AN ACT
RELATING TO HAZARDOUS WASTE RULES AND REGULATIONS; AMENDING SECTION 39-4404, IDAHO CODE, TO DELETE A TIME DELAY FOR PROMULGATION OF RULES AND REGULATIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-4404, Idaho Code, be, and the same is hereby amended to read as follows:

39-4404. CONSISTENCY WITH FEDERAL LAW. The legislature intends that the state of Idaho enact and carry out a hazardous waste program that will enable the state to assume primacy over hazardous waste control from the federal government.

The legislature finds that the RCRA, as amended, 42 U.S.C., Section 6901 et seq., and regulations adopted pursuant thereto, establish complex and detailed provisions for regulation of those who generate, transport, treat, store, and dispose of hazardous wastes. The legislature cannot conveniently or advantageously set forth in this chapter all the requirements of all of the regulations which have been or will be established under RCRA. However, by the provisions of this chapter, the legislature desires to avoid the existence of duplicative, overlapping or conflicting state and federal regulatory systems.

Therefore, the board is directed to promulgate rules and regulations which are in substance consistent with federal regulations adopted by the administrator of the United States environmental protection agency to implement RCRA. The board may not promulgate rules or regulations governing activities affected by such federal regulations until at least six (6) months after the promulgation of such regulations by the environmental protection agency. The six (6) months delay shall apply, but not be limited, to rules and regulations concerning mining waste, mineral-processing waste, and all other materials under study by the administrator of the environmental protection agency as required by 42 U.S.C. sections 6902(f) and 6902(p).

Until such time as the board has promulgated rules and regulations concerning mining and mineral wastes and materials under study by the administrator, those wastes and materials shall not be considered or defined as hazardous wastes under this chapter; provided, however, that spent potliners from primary aluminum reduction, or environmental protection agency hazardous waste number K088, shall be defined as hazardous waste. Farmers and ranchers who treat, store, or dispose of waste pesticides from their operations on lands owned or controlled by them shall not be required by board rules or regulations to do anything more than follow the instructions on the pesticide label and triple rinse empty containers in accordance with the RCRA regulations of the environmental protection agency. The board may not promulgate any rule or regulation that would impose conditions or requirements more stringent or broader in scope than the RCRA regulations of the
environmental protection agency. The board may, however, promulgate procedural rules and regulations and rules and regulations specifically authorized by this chapter or other state statutes without showing that those rules and regulations are required by RCRA or the regulations of the environmental protection agency; provided that those rules and regulations shall not conflict with this section, other sections of this chapter, RCRA, or the rules and regulations of the environmental protection agency. Any rule or regulation promulgated by the board shall be valid until it is repealed or modified through the administrative process of section 67-5201, Idaho Code, et seq.

CHAPTER 7
(S.B. No. 1269)

AN ACT
RELATING TO HAZARDOUS WASTE RESEARCH, DEVELOPMENT AND DEMONSTRATION PERMITS; AMENDING SECTION 39-4409, IDAHO CODE, TO ALLOW FOR THREE ONE-YEAR RENEWALS OF A HAZARDOUS WASTE RESEARCH, DEVELOPMENT AND DEMONSTRATION PERMIT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-4409, Idaho Code, be, and the same is hereby amended to read as follows:

39-4409. PERMIT REQUIREMENTS FOR HAZARDOUS WASTE TREATMENT, STORAGE, OR DISPOSAL FACILITIES. (1) No person shall construct, operate, or modify a hazardous waste treatment, storage, or disposal facility or site without a permit from the department. The owner or operator of the facility or site rather than the builder shall be responsible for obtaining the permit. Permits may contain such conditions necessary to protect human health and environment. The board may exempt classes or categories of hazardous waste treatment, storage, or disposal facilities from the permit requirement if the exemption is in the public interest and consistent with RCRA requirements. The fact that a class or category of such facilities is not required to obtain a federal permit shall be persuasive evidence that an exemption is in the public interest.

(2) Interim status granted by RCRA or a permit issued by the United States environmental protection agency prior to the date that the state program is authorized by the administrator of that agency shall be adopted by the department as a state granted interim status or as a state granted permit until the department issues a new state permit. The board may adopt such rules and regulations as necessary to:

(a) Allow other facilities to qualify for interim status;
(b) Require new units, replacement of existing units and lateral expansions of existing interim status facilities to comply with all regulations which apply to new facilities; and
(c) Provide for the termination of interim status.
(3) The board shall promulgate rules and regulations establishing the terms and conditions for issuing permits to the described facilities and sites. The rules and regulations shall provide for, but not be limited to:
   (a) Standards and procedures for the safe operation and maintenance of the facilities and sites;
   (b) Education and training qualifications of personnel at the facilities and sites;
   (c) Contractual commitment or consent to each facility or site from all holders of interests in the real property committed to that facility or site;
   (d) Monetary assurances in such form and amount as are necessary for effective management, maintenance, and monitoring of the facilities and sites during and after operation;
   (e) Evidence of financial responsibility for corrective action on-site and off-site;
   (f) Liability insurance in such form and amount as is necessary to compensate for potential damages caused by the facilities and sites; provided, that liability insurance shall not be required in the event that liability insurance is not required by the federal regulations adopted pursuant to the RCRA;
   (g) Emergency equipment and emergency response plans appropriate to the facilities and sites;
   (h) Public participation in the permitting process consistent with 42 U.S.C. section 6974(b).
(4) Permits shall be issued for a period not to exceed ten (10) years or the maximum period allowed under RCRA, whichever is greater. However, permits may be reviewed at least every five (5) years and modified as necessary to take into account changes in this chapter or regulations promulgated pursuant to it and improvements in technology. Permits issued to hazardous waste facilities and sites by the department prior to the effective date of this chapter shall be reissued to conform with the provisions of this chapter and the rules and regulations promulgated under this chapter.
(5) Any permit issued after the effective date of this provision shall require corrective action to be taken on-site and off-site for all releases of hazardous waste or constituents, from any solid waste management unit at the treatment, storage, or disposal facility seeking the permit, regardless of the time when the waste was placed in such unit. Permits issued from November 8, 1985, until the effective date of this provision shall be reissued to conform with this provision.
(6) Any permit issued under this section may be revoked by the director, pursuant to the provisions of section 39-4413, Idaho Code, if the permitted party fails to comply with the terms and conditions of the permit, this chapter, or the rules and regulations promulgated under this chapter.
(7) The department may issue a variance from the requirements of
the rules and regulations promulgated under this section, if, in the judgment of the director, application of the requirements would cause unreasonable hardship and the granting of a variance would not be harmful to the public interest or inconsistent with RCRA requirements. A variance shall not exceed one (1) year in duration and may be renewed or extended only after the department provides public notice and an opportunity for public comment.

(8) (a) The director of the department may issue a research, development and demonstration permit for any hazardous waste treatment technology or process for which permit standards for such experimental activity have not been promulgated. Any such permit shall include such terms and conditions as will assure protection of human health and the environment. Such permits shall:

1. Provide for the construction of such facilities, as necessary, and for operation of the facility for not longer than one (1) year (unless renewed as provided below); and
2. Provide for the receipt and treatment by the facility of only those types and quantities of hazardous waste which the director deems necessary for purposes of determining the efficiency and performance capabilities of the technology or process and the effects of such technology or process on human health and the environment; and
3. Include such requirements as the director deems necessary to protect human health and the environment (including, but not limited to, requirements regarding monitoring, operation, insurance or bonding, financial responsibility, closure, and remedial action); and
4. Include such requirements as the director deems necessary regarding testing and providing of information to the director with respect to the operation of the facility.

(b) The director may apply the criteria set forth in paragraph (a) of this subsection in establishing the conditions of each permit without separate establishment of regulations implementing such criteria.

(c) For the purpose of expediting review and issuance of permits under this subsection, the director may, consistent with the protection of human health and the environment, modify or waive permit application and permit issuance requirements established in the general permit regulations except that there may be no modification or waiver of regulations regarding financial responsibility (including insurance) or of applicable public participation procedures.

(d) The director may renew a research, development and demonstration permit which has been issued pursuant to this subsection. The renewal term shall be no longer than one (1) year. A permit shall not be renewed more than three (3) times.

The prison authorities of any state, county, or city prison are directed to make available to the county health authorities such portion of any state, county, or city prison as may be necessary for a clinic or hospital wherein all persons who may be confined or imprisoned in any such prison and who are infected with venereal disease at the time of the expiration of their terms of imprisonment, and, in case no other suitable place for isolation or quarantine is available, such other persons as may be isolated or quarantined under the provisions of section 39-683, Idaho Code, shall be isolated and treated at public expense until cured; or, in lieu of such isolation, any of such persons may, in the discretion of the director of the department of health and welfare, be required to report for treatment to a licensed physician or submit to treatment provided at public expense; as provided enumerated in section 39-6031, Idaho Code, and this examination shall include a test for HIV antibodies or antigens. This examination is not intended to limit any usual or customary medical examinations that might be indicated during a person's imprisonment. Nothing herein contained shall be construed to interfere with the service of any sentence imposed by a court as a punishment for the commission of crime.

(2) All persons who shall be confined in any county or city jail may be examined for and, if infected, treated for the venereal dis-
eases enumerated in section 39-601, Idaho Code, if such persons have, in the judgment of public health authorities and the jailer, been exposed to a disease enumerated in section 39-601, Idaho Code.

(3) All persons who shall be confined in any county or city jail and who are charged with sex offenses, drug related charges, prostitution or other charges as recommended by public health authorities shall be tested for infection with the human immunodeficiency virus (HIV).

(a) When the prisoner is a convicted felon awaiting transfer to the board of correction, or when the prisoner is a convicted felon being confined in jail pursuant to a contract with the board of correction, the board of correction shall reimburse such costs;
(b) When the prisoner is awaiting trial after an arrest by any state officer, the state agency employing such arresting officer shall reimburse such costs;
(c) When the prisoner is being held for any other authority or jurisdiction, including another state, the authority or jurisdiction responsible shall reimburse such costs unless otherwise provided for by contract.

SECTION 4. That Section 39-607, Idaho Code, be, and the same is hereby amended to read as follows:

39-607. PENALTIES FOR VIOLATIONS. SECTION 5. That Chapter 6, Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 39-609, Idaho Code, and to read as follows:

39-609. DECLARATION OF POLICY. The legislature hereby declares that infection with human immunodeficiency virus, the virus which causes acquired immune deficiency syndrome (AIDS), is an infectious and communicable disease that endangers the population of this state.
The legislature further declares that reporting of HIV infection to public health officials is essential to enable a better understanding of the disease, the scope of exposure, the impact on the community, and the means of control and that efforts to control the disease should include public education, counseling, and voluntary testing and that restrictive enforcement measures should be used only when necessary to protect the public health. It is hereby declared to be the policy of this state that an effective program of preventing AIDS must maintain the confidentiality of patient information and restrict the use of such information solely to public health requirements. This confidentiality is essential so that infected persons are encouraged to reveal their condition to persons who have a legitimate need to know in order that they may assist the patient. Conversely, there is a need for certain individuals to know of the patient's condition so that they may be protected from the disease or protect themselves and others closely associated with the patient. The legislature believes that the balancing of the need to know by certain individuals in relationship to the need to maintain confidentiality to encourage reporting is essential to control the spread of the disease. This balancing cannot be fully codified in statutory law and must be left to the judgment and discretion of public health officials. If in the judgment of public health authorities an imminent danger to the public health exists due to an individual having a disease enumerated in section 39-601, Idaho Code, public health authorities shall take such action as is authorized in this chapter and as is necessary to prevent danger to the public health. Persons who have a legitimate need to know may include health care personnel: doctors, nurses, dentists, morticians, lab technicians and school authorities. This is not intended to limit the usual and customary exchange of information between health care providers.

SECTION 6. That Chapter 6, Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 39-610, Idaho Code, and to read as follows:

39-610. DISCLOSURE OF AIDS REPORTING INFORMATION. (1) No confidential public health record as described in section 39-606, Idaho Code, shall be disclosed, shall be discoverable, or compelled to be produced in any civil or administrative hearing.

(2) State or local health authorities may contact and advise those persons who, in the judgment of health authorities, have been exposed to the HIV (human immunodeficiency virus).

(3) Public health authorities may disclose personally identifying information in public health records, as described in section 39-606, Idaho Code, to other local or state public health agencies when the confidential information is necessary to carry out the duties of the agency in the investigation, control and surveillance of disease, as determined by the state board of health and welfare, or as otherwise authorized by law.

(4) Nothing in this chapter imposes liability or criminal sanction for disclosure or nondisclosure of the results of a blood test to
detect HIV virus in accordance with any reporting requirements of the department of health and welfare.

(C) If at the end of twenty (20) days after the notice has been mailed there is no verified answer on file, the court shall hear evidence upon the fact of the unlawful use, or intent to use, and shall order the property forfeited to the director, if such fact is proved.

(D) If a verified answer is filed, the forfeiture proceeding shall be set for hearing before the court without a jury on a day not less than thirty (30) days therefrom; and the proceeding shall have priority over other civil cases.

(II) At the hearing any owner who has a verified answer on file may show by competent evidence that his interest in the conveyance is not subject to forfeiture because he could not have known in the exercise of reasonable diligence that the conveyance was being used, had been used, was intended to be used or had been intended to be used in any manner described in subsection (a)(4) of this section.

(III) If the court finds that the property was not used or was not intended to be used in violation of this act, or is not subject to forfeiture under this act, the court shall order the property released to the owner as his right, title, or interest appears on records in the appropriate department as of the seizure.

(IV) An owner, co-owner or claimant of any right, title, or interest in the conveyance may prove that his
right, title, or interest, whether under a lien, mortgage, conditional sales contract or otherwise, was created without any knowledge or reason to believe that the conveyance was being used, had been used, was intended to be used, or had been intended to be used for the purpose alleged;

(i) In the event of such proof, the court shall order the conveyance released to the bona fide or innocent owner, purchaser, lien holder, mortgagee, or conditional sales vendor. The court may order payment of all costs incurred by the state or law enforcement agency as a result of such seizure.

(ii) If the amount due to such person is less than the value of the conveyance, the conveyance may be sold at public auction by the director. The director shall publish a notice of the sale by at least one (1) publication in a newspaper published and circulated in the city, community or locality where the sale is to take place at least one (1) week prior to sale of the conveyance. The proceeds from such sale shall be distributed as follows in the order indicated:

1. To the bona fide or innocent owner, purchaser, conditional sales vendor, lien holder or mortgagee of the conveyance, if any, up to the value of his interest in the conveyance.

2. The balance, if any, in the following order:

A. To the director for all expenditures made or incurred by it in connection with the sale, including expenditure for any necessary repairs, storage, or transportation of the conveyance, and for all expenditures made or incurred by him in connection with the forfeiture proceedings including but not limited to expenditures for witnesses' fees, reporters' fees, transcripts, printing, traveling and investigation.

B. To the law enforcement agency of this state which seized the conveyance for all expenditures for traveling, investigation, storage and other expenses made or incurred after the seizure and in connection with the forfeiture of any conveyance seized under this act.

C. The remainder, if any, to the director for credit to the drug enforcement donation account.

(iii) In any case, the director may, within thirty (30) days after judgment, pay the balance due to the bona fide lien holder, mortgagee or conditional
sales vendor and thereby purchase the conveyance for use to enforce this act.

(e) When property is forfeited under this section, or is received from a federal enforcement agency, the director may:

(1) Retain it for official use;
(2) Sell that which is not required to be destroyed by law and which is not harmful to the public.

The director shall publish a notice of the sale by at least one publication in a newspaper published and circulated in the city, community or locality where the sale is to take place at least one (1) week prior to sale of the property. The proceeds from such sale shall be distributed as follows in the order indicated:

(A) To the director, or by the director, to his agent, county or city law enforcement agency, for all expenditures made or incurred in connection with the sale, including expenditure for any necessary repairs, maintenance, storage or transportation, and for all expenditures made or incurred in connection with the forfeiture proceedings including but not limited to expenditures for witnesses' fees, reporters' fees, transcripts, printing, traveling and investigation.
(B) To the law enforcement agency of this state which seized the property for all expenditures for traveling, investigation, storage and other expenses made or incurred after the seizure and in connection with the forfeiture of any property seized under this act.
(C) The remainder, if any, to the director for credit to the drug enforcement donation account.

(3) Take custody of the property and remove it for disposition in accordance with law; or
(4) Upon the recommendation of the director only, the court may order property forfeited, in whole or in part, to a city or county the law enforcement agency of which participated in the events leading to the seizure of the property. Upon such order, the city or county shall use the property for drug enforcement purposes consistent with this act.

(f) (1) The director or any peace officer of this state seizing any of the property described in paragraphs (1) and (2) of subsection (a) of this section shall cause a written inventory to be made and maintain custody of the same until all legal actions have been exhausted unless such property has been placed in lawful custody of a court or state or federal law enforcement agency. After all legal actions have been exhausted with respect to such property, the property shall be surrendered by the court, law enforcement agency, or person having custody of the same to the director to be destroyed pursuant to paragraph (2) hereof. The property shall be accompanied with a written inventory on forms furnished by the director.
(2) All property described in paragraphs (1) and (2) of subsection (a) which is seized or surrendered under provisions of this act may be destroyed after all legal actions have been exhausted. The destruction shall be done under the supervision of the supervisory drug analyst of the department of health--and--welfare law
enforcement, a representative of the office of the director and a representative of the state board of pharmacy. An official record listing the property destroyed and the location of destruction shall be kept on file at the office of the director. Except, however, that the director of the department of law enforcement or his designee may authorize the destruction of drug or nondrug evidence, specifically marijuana or nondrug items used in the planting, cultivation or harvesting of marijuana, when, in the opinion of the director or his designee, it is not reasonable to remove or transport such items from the location of the seizure for destruction. In such case, a sample of the marijuana will be removed and preserved for evidentiary purposes and, when practicable, destroyed as otherwise is in accordance with this chapter. On-site destruction of such items shall be witnessed by at least two (2) persons, one (1) of whom shall be the director or his designee who shall make a record of the destruction.

(g) Species of plants from which controlled substances in schedules I and II may be derived which have been planted or cultivated in violation of this act, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the state.

(h) The failure, upon demand by the director, or his duly authorized agent, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored, to produce an appropriate registration, or proof that he is the holder thereof, constitutes authority for the seizure and forfeiture of the plants.

(i) The director shall have the authority to enter upon any land or into any dwelling pursuant to a search warrant, to cut, harvest, carry off or destroy such plants described in subsection (g) hereof.

56-218. RECOVERY OF CERTAIN MEDICAL ASSISTANCE. (1) Medical assistance pursuant to this chapter paid on behalf of an individual who was sixty-five (65) years of age or older when the individual received such assistance may be recovered from the estate, or if there be no estate the estate of the surviving spouse, if any, shall be charged for such aid paid to either or both; provided, however, that claim for such medical assistance correctly paid to the individual may be established against the estate, but there shall be no adjustment or recovery thereof until after the death of the surviving spouse, if any, and only at a time when the individual has no surviving child who is under twenty-one (21) years of age or is blind or permanently and totally disabled. (3) Nothing in this section authorizes the recovery of the amount of any aid from the estate or surviving spouse of a recipient to the extent that the need for aid resulted from a crime committed against the recipient.

32-915, IDAHO CODE, RELATING TO A WIFE'S DUTY TO SUPPORT AN INFIRM 
HUSBAND.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 2, Title 56, Idaho Code, be, and the same 
is hereby amended by the addition thereto of a NEW SECTION, to be 
known and designated as Section 56-209e, Idaho Code, and to read as 
follows:

56-209e. ELIGIBILITY OF MARRIED COUPLES FOR MEDICAL ASSISTANCE 
UNDER THE MEDICAID PROGRAM. (1) It is the intent of the legislature 
in enacting this section to reduce the number of situations in which 
medicaid regulations as they apply to long term care costs, cause 
either the destitution of the entire family, or a dissolution of mar­ 
rriage carried out to prevent destitution. It is further the intent of 
this legislation to protect the community and separate property rights 
of a married person whose spouse applies for medical assistance 
regardless of whether they are living together.

(2) (a) In determining the eligibility of an aged, blind or dis­ 
abled married individual or of a couple for medical assistance 
under title XIX of the social security act, the amount of income 
and resources to be counted as available to such individual or 
couple shall be calculated in accordance with the community prop­ 
erty provisions of chapter 9, title 32, Idaho Code, or should it 
be to the advantage of such individual or couple, in accordance 
with the methods utilized by the federal supplemental security 
income program under title XVI of the social security act.
(b) Where both spouses are applying or are covered by medical 
assistance, the same method of counting income and resources shall 
be applied to both spouses and utilized to determine the liability 
of each for the cost of medical care; however, for any month for 
which either spouse receives a supplemental security income pay­ 
ment or a state supplement under section 56-207, 56-208 or 
56-209a, Idaho Code, or for which an application is filed and sub­ 
sequently approved, the methodology of the supplemental security 
income program shall be applied.
(c) The presumption of the availability of income under either 
the community property or supplemental security income method may 
be rebutted by either spouse.
(d) The department of health and welfare shall furnish to each 
medical assistance applicant who is aged, blind or disabled, a 
clear and simple statement in writing advising them of the provi-
sections of this section.

(3) If any provision of this section or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the section that can be given effect without the invalid provisions or applications, and to this end the provisions of this section are severable.

SECTION 2. That Section 32-915, Idaho Code, be, and the same is hereby repealed.

47-1318. TERMINATION OF PERMITS — HEARING. Without in any manner affecting the penal and injunctive provisions of this act the Idaho state board of land commissioners is empowered to commence proceedings to terminate any permit to conduct dredge or other placer mining operations issued hereunder for any violation of the terms of this act, after hearing—duty—heard-on-the-matter-of-violation-of-the-person-to-whom-the-permit-was-issued—Such-hearings-shall-be-held-after-not-less-than-twenty-(20)—days’-written-notice-to-the-permittee—which—notice
shall--state--the--violation--claimed;--and--the-date--;time-and-place-of
such-hearing having issued and served upon the permittee alleged to be
committing such violation, a formal complaint which shall specify the
provisions of this act which the permittee allegedly is violating, and
a statement of the manner in and the extent to which said permittee is
alleged to be violating the provisions of this act. Such notice may be
served by certified mail, and return receipt signed by the permittee
or his agent shall constitute service and time thereof of such notice.
The permittee shall answer the complaint and request a hearing within thirty (30) days from receipt of
the complaint if matters asserted in the complaint are disputed. If
the permittee fails to answer the complaint and to request a hearing, the matters asserted in the complaint shall be deemed admitted by the permittee, and the board may proceed to terminate the permit and forfeit the bond in an amount necessary to pay all costs and expense of restoring the lands and beds of streams damaged by dredge or other placer mining of the defaulting permittee. Upon request for a hearing by a permittee, the board shall schedule a hearing before a hearing officer appointed by the board at a time not less than thirty (30) days after the date the permittee requests a hearing. The board shall make findings of fact and rulings of law in support of any order terminating a permit or forfeiting a bond, and assess the costs of such hearing against the defaulting permittee. The said board of land commissioners may designate one (1) of its members, or a hearing officer or officers to conduct any hearings and make findings of fact, rulings of law, and orders on issues involving the administration of this act.

SECTION 2. That Section 47-1319, Idaho Code, be, and the same is hereby amended to read as follows:

47-1319. BOND FORFEITURE ON DEFAULT. (a) The surety bond required by this act to be given by a permittee for dredge or other placer mining purposes under permit shall be exonerated and discharged upon the completion or termination of such mining operation as specified in the permit granted therefor and upon full compliance with the requirements of this act and the rules and regulations of the Idaho board of land commissioners for the administration thereof.

(b) That in event the holder of any permit issued under this act fails to comply with the requirements of this act and the rules and regulations of the Idaho board of land commissioners for the administration thereof, then the applicable bond of such operator permittee shall be forfeited to the state of Idaho in such amount and to such extent as the state board of land commissioners shall estimate and determine will be necessary to pay all costs and expense of restoring the lands and beds of streams damaged by dredge or other placer mining of said defaulting permittee and covered by such bond and remaining unrestored, and such forfeited funds are to be deposited in the dredge and placer mining account, which is hereby created in the dedicated fund of the state treasury. All moneys deposited in the dredge and placer mining account pursuant to this section or other provisions of this chapter shall be utilized by the state board of land commissioners for the restoration of lands and watercourses damaged by placer or
dredge mining operations.

(c) No forfeiture of bond of a permittee shall be made until after hearing—duly-noticed—and-heard procedures have been followed as provided in sections 47-1318 and 47-1320 hereof, Idaho Code, and the complaint is issued and findings of facts and rulings of law in support of the order of forfeiture, if any, have been made and the time for appeal has expired.

SECTION 3. That Section 47-1324, Idaho Code, be, and the same is hereby amended to read as follows:

47-1324. ENFORCEMENT AND PENALTIES FOR VIOLATION. (a) The board may maintain an action in the name of the state of Idaho to enjoin any person from operating or maintaining a placer or dredge mining operation without holding a valid permit or bond as provided in this act or regulations promulgated thereto. The court, or a judge thereof at chambers, if satisfied from a complaint or by affidavits that the alleged acts have been or are being committed, may issue a temporary restraining order, without notice or bond, enjoining the defendant, his agents and employees, from operating or maintaining such placer or dredge mining operation without obtaining a permit and bond as provided in this act or regulations promulgated thereto. No showing of injury shall be required other than that this act is being violated by the operation or maintenance of a placer or dredge mining operation without the approved permit and bond. Upon a showing of good cause therefor, the court may require the defendant to undertake mitigation or restoration of the disturbed area in conformity with section 47-1314, Idaho Code, pending final disposition of the action. The action shall proceed as in other cases for injunctions. If at the trial the operation and maintenance of a placer or dredge mining operation without a permit or bond be established, and the court further finds that it is probable that the defendant will continue therein or in similar violations, the court shall enter a decree perpetually enjoining said defendant, his agents and employees from thereafter committing said or similar actions in violation of this act.

(b) The board may maintain an action in the name of the state of Idaho to enjoin any person from operating or maintaining a placer or dredge mining operation when, under an existing approved permit and bond, an operator permittee violates or exceeds the terms of the permit or violates a provision of this act, and the bond, if forfeited, would not be sufficient to adequately restore the land.

If the claimant does not institute the action against the offender or against another source from which payment may be recovered for benefits compensable under this chapter within one (1) year from the date the criminally injurious conduct occurred, the commission may institute the action in the name of the claimant or the claimant’s personal representative.

(2) If the claimant institutes the action, the commission shall pay a proportional share of costs and attorneys’ fees if it recovers under its subrogation interest.

(3) If the commission institutes the action in the name of the claimant or the claimant’s personal representative and the recovery is in excess of the amount of compensation paid to the claimant and costs incurred by the account in pursuit of the action, the excess shall be paid to the claimant.

(4) If a judgment or recovery includes both damages for bodily injury or death for which the commission has ordered compensation paid under this chapter and damages for which the commission has not ordered compensation paid, then the account’s subrogation interest shall apply only to that proportion of the judgment or recovery for which it has paid compensation. In a civil action in a court of this state arising out of criminally injurious conduct, the judge, on timely motion, shall direct the jury to return a special verdict indicating separately the amounts of the various items of damages awarded. A claimant may not make recoveries against the offender or other source from which payment can be recovered for benefits compensable under this chapter in such a way as to avoid and preclude the account from receiving its proper subrogation share as provided in this section. The commission shall order the release of any lien provided for in subsection (1) of this section upon receipt of the account’s subrogation share.

(5) Moneys received under the provisions of this section shall be paid to the account.

30-1601. DEFINITIONS. In this chapter the following terms have the meaning specified:

(1) "Acquiring person" means a person that makes or proposes to make a control share acquisition. If two or more persons act as a partnership, limited partnership, syndicate or other group pursuant to any agreement, arrangement, relationship, understanding or otherwise, whether or not in writing, for the purposes of acquiring, owning or voting shares of an issuing public corporation, all members of the partnership, syndicate or other group constitute a "person." An "acquiring person" does not include a licensed broker or dealer or licensed underwriter that purchases shares of an issuing public corporation solely for purposes of resale to the public and is not acting in concert with an acquiring person.

(2) "Affiliate" means a person that directly or indirectly controls, is controlled by, or is under common control with a specified person.

(3) "Associate," when used to indicate a relationship with any person, means:

(a) Any corporation or organization of which the person is an officer, director or partner or is, directly or indirectly, the beneficial owner of ten percent (10%) or more of any class or series of shares entitled to vote or other equity interests;

(c) Any relative or spouse of the person, or any relative of the spouse, residing in the home of the person.

(4) "Beneficial owner," when used with respect to shares or other securities, includes any person who, directly or indirectly, through any agreement, arrangement, relationship, understanding or otherwise, whether or not in writing, has or shares the power to vote, or direct the voting of, the shares or securities or has or shares the power to dispose of, or direct the disposition of, the shares or securities, except that:

(a) A person is not deemed the beneficial owner of shares or securities tendered pursuant to a tender or exchange offer made by the person or any of the person's affiliates or associates until the tendered shares or securities are accepted for purchase or exchange or payment, or purchased or exchanged; and

(b) A person is not deemed the beneficial owner of shares or securities with respect to which the person has the power to vote or direct the voting arising solely from a revocable proxy given in response to a proxy solicitation made in accordance with the applicable rules and regulations under the Securities Exchange Act of 1934, as amended, and is not then reportable under that act on a schedule 13D or comparable report under that act.

(5) "Beneficial ownership" includes the right to acquire shares or securities through the exercise of options, warrants or rights, the
conversion of convertible securities or otherwise, regardless of whether exercisable only after the passage of time (whether or not less than sixty (60) days) or the occurrence or nonoccurrence of a future event. The shares or securities subject to the options, warrants, rights or conversion privileges held by a person are deemed to be outstanding for the purpose of computing the percentage of outstanding shares or securities of the class or series owned by the person but are not deemed to be outstanding for the purpose of computing the percentage of the class or series owned by any other person. A person is deemed the beneficial owner of shares and securities beneficially owned by an affiliate or associate of the person.

(6) "Business combination," when used in reference to any issuing public corporation and any interested shareholder of the issuing public corporation, means:

(a) Any merger or consolidation of the issuing public corporation or any subsidiary of the issuing public corporation with either:
1. The interested shareholder; or
2. Any other domestic or foreign corporation, whether or not itself an interested shareholder of the issuing public corporation, that is, or after the merger would be, an affiliate or associates of the interested shareholder, except that the foregoing does not include the merger of a wholly owned subsidiary of the issuing public corporation into the issuing public corporation or the merger of two (2) or more wholly owned subsidiaries of the issuing public corporation; or

(b) Any exchange, pursuant to a plan of exchange under the laws of this state or a comparable statute of any other state or jurisdiction, of shares of the issuing public corporation or any subsidiary of the issuing public corporation for shares of either:
1. The interested shareholder; or

(c) Any sale, lease, exchange, mortgage, pledge, transfer or other disposition, in a single transaction or a series of transactions, to or with the interested shareholder or any affiliate or associate of the interested shareholder, whether as part of a dissolution or otherwise, of assets of the issuing public corporation or any subsidiary of the issuing public corporation to which any of the following applies:

power to direct or to cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract or otherwise. A person's beneficial ownership of ten percent (10%) or more of the voting power of a corporation's outstanding shares entitled to vote in the election of directors creates a presumption that the person has control of the corporation. A person is not considered to have control of a corporation if the person holds voting power, in good faith and not for the purpose of avoiding the provisions of this chapter, as an agent, bank, broker, nominee, custodian or trustee for one (1) or more beneficial owners who do not individually or as a group have control of the corporation.

(8) "Control share acquisition" means an acquisition, directly or indirectly, by an acquiring person of beneficial ownership of shares of an issuing public corporation that, except for the provisions of this chapter, would, when added to all other shares of the issuing public corporation, beneficially owned by the acquiring person, entitle the acquiring person, immediately after the acquisition, to exercise or direct the exercise of a new range of voting power within any of the ranges specified in section 30-1604(1)(d), Idaho Code, but does not include any of the following:

(a) An acquisition by a donee pursuant to an inter vivos gift not made to avoid the provisions of this chapter or by a distribuee as defined in section 15-1-201, Idaho Code;

(d) An acquisition for the benefit of others by a person acting in good faith and not made to avoid the provisions of this chapter to the extent that the person may not exercise or direct the exercise of voting power or disposition of the shares except on the instruction of others.

All shares, the beneficial ownership of which is acquired within a one hundred twenty (120) day period, and all shares, the beneficial ownership of which is acquired pursuant to a plan to make a control share acquisition, are deemed to have been acquired in the same acquisition.

(9) "Day" means a calendar day and shall consist of the time period from 12:01 a.m. through 12:00 midnight, Idaho time.

(10) "Interested shareholder," when used in reference to any issuing public corporation, means any person, other than the issuing public corporation or any subsidiary of the issuing public corporation, that is either:

The residence of a shareholder is presumed to be the address appearing in the records of the issuing public corporation. Shares held of record by banks (except as trustee or guardian), brokers, or nominees shall be disregarded for purposes of calculating percentages and numbers described in this subsection. Shares of an issuing public corporation allocated to the account of an employee or former employee or beneficiaries of employees or former employees of an issuing public corporation held in a plan that is qualified under section 401(a) of the Internal Revenue Code of 1986, as amended, and is a defined contribution plan within the meaning of section 414(i) of the code, shall be deemed for purposes of this subsection, to be held of record by the employee to whose account such shares are allocated.

(d) The number and class or series of shares of the issuing public corporation acquired or proposed to be acquired pursuant to the control share acquisition by each of the persons identified pursuant to paragraph (a), and specification of which of the following ranges of voting power in the election of directors that, except for the provisions of this chapter, the acquiring person in good faith believes resulted or would result from consummation of control share acquisition:

1. At least twenty per cent (20%) but less than thirty-three and one-third per cent (33 1/3%);

2. At least thirty-three and one-third per cent (33 1/3%) but less than or equal to fifty per cent (50%); or

3. Over fifty per cent (50%); and

(2) If any material change occurs in the facts set forth in the information statement, including any material increase or decrease in the number of shares of the issuing public corporation acquired or proposed to be acquired by the persons identified pursuant to subsection (1)(a) of this section, the acquiring person shall promptly deliver to the issuing public corporation at its principal executive office an amendment to the information statement containing information relating to such material change. An increase or decrease or proposed increase or decrease equal, in the aggregate for all persons
identified pursuant to subsection (1)(a) of this section, to one per cent (1%) or more of the total number of outstanding shares of any class or series of the issuing public corporation is deemed material for purposes of this subsection. An increase or decrease or proposed increase or decrease of less than this amount may be material, depending on the facts and circumstances.

30-1605. MEETING OF SHAREHOLDERS. If the acquiring person so requests in writing at the time of delivery of an information statement pursuant to section 30-1604, Idaho Code, and has made, or has made a bona fide written offer to make, a control share acquisition and gives a written undertaking to pay or reimburse the issuing public corporation's expenses of a special meeting, except the expenses of the issuing public corporation in opposing approval of the control share acquisition, within ten (10) days after receipt by the issuing public corporation of the information statement, a special meeting of the shareholders of the issuing public corporation shall be called for the purpose of considering the voting rights to be accorded to shares referred to in section 30-1603(2), Idaho Code, acquired or to be acquired pursuant to the control share acquisition. The special meeting shall be held no later than fifty-five (55) days after receipt of the information statement, unless the acquiring person agrees to a later date. If no request for a special meeting is made, consideration of the voting rights to be accorded to shares referred to in section 30-1603(2), Idaho Code, acquired or to be acquired pursuant to the control share acquisition shall be presented at the next special or annual meeting of the shareholders, which takes place more than fifty-five (55) days after the receipt of the information statement by the issuing public corporation, unless the matter of the voting rights becomes moot. The notice of the meeting shall be accompanied at a minimum by a copy of the information statement and a copy of any amendment to the information statement previously delivered to the issuing public corporation and a statement disclosing that the board of the issuing public corporation recommends approval of, expresses no opinion and is remaining neutral toward, recommends rejection of or is unable to take a position with respect to according voting rights to shares referred to in section 30-1603(2), Idaho Code, acquired or to be acquired in the control shares acquisition. The notice of meeting shall be given at least ten (10) days before the meeting.

30-1606. FINANCING. No call of a special meeting of the shareholders of the issuing public corporation is required to be made pursuant to section 30-1605, Idaho Code, and no consideration of the voting rights to be accorded to shares referred to in section 30-1603(2), Idaho Code, acquired or to be acquired pursuant to a control share acquisition shall be presented at any special or annual meeting of the shareholders of the issuing public corporation unless at the time of delivery of the information statement pursuant to section 30-1604, Idaho Code, the acquiring person has entered into and has delivered to the issuing public corporation a copy or copies of a definitive financing agreement or agreements with one (1) or more responsible financial institutions or other entities having the neces-
sary financial capacity for any financing of the control share acquisition not to be provided by moneys of the acquiring person.

30-1607. VOTING RIGHTS. (1) Shares referred to in section 30-1603(2), Idaho Code, acquired in a control share acquisition have the same voting rights as were accorded the shares before the control share acquisition but only if and to the extent approved by a resolution of shareholders of the issuing public corporation at a special or annual meeting of shareholders pursuant to section 30-1605, Idaho Code.

(2) The resolution of shareholders must be approved by the affirmative vote of the holders of sixty-six and two-thirds percent (66 2/3%) of the voting power of all shares entitled to vote excluding all interested shares.

(3) A class or series of shares of the issuing public corporation is entitled to vote separately as a class or series if any provision of the control share acquisition would, if contained in a proposed amendment to the articles of the issuing public corporation, entitle the class or series to vote separately as a class or series.

(4) To have the voting rights accorded by approval of a resolution of shareholders, any proposed control share acquisition not consummated before the time of the shareholder approval must be consummated within one hundred eighty (180) days after the shareholders' approval.

(5) Any shares referred to in section 30-1603(2), Idaho Code, acquired in a control share acquisition that do not have voting rights accorded to them by approval of a resolution of shareholders shall regain their voting rights on transfer to a person other than the acquiring person or any affiliate or associate of the acquiring person unless the acquisition of the shares by the other person constitutes a control share acquisition, in which case the voting rights of the shares are subject to the provisions of this chapter.

30-1608. RIGHTS OF ACTION. (1) An acquiring person, an issuing public corporation and shareholders of an issuing public corporation may sue at law or in equity to enforce the provisions of this chapter.

(2) The issuing public corporation may make application to a court of competent jurisdiction to obtain a declaration of the issuing public corporation's and other persons' obligations and rights under the act, and the court in any such action may, to the extent it deems appropriate, modify the timing requirements under this act during the time the court is determining the matter, provided, however, that, consistent with the proper adjudication of the matter, courts of this state will determine the matter in the most expeditious manner practicable.

30-1609. REDEMPTION. (1) Unless otherwise expressly provided in the articles or in bylaws of an issuing public corporation, the issuing public corporation may call for redemption of all but not less than all shares referred to in section 30-1603(2), Idaho Code, acquired in a control share acquisition at a redemption price equal to the market value of the shares at the time the call for redemption is
given if either:
(a) An information statement has not been delivered to the issuing public corporation by the acquiring person by the tenth day after the control share acquisition; or
(b) An information statement has been delivered but the shareholders have voted not to accord voting rights to such shares pursuant to section 30-1607(2), Idaho Code.

(2) The issuing public corporation shall give the call for redemption within thirty (30) days after the event giving the issuing public corporation the option to call the shares for redemption and the shares shall be redeemed within sixty (60) days after the call is given.

30-1610. SCOPE. (1) Nothing contained in this chapter is intended or shall be construed in any way to limit, modify or restrict an issuing public corporation's authority to take any action which the directors may appropriately determine to be in furtherance of the protection of the interests of the corporation and its shareholders, including without limitation the authority to adopt or enter into plans, arrangements or instruments that deny rights, privileges, power or authority to the holder or holders of at least a specified number of shares or percentage of share ownership or voting power in certain circumstances.

(2) The requirements imposed by this chapter are to be in addition to, and not in lieu of, requirements imposed on a transaction by any provision in the articles or the bylaws of the issuing public corporation, or otherwise.

30-1611. JURISDICTION. (1) If the jurisdiction under the laws of which the issuing public corporation is organized has adopted or adopts any law comparable to this chapter which imposes limitations on the voting rights of any person in the event that the person acquires or proposes to acquire shares of the issuing public corporation which exceed or meet any level or range of ownership or voting powers specified in such law, and that law contains provisions which are expressly inconsistent with, or cannot practically be applied in a manner consistent with, the provisions of this chapter as applicable to the issuing public corporation, the provisions of this chapter shall be inapplicable to the issuing public corporation to the extent necessary to resolve such inconsistency.

(2) If any jurisdiction other than the jurisdiction under the laws of which the issuing public corporation is organized has adopted or adopts any law comparable to the provisions of this chapter which imposes limitations on the voting rights of any person in the event that the person acquires or proposes to acquire shares of the issuing public corporation which exceed or meet any level or range of ownership specified in such law and that law contains provisions which are expressly inconsistent with, or cannot practically be applied in a manner consistent with, the provisions of this chapter as applicable to the issuing public corporation, the provisions of this chapter shall be inapplicable to the issuing public corporation to the extent that (i) a greater percentage of shareholders of the issuing public
corporation reside in that jurisdiction than in this state, computed in accordance with provisions of section 30-1601(12), Idaho Code, and then, only to the extent necessary to resolve such inconsistency or (ii) the director of the department of finance determines within three (3) business days from the date on which this chapter's provisions are first applicable to a particular control share acquisition that the other jurisdiction's law adequately provides for the protection of Idaho shareholders.

30-1612. SEVERABILITY. The provisions of this chapter are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of remaining portions of this act that can be given effect without the invalid provision or application. The invalidity of any provision of this act shall not affect the remaining provisions of this act.

30-1613. ELECTION. Any publicly held corporation which meets the requirements specified in section 30-1601(12)(b)(i), (ii) and (iii), Idaho Code, may, by action of its board of directors, adopt an amendment to its bylaws electing to be subject to this chapter, provided such corporation has one thousand (1,000) or more shareholders of record in this state, and thereby shall be subject to the provisions of this chapter as an issuing public corporation.

30-1614. SHORT TITLE. This chapter shall be known and may be cited as the "Control Share Acquisition Law."

SECTION 3. That Title 30, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 17, Title 30, Idaho Code, and to read as follows:

CHAPTER 17

30-1701. DEFINITIONS. In this chapter the following terms have the meaning specified:
(1) "Affiliate" means a person that directly or indirectly controls, is controlled by or is under common control with a specified person.
(2) "Announcement date," when used in reference to any business combination, means the date of the first public announcement of a definitive proposal for the business combination.
(3) "Associate," when used to indicate a relationship with any person, means:
(a) Any corporation or organization of which the person is an officer, director or partner or is, directly or indirectly, the beneficial owner of ten per cent (10%) or more of any class or series of shares entitled to vote or other equity interests;
(b) Any trust or estate in which the person has a ten per cent (10%) or more beneficial interest or as to which the person serves
as trustee or personal representative or in a similar fiduciary
capacity; or
(c) Any relative or spouse of the person, or any relative of the
spouse, residing in the home of the person.
(4) "Beneficial owner," when used with respect to shares or other
securities, includes any person who, directly or indirectly, through
any agreement, arrangement, relationship, understanding or otherwise,
whether or not in writing, has or shares the power to vote, or direct
the voting of, the shares or securities or has or shares the power to
dispose of, or direct the disposition of, the shares or securities,
except that:
(a) A person is not deemed the beneficial owner of shares or
securities tendered pursuant to a tender or exchange offer made by
the person or any of the person's affiliates or associates until
the tendered shares or securities are accepted for purchase or
exchange or payment, or purchased or exchanged; and
(b) A person is not deemed the beneficial owner of shares or
securities with respect to which the person has the power to vote
or direct the voting arising solely from a revocable proxy given
in response to a proxy solicitation made in accordance with the
applicable rules and regulations under the Securities Exchange Act
of 1934, as amended, and is not then reportable under that act on
a schedule 13D or comparable report under that act.
(5) "Beneficial ownership" includes the right to acquire shares
or securities through the exercise of options, warrants or rights, the
conversion of convertible securities or otherwise, regardless of
whether exercisable only after the passage of time (whether or not
less than sixty (60) days) or the occurrence or nonoccurrence of a
future event. The shares or securities subject to the options, war-
rants, rights or conversion privileges held by a person are deemed to
be outstanding for the purpose of computing the percentage of out-
standing shares or securities of the class or series owned by the per-
son but are not deemed to be outstanding for the purpose of computing
the percentage of the class or series owned by any other person. A
person is deemed the beneficial owner of shares and securities benefi-
cially owned by an affiliate or associate of the person.
(6) "Business combination," when used in reference to any issuing
public corporation and any interested shareholder of the issuing pub-
lic corporation, means:
(a) Any merger or consolidation of the issuing public corporation
or any subsidiary of the issuing public corporation with either:

2. Any other domestic or foreign corporation, whether or not
itself an interested shareholder of the issuing public corpo-
ration, that is, or after the merger would be, an affiliate
or associates of the interested shareholder, except that the
foregoing does not include the merger of a wholly owned sub-
sidiary of the issuing public corporation into the issuing
public corporation or the merger of two (2) or more wholly
owned subsidiaries of the issuing public corporation; or
(b) Any exchange, pursuant to a plan of exchange under the laws
of this state or a comparable statute of any other state or juris-
diction, of shares of the issuing public corporation or any subsidiary of the issuing public corporation for shares of either:

1. The interested shareholder; or
2. Any other domestic or foreign corporation, whether or not itself an interested shareholder of the issuing public corporation, that is, or after the exchange would be, an affiliate or associate of the interested shareholder; or

(c) Any sale, lease, exchange, mortgage, pledge, transfer or other disposition, in a single transaction or a series of transactions, to or with the interested shareholder or any affiliate or associate of the interested shareholder, whether as part of a dissolution or otherwise, of assets of the issuing public corporation or any subsidiary of the issuing public corporation to which any of the following applies:

1. Has an aggregate market value equal to ten per cent (10%) or more of the aggregate market value of all the assets, determined on a consolidated basis, of the issuing public corporation;
2. Has an aggregate market value equal to ten per cent (10%) or more of the aggregate market value of all the outstanding shares of the issuing public corporation; or
3. Represents ten per cent (10%) or more of the earning power or net income, determined on a consolidated basis, of the issuing public corporation; or

(d) Any transaction which results in the issuance or transfer by the issuing public corporation or any subsidiary of the issuing public corporation, in a single transaction or a series of transactions, of any shares of the issuing public corporation that have an aggregate market value equal to five per cent (5%) or more of the aggregate market value of all the outstanding shares of the issuing public corporation to the interested shareholder or any affiliate or associate of the interested shareholder, except pursuant to the exercise of warrants or rights to purchase shares offered or distributed or a dividend or distribution paid or made pro rata to all shareholders of the issuing public corporation, and except pursuant to the exercise or conversion of securities exercisable for or convertible into shares of the issuing public corporation or any subsidiary of the issuing public corporation which securities were outstanding prior to the time that the interested stockholder became such; or

(e) The adoption of any plan or proposal for the liquidation or dissolution of the issuing public corporation, or any reincorporation of the issuing public corporation in another state or jurisdiction, proposed by, on behalf of or pursuant to any agreement, arrangement or understanding, whether or not in writing, with the interested shareholder or any affiliate or associate of the interested shareholder; or

(f) Any transaction involving any reclassification of securities, including any share dividend of split, reverse share split or other distribution of shares in respect of shares, recapitalization of the issuing public corporation, merger or consolidation of the issuing public corporation with any subsidiary of the issuing
public corporation, exchange of shares of the issuing public corporation with any subsidiary of the issuing public corporation or other transaction, whether or not with or into or otherwise involving the interested shareholder, proposed by, on behalf of or pursuant to any agreement, arrangement or understanding, whether or not in writing, with the interested shareholder or any affiliate or associate of the interested shareholder that has the effect, directly or indirectly, of increasing the proportionate share of the outstanding shares of any class or series of shares entitled to vote, or securities that are exchangeable for or convertible into or that carry a right to acquire shares entitled to vote, of the issuing public corporation or any subsidiary of the issuing public corporation that is, directly or indirectly, owned by the interested shareholder of any affiliate or associate of the interested shareholder, except as a result of immaterial changes due to fractional share adjustments; or

(g) Any receipt by the interested shareholder or any affiliate or associate of the interested shareholder of the benefit, directly or indirectly, except proportionately as a shareholder of the issuing public corporation, of any loans, advances, guarantees, pledges or other financial assistance or any tax credits or other tax advantages provided by or through the issuing public corporation or any subsidiary of the issuing public corporation.

(7) "Consummation," with respect to any business combination, means the date of consummation of the business combination or, in the case of a business combination as to which a shareholder vote is taken, the later of:

(a) The business day before the vote; or
(b) Twenty (20) days before the date of consummation of the business combination.

(8) "Control," "controlling," "controlled by" or "under common control with" means the possession, directly or indirectly, of the power to direct or to cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract or otherwise. A person's beneficial ownership of ten percent (10%) or more of the voting power of a corporation's outstanding shares entitled to vote in the election of directors creates a presumption that the person has control of the corporation. A person is not considered to have control of a corporation if the person holds voting power, in good faith and not for the purpose of avoiding the provisions of this chapter, as an agent, bank, broker, nominee, custodian or trustee for one (1) or more beneficial owners who do not individually or as a group have control of the corporation.

(9) "Day" means a calendar day and shall consist of the time period from 12:01 a.m. through 12:00 midnight, Idaho time.

(10) "Interested shareholder," when used in reference to any issuing public corporation, means any person, other than the issuing public corporation or any subsidiary of the issuing public corporation, that is either:

(a) The beneficial owner, directly or indirectly, of ten percent (10%) or more of the voting power of the outstanding shares entitled to vote of the issuing public corporation; or
(b) An affiliate or associate of the issuing public corporation.

(11) "Issuing public corporation" means a publicly held corporation which has at least fifty (50) shareholders and which either:
(a) Is incorporated under the laws of this state; or
(b) (i) Has a place of business or its principal executive office located in this state, (ii) owns or controls assets located within this state that have a fair market value of at least one million dollars ($1,000,000), (iii) has more than five hundred (500) employees residing in this state, and (iv) has either (X) more than ten per cent (10%) of its shareholders resident in this state, or (Y) more than ten per cent (10%) of its shares owned of record by state residents.

For purposes of this subsection, the record date for determining the percentages and number of shareholders and shares shall be the last shareholder record date before the event requiring that the determination be made, except that if a shareholder record date has not been fixed by the board of directors of the issuing public corporation within the preceding four (4) months, the determination shall be made as of the end of the issuing public corporation's most recent fiscal quarter. The residence of a shareholder is presumed to be the address appearing in the records of the issuing public corporation. Shares held of record by banks (except as trustee or guardian), brokers, or nominees shall be disregarded for purposes of calculating percentages and numbers described in this subsection. Shares of an issuing public corporation allocated to the account of an employee or former employee or beneficiaries of employees or former employees of an issuing public corporation held in a plan that is qualified under section 401(a) of the Internal Revenue Code of 1986, as amended, and is a defined contribution plan within the meaning of section 414(i) of the code, shall be deemed for purposes of this subsection, to be held of record by the employee to whose account such shares are allocated.

(12) "Market value," when used in reference to shares or property of any issuing public corporation or any of its subsidiaries, means:
(a) In the case of shares, the highest closing sale price during the thirty (30) day period immediately preceding the date in question of a share of the composite tape for New York Stock Exchange listed shares or, if the shares are not quoted on the composite tape or not listed on the New York Stock Exchange, on the principal United States securities exchange registered under the Securities Exchange Act of 1934, as amended, on which the shares are listed or, if the shares are not listed on any such exchange, on the National Association of Securities Dealers, Inc. Automated Quotations National Market System or, if the shares are not quoted on the National Association of Securities Dealers, Inc. Automated Quotations National Market System, the highest closing bid quotation during the thirty (30) day period preceding the date in question of a share on the National Association of Securities Dealers, Inc. Automated Quotations System or any system then in use or, if no such quotation is available, the fair market value on the date in question of a share as determined in good faith by the board of the issuing public corporation; and
(b) In the case of property other than cash or shares, the fair
market value of the property on the date in question as determined in good faith by the board of the issuing public corporation.

(13) "Publicly held corporation" means a corporation that has a class of equity securities registered pursuant to section 12 or is subject to section 15(d) of the Securities Exchange Act of 1934, as amended.

(14) "Share acquisition date," with respect to any person and any issuing public corporation, means the date that the person first becomes an interested shareholder.

30-1702. DUTIES OF DIRECTOR. In discharging the duties of the position of director of an issuing public corporation, a director, in considering the best interests of the corporation, shall consider the long-term as well as the short-term interests of the corporation and its shareholders including the possibility that these interests may be best served by the continued independence of the corporation. In addition, a director may consider the interests of Idaho employees, suppliers, customers and communities in discharging his duties.

30-1703. EXCLUSIONS FROM CHAPTER. The provisions of this chapter shall not apply to an interested shareholder if:

(1) The interested shareholder was an interested shareholder on, or became an interested shareholder pursuant to a tender offer commenced prior to, the day following the effective date of this act, and remained such;

(2) The original articles or bylaws of the issuing public corporation contain a provision expressly electing not to be subject to the provisions of this chapter;

(3) The issuing public corporation, by action of its board of directors, adopts an amendment to its bylaws expressly electing not to be subject to the provisions of this chapter; or

(4) The issuing public corporation, by action of its shareholders, adopts an amendment to its articles of incorporation or bylaws approved by the shareholders holding sixty-six and two-thirds per cent (66 2/3%) of the outstanding voting power of all shares entitled to vote, excluding the shares of interested shareholders and their affiliates and associates, under which the issuing public corporation by such shareholder action expressly elects not to be subject to this chapter, and such amendment provides that it is not to be effective until eighteen (18) months after the effective date of this chapter.

(5) The provisions of this chapter do not apply to any business combination of an issuing public corporation with an interested shareholder of the issuing public corporation who became an interested shareholder inadvertently, if the interested shareholder both:

(a) As soon as practicable, divests itself of a sufficient amount of the shares entitled to vote of the issuing public corporation so that it no longer is the beneficial owner, directly or indirectly, of ten per cent (10%) or more of the outstanding shares entitled to vote of the issuing public corporation; and

(b) Would not at any time within the three (3) year period preceding the announcement date with respect to the business combina-
tion have been an interested shareholder except for the inadvertent acquisition.

(6) This chapter does not apply to insurance companies regulated under title 41, Idaho Code.

30-1704. BUSINESS COMBINATION WITH INTERESTED SHAREHOLDER — APPROVAL BY DIRECTORS. (1) Except as provided in section 30-1703, Idaho Code, and notwithstanding any other provisions to the contrary in this title, an issuing public corporation may not engage in any business combination or vote, consent or otherwise act to authorize a subsidiary of the issuing public corporation to engage in any business combination with respect to, proposed by or on behalf of or pursuant to any agreement, arrangement or understanding, whether or not in writing, with any interested shareholder of the issuing public corporation or any affiliate or associate of the interested shareholder for a period of three (3) years after the interested shareholder's share acquisition date, unless the business combination or the acquisition of shares made by the interested shareholder on the interested shareholder's share acquisition date is approved by a committee of the board of the issuing public corporation before the interested shareholder's share acquisition date. The committee shall be formed in accordance with subsection (4) of this section.

(2) If a good faith definitive proposal regarding a business combination is made in writing to the board of the issuing public corporation, a committee of the board formed in accordance with subsection (4) of this section shall consider and take action on the proposal and respond in writing within forty-five (45) days after receipt of the proposal by the issuing public corporation, setting forth its decision regarding the proposal.

(3) If a good faith definitive proposal to acquire shares is made in writing to the board of the issuing public corporation, a committee of the board, formed in accordance with subsection (4) of this section, shall consider and take action on the proposal. Unless the committee responds affirmatively in writing within forty-five (45) days after receipt of the proposal by the issuing public corporation, the committee shall be considered to have disapproved the shares acquisition.

(4) When a business combination or acquisition of shares is proposed pursuant to this section, the board shall promptly form a committee, which may be a committee of the entire board of directors, a majority of which shall be disinterested directors. The committee shall take action on the proposal by the affirmative vote of a simple majority of the committee members. Notwithstanding the provisions of section 30-1703, Idaho Code, the committee is not subject to any direction or control by the board with respect to the committee's consideration of or any action concerning a business combination or acquisition of shares pursuant to this section. For purposes of this subsection, a director or person is disinterested if the director or person (a) is not a present or former officer or employee of the issuing public corporation or a majority owned subsidiary of the issuing public corporation, or (b) is not an officer, director, employee, affiliate or associate of an interested shareholder.
30-1705. REQUIREMENTS. Except as provided in sections 30-1703 and 30-1704, Idaho Code, and notwithstanding any other provisions to the contrary in this title, an issuing public corporation may not engage at any time in any business combination or vote, consent or otherwise act to authorize a subsidiary of the issuing public corporation to engage in any business combination with respect to, proposed by or on behalf of or pursuant to any agreement, arrangement or understanding, whether or not in writing, with an interested shareholder of the issuing public corporation or any affiliate or associate of the interested shareholder other than a business combination meeting all the requirements of this chapter, the articles of the issuing public corporation and the requirements specified in any of the following:

(1) A business combination approved by the board of the issuing public corporation before the interested shareholder's share acquisition date, or as to which the acquisition of shares made by the interested shareholder on the interested shareholder's share acquisition date had been approved by the board of the issuing public corporation before the interested shareholder's share acquisition date.

(2) A business combination approved by the affirmative vote of the holders of sixty-six and two-thirds per cent (66 2/3%) of the outstanding shares entitled to vote not beneficially owned by the interested shareholder proposing the business combination or any affiliate or associate of the interested shareholder proposing the business combination at a meeting called for that purpose no earlier than three years after the interested shareholder's share acquisition date.

(3) A business combination, with respect to which the consummation date is no earlier than three (3) years after the interested shareholder's share acquisition date, that meets all the following conditions:

(a) The aggregate amount of the cash and the market value as of the consummation date of consideration other than cash to be received per share by holders of outstanding common shares of the issuing public corporation in the business combination is at least equal to the higher of the following:

1. The highest per share price (including any brokerage commissions, transfer taxes, and soliciting dealers' fees) paid by the interested shareholder, at a time when the interested shareholder was the beneficial owner, directly or indirectly, of five per cent (5%) or more of the outstanding shares entitled to vote of the issuing public corporation, for any common shares of the same class or series acquired by it within the three (3) year period immediately before the announcement date with respect to the business combination or within the three (3) year period immediately before, or in, the transaction in which the interested shareholder became an interested shareholder, whichever is higher, plus, in either case, interest compounded annually from the earliest date on which the highest per share acquisition price was paid through the consummation date at the rate for one (1) year United States treasury obligations from time to time in effect less the aggregate amount of cash dividends paid, and the market value of any dividends paid other than in cash, per common share.
since the earliest date, up to the amount of the interest; and

2. The market value per common share on the announcement date with respect to the business combination or on the interested shareholder's share acquisition date, whichever is higher, plus interest compounded annually from that date through the consummation date at the rate for one (1) year United States treasury obligations from time to time in effect less the aggregate amount of any cash dividends paid and the market value of any dividends paid other than in cash, per common share since that date, up to the amount of the interest.

(b) The aggregate amount of the cash and the market value as of the consummation date of consideration other than cash to be received per share by holders of outstanding shares of any class or series of shares, other than common shares, of the issuing public corporation in the business combination is at least equal to the highest of the following, whether or not the interested shareholder has previously acquired any shares of the class or series:

1. The highest per share price (including any brokerage commissions, transfer taxes, and soliciting dealers' fees) paid by the interested shareholder, at a time when the interested shareholder was the beneficial owner, directly or indirectly, of five per cent (5%) or more of the outstanding shares entitled to vote of the issuing public corporation, for any shares of the class or series acquired by it within the three (3) year period immediately before the announcement date with respect to the business combination or within the three (3) year period immediately before, or in, the transaction in which the interested shareholder became an interested shareholder, whichever is higher, plus, in either case, interest compounded annually from the earliest date on which the highest per share acquisition price was paid through the consummation date at the rate for one (1) year United States treasury obligations from time to time in effect less the aggregate amount of any cash dividends paid and the market value of any dividends paid other than in cash, per share of the class or series since such earliest date, up to the amount of the interest;

2. The highest preferential amount per share to which the holders of shares of the class or series are entitled in the event of any voluntary liquidation, dissolution or winding up of the issuing public corporation, plus the aggregate amount of any unpaid dividends declared or due as to which the holders are entitled before payment of dividends on some other class or series of shares unless the aggregate amount of the dividends is included in the preferential amount; and

3. The market value per share of the class or series on the announcement date with respect to the business combination or on the interested shareholder's share acquisition date, whichever is higher, plus interest compounded annually from that date through the consummation date at the rate for one
(1) year United States treasury obligations from time to time in effect less the aggregate amount of any cash dividends paid and the market value of any dividends paid other than in cash, per share of the class or series since that date, up to the amount of the interest.

(c) The consideration to be received by holders of a particular class or series of outstanding shares, including common shares, of the issuing public corporation in the business combination is in cash or in the same form as the interested shareholder has used to acquire the largest number of shares of the class or series of shares previously acquired by it and the consideration is distributed promptly.

(d) The holders of all outstanding shares of the issuing public corporation not beneficially owned by the interested shareholder immediately before the consummation date with respect to the business combination are entitled to receive in the business combination cash or other consideration for the shares in compliance with paragraphs (a), (b) and (c) of this subsection.

(e) After the interested shareholder's share acquisition date and before the consummation date with respect to the business combination, the interested shareholder has not become the beneficial owner of any additional shares entitled to vote of the issuing public corporation except:

1. As part of the transaction that resulted in the interested shareholder becoming an interested shareholder;
2. By virtue of proportionate share splits, share dividends or other distributions of shares in respect of shares not constituting a business combination;
3. Through a business combination meeting all of the conditions of section 30-1704, Idaho Code, and this subsection; and
4. Through purchase by the interested shareholder at any price that, if the price had been paid in an otherwise permissible business combination the announcement date and consummation date of which were the date of the purchase, would have satisfied the requirements of paragraphs (a), (b) and (c) of this subsection.

30-1706. SCOPE. (1) Nothing contained in this chapter is intended or shall be construed in any way to limit, modify or restrict an issuing public corporation's authority to take any action which the directors may appropriately determine to be in furtherance of the protection of the interests of the corporation and its shareholders, including without limitation the authority to adopt or enter into plans, arrangements or instruments that deny rights, privileges, power or authority to the holder or holders of at least a specified number of shares or percentage of share ownership or voting power in certain circumstances.

(2) The requirements imposed by this chapter are to be in addition to, and not in lieu of, requirements imposed on a transaction by any provision in the articles or the bylaws of the issuing public corporation, or otherwise.
30-1707. JURISDICTION. (1) If the jurisdiction under the laws of which the issuing public corporation is organized has adopted or adopts any law comparable to this chapter which imposes special requirements applicable to any business combination, and that law contains provisions which are expressly inconsistent with, or cannot practically be applied in a manner consistent with, the provisions of this chapter as applicable to the issuing public corporation, the provisions of this chapter shall be inapplicable to the issuing public corporation to the extent necessary to resolve such inconsistency.

(2) If any jurisdiction other than the jurisdiction under the laws of which the issuing public corporation is organized has adopted or adopts any law comparable to the provisions of this chapter which imposes special requirements applicable to any business combination, and that law contains provisions which are expressly inconsistent with, or cannot practically be applied in a manner consistent with, the provisions of this chapter as applicable to the issuing public corporation, the provisions of this chapter shall be inapplicable to the issuing public corporation to the extent that (i) a greater percentage of shareholders of the issuing public corporation reside in that jurisdiction than in this state, computed in accordance with provisions of subsection 30-1701(14) and then, only to the extent necessary to resolve such inconsistency or (ii) the director of the department of finance determines within three (3) business days from the date on which this chapter's provisions are first applicable to a business combination that the other jurisdiction's law adequately provides for the protection of Idaho shareholders.

30-1708. SEVERABILITY. The provisions of this chapter are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of remaining portions of this act that can give effect without the invalid provision or application. The invalidity of any provision of this act shall not affect the remaining provisions of this act.

30-1709. ELECTION. Any publicly held corporation which meets the requirements specified in section 30-1701(11)(b)(i), (ii) and (iii), Idaho Code, may, by action of its board of directors, adopt an amendment to its bylaws electing to be subject to this chapter, provided such corporation has one thousand (1,000) or more shareholders of record in this state, and thereby shall be subject to the provisions of this chapter as an issuing public corporation.

30-1710. SHORT TITLE. This chapter shall be known and may be cited as the "Business Combination Law."

SECTION 4. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

CHAPTER 86
(H.B. No. 420)

AN ACT
RELATING TO SELLER'S PERMITS ISSUED UNDER THE IDAHO SALES TAX ACT; AMENDING SECTION 63-3620, IDAHO CODE, TO REQUIRE THAT PERSONS APPLYING FOR A SELLER'S PERMIT CERTIFY THAT THEY WILL ACTIVELY ENGAGE IN OR CONDUCT A BUSINESS MAKING SALES SUBJECT TO TAX UNDER
THE IDAHO SALES TAX ACT; AND AMENDING CHAPTER 36, TITLE 63, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 63-3620A, IDAHO CODE, TO PROVIDE THAT SELLER'S PERMITS SHALL BE HELD ONLY BY PERSONS ACTIVELY ENGAGED IN MAKING SALES SUBJECT TO TAX UNDER THE IDAHO SALES TAX ACT AND AUTHORIZING THE STATE TAX COMMISSION TO REVOKE THE PERMIT OF PERSONS NOT SO ENGAGED.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3620, Idaho Code, be, and the same is hereby amended to read as follows:

63-3620. PERMITS -- ISSUANCE -- REVOCATION -- RESALE CERTIFICATES -- PENALTIES. (a) Every person desiring to engage in or conduct business as a seller within this state shall file with the state tax commission an application for a permit for each place of business. Every application for a permit shall be made upon a form prescribed by the state tax commission and shall set forth the name under which the applicant transacts or intends to transact business, the location of his place or places of business, and such other information as the state tax commission may require. The applications, or any information contained thereon, may be made available by the tax commission to authorized representatives of state or federal agencies. The application shall be signed by the owner if he is a natural person; in the case of an association or partnership by a member or partner; in the case of a corporation, by an executive officer or other person authorized by the corporation to sign the application. Initial permits shall be issued without charge.

(b) The person signing the application shall certify that the applicant will actively engage in or conduct a business making sales subject to tax under this chapter.

(c) After compliance by the applicant with the requirements set out above and in section 63-3625, Idaho Code, the state tax commission shall grant and issue to each applicant a separate permit for each place of business within the state. A permit shall not be assignable, and shall be valid only for the person in whose name it is issued and for the transaction of business at the place designated therein. It shall at all times be conspicuously displayed at the place for which issued.

(d) A seller whose permit has been previously suspended or revoked shall pay the state tax commission a fee of ten dollars ($10.00) for the renewal or issuance of a permit in the event of a first revocation and twenty-five dollars ($25.00) for renewal after each successive revocation unless the suspension or revocation is for inactivity pursuant to section 63-3620A, Idaho Code.

(e) Whenever any person fails to comply with any provision of this act relating to the sales tax or any rules or regulations of the state tax commission relating to the sales tax prescribed and adopted under this act, the state tax commission, upon hearing, after giving the person ten (10) days notice in writing specifying the time and place of hearing and requiring him to show cause why his permit or permits should not be revoked, may revoke or suspend any one or more
of the permits held by the person. The state tax commission shall give to the person written notice of the suspension or revocation of any of his permits. The notices may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination. The state tax commission shall not issue a new permit after the revocation of a permit unless the commission is satisfied that the former holder of the permit will comply with the provisions of this act relating to the sales tax and the regulations of the state tax commission.

(ef) A person who engages in business as a seller in this state without a permit or permits, or after a permit has been suspended, and each officer of any corporation which so engages in business is guilty of a misdemeanor punishable by a fine not in excess of one hundred dollars ($100), and each day shall constitute a separate offense.

(fg) (i) For the purpose of the proper administration of this act and to prevent evasion of the sales tax, it shall be presumed that all sales are subject to the tax until the contrary is established. The burden of proving that a sale of tangible personal property is not a sale at retail is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the property is purchased for resale.

(ii) The certificate relieves the seller from the burden of proof only if taken in good faith from a person who is engaged in the business of selling or renting tangible personal property and who holds a permit provided for in this section and who, at the time of purchasing the tangible personal property, intends to sell or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose.

(iii) The certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit issued to the purchaser, and shall indicate the amount and general character of the tangible personal property sold or rented by the purchaser in the regular course of business. The certificate shall be substantially in such form as the state tax commission may prescribe.

(gh) If a purchaser who gives a certificate makes any use of the property other than retention, demonstration, or display while holding it for sale or rent in the regular course of business, the use shall be taxable to the purchaser as of the time the property is first used by him, and the sales price of the property to him shall be deemed the measure of the tax. Only when there is unsatisfied use tax liability on this basis shall the seller be liable for sales tax with respect to the sale of the property to the purchaser. If the sole use of the property other than retention, demonstration, or display in the regular course of business is the rental of the property while holding it for sale, the purchaser may elect to include in his sales at retail the total amount of the rental charged rather than the sales price of the property to him.

(hi) Any person who gives a resale certificate for property which he knows at the time of purchase is not to be resold or rented by him in the regular course of business for the purpose of evading payment.
to the seller of the amount of the tax applicable to the transaction is guilty of a misdemeanor and punishable by a fine not exceeding one thousand dollars ($1,000), or by imprisonment for a period not in excess of one (1) year, or by both such fine and imprisonment.

(ij) If a purchaser gives a certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but with such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold.

SECTION 2. That Chapter 36, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3620A, Idaho Code, and to read as follows:

63-3620A. REVOCAiON OR CANCELLATION OF PERMITS HELD BY PERSONS NOT ACTIVELY ENGAGED IN BUSINESS. (1) A permit shall be held only by persons actively engaged in making sales subject to tax under this chapter. Any person not so engaged shall forthwith surrender his permit to the state tax commission for cancellation. The state tax commission may revoke the permit of a person not actively engaged in making sales subject to tax under this chapter.

(2) The state tax commission may provide by regulation for the temporary suspension of permits held by persons engaged in seasonal business or who may otherwise temporarily not be actively engaged in the business of making sales subject to tax under this chapter.

(3) A person holding a seller's permit who, for a period of twelve (12) consecutive months, reports no sales subject to tax may be deemed by the state tax commission to be a person not actively engaged in making sales subject to tax under this chapter.

The policies established shall be carried out by a county director of highways.

(3) Cause to be recorded as highways those that have become such by use or abandonment.

(4) Have authority to abandon any highway and remove it from the county highway system when that action is determined to be in the public interest.

(6) Have authority to make agreements with any incorporated city, other county, a highway district, the state, or the United States, its agencies, departments, bureaus, boards, or any government owned corporation for the construction, reconstruction, or maintenance of the county's highway system by those entities or for the construction, reconstruction, or maintenance of the highway systems of those entities by the county's highway organization. The county shall compensate or be compensated for the fair cost of the work except as otherwise specifically provided in this title.

(7) Let out by contract the improvement of highways, the construction and repair of bridges or other adjuncts to highways, when the amount of work to be done by contract exceeds five hundred dollars ($500). SECTION 1. That Section 33-1204, Idaho Code, be, and the same is hereby amended to read as follows:

33-1204. VALIDITY, DURATION, RENEWAL AND LAPSE OF CERTIFICATES. The state board of education shall by uniform regulation provide for the validity, duration, renewal and lapse of certificates.

1. The validity of provisional certificates shall be limited to not more than three (3) years; they shall be endorsed for only the grade, grades or subjects the holders may teach; and their renewal shall be premised upon the completion of not less than eighteen (18) semester hours or twenty-seven (27) quarter hours of professional training applicable toward the issuance of a standard certificate and undertaken since the first issuance, or the latest renewal as the case may be, of said certificate;

2. Except as otherwise provided in this subsection, the validity of all certificates shall terminate when the holder thereof attains the age of seventy-five (75) years; except that the service thereunder may be continued until the close of the school year in which said age is attained subject to the provisions of Section 33-1212, Idaho Code;

3. No certificate shall lapse because of nonuse while the holder thereof is serving in the armed forces of the United States in time of war, or has been called into service of the armed forces at any time. Upon filing a request therefor by the holder of such certificate, not later than one (1) year after the termination of such military service, the validity of such certificate shall be extended for a period equal to the time spent in such military service. The provisions of this paragraph shall not apply to any person who voluntarily enlists at the end of the period in which he was called into military service.

SECTION 2. That Section 33-515, Idaho Code, be, and the same is hereby amended to read as follows:

33-515. ISSUANCE OF RENEWABLE CONTRACTS. During the third full year of continuous employment by the same school district, including any specially chartered district, each certificated employee named in subsection 13 of Section 33-1001, Idaho Code, and each school nurse
and school librarian shall be evaluated for a renewable contract and shall, upon having been offered a contract for the next ensuing year, having given notice of acceptance of renewal and upon signing a contract for a fourth full year, be placed on a renewable contract status with said school district, until the age of sixty-five (65) years is attained, and subject to the provisions included in this chapter.

After the third full year of employment and at least once annually, the performance of each such certificated employee, school nurse, or school librarian shall be evaluated according to criteria and procedures established by the board of trustees in accordance with general guidelines approved by the state board of education. Except as otherwise provided, that person shall have the right to automatic renewal of contract by giving notice, in writing, of acceptance of renewal. Such notice shall be given to the board of trustees of the school district then employing such person not later than the fifteenth day of June preceding the expiration of the term of the current contract. Except as otherwise provided by this paragraph, the board of trustees shall notify each person entitled to be employed on a renewable contract of the requirement that such person must give the notice hereinabove and that failure to do so may be interpreted by the board as a declination of the right to automatic renewal or the offer of another contract. Such notification shall be made, in writing, not later than the twenty-fifth day of May, in each year, except to those persons to whom the board, prior to said date, has sent proposed contracts for the next ensuing year, or to whom the board has given the notice required by this section.

Any contract automatically renewed under the provisions of this section shall be for the same length as the term stated in the current contract and at a salary no lower than that specified therein, to which shall be added such increments as may be determined by the statutory or regulatory rights of such employee by reason of training, service, or performance.

Nothing herein shall prevent the board of trustees from offering a renewed contract increasing the salary of any certificated person, or from reassigning administrative or supervisory employees to classroom teaching duties or removing an extra duty assignment from a certificated employee with appropriate reduction of salaries from pre-existing salary levels.

Before a board of trustees can determine not to renew for reasons of an unsatisfactory report of the performance of any certificated person whose contract would otherwise be automatically renewed, or to renew the contract of any such person at a reduced salary, such person shall be entitled to a reasonable period of probation. This period of probation shall be preceded by a written notice from the board of trustees with reasons for such probationary period and with provisions for adequate supervision and evaluation of the person's performance during the probationary period. Such period of probation shall not affect the person's renewable contract status. Consideration of probationary status for certificated personnel is consideration of the status of an employee within the meaning of section 67-2345, Idaho Code, and may be held in executive session. If the consideration results in probationary status, the individual on probation shall not be named in
the minutes of the meeting. A record of the decision shall be placed in the teacher's personnel file.

If the board of trustees takes action to immediately discharge or discharge upon termination of the current contract a certificated person whose contract would otherwise be automatically renewed, or to renew the contract of any such person at a reduced salary, the action of the board shall be consistent with the procedures specified in section 33-513(5), Idaho Code, and furthermore, the board shall notify the employee in writing whether there is just and reasonable cause not to renew the contract or to reduce the salary of the affected employee, and if so, what reasons it relied upon in that determination.

If the board of trustees, for reasons other than unsatisfactory service, for the ensuing contract year, determines to change the length of the term stated in the current contract, reduce the salary or not renew the contract of a certificated person whose contract would otherwise be automatically renewed, nothing herein shall require a probationary period.

CHAPTER 131
(S.B. No. 1259)

AN ACT RELATING TO THE BUREAU OF INDUSTRIAL HYGIENE; REPEALING SECTION 67-3106, IDAHO CODE, WHICH ESTABLISHES AND OUTLINES POWERS AND DUTIES FOR A BUREAU OF INDUSTRIAL HYGIENE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-3106, Idaho Code, be, and the same is hereby repealed.

CHAPTER 132
(S.B. No. 1270, As Amended)

AN ACT RELATING TO THE PATERNITY ACT; AMENDING SECTION 7-1103, IDAHO CODE, TO DEFINE THE WORD FATHER AS USED IN THE ACT; AMENDING SECTION 7-1106, IDAHO CODE, TO PROVIDE FOR VOLUNTARY ACKNOWLEDGMENTS OF PARENTAGE; AMENDING SECTION 7-1111, IDAHO CODE, TO ALLOW COMMENCEMENT OF PATERNITY ACTION BY FILING VOLUNTARY ACKNOWLEDGMENT OF PARENTAGE; AMENDING SECTION 7-1121, IDAHO CODE, TO CLARIFY THE VALIDITY OF PATERNITY AND SUPPORT ORDERS ESTABLISHED DURING THE FATHER'S MINORITY; AND PROVIDING SEVERABILITY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 7-1103, Idaho Code, be, and the same is hereby amended to read as follows:

7-1103. DEFINITIONS. When used in this act:
(1) The phrase "child born out of wedlock" refers to a child who is begotten and born outside of lawful matrimony.
(2) The word "child" refers to child born out of wedlock.
(3) The word "mother" refers to the mother of a child born out of wedlock.
(4) The word "father" refers to the biological father of a child born out of wedlock.
(5) The word "court" refers to the district court which is hearing the cause.

SECTION 2. That Section 7-1106, Idaho Code, be, and the same is hereby amended to read as follows:

7-1106. VOLUNTARY ACKNOWLEDGMENTS
APPROVAL BY COURT -- EFFECT. (1) Any agreement or compromise made by the mother or by some authorized person on behalf of either the mother or child concerning the support of either is binding upon the mother and child only when the court determines that adequate provision has been made and is fairly secured and approves said agreement or compromise. In lieu of contested paternity proceedings, a verified voluntary acknowledgment of parentage executed jointly by the father and the mother of a child may be filed with a court of competent jurisdiction and proper venue. After filing, either parent may, upon notice to the other parent, move the court for entry of an order of filiation. Upon notice to both parents, the state of Idaho may move the court for entry of an order of filiation if the child who is the subject of the acknowledgment is or was a recipient of public assistance.

(2) The complete and continuous performance of the agreement or compromise, when so approved, bars other remedies of the mother or child for the support and education of the child. The voluntary acknowledgment of parentage may also contain agreements regarding custody, support and visitation. Such agreements, if approved by the court, shall have the same force and effect as a judgment of the court. However, the court shall have the same power to investigate the facts regarding custody, support and visitation prior to entering an order relative to those issues as it would have if no agreement had been filed; and provided further, that an agreement regarding the issues of child support, custody, or visitation shall be approved only if the court finds it to be in the best interest of the child.

SECTION 3. That Section 7-1111, Idaho Code, be, and the same is hereby amended to read as follows:

7-1111. COMMENCEMENT OF PROCEEDINGS. (1) Proceedings are commenced by either the filing of a verified voluntary acknowledgment of parentage executed by both the mother and father of the child; or by the filing of a verified complaint, alleging that the person named as defendant is the father of the child and petitioning the court to issue a summons. The service of summons, the complaint, and all pleadings shall be in accordance with the Idaho rules of civil procedure.

(2) A voluntary acknowledgment of parentage may be executed by the mother, whether a minor or not, and the father, whether a minor or not, and regardless of the marital status of the mother or father. The acknowledgment shall be verified by both the mother and the father.

SECTION 4. That Section 7-1121, Idaho Code, be, and the same is hereby amended to read as follows:

7-1121. ORDER FOR SUPPORT -- CONTINUANCE BEYOND AGE OF 18 -- OTHER PAYMENTS BY FATHER. In a proceeding in which the court has made an order of filiation, the court shall direct a father possessed of sufficient means or able to earn such means to pay monthly or at other fixed periods a fair and reasonable sum for the support and education of the child until the child is eighteen (18) years of age. If the child continues his formal education subsequent to reaching the age of eighteen (18) years, the court may, in its discretion, order the con-
continuation of support payments until the child discontinues his education or reaches the age of twenty-one (21) years, whichever is sooner.

The order of filiation may direct the father to pay or reimburse amounts paid for the support of the child prior to the date of the order of filiation and may also direct him to pay or reimburse amounts paid for: (1) the funeral expenses if the child has died; (2) the necessary expenses incurred by or for the mother in connection with her confinement and recovery; and (3) such expenses in connection with the pregnancy of the mother as the court may deem proper.

If the father is a minor at the time the order is entered, the order shall continue in effect as a valid order after the father reaches majority, and cannot be disaffirmed by the minor himself or personal representatives.

Any child support order issued or modified under this section after July 1, 1986, shall contain a provision allowing the obligee to enforce the order by income withholding if arrearages at least equal to the support payable for one (1) month accumulate under the order; and shall include the notice required in section 32-1205, Idaho Code, advising the obligor that the obligee can seek enforcement of the order by means of a mandatory income withholding order issued pursuant to this chapter without further notice to the obligor whenever there are arrearages at least equal to the support payment for one (1) month.

Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.

SECTION 5. The provisions of this act are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of remaining portions of this act.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 43-701, Idaho Code, be, and the same is hereby amended to read as follows:

43-701. PREPARATION OF ASSESSMENT BOOK -- LEVY OF ASSESSMENTS. The secretary of the board of directors shall be the assessor of the
district, and on or before August 1 of each year shall prepare an assessment book containing a full and accurate list and description of all of the land of the district, and a list of the persons who own, claim or have in possession or control thereof during said year, giving the number of acres listed to each person: provided, that where the property to be listed is described by metes and bounds description, the assessor of the district may give to each tract of land within the district which is described by metes and bounds description an irrigation district assessment number, which number shall be placed on the assessment roll to indicate the certain piece of land bearing such number, and entered on a plat book to indicate what tract is designated by such irrigation district assessment number, and no further description of such land shall be necessary upon the irrigation district assessment roll. The assessor of the district must, in the event irrigation district assessment numbers are used in lieu of the metes and bounds description, on or before the first day of August of each year, file with the board of directors of the district an accurate and complete list of all irrigation district assessment numbers entered on the assessment rolls for the year, showing opposite each number an accurate description of the tract of land designated by such number. Thereafter, in all cases where an irrigation district assessment number is used to designate the same tract of land in the assessment of succeeding year, the assessor of the district shall not include such number in his list of the irrigation district assessment numbers filed with the board of directors of the district. Whenever a tract of land which has been given an irrigation district assessment number is subdivided, the assessor of the district shall give each subdivision a new irrigation district assessment number, which number with an accurate description of the tract of land designated by such new number, shall be included in his list of irrigation district assessment numbers filed with the board of directors; and provided, that in all irrigation districts where the collection of assessments is made by county officers as provided for by sections 43-727, 43-728 and 43-729, Idaho Code, said assessment book shall be prepared on or before June fifteenth of each year and the provisions of this section with reference to assessment numbers shall not apply. If the name of the person owning, claiming, possessing or controlling any tract of said land is not known, it shall be listed to unknown owners.

In all districts in which an assessment is levied for the purpose of maintaining and operating the works of said district, at a regular meeting of the board between August 1 and November 8 of each year, the board of directors shall levy an assessment upon all the lands of the district for the expense of maintaining and operating the property of the district; provided, that in all districts where the collection of assessments is made by county officers as provided by sections 43-727, 43-729, Idaho Code, said levy shall be made on or before the third Tuesday of July of each year.

At the time of meeting of the board of directors to levy assessments as in this section provided, the board of directors of the irrigation district are authorized to determine the aggregate amount necessary to be raised for all purposes connected with the maintaining and operating of the works of said district, and may determine the
total amount of said sum necessary and required to pay the expense of making the assessment book and extension of the assessments thereon, giving notice of assessments and making collections of assessments, which shall be designated as assessment expense fund. If the district has adopted a flat rate method of assessing residential lots of one (1) acre or less as authorized by section 43-701B, Idaho Code, the share of the assessment expense to be apportioned against the residential lots and the share to be apportioned against the tracts of land assessed by the regular method shall be determined separately so as to allocate as accurately as reasonably possible, between (1) such residential lots and (2) all other parcels, the assessment expenses specified above. The balance of said amount necessary to be raised shall be designated as operation and maintenance fund. The board of directors are authorized to apportion the total amount of assessment expense fund against the several tracts of land as shown on the assessment book, so that each tract shall pay its proportionate share of the cost of making assessments and collections thereof. The amount of said assessment designated operation and maintenance fund shall be spread upon all the lands in the district and shall be proportionate to the benefits received by such lands growing out of the maintenance and operation of the said works of said district. Such assessments shall be carried out by the secretary and entered into an appropriate column on the assessment roll immediately and shall be subject to review by the board of correction hereinafter provided for.

In districts that furnish water to landowners who have previously petitioned out of such district, the board of directors shall assess such owners in the same proportionate amount for maintenance and operation of the irrigation works of the district as they do on the land within such district, and in addition thereto shall assess such landowners in the same proportionate amount for bond interest and redemption of bonds outstanding under the provisions of chapters 4, 5, and 6, of this title, or other contract indebtedness of the district, as they do against the land of the district, and such assessment shall be considered as a toll, and if not paid by the first day of January following such assessment, the board of directors may refuse to deliver water to such landowner until this, or any other delinquent payment has been paid.

SECTION 2. That Section 43-701B, Idaho Code, be, and the same is hereby amended to read as follows:

43-701B. FLAT RATE ASSESSMENTS FOR TRACTS OF ONE ACRE OR LESS. Notwithstanding the provisions of section 43-701, Idaho Code, whenever the cost of making and collecting assessments against residential tracts, one (1) acre or less in size, is determined by the board of directors to be burdensome on the district and on the owners of such lots, the board may assess all such tracts at a flat rate, to be determined by dividing the total amount assessable against all such tracts by the total number of such tracts, and the flat rate assessments thus determined shall may be certified to the county officers as specified in section 43-701C, Idaho Code, for collection or may be collected by the district in substantially the same manner that other
assessments are collected pursuant to this chapter. The board, in the reasonable exercise of its discretion, may establish the maximum lot size for flat rate assessments at any size within the range between one-fourth (1/4) acre and one (1) acre. Tracts included or retained in an irrigation district for drainage purposes only shall be assessed only for drainage costs and may be certified to the county officers on a separate list. The board may, in its discretion, exclude from the flat rate assessment procedure any tracts upon which liens for construction costs exist under the provisions of sections 43-328 through and including 43-330, Idaho Code.

SECTION 3. That Section 43-701C, Idaho Code, be, and the same is hereby amended to read as follows:

43-701C. FLAT RATE ASSESSMENTS -- PREPARATION AND CERTIFICATION OF LISTS -- CHANGES IN LEGAL DESCRIPTIONS. As soon as possible after the board of directors determines to make flat rate assessments as provided in section 43-701B, Idaho Code, the treasurer of the district shall prepare a list containing the legal description, the assessor's parcel number and the name and last known address of the owner of record of each residential tract, one (1) acre or less in size, assessed by the district for all purposes, and a separate list in like manner for such tracts assessed only for drainage. The list or lists may be certified by the treasurer to the county auditor of the county in which the lands are situate. When an irrigation district includes lands in more than one (1) county, separate lists may be prepared for each county. When a tract lies partly in one (1) county and partly in one or more other counties, only the portion in any county shall be included in the list for that county if the treasurer is certifying a list or lists to the county auditor. If the legal description of any tract or tracts on any such list differs from the legal description as shown by the assessor's records, the auditor shall notify the irrigation district treasurer of the discrepancy and the description in the list shall be changed by the irrigation district treasurer, by an addendum, to conform with the assessor's records; provided, however, that where the discrepancy between the descriptions occurs because a portion of the parcel lies outside the boundaries of the irrigation district, no change in description shall be required, and the irrigation district assessments shall be effective only as to the portions of any such parcel that are within the boundaries of the irrigation district.

SECTION 4. That Section 43-701D, Idaho Code, be, and the same is hereby amended to read as follows:

43-701D. FLAT RATE ASSESSMENTS -- COLLECTION BY COUNTY OFFICERS. After any list of tracts has been certified and conformed as provided for in section 43-701C, Idaho Code, the treasurer of the district may notify the appropriate county officers, on or before the third Tuesday of July of each year, of the amount assessed against the tracts identified on each such list, and the amount assessed shall be uniform for all tracts on the same list. After the receipt of any such
notification from the treasurer of any irrigation district, the appro­
priate county officer shall each year enter upon the county assessment
roll against the property therein described the levy so made by the
board of directors of said district as shown upon the notification
furnished to the said county officer as above provided, in manner sim­
ilar to that in which other municipal, school or highway district
assessments are entered by him on said assessment roll, except that
the sum assessed and charged against each description of land therein
contained for such irrigation district purposes shall be entered by
the officer as the operation and maintenance assessment or the drain­
age assessment of the (name of district) irrigation district against
the same. Such district operation and maintenance tax shall be col­
lected and accounted for by the county officers in the same manner as
other municipal taxes and paid over to the district treasurer together
with any penalties or interest collected thereon, and the collection
thereof shall be enforced in the same manner, and neglect to pay the
same shall be subject to the same penalties as the other taxes of the
county; provided, however, that the collection of such district
assessments by such county officers, as herein provided, shall not
make the bonds, contracts and interest due from such irrigation dis­
tricts the obligation of such county or counties.

SECTION 5. That Chapter 7, Title 43, Idaho Code, be, and the same
is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 43-701DD, Idaho Code, and to read as
follows:

43-701DD. FLAT RATE ASSESSMENTS -- COLLECTION BY DISTRICT. If the
district has adopted a flat rate method of assessing residential lots
of one (1) acre or less as authorized by section 43-701B, Idaho Code,
and if the district has elected not to have that assessment collected
by county officers pursuant to section 43-701D, Idaho Code, the
assessment shall be collected by the district in substantially the
same manner that other assessments are collected pursuant to this
chapter.

SECTION 6. That Section 43-701F, Idaho Code, be, and the same is
hereby amended to read as follows:

43-701F. FLAT RATE ASSESSMENTS -- ASSESSMENT AND COLLECTION
EXPENSES. The costs incurred by the irrigation district in preparing
and certifying any list of tracts as provided for in section 43-701C,
Idaho Code, shall be assessed against the tracts described in that
list, at the same amount for each tract, and the amount so assessed
shall be included in the first notification made by the irrigation
district treasurer to the county as provided for in section 43-701D,
Idaho Code, and thereafter if the district is utilizing the county for
collecting the assessment. Thereafter all tracts on any one list shall
be regarded as a single tract for determining assessment expense as
provided for in section 43-701, Idaho Code. The county commissioners
initially shall levy an additional fee against the tracts described in
any such list for the cost of transferring and conforming the list and
initiating the collection process, at a uniform amount for each tract, and may levy annually an additional assessment for the current cost of collection and remittance to the district, at a uniform amount for each tract.

SECTION 7. That Section 43-701G, Idaho Code, be, and the same is hereby amended to read as follows:

43-701G. FLAT RATE ASSESSMENTS — ACCELERATED COLLECTION OF INDEBTEDNESS. In order to implement the flat rate assessments authorized in section 43-701B, Idaho Code, the board of directors, before any list of tracts is certified to the county officers as provided for in section 43-701C, Idaho Code, or before the list is used by the district for collection of flat rate assessments utilizing its own personnel and procedures, shall assess, against all tracts it has determined to assess at a flat rate as in this chapter provided, the entire unpaid balance of principal and any accrued interest on any contract or bonded indebtedness apportioned to each such tract. If any landowner shall object to such assessment, his tract of land shall not be included in the list certified to the county officers, and that tract shall be assessed by the district in the regular manner for all purposes, instead of under the flat rate procedure authorized in this chapter.

Such application shall be upon forms furnished by the department and shall describe the right licensed, claimed or decreed which is to be changed and the changes which are proposed, and shall be accompanied by the statutory filing fee as in this chapter provided. Upon receipt of such application it shall be the duty of the director of the department of water resources to examine same, obtain any consent required by section 42-108, Idaho Code, and if otherwise proper to provide notice of the proposed change in the same manner as applications under section 42-203A, Idaho Code. Upon the receipt of any protest it shall be the duty of the director of the department of water resources to investigate the same and to conduct a hearing thereon. He shall also advise the watermaster of the district in which such water is used of the proposed change and the watermaster shall notify the director of the department of water resources of his recommendation on the application, and the director of the department of water resources shall not finally determine the action on the application for change until he has received from such watermaster his recommendation thereof, which action of the watermaster shall be received and considered as other evidence.

The director of the department of water resources shall examine all the evidence and available information and shall approve the change in whole, or in part, or upon conditions, provided no other water rights are injured thereby, the change does not constitute an enlargement in use of the original right, and the change is in the local public interest as defined in section 42-203A, Idaho Code;
except the director shall not approve a change in the nature of use from agricultural use where such change would significantly affect the agricultural base of the local area. The transfer of the right to the use of stored water for irrigation purposes shall not constitute an enlargement in use of the original right even though more acres may be irrigated, if no other water rights are injured thereby. A copy of the approved application for change shall be returned to the applicant and he shall be authorized upon receipt thereof to make the change and the original water right shall be presumed to have been amended by reason of such authorized change. In the event the director of the department of water resources determines that a proposed change shall not be approved as provided in this section, he shall deny the same and forward notice of such action to the applicant by certified mail, which decision shall be subject to judicial review as hereafter provided.

(2) All rights to the use of water acquired under this chapter or otherwise shall be lost and forfeited by a failure for the term of five (5) years to apply it to the beneficial use for which it was appropriated and when any right to the use of water shall be lost through nonuse or forfeiture such rights to such water shall revert to the state and be again subject to appropriation under this chapter; except that all water rights appurtenant to land contracted in a federal cropland set-aside program, shall not be lost and forfeited for nonuse during the contracted period. The five (5) year period of nonuse for forfeiture of a water right shall begin to accrue upon termination of the contract if a period of nonuse did not occur prior to the effective date of the contract or shall continue to accrue if a period of nonuse occurred prior to the effective date of the contract. Provided, further, that upon proper showing before the director of the department of water resources of good and sufficient reason for nonapplication to beneficial use of such water for such term of five (5) years, the director of the department of water resources is hereby authorized to grant an extension of time extending the time for forfeiture of title for nonuse thereof, to such waters for a period of not to exceed five (5) additional years. Application for an extension shall be made before the end of the five (5) year period upon forms to be furnished by the department of water resources and shall fully describe the right on which an extension of time to resume the use is requested and the reasons for such nonuse and shall be accompanied by the statutory filing fee; provided that water rights appurtenant to land contracted in a federal cropland set-aside program are exempt from this requirement. Upon the receipt of such application it shall be the duty of the director of the department of water resources to examine the same and to provide notice of the application for an extension in the same manner as applications under section 42-203A, Idaho Code. The notice shall fully describe the right, the extension for which is requested and the reason for such nonuse and shall state that any person desiring to object to the requested extension may submit a protest to the director of the department of water resources within ten (10) days of the last date of publication. Upon receipt of a protest it shall be the duty of the director of the department of water resources to investigate and conduct hearing thereon as in this chapter provided. The director of the department of water resources
shall find from the evidence presented in any hearing, or from information available to the department, the reasons for such nonuse of water and where it appears to the satisfaction of the director of the department of water resources that other rights will not be impaired by granting an extension of time within which to resume the use of the water and good cause appearing for such nonuse, he may grant one (1) extension of five (5) years within which to resume such use. In his approval of the application for an extension of time under this section the director of the department of water resources shall set the date when the use of water is to be resumed. Sixty (60) days before such date the director of the department of water resources shall forward to the applicant at his address of record a notice by certified mail setting forth the date on which the use of water is to be resumed and a form for reporting the resumption of the use of the water right. If the use of the water has not been resumed and report thereon made on or before the date set for resumption of use such right shall revert to the state and again be subject to appropriation, as provided in this section. In the event the director of the department of water resources determines that a proposed extension of time within which to resume use of a water right shall not be approved as provided in this section he shall deny same and forward notice of such action to the applicant by certified mail, which decision shall be subject to judicial review as hereafter provided.

(3) Any person or persons feeling themselves aggrieved by the determination of the department of water resources in approving or rejecting an application to change the point of diversion, place, period of use or nature of use of water under an established right or an application for an extension of time within which to resume the use of water as provided in this section, may, if a protest was filed and a hearing held thereon, seek judicial review pursuant to section 42-1701A(4), Idaho Code. If no protest was filed and no hearing held, the applicant may request a hearing pursuant to section 42-1701A(3), Idaho Code, for the purpose of contesting the action of the director and may seek judicial review of the final order of the director following the hearing pursuant to section 42-1701A(4), Idaho Code.

The specific challenge shall describe the location of the challenged portion or clause in the specification document, unless the challenge concerns an omission; explain why any provision should be struck, added or altered; and contain suggested corrections. All registered vendors who were invited to bid on the property sought to be acquired shall be sent a copy of both the notice to challenge and the specific challenge and may indicate in writing their agreement or disagreement with the challenge within five (5) days. Any registered vendor may note his agreement or disagreement with the challenge.

Any determinations officer appointed pursuant to this act shall exist only for the duration of unresolved complaints on an acquisition and shall be dismissed upon resolution of all such complaints. The determinations officer shall be guided in his determination by the best economic interests of the state for both the near future and more extended periods of time. TER 1, TITLE 56, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 
56-114, IDAHO CODE, TO PROVIDE FOR PAYMENTS TO FREE STANDING SPE-
CIAL CARE FACILITIES; AND AMENDING SECTION 56-131, IDAHO CODE, TO 
STRIKE OBSOLETE PROVISIONS, AND TO PROVIDE PROPER REFERENCES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 56-101, Idaho Code, be, and the same is 
hereby amended to read as follows:

56-101. DEFINITIONS. Unless the context clearly requires other-
wise, the definitions in this section apply throughout this chapter 
and shall have the following meanings:

(1) "Appraisal" means the method of determining the value of the 
property as determined by a M.A.I. appraisal. The appraisal must spe-
cifically identify the values of land, building, equipment, and good-
will.

(2) "Assets" mean economic resources of the contractor, recog-
nized and measured in conformity with generally accepted accounting 
principles.

(3) "Depreciation" means the systematic distribution of the cost 
or other basis of tangible assets, less salvage, over the estimated 
useful life of the assets.

(4) "Director" means the director of the department of health and 
welfare or his designee.
(5) "Equity" means the new book value of all tangible and intangible assets less the recorded value of all liabilities, as recognized and measured in conformity with generally accepted accounting principles.

(6) "Facility" means an entity which contracts with the director to provide services to recipients in a structure owned, controlled, or otherwise operated by such entity, and which entity is responsible for operational decisions. In conjunction with the use of the term "facility":

1. "Free-standing intermediate care" means an intermediate care facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code;

2. "Free-standing skilled care" means a skilled nursing facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code; or

3. "Free-standing special care" means a facility that provides either intermediate care, or skilled care, or intermediate care for the mentally retarded, or any combination of either, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code; or

4. "Hospital-based" means a skilled nursing or intermediate care facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is owned, managed, or operated by, or is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code.

(7) "Forced sale" is a sale required by a bankruptcy, foreclosure, the provisions of a will or estate settlement pursuant to the death of an owner, physical or mental incapacity of an owner which requires ownership transfer to existing partner or partners, or a sale required by the ruling of a federal agency or by a court order.

(8) "Goodwill" means the amount paid by the purchaser that exceeds the net tangible assets received. The value of goodwill is derived from the economic benefits that a going concern may enjoy, as compared with a new one, from established relations in the related markets, with government departments and other noncommercial bodies and with personal relationships. These intangible assets cannot be separated from the business and sold as can plant and equipment. Under the theory that the excess payment would be made only if expected future earnings justified it, goodwill is often described as the price paid for excess future earnings. The amortization of goodwill is nonallowable, nonreimbursable expense.

(9) "Historical cost" means the actual cost incurred in acquiring and preparing an asset for use, including feasibility studies, architect's fees, and engineering studies.

(10) "Interest rate limitation" means that the interest rate allowed for working capital loans and for loans for major movable equipment for intermediate care facilities for the mentally retarded shall be the prime rate as established by the Bank of America Corpora-
tion, San Francisco, California, plus one percent (1%) at the date the loan is made. All interest expense greater than the amount derived by using the limitation above shall be nonreimbursable; provided, however, that this interest rate limitations shall not be imposed against loans or leases which were made prior to July 1, 1984. Said loans or leases being subject to the tests of reasonableness, relationship to patient care and necessity.

(11) "Intermediate care facility for the mentally retarded" means an habilitative facility designed and operated to meet the educational, training, habilitative and intermittent medical needs of the developmentally disabled.

(12) "Major movable equipment" means such items as accounting machines, beds, wheelchairs, desks, furniture, vehicles, etc. The general characteristics of this equipment are:

1. A relatively fixed location in the building;
2. Capable of being moved, as distinguished from building equipment;
3. A unit cost sufficient to justify ledger control;
4. Sufficient size and identity to make control feasible by means of identification tags; and
5. A minimum life of approximately three (3) years.

(13) "Medicaid" means the 1965 amendments to the social security act (P.L. 89-97), as amended.

(14) "Minor movable equipment" includes such items as wastebaskets, bedpans, syringes, catheters, silverware, mops, buckets, etc. The general characteristics of this equipment are:

1. In general, no fixed location and subject to use by various departments of the provider's facility;
2. Comparatively small in size and unit cost;
3. Subject to inventory control;
4. Fairly large quantity in use; and
5. Generally, a useful life of approximately three (3) years or less.

(15) "Net book value" means the historical cost of an asset, less accumulated depreciation.

(16) "Patient-day" means a calendar day of care which will include the day of admission and exclude the day of discharge unless discharge occurs after 3:00 p.m. or it is the date of death, except that, when admission and discharge occur on the same day, one (1) day of care shall be deemed to exist.

(17) "Property costs" mean the total of allowable interest expense, plus depreciation, property insurance, real estate taxes, amortization, and allowable lease/rental expense. The department may require and utilize an appraisal to establish those components of property costs which are identified as an integral part of an appraisal.

(18) "Reasonable property insurance" means that the consideration given is an amount that would ordinarily be paid by a cost-conscious buyer for comparable insurance in an arm's length transaction. Property insurance per licensed bed in excess of two (2) standard deviations above the mean of the most recently reported property insurance costs per licensed bed of all facilities in the reimbursement class as
of the end of a facility's fiscal year shall not be considered reasonable.

(19) "Recipient" means an individual determined eligible by the director for the services provided in the state plan for medicaid.

(20) "Utilities" shall mean all expenses for heat, electricity, water and sewer. Utilities shall be exempt from the percentile cap.

SECTION 2. That Chapter 1, Title 56, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 56-114, Idaho Code, and to read as follows:

56-114. NEW FREE-STANDING SPECIAL CARE FACILITIES. For the first fiscal year of a free-standing special care facility established on or after January 1, 1989, which seeks to contract for the first time to provide medicaid services to recipients, the director shall determine payment for such facility in the same manner as specified in section 56-111, Idaho Code. Thereafter, such determination for such facility shall be done in substantially the manner required in sections 56-110, 56-112 and 56-113, Idaho Code.

SECTION 3. That Section 56-131, Idaho Code, be, and the same is hereby amended to read as follows:

56-131. MULTIPLE-USE PLANS. Not later than November 30, 1981, the director shall promulgate such rules, to be effective January 1, 1982, as he deems advisable to enable and encourage existing facilities to adopt plans for offering additional services or programs within their institutions which will promote appropriate levels of care for recipients residing in their service areas and, as a result, achieve cost savings for the medicaid program. In developing such rules, the director shall consult with representatives of free-standing skilled care, free-standing intermediate care, free-standing special care, and hospital-based facilities.

23-1319. EXCISE TAX -- SALES INCLUDED -- REFUND FOR EXPORT SALES -- REFUND FOR BREAKAGE OR SPOILAGE -- DISTRIBUTION OF REVENUE. Upon all wines sold by a distributor or winery to a retailer or consumer for use within the state of Idaho pursuant to this act there is hereby imposed an excise tax of forty-five cents (45¢) per gallon on all wines produced outside the state of Idaho, and there is hereby imposed an excise tax of twenty-cents (20¢) per gallon on all wines produced inside the state of Idaho. Sales of wine by a distributor or winery for the purpose of and resulting in export of wine from this state for resale outside this state shall be exempt from the taxes on wine imposed by this chapter.

(a) Every sale of wine by a distributor to a retailer shall constitute a sale of wine for resale or consumption in this state, whether the sale is made within or without this state, and the distributor shall be liable for the payment of taxes. In every transfer of wine by a licensed winery to its licensed retail outlet, the winery shall be liable for payment of taxes.

(b) When wine has been destroyed by breakage or has spoiled or otherwise become unfit for beverage purposes prior to payment of taxes on it, the distributor, upon satisfactory proof of destruction or spoilage, shall be entitled to deduct from existing inventories subject to tax, the amount of wine so destroyed or spoiled.

(c) If the tax commission determines that any amount due under this chapter has been paid more than once or has been erroneously or illegally collected or computed, the commission shall set forth that fact in its records and the excess amount paid or collected may be credited on any amount then due and payable to the commission from that person and any balance refunded to the person by whom it was paid or to his successors, administrators or executors. The commission is authorized and the state board of tax appeals is authorized to order the commission in proper cases to credit or refund such amounts whether or not the payments have been made under protest and certify the refund to the state board of examiners.

(d) No credit or refund shall be allowed or made after three (3) years from the time the payment was made, unless before the expiration of that period a claim is filed by the taxpayer. The three (3) year period allowed by this subsection for making refunds or credit claims shall not apply in cases where the tax commission asserts a deficiency of tax imposed by law, and taxpayers desiring to appeal or otherwise seek a refund of amounts paid in obedience to deficiencies must do so within the time limits elsewhere prescribed by law.

(e) All revenue received pursuant to this chapter shall be distributed as follows:

At a meeting especially called to consider the matter, a majority of the entire membership may vote to dissolve the credit union, provided a copy was mailed to the members of the credit union at least ten (10) days prior thereto. Any member not present at such meeting may, within the next twenty (20) days vote in favor of or may oppose dissolution by signing a statement in form approved by the department of finance and such vote shall have the force and effect as if cast at such meeting. Involuntary liquidation may not be ordered prior to following the suspension procedures outlined in this chapter.

(c) The credit union shall continue in existence for the purpose of discharging its debts, collecting and distributing its assets, and doing all acts required in order to wind up its business, and may sue and be sued for the purpose of enforcing such debts and obligations until its affairs are fully adjusted. The credit union shall be subject to examination by and reporting to the department of finance to determine that all procedures have been observed as required by this chapter, and shall pay such examination fees as are determined by the department of finance in accordance with its schedules.

(2) Subject to legislative review, the director may, by regulation, issue a schedule of fees for services performed in implementing the provisions of this chapter. Such services may include, but shall not be limited to, inspection, analysis and certification. Receipts collected under provisions of this chapter shall be deposited in the agricultural inspection account and used to pay expenses incurred in the enforcement of the provisions of this chapter.

AN ACT
RELATING TO LONG-TERM CARE INSURANCE; AMENDING TITLE 41, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 46, TITLE 41, IDAHO CODE, TO PROVIDE A STATEMENT OF PURPOSE, TO PROVIDE FOR THE SCOPE OF COVERAGE, TO PROVIDE DEFINITIONS, TO PROVIDE LIMITS OF GROUP LONG-TERM CARE INSURANCE, TO PROVIDE FOR DISCLOSURE AND PERFORMANCE STANDARDS FOR LONG-TERM CARE INSURANCE, AND TO PROVIDE FOR ADMINISTRATIVE PROCEDURES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 41, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 46, Title 41, Idaho Code, and to read as follows:

CHAPTER 46
LONG-TERM CARE INSURANCE

41-4601. PURPOSE. The purpose of the provisions of this chapter is to promote the public interest, to promote the availability of long-term care insurance policies, to protect applicants for long-term care insurance, as defined, from unfair or deceptive sales or enrollment practices, to establish standards for long-term care insurance, to facilitate public understanding and comparison of long-term care
insurance policies, and to facilitate flexibility and innovation in the development of long-term care insurance coverage.

41-4602. SCOPE. The requirements of this chapter shall apply to policies delivered or issued for delivery in this state on or after January 1, 1989. The provisions of this chapter are not intended to supersede the obligations of entities subject to the provisions of this chapter to comply with the substance of other applicable insurance laws insofar as they do not conflict with the provisions of this chapter, except that laws and regulations designed and intended to apply to medicare supplement insurance policies shall not be applied to long-term care insurance. A policy which is not advertised, marketed or offered as long-term care insurance, or nursing home insurance need not meet the requirements of this chapter.

41-4603. DEFINITIONS. Unless the context requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means:
(a) In the case of an individual long-term care insurance policy, the person who seeks to contract for benefits; and
(b) In the case of a group long-term care insurance policy, the proposed certificate holder.

(2) "Certificate" means, for the purposes of this chapter, any certificate issued under a group long-term care insurance policy, which policy has been delivered or issued for delivery in this state.

(3) "Director" means the director of the Idaho department of insurance.

(4) "Group long-term care insurance" means a long-term care insurance policy which is delivered or issued for delivery in this state and issued to:
(a) One or more employers or labor organizations, or to a trust or to the trustees of a fund established by one or more employers or labor organizations or a combination thereof, for employees or former employees or a combination thereof or for members or former members or a combination thereof, of the labor organizations; or
(b) Any professional, trade or occupational association for its members or former or retired members, or combination thereof, if such association:
(i) Is composed of individuals all of whom are or were actively engaged in the same profession, trade or occupation; and
(ii) Has been maintained in good faith for purposes other than obtaining insurance; or
(c) An association or a trust or the trustee(s) of a fund established, created or maintained for the benefit of members of one or more associations. Prior to advertising, marketing or offering such policy within this state, the association or associations, or the insurer of the association or associations, shall file evidence with the director that the association or associations have at the outset a minimum of one hundred (100) persons and have been organized and maintained in good faith for purposes other than that of obtaining insurance; have been in active existence for at
least one (1) year; and have a constitution and by-laws which provide that:

(i) The association or associations hold regular meetings not less than annually to further purposes of the members;
(ii) Except for credit unions, the association or associations collect dues or solicit contributions from members; and
(iii) The members have voting privileges and representation on the governing board and committees.

Sixty (60) days after such filing the association or associations will be deemed to satisfy such organizational requirements, unless the director makes a finding that the association or associations do not satisfy those organizational requirements.

(d) A group other than as described in subsections (4)(a), (4)(b) and (4)(c), subject to a finding by the director that:

(i) The issuance of the group policy is not contrary to the best interest of the public;
(ii) The issuance of the group policy would result in economies of acquisition or administration; and
(iii) The benefits are reasonable in relation to the premiums charged.

(5) "Long-term care insurance" means any insurance policy or rider advertised, marketed, offered or designed to provide coverage for not less than twelve (12) consecutive months for each covered person on an expense incurred, indemnity, prepaid or other basis; for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital. Such term includes group and individual policies or riders whether issued by insurers, fraternal benefit societies, nonprofit health, hospital and medical service corporations, prepaid health plans, health maintenance organizations or any similar organization. Long-term care insurance shall not include any insurance policy which is offered primarily to provide basic medicare supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, hospital confinement indemnity coverage, major medical expense coverage, disability income protection coverage, accident only coverage, specified disease or specified accident coverage, or limited benefit health coverage.

(6) "Policy" means, for the purposes of this chapter, any policy, contract, subscriber agreement, rider or endorsement delivered or issued for delivery in this state by an insurer, fraternal benefit society, nonprofit health, hospital, or medical service corporation, prepaid health plan, health maintenance organization or any similar organization.

41-4604. EXTRATERRITORIAL JURISDICTION -- GROUP LONG-TERM CARE INSURANCE. No group long-term care insurance coverage may be offered to a resident of this state under a group policy issued in another state to a group described in section 41-4603(4)(d), Idaho Code, unless this state or another state having statutory and regulatory long-term care insurance requirements substantially similar to those adopted in this state has made a determination that such requirements
have been met.

41-4605. DISCLOSURE AND PERFORMANCE STANDARDS FOR LONG-TERM CARE INSURANCE. (1) The director may adopt regulations that include standards for full and fair disclosure setting forth the manner, content, and required disclosures for the sale of long-term care insurance policies, terms of renewability, initial and subsequent conditions of eligibility, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, continuation or conversion, probationary periods, limitations, exceptions, reductions, elimination periods, requirements for replacement, current conditions and definitions of terms.

(2) No long-term care insurance policy may:
(a) Be cancelled, nonrenewed or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder; or
(b) Contain a provision establishing a new waiting period in the event existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder.
(c) Provide coverage for skilled nursing care only or provide significantly more coverage for skilled care in a facility than coverage for lower levels of care.

(3) Preexisting condition:
(a) No long-term care insurance policy or certificate other than a policy or certificate thereunder issued to a group as defined in section 41-4603(4)(a), Idaho Code, shall use a definition of "preexisting condition" which is more restrictive than the following: Preexisting condition means a condition for which medical advice or treatment was recommended by, or received from a provider of health care services, within six (6) months preceding the effective date of coverage of an insured person.
(b) No long-term care insurance policy or certificate other than a policy or certificate thereunder issued to a group as defined in section 41-4603(4)(a), Idaho Code, may exclude coverage for a loss or confinement which is the result of a preexisting condition unless such loss or confinement begins within six (6) months following the effective date of coverage of an insured person.
(c) The director may extend the limitation periods set forth in paragraphs (a) and (b) of this subsection as to specific age group categories in specific policy forms upon findings that the extension is in the best interest of the public.
(d) The definition of "preexisting condition" does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and, on the basis of the answers on that application, from underwriting in accordance with that insurer's established underwriting standards. Unless otherwise provided in the policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in paragraph (b) of this subsection expires. No long-term care insurance
policy or certificate may exclude or use waivers or riders of any kind to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in paragraph (b) of this subsection.

(4) Prior institutionalization: No long-term care insurance policy which provides benefits only following institutionalization shall condition such benefits upon admission to a facility for the same or related conditions within a period of less than thirty (30) days after discharge from the institution.

(5) The director may adopt regulations establishing loss ratio standards for long-term care insurance policies provided that a specific reference to long-term care insurance policies is contained in the regulation.

(6) Right to return - free look:
(a) Individual long-term care insurance policyholders shall have the right to return the policy within ten (10) days of its delivery and to have the premium refunded if, after examination of the policy, the policyholder is not satisfied for any reason. Individual long-term care insurance policies shall have a notice prominently printed on the first page of the policy or attached thereto stating in substance that the policyholder shall have the right to return the policy within ten (10) days of its delivery and to have the premium refunded if, after examination of the policy, the policyholder is not satisfied for any reason.
(b) A person insured under a long-term care insurance policy issued pursuant to a direct response solicitation shall have the right to return the policy within thirty (30) days of its delivery and to have the premium refunded if, after examination, the insured person is not satisfied for any reason. Long-term care insurance policies issued pursuant to a direct response solicitation shall have a notice prominently printed on the first page or attached thereto stating in substance that the insured person shall have the right to return the policy within thirty (30) days of its delivery and to have the premium refunded if after examination the insured person is not satisfied for any reason.

(7) An outline of coverage shall be delivered to an applicant for an individual long-term care insurance policy at the time of application for an individual policy. In the case of direct response solicitations, the insurer shall deliver the outline of coverage upon the applicant's request, but regardless of request shall make such delivery not later than at the time of policy delivery. Such outline of coverage shall include:
(a) A description of the principal benefits and coverage provided in the policy;
(b) A statement of the principal exclusions, reductions and limitations contained in the policy;
(c) A statement of the renewal provisions, including any reservation in the policy of a right to change premiums; and
(d) A statement that the outline of coverage is a summary of the policy issued or applied for, and that the policy should be consulted to determine governing contractual provisions.

   (a) A description of the principal benefits and coverage provided in the policy;
   (b) A statement of the principal exclusions, reductions and limitations contained in the policy; and

(H.B. No. 626)

AN ACT
SPECIFICATIONS FOR RESIDENCE CONTRACTS, TO PROVIDE FOR HOLDING ADVANCE DEPOSITS IN ESCROW, AND TO PROVIDE FOR RELEASE OF DEPOSITS, TO PROHIBIT CROSS-COLLATERALIZATION, TO PROVIDE FOR AUDITS, TO PROVIDE FOR CIVIL LIABILITY, TO PROVIDE FOR INJUNCTIONS, TO PROVIDE GROUNDS FOR DENIAL, SUSPENSION OR REVOCATION OF A REGISTRATION, TO PROVIDE INVESTIGATIVE POWERS TO THE DIRECTOR, AND TO PROVIDE FOR EXEMPTION FROM CRIMINAL PROSECUTION FOR TESTIMONY, TO PROVIDE CRIMINAL PENALTIES, AND TO PROVIDE REGULATORY AUTHORITY FOR THE DIRECTOR.

Be It Enacted by the Legislature of the State of Idaho:

67-2750. SHORT TITLE. This act shall be known and may be cited as the "Idaho Continuing-Care Disclosure Act."

67-2751. STATEMENT OF PURPOSE. The legislature recognizes that continuing care communities have become an important and necessary alternative for the long-term residential, social and health maintenance needs for many of the state's elderly citizens.

The legislature finds and declares that tragic consequences can result to citizens of the state when a provider of services under a continuing care agreement becomes insolvent or unable to provide responsible care. The legislature recognizes the need for full disclosure with respect to the terms of agreements between prospective residents and the provider and the operations of such providers. Accordingly, the legislature has determined that these providers should be regulated in accordance with the provisions of this act. The provisions of this act apply equally to for-profit and not-for-profit provider organizations. The provisions of this act shall be the minimum requirements to be imposed upon any person, association or organization offering or providing continuing care as set forth in this act.

67-2752. DEFINITIONS. As used in this act:

1) "Continuing care" means the furnishing to an individual other than an individual related by blood, marriage, or adoption to the person furnishing the care, of lodging together with nursing services, medical services, or other health related services, pursuant to an agreement requiring an entrance fee.

2) "Department" means the department of finance.

3) "Director" means the director of the department of finance or his authorized designee.

4) "Entrance fee" means an initial or deferred transfer to a provider of a sum of money or other property made or promised to be made as full or partial consideration for acceptance of a specified individual as a resident in a facility. A fee which is less than the
sum of the regular periodic charges for six (6) months of residency will not be considered to be an entrance fee for the purposes of this act.

(5) "Facility" means the place or places in which a person undertakes to provide continuing care to an individual.

(6) "Living unit" means a room, apartment, cottage or other area within a facility set aside for the exclusive use or control of one or more identified individuals.

(7) "Provider" means the promoter, developer, or owner of a continuing care facility, whether a natural person, partnership, unincorporated association, trust, or corporation, or any other person, or that person's successors or assigns that solicits or undertakes to provide continuing care to the public under a continuing care facility contract.

(8) "Resident" means an individual entitled to receive continuing care in a facility.

67-2753. REGISTRATION ANNUAL FEE. Each provider who provides continuing care services in this state shall register with the director on forms provided by the department and shall pay an annual registration fee. Such registration fee shall be fixed by the director but shall not exceed five hundred dollars ($500) per facility. No provider shall be allowed to operate a facility until so registered and until the provider has filed with the director a disclosure statement as set forth in section 67-2754, Idaho Code. All fees received by the director shall be deposited into the finance administrative account pursuant to section 67-2702, Idaho Code.

67-2754. DISCLOSURE STATEMENT OF FINANCIAL RESPONSIBILITY. As a condition to registration with the department, each provider must file evidence of financial responsibility. Said evidence shall be on registration forms provided by the director. The registration forms shall request such information as the director, in his discretion, shall deem appropriate to carry out the functions of this act. The director shall require, however, the following information to be included on the provider's statement of financial responsibility:

(1) The names and business addresses of the officers, directors, trustees, managing or general partners, any person having a ten per cent (10%) or greater equity or beneficial interest in the provider, and any person who will be managing the facility on a day-to-day basis, and a description of these persons' interests in or occupations with the provider.

(2) Information as follows on all persons named in response to the information required in subsection (1) of this section:

(a) A description of the business experience of this person, if any, in the operation or management of similar facilities;

(b) The name and address of any professional service, firm, association, trust, partnership, or corporation in which this person has, or which has in this person, a ten per cent (10%) or greater interest and which it is presently intended shall currently or in the future provide goods, leases, or services to the facility, or to residents of the facility, of an aggregate value of five hun-
dred dollars ($500) or more within any year, including a descrip-
tion of the goods, leases, or services and the probable or antici-
pated cost thereof to the facility, provider, or residents or a
statement that this cost cannot presently be estimated; and
(c) A description of any matter in which the person (1) has been
convicted, or found guilty of, or received a withheld judgment for
a felony, or been held liable, or enjoined in a civil action by
final judgment, which civil action involved fraud, embezzlement,
 fraudulent conversion, or misappropriation of property; or (2) is
subject to a currently effective injunctive or restrictive court
order in any action involving fraud, embezzlement, fraudulent con-
version, or misappropriation of property; or (3) within the past
five (5) years, had any local, state or federal license or permit
suspended or revoked as a result of fraud, embezzlement, fraudu-
 lent conversion, or misappropriation of property.
(3) A statement as to whether the provider is, or is not affili-
ated with, eleemosynary, or other nonprofit organization, the extent
of the affiliation, if any, the extent to which the affiliate organi-
sation will be responsible for the financial and contract obligations
of the provider, and the provision of the federal internal revenue
code, if any, under which the provider or affiliate is exempt from the
payment of income tax.
(4) A detailed description of all fees required of residents,
including the entrance fee and periodic charges, if any. The descrip-
tion shall include, but not be limited to:
(a) The circumstances under which the resident will be permitted
to remain in the facility in the event of financial difficulties
of the resident;
(b) The terms and conditions under which a contract for continu-
ing care at the facility may be canceled by the provider or by the
resident, and the conditions under which all or any portion of the
entrance fee will be refunded in the event of cancellation of the
contract by the provider or by the resident or in the event of the
death of the resident prior to or following occupancy of a living
unit;
(c) The manner by which the provider may adjust periodic charges
or other recurring fees and the limitations on these adjustments,
if any; and, if the facility is already in operation, or if the
provider or manager operates one or more similar continuing care
locations within this state, tables shall be included showing the
frequency and average dollar amount of each increase in periodic
charges, or other recurring fees at each facility or location for
the previous five (5) years, or such shorter period as the facil-
ity or location may have been operated by the provider or manager.
(5) The health and financial conditions required for an individ-
ual to be accepted as a resident and to continue as a resident once
accepted, including the effect of any change in the health or finan-
cial condition of a person between the date of entering a contract for
continuing care and the date or initial occupancy of a living unit by
that person.
(6) The provisions that have been made or will be made to provide
reserve funding or security to enable the provider to perform its
obligations fully under contracts to provide continuing care at the facility, including the establishment of escrow accounts, trusts, or reserve funds, together with the manner in which these funds will be invested, and the names and experience of any individuals in the direct employment of the provider who will make the investment decisions.

(7) Certified financial statements of the provider, including (i) a balance sheet as of the end of the most recent fiscal year, and (ii) income statements for the three (3) most recent fiscal years of the provider or such shorter period of time as the provider shall have been in existence. The director shall only accept certified financial statements that have been prepared and certified by or under the direction of a certified public accountant. If the provider's fiscal year ended more than one hundred twenty (120) days prior to the date the disclosure statement is recorded, interim financial statements as of a date not more than ninety (90) days prior to the date of recording the statement shall be included, but need not be certified.

(8) A summary of a report of an actuary, updated every five (5) years, that estimates the capacity of the provider to meet its contract obligation to the residents. Disclosure statements of continuing care facilities established prior to January 1, 1988, do not need an actuary report or summary until January 1, 1993.

(9) If operation of the facility has not yet commenced, a detailed and itemized statement of the anticipated source and application of the funds used or to be used in the purchase or construction of the facility. Said statements shall also include a detailed and itemized estimate of the funds, if any, that are anticipated to be necessary to fund start-up losses and provide reserve funds to assure full performance of the obligations of the provider under contracts for the provision of continuing care.

(10) Pro forma annual income statements and balance sheets for the facility for a period of not less than five (5) fiscal years with supporting documentation as the director may, in his discretion, require.

(11) All material information relevant to a decision of a prospective resident to enter into a continuing care contract with the provider, whether or not specifically requested by the director.

(12) All other information required by the director.

(13) The cover page of the disclosure statement shall state, in a prominent location and in boldface type, the date of the disclosure statement, the last date through which that disclosure statement may be delivered if not earlier revised, and that the delivery of the disclosure statement to a contracting party before the execution of a contract for the provision of continuing care is required by this act but that the disclosure statement has not been reviewed or approved by any government agency or representative to ensure accuracy or completeness of the information set out.

(14) A copy of the standard form of contract for continuing care used by the provider shall be attached to and be considered a part of the disclosure statement.
to such other provisions as may be considered proper to effectuate the purpose of any continuing care agreement, each agreement executed on and after the date of the adoption of this act shall be written in nontechnical language easily understood by a layperson and shall:

(a) Show the value of all property transferred, including donations, subscriptions, fees and any other amounts paid or payable by, or on behalf of, the resident or residents.

(b) Specify in detail all services which are to be provided by the provider to each resident.

(c) Describe the health and financial conditions upon which the provider may have the resident relinquish his space in the designated facility.

(d) State the fees and conditions that will apply if the resident marries while at the designated facility.

(e) Provide that the agreement may be cancelled upon the giving of notice of cancellation of at least thirty (30) days by the resident. An agreement may be cancelled by the provider if there has been a good faith determination in writing, signed by the medical director and the administrator of the facility, that a resident is a danger to himself or others.

(f) Provide in print no smaller than the largest type used in the body of said agreement, the terms governing the refund of any portion of the entrance fee.

(g) State the terms under which an agreement is cancelled by the death of the resident. The agreement may contain a provision to the effect that, upon the death of the resident, the moneys paid for the continuing care of such resident shall be considered earned and become the property of the provider.

(h) Provide for advance notice to the resident, of not less than thirty (30) days, before any change in fees or charges or the scope of care or services may be effective, except for changes required by state or federal assistance programs.

(i) Provide that charges for care paid in one lump sum shall not be increased or changed during the duration of the agreed upon care, except for changes required by state or federal assistance programs.

(2) A resident shall have the right to rescind a continuing care agreement, without penalty or forfeiture, within (7) seven days after making an initial deposit or executing the agreement. A resident shall not be required to move into the facility designated in the agreement before the expiration of the seven (7) day period.

(3) If a resident dies before occupancy date, or through illness, injury or incapacity is precluded from becoming a resident under the terms of the continuing care agreement, the agreement is automatically rescinded and the resident or his legal representative shall receive a full refund of all moneys paid to the facility, except those costs specifically incurred by the facility at the request of the resident and set forth in writing in a separate addendum, signed by both parties to the agreement.

(4) No agreement for care shall permit dismissal or discharge of the resident from the facility providing care prior to the expiration of the agreement, without just cause for such a removal. Just cause
may include, but not be limited to, a good faith determination in writing, signed by the medical director and the administrator of the facility that a resident is a danger to himself or others while remaining in the facility. Dismissal for just cause shall not affect the resident's qualification for a refund under the contract.

(5) No act, agreement or statement of any resident, or of any individual purchasing care for a resident under any agreement to furnish care to the resident, shall constitute a valid waiver of any provision of this act intended for the benefit or protection of the resident or the individual purchasing care for the resident.

(6) Those agreements entered into prior to the effective date of this act or prior to the issuance of a certificate of authority to the provider shall be valid and binding upon both parties in accordance with their terms.

67-2756. ESCROW -- TRUST -- SURETY BOND -- COLLECTION OF DEPOS­ITS. (1) A provider shall establish an escrow account with a bank or a trust company, that is located in Idaho, agreed upon by the provider and the resident. The terms of this escrow account shall provide that the total amount of any entrance fee received by the provider prior to the date the resident is permitted to occupy a living unit in the facility be placed in this escrow account. These funds may be released only as follows:

(a) If the entrance fee applies to a living unit that has been previously occupied in the facility, the entrance fee shall be released to the provider when the living unit becomes available for occupancy by the new resident;

(b) If the entrance fee applies to a living unit which has not been previously occupied by any resident, the entrance fee shall be released to the provider when the escrow agent is satisfied that:

(i) Construction or purchase of the living unit has been completed and an occupancy permit, if applicable, covering the living unit has been issued by the local government having authority to issue such permits;

(ii) A commitment has been received by the provider for any permanent mortgage loan, long-term financing or other source of capital and any conditions of the commitment prior to disbursement of funds thereunder have been substantially satisfied; and

(iii) Aggregate entrance fees received or receivable by the provider pursuant to binding continuing care retirement community contracts, plus the anticipated proceeds of any first mortgage loan, long-term financing commitment, or other source of capital, are equal to not less than ninety per cent (90%) of the aggregate cost of constructing or purchasing, equipping and furnishing the facility plus not less than ninety per cent (90%) of the funds estimated in the statement of anticipated source and application of funds submitted by the provider as that part of the disclosure statement required in section 67-2754, Idaho Code, to be necessary to fund start-up losses and assure full performance of the obli-
gations of the provider pursuant to continuing care retirement community contracts.

(2) Upon receipt by the escrow agent of a request by the provider for the release of these escrow funds, the escrow agent shall approve release of the funds within five (5) working days unless the escrow agent finds that the requirements of subsection (1) of this section have not been met and notifies the provider of the basis for this finding. The request for release of the escrow funds shall be accompanied by any documentation the fiduciary requires.

(3) If the provider fails to meet the requirements for release of funds held in this escrow account within a time period the escrow agent considers reasonable, these funds shall be returned by the escrow agent to the persons who have made payment to the provider. The escrow agent shall notify the provider of the length of this time period when the provider requests release of the funds.

(4) An entrance fee held in escrow may be returned by the escrow agent to the person who made payment to the provider at any time upon receipt by the escrow agent of notice from the provider that this person is entitled to a refund of the entrance fee.

(5) In addition to the escrow requirement of this section, each provider shall provide a surety bond or an irrevocable letter of credit in a form acceptable to the department. Any surety bond offered as evidence of financial responsibility must be written by a company authorized to do business in this state. The bond must be in effect at any time that funds remain in escrow under the provisions of this section and shall be an amount not less than the aggregate value of all outstanding amounts in escrow.

67-2757. CROSS-COLLATERALIZATION PROHIBITED. No part of the entrance fee placed in escrow may be pledged by the provider as collateral for the purpose of securing loans for any purpose other than providing for the care of the resident.

67-2758. AUDITS. Each provider upon annual renewal of registration shall provide to the director certified audited reports of the financial condition of the facility and shall amend the disclosure required by section 67-2753, Idaho Code, as necessary. The annual audited reports shall be prepared by or under the supervision and direction of a certified public accountant according to generally accepted accounting principles and shall contain such additional information as may be required by the director. The annual renewal of registration shall be filed with the director not later than ninety (90) days after the close of the provider's fiscal year as used for state income tax purposes.

67-2759. CIVIL LIABILITY. (1) Any person who, as a provider, or on behalf of a provider:
(a) Enters into a contract for continuing care at a facility which has not registered under this act;

(d) Engages in any fraudulent or deceptive practices in the provision of services to the resident, or prospective resident;

shall be deemed to have violated the terms of this act and shall be liable to the person contracting for such continuing care for damages and repayment of all fees paid to the provider, facility or person in violation of the provisions of this act, less the reasonable value of care and lodging provided to the resident by or on whose behalf the contract for continuing care was entered into prior to discovery of the violation, misstatement or omission or the time the violation, misstatement or omission should reasonably have been discovered, together with interest thereon at the legal rate for judgments and court costs and reasonable attorney fees.

(2) Liability under this section shall exist regardless of whether or not the provider or person liable had actual knowledge of the misstatement or omission.

(3) A person may not file or maintain an action under this section if the person, before filing the action, received an offer, approved by the director, to refund all amounts paid the provider, facility or person in violation of the provisions of this act together with interest from the date of payment, less the reasonable value of care and lodging provided prior to the receipt of the offer and the person failed to accept the offer within thirty (30) days of receipt. At the time a provider makes a written offer of rescission, the provider shall file a copy with the director. The rescission offer shall recite the provisions of this section.

(4) An action shall not be maintained to enforce a liability created under this act unless brought before the expiration of six (6) years after the execution of the contract for continuing care which gave rise to the violation.

(5) Except as expressly provided in this act, civil liability in favor of a private party shall not arise against a person, by implication, from or as a result of the violation of this act or a rule or order promulgated or issued under this act. This act shall not limit a liability which may exist by virtue of any other statute or under common law if this act were not in effect.

67-2760. INJUNCTIONS. Whenever it appears to the director that any person has engaged in, or is about to engage in, any act or practice constituting a violation of any provision of this act or any rule or order hereunder, the director may:

(1) Issue an order directed at any such person requiring such person to cease and desist from engaging in such act or practice.

(2) Bring an action in any court which has appropriate jurisdiction to enjoin the acts or practices and to enforce compliance with this act or any rule or order hereunder. Upon a showing that a person
has engaged or is about to engage in an act or practice constituting a violation of this act or any rule or directive of the director promulgated hereunder, a permanent or temporary injunction, restraining order or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The director shall not be required to post a bond.

67-2761. DENIAL, SUSPENSION, REVOCATION OF REGISTRATION -- GROUNDS. The director may by order deny, suspend or revoke registration of any provider:

(1) If he finds the order is in the public interest; or

(2) Any of the conditions described in section 67-2754(2)(c), Idaho Code, apply to the provider.

In addition the director may impose an administrative fine in an amount not to exceed five thousand dollars ($5,000) for each violation of the provisions of this act.

67-2762. OATHS -- SUBPOENAS -- PUNISHMENT -- EXEMPTION FROM CRIMINAL PROSECUTION FOR TESTIMONY. For the purpose of any investigation or proceeding under this act the director or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence and require the production of any books, papers, correspondence, memorandum, agreements or other documents or records which the director deems relevant or material to the inquiry.

(1) In case of contumacy by or refusal to obey a subpoena issued to any person, any court of competent jurisdiction, upon application by the director, may issue to that person an order requiring him to appear before the director or the officer designated by him, there to produce documentary evidence if so ordered or to give evidence relating to the matter under investigation or in question and any failure to obey such order of the court may be punished by the court as a contempt of court.

(2) No person is excused from attending and testifying, from producing any document or record before the director or from obeying the subpoena of the director or any officer designated by him or in any proceeding instituted by the director on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he is compelled, after claiming his privilege against self-incrimination, to testify, except that the individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

67-2763. CRIMINAL PENALTIES. (1) Any person who willfully and knowingly violates any provision of this act, or any rule or order under the act, shall be guilty of a misdemeanor and be sentenced to pay a fine of not more than one thousand dollars ($1,000) or imprisonment for not more than one (1) year in the county jail or both for each violation.
(2) The director may refer such evidence as is available concerning violations of the provisions of this act or of any rule or order hereunder to the attorney general or the proper prosecuting attorney who may, with or without such a reference, institute the appropriate criminal proceedings under this act.

(3) Nothing in this act limits the power of the state to punish any person for any conduct which constitutes a crime under any other statute.

67-2764. REGULATORY AUTHORITY. The director shall have the authority to adopt, amend or repeal such rules and regulations as are reasonably necessary for the enforcement of the provisions of this act. Any initial rules and regulations necessary to the implementation of this act shall be promulgated or published within six (6) months of the effective date of this act.

Among the agricultural industries of the state of Idaho that contribute to the economic welfare of the state is the barley industry. Because of a surplus of barley grown in this state, and because a surplus during recurrent years has become excessive and difficult to market in the available markets, it is necessary, in order to provide a profitable enterprise for the barley growers of the state and to promote employment of labor and to assist the barley growers and those in the various industries dependent upon the barley growers, that additional markets be found and developed. It is the purpose of this chapter to promote the public health and welfare of the citizens of our state by providing means for the protection, promotion, study, research, analysis and development of markets concerning the growing and marketing of Idaho barley.

22-4002. BARLEY COMMISSION CREATED -- MEMBERS. There is hereby created and established in the department of self-governing agencies
the Idaho barley commission to be composed of three (3) grower members appointed by the governor, one (1) from each of the three (3) commission districts referred to in section 22-4004, Idaho Code, who shall be appointed by the governor from a list of names with at least three (3) names for each appointive office for each district submitted to the governor by the Idaho grain producers association, inc., a grain growers' association representing barley growers throughout the state of Idaho, and each shall hold office for the term specified in section 22-4005, Idaho Code. The commissioners appointed by the governor may select a barley industry representative to serve a three (3) year term on the commission. (a) elect to exclude its telecommunication services, other than basic local exchange service including recurring and nonrecurring charges therefor, from regulation pursuant to title 61, Idaho Code, and such excluded telecommunication services shall thereafter be subject to the provisions of this chapter;
(b) notwithstanding any other provision of this chapter, a telephone corporation which, pursuant to section 61-538, Idaho Code, was, prior to the effective date of this chapter, subject to the provisions of such section, shall continue to be subject to the provisions of section 61-538, Idaho Code, notwithstanding such telephone corporation is subject to the provisions of this chapter.

62-605. PROCEDURE FOR NOTICE OF ELECTION -- COMMISSION CONTINUING AUTHORITY. (1) A telephone corporation which held a certificate of public convenience and necessity on January 1, 1988, may file with the commission a notice that such telephone corporation elects to be subject to the provisions of this chapter for telecommunication services other than basic local exchange service, which notice shall include the following:

(3) Nothing contained in the provisions of this chapter or title 61, Idaho Code, shall be construed to prevent any person or entity from providing telecommunication services in competition with a telephone corporation as to those services which have been excluded from regulation under title 61, Idaho Code, pursuant to the provisions of this chapter, or with a telephone corporation, other than a mutual, nonprofit or cooperative telephone corporation, which was not, on the effective date of this act, subject to regulation by the commission
pursuant to title 61, Idaho Code.

(4) Nothing contained in the provisions of this chapter shall be construed to prevent any telephone corporation from maintaining on file with the commission a tariff or price list describing the details of its services.

(5) For any telecommunication service which was subject, on the effective date of this act, to title 61, Idaho Code, and which at the election of the telephone corporation became subject to this chapter, the commission shall have continuing authority to review the quality of such service, its general availability, and terms and conditions under which it is offered. Upon complaint to the commission and after notice to the telephone corporation providing such service and hearing, the commission finds that the quality, general availability or terms and conditions for such service are adverse to the public interest, the commission shall have authority to negotiate or require changes in how such telecommunication services are provided. In addition, if the commission finds that such corrective action is inadequate, it shall have the authority to require that such telecommunication services be subject to the requirements of title 61, Idaho Code, rather than the provisions of this chapter.

62-606. REQUIREMENT FOR PRICE LIST OR TARIFF FILING. All telephone corporations which provide message telecommunication services, WATS service or access to their local exchange network for the provision of such services by the use of special access or private line access and switched access, or their equivalents, shall file with the commission for information purposes tariffs or price lists which reflect the availability, price, and terms and conditions for those services. 62-608. COMMISSION AUTHORITY TO REQUIRE INTERCONNECTION FOR THE PURPOSE OF PROVIDING MESSAGE TELECOMMUNICATION SERVICES. A telephone corporation providing basic local exchange service shall not be required to provide message telecommunication services. (1) A telephone corporation, which provides basic local exchange service, and which also provides message telecommunications service shall impute to itself its prices of special access or private line access and switched access for the use of essential facilities used in the provision of message telecommunications service, special access or private line access services and WATS service or their equivalents. Such imputation shall be in the aggregate on a service by service basis. All other providers of message telecommunications service, special access or private line access services and WATS service or their equivalents shall impute to themselves, in the aggregate on a service by service basis, their individual cost of special or switched access or its equivalent in their pricing.

The commission shall define in an appropriate proceeding what are essential facilities for the purpose of this subsection and shall resolve any dispute which may arise under this subsection.

(2) Telecommunication services which are subject to the provisions of this chapter and which services utilize special or switched access, shall be made available by the telephone corporation for resale. No telephone corporation shall, as to its prices or charges for the provision of such services, make or grant any preference or advantage to any telephone corporation or to a provider of services exempted from regulation under section 62-603(9), Idaho Code, or subject any telephone corporation or any provider of services exempted from regulation under section 62-603(9), Idaho Code, to any prejudice or competitive disadvantage with respect to its prices or charges for providing access to its local exchange network nor establish or maintain any unreasonable difference as to its prices or charges for access to its local exchange network.

(3) Notwithstanding the provisions of section 62-614, Idaho Code, if, after negotiation, a dispute under this section exists between or among telephone corporations or between or among telephone corporation(s) and provider(s) of services exempted from regulation under section 62-603(9), Idaho Code, such dispute shall be determined by the commission upon petition of any affected telephone corporation or provider(s) of services exempted from regulation under section 62-603(9), Idaho Code.

Information disclosed to the commission for resolution of disputes under this section shall be provided by the telephone corporations with appropriate safeguards for the protection of business or trade secrets.

62-610. UNIVERSAL SERVICE FUND. (1) The commission shall establish a universal service fund (USF) for the purpose of maintaining the universal availability of local exchange service at reasonable rates and to promote the availability of message telecommunications service (MTS) at reasonably comparable prices throughout the state of Idaho.

(2) The USF shall be funded by imposing a statewide end user surcharge on local exchange service and MTS and WATS type services.

(a) The local exchange surcharge shall be a cents per line charge with a business-residential differential equal to the statewide average business-residential price ratio. Providers of local exchange service shall remit the local exchange surcharge revenues
to the fund administrator on a monthly basis.
(b) The MTS and WATS surcharge shall be recovered on a percentage basis through a surcharge applied to the monthly bill of each end user or by a cents per minute charge applied to the bills of all end users. Providers of MTS or WATS services shall remit the revenues derived from such surcharge to the fund administrator on a monthly basis.
(c) The surcharges set forth in paragraphs (a) and (b) of this subsection shall be collected by all telephone corporations, including telephone corporations subject to the provisions of this chapter and mutual nonprofit and cooperative telephone corporations, providing the services upon which the surcharge is levied.
(3) Telephone corporations which provide local exchange service and access service for MTS/WATS providers and which have rates for these respective services which meet both of the following criteria shall be eligible for distributions from the USF:
(a) The telephone corporation's average residence and business local exchange service rates for one-party single line service are in excess of one hundred and twenty-five percent (125%) of the weighted statewide average rates for residence and business local exchange service rates for one-party single line service respectively, and
(b) The telephone corporation's average per minute charge for MTS/WATS access services it provides is in excess of one hundred and twenty-five percent (125%) of the weighted statewide average for the same or similar MTS/WATS access services.
(4) Distributions from the fund shall be available to the individual telephone corporations in Idaho providing basic local exchange service to meet residual revenue requirements remaining after deducting the revenue generated by all intrastate telecommunication services, from the telephone corporation's total intrastate telecommunication service revenue requirement as determined by the commission, including local exchange and MTS/WATS access services priced at one hundred and twenty-five percent (125%) or more of the weighted statewide average and contributions from the federal universal service fund. The commission shall provide, by order, for not less than seventy-five percent (75%) nor more than one hundred percent (100%) of the residual revenue requirement of the individual telephone corporation to be funded by the universal service fund. The commission shall retain its authority to approve rate design consistent with this subsection, but notwithstanding such authority, the commission shall supply full funding for any commission determined revenue requirement. Distributions from the fund shall be made monthly.
(5) The commission shall:
(a) Adopt rules for the implementation and administration of the universal service fund established in this section.
(b) Determine which telephone corporations meet the eligibility standards;
(c) Provide for the receipt and collection of the surcharge for the universal service fund; and

(6) "Local Exchange Service," as used in section 62-609, Idaho Code, means the provision of access lines to customers with the associated transmission of two-way interactive switched voice communication within a local exchange area.

62-611. REGULATORY FEES. Telephone corporations whose services are subject to the provisions of this chapter, shall pay to the commission a special regulatory fee to be determined by the commission, pursuant to procedures set forth in chapter 10, title 61, Idaho Code, in such amount as may be necessary to defray the amount to be expended by the commission for expenses in supervising and regulating telephone corporations pursuant to this chapter.

62-612. RESTRICTION ON WITHDRAWAL OR DISCONTINUANCE OF SERVICE. (1) A telephone corporation subject to this chapter which provides basic local exchange or message telecommunication service, may not withdraw or otherwise discontinue such service to a local exchange area unless one or more alternative telephone corporations are furnishing the respective telecommunication service or equivalent service to the customers in such local exchange area at the time such service is withdrawn or otherwise discontinued.

(2) A telephone corporation proposing to withdraw or otherwise discontinue the services set forth in subsection (1) of this section to a local exchange area shall file a notice of such withdrawal or discontinuance of service with the commission and shall publish a notice of such withdrawal in a legal newspaper circulated within the local exchange area, and provide such other reasonable notice as may be required by the commission.

(3) Any person or telephone corporation affected by a withdrawal or discontinuance of such services by a telephone corporation subject to this chapter, may within thirty (30) days from the date of publication of the notice apply to the commission to determine whether such withdrawal or discontinuance of service is authorized pursuant to this section.

62-613. SUBSIDIZATION OF CERTAIN SERVICES NOT ALLOWED. A telephone corporation may not subsidize telecommunication services which are subject to this chapter by those telecommunication services which are subject to regulation pursuant to title 61, Idaho Code. Provided, payments to the universal service fund established by section 62-610, Idaho Code, shall not be considered to be a violation of this section.

62-614. RESOLUTION OF INTER-TELEPHONE CORPORATION DISPUTES. (1) If a telephone corporation providing basic local exchange service which has exercised the election provided in section 62-604(2)(a), Idaho Code, and any other telephone corporation subject to title 61, Idaho Code, or any mutual, nonprofit or cooperative telephone corporation, are unable to agree on any matter relating to telecommunication issues between such companies, then either telephone corporation may apply to the commission for determination of the matter.

(2) Upon receipt of the application, the commission shall have
jurisdiction to conduct an investigation, and upon request of either party, to conduct a hearing and, based upon evidence presented to the commission, to issue its findings and order determining such dispute in accordance with applicable provisions of law and in a manner which shall best serve the public interest.

62-615. STATUS OF EXISTING OR EXPANDED CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY, AND EXISTING AREAS OF SERVICE. (1) For telephone corporations, or their successors in interest, which provide basic local exchange service, their existing certificates of public convenience and necessity shall represent an exclusive service area franchise for telecommunication services which remain subject to title 61, Idaho Code, within the certificated area of such telephone corporation, provided that the commission may alter or amend the geographic area of a certificate upon a finding that such alteration or amendment is required by the public interest. No telephone corporation shall provide telecommunications services to customers or end-users located within another telephone corporation's certificated service area, except through interconnection arrangements consented to by the certificate holder or required by the commission pursuant to section 61-513, Idaho Code.

(2) A telephone corporation which is the holder of a certificate of public convenience and necessity issued pursuant to title 61, Idaho Code, may apply to the commission for an exclusive addition to its certificate of public convenience and necessity to serve an otherwise unserved and uncertificated area. The application shall describe the proposed addition to the service area, and the commission shall cause a copy thereof to be served on all telephone corporations subject to either title 61, Idaho Code, or this chapter. Within sixty (60) days of service of the application, any telephone corporation may file a notice of intent to provide the requested telecommunication services to the area of the proposed addition on a nonexclusive basis. If no notice of intent to provide service on a nonexclusive basis is received, then the commission may enter an order granting the exclusive addition to the applicant's certificate pursuant to title 61, Idaho Code. If any telephone corporation files a notice of intent to provide service on a nonexclusive basis the commission shall determine whether it would be in the public interest to allow a telephone corporation to serve the area on a nonexclusive basis, or, if it determines that it would best serve the public interest to grant an exclusive franchise for such area, it shall approve that telephone corporation which it determines will best serve the public and may establish the terms and conditions under which such service shall be offered.

(3) Any mutual, nonprofit or cooperative telephone corporation providing basic local exchange service may apply to the commission for a certificate for an exclusive service area for telecommunication service on or before June 30, 1989. The application shall describe the area currently served by the mutual, nonprofit or cooperative corporation and shall provide a listing of other telecommunication services offered by such corporation. The application shall be granted by the commission within sixty (60) days of filing unless the commission determines that the matters stated therein are not true. The filing
of such application and granting of such certificate shall have no
effect upon the exempt status of such mutual, nonprofit or cooperative
corporation under sections 61-104 or 61-129, Idaho Code.

(4) Notwithstanding any other provision of this section, any
telephone corporation, which on January 1, 1988, was authorized by
the commission to provide message telecommunication services or was
providing message telecommunication services within the state of Idaho,
may continue to provide such message telecommunication services if the
provision of such services is not otherwise prohibited or restricted
by title 61, Idaho Code.

62-616. COMMISSION AUTHORITY TO RESOLVE SUBSCRIBER COMPLAINTS.
The commission shall have the authority to investigate and resolve
complaints made by subscribers to telecommunication services which are
subject to the provisions of this chapter which concern the quality
and availability of local exchange service, or whether price and con-
ditions of service are in conformance with filed tariffs or price
lists, deposit requirements for such service or disconnection of such
service by telephone corporations subject to the provisions of this
chapter. The commission may, by order, render its decision granting
or denying in whole or in part the subscriber's complaint or providing
such other relief as is reasonable based on the evidence presented to
the commission at the hearing. Any final order of the commission
entered pursuant to this section may be enforced against any telephone
corporation by an affected person or by the commission.

62-617. TELEPHONE CORPORATION ANTITRUST LIABILITY. No action
under the antitrust laws or any other provision or doctrine of law of
the state of Idaho shall lie against a telephone corporation for pro-
viding service in compliance with any order of the commission.

62-618. PREEMPTION. The provisions of this chapter preempt, elim-
ninate, and prohibit any economic, franchise or licensing regulation of
telephone corporations subject to this chapter by cities, counties,
incorporated or unincorporated areas, special use districts, or any
other local governmental entity, of any kind.

62-619. PROCEDURE BEFORE COMMISSION -- APPEALS. (1) In all mat-
ters arising under this chapter, which are submitted to the commission
for decision, order or review, procedure shall be governed by the
commission's rules of practice and procedure.

(2) Reconsideration of, appeal from, and stay of orders issued
pursuant to this chapter shall be governed by law as for orders of the
commission in other matters.

62-620. CIVIL PENALTY FOR VIOLATION. Any telephone corporation
who violates or fails to comply with any final order, decision, rule
or regulation duly issued by the commission pursuant to this chapter
shall be subject to a civil penalty of not to exceed two thousand dol-
ars ($2,000) for each day that the violation continues.

Actions to recover penalties under this act shall be brought in
the name of the state of Idaho, in the district court in and for the
county in which the cause of action or some part thereof arose, or in which the corporation complained of, if any, has its principal place of business, or in which the person, if any, complained of, resides. Such action shall be commenced and prosecuted to final judgment by the attorney for the commission. In any such action, all penalties incurred up to the time of commencing the same may be sued for and recovered. In all such action, the procedure and rules of evidence shall be the same as in ordinary civil actions, except as otherwise herein provided. All fines and penalties recovered by the state in any such action, together with the costs thereof, shall be paid into the state treasury to the credit of the general account. Any such action may be compromised or discontinued on application of the commission upon such terms as the court shall approve and order.

62-621. SEVERABILITY. If a court of competent jurisdiction shall adjudge to be invalid or unconstitutional any clause, sentence, paragraph, section or part of this chapter, such judgment or decree shall not affect, impair, invalidate or nullify the remainder of this chapter, but the effect thereof shall be confined to the clause, sentence, paragraph, section or part of this chapter so adjudged to be invalid or unconstitutional.

62-622. MATTERS PENDING ON EFFECTIVE DATE. This chapter shall not prohibit determination of matters pending before the commission or a court of this state on the effective date of this act, and such matters shall, to the extent applicable, be determined as if this chapter were not in effect.

The foregoing purposes are hereby declared to be valid public purposes for municipalities.

After the effective date of an ordinance enacted by the local governing body of an authorized municipality, the clerk of the authorized municipality shall transmit, to the county auditor and tax assessor of the county in which the revenue allocation area is located, to the affected taxing districts, and to the state tax commission, a copy of the ordinance enacted, a copy of the legal description of the boundaries of the revenue allocation area, and a map or plan indicating the boundaries of the revenue allocation area. Such documents shall be transmitted as promptly as practicable following the enactment of such ordinance.

(1) For purposes of calculating the rate at which taxes shall be levied by or for each taxing district in which a revenue allocation area is located, the county commissioners shall, with respect to the taxable property located in such revenue allocation area, use the equalized assessed value of such taxable property as shown on the base assessment roll rather than on the current equalized assessed valuation of such taxable property.

(2) With respect to each such taxing district, the tax rate calculated under subsection (1) of this section shall be applied to the current equalized assessed valuation of all taxable property in the taxing district, including the taxable property in the revenue allocation area. assessed valuation of such taxable property as shown on the base assessment roll.

(b) To the urban renewal agency shall be allocated the balance, if any, of the taxes levied on the taxable property located within the revenue allocation area.

(3) Upon enactment of an ordinance adopting a revenue allocation financing provision as part of an urban renewal plan, the urban renewal agency shall create a special fund or funds to be used for the purposes enumerated in this chapter. The revenues allocated to the urban renewal agency pursuant to this chapter, shall be paid to the agency by the treasurer of the county in which the revenue allocation district is located and shall be deposited by the agency into one or more of such special funds. The agency may, in addition, deposit into such special fund or funds such other income, proceeds, revenues and funds it may receive from sources other than the revenues allocated to it under subsection (2)(b) of this section.

(4) For the purposes of sections 63-621 through 63-626, Idaho Code, during the period when revenue allocation under this chapter is in effect, and solely with respect to any taxing district in which a revenue allocation area is located, the county commissioners shall, in fixing any tax levy, take into consideration the equalized assessed valuation of the taxable property situated in the revenue allocation area as shown in the base assessment roll, rather than the current equalized assessed value of such taxable property.

(5) For all other purposes, including, without limitation, for purposes of sections 33-802, 33-1002, 63-923 and 63-2220, Idaho Code, reference in the Idaho Code to the term "market value for assessment purposes" (or any other such similar term) shall mean market value for assessment purposes as defined in section 63-202, Idaho Code.

SECTION 9. ISSUANCE OF BONDS — BOND PROVISIONS. (1) If the local governing body of an authorized municipality has enacted an ordinance adopting a revenue allocation financing provision as part of an urban renewal plan, the urban renewal agency established by such municipality is hereby authorized and empowered:

(a) To apply the revenues allocated to it pursuant to section 8 of this act, for payment of the projected costs of any urban renewal project located in the revenue allocation area;
(b) To borrow money, incur indebtedness and issue one or more series of bonds to finance or refinance, in whole or in part, the urban renewal projects authorized pursuant to such plan within the limits established by paragraph (c) below; and
(c) To pledge irrevocably to the payment of principal of and interest on such monies borrowed, indebtedness incurred or bonds issued by the agency the revenues allocated to it pursuant to section 8 of this act.

All bonds issued under this section shall be issued in accordance with section 50-2012, Idaho Code, except that such bonds shall be payable solely from the special fund or funds established pursuant to section 8 of this act.

(2) The agency shall be obligated and bound to pay such borrowed moneys, indebtedness, and bonds as the same shall become due, but only
to the extent that the moneys are available in a special fund or funds established under section 8 of this act; and the agency is authorized to maintain an adequate reserve therefor from any moneys deposited in such a special fund or funds.

(3) Nothing in this chapter shall in any way impair any powers an urban renewal agency may have under subsection (a) of section 50-2012, Idaho Code.

(4) When the principal of and interest on such moneys, indebtedness and bonds have been paid in full, or when deposits in the special fund or funds created under this chapter are sufficient to pay such principal and interest as they come due, and to fund reserves, if any, the allocation of revenues under section 8 of this act, shall thereupon cease; any moneys in such fund or funds in excess of the amount necessary to pay such principal and interest shall be distributed to the affected taxing districts in which the revenue allocation area is located in the same manner and proportion as the most recent distribution to the affected taxing districts of the taxes on the taxable property located within the revenue allocation area; and the powers granted to the urban renewal agency under section 9 of this act shall thereupon terminate.

SECTION 10. BONDS NOT GENERAL OBLIGATION OF AGENCY OR MUNICIPALITY. Except to the extent of moneys deposited in a special fund or funds under this act and pledged to the payment of the principal of and interest on bonds or other obligations, the agency shall not be liable on any such bonds or other obligations. The bonds issued and other obligations incurred by any agency under this chapter shall not constitute a general obligation or debt of any municipality, the state or any of its political subdivisions. In no event shall such bonds or other obligations give rise to general obligation or liability of the agency, the municipality, the state, or any of its political subdivisions, or give rise to a charge against their general credit or taxing powers, or be payable out of any funds or properties other than the special fund or funds of the agency pledged therefor; and such bonds and other obligations shall so state on their face. Such bonds and other obligations shall not constitute an indebtedness or the pledging of faith and credit within the meaning of any constitutional or statutory debt limitation or restriction.

SECTION 11. LIMITATIONS ON REVIEW. No direct or collateral action attacking or otherwise questioning the validity of any urban renewal plan, project or modification thereto (including one containing a revenue allocation provision), or the adoption or approval of such plan, project or modification, or any of the findings or determinations of the agency or the local governing body in connection with such plan, project or modification, shall be brought prior to the effective date of the ordinance adopting or modifying the plan or after the elapse of sixty (60) days from and after the effective date of the ordinance adopting or modifying the plan. No direct or collateral action attacking or otherwise questioning the validity of bonds issued pursuant to section 9 of this act shall be brought prior to the effective date of the ordinance authorizing such bonds or after the elapse of

(a) The owners of real property may file with the board a petition, in writing, praying that such real property be included in the district. The petition shall describe the property owned by the petitioners, and such petition shall be deemed to give assent of the petitioners to the inclusion in said district of the property described in the petition, and shall be accompanied by a reasonable filing fee in an amount to be determined by the board. Such petition must be acknowledged in the same manner that conveyances of land are required to be acknowledged. The secretary of the board shall cause notice of filing of such petition to be given and published in the county in which the property is situated, which notice shall state the filing of such petition, names of petitioners, descriptions of lands mentioned and the prayer of such petitioners; giving notice to all persons interested to appear at the office of the board at the time named in said notice and show cause in writing, if any they have, why the petition should not be granted. granted. The failure of any person to show cause in writing shall be deemed as an assent on his part to the inclusion of such lands in the district as prayed in the petition. If the petition is granted, the board shall make an order to that effect and file the same with the clerk of the district court together with a copy of the petition and proof of publication certified by the secretary of the board. The clerk of the district court shall present the same to the court and upon order of the court the property shall be included in the district.

Upon filing with the board of such a petition, the secretary of the board shall cause notice of filing of such petition to be given and published in the county in which the property is situated, which notice shall state the filing of such petition, names of petitioners, descriptions of lands mentioned and the prayer of such petitioners; giving notice to all persons interested, including the staff and employees of said district and any one designated by said district, to appear at the office of the board at the time named in said notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto, presented, in writing, by any person showing cause why said petition shall not be granted. The failure of any person to show cause in writing shall be deemed as an assent to the annexation of such lands into the district as prayed in the petition. The board shall have full discretion to determine if the petition shall be granted. If the petition is granted, the board shall make an order to that effect and file the same with the clerk of the district court together with a copy of the petition and proof of publication certified by the secretary of the board. The clerk of the district court shall present the same to the court and upon order of the court the property shall be included in the district. (2) Upon filing with the board of a petition signed by registered voters owning real property residing in the territory to be annexed, who constitute at least twenty per cent (20%) of the taxpayers in such territory, praying for an election to determine if annexation shall be made of property designated in such petition, together with payment of a reasonable filing fee in an amount to be determined by the board, the board shall cause notice of filing of such petition to be given and published in the county in which the property is situated, which notice shall state the filing of such petition, names of petitioners, descriptions of lands to be annexed and the prayer of such petition; giving notice to all persons interested, including the staff and
employees of said district and anyone designated by said district to appear at the office of the board at the time named in said notice and show cause in writing, if any they have, why the petition shall not be granted. The board shall at the time and place mentioned or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto, presented, in writing, by any person showing cause why said petition shall not be granted. The board shall have full discretion to determine if the petition shall be granted, and if such petition is granted, the board shall direct that an election be held. The election shall be conducted as nearly as may be in the same manner as general elections in this state, except that the board shall establish as many voting places within such territory proposed to be annexed as are by the board deemed necessary and shall define the boundaries of such voting places. The board shall determine the hours that the polls shall be open, provided that the polls shall be open not less than seven (7) hours and shall appoint three (3) judges of election for each voting place, one (1) of whom shall be designated by the board to be the clerk of such election precinct. Each elector shall take an oath that he has the qualifications of an elector before casting his vote, which shall be that he has resided within the area to be annexed for thirty (30) days and has the qualifications of a voter in a general election in this state.

The secretary of the board of directors shall publish notice of the time and place of such election, not less than twenty (20) days nor more than sixty (60) days after the board of directors has given its concurrence to the holding of such election. The notice shall particularly describe the property to be annexed, the name of the district to which the territory is proposed to be annexed, and the terms and conditions prescribed by the board under which the property may be annexed. The notice shall be published weekly for at least two (2) weeks prior to the election in a weekly newspaper published in the county, and if there be no such newspaper, then in some newspaper of general circulation therein, at least once a week for two (2) successive weeks. The notice shall designate the places in the territory where the election will be held, and shall require the voters to cast ballots which shall contain the words:

For annexation to .... District.
Against annexation to .... District.

The judges of the election shall make their return thereof to the board of directors of the district, which shall canvass the returns and render a statement of the results of the election on the records of the board. If the majority of the votes cast favor annexation, the board shall enter an order annexing the property described in the notice of election and upon the filing of a copy thereof with the clerk of the district court, and upon order of the court, the territory shall thereupon become annexed to the district and shall thenceforth be a part of the district.

(c) In all proceedings for inclusion or annexation hereunder, the board shall have the power to prescribe terms and conditions under which said property may be included in the district, including the condition that such property may only be annexed or included within the district if the property is also established as a water or sewer...
subdistrict of the district, pursuant to sections 42-3218A through 42-3218D, Idaho Code, and may be required to pay the district its pro rata share of construction costs theretofore incurred by the district pursuant to any bond issue theretofore made or otherwise; provided, however, that such terms and conditions shall be announced by the board at or before the hearing to be held pursuant to subparagraphs (a) and (b) above. Within ten (10) days of the announcement of the terms and conditions under which the property may be included the majority of the petitioners filing petitions under the provisions of subparagraphs (a) or (b) may withdraw their petitions, and no further proceedings shall thereafter be had by the board upon such petitions.

(d) All public streets, roads, highways or alleys upon or within which is situated any part of the operative system or equipment of the district and all public streets, roads, highways and alleys which abut against or touch property annexed or to be annexed to the district, to the extent they abut against or touch such property and are not included in a different district, shall be deemed to be included in the district as a part of the annexation and shall be included in the legal description and map which the district must file in the offices of the county assessor, county recorder and the state tax commission as required by section 63-2215, Idaho Code; provided, however, that upon application by the district to the state tax commission, if the commission finds after consultation with the county assessor and the county recorder that exemption from the requirements of this subparagraph (d) will not unduly burden state and local tax administration, the commission by order may exempt the district from the requirements of this subparagraph (d), but the district shall be required to comply with section 63-2215, Idaho Code.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 47-1505, Idaho Code, be, and the same is hereby amended to read as follows:

47-1505. DUTIES AND POWERS OF BOARD. (a) In addition to the other duties and powers of the board prescribed by law, the board is granted and shall be entitled to exercise the following authority and powers and perform the following duties:

(1) To administer and enforce the provisions of this act and the rules and regulations and orders promulgated thereunder as provided in this act.

(2) To conduct and promote the coordination and acceleration of research, studies, surveys, experiments, demonstrations and training in carrying out the provisions of this act. In carrying out the activities authorized by this section, the board may enter into contracts with and make grants to institutions, agencies, organizations and individuals, and shall collect and make available any information obtained therefrom.

(3) To adopt and promulgate reasonable rules and regulations respecting the administration of this act and such rules and regulations as may be necessary to carry out the intent and purposes of this act, provided that no regulations shall be adopted which require reclamation activities in addition to those set forth in this act. All such rules and regulations shall be adopted in accordance with and subject to the provisions of sections 67-5201 through 67-5207, Idaho Code.

(4) To enter upon affected lands at all reasonable times, for the purpose of inspection, to determine whether the provisions of this act have been complied with. Such inspections shall be conducted in the presence of the operator or his duly authorized employees or representatives, and the operator shall make such persons available for the purpose of inspections.

(5) To reclaim affected land with respect to which a bond has been forfeited, and, in the board's discretion, with the permission of the landowner, to reclaim such other land which becomes affected land prior to or after the effective date of this act.

SECTION 2. That Section 47-1512, Idaho Code, be, and the same is hereby amended to read as follows:
47-1512. PERFORMANCE BOND -- REQUISITES. (a) Prior to conducting any surface mining operations on a mine panel covered by an approved reclamation plan, an operator shall submit to the board a bond meeting the requirements of this section. The penalty of the initial bond filed prior to conducting any surface mining operations on a mine panel shall be in an amount determined by the board to be the estimated reasonable costs of reclamation required in this chapter, in the event of failure to reclaim by an operator, of affected lands proposed to be mined during the next calendar year plus ten percent (10%) of such costs as to the acreage of affected land designated by the operator pursuant to section 47-1506(a)(1)(vi), Idaho Code, and subsection (b) of this section, but in no event shall any bond submitted pursuant to this act exceed eighteen hundred dollars ($1,800) for any given acre of such affected land. The determination of the bond amount shall constitute a final decision subject to judicial review as set forth in subsection (a) of section 47-1514, Idaho Code. In lieu of any bond required hereunder, the operator may deposit cash and governmental securities with the board, in an amount equal to that of the required bond, on the conditions as prescribed in this section.

(b) Prior to the time that lands designated to become affected lands on a mine panel, in addition to those designated pursuant to section 47-1506(a)(1)(vi), Idaho Code, become affected land, the operator shall submit to the board a bond meeting the requirements of section 47-1512(c), Idaho Code, and the penalty of such bond shall be in the amount necessary to insure the performance of the duties of the operator under this act as to such affected lands actually proposed to be mined within the next calendar year. If additional acreage is subsequently proposed to be mined by an operator, the penalty of such bond shall be in an amount determined by the board to be the estimated reasonable costs of reclamation required by this chapter, in the event of failure to reclaim by an operator, of affected lands proposed to be mined during the next calendar year plus ten percent (10%) of such costs. Provided that in no event shall any bond submitted pursuant to this act exceed eighteen hundred dollars ($1,800) for any given acre of such affected land.

(c) Any bond required under this act to be filed and maintained with the board shall be in such form as the board prescribes, payable to the state of Idaho, conditioned that the operator shall faithfully perform all requirements of this act and comply with all rules and regulations of the board in effect as of the date of approval of the reclamation plan approved for said lands made in accordance with the provisions of this act. An operator may at any time file a single bond in lieu of separate bonds filed or to be filed pursuant to this act, provided that the penalty of such single bond shall be equal to the total of the penalties of the separate bonds being combined into a single bond. Further, any bond provided to an entity of the federal government that also meets the requirements in this section shall be deemed to be sufficient surety for the purposes of this act.

(d) A bond filed as above prescribed shall not be canceled by the surety, except after not less than ninety (90) days' notice to the board. Upon failure of the operator to make substitution of surety prior to the effective date of cancellation of the bond or within
thirty (30) days following notice of cancellation by the board, whichever is later, the board shall have the right to issue a cease and desist order and seek injunctive relief to stop the operator from conducting operations upon the lands covered by such bond until such substitution has been made.

(e) If the license to do business in this state of any surety, upon a bond filed with the board pursuant to this act, shall be suspended or revoked, the operator, within thirty (30) days after receiving notice thereof from the board, shall substitute for such surety a good and sufficient corporate surety licensed to do business in this state or other surety acceptable to the board. Upon failure of the operator to make substitution of surety, the board shall have the right to enjoin issue a cease and desist order and seek injunctive relief to stop the operator from conducting operations upon the lands covered by such bond until such substitution has been made.

(f) When an operator shall have completed all requirements under the provisions of this act as to any affected land, he shall notify the board. Within thirty (30) days after the receipt of such notice, the board shall notify the operator as to whether or not the reclamation performed meets the requirements of the reclamation plan pertaining to the land in question. Upon the determination by the board that the requirements of the reclamation plan in question have been met as to said lands, the amount of bond in effect as to such lands shall be reduced by an amount designated by the board to reflect the reclamation done.

(g) An operator may withdraw any land previously designated as affected land within a mine panel, provided that it is not already affected land, and in such event, he shall notify the board and the amount of the bond in effect as to the lands in that mine panel shall be reduced by an amount designated by the board as the amount which would have been necessary to reclaim such lands.

SECTION 3. That Section 47-1513, Idaho Code, be, and the same is hereby amended to read as follows:

47-1513. OPERATOR'S FAILURE TO COMPLY -- FORFEITURE OF BOND -- PENALTIES -- RECLAMATION FUND. (a) Whenever the board determines that an operator has not complied with the provisions of this act, the board may notify the operator of such noncompliance, and may by private conference, conciliation, and persuasion, endeavor to remedy such violation. In the event of a violation referred to in subsections (d) and (e) of this section, the board may proceed without an administrative action, hearing or decision to exercise the remedies set forth in said subsections. Additionally, no administrative action, hearing or decision shall be required from the Idaho board of health and welfare prior to the board proceeding under subsections (d) and (e) of this section. In the event of the failure of any conference, conciliation and persuasion to remedy any alleged violation, the board may cause to have issued and served upon the operator alleged to be committing such violation, a formal complaint which shall specify the provisions of this act which the operator allegedly is violating, and a statement of the manner in and the extent to which said operator is alleged to be
violating the provisions of this act—and shall require the operator so complained against to answer the charges of such—formal—complaint at a hearing before a hearing officer appointed by the board at a time not less than thirty (30) days after the date the operator receives notice of the complaint. Such complaint may be served by certified mail, and return receipt signed by the operator, an officer of a corporate operator, or the designated agent of the operator shall constitute service. The operator shall answer the complaint and request a hearing before a designated hearing officer within thirty (30) days from receipt of the complaint if matters asserted in the complaint are disputed. If the operator fails to answer the complaint and request a hearing, the matters asserted in the complaint shall be deemed admitted by the operator, and the board may proceed to cancel the reclamation plan and forfeit the bond in the amount necessary to reclaim affected lands. Upon request for a hearing by an operator, the board shall schedule a hearing before a hearing officer appointed by the board at a time not less than thirty (30) days after the date the operator requests a hearing. The board shall issue subpoenas at the request of the director of the department of lands and at the request of the charged operator, and the matter shall be otherwise handled and conducted in accordance with sections 67-5209 through 67-5213, Idaho Code. The hearing officer shall, pursuant to said hearing, enter an order in accordance with section 67-5212, Idaho Code, which, if adverse to the operator, shall designate a time period within which corrective action should be taken. The time period designated shall be long enough to allow the operator, in the exercise of reasonable diligence, to rectify any failure to comply designated in said order. In the event that the operator takes such action as is necessary to comply with the order within the time period designated in said order, no further action shall be taken by the board to compel performance under the act.

(b) Upon request of the board, the attorney general shall institute proceedings to have the bond of an operator forfeited for the violation by the operator of an order entered pursuant to this section.

(c) The forfeiture of such bond shall fully satisfy all obligations of the operator to reclaim the affected land under the provisions of this act. If the violation involves an operator that has not furnished a bond required by this act, or an operator that is not required to furnish a bond pursuant to this act, or an operator who violates this act by performing an act not included in the original approved reclamation plan, and such departure from the plan is not subsequently approved, such operator shall be subject to a civil penalty for his failure to comply with such order in the amount determined by the board to be the anticipated cost of reasonable reclamation of affected lands.

(d) Notwithstanding any other provisions of this act, the board may commence an action without bond or undertaking, in the name of the state of Idaho to enjoin any operator who is conducting operations without an approved reclamation plan required by section 47-1506, Idaho Code, or without the bond required by this act. The court, or a judge thereof at chambers, if satisfied from the complaint or by affi-
davits that such acts have been or are being committed, shall issue a
temporary restraining order without notice or bond, enjoining the
defendant, his agents, and employees from conducting such operations
without said reclamation plan or bond. Upon a showing of good cause
therefor, the temporary restraining order may require the defendant to
perform reclamation of the mined area in conformity with sections
47-1509 and 47-1510, Idaho Code, pending final disposition of the
action. The action shall then proceed as in other cases for injunc-
tions. If it is established at trial that the defendant has operated
without an approved reclamation plan or bond, the court shall enter,
in addition to any other order, a decree enjoining the defendant, his
agents and employees from thereafter conducting such activities or
similar actions in violation of this act. The board may, in conjunc-
tion with its injunctive procedures, proceed in the same or in a sepa-
rate action to recover from an operator who is conducting surface min-
ing or exploration operations without the required plan or bond, the
cost of performing the reclamation activities required by sections
47-1509 and 47-1510, Idaho Code, from any such operator who has not
filed a bond to cover the cost of the reclamation required.
(e) Notwithstanding any other provision of this act, the board
may, without bond or undertaking and without any administrative
action, hearing or decision, commence an action in the name of the
state of Idaho (1) to enjoin a permitted surface mining operation
when, under an existing approved plan, an operator violates the terms
of the plan and where immediate and irreparable injury, loss or damage
may result to the state and (2) to recover the penalties and to col-
lect civil damages provided for by law.
(f) In addition to the procedures set forth in subsections (a),
(d) and (e) of this section, and in addition to the civil penalty pro-
vided in subsection (c) of this section, any operator who violates any
of the provisions of this act or regulations adopted pursuant thereto,
or who fails to perform the duties imposed by these provisions, or who
violates any determination or order promulgated pursuant to the provi-
sions of this act, shall be liable to a civil penalty of not less than
five hundred dollars ($500) nor more than two thousand five hundred
dollars ($2,500) for each day during which such violation continues,
and in addition may be enjoined from continuing such violation. Such
penalties shall be recoverable in an action brought in the name of the
state of Idaho by the attorney general in the district court for the
county where the violation, or some part thereof, occurs, or in the
district court for the county wherein the defendant resides. All sums
recovered shall be placed in the state treasury and credited to the
surface mining reclamation fund, which is hereby created, to be used
to reclaim affected lands and to administer this act.
(g) Any person who wilfully and knowingly falsifies any records,
information, plans, specifications, or other data required by the
board or wilfully fails, neglects, or refuses to comply with any of
the provisions of this act shall be guilty of a misdemeanor and shall
be punished by a fine of not less than one thousand dollars ($1,000)
and not more than five thousand dollars ($5,000) or imprisonment not
to exceed one (1) year or both.
(h) This act shall apply only to bonds obtained subsequent to
June 30, 1985. Any amendment to this chapter shall not affect the validity or modify the amount, terms or conditions of any bond in effect as of the effective date of such amendment.

SECTION 2. That Chapter 25, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-2510, Idaho Code, and to read as follows:

63-2510. PAYMENT OF TAX -- RETURNS -- ACCOUNTING FOR STAMPS.
(1) The cigarette taxes imposed in section 63-2510, Idaho Code, are due from the person required under section 63-2508, Idaho Code, to affix stamps, and are payable to the state tax commission monthly, together with the return required in this section.

(2) Every person owing cigarette taxes and every wholesaler shall file a return with the state tax commission in such form as the commission shall prescribe. The return shall report all taxes due regarding cigarettes received during the month or other reporting period, approved by the state tax commission, to which the return relates. The return shall contain such other information as the state tax commission shall require, and shall be signed by the person required to file the return or by such person's duly authorized agent. The return shall be filed on or before the twentieth day of the month following the end of the taxable period to which the return relates.
(3) The amount allowed as compensation for affixing stamps under section 63-2509, Idaho Code, shall be separately stated on the return as a credit against taxes due on the return.

(4) In addition to reporting the tax due as provided in this section, the return shall provide an accounting of all cigarette stamps acquired, held, and affixed by the wholesaler. The return shall include:
   (a) The number of stamps which were held at the beginning of the reporting period and were not affixed to packages;

(6) A wholesaler may claim a credit against taxes due on the tax return for taxes previously paid on cigarettes, which after stamps are affixed, become unmarketable and are returned to the manufacturer. When such return is verified in such manner as the state tax commission may, by regulation provide, the credit applies to the tax return for the month in which the verification occurs; except that, any amount of credit exceeding the tax due on the tax return may be carried forward to the succeeding tax return, in chronological order until exhausted.

The bond required shall, in no case, be less than one thousand dollars ($1,000). The total amount required to be secured by the bond may be increased or reduced by the commission at any time. Any bond given in conjunction with the provisions of this section shall be a continuing instrument, and shall
cover the period during which the license or permit in connection with which the bond is given is in effect, unless the surety on the bond is released or discharged by the commission. Any surety on any bond furnished by a wholesaler shall be discharged only by the commission. Any surety on any bond furnished by a wholesaler shall be discharged and released by the commission from, any and all, liability to the state, accruing on the bond after the expiration of thirty (30) days from the date upon which the surety shall have lodged with the commission a written request to be released and discharged. The request shall not operate to relieve, release, or discharge the surety from any liability accrued, or which will accrue, before the expiration of the thirty (30) day period. The commission shall promptly, upon receipt of the notice of the request, notify the wholesaler and require him to furnish a new bond. Unless the wholesaler files a new bond with the commission in the amount provided in this section before the expiration of the thirty (30) day period, the commission shall immediately cancel the wholesaler's license or permit.

(2) In the event that any taxes due under the provisions of this chapter are not paid by a wholesaler, and the unpaid taxes are assessed by the commission, and after all avenues for appeal of the assessment have been exhausted, the commission may apply the unpaid tax liability against the bond required in this section.

An injunction, enjoining the continuance of the business by such person, may be granted without bond by any court or judge authorized by law to grant injunctions.

SECTION 6. Wholesalers required to file returns and pay taxes, pursuant to section 63-2510, Idaho Code, shall not be required to report tax in regard to any stamps affixed to packages after the effective date of this act, if such stamps were purchased from the commission before the effective date of this act.

SECTION 7. This act shall be in full force and effect on and after July 1, 1989.

Any bond given in conjunction with this chapter shall be a continuing instrument, and shall cover the period during which the license in connection with which the bond is given is in effect, unless the surety on the bond is released or discharged by the commission. Any surety on any bond furnished by a licensee shall be discharged and released from any and all liability to the state accruing on the bond after the expiration of thirty (30) days from the date upon which the surety shall have lodged with the commission a written request to be released and discharged. The request shall not operate to relieve, release or discharge the surety from any liability accruing, or which will accrue, before the expiration of the thirty (30) day period. The commission shall promptly, upon receipt of the notice of the request, notify the licensee and require him to furnish a new bond. Unless the licensee files a new bond with the commission in the amount provided in this section before the expiration of the thirty (30) day period, the commission shall immediately cancel the licensee's license.

(2) In the event that any taxes due under the provisions of this chapter are not paid by a licensed distributor or a licensed special fuels dealer, and the unpaid taxes are assessed by the commission, and

The director of security has the authority to:

(1) Issue administrative subpoenas during the conduct of investigations in accordance with commission rules and regulations and this chapter;
(2) Require fingerprint and background checks of prospective employees and contractors; and
(3) Access criminal offender record information from the department of law enforcement for the purpose of background or other investigations performed in accordance with commission rules and regulations and this chapter.

Such information obtained and kept by the security director shall be confidential and shall not be subject to public disclosure except as provided specifically by law or lottery rule. Nothing herein shall prohibit the lottery from disclosing information obtained by it to law enforcement agencies or other lottery organizations for security or enforcement purposes.

67-7411. CONTRACTING WITH LOTTERY GAME RETAILERS. The commission shall promulgate rules and regulations specifying the terms and conditions for contracting with lottery game retailers to provide availability of tickets or shares to prospective buyers of each lottery game.

A lottery game retailer contract shall not be entered into if there is substantial evidence that the prospective lottery game retailer has had a license or contract to sell lottery tickets or shares suspended or revoked in another state or jurisdiction, or has
knowingly made a false statement of material fact to the lottery.

67-7412. SELECTION OF LOTTERY GAME RETAILERS. The director, pursuant to rule, shall select as lottery game retailers such persons as are deemed best to serve the public convenience and to promote the sale of tickets or shares. No natural person under the age of eighteen (18) shall be a lottery game retailer. In the selection of a lottery game retailer, the director shall consider factors such as financial responsibility, accessibility of the place of business or activity to the public, security of the premises, integrity, reputation, the sufficiency of existing lottery game retailers to serve the public convenience and the projected volume of sales for the lottery game involved.

Prior to the execution of any contract with a lottery game retailer, the director may require a prospective lottery game retailer to disclose to the lottery the lottery game retailer's name and address and the names and addresses of the following:

(1) If the prospective lottery game retailer is a corporation, the officers, directors, and each stockholder in such corporation; except that, in the case of stockholders of publicly held equity securities of a publicly traded corporation, only the names and addresses of those known to the corporation to own five percent (5%) or more of such securities need be disclosed;

(2) If the prospective lottery game retailer is a trust, the trustee and all persons entitled to receive income or benefit from the trust;

(3) If the prospective lottery game retailer is an association, the members, officers, and directors;

(4) If the prospective lottery game retailer is a subsidiary, the officers, directors and each stockholder of the parent corporation thereof; except that, in the case of stockholders of a publicly traded corporation, only the names and addresses of those known to the corporation to own five percent (5%) or more of such securities need be disclosed;

(5) If the prospective lottery game retailer is a partnership or joint venture, all of the general partners, limited partners, or joint venturers;

(6) If the parent company, general partner, limited partner, or joint venturer of any prospective lottery game retailer is itself a corporation, trust, association, subsidiary, partnership, or joint venture, then all of the information required herein shall be disclosed for such other entity as if it were itself a prospective lottery game retailer to the end that full disclosure of ultimate ownership be achieved;

(7) If any member of the immediate family of any prospective lottery game retailer is involved in the lottery game retailer's business in any capacity, then all of the information required herein shall be disclosed for such immediate family member as if such immediate family member were a prospective lottery game retailer;

(8) The details of any felony conviction of a criminal offense, state or federal, of the vendor or any person whose name and address are required by the disclosure requirements of this section; and
(9) The details of any disciplinary action of a judicial nature taken by any state against the supplier or any person whose name and address are required by this section regarding any matter related to the selling, leasing, offering for sale or lease, buying, or servicing of gaming materials or equipment.

No person shall be a lottery game retailer who is engaged exclusively in the business of selling lottery tickets or shares. The director may contract with lottery game retailers on a permanent, seasonal or temporary basis. The lottery may require payment by each lottery game retailer to the lottery of an initial fee and an annual fee as a condition for a contract to be a lottery game retailer. The authority to act as a lottery game retailer shall not be assignable or transferable. A lottery game retailer shall report immediately to the lottery any changes in the information required in this section.

67-7413. TERMINATION OF THE LOTTERY GAME RETAILER. The director may terminate a contract with a lottery game retailer for such reasons of termination as shall be recited in such contract, which reasons shall include, but not be limited to, the knowing sale of tickets or shares to any person under the age of eighteen (18).

67-7414. COMPENSATION FOR LOTTERY GAME RETAILERS. The compensation paid to lottery game retailers shall be five percent (5%) of the retail price of the tickets or shares. The director may pay lottery game retailers an additional one percent (1%) incentive bonus based on attainment of sales volume or other objectives specified by the director for each lottery game.

67-7415. SALES TO PERSONS UNDER THE AGE OF EIGHTEEN. No tickets or shares in the lottery games shall be sold by or to persons under the age of eighteen (18). In the case of lottery tickets or shares sold by lottery game retailers or their employees, such persons shall establish safeguards to help assure that such sales are not made to natural persons under the age of eighteen (18).

67-7416. DISPLAY OF CERTIFICATE OF AUTHORITY. No lottery tickets or shares shall be sold by a lottery game retailer unless the retailer has on public display on the premises a certificate of authority to sell lottery tickets or shares signed by the director.

67-7417. LOTTERY GAME RETAILER BONDING. The director may require an appropriate bond from any lottery game retailer or may purchase blanket bonds covering the activities of selected lottery game retailers.

67-7419. LOTTERY GAME RETAILER PAYMENTS. No payment by lottery
game retailers to the lottery for tickets or shares shall be in cash. All such payments shall be in the form of a check, bank draft, electronic fund transfer, or other recorded financial instrument as prescribed by lottery rule. The director may require lottery game retailers to deposit to the credit of the lottery, in financial institutions designated by the director, money received by lottery game retailers from sale of tickets and/or shares, less the amount of compensation, if any, authorized under section 67-7414, Idaho Code, and to file with the lottery reports of receipts and transactions in the sale of tickets in the form and containing the information the director requires.

67-7420. CONTRACTS FOR MAJOR PROCUREMENTS. Subject to the approval of the commission and the applicable laws relating to public contracts, the director may solicit bids and enter into major procurement contracts for the purchase or lease of lottery equipment, lottery game data processing systems, tickets, services or materials for use in the operation of lottery games or for auditing services. Any such contract shall be awarded to a technically competent bidder, taking into account the lowest bid, secondary cost benefits and the resulting projected net income which would accrue to the benefit of the state over the term of the contract.

In all awards of contracts, the lottery shall take particular account of the sensitive and responsible nature of the lottery and the paramount consideration of security and integrity.

67-7421. LOTTERY VENDOR DISCLOSURES FOR MAJOR PROCUREMENTS. This section is provided to allow the lottery to evaluate the competence, integrity, background, character and the nature of the true ownership and control of lottery vendors. The lottery may require any person, as a part of a major procurement, to disclose at the time of submitting such bid, proposal or offer to the lottery the following information:

1. If the vendor is a partnership or joint venture, the names and addresses of all of the general and limited partners or joint venturers; if such general and limited partners or joint venturers are themselves a partnership, joint venture, trust, association, corporation, subsidiary, or intermediary corporation, the same information required by this section shall be supplied for such entities also;

2. If the vendor is a trust, the names and addresses of the trustee and all persons entitled to receive income or benefit of the trust;

3. If the vendor is an association, the names and addresses of the members, officers and directors;

4. If the vendor is a corporation, the names and addresses of the officers, directors and each owner or holder, directly or indirectly, of any equity security or other evidence of ownership of any interest in such corporation; except that, in the case of owners or holders of publicly held securities of an intermediary company, holding company, or parent company that is a publicly traded corporation, only the names and addresses of those owning or holding five percent (5%) or more of such publicly held securities need be disclosed;

5. If the supplier intends to or does subcontract to another
person or entity any integral or substantial portion of the work to be performed in supplying such materials, equipment or services, then the supplier shall supply the information required by subparagraphs in this section for all such persons or entities;

(6) If the vendor is a corporation, the names of all the states in which the vendor is incorporated to do business, and the nature of that business;

(7) The names of other jurisdictions in which the supplier has contracts to supply gaming materials, equipment or services and the types of gaming materials, equipment or services involved therewith;

(8) The details of any felony conviction of a criminal offense, state or federal, of the vendor or any person whose name and address are required by the disclosure requirements of this section;

(9) The details of any disciplinary action of a judicial nature taken by any state against the supplier or any person whose name and address are required by this section regarding any matter related to the selling, leasing, offering for sale or lease, buying, or servicing of gaming materials or equipment;

(10) Audited financial statements for the most recent five (5) years and a statement of the gross receipts realized in the preceding year from the sale, lease or distribution of gaming materials, equipment or services. This information shall be considered confidential and shall not be disclosed to the public;

(11) The name and address of any source of game materials, equipment or services for the vendor; and

(12) Such other information, accompanied by such documents, as the lottery, by rule, regulation or contract procurement documents, may require as being necessary or appropriate in the public interest to accomplish the purposes of this section.

A major procurement contractor shall report immediately any changes in the information required in this section.

67-7422. SEPARATION OF VENDORS AND RETAILERS. No person, firm, association or corporation contracting to supply lottery equipment or materials to the state for use in the operation of the lottery shall be directly or indirectly connected with any person, firm, association or corporation selected as retailers.

67-7426. COMPLIANCE WITH APPLICABLE LAWS. Each lottery contractor shall perform its contract consistent with the applicable rules of the lottery, the laws of this state, federal laws, and the laws of the
state or jurisdiction in which the lottery contractor is performing or producing, in whole or in part, any of the goods or services contracted for hereunder. No contract with any lottery contractor who fails to comply with such laws or rules shall be entered into or be enforceable.

67-7427. VENDOR PERFORMANCE BONDS. Each vendor, at the time of executing a contract, shall post a performance bond in a manner and form as required by the lottery. The lottery may accept other security in lieu of a bond when in its judgment the security is sufficient to guarantee the faithful performance of the contract.

67-7428. STATE LOTTERY ACCOUNT. There is hereby created in the dedicated fund of the state treasury, the state lottery account. The state lottery account is continuously appropriated to the state lottery for the purposes of operating the lottery and fulfilling its objectives.

67-7429. PROHIBITION ON USE OF STATE FUNDS. It is the intent of this chapter that the state lottery, established by this chapter, shall be a self-supporting, revenue raising agency of state government. No appropriations, loans, or other transfer of state funds shall be made to the state lottery, except for the temporary line of credit for initial start-up costs of the lottery, as provided in this chapter.

67-7430. TEMPORARY LINE OF CREDIT FOR START-UP COSTS. There is hereby established a temporary line of credit to be drawn from the state general account to the state lottery account in the amount of one million dollars ($1,000,000). This amount of money is continuously appropriated for carrying out the purposes of this chapter. This temporary line of credit may be drawn upon by the state lottery only during the first eighteen (18) months after the effective date of this chapter and only for the purpose of financing the initial start-up of the lottery. The lottery may draw upon all or part of this temporary line of credit, as shall be required. The money so advanced from the state general account shall be repaid with interest to the general account within one (1) year from the date the lottery first begins to sell lottery tickets or shares. The interest of ten percent (10%) per annum, shall be calculated upon the principal amount outstanding each month until repaid.

67-7431. CASH RECEIPTS. The following moneys shall be deposited in the state lottery account, as established under section 67-7428, Idaho Code:
(1) All moneys received from the sale of lottery tickets or shares;
(2) Funds drawn against the temporary line of credit, as established under section 67-7430, Idaho Code; and
(3) Any other moneys received by the lottery from whatever source.

67-7433. PRIZE EXPENSE. Total prize expense, net of unclaimed prizes, as determined on a cumulative basis, shall be no less than forty-five percent (45%) of lottery revenues. In addition, low-tier claims, if any, that are to be paid by the selling lottery game retailer and are not claimed, shall be construed to be a prize expense and shall inure to the benefit of the selling lottery retailer.

67-7434. LOTTERY DIVIDENDS. At least annually, the lottery shall transfer one-half (1/2) of its net income to the permanent building account and one-half (1/2) of its net income to the school district building account, after reserving sufficient moneys to ensure the continuation of the lottery, as determined by the director and commission.

An independent certified public accountant, retained by the lottery, shall witness all drawings of the lottery.
67-7437. PRIZES. Except as otherwise provided in this section, any prize won under this chapter is not assignable. If the prize winner dies before the prize is paid, the prize shall be paid to the estate of the prize winner. A prize is subject to garnishment and recovery for unpaid taxes, child support or public assistance benefits paid and recoverable by the state or any county, or by a person pursuant to a judgment and execution under an order of the court. The lottery shall not pay a prize claim until the lottery ticket or share has passed the validation tests established by the lottery.

No prize shall be paid arising from claimed tickets or shares that are stolen, counterfeit, altered, fraudulent, unissued, produced or issued in error, unreadable, not received or not recorded by the lottery by applicable deadlines, lacking in captions that confirm and agree with the lottery play symbols as appropriate to the game involved, or not in compliance with such additional specific rules and regulations and public or confidential validation and security tests of the lottery appropriate to the particular lottery game involved.

No particular prize in any lottery game may be paid more than once, and in the event of a binding determination that more than one claimant is entitled to a particular prize, the sole remedy of such claimants is the award to each of them an equal share in the prize.

67-7438. PRIZE CLAIMING PERIOD. Prizes may be claimed for a period of one hundred and eighty (180) days after the drawing in which the prize was won or from the last day tickets from that specific instant game were sold. Prizes won through an electronic terminal shall be payable in accordance with rules and regulations of the lottery. If a claim is not made for the prize within the applicable period, the prize money shall be added to future prize pools, to be used in addition to prize allotments already allocated, except as provided in section 67-7433, Idaho Code.

67-7439. TAXES. No state or local taxes of any kind whatsoever shall be imposed upon the proceeds from a prize awarded by the state lottery. The lottery shall pay to a city, county, the state or any political subdivision or municipality thereof in which the lottery occupies a premise owned by the state a grant not to exceed the amount that would be payable as taxes on the property in that year, if the property were not exempt from taxation.

shall remain confidential and shall not be subject to public inspec-
tion.

Notwithstanding any other provision of law, the commission shall
determine which documents and information obtained and held for the
purposes of lottery security and investigative action shall be confi-
dential by rule and regulation. Such confidential information shall be
subject to disclosure only by subpoena or court order upon a showing
that the public interest in disclosure substantially outweighs the
private need for protection from public disclosure. Nothing herein
shall prohibit the lottery from disclosing information obtained by it
to law enforcement agencies or other lottery organizations.

No lottery employee shall divulge or make known to any person in
any manner any information, whatsoever, obtained directly or indi-

thereof to be seen except under such rules and regulations which the
lottery shall prescribe. Any employee violating provisions of this
section shall be guilty of a misdemeanor.

67-7445. CONDITIONS OF PURCHASE. By purchasing a ticket or share in a lottery game, a player agrees to abide by, and be bound by, the lottery's rules and regulations and by lottery game rules developed by the lottery to apply to any particular lottery game involved. In particular, and without limitation, the player acknowledges, that the determination of whether the player is a valid winner is subject to winner validation procedures and confidential validation and security tests established by the lottery for the particular lottery game.

67-7446. RESTRICTIONS. Notwithstanding the provisions of section 23-928, Idaho Code, nothing in that section shall be construed to authorize any form of games of chance or private lotteries, except as may be authorized expressly by this chapter in accordance with the Idaho Constitution.

67-7447. LAWFUL ACTIVITY. Chapters 38 and 49, Title 18, Idaho Code, or any other state or local law or regulation providing any penalty, disability, restriction, regulation or prohibition for the manufacture, transportation, storage, distribution, advertising, possession, or sale of any lottery tickets or shares or for the operation of any lottery game shall not apply to the tickets or shares of the state lottery established in this chapter.

67-7448. PROHIBITED ACTS -- PENALTIES. Any person may gift tickets or shares. A lottery retailer may not wilfully withhold funds due and owing
to the lottery. A person may not impersonate a lottery representative.

Any person violating any of the provisions of this chapter shall be guilty of a misdemeanor and upon conviction be fined up to five thousand dollars ($5,000) or imprisoned up to six (6) months or be both so fined and imprisoned.

67-7449. CAP ON ADMINISTRATIVE COSTS. During the first year of operation, administrative costs shall not exceed twenty percent (20%) of lottery revenue. The notice required to be published in a newspaper by the foregoing sentence shall, in the case of a sale of realty contain an accurate description of the realty by legal description and, if the realty be located within a city, description by street address, and if the realty be located outside the limits of a city then such notice

The proceeds from such sales shall be paid into the county treasury for the use of the county, unless such property has been acquired by tax deed, in which event the proceeds from such sale, after deducting the advertising and selling costs which shall be reimbursed to the county, shall be prorated to the taxing districts in which the property is situated in proportion of each tax for the year of delinquency upon which the tax deed was issued to the county, except that any special assessment listed on the tax roll on that property shall be paid in full for the year of the tax deed and the subsequent two (2) years before the moneys are prorated. If such property is sold on terms the board of county commissioners may contract for the sale of the same for a period of years not exceeding ten (10) years, with an annual rate of interest on all deferred payments not to exceed eight per cent (8%) per annum. The title to all property sold on contract shall be retained in the name of the county until full payment has been made by the purchaser. Any property sold by the board of county commissioners under the provisions of this section, either for cash or on contract, shall be assessed by the county assessor in the same manner and upon the same basis of valuation as though the purchaser held the record title to the property so sold. The board of county commissioners shall have authority to cancel any contract of sale if the purchaser shall fail to comply with any of the terms of such contract, and retain all payments paid thereon. The board of county commissioners may by agreement with the purchaser modify or extend any of the terms of any contracts of sale, but the total period of years shall not exceed ten (10) years. Any such sale made by the board of county commissioners of property acquired through tax deed shall, subject to the provisions of this section, vest in the purchaser all of the right, title and interest of the county in the property so sold, including all delinquent taxes which have become a lien on the property since the date of the tax sale certificate upon which any tax deed has been issued, with the exception of any liens for special assessments which are unsatisfied as to present and future principal and interest payments, and any penalties which are due, and such board shall have discretionary authority to reject or accept any bid which may be made for a less amount than the total amount of all delinquent taxes, penalties, and interest which may have accrued against any property so offered for sale, including the amount specified in the tax deed to the county. It shall be the duty of the board of county commissioners in advertising any property for sale, under this act, which has been acquired by tax deed to insert either before or after each description of real estate offered for sale the name of the taxpayer as it appears in the delinquent tax certificate upon which the tax deed held by the county was issued. Whenever a sale or transfer of any real estate acquired by tax deed has been under the provisions of this section, the bidder for any such real estate, whether bidding for himself or for another, must include or add to such bid the additional sum of two dollars ($2.00) per page, or as currently provided in section 31-3205, Idaho Code, which sum shall be a fee for recording the deed conveying such real estate to the purchaser. No deed for any such real estate sold under the provisions of
this section shall be delivered to a purchaser or his representative
until such deed has been recorded in the county making the sale.

Provided, that any title to real property heretofore and/or here-
after acquired by any county under a tax deed, which in the judgment
of the board of county commissioners is suitable for the production of
trees and/or as a watershed, may be granted and conveyed by deed, to
the United States of America by the county tax collector upon the
order of the board of county commissioners. The said board of county
commissioners shall appraise and determine the value of such real
property immediately prior to the execution of the deed conveying the
same to the United States of America. And the board of county com-
missioners shall accept from the United States of America for and on
behalf of the county, as full compensation for each tract and parcel
of such real property conveyed, title to stumpage having an approxi-
mate value equal to the appraised value of the real property described
in the deed or conveyance. All stumpage acquired by the county under
the provisions of this paragraph shall be sold by the board of county
commissioners for a price which shall not be less than its approximate
value at the time it was received by the county from the United States
of America, and the proceeds of such sale of such stumpage shall be
deposited in the county treasury for the use of the county. The execu-
tion by the county tax collector of the deed of conveyance to the
United States of America conveying any tract or parcel of such real
property shall operate to discharge and cancel all levies and/or liens
for taxes made or created for the benefit of the state, county, school
district or any taxing unit or district, and to cancel all titles or
claims of title, including claims for redemption, to such real prop-
erty, asserted or existing at the time of such execution. No public
notice of the intention to convey title to any of the real property
defined by this paragraph shall be necessary.

Provided further, that the board of county commissioners may, in
their discretion, whenever they shall determine it is desirable and
for the general welfare and benefit of the people of the county, grant
and convey by deed to the United States of America or any agency
thereof title in fee simple, or any other interest in and to any real
estate owned by the county, whether acquired by tax deed or otherwise,
which may be required by the United States or such agency for electric
transmission or distribution lines or facilities connected therewith.
Before making any such conveyance, the board of county commissioners
shall enter a resolution declaring the intention of such board to make
a conveyance of real property under authority of this act, and shall
cause notice thereof to be published in at least two (2) weekly issues
of the official newspaper of said county before final action shall be
taken, specifying the time and place where objections to such action
may be filed and the time when such objections will be considered,
provided, that if no newspaper is published in said county, such
notice may be given by posting such notice in three (3) public places
in the county, one (1) of which shall be at the county courthouse, in
the place provided for posting similar notices, for a period of at
least ten (10) days immediately preceding the time fixed for hearing
of objections. If no objections are filed or objections are overruled,
the board may then convey the real property proposed in said resolu-
tion to be conveyed, as herein authorized: such conveyance may be for such consideration as may be determined by said board.

Provided further that when any city desires to acquire lands, for the purpose of constructing and maintaining an aviation field, airport, hangars and other air navigation facilities thereon, as provided in chapter 4, title 21, Idaho Code, and the title to all or any portion of the lands so desired for such purpose not exceeding in area one thousand two hundred and eighty (1,280) acres, is vested in any county under tax deed, said land so owned by the county, may be sold and conveyed to any such city for such purposes by the county owning the same at a price to be fixed by resolution of the board of county commissioners. No public notice of the intention of the county to sell and convey title to any city for such purposes shall be necessary.

Provided further, that the board of county commissioners may, in their discretion, without previous notice by advertisement or otherwise, grant to the state of Idaho, with or without compensation, for state highway purposes; or may convey, with or without consideration, to any junior community college district, organized within the county under the provisions of sections 33-2101--33-2118, Idaho Code, or with or without consideration to any local historical society which is incorporated as an Idaho nonprofit corporation which operates primarily in the county or maintains a museum in the county, any real property owned by the county, not necessary for the use of the county, whether acquired by tax deed or otherwise.

Provided further, that the board of county commissioners may, in their discretion and without previous notice by advertisement or otherwise, grant, with or without compensation, to any school district located partially or wholly within the county and created, existing or established pursuant to chapter 3 of title 33, Idaho Code, any real property, or interest in real property, owned by the county but not necessary for the use of the county, whether acquired by tax deed or otherwise.

The execution and delivery by the county of the deed conveying such property, right-of-way, or other interest in such property to the United States of America or any agency thereof, the state, city, school district, or junior community college district or local historical society for such purposes, which shall be specified in the deed, shall operate to discharge and cancel all levies, liens and taxes made or created for the benefit of the state, county, school district and all other taxing units and to cancel all titles or claims of title including claims of redemption to such real property asserted or existing at the time of such conveyance, provided however, that notwithstanding the aforesaid, if any such conveyances are made and the property conveyed is subject to a lien for one or more unsatisfied special assessments the lien of any such unsatisfied special assessment shall continue until such special assessment shall have been paid in full. At no time shall a lien for a special assessment be extinguished prior to such special assessment having been paid in full.

Any real property conveyed to any local historical society by the county shall revert to the county when the property is no longer utilized for the purposes for which it was conveyed.

Except for property acquired by tax deed, should the county be
unable to sell at a public auction any real or personal property belonging to the county, not necessary for its use, at the fixed minimum price, it may then sell said real or personal property, without further notice, by public or private sale upon such terms and conditions as it deems necessary to sell said property at the fixed minimum price.

A highway district or single county-wide highway district shall follow the provisions of this section when selling real or personal property belonging to it, but not necessary for its use. The proceeds from such sale shall be paid to the highway district or single county-wide district for its use.

CHAPTER 259
(H.B. No. 593)

AN ACT
RELATING TO HAZARDOUS WASTE; AMENDING SECTION 39-4404, IDAHO CODE, TO AUTHORIZE THE BOARD OF HEALTH AND WELFARE TO ADOPT RULES AND REGULATIONS CONSISTENT WITH, BUT NO MORE STRINGENT THAN THE RESOURCE CONSERVATION AND RECOVERY ACT; AMENDING SECTION 39-4409, IDAHO CODE, TO AUTHORIZE THE BOARD OF HEALTH AND WELFARE TO ADOPT RULES AND REGULATIONS REGARDING EXISTING INTERIM STATUS SURFACE IMPOUNDMENTS; AND AMENDING SECTION 39-4413, IDAHO CODE, TO REVISE THE GROUNDS FOR REVOCATION OR TEMPORARY SUSPENSION OF HAZARDOUS WASTE FACILITY PERMITS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-4404, Idaho Code, be, and the same is hereby amended to read as follows:

39-4404. CONSISTENCY WITH FEDERAL LAW. The legislature intends that the state of Idaho enact and carry out a hazardous waste program that will enable the state to assume primacy over hazardous waste control from the federal government.

The legislature finds that the RCRA, as amended, 42 U.S.C., section 6901 et seq., and regulations adopted pursuant thereto, establish complex and detailed provisions for regulation of those who generate, transport, treat, store, and dispose of hazardous wastes. The legislature cannot conveniently or advantageously set forth in this chapter all the requirements of all of the regulations which have been or will be established under RCRA. However, by the provisions of this chapter, the legislature desires to avoid the existence of duplicative, overlapping or conflicting state and federal regulatory systems.

Therefore, the board is directed to promulgate rules and regulations which are in substance consistent with RCRA and the federal regulations adopted by the administrator of the United States environmental protection agency to implement RCRA. The board may not promulgate rules or regulations governing activities affected by such federal regulations until at least six (6) months after the promulgation of such regulations by the environmental protection agency. The six (6) months' delay shall apply, but not be limited, to rules and regulations concerning mining waste, mineral processing waste, and all other materials under study by the administrator of the environmental protection agency as required by 42 U.S.C. sections 6982(f) and 6982(p). Until such time as the board has promulgated rules and regulations
concerning mining and mineral wastes and materials under study by the administrator, those wastes and materials shall not be considered or defined as hazardous wastes under this chapter; provided, however, that spent potliners from primary aluminum reduction, or environmental protection agency hazardous waste number K088, shall be defined as hazardous waste. Farmers and ranchers who treat, store, or dispose of waste pesticides from their operations on lands owned or controlled by them shall not be required by board rules or regulations to do anything more than follow the instructions on the pesticide label and triple rinse empty containers in accordance with the RCRA regulations of the environmental protection agency. The board may not promulgate any rule or regulation that would impose conditions or requirements more stringent or broader in scope than RCRA and the RCRA regulations of the environmental protection agency. The board may, however, promulgate procedural rules and regulations and rules and regulations specifically authorized by this chapter or other state statutes without showing that those rules and regulations are required by RCRA or the regulations of the environmental protection agency; provided that those rules and regulations shall not conflict with this section, other sections of this chapter, RCRA, or the rules and regulations of the environmental protection agency. Any rule or regulation promulgated by the board shall be valid until it is repealed or modified through the administrative process of section 67-5201, Idaho Code, et seq.

SECTION 2. That Section 39-4409, Idaho Code, be, and the same is hereby amended to read as follows:

39-4409. PERMIT REQUIREMENTS FOR HAZARDOUS WASTE TREATMENT, STORAGE, OR DISPOSAL FACILITIES. (1) No person shall construct, operate, or modify a hazardous waste treatment, storage, or disposal facility or site without a permit from the department. The owner or operator of the facility or site rather than the builder shall be responsible for obtaining the permit. Permits may contain such conditions necessary to protect human health and environment. The board may exempt classes or categories of hazardous waste treatment, storage, or disposal facilities from the permit requirement if the exemption is in the public interest and consistent with RCRA requirements. The fact that a class or category of such facilities is not required to obtain a federal permit shall be persuasive evidence that an exemption is in the public interest.

(2) Interim status granted by RCRA or a permit issued by the United States environmental protection agency prior to the date that the state program is authorized by the administrator of that agency shall be adopted by the department as a state granted interim status or as a state granted permit until the department issues a new state permit. The board may adopt such rules and regulations as necessary to:

(a) Allow other facilities to qualify for interim status;
(b) Require existing interim status surface impoundments, new units, replacement of existing units, and lateral expansions of existing interim status facilities to comply with all regulations
which apply to new facilities; and
(c) Provide for the termination of interim status.

(3) The board shall promulgate rules and regulations establishing the terms and conditions for issuing permits to the described facilities and sites. The rules and regulations shall provide for, but not be limited to:
(a) Standards and procedures for the safe operation and maintenance of the facilities and sites;
(b) Education and training qualifications of personnel at the facilities and sites;
(c) Contractual commitment or consent to each facility or site from all holders of interests in the real property committed to that facility or site;
(d) Monetary assurances in such form and amount as are necessary for effective management, maintenance, and monitoring of the facilities and sites during and after operation;
(e) Evidence of financial responsibility for corrective action on-site and off-site;
(f) Liability insurance in such form and amount as is necessary to compensate for potential damages caused by the facilities and sites; provided, that liability insurance shall not be required in the event that liability insurance is not required by the federal regulations adopted pursuant to the RCRA;
(g) Emergency equipment and emergency response plans appropriate to the facilities and sites;
(h) Public participation in the permitting process consistent with 42 U.S.C. section 6974(b).

(4) Permits shall be issued for a period not to exceed ten (10) years or the maximum period allowed under RCRA, whichever is greater. However, permits may be reviewed at least every five (5) years and modified as necessary to take into account changes in this chapter or regulations promulgated pursuant to it and improvements in technology. Permits issued to hazardous waste facilities and sites by the department prior to the effective date of this chapter shall be reissued to conform with the provisions of this chapter and the rules and regulations promulgated under this chapter.

(5) Any permit issued after the effective date of this provision shall require corrective action to be taken on-site and off-site for all releases of hazardous waste or constituents, from any solid waste management unit at the treatment, storage, or disposal facility seeking the permit, regardless of the time when the waste was placed in such unit. Permits issued from November 8, 1985, until the effective date of this provision shall be reissued to conform with this provision.

(6) Any permit issued under this section may be revoked by the director, pursuant to the provisions of section 39-4413, Idaho Code, if the permitted party fails to comply with the terms and conditions of the permit, this chapter, or the rules and regulations promulgated under this chapter.

(7) The department may issue a variance from the requirements of the rules and regulations promulgated under this section, if, in the judgment of the director, application of the requirements would cause
unreasonable hardship and the granting of a variance would not be harmful to the public interest or inconsistent with RCRA requirements. A variance shall not exceed one (1) year in duration and may be renewed or extended only after the department provides public notice and an opportunity for public comment.

(8) (a) The director of the department may issue a research, development and demonstration permit for any hazardous waste treatment technology or process for which permit standards for such experimental activity have not been promulgated. Any such permit shall include such terms and conditions as will assure protection of human health and the environment. Such permits shall:
1. Provide for the construction of such facilities, as necessary, and for operation of the facility for not longer than one (1) year (unless renewed as provided below); and
2. Provide for the receipt and treatment by the facility of only those types and quantities of hazardous waste which the director deems necessary for purposes of determining the efficiency and performance capabilities of the technology or process and the effects of such technology or process on human health and the environment; and
3. Include such requirements as the director deems necessary to protect human health and the environment (including, but not limited to, requirements regarding monitoring, operation, insurance or bonding, financial responsibility, closure, and remedial action); and
4. Include such requirements as the director deems necessary regarding testing and providing of information to the director with respect to the operation of the facility.

(b) The director may apply the criteria set forth in paragraph (a) of this subsection in establishing the conditions of each permit without separate establishment of regulations implementing such criteria.

(c) For the purpose of expediting review and issuance of permits under this subsection, the director may, consistent with the protection of human health and the environment, modify or waive permit application and permit issuance requirements established in the general permit regulations except that there may be no modification or waiver of regulations regarding financial responsibility (including insurance) or of applicable public participation procedures.

SECTION 3. That Section 39-4413, Idaho Code, be, and the same is hereby amended to read as follows:

39-4413. ENFORCEMENT PROCEDURES. (A) Whenever the director determines that any person is in violation of any provision of this chapter or any permit, standard, regulation, condition, requirement, compliance agreement or order issued or promulgated pursuant to this chapter, one or more of the following actions may be taken:

(1) ADMINISTRATIVE ENFORCEMENT ACTIONS.

(a) Notice. The director may commence an administrative enforcement action by issuing a written notice of violation. The notice
of violation shall identify the alleged violation with specificity, shall specify each provision of the act, rule, regulation, permit or order which has been violated, and shall state the amount of civil penalty claimed for each violation. The notice of violation shall inform the person to whom it is directed of an opportunity to confer with the director or the director's designee in a compliance conference concerning the alleged violation. A written response may be required within fifteen (15) days of receipt of the notice of violation by the person to whom it is directed.

(b) Scheduling Compliance Conference. If a recipient of a notice of violation contacts the department within fifteen (15) days of the receipt of notice, the recipient shall be entitled to a compliance conference. The conference shall be held within twenty (20) days of the date of receipt of notice, unless a later date is agreed upon between the parties. If a compliance conference is not requested, the director may proceed with a civil enforcement action as provided in subsection (3) of this section.

(c) Compliance Conference. The compliance conference shall provide an opportunity for the recipient of a notice of violation to explain the circumstances of the alleged violation and, where appropriate, to present a proposal for remedying damage caused by the alleged violation and for assuring future compliance. If the recipient and the director agree on a plan to remedy damage caused by the alleged violation and to assure future compliance, they may enter into a consent order formalizing their agreement. The consent order may include a provision for payment of any agreed civil penalty.

(d) Effect of Consent Order. A consent order shall be effective immediately upon signing by both parties and shall preclude any civil enforcement action for the same alleged violation. If a party does not comply with the terms of the consent order, the director may seek and obtain in any appropriate district court specific performance of the consent order and such other relief as authorized in this chapter.

(e) Failure to Reach Agreement on Consent Order. If the parties cannot reach agreement on a consent order within sixty (60) days after the receipt of the notice of violation, or if the recipient does not request a compliance conference pursuant to subsection (A)(1)(b) of this section, the director may commence and prosecute a civil enforcement action in district court, in accordance with subsection (A)(3) of this section.

(2) PERMIT SUSPENSION OR REVOCATION PROCEEDINGS.

(a) Grounds. The director may revoke or temporarily suspend the permit of any hazardous waste facility or site if the permitted party fails to meet the requirements of a consent order or if the permitted party commits a violation of the law or a permit which pursuant to the grounds provided in subsection (6) of section 39-4409, Idaho Code

{iii}--creates-or-has-created-a-substantial-threat-to-the-public-health-or-to-the-environment; or

{iii}--is-repetitions-of-prior-violations-of-the-same-or-dif-
ferent-provisions-of-the-law: or
(iii)--is-allowed-to-continue--or--is--not--corrected--within thirty-(30)-days-of-a-notice-of-violation.

A violation that is shown to have occurred as the result of an unforeseeable act of God despite a permitted party's reasonable efforts to comply with all applicable legal requirements shall not be grounds for a suspension or revocation.

(b) Notice of Hearing. The director may commence a permit suspension or revocation action by giving a permitted party a written notice of intent to suspend or revoke. The notice shall inform the permitted party of facts or conduct which warrant suspension or revocation of the permit. The notice, hearing, and record requirements for contested cases contained in the Idaho administrative procedure act, chapter 52, title 67, Idaho Code, and subsection(A)(2)(c) of this section shall apply to proceedings initiated under this subsection. Revocation or suspension of a permit shall become final fifteen (15) days after delivery of the notice of intent to revoke or suspend unless the permitted party requests a hearing.

(c) Administrative Hearing Provisions.
(i) Upon a timely request by a permit holder for a hearing to review the director's action under subsection(A)(2)(b) of this section, the director shall promptly conduct a hearing open to the public. The contested case provisions of the Idaho administrative procedure act shall apply to all hearings conducted under this subsection.

(ii) The director shall have the authority to request from the district court in and for Ada county or any other appropriate district court the issuance of an order in the nature of a subpoena compelling the attendance and testimony of witnesses and the production before the director of papers, books, drawings, documents, test results, and other evidence relevant to a permit suspension or revocation investigation or adjudication.

(iii) After the hearing, the director shall issue a written opinion setting forth findings of fact, conclusions of law and an order. An aggrieved person subject to the director's order may seek its review as a final order in a district court as provided by the Idaho administrative procedure act. District court review of the director's decision shall be limited to the record developed before the director.

(3) CIVIL ENFORCEMENT ACTION. The attorney general may commence and prosecute in district court a civil enforcement action. Civil enforcement actions shall be commenced and prosecuted in the district court in and for the county in which the alleged violation occurred, and may be brought against any person who is alleged to have violated any provision of this chapter or any rule, regulation, permit, condition, requirement, consent order, or order which has become effective pursuant to this chapter. Such action may be brought to compel compliance with any provision of this chapter or with any rule, regulation, permit or order promulgated hereunder, and for any relief or remedies authorized in this chap-
ter. The director shall not be required to initiate or prosecute an administrative action before the attorney general may commence and prosecute a civil enforcement action. In addition, the attorney general may delegate this authority regarding civil enforcement actions to the prosecuting attorney of the county where a civil enforcement action may arise.

(B) ACTIONS AGAINST GUARANTORS. If the owner or operator is in bankruptcy, reorganization or other arrangement pursuant to the federal bankruptcy code, or where jurisdiction cannot be obtained over an owner or operator likely to be solvent at the time of judgment, an action may be brought directly against a guarantor of financial responsibility by the state or any injured party for any claim arising from conduct for which guarantees of financial responsibility have been made. The guarantor may invoke all rights and defenses which would have been available to the owner or operator and all rights and defenses normally available to the guarantor.

(C) LIMITATION OF ACTION FOR ADMINISTRATIVE AND CIVIL COURT PROCEEDINGS BROUGHT UNDER THE PROVISIONS OF THIS CHAPTER. No civil or administrative proceeding may be brought to recover for a violation of this chapter or any permit, standard, regulation, condition, requirement or order issued or promulgated pursuant to this chapter more than two (2) years after the director had knowledge or ought reasonably to have had knowledge of the violation.

39-4502. STATEMENT OF POLICY. The legislature finds that adult persons have the fundamental right to control the decisions relating to the rendering of their medical care, including the decision to have life sustaining procedures withheld or withdrawn.

The legislature further finds that modern medical technology has made possible the artificial prolongation of human life beyond natural limits.

The legislature further finds that patients are sometimes unable to express their desire to withhold or withdraw such artificial life
prolongation procedures which provide nothing medically necessary or beneficial to the patient because of the progress-of-the-disease-proc­ess-which-renders-the-patient-comatose-or-unable patient's inability to communicate with the physician.

It is the intent of the legislature to establish an effective means for such communication. It is not the intent of the legislature that the procedures described herein are the only effective means of such communication.

SECTION 2. That Section 39-4503, Idaho Code, be, and the same is hereby amended to read as follows:

39-4503. DEFINITIONS. The following definitions shall govern the construction of this chapter:

(1) "Attending physician" means the physician licensed by the state board of medicine, selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

(2) "Qualified patient" means a person of sound mind at least eighteen (18) years of age. "Competent person" means any emancipated minor or any person eighteen (18) or more years of age who is of sound mind.

(3) Artificial life-sustaining procedure" means any medical procedure or intervention which utilizes mechanical means to sustain or supplant a vital function which when applied to a qualified patient, would serve only to artificially prolong the moment of death.

(4) "Durable power of attorney for health care" means a durable power of attorney to the extent that it authorizes an attorney in fact to make health care decisions for the principal.

SECTION 3. That Section 39-4504, Idaho Code, be, and the same is hereby repealed.

In the absence of my ability to give further directions regarding my treatment, including life-sustaining procedures, it is my intention that this directive shall be honored by my family and physicians as the final expression of my legal right to refuse or accept medical and surgical treatment, and I accept the consequences of such refusal.

4. If I have been diagnosed as pregnant and that diagnosis is known to any interested person, this directive shall have no force during the course of my pregnancy.

5. I understand the full importance of this directive and am emotionally and mentally competent to make this directive. No participant in the making of this directive or in its being carried into effect, whether it be a medical doctor, my spouse, a relative, friend or any other person shall be held responsible in any way, legally, professionally or socially, for complying with my directions.

(b) Concrete, cinder or pumice block piers, minimum of 3,000 pounds compressive strength, must be installed under the supporting frame, spaced at a distance not exceeding 6 feet on center, with the piers not further than 2 feet from each end of the mobile/manufactured home. Concrete, cinder or pumice block piers must be constructed of blocks 8 inches x 8 inches x 16 inches. The cells of the blocks must be vertical and placed perpendicular (crosswise) to the main frame. All block piers must be topped with a solid concrete, cinder or pumice or wood cap measuring 8 inches x 16 inches x 2 inches, minimum size; no more than 2 wooden wedges or shims; or with other material approved by the department. No other material will be approved unless it provides equivalent load-bearing capacity. All materials having ground contact must be resistant to decay.
(c) Block piers more than 40 inches but not more than 80 inches in height must be constructed of using double tiers with interlocking concrete, cinder or pumice blocks. Block piers more than 60 inches in height must be constructed of concrete, cinder or
pumice blocks with 1/2 inch reinforcing steel bars inserted vertically and the cells of the blocks poured solid with concrete.

Anchor ties shall be designed for a 3,150-pound working load and withstand a 50% overload (4,750 lbs.).
   (e) Crawl-space enclosure: The crawl space beneath the home shall have a perimeter facia enclosure adequately secured to the perimeter of the home and designed and supported to resist all forces to which it may be subject, without transmitting those forces to the building superstructure. The bottom of the enclosure shall be below the prevailing frost level. Minimum venting of the perimeter facia enclosure shall be one minimum 96 square inch vent (net size of screen) every 25 feet, and to include one 3 feet from each corner in both directions. No facia shall have less than 8 vents.

The home shall be supported by the perimeter foundation.

(b) Piers: Blocking shall be a maximum of 12 feet on center with a minimum 16 inch x 16 inch x 4 inch concrete pads on undisturbed soil.

(c) Anchoring: Weather-resistant anchoring devices shall be embedded in the sidewall footing 36 inches from each end and a maximum of 12 feet between centers and shall be tied to the I-frame with cable or zinc-coated strapping designed for a 4,750 pound work load.

(d) Center-line support: The center line of the home shall be supported with minimum 24 inch x 24 inch x 8 inch poured concrete footing located at each structural load bearing support beam. Each pad shall have four number 4 rebar reinforcing and shall be placed on undisturbed soil.

(3) General considerations for both Systems A and B:

(a) Center-line blocking: A mobile/manufactured home of more than one section must have center-line blocking at end walls and at any other point of connection of the sections of the mobile/manufactured home that are at a ridge beam bearing support.

(b) Vapor barrier: The ground in the crawl space shall be covered by a minimum 4 mil visqueen vapor barrier, if required by the manufacturer.

(c) Access: A crawl space between the bottom floor structure of the mobile/manufactured home and the footing pad must be at least 24 inches in height. Access to the crawl space must be by an opening which is 18 inches x 24 inches or larger. The opening shall have a tight fitting cover provided. Pipes, ducts and other obstructions other than structural materials must not interfere with access to or within the space below the floor. Crawl spaces and other spaces below floors must be ventilated by an approved mechanical means or by no less than eight minimum 96 square inch vents (net size of screen) to be spaced no more than 25 feet apart, with one vent no more than 3 feet from each corner in both directions.

(d) Site grading: Exterior grade shall be a minimum of 8 inches below the bottom of the unit. The ground shall slope at least 6 inches for 10 feet around the home.

(a) To intentionally publish or circulate any advertising which is misleading or inaccurate in any material particular or which misrepresents any of the products sold or furnished by a licensed
(b) To violate any of the terms and provisions of this act or any of the rules and regulations promulgated by the department under the authority herein conferred upon him.

(i) To violate any provision of the federal motor vehicle safety standards.
(j) To display for sale, exchange, or sell any vehicle for which the vehicle dealer does not hold title.
(2) It shall be a violation of the provisions of this act for any manufacturer licensed under this act to require, attempt to require, coerce, or attempt to coerce, any new vehicle dealer in this state:
(a) To order or accept delivery of any new vehicle, part or accessory thereof, equipment or any other commodity not required by law which shall not have been voluntarily ordered by the new vehicle dealer, except that this subsection is not intended to modify or supersede any terms or provisions of the franchise requiring new vehicle dealers to market a representative line of those vehicles which the manufacturer or distributor is publicly advertising.
(b) To order or accept delivery of any new vehicle with special features, accessories or equipment not included in the list price of such vehicles as publicly advertised by the manufacturer or distributor.
(c) To participate monetarily in an advertising campaign or contest, or to purchase any promotional materials, training materials, showroom or other display decorations or materials at the expense of the new vehicle dealer.
(d) To enter into any agreement with the manufacturer or to do any other act prejudicial to the new vehicle dealer by threatening to terminate or cancel a franchise or any contractual agreement existing between the dealer and the manufacturer; except that this
subsection is not intended to preclude the manufacturer or dis­

tributor from insisting on compliance with the reasonable terms or
provisions of the franchise or other contractual agreement, and
notice in good faith to any new vehicle dealer of the new vehicle
dealer's violation of such terms or provisions shall not consti­
tute a violation of the provisions of this act.

(e) To change the capital structure of the new vehicle dealer or
the means by or through which the new vehicle dealer finances the
operation of the dealership; provided that the new vehicle dealer
at all times meets any reasonable capital standards determined by
the manufacturer in accordance with uniformly applied criteria;
and also provided, that no change in the capital structure shall
cause a change in the principal management or have the effect of a
sale of the franchise without the consent of the manufacturer or
distributor; said consent shall not be unreasonably withheld.

(f) To refrain from participation in the management of, invest­
ment in, or the acquisition of any other line of new vehicle or
related products; provided, however, that this subsection does not
apply unless the new vehicle dealer maintains a reasonable line of
credit for each make or line of new vehicle, the new vehicle
dealer remains in compliance with any reasonable facilities
requirements of the manufacturer, and no change is made in the
principal management of the new vehicle dealer.

(g) To prospectively assent to a release, assignment, novation,
waiver or estoppel which would relieve any person from liability
to be imposed by this law or to require any controversy between a
new vehicle dealer and a manufacturer, distributor, or representa­
tives, to be referred to any person other than the duly consti­
tuted courts of the state or the United States, or to the direc­
tor, if such referral would be binding upon the new vehicle
dealer.

in light of the market and economic conditions.

(j) To make significant modifications to an existing dealership
or to construct a new vehicle dealership facility without provid­
ing a written guarantee of a sufficient supply of new vehicles so
as to justify such modification or construction, in light of the
market and economic conditions.

(3) It shall be a violation of the provisions of this act for any
manufacturer licensed under this act:

(a) To delay, refuse, or fail to deliver new vehicles or new
vehicle parts or accessories in a reasonable time, and in reason­
able quantity relative to the new vehicle dealer's facilities and
sales potential in the new vehicle dealer's relevant market area,
after acceptance of an order from a new vehicle dealer having a
franchise for the retail sale of any new vehicle sold or distrib­
uted by the manufacturer, any new vehicle, parts or accessories to
new vehicles as are covered by such franchise, if such vehicle,
parts, or accessories are publicly advertised as being available
for delivery or actually being delivered. These provisions are not violated, however, if such failure is caused by acts or causes beyond the control of the manufacturer.

(b) To refuse to disclose to any new vehicle dealer handling the same line make, the manner and mode of distribution of that line make within the relevant market area.

(c) To obtain money, goods, service, or any other benefit from any other person with whom the new vehicle dealer does business, on account of, or in relation to, the transaction between the new vehicle dealer and such other person, other than for compensation for services rendered, unless such benefit is promptly accounted for, and transmitted to, the new vehicle dealer.

(d) To increase prices of new vehicles which the new vehicle dealer had ordered for consumers prior to the new vehicle dealer's receipt of the written official price increase notification. A sales contract signed by a consumer shall constitute evidence of each such order, provided that the vehicle is in fact delivered to that customer. In the event of manufacturer price reductions or cash rebates paid to the new vehicle dealer, the amount of any such reduction or rebate received by a new vehicle dealer shall be passed on to the private retail consumer by the new vehicle dealer. Price reductions shall apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series shall not be considered a price increase or prices decrease. Price changes caused by either:

1. The addition to a vehicle of required or optional equipment; or
2. Revaluation of the United States dollar, in the case of foreign-make vehicles or components; or
3. An increase in transportation charges due to increased rates imposed by a carrier shall not be subject to the provisions of this subsection.

(e) To release to any outside party, except under subpoena or as otherwise required by law or in an administrative, judicial or arbitration proceeding involving the manufacturer or new vehicle dealer, any business, financial, or personal information which may be provided from time to time by the new vehicle dealer to the manufacturer without the express written consent of the new vehicle dealer.

(f) To deny any new vehicle dealer the right of free association with any other new vehicle dealer for any lawful purpose.

(g) To unfairly compete with a new vehicle dealer in the same line make, operating under an agreement or franchise from the aforementioned manufacturer, in the relevant market area. A manufacturer shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of such dealership on
reasonable terms and conditions.

(h) To unfairly discriminate among its new vehicle dealers with respect to warranty reimbursement.

(i) To unreasonably withhold consent to the sale, transfer, or exchange of the franchise to a qualified buyer capable of being licensed as a new vehicle dealer in this state.

(j) To fail to respond in writing to a request for consent as specified in subsection (i) of this section within sixty (60) days of receipt of a written request on the forms, if any, generally utilized by the manufacturer or distributor for such purposes and containing the information required therein. Such failure to respond shall be deemed to be consent to the request.

(k) To prevent or attempt to prevent, by contract or otherwise, any new vehicle dealer from changing the executive management control of the new vehicle dealer unless the manufacturer, having the burden of proof, can show that such change of executive management will result in executive management or control by a person or persons who are not of good moral character or who do not meet reasonable, preexisting and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards; provided, however, that where the manufacturer rejects a proposed change in executive management control, the manufacturer shall give written notice of his reasons to the dealer within sixty (60) days of notice to the manufacturer by the dealer of the proposed change; otherwise, the change in the executive management of the new vehicle dealer shall be presumptively deemed approved.

(l) To terminate, cancel or fail to renew any franchise solely because of the death or incapacity of an owner who is not listed in the franchise as one on whose expertise and abilities the manufacturer relied in the granting of the franchise.

(m) To prevent or attempt to prevent the new vehicle dealer, by written instrument or otherwise, from either receiving the fair market value of the dealership in a sale transaction, or from transferring the new vehicle dealership to a spouse or legal heir, as specified in this act.

(n) To engage in any predatory practice or discrimination against any new vehicle dealer.

(o) To resort to or to use any false or misleading advertisement in the conducting of his business as a manufacturer or distributor in this state.

(p) To make any false or misleading statement, either directly or through any agent or employee, in order to induce any new vehicle dealer to enter into any agreement or franchise, or to take any action which is prejudicial to that new vehicle dealer or his business.

(4) It is unlawful for any manufacturer or any officer, agent or representative to coerce, or attempt to coerce, any new vehicle dealer in this state to sell, assign or transfer any retail installment sales contract, obtained by such dealer in connection with the sale by him in this state of new vehicles, manufactured or sold by such manufacturer, to a specified finance company or class of such companies, or
to any other specified person, by any of the acts or means hereinafter
set forth, namely:

1. By any statement, suggestion, promise or threat that such
manufacturer will, in any manner, benefit or injure such new
vehicle dealer, whether such statement, suggestion, threat or
promise is express or implied or made directly or indirectly.
2. By any act that will benefit or injure such new vehicle
dealer.
3. By any contract, or any express or implied offer of con­
tract, made directly or indirectly to such new vehicle dealer
for handling such new vehicles, on the condition that such
new vehicle dealer sell, assign or transfer his retail
installment sales contract thereon, in this state, to a spec­
ified finance company or class of such companies, or to any
other specified person.
4. By any express or implied statement or representation
made directly or indirectly that such new vehicle dealer is
under any obligation whatsoever to sell, assign or transfer
any of his retail sales contracts, in this state, on new
vehicles manufactured or sold by such manufacturer to such
finance company or class of companies, or other specified
person, because of any relationship or affiliation between
such manufacturer and such finance company or companies, or
such specified person or persons.

Any such statement, threats, promises, acts, contracts or offers
of contracts, when the effect thereof may be to lessen or eliminate
competition or tend to create a monopoly, are declared unfair trade
practices and unfair methods of competition, and against the policy of
this state, are unlawful and are hereby prohibited.

(5) It shall be illegal for any manufacturer or agent or employee
of a manufacturer to use a written instrument, agreement, or waiver to
attempt to nullify any of the provisions of this section, and such
agreement, written instrument or waiver shall be null and void.

(6) It shall be unlawful, directly or indirectly, to impose
unreasonable restrictions on the new vehicle dealer relative to the
sale, transfer, right to renew, termination discipline, noncompetition
covenants, site control (whether by sublease, collateral pledge of
lease, or otherwise), right of first refusal to purchase, option to
purchase, compliance with subjective standards and assertion of legal
or equitable rights.

(7) The provisions of this act shall apply to all written fran­
chise agreements between a manufacturer and a new vehicle dealer,
including but not limited to, the franchise offering, the franchise
agreement, sales of goods, services or advertising, leases or mort­
gages of real or personal property, promises to pay, security inter­
est, pledges, insurance contract, advertising contract, construction
or installation contract, servicing contracts and all other agreements
where the manufacturer has any direct or indirect interest.

(8) As used in this section "manufacturer" shall include a manu­
facturer, a distributor, a factory branch, distributor branch or other
representative thereof.

The Idaho-transportation board may limit the application of the weights authorized in this section as to certain highways which it determines have limited structural capacity of pavements, bridges, or other appurtenances thereto. In designating such highways, it may specify a minimum wheelbase for combinations to be operated thereon. It may also designate specific highways or portions thereof on which operation of a combination of vehicles with seven (7), eight (8) or nine (9) axle vehicles will be subject to specified lesser allowable gross weights.

Notwithstanding the figures shown in the above table, two (2) consecutive sets of tandem axles may carry a gross load of thirty-four thousand (34,000) pounds each, providing the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six (36) feet or more.

The weight limitations set forth in the table above shall not apply to any vehicle, or combination of vehicles when a greater allowed weight in pounds would be permitted such vehicles under the table provided in this subsection, except that with regard to transportation on the United States federal interstate and defense highways of this state, the following table of allowable weights shall apply only to vehicles engaged in the transportation of logs, pulp wood, stull, rough lumber, poles or piling; or to any such vehicle engaged in the transportation of ores, concentrates, sand and gravel and aggregates thereof, in bulk; or to any such vehicle engaged in the transportation of agricultural commodities, including livestock:

such delay is caused by acts of the manufacturer.

All costs of the department, including but not limited to,

and other items and is in a position to convey that title to the manu-
facturer.

In the event of a termination, cancellation or nonrenewal
by the manufacturer under this section except termination, cancella-

facility for one (1) year or the reasonable rental value of the facility
until facilities are leased, whichever is less, if the motor vehi-

(4) All costs of the department, including the cost of the hearing examiner and the cost of preparing the record, shall be borne equally by the parties. The department may in its discretion award costs to the prevailing party in any hearing held pursuant to this chapter.

CHAPTER 19
MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT

SECTION 437. That Section 49-1913 and 49-1914, Idaho Code, be, and the same are hereby repealed.

SECTION 438. That Section 49-2801, Idaho Code, as enacted in Section 1, Chapter 51, Laws of 1975, be, and the same is hereby amended to read as follows:

49-2801. ENACTMENT OF MULTISTATE AGREEMENT. The Multistate Highway Transportation Agreement is hereby enacted into law and entered into with all other jurisdictions legally joining therein as follows:

MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT

Pursuant to and in conformity with the laws of their respective jurisdictions, the participating jurisdictions, acting by and through their officials lawfully authorized to execute this agreement, do mutually agree as follows:

ARTICLE I
Findings and Purposes

SECTION 1. Findings. The participating jurisdictions find that:
(a) The expanding regional economy depends on expanding transportation capacity;
(b) Highway transportation is the major mode for movement of people and goods in the western states;
(c) Uniform application in the west of more adequate vehicle size and weight standards will result in a reduction of pollution, congestion, fuel consumption and related transportation costs, which are necessary to permit increased productivity;
(d) A number of western states have already, to the fullest extent possible, adopted substantially the 1964 Bureau of Public Roads recommended vehicle size and weight standards;
(e) The 1956 provision of federal law, (23 U.S.C. 127), though long outmoded, remains in effect depriving states of interstate matching money if vehicle weights and widths are increased, even though the interstate system is more than eighty per cent (80%) complete; and
(f) The participating jurisdictions are most capable of developing vehicle size and weight standards most appropriate for the regional economy and transportation requirements, consistent with and in recognition of principles of highway safety.

SECTION 2. Purposes. The purposes of this agreement are to:
(a) Adhere to the principle that each participating jurisdiction should have the freedom to develop vehicle size and weight standards that it determines to be most appropriate to its economy and highway system.
(b) Establish a system authorizing the operation of vehicles
traveling between two (2) or more participating jurisdictions at more adequate size and weight standards.

(c) Promote uniformity among participating jurisdictions in vehicle size and weight standards on the basis of the objectives set forth in this agreement.

(d) Secure uniformity insofar as possible, of administrative procedures in the enforcement of recommended vehicle size and weight standards.

(e) Provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in section 1 of this article.

(f) In recognition of desire for a degree of national uniformity of size and weight regulations, it is the further objective to encourage development of broad, uniform size and weight standards on a national basis, and further that procedures adopted under this agreement be compatible with national standards.

ARTICLE II
Definitions

SECTION 1. As used in this agreement:

(a) "Designated representative" means a legislator or other person authorized to represent the jurisdiction.

(b) "Jurisdiction" means a state of the United States or the District of Columbia.

(c) "Vehicle" means any vehicle as defined by statute to be subject to size and weight standards which operates in two (2) or more participating jurisdictions.

ARTICLE III
General Provisions

SECTION 1. Qualifications for Membership. Participation in this agreement is open to jurisdictions which subscribe to the findings, purposes and objectives of this agreement and will seek legislation necessary to accomplish these objectives.

SECTION 2. Cooperation. The participating jurisdictions, working through their designated representatives, shall cooperate and assist each other in achieving the desired goals of this agreement pursuant to appropriate statutory authority.

SECTION 3. Effect of Headings. Article and section headings contained herein shall not be deemed to govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of any article or section hereof.

SECTION 4. Vehicle Laws and Regulations. This agreement shall not authorize the operation of a vehicle in any participating jurisdiction contrary to the laws or regulations thereof.

SECTION 5. Interpretation. The final decision regarding interpretation of questions at issue relating to this agreement shall be reached by unanimous joint action of the participating jurisdictions, acting through the designated representatives. Results of all such actions shall be placed in writing.

SECTION 6. Amendment. This agreement may be amended by unanimous joint action of the participating jurisdictions, acting through the officials thereof authorized to enter into this agreement, subject to
the requirements of section 4, article III. Any amendment shall be placed in writing and become a part hereof.

SECTION 7. Restrictions, Conditions or Limitations. Any jurisdiction entering this agreement shall provide each other participating jurisdiction with a list of any restriction, condition or limitation on the general terms of this agreement, if any.

SECTION 8. Additional Jurisdictions. Additional jurisdictions may become members of this agreement by signing and accepting the terms of the agreement.

ARTICLE IV
Cooperating Committee

SECTION 1. Pursuant to section 2, article III, the designated representatives of the participating jurisdictions shall constitute a committee which shall have the power to:

(a) Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in relation to vehicle size and weight related matters.

(b) Recommend and encourage the undertaking of research and testing in any aspect of vehicle size and weight or related matter when, in their collective judgment, appropriate or sufficient research or testing has not been undertaken.

(c) Recommend changes in law or policy with emphasis on compatibility of laws and uniformity of administrative rules or regulations which would promote effective governmental action or coordination in the field of vehicle size and weight related matters.

SECTION 2. Each participating jurisdiction shall be entitled to one (1) vote only. No action of the committee shall be binding unless a majority of the total number of votes cast by participating jurisdictions are in favor thereof.

SECTION 3. The committee shall meet at least once annually and shall elect, from among its members, a chairman, a vice chairman and a secretary.

SECTION 4. The committee shall submit annually to the legislature of each participating jurisdiction, no later than November 1, a report setting forth the work of the committee during the preceding year and including recommendations developed by the committee. The committee may submit such additional reports as it deems appropriate or desirable. Copies of all such reports shall be made available to the Transportation Committee of the Western Conference, Council of State Governments, and to the Western Association of State Highway Officials.

ARTICLE V
Objectives of the Participating Jurisdictions

SECTION 1. Objectives. The participating jurisdictions hereby declare that:

(a) It is the objective of the participating jurisdictions to obtain more efficient and more economical transportation by motor vehicles between and among the participating jurisdictions by encouraging the adoption of standards that will, as minimums, allow the operation of a vehicle or combination of vehicles in regular operation on all State highways, except those determined through engineering evaluation to be inadequate, with a single-axle weight not in excess of 20,000 pounds, a tandem-axle weight not in excess of 34,000 pounds,
and a gross vehicle or combination weight not in excess of that resulting from application of the formula:

\[ W = 500 \left( \frac{LN}{N-1} + 12N + 36 \right) \]

where \( W \) = maximum weight in pounds carried on any group of two or more axles computed to nearest 500 pounds.

\( L \) = distance in feet between the extremes of any group of two or more consecutive axles.

\( N \) = number of axles in group under consideration.

(b) It is the further objective of the participating jurisdictions that in the event the operation of a vehicle or combination of vehicles according to the provisions of subsection (a) of this section would result in withholding or forfeiture of federal-aid funds pursuant to section 127, title 23, U.S. Code, the operation of such vehicle or combination of vehicles at axle and gross weights within the limits set forth in subsection (a) of this section will be authorized under special permit authority by each participating jurisdiction which could legally issue such permits prior to July 1, 1956, provided all regulations and procedures related to such issuance in effect as of July 1, 1956, are adhered to.

(c) The objectives of subsections (a) and (b) of this section relate to vehicles or combinations of vehicles in regular operation, and the authority of any participating jurisdiction to issue special permits for the movement of any vehicle or combinations of vehicles having dimensions and/or weights in excess of the maximum statutory limits in each participating jurisdiction will not be affected.

(d) It is the further objective of the participating jurisdictions to facilitate and expedite the operation of any vehicle or combination of vehicles between and among the participating jurisdictions under the provisions of subsection (a) or (b) of this section, and to that end the participating jurisdictions hereby agree, through their designated representatives, to meet and cooperate in the consideration of vehicle size and weight related matters including, but not limited to, the development of: uniform enforcement procedures; additional vehicle size and weight standards; operational standards; agreements or compacts to facilitate regional application and administration of vehicle size and weight standards; uniform permit procedures; uniform application forms; rules and regulations for the operation of vehicles, including equipment requirements, driver qualifications, and operating practices; and such other matters as may be pertinent.

(e) In recognition of the limited prospects of federal revision of section 127, title 23, U.S. Code, and in order to protect participating jurisdictions against any possibility of withholding or forfeiture of federal-aid highway funds, it is the further objective of the participating jurisdictions to secure congressional approval of this agreement and, specifically of the vehicle size and weight standards set forth in subsection (a) of this section.

ARTICLE VI

Entry Into Force and Withdrawal

SECTION 1. This agreement shall enter into force when enacted into law by any two (2) or more jurisdictions. Thereafter, this agreement shall become effective as to any other jurisdiction upon its enactment thereof, except as otherwise provided in section 8, article III.
SECTION 2. Any participating jurisdiction may withdraw from this agreement by cancelling the same but no such withdrawal shall take effect until thirty (30) days after the designated representative of the withdrawing jurisdiction has given notice in writing of the withdrawal to all other participating jurisdictions.

ARTICLE VII
Construction and Severability

SECTION 1. This agreement shall be liberally construed so as to effectuate the purposes thereof.

SECTION 2. The provisions of this agreement shall be severable and if any phrase, clause, sentence or provision of this agreement is declared to be contrary to the constitution of any participating jurisdiction or the applicability thereto to any government, agency, person or circumstance is held invalid, the validity of the remainder of this agreement shall not be affected thereby. If this agreement shall be held contrary to the constitution of any jurisdiction participating herein, the agreement shall remain in full force and effect as to the remaining jurisdictions and in full force and effect as to the jurisdictions affected as to all severable matters.

DRIVER LICENSE COMPACT

ARTICLE I
Findings and Declaration of Policy
(a) The party states find that:
(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.
(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.
(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.
(b) It is the policy of each of the party states to:
(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.
(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II
Definitions
As used in this compact:
(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.
(b) "Home State" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.
(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfei-

ARTICLE III
 Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV
 Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;
(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;
(3) Any felony in the commission of which a motor vehicle is used;
(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

ARTICLE V
 Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such
suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one (1) year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI
Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

ARTICLE VII
Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six (6) months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of convictions occurring prior to the withdrawal.

ARTICLE IX
Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any govern-
ment, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

8-506A. ATTACHMENT OF A DEBTOR'S INTEREST IN PERSONAL PROPERTY SUBJECT TO SECURITY AGREEMENT -- ATTACHMENT OF DEFENDANT'S INTEREST IN MORTGAGE OR TRUST DEED -- ATTACHMENT OF DEFENDANT'S INTEREST IN SECURITY AGREEMENT. Personal property subject to a security interest, a defendant's equity of redemption in personal property and a defendant's interest in a real estate mortgage or deed of trust or as secured party under a security agreement may be attached by the following methods, and no other:

(a) Personal property capable of manual delivery may be attached by taking possession, provided all secured parties with a perfected security interest therein under the Idaho Uniform Commercial Code consent thereto in writing, and the attachment shall be subject to the rights of any secured party under a perfected security agreement, but otherwise would be to the same effect and in the same manner as if the property were not subject to the security agreement.

(b) If any secured party with a perfected security interest does not consent in writing that the sheriff take possession of the personal property, the attaching creditor must pay or tender to the secured party the amount due on the security agreement before the officer may take the property into possession. The attaching creditor upon so redeeming shall be subrogated to the rights of the secured party under the security agreement, and the secured party shall, upon payment or tender assign the security agreement, note or notes so paid, and any filed financing statements to the attaching creditor. Upon any sale by judicial proceedings, any amounts owing to the attaching creditor on the security agreement so redeemed, with lawful interest thereon, shall first be paid to the attaching creditor.

(c) If the attaching creditor so elects and instructs the sheriff, the equity of redemption of the defendant in the personal property subject to a perfected security agreement shall be attached. Such attachment is made by serving upon the secured party, upon the defendant, and upon the person in possession of the property, if other than the defendant or secured party, if said parties can be found within the county where the property is situated, a copy of the writ of attachment, together with a notice signed by the sheriff, describing the property attached, giving the name of the secured party, and stating the interest of the defendant in the property attached, and by causing the notice to be filed in the office where a security agreement or financing statement on said property should be filed to perfect the security according to the Idaho Uniform Commercial Code or other applicable law. The sheriff shall make the filing by mail if in an office outside his county, and shall also file with the notice in any office where a financing statement should be filed for the property, a financing statement describing the property attached, the
prior security agreement, and signed by the attaching creditor or his agent as secured party and for the defendant as debtor by the sheriff. The filing officer shall receive and file the financing statement and index the same pursuant to title 28, chapter 9, part 4, Idaho Code. Service and filing as above provided shall operate as an attachment of the property described in the notice, subject to the prior rights of the secured party under the security agreement; possession of the property shall not be taken by the sheriff. Compliance with the foregoing is constructive notice to the world of the attachment. Provided, however, that this section shall not be constructive notice to a bona fide purchaser for value of any motor vehicle who has actual or constructive possession of the vehicle and who has relied on the certificate of title for determination by said purchaser as to secured parties shown thereon; nothing in this section shall relieve any person from complying with section 49-40504, Idaho Code.

When the sale of such property attached under this subdivision (c) is made on writ of execution obtained by such creditor, the proceeds must be applied as in the case of any other execution sale. The purchaser at any such sale acquires all title and rights of the judgment debtor in the property sold, as of the time the attachment was levied, subject to the perfected security agreement including all liens if any thereunder, securing obligations to be created after the security agreement was made in cases where such obligations have actually been created, and are by law entitled to priority over attaching creditors, and is entitled to the possession of such property subject, however, to the rights of the secured party.

Any transfer of encumbrance of the attached interest of the debtor-defendant is void as against the attaching creditor, but this provision shall not be construed as forbidding or invalidating any transfer or disposition of the property lawfully made pursuant to the prior security agreement, or any other right exercised or acquired thereunder.

(d) Any interest of the defendant as mortgagee of a real estate mortgage or beneficiary of a trust deed on real estate whether held directly or as an assignee, may be attached. The sheriff must record with the county recorder where the real property is located a copy of the writ along with a notice in writing, naming the defendant, describing the real property, and identifying the recording information on the real estate mortgage or trust deed, and stating that the defendant's interest therein is attached, and by serving copies of the notice and writ upon the defendant and upon the mortgagor of the mortgage or trustor of the trust deed if they can be located within the county where the property is located. The recorder shall index the same as an assignment of the defendant's interest in the mortgage or deed of trust, and it shall be constructive notice to the world of the attachment. The attachment shall be subject to the rights of a holder in due course of a note or notes secured by the mortgage or trust deed, whether acquired before or after the attachment.

(e) Any interest of the defendant as secured party of a security agreement, whether held directly or as an assignee, shall be attached by the sheriff filing with the filing office where the security agreement or financing statement pursuant thereto is or should by law be
filed, a copy of the writ along with a notice in writing, naming the defendant, describing the property listed in the financing statement or filed security statement, identifying the parties to the security agreement, and stating that the defendant's interest therein is attached. The sheriff shall serve a copy of the notice and writ upon the defendant and upon the debtor under the security agreement, if they can be located within the county where the property is located. The sheriff may file the copy of the writ or notice by mail if the filing officer is outside the county. The filing officer shall index the same as an assignment of the defendant's interest in the security agreements, and it shall be constructive notice to the world. The attachment shall be subject to the rights of a holder in due course of a note or notes secured by the security agreement, whether acquired before or after the attachment.

(6) If a person is convicted for a violation of section 18-8004 or 18-8006, Idaho Code, and at the time of arrest had no driving privileges, the penalties imposed by this section shall be in addition to any penalties imposed under the provisions of section 18-8005 or 18-8006, Idaho Code, and not in lieu thereof.

For the purposes of paragraphs (3) and (4) of this section, violations of the provisions of section 49-337(1), Idaho Code, shall be considered by the court to determine if a later violation is a second or subsequent violation only if such violations occurred on or after July 1, 1983.

SECTION 564. That Section 18-8005, Idaho Code, be, and the same is hereby amended to read as follows:

18-8005. PENALTIES. (1) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, Idaho Code, for the first time is guilty of a misdemeanor; and
(a) May be sentenced to jail for not to exceed six (6) months;
(b) May be fined an amount not to exceed one thousand dollars ($1,000);
(c) Shall be advised by the court in writing at the time of sentencing of the penalties that will be imposed for second or subsequent violations of the provisions of section 18-8004, Idaho Code, which advice shall be signed by the defendant, and a copy retained by the court and another copy retained by the prosecuting attorney; and
(d) Shall have his driving privileges suspended by the court for not to exceed one hundred eighty (180) days; the defendant may request restricted driving privileges during the period of the suspension, which the court may allow, if the defendant shows by a
preponderance of the evidence that driving privileges are necessary for his employment or for family health needs.

(2) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, Idaho Code, for the second time within five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s), is guilty of a misdemeanor; and

(a) Shall be sentenced to jail for a mandatory minimum period of not less than ten (10) days, and may be sentenced to not more than one (1) year;
(b) May be fined an amount not to exceed two thousand dollars ($2,000);
(c) Shall be advised by the court in writing at the time of sentencing, of the penalties that will be imposed for subsequent violations of the provisions of section 18-8004, Idaho Code, which advice shall be signed by the defendant, and a copy retained by the court and another copy retained by the prosecuting attorney;
(d) Shall surrender his license or permit to the court; and
(e) Shall have his driving privileges suspended by the court for an additional mandatory minimum period of six (6) months after release from confinement, and may have his driving privileges suspended by the court for an additional period of up to one (1) year after release from confinement. After thirty (30) days have passed following release from confinement, during which thirty (30) day period absolutely no driving privileges of any kind may be granted, the defendant may request restricted driving privileges during the balance of the suspension period, which the court may allow, if the defendant shows by a preponderance of the evidence that driving privileges are necessary for his family health needs or for his employment which requires that he operate a motor vehicle while on the job and in the course of his employment. That the defendant must commute between his residence and place of employment is not grounds for allowing the defendant to have restricted driving privileges.

(3) Any person who pleads guilty to or is found guilty of three or more violations of the provisions of section 18-8004, Idaho Code, within five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s), shall be guilty of a felony; and

(a) Shall be sentenced to the custody of the state board of correction for not to exceed five (5) years; provided that notwithstanding the provisions of section 19-2601, Idaho Code, should the court impose any sentence other than incarceration in the state penitentiary, the defendant shall be sentenced to the county jail for a mandatory minimum period of not less than thirty (30) days; and further provided that notwithstanding the provisions of section 18-111, Idaho Code, a conviction under this section shall be deemed a felony;
(b) May be fined an amount not to exceed five thousand dollars ($5,000);
(c) Shall surrender his license or permit to the court; and
(d) Shall have his driving privileges suspended by the court for a mandatory minimum period of one (1) year after release from imprisonment, and may have his driving privileges suspended by the
court for not to exceed five (5) years after release from imprison­ment, during which time he shall have absolutely no driving
privileges of any kind.

(4) For the purposes of paragraphs (2) and (3) of this section, convictions of violation of the provisions of section 49-402 18-8004, Idaho Code, shall be considered by the court to determine if a later conviction is a second or subsequent conviction only if such convictions were of violations committed on or after July 1, 1983.

(5) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004 or 18-8006, Idaho Code, shall undergo, at his own expense, (or at county expense through the procedures set forth in chapters 34 and 35, title 31, Idaho Code,) and prior to the sentencing date, an alcohol evaluation by a licensed phy­sician or alcohol evaluation facility approved by the Idaho department of health and welfare. In the event the alcohol evaluation indicates the need for alcohol treatment, the evaluation shall contain a recom­mendation by the evaluator as to the most appropriate treatment pro­gram, together with the estimated cost thereof, and recommendations for other suitable alternative treatment programs, together with the estimated costs thereof. The person shall request that a copy of the completed evaluation be forwarded to the court. The court shall take the evaluation into consideration in determining an appropriate sen­tence. If a copy of the completed evaluation has not been provided to the court, the court may proceed to sentence the defendant; however, in such event, it shall be presumed that alcohol treatment is required unless the defendant makes a showing by a preponderance of evidence that treatment is not required. If the defendant has not made a good faith effort to provide the completed copy of the evaluation to the court, the court may consider the failure of the defendant to provide the report as an aggravating circumstance in determining an appropri­ate sentence. If treatment is ordered, in no event shall the person or facility doing the evaluation be the person or facility that pro­vides the treatment, with the exception of federally recognized Indian tribes or federal military installations, where diagnosis and treat­ment are appropriate and available. Nothing herein contained shall preclude the use of funds authorized pursuant to the provisions of chapter 3, title 39, Idaho Code, for court-ordered alcohol treatment for indigent defendants.

(6) At the time of sentencing, the court shall be provided with the following information:

(a) The results, if administered, of any evidentiary test for alcohol and/or drugs;
(b) A computer or teletype or other acceptable copy of the person's driving record;
(c) Information as to whether the defendant has pled guilty to or been found guilty of violation of the provisions of section 18-8004 or 18-8006, Idaho Code, or a similar offense within the past five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s); and
(d) The alcohol evaluation required in subsection (5) of this section, if any.

(7) A minor may be prosecuted for a violation of the provisions
of section 18-8004, Idaho Code, under title 16, Idaho Code. In addition to any other penalty, if a minor pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, Idaho Code, he shall have his driving privileges suspended or denied for an additional one (1) year following the end of any period of suspension or revocation existing at the time of the violation, or until he reaches the age of eighteen (18) years, whichever period is greater. During the period of additional suspension or denial, absolutely no driving privileges shall be allowed.

(8) In the event that the alcohol evaluation required in subsection (5) of this section recommends alcohol treatment, the court shall order the person to complete a treatment program in addition to any other sentence which may be imposed, unless the court determines that alcohol treatment would be inappropriate or undesirable, in which event, the court shall enter findings articulating the reasons for such determination on the record. The court shall order the defendant to complete the preferred treatment program set forth in the evaluation, or a comparable alternative, unless it appears that the defendant cannot reasonably obtain adequate financial resources for such treatment. In that event, the court may order the defendant to complete a less costly alternative set forth in the evaluation, or a comparable program. Such treatment shall, to the greatest extent possible, be at the expense of the defendant. In the event that funding is provided for or on behalf of the defendant by an entity of state government, restitution shall be ordered to such governmental entity in accordance with the restitution procedure for crime victims, as specified under chapter 53, title 19, Idaho Code. Nothing contained herein shall be construed as requiring a court to order that a governmental entity shall provide alcohol treatment at government expense unless otherwise required by law.

SECTION 565. That Section 18-8007, Idaho Code, be, and the same is hereby amended to read as follows:

18-8007. LEAVING SCENE OF ACCIDENT RESULTING IN INJURY OR DEATH.
(1) The driver of any vehicle that has been involved in an accident, either upon public or private property open to the public, who knows or has reason to know that said accident has resulted in injury to or death of any person shall:
(a) Immediately stop the vehicle at the scene of the accident or as close thereto as possible. Every stop required under this section shall be made without obstructing traffic more than is necessary.
(b) Remain at the scene of the accident until the driver has fulfilled all the requirements under this section.
(c) Give his name, address, the name of his insurance agent or company if he has automobile liability insurance, and the motor vehicle registration number of the vehicle he is driving to the person struck, or to the driver or occupant of or person attending any vehicle collided with.
(d) If available, exhibit his operator's or chauffeur's license to the person struck, or to the driver or occupant of or person
attending any vehicle collided with.

(e) Render to any person injured in the accident reasonable assistance, including the conveying or the making of arrangements for the conveying of such person to a physician, surgeon, hospital or other medical facility, for medical or surgical treatment, if it is apparent that such treatment is necessary or if such conveying is requested by the injured person.

(2) A violation of any provision of this section shall constitute a felony and be punished by a fine of not more than five thousand dollars ($5,000) or by imprisonment in the state penitentiary for a period of not more than five (5) years, or by both such fine and imprisonment.

(3) The director of the transportation department of law enforcement shall revoke for a period of one (1) year the license or permit to drive, or the nonresident operating privilege, of any person convicted or found guilty of violating any provision of this section. Such revocation shall preclude any type of work permit or other form of limited driving privileges.

SECTION 566. That Section 28-9-302, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-302. WHEN FILING IS REQUIRED TO PERFECT SECURITY INTEREST -- SECURITY INTERESTS TO WHICH FILING PROVISIONS OF THIS CHAPTER DO NOT APPLY. (1) A financing statement must be filed to perfect all security interests except the following:

(a) a security interest in collateral in possession of the secured party under section 28-9-305;
(b) a security interest temporarily perfected in instruments or documents without delivery under section 28-9-304 or in proceeds for a 10 day period under section 28-9-306;
(c) a security interest created by an assignment of a beneficial interest in a trust or a decedent's estate;
(d) a purchase money security interest in consumer goods; but filing is required for a motor vehicle required to be registered; and fixture filing is required for priority over conflicting interests in fixtures to the extent provided in section 28-9-313;
(e) an assignment of accounts which does not alone or in conjunction with other assignments to the same assignee transfer a significant part of the outstanding accounts of the assignor;
(f) a security interest of a collecting bank (section 28-4-208) or in securities (section 28-8-321) or arising under the chapter on Sales (see section 28-9-113) or covered in subsection (3) of this section.
(g) an assignment for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder.
(h) A security interest in timber retained by the state of Idaho.

(2) If a secured party assigns a perfected security interest, no filing under this chapter is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing of a financing statement otherwise required by
this chapter is not necessary or effective to perfect a security interest in property subject to

(a) a statute or treaty of the United States which provides for a national or international registration or a national or international certificate of title or which specifies a place of filing different from that specified in this chapter for filing of the security interest; or

(b) chapter 45, title 49, Idaho Code, but during any period in which collateral is inventory held for sale by a person who is in the business of selling goods of that kind, the filing provisions of part 4, chapter 9, title 28, apply to a security interest in that collateral created by him as debtor; or

(c) a certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection (subsection (2) of section 28-9-103).

(4) Compliance with a statute or treaty described in subsection (3) is equivalent to the filing of a financing statement under this chapter, and a security interest in property subject to the statute or treaty can be perfected only by compliance therewith except as provided in section 28-9-103 on multiple state transactions. Duration and renewal of perfection of a security interest perfected by compliance with the statute or treaty are governed by the provisions of the statute or treaty; in other respects the security interest is subject to this chapter.

(5) The filing provisions of this chapter do not apply to a security interest in personal property or fixtures of any utility company, as hereinafter defined, which security interest is created by a mortgage, deed of trust or other security agreement which also covers real property situated in the state of Idaho and which has been filed for record in accordance with the laws of Idaho governing deeds of trust and mortgages on real property. Such security interest shall be perfected by such filing, whether such filing shall have been accomplished before or after the effective date set out in section 28-10-101; and such security interest shall be and remain effective, both as to the personal property or fixtures covered by the security interest at the time that it is perfected and as to personal property or fixtures which may subsequently be covered by the security interest under any after-acquired property provision of the mortgage, deed of trust, or other security agreement creating the security interest, as long as such mortgage, deed of trust or other security agreement shall remain in effect, without the necessity for any refiling under the provisions of this chapter.

Except as provided in the preceding paragraph of this subsection (5) notwithstanding anything in this chapter 9 or any other law to the contrary, the proper place to file a financing statement in order to perfect a security interest in personal property or fixtures of a utility company, as hereinafter defined, is in the office of the secretary of state; and the security interest covered by the financing statement shall continue perfected, both as to the personal property or fixtures covered by the security interest at the time that it is perfected and as to personal property or fixtures which may subse-
quently be covered by the security interest under any after-acquired property provision of the security agreement creating the security interest, without the necessity for any refiling or filing of a continuation statement under the provisions of this chapter 9, for as long as may be provided for in the security agreement creating the security interest. When the financing statement covers goods of a utility company as hereinafter defined, which goods are or are to become fixtures, no description of the real estate concerned or the name of the record owner or record lessee thereof is required.

A "utility company" shall mean any person, corporation, association, or other entity, foreign or domestic, primarily engaged in the railroad or street railway business; the ownership or operation of wires, or cables, used in the transmission or distribution of telephone, telegraph or television signals or any other information or data; the transmission or distribution of oil, gas or petroleum products by pipeline; or the generation, production, transmission or distribution of electric energy, steam, gas or water, whether its activities be interstate or intrastate.

4. Responding to express requests from other law enforcement agencies for aid and assistance in enforcing other laws. For purposes of this section, such a request from a law enforcement agency shall mean only a request for assistance as to a particular and singular violation or suspicion of violation of law, and shall not constitute a continuous request for assistance outside the purview of enforcement of title 36, Idaho Code.

(c) Additional Authority and Duties. Said officers and employees shall have additional peace officer power, but not constituting an
obligation beyond their regular course of duty, relative to:

1. The enforcement of the provisions of title 38, Idaho Code (Idaho forestry act), as authorized by section 38-133, Idaho Code.

The rules and regulations shall be consistent with the rules and regulations issued by the United States department of transportation and the United States environmental protection agency. The rules and regulations shall also be consistent with the rules and regulations of the Idaho public utilities commission unless such consistency would impair the primacy or the effectiveness of the state's hazardous waste management program. In that case the board shall confer with the commission and endeavor to develop mutually acceptable transportation rules and regulations. If mutually acceptable rules and regulations cannot be developed, the board shall promulgate transportation rules and regulations that minimize conflict with the commission's rules and regulations while assuring the primary authority and effectiveness of the state's hazardous waste management program. Rules and regulations so promulgated by the board shall prevail over conflicting rules and regulations of the commission.

(2) The hazardous waste transportation rules and regulations shall apply to all transporters of federally regulated types and quantities of hazardous waste generated either by themselves or by others. (5) No commercial hazardous waste disposal facility or site permitted under section 39-4409, Idaho Code, shall receive regulated quantities of hazardous waste as defined by federal law from a motor vehicle or trailer unless the hazardous waste is accompanied by a proper manifest and the transporter has obtained a special permit from the Idaho transportation department as provided in section 49-258433, Idaho Code. If an improperly documented shipment of hazardous waste arrives at a permitted commercial hazardous waste facility or site, the owner or operator of the facility or site shall immediately notify the Idaho transportation department and the Idaho department of law enforcement.

Monthly, following receipt by the department of revenues from the implementation of a vehicle registration fee, the department shall remit the same to the county-wide highway district implementing such fee, less a deduction for such amount as may be agreed upon between the department and the commissioners of the county-wide highway district, for the department's actual costs for collection and administration of the fee. The vehicle registration fee shall not be remitted to the state treasury nor become part of the state highway account or state highway distribution account.

Any person who consumes special fuels in the propulsion of a motor
vehicle over sixteen thousand (16,000) pounds maximum gross weight
upon the highways of this state may apply to the commission for exemp­
tion from the provisions of sections 63-2438 and 63-2439, Idaho Code,
and upon presentation of satisfactory evidence that the person con­
fines his purchases of special fuels to those delivered into the motor
fuels supply tank of his motor vehicles by a licensed special fuels
dealer in this state, the commission may exempt the person from the
display of special fuels permits, bonding and reporting requirements
of sections 63-2438 and 63-2439, Idaho Code.

(2) In lieu of obtaining a special fuels permit under section
63-2438, Idaho Code, and in lieu of paying the tax imposed by sections
63-2416 and 63-2417, Idaho Code, any person operating a motor vehicle
over sixteen thousand (16,000) pounds maximum gross weight, propelled
by special fuels in this state, shall secure a temporary trip permit
under section 49-i29432, Idaho Code, authorizing the operation of such
vehicle in the state for a period not to exceed ninety-six (96) hours.
The temporary trip permit shall be obtained through the Idaho trans­
portation department. The fees shall be those provided by section
49-i29432, Idaho Code, and the revenues shall be distributed as pro­
vided by section 40-701, Idaho Code.

(3) A motor vehicle owned or operated by another state of the
United States or an agency or political subdivision thereof shall be
exempt from the requirements of sections 63-2438 and 63-2439, Idaho
Code, if the state where the vehicle is owned grants a substantially
similar exemption to vehicles owned by the state of Idaho, its agen­
cies or political subdivisions.

(4) The commission may, in its discretion, grant the owner of any
fleet of qualified one-way rental trucks, as defined in section
63-2401, Idaho Code, an exclusion from the requirements of sections
63-2438 and 63-2439, Idaho Code. The person engaged in the business of
renting qualified one-way rental trucks may apply to the commission
for such an exclusion. The application shall be in such form and con­
tain such information as the commission may require. The application
may be refused, or once granted, may be cancelled by the commission if
it finds the granting of this exclusion may lead to avoidance of any
tax imposed by this chapter. Special fuel dispensed into the fuel tank
of a qualified one-way rental truck shall be subject to tax at the
pump in the manner required in section 63-2416, Idaho Code.

SECTION 580. That Section 63-2441, Idaho Code, be, and the same
is hereby amended to read as follows:
63-2441. PENALTIES. It shall be unlawful for any person to consume any special fuel in the propulsion of a motor vehicle over sixteen thousand (16,000) pounds maximum gross weight on the highways of this state unless such motor vehicle displays a valid special fuel permit issued by the commission or a valid special fuel trip permit under section 63-2440(2), Idaho Code, unless such person is exempt from such requirement under section 63-2440, Idaho Code, or other provision of state or federal law. Such unlawful operation or display of any fictitious or counterfeit special fuel permit or decal or any fictitious or counterfeit special trip permit or display of a permit issued to a person other than the owner or operator of the vehicle on which it is displayed shall be a misdemeanor and any person convicted thereof may be punished in the manner provided in section 49-147, Idaho Code by law.

SECTION 581. That Section 63-3621, Idaho Code, be, and the same is hereby amended to read as follows:

63-3621. IMPOSITION AND RATE OF THE USE TAX. An excise tax is hereby imposed on the storage, use, or other consumption in this state of tangible personal property acquired on or after July 1, 1965, for storage, use, or other consumption in this state at the rate of five per cent (5%) of the value of the property, and a recent sales price shall be presumptive evidence of the value of the property.

(a) Every person storing, using, or otherwise consuming, in this state, tangible personal property is liable for the tax. His liability is not extinguished until the tax has been paid to this state except that a receipt from a retailer maintaining a place of business in this state or engaged in business in this state given to the purchaser is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

(b) Every retailer engaged in business in this state, and making sales of tangible personal property for the storage, use, or other consumption in this state, not exempted under section 63-3622, Idaho Code, shall, at the time of making the sales or, if storage, use or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the state tax commission.

(c) The provisions of this section shall not apply when the retailer pays sales tax on the transaction and collects reimbursement for such sales tax from the customer.

(d) Every retailer engaged in business in this state or maintaining a place of business in this state shall register with the state tax commission and give the name and address of all agents operating in this state, the location of all distributions or sales houses or offices or other places of business in this state, and such other information as the state tax commission may require.

(e) For the purpose of the proper administration of this act and to prevent evasion of the use tax and the duty to collect the use tax,
it shall be presumed that tangible personal property sold by any person for delivery in this state is sold for storage, use, or other consumption in this state until the contrary is established. The burden of proving the contrary is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the property is purchased for resale or rental.

The certificate relieves the person selling the property from the burden of proof only if taken in good faith from a person who is engaged in the business of selling or renting tangible personal property and who holds the permit provided for by section 63-3620, Idaho Code, and who, at the time of purchasing the tangible personal property, intends to sell or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose.

The certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit issued to the purchaser, and shall indicate the amount and general character of the tangible personal property sold by the purchaser in the regular course of business. The certificate shall be substantially in such form as the state tax commission may prescribe.

(f) If a purchaser who gives a certificate makes any storage or use of the property other than retention, demonstration, or display while holding it for sale in the regular course of business, the storage or use is taxable as of the time the property is first so stored or used. If the sole use of the property, other than retention, demonstration or display in the regular course of business, is the rental of property while holding it for sale, the purchaser may elect to include in his sales at retail the total amount of the rental charge rather than the sale price of the property to him.

(g) If a purchaser gives a certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold.

(h) Any person violating any provisions of this section is guilty of a misdemeanor and punishable by a fine not in excess of one hundred dollars ($100), and each violation shall constitute a separate offense.

(i) It shall be presumed that tangible personal property shipped or brought to this state by the purchaser was purchased from a retailer, for storage, use or other consumption in this state.

(j) It shall be presumed that tangible personal property delivered outside this state to a purchaser known by the retailer to be a resident of this state was purchased from a retailer for storage, use, or other consumption in this state. This presumption may be controverted by evidence satisfactory to the state tax commission that the property was not purchased for storage, use, or other consumption in this state.

(k) When the tangible personal property subject to use tax has
been subjected to a general retail sales or use tax by another state of the United States at a rate equal to or greater than the rate of the Idaho tax, and evidence can be given of such payment, the property will not be subject to Idaho use tax. If the rate paid the other state was less, the property will be subject to use tax to the extent that the Idaho rate exceeds the rate of the other state. For the purposes of this subsection, a registration certificate or title issued by another state or subdivision thereof for a vehicle or trailer as defined in title 49, Idaho Code, or a vessel as defined in section 67-7003, Idaho Code, shall be sufficient evidence of payment of a general retail sales or use tax.

(1) The use tax herein imposed shall not apply to the use by a nonresident of this state of a motor vehicle which is registered or licensed under the laws of the state of his residence and is not used in this state more than three (3) months, and which is not required to be registered or licensed under the laws of this state, or to the use of household goods, personal effects and private automobiles by a bona fide resident of this state, if such articles were acquired by such person in another state while a bona fide resident thereof and primarily for use outside this state and if such use was actual and substantial, but if an article was acquired less than three (3) months prior to the time he entered this state, it will be presumed that the article was acquired for use in this state and that its use outside this state was not actual and substantial.

SECTION 582. That Section 49-1301, Idaho Code, be, and the same is hereby amended to read as follows:

49-1301. IDAHO LAW ENFORCEMENT ACCOUNT CREATED ESTABLISHED. SECTION 583. That Section 67-2927, Idaho Code, be, and the same is hereby amended to read as follows:

It shall be the duty of the owner or operator of every motor vehicle or trailer within the provisions of this act to drive the motor vehicle or trailer upon any state owned stationary or portable scale or private scale, certified by the state of
Idaho when requested to do so by any peace officer, excepting fish and game officers, or authorized employees of the Idaho transportation department.

SECTION 584. That Section 67-2929, Idaho Code, be, and the same is hereby amended to read as follows:

67-2929. HAZARDOUS WASTE. Wherever hazardous waste, as defined in section 39-4403, Idaho Code, is being transported within the state, within the state to without the state, or from without the state to within the state, the operator or owner of the motor vehicle or trailer, as defined in chapter 51, title 49, Idaho Code, transporting hazardous waste is hereby required to stop at such ports of entry or checking stations and submit to inspection or weighing for compliance with the laws of the state of Idaho. Additionally, such owner or operator of the motor vehicle or trailer transporting hazardous waste is hereby required and directed to allow employees of the department of health and welfare, the public utilities commission or the state police or any peace officer on duty to inspect and review all manifests and bills of lading to ensure that such hazardous waste is being shipped in a manner which will not endanger the health, welfare or safety of the citizens of the state of Idaho and is being shipped in compliance with the laws of the state of Idaho and any rules and regulations promulgated pursuant thereto.

SECTION 585. That Section 67-4223, Idaho Code, be, and the same is hereby amended to read as follows:

Thus, the term employer as used in this section refers equally to a department as noted herein. For purposes of this section, each agency of the state of Idaho shall be deemed a separate employer. The plan shall provide for purchase of membership service (plan service) for eligible employees who choose to participate in the plan. The plan shall specify that no more than sixty-five percent (65%) of the cost of such purchase shall be paid by the employer and each member acquiring plan service during the plan year shall pay a minimum of thirty-five percent (35%) of the cost of his own plan service accrued pursuant to this section. Each plan shall be adopted for any complete twelve (12) consecutive month period (plan year). For purposes of section 59-1310, Idaho Code, and other sections, the membership classification for plan service shall be deemed the same as the member's membership classification on the first day of the plan year.

year will be negated and the cost of its purchase shall be refunded to
the employer and employee.

(3) Participation in the plan shall be available to all eligible
employees during the plan year except that the employer may limit its
total cost under the plan in any plan year as announced before the
beginning of the plan year. If participation is thus limited, employ-

employer shall have all their plan service purchased before employees
with a lesser membership service accumulation with that employer. An
exception to this seniority provision for an individual employee of a
state agency may be granted by the state board of examiners in
response to a request for exception filed by the employer with the

18-4508. DEFINITIONS. As used in sections 18-4507, 18-4508, 18-4509, 18-4510, and 18-4511, Idaho Code:
1. "Law enforcement agency" means any law enforcement agency of the state or any political subdivision of the state, including the Idaho department of law enforcement and any municipal or county sheriff department.
2. "Missing child" means an individual who is less than eighteen (18) years of age who is reported to any law enforcement agency as abducted, lost or a runaway.

18-4509. MISSING CHILD REPORTS -- LAW ENFORCEMENT AGENCIES -- DUTIES. 1. Upon receiving a report of a missing child, a law enforcement agency shall:
(a) immediately enter identifying and descriptive information about the child into the national crime information center computer. retrieval of data on behalf of law enforcement agencies which do not have direct access to the system; and
(b) If the missing child was born in Idaho, notify the state registrar in writing within five (5) business days. The law enforcement agency shall make the written notification in a manner and form prescribed by the state registrar. The notification shall include the missing child's name, date of birth, county of birth, the mother's maiden name, and the name of a contact person at the law enforcement agency which submitted the report.
(c) If the missing child was born in a state other than Idaho and that information is known, notify the state registrar or other state agency responsible for vital records in the state where the child was born, within five (5) business days. The state registrar shall provide the registrar or appropriate officer with information concerning the identity of the missing child, if requested to do so.

2. If the department of law enforcement has reason to believe that a missing child is enrolled in an Idaho elementary or secondary school, it shall notify that school of the report, at which time the school shall flag the missing child's record pursuant to section 18-4511, Idaho Code.

3. Upon learning of the return of a missing child, the department of law enforcement shall so notify the state registrar of this state if the child was born in Idaho, or the appropriate officer in the state where the child was born, and the school informed under the provisions of subsection 2 of this section.

4. The department of law enforcement shall by rule determine the manner and form of notices and information required by this act.

5. Immediately after a missing child is returned, the law enforcement agency having jurisdiction over the investigation shall clear the entry from the national crime information computer.

the missing child. The driver's license of the person making the request, if available, shall be photocopied and returned to him. He shall be informed that the birth certificate will be mailed to him when it is released. The employee shall note the physical description of the person making the request, and, upon that person's departure from the vital statistics office, the supervisor or state registrar shall immediately notify the law enforcement agency having jurisdiction of the request and provide it with the information obtained pursuant to subsection 2(a) of this section. The state registrar shall retain the form completed by the person making the request.

(b) When a copy of the birth certificate of a missing child whose birth record has been flagged is requested in writing, the state registrar shall immediately notify the law enforcement agency having jurisdiction of the request and shall provide a copy of the written request. The state registrar shall retain the original written request.

3. Upon notification by a law enforcement agency that a missing child has been returned or when the child reaches his eighteenth birthday, the state registrar shall remove the flag from the child's birth record.

18-4511. SCHOOL DUTIES -- RECORDS OF MISSING CHILD -- IDENTIFICATION UPON ENROLLMENT -- TRANSFER OF STUDENT RECORDS. 1. Upon notification by the department of law enforcement of a missing child report, the school in which the child is currently enrolled shall flag the record of that child in such a manner that whenever a copy of or information regarding the record is requested, the school shall be alerted to the fact that the record is that of a missing child. The school shall immediately report to the department of law enforcement any request concerning flagged records or knowledge as to the whereabouts of the missing child. Upon notification by the department of law enforcement of the return of the missing child, the school shall remove the flag from the child's record.

2. Upon enrollment of a student for the first time in an elementary or secondary school, the school shall notify in writing the person enrolling the student that within thirty (30) days he must provide either a certified copy of the student's birth certificate or other reliable proof of the student's identity and birthdate, which proof shall be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate. Other reliable proof of the student's identity and birthdate may include a passport, visa or other governmental documentation of the child's identity.

(a) Upon the failure of a person enrolling a student to comply with subsection 2 of this section, the school shall immediately notify the department of law enforcement or local law enforcement agency of such failure, and shall notify the person enrolling the student, in writing, that he has ten (10) additional days to comply.

The requesting school shall exercise due diligence in obtaining the copy of the record requested. Any elementary or secondary school which is requested to forward a copy of a transferred student's record to the student's new school shall comply within ten (10) days of receipt of the request, unless the record has been flagged pursuant to subsection 1 of this section, in which case the copy shall not be forwarded and the school shall notify the department of law enforcement or local law enforcement authority of the request for a flagged record.

2. All applications for a guide's license shall be signed by the applicant. Such application shall contain the written endorsement of the outfitter(s) by whom the applicant will be employed.

(b) Applications shall be made to and filed with the board and accompanied by a bond to the state of Idaho for the benefit of person or persons employing the licensee and in a form approved by the board in the sum of five thousand dollars ($5,000) for outfitters, executed by a qualified surety, duly authorized to do business in this state, conditioned that for the current license year said applicant, his
agents and employees, if said license is issued to him, shall conduct his business as an outfitter without fraud or fraudulent representation, and will faithfully perform his contracts with and duties to his patrons; said bond shall be filed with the board before issuance of the license as provided herein.

(c) The board, in its discretion, may make such additional investigation and inquiry relative to the applicant and his qualifications as it shall deem advisable, provided that final decision by the board upon an application submitted by an applicant who has held during the preceding license year a license of the same kind for which application is made shall not be later than March 31 of the year in which the board receives all materials required to be submitted in order to complete a license application or thirty (30) days from the date the board receives all such materials, whichever is later; and upon an application submitted by an applicant not holding during the preceding license year a license of the same kind or embracing the same activity(ies) or area for which application is made, not later than March 31 of the year in which the board receives all materials required to be submitted in order to complete a license application or ninety (90) days from the date the board receives all such materials, whichever is later.

(d) After the board has acted favorably upon an application, the applicant shall pay a license fee, as hereinafter provided, to the board.

1. The license fee shall be paid prior to the issuance of a license.
2. The license fee shall be used for the investigation of applicants, for enforcement of this act, and for the administration costs of the board.

A ten dollar ($10.00) fee shall be charged for every amendment to a license.

(b) Each employee in classified service shall, separate and apart from the salary schedule established by subsection (a) hereof, receive two and one-half percent (2 1/2%) of his base salary for each ten thousand four hundred (10,400) hours of service with the state. No additional longevity credit shall be awarded after the twentieth year of service. For purposes of this subsection, employees of former community college districts which have become state colleges or state universities shall be credited with one (1) year's service with the state for each year's employment with a community college district regardless of the time of that employment.

(c) It is hereby declared to be the intent of the legislature that the advancement of an employee to steps providing an increased salary within each pay grade shall be based solely on merit, including factors such as increased productivity, reliability, effectiveness, and the ability to achieve the goals and objectives of the particular position. No employee shall advance to a higher step within a pay grade without an affirmative certification for such purpose by the employee's immediate supervisor, approved by the departmental director or the director's designee, in accordance with the following schedule and criteria:

(i) Step A in the salary schedule shall normally be the rate at which an employee is paid within a grade when originally employed. However, when necessary to obtain a particularly qualified individual, the appointing authority may make an initial appointment at a higher step in the authorized pay grade. These advanced step appointments shall be accompanied by a written statement containing the appointing authority's justification for the higher than normal starting rate. When necessary to obtain qualified personnel in a particular classification, upon petition of the appointing authority to the commission containing acceptable reasons therefor, a higher temporary pay grade may be authorized by the commission which, if granted, shall be reviewed annually to determine the need for continuance.

(ii) Each employee's work performance shall be evaluated after one thousand forty (1,040) hours of credited state service from the date of initial appointment or promotion and after each two
thousand eighty (2,080) hours of credited state service thereafter by his or her immediate supervisor. Employees may be eligible for advancement to step B after completion of one thousand forty (1,040) hours of credited state service at step A, provided that such service is certified as meeting the merit requirement set forth in paragraph (c) above. Effective July 1, 1979, employees may advance to steps C through 0 M only if certified as meeting the merit requirements of paragraph (c) above. However, such in-grade advancement shall not be construed as a vested right. The department director shall designate, upon agreement with the employee, whether such in-grade advancement is temporary, conditional or permanent. It shall be the specific responsibility of the supervisor and the departmental director to effect the evaluation prescribed in paragraph (c) above on an evaluation form approved by the commission for that purpose.

(iii) In addition to merit increases authorized in paragraph (ii) above, the department director may grant a classified employee holding permanent status a lump sum bonus not to exceed one thousand dollars ($1,000) in any given fiscal year based upon an affirmative certification of meritorious service as outlined in this section. The department director shall use a performance evaluation as justification for the increase. Exceptions to the one thousand dollar ($1,000) limit provided in this section may be granted if approved in advance by the state board of examiners.

7-1201. STATEMENT OF LEGISLATIVE FINDINGS. Further, P.L. 98-378 requires each state to implement statutorily prescribed procedures to improve the effectiveness of child support enforcement. Although the department of health and welfare does not have the authority to establish support orders administratively, the act as amended in 1988 enables the department to give full faith and credit to all legally enforceable support orders issued by other states. The collection remedies required by federal law are enacted in section 7-1203, Idaho Code.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 2, Title 43, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 43-204A, Idaho Code, and to read as follows:

43-204A. INDEMNIFICATION OF OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS. (a) A district shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the district) by reason of the fact that he is or was a director, officer, employee or agent of the district, or is or was serving at the request of the district as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the district, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the district, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

(b) A district shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the district to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the district, or is or was serving at the request of the district as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense
or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the district and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the district unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

(c) To the extent that a director, officer, employee or agent of a district has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsection (a) or (b) hereof, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

(d) Any indemnification under subsection (a) or (b) of this section (unless ordered by a court) shall be made by the district only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in subsection (a) or (b). Such determination shall be made (1) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or (2) if such a quorum is not obtainable, or, even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (3) by the qualified electors of the district.

(e) Expenses (including attorneys' fees) incurred in defending a civil or criminal action, suit or proceeding may be paid by the district in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the district as authorized in this section.

(f) The indemnification and advancement of expenses provided by, or granted pursuant to the other subsections of this section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of qualified electors of the district or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office.

(g) A district shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the district, or is or was serving at the request of the district as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the district would have the power to indemnify him against such liability under the provisions of this section.
(h) The indemnification and advancement of expenses provided by, or granted pursuant to, this section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, and personal representatives of such a person.

SECTION 2. That Chapter 2, Title 43, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 43-204B, Idaho Code, and to read as follows:

43-204B. BYLAW LIMITING DIRECTOR LIABILITY AUTHORIZED. (e) In addition to the registration and license fees of this section, there shall be paid on all noncommercial vehicles, farm vehicles, and any commercial vehicle exclusively engaged in the transportation of logs, pulp wood, stull, poles, piling, rough lumber, ores, ore concentrates, sand and gravel aggregates in bulk, livestock and vehicles domiciled in Idaho used for the sole purpose of transporting milk from the farm to processing plant, having a maximum gross weight in excess of sixty thousand (60,000) pounds, a use fee of 22.45 mills
per mile.

(f) If any motor vehicle, trailer or semitrailer, or combinations thereof, is authorized under the provisions of section 49-916, Idaho Code, to move on the highways of the state, and the vehicle exceeds the maximum gross weight of eighty thousand (80,000) pounds, then and in that event there shall be paid for that vehicle, in addition to the other fees required in this section, an additional use fee of 2.1 mills per mile for each two thousand (2,000) pounds or fraction thereof of the permitted excess weight.

(g) An applicant for registration of a commercial vehicle, a non-commercial vehicle or a farm vehicle shall set forth the maximum gross weight of the vehicle or combination of vehicles and the applicant shall pay any annual registration fees and any annual license fees on trailers and semitrailers required at the time he makes application for registration subject to the provisions of subsections (b) and (c). No part of the registration or license fees shall be subject to refund. The use fee payment required shall be computed according to the schedule in either subsection (d) or (e) on the mileage operated over the highways of the state of Idaho and the owner of any vehicle against which a use fee is assessed, shall at the time of making his next quarterly report pay the use fee, if any, for the three (3) calendar months immediately prior. In determining the mileage subject to the use fee, there shall be deducted the miles traveled on roadways maintained with private funds by agreement with the public agency or agencies having jurisdiction over them. In no event shall the total money credited to the owner for the mileage exceed the actual cost of maintenance expended by him.

(h) The license, registration and use fees of this section shall not be applicable to trailers registered pursuant to section 49-126, Idaho Code.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 6, 1988.

CHAPTER 339
(H.B. No. 605)

AN ACT
RELATING TO DRIVING UNDER THE INFLUENCE OF ALCOHOL; PROVIDING LEGISLATIVE INTENT; AMENDING CHAPTER 80, TITLE 18, IDAHO CODE, BY THE ADDITION OF NEW SECTIONS 18-8008, 18-8009 AND 18-8010, IDAHO CODE, TO PROVIDE WHEN A COURT MAY MANDATE THAT A PERSON UTILIZE IGNITION INTERLOCK DEVICES OR ELECTRONIC MONITORING DEVICES, TO PROVIDE FEES, TO PROVIDE CRIMINAL SANCTIONS FOR A PERSON TO KNOWINGLY ASSIST ANOTHER PERSON WHO IS RESTRICTED TO THE USE OF AN IGNITION INTERLOCK DEVICE TO START AND OPERATE THE VEHICLE IN VIOLATION OF A COURT ORDER, TO PROVIDE DEFENSES, TO ADD A SURCHARGE TO ALL FINES FOR PERSONS VIOLATING THE STATE'S LAW AGAINST DRIVING A MOTOR VEHICLE WHILE UNDER THE INFLUENCE OF ALCOHOL, DRUGS OR OTHER INTOXICATING SUBSTANCES, AND TO CREATE THE COURT INTERLOCK DEVICE AND ELECTRONIC MONITORING DEVICE FUND IN EACH COUNTY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE INTENT. The legislature finds and declares:

(1) There is a need to reduce the incidence of drivers on the highways and roads of this state who, because of their use or consumption of alcohol, pose a danger to the health and safety of other drivers;

(2) There are some innovative alternatives adopted by other states in an attempt to discourage the drinking driver from operating a motor vehicle which include the use of interlock devices when the driver has been convicted, found guilty or received a withheld judgment for driving under the influence of alcohol or drugs;

(3) The installation of an ignition interlock breath alcohol device will provide a means of deterring the use of motor vehicles by
persons who have consumed alcoholic beverages;

(4) Ignition interlock devices are designed to supplement other methods of punishment that prevent drivers from using a motor vehicle after using, possessing or consuming alcohol;

(5) It is economically and technically feasible to have an ignition interlock device installed in a motor vehicle in such a manner that the vehicle will not start if the operator has recently consumed alcohol.

SECTION 2. That Chapter 80, Title 18, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 18-8008, Idaho Code, and to read as follows:

18-8008. IGNITION INTERLOCKS -- ELECTRONIC MONITORING DEVICES.

(1) If a person is convicted, is found guilty, pleads guilty or receives a withheld judgment for violating any of the provisions of this chapter and has had any or all of a sentence or fine suspended for the violation, the court, in its discretion, may impose any, some, or all of the sanctions proved in this section in addition to any other penalty or fine imposed pursuant to this chapter.

(2) The court may order the person while operating a motor vehicle to drive only a motor vehicle equipped with a functioning ignition interlock device, and the restriction shall be for a period not in excess of the time the person is on probation for the offense. The court shall establish a specific calibration setting at which the ignition interlock device will prevent the motor vehicle from being started and the period of time that the person shall be subject to the restriction. As used in this section, the term "ignition interlock device" means breath alcohol analyzed ignition equipment, certified by the transportation department, designed to prevent a motor vehicle from being operated by a person who has consumed an alcoholic beverage. The transportation department shall by rule and regulation provide standards for the certification, installation, repair and removal of the devices. If the court imposes a sanction pursuant to this subsection, it shall notify the transportation department of its order. The department shall attach or imprint a notation on the driver's license or other document granting the person restricted driving privileges of any person restricted under this subsection that the person may operate only a motor vehicle equipped with an ignition interlock device.

(3) The court may order the person to use electronic monitoring devices to record the person's movements if as a condition of probation the person has been given restricted driving privileges between certain times, has been placed under a curfew or has been ordered confined to his residence during times certain. Nothing in this subsection shall restrict the court's usage of electronic monitoring devices to supervise a defendant on probation for other offenses.

(4) If a court orders a defendant to use an ignition interlock device or electronic monitoring device pursuant to this section, and the court, or its probation department, furnishes the defendant with the device, the court may order the defendant to pay a reasonable fee
for utilizing the equipment. All fees collected pursuant to this sec-
tion shall be in addition to any other fines or penalty provided by
law and shall be deposited in the court interlock device and elec-
tronic monitoring device fund created in section 18-8010, Idaho Code.

SECTION 3. That Chapter 80, Title 18, Idaho Code, be, and the
same is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 18-8009, Idaho Code, and to read as
follows:

18-8009. IGNITION INTERLOCKS — ASSISTING ANOTHER IN STARTING OR
OPERATING — PENALTY. A person who knowingly assists another person
who is restricted to the use of an ignition interlock device to start
and operate that vehicle in violation of a court order shall be guilty
of a misdemeanor. The provisions of this section do not apply if the
starting of a motor vehicle, or the request to start a motor vehicle,
equipped with an ignition interlock device is done for the purpose of
safety or mechanical repair of the device or the vehicle and person
subject to the court order does not operate the vehicle.

SECTION 4. That Chapter 80, Title 18, Idaho Code, be, and the
same is hereby amended by the addition thereto of a NEW SECTION, to be
known and designated as Section 18-8010, Idaho Code, and to read as
follows:

18-8010. SURCHARGE ADDED TO ALL FINES. Every person who is con-
victed, found guilty, pleads guilty or receives a withheld judgment
for violating the provisions of this chapter shall be required to pay
an additional fifteen dollars ($15.00) in addition to any other fine,
penalty or costs the court may assess. Moneys received pursuant to
this section shall be remitted to the county treasurer in the county
where the person was adjudicated for deposit in the "court interlock
device and electronic monitoring device fund" which is hereby created
in each county. Moneys in this fund may be utilized for the purchase
of ignition interlock devices and electronic monitoring devices
required pursuant to section 18-8008, Idaho Code. Additionally, any
moneys a court charges a defendant for using an ignition interlock
device or electronic monitoring devices shall be placed in this fund.
The court may also utilize moneys in this fund to assist an indigent
defendant to procure an ignition interlock device or electronic moni-
toring devices.

Approved April 6, 1988.

CHAPTER 340
(H.B. No. 612, As Amended in the Senate)

AN ACT
RELATING TO MOTOR VEHICLE WARRANTIES; AMENDING TITLE 48, IDAHO CODE,
BY THE ADDITION OF A NEW CHAPTER 9, TITLE 48, IDAHO CODE, TO PRO-
VIDE DUTIES OF MOTOR VEHICLE MANUFACTURERS SELLING VEHICLES IN THIS STATE WITH EXPRESS WARRANTIES REGARDING SERVICE AND REPAIR FACILITIES, TO DEFINE TERMS, TO PROVIDE A MOTOR VEHICLE MANUFACTURER'S DUTY TO REPAIR AND TO PERFORM REPAIRS IN CONFORMITY WITH THE EXPRESS WARRANTY, TO PROVIDE INABILITY TO CONFORM TO EXPRESS WARRANTIES AND TO PROVIDE FOR REIMBURSEMENT TO THE BUYER, TO PROVIDE WHAT CONSTITUTES A REASONABLE NUMBER OF ATTEMPTS TO CONFORM TO THE EXPRESS WARRANTY, TO PROVIDE A DISPUTE RESOLUTION PROCEDURE, TO PROVIDE DEALER LIABILITY, TO PROVIDE FOR AWARD OF DAMAGES, AND TO PROVIDE CUMULATIVE REMEDIES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 48, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 9, Title 48, Idaho Code, and to read as follows:

CHAPTER 9
MOTOR VEHICLE EXPRESS WARRANTIES

48-901. MOTOR VEHICLE MANUFACTURERS -- EXPRESS WARRANTIES -- SERVICE AND REPAIR FACILITIES. Every manufacturer of motor vehicles sold in this state and for which the manufacturer has made an express warranty shall maintain in this state sufficient service and repair facilities reasonably close to all areas in which its motor vehicles are sold to carry out the terms of the warranties or designate and authorize in this state as service and repair facilities independent repair or service facilities reasonably close to all areas in which its motor vehicles are sold to carry out the terms of the warranties. As a means of complying with the provisions of this section, a manufacturer may, in a town or city where there is not a franchise market representative, enter into warranty service contracts with independent service and repair facilities.

48-902. DEFINITIONS. As used in this chapter:
(1) "Buyer" means the purchaser, other than for purposes of resale, of a new motor vehicle normally used for personal, family or household purposes, or any person to whom the motor vehicle is transferred during an express warranty applicable to the motor vehicle and any other person entitled by the terms of the warranty to enforce the obligations of the warranty.

(2) (a) "Express warranty" means:
(i) A written statement arising out of a sale to the buyer of a motor vehicle pursuant to which the manufacturer undertakes to preserve or maintain the utility or performance of the motor vehicle as provided in the warranty; or
(ii) In the event of any sample or model, that the whole of the goods conforms to such sample or model.

(b) It is not necessary to the creation of an express warranty that formal words such as "warrant" or "guarantee" be used, but if such words are used then an express warranty is created. An affirmation merely of the value of the vehicle or a statement pur-
porting to be merely an opinion or commendation of the vehicle does not create a warranty.

(c) Statements or representations such as expressions of general policy concerning buyer satisfaction which are not subject to any limitation do not create an express warranty.

(3) "Manufacturer" means a manufacturer, importer, distributor, or anyone who is named as the warrantor on an express written warranty on a motor vehicle.

(4) "Motor vehicle" means a motor vehicle as defined in section 49-101, Idaho Code, which is sold in this state, but does not include:

(a) motorcycle or farm tractor, as defined in section 49-101, Idaho Code; or

(b) house trailer as defined in section 49-101, Idaho Code; or

(c) any motor vehicle with a gross laden weight of over twelve thousand (12,000) pounds.

(5) "Nonconformity" means a failure to conform with an express warranty in a manner which substantially impairs the use, value, or safety of the item.

48-903. MANUFACTURER'S DUTY TO REPAIR -- CONFORMITY WITH EXPRESS WARRANTIES -- REPLACEMENT OR REFUND. If the manufacturer, its agent, or its authorized dealer is unable to conform the motor vehicle to any applicable warranty by repairing or correcting any defect or condition which substantially impairs the use, market value, or safety of the motor vehicle after a reasonable number of attempts, at the option of the buyer the manufacturer shall either replace the motor vehicle with a comparable new motor vehicle or accept return of the vehicle from the buyer and refund to the buyer the full purchase price including all collateral charges, less a reasonable allowance for the buyer's use of the vehicle. Refunds shall be made to the buyer, and any lienholders as their interest may appear. A reasonable allowance for use is that amount directly attributable to use by the buyer prior to his first report of the nonconformity to the manufacturer, its agent, or its authorized dealer and during any subsequent period when the vehicle is not out of service because of repair. It shall be presumed that a reasonable allowance for use shall equal the amount allowed by the Internal Revenue Service, during the period in which such use occurred, as a deduction for the business use of an automobile. The subtraction of a reasonable allowance for use shall apply when either a replacement or a refund of the new motor vehicle occurs. It is an affirmative defense to any claim under this chapter:

(1) That an alleged nonconformity is the result of abuse, neglect, or unauthorized modifications or alterations of a motor vehicle by a buyer; or

(2) A claim by a buyer was not filed in good faith; or

(3) Any other affirmative defense allowed by law.

48-904. INABILITY TO CONFORM TO EXPRESS WARRANTIES -- BUYER'S REIMBURSEMENT. If the manufacturer or its representative or its authorized dealer is unable to service or repair the motor vehicle to conform to the applicable express warranties after a reasonable number of attempts and the buyer has notified the manufacturer or dealer in writing, the manufacturer shall reimburse the buyer in an amount equal
to the purchase price paid by the buyer, less that amount directly attributable to use by the buyer.

48-905. REASONABLE NUMBER OF ATTEMPTS TO CONFORM TO EXPRESS WARRANTY -- WHAT CONSTITUTES. (1) It is presumed that a reasonable number of attempts has been undertaken to conform a motor vehicle to the applicable express warranties if during the period of one (1) year following the date of original delivery of the motor vehicle to a buyer or during the period ending with the date on which the mileage on the motor vehicle reaches twelve thousand (12,000) miles, whichever period ends earlier:
   (a) The same nonconformity has been subject to repair four (4) or more times by the manufacturer or its agents, but the nonconformity continues to exist; or
   (b) The vehicle is out of service to the buyer because of repair for a cumulative total of thirty (30) or more business days.
   (2) The term of the one (1) year period and the thirty (30) day period shall be extended by any period of time during which repair services are not available to the buyer because of a war, invasion, strike, fire, flood, or other natural disaster, and by any period of time during which the vehicle is in the possession of the manufacturer, its agent or authorized dealer for routine maintenance as prescribed by the manufacturer and does not include periods during which the buyer has been provided with a manufacturer's replacement vehicle.

48-906. DISPUTE RESOLUTION PROCEDURE -- ALTERNATIVE TO BUYER'S REIMBURSEMENT. If a manufacturer has established an informal dispute resolution settlement procedure which substantially complies with the applicable provision of title 16, code of federal regulations, part 703, as from time to time amended, the provisions of section 48-904, Idaho Code, concerning reimbursements do not apply unless the buyer has resorted to such procedure.

48-907. DEALER LIABILITY. Nothing in this chapter shall be construed as imposing any liability on an authorized dealer or creating a cause of action by a buyer against a dealer under this chapter, except regarding any written express warranties made by the dealer apart from the manufacturer's own warranties.

48-908. DAMAGE AWARD. If a buyer pursues an action against a manufacturer pursuant to this chapter because a manufacturer refuses or fails to replace or refund as provided in section 48-904, Idaho Code, and a court finds in favor of the buyer, the manufacturer shall be liable for treble the amount of the full purchase price including all collateral charges less a reasonable allowance for the buyer's use of the vehicle.

48-909. REMEDIES. The remedies provided under this chapter are cumulative and are in addition to any other remedies provided by law.

Approved April 6, 1988.
CHAPTEB 341
(H.B. No. 766)

AN ACT RELATING TO DOMESTIC VIOLENCE; AMENDING TITLE 39, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 63, TITLE 39, IDAHO CODE, TO PROVIDE A SHORT TITLE, TO PROVIDE A STATEMENT OF PURPOSE, TO PROVIDE DEFINITIONS, TO PROVIDE FOR AN ACTION FOR A PROTECTION ORDER, TO PROVIDE FOR HEARINGS, TO PROVIDE FOR THE SETTING OF A SECURITY AMOUNT, TO PROVIDE FOR AN EX PARTE TEMPORARY PROTECTION ORDER IN CASES WHERE IRREPARABLE INJURY MAY OCCUR, TO PROVIDE FOR ASSISTANCE OF LAW ENFORCEMENT AGENCIES IN EXECUTION OF THE PROTECTION ORDER, TO PROVIDE FOR SERVICE OR PROTECTION ORDERS, TO PROVIDE FOR RECORDING OF PROTECTION ORDERS ON THE IDAHO LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM, TO PROVIDE FOR PENALTIES FOR VIOLATIONS OF THE ORDER AND FOR MANDATORY ARREST OF THOSE IN VIOLATION OF PROTECTION ORDERS, TO PROVIDE FOR MODIFICATION OF THE PROTECTION ORDER, TO PROVIDE FOR CIVIL AND CRIMINAL IMMUNITY FOR OFFICERS CARRYING OUT THEIR DUTIES UNDER THIS CHAPTER, TO PROVIDE FOR ADDITIONAL PROCEEDINGS, TO PROVIDE FOR TRAINING OF LAW ENFORCEMENT OFFICERS, AND TO PROVIDE SEVERABILITY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 63, Title 39, Idaho Code, and to read as follows:

CHAPTER 63
DOMESTIC VIOLENCE CRIME PREVENTION

39-6301. SHORT TITLE. This chapter shall be known and may be cited as the "Domestic Violence Crime Prevention Act."

39-6302. STATEMENT OF PURPOSE. For purposes of this chapter, the legislature adopts by reference the declaration of policy in section 39-5201, Idaho Code. Additionally, the legislature finds that a significant number of homicides, aggravated assaults, and assaults and batteries occur within the home between adult members of families. Furthermore, research shows that domestic violence is a crime which can be deterred, prevented or reduced by legal intervention. Domestic violence can also be deterred, prevented or reduced by vigorous prosecution by law enforcement agencies, prosecutors and the courts whenever reasonable cause exists for arrest and prosecution.

The purpose of this act is to address domestic violence as a serious crime against society and to assure the victims of domestic violence the protection from abuse which the law and those who enforce the law can provide.

It is the intent of the legislature to expand the ability of the courts to assist victims by providing a legal means for victims of domestic violence to seek protection orders to prevent such further
incidents of abuse. It is the intent of the legislature that the official response to cases of domestic violence shall stress the enforcement of the laws to protect the victim and shall communicate the attitude that violent behavior in the home is criminal behavior and will not be tolerated. The provisions of this chapter are to be construed liberally to promote these purposes.

39-6303. DEFINITIONS. (1) "Domestic violence" means the physical injury, sexual abuse or forced imprisonment or threat thereof of a family or household member.

(2) "Family or household member" means spouses, former spouses, adult persons related by blood or marriage, persons who reside or have resided together, and persons who have a child in common regardless of whether they have been married or have lived together at any time.

(3) "Family dwelling" is any premises in which the petitioner resides.

(4) "Judicial day" means any day upon which court business may be transacted as provided in sections 1-1606 and 1-1607, Idaho Code.

39-6304. ACTION FOR PROTECTION. (1) There shall exist an action known as a "petition for a protection order" in cases of domestic violence.

(2) A person may seek relief from domestic violence by filing a petition based on a sworn affidavit with the magistrates division of the district court, alleging that the person or a family or household member is the victim of domestic violence. Any petition properly filed under this chapter may seek protection for any additional persons covered by this chapter.

(3) A person's right to petition for relief under this chapter shall not be affected by that person's having left the residence or household to avoid abuse.

(4) The petition shall disclose the existence of any custody or any marital annulment, dissolution or separation proceedings pending between the parties, the existence of any other custody order affecting the children of the parties, and the existence of child protection or adoption proceedings affecting the children of any party.

(5) When the petitioner requests custody of any child, the petition shall disclose:

(a) The county and state where the child has resided for six (6) months immediately prior to the filing of the petition;
(b) The party or other responsible person with whom the child is presently residing; and
(c) The party or other responsible person with whom the child has resided for six (6) months immediately prior to the filing of the petition.

39-6305. FEES WAIVED. No filing fee, service fee, hearing fee or bond shall be charged for proceedings seeking only the relief provided under this chapter.

39-6306. HEARING ON PETITION FOR PROTECTION ORDER -- RELIEF PROVIDED AND REALIGNMENT OF DESIGNATION OF PARTIES. (1) Upon filing of a
petition based upon a sworn affidavit for a protection order, the

court shall hold a hearing to determine whether the relief sought

shall be granted within fourteen (14) days. Upon a showing that there

is an immediate and present danger of domestic violence to the peti-
tioner the court may, if requested, order for a period not to exceed

three (3) months that:

(a) Temporary custody of the minor children of the petitioner or

of the parties be awarded to the petitioner or respondent if exer-
cise of such jurisdiction is consistent with the provisions of
section 32-1103, Idaho Code, and consistent with prior custody
orders entered by a court of competent jurisdiction unless grounds
exist pursuant to section 32-717, Idaho Code;

(b) A party be restrained from committing acts of domestic vio-

lence;

(c) Exclude the respondent from the dwelling which the parties

share or from the residence of the petitioner;

(d) The respondent be ordered to participate in treatment or

counseling services;

(e) Other relief be ordered as the court deems necessary for the

protection of a family or household member, including orders or
directives to a peace officer, as allowed under this chapter;

(f) The respondent be required to pay service fees, and to reim-

burse the petitioner for costs incurred in bringing the action,

including a reasonable attorney's fee;

(g) The respondent be restrained from contacting, molesting,

interfering with or menacing the minor children whose custody is

awarded to the petitioner; and/or

(h) The respondent be restrained from entering any premises when

it appears to the court that such restraint is necessary to pre-

vent the respondent from contacting, molesting, interfering with

or menacing the petitioner or the minor children whose custody is

awarded to the petitioner.

(2) Immediate and present danger under this section

includes, but

is not limited to, situations in which the respondent

threatened the petitioner with bodily harm or engaged in domestic vio-

lence against the petitioner.

(3) No order made under this chapter shall in any manner affect

title to real property.

(4) Relief shall not be denied because petitioner used reasonable

force in self-defense against respondent, or because petitioner or

respondent was a minor at the time of the incident of domestic vio-

cence.

(5) Any relief granted by the protection order, other than a

judgment for costs, shall be for a fixed period not to exceed three

(3) months.

(6) In providing relief under this chapter, the court may realign

the designation of the parties as "petitioner" and "respondent" where

the court finds that the original petitioner is the abuser and the

original respondent is the victim of domestic violence.

39-6307. SECURITY. Whenever a protection order is issued under

this chapter, the issuing court may set a security amount for a viola-
tion of the order.

39-6308. EX PARTE TEMPORARY PROTECTION ORDER. (1) Where an application under this section alleges that irreparable injury could result from domestic violence if an order is not issued immediately without prior notice to the respondent, the court shall hold a hearing which may be ex parte on the day a petition is filed or on the follow­ing judicial day to determine whether the court should grant an ex parte temporary protection order, pending a full hearing, and grant such other relief as the court deems proper, including an order:
   (a) Restraining any party from committing acts of domestic vio­lence;
   (b) Excluding any party from the dwelling shared or from the res­idence of the other until further order of the court; and
   (c) Restraining any party from interfering with the other’s cus­tody of the minor children or from removing the children from the jurisdiction of the court.
   (d) Ordering other relief as the court deems necessary for the protection of a family or household member, including orders or directives to a peace officer, as allowed under this chapter;
   (e) Restraining the respondent from contacting, molesting, inter­fering with or menacing the minor children whose custody is awarded to the petitioner; and/or
   (f) Restraining the respondent from entering any premises when it appears to the court that such restraint is necessary to prevent the respondent from contacting, molesting, interfering with or menacing the petitioner or the minor children whose custody is awarded to the petitioner.
   (2) Irreparable injury under this section includes but is not limited to situations in which the respondent has recently threatened the petitioner with bodily injury or has engaged in acts of domestic violence against the petitioner.
   (3) The court shall hold an ex parte hearing on the day the peti­tion is filed or on the following judicial day.
   (4) An ex parte temporary protection order shall be effective for a fixed period not to exceed fourteen (14) days, but may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen (14) days from the issuance of the temporary order. The respondent shall be served with a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing.

39-6309. ISSUANCE OF ORDER -- ASSISTANCE OF PEACE OFFICER -- DESIGNATION OF APPROPRIATE LAW ENFORCEMENT AGENCY. When an order is issued under this chapter upon request of the petitioner, the court may order a peace officer to accompany the petitioner and assist in placing the petitioner in possession of the dwelling or residence, or otherwise assist in the execution of the protection order. A certified copy of the order shall be prepared by the clerk for transmittal to the appropriate law enforcement agency as specified in section 39-6311, Idaho Code. Orders issued under this chapter shall include a designation fo the appropriate law enforcement agency to execute,
serve, or enforce the order.

39-6310. ORDER AND SERVICE. (1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsection (6) of this section.

(2) A peace officer of the jurisdiction in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party at the petitioner's own expense.

(3) If service by a peace officer is to be used, the clerk of the court shall have a copy of any order issued under this chapter forwarded on or before the next judicial day to the appropriate law enforcement agency specified in the order for service upon the respondent. Service of an order issued under this chapter shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the peace officer cannot complete service upon the respondent within ten (10) days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(6) If an order entered by the court recites that the respondent appeared in person before the court and receives a copy of the order, the necessity for further service is waived and proof of service of that order is not necessary.

39-6311. ORDER -- TRANSMITTAL TO LAW ENFORCEMENT AGENCY -- RECORD IN IDAHO LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM -- ENFORCEABILITY. (1) (a) A copy of a protection order granted under this chapter shall be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order.

(b) Upon receipt of the order, the law enforcement agency shall forthwith enter the order and its expiration date into the Idaho law enforcement telecommunications system available in this state used by law enforcement agencies to list outstanding warrants. Notification of service as required in section 39-6310(c), Idaho Code, shall also be entered into the Idaho law enforcement telecommunications system upon receipt. Entry into the Idaho law enforcement telecommunications system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any county in the state. Renewals of the order shall be recorded in the same manner as original orders. The information entered shall specifically state that the protection order is civil in nature.

(2) Law enforcement agencies shall establish procedures reasonably adequate to assure that an officer approaching or actually at the scene of an incident of domestic violence may be informed of the existence and terms of such protection order.

(3) A protection order shall remain in effect for three (3) months from date of entry or until terminated by the court. If the petitioner voluntarily and without duress consents to the waiver of any portion of the protection order vis-a-vis the respondent pursuant
39-6312. VIOLATION OF ORDER -- PENALTIES. (1) Whenever a protection order is granted under this chapter and the respondent or person to be restrained had notice of the order, a violation of the restraint provisions or of a provision excluding the person from a residence shall be a violation of section 18-1801, Idaho Code.

RELATING TO COUNTY-WIDE CONSOLIDATED EMERGENCY COMMUNICATIONS SYSTEMS;
AMENDING TITLE 31, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 48, TITLE 31, IDAHO CODE, TO PROVIDE A STATEMENT OF PURPOSE, TO PROVIDE A DEFINITION, TO PROVIDE AUTHORIZATION BY COUNTY COMMISSIONERS TO ESTABLISH A CONSOLIDATED EMERGENCY COMMUNICATIONS SYSTEM SUBJECT TO FUNDING APPROVAL OF THE ELECTORS OF THE COUNTY, TO PROVIDE FOR A TELEPHONE LINE USER FEE, TO ESTABLISH A JOINT POWERS BOARD OR ADMINISTRATOR FOR OPERATION OF AN EMERGENCY COMMUNICATIONS SYSTEM, TO PROVIDE FOR APPOINTMENT OF AN OFFICIAL IN ABSENCE OF JOINT POWERS BOARD, TO PROVIDE THAT THE RIGHT TO THE FEE IS NOT AFFECTED BY NONSERVICE, TO PROVIDE FOR TERMINATION OF THE SYSTEM, TO PROVIDE FOR A FUND AND APPROPRIATIONS THEREFROM, TO PROVIDE THAT EXISTING SYSTEMS ARE NOT AFFECTED, AND TO PROVIDE THAT PAY PHONES SHALL BE CONVERTED; PROVIDING SEVERABILITY; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 31, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 48, Title 31, Idaho Code, and to read as follows:

CHAPTER 48
EMERGENCY COMMUNICATIONS ACT

31-4801. PURPOSE. The legislature recognizes that providing consolidated county-wide emergency communications systems is vital in enhancing the public health, safety, and welfare of the residents of the state of Idaho. The legislature further finds that there is an obvious need for providing a means to finance the initiation, maintenance, and enhancement of consolidated emergency communications systems.

31-4802. DEFINITION. As used in this chapter "consolidated emergency communications system" means facilities, equipment and dispatch-
ing services directly related to establishing, maintaining, or enhancing a county-wide 911 emergency communications service.

31-4803. AUTHORITY TO ESTABLISH AND FOR VOTERS TO APPROVE FUNDING FOR A CONSOLIDATED EMERGENCY COMMUNICATIONS SYSTEM. (1) The board of commissioners of any county may establish a consolidated emergency communications system by virtue of authority granted by this chapter or by chapter 23, title 67, Idaho Code.

(2) The voters of any county may authorize funding to support implementation of a consolidated emergency communications system pursuant to the provisions of this chapter. The authorization to provide such funding must be made by the registered voters of the county at either a primary or general election held in even-numbered years. A sixty percent (60%) majority of the votes cast in favor of the question shall be necessary to authorize the telephone line user fee.

(3) If the board of commissioners desires to finance a consolidated emergency communications system by implementation of a telephone line user fee, the commissioners shall submit the question to the electors of the county in substantially the following form:

"Shall the Board of Commissioners of __________ County be authorized to institute a telephone line user fee in an amount no greater than one dollar ($1.00) per month to be used to fund a consolidated emergency communication system?"

(4) No telephone line user fee for a consolidated emergency communication system shall be charged without voter approval as provided in subsection (2) of this section.

(5) Any net savings in operating expenditures realized by any taxing district utilizing a consolidated emergency communication system shall be used by that taxing district for a reduction in the ad valorem tax charges of that taxing district.

31-4804. TELEPHONE LINE USER FEE. The telephone line user fee provided pursuant to the provisions of this chapter shall be a uniform amount not to exceed one dollar ($1.00) per month per exchange access line, trunk line, network access register, or equivalent, and such fee shall be used exclusively to finance the initiation, maintenance, or enhancement of a consolidated emergency communications system within the boundaries of one (1) county. The fee shall be collected from customers on a monthly basis by all telecommunications entities which provide local telephone line service within the county, and may be listed as a separate item on customers' monthly bills. The telephone companies shall remit such fee to the county treasurer's office. From every remittance to the governing body made on or before the date when the same becomes due, the telephone company required to remit the same shall be entitled to deduct and retain three-fourths of one percent (.75%) of the collected amount as the cost of administration for collecting the charge. Local exchange companies will be allowed to list the surcharge as a separate item on the telephone subscriber's bill, and shall have no obligation to take any legal action to enforce the collection of any charge, nor be held liable for such uncollected amounts.
31-4805. ESTABLISHMENT OF JOINT POWERS BOARD FOR OPERATION OF EMERGENCY COMMUNICATIONS SERVICE. Within one hundred eighty (180) days following voter approval of a telephone line user fee as provided in section 31-4803, Idaho Code, a governing board or administrator may be established under a joint powers agreement pursuant to sections 67-2326 through 67-2332, Idaho Code. Such joint powers board or administrator shall be responsible for establishing, maintaining and governing a consolidated emergency communications system. Providing an emergency communications service shall be considered a governmental function.

31-4806. AUTHORIZATION FOR COUNTY COMMISSIONERS TO APPOINT OFFICIAL TO SUPERVISE EMERGENCY COMMUNICATIONS SERVICE IN THE ABSENCE OF JOINT POWERS AGREEMENT. Whenever the electors approve imposing the telephone line user fee as provided in this chapter, but in the absence of an agreement to form a joint powers board or administrator as provided in this chapter, the board of county commissioners is hereby authorized to appoint an official to maintain and govern a consolidated emergency communications system.

31-4807. RIGHT TO FEE NOT AFFECTED BY NONSERVICE. All governmental entities within the county that have an already established emergency communications system using 911 call access, upon resolution duly adopted and approved and presented to the joint powers board or in their absence to the board of county commissioners, may ask that their existing emergency communication system area be excluded and such area shall be excluded from the county-wide emergency communications service but such exclusion shall not affect the right of the board of county commissioners to levy the fees as herein provided. No city or other agency shall establish an individual emergency communication system once a county-wide system as provided in this chapter has been adopted by the board of county commissioners. Whenever an area is excluded pursuant to this section, the board of county commissioners shall remit to the excluded entity one hundred percent (100%) of the fees collected in the excluded area as provided pursuant to this chapter. Any area excluded pursuant to this section may be subsequently included upon resolution duly adopted and approved and presented to the joint powers board or, in their absence, to the board of county commissioners.

31-4808. TERMINATION. Any county or joint powers board having adopted and established an emergency communications system as provided in this chapter may terminate the same for good cause.

31-4809. FUND AND APPROPRIATIONS. The county treasurer of each county in which an emergency communications system has been established pursuant to this chapter shall establish a fund to be designated the emergency communications fund in which all fees collected pursuant to this chapter shall be deposited and such fund shall be used exclusively for the purposes of this chapter. The moneys collected and the interest earned in this fund shall be appropriated by the county commissioners for expenses incurred by the emergency commu-
Communications system as set forth in an annual budget prepared by the joint powers board, or in their absence, the county commissioners and incorporated into the annual county budget.

31-4810. EXISTING JOINT COUNTY-WIDE EMERGENCY DISPATCH SYSTEMS NOT AFFECTED. Joint county-wide emergency dispatch systems that are in existence prior to July 1, 1987, shall not be affected by the provisions of this chapter. These emergency dispatch systems may continue to function as they have and shall be eligible to receive revenues generated by this chapter.

31-4811. PAY PHONES TO BE CONVERTED TO ALLOW EMERGENCY CALLS WITHOUT CHARGE. Every provider of telephone service or other owner of a pay station telephone in an area served by an emergency telephone system established pursuant to this chapter must convert every pay station telephone to permit dialing 911 or the telephone company operator without deposit of a coin or other charge to the caller. Conversion must be completed by or before the time the emergency telephone system is operational. If modification of telephone service switching equipment is necessary to implement the provisions of this section, such modification shall be considered a cost of the emergency communications program and the provider of telephone service shall be compensated from the user fees authorized for this chapter upon application to the county, providing that such costs are approved by the public utilities commission.

SECTION 2. The provisions of this act are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of remaining portions of this act.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 6, 1988.

Subsection (i) of this subsection does not prohibit an investment advisory contract which provides for compensation based upon the total value of a fund averaged over a definite period or as of definite dates or taken as of a definite date. "Assignment" as used in paragraph (a) of this subsection includes any direct or indirect transfer or hypothecation of an investment advisory contract by the assignor or of a controlling block of the assignor's outstanding voting securities by a security holder of the assignor; but, if the investment adviser is a partnership, no assignment of an investment advisory contract is considered to result from the death or withdrawal of a minority of the members of the investment adviser having only a minority interest in the business of the investment adviser or from the admission to the investment adviser of one or more members who, after admission, will be only a minority of the members and will have only a minority interest in the business.

(2) If the investment adviser has qualified under section 30-1407(2)(c), Idaho Code, for a waiver of the surety bond requirement it is unlawful for the investment adviser to enter into, extend, or renew any investment advisory contract unless the contract provides that the investment adviser will not have custody of or discretionary authority over client funds or securities.

At least sixty (60) days in advance, the director shall notify each licensed warehouse and dealer of the effective date of the program provisions. Except as provided in section 69-258, Idaho Code, the program, if activated by the director, shall be in lieu of the bonding and security provisions of this chapter and chapter 5, title 69, Idaho Code.

The commodity indemnity account shall consist of assessments remitted by depositors pursuant to the provisions of this chapter and any interest or earnings on the account balance.

(2) All assessments shall be paid to the department and shall be deposited in the commodity indemnity account. The state treasurer shall be the custodian of the commodity indemnity account. Disbursements shall be on authorization of the director. No appropriation is required for disbursements from this account.

(3) The commodity indemnity account shall be used exclusively for purposes of paying claimants pursuant to this chapter, and paying necessary expenses of administering the commodity indemnity account, provided however, that up to one-half (1/2) of the interest accumulated by the account may be paid to the department and to the state treasurer to defray costs of administering the warehouse and dealer indemnity program and the commodity indemnity account. The state of Idaho shall not be liable for any claims presented against the account.

69-257. ASSESSMENT — RATE — MINIMUM AND MAXIMUM ASSESSMENT. C. 350 '88   IDAHO SESSION LAWS  1037

(2) The surety bond or other security posted by a licensed ware-house or dealer in effect immediately preceding the effective date of the program, shall remain in full force and effect and shall not be released until two (2) years after the effective date of the program. A certificate of deposit or other security in effect immediately preceding the effective date of the program shall remain on deposit until two (2) years after the effective date of the program. After the two (2) year period has elapsed, such certificate of deposit or other security shall be released by the department if the department determines that no outstanding claims are pending against the security.

(3) If a licensed warehouse or dealer is established subsequent to the effective date of the program, it shall comply with the bonding and security provisions of this chapter or chapter 5, title 69, Idaho Code, for a period of two (2) years from the date of licensure pursuant to this chapter or chapter 5, title 69, Idaho Code.

69-259. MAXIMUM ACCOUNT BALANCE -- CESSION OF ASSESSMENTS. The assessments imposed pursuant to section 69-257, Idaho Code, shall be imposed annually, under rules promulgated by the department, until such time as the commodity indemnity account balance, less any outstanding claims, reaches five million dollars ($5,000,000). For any year in which the commodity indemnity account balance, less any outstanding claims, exceeds five million dollars ($5,000,000) on the annual assessment date, no assessment shall be imposed by the department, except as provided in section 69-258, Idaho Code. For the two (2) fiscal years immediately following the effective date of the program, an amount not exceeding one hundred thousand dollars ($100,000) per year may be paid to the department to defray costs of administering the warehouse audit program.

69-260. FINANCIAL DIFFICULTIES -- ADDITIONAL ASSESSMENT OR SECURITY REQUIRED. The department may, when it has reason to believe that a licensee does not have the ability to pay depositors for commodities purchased, or when it determines that the licensee does not have a sufficient net worth to outstanding financial obligations ratio, require from the licensee the posting of a bond or other additional security in an amount to be prescribed by rule. The additional security may exceed the maximum amount set forth in this chapter. Failure of the licensee to timely post the additional bond or other security constitutes grounds for suspension or revocation of a license issued under this chapter. The licensee may request a hearing regarding the decision to increase the amount of security required or the revocation or suspension of a license pursuant to this section and may appeal such decisions pursuant to the procedure set out in section 69-246, Idaho Code.

69-261. ADVISORY COMMITTEE -- TERMS -- COMPENSATION. (1) There is hereby created a commodity indemnity account advisory committee consisting of five (5) members to be appointed by the director. The director shall make appointments to the committee no later than the effective date of the program as determined by the director pursuant to section 69-255, Idaho Code. Of the initial appointments, two (2)
shall be for two (2) year terms and three (3) shall be for three (3) year terms. Thereafter, appointments shall be for three (3) year terms, each term ending on the same day of the same month as did the term preceding it. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of the predecessor's term.

(2) The committee shall be composed of three (3) producers primarily engaged in the production of commodities, and two (2) licensed commodity warehousemen or licensed commodity dealers.

(3) The committee shall meet at such places and times as it shall determine and as often as necessary to discharge the duties imposed upon it, provided, it shall meet not less than once per year. Each committee member shall be compensated in accordance with section 59-509(g), Idaho Code, for travel and subsistence expense. The expenses of the committee and its operation shall be paid from the commodity indemnity account.

(4) The committee shall have the power and duty to advise the director concerning assessments, administration of the commodity indemnity account, and payment of claims from the account.

69-262. PROOF OF CLAIMS -- PROCEDURE -- HEARING -- INSPECTION OF WAREHOUSE. In the event a warehouse or dealer fails, as defined in section 69-202(6), Idaho Code, or otherwise fails to comply with the provisions of this chapter or rules promulgated hereunder, the department shall process the claims of depositors producing written evidence of ownership disclosing a storage obligation or written evidence of a sale of commodities for damages caused by the failure, in the following manner:

(1) The department shall give notice and provide a reasonable time of not less than thirty (30) days and not more than sixty (60) days to depositors possessing written evidence of ownership disclosing a storage obligation or written evidence of sale of commodities to file their written verified claims with the department.

(2) The department may investigate each claim and determine whether the claimant's commodities are under a storage obligation or whether a sale of commodities has occurred. The department shall notify each claimant, the commodity warehouseman or dealer, and the committee of the department's determination as to the validity and amount of each claimant's claim. A claimant or warehouseman or dealer may request a hearing on the department's determination within twenty (20) days of receipt of written notification and a hearing shall be held by the department pursuant to title 67, chapter 52, Idaho Code. Upon determining the amount and validity of the claim, the director shall pay the claim from the commodity indemnity account. For the purpose of determining the amount of the producer's claim, the value of a producer's commodity shall be the value of the commodity on the date the director declared the warehouse or dealer to have failed or to have failed to comply with the provisions of this chapter or rules promulgated thereunder.

(3) The department may inspect and audit a failed warehouseman to determine whether the warehouseman has in his possession sufficient
quantities of commodities to cover his storage obligations. In the event of a shortage, the department shall determine each depositor's pro rata share of available commodities and the deficiency shall be considered as a claim of the depositor. Each type of commodity shall be treated separately for the purpose of determining shortages.

(4) The director shall not approve or pay any claim made on the commodity indemnity account if the claim is based on losses resulting from the deposit, sale or storage of commodities in an unlicensed warehouse or dealer.

69-263. FAILURE TO FILE -- LOSS OF CLAIM ON ACCOUNT. If a depositor creditor, after notification, refuses or neglects to file in the office of the director his verified claim against a warehouseman or dealer as requested by the director within sixty (60) days from the date of the request, the director shall thereupon be relieved of responsibility for taking action with respect to such claim later asserted and no such claim shall be paid from the commodity indemnity account.

69-264. INSUFFICIENT ACCOUNT BALANCE -- MAXIMUM PAYMENTS. Payment of any claim approved before the commodity indemnity account first reaches a balance of one million two hundred fifty thousand dollars ($1,250,000), shall be limited to the following amounts:

(1) For claims against a licensed commodity warehouse, payment shall not exceed the lesser of seven hundred fifty thousand dollars ($750,000) or an amount equal to the licensee's total bushels of licensed storage space multiplied by the rate of eighteen cents (18¢).

(2) For claims against a dealer, payment shall not exceed the lesser of seven hundred fifty thousand dollars ($750,000) or an amount equal to six per cent (6%) of the gross purchases of the licensee during the licensee's immediately preceding fiscal year.

(3) The unpaid balance of any claim subject to this section shall be paid when the commodity indemnity account first reaches a balance of one million two hundred fifty thousand dollars ($1,250,000).

69-265. INSUFFICIENT ACCOUNT BALANCE -- PAYMENT PRIORITY. In the event that the amount in the commodity indemnity account is insufficient to pay all approved claims in the amount provided for under section 69-264, Idaho Code, the claims shall be paid in the order in which they were filed with the department, until such time as sufficient moneys are available in the commodity indemnity account to pay all of the claims.

69-266. PAYMENT FROM ACCOUNT -- DEBT OF WAREHOUSEMAN OR DEALER. Amounts paid from the commodity indemnity account in satisfaction of any approved claim shall constitute a debt and obligation of the warehouseman or dealer against whom the claim was made. The director may bring suit on behalf of the commodity indemnity account in the district court of Ada county to recover from the warehouseman or dealer the amount of the payment made from the commodity indemnity account, together with costs and attorneys' fees incurred in maintaining the suit.
69-267. CLAIM AGAINST WAREHOUSEMAN OR DEALER -- DIRECTOR'S REMEDIES. The department may deny, suspend, or revoke the license of any warehouseman or dealer against whom a claim has been made, approved, and paid from the commodity indemnity account. Proceedings for the denial, suspension, or revocation shall be subject to the provisions of title 67, chapter 52, Idaho Code.

69-205. INSPECTION AND CLASSIFICATION OF WAREHOUSES, STORAGE, WAREHOUSING, WEIGHING AND CERTIFICATION OF PRODUCTS COMMODITIES -- DUTIES OF WAREHOUSEMEN. Upon application by any person for license to conduct a warehouse under this chapter, the department of agriculture is authorized to investigate and determine whether the warehouse for which licenses are applied, or have been previously issued, under this chapter, are suitable for the proper storage of agricultural products commodities, and the department of agriculture is authorized with or without application, to wit:

To inspect any warehouse licensed under this chapter; to investigate the storage, warehousing, classifying according to grade, and otherwise weighing and certification of agricultural products commodities therein conducted; to classify warehouses, licensed or applying for license, in accordance with their capacity and to prescribe, within the limitations of this chapter, the duties of the warehousemen conducting warehouses licensed under this chapter with respect to their care of and responsibility for agricultural products commodities.

69-206. LICENSES TO WAREHOUSEMEN -- ISSUE -- RENEWAL -- CONDITIONS PRECEDENT. The department of agriculture is authorized, upon application to it, to issue or renew to any warehouseman a license for the conduct of a warehouse or warehouses in accordance with this chapter and such rules and regulations as may be made hereunder, providing the following conditions are met:

(1) Each person, as a condition precedent to operating a warehouse in this state, shall file and maintain satisfactory evidence with the director of the department of agriculture of the existence of an effective policy of insurance issued by an insurance company authorized to do business in this state, insuring all agricultural products commodities that may be stored or accepted for storage on the premises, including products commodities owned by the warehouseman, for which such license is sought for the full market value of such agricultural products commodities against loss by fire, internal explosion, lightning or tornado;

(2) That each warehouse be found suitable for the proper storage of the particular agricultural product commodity or products commodities for which a license is requested;

(3) A license fee is submitted to the department as prescribed by
section 69-211, Idaho Code;

(4) A current drawing of the warehouse which shows storage facilities and the capacity of the warehouse is submitted to and approved by the department;

(5) A sufficient and valid bond is filed and maintained as required by section 69-208, Idaho Code;

(6) The applicant has submitted to the department a current financial statement prepared by a licensed accountant according to generally accepted accounting principles showing that the applicant has and does maintain current assets equal to or greater than current liabilities;

(7) The applicant has complied with and abided by all the terms of this chapter and the rules and regulations prescribed hereunder;

(8) That all materials required for renewal of a license shall be received by the department prior to the expiration date of the warehouse license. A warehouse license which has expired may be reinstated by the department upon receipt of all necessary licensing materials required by the provisions of this chapter and a penalty fee in the amount of fifty dollars ($50.00), providing that this material is filed within thirty (30) days from the date of expiration of the warehouse license. At the end of the thirty (30) day penalty period, a warehouse license shall be terminated by the department. All license applications completed and received after the thirty (30) day penalty period shall be considered original applications and license fees shall be assessed according to section 69-211, Idaho Code.

69-208. BOND OF APPLICANT FOR LICENSE — ADDITIONAL BOND — ADDITIONAL OBLIGATIONS — CERTIFICATE OF DEPOSIT OR IRREVOCABLE LETTER OF CREDIT IN LIEU OF BOND. Each warehouseman applying for a license to conduct a warehouse in accordance with this chapter shall, as a condition to the granting thereof, execute and file with the department a good and sufficient bond other than personal security to the state to secure the faithful performance of his obligations as a warehouseman under all the laws of the state, and the rules and regulations prescribed hereunder, and of such additional obligations as a warehouseman as may be assumed by him under contracts with the respective depositors of agricultural products commodities in such warehouse. Said bond shall be in such form and amount, shall have such surety or sureties, and shall contain such terms and conditions as the department may prescribe to carry out the purposes of this chapter. Whenever the department shall determine that a bond approved by it is, or for any cause has become, insufficient, it may require an additional bond or bonds to be given by the warehouseman concerned, conforming with the requirements of this section, and unless the same be given within the time fixed by a written demand therefor the license of such warehouseman may be suspended or revoked.

The bond shall be approved by the department and shall be conditioned upon the faithful performance by the warehouseman of the duty to keep in the warehouse for the depositor the agricultural product commodity delivered and to deliver the agricultural product commodity to or for such depositors. The bond shall also be conditioned upon the faithful performance by the warehouseman of any additional obligations
involving marketing transactions with a depositor.

The warehouseman may give a single bond meeting the requirements as provided in this chapter and all warehouses operated by the warehouseman shall be as one (1) warehouse for the purpose of compliance with the provisions of this section. Any changes in the capacity of a warehouse or installation of any new warehouses involving a change in the bond liability under the provisions of this chapter shall be reported to the department prior to the operation thereof.

At the discretion of the director, any person required to submit a bond to the department in accordance with this chapter, may at his option give to the department a certificate of deposit or an irrevocable letter of credit payable to the director as trustee in lieu of the bond required herein. The principal amount of the certificate or letter of credit shall be the same as that required for a surety bond pursuant to this chapter. Accrued interest upon the certificate of deposit shall be payable to the purchaser of the certificate. The certificate or letter of credit shall remain on file with the department until it is released, cancelled or discharged by the director. The provisions of this chapter that apply to a bond required pursuant to this chapter apply to each certificate of deposit or letter of credit given in lieu of such bond.

Under provisions of this chapter, an irrevocable letter of credit shall not be acceptable unless it is issued by a national bank in Idaho or by an Idaho state-chartered bank insured by the federal deposit insurance corporation.

69-208A. AMOUNT OF BOND -- CANCELLATION. The amount of bond to be furnished for each warehouse shall be fixed at a rate of twenty cents (20¢) per bushel of licensed capacity or six percent (6%) of the total value of the agricultural products commodities stored, whichever is greater. In any case, the amount of the bond shall not be less than twenty-five thousand dollars ($25,000) and shall not be more than five hundred thousand dollars ($500,000). This bond shall run continuously with the warehouse license until suspended, revoked or cancelled by the bonding company. A ninety (90) day written notice shall be given to the department by the bonding company before any bond is suspended, revoked or cancelled. The director reserves the right to waive the ninety (90) day cancellation period.

69-212. SCHEDULE OF CHARGES -- POSTING. Every licensed warehouseman shall annually, during the first week of July, publish by posting in a conspicuous place in his warehouse, a schedule of storage and handling charges for the ensuing year, which schedule shall be kept posted in a conspicuous place in said warehouse. Further, the warehouseman shall annually, during the first week in July, mail to the department of agriculture, a copy of such charges. All charges made by any public warehouseman hereunder for the handling and storage of agricultural products commodities shall be just, fair and reasonable; and the director of the department of agriculture of the state of Idaho is hereby vested with the power and authority upon the complaint of any person interested or upon his own motion, after a full hearing, to declare any existing charge for the handling or storage of any
agricultural product commodity to be unreasonable or unjust and to determine and order what shall be a just and reasonable charge to be imposed or enforced in place of that found to be unreasonable or unjust. Failure to file and post scheduled charges for the current year will keep in full force and effect the latest previously posted and filed schedule of rates.

69-213. PRIVILEGE OF EXAMINING PRODUCTS COMMODITIES STORED. Every depositor having an interest in any agricultural product commodity stored in any such warehouse, and every state inspector authorized by the director, shall have the right to examine at any reasonable time during ordinary business hours any product commodity so stored, and all parts of such warehouses, provided the warehouse or the agricultural products commodities stored therein is not endangered by such inspection; and every warehouseman, his agents and servants shall furnish safe and reasonable access and facilities for such examination.

69-215. LICENSES TO WEIGH PRODUCTS COMMODITIES FOR STORAGE. Every warehouse licensed under this chapter shall have a weighmaster licensed pursuant to the provisions of the Weighmaster's Licensing Act; provided, however, that if agricultural products commodities are not received or delivered by a warehouse over scales, a weighmaster's license shall not be required.

69-218. WAREHOUSEMEN TO RECEIVE PRODUCTS COMMODITIES ACCORDING TO CAPACITY. Every warehouseman conducting a warehouse licensed under this chapter shall receive for storage therein, so far as its capacity permits, any agricultural product commodity of the kind customarily stored therein by him which may be tendered to him by historical depositors, bearing certificate, when required, of an official inspector showing suitable condition, for warehousing, in the usual manner in the ordinary and usual course of business. A warehouseman may accept agricultural products commodities from new depositors who qualify to the extent of the capacity of the warehouse.

69-219. PRODUCTS COMMODITIES FOR STORAGE DEEMED DEPOSITED SUBJECT TO LAW. Any person who deposits agricultural products commodities for storage in a warehouse licensed under this chapter shall be deemed to have deposited the same subject to the terms of this chapter and the rules and regulations prescribed hereunder.

69-220. INSPECTION AND GRADING OF DISEASED OR INSECT INFESTED PRODUCTS COMMODITIES. Any diseased or insect infected agricultural product commodity complained of by the department or any person having interest in the warehouse or agricultural products commodities stored in a warehouse licensed under this chapter shall be inspected and graded by a representative of the department of agriculture or a person duly licensed to grade the same under this chapter, and if such inspection or grading shows such agricultural product commodity to be in condition that its continued storing or retention would injure or damage the warehouse or other products commodities stored therein the owner shall, by order of the director, forthwith remove and dispose of
such agricultural product commodity as directed. If the owner of such product commodity is unknown to the inspector or warehouseman, the warehouseman shall proceed to remove or make disposition of such product commodity in a manner that will tend to save and realize the values contained in such product commodity by the owner, under such rules and regulations as may be promulgated under this chapter or the uniform commercial code.

69-222. RECEIPTS -- SCALE WEIGHT TICKETS. For all agricultural products commodities stored in a warehouse licensed under this chapter original negotiable or nonnegotiable warehouse receipts, or scale weight tickets, shall be issued by the warehouseman conducting the same, but no receipts, or scale weight tickets, shall be issued except for agricultural products commodities actually stored in the warehouse at the time of the issuance thereof; provided, however, that no negotiable receipt need be issued except when requested by the depositor.

69-223. NEGOTIABLE WAREHOUSE RECEIPTS FOR PRODUCTS COMMODITIES STORED -- CONTENTS -- CONDITIONS -- PENALTIES. Every negotiable warehouse receipt issued for agricultural products commodities stored in a warehouse licensed under the provisions of this chapter shall be issued in accordance with, but not limited to, the following:

(a) All the requirements of a negotiable warehouse receipt under the Uniform Commercial Code--Documents of Title.

(b) A description of the agricultural products commodities received, showing the quantity thereof, or, in case of agricultural products commodities customarily put up in bales or packages, a description of such bales or packages by marks, numbers, or other means of identification and the weight of such bales or packages.

(c) The grade or other class of the agricultural products commodities received and the standard or description in accordance with which such classification has been made: provided, that such grade or other class shall be stated according to the official standards of the state applicable to such agricultural products commodities as the same may be fixed and promulgated under authority of law: provided further that until such official standards of the state for any agricultural product commodity or products commodities have been fixed and promulgated, the grade or other class thereof may be stated in accordance with any recognized standard; provided, that unless otherwise required by law, when requested by the depositor of other than fungible agricultural products commodities, a receipt omitting compliance with this subdivision may be issued if it has plainly and conspicuously embodied in its written or printed terms a provision that such negotiable warehouse receipt is not graded.

(d) A statement that the negotiable warehouse receipt is issued subject to the provisions of this chapter and the rules and regu-
lations prescribed hereunder.

(e) Such other terms and conditions within the limitations of this chapter as may be required by the department of agriculture.

(f) All negotiable warehouse receipts issued under the provisions of this chapter, shall be upon forms prepared and supplied by the department of agriculture and issued upon requisition of the warehouseman at a reasonable cost.

(2) Any warehouseman, agent, employee or manager of a public warehouse licensed under the provisions of this chapter who shall remove or allow to be removed any commodities from the facility on which the negotiable warehouse receipt was issued, except to preserve the same from fire or other damage, or except when an emergency storage situation exists as determined by the director, without the return and cancellation of any and all outstanding negotiable warehouse receipts that may have been issued to represent such commodities shall be guilty of a felony and be punished by imprisonment in the state prison not to exceed ten (10) years, or by a fine of not more than ten thousand dollars ($10,000), or by both.

69-224. STANDARDS FOR AGRICULTURAL PRODUCTS COMMODITIES. The department of agriculture is authorized, from time to time, to establish and promulgate standards for agricultural products commodities by which their quality or value may be judged or determined.

So far as practicable such standards shall conform to the official standards of the United States or the state of Idaho applicable to such agricultural products commodities as the same may from time to time be fixed and promulgated.

No warehouseman in this state shall insert in any receipt issued by him any language in anywise limiting or modifying his liabilities, or responsibilities, as imposed by the laws of this state.

69-225. LOSS OF RECEIPTS — CONDITIONS OF REISSUE. While an original receipt issued under this chapter is outstanding and uncanceled by the warehouseman issuing the same no other or further receipt shall be issued for the agricultural product commodity covered thereby or for any part thereof. In order to issue a new warehouse receipt supplementing one that has been lost or destroyed or to cancel an outstanding warehouse receipt that has been lost or destroyed, the licensed warehouseman shall require the depositor or other applicant to submit to the warehouseman: (1) an affidavit stating that he is lawfully entitled to possession of the original receipt, that he has not negotiated or assigned it and how the original receipt was lost or destroyed, and (2) a bond in an amount double the market value of the agricultural product commodity represented by the lost or destroyed receipt. The market value shall be determined at the time this bond is submitted for the lost receipt. A warehouse receipt issued in lieu of a lost or destroyed receipt shall duplicate the original and bear a statement that it is issued in lieu of the lost or destroyed receipt. A duplicate receipt must clearly state on its face that it is a duplicate receipt, the number of the receipt it is replacing and the license number under which the original receipt was issued.
69-227. EXAMINATION OF PRODUCTS COMMODITIES -- RECORDS -- PUBLICATION OF FINDINGS. The department of agriculture is authorized to cause examination to be made of any agricultural product commodity stored, or any record pertaining to products commodities stored therein, in any warehouse licensed under the provisions of this chapter. Whenever, after opportunity for hearing is given to the warehouseman conducting such warehouse, it is determined that he is not performing fully the duties imposed on him by this chapter and the rules and regulations made hereunder, the department may publish its findings in a local daily or weekly newspaper in the area where the warehouse is located.

69-236. NONCOMPLIANCE -- FAILURE -- REMEDIES OF DEPARTMENT. (1) Whenever it appears, after any investigation, that a warehouseman does not have in his possession sufficient agricultural products commodities to cover the outstanding warehouse receipts, scale weight tickets, or other evidence of storage liability issued or assumed by him, or when this the warehouseman refuses to submit his books, papers, or property to lawful inspection, the department may give notice to the warehouseman to comply with all or any of the following requirements:
   (a) Cover such shortage;
   (b) Give an additional bond as requested by the department; or
   (c) Submit to such inspection as the department may deem necessary.

(2) If the warehouseman fails to comply with the terms of such notice within twenty-four (24) hours from the date of issuance of the notice, or within such further time as the department may allow, the department may petition the district court in the county where the licensee's principal place of business is located (as shown by the license application) for an order:
   (a) Authorizing the department to seize and take possession of any or all agricultural products commodities in the warehouse or warehouses owned, operated, or controlled by the warehouseman, and of all books, papers and property of all kinds used in connection with the conduct or the operation of the warehouse business, and any materials which pertain in any way to that business; and
   (b) Enjoining the warehouseman from interfering with the department in the discharge of its duties as required by the provisions of this section.

(3) Upon taking possession, the department shall give written notice of its action to the surety on the bond of the warehouseman and may notify the holders of record, as shown by the warehouseman's records, of all warehouse receipts or scale weight tickets issued for agricultural products commodities, to present their warehouse receipt or other evidence of deposits for inspection or to account for the same. The department may thereupon cause an audit to be made of the affairs of such warehouse including, but not limited to, the agricultural products commodities in which there is an apparent shortage, to determine the amount of such shortage and compute the shortage as to each depositor as shown by the warehouseman's records, if possible. The department shall notify the warehouseman and the surety on his
bond of the approximate amount of such shortage and notify each depositor thereby affected by sending notices to the depositor's last known address as shown by the records of the warehouseman.

(4) The department shall retain possession of the agricultural products commodities in the warehouse or warehouses, and the books, papers, and property of the warehouseman, until such time as the warehouseman or the surety on the bond shall have satisfied the claims of all holders of warehouse receipts or other evidence of deposits or, in case the shortage exceeds the amount of the bond, the surety on the bond shall have satisfied such claims pro rata, or until such time as the department is ordered by the court to surrender possession.

(5) If during or after the audit provided for in this section, or at any other time the department has evidence that the warehouseman is insolvent or is unable to satisfy the claims of all holders of warehouse receipts or other evidence of deposits, the department may petition the district court for the appointment of a receiver to operate or liquidate the business of the warehouseman in accordance with the law.

(6) At any time within ten (10) days after the department takes possession of any agricultural products commodities, or the books, papers, or property of any warehouse, the warehouseman may serve notice on the department to appear in the district court of the county in which the warehouse is located, at a time to be fixed by the court, and show cause why the agricultural products commodities, books, papers and other property should not be restored to his possession.

(7) All necessary expenses incurred by the department in carrying out the provisions of this section may be recovered in a separate civil action brought by the department in district court or recovered at the same time and as part of the receivership or seizure action filed under the provisions of this chapter.

(8) As a part of the expenses so incurred, the department or the receiver is authorized to include the cost of adequate liability insurance necessary to protect the department, its officers, and others engaged in carrying out the provisions of this section.

(9) The provisions and remedies of this section are not limited to a warehouse shortage.

69-237. PARTIAL WITHDRAWAL OF COMMODITIES -- ADJUSTMENT OR SUBSTITUTION OF RECEIPT -- DUTIES OF WAREHOUSEMAN. When partial withdrawal of an agricultural product commodity is made by a depositor, the warehouseman shall make appropriate notation thereof on the depositor's nonnegotiable receipt or on other records. If the warehouseman has issued a negotiable receipt to the depositor he shall claim, cancel, and replace it with a negotiable receipt showing the amount of the depositor's agricultural product commodity remaining in the warehouse. For failure to claim and cancel a negotiable receipt which has been issued by him, a warehouseman shall be liable to anyone who purchases such receipt for value and in good faith, for failure to deliver all the agricultural product commodity specified in the receipt, whether such purchaser acquired title to the negotiable receipt before or after delivery of any part of the agricultural product commodity by the warehouseman.
69-238. WAREHOUSEMAN'S OBLIGATIONS -- DUTY TO DELIVER STORED COMMODITIES -- DAMAGES. (1) The duty of the warehouseman to deliver agricultural commodities stored shall be governed by the provisions of this chapter and the requirements of the uniform commercial code. Upon the return of a properly endorsed negotiable warehouse receipt to the warehouseman, and upon payment or tender of all advances and legal charges, agricultural commodities of the grade and quantity named therein shall be delivered to the holder of the negotiable warehouse receipt, except as provided by the uniform commercial code.

(2) A warehouseman's duty to deliver any agricultural product commodity is fulfilled if delivery is made pursuant to the contract with the depositor, or if no contract exists, then to the several owners in the order of demand as rapidly as it can be done by ordinary diligence. When delivery is made within thirty (30) days from date of demand, or as agreed upon in writing by all parties concerned, such delivery is deemed to comply with the provisions of this section. An extension of the delivery period may be granted by the department upon written request.

(3) A warehouseman shall not fail to deliver an agricultural product commodity as provided in this section, and delivery shall be made at the warehouse or station where the agricultural product commodity was received, unless otherwise agreed.

(4) In addition to being subject to penalties provided in this chapter for a violation of the provisions of this section, any warehouseman failing to deliver agricultural commodities within the time provided in this section is subject to suit by the person entitled to delivery of the agricultural commodities and may be ordered by a court of competent jurisdiction to pay actual damage or liquidated damages of one-half (1/2) of one percent (1%) of the value for each day's delay.

69-239. DUTIES OF WAREHOUSEMAN -- CONTENTS OF RECORDS. (1) The warehouseman shall maintain current and complete records at all times with respect to all agricultural commodities handled, stored, shipped or merchandised by him, including agricultural commodities owned by him. Such records shall include, but are not limited to, a daily position record showing the total quantity of each kind and class of agricultural commodity received and loaded out and the amount remaining in storage at the close of each business day, and the warehouseman's total storage obligation for each kind and class of agricultural commodity at the close of each business day.

(2) Every warehouseman purchasing any agricultural product commodity from a depositor thereof shall promptly make and keep for five (5) years a correct record showing in detail the following information:

(a) The name and address of the depositor;
(b) The date purchased;
(c) The terms of the sale; and
(d) The quality and quantity purchased by the warehouseman and,
where applicable, the dockage, tare, grade, size and net weight.

69-248. DRAWING CHECKS INSUFFICIENTLY COVERED A VIOLATION. Any person engaged in business as a bonded warehouseman or agent, as defined in this chapter, who shall make, draw, utter or deliver any check, draft or order for the payment of money upon any bank or other depository, in payment to the seller of the purchase price of any agricultural product commodity or any part thereof upon obtaining possession or control thereof, when at the time of such making, drawing, uttering or delivery the maker or drawer does not have sufficient funds in or credit with such bank or other depository for the payment of such check, draft or order in full upon its presentation, shall violate the provisions of this chapter. The word "credit" as used herein shall mean an arrangement or understanding with the bank or depository for the payment of such check, draft or order.

69-249. CREDIT-SALE CONTRACTS. (1) A warehouseman who purchases agricultural products commodities by credit-sale contracts shall maintain books, records and other documents as required by the department to establish compliance with the provisions of this section.

(2) In addition to other information as may be required, a credit-sale contract shall contain or provide for all of the following:

(a) The seller's name and address;
(b) The conditions of delivery;
(c) The amount and kind of agricultural products commodities delivered;
(d) The price per unit or basis of value; and
(e) The date payment is to be made.

(3) Title to all agricultural products commodities sold by credit-sale contract is in the purchaser as of the time the contract is executed, unless the contract provides otherwise. The contract must be signed by both parties and executed in duplicate. One copy shall be retained by the warehouseman and one copy shall be delivered to the seller. Upon revocation or termination of a warehouseman's license, the payment date for all credit-sale contracts shall be advanced to a date not later than thirty (30) days following the effective date of the revocation or termination and the purchase price for all agricultural products commodities without a price shall be determined as of the effective date of revocation or termination in accordance with all other provisions of the contract. However, if the business of the warehouseman is sold to another licensed warehouseman, credit-sale contracts may be assigned to the purchaser of the business.

SECTION 4. That Section 69-506, Idaho Code, be, and the same is hereby amended to read as follows:

69-506. BONDING REQUIREMENTS -- CANCELLATION -- CERTIFICATE OF DEPOSIT IN LIEU OF BOND. Except as provided in chapter 2, title 69, Idaho Code, an applicant for a license to operate as a commodity dealer shall, before a license will be issued, file with the depart-
mand a bond payable to the state of Idaho with a corporate surety approved by the department with the condition that the applicant will pay the purchase price of any agricultural product to the seller. The aggregate annual liability of the surety shall in no event exceed the sum of the bond.

The bond for each class 1 license shall be in the sum of twenty-five thousand dollars ($25,000). The bond for each class 2 license shall be in the sum of fifteen thousand dollars ($15,000). A surety shall notify the commodity dealer and the department by certified mail at least sixty (60) days prior to the cancellation of a bond issued under the provisions of this chapter. The liability of the surety shall cover purchases made by the commodity dealer during the time the bond is in force. A commodity dealer's bond filed with this department shall be continuous until cancelled by the surety upon sixty (60) days' notice. The director reserves the right to waive the sixty (60) day cancellation period.

Any person required to submit a bond to the department in accordance with this chapter, may at his option give to the department a certificate of deposit payable to the director as trustee in lieu of the bond required herein. The principal amount of the certificate shall be the same as that required for a surety bond pursuant to this chapter. Accrued interest upon the certificate of deposit shall be payable to the purchaser of the certificate. The certificate shall remain on file with the department until it is released, cancelled or discharged by the director. The provisions of this chapter that apply to a bond required pursuant to this chapter apply to each certificate of deposit given in lieu of such bond.

CHAPTER 351
(H.B. No. 649)

AN ACT
RELATING TO WORKMEN'S COMPENSATION; AMENDING SECTION 72-327, IDAHO CODE, TO EXPLAIN THE APPLICATION OF THE EXISTING EXCISE LEVY TO CLAIMS RESOLVED THROUGH STRUCTURED SETTLEMENT; DECLARING LEGISLATIVE INTENT; DECLARING AN EMERGENCY AND PROVIDING FOR RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 72-327, Idaho Code, be, and the same is hereby amended to read as follows:

72-327. SOURCE OF FUND -- EXCISE LEVY. (1) Except as otherwise provided in section 72-328, Idaho Code, and subsection (24) of this section, in addition to any benefits paid to an employee, the employer shall forthwith pay to the industrial commission, for deposit in the industrial special indemnity fund, a lump sum without discount, equal to five per cent (5%) of all benefits or other considerations speci-
fied in any summary and award payment, commission order, compensation agreement, award or approved settlement, whether specified in percentage ratings, specific dollar amounts or in some other form which may be converted to a specific dollar amount, and including credits for previously paid or advanced permanent disability income benefits, but specifically excluding amounts paid or owing by an employer for total temporary or partial temporary disability income benefits and previously paid or incurred medical benefits.

(2) Except as otherwise provided in subsection (3) of this section, in cases involving the approved settlement of any claim, involving less than total and permanent disability, where future payments are to be made, in whole or in part, on a periodic annuity or installment basis, the excise levy provided for in subsection (1) of this section shall apply as follows:

(a) To all amounts paid in lump sum at the time of or contemporaneous to the approved settlement, however designated, excluding amounts actually intended for and specifically identified as payment for total or partial temporary disability income benefits and previously paid or incurred medical benefits; and

(b) To the cost of all future periodic, annuity or installment payments, which cost shall either be the actual, established cost to the employer or its surety or, absent proof thereof, the present cash value of such payments calculated at the time of settlement pursuant to regulations promulgated and approved by the industrial commission for these purposes.

(3) The provisions of subsection (2) of this section shall not apply, and no levy shall be assessed against benefits or payments on an approved settlement involving future payments on a periodic annuity or installment basis where, based upon the record and evidence before it, the commission finds that the employee suffers total and permanent disability, and that the parties have entered into settlement as an alternative means of paying income benefits and medical and related expenses which the employee would otherwise be entitled to receive pursuant to section 72-408 or 72-432, Idaho Code, provided that nothing contained in this subsection shall relieve an employer from levy on the amount of its agreed payment or apportioned share of total and permanent disability compensation in settled or adjudicated claims arising under section 72-332, Idaho Code.

(4) Whenever the cash balance of the industrial special indemnity fund shall exceed two million dollars ($2,000,000), upon notification of that fact by the manager, supported by statements of the treasurer and director of the department of administration, the levy of excise provided for in subsection (1) of this section shall be reduced to four per cent (4%), and shall remain at that level until:

(a) The cash balance of the fund shall again be reduced below two million dollars ($2,000,000), at which time the levy of excise shall increase to five per cent (5%); or

(b) The cash balance of the fund shall reach the limitations of section 72-328, Idaho Code, at which time the provisions of that section shall apply. During any period when the four per cent (4%) levy specified in paragraph (a) above is in effect, the manager shall furnish the commission such periodic financial informa-
tion as it may require to assist it in providing notice of and implementing increases and reductions in levies.

(35) Any notice from the commission temporarily increasing or reducing the percentage of excise levy shall be made by the commission at least thirty (30) days prior to the application of the notice and a certified copy of such notice shall be filed in the office of the state treasurer and the office of the state auditor, with a copy thereof to the manager.

(46) As applied in this act, the terms "cash balance" and "cash balance of the fund" mean all money deposited or invested by the state treasurer to the credit of the industrial special indemnity fund, pursuant to sections 72-325 and 72-326, Idaho Code, and all interest earned thereon.

SECTION 2. LEGISLATIVE INTENT. The legislature hereby finds and declares that it is the intent of this act to clarify the original meaning and purpose of section 72-327, Idaho Code, as enacted by section 2, chapter 93, Laws of 1986. The legislature does not intend, by enactment of this act, to create any implication or inference that the intent of this section, prior to this amendment, was to provide a different treatment for structured settlements than is provided herein. This legislation is meant only to clarify the treatment mandated for such settlements under section 72-327, Idaho Code, as enacted in 1986.

SECTION 3. An emergency existing because of disputes which have arisen regarding the interpretation and application of section 72-327, Idaho Code, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to March 22, 1986.

(b) "Telecommunication service" means a service which, in exchange for a pecuniary consideration, provides or offers to provide transmission of messages, signals, facsimiles, video images or other communication between persons who are physically separated from each other by means of telephone, telegraph, cable, wire, or the projection of energy without physical connection.

(2) It is unlawful intentionally to:

(a) Make illegal telecommunications equipment; or

(b) Sell, give, or furnish to another or advertise or offer for sale illegal telecommunications equipment; or

(c) Sell, give, or furnish to another or advertise or offer for sale any plans or instructions for making, assembling, or using illegal telecommunications equipment; or

(3) It is theft of telecommunications services to use, receive, or control telecommunications services without paying the pecuniary consideration regularly charged by the supplier of the telecommunications services used, received or controlled.

(c) By any other trick, stratagem, impersonation, false pretense, false representation, false statement, contrivance, device, or means; or
(d) By making, assembling, or possessing any instrument, apparatus, equipment, or device or the plans or instructions for the making or assembling of any instrument, apparatus, equipment, or device which is designed, adapted, or otherwise used or intended to be used to avoid the lawful charge, in whole or in part, for any telecommunications service by concealing the use, existence, place of origin, or destination of any telecommunications.

(7) The supplier of telecommunication services which is directly affected by the commission of any of the acts prohibited under subsections (2) and (3) of this section shall, regardless of whether there was a criminal conviction, have a civil cause of action against the person who commits any of the prohibited acts. The prevailing party shall be awarded all reasonable costs of litigation, including but not limited to, attorney's fees and court costs. If the supplier prevails, he shall recover additionally:

(1) All agent, broker, solicitor, consultant, limited, adjuster, and surplus line broker licenses issued under this code shall continue in force until expired, suspended, revoked or otherwise terminated, but subject to payment of the applicable continuation fee to the director at his office in Boise no less often than biennially on or before the expiration date referred to in subsection (2) below, accompanied by written request for such continuation. The continuation fees as stated in section 41-401, Idaho Code (fee schedule), are for a one (1) year continuation; and licenses continued for two (2) years shall be subject to payment of a two (2) year continuation fee. Request for continuation shall be made as follows:

(a) As to broker, consultant, adjuster, and surplus line broker licenses, request for continuation shall be made and signed by the licensee.

(b) As to solicitor licenses, request for continuation shall be made and signed by the appointing general lines agent or broker.

(c) As to agent licenses, request for continuation shall be made and signed by the licensee.

(2) The director may, in his discretion, fix the dates of expiration of respective licenses and appointments in such manner as is deemed by him to be advisable for an efficient distribution of the work load of his office. If as to a particular license or appointment the expiration date so fixed would upon first occurrence shorten the period for which license or appointment continuation fee has theretofore been paid, no refund of unearned fee shall be made; and if the expiration date so fixed as to a particular license or appointment would upon first occurrence lengthen the period for which license or appointment continuation fee had theretofore been paid, the director shall charge no additional fee for such lengthened period. If another date is not so fixed by the director, each such license shall, unless continued as hereinabove provided, expire at midnight on March 31.

(3) Any license referred to in subsection (1) above as to which request for continuation and fee is not so received by the director shall be deemed to have expired at midnight on the applicable expiration date. Request for continuation of any such license or payment of the continuation fee therefor which is received by the director within thirty (30) days after such expiration date may be accepted and effectuated by the director, in his discretion, if accompanied by a continuation fee of two (2) times the amount otherwise required.

(4) Subject to continuation as above provided, the license of an agent shall continue in force as long as there is in effect as to such agent, as shown by the director's records, an appointment or appointments as agent of authorized insurers covering collectively all of the kinds of insurance or classifications thereof included in the agent's license. Upon termination of all of such licensee's agency appointments as to a particular kind of insurance or classification thereof and failure to replace such appointment within sixty (60) days thereafter, the licensee's license as agent shall automatically thereupon expire and terminate as to such kind of insurance or classification
and the licensee shall promptly deliver his license to the director for reissuance, without fee or charge, as to the kinds of insurance or classifications thereof, if any, covered by the licensee's remaining agency appointments. Upon termination of all of the licensee's agency appointments and the license shall forthwith terminate.

(5) As a condition to or in connection with the continuation of any agent, broker or solicitor license the director may require the licensee to file with him information relative to use made of the license during the next preceding two (2) calendar years, and especially showing whether the license has been used principally for the writing of controlled business, as defined in section 41-1033, Idaho Code.

(6) All sums tendered as fee for continuation of license as agent, broker, solicitor, consultant, limited agent, adjuster and surplus line broker shall be deemed earned when paid and shall not be subject to refund; except that the director shall refund any duplicate payment of any such fee.

(7) (a) For the protection of the people of this state the director shall, by rule and regulation, establish additional educational requirements designed to maintain and improve the insurance skills and knowledge of agents, brokers, solicitors, and consultants after being duly licensed by the department of insurance. The director shall also, by rule and regulation, establish an advisory committee, comprised of representatives from each segment of the insurance industry, to assist the director in prescribing additional educational requirements and fulfilling the purposes of this legislation.

(b) The director shall not permit to be continued the license of any agent, broker, solicitor, or consultant who is licensed pursuant to section 41-1030, Idaho Code, and who is a resident of this state, unless such person has demonstrated to the satisfaction of the director that in addition to meeting the standards contained in section 41-1034, Idaho Code (qualifications for agents, brokers, and solicitors), or section 41-1035, Idaho Code (qualifications for consultants), as may be applicable, all the additional educational requirements as the director may prescribe by regulation adopted pursuant to this subsection have been met. (a) As to life insurers, the amount of all gross premiums received by the insurer on direct risks resident in this state, and also, if a domestic insurer, on direct risks resident in any other jurisdiction or jurisdictions in which the insurer is not licensed and upon which no premium tax is otherwise paid or payable, less returned coupons and dividends paid to or credited to policy holders.

(b) As to all insurers other than life insurers, the amount of gross direct premiums written on policies covering subjects of insurance resident, located or performed in this state, and also, if a domestic insurer, on such premiums in any other jurisdiction

SECTION 5. That Chapter 17, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of NEW SECTIONS, to be known and designated as Sections 42-1734A, 42-1734B, 42-1734C,
42-1734A. COMPREHENSIVE STATE WATER PLAN. (1) The board shall, subject to legislative approval, progressively formulate, adopt and implement a comprehensive state water plan for conservation, development, management and optimum use of all unappropriated water resources and waterways of this state in the public interest. As part of the comprehensive state water plan, the board may designate selected waterways as protected rivers as provided in this chapter. The comprehensive state water plan shall be based upon studies and public hearings in affected areas at which all interested parties shall be given the opportunity to appear, or to present written testimony in response to published proposals for such policy programs and proposed designations. A minimum of sixty (60) days shall be allowed between publication of a proposal and the date on which no further testimony on the proposal will be accepted. All comments in writing shall be preserved as a part of the record of the board. In adopting a comprehensive state water plan the board shall be guided by these criteria:

(a) Existing rights, established duties, and the relative priorities of water established in article XV, section 3, of the constitution of the state of Idaho, shall be protected and preserved;

(b) Optimum economic development in the interest of and for the benefit of the state as a whole shall be achieved by integration and coordination of the use of water and the augmentation of existing supplies and by protection of designated waterways for all beneficial purposes;

(c) Adequate and safe water supplies for human consumption and maximum supplies for other beneficial uses shall be preserved and protected;

(d) Subject to prior existing water rights for the beneficial uses now or hereafter prescribed by law, minimum stream flow for aquatic life, recreation and aesthetics and the minimization of pollution and the protection and preservation of waterways in the manner hereafter provided shall be fostered and encouraged and consideration shall be given to the development and protection of water recreation facilities;

(e) Watershed conservation practices consistent with sound engineering and economic principles shall be encouraged.

(2) The board may develop a comprehensive state water plan in stages based upon waterways, river basins, drainage areas, river reaches, groundwater aquifers, or other geographic considerations. The component of the comprehensive state water plan prepared for particular water resources and waterways shall contain, among other things, the following:

(a) A description of the water resources and waterways that are the subject of the plan, including pertinent maps detailing the geographic area of the plan;

(b) A description of the significant resources of the water resources and waterways;

(c) A description of the various existing and planned uses for these resources including currently undeveloped areas of the
waterway and future plans for those areas, with a discussion of the advantages and disadvantages associated with each planned use; and

d) A discussion of goals, objectives, and recommendations for improving, developing, or conserving the water resources and waterway or waterways in relation to these resources, including an examination of how different uses will promote the overall public interest, a statement as to the goals the plan expects to achieve, and an analysis of how any specific recommendations further those goals. A description of the methodology used in developing the plan shall be included.

(3) The description of the resources and uses in subsections (2)(b) and (2)(c) of this section shall contain, among other things:

(a) navigation;
(b) power development;
(c) energy conservation;
(d) fish and wildlife;
(e) recreational opportunities;
(f) irrigation;
(g) flood control;
(h) water supply;
(i) timber;
(j) mining;
(k) livestock watering;
(l) scenic values;
(m) natural or cultural features;
(n) domestic, municipal, commercial and industrial uses; and
(o) other aspects of environmental quality and economic development.

(4) The comprehensive state water plan may designate protected rivers. Designations shall be based upon a determination by the board that the value of preserving a waterway for particular uses outweighs that of developing the waterway for other beneficial uses and shall specify whether a protected river is designated as a natural or recreational river. The plan may also describe those water resources and waterways which are not designated as protected rivers.

(5) In designating a natural river, the board shall prohibit the following activities:

(a) construction or expansion of dams or impoundments;
(b) construction of hydropower projects;
(c) construction of water diversion works;
(d) dredge or placer mining;
(e) alterations of the stream bed; and
(f) mineral or sand and gravel extraction within the stream bed.

(6) In designating a recreational river, the board shall determine which of the activities listed in subsection (5) of this section shall be prohibited and may specify the terms and conditions under which activities that are not prohibited may go forward.

(7) Any prohibition or terms and conditions imposed pursuant to subsections (5) and (6) of this section shall remain in effect until the legislature acts upon the recommendation of the board as provided in section 42-1734B, Idaho Code, or until the legislature revokes its
earlier approval of a protected river by law.

42-1734B. BOARD PROCEDURES FOR ADOPTING A COMPREHENSIVE STATE WATER PLAN. (1) Prior to the adoption of the comprehensive state water plan or any component of the comprehensive plan, the board shall conduct hearings in the manner provided in section 42-1734A, Idaho Code.

(2) In the preparation, adoption, and implementation of the comprehensive state water plan, the board shall encourage the cooperation, participation, and assistance of state agencies. The board also shall solicit economic, energy, environmental, and other technical studies and recommendations from state agencies with particular expertise. All agencies of the state of Idaho shall cooperate with the board by providing requested existing information and studies pertaining in any manner to any matters which are the subject of this act. The board shall have discretion to balance all factors relevant to the formulation, adoption and implementation of the comprehensive state water plan and implementation and the designation of protected rivers.

(3) Any state agency may petition the board to amend the comprehensive state water plan. The board shall review any petition filed pursuant to this section within six (6) months after it is filed and shall either commence action to amend the comprehensive plan or set forth its reasons for denying the request in writing.

(4) All state agencies shall exercise their duties in a manner consistent with the comprehensive state water plan. These duties include but are not limited to the issuance of permits, licenses, and certifications; provided, however, that nothing in this chapter shall be construed to affect the authority of any state agency with respect to activities not prohibited by the comprehensive state water plan. The designation of a waterway as a natural or recreation river shall not preclude the department of health and welfare from establishing water quality standards for such waterway.

(5) When a comprehensive state water plan is adopted, copies thereof shall be filed in the office of the governor and director of the department of water resources, and published and distributed generally.

(6) The comprehensive state water plan and any component thereof developed for a particular waterway or waterways is subject to review and amendment by the legislature of the state of Idaho by law at the regular session immediately following the board's adoption of the comprehensive state water plan or component thereof. The board shall submit all subsequent modifications to the legislature in the same manner as provided in this subsection.

(7) The board shall review and reevaluate the comprehensive state water plan at least every five (5) years, with amendments to be adopted in the same manner as the original plan.

(8) A protected river designated by the board shall not become a final part of the comprehensive state water plan until approved by law. If the legislature does not approve a protected river by law at the regular session immediately following the board's designation of such protected river, then the designation of such protected river shall terminate and any prohibition or terms and conditions imposed on
such protected river pursuant to subsection (5) or (6) of section 42-1734A, Idaho Code, shall be terminated ten (10) days following the end of the session. The failure to approve a protected river shall not operate to invalidate a comprehensive plan or component thereof. Nothing in this subsection shall prevent the legislature, however, from approving such protected river and reinstituting or modifying such prohibitions or terms and conditions in a subsequent session.

(9) After adoption of a comprehensive plan or component thereof, the board shall administer the implementation of the plan.

42-1734C. STATUS OF COMPREHENSIVE STATE WATER PLAN BEFORE FEDERAL AGENCIES. The comprehensive state water plan required by this chapter shall be submitted to the federal energy regulatory commission, and the pacific northwest electric power and conservation planning council, and any other federal agencies as the state water plan for the conservation, development, management and optimum use of the state of Idaho's water resource.

42-1734D. DESIGNATION OF INTERIM PROTECTED RIVERS. (1) Prior to the adoption of a comprehensive plan for a waterway, the board may designate a waterway as an interim protected river. Any state agency may petition the board to designate a waterway as an interim protected river. The board shall promulgate procedural rules for designation of interim protected rivers. The rules shall provide adequate notice to interested parties of any petitions filed or actions contemplated pursuant to this act.

(2) The board shall determine whether the nominated waterway merits designation as an interim protected river. The board shall accept or reject a nomination within six (6) months after it is filed. There shall be no review of any board decision rejecting or accepting a nomination for an interim protected river. Designation of a waterway as an interim protected river shall be based upon a determination that:

(a) It is probable that the waterway would be designated a protected river in the comprehensive state water plan; and

(b) Interim protected river status is necessary to protect the values that would support such waterway's designation as a protected river in a comprehensive state water plan.

(3) In designating a waterway for interim protected river status, the board shall indicate which of the activities listed in subsection 42-1734A(5), Idaho Code, shall be prohibited.

(4) Interim protected river status shall remain in effect until the earliest of:

(a) The adoption of a comprehensive state water plan for the waterway designated as an interim protected river;

(b) Two (2) years following the designation of an interim protected river unless extended by law;

(c) The revocation of a waterway's interim protected river status by law.

(5) Any person may petition the board for a determination that a particular proposed action or project will not significantly impair the values supporting a waterway's designation as an interim protected river. The board shall consider among other things environmental
impact statements, technical studies and any other relevant comments or recommendations prepared by the petitioner for use before other state or federal agencies. The board may also consider any other relevant information. If the board determines that the proposed action or project will not significantly impair the values supporting a waterway's designation as a protected river, then this section shall not apply to such action or project, except that the board, after consultation with relevant state agencies, may impose appropriate conditions on such action or project. An aggrieved party may seek judicial review of the board's decision pursuant to sections 67-5215 and 67-5216, Idaho Code.

(6) If a waterway is designated as an interim protected river, then the board shall proceed to prepare a comprehensive state water plan for the waterway. The board shall in preparing the state comprehensive water plan for the waterway consider, after review of all relevant factors contained in section 42-1734A, Idaho Code, whether the designation should continue or whether modification of the designation is warranted.

(7) If the designation of a waterway as an interim protected river is either revoked by law, or terminated as provided in this section, then the waterway shall not be eligible for designation as an interim protected river for a period of two (2) years following the revocation or termination of its interim protected river status.

42-1734E. REMEDIES. (1) The attorney general, at the request of the board, shall commence a civil action to enjoin any person violating any provision of this chapter and to recover actual damages in that amount required to restore a protected river and its riparian area to a condition reasonably comparable to that existing prior to the violation.

(2) It shall be the duty of the attorney general to institute and prosecute all enforcement actions provided for in this chapter.

42-1734F. RIGHTS NOT AFFECTED. (1) No provision of this chapter, or any rules or regulations promulgated pursuant to this chapter, shall in any way limit, restrict, or conflict with approved applications for the appropriation of water or with vested property rights existing on the date a waterway is designated for protected river status or interim protected river status. For the purpose of this chapter, nonvested rights shall include, but not be limited to, pending applications for state mining permits or mineral leases, and pending applications for the appropriation of water.

(2) No provision of this chapter, or any rules or regulations promulgated pursuant to this chapter shall bar a water user or his agent from cleaning, maintaining or replacing a water diversion structure existing on or before the date a river is designated as protected. A water user or his agent may remove any obstructions from the stream channel, if such obstruction interferes with the delivery of, or use of, water under any existing water right. The provisions of this section do not relieve a person from complying with any other applicable laws.

(3) Nothing in this act shall prevent or restrict the relicensing
of existing hydropower projects that have been previously licensed by
the federal energy regulatory commission and which have generated
electricity. Any designation of waterways as interim protected rivers
or protected rivers shall not affect the operation or relicensing,
including but not limited to the expansion of capacity which does not
enlarge existing boundaries or project impoundments of any hydropower
project existing and that has been previously licensed by the federal
energy regulatory commission and which have generated electricity as
of the date of the designation.

42-1734G. WATER RIGHTS. No provisions of this chapter, or any
rules or regulations promulgated pursuant to this chapter, shall be
construed to establish a water right. Any water rights necessary to
fulfill the purposes of this chapter shall be obtained pursuant to the
provision of chapter 2 or chapter 15, title 42, Idaho Code.

42-1734H. DESIGNATION OF PARTICULAR RIVERS AS INTERIM PROTECTED
RIVERS. (1) The board shall designate the following waterways as
interim protected rivers pursuant to section 42-1734D, Idaho Code:
(a) Priest River, from the Canadian Border to the confluence of
Priest Lake;
(b) South Fork of the Boise River, from Anderson Ranch Dam to
Neal Bridge;
(c) Snake River, from Section 5, Township 11 South, Range 20
East, B.M. to King Hill;
(d) The following waterways within the Payette River Basin:
1. North Fork of the Payette River, from Cabarton Bridge to
Banks;
2. South Fork of the Payette River, from the Sawtooth
Wilderness Boundary to Banks;
3. Main Payette River, from Banks to Black Canyon Dam; and
(e) Henry's Fork of the Snake River from its point of origin at
Henry's Lake to the point of its confluence with the backwaters of
Ashton Reservoir.
(2) The board shall determine which of the activities listed in
subsection (5) of section 42-1734A, Idaho Code, shall be prohibited.

42-1734I. DESIGNATION UNDER FEDERAL LAW. Designation of a water-
way as a protected river pursuant to this chapter shall not be a basis
for seeking inclusion of such waterway in the national wild and scenic
rivers system pursuant to 16, United States Code section 1273(a)(ii)
unless the act designating the waterway as a protected river specifi-
cally requests the governor to seek inclusion of the waterway in the
national wild and scenic rivers system.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-1118, Idaho Code, be, and the same is hereby amended to read as follows:

63-1118. PAYMENT OF DELINQUENT TAXES. Upon-the-payment-of-delinquent-taxes-with-accrued-interest-and-penalty,-the-tax-collector-shall-issue-the-receipt-corresponding-to-the-delinquency-entry. To avoid the issuance of a tax deed for property described in the delinquency entry, payment of the delinquent taxes, including penalty, interest, and costs incurred, must be paid to the tax collector within three (3) years of the date of the delinquency. Upon payment, the tax collector shall issue a receipt. In the event payment is mailed to the tax collector, the cancelled check may serve as receipt.

SECTION 2. That Sections 63-1124 and 63-1125, Idaho Code, be, and the same are hereby repealed.

SECTION 3. That Chapter 11, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-1124, Idaho Code, and to read as follows:

63-1124. REDEMPTION -- EXPIRATION OF RIGHT. After the issuance of a tax deed, property may be redeemed only by the record owner, or owners, or party in interest, up to the time the county commissioners have entered into a contract of sale or the property has been transferred by county deed. In order to redeem property, the record owner, or owners, or party in interest shall pay all delinquent taxes including the penalty, accrued interest, and costs, and including, but not limited to, title search fees. The taxes accrued, including the current calendar year, against such property subsequent to the issuance
of a tax deed to the county shall be extended upon a valuation to be given by the assessor upon application of the treasurer, and the taxes shall be computed according to the authorized levies for the year or years to be extended. Should such payments be made, a redemption deed shall be issued by the county treasurer to the redemptioner and the rights, title and interest acquired by the county shall cease and terminate. Provided, however, that such right of redemption shall expire five (5) years from the date of issuance of a tax deed to the county, in the event the county commissioners have not extinguished the right of redemption by contract of sale or transfer by county deed during said redemption period. In the event a tax deed is issued and payment is not received within five (5) years of the issuance of such tax deed, then said tax deed to the county is presumptive evidence of the regularity of all proceedings prior thereto and the fee simple title, after the issuance of said tax deed, rests in the county.

SECTION 4. That Chapter 11, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-1125, Idaho Code, and to read as follows:

63-1125. PAYMENT OF DELINQUENT TAXES ON SEGREGATED PROPERTY. The county assessor shall determine and certify to the tax collector the market value of that segregated portion of property, and the tax collector will calculate the correct tax to be paid for any prior year or years of delinquent taxes, including the penalty, accrued interest and costs incurred. The provisions of this act shall apply to all delinquency entries hereafter entered.

SECTION 5. That Chapter 11, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-1125A, Idaho Code, and to read as follows:

63-1125A. REDEMPTION OF SEGREGATED PROPERTY. The county assessor shall determine and certify to the tax collector the market value of that segregated portion of property, and the tax collector will calculate the correct tax to be paid for that current calendar year and all prior years of delinquency. The provisions of this act shall apply to all delinquency entries hereafter entered.

STATING LEGISLATIVE INTENT WITH RESPECT TO REDUCTION OF SALARY OF A CLASSIFIED EMPLOYEE WHOSE CLASSIFICATION HAS BEEN REALLOCATED DOWNWARD.

Be It Resolved by the Legislature of the State of Idaho:
WHEREAS, the purity and quality of the groundwater of the State is becoming a growing concern of all citizens of the State; and
WHEREAS, in Idaho groundwater supplies ninety-four percent of the total water used for industrial purposes, over ninety percent of the total water used for drinking purposes, and twenty-six percent of the total water used for irrigation; and
WHEREAS, in Idaho, groundwater is also heavily relied upon for trout farming and other forms of aquaculture; and
WHEREAS, pressures from population growth have caused an increase in the amount of waste materials disposed of on or beneath the land surface and land disposal of waste has been based on the assumption that soils can treat or otherwise prevent pollutants from reaching groundwater; and
WHEREAS, many pollutants eventually enter groundwater and may accumulate there for a long time before being detected; and
WHEREAS, unlike surface waters, groundwaters move very slowly, lack self-cleansing properties and are relatively difficult to monitor and clean up; and
WHEREAS, activities which are very important to the economic development and style of life in Idaho also can threaten groundwater quality in the State and include petroleum storage, feedlots and dairies, landfills and hazardous waste sites, land applied wastewater, hazardous substances, landspreading of septage or sludges, field application of pesticides and fertilizers, and subsurface sewage disposal; and
WHEREAS, economic development, the quality of life and the quality of groundwater of Idaho ultimately go hand in hand.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislative Council shall appoint a committee to undertake and complete a study of the statutory framework for controlling and protecting the quality of groundwater in this State. A CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF HEALTH AND WELFARE TO AMEND THE REQUIRED RULES AND REGULATIONS TO ALLOW INCREASED REIMBURSEMENT RATES TO PHYSICIAN PROVIDERS UNDER THE MEDICAID PROGRAM IN IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, maintaining a high quality health care delivery system in this state depends in part on the ability of patients to select a physician of their choice; and

WHEREAS, it is a matter of general concern that certain physicians are reluctant to continue to accept Medicaid patients because the Medicaid reimbursement schedule currently does not pay the full amount of usual and customary physician's fees for services; and

WHEREAS, this restriction on access to physician's services is not in keeping with our commitments to freedom of choice, and may in fact lead to situations in which a patient is denied access to necessary health care services.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Director of the
Department of Health and Welfare is requested to adjust, amend or revise those particular rules, regulations or orders impacting the Medicaid program's reimbursement schedule for physician's fees so that payments in the future will more nearly reflect usual and customary charges, with special emphasis to be paid to the reimbursement schedule for the care and delivery of expectant mothers.

A CONCURRENT RESOLUTION
REQUESTING THE DEPARTMENT OF HEALTH AND WELFARE TO INVESTIGATE THE OPTIONS AVAILABLE TO THE STATE TO EXPAND COVERAGE FOR CARE AT HOME OF PERSONS ELIGIBLE FOR OR POTENTIALLY ELIGIBLE FOR MEDICAID COVERAGE.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, there are several program options available under the Medicaid program that appear not to have been fully utilized in the past; and

WHEREAS, it is desirable that the State use all of its available resources, techniques and processes to contain within acceptable limits the costs of publicly supported health care services in this State; and

WHEREAS, the use of certain nontraditional techniques may assist in this process.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Director of the Department of Health and Welfare is requested to investigate options available under the Medicaid program to expand Medicaid coverage for certain programs not now implemented or not now implemented to the fullest extent in Idaho for those persons eligible for Medicaid or potentially eligible for Medicaid in the near future, which investigation should focus on home health care projects, on personal care services, on chore services, on meals on wheels, on support by family members, and other systems and programs, all of which must demonstrate that they are cost effective for the Medicaid program and are medically necessary.

BE IT FURTHER RESOLVED that the Director is requested to report his findings and suggestions to the Health and Welfare Committees of the Senate and the House on a regular basis prior to the convening of the First Regular Session of the Fiftieth Idaho Legislature.

Adopted by the House February 17, 1988.

WHEREAS, expanding the market for products within Idaho is an opportunity for economic development which is immediately available and uniquely accessible to Idahoans; and
WHEREAS, Buy In Idaho, Inc. is an organization whose mission is the development of a self-help program organized and administered by the private sector for the benefit of Idaho's economy, Idaho jobs and Idaho's people; and
WHEREAS, Buy In Idaho, Inc. is developing a directory of all products and services available within Idaho which will serve as a valuable tool in furthering the State's economic development; and

WHEREAS, Buy In Idaho, Inc., like similar programs in at least fifteen of our sister states, asks only that we think first of local services and products.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature, on behalf of the citizens of Idaho, heartily endorses the concepts of the Buy In Idaho, Inc. program. WHEREAS, the Legislature has received and reviewed the report of the Governor dated January 13, 1988, and the report of the Idaho Personnel Commission dated October 1, 1987; and

WHEREAS, the Legislature recognizes the need to maintain spending patterns of state government within established guidelines; and

3. That portion of Recommendation No. 2 of the Chief Executive to provide a 4% across-the-board salary increase for state employees is rejected.

4. A 3% payline adjustment is granted.

   (a) The mathematical expression for the 3% payline adjustment is:
   Positions with 0 to 320 job evaluation points — Hourly rate = $.025955 per point plus $2.8245.
   Positions with 321 points or more — Hourly rate = $.014589 per point plus $6.7269.

   (b) The Joint Finance-Appropriations Committee is directed to appropriate for the payline move a total of not to exceed $3.8 million of General Account moneys.

   (c) Merit increases are to be granted to the extent possible from salary savings. Further, for those few agencies that have historically been unable to generate salary savings, the
Joint Finance-Appropriations Committee is directed to appropriate for merit increases a total of not to exceed $950,000 of General Account moneys.

5. For those agencies funded in total or in part from nongeneral account moneys, the Joint Finance-Appropriations Committee is directed to appropriate as nearly as possible the same manner as for General Account funded agencies.

6. The effective date of implementation of these salary adjustments shall be July 10, 1988.

WHEREAS, the financial base of the community college system consists of tuition, county property tax support and state general fund support; and

WHEREAS, tuition levels have increased, but must not be increased to heights which will foreclose the opportunity of attendance to students; and

WHEREAS, property tax levies are at the levels allowed by law, and reflect substantial reliance upon property taxpayers; and

WHEREAS, state general fund support has actually been decreasing
from a high of approximately fifty per cent in the mid-to-late 1970's to a level which is only thirty-nine per cent of the total funding at present; and

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we urge the State Board of Education to work towards a fifty per cent state general account budget request for community colleges. WHEREAS, the problem exists on private, county, state, and federal lands; and
WHEREAS, a cooperative effort is required to accomplish a viable noxious weed control program in the State of Idaho; and

BE IT FURTHER RESOLVED that the Idaho Noxious Weed Workgroup be used as the nucleus of the new Idaho State Noxious Weed Workgroup and the Director of the Idaho Department of Agriculture, the representative of the Bureau of Land Management, and the representative of the U. A CONCURRENT RESOLUTION
EXPRESSING THE SENSE OF THE IDAHO LEGISLATURE ON IDAHO'S WATER RESOURCES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Legislative enactment which approved Idaho's participation in the Pacific Northwest Power Planning Council provided specific protection for the sanctity of Idaho water management processes, Section 61-1201, Idaho Code, to wit: "Agreement for State Participation in the Pacific Northwest Electric Power and Conservation Planning Council. - The State of Idaho agrees to participate in the formation of the Pacific Northwest Electric Power and Conservation Planning Council created pursuant to the Pacific Northwest Electric Power Planning and Conservation Act. Nothing in this agreement shall be construed to alter, diminish or abridge the rights of the State of Idaho and its citizens with respect to any water or water related right and those relating to the regulation of the energy industry."; and

WHEREAS, that Act also provided for the expression of Legislative intent, Section 61-1207, Idaho Code, to wit: "Legislative Intent. - The Legislature may, by concurrent resolution, direct to the Idaho Council members, a statement reflecting legislative intent and concern relative to any actions or activities undertaken or sought to be undertaken by the Council."; and

WHEREAS, the Northwest Power Planning Council is proposing to classify twelve thousand miles of rivers and streams in Idaho under the "Protected Areas Designation" program; and

WHEREAS, this proposed federal classification of Idaho waters will impact the management and value of private property and the multiple uses of public lands which are adjacent to said rivers and streams; and

WHEREAS, the development, implementation and application of such designations is an obvious encroachment upon an area that has traditionally and consistently been a matter reserved to the states; and

WHEREAS, the State of Idaho has adequate laws and processes, including the evolving comprehensive Idaho State Water Plan, to determine the uses of waters, rivers and streams in this State.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Pacific Northwest Power Planning Council is hereby respectfully requested to allow the State to consider its own plan for protection of rivers and streams prior to implementing the Council's protected areas designation.

BE IT FURTHER RESOLVED that Idaho's interest in anadromous fish is parallel to that of the Northwest Power Planning Council. Our Idaho Water Plan already includes a policy concerning anadromous fish management. We request that specific, scientifically proven information as to reaches of Idaho streams critical to the maintenance of
anadromous fish spawning and migration should be submitted to the Idaho Water Resources Board for future consideration, via legal process, as an addition to that policy.

BE IT FURTHER RESOLVED that the Northwest Power Planning Council use the comprehensive Idaho State Water Plan as prepared by the Idaho Water Resource Board as the basic plan for the State of Idaho.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives is hereby authorized and directed, to forward a copy of this Resolution to the Idaho members of the Northwest Power Planning Council, to the Governor of this State and to the Governors of the States of Montana, Oregon and Washington, to the Administrator of the Bonneville Power Administration, to the members of the congressional delegation representing this State in the Congress of the United States and to Lois Cashell, Acting Director of the Federal Energy Regulatory Commission in Washington, D.C.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we respectfully petition the chief executive of our State, the Honorable Cecil D. Andrus, to conduct an examination of the state's higher education structure and governance with the goal of making it more efficient and responsive to the needs of all Idahoans.

A CONCURRENT RESOLUTION
AUTHORIZING AND DIRECTING THE LEGISLATIVE COUNCIL TO UNDERTAKE AND
COMPLETE A STUDY OF THE ALCOHOLIC BEVERAGE LAWS OF THE STATE OF
IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the statutes governing the sale and consumption of alco­
holic beverages in the state of Idaho have developed through a process
of additions and deletions resulting in a confusing and sometimes con­
tradictory system of statutes; and

WHEREAS, several pieces of legislation have been considered by the
current legislative session which have proposed amendments to the
alcoholic beverage statutes, and debate on these bills has illustrated
the complexity of present statutes; and

WHEREAS, it is incumbent upon the Legislature to provide a com-pre­

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regu­

sentatives and the Senate concurring therein, that the Legislative
Council is hereby authorized and directed to appoint a committee to

BE IT FURTHER RESOLVED that the Committee shall report findings
and recommended legislation, if any, to the First Regular Session of
the Fiftieth Idaho Legislature.

Adopted by the House March 22, 1988.
Adopted by the Senate March 25, 1988.
A JOINT MEMORIAL

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Forty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the financial resources of the local governments in the state of Idaho and in many of the other states of the United States are adversely affected by federal designation of land within their jurisdictions as wilderness; and

WHEREAS, local units of government in Idaho lose taxation capacity because of the designation of wilderness lands.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that Congress should take steps necessary to assure that all citizens assist with the costs of financing wilderness designations by compensating local governments for their loss of taxation capacity. Congress should establish a fund to offset the financial impacts on state and local governments due to the loss of revenues resulting from wilderness designations. Distributions of the fund should be based upon an equitable formula which recognizes the lost value. The fund should include affected units of local government including state, county, city and school districts, as well as others if appropriate, which lost property tax capacity as a result of withdrawal of wilderness lands from the tax base.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to The Honorable Ronald Reagan, President of the United States, to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

Adopted by the House March 22, 1988.
A JOINT MEMORIAL

TO PRESIDENT RONALD REAGAN, TO THE SECRETARY OF AGRICULTURE RICHARD LYNCH, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Forty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, H.R. 558 was enacted July 22, 1987; and
WHEREAS, Title VIII of H.R. 558 provides for effecting several major changes to the Food Stamp Program with little lead time to the states to make the necessary changes to automated systems, state manuals, staff training, printed supplies, and required notices to food stamp recipients; and
WHEREAS, the lack of sufficient lead time directly and indirectly causes errors and waste in both state and federal government and creates unnecessary crises which divert attention from other programs and functions thereby expanding the circle of waste and inefficiency far beyond the Food Stamp Program; and
WHEREAS, Section 806 of H.R. 558 provided for applying one particular change by October 1, 1987, for which the United States Department of Agriculture's notification to the State of Idaho was not received until August 18, 1987; and
WHEREAS, Section 806 of H.R. 558 not only requires a major developmental change to the automated computer system, it also provides for calculating food stamp benefits for food stamp households in a manner that appears to violate the Equal Protection Clause of the United States Constitution, thereby violating citizens' rights and placing the federal government and the states at risk for doing so; and
WHEREAS, The United States Congress habitually passes laws containing seemingly facile changes to the Food Stamp Program, but which have major impact on automated systems and administrative processes and with tight and often nonexistent time constraints for implementation; and
WHEREAS, it is in the public interest that efficiency in government be enhanced at every opportunity and that every effort be made to eliminate waste in government benefits and administrative expenditures; and
WHEREAS, it is in the very highest public interest that instructions to phase in changes to tax supported benefit programs ensure methods that are not violative of the protected rights of individuals.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we respectfully request that Congress be especially mindful of the very serious problems created solely by short time frames imposed upon the states to
implement changes to the Food Stamp Program; that we further request that Congress not impose implementation dates earlier than 160 days from enactment or 120 days from issuance of implementing regulations by the United States Department of Agriculture, whichever is later; and that we further request that care be taken to ensure that no implementation requirements violate the Constitutional rights of individuals.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, to Secretary of Agriculture Richard Lyng, to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

Adopted by the Senate February 16, 1988.
Adopted by the House March 18, 1988.

A JOINT MEMORIAL

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Forty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the South Fork of the Salmon River Road is a thirty-two mile stretch of road under the jurisdiction of the United States Forest Service running from the Warm Lake Highway to the confluence of the East Fork of the South Fork of the Salmon River; and

WHEREAS, the South Fork of the Salmon River Road is open only two days a week during the period of January 1 through March 31 mainly to prevent any degradation of fisheries from sediment from the road; and

WHEREAS, the South Fork of the Salmon River Road is virtually the only way of passage to the outside world for residents of Yellow Pine and the surrounding area during the winter months; and

WHEREAS, upgrading the South Fork of the Salmon River Road would have many beneficial effects including helping to ease sedimentation problems in nearby fisheries, allowing residents of Yellow Pine and the surrounding area increased mobility and freedom of travel as they conduct daily business responsibilities, helping residents of Yellow Pine and the surrounding area get to medical care during medical emer-
gencies, and helping the economy in and around Yellow Pine prosper as the area would become more accessible to the outside world.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we respectfully request the U.S. Forest Service to upgrade and improve the South Fork of the Salmon River Road so that the fish habitat in the South Fork of the Salmon River will not be hampered by sedimentation problems, so that residents of Yellow Pine and the surrounding area will have an easier time gaining access to outside areas during the winter months as well as other times, so that residents of the area will be able to transport themselves to medical care during emergency situations more easily and so that the economy in and around Yellow Pine will be able to prosper as more individuals will be able to enjoy the beautiful countryside.

BE IT FURTHER RESOLVED that we respectfully request the U.S. Forest Service, the U.S. Fish and Wildlife Service, the Idaho Department of Fish and Game and the Idaho Transportation Department to cooperate and render necessary assistance as required to improve the South Fork of the Salmon River Road.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the Administrator of the United States Forest Service, to the Administrator of the United States Fish and Wildlife Service, to the President of the Senate, to the Speaker of the House of Representatives of Congress, to the congressional delegation representing the State of Idaho in the Congress of the United States, to the Director of the Idaho Transportation Department, and to the Director of the Idaho Fish and Game Department.

Adopted by the Senate March 4, 1988.

A JOINT MEMORIAL
TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Forty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the sovereign states of these United States traditionally exercise control over all water located within the boundaries of the states; and

WHEREAS, Section 27 of the Federal Power Act of 1920, as amended, mandates that the control, appropriation, use and distribution of
water by the respective states is unaffected by the Act; and

WHEREAS, The Federal Energy Regulatory Commission has asserted in its recent administrative decision relative to the proposed Horseshoe Bend Hydroelectric Project (FERC Project No. 5376-002) that the Federal Energy Regulatory Commission licensing of a hydropower project extends Federal Energy Regulatory Commission control over all future upstream uses of water; and

WHEREAS, the Horseshoe Bend decision and other actions of the Federal Energy Regulatory Commission demonstrate that administration of the Federal Power Act is causing unacceptable interference with water resource management programs of the states; and

WHEREAS, there is no national interest served by allowing the Federal Energy Regulatory Commission to substitute its control of water resources for state authority.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we do respectfully request the Congress to enact legislation to amend the Federal Power Act to require the Federal Energy Regulatory Commission to recognize state authority over the use of water for hydropower projects and other uses of water which affect or may affect hydropower projects and to subordinate the Federal Energy Regulatory Commission's licensing of hydropower projects to a state's sovereign authority to manage and control water resources within its boundaries.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

Adopted by the Senate March 8, 1988.
Adopted by the House March 29, 1988.

WHEREAS, it is anticipated that Idaho's interstate highways will be completed by 1991 while the deadline for completion of the system nationally is 1993; and

WHEREAS, the authorizations of the Surface Transportation Assistance Act of 1987 continue only through fiscal year 1991 and yet all 50 states are participating in a Transportation Consensus Program to determine the level of transportation funding required for the next 35 years.

WHEREAS, one of the many things which makes Idaho such an attractive place to live, work and vacation in are the many beautiful areas contained on its public lands; and
WHEREAS, a great deal of the life style of most Idahoans includes utilization of the public lands aesthetically and for recreation and pleasure; and
WHEREAS, whether it has occurred through official policy or plain bureaucratic bungling, many trails and unimproved roads on lands controlled by the U.S. Forest Service have been closed by the locking of gates on those lands; and
WHEREAS, the locking of gates ultimately deprives many Idahoans and vacationers of the thrill of hunting, fishing, backpacking, hiking, exploring, off-road vehicling and cross-country skiing, among other things, on these lands.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we respectfully request that the United States Forest Service reexamine its policy of closing gates on unimproved roads and trails on land under its jurisdiction so that Idahoans and others can enjoy recreational and aesthetic opportunities associated with those lands.

WHEREAS, there is no current long-term plan for landfill use or replacement in the State of Idaho; and
WHEREAS, a significant number of landfills in this state will be closed in the next few years, for lack of space or for not meeting health and safety standards; and

WHEREAS, there is currently no plan nor funds available to assist the state and local governments in how to prepare for the impact of new Resource Conservation Recovery Act (RCRA) rules and regulations.

WHEREAS, the United States will require substantial amounts of energy from nuclear sources in the future; and
WHEREAS, the nuclear power construction program is essentially complete and no new orders are being placed for nuclear power generating plants; and
WHEREAS, development, design, construction, and testing of improved nuclear power systems are not progressing in accordance with future needs and foreign competition; and
WHEREAS, the national interest clearly requires that the most advanced forms of nuclear power generation should be available to the United States; and
WHEREAS, one proposed approach to providing for continuity and progress in the United States for nuclear power generation entails construction over the next ten years of advanced nuclear power generation prototypes, including large power-producing units; and
WHEREAS, the Idaho National Engineering Laboratory operated by the United States Department of Energy in the State of Idaho is uniquely qualified as a site for such a program; and
WHEREAS, the people, the executive branch and the Legislature of the State of Idaho strongly support the safe, economic and reliable development of nuclear power, and would welcome use of the Idaho National Engineering Laboratory site for the above purposes.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we respectfully express our strong support for the further advancement of nuclear energy for electrical energy and that the Congress of the United States be encouraged to take such actions that will result in:

1. The designation of the Idaho National Engineering Laboratory
as the "National Commercial Power Reactor Prototype Center."

2. The construction of small and large scale nuclear power stations for the purpose of evaluation, standardization, and electrical power production as they may contribute to improved national competition, safety, reliability, environmental improvement and economics.

BE IT FURTHER RESOLVED that we respectfully request that state agencies and private industrial organizations provide such encouragement as may be practical to carry out the aims and intent of this Memorial.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to President Ronald Reagan, to the Secretary of Energy, John S. TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Forty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the United States Congress has recently changed the point of collection of diesel fuel excise taxes from retail level to the wholesale level in the Omnibus Budget Reconciliation Act of 1987; and
WHEREAS, this change in the federal excise tax law will now require farmers to pay the diesel fuel tax at the time of purchase and to file for refunds afterwards on a quarterly or annual basis; and
WHEREAS, the upfront payment of these taxes by farmers will raise the farmer's annual cost of production and will further inhibit the farmer's cash flow by requiring a need to borrow additional funds for operating expenses; and
WHEREAS, the requirement to apply for refunds will require more of each farmer's valuable time and shift the paperwork burden from the government to the farmer.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the House of Repre-
sentatives and the Senate concurring therein, that we urge the Congress of the United States to reverse its vote on this change in the collection of the diesel fuel excise tax, and that Congress repeal Title X, Subtitle E, Part I, Section 10502 of the Omnibus Budget Reconciliation Act of 1987.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL
TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Forty-ninth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Legislature of the State of Idaho finds and declares that the State has been seriously handicapped in its ability to collect legally due use taxes on interstate sales because of the 1967 United States Supreme Court decision in the National Bellas Hess case; and

WHEREAS, the National Bellas Hess decision denies Idaho the legal authority to require the collection of use taxes by out-of-state mail order firms which have no physical presence in the State but which may advertise extensively there; and

WHEREAS, the National Bellas Hess decision has resulted in a loss of tax revenue, based on U. S. Advisory Commission on Intergovernmental Relations Report for 1985, of between 4.5 and 11.6 million dollars to the State of Idaho; and

WHEREAS, Idaho retailers have lost, based on a U. S. Advisory Commission on Intergovernmental Relations Report for 1985, between 120 and 290 million dollars in retail sales during that period to out-of-state firms not required to remit a sales tax; and

WHEREAS, the problems of state revenue loss and the competitive disadvantage of local business have been intensified in recent years because of the great growth in mail order sales through television, radio, and credit card advertising; and

WHEREAS, these problems can be resolved only by the correction of the National Bellas Hess decision.
NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Forty-ninth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we do hereby petition the Congress of the United States to act immediately to introduce, consider, and enact legislation which would prevent the huge revenue loss and remove the competitive advantage now enjoyed by out-of-state businesses and that it do so by authorizing Idaho to require the collection of sales and use taxes by interstate sellers who solicit business in Idaho through catalogs, advertising materials, radio, television, and the press.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and to the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

Adopted by the House March 24, 1988.

CERTIFICATE OF SECRETARY OF STATE

UNITED STATES OF AMERICA  
STATE OF IDAHO  

I, PETE T. CENARRUSA, Secretary of the State of Idaho, do hereby certify that the foregoing printed pages contain true, full, and correct and literal copies of all the general laws and resolutions passed by the Forty-ninth Legislature of the State of Idaho, Second Regular Session thereof, which convened January 11, 1988, and which adjourned March 31, 1988, as they appear in the enrolled acts and resolutions on file in this office, all of which are published by authority of the Laws of the State of Idaho.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of Idaho. Done at Boise City, the Capital of Idaho, this 22nd day of April, 1988.

Secretary of State

When errors appear in the enrolled bills received from the Legislature at the office of the Secretary of State, this office has no authority to correct them.
EXECUTIVE
ORDERS
WHEREAS, the people, commerce, and industry of Idaho are dependent to a great extent upon the motor carrier industry for the delivery of raw materials, manufactured goods, agricultural products, and other necessities of life; and

WHEREAS, this vast industry, employing thousands of Idahoans in almost every community in the state, requires user input into the development of the complex rules and regulations under which they operate; and

WHEREAS, it is important to apply the rules, regulations, and laws of the state fairly and equitably to all segments of the industry without undue discrimination and partiality;

NOW, THEREFORE, I, CECIL D. ANDRUS, Governor of the State of Idaho, by virtue of the authority vested in me by the Constitution and laws of the State of Idaho, do hereby establish the Motor Carrier Advisory Committee.

The purpose of the committee is to meet bi-monthly to review appropriate changes to the safety, size, and weight and operational rules and regulations of state agencies as they apply to the common, contract and private motor carriers, and to advise the Governor on all aspects of motor carrier operations including:

(a) the International Registration Plan (IRP)
(b) uniform motor fuel use tax reporting
(c) simplified state registration and taxation procedures
(d) tax audits
(e) oversize/overweight permit uniformity
(f) motor carrier laws and enforcement
(g) motor carrier taxation concerns and proposals

The committee shall consist of members from the following areas of interest: long haul, heavy haul, short haul, wood products, logging, contracting, agricultural, truck and trailer manufacturing, tankers, concrete, aggregates and others deemed appropriate by the committee.

A representative from each of the following state agencies shall provide support to the committee with the Idaho Transportation Department being the lead agency responsible for administrative support: Transportation, Law Enforcement, Public Utilities Commission and Tax Commission.

Appointment of committee members shall be made by the Governor from candidates recommended by the industry. Appointments shall be for three-year terms expiring July 1, except that the original committee members shall serve as follows: three (3) members to serve one-year terms, four (4) members to serve two-year terms, and three (3) members to serve three-year terms.

The committee shall present all formal recommendations to the participating agencies and the Governor and shall present to the Governor on or before December 1 of each year a report of activities of the committee during the preceding year.
WHEREAS, the United States through its Constitution, laws, executive orders, and regulations has declared that all persons are to be treated fairly and equally; and the State of Idaho is committed to fulfilling that federal mandate; and

WHEREAS, the Legislature of the State of Idaho by Title 44, Chapter 17 and Title 67, Chapter 59 of the Idaho Code has declared that employment discrimination based upon race, color, national origin, religion, sex, or age is illegal; by Title 56, Chapter 7 that the handicapped shall be free from employment discrimination in public service; and by Title 65, Chapter 5 that veterans are to be given preference by public employers; and

WHEREAS, every Idahoan should be provided the opportunity to fully develop and use his/her talents. When we allow race, color, religion, national origin, sex, age and/or handicap to prevent anyone from reaching full potential, we fail that person, our state, and our country. In accordance with the principles of fair employment practices, we must strive to recognize and advance the abilities and talents of all people, while denying no individual his/her rightful opportunities; and

WHEREAS, we must assume our citizen-granted role of leadership in the protection of freedom for all citizens and serve in that leadership role as a mode for government, business, industry, labor and education in this regard;

NOW, THEREFORE, I, CECIL D. ANDRUS, Governor of the State of Idaho, in that spirit and to that purpose, proclaim the following Idaho Code of Fair Employment Practices to be the governing policy throughout every department of the Executive Branch of Government of the State of Idaho.

ARTICLE I -- Employment Policies of State Agencies
State employees shall be recruited, appointed, assigned and pro-
moted upon the basis of individual merit, in accordance with the principles of fair treatment and non-discrimination on the basis of race, color, sex, religion, national origin, age, or handicap. Appropriate consideration shall be given to veterans in accordance with applicable state and federal laws and regulations.

All state departments, commissions, and boards are directed to review present personnel recruitment, appointment, promotion, demotion, transfer, retention, discipline, separation, training and compensation policies and other employment practices to assure compliance with this Executive Order. They shall regularly review present state and federal laws and regulations and seek to redress under-utilization, if any, of minority, women, or handicapped persons within the state workforce.

The State Personnel Commission shall take positive steps to insure that the entire examination process, oral, written, and ratings shall be free from either conscious or inadvertent bias. State agencies shall give wide distribution of notice of employment opportunities so that all citizens may be fully advised of career opportunities in state government. Employment announcements issued by state agencies shall include a statement indicating "Hiring is done without regard to race, color, religion, national origin, sex, age, or handicap. Appropriate consideration shall be given to veterans in accordance with applicable state and federal laws and regulations."

ARTICLE II--State Action

All services of every state agency shall be performed without discrimination based on race, color, religion, national origin, sex, or handicap. No state facility shall be used in furtherance of any discriminatory practice, nor shall any state agency become a party to any agreement, arrangement, plan, contract, or subcontract which has the effect of sanctioning such practices.

ARTICLE III--State Financial Assistance

Race, color, religion, national origin, sex, or handicap shall not be considered in state-administered programs involving the distribution of funds to qualified recipients for benefits authorized by law; nor shall state agencies provide grants, loans, or other financial assistance to public agencies, private institutions, or organizations which engage in discriminatory practices.

ARTICLE IV--State Employment Services

All state agencies, including educational institutions, which provide employment referral or placement services to public or private employers, shall accept job orders and/or applications on a non-discriminatory basis. They shall refuse to fill any job order designed, either consciously or inadvertently, to exclude any person from employment because of race, color, religion, national origin, sex, age, or handicap.

ARTICLE V--State Education, Counseling and Training Programs

All educational counseling and vocational guidance programs, employment and training programs, policy declarations and staff services of state agencies, or those in which state agencies participate, shall be open to all qualified persons, without regard to race, color, religion, national origin, sex, age, or handicap.
ARTICLE VI--Cooperation with Human Rights Commission

All state departments shall cooperate fully with the Idaho Human Rights Commission if state employees or applicants for state employment file complaints with the Commission. They shall also utilize the services of the Commission when needing technical advice regarding compliance with equal employment opportunity as described by Title 67, Chapter 59, Idaho Code. The Commission shall act as a referral agency for information or complaints concerning discrimination in certain protected classes not covered by Title 67, Chapter 59, Idaho Code.

ARTICLE VII--Enforcement by Appointing Authorities

The executive head of each state executive department shall be responsible for carrying out the policies of this Idaho Code of Fair Employment Practices and shall inform and educate all supervisory personnel regarding its intent and spirit. They shall promulgate clearly written directions to carry out this policy. Upon a showing of substantial evidence to the appropriate appointing authority that any officer or employee of the state has knowingly violated any of the provisions of this Executive Order or any applicable state or federal law or regulation, the appointing authority shall take appropriate disciplinary action.

Because of its sensitive nature, sexual harassment often cannot be effectively addressed through normal grievance procedures. Therefore, every appointing authority shall be responsible for the development of a grievance procedure to be used by employees and/or recipients of state services who believe they have been subjected to sexual harassment. This policy shall include at least the following: (1) a statement defining and forbidding sexual harassment; (2) an investigative procedure designed to protect the confidentiality of participants and to effect an immediate and fair resolution of the allegation; and (3) a statement advising employees and service recipients of their rights to raise this issue with appropriate governmental agencies and/or the courts. Pursuant to Article IV of this Executive Order, the Human Rights Commission and the Personnel Commission shall assist in the development of these policies.

ARTICLE VIII--Annual Reports

Each executive agency shall, on September 1 of each year, submit a written report to the Governor setting forth all activities undertaken in the past year to effect this Idaho Code of Fair Employment Practices. The report shall be submitted in a form prescribed by the Governor's Office and in sufficient detail to indicate whether goals established by this Code are being met.

The Governor will appoint an interagency committee to review and evaluate the reports and to consult with each appointing authority as to the progress each is making. The committee will report to the Governor the results of this review and consultation and make periodic recommendations for further improvements in the State's EEO/AA effort.

This Executive Order repeals and replaces Executive Order No. 85-6.

EXECUTIVE ORDER NO. 87-17

SETTING FORTH A CODE OF ETHICAL CONDUCT FOR EMPLOYEES OF THE EXECUTIVE DEPARTMENT OF IDAHO STATE GOVERNMENT, REPEALING AND REPLACING EXECUTIVE ORDER NO. 85-17

GENERAL PURPOSE
This Executive Order is issued to insure high standards of conduct among state employees and to strengthen the faith and confidence of
the people of Idaho in the integrity of state government and state employees. This Executive Order sets forth a code of conduct for state employees and restates existing Idaho law governing employee conduct in areas where there are actual or potential ethical concerns between their public duties and their private interests. Unless the context indicates otherwise, "state employee(s)" shall have the broadest meaning possible within the Executive Department of Idaho State Government consistent with Idaho Law, and "person" shall include an association, corporation or governmental entity.

It shall be a paramount concern of state employees that they engage in no conduct which might reasonably be interpreted by the people of Idaho as tending to influence or adversely affect the performance of their official duties.

GRATUITIES AND OTHER BENEFITS

State employees shall never solicit in their official capacity any gratuity or other benefit from any person under any circumstances. State employees shall not accept gratuities or other benefits exceeding a total retail value of $100 within a calendar year from any person who is subject to their legal jurisdiction or who is likely to become interested in any contract or transaction over which they exercise any discretionary function. State employees are not precluded from accepting from time to time food or beverages consumed at the time and place of receipt from any person with whom they deal in their official capacity, subject to the limitation of $100 retail value within a calendar year. These rules apply irrespective of kinship or other relationship with the donor outside of the official status of the state employee, and irrespective of the existence of legal consideration for or legal entitlement to the gratuity or other benefit. It is not material that the acceptance of any gratuity or other benefit contrary to this Executive Order is not prejudicial to official impartiality in fact.

Nothing herein is intended to prevent appointing authorities from approving participation by their employees in bona fide training or education programs provided by public or private entities.

State employees shall not accept transportation or lodging from any person who is subject to their jurisdiction or who is or is likely to become interested in any contract or transaction over which they exercise any discretionary function. It shall be the general policy that reimbursable expenses for transportation and lodging of state employees shall be paid by the State of Idaho rather than by another person. This rule does not apply under circumstances where state employees do not have reasonable access to public services or accommodations, when the acceptance of an offer of transportation makes an economical and efficient use of time or transportation and any benefit conferred is trivial or otherwise consistent with the general purpose of this Executive Order.

All state employees exercising any discretionary function shall make a conscious effort to be open to contact by all segments of Idaho society that have an interest in the exercise of that discretionary function. State employees exercising any discretionary function shall not associate with any one person who has or may have an interest in
the exercise of that discretionary function to such an extent as would reasonably be interpreted by the people of Idaho as tending to influence or adversely affect the performance of their official duties.

Honorariums shall not be accepted by state employees from Idaho citizens, associations, corporations or governmental entities for appearances or services given in the course of their official duties.

CONFLICTS OF INTEREST

State employees shall not profit, directly or indirectly, from public funds under their control. State employees shall not have a private interest in any contract or grant made by them in their official capacity. State employees must avoid self-dealing in any purchase or sale made in their official capacity. Any state employee having a private interest in any discretionary matter coming before him in the course of his official duties, whether the matter be regulatory, adjudicative, contractual or the formation of public policy, shall not act but shall withdraw himself.

State employees shall not refer to themselves any business or client where the origin of the relationship arises in their official capacity.

No state employee shall appoint or otherwise employ for compensation payable from public funds any person related by blood or marriage to within the second degree.

OUTSIDE EMPLOYMENT AND EXTRA COMPENSATION

Heads of executive departments; members of the Tax Commission, the Industrial Commission, and the Public Utilities Commission; the Executive Director of the State Board of Education; and the Director of the Executive Office of the Governor shall not hold any other public office or public employment for which compensation is received. Nor shall any state employee serve as a director, officer or employee of any profit-making corporation or institution without disclosure to and approval by their appointing authority. Such approval shall be granted only if such activity will not adversely affect the performance of the employee's official duties, nor create an appearance of impropriety.

State employees may occupy offices or positions in non-profit organizations outside state government service to the extent that it does not interfere with the performance of their official duties in an efficient, mentally- and physically-alert manner.

Except as otherwise prohibited by law, all state employees including those identified above, may own stock in a public or private corporation, be a trustee to a trust, be a personal representative to an estate, serve as a part-time member of the military reserves or the National Guard and serve upon a jury.

All state employees receiving fixed compensation are not to be paid for any extra service performed in the ordinary course of their employment, except for overtime compensation as provided by law, employment in any state educational program as provided in Section 59-512, Idaho Code, or other circumstances expressly authorized by law.
POLITICAL ACTIVITIES

As provided by Section 67-5311, Idaho Code, and an Idaho Personnel Commission directive dated August 9, 1976, state employees shall not command political contributions from other state employees. State employees subject to the state personnel system (hereinafter "classified employees") shall not use their official authority or influence to bring about any nomination or election to public office. Classified employees shall not take an active part in the management of any political organization. Classified employees shall not seek election to a partisan public office. All state employees may vote and express their personal opinion on political issues and candidates and take an active part in support of a candidate in partisan or nonpartisan elections. All state employees may be members of a political party or organization, participate in its activities, serve as an elected convention delegate and voluntarily contribute to political parties or candidates. Classified employees shall avoid participation in public affairs in a manner which would materially compromise their neutrality, efficiency or integrity in the performance of their official duties.

ADMINISTRATION

Department heads and boards and commissions within the Executive Department of the State of Idaho may establish particular codes of employee conduct to supplement the general code of conduct provided under Idaho Law and this Executive Order. Nothing in this Executive Order is intended to preclude more strict provisions of conduct than are required under this Executive Order, except as precluded by Idaho Law.

Questions or disputes regarding the conduct of state employees under this Executive Order and Idaho Law shall be directed to the appropriate appointing authority who may seek legal counsel from the Attorney General.

State employees who have questions regarding their conduct that are not specifically addressed in this Executive Order or who need more direction than is included herein should consult their appointing authorities. State employees who are presently engaged in a course of conduct addressed herein are directed to review that conduct in light of this Executive Order.

Violation of this Executive Order may lead to dismissal, suspension, demotion or other personnel action. In addition, state employees whose conduct violates Idaho Law whether or not restated in this Executive Order are subject to the penalties provided under Idaho Law.

DISTRIBUTION

Appointing authorities shall bring this Executive Order to the attention of state employees now or hereafter under their supervision. It is the duty of state employees to familiarize themselves with the code of conduct contained in this Executive Order and to reflect upon their own conduct.

This Order repeals and replaces Executive Order No. 85-17.

Any state employee having a private interest in any discretionary matter coming before him in the course of his official duties, whether the matter be regulatory, adjudicative, contractual or the formation of public policy, shall not act but shall withdraw himself.

State employees shall not refer to themselves any business or client where the origin of the relationship arises in their official capacity.

No state employee shall appoint or otherwise employ for compensation payable from public funds any person related by blood or marriage to within the second degree.

OUTSIDE EMPLOYMENT AND EXTRA COMPENSATION

Heads of executive departments; members of the Tax Commission, the Industrial Commission, and the Public Utilities Commission; the Executive Director of the State Board of Education; and the Director of the Executive Office of the Governor shall not hold any other public office or public employment for which compensation is received. Nor shall any state employee serve as a director, officer or employee of any profit-making corporation or institution without disclosure to and approval by their appointing authority. Such approval shall be granted only if such activity will not adversely affect the performance of the employee's official duties, nor create an appearance of impropriety.

State employees may occupy offices or positions in non-profit organizations outside state government service to the extent that it does not interfere with the performance of their official duties in an efficient, mentally- and physically-alert manner.

Except as otherwise prohibited by law, all state employees including those identified above, may own stock in a public or private corporation, be a trustee to a trust, be a personal representative to an estate, serve as a part-time member of the military reserves or the National Guard and serve upon a jury.

POLITICAL ACTIVITIES

As provided by Section 67-5311, Idaho Code, state employees shall not command political contributions from other state employees. State employees subject to the state personnel system (hereinafter "classified employees") shall not use their official authority or influence to bring about any nomination or election to public office. Classified employees shall not seek election to a partisan public office. All state employees may vote and express their personal opinion on political issues and candidates and take an active part in support of a candidate in partisan or nonpartisan elections. All state employees may be members of a political party or organization, participate in its activities, serve as an elected convention delegate, voluntarily contribute to political parties or candidates and take an active part in political organization management. Classified employees shall avoid participation in public affairs in a manner which would materially compromise their neutrality, efficiency or integrity in the performance of their official duties.
ADMINISTRATION

Department heads and boards and commissions within the Executive Department of the State of Idaho may establish particular codes of employee conduct to supplement the general code of conduct provided under Idaho Law and this Executive Order. Nothing in this Executive Order is intended to preclude more strict provisions of conduct than are required under this Executive Order, except as precluded by Idaho Law.

Questions or disputes regarding the conduct of state employees under this Executive Order and Idaho Law shall be directed to the appropriate appointing authority who may seek legal counsel from the Attorney General.

State employees who have questions regarding their conduct that are not specifically addressed in this Executive Order or who need more direction than is included herein should consult their appointing authorities. State employees who are presently engaged in a course of conduct addressed herein are directed to review that conduct in light of this Executive Order.

Violation of this Executive Order may lead to dismissal, suspension, demotion or other personnel action. In addition, state employees whose conduct violates Idaho Law whether or not restated in this Executive Order are subject to the penalties provided under Idaho Law.

DISTRIBUTION

Appointing authorities shall bring this Executive Order to the attention of state employees now or hereafter under their supervision.

It is the duty of state employees to familiarize themselves with the code of conduct contained in this Executive Order and to reflect upon their own conduct.

This Order repeals and replaces Executive Order No. 87-17.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the first day of February, in the year of our Lord nineteen hundred eighty-eight, and of the Independence of the United States of America the two hundred twelfth, and of the Statehood of Idaho the ninety-eighth.
