Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3620, Idaho Code, be, and the same is hereby amended to read as follows:

63-3620. PERMITS -- ISSUANCE -- REVOCATION -- RESALE CERTIFICATES -- PENALTIES. (a) Every person desiring to engage in or conduct business as a seller within this state shall file with the state tax commission an application for a permit for each place of business. Every application for a permit shall be made upon a form prescribed by the state tax commission and shall set forth the name under which the applicant transacts or intends to transact business, the location of his place or places of business, and such other information as the state tax commission may require. The applications, or any information contained thereon, may be made available by the tax commission to authorized representatives of state or federal agencies. The application shall be signed by the owner if he is a natural person; in the case of an association or partnership by a member or partner; in the case of a corporation, by an executive officer or other person authorized by the corporation to sign the application. Initial permits shall be issued without charge.

(b) The person signing the application shall certify that the applicant will actively engage in or conduct a business making sales subject to tax under this chapter.

(c) After compliance by the applicant with the requirements set out above and in section 63-3625, Idaho Code, the state tax commission
shall grant and issue to each applicant a separate permit for each place of business within the state. A permit shall not be assignable, and shall be valid only for the person in whose name it is issued and for the transaction of business at the place designated therein. It shall at all times be conspicuously displayed at the place for which issued.

(d) A seller whose permit has been previously suspended or revoked shall pay the state tax commission a fee of ten dollars ($10.00) for the renewal or issuance of a permit in the event of a first revocation and twenty-five dollars ($25.00) for renewal after each successive revocation unless the suspension or revocation is for inactivity pursuant to section 63-3620A, Idaho Code.

(e) Whenever any person fails to comply with any provision of this act relating to the sales tax or any rules or regulations of the state tax commission relating to the sales tax prescribed and adopted under this act, the state tax commission, upon hearing, after giving the person ten (10) days notice in writing specifying the time and place of hearing and requiring him to show cause why his permit or permits should not be revoked, may revoke or suspend any one or more of the permits held by the person. The state tax commission shall give to the person written notice of the suspension or revocation of any of his permits. The notices may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination. The state tax commission shall not issue a new permit after the revocation of a permit unless the commission is satisfied that the former holder of the permit will comply with the provisions of this act relating to the sales tax and the regulations of the state tax commission.

(f) A person who engages in business as a seller in this state without a permit or permits, or after a permit has been suspended, and each officer of any corporation which so engages in business is guilty of a misdemeanor punishable by a fine not in excess of one hundred dollars ($100), and each day shall constitute a separate offense.

(g) (i) For the purpose of the proper administration of this act and to prevent evasion of the sales tax, it shall be presumed that all sales are subject to the tax until the contrary is established. The burden of proving that a sale of tangible personal property is not a sale at retail is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the property is purchased for resale. When a property executed-resale-certificate-is-delivered-to-the-retailer,-the-retailer-is-relieved-from-all-liability-to-collect-any-sales-or-use-tax-on-the-transaction.

(ii) The certificate relieves the seller from the burden of proof only if taken in good faith from a person who is engaged in the business of selling or renting tangible personal property and who holds a permit provided for in this section and who, at the time of purchasing the tangible personal property, intends to sell or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose.

(iii) The certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit
issued to the purchaser, and shall indicate the amount and general character of the tangible personal property sold or rented by the purchaser in the regular course of business. The certificate shall be substantially in such form as the state tax commission may prescribe.

(h) If a purchaser who gives a certificate makes any use of the property other than retention, demonstration, or display while holding it for sale or rent in the regular course of business, the use shall be taxable to the purchaser as of the time the property is first used by him, and the sales price of the property to him shall be deemed the measure of the tax. Only when there is unsatisfied use tax liability on this basis shall the seller be liable for sales tax with respect to the sale of the property to the purchaser. If the sole use of the property other than retention, demonstration, or display in the regular course of business is the rental of the property while holding it for sale, the purchaser may elect to include in his sales at retail the total amount of the rental charged rather than the sales price of the property to him.

(i) Any person who gives a resale certificate for property which he knows at the time of purchase is not to be resold or rented by him in the regular course of business for the purpose of evading payment to the seller of the amount of the tax applicable to the transaction is guilty of a misdemeanor and punishable by a fine not exceeding one thousand dollars ($1,000), or by imprisonment for a period not in excess of one (1) year, or by both such fine and imprisonment.

(j) If a purchaser gives a certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but with such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold.

SECTION 2. That Section 63-3621, Idaho Code, be, and the same is hereby amended to read as follows:

63-3621. IMPOSITION AND RATE OF THE USE TAX. An excise tax is hereby imposed on the storage, use, or other consumption in this state of tangible personal property acquired on or after July 1, 1965, for storage, use, or other consumption in this state at the rate of five per cent (5%) of the value of the property, and a recent sales price shall be presumptive evidence of the value of the property.

(a) Every person storing, using, or otherwise consuming, in this state, tangible personal property is liable for the tax. His liability is not extinguished until the tax has been paid to this state except that a receipt from a retailer maintaining a place of business in this state or engaged in business in this state given to the purchaser is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

(b) Every retailer engaged in business in this state, and making sales of tangible personal property for the storage, use, or other consumption in this state, not exempted under section 63-3622, Idaho
Code, shall, at the time of making the sales or, if storage, use or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the state tax commission.

(c) The provisions of this section shall not apply when the retailer pays sales tax on the transaction and collects reimbursement for such sales tax from the customer.

(d) Every retailer engaged in business in this state or maintaining a place of business in this state shall register with the state tax commission and give the name and address of all agents operating in this state, the location of all distributions or sales houses or offices or other places of business in this state, and such other information as the state tax commission may require.

(e) For the purpose of the proper administration of this act and to prevent evasion of the use tax and the duty to collect the use tax, it shall be presumed that tangible personal property sold by any person for delivery in this state is sold for storage, use, or other consumption in this state until the contrary is established. The burden of proving the contrary is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the property is purchased for resale or rental. When a properly executed resale certificate is delivered to the retailer, the retailer is relieved from all liability to collect any sales or use tax on the transaction.

The certificate relieves the person selling the property from the burden of proof only if taken in good faith from a person who is engaged in the business of selling or renting tangible personal property and who holds the permit provided for by section 63-3620, Idaho Code, and who, at the time of purchasing the tangible personal property, intends to sell or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose.

The certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit issued to the purchaser, and shall indicate the amount and general character of the tangible personal property sold or rented by the purchaser in the regular course of business. The certificate shall be substantially in such form as the state tax commission may prescribe.

(f) If a purchaser who gives a certificate makes any storage or use of the property other than retention, demonstration, or display while holding it for sale in the regular course of business, the storage or use is taxable as of the time the property is first so stored or used. If the sole use of the property, other than retention, demonstration or display in the regular course of business, is the rental of property while holding it for sale, the purchaser may elect to include in his sales at retail the total amount of the rental charge rather than the sale price of the property to him.

(g) If a purchaser gives a certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but of such similarity that the identity of the constituent goods in the commingled mass cannot be
determined, sales from the mass of commingled goods shall be deemed to be sales of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold.

(h) Any person violating any provisions of this section is guilty of a misdemeanor and punishable by a fine not in excess of one hundred dollars ($100), and each violation shall constitute a separate offense.

(i) It shall be presumed that tangible personal property shipped or brought to this state by the purchaser was purchased from a retailer, for storage, use or other consumption in this state.

(j) It shall be presumed that tangible personal property delivered outside this state to a purchaser known by the retailer to be a resident of this state was purchased from a retailer for storage, use, or other consumption in this state. This presumption may be controverted by evidence satisfactory to the state tax commission that the property was not purchased for storage, use, or other consumption in this state.

(k) When the tangible personal property subject to use tax has been subjected to a general retail sales or use tax by another state of the United States at a rate equal to or greater than the rate of the Idaho tax, and evidence can be given of such payment, the property will not be subject to Idaho use tax. If the rate paid the other state was less, the property will be subject to use tax to the extent that the Idaho rate exceeds the rate of the other state. For the purposes of this subsection, a registration certificate or title issued by another state or subdivision thereof for a vehicle or trailer or a vessel as defined in section 67-7003, Idaho Code, shall be sufficient evidence of payment of a general retail sales or use tax.

(l) The use tax herein imposed shall not apply to the use by a nonresident of this state of a motor vehicle which is registered or licensed under the laws of the state of his residence and is not used in this state more than three (3) months, and which is not required to be registered or licensed under the laws of this state, or to the use of household goods, personal effects and private automobiles by a bona fide resident of this state, if such articles were acquired by such person in another state while a bona fide resident thereof and primarily for use outside this state and if such use was actual and substantial, but if an article was acquired less than three (3) months prior to the time he entered this state, it will be presumed that the article was acquired for use in this state and that its use outside this state was not actual and substantial.

SECTION 3. That Section 63-3622, Idaho Code, be, and the same is hereby amended to read as follows:

63-3622. EXEMPTIONS -- EXEMPTION CERTIFICATES. (a) To prevent evasion of the sales and use tax, it shall be presumed that all articles are subject to the taxes imposed by this act and the purchaser retailer shall have the burden of establishing the facts giving rise to such exemption by clear and convincing evidence by delivering unless the purchaser delivers to the retailer an exemption certificate in such form as the tax commission may prescribe, signed by the pur-
chaser and setting forth the reason for the claimed exemption. When--a
property--executed-exemption-certificate-is-delivered-to-the-retailer;
the-retailer-is-relieved-from-all-liability-to-collect-any-sales-and
use-tax-on-the-transaction.

(b) Any person who gives an exemption certificate with the inten­
tion of evading payment of the amount of the tax applicable to the
transaction is guilty of a misdemeanor and punishable by a fine not
exceeding one thousand dollars ($1,000) or imprisonment for not more
than one (1) year or by both such fine and imprisonment.

SECTION 4. That Section 63-3620, Idaho Code, be, and the same is
hereby amended to read as follows:

63-3620. PERMITS -- ISSUANCE -- REVOCATION -- RESALE CERTIFICATES
-- PENALTIES. (a) Every person desiring to engage in or conduct busi­
ness as a seller within this state shall file with the state tax com­
misson an application for a permit for each place of business. Every
application for a permit shall be made upon a form prescribed by the
state tax commission and shall set forth the name under which the
applicant transacts or intends to transact business, the location of
his place or places of business, and such other information as the
state tax commission may require. The applications, or any information
contained thereon, may be made available by the tax commission to
authorized representatives of state or federal agencies. The applica­
tion shall be signed by the owner if he is a natural person; in the
case of an association or partnership by a member or partner; in the
case of a corporation, by an executive officer or other person autho­
rized by the corporation to sign the application. Initial permits
shall be issued without charge.

(b) The person signing the application shall certify that the
applicant will actively engage in or conduct a business making sales
subject to tax under this chapter.

(c) After compliance by the applicant with the requirements set
out above and in section 63-3625, Idaho Code, the state tax commission
shall grant and issue to each applicant a separate permit for each
place of business within the state. A permit shall not be assignable,
and shall be valid only for the person in whose name it is issued and
for the transaction of business at the place designated therein. It
shall at all times be conspicuously displayed at the place for which
issued.

(d) A seller whose permit has been previously suspended or
revoked shall pay the state tax commission a fee of ten dollars
($10.00) for the renewal or issuance of a permit in the event of a
first revocation and twenty-five dollars ($25.00) for renewal after
each successive revocation unless the suspension or revocation is for
inactivity pursuant to section 63-3620A, Idaho Code.

(e) Whenever any person fails to comply with any provision of
this act relating to the sales tax or any rules or regulations of the
state tax commission relating to the sales tax prescribed and adopted
under this act, the state tax commission, upon hearing, after giving
the person ten (10) days notice in writing specifying the time and
place of hearing and requiring him to show cause why his permit or
permits should not be revoked, may revoke or suspend any one or more
of the permits held by the person. The state tax commission shall give to the person written notice of the suspension or revocation of any of his permits. The notices may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination. The state tax commission shall not issue a new permit after the revocation of a permit unless the commission is satisfied that the former holder of the permit will comply with the provisions of this act relating to the sales tax and the regulations of the state tax commission.

(f) A person who engages in business as a seller in this state without a permit or permits, or after a permit has been suspended, and each officer of any corporation which so engages in business is guilty of a misdemeanor punishable by a fine not in excess of one hundred dollars ($100), and each day shall constitute a separate offense.

(g) (i) For the purpose of the proper administration of this act and to prevent evasion of the sales tax, it shall be presumed that all sales are subject to the tax until the contrary is established. The burden of proving that a sale of tangible personal property is not a sale at retail is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the property is purchased for resale. When a properly executed resale certificate is delivered to the retailer, the retailer is relieved from all liability to collect any sales or use tax on the transaction.

(ii) The certificate relieves the seller from the burden of proof only if taken in good faith from a person who is engaged in the business of selling or renting tangible personal property and who holds a permit provided for in this section and who at the time of purchasing the tangible personal property intends to sell or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose.

The certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit issued to the purchaser, and shall indicate the amount and general character of the tangible personal property sold or rented by the purchaser in the regular course of business. The certificate shall be substantially in such form as the state tax commission may prescribe.

(h) If a purchaser who gives a resale certificate makes any use of the property other than retention, demonstration, or display while holding it for sale or rent in the regular course of business, the use shall be taxable to the purchaser as of the time the property is first used by him, and the sales price of the property to him shall be deemed the measure of the tax. Only when there is unsatisfied use—tax liability on this basis shall the seller be liable for sales tax with respect to the sale of the property to the purchaser. If the sole use of the property other than retention, demonstration, or display in the regular course of business is the rental of the property while holding it for sale, the purchaser may elect to include in his sales at retail the total amount of the rental charged rather than the sales price of the property to him.

(i) Any person who gives a resale certificate for property which
he knows at the time of purchase is not to be resold or rented by him in the regular course of business for the purpose of evading payment to the seller of the amount of the tax applicable to the transaction is guilty of a misdemeanor and punishable by a fine not exceeding one thousand dollars ($1,000), or by imprisonment for a period not in excess of one (1) year, or by both such fine and imprisonment.

(j) If a purchaser gives a certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but with such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold.

SECTION 5. That Section 63-3621, Idaho Code, be, and the same is hereby amended to read as follows:

63-3621. IMPOSITION AND RATE OF THE USE TAX. An excise tax is hereby imposed on the storage, use, or other consumption in this state of tangible personal property acquired on or after July 1, 1965, for storage, use, or other consumption in this state at the rate of five per cent (5%) of the value of the property, and a recent sales price shall be presumptive evidence of the value of the property.

(a) Every person storing, using, or otherwise consuming, in this state, tangible personal property is liable for the tax. His liability is not extinguished until the tax has been paid to this state except that a receipt from a retailer maintaining a place of business in this state or engaged in business in this state given to the purchaser is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

(b) Every retailer engaged in business in this state, and making sales of tangible personal property for the storage, use, or other consumption in this state, not exempted under section 63-3622, Idaho Code, shall, at the time of making the sales or, if storage, use or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the state tax commission.

(c) The provisions of this section shall not apply when the retailer pays sales tax on the transaction and collects reimbursement for such sales tax from the customer.

(d) Every retailer engaged in business in this state or maintaining a place of business in this state shall register with the state tax commission and give the name and address of all agents operating in this state, the location of all distributions or sales houses or offices or other places of business in this state, and such other information as the state tax commission may require.

(e) For the purpose of the proper administration of this act and to prevent evasion of the use tax and the duty to collect the use tax, it shall be presumed that tangible personal property sold by any person for delivery in this state is sold for storage, use, or other con-
The burden of proving the contrary is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the property is purchased for resale or rental. When a properly executed resale certificate is delivered to the retailer, the retailer is relieved from all liability to collect any sales or use tax on the transaction.

The certificate relieves the person selling the property from the burden of proof only if taken in good faith from a person who is engaged in the business of selling or renting tangible personal property and who holds the permit provided for by Section 63-3620, Idaho Code, and who, at the time of purchasing the tangible personal property, intends to sell or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose.

The certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit issued to the purchaser, and shall indicate the amount and general character of the tangible personal property sold or rented by the purchaser in the regular course of business. The certificate shall be substantially in such form as the state tax commission may prescribe.

(f) If a purchaser who gives a certificate makes any storage or use of the property other than retention, demonstration, or display while holding it for sale in the regular course of business, the storage or use is taxable as of the time the property is first so stored or used. If the sole use of the property, other than retention, demonstration or display in the regular course of business, is the rental of property while holding it for sale, the purchaser may elect to include in his sales at retail the total amount of the rental charge rather than the sale price of the property to him.

(g) If a purchaser gives a certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold.

(h) Any person violating any provisions of this section is guilty of a misdemeanor and punishable by a fine not in excess of one hundred dollars ($100), and each violation shall constitute a separate offense.

(i) It shall be presumed that tangible personal property shipped or brought to this state by the purchaser was purchased from a retailer, for storage, use or other consumption in this state.

(j) It shall be presumed that tangible personal property delivered outside this state to a purchaser known by the retailer to be a resident of this state was purchased from a retailer for storage, use, or other consumption in this state. This presumption may be controverted by evidence satisfactory to the state tax commission that the property was not purchased for storage, use, or other consumption in this state.

(k) When the tangible personal property subject to use tax has
been subjected to a general retail sales or use tax by another state of the United States at a rate equal to or greater than the rate of the Idaho tax, and evidence can be given of such payment, the property will not be subject to Idaho use tax. If the rate paid the other state was less, the property will be subject to use tax to the extent that the Idaho rate exceeds the rate of the other state. For the purposes of this subsection, a registration certificate or title issued by another state or subdivision thereof for a vehicle or trailer or a vessel as defined in section 67-7003, Idaho Code, shall be sufficient evidence of payment of a general retail sales or use tax.

(1) The use tax herein imposed shall not apply to the use by a nonresident of this state of a motor vehicle which is registered or licensed under the laws of the state of his residence and is not used in this state more than three (3) months, and which is not required to be registered or licensed under the laws of this state, or to the use of household goods, personal effects and private automobiles by a bona fide resident of this state, if such articles were acquired by such person in another state while a bona fide resident thereof and primarily for use outside this state and if such use was actual and substantial, but if an article was acquired less than three (3) months prior to the time he entered this state, it will be presumed that the article was acquired for use in this state and that its use outside this state was not actual and substantial.

SECTION 6. That Section 63-3622, Idaho Code, be, and the same is hereby amended to read as follows:

63-3622. EXEMPTIONS -- EXEMPTION CERTIFICATES. (a) To prevent evasion of the sales and use tax, it shall be presumed that all articles are subject to the taxes imposed by this act and the retailer purchaser shall have the burden of establishing the facts giving rise to such exemption by clear and convincing evidence unless—the—pur­chaser—delivers by delivering to the retailer an exemption certificate in such form as the tax commission may prescribe, signed by the pur­chaser and setting forth the reason for the claimed exemption. When a properly executed exemption certificate is delivered to the retailer, the retailer is relieved from all liability to collect any sales and use tax on the transaction.

(b) Any person who gives an exemption certificate with the intention of evading payment of the amount of the tax applicable to the transaction is guilty of a misdemeanor and punishable by a fine not exceeding one thousand dollars ($1,000) or imprisonment for not more than one (1) year or by both such fine and imprisonment.

SECTION 7. (1) An emergency existing therefor, which emergency is hereby declared to exist, Sections 1, 2 and 3 of this act shall be in full force and effect on and after passage and approval, and retroactively to January 1, 1991.

(2) Sections 4, 5 and 6 of this act shall be in full force and effect on and after January 1, 1992.

AN ACT
RELATING TO TECHNICAL CORRECTIONS TO TAX STATUTES; AMENDING SECTIONS 63-2510, 63-2513, 63-2554, 63-3615 AND 63-3635, IDAHO CODE, TO CORRECT CROSS REFERENCE ERRORS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-2510, Idaho Code, be, and the same is hereby amended to read as follows:

63-2510. PAYMENT OF TAX -- RETURNS -- ACCOUNTING FOR STAMPS. (1) The cigarette taxes imposed in section 63-25106, Idaho Code, are due from the person required under section 63-2508, Idaho Code, to affix stamps, and are payable to the state tax commission monthly, together with the return required in this section.

(2) Every person owing cigarette taxes and every wholesaler shall file a return with the state tax commission in such form as the commission shall prescribe. The return shall report all taxes due regarding cigarettes received during the month or other reporting period, approved by the state tax commission, to which the return relates. The return shall contain such other information as the state tax commission shall require, and shall be signed by the person required to file the return or by such person's duly authorized agent. The return shall be filed on or before the twentieth day of the month following the end of the taxable period to which the return relates.

(3) The amount allowed as compensation for affixing stamps under section 63-2509, Idaho Code, shall be separately stated on the return as a credit against taxes due on the return.

(4) In addition to reporting the tax due as provided in this section, the return shall provide an accounting of all cigarette stamps acquired, held, and affixed by the wholesaler. The return shall include:

(a) The number of stamps which were held at the beginning of the reporting period and were not affixed to packages;
(b) The number of stamps acquired during the reporting period;
(c) The number of stamps affixed to packages during the reporting period;
(d) The number of unaffixed stamps held at the end of the reporting period; and
(e) The number, if any, of stamps lost or destroyed. If stamps are lost or destroyed, a statement describing the circumstances giving rise to the loss or destruction shall accompany the return.

(5) In the event that any stamps obtained by a wholesaler are lost, destroyed, or otherwise unaccounted for, the wholesaler shall be liable for an amount of tax equal to the tax on the number of cigarettes to which such stamps would have been affixed, unless the wholesaler can establish, by clear and convincing evidence, that a specific number of stamps were actually destroyed or mutilated in such a manner as to render them unusable.
(6) A wholesaler may claim a credit against taxes due on the tax return for taxes previously paid on cigarettes, which after stamps are affixed, become unmarketable and are returned to the manufacturer. When such return is verified in such manner as the state tax commission may, by regulation provide, the credit applies to the tax return for the month in which the verification occurs; except that, any amount of credit exceeding the tax due on the tax return may be carried forward to the succeeding tax return, in chronological order until exhausted.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3004, Idaho Code, be, and the same is hereby amended to read as follows:

(b) Provisions of the Internal Revenue Code amended, deleted, or added prior to the effective date of the latest amendment to this section shall be applicable for Idaho income tax purposes on the effective date provided for such amendments, deletions, or additions, including retroactive provisions.

SECTION 2. That Section 63-3022, Idaho Code, be, and the same is hereby amended to read as follows:

63-3022. TAXABLE INCOME. The term "taxable income" means "taxable income" as defined in section 63 of the Internal Revenue Code, adjusted as follows:

(a) Add interest and dividends received or accrued during the taxable year from foreign securities and from securities issued by states and other political subdivisions, other than those issued by the state of Idaho, its cities and political subdivisions, exempt from federal income tax under the Internal Revenue Code, less applicable amortization.

(1) In the case of a corporation whose income is taxable under this chapter, no deduction shall be allowed for interest on indebtedness incurred or continued to purchase after January 1, 1983, or to carry obligations acquired after January 1, 1983, the interest of which is wholly exempt from the taxes imposed under this chapter. The amount of interest on indebtedness thus incurred or continued shall be an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as a deduction for interest for the taxable year as the taxpayer's average adjusted basis of the obligations mentioned in the preceding sentence bears to such average adjusted basis for all assets of the taxpayer, or, at the option of the taxpayer, an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as deduction for interest for the taxable year as the taxpayer's interest income from the obligations mentioned in the preceding sentence bears to the taxpayer's total income for the taxable year.

(2) In the case of a corporation whose income is computed pursuant to section 63-3027, Idaho Code, the interest expense deductible shall be an amount equal to interest and dividend income subject to apportionment, plus the amount, if any, by which the balance of interest expense exceeds interest and dividend income not subject to apportionment. Interest expense not included in the preceding sentence shall be directly offset against interest and dividend income not subject to apportionment. This provision shall not apply to dividend income excluded pursuant to section 63-3027C(c) and (e), Idaho Code.

(b) Add any state taxes, measured by net income, paid or accrued during the taxable year adjusted for state tax refunds used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.
(c) Add the net operating loss deduction used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.

(d) (1) A net operating loss for any taxable year commencing on or after January 1, 1983, but prior to January 1, 1990, shall be a net operating loss carryover to each of the ten (10) taxable years following the taxable year of such loss; provided, however, such net operating loss shall be subtracted in each succeeding year in order but the total subtracted in the succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that a net operating loss not to exceed one hundred thousand dollars ($100,000) arising in a taxable year commencing on or after January 1, 1983, but prior to January 1, 1990, may, at the election of the taxpayer, be carried back to the three (3) immediately preceding taxable years, and if such loss is not entirely absorbed by the income of those years, the amount of loss not exhausted may be subtracted from taxable income arising in the next ten (10) years succeeding the taxable year in which the loss arises in order until exhausted. A net operating loss for any taxable year commencing on and after January 1, 1990, shall be a net operating loss carryback not to exceed one hundred thousand dollars ($100,000) to the three (3) immediately preceding taxable years, and any loss not entirely absorbed by the income of those years may be subtracted from taxable years arising in the next fifteen (15) years succeeding the taxable year in which the loss arises in order until exhausted. At the election of the taxpayer, the three (3) year carryback may be foregone and the loss subtracted from taxable years arising in the next fifteen (15) years succeeding the taxable year in which the loss arises in order until exhausted. The election shall be made as under section 172(b)(3)(c) of the Internal Revenue Code. An election under this subsection must be in the manner prescribed in the regulations of the state tax commission and once made is irrevocable for the year in which it is made. In the event that the taxpayer elects to carryback any loss arising in a year commencing on or after January 1, 1983, but prior to January 1, 1990, any loss not exhausted may be subtracted from taxable income arising in the next succeeding ten (10) taxable years in order until exhausted.

(2) Net operating losses incurred by a corporation during a year in which such corporation had no Idaho business situs may not be subtracted. Net operating losses incurred by a person, other than a corporation, in business activities not taxable by Idaho may not be subtracted.

(e) In the case of a corporation, add the amount deducted under the provisions of sections 243(a) and (c) and 244 of the Internal Revenue Code (relating to dividends received by corporations) as limited by section 246(b)(1) of said code.

(f) In the case of a corporation, subtract an amount equal to the percentage determined under section 246(b)(3) of the Internal Revenue Code of the amount received during the taxable year as dividends, as limited by the rules of section 246(b)(1) of the Internal Revenue Code, from any corporation which has shown to the satisfaction of the state tax commission that more than fifty per cent (50%) of its taxable income for the taxable year immediately preceding the declaration
of such dividends was taxable by the state of Idaho under the provisions of this act.

(g) Subtract the amount of any income received or accrued during the taxable year which is exempt from taxation by this state, under the provisions of any other law of this state or a law of the United States, if not previously subtracted in arriving at taxable income, as defined by section 63 of the Internal Revenue Code.

(h) In the case of a corporation with more than fifty per cent (50%) of its income taxable within this state, the salary, fee or other compensation of its nonresident officers or directors shall be treated as income from sources within the state. Whether or not any personal services have been performed by such nonresident officers or directors in this state, they shall be deemed to have a business situs in this state. If such salary, fee or other compensation is not reported to this state as income, such corporation shall not deduct as part of its expenses for the taxable year any part of such salary, fee or other compensation in computing taxable income. When the salary, fee or other compensation paid to such nonresident officer is reported to this state as income by such nonresident officer, it shall be apportioned by applying to the total of such income the apportionment factor of the corporation paying the salary, fee or other compensation, as such factor is reported on the corporation's income tax return computed pursuant to section 63-3027, Idaho Code, or as subsequently modified. Provided, however, reasonable compensation paid to such nonresident officers or directors for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources.

(i) For the purpose of determining the taxable income of the beneficiary of a trust or of an estate, distributable net income as defined for federal tax purposes shall be corrected for the other adjustments required by this section. In the event that a nonresident beneficiary of a trust or estate fails to file an Idaho income tax return reporting all or any part of distributable net income taxable in Idaho or fails to pay any tax due thereon, the trust or estate making the payment or distribution shall be taxable upon the amount of such distribution or payment at the rates established by section 63-3024, Idaho Code.

(j) In the case of an individual who is on active duty as a full time officer, enlistee or draftee, with the armed forces of the United States, which full time duty is or will be continuous and uninterrupted for one hundred twenty (120) consecutive days or more, deduct compensation paid for services performed outside this state by the armed forces of the United States; provided that appropriate adjustments shall be made in his standard deduction amount and exemptions as described in section 63-3027A, Idaho Code.

(k) In the case of a corporation, add any capital loss deducted which loss was incurred during any year in which such corporation had no Idaho business situs. In the case of persons, other than corporations, add any capital loss deducted which was incurred in business activities not taxable by Idaho at the time such loss was incurred. In the case of a corporation having income from Idaho sources and having elected to file federal income tax returns thereon pursuant to Subchapter-S of the Internal Revenue Code, or a partnership having
income from Idaho sources, salaries, wages, fees, and other compensation paid to nonresident shareholders or partners, and the items of income, loss, deduction, and credit allocated to each nonresident shareholder or partner shall be treated as having sources within the state. Whether or not any personal services have been performed in this state by such nonresident shareholders or partners, they shall be deemed to have a business situs in this state. When the salaries, wages, fees, and other compensations paid to such nonresident shareholders or partners or items of income, loss, deduction, and credit, or allocated to such shareholders or partners is reported to this state as taxable income pursuant to this subsection, such income shall be apportioned by applying to the total of such income the apportionment factor of the corporation or partnership. The apportionment factor of the corporation or partnership shall be computed pursuant to the provisions of section 63-3027, Idaho Code. If such items of income, loss, deduction, or credit, salaries, wages, fees or other compensation are not reported to this state by the nonresident shareholders or partners, such corporation or partnership shall report the same to this state and be taxable thereon at the corporate rate. Provided, however, reasonable compensation paid to such nonresident shareholders or partners for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources. In computing the income taxable to the corporation or partnership under this subsection, deduction shall not be allowed for a carryover or carryback of a net operating loss provided for in subsection (d) of this section or a capital loss provided for in section 1212 of the Internal Revenue Code.

(1) In the case of natural persons, there shall be allowed as deductions from gross income either (1) or (2) at the option of the taxpayer:

(1) a. The standard deduction as defined by section 63, Internal Revenue Code, plus contributions made to the state of Idaho for credit to the medical assistance account, if such contributions were not previously subtracted in arriving at taxable income, plus

b. Itemized expenditures of not to exceed one thousand dollars ($1,000) per cared for member incurred in providing personal care services to or for an immediate member of the taxpayer's family; such services may be provided either in the taxpayer's home or the family member's home; personal care services shall be as defined in chapter 56, title 39, Idaho Code, but the cared for member need not be medicaid eligible for the purposes of this section only, if he substantially meets all of the other requirements of chapter 56, title 39, Idaho Code; in order for the deduction under this paragraph to be allowed, the expenditures claimed must not have been reimbursed by medicare, medicaid or private insurance, and such expenditures must not have been previously subtracted in arriving at taxable income.

(m) Deduct any amounts added to gross income under section 87 of the Internal Revenue Code for tax credits allowable to the taxpayer under section 40 of the Internal Revenue Code.

(n) Add the taxable amount of any lump sum distribution deducted from gross income pursuant to section 402(e)(3) of the Internal Revenue Code. The taxable amount will include the ordinary income portion and the amount eligible for the capital gain election.

Such evidence may be:

2. Health reasons preventing attendance;
3. Active duty in the military service with assignment to a permanent duty station outside of the state during the last twelve (12) months of a license period; or
4. Other compelling cause beyond the control of the applicant while engaged in the real estate business.

J. Failure to provide the commission evidence of meeting the education requirement as set forth in subsection G of this section shall constitute grounds for denying an application for a renewal of an active license or denying an application for a change in licensure status from inactive to active.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 72-1403, Idaho Code, be, and the same is hereby amended to read as follows:

72-1403. DEFINITIONS. The following are definitions of terms used in this chapter:
(A) The words "paid fireman" are synonymous with "paid firefighter," and mean any individual, male or female, excluding office secretaries employed after July 1, 1967, who is on the payroll of any city or fire district in the state of Idaho prior to October 1, 1980 and who devotes his or her principal time of employment to the care, operation, maintenance or the requirements of a regularly constituted fire department of such city or fire district in the state of Idaho.
(B) "Industrial commission" means the commission as authorized and created under the provisions of chapter 5 of title 72, Idaho Code.
(C) "Workmen's compensation law" means the workmen's compensation law as authorized and created under title 72, Idaho Code.
(D) "Twenty-five (25) years active service": an individual whose principal means of livelihood for the period of twenty-five (25) years has been through employment by a city or fire district in the state of Idaho in a regularly constituted fire department of a city or fire district, and has actually been carried on the payroll of an Idaho fire department for twenty-five (25) years or more.
(E) "Five (5) years continuous service": an individual who has
been employed by a regularly constituted fire department in a city or fire district in the state of Idaho for a period of five (5) years continuously, without having engaged in any other gainful occupation as his principal gainful occupation and has had "five (5) years continuous service" with a paid fire department of a city or fire district in the state of Idaho.

(F) "Public employee retirement account" as used herein, means the public employee retirement account created by chapter 13, title 59, Idaho Code, and the "director" thereof, as used herein, means the executive director or manager of the public employee retirement system.

(G) The meaning of the term "incapacitated in a degree which prohibits efficient service" means that degree of mental or physical disability which prohibits the efficient performance of the duties of a paid firefighter.

(H) "Years active service": service rendered by an individual whose principal means of livelihood for the prescribed period of years has been through employment by a city or fire district in the state of Idaho, in a regularly constituted fire department of a city or fire district, and has actually been carried on the payroll of an Idaho fire department for the prescribed period of years. All years of active service as herein defined before the establishment of the firefighters' retirement fund may count only toward the prescribed period of years for retirement as set out in sections 72-1446, 72-1464, 72-1465, and 72-1435, Idaho Code. Before any year's service since February 28, 1945 may count toward the prescribed period of years, contributions must have been deducted from his or her wage or salary and remitted as set out in sections 72-1431 and 72-1432, Idaho Code, for that year.

(I) "Accumulated contributions" mean the sum of all amounts contributed by a firefighter to the retirement fund, pursuant to the provisions of chapter 14, title 72, Idaho Code, together with regular interest credited thereon.

(J) "Regular interest" means interest at the rate set from time to time by the board pursuant to section 59-1302(26), Idaho Code.

72-1444. REFUND TO FIREFIGHTER TERMINATING EMPLOYMENT -- REPAYMENT ON REEMPLOYMENT -- CONVERSION OF CONTRIBUTIONS. (1) If the employment of a paid firefighter, irrespective of date of hire, as defined in this chapter, is terminated for any reason prior to the completion of twenty (20) years of service, and he cannot qualify for benefits under any other provision of this chapter, he shall be entitled to receive at the time of said termination one hundred percent (100%) of whatever sums he has his accumulated contributions. If such firefighter is subsequently reemployed as a paid firefighter with duties which involve or are incidental to fire-fighting, he shall, within two (2) years from such employment, reimburse the full extent of the amount he received from said account upon said termination of his accumulated contributions provided such repay-
ment includes payment of interest as determined by the board.

(2) In lieu of withdrawing his accumulated contributions as provided in subsection (1) of this section, a paid firefighter with less than five years of service, may elect to convert his accumulated contributions to an equivalent benefit entitlement under the provisions of chapter 13, title 59, Idaho Code, as if such contributions had been made by the firefighter at the contribution rate of a paid firefighter under the provisions of chapter 13, title 59, Idaho Code; this conversion will normally result in a higher "years of service" factor than the firefighter actually served under the provisions of chapter 14, title 72, Idaho Code. It is legislative intent that this is precisely the effect to be achieved.

(3) No paid firefighter may elect to proceed under the provisions of subsection (2) until he has been personally interviewed and advised by the director of the public employee retirement system or his designee on the choices available. The firefighter may be accompanied during such interview by any person of his choice.

Approved March 1, 1991.

The licensee may reject the payment amount determined by the director, and instead be subject to the suspension provisions of subsection (1) of this section. Upon payment of the amount established, the director shall cancel the suspension period. The director shall cause any payment to be paid to the treasurer of the state of Idaho for credit to the state's general account in the state operating fund.

(3) Whenever any licensee who has exercised the privilege granted under subsection (2) of this section and has paid a monetary penalty in lieu of suspension shall be guilty of a subsequent violation which brings him under the purview of this section, such licensee shall be ineligible to again exercise the privilege of a monetary penalty, and the director shall proceed under the provisions of subsection (1) of this section.

(4) The suspension of a license for the sale of liquor or wine shall automatically result in the suspension of any license for the sale of beer held by the same licensee and issued for the same premises or location. Such additional suspension shall be equal in length to and run concurrently with the period of the suspension.

(5) When a proceeding to revoke or suspend a license has been or is about to be instituted, during the time a renewal application of such license is pending before the director, the director shall renew the license notwithstanding the pending proceedings, but such renewed license may be revoked or suspended without hearing if and when the previous license is, for any reason, revoked or suspended.

Procedures for the suspension, revocation or refusal to grant or renew licenses issued under this act chapter shall be in accordance with the provisions of chapter 52, title 67, Idaho Code.

(2) When the director determines to suspend such license, the affected licensee may petition the director prior to the effective date of the suspension requesting that a monetary payment be allowed in lieu of the license suspension. If the director determines such payment to be consistent with the purpose of the laws of the state of Idaho and is in the public interest, he shall establish a monetary payment in an amount not to exceed five thousand dollars ($5,000). The licensee may reject the payment amount determined by the director, and instead be subject to the suspension provisions of subsection (1) of this section. Upon payment of the amount established, the director shall cancel the suspension period. The director shall cause any payment to be paid to the treasurer of the state of Idaho for credit to
the state's general account in the state operating fund.

(3) Whenever any licensee who has exercised the privilege granted under subsection (2) of this section and has paid a monetary penalty in lieu of suspension shall be guilty of a subsequent violation which brings him under the purview of this section, such licensee shall be ineligible to again exercise the privilege of a monetary penalty, and the director shall proceed under the provisions of subsection (1) hereof.

(4) The suspension of a license for the sale of liquor or beer shall automatically result in the suspension of any license for the sale of wine held by the same licensee and issued for the same premises or location. Such additional suspension shall be equal in length to and run concurrently with the period of the original suspension.

(5) When a proceeding to revoke or suspend a license has been or is about to be instituted, during the time a renewal application of such license is pending before the director, the director shall renew the license notwithstanding the pending proceedings, but such renewed license may be revoked or suspended without hearing if and when the previous license is, for any reason, revoked or suspended.

CHAPTER 55  
(H.B. No. 353)  

AN ACT  
RELATING TO TAX POLICIES FOR PERSONS SERVING IN A DESIGNATED COMBAT ZONE; AMENDING SECTION 63-3004, IDAHO CODE, AS AMENDED BY CHAPTER 7, LAWS OF 1991, TO GRANT RETROACTIVE APPLICATION TO THE AMENDMENTS TO SECTION 7508, INTERNAL REVENUE CODE; AMENDING SECTION 63-3022, IDAHO CODE, AS AMENDED BY CHAPTER 7, LAWS OF 1991, TO ALLOW A DEDUCTION FOR MILITARY COMPENSATION INCLUDED IN TAXABLE INCOME, AS DEFINED BY THE INTERNAL REVENUE CODE; AMENDING SECTION 63-112, IDAHO CODE, TO PROVIDE THAT MILITARY ABSENCE IN A DESIGNATED COMBAT ZONE WILL NOT IMPACT THE DETERMINATION OF LAND ACTIVELY DEVOTED TO AGRICULTURE; AMENDING SECTION 63-105DD, IDAHO CODE, TO PROVIDE THAT MILITARY ABSENCE IN A DESIGNATED COMBAT ZONE WILL NOT IMPACT THE DETERMINATION OF PROPERTY EXEMPT FROM AD VALOREM TAXATION; DECLARING AN EMERGENCY AND PROVIDING FOR RETROACTIVE APPLICATION.  

Be It Enacted by the Legislature of the State of Idaho:  

SECTION 1. That Section 63-3004, Idaho Code, as amended by Chapter 7, Laws of 1991, be, and the same is hereby amended to read as follows:  

(b) Provisions of the Internal Revenue Code amended, deleted, or added prior to the effective date of the latest amendment to this section shall be applicable for Idaho income tax purposes on the effective date provided for such amendments, deletions, or additions, including retroactive provisions.  
(c) That the amendments to section 7508, Internal Revenue Code,
as enacted by public law 102-2, 105 stat. 5 (1991), shall be in full force and effect as of the second day of August, 1990.

SECTION 2. That Section 63-3022, Idaho Code, as amended by Chapter 7, Laws of 1991, be, and the same is hereby amended to read as follows:

63-3022. TAXABLE INCOME. The term "taxable income" means "taxable income" as defined in section 63 of the Internal Revenue Code, adjusted as follows:

(a) Add interest and dividends received or accrued during the taxable year from foreign securities and from securities issued by states and other political subdivisions, other than those issued by the state of Idaho, its cities and political subdivisions, exempt from federal income tax under the Internal Revenue Code, less applicable amortization.

(1) In the case of a corporation whose income is taxable under this chapter, no deduction shall be allowed for interest on indebtedness incurred or continued to purchase after January 1, 1983, or to carry obligations acquired after January 1, 1983, the interest of which is wholly exempt from the taxes imposed under this chapter. The amount of interest on indebtedness thus incurred or continued shall be an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as the taxpayer's average adjusted basis of the obligations mentioned in the preceding sentence bears to such average adjusted basis for all assets of the taxpayer, or, at the option of the taxpayer, an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as a deduction for interest for the taxable year as the taxpayer's interest income from the obligations mentioned in the preceding sentence bears to the taxpayer's total income for the taxable year.

(2) In the case of a corporation whose income is computed pursuant to section 63-3027, Idaho Code, the interest expense deductible shall be an amount equal to interest and dividend income subject to apportionment, plus the amount, if any, by which the balance of interest expense exceeds interest and dividend income not subject to apportionment. Interest expense not included in the preceding sentence shall be directly offset against interest and dividend income not subject to apportionment. This provision shall not apply to dividend income excluded pursuant to section 63-3027C(e), Idaho Code.

(b) Add any state taxes, measured by net income, paid or accrued during the taxable year adjusted for state tax refunds used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.

(c) Add the net operating loss deduction used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.

(d) (1) A net operating loss for any taxable year commencing on or after January 1, 1983, but prior to January 1, 1990, shall be a net operating loss carryover to each of the ten (10) taxable years
following the taxable year of such loss; provided, however, such net operating loss shall be subtracted in each succeeding year in order but the total subtracted in the succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that a net operating loss not to exceed one hundred thousand dollars ($100,000) arising in a taxable year commencing on or after January 1, 1983, but prior to January 1, 1990, may, at the election of the taxpayer, be carried back to the three (3) immediately preceding taxable years, and if such loss is not entirely absorbed by the income of those years, the amount of loss not exhausted may be subtracted from taxable income arising in the next ten (10) years succeeding the taxable year in which the loss arises in order until exhausted. A net operating loss for any taxable year commencing on and after January 1, 1990, shall be a net operating loss carryback not to exceed one hundred thousand dollars ($100,000) to the three (3) immediately preceding taxable years, and any loss not entirely absorbed by the income of those years may be subtracted from taxable years arising in the next fifteen (15) years succeeding the taxable year in which the loss arises in order until exhausted. At the election of the taxpayer, the three (3) year carryback may be foregone and the loss subtracted from taxable years arising in the next fifteen (15) years succeeding the taxable year in which the loss arises in order until exhausted. The election shall be made as under section 172(b)(3)(c) of the Internal Revenue Code. An election under this subsection must be in the manner prescribed in the regulations of the state tax commission and once made is irrevocable for the year in which it is made. In the event that the taxpayer elects to carryback any loss arising in a year commencing on or after January 1, 1983, but prior to January 1, 1990, any loss not exhausted may be subtracted from taxable income arising in the next following ten (10) taxable years in order until exhausted.

(2) Net operating losses incurred by a corporation during a year in which such corporation had no Idaho business situs may not be subtracted. Net operating losses incurred by a person, other than a corporation, in business activities not taxable by Idaho may not be subtracted.

(e) In the case of a corporation, add the amount deducted under the provisions of sections 243(a) and (c) and 244 of the Internal Revenue Code (relating to dividends received by corporations) as limited by section 246(b)(1) of said code.

(f) In the case of a corporation, subtract an amount equal to the percentage determined under section 246(b)(3) of the Internal Revenue Code of the amount received during the taxable year as dividends, as limited by the rules of section 246(b)(1) of the Internal Revenue Code, from any corporation which has shown to the satisfaction of the state tax commission that more than fifty per cent (50%) of its taxable income for the taxable year immediately preceding the declaration of such dividends was taxable by the state of Idaho under the provisions of this act.

(g) Subtract the amount of any income received or accrued during the taxable year which is exempt from taxation by this state, under the provisions of any other law of this state or a law of the United
States, if not previously subtracted in arriving at taxable income, as defined by section 63 of the Internal Revenue Code.

(h) In the case of a corporation with more than fifty per cent (50%) of its income taxable within this state, the salary, fee or other compensation of its nonresident officers or directors shall be treated as income from sources within the state. Whether or not any personal services have been performed by such nonresident officers or directors in this state, they shall be deemed to have a business situs in this state. If such salary, fee or other compensation is not reported to this state as income, such corporation shall not deduct as part of its expenses for the taxable year any part of such salary, fee or other compensation in computing taxable income. When the salary, fee or other compensation paid to such nonresident officer is reported to this state as income by such nonresident officer, it shall be apportioned by applying to the total of such income the apportionment factor of the corporation paying the salary, fee or other compensation, as such factor is reported on the corporation's income tax return computed pursuant to section 63-3027, Idaho Code, or as subsequently modified. Provided, however, reasonable compensation paid to such nonresident officers or directors for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources.

(i) For the purpose of determining the taxable income of the beneficiary of a trust or of an estate, distributable net income as defined for federal tax purposes shall be corrected for the other adjustments required by this section. In the event that a nonresident beneficiary of a trust or estate fails to file an Idaho income tax return reporting all or any part of distributable net income taxable in Idaho or fails to pay any tax due thereon, the trust or estate making the payment or distribution shall be taxable upon the amount of such distribution or payment at the rates established by section 63-3024, Idaho Code.

(j) In the case of an individual who is on active duty as a full time officer, enlistee or draftee, with the armed forces of the United States, which full time duty is or will be continuous and uninterrupted for one hundred twenty (120) consecutive days or more, deduct compensation paid for services performed outside this state by the armed forces of the United States, only to the extent such income is included in "taxable income," as defined in section 63 of the Internal Revenue Code, and provided that appropriate adjustments shall be made in his standard deduction amount and exemptions as described in section 63-3027A, Idaho Code.

(k) In the case of a corporation, add any capital loss deducted which loss was incurred during any year in which such corporation had no Idaho business situs. In the case of persons, other than corporations, add any capital loss deducted which was incurred in business activities not taxable by Idaho at the time such loss was incurred. In the case of a corporation having income from Idaho sources and having elected to file federal income tax returns thereon pursuant to Subchapter-S of the Internal Revenue Code, or a partnership having income from Idaho sources, salaries, wages, fees, and other compensation paid to nonresident shareholders or partners, and the items of income, loss, deduction, and credit allocated to each nonresident
shareholder or partner shall be treated as having sources within the state. Whether or not any personal services have been performed in this state by such nonresident shareholders or partners, they shall be deemed to have a business situs in this state. When the salaries, wages, fees, and other compensations paid to such nonresident shareholders or partners or items of income, loss, deduction, and credit, or allocated to such shareholders or partners is reported to this state as taxable income pursuant to this subsection, such income shall be apportioned by applying to the total of such income the apportionment factor of the corporation or partnership. The apportionment factor of the corporation or partnership shall be computed pursuant to the provisions of section 63-3027, Idaho Code. If such items of income, loss, deduction, or credit, salaries, wages, fees or other compensation are not reported to this state by the nonresident shareholders or partners, such corporation or partnership shall report the same to this state and be taxable thereon at the corporate rate. Provided, however, reasonable compensation paid to such nonresident shareholders or partners for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources. In computing the income taxable to the corporation or partnership under this subsection, deduction shall not be allowed for a carryover or carryback of a net operating loss provided for in subsection (d) of this section or a capital loss provided for in section 1212 of the Internal Revenue Code.

(1) In the case of natural persons, there shall be allowed as deductions from gross income either (1) or (2) at the option of the taxpayer:

(1) a. The standard deduction as defined by section 63, Internal Revenue Code, plus contributions made to the state of Idaho for credit to the medical assistance account, if such contributions were not previously subtracted in arriving at taxable income, plus
b. Itemized expenditures of not to exceed one thousand dollars ($1,000) per cared for member incurred in providing personal care services to or for an immediate member of the taxpayer's family; such services may be provided either in the taxpayer's home or the family member's home; personal care services shall be as defined in chapter 56, title 39, Idaho Code, but the cared for member need not be medicaid eligible for the purposes of this section only, if he substantially meets all of the other requirements of chapter 56, title 39, Idaho Code; in order for the deduction under this paragraph to be allowed, the expenditures claimed must not have been reimbursed by medicare, medicaid or private insurance, and such expenditures must not have been previously subtracted in arriving at taxable income.

(2) a. Itemized deductions as defined in sections 163, 164 (except state income taxes as specified in subsection (b) of this section), 165, 166, 170, 171, 211, 212, 213 and 216, Internal Revenue Code, plus
b. Contributions made to the state of Idaho for credit to the medical assistance account, if such contributions were not previously subtracted in arriving at taxable income, plus
c. (p) In the case of a self-employed individual, deduct the actual cost of premiums paid to secure worker's compensation insurance for coverage in Idaho, if such cost has not been deducted in arriving at taxable income.

SECTION 3. That Section 63-112, Idaho Code, be, and the same is hereby amended to read as follows:

63-112. LAND ACTIVELY DEVOTED TO AGRICULTURE DEFINED. (1) For ad valorem tax purposes, land which is actively devoted to agriculture shall be eligible for appraisal, assessment and taxation as agricultural property each year it meets one or more of the following qualifications:

(a) The total area of such land, including the homesite, is more than five (5) contiguous acres, and is actively devoted to agriculture which means:

(i) It is used to produce field crops, including, but not limited to, grains, feed crops, fruits, and vegetables; or

(ii) It is used by the owner for the grazing of livestock to be sold as part of a net profit making enterprise, or is leased by the owner to a bona fide lessee for grazing purposes; or

(iii) It is in a crop-land retirement or rotation program.

(b) The area of such land is five (5) acres or less and such land has been actively devoted to agriculture within the meaning of subsection (1)(a) of this section during the last three (3) growing seasons; and

(i) It agriculturally produces for sale or home consumption the equivalent of fifteen percent (15%) or more of the
owners' or lessees' annual gross income; or
(ii) It agriculturally produced gross revenues in the imme-
diately preceding year of one thousand dollars ($1,000) or
more. When the area of land is five (5) acres or less, such
land shall be presumed to be nonagricultural land until it is
established that the requirements of this subsection have
been met.

(2) Land shall not be classified or valued as agricultural land
which is part of a platted subdivision with stated restrictions pro-
hibiting its use for agricultural purposes, whether within or without
a city.

(3) Land utilized for the grazing of a horse or other animals
kept primarily for personal use or pleasure rather than as part of a
bona fide profit making agricultural enterprise shall not be consid-
ered to be land which is actively devoted to agriculture.

(4) Land actively devoted to agriculture, having previously qual-
ified for exemption under this section in the preceding year, or which
would have qualified under this section during the current year, shall
not lose such qualification due to the owner's or lessee's absence in
the current year by reason of active military service in a designated
combat zone, as defined in section 112 of the internal revenue code.

If an owner fails to timely apply for exemption as required in this
section solely by reason of active duty in a designated combat zone,
the board of county commissioners of the county in which the land
actively devoted to agriculture is located shall refund ad valorem taxes,
if previously paid, in an amount equal to the exemption which would
otherwise have applied.

SECTION 4. That Section 63-105DD, Idaho Code, be, and the same is
hereby amended to read as follows:

63-105DD. PROPERTY EXEMPT FROM TAXATION -- RESIDENTIAL IMPROVE-
MENTS. (1) During the tax year 1983 and each year thereafter, the
first fifty thousand dollars ($50,000) of the market value for assess-
ment purposes of residential improvements, or fifty percent (50%) of
the market value for assessment purposes of residential improvements,
whichever is the lesser, shall be exempt from ad valorem taxation.

(2) The exemption allowed by this section may be granted only if:
(a) The residential improvements are owner-occupied and used as
the primary dwelling place of the owner as of January 1;
(b) The tax commission has certified to the board of county com-
missoners that all properties in the county which are subject to
appraisal by the county assessor have, in fact, been appraised
uniformly so as to secure a just valuation for all property within
the county; and
(c) The owner has certified to the county assessor by April 15
that:
(i) He is making application for the exemption allowed by
this section;
(ii) That the residential improvements are his primary
dwelling place; and
(iii) That he has not made application in any other county for the exemption, and has not made application for the exemption on any other residential improvements in the county.

(3) An owner need only make application for the exemption described in subsection (1) of this section once, as long as all of the following conditions are met:
   (a) The owner has received the exemption during the previous year as a result of his making a valid application as defined in subsection (2)(c) of this section.
   (b) The owner still occupies the same residential improvements for which he made application.
   (c) The residential improvements described in subsection (3)(b) of this section are owner-occupied and used as the primary dwelling place of the owner as of January 1.

(4) The exemption allowed by this section must be taken before the reduction in taxes provided by sections 63-117 through 63-125, Idaho Code, is applied.

(5) The legislature declares that this exemption is necessary and just.

(6) Residential improvements having previously qualified for exemption under this section in the preceding year, shall not lose such qualification due to the owner's absence in the current year by reason of active military service in a designated combat zone, as defined in section 112 of the internal revenue code. If an owner fails to timely apply for exemption as required in this section solely by reason of active duty in a designated combat zone, as defined in section 112 of the internal revenue code, and such improvements would have otherwise qualified under this section, then the board of county commissioners of the county in which the residential improvements are located shall refund ad valorem taxes, if previously paid, in an amount equal to the exemption which would otherwise have applied.

SECTION 5. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 1991.

Approved March 18, 1991.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-4902, Idaho Code, be, and the same is hereby amended to read as follows:

41-4902. LEGISLATIVE FINDINGS AND INTENT. (1) The legislature finds that significant quantities of petroleum and petroleum products are being stored in tanks in Idaho to meet the needs of its citizens, foster economic growth and development and the overall quality of life in the state. While most storage tanks are being operated and managed responsibly, there are occasions when leaks-and-other releases occur, threatening the public health and safety, and the environment. It is to the benefit of Idaho's citizens to correct any such threats to the public health and safety or environment as quickly and completely as possible. Significant financial resources must be available to investigate and remedy any release. However, reasonably affordable petroleum liability insurance coverage is unavailable to pay for such corrective and cleanup measures. Thus, creation of a fund for corrective actions for petroleum releases would be beneficial to the state and would provide a method for Idaho petroleum storage tank owners or operators to satisfy the financial responsibility requirements imposed on them by the federal environmental protection agency. Such a fund would be created by the imposition of a "transfer fee" of one cent ($0.01) per gallon on the delivery or storage of petroleum products within the state of Idaho. Such a fund would provide moneys for the immediate protection of the public health and safety and the environment, while helping avoid catastrophic losses to the owners and operators which could result in negative impacts on Idaho's economy.

(2) Therefore, it is hereby declared that the intent of the legislature in the passage of this chapter is to create and regulate in the public interest the formation and operation of a liability insurance trust fund that will make contracts of liability insurance available to owners and operators of petroleum storage tanks as defined herein through fair and equitable insurance contracts issued by a state-licensed nonprofit organization meeting reasonable standards as to its administration, reserves, financial soundness and the prompt and fair payment of claims arising out of the legal liability of the public and private entities protected and insured by these contracts, which will also provide for swift corrective action for releases of petroleum or petroleum products from leaking storage tanks. While the release of petroleum from any storage tank in the state may be a threat to public health and safety and the environment, this fund shall only be available for costs incurred as to those tanks which are registered-with covered by a contract of insurance between the owner or operator and the state-insurance trust fund and-for-which an-enrollment-fee-has-been-paid-into-the-fund-to-offset-the-administrative-costs-involved-in-the-effectuation-of-a-insurance-issued-by-the-administrator-of-the-fund.

This trust fund shall be responsible for the payment of money damages awarded as judgment on any claim or civil law suit by any court of competent jurisdiction under Idaho law or a United States court under federal law for such negligent or wrongful acts or omissions, all subject to the terms and conditions of the insurance contracts entered into by the trust fund and its insured—owners or operators of storage tanks—costs of corrective action and compensating third parties that are legally entitled to receive compensation for bodily injury and property damage arising out of accidental releases of petroleum from petroleum storage tanks covered by a contract of insurance between the owner or operator and the trust fund. The manager shall be the trustee of this fund, and shall appoint an administrator of this fund who shall be an employee of the state insurance fund.

(2) Nothing in this chapter shall enlarge or otherwise adversely affect the legal liability of any legal entity insured by the trust fund, and any immunity or other bar to a civil lawsuit under Idaho or federal law shall remain in effect. The fact that the trust fund insures the legal liability of any legal entity and thus may relieve the entity or an employee of the entity from the payment of any judgment arising from a civil lawsuit, shall not be communicated to the trier of fact in such a lawsuit.

(3) The trust fund shall consist of all enrollment application fees and all transfer fees collected pursuant to section 41-4908, Idaho Code, all other moneys received and paid into the trust fund, property and securities acquired by or through the use of money belonging to the trust fund, money loaned to the trust fund under the terms and agreements of a subordinated note of indebtedness or borrowed surplus as hereinafter defined and authorized, and of interest earned on money and securities owned or in the possession of the trust fund under an agreement that such investment earnings can accrue to the benefit of the trust fund.

The temporary line of credit may be drawn upon by the trust fund only during the first eighteen (18) months after the effective date of this chapter and only for the purpose of financing the initial start-up costs of the trust fund and any temporary shortages in the operating fund balance of the trust fund. The manager may draw upon all or part of the temporary line of credit, as shall be required. The money advanced from the state general account shall be repaid with interest from surplus moneys in the trust fund to the general account within one (1) year from the date the trust fund commences to issue contracts of insurance. Interest of ten percent (10%) per annum shall be calculated upon the principal amount outstanding each month until repaid.

(c) In the event the trust fund is unable to repay the funds drawn from the state general account under the temporary line of credit established under paragraph (b) of this subsection due to the dissolution of the trust fund pursuant to a court order, then an amount necessary to repay the line of credit shall be appropriated by the next regular session of the state legislature.

(d) Funds obtained from the temporary line of credit shall constitute a subordinated indebtedness subject to the provisions of section 41-4943, Idaho Code.

(e) Auditing functions of the trust fund to maintain accurate records of receipts and disbursements by the trust fund and accurate reporting of statistics by owners or operators of storage tanks insured covered by a contract of insurance issued by the trust fund.

(f) Actuarial functions of the trust fund to maintain credible and viable statistics, sufficient operating fund balances, and appropriate loss reserves.

(g) Computer and data processing functions to assist the trust fund in maintaining complete and accurate records in a timely manner and issue loss payments and other disbursements, as well as provide individual statistics and records of storage tanks insured covered by a contract of insurance issued by the trust fund.

(h) Computer programming functions to maintain a proficient and current data processing system for the trust fund.

(i) Legal services for the trust fund.

(j) Any and all other functions the manager of the state insurance fund as trustee deems prudent and reasonable to assure the successful operation of the trust fund.

(7) The Idaho petroleum clean water trust fund shall be administered without liability on the part of the state insurance fund or the state of Idaho beyond the amount of said trust fund.

(8) The administrator, subject to the approval of the manager of the state insurance fund as trustee, shall have the power to receive and account for all moneys paid into the trust fund, accept and evaluate applications for insurance coverage and issue the contracts of insurance and evaluate, investigate and adjust claims made against the trust fund and make agreements for corrective actions or compensation to third parties for bodily injury or property damage those parties may be legally entitled to receive from the trust fund in accordance with the provisions of this chapter.

(9) The administrator, with the approval of the trustee, shall promulgate rules and regulations which establish underwriting procedures to issue contracts of insurance, and claim procedures which shall include, at a minimum, provisions for reasonable notice to all parties involved and opportunity for these parties to be heard. The administrator shall be given notice of all applications, hearings and proceedings involving the rights of the trust fund and shall represent the trust fund in all proceedings. The administrator's decisions shall be written, and shall include all reasons for his decisions and shall be subject to judicial review in the district court of Ada county; provided, however, that the administrator and the trust fund shall not be liable for alleged bad faith or other legal theories based on any method or timing of the claims processed on his decision.

(10) The manager of the state insurance fund may employ legal counsel or obtain legal counsel through the attorney general concerning all legal matters arising out of the existence and operation of
the trust fund, including claims made against the contracts of insurance issued by the administrator of the trust fund.

(11) The manager of the state insurance fund may also employ such employees or contract for such services as are necessary to assist in the administration of the trust fund, and all such administrative expenses incurred by the state insurance fund for the benefit of the trust fund shall be reimbursed by the trust fund.

(12) The administrator may, in his official capacity, sue and be sued in all courts of the state, and shall be entitled to a defense by the state of Idaho for any alleged acts of negligence that may arise out of his official duties as administrator and/or as an employee of the state of Idaho.

In no event shall any of the limits of liability in subsection (1) of this section be combined to exceed the highest per occurrence and annual aggregate limits of liability for any single category in subsection (1)(a) through (1)(e) of this section applicable to an insured owner or operator.

SECTION 5. That Section 41-4908, Idaho Code, be, and the same is hereby amended to read as follows:

41-4908. SOURCE OF TRUST FUND -- TANK-ENROLLMENT APPLICATION FEES -- APPLICATION FOR ENROLLMENT -- TRANSFER FEES. (1) Every owner or operator of an underground storage tank may, if he desires to apply to the trust fund to insure the underground tank, make application for and pay into the trust fund an initial enrollment application fee set by the administrator, but not to exceed twenty-five dollars ($25.00) for each tank enrolled for which application for coverage is made.

(2) Every owner or operator of an above ground storage tank may, if he desires to apply to the trust fund to insure the above ground tank, make application for and pay into the trust fund an initial enrollment application fee set by the administrator, but not to exceed twenty-five dollars ($25.00) for each tank enrolled for which application for coverage is made.

(3) Every owner or operator of a farm tank or residential tank may, if he desires to apply to the trust fund to insure the tank, make application for and pay into the trust fund an initial enrollment application fee set by the administrator, but not to exceed twenty-five dollars ($25.00) for each tank enrolled for which application for coverage is made.

(4) Every owner or operator of a heating tank may, if he desires to apply to the trust fund to insure the tank, make application for and pay into the trust fund an initial enrollment application fee set by the administrator, but not to exceed five dollars ($5.00) for each tank enrolled for which application for coverage is made.

(5) The application for enrollment insurance shall be made to the administrator on forms furnished and prescribed by him for the purpose of eliciting reasonably available information as to the type and use of the storage tank, the type of business enterprise of the tank owner or operator, the age of the storage tank, the materials used in the construction of the tank and the inside and outside protective coatings and other corrosion protective measures, leak detection methods, spill and overfill prevention methods of the tank, the location of the tank and its proximity to roads and buildings, the foundation and type of material used as a bedding and fill for the tank, any available inspection records of the tank including the gallons of petroleum products entered into the tank and the gallon dispersements from the tank, and other information that is reasonably prudent in
order to obtain a sufficient body of statistical data to determine the relative hazards of various categories of tanks, the potential that future leaks or discharges may occur, and the conditions under which cleanup costs and personal injury and property damage costs may occur and vary in the severity of the leak-or-spill release and the resultant costs to the trust fund.

(6) The administrator shall act upon the application for enrollment insurance with all reasonable promptness, and he shall make such investigations of the applicant as he deems advisable to determine if the information contained in the application for enrollment insurance is accurate and complete. In the event the applicant desires that the storage tanks owned or operated or otherwise under his control be covered by the trust fund, The administrator shall determine if the applicant's storage tanks meet all the eligibility requirements and promptly notify the applicant of his acceptance or nonacceptance for coverage by the trust fund of the application for insurance. The absence of unknown data requested on the application shall not preclude an applicant's acceptance for coverage by the trust fund, if the applicant is otherwise in compliance with applicable state and federal law eligible for insurance under this chapter.

(7) In addition to the enrollment application fees received by the trust fund pursuant to this section, the trust fund shall receive the revenue produced by the imposition of a "transfer fee" of one cent ($0.01) per gallon on the delivery or storage of all petroleum products as defined in subsection (223) of section 41-4903, Idaho Code, delivered or stored within the state of Idaho. This transfer fee is hereby imposed upon the first licensed distributor who transfers title to a petroleum product to another legal entity within this state for the privilege of engaging in the delivery or storage of petroleum products whose delivery or storage may present the danger of a discharge into the environment and thus create the liability to be funded. The fee imposed by this subsection shall not apply to (a) petroleum or petroleum products which are first delivered or stored in this state in a container of fifty-five (55) gallons or less if such container is intended to be transferred to the ultimate consumer of the petroleum or petroleum products or (b) petroleum or petroleum products delivered or stored in this state for the purpose of packaging or repackaging into containers of fifty-five (55) gallons or less if such container is intended to be transferred to the ultimate consumer of the petroleum or petroleum products.

(8) The transfer fee shall be collected by the commission on all petroleum products delivered or stored within this state after April 1, 1990. This transfer fee shall be in addition to any excise tax imposed on gasoline and/or aircraft engine fuel or other petroleum products and shall be remitted to the commission with the distributor's monthly report as required in section 63-2406, Idaho Code. The distributor may deduct from his monthly report those gallons of petroleum products returned to a licensed distributor's refinery or pipeline terminal storage or exported to another from the state when supported by proper documents approved by the commission. For the purpose of carrying out its duties under the provisions of this chapter, the commission shall have the powers and duties provided in sections 63-3038, 63-3039, 63-3042 through 63-3066, 63-3068, 63-3071, and
63-3074 through 63-3078, Idaho Code, which sections are incorporated by reference herein as though set out verbatim.

(9) No person shall be excused from liability for any duty or fee imposed in this chapter for failure to obtain a distributor's license.

(10) The director shall certify to the commission when the unencumbered balance in the trust fund equals twenty thirty million dollars ($230,000,000). Effective the first day of the second month following the date of such certification, the imposition of the transfer fee shall be suspended. Thereafter, the director shall certify to the commission when the unencumbered balance in the trust fund equals ten twenty million dollars ($20,000,000). The amount retained by the commission shall not exceed the amount authorized to be expended by appropriation by the legislature. Any unencumbered balance in excess of the actual cost of collection, administering and enforcing the transfer fee requirements by the commission at the end of each fiscal year shall be remitted to the state treasurer for deposit into the Idaho petroleum clean water trust fund.

(3) From the receipts of the transfer fee, an amount of money shall be distributed to the state refund account established under section 63-3067, Idaho Code, sufficient to reimburse that account for all current refund claims under this chapter paid from that account. on any category of petroleum storage tank owners or operators to
demonstrate financial responsibility for corrective action and

director's approval.
(5) The assistant may issue contracts of insurance to
deferred categories of petroleum storage tank owners or operators when
the need for deferred documented in subsection (4) of this section no

The contracts of insurance issued by the administrator shall meet the
requirements of this chapter. To the extent consistent with this chap-
ter, the contracts of insurance shall also satisfy the provisions of
any requirement imposed by federal or state law or regulation on any
category of petroleum storage tank owners or operators to demonstrate
financial responsibility for corrective action and compensation to third parties for bodily injury and property damage arising from accidental releases from petroleum storage tanks.

(2) Upon receipt of an annual application fee not exceeding twenty-five dollars ($25.00) for each aboveground tank, underground tank, farm tank or residential tank, or not to exceed five dollars ($5.00) for each heating tank covered by a contract of insurance, and upon receipt of evidence that the petroleum storage tanks continue to meet the eligibility provisions of this chapter and the underwriting requirements established by the administrator, the administrator shall issue an annual renewal of the contract of insurance to the owner or operator of said petroleum storage tanks.

SECTION 9. That Section 41-4911, Idaho Code, be, and the same is hereby amended to read as follows:

41-4911. STORAGE TANKS ELIGIBLE FOR PARTICIPATION INSURANCE. (1) Eligible storage tanks are those tanks that meet all of the following criteria:

(c) The tank is used only for storage of petroleum products;
(d) The tank, if an underground storage tank, passes a tank tightness test;

If an above ground tank is exempt from state or federal regulations and/or the uniform fire code by virtue of its being installed prior to the effective date of such regulations or the uniform fire code, such tank is not eligible unless it passes a tank tightness test;
(f) The tank, if a farm tank or residential tank, is in compliance with any applicable state or federal regulations;
(g) Any contamination has been cleaned up, or a plan for cleanup or removal approved by the Idaho department of health and welfare, division of environmental quality, is being implemented; provided, however, that the trust fund shall not pay for any costs associated with prior contamination.

covering the petroleum storage tanks located on that site if the contamination does not pose a threat to public health, safety or the environment; provided, however, that the trust fund shall not pay for any corrective action costs or compensation to third parties for bodily injury or property damage arising from the prior contamination present at the site.

(2) Any contamination which may migrate off-site; contaminate ground water; exceed federal or state standards, guidelines, criteria or contaminant levels for ground water or drinking water; or pose a fire, explosion or safety hazard may be deemed by the administrator to present a threat to public health, safety or the environment. An owner or operator of a petroleum storage tank located on a site where such contamination is present will not be eligible for insurance covering the petroleum storage tanks located on that site unless the contamination has been cleaned up or a plan for cleanup or removal approved pursuant to section 41-4911(1)(g), Idaho Code, is being implemented.

(3) Contracts of insurance issued to an owner or operator of a petroleum storage tank located on a site where contamination is present and where the administrator has determined that the contamination does not pose a threat to public health, safety or the environment shall exclude from coverage corrective action costs and compensation to third parties for bodily injury or property damage arising out of the prior contamination present at the site.

(2) The contract of insurance held by an insured owner or operator of a storage tank which fails to comply with section 491-4911, Idaho Code, or who is in default in his enrollment fees for more than

41-4924A. AMENDMENTS TO PLAN OF OPERATION. (1) Any amendment to the plan of operation prepared by the administrator for the purpose of deferring the issuance of contracts of insurance to any category of petroleum storage tank owners or operators or for issuing contracts of insurance to any deferred category of petroleum storage tank owners or operators shall be submitted to the director of the department of insurance.

(2) The director shall review the amendment and shall, with all reasonable promptness, approve, approve as modified, or disapprove of the amendment to the plan of operation. If the amendment is approved,
the administrator may issue contracts of insurance and otherwise operate the trust fund in a manner consistent with the amended plan of operation. If the amendment is disapproved, the administrator must operate the trust fund in a manner consistent with the provisions of the plan of operation as submitted to the director in the trust fund's application for registration under section 41-4924, Idaho Code.

41-4930. BYLAWS OF THE FUND. The manager of the state insurance fund, as trustee of the trust fund, shall adopt original bylaws subject to the approval of the director, who shall grant his approval only after his determination that the provisions in the bylaws are not inconsistent nor contrary to the applicable provisions of title 41, Idaho Code, as amended in this chapter. These bylaws shall outline the organizational structure of the trust fund, its operational methods of complying with the provisions of this chapter, including the deposit, custody, disbursement and accounting for the moneys in the trust fund, fidelity bonds, if any, required of the administrator and the manager of the state insurance fund as trustee of the trust fund who is also under contract to administer the operations of the trust fund, the essential elements of the managerial contract with the state insurance fund, the powers and duties of the administrator of the trust fund, the rights, privileges and responsibilities of insured owners, and

trustee of the trust fund and the state insurance fund, as required in
this chapter, shall not become effective unless the contract is filed
with and approved by the director. The contract shall be deemed
approved unless disapproved by the director within twenty (20) days
after date of filing, subject to such reasonable extension of time as
the director may require by notice given within the twenty (20) day
period. Any disapproval shall be delivered to the trustee in writing,
stating the grounds therefor.

(2) Any such contract, or contract holder, shall provide that the
manager of the state insurance fund, as trustee shall, within ninety
(90) days after expiration of each calendar year, furnish the director
a written statement of amounts received under or on account of the
contract and amounts expended thereunder during such calendar year,
including the emoluments received therefrom by the principal manage­
ment personnel of the state insurance fund involved with the affairs
of the trust fund, and with such classification of items and further
detail as the director may reasonably require.

(3) The director shall disapprove any such contract if he finds
that it:
(a) Subjects the trust fund to unreasonable or excessive charges;
or
(b) Does not contain fair and adequate standards of performance;
or
(c) Contains other inequitable provisions which impair the proper
interests of the owners or operators insured by the trust fund.

(4) The director may, after a hearing held thereon, withdraw his
approval of any such contract theretofore approved by him, if he finds
that the basis of his original approval no longer exists, or that the
contract has, in actual operation, shown itself to be subject to dis­

section.

SECTION 23. That Section 41-4933, Idaho Code, be, and the same is
hereby amended to read as follows:

follows:

(1) The creation of the trust fund by act of the legislature
shall not be deemed to be an ownership, control or operation of an
insurer by a governmental entity, as referred to in section 41-309,
Idaho Code, and the surplus funds of the trust fund shall be considered to be dedicated and held in reserve for the purpose of providing funds for the payment of claims arising out of the discharge of petroleum products from tanks insured covered by a contract of insurance issued to the tank owner or operator by the trust fund as provided for in section 41-4905, Idaho Code. The absolute control of the trust fund shall be vested in the manager of the state insurance fund as trustee.

(2) The provisions of this chapter shall be construed to be contained in the document of organization and bylaws of the trust fund for purposes of sections 41-319, 41-320 and 41-322, Idaho Code, and the director shall issue a certificate of authority registration to and in the name of the trust fund upon his finding that it has met all other appropriate provisions of the Idaho Code, including sections 41-313 and 41-316, Idaho Code.

(3) Section 41-337, Idaho Code, shall not apply to contracts of insurance issued by the trust fund.

(4) Section 41-1030, Idaho Code, shall not apply to employees of the state insurance fund or the trust fund.

(5) Section 41-1103, Idaho Code, shall not apply to employees of the state insurance fund or the trust fund, provided the employees restrict their claims adjusting and investigation operations only to those contracts issued by the trust fund.

(6) Except as otherwise provided in this chapter, chapter 28, title 41, Idaho Code, and chapter 14, title 30, Idaho Code, shall not apply to the trust fund nor shall this trust fund be construed to be a domestic mutual insurer, nor a reciprocal insurer, nor any other type of insurer currently regulated by title 41, Idaho Code, and the only organizational requirements of this trust fund shall be those enumerated in this chapter.

SECTION 24. That Section 41-4937, Idaho Code, be, and the same is hereby amended to read as follows:

41-4937. PROHIBITED PECUNIARY INTERESTS IN PLAN MANAGEMENT. (1) Neither the manager, as trustee, nor the administrator, nor any other person having responsibility for the management of the trust fund or the investment or other handling of the trust fund moneys or assets shall:

(a) Receive directly or indirectly or be pecuniarily interested in any fee, commission, compensation or emolument, other than salary or other similar compensation regularly fixed and allowed for services regularly rendered to the trust fund, arising out of any transaction to which the trust fund is or is to be a party;

(b) Receive compensation as a consultant to the trust fund while also acting as a trustee or administrator, or as an employee of either;

(c) Have any direct or indirect material pecuniary interest in any loan or investment of the trust fund.

(2) The director may, after reasonable notice and a hearing, prohibit the manager as the trustee from employing or retaining or continuing to employ or retain any person in the administration of the trust fund upon finding that such employment or retention involves a conflict of interest not in the best interests of the trust fund or
adversely affecting the interests of the owners or operators insured by the trust fund.

SECTION 25. That Section 41-4939, Idaho Code, be, and the same is hereby amended to read as follows:

41-4939. RECOVERY OF DEPLETED FUNDS. If after notice and hearing, the director finds that the trust fund has been depleted by reason of any wrongful or negligent act or omission of the trustee or any other person, he shall transmit a copy of his findings to the attorney general of this state, who may bring an action in the name of the people of this state, or intervene in any action brought by or on behalf of an enrolled--member insured owner or operator for the recovery of the amount of such depletion, for the benefit of the trust fund.

SECTION 26. That Section 41-4940, Idaho Code, be, and the same is hereby amended to read as follows:

41-4940. IMPAIRED TRUST FUND. (1) If the assets of the trust fund are at any time insufficient to discharge its liabilities, and to maintain the required surplus, the administrator shall forthwith request authority from the director to make up the deficiency by borrowed surplus or other subordinated indebtedness.

(2) If the director finds that future estimated revenues from the transfer fees imposed under section 41-4908, Idaho Code, are not sufficient to justify any borrowed surplus funds or other subordinated indebtedness, then the director shall request the administrator to submit a plan of action whereby priority is given to the payment of cleanup costs of petroleum discharges that constitute a clear and present danger to persons or property, including discharges into underground or surface water that may seriously contaminate the water used for domestic and commercial use, agricultural products, livestock, fish, game and other wildlife. Consideration shall be given in this plan of action to establishing a claim payment priority based on the severity of the contamination, the possible endangerment of life and health including, but not limited to, possible toxic fumes, fire and explosion hazards, economic impact, population density, and the need for immediate cleanup action versus action that can be delayed with only minimal adverse effects. This plan of action shall also establish similar criteria for the prioritization of the payment of bodily injury and property damage claims.

(3) Upon receiving this plan of action, the director shall promptly hold a public hearing with appropriate notice to determine any possible adverse effects of the plan of action on the owners or operators of insured tanks, the claimants and potential claimants, and the environment. After giving due consideration to the testimony of those parties affected by the proposed plan of action, the director shall either approve or disapprove the plan in writing, stating the reasons therefor, so that a plan of action that does meet with the director's approval can be placed into effect with due diligence and dispatch.

(4) Upon receiving the director's approval of the plan of action, the administrator shall promptly commence the prioritization of claims
and pay such valid and compensable claims according to this priority as funds become available from collection of the transfer fees.

SECTION 27. That Section 41-4941, Idaho Code, be, and the same is hereby amended to read as follows:

41-4941. LIQUIDATION OF TRUST FUND. (1) The annual tank enrollment application fees and transfer fees are perpetually appropriated as dedicated funds for the purposes of this chapter, and the trust fund shall remain in existence as long as the need exists for the trust fund to insure the costs of corrective actions and the need exists for the trust fund to insure the legal liability of petroleum tank owners and operators as provided in this chapter.

(2) In the event other more appropriate means come into existence to provide the insurance provided by the trust fund, then the trust fund shall be liquidated according to the provisions of this section.

(3) Liquidation shall be conducted by the trustee under a written plan of liquidation filed with and approved by the director. If the director finds the plan to be fair and equitable to all persons having a pecuniary interest in the trust fund, he shall approve it. Any balance remaining after payment or adequate provision for payment of all claims and charges against the trust fund has been made shall be disposed of in the manner provided for in the plan of liquidation. Unless under the plan of liquidation the liability for all unpaid claims and obligations of the trust fund has been assumed by another financially responsible person or persons, the existence of surplus funds for such disposition shall not be determined prior to the expiration of two (2) years after termination of the certificate of authority registration issued to the trust fund as provided in section 41-4933(2), Idaho Code.

(4) After its approval by the director, the plan of liquidation for the trust fund shall be binding upon all persons pecuniarily interested in the trust fund. Pending the effectuation of the plan of liquidation the director may impose such prohibitions or restrictions upon disbursement or use of trust fund moneys as he deems advisable for the protection of all interested persons.

(5) If the trust fund is then insolvent and a plan of liquidation thereof satisfactory to the director as being fair and equitable is not filed with him within sixty (60) days after the effective date of termination of the plan's registration, or if liquidation of a solvent trust fund is not being carried out in accordance with the plan of liquidation theretofore approved by the director, the director shall liquidate the trust fund under the applicable provisions of chapter 33, title 41, Idaho Code, and for this purpose the trust fund shall be deemed to be an insolvent domestic insurer.

(6) If after all indebtedness and other obligations of the trust fund are discharged to the satisfaction of the director and the trust fund is dissolved, its remaining assets, if any, shall inure to the benefit of the state.

SECTION 28. That Section 41-4943, Idaho Code, be, and the same is hereby amended to read as follows:
41-4943. BORROWED SURPLUS AND SUBORDINATED INDEBTEDNESS. (1) The trust fund may borrow money to defray the expenses of its organization, provide it with surplus funds, or for any purpose of its business, upon a written agreement that such money is required to be repaid only out of the trust fund's surplus in excess of the amount stipulated in such agreement. The agreement may provide for interest, which interest shall or shall not constitute a liability of the insurer as to its funds other than such excess or surplus, as stipulated in the agreement. No commission or promotion expense shall be paid in connection with any such loan.

(2) Money so borrowed, together with the interest thereon, if so stipulated in the agreement, shall not form a part of the fund's legal liabilities except as to its surplus in excess of the amount thereof stipulated in the agreement, or be the basis of any setoff, but until repaid, financial statements filed or published by the insurer shall show as a footnote thereto the amount thereof then unpaid together with any interest thereon accrued but unpaid.

(3) Any such loan shall be subject to the approval of the director. The trust fund shall, in advance of the loan, file with the director a statement of the purpose of the loan and a copy of the proposed loan agreement. The loan and agreement shall be deemed approved unless within fifteen (15) days after the date of such filing, the trust fund is notified of the director's disapproval and the reasons therefor. The director shall disapprove any proposed loan or agreement if he finds the loan is unnecessary or excessive for the purpose intended, or that the terms of the loan agreement are not fair and equitable to the parties, and to other similar lenders, if any, to the trust fund, or that the information so filed by the trust fund is inadequate.

(4) Any such loan to the trust fund or substantial portion thereof shall be repaid by the trust fund when no longer reasonably necessary for the purpose originally intended. No repayment of such a loan shall be made by the fund unless approved in advance by the director.

(5) In the event of liquidation, repayment of the balance of the borrowed funds and any accrued interest then due and owing shall be paid only out of assets remaining after the payment of all obligations and claims of owners or operators of petroleum tanks insured by the trust fund and general creditors.

(6) The provisions of this section shall not apply to loans obtained by the trust fund in ordinary course of business from banks and other financial institutions, nor to loans secured by pledge or mortgage of assets.

SECTION 29. That Section 41-4946, Idaho Code, be, and the same is hereby amended to read as follows:

41-4946. APPLICATION OF CHAPTER. All of the provisions of this chapter shall apply to and confer all rights, privileges, exemptions and immunities upon the trust fund established for the purposes contemplated in this chapter, and the manager as trustee, insured owners or operators of petroleum tanks, beneficiaries, and participants thereof. The provisions of this chapter shall not apply to any rail-
road, railroad corporation, or any employee thereof when such employee is acting in the course of his employment for any such railroad or railroad corporation.

SECTION 30. That Section 41-4947, Idaho Code, be, and the same is hereby amended to read as follows:

having been ordered so to do, any pertinent book, paper, document or
other evidence, or refuses to appear after having been subpoenaed, or

taken the oath refuses to be examined according to law, the board
shall certify the facts to the district court having jurisdiction, and

hereby amended to read as follows:

59-1342. COMPUTATION OF SERVICE RETIREMENT ALLOWANCES -- MINIMUM
BENEFITS. (1) The annual amount of accrued retirement allowance for
each month of credited service for which a member was not classified
as a police officer or firefighter shall equal one and two-thirds per
cent (1 2/3%) of his average monthly salary. The annual amount of ini-
tial service retirement allowance of such a member shall equal (a) or
(b), whichever is greater:
(a) his accrued retirement allowance; or
(b) five dollars ($5.00) multiplied by the number of months of credited service and by the bridging factor, as provided in section 59-1356, Idaho Code, between July 1, 1974 and the first of the month following the member’s final contribution.

(2) The annual amount of accrued retirement allowance for each month of credited service for which a member was classified as a police officer or firefighter shall equal two per cent (2%) of his average monthly salary. The annual amount of initial service retirement allowance of such a member shall equal (a) or (b), whichever is greater:

(a) his accrued retirement allowance; or
(b) six dollars ($6.00) multiplied by the number of months of credited service and by the bridging factor, as provided in section 59-1319, Idaho Code, between July 1, 1974 and the first of the month following the member's final contribution.

(3) Provisions of this section shall be applicable to members and contingent annuitants of the employee system and to members, annuitants and beneficiaries of the teachers and city systems. In any recomputation of an initial retirement allowance for a person not making a final contribution subsequent to 1974, the bridging factor referred to in subsections (1) and (2) shall be 1.000. Any recomputed retirement allowance shall be payable only prospectively from July 1, 1974.

(4) Benefits payable to a person who became a member prior to July 1, 1974, or to his beneficiaries shall never be less than they would have received under this chapter as in effect on June 30, 1974; provided, however, that the member shall have accrued the amount of accumulated contributions required thereby prior to payment of an initial retirement allowance.

(5) If the majority of a member's credited service is as an elected official or as an appointed official, except as a member of the Idaho legislature, and that official was normally in the administrative offices of the employer less than twenty (20) hours per week during the term of office, or was normally not required to be present at any particular work station for the employer in excess of twenty (20) hours per week during the term of office, and that member's initial service retirement allowance for service credited only during that period would be computed under subsection (1)(b) and/or (2)(b) of this section, without consideration of any other credited service, then it will be so computed for that period of service. The initial service retirement allowance of members of the Idaho legislature will be computed under subsection (1) and/or (2) of this section, on the basis of their total months of credited service.

If that member has credited service from any other employment, the accrued service retirement allowance for the credited service from such other employment shall be computed from an average monthly salary for salary received during the period of such other employment.

(6) In no case, however, will a member's regular retirement benefit be equal to more than the member's accrued benefit as of May 1, 1990, or one hundred per cent (100%) of the member's average compensation for the three (3) consecutive years of employment which produce the greatest aggregate compensation, whichever is greater. If the ben-
efit is calculated to exceed one hundred per cent (100%) of the member's average compensation, the member shall be eligible for and may choose either:

(a) an annual service retirement allowance equal to the member's average annual compensation for the three (3) consecutive years of employment which produced the greatest aggregate compensation; or

(b) a separation benefit.

(7) The annual amount of retirement allowance of a member who is over age seventy (70) on the effective date of the member's retirement shall be a percentage of the member's accrued retirement allowance. Such percentage shall be one hundred per cent (100%) increased as determined by the board to compensate for each month that the member's retirement is deferred beyond age seventy (70).

SECTION 5. That Section 59-1351, Idaho Code, be, and the same is hereby amended to read as follows:

The optional retirement allowance may take one of the forms listed below and shall be in lieu of all other benefits under this chapter except that the provisions of section 59-1362(1), Idaho Code, shall be applicable to option 3:

(a) Option 1 provides a reduced retirement allowance payable during the lifetime of the retired member, and a continuation thereafter of such reduced retirement allowance during the lifetime of his named contingent annuitant.

(b) Option 2 provides a reduced retirement allowance payable during the lifetime of the retired member, and a continuation thereafter of one-half (1/2) of such reduced retirement allowance during the lifetime of his named contingent annuitant.

(c) Option 3, which is available only if the member retires before the date of his sixtieth birthday the social security normal retirement age for that member, provides an increased retirement allowance until such date and a reduced retirement allowance thereafter, the difference between the two (2) amounts approximately equalling the governmental old-age benefit becoming payable at such date as estimated by the board.

(d) Option 4, which is available only if the member retires before the date of his sixtieth birthday the social security normal retirement age for that member, provides an adjusted retirement allowance until such date and a reduced retirement allowance thereafter, the difference between the two (2) amounts approximately equalling the governmental old-age benefit becoming payable at such date as estimated by the board. The retirement allowance shall be paid to the retired member during his lifetime and to his named contingent annuitant for life thereafter.

(2) Option 1 or 2 may not be chosen if initial payments of less than ten dollars ($10.00) per month would result.

(3) Service shall be deemed to be localized within a state if
   (A) The service is performed entirely within such state; or

CHAPTER 68
(S.B. No. 1088)

AN ACT
RELATING TO VACANCIES IN OFFICE; REPEALING SECTION 59-915, IDAHO CODE; AND AMENDING CHAPTER 9, TITLE 59, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 59-915, IDAHO CODE, TO PROVIDE FOR FILLING VACANCIES IN PUBLIC OFFICE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 59-915, Idaho Code, be, and the same is hereby repealed.

SECTION 2. That Chapter 9, Title 59, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 59-915, Idaho Code, and to read as follows:

   (2) Of any state executive officer, by the chief deputy, under the supervision of the governor.

AN ACT
RELATING TO SECURED TRANSACTIONS; AMENDING SECTION 28-9-402, IDAHO CODE, TO PROVIDE FOR AMENDMENT OF NAMES OR ADDRESSES ON CERTAIN MULTIPLE FINANCING STATEMENTS AND TO PROVIDE FEES; AMENDING SECTION 28-9-403, IDAHO CODE, TO REVISE CERTAIN DUTIES OF THE FILING OFFICER AND TO REVISE CERTAIN FEES; AND AMENDING SECTION 28-9-405, IDAHO CODE, TO REVISE REQUIREMENTS FOR FINANCING STATEMENTS AND TO REVISE CERTAIN FEES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 28-9-402, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-402. FORMAL REQUISITES OF FINANCING STATEMENTS -- AMENDMENTS -- MORTGAGE AS FINANCING STATEMENT. (1) Except as provided in subsection (9) of this section, a financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, or when the financing statement is filed as a fixture filing (section 28-9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this state.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in

(a) Collateral already subject to a security interest in another jurisdiction when it is brought into this state, or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances; or

(b) Proceeds under section 28-9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or

(c) Collateral as to which the filing has lapsed; or

(d) Collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).
(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor) .............................................
Address ...........................................................................
Name of secured party (or assignee) .................................
Address ...........................................................................

1. This financing statement covers the following types (or items) of property:
   (Describe) ....................................................................

2. (If applicable) The above goods are to become fixtures on:
   (Describe Real Estate) ..................................................
   and this financing statement is to be filed in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is .................................

3. (If the collateral is timber to be cut) The above described timber is standing on:
   (Describe Real Estate) ..................................................
   and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is .................................

4. (If the collateral is minerals or the like) The above described minerals (or the like) are located on:
   (Describe Real Estate) ..................................................
   and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is .................................

5. (If products of collateral are claimed) Products of the collateral are also covered. Signature of Debtor (or Assignor, whichever is applicable).................................
   Signature of Secured Party (or Assignee) .........................

(4) A financing statement may be amended as follows:
(a) A financing statement may be amended by filing a writing signed by both the debtor and the secured party, except as provided in paragraph (b) of this subsection. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this chapter, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(b) A financing statement other than a financing statement for farm products may be amended by filing a writing signed only by the secured party of record if the amendment consists of no more than a change of the secured party's name or address, a change of the debtor's address, a subordination of the secured party's interest in the collateral to the interest of a junior secured party, or a combination of the foregoing functions.

(c) The secretary of state may by administrative rule prescribe a system whereby a secured party may amend its name or address on multiple financing statements by one (1) writing signed by the secured party. The secretary of state may provide in the rule a fee schedule for such bulk amendments. This paragraph shall not
apply to financing statements for farm products, fixtures, timber to be cut or minerals.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, or a financing statement filed as a fixture filing (section 28-9-313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if:
   (a) the goods are described in the mortgage by item or type;
   (b) the goods are or are to become fixtures related to the real estate described in the mortgage;
   (c) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records;
   (d) the mortgage is duly recorded; and
   (e) the mortgage:
      (i) indicates conspicuously on its face either that it is intended also to be a fixture filing or that it is to be indexed not only as a mortgage but also as a fixture filing; or
      (ii) is incorporated by reference in a recorded fixture filing financing statement or recorded amendment thereto, by written reference in such financing statement or amendment to the mortgage's book and page numbers or to its instrument recording number.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or names of partners. Where the debtor so changes his name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four (4) months after the change, unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.

(9) A financing statement for farm products is sufficient if it contains the following information:
   (a) The name and address of the debtor;
   (b) The debtor's signature;
   (c) The name, address, and signature of the secured party;
(d) The social security number of the debtor, or in the case of a debtor doing business other than as an individual, the debtor’s Internal Revenue Service taxpayer identification number;
(e) A description by category of the farm products subject to the security interest and the amount of such products (where applicable);
(f) A reasonable description of the real estate where the farm products are produced or located. This provision may be satisfied by a description of the county(ies), and a legal description is not required.

(10) A financing statement described in subsection (9) must be amended in writing within three (3) months, and similarly signed and filed, to reflect any material changes. In the event such form is not incorporated within the financing statement, the effectiveness and continuation of that form is to be treated as if it were a part of the financing statement with which it is filed.

SECTION 2. That Section 28-9-403, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-403. WHAT CONSTITUTES FILING -- DURATION OF FILING -- EFFECT OF LAPPED FILING -- DUTIES OF FILING OFFICER. (1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this chapter.

(2) Except as provided in subsection (6) a filed financing statement is effective for a period of five (5) years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five (5) year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of sixty (60) days or until expiration of the five (5) year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six (6) months prior to the expiration of the five (5) year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 28-9-405, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five (5) years after the last date to which the filing was effectiveness whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeed-
ing continuation statements may be filed in the same manner to con-
inue the effectiveness of the original statement. Unless a statute on
disposition of public records provides otherwise, the filing officer
may remove a lapsed statement from the files and destroy it immedi-
ately if he has retained a microfilm or other photographic record, or
in other cases after one (1) year after the lapse. The filing officer
shall so arrange matters by physical annexation of financing state-
ments to continuation statements or other related filings, or by other
means, that if he physically destroys the financing statements of a
period more than five (5) years past, those which have been continued
by a continuation statement or which are still effective under subsec-
tion (6) shall be retained.

(4) A filing officer shall mark each statement with a file number
and with the date and hour of filing and shall hold the statement or a
microfilm or other photographic copy thereof for public inspection. In
addition the filing officer shall index the statement according to the
name of the debtor and shall note in the index the file number and the
address of the debtor given in the statement or the filing officer
shall file one (1) copy of the statement in a file arranged by the
name of the debtor and a second copy in a file arranged by document
number. Provided, however, that financing statements described in sub-
section (7) shall be recorded and indexed only in accordance with sub-
section (7).

(5) Except for financing statements described in subsection (7)
the uniform fee for filing and indexing and for stamping a copy fur-
nished by the secured party to show the date and place of filing for
an original financing statement or for a continuation statement shall
be two six dollars ($26.00) if the statement is typed or machine
printed on the standard form prescribed by the secretary of state and
otherwise shall be three ten dollars ($310.00). The uniform fee for
each name more than one (1) required to be indexed shall be two dol-
ars ($2.00). The secured party may at his option show a trade name
for any other person and an extra uniform indexing fee of two dollars
($2.00) shall be paid with respect thereto. A uniform fee of one dol-
lar ($1.00) shall be charged for each page attached to the financing
statement. The uniform fee for recording and indexing a financing
statement and related instruments described in subsection (7) shall be
the regular recording fee charged for recording a mortgage.

The secretary of state shall, by duly adopted administrative rule,
establish a fee schedule for filing and indexing and other matters
relating to filing as are described in this subsection (5) for financ-
ing statements for farm products and for public access to the secre-
tary of state's files which are open to public inspection as required
by subsection (4) of this section. A secured party shall provide an
itemization of fees paid by that secured party for filing, searches or
other matters relating to filing of financing statements for farm
products security interests relating to that debtor.

(6) If the debtor is a transmitting utility (subsection (5) of
section 28-9-401), and a filed financing statement so states, it is
effective until a termination statement is filed. Any financing state-
ment of a type described in subsection (7) which has not lapsed on or
before June 30, 1990, shall remain effective until a termination
statement is filed. A real estate mortgage which is effective as a
fixture filing under subsection (6) of section 28-9-402, remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described. Recording of a financing statement described in this subsection in the real property records shall constitute filing for all purposes under this chapter, and the financing statement need not be separate filed outside the real estate records; provided, however, that the filing officer's indexing and other treatment of financing statement so filed must comply with all of the provisions of this chapter. The foregoing sentence shall not affect the perfection or nonperfection of financing statements filed before July 1, 1990. On and after July 1, 1990, continuation statements, statements of assignment, statements of release, termination statements, amendments, and all other documents to be filed relating to financing statements described in this subsection filed before, on or after July 1, 1990, may be filed by recording in the real estate records only.

SECTION 3. That Section 28-9-405, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-405. ASSIGNMENT OF SECURITY INTEREST -- DUTIES OF FILING OFFICER -- FEES. (1) A financing statement may disclose an assignment of a security interest in the collateral described in the financing statement by indication in the financing statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the statement. On presentation to the filing officer of such a financing statement the filing officer shall mark the same as provided in section 28-9-403(4). The uniform fee for filing, indexing and furnishing filing data for a financing statement so indicating an assignment shall be three dollars ($3.00) if it is in the standard form prescribed by the secretary of state; and otherwise shall be four dollars ($4.00); plus in each case an additional fee of two dollars ($2.00) for each name more than one against which the financing statement is required to be indexed.

(2) A secured party may assign of record all or a part of his rights under a financing statement by the filing in the place where the original financing statement was filed of a separate written statement of assignment signed by the secured party of record and setting forth the name of the secured party of record and the debtor, the file number and the date of filing of the financing statement and the name and address of the assignee and containing a description of the
collateral assigned. A copy of the assignment is sufficient as a separate statement if it complies with the preceding sentence. On presentation to the filing officer of such a separate statement, the filing officer shall mark such separate statement with the date and hour of the filing. He shall note the assignment on the index of the financing statement or, in the case of a fixture filing, a filing covering timber to be cut, or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, he shall index the assignment under the name of the assignor as grantor and, to the extent that the law of this state provides for indexing the assignment of a mortgage under the name of the assignee, he shall index the assignment of the financing statement under the name of the assignee. The uniform fee for filing, indexing and furnishing filing data about such a separate statement of assignment shall be two six dollars ($26.00) if the statement is in the standard form prescribed by the secretary of state and otherwise shall be three ten dollars ($310.00) plus in each case an additional fee of two dollars ($2.00) for each name more than one against which the statement of assignment is required to be indexed. Notwithstanding the provisions of this subsection, an assignment of record of a security interest in a fixture contained in a mortgage effective as a fixture filing, subsection (6) of section 28-9-402, may be made only by an assignment of the mortgage in the manner provided by the law of this state other than this title.

(3) After the disclosure or filing of an assignment under this section, the assignee is the secured party of record.

against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of sixty (60) days or until expiration of the five (5) year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six (6) months prior to the expiration of the five (5) year period specified in subsection (2). Any such continuation statement must be signed by the secured party, or, if it relates to farm products, by the debtor and the secured party, and must identify the original statement by file number and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 28-9-405, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five (5) years after the last date to which the filing was effectiveness effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if he has retained a microfilm or other photographic record, or in other cases after one (1) year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than five (5) years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained.

(4) A filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statement according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement, or the filing officer shall file one (1) copy of the statement in a file arranged by the name of the debtor and a second copy in a file arranged by document number. Provided, however, that financing statements described in subsection (7) shall be recorded and indexed only in accordance with subsection (7).

(5) Except for financing statements described in subsection (7) the uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement or for a continuation statement shall be two dollars ($2.00) if the statement is typed or machine printed on the standard form prescribed by the secretary of state and otherwise shall be three dollars ($3.00). The uniform fee for each name more
than one (1) required to be indexed shall be two dollars ($2.00). The secured party may at his option show a trade name for any person and an extra uniform indexing fee of two dollars ($2.00) shall be paid with respect thereto. A uniform fee of one dollar ($1.00) shall be charged for each page attached to the financing statement. The uniform fee for recording and indexing a financing statement and related instruments described in subsection (7) shall be the regular recording fee charged for recording a mortgage.

The secretary of state shall, by duly adopted administrative rule, establish a fee schedule for filing and indexing and other matters relating to filing as are described in this subsection (5) for financing statements for farm products and for public access to the secretary of state's files which are open to public inspection as required by subsection (4) of this section. A secured party shall provide an itemization of fees paid by that secured party for filing, searches or other matters relating to filing of financing statements for farm products security interests relating to that debtor.

(6) If the debtor is a transmitting utility (subsection (5) of section 28-9-401), and a filed financing statement so states, it is effective until a termination statement is filed. Any financing statement of a type described in subsection (7) which has not lapsed on or before June 30, 1990, shall remain effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subsection (6) of section 28-9-402, remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 28-9-103, or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagor, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described. Recording of a financing statement described in this subsection in the real property records shall constitute filing for all purposes under this chapter, and the financing statement need not be separately filed outside the real estate records; provided, however, that the filing officer's indexing and other treatment of financing statements so filed must comply with all of the provisions of this chapter. The foregoing sentence shall not affect the perfection or nonperfection of financing statements filed before July 1, 1990. On and after July 1, 1990, continuation statements, statements of assignment, statements of release, termination statements, amendments, and all other documents to be filed relating to financing statements described in this subsection filed before, on or after July 1, 1990, may be filed by recording in the real estate records only.

AN ACT
RELATING TO BRANDS; AMENDING SECTION 25-1101, IDAHO CODE, TO PROVIDE FOR AN IDENTIFICATION MARK, DEVICE OR DOCUMENT PRESCRIBED BY RULES OF THE BOARD.

Be it enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 25-1101, Idaho Code, be, and the same is hereby amended to read as follows:

25-1101. DEFINITIONS. As used in this chapter, and elsewhere in the Idaho Code where applicable:
"Livestock" means any cattle, horses, mules or asses.
"Transportation" means the movement of livestock in any manner.
"Person" means every natural person, firm, association, partnership, company business or corporation.
"Brand" means an one, either, or both of the following:
(1) An identification mark, device or document prescribed by rules of the board that cannot be switched from one (1) animal to another without destruction or disfigurement of the mark, device or document. Any such mark or device, except for the location in or on the animal, shall be subject to the same restrictions, requirements, inspections, fees and penalties as the permanent identification marks described in the following paragraph (2).
(2) An identification mark that is permanently affixed into the hide of a live animal on either side in any one of three (3) locations, the shoulder, ribs, or hip. The brand may be applied on the hide by either a hot iron, or as a freeze brand which involves applying intense cold to the skin of the live animal to change the color of the hair on the skin to create a clear brand. An acid brand means any such mark or brand that has been applied by the use of a chemical compound and when so used causes a scarlike tissue to form on the hide of a live animal. Acid brands are not valid for any type of brand inspection.
"Brand inspector" means the state brand inspector, any authorized deputy or assistant brand inspector, or any other person authorized by the laws of the state of Idaho to make brand inspections.
"Brand inspection certificate" means a certificate on a form adopted by the state brand board, listing the animals for which the certificate is issued, describing the animals listed thereon, listing the name and address of the owner of the livestock, the name and address of the new owner, the listing of the place of origin and of destination of such transportation, and such other information as may be required by the state brand board. Brand inspection certificates shall be of the following kinds:
(1) An inspection certificate that is issued only when there is a change in ownership of the livestock, or when livestock is leaving the state, or when the livestock is to be slaughtered within ninety-six (96) hours.
(2) An annual inspection certificate good only for the current growing or grazing season, and which authorizes the owner to transport the livestock within and without the state. An annual inspection certificate does not authorize the sale or transfer of an ownership interest in any livestock.

(3) A seasonal grazing certificate good only for moving livestock from this state to another state for grazing, and to return some or all of that livestock to this state. The certificate shall be issued without charge if the brand inspector determines that an inspection of the animals is not necessary. If an inspection is made, the certificate shall be issued at one-half (1/2) the usual brand inspection fee, and the provisions of sections 25-232, 25-2505 and 25-2907, Idaho Code, shall not apply.

(4) A lifetime ownership and transportation certificate which is valid only for horses, mules or asses, and which authorizes the owner to transport the horses, mules or asses within and without the state. A lifetime ownership and transportation certificate may be used for the sale or transfer of an ownership interest in horses, mules or asses, but immediately upon a change of ownership interest, the new owner must apply to the brand board for a new lifetime ownership and transportation certificate, and pay the required fees.

"Livestock auction sale," for the purpose of charging and collecting the minimum inspection fee of fifty dollars ($50.00) required by section 25-1160, Idaho Code, means and includes all public livestock markets chartered under the provisions of chapter 17, title 25, Idaho Code; means and includes any dispersal sale of livestock by a farmer, dairyman, breeder or feeder of livestock subject to brand inspection; and means and includes any sale of livestock by an association of breeders of livestock subject to brand inspection. The state brand board may, by regulation, include other private or public operations at which livestock subject to brand inspection is offered for sale within such definition.

"Written ownership transportation permit" means a statement in writing of a form approved by the state brand board, which permit shall describe the livestock being transported, is signed and dated by the person in whose name the brand on such livestock is recorded in the office of the state brand inspector, and an acknowledgment authorizing the transportation of such livestock, within the state, listing the place of origin, place of destination of such transportation, the consignee thereof and his address, and such other information as may be required by the state brand board. An ownership transportation permit is not valid for a change in ownership of livestock, and is not valid to transport livestock outside of the state.

"Stock grower" means any person owning any livestock in this state to be slaughtered for human consumption whether in this state or outside of this state, or any person engaging in the business of breeding, growing or raising livestock.

at an election held for that purpose; provided, however, that no elec­

be entitled to enter into a lease or other transaction regardless of
the amount involved with the Idaho health facilities authority upon
determination by the board of the hospital district that it is in the

enter into such lease or other transaction. The declaration of public

red therefor, and the maximum rate of interest to be paid on such
indebtedness. Such resolutions shall also fix the date upon which such
election shall be held, and the manner of holding the same, and the
method of voting for or against the incurring of the proposed indebt­

purposes of the real and personal property within the said district,
according to the assessment of the year preceding any such issuance of
such evidence of indebtedness for any or all of the propositions spec­

be issued, nor shall any indebtedness be incurred, at any time that
there shall be a bond issue outstanding and unpaid for the construc­
tion, acquisition or maintenance of a county hospital in the county in
which such district is organized.

tee of the same political party, if any, of the former officer, whose office is vacant, shall submit a list of three (3) nominations to the board of county commissioners within fifteen (15) days from the day the office is vacated. The board of county commissioners shall fill the vacancy by appointment from the submitted list within fifteen (15) days. CHAPTER 82
(H.B. No. 235)

AN ACT
RELATING TO THE USE TAX; AMENDING SECTION 63-3621, IDAHO CODE, TO PROVIDE AN EXEMPTION FOR MATERIALS DONATED TO A NONPROFIT ORGANIZATION, THE STATE OF IDAHO OR ANY POLITICAL SUBDIVISION OF THE STATE FOR INCORPORATION INTO REAL PROPERTY OF THE DONEE.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3621, Idaho Code, be, and the same is hereby amended to read as follows:

63-3621. IMPOSITION AND RATE OF THE USE TAX -- EXEMPTIONS. An excise tax is hereby imposed on the storage, use, or other consumption in this state of tangible personal property acquired on or after July 1, 1965, for storage, use, or other consumption in this state at the rate of five per cent (5%) of the value of the property, and a recent sales price shall be presumptive evidence of the value of the property.

(a) Every person storing, using, or otherwise consuming, in this state, tangible personal property is liable for the tax. His liability is not extinguished until the tax has been paid to this state except that a receipt from a retailer maintaining a place of business in this state or engaged in business in this state given to the purchaser is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

(b) Every retailer engaged in business in this state, and making sales of tangible personal property for the storage, use, or other consumption in this state, not exempted under section 63-3622, Idaho Code, shall, at the time of making the sales or, if storage, use or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the state tax commission.

(c) The provisions of this section shall not apply when the retailer pays sales tax on the transaction and collects reimbursement for such sales tax from the customer.

(d) Every retailer engaged in business in this state or maintaining a place of business in this state shall register with the state tax commission and give the name and address of all agents operating in this state, the location of all distributions or sales houses or offices or other places of business in this state, and such other information as the state tax commission may require.

(e) For the purpose of the proper administration of this act and to prevent evasion of the use tax and the duty to collect the use tax, it shall be presumed that tangible personal property sold by any person for delivery in this state is sold for storage, use, or other consumption in this state until the person who makes the sale takes from the purchaser a certificate to the effect that the property is purchased for resale or rental. When a properly executed resale certificate is delivered to the retailer, the retailer is relieved from all liability to collect any sales or use tax on the transaction.

The certificate shall be signed by and bear the name and address of the purchaser, shall indicate the number of the permit issued to the purchaser, and shall indicate the amount and general character of the tangible personal property sold or rented by the purchaser in the regular course of business. The certificate shall be substantially in such form as the state tax commission may prescribe.

(f) If a purchaser who gives a certificate makes any storage or
use of the property other than retention, demonstration, or display while holding it for sale in the regular course of business, the storage or use is taxable as of the time the property is first so stored or used. If the sole use of the property, other than retention, demonstration or display in the regular course of business, is the rental of property while holding it for sale, the purchaser may elect to include in his sales at retail the total amount of the rental charge rather than the sale price of the property to him.

(g) If a purchaser gives a certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold.

(h) Any person violating any provisions of this section is guilty of a misdemeanor and punishable by a fine not in excess of one hundred dollars ($100), and each violation shall constitute a separate offense.

(i) It shall be presumed that tangible personal property shipped or brought to this state by the purchaser was purchased from a retailer, for storage, use or other consumption in this state.

(j) It shall be presumed that tangible personal property delivered outside this state to a purchaser known by the retailer to be a resident of this state was purchased from a retailer for storage, use, or other consumption in this state. This presumption may be controverted by evidence satisfactory to the state tax commission that the property was not purchased for storage, use, or other consumption in this state.

(k) When the tangible personal property subject to use tax has been subjected to a general retail sales or use tax by another state of the United States at a rate equal to or greater than the rate of the Idaho tax, and evidence can be given of such payment, the property will not be subject to Idaho use tax. If the rate paid the other state was less, the property will be subject to use tax to the extent that the Idaho rate exceeds the rate of the other state. For the purposes of this subsection, a registration certificate or title issued by another state or subdivision thereof for a vehicle or trailer or a vessel as defined in section 67-7003, Idaho Code, shall be sufficient evidence of payment of a general retail sales or use tax.

(l) The use tax herein imposed shall not apply to the use by a nonresident of this state of a motor vehicle which is registered or licensed under the laws of the state of his residence and is not used in this state more than three (3) months, and which is not required to be registered or licensed under the laws of this state, or to the use of household goods, personal effects and private automobiles by a bona fide resident of this state, if such articles were acquired by such person in another state while a bona fide resident thereof and primarily for use outside this state and if such use was actual and substantial, but if an article was acquired less than three (3) months prior to the time he entered this state, it will be presumed that the article was acquired for use in this state and that its use outside this
(m) The use tax herein imposed shall not apply to the storage, use or other consumption of tangible personal property which is or will be incorporated into real property and which has been donated to and has become the property of:

1. A nonprofit organization as defined in section 63-36220, Idaho Code; or
2. The state of Idaho; or
3. Any political subdivision of the state.

This exemption applies whether the tangible personal property is incorporated in real property by the donee, a contractor or subcontractor of the donee, or any other person.

SECTION 1. That Section 42-1408A, Idaho Code, be, and the same is hereby amended to read as follows:

42-1408A. SERVICE OF NOTICE OF ORDER COMMENCING A GENERAL ADJUDICATION. (1) Upon entry of a district court's order commencing a general adjudication, the director shall prepare a notice of order, using plain and concise language, that contains the following information or enclosures:
(a) an order commencing a general adjudication has been entered, the date of entry of the order, and the district court that entered the order;
(b) an illustration of the boundaries of the water system to be adjudicated;
(c) that section 42-1409, Idaho Code, requires in a general adjudication all claimants, except as specifically excluded by law, to file for each water right, a notice of claim on a form furnished by the director; failure to file a required notice of claim will result in a court determination that no water right exists for the use of water for which the required notice of claim was not filed;
(d) a notice of claim is required for any water right license and for any water right permit on file for which the director requires a permit holder to file a notice of claim in accordance with section 42-1409, Idaho Code; a notice of claim may be filed for any other water right permit;
(e) a notice of claim is not required for a water right evidenced by an application on file with the department;
(f) a notice of claim, if the court order excludes any uses from an adjudication, may be filed for the excluded use prior to the filing of the director's report with the district court and the right will be determined, even though a notice of claim is not required;
(g) a notice of claim is not required for any person who receives water solely by virtue of ownership of shares of stock in, or by being located within the boundaries of, a water delivery organiza-
tion, if the water delivery organization holds legal title to the water right and if the water delivery organization files a notice of claim;

(h) the date set by the director for filing a timely notice of claim, which shall not be less than ninety (90) days after service;

(i) the locations at which the notice of claim forms will be available and at which a reasonably detailed map of the boundaries of the water system will be posted;

(j) section 42-1414, Idaho Code, requires each claimant, other than those exempted by federal law, to pay a variable fee with a notice of claim; failure to pay the fee will result in rejection of the notice of claim; failure to file a timely notice of claim will result in the assessment of a late fee in the amount of fifty dollars ($50.00) or fifteen per cent (15%) of the original filing fee, whichever is greater;

(k) section 42-1409, Idaho Code, requires that all purchasers of a water right inquire of the director whether a notice of claim has been filed, and if not, to file a notice of claim, except as specifically excluded by law, and that all claimants and purchasers provide the director written notice of any change in ownership, along with some evidence of ownership or of any change in mailing address; and

record, is constructive notice of the contents thereof within the county in which the notice is recorded, to subsequent purchasers and mortgagees.

(3) The director shall send the notice of order by ordinary mail to all persons who submit a written request to the director to be notified of the commencement of an adjudication. The director may circulate copies in any additional manner the director deems appropriate.

(4) Upon expiration of the period for filing notices of claims, the director shall compare the notices of claims with department records and other information reasonably available to determine whether there are any rights to water from the water system for which no notice of claim was filed. In the event the director determines that not all claimants have filed claims, the director shall make a reasonably diligent effort in accordance with the court order to determine the land to which the possible claim is appurtenant, the last known owner of that land, and the last known address of that owner. The director shall serve a notice of order on the last known owner in accordance with the court order. CHAPTER 91
(S.B. No. 1013)

AN ACT
RELATING TO THE MOTOR VEHICLE NONRESIDENT VIOLATOR COMPACT; AMENDING TITLE 49, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 25, TITLE
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 49, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 25, Title 49, Idaho Code; and to read as follows:

CHAPTER 25
NONRESIDENT VIOLATOR COMPACT

49-2501. ENACTMENT OF COMPACT. The nonresident violator compact hereinafter called "the compact" is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

NONRESIDENT VIOLATOR COMPACT

ARTICLE I
Findings and Declaration of Policy

(1) The party jurisdictions find that:
(a) In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than his home jurisdiction must post collateral or bond to secure appearance for trial at a later date; or if unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or is taken directly to court for his trial to be held. In some instances, the motorist's driver's license may be deposited as collateral to be returned after he has complied with the terms of the citation. The purpose of the practices described is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue on his way after receiving the traffic citation, could return to his home jurisdiction and disregard his duty under the terms of the traffic citation.
(b) A motorist receiving a traffic citation in his home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation and to immediately continue on his way after promising or being instructed to comply with the terms of the citation.
(c) The practice described in paragraph (a) of this subsection causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial or pay the fine, and thus is compelled to remain in custody until some arrangement can be made.
(d) The deposit of a driver's license as a bail bond, as described in paragraph (a) of this subsection, is viewed with disfavor.
(e) The practices described herein consume an undue amount of law
enforcement time.
(2) It is the policy of the party jurisdictions to:
(a) Seek compliance with the laws, ordinances and administrative rules and regulations relating to the operation of motor vehicles in each of the jurisdictions.
(b) Allow motorists to accept a traffic citation for certain violations and proceed on their way without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued.
(c) Extend cooperation to its fullest extent among the jurisdictions for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction.
(d) Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.
(3) The purpose of this compact is to:
(a) Provide a means through which the party jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in subsection (2) hereof in a uniform and orderly manner.
(b) Provide for the fair and impartial treatment of traffic violators operating within party jurisdictions in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.

ARTICLE II
Definitions
As used in this compact, the following words have the meaning indicated, unless the context requires otherwise:
(1) "Citation" means any summons, ticket or other official document issued by a police officer for a traffic violation containing an order which requires the motorist to respond.
(2) "Collateral" means any cash or other security deposited to secure an appearance for trial, following the issuance by a police officer of a citation for a traffic violation.
(3) "Compliance" means to appear in court or pay the fine and costs specified in the citation or to fulfill an obligation arising from any other option expressly stated upon the citation.
(4) "Court" means a court of law or traffic tribunal.
(5) "Driver's license" means any license or privilege to operate a motor vehicle issued under the laws of the home jurisdiction.
(6) "Home jurisdiction" means the jurisdiction that issued the driver's license of the traffic violator.
(7) "Issuing jurisdiction" means the jurisdiction in which the traffic citation was issued to the motorist.
(8) "Jurisdiction" means a state, territory or possession of the United States, the District of Columbia, Commonwealth of Puerto Rico, provinces of Canada or other countries.
(9) "Motorist" means a driver of a motor vehicle operating in a party jurisdiction other than the home jurisdiction.
(10) "Personal recognizance" means an agreement by a motorist made at the time of issuance of the traffic citation that he will comply with the terms of that traffic citation.
(11) "Police officer" means any individual authorized by the party jurisdiction to issue a citation for a traffic violation.
(12) "Terms of the citation" mean those options expressly stated upon the citation.

ARTICLE III
Procedure for Issuing Jurisdiction
(1) When issuing a citation for a traffic violation, a police officer shall issue the citation to a motorist who possesses a driver's license issued by a party jurisdiction and shall not, subject to the exceptions noted in subsection (2) hereof, require the motorist to post collateral to secure appearance, if the officer receives the motorist's personal recognizance that he will comply with the terms of the citation.
(2) Personal recognizance is acceptable only if not prohibited by law. If mandatory appearance is required, it should take place immediately following issuance of the citation.
(3) Upon failure of a motorist to comply with the terms of a traffic citation, the appropriate official shall report to the licensing authority of the jurisdiction in which the traffic citation was issued of the failure to comply.
(4) Upon receipt of the report, the licensing authority of the issuing jurisdiction shall transmit to the licensing authority in the home jurisdiction of the motorist, the information in a form and content as contained in the compact manual.
(5) The licensing authority of the issuing jurisdiction need not suspend the privilege of a motorist for whom a report has been transmitted.
(6) The licensing authority of the issuing jurisdiction shall not transmit a report on any violation if the date of transmission is more than six (6) months after the date on which the traffic citation was issued.
(7) The licensing authority of the issuing jurisdiction shall not transmit a report on any violation where the date of issuance of the citation predates the most recent of the effective dates of entry for the two (2) jurisdictions affected.

ARTICLE IV
Procedure for Home Jurisdiction
(1) Upon receipt of a report of a failure to comply from the licensing authority of the issuing jurisdiction, the licensing authority of the home jurisdiction shall notify the motorist and initiate a suspension action, in accordance with the home jurisdiction's procedures, to suspend the motorist's driver's license until satisfactory evidence of compliance with the terms of the traffic citation has been furnished to the home jurisdiction licensing authority.
(2) The licensing authority of the home jurisdiction shall maintain a record of actions taken and make reports to issuing jurisdictions as provided in the compact manual.

ARTICLE V
Applicability of Other Laws
Except as expressly required by the provisions of this compact, nothing contained herein shall be construed to affect the right of any party jurisdiction to apply any of its other laws relating to license to drive to any person or circumstance, or to invalidate or prevent
any driver license agreement or other cooperative arrangements between a party jurisdiction and a nonparty jurisdiction.

ARTICLE VI
Compact Administrator Procedures

(1) For the purpose of administering the provisions of this compact and to serve as a governing body for the resolution of all matters relating to the operation of this compact, a board of compact administrators is established. The board shall be composed of one (1) representative from each party jurisdiction to be known as the compact administrator. The compact administrator shall be appointed by the jurisdiction executive and will serve and be subject to removal in accordance with the laws of the jurisdiction he represents. A compact administrator may provide for the discharge of his duties and the performance of his functions as a board member by an alternate. An alternate may not be entitled to serve unless written notification of his identity has been given to the board.

(2) Each member of the board of compact administrators shall be entitled to one (1) vote. No action of the board shall be binding unless taken at a meeting at which a majority of the total number of votes on the board are cast in favor. Action by the board shall be only at a meeting at which a majority of the party jurisdictions are represented.

(3) The board shall elect annually, from its membership, a chairman and vice chairman.

(4) The board shall adopt bylaws, not inconsistent with the provisions of this compact or the laws of a party jurisdiction, for the conduct of its business and shall have the power to amend and rescind its bylaws.

(5) The board may accept for any of its purposes and functions under this compact, any and all donations, grants of money, equipment, supplies, materials and services, conditional or otherwise, from any jurisdiction, the United States or any other governmental agency, and may receive, utilize and dispose of the same.

(6) The board may contract with, or accept services or personnel from any governmental or intergovernmental agency, person, firm or corporation, or any private nonprofit organization or institution.

(7) The board shall formulate all necessary procedures and develop uniform forms and documents for administering the provisions of this compact. All procedures and forms adopted pursuant to board action shall be contained in the compact manual.

ARTICLE VII
Entry Into Compact and Withdrawal

(1) This compact shall become effective when it has been adopted by at least two (2) jurisdictions.

(a) Entry into the compact shall be made by a resolution of ratification executed by the authorized officials of the applying jurisdiction and submitted to the chairman of the board.

(b) The resolution shall be in a form and content as provided in the compact manual and shall include statements that in substance are as follows:

1. A citation of the authority by which the jurisdiction is empowered to become a party to this compact.

2. Agreement to comply with the terms and provisions of the
compact.

3. That compact entry is with all jurisdictions then party to the compact and with any jurisdiction that legally becomes a party to the compact.

(c) The effective date of entry shall be specified by the applying jurisdiction, but it shall not be less than sixty (60) days after notice has been given by the chairman of the board of compact administrators or by the secretariat of the board to each party jurisdiction that the resolution from the applying jurisdiction has been received.

(2) A party jurisdiction may withdraw from this compact by official written notice to the other party jurisdictions, but a withdrawal shall not take effect until ninety (90) days after notice of withdrawal is given. The notice shall be directed to the compact administrator of each member jurisdiction. No withdrawal shall affect the validity of this compact as to the remaining party jurisdictions.

(2) Adoption of an amendment shall require endorsement of all party jurisdictions and shall become effective thirty (30) days after the date of the last endorsement.

(3) Failure of a party jurisdiction to respond to the compact chairman within one hundred twenty (120) days after receipt of the proposed amendment shall constitute endorsement.

ARTICLE X

This compact shall be liberally construed so as to effectuate the purposes stated herein. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party jurisdiction or of the United States or the applicability thereof to any government agency, person or circumstance is held invalid, the compact shall not be affected thereby. If this compact shall be held contrary to the constitution of any jurisdiction party thereto, the compact shall remain in full force and effect as to the remaining jurisdictions and in full force and effect as to the jurisdiction affected as to all severable matters.

(S.B. No. 1061)

AN ACT
RELATING TO WATER DISTRICTS; AMENDING SECTION 42-605, IDAHO CODE, TO DELETE THE WORD IRRIGATION AND TO REVISE THE METHOD OF VOTING AT ANNUAL WATER DISTRICT MEETINGS BASED UPON THE AVERAGE ANNUAL DOLLAR AMOUNT BILLED FOR A PERSON'S QUALIFYING WATER RIGHT IN PREVIOUS YEARS; AMENDING CHAPTER 6, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-605A, IDAHO CODE, TO PROVIDE A PROCEDURE FOR DETERMINING ANNUAL WATER DISTRICT ASSESSMENTS AND VOTING RIGHTS FOR NONCONSUMPTIVE WATER RIGHTS ADMINISTERED BY THE WATERMASTER, TO EXEMPT INSTREAM FLOW WATER RIGHTS FROM THE PAYMENT OF ASSESSMENTS, AND TO PROVIDE A PROCEDURE FOR CONTESTING THE AMOUNT OF AN ASSESSMENT FOR A NONCONSUMPTIVE WATER RIGHT; AMENDING SECTION 42-608, IDAHO CODE, TO PROVIDE A PROCEDURE FOR EXTENSION OF THE WATERMASTER'S TERM OF SERVICE BY ORDER OF THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES, AND TO MAKE CERTAIN ORGANIZATIONAL AND WORD USAGE CHANGES; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-605, Idaho Code, be, and the same is hereby amended to read as follows:

42-605. DISTRICT MEETINGS -- WATERMASTER AND ASSISTANTS -- ELECTION -- REMOVAL -- OATH AND BOND. (1) There shall be held on the first Monday in March in each year, and, except as provided in subsection (2) of this section, commencing at two o'clock P.M., a meeting of all persons owning or having the use of a water right, in the waters of the stream or water supply comprising such district, which right has been adjudicated or decreed by the court or is represented by valid permit or license issued by the department of water resources.

(2) Such meeting shall be held at some place within the water district, convenient to a majority of those entitled to vote thereat, which place shall be designated by the department of water resources, and the department shall, between January first and February first of each year, file such designation with the county auditor of the county or counties within which such water district is situated and shall notify by mail all persons, companies or corporations known by it to own or claim the use of the waters of such district, which right has been adjudicated or decreed by the court or is represented by valid permit or license issued by the department of water resources. Provided that in water districts whose area includes land in more than four (4) counties the annual meeting shall commence at ten o'clock A.M. instead of two o'clock P.M. Provided, further, that any water district may, by resolution adopted at an annual meeting or at a special meeting properly called for that purpose, change the time of day when the meeting shall commence or change the date for annual meetings in subsequent years to any weekday except Saturday between the second Monday of January and the third Monday in March or change both the time and the date, in which case the department of water resources...
shall send its notification at least thirty (30) days prior to said meeting date.

(3) At such meeting there shall be elected a watermaster for such water district, and such other regular assistants as such meeting shall deem necessary, and such meeting shall prior to the election of such watermaster and assistants fix the compensation to be paid them during the time actually engaged in the performance of their duties.

(4) At such meeting each person present, owning or having the use for the ensuing irrigation season of any water right in the stream or water supply comprising such water district, which right has been adjudicated or decreed by the court or is represented by valid permit or license issued by the department of water resources, shall be entitled to a number of votes equal to the rate-of-flow-in-cubic-feet—per second—including-any-fractions-thereof—of-said-qualifying-water-right average annual dollar amount and any fraction thereof assessed for that person's qualifying water right for the previous five (5) years, or such lesser number of years as the right has been assessed. If a right has not previously been assessed, a person present, owning or having the use of the right for the ensuing season shall be entitled to a number of votes equal to the dollar amount and any fraction thereof which the right would have been assessed had it existed and been reasonably used when water was available under the priority of the right during the previous season.

(45) Such meeting shall choose a chairman and secretary and shall determine the manner and method of electing watermasters and assistants. Within five (5) days after such meeting the chairman and secretary shall forward a certified copy of the minutes of such meeting to the department of water resources.

(56) A corporation or a water delivery organization, including, but not limited to corporations, water companies, irrigation districts, irrigation companies and canal companies, shall be considered a person for the purpose of this section and shall cast its vote by someone to be designated by the corporation; provided, that each stockholder in said corporation shall be entitled to as many votes as he shall have units of cubic feet per second or fraction thereof, of water in the stream or water supply comprising such water district.

(67) Should said meeting not be held, or should said watermaster not be chosen or his compensation fixed as above provided, then the department of water resources is authorized to appoint such watermaster and fix his compensation.

(78) The department of water resources may remove any watermaster whenever such watermaster fails to perform his duty as watermaster, upon complaint in that respect being made to the department in writing, by one (1) person owning or having the right to the use of a water right in such district, which right has been adjudicated or decreed by the court or is represented by valid permit or license issued by the department of water resources provided, that upon investigation the department, after a hearing with the other water users of said district, which shall be held in the district, finds such charge to be true, and the department may appoint a successor for the unexpired term.

(89) Before entering upon the duties of his office, said watermaster shall take and subscribe an oath before some officer
authorized by the laws of the state to administer oaths, to faithfully perform the duties of his office, as provided in section 42-607, Idaho Code, and shall file that oath with the department of water resources. Upon appointment by the director of the department of water resources, the actions taken by a watermaster in fulfillment of the duties of his office are covered by the state group surety bond as provided by sections 59-801 through 59-804, Idaho Code.

SECTION 2. That Chapter 6, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-605A, Idaho Code, and to read as follows:

42-605A. NONCONSUMPTIVE WATER RIGHTS -- ASSESSMENTS -- VOTING.

(1) Notwithstanding other provisions of this chapter, the setting of annual water district assessments and the voting of permitted, licensed and decreed water rights administered by the watermaster solely for nonconsumptive purposes shall be determined in accordance with the provisions of this section. For purposes of this chapter, a water right is nonconsumptive if so designated by provisions of the permit or license issued by the department of water resources, or otherwise so designated by the director, or by decree of the court allowing use of the right to continue when the diversion of earlier priority water rights from the same source has been reduced or stopped by action of the watermaster.

(2) A nonconsumptive water right is subject to the provisions of this section if water is taken into man-made facilities for beneficial use whether or not the water leaves the river or stream channel. Instream flow water rights held in the name of governmental entities or agencies for the protection of fish and wildlife habitat, aquatic life, recreation, aesthetic beauty, transportation and navigation values, and water quality shall be exempt from the payment of assessments and the rights shall not be voted. The procedure for collection and payment of the assessments shall be the same as used for consumptive water rights under this chapter.

(3) In preparing the next year's budget, the watermaster shall determine an assessment for the ensuing year for each water right used solely for nonconsumptive purposes. The assessment shall be sufficient to pay the additional costs and expenses for watermaster services for data collection, water measurement, delivery of water, and record keeping directly attributable to delivery of the water right.

(4) The assessment shall not become final until adopted as part of the water district budget at the annual meeting of water users in accordance with section 42-612, Idaho Code. The assessment shall not exceed an amount necessary to pay for watermaster services associated with the nonconsumptive right. Nothing in this section shall affect the right, under section 42-612, Idaho Code, of the water users at the annual meeting to provide by resolution for a minimum charge for watermaster services, except as to those instream flow rights exempt from the payment assessments under this section.

(5) The holder of a water right assessed under the provisions of this section who desires to contest the amount of an assessment for a nonconsumptive water right shall file a written petition with the
director of the department of water resources stating the grounds for contesting the assessment and requesting a hearing. The petition must be filed with the director within thirty (30) days after the billing is mailed to the holder of the water right as provided in section 42-613 or 42-618, Idaho Code. The hearing before the director and any judicial review thereof shall be in accordance with the provisions of section 42-1701A, Idaho Code. The filing of a petition under this section shall not relieve the holder of a nonconsumptive water right from the obligation to pay the assessment when due and payable. The amount of any excessive or deficient assessment determined by a final order of the director shall be credited or collected in the succeeding year in the manner provided under section 42-614, Idaho Code.

(6) At water district meetings, each person present holding a water right used solely for nonconsumptive purposes shall be entitled to a number of votes equal to the average dollar amount and any fraction thereof assessed in accordance with subsection (3) of this section for that person's qualifying nonconsumptive water right for the previous five (5) years, or such lesser number of years as the right has been assessed in accordance with subsection (3) of this section. If a nonconsumptive right has not been assessed in previous years using subsection (3) of this section, a person present owning or having the use of the right for the ensuing season shall be entitled to a number of votes equal to the dollar amount and any fraction thereof which the right is assessed under subsection (3) of this section for the ensuing season.

SECTION 3. That Section 42-608, Idaho Code, be, and the same is hereby amended to read as follows:

42-608. WATERMASTER'S TERM OF SERVICE. (1) Said watermasters shall not begin their work until they have been called upon by three (3) or more owners or managers of ditches or persons controlling ditches, in the several districts, by application in writing, stating that there is a necessity for the use and control of the waters of such district.

(2) In the absence of application or in water districts in which there are five (5) or less adjudicated water rights, the watermaster may be called upon to assume his duties at any time the department of water resources finds that there is a necessity for the use and control of the waters of the district.

(3) The watermaster shall not continue performing services after the necessity therefor shall cease, which shall be determined by the department of water resources, and in no-event which shall not be after the first of November of each year, unless determined necessary by the director of the department of water resources or otherwise provided by the rules and regulations of the respective districts, adopted at the annual water users' meeting.

(4) At any annual meeting the water users may, by resolution, provide that the watermaster shall serve throughout the year. The department of water resources, upon receipt of a certified copy of the minutes of said meeting containing such resolution and upon the receipt of the oath and-official-bond of said watermaster, as provided in section 42-605, Idaho Code, shall immediately issue a certifi-

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 72-1313, Idaho Code, be, and the same is hereby amended to read as follows:

72-1313. COMPUTATION DATE. The term "computation date" means the
June 30 preceding the commencement of the calendar year for which a covered employer's contribution taxable wage rate is effective except that the charging of benefits to a covered employer's account shall be made in accordance with the formula as provided in section 72-1351(b), Idaho Code.

SECTION 2. That Section 72-1319, Idaho Code, be, and the same is hereby amended to read as follows:

72-1319. ELIGIBLE EMPLOYER. (a) To determine experience ratings for the year 1969 and every calendar year thereafter, the term "eligible employer" means a covered employer who has completed a qualifying period as defined in subsection (b) of this section, and who has filed all payroll reports required, has paid, on or before the cut-off date, all contributions and penalties due and has established a record of accumulated contributions in excess of benefits charged to his account. For the purposes of this section, delinquencies of a minor nature may be disregarded if showing is made to the satisfaction of the director that such covered employer has acted in good faith and that forfeiture of a reduced contribution taxable wage rate because of such minor delinquency would be inequitable.

(b) "Qualifying period" shall be the period of three (3) consecutive years ending on the computation date in which, during all of said years, the employer shall be chargeable for benefits under this state law, except, that a new employer shall have a qualifying period of one (1) year ending on the computation date in which, during all of said year, the employer shall be chargeable for benefits under this state law.

(c) If the director finds that an employer's business is closed solely because of the entrance of one or more of the owners, officers, partners, or the majority stockholder into the armed forces of the United States, of any of its allies, or of the United Nations after January 1, 1951, such employer's account shall not be terminated; and, if the business is resumed within 2 years after the discharge or release from active duty in the armed forces of such person or persons, the employer's experience shall be deemed to have been continuous throughout such period. The experience factor as defined in section 72-1351(a)(1) of any such employer shall be the total contributions paid by such employer minus all benefits (including benefits paid to any individual during the period such employer was in the armed forces) based upon wages paid by him prior to his entrance into such forces, divided by the average of his annual payrolls for the number of fiscal years immediately preceding the computation date such employer has been in business prior to and after service in the armed forces, using a minimum of two (2) fiscal years and a maximum of four (4) fiscal years.

SECTION 3. That Chapter 13, Title 72, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 72-1319B, Idaho Code, and to read as follows:

72-1319B. TAXABLE WAGE RATE. The term "taxable wage rate" means
the numerical values provided in subsection 72-1350(g), Idaho Code, for the purpose of establishing contribution rates and reserve tax rates for covered employers.

SECTION 4. That Section 72-1322, Idaho Code, be, and the same is hereby amended to read as follows:

72-1322. EXPERIENCE RATING DEFINED. The term "experience rating" means a method of determining variable contribution taxable wage rates allowed to covered employers.

SECTION 5. That Chapter 13, Title 72, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 72-1347A, Idaho Code, and to read as follows:

72-1347A. EMPLOYMENT SECURITY RESERVE FUND -- SPECIAL ADMINISTRATION FUND. (a) There is hereby established in the state treasury a special trust fund, separate and apart from all other public moneys or funds of this state, to be known as the employment security reserve fund, hereinafter "reserve fund." Except as provided herein, all proceeds from the reserve tax defined in subsection (b) of this section shall be paid into the reserve fund and shall be mingled and undivided. The moneys in the reserve fund may be used by the director for loans to the employment security fund, section 72-1346, Idaho Code, as security for loans from the federal unemployment insurance trust fund, and for the repayment of any interest bearing advances, including interest, made under title XII of the social security act, 42 USC 1321 through 1324, and shall be continuously available to the director for expenditure in accordance with the provisions of this section. The state treasurer shall be the ex officio treasurer and custodian of the reserve fund and shall invest said moneys in accordance with existing law and rules promulgated pursuant thereto. The state treasurer shall disburse the moneys from the reserve fund in accordance with the directions of the director.

(b) Effective January 1, 1991, a reserve tax shall be and is hereby imposed on all covered employers required to pay contributions pursuant to section 72-1350, Idaho Code. The reserve tax shall be due and payable at the same time and in the same manner as contributions. For calendar year 1991 and each year thereafter if the reserve fund is less than one percent (1%) of state taxable wages in the penultimate year of December 31 of the preceding calendar year, the reserve tax rate for all eligible, standard-rated and deficit employers shall be equal to the taxable wage rate then in effect less the assigned contribution rate. The terms and conditions of the provisions of this chapter which apply to the payment and collection of contributions also apply to the payment and collection of the reserve tax imposed by this subsection, including the same calculations, assessments, method of payment, penalties, interest, costs, liens, injunctive relief, collection procedures and refund procedures. In the administration of the provisions of this section and the collection of the reserve tax created in this subsection, the director is granted all rights, authority, and prerogatives granted the director under the provisions of
this chapter. Moneys collected from an employer delinquent in paying contributions and reserve taxes shall first be applied to pay any penalty and interest imposed pursuant to the provisions of this chapter and shall then be applied pro rata to pay delinquent contributions to the employment security fund, section 72-1346, Idaho Code, and delinquent reserve taxes to the reserve fund pursuant to this section. Any interest and penalties collected pursuant to this subsection shall be paid into the state employment security administrative and reimbursement fund, section 72-1348, Idaho Code, and any interest or penalties refunded under this subsection shall be paid out of that same fund. Reserve taxes paid pursuant to this subsection may not be deducted in whole or in part by any employer from the wages of individuals in its employ. All reserve taxes collected pursuant to this subsection shall be deposited in the clearing account of the employment security fund, section 72-1346, Idaho Code, for clearance only and shall not become part of such fund. After clearance, the moneys shall be deposited in the reserve fund established in subsection (a) of this section. Except as to reserve taxes unpaid on the date on which they are due and payable, no reserve taxes shall be collected or paid into the reserve fund during a calendar year if, as of December 31 of the preceding calendar year, the balance of the reserve fund equals or exceeds one percent (1%) of the state taxable wages for the penultimate calendar year, or exceeds forty-nine percent (49%) of the actual balance of the employment security fund, section 72-1346, Idaho Code. This subsection is repealed effective January 1, 1996, unless, prior to that date, the Idaho legislature approves the continuation of this subsection by repealing this sunset clause.

(c) The interest earned from investment of the reserve fund moneys shall be deposited in a fund hereby established in the state treasurer's office, to be known as the department of employment special administration fund, hereinafter "special administration fund." The moneys in the special administration fund shall be held separate and apart from all other public moneys or funds of this state and shall be mingled and undivided. The state treasurer shall be the ex officio treasurer and custodian of this fund and may invest said moneys in accordance with existing law and rules promulgated pursuant thereto. Any interest earned on said moneys shall be deposited in the special administration fund. In the absence of a specific appropriation, the moneys in the special administration fund are hereby perpetually appropriated to the director and may be expended with the approval of the advisory council appointed pursuant to section 72-1336, Idaho Code, for costs related to employment service programs and unemployment insurance programs administered under the employment security law. The director shall report annually to the legislature and the advisory council the expenditures and disbursements made from the fund during the preceding fiscal year, and the expenditures and disbursements and/or commitments made during the current fiscal year to date.

(d) Administrative costs for the collection of the reserve tax defined in subsection (b) of this section, and any penalties or interest thereon, shall be paid from federal administrative grants received under title III of the social security act, as amended, to the extent permitted by federal law, and then from the state employment security
administrative and reimbursement fund, section 72-1348, Idaho Code, until such time as the special administration fund established in subsection (c) of this section, has sufficient moneys to cover such administrative costs but in any event, no later than July 1, 1992. After July 1, 1992, such administrative costs shall be paid from federal administrative grants received under title III of the social security act, as amended, to the extent permitted by federal law, and then from the special administration fund.

SECTION 6. That Section 72-1350, Idaho Code, be, and the same is hereby amended to read as follows:

72-1350. TAXABLE WAGE BASE AND CONTRIBUTION TAXABLE WAGE RATES.
(a) All remuneration for personal services as defined in section 72-1328, Idaho Code, equal to the average annual wage in covered employment for the penultimate calendar year, rounded to the nearest multiple of six hundred dollars ($600), or the amount of taxable wage base specified in the federal unemployment tax act, whichever is higher, shall be the taxable wage base for purposes of this act.
(b) All covered employers, except those eligible and electing the cost reimbursement payment method, shall pay contribution be assigned taxable wage rates as assigned annually by the director in accordance with the following, provided, however, and notwithstanding any other provision of the employment security law, for calendar years 1987 and 1988, the contribution rates for all covered experience-rated employers shall be determined in accordance with schedule V.
(c) A desired employment security fund size shall be determined for each calendar year by calculating from the penultimate year, the ten (10) year average of annual benefits paid to wages covered, multiplied by one and one-half (1.5). The resulting ratio, when applied to the covered wages of the penultimate year, represents the desired fund size. This calculation is hereafter referred to as the average cost multiple (ACM).
(d) Beginning in calendar year 1989 and effective each calendar year thereafter, the ACM becomes the ratio at the top of contribution taxable wage rate schedule V as provided in subsection (g) of this section, and all other ratios for schedules I through IX are adjusted up or down from schedule V in equal increments of .005.
(e) The contribution taxable wage rate schedule for each calendar year shall be determined by comparing the ratio of the actual balance of the employment security fund, section 72-1346, Idaho Code, and the reserve fund, section 72-1347A, Idaho Code, on December 31, to the wages covered in the penultimate year against the contribution taxable wage schedule ratios as provided in subsection (d) of this section.
(f) The ratios computed for each contribution taxable wage rate schedule as provided in subsection (d) of this section shall be placed with their appropriate schedule at the top of the columns as provided in subsection (g) of this section, and shall represent the minimum fund level required for the specific schedule to be in effect.

(h) Employers' rates will be assigned with contribution rates equal to the taxable wage rates provided in each schedule for eligible, standard-rated and deficit employers, based upon their experience as determined under the provisions of sections 72-1319, 72-1319A and 72-1351, Idaho Code. Provided, however, that for calendar year 1991 and each calendar year thereafter, if a reserve tax is imposed pursuant to section 72-1347A, Idaho Code, the contribution rates for all employers, with the exception of any deficit employer who has been assigned a taxable wage rate from rate class six pursuant to this section, shall be eighty percent (80%) of the taxable wage rates then in effect.

(i) Each employer shall be notified of his taxable wage rate of contribution as determined for any calendar year pursuant to this section and section 72-1351, Idaho Code. Such determination shall become conclusive and binding upon the employer, unless within fourteen (14) days after delivery or mailing of the notice thereof to his last known address, the employer files an application for redetermination, setting forth his reasons therefor. Reconsideration shall be limited to transactions occurring subsequent to any previous determination which has become final. The employer shall be promptly notified of the redetermination, which shall become final unless an appeal is filed within fourteen (14) days after delivery or mailing of notice to his last known address. Proceedings on the appeal shall be in accordance with the provisions of section 72-1361, Idaho Code.

SECTION 7. That Section 72-1351, Idaho Code, be, and the same is hereby amended to read as follows:

72-1351. EXPERIENCE RATING. (a) Subject to the other provisions of this act, each eligible and deficit employer's (except cost reimbursement employers) contribution taxable wage rate shall be determined in the manner set forth below for each calendar year:

(1) (i) Each eligible employer shall be given an "experience factor" which shall be the ratio of excess of contributions over benefits paid on the employer's account since December 31, 1939, to his average annual taxable payroll rounded to the next lower dollar amount for the four (4) fiscal years immediately preceding the computation date, except that when an employer first becomes eligible, his "experience factor" will be computed on his average annual taxable payroll for the two (2) fiscal years or more, but not to exceed four (4) fiscal years, immediately preceding the computation date. The computation of such "experience factor" shall be to six (6) decimal places.

(ii) Each deficit employer shall be given a "deficit experience factor" which shall be the ratio of excess of benefits paid on the employer's account over contributions since December 31, 1939, to his average annual taxable payroll rounded to the next lower dollar amount for the one or more fiscal years, but not to exceed four (4) fiscal years, for which he had covered employment ending on the computation date; provided, however, that any employer who on any computation date has a "deficit experience factor" for the period
immediately preceding such computation date but who has filed all reports, paid all contributions and penalties due on or before the cut off date, and has during the last four (4) fiscal years occurring after June 30, 1958, paid contributions at a rate of not less than the standard rate applicable for each such year and in excess of benefits charged to his experience rating account during such years, shall have any balance of benefits charged to his account which on the computation date immediately preceding such four (4) fiscal years were in excess of contributions paid, deleted from his account, and the excess benefits so deleted shall not be considered in the computation of his contribution taxable wage rate for the rate years following such four (4) fiscal years. For the rate year following such computation date, he shall be given the standard rate for that year. (iii) In the event an employer's coverage has been terminated because he has ceased to do business or because he has not had covered employment for a period of four (4) years, and if said employer thereafter becomes a covered employer, he will be considered as though he were a new employer, and he shall not be credited with his previous experience under the act for the purpose of computing any future "experience factor."

(2) Schedules shall be prepared listing all eligible employers in inverse numerical order of their experience factors, and all deficit employers in numerical order of their deficit experience factors. There shall be listed on such schedules for each such employer in addition to the experience factor (a) the amount of his taxable payroll for the fiscal year ending on the computation date, and (b) cumulative total consisting of the sum of such employer's taxable payroll for the fiscal year ending on the computation date and the corresponding taxable payrolls for all other employers preceding him on such schedules.

(3) The cumulative taxable payroll amounts listed on the schedules provided for in paragraph (2) of this subsection shall be segregated into groups whose limits shall be those set out in the table of schedules of contribution taxable wage rates, section 72-1350, Idaho Code, subsection (fg). Each of such groups shall be identified by the rate class number listed in the table which represents the percentage limits of each group. Each employer on the schedules shall be assigned that contribution taxable wage rate opposite his rate class for the tax schedule in effect for the taxable year.

(4) (i) If the grouping of rate classes requires the inclusion of exactly one-half (1/2) of an employer's taxable payroll, such employer shall be assigned the lower of the two (2) rates designated for the two (2) classes in which the halves of his taxable payroll are so required.

(ii) If the group of rate classes requires the inclusion of a portion other than exactly one-half (1/2) of an employer's taxable payroll, such employer shall be assigned the rate designated for the class in which the greater part of his taxable payroll is so required.
(iii) If one or more employers on the schedules have experience factors identical to that of the last employer included in a particular rate class, all such employers shall be included in and assigned the **contribution taxable wage** rate specified for such class, notwithstanding the provisions of paragraph (3) of this subsection.

(5) If the taxable payroll amount or the experience factor or both such taxable payroll amount and experience factor of any eligible or deficit employer listed on the schedules is changed, such employer shall be placed in that position on the schedules which he would have occupied had his taxable payroll amount and/or experience factor as changed been used in determining his position in the first instance, but such change shall not affect the position or rate classification of any other employer listed on the schedules and shall not affect the rate determination for previous years.

(b) For experience rating purposes, all previously accumulated benefit charges to covered employers' accounts, except cost reimbursement employers, pursuant to the applicable regulations prior to the effective date of this subsection shall not be changed except as provided by this act. Benefits paid prior to June 30 shall, as of June 30 of each year preceding the calendar year for which a covered employer's **contribution taxable wage** rate is effective, be charged to the account of the covered employer, except cost reimbursement employers, who paid the largest individual amount of base period wages as shown on the determination used as the basis for the payment of such benefits, except that no charge shall be made to the account of such covered employer with respect to benefits paid under the following situations:

(1) If paid to a worker who terminated his services voluntarily without good cause attributable to such covered employer, or who had been discharged for misconduct in connection with such services;

(2) If paid in accordance with the provisions of section 72-1368(j), Idaho Code, and such determination of decision to pay benefits is subsequently reversed; or

(3) For that portion of benefits paid to multistate claimants pursuant to section 72-1344, Idaho Code, which exceeds the amount of benefits that would have been charged had only Idaho wages been used in paying the claim.

(4) If paid in accordance with the extended benefit program triggered by either national or state indicators.

(5) If paid to a worker who continues to perform services for such covered employer without a reduction in his customary work schedule, and who is eligible to receive benefits due to layoff or a reduction in earnings from another employer.

(c) A covered employer whose experience rating account is chargeable, as prescribed by this section, is an interested party as defined in section 72-1323, Idaho Code. An experience rating record shall be maintained for each covered employer. The record shall be credited with all contributions which the covered employer has paid for covered employment prior to the cut off date, pursuant to the provisions of this and preceding acts, and which covered employment occurred prior
to the computation date. The record shall also be charged with the amount of benefits paid which are chargeable to the covered employer's account as provided by the appropriate provisions of the unemployment compensation law, and employment security law, and regulations thereunder in effect at the time such benefits were paid. Nothing in this section shall be construed to grant any covered employer or individual in his service a priority with respect to any claim or right because of amounts paid by such covered employer into the employment security fund.

(d) (1) Whenever any individual or type of organization (whether or not a covered employer within the meaning of section 72-1315, Idaho Code) in any manner succeeds to, or acquires all or substantially all, of the business of an employer who at the time of acquisition was a covered employer, and in respect to whom the director finds that the business of the predecessor is continued solely by the successor, the separate account and the actual contribution, benefit and taxable payroll experience of the predecessor shall, upon the joint application of the predecessor and the successor within the ninety (90) days after such acquisition and approval by the director, be transferred to the successor employer for the purpose of determining such successor's liability and taxable wage rate of contribution, and any successor who was not a covered employer the date of acquisition shall as of such date become a covered employer as defined in this act; provided, however, that such ninety (90) day period may be extended at the discretion of the director, and provided further that whenever a predecessor covered employer has a deficit experience rating account as of the last computation date such transfer, as herein provided, shall be mandatory except where it is shown by substantial evidence, that the management or ownership or both management and ownership are not substantially the same for the successor as for the predecessor, in which case the successor shall begin with the rate of a new employer.

(2) Whenever any individual or type of organization, whether or not a covered employer within the meaning of section 72-1315, Idaho Code, in any manner succeeds to, or acquires, part of the business of an employer who at the time of acquisition was a covered employer, and such portion of the business is continued by the successor, so much of the separate account and the actual contribution, benefit and taxable payroll experience of the predecessor as is attributable to the portion of the business transferred, as determined on a pro rata basis in the same ratio that the wages of covered employees properly allocable to the transferred portion of the business bears to the payroll of the predecessor in the last four (4) completed calendar quarters immediately preceding the date of transfer, shall, upon the joint application of the predecessor and the successor within ninety (90) days after such acquisition and approval by the director, be transferred to the successor employer for the purpose of determining such successor's liability and taxable wage rate of contribution and any successor who was not an employer on the date of acquisition shall as of such date become a covered employer as defined in this act; provided, however, that such ninety (90) day period may be extended.
at the discretion of the director, and provided further that whenever a predecessor covered employer has a deficit experience rating account as of the last computation date, such transfer, as herein provided, shall be mandatory except where it is shown by substantial evidence, that the management or ownership or both management and ownership are not substantially the same for the successor as for the predecessor, in which case the successor shall begin with the rate of a new employer. Whenever such mandatory transfer involves only a portion of the experience rating record, and the predecessor or successor employers fail within ten (10) days after notice to supply the required payroll information, the transfer shall be based on estimates of the allocable payrolls.

(3) (i) If the successor was a covered employer prior to the date of the acquisition of all or a part of the predecessor's business, his taxable wage rate of contribution, effective the first day of the calendar quarter immediately following the date of acquisition, shall be a newly computed rate based on the combined experience of the predecessor and successor, the resulting rate remaining in effect the balance of the rate year.

(ii) If the successor was not a covered employer prior to the date of the acquisition of all or a part of the predecessor's business, his rate shall be the rate applicable to the predecessor with respect to the period immediately preceding the date of acquisition, but if there were more than one predecessor the successor's rate shall be a newly computed rate based on the combined experience of the predecessors, becoming effective immediately after the date of acquisition, and shall remain in effect the balance of the rate year.

SECTION 8. That Section 72-1359, Idaho Code, be, and the same is hereby amended to read as follows:

72-1359. JEOPARDY ASSESSMENTS. If the director determines that the collection of any contribution, payment in lieu of contribution, or penalty due from any covered employer under the provisions of this act will be jeopardized by delay, he may, whether or not the time prescribed by this act or any regulations issued pursuant thereto for making reports and paying such contributions or payments in lieu of contributions has expired, determine upon the best information obtainable the amount of wages paid by such employer for covered employment and in accordance with the contribution taxable wage rates or provisions for payments in lieu of contributions prescribed in this act, compute and declare the amount of contributions or payments in lieu of contributions due and immediately payable, and shall give written notice of such declaration to such employer. Within fourteen (14) days after the mailing of such declaration to the last known address of such employer or in the absence of such mailing, within fourteen (14) days after delivery thereof, the employer may appeal to the employment security agency setting forth grounds for such appeal. 28-4-603. PAYMENT ORDER -- DEFINITIONS. (1) In this part:
(a) "Beneficiary" means the person to be paid by the beneficiary's bank.
(b) "Beneficiary's bank" means the bank identified in a payment order in which an account of the beneficiary is to be credited pursuant to the order or which otherwise is to make payment to the beneficiary if the order does not provide for payment to an account.
(c) "Payment order" means an instruction of a sender to a receiving bank, transmitted orally, electronically, or in writing, to pay, or to cause another bank to pay, a fixed or determinable amount of money to a beneficiary if:
The instruction does not state a condition to payment to the beneficiary other than time of payment, the receiving bank is to be reimbursed by debiting an account of, or otherwise receiving payment from, the sender, and the instruction is transmitted by the sender directly to the receiving bank or to an agent, funds-transfer system, or communication system for transmittal to the receiving bank.

"Receiving bank" means the bank to which the sender's instruction is addressed. "Sender" means the person giving the instruction to the receiving bank.

If an instruction complying with subsection (1)(a) is to make more than one payment to a beneficiary, the instruction is a separate payment order with respect to each payment.

A payment order is issued when it is sent to the receiving bank.

"Funds transfer" means the series of transactions, beginning with the originator's payment order, made for the purpose of making payment to the beneficiary of the order. The term includes any payment order issued by the originator's bank or an intermediary bank intended to carry out the originator's payment order. A funds transfer is completed by acceptance by the beneficiary's bank of a payment order for the benefit of the beneficiary of the originator's payment order.

"Intermediary bank" means a receiving bank other than the originator's bank or the beneficiary's bank.

"Originator" means the sender of the first payment order in a funds transfer.

"Originator's bank" means:
(a) the receiving bank to which the payment order of the originator is issued if the originator is not a bank, or
(b) the originator if the originator is a bank.

"Authorized account" means a deposit account of a customer in a bank designated by the customer as a source of payment of payment orders issued by the customer to the bank. If a customer does not so designate an account, any account of the customer is an authorized account if payment of a payment order from that account is not inconsistent with a restriction on the use of that account.

"Bank" means a person engaged in the business of banking and includes a savings bank, savings and loan association, credit union, and trust company. A branch or separate office of a bank is a separate bank for purposes of this part.

"Customer" means a person, including a bank, having an account with a bank or from whom a bank has agreed to receive payment orders.

"Funds-transfer business day" of a receiving bank means the part of a day during which the receiving bank is open for the receipt, processing, and transmittal of payment orders and cancel-
lations and amendments of payment orders.
(e) "Funds-transfer system" means a wire transfer network, auto-
mated clearing house, or other communication system of a clearing
house or other association of banks through which a payment order
by a bank may be transmitted to the bank to which the order is
addressed.
(f) "Good faith" means honesty in fact and the observance of rea-
sonable commercial standards of fair dealing.
(g) "Prove" with respect to a fact means to meet the burden of
establishing the fact (section 28-1-201(8)).

(4) In addition article 1 contains general definitions and prin-
ciples of construction and interpretation applicable throughout this
part.

28-4-606. TIME PAYMENT ORDER IS RECEIVED. (1) The time of receipt
of a payment order or communication cancelling or amending a payment
order is determined by the rules applicable to receipt of a notice
stated in section 28-1-201(27). A receiving bank may fix a cut-off
time or times on a funds-transfer business day for the receipt and
processing of payment orders and communications cancelling or amending
payment orders. Different cut-off times may apply to payment orders,
cancellations, or amendments, or to different categories of payment
orders, cancellations, or amendments. A cut-off time may apply to
senders generally or different cut-off times may apply to different
senders or categories of payment orders. If a payment order or commu-
nication cancelling or amending a payment order is received after the
close of a funds-transfer business day or after the appropriate cut-off time on a funds-transfer business day, the receiving bank may treat the payment order or communication as received at the opening of the next funds-transfer business day.

(2) If this part refers to an execution date or payment date or states a day on which a receiving bank is required to take action, and the date or day does not fall on a funds-transfer business day, the next day that is a funds-transfer business day is treated as the date or day stated, unless the contrary is stated in this part.

28-4-607. FEDERAL RESERVE REGULATIONS AND OPERATING CIRCULARS. Regulations of the board of governors of the Federal Reserve System and operating circulars of the Federal Reserve banks supersede any inconsistent provision of this part to the extent of the inconsistency.

28-4-608. EXCLUSION OF CONSUMER TRANSACTIONS GOVERNED BY FEDERAL LAW. This part does not apply to a funds transfer any part of which is governed by the electronic fund transfer act of 1978 (title XX, public law 95-630, 92 stat. 3728, 15 U.S.C. section 1693 et seq.) as amended from time to time.

ISSUE AND ACCEPTANCE OF PAYMENT ORDER

28-4-609. SECURITY PROCEDURE. "Security procedure" means a procedure established by agreement of a customer and a receiving bank for the purpose of (1) verifying that a payment order or communication amending or cancelling a payment order is that of the customer, or (2) detecting error in the transmission or the content of the payment order or communication. A security procedure may require the use of algorithms or other codes, identifying words or numbers, encryption, callback procedures, or similar security devices. Comparison of a signature on a payment order or communication with an authorized specimen signature of the customer is not by itself a security procedure.

28-4-610. AUTHORIZED AND VERIFIED PAYMENT ORDERS. (1) A payment order received by the receiving bank is the authorized order of the person identified as sender if that person authorized the order or is otherwise bound by it under the law of agency.

(2) If a bank and its customer have agreed that the authenticity of payment orders issued to the bank in the name of the customer as sender will be verified pursuant to a security procedure, a payment order received by the receiving bank is effective as the order of the customer, whether or not authorized, if:

(a) the security procedure is a commercially reasonable method of providing security against unauthorized payment orders, and

(b) the bank proves that it accepted the payment order in good faith and in compliance with the security procedure and any written agreement or instruction of the customer restricting acceptance of payment orders issued in the name of the customer.

The bank is not required to follow an instruction that violates a written agreement with the customer or notice of which is not received at a time and in a manner affording the bank a reasonable opportunity
to act on it before the payment order is accepted.

(3) Commercial reasonableness of a security procedure is a question of law to be determined by considering the wishes of the customer expressed to the bank, the circumstances of the customer known to the bank, including the size, type, and frequency of payment orders normally issued by the customer to the bank, alternative security procedures offered to the customer, and security procedures in general use by customers and receiving banks similarly situated. A security procedure is deemed to be commercially reasonable if:

(a) the security procedure was chosen by the customer after the bank offered, and the customer refused, a security procedure that was commercially reasonable for that customer, and

(b) the customer expressly agreed in writing to be bound by any payment order, whether or not authorized, issued in its name and accepted by the bank in compliance with the security procedure chosen by the customer.

(4) The term "sender" in this part includes the customer in whose name a payment order is issued if the order is the authorized order of the customer under subsection (1) of this section, or it is effective as the order of the customer under subsection (2) of this section.

(5) This section applies to amendments and cancellations of payment orders to the same extent it applies to payment orders.

(6) Except as provided in this section and in section 28-4-611(1)(a), rights and obligations arising under this section or section 28-4-611 may not be varied by agreement.

28-4-611. UNENFORCEABILITY OF CERTAIN VERIFIED PAYMENT ORDERS.

(1) If an accepted payment order is not, under section 28-4-610(1), an authorized order of a customer identified as sender, but is effective as an order of the customer pursuant to section 28-4-610(2), the following rules apply:

(a) By express written agreement, the receiving bank may limit the extent to which it is entitled to enforce or retain payment of the payment order.

(b) The receiving bank is not entitled to enforce or retain payment of the payment order if the customer proves that the order was not caused, directly or indirectly, by a person (i) entrusted at any time with duties to act for the customer with respect to payment orders or the security procedure, or (ii) who obtained access to transmitting facilities of the customer or who obtained, from a source controlled by the customer and without authority of the receiving bank, information facilitating breach of the security procedure, regardless of how the information was obtained or whether the customer was at fault. Information includes any access device, computer software, or the like.

(2) This section applies to amendments of payment orders to the same extent it applies to payment orders.

28-4-612. REFUND OF PAYMENT AND DUTY OF CUSTOMER TO REPORT WITH RESPECT TO UNAUTHORIZED PAYMENT ORDER.

(1) If a receiving bank accepts a payment order issued in the name of its customer as sender which is:

(a) not authorized and not effective as the order of the customer under section 28-4-610, or
(b) not enforceable, in whole or in part, against the customer under section 28-4-611, the bank shall refund any payment of the payment order received from the customer to the extent the bank is not entitled to enforce payment and shall pay interest on the refundable amount calculated from the date the bank received payment to the date of the refund. However, the customer is not entitled to interest from the bank on the amount to be refunded if the customer fails to exercise ordinary care to determine that the order was not authorized by the customer and to notify the bank of the relevant facts within a reasonable time not exceeding ninety (90) days after the date the customer received notification from the bank that the order was accepted or that the customer's account was debited with respect to the order. The bank is not entitled to any recovery from the customer on account of a failure by the customer to give notification as stated in this section.

(2) Reasonable time under subsection (1) of this section may be fixed by agreement as stated in section 28-2-204, but the obligation of a receiving bank to refund payment as stated in subsection (1) of this section may not otherwise be varied by agreement.

28-4-613. ERRONEOUS PAYMENT ORDERS. (1) If an accepted payment order was transmitted pursuant to a security procedure for the detection of error and the payment order (i) erroneously instructed payment to a beneficiary not intended by the sender, (ii) erroneously instructed payment in an amount greater than the amount intended by the sender, or (iii) was an erroneously transmitted duplicate of a payment order previously sent by the sender, the following rules apply:

(a) If the sender proves that the sender or a person acting on behalf of the sender pursuant to section 28-4-614 complied with the security procedure and that the error would have been detected if the receiving bank had also complied, the sender is not obliged to pay the order to the extent stated in subsections (2) and (3) of this section.

(b) If the funds transfer is completed on the basis of an erroneous payment order described in clause (i) or (iii) of subsection (1) of this section, the sender is not obliged to pay the order and the receiving bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(c) If the funds transfer is completed on the basis of a payment order described in clause (ii) of subsection (1) of this section, the sender is not obliged to pay the order to the extent the amount received by the beneficiary is greater than the amount intended by the sender. In that case, the receiving bank is entitled to recover from the beneficiary the excess amount received to the extent allowed by the law governing mistake and restitution.

(2) If (i) the sender of an erroneous payment order described in subsection (1) of this section is not obliged to pay all or part of the order, and (ii) the sender receives notification from the receiving bank that the order was accepted by the bank or that the sender's account was debited with respect to the order, the sender has a duty to exercise ordinary care, on the basis of information available to
the sender, to discover the error with respect to the order and to advise the bank of the relevant facts within a reasonable time, not exceeding ninety (90) days, after the bank's notification was received by the sender. If the bank proves that the sender failed to perform that duty, the sender is liable to the bank for the loss the bank proves it incurred as a result of the failure, but the liability of the sender may not exceed the amount of the sender's order.

(3) This section applies to amendments to payment orders to the same extent it applies to payment orders.

28-4-614. TRANSMISSION OF PAYMENT ORDER THROUGH FUNDS -- TRANSFER OR OTHER COMMUNICATION SYSTEM. (1) If a payment order addressed to a receiving bank is transmitted to a funds-transfer system or other third-party communication system for transmission to the bank, the system is deemed to be an agent of the sender for the purpose of transmitting the payment order to the bank. If there is a discrepancy between the terms of the payment order transmitted to the system and the terms of the payment order transmitted by the system to the bank, the terms of the payment order of the sender are those transmitted by the system. This section does not apply to a funds-transfer system of the Federal Reserve banks.

(2) This section applies to cancellations and amendments of payment orders to the same extent it applies to payment orders.

28-4-615. MISDESCRIPTION OF BENEFICIARY. (1) Subject to subsection (2) of this section, if, in a payment order received by the beneficiary's bank, the name, bank account number, or other identification of the beneficiary refers to a nonexistent or unidentifiable person or account, no person has rights as a beneficiary of the order and acceptance of the order cannot occur.

(2) If a payment order received by the beneficiary's bank identifies the beneficiary both by name and by an identifying or bank account number and the name and number identify different persons, the following rules apply:

(a) Except as otherwise provided in subsection (3) of this section, if the beneficiary's bank does not know that the name and number refer to different persons, it may rely on the number as the proper identification of the beneficiary of the order. The beneficiary's bank need not determine whether the name and number refer to the same person.

(b) If the beneficiary's bank pays the person identified by name or knows that the name and number identify different persons, no person has rights as beneficiary except the person paid by the beneficiary's bank if that person was entitled to receive payment from the originator of the funds transfer. If no person has rights as beneficiary, acceptance of the order cannot occur.

(3) If (i) a payment order described in subsection (2) of this section is accepted, (ii) the originator's payment order described the beneficiary inconsistently by name and number, and (iii) the beneficiary's bank pays the person identified by number as permitted in subsection (2)(a) of this section, the following rules apply:

(a) If the originator is a bank, the originator is obliged to pay its order.
c. 135 '91

IDAHO SESSION LAWS 303

(b) If the originator is not a bank and proves that the person identified by number was not entitled to receive payment from the originator, the originator is not obliged to pay its order unless the originator's bank proves that the originator, before acceptance of the originator's order, had notice that payment of a payment order issued by the originator might be made by the beneficiary's bank on the basis of an identifying or bank account number even if it identifies a person different from the named beneficiary. Proof of notice may be made by any admissible evidence. The originator's bank satisfies the burden of proof if it proves that the originator, before the payment order was accepted, signed a writing stating the information to which the notice relates.

(4) In a case governed by the provisions of subsection (2)(a) of this section, if the beneficiary's bank rightfully pays the person identified by number and that person was not entitled to receive payment from the originator, the amount paid may be recovered from that person to the extent allowed by the law governing mistake and restitution as follows:

(a) If the originator is obliged to pay its payment order as stated in subsection (3) of this section, the originator has the right to recover.
(b) If the originator is not a bank and is not obliged to pay its payment order, the originator's bank has the right to recover.

28-4-616. MISDESCRIPTION OF INTERMEDIARY BANK OR BENEFICIARY'S BANK. (1) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank only by an identifying number.

(a) The receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank and need not determine whether the number identifies a bank.
(b) The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(2) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank both by name and an identifying number if the name and number identify different persons.

(a) If the sender is a bank, the receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank if the receiving bank, when it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person or whether the number refers to a bank. The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(b) If the sender is not a bank and the receiving bank proves that the sender, before the payment order was accepted, had notice that the receiving bank might rely on the number as the proper identification of the intermediary or beneficiary's bank even if
it identifies a person different from the bank identified by name, the rights and obligations of the sender and the receiving bank are governed by subsection (2)(a) of this section, as though the sender were a bank. Proof of notice may be made by any admissible evidence. The receiving bank satisfies the burden of proof if it proves that the sender, before the payment order was accepted, signed a writing stating the information to which the notice relates.

(c) Regardless of whether the sender is a bank, the receiving bank may rely on the name as the proper identification of the intermediary or beneficiary's bank if the receiving bank, at the time it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person.

(d) If the receiving bank knows that the name and number identify different persons, reliance on either the name or the number in executing the sender's payment order is a breach of the obligation stated in section 28-4-622(1)(a).

28-4-617. ACCEPTANCE OF PAYMENT ORDER. (1) Subject to subsection (4) of this section, a receiving bank other than the beneficiary's bank accepts a payment order when it executes the order.

(2) Subject to subsections (3) and (4) of this section, a beneficiary's bank accepts a payment order at the earliest of the following times:

(a) when the bank (i) pays the beneficiary as stated in section 28-4-630(1) or 28-4-630(2), or (ii) notifies the beneficiary of receipt of the order or that the account of the beneficiary has been credited with respect to the order unless the notice indicates that the bank is rejecting the order or that funds with respect to the order may not be withdrawn or used until receipt of payment from the sender of the order;

(b) when the bank receives payment of the entire amount of the sender's order pursuant to section 28-4-628(1)(a) or 28-4-628(1)(b); or

(c) the opening of the next funds-transfer business day of the bank following the payment date of the order if, at that time, the amount of the sender's order is fully covered by a withdrawable credit balance in an authorized account of the sender or the bank has otherwise received full payment from the sender, unless the order was rejected before that time or is rejected within (i) one (1) hour after that time, or (ii) one (1) hour after the opening of the next business day of the sender following the payment date if that time is later. If notice of rejection is received by the sender after the payment date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the payment date to the day the sender receives notice or learns that the order was not accepted, counting that day as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest payable is reduced accordingly.

(3) Acceptance of a payment order cannot occur before the order
is received by the receiving bank. Acceptance does not occur under subsection (2)(b) or (2)(c) of this section if the beneficiary of the payment order does not have an account with the receiving bank, the account has been closed, or the receiving bank is not permitted by law to receive credits for the beneficiary's account.

(4) A payment order issued to the originator's bank cannot be accepted until the payment date if the bank is the beneficiary's bank, or the execution date if the bank is not the beneficiary's bank. If the originator's bank executes the originator's payment order before the execution date or pays the beneficiary of the originator's payment order before the payment date and the payment order is subsequently cancelled pursuant to section 28-4-619(2), the bank may recover from the beneficiary any payment received to the extent allowed by the law governing mistake and restitution.

28-4-618. REJECTION OF PAYMENT ORDER. (1) A payment order is rejected by the receiving bank by a notice of rejection transmitted to the sender orally, electronically, or in writing. A notice of rejection need not use any particular words and is sufficient if it indicates that the receiving bank is rejecting the order or will not execute or pay the order. Rejection is effective when the notice is given if transmission is by a means that is reasonable in the circumstances. If notice of rejection is given by a means that is not reasonable, rejection is effective when the notice is received. If an agreement of the sender and receiving bank establishes the means to be used to reject a payment order,

(a) any means complying with the agreement is reasonable, and
(b) any means not complying is not reasonable unless no significant delay in receipt of the notice resulted from the use of the noncomplying means.

(2) The provisions of this subsection apply if a receiving bank other than the beneficiary's bank fails to execute a payment order despite the existence on the execution date of a withdrawable credit balance in an authorized account of the sender sufficient to cover the order. If the sender does not receive notice of rejection of the order on the execution date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the execution date to the earlier of the day the order is cancelled pursuant to section 28-4-619(4) or the day the sender receives notice or learns that the order was not executed, counting the final day of the period as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest is reduced accordingly.

(3) If a receiving bank suspends payments, all unaccepted payment orders issued to it are deemed rejected at the time the bank suspends payments.

(4) Acceptance of a payment order precludes a later rejection of the order. Rejection of a payment order precludes a later acceptance of the order.

28-4-619. CANCELLATION AND AMENDMENT OF PAYMENT ORDER. (1) A communication of the sender of a payment order cancelling or amending the
order may be transmitted to the receiving bank orally, electronically, or in writing. If a security procedure is in effect between the sender and the receiving bank, the communication is not effective to cancel or amend the order unless the communication is verified pursuant to the security procedure or the bank agrees to the cancellation or amendment.

(2) Subject to subsection (1) of this section, a communication by the sender cancelling or amending a payment order is effective to cancel or amend the order if notice of the communication is received at a time and in a manner affording the receiving bank a reasonable opportunity to act on the communication before the bank accepts the payment order.

(3) After a payment order has been accepted, cancellation or amendment of the order is not effective unless the receiving bank agrees or a funds-transfer system rule allows cancellation or amendment without agreement of the bank.

(a) With respect to a payment order accepted by a receiving bank other than the beneficiary's bank, cancellation or amendment is not effective unless a conforming cancellation or amendment of the payment order issued by the receiving bank is also made.

(b) With respect to a payment order accepted by the beneficiary's bank, cancellation or amendment is not effective unless the order was issued in execution of an unauthorized payment order, or because of a mistake by a sender in the funds transfer which resulted in the issuance of a payment order (i) that is a duplicate of a payment order previously issued by the sender, (ii) that orders payment to a beneficiary not entitled to receive payment from the originator, or (iii) that orders payment in an amount greater than the amount the beneficiary was entitled to receive from the originator. If the payment order is cancelled or amended, the beneficiary's bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(4) An unaccepted payment order is cancelled by operation of law at the close of the fifth funds-transfer business day of the receiving bank after the execution date or payment date of the order.

(5) A cancelled payment order cannot be accepted. If an accepted payment order is cancelled, the acceptance is nullified and no person has any right or obligation based on the acceptance. Amendment of a payment order is deemed to be cancellation of the original order at the time of amendment and issue of a new payment order in the amended form at the same time.

(6) Unless otherwise provided in an agreement of the parties or in a funds-transfer system rule, if the receiving bank, after accepting a payment order, agrees to cancellation or amendment of the order by the sender or is bound by a funds-transfer system rule allowing cancellation or amendment without the bank's agreement, the sender, whether or not cancellation or amendment is effective, is liable to the bank for any loss and expenses, including reasonable attorney's fees, incurred by the bank as a result of the cancellation or amendment or attempted cancellation or amendment.

(7) A payment order is not revoked by the death or legal incapacity of the sender unless the receiving bank knows of the death or of
an adjudication of incapacity by a court of competent jurisdiction and has reasonable opportunity to act before acceptance of the order.

(8) A funds-transfer system rule is not effective to the extent it conflicts with the provisions of subsection (3)(b) of this section.

28-4-620. LIABILITY AND DUTY OF RECEIVING BANK REGARDING UNACCEPTED PAYMENT ORDER. If a receiving bank fails to accept a payment order that it is obliged by express agreement to accept, the bank is liable for breach of the agreement to the extent provided in the agreement or in this part, but does not otherwise have any duty to accept a payment order or, before acceptance, to take any action, or refrain from taking action, with respect to the order except as provided in this part or by express agreement. Liability based on acceptance arises only when acceptance occurs as stated in section 28-4-617, and liability is limited to that provided in this part. A receiving bank is not the agent of the sender or beneficiary of the payment order it accepts, or of any other party to the funds transfer, and the bank owes no duty to any party to the funds transfer except as provided in this part or by express agreement.

EXECUTION OF SENDER'S PAYMENT ORDER BY RECEIVING BANK

28-4-621. EXECUTION AND EXECUTION DATE. (1) A payment order is "executed" by the receiving bank when it issues a payment order intended to carry out the payment order received by the bank. A payment order received by the beneficiary's bank can be accepted but cannot be executed.

(2) "Execution date" of a payment order means the day on which the receiving bank may properly issue a payment order in execution of the sender's order. The execution date may be determined by instruction of the sender but cannot be earlier than the day the order is received and, unless otherwise determined, is the day the order is received. If the sender's instruction states a payment date, the execution date is the payment date or an earlier date on which execution is reasonably necessary to allow payment to the beneficiary on the payment date.

28-4-622. OBLIGATIONS OF RECEIVING BANK IN EXECUTION OF PAYMENT ORDER. (1) Except as provided in subsections (2) through (4) of this section, if the receiving bank accepts a payment order pursuant to section 28-4-617(1), the bank has the following obligations in executing the order:

(a) The receiving bank is obliged to issue, on the execution date, a payment order complying with the sender's order and to follow the sender's instructions concerning (i) any intermediary bank or funds-transfer system to be used in carrying out the funds transfer, or (ii) the means by which payment orders are to be transmitted in the funds transfer. If the originator's bank issues a payment order to an intermediary bank, the originator's bank is obliged to instruct the intermediary bank according to the instruction of the originator. An intermediary bank in the funds transfer is similarly bound by an instruction given to it by the sender of the payment order it accepts.
(b) If the sender's instruction states that the funds transfer is to be carried out telephonically or by wire transfer or otherwise indicates that the funds transfer is to be carried out by the most expeditious means, the receiving bank is obliged to transmit its payment order by the most expeditious available means, and to instruct any intermediary bank accordingly. If a sender's instruction states a payment date, the receiving bank is obliged to transmit its payment order at a time and by means reasonably necessary to allow payment to the beneficiary on the payment date or as soon thereafter as is feasible.

(2) Unless otherwise instructed, a receiving bank executing a payment order may:
(a) use any funds-transfer system if use of that system is reasonable in the circumstances, and
(b) issue a payment order to the beneficiary's bank or to an intermediary bank through which a payment order conforming to the sender's order can expeditiously be issued to the beneficiary's bank if the receiving bank exercises ordinary care in the selection of the intermediary bank.

A receiving bank is not required to follow an instruction of the sender designating a funds-transfer system to be used in carrying out the funds transfer if the receiving bank, in good faith, determines that it is not feasible to follow the instruction or that following the instruction would unduly delay completion of the funds transfer.

(3) Unless the provisions of subsection (1)(b) apply or the receiving bank is otherwise instructed, the bank may execute a payment order by transmitting its payment order by first class mail or by any means reasonable in the circumstances. If the receiving bank is instructed to execute the sender's order by transmitting its payment order by a particular means, the receiving bank may issue its payment order by the means stated or by any means as expeditious as the means stated.

(4) Unless instructed by the sender, the receiving bank may not obtain payment of its charges for services and expenses in connection with the execution of the sender's order by issuing a payment order in an amount equal to the amount of the sender's order less the amount of the charges, and
(b) may not instruct a subsequent receiving bank to obtain payment of its charges in the same manner.

28-4-623. ERRONEOUS EXECUTION OF PAYMENT ORDER. (1) A receiving bank that:
(a) executes the payment order of the sender by issuing a payment order in an amount greater than the amount of the sender's order, or
(b) issues a payment order in execution of the sender's order and then issues a duplicate order, is entitled to payment of the amount of the sender's order under section 28-4-627(3) if the provisions of that subsection are otherwise satisfied. The bank is entitled to recover from the beneficiary of the erroneous order the excess payment received to the extent allowed by the law governing mistake and restitution.
(2) A receiving bank that executes the payment order of the sender by issuing a payment order in an amount less than the amount of the sender's order is entitled to payment of the amount of the sender's order under section 28-4-627(3) if:
   (a) that subsection is otherwise satisfied, and
   (b) the bank corrects its mistake by issuing an additional payment order for the benefit of the beneficiary of the sender's order.

If the error is not corrected, the issuer of the erroneous order is entitled to receive or retain payment from the sender of the order it accepted only to the extent of the amount of the erroneous order. The provisions of this subsection do not apply if the receiving bank executes the sender's payment order by issuing a payment order in an amount less than the amount of the sender's order for the purpose of obtaining payment of its charges for services and expenses pursuant to instruction of the sender.

(3) If a receiving bank executes the payment order of the sender by issuing a payment order to a beneficiary different from the beneficiary of the sender's order and the funds transfer is completed on the basis of that error, the sender of the payment order that was erroneously executed and all previous senders in the funds transfer are not obliged to pay the payment orders they issued. The issuer of the erroneous order is entitled to recover from the beneficiary of the order the payment received to the extent allowed by the law governing mistake and restitution.

28-4-624. DUTY OF SENDER TO REPORT ERRONEOUSLY EXECUTED PAYMENT ORDER. If the sender of a payment order that is erroneously executed as stated in section 28-4-623 receives notification from the receiving bank that the order was executed or that the sender's account was debited with respect to the order, the sender has a duty to exercise ordinary care to determine, on the basis of information available to the sender, that the order was erroneously executed and to notify the bank of the relevant facts within a reasonable time not exceeding ninety (90) days after the notification from the bank was received by the sender. If the sender fails to perform that duty, the bank is not obliged to pay interest on any amount refundable to the sender under section 28-4-627(4) for the period before the bank learns of the execution error. The bank is not entitled to any recovery from the sender on account of a failure by the sender to perform the duty stated in this section.

28-4-625. LIABILITY FOR LATE OR IMPROPER EXECUTION OR FAILURE TO EXECUTE PAYMENT ORDER. (1) If a funds transfer is completed but execution of a payment order by the receiving bank in breach of the provisions of section 28-4-622 results in delay in payment to the beneficiary, the bank is obliged to pay interest to either the originator or the beneficiary of the funds transfer for the period of delay caused by the improper execution. Except as provided in subsection (3) of this section, additional damages are not recoverable.

(2) If execution of a payment order by a receiving bank in breach of section 28-4-622 results in:
   (a) noncompletion of the funds transfer,
(b) failure to use an intermediary bank designated by the originator, or
(c) issuance of a payment order that does not comply with the terms of the payment order of the originator, the bank is liable to the originator for its expenses in the funds transfer and for incidental expenses and interest losses, to the extent not covered in subsection (1) of this section, resulting from the improper execution.

Except as provided in subsection (3) of this section, additional damages are not recoverable.

(3) In addition to the amounts payable under subsections (1) and (2) of this section, damages, including consequential damages, are recoverable to the extent provided in an express written agreement of the receiving bank.

(4) If a receiving bank fails to execute a payment order it was obliged by express agreement to execute, the receiving bank is liable to the sender for its expenses in the transaction and for incidental expenses and interest losses resulting from the failure to execute. Additional damages, including consequential damages, are recoverable to the extent provided in an express written agreement of the receiving bank, but are not otherwise recoverable.

(5) Reasonable attorney's fees are recoverable if demand for compensation under subsection (1) or (2) of this section is made and refused before an action is brought on the claim. If a claim is made for breach of an agreement under subsection (4) of this section, and the agreement does not provide for damages, reasonable attorney's fees are recoverable if demand for compensation under subsection (4) of this section, is made and refused before an action is brought on the claim.

(6) Except as stated in this section, the liability of a receiving bank under subsections (1) and (2) of this section, may not be varied by agreement.

PAYMENT

28-4-626. PAYMENT DATE. "Payment date" of a payment order means the day on which the amount of the order is payable to the beneficiary by the beneficiary's bank. The payment date may be determined by instruction of the sender but cannot be earlier than the day the order is received by the beneficiary's bank and, unless otherwise determined, is the day the order is received by the beneficiary's bank.

28-4-627. OBLIGATION OF SENDER TO PAY RECEIVING BANK. (1) The provisions of this section are subject to the provisions of sections 28-4-613 and 28-4-615.

(2) With respect to a payment order issued to the beneficiary's bank, acceptance of the order by the bank obliges the sender to pay the bank the amount of the order, but payment is not due until the payment date of the order.

(3) The provisions of this subsection are subject to the provisions of subsection (5) of this section and to section 28-4-623. With respect to a payment order issued to a receiving bank other than the beneficiary's bank, acceptance of the order by the receiving bank
obliges the sender to pay the bank the amount of the sender's order. Payment by the sender is not due until the execution date of the sender's order. The obligation of that sender to pay its payment order is excused if the funds transfer is not completed by acceptance by the beneficiary's bank of a payment order instructing payment to the beneficiary of that sender's payment order.

(4) If the sender of a payment order pays the order and was not obliged to pay all or part of the amount paid, the bank receiving payment is obliged to refund payment to the extent the sender was not obliged to pay. Except as provided in sections 28-4-612 and 28-4-624, interest is payable on the refundable amount from the date of payment.

(5) If a funds transfer is not completed as stated in subsection (3) of this section and an intermediary bank is obliged to refund payment as stated in subsection (4) of this section but is unable to do so because it is not permitted by applicable law or because the bank suspends payments, a sender in the funds transfer that executed a payment order in compliance with an instruction, as stated in section 28-4-622(1)(a), to route the funds transfer through that intermediary bank is entitled to receive or retain payment from the sender of the payment order that it accepted. The first sender in the funds transfer that issued an instruction requiring routing through that intermediary bank is subrogated to the right of the bank that paid the intermediary bank to refund as stated in subsection (4) of this section.

(6) The right of the sender of a payment order to be excused from the obligation to pay the order as stated in subsection (3) of this section or to receive refund under subsection (4) may not be varied by agreement.

28-4-628. PAYMENT BY SENDER TO RECEIVING BANK. (1) Payment of the sender's obligation under section 28-4-627 to pay the receiving bank occurs as follows:

(a) If the sender is a bank, payment occurs when the receiving bank receives final settlement of the obligation through a Federal Reserve bank or through a funds-transfer system.

(b) If the sender is a bank and the sender (i) credited an account of the receiving bank with the sender, or (ii) caused an account of the receiving bank in another bank to be credited, payment occurs when the credit is withdrawn or, if not withdrawn, at midnight of the day on which the credit is withdrawable and the receiving bank learns of that fact.

(c) If the receiving bank debits an account of the sender with the receiving bank, payment occurs when the debit is made to the extent the debit is covered by a withdrawable credit balance in the account.

(2) If the sender and receiving bank are members of a funds-transfer system that nets obligations multilaterally among participants, the receiving bank receives final settlement when settlement is complete in accordance with the rules of the system. The obligation of the sender to pay the amount of a payment order transmitted through the funds-transfer system may be satisfied, to the extent permitted by the rules of the system, by setting off and applying against the sender's obligation the right of the sender to receive payment from the receiving bank of the amount of any other payment order trans-
mitted to the sender by the receiving bank through the funds-transfer system. The aggregate balance of obligations owed by each sender to each receiving bank in the funds-transfer system may be satisfied, to the extent permitted by the rules of the system, by setting off and applying against that balance the aggregate balance of obligations owed to the sender by other members of the system. The aggregate balance is determined after the right of setoff stated in the second sentence of this subsection has been exercised.

(3) If two (2) banks transmit payment orders to each other under an agreement that settlement of the obligations of each bank to the other under section 28-4-627 will be made at the end of the day or other period, the total amount owed with respect to all orders transmitted by one (1) bank shall be set off against the total amount owed with respect to all orders transmitted by the other bank. To the extent of the setoff, each bank has made payment to the other.

(4) In a case not covered by subsection (1) of this section, the time when payment of the sender's obligation under section 28-4-627(2) or (3) occurs is governed by applicable principles of law that determine when an obligation is satisfied.

28-4-629. OBLIGATION OF BENEFICIARY'S BANK TO PAY AND GIVE NOTICE TO BENEFICIARY. (1) Subject to sections 28-4-619(5), 28-4-630(4) and (5), if a beneficiary's bank accepts a payment order, the bank is obliged to pay the amount of the order to the beneficiary of the order. Payment is due on the payment date of the order, but if acceptance occurs on the payment date after the close of the funds-transfer business day of the bank, payment is due on the next funds-transfer business day. If the bank refuses to pay after demand by the beneficiary and receipt of notice of particular circumstances that will give rise to consequential damages as a result of nonpayment, the beneficiary may recover damages resulting from the refusal to pay to the extent the bank had notice of the damages, unless the bank proves that it did not pay because of a reasonable doubt concerning the right of the beneficiary to payment.

(2) If a payment order accepted by the beneficiary's bank instructs payment to an account of the beneficiary, the bank is obliged to notify the beneficiary of receipt of the order before midnight of the next funds-transfer business day following the payment date. If the payment order does not instruct payment to an account of the beneficiary, the bank is required to notify the beneficiary only if notice is required by the order. Notice may be given by first class mail or any other means reasonable in the circumstances. If the bank fails to give the required notice, the bank is obliged to pay interest to the beneficiary on the amount of the payment order from the day notice should have been given until the day the beneficiary learned of receipt of the payment order by the bank. No other damages are recoverable. Reasonable attorney's fees are also recoverable if demand for interest is made and refused before an action is brought on the claim.

(3) The right of a beneficiary to receive payment and damages as stated in subsection (1) of this section may not be varied by agreement or a funds-transfer system rule. The right of a beneficiary to be notified as stated in subsection (2) of this section may be varied by agreement of the beneficiary or by a funds-transfer system rule if the
beneficiary is notified of the rule before initiation of the funds transfer.

28-4-630. PAYMENT BY BENEFICIARY'S BANK TO BENEFICIARY. (1) If the beneficiary's bank credits an account of the beneficiary of a payment order, payment of the bank's obligation under section 28-4-629(1) occurs when and to the extent:
   (a) the beneficiary is notified of the right to withdraw the credit,
   (b) the bank lawfully applies the credit to a debt of the beneficiary, or
   (c) funds with respect to the order are otherwise made available to the beneficiary by the bank.
(2) If the beneficiary's bank does not credit an account of the beneficiary of a payment order, the time when payment of the bank's obligation under section 28-4-629(1) occurs is governed by principles of law that determine when an obligation is satisfied.
(3) Except as stated in subsections (4) and (5) of this section, if the beneficiary's bank pays the beneficiary of a payment order under a condition to payment or agreement of the beneficiary giving the bank the right to recover payment from the beneficiary if the bank does not receive payment of the order, the condition to payment or agreement is not enforceable.
(4) A funds-transfer system rule may provide that payments made to beneficiaries of funds transfers made through the system are provisional until receipt of payment by the beneficiary's bank of the payment order it accepted. A beneficiary's bank that makes a payment that is provisional under the rule is entitled to refund from the beneficiary if:
   (a) the rule requires that both the beneficiary and the originator be given notice of the provisional nature of the payment before the funds transfer is initiated,
   (b) the beneficiary, the beneficiary's bank and the originator's bank agreed to be bound by the rule, and
   (c) the beneficiary's bank did not receive payment of the payment order that it accepted.
If the beneficiary is obliged to refund payment to the beneficiary's bank, acceptance of the payment order by the beneficiary's bank is nullified and no payment by the originator of the funds transfer to the beneficiary occurs under section 28-4-631.
(5) The provisions of this subsection apply to a funds transfer that includes a payment order transmitted over a funds-transfer system that:
   (a) nets obligations multilaterally among participants, and
   (b) has in effect a loss-sharing agreement among participants for the purpose of providing funds necessary to complete settlement of the obligations of one (1) or more participants that do not meet their settlement obligations. If the beneficiary's bank in the funds transfer accepts a payment order and the system fails to complete settlement pursuant to its rules with respect to any payment order in the funds transfer,
   (i) the acceptance by the beneficiary's bank is nullified and no person has any right or obligation based on the accep-
tance, 
(ii) the beneficiary's bank is entitled to recover payment from the beneficiary, 
(iii) no payment by the originator to the beneficiary occurs under section 28-4-631, and 
(iv) subject to section 28-4-627(5), each sender in the funds transfer is excused from its obligation to pay its payment order under section 28-4-627(3) because the funds transfer has not been completed.

28-4-631. PAYMENT BY ORIGINATOR TO BENEFICIARY -- DISCHARGE OF UNDERLYING OBLIGATION. (1) Subject to the provisions of sections 28-4-619(5), 28-4-630(4) and (5), the originator of a funds transfer pays the beneficiary of the originator's payment order:
(a) at the time a payment order for the benefit of the beneficiary is accepted by the beneficiary's bank in the funds transfer, and 
(b) in an amount equal to the amount of the order accepted by the beneficiary's bank, but not more than the amount of the originator's order.
(2) If payment under subsection (1) of this section is made to satisfy an obligation, the obligation is discharged to the same extent discharge would result from payment to the beneficiary of the same amount in money, unless:
(a) the payment under subsection (1) of this section was made by a means prohibited by the contract of the beneficiary with respect to the obligation, 
(b) the beneficiary, within a reasonable time after receiving notice of receipt of the order by the beneficiary's bank, notified the originator of the beneficiary's refusal of the payment, 
(c) funds with respect to the order were not withdrawn by the beneficiary or applied to a debt of the beneficiary, and 
(d) the beneficiary would suffer a loss that could reasonably have been avoided if payment had been made by a means complying with the contract.
If payment by the originator does not result in discharge under this section, the originator is subrogated to the rights of the beneficiary to receive payment from the beneficiary's bank under section 28-4-629(1).
(3) For the purpose of determining whether discharge of an obligation occurs under subsection (2) of this section, if the beneficiary's bank accepts a payment order in an amount equal to the amount of the originator's payment order less charges of one (1) or more receiving banks in the funds transfer, payment to the beneficiary is deemed to be in the amount of the originator's order unless upon demand by the beneficiary the originator does not pay the beneficiary the amount of the deducted charges.
(4) Rights of the originator or of the beneficiary of a funds transfer under this section may be varied only by agreement of the originator and the beneficiary.
MISCELLANEOUS PROVISIONS

28-4-632. VARIATION BY AGREEMENT AND EFFECT OF FUNDS-TRANSFER SYSTEM RULE. (1) Except as otherwise provided in this part, the rights and obligations of a party to a funds transfer may be varied by agreement of the affected party.

(2) "Funds-transfer system rule" means a rule of an association of banks:
(a) governing transmission of payment orders by means of a funds-transfer system of the association or rights and obligations with respect to those orders, or
(b) to the extent the rule governs rights and obligations between banks that are parties to a funds transfer in which a Federal Reserve bank, acting as an intermediary bank, sends a payment order to the beneficiary's bank.

Except as otherwise provided in this part, a funds-transfer system rule governing rights and obligations between participating banks using the system may be effective even if the rule conflicts with this part and indirectly affects another party to the funds transfer who does not consent to the rule. A funds-transfer system rule may also govern rights and obligations of parties other than participating banks using the system to the extent stated in sections 28-4-629(3), 28-4-630(4), and 28-4-638(3).

28-4-633. CREDITOR PROCESS SERVED ON RECEIVING BANK -- SETOFF BY BENEFICIARY'S BANK. (1) As used in this section, "creditor process" means levy, attachment, garnishment, notice of lien, sequestration, or similar process issued by or on behalf of a creditor or other claimant with respect to an account.

(2) The provisions of this subsection apply to creditor process with respect to an authorized account of the sender of a payment order if the creditor process is served on the receiving bank. For the purpose of determining rights with respect to the creditor process, if the receiving bank accepts the payment order the balance in the authorized account is deemed to be reduced by the amount of the payment order to the extent the bank did not otherwise receive payment of the order, unless the creditor process is served at a time and in a manner affording the bank a reasonable opportunity to act to prevent withdrawal.

(3) If a beneficiary's bank has received a payment order for payment to the beneficiary's account in the bank, the following rules apply:
(a) The bank may credit the beneficiary's account. The amount credited may be set off against an obligation owed by the beneficiary to the bank or may be applied to satisfy creditor process served on the bank with respect to the account.
(b) The bank may credit the beneficiary's account and allow withdrawal of the amount credited unless creditor process with respect to the account is served at a time and in a manner affording the bank a reasonable opportunity to act to prevent withdrawal.
(c) If creditor process with respect to the beneficiary's account has been served and the bank has had a reasonable opportunity to act on it, the bank may not reject the payment order except for a
reason unrelated to the service of process.

(4) Creditor process with respect to a payment by the originator to the beneficiary pursuant to a funds transfer may be served only on the beneficiary's bank with respect to the debt owed by that bank to the beneficiary. Any other bank served with the creditor process is not obliged to act with respect to the process.

28-4-634. INJUNCTION OR RESTRAINING ORDER WITH RESPECT TO FUNDS TRANSFER. For proper cause and in compliance with applicable law, a court may restrain:

(1) A person from issuing a payment order to initiate a funds transfer,

(2) An originator's bank from executing the payment order of the originator, or

(3) The beneficiary's bank from releasing funds to the beneficiary or the beneficiary from withdrawing the funds.

A court may not otherwise restrain a person from issuing a payment order, paying or receiving payment of a payment order, or otherwise acting with respect to a funds transfer.

28-4-635. ORDER IN WHICH ITEMS AND PAYMENT ORDERS MAY BE CHARGED TO ACCOUNT — ORDER OF WITHDRAWALS FROM ACCOUNT. (1) If a receiving bank has received more than one (1) payment order of the sender or one (1) or more payment orders and other items that are payable from the sender's account, the bank may charge the sender's account with respect to the various orders and items in any sequence.

(2) In determining whether a credit to an account has been withdrawn by the holder of the account or applied to a debt of the holder of the account, credits first made to the account are first withdrawn or applied.

28-4-636. PRECLUSION OF OBJECTION TO DEBIT OF CUSTOMER'S ACCOUNT.

If a receiving bank has received payment from its customer with respect to a payment order issued in the name of the customer as sender and accepted by the bank, and the customer received notification reasonably identifying the order, the customer is precluded from asserting that the bank is not entitled to retain the payment unless the customer notifies the bank of the customer's objection to the payment within one (1) year after the notification was received by the customer.

28-4-637. RATE OF INTEREST. (1) If, under this part, a receiving bank is obliged to pay interest with respect to a payment order issued to the bank, the amount payable may be determined:

(a) by agreement of the sender and receiving bank, or

(b) by a funds-transfer system rule if the payment order is transmitted through a funds-transfer system.

(2) If the amount of interest is not determined by an agreement or rule as stated in subsection (1) of this section, the amount is calculated by multiplying the applicable federal funds rate by the amount on which interest is payable, and then multiplying the product by the number of days for which interest is payable. The applicable federal funds rate is the average of the federal funds rates published
by the Federal Reserve bank of New York for each of the days for which interest is payable divided by three hundred and sixty (360). The federal funds rate for any day on which a published rate is not available is the same as the published rate for the next preceding day for which there is a published rate. If a receiving bank that accepted a payment order is required to refund payment to the sender of the order because the funds transfer was not completed, but the failure to complete was not due to any fault by the bank, the interest payable is reduced by a percentage equal to the reserve requirement on deposits of the receiving bank.

28-4-638. CHOICE OF LAW. (1) The following rules apply unless the affected parties otherwise agree or the provisions of subsection (3) of this section apply:

(a) The rights and obligations between the sender of a payment order and the receiving bank are governed by the law of the jurisdiction in which the receiving bank is located.

(b) The rights and obligations between the beneficiary's bank and the beneficiary are governed by the law of the jurisdiction in which the beneficiary's bank is located.

(c) The issue of when payment is made pursuant to a funds transfer by the originator to the beneficiary is governed by the law of the jurisdiction in which the beneficiary's bank is located.

(2) If the parties described in paragraphs (a), (b) and (c) of subsection (1) of this section have made an agreement selecting the law of a particular jurisdiction to govern rights and obligations between each other, the law of that jurisdiction governs those rights and obligations, whether or not the payment order or the funds transfer bears a reasonable relation to that jurisdiction.

(3) A funds-transfer system rule may select the law of a particular jurisdiction to govern:

(a) rights and obligations between participating banks with respect to payment orders transmitted or processed through the system, or

(b) the rights and obligations of some or all parties to a funds transfer any part of which is carried out by means of the system.

A choice of law made pursuant to paragraph (a) of this subsection is binding on participating banks. A choice of law made pursuant to paragraph (b) of this subsection is binding on the originator, other sender, or a receiving bank having notice that the funds-transfer system might be used in the funds transfer and of the choice of law by the system when the originator, other sender, or receiving bank issued or accepted a payment order. The beneficiary of a funds transfer is bound by the choice of law if, when the funds transfer is initiated, the beneficiary has notice that the funds-transfer system might be used in the funds transfer and of the choice of law by the system. The law of a jurisdiction selected pursuant to this subsection may govern, whether or not that law bears a reasonable relation to the matter in issue.

(4) In the event of inconsistency between an agreement under subsection (2) of this section and a choice-of-law rule under subsection (3) of this section, the agreement under subsection (2) of this section prevails.
(5) If a funds transfer is made by use of more than one (1) funds-transfer system and there is inconsistency between choice-of-law rules of the systems, the matter in issue is governed by the law of the selected jurisdiction that has the most significant relationship to the matter in issue.

SECTION 2. That Section 28-1-105, Idaho Code, be, and the same is hereby amended to read as follows:

28-1-105. TERRITORIAL APPLICATION OF THE ACT -- PARTIES' POWER TO CHOOSE APPLICABLE LAW. (1) Except as provided hereafter in this section, when a transaction bears a reasonable relation to this state and also to another state or nation the parties may agree that the law either of this state or of such other state or nation shall govern their rights and duties. Failing such agreement this act applies to transactions bearing an appropriate relation to this state.

(2) Where one of the following provisions of this act specifies the applicable law, that provision governs and a contrary agreement is effective only to the extent permitted by the law (including the conflict of laws rules) so specified:

Rights of creditors against sold goods. Section 28-2-402.

Applicability of the chapter on Bank Deposits and Collections. Section 28-4-102.

Governing law in the article on Funds Transfers. Section 28-4-638.

Bulk transfers subject to the chapter on Bulk Transfers. Section 28-6-102.

Applicability of the chapter on Investment Securities. Section 28-8-106.

but who, for any reason, is not eligible for a license with active status.

(c) The board may issue a license with special status to any person who otherwise generally fulfills the licensure requirements but where in the judgment of the board, special circumstances exist which, for the protection of the public health and welfare, require specific limitations or who practices exclusively in a specialized area of dentistry.

A license with special status shall be considered, but not limited to one of the following:

1. A license issued which states a specific length of time it may be held valid;
2. A license issued which places specific conditions that must be fulfilled to remain effective;
3. A license issued which limits the scope or type of treatment which the holder may render or places limitations of persons for whom treatment may be rendered;
4. The board shall develop rules on specialized practice to include definitions, provisions for application, examination, limitation of practice and annual renewal of licensure.

(4) (a) A license with active status entitles the holder to practice dentistry or dental hygiene in the state of Idaho, as prescribed by the terms of the license.

(b) A license with inactive status does not entitle the holder to practice dentistry or dental hygiene in the state of Idaho. However, the board may convert a license with inactive status to a license with active status in the event the holder pays the license fee prescribed for licenses with active status and submits to the board satisfactory evidence of:

1. Compliance with the requirements of this chapter and all rules and regulations promulgated under the provisions of this chapter.
2. Evidence of good moral character and good professional conduct.
3. A certificate of a licensed physician verifying that the applicant for conversion of license status is not subject to physical or mental conditions that render the applicant incapable of performing the physical tasks necessary in the efficient and competent practice of dentistry or dental hygiene, or so impair the applicant's functions of judgment as to constitute a substantial impairment for him to efficiently and competently practice dentistry or dental hygiene.
4. Active practice outside the state of Idaho during the previous twelve (12)-months two (2) years or employment as a dental or dental hygiene instructor. Practitioners unable to meet the active practice requirement may convert their license upon board approval.

(c) A license with special status entitles the holder thereof to practice dentistry or dental hygiene in the state of Idaho only within the limitations specifically determined by the board and for the period of time prescribed.

(5) A license with retirement status does not permit the holder to practice dentistry or dental hygiene in the state of Idaho, but
indicates the holder has been a practitioner holding a license in good standing at the time of retirement.

There is no conversion from retirement status to active status other than filing an application for examination as required of a first applicant.

In all other cases the certificates shall be obtained by the purchaser and the seller’s bill of sale shall serve as a seventy-two (72) hour permit to transport the vehicle from the place of purchase to the licensing office to obtain title/registration and license plates.

(7) If the vehicle has no engine and no identification number, then the department shall designate an identification number for that vehicle at the time of issuance of the certificate of title. The identification number shall be permanently affixed or indented upon the frame of the vehicle and legibly maintained by the owner at all times while a certificate of title to the vehicle shall be issued and outstanding.

The notice shall be served in person or by registered certified mail, and shall be served upon the person to whom that certificate of title was issued, as well as any lien holders appearing thereon. The holder of the certificate of title shall return it to the department upon cancellation, but the cancellation of any certificate of title shall not affect the validity of any lien recorded on it.

(2) If a receipt of registration has been issued to the holder of a cancelled certificate of title, the department shall immediately cancel it and demand the return of the receipt of registration and license plates, and the holder of the receipt of registration and license plates shall immediately return them to the department.

In the event of the receipt by the department of law enforcement of a certificate of title to a stolen vehicle, the department of law enforcement shall immediately notify the owner, and if upon investigation it appears that the certificate of title was improperly issued, the transportation department shall immediately cancel it. In the event of the recovery of a stolen or converted vehicle the owner shall immediately notify the department of law enforcement, which shall cause the record of the theft or conversion to be removed from its file.

lien or encumbrance is cancelled or discharged, the holder shall note a cancellation or discharge on the certificate of title in the space provided, over his signature, or by some other legal document discharging the encumbrance, and shall deliver it to the owner. The owner shall present the certificate of title within thirty (30) days to the department or its agent, together with a fee as provided for in section 49-202(2)(b), Idaho Code, and have the department issue a new certificate of title with the lien discharged from the face of the certificate of title, and upon the records of the department and of the county assessor where the copy of the certificate of title is filed.

Only an affidavit by the person or agent of the person to whom possession of the vehicle so passed, setting forth facts entitling him to possession and ownership, together with a copy of the journal entry, court order or instrument upon which the claim of possession and ownership is founded, shall be considered satisfactory proof of ownership and right of possession. If the applicant cannot produce proof of ownership he may apply directly to the department and submit any evidence as he may have, and the department shall, if it finds the evidence sufficient, issue a certificate of title to the applicant.

If from the records in the office of the department there appears to be any prior lien or liens on the vehicle, the certificate of title shall contain a statement of those liens, unless the application is accompanied by proper evidence of their satisfaction or discharge.

In the case of a vehicle registered in a foreign state the applicant for a certificate of title under the provisions of this section must present to the department a certificate of title properly issued to the applicant under the laws of the foreign state before he shall be entitled to a certificate of title issued by the department.

Upon the death of the owner of one or more registered vehicles not exceeding a total value of one thousand dollars ($1,000), the following heirs of the owner, to wit: the surviving spouse, the children, lawful issue of the deceased children, the parents, the brothers or sisters, or the guardian of the estate of any minor or insane or incompetent person having such relationship to the owner, if such person has a right to succeed to the property of the owner, may secure a

decedent died intestate, that the decedent has no creditors, that the
decedent did not leave other property necessitating probate, and if
required by the department, a certificate of the death of the

hereby amended to read as follows:

of the vehicle, or the holder of the lien which is prior in date and
time as shown by the records of the department, shall immediately make
application for and may obtain a duplicate certificate of title upon
the applicant furnishing information satisfactory to the department.
The duplicate certificate shall not be issued until five (5) days have

cate of title or registration on the statements in the application.
The department may for a like reason after notice and hearing, revoke
registration already acquired or any outstanding certificate of title.
The notice shall be served in person or by registered certified mail.
An appeal may be taken from any decision of the department.

(1) If the department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the department may register the vehicle, but shall either:

(a) Withhold issuance of a certificate of ownership until the applicant presents documents reasonably sufficient to satisfy the department as to the applicant's ownership of the vehicle and that there are no undisclosed security interests in it; or

(b) As a condition of issuing a certificate of ownership, require the applicant to file with the department all documents held as to the applicant's ownership of the vehicle, together with a bond in the form prescribed by the department and executed by the applicant, or a deposit of cash in a like amount. The bond shall be in an amount equal to one and one-half (1 1/2) times the value of the vehicle, as determined by the department, and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest.

Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the Surety to all persons shall not exceed the amount of the bond. The bond, or any cash deposit, shall be returned at the end of three (3) years, or prior to that time if the vehicle is no longer registered in this state and the current valid certificate of ownership is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond. (c) As to a motor vehicle twenty-five ten (2510) years old or more since manufacture, an applicant who is a resident of the state of Idaho may file with the department, before its authorized representative, a verified statement of facts setting out in detail the manner in which the applicant came into possession of the motor vehicle, the establishment of ownership, and a summary of the applicant's attempts to contact any prior owners of the motor vehicle. Upon receipt by the department of the verified statement and all documentation relating to the applicant's possession of the vehicle, and completion of an inspection of the vehicle identification number by an authorized representative of the department, the applicant shall execute a document in the form provided by the department releasing it of any and all damages that may be suffered by the applicant, along with warranties that the applicant will pay any and all damages suffered by any person or entity as to the issuance of a title for that motor vehicle by the department. The department shall then issue a certificate of title to the applicant in form set out by this section. The certificate of title shall include the statement, "TITLE ISSUED UPON STATEMENT OF APPLICANT", in bold, permanent letters upon its face. The title issued pursuant to this subsection shall be presumed to indicate legal ownership of the motor vehicle at the end of the three (3) year period from the date of issue of that title, provided the motor vehicle is still registered in the state of Idaho, and there are no actions or claims pending against the applicant which places legal ownership in question. The department and the state of Idaho shall be immune as to any damages suffered by any person or entity as a result of the issuance of a certificate of title as provided by this subsection.

(2) Every dealer desiring the privilege of issuing temporary registration permits for the operation of motor vehicles shall make application to the department. If the privilege is granted, the dealer will receive a series of permits, consecutively numbered by the department, secured by the dealer at a fee of five dollars ($5.00) for each permit. A permit subsequently issued by a dealer to a purchaser shall be valid for a period not to exceed thirty (30) days.

The dealer shall issue temporary registration permits in numerical sequence, one (1) only for each motor vehicle sold to a bona fide purchaser. Each permit, and the attached stub, shall be completed in
duplicate, in ink or by typewriter at the time of issuance. The expiration date on the original permit shall be filled in by rubber stamp or broad-tipped marking pen, and the print shall be at least three-fourths (3/4) inch high and one-eighth (1/8) inch wide. The original permit shall be displayed in the rear window of the motor vehicle for which it is issued, except when issued for a convertible, station wagon, motorcycle, or other motor vehicle for which this would not be practical. In these exceptional cases, the permit should be conspicuously displayed in a place where the number of the permit and the expiration date may be easily read and where protected from exposure to weather conditions which would render it illegible. The duplicate stub shall be returned to the department within thirty-one (31) days from the date of issue.

(3) The dealer shall keep a written record of every temporary registration permit issued. This record shall include the name and address of the person or firm to whom the permit is issued, a description of the motor vehicle for which it is issued, including year, make, model, identification number, and the date of issue. This record shall list all permits in numerical sequence and shall be open to inspection by any peace officer or designated employee of the department.

(4) The fees collected from dealers by the department under the provisions of this section shall be transmitted by the department to the state treasurer for deposit in the highway distribution account.

(5) Upon application for title and for registration of a vehicle for which temporary registration has been issued under this section, the county assessor shall collect and fees shall be deemed due from the date of issuance of the temporary registration permit rather than from date of application for title or registration.

(6) The department or a county assessor may issue temporary motor vehicle registration permits in an emergency situation. The fee for a temporary registration shall be five dollars ($5.00), and shall be valid for a period of thirty (30) days. The temporary fees collected by the department shall be transmitted to the state treasurer for deposit in the highway distribution account. The importer, distributor, vintner, or winery or--wholesaler shall not directly or indirectly pay or credit the retailer for displaying such materials or for any expense incidental to their operation;

(c) However, consumer advertising specialties such as ash-trays, bottle or can-openers, corkscrews, paper bags, matches, printed recipes, wine lists, leaflets, blotters, postcards, pencils, napkins, coasters, clothing, glassware and other containers which bear advertising matter may not be furnished or sold to a retailer;

(d) Newspaper cuts, mats or engraved blocks for use in retailer's advertisements may be furnished, given, rented, loaned or sold by an importer, distributor, vintner, winery or wholesaler to a retailer setting his product;

(e) Perform services incident to the stocking, rotation and restocking of wine sold and delivered to such licensed retailer on or in such licensed retailer's storeroom, salesroom shelves or

A distributor may, with the permission of the retailer and in accordance with space allocations directed by the retailer, set, remove, replace, reset or relocate all wine upon shelves of the retailer. (H.B. No. 242)

AN ACT
RELATING TO PROPERTY REIMBURSEMENT RATES PAID TO FREE-STANDING SKILLED CARE FACILITIES RENDERING CARE TO PATIENTS DETERMINED ELIGIBLE FOR MEDICAID SERVICES; AMENDING SECTION 56-108, IDAHO CODE, TO CHANGE THE FORMULA FOR DETERMINING THE PROPERTY RENTAL RATE AND TO PRESERVE EXISTING GRANDFATHERED RATES FOLLOWING CERTAIN SALES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 56-108, Idaho Code, be, and the same is hereby amended to read as follows:

56-108. PROPERTY REIMBURSEMENT -- FACILITIES WILL BE PAID A PROPERTY RENTAL RATE, PROPERTY TAXES AND REASONABLE PROPERTY INSURANCE. The provisions of this section shall not apply to hospital-based facilities which are subject to the provisions of section 56-120, Idaho Code. The provisions of this section are applicable to all other facilities. The property rental rate includes compensation for major
movable equipment but not for minor movable equipment. However, the property rental rate for intermediate care facilities for the mentally retarded shall not include compensation for major movable equipment. The property rental rate is paid in lieu of payment for amortization, depreciation, and interest for financing the cost of land and depreciable assets. However, reimbursement for the cost of major movable equipment for intermediate care facilities for the mentally retarded shall be excluded from the property rental rate and shall be reimbursed according to other provisions of this chapter and to provisions of health insurance manual 15 as promulgated by the U.S. department of health and human services. Prior to final audit, the director shall determine an interim rate that approximates the property rental rate. The property rental rate shall be determined as follows:

(1) Except as determined pursuant to this section and as modified by section 56-109, Idaho Code:

\[
\text{Property rental rate} = \left( \frac{\text{Property base}}{40} \right) \times \left( \frac{\text{Change in building costs}}{40} \right) \times (40 - \text{Age of facility})
\]

where:

(a) "Property base" = $9.24 for all facilities except intermediate care facilities for the mentally retarded. Beginning the effective date of this subsection, the property base rate for intermediate care facilities for the mentally retarded shall be $8.94. (Property base = $5.81 for intermediate care facilities for the mentally retarded not designed for the care of nonambulatory patients as determined by the director.)

(b) "Change in building costs" = 1.0 from April 1, 1985, through December 31, 1985. However, for intermediate care facilities for the mentally retarded, "change in building costs" = 1.0 from the effective date of this subsection through December 31, 1986. Thereafter "change in building costs" will be adjusted for each calendar year to reflect the reported annual change in the building cost index for a class D building in the western region, as of September of the prior year, published by the Marshall Swift Valuation Service. However, for free-standing skilled care facilities "change in building costs" = 1.145 from July 1, 1991, through December 31, 1991. Thereafter, change in building costs for free-standing skilled care facilities will be adjusted each calendar year to reflect the reported annual change in the building cost index for a class D building in the western region, as of September of the prior year as published by the Marshall Swift Valuation Service or the consumer price index for renter's costs available in September of the prior year, whichever is greater.

(c) "Age of facility" = the director shall determine the effective age, in years, of the facility by subtracting the year in which the facility, or portion thereof, was constructed from the year in which the rate is to be applied. No facility or portion thereof shall be assigned an age of more than thirty (30) years. However, beginning July 1, 1991, for free-standing skilled care facilities, "age of facility" will be a revised age which is the lesser of the age established under other provisions of this section or the age which most closely yields the rate allowable to existing facilities as of June 30, 1991, under subsection (1) of
this section. This revised age shall not increase over time.

(1) If adequate information is not submitted by the facility to document that the facility, or portion thereof, is newer than thirty (30) years, the director shall set the effective age at thirty (30) years. Adequate documentation shall include, but not be limited to, such documents as copies of building permits, tax assessors' records, receipts, invoices, building contracts, and original notes of indebtedness. The director shall compute an appropriate age for facilities when documentation is provided to reflect expenditures for building expansion or remodeling prior to the effective date of this section. The computation shall decrease the age of a facility by an amount consistent with the expenditure and the square footage impacted and shall be calculated as follows:

1. Determine, according to indexes published by the Marshall Swift Valuation Service, the construction cost per square foot of an average class D convalescent hospital in the western region for the year in which the expansion or renovation was completed.
2. Multiply the total square footage of the building following the expansion or renovation by the cost per square foot to establish the estimated replacement cost of the building at that time.
3. The age of the building at the time of construction shall be multiplied by the quotient of total actual renovation or remodeling costs divided by replacement cost. If this number is equal to or greater than 2.0, the age of the building in years will be reduced by this number, rounded to the nearest whole number. In no case will the age be less than zero.

(ii) The director shall adjust the effective age of a facility when major repairs, replacement, remodeling or renovation initiated after April 1, 1985, would result in a change in age of at least one (1) year. Such changes shall not increase the allowable property rental rate by more than three-fourths (3/4) of the difference between the adjusted property base determined in subsections (1)(a) and (1)(b) of this section and the rental rate paid to the facility at the time of completion of such changes but before the change component has been added to said rate. The adjusted effective age of the facility will be used in future age determinations, unless modified by provisions of this chapter.

(iii) The director shall allow for future adjustments to the effective age of a facility or its rate to reimburse an appropriate amount for property expenditures resulting from new requirements imposed by state or federal agencies. The director shall, within twelve (12) months of verification of expenditure, reimburse the medicaid share of the entire cost of such new requirements as a one-time payment if the incurred cost for a facility is less than one hundred dollars ($100) per bed.

(d) At no time shall the property rental rate, established under subsection (1) of this section, be less than that allowed in sub-
section (1)(c)(ii), with the rate in effect December 31, 1988 being the base. However, subsequent to the application of this paragraph, before any rate increase may be paid, it must first be offset by any rate decrease that would have been realized if the provisions of this paragraph had not been in effect.

(2) A "grandfathered rate" for existing facilities will be determined by dividing the audited allowable annual property costs, exclusive of taxes and insurance, for assets on hand as of January 1, 1985 by the total patient days in the period July 1, 1984 through June 30, 1985. However, a "grandfathered rate" for existing intermediate care facilities for the mentally retarded will be determined by dividing the audited allowable annual property costs, exclusive of taxes, insurance and costs of major movable equipment, for assets on hand as of January 1, 1986 by the total patient days in the period July 1, 1985, through June 30, 1986. The property rental rate will be the greater of the amount determined pursuant to subsection (1) of this section, or the grandfathered rate. The director shall adjust the grandfathered rate of a facility to compensate the owner for the cost of major repairs, replacement, expansion, remodeling and renovation initiated prior to April 1, 1985, and completed after January 1, 1985, but completed no later than December 31, 1985. The director shall adjust the grandfathered rate of a facility to compensate the owner for the cost of major repairs, replacement, expansion, remodeling and renovation initiated prior to April 1, 1985, and completed after January 1, 1985, but completed no later than December 31, 1985. For facilities receiving a grandfathered rate making major repairs, replacement, expansion, remodeling or renovation, initiated after January 1, 1986, the director shall compare the grandfathered rate of the facility to the actual depreciation, amortization, and interest for the current audit period plus the per diem of the recognized cost of major repairs, replacement, expansion, remodeling or renovation, amortized over the American hospital association guideline component useful life. The greater of the two (2) numbers will be allowed as the grandfathered rate. Such changes shall not increase the allowable grandfathered rate by more than three-fourths (3/4) of the difference between the current grandfathered rate and the adjusted property base determined in subsections (1)(a) and (1)(b) of this section.

(3) The property rental rate per day of care paid to facilities with leases signed prior to March 30, 1981, will be the sum of the annualized allowed lease costs and the other annualized property costs for assets on hand as of January 1, 1985, exclusive of taxes and insurance when paid separately, divided by total patient days in the period June 30, 1983 through July 1, 1984. Effective July 1, 1989, the director shall adjust the property rental rate of a leased skilled facility under this paragraph to compensate for the cost of major repairs, replacement, expansion, remodeling and renovation initiated after January 1, 1985, by adding the per diem of the recognized cost of such expenditures amortized over the American hospital association guideline component useful life. Such addition shall not increase the allowable property rental rate by more than three-fourths (3/4) of the difference between the current property rental rate and the adjusted property base as determined in paragraphs (a) and (b) of subsection (1) of this section. However, the property rental rate per day of care
paid to intermediate care facilities for the mentally retarded with leases signed prior to March 30, 1981, will be the sum of the annualized allowed lease costs and the other annualized property costs for assets on hand as of January 1, 1986, exclusive of costs related to major movable equipment, taxes, and insurance when paid separately, divided by total patient days in the period July 1, 1985, through June 30, 1986. Where such leases contain provisions that bind the lessee to accept an increased rate, reimbursement shall be at a rate per day of care which reflects the increase in the lease rate. Where such leases bind the lessee to the lease and allow the rate to be renegotiated, reimbursement shall be at a rate per day of care which reflects an annual increase in the lease rate not to exceed the increase in the consumer price index for renters costs. After the effective date of this subsection, if such a lease is terminated or if the lease allows the lessee the option to terminate other than by purchase of the facility, the property rental rate shall become the amount determined by the formula in subsection (1) of this section as of the date on which the lease is or could be terminated.

(4) (a) In the event of a sale, except under the conditions of subsection (b) of this subsection, the buyer shall receive the property rental rate, not modified by section 56-109, Idaho Code, if the seller was receiving a grandfathered rate, if the seller was receiving a rate other than a grandfathered rate, the buyer shall receive the seller's rate as provided in subsection (1) of this section, except under the conditions of paragraph (b) of this subsection or except in the event of the first sale for a free-standing skilled care facility receiving a grandfathered rate after June 30, 1991, whereupon the new owner shall receive the same rate that the seller would have received at any given point in time.

(b) In the event of a forced sale of a facility where the seller has been receiving a grandfathered rate, the buyer will receive a rate based upon his incurred property costs, exclusive of taxes and insurance, for the twelve (12) months following the sale, divided by the facility's total patient days for that period, or the property rental rate, not modified by section 56-109, Idaho Code, whichever is higher, but not exceeding the rate that would be due the seller.

In the event that wine has been provided to a person or association which desires to dispense or sell such wine and to donate the proceeds from the sale or dispensing thereof for benevolent, charitable or public purposes, the director may issue a permit authorizing such sale or dispensing of wine by such person or association if the director is satisfied that said proceeds, after deducting reasonable expenses incurred in conjunction with the sale or dispensing thereof, will be donated for such benevolent, charitable or public purpose. The director shall prescribe the form of the application for such permit, which application may require disclosure of names of sponsors; donors, quantities and types of wine products donated; the retailer, if any, designated by such person or association to receive, store or dispense donated wine; the dates and hours during which the permit is to be effective, not to exceed three (3) consecutive days; and such other information as the director may require. Each association under its bylaws may, also, provide for any or all of the following matters:

a. The time, place and manner of calling and conducting its meetings.

b. The number of stockholders or members constituting a quorum.

c. The right of members or stockholders to vote by proxy or by mail or by both, and the conditions, manner, form, and effects of such votes.

the patron, credits in a capital reserve or equity account called for
reolving by the board of directors of the association, remaining
uncashed or unclaimed at the expiration of the period of five (5)
years after the issuance, call for payment, or stated maturity date
thereof, shall be deemed, if authorized by the bylaws and at the
direction of the board of directors, transferred, as a contribution,
to the capital fund of the association, this being an exception to
chapter 5, title 14, Idaho Code.

This exemption shall not relieve the Idaho transportation department, the department of fish and game, and the department of parks and recreation, in the letting of contracts for public works, from complying with the procedures of section 67-57181C, Idaho Code, related to the advertising and bidding for contracts. (3) Adequate public notice of the invitation for bids shall be given at least fourteen (14) days prior to the date set forth therein for the opening of bids. Such notice may include publication at least fourteen (14) days prior to bid opening in a newspaper of general circulation in the area where the work is located.

(4) Bids shall be opened publicly at the time and place designated in the invitation for bids. The amount of each bid and such other relevant information as may be specified by rules, together with the name of each bidder, shall be entered on a record and the record shall be open to public inspection. Adequate public notice of the invitation for informal bids shall be given at least seven (7) days prior to the date set forth therein for the receipt of the informal bids. Such notice may include publication at least seven (7) days prior to bid opening in a newspaper of general circulation in the area where the work is located; or the agency may advertise the invitation for bids in appropriate trade journals, and otherwise notify persons believed to be interested in the award of a contract. Informal bids must be submitted by the contractor in writing in response to a prepared written document describing the project's scope of work in sufficient detail so as to enable a contractor familiar with such work to prepare a responsible bid. Nothing herein exempts an agency from the responsibility of utilizing formal plans and specifications if the work involves the public health or safety as described in chapters 3 and 12, title 54, Idaho Code. The agency must document receipt of the informal bids in the project file.

The sheriff has levied on your money and/or personal property. You have FOURTEEN (14) DAYS after the date of mailing or personal service of these documents to file a claim of exemption with the sheriff. An exemption from levy entitles you to obtain the release of your money and personal property.

The following is a partial list of money and personal property that may be exempt from levy. GOVERNMENTAL BENEFITS SUCH AS SOCIAL SECURITY, SSI, VETERANS, RAILROAD RETIREMENT, MILITARY, AND WELFARE ARE EXEMPT FROM LEVY IN MOST CASES UNDER FEDERAL LAW.

This list may not be complete and may not include all exemptions that apply in your case because of periodic changes in the law. Additionally, some of the exemptions may not apply in full or under all circumstances. There may be special requirements for child support. You or your attorney should read the exemption statutes which apply to you.

If you believe the money or personal property that are being levied upon are exempt, you should immediately file a claim of exemption. If you fail to make a timely claim of exemp-
tion, the sheriff will release money to the plaintiff, or the property may be sold at an execution sale, perhaps at a price substantially below its value, and you may have to bring further court action to recover the money and property.

The sheriff cannot give you legal advice. Therefore, if you have any questions concerning your rights in this action, you should consult an attorney as soon as possible. You may contact the nearest office of Idaho legal aid services, inc. to inquire if you are eligible for their assistance.

SECTION 5. That Chapter 5, Title 8, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 8-507D, Idaho Code, and to read as follows:

8-507D. DOCUMENTS TO BE PROVIDED BY PLAINTIFF -- DUTIES OF SHERIFF -- SERVICE AND MAILING CRITERIA -- TIME COMPUTATION. With respect to any attachment, garnishment or execution, the plaintiff shall provide the sheriff with sufficient copies of the writ and other documents required to be served for service on the defendant and each additional party identified in the plaintiff's written directions and shall provide an envelope addressed to each person required to be served. If the documents are to be mailed, proper postage shall be
affixed. The sheriff shall not delay service for lack of sufficient copies or postage and shall make any additional copies and affix any additional postage necessary. The sheriff may charge the plaintiff for the actual costs of any additional copies and postage required, which costs shall be in addition to the fees permitted under section 31-3203, Idaho Code.

Personal service shall be accomplished in the same manner provided for service of summons under the Idaho rules of civil procedure. Mailing shall be by first class mail. Unless otherwise provided to the contrary, the date when an item is deposited in the United States mails shall constitute the date of mailing and service where service by mail is permitted. In computing any period of time within which an act is to be accomplished, the day of the act after which the designated period of time begins to run is not to be included. The last day of the period so computed is to be included, unless it falls on a weekend or legal holiday, in which event the period runs until the close of business of the first business day after the weekend or holiday, except that this provision shall not extend the time within which hearing on a motion to contest a claim of exemption or third party claim must be set as provided in section 8-540, Idaho Code, and section 11-203, Idaho Code.

The sheriff shall not be required to investigate or assure the accuracy and completeness of the addresses of the parties to be served or any other information provided by the plaintiff.

SECTION 6. That Section 8-509, Idaho Code, be, and the same is hereby amended to read as follows:

8-509. EXAMINATION OF GARNISHEE. (a) Any person owing debts to the defendant, or having in his possession or under his control, any credits or other personal property belonging to the defendant, may be required to attend before the court or judge, or a referee appointed by the court or judge, and be examined on oath respecting the same. If the garnishee be a corporation the officer or agent thereof having knowledge of the fact sought to be established may be required to attend and give evidence thereof. The defendant may also be required to attend for the purpose of giving information respecting his property and may be examined on oath. The court or judge may, after such examination, order personal property capable of manual delivery to be delivered to the sheriff on such terms as may be just, having reference to any liens or claims against the same, and a memorandum to be given of all other personal property, containing the amount and description thereof.

(b) When the garnishee is the employer of the judgment debtor, the judgment creditor, upon application to the court, shall have issued by the clerk of court, a continuing garnishment directing the employer-garnishee to pay to the sheriff such future moneys coming due to the judgment debtor as may come due to said judgment debtor as a result of the judgment debtor's employment. This continuing garnishment shall continue in force and effect until the judgment is satisfied. The creditor shall be solely responsible for insuring that the amounts garnished do not exceed the amount due on the judgment. If additional garnishments are issued during the term of a continuing
and the continuing garnishment is the maximum allowed under the provisions of section 11-207, Idaho Code, the additional garnishments cannot be \textit{effectuated served} until the continuing garnishment is satisfied, or until the amount taken by the continuing garnishment is less than the maximum allowed; additional garnishments issued during the term of a continuing garnishment must be \textit{executed served} in the order in which presented.

\textbf{SECTION 7.} That Section 8-527, Idaho Code, be, and the same is hereby amended to read as follows:

\textbf{8-527. CLAIM OF PROPERTY BY THIRD PERSON OR AS EXEMPT.} If any personal property attached, garnished or executed upon be claimed by a third person as his property, or by the defendant as exempt property, the same rules shall prevail as to the contents and making of said claim, and as to the holding of said property, as in the case of a claim after levy upon execution, as provided in section 11-203, Idaho Code.

\textbf{SECTION 8.} That Section 8-540, Idaho Code, be, and the same is hereby amended to read as follows:

\textbf{8-540. EARLY SETTING.} In all proceedings brought under this chapter, all courts in which such actions are pending, shall, upon request of any party thereto, give such actions precedence over all other civil actions, except action to which special precedence is otherwise given by law, in the matter of setting the same for hearing or trial, or in hearing or trial thereof, to the end that all such actions shall be quickly heard and determined; provided, however, that hearing upon a motion to contest a claim of exemption or third party claim as provided in section 11-203, Idaho Code, shall be set for a date within not less than five (5) nor more than twelve (12) days after the filing of the motion and such hearing may be continued only at the request of the defendant.

\textbf{SECTION 9.} That Section 11-203, Idaho Code, be, and the same is hereby repealed.

\textbf{SECTION 10.} That Chapter 2, Title 11, Idaho Code, be, and the same is hereby amended by the addition thereto of a \textbf{NEW SECTION}, to be known and designated as Section 11-203, Idaho Code, and to read as follows:

\textbf{11-203. CLAIM OF EXEMPTION BY DEFENDANT OR THIRD PARTY CLAIM -- MOTION TO CONTEST CLAIM AND HEARING -- HOLDING AND RELEASE OF PROPERTY BY SHERIFF.} The following procedures shall apply to a claim by the defendant or the defendant's representative that property levied upon is exempt and to any claim by a third party that property levied upon is his property or that he has a security interest therein. The defendant or the defendant's representative shall complete the claim of exemption form as provided in section 8-507C, Idaho Code. A third party claimant shall prepare a written claim setting forth the grounds upon which he claims the property, and in the case of a secured party,
also stating the dollar amount of the claim. A claim of exemption or third party claim may be filed only if property has been levied upon.

(a) The claim of exemption or third party claim shall be delivered or mailed to the sheriff within fourteen (14) days after the date the sheriff hand delivers or mails the documents required to be served upon the defendant and third parties under section 8-507A, Idaho Code. If the claim is mailed, it must be received by the sheriff within the fourteen (14) day period. In computing the fourteen (14) day period, intervening weekends and legal holidays shall be counted, but if the last day of the period falls on a weekend or legal holiday, the period shall be deemed to run until the close of business of the first business day following the weekend or holiday.

Within one (1) business day after receiving a claim, the sheriff shall deliver or mail a copy thereof to the plaintiff or other person in whose favor the writ of execution runs. The sheriff may provide notification of the claim by telephone but must also mail a copy of the claim within one (1) business day as herein provided.

(b) The plaintiff or other person in whose favor the writ of execution runs shall have five (5) business days after the date a copy of the claim is delivered or mailed to him by the sheriff within which to file a motion with the court stating the grounds upon which he contests the claim of exemption or third party claim. When the motion is filed, the plaintiff shall lodge with the court a copy of the claim to which the motion pertains. Hearing on the motion shall be set for a date within not less than five (5) nor more than twelve (12) days after the filing date of the motion and may be continued only at the request of the defendant. A copy of the motion and notice of hearing shall be delivered or mailed to the defendant or third party claimant on the date the motion is filed. The prevailing party at the hearing may be awarded costs pursuant to the Idaho rules of civil procedure.

Within the period for filing a motion to contest, the moving party shall notify the sheriff that the motion has been filed. Such notification may be by telephone but a copy of the motion and notice of hearing shall also be mailed or hand delivered to the sheriff within the filing period herein prescribed.

(c) The sheriff shall not deliver to the plaintiff or sell the property levied upon, except if perishable as provided by law, until the period for filing a claim has elapsed. The sheriff shall refuse to accept or honor a claim not filed with him within that period and unless otherwise ordered by the court, shall, after such period has elapsed, proceed to sell or deliver the property levied upon to the plaintiff or other person in whose favor the execution runs. If, after notice from the sheriff of the filing of a claim, the plaintiff or other person in whose favor the execution runs, notifies the sheriff that the claim will be uncontested or fails to notify the sheriff within the time provided in subsection (b) of this section that the claim is being contested, the sheriff shall release the claimed property to the defendant or his agent.

(d) If a plaintiff or other person in whose favor the execution runs has failed to contest a claim of exemption within the time allowed by this section or if property has been determined by a court to be exempt, and the plaintiff or other person in whose favor the execution runs thereafter levies upon or otherwise seeks to apply the
property toward the satisfaction of the same money judgment, the plaintiff or other person in whose favor the execution runs is not entitled to recover the subsequent costs of collection unless the property is applied to satisfaction of the judgment.

(e) If a security agreement to the third party claimant is in default, rendering said claimant the legal right to possession, the claimant may file with the sheriff an affidavit of release to the claimant executed by the defendant-debtor, or his agent; or, in lieu of said affidavit of release, the third party claimant may file an affidavit setting forth the defendant-debtor's default and claiming possession under default and a hold harmless agreement in favor of the sheriff, supported by an undertaking qualifying in the state of Idaho, indemnifying the sheriff and said defendant-debtor in double the actual value of the property as stated in said third party claim. Upon receipt of either of the foregoing, the sheriff shall release said property to the third party claimant, taking receipt therefor; these proceedings to be reported to the court by sheriff's return in the action.

(f) Nothing in this section shall be construed to prevent the defendant from pursuing his common law remedies.

(g) Personal service shall be accomplished in the same manner provided for service of summons under the Idaho rules of civil procedure. Mailing shall be by first class mail. The date when an item is deposited in the United States mails shall constitute the date of mailing. In computing any period of time prescribed in this section, the day of the act or event after which the designated period of time begins to run is not to be included.

SECTION 11. That Section 11-608, Idaho Code, be, and the same is hereby amended to read as follows:

11-608. CLAIM OF EXEMPTION. Any person entitled to an exemption under this chapter may claim such exemption within seven-(7)-days after-attachment-or-levy-upon-the-property-sought—to—be—claimed—as exempt in the manner provided in section 11-203, Idaho Code.

SECTION 12. That Section 11-301, Idaho Code, be, and the same is hereby amended to read as follows:

11-301. EXECUTION OF WRIT. The sheriff must execute the writ against the property of the judgment debtor by levying on a sufficient amount of property if there be sufficient; collecting or selling the things in action, and selling the other property, and paying to the plaintiff or his attorney so much of the proceeds as will satisfy the judgment. Any excess in the proceeds over the judgment and accruing costs must be returned to the judgment debtor unless otherwise directed by the judgment or order of the court. When there is more property of the judgment debtor than is sufficient to satisfy the judgment and accruing costs within the view of the sheriff, he must levy only on such part of the property as the judgment debtor may indicate, if the property indicated be amply sufficient to satisfy the judgment and costs.

The provisions of sections 8-507 through 8-507D, Idaho Code, shall
apply to a levy upon personal property.

or for making any report or disclosure of information required or per­mitted under this chapter.

(f) If a purchaser who gives a tax exemption certificate makes any use of the property other than retention, demonstration, or dis­play while holding it for sale or rent in the regular course of busi­ness, the use shall be taxable to the purchaser as of the time the property is first used by him, and the sales price of the property to him shall be deemed the measure of the tax.

(g) If a purchaser gives a tax exemption certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but with such simi­larity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so com­mingled has been sold.

(h) When the tax commission determines that a retail sale claimed as an exempt sale in the manner provided in this section is not exempt and the purchaser has failed to voluntarily report and pay use tax in regard to the property purchased on a return as provided in section 63-3621, Idaho Code, the tax commission shall issue to the purchaser a notice of deficiency determination in the manner provided in section 63-3629, Idaho Code, asserting tax together with interest, at the rate provided in section 63-3045, Idaho Code, and may assert penalty equal to five percent (5%) of the sales price of the property or two hundred dollars ($200), whichever is greater. The tax commission may abate the penalty when the purchaser establishes during a proceeding for rede­termination under section 63-3631, Idaho Code, that there was reason­able grounds for believing that the purchase was properly exempt from tax.

(i) An individual who claims an exemption on behalf of another person knowing that the sale is not exempt shall be personally liable for a civil penalty equal to five percent (5%) of the sales price of the property or two hundred dollars ($200), whichever is greater. The penalty may be in addition to the penalty provisions found elsewhere in this chapter. The penalty provided herein shall be asserted by a notice of deficiency determination issued in the manner provided in section 63-3629, Idaho Code. The tax commission may abate the penalty when the individual establishes during a proceeding for redeter­mination under section 63-3631, Idaho Code, that there was reasonable grounds for believing that the purchase was properly exempt from tax.

(j) In addition to the aforesaid authority, the tax commission whenever it shall discover a violation of the provisions of this chap­ter or of any rules or regulations shall have the authority to require any person to appear before it at a designated time and place to show cause why the tax exemption certificate or certificates issued to that person shall not be revoked. Notice of the hearing shall not be less than fifteen (15) days by certified mail addressed to the person's last known address, or in lieu thereof, by personal service.

(k) A purchaser for resale who does not apply to the state tax commission for a tax exemption certificate shall pay tax to all sellers within this state and all sellers engaged in business in this state. A purchaser who has paid the tax imposed in this chapter to a
seller in regard to any purchase which is for resale may file a claim for refund of such taxes as provided in section 63-3626, Idaho Code.

SECTION 4. That Section 63-3621, Idaho Code, as amended by Section 5, House Bill No. 40, First Regular Session, Fifty-first Idaho Legislature, be, and the same is hereby amended to read as follows:

63-3621. IMPOSITION AND RATE OF THE USE TAX. An excise tax is hereby imposed on the storage, use, or other consumption in this state of tangible personal property acquired on or after July 1, 1965, for storage, use, or other consumption in this state at the rate of five per cent (5%) of the value of the property, and a recent sales price shall be presumptive evidence of the value of the property.

(a) Every person storing, using, or otherwise consuming, in this state, tangible personal property is liable for the tax. His liability is not extinguished until the tax has been paid to this state except that a receipt from a retailer seller maintaining a place of business in this state or engaged in business in this state given to the purchaser is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

(b) Every retailer seller engaged in business in this state, and making sales of tangible personal property for the storage, use, or other consumption in this state, not exempted under section 63-3620B or 63-3622, Idaho Code, shall, at the time of making the sales or, if storage, use or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the state tax commission.

(c) The provisions of this section shall not apply when the retailer pays sales tax on the transaction and collects reimbursement for such sales tax from the customer.

(d) Every retailer engaged in business in this state or maintaining a place of business in this state, and every seller required to collect tax under this chapter shall register file with the state tax commission and an application for a seller's permit as provided in section 63-3620, Idaho Code, and in addition to the requirements of that section, give the name and address of all agents operating in this state, the location of all distributions or sales houses or offices or other places of business in this state, and such other information as the state tax commission may require.

(e) For the purpose of the proper administration of this act and to prevent evasion of the use tax and the duty to collect the use tax, it shall be presumed that tangible personal property sold by any person for delivery in this state is sold for storage, use, or other consumption in this state until unless the person who makes the sale takes obtains from the purchaser the documentation required by section 63-3620B(d), Idaho Code. a certificate to the effect that the property is purchased for resale or rental. When a property executed resale certificate is delivered to the retailer, the retailer is relieved from all liability to collect any sales or use tax on the transaction.

(ff) \--It shall be presumed that tangible personal property shipped
or brought to this state by the purchaser was purchased from a
retailer seller, for storage, use or other consumption in this state.

(jj) \--It shall be presumed that tangible personal property deliv-
ered outside this state to a purchaser known by the retailer seller to
be a resident of this state was purchased from a retailer seller for
storage, use, or other consumption in this state. This presumption may
be controverted by evidence satisfactory to the state tax commission
that the property was not purchased for storage, use, or other con-
sumption in this state.

(kh) \--When the tangible personal property subject to use tax has
been subjected to a general retail sales or use tax by another state
of the United States at a rate equal to or greater than the rate of
the Idaho tax, and evidence can be given of such payment, the property
will not be subject to Idaho use tax. If the rate paid the other state
was less, the property will be subject to use tax to the extent that
the Idaho rate exceeds the rate of the other state. For the purposes
of this subsection, a registration certificate or title issued by
another state or subdivision thereof for a vehicle or trailer or a
vessel as defined in section 67-7003, Idaho Code, shall be sufficient
evidence of payment of a general retail sales or use tax.

(ti) \--The use tax herein imposed shall not apply to the use by a
nonresident of this state of a motor vehicle which is registered or
licensed under the laws of the state of his residence and is not used
in this state more than three (3) months, and which is not required to
be registered or licensed under the laws of this state, or to the use
of household goods, personal effects and private automobiles by a bona
fide resident of this state, if such articles were acquired by such
person in another state while a bona fide resident thereof and primarily for use outside this state and if such use was actual and substantial, but if an article was acquired less than three (3) months prior to the time he entered this state, it will be presumed that the article was acquired for use in this state and that its use outside this state was not actual and substantial.

SECTION 5. That Section 63-3622, Idaho Code, be, and the same is hereby repealed.

SECTION 6. That Chapter 36, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3622, Idaho Code, and to read as follows:

63-3622. EXEMPTIONS -- REGISTRATION -- TAX EXEMPTION CERTIFICATE -- PENALTIES. (a) A person who regularly makes retail purchases exempt from or not subject to the taxes imposed in this chapter may apply to the state tax commission for a tax exemption certificate upon a form furnished by it, accompanied by a fee of not more than ten dollars ($10.00) for the original tax exemption certificate and not more than five dollars ($5.00) for each additional copy requested by the applicant.

(b) The tax commission shall review each application for a tax exemption certificate. If, after reasonable review the tax commission determines that the applicant:

(1) Is a purchaser who regularly makes retail purchases exempt from or not subject to the taxes imposed in this chapter; and
(2) Has not, after January 1, 1992, used a tax exemption certificate to knowingly avoid paying tax to a seller on a purchase which is not exempt from the tax, or to knowingly escape or evade taxes due under this chapter, the tax commission shall issue the applicant a tax exemption certificate.

All tax exemption certificates shall bear the holder's name and address, an identifying number and an expiration date not less than one (1) year nor more than two (2) years from the date the certificate is issued.

(c) Any purchaser who has applied for and has been issued a tax exemption certificate shall keep records as required in section 63-3624, Idaho Code. The tax commission, or any person authorized in writing by it, may examine the books, records, receipts, invoices and other pertinent papers related to purchases made under such tax exemption certificate. A tax exemption certificate issued under this section is valid only as to sales transactions in which the purchaser is the same person to whom the certificate is issued. Exemption certificates are not transferable.

(d) Sellers need not collect sales or use taxes in regard to sales for which the purchaser claims exemption from taxes by supplying to the seller the following documentation:

(1) Presenting for the seller's examination an unexpired tax exemption certificate issued under this section to the person making the purchase from which the seller shall document the name of the permittee, the expiration date and the identifying number dis-
played on the card; and

(2) The name, address, social security number and signature of the individual claiming the exemption either as holder of the tax exemption certificate or on behalf of the holder of the tax exemption certificate.

(e) After receipt of the required documentation, a seller has no duty or obligation to collect tax regardless of whether the purchaser properly or improperly claimed an exemption provided that the seller retains the documentation for each such exempted sale for the period of time required under section 63-3624, Idaho Code. A seller who is relieved of the obligation to collect tax under this section is also relieved of any liability to the purchaser for failure to collect tax or for making any report or disclosure of information required or permitted under this chapter. The tax commission may, by regulation, provide for alternative forms of exemption documentation for certain exempt sales to which the tax exemption certificate would not apply, and for certain purchases exempt from the tax imposed by this chapter to which the tax exemption certificate would not apply.

(f) When the tax commission determines that a retail sale claimed exempt in the manner provided in this section is not exempt and the purchaser has failed to voluntarily report and pay use tax in regard to the property purchased on a use tax return as provided in section 63-3621, Idaho Code, the tax commission shall issue to the purchaser a notice of deficiency determination in the manner provided in section 63-3629, Idaho Code, asserting tax together with interest, at the rate provided in section 63-3045, Idaho Code, and a penalty equal to five percent (5%) of the sales price of the property or two hundred dollars ($200), whichever is greater. The tax commission may abate the penalty when the purchaser establishes during a proceeding for redetermination under section 63-3631, Idaho Code, that there was reasonable grounds for believing that the purchase was properly exempt from tax.

(g) An individual who claims an exemption on behalf of another person knowing that the sale is not exempt shall be personally liable for a civil penalty equal to five percent (5%) of the sales price of the property or two hundred dollars ($200), whichever is greater. The penalty may be in addition to the penalty provisions found elsewhere in this chapter. The penalty provided herein shall be asserted by a notice of deficiency determination issued in the manner provided in section 63-3629, Idaho Code. The tax commission may abate the penalty when the individual establishes during a proceeding for redetermination under section 63-3631, Idaho Code, that there was reasonable grounds for believing that the purchase was properly exempt from tax.

(h) In addition to the aforesaid authority, the tax commission whenever it shall discover a violation of the provisions of this chapter or of any rules or regulations shall have the authority to require any person to appear before it at a designated time and place to show cause why the tax exemption certificate or certificates issued to that person shall not be revoked. Notice of the hearing shall not be less than fifteen (15) days by certified mail addressed to the person's last known address or in lieu thereof, by personal service.

(i) A person who makes retail purchases exempt from or not subject to the taxes imposed in this chapter who does not apply to the tax commission for a tax exemption certificate shall pay tax to all
sellers within this state and all sellers engaged in business in this state. A purchaser who has paid the tax imposed in this chapter to a seller in regard to any purchase which is exempt from or not subject to the tax may file with the tax commission a claim for refund of such taxes on such forms as the commission may require and in a manner provided in section 63-3626, Idaho Code, and tax commission regulations.

SECTION 7. That Section 63-3624, Idaho Code, be, and the same is hereby amended to read as follows:

63-3624. ADMINISTRATION. (a) The state tax commission shall enforce the provisions of this act and may prescribe, adopt, and enforce rules and regulations relating to the administration and enforcement of this act. The state tax commission may prescribe the extent to which any ruling or regulation shall be applied without retroactive effect.

(b) The state tax commission shall employ qualified auditors for examination of taxpayers' records and books. The state tax commission shall also employ such accountants, investigators, regional supervisors, assistants, clerks, and other personnel as are necessary for the efficient administration of this act, and may delegate authority to its representatives to conduct hearings, or perform any other duties imposed by this act.

(c) Every seller, every retailer, and every person storing, using, or otherwise consuming in this state tangible personal property purchased from a retailer seller shall keep such records, receipts, invoices and other pertinent papers as the state tax commission may require. Every such seller, retailer or person who files the returns required under this act shall keep such records for not less than four (4) years from the making of such records unless the state tax commission in writing sooner authorizes their destruction.

(d) Retail food stores may petition to the state tax commission to be relieved from the responsibility of retaining detailed invoices of nontaxed sales for which the documentation required in section 63-3620B(d) or 63-3622(d), Idaho Code, and any other documentation which may be required by the tax commission, has been obtained by the store from the purchaser. The tax commission shall review each petition and may examine the books and records of the petitioner to insure that the products sold by the petitioner are those sold by a retail food store. The tax commission shall give written notice of its determination to the petitioner as soon as practicable after receiving the written request, but in no event later than sixty (60) days after receiving the petition. As used in this section, "retail food stores" shall mean those retail stores primarily engaged in selling food for home preparation and consumption described in major group 54 of the standard industrial classification manual (SIC) of 1987, as amended, published by the office of management and budget of the executive office of the president of the United States.

(e) The state tax commission, or any person authorized in writing by it, may examine the books, papers, records, and equipment of any person selling tangible personal property and any person liable for the use tax and may investigate the character of the business of the person in order to verify the accuracy of any return made, or, if no
return is made by the person, to ascertain and determine the amount required to be paid.

(ef) Retailers Purchasers claiming exemption from tax and sellers whose pertinent records are kept outside of the state must bring the records to Idaho for examination by the state tax commission upon request of the latter, or, by agreement with the state tax commission, permit an auditor designated by the state tax commission to visit the place where the records are kept, and there audit such records.

(fg) In the administration of the use tax, the state tax commission may require the filing of reports by any purchaser to whom a tax exemption certificate has been issued or by any person or class of persons having in his or their possession or custody information relating to sales of tangible personal property the storage, use, or other consumption of which is subject to the tax. The reports shall be filed when the state tax commission requires and shall set forth the names and addresses of purchasers of tangible personal property, the sale price of the property, the date of sale, and such other information as the state tax commission may require.

SECTION 8. That Section 63-3626, Idaho Code, be, and the same is hereby amended to read as follows:

63-3626. REFUNDS, LIMITATIONS, INTEREST. (a) Any purchaser who is required to file a sales tax return who has paid tax with regard to property purchased for resale and any purchaser who is required to file a use tax return who has paid tax with regard to property purchased which is exempt from or not subject to the tax shall apply for credit of the tax so paid against the sales and use tax due on the returns required in section 63-3623, Idaho Code. In the event the amount of credit applied for exceeds the amount of tax due upon the return, credit will be allowed against future taxes due unless the amount of credit exceeds two hundred fifty dollars ($250), in which case the purchaser may request, in such form as the tax commission may require by regulation, that the tax commission issue a refund.

(b) Any purchaser other than a purchaser described in subsection (a) of this section who has paid the tax imposed in this chapter to a seller in regard to a sale which is exempt from or not subject to the tax may file a claim for refund with the tax commission in such form as the commission may require by regulation. Refund claims for amounts of credit exceeding two hundred fifty dollars ($250) or less shall be filed no more frequently than quarterly. Refund claims for amounts more than two hundred fifty dollars ($250) may be filed at any time within the limitations provided in this section.

(c) All other claims for refund, arising from bad debts, shall be in a form and manner prescribed by regulation of the tax commission.

(ad) If the tax commission determines that any amount due under this act chapter has been paid more than once or has been erroneously or illegally collected or computed, has been paid by a purchaser in regard to any purchase which is exempt from the tax or has been paid by a purchaser for resale, the tax commission shall set forth that fact in its records and the excess amount paid or collected may be credited on any amount then due and payable to the tax commission from
that person and any balance refunded to the person by whom it was paid or to his successors, administrators or executors; the tax commission is authorized and the state board of tax appeals authorized to order the tax commission in proper cases to credit or refund such amounts whether or not such payments have been paid under protest and certify such refund to the state board of examiners.

(b) No such credit or refund shall be allowed or made after three (3) years from the time the payment was made, unless before the expiration of such period a claim therefor is filed by the taxpayer. Provided the three (3) year period allowed by this section for making refunds or credit claims shall not apply in cases where the tax commission asserts a deficiency under sections 63-3629 and 63-3630, Idaho Code, and taxpayers desiring to appeal or otherwise seek a refund of amounts paid in obedience to such deficiencies must do so within the time limits elsewhere prescribed in this act.

(cf) Interest shall be allowed on the amount of such credits or refunds at the rate provided in section 63-3045, Idaho Code, from the date such tax was paid, except with regard to refunds claimed under subsections (a) and (b) of this section in which case interest shall only apply to any amount not refunded and due thirty (30) days after receipt by the tax commission of the claim for refund.

(dg) Appeal of a tax commission decision denying in whole or part a claim for refund shall be made in accordance with and within the time limits prescribed in section 63-3632, Idaho Code.

SECTION 9. That Section 63-3634, Idaho Code, be, and the same is hereby amended to read as follows:

63-3634. ADDITIONS AND PENALTIES. The additions, penalties and requirements provided by the Idaho Income Tax Act, sections 63-3046, 63-3075, 63-3076 and 63-3077, Idaho Code, shall apply in the same manner and to the same extent to this act as to the Idaho Income Tax Act and shall cover acts, omissions, and delinquencies under this act similar to acts, omissions and delinquencies under the Idaho Income Tax Act and such additions, penalties and requirements shall, for this purpose, be described as and be for acts, omissions, delinquencies and requirements under the Idaho Sales Tax Act; provided, however, that the provisions of section 63-3076, Idaho Code, shall not prevent the release of information about a specific transaction to any party to such transaction, including the tax exemption certificate holder, the seller, and any individual signing an exemption claim relating to the transaction; nor shall the provisions of section 63-3076, Idaho Code, prevent release by the tax commission of the names, identifying numbers, and expiration date of persons holding valid, revoked, or expired tax exemption certificates. The tax commission may release such information only when it determines that the release will benefit the enforcement of this chapter, and not otherwise.

SECTION 10. That Chapter 36, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3636, Idaho Code, and to read as follows:
63-3636. CRIMINAL PENALTIES. (a) Any person who shall forge, counterfeit, or alter a tax exemption certificate, and any person who shall knowingly use a tax exemption certificate issued to another which has been stolen or otherwise obtained and used without the express consent of the holder of the certificate shall be guilty of a felony punishable as provided in section 18-112, Idaho Code, and additionally shall be thereafter ineligible to have issued to him a tax exemption certificate.

(b) Any person who gives a tax exemption certificate for property which he knows at the time of purchase is not exempt or is not to be resold or rented by him in the regular course of business for the purpose of evading payment to the seller of the amount of the tax applicable to the transaction is guilty of a misdemeanor and punishable by a fine not exceeding one thousand dollars ($1,000), or by imprisonment for a period not in excess of one (1) year, or by both such fine and imprisonment.

SECTION 11. This act shall be in full force and effect on and after January 1, 1992, except that the state tax commission may take such necessary actions, including the adoption of regulations and the implementation of procedures, prior to January 1, 1992, as are necessary to start to implement the provisions of this act on January 1, 1992, and to fully implement the provisions by not later than April 1, 1992.

CHAPTER 177

AN ACT
RELATING TO STUDENT TRANSPORTATION; AMENDING SECTION 33-1501, IDAHO CODE, TO PROVIDE STUDENT TRANSPORTATION BETWEEN CHILD CARE FACILITIES AND THE SCHOOL.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-1501, Idaho Code, be, and the same is hereby amended to read as follows:

33-1501. TRANSPORTATION AUTHORIZED. To afford more equal opportunity for public school attendance, the board of trustees of each district, including specially chartered school districts, shall, where practicable, provide transportation for the public school pupils within the district, and pupils resident within adjoining districts annually agreed to in writing by the districts involved, under conditions and limitations herein set forth. Nonpublic school students may be transported, where practicable, when the full costs for providing such transportation are recovered. In approving the routing of any school bus, or in the maintenance and operation of all such transportation equipment, or in the appointment or employment of chauffeurs,
the primary requirements to be observed by the board of trustees are the safety and adequate protection of the health of the pupils. Nothing herein contained shall prevent any board of trustees from denying transportation to any pupil in any school bus operated by or under the authority of said board, upon good cause being given, in writing, to the parents or guardian, or either of them, of such pupil.

No board of trustees shall be required to provide transportation for any pupil living less than one and one-half (1 1/2) miles from the nearest appropriate school. A board of trustees may require pupils who live less than one and one-half (1 1/2) miles from the nearest established bus stop to walk or provide their own transportation to such bus stop. That distance shall be determined by the nearest and best route from the junction of the driveway of the pupil's home and the nearest public road, to the nearest door of the schoolhouse he attends, or to the bus stop, as the case may be. The board may transport any pupil a lesser distance when in its judgment the age or health or safety of the pupil warrants.

A day care center, family day care home, or a group day care facility, as defined in section 39-1102, Idaho Code, may substitute for the student's residence for student transportation to and from school. School districts may not transport students between child care facilities and home. Student transportation between a child care facility and a school will qualify for state reimbursement providing that the child care facility is one and one-half (1 1/2) miles or more from the school to which the student is transported.

To effectuate the public policy hereby declared, the board of trustees of any school district may purchase or lease, and maintain and operate school buses; may enter into contracts with individuals, firms, corporations or private carriers; or may make payments to parents or guardians, subject to the limitations herein provided, when transportation is not furnished by the district.

himself or others or is gravely disabled; and (iii) lacks capacity to
make informed decisions about treatment, or a written statement by the
applicant that the proposed patient has refused to submit to examina­
tion by a designated examiner.

(d) Upon receipt of an application for commitment, the court
shall, within forty-eight (48) hours appoint another designated exami­
ner to make a personal examination of the proposed patient or if the
proposed patient has not been examined, the court shall appoint two
(2) designated examiners to make individual personal examinations of
the proposed patient and may order the proposed patient to submit to
an immediate examination. If neither designated examiner is a physi­

patient. At least one (1) designated examiner shall be a psychiatrist,
licensed physician or licensed psychologist; no more than one (1) des­

holder of an earned masters level or higher degree in social work from
an accredited program, a registered nurse with an earned masters level or higher degree in psychiatric nursing from an accredited program, or a holder of an earned masters level or higher degree in psychology from an accredited program. The designated examiners shall report to the court their findings within the following seventy-two (72) hours as to the mental condition of the proposed patient and his need for custody, care, or treatment by a facility. The reports shall be in the form of written certificates which shall be filed with the court. The court may terminate the proceedings and dismiss the application without taking any further action in the event the reports of the designated examiners are to the effect that the proposed patient is not mentally ill or, although mentally ill, is not likely to injure himself or others or is not gravely disabled. If the proceedings are terminated, the proposed patient shall be released immediately.

(e) If the designated examiner's certificate states a belief that the proposed patient is mentally ill and either likely to injure himself or others or is gravely disabled, the judge of such court shall issue an order authorizing any health officer, peace officer, or director of a facility to take the proposed patient to a facility in the community in which the proposed patient is residing or to the nearest facility to await the hearing and for good cause may authorize treatment during such period subject to the provisions of section 66-346(a)(4), Idaho Code. Under no circumstances shall the proposed patient be detained in a nonmedical unit used for the detention of individuals charged with or convicted of penal offenses.

(f) Upon receipt of such application and designated examiners' reports the court shall appoint a time and place for hearing not more than seven (7) days from the receipt of such designated examiners' reports and thereupon give written notice of such time and place of such hearing together with a copy of the application, designated examiner's certificates, and notice of the proposed patient's right to be represented by an attorney, or if indigent, to be represented by a court-appointed attorney, to the applicant, to the proposed patient, to the proposed patient's spouse, guardian, next of kin or friend. With the consent of the proposed patient and his attorney, the hearing may be held immediately. Upon motion of the proposed patient and attorney and for good cause shown, the court may continue the hearing up to an additional fourteen (14) days during which time, for good cause shown, the court may authorize treatment.

(g) An opportunity to be represented by counsel shall be afforded to every proposed patient, and if neither the proposed patient nor others provide counsel, the court shall appoint counsel in accordance with chapter 8, title 19, Idaho Code, no later than the time the application is received by the court.

(h) The hearing shall be held at a facility, at the home of the proposed patient, or at any other suitable place not likely to have a harmful effect on the proposed patient's physical or mental health. Venue for the hearing shall be in the county of residence of the proposed patient, unless the patient waives the right to have venue fixed there.

(i) In all proceedings under this section, any existing provision
of the law prohibiting the disclosure of confidential communications between the designated examiner and proposed patient shall not apply and any designated examiner who shall have examined the proposed patient shall be a competent witness to testify as to the proposed patient's condition.

(j) The proposed patient, the applicant, and any other persons to whom notice is required to be given shall be afforded an opportunity to appear at the hearing, to testify, and to present and cross-examine witnesses. The proposed patient shall be required to be present at the hearing unless the court determines that the mental or physical state of the proposed patient is such that his presence at the hearing would be detrimental to the proposed patient's health or would unduly disrupt the proceedings. A record of the proceedings shall be made as for other civil hearings. The hearing shall be conducted in as informal a manner as may be consistent with orderly procedure. The court shall receive all relevant and material evidence consistent with the rules of evidence.

(k) If, upon completion of the hearing and consideration of the record, the court finds by clear and convincing evidence that the proposed patient:

(1) is mentally ill; and

(2) is, because of such condition, likely to injure himself or others, or is gravely disabled due to mental illness;

the court shall order the proposed patient committed to the custody of the department director for an indeterminate period of time not to exceed three (3) years. The department director, through his disposer, shall determine within twenty-four (24) hours the least restrictive available facility consistent with the needs of each patient committed under this section for observation, care, and treatment.

(1) Nothing in this chapter or in any rule or regulation adopted pursuant thereto shall be construed to authorize the detention or involuntary admission to a hospital or other facility of an individual who:

(1) is epileptic, mentally deficient, mentally retarded, impaired by chronic alcoholism or drug abuse, or aged, unless in addition to such condition, such person is mentally ill;

(2) is a patient under treatment by spiritual means alone, through prayer, in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof and who asserts to any authority attempting to detain him that he is under such treatment and who gives the name of a practitioner so treating him to such authority; or

(3) can be properly cared for privately with the help of willing and able family or friends, and provided, that such persons may be detained or involuntarily admitted if such persons are mentally ill and present a substantial risk of injury to himself or others if allowed to remain at liberty.

(m) The order of commitment shall state whether the proposed patient lacks capacity to make informed decisions about treatment, the name and address of the patient's attorney and either the patient's spouse, guardian, adult next of kin, or friend.

(n) If the patient has no spouse or guardian and if the patient
has property which may not be cared for pursuant to chapter 5, title 66, Idaho Code, or by the patient while confined at a facility, the court shall appoint a guardian ad litem for the purpose of preserving the patient's estate, pending further guardianship or conservatorship proceedings.

(o) The commitment shall continue until the commitment is terminated and shall be unaffected by the patient's conditional release or change in disposition.

SECTION 3. That Section 66-330, Idaho Code, be, and the same is hereby amended to read as follows:

66-330. TRANSPORTATION -- TEMPORARY DETENTION -- NOTICE. (a) After the disposer has designated the place of treatment, he shall notify the facility director of the disposition and of any medical, security or behavioral needs of the committed patient. The county shall deliver the patient within forty-eight (48) hours to the designated facility. Whenever practicable, the individual may be accompanied by one or more of his friends or relatives.

(b) Pending his removal to the designated place of treatment, a patient taken into custody or ordered to be committed to the custody of the department director pursuant to this chapter may be detained in his home, a licensed foster home, or any other suitable facility under such reasonable conditions as the disposer may fix, but he shall not, unless necessary to protect against immediate and substantial injury to the patient or others and upon approval of the court, be detained in a nonmedical facility used for the detention of individuals charged with or convicted of penal offenses. The disposer shall take such reasonable measures, to secure proper mental health care and treatment of an individual temporarily detained pursuant to this chapter.

(c) The disposer shall notify the court, the patient's attorney and either the patient's spouse, guardian, adult next of kin or friend, of the facility to which the patient has been dispositioned.

Upon such renewal, the court shall expressly include in its order determination of the future status of the child, specifically stating whether the child should return home, continue in foster care for a specified time, be placed for adoption or, due to special needs, be in foster care permanently or long term.

(d) A decree vesting legal custody in an authorized agency other than the department shall be, for an indeterminate period of time not to exceed one (1) year from the date entered, but the court may extend the period of time during the child's minority upon a showing by the authorized agency that continued custody or supervision is necessary for the best interests of the child, and on such other terms as the court shall state in its decree to be in the best interests of the child and which the court finds to be acceptable to such authorized agency.

(e) In order to preserve the unity of the family system and to insure the best interests of the child whether issuing an order of protective supervision or an order of legal custody, the court may consider extending or initiating a protective order as part of the decree. The protective order shall be determined as in the best interests of the child and upon a showing of continuing danger to the child. The conditions and terms of the protective order shall be clearly stated in the decree.
(f) If the court does not find that the child comes within the purview of this chapter pursuant to subsection (a) of this section it shall dismiss the petition.

SECTION 5. That Section 16-1611, Idaho Code, be, and the same is hereby amended to read as follows:

16-1611. MODIFICATION OR REVOCATION. (a) A petition for revocation or modification of an order issued under section 16-1610, Idaho Code, or a petition for review of the child's case may be filed by the child's parents or guardian ad litem; provided that no petition may be filed under this section within three (3) months of a prior hearing on care and placement of the child.

(c) At a hearing to consider the petition filed under subsection (a) of this section the court shall proceed according to the provisions of subsection (b) of section 16-1608, Idaho Code. To this end, the department is empowered and shall have the duty to do all things reasonably necessary to carry out the purpose of this chapter, including, but not limited to, the following:

(a) The department shall administer treatment programs for the protection and care of neglected, abused and abandoned children, and in so doing may place in foster care, shelter care, group homes or other diagnostic, treatment, or care centers or facilities, children of whom it has been given custody. The department is to be governed by the standards found in title 39, chapter 12, Idaho Code.

(b) On December 1, the department shall make an annual statistical report to the governor covering the preceding fiscal year showing the number and status of persons in its custody and including such other data as will provide sufficient facts for sound planning in the conservation of children and youth. All officials and employees of the state and of every county and city shall furnish the department upon request, such information within their knowledge and control as the department deems necessary. Local agencies shall report in such uniform format as may be required by the department.

(c) The department shall be required to maintain a central regis-
try for the reporting of child neglect, abuse and abandonment information.

(d) The department shall make periodic evaluation of all persons in its custody or under its supervision for the purpose of determining whether existing orders and dispositions in individual cases shall be modified or continued in force. Evaluations may be made as frequently as the department considers desirable and shall be made with respect to every person at intervals not exceeding six (6) months. Reports of evaluation made pursuant to this section shall be filed with the court which vested custody of the person with the department. Failure of the department to evaluate a person or to reevaluate him within six (6) months of a previous examination shall not of itself entitle the person to a change in disposition but shall entitle him, his parent, guardian or custodian or his counsel to petition the court pursuant to section 16-1611, Idaho Code.

(e) In a consultive capacity, the department shall assist communities in the development of constructive programs for the protection, prevention and care of children and youth.

(f) The department shall keep written records of investigations, evaluations, prognosis and all orders concerning disposition or treatment of every person over whom it has legal custody. Department records must remain confidential unless otherwise ordered by the court, the person consents to the disclosure, or disclosure is necessary for the delivery of services to the person.

(g) The department shall establish appropriate administrative procedures for the processing of complaints of child neglect, abuse and abandonment received and for the implementation of the protection, treatment and care of children formally or informally placed in the custody of the department under this chapter.

(h) The department having been granted legal custody of a child, subject to the judicial review provisions of this subsection, shall have the right to determine where and with whom the child shall live, provided that the child shall not be placed outside the state without the court's consent—and providing further—that. Provided however, that the court shall retain jurisdiction over the child, which jurisdiction shall be entered on any order or petition granting legal custody to the department, and the court shall have jurisdiction over all matters relating to the child. The department shall not place the child in the home from which the court ordered the child removed without first obtaining the approval of the court.

(i) The department shall give to the court any information concerning the child that the court may at any time require, but in any event shall report the progress of the child under its custody at intervals of not to exceed six (6) months.

(j) The department shall establish appropriate administrative procedures for the conduct of administrative reviews and hearings as required by federal statute for all children committed to the department and placed in out of home care.

The license will be in a form substantially similar to that of the Idaho driver's license. (1) A bank or trust company may transfer some or all of its fiduciary capacities to an affiliated bank or an affiliated trust company. To accomplish such a transfer, the bank or trust company shall file a verified application in the district court of the county in which the bank's or trust company's principal office is located, requesting that every fiduciary capacity of the bank or trust company, except as may be expressly excluded in such application, be transferred to an affiliated bank or affiliated trust company specified in the application, and the specified affiliated bank or affiliated trust company shall join in such application. The application shall indicate the county in which the principal office of the affiliated bank or affiliated trust company joining in the application is located.

(2) When any application under subsection (1) of this section has been filed, the clerk of the court where the application is filed shall enter an order fixing a date and time (which date shall not be more than sixty (60) days from the date the application is filed) for a hearing on the application. The bank or trust company filing an application under subsection (1) of this section shall prepare a
notice as provided in subsection (3) of this section, and shall cause a copy of such notice to be published at least once a week for three (3) successive weeks preceding the hearing date, the first such publication to be at least thirty (30) days preceding the hearing date. Failure to file an objection on or before the date and time of the hearing on the application shall constitute a waiver by such interested person of the right to object under this subsection, and waiver of any power under a will or relevant trust instrument to prohibit, challenge, amend, or revoke with respect to any transfer of fiduciary capacity otherwise authorized under this chapter.

(5) At the hearing, upon finding that notice has been given as required in this section, and upon finding that the affiliated bank or affiliated trust company has been duly authorized by the director to commence the business for which it is organized, the district court shall enter an order transferring to the affiliated bank or affiliated trust company every fiduciary capacity of the bank or trust company, excepting as may be otherwise specified in the application and excepting fiduciary capacities with respect to which a proper objection has been filed pursuant to subsection (4) of this section. such officer in like manner and with like effect as other orders and
decrees of courts are recorded and indexed. Any fiduciary capacities
of the bank or trust company excepted from the order of transfer shall
remain with such bank or trust company.

a will or other relevant trust instrument executed before or after the
date the order of transfer is entered shall be deemed a designation of
the affiliated bank or affiliated trust company substituted for such
bank or trust company pursuant to this section, except when such will
or other relevant trust instrument is executed after the order of
transfer and expressly negates the application of the provisions of
this section. Any grant in any such will or other relevant trust
instrument of any discretionary power shall be deemed conferred upon
the affiliated bank or affiliated trust company deemed designated as
the fiduciary pursuant to an order of transfer under the provisions of
this section.

affiliated bank or affiliated trust company which has been substituted
as fiduciary pursuant to this section for the accounting period during

1. The department shall give notice and provide a reasonable time of not less than thirty (30) days and not more than sixty (60) days to producers possessing written evidence of ownership disclosing a storage obligation or written evidence of sale of commodities to file their written verified claims with the department.

3. The department may inspect and audit a failed warehouseman to determine whether the warehouseman has in his possession sufficient quantities of commodities to cover his storage obligations. In the event of a shortage, the department shall determine each producer's pro rata share of available commodities and the deficiency shall be considered as a claim of the producer. Each type of commodity shall be treated separately for the purpose of determining shortages.

4. The director shall not approve or pay any claim made on the commodity indemnity account if the claim is based on losses resulting

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 87, Laws of 1990, be, and the same is hereby repealed.

SECTION 2. That Section 31-873, Idaho Code, be, and the same is hereby amended to read as follows:
31-873. REIMBURSEMENT FOR CERTAIN MEDICAL ASSISTANCE PAYMENTS.

(1) For the purpose of assisting counties with their medical indigency claims, state participation in the federal medical assistance (medicaid) program under title XIX of the social security act, as amended, shall be expanded by using county funds to match federal funds for coverage of services as defined by section 56-209d, Idaho Code. Each and every county shall reimburse the county medical indigency suspense account as established in chapter 4, title 56, Idaho Code, an amount as determined by the director of the department of health and welfare or the director's designee.

(2) In making the determination required in subsection (1) of this section, the director of the department of health and welfare shall use the following procedure:

(a) Determine the medical assistance expenditures resulting from nursing-home eligibilities, drug and inpatient hospital expenditures that would not have been incurred under the standards and limits in effect on June 30, 1987. However, the income limitation in effect on June 30, 1987, shall be assumed to increase each time a cost of living increase is granted under the social security act.

(b) Determine (i) the obligated county using the provisions of section 31-350e, Idaho Code, unless there is a written correspondence signed by the county commissioners of both affected counties changing the obligated county, and (ii) the total expenditures by county.

(c) Multiply that total by a percentage equal to the nonfederal share percentage as defined by 42 CFR 433.10 plus an additional amount distributed on the basis of payment volume for the actual nonfederal share of administrative costs as determined by the methodology approved by the federal administrative cost allocation plan. In the event federal financial participation (FFP) becomes limited under title XIX of the social security act, full FFP will be applied first to those services and limits in effect before June 30, 1987, with the remainder available for the new services.

(d) Audit settlements made with nursing homes or hospitals for either underpayments or overpayments will be billed or credited to the respective counties on the basis of the amount that county participated in the original payments to that facility during the period covered by the audit.

(e) Any federal deferrals or disallowances will be billed to the counties on the basis of dollar volume of the original payments during the period covered by the deferrals or disallowances.

(3) Payments required by counties shall be due, not later than thirty (30) days after presentation by the Idaho department of health and welfare of itemized statements showing medical assistance payments made during the prior period. The itemized statements shall show each client's name and medical assistance identification number, the providers to whom qualifying payments were made, the amount of each such payment, and the total amount due. Failure to pay within sixty (60) days will result in an amount equal to the amount determined by the director pursuant to subsections (1) and (2) of this section being transferred by the tax commission from the sales tax due that county under section 63-3638, Idaho Code, for the amount due to the county medical indigency suspense account, upon the written request of the
director.

(42) Boards of county commissioners shall safeguard all provided information as provided for in section 1902(a)(7) of the social security act, 42 CFR 431.300 through 431.307 and sections 56-221 and 56-222, Idaho Code.

(5) In order to facilitate the start-up and continued operation of the expanded medical assistance program each and every county of the state of Idaho will pay, or cause to be paid, to the director of the department of health and welfare an amount equal to that county's population, as determined by the most recent census, times seventy cents. This amount is due and payable on July 15, 1987. Thereafter the amount of the suspense fund will be adjusted as determined by the director to provide adequate cash flow to make payment of bills. The director will deposit this amount to the county medical indigency suspense account.

(6) Any disputes brought by a county under this section against the state of Idaho shall be made by petition to the director of health and welfare who shall have fifteen (15) days to make a determination on such petition before the county may seek judicial review on the matter pursuant to section 67-5215, Idaho Code.

SECTION 3. That Section 31-3404, Idaho Code, be, and the same is hereby amended to read as follows:

Except as provided in sections 31-879 and 31-3504, Idaho Code, any medically indigent, sick or otherwise indigent person desiring aid from any county of this state shall before such aid can be given, make a written application to the clerk of the board of county commissioners of the county where such applicant may reside, setting forth and describing all resources of the applicant; which application must be signed by the party or parties making such application and sworn to before some officer authorized by the laws of this state to administer oaths, and filed in the office of the clerk of the board of county commissioners not less than ten (10) days prior to admission to any health care facility or hospital: provided however, except in the case of an emergency or extreme necessity no person shall receive the benefit of this chapter who shall not have been a resident of the state of Idaho for at least one (1) year and of the county at least six (6) months next preceding the application for county aid.

31-3405. INVESTIGATION OF APPLICATION. cian or by someone else approved by the county commissioners at the expense of the county, and require the person, and such other persons as may be deemed necessary, to testify under oath, and he shall file a statement of his findings with the board of county commissioners of such county. Services rendered in an emergency are defined as those reasonably necessary to alleviate illness or injury which if untreated is likely to cause death or serious disability. Such services shall be paid for by the county of residence of the sick or otherwise indigent person. Bills for such expenditures, duly verified under oath, shall be presented to said board and the board shall audit...

SECTION 1. That Section 26-2119, Idaho Code, be, and the same is hereby amended to read as follows:

26-2119. LOANS TO MEMBERS. (a) A credit union may loan to members for a provident or productive purpose and upon such security as the bylaws may provide, and the credit committee or loan officer shall approve. If permitted by law the borrowing members may be charged for the cost of filing fees on security instruments in connection with the transaction. Every application for a loan shall be made upon a form, which the credit committee prescribes and the board approves, which shall state the purpose for which the loan is desired and the security, if any, offered. Every loan shall be evidenced by a written instrument. No secured or unsecured loan shall be made to any member in excess of the limits set by written board policy. No loan shall be made unless it has been approved in writing by a loan officer or has received majority approval of the members of the credit committee present when the loan was considered, which members present shall constitute at least a majority of the credit committee.

(b) Loans may be made to, cosigned, endorsed, or guaranteed by members of the board, credit committee, and supervisory committee under the same general terms and conditions as to other members of the credit union. Any loan made to, cosigned, endorsed or guaranteed by members of the official family shall require the additional two-thirds (2/3) written agreement of all members of the board and credit committee where such loan or aggregate of such loans exceeds the unsecured loan limit of the credit union plus the unencumbered share balance of the borrowing official.

(c) Loans may be granted to members of the credit union, secured by a first mortgage or deed of trust on improved real estate. Such loans shall not exceed eighty percent (80%) of the appraised value of the real estate made by an independent qualified appraiser and such loans shall provide additionally substantial equal monthly payments for the payment of insurance premiums and taxes assessed against the security, or in lieu thereof, the credit union may accept the assignment of a savings passbook. The total outstanding balance of loans secured by a mortgage or deed of trust on real estate shall not exceed fifteen percent (15%) of the outstanding members' shares and certificates--of--deposit of deposits in the credit union, and shall be amortized in monthly payments for a maturity of not more than twenty (20) years. Notwithstanding the above, a credit union may make residential real estate loans which are made to finance the acquisition of a one (1) to four (4) family dwelling for the principal residence of a credit union member, which is secured by a first lien upon such dwelling, and which may have a maturity not exceeding thirty (30) years, if
the credit union has previously obtained a commitment to sell the loan on the secondary market and does sell the loan no later than ninety (90) days from the date the funds are disbursed.

(d) A credit union may advance funds secured by a second mortgage or deed of trust on real estate. The total balance of the first and second mortgage or deed of trust combined shall not exceed eighty percent (80%) of the appraised value of the real property secured by the mortgage or deed of trust. Total second mortgage loans or deeds of trust on real estate shall not exceed ten percent (10%) of the outstanding members' shares and certificates of deposit of deposits in the credit union. At the time a loan secured by a second mortgage or deed of trust is granted the credit union must have an appraisal performed by an independent qualified appraiser.

The terms of such loans shall be as defined by the credit committee or under the provisions of titles I and II of the national housing act.

(f) In addition to generally accepted types of security, the assignment of shares in a manner consistent with the laws of Idaho, shall be deemed security within the meaning of this chapter and the adequacy of all securities shall be within the determination of the credit committee or loan officer subject to the provisions of this chapter and the bylaws. A member may pay the whole or any part of his loan on any day in which the credit union office is open for business.

(g) The credit committee, or when authorized, the loan officer, may approve in advance upon application by a member, an extension of credit, and loans may be granted to such members within the limits of such extension of credit. Where an extension of credit has been approved, applications for loans need no further consideration as long as the aggregate obligation does not exceed the limits of such extension of credit. The credit committee shall, at least once a year, review all extensions of credit and any extension of credit shall expire if the member becomes more than sixty (60) days delinquent in his obligations to the credit union.

(h) The director may, in his discretion, require any credit union to obtain a certified appraisal on any real estate secured loan.

The term "passbook accounts" shall include any passbook, loan account, statement of accounts, or other pertinent or related record.
(c) Additional audits, examinations or verifications of member accounts may be made as deemed necessary by the supervisory committee or as directed by the board of directors.

(e) Notwithstanding any other provision of law to the contrary, the supervisory committee of a state or federally chartered credit union may contract with the Idaho credit union league, or any of its subsidiary organizations, for preparation of any reports the supervisory committee is required by law to submit to the board of directors, and the Idaho credit union league, or its subsidiaries, may perform such function on behalf of the supervisory committee and any report prepared thereby may be accepted by the board of directors or any governmental entity in lieu of any supervisory committee report required under this section.

(f) By unanimous vote, the supervisory committee, if it deems such action to be necessary to the proper conduct of the credit union, may suspend any officer, director or member of the committee and call the members together to act on such suspension. The members at said meeting may sustain such suspension and remove said officer permanently or may reinstate said officer.

(g) By majority vote the supervisory committee may call a special meeting of the members to consider any matter submitted to it by said meeting.

(3) Risk assets do not include loans fully secured by member savings and loans guaranteed by an agency of the state or federal government, to the extent of such guarantee.

(4) Whenever the regular reserve plus the allowance for loan loss account falls below the stated per cent of the total outstanding loans and risk assets, it shall be replenished by regular contributions in such amounts as may be needed to maintain the stated reserve goals.

(b) The director, in his discretion, may decrease the reserve requirements set forth in subsection (a) of this section when in his
opinion such a decrease is necessary or desirable. The director may also require special reserves to protect the interests of members either by rule if it is to be generally applied, or by order for an individual credit union in a particular case.

SECTION 6. That Chapter 21, Title 26, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 26-2140A, Idaho Code, and to read as follows:

Except as provided in this subsection, no court may take any action, except at the request of the director, to restrain or affect the exercise of powers or functions of the director as conservator.

(c) The director may maintain possession and control of the business and assets of such credit union and may operate such credit union until such time as:

1. The director shall permit such credit union to continue business subject to such terms and conditions as may be imposed by the director;

If the directors neglect or refuse to remove such director, officer or employee, in the event any losses accrue to such credit union thereafter by reason of the negligence, dishonesty, recklessness or incompetency of such director, officer or employee, the written order of the director shall be deemed to be conclusive evidence of the negligence of the directors failing to act upon the same in any action brought against them, or any of them, for recovery of such losses. The director, officer or employee affected by order of the director may petition the district court in the judicial district in which the credit union is located to set aside the order of the director. Upon the filing of such petition the court shall have the jurisdiction to affirm, set aside, or modify the order of the director. If the directors fail or neglect to remove such director, officer or employee, and the director of the department of finance has reasonable cause to believe that the continued participation in the affairs of the credit union by the director, officer or employee will place the credit union in an unsafe or unsound condition, the director of the department of finance may apply to the district court for a temporary restraining order and injunction preventing the participation of the director, officer or employee in the affairs of the credit union. The findings of the director as to the facts, if supported by substantial evidence, shall be conclusive that the credit union director, officer or employee who is the subject of an order for removal by the director of the department of finance is or has been negligent, dishonest, reckless or incompetent in the performance of his duties.

(c) The agency shall have authority to set from time to time the
interest rates at which it shall make loans and commitments therefor. Such interest rates shall be established by the agency in its sole discretion at the lowest level consistent with the agency's cost of operation and its responsibilities to the holders of its bonds, notes or other obligations.

(d) A limited profit housing sponsor shall not make distributions in any one (1) year with respect to a housing project financed by the agency in excess of such percentage of a housing sponsor's equity in such housing project as shall be prescribed by rules and regulations of the agency, nor shall any of the principals or stockholders of such a housing sponsor at any time earn, accept, or receive a return greater than such percentage of its investment in such housing project as shall be prescribed by rules and regulations of the agency. A housing sponsor's equity in a housing project shall consist of the difference between the mortgage loan and the total housing project cost its investment in the housing project as determined by the board of commissioners of the agency.

SECTION 2. That Section 67-6207C, Idaho Code, be, and the same is hereby amended to read as follows:

67-6207C. HOUSING SPONSORSHIP. The agency shall have the power to supervise housing sponsors, including limited profit housing sponsors, and their real and personal property in the following respects:

(a) The reorganization of any housing sponsor shall be subject to the supervision and control of the agency, and no such reorganization shall be had without the consent of the agency.

(b) In the event of violation by a housing sponsor of any provisions of a loan, the terms of any agreement between the agency and the housing sponsor, the provisions of this act, or of any rules or regulations duly promulgated pursuant to this act, the agency may remove any or all of the existing directors or officers of such housing sponsor and may appoint such person or persons whom the agency in its sole discretion deems advisable as new directors or officers to serve in the places of those removed, notwithstanding the provisions of any other law; provided, however, that any such directors or officers so appointed by the agency shall serve only for a period coexistent with the duration of such violation or until the agency is assured in a manner satisfactory to it against violations of a similar nature. Officers or directors so appointed need not be stockholders or meet other qualifications which may be prescribed by the certificate or articles of incorporation, or by-laws, or by other instruments or laws governing such housing sponsor.

(c) The agency shall require the housing sponsor receiving a loan or its contractor to post labor and materials, construction performance, surety bonds or make other assurances of completion in amounts related to the housing project cost as established by the agency's regulations, and to execute such other assurances and guarantees as the agency may deem necessary.

(d) The agency shall

(1) prescribe uniform systems of accounts and records for housing sponsors,

(2) require such housing sponsors to make reports,
(3) make certifications as to expenditures made by such housing sponsors, and
(4) examine all books and records with reference to capital structure, income, expenditures and other payments of a housing sponsor.
(e) The agency shall supervise the operation and maintenance of any housing project.
(f) The agency shall fix and may alter from time to time a schedule of rents and charges for any housing project.
(g) The agency shall determine standards for, and shall control tenant selection by a housing sponsor.
(h) The agency may require the housing project sponsor to demonstrate to the agency that the housing project will be occupied to the maximum extent feasible by persons whose incomes fall in the lowest twenty-five per cent (25%) of all persons who are eligible to occupy the housing project under the income guidelines established by the agency for admission to such housing projects.
(i) The agency shall prescribe regulations specifying the categories of cost which shall be allowable in the construction, reconstruction, remodeling, improvement or rehabilitation of a housing project. The agency shall require any housing sponsor to certify the actual housing project costs upon completion of the housing project, subject to audit and determination by the agency. Notwithstanding the provisions of this subsection, the agency may accept, in lieu of any certification of housing project costs as provided herein, such other assurances of the said housing project costs, in any form or manner whatsoever, as will enable the agency to determine with reasonable accuracy the amount of said housing project costs.
(j) The agency shall regulate the retirement of any capital investment or the redemption of stock of a limited profit housing sponsor where any such retirement or redemption when added to any dividend or other distribution will exceed in any one (1) fiscal year eight per cent (8%) (or such lesser per cent percentage as shall be prescribed by rules and regulations of the agency) of the original face amount of such sponsor's investment or equity in any housing project.
(k) Notwithstanding any other provision of this chapter, the agency is not empowered to finance any housing project undertaken by a housing sponsor unless, prior to the financing of any housing project hereunder, the agency finds:
(ll) That there exists a shortage of decent, safe, and sanitary housing at rentals or prices which persons of low income can afford within the general housing market area to be served by the proposed housing project.
(lll) That private enterprise and investment have been unable, without assistance, to provide the needed decent, safe, and sanitary housing at rentals or prices which persons of low income can afford or to provide sufficient mortgage financing for residential housing for occupancy by such persons.

SECTION 3. That Section 67-6211, Idaho Code, be, and the same is hereby amended to read as follows:

(a) "Maximum capital reserve fund requirement" shall mean the amount set forth in the agency's resolution or indenture authorizing the bonds or other obligations secured by a capital reserve fund, or, if no amount is stated in such resolution or indenture, then, as of any particular date of computation, an amount of money equal to the greatest of the respective amounts, for the then current or any future fiscal year of the agency, of annual debt service of the agency, such annual debt service for any fiscal year being the amount of money equal to the aggregate of:

1. All interest payable during such fiscal year on all bonds secured by such capital reserve fund of the agency outstanding on said date of computation, plus
2. The principal amount of all bonds of the agency secured by such capital reserve fund, outstanding on said date of computation which matures during such fiscal year, plus
3. The amount of all annual sinking fund payments payable during such fiscal year with respect to any bonds of the agency secured by such capital reserve fund, outstanding on said date of computation.

(b) "Annual sinking fund payment" shall mean the amount of money specified in the resolution authorizing term bonds as payable into a sinking fund during a particular fiscal year for the retirement of term bonds which mature after such fiscal year, but shall not include any amount payable by reason only of the maturity of a bond.

(c) "Available operating revenues" shall mean all amounts received on account of rentals and fees and other charges imposed by the agency, if any, and income or interest earned or added to funds of the agency due to the investment thereof and not required under the terms or provisions of any covenant or agreement with holders of any bonds or notes of the agency to be applied to any purposes other than payment of expenses of the agency.

(d) "Amortized value," when used with respect to securities purchased at a premium above or a discount below par, shall mean the value as of any given date obtained by dividing the total premiums or discount at which such securities were purchased by the number of interest payments remaining to maturity on such securities after such purchase, and by multiplying the amount so calculated by the number of interest payment dates having passed since the date of such purchase; and

1. In the case of securities purchased at a premium, by deducting the product thus obtained from the purchase price, and
2. In the case of securities purchased at a discount, by adding the product thus obtained to the purchase price.

(e) The agency shall create and establish one or more special funds (herein referred to as "capital reserve funds"), and shall credit each such capital reserve fund:

(f) All moneys held in or credited to each such capital reserve fund, except as hereinafter provided, shall be used, as required, solely for the payment of the principal of bonds or of the sinking fund payments hereinafter mentioned with respect to such bonds, the purchase or redemption of bonds, the payment of interest on bonds or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; provided, however:

(1) That moneys in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the maximum capital reserve fund requirement, except for the purposes of making payment, when due, with respect to such bonds, of principal or redemption price of, interest and the sinking fund payments, as the same become due, and for the payment of which other moneys of the agency are not available.

(2) Any income or interest earned by, or increment to, any capital reserve fund due to the investment thereof may be transferred by the agency to other funds or accounts of the agency to the extent it does not reduce the amount of such capital reserve fund below the maximum capital reserve fund requirement.

(g) Within sixty (60) days after the close of the agency's fiscal year, the chairman of the agency shall certify to the state tax commission the amount, if any, required to maintain the capital reserve funds established pursuant to this section at the maximum capital reserve fund requirement, but only for any capital reserve fund of the agency which is required by a resolution of the agency to be maintained by a continuing appropriation from the sales tax account. (i) Moneys in a capital reserve fund not required for immediate use or disbursement may be invested in obligations of the state or the United States of America or obligations the principal of and interest on which are guaranteed by the state or the United States of America or obligations of agencies of the United States of America or any obligations which may from time to time be legally purchased by banks under title 26, Idaho Code, as investment of funds belonging to them or in their control. In computing the amount of a capital reserve fund for the purposes of this section, securities in which all or a portion of such fund are invested shall be valued at par if purchased at par or, if purchased at other than par, at amortized value.
(j) The agency shall create and establish such other fund or funds as may be necessary or desirable for its corporate purposes.

(k) In the event of the dissolution of the agency, any funds or assets of the agency remaining after paying its bonds, notes or other obligations shall revert to the state.

(l) The total principal amount of the agency's outstanding bonds secured by a capital reserve fund entitled to appropriation from the state sales tax account pursuant to section 67-6211(g), Idaho Code, and section 63-3638(d)(1), Idaho Code, shall not exceed the sum of four hundred million dollars ($400,000,000).

(S.B. No. 1130, As Amended)

AN ACT
RELATING TO EMERGENCY RESPONSE TO HAZARDOUS SUBSTANCES SPILLS; AMENDING TITLE 39, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 71, TITLE 39, IDAHO CODE, TO PROVIDE A SHORT TITLE, TO PROVIDE LEGISLATIVE INTENT, TO DEFINE TERMS, TO PROVIDE FOR AN EMERGENCY RESPONSE COMMISSION IN THE OFFICE OF THE GOVERNOR, TO PROVIDE FOR DESIGNATION OF EMERGENCY RESPONSE AUTHORITIES, TO PROVIDE POWERS AND DUTIES OF LOCAL EMERGENCY AUTHORITIES, TO PROVIDE APPLICATION...
OF THE STATE DISASTER PREPAREDNESS ACT, TO PROVIDE PROCEDURES FOR NOTIFICATION WHEN AN EVENT OCCURS, TO PROVIDE FOR REIMBURSEMENT OF CLAIMS, TO PROVIDE FOR THE ISSUANCE OF DEFICIENCY WARRANTS FOR REIMBURSEMENT OF RESPONSE COSTS, TO PROVIDE FOR LIABILITY FOR RELEASE OF A HAZARDOUS SUBSTANCE, TO PROVIDE FOR RECOVERY OF COSTS AND CIVIL REMEDIES, TO PROVIDE LIMITED IMMUNITY TO PERSONS RENDERING ASSISTANCE RELATING TO HAZARDOUS SUBSTANCE INCIDENTS, TO PROVIDE FOR APPROVAL FOR PRIVATE EMERGENCY RESPONSE PLANS, TO PROVIDE SEVERABILITY; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 71, Title 39, Idaho Code, and to read as follows:

CHAPTER 71
HAZARDOUS SUBSTANCE EMERGENCY RESPONSE ACT

39-7101. SHORT TITLE. This chapter may be known and cited as the "Idaho Hazardous Substance Response Act."

39-7102. LEGISLATIVE FINDINGS AND PURPOSES. (1) The legislature of the state of Idaho finds:
(a) That the state has a duty to protect the health, safety and welfare of the people of Idaho;
(b) That the protection and preservation of Idaho's environment promotes the health, safety and welfare of her people;
(c) That the unexpected and uncontrolled releases of hazardous substances constitute a threat to the people and environment of Idaho; and
(d) That knowledgeable persons, governmental entities and organizations should be encouraged to lend expert assistance in the event of a hazardous substance incident.

(2) Therefore, it is hereby declared that the purposes of the provisions of this chapter are:
(a) To facilitate emergency response planning and coordination at a state and local level;
(b) To provide for the prompt response and containment of releases of hazardous substances;
(c) To provide liability for emergency response costs associated with hazardous substances incidents;
(d) To encourage knowledgeable persons, governmental entities and organizations to lend assistance by providing them with limited immunity from civil liability; and
(e) To provide a mechanism for recovery of costs incurred by the state and local governments in responding to emergency hazardous substance incidents to be used in lieu of, and not in addition to, cost recovery mechanisms or claims for relief provided by applicable federal laws. By enacting this chapter, it is the intent of the legislature that the state and local governments elect to proceed in state courts under the provisions of this chapter and other provisions of state law rather than in federal court under
federal laws, where necessary to recover emergency response costs. There is no provision for cost recovery for a hazardous substance incident response occurring on private property where the owner responds to the incident with the approval of the incident commander.

39-7103. DEFINITIONS. As used in this chapter:
(1) "Commission" means the state emergency response commission.
(2) "Emergency" means an abrupt release which in the reasonable judgment of the local emergency response authority, threatens immediate and irreparable harm to the environment or the health and safety of any individual and which requires immediate action for the containment or control of a hazardous substance.
(3) "Hazardous substance incident" means an emergency circumstance requiring a response by the state emergency response team or the local emergency response authority to a release of a hazardous substance. A hazardous substance incident may require containment or confinement or both, but does not include site cleanup or remediation efforts after the incident commander has determined the emergency has ended.
(4) "Hazardous substance" means:
   (a) Any "hazardous substance" within the scope of section 101(14) of the federal comprehensive environmental response, compensation and liability act (CERCLA), 42 U.S.C. 9601(14);
   (b) Any hazardous material within the scope of section 104 of the federal hazardous materials transportation act, 49 U.S.C. 1803, and the federal department of transportation regulations promulgated pursuant thereto; and
   (c) Any extremely hazardous substance within the scope of section 302 of the federal emergency planning and community right-to-know act, 42 U.S.C. 11002.
(5) "Incident commander" is the person in charge of all responders to a hazardous substance incident and who is identified in the Idaho hazardous materials emergency incident command and response plan or the private emergency response plan.
(6) "Local emergency response authority" means those persons designated under section 39-7105, Idaho Code, by the city, county, or the commission to be first responders to hazardous substance incidents.
(7) "Person" means any individual, public or private corporation, partnership, joint venture, association, firm, trust, estate, the United States or any department, institution, or agency thereof, the state or any department, institution, or agency thereof, any municipal corporation, county, city, or other political subdivision of the state, or any other legal entity whatsoever which is recognized by law as the subject of rights and duties.
(8) "Private emergency response plan" means a plan designed to respond to emergency releases of hazardous substances at a specific facility or under a specific set of conditions.
(9) "Release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, escaping, dumping or disposing of a hazardous substance into the environment. "Release" does not include any discharge of a hazardous substance into the environment which is
authorized by limits and conditions in a federal or state permit relating to the protection of public health or the environment so long as the permitted activity from which the release occurs is in compliance with applicable limits and conditions of the permit.

(10) "State emergency response team" means one (1) of the state emergency response teams authorized by the commission to respond to hazardous substance incidents.

39-7104. EMERGENCY RESPONSE COMMISSION. (1) There is hereby authorized an emergency response commission in the office of the governor. The last nine (9) members shall be appointed by the governor to serve staggered three (3) year terms. The state coordinator of disaster services shall be an ex officio member of the commission. All members shall serve without compensation, except that members who are not state officers or employees shall be compensated as provided in section 59-509(g), Idaho Code. The governor shall appoint a chairman from the appointees. The attorney general shall provide legal counsel to the commission.

(2) The commission shall implement the provisions of this chapter and direct the activities of its staff and, in so doing, the commission may:

(a) Create a staff and appoint a chief of that staff, with the concurrence of the governor, who shall be exempt from the requirements of the merit system, chapter 53, title 67, Idaho Code. In accordance with the laws of the state, the chief of the commission's staff may hire, fix the compensation, and prescribe the powers and duties of such other individuals, including consultants, emergency teams and committees, as may be necessary to carry out the provisions of this chapter.

(b) Create and implement state emergency response teams that have appropriately trained personnel and necessary equipment to respond to hazardous substance incidents. The commission shall enter into a written agreement with each entity or person providing equipment or services to a designated emergency response team. The teams shall be available and may respond to hazardous substance incidents at the direction of the commission or its designee or local incident commander.

(c) Contract with persons to meet state emergency response needs for the teams and response authorities.
(d) Advise, consult and cooperate with agencies of the state and federal government, other states and their state agencies, cities, counties, tribal governments and other persons concerned with emergency response and matters relating to and arising out of hazardous substance incidents.

(e) Encourage, participate in, or conduct studies, investigations, training, research, and demonstrations for and with state emergency response teams, local emergency response authorities and other interested persons.

(f) Collect and disseminate information relating to emergency response to hazardous substance incidents.

(g) Accept and administer loans, grants, or other funds or gifts, conditional or otherwise, made to the state for emergency response activities provided for in this chapter.

(h) Submit an annual report prior to February 1 to the governor and to the legislature concerning emergency response to hazardous substance incidents.

(i) Prepare, coordinate, implement and update a statewide hazardous materials incident command and response plan that coordinates state and local emergency response authorities to respond to hazardous substance incidents within the state for approval by the legislature. The plan shall address radiation incidents. The Idaho hazardous materials incident command and response plan shall be consistent with and a part of the Idaho state disaster plan provided in section 46-1006, Idaho Code, after legislative approval.

(3) The commission shall have the powers and duties of a state emergency response commission under the federal emergency planning and community right-to-know act, 42 U.S.C. section 11001 et seq., except that the Idaho bureau of disaster services shall oversee the creation, annual local review, exercise and revision of county plans for hazardous substance incident response.

(4) The commission shall promulgate rules and procedures which shall govern reimbursement of claims pursuant to this chapter.

(5) All state agencies and institutions will cooperate and provide staff assistance to the commission in carrying out its duties under this chapter.

39-7105. LOCAL EMERGENCY RESPONSE AUTHORITIES -- DESIGNATION. (1) It is the purpose of the provisions of this section to provide for the designation of local emergency response authorities for hazardous substance incidents.

(2) Cities and counties shall designate the local emergency response authorities for hazardous substance incidents that occur within their respective jurisdictions. Cities and counties are encouraged to appoint a response authority whose members will become trained in hazardous substance incident response.

(a) The governing body of every city shall designate by ordinance or resolution a local emergency response authority for hazardous substance incidents occurring within the corporate limits of such city. A city may designate the county as its emergency response authority and participate in the county plan for hazardous substance incident response, and shall notify the county of that designation in writing.
(b) The board of county commissioners of every county in the state shall designate by ordinance or resolution a local emergency response authority for hazardous substance incidents occurring within the unincorporated area of such county.

(c) The governing body of every city and every board of county commissioners shall notify the commission and Idaho emergency medical services communications center of its designated local emergency response authority. Such notification shall be in writing and shall occur as soon as practicable, and, in any event, no later than sixty (60) calendar days after this chapter becomes effective. Thereafter, any changes in such designations shall be communicated to the commission and Idaho emergency medical services communications center no later than ten (10) working days before such change becomes effective.

(d) If no local emergency response authority having the ability to respond to a hazardous substance incident exists within a city or county or if such a political subdivision is unable to obtain the services of an emergency response authority by way of a mutual aid agreement, contract or otherwise, such city or county may petition the commission to designate an emergency response authority to respond to hazardous substance incidents within the petitioning political subdivision's jurisdiction. The commission, in consultation with such political subdivision, may thereafter designate appropriate local emergency response authorities.

(3) If a hazardous substance incident occurs in an area in which no local emergency response authority has been designated, or if the Idaho state police has been designated as the local emergency response authority, the Idaho state police shall be the local emergency response authority for such hazardous substance incident for the purposes of this section.

39-7106. LOCAL EMERGENCY RESPONSE AUTHORITIES -- POWERS AND DUTIES. (1) Every local emergency response authority designated in or pursuant to this chapter will respond to a hazardous substance incident occurring within its jurisdiction in a fashion consistent with the Idaho hazardous materials emergency incident command and response plan except as provided in a private emergency response plan. The local emergency response authority will also respond to a hazardous substance incident which initially occurs within its jurisdiction but which spreads to another jurisdiction. If a hazardous substance incident occurs on a boundary between two (2) jurisdictions or in an area where the jurisdiction is not readily ascertainable, the first local emergency response authority to arrive at the scene of the incident will perform the initial emergency response.

(2) The incident commander shall declare the hazardous substance incident ended when the threat to public health and safety has ended and the threat to the environment has been minimized.

(3) Mutual aid agreements or contracts are encouraged among governmental entities, private parties, local emergency response authorities and the commission in order to safely respond to hazardous substance incidents. Further, mutual aid agreements are encouraged among governmental entities, local emergency response authorities and the commission with other similar entities in other states and Canada in
order to ensure appropriate response to hazardous substance incidents.

(4) Any local emergency response authority designated in or pursuant to the provisions of section 39-7105, Idaho Code, may request the commission to provide assistance consistent with the Idaho hazardous materials emergency incident command and response plan.

39-7107. STATE DISASTER PREPAREDNESS ACT CONTROLS DISASTER EMERGENCIES, EXCEPT FOR THE LIABILITY OF RESPONSIBLE PERSONS. In the event a disaster emergency or local disaster emergency is declared by proper authority as defined and set forth in chapter 10, title 46, Idaho Code, as a result of a hazardous substance incident, the provisions of chapter 10, title 46, Idaho Code, shall govern, except that the provisions of section 39-7109, Idaho Code, shall govern reimbursement of emergency response costs and the provisions of sections 39-7111 and 39-7112, Idaho Code, shall govern the liability of and cost recovery against persons responsible for hazardous substance incidents resulting in disaster emergencies in any case.

39-7108. NOTIFICATION OF RELEASE IS REQUIRED. (1) Any person who has responsibility for reporting a release under the federal comprehensive environmental response, compensation and liability act (CERCLA), 42 U.S.C. 9603, shall, as soon as practicable after he has knowledge of any such reportable release other than a permitted release or as exempted in section 39-7108(3), Idaho Code, notify the commission of such release.

(2) Any person who has responsibility for reporting a release under the federal emergency planning and community right-to-know act, 42 U.S.C. 11001 et seq., shall as soon as practicable after he has knowledge of any such reportable release other than a permitted release notify the commission of such release.

(3) Any facility having a release reportable under section 39-7108(1), Idaho Code, shall not be required to report the release to the commission if the following circumstances are met:

(a) Such release is not reportable under subsection (2) of section 39-7108, Idaho Code.

(b) The facility has an approved private emergency response plan that details how such spills shall be responded to and reported.

This provision does not relieve the facility from any reporting required under other federal statutory, regulatory or other permit authorities.

(4) The commission shall immediately notify the division of environmental quality within the department of health and welfare of any release reported to the commission. Such reporting to the commission shall fulfill all state reporting requirements for the division of environmental quality.

(5) Any person who does not notify the commission in accordance with the provisions of section 39-7108, Idaho Code, shall be liable for a civil penalty of a sum not to exceed one thousand dollars ($1,000) for each day the violation continues to a maximum of twenty-five thousand dollars ($25,000).

(6) No penalty pursuant to this section shall occur if an incident occurs on private property and results in no offsite environmental damage.
39-7109. RIGHT TO CLAIM REIMBURSEMENT. (1) State emergency response teams and local emergency response authorities may submit claims to the commission for reimbursement of the following documented costs incurred as a result of their response to and containment of a hazardous substance incident:

(a) Disposable materials and supplies acquired, consumed and expended specifically for the purpose of the response;
(b) Compensation of employees for the time and efforts devoted specifically to the response that are not otherwise provided for in the applicant's operating budget, (e.g., overtime pay for permanent full-time and other than full-time employees, recalled personnel or responding when out of jurisdiction);
(c) Rental or leasing of equipment used specifically for the response (e.g., protective equipment or clothing, scientific and technical equipment);
(d) Replacement costs for equipment owned by the applicant that is contaminated beyond reuse or repair, if the applicant can demonstrate that the equipment was a total loss and that the loss occurred as a result of the response (e.g., self-contained breathing apparatus irretrievably contaminated during the response);
(e) Decontamination of equipment contaminated during the response;
(f) Special technical services specifically required for the response (e.g., costs associated with the time and efforts of technical experts/specialists not otherwise provided for by the local government);
(g) Medical monitoring or treatment of response personnel;
(h) Laboratory costs for purposes of analyzing samples taken during the response; and
(i) Disposal costs. Such costs may be reimbursed as provided in this chapter.

Reimbursement for the costs identified in paragraphs (a) through (c) of this subsection will not exceed the duration of the response.

(3) Claims for reimbursement shall be submitted to the commission within sixty (60) days after termination of the hazardous substance incident for the state's determination of payment, if any.

(4) Reimbursements shall only be paid after the commission finds that the actions by the state emergency response team or the local emergency response authority were taken in response to a hazardous substance incident as defined in this chapter.

(5) The state of Idaho shall be subrogated to the rights of any such person so reimbursed to the extent of such reimbursement.

39-7110. DEFICIENCY WARRANTS FOR REIMBURSEMENT OF RESPONSE COSTS.

(1) The commission shall review all claims for reimbursement and make recommendations as to payment or nonpayment of the claims to the board of examiners within one hundred twenty (120) days after termination of the hazardous substance incident. The board of examiners may authorize
the issuance of deficiency warrants for the purpose of reimbursing reasonable and documented costs associated with emergency response actions taken pursuant to this chapter. The costs associated with routine firefighting procedures shall not be reimbursable costs under this chapter.

(2) Deficiency warrants authorized by the board of examiners shall not exceed the sum of one hundred thousand dollars ($100,000) for reimbursement of all claims made as a result of a single hazardous substance incident. In the event all claims for reimbursement for a single hazardous substance incident exceeds the sum of one hundred thousand dollars ($100,000), the board of examiners shall determine an appropriate and equitable basis of payment of reimbursements.

(3) Upon authorization of deficiency warrants by the board of examiners in accordance with the provisions of this section, the state auditor shall, after notice to the state treasurer, draw deficiency warrants in the authorized amounts against the general account.

(4) Nothing contained in this section shall be construed to change or impair any right of recovery or subrogation arising under any other provisions of law.

39-7111. LIABILITY FOR RELEASE OF A HAZARDOUS SUBSTANCE. (1) Any person who owns, controls, transports, or causes the release of a hazardous substance which is involved in a hazardous substance incident shall be strictly liable for the costs arising out of a hazardous substance incident, identified in section 39-7112, Idaho Code. There shall be no liability under this chapter for a person otherwise liable who can establish by a preponderance of the evidence that:

(a) The hazardous substance incident was caused solely by:

(i) An act of God;

(ii) An act of war;

(iii) An act or omission of a third party, other than an employee or agent of the potentially liable person if:

1. The potentially liable person exercised reasonable care with respect to the hazardous substance involved taking into consideration the characteristics of the hazardous substance in light of all relevant facts and circumstances; and

2. The potentially liable person took precautions against foreseeable acts or omissions of any such third party and the consequences that could foreseeably result from such acts or omissions; or

(iv) Application of a pesticide product or fertilizer registered under the federal insecticide, fungicide, and rodenticide act, 7 U.S.C. section 136, et seq., according to label requirements.

39-7112. COST RECOVERY AND CIVIL REMEDIES. (1) The commission shall be responsible for recovering those costs incurred by the state arising out of a hazardous substance incident identified in section 39-7109, Idaho Code, and legal costs including attorney's fees, investigation costs and litigation costs.

(2) In deciding whether to commence a cost recovery action, and against whom a cost recovery action will be filed, the commission in
exercising its prosecutorial discretion will take into consideration the cause of the incident, the total amount of cost incurred in responding to the incident, the avoidability of the incident and such other factors as the commission deems appropriate.

(3) The remedy for the recovery of those emergency response costs identified in section 39-7109, Idaho Code, provided by this chapter shall be exclusive and shall not be used in conjunction with or in addition to any other remedy for recovery of such costs provided by applicable federal laws. Any person who receives compensation for the emergency response costs pursuant to any other federal or state law shall be precluded from recovering compensation for such costs pursuant to this chapter. Nothing in this chapter shall otherwise affect or modify in any way the obligations or liability of any person under any other provision of state or federal law, including common law, for damages, injury or loss resulting from the release of any hazardous substance or for remedial action or the cost of remedial action for such release.

(4) It shall be the duty of the attorney general to commence any civil action brought by the commission pursuant to this chapter. At the request of a political subdivision of the state or a local governmental entity who has responded to or contained a hazardous substance incident, the attorney general may commence a civil action on their behalf pursuant to this chapter.

(b) The designating or requesting city or county shall be liable for the acts or omissions of a local emergency response authority responding to a hazardous substance incident within its jurisdiction.

(2) Notwithstanding any provision of law to the contrary, any state emergency response team, local emergency response authority or other person who responds to a hazardous substance incident at the request of an incident commander shall not be subject to civil liability for assistance or advice, except as provided in subsection (3) of this section.

(3) The exemption from civil liability provided in this section shall not apply to:

(a) An act or omission that caused in whole or in part such hazardous substance incident or a person who may otherwise be liable therefor; or

(b) Any person who has acted in a grossly negligent, reckless, or
intentional manner.
(4) Nothing in this section shall be construed to abrogate or limit the immunity granted to governmental entities pursuant to chapter 9, title 6, Idaho Code.

Once such approval is received, any breach of the conditions of such consent judgment shall be treated as a violation of a court order, and shall be subject to all penalties provided by law therefor, including the penalties set forth in section 48-615, Idaho Code.

(5) All penalties, costs and fees recovered by the attorney general shall be remitted to the consumer protection account which is hereby created in the state operating fund.    (1c) Granting such other relief as may be required, until the person files the statement or report, or obeys the subpoena or investigative demand.

(2) The court shall award the prevailing party reasonable
expenses and attorney fees incurred in obtaining an order under this section if the court finds that the attorney general's request for an order under this section or a person's resistance to filing any statement or report, or obeying any subpoena or investigative demand, was without a reasonable basis in fact or law.

(f) Provide for the timely salvage logging on all forest lands of dead or dying timber or timber that is threatened by various physical elements. Rules developed pursuant to this section shall consider both the economic value of the timber to be salvaged, the immediate costs of the salvage efforts, and the long-term costs to all forest resources and values associated with insect, disease or fire conditions which might otherwise be controlled by the salvage operations. The provisions of this subpart shall not apply to single contiguous forest ownerships less than two thousand (2,000) acres in size. CHAPTER 248
(S.B. No. 1183)

AN ACT
RELATING TO THE ADMINISTRATIVE PROCEDURES ACT; AMENDING SECTION
67-5215, IDAHO CODE, TO PROVIDE FOR VENUE FOR REVIEW IN THE DIS­
TRICT COURT OF CONTESTED CASES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-5215, Idaho Code, be, and the same is
hereby amended to read as follows:

67-5215. JUDICIAL REVIEW OF CONTESTED CASES. (a) A person who has
exhausted all administrative remedies available within the agency and
who is aggrieved by a final decision in a contested case of an agency
other than the industrial commission or the public utilities commis­
sion is entitled to judicial review under this act. This section does
not limit utilization of or the scope of judicial review available
under other means of review, redress or relief provided by law. A pre­
liminary, procedural, or intermediate agency action or ruling is imme­
diately reviewable if review of the final agency decision would not
provide an adequate remedy.

(b) Except when otherwise provided by law, proceedings for review
are instituted by filing a petition in the district court of either
the county in which:

(1) the hearing was had, or
(2) the county in which the final decision of the agency was
made, or
(3) the county in which the aggrieved person resides, or
(4) the county in which the real or personal property which was
the subject of the agency decision is attached,
within thirty (30) days after the service of the final decision of the
agency or, if a rehearing is requested within thirty (30) days after
the decision thereon.

(c) The filing of the petition does not itself stay enforcement
of the agency decision. The agency may grant, or the reviewing court
may order, a stay upon appropriate terms.

(d) Within thirty (30) days after the service of the petition, or
within further time allowed by the court, the agency shall transmit to
the reviewing court the original or a certified copy of the entire
record of the proceeding under review. By stipulation of all parties
to the review proceedings, the record may be shortened. A party
unreasonably refusing to stipulate to limit the record may be taxed by
the court for the additional costs. The court may require subsequent
corrections to the record and may also require or permit additions to
the record.

(e) If, before the date set for hearing, application is made to
the court for leave to present additional evidence, and it is shown to
the satisfaction of the court that the additional evidence is material
and that there were good reasons for failure to present it in the pro­
cceeding before the agency, the court may order that the additional
evidence be taken before the agency upon conditions determined by the
court. The agency may modify its findings and decisions by reason of
the additional evidence and shall file that evidence and any modifica­
tions, new findings, or decisions with the reviewing court.

(f) The review shall be conducted by the court without a jury and
shall be confined to the record. In cases of alleged irregularities in
procedure before the agency, not shown in the record, proof thereon
may be taken in the court. The court, upon request, shall hear oral
argument and receive written briefs.

(g) The court shall not substitute its judgment for that of the
agency as to the weight of the evidence on questions of fact. The
court may affirm the decision of the agency or remand the case for
further proceedings. The court may reverse or modify the decision if
substantial rights of the appellant have been prejudiced because the
administrative findings, inferences, conclusions, or decisions are:

1. in violation of constitutional or statutory provisions;
2. in excess of the statutory authority of the agency;
3. made upon unlawful procedure;
4. affected by other error of law;
5. clearly erroneous in view of the reliable, probative, and
   substantial evidence on the whole record; or
6. arbitrary or capricious or characterized by abuse of discre­
tion or clearly unwarranted exercise of discretion.

The sheriff may collect any additional fees necessary to cover the cost of processing fingerprints lawfully required by any state or federal agency or department, and the cost of materials for the license lawfully required by any state agency or department, which costs shall be paid to the state.

(3) The fee for renewal of the license shall be twelve dollars ($12.00) provided, that no other additional charges by any branch or unit of government shall be borne by the applicant for the renewal of the license and that the fee shall be distributed as follows:

Said dam owner shall be deemed to have not forfeited said nonexclusive prescriptive overflow easement if the reason for the failure to exercise the easement is a lack of water caused by drought or acts of God.

It is further provided that if a dam has inundated or overflowed real property for at least a part of a year for the five (5) consecutive years prior to the enactment of this section, then the owner of the dam shall be deemed to have obtained a nonexclusive prescriptive overflow easement hereunder over said real property one (1) year after the enactment of this section, provided, no action seeking relief inconsistent with such nonexclusive prescriptive overflow easement has been commenced by the property owner within one (1) year of the enactment of this section. The licensee is entitled to a hearing which shall be held within twenty (20) days of the suspension. Upon receiving notice that a valid bond is in force, the department shall immediately reinstate the license.

(4) The bond requirements of this section shall be satisfied if the applicant is a duly licensed manufactured home dealer in accordance with chapter 21, title 44, Idaho Code, and the bond required by section 44-2103, Idaho Code, otherwise meets the requirements of this section. The amount of the bond shall be in the amount as required in this section or that required in section 44-2103, Idaho Code, whichever is greater. The applicant shall furnish a certified copy of the bond as required in section 44-2103, Idaho Code, to the department.

Every notice shall contain the date of transfer, the time of transfer, the names and addresses of the transferor and transferee, any liens, a current odometer reading and a description of the vehicle as may be called for in the official form.

SECTION 12. That Section 49-1610, Idaho Code, be, and the same is hereby amended to read as follows:

49-1610. RIGHT OF ACTION FOR LOSS BY FRAUD -- PROCESS. (1) If any
person shall suffer any loss or damage by reason of any fraud practiced on him or fraudulent representation made to him by a licensed dealer or one (1) of the dealer's salesmen acting for the dealer, in his behalf or within the scope of the employment of salesman, or shall suffer any loss or damage by reason of the violation by the dealer or salesman of any of the provisions of this chapter, or chapter 5, title 49, Idaho Code, or section 49-1418, Idaho Code, or chapter 6, title 48, Idaho Code, or any applicable rule or regulation of the board, or federal odometer law or regulation, that person shall have a right of action against the dealer and his salesman.

(2) Notwithstanding the terms, provisions or conditions of any agreement or franchise, or other terms or provisions of any novation, waiver or other written instrument, any person who is or may be injured by a violation of a provision of this chapter, or any party to a franchise who is so injured in his business or property by a violation of a provision of this chapter relating to that franchise, or any person so injured because he refuses to accede to a proposal for an arrangement which, if consummated, would be in violation of the provisions of this chapter, may bring an action for damages and equitable relief, including injunctive relief.

(3) A license or a renewal shall not be issued to any applicant unless and until the applicant shall file with the director a good and sufficient instrument in writing in which he shall appoint the director as the true and lawful agent of the applicant upon whom all process may be served in any action or actions which may subsequently be commenced against the applicant arising out of any claim for damages suffered by any person by reason of the violation of the applicant of any of the terms and provisions of this chapter or provisions of chapter 5, title 49, section 49-1418, or chapter 6, title 48, Idaho Code, or of federal motor vehicle safety standards, or federal odometer laws and regulations. The applicant shall stipulate and agree in the appointment that any process directed to the applicant in such a case which is served upon the director, or in his absence his designee, shall be of the same legal force and effect as if served upon the applicant personally. The applicant shall further stipulate and agree in writing that the agency created by the appointment shall continue for and during the period covered by any license that may be issued and so long thereafter as the applicant may be made to answer in damages for a violation of the provisions of this chapter. The instrument appointing the director as agent for the applicant for service of process shall be acknowledged by the applicant before an officer authorized to take and certify acknowledgments under the laws of this state. In any case wherein the licensee be served with process by service upon the director, two (2) copies of the process shall be left with the director. Not later than two (2) days after the service of the process upon him, the director shall mail one (1) copy to the licensee at his principal place of business, as the same appears of record in the office of the director, postpaid, by registered certified mail with request for return receipt. (4) Whenever any person is awarded a final judgment in a court of competent jurisdiction in the state of Idaho for any loss or damage by reason of the violation by such dealer or salesman of any of the provisions of this chapter, chapter 5, title 49, section 49-1418, or chapter 6, title 48, Idaho Code, or any rule or regulation of the department in connection with the purchase of a vehicle, or federal motor vehicle safety standards, or in connection with the purchase of a vehicle if the loss or damage is a result of odometer tampering, or odometer fraud, the judgment creditor may file a verified claim with the corporate surety who has provided the dealer's surety bond, or with the chairman of the dealer advisory board where the dealer has deposited with the director a cash bond or certificate of deposit.

(a) The claim shall be filed no sooner than thirty (30) days and no later than one (1) year after the judgment has become final.

(b) The claim shall:
1. Be accompanied by a certified copy of the judgment;
2. State the amount of the claim if different from the judgment amount; and
3. State that demand has been made upon the dealer for payment of the judgment, and the dealer has failed to pay the judgment in full within thirty (30) days.

(5) Where a dealer has satisfied the bonding requirement with cash or a certificate of deposit, the chairman shall make written notification to the dealer against whom the judgment was obtained, that a claim has been made. The dealer may, within ten (10) days from the date of receipt of the notice, submit written objections to the dealer advisory board as to why the judgment should not be satisfied from the cash deposit or certificate of deposit.

(6) Within sixty (60) days from the date the claim was filed with the dealer advisory board, if it has found the claimant complied with the provisions of subsection (4) of this section, the board shall authorize the director to satisfy the judgment from the dealer's deposited funds in so far as he is able. Upon receipt of any payment, the claimant shall deliver a properly executed satisfaction of judgment to the director. If additional claims have been filed prior to payment, or the chairman of the dealer advisory board has knowledge that additional claims are pending which may exceed the amount of the bond, the chairman may delay any payments until all claims are finalized. If the claims exceed the amount of the bond, the deposited funds shall be prorated among the claimants based on the amount of their judgments.

(7) A judgment against a dealer or salesman for violation of the provisions of this chapter, rules and regulations of the department, the provisions of chapter 5, title 49, section 49-1418, or chapter 6, title 48, Idaho Code, the federal motor vehicle safety standards or odometer fraud, shall be grounds for revocation of the dealer and the salesman's licenses.

(8) The Idaho transportation board is authorized to promulgate reasonable rules and regulations not inconsistent with this chapter for the purpose of carrying out the provisions of section 49-1610,
Idaho Code.

(9) Should a dealer's license be revoked, voluntarily surrendered or not renewed, leaving funds on deposit with the department, those funds shall be refunded within thirty (30) days after the expiration of a five (5) year period from the date of revocation, surrender, or nonrenewal of the license unless the dealer advisory board has been notified in writing that a claim or cause of action is pending. In that case, the refund, if any, will be made upon the resolution of the claim or claims. In no case shall the dealer advisory board, the department, the state of Idaho, or any of their employees or agents be liable to any claimant for any amounts other than the funds deposited by the dealer.

SECTION 13. That Section 49-1611, Idaho Code, be, and the same is hereby amended to read as follows:

49-1611. DISPLAY, FORM AND CUSTODY OF DEALER'S AND SALESMAN'S LICENSE. The department shall prescribe each form of the license. It shall be the duty of each dealer to display conspicuously his own license in his place of business. The director shall prepare and deliver a pocket card, which shall certify that the person whose name appears on the card is a licensed dealer or vehicle salesman, as the case may be, and each vehicle salesman's card shall also contain the name and address of the dealer employing him, a current photograph of the applicant and the date of expiration of the license. Each and every salesman shall, on request, display his card.

SECTION 14. That Section 49-1613, Idaho Code, be, and the same is hereby amended to read as follows:

49-1613. UNLAWFUL ACTS BY LICENSEE. (1) It shall be unlawful for the holder of any license issued under the provisions of this chapter to:

(a) Intentionally publish or circulate any advertising which is misleading or inaccurate in any material particular or which misrepresents any of the products sold or furnished by a licensed dealer;
(b) Violate any of the provisions of this chapter or any of the applicable rules and regulations;
(c) Knowingly purchase, sell or otherwise acquire or dispose of a stolen vehicle;
(d) Violate any law respecting commerce in vehicles or any lawful rule or regulation respecting commerce in vehicles promulgated by any licensing or regulating authority now existing or hereafter created by the laws of the state;
(e) Engage in the business for which the dealer is licensed without at all times maintaining a principal place of business;
(f) Engage in a type of business respecting the selling or exchanging of vehicles for which he is not licensed;
(g) Knowingly purchase a vehicle which has an altered or removed vehicle identification number plate or alter or remove a vehicle identification number plate;
(h) Violate any provision of this title or any rules and regula-
violations promulgated;
(i) Violate any provision of the federal motor vehicle safety standards, federal odometer laws or regulations; or
(j) Display for sale, exchange, or sell any vehicle for which the vehicle dealer does not hold title or consignment agreement.

(2) It shall be unlawful for any manufacturer licensed under this chapter to require, attempt to require, coerce, or attempt to coerce, any new vehicle dealer in this state to:
(a) Order or accept delivery of any new vehicle, part or accessory, equipment or any other commodity not required by law which shall not have been voluntarily ordered by the new vehicle dealer. This paragraph is not intended to modify or supersede any terms or provisions of a franchise requiring dealers to market a representative line of vehicles which the manufacturer or distributor is publicly advertising.
(b) Order or accept delivery of any new vehicle with special features, accessories or equipment not included in the list price of such vehicles as publicly advertised by the manufacturer or distributor.
(c) Participate monetarily in an advertising campaign or contest, or to purchase any promotional materials, training materials, showroom or other display decorations or materials at the expense of the dealer.
(d) Enter into any agreement with the manufacturer or to do any other act prejudicial to the dealer by threatening to terminate or cancel a franchise or any contractual agreement existing between the dealer and the manufacturer. This paragraph is not intended to preclude the manufacturer or distributor from insisting on compliance with reasonable terms or provisions of the franchise or other contractual agreement, and notice in good faith to any dealer of the dealer's violation of those terms or provisions shall not constitute a violation of the provisions of this chapter.
(e) Change the capital structure of the dealer or the means by or through which the dealer finances the operation of the dealership, provided that the dealer at all times meets any reasonable capital standards determined by the manufacturer in accordance with uniformly applied criteria. No change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor. Consent shall not be unreasonably withheld.
(f) Refrain from participation in the management of, investment in, or the acquisition of any other line of new vehicle or related products. This paragraph does not apply unless the dealer maintains a reasonable line of credit for each make or line of new vehicle, and the dealer remains in compliance with any reasonable facilities requirements of the manufacturer, and no change is made in the principal management of the dealership.
(g) Prospectively assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability to be imposed by this chapter or to require any controversy between a dealer and a manufacturer, distributor, or representatives, to be referred to any person other than the duly constituted courts of the state or the United States, or to the direc-
(h) Either establish or maintain exclusive facilities, personnel, or display space.
(i) Expand facilities without a written guarantee of a sufficient supply of new vehicles so as to justify an expansion, in light of the market and economic conditions.
(j) Make significant modifications to an existing dealership or to construct a new vehicle dealership facility without providing a written guarantee of a sufficient supply of new vehicles so as to justify modification or construction, in light of the market and economic conditions.
(3) It shall be unlawful for any manufacturer licensed under this chapter to:
(a) Delay, refuse, or fail to deliver new vehicles or new vehicle parts or accessories in a reasonable time, and in reasonable quantity relative to the dealer's facilities and sales potential in the dealer's relevant market area, after acceptance of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer, any new vehicle, parts or accessories to new vehicles as are covered by the franchise, if the vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. These provisions are not violated, however, if failure is caused by acts or causes beyond the control of the manufacturer.
(b) Refuse to disclose to any dealer handling the same line, the manner and mode of distribution of that line within the relevant market area.
(c) Obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to the dealer.
(d) Increase prices of new vehicles which the dealer had ordered for consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a consumer shall constitute evidence of each such order, provided that the vehicle is in fact delivered to that customer. In the event of manufacturer price reductions or cash rebates paid to the dealer, the amount of any reduction or rebate received by a dealer shall be passed on to the private retail consumer by the dealer. Price reductions shall apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series shall not be considered a price increase or price decrease. Price changes caused by the addition to a vehicle of required or optional equipment, or revaluation of the United States dollar, in the case of foreign-make vehicles or components, or an increase in transportation charges due to increased rates imposed by a carrier, shall not be subject to the provisions of this subsection.
(e) Release to any outside party, except under subpoena or as otherwise required by law or in an administrative, judicial or arbitration proceeding involving the manufacturer or dealer, any business, financial, or personal information which may be provided
from time to time by the dealer to the manufacturer without the express written consent of the dealer.
(f) Deny any dealer the right of free association with any other dealer for any lawful purpose.
(g) Unfairly compete with a dealer in the same line make, operating under an agreement or franchise from the aforementioned manufacturer, in the relevant market area. A manufacturer shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of that dealership on reasonable terms and conditions.
(h) Unfairly discriminate among its dealers with respect to warranty reimbursement.
(i) Unreasonably withhold consent to the sale, transfer, or exchange of the franchise to a qualified buyer capable of being licensed as a dealer in this state.
(j) Fail to respond in writing to a request for consent as specified in subsection (i) of this section within sixty (60) days of receipt of a written request on the forms, if any, generally utilized by the manufacturer or distributor for those purposes and containing the required information. Failure to respond shall be deemed to be consent to the request.
(k) Prevent or attempt to prevent, by contract or otherwise, any dealer from changing the executive management control of the dealership unless the manufacturer, having the burden of proof, can show that the change of executive management will result in executive management or control by a person or persons who are not of good moral character or who do not meet reasonable, preexisting and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards. Where the manufacturer rejects a proposed change in executive management control, the manufacturer shall give written notice of his reasons to the dealer within sixty (60) days of notice to the manufacturer by the dealer of the proposed change; otherwise, the change in the executive management of the dealership shall be presumptively considered approved.
(l) Terminate, cancel or fail to renew any franchise solely because of the death or incapacity of an owner who is not listed in the franchise as one on whose expertise and abilities the manufacturer relied in the granting of the franchise.
(m) Prevent or attempt to prevent the dealer, by written instrument or otherwise, from either receiving the fair market value of the dealership in a sale transaction, or from transferring the dealership to a spouse or legal heir, as specified in this chapter.
(n) Engage in any predatory practice or discrimination against any dealer.
(o) Resort to or to use any false or misleading advertisement in the conducting of his business as a manufacturer or distributor in this state.
(p) Make any false or misleading statement, either directly or through any agent or employee, in order to induce any dealer to enter into any agreement or franchise, or to take any action which is prejudicial to that dealer or his business.

(4) It is unlawful for any manufacturer or any officer, agent or representative to coerce, or attempt to coerce, any dealer in this state to sell, assign or transfer any retail installment sales contract, obtained by the dealer in connection with the sale by him in this state of new vehicles, manufactured or sold by the manufacturer, to a specified finance company or class of such companies, or to any other specified person, by any of the acts or means set forth, namely by:

(a) Any statement, suggestion, promise or threat that the manufacturer will, in any manner, benefit or injure the dealer, whether the statement, suggestion, threat or promise is express or implied or made directly or indirectly;

(b) Any act that will benefit or injure the dealer;

(c) Any contract, or any express or implied offer of contract, made directly or indirectly to a dealer for handling new vehicles, on the condition that the dealer sell, assign or transfer his retail installment sales contract in this state to a specified finance company or class of such companies, or to any other specified person; or

(d) Any express or implied statement or representation made directly or indirectly that the dealer is under any obligation whatsoever to sell, assign or transfer any of his retail sales contracts, in this state, on new vehicles manufactured or sold by that manufacturer to a finance company or class of companies, or other specified person, because of any relationship or affiliation between the manufacturer and a finance company or companies, or a specified person or persons.

Any statement, threats, promises, acts, contracts or offers of contracts, when the effect may be to lessen or eliminate competition or tend to create a monopoly, are declared unfair trade practices and unfair methods of competition, against the policy of this state, and are unlawful.

(5) It is unlawful for any manufacturer or agent or employee of a manufacturer to use a written instrument, agreement, or waiver to attempt to nullify any of the provisions of this section, and such agreement, written instrument or waiver shall be null and void.

(6) It shall be unlawful, directly or indirectly, to impose unreasonable restrictions on the dealer relative to the sale, transfer, right to renew, termination discipline, noncompetition covenants, site control (whether by sublease, collateral pledge of lease, or otherwise), right of first refusal to purchase, option to purchase, compliance with subjective standards and assertion of legal or equitable rights.

(7) The provisions of this chapter shall apply to all written franchise agreements between a manufacturer and a dealer, including the franchise offering, the franchise agreement, sales of goods, services or advertising, leases or mortgages of real or personal property, promises to pay, security interests, pledges, insurance contract, advertising contract, construction or installation contract,
servicing contracts and all other agreements where the manufacturer has any direct or indirect interest.

SECTION 15. That Section 49-1618, Idaho Code, be, and the same is hereby amended to read as follows:

49-1618. DENIAL OR REVOCATION OF LICENSE REQUIRES HEARING. (1) Before the department shall refuse to issue to any applicant a license provided for in this chapter, and before revoking or suspending any license, it shall give the applicant or licensee written notice of the action which the department contemplates taking with respect to the application or license, which shall provide that on or before a day certain, not less than twenty (20) days from the date on which written notice shall be served, the applicant or licensee shall show cause, if any, in writing duly verified and filed with the department, why the contemplated action should not be taken. Upon receipt of the written showing, the department shall fix a day certain, not less than fifteen (15) days nor more than thirty (30) days from the date on which it received the showing, when it will hear evidence and argument in support of it. In any proceeding under this section, the department shall have the burden of proving that the applicant is not qualified, or that the licensee has violated a provision of this chapter or a rule or regulation of the department.

(3) The notices provided to be given to an applicant or a licensee shall be served by the department or its employees delivering the notice to the applicant or licensee personally, or by the department mailing the notice by registered certified mail to:

(a) The applicant for a license at the residence address given in his application for license;
(b) A licensed dealer or at the last known address of the principal place of business of the dealer; and
(c) A licensed salesman at his last known residence address.

(4) The date on which the notice shall be considered to have been served for purposes of computing time shall be the date on which the notice is delivered to the applicant or licensee personally, or the date on which the notice is mailed.

(5) The director or his designee shall preside at all hearings and the department shall request the attendance of the advisory board at hearings. At the conclusion of the hearing, the hearing officer shall make written findings of fact and recommendations to the director. The findings of fact shall be conclusive unless clearly erroneous and unsupported by the record. The director shall issue a written order which shall be the final administrative action of the depart-
section. (6) If a dealer's license is suspended as a result of an order of the director, the department shall conspicuously post two (2) notices of such suspension at each licensed location. The notices shall remain posted for the duration of the suspension and removal of the notice prior to that time shall be deemed a violation of the provisions of this chapter.

SECTION 1. That Chapter 5, Title 41, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 41-514, Idaho Code, and to read as follows:
41-514. CREDIT FOR REINSURANCE. (1) Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a deduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of paragraph (a) or (b) or (c) or (d) or (e) of this subsection. If meeting the requirements of paragraph (c) or (d) of this subsection, the requirements of paragraph (f) must also be met.

(a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer which is licensed to transact insurance or reinsurance in this state.

(b) Credit shall be allowed when the reinsurance is ceded to an assuming insurer which is accredited as a reinsurer in this state. An accredited reinsurer is one which:

(i) Files with the director evidence of its submission to this state's jurisdiction;
(ii) Submits to this state's authority to examine its books and records;
(iii) Is licensed to transact insurance or reinsurance in at least one (1) state, or in the case of United States branch of an alien assuming insurer is entered through and licensed to transact insurance or reinsurance in at least one (1) state;
(iv) Files annually with the director a copy of its annual statement filed with the insurance department of its state of domicile and a copy of its most recent audited financial statement; and either
   A. Maintains a surplus as regards policy holders in an amount which is not less than twenty million dollars ($20,000,000) and whose accreditation has not been denied by the director within ninety (90) days of its submission; or
   B. Maintains a surplus as regards policy holders in an amount less than twenty million dollars ($20,000,000) and whose accreditation has been approved by the director.

No credit shall be allowed a domestic ceding insurer, if the assuming insurers' accreditation has been revoked by the director after notice and hearing.

(c) Credit shall be allowed when the reinsurance is ceded to an assuming insurer which is domiciled and licensed in, or in the case of a United States branch of an alien assuming insurer is entered through, a state which employs standards regarding credit for reinsurance substantially similar to those applicable under this statute and the assuming insurer or United States branch of an alien assuming insurer:

(i) Maintains a surplus as regards policy holders in an amount not less than twenty million dollars ($20,000,000); and
(ii) Submits to the authority of this state to examine its books and records.

Provided, however, that the requirement of paragraph (c)(i) of this subsection does not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same hold-
ing company system.
(d) (i) Credit shall be allowed when the reinsurance is ceded to an assuming insurer which maintains a trust fund in a qualified United States financial institution, as defined in subsection (3) of this section for the payment of the valid claims of its United States policy holders and ceding insurers, their assigns and successors in interest. The assuming insurer shall report annually to the director information substantially the same as that required to be reported on the NAIC annual statement form by licensed insurers to enable the director to determine the sufficiency of the trust fund. In the case of a single assuming insurer, the trust shall consist of a trusteed account representing the assuming insurer's liabilities attributable to business written in the United States and, in addition, the assuming insurer shall maintain a trusteed surplus of not less than twenty million dollars ($20,000,000). In the case of a group of individual unincorporated underwriters, the trust shall consist of a trusteed account representing the group's liabilities attributable to business written in the United States and, in addition, the group shall maintain a joint trusteed surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group; and the group shall make available to the director an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent public accountants.

(ii) In the case of a group of incorporated insurers under common administration which complies with the filing requirements contained in the previous paragraph, and which is under the supervision of the department of trade and industry of the United Kingdom and submits to this state's authority to examine its books and records and bears the expense of the examination, and which has aggregate policy holders' surplus of ten billion dollars ($10,000,000,000); the trust shall be in an amount equal to the group's several liabilities attributable to business written in the United States plus the group shall maintain a joint trusteed surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group, and each member of the group shall make available to the director an annual certification of the member's solvency by the member's domiciliary regulator and its independent public account.

(iii) Such trust shall be established in a form approved by the director of insurance. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in the trustees of the trust for its United States policy holders and ceding insurers, their assigns and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the director. The trust
described herein must remain in effect for as long as the
assuming insurer shall have outstanding obligations due under
the reinsurance agreements subject to the trust.
(iv) No later than February 28 of each year the trustees of
the trust shall report to the director in writing setting
forth the balance of the trust and listing the trust's
investments at the preceding year end and shall certify the
date of termination of the trust, if so planned, or certify
that the trust shall not expire prior to the next following
December 31.
(e) Credit shall be allowed when the reinsurance is ceded to an
assuming insurer not meeting the requirements of paragraph (a),
(b), (c) or (d) of this section but only with respect to the
insurance of risks located in jurisdictions where such reinsurance
is required by applicable law or regulation of that jurisdiction.
(f) If the assuming insurer is not licensed or accredited to
transact insurance or reinsurance in this state, the credit per­
mitted in paragraphs (c) and (d) of this subsection shall not be
allowed unless the assuming insurer agrees in the reinsurance
agreements:
(i) That in the event of the failure of the assuming insurer
to perform its obligations under the terms of the reinsurance
agreement, the assuming insurer, at the request of the ceding
insurer, shall submit to the jurisdiction of any court of
competent jurisdiction in any state of the United States,
will comply with all requirements necessary to give such
court jurisdiction, and will abide by the final decision of
such court or of any appellate court in the event of an
appeal; and
(ii) To designate the director or a designated attorney as
its true and lawful attorney upon whom may be served any law­
ful process in any action, suit or proceeding instituted by
or on behalf of the ceding company.
(2) A reduction from liability for the reinsurance ceded by a
domestic insurer to an assuming insurer not meeting the requirements
in subsection (1) of this section shall be allowed in an amount not
exceeding the liabilities carried by the ceding insurer and such
reduction shall be in the amount of funds held by or on behalf of the
ceding insurer; including funds held in trust for the ceding insurer,
under a reinsurance contract with such assuming insurer as security
for the payment of obligations thereunder, if such security is held in
the United States subject to withdrawal solely by, and under the
exclusive control of, the ceding insurer, or, in the case of a trust,
held in a qualified United States financial institution, as defined in
subsection (4) of this section. This security may be in the form of:
(a) Cash.
(b) Securities listed by the securities valuation office of the
national association of insurance commissioners and qualifying as
admitted assets.
(c) Clean, irrevocable, unconditional letters of credit, as
defined in subsection (3)(a) of this section, issued or confirmed
by a qualified United States institution no later than December 31
in respect of the year for which filing is being made, and in the
possession of the ceding company on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the date of their issuance (or confirmation) shall, notwithstanding the issuing (or confirming) institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification or amendment whichever first occurs.

(d) Any other form of security acceptable to the director.

(3) For purposes of subsection (2)(c) of this section a "qualified United States financial institution" means an institution that:

(a) Is organized or (in the case of a United States office of a foreign banking organization) licensed, under the laws of the United States or any state thereof;
(b) Is regulated, supervised and examined by United States federal or state authorities having regulatory authority over banks and trust companies; and
(c) Has been determined by either the director or the securities valuation office of the national association of insurance commissioners, to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the director.

(4) A "qualified United States financial institution" means, for purposes of the provisions of this statute specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:

(a) Is an organization, or (in the case of a United States branch or agency office of a foreign banking organization) licensed, under the laws of the United States or any thereof and has been granted authority to operate with fiduciary powers; and
(b) Is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies.

(5) The provisions of this section shall apply to all cessions after the effective date of this act under reinsurance agreements which have had an inception, anniversary, or renewal date not less than six (6) months after the effective date of this act.

SECTION 2. That Section 41-511, Idaho Code, be, and the same is hereby amended to read as follows:

41-511. AUTHORIZED REINSURANCE. (1) An insurer may accept reinsurance only of such risks, and retain risk thereon within such limits, as it is otherwise authorized to insure.

(2) Except as provided in sections 41-512, 41-2856 (mergers and consolidations of stock insurers) and 41-2858, Idaho Code (bulk reinsurance, mutual insurers), an insurer may reinsure all or any part of any particular Idaho risk with an insurer authorized to transact such insurance in this state, or in any other solvent insurer approved or accepted by the director for the purpose of such reinsurance. The director shall not so approve or accept any such reinsurance by a ced-
ing domestic insurer in an unauthorized insurer which he finds for good cause would be contrary to the interests of the policy holders or stockholders of such domestic insurer. The director shall not so approve any foreign reinsurer that possesses surplus as to policy holders in an amount less than the paid-in-capital-stock that required under section 41-313, Idaho Code, of a foreign stock insurer authorized to transact in this state the same kind or kinds of insurance as that ceded.

(3) No credit shall be allowed; as an asset or as a deduction from liability, to any ceding insurer for reinsurance unless the reinsurance is payable by the assuming insurer on the basis of the liability of the ceding insurer under the contracts reinsured without diminution because of the insolvency of the ceding insurer.

(4) Upon request of the director, a ceding insurer shall promptly inform the director in writing of the cancellation or any other material change of any of its reinsurance treaties or arrangements.

(5) This section does not apply to marine and transportation insurance.

Supplementary summary financial statements shall be due within sixty (60) days after notice is mailed to the company by the director requesting such statement. No company shall be required to file more than four (4) supplementary summary statements during any consecutive twelve (12) month period. The director may, at his discretion, require the annual statement be certified by an independent actuary deemed competent by the director or by an independent certified public accountant.

(3) In addition to information called for and furnished in connection with its annual statement, an insurer shall promptly furnish to the director such other or further information with respect to any of its transactions or affairs as the director may from time to time request in writing.

CHAPTER 278
(H.B. No. 190)

AN ACT
RELATING TO CREDIT TRANSACTIONS; AMENDING SECTION 28-42-201, IDAHO
CODE, TO DELETE OBSOLETE PROVISIONS REGARDING THE CALCULATION OF
FINANCE CHARGES AND THE COMMENCEMENT AND CALCULATION OF THE TERM
OF CREDIT TRANSACTIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 28-42-201, Idaho Code, be, and the same
is hereby amended to read as follows:

28-42-201. MAXIMUM FINANCE CHARGE. (1) With respect to a loan or
credit sale, the rate of finance charge shall be that which is agreed
upon between the parties to the transaction. In addition to the
finance charge permitted herein, a creditor may contract for and
receive any other charge unless expressly prohibited or limited by
this act.

(2) This section does not limit or restrict the manner of calcu-
lating the finance charge, whether by way of add-on, discount, single
annual percentage rate, or otherwise. The finance charge may be con-
tracted for and earned at the single annual percentage rate that would
earn the same finance charge as the graduated rates when the--debt--is
according to the agreed terms and the calculations are made according
to the actuarial method. If the credit transaction is precomputed:
(a) The finance charge may be calculated on the assumption that
all scheduled payments will be made when due; and
(b) The effect of prepayment is governed by the provisions on
rebate upon prepayment, section 28-42-3087, Idaho Code.

(3) Except as provided in subsection (54) of this section, the
term of a credit transaction for purposes of this section commences on
the day the credit transaction is made. Any month may be counted as
1/12th of a year, but a day is counted as 1/360th of a year. Subject
to classifications and differentiations the tendering agent reasonably
establishes a part of a month in excess of fifteen --(15)-- days may be
treated as a full month if periods of fifteen --(15)-- days or less are
disregarded and that procedure is not consistently used to obtain a
greater yield than would otherwise be permitted. The administrator may
adopt rules with respect to treating as regular other minor irregular-
ities in amount or time.
(4) Subject to classifications and differentiations the lender may reasonably establish, he may make the same finance charge on all amounts financed within a specified range if, when applied to the lowest amount within each range, it does not produce a rate of finance charge exceeding the rate calculated by more than eight percent of the rate disclosed.

(5) With respect to an insurance premium loan, the term of the loan commences on the earliest inception date of a policy or contract of insurance, payment of the premium on which is financed by the loan.

scribers of a reciprocal insurer or interinsurance exchange under
powers of attorney.
(5) "Underwrite" means the authority to accept or reject risks on
behalf of the insurer.

41-1503. LICENSURE. (1) No person, firm, association or corpora-

(2) No person, firm, association or corporation shall act in the
capacity of a MGA representing an insurer domiciled in this state with
respect to risks located outside this state unless such person is
licensed as an agent in this state pursuant to the provisions of chap-
ter 10, title 41, Idaho Code.
(3) Every MGA as defined in section 41-1502(3), Idaho Code, shall
be required to be bonded. The bond shall be in favor of the state to

the preceding year, the amount of funds reasonably estimated to be
handled during the current calendar year by the MGA. Only one (1) such
bond shall be required of the MGA for all insurers which utilize the
services of the MGA, unless provided otherwise in the written agree-
ment between the insurer and the MGA or otherwise required by the
director.
(4) The director may require the MGA to maintain an errors and
omissions policy.
41-1504. REQUIRED CONTRACT PROVISIONS. No person, firm, association or corporation acting in the capacity of a MGA shall place business with an insurer unless there is in force a written contract between the parties which sets forth the responsibilities of each party and where both parties share responsibility for a particular function, specifies the division of such responsibilities, and which contains the following minimum provisions:

1. The insurer may terminate the contract for cause upon written notice to the MGA. The insurer may suspend the underwriting authority of the MGA during the pendency of any dispute regarding the cause for termination.

2. The MGA will render accounts to the insurer detailing all transactions and remit all funds due under the contract to the insurer on not less than a monthly basis.

3. All funds collected for the account of an insurer will be held by the MGA in a fiduciary capacity in a bank which is a member of the federal reserve system. This account shall be used for all payments on behalf of the insurer. The MGA may retain no more than three (3) months estimated claims payments and allocated loss adjustment expenses.

4. Separate records of business written by the MGA will be maintained. The insurer shall have access and right to copy all accounts and records related to its business in a form usable by the insurer and the director shall have access to all books, bank accounts and records of the MGA in a form usable to the director. Such records shall be retained for a minimum period of six (6) years.

5. The contract may not be assigned in whole or part by the MGA.

6. Appropriate underwriting guidelines including:
   (a) The maximum annual premium volume;
   (b) The basis of the rates to be charged;
   (c) The types of risks which may be written;
   (d) Maximum limits of liability;
   (e) Applicable exclusions;
   (f) Territorial limitations;
   (g) Policy cancellation provisions; and
   (h) The maximum policy period.

Any cancellation or nonrenewal of any policy of insurance is subject to all applicable laws and regulations concerning the cancellation and nonrenewal of insurance policies.

7. If the contract permits the MGA to settle claims on behalf of the insurer:
   (a) All claims must be reported to the company in a timely manner.
   (b) A copy of the claim file will be sent to the insurer at its request or as soon as it becomes known that the claim:
      (i) Has the potential to exceed an amount determined by the director or exceeds the limit set by the company, whichever is less;
      (ii) Involves a coverage dispute;
      (iii) May exceed the MGA's claims settlement authority;
      (iv) Is open for more than six (6) months; or
      (v) Is closed by payment of an amount set by the director or an amount set by the company, whichever is less.
(c) All claims files will be the joint property of the insurer and MGA. However, upon an order of liquidation of the insurer such files shall become the sole property of the insurer or its estates. The MGA shall have reasonable access to and the right to copy the files on a timely basis.

(d) Any settlement authority granted to the MGA may be terminated for cause upon the insurer's written notice to the MGA or upon the termination of the contract. The insurer may suspend the settlement authority during the pendency of any dispute regarding the cause for termination.

(8) Where electronic claims files are in existence, the contract must address the timely transmission of the data.

(9) If the contract provides for a sharing of interim profits by the MGA, and the MGA has the authority to determine the amount of the interim profits by establishing loss reserves or controlling claim payments, or in any other manner, interim profits will not be paid to the MGA until one (1) year after they are earned for property insurance business and five (5) years after they are earned on casualty business and not until the profits have been verified pursuant to section 41-1505, Idaho Code.

(10) The MGA shall not:

(a) Bind reinsurance or retrocessions on behalf of the insurer, except that the MGA may bind facultative reinsurance contracts pursuant to obligatory facultative agreements if the contract with the insurer contains reinsurance underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with whom such automatic agreements are in effect, the coverages and amounts of percentages that may be reinsured and commission schedules;

(b) Commit the insurer to participate in insurance or reinsurance syndicates;

(c) Appoint any producer without assuring that the producer is lawfully licensed to transact the type of insurance for which he is appointed;

(e) Collect any payment from a reinsurer or commit the insurer to any claims settlement with a reinsurer without prior approval of the insurer. If prior approval is given, a report must be promptly forwarded to the insurer;

(f) Permit its subagent to serve on the insurer's board of directors;

(g) Jointly employ an individual who is employed with the insurer; or

(h) Appoint a sub-MGA.

41-1505. DUTIES OF INSURERS. (1) The insurer shall have on file an independent financial examination, in a form acceptable to the director, of each MGA with whom it has done business.

(2) If a MGA establishes loss reserves, the insurer shall annu-
ally obtain the opinion of an actuary attesting to the adequacy of loss reserves established for losses incurred and outstanding on business produced by the MGA. This is in addition to any other required loss reserve certification.

(3) The insurer shall conduct an on-site review of the underwriting and claims processing operations of the MGA on a semiannual or more frequent basis.

(4) Binding authority for all reinsurance contracts or participation in insurance or reinsurance syndicates shall rest with an officer of the insurer, who shall not be affiliated with the MGA.

(5) Within thirty (30) days of entering into or termination of a contract with a MGA, the insurer shall provide written notification of such appointment or termination to the director. Notices of appointment of a MGA shall include:
   (a) A statement of duties which the applicant is expected to perform on behalf of the insurer;

(6) An insurer shall review its books and records each quarter to determine if any agent has become, by operation of the provisions of section 41-1502(3) and (4), Idaho Code, a MGA as defined in that section. If the insurer determines that an agent has become a MGA pursuant to the above, the insurer shall promptly notify the agent and the director of such determination and the insurer and agent must fully comply with the provisions of this chapter within thirty (30) days.

(7) An insurer shall not appoint to its board of directors an officer, director, employee, agent or controlling shareholder of its MGA. The provisions of this subsection shall not apply to relationships governed by chapter 38, title 41, Idaho Code.

41-1506. EXAMINATION AUTHORITY. The acts of the MGA are considered to be the acts of the insurer on whose behalf it is acting. A MGA may be examined pursuant to the insurance statutes and regulations as if it were the insurer.

41-1507. PENALTIES AND LIABILITIES. (1) If the director finds, after a hearing conducted in accordance with the insurance code and the regulations and procedures adopted by the Idaho department of insurance, that any person, firm, association or corporation has violated any provision of this chapter, the director may order:
   (a) For each separate violation, a penalty in an amount not to exceed ten thousand dollars ($10,000);
   (b) Revocation or suspension of the agent's license; and
   (c) The MGA to reimburse the insurer, the rehabilitator or liquidator of the insurer for any losses incurred by the insurer caused by a violation of the provisions of this chapter committed by the MGA.

(2) Nothing contained in this section shall affect the right of the director to impose any other penalties provided for in the insurance statutes.

(3) Nothing contained in this chapter is intended to or shall in any manner limit or restrict the rights of policyholders, claimants
and auditors.

(4) In addition to the registration and license fees of this section, there shall be paid on all farm vehicles, and any commercial vehicle exclusively engaged in the transportation of logs, pulp wood, stull, poles, piling, rough lumber, ores, ore concentrates, sand and gravel aggregates in bulk, livestock and vehicles domiciled in Idaho used for the sole purpose of transporting milk from the farm to processing plant, having a maximum gross weight in excess of sixty thousand (60,000) pounds, a use fee of 22.45 mills per mile.

(5) If any motor vehicle, trailer or semitrailer, or combinations thereof, which hauls reducible loads is authorized under the provisions of section 49-1014 chapter 10, title 49, Idaho Code, to move on the highways of the state, and the vehicle exceeds the maximum gross weight of eighty thousand (80,000) pounds, then and in that event there shall be paid for that vehicle, in addition to the other fees required in this section, an additional use fee of 2.1 mills per mile for each two thousand (2,000) pounds or fraction thereof of the permitted excess maximum registered gross weight of the vehicle.

(6) Any owner operating vehicle combinations may apply to the department for authority to report multiple weights and pay use fees based upon the maximum gross weight of each configuration in the combination being operated. The owner shall declare a maximum gross weight for each configuration being operated but not more than three (3) maximum gross weights for a vehicle combination may be declared. Any owner who receives authority to report and pay use fees at multiple maximum gross weights shall register the motor vehicle in a combination at the highest maximum gross weight of the vehicle.

(7) An applicant for registration of a commercial vehicle, a non-commercial vehicle or a farm vehicle shall set forth the maximum gross weight of the vehicle or combination of vehicles and the applicant shall pay any annual registration fees and any annual license fees on trailers and semitrailers required at the time he makes application for registration subject to the provisions of subsections (1) and (2). No part of the registration or license fees shall be subject to refund. The use fee payment required shall be computed according to the schedule in either subsection (3) or (4) on the mileage operated over the highways of the state of Idaho and the owner of any vehicle against which a use fee is assessed, shall at the time of making his next quarterly report pay the use fee, if any, for the three (3) cal-
miles traveled on roadways maintained with private funds by agreement with the public agency or agencies having jurisdiction over them. In no event shall the total money credited to the owner for the mileage exceed the actual cost of maintenance expended by him.

SECTION 3. That Section 49-435, Idaho Code, be, and the same is hereby amended to read as follows:

49-435. PROPORTIONAL REGISTRATION OF COMMERCIAL VEHICLES. (1) Any owner engaged in operating one or more fleets may, in lieu of the registration fees imposed by section 49-434, Idaho Code, register each fleet for operation in this state by filing an application with the department which shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) Total fleet miles. This shall be the total number of miles operated in all jurisdictions during the preceding year by the motor vehicles in a fleet during the year.

(b) In-state miles. This shall be the total number of miles operated in this state during the preceding year by motor vehicles in the fleets during the year.

(c) A description and identification of each vehicle of the fleet which is to be operated in this state during the registration year for which proportional fleet registration is requested, and, as determined by the department, the vehicle unit number of each fleet vehicle as assigned by the owner.

(2) The application for each fleet shall, at the time and in the manner required by the department, be supported by a fee payment computed as follows:

(a) Divide in-state miles by total fleet miles.

(b) Determine the total amount necessary to register each and every vehicle in the fleet for which registration is required based on the regular annual fees prescribed by section 49-434, Idaho Code.

(c) Multiply the sum obtained under subsection (2)(b) of this section, by the quotient obtained under subsection (2)(a) of this section.

(3) The applicant for proportional registration of any fleet, the motor vehicles of which are operated by him in jurisdictions in addition to those in which the applicant's fleet motor vehicles are operated, may state those motor vehicles separately in his application and compute and pay the fees in accordance with the separate statement, as to which "total miles" shall be the total miles of highway operation determined from miles of power units, whether prorated or not, operated in combination with prorated trailers in all jurisdictions during the preceding year.

(4) The department shall register the vehicle so described and identified and may issue license plates or distinctive sticker or other suitable identification device for each vehicle listed in the application upon payment of the fees required under subsection (2) and an additional identification charge of two dollars ($2.00) per vehi-
cle. A registration card shall be issued for each proportionally registered vehicle appropriately identifying it which shall be carried in or upon the vehicle identified at all times but which, in the case of vehicle combinations, may be carried in the vehicle supplying the motive power.

(5) Fleet vehicles so registered and identified shall be deemed to be fully licensed and registered in this state for any type of movement or operation, except that, in those instances in which a grant of authority is required for intrastate movement or operation, no vehicle shall be operated in intrastate commerce in this state unless the owner has been granted intrastate authority or rights by the public utilities commission and unless the vehicle is being operated in conformity with such authority or rights.

(6) The right to the privilege and benefits of proportional registration of fleet vehicles extended by this section, or by any contract, agreement, arrangement or declaration made under the authority provided in section 49-201, Idaho Code, shall be subject to the condition that each fleet vehicle proportionally registered shall also be proportionally or otherwise properly registered in at least one other jurisdiction during the period for which it is proportionally registered in this state.

(7) Vehicles acquired by the owner after the commencement of the registration year and subsequently added to a proportionally registered fleet shall be proportionally registered by applying the mileage percentage used in the original application for the fleet for that registration period to the annual registration fees due with respect to those vehicles for the remainder of the registration year.

(8) If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered, the owner of the fleet shall so notify the department on appropriate forms to be prescribed by the department. The department may require the owner to surrender proportional registration cards and other identification devices which have been issued with respect to the vehicle as the department may deem advisable.

(9) The initial application for proportional registration of a fleet shall state the mileage data with respect to the fleet for the preceding year in this and other jurisdictions. If no operations were conducted with the fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in this state and other jurisdictions. The department shall determine the in-state and total fleet miles to be used in computing the fee payment for the fleet. The department may evaluate and adjust the estimate in the application if it is not satisfied as to the correctness submitted.

(10) The department may refuse to accept proportional registration applications for the registration of vehicles based in another jurisdiction if it shall find that the other jurisdiction does not grant similar registration privileges to fleet vehicles based in or owned by residents of this state.

(11) Any owner whose application for proportional registration has been accepted shall preserve the records on which the application is based for a period of four (4) years following the year of application. The owner shall agree to make his records accessible to the
department for audit as to accuracy of computations, payments and assessments of deficiencies or allowances for credit. The department shall make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of any owner or exchange of audit information. No assessment for deficiency or claim for credit may be made for any period for which records are no longer required. Any sums found to be due and owing upon audit shall bear interest of six per cent (6%) from the date when they should have been paid until the date of actual payment. If the audit discloses a deliberate and willful intent to evade the requirements of appropriate payment under subsection (2)(b) of this section, an additional penalty of ten per cent (10%) shall also be assessed.

(12) No provision of this section relating to proportional registration of fleet vehicles shall be construed as requiring any vehicle to be proportionally registered if it is otherwise registered in this state for the operation in which it is engaged including regular registration or temporary trip permit.

(13) Proportionally registered vehicles having a maximum gross weight in excess of sixty thousand (60,000) pounds shall pay a use fee in accordance with section 49-434(3), or (4), (5) and (6), Idaho Code, as applicable.

SECTION 4. That Section 49-436, Idaho Code, be, and the same is hereby amended to read as follows:

49-436. QUARTERLY REPORTS -- MAINTAINING RECORDS -- PENALTIES -- DEPOSIT OR BOND TO SECURE PAYMENT OF FEES -- APPEAL. (1) Not later than the last day of April, and on the last day of each third calendar month thereafter, each owner of a commercial or farm vehicle having a maximum combined gross weight in excess of sixty thousand (60,000) pounds, shall file with the department a statement of the gross miles each vehicle has traveled over the highways of the state of Idaho for the preceding calendar months of the year for which that report is made. Each report shall be cumulative of all miles traveled during all calendar months in that year for which the report is made.

(2) Every owner whose use fees are computed as specified in section 49-434, Idaho Code, shall maintain records and purchase documents to substantiate and justify the use of such schedule and if the owner is reporting the use fee at multiple weights, the records shall include the configuration of the combination of vehicles for all miles traveled, and shall permit the department to inspect the same upon demand. When the records are maintained outside this state by owners engaged in transportation in this state, the owner shall reimburse the department for reasonable expenses incurred by the department in making audits of those records and accounts at the out-of-state location. The owner or the department may request that the records be presented at a place within the state designated by the department. The records must be presented by a representative of the owner familiar with the records and who is responsible for the safekeeping of the records.

(3) Owners of commercial and farm vehicles using the registration fee schedules in section 49-434(1), Idaho Code, are subject to audit to determine if the proper schedule is being used. If the weight classification being used is found to be understated, the difference
between the registration fees paid and the registration fees due will
become due and payable. If the vehicles are found to be operating in
excess of sixty thousand (60,000) pounds gross weight, the difference
between the registration fees paid under section 49-434(1), Idaho
Code, and the amount that would have been due under the use fee sched­
ule in section 49-434(3) or (4), Idaho Code, will be determined and
the balance due, if any, will be collected.

(4) An owner who wilfully fails to maintain records and purchase
documents to substantiate and justify the mileage reported, the regis­
tration fee schedule used, or the configuration of the vehicle combi­
nation if reporting at multiple weights, shall have the registration
of all vehicles registered under sections 49-434 and 49-435, Idaho
Code, canceled suspended until such time as adequate records are pro­
vided.

(5) An owner who fails to file any reports or pay any fees or
penalties due is subject to suspension or revocation of their vehicle
registrations. An order suspending the vehicle registrations shall be
mailed to the owner upon discovery of the deficiency by the depart­
ment. The suspension shall be lifted if the reports are filed and the
payments due are made, along with a reinstatement fee of forty dollars
($40.00) per carrier within fifteen (15) days after receipt of the
suspension order. The owner shall have the right to appeal the suspen­
sion by petitioning the department for a hearing within ten (10) days
after receipt of the suspension order. If the suspension is set aside
the reinstatement fee shall not be due.

(6) If the owner fails to file required reports, pay any fees or
penalties due, or file an appeal within the time limit specified, the
department shall revoke the registrations. No further registrations
shall be permitted on the owners' vehicles until the owner complies by
filing the required reports and paying the fees and penalties due,
including the reinstatement fee provided in subsection (5) of this
section.

(37) An owner failing to file a report or pay any fee due within
the time required as specified in this section, shall in addition to
the amount of the fee pay a penalty of fifteen percent (15%) of the
amount of fee determined to be due, plus one percent (1%) of the
amount for each month or fraction thereof after the report was
required to be filed or the fee became due, but the department may
remit all or any part of the penalty if satisfied that the delay was
excusable.

(48) (a) If the department finds it necessary in order to ensure
the collection of any fees or penalties imposed upon an owner of a
commercial—or-farm-vehicle-having-a-maximum-combined-gross-weight
in-excess-of-sixty-thousand-(60,000)-pounds, it may at the time
and as a condition of granting a registration or as a condition of
continuing to reinstate a registration require an owner to deposit
and keep on deposit with the department a sum equal to the esti­
mated fees computed under the schedule in section 49-434, Idaho
Code, for a period of not to exceed three (3) months. In determin­
ing the necessity for an applicant or owner to maintain a deposit
the department shall consider the applicant or owner's financial
capability and responsibility and prior experience, if any, in
collecting fees or penalties from the applicant, owner or any per-
son having a substantial interest or control, directly or indirectly, in or over the operations conducted or to be conducted under the registration.

(b) The department may accept in lieu of a deposit a bond to secure payment of sums payable by the owner. The total amount of the deposit or bond shall be determined by the department in a manner as it shall deem proper, taking into account the nature and scope of the owner's operations. The amount may be increased or reduced at any time.

(c) If an owner ceases to be registered under the provisions of this chapter, the department, upon receipt of all payments due, shall refund to the owner all deposits remaining to the owner's credit and shall release the surety on any bond given under this section.

(d) Any applicant or owner required to make a deposit to secure the payment of fees or penalties may by proper petition demand a hearing on the necessity of the deposit or the reasonableness of the amount required. A hearing shall be granted and held within ten (10) days after the demand. The decision of the director shall become final ten (10) days after service of the order upon the applicant or owner concerned. Notice shall be served personally or by certified mail addressed to the applicant or owner at his address as it appears in the records of the department. An appeal may be taken from any decision of the department as from the decision of the magistrate's division to the district court.

(59) An owner wishing to contest an assessment made by the department may within thirty (30) days from receipt of the assessment file an appeal with the department. Upon receipt of an appeal the director or his authorized representative shall schedule an informal conference between the owner and a representative of the department. The informal conference must be conducted within twenty (20) days from the date of receipt of notice of intent to appeal from the owner. The owner and the representative of the department shall reduce all conclusions, agreements and decisions to writing, if an informal conference is held, but attendance at and participation in the informal conference is at the option of the owner. If an informal conference is held, the written report of the results of that conference shall be provided to the director within ten (10) days. If the results of the informal conference are not satisfactory to the owner, he may continue with the appeal by informing the director in writing, and the director or his authorized representative shall appoint a hearing officer to conduct a contested case hearing in accordance with chapter 52, title 67, Idaho Code. The hearing officer may subpoena witnesses and evidence and administer oaths. The hearing officer shall prepare written findings of fact and conclusions of law for the director or his authorized representative. Upon receipt of findings of fact and conclusions of law the director or his authorized representative shall issue a final order affirming, modifying or reversing the original assessment. All final orders rendered by the director or his authorized representative shall be appealable in accordance with section 67-5215, Idaho Code.

SECTION 5. That Section 49-438, Idaho Code, be, and the same is
hereby amended to read as follows:

49-438. PENALTIES FOR EXCEEDING MAXIMUM GROSS WEIGHT. Any person who shall operate or cause, permit, or suffer to be operated upon any highway of this state a vehicle with a maximum gross weight in excess of the maximum gross weight for which the vehicle has been registered shall be deemed to have set a new maximum gross weight and shall, in addition to any penalties specified in this title, be required to pay the additional fees for the new maximum gross weight. If the combined gross weight of a combination of vehicles does not exceed the maximum gross weight for which the combination of vehicles was registered, then it shall be lawful for the maximum gross weight on any one (1) unit of the combination of units to exceed the maximum gross weight for which the vehicle was registered by ten percent (10%) of the registered maximum gross weight. Any person who shall operate, cause, permit, or suffer to be operated upon any highway any vehicle or combination of vehicles with a maximum gross weight in excess of the maximum registered gross weight of the vehicle specified in this title, without having paid the additional registration and use fees required, shall be guilty of a misdemeanor. Upon first conviction the fine shall be not less than ten dollars ($10.00) nor more than twenty-five dollars ($25.00); upon a second conviction the fine shall be not less than twenty-five dollars ($25.00) nor more than fifty dollars ($50.00); and upon a third conviction the fine shall be not less than fifty dollars ($50.00) nor more than one hundred dollars ($100) have committed an infraction.

SECTION 6. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

39-1804. LIABILITY FOR PROPERTY OF GUESTS. (1) The hotelkeeper is under no obligation to accept for safekeeping any moneys, securities, jewelry, or precious stones of any kind belonging to any guest, and, if such are accepted for safekeeping, he shall not be liable for the loss thereof unless such loss is the proximate result of fault or negligence of the hotelkeeper. The liability, if any, of the hotelkeeper to a guest shall be limited to one thousand dollars ($1,000) for such loss, or such higher amount as the hotelkeeper may agree in writing to assume, if the hotel has given a receipt for the property to the guest, stating the value of the property accepted for safekeeping, on a form which states, in type large enough to be clearly noticeable, that the hotel is not liable for any loss exceeding one thousand dollars ($1,000), or such higher amount as the hotelkeeper may agree in writing to assume, and is only liable for that amount if the loss is
the proximate result of fault or negligence of the hotelkeeper.

Before such eviction may occur, demand for the bill must be made and the guest requested to leave if the bill is not paid. If the guest fails to pay the bill after such demand, the hotelkeeper may evict such guest by locking the door to his room, removing said guest's baggage and other personal property, or by any other peaceful means. The hotel shall have the right to hold said baggage and other properties as hereinafter provided.

39-1806. HOTELKEEPER'S LIEN. A hotelkeeper has a lien upon and may retain all baggage and other personal property in possession of a guest for the proper charges due to the hotel from the guest for his food, board, room rent, lodging and accommodations and for any other charges incurred by the guest and for all money and credit paid for or furnished to him and for the costs of enforcing such lien including court costs and reasonable attorney's fees. The hotelkeeper shall have the right to retain and hold possession of such baggage and other personal property until the amount of such charges and money be fully paid, and to sell such baggage and other personal property for payment of such lien, charges and costs, including court costs and reasonable attorney's fees in the manner provided in section 39-1807, Idaho Code. Such baggage and other personal property shall not be subject to attachment or execution until such lien and storage charge and costs of satisfying such lien are fully satisfied.

The hotelkeeper shall retain such baggage and other property upon which he has a lien as provided in section 39-1806, Idaho Code, for a period of thirty (30) days. The proceeds of the sale shall be applied first to cost of the sale and attorney's fees and then to the discharge of the lien. The remainder, if any, must be paid to the guest. Provided, how-
ever, if the hotelkeeper knew that the property brought upon his prem­
ises was not, when brought, legally in possession of such guest, or
had written notice that such property was not then the property of
such guest, at the time when such charges or indebtedness were in­
curred, such property shall not be subject to the lien or sale as herein­
before provided.

39-1808. DISPOSITION OF UNCLAIMED PROPERTY. When any baggage or
other personal property is received by a hotel and left unclaimed, or
left unclaimed by a guest in a hotel, the hotelkeeper may hold and

highest bidder, having given fifteen (15) days prior notice, by regis­

CHAPTER 298
(H.B. No. 260)

AN ACT
RELATING TO THE FUND BALANCE OF COUNTY VESSEL FUNDS; AMENDING SECTION 67-7013, IDAHO CODE, TO PROVIDE FOR REMITTANCE OF EXCESSIVE FUND BALANCES, TO PROVIDE EXCEPTIONS AND TO PROVIDE FOR DISTRIBUTION OF INTEREST; AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-7013, Idaho Code, be, and the same is hereby amended to read as follows:

67-7013. REMITTANCE OF FEES. (1) There is established in the ded-
icated fund of the state treasury an account known as the "State Vessel Account," to which shall be credited:

(a) Moneys or fees collected by assessors and authorized vendors, under the provisions of this section and sections 67-7008 and 67-7011, Idaho Code; and

(b) All other moneys as may be provided by law.

(2) All fees collected by an assessor or authorized vendor under the provisions of sections 67-7008 and 67-7011, Idaho Code, shall be forwarded to the state treasurer not later than the fifteenth day of the month following the calendar month in which the fees were collected, and the state treasurer shall then pay the moneys collected into the state vessel account and the park and recreation account, as provided in subsection (3) of this section, unless otherwise provided by law.

(3) Moneys collected shall be deposited eighty-five percent (85%) to the state vessel account, and fifteen percent (15%) to the park and recreation account established in section 67-4225, Idaho Code. The department shall remit the moneys apportioned to county units of government from the state vessel account not later than January 25, April 25, July 25 and October 25 of each year.

(4) All moneys deposited to the park and recreation account are to be appropriated for the purpose of defraying the expenses, debts and costs incurred in carrying out the powers and duties of the department as provided in this chapter, and for defraying administrative expenses of the department, including salaries and wages of employees of the department, expenses for traveling, supplies, equipment and other necessary expenses of the department as they relate to administration of this chapter. All claims against moneys apportioned to the park and recreation account shall be expended by the department and certified to the state auditor, who shall, upon approval of the board of examiners, draw his warrant against the park and recreation account for all bills and claims allowed by the board. Should the related administrative costs of the department amount to less than the moneys apportioned to the park and recreation account for such purposes, the difference shall be remitted to the state vessel account and then apportioned to all counties with a boating improvement program so that the amount apportioned to each eligible county will be in the same ratio as the county's amount of funds received from the state vessel account during the prior fiscal year by a county bears to the total amounts received during that prior fiscal year by all eligible counties.

(5) All moneys deposited to the state vessel account and appropriated to the department, shall be apportioned among the counties of the state based on the designations which the owners make on their application for a certificate of registration or use permit.

(a) An owner, when purchasing a certificate of registration or use permit, will be allowed to designate, on the appropriate form, a primary and secondary eligible county where his boating activity occurs. The portion of his fees which are appropriated from the state vessel account shall be apportioned to the designated counties, with seventy percent (70%) of those fees apportioned to the primary designated county and thirty percent (30%) apportioned to the secondary designated county.
(b) Should an owner designate on the appropriate form only one eligible county where his boating activity occurs, the full portion of his fees which are appropriated from the state vessel account shall be apportioned to the designated county.  

(c) Should an owner fail to designate on the appropriate form any eligible county where his boating activity occurs, the full portion of his fees which are appropriated from the state vessel account shall be apportioned to all counties with a boating improvement program so that the amount apportioned to each eligible county will be in the same ratio as the county's amount of funds received from the state vessel account during the prior three (3) month payment period bears to the total amounts received during that prior three (3) month payment period by all eligible counties.  

(6) Only those counties in the state with a boating improvement program, as recognized by the department, shall be eligible to receive moneys from the state vessel account. A "boating improvement program" means that one or more recognized boating facilities are being developed and/or maintained within the county's jurisdiction and/or that the county has or is actively developing a recognized boating law enforcement program.  

(7) Moneys apportioned to the eligible counties shall be placed in and credited to an account which shall be known and designated as the county vessel fund, which shall be used and expended by the board of county commissioners for the protection and promotion of safety, waterways improvement, creation and improvement of parking areas for boating purposes, making and improving boat ramps and moorings, marking of waterways, search and rescue, and all things incident to such purposes including the purchase of real and personal property. The board of county commissioners is also authorized to use and expend funds from the county vessel fund outside the county when the board deems it advisable and for the public good.  

(8) Within sixty (60) calendar days of the end of each county fiscal year, the county clerk shall calculate the ending fund balance of the county vessel fund for that fiscal year. If the ending fund balance is higher than the amount of revenues deposited in the county vessel fund from the state vessel account during that fiscal year, then the difference shall be remitted to the state vessel account within thirty (30) calendar days of that calculation. Moneys remitted to the state vessel account, in accordance with the provisions of this section, shall be apportioned to all counties with a boating improvement program so that the amount apportioned to each eligible county will be in the same ratio as the county's amount of funds received from the state vessel account during the prior county fiscal year bears to the total amounts received during that prior county fiscal year by all eligible counties. The provisions of this subsection shall not apply to specific sums of money in county vessel accounts, for which the county commissioners have given written notice, to the department of parks and recreation of an intention to retain those funds for a specific purpose. The notice shall specify the amount of the funds to be held, indicate the purpose for which the funds shall be utilized and provide the date when the funds will be expended. If an amended notice is not submitted by the county commissioners, moneys
not expended or contractually committed by the date stated in the original notice of the board of county commissioners shall revert to the state vessel account for distribution as provided in this subsection. All interest earned on moneys invested from a county vessel fund shall return to the county vessel fund.

SECTION 2. This act shall be in full force and effect on and after October 1, 1992.

It must be determined that the formation of the local improvement district for the purposes set out in this chapter will promote the public convenience, necessity, and welfare. The resolution must state the that costs and expenses will be levied and assessed upon the property benefited and further request that each the appropriate public utility serving such area by overhead electric or communication facilities shall, within one hundred twenty (120) days after the receipt of the resolution, make a study of the cost of extension or conversion of its facilities in such area to underground service. The resolution shall provide for payment of the public utility's costs and expenses associated with preparing the costs and feasibility report in the event the improvement district is not created. The report of said study shall be provided to the governing body and made available in its office to all owners of land within the proposed improvement district. The resolution of the governing body shall require that the public utility be provided with the name and address of the owner of each parcel or lot within the proposed improvement district, if known, and if not known, the description of the property and such other matters as may be required by the public utility in order to perform the work involved in the cost study. The study shall further list each lot or parcel within the proposed conversion-service improvement impact area. The governing body shall give careful consideration to the public utility's recommendations concerning feasibility, recognizing their expertise in this area, and may amend the boundaries of the proposed improvement district provided that the costs and feasibility report of the public utility contains a cost figure on the district as amended, or it may request a new costs and feasibility report from the public utilities concerned on the basis of the amended district. The cost estimate contained in the report shall not be considered binding on the public utility if construction is not commenced within six (6) months of the submission of the estimate for reasons not within the control of the utility. Should such a delay result in a significant increase in the conversion cost, new hearings shall be held on the creation of the district. Also, failure to file a written objection pursuant to section 50-2517, Idaho Code, shall constitute the grant of an easement for extension or conversion purposes to the district as provided in said section. The district after obtaining all easements required for the extension or conversion project shall, prior to commencement of construction, convey these easements to the utility. The time within which such objections shall be filed shall be specified in the notice but in no case shall it be less than fifteen (15) days from the date of the first publication of such notice.

The published notice shall describe the boundaries or area of the district with sufficient particularity to permit each owner of real
property therein to ascertain that his property lies in the district. The mailed notice may refer to the district by name and date of creation and shall state the amount of the assessment proposed to be levied against the real property of the person to whom the notice is mailed. In the event tariffs, rules and regulations do not apply, the public utility shall be entitled to amounts sufficient to repay them for the following, computed according to the uniform system of accounts approved by the Idaho public utilities commission or other appropriate regulating agency, and in the event the public utility is not subject to regulation by governmental agencies, by the utility corporation's system of accounts then in use and in accordance with the accounting procedures of said public utility:

SECTION 8. That Section 50-2516, Idaho Code, be, and the same is hereby amended to read as follows:

50-2516. CONSTRUCTION OF AND TITLE TO EXTENDED OR CONVERTED FACILITIES. The public utility concerned shall be responsible for all construction work and may contract out such of the construction work as it deems desirable. SECTION 9. That Section 50-2517, Idaho Code, be, and the same is hereby amended to read as follows:

50-2517. UNDERGROUND DISTRIBUTION EXTENSION OR CONVERSION COSTS AND SERVICE CONNECTIONS. The public utility performing the underground distribution extension or conversion shall, at the expense of the property owner, convert to underground all electric and communication service facilities located upon any lot or parcel of land within the improvement district and not within the easement for distribution. This--shall--include-the-digging-and-the-back-filling-of-a-trench-upon such-lot-or-parcel-unless-the-owner-shall-execute-a-written--objection thereto--and--file--the--same-with-the-clerk-of-the-governing-body-not-tater-than-the-date-set-for-hearing-objections-to-the-improvement-dist- trict-assessment-as-provided-by-laws.--Failure--to--file--such--written objection Creation of a district for the purpose of underground distribution extension or conversion shall be taken as a consent and grant of easement to the utility and shall be construed as express authority to the public utility and their respective officers, agents and employees to enter upon such lot or parcel for such purpose and through failure to object--any--right-of-protest-or-objection--in respect--of--the--doing-of-such-work-shall-be-waived.; if an owner does file such written objection, he shall then be responsible for providing a trench which is in accordance with applicable rules, regulations or tariffs from the owner's service entrance to a point designated by the public utility and for back-filling a trench following installation of the underground service by the public utility involved.

In any event the cost of any work done by the public utility shall be included in the assessment to be levied upon such lot or parcel
SECTION 10. That Section 50-2518, Idaho Code, be, and the same is hereby amended to read as follows:

50-2518. PAYMENT TO PUBLIC UTILITY -- REFUNDS. Upon completion of the extension or conversion contemplated by this chapter, the public utility shall present the governing body with its verified bill for extension or conversion costs as computed pursuant to section 50-2515, Idaho Code, but based upon the actual cost of constructing the underground facility rather than the estimated cost of the facility. In no event shall the bill for extension or conversion costs presented by the public utility exceed the amount of estimated extension or conversion costs by the public utility. In the event the extension or conversion costs are less than the estimated extension or conversion costs, each owner within the improvement district shall receive the benefit, prorated in such form and at such times as the governing body may determine. The bill of the public utility corporation shall be paid within thirty (30) days by the governing body from the improvement district funds or such other source as is properly designated by the governing body. In determining the actual cost of constructing the underground facility the public utility shall use its standard accounting procedures, such as the uniform system of accounts as defined by the federal communications commission state or federal regulatory commission and as is in use at the time of the extension or conversion by the public utility involved. All rules and regulations of the utility pertaining to refund provisions for line extensions will also be applicable to an improvement district.

SECTION 3. That Section 63-3022, Idaho Code, be, and the same is hereby amended to read as follows:

63-3022. TAXABLE INCOME. The term "taxable income" means "taxable income" as defined in section 63 of the Internal Revenue Code, adjusted as follows:

(a) Add interest and dividends received or accrued during the taxable year from foreign securities and from securities issued by states and other political subdivisions, other than those issued by the state of Idaho, its cities and political subdivisions, exempt from federal income tax under the Internal Revenue Code, less applicable amortization.

(1) In the case of a corporation whose income is taxable under this chapter, no deduction shall be allowed for interest on indebtedness incurred or continued to purchase after January 1, 1983, or to carry obligations acquired after January 1, 1983, the interest of which is wholly exempt from the taxes imposed under this chapter. The amount of interest on indebtedness thus incurred or continued shall be an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as a deduction for interest for the taxable year as the taxpayer's average adjusted basis of the obligations mentioned in the preceding sentence bears to such average adjusted basis for all assets of the taxpayer, or, at the option of the taxpayer, an amount which bears the same ratio to the aggregate amount allowable (determined without regard to this section) to the taxpayer as a deduction for interest for the taxable year as the taxpayer's interest income from the obligations mentioned in the preceding sentence bears to the taxpayer's total income for the taxable year.

(2) In the case of a corporation whose income is computed pursuant to section 63-3027, Idaho Code, the interest expense deductible shall be an amount equal to interest and dividend income subject to apportionment, plus the amount, if any, by which the balance of interest expense exceeds interest and dividend income not subject to apportionment. Interest expense not included in the preceding sentence shall be directly offset against interest and dividend income not subject to apportionment. This provision shall not apply to dividend income excluded pursuant to section 63-3027C(c) and (e), Idaho Code.

(b) Add any state taxes, measured by net income, paid or accrued
(c) Add the net operating loss deduction used in arriving at taxable income as defined in section 63 of the Internal Revenue Code.

(d) (1) A net operating loss for any taxable year commencing on or after January 1, 1983, but prior to January 1, 1990, shall be a net operating loss carryover to each of the ten (10) taxable years following the taxable year of such loss; provided, however, such net operating loss shall be subtracted in each succeeding year in order but the total subtracted in the succeeding taxable years shall not exceed the total of such net operating loss; provided, further, that a net operating loss not to exceed one hundred thousand dollars ($100,000) arising in a taxable year commencing on or after January 1, 1983, but prior to January 1, 1990, may, at the election of the taxpayer, be carried back to the three (3) immediately preceding taxable years, and if such loss is not entirely absorbed by the income of those years, the amount of loss not exhausted may be subtracted from taxable income arising in the next ten (10) years succeeding the taxable year in which the loss arises in order until exhausted. A net operating loss for any taxable year commencing on and after January 1, 1990, shall be a net operating loss carryback not to exceed one hundred thousand dollars ($100,000) to the three (3) immediately preceding taxable years, and any loss not entirely absorbed by the income of those years may be subtracted from taxable years arising in the next fifteen (15) years succeeding the taxable year in which the loss arises in order until exhausted. At the election of the taxpayer, the three (3) year carryback may be foregone and the loss subtracted from taxable years arising in the next fifteen (15) years succeeding the taxable year in which the loss arises in order until exhausted. The election shall be made as under section 172(b)(3)(c) of the Internal Revenue Code. An election under this subsection must be in the manner prescribed in the regulations of the state tax commission and once made is irrevocable for the year in which it is made. In the event that the taxpayer elects to carryback any loss arising in a year commencing on or after January 1, 1983, but prior to January 1, 1990, any loss not exhausted may be subtracted from taxable income arising in the next succeeding ten (10) taxable years in order until exhausted.

(2) Net operating losses incurred by a corporation during a year in which such corporation had no Idaho business situs may not be subtracted. Net operating losses incurred by a person, other than a corporation, in business activities not taxable by Idaho may not be subtracted.

(e) In the case of a corporation, add the amount deducted under the provisions of section 243(a) of the Internal Revenue Code (relating to dividends received by corporations) as limited by section 246(b)(1) of said code.

(f) In the case of a corporation, subtract an amount equal to the percentage determined under section 246(b)(3) of the Internal Revenue Code of the amount received during the taxable year as dividends, as limited by the rules of section 246(b)(1) of the Internal Revenue
Code, from any corporation which has shown to the satisfaction of the state tax commission that more than fifty per cent (50%) of its taxable income for the taxable year immediately preceding the declaration of such dividends was taxable by the state of Idaho under the provisions of this act.

(g) Subtract the amount of any income received or accrued during the taxable year which is exempt from taxation by this state, under the provisions of any other law of this state or a law of the United States, if not previously subtracted in arriving at taxable income, as defined by section 63 of the Internal Revenue Code.

(h) In the case of a corporation with more than fifty per cent (50%) of its income taxable within this state, the salary, fee or other compensation of its nonresident officers or directors shall be treated as income from sources within the state. Whether or not any personal services have been performed by such nonresident officers or directors in this state, they shall be deemed to have a business situs in this state. If such salary, fee or other compensation is not reported to this state as income, such corporation shall not deduct as part of its expenses for the taxable year any part of such salary, fee or other compensation in computing taxable income. When the salary, fee or other compensation paid to such nonresident officer is reported to this state as income by such nonresident officer, it shall be apportioned by applying to the total of such income the apportionment factor of the corporation paying the salary, fee or other compensation, as such factor is reported on the corporation's income tax return computed pursuant to section 63-3027, Idaho Code, or as subsequently modified. Provided, however, reasonable compensation paid to such nonresident officers or directors for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources.

(i) For the purpose of determining the taxable income of the beneficiary of a trust or of an estate, distributable net income as defined for federal tax purposes shall be corrected for the other adjustments required by this section. In the event that a nonresident beneficiary of a trust or estate fails to file an Idaho income tax return reporting all or any part of distributable net income taxable in Idaho or fails to pay any tax due thereon, the trust or estate making the payment or distribution shall be taxable upon the amount of such distribution or payment at the rates established by section 63-3024, Idaho Code.

(j) In the case of an individual who is on active duty as a full time officer, enlistee or draftee, with the armed forces of the United States, which full time duty is or will be continuous and uninterrupted for one hundred twenty (120) consecutive days or more, deduct compensation paid for services performed outside this state by the armed forces of the United States; provided that appropriate adjustments shall be made in his standard deduction amount and exemptions as described in section 63-3027A, Idaho Code.

Whether or not any personal services have been performed in this state by such nonresident shareholders or partners, they shall be deemed to have a business situs in this state. When the salaries, wages, fees, and other compensations paid to such nonresident shareholders or partners or items of income, loss, deduction, and credit, or allocated to such shareholders or partners is reported to this state as taxable income pursuant to this subsection, such income shall be apportioned by applying to the total of such income the apportionment factor of the corporation or partnership. The apportionment factor of the corporation or partnership shall be computed pursuant to the provisions of section 63-3027, Idaho Code. If such items of income, loss, deduction, or credit, salaries, wages, fees or other compensation are not reported to this state by the nonresident shareholders or partners, such corporation or partnership shall report the same to this state and be taxable thereon at the corporate rate. Provided, however, reasonable compensation paid to such nonresident shareholders or partners for personal services actually performed outside the state of Idaho shall not be included as income earned from Idaho sources. In computing the income taxable to the corporation or partnership under this subsection, deduction shall not be allowed for a carryover or carryback of a net operating loss provided for in subsection (d) of this section or a capital loss provided for in section 1212 of the Internal Revenue Code.

(1) In the case of natural persons, there shall be allowed as deductions from gross income either (1) or (2) at the option of the taxpayer:

CHAPTER 324
(H.B. No. 429)

AN ACT
RELATING TO RESTITUTION FOR CRIME VICTIMS; AMENDING SECTION 19-5304,
IDAHO CODE, TO CLARIFY PROCEDURES FOR RESTITUTION TO VICTIMS OF
CRIMES, AND TO CORRECT A CODE CITATION; AND DECLARING AN EMER-
GENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 19-5304, Idaho Code, be, and the same is
hereby amended to read as follows:

19-5304. RESTITUTION FOR CRIME VICTIMS -- ORDERS TO BE SEPARATE
WHEN RESTITUTION IS NOT APPROPRIATE -- OTHER REMEDIES -- EVIDENTIARY HEARINGS -- DEFINITIONS. (1) As used in this chapter:

(a) "Economic loss" includes, but is not limited to, the value of property taken, destroyed, broken, or otherwise harmed, lost wages, and direct out-of-pocket losses or expenses, such as medical expenses resulting from the criminal conduct, but does not include less tangible damage such as pain and suffering, wrongful death or emotional distress.

(b) "Found guilty of any crime" shall mean a finding by a court that a defendant has committed a criminal act and shall include an entry of a plea of guilty, an order withholding judgment, suspending sentence, or entry of judgment of conviction for a misdemeanor or felony.

(c) "Value" shall be as defined in section 18-2402(11), Idaho Code.

(d) "Property" shall be as defined in section 18-2402(8), Idaho Code.

(e) "Victim" shall mean a person or entity, named in the complaint, information or indictment, who suffers economic loss or injury as the result of the defendant's criminal conduct and shall also include the immediate family of a minor and the immediate family of the actual victim in homicide cases. Victim shall also mean any health care provider who has provided medical treatment to a victim if such treatment is for an injury resulting from the defendant's criminal conduct, and who has not been otherwise compensated for such treatment by the injured victim.

(2) Unless the court determines that an order of restitution would be inappropriate or undesirable, it shall order a defendant found guilty of any crime which results in an economic loss to the victim to make restitution to the victim. An order of restitution shall be a separate written order in addition to any other sentence the court may impose, including incarceration, and may be complete, partial, or nominal. The court may also include restitution as a term and condition of judgment of conviction; however, if a court orders restitution in the judgment of conviction and in a separate written order, a defendant shall not be required to make restitution in an amount beyond that authorized by this chapter. Restitution shall be ordered for any economic loss which the victim actually suffers. The existence of a policy of insurance covering the victim's loss shall not absolve the defendant of the obligation to pay restitution.

(3) If the court determines that restitution is inappropriate or undesirable or if only partial or nominal restitution is ordered, it shall enter an order articulating the reasons therefor on the record.

(4) If a separate written order of restitution is issued, an order of restitution shall be for an amount certain and shall be due and owing at the time of sentencing or at the date the amount of restitution is determined, whichever is later. An order of restitution may provide for interest from the date of the economic loss or injury.

(5) The court may order the defendant to pay restitution to the victim in any case, regardless of whether the defendant is incarcerated or placed on probation. The court may order the defendant to pay all or a part of the restitution ordered to the court to be distributed by the court to the victims in a manner the court deems just.
(6) Restitution orders shall be entered by the court at the time of sentencing or such later date as deemed necessary by the court. Economic loss shall be based upon the preponderance of evidence submitted to the court by the prosecutor, defendant, victim or presentence investigator. Each party shall have the right to present such evidence as may be relevant to the issue of restitution, and the court may consider such hearsay as may be contained in the presentence report, victim impact statement or otherwise provided to the court.

(7) The court, in determining whether to order restitution and the amount of such restitution, shall consider the amount of economic loss sustained by the victim as a result of the offense, the financial resources, needs and earning ability of the defendant, and such other factors as the court deems appropriate. The immediate inability to pay restitution by a defendant shall not be, in and of itself, a reason to not order restitution.

(8) In determining restitution, where it appears that more than one (1) person is responsible for a crime that results in economic loss to a victim, and one or more of the suspects or defendants are not found, apprehended, charged, convicted or ordered to pay restitution, the court may require the remaining defendant or defendants, who are convicted of or plead guilty to the crime, to be joint and severally responsible for the entire economic loss to the victim.

(9) The court may, with the consent of the parties, order restitution to victims, and/or any other person or entity, for economic loss or injury for crimes in cases or counts of criminal complaints which are not adjudicated or to victims who are not before the court.

(10) A defendant, against whom a restitution order has been entered, may, within forty-two (42) days of the entry of the order of restitution, request relief from the restitution order in accordance with the Idaho rules of civil procedure relating to relief from final orders.

(11) An order of restitution shall not preclude the victim from seeking any other legal remedy.

(12) Every presentence report shall include a full statement of economic loss suffered by the victim or victims of the defendant's crime or crimes.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 4, 1991.

SENATE JOINT MEMORIALS

(S.J.M. No. 103)

A JOINT MEMORIAL

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-first Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the national forests in Idaho produce numerous natural resources and values which are vital to the state's economy and quality of life; and

WHEREAS, Congress has reaffirmed the multiple use mandate for each national forest and has required that a comprehensive plan be prepared for each forest to carry out this mandate; and

WHEREAS, past management practices, coupled with the remote nature of much of Idaho's public lands have maintained habitat conditions favorable to the existence of several species, the survival of which is "threatened" or "endangered"; and

WHEREAS, the plans for many of the national forests within the state have been completed for a number of years, but have only been partially implemented; and

WHEREAS, one obstacle to the full implementation of these plans is implementation of recovery plans under the Endangered Species Act which affect timber sales and other resources to be produced pursuant to the plans; and

WHEREAS, without full implementation of the plans, the citizens of the state will not enjoy all the economic benefits and resource values that the national forests might have otherwise provided.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-first Idaho Legislature, the Senate and the House of Representatives concurring therein, that we:

(1) Urge the state's congressional delegation to seek and Congress to provide funding sufficient to fully implement the entire range of forest plan decisions in Idaho including timber sales, needed road construction, fish and wildlife, plus recreational improvements;

(2) Urge the United States Department of Agriculture, Forest Service to undertake all efforts to both implement its forest
plan decisions and identify and explain to the Legislature and the people of Idaho any barriers to the full implementation of these plans, along with strategies to overcome these barriers, including ways to expedite decisions related to legal challenges to plan decisions;

(3) Urge Congress and the appropriate agencies to either amend the Endangered Species Act or to find ways to carry out the recovery plans under this Act with no disruption in the resources to be produced under full implementation of the forest plan; and

(4) Urge Congress to create and fund an additional regional federal district court to exclusively adjudicate appeals related to implementation of forest plans.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Secretary of the United States Department of Agriculture, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

TO THE HONORABLE GEORGE BUSH, PRESIDENT OF THE UNITED STATES, TO THE HONORABLE EDWARD MADIGAN, SECRETARY OF AGRICULTURE, TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-first Idaho Legislature, do hereby respectfully represent that:

WHEREAS, dairy production is one of Idaho's most important rural industries; and

WHEREAS, Idaho dairymen are now in an untenable economic position because of over-production and record low prices; and

WHEREAS, low prices for dairy products impact unfavorably on rural banking, hay and feed production, implement and supply sales and other rural industries; and

WHEREAS, this economic hardship could be remedied at the national level by a change in the policy of price and production stabilization; and

WHEREAS, the United States Secretary of Agriculture has the authority from Congress to initiate such a policy.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-first Idaho Legislature, the Senate and the House
of Representatives concurring therein, that the United States Secretary of Agriculture is requested to develop a system of dairy production and price stabilization to rebuild dairy income.

BE IT FURTHER RESOLVED, that such a system, developed by the Secretary of Agriculture, should provide for a true cost of production price level in dairy, including a fair return on capital investment,

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the Honorable George Bush, President of the United States, to the Honorable Edward Madigan, Secretary of the United States Department of Agriculture, to the President of the Senate and the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL
TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-first Idaho Legislature, do hereby respectfully represent that:

WHEREAS, water is a critical resource to Idaho's economy; and

WHEREAS, Idaho has a water law system which responsibly implements and achieves state water management goals; and

WHEREAS, the Federal Energy Regulatory Commission has asserted exclusive jurisdiction over the licensing of certain hydropower projects; and

WHEREAS, The U.S. Supreme Court held in the opinion of California vs. FERC that the Federal Energy Regulatory Commission has authority to establish stream flows for hydropower projects licensed under the Federal Power Act; and

WHEREAS, the U.S. Supreme Court decision is contrary to Congress' intent to defer to state regulation of water for hydropower projects as expressed in Section 27 of the Federal Power Act; and

WHEREAS, the court's opinion addressed a narrow application of the Federal Power Act and relied solely on a 1946 decision, First Iowa Hydroelectric Cooperative vs. Federal Power Commission; and

WHEREAS, the Federal Energy Regulatory Commission has taken an expansive reading of the court's decision; and

WHEREAS, decisions by the Federal Energy Regulatory Commission regarding stream flows for licensed hydropower projects could conflict with state water right conditions and could conflict with existing water rights; and
WHEREAS, under this ruling, hydroelectric projects on rivers could be licensed, built and operated regardless of state laws prohibiting such projects and the impact of such projects on other water rights; and

WHEREAS, reversing the U.S. Supreme Court's ruling is extremely critical in all western states, but especially in Idaho where relicensing proceedings will take place over the next ten years on the Hells Canyon complex of dams; and

WHEREAS, state primacy should continue to be the guiding principle for allocating water in the West.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-first Idaho Legislature, the Senate and the House of Representatives concurring therein, that we urge the Congress of the United States to enact S.106, H.R.649 or other comparable legislation to clarify the authority of states over the use of water within their borders for hydroelectric projects licensed by the Federal Energy Regulatory Commission.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

Adopted by the Senate March 7, 1991.

A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-first Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the number of stock sheep in Idaho and the nation has declined by seventy-five per cent since World War II; and

WHEREAS, the traditional market for sheep used to be based on a wide-spread competitive system of packer-buyers buying livestock at auctions, stockyards and in the country; and

WHEREAS, since 1975, twenty-three major lamb slaughter facilities in the United States have been closed, with a resulting loss of over five million head in slaughter capacity; and

WHEREAS, there are only eight major lamb slaughter facilities left in the United States with the four largest representing seventy-seven per cent of the national federally inspected lamb slaughters; and

WHEREAS, these packers own vast feedyards and, in some instances, ranches supplying much of their own needs; and
WHEREAS, sheep producers are increasingly concerned about the apparent accelerated pace of packer concentration and other developments in marketing that appear to have an impact on the degree of price competition for lamb; and

WHEREAS, the Idaho sheep industry has been a viable Idaho agricultural industry that has provided a livelihood, as well as a way of life, for many generations of Idahoans.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-first Idaho Legislature, the Senate and the House of Representatives concurring therein, that we respectfully request that the United States Congress demand that the United States Department of Justice undertake a study to examine closely the structure of the lamb packing industry and the pricing systems utilized, to determine if action under the federal antitrust laws is warranted and necessary.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, to the President of the Senate and to the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the state of Idaho in the Congress of the United States.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-first Idaho Legislature, do hereby respectfully represent that:

WHEREAS, California and a handful of other states are taxing pension benefits of former residents under the presumption that pensions are "deferred income" earned in their states and that these states are trying to collect income tax on the employer's portion which is not taxed when it is contributed; and

WHEREAS, these former residents who are having their pensions taxed are not enjoying any traditional benefits of state governments to which they pay the tax; and

WHEREAS, it could be argued that the taxation of pensions of nonresidents is nothing more than taxation without representation; and

WHEREAS, the Nevada Legislature has enacted a law that forbids any other state to collect a tax on pension benefits by forcing the sale of Nevada property; and

WHEREAS, the Nevada law is likely to be tested in the courts and is probably not the best solution to resolving this problem; and

WHEREAS, legislation was introduced in both the United States House of Representatives and Senate which would bar states from taxing pensions of nonresidents in 1989.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-first Idaho Legislature, the House of Representatives and the Senate concurring therein, that we hereby respectfully request the Congress of the United States to enact, and the President of the United States to sign legislation which would prohibit a state from imposing an income tax on the pension income of individuals who are not residents or domiciliaries of that state.

WHEREAS, boaters in all states pay gas tax and registration fees; and
WHEREAS, the boat fees range from twenty-five dollars for a sixteen foot boat to one hundred dollars for a forty foot boat; and
WHEREAS, additional taxes have a negative impact on state economies; and
WHEREAS, the United States Coast Guard has minimal enforcement in the State of Idaho; and
WHEREAS, the one hundred and twenty-seven million dollar collection will not be used to benefit boaters or the Coast Guard; and

WHEREAS, there are Indian tribes in the State of Idaho with unique rights which are inherent or acknowledged by treaties, statutes or case law and these tribes are recognized by the United States as sovereign dependent nations; and

WHEREAS, due to the unique character of tribal governments, there are many complex issues relating to law enforcement, water rights, zoning and land use, natural resources, wildlife management, health

WHEREAS, the United States Congress, as the ultimate authority on Indian tribes, has not acted in a decisive manner to resolve many of these legal, social and economic issues relating to Indian tribes in Idaho; and

WHEREAS, the Legislature of the State of Idaho and tribal councils of the five Idaho Indian tribes have started a successful effort toward resolving these complex issues through cooperation, negotiation, and mutual agreement; and

EXECUTIVE ORDER NO. 90-6
CONTINUATION OF THE IDAHO CONSORTIUM FOR HUMAN AND ANIMAL HEALTH, REPEALING AND REPLACING EXECUTIVE ORDER NO. 86-15

WHEREAS, it is in the public interest to promote the well-being of the people of Idaho by optimal use of resources related to human and animal health; and

WHEREAS, the most efficient and effective use of scarce resources requires cooperative planning as well as sharing information, technical capability, and equipment; and

WHEREAS, the public agencies that are responsible for various aspects of human and animal health at the state, local, and federal levels need to maintain and enhance open lines of communication; and

WHEREAS, the State of Idaho has experienced complicated and perplexing crises such as the PCB contaminated livestock episode in 1979 and the ash fallout from Mount St. Helens volcano in 1980, both having serious implications for human and animal health; and

NOW, THEREFORE, I, CECIL D. ANDRUS, Governor of the State of Idaho, by virtue of the authority vested in me, do hereby continue the Idaho Consortium for Human and Animal Health, which shall be composed of the State Health Officer in the Department of Health and Welfare, the Chief of the Bureau of Laboratories in the Department of Health and Welfare, the Administrator of the Division of Animal Industries in the Department of Agriculture, the Administrator of the Division of Agriculture Technology in the Department of Agriculture, the Director of the Caine Teaching Center in Caldwell, the Head of the Quality Assurance Laboratories in Moscow and Twin Falls, the Director of the Department of Fish and Game, the State Wildlife Veterinarian, the Administrator of the Division of Environmental Quality in the Department of Health and Welfare, and the Chairman of the Conference of Pub-
The continuation of the Consortium is made with the understanding that policy-making responsibilities and the administration of affected state programs as provided by the Idaho Code will be maintained as legally required, and the Consortium will report to the Governor's Office, department directors, and agency boards that have different degrees of responsibility for programs related to human and animal health.

The continuation of the appointment of this Consortium is made with the understanding that its main responsibility will be to maximize the use of all government resources that can be applied to an optimum understanding of human and animal health concerns, particularly those functions involving laboratory study, research initiatives, and the coordination of acute information needs necessary for accurate technical analysis. This will require the coordination of ongoing programs and the investigation of high-priority health problems that require the prompt organization of diverse data necessary for the prevention of widespread, costly illness in humans and animals.

The continuation of this Consortium is made with the understanding that the people serving in these positions have extensive technical knowledge and experience available in state government for the protection and maintenance of human and animal health in the State of Idaho and, therefore, have access to other state, local, and federal government resources. Since these resources extend far beyond the members of the Consortium, yet remain essential to laboratory coordination and research direction for health-related concerns, the Consortium must make every effort to maximize their effectiveness and consider the resources of other state and federal agencies.

The appointment of the Chairperson of the Consortium shall be made by the Governor from a list of recommendations submitted by the Consortium. The Chairperson will serve at the pleasure of the Governor. Regular meetings of the Consortium will be held twice annually and emergency meetings may be called at any time.

This Executive Order repeals and replaces Executive Order No. 86-15.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the twentieth day of August, in the year of our Lord nineteen hundred ninety, and of the Independence of the United States of America the two hundred fifteenth, and of the Statehood of Idaho the one-hundred first.

Section 4:

(1) Except as otherwise provided in this Executive Order, on or before the fifteenth day after receipt by the Director of an
application for an allocation of the Volume Cap, the Director shall, if the application is in satisfactory order, make the requested allocation in the amount so requested, if available, and certify to the Issuing Authority applying for the allocation that an allocation has been made, the Project or Program for which the allocation has been made, and the amount of such allocation. Certificates of allocation evidencing the granting of an allocation by the Director shall be issued by the Director in the chronological order in which completed applications are received. No Issuing Authority issuing Bonds or Certificates is entitled to any allocation of the Volume Cap with respect to such Bonds or Certificates unless it has first received the aforementioned certificate of allocation from the Director evidencing the granting of an allocation for such Bonds or Certificates.

(2) Every allocation of the Volume Cap granted under this Executive Order by the Director for which Bonds or Certificates have not been issued with respect to such allocation, except those grants made pursuant to Section 5, shall remain effective until, and including, the earlier of

On December 31 of each Year, any allocation of Allotment Dollars made in such Year for which Bonds or Certificates are not issued on or prior to the applicable date specified in Section 4(2) shall become available for reallocation only for Qualifying Carryforward Projects or Programs. In either case, such reallocations shall be made in the same manner as for original allocations of Allotment Dollars.

(4) No application submitted by an Issuing Authority to the Director pursuant to this section shall be processed if the amount of allocation of the Volume Cap requested in such application is in excess of the amount of Volume Cap remaining available for allocation. Any application not processed for the reason stated in this subsection may be resubmitted to the Director, with or without a change in the amount of allocation requested. Any application resubmitted to the Director pursuant to this subsection shall be treated as a new application. Should an allocation not be granted for the
reasons stated in this subsection, the Director shall continue to process other applications in the chronological order in which received, granting allocations pursuant to the provisions of this Executive Order.

Section 5:

(1) Issuing Authorities with Qualifying Carryforward Projects or Programs may apply for an allocation of Allotment Dollars for such Qualifying Carryforward Projects or Programs by submitting an application to the Director which shall contain:

(b) any other information required by Section 146(f) of the Code;

(c) a certification signed by both an official of the Issuing Authority responsible for the supervision of the issuance of the Bonds or Certificates and, if applicable, a representative of the person or entity constructing, acquiring, or rehabilitating the Program, stating that the Issuing Authority and, if applicable, such person or entity, will proceed with diligence to ensure the issuance of the Bonds or Certificates within the carryforward period provided by Section 146(f) of the Code;

(d) a preliminary opinion from bond counsel that the Project or Program qualifies for carryforward under Section 146(f) of the Code, if applicable;

(e) if applying for an allocation of Allotment Dollars for the purpose of issuing Certificates, the amount of qualified mortgage bonds defined in Section 143 of the Code which the Issuing Authority elects not to issue under the Code; and

(f) such other information and attachments as are set forth in Section 3(1).

(2) No application submitted by an Issuing Authority to the Director pursuant to this section shall be processed if at the time such application is considered the amount of allocation of the Volume Cap requested in such application is in excess of the amount of the Volume Cap remaining available for allocation. Any application not processed for the reasons stated in this subsection may be resubmitted to the Director, with or without a change in the amount of allocation requested. Any application resubmitted to the Director pursuant to this subsection shall be treated as a new application. Should an allocation not be granted for the reasons stated in this subsection, the Director shall continue to process other applications in the chronological order in which received, granting allocations pursuant to the provisions of this Executive Order.

(3) Allocations of the Volume Cap for Qualifying Carryforward Projects or Programs shall be granted by the Director in the amount requested by the applying Issuing Authority, if available, on or after December 1, but no later than December 31, of the Year in which an application in satisfactory order is
submitted to the Director for an allocation of the Volume Cap for a Qualifying Carryforward Project or Program in the chronological order in which applications for such allocations are received. The Director shall issue certificates of allocation evidencing the granting of an allocation within the time period specified in the preceding sentence to each Issuing Authority which applied to the Director and which received an allocation of the Volume Cap for a Qualifying Carryforward Project or Program for each such Qualifying Carryforward Project or Program of such Issuing Authority, such certificates of allocation to be similar to the certificates of allocation described in Section 4, stating the amount of Allotment Dollars which have been allocated to such Issuing Authority, specifying the Qualifying Carryforward Project or Program for which the allocation has been made and specifying the expiration date of the allocation, as provided by Section 146(f) of the Code.

Section 6:
No application submitted to the Director may be amended without the consent of the Director; provided, however, that no such consent shall be required for an Issuing Authority to submit a new application in order to replace a previously submitted application if such new application is submitted before an allocation is made on the basis of the original application; provided further, that the consent of the Director shall not be required for an Issuing Authority to withdraw a previously submitted application. For purposes of receiving an allocation of the Volume Cap, any application that has been amended shall be treated as though such application was submitted on the date that the amendment was made, rather than on the date of the original submission of such application.

Section 7:
(1) After the effective date of this Executive Order, any Issuing Authority issuing Bonds or Certificates without a certificate of allocation of the Director issued pursuant to Section 4 or Section 5, as appropriate, evidencing the granting of an allocation for such Bonds or Certificates, or any Issuing Authority issuing Bonds or Certificates after the expiration of an allocation under Section 4 or Section 5, as appropriate, is not entitled to any allocation of the Volume Cap for such Bonds or Certificates, and any Issuing Authority issuing Bonds or Certificates in excess of the allocation set forth in the certificate of allocation is not entitled to any allocation of the Volume Cap for such excess.

(2) Each Issuing Authority shall
(a) advise the Director on or before the earlier of the sixtieth day after the issuance of any Bonds or Certificates or December 30 of each Year, of the principal amount of Bonds or Certificates issued under the allocation set forth in each certificate of allocation issued by the Director evidencing the granting of an allocation for such Bonds or Certificates by delivering to the Director a copy of the Form 8038 which was delivered to
the Internal Revenue Service in connection with such Bonds or Certificates, or, if no such form was required to be delivered to the Internal Revenue Service, a completed copy of a Form 8038 prepared for the Director with respect to such Bonds or Certificates, or

(b) if all or a stated portion of such Bonds or Certificates will not be issued, shall advise the Director in writing, on or before the earlier of

(i) the fifteenth day after the earlier of

(A) the final decision not to issue all or a stated portion of such Bonds or Certificates or

(B) the expiration of the allocation, or

(ii) December 30 of the Year in which the allocation for such Bonds or Certificates was made.

(3) Each Issuing Authority shall cooperate with the Director in furnishing any information the Director reasonably requires. If an Issuing Authority obtains an allocation of a portion of the Volume Cap for a particular Project or Program from the Director as provided in Section 4 or Section 5, as appropriate, but does not issue its Bonds or Certificates within the prescribed time limit, or issues a lesser amount of Bonds or Certificates within the prescribed time limit, such Issuing Authority may again submit an application with respect to the proposed Bonds or Certificates or portion of such Bonds or Certificates not issued for such Project or Program as provided in Section 4 or Section 5, as appropriate. Such application shall be treated as a new application.

Section 8:
In addition to the duties otherwise specifically set forth in this Executive Order, the Director shall:

(1) determine the amount of Allotment Dollars available on December 31 of each Year for allocation for Qualifying Carryforward Projects or Programs and allocate the Allotment Dollars available for Qualifying Carryforward Projects or Programs as provided in this Executive Order;

(2) maintain a record of all applications filed by Issuing Authorities under Section 3 and Section 5 and all certificates of allocation issued under Section 4 and Section 5;

(3) maintain a record of all Bonds or Certificates issued by Issuing Authorities during each Year;

(4) maintain a record of all information filed by Issuing Authorities under this Executive Order;

(5) make available upon reasonable request a certified copy of all or any part of the records maintained by the Department under this Executive Order or a summary thereof including information regarding the Volume Cap for each Year and any amounts available, or at any time remaining available, for allocation under this Executive Order;

(6) the Director shall serve as the State official designated under State law to make any certifications required to be made under the Code including, without limitation, the certification required by Section 149(e)(2)(F) of the Code; and
(7) promulgate reasonable rules not inconsistent with this Executive Order deemed necessary or expedient to allocate the Volume Cap hereunder.

Section 9:
If any provision of this Executive Order shall be held to be, or shall, in fact, be invalid, inoperative or unconstitutional, the defect of the provision shall not affect any other provision of this Executive Order or render it invalid, inoperative, or unenforceable. To the extent this Executive Order shall be held or shall, in fact, be invalid, inoperative, or unconstitutional, all allocations of the Volume Cap previously made under this Executive Order shall be treated as allocations made by the Governor of the State in accordance with provisions of the State Law.

Section 10:
This Executive Order replaces Executive Order No. 86-25, which has expired, provided that such replacement shall not affect any allocations in the State made prior to the effective date hereof pursuant to any other Executive Orders or laws of the State.

Section 11:
The State pledges and agrees with the owners of any Bonds or Certificates to which an allocation of the Volume Cap has been granted under this Executive Order that the State will not retroactively alter the allocation of the Volume Cap to such Bonds or Certificates.

Section 12:
No action taken pursuant to this Executive Order shall be deemed to create an obligation, debt or liability of the State or be deemed to constitute an approval of any obligation issued or to be issued hereunder.

Section 13:
The purpose of this Executive Order is to maximize the benefits of financing and development through the use of Bonds and Certificates providing a system for the implementation and administration of the formula specified in the State Law for allocating the Volume Cap within the meaning of Section 146(e) of the Code.

Section 14:
This Executive Order shall be effective immediately and shall continue in effect until such time as it may be repealed or superseded by operation of State or Federal law. Notwithstanding the foregoing, allocations for Qualifying Carryforward Projects or Programs pursuant to Section 5 hereof shall remain effective for the term of such allocation provided for in Section 146(f) of the Code.

Region II: Latah, Clearwater, Nez Perce, Lewis, and Idaho Counties (Clearwater Region)
Region III: Adams, Valley, Washington, Payette, Gem, Canyon, Boise, Ada, Elmore, and Owyhee Counties (Southwest Region)
Region IV: Camas, Blaine, Gooding, Lincoln, Jerome, Minidoka, Twin Falls, and Cassia Counties (Magic Valley Region)
Region V: Bingham, Power, Bannock, Oneida, Franklin, Caribou and Bear Lake Counties (Southeast Region)
Region VI: Lemhi, Custer, Butte, Clark, Jefferson, Fremont, Madison, Teton, and Bonneville Counties (Eastern Region)

It is hereby ordered and directed that all state agencies continue to conduct planning activities, collect data, compile reports, and report program progress on the basis of the State Planning Regions.

It is further ordered and directed that all agencies within the Executive Branch of Government continue to take the above Regional Districts into consideration in the future establishment and revision of all applicable state plans and programs.

It is further ordered and directed that state agencies may continue with the written authorization of the Governor to group or combine whole State Planning Regions into agency-designated larger geographic areas but shall continue to utilize the six state regions with
the nomenclature and numerical designations established by this order for purposes of data gathering and reporting.

However, where warranted, special exceptions may be granted by the Governor to those state agencies showing just cause for exemption. Agencies seeking exemption must submit:

(a) A map depicting those regions which can be utilized and those where a modification from existing boundaries is deemed necessary;

(b) A written statement of justification citing statutes, federal regulations or guidelines, personnel difficulties, unreasonable workload assignments, existing investments in field facilities, or other major factors indicating sufficient cause for delay or total exemption from adoption of the State Multi-County Regions specified herein; and

(c) A timetable for eventual agency compliance with this order when appropriate.

All state agencies utilizing administrative districts are encouraged to continue to bring their administrative district boundaries into conformity with the boundaries of the six planning regions.

The Department of Water Resources shall be exempted from this Order as their administrative regions are based on hydrologic drainage basins.

FURTHERMORE, local governmental units are encouraged to continue joint participation in regional councils of governments within this system of districts to enhance intergovernmental cooperation for the purposes of comprehensive planning and development and the administration of state and federally supported programs within the State of Idaho as authorized by the provisions of law.

This order contemplates that, if subsequent circumstances and developments warrant changes in the six regional boundaries due to the continuing process of local regional organization, appropriate revision of this order will be undertaken.

This Executive Order repeals and replaces Executive Order No. 86-27.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the fourteenth day of December, in the year of our Lord nineteen hundred ninety, and of the Independence of the United States of America the two hundred fifteenth, and of the Statehood of Idaho the one hundred first.

SECRETARY OF STATE

/s/ Cecil D. Andrus
GOVERNOR OF THE STATE OF IDAHO
WHEREAS, energy, its production, distribution, and utilization is a primary concern of all Idaho citizens; and
WHEREAS, the use of energy is an integral part of people's lives -- in agriculture, in business and industry, at home and in state and local government; and
WHEREAS, to be effective, energy planning should be incorporated into decision-making; and, with regard to procurement practices and construction of new buildings by the state, life-cycle costing is one technique already in use in several states of the Union; and
WHEREAS, life-cycle costing is a technique whereby the long-term maintenance and operating costs of a building or product are considered in addition to its original purchase price or construction cost. These additional costs are often as important as the original cost and affect the true economy of buildings and products. Life-cycle costing techniques supplement the present minimum bid standards for controlling state contracting, purchasing and building practices. When applied logically, this method of cost evaluation has been proven effective in establishing the greatest gain between quality and thrift; and
WHEREAS, Idahoans are rightly concerned about the cost of government today. By encouraging wise management of energy and fiscal resources in government, through life-cycle costing, every Idaho citizen's tax dollar will be expended in a manner to guarantee maximum efficiency;
NOW, THEREFORE, I, CECIL D. ANDRUS, Governor of the State of Idaho, do hereby declare that it will continue to be the policy of the state to continue to promote the conservation of energy and the life-cycle cost or greatest value of commodities, and to effect coordination in the purchase of commodities by the State of Idaho.
To that end, all state agencies, prior to construction or renovation of any major facility, are directed to include in the design phase a provision for life-cycle costing. To accomplish the desired energy savings, agencies must calculate and define the additional costs of the life-cycle cost factors in their budget request of buildings. The Permanent Building Fund Advisory Council shall determine that all designs for buildings have been given a thorough analysis of life-cycle costing and energy-conscious design.
All state agencies are further directed to develop plans and specifications for energy efficiency in the acquisition of commodities purchased and/or acquired by the state, including life-cycle for the purchase of all major energy-consuming products.
I Further Direct the Administrator of the Division of Purchasing to assist all state agencies in developing plans and specifications to utilize energy efficiency and life-cycle costing in their acquisition and bidding practices. The Administrator of the Division of Purchasing...
may, in his discretion, waive the requirements of life-cycle costing if he determines such exemption would be in the best interest of the State of Idaho.

This Executive Order repeals and replaces Executive Order No. 86-28.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the fourteenth day of December, in the year of our Lord nineteen hundred ninety, and of the Independence of the United States of America the two hundred fifteenth, and of the Statehood of Idaho the one hundred first.
