation which has strained tribal-state relations in the past and has not satisfactorily resolved any of these important issues; and

WHEREAS, it is the goal of the Legislature of the State of Idaho to address current Indian affairs issues through coordinated legislative action based upon improved communications and better understanding between the federal, state and tribal governments; and

WHEREAS, the Legislative Council Committee on Indian Affairs in meeting in 1983 and 1984, studied Indian affairs issues and determined that it would be beneficial for a special joint committee of the Legislature to continue to meet with tribal and federal government representatives in order to address important issues of mutual concern.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Forty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislative Council shall appoint a committee comprised of eight members to review Indian affairs issues. AUTHORIZING AND DIRECTING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF CONTRACTOR LICENSING AND LIEN LAWS.

WHEREAS, the numbers of stock ewes in Idaho and the Nation has declined by eighty percent in the four decades since World War II; and

WHEREAS, the sheep rancher's main source of income is the market for the sale of delicious, wholesome lamb; and

WHEREAS, a flood of imported lamb is coming into this country from principally New Zealand and Australia; and

WHEREAS, lamb is the only meat which is not currently protected by import quotas; and

WHEREAS, beef is protected and imports into the United States only accounted for seven and seven-tenths percent of the domestic beef supply for 1985; and
WHEREAS, imported lamb accounted for nine and nine-tenths percent of the domestic lamb supply for 1985.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Forty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we respectfully request that Congress enact legislation and the President approve such legislation which would include lamb in the 1979 Meat Import Act and that the lamb imported into the United States not be a greater percentage of the total lamb supply in the United States than beef imports are a percentage of the total beef supply in the United States.

WHEREAS, the Legislature of the State of Washington is considering imposition of retaliatory punitive excise taxes upon Idaho residents employed in the state of Washington; and
WHEREAS, it is the direction and desire of the Governor and the Legislature of the State of Idaho to welcome business and tourists into the State and to encourage an open and receptive attitude toward all persons who travel through our beautiful state; and

the state of Washington whose residents come to North Idaho to play, to work, to convene and to spend money; and

WHEREAS, the residents of North Idaho commute to the state of Washington for the same reasons; and

WHEREAS, the state institutions of higher learning have developed a reciprocal tuition program which allows students in both states to choose their place of education without being penalized by nonresident tuition and fees; and

WHEREAS, further protracted delay in funding for the Federal-Aid Highway Program could result in the loss of an entire calendar construction year, with attendant safety, traffic, unemployment and other social and economic problems; and

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE SENATORS AND REPRESENTATIVES REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Forty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, The Legislature of the State of Idaho finds and declares that the State has been seriously handicapped in its ability to collect legally due use taxes on interstate sales because of the 1967 United States Supreme Court decision in the National Bellas Hess case; and

WHEREAS, the National Bellas Hess decision denies Idaho legal authority to require the collection of use taxes by out-of-state mail order firms which have no physical presence in the State but which may advertise extensively there; and

WHEREAS, the National Bellas Hess decision has resulted in a loss of tax revenue, based on U.S. Advisory Committee on Intergovernment Relations Report for 1985, of between 4.5 and 11.6 million dollars to the State of Idaho; and

WHEREAS, Idaho retailers have lost, based on a U.S. Advisory Committee on Intergovernment Relations Report for 1985, between 120 and 290 million dollars in retail sales during that period to out-of-state firms not required to remit a sales tax; and

WHEREAS, the problems of state revenue loss and the competitive disadvantage of local business have been intensified in recent years because of the great growth in mail order sales through television, radio, and credit card advertising; and

WHEREAS, these problems can be resolved only by the correction of the National Bellas Hess decision.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring, that we do hereby petition the Congress of the United States to act immediately to introduce, consider, and enact legislation which would prevent the huge revenue loss and remove the competitive advantage now enjoyed by out-of-state businesses and that it do so by authorizing Idaho to require the collection of sales and use taxes by interstate sellers who solicit business in Idaho through catalogs, advertising materials, radio, television,
and the press.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward copies of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Forty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the National Association of Attorneys General will hold its summer meeting in Coeur d'Alene, Idaho on June 7 through 11, 1987; and
WHEREAS, Attorneys General from the 50 states, as well as American trust territories, are expected to attend; and

A JOINT MEMORIAL

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Forty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the people of the State of Idaho having played an important role in the development of nuclear power as evidenced by the fact that the Idaho National Engineering Laboratory sits on the site that saw many of the key developments in the commercial nuclear power program and the birth of the Naval nuclear power program; and

WHEREAS, the people of Idaho have pursued the benefits of nuclear power with the sincere belief that properly developed and regulated nuclear power could offer clean, safe and secure power for our sons and daughters for many generations; and

WHEREAS, the dedication and knowledge of the people of Idaho has played a key role in the development of Naval nuclear power; the ability of nuclear power to meet the demanding requirements of service at sea while maintaining the highest standards of safety and reliability. In no small part, these achievements can be traced to the construction and testing of prototypes in Idaho. These prototypes have led to standard reactor designs that can be relied upon to provide the power necessary to meet the needs of our national defense. Long after the reactors which were born in Idaho went to sea, the people of Idaho have continued to train the Navy crews necessary to operate the reactors and do the development work and testing necessary to assure the continuing safety of the Naval reactors; and

WHEREAS, the commercial nuclear power industry has not reached its full potential and the construction of standard designs has not been implemented. The results are a decline in public confidence, decreases in plant availability, high production cost, and the suspension of new reactor ordering; and

WHEREAS, this situation threatens the economic health of some segments of the Idaho population and makes it more likely that there will be delays in developing and demonstrating reactors that meet the public requirements for an environmentally sound power source, with assured safety, economy and reliability.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we respectfully call
upon the United States government, the governments of our sister states and the government of this state to implement a national program of commercial nuclear power development that conforms to the following seven principles:

1. The United States government must create an environment that fosters the development of the nuclear option. Legislation providing licensing reform and "Price-Anderson protection" must be enacted. The United States government should provide sites for prototype reactors and the United States Department of Energy should be responsible for the operation and testing of the prototypes. Electrical power from the prototype reactors should be made available by the United States government to utility companies.

2. The State of Idaho and its sister states must allow power generation by either major utilities or generating companies. Only specialized, experienced companies can insure that nuclear power plants are operated in accordance with uniform national standards and backed by an appropriate staff.

3. The State of Idaho must encourage the installation and testing of prototype reactors in Idaho.

4. Private industry must design and construct standardized reactors suitable for use throughout the country. The goals should be focused on smaller, simpler, more flexible plants with larger safety margins. Design and construction practices should be adaptable to fixed price sales. Prefabrication in specialized off-site facilities should be encouraged.

5. Nuclear waste disposal should be managed in interim facilities until the advanced concepts being developed in Idaho and elsewhere have been fully explored. The opportunity to burn nuclear waste in specialized fast reactors must be carefully considered.

6. In every case, international experience should be incorporated into United States' developments. International licensing standards should be developed and put into use. Safety and reliability information should be shared on an international basis. Nuclear power is too important an item to be addressed only on a national basis.

7. The uranium industry in the United States must regain its viability if nuclear power is to provide the promise of energy independence. The "enrichment policies" of the United States government should be used to insure the survival of the domestic uranium mining business.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward
copies of this Memorial to President Ronald Reagan, to Secretary of State George P. Schultz, to the Secretary of Energy, John S. Herrington, to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States, to the governors and the presiding officers of both houses of the state legislatures of the States of Alaska, Arizona, California, Colorado, Hawaii, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming.

WHEREAS, Alaska's Arctic National Wildlife Refuge includes more than 19 million acres of land, amounting to approximately five percent of the entire state landmass; and

WHEREAS, the Coastal Plain is approximately eight percent of the refuge and it is considered to be highly prospective for the discovery of large quantities of oil and gas; and

WHEREAS, Congress has reserved the discretion to decide if the 1.5 million acres will be opened to further exploration, development and production; and

WHEREAS, national energy security depends on the development of domestic oil and gas resources to replace depleted reserves of the United States; and

WHEREAS, the United States must prepare to develop domestic petroleum resources if it is to preclude overwhelming dependence on foreign petroleum sources in the 21st century; and

WHEREAS, the Nation stands to derive revenues including portions of bonuses, royalties and rents from oil and gas development; and

WHEREAS, the petroleum industry has consistently demonstrated its ability to operate in conditions similar to those found on the Coastal Plain in a safe, responsible manner without significant adverse environmental impacts; and

State of Idaho and all Americans.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we strongly urge the Congress of the United States to open the Arctic National Wildlife Refuge Coastal Plain to environmentally responsible oil and gas exploration, development and production.

and regulations promulgated hereunder.

(2) For the purpose of any investigation or proceeding under this
chapter, the director may conduct hearings, administer oaths or affirma-

(3) Upon failure to obey a subpoena or to answer questions pro-
pounded and upon reasonable notice to all persons affected thereby,
the director may apply to the district court for an order compelling
compliance.

(4) The commission shall promulgate rules and regulations
respecting the suspension, revocation, or denial of licenses.

(5) Except as otherwise provided in this chapter, all proceedings
under the chapter shall be in accordance with chapter 53, title 63,
Idaho Code.

63-2606. LICENSES FOR LOTTERY SALES AGENTS -- FACTORS -- "PERSON"
DEFINED. No lottery sales agent license shall be issued to any person
whose sole business is the sale of lottery tickets. Before issuing a
lottery license the director shall consider such factors as:

(1) The financial responsibility and security of the person and
his business or activity,

(2) The accessibility of his place of business or activity to the
public,

(3) The sufficiency of existing licenses to serve the public
convenience, and

(4) The volume of expected sales.

For purposes of this section, the term "person" means an indi-
vidual, association, corporation, club, trust, estate, society, com-
pany, joint stock company, receiver, trustee, assignee, referee, or
any other person acting in a fiduciary or representative capacity,
whether appointed by a court or otherwise, and any combination of
individuals. "Person" does not mean any department, commission,
agency, or instrumentality of the state, federal or other government,
or any county or municipality or any agency or instrumentality
thereof, except for state liquor stores.

63-2607. DENIAL, SUSPENSION, AND REVOCATION, OF LICENSES. The
director may deny any license application, or suspend or revoke, after
due notice and hearing, any license issued pursuant to this chapter
for one or more of the following reasons:

(1) Failure to account for lottery tickets received or the pro-
ceeds of the sale of lottery tickets or to file a bond if required by
the director to do so or to comply with the instructions of the director concerning the licensed activity;

(2) Failure to file any return or report or to keep records or to pay any tax required by this chapter;

(4) That the number of lottery tickets sold by the lottery sales agent is insufficient to meet administrative costs, or that public convenience is adequately served by other licensees;

(5) A material change since issuance of the license with respect to any matters required to be considered herein.

For the purpose of reviewing any application for a license and for considering the denial, suspension, or revocation of any license the director may consider any prior criminal conduct of the applicant or licensee.

The director may temporarily suspend any license without prior notice or hearing pending any prosecution, investigation or hearing, but only for a reasonable time.

63-2608. ASSIGNMENT OF RIGHTS PROHIBITED -- EXCEPTIONS -- DISCHARGE OF LIABILITY. No right of any person to a prize or share of a prize drawn is assignable, except that payment of any prize drawn may be paid to the estate of a deceased prize winner, and except that any person pursuant to an appropriate judicial order may be paid the prize to which the winner is entitled. However, nothing in this section shall be construed to prohibit joint or severate ownership or purchase of lottery tickets or shares. The commission and the director shall be discharged of all further liability upon payment of a prize pursuant to this section.

63-2609. MAXIMUM PRICE OF TICKET OR SHARE LIMITED -- SALE BY OTHER THAN LICENSED AGENT PROHIBITED. Any licensee who knowingly sells or offers to sell a lottery ticket or share to any person under eighteen (18) years of age shall be guilty of a misdemeanor. In the event that a person under eighteen (18) years of age purchases a ticket in violation of this section, no prize will be paid to such person and the prize money otherwise payable on the ticket shall be treated as unclaimed.

63-2611. PROHIBITED ACTS -- PENALTY. A person shall not alter or forge a lottery ticket. A person shall not claim a lottery prize or
share of a lottery prize by means of fraud, deceit, or misrepresentation. A person shall not conspire, aid, abet, or agree to aid another person or persons to claim a lottery prize or share of a lottery prize by means of fraud, deceit, or misrepresentation.

A violation of this section is a felony and any prize monies awarded shall be forfeited to the state lottery account created in section 63-2619, Idaho Code.

63-6212. PENALTY FOR UNLICENSED ACTIVITY. Any person who conducts any activity for which a license is required by this chapter, or by the rules and regulations of the commission, without the required license, shall be guilty of a misdemeanor.

63-2614. PENALTY FOR VIOLATION OF THIS CHAPTER -- EXCEPTIONS. Any person who violates any provision of this chapter for which no penalty is otherwise provided, or knowingly causes, aids, abets, or conspires with another to cause any person to violate any provision of this chapter shall be guilty of a misdemeanor. 63-2615. PENALTY FOR VIOLATION OF RULES AND REGULATIONS -- EXCEPTIONS. Any person who violates any of the rules or regulations adopted pursuant to this chapter for which no penalty is otherwise provided, or knowingly causes, aids, abets, or conspires with another to cause any person to violate any provision of this chapter shall be guilty of a misdemeanor except where other penalties are specifically provided herein.

all rights to the prize shall be extinguished.

received by such agents from the sale of lottery tickets or shares,
less the amount, if any, retained as compensation for the sale of the
tickets or shares, and to file with the director or his designated
agents, reports of their receipts and transactions in the sale of lot-
tery tickets in such form and containing such information as he may
require. The director may make such arrangements for any person,
including a bank, to perform such functions, activities, or services

obligations therefrom.

WHEREAS, uneconomic uses of the states flood plains are occurring and potential flood losses are increasing despite substantial efforts to control floods; and

WHEREAS, national, state and local studies of areas and property subject to flooding indicate a further increase in flood damage potential and flood losses, even with continuing investment in flood protection structures; and

WHEREAS, the State of Idaho has continuing programs for the construction of buildings, roads, and other facilities and annually acquires and disposes of lands in flood hazard areas—all of which
activities significantly influence patterns of commercial, residential, and industrial development; and

WHEREAS, the availability of flood insurance under the National Flood Insurance Program, as provided by the National Flood Insurance Act of 1968, as amended, is dependent upon state coordination of federal, state, and local aspects of flood plain, mudslide (i.e., mudflow) area and flood-related erosion area management activities in the state; and

WHEREAS, the Department of Water Resources is the state agency responsible for assisting with local regulations necessary for flood insurance provided by the National Flood Insurance Act of 1968 under the Idaho Code, Title 67, Sec. 1911 through 1917; and

WHEREAS, the Federal Insurance Administration has promulgated and adopted rules and regulations governing eligibility of state and local communities to participate in the National Flood Insurance Program, which participation depends on state coordination and the designation of an agency in the State of Idaho to be responsible for coordinating federal, state and local aspects of flood plain, mudslide (i.e., mudflow) area and flood-related erosion area management activities in the State of Idaho;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, by virtue of the authority vested in me, do hereby order as follows:

Section 1. The Department of Water Resources is hereby designated as the agency to assist in the implementation of Section 1910.12, Rules and Regulations of the Federal Insurance Administration and will encourage a broad and unified effort to prevent uneconomic uses and development of the state's flood plains and, in particular, to lessen the risk of flood losses in connection with state lands and installations and state financed or supported improvements; specifically,

(1) Under the leadership and direction of the Department of Administration, all state agencies directly responsible for the construction of buildings, structures, roads, or other facilities shall preclude the uneconomic, hazardous, or unnecessary use of flood plains in connection with such facilities. Flood proofing measures shall be applied to existing facilities in order to reduce flood damage potential.

(2) All state agencies responsible for the administration of grant or loan programs, involving the construction of buildings, structures, roads or other facilities shall evaluate flood hazards in connection with such facilities and, in order to minimize the exposure of facilities to potential flood damage and the need for future state expenditures for flood protection and flood disaster relief, shall preclude the uneconomic, hazardous, or unnecessary use of flood plains in such connection.

(3) All state agencies responsible for the disposal of lands or properties shall evaluate flood hazards in connection with lands or properties proposed for disposal to other
public instrumentalities or private interests and, in order to minimize future state expenditures for flood protection and flood disaster relief, shall notify those instrumentalities and private interests that such hazards exist.

(4) All state agencies responsible for programs which affect land use planning, including state permit programs, shall take flood hazards into account when evaluating plans and shall encourage land use appropriate to the degree of hazard involved.

(5) In evaluating flood hazard potential, all state agencies shall coordinate their work with the Department of Water Resources to assure that the most up-to-date data and/or methods of analysis are utilized.

Section 2. As may be permitted by law, the head of each state agency shall issue appropriate rules and regulations to govern the carrying out of the provisions of Section 1 of this order by his agency to be coordinated with the Department of Administration.

Section 3. This order shall take effect on the sixth day of April 1986 and repeals and replaces Executive Order No. 84-7.

EXECUTIVE ORDER NO. 86-15

CONTINUATION OF THE IDAHO CONSORTIUM FOR HUMAN AND ANIMAL HEALTH,
REPEALING AND REPLACING EXECUTIVE ORDER NO 84-11

WHEREAS, it is in the public interest to promote the well being of the people of Idaho by optimal use of resources related to human and animal health; and

WHEREAS, the most efficient and effective use of scarce resources requires cooperative planning as well as sharing information, technical capability and equipment;

WHEREAS, the public agencies that are responsible for various aspects of human and animal health at the state, local, and federal levels need to maintain and enhance open lines of communication; and

WHEREAS, the State of Idaho has experienced complicated and perplexing crises such as the PCB contaminated livestock episode in 1979 and the ash fallout from Mount St. Helen's volcano in 1980, both having serious implications for human and animal health;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, by virtue of the authority vested in me, do hereby continue the Idaho Consortium for Human and Animal Health, which shall be composed of the State Health Officer, the Chief of the State Bureau of Laboratories in the Department of Health and Welfare, the Administrator of the Division of Animal Industries in the Department of Agriculture, the Administrator of the Division of Plant Industries in the Department of Agriculture, the Director of the University of Idaho Veterinarian Medicine in Caldwell, a Professor of Veterinary and Comparative Toxicology at the University of Idaho, Director of the Department of Fish and Game, the Administrator of the Division of Environment in the Department of Health and Welfare, and the Chairman of the Conference of Public Health District Directors or their designee.

The appointment of this Consortium is made with the understanding that policy-making responsibilities and the administration of affected state programs as provided by the Idaho Code will be maintained as
legally required, and the Consortium will report to the Governor's Office, Department Directors, and Agency Boards that have different degrees of responsibility for programs related to human and animal health.

The appointment of this Consortium is made with the understanding that its main responsibility will be to maximize the use of all government resources that can be applied to an optimum understanding of human and animal health concerns, particularly those functions involving laboratory study, research initiatives, and the coordination of acute information needs necessary for accurate technical analysis. This will require the coordination of ongoing programs and the investigation of high-priority health problems that require the prompt organization of diverse data necessary for the prevention of widespread, costly illness in humans and animals.

The appointment of this Consortium is made with the understanding that the people serving in these positions have extensive technical knowledge and experience available in state government for the protection and maintenance of human and animal health in the State of Idaho, and, therefore, have access to other state, local, and federal government resources. Since these resources extend far beyond the members of the Consortium, yet remain essential to laboratory coordination and research direction for health-related concerns, the Consortium must make every effort to maximize their effectiveness and consider the resources of other state and federal agencies.

The appointment of the Chairperson of the Consortium shall be made by the Governor from a list of recommendations submitted by the Consortium. The Chairperson will serve at the pleasure of the Governor. Regular meetings of the Consortium will be held twice annually and emergency meetings may be called at any time.

This Executive Order repeals and replaces Executive Order No. 84-11.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the twelfth day of August, in the year of our Lord nineteen hundred eighty-six, and of the Independence of the United States of America the two hundred eleventh, and of the Statehood of Idaho the ninety-seventh.

GOVERNOR OF THE STATE OF IDAHO

SECRETARY OF STATE
ESTABLISHING A SYSTEM FOR ALLOCATING THE 1986 UNIFIED VOLUME CAP IN THE STATE CONSISTENT WITH THE PROVISIONS OF HOUSE BILL 3838

WHEREAS, on December 17, 1985, the United States House of Representatives adopted House Bill 3838 (in the form so adopted, the "Bill"); and

WHEREAS, if enacted into law in its present form, the Bill would apply to state and local government obligations issued after December 31, 1985; and

WHEREAS, the Bill proposes to create a new "unified volume cap" (the "Unified Volume Cap") in lieu of the private activity bond cap currently set forth in Section 103(n) of the Internal Revenue Code of 1954, as amended, by enacting Section 145 of the Internal Revenue Code of 1985 (the "Code"); and

WHEREAS, bonds subject to a volume limitation are expanded by the Bill to include virtually all nonessential function bonds and certain essential function bonds all as set forth in the Bill; and

WHEREAS, although, as of the date hereof, the Bill has not been passed by the Senate of the United States of America, because of its retroactive effective date, the State of Idaho (the "State") and its governmental units must treat the Bill as if it had the effect of law; and

WHEREAS, although the State opposes the enactment of the Bill because the Bill contains provisions which drastically limit and impair the power and ability of the State and its governmental units to issue bonds and other obligations, this Executive Order is essential to enable the State and its governmental units to finance their projects and programs; and

WHEREAS, it is necessary and desirable and in the best interest of the welfare of the residents of the State to issue this Executive Order in order to provide a different formula for allocating the Unified Volume Cap other than the formula contained in Section 145 of the Code to establish a more equitable allocation of the Unified Volume Cap among the State and its governmental units which will better promote industrial and economic development and encourage private investment in the economy of the State;

An allocation of the Unified Volume Cap from the Housing Account for a particular project shall be made by the Housing Chairman who shall administer all allocations of the Unified Volume Cap from the Housing Account and shall also keep detailed records of all allocations from the Housing Account. Allocations of the State Ceiling made pursuant to Chapter 28, Title 50 of the Idaho Code and any executive orders promulgated thereunder, to the extent applicable, are ratified, approved, and confirmed.

Section 3. (1)(a) There are created the following allotment accounts:

(i) the 501(c)(3) Account;
(ii) the Redevelopment Account;
(iii) the Housing Account; and
(iv) the Balance Account.

(5) The Balance Account provides available Allotment Dollars for all Governmental Units that issue Bonds or, subject to the limitation in Section 5, Qualified Bonds.

Section 4. The Health Chairman and the Housing Chairman shall be responsible for accounting for all allocations made from the respective 501(c)(3) Account and the Housing Account, all Qualified Bonds issued pursuant to such allocations and all allotment dollars available in such accounts at any given time.

(2) Any Allotment Dollars which have been allocated to a Governmental Unit other than the Health Facilities Authority or the Housing Agency for which Bonds or Qualified Bonds are not issued by the earlier of ninety (90) days after their allocation or December 30, 1986, other than allocations for carryforward Projects as described in Section 8, shall be transferred on that date into the allotment account from which the allocation was originally made.

Section 5. Anything herein to the contrary notwithstanding, Allotment Dollars may not be allocated to any Governmental Unit from the Balance Account for purposes of issuing Qualified Bonds unless there are insufficient Allotment Dollars available for the particular Project for which an allocation is requested in the 501(c)(3) Account, the Redevelopment Account or the Housing Account, as appropriate; provided that, if insufficient Allotment Dollars are available in the 501(c)(3) Account, the Redevelopment Account or the Housing Account, as appropriate, for an issue of Qualified Bonds for which an application has been submitted, the Governmental Unit applying to the Director for such allocation shall receive an allocation from the Balance Account in an amount sufficient that, when combined with the allocation of available Allotment Dollars for the particular Project from the appropriate allotment account corresponding to the proposed issue of Qualified Bonds, the full amount of the requested allocation will have been granted; provided further that no such allocation shall be made from the Balance Account unless sufficient Allotment Dollars are available therein to, when combined with the available Allotment Dollars in the allotment account corresponding to the proposed issue of Qualified
Bonds, equal the full amount of the requested allocation.

Section 6. (1) Any Governmental Unit other than the Health Facilities Authority or the Housing Agency proposing to issue Bonds or Qualified Bonds shall, prior to the issuance of such Bonds or Qualified Bonds, submit an application to the Director which contains the information and attachments:

(a) the name of the Governmental Unit;
(b) the mailing address of the Governmental Unit;
(c) the tax identification number of the Governmental Unit;
(d) the name, title and office telephone number of the official of the Governmental Unit to whom notices should be sent and from whom information can be obtained;
(e) the principal amount of the Bonds or Qualified Bonds proposed to be issued for which an application for an allocation of the Unified Volume Cap is requested;
(f) the nature and the specific location of the Project or the type of program;
(g) the initial owner(s) or user(s) of the Project;
(h) a copy of a valid and fully executed inducement resolution or similar official action passed by the Government Unit with respect to the Project (this is not required for 501(c)(3) Issuers);
(i) the anticipated date on which the Bonds or Qualified Bonds are expected to be sold and the anticipated date on which the closing or final transaction with respect to the issuance and sale of the Bonds or Qualified Bonds is expected to occur;
(j) the name, address and telephone number of all parties to the transaction;
(k) the applicable provisions of the Code under which the Bonds or Qualified Bonds are expected to be issued;
(l) any other information or attachments reasonably required as set forth in rules promulgated by the Director.

(2) The Director shall (a) establish the form of application for requests for allocations of the Unified Volume Cap, which form shall contain the information required by Section 6(1), and (b) make such form available to the public upon request.

(3) The Director shall be under no obligation to process any application that is incomplete. Any application submitted by a Governmental Unit that the Director does not process shall be returned by the Director on or before the fifteenth (15th) day after the receipt thereof with a brief explanation as to why the application was not processed.

Section 7. (1) Except as otherwise provided in this Executive Order, on or before the fifteenth (15th) day after receipt by the Director of an application for an allocation of the Unified Volume Cap (including applications by the Health Facilities Authority and the Housing Agency for allocations from the Balance Account) the Director shall, if the application is in satisfactory order, make the requested allocation in the amount so requested, if available, from the appropriate allotment account and certify to the Governmental Unit applying for the allocation that an allocation has been made, the allotment account or allotment accounts from which the allocation has been made, the Project for
which the allocation has been made and the amount of such allocation. On or before the fifteenth (15th) day after receipt by the Director of an application by a 501(c)(3) issuer for an allocation of Allotment Dollars from the 501(c)(3) Account and the required preliminary opinion of bond counsel, the Director shall, if the application is in satisfactory order, make the requested allocation in the amount so requested, if available, from the 501(c)(3) Account and certify to the 501(c)(3) Issuer that an allocation from the 501(c)(3) Account has been made, the Project for which the allocation has been made and the amount of such allocation. The Director shall notify the Health Chairman of any allocations it makes from the 501(c)(3) Account. Except as otherwise provided in this Executive Order, certificates evidencing the granting of an allocation by the Director shall be issued by the Director in the chronological order in which completed applications are received. No Governmental Unit issuing Bonds or Qualified Bonds is entitled to any allocation of the Unified Volume Cap from the Balance Account, the Redevelopment Account, or in the case of 501(c)(3) Issuers, the 501(c)(3) Account with respect to such Bonds or Qualified Bonds unless it has first received the aforementioned certificate from the Director evidencing the granting of an allocation for such Bonds or Qualified Bonds. Every allocation of the Unified Volume Cap granted under this Executive Order by the Director for which Bonds or Qualified Bonds have not been issued with respect to such allocation, except those grants made pursuant to Section 8, shall remain effective until and including the earlier of (a) the ninetieth (90th) day after the date on which such allocation was granted or (b) 12:00 o'clock midnight on December 30, 1986. The Health Chairman (for other than 501(c)(3) Issuers) and the Housing Chairman shall determine how long allocations from the 501(c)(3) Account and the Housing Account respectively shall remain effective; however, in no event shall such allocations, except those made pursuant to Section 8, remain effective after 12:00 o'clock midnight on December 31, 1986.

(2) No application submitted by a Governmental Unit to the Director shall be processed if the amount of allocation of the Unified Volume Cap requested in such application is in excess of the amount of Unified Volume Cap remaining available in the appropriate allotment account for allocation, except as provided in Section 5. Any application not processed for the reason stated in this subsection may be resubmitted to the Director, with or without a change in the amount of allocation requested. Any application resubmitted to the Director pursuant to this subsection shall be treated as a new application. Should an allocation not be granted for the reasons stated in this subsection, the Director shall continue to process other applications in the chronological order in which received, granting allocations from the appropriate allotment accounts pursuant to the provisions of this Executive Order.

Section 8. (1) Governmental Units other than the Health Facilities Authority and the Housing Agency but including 501(c)(3) Issuers with Projects qualifying as carryforward Projects under Section 145(f) of the Code may apply for an allocation of Allotment Dollars for such carryforward Projects from the 501(c)(3) Account with respect to Qualified 501(c)(3) Bonds, the Redevelopment Account with respect to Qual-
ified Redevelopment Bonds, or the Balance Account with respect to all Bonds or Qualified Bonds, subject to the limitation set forth in Section 5, by submitting an application to the Director on or after October 1, 1986. Applications for an allocation of the Unified Volume Cap for carryforward Projects shall contain:

(a) the classification of the Project under Section 145(f)(5) of the Code;

(b) any information required by Section 145(f)(2) of the Code;

(c) a certification signed by both an official of the Governmental Unit responsible for the supervision of the issuance of the Bonds or Qualified Bonds with respect to the Project and a representative of the person or entity constructing, acquiring, or rehabilitating the Project or administering the program, stating that they will proceed with diligence to insure the issuance of the Bonds or Qualified Bonds within the carryforward period provided by Section 145(f)(3) of the Code;

(d) a preliminary opinion from bond counsel that the Project qualifies for carryforward under Section 145(f) of the Code and, in the case of 501(c)(3) Issuers, that the proposed obligations qualify as Qualified 501(c)(3) Bonds; and

(e) such other information and attachments as are set forth in Section 6(1).

The Health Chairman and the Housing Chairman shall, in their discretion, allocate Allotment Dollars in the respective 501(c)(3) Account and the Housing Account to Projects qualifying as carryforward Projects. Upon receipt of an application by the Director from 501(c)(3) Issuers for allocations of Allotment Dollars from the 501(c)(3) Account for Projects qualifying as carryforward Projects, the Director shall allocate Allotment Dollars remaining in the 501(c)(3) Account on a first come first served basis based upon receipt of such applications on or after October 1, 1986, after the Health Chairman has allocated Allotment Dollars in the 501(c)(3) Account to carryforward Projects for the Health Facilities Authority.

(2) No application submitted by a Governmental Unit pursuant to this section shall be processed if the amount of allocation of the Unified Volume Cap requested in the application is in excess of the amount of the Unified Volume Cap remaining available in the appropriate allotment account for allocation, except as provided in Section 5. Any application not processed for the reason stated in this subsection may be resubmitted to the Director with or without a change in the amount of allocation requested. Any application resubmitted to the Director pursuant to this subsection shall be treated as a new application. Should any allocation not be granted for the reasons stated in this subsection, the Director shall continue to process other applications submitted for qualifying carryforward Projects in the chronological order in which received, granting allocations from the appropriate allotment accounts pursuant to the provisions of this Executive Order.

(3) Allocations of the Unified Volume Cap for qualifying carryforward Projects shall be granted by the Director in the amount requested by the applying Governmental Unit, if available, on or
before the fifteenth (15th) day after receipt by the Director of an application in satisfactory order for an allocation of the Unified Volume Cap for a qualifying carryforward Project, but no later than December 31, 1986, and in the chronological order in which applications for such allocations are received. The Director shall issue certificates evidencing the granting of an allocation within the time period specified in the preceding sentence to each Governmental Unit which applied to the Director and which received an allocation of the Unified Volume Cap for a qualifying carryforward Project for each such qualifying carryforward Project of such Governmental Unit similar to the certificates described in Section 7 hereof stating the amount of Allotment Dollars in the appropriate allotment account or allotment accounts which have been allocated to such Governmental Unit, specifying the qualifying carryforward Project for which the allocation has been made and specifying the expiration date of the allocation, as provided by Section 145(f)(3) of the Code.

Section 9. No application submitted to the Director may be amended without the consent of the Director; provided, however, that no such consent shall be required for a Governmental Unit to submit a new application in order to replace a previously submitted application if such new application is submitted before an allocation is made on the basis of the original application; provided further, that the consent of the Director shall not be required for a Governmental Unit to withdraw a previously submitted application. For purposes of receiving an allocation of the Unified Volume Cap, any application that has been amended shall be treated as though such application was submitted on the date that the amendment was made, rather than on the date of the original submission of such application.

Section 10. (1) Any Governmental Unit other than the Health Facilities Authority and the Housing Agency issuing Bonds or Qualified Bonds without a certificate of the Director issued pursuant to Section 7 or Section 8, as appropriate, evidencing the granting of an allocation for such Bonds or Qualified Bonds, or any Governmental Unit issuing Bonds or Qualified Bonds after the expiration of an allocation under Section 7 or Section 8, as appropriate, or any Governmental Unit issuing Bonds or Qualified Bonds in excess of the allocation set forth in the aforementioned certificate, or any Governmental Unit issuing Bonds or Qualified Bonds as described in subsection (4) of this section, is not entitled to any allocation of the Unified Volume Cap for any of such Bonds or Qualified Bonds and all of such Bonds or Qualified Bonds shall be deemed to have been issued without any such allocation.

(2) Each Governmental Unit other than the Health Facilities Authority and the Housing Agency shall advise the Director on or before the earlier of the sixtieth (60th) day after the issuance of any Bonds or Qualified Bonds or December 30, 1986, of the principal amount of Bonds or Qualified Bonds issued pursuant to the certificate issued by the Director evidencing the granting of an allocation for such Bonds or Qualified Bonds by delivering to the Director a copy of the Department of the Treasury Form 8038 (or any successor form thereto) which was delivered to the Internal Revenue Service in connection with the Bonds or Qualified Bonds, or if no Bonds or Qualified Bonds are issued, shall so advise the Director on or before the
earlier of (a) the fifteenth (15th) day after the earlier of (i) the
decision not to issue the Bonds or Qualified Bonds or (ii) the
expiration of the allocation or (b) December 30, 1986.

(3) In the event that (a) the amount of Bonds or Qualified Bonds
actually issued by a Government Unit for a given Project is less
than the amount allocated by the Director pursuant to the application
submitted for such Project or (b) no Bonds or Qualified Bonds are
issued pursuant to the grant of an allocation of the Unified Volume
Cap by the Director (except those grants made pursuant to Section 8
hereof), then the allocation received by the Governmental Unit shall
be adjusted on the records kept by the Director; or in the case of
allocations by the Director from the 501(c)(3) Account to 501(c)(3)
Issuers, the Director shall communicate such information to the Health
Chairman who shall adjust the records with respect to the 501(c)(3)
Account to reflect the amount of the Unified Volume Cap actually used,
if any, and such unused amount of the Unified Volume Cap shall immedi­
ately become available for allocation pursuant to the provisions of
this Executive Order from the allotment account from which the alloca­
tion was originally received.

(4) Each Governmental Unit shall cooperate with the Director in
furnishing any information the Director reasonably requires. If a
Governmental Unit obtains an allocation of the Unified Volume Cap for
a particular Project from the Director as provided in Section 7 or
Section 8, as appropriate, but does not issue its Bonds or Qualified

application for an allocation of the Volume Cap, the Director shall, if the application is in satisfactory order, make the requested allocation in the amount so requested, if available, and certify to the Issuing Authority applying for the allocation that an allocation has been made, the Project or Program for which the allocation has been made, and the amount of such allocation. Certificates of allocation evidencing the granting of an allocation by the Director shall be issued by the Director in the chronological order in which completed applications are received. No Issuing Authority issuing Bonds or Certificates is entitled to any allocation of the Volume Cap with respect to such Bonds or Certificates unless it has first received the aforementioned certificate of allocation from the Director evidencing the granting of an allocation for such Bonds or Certificates.

(2) Every allocation of the Volume Cap granted under this Executive Order by the Director for which Bonds or Certificates have not been issued with respect to such allocation, except those grants made pursuant to Section 5, shall remain effective until and including the earlier of (a) the ninetieth day after the date on which such allocation was made, (b) 12:00 o'clock midnight on December 30 of the Year in which such allocation was made, or (c) the date upon which the Director receives a written notification from any such Issuing Authority pursuant to Section 7(2). Any allocation for which Bonds or Certificates are issued on or prior to the applicable date specified in this subsection shall be irrevocably allocated to such Bonds or Certificates.

(3) Until and including December 30 of each Year, any allocation of Allotment Dollars made in such Year, except allocations made pursuant to Section 5, for which Bonds or Certificates are not issued on or prior to the applicable date specified in Section 4(2) shall be available for reallocation to applying Issuing Authorities. On December 31 of each Year, any allocation of Allotment Dollars made in such Year for which Bonds or Certificates are not issued on or prior to the applicable date specified in Section 4(2) shall become available for reallocation only for Qualifying Carryforward Projects or Programs. In either case, such reallocations shall be made in the same manner as for original allocations of Allotment Dollars.

(4) No application submitted by an Issuing Authority to the Director pursuant to this section shall be processed if the amount of allocation of the Volume Cap requested in such application is in excess of the amount of Volume Cap remaining available for allocation. Any application not processed for the reason stated in this subsection may be resubmitted to the Director, with or without a change in the amount of allocation requested. Any application resubmitted to the Director pursuant to this subsection shall be treated as a new application. Should an allocation not be granted for the reasons stated in this subsection, the Director shall continue to process other applications in the chronological order in which received, granting allocations pursuant to the provisions of this Executive Order.

Section 5. (1) Issuing Authorities with Qualifying Carryforward Projects or Programs may apply for an allocation of Allotment Dollars for such Qualifying Carryforward Projects or Programs by submitting an application to the Director which shall contain:
(a) the carryforward purpose for the Bonds or Certificates under Section 146(f) of the Code;
(b) any other information required by Section 146(f) of the Code;
(c) a certification signed by both an official of the Issuing Authority responsible for the supervision of the issuance of the Bonds or Certificates and, if applicable, a representative of the person or entity constructing, acquiring, or rehabilitating the Project or administering the Program, stating that the Issuing Authority and, if applicable, such person or entity, will proceed with diligence to insure the issuance of the Bonds or Certificates within the carryforward period provided by Section 146(f) of the Code;
(d) a preliminary opinion from bond counsel that the Project or Program qualifies for carryforward under Section 146(f) of the Code;
(e) if applying for an allocation of Allotment Dollars for the purpose of issuing Certificates, the amount of qualified mortgage bonds defined in Section 143 of the Code which the Issuing Authority elects not to issue under the Code; and
(f) such other information and attachments as are set forth in Section 3(1).

(2) No application submitted by an Issuing Authority to the Director pursuant to this section shall be processed if at the time such application is considered the amount of allocation of the Volume Cap requested in such application is in excess of the amount of Volume Cap remaining available for allocation. Any application not processed for the reason stated in this subsection may be resubmitted to the Director, with or without a change in the amount of allocation requested. Any application resubmitted to the Director pursuant to this subsection shall be treated as a new application. Should an allocation not be granted for the reasons stated in this subsection, the Director shall continue to process other applications in the chronological order in which received, granting allocations pursuant to the provisions of this Executive Order.

(3) Allocations of the Volume Cap for Qualifying Carryforward Projects or Programs shall be granted by the Director in the amount requested by the applying Issuing Authority, if available, on or after December 1, but no later than December 31, of the Year in which an application in satisfactory order is submitted to the Director for an allocation of the Volume Cap for a Qualifying Carryforward Project or Program in the chronological order in which applications for such allocations are received. The Director shall issue certificates of allocation evidencing the granting of an allocation within the time period specified in the preceding sentence to each Issuing Authority which applied to the Director and which received an allocation of the Volume Cap for a Qualifying Carryforward Project or Program for each such Qualifying Carryforward Project or Program of such Issuing Authority, such certificates of allocation to be similar to the certificates of allocation described in Section 4, stating the amount of Allotment Dollars which have been allocated to such Issuing Authority, specifying the Qualifying Carryforward Project or Program for which the allocation has been made and specifying the expiration date.
of the allocation, as provided by Section 146(f) of the Code.

Section 6. No application submitted to the Director may be amended without the consent of the Director; provided, however, that no such consent shall be required for an Issuing Authority to submit a new application in order to replace a previously submitted application if such new application is submitted before an allocation is made on the basis of the original application; provided further, that the consent of the Director shall not be required for an Issuing Authority to withdraw a previously submitted application. For purposes of receiving an allocation of the Volume Cap, any application that has been amended shall be treated as though such application was submitted on the date that the amendment was made, rather than on the date of the original submission of such application.

Section 7. (1) After the effective date of this Executive Order, any Issuing Authority issuing Bonds or Certificates without a certificate of allocation of the Director issued pursuant to Section 4 or Section 5, as appropriate, evidencing the granting of an allocation for such Bonds or Certificates, or any issuing Authority issuing Bonds or Certificates after the expiration of an allocation under Section 4 or Section 5, as appropriate, is not entitled to any allocation of the Volume Cap for such Bonds or Certificates, and any Issuing Authority issuing Bonds or Certificates in excess of the allocation set forth in the certificate of allocation is not entitled to any allocation of the Volume Cap for such excess.

(2) Each Issuing Authority shall (a) advise the Director on or before the earlier of the sixtieth day after the issuance of any Bonds or Certificates or December 30 of each Year, of the principal amount of Bonds or Certificates issued under the allocation set forth in each certificate of allocation issued by the Director evidencing the granting of an allocation for such Bonds or Certificates by delivering to the Director a copy of the Form 8038 which was delivered to the Internal Revenue Service in connection with such Bonds or Certificates, or, if no such form was required to be delivered to the Internal Revenue Service, a completed copy of a Form 8038 prepared for the Director with respect to such Bonds or Certificates, or (b) if all or a stated portion of such Bonds or Certificates will not be issued, shall advise the Director in writing, on or before the earlier of (i) the fifteenth day after the earlier of (A) the final decision not to issue all or a stated portion of such Bonds or Certificates or (B) the expiration of the allocation, (ii) December 30 of the Year in which the allocation for such Bonds or Certificates was made.

(3) Each Issuing Authority shall cooperate with the Director in furnishing any information the Director reasonably requires. If an Issuing Authority obtains an allocation of a portion of the Volume Cap for a particular Project or Program from the Director as provided in Section 4 or Section 5, as appropriate, but does not issue its Bonds or Certificates within the prescribed time limit, or issues a lesser amount of Bonds or Certificates within the prescribed time limit, such Issuing Authority may again submit an application with respect to the proposed Bonds or Certificates or portion of such Bonds or Certificates not issued for such Project or Program as provided in Section 4 or Section 5, as appropriate. Such application shall be treated as a
new application.

Section 8. In addition to the duties otherwise specifically set forth in this Executive Order, the Director shall:

1. Determine the amount of Allotment Dollars available on December 31 of each Year for allocation for Qualifying Carryforward Projects or Programs and allocate the Allotment Dollars available for Qualifying Carryforward Projects or Programs as provided in this Executive Order;

2. Maintain a record of all applications filed by Issuing Authorities under Section 3 and Section 5 and all certificates of allocation issued under Section 4 and Section 5;

3. Maintain a record of all Bonds or Certificates issued by Issuing Authorities during each Year;

4. Maintain a record of all information filed by Issuing Authorities under this Executive Order;

5. Make available upon reasonable request a certified copy of all or any part of the records maintained by the Department under this Executive Order or a summary thereof including information regarding the Volume Cap for each Year and any amounts available, or at any time remaining available, for allocation under this Executive Order;

6. The Director shall serve as the State official designated under State law to make any certifications required to be made under the Code including, without limitation, the certification required by Section 149(e)(2)(F) of the Code; and

7. Promulgate reasonable rules not inconsistent with this Executive Order deemed necessary or expedient to allocate the Volume Cap hereunder.

Section 9. If any provision of this Executive Order shall be held to be, or shall, in fact, be invalid, inoperative or unconstitutional, the defect of the provision shall not affect any other provision of this Executive Order or render it invalid, inoperative, or unenforceable. To the extent this Executive Order shall be held or shall, in fact, be invalid, inoperative, or unconstitutional, all allocations of the Volume Cap previously made under this Executive Order shall be treated as allocations made by the Governor of the State.

Section 10. This Executive Order repeals and replaces Executive Order No. 86-1 and Executive Order No. 86-16, provided that such repeal and replacement shall not affect any allocations in the State made prior to the effective date hereof pursuant to any other Executive Orders or laws of the State.

Section 11. The State pledges and agrees with the owners of any Bonds or Certificates to which an allocation of the Volume Cap has been granted under this Executive Order that the State will not retroactively alter the allocation of the Volume Cap to such Bonds or Certificates.

Section 12. No action taken pursuant to this Executive Order shall be deemed to create an obligation, debt or liability of the State or be deemed to constitute an approval of any obligation issued or to be issued hereunder.

Section 13. The purpose of this Executive Order is to maximize the
benefits of financing and development through the use of Bonds and Certificates by providing a formula for allocating the Volume Cap within the meaning of Section 146(e) of the Code.

Section 14. This Executive Order shall be effective immediately and shall be applied retroactively to all allocations made after August 15, 1986, with respect to any proposed issuance of Bonds or Certificates. This Executive Order shall continue in effect until such time as it may be repealed or superseded by operation of State or federal law. Notwithstanding the foregoing, allocations for Qualifying Carryforward Projects or Programs pursuant to Section 5 hereof shall remain effective for the term of such allocation provided for in Section 146(f) of the Code.

EXECUTIVE ORDER NO. 86-26

CONTINUATION OF THE IDAHO DEPARTMENT OF EMPLOYMENT AS THE ORGANIZATIONAL UNIT TO BE RESPONSIBLE FOR THE STATE OF IDAHO'S LABOR MARKET INFORMATION PROGRAMS, REPEALING AND REPLACING EXECUTIVE ORDER NO. 84-20

WHEREAS, the "Job Training Partnership Act of 1982" requires the Governor, in order to be eligible for federal financial assistance for state labor market information programs under this Act, to designate an organizational unit to be responsible for oversight and management of a statewide comprehensive labor market and occupational supply and demand information system; and

WHEREAS, the state must design a comprehensive cost-efficient labor market and occupational supply and demand information system which
1. Is responsive to the economic demand and education and training supply support needs of the state and areas within the state; and
2. Meets the federal standards under Chapter 35 of Title 44, United States Code, and other appropriate federal standards
WHEREAS, the state's system must standardize available federal and state multi-agency administrative records and direct survey data sources to produce an employment and economic analysis with a published set of projections for the state and designated areas within the state which shall be used to contribute in carrying out the provisions of the "Job Training Partnership Act of 1982," the "Vocational Education Act of 1963," and the "Act of June 6, 1933," known as the "Wagner-Peyser Act"; and

WHEREAS, the Governor must assure to the extent feasible that
1. Automated technology will be used by the state,
2. Administrative records have been designed to reduce paperwork, and
3. Multiple survey burdens on the employers of the state have been reduced, and

WHEREAS, the Idaho Department of Employment operates a highly automated labor market information system supported by seven area labor market analysts located in each of the largest cities in Idaho; and

WHEREAS, since the Idaho Department of Employment in operating the state's Unemployment Insurance Program must collect from the employers of the state core information basic to any comprehensive statewide labor market and occupational supply and demand information system;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, do hereby assign the Idaho Department of Employment the role of organizational unit to be responsible for oversight and management of Idaho's statewide comprehensive labor market and occupational supply and demand information system; and

I FURTHER DIRECT that the Idaho Department of Employment continue to rely upon the Idaho State Occupational Information Coordinating Committee as the disseminating and coordinating mechanism for occupational supply/demand and career information system. Such a system will use existing sources of information where possible, including data from and generated by the Idaho Department of Employment through its Labor Market Information and Occupational Employment Statistics programs.

AND I FURTHER DIRECT the following in an effort to reduce paperwork and multiple survey burdens of the employers of Idaho:

1. The Idaho Personnel Commission will utilize the Department of Employment's annual wage and salary survey to meet its obligation to recommend payline adjustment to the Governor and Legislature. All attributable costs to the Idaho Department of Employment for the Personnel Commission's portion of the annual wage and salary survey will be billed to the Department of Employment to the Personnel Commission.

2. The Regulatory Reform Task Force will act as a screening mechanism for all proposed surveys of the state's private employers by the Executive Branch who request information beyond that required by law for each agency to perform its statutory duties.

3. Executive Order No. 84-20 is hereby repealed and replaced.
WHEREAS, Executive Order No. 72-3 created six official and uniform state planning regions to be utilized by all state departments and agencies and this has continued through such orders since 1972; and

WHEREAS, state departments and agencies continue to rely on divergent regional patterns for planning, administrative, technical assistance and data-gathering activities; and

WHEREAS, the need to coordinate the activities of state departments and agencies on a regional basis continues to exist; and

WHEREAS, the establishment of the aforementioned official and uniform state planning regions continues to result in a reduction of confusion among local public officials and in the more efficient delivery of services to the citizens of the State of Idaho by local governmental units; and

WHEREAS, the increase in the activities and involvement of the departments and agencies of the United States has intensified the need for the unimpeded cooperation among federal, state and local programs; and

WHEREAS, Public Law 90-577, the Intergovernmental Cooperation Act of 1968 and Part IV of U.S. Office of Management and Budget Circular No. A-95, Revised, encourages the states "to exercise leadership in delineating and establishing a system of planning and development districts or regions in each state, which can provide a consistent geographic base for the coordination of federal, state and local development programs";

NOW, THEREFORE, I, JOHN V. EVANS, by virtue of the powers vested in me as Governor of the State of Idaho, do issue this Executive Order continuing the official and uniform state planning regions to be utilized by all state departments and agencies. Six major regions shall continue to be as follows:
Region I: Boundary, Bonner, Kootenai, Benewah and Shoshone Counties (Panhandle Region)

Region II: Latah, Clearwater, Nez Perce, Lewis, and Idaho Counties (Clearwater Region)

Region III: Adams, Valley, Washington, Payette, Gem, Canyon, Boise, Ada, Elmore, and Owyhee Counties (Southwest Region)

Region IV: Camas, Blaine, Gooding, Lincoln, Jerome, Minidoka, Twin Falls, and Cassia Counties (Magic Valley Region)

Region V: Bingham, Power, Bannock, Oneida, Franklin, Caribou and Bear Lake Counties (Southeast Region)

Region VI: Lemhi, Custer, Butte, Clark, Jefferson, Fremont, Madison, Teton, and Bonneville Counties (Eastern Region)

It is hereby ordered and directed that all state agencies continue to conduct planning activities, collect data, compile reports, and report program progress on the basis of the State Planning Regions.

It is further ordered and directed that all agencies within the Executive Branch of Government continue to take the above Regional Districts into consideration in the future establishment and revision of all applicable state plans and programs.

It is further ordered and directed that state agencies may continue with the written authorization of the Governor, to group or combine whole State Planning Regions into agency-designated larger geographic areas, but shall continue to utilize the six regions with the nomenclature and numerical designations established by this order for purposes of data gathering and reporting.

However, where warranted, special exceptions may be granted by the Governor to those state agencies showing just cause for exemption. Agencies seeking exemption must submit:

(a) A map depicting those regions which can be utilized and those where a modification from existing boundaries is deemed necessary;

(b) A written statement or justification citing statutes, federal regulations or guidelines, personnel difficulties, unreasonable workload assignments, existing investments in field facilities, or other major factors indicating sufficient cause for delay or total exemption from adoption of the State Multi-County Regions specified herein; and

(c) A timetable for eventual agency compliance with this order when appropriate.

All state agencies utilizing administrative districts are encouraged to continue to bring their administrative district boundaries into conformity with the boundaries of the six state planning regions.

The Department of Water Resources shall be exempted from this Order as their administrative regions are based on hydrologic drainage basins since major programs involve streams and their tributaries and it would be inefficient and confusing to the public to administer the water of the same stream from different regional offices. Also planning basins are based on hydrologic boundaries and must be related to water management considerations.
FURTHERMORE, local governmental units are encouraged to continue joint participation in regional councils of governments within this system of districts to enhance intergovernmental cooperation for the purposes of comprehensive planning and development and the administration of state and federally supported programs within the State of Idaho as authorized by the provisions of law.

This order contemplates that, if subsequent circumstances and developments warrant changes in the six regional boundaries due to the continuing process of local regional organization, appropriate revision of this order will be undertaken.

This Executive Order repeals and replaces Executive Order No. 84-21.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the nineteenth day of December, in the year of our Lord nineteen hundred eighty-six, and of the Independence of the United States of America the two hundred eleventh, and of the Statehood of Idaho the ninety-seventh.

EXECUTIVE ORDER NO. 86-28

CONTINUATION OF THE POLICY OF THE STATE ON LIFE-CYCLE COSTING PRACTICES AND DIRECTING THE ADMINISTRATOR OF THE DIVISION OF PURCHASING TO ASSIST STATE AGENCIES IN DEVELOPING PLANS TO UTILIZE LIFE-CYCLE COSTING PRACTICES, REPEALING AND REPLACING EXECUTIVE ORDER NO. 84-22

WHEREAS, energy, its production, distribution, and utilization is a primary concern of all Idaho citizens; and

WHEREAS, the use of energy is an integral part of people's lives—in agriculture, in business and industry, at home and in state and local government; and

WHEREAS, to be effective, energy planning should be incorporated into decision-making; and, with regard to procurement practices and construction of new buildings by the state, life-cycle costing is one technique already in use in several states of the Union; and

WHEREAS, life-cycle costing is a technique whereby the long-term maintenance and operating costs of a building or product are considered in addition to its original purchase price or construction cost. These additional costs are often as important as the original cost and affect the true economy of buildings and products. Life-cycle costing
techniques supplement the present minimum bid standards for controlling state contracting, purchasing and building practices. When applied logically, this method of cost evaluation has been proven effective in establishing the greatest gain between quality and thrift; and

WHEREAS, Idahoans are rightly concerned about the cost of government today. By encouraging wise management of energy and fiscal resources in government, through life-cycle costing, every Idaho citizen's tax dollar will be expended in a manner to guarantee maximum efficiency;

NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, do hereby declare that it will continue to be the policy of the state to continue to promote the conservation of energy and the life-cycle cost or greatest value of commodities, and to effect coordination in the purchase of commodities by the State of Idaho.

To that end, all state agencies, prior to construction or renovation of any major facility, are directed to include in the design phase a provision for life-cycle costing. To accomplish the desired energy savings, agencies must calculate and define the additional costs of the life-cycle cost factors in their budget request of buildings. The Permanent Building Fund Advisory Council shall determine that all designs for buildings have been given a thorough analysis of life-cycle costing and energy-conscious design.

All state agencies are further directed to develop plans and specifications for energy efficiency in the acquisition of commodities purchased and/or acquired by the state, including life-cycle costing for the purchase of all major energy-consuming products.

I further direct the Administrator of the Division of Purchasing to assist all state agencies in developing plans and specifications to utilize energy efficiency and life-cycle costing in their acquisition and bidding practices. The Administrator of the Division of Purchasing may, in his discretion, waive the requirements of life-cycle costing if he determines such exemption would be in the best interest of the State of Idaho.

This Executive Order repeals and replaces Executive Order No. 84-22.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the nineteenth day of December, in the year of our Lord nineteen hundred eighty-six, and of the Independence of the United States of America the two hundred eleventh, and of the Statehood of Idaho the ninety-seventh.

WHEREAS, that Act charges the Governor with substantial responsibilities for implementing its provisions;
NOW, THEREFORE, I, JOHN V. EVANS, Governor of the State of Idaho, do hereby order the following:

   c. Not less than 20 percent of the membership of the Council shall be representatives of units or consortia of units of general local government which are administrative entities or grantees under the Act.
   d. Not less than 20 percent of the membership of the Council shall be representatives of the eligible population and of the general public and representatives of organized labor, community-based organizations and local educational agencies.
   e. The Council membership shall reasonably represent the population of the state.

4. The Director of the Department of Employment shall have the responsibility to provide professional, technical, administrative, and other staff to support the activities of the Council.
