Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 31-4306, Idaho Code, be, and the same is hereby amended to read as follows:

31-4306. ELECTION OF DIRECTORS. (1) An election of directors shall be held in each district on the Tuesday succeeding the first Monday of November of each even-numbered year. Such election shall be held in conformity with chapter 14, title 34, Idaho Code, and other applicable provisions of title 34, Idaho Code. Before the notice of election is given, the board shall divide the district into subdivisions as nearly equal in population as possible to be designated as director's subdistrict 1, 2 and 3, or director's subdistrict 1, 2, 3, 4 and 5, depending upon the number of subdistricts in the district. Each nominating petition shall state the subdistrict for which the nominee is nominated.

(2) In any election for directors if, after the expiration of the date for filing written nominations for the office of director, it appears that only one qualified candidate has been nominated for each position to be filled and if no declaration of intent has been filed as provided in subsection (3) of this section, it shall not be necessary to hold an election, and the board of directors, shall no later than seven (7) days before the scheduled date of the election declare such candidate elected as director, and the secretary of the recreation district board shall immediately make and deliver to such person a certificate of election.

(3) No write-in vote for recreation district director shall be counted unless a declaration of intent has been filed indicating that the person desires the office and is legally qualified to assume the duties of recreation district director if elected. The declaration of intent shall be filed with the recreation district board secretary not later than eleven-twenty-five (25) days before the day of election.

SECTION 2. That Section 22-2721, Idaho Code, be, and the same is hereby amended to read as follows:

22-2721. ELECTION, APPOINTMENT, QUALIFICATIONS AND TENURE OF SUPERVISORS. The governing body of the district shall consist of five (5) supervisors, elected or appointed as provided in this chapter. Elections shall be conducted pursuant to the provisions of this section and the uniform district election law, chapter 14, title 34,
Idaho Code. If at any time the supervisors of a district deem it necessary, they may request permission from the state soil conservation commission to increase the number of supervisors to seven (7). Upon receipt of such a request in writing, signed by all five (5) supervisors, stating a valid reason for such need, the commission shall grant permission. The additional supervisors shall then be appointed as outlined in subparagraph C of this section until such time as regular district elections for two (2) supervisors in each district. At that time those districts having seven (7) supervisors shall then elect four (4) supervisors for four (4) year terms. The two (2) supervisors appointed by the commission shall be persons who are by training and experience qualified to perform the specialized services which will be required of them in the performance of their duties. All supervisors shall be landowners or farmers of the district where they are elected or appointed.

A. Within thirty (30) days after the date of issuance by the secretary of state of a certificate of organization of a soil conservation district, nominating petitions may be filed with the state soil conservation commission to nominate candidates for supervisors of each district. The soil conservation commission, unless it has contracted with the county clerk to conduct the election, shall designate an individual to act as the election official. If contracted to do so, the county clerk shall act as the election official. The election official shall have authority to extend the time within which nominating petitions may be filed. No such nominating petition shall be accepted by the election official unless it shall be subscribed by not less than five (5) persons who are qualified electors owning land or residing within the boundaries of the district. The election official shall give due notice of an election to be held, subject to the provisions of section 34-106, Idaho Code, for the election of three (3) supervisors for the district. The names of all nominees on behalf of whom such nominating petitions have been filed within the time herein designated, shall appear arranged in the alphabetical order of the surnames, upon ballots, with a square before each name and directions to insert a mark in the square before any three (3) names to indicate the voter's preference. The three (3) candidates who shall receive the largest number, respectively, of the votes cast in such election shall be the elected supervisors for such district. The commission shall pay all the expenses of such election, which shall be supervised and conducted by the election official.

B. All elections in districts, excluding the first election as provided in subparagraph A of this section, shall be conducted by the district supervisors of the districts involved who shall designate an individual to be the election official, or the county clerk if contracted for that purpose. Such election shall be held on the first Tuesday succeeding the first Monday of November in each even-numbered year. Such elections shall be in compliance with the provisions of chapter 14, title 34, Idaho Code, and shall be supervised and conducted by the election official. The cost of conducting such elections shall be borne by the district involved. The election official shall certify to the state soil conservation commission the names of the elected supervisors. The state soil conservation commission shall issue certificates of election to each elected supervisor so certi-
fied. The state soil conservation commission may authorize each dis­
trict to contract with the county clerk or county clerks of the county
or counties in which the district is located to conduct the election
for the soil conservation district. If a district election is con­
ducted by a county clerk, the county clerk must provide a ballot for
the district election, and must provide a process that allows only
qualified electors of the district to vote in that district's elec­
tion.

In any election for supervisor, if after the deadline for filing a
declaration of intent as a write-in candidate, it appears that the
number of qualified candidates who have been nominated is equal to the
number of supervisors to be elected, it shall not be necessary for the
candidates to stand for election, and the board of supervisors shall
declare such candidates elected as supervisors, and the state soil
conservation commission shall immediately make and deliver to such
persons certificates of election.

C. In any election for supervisors of a soil conservation dis­
trict, if after the expiration of the date for filing written nomina­
tions it appears that only one (1) qualified candidate has been nomi­
nated for each position to be filled and no declaration of intent has
been filed by a write-in candidate as provided in subparagraph D. of
this section, it shall not be necessary to hold an election, and the
election official shall, no later than seven (7) days before the
scheduled date of the election, declare such candidate elected as
supervisor, and the state soil conservation commission shall immedi­
ately make and deliver to such person a certificate of election.

D. No write-in vote for supervisor shall be counted unless a dec­
laration of intent has been filed with the election official indicat­
ing that the person making the declaration desires the office and is
legally qualified to assume the duties of supervisor if elected as a
write-in candidate. The declaration of intent shall be filed not later
than eleven-(11) twenty-five (25) days before the day of election.

E. The supervisors shall designate a chairman and may, from time
to time, change such designation. The term of office of each supervi­
sor shall be four (4) years commencing on the first day of January
next following election, except that the two (2) supervisors who are
first appointed shall be designated to serve for terms of two (2)
years. A supervisor shall hold office until a qualified successor has
been elected or appointed. Vacancies shall be filled for the unexpired
term. The selection of successors to fill an unexpired term, or for a
full term shall be made by a vote of the majority of the supervisors
duly qualified and acting at the time the vacancy shall arise and the
supervisors shall certify the name of the appointed supervisor to the
state soil conservation commission who shall issue a certificate of
such appointment.

F. A majority of the supervisors shall constitute a quorum and
the concurrence of a majority in any matter within their duties shall
be required for its determination. A supervisor shall be entitled to
expenses, including travel expense, necessarily incurred in the dis­
charge of duties. A supervisor shall receive no compensation for ser­
VICES from regular district funds, county funds authorized in section
22-2726, Idaho Code, or state funds authorized in section 22-2727,
Idaho Code.
In the event the district has a special project, approved by the state soil conservation commission, making project funds available from federal or other sources, a supervisor may receive compensation not to exceed thirty-five dollars ($35.00) per day plus actual and necessary expenses from project funds for services directly related to the project.

The supervisors may employ a secretary, technical experts, and such other officers, agents, and employees, permanent and temporary as they may require, and shall determine their qualifications, duties and compensation. The supervisors may call upon the attorney general of the state for such legal services as they may require or may employ their own counsel and legal staff. The supervisors may delegate to their chairman, to one (1) or more supervisors, or to one (1) or more agents, or employees, such powers and duties as they may deem proper. The supervisors shall furnish to the state soil conservation commission, upon request, copies of such ordinances, rules, orders, contracts, forms and other documents as they shall adopt or employ, and such other information concerning their activities as it may require in the performance of its duties under this chapter.

The supervisors shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; they shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions, and orders issued or adopted; and shall provide for an annual audit of the accounts of receipts and disbursements. Any supervisor may be removed by the state soil conservation commission upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason.

The supervisors may invite the legislative body of a municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

18-601. LEGISLATIVE FINDINGS AND INTENT. (1) The legislature finds:
(a) That children have a special place in society that the law should reflect;
(b) That minors too often lack maturity and make choices that do not include consideration of both immediate and long-term consequences;
(c) That the medical, emotional and psychological consequences of abortion and childbirth are serious and can be lasting, particularly when the patient is immature;
(d) That the capacity to become pregnant and the capacity for mature judgment concerning the wisdom of bearing a child or of having an abortion are not necessarily related;
(e) That parents, when aware that their daughter is pregnant or has had an abortion are in the best position to ensure that she receives adequate medical attention during her pregnancy or after
her abortion;
(f) That except in rare cases, parents possess knowledge regarding their child which is essential for a physician to exercise the best medical judgment for that child;
(g) That when a minor is faced with the difficulties of an unplanned pregnancy, the best interests of the minor are always served when there is careful consideration of the rights of parents in rearing their child and the unique counsel and nurturing environment that parents can provide;
(h) That informed consent is always necessary for making mature health care decisions.
(2) It is the intent of the legislature in enacting section 18-609A, Idaho Code, to further the following important and compelling state interests recognized by the United States supreme court in:
(a) Protecting minors against their own immaturity;
(b) Preserving the integrity of the family unit;
(c) Defending the authority of parents to direct the rearing of children who are members of their household;
(d) Providing a pregnant minor with the advice and support of a parent during a decisional period;

(7) "Third trimester of pregnancy" means that portion of a pregnancy from and after the point in time when the fetus becomes viable.

SECTION 4. That Section 18-609, Idaho Code, be, and the same is hereby amended to read as follows:

18-609. PHYSICIANS AND HOSPITALS NOT TO INCUR CIVIL LIABILITY -- CONSENT TO ABORTION -- NOTICE. (1) Any physician may perform an abortion not prohibited by this act and any hospital or other facility described in section 18-608, Idaho Code, may provide facilities for such procedures without, in the absence of negligence, incurring civil liability therefor to any person, including, but not limited to, the pregnant patient and the prospective father of the fetus to have been born in the absence of abortion, if informed consent for such abortion has been duly given by the pregnant patient.

(2) In order to provide assistance in assuring that the consent to an abortion is truly informed consent, the director of the department of health and welfare shall publish, after consultation with interested parties, easily comprehended printed material to be made available at the expense of the physician, hospital or other facility providing the abortion, and which shall contain the following:

(a) Descriptions of the services available to assist a woman through a pregnancy, at childbirth and while the child is dependent, including adoption services, a comprehensive list of the names, addresses, and telephone numbers of public and private
agencies that provide such services and financial aid available;
(b) Descriptions of the physical characteristics of a normal fetus, described at two (2) week intervals, beginning with the fourth week and ending with the twenty-fourth week of development, accompanied by scientifically verified photographs of a fetus during such stages of development. The description shall include information about physiological and anatomical characteristics, brain and heart function, and the presence of external members and internal organs during the applicable stages of development;
(c) Descriptions of the abortion procedures used in current medical practices at the various stages of growth of the fetus and any reasonable foreseeable complications and risks to the mother, including those related to subsequent child bearing.
(3) No abortion shall be performed unless, prior to the abortion, the attending physician or the attending physician's agent (i) confirms or verifies a positive pregnancy test and informs the pregnant patient of a positive pregnancy test, and (ii) certifies in writing that the materials provided by the director of the department of health and welfare have been provided to the pregnant patient, if reasonably possible, at least twenty-four (24) hours before the performance of the abortion. If the materials are not available from the director of the department of health and welfare, no certification shall be required. Within thirty (30) days after performing any abortion without certification and delivery of the materials, the attending physician, or the attending physician's agent, shall cause to be delivered to the director of the department of health and welfare, a report signed by the attending physician, preserving the patient's anonymity, which explains the specific circumstances that excused compliance with the duty to deliver the materials. The director of the department of health and welfare shall compile the information annually and report to the public the total number of abortions performed in the state where delivery of the materials was excused; provided that any information so reported shall not identify any physician or patient in any manner which would reveal their identities.
(5) If section 18-608(3), Idaho Code, applies to the abortion to be performed and the pregnant patient is an adult and for any reason unable to give a valid consent thereto, the requirement for that pregnant patient's consent shall be met as required by law for other medical or surgical procedures and shall be determined in consideration of the desires, interests and welfare of the pregnant patient.
(6)--in--addition--to--the--requirements--of--subsection--(i)--of--this--section;--if--the--pregnant--patient--is--unmarried--and--under--eighteen--(i6)
years--of-age-or-unemancipated; the physician shall provide notice, if possible, of the pending abortion to the parents or legal guardian of the pregnant patient at least twenty-four (24) hours prior to the performance of the abortion.

If any one or more the subsection or provisions of this section; or the application thereof to any person or circumstance shall ever be held by any court of competent jurisdiction to be invalid; the remaining provisions of this section and the application thereof to persons or circumstances other than those to which it is held to be invalid; shall not be affected thereby; it being the intention of the legislature to enact the remaining provisions of this section notwithstanding such invalidity.

(i) The attending physician has secured the written informed consent of the minor and the written informed consent of the minor's parent; or
(ii) The minor is emancipated and the attending physician has received written proof of emancipation and the minor's written informed consent; or
(iii) The minor has been granted the right of self-consent to the abortion by court order pursuant to paragraph (b) of this subsection and the attending physician has received the minor's written informed consent; or
(iv) A court has found that the causing or performing of the abortion, despite the absence of informed consent of a parent, is in the best interests of the minor and the court has issued an order, pursuant to paragraph (b)(iv)2. of this subsection, granting permission for the causing or performing of the abortion, and the minor is having the abortion willingly, pursuant to paragraph (f) of this subsection; or
(v) A medical emergency exists for the minor so urgent that there is insufficient time for the physician to obtain the informed consent of a parent or a court order and the attending physician certifies such in the pregnant minor's medical records. In so certifying, the attending physician must include the factual circumstances supporting his professional judgment that a medical emergency existed and the grounds for the determination that there was insufficient time to obtain the informed consent of a parent or a court order. Immediately after an abortion pursuant to this paragraph, the physician shall, with due diligence, attempt to provide a parent of an unemancipated minor actual notification of the medical emergency. If the parent cannot be immediately contacted for such actual notification, the physician shall, with due diligence, attempt to provide actual notification to a parent for
an eight (8) hour period following the causing or performing of the abortion and shall, until a parent receives such notification, ensure that the minor's postabortion medical needs are met. Notwithstanding the above, a physician shall, within twenty-four (24) hours of causing or performing an abortion pursuant to this paragraph, provide actual notification of the medical emergency by:

1. Conferring with a parent or agent designated by the parent, and providing any additional information needed for the minor's proper care, and, as soon as practicable thereafter, securing the parent's written acknowledgement of receipt of such notification and information; or

2. Providing such actual notification in written form, addressed to the parent at the usual place of abode of the parent and delivered personally to the parent by the physician or an agent with written acknowledgement of such receipt by the parent returned to the physician; or

3. Providing such actual notification in written form and mailing it by certified mail, addressed to the parent at the usual place of abode of the parent with return receipt requested and restricted delivery to the addressee so that a postal employee can only deliver the notice to the authorized addressee.

For the purposes of this section, "actual notification" includes, but is not limited to, a statement that an abortion was caused or performed, a description of the factual circumstances supporting the physician's judgment that the medical emergency existed and a statement of the grounds for the determination that there was insufficient time to obtain the informed consent of a parent or a court order.

If the physician causing or performing such abortion reasonably believes that the minor is homeless or abandoned so that the parents cannot be readily found or that the minor has suffered abuse or neglect such that the minor's physical safety would be jeopardized if a parent were notified that the abortion was caused or performed, the physician shall, in lieu of notifying a parent as required above, make a report to a law enforcement agency pursuant to section 16-1619, Idaho Code, and a petition shall be filed pursuant to section 16-1605, Idaho Code, which petition shall include a reference to this code section. Upon adjudication that the minor comes within the purview of chapter 16, title 16, Idaho Code, either on the basis of homelessness or abandonment such that no parent can be found, or on the basis of abuse or neglect such that the minor's physical safety would be in jeopardy if a parent were notified that the abortion was performed, the court shall, as a part of the decree, also order that the physician's duty to so notify a parent is relieved. In any other event, unless the court enters a finding that the best interests of the child require withholding notice to a parent, the court shall order that a parent receive actual notification of the medical emergency and the causing or performing of the abortion.
(b) A proceeding for the right of a minor to self-consent to an abortion pursuant to paragraph (a)(iii) of this subsection or for a court order pursuant to paragraph (a)(iv) of this subsection, may be adjudicated by a court as follows:

(i) The petition shall be filed in the judicial district where the minor resides. A minor shall have the legal capacity to make and prosecute a petition and appeal as set out herein. A guardian ad litem may assist the minor in preparing her petition and other documents filed pursuant to this section and may seek appointment as set forth below. A guardian ad litem, whether prospective or appointed, must be an attorney properly licensed in this state. The court shall ensure that the minor is given assistance in filing the petition if the minor so desires a guardian ad litem but no qualified guardian ad litem is available.

(ii) The petition shall set forth:
1. The initials of the minor;
2. The age of the minor;
3. The name and address of each parent, guardian, or, if the minor's parents are deceased or the minor is abandoned and no guardian has been appointed, the name and address of any other person standing in loco parentis of the minor;
4. That the minor has been fully informed of the risks and consequences of the abortion procedure to be performed;
5. A claim that the minor is mature, of sound mind and has sufficient intellectual capacity to consent to the abortion for herself;
6. A claim that, if the court does not grant the minor the right to self-consent to the abortion, the court should find that causing or performing the abortion, despite the absence of the consent of a parent, is in the best interest of the minor and give judicial consent to the abortion; and
7. If so desired by the minor, a request that the court appoint a guardian ad litem, or, alternatively, if no guardian ad litem is requested, that the court should consider whether appointment of a guardian ad litem for the minor is appropriate.

The petition shall be signed by the minor and, if she has received assistance from a prospective guardian ad litem in preparing the petition, by the guardian ad litem.

(iii) A hearing on the merits of the petition shall be held as soon as practicable but in no event later than five (5) days from the filing of the petition. The petition shall be heard by a district judge on the record in a closed session of the court. The court shall appoint a qualified guardian ad litem for the minor if one is requested in the petition. If no qualified guardian ad litem is available, the court may appoint some other person to act in the capacity of a guardian ad litem, who shall act to fulfill the purposes of this section and protect the confidentiality and other rights of
the minor.

At the hearing, the court shall, after establishing the identity of the minor, hear evidence relating to the emotional development, maturity, intellect and understanding of the minor; the nature of the abortion procedure to be performed and the reasonably foreseeable complications and risks to the minor from such procedure, including those related to future childbearing; the available alternatives to the abortion; the relationship between the minor and her parents; and any other evidence that the court may find relevant in determining whether the minor should be granted the right to self-consent to the abortion or whether the court's consent to causing or performing of the abortion, despite the absence of consent of a parent, is in the best interests of the minor.

(iv) The order shall be entered as soon as practicable, but in no event later than five (5) days after the conclusion of the hearing. If, by clear and convincing evidence, the court finds the allegations of the petition to be true and sufficient to establish good cause, the court shall:

1. Find the minor sufficiently mature to decide whether to have the abortion and grant the petition and give the minor the right of self-consent to the abortion, setting forth the grounds for so finding; or
2. Find the performance of the abortion, despite the absence of the consent of a parent, is in the best interests of the minor and give judicial consent to the abortion, setting forth the grounds for so finding.

If the court does not find the allegations of the petition to be true or if good cause does not appear from the evidence heard, the court shall deny the petition, setting forth the grounds on which the petition is denied.

If, in hearing the petition, the court becomes aware of allegations which, if true, would constitute a violation of any section of title 18, Idaho Code, or would bring a child within the purview of chapter 16, title 16, Idaho Code, the court shall order, upon entry of final judgment in the proceeding under this subsection, that an appropriate investigation be initiated or an appropriate information, complaint or petition be filed. Such allegations shall be forwarded by the court with due consideration for the confidentiality of the proceedings under this section.

(c) A notice of appeal from an order issued under the provisions of this subsection shall be filed within two (2) days from the date of issuance of the order. The record on appeal shall be completed and the appeal shall be perfected as soon as practicable, but in no event later than five (5) days from the filing of notice of appeal. Because time may be of the essence regarding the performance of the abortion, appeals pursuant to this subsection shall receive expedited appellate review.

(d) Except for the time for filing a notice of appeal, a court may enlarge the times set forth pursuant to this subsection upon request of the minor or upon other good cause appearing, with due consideration for the expedited nature of these proceedings.
(e) No filing, appeal or other fees shall be charged for cases or appeals brought pursuant to this section.

(f) If a minor desires an abortion, then she shall be orally informed of, and, if possible, sign the written consent required by this act, in the same manner as an adult person. No abortion shall be caused or performed on any minor against her will, except that an abortion may be performed against the will of a minor pursuant to court order if the abortion is necessary to preserve the life of the minor.

(g) All records contained in court files of judicial proceedings arising under the provisions of this subsection, and subsection (3) of this section, shall be confidential and exempt from disclosure pursuant to section 9-340C, Idaho Code. Dockets and other court records shall be maintained and court proceedings undertaken so that the names of the parties to actions brought pursuant to this section will not be disclosed to the public.

(2) The administrative director of the courts shall compile statistics for each county for each calendar year, accessible to the public, including:

(a) The total number of petitions filed pursuant to paragraph (b) of subsection (1) of this section; and

(b) The number of such petitions filed where a guardian ad litem was requested and the number where a guardian ad litem or other person acting in such capacity was appointed; and

(c) The number of such petitions for which the right to self-consent was granted; and

(d) The number of such petitions for which the court granted its informed consent; and

(e) The number of such petitions which were denied; and

(f) For categories described in paragraphs (c), (d) and (e) of this subsection, the number of appeals taken from the court's order in each category; and

(g) For each of the categories set out in paragraph (f) of this subsection, the number of cases for which the district court's order was affirmed and the number of cases for which the district court's order was reversed.

(3) In addition to any other cause of action arising from statute or otherwise, any person injured by the causing or performing of an abortion on a minor in violation of any of the requirements of paragraph (a) of subsection (1) of this section, shall have a private right of action to recover all damages sustained as a result of such violation, including reasonable attorney's fees if judgment is rendered in favor of the plaintiff.

(4) Statistical records.

(a) The vital statistics unit of the department of health and welfare shall, in addition to other information required pursuant to section 39-261, Idaho Code, require the complete and accurate reporting of information relevant to each abortion performed upon a minor which shall include, at a minimum, the following:

(i) Whether the abortion was performed following the physician's receipt of:

1. The written informed consent of a parent and the minor; or
2. The written informed consent of an emancipated minor for herself; or
3. The written informed consent of a minor for herself pursuant to a court order granting the minor the right to self-consent; or
4. The written informed consent of a court pursuant to an order which includes a finding that the performance of the abortion, despite the absence of the consent of a parent, is in the best interests of the minor; or
5. The professional judgment of the attending physician that the performance of the abortion was immediately necessary due to a medical emergency and there was insufficient time to obtain consent from a parent or a court order.

(ii) If the abortion was performed due to a medical emergency and without consent from a parent or court order, the diagnosis upon which the attending physician determined that the abortion was immediately necessary due to a medical emergency.

(b) The knowing failure of the attending physician to perform any one (1) or more of the acts required under this subsection is grounds for discipline pursuant to section 54-1814(6), Idaho Code, and shall subject the physician to assessment of a civil penalty of one hundred dollars ($100) for each month or portion thereof that each such failure continues, payable to the center for vital statistics and health policy, but such failure shall not constitute a criminal act.

(5) As used in this section:
(a) "Cause or perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage upon a minor known to be pregnant.
(b) "Emancipated" means any minor who has been married or is in active military service.
(e) (i) "Medical emergency" means a sudden and unexpected physical condition which, in the reasonable medical judgment of any ordinarily prudent physician acting under the circumstances and conditions then existing, is abnormal and so complicates the medical condition of the pregnant minor as to necessitate the immediate causing or performing of an abortion:
1. To prevent her death; or
2. Because a delay in causing or performing an abortion will create serious risk of immediate, substantial and irreversible impairment of a major physical bodily function of the patient.
(ii) The term "medical emergency" does not include:
1. Any physical condition that would be expected to occur in normal pregnancies of women of similar age, physical condition and gestation; or
2. Any condition that is predominantly psychological or psychiatric in nature.
(d) "Minor" means a woman less than eighteen (18) years of age.
(e) "Parent" means one (1) parent of the unemancipated minor, or
a guardian appointed pursuant to chapter 5, title 15, Idaho Code, if the minor has one.

SECTION 6. That Section 18-611, Idaho Code, be, and the same is hereby repealed.

SECTION 7. That Chapter 6, Title 18, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 18-614, Idaho Code, and to read as follows:

18-614. IDENTIFICATION REQUIRED. (1) No person may cause or perform an abortion otherwise permitted pursuant to Idaho law until the physician either confirms the age of the woman by positive identification or secures legal consent pursuant to section 18-609A, Idaho Code. A photocopy of such positive identification or legal consent shall be kept in the physician's office file for the woman. If due to medical emergency there is insufficient time for the physician to confirm the woman's age by positive identification before performing the abortion, the physician shall as soon as possible after performing the abortion, confirm the age of the woman by positive identification and retain a photocopy.

(2) "Positive identification" means a lawfully issued state, district, territorial, possession, provincial, national or other equivalent government driver's license, identification card or military card, bearing the person's photograph and date of birth, or the person's valid passport, or certified copy of the person's own birth certificate.

SECTION 8. That Chapter 6, Title 18, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 18-615, Idaho Code, and to read as follows:

The legislature hereby declares that it would have passed every section of this chapter and each provision, section, subsection, sentence, clause, phrase or word thereof irrespective of the fact that any one (1) or more provision, section, subsection, sentence, clause, phrase or word be declared unconstitutional.

SECTION 9. That Chapter 3, Title 9, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 9-340G, Idaho Code, and to read as follows:

CHAPTER 13
(H.B. No. 401)

AN ACT RELATING TO THE PUBLIC EMPLOYEE RETIREMENT SYSTEM AND THE FIREMEN'S RETIREMENT FUND; AMENDING SECTION 59-1301, IDAHO CODE, TO REPLACE THE TERM "PRUDENT MAN" WITH THE TERM "PRUDENT PERSON"; AMENDING SECTION 59-1316, IDAHO CODE, TO MAKE THE SECTION CONSISTENT WITH DISCLOSURE UNDER THE PUBLIC RECORDS ACT AND TO AUTHORIZE DISCLOSURE OF THE IDENTITY OF A DECEASED MEMBER'S BENEFICIARY TO THE MEMBER'S SPOUSE AND CHILDREN AND TO THE COURT-APPOINTED ADMINISTRATOR OF THE MEMBER'S ESTATE; AMENDING SECTION 59-1319, IDAHO CODE, TO DELETE THE DEADLINE OF JULY 1, 2000, FOR AMENDING DOMESTIC RETIREMENT ORDERS ISSUED PRIOR TO JULY 1, 1998; AMENDING SECTION 72-1432, IDAHO CODE, TO INCLUDE AUGUST 31 IN THE TWELVE-MONTH PERIOD USED FOR DETERMINING THE AVERAGE ANNUAL PAID SALARIES OF PAID FIREFIGHTERS AND TO MAKE A TECHNICAL CORRECTION; AMENDING SECTION 72-1442, IDAHO CODE, TO BE CONSISTENT WITH SECTION 72-1447, IDAHO CODE, IN SETTING FORTH MAXIMUM BENEFITS; AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:
SECTION 1. That Section 59-1301, Idaho Code, be, and the same is hereby amended to read as follows:

59-1301. PUBLIC EMPLOYEE RETIREMENT SYSTEM CREATED -- PURPOSE -- DUTIES OF FIDUCIARIES OF RETIREMENT FUND. (1) A retirement and disability benefit system is created and placed under the management of a retirement board for the purpose of providing a retirement system and other benefits for public employees in the state of Idaho under this chapter. The retirement system shall be known as the "Public Employee Retirement System of Idaho."

(2) The purpose of such system is to provide an orderly means whereby public employees in the state of Idaho who become superannuated or otherwise incapacitated as the result of age or disability, may be retired from active service without prejudice and without inflicting a hardship upon the employees retired, and to enable such employees to accumulate pension credits to provide for old-age, disability, death and termination of employment, thus effecting economy and efficiency in the administration of the state, county and local government. The legislature, therefore, declares that, in its considered judgment, the public good, and the general welfare of the citizens of this state required the enactment of this measure, under the police powers of the state.

With respect to the retirement fund created in this chapter, the fiduciaries of the fund shall discharge their duties with respect to the fund solely in the interest of the members and their beneficiaries (a) for the exclusive purpose of:

(i) providing benefits to members and their beneficiaries; and

(ii) defraying reasonable expenses of administering the system;

(b) with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent man person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims;

(c) by diversifying the investments of the fund so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and

(d) in accordance with the provisions of the Idaho Code governing the system.

SECTION 2. That Section 59-1316, Idaho Code, be, and the same is hereby amended to read as follows:

59-1316. MEMBER'S RETIREMENT RECORDS CONFIDENTIAL. Each member shall furnish the board with such information as the board shall deem necessary for the proper operation of the system. Except as specified by law in section 9-340C, Idaho Code, information contained in the retirement system mortgage portfolio loan documents and in each member's retirement system records is subject to disclosure according to chapter 97, title 9, Idaho Code, confidential and may not be divulged except as ordered by a court; or except as may be required by the employer member or by the retirement board and its staff in order to carry into effect the purposes of this chapter. A
A member may by his written authorization release specific information from his own retirement system records to a stated designee. If the member is deceased, the member's contingent annuitant or beneficiary may, by written authorization, release specific information from the member's retirement system records to a stated designee. The retirement system may also disclose the identity of a deceased member's beneficiary to the member's spouse, children, and to the court-appointed administrator of the member's estate. Should a court order direct distribution or partial distribution of a member's benefit as defined in either chapter 13, title 59, Idaho Code, or chapter 14, title 72, Idaho Code, to the member's spouse or former spouse, the system may release to the spouse, former spouse, or the court issuing the order, information pertaining to the member's retirement account only with regard to the calculation, division and distribution of the spouse's or former spouse's community property portion of the account or benefit.

SECTION 3. That Section 59-1319, Idaho Code, be, and the same is hereby amended to read as follows:

59-1319. APPROVED DOMESTIC RETIREMENT ORDERS -- REQUIREMENTS. (1) An approved domestic retirement order must meet the following requirements:

(a) Clearly specify that such order applies to the retirement system;
(b) Clearly specify the effective date of the order, which is the date of divorce or the date of an earlier property settlement agreement incorporated into the initial divorce decree, the name, social security number, date of birth, sex, and last known mailing address of the member and the name, social security number, date of birth, sex, and last known mailing address of the alternate payee covered by the order;
(c) Provide for a proportional reduction of the amount awarded to an alternate payee in the event that benefits available to the member are reduced by law;
(d) For benefits as defined in chapter 13, title 59, Idaho Code, for members who are not retired members: (i) clearly specify the amount or percentage of the member's taxed and tax deferred accumulated contributions which are to be credited to the segregated account or the manner in which such amount or percentage is to be determined, and (ii) clearly specify the member's months of credited service, either by specific amount or percentage, to be transferred by the retirement system to the segregated account or the manner in which such amount or percentage is to be determined. The months of credited service transferred to the alternate payee shall be proportional to the accumulated contributions attributable to such months of credited service. Months of credited service transferred shall be whole months and not partial months;
(e) For benefits as defined in chapter 13, title 59, Idaho Code, for retired members, clearly specify the amount or percentage of the member's benefit being paid that the retirement system is to pay to the alternate payee, or the manner in which such amount or percentage is to be determined; and
For benefits as defined in chapter 14, title 72, Idaho Code, clearly specify the amount or percentage of the member's benefit paid at the time of retirement which the retirement system is to pay to the alternate payee, or the manner in which such percentage is to be determined.

(2) An approved domestic retirement order cannot:
   (a) Require the retirement system to provide any type or form of benefit or any option not otherwise provided under the retirement system;
   (b) Require the retirement system to provide increased benefits determined on the basis of actuarial value;
   (c) Require the payment of benefits to an alternate payee which are required to be paid to another alternate payee under another order previously determined to be an approved domestic retirement order or a court order entered prior to July 1, 1998;
   (d) Require any action on the part of the retirement system contrary to its governing statutes or rules other than the direct payment of the benefit awarded to an alternate payee;

CHAPTER 49

BEEF CATTLE ENVIRONMENTAL CONTROL ACT

22-4901. SHORT TITLE. This chapter shall be known and cited as the "Beef Cattle Environmental Control Act."

22-4902. DECLARATION OF POLICY AND STATEMENT OF LEGISLATIVE INTENT. (1) The legislature recognizes the importance of protecting state natural resources including, surface water and ground water. It is the intent of the legislature to protect the quality of these natural resources while maintaining an economically viable beef cattle industry in the state. The beef cattle industry produces manure and process wastewater which, when properly used, supplies valuable nutrients and organic matter to soils and is protective of the environment, but may, when improperly stored and managed, create adverse impacts on natural resources, including waters of the state. This act is intended to ensure that manure and process wastewater associated with beef cattle operations are handled in a manner which protects the natural resources of the state.

(2) Further, the legislature recognizes that the beef cattle industry is potentially subject to various state and federal laws designed to protect state natural resources and that the Idaho department of agriculture is in the best position to administer and implement these various laws. It is therefore the intent of the legislature that the administration of this law by the department of agriculture fully meets the goals and requirements of the federal clean water act and state laws designed to further protect state waters and that administration of this act by the department of agriculture shall not be more stringent than or broader in scope than the requirements of the clean water act and applicable state and federal laws. The department shall have authority to administer all laws to protect the quality of water within the confines of a beef cattle animal feeding operation. In carrying out this act the department shall prioritize its resources on operations which have the greatest potential to significantly impact the environment and ensure that any requirements imposed under this act upon operators of beef cattle animal feeding operations are cost-effective and economically, environmentally and technologically feasible.

(3) Successful implementation of this act is dependent upon the department receiving adequate funding from the legislature and is dependent upon the department executing a memorandum of agreement with the United States environmental protection agency, the division of
environmental quality and the Idaho cattle association which sets forth a working arrangement between the agencies to ensure compliance with this act and applicable state and federal laws, including the federal clean water act. Moreover, the legislature recognizes that it is important for the state to obtain a delegated national pollutant discharge elimination system (NPDES) permit program from the EPA under the clean water act.

22-4903. AUTHORITY AND DUTIES OF DIRECTOR CONCERNING BEEF CATTLE ANIMAL FEEDING OPERATIONS. The director of the department of agriculture through the division of animal industries is authorized to regulate beef cattle animal feeding operations to protect state natural resources, including surface water and ground water. In order to carry out its duties under this act, the department shall be the responsible state department to prevent any ground water contamination from beef cattle animal feeding operations as provided under section 39-120, Idaho Code. The director shall have the authority to exercise any other authorities delegated by the administrator of the division of environmental quality regarding the protection of ground water, surface water and other natural resources associated with confined animal feeding operations, and this shall be the authority for the administrator of the division of environmental quality to so delegate. The administrator of the division of environmental quality shall consult with the director of the department of agriculture before certifying discharges from beef cattle animal feeding operations as provided under 33 U.S.C. section 1341.

The department's review and approval of plans under this section shall supersede the Idaho department of health and welfare, division of environmental quality's implementation of plan and specification review and approval provided under section 39-118, Idaho Code. Such design and construction shall be considered a best management practice.

22-4906. NUTRIENT MANAGEMENT PLAN. Each beef cattle animal feed-
an operation shall submit a nutrient management plan to the director for approval. (a) Enter at reasonable times upon the premises of a permitted facility or where records are kept;
(b) Have access to and copy at reasonable times any records that must be kept under conditions of the permit;
(c) Inspect at reasonable times any facility or land application site; and

(2) All inspections and investigations conducted under the authority of this act shall be performed in conformity with section 17, article I of the constitution of the state of Idaho. The state shall not, under the authority granted by this act, conduct warrantless searches of private property in the absence of either consent from the property owner or other authorized person.

22-4908. DISCHARGES. No animal feeding operation shall cause an unauthorized discharge. Noncompliance with the provisions of this act or unauthorized discharges may subject a facility to enforcement as provided in this act.

22-4909. ENFORCEMENT. (1) Informal administrative resolution of noncompliance. When the director identifies items of noncompliance at a beef cattle animal feeding operation, the deficiencies will be noted and appropriate corrective actions will be identified and scheduled informally. When corrective actions cannot be commenced within thirty (30) days and completed within a reasonable time, the director may negotiate a compliance order as specified in subsection (2)(b) of this section.

(2) (a) Administrative enforcement. Any beef cattle animal feeding operation not complying with the provisions of this act may be assessed a civil penalty by the director or his duly authorized agent in an administrative enforcement action by the issuance of a notice of noncompliance. The notice of noncompliance shall identify the alleged violation with specificity, shall specify each provision of the act or permit which has been violated, and shall state the amount of any civil penalty claimed for each violation.
and identify appropriate corrective action.

(b) The notice of noncompliance shall inform the person to whom it is directed of an opportunity to confer with the director or the director's designee in a compliance conference concerning the alleged violation. A compliance schedule must be requested within fifteen (15) days of receipt of the notice of noncompliance. The compliance conference shall provide an opportunity for the recipient of a notice of noncompliance to explain the circumstances of the alleged violation and, where appropriate, to present a proposal for remedying damage caused by the alleged violation and assuring future compliance. If the recipient and the director agree on a plan to remedy damage caused by the alleged noncompliance and to assure future compliance, they may enter into a compliance order formalizing their agreement. The compliance order may include a schedule to correct deficiencies and a provision providing for payment of any agreed civil penalty.

(c) A compliance order shall be effective immediately upon signing by both parties and shall preclude any civil enforcement action for the same alleged noncompliance. If a party does not comply with the terms of the compliance order, the director may seek and obtain, in any appropriate district court, specific performance of the compliance order and such other relief as authorized in this act.

(d) If the parties cannot reach agreement on a compliance order within sixty (60) days after the receipt of the notice of noncompliance, or if the recipient does not timely request a compliance conference under this section, the director may commence and prosecute a civil enforcement action in district court, in accordance with subsection (3) of this section.

(3) Civil enforcement. The director may initiate a civil enforcement action through the attorney general. Civil enforcement actions shall be commenced and prosecuted in the district court in and for the county in which the alleged violation occurred, and may be brought against any person who is alleged to have violated any provision of this act or any permit or order which has become effective pursuant to this act. Such action may be brought to compel compliance with any provision of this act or with any permit or order promulgated hereunder and for any relief or remedies authorized in this act. No civil or administrative proceeding may be brought to recover for a violation of any provision of this act or a violation of any permit or order issued pursuant to this act, more than two (2) years after the director had knowledge or ought reasonably to have had knowledge of the violation.

The method of recovery of said penalty shall be by a civil enforcement action in the district court in and for the county where the violation occurred. Moneys collected for violations of this section or rules promulgated thereunder shall be deposited in the state treasury and credited to the state school building fund. The imposition or computation of monetary penalties shall take into account the seriousness of
the violation, good faith efforts to comply with the law, the economic impact of the penalty on the violator, the economic benefit, if any, of the violation and such other matters as justice requires.

22-4910. SAFE HARBOR. All beef cattle animal feeding operations operating in compliance with this act and approved best management practices shall not be subject to state enforcement action due to violations of state water quality standards or state ground water quality standards except in the event of imminent and substantial danger as provided in chapter 1, title 39, Idaho Code. However, the department shall evaluate and modify such best management practices as necessary.

SECTION 2. This act shall be in full force and effect on and after July 1, 2000, but shall be null, void and of no force and effect after March 31, 2001, unless the Idaho department of agriculture negotiates an acceptable memorandum of understanding with the EPA, the division of environmental quality and the Idaho cattle association to carry out this act.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-514, Idaho Code, be, and the same is hereby amended to read as follows:

33-514. ISSUANCE OF ANNUAL CONTRACTS -- SUPPORT PROGRAMS -- CATEGORIES OF CONTRACTS -- OPTIONAL PLACEMENT. (1) The board of trustees shall establish criteria and procedures for the supervision and evaluation of certificated employees who are not employed on a renewable contract, as provided for in section 33-515, Idaho Code. Such

(2) Each school district shall have a support program for certificated employees who are experiencing their first three (3) years with the district, under a category 1, 2 or 3 contract, providing support in the areas of: administrative and supervisory support, mentoring, peer assistance and professional development. In developing support programs, nothing shall prevent districts from joining together to formulate a joint program applicable to each member district. Programs shall be submitted for approval to the state department of education in accordance with procedures established by the department. The state department of education is hereby authorized and directed to:

(a) Formulate basic guidelines which districts shall use as a model for developing district programs;
(b) Approve school district support programs; and
(c) Establish procedures for districts to submit programs for approval, to provide for periodic review of previously approved programs, and to allow districts to amend previously approved programs.

(3) There shall be three (3) categories of annual contracts available to local school districts under which to employ certificated
personnel:

(a) A category 1 contract is a limited one-year contract as provided in section 33-514A, Idaho Code.

(b) A category 2 contract is for certificated personnel in the first and second years of continuous employment with the same school district. While employed under a category 2 contract, the employee shall be provided the services of the district support program referenced in subsection (2) of this section. Upon the decision by a local school board not to reemploy the person for the following year, the certificated employee shall be provided a written statement of reasons for non-reemployment by no later than May 25. No property rights shall attach to a category 2 contract and therefore the employee shall not be entitled to a review by the local board of the reasons or decision not to reemploy.

(c) A category 3 contract is for certificated personnel during the third year of continuous employment by the same school district. District procedures shall require at least one (1) evaluation prior to the beginning of the second semester of the school year and the results of any such evaluation shall be made a matter of record in the employee's personnel file. When any such employee's work is found to be unsatisfactory a reasonable defined period of probation shall be established by the board, after which but in no case shall a probationary period be less than eight (8) weeks. After the probationary period, action shall be taken by the board as to whether the employee is to be retained, immediately discharged, discharged upon termination of the current contract or reemployed at the end of the contract term under a continued probationary status. Notwithstanding the provisions of sections 67-2344 and 67-2345, Idaho Code, a decision to place certificated personnel on probationary status may be made in executive session and the employee shall not be named in the minutes of the meeting. A record of the decision shall be placed in the employee's personnel file. This procedure shall not preclude recognition of unsatisfactory work at a subsequent evaluation and the establishment of a reasonable period of probation. In all instances, the employee shall be duly notified in writing of the areas of work which are deficient, including the conditions of probation. Through the third year of continuous employment by the same school district, including any specialty-chartered district, each such certificated employee on a category 3 contract shall be given notice, in writing, whether he or she will be reemployed for the next ensuing year. Such notice shall be given by the board of trustees no later than the fifteenth twenty-fifth day of June of each such year. If the board of trustees has decided not to reemploy the certificated employee, then the notice must contain a statement of reasons for such decision and the employee shall, upon request, be given the opportunity for an informal review of such decision by the board of trustees. The parameters of an informal review shall be determined by the local board.

(4) School districts hiring an employee who has been on renewable contract status with another Idaho district or has out-of-state experience which would otherwise qualify the certificated employee for renewable contract status in Idaho, shall have the option to immedi-
ately grant renewable contract status, or to place the employee on a category 3 annual contract. Such employment on a category 3 contract under the provisions of this subsection may be for one (1), two (2) or three (3) years.

(5) There shall be a minimum of two (2) written evaluations in each of the annual contract years of employment, and at least one (1) evaluation shall be completed before January 1 of each year. The provisions of this subsection (5) shall not apply to employees on a category 1 contract.

Such a contract is specifically offered for the limited duration of the ensuing school year, and no further notice is required by the district to terminate the contract at the conclusion of the contract year.

SECTION 3. LEGISLATIVE INTENT. It is legislative intent that the fiscal year 2001 public school support bill contain additional funds for distribution by the Superintendent of Public Instruction to the various school districts. The purpose of the funds is to provide for administrative and supervisory support, mentoring, peer assistance, and professional development support programs as required in Section 33-514, Idaho Code, as amended in Section 1 of this act. It is recommended that $2,000,000 be appropriated in fiscal year 2001 for development and operation of such support programs and that these funds be distributed to school districts pro rata based upon the number of certificated employees who are experiencing their first three (3) years with the district under a category 1, 2 or 3 contract.

SECTION 4. (1) If an appropriation of at least two million dollars ($2,000,000) is not made by the 2000 Legislature for fiscal year 2001 for support programs in Section 33-514, Idaho Code, as amended in Section 1 of this act, this act shall be null, void, and of no force or effect.

determine whether the interests of the public or of the juvenile
require that further action be taken. Such inquiry may be made through
the county probation officer or such other agent or investigation
officer designated by the court. Thereupon, the court may make such
informal adjustment as is practicable, or dismiss the petition, or set
the matter for hearing. If an informal adjustment is made, it shall

the petitioner the petition shall so state.

Service of a petition upon the parents, legal guardian or person
or persons having custody or control of the juvenile shall subject the
parents, legal guardian or person or persons having custody or control
of the juvenile to the provisions of this chapter. The petition shall
inform the parents, legal guardian or other person legally obligated to care for and support the juvenile that service of the petition upon them shall make them subject to the provisions of this chapter.

SECTION 2. That Section 20-549, Idaho Code, be, and the same is hereby amended to read as follows:

20-549. CURFEW VIOLATIONS -- CITATION -- NOTIFICATION. The imposition of detention shall be subject to the provisions of sections 20-520(1)(b) and 20-521, Idaho Code. Detention of a juvenile in a county jail for violation of a curfew is prohibited.

Any peace officer may issue a citation for violation of a curfew that shall thereafter be processed under the juvenile corrections act in the same manner as though the violation was charged by a petition. Citations shall be issued on the Idaho uniform citation form. The peace officer issuing a curfew citation may detain the violator and at the time the citation is issued shall make a reasonable effort to obtain the endorsement of the juvenile's parent or legal guardian on the citation. The county treasurer shall collect said roll in the manner provided in said section 42-613, Idaho Code, or the watermaster may collect the assessment as provided in section 42-618, Idaho Code; provided, that if said water users at their annual meeting have by resolution provided for a time of payment of the amount due from each user, as shown in said budget, other than the time fixed in said section 42-613, Idaho Code, the said county treasurer or said watermaster shall collect the same at the time fixed in said resolution: and, provided further, that if said water users have by resolution provided that no water shall be delivered to any water user until the amount due from such user has been paid, the notice, to be mailed by said county treasurer or watermaster, shall also state the substance of said resolution.

Such applications will be considered by the state land board and be disposed of in the manner provided by law; except that the board may reject conflicting applications for a lease for commercial purposes if the lessee exercises the preference right to renew clause.

(10) Where conflicts appear upon leases which do not contain a preferential right to renew clause, such applications shall be considered as having been filed simultaneously. However, nothing herein shall be construed to prevent the state board of land commissioners from accepting and considering applications for new leases at any time.

(11) In case improvements have been made on land while under lease which is expiring, and the former lessee is not the successful bidder, but the land is leased to another, the amount of such improvements shall be paid to the former lessee. The following shall be considered improvements: plowing done within one (1) year, provided no crop has been raised on the plowed land after such plowing, fencing, buildings, cisterns, wells, growing crops and any other asset which shall be considered an improvement by the director.

(12) Commercial leases of the state lands described in this section shall not be subject to the conflict auction provisions of section 58-310, Idaho Code. The board may, at its discretion, call for proposals and sealed bids by public advertisement, and may evaluate said proposals and award the lease to the bidder whose proposal achieves the highest return over the term of the lease and who is capable of meeting such terms and conditions as may be set by the board; in the alternative, the board may call for lease applications by public advertisement and if more than one (1) person files an application to hold an auction in the same manner as provided in section 58-310, Idaho Code. In either case, the board must obtain a reasonable rental, based upon fair market value of the state land, throughout the duration of the lease. The board may reject any or all
proposals and any or all bids, and may reoffer the lease at a later date if the board determines that the proposals or bids do not achieve the highest and best use of the land at market rental.

(S.B. No. 1447)

AN ACT
RELATING TO WATER MANAGEMENT; AMENDING SECTION 42-222, IDAHO CODE, TO PROVIDE FOR SPECIFIC EXCEPTIONS TO FORFEITURE OF WATER RIGHTS; REPEALING SECTION 42-223, IDAHO CODE; AMENDING CHAPTER 2, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-223, IDAHO CODE, TO PROVIDE EXCEPTIONS OR DEFENSES TO FORFEITURE OF WATER RIGHTS; REPEALING SECTION 42-224, IDAHO CODE; AMENDING SECTION 42-233a, IDAHO CODE, TO PROVIDE THAT THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES MAY APPROVE A GROUND WATER MANAGEMENT PLAN IN AREAS DESIGNATED AS CRITICAL GROUND WATER AREAS AND TO MAKE TECHNICAL CORRECTIONS; AND AMENDING SECTION 42-233b, IDAHO CODE, TO PROVIDE THAT THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES MAY APPROVE A GROUND WATER MANAGEMENT PLAN FOR AREAS DESIGNATED AS GROUND WATER MANAGEMENT AREAS AND TO PROVIDE FOR MANAGING THE EFFECTS OF GROUND WATER WITHDRAWALS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-222, Idaho Code, be, and the same is hereby amended to read as follows:

42-222. CHANGE IN POINT OF DIVERSION, PLACE OF USE, PERIOD OF USE, OR NATURE OF USE OF WATER UNDER ESTABLISHED RIGHTS -- FORFEITURE AND EXTENSION -- APPEALS. (1) Any person, entitled to the use of water whether represented by license issued by the department of water resources, by claims to water rights by reason of diversion and application to a beneficial use as filed under the provisions of this chapter, or by decree of the court, who shall desire to change the point of diversion, place of use, period of use or nature of use of all or part of the water, under the right shall first make application to the department of water resources for approval of such change. Such application shall be upon forms furnished by the department and shall describe the right licensed, claimed or decreed which is to be changed and the changes which are proposed, and shall be accompanied by the statutory filing fee as in this chapter provided. Upon receipt of such application it shall be the duty of the director of the department of water resources to examine same, obtain any consent required in section 42-108, Idaho Code, and if otherwise proper to provide notice of the proposed change in the same manner as applications under section 42-203A, Idaho Code. Such notice shall advise that anyone who desires to protest the proposed change shall file notice of protests with the department within ten (10) days of the last date of publication. Upon
the receipt of any protest, accompanied by the statutory filing fee as provided in section 42-221, Idaho Code, it shall be the duty of the director of the department of water resources to investigate the same and to conduct a hearing thereon. He shall also advise the watermaster of the district in which such water is used of the proposed change and the watermaster shall notify the director of the department of water resources of his recommendation on the application, and the director of the department of water resources shall not finally determine the action on the application for change until he has received from such watermaster his recommendation thereof, which action of the watermaster shall be received and considered as other evidence.

When the nature of use of the water right is to be changed to municipal purposes and some or all of the right will be held by a municipal provider to serve reasonably anticipated future needs, the municipal provider shall provide to the department sufficient information and documentation to establish that the applicant qualifies as a municipal provider and that the reasonably anticipated future needs, the service area and the planning horizon are consistent with the definitions and requirements specified in this chapter. The service area need not be described by legal description nor by description of every intended use in detail, but the area must be described with sufficient information to identify the general location where the water under the water right is to be used and the types and quantity of uses that generally will be made.

When a water right or a portion thereof to be changed is held by a municipal provider for municipal purposes, as defined in section 42-202B, Idaho Code, that portion of the right held for reasonably anticipated future needs at the time of the change shall not be changed to a place of use outside the service area, as defined in section 42-202B, Idaho Code, or to a new nature of use.

The director of the department of water resources shall examine all the evidence and available information and shall approve the change in whole, or in part, or upon conditions, provided no other water rights are injured thereby, the change does not constitute an enlargement in use of the original right, the change is consistent with the conservation of water resources within the state of Idaho and is in the local public interest as defined in section 42-203A(5), Idaho Code, and the new use is a beneficial use, which in the case of a municipal provider shall be satisfied if the water right is necessary to serve reasonably anticipated future needs as provided in this chapter. The director may consider consumptive use, as defined in section 42-202B, Idaho Code, as a factor in determining whether a proposed change would constitute an enlargement in use of the original water right. The director shall not approve a change in the nature of use from agricultural use where such change would significantly affect the agricultural base of the local area. The transfer of the right to the use of stored water for irrigation purposes shall not constitute an enlargement in use of the original right even though more acres may be irrigated, if no other water rights are injured thereby. A copy of the approved application for change shall be returned to the applicant and he shall be authorized upon receipt thereof to make the change and the original water right shall be presumed to have been amended by reason of such authorized change. In the event the director of the
department of water resources determines that a proposed change shall not be approved as provided in this section, he shall deny the same and forward notice of such action to the applicant by certified mail, which decision shall be subject to judicial review as hereafter provided.

(2) All rights to the use of water acquired under this chapter or otherwise shall be lost and forfeited by a failure for the term of five (5) years to apply it to the beneficial use for which it was appropriated and when any right to the use of water shall be lost through nonuse or forfeiture such rights to such water shall revert to the state and be again subject to appropriation under this chapter; except that all water rights appurtenant to land contracted in a federal cropland set-aside program, shall not be lost and forfeited for nonuse during the contracted period. The five (5) year period of nonuse for forfeiture of a water right shall begin to accrue upon termination of the contract if a period of nonuse did not occur prior to the effective date of the contract or shall continue to accrue if a period of nonuse occurred prior to the effective date of the contract. A water right held by a municipal provider to meet reasonably anticipated future needs shall be deemed to constitute a beneficial use, and such rights shall not be lost or forfeited for nonuse unless the planning horizon specified in the license has expired and the quantity of water authorized for use under the license is no longer needed to meet reasonably anticipated future needs. A water right shall not be forfeited by a failure to divert and apply the water to beneficial use if the water is not needed to maintain full beneficial use under the right because of land application of waste for disposal purposes including, but not limited to discharge from dairy lagoons, used in combination with or substituted for water diverted under the water right any right to the use of water shall not be lost through forfeiture by the failure to apply the water to beneficial use under certain circumstances as specified in section 42-223, Idaho Code.

(3) Upon proper showing before the director of the department of water resources of good and sufficient reason for nonapplication to beneficial use of such water for such term of five (5) years, the director of the department of water resources is hereby authorized to grant an extension of time extending the time for forfeiture of title for nonuse thereof, to such waters for a period of not to exceed five (5) additional years.

(4) Application for an extension shall be made before the end of the five (5) year period upon forms to be furnished by the department of water resources and shall fully describe the right on which an extension of time to resume the use is requested and the reasons for such nonuse and shall be accompanied by the statutory filing fee; provided that water rights appurtenant to land contracted in a federal cropland set-aside program, or covered by the waste provision of this protected from forfeiture under the provisions of section 42-223, Idaho Code, are exempt from this requirement.

(a) Upon the receipt of such application it shall be the duty of the director of the department of water resources to examine the same and to provide notice of the application for an extension in the same manner as applications under section 42-203A, Idaho Code. The notice shall fully describe the right, the extension which is
requested and the reason for such nonuse and shall state that any person desiring to object to the requested extension may submit a protest, accompanied by the statutory filing fee as provided in section 42-221, Idaho Code, to the director of the department of water resources within ten (10) days of the last date of publication.

(b) Upon receipt of a protest it shall be the duty of the director of the department of water resources to investigate and conduct a hearing thereon as in this chapter provided.

(c) The director of the department of water resources shall find from the evidence presented in any hearing, or from information available to the department, the reasons for such nonuse of water and where it appears to the satisfaction of the director of the department of water resources that other rights will not be impaired by granting an extension of time within which to resume the use of the water and good cause appearing for such nonuse, he may grant one (1) extension of five (5) years within which to resume such use.

(d) In his approval of the application for an extension of time under this section the director of the department of water resources shall set the date when the use of water is to be resumed. Sixty (60) days before such date the director of the department of water resources shall forward to the applicant at his address of record a notice by certified mail setting forth the date on which the use of water is to be resumed and a form for reporting the resumption of the use of the water right. If the use of the water has not been resumed and report thereon made on or before the date set for resumption of use such right shall revert to the state and again be subject to appropriation, as provided in this section.

(e) In the event the director of the department of water resources determines that a proposed extension of time within which to resume use of a water right shall not be approved as provided in this section, he shall deny same and forward notice of such action to the applicant by certified mail, which decision shall be subject to judicial review as hereafter provided.

(35) Any person or persons feeling themselves aggrieved by the determination of the department of water resources in approving or rejecting an application to change the point of diversion, place, period of use or nature of use of water under an established right or an application for an extension of time within which to resume the use of water as provided in this section, may, if a protest was filed and a hearing held thereon, seek judicial review pursuant to section 42-1701A(4), Idaho Code. If no protest was filed and no hearing held, the applicant may request a hearing pursuant to section 42-1701A(3), Idaho Code, for the purpose of contesting the action of the director and may seek judicial review of the final order of the director following the hearing pursuant to section 42-1701A(4), Idaho Code.

SECTION 2. That Section 42-223, Idaho Code, be, and the same is hereby repealed.

SECTION 3. That Chapter 2, Title 42, Idaho Code, be, and the same
is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-223, Idaho Code, and to read as follows:

42-223. EXCEPTIONS OR DEFENSES TO FORFEITURE. A right to the use of water shall not be lost by forfeiture pursuant to the provisions of section 42-222, Idaho Code, for a failure to apply the water to beneficial use under the conditions specified in any subsection of this section. The legislature does not intend through enactment of this section to preclude judicial or administrative recognition of other exceptions or defenses to forfeiture recognized in Idaho case law or other provisions of the Idaho Code.

(1) A water right appurtenant to land contracted in a federal cropland set-aside program shall not be lost or forfeited for nonuse during the contracted period. The running of any five (5) year period of nonuse for forfeiture of a water right shall be tolled during the time that the land remains in the cropland set-aside program.

(2) A water right held by a municipal provider to meet reasonably anticipated future needs shall be deemed to constitute beneficial use, and such rights shall not be lost or forfeited for nonuse unless the planning horizon specified in the license has expired and the quantity of water authorized for use under the license is no longer needed to meet reasonably anticipated future needs.

(3) A water right shall not be lost or forfeited by a failure to divert and apply the water to beneficial use if the water is not needed to maintain full beneficial use under the right because of land application of waste for disposal purposes including, but not limited to, discharge from dairy lagoons used in combination with or substituted for water diverted under the water right.

(4) A water right shall not be lost or forfeited by a failure to divert and apply the water to beneficial use if the reason for the nonuse of the water is to comply with the provisions of a ground water management plan approved by the director of the department of water resources pursuant to section 42-233a or 42-233b, Idaho Code.

SECTION 4. That Section 42-224, Idaho Code, be, and the same is hereby repealed.

SECTION 5. That Section 42-233a, Idaho Code, be, and the same is hereby amended to read as follows:

42-233a. "CRITICAL GROUND WATER AREA" DEFINED -- PUBLIC HEARINGS -- PUBLICATION OF NOTICE -- GRANTING OR DENIAL OF APPLICATION -- APPEAL. "Critical ground water area" is defined as any ground water basin, or designated part thereof, not having sufficient ground water to provide a reasonably safe supply for irrigation of cultivated lands, or other uses in the basin at the then current rates of withdrawal, or rates of withdrawal projected by consideration of valid and outstanding applications and permits, as may be determined and designated, from time to time, by the director of the department of water resources.

Upon the designation of a "critical ground water area" it shall be the duty of the director of the department of water resources to con-
duct a public hearing in the area concerned to apprise the public of such designation and the reasons therefor. Notice of the hearing shall be published in two (2) consecutive weekly issues of a newspaper of general circulation in the area immediately prior to the date set for hearing.

In the event an area has been designated as a "critical ground water area" and the director of the department of water resources desires to remove such designation or modify the boundaries thereof, he shall likewise conduct a public hearing following similar publication of notice prior to taking such action.

When a "critical ground water area" is designated by the director of the department of water resources, or at any time thereafter during the existence of the designation, the director may approve a ground water management plan for the area. The ground water management plan shall provide for managing the effects of ground water withdrawals on the aquifer from which withdrawals are made and on any other hydraulically connected sources of water.

In the event the application for permit is made with respect to an area that has not been designated as a critical ground water area the director of the department of water resources shall forthwith issue a permit in accordance with the provisions of section 42-203A and section 42-204, Idaho Code, provided said application otherwise meets the requirements of such sections; and further provided that if the applicant proposes to appropriate water from a ground water basin or basins in an amount which exceeds ten thousand (10,000) acre-feet per year either from a single or a combination of diversion points, and the director determines that the withdrawal of such amount will substantially and adversely affect existing pumping levels of appropriators pumping from such basin or basins, or will substantially and adversely affect the amount of water available for withdrawal from such basin or basins under existing water rights, the director may require that the applicant undertake such recharge of the ground water basin or basins as will offset that withdrawal adversely affecting existing pumping levels or water rights.

In the event the application for permit is made in an area which has been designated as a critical ground water area, if the director of the department of water resources from the investigation made by him on said application as herein provided, or from the investigation made by him in determining the area to be critical, or from other information that has come officially to his attention, has reason to believe that there is insufficient water available subject to appropriation at the location of the proposed well described in the application, the director of the department of water resources may forthwith deny said application; provided, however, that if ground water at such location is available in a lesser amount than that applied for the director of the department of water resources may issue a permit for the use of such water to the extent that such water is available for such appropriation.

The director may require all water right holders within a critical ground water area to report withdrawals of ground water and other necessary information for the purpose of assisting him in determining available ground water supplies and their usage.

The director, upon determination that the ground water supply is
insufficient to meet the demands of water rights within all or portions of a critical ground water area, shall order those water right holders on a time priority basis, within the area determined by the director, to cease or reduce withdrawal of water until such time as the director determines there is sufficient ground water. Such order shall be given only before September 1 and shall be effective for the growing season during the year following the date the order is given.

Any applicant dissatisfied with the decision of the director of the department of water resources may appeal to the district court in the manner provided for in section 42-237e, Idaho Code.

SECTION 6. That Section 42-233b, Idaho Code, be, and the same is hereby amended to read as follows:

42-233b. GROUND WATER MANAGEMENT AREA. "Ground water management area" is defined as any ground water basin or designated part thereof which the director of the department of water resources has determined may be approaching the conditions of a critical ground water area. Upon designation of a ground water management area the director shall publish notice in two (2) consecutive weekly issues of a newspaper of general circulation in the area.

When a ground water management area is designated by the director of the department of water resources, or at any time thereafter during the existence of the designation, the director may approve a ground water management plan for the area. The ground water management plan shall provide for managing the effects of ground water withdrawals on the aquifer from which withdrawals are made and on any other hydraulically connected sources of water.

AN ACT
RELATING TO CHILD SUPPORT; AMENDING SECTION 32-706, IDAHO CODE, TO CLARIFY AUTHORITY OF THE SUPREME COURT TO ESTABLISH AND MODIFY CHILD SUPPORT GUIDELINES; REPEALING SECTION 32-706A, IDAHO CODE; AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 32-706, Idaho Code, be, and the same is hereby amended to read as follows:

32-706. CHILD SUPPORT. (1) In a proceeding for divorce or child support, the court may order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for his or her support and education until the child is eighteen (18) years of age, without regard to marital misconduct, after considering all relevant factors which may include:
   (a) The financial resources of the child;
   (b) The financial resources, needs, and obligations of both the custodial and noncustodial parents which ordinarily shall not include a parent's community property interest in the financial resources or obligations of a spouse who is not a parent of the child, unless compelling reasons exist;
   (c) The standard of living the child enjoyed during the marriage;
   (d) The physical and emotional condition and needs of the child and his or her educational needs;
   (e) The availability of medical coverage for the child at reasonable cost;
   (f) The actual tax benefit recognized by the party claiming the federal child dependency exemption.
(2) If the child continues his high school education subsequent to reaching the age of eighteen (18) years, the court may, in its discretion, and after considering all relevant factors which include those set forth in subsection (1) of this section, order the continuation of support payments until the child discontinues his high school education or reaches the age of nineteen (19) years, whichever is sooner.

(3) All child support orders shall notify the obligor that the order will be enforced by income withholding pursuant to chapter 12, title 32, Idaho Code. Failure to include this provision does not affect the validity of the support order. The court shall require that the social security numbers of both the obligor and obligee be included in the order or decree.

(4) In a proceeding for the support of a child or a minor parent the court may order the parent(s) of each minor parent to pay an amount reasonable or necessary for the support and education of the child born to the minor parent(s) until the minor parent is eighteen (18) years of age, after considering all relevant factors which may include:
   (a) The financial resources of the child;
   (b) The financial resources of the minor parent;
   (c) The financial resources, needs and obligations of the parent of the minor parent;
   (d) The physical and emotional condition and needs of the child and his or her educational needs; and
   (e) The availability of medical coverage for the child at reasonable cost.

(5) The legislature hereby authorizes and encourages the supreme court of the state of Idaho to adopt and to periodically review for modification guidelines that utilize and implement the factors set forth in subsections (1) through (4) of this section to create a uniform procedure for reaching fair and adequate child support awards. There shall be a rebuttable presumption that the amount of the award which would result from the application of the guidelines is the amount of child support to be awarded, unless evidence is presented in a particular case which indicates that an application of the guidelines would be unjust or inappropriate. If the court determines that circumstances exist to permit a departure from the guidelines, the judge making the determination shall make a written or specific finding on the record that the application of the guidelines would be unjust or inappropriate in the particular case before the court.

SECTION 2. That Section 32-706A, Idaho Code, be, and the same is hereby repealed.

SECTION 3. This act shall be in full force and effect on and after July 1, 2000.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-701, Idaho Code, be, and the same is hereby amended to read as follows:

63-701. DEFINITIONS. As used in this chapter:
(1) "Claimant" means a person who has filed a claim under the provisions of sections 63-701 through 63-710, Idaho Code. Except as provided in section 63-702(2), Idaho Code, on January 1 of the year in which the claim was filed a claimant must be an owner of a homestead and be:
(a) Not less than sixty-five (65) years old; or
(b) A fatherless or motherless child under the age of eighteen (18) years of age; or
(c) A widow or widower; or
(d) A disabled person who is recognized as disabled by the social security administration pursuant to title 42 of the United States Code, or by the railroad retirement board pursuant to title 45 of the United States Code, or by the office of management and budget pursuant to title 5 of the United States Code; or
(e) A disabled veteran of any war engaged in by the United States, whose disability is recognized as a service-connected disability of a degree of ten percent (10%) or more, or who has a pension for nonservice-connected disabilities, in accordance with laws and regulations administered by the United States veterans administration; or
(f) A person as specified in 42 USC 1701, who was or is entitled to receive benefits because he is known to have been taken by a hostile force as a prisoner, hostage or otherwise; or
(g) Blind.
(2) "Homestead" means the dwelling, owner-occupied by the claimant and used as the primary dwelling place of the claimant and occupied by any members of the household as their home, and so much of the land surrounding it, not exceeding one (1) acre, as is reasonably necessary for the use of the dwelling as a home. It may consist of a part of a multidwelling or multipurpose building and part of the land upon which it is built. Homestead does not include personal property such as furniture, furnishings or appliances, but a manufactured home may be a homestead.
(3) "Household" means the claimant and any person or persons who live in the same dwelling, and share its furnishings, facilities, accommodations or expenses. The term includes any person owing a duty of support to the applicant pursuant to section 32-1002, Idaho Code, unless the person qualifies as a "nonhousehold member" pursuant to
subsection (6) of this section. The term does not include bona fide lessees, tenants, or roomers and boarders on contract. "Household" includes persons described in subsection (9)(b) of this section.

(4) "Household income" means all income received by all persons of a household in a calendar year while members of the household.

(5) "Income" means the sum of federal adjusted gross income as defined in the internal revenue code, as defined in section 63-3004, Idaho Code, and to the extent not already included in federal adjusted gross income, alimony, support money, income from inheritances, nontaxable strike benefits, the nontaxable amount of any individual retirement account, pension or annuity, (including railroad retirement benefits, all payments received under the federal social security act, state unemployment insurance laws, and veterans disability pensions and compensation, excluding rollovers as provided in section 402 or 403 of the internal revenue code), nontaxable interest received from the federal government or any of its instrumentalities or a state government or any of its instrumentalities, worker's compensation and the gross amount of loss of earnings insurance. It does not include capital gains, gifts from nongovernmental sources or inheritances. To the extent not reimbursed, cost of medical care as defined in section 213(d) of the internal revenue code, incurred by the household may be deducted from income. "Income" does not include veterans disability pensions received by a person described in subsection (1)(e) who is a claimant or a claimant's spouse, provided however, that the disability pension is received pursuant to a service-connected disability of a degree of forty percent (40%) or more. Documentation of medical expenses may be required by the county assessor, board of equalization and state tax commission. "Income" shall be that received in the calendar year immediately preceding the year in which a claim is filed. Where a claimant does not file a federal tax return the claimant's federal adjusted gross income, for purposes of this section, shall be an income equivalent to federal adjusted gross income had the claimant filed a federal tax return.

(6) "Nonhousehold member" means any nonspouse who lives in the claimant's dwelling for the purpose of providing protective oversight, caregiving, or personal care services to the claimant, or who is receiving disability benefits pursuant to subsection (1)(d) or (e) of this section, or who is over age sixty-five (65) and lives in the claimant's dwelling and receives protective oversight, caregiving or personal care services provided by the claimant.

(7) "Occupied" means actual use and possession.

(8) "Owner" means a person holding title in fee simple or holding a certificate of motor vehicle title (either of which may be subject to mortgage, deed of trust or other lien) or who has retained or been granted a life estate or who is a person entitled to file a claim under section 63-702, Idaho Code. "Owner" shall also include any person who as grantor created a revocable or irrevocable trust and named himself as beneficiary of that trust, or who is a partner of a limited partnership, member of a limited liability company or shareholder of a corporation which holds title in fee simple or holds a certificate of motor vehicle title and who has retained or been granted a life estate. "Owner" shall not include any person that otherwise occupies property as beneficiary of a trust. "Owner" includes a vendee in pos-
session under a land sale contract. Any partial ownership shall be considered ownership for determining qualification for property tax reduction benefits, however, the amount of property tax reduction under section 63-704, Idaho Code, and rules promulgated pursuant to section 63-705, Idaho Code, shall be computed on the value of the claimant's partial ownership. "Partial ownership," for the purposes of this section, means any one (1) person's ownership when property is owned by more than one (1) person. A person holding either partial title in fee simple or holding a certificate of motor vehicle title together with another person but who does not occupy the dwelling as his primary dwelling place, shall not be considered an owner for purposes of this section, if such person is a cosignatory of a note secured by the dwelling in question and at least one (1) of the other cosignatories of the note occupies the dwelling as his primary dwelling place. The combined community property interests of both spouses shall not be considered partial ownership. The proportional reduction required under this subsection shall not apply to community property interests. Where title to property is held by a person who has died without timely filing a claim for property tax reduction, the estate shall be the "owner."

(9) (a) "Primary dwelling place" means the claimant's dwelling place on January 1 of the year for which the claim is made. The primary dwelling place is the single place where a claimant has his true, fixed and permanent home and principal establishment, and to which whenever the individual is absent he has the intention of returning. A claimant must establish the dwelling to which the claim relates as his primary dwelling place by clear and convincing evidence or by establishing that the dwelling is where the claimant resided on January 1 and:

(i) At least six (6) months during the prior year; or
(ii) The majority of the time the claimant owned the dwelling if owned by the claimant less than one (1) year; or
(iii) The majority of the time after the claimant first occupied the dwelling if occupied by the claimant less than one (1) year.

(b) Notwithstanding the provisions of paragraph (a) of this subsection, the property upon which the claimant makes application shall be deemed to be the claimant's primary dwelling place if the claimant is otherwise qualified and resides in a care facility and does not allow the property upon which the claimant has made application to be occupied by persons paying a consideration to occupy the dwelling. A claimant's spouse who resides in a care facility shall be deemed to reside at the claimant's primary dwelling place and to be a part of the claimant's household. A care facility is a hospital, skilled nursing facility, intermediate care facility or intermediate care facility for the mentally retarded as defined in section 39-1301, Idaho Code, or a facility as defined in section 39-3302(16), Idaho Code, or a dwelling other than the one (1) upon which the applicant makes application where a claimant who is unable to reside in the dwelling upon which the application is made lives and receives help in daily living, protection and security.
SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2000.

Such third party shall not include those employers described in section 72-216, Idaho Code, having under them contractors or subcon-
tractors who have in fact complied with the provisions of section 72-301, Idaho Code; nor include the owner or lessee of premises, or other person who is virtually the proprietor or operator of the business there carried on, but who, by reason of there being an independent contractor or for any other reason, is not the direct employer of the workmen there employed.

(2) Action may be instituted against such third party by the employee, or in event compensation has been claimed and awarded, by the employee and employer jointly, in the employee's name, or, if the employee refuses to participate in such action, by the employer in the employee's name.

(3) If compensation has been claimed and awarded, the employer having paid such compensation or having become liable therefor, shall be subrogated to the rights of the employee, to recover against such third party to the extent of the employer's compensation liability.

Such credit shall apply as future compensation benefits become payable, and the employer shall reimburse the employee for the proportionate share of attorney's fees and costs paid by the employee in obtaining that portion of the third party recovery corresponding to the credit claimed. The employer shall not be required to pay such attorney's fees and costs related to the future credit prior to the time the credit is claimed. However, the employer and employee may agree to different terms if approved by the industrial commission.

(6) If death results from the injury or occupational disease and if the employee leaves no dependents entitled to benefits under this
law, the surety shall have a right of action against the third party for recovery of income benefits, reasonable expenses of medical and related services and burial expense actually paid by the surety and for recovery of amounts paid into the industrial special indemnity account pursuant to section 72-420, Idaho Code, and such right of action shall be in addition to any cause of action of the heirs or personal representatives of the deceased.

AN ACT
RELATING TO BONDS OR TRUST AGREEMENTS OF THE IDAHO HEALTH FACILITIES AUTHORITY; AMENDING SECTION 39-1449, IDAHO CODE, TO PROVIDE FOR DESIGNATION OF A TRUSTEE WITHIN OR WITHOUT THE STATE OF IDAHO AND TO MAKE TECHNICAL CORRECTIONS; AND AMENDING SECTION 39-1450D, IDAHO CODE, TO PROVIDE FOR DESIGNATION OF A TRUSTEE WITHIN OR WITHOUT THE STATE OF IDAHO AND TO MAKE A TECHNICAL CORRECTION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-1449, Idaho Code, be, and the same is hereby amended to read as follows:

39-1449. BONDS. (a) The authority is authorized from time to time to issue its bonds in such principal amount as the authority shall determine for the purpose of financing all or a part of the cost of any facilities authorized hereby or for the refinancing of outstanding obligations. In anticipation of the sale of such bonds, the authority may issue bond anticipation notes and may renew the same from time to time. Such notes shall be paid from any revenues of the authority or other moneys available therefor and not otherwise pledged, or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes shall be issued in the same manner as bonds. Such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which a bond resolution of the authority may contain.

(b) The bonds may be issued as serial bonds or as term bonds or a combination of both types. All bonds issued by the authority shall be payable solely out of the revenues and receipts derived from the leasing, mortgaging or sale by the authority of the facilities concerned or of any part thereof as may be designated in the resolutions of the authority under which the bonds shall be authorized to be issued or as may be designated in a trust indenture authorized by the authority, which such trust indenture shall name a bank or trust company within or without the state of Idaho as trustee or from other moneys available therefor and not otherwise pledged. Such bonds may be executed and delivered by the authority at any time and from time to time, may be in such form and denominations and of such terms and maturities, may be in fully registered form or in bearer form registerable either as to principal or interest or both, may bear such conversion privileges and be payable in such instalments and at such time or times not exceeding forty (40) years from the date thereof, may be
payable at such place or places whether within or without the state of Idaho, may bear interest at such rate or rates per annum as shall be determined by the authority and without regard to any interest rate limitation appearing in any other law, payable at such time or times and at such place or places and evidenced in such manner, may be executed by such officers of the authority, either manually or by facsimile, and coupon bonds shall have attached thereto interest coupons bearing the facsimile signature of an authorized officer of the authority and may contain such provisions not inconsistent herewith, all as shall be provided in the resolutions of the authority whereunder the bonds shall be authorized to be issued or as shall be provided in a trust indenture authorized by the authority. Notwithstanding any provision of this section to the contrary, in the case of obligations maturing not later than one (1) year from the date of issuance thereof, the authority may authorize the executive director, associate executive director or any officer of the authority to fix principal amounts, maturity dates, interest rates, and purchase prices of any particular issue of such short-term obligations, subject to such limitations as to maximum term, maximum principal amount outstanding, and maximum interest rates as the authority shall prescribe by resolution. Any such authorization shall remain effective for the period of time designated in the resolution, regardless of whether the composition of the authority changes in the interim.

(c) If deemed advisable by the authority there may be retained in the resolutions or the trust indenture under which any bonds of the authority are authorized to be issued an option to redeem all or any part thereof as may be specified in such resolutions or in such trust indenture, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such resolutions or in such trust indenture, and as may be briefly recited on the face of the bonds, but nothing herein contained shall be construed to confer on the authority the right or option to redeem any bonds except as may be provided in the resolutions or in such trust indenture under which they shall be issued.

(d) The bonds or notes of the authority may be sold at public or private sale for such price or prices and in such manner and from time to time as may be determined by the authority, and the authority may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance thereof. The power to fix the date of sale of bonds and notes, to receive bids or proposals, to award and sell bonds and notes, and to take all other necessary action to sell and deliver bonds and notes may be delegated to the executive director of the authority by resolution of the authority. Pending preparation of the definitive bonds, the authority may issue interim receipts or certificates which shall be exchanged for such definitive bonds.

(e) Issuance by the authority of one (1) or more series of bonds for one (1) or more purposes shall not preclude it from issuing other bonds in connection with the same facilities or any other facilities or any other purpose hereunder, but the resolutions or trust indenture whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge or mortgage made for any prior issue of bonds. Any bonds of the authority at any time outstanding may at any time and
from time to time be refunded by the authority by the issuance of its bonds for such purpose in such amount as the authority may deem necessary and, if deemed advisable by the authority, for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions or enlargements of a facility or any portion thereof.

Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by the exchange of the refunding bonds for the bonds to be refunded thereby with the consent of the holders of the bonds so to be refunded, and regardless of whether or not the bonds to be refunded were issued in connection with the same facilities or separate facilities or for any other purpose hereunder, and regardless of whether or not the bonds proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise. The proceeds of any such bonds issued for the purpose of refunding outstanding bonds may, in the discretion of the authority, be applied to the purchase or retirement at maturity or redemption of such outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or at the maturity thereof and may, pending such application, be placed in escrow to be applied to such purchase or retirement at maturity or redemption on such date as may be determined by the authority. Any such escrowed proceeds, pending such use, may be invested and reinvested in obligations determined by the authority. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds or notes to be so refunded, to the payment of principal or interest on the refunding bonds or may be used by the authority in any lawful manner. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner. The portion of the proceeds of any such bonds issued for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions or enlargements of a facility may be invested and reinvested in obligations determined by the authority. The interest, income and profits, if any, earned or realized on such investment may be applied to the payment of all or any part of such cost or may be used by the authority in any lawful manner. All such bonds shall be subject to the provisions of this act in the same manner and to the same extent as other bonds issued pursuant to this act. All bonds and the interest coupons applicable thereto are hereby made and shall be construed to be negotiable instruments within the meaning of and for all the purposes of article 8, uniform commercial code, subject only to the provisions of such bonds, notes or other obligations for registration.

SECTION 2. That Section 39-1450D, Idaho Code, be, and the same is hereby amended to read as follows:

39-1450D. TRUST AGREEMENT TO SECURE BONDS. In the discretion of
the authority any bonds issued under this act may be secured by a trust agreement by and between the authority and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company in within or without the state of Idaho. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received or proceeds of any contract or contracts pledged and may convey or mortgage the project or any portion thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper, and not in violation of law, including particularly such provisions as have been specifically authorized to be included in any resolution or resolutions of the authority authorizing bonds thereof. Any bank or trust company incorporated under the laws of this state, which may act as depository of the proceeds of bonds or of revenues or other moneys, may furnish such indemnifying bonds or pledge such securities as may be required by the authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right of action by bondholders. In addition, any such trust agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out such trust agreement or resolution may be treated as a part of the cost of the operation of a facility.

A notice of intent to seek the death penalty may be withdrawn at any time prior to the imposition of sentence.

SECTION 3. That Section 18-4505, Idaho Code, be, and the same is hereby amended to read as follows:

18-4505. INQUIRY INTO MITIGATING OR AGGRAVATING CIRCUMSTANCES -- SENTENCE IN KIDNAPPING CASES -- STATUTORY AGGRAVATING CIRCUMSTANCES -- JUDICIAL FINDINGS. 1. 3. In all cases in which the death penalty may be imposed, the court shall, after conviction, order a presentence investigation to be conducted according to such procedures as are prescribed by law and shall thereafter convene a sentencing hearing for the purpose of hearing all relevant evidence and arguments of counsel in aggravation and mitigation of the offense. At such hearing, the state and the defend-
ant shall be entitled to present all relevant evidence in aggravation and mitigation. Should any party present aggravating or mitigating evidence which has not previously been disclosed to the opposing party or parties, the court shall, upon request, adjourn the hearing until the party desiring to do so has had a reasonable opportunity to respond to such evidence. Evidence admitted at trial shall be considered and need not be repeated at the sentencing hearing. Evidence offered at trial but not admitted may be repeated or amplified if necessary to complete the record.

4. Upon the conclusion of the evidence and arguments in mitigation and aggravation the court shall make written findings setting forth any statutory aggravating circumstance found. Further, the court shall set forth in writing any mitigating factors considered and, if the court finds that mitigating circumstances outweigh the gravity of any aggravating circumstance found so as to make unjust the imposition of the death penalty, the court shall detail in writing its reasons for so finding.

5. Upon making the prescribed findings, the court shall impose sentence within the limits fixed by law.

6. The following are statutory aggravating circumstances, at least one (1) of which must be found to exist beyond a reasonable doubt before a sentence of death can be imposed:

(a) Conduct a program of continuing surveillance and of regular or periodic inspection of actual or potential health environmental hazards, air contamination sources, water pollution sources, noise sources; and of solid waste disposal sites;

(b) Enter at all reasonable times upon any private or public property, upon presentation of appropriate credentials, for the purpose of inspecting or investigating to ascertain possible violations of this act or of rules, regulations; permits or orders adopted and promulgated by the director or the board;

(e) Whenever the director determines that any person is in violation of any provision of this act or any rule, regulation; permit or order issued or promulgated pursuant to this act, the director may commence either of the following:

(a) Administrative Enforcement Action.
(i) Notice. The director may commence an administrative enforcement action by issuing a written notice of violation. The notice of violation shall identify the alleged violation with specificity, shall specify each provision of the act, rule, regulation, permit or order which has been violated, and shall state the amount of civil penalty claimed for each violation. The notice of violation shall inform the person to whom it is directed of an opportunity to confer with the director or the director's designee in a compliance conference concerning the alleged violation. A written response may be required within fifteen (15) days of receipt of the notice of violation by the person to whom it is directed.

(ii) Scheduling compliance conference. If a recipient of a notice of violation contacts the department within fifteen (15) days of the receipt of the notice, the recipient shall be entitled to a compliance conference. The conference shall be held within twenty (20) days of the date of receipt of the notice, unless a later date is agreed upon between the parties. If a compliance conference is not requested, the director may proceed with a civil enforcement action as provided in paragraph (b) of this subsection.

(iii) Compliance conference. The compliance conference shall provide an opportunity for the recipient of a notice of violation to explain the circumstances of the alleged violation and, where appropriate, to present a proposal for remedying damage caused by the alleged violation and assuring future compliance.

(iv) Consent order. If the recipient and the director agree on a plan to remedy damage caused by the alleged violation and to assure future compliance, they may enter into a consent order formalizing their agreement. The consent order may include a provision providing for payment of any agreed civil penalty.

(v) Effect of consent order. A consent order shall be effective immediately upon signing by both parties and shall preclude any civil enforcement action for the same alleged violation. If a party does not comply with the terms of the consent order, the director may seek and obtain, in any appropriate district court, specific performance of the consent order and such other relief as authorized in this chapter.

(vi) Failure to reach consent order. If the parties cannot reach agreement on a consent order within sixty (60) days after the receipt of the notice of violation or if the recipient does not request a compliance conference as per subsection (a)(ii) of this section, the director may commence and prosecute a civil enforcement action in district court, in accordance with subsection (b) of this section.

(b) Civil enforcement action. The director may initiate a civil enforcement action through the attorney general as provided in section 39-109, Idaho Code. Civil enforcement actions shall be commenced and prosecuted in the district court in and for the
county in which the alleged violation occurred, and may be brought against any person who is alleged to have violated any provision of this act or any rule, regulation, permit or order which has become effective pursuant to this act. Such action may be brought to compel compliance with any provision of this act or with any rule, regulation, permit or order promulgated hereunder and for any relief or remedies authorized in this act. The director shall not be required to initiate or prosecute an administrative action before initiating a civil enforcement action.

(4) No civil or administrative proceeding may be brought to recover for a violation of any provision of this chapter or a violation of any rule, regulation, permit or order issued or promulgated pursuant to this chapter, more than two (2) years after the director had knowledge or ought reasonably to have had knowledge of the violation.

(5) Monetary penalties.

(a) Any person determined in a civil enforcement action to have violated any provision of this act or any rule, regulation, permit or order promulgated pursuant to this act shall be liable for a civil penalty not to exceed ten thousand dollars ($10,000) per violation or one thousand dollars ($1,000) for each day of a continuing violation, whichever is greater or ten thousand dollars ($10,000) for each separate air violation and day of continuing air violation. The method of recovery of said penalty shall be by a civil enforcement action in the district court in and for the county where the violation occurred. All civil penalties collected under this act shall be paid into the general fund of the state. Parties to an administrative enforcement action may agree to a civil penalty as provided in this subsection.

(b) The imposition or computation of monetary penalties may take into account the seriousness of the violation, good faith efforts to comply with the law, and an enforceable commitment by the person against whom the penalty is directed to implement a supplemental environmental project. For purposes of this section, "supplemental environmental project" means a project which the person is not otherwise required to perform and which prevents pollution, reduces the amount of pollutants reaching the environment, contributes to public awareness of environmental matters, or enhances the quality of the environment. In evaluating a particular supplemental environmental project proposal, preference may be given to those projects with an environmental benefit which relates to the violation or the objectives of the underlying statute which was violated or which enhances the quality of the environment in the general geographic location where the violation occurred.

(6) In addition to such civil penalties, any person who has been determined to have violated the provisions of this act or the rules, regulations, permits or orders promulgated thereunder, shall be liable for any expense incurred by the state in enforcing the act, or in enforcing or terminating any nuisance, source of environmental degradation, cause of sickness, or health hazard.

(7) No action taken pursuant to the provisions of this act or of any other environmental protection or health law shall relieve any
person from any civil action and damages that may exist for injury or damage resulting from any violation of this act or of the rules, regulations, permits and orders promulgated thereunder.

(8) In addition to, and notwithstanding other provisions of this act, in circumstances of emergency creating conditions of imminent and substantial danger to the public health or environment, the prosecuting attorney or the attorney general may institute a civil action for an immediate injunction to halt any discharge, emission or other activity in violation of provisions of this act or rules, regulations, permits and orders promulgated thereunder. In such action the court may issue an ex parte restraining order.

(2) Laws that are facially neutral toward religion, as well as laws intended to interfere with religious exercise, may burden religious exercise.
(3) Governments should not substantially burden religious exercise without compelling justification.
(4) This state has independent authority to protect the free exercise of religion by principles that are separate from, complementary to and more expansive than the first amendment of the United States Constitution.
(5) Under its police power, the Legislature may establish statutory protections that codify and supplement rights guaranteed by the Constitution of the State of Idaho.
(6) The compelling interest test, as set forth in the federal cases of Wisconsin v. Yoder, (1972) and Sherbert v. Verner, 374 U.S. 398, (1963) is a workable test for striking sensible balances between religious liberty and competing government interests.

SECTION 2. That Title 73, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 4, Title 73, Idaho Code, and to read as follows:

73-402. FREE EXERCISE OF RELIGION PROTECTED. (1) Free exercise of religion is a fundamental right that applies in this state, even if laws, rules or other government actions are facially neutral. 
(2) Except as provided in subsection (3) of this section, government shall not substantially burden a person's exercise of religion even if the burden results from a rule of general applicability. 
(3) Government may substantially burden a person's exercise of religion only if it demonstrates that application of the burden to the person is both:
(a) Essential to further a compelling governmental interest;  
(b) The least restrictive means of furthering that compelling governmental interest. 
(4) A person whose religious exercise is burdened in violation of this section may assert that violation as a claim or defense in a judicial proceeding and obtain appropriate relief against a government. A party who prevails in any action to enforce this chapter against a government shall recover attorney's fees and costs. 
(5) In this section, the term "substantially burden" is intended solely to ensure that this chapter is not triggered by trivial, technical or de minimis infractions.

73-403. APPLICABILITY. (1) This chapter applies to all state laws and local ordinances and the implementation of those laws and ordinances, whether statutory or otherwise, and whether enacted or adopted before, on or after the effective date of this chapter. 
(2) State laws that are enacted or adopted on or after the effective date of this chapter are subject to this chapter unless the law explicitly excludes application by reference to this chapter. 
(3) This chapter shall not be construed to authorize any government to burden any religious belief. 

73-404. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provision or application and to this end the provisions of this act are severable.
SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved March 31, 2000.

CHAPTER 137
(H.B. No. 393)

AN ACT RELATING TO THE EMPLOYMENT SECURITY LAW; AMENDING SECTION 72-1366, IDAHO CODE, TO REPLACE AN OBSOLETE CITATION TO THE JOB TRAINING PARTNERSHIP ACT WITH THE CORRECT CITATION TO THE WORKFORCE INVESTMENT ACT, TO CLARIFY THAT SUBSECTION TWELVE ONLY APPLIES TO CLAIMANTS WHO WILLFULLY MADE A FALSE STATEMENT OR WILLFULLY FAILED TO REPORT A MATERIAL FACT IN ORDER TO OBTAIN BENEFITS AND TO MAKE TECHNICAL CORRECTIONS; AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 72-1366, Idaho Code, be, and the same is hereby amended to read as follows:

72-1366. PERSONAL ELIGIBILITY CONDITIONS. The personal eligibility conditions of a benefit claimant are that:

(1) The claimant shall have made a claim for benefits and provided all necessary information pertinent to eligibility.

(2) The claimant shall have registered for work and thereafter reported to a job service office or other agency in a manner prescribed by the director.
(3) The claimant shall have met the minimum wage requirements in his base period as provided in section 72-1367, Idaho Code.

(4) During the whole of any week with respect to which he claims benefits or credit to his waiting period, the claimant was able to work, available for suitable work, and seeking work; provided, however, that no claimant shall be considered ineligible for failure to comply with the provisions of this subsection if: (i) such failure is due to an illness or disability which occurs after he has filed a claim and during such illness or disability, the claimant does not refuse or miss suitable work that would have provided wages greater than one-half (1/2) of the claimant's weekly benefit amount; or (ii) the claimant, because of compelling personal circumstance, is required to be absent from his normal labor market area, provided that such absence does not exceed a minor portion of the workweek.

(5) The claimant's unemployment is not due to the fact that he left his employment voluntarily without good cause connected with his employment, or that he was discharged for misconduct in connection with his employment.

(6) The claimant's unemployment is not due to his failure without good cause to apply for available suitable work or to accept suitable work when offered to him. The longer a claimant has been unemployed, the more willing he must be to seek other types of work and accept work at a lower rate of pay.

(7) In determining whether or not work is suitable for an individual, the degree of risk involved to his health, safety, morals, physical fitness, experience, training, past earnings, length of unemployment and prospects for obtaining local employment in his customary occupation, the distance of the work from his residence, and other pertinent factors shall be considered. No employment shall be deemed suitable and benefits shall not be denied to any otherwise eligible individual for refusing to accept new work or to hold himself available for work under any of the following conditions:
   (a) If the vacancy of the position offered is due directly to a strike, lockout, or other labor dispute;
   (b) If the wages, hours, or other conditions of the work offered are below those prevailing for similar work in the locality of the work offered;
   (c) If, as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(8) No claimant who is otherwise eligible shall be denied benefits for any week due to an inability to comply with the requirements contained in subsections (4) and (6) of this section, if:
   (a) The claimant is a participant in a program sponsored by title Iff of the job-training-partnership workforce investment act and attends a job training course under that program; or
   (b) The claimant attends a job training course authorized pursuant to the provisions of section 236(a)(1) of the trade act of 1974 or the North American free trade agreement implementation act.
   (c) The claimant lacks skills to compete in the labor market and attends a job training course with the approval of the director. The director may approve job training courses that meet the fol-
lowing criteria:

(i) The purpose of the job training is to teach the claimant skills that will enhance the claimant's opportunities for employment; and

(ii) The job training can be completed within one (1) year, except that this requirement may be waived pursuant to rules that the director may prescribe.

This subsection shall apply only if the claimant submits with each claim report a written certification from the training facility that the claimant is attending and satisfactorily completing the job training course, or demonstrates good cause for failure to attend the job training.

(9) No claimant who is otherwise eligible shall be denied benefits under subsection (5) of this section for leaving employment to attend job training pursuant to subsection (8) of this section, provided that the claimant obtained the employment after enrollment in or during scheduled breaks in the job training course, or that the employment was not suitable. For purposes of this subsection, the term "suitable employment" means work of a substantially equal or higher skill level than the individual's past employment, and wages for such work are not less than eighty percent (80%) of the average weekly wage in the individual's past employment.

(10) A claimant shall not be eligible to receive benefits for any week with respect to which it is found that his unemployment is due to a labor dispute; provided, that this subsection shall not apply if it is shown that:

(a) The claimant is not participating, financing, aiding, abetting, or directly interested in the labor dispute; and

(b) The claimant does not belong to a grade or class of workers with members employed at the premises at which the labor dispute occurs, who are participating in or directly interested in the dispute.

(11) A claimant shall not be entitled to benefits for any week with respect to which or a part of which he has received or is seeking benefits under an unemployment insurance law of another state or of the United States; provided, that if the appropriate agency of such other state or of the United States shall finally determine that he is not entitled to such unemployment compensation or insurance benefits, he shall not by the provisions of this subsection be denied benefits. For purposes of this section, a law of the United States providing any payments of any type and in any amounts for periods of unemployment due to involuntary unemployment shall be considered an unemployment insurance law of the United States.

(12) A claimant shall not be entitled to benefits for a period of fifty-two (52) weeks if it is determined that he has willfully made a false statement or willfully failed to report a material fact in order to obtain benefits. The period of disqualification shall commence the week the determination is issued. The claimant shall also be ineligible for waiting week credit and shall repay any sums received for a week in which the claimant willfully made a false statement or willfully failed to report a material fact.

(13) A claimant shall not be entitled to benefits if his principal occupation is self-employment.
(14) A claimant who has been found ineligible for benefits under the provisions of subsection (5), (6), (7) or (9) of this section shall reestablish his eligibility by having obtained bona fide work and received wages therefor in an amount of at least twelve (12) times his weekly benefit amount.

(15) Benefits based on service in employment defined in sections 72-1349A and 72-1352(3), Idaho Code, shall be payable in the same amount, on the same terms and subject to the same conditions as benefits payable on the basis of other service subject to this act.

(b) If the services performed during less than one-half (1/2) of any contract period by an individual for an educational institution are in an instructional, research, or principal administrative capacity, none of the service shall be deemed to be in such capacity.

(c) As used in this section, "contract period" means the entire period for which the individual contracts to perform services, pursuant to the terms of the contract.

(16) No claimant is eligible to receive benefits in two (2) successive benefit years unless, after the beginning of the first benefit year during which he received benefits, he performed service and earned an amount equal to not less than six (6) times the weekly benefit amount established during the first benefit year.

(17) (a) Benefits based on wages earned for services performed in an instructional, research, or principal administrative capacity for an educational institution shall not be paid for any week of unemployment commencing during the period between two (2) successive academic years, or during a similar period between two (2) terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual who performs such services in the first academic year (or term) and has a contract to perform services in any such capacity for any educational institution in the second academic year or term, or has been given reasonable assurance that such a contract will be offered.

(b) Benefits based on wages earned for services performed in any other capacity for an educational institution shall not be paid to any individual for any week which commences during a period between two (2) successive school years or terms if the individual performs such services in the first school year or term, and there is a contract or reasonable assurance that the individual will perform such services in the second school year or term. If benefits are denied to any individual under this subparagraph and the individual was not offered an opportunity to perform such services for the educational institution for the second academic year or term, the individual shall be entitled to a retroactive payment of benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of this clause.
(c) With respect to any services described in paragraphs (a) and (b) of this subsection, benefits shall not be paid nor "waiting week" credit given to an individual for wages earned for services for any week which commences during an established and customary vacation period or holiday recess if the individual performed the services in the period immediately before the vacation period or holiday recess, and there is a reasonable assurance the individual will perform such services in the period immediately following such vacation period or holiday recess.

(d) With respect to any services described in paragraphs (a) and (b) of this subsection, benefits shall not be payable on the basis of services in any capacities specified in paragraphs (a), (b) and (c) of this subsection to any individual who performed such services in an educational institution while in the employ of an educational service agency. For purposes of this paragraph the term "educational service agency" means a governmental entity which is established and operated exclusively for the purpose of providing such services to one (1) or more educational institutions.

(18) Benefits shall not be payable on the basis of services which substantially consist of participating in sports or athletic events or training or preparing to participate, for any week which commences during the period between two (2) successive sport seasons (or similar periods) if the individual performed services in the first season (or similar period) and there is a reasonable assurance that the individual will perform such services in the later of such season (or similar period).

(19) (a) Benefits shall not be payable on the basis of services performed by an alien unless the alien was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time the services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of sections 207 and 208 or section 212(d)(5) of the immigration and nationality act).

(b) Any data or information required of individuals applying for benefits to determine eligibility under this subsection shall be uniformly required from all applicants for benefits.

(c) A decision to deny benefits under this subsection must be based on a preponderance of the evidence.

(20) An individual who has been determined to be likely to exhaust regular benefits and to need reemployment services pursuant to a profiling system established by the director must participate in those reemployment services unless:

(a) The individual has completed such services; or

(b) There is justifiable cause, as determined by the director, for the claimant's failure to participate in such services.

(21) (a) A claimant:

(i) Who has been assigned to work for one (1) or more customers of a staffing service; and

(ii) Who, at the time of hire by the staffing service, signed a written notice informing him that completion or termination of an assignment for a customer would not, of
itself, terminate the employment relationship with the staffing service;
will not be considered unemployed upon completion or termination of an assignment until such time as he contacts the staffing service to determine if further suitable work is available. If the claimant:

(A) Contacts the staffing service and refuses a suitable work assignment that is offered to him at that time, he will be considered to have voluntarily quit that employment; or
(B) Contacts the staffing service and the service does not have a suitable work assignment for him, he will be considered unemployed due to a lack of work; or
(C) Accepts new employment without first contacting the staffing service for additional work, he will be considered to have voluntarily quit employment with the staffing service.

(b) For the purposes of this subsection, the term "staffing service" means any person who assigns individuals to work for its customers and includes, but is not limited to, professional employers, as defined in chapter 24, title 44, Idaho Code, and the employers of temporary employees as defined in section 44-2403(7), Idaho Code.

CHAPTER 1
IDAHO COMPETITION ACT

48-101. SHORT TITLE. This act shall be known and may be cited as the "Idaho Competition Act."

48-102. LEGISLATIVE FINDINGS, PURPOSE, INTERPRETATION AND SCOPE OF CHAPTER. (1) The Idaho legislature finds that fair competition is fundamental to the free market system. The unrestrained interaction of competitive forces will yield the best allocation of Idaho's economic resources, the lowest prices, the highest quality, and the greatest material progress, while at the same time providing an environment conducive to the preservation of our democratic and social institutions.

(2) The purpose of this chapter is to maintain and promote economic competition in Idaho commerce, to provide the benefits of that competition to consumers and businesses in the state, and to establish efficient and economical procedures to accomplish these purposes and policies.

(3) The provisions of this chapter shall be construed in harmony with federal judicial interpretations of comparable federal antitrust statutes and consistent with this chapter's purposes, as set forth in subsection (2) of this section.

(4) This chapter applies to conduct proscribed herein that affects Idaho commerce.

(1) It is unlawful for a person to acquire, directly or indirectly, the whole or any part of the stock, share capital, or other equity interest or the whole or any part of the assets of, another person engaged in Idaho commerce, where the effect of such acquisition may be substantially to lessen competition or to tend to create a monopoly of any line of Idaho commerce.

(2) This section shall not apply to persons purchasing the stock or other equity interest of another person solely for investment and not using those assets by voting or otherwise to bring about, or attempt to bring about, the substantial lessening of competition. Nothing contained in this section shall prevent a person engaged in
Idaho commerce from causing the formation of subsidiary corporations or other business organizations, or from owning and holding all or a part of the stock or equity interest of such subsidiary corporations or other business organizations.

48-107. EXEMPT ACTIVITIES. (1) No provision of this chapter shall be construed to prohibit:

(a) Activities that are exempt from the operation of the federal antitrust laws.

(c) Activities of a municipality or its officers or employees acting in an official capacity, to the extent that those activities are authorized or directed by state law.

(d) The existence of, or membership in, organizations instituted for the purpose of mutual help and not having capital stock or conducted for profit; nor shall the provisions of this act forbid or restrain individual members of such organizations from lawfully carrying out legitimate objectives of the organization.

(e) Activities of any labor organization, individual members of the labor organization, or group of labor organizations, of any employer or group of employers, or of any groups of employees, if these activities are directed predominantly to labor objectives which are permitted under the laws of this state or of the United States.

These associations may have marketing agencies in common and such associations and their members may make the necessary contracts and agreements to effect such purposes. However, such associations must conform to the requirements of chapter 26, title 22, Idaho Code.

48-108. CIVIL ACTIONS AND SETTLEMENTS BY THE ATTORNEY GENERAL. (1) Whenever the attorney general has reason to believe that any person is engaging, has engaged, or is about to engage in any act or practice declared unlawful by this chapter, the attorney general may bring an action in the name of the state against that person:

(a) To obtain a declaratory judgment that the act or practice violates the provisions of this chapter;

(b) To enjoin any act or practice that violates the provisions of this chapter by issuance of a temporary restraining order or preliminary or permanent injunction, without bond, upon the giving of appropriate notice;

(c) To recover on behalf of the state and its agencies actual damages or restitution;

(d) To recover civil penalties of up to fifty thousand dollars ($50,000) per violation of section 48-104 or 48-105, Idaho Code, or any injunction, judgment or consent order issued or entered
into pursuant to this chapter and reasonable expenses, investiga-
tive costs and attorney's fees; and
(e) To obtain an order requiring divestiture of any assets:
    (i) Acquired in violation of section 48-106, Idaho Code, to
        the extent determined necessary by the district court to
        avoid the creation of a monopoly or any likely substantial
        lessening of competition resulting from such transaction
        found violative of section 48-106, Idaho Code; or
    (ii) To restore competition in any line of Idaho commerce
        which has been eliminated by a violation of section 48-105,
        Idaho Code.
(2) The attorney general also may bring a civil action in the
    name of the state, as parens patriae on behalf of persons residing in
    this state, to secure monetary relief as provided under this chapter
    for injury directly or indirectly sustained by those persons because
    of any violation of section 48-104 or 48-105, Idaho Code, in accor-
dance with the following provisions:
    (a) The district court shall award the attorney general as mone-
tary relief the total damages sustained for violations of section
    48-104 or 48-105, Idaho Code, and the cost of suit, including a
    reasonable attorney's fee. The court shall increase any damage
    recovery to an amount not in excess of three (3) times the damages
    sustained if the court finds that the violation at issue consti-
tuted a per se violation of section 48-104, Idaho Code, or an
    intentional violation of section 48-105, Idaho Code. The court
    shall exclude from the amount of monetary relief awarded in such
    action any amount which duplicates amounts which have been awarded
    for the same injury already or which are allocable to persons who
    have excluded their claims pursuant to subsection (2)(c) of this
    section.
    (b) In any action brought under this section, the attorney gen-
eral shall, at such times, in such manner, and with such content
    as the district court may direct, cause notice of the parens
    patriae action to be given by publication. If the court finds
    that notice given solely by publication would deny due process of
    law to any person, the court shall direct the attorney general to
    give such notice as may be required by due process of law.
    (c) Any person on whose behalf an action is brought under this
    section may elect to exclude from such adjudication the portion
    of the attorney general's claim for monetary relief attributable
    to him by filing notice of such election with the court within the
time period specified in the notice of such action given to the
persons to be benefited by the action. Any person failing to give
such notice shall be barred during the pendency of such action
from commencing an action in his or her own name for the injury
alleged in such action and the final judgment in such action shall
be res judicata as to any claim which could be brought by such
person under this act based on the facts alleged or proven in such
action.
    (d) All damages shall be distributed in such a manner that will
afford each person a reasonable opportunity to secure his appro-
priate portion of the net monetary relief.
(3) In lieu of instigating or continuing an action or proceeding,
or to conclude an investigation commenced or contemplated under section 48-109, Idaho Code, the attorney general may accept a consent decree with respect to any act or practice alleged to be a violation of this chapter. The consent decree may include a stipulation for the payment of civil penalties, the attorney general's reasonable expenses, investigative costs and attorney's fees, an agreement to pay damages or to allow for restitution of money, property or other things received in connection with a violation of this chapter, and agreed to injunctive provisions. Before any consent decree entered into pursuant to this section is effective, it must be approved by the district court and an entry made in the district court in the manner required for making an entry of judgment. If the consent decree submitted to the court is to settle an action brought under subsection (2) of this section, notice of the proposed settlement shall be given in such manner as the court directs. Once court approval is received, any breach of the conditions of the consent decree shall be treated as a violation of a court order, and shall be subject to all penalties provided by law for violation of court orders, including the penalties set forth in section 48-111, Idaho Code.

(4) The attorney general may proceed under any antitrust laws in the federal courts on behalf of this state or any of its political subdivisions or agencies.

48-109. CIVIL INVESTIGATIONS. (1) Whenever the attorney general has reason to believe that a person is engaging or has engaged in any act or practice declared unlawful by this chapter, he may, prior to the institution of a civil proceeding thereon, execute in writing and cause to be served upon any person who is believed to have information, documentary material, or physical evidence relevant to a civil investigation, a written civil investigative demand requiring that person to appear and give oral testimony, under oath, concerning documentary material or information, or to produce relevant documentary material or physical evidence for examination, at a reasonable time and place as may be stated in the investigative demand, or to furnish any combination thereof, concerning the conduct of any Idaho commerce that is the subject matter of the investigation. The return date of a civil investigative demand shall be not less than thirty (30) days after service of the demand.

(2) To accomplish the objectives and to carry out the duties prescribed by this chapter, the attorney general may also issue subpoenas to any person and conduct hearings in aid of any investigation or inquiry.

(3) (a) The scope of any civil investigative demand or subpoena shall be consistent with the scope of discovery as provided for by rule 26(b)(1), Idaho rules of civil procedure.

(b) Any person who is not the subject of investigation shall be reimbursed the reasonable expenses of complying with a civil investigative demand or subpoena.

(4) At any time before the return date specified in a civil investigative demand, or within thirty (30) days after the demand has been served, whichever period is later, a petition to extend the return date, or to modify or set aside the demand, stating good cause, may be filed in the district court of the county where the person
served with the demand resides or has his principal place of business or in the district court in Ada county.

(5) Any person who in good faith complies with a subpoena or investigative demand issued under this section shall be immune from criminal or civil liability for such compliance, so long as such person has complied with any express contractual obligation to notify a third party of the civil investigative demand or subpoena.

(6) Except as provided in subsection (7) of this section, any procedure, testimony taken, or material produced under this section shall be kept confidential by the attorney general before bringing an action against a person under this chapter for the violation under investigation unless confidentiality is waived by the person whose testimony is disclosed, or is waived by the person who produced to the attorney general or his designee the material being disclosed, or the disclosure is authorized by court order.

(7) The attorney general or his designee may disclose the testimony or material to a person who has a need to know such information and is employed by this state, the United States, or any other state, if, before disclosure, the receiving official agrees in writing to comply with the confidentiality provisions of this section and the attorney general or his designee has determined prior to making such disclosure that disclosure to the receiving person is reasonably necessary to permit proper enforcement of the antitrust laws of the United States or any state.

(8) The attorney general or his designee may exclude from the place of any examination under this section any person, except the person being examined and that person's counsel.

48-110. FAILURE TO OBEY CIVIL INVESTIGATIVE DEMAND OR SUBPOENA.
(1) If any person fails or refuses to obey any subpoena or civil investigative demand issued by the attorney general, the attorney general may, after notice, apply to the district court and, after a hearing, request an order ordering the person to comply with the subpoena or civil investigative demand issued by the attorney general.

(2) The court shall award the prevailing party reasonable expenses and attorney's fees incurred in obtaining or resisting an order under this section if the court finds that the attorney general's request for an order under this section or a person's resistance to obeying any subpoena or investigative demand, was without a reasonable basis in fact or law.

(3) Disobedience of any order entered under the provisions of this section shall be treated as a violation of a court order, and subject the offending person to all penalties provided by law for violations of court orders, including the payment of civil penalties of not more than ten thousand dollars ($10,000).

48-111. VIOLATION OF COURT ORDERS AND CONSENT DECREES -- PENALTIES. Any person who violates the terms of a consent order entered into pursuant to section 48-108, Idaho Code, or any other judgment or final order entered into under the provisions of this chapter, shall forfeit and pay a civil penalty of not more than fifty thousand dollars ($50,000) for each violation, the amount of the penalty to be determined by the district court issuing the judgment or order, or
approving the consent decree.

48-112. ADDITIONAL RELIEF OF DISTRICT COURT AUTHORIZED. When the state prevails in any action brought under section 48-108, Idaho Code, the court shall award reasonable costs and attorney's fees to the attorney general. In addition, the court may:

(1) Make orders or judgments as necessary to prevent the use or employment by a person of any act or practice declared unlawful by this act;

(2) Make orders or judgments as necessary to compensate persons for damages sustained or to provide for restitution to persons of money, property or other things received from persons in connection with a violation of this chapter;

(3) Appoint a receiver to oversee assets or order sequestration of assets whenever it appears that the defendant threatens or is about to remove, conceal or dispose of property to the damage of persons to whom restoration would be made under this section and assess the expenses of a master, receiver or escrow agent against the defendant; and

(4) Grant other appropriate relief.

48-113. PRIVATE CAUSES OF ACTION. (1) Any person injured directly or threatened with direct injury by reason of anything prohibited by this chapter, may bring an action for injunctive relief, damages, and, as determined by the court, reasonable costs and attorney's fees. The court shall exclude from the amount of monetary relief awarded to a plaintiff under this section any amount which duplicates amounts allocable to any other actual or potential plaintiff including, without limitation, potential claims by the attorney general on behalf of indirect purchasers for the same conduct or injury.

(2) If the district court finds that the violation at issue constituted a per se violation of section 48-104, Idaho Code, or an intentional violation of section 48-105, Idaho Code, it shall increase the recovery to an amount not in excess of three (3) times the damages sustained.

48-114. AWARDS TO THE ATTORNEY GENERAL -- USE OF MONEYS. All costs and fees recovered by the attorney general under the terms of this chapter shall be remitted to the consumer protection account. Such costs and fees deposited into the consumer protection account under this chapter shall be treated as interaccount receipts and may be expended pursuant to interaccount appropriation and shall be used for the furtherance of the attorney general's duties and activities under this chapter. All penalties recovered under section 48-108(1)(d), 48-110 or 48-111, Idaho Code, or actual damages or restitution recovered under section 48-108(1)(c), Idaho Code, shall be remitted to the general fund.

48-115. STATUTE OF LIMITATIONS. (1) Any action brought by the attorney general pursuant to this chapter is barred if it is not commenced within four (4) years after the cause of action accrues.

accrues, or within one (1) year after the conclusion of an action brought by the state pursuant to this chapter based in whole or in part on any matter complained of in the subsequent action, whichever is the latter.

(3) The foregoing statute of limitations shall be tolled during any period when the defendant in any action fraudulently concealed the events upon which the cause of action is based.

48-116. ACTION NOT BARRED BECAUSE IT AFFECTS INTERSTATE OR FOREIGN COMMERCE. No action under this chapter shall be barred on the ground that the activity or conduct complained of in any way affects or involves interstate or foreign commerce.

48-117. SERVICE OF NOTICE. Service of any notice, civil investigative demand, or subpoena under this chapter shall be made personally within this state, but if personal service cannot be obtained, substituted service may be made by mailing service by registered or certified mail to the last known place of business, residence, or abode of the person within or without this state.

pension is received pursuant to a service-connected disability of a
degree of forty percent (40%) or more. "Income" does not include lump
sum death benefits made by the social security administration pursuant
to 42 U.S.C. section 402(i). Documentation of medical expenses may be
required by the county assessor, board of equalization and state tax
commission. "Income" shall be that received in the calendar year imme-
diately preceding the year in which a claim is filed. Where a claimant
does not file a federal tax return the claimant's federal adjusted
gross income, for purposes of this section, shall be an income equiva-
 lent to federal adjusted gross income had the claimant filed a federal
tax return.

(6) "Nonhousehold member" means any nonspouse who lives in the
claimant's dwelling for the purpose of providing protective oversight,
caregiving, or personal care services to the claimant, or who is
receiving disability benefits pursuant to subsection (1)(d) or (e) of
this section, or who is over age sixty-five (65) and lives in the
claimant's dwelling and receives protective oversight, caregiving or
personal care services provided by the claimant.

(7) "Occupied" means actual use and possession.

(8) "Owner" means a person holding title in fee simple or holding
a certificate of motor vehicle title (either of which may be subject
to mortgage, deed of trust or other lien) or who has retained or been
granted a life estate or who is a person entitled to file a claim
under section 63-702, Idaho Code. "Owner" shall also include any per-
son who as grantor created a revocable or irrevocable trust and named
himself as beneficiary of that trust, or who is a partner of a limited
partnership, member of a limited liability company or shareholder of a
corporation which holds title in fee simple or holds a certificate of
motor vehicle title and who has retained or been granted a life
estate. "Owner" shall not include any person that otherwise occupies
property as beneficiary of a trust. "Owner" includes a vendee in pos-
session under a land sale contract. Any partial ownership shall be
considered ownership for determining qualification for property tax
reduction benefits, however, the amount of property tax reduction
under section 63-704, Idaho Code, and rules promulgated pursuant to
section 63-705, Idaho Code, shall be computed on the value of the
claimant's partial ownership. "Partial ownership," for the purposes of
this section, means any one (1) person's ownership when property is
owned by more than one (1) person. The combined community property
interests of both spouses shall not be considered partial ownership.
The proportional reduction required under this subsection shall not
apply to community property interests. Where title to property is held
by a person who has died without timely filing a claim for property
tax reduction, the estate shall be the "owner."

(9) (a) "Primary dwelling place" means the claimant's dwelling place on January 1 of the year for which the claim is made. The primary dwelling place is the single place where a claimant has his true, fixed and permanent home and principal establishment, and to which whenever the individual is absent he has the intention of returning. A claimant must establish the dwelling to which the claim relates as his primary dwelling place by clear and convincing evidence or by establishing that the dwelling is where the claimant resided on January 1 and:

(i) At least six (6) months during the prior year; or
(ii) The majority of the time the claimant owned the dwelling if owned by the claimant less than one (1) year; or
(iii) The majority of the time after the claimant first occupied the dwelling if occupied by the claimant less than one (1) year.

(b) Notwithstanding the provisions of paragraph (a) of this subsection, the property upon which the claimant makes application shall be deemed to be the claimant's primary dwelling place if the claimant is otherwise qualified and resides in a care facility and does not allow the property upon which the claimant has made application to be occupied by persons paying a consideration to occupy the dwelling. A claimant's spouse who resides in a care facility shall be deemed to reside at the claimant's primary dwelling place and to be a part of the claimant's household. A care facility is a hospital, skilled nursing facility, intermediate care facility or intermediate care facility for the mentally retarded as defined in section 39-1301, Idaho Code, or a facility as defined in section 39-3302(16), Idaho Code, or a dwelling other than the one (1) upon which the applicant makes application where a claimant who is unable to reside in the dwelling upon which the application is made lives and receives help in daily living, protection and security.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2000.

(1) An amount of money equal to the actual cost of collecting, administering and enforcing the special fuels tax provisions by the commission, as determined by it shall be retained by the commission. The amount retained by the commission shall not exceed the amount authorized to be expended by appropriation by the legislature. Any unencumbered balance in excess of the actual cost of collecting, administering and enforcing the special fuels tax requirements by the commission at the end of each fiscal year shall be distributed to the highway distribution account.

(2) An amount of money shall be distributed to the state refund account sufficient to pay current refund claims. All refunds authorized by the commission to be paid under this chapter shall be paid from the state refund account, those moneys being hereby continuously appropriated.

(3) The balance remaining with the commission after distributing the amounts specified in subsections (1) and (2) of this section shall
be distributed to the highway distribution account, established in section 40-701, Idaho Code.

SECTION 4. That Section 63-2442A, Idaho Code, be, and the same is hereby amended to read as follows:

63-2442A. INTERNATIONAL FUEL TAX AGREEMENT AND OTHER AGREEMENTS BETWEEN STATES JURISDICTIONS. (1) The commission may enter into cooperative agreements with other states jurisdictions for exchange of information and auditing of distributors, dealers and users of motor fuels. The commission shall participate in the international fuel tax agreement as required by the intermodal surface transportation efficiency act of 1991, Public Law 102-240, 105 Stat. 1914, including subsequent amendments to that agreement.

(2) Any person operating a motor vehicle over twenty-six thousand (26,000) pounds maximum gross weight which is (a) based in this state and (b) operated in this state and in any other jurisdiction which is a member of the international fuels tax agreement shall report and pay all fuel use taxes due to any IFTA member jurisdiction, together with any other charges due to any such jurisdiction which are reportable on the IFTA report, in the manner required by IFTA. If the provisions set forth in the international fuel tax agreement are in conflict with any provision of this chapter, the agreement provisions shall prevail. An agreement, arrangement, declaration or amendment thereto is not effective until stated, in writing, and filed with the commission.

(3) An agreement may provide for determining the base state jurisdiction for users, users records requirements, audit procedures, exchange of information, persons eligible for tax licensing, defining qualified motor vehicles, determining if bonding is required, specifying reporting requirements and periods including defining uniform penalty and interest rates for late reporting, determining methods for collecting and forwarding of motor fuels taxes, penalties or interest to another jurisdiction, and other provisions as will facilitate the administration of the agreement.

(4) The commission may, as required by the terms of an agreement, forward to officers of another state jurisdiction any information in the commission's possession relative to the manufacture, receipts, sale, use, transportation, or shipment of motor fuels by any person. The commission may disclose to officers of another state jurisdiction, the location of officers, motor vehicles, and other real and personal property of users of motor fuels.

(5) An agreement may provide for each state jurisdiction to audit the records of persons based in the state jurisdiction, to determine if the motor fuels taxes due each state jurisdiction are properly reported and paid. Each state jurisdiction shall forward the findings of the audits performed on persons based in the state jurisdiction, to each state jurisdiction in which the person has taxable use of motor fuels. For persons not based in this state and who have taxable use of motor fuels in this state Idaho, the commission may serve the audit findings received from another state jurisdiction, in the form of an assessment, on the person as though an audit was conducted by the commission.

(6) The commission may enter into additional cooperative agree-
ments with other states jurisdictions for mutual enforcement of taxes on gasoline and special fuels not subject to collection pursuant to the international fuel tax agreement. Such agreements may provide for collection and enforcement of the motor fuels taxes of all signatory states jurisdictions pursuant to the law, rules, and regulations of the state jurisdiction in which a person liable for such taxes maintains his principal place of business. An agreement may provide for any or all of the following: determining the base state jurisdiction of persons liable for taxes, records requirements, audit procedures, exchange of information, persons eligible for tax licensing, determining if bonding is required, specifying reporting requirements and periods including defining uniform penalty and interest rates for late reporting, determining methods for collecting and forwarding of motor fuels taxes and penalties to another jurisdiction, and other provisions as will facilitate the administration of the agreement.

(7) Any agreement entered into pursuant to this section does not preclude the commission from auditing the records of any person covered by the provisions of this chapter.

(8) The legal remedies for any person served with an order or assessment under this section are as prescribed in this chapter.

(9) If the commission enters into any agreement under the authority of this section, and the provisions set forth in the agreement are in conflict with any rules promulgated by the commission, the agreement provisions prevail.

SECTION 5. This act shall be in full force and effect on and after July 1, 2000.

CHAPTER 156
(H.B. No. 513, As Amended in the Senate)

AN ACT
RELATING TO TAXATION OF LARGE-SIZE FOREST TRACTS; PROVIDING LEGISLATIVE INTENT; AMENDING SECTION 63-1705, IDAHO CODE, TO PROVIDE AN ALTERNATIVE METHOD OF DETERMINING MARKET VALUES FOR ASSESSMENT PURPOSES FOR LARGE-SIZE FOREST TRACTS FOR THE PERIOD JANUARY 1, 2000, THROUGH JANUARY 1, 2006, TO CREATE WITHIN THE STATE TAX COMMISSION THE COMMITTEE ON FOREST LAND TAXATION METHODOLOGIES, TO PROVIDE MEMBERSHIP, TO PROVIDE DUTIES, TO PROVIDE FOR A REPORT TO LEGISLATIVE COMMITTEES AND TO MAKE TECHNICAL CORRECTIONS; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE INTENT. The Legislature of the State of Idaho declares that the purposes of this act are to: (1) establish market values for large-size forest tracts for the period January 1, 2000, until January 1, 2006; (2) establish a Forest Lands Taxation Methodologies Committee within the Idaho State Tax Commission; (3)
require that the committee analyze and evaluate the income approach methodology currently contained in Section 63-1705, Idaho Code; (4) require the committee to analyze and evaluate alternative income approach methodologies and soil expectation value methodologies; (5) require the committee recommend to the First Regular Session of the Fifty-eighth Idaho Legislature whether the income approach methodology contained in Section 63-1705, Idaho Code, be retained or be replaced with another income methodology or with a soil expectation value methodology; (6) require the committee to commence its analysis and evaluation based upon the written testimony by the Idaho State Tax Commission, the Idaho Association of Counties and the Intermountain Forest Association provided to the House of Representatives Revenue and Taxation Committee during its consideration of this act.

SECTION 2. That Section 63-1705, Idaho Code, be, and the same is hereby amended to read as follows:

63-1705. TAXATION OF LARGE-SIZE FOREST TRACTS. (1) In order to encourage private forest landowners to retain and improve their holdings of forest lands and to promote better forest management, large-sized forest tracts shall be appraised, assessed and taxed as real property under the provisions of this section.

(2) The inventory of timber and other forest products growing on large-sized forest tracts shall not be included as a part of the total forest asset. The forest value shall be determined by an income approach which capitalizes the value of the average annual net wood production over a reasonable rotation period plus other agricultural-related income, if any, less annualized expenses including, but not limited to, the establishment, protection, maintenance, improvement and management of the crop over the rotation period.

(3) Effective January 1, 2000, through January 1, 2006, the market value for assessment purposes shall be determined by the county assessor either under rules prescribed by the state tax commission or the market values contained in subsection (5) of this section, whichever is less. In prescribing such rules, the tax commission shall:

(a) Divide the state into appropriate forest valuation zones, with each zone designated so as to recognize the uniqueness of marketing areas, timber types, growth rates, access, operability, and other pertinent factors of that zone; and

(b) Establish a uniform system of forest land classification which considers the productive capacity of the soil to grow forest products and furnish other associated agricultural uses.

(4) The state tax commission shall by March 1 of each year, furnish the county assessor for each value zone the capitalization rate, stumpage value, agricultural-related income, if any, and expense component to be used in determining the forest value. From January 1, 1999, until January 1, 2006, the capitalization rate shall be the interest rate for the farm credit bank district serving Idaho, as set forth in the most current revenue ruling made pursuant to section 2032A(e)(7)(A) of the Internal Revenue Code and 26 CFR 20.2032A-4(e), plus eighty-five one hundredths percent (.85%), plus a component for the local tax rate. Stumpage values shall be based upon the preceding five (5) year rolling average value of timber harvested within the
forest value zone from state timber sales and/or the best available data for the same five (5) year period. Average agricultural-related income and the average expense component for each forest value zone shall be determined for the same time period as the period used to determine average stumpage values.

(5) The following are the alternative market values for assessment purposes for the period January 1, 2000, until January 1, 2006. The rules prescribed by the state tax commission in effect on January 1, 2000, are applicable to these alternative market values.

(6) Forest lands upon which, at any time after January 1, 1982, the trees are destroyed by fire, disease, insect infestation or other natural disaster such that the lands affected will not meet minimum stocking requirements under rules adopted pursuant to chapter 13, title 38, Idaho Code, shall be eligible for a reduction in value for the first ten (10) property tax years following the loss. The amount of reduction shall be determined by dividing the average age of the trees destroyed by the rotation age for the specific forest value zone in which the property is located. In no instance shall the annual reduction exceed eighty percent (80%) of the original forest value per year. In order to obtain a reduction, the landowner shall, on or before January 1 following the destruction, make written application to the assessor indicating the legal description of the lands in question and stating all pertinent facts. The assessor may investigate the facts and may request assistance from the state tax commission in performing such investigations. If the requirements are met, such forest lands shall be assessed and taxed on the reduced basis herein provided.

(67) Buildings and other improvements, other than roads, located on forest lands shall be appraised, assessed and taxed as provided by
applicable laws and rules.

(8) Effective January 1, 2004, there is created within the Idaho state tax commission the committee on forest land taxation methodologies. The membership of the committee shall be:

(a) A nonvoting chairman who shall be the member of the Idaho state tax commission assigned to property tax matters;
(b) Four (4) members selected from the membership of the intermountain forest association;
(c) One (1) member selected from the membership of the Idaho forest owners' association;
(d) Five (5) members selected from the membership of the Idaho association of counties; and
(e) The state superintendent of public instruction or his/her designee, in a nonvoting capacity.

The committee shall retain a forest economist selected by a majority of its members to advise the committee.

The costs of each committee member shall be borne by the respective member. The fees and costs of the forest economist shall be borne as determined by the committee.

The committee shall review forest land valuation in Idaho and consider replacement of the current income methodology found in this section by reviewing all income and soil expectation methodologies to determine forest land values.

The committee shall report to the house of representatives revenue and taxation and senate local government and taxation committees its findings and recommendations for legislation by no later than January 15, 2005.

During the first regular session of the fifty-eighth Idaho legislature the house of representatives revenue and taxation and senate local government and taxation committees, shall review the values and formula used to compute forest land values to determine if modification to this section is appropriate and necessary.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2000.

Be It Enacted by the Legislature of the State of Idaho:
SECTION 1. That Part 3, Chapter 7, Title 15, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 15-7-308, Idaho Code, and to read as follows:

15-7-308. REMOVAL OF TRUSTEE. (1) A trustee may be removed in accordance with the terms of the trust or by the court on its own initiative or on petition of a trustor, cotrustedee or beneficiary.

(2) The court may remove a trustee or order other appropriate relief:

(a) If the trustee has committed a material breach of trust;
(b) If the trustee is unfit or unable to administer the trust;
(c) If lack of cooperation among cotrustees substantially impairs the administration of the trust;
(d) If the investment decisions of the trustee, although not constituting a breach of trust, have resulted in investment performance persistently and substantially below those of comparable trusts;
(e) If, because of changed circumstances, removal of the trustee would substantially further the trustor's purpose in creating the trust; or
(f) For other good cause shown.

(3) Pending a final decision on the petition to remove the trustee, the court may order such appropriate relief as may be necessary to protect the trust property or the interests of the beneficiaries.

SECTION 2. This act shall be in full force and effect on and after July 1, 2000.

CHAPTER 158
(H.B. No. 550)

AN ACT
RELATING TO REGULATION OF TELECOMMUNICATIONS; AMENDING SECTION 62-610F, IDAHO CODE, TO DELETE LANGUAGE PROVIDING REFERENCE TO THE FEDERAL COMMUNICATION'S COMMISSION IMPLEMENTATION DATE OF A NEW MECHANISM FOR DETERMINING HIGH-COST SUPPORT FOR NONRURAL CARRIERS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 62-610F, Idaho Code, be, and the same is hereby amended to read as follows:

62-610F. HIGH-COST SUPPORT -- ADMINISTRATION -- TRANSITION. (1) No--later--than--six--(6)--months--after--the--federal--communications commission's--implementation--date--of--a--new--mechanism--for--determining high-cost-support-for-nonrural-carriers,-or-December-31,-2000,-which-
The commission shall establish a universal service fund to enable eligible telecommunications carriers to make universal service widely available to all persons within the state of Idaho at reasonable rates. Eligible telecommunication carriers receiving financial support shall use that support only for the provision, maintenance and upgrading of services and facilities for which the support is intended.

(2) The commission shall initiate a proceeding to determine and adopt the appropriate methodology and mechanisms to collect and distribute financial assistance which are specific, predictable and sufficient in conjunction with federal universal service support mechanisms to preserve and advance universal service within the state of Idaho. Revenue for the fund shall be collected through a uniform universal service fund surcharge as calculated by the commission. The surcharge shall be imposed on end users of all retail telecommunication services originating and terminating within the state of Idaho and collected by the telecommunications carrier providing telecommunication services to such end user. Disbursements from the fund shall be used to defray the costs, as determined by the commission, of providing universal service to customers within a geographic support area. Those costs shall be calculated using a forward-looking cost methodology. When providing disbursements from the fund, the commission shall take such actions as may be necessary to prevent redundant cost recovery by recipients of such funds including the reduction of access charges subject to title 61 or 62, Idaho Code.

(3) The commission shall establish procedures to administer the universal service fund and shall contract with a neutral third party for administration of the fund. The administrator shall perform the duties required by the commission including data gathering, collecting the surcharge revenues, disbursing funds, and notifying the commission of any fund violations.

(4) The commission shall develop procedures and provide for a transition period to begin no earlier than January 1, 2001, for rural telephone companies to replace funding available pursuant to section 62-610, Idaho Code, with the funding mechanism established pursuant to this section for the support of universal service.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 22-2716, Idaho Code, be, and the same is hereby amended to read as follows:

22-2716. LEGISLATIVE DETERMINATIONS AND DECLARATION OF POLICY. It is hereby declared, as a matter of legislative determination:

A. The Condition. That the farm, ranch, range and forest lands of the state of Idaho are among the basic assets of the state and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of the farm, ranch, range and forest lands of the state by wind and water; that the breaking of natural grass, plant, and forest cover have interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; that the topsoil is being blown and washed out of fields and pastures; that there has been an accelerated washing of sloping fields; that these processes of erosion by wind and water speed up with removal of absorptive topsoil causing exposure of less absorptive and less protective but more erosive subsoil; that failure by any land occupier to conserve the soil and control erosion upon his lands causes a washing and blowing of soil and water from his lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible.

B. The Consequences. That the consequences of such soil erosion in the form of soil-blowing and soil-washing are the silting and sedimentation of stream channels, reservoirs, dams and ditches; the loss of fertile soil material in dust storms; the piling up of soil on
lower slopes and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon; loss of soil and water which causes destruction of food and cover for wildlife; a blowing and washing of soil into streams which silts over spawning beds, and destroys water plants, diminishing the food supply of fish; a diminishing of the underground water reserve which causes water shortages, intensifies periods of drought, and causes crop failures; and increase in the speed and volume of rainfall runoff, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads; highways, railways, farm buildings, and other property from floods and from dust storms; and losses in hydroelectric power, municipal water supply, irrigation developments, farming and grazing.

C. The Appropriate Corrective Methods. That to conserve soil resources and control and prevent soil erosion, and prevent floodwater and sediment damages, and further the conservation, development, utilization, and disposal of water it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and appropriate soil-conserving land-use practices including works of improvement for flood prevention and furthering the conservation, development, utilization, and disposal of water be adopted and carried out; that among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check dams, desilting basins, floodwater retarding structures, channel improvements, floodwaters, dikes, ponds, ditches and the like; the utilization of strip croppings, lister furrowing, contour cultivating, and contour furrowing; land drainage; land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops; soil stabilization with trees, grasses, legumes, and other thick-growing, soil holding crops; retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

D. Declaration of Policy. It is hereby declared to be the policy of the legislature to provide for the conservation of the soil and soil resources of this state, and for the control and prevention of soil erosion, and for the prevention of floodwater and sediment damages, and for furthering the conservation, development, utilization, and disposal of water, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and promote the health, safety, and general welfare of the people of this state.

It is hereby further declared to be the policy of the legislature that the soil conservation commission provide support and service to soil conservation districts in the wise use and enhancement of soil, water and related resources.

E. Planning. The state also declares that the health, safety and general welfare of the people of this state can be greatly enhanced by

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 15, Title 16, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 16-1501A, Idaho Code, and to read as follows:

16-1501A. RIGHTS AND RESPONSIBILITIES OF PARTIES IN ADOPTION PROCEEDINGS. (1) The legislature finds that the rights and interests of all parties affected by an adoption proceeding must be considered and balanced in determining what constitutional protections and processes are necessary and appropriate.
(2) The legislature finds that:
(a) The state has a compelling interest in providing stable and permanent homes for adoptive children in a prompt manner, in preventing the disruption of adoptive placements, and in holding parents accountable for meeting the needs of children;
(b) An unmarried mother, faced with the responsibility of making crucial decisions about the future of a newborn child, is entitled to privacy, and has the right to make timely and appropriate deci-
sions regarding her future and the future of the child, and is entitled to assurance regarding the permanence of an adoptive placement;
(c) Adoptive children have a right to permanence and stability in adoptive placements;
(d) Adoptive parents have a constitutionally protected liberty and privacy interest in retaining custody of an adopted child; and
(e) An unmarried biological father has an inchoate interest that acquires constitutional protection only when he demonstrates a timely and full commitment to the responsibilities of parenthood, both during pregnancy and upon the child's birth. The state has a compelling interest in requiring unmarried biological fathers to demonstrate that commitment by providing appropriate medical care and financial support and by establishing legal paternity, in accordance with the requirements of this chapter.
(3) (a) The legislature prescribes the conditions for determining whether an unmarried biological father's action is sufficiently prompt and substantial to require constitutional protection pursuant to sections 16-1504 and 16-1513, Idaho Code.
(b) If an unmarried biological father fails to grasp the opportunities to establish a relationship with his child that are available to him, his biological parental interest may be lost entirely, or greatly diminished in constitutional significance by his failure to timely exercise it, or by his failure to strictly comply with the available legal steps to substantiate it.
(c) A certain degree of finality is necessary in order to facilitate the state's compelling interest. The legislature finds that the interest of the state, the mother, the child, and the adoptive parents described in this section outweigh the interest of an unmarried biological father who does not timely grasp the opportunity to establish and demonstrate a relationship with his child in accordance with the requirements of this chapter.
(d) An unmarried biological father has the primary responsibility to protect his rights.
(e) An unmarried biological father is presumed to know that the child may be adopted without his consent unless he strictly complies with the provisions of this chapter, manifests a prompt and full commitment to his parental responsibilities, and establishes paternity.
(4) The legislature finds that an unmarried mother has a right of privacy with regard to her pregnancy and adoption plan, and therefore has no legal obligation to disclose the identity of an unmarried biological father prior to or during an adoption proceeding, and has no obligation to volunteer information to the court with respect to the father.

SECTION 2. That Section 16-1504, Idaho Code, be, and the same is hereby amended to read as follows:

16-1504. NECESSARY CONSENT OF-PARENTS;GUARDIAN;--CLOSEST--RELATIVE;--OR--NEXT-FRIEND-OF-CHILD---EXCEPTIONS TO ADOPTION. (1) A child cannot be adopted without the consent of its parents; if living, except--that--the-consent-of-a-putative-father-whose-paternity-has-not
been legally established by order of a court of competent jurisdiction shall be implied as provided in section 16-1513, Idaho Code; nor without the consent of its guardian if one has been legally appointed; or if no living parents or guardian; then of its nearest relative; if no relative then by the consent of some person appointed by the judge to act in the proceedings as the next friend to such child; --The consent of a parent who is a minor shall not be voidable because of that minority.

Consent to adoption is required from:

(a) The adoptee, if he is more than twelve (12) years of age, unless he does not have the mental capacity to consent;
(b) Both parents or the surviving parent of an adoptee who was conceived or born within a marriage, unless the adoptee is eighteen (18) years of age or older;
(c) The mother of an adoptee born outside of marriage;
(d) Any biological parent who has been adjudicated to be the child's biological father by a court of competent jurisdiction prior to the mother's execution of consent;
(e) An unmarried biological father of an adoptee only if the requirements and conditions of subsection (2)(a) or (b) of this section have been proven;
(f) Any legally appointed custodian or guardian of the adoptee;
(g) The guardian or conservator of a disabled or incapacitated adult, if one has been appointed;
(h) The adoptee's spouse, if any; and
(i) An unmarried biological father who has filed a voluntary acknowledgment of paternity with the vital statistics unit of the department of health and welfare pursuant to section 7-1106, Idaho Code; and
(j) The father of an illegitimate child who has adopted the child by acknowledgment pursuant to section 16-1510 Idaho Code.

2. In accordance with subsection (1) of this section, the consent of an unmarried biological father is necessary only if the father has strictly complied with the requirements of this section.

(a) (i) With regard to a child who is placed with adoptive parents more than six (6) months after birth, an unmarried biological father shall have developed a substantial relationship with the child, taken some measure of responsibility for the child and the child's future, and demonstrated a full commitment to the responsibilities of parenthood by financial support of the child, of a fair and reasonable sum and in accordance with the father's ability, when not prevented from doing so by the person or authorized agency having lawful custody of the child, and either:

1. Visiting the child at least monthly when physically and financially able to do so, and when not prevented from doing so by the person or authorized agency having lawful custody of the child; or
2. Have regular communication with the child or with the person or agency having the care or custody of the child, when physically and financially unable to visit the child, and when not prevented from doing so by the person or authorized agency having lawful custody of the child.
(ii) The subjective intent of an unmarried biological father, whether expressed or otherwise, unsupported by evidence of acts specified in this subsection shall not preclude a determination that the father failed to meet the requirements of this subsection.

(iii) An unmarried biological father who openly lived with the child for a period of six (6) months within the one (1) year period after the birth of the child and immediately preceding placement of the child with adoptive parents, and who openly held himself out to be the father of the child during that period, shall be deemed to have developed a substantial relationship with the child and to have otherwise met the requirements of this subsection.

(b) With regard to a child who is under six (6) months of age at the time he is placed with adoptive parents, an unmarried biological father shall have manifested a full commitment to his parental responsibilities by performing all of the acts described in this subsection prior to the placement for adoption of the child in the home of prospective parents or prior to the date of commencement of any proceeding to terminate the parental rights of the birth mother, whichever event occurs first. The father shall:

(i) Commence proceedings to establish paternity under section 7-1111, Idaho Code, and file with that court a sworn affidavit stating that he is fully able and willing to have full custody of the child, setting forth his plans for the care of the child, and agreeing to a court order of child support and the payment of expenses incurred in connection with the mother's pregnancy and the child's birth;

(ii) File a notice of his commencement of proceedings to establish his paternity of the child with the vital statistics unit of the department of health and welfare pursuant to section 16-1513, Idaho Code; and

(iii) If he had actual knowledge of the pregnancy, pay a fair and reasonable amount of the expenses incurred in connection with the mother's pregnancy and the child's birth, in accordance with his means, and when not prevented from doing so by the person or authorized agency having lawful custody of the child.

(3) An unmarried biological father whose consent is required under subsection (1) or (2) of this section may nevertheless lose his right to consent if the court determines, in accordance with the requirements and procedures of the termination of parent and child relationship act, sections 16-2001 through 16-2015, Idaho Code, that his rights should be terminated, based on the petition of any party as set forth in section 16-2004, Idaho Code.

(4) If there is no showing that an unmarried biological father has consented to or waived his rights regarding a proposed adoption, the petitioner shall file with the court a certificate from the vital statistics unit of the department of health and welfare, signed by the state registrar of vital statistics, stating that a diligent search has been made of the registry of notices from putative fathers, of a child born out of wedlock, and that the putative father involved has not filed notice of his commencement of proceedings to establish his
paternity, or if a filing is found, stating the name of the putative father and the time and date of filing. That certificate shall be filed with the court prior to the entrance of the final decree of adoption.

(5) An unmarried biological father who does not fully and strictly comply with each of the conditions provided in this section, is deemed to have waived and surrendered any right in relation to the child, including the right to notice of any judicial proceeding in connection with the adoption of the child, and his consent to the adoption of the child is not required.

(6) A minor parent has the power to consent to the adoption of his or her child. That consent is valid and has the same force and effect as a consent executed by an adult parent. A minor parent, having executed a consent, cannot revoke that consent upon reaching the age of majority or otherwise becoming emancipated.

(7) No consent shall be required of, nor notice given to, any person whose parental relationship to such child shall have been terminated in accordance with the provisions of either chapter 16 or 20, title 16, Idaho Code, or by a court of competent jurisdiction of a sister state under like proceedings; or in any other manner authorized by the laws of a sister state. Where a voluntary child placement agency licensed by the state in which it does business is authorized to place a child for adoption and to consent to such child's adoption under the laws of such state, the consent of such agency to the adoption of such child in a proceeding within the state of Idaho shall be valid and no further consents or notices shall be required.

(8) A petition to adopt an adult may be granted only if written consent to adoption has been executed by the adult being adopted and the adult's spouse, if any, and by the guardian or conservator of a disabled or incapacitated adult, if one has been appointed. The legislature finds that an unmarried biological father who resides in another state may not, in every circumstance, be reasonably presumed to know of, and strictly comply with, the requirements of this chapter. Therefore when all of the following requirements have been met, that unmarried biological father may contest an adoption, prior to finalization of the decree of adoption, and assert his interest in the child:

(a) The unmarried biological father resides and has resided in another state where the unmarried mother was also located or resided;
(b) The mother left that state without notifying or informing the unmarried biological father that she could be located in the state of Idaho;
(c) The unmarried biological father has, through every reasonable means, attempted to locate the mother but does not know or have reason to know that the mother is residing in the state of Idaho; and
(d) The unmarried biological father has complied with the most stringent and complete requirements of the state where the mother previously resided or was located, in order to protect and preserve his parental interest and rights in the child in cases of adoption.

(9) Notwithstanding section 7-1107, Idaho Code, a proceeding to
establish paternity filed pursuant to this section may be filed prior to the birth of the child.

SECTION 3. That Section 16-1505, Idaho Code, be, and the same is hereby repealed.

SECTION 4. That Chapter 15, Title 16, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 16-1505, Idaho Code, and to read as follows:

16-1505. NOTICE OF ADOPTION PROCEEDINGS. (1) Notice of an adoption proceeding shall be served on each of the following persons:
(a) Any person or agency whose consent or relinquishment is required under section 16-1504, Idaho Code, unless that right has been terminated by waiver, relinquishment, consent or judicial action, or their parental rights have been previously terminated;
(b) Any person who has registered notice of the commencement of paternity proceedings pursuant to section 16-1513, Idaho Code;
(c) The petitioner's spouse, if any, only if he or she has not joined in the petition;
(d) Any person who is recorded on the birth certificate as the child's father, with the knowledge and consent of the mother, unless such right to notice or parental rights have been previously terminated;
(e) Any person who is openly living in the same household with the child at the time the mother's consent is executed or relinquishment made, and who is holding himself out to be the child's father, unless such rights to notice or parental rights have been previously terminated; and
(f) Any person who is married to the child's mother at the time she executes her consent to the adoption or relinquishes the child for adoption.
(2) An unmarried biological father, by virtue of the fact that he has engaged in a sexual relationship with a woman, is deemed to be on notice that a pregnancy and an adoption proceeding regarding that child may occur, and has a duty to protect his own rights and interests. He is therefore entitled to actual notice of a birth or an adoption proceeding with regard to that child only as provided in this section.
(3) Notice provided in accordance with this section need not disclose the name of the mother of the child who is the subject of an adoption proceeding.
(4) The notice required by this section may be served immediately after commencement of proceedings to adopt a child but shall be served at least twenty (20) days prior to the final dispositional hearing. The notice shall specifically state that the person served must respond to the petition for adoption within twenty (20) days of service if he intends to intervene in or contest the adoption.
(5) (a) Any person who has been served with notice of an adoption proceeding and who wishes to contest the adoption shall file a written objection to the adoption in the adoption proceeding within twenty (20) days after service. The written objection
shall set forth specific relief sought and be accompanied by a memorandum specifying the factual and legal grounds upon which the written objection is based.

(b) Any person who fails to file a written objection to the adoption within twenty (20) days after service of notice waives any right to further notice in connection with the adoption, forfeits all rights in relation to the adoptee, and is barred from thereafter bringing or maintaining any action to assert any interest in the adoptee.

(6) Service of notice under this section shall be made as follows:

(a) With regard to a person whose consent is necessary under section 16-1504, Idaho Code, notice shall be given by personal service. Where reasonable efforts to effect personal service have been unsuccessful, the court shall order service by registered or certified mail to the last known address of the person to be notified and by publication once a week for three (3) successive weeks in a newspaper or newspapers to be designated by the court as most likely to give notice to the person to be served. The hearing shall take place no sooner than twenty (20) days after service of notice, or where service is by registered or certified mail and publication, the hearing shall take place no sooner than twenty (20) days after the date of last publication. Notice and appearance may be waived by any person in writing before the court or in the presence of, and witnessed by, a clerk of court or a representative of an authorized agency, provided that such parent has been apprised by the court or by such person of the meaning and consequences of the adoption proceeding. Where the person entitled to notice resides outside the state, the waiver shall be acknowledged before a notary of the state and shall contain the current address of said person. The person who has executed such a waiver shall not be required to appear. If service is by publication, the court shall designate the content of the notice regarding the identity of the parties. The notice may not include the name of the person or persons seeking to adopt the adoptee.

(b) As to any other person for whom notice is required under this section, service by certified mail, return receipt requested, is sufficient. If that service cannot be completed after two (2) attempts, the court may issue an order providing for service by publication, posting, or by any other manner of service.

(c) Notice to a person who has registered a notice of his commencement of paternity proceedings with the vital statistics unit of the department of health and welfare in accordance with the requirements of section 16-1513, Idaho Code, shall be served by certified mail, return receipt requested, at the last address filed with the department.

(7) Proof of service of notice on all persons for whom notice is required by this section shall be filed with the court before the final dispositional hearing on the adoption.

(8) Notwithstanding any other provision of law, neither the notice of an adoption proceeding nor any process in that proceeding is required to contain the name of the person or persons seeking to adopt the adoptee.
(9) Except as to those persons whose consent to an adoption is required under section 16-1504, Idaho Code, the sole purpose of notice under this section is to enable the person served to present evidence to the court relevant to the best interest of the child.

SECTION 5. That Section 16-1506, Idaho Code, be, and the same is hereby amended to read as follows:

16-1506. PROCEEDINGS ON ADOPTION. (1) Proceedings to adopt a child shall be commenced by the filing of a petition together with a copy thereof. Said petition shall be initiated by the person or persons proposing to adopt the child and shall be filed with the district court of the county in which said person or persons reside. The petitioners shall have resided and maintained a dwelling within the state of Idaho for at least six (6) consecutive months prior to the filing of a petition. The petition shall set forth the name and address of the petitioner or petitioners, the name of the child proposed to be adopted and the name by which the person to be adopted shall be known if and when adopted, the degree of relationship of the child, if any, to the petitioner or petitioners and the names of any person or agency whose consent to said adoption is necessary. At the time fixed for hearing such petition the person adopting a child, and the child adopted, and the spouse of petitioner if a natural parent of the child, must appear before the court of the county wherein the petition was filed. Petitioner shall at such time execute an agreement to the effect that the child shall be adopted and treated in all respects as his own lawful child should be treated.

(2) Any person or persons whose consent is required shall execute such consent in writing, in a form consistent with the provisions of subsection f. of section 16-2005, Idaho Code, which consent being filed in the court where the application is made, shall be deemed a sufficient appearance on the part of such person or persons. If any adoptive parent, or a person not a minor being adopted by a resident adult under the provisions of section 16-1501, Idaho Code, is a member of the armed services and is unable to attend the hearing, his appearance and testimony shall be received by means of deposition, which shall be filed in the court at the time of the hearing.

(3) Prior to the placement for adoption of any child in the home of prospective adoptive parents, it shall be required that a thorough social investigation of the prospective adoptive family and all of its members, consistent with the rules regarding such investigations promulgated by the department of health and welfare, shall be completed and that a positive recommendation for adoptive placement shall have been made. The social investigation may be performed by any individual who meets the requirements of the law. A copy of the study must be submitted to the department and the department may impose a reasonable fee, not to exceed fifty dollars ($50.00), for oversight of such privately conducted studies. In those instances where the prospective adoptive parent is married to the birth parent or is the grandparent of the child to be adopted, such social investigation shall be completed with regard to the prospective adoptive parent only upon order of the court. In exigent circumstances where the prospective adoptive parents are determined by the court to have been unable to complete a
social investigation of the family with a positive recommendation prior to the time the child is placed in the home, the child shall remain in the home unless the court determines the best interests of the child are served by other placement. If exigent circumstances exist, a social investigation shall be initiated within five (5) days of placement. Once initiated, all studies shall be completed within sixty (60) days. Upon the filing of a petition to adopt a minor child by a person unrelated to the child or unmarried to a natural parent of the child and at the discretion of the court upon the filing of any other petition for adoption, a copy of such petition, together with a statement containing the full names and permanent addresses of the child and the petitioners, shall be served by the court receiving the petition within five (5) days on the director of the department of health and welfare by registered mail or personal service. If no private investigation is conducted, it shall then be the duty of the said director, through the personnel of the department or through such qualified child-placing children's adoption agency incorporated under chapter 3, title 30, Idaho Code, as the director may designate, to verify the allegations of the petition, and as soon as possible not exceeding thirty (30) days after service of the petition on the director to make a thorough investigation of the matter to include in all cases information as to the alleged date and place of birth and as to parentage of the child to be adopted as well as the source of all such information and report his findings in writing to the court. The investigative report shall include reasonably known or available medical and genetic information regarding both natural parents and sources of such information as well as reasonably known or available providers of medical care and services to the natural parents. A copy of all medical and genetic information compiled in the investigation shall be made available to the adopting family by the department or other investigating children's adoption agency prior to entry of the final order of adoption. The petition, statement and all other papers, records or files relating to the adoption, including the preplacement investigation and recommendation, shall be returned to the court with the investigative report. The department of health and welfare or other children's adoption agency may require the petitioner to pay all or any part of the costs of the investigation. If the report disapproves of the adoption of the child, motion may be made to the court to dismiss the petition.

(4) Proceedings for termination of parent-child relationship in accordance with chapter 20, title 16, Idaho Code, and proceedings for adoption may be consolidated and determined at one (1) hearing provided that all of the requirements of this chapter as well as chapter 20, title 16, Idaho Code, be fully complied with. Nothing in either chapter shall be construed as limiting the initiation of any petition for approval of a verified financial plan for adoption expenses pursuant to section 18-1511, Idaho Code, prior to the birth of the child which is the subject of any adoption proceeding. In all disputed matters under this chapter or chapter 20, title 16, Idaho Code, the paramount criterion for consideration and determination by the court shall be the best interests of the child.

(5) Proceedings for the adoption of an adult shall be as provided in subsection (1) of this section and any consents required shall be
executed as provided in subsection (2) of this section. Upon a finding by the court that the consent of all persons for whom consent is required has been given and that the requirements of section 16-1501, Idaho Code, have been proven to the satisfaction of the court, the court shall enter an order granting the adoption. In cases where the adult proposed to be adopted is incapacitated or disabled, the court may require that an investigation be performed. The form and extent of the investigation to be undertaken may be as provided in subsection (3) of this section, or as otherwise ordered by the court. If an investigation is performed, the court must review and approve the findings of the investigation before issuing an order approving the adoption.

SECTION 6. That Section 16-1510, Idaho Code, be, and the same is hereby repealed.

SECTION 7. That Section 16-1513, Idaho Code, be, and the same is hereby amended to read as follows:

The vital statistics unit of the department of health and welfare shall provide forms for the purpose of registering filing the notice of commencement of paternity proceedings, and the forms shall be made available through the vital statistics unit of the Idaho department of health and welfare and in the office of the county clerk in every county of this state. When making-a-claim-of filing a notice of the commencement of paternity proceedings, a person who is-the-father-or claims to be the father of a child born out-of-wedlock out of wedlock, shall mail-to file with the vital statistics unit of the department of health and welfare, the completed form prescribed by the vital statistics unit of the department of health and welfare. Said form will be filled out completely, signed by the person claiming paternity, and witnessed before a notary public.

(2) The claim notice of the commencement of paternity proceedings may be registered filed prior to the birth of the child, but must be registered filed prior to the placement for adoption of the child in the home of prospective parents or prior to the date of any termination proceeding or proceeding wherein the child is placed with an agency--licensed--to-provide-adoption-services. The claim-of-paternity commencement of any proceeding to terminate the parental rights of the birth mother, whichever event occurs first. department shall record the date and time the notice of the commence­

in which the birth mother resides, he may initiate his action in any
county, subject to a change in venue.

ing prior to the placement for adoption of the child in the home of pro­
spective parents or prior to the date of commencement of any proceed­
ing to terminate the parental rights of the birth mother, whichever
event occurs first, is deemed to have waived and surrendered any right
in relation to the child and shall be barred from thereafter bringing
or maintaining any action to establish his paternity of the child.
Failure of such filing or registration shall constitute an abandonment
of said child, and shall be prima facie evidence of sufficient grounds
to support termination of such father's parental rights in accordance
with section 16-2005, Idaho Code, and to adoption for the purposes of
section 16-1504, Idaho Code. The filing and registering of a notice of
claim-to-paternity-and-willingness-to-assume-responsibility—for the
child. The filing and registration of a notice of the commencement of
paternity proceedings by a putative father shall also constitute prima
facie evidence of the fact of his paternity in any contested proceed­
ing under chapter 11, title 7, Idaho Code, but the filing of a notice of
the commencement of paternity proceedings shall not be a bar to an
action for termination of his parental rights under chapter 20, title

5. If personal service cannot be obtained, then service by publication, notifying the father of the requirement to register his claim of paternity with the vital statistics unit of the department of health and welfare prior to the date of any termination proceeding or proceeding wherein the child is placed with an agency licensed to provide adoption services, shall be sufficient. Service by publication shall include sending of notice by registered or certified mail to the last known address of the person to be notified and publication of the notice once a week for three (3) successive weeks in a newspaper of general circulation within the county where the court is located. Notification by publication must be completed at least ten (10) days prior to any termination proceeding, or proceeding wherein the child is placed with an agency licensed to provide adoption services.

6. Notice of the requirement to register, as provided in this section, may be combined with a notice of termination of parental rights, as provided in chapter 20, title 16, Idaho Code.

7. In any termination adoption proceeding pertaining to a child born out of wedlock, if there is no showing that the putative father has consented to termination prior to the granting of a decree allowing the termination, the adoption, a certificate shall be obtained from the vital statistics unit of the department of health and welfare, signed by the state registrar of vital statistics, which certificate shall state that a diligent search has been made of the registry of notices from putative fathers, of a child born out of wedlock, and that no filing has been found pertaining to the father of the child in question, or if a filing is found, stating the name of the putative father involved is not registered and the time and date of filing. That certificate shall be filed with the court prior to entry of a final decree of adoption.

8. Identities of putative fathers can only be released pursuant to procedures contained in chapter 3, title 9, Idaho Code.

9. To cover the cost of implementing and maintaining said registry, the vital statistics unit of the department of health and welfare shall charge a registration filing fee of ten dollars ($10.00) at the time the putative father registers his intent to exercise his parental rights files his notice of his commencement of proceedings. It is the intent of the legislature that the fee shall cover all direct and indirect costs incurred pursuant to this section. The board of health and welfare shall annually review the fees and expenses incurred pursuant to administering the provisions of this section.

10. Consistent with its authority denoted in the vital statistics act, section 39-242(c), Idaho Code, the board of health and welfare shall adopt, amend and repeal regulations for the purpose
of carrying out the provisions of this section.

Provided further, that where termination is sought by a grandparent seeking to adopt the child, willful failure of the parent to maintain a normal parental relationship as provided herein, without just cause, for six (6) months shall constitute prima facie evidence of abandonment.

b. The parent has neglected or abused the child. Neglect as used herein shall mean a situation in which the child lacks parental care necessary for his health, morals and well-being.

c. The presumptive parent is not the natural parent of the child.

d. The parent is unable to discharge parental responsibilities because of mental illness or mental deficiency, and there are reasonable grounds to believe the condition will continue for a prolonged indeterminate period and will be injurious to the health, morals or well-being of the child.

f. Where a consent to termination in the manner and form prescribed by this act has been filed by the parent(s) of the child in conjunction with a petition for adoption initiated by the person or persons proposing to adopt the child, or where the consent to termination has been filed by a licensed adoption agency, no subsequent hearing on the merits of the petition shall be held. Consents required by this act must be witnessed by a district judge or magistrate of a district court, or equivalent judicial officer of the state, where a person consenting resides or is present, whether within or without the county, and shall be substantially in the following form:

DATED: ...., 1920

STATE OF IDAHO

 ss.

COUNTY OF ....
On this ... day of ..., 2020., before me, the undersigned ..., .... (Judge or Magistrate) of the District Court of the .... Judicial District of the state of Idaho, in and for the county of ..., personally appeared ..., known to me (or proved to me on the oath of ....) to be the person(s) whose name(s) is (are) subscribed to the within instrument, and acknowledged to me that he (she, they) executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

................................ (District Judge or Magistrate)

The court shall accept a consent or a surrender and release executed in another state if:

(1) It is witnessed by a magistrate or district judge of the state where signed; or

(2) The court receives an affidavit or a certificate from a court of comparable jurisdiction stating that the consent or the surrender and release was executed in accordance with the laws of the state in which it was executed, or the court is satisfied by other showing that the consent or surrender and release was executed in accordance with the laws of the state in which it was executed; or

(3) The court shall accept a termination or relinquishment from a sister state that has been ordered by a court of competent jurisdiction under like proceedings; or in any other manner authorized by the laws of a sister state. In a state where the father has failed to file notice of claim to paternity and willingness to assume responsibility as provided for pursuant to the laws of such state, and where such failure constitutes an abandonment of such child and constitutes a termination or relinquishment of the rights of the putative father, the court shall accept such failure as a termination in this state without further hearing on the merits, if the court is satisfied that such failure constitutes a termination or relinquishment of parental rights pursuant to the laws of that state.

h. Unless a consent to termination signed by the parent(s) of the child has been filed by an adoption agency licensed in the state of Idaho, or unless the consent to termination was filed in conjunction with a petition for adoption of the child, the court shall hold a hearing.

i. In the case of a father's parental relationship, where the father has failed to file notice of claim to paternity and willingness to assume responsibility as provided in section 16-1513(3), Idaho Code:

jh. The court may grant termination as to a parent:

(2) Who murdered or intentionally killed the other parent of the child; or
(3) Who has been incarcerated and has no possibility of parole. There is a rebuttable presumption that termination of the parent-child relationship in any of the circumstances provided in subsection jh. of this section is in the best interest of the child.

SECTION 10. That Section 16-2007, Idaho Code, be, and the same is hereby amended to read as follows:

The division of welfare of the Idaho department of health and welfare shall be given notice of the hearing if the petition for termination was not filed in conjunction with a petition for adoption or by an adoption agency licensed by the state of Idaho. Notice shall be given by personal service on the parents or guardian. Where reasonable efforts to effect personal service have been unsuccessful, the court shall order service by registered or certified mail to the last known address of the person to be notified and by publication once a week for three (3) successive weeks in a newspaper or newspapers to be designated by the court as most likely to give notice to the person to be served. The hearing shall take place no sooner than ten (10) days after service of notice, or where service is by registered or certified mail and publication, the hearing shall take place no sooner than ten (10) days after the date of last publication. Notice and appearance may be waived by a parent in writing before the court or in the presence of, and witnessed by, a clerk of court or a representative of an authorized agency, provided that such parent has been apprised by the court or by such person of the meaning and consequences of the termination action. Where the parent resides outside the state, the waiver shall be acknowledged before a notary of the state and shall contain the current address of the parent. The parent who has executed such a waiver shall not be required to appear. Where the parent is a minor, the waiver shall be effective only upon approval by the court. When the termination of the parent and child relationship is sought under section 16-2005(d.), Idaho Code, the court shall appoint a guardian ad litem for the alleged incompetent parent. The court may in any other case appoint a guardian ad litem, as may be deemed necessary or desirable, for any party. Where the putative father has failed to timely commence proceedings to establish paternity under section 7-1111, Idaho Code, and by filing with the vital statistics unit of the department of health and welfare, notice of his commencement of proceedings to establish his paternity of the child born out of wedlock, notice under this section is not required unless such putative father is one of those persons specifically set forth in section 16-1505(1), Idaho Code.

16-2008. INVESTIGATION PRIOR TO DISPOSITION. a. If a petition for adoption is not filed in conjunction with a petition for termination, or the petition for termination was not filed by a children's adoption agency licensed by the state of Idaho upon the filing of a petition for termination, the court shall direct the department of health and welfare, bureau of child support enforcement to submit a written financial analysis report within thirty (30) days from date of notification, detailing the amount of any unreimbursed public assistance moneys paid by the state of Idaho on behalf of the child. The financial analysis shall include recommendations regarding repayment of unreimbursed public assistance and provisions for future support for the child, and the reasons therefor.

b. Upon the filing of a petition, the court may direct, in all cases where written consent to termination has not been given as provided in this act, that an investigation be made by the department of health and welfare, division of family and children's services, or a licensed children's adoption agency, and that a report in writing of such study be submitted to the court prior to the hearing, except that where the department of health and welfare or a licensed children's adoption agency is a petitioner, either in its own right or on behalf of a parent, a report in writing of the investigation made by such agency shall accompany the petition. The department of health and welfare or the licensed children's adoption agency shall have thirty (30) days from notification by the court during which it shall complete and submit its investigation unless an extension of time is granted by the court upon application by the agency. The court may order additional investigation as it deems necessary. The social study shall include the circumstances of the petition, the investigation, the present condition of the child and parents, proposed plans for the child, and such other facts as may be pertinent to the parent and child relationship, and the report submitted shall include a recommendation and the reasons therefor as to whether or not the parent and child relationship should be terminated. Where the parent is a minor, if the report does not include a statement of contact with the parents of said minor, the reasons therefor shall be set forth. The purpose of the investigation is to aid the court in making disposition of the petition and shall be considered by the court prior thereto.

c. No social study or investigation as provided for in paragraph b. of this section shall be directed by the court with respect to the putative father who has failed to timely commence proceedings to establish paternity under section 7-1111, Idaho Code, and by filing with the vital statistics unit of the department of health and welfare, notice of his commencement of proceedings to establish his paternity of the child, unless such putative father is one of those persons specifically set forth in section 16-1505(1), Idaho Code.

SECTION 12. That Section 16-2010, Idaho Code, be, and the same is hereby amended to read as follows:

16-2010. DECREE. Every order of the court terminating the parent
and child relationship or transferring legal custody or guardianship of the person of the child, or providing for protective supervision of the child, shall be in writing and shall recite the findings upon which such order is based, including findings pertaining to the court's jurisdiction.

a. If the court finds sufficient grounds exist for the termination of the parent and child relationship, it shall so decree and:
   (1) Appoint an individual as guardian of the child's person, or
   (2) Appoint an individual as guardian of the child's person and vest legal custody in another individual or in an authorized agency, or
   (3) Appoint an authorized agency as guardian of the child's person and vest legal custody in such agency.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 15-2-801, Idaho Code, be, and the same is hereby amended to read as follows:

15-2-801. RENUNCIATION.
(a) (1) A person or the representative of an incapacitated or unascertained person who is an heir, devisee, person succeeding to a renounced interest, donee, beneficiary under a testamentary or nontestamentary instrument, donee of a power of appointment, grantee, surviving joint owner or surviving joint tenant, beneficiary of an insurance contract, person designated to take pursuant to a power of appointment exercised by a testamentary or nontestamentary instrument, or otherwise the recipient of any benefit under a testamentary or nontestamentary instrument, may renounce in whole or in part, powers, future interests, specific parts, fractional shares or assets thereof by filing a written instrument within the time and at the place hereinafter provided.
(2) The instrument shall (i) describe the property or interest renounced; (ii) be signed by the person renouncing; and (iii) declare the renunciation and the extent thereof.
(3) The appropriate court may direct or permit a trustee under a testamentary or nontestamentary instrument to renounce or to deviate from any power of administration, management or allocation of benefit upon finding that exercise of such power may defeat or impair the accomplishment of the purposes of the trust whether by the imposition of tax or the allocation of beneficial interest inconsistent with such purposes. Such authority shall be exercised after hearing and upon notice to all known persons beneficially interested in such trust or estate, in the manner provided by this act.
(b) The writing specified in subsection (a) of this section must be filed within nine (9) months after the transfer or the death of the decedent, or donee of the power, (whichever is the later) or, if the taker of the property is not then finally ascertained, not later than nine (9) months after the event that determines that the taker of the property or interest is finally ascertained or his interest indefeasibly vested. The writing must be filed in the court of the county where proceedings concerning the decedent's estate are pending, or where they would be pending if commenced. If an interest in real estate is renounced, a copy of the writing may also be recorded in the office of the recorder in the county in which said real estate lies. A copy of the writing also shall be delivered in person or mailed by registered or certified mail to the personal representative of the decedent, the trustee of any trust in which the interest renounced exists, and no such personal representative, trustee, or person shall be liable for any otherwise proper distribution or other disposition made without actual notice of the renunciation.
(c) Unless the decedent or donee of the power has otherwise indicated, the property or interest renounced passes as if the person renouncing had predeceased the decedent, or if the person renouncing is designated to take under a power of appointment as if the person renouncing had predeceased the donee of the power. A future interest
that takes effect in possession or enjoyment after the termination of
the estate or interest renounced takes effect as if the person
renouncing had predeceased the decedent or the donee of the power. In
every case the renunciation relates back for all purposes to the date
of death of the decedent or the donee, as the case may be.

(d) The right to renounce property or an interest therein is
barred by: (1) assignment, conveyance, encumbrance, pledge or transfer
of property therein or any contract therefor; (2) written waiver of
the right to renounce; or (3) sale or other disposition of property
pursuant to judicial process, made before the renunciation is effec-
tive.

(e) The right to renounce granted by this section exists irre-
spective of any limitation on the interest of the person renouncing in
the nature of a spendthrift provision or similar restriction.

(f) The renunciation or the written waiver of the right to
renounce is binding upon the person renouncing or person waiving and
all persons claiming through or under him.

(g) This section does not abridge the right of any person to
assign, convey, release, or renounce any property or an interest
therein arising under any other statute.

(h) An interest in property existing on the effective date of
this act as to which, if a present interest, the time for filing a
renunciation has not expired, or, if a future interest, the interest
has not become indefeasibly vested or the taker finally ascertained
may be renounced within nine (9) months after the effective date of
this act.

(i) In clarification and amplification of subsection (a)(1) of
this section, and to make clear the existing terms thereof, a renunci-
ation may be made by an agent appointed under a power of attorney, by
a conservator or guardian on behalf of an incapacitated person, or by
the personal representative or administrator of a deceased person.
The ability to renounce on behalf of the person does not need to be
specifically set forth in a power of attorney if the power is general
in nature.

However, nothing herein shall be construed to prevent the state board of land commissioners from accepting and considering applications for new leases at any time.

In either case, the board must obtain a reasonable rental, based upon fair market value of the state land, throughout the duration of the lease. The board may reject any or all proposals and any or all bids, and may reoffer the lease at a later date if the board determines that the proposals or bids do not achieve the highest and best use of the land at market rental.

40-2001. RELOCATION AID FOR PERSONS DISPLACED BY PUBLIC PROGRAMS -- LEGISLATIVE FINDING. sary purpose, is a cost of those programs and projects and is a pub-

lic purpose. In order to insure that individuals do not suffer disprop-

40-2004. RELOCATION EXPENSE -- COMPENSATION OPTIONS -- LIMIT OF COMPENSATION FOR BUSINESS OR FARM RELOCATIONS. However, the compensation authorized by this section for actual and reasonable moving expenses, actual direct losses of tangible personal property, and expenses in searching for a replacement farm or business shall be limited to relocating a displaced person, family, business or farm operation within a reasonable distance from the location previously occupied and from which the displaced person has been required to move.

(2) Any displaced person who moves from a dwelling who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection (1) of this section may shall receive a moving expense allowance, determined according to regulations and schedules established by the agency, not to exceed three hundred dollars ($300), and in addition a dislocation allowance of two hundred dollars ($200).

In the case of a business, no payment shall be made under this subsection unless the agency is satisfied that the business cannot be relocated without a substantial loss of patronage, and is not a part of a commercial enterprise having at least one (1) other establishment not being acquired which is engaged in the same or similar business. In addition to the other requirements of this chapter, to be eligible for the payment authorized by this subsection the business or farm operation must make its financial statements, accounting records, and state income tax returns available to the agency for audit for confidential use in determining the payment or payments authorized by this subsection. Such financial statements, accounting records and state income tax returns shall be subject to disclosure according to chapter 3, title 9, Idaho Code.

(4) If any agency determines that property, contiguous with property acquired, owned or occupied by an individual, family, business or farm operation, has been damaged as the result of a public program or project, it may shall offer the individual, family, business or farm operation the same compensation as it might offer to a displaced per-
son under subsections (1), (2) or (3) of this section and under sections 40-2005 and 40-2007, Idaho Code.

The payment shall not exceed fifteen thousand dollars ($15,000) and shall be the amount, when added to the acquisition payment, equals the reasonable cost required for a comparable dwelling determined in accordance with standards established by the agency to be suitable to accommodate the displaced owner. The payment shall be made only to a displaced owner who purchases and occupies a dwelling that meets standards established by the agency, not later than the end of a one (1) year period beginning on the date on which he received final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date. Payment under this subsection will include an amount which will compensate the displaced person for any increased interest costs which the person is required to pay for financing the acquisition of any comparable replacement dwelling. This amount will be paid only if the dwelling acquired by the agency was encumbered by a mortgage which was a valid lien on the dwelling for not less than one hundred eighty (180) days prior to the first written offer for the acquisition of the dwelling. The amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, reduced to discounted current value. The discounted rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located. This amount shall also include reasonable expenses incurred by the displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but shall not include prepaid expenses.

(2) In addition to the payments authorized by section 40-2004, Idaho Code, any agency may make a payment to any individual or family displaced from any dwelling not eligible to receive a payment under subsection (1) of this section, which dwelling was actually and lawfully occupied by the individual or family for at least ninety (90) days prior to the first written offer for the acquisition of the property. (3) The pro rata share or portion of ad valorem taxes paid which are allocable to a period subsequent to the date of vesting of title in the state or the effective date of possession of the real property by the agency, whichever is earlier.

RELATING TO THE COUNTY VALUATION PROGRAM FOR PROPERTY TAX PURPOSES;
AMENDING SECTION 63-314, IDAHO CODE, TO ALLOW A BOARD OF COUNTY
COMMISSIONERS TO REQUEST THAT THE STATE TAX COMMISSION GRANT AN
EXTENSION OF THE FIVE YEAR REAPPRAISAL DEADLINE REQUIRED BY LAW,

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-314, Idaho Code, be, and the same is hereby amended to read as follows:

63-314. COUNTY VALUATION PROGRAM TO BE CARRIED ON BY ASSESSOR. (1) It shall be the duty of the county assessor of each county in the state to conduct and carry out a continuing program of valuation of all taxable properties under his jurisdiction pursuant to such rules as the state tax commission may prescribe, to the end that all parcels of property under the assessor's jurisdiction are assessed at current market value. In order to promote uniform assessment of property in the state of Idaho, taxable property shall be appraised or indexed annually to reflect current market value. In order to achieve this goal, at least twenty percent (20%) of the taxable properties in the county shall be included in each year's appraisal, resulting in a complete appraisal of all taxable property every five (5) years, except as provided in subsection (6) of this section. Annually, all taxable property, not actually appraised each year, shall be indexed to reflect current market value for assessment purposes using market value property transactions and results of the annual appraisal of twenty percent (20%) of the taxable property. The county assessor shall maintain in the respective offices sufficient records to show when each parcel or item of property was last appraised. The appraisal required by this section shall include a plan outlining the continuing valuation program. Said plan shall be submitted to the state tax commission for approval on or before the first Monday in February, 1997, and no less frequently than every fifth year thereafter. The state tax commission shall not approve any plan that fails to provide for adequate appraisal and valuation of all taxable properties in any county.

(2) The state tax commission is hereby authorized, empowered and directed to promulgate rules for the implementation of this program, and to provide any such county assessor with such supervision and technical assistance as may be necessary.

(3) The county commissioners of each county shall furnish the assessor with such additional funds and personnel as may be required to carry out the program hereby provided, and for this purpose may levy annually a property tax of not to exceed four-hundredths percent (.04%) of the market value for assessment purposes on all taxable property in the county to be collected and paid into the county treasury and appropriated to the property valuation fund which is hereby created.

(4) If compliance with the requirements of subsection (1) of this section is not obtained, or if any county fails to meet the goals set in subsection (1) of this section, the state tax commission may proceed as required by section 63-316, Idaho Code.

(5) As used in this section the term "adequate appraisal and valuation of all taxable properties in any county" means a process which includes a field inspection of at least twenty percent (20%) of the
taxable properties each year. Appraisal also includes collection, verification and analysis of market value sales, applicable income and expense data and building cost information, and application of this information to predict market value.

(6) The board of county commissioners may request that the Idaho state tax commission grant an extension of the five (5) year reappraisal deadline set forth in subsection (1) of this section. The request shall be in writing and shall set forth the reason(s) that the county is unable to complete the reappraisal process as required by subsection (1) of this section and shall set forth the measures the county will undertake in order to complete the reappraisal program within the extension of time requested. In no case shall an extension exceed two (2) years. The state tax commission may approve or deny any request for an extension and shall notify the board of county commissioners of its decision in writing. The state tax commission shall not approve any extension absent a showing by the county of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, natural disasters or unforeseen circumstances that result in extreme financial hardship to the county. Circumstances that will not qualify for an extension may include, but are not limited to, failure to adequately fund the county valuation program as provided by this section, malfeasance, or mismanagement by a current elected official. The state tax commission shall not grant the extension provided in this section if studies conducted by the commission indicate that any category of property affected by such extension is not assessed at market value.

(7) The Idaho state tax commission shall report back to the Idaho house of representatives revenue and taxation committee and the senate local government and taxation committee whenever an extension authorized under subsection (6) of this section is granted.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2000.

(c) "Available operating revenues" shall mean all amounts received on account of rentals and fees and other charges imposed by the association, if any, and income or interest earned or added to funds of the association due to the investment thereof and not required under the terms or provisions of any covenant or agreement with holders of any bonds or notes of the association to be applied to
any purposes other than payment of expenses of the association.

(d) "Amortized value," when used with respect to securities purchased at a premium above or a discount below par, shall mean the value as of any given date obtained by dividing the total premiums or discount at which such securities were purchased by the number of interest payments remaining to maturity on such securities after such purchase, and by multiplying the amount so calculated by the number of interest payment dates having passed since the date of such purchase; and

1. In the case of securities purchased at a premium, by deducting the product thus obtained from the purchase price, and
2. In the case of securities purchased at a discount, by adding the product thus obtained to the purchase price.

(e) The association shall create and establish one (1) or more special funds (herein referred to as "capital reserve funds"), and shall credit each such capital reserve fund:
1. Any proceeds of sale of notes or bonds, to the extent provided in the resolution or resolutions of the association authorizing the issuance thereof,
2. Any funds directed to be transferred by the association to such fund, and
3. Any other moneys which may be made available to the association for the purpose of such fund from any other source or sources.

(f) All moneys held in or credited to each such capital reserve fund, except as hereinafter provided, shall be used, as required, solely for the payment of the principal of bonds or of the sinking fund payments hereinafter mentioned with respect to such bonds, the purchase or redemption of bonds, the payment of interest on bonds or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; provided, however:
1. That moneys in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the maximum capital reserve fund requirement, except for the purposes of making payment, when due, with respect to such bonds, of principal or redemption price of, interest and the sinking fund payments, as the same become due, and for the payment of which other moneys of the association are not available.
2. Any income or interest earned by, or increment to, any capital reserve fund due to the investment thereof may be transferred by the association to other funds or accounts of the association to the extent it does not reduce the amount of such capital reserve fund below the maximum capital reserve fund requirement.

(g) Within sixty (60) days after the close of the association's fiscal year, the chairman of the association shall certify to the state tax commission the amount, if any, required to maintain the capital reserve funds established pursuant to this section at the maximum capital reserve fund requirement, but only for any capital reserve fund of the association which is required by a resolution of the association to be maintained by a continuing appropriation from the sales tax account. The chairman of the association shall not be entitled to so certify to the state tax commission for any capital reserve fund of the association for bonds issued by the association after January 1,
(h) The association shall not issue bonds at any time if upon issuance there will be created a capital reserve fund and the amount in the capital reserve fund securing such bonds will be less than the maximum capital reserve fund requirement, unless the association, at the time of issuance of such bonds, shall deposit in such fund, from the proceeds of the bonds so to be issued, or sources other than the state sales tax fund, an amount which, together with the amount then in such fund, will not be less than the maximum capital reserve fund requirement.

(i) Moneys in a capital reserve fund not required for immediate use or disbursement may be invested in obligations of the state or the United States of America or obligations the principal of and interest on which are guaranteed by the state or the United States of America or obligations of agencies of the United States of America or any obligations which may from time to time be legally purchased by banks under title 26, Idaho Code, as investment of funds belonging to them or in their control. In computing the amount of a capital reserve fund for the purposes of this section, securities in which all or a portion of such fund are invested shall be valued at par if purchased at par or, if purchased at other than par, at amortized value.

(j) The association shall create and establish such other fund or funds as may be necessary or desirable for its corporate purposes.

(k) In the event of the dissolution of the association, any funds or assets of the association remaining after paying its bonds, notes or other obligations shall revert to the state.

(l) The total principal amount of the association's outstanding bonds secured by a capital reserve fund entitled to appropriation from the state sales tax account pursuant to section 67-6211(g), Idaho Code, and section 63-3638(d)(1)(4), Idaho Code, shall not exceed the sum of eighty-nine million dollars ($89,000,000).

SECTION 4. This act shall be in full force and effect on and after July 1, 2000.

Approved April 5, 2000.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 59-1308, Idaho Code, be, and the same is
hereby amended to read as follows:

59-1308. SUPPLEMENTAL BENEFIT PLAN ESTABLISHED—AND—FUNDED—CREATED
-- CONTRIBUTIONS AND EXPENSES OF THE SUPPLEMENTAL BENEFIT PLAN --
INDEMNIFICATION. (1) As-of-January-1, 1995, the state shall sponsor
and the board shall administer one (1) or more supplemental benefit
plans to be used for allocation of extraordinary gains as provided in
section 59-1309, Idaho Code, and for voluntary contributions of active
members. The supplemental plans may be established under the qualified
requirements of section 401(a) of the Internal Revenue Service Code
and with the qualified cash or deferred arrangements under section
401(k) of the Internal Revenue Service Code or any other tax-deferred
plan permitted by law, as determined by the retirement board. The
board is authorized to secure such qualified staff and consultants as
it determines necessary to establish and administer such plans.
Employee and employer contributions shall be permitted according to
the provisions of this section; these plans as established by the board. For
purposes of this section "employee" shall mean a participant as
defined in the supplemental benefit plan documents or board rules.

(2) The board is authorized, but not required, to establish a
separate trust funds to hold the assets of the supplemental benefit
plan created under this section. The investment options available
under supplemental benefit plans shall be determined by the board, and
may include, but are not limited to, investment in all or part of the
public employee retirement fund and use of private vendor options.

(3) The supplemental benefit plans shall be available to employees all active members and shall be in addition to any other retirement or tax deferred compensation system established by the employer. The board may provide educational opportunities related to supplemental benefit plans and retirement savings, as determined by the board.

(4) An employee may participate in the supplemental benefit plan. Accounts shall be established in supplemental benefit plans for all active members eligible for an extraordinary gains transfer under section 59-1309, Idaho Code. After receiving an extraordinary gains transfer, an active member may make additional voluntary contributions to his/her account, subject to applicable limitations, by authorizing his/her employer to contribute an amount by payroll deduction to the supplemental benefit plan in lieu of receiving such amount as salary. The amount of such contributions shall be subject to any limitations established by the board, state or federal law. The employer shall provide coordination of contributions between multiple plans to assure that contribution limits are not exceeded. Should aggregate contributions to multiple plans exceed applicable limits, excess contributions shall be deemed to apply exclusively to plans not created by this chapter. In the event a preexisting plan is used as a supplemental plan, voluntary contributions may continue to be made to that plan despite the absence of extraordinary gains transfers.

(5) For the purposes of this section the employer is authorized to make such deductions from salary for any employee who has authorized such deductions in writing. The employer shall forward all contributions under this section to the trustee of the supplemental benefit plan board by the fifth working day after each payroll, in addition to reports as directed by the board. Any costs incurred by the board, whether direct or indirect, due to an employer’s failure to properly withhold, transfer, limit and report contributions, shall be the responsibility of the employer and shall be immediately due and payable upon notice from the board. This includes, but is not limited to, costs associated with plan corrections. Such costs shall be treated as delinquent contributions under section 59-1325, Idaho Code.

(6) The board may enter into agreements with employers or require participation to implement and make additional voluntary contributions to the supplemental benefit plans and the board may designate administrative agents to execute all necessary agreements pertaining to the supplemental benefit plans.

(7) All contributions received from participants in the supplemental benefit plans shall be deposited with a trustee designated by the board. All such funds are hereby perpetually appropriated to the board, shall not be included in the department’s budget, and may be invested or used to pay for investment and administrative expenses of the supplemental benefit plans. Inactive members may be required to transfer supplemental benefit plan account balances as determined by the board.

(8) The board may establish rules to implement and administer this section supplemental benefit plans. Costs of administration shall be appropriated by the legislature and may be paid from the interest earnings of the funds accrued as a result of the deposits or as an assessment against each account, to be decided by the board. Investment related expenses are exempt from appropriation.
(9) Contributions and investment earnings under the supplemental benefit plan in-addition-to-investment-earnings; shall be exempt from federal and state income taxes until the ultimate distribution of such contributions. Distributions of funds held in supplemental benefit plan accounts are subject to federal law limitations. The board may provide for retirement disbursement options other than lump sum payments.

(10) All additional contributions made by the employee under this section shall continue to be included as regular compensation for the purpose of computing the employer and employee retirement contributions and pension benefits earned by an employee under this chapter, but such sum shall not be included in the computation of any income taxes withheld on behalf of any employee. However, funds accrued in a supplemental benefit plan account shall not be considered in determining any other benefits under this chapter.

(11) The provisions of sections 59-1316 and 59-1317(1), (2) and (5), Idaho Code, shall also apply to the supplemental benefit plans created under this section. Should a court order that an assignment be made to a participant's spouse or former spouse of all or part of an account created under this section, the assignment shall be separate and distinct from any approved domestic retirement order required by section 59-1317(4), Idaho Code. Requirements for assignments of supplemental accounts may be set forth in rule or other plan documents.

(12) Members of the retirement board or retirement system staff, jointly or individually, shall be indemnified from all claims, demands, judgments, costs, charges and expenses, including court costs and attorney's fees, and against all liability losses and damages of any nature whatsoever that the retirement board or retirement system staff shall or may at any time sustain by reason of any decision made in the scope or performance of their duties pursuant to the provisions of this section, except as may result from their willful and intentional malfeasance. The venue of all actions in which the retirement board or retirement staff is a party shall be in Ada county, Idaho.

SECTION 2. That Chapter 13, Title 59, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 59-1309, Idaho Code, and to read as follows:

59-1309. ALLOCATION OF EXTRAORDINARY GAINS. (1) At the close of each fiscal year, the board shall determine whether the fund has experienced extraordinary gains. If extraordinary gains exist the board may allocate all or part of them as set forth in this section. In determining whether extraordinary gains should be allocated, the board shall exercise its fiduciary discretion.

(2) Extraordinary gains are defined as the excess, if any, at the close of the fiscal year of plan assets over the plan's accrued actuarially determined liabilities plus a sum necessary to absorb a one (1) standard deviation market event without increasing contribution rates, as determined by the board.

(3) If the board determines that extraordinary gains should be allocated, the gains shall be allocated to retirees, to active members, and to employers in such proportion as determined by the board.
The board shall determine no later than the first day of December following the close of the fiscal year the amount of extraordinary gains to be allocated, if any.

(4) Retirees shall receive their allocation in the form of a one-time payment made in addition to their regular monthly benefit payments. For purposes of this section, "retirees" include retired members, members receiving a disability retirement allowance, contingent annuitants, and surviving spouses who elected the annuity option under section 59-1361(5), Idaho Code. To participate in the retiree allocation, a retiree must be receiving a regular monthly allowance at the close of the fiscal year and on the date of distribution. The retiree allocation shall be distributed proportionally based on the final monthly retirement allowance of the fiscal year divided by the total of all monthly retirement allowances paid for the same month. The date of distribution shall be no later than the first day of February following the close of the fiscal year.

(5) Active members shall receive their allocation as a transfer of funds to a supplemental retirement account established by the board. Funds transferred to or held in supplemental retirement accounts shall be accounted for separately and shall not be considered in determining any other benefits under this chapter. To participate in the active member allocation, the member must have been an active member on the last day of the fiscal year and have accrued at least twelve (12) months of service on that date. Any member who has withdrawn contributions from the fund prior to the date of transfer is not eligible to receive a transfer under this section. The active member allocation shall be distributed proportionally based on accumulated contributions at the close of the fiscal year divided by the total accumulated contributions of all active members at the close of the fiscal year, not to exceed the amount that would result by applying the limits imposed by rule or by section 415(c)(1) of the Internal Revenue Code to compensation earned during the fiscal year. The transfer of funds shall occur in the following calendar year but shall be subject to reduction and forfeiture, based on the application of limits imposed by rule or by section 415 of the Internal Revenue Code for that year.

(6) Employers shall receive their allocation as a credit against future contributions required by section 59-1325, Idaho Code. Credits are not available to any employer who has withdrawn from participation in the fund prior to the transfer date. The employer allocation shall be credited proportionally based on employer contribution liability accrued during the fiscal year as provided in section 59-1322, Idaho Code, divided by the total employer contribution liability for the fiscal year. The credits shall be established no later than the first day of February following the close of the fiscal year. The credits shall be applied thereafter in the same manner as provided in section 59-1325, Idaho Code, until exhausted. If, after twelve (12) months of remittances, an employer's credits have not been exhausted, and the employer has not withdrawn from participation in the fund, the value of the remaining credits shall carry over to the next year, together with an interest payment equal to regular interest on the remaining credits.
SECTION 3. An emergency existing therefore, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval; provided however, that the retirement board may delay implementation of any or all of these provisions to obtain assurances concerning federal income tax treatment of contributions and distributions or to complete system changes necessary to accurate and complete implementation of this act.

Approved April 5, 2000.

CHAPTER 209
(H.B. No. 511)

AN ACT
RELATING TO THE PUBLIC EMPLOYEE RETIREMENT SYSTEM; AMENDING SECTION 59-1342, IDAHO CODE, TO PROVIDE AN ADJUSTMENT IN THE PERCENTAGE OF AVERAGE MONTHLY SALARY TO BE USED IN THE COMPUTATION OF SERVICE RETIREMENT ALLOWANCES AND TO MAKE TECHNICAL CORRECTIONS; AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 59-1342, Idaho Code, be, and the same is hereby amended to read as follows:

59-1342. COMPUTATION OF SERVICE RETIREMENT ALLOWANCES -- MINIMUM BENEFITS. (1) The annual amount of accrued retirement allowance for each month of credited service for which a member was not classified as a police member or firefighter shall equal one and two-thirds percent (1 2/3%) of the member's average monthly salary. Effective October 1, 1992, the annual amount of accrued retirement allowance for all service for which a member was not classified as a police member or firefighter shall equal one and seventy-five hundredths percent (1.75%) of the member's average monthly salary; effective October 1, 1993, the annual amount of accrued retirement allowance shall equal one and eight hundred thirty-three thousandths percent (1.833%) of the member's average monthly salary; effective October 1, 1994, the annual amount of accrued retirement allowance shall equal one and nine hundred seventeen thousandths percent (1.917%); and effective June 30, 2000, the annual amount of accrued retirement allowance shall equal two percent (2%) of the member's average monthly salary. Entitlement to an annual amount of accrued retirement allowance shall not vest until the effective date of that annual amount of accrued retirement allowance. The retirement benefits shall be calculated on the amounts, terms and conditions in effect on the date of the final contribution by the member. The annual amount of initial service retirement allowance of such a member shall equal (a) or (b), whichever is greater:

(a) the member's accrued retirement allowance; or
(b) five dollars ($5.00) multiplied by the number of months of credited service and by the bridging factor, as provided in sec-
tion 59-1355, Idaho Code, between July 1, 1974 and the first of the month following the member's final contribution.

(2) The annual amount of accrued retirement allowance for each month of credited service for which a member was classified as a police member or firefighter shall equal two percent (2%) of the member's average monthly salary. Effective October 1, 1992, the annual amount of accrued retirement allowance for all service for which a member was classified as a police member or firefighter shall equal two and seventy-five thousandths percent (2.075%) of the member's average monthly salary; effective October 1, 1993, the annual amount of accrued retirement allowance shall equal two and fifteen hundredths percent (2.15%) of the member's average monthly salary; and effective October 1, 1994, the annual amount of accrued retirement allowance shall equal two and two hundred twenty-five thousandths percent (2.225%); and effective June 30, 2000, the annual amount of accrued retirement allowance shall equal two and three-tenths percent (2.3%) of the member's average monthly salary. Entitlement to an annual amount of accrued retirement allowance shall not vest until the effective date of that annual amount of accrued retirement allowance. The retirement benefits shall be calculated on the amounts, terms and conditions in effect on the date of the final contribution by the member. The annual amount of initial service retirement allowance of such a member shall equal (a) or (b), whichever is greater:

(a) the member's accrued retirement allowance; or
(b) six dollars ($6.00) multiplied by the number of months of credited service and by the bridging factor, as provided in section 59-1355, Idaho Code, between July 1, 1974 and the first of the month following the member's final contribution.

(3) Provisions of this section shall be applicable to members and contingent annuitants of the retirement system and to members, annuitants and beneficiaries of the teachers and city systems. In any recomputation of an initial retirement allowance for a person not making a final contribution subsequent to 1974, the bridging factor referred to in subsections (1) and (2) shall be 1.000. Any recomputed retirement allowance shall be payable only prospectively from July 1, 1974.

(4) Benefits payable to a person who became a member prior to July 1, 1974, or to the member's beneficiaries shall never be less than they would have received under this chapter as in effect on June 30, 1974; provided, however, that the member shall have accrued the amount of accumulated contributions required thereby prior to payment of an initial retirement allowance.

(5) If the majority of a member's credited service is as an elected official or as an appointed official, except as a member of the Idaho legislature, and that official was normally in the administrative offices of the employer less than twenty (20) hours per week during the term of office, or was normally not required to be present at any particular work station for the employer twenty (20) hours per week or more during the term of office, and that member's initial service retirement allowance for service credited only during that period would be computed under subsection (1)(b) and/or (2)(b) of this section, without consideration of any other credited service, then it
will be so computed for that period of service. If that member has
credited service from any other employment, the accrued service
retirement allowance for the credited service from such other employ-
ment shall be computed from an average monthly salary for salary
received during the period of such other employment. The initial ser-
vice retirement allowance of members of the Idaho legislature will be
computed under subsection (1) and/or (2) of this section, on the basis
of their total months of credited service.

(6) In no case, however, will a member's initial service retire-
ment benefit be equal to more than the member's accrued benefit as of
May 1, 1990, or one hundred per-cent percent (100%) of the member's
average compensation for the three (3) consecutive years of employment
which produce the greatest aggregate compensation, whichever is
greater. If the benefit is calculated to exceed one hundred per-cent
percent (100%) of the member's average compensation, the member shall
be eligible for and may choose either:

(a) an annual service retirement allowance equal to the member's
average annual compensation for the three (3) consecutive years of
employment which produced the greatest aggregate compensation; or
(b) a separation benefit.

(7) The annual amount of initial service retirement allowance of
a member who is over age seventy (70) on the effective date of the
member's retirement shall be a percentage of the member's initial ser-
vice retirement allowance. Such percentage shall be one hundred per-
cent percent (100%) increased as determined by the board to compensate
for each month that the member's retirement is deferred beyond age
seventy (70).

(8) A member's accrued retirement allowance, as otherwise pro-
vided in subsections (1), (2), (3), (4) and (5) of this section, shall
not be less than the minimum accrued retirement allowance provided in
this subsection. The determination of the initial service retirement
allowance provided in subsections (1) and (2) of this section, and the
application of the provisions in subsections (6) and (7) of this sec-
tion, will be made after the determination of the minimum accrued
retirement allowance provided in this subsection.

This subsection shall apply to members who have at least two (2)
separate periods of employment covered under this chapter where each
separate period of employment would otherwise be eligible for a sepa-
ration benefit described in section 59-1359, Idaho Code. For purposes
of this subsection, if a separation of employment occurs that does not
exceed sixty (60) consecutive calendar months then the member's period
of employment shall be considered a continuous period of employment.
For purposes of this subsection, date of last contribution is the date
of final contribution for each period or periods of employment.

For each separate period of employment considered under this sub-
section, the member must not have received a separation benefit for
that period, or if he has received such a separation benefit under
section 59-1359, Idaho Code, he must have completed reinstatement of
all previous credited service associated with all separation benefits
for all periods of employment as permitted under section 59-1360,
Idaho Code.

The minimum accrued retirement allowance shall be equal to the
largest accrued retirement allowance calculated at each date of last
contribution based upon the benefit and eligibility provisions in effect as of the date of the last contribution made during such separate period of employment. For purposes of determining the accrued retirement allowance for each date of last contribution:

(a) the member must have at least sixty (60) months of credited service at the date of last contribution;
(b) the member's months of credited service and average monthly salary are determined based solely on all periods of employment up to that date of last contribution, ignoring later periods of employment; and
(c) the accrued retirement allowance computed for each period is multiplied by the bridging factor as provided in section 59-1355(3), Idaho Code, between the date of the last contribution made during that separate period of employment and the date of the member's final contribution made during the last period of employment prior to retirement.

SECTION 2. This act shall be in full force and effect on and after July 1, 2000.

Approved April 5, 2000.

CHAPTER 210
(H.B. No. 543)

AN ACT
RELATING TO EMPLOYER LIABILITY FOR ACTS OF AN EMPLOYEE; PROVIDING LEGISLATIVE INTENT; AND AMENDING CHAPTER 16, TITLE 6, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 6-1607, IDAHO CODE, TO LIMIT THE LIABILITY OF AN EMPLOYER FOR THE TORTIOUS ACTS OF AN EMPLOYEE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE INTENT. It is the intent of the Legislature that the potential liability of an employer for the acts of a former employee committed when the employee no longer works for the employer be limited to cases in which the former employer's acts were grossly negligent or reckless, willful and wanton. It further is the intent of the Legislature that the potential liability of an employer for the acts of a current employee committed while the employee is "off the clock" also be limited.

This act creates a limited immunity for an employer for acts of a former employee. It also creates a presumption that an employer is not liable for the acts of a current employee "off the clock." Because an employer has no legal right to restrict or control an employee's actions when that employee is not working for the employer, absent unusual circumstances an employer ought not be liable for the actions of an employee committed on the employee's "own" time. This act attempts to distinguish between acts of an employee while the employee is working for the employer and acts of an employee as a "private citizen." If a person is acting as an employee, or reasonably appears to
be doing so, an employer may be found liable under ordinary rules of negligence and respondeat superior. This includes circumstances in which an employee is wholly or partially engaged in the employer's business such as when an employee commits an act which he is not employed to commit, during work hours or at a time when an employer or a third party reasonably believes the employee is engaged in the employer's business.

SECTION 2. That Chapter 16, Title 6, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 6-1607, Idaho Code, and to read as follows:

6-1607. EMPLOYER LIABILITY FOR EMPLOYEE TORTS. (1) No employer shall be directly or indirectly liable in tort based upon an employer/employee relationship for any act or omission of an employee which occurs after the termination of the employee's employment unless it is shown by clear and convincing evidence that the acts or omissions of the employer itself constitute gross negligence or reckless, willful and wanton conduct as those standards are defined in section 6-904C, Idaho Code, and were a proximate cause of the damage sustained.

(2) There shall be a presumption that an employer is not liable in tort based upon an employer/employee relationship for any act or omission of a current employee unless the employee was wholly or partially engaged in the employer's business, reasonably appeared to be engaged in the employer's business, was on the employer's premises when the allegedly tortious act or omission of the employee occurred, or was otherwise under the direction or control of the employer when the act or omission occurred. This presumption may be rebutted only by clear and convincing evidence that the employer's acts or omissions constituted gross negligence or, reckless, willful and wanton conduct as those standards are defined in section 6-904C, Idaho Code, and were a proximate cause of the damage sustained.

(3) In every civil action to which this section applies, an employer shall have the right (pursuant to pretrial motion and after opportunity for discovery) to a hearing before the court in which the person asserting a claim against an employer must establish a reasonable likelihood of proving facts at trial sufficient to support a finding that liability for damages should be apportioned to the employer under the standards set forth in this section. If the court finds that this standard is not met, the claim against the employer shall be dismissed and the employer shall not be included on a special verdict form.

(4) Nothing in this section shall be construed to expand any rights of recovery under the common law or to limit any person's rights under any other statute including, but not limited to, chapter 59, title 67, Idaho Code, and title 72, Idaho Code.

Approved April 5, 2000.
AN ACT

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 36-104, Idaho Code, be, and the same is hereby amended to read as follows:

36-104. GENERAL POWERS AND DUTIES OF COMMISSION. (a) Organization -- Meetings. The members of the commission shall annually meet at their offices in the city of Boise and organize by electing from their membership a chairman, who shall hold office for a period of one (1) year, or until his successor has been duly elected. In addition to the regular annual meeting, to be held in January, said commission shall hold other regular quarterly meetings in April, July and October of each year at such places within the state as the commission shall select for the transaction of business. Special meetings may be called at any time and place by the chairman or a majority of the members of the commission. Notice of the time, place and purpose of any and all special meetings shall be given by the secretary to each member of the commission prior to said meeting.

(b) Authorization for Commission Powers and Duties. For the purpose of administering the policy as declared in section 36-103, Idaho Code, the commission is hereby authorized and empowered to:

1. Investigate and find facts regarding the status of the state's wildlife populations in order to give effect to the policy of the state hereinbefore announced.

2. Hold hearings for the purpose of hearing testimony, considering evidence and determining the facts as to when the supply of any of the wildlife in this state will be injuriously affected by the taking thereof, or for the purpose of determining when an open season may be declared for the taking of wildlife. Whenever said commission determines that the supply of any particular species of wildlife is being, or will be, during any particular period of time, injuriously affected by depletion by permitting the same to be taken, or if it should find a longer or different season, or different bag limit should be adopted for the better protection thereof, or if it finds that an open season may be declared with-
out endangering the supply thereof, then it shall make a rule or proclamation embodying its findings in respect to when, under what circumstances, in which localities, by what means, what sex, and in what amounts and numbers the wildlife of this state may be taken.

3. Whenever it finds it necessary for the preservation, protection, or management of any wildlife of this state, by reason of any act of God or any other sudden or unexpected emergency, declare by temporary rule or proclamation the existence of such necessity, and the cause thereof, and prescribe and designate all affected areas or streams, and close the same to hunting, angling or trapping, or impose such restrictions and conditions upon hunting, angling or trapping as said commission shall find to be necessary. Every such temporary rule shall be made in accordance with the provisions of chapter 52, title 67, Idaho Code.

4. At any time it shall deem necessary for the proper management of wildlife on any game preserve in the state of Idaho, declare an open season in any game preserve as it deems appropriate.

5. (A) Upon notice to the public, hold a public drawing giving to license holders, under the wildlife laws of this state, the privilege of drawing by lot for a controlled hunt permit authorizing the person to whom issued to hunt, kill, or attempt to kill any species of wild animals or birds designated by the commission under such rules as it shall prescribe.

   (B) The commission may, under rules or proclamations as it may prescribe, authorize the director to issue additional controlled hunt permits and collect fees therefor authorizing landowners of property valuable for habitat or propagation purposes of deer, elk or antelope, or the landowner's designated agent(s) to hunt deer, elk or antelope in controlled hunts containing the eligible property owned by those landowners in units where any permits for deer, elk or antelope are limited.

   (C) A nonrefundable fee of five dollars ($5.00) as specified in section 36-416, Idaho Code, shall be charged each applicant for a controlled hunt permit; provided however, there shall be no fees charged for controlled hunt permits subsequently issued to successful applicants. Successful applicants for controlled hunt permits shall be charged the fee as specified in section 36-416, Idaho Code. Additionally, a fee may be charged for telephone and credit card orders in accordance with subsection (e)(1) of section 36-106, Idaho Code. The department shall include a checkoff form to allow applicants to designate one dollar ($1.00) of such five-dollar ($5.00) nonrefundable application fee for transmittal to the reward fund of citizens against poaching, inc., an Idaho nonprofit corporation. From the net proceeds generated by the nonrefundable fee, the director shall transfer from the fish and game account to the big-game secondary depredation account each fiscal year an amount that equals two hundred fifty thousand dollars ($250,000) less the amount of earned interest transferred in accordance with section 36-115(b).
Idaho Code: or--two--hundred--thousand--dollars--($200,000)--, whichever--is--less--until--the--total--of--all--transfers--from--the
fish-and-game-account--to--the--big-game--secondary-depredation

account and none of the net proceeds shall be used to pur-
chase lands.

6. Adopt rules pertaining to the importation, exportation,
release, sale, possession or transportation into, within or from
the state of Idaho of any species of live, native or exotic wild-
life or any eggs thereof.

7. Acquire for and on behalf of the state of Idaho, by purchase,
condemnation, lease, agreement, gift, or other device, lands or
waters suitable for the purposes hereinafter enumerated in this
paragraph. Whenever the commission proposes to purchase a tract of
land in excess of fifteen (15) acres, the commission shall notify
the board of county commissioners of the county where this land is
located of the intended action. The board of county commissioners
shall have ten (10) days after official notification to notify the
commission whether or not they desire the commission to hold a
public hearing on the intended purchase in the county. The commis-
sion shall give serious consideration to all public input received
at the public hearing before making a final decision on the pro-
posed acquisition. Following any land purchase, the fish and game
commission shall provide, upon request by the board of county com-
missioners, within one hundred twenty (120) days, a management
plan for the area purchased that would address noxious weed con-
trol, fencing, water management and other important issues raised
during the public hearing. When considering purchasing lands pur-
suant to this paragraph, the commission shall first make a good
faith attempt to obtain a conservation easement, as provided in
chapter 21, title 55, Idaho Code, before it may begin proceedings
to purchase, condemn or otherwise acquire such lands. If the
attempt to acquire a conservation easement is unsuccessful and the
commission then purchases, condemns or otherwise acquires the
lands, the commission shall record in writing the reasons why the
attempt at acquiring the conservation easement was unsuccessful
and then file the same in its records and in a report to the joint
finance-appropriations committee. The commission shall develop,
operate, and maintain the lands, waters or conservation easements
for said purposes, which are hereby declared a public use:

(A) For fish hatcheries, nursery ponds, or game animal or
game bird farms;

(B) For game, bird, fish or fur-bearing animal restoration,
propagation or protection;

(C) For public hunting, fishing or trapping areas to provide
places where the public may fish, hunt, or trap in accordance
with the provisions of law, or the regulation of the commis-
sion;
8. Enter into cooperative agreements with educational institutions, and state, federal, or other agencies to promote wildlife research and to train students for wildlife management.

9. Enter into cooperative agreements with state and federal agencies, municipalities, corporations, organized groups of landowners, associations, and individuals for the development of wildlife rearing, propagating, management, protection and demonstration projects.

10. In the event owners or lawful possessors of land have restricted the operation of motor-propelled vehicles upon their land, the commission, upon consultation with all other potentially affected landowners, and having held a public hearing, if requested by not less than ten (10) residents of any county in which the land is located, may enter into cooperative agreements with those owners or possessors to enforce those restrictions when the restrictions protect wildlife or wildlife habitat. Provided, however, the commission shall not enter into such agreements for lands which either lie outside or are not adjacent to any adjoining the proclaimed boundaries of the national forests in Idaho.

(A) The landowners, with the assistance of the department, shall cause notice of the restrictions, including the effective date thereof, to be posted on the main traveled roads entering the areas to which the restrictions apply. Provided, however, that nothing in this subsection shall allow the unlawful posting of signs or other information on or adjacent to public highways as defined in subsection (5) of section 40-109, Idaho Code.

(B) Nothing in this section authorizes the establishment of any restrictions that impede normal forest or range management operations.

(C) No person shall violate such restrictions on the use of motor-propelled vehicles or tear down or lay down any fencing or gates enclosing such a restricted area or remove, mutilate, damage or destroy any notices, signs or markers giving notice of such restrictions. The commission may promulgate rules to administer the restrictions and cooperative agreements addressed in this subsection.

11. Capture, propagate, transport, buy, sell or exchange any species of wildlife needed for propagation or stocking purposes, or to exercise control of undesirable species.

12. Adopt rules pertaining to the application for, issuance of and administration of a lifetime license certificate system.

13. Adopt rules governing the application and issuance of permits for and administration of fishing contests on waters under the jurisdiction of the state. The fee for each permit shall be as provided for in section 36-416, Idaho Code.

14. Adopt rules governing the application for and issuance of licenses by telephone and other electronic methods.

(c) Limitation on Powers. Nothing in this title shall be construed to authorize the commission to change any penalty prescribed by law for a violation of its provisions, or to change the amount of
license fees or the authority conferred by licenses prescribed by law.

(d) Organization of Work. The commission shall organize the department, in accordance with the provisions of title 67, Idaho Code, into administrative units as may be necessary to efficiently administer said department. All employees of the department except the director shall be selected and appointed by the director in conformance with the provisions of chapter 53, title 67, Idaho Code.

SECTION 2. That Section 36-106, Idaho Code, be, and the same is hereby amended to read as follows:

36-106. DIRECTOR OF DEPARTMENT OF FISH AND GAME. (a) Office of Director Created. The commission shall appoint a director of the department of fish and game, hereinafter referred to as the director, who shall be a person with knowledge of, and experience in, the requirements for the protection, conservation, restoration, and management of the wildlife resources of the state. The director shall not hold any other public office, nor any office in any political party organization, and shall devote his entire time to the service of the state in the discharge of his official duties, under the direction of the commission.

(b) Secretary to Commission. The director or his designee shall serve as secretary to the commission.

(c) Compensation and Expenses. The director shall receive such compensation as the commission, with the concurrence and approval of the governor, may determine and shall be reimbursed at the rate provided by law for state employees for all actual and necessary traveling and other expenses incurred by him in the discharge of his official duties.

(d) Oath and Bond. Before entering upon the duties of his office, the director shall take and subscribe to the official oath of office, as provided by section 59-401, Idaho Code, and shall, in addition thereto, swear and affirm that he holds no other public office, nor any position under any political committee or party. Such oath, or affirmation, shall be signed in the office of the secretary of state.

The director shall be bonded to the state of Idaho in the time, form and manner prescribed by chapter 8, title 59, Idaho Code.

(e) Duties and Powers of Director.

1. The director shall have general supervision and control of all activities, functions, and employees of the department of fish and game, under the supervision and direction of the commission, and shall enforce all the provisions of the laws of the state, and rules and proclamations of the commission relating to wild animals, birds, and fish and, further, shall perform all the duties prescribed by section 67-2405, Idaho Code, and other laws of the state not inconsistent with this act, and shall exercise all necessary powers incident thereto not specifically conferred on the commission.

2. The director is hereby authorized to appoint as many classified employees as the commission may deem necessary to perform administrative duties, to enforce the laws and to properly implement management, propagation, and protection programs established for carrying out the purposes of the Idaho fish and game code.
3. The appointment of such employees shall be made by the director in accordance with chapter 53, title 67, Idaho Code, and rules promulgated pursuant thereto, and they shall be compensated as provided therein. Said employees shall be bonded to the state of Idaho in the time, form, and manner prescribed by chapter 8, title 59, Idaho Code.

4. The director is hereby authorized to establish and maintain fish hatcheries for the purpose of hatching, propagating, and distributing all kinds of fish.

5. (A) The director, or any person appointed by him in writing to do so, may take wildlife of any kind, dead or alive, or import the same, subject to such conditions, restrictions and rules as he may provide, for the purpose of inspection, cultivation, propagation, distribution, scientific or other purposes deemed by him to be of interest to the fish and game resource of the state.

(B) The director shall have supervision over all of the matters pertaining to the inspection, cultivation, propagation and distribution of the wildlife propagated under the provisions of title 36, Idaho Code. He shall also have the power and authority to obtain, by purchase or otherwise, wildlife of any kind or variety which he may deem most suitable for distribution in the state and may have the same properly cared for and distributed throughout the state of Idaho as he may deem necessary.

(C) The director is hereby authorized to issue a license/tag/permit to a nonresident landowner who resides in a contiguous state for the purpose of taking one (1) animal during an emergency depredation hunt which includes the landowner's Idaho property subject to such conditions, restrictions or rules as the director may provide. The fee for this license/tag/permit shall be equal to the costs of a resident hunting license, a resident tag fee and a resident depredation permit.

(D) Notwithstanding the provisions of section 36-408, Idaho Code, to the contrary, on and after the effective date of this act, the director shall not expend any funds, or take any action, or authorize any employee or agent of the department or other person to take any action, to undertake actual transplants of bighorn sheep into areas they do not now inhabit or to augment the number of bighorn sheep in existing herds until:

(i) The boards of county commissioners of the counties in which the release is proposed to take place have been given reasonable notice of the proposed release.

(ii) The affected federal and state land grazing permittees and owners or leaseholders of private land in or contiguous to the proposed release site have been given reasonable notice of the proposed release.

(iii) The president pro tempore of the senate and the speaker of the house of representatives have received from the director a plan for the forthcoming year that details, to the best of the department's ability, the
proposed transplants which shall include the estimated numbers of bighorn sheep to be transplanted and a description of the areas the proposed transplant or transplants are planned for.

Upon request, the department shall grant one (1) hearing per transplant if any affected individual or entity expresses written concern within ten (10) days of notification regarding any transplants of bighorn sheep and shall take into consideration these concerns in approving, modifying or canceling any proposed bighorn sheep transplant. Any such hearing shall be held within thirty (30) days of the request. Upon any transplant of bighorn sheep into areas they do not now inhabit or a transplant to augment existing populations, the department shall provide for any affected federal or state land grazing permittees or owners or leaseholders of private land a written letter signed by all federal, state and private entities responsible for the transplant stating that the existing sheep or livestock operations in the area of any such bighorn sheep transplant are recognized and that the potential risk, if any, of disease transmission and loss of bighorn sheep when the same invade domestic livestock or sheep operations is accepted.

6. (A) The director shall have the power, at any time when it is desired to introduce any new species, or if at any time any species of wildlife of the state of Idaho shall be threatened with excessive shooting, trapping, or angling or otherwise, to close any open season for such time as he may designate; in the event an emergency is declared to exist such closure shall become effective forthwith upon written order of the director; in all other cases upon publication and posting as provided in section 36-105, Idaho Code.

(B) In order to protect property from damage by wildlife, the fish and game commission may delegate to the director or his designee the authority to declare an open season upon that particular species of wildlife to reduce its population. The director or his designee shall make an order embodying his findings in respect to when, under what circumstances, in which localities, by what means, and in what amounts, numbers and sex the wildlife subject to the hunt may be taken. In the event an emergency is declared to exist such open season shall become effective forthwith upon written order of the director or his designee; in all other cases upon publication and posting as provided in section 36-105, Idaho Code.

(C) Any order issued under authority hereof shall be published in at least one (1) newspaper of general circulation in the area affected by the order for at least once a week for two (2) consecutive weeks, and such order shall be posted in public places in each county as the director may direct.

(D) During the closure of any open season or the opening of any special depredation season by the director all provisions of laws relating to the closed season or the special depredation season on such wildlife shall be in force and whoever violates any of the provisions shall be subject to the penal-
ties prescribed therefor.
(E) Prior to the opening of any special depredation hunt, the director or his designee shall be authorized to provide up to a maximum of fifty percent (50%) of the available permits for such big game to the landholder(s) of privately owned land within the hunt area or his designees. If the landholder(s) chooses to designate hunters, he must provide a written list of the names of designated individuals to the department. If the landholder(s) fails to designate licensed hunters, then the department will issue the total available permits in the manner set by rule. All hunters must have a current hunting license and shall have equal access to both public and private lands within the hunt boundaries. It shall be unlawful for any landholder(s) to receive any form of compensation from a person who obtains or uses a depredation controlled hunt permit.

7. The director shall make an annual report to the governor, the legislature, and the secretary of state, of the doings and conditions of his office, which report shall be made in accordance with section 67-2509, Idaho Code.

9. Any deer, elk, antelope, moose, bighorn sheep or bison imported or transported by the department of fish and game shall be tested for the presence of certain communicable diseases that can be transmitted to domestic livestock. Those communicable diseases to be tested for shall be arrived at by mutual agreement between the department of fish and game and the department of agriculture. Any moneys expended by the department of fish and game on wildlife disease research shall be mutually agreed upon by the department of fish and game and the department of agriculture.

In addition, a comprehensive animal health program for all deer, elk, antelope, moose, bighorn sheep, or bison imported into, transported, or resident within the state of Idaho shall be implemented after said program is mutually agreed upon by the department of fish and game and the department of agriculture.

In order to enhance and protect the health of wildlife within the state, as well as safeguard the health of livestock resources, the director of the department of agriculture shall employ at least one (1) veterinarian licensed in Idaho whose duties shall include, but not be limited to, addressing wildlife disease issues and coordinating disease prevention work between the department of fish and game and the department of agriculture. The employing of said veterinarian shall be by mutual agreement of the director of the department of fish and game and of the director of the department of agriculture. The veterinarian shall be on the staff of the division of animal industries, department of agriculture. The salary or compensation to be paid said veterinarian or veterinarians shall be divided equally between the department of fish and game and the department of agriculture, and the department of fish and game's portion shall be deposited directly into the livestock disease control account. The veterinarian shall be employed on and after July 1, 1989.
10. In order to monitor and evaluate the disease status of wildlife and to protect Idaho's livestock resources, any suspicion by fish and game personnel of a potential communicable disease process in wildlife shall be reported within twenty-four (24) hours to the department of agriculture. All samples collected for disease monitoring or disease evaluation of wildlife shall be submitted to the division of animal industries, department of agriculture.

11. (A) The director is authorized to enter into an agreement with an independent contractor for the purpose of providing a telephone order and credit card payment service for controlled hunt permits, licenses, tags, and permits.
(B) The contractor may collect a fee for its service in an amount to be set by contract.
(C) All moneys collected for the telephone orders of such licenses, tags, and permits shall be and remain the property of the state, and such moneys shall be directly deposited by the contractor into the state treasurer's account in accordance with the provisions of section 59-1014, Idaho Code. The contractor shall furnish a good and sufficient surety bond to the state of Idaho in an amount sufficient to cover the amount of the telephone orders and potential refunds.
(D) The refund of moneys for unsuccessful controlled hunt permit applications and licenses, tags, and permits approved by the department may be made by the contractor crediting the applicant's or licensee's credit card account.

12. The director may define activities or facilities that primarily provide a benefit to the department; to a person; for personal use; to a commercial enterprise; or for a commercial purpose.

SECTION 3. LEGISLATIVE INTENT. It is the intent of the Legislature that: the upland game and waterfowl habitat improvement programs initiated with the upland game permit and waterfowl stamp be continued by the commission and department; and the department and commission budget for these programs through the normal budget process.

SECTION 4. That Section 36-111, Idaho Code, be, and the same is hereby amended to read as follows:

36-111. FISH AND GAME SET-ASIDE ACCOUNT. (1) There is hereby established the fish and game set-aside account in the dedicated fund. The account shall have paid into it moneys as follows:
(a) Three Four dollars ($34.00) of each steelhead trout or anadromous salmon permit sold. Moneys from this source shall be used for the acquisition, development and maintenance of parking areas, access sites, boat ramps and sanitation facilities in salmon and steelhead fishing areas, for management of and research on steelhead trout and anadromous salmon problems, and for technical assistance with litigation concerning steelhead and anadromous salmon originating in Idaho.
(b) Two dollars ($2.00) from each combination hunting and fishing license, or each hunting license sold, as provided in sections 36-406 and 36-407, Idaho Code, except that class 4 licenses shall
be exempt from this provision. Moneys from this source shall be used for the purposes of acquiring access to and acquiring and rehabilitating big game ranges and upland bird and waterfowl habitats. Unless it is inconsistent with the goals of the commission, it is the intent of the legislature that the commission negotiate lease arrangements as compared with outright purchase of private property.

(c) One dollar and fifty cents ($1.50) from each antelope, elk and deer tag sold as provided in section 36-409, Idaho Code. Not less than seventy-five cents (75¢) of each one dollar and fifty cents ($1.50) collected shall be placed in a separate account to be designated as a feeding account. Moneys in this account shall be used exclusively for the purposes of winter feeding of and rehabilitation of winter range for antelope, elk and deer. The balance of moneys realized from this source may be used for the control of depredation of private property by antelope, elk and deer and control of predators affecting antelope, elk and deer. Moneys in the feeding account shall not be used for any purpose other than winter feeding as herein specified until the total funds in the account, including any interest earnings thereon, equal or exceed four hundred thousand dollars ($400,000). Moneys in the feeding account may not be expended except upon the declaration of a feeding emergency by the director of the department of fish and game. Such emergency need not exist on a statewide basis but can be declared with respect to one (1) or more regions of the state. The department shall by rule establish the criteria for a feeding emergency.

(d) Those amounts designated by individuals in accordance with section 63-3067A(c)(i), Idaho Code, and from fees paid under the provisions of section 49-417, Idaho Code. Moneys from these sources shall be used for a nongame management and protection program under the direction of the fish and game commission.

(e) Moneys received from the sale of nongame permits.

(f) Moneys received from the sale of migratory waterfowl stamps.

(g) Money derived from the assessment of processing fees. Moneys derived from this source shall be used as provided in section 36-1407, Idaho Code.

(2) Moneys in the fish and game set-aside account and the feeding account established in subsection (1)(c) of this section are subject to appropriation, and the provisions of section 67-3516, Idaho Code. Moneys in the fish and game set-aside account and the feeding account shall be invested by the state treasurer in the manner provided for investment of idle state moneys in the state treasury by section 67-1210, Idaho Code, with interest earned on investments from each account to be paid into that account.

SECTION 5. That Section 36-306, Idaho Code, be, and the same is hereby amended to read as follows:
36-306. VENDOR FEE. All persons authorized to issue licenses shall charge a vendor issuance fee of one dollar and fifty cents ($1.50) upon all licenses issued, not less than one-half (1/2) to be retained by them as compensation for the issuance of such licenses as may be specified by contract between the license vendor and the department for license issuance services performed by the vendor; provided that the vendor fee for an eighth class license as that license is provided for in section 36-406(f), Idaho Code, shall be equal to one-half (1/2) the total vendor fee had each license, tag, permit or stamp been separately issued. The amount of the vendor fee retained by the department shall be deposited in the fish and game account and shall be used to help offset the cost of the computerized licensing system. Such vendor fee shall be charged in addition to the regular cost of the license. However, in the case of crayfish or minnow traps, beaver, bobcat or lynx tags the vendor fee shall be charged for each issuance of tags for each species regardless of the number of tags issued in said transaction. Proceeds from department issued licenses may be set aside for the department's special operations program, including citizens against poaching.

SECTION 6. That Section 36-401, Idaho Code, be, and the same is hereby amended to read as follows:

36-401. HUNTING, TRAPPING, FISHING -- LICENSE REQUIREMENT -- EXCEPTIONS. No person shall hunt, trap, or fish for or take any wild animal, bird or fish of this state, without first having procured a license as hereinafter provided. Provided that no license shall be required:

(a) 1. For children under the age of fourteen (14) years who are residents of this state to fish during the open season therefor.
2. For nonresident children under the age of fourteen (14) years to fish during the open season therefor provided they are accompanied by the holder of a valid fishing license, and provided further that any fish caught by such nonresident children shall be included in the bag and possession limit of such license holder.

(1) The board shall implement the program through the use of one (1) or more financial institutions to act as the depositories and managers. Under the program, persons may establish accounts through the program at the depository.
(2) The board shall solicit proposals from financial institutions to act as the depositories and managers of the program. Financial institutions that submit proposals must describe the financial instruments that will be held in accounts.
(3) The board shall select as program depositories and managers the financial institution or institutions from among bidding financial institutions that demonstrate the most advantageous combination, both to potential program participants and this state, of the following factors:
(a) Financial stability and integrity;
(b) The safety of the investment instruments being offered, taking into account any insurance provided with respect to these instruments;

(4) The board shall enter into a contract with a financial institution or, except as provided in subsection (5) of this section, contracts with financial institutions, to serve as program managers and depositaries.  

(5) The board may select more than one (1) financial institution and investment for the program if both of the following conditions exist:  

(a) The United States internal revenue service has provided guidance that giving a contributor a choice of two (2) investment instruments under a state plan will not cause the plan to fail to qualify for favorable tax treatment under section 529 of the Internal Revenue Code;  

(b) The board concludes that the choice of instrument vehicles is in the best interest of college savers and will not interfere with the promotion of the program.  

(6) A program manager shall:  

(a) Take all action required to keep the program in compliance with the requirements of this chapter and all action not contrary to this chapter or its contract to manage the program so that it is treated as a qualified state tuition plan under section 529 of the Internal Revenue Code;  

(b) Keep adequate records of each account, keep each account segregated from each other account and provide the board with the information necessary to prepare statements required by section 33-5404, Idaho Code, or file these statements on behalf of the board;  

(c) Compile and total information contained in statements required to be prepared under section 33-5404, Idaho Code, and provide these compilations to the board;

(f) Hold all accounts in trust for the benefit of this state and the account owner.  

(7) Any contract executed between the board and a financial institution pursuant to this section shall be for a term not to exceed five (5) years.

(a) Accounts previously established and held in investment instruments at the financial institution shall not be terminated;  

(b) Additional contributions may be made to the accounts;  

(c) No new accounts may be placed with that financial institu-
(9) The board may terminate a contract with a financial institution at any time for good cause on the recommendation of the board. If a contract is terminated pursuant to this subsection, the board shall take custody of accounts held at that financial institution and shall seek to promptly transfer the accounts to another financial institution that is selected as a program manager and into investment instruments as similar to the original investments as is possible.

33-5404. PROGRAM REQUIREMENTS. (1) The program shall be operated through the use of accounts. An account may be opened by any person who desires to save to pay the qualified higher education expenses of a person by satisfying each of the following requirements:

(a) Completing an application in the form prescribed by the board. The application shall include the following information:
   (i) The name, address and social security number or employer identification number of the contributor;
   (ii) The name, address and social security number of the account owner if the account owner is not the contributor;
   (iii) The name, address and social security number of the designated beneficiary;
   (iv) The certification relating to no excess contributions required by subsection (17) of this section;
   (v) Any other information that the board may require;
(b) Paying the one-time application fee established by the board;
(c) Making the minimum contribution required by the board or by opening an account;
(d) Designating the type of account to be opened if more than one type of account is offered.
(2) Any person may make contributions to an account after the account is opened.
(3) Contributions to accounts may be made only in cash.
(4) Account owners may withdraw all or part of the balance from an account on sixty (60) days' notice, or a shorter period as may be authorized by the board, under rules prescribed by the board. These rules shall include provisions that will generally enable the board or program manager to determine if a withdrawal is a nonqualified withdrawal or a qualified withdrawal. The rules may, but need not, require one (1) or more of the following:
   (a) Account owners seeking to make a qualified withdrawal or other withdrawal that is not a nonqualified withdrawal shall provide certifications, copies of bills for qualified higher education expenses or other supporting material;
   (b) Qualified withdrawals from an account shall be made only by a check payable as designated by the account owner;
   (c) Withdrawals not meeting certain requirements shall be treated as nonqualified withdrawals by the program manager, and if these withdrawals are not nonqualified withdrawals, the account owner must seek refunds of penalties directly from the board.
(5) An account owner may change the designated beneficiary of an account to an individual who is a member of the family of the former designated beneficiary in accordance with procedures established by the board.
(6) On the direction of an account owner, all or a portion of an account may be transferred to another account of which the designated beneficiary is a member of the family of the designated beneficiary of the transferor account.

(7) Changes in designated beneficiaries and rollovers under this section are not permitted if the changes or rollovers would violate either of the following provisions of this section relating to excess contributions or to investment choice.

(8) In the case of any nonqualified withdrawal from an account, an amount equal to ten percent (10%) of the portion of the proposed withdrawal that would constitute income as determined in accordance with section 529 of the Internal Revenue Code shall be withheld as a penalty and paid to the board for use in operating and marketing the program and for state student financial aid.

(9) The board, by rule, shall increase the percentage of the penalty prescribed in subsection (8) of this section or change the basis of this penalty if the board determines that the amount of the penalty must be increased to constitute a penalty that is more than a de minimis penalty for purposes of qualifying the program as a qualified state tuition program under section 529 of the Internal Revenue Code.

(10) The board may decrease the percentage of the penalty prescribed in subsection (8) of this section if it determines that both of the following conditions exist:

(a) The penalty is greater than is required to constitute a penalty that is more than a de minimis penalty for purposes of qualifying the program as a qualified state tuition program under section 529 of the Internal Revenue Code;

(b) The penalty, when combined with other revenue generated under this chapter, is producing more revenue than is required to cover the costs of operating and marketing the program and to recover any costs not previously recovered.

(11) If an account owner makes a nonqualified withdrawal and no penalty amount is withheld pursuant to subsection (8) of this section or the amount withheld is less than the amount required to be withheld under that subsection for nonqualified withdrawals, the account owner shall pay the unpaid portion of the penalty to the state tax commission on or before April 15 of the following tax year.

(12) Each account shall be maintained separately from each other account under the program.

(13) Separate records and accounting shall be maintained for each account for each designated beneficiary.

(14) No contributor to, account owner of or designated beneficiary of any account may direct the investment of any contributions to an account or the earnings from the account.

(15) If the board terminates the authority of a financial institution to hold accounts and accounts must be moved from that financial institution to another financial institution, the board shall select the financial institution and type of investment to which the balance of the account is moved unless the internal revenue service provides guidance stating that allowing the account owner to select among several financial institutions that are current contractors would not cause a plan to cease to be a qualified state tuition plan.

(16) Neither an account owner nor a designated beneficiary may use
an interest in an account as security for a loan. Any pledge of an interest in an account is of no force and effect.

(17) The board shall adopt rules to prevent contributions on behalf of a designated beneficiary in excess of those necessary to pay the qualified higher education expenses of the designated beneficiaries. The rules shall address the following:
(a) Procedures for aggregating the total balances of multiple accounts established for a designated beneficiary;
(b) The establishment of a maximum total balance that may be held in accounts for a designated beneficiary;
(c) The board shall review the quarterly reports received from participating financial institutions and certify that the balance in all qualified state tuition programs, as defined in section 529 of the Internal Revenue Code, of which that person is the designated beneficiary does not exceed the lesser of:
   (i) A maximum college savings amount established by the board from time to time;
   (ii) The cost in current dollars of qualified higher education expenses that the contributor reasonably anticipates the designated beneficiary will incur;
(d) Requirements that any excess balances with respect to a designated beneficiary be promptly withdrawn in a nonqualified withdrawal or rolled over to another account in accordance with this section.

(18) If there is any distribution from an account to any person or for the benefit of any person during a calendar year, the distribution shall be reported to the internal revenue service and the account owner or the designated beneficiary to the extent required by federal law.

(19) The financial institution shall provide statements to each account owner at least once each year within thirty-one (31) days after the twelve (12) month period to which they relate. The statement shall identify the contributions made during a preceding twelve (12) month period, the total contributions made through the end of the period, the value of the account as of the end of this period, distributions made during this period and any other matters that the board requires be reported to the account owner.

(20) Statements and information returns relating to accounts shall be prepared and filed to the extent required by federal or state tax law.

(21) A state or local government or organization described in section 501(c)(3) of the Internal Revenue Code may open and become the account owner of an account to fund scholarships for persons whose identity will be determined after an account is opened.

(22) In the case of any account described in subsection (21) of this section, the requirement that a designated beneficiary be designated when an account is opened does not apply and each person who receives an interest in the account as a scholarship shall be treated as a designated beneficiary with respect to the interest.

(23) Any social security numbers, addresses or telephone numbers of individual account holders and designated beneficiaries that come into the possession of the board are confidential, are not public records and shall not be released by the board.
33-5405. TAXATION TO BENEFICIARY. The designated beneficiary, as defined in section 529(e)(1) of the Internal Revenue Code, from an individual trust account or savings account established under this chapter is liable for taxes that may accrue under chapter 30, title 63, Idaho Code, when a qualified withdrawal is made by the designated beneficiary.

33-5406. SCHOLARSHIPS AND FINANCIAL AID PROVISIONS. (1) Any student loan program, student grant program or other financial assistance program established or administered by this state shall treat the balance in an account of which the student is a designated beneficiary as if it were an asset of the parent of the designated beneficiary and not as a scholarship or grant or as an asset of the student for determining a student's or parent's income, assets or financial need.

(2) Subsection (1) of this section applies to any financial assistance program administered by a state-supported college or university.

(3) Subsections (1) and (2) of this section do not apply if any of the following conditions exist:
   (a) Federal law requires all or a portion of the amount in an account to be taken into account in a different manner;
   (b) Federal benefits could be lost if all or a portion of the amount in an account is not taken into account in a different manner;
   (c) A specific grant establishing a financial assistance program requires that all or a portion of the amount in an account be taken into account.

33-5407. LIMITATIONS OF CHAPTER. (1) Nothing in this chapter shall be construed to:
   (a) Give any designated beneficiary any rights or legal interest with respect to an account unless the designated beneficiary is the account owner;
   (b) Guarantee that a designated beneficiary will be admitted to a higher education institution or be allowed to continue enrollment at or graduate from a higher education institution located in this state after admission;
   (c) Establish state residency for a person merely because the person is a designated beneficiary;
   (d) Guarantee that amounts saved pursuant to the program will be sufficient to cover the qualified higher education expenses of a designated beneficiary.

(2) Nothing in this chapter establishes any obligation of this state or any agency or instrumentality of this state to guarantee for the benefit of any account owner, contributor to an account or designated beneficiary any of the following:
   (a) The return of any amounts contributed to an account;
   (b) The rate of interest or other return on any account;
   (c) The payment of interest or other return on any account;
   (d) Tuition rates or the cost of related higher education expenditures.

(3) Under rules adopted by the board, every contract, application, deposit slip or other similar document that may be used in con-
nection with a contribution to an account shall clearly indicate that
the account is not insured by this state and neither the principal
deposited nor the investment return is guaranteed by this state.

33-5408. ANNUAL REPORT. The board shall submit an annual report
to the speaker of the house of representatives and the president pro
tempore of the senate by February 1 that summarizes the board's find­
ings and recommendations concerning the program established by this
chapter.

SECTION 2. That Section 63-3022, Idaho Code, be, and the same is
hereby amended to read as follows:

63-3022. ADJUSTMENTS TO TAXABLE INCOME. The additions and
subtractions set forth in this section, and in sections 63-3022A
through 63-3022M, Idaho Code, are to be applied to the extent allowed
in computing Idaho taxable income:

(a) Add any state taxes, measured by net income, paid or accrued
during the taxable year adjusted for state tax refunds used in arriv­
ing at taxable income.

(b) Add the net operating loss deduction used in arriving at tax­
able income.

(c) (1) A net operating loss for any taxable year commencing on
and after January 1, 1999, shall be a net operating loss carryback
not to exceed a total of one hundred thousand dollars ($100,000)
to the two (2) immediately preceding taxable years. Any portion of
the net operating loss not subtracted in the two (2) preceding
years may be subtracted in the next twenty (20) years succeeding
the taxable year in which the loss arises in order until
exhausted. The sum of the deductions may not exceed the amount of
the net operating loss deduction incurred. At the election of the
taxpayer, the two (2) year carryback may be foregone and the loss
subtracted from income received in taxable years arising in the
next twenty (20) years succeeding the taxable year in which the
loss arises in order until exhausted. The election shall be made
as under section 172(b)(3) of the Internal Revenue Code. An elec­
tion under this subsection must be in the manner prescribed in the
rules of the state tax commission and once made is irrevocable for
the year in which it is made. The term "income" as used in this
subsection (c) means Idaho taxable income as defined in this chap­
ter as modified by section 63-3021(b)(2), (3) and (4), Idaho Code.
(2) Net operating losses incurred by a corporation during a year
in which such corporation did not transact business in Idaho or
was not included in a group of corporations combined under subsec­
tion (t) of section 63-3027, Idaho Code, may not be subtracted.
However, if at least one (1) corporation within a group of corpo­
rations combined under subsection (t) of section 63-3027, Idaho
Code, was transacting business in Idaho during the taxable year in
which the loss was incurred, then the net operating loss may be
subtracted. Net operating losses incurred by a person, other than
a corporation, in business activities not taxable by Idaho may not
be subtracted.

(d) In the case of a corporation, add the amount deducted under
the provisions of sections 243(a) and (c), 244, 245 and 246A of the Internal Revenue Code (relating to dividends received by corporations) as limited by section 246(b)(1) of said code.

(e) In the case of a corporation, subtract an amount determined under section 78 of the Internal Revenue Code to be taxable as dividends.

(f) Subtract the amount of any income received or accrued during the taxable year which is exempt from taxation by this state, under the provisions of any other law of this state or a law of the United States, if not previously subtracted in arriving at taxable income.

(g) In the case of corporations and partnerships, add Idaho taxable income of nonresident officers, directors, shareholders, partners or members to the extent such income is attributed to the corporation or partnership in section 63-3022L, Idaho Code.

(h) For the purpose of determining the Idaho taxable income of the beneficiary of a trust or of an estate, distributable net income as defined for federal tax purposes shall be corrected for the other adjustments required by this section. In the event that a nonresident beneficiary of a trust or estate fails to file an Idaho income tax return reporting all or any part of distributable net income taxable in Idaho or fails to pay any tax due thereon, the trust or estate making the payment or distribution shall be taxable upon the amount of such distribution or payment at the rates established by section 63-3024, Idaho Code.

(i) In the case of an individual who is on active duty as a full-time officer, enlistee or draftee, with the armed forces of the United States, which full-time duty is or will be continuous and uninterrupted for one hundred twenty (120) consecutive days or more, deduct compensation paid by the armed forces of the United States for services performed outside this state. The deduction is allowed only to the extent such income is included in taxable income, and provided that appropriate adjustments shall be made in determining the deductions and exemptions allowed pursuant to section 63-3026A(4), Idaho Code.

(j) In the case of a corporation, including any corporation included in a group of corporations combined under subsection (t) of section 63-3027, Idaho Code, add any capital loss deducted which loss was incurred during any year in which such corporation did not transact business in Idaho. However, do not add any capital loss deducted if a corporation, including any corporation in a group of corporations combined under subsection (t) of section 63-3027, Idaho Code, was transacting business in Idaho during the taxable year in which the loss was incurred. In the case of persons, other than corporations, add any capital loss deducted which was incurred in business activities not taxable by Idaho at the time such loss was incurred. In computing the income taxable to an S corporation or partnership under this section, deduction shall not be allowed for a carryover or carryback of a net operating loss provided for in subsection (c) of this section or a capital loss provided for in section 1212 of the Internal Revenue Code.

(k) In the case of an individual, there shall be allowed as a deduction from gross income either (1) or (2) at the option of the taxpayer:
(1) The standard deduction as defined in section 63, Internal Revenue Code.
(2) Itemized deductions as defined in section 63 of the Internal Revenue Code except state income taxes as specified in section 164 of the Internal Revenue Code.
(1) Add the taxable amount of any lump sum distribution deducted from gross income pursuant to section 402(d)(3) of the Internal Revenue Code. The taxable amount will include the ordinary income portion and the amount eligible for the capital gain election.
(m) Deduct any amounts included in gross income under the provisions of section 86 of the Internal Revenue Code relating to certain social security and railroad benefits.
(n) In the case of a self-employed individual, deduct the actual cost of premiums paid to secure worker's compensation insurance for coverage in Idaho, if such cost has not been deducted in arriving at taxable income.
(o) In the case of an individual, deduct the amount contributed to a college savings program pursuant to chapter 54, title 33, Idaho Code, but not more than four thousand dollars ($4,000) per tax year.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2000.

Approved April 12, 2000.

CHAPTER 219
(H.B. No. 668)

AN ACT
RELATING TO SAFE SCHOOLS; AMENDING CHAPTER 16, TITLE 33, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 33-1613, IDAHO CODE, TO REQUIRE ABATEMENT OF UNSAFE AND UNHEALTHY CONDITIONS IN PUBLIC SCHOOL FACILITIES AND TO PROVIDE THE MECHANISM FOR SUCH ABATEMENT; AMENDING CHAPTER 16, TITLE 33, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 33-1017, IDAHO CODE, TO CREATE THE SCHOOL SAFETY AND HEALTH REVOLVING LOAN FUND TO BE USED TO ABATE UNSAFE AND UNHEALTHY CONDITIONS IN PUBLIC SCHOOL FACILITIES WHEN THE SCHOOL DISTRICT'S FUNDS ARE INSUFFICIENT AND TO PROVIDE FOR ADMINISTRATION OF THE FUND; DECLARING AN EMERGENCY, PROVIDING RETROACTIVE APPLICATION AND PROVIDING THE EFFECT ON CERTAIN LOTTERY MONEYS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 16, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1613, Idaho Code, and to read as follows:

33-1613. SAFE PUBLIC SCHOOL FACILITIES REQUIRED. (1) Definition.
As used in this section, "public school facilities" means the physical plant of improved or unimproved real property owned or operated by a school district, including school buildings, administration buildings, playgrounds, athletic fields, etc., used by schoolchildren or school district personnel in the normal course of providing a general, uniform and thorough system of public, free common schools, but does not include areas, buildings or parts of buildings closed from or not used in the normal course of providing a general, uniform and thorough system of public, free common schools. The aspects of a safe environment conducive to learning as provided by section 33-1612, Idaho Code, that pertain to the physical plant used to provide a general, uniform and thorough system of public, free common schools are hereby defined as those necessary to comply with the safety and health requirements set forth in this section.

(2) Inspection. It is the duty of the board of trustees of every school district at least once in every school year to require an independent inspection of the district's school facilities to determine whether those school facilities comply with codes addressing safety and health standards for facilities, including electrical, plumbing, mechanical, elevator, fire safety, boiler safety, life safety, structural, snow loading, and sanitary codes, adopted by or pursuant to the Idaho building code advisory act, chapter 41, title 39, Idaho Code, adopted by the state fire marshal, adopted by generally applicable local ordinances, or adopted by rule of the state board of education and applicable to school facilities. The inspection shall be done pursuant to section 39-4130, Idaho Code, or by an independent inspector professionally qualified to conduct inspections under the applicable code. The results of the inspection shall be presented to the board of trustees for their review and consideration.

(3) Abatement required -- Reporting. The board of trustees shall, in their sole discretion, accept or reject the results of the inspection in whole or in part and in so doing shall identify any unsafe or unhealthy conditions in the district. The board of trustees shall require that the unsafe or unhealthy conditions be abated and shall instruct the district's personnel to take necessary steps to abate unsafe or unhealthy conditions. The board of trustees must issue a report in the same school year in which the inspections are made declaring whether any unsafe or unhealthy conditions identified have not been abated. The state board of education may, by rule, provide for uniform reporting of unsafe and unhealthy conditions and for uniform reporting of abatement or absence of abatement of unsafe and unhealthy conditions.

(4) Costs of and plan of abatement. If the school district can abate all unsafe or unhealthy conditions identified with the funds available to the district, it shall do so, and it need not separately account for the costs of abatement nor segregate funds expended for abatement. If the school district cannot abate all unsafe or unhealthy conditions identified with the funds available to it, the board of trustees shall direct that a plan of abatement be prepared. The plan of abatement shall provide a timetable that shall begin no later than the following school year and that shall provide for abatement with all deliberate speed of unsafe and unhealthy conditions identified. The district shall immediately begin to implement its plan of abate-
ment and must separately account for its costs of abatement of unsafe and unhealthy conditions and separately segregate funds for the abatement of unsafe and unhealthy conditions as required by subsection (5) of this section.

(5) Special provisions for implementation of plan of abatement.
(a) Notwithstanding any other provisions of law concerning expenditure of lottery moneys distributed to the school district, all lottery moneys provided to the school district for a school year in which the school district cannot abate unsafe or unhealthy conditions identified and not legally encumbered to other uses at the time and all lottery moneys for following school years shall be segregated and expended exclusively for abatement of unsafe and unhealthy conditions identified until all of the unhealthy and unsafe conditions identified are abated, provided, if the school district has obtained a loan from the safety and health revolving loan fund, the provisions of section 33-1017, Idaho Code, and the conditions of the loan shall determine the use of the district's lottery moneys during the term of the loan.
(b) If the lottery moneys referred to in paragraph (a) of this subsection will, in the board of trustees' estimation, be insufficient to abate the unsafe and unhealthy conditions identified, the plan of abatement shall identify additional sources of funds to complete the abatement of the unsafe and unhealthy conditions. The board of trustees may choose from among the following sources, or from other sources of its own identification, but the plan of abatement must identify sufficient sources of funds for abatement.

(i) If the school district is not levying under chapter 8, title 33, Idaho Code, at the maximum levies allowed by law for levies that may be imposed by a board of trustees without an election, the board of trustees may increase any of those levies as allowed by law for the school year following the school year in which it was unable to abate unsafe or unhealthy conditions identified.
(ii) If the school district is levying under chapter 8, title 33, Idaho Code, at the maximum levies allowed by law for levies that may be imposed by the board of trustees without an election; or, if after increasing those levies to the maximum levies allowed by law for levies that may be imposed by the board of trustees without an election, there will still be insufficient funds to abate unsafe or unhealthy conditions identified, the school district, after giving notice and conducting a hearing, may declare a financial emergency and/or may apply for a loan from the safety and health revolving loan fund as provided in section 33-1017, Idaho Code, to obtain funds to abate the unsafe or unhealthy conditions identified.
(iii) Upon the declaration of a financial emergency, the board of trustees shall have the power to impose a reduction in force, to freeze some or all salaries in the district, and/or to suspend some or all contracts that may be legally suspended upon the declaration of a financial emergency; provided, that when a board of trustees declares a financial emergency, or when a declaration of a financial emergency is
imposed by the state treasurer pursuant to section 33-1017, Idaho Code, and there is a reduction in force, some or all salaries are frozen, or some contracts are suspended, the payments to the school district under the foundation program of chapter 10, title 33, Idaho Code, and in particular the staff allowances under that chapter, shall not be reduced during the duration of the financial emergency as a result of a reduction in force, frozen salaries, or suspended salaries from what the staff allowance would be without the reduction in force, frozen salaries or suspended contracts.

(c) All costs of abatement for a program implementing plans of abatement under subsection (5) of this section must be separately accounted for and documented with regard to abatement of each unsafe or unhealthy condition identified. Funds obtained under section 33-1017, Idaho Code, must be used exclusively to abate unsafe or unhealthy conditions identified. Funds obtained pursuant to section 33-1017, Idaho Code, in excess of funds necessary to abate unsafe or unhealthy conditions identified must be returned as provided in section 33-1017, Idaho Code. Return of these funds shall be judicially enforceable as provided in section 33-1017, Idaho Code.

SECTION 2. That Chapter 10, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1017, Idaho Code, and to read as follows:

33-1017. SCHOOL SAFETY AND HEALTH REVOLVING LOAN FUND. (1) Fund created. There is hereby created a fund in the state treasury to be known as the school safety and health revolving loan fund to which shall be credited all moneys that may be appropriated, apportioned, allocated and paid back to that fund. Moneys in this fund shall be used exclusively as provided in this section, except that moneys in this fund shall be returned to the budget stabilization fund as provided in this section.

(2) Approval of loan. A school district that does not have the financial resources to abate unsafe or unhealthy conditions identified pursuant to section 33-1613, Idaho Code, and which is eligible to seek additional funds under subsection (5)(b)(ii) of section 33-1613, Idaho Code, may apply to the state treasurer for a loan from the safety and health revolving loan fund. The loan shall be approved if the district's loan application meets the criteria of section 33-1613, Idaho Code, and of this section. If the board of examiners finds that existing and anticipated loans under this section have depleted the school safety and health revolving loan fund to an extent that the fund does not have available sufficient moneys to loan to an eligible district, the board of examiners shall declare that additional loans may be made from the budget stabilization fund in section 57-814, Idaho Code, up to any limits of the use of that fund provided by statute or declared by the governor in time of general revenue shortfalls or major disaster.

(3) Conditions of loan -- Repayment of loan.
(a) The school district's application shall identify the unsafe
or unhealthy conditions that would be abated with the proceeds of the loan and shall propose a method of and timetable for abating those conditions and for repaying the loan.

(b) The state treasurer shall review the application to determine whether the application is for abatement of unsafe or unhealthy conditions as described in section 33-1613, Idaho Code, and to determine whether the estimated costs of abatement and proposed plan of abatement is reasonable. In reviewing the application, the state treasurer may call upon the assistance of the state division of building safety, the state fire marshal, the state department of administration, the state board of education, the state department of education, or other knowledgeable persons to determine whether conditions identified to be abated meet the criteria of section 33-1613, Idaho Code, and to determine whether the plan of abatement, estimated costs of abatement and proposed methods of abatement are reasonable. The state treasurer shall process the application for a loan within thirty-five (35) days after its receipt.

(i) If the state treasurer determines that the application has not identified unsafe or unhealthy conditions as described in section 33-1613, Idaho Code, the state treasurer shall return the application with a written statement that contains reasons why the loan application does not meet the criteria of this section and of section 33-1613, Idaho Code.

(ii) If the state treasurer determines that the application has identified unsafe or unhealthy conditions as described in section 33-1613, Idaho Code, the state treasurer shall then determine whether the application has proposed reasonable methods of and reasonable estimates of costs of abatement. The state treasurer shall approve the plan of abatement if the district has proposed a reasonable method of abatement and if its estimated costs of abatement are reasonable; otherwise, the state treasurer shall return the application with a written statement how the application can be amended to qualify.

(c) The state treasurer may accept the school district's proposed method of and timetable for repaying the loan or may impose reasonable alternative or substitute methods of and timetables for repayment consistent with this subsection, which alternative or substitute methods shall be binding on the school district. At a minimum, the school district shall be required to repay in each fiscal year succeeding the year of the loan an amount no less than the lottery proceeds that the school district would otherwise receive for that fiscal year and additional foundation support moneys, if any, accruing as a result of an initial overestimation of state average daily attendance support units and later distribution of residual amounts resulting from fewer support units than originally estimated. The loan shall provide for the school safety and health revolving loan fund, or the budget stabilization fund, to the extent that it was the source of the loan, to intercept the lottery proceeds that would otherwise go to the district until the loan is fully repaid. In addition, the state treasurer may impose reasonable fiscal conditions on the district during the term of
loan repayment including, but not limited to, restrictions in use of otherwise unrestricted district moneys to assist in repayment of the loan or in abatement of unsafe or unhealthy conditions, the declaration of a financial emergency during some or all of the term of repayment of the loan, or interception by the school safety and health revolving loan fund of a portion of the state foundation program payments under chapter 10, title 33, Idaho Code, that would otherwise go to the district to repay the loan. The initial term of the loan shall not exceed ten (10) years, but may be extended in the state treasurer's discretion for another ten (10) years.

(d) If a loan is approved, the state treasurer shall establish a line of credit for the school district and monthly reimburse the school district for costs incurred to abate the unsafe or unhealthy conditions identified as the reason for the loan. The state treasurer may prescribe forms and procedures for administration of this line of credit.

(e) A school district may repay its loan or any portion of its loan in advance at any time without penalty.

(4) Interest. Loans to school districts under this section shall bear interest at the average rate of interest that would be available to the state treasury were the loan funds retained in the state treasury, as determined by the state treasurer.

(5) Certification of loan funds spent. If a district obtains a loan pursuant to this section, the board of trustees shall certify the total expenditures of loaned funds that were actually spent to abate unsafe and unhealthy conditions.

(6) Excess funds. If any funds loaned pursuant to this section were not spent on abatement of unsafe and unhealthy conditions, they must be returned to the school safety and health loan fund or the budget stabilization fund, as the case may be. This subsection shall be judicially enforceable by the state treasurer, and any amounts due for repayment under this subsection may be recovered by offset from state foundation program moneys that would otherwise be paid to the school district.

(7) Procedures. The state treasurer may prescribe forms for applying for a loan under this section. No actions taken under this section are contested cases or rulemaking subject to chapter 52, title 67, Idaho Code, and none of the contested case or rulemaking procedures of chapter 52, title 67, Idaho Code, apply to actions taken under this section.

SEC. 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2000; provided however, this act shall not apply to any expenditure of lottery moneys during the 1999-2000 school year that were legally encumbered before the time of passage and approval of this act.

Approved April 12, 2000.
AN ACT
RELATING TO INDIAN GAMING; PROVIDING A STATEMENT OF BACKGROUND AND PURPOSE AND TO PROVIDE FOR RESOLUTION OF GAMING ISSUES BETWEEN THE SHOSHONE-BANNOCK TRIBES AND THE STATE IN FEDERAL COURT; TO PROVIDE RATIFICATION AND IMPLEMENTATION OF THE GAMING COMPACT BETWEEN THE SHOSHONE-BANNOCK TRIBES AND THE STATE FOR CLASS III GAMING, AUTHORIZING THE GOVERNOR TO WAIVE IMMUNITY PROVIDED BY THE ELEVENTH AMENDMENT TO THE UNITED STATES CONSTITUTION FOR ISSUES ARISING UNDER THE COMPACT AND PROVIDING FOR CONFIDENTIALITY OF RECORDS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. BACKGROUND AND PURPOSE. The Indian Gaming Regulatory Act, 25 U.S.C. Section 2701, et seq., provides for gambling on Indian reservations subject to certain limitations. The state of Idaho and the Shoshone-Bannock Tribes have differed as to the application of those limitations in Idaho.

It is the strong public policy of the state of Idaho to forbid all forms of gambling, including casino-style gambling except a state lottery, pari-mutuel betting, and charitable bingo and raffle games. Nothing contained in this act can or should be construed in contravention of that policy. The tribes believe that they are entitled to conduct gaming operations beyond what the state believes is legally permissible.

It is necessary to have a neutral judicial forum available to resolve these issues and to provide a framework for the resolution of future issues that may arise with respect to tribal gaming. To that end, the parties have agreed to resolve these legal disputes in federal court. The resolution of such disputes in federal court requires legislation authorizing the state to waive its Eleventh Amendment immunity from suit by the tribes in federal court. The Shoshone-Bannock Tribes have agreed to adopt a tribal ordinance authorizing the waiver of their claims of sovereign immunity with respect to such disputes.

To address the foregoing matters, the state and tribes, through Governor Dirk Kempthorne and Chairman Duane Thompson, have agreed to a compact dated February 18, 2000, subject to ratification by the Idaho State Legislature and adoption of implementing legislation.

SECTION 2. RATIFICATION AND IMPLEMENTATION PROVISIONS FOR THE SHOSHONE-BANNOCK TRIBES AND THE STATE OF IDAHO COMPACT FOR CLASS III GAMING. (1) The material terms of the Shoshone-Bannock Tribes and the State of Idaho Compact for Class III Gaming, dated February 18, 2000, are hereby ratified.

(2) As contemplated by the Compact, the Governor is hereby authorized to waive Eleventh Amendment immunity on behalf of the state of Idaho with regard to issues arising under this Compact.
(3) The state is authorized to protect the confidentiality of records as provided in the Compact.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 12, 2000.

CHAPTER 221
(H.B. No. 696)

AN ACT
RELATING TO SWINE AND POULTRY FACILITIES; AMENDING SECTION 39-104A, IDAHO CODE, TO REQUIRE FINANCIAL ASSURANCES FOR OPERATION, CLOSURE AND REMEDIATION OF SWINE AND POULTRY FACILITIES REQUIRED TO OBTAIN A PERMIT FROM THE DIVISION OF ENVIRONMENTAL QUALITY, TO PROVIDE REQUIREMENTS, TO PROVIDE FOR A VARIETY OF FINANCIAL ASSURANCES, TO PROVIDE THAT BOARDS OF COUNTY COMMISSIONERS AND GOVERNING BODIES OF CITIES MAY IMPOSE MORE STRINGENT REQUIREMENTS, TO PROVIDE THAT BOARDS OF COUNTY COMMISSIONERS AND GOVERNING BODIES OF CITIES MAY CHOOSE TO DETERMINE IF A FACILITY IS PROPERLY CLOSED, TO REQUIRE COMMUNICATION TO THE DIRECTOR IN WRITING, TO PROVIDE THAT LOCAL DETERMINATIONS REGARDING CLOSURE MAY NOT PERMIT LESSER STANDARDS THAN THOSE IMPOSED BY THE DIVISION AND TO PROVIDE DEFINITIONS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-104A, Idaho Code, be, and the same is hereby amended to read as follows:

39-104A. AUTHORITY TO MAKE RULES REGULATING LARGE SWINE AND POULTRY FEEDING OPERATIONS -- FINANCIAL ASSURANCES. (1) The state of Idaho is experiencing the development of large swine and poultry feeding operations which are inadequately controlled through existing state regulatory mechanisms. If not properly regulated, these facilities pose a threat to the state's surface and ground water resources. Due to existing rulemaking authority, the department of health and welfare, division of environmental quality, is in the best position of all state agencies to modify its present rules and to make new rules to develop an adequate regulatory framework for large swine and poultry feeding operations.

(2) The department of health and welfare division of environmental quality is authorized to modify its existing administrative rules and to make new rules regulating large swine and poultry feeding operations, as they shall be defined by the department division. The department division is authorized to work with the Idaho department of agriculture in the development of such rules.

(3) Owners and operators of swine and poultry facilities required to obtain a permit from the division of environmental quality to con-
struct, operate, expand or close the facilities shall provide financial assurances demonstrating financial capability to meet requirements for operation and closure of the facilities and remediation. Requirements for financial assurances shall be determined by the agency as set forth in rule. Financial assurances may include any mechanism or combination of mechanisms meeting the requirements established by agency rule including, but not limited to, surety bonds, trust funds, irrevocable letters of credit, insurance and corporate guarantees. The mechanism(s) used to demonstrate financial capability must be legally valid, binding and enforceable under applicable law and must ensure that the funds necessary to meet the costs of closure and remediation will be available whenever the funds are needed. The director may retain financial assurances for up to five (5) years after closure of a facility to ensure proper closure and remediation, as defined by rule.

(4) Nothing in this section prohibits the boards of county commissioners of any county or the governing body of any city from adopting regulations that are more stringent or that require greater financial assurances than those imposed by the division of environmental quality. A board of county commissioners of a county or a governing body of a city in which a swine or poultry facility is located may choose to determine whether the facility is properly closed according to imposed standards or may leave that determination to the division. This choice shall be communicated to the director in writing when closure begins; provided that determinations of closure by a board of county commissioners of a county or a governing body of a city in which the swine or poultry facility is located shall not permit closure under less stringent requirements than those imposed by the division.

(5) As used in this section:
(a) "Animal unit" means a unit equaling two and one-half (2.5) swine, each weighing over twenty-five (25) kilograms (approximately fifty-five (55) pounds), or ten (10) weaned swine, each weighing under twenty-five (25) kilograms, or one hundred (100) poultry. Total animal units are calculated by adding the number of swine weighing over twenty-five (25) kilograms multiplied by four-tenths (.4) plus the number of weaned swine weighing under twenty-five (25) kilograms multiplied by one-tenth (.1) plus the number of poultry multiplied by one one-hundredth (.01).
(b) "Facilities" or "facility" means a place, site or location or part thereof where swine or poultry are kept, handled, housed or otherwise maintained and includes, but is not limited to, buildings, lots, pens and animal waste management systems, and which has a one-time animal unit capacity of two thousand (2,000) or more animal units.
(c) "Large swine and poultry feeding operations" means swine facilities and poultry facilities having a one-time animal unit capacity of two thousand (2,000) or more animal units.
(d) "One-time animal unit capacity" means the maximum number of animal units that a facility is capable of housing at any given time.
SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 12, 2000.

CHAPTER 222
(H.B. No. 794)

AN ACT
RELATING TO RENTAL OF STORAGE WATER TO AUGMENT RIVER FLOWS TO AID SALMON MIGRATION; REPEALING SECTION 42-1763B, IDAHO CODE; AMENDING CHAPTER 17, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-1763B, IDAHO CODE, TO PROVIDE FINDINGS AND INTENT OF THE LEGISLATURE, TO AUTHORIZE THE U.S. BUREAU OF RECLAMATION TO RELEASE FOUR HUNDRED TWENTY-SEVEN THOUSAND ACRE FEET OF WATER FROM ITS PROJECTS UNDER CERTAIN CONDITIONS IN THE YEAR 2000 TO AUGMENT RIVER FLOWS TO AID THE MIGRATION OF SNAKE RIVER SALMON, TO PROVIDE THAT RELEASE OF STORAGE WATER FROM U.S. BUREAU OF RECLAMATION RESERVOIRS TO AID SALMON MIGRATION MUST BE RENTED THROUGH THE WATER BANK OPERATED BY THE WATER RESOURCE BOARD OR THROUGH LOCAL WATER RENTAL COMMITTEES, TO PROVIDE CONDITIONS UPON THE RELEASE OF STORAGE WATER, TO PROVIDE THAT THIS SECTION WILL NOT BECOME EFFECTIVE UNTIL THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES CERTIFIES TO THE GOVERNOR THAT THE BUREAU'S APPLICATIONS TO TRANSFER CERTAIN WATER RIGHTS AND TO AMEND CERTAIN WATER RIGHT PERMITS WILL BE HELD IN ABEYANCE UNTIL JULY 1, 2000, AND TO PROVIDE THAT THIS SECTION SHALL BE NULL AND VOID ON AND AFTER JANUARY 1, 2001; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-1763B, Idaho Code, be, and the same is hereby repealed.

SECTION 2. That Chapter 17, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-1763B, Idaho Code, and to read as follows:

42-1763B. INTERIM AUTHORITY FOR RENTAL OF STORAGE WATER TO AUGMENT FLOWS DURING THE MIGRATION OF SNAKE RIVER SALMON. (1) Legislative findings and intent regarding rental of storage water from U.S. bureau of reclamation projects in the Snake River basin within Idaho to augment lower Snake River flows during the migration of Snake River salmon. The legislature finds that the U.S. bureau of reclamation requested the release of four hundred twenty-seven thousand (427,000) acre feet of water to augment salmon flows in order to satisfy the conditions of the biological opinion issued by the national marine fisheries service on March 2, 1995. The legislature authorizes the U.S. bureau of reclamation to release water from its projects under
the limited conditions of this section in 2000.

(2) Rental of storage water from U.S. bureau of reclamation storage.

(a) Notwithstanding the legislative approval required in section 42-108, Idaho Code, any storage water release from U.S. bureau of reclamation reservoirs within the state of Idaho for use to augment river flows during the migration of Snake River salmon pursuant to this section must be rented through the water bank operated by the Idaho water resource board pursuant to sections 42-1761 through 42-1764, Idaho Code, or through local water rental committees, created pursuant to section 42-1765, Idaho Code, under their respective water bank rules.

(b) For any rental of water pursuant to this section, the director shall not be required to determine under section 42-1763, Idaho Code, whether the water supply is sufficient for the purpose for which it is sought, whether the rental would cause the use of water to be enlarged beyond that authorized under the water right to be rented, whether such use is in the public interest, or whether such use is consistent with the factors enumerated under subsection (3) of section 42-401, Idaho Code.

(3) Conditions on storage water rentals.

(a) Any storage water made available under this section shall be obtained only from willing lessors. Any water rented under this section from reservoirs located within a basin having a local rental pool committee established pursuant to section 42-1765, Idaho Code, shall be rented pursuant to this section only through the local rental pool committee.

(b) Storage water made available under this section shall be limited to four hundred twenty-seven thousand (427,000) acre feet annually. These releases from storage shall be reduced by other water the U.S. bureau of reclamation provides for augmentation of salmon flows from the Snake River and its tributaries.

(c) In no event shall the release of water under this section cause the water surface of Cascade Reservoir to be below the elevation required to maintain a storage volume of three hundred thousand (300,000) acre feet, fifty thousand (50,000) acre feet of which is dead space, which is currently estimated to be at an elevation of four thousand eight hundred nine and two-tenths (4,809.2) feet.

(d) The U.S. bureau of reclamation shall report on the plan for releases for the spring and summer chinook prior to such releases and on the plan for releases for the fall chinook by July 15, 2000. The U.S. bureau of reclamation shall submit a report to the director by January 15, 2001, describing the time, volume and purpose of storage water released for salmon purposes during the year 2000.

(e) All storage water rented from U.S. bureau of reclamation reservoirs under this section must be used for power production purposes within the state of Idaho.

(f) Nothing herein shall entitle the U.S. bureau of reclamation to rent storage water upon termination or expiration of the permission given in this section.

(4) Nothing in this section shall be construed to alter in any
way the existing contractual obligations of the U.S. bureau of reclamation or to constitute a finding by the legislature that the rental or use of storage water for augmentation of flows for salmon migration is a beneficial use of water, that it is in the public interest, or whether such use injures existing water rights.

(5) This section shall not become effective until the director certifies to the governor that the U.S. bureau of reclamation's applications to transfer water right numbers 4616, 4617, 4618, 4623, 4625, 4626, 4627, 4628, 4629, 4630, 4631, 4632, 4633 and 4636, and to amend water right permit numbers 25-07004 and 63-3618 will be held in abeyance until July 1, 2000.

(6) On and after January 1, 2001, this act shall be null, void and of no force and effect.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 12, 2000.

32-11-106. EFFECT OF CHILD CUSTODY DETERMINATION. As to those persons, the determination is conclusive as to all decided issues of law and fact except to the extent the determination is modified.

custody proceeding, including a modification proceeding, or a petitioner or respondent in a proceeding to enforce or register a child custody determination, is not subject to personal jurisdiction in this state for another proceeding or purpose solely by reason of having participated, or of having been physically present for the purpose of participating, in the proceeding.

(b) A person who is subject to personal jurisdiction in this state on a basis other than physical presence is not immune from service of process in this state. A party present in this state who is subject to the jurisdiction of another state is not immune from service of process allowable under the laws of that state.

(c) The immunity granted by subsection (a) of this section does not extend to civil litigation based on acts unrelated to the participation in a proceeding under this chapter committed by an individual while present in this state.

32-11-110. COMMUNICATION BETWEEN COURTS. (a) A court of this state may communicate with a court in another state concerning a proceeding arising under this chapter.

Upon appropriate request by a court or law enforcement official of another state, the court shall forward a certified copy of those records.

PART 2
JURISDICTION

32-11-201. INITIAL CHILD CUSTODY JURISDICTION. (a) Except as otherwise provided in section 32-11-204, Idaho Code, a court of this state has jurisdiction to make an initial child custody determination only if:
(1) This state is the home state of the child on the date of the commencement of the proceeding, or was the home state of the child within six (6) months before the commencement of the proceeding and the child is absent from this state but a parent or person acting as a parent continues to live in this state;
(2) A court of another state does not have jurisdiction under paragraph (1) of this subsection, or a court of the home state of the child has declined to exercise jurisdiction on the ground that this state is the more appropriate forum under section 32-11-207 or 32-11-208, Idaho Code, and:
   (A) The child and the child's parents, or the child and at least one (1) parent or a person acting as a parent, have a significant connection with this state other than mere physical presence; and
   (B) Substantial evidence is available in this state concerning the child's care, protection, training and personal relationships;
(3) All courts having jurisdiction under paragraph (1) or (2) of
this subsection have declined to exercise jurisdiction on the
ground that a court of this state is the more appropriate forum to
determine the custody of the child under section 32-11-207 or
32-11-208, Idaho Code; or
(4) No court of any other state would have jurisdiction under the
criteria specified in paragraph (1), (2) or (3) of this subsec-
tion.
(b) Subsection (a) of this section is the exclusive jurisdic-
tional basis for making a child custody determination by a court of
this state.
(c) Physical presence of, or personal jurisdiction over, a party
or a child is not necessary or sufficient to make a child custody
determination.

32-11-202. EXCLUSIVE, CONTINUING JURISDICTION. (a) Except as
otherwise provided in section 32-11-204, Idaho Code, a court of this
state which has made a child custody determination consistent with
section 32-11-201 or 32-11-203, Idaho Code, has exclusive, continuing
jurisdiction over the determination until:
(1) A court of this state determines that neither the child, nor
the child and one (1) parent, nor the child and a person acting as
a parent have a significant connection with this state and that
substantial evidence is no longer available in this state concern­
ing the child's care, protection, training and personal relation­ships; or
(2) A court of this state or a court of another state determines
that the child, the child's parents, and any person acting as a
parent do not presently reside in this state.
(b) A court of this state which has made a child custody determi­
nation and does not have exclusive, continuing jurisdiction under this
section may modify that determination only if it has jurisdiction to
make an initial determination under section 32-11-201, Idaho Code.

32-11-203. JURISDICTION TO MODIFY DETERMINATION. Except as other­
wise provided in section 32-11-204, Idaho Code, a court of this state
may not modify a child custody determination made by a court of
another state unless a court of this state has jurisdiction to make an
initial determination under section 32-11-201(a)(1) or (2), Idaho
Code, and:
(a) The court of the other state determines it no longer has
exclusive, continuing jurisdiction under section 32-11-202, Idaho
Code, or that a court of this state would be a more convenient
forum under section 32-11-207, Idaho Code; or
(b) A court of this state or a court of the other state deter­
mines that the child, the child's parents, and any person acting
as a parent do not presently reside in the other state.

32-11-204. TEMPORARY EMERGENCY JURISDICTION. (a) A court of this
state has temporary emergency jurisdiction if the child is present in
this state and the child has been abandoned or it is necessary in an
emergency to protect the child because the child, or a sibling or par­
et of the child, is subjected to or threatened with mistreatment or
abuse.
(b) If there is no previous child custody determination that is entitled to be enforced under this chapter and a child custody proceeding has not been commenced in a court of a state having jurisdiction under sections 32-11-201 through 32-11-203, Idaho Code, a child custody determination made under this section remains in effect until an order is obtained from a court of a state having jurisdiction under sections 32-11-201 through 32-11-203, Idaho Code. If a child custody proceeding has not been or is not commenced in a court of a state having jurisdiction under sections 32-11-201 through 32-11-203, Idaho Code, a child custody determination made under this section becomes a final determination, if it so provides and this state becomes the home state of the child.

(c) If there is a previous child custody determination that is entitled to be enforced under this chapter, or a child custody proceeding has been commenced in a court of a state having jurisdiction under sections 32-11-201 through 32-11-203, Idaho Code, any order issued by a court of this state under this section must specify in the order a period that the court considers adequate to allow the person seeking an order to obtain an order from the state having jurisdiction under sections 32-11-201 through 32-11-203, Idaho Code. The order issued in this state remains in effect until an order is obtained from the other state within the period specified or the period expires.

(d) A court of this state which has been asked to make a child custody determination under this section, upon being informed that a child custody proceeding has been commenced in, or a child custody determination has been made by, a court of a state having jurisdiction under Sections 32-11-201 through 32-11-203, Idaho Code, shall immediately communicate with the other court. A court of this state which is exercising jurisdiction pursuant to sections 32-11-201 through 32-11-203, Idaho Code, upon being informed that a child custody proceeding has been commenced in, or a child custody determination has been made by, a court of another state under a statute similar to this section shall immediately communicate with the court of that state to resolve the emergency, protect the safety of the parties and the child, and determine a period for the duration of the temporary order.

32-11-205. NOTICE -- OPPORTUNITY TO BE HEARD -- JOINDER. (a) Before a child custody determination is made under this chapter, notice and an opportunity to be heard in accordance with the standards of section 32-11-108, Idaho Code, must be given to all persons entitled to notice under the law of this state as in child custody proceedings between residents of this state, any parent whose parental rights have not been previously terminated, and any person having physical custody of the child.

(b) This chapter does not govern the enforceability of a child custody determination made without notice or an opportunity to be heard.

(c) The obligation to join a party and the right to intervene as a party in a child custody proceeding under this chapter are governed by the law of this state as in child custody proceedings between residents of this state.
vided in section 32-11-204, Idaho Code, a court of this state may not exercise its jurisdiction under part 2 of this chapter if, at the time of the commencement of the proceeding, a proceeding concerning the custody of the child has been commenced in a court of another state having jurisdiction substantially in conformity with this chapter, unless the proceeding has been terminated or is stayed by the court of the other state because a court of this state is a more convenient forum under section 32-11-207, Idaho Code.

(b) Except as otherwise provided in section 32-11-204, Idaho Code, a court of this state, before hearing a child custody proceeding, shall examine the court documents and other information supplied by the parties pursuant to section 32-11-209, Idaho Code. If the court determines that a child custody proceeding has been commenced in a court in another state having jurisdiction substantially in accordance with this chapter, the court of this state shall stay its proceeding and communicate with the court of the other state. If the court of the state having jurisdiction substantially in accordance with this chapter does not determine that the court of this state is a more appropriate forum, the court of this state shall dismiss the proceeding.

(c) In a proceeding to modify a child custody determination, a court of this state shall determine whether a proceeding to enforce the determination has been commenced in another state. If a proceeding to enforce a child custody determination has been commenced in another state, the court may:

(1) Stay the proceeding for modification pending the entry of an order of a court of the other state enforcing, staying, denying or dismissing the proceeding for enforcement;
(2) Enjoin the parties from continuing with the proceeding for enforcement; or
(3) Proceed with the modification under conditions it considers appropriate.

32-11-207. INCONVENIENT FORUM. (a) A court of this state which has jurisdiction under this chapter to make a child custody determination may decline to exercise its jurisdiction at any time if it determines that it is an inconvenient forum under the circumstances and that a court of another state is a more appropriate forum. The issue of inconvenient forum may be raised upon motion of a party, the court's own motion or request of another court.

(b) Before determining whether it is an inconvenient forum, a court of this state shall consider whether it is appropriate for a court of another state to exercise jurisdiction. For this purpose, the court shall allow the parties to submit information and shall consider all relevant factors, including:

(1) Whether domestic violence has occurred and is likely to continue in the future and which state could best protect the parties and the child;
(2) The length of time the child has resided outside this state;
(3) The distance between the court in this state and the court in the state that would assume jurisdiction;
(4) The relative financial circumstances of the parties;
(5) Any agreement of the parties as to which state should assume jurisdiction;
The nature and location of the evidence required to resolve the pending litigation, including testimony of the child;

The ability of the court of each state to decide the issue expeditiously and the procedures necessary to present the evidence; and

The familiarity of the court of each state with the facts and issues in the pending litigation.

(c) If a court of this state determines that it is an inconvenient forum and that a court of another state is a more appropriate forum, it shall stay the proceedings upon condition that a child custody proceeding be promptly commenced in another designated state and may impose any other condition the court considers just and proper.

(d) A court of this state may decline to exercise its jurisdiction under this chapter if a child custody determination is incidental to an action for divorce or another proceeding while still retaining jurisdiction over the divorce or other proceeding.

32-11-208. JURISDICTION DECLINED BY REASON OF CONDUCT. (a) Except as otherwise provided in section 32-11-204, Idaho Code, or by other law of this state, if a court of this state has jurisdiction under this chapter because a person seeking to invoke its jurisdiction has engaged in unjustifiable conduct, the court shall decline to exercise its jurisdiction unless:

(1) The parents and all persons acting as parents have acquiesced in the exercise of jurisdiction;

(2) A court of the state otherwise having jurisdiction under sections 32-11-201 through 32-11-203, Idaho Code, determines that this state is a more appropriate forum under section 32-11-207, Idaho Code; or

(3) No court of any other state would have jurisdiction under the criteria specified in sections 32-11-201 through 32-11-203, Idaho Code.

(b) If a court of this state declines to exercise its jurisdiction pursuant to subsection (a) of this section, it may fashion an appropriate remedy to ensure the safety of the child and prevent a repetition of the unjustifiable conduct, including staying the proceeding until a child custody proceeding is commenced in a court having jurisdiction under sections 32-11-201 through 32-11-203, Idaho Code.

(c) If a court dismisses a petition or stays a proceeding because it declines to exercise its jurisdiction pursuant to subsection (a) of this section, it shall assess against the party seeking to invoke its jurisdiction necessary and reasonable expenses including costs, communication expenses, attorney's fees, investigative fees, expenses for witnesses, travel expenses and child care during the course of the proceedings, unless the party from whom fees are sought establishes that the assessment would be clearly inappropriate. The court may not assess fees, costs or expenses against this state unless authorized by law other than this chapter.

32-11-209. INFORMATION TO BE SUBMITTED TO COURT. (a) In a child custody proceeding each party, in its first pleading or in an attached affidavit, shall give information, if reasonably ascertainable, under
oath as to the child's present address or whereabouts, the places where the child has lived during the last five (5) years, and the names and present addresses of the persons with whom the child has lived during that period. The pleading or affidavit must state whether the party:

(1) Has participated, as a party or witness or in any other capacity, in any other proceeding concerning the custody of or visitation with the child and, if so, identify the court, the case number, and the date of the child custody determination, if any;

(2) Knows of any proceeding that could affect the current proceeding, including proceedings for enforcement and proceedings relating to domestic violence, protective orders, termination of parental rights, and adoptions and, if so, identify the court, the case number, and the nature of the proceeding; and

(3) Knows the names and addresses of any person not a party to the proceeding who has physical custody of the child or claims rights of legal custody or physical custody of, or visitation with, the child and, if so, the names and addresses of those persons.

(b) If the information required by subsection (a) of this section is not furnished, the court, upon motion of a party or its own motion, may stay the proceeding until the information is furnished.

(c) If the declaration as to any of the items described in subsections (a)(1) through (3) of this section is in the affirmative, the declarant shall give additional information under oath as required by the court. The court may examine the parties under oath as to details of the information furnished and other matters pertinent to the court's jurisdiction and the disposition of the case.

(d) Each party has a continuing duty to inform the court of any proceeding in this or any other state that could affect the current proceeding.

32-11-210. APPEARANCE OF PARTIES AND CHILD. (a) In a child custody proceeding in this state, the court may order a party to the proceeding who is in this state to appear before the court in person with or without the child. The court may order any person who is in this state and who has physical custody or control of the child to appear in person with the child.

(b) If a party to a child custody proceeding whose presence is desired by the court is outside this state, the court may order that a notice given pursuant to section 32-11-108, Idaho Code, include a statement directing the party to appear in person with or without the child and informing the party that failure to appear may result in a decision adverse to the party.

(c) The court may enter any orders necessary to ensure the safety of the child and of any person ordered to appear under this section.

(d) If a party to a child custody proceeding who is outside this state is directed to appear under subsection (b) of this section or desires to appear personally before the court with or without the child, the court may require another party to pay reasonable and necessary travel and other expenses of the party so appearing and of the child.
PART 3
ENFORCEMENT

32-11-301. [RESERVED]

32-11-302. ENFORCEMENT UNDER HAGUE CONVENTION. Under this chapter a court of this state may enforce an order for the return of the child made under the Hague convention on the civil aspects of international child abduction as if it were a child custody determination.

32-11-303. DUTY TO ENFORCE. (a) A court of this state shall recognize and enforce a child custody determination of a court of another state if the latter court exercised jurisdiction in substantial conformity with this chapter or the determination was made under factual circumstances meeting the jurisdictional standards of this chapter and the determination has not been modified in accordance with this chapter.

(b) A court of this state may utilize any remedy available under other law of this state to enforce a child custody determination made by a court of another state. The remedies provided in this part 3 are cumulative and do not affect the availability of other remedies to enforce a child custody determination.

32-11-304. TEMPORARY VISITATION. (a) A court of this state which does not have jurisdiction to modify a child custody determination, may issue a temporary order enforcing:

(1) A visitation schedule made by a court of another state; or

(2) The visitation provisions of a child custody determination of another state that does not provide for a specific visitation schedule.

(b) If a court of this state makes an order under subsection (a)(2) of this section, it shall specify in the order a period that it considers adequate to allow the petitioner to obtain an order from a court having jurisdiction under the criteria specified in part 2 of this chapter. The order remains in effect until an order is obtained from the other court or the period expires.

32-11-305. REGISTRATION OF CHILD CUSTODY DETERMINATION. (a) A child custody determination issued by a court of another state may be registered in this state, with or without a simultaneous request for enforcement, by sending to the office of the clerk of any district court in this state:

(1) A letter or other document requesting registration;

(2) Two (2) copies, including one (1) certified copy, of the determination sought to be registered, and a statement under penalty of perjury that to the best of the knowledge and belief of the person seeking registration the order has not been modified; and

(3) Except as otherwise provided in section 32-11-209, Idaho Code, the name and address of the person seeking registration and any parent or person acting as a parent who has been awarded custody or visitation in the child custody determination sought to be registered.
(b) On receipt of the documents required by subsection (a) of this section, the registering court shall:
(1) Cause the determination to be filed as a foreign judgment, together with one (1) copy of any accompanying documents and information, regardless of their form; and
(2) Serve notice upon the persons named pursuant to subsection (a)(3) of this section and provide them with an opportunity to contest the registration in accordance with this section.
(c) The notice required by subsection (b)(2) of this section must state that:
(1) A registered determination is enforceable as of the date of the registration in the same manner as a determination issued by a court of this state;
(2) A hearing to contest the validity of the registered determination must be requested within twenty (20) days after service of notice; and
(3) Failure to contest the registration will result in confirmation of the child custody determination and preclude further contest of that determination with respect to any matter that could have been asserted.
(d) A person seeking to contest the validity of a registered order must request a hearing within twenty (20) days after service of the notice. At that hearing, the court shall confirm the registered order unless the person contesting registration establishes that:
(1) The issuing court did not have jurisdiction under part 2 of this chapter;
(2) The child custody determination sought to be registered has been vacated, stayed or modified by a court having jurisdiction to do so under part 2 of this chapter; or
(3) The person contesting registration was entitled to notice, but notice was not given in accordance with the standards of section 32-11-108, Idaho Code, in the proceedings before the court that issued the order for which registration is sought.
(e) If a timely request for a hearing to contest the validity of the registration is not made, the registration is confirmed as a matter of law and the person requesting registration and all persons served must be notified of the confirmation.
(f) Confirmation of a registered order, whether by operation of law or after notice and hearing, precludes further contest of the order with respect to any matter that could have been asserted at the time of registration.

32-11-306. ENFORCEMENT OF REGISTERED DETERMINATION. (a) A court of this state may grant any relief normally available under the law of this state to enforce a registered child custody determination made by a court of another state.
(b) A court of this state shall recognize and enforce, but may not modify, except in accordance with part 2 of this chapter, a registered child custody determination of a court of another state.

32-11-307. SIMULTANEOUS PROCEEDINGS. If a proceeding for enforcement under part 3 of this chapter is commenced in a court of this state and the court determines that a proceeding to modify the deter-
mination is pending in a court of another state having jurisdiction to modify the determination under part 2 of this chapter, the enforcing court shall immediately communicate with the modifying court. The proceeding for enforcement continues unless the enforcing court, after consultation with the modifying court, stays or dismisses the proceeding.

32-11-308. EXPEDITED ENFORCEMENT OF CHILD CUSTODY DETERMINATION. (a) A petition under part 3 of this chapter must be verified. Certified copies of all orders sought to be enforced and of any order confirming registration must be attached to the petition. A copy of a certified copy of an order may be attached instead of the original.

(b) A petition for enforcement of a child custody determination must state:

(1) Whether the court that issued the determination identified the jurisdictional basis it relied upon in exercising jurisdiction and, if so, what the basis was;
(2) Whether the determination for which enforcement is sought has been vacated, stayed or modified by a court whose decision must be enforced under this chapter and, if so, identify the court, the case number and the nature of the proceeding;
(3) Whether any proceeding has been commenced that could affect the current proceeding, including proceedings relating to domestic violence, protective orders, termination of parental rights and adoptions and, if so, identify the court, the case number, and the nature of the proceeding;
(4) The present physical address of the child and the respondent, if known;
(5) Whether relief in addition to the immediate physical custody of the child and attorney's fees is sought, including a request for assistance from law enforcement officials and, if so, the relief sought; and
(6) If the child custody determination has been registered and confirmed under section 32-11-305, Idaho Code, the date and place of registration.

(c) Upon the filing of a petition, the court shall issue an order directing the respondent to appear in person with or without the child at a hearing and may enter any order necessary to ensure the safety of the parties and the child. The hearing must be held on the next judicial day after service of the order unless that date is impossible. In that event, the court shall hold the hearing on the first judicial day possible. The court may extend the date of hearing at the request of the petitioner.

(d) An order issued under subsection (c) of this section must state the time and place of the hearing and advise the respondent that at the hearing the court will order that the petitioner may take immediate physical custody of the child and the payment of fees, costs and expenses under section 32-11-312, Idaho Code, and may schedule a hearing to determine whether further relief is appropriate, unless the respondent appears and establishes that:

(1) The child custody determination has not been registered and confirmed under section 32-11-305, Idaho Code, and that:
   (A) The issuing court did not have jurisdiction under part 2
of this chapter;
(B) The child custody determination for which enforcement is
sought has been vacated, stayed or modified by a court having
jurisdiction to do so under part 2 of this chapter;
(C) The respondent was entitled to notice, but notice was
not given in accordance with the standards of section
32-11-108, Idaho Code, in the proceedings before the court
that issued the order for which enforcement is sought; or
(2) The child custody determination for which enforcement is
sought was registered and confirmed under section 32-11-305, Idaho
Code, but has been vacated, stayed or modified by a court of a
state having jurisdiction to do so under part 2 of this chapter.

32-11-309. SERVICE OF PETITION AND ORDER. Except as otherwise pro­
vided in section 32-11-311, Idaho Code, the petition and order must be
served, by any method authorized by the law of this state, upon
respondent and any person who has physical custody of the child.

32-11-310. HEARING AND ORDER. (a) Unless the court issues a tempo­
rary emergency order pursuant to section 32-11-204, Idaho Code, upon a
finding that a petitioner is entitled to immediate physical custody of
the child, the court shall order that the petitioner may take immedi­
ate physical custody of the child unless the respondent establishes
that:
(1) The child custody determination has not been registered and
confirmed under section 32-11-305, Idaho Code, and that:
(A) The issuing court did not have jurisdiction under part 2
of this chapter;
(B) The child custody determination for which enforcement is
sought has been vacated, stayed or modified by a court of a
state having jurisdiction to do so under part 2 of this chap­
ter; or
(C) The respondent was entitled to notice, but notice was
not given in accordance with the standards of section
32-11-108, Idaho Code, in the proceedings before the court
that issued the order for which enforcement is sought; or
(2) The child custody determination for which enforcement is
sought was registered and confirmed under section 32-11-305, Idaho
Code, but has been vacated, stayed or modified by a court of a
state having jurisdiction to do so under part 2 of this chapter.
(b) The court shall award the fees, costs and expenses authorized
under section 32-11-312, Idaho Code, and may grant additional relief,
including a request for the assistance of law enforcement officials,
and set a further hearing to determine whether additional relief is
appropriate.
(c) If a party called to testify refuses to answer on the ground
that the testimony may be self-incriminating, the court may draw an
adverse inference from the refusal.
(d) A privilege against disclosure of communications between
spouses and a defense of immunity based on the relationship of husband
and wife or parent and child may not be invoked in a proceeding under
part 3 of this chapter.
32-11-311. WARRANT TO TAKE PHYSICAL CUSTODY OF CHILD. (a) Upon the filing of a petition seeking enforcement of a child custody determination, the petitioner may file a verified application for the issuance of a warrant to take physical custody of the child if the child is immediately likely to suffer serious physical harm or be removed from this state.

(b) If the court, upon the testimony of the petitioner or other witness, finds that the child is imminently likely to suffer serious physical harm or be removed from this state, it may issue a warrant to take physical custody of the child. The petition must be heard on the next judicial day after the warrant is executed unless that date is impossible. In that event, the court shall hold the hearing on the first judicial day possible. The application for the warrant must include the statements required by section 32-11-308(b), Idaho Code.

(c) A warrant to take physical custody of a child must:
(1) Recite the facts upon which a conclusion of imminent serious physical harm or removal from the jurisdiction is based;
(2) Direct law enforcement officers to take physical custody of the child immediately; and
(3) Provide for the placement of the child pending final relief.

(d) The respondent must be served with the petition, warrant and order immediately after the child is taken into physical custody.

(e) A warrant to take physical custody of a child is enforceable throughout this state. If the court finds on the basis of the testimony of the petitioner or other witness that a less intrusive remedy is not effective, it may authorize law enforcement officers to enter private property to take physical custody of the child. If required by exigent circumstances of the case, the court may authorize law enforcement officers to make a forcible entry at any hour.

(f) The court may impose conditions upon placement of a child to ensure the appearance of the child and the child's custodian.

32-11-312. COSTS -- FEES -- EXPENSES. (a) The court shall award the prevailing party, including a state, necessary and reasonable expenses incurred by or on behalf of the party, including costs, communication expenses, attorney's fees, investigative fees, expenses for witnesses, travel expenses and child care during the course of the proceedings, unless the party from whom fees or expenses are sought establishes that the award would be clearly inappropriate.

(b) The court may not assess fees, costs or expenses against a state unless authorized by law other than this chapter.

32-11-313. RECOGNITION AND ENFORCEMENT. A court of this state shall accord full faith and credit to an order issued by another state and consistent with this chapter which enforces a child custody determination by a court of another state unless the order has been vacated, stayed or modified by a court having jurisdiction to do so under part 2 of this chapter.

32-11-314. APPEALS. An appeal may be taken from a final order in a proceeding under this chapter. The court shall make every effort to expedite the appeal. Unless the court enters a temporary emergency order under section 32-11-204, Idaho Code, the enforcing court may not
stay an order enforcing a child custody determination pending appeal.

32-11-315. ROLE OF COUNTY PROSECUTING ATTORNEY. (a) In a case arising under this chapter or involving the Hague convention on the civil aspects of international child abduction, the county prosecuting attorney may take any lawful action, including resort to a proceeding under this chapter or any other available civil proceeding to locate a child, obtain the return of a child, or enforce a child custody determination if there is:
   (1) An existing child custody determination;
   (2) A request to do so from a court in a pending child custody proceeding;
   (3) A reasonable belief that a criminal statute has been violated; or
   (4) A reasonable belief that the child has been wrongfully removed or retained in violation of the Hague convention on the civil aspects of international child abduction.
   (b) The county prosecuting attorney acting under this section acts on behalf of the court and may not represent any party.

32-11-316. ROLE OF LAW ENFORCEMENT. At the request of the county prosecuting attorney acting under section 32-11-315, Idaho Code, a law enforcement officer may take any lawful action reasonably necessary to locate a child or a party and assist the county prosecuting attorney with responsibilities under section 32-11-315, Idaho Code.

32-11-317. COSTS AND EXPENSES. If the respondent is not the prevailing party, the court may assess against the respondent all direct expenses and costs incurred by the county prosecuting attorney and law enforcement officers under section 32-11-315 or 32-11-316, Idaho Code.

PART 4
MISCELLANEOUS PROVISIONS

32-11-401. APPLICATION AND CONSTRUCTION. In applying and construing this chapter, otherwise known as the uniform child custody jurisdiction and enforcement act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

32-11-402. SEVERABILITY CLAUSE. If any provision of this chapter or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

32-11-403. [RESERVED]

32-11-404. [RESERVED]

32-11-405. TRANSITIONAL PROVISION. A motion or other request for relief made in a child custody proceeding or to enforce a child cus-
tody determination which was commenced before the effective date of this chapter as the uniform child custody jurisdiction and enforcement act is governed by the law in effect at the time the motion or other request was made.

SECTION 3. That Section 39-6306, Idaho Code, be, and the same is hereby amended to read as follows:

39-6306. HEARING ON PETITION FOR PROTECTION ORDER -- RELIEF PROVIDED AND REALIGNMENT OF DESIGNATION OF PARTIES. (1) Upon filing of a petition based upon a sworn affidavit for a protection order, the court shall hold a hearing to determine whether the relief sought shall be granted within fourteen (14) days. If either party is represented by counsel at a hearing seeking entry of a protection order, the court shall permit a continuance, if requested, of the proceedings so that counsel may be obtained by the other party. If the court finds that it is necessary for both parties to be represented by counsel, the court shall enter appropriate orders to insure that counsel is retained. The order entered may require either the petitioner or respondent, or both, to pay for costs of counsel. Upon a showing that there is an immediate and present danger of domestic violence to the petitioner the court may, if requested, order for a period not to exceed three (3) months that:

(a) Temporary custody of the minor children of the petitioner or of the parties be awarded to the petitioner or respondent if exercise of such jurisdiction is consistent with the provisions of section 32-110311-204, Idaho Code, and consistent with prior custody orders entered by a court of competent jurisdiction unless grounds exist pursuant to section 32-717, Idaho Code;
(b) A party be restrained from committing acts of domestic violence;
(c) Exclude the respondent from the dwelling which the parties share or from the residence of the petitioner;
(d) The respondent be ordered to participate in treatment or counseling services. The council on domestic violence, in recognition of the particular treatment requirements for batterers, shall develop minimal program and treatment standards to be used as guidelines for recommending approval of batterer programs to the court;
(e) Other relief be ordered as the court deems necessary for the protection of a family or household member, including orders or directives to a peace officer, as allowed under this chapter;
(f) The respondent be required to pay service fees, and to reimburse the petitioner for costs incurred in bringing the action, including a reasonable attorney's fee;
(g) The respondent be restrained from contacting, molesting, interfering with or menacing the minor children whose custody is awarded to the petitioner; and/or
(h) The respondent be restrained from entering any premises when it appears to the court that such restraint is necessary to prevent the respondent from contacting, molesting, interfering with or menacing the petitioner or the minor children whose custody is awarded to the petitioner.
(2) Immediate and present danger under this section includes, but is not limited to, situations in which the respondent has recently threatened the petitioner with bodily harm or engaged in domestic violence against the petitioner.

(3) No order made under this chapter shall in any manner affect title to real property.

(4) Relief shall not be denied because petitioner used reasonable force in self-defense against respondent, or because petitioner or respondent was a minor at the time of the incident of domestic violence.

(5) Any relief granted by the protection order, other than a judgment for costs, shall be for a fixed period not to exceed three (3) months; provided, that an order obtained pursuant to this chapter may, upon motion and upon good cause shown, be renewed for additional terms not to exceed one (1) year each if the requirements of this chapter are met. The motion to renew an order may be granted without a hearing, if not timely objected to by the party against whom the order was entered.

(6) In providing relief under this chapter, the court may realign the designation of the parties as "petitioner" and "respondent" where the court finds that the original petitioner is the abuser and the original respondent is the victim of domestic violence.

SECTION 4. This act shall be in full force and effect on and after July 1, 2000.

Approved April 12, 2000.

RELATING TO ENFORCEMENT OF JUDGMENTS IN CIVIL ACTIONS; AMENDING SECTION 8-507C, IDAHO CODE, TO INCREASE AND ADD EXEMPTIONS FROM LEVY TO MAKE THE CODE SECTION CONSISTENT WITH EXISTING LAW AND TO MAKE A TECHNICAL CORRECTION; AMENDING SECTION 11-605, IDAHO CODE, TO CLARIFY THAT AN EXEMPTION FROM ATTACHMENT OR LEVY APPLIES TO AN INDIVIDUAL'S AGGREGATE INTEREST IN TANGIBLE PERSONAL PROPERTY NOT TO EXCEED EIGHT HUNDRED DOLLARS AND TO MAKE TECHNICAL CORRECTIONS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 8-507C, Idaho Code, be, and the same is hereby amended to read as follows:

8-507C. FORMS. The notice of exemptions, instructions to debtors and third parties, and the claim of exemption shall be in a form substantially similar to the form hereinafter provided. The forms shall be made available in English and Spanish language translations in the offices of each county sheriff. Notice, written in Spanish, of the availability of these documents in Spanish translation shall be set forth on the notice of exemptions.

IMPORTANT LEGAL NOTICE/NOTICIA LEGAL IMPORTANTE

MONEY/PERSONAL PROPERTY BELONGING TO YOU MAY HAVE BEEN TAKEN OR HELD IN ORDER TO SATISFY A COURT JUDGMENT. YOU MAY BE ABLE TO GET YOUR MONEY/PROPERTY BACK SO READ THIS NOTICE CAREFULLY.

SI SOLAMENTE HABLA ESPANOL PUEDE OBTENER UNA FORMA EN ESPANOL EN EL DEPARTAMENTO DEL SHERIFE.

The enclosed writ of execution and/or notice of garnishment has directed the sheriff to take custody by levying on your money and/or personal property in order to satisfy a court judgment.

The sheriff has levied on your money and/or personal property. You have FOURTEEN (14) DAYS after the date of mailing or personal service of these documents to file a claim of exemption with the sheriff. An exemption from levy entitles you to obtain the release of your money and personal property.
The following is a partial list of money and personal property that may be exempt from levy. Exemptions are provided by Idaho and federal law and can be found in the Idaho Code and in the United States Code. Most of the exemptions provided by the state are contained in Chapter 6, Title 11, Idaho Code. Governmental benefits such as Social Security, SSI, veterans, railroad retirement, military, and welfare are exempt from levy in most cases under federal law.

This list may not be complete and may not include all exemptions that apply in your case because of periodic changes in the law. Additionally, some of the exemptions may not apply in full or under all circumstances. There may be special requirements for child support. You or your attorney should read the exemption statutes which apply to you.

If you believe the money or personal property that are being levied upon are exempt, you should immediately file a claim of exemption. If you fail to make a timely claim of exemption, the sheriff will release money to the plaintiff, or the property may be sold at an execution sale, perhaps at a price substantially below its value, and you may have to bring further court action to recover the money and property.

The sheriff cannot give you legal advice. Therefore, if you have any questions concerning your rights in this action, you should consult an attorney as soon as possible. You may contact the nearest office of Idaho legal aid services, Inc. to inquire if you are eligible for their assistance.

Be It Enacted by the Legislature of the State of Idaho:
SECTION 1. That Section 49-1212, Idaho Code, be, and the same is hereby amended to read as follows:

49-1212. EXPRESSED, PERMITTED AND IMPLIED PROVISIONS OF MOTOR VEHICLE LIABILITY POLICY. (1) An owner's policy of liability insurance shall:
(a) Designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is to be granted; and
(b) Insure the person named therein and any other person, as insured, using any such described motor vehicles with the express or implied permission of the named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of the motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each motor vehicle, as provided in section 49-117, Idaho Code.
(2) An operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth in subsection (1) of this section with respect to an owner's policy of liability insurance.
(3) A motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability, and shall contain an agreement or be indorsed that insurance is provided in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.
(4) A motor vehicle liability policy shall not insure any liability under any worker's compensation law as provided in title 72, Idaho Code, nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance or repair of any described motor vehicle nor any liability for damage to property owned by, rented to, in charge of or transported by the insured.
(5) Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:
(a) The policy may not be canceled or annulled as to any liability by any agreement between the insurance carrier and the insured after the occurrence of any injury or damage covered by the motor vehicle liability policy.
(b) Satisfaction by the insured of a judgment for injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of the injury or damage.

(d) The policy and its written application, if any, and any rider or indorsement which does not conflict with the provisions of this chapter shall constitute the entire contract between the parties.

(6) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and any excess or additional coverage shall not be subject to the provisions of this chapter. (7) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

(8) Any motor vehicle liability policy may provide for the pro-rating of the insurance with other valid and collectible insurance.

(b) Should the owner of a motor vehicle receive any compensation from or on behalf of the operator for the temporary use of the motor vehicle, excluding any compensation provided to the owner as a result of the repairing or servicing of a motor vehicle for the operator, the owner's insurance coverage shall be primary and the operator's motor vehicle insurance shall be secondary or excess.

CHAPTER 233
(S.B. No. 1315, As Amended, As Amended in the House)

AN ACT
RELATING TO TERMINATION OF PARENTAL RIGHTS; AMENDING SECTION 16-1615, IDAHO CODE, TO PROVIDE ADDITIONAL CONDITIONS REQUIRING THE DEPARTMENT TO FILE A PETITION FOR TERMINATION WHEN THE PARENT HAS BEEN CONVICTED OF CERTAIN CRIMINAL ACTS AGAINST ANOTHER SIBLING OF THE CHILD; AMENDING SECTION 16-1623, IDAHO CODE, TO PROVIDE THE METHOD FOR DETERMINING THE LENGTH OF TIME A CHILD HAS BEEN IN CARE AND TO MAKE A TECHNICAL CORRECTION; AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 16-1615, Idaho Code, be, and the same is hereby amended to read as follows:

16-1615. TERMINATION OF PARENT-CHILD RELATIONSHIP. If the child has been placed in the custody of the department or under its protective supervision pursuant to section 16-1610, Idaho Code, the department may petition the court for termination of the parent and child relationship in accordance with chapter 20, title 16, Idaho Code. Unless there are compelling reasons it would not be in the best interest of the child, the department shall be required to file a petition to terminate parental rights within sixty (60) days of a judicial determination that an infant has been abandoned or that reasonable efforts, as defined in section 16-1610(b)(2)(iv), Idaho Code, are not required because the court determines the parent has been convicted of murder or voluntary manslaughter of another sibling of the child or has aided, abetted, attempted, conspired or solicited to commit such murder or voluntary manslaughter and/or if the court determines the parent has been convicted of a felony assault or battery which resulted in serious bodily injury to the child or a sibling. The department shall join as a party to the petition if such a petition to terminate is filed by another party; as well as to concurrently identify, recruit, process and approve a qualified family for adoption unless it is determined that such actions would not be in the best interest of the child, or the child is placed with a relative. If termination of parental rights is granted and the child is placed in the guardianship or legal custody of the department of health and welfare the court, upon petition, shall conduct a hearing as to the future status of the child within twelve (12) months of the order of termination of parental rights, and every twelve (12) months subsequently until the child is adopted or is in a placement sanctioned by the court.
SECTION 2. That Section 16-1623, Idaho Code, be, and the same is hereby amended to read as follows:

16-1623. POWERS AND DUTIES OF THE DEPARTMENT. The department, working in conjunction with the court and other public and private agencies and persons, shall have the primary responsibility to implement the purpose of this chapter. To this end, the department is empowered and shall have the duty to do all things reasonably necessary to carry out the purpose of this chapter, including, but not limited to, the following:

(a) The department shall administer treatment programs for the protection and care of neglected, abused and abandoned children, and in so doing may place in foster care, shelter care, group homes or other diagnostic, treatment, or care centers or facilities, children of whom it has been given custody. The department is to be governed by the standards found in chapter 12 title 39, chapter 12, Idaho Code.

(b) On December 1, the department shall make an annual statistical report to the governor covering the preceding fiscal year showing the number and status of persons in its custody and including such other data as will provide sufficient facts for sound planning in the conservation of children and youth. All officials and employees of the state and of every county and city shall furnish the department upon request, such information within their knowledge and control as the department deems necessary. Local agencies shall report in such uniform format as may be required by the department.

(c) The department shall be required to maintain a central registry for the reporting of child neglect, abuse and abandonment information.

(d) The department shall make periodic evaluation of all persons in its custody or under its supervision for the purpose of determining whether existing orders and dispositions in individual cases shall be modified or continued in force. Evaluations may be made as frequently as the department considers desirable and shall be made with respect to every person at intervals not exceeding six (6) months. Reports of evaluation made pursuant to this section shall be filed with the court which vested custody of the person with the department. Reports of evaluation shall be provided to persons having full or partial legal or physical custody of a child. Failure of the department to evaluate a person or to reevaluate him within six (6) months of a previous examination shall not of itself entitle the person to a change in disposition but shall entitle him, his parent, guardian or custodian or his counsel to petition the court pursuant to section 16-1611, Idaho Code.

(e) In a consultive capacity, the department shall assist communities in the development of constructive programs for the protection, prevention and care of children and youth.

(f) The department shall keep written records of investigations, evaluations, prognosis and all orders concerning disposition or treatment of every person over whom it has legal custody. Department records shall be subject to disclosure according to chapter 3, title 9, Idaho Code, unless otherwise ordered by the court, the person consents to the disclosure, or disclosure is necessary for the delivery of services to the person. Notwithstanding the provisions restricting
disclosure or the exemptions from disclosure provided in chapter 3, title 9, Idaho Code, all records pertaining to investigations, the rehabilitation of youth, the protection of children, evaluation, treatment and/or disposition records pertaining to the statutory responsibilities of the department shall be disclosed to any duly elected state official carrying out his official functions.

(g) The department shall establish appropriate administrative procedures for the processing of complaints of child neglect, abuse and abandonment received and for the implementation of the protection, treatment and care of children formally or informally placed in the custody of the department under this chapter.

(h) The department having been granted legal custody of a child, subject to the judicial review provisions of this subsection, shall have the right to determine where and with whom the child shall live, provided that the child shall not be placed outside the state without the court's consent. Provided however, that the court shall retain jurisdiction over the child, which jurisdiction shall be entered on any order or petition granting legal custody to the department, and the court shall have jurisdiction over all matters relating to the child. The department shall not place the child in the home from which the court ordered the child removed without first obtaining the approval of the court.

(i) The department shall give to the court any information concerning the child that the court may at any time require, but in any event shall report the progress of the child under its custody at intervals of not to exceed six (6) months. There shall be a rebuttable presumption that if a child is placed in the custody of the department and was also placed in out of the home care for a period not less than fifteen (15) out of the last twenty-two (22) months from the date of adjudication the child entered shelter care, the department shall initiate a petition for termination of parental rights. This presumption may be rebutted by a finding of the court that the filing of a petition for termination of parental rights would not be in the best interests of the child or reasonable efforts have not been provided to reunite the child with his family, or the child is placed permanently with a relative.

(j) The department shall establish appropriate administrative procedures for the conduct of administrative reviews and hearings as required by federal statute for all children committed to the department and placed in out of home care.

(k) At any time the department is considering a placement pursuant to this act, the department shall make a reasonable effort to place the child in the least disruptive environment to the child and in so doing may consider, without limitation, placement of the child with related persons.

SECTION 3. This act shall be in full force and effect on and after July 1, 2000.

Approved April 12, 2000.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 18-211, Idaho Code, be, and the same is hereby amended to read as follows:

18-211. EXAMINATION OF DEFENDANT -- APPOINTMENT OF PSYCHIATRISTS AND LICENSED PSYCHOLOGISTS -- HOSPITALIZATION -- REPORT. (1) Whenever there is reason to doubt the defendant's fitness to proceed as set forth in section 18-210, Idaho Code, the court shall appoint at least one qualified psychiatrist or licensed psychologist or shall request the director of the department of health and welfare to designate at least one qualified psychiatrist or licensed psychologist to examine and report upon the mental condition of the defendant to assist counsel with defense or understand the proceedings. The appointed examiner shall also evaluate whether the defendant lacks capacity to make informed decisions about treatment. The costs of examination shall be paid by the defendant if he is financially able. The determination of ability to pay shall be made in accordance with chapter 8, title 19, Idaho Code.

(2) Within three (3) days, excluding Saturdays, Sundays and legal holidays, of the appointment or designation, the examiner shall determine the best location for the examination. If practical, the examination shall be conducted locally on an outpatient basis.

(3) If the examiner determines that confinement is necessary for purposes of the examination, the court may order the defendant to be confined to a jail, a hospital, or other suitable facility for that purpose for a period not exceeding thirty (30) days. The order of confinement shall require the county sheriff to transport the defendant to and from the facility and shall notify the facility of any known medical, behavioral, or security requirements of the defendant. The court, upon request, may make available to the examiner any court records relating to the defendant.

(6) If the examination cannot be conducted by reason of the unwillingness of the defendant to participate therein, the report shall so state and shall include, if possible, an opinion as to whether such unwillingness of the defendant was the result of mental disease or defect.
(7) The report of the examination shall be filed in triplicate with the clerk of the court, who shall cause copies to be delivered to the prosecuting attorney and to counsel for the defendant.
(8) When the defendant wishes to be examined by an expert of his own choice, such examiner shall be permitted to have reasonable access to the defendant for the purpose of examination.
(9) In addition to the psychiatrist or licensed psychologist, the court may appoint additional experts to examine the defendant. In the event a defendant is suspected of being developmentally disabled, the examination shall proceed with those experts set out in subsection (7) of section 66-402, Idaho Code.
(10) If the defendant lacks capacity to make informed decisions about treatment, as defined in section 66-317, Idaho Code, the court may authorize consent to be given pursuant to section 66-322, Idaho Code. (11) If the defendant was confined solely for the purpose of examination, he shall be released from the facility within three (3) days, excluding Saturdays, Sundays and legal holidays following notification of completion of the examination.

SECTION 2. That Section 18-212, Idaho Code, be, and the same is hereby amended to read as follows:

18-212. DETERMINATION OF FITNESS OF DEFENDANT TO PROCEED -- SUSPENSION OF PROCEEDING AND COMMITMENT OF DEFENDANT -- POSTCOMMITMENT HEARING. (1) When the defendant's fitness to proceed is drawn in question, the issue shall be determined by the court. The court shall also determine, based on the examiner's findings, whether the defendant lacks capacity to make informed decisions about treatment. If neither the prosecuting attorney nor counsel for the defendant contests the finding of the report filed pursuant to section 18-211, Idaho Code, the court may make the determination on the basis of such report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon such hearing, the party who
contests the finding thereof shall have the right to summon and to cross-examine the psychiatrist or licensed psychologist who submitted the report and to offer evidence upon the issue.

(2) If the court determines that the defendant lacks fitness to proceed, the proceeding against him shall be suspended, except as provided in subsections (45) and (56) of this section, and the court shall commit him to the custody of the director of the department of health and welfare, for a period not exceeding ninety (90) days, for care and treatment at an appropriate facility of the department of health and welfare or if the defendant is found to be dangerously mentally ill as defined in section 66-1305, Idaho Code, to the department of correction for a period not exceeding ninety (90) days. The order of commitment shall include the finding by the court whether the defendant lacks capacity to make informed decisions about treatment. For purposes of this section "facility" shall mean a state hospital, institution, mental health center, or those facilities enumerated in subsection (8) of section 66-402, Idaho Code, equipped to evaluate or rehabilitate such defendants. The order of commitment shall require the county sheriff to transport the defendant to and from the facility and require an evaluation of the defendant's mental condition at the time of admission to the facility, and a progress report on the defendant's mental condition. The progress report shall include an opinion whether the defendant is fit to proceed, or if not, whether there is a substantial probability the defendant will be fit to proceed within the foreseeable future. If the report concludes that there is a substantial probability that the defendant will be fit to proceed in the foreseeable future, the court may order the continued commitment of the defendant for an additional one hundred eighty (180) days. If at any time the director of the facility to which the defendant is committed determines that the defendant is fit to proceed, such determination shall be reported to the court.

(3) If during a commitment under this section a defendant who has the capacity to make informed decisions about treatment refuses any and all treatment, or the only treatment available to restore competency for trial, the court shall, within seven (7) days, excluding weekends and holidays, of receiving notice of the defendant's refusal from the facility, conduct a hearing on whether to order involuntary treatment or order such other terms and conditions as may be determined appropriate. The burden shall be on the state to demonstrate grounds for involuntary treatment including, but not limited to: the prescribed treatment is essential to restore the defendant's competency, the medical necessity and appropriateness of the prescribed treatment, no less intrusive treatment alternative exists to render the defendant competent for trial, and other relevant information. If each of these findings is made by the court, treatment shall be ordered consistent with the findings.

(4) Each report shall be filed in triplicate with the clerk of the court, who shall cause copies to be delivered to the prosecuting attorney and to counsel for the defendant. Upon receipt of a report, the court shall determine, after a hearing if a hearing is requested, the disposition of the defendant and the proceedings against him. If the court determines that the defendant is fit to proceed, the proceeding shall be resumed. If at the end of the initial ninety (90)
days the court determines that the defendant is unfit and there is not a substantial probability the defendant will be fit to proceed within the foreseeable future or if the defendant is not fit to proceed after the expiration of the additional one hundred eighty (180) days, involuntary commitment proceedings shall be instituted pursuant to either section 66-329 or 66-406, Idaho Code, in the court in which the criminal charge is pending.

(45) In its review of commitments pursuant to section 66-337, Idaho Code, the department of health and welfare shall determine whether the defendant is fit to proceed with trial. The department of health and welfare shall review its commitments pursuant to chapter 4, title 66, Idaho Code, and may recommend that the defendant is fit to proceed with trial. If the district court which committed the defendant pursuant to section 66-406, Idaho Code, agrees with the department's recommendation and finds the conditions which justified the order pursuant to section 66-406, Idaho Code, do not continue to exist, criminal proceedings may resume. If the defendant is fit to proceed, the court in which the criminal charge is pending shall be notified and the criminal proceedings may resume. If, however, the court is of the view that so much time has elapsed, excluding any time spent free from custody by reason of the escape of the defendant, since the commitment of the defendant that it would be unjust to resume the criminal proceeding, the court may dismiss the charge.

(56) If a defendant escapes from custody during his confinement, the director shall immediately notify the court from which committed, the prosecuting attorney and the sheriff of the county from which committed. The court shall forthwith issue an order authorizing any health officer, peace officer, or the director of the institution from which the defendant escaped, to take the defendant into custody and immediately return him to his place of confinement.

SECTION 3. That Section 66-337, Idaho Code, be, and the same is hereby amended to read as follows:

66-337. REVIEW, TERMINATION OF COMMITMENT AND DISCHARGE OF PATIENTS. (a) The department director or his designee shall as frequently as practicable but at least once at the end of the first ninety (90) days examine or cause to be examined every patient committed to his custody or admitted to an inpatient facility of the state of Idaho, and determine whether to conditionally release, discharge or terminate the commitment of the patient. If the patient has not been conditionally released, discharged, or had the commitment terminated a similar review shall be conducted every one hundred twenty (120) days thereafter. A report of each review and determination regarding an involuntary patient shall be sent to the committing court, prosecuting attorney of the county of commitment, if any, the patient's attorney, and either the patient's spouse, guardian, next of kin or friend.

(b) The commitment of an involuntary patient shall be terminated if the patient is no longer mentally ill or is no longer likely to injure himself or others or is no longer gravely disabled; provided, that patients admitted under section 18-214, Idaho Code, acquitted of criminal charges filed prior to July 1, 1982, on grounds of mental disease or defect, or committed pursuant to sections 18-212(34) and
66-329, Idaho Code, as unfit to proceed, may not be released from an inpatient facility unless thirty (30) days before such release, the department director or his designee shall notify the committing court and prosecuting attorney of the contemplated release.

(c) Upon notification of intention to release from an inpatient facility either a patient admitted under section 18-214, Idaho Code, acquitted of criminal charges filed prior to July 1, 1982, on grounds of mental disease or defect, or committed pursuant to sections 18-212(34) and 66-329, Idaho Code, as unfit to proceed, and upon motion of an interested party or the court on its own motion, the court shall determine whether the conditions justifying such release exist. In making such determination, the court may order an independent examination of the patient. The cost of such independent examination must be borne by the party making the motion or, if indigent, the county having jurisdiction of the case. If no motion is made, the patient may be released according to the notice.

(d) Section 18-214, Idaho Code, shall remain in full force and effect for every individual previously acquitted pursuant to section 18-213, Idaho Code. Section 18-214, Idaho Code, as last amended by section .2, chapter 13, laws of 1977, which is placed here for reference only and is not a reenactment of section 18-214, Idaho Code, and reads as follows:

18-214. Commitment of acquitted defendant -- Conditional release -- Revocation of release within five years. (1) When a defendant is acquitted on the ground of mental disease or defect excluding responsibility, the court shall order him to be committed to the custody of the director of the department of health and welfare to be placed in an appropriate institution for custody, care and treatment.

(2) If the director of the department of health and welfare is of the view that a person committed to his custody, pursuant to paragraph (1) of this section, may be discharged or released on condition without danger to himself or to others, he shall make application for the discharge or release of such person in a report to the court by which such person was committed and shall transmit a copy of such application and report to the prosecuting attorney of the county from which the defendant was committed. The court shall thereupon appoint at least two (2) qualified psychiatrists to examine such person and to report to the prosecuting attorney of the county from which the defendant was committed. The court shall thereupon appoint at least two (2) qualified psychiatrists to examine such person and to report to the court within sixty (60) days, or such longer period as the court determines to be necessary for the purpose, their opinion as to his mental condition. To facilitate such examination and the proceedings thereon, the court may cause such person to be confined in any institution located near the place where the court sits, which may hereafter be designated by the director of the department of health and welfare as suitable for the temporary detention of irresponsible persons.

(3) If the court is satisfied by the report filed pursuant to paragraph (2) of this section and such testimony of the reporting psychiatrists as the court deems necessary that the committed person may be discharged or released on condition without danger to himself or others, the court shall order his discharge or his release on such conditions as the court determines to be necessary. If the court is not so satisfied, it shall promptly order a hearing to determine whether such person may safely be discharged or released. Any such hearing shall be deemed a civil proceeding and the burden shall be
upon the committed person to prove that he may safely be discharged or released. According to the determination of the court upon the hearing, the committed person shall thereupon be discharged or released on such conditions as the court determines to be necessary, or shall be recommitted to the custody of the director of the department of health and welfare, subject to discharge or release only in accordance with the procedure prescribed above for a first hearing.

(4) If, within five (5) years after the conditional release of a committed person, the court shall determine, after hearing evidence, that the conditions of release have not been fulfilled and that for the safety of such person or for the safety of others his conditional release should be revoked, the court shall forthwith order him to be recommitted to the custody of the director of the department of health and welfare subject to discharge or release only in accordance with the procedure prescribed above for a first hearing.

(5) A committed person may make application for his discharge or release to the court by which he was committed, and the procedure to be followed upon such application shall be the same as that prescribed above in the case of an application by the director of the department of health and welfare. However, no such application by a committed person need be considered until he has been confined for a period of not less than six (6) months from the date of the order of commitment and if the determination of the court be adverse to the application, such person shall not be permitted to file a further application until one (1) year has elapsed from the date of any preceding hearing on an application for his release or discharge.

(6) If a defendant escapes from custody during his confinement, the director shall immediately notify the court from which committed, the prosecuting attorney and the sheriff of the county from which committed. The court shall forthwith issue an order authorizing any health officer, peace officer, or the director of the institution from which the defendant escaped, to take the defendant into custody and immediately return him to his place of confinement.

SECTION 4. This act shall be in full force and effect on and after July 1, 2000.

(2) The board shall review offenders who were sentenced and convicted for crimes enumerated in subsection (1) of this section and recidivists as defined in this chapter, who have been released under supervision, for the purpose of determining whether the offender should be designated as a violent sexual predator presenting a high risk of reoffense. Such review shall be undertaken upon request of the court having jurisdiction over the offender on probation or of the parole commission if the offender has been released on parole regardless of whether the offender has been reviewed by the board prior to release from incarceration. (b) The guidelines shall include, but are not limited to, the following general categories for risk assessment: seriousness of the offense, offense history, whether the offense was predatory, characteristics of the offender, characteristics of the victim, the relationship of the offender to the victim, the number of victims and the number of violations of each victim.

(45) If the offender has indicated an intention to reoffend if released into the community and the available record reveals credible evidence to support this finding, then the offender shall be deemed a violent sexual predator regardless of application of the guidelines.

(56) Once the board has made its determination, it shall set forth written findings which shall include:
(a) The board's risk assessment and the reasons upon which the risk assessment was based; and
(b) The board's determination whether the offender should be designated as a violent sexual predator and the reasons upon which the determination was based.

After complying, and if, but for this section, he would have been privileged to withhold the answer given or the evidence produced by him, that person shall not be prosecuted or subjected to penalty or forfeiture for, or on account of, any fact or act concerning which, in accordance with the order, he was required to answer or produce evidence. But the answer given, or evidence produced, and any information directly or indirectly derived from the answer or evidence, may not be used against the compelled person in any manner in a criminal case, except that he may nevertheless be prosecuted or subjected to penalty or forfeiture for any perjury, false swearing or contempt committed in answering, or failing to answer, or in producing, or failing to produce, evidence in accordance with the order.

(6) For the purpose of computation of the enhancement period in subsections (4), (5) and (7) of this section, the time that elapses between the date of commission of the offense and the date the defendant pleads guilty or is found guilty for the pending offense shall be excluded. If the determination of guilt against the defendant is
reversed upon appeal, the time that elapsed between the date of the commission of the offense and the date the defendant pleads guilty or is found guilty following the appeal shall also be excluded.

(7) Notwithstanding the provisions of subsections (4) and (5) of this section, any person who has pled guilty or has been found guilty of a felony violation of the provisions of section 18-8004, Idaho Code, a felony violation of the provisions of section 18-8004C, Idaho Code, a violation of the provisions of section 18-8006, Idaho Code, or a violation of the provisions of section 18-4006 3. (b), Idaho Code, or any substantially conforming foreign criminal felony violation, and within ten (10) years pleads guilty or is found guilty of a further violation of the provisions of section 18-8004, Idaho Code, shall be guilty of a felony and shall be sentenced pursuant to subsection (5) of this section.

(8) For the purpose of subsections (4), (5), and (7) of this section and the provisions of section 18-8004C, Idaho Code, a substantially conforming foreign criminal violation exists when a person has pled guilty to or has been found guilty of a violation of any federal law or law of another state, or any valid county, city, or town ordinance of another state substantially conforming to the provisions of section 18-8004, Idaho Code. The determination of whether a foreign criminal violation is substantially conforming is a question of law to be determined by the court.

(9) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, 18-8004C or 18-8006, Idaho Code, shall undergo, at his own expense, (or at county expense through the procedures set forth in chapters 34 and 35, title 31, Idaho Code,) and prior to the sentencing date, an alcohol evaluation by an alcohol evaluation facility approved by the Idaho department of health and welfare. In the event the alcohol evaluation indicates the need for alcohol treatment, the evaluation shall contain a recommendation by the evaluator as to the most appropriate treatment program, together with the estimated cost thereof, and recommendations for other suitable alternative treatment programs, together with the estimated costs thereof. The person shall request that a copy of the completed evaluation be forwarded to the court. The court shall take the evaluation into consideration in determining an appropriate sentence. If a copy of the completed evaluation has not been provided to the court, the court may proceed to sentence the defendant; however, in such event, it shall be presumed that alcohol treatment is required unless the defendant makes a showing by a preponderance of evidence that treatment is not required. If the defendant has not made a good faith effort to provide the completed copy of the evaluation to the court, the court may consider the failure of the defendant to provide the report as an aggravating circumstance in determining an appropriate sentence. If treatment is ordered, in no event shall the person or facility doing the evaluation be the person or facility that provides the treatment unless this requirement is waived by the sentencing court, with the exception of federally recognized Indian tribes or federal military installations, where diagnosis and treatment are appropriate and available. Nothing herein contained shall preclude the use of funds authorized pursuant to the provisions of chapter 3, title 39, Idaho Code, for court-ordered alcohol treatment for indigent
defendants.

(10) At the time of sentencing, the court shall be provided with the following information:
   (a) The results, if administered, of any evidentiary test for alcohol and/or drugs;
   (b) A computer or teletype or other acceptable copy of the person's driving record;
   (c) Information as to whether the defendant has pleaded guilty to or been found guilty of violation of the provisions of section 18-8004, 18-8004C or 18-8006, Idaho Code, or a similar offense within the past five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s); and
   (d) The alcohol evaluation required in subsection (9) of this section, if any.

(11) A minor may be prosecuted for a violation of the provisions of section 18-8004 or 18-8004C, Idaho Code, under chapter 5, title 20, Idaho Code. In addition to any other penalty, if a minor pleads guilty to or is found guilty of a violation of the provisions of section 18-8004(1)(a), (b) or (c) or 18-8004C, Idaho Code, he shall have his driving privileges suspended or denied for an additional one (1) year following the end of any period of suspension or revocation existing at the time of the violation, or until he reaches the age of twenty-one (21) years, whichever period is greater. During the period of additional suspension or denial, absolutely no driving privileges shall be allowed.

(12) In the event that the alcohol evaluation required in subsection (9) of this section recommends alcohol treatment, the court shall order the person to complete a treatment program in addition to any other sentence which may be imposed, unless the court determines that alcohol treatment would be inappropriate or undesirable, in which event, the court shall enter findings articulating the reasons for such determination on the record. The court shall order the defendant to complete the preferred treatment program set forth in the evaluation, or a comparable alternative, unless it appears that the defendant cannot reasonably obtain adequate financial resources for such treatment. In that event, the court may order the defendant to complete a less costly alternative set forth in the evaluation, or a comparable program. Such treatment shall, to the greatest extent possible, be at the expense of the defendant. In the event that funding is provided for or on behalf of the defendant by an entity of state government, restitution shall be ordered to such governmental entity in accordance with the restitution procedure for crime victims, as specified under chapter 53, title 19, Idaho Code. Nothing contained herein shall be construed as requiring a court to order that a governmental entity shall provide alcohol treatment at government expense unless otherwise required by law.

(13) Any person who is disqualified shall not be granted restricted driving privileges to operate a commercial motor vehicle.

SECTION 2. This act shall be in full force and effect on and after July 1, 2000.

Approved April 12, 2000.

licensee conducting a race meet under this act may provide a place or
places in the race meet grounds or enclosure at which such licensee
may conduct and supervise the use of the pari-mutuel system by patrons
on the result of the races conducted by such licensee at such race
meet and, upon written application by a licensee and approval by the
commission, on the result of simulcast and/or televised races. The
commission shall issue no more than one (1) license to simulcast per
live race meet licensee and there shall be no more simulcasting sites
in the state than there are licensed live race meet sites.

(2) (a) Licenses authorizing simulcast and/or televised races
will be regulated by the commission, in addition to its other
responsibilities, for the purpose of enhancing, promoting, and
protecting the live race industry in the state of Idaho. No
license authorizing simulcasting and/or televised races shall be
issued to or renewed for persons that are not also licensed to
conduct live race meets in the state of Idaho. Persons applying
for a simulcast and/or televised race license shall have annually
conducted live race meets in the state of Idaho during the preced-
ing two (2) calendar years, and have an agreement reached volun-
tarily or pursuant to binding arbitration in conformance with
chapter 9, title 7, Idaho Code, with a horsemen's group as the
term "horsemen's group" is defined in section 54-2502, Idaho Code.
The agreement shall address, but not be limited to, number of live
race days and percentage of the live race and simulcast handle
that is dedicated to the live horse race purse structure. Race
days agreed upon shall be submitted to the Idaho racing commission
for its approval.

(b) In addition to the restrictions recited in paragraph (a) of this subsection, live horse race licensees that have had an average daily live race handle of more than sixty thousand dollars ($60,000) a total race handle from both live races and simulcast races exceeding five million dollars ($5,000,000) during the last calendar year in operation shall not have a license authorizing simulcasting and/or televised races issued or renewed if the licensee has not run in the calendar year immediately preceding the year for which the application for a license is being made for at least ninety percent (90%) of the number of live races that were conducted by that licensee in 1989.

(c) The commission may issue a license authorizing simulcast and/or televised races to a live horse race licensee only after that licensee has conducted at that facility a minimum of forty (40) live horse races in each of the two (2) calendar years preceding the application for such license. The requirements of this paragraph are only applicable to live horse race licensees who have received their initial live horse race license after April 1, 1997.

(3) Such pari-mutuel system conducted at such race meet shall not under any circumstances, if conducted under the provisions of this act and in conformity thereto and to the rules of the commission, be held or construed to be unlawful, other statutes of this state to the contrary notwithstanding.

(4) The participation by a licensee in an interstate combined wagering pool does not cause that licensee to be considered to be doing business in any jurisdiction other than the jurisdiction in which the licensee is physically located.

(5) Pari-mutuel taxes or commissions may not be imposed on any amounts wagered in an interstate combined wagering pool other than amounts wagered within this jurisdiction.

(6) It shall be unlawful to conduct pool selling, book making, or to circulate handbooks, or to bet or wager on a race of any licensed race meet, other than by the pari-mutuel system; and it shall further be unlawful knowingly to permit any minor to use the pari-mutuel system.

AN ACT
RELATING TO SENTENCING OF JUVENILES TRIED AS ADULTS; AMENDING SECTION 19-2601, IDAHO CODE, TO PROVIDE FOR COMMITMENT OF A JUVENILE TO THE DEPARTMENT OF JUVENILE CORRECTIONS AND SUPERVISION BY A COUNTY JUVENILE PROBATION DEPARTMENT UPON RELEASE FROM THE CUSTODY OF THE DEPARTMENT OF JUVENILE CORRECTIONS; AMENDING SECTION 20-508, IDAHO CODE, TO PROVIDE SENTENCING OPTIONS FOR JUVENILES CONVICTED AS ADULTS; AMENDING SECTION 20-509, IDAHO CODE, TO PROVIDE SENTENCING OPTIONS FOR JUVENILES CONVICTED AS ADULTS AND TO MAKE TECHNICAL CORRECTIONS; AND PROVIDING AN EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 19-2601, Idaho Code, be, and the same is hereby amended to read as follows:

19-2601. COMMUTATION, SUSPENSION, WITHHOLDING OF SENTENCE -- PROBATION. Whenever any person shall have been convicted, or enter a plea
of guilty, in any district court of the state of Idaho, of or to any crime against the laws of the state, except those of treason or murder, the court in its discretion, may:

1. Commute the sentence and confine the defendant in the county jail, or, if the defendant is of proper age, commit the defendant to the custody of the state department of juvenile corrections center or

2. Suspend the execution of the judgment at the time of judgment or at any time during the term of a sentence in the county jail and place the defendant on probation under such terms and conditions as it deems necessary and expedient; or

3. Withhold judgment on such terms and for such time as it may prescribe and may place the defendant on probation; or

4. Suspend the execution of the judgment at any time during the first one hundred eighty (180) days of a sentence to the custody of the state board of correction. The court shall retain jurisdiction over the prisoner for the first one hundred eighty (180) days or, if the prisoner is a juvenile, until the juvenile reaches twenty-one (21) years of age. The prisoner will remain committed to the board of correction if not affirmatively placed on probation by the court. Placement on probation shall be under such terms and conditions as the court deems necessary and expedient. The court in its discretion may sentence a defendant to more than one (1) period of retained jurisdiction after a defendant has been placed on probation in a case. In no case shall the board of correction or its agent, the department of correction, be required to hold a hearing of any kind with respect to a recommendation to the court for the grant or denial of probation. Probation is a matter left to the sound discretion of the court. Any recommendation made by the department to the court regarding the prisoner shall be in the nature of an addendum to the presentence report. The board of correction and its agency, the department of correction, and their employees shall not be held financially responsible for damages, injunctive or declaratory relief for any recommendation made to the district court under this section.

5. If the crime involved is a felony and if judgment is withheld as provided in subsection 3. of this section or if judgment and a sentence of custody to the state board of correction is suspended at the time of judgment in accordance with subsection 2. of this section or as provided by subsection 4. of this section and the court shall place the defendant upon probation, it shall be to the board of correction, to a county juvenile probation department, or any other person or persons the court, in its discretion, deems appropriate.

6. If the crime involved is a misdemeanor, indictable or otherwise, or if the court should suspend any remaining portion of a jail sentence already commuted in accordance with subsection 1. of this section, the court, if it grants probation, may place the defendant on probation. If the convicted person is a juvenile held for adult criminal proceedings, the court may order probation under the supervision of the county’s juvenile probation department.

7. The period of probation ordered by a court under this section under a conviction or plea of guilty for a misdemeanor, indictable or otherwise, may be for a period of not more than two (2) years; and under a conviction or plea of guilty for a felony the period of proba-
tion may be for a period of not more than the maximum period for which the defendant might have been imprisoned.

SECTION 2. That Section 20-508, Idaho Code, be, and the same is hereby amended to read as follows:

20-508. WAIVER OF JURISDICTION AND TRANSFER TO OTHER COURTS. (1) After the filing of a petition and after full investigation and hearing, the court may waive jurisdiction under the juvenile corrections act over the juvenile and order that the juvenile be held for adult criminal proceedings when:

(a) A juvenile is alleged to have committed any of the crimes enumerated in section 20-509, Idaho Code; or
(b) A juvenile is alleged to have committed an act other than those enumerated in section 20-509, Idaho Code, after the child became fourteen (14) years of age which would be a crime if committed by an adult; or
(c) An adult at the time of the filing of the petition is alleged to have committed an act prior to his having become eighteen (18) years of age which would be a felony if committed by an adult, and the court finds that the adult is not committable to an institution for the mentally deficient or mentally ill, is not treatable in any available institution or facility available to the state designed for the care and treatment of juveniles, or that the safety of the community requires the adult continue under restraint; or
(d) An adult already under the jurisdiction of the court is alleged to have committed a crime while an adult.

(2) A motion to waive jurisdiction under the juvenile corrections act and prosecute a juvenile under the criminal law may be made by the prosecuting attorney, the juvenile, or by motion of the court upon its own initiative. The motion shall be in writing and contain the grounds and reasons in support thereof.

(3) Upon the filing of a motion to waive jurisdiction under the juvenile corrections act, the court shall enter an order setting the motion for hearing at a time and date certain and shall order a full and complete investigation of the circumstances of the alleged offense to be conducted by county probation, or such other agency or investigation officer designated by the court.

(4) Upon setting the time for the hearing upon the motion to waive jurisdiction, the court shall give written notice of said hearing to the juvenile, and the parents, guardian or custodian of the juvenile, and the prosecuting attorney, at least ten (10) days before the date of the hearing, or a lesser period stipulated by the parties, and such notice shall inform the juvenile and the parents, guardian or custodian of the juvenile of their right to court appointed counsel. Service of the notice shall be made in the manner prescribed for service of a summons under section 20-512, Idaho Code.

(5) The hearing upon the motion to waive jurisdiction shall be held in the same manner as an evidentiary hearing upon the original petition and shall be made part of the record.

(6) If as a result of the hearing on the motion to waive jurisdiction the court shall determine that jurisdiction should not be
waived, the petition shall be processed in the customary manner as a juvenile corrections act proceeding. However, in the event the court determines, as a result of the hearing, that juvenile corrections act jurisdiction should be waived and the juvenile should be prosecuted under the criminal laws of the state of Idaho, the court shall enter findings of fact and conclusions of law upon which it bases such decision together with a decree waiving juvenile corrections act jurisdiction and binding the juvenile over to the authorities for prosecution under the criminal laws of the state of Idaho.

(7) No motion to waive juvenile corrections act jurisdiction shall be recognized, considered, or heard by the court in the same case once the court has entered an order or decree in that case that said juvenile has come within the purview of the juvenile corrections act, and all subsequent proceedings after the decree finding the juvenile within the purview of the act must be under and pursuant to the act and not as a criminal proceeding.

(8) In considering whether or not to waive juvenile court jurisdiction over the juvenile, the juvenile court shall consider the following factors:

(a) The seriousness of the offense and whether the protection of the community requires isolation of the juvenile beyond that afforded by juvenile facilities;
(b) Whether the alleged offense was committed in an aggressive, violent, premeditated, or willful manner;
(c) Whether the alleged offense was against persons or property, greater weight being given to offenses against persons;
(d) The maturity of the juvenile as determined by considerations of his home, environment, emotional attitude, and pattern of living;
(e) The juvenile's record and previous history of contacts with the juvenile corrections system;
(f) The likelihood that the juvenile will develop competency and life skills to become a contributing member of the community by use of facilities and resources available to the court;
(g) The amount of weight to be given to each of the factors listed in subsection (8) of this section is discretionary with the court, and a determination that the juvenile is not a fit and proper subject to be dealt with under the juvenile court law may be based on any one (1) or a combination of the factors set forth above, which shall be recited in the order of waiver.

(9) If the court does not waive jurisdiction and order a juvenile or adult held for criminal proceedings, the court in a county other than the juvenile's or adult's home county, after entering a decree that the juvenile or adult is within the purview of this chapter, may certify the case for sentencing to the court of the county in which the juvenile or adult resides upon being notified that the receiving court is willing to accept transfer. In the event of a transfer, which should be made unless the court finds it contrary to the interest of the juvenile or adult, the jurisdiction of the receiving court shall attach to the same extent as if the court had original jurisdiction.

(10) Upon conviction of a juvenile held for adult criminal proceedings under this section, the sentencing judge may choose to sentence the convicted person in accordance with the juvenile sentencing
if a finding is made that adult sentencing measures would be inappropriate:

(a) Sentence the convicted person in accordance with the juvenile sentencing options set forth in this chapter; or

(b) Sentence the convicted person to the county jail or to the custody of the state board of correction but suspend the sentence or withhold judgment pursuant to section 19-2601, Idaho Code, and commit the defendant to the custody of the department of juvenile corrections for an indeterminate period of time in accordance with section 20-520(1)(a), Idaho Code. The court, in its discretion, may order that the suspended sentence or withheld judgment be conditioned upon the convicted person's full compliance with all reasonable program requirements of the department of juvenile corrections. Such a sentence may also set terms of probation, which may be served under the supervision of county juvenile probation. However, in no event may the total of the actual time spent by the convicted person in the custody of the department plus any adult sentence imposed by the court exceed the maximum period of imprisonment that could be imposed on an adult convicted of the same crime.

(c) If a convicted person is given a suspended sentence or withheld judgment conditioned upon the convicted person's compliance with all reasonable program requirements of the department pursuant to paragraph (b) of this subsection, and if the department reasonably believes that the convicted person is failing to comply with all reasonable program requirements, the department may petition the sentencing court to revoke the commitment to the department and transfer the convicted person to the county jail or to the custody of the state board of correction for the remainder of the sentence.

SECTION 3. That Section 20-509, Idaho Code, be, and the same is hereby amended to read as follows:

20-509. VIOLENT OFFENSES, CONTROLLED SUBSTANCES VIOLATIONS NEAR SCHOOLS AND OFFENDERS. (1) Any juvenile, age fourteen (14) years to age eighteen (18) years, who is alleged to have committed any of the following crimes or any person under age fourteen (14) years who is alleged to have committed any of the following crimes and, pursuant to section 20-508, Idaho Code, has been ordered by the court to be held for adult criminal proceedings:

(i) Arson in the first degree and aggravated arson; shall be charged, arrested and proceeded against by complaint, indictment or information as an adult. All other felonies or misdemeanors charged in the complaint, indictment or information, which are based on the same act or transaction or on one (1) or more acts or transactions as the violent or controlled substances offense shall similarly be charged, arrested and proceeded against as an adult. Any juvenile proceeded against pursuant to this section shall be accorded all constitutional rights, including bail and trial by jury, and procedural safeguards as if that juvenile were an adult defendant.

(2) Once a juvenile has been formally charged or indicted pursuant to this section or has been transferred for criminal prosecution as an adult pursuant to the waiver provisions of section 20-508, Idaho Code, or this section, the juvenile shall be held in a county jail or other adult prison facility unless the court, after finding good cause, orders otherwise.

(3) Except as otherwise allowed by subsection (4) of this section, once a juvenile has been found to have committed the offense for which the juvenile was charged, indicted or transferred, or has been found guilty or pled guilty to a lesser offense or amended charge growing out of or included within the original charge, whether or not such lesser offense or amended charge is included within the acts enumerated in subsection (1) of this section, the juvenile shall thereafter be handled in every respect as an adult. For any subsequent violation of Idaho law, the juvenile shall be handled in every respect as an adult.

(4) The sentencing judge upon the conviction of any juvenile convicted pursuant to this section, the sentencing judge may, choose to sentence the convicted person in accordance with the juvenile sentencing options set forth in this chapter; or

The court, in its discretion, may order that the suspended sentence or withheld judgment be conditioned upon the convicted person's full compliance with all reasonable program requirements of the department of juvenile corrections. Such a sentence may also set terms of probation, which may be served under the supervision of county juvenile probation. However, in no event may the total of the actual time spent by the convicted person in the custody of the department plus any adult sentence imposed by the court exceed the maximum period of imprisonment that could be imposed on an adult convicted of the same crime.
(c) If a convicted person is given a suspended sentence or with­
held judgment conditioned upon the convicted person's compliance
with all reasonable program requirements of the department pursu­
ant to paragraph (b) of this subsection, and if the department
reasonably believes that the convicted person is failing to comply
with all reasonable program requirements, the department may peti­
tion the sentencing court to revoke the commitment to the depart­

the custody of the state board of correction for the remainder of
the sentence.

(b) May be fined an amount not to exceed five thousand dollars ($5,000);

(c) Shall surrender his driver's license or permit to the court; and

(d) Shall have his driving privileges suspended by the court for a mandatory minimum period of one (1) year after release from
imprisonment, and may have his driving privileges suspended by the court for not to exceed five (5) years after release from imprisonment, during which time he shall have absolutely no driving privileges of any kind; and

(e) Shall, while operating a motor vehicle, be required to drive only a motor vehicle equipped with a functioning ignition interlock system, as provided in section 18-8008, Idaho Code, following the mandatory one (1) year license suspension period.

(6) For the purpose of computation of the enhancement period in subsections (4), (5) and (7) of this section, the time that elapses between the date of commission of the offense and the date the defendant pleads guilty or is found guilty for the pending offense shall be excluded. If the determination of guilt against the defendant is reversed upon appeal, the time that elapsed between the date of the commission of the offense and the date the defendant pleads guilty or is found guilty following the appeal shall also be excluded.

(7) Notwithstanding the provisions of subsections (4) and (5) of this section, any person who has pled guilty or has been found guilty of a felony violation of the provisions of section 18-8004, Idaho Code, a felony violation of the provisions of section 18-8004C, Idaho Code, a violation of the provisions of section 18-8006, Idaho Code, or a violation of the provisions of section 18-4006 3.(b), Idaho Code, and within ten (10) years pleads guilty or is found guilty of a further violation of the provisions of section 18-8004, Idaho Code, shall be guilty of a felony and shall be sentenced pursuant to subsection (5) of this section.

(8) For the purpose of subsections (4) and (5) of this section and the provisions of section 18-8004C, Idaho Code, a substantially conforming foreign criminal violation exists when a person has pled guilty to or has been found guilty of a violation of any federal law or law of another state, or any valid county, city, or town ordinance of another state substantially conforming to the provisions of section 18-8004, Idaho Code. The determination of whether a foreign criminal violation is substantially conforming is a question of law to be determined by the court.

(9) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, 18-8004C or 18-8006, Idaho Code, shall undergo, at his own expense, (or at county expense through the procedures set forth in chapters 34 and 35, title 31, Idaho Code,) and prior to the sentencing date, an alcohol evaluation by an alcohol evaluation facility approved by the Idaho department of health and welfare. In the event the alcohol evaluation indicates the need for alcohol treatment, the evaluation shall contain a recommendation by the evaluator as to the most appropriate treatment program, together with the estimated cost thereof, and recommendations for other suitable alternative treatment programs, together with the estimated costs thereof. The person shall request that a copy of the completed evaluation be forwarded to the court. The court shall take the evaluation into consideration in determining an appropriate sentence. If a copy of the completed evaluation has not been provided to the court, the court may proceed to sentence the defendant; however, in such event, it shall be presumed that alcohol treatment is required unless the defendant makes a showing by a preponderance of evidence
that treatment is not required. If the defendant has not made a good faith effort to provide the completed copy of the evaluation to the court, the court may consider the failure of the defendant to provide the report as an aggravating circumstance in determining an appropriate sentence. If treatment is ordered, in no event shall the person or facility doing the evaluation be the person or facility that provides the treatment unless this requirement is waived by the sentencing court, with the exception of federally recognized Indian tribes or federal military installations, where diagnosis and treatment are appropriate and available. Nothing herein contained shall preclude the use of funds authorized pursuant to the provisions of chapter 3, title 39, Idaho Code, for court-ordered alcohol treatment for indigent defendants.

(10) At the time of sentencing, the court shall be provided with the following information:

(a) The results, if administered, of any evidentiary test for alcohol and/or drugs;
(b) A computer or teletype or other acceptable copy of the person's driving record;
(c) Information as to whether the defendant has pled guilty to or been found guilty of violation of the provisions of section 18-8004, 18-8004C or 18-8006, Idaho Code, or a similar offense within the past five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s); and
(d) The alcohol evaluation required in subsection (9) of this section, if any.

(11) A minor may be prosecuted for a violation of the provisions of section 18-8004 or 18-8004C, Idaho Code, under chapter 5, title 20, Idaho Code. In addition to any other penalty, if a minor pleads guilty to or is found guilty of a violation of the provisions of section 18-8004(1)(a), (b) or (c) or 18-8004C, Idaho Code, he shall have his driving privileges suspended or denied for an additional one (1) year following the end of any period of suspension or revocation existing at the time of the violation, or until he reaches the age of twenty-one (21) years, whichever period is greater. During the period of additional suspension or denial, absolutely no driving privileges shall be allowed.

(12) In the event that the alcohol evaluation required in subsection (9) of this section recommends alcohol treatment, the court shall order the person to complete a treatment program in addition to any other sentence which may be imposed, unless the court determines that alcohol treatment would be inappropriate or undesirable, in which event, the court shall enter findings articulating the reasons for such determination on the record. The court shall order the defendant to complete the preferred treatment program set forth in the evaluation, or a comparable alternative, unless it appears that the defendant cannot reasonably obtain adequate financial resources for such treatment. In that event, the court may order the defendant to complete a less costly alternative set forth in the evaluation, or a comparable program. Such treatment shall, to the greatest extent possible, be at the expense of the defendant. In the event that funding is provided for or on behalf of the defendant by an entity of state government, restitution shall be ordered to such governmental entity in
accordance with the restitution procedure for crime victims, as specified under chapter 53, title 19, Idaho Code. Nothing contained herein shall be construed as requiring a court to order that a governmental entity shall provide alcohol treatment at government expense unless otherwise required by law.

(13) Any person who is disqualified shall not be granted restricted driving privileges to operate a commercial motor vehicle.

SECTION 4. That Section 18-8008, Idaho Code, be, and the same is hereby amended to read as follows:

18-8008. IGNITION INTERLOCKS -- ELECTRONIC MONITORING DEVICES.
(1) If a person is convicted, is found guilty, pleads guilty or receives a withheld judgment for violating any of the provisions of this chapter and has had any or all of a sentence or fine suspended for the violation, the court, in its discretion, may impose any, some, or all of the sanctions provided for in this section in addition to any other penalty or fine imposed pursuant to this chapter.

(2) The court may order the person while operating a motor vehicle to drive only a motor vehicle equipped with a functioning ignition interlock device, and the restriction shall be for a period not in excess of the time the person is on probation for the offense. The court shall establish a specific calibration setting at which the ignition interlock device will prevent the motor vehicle from being started and the period of time that the person shall be subject to the restriction. As used in this section, the term "ignition interlock device" means breath alcohol analyzed ignition equipment, certified by the transportation department, designed to prevent a motor vehicle from being operated by a person who has consumed an alcoholic beverage. The transportation department shall by rule and regulation provide standards for the certification, installation, repair and removal of the devices. If the court imposes a sanction pursuant to this subsection, it shall notify the transportation department of its order imposing a sanction pursuant to this subsection. The department shall attach or imprint a notation on the driver's license or other document granting the person restricted driving privileges of any person restricted under this subsection that the person may operate only a motor vehicle equipped with an ignition interlock device.

(3) The court may order the person to use electronic monitoring devices to record the person's movements if as a condition of probation the person has been given restricted driving privileges between certain times, has been placed under a curfew or has been ordered confined to his residence during times certain. Nothing in this subsection shall restrict the court's usage of electronic monitoring devices to supervise a defendant on probation for other offenses.

(4) If a court orders a defendant to use an ignition interlock device or electronic monitoring device pursuant to this section, and the court, or its probation department, furnishes the defendant with the device, the court may order the defendant to pay a reasonable fee for utilizing the equipment. All fees collected pursuant to this section shall be in addition to any other fines or penalty provided by law and shall be deposited in the court interlock device and electronic monitoring device fund created in section 18-8010, Idaho Code.

RELATING TO HIGHWAYS AND PUBLIC RIGHTS-OF-WAY; AMENDING SECTION 40-202, IDAHO CODE, TO PROVIDE THAT A MAP OF THE HIGHWAYS AND PUBLIC RIGHTS-OF-WAY WITHIN A HIGHWAY JURISDICTION SHALL SHOW THE GENERAL LOCATION OF EACH SUCH HIGHWAY AND PUBLIC RIGHT-OF-WAY, TO CLARIFY USE OF AN OFFICIAL HIGHWAY SYSTEM MAP, TO EXTEND THE DATE
BY WHICH BOARDS OF COUNTY OR HIGHWAY DISTRICT COMMISSIONERS SHALL HAVE PUBLISHED IN MAP FORM AND MADE READILY AVAILABLE THE LOCATION OF ALL PUBLIC RIGHTS-OF-WAY UNDER THEIR JURISDICTIONS, AND TO PROVIDE LIMITATIONS ON THE AUTHORITY OF A PUBLIC HIGHWAY AGENCY TO ASSERT OR CLAIM RIGHTS SUPERIOR TO OR IN CONFLICT WITH RIGHTS-OF-WAY THAT RESULTED FROM THE CREATION OF CERTAIN FACILITIES FOR THE TRANSMISSION OF WATER; AMENDING SECTION 40-203, IDAHO CODE, TO CLARIFY TO WHOM NOTICE SHALL BE SENT OF HEARINGS SCHEDULED ON ABANDONMENT OR VACATION OF A HIGHWAY OR RIGHT-OF-WAY, TO PROVIDE THAT DECISIONS OF COMMISSIONERS SHALL BE IN THE PUBLIC INTEREST OF THE AFFECTED HIGHWAY JURISDICTION AND TO PROVIDE FOR REVERSION OF FEDERAL LAND RIGHTS-OF-WAY AND TO MAKE A TECHNICAL CORRECTION; AMENDING SECTION 40-203A, IDAHO CODE, TO PROVIDE THAT HIGHWAYS AND PUBLIC RIGHTS-OF-WAY ON HIGHWAY SYSTEM MAPS SHALL GENERALLY CONFORM AS TO LOCATION, TO PROVIDE FOR THE OPTIONAL USE OF SURVEYS WHEN VALIDATING A HIGHWAY OR PUBLIC RIGHT-OF-WAY AND TO PROVIDE PROPER TERMINOLOGY; AMENDING SECTION 40-204A, IDAHO CODE, TO PROVIDE FOR VALIDATION OF FEDERAL LAND RIGHTS-OF-WAY, TO PROVIDE FOR RECORDING OF ACKNOWLEDGEMENTS OF FEDERAL LAND RIGHTS-OF-WAY AND TO MAKE TECHNICAL CORRECTIONS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 40-202, Idaho Code, be, and the same is hereby amended to read as follows:

40-202. DESIGNATION OF HIGHWAYS AND PUBLIC RIGHTS-OF-WAY. (1) The initial selection of the county highway system and highway district system may be accomplished in the following manner:

(a) The board of county or highway district commissioners shall cause a map to be prepared showing the general location of each highway and public right-of-way in their jurisdiction, and the commissioners shall cause notice to be given of intention to adopt the map as the official map of that system, and shall specify the time and place at which all interested persons may be heard.

(b) After the hearing, the commissioners shall adopt the map, with any changes or revisions considered by them to be advisable in the public interest, as the official map of the respective highway system.

(2) If a county or highway district acquires an interest in real property for highway or public right-of-way purposes, the respective commissioners shall:

(a) Cause any order or resolution enacted, and deed or other document establishing an interest in the property for their highway system purposes to be recorded in the county records; or

(b) Cause the official map of the county or highway district system to be amended as affected by the acceptance of the highway or public right-of-way.

Provided, however, a county with highway jurisdiction or highway district may hold title to an interest in real property for public right-of-way purposes without incurring an obligation to construct or maintain a highway within the right-of-way until the county or highway district determines that the necessities of public travel justify
opening a highway within the right-of-way. The lack of an opening shall not constitute an abandonment, and mere use by the public shall not constitute an opening of the public right-of-way.

(3) Highways laid out, recorded and opened as described in subsection (2) of this section, by order of a board of commissioners, and all highways used for a period of five (5) years, provided they shall have been worked and kept up at the expense of the public, or located and recorded by order of a board of commissioners, are highways. If a highway created in accordance with the provisions of this subsection is not designated on the official map of the respective highway system or is not opened as described in subsection (2) of this section, there shall be no duty to maintain that highway, nor shall there be any liability for any injury or damage for failure to maintain it or any highway signs, until the highway is designated as a part of the county or highway district system by inclusion on the official map as a highway and opened to public travel as a highway.

(4) When a public right-of-way is created in accordance with the provisions of subsection (2) of this section, or section 40-203 or 40-203A, Idaho Code, there shall be no duty to maintain that public right-of-way, nor shall there be any liability for any injury or damage for failure to maintain it or any highway signs.

(5) Nothing in this section shall limit the power of any board of commissioners to subsequently include or exclude any highway or public right-of-way from the county or highway district system.

(6) By July 1, 2009, and every five (5) years thereafter, the board of county or highway district commissioners shall have published in map form and made readily available a map showing the general location of all public rights-of-way under its jurisdiction. Any board of county or highway district commissioners may be granted an extension of time with approval of the legislature by adoption of a concurrent resolution.

(7) Nothing in this section or in any designation of the general location of a highway or public right-of-way shall authorize the public highway agency to assert or claim rights superior to or in conflict with any rights-of-way that resulted from the creation of a facility for the transmission of water which existed before the designation of the location of a highway or public right-of-way.

SECTION 2. That Section 40-203, Idaho Code, be, and the same is hereby amended to read as follows:

40-203. ABANDONMENT AND VACATION OF COUNTY AND HIGHWAY DISTRICT SYSTEM HIGHWAYS OR PUBLIC RIGHTS-OF-WAY. (b) Any resident, or property holder, within a county or highway district system including the state of Idaho, any of its subdi-
sions, or any agency of the federal government may petition the respective commissioners for abandonment and vacation of any highway or public right-of-way within their highway system. The petitioner shall pay a reasonable fee as determined by the commissioners to cover the cost of the proceedings.

(c) The commissioners shall establish a hearing date or dates on the proposed abandonment and vacation.

(d) The commissioners shall prepare a public notice stating their intention to hold a public hearing to consider the proposed abandonment and vacation of a highway or public right-of-way which shall be made available to the public not later than thirty (30) days prior to any hearing and mailed to any person requesting a copy not more than three (3) working days after any such request.

(e) At least thirty (30) days prior to any hearing scheduled by the commissioners to consider abandonment and vacation of any highway or public right-of-way, the commissioners shall mail notice by United States mail to known owners and operators of an underground facility, as defined in section 55-2202, Idaho Code, that lies within the highway or public right-of-way.

(f) At least thirty (30) days prior to any hearing scheduled by the commissioners to consider abandonment and vacation of any highway or public right-of-way, the commissioners shall mail notice to owners of record of land abutting the portion of the highway or public right-of-way proposed to be abandoned and vacated at their addresses as shown on the county assessor's tax rolls and shall publish notice of the hearing at least two (2) times if in a weekly newspaper or three (3) times if in a daily newspaper, the last notice to be published at least five (5) days and not more than twenty-one (21) days before the hearing.

(g) At the hearing, the commissioners shall accept all information relating to the proceedings. Any person, including the state of Idaho or any of its subdivisions, or any agency of the federal government, may appear and give testimony for or against abandonment.

(h) After completion of the proceedings and consideration of all related information, the commissioners shall decide whether the abandonment and vacation of the highway or public right-of-way is in the public interest of the highway jurisdiction affected by the abandonment or vacation. The decision whether or not to abandon and vacate the highway or public right-of-way shall be written and shall be supported by findings of fact and conclusions of law.

(i) If the commissioners determine that a highway or public right-of-way parcel to be abandoned and vacated in accordance with the provisions of this section has a fair market value of twenty-five hundred dollars ($2,500) or more, a charge may be imposed upon the acquiring entity, not in excess of the fair market value of the parcel, as a condition of the abandonment and vacation; provided, however, no such charge shall be imposed on the landowner who originally dedicated such parcel to the public for use as a highway or public right-of-way; and provided further, that if the highway or public right-of-way was originally a federal land right-of-way, said highway or public right-of-way shall revert to a federal land right-of-way.
(j) The commissioners shall cause any order or resolution to be recorded in the county records and the official map of the highway system to be amended as affected by the abandonment and vacation.

(k) From any such decision, a resident or property holder within the county or highway district system, including the state of Idaho or any of its subdivisions or any agency of the federal government, may appeal to the district court of the county in which the highway or public right-of-way is located pursuant to section 40-208, Idaho Code.

(2) No highway or public right-of-way or parts thereof shall be abandoned and vacated so as to leave any real property adjoining the highway or public right-of-way without access to an established highway or public right-of-way.

(3) In the event of abandonment and vacation, rights-of-way or easements may be reserved for the continued use of existing sewer, gas, water, or similar pipelines and appurtenances, or other underground facilities as defined in section 55-2202, Idaho Code, for ditches or canals and appurtenances, and for electric, telephone and similar lines and appurtenances.

(4) A highway abandoned and vacated under the provisions of this section may be reclassified as a public right-of-way.

(5) Until abandonment is authorized by the commissioners, public use of the highway or public right-of-way may not be restricted or impeded by encroachment or installation of any obstruction restricting public use, or by the installation of signs or notices that might tend to restrict or prohibit public use. Any person violating the provisions of this subsection shall be guilty of a misdemeanor.

(6) When a county or highway district desires the abandonment or vacation of any highway, public street or public right-of-way which was accepted as part of a platted subdivision said abandonment or vacation shall be accomplished pursuant to the provisions of chapter 13, title 50, Idaho Code.

SECTION 3. That Section 40-203A, Idaho Code, be, and the same is hereby amended to read as follows:

(1) Any resident or property holder within a county or highway district system, including the state of Idaho or any of its subdivisions, or any agency of the federal government, may petition the board of county or highway district commissioners, whenever shall have jurisdiction of the highway system, to initiate public proceedings to validate a highway or public right-of-way, including those which furnish public access to state and federal public lands and waters, provided that the petitioner shall pay a reasonable fee as determined by the commissioners to cover the cost of the proceedings, or the commissioners may initiate validation proceedings on their own resolution, if any of the following conditions exist:

(a) If, through omission or defect, doubt exists as to the legal establishment or evidence of establishment of a highway or public right-of-way;

(b) If the location of the highway or public right-of-way cannot be accurately determined due to numerous alterations of the high-

(c) If the highway or public right-of-way as traveled and used does not generally conform to the location of a highway or public right-of-way described on the official highway system map or in the public records.
(2) If proceedings for validation of a highway or public right-of-way are initiated, the commissioners shall follow the procedure set forth in section 40-203, Idaho Code, and shall:
(a) If the commissioners determine it is necessary, cause the highway or public right-of-way to be surveyed;
(b) Cause a report to be prepared, including the consideration of any survey and any other information required by the board commissioners;
(c) Establish a hearing date on the proceedings for validation;
(d) Cause notice of the proceedings to be provided in the same manner as for abandonment and vacation proceedings; and
(e) At the hearing, the commissioners shall consider all information relating to the proceedings and shall accept testimony from persons having an interest in the proposed validation.
(3) Upon completion of the proceedings, the commissioners shall determine whether validation of the highway or public right-of-way is in the public interest and shall enter an order validating the highway or public right-of-way as public or declaring it not to be public.
(4) From any such decision, any resident or property holder within a county or highway district system, including the state of Idaho or any of its subdivisions, or any agency of the federal government, may appeal to the district court of the county in which the highway or public right-of-way is located pursuant to section 40-208, Idaho Code.
(5) When a board of commissioners validates a highway or public right-of-way, it shall cause the order validating the highway or public right-of-way, and if surveyed, cause the survey to be recorded in the county records and shall amend the official highway system map of the respective county or highway district system.
(6) The commissioners shall proceed to determine and provide just compensation for the removal of any structure that, prior to creation of the highway or public right-of-way, encroached upon a highway or public right-of-way that is the subject of a validation proceeding, or if such is not practical, the commissioners may acquire property to alter the highway or public right-of-way being validated.
(7) This section does not apply to the validation of any highway, public street or public right-of-way which is to be accepted as part of a platted subdivision pursuant to chapter 13, title 50, Idaho Code.

SECTION 4. That Section 40-204A, Idaho Code, be, and the same is hereby amended to read as follows:

40-204A. FEDERAL LAND RIGHTS-OF-WAY. (1) The state recognizes that the act of construction and first use constitute the acceptance of the grant given to the public for federal land rights-of-way, and that once acceptance of the grant has been established, the grant
shall be for the perpetual term granted by the congress of the United States.

(2) The only method for the abandonment of these rights-of-way shall be that of eminent domain proceedings in which the taking of the public's right to access shall be justly compensated. Neither the mere passage of time nor the frequency of use shall be considered a justification for considering these rights-of-way to have been abandoned.

(3) All of the said rights-of-way shall be shown by some form of documentation to have existed prior to the withdrawal of the federal grant in 1976 or to predate the removal of land through which they transit from the public domain for other public purposes. (4) These rights-of-way shall not require maintenance for the passage of vehicular traffic, nor shall any liability be incurred for injury or damage through a failure to maintain the access or to maintain any highway sign. These rights-of-way shall be traveled at the risk of the user and may be maintained by the public through usage by the public.

(5) Any member of the public, the state of Idaho and any of its political subdivisions, and any agency of the federal government may choose to seek validation of its rights under law to use granted rights-of-way either through a process set forth by the state of Idaho, through processes set forth by any federal agency or by proclamation of user rights granted under the provisions of the original act, Revised Statute 2477.

Neither the granting of the original right-of-way nor any provision in this or any other state act shall be construed as a relinquishment of either federal ownership or management of the surface estate of the property over which the right-of-way passes.

(6) Persons seeking acknowledgement of federal land rights-of-way shall file with the county recorder the request for acknowledgement and for any supporting documentation. The county recorder shall place the record acknowledgements on the official county road system map including supporting documentation, and maintain an appropriate index of same.

In the consideration of applications for permits to appropriate water for other purposes, the director of the department of water resources shall impose such reasonable conditions as are necessary to protect prior downstream water rights for in-stream livestock use, and in the administration of the water rights on any stream, the director, and the district court where applicable, shall recognize and protect water rights for in-stream livestock use, according to priority, as they do water rights for other purposes. As used in this section, the phrase "in-stream watering of livestock" means the drinking of water by livestock directly from a natural stream, without the use of any constructed physical diversion works.

(2) For rights to the use of water for in-stream or out-of-stream livestock purposes, associated with grazing on federally owned or managed land, established under the diversion and application to beneficial use method of appropriation, the priority date shall be the first date that water historically was used for livestock watering associated with grazing on the land, subject to the provisions of section 42-222(2), Idaho Code.

(3) This subsection is established to promote the watering of livestock away from streams and riparian areas, but not to require fencing of livestock away from streams and riparian areas.

(a) Any person having an established water right or appropriating water for in-stream watering of livestock pursuant to subsection (1) of this section may, in addition to the instream use, divert the water for livestock use away from the stream or riparian area. (i) The water is diverted from a surface water source to a trough or tank through an enclosed water delivery system;
(ii) The water delivery system is equipped with an automatic shutoff or flow control mechanism or includes a means for returning unused water to the surface water source through an enclosed delivery system, and the system is designed and constructed to allow the rate of diversion to be measured;
(iii) The diversion is from a surface water source to which the livestock would otherwise have access and the watering tank or trough is located on land from which the livestock would have access to the surface water source from which the diversion is made;
(iv) The diversion of water out of the stream in this manner does not injure other water rights;
(v) The use of the water diverted is for watering livestock; and
(vi) The bed and banks of the source shall not be altered as that term is defined in section 42-3802, Idaho Code, except that an inlet conduit may be placed into the source in a man-
c. Any water right holder who determines that diversion or use of water under the provisions of this subsection is depriving the water right holder of water to which the water right holder is entitled may petition the director of the department of water resources to curtail the diversion or use of water for livestock purposes. Upon such petition, the director shall cause an investigation to be made and may hold hearings or gather information in other ways. If the director finds that an interference is occurring, the director may order curtailment of diversion or use of the water or may require the water diversion and delivery system to be modified to prevent injury to other water rights. Any person feeling aggrieved by an order of the director in response to a petition filed as herein provided shall be entitled to review as provided in section 42-1701A, Idaho Code.

4) No change in use of any water right used for watering of livestock, whether proposed under this section or section 42-222, Idaho Code, shall be made or allowed without the consent of the permittee in the federal grazing allotment, if any, in which the water right is used for the watering of livestock.

Provided further, that the magistrate hearing the case of a first time hunting violation offender under the age of twenty-one (21) may require that the offender attend a remedial hunter education course at the offender's expense. Upon successful completion of the course, the remainder of the revocation period shall be subject to a withheld judgment so long as the offender is not convicted of any additional hunting violations during the period. The cost of the course shall be seventy-five dollars ($75.00) to be paid to the department. The commission shall establish by rule the curriculum of the hunter education remedial course.

The revocation shall consist of cancellation of an existing license for the required length of time and/or denial of the privilege of purchasing an applicable license for the length of time required to meet the revocation period decreed. In the case of persons pleading guilty, convicted or found guilty of committing multiple offenses, the revocation periods may run consecutively. In the case of pleas of guilty, convictions or findings of guilt involving taking big game animals during closed season or exceeding the daily bag or possession limit of big game, the magistrate hearing the case shall revoke the hunting, fishing or trapping privileges of any person convicted or found guilty of those offenses for a period of not less than one (1) year for each big game animal illegally taken or possessed by the person convicted or found guilty.

(a) In addition to the penalties provided for violating any of the provisions of title 36, Idaho Code, any person who pleads guilty, is found guilty of or is convicted of the illegal killing or the illegal possession or illegal waste of game animals or birds or fish shall reimburse the state for each animal so killed or possessed or wasted as follows:

1. Elk, seven hundred fifty dollars ($750) per animal killed, possessed or wasted.
2. Caribou, bighorn sheep, mountain goat and moose, one thousand five hundred dollars ($1,500) per animal killed, possessed or wasted.

(d) The judgment shall fix the manner and time of payment, and may permit the defendant to pay the judgment in installments at such times and in such amounts as, in the opinion of the court, the defendant is able to pay. CHAPTER 261
(S.B. No. 1439)

AN ACT
RELATING TO REAL ESTATE BROKERS AND SALESPERSONS; AMENDING SECTION 54-2054, IDAHO CODE, AS ADDED BY SENATE BILL 1312, ENACTED BY THE SECOND REGULAR SESSION OF THE FIFTY-FIFTH IDAHO LEGISLATURE, TO ALLOW A LICENSED REAL ESTATE BROKER OR SALESPERSON TO SHARE COMMISSIONS DIRECTLY WITH THE BUYER OR SELLER IN A REGULATED REAL ESTATE TRANSACTION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 54-2054, Idaho Code, as added by Senate Bill 1312, as enacted by the Second Regular Session of the Fifty-Fifth Idaho Legislature, be, and the same is hereby amended to read as follows:

54-2054. COMPENSATION, COMMISSIONS AND FEES -- PROHIBITED CONDUCT. (1) Court action for fee collection. No person engaged in the business or acting in the capacity of real estate broker or salesperson in Idaho shall bring or maintain any action in the courts for the collection of a fee, commission or other compensation for the performance of any acts requiring a real estate license as provided in section 54-2002, Idaho Code, without alleging and proving that such person was an actively licensed broker or salesperson in Idaho at the time the alleged cause of action arose.

(2) Fee-splitting with unlicensed persons prohibited. Unless otherwise allowed by statute or rule, a real estate broker, associate broker or salesperson licensed in the state of Idaho shall not pay any part or share of a commission, fee or compensation received in the licensee's capacity as such in a regulated real estate transaction to any person who is not actively licensed as a real estate broker in
Idaho or in another state or jurisdiction. The Idaho broker making the payment to another licensed person is responsible for verifying the active licensed status of the receiving broker. This section shall not prohibit payment of a part or share of a commission, fee or compensation by the broker to a corporation, all of whose shareholders and directors are active real estate licensees. An Idaho licensee may pay any part or share of a commission, fee or compensation received, directly to the buyer or seller in the real estate transaction. However, no commission, fee or compensation may be split with any party to the transaction in a manner which would directly or indirectly create a double contract, as defined in this chapter, or which would otherwise mislead any broker, lender, title company or government agency involved in the transaction regarding the source of funds used to complete the real estate transaction or regarding the financial resources or obligations of the buyer.

(3) Finder's fees prohibited. Any offer of monetary value, by an Idaho licensee, to any person who is not licensed in Idaho or any state or jurisdiction, made for the purpose of inducing such unlicensed person to secure prospects to buy, sell, option, or otherwise dispose of an interest in real property shall be considered to be splitting fees with an unlicensed person, and is prohibited.

(4) Interference with real estate brokerage agreement prohibited. It shall be unlawful for any person, licensed or unlicensed, to interfere with the contractual relationship between a broker and a client. Communicating a company's relocation policy or benefits to a transferring employee or consumer shall not be considered a violation of this subsection so long as the communication does not involve advice or encouragement on how to terminate or amend an existing contractual relationship between a broker and client.

(5) Double contracts prohibited. No licensed broker or salesperson shall use, propose the use of, agree to the use of, or knowingly permit the use of a double contract, as defined in section 54-2004, Idaho Code, in connection with any regulated real estate transaction. Such conduct by a licensee shall be deemed flagrant misconduct and dishonorable and dishonest dealing and shall subject the licensee to disciplinary action by the commission.

(6) Kickbacks and rebates prohibited. No licensed real estate broker or salesperson shall receive a kickback or rebate for directing any transaction to any individual for financing. A licensee shall not receive a kickback or unearned fee for directing any transaction to any lending institution, escrow or title company, as those practices are defined and prohibited by the real estate settlement and procedures act of 1974, as amended, 12 U.S.C. section 2601 et seq. However, a licensee legally receiving any fee or rebate from any person providing direct services to either the buyer or the seller in connection with a regulated real estate transaction is required to disclose the licensee's intent to receive such fee, rebate or compensation in writing to all parties to the transaction prior to closing.

(7) Compensation from more than one party. No licensed real estate broker or salesperson shall charge or accept compensation from more than one (1) party in any one (1) transaction, without first making full disclosure in writing of the broker's intent to do so, to all parties involved in the transaction.
(8) After-the-fact referral fees prohibited. It shall be unlawful for any person to solicit or request a referral fee or similar payment from a licensed Idaho real estate broker or sales associate, for the referral of a buyer or seller in connection with a regulated real estate transaction, unless the person seeking the referral fee has reasonable cause. "Reasonable cause" shall not exist unless:
   (a) The person seeking the referral fee has a written contractual relationship with the Idaho real estate broker for a referral fee or similar payment; and
   (b) The contractual relationship providing for the referral fee exists at the time the buyer or seller purportedly referred by such person signs a written agreement with the Idaho broker for the listing of the real estate or for representation by the broker, or the buyer signs an offer to purchase the real estate involved in the transaction. It shall be unlawful for any person including, but not limited to, a relocation company or company with a relocation policy or benefits, to directly or indirectly threaten to or actually reduce or withhold promised or expected employee or customer relocation benefits from a buyer or seller in a regulated real estate transaction based upon a broker's participation in payment of a referral fee or other fee.

(9) All fees must be paid through broker. No sales associate shall accept any commission, compensation or fee for the performance of any acts requiring a real estate license from any person except the real estate broker with whom the sales associate is licensed. However, a broker may pay a former sales associate for services performed while the sales associate was actively licensed with that broker, regardless of the former sales associate's license status at the time the commission or fee is actually paid.

Approved April 12, 2000.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 3, Title 5, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 5-338, Idaho Code, and to read as follows:

5-338. IMMUNITY OF DONORS OF WILD GAME MEAT. (1) A donor of wild game meat for free use by a charitable organization is immune from civil or criminal liability arising from an injury or death attributable to the nature, age, condition or packaging of the donated wild game meat if the injury or death is not a result of the gross negligence, recklessness, or intentional misconduct of the donor and the donated wild game meat is prepared and packaged by a commercial butcher, commercial slaughterhouse, commercial meat processor or similar entity subject by law to regular state or federal inspection and licensing.

(2) A charitable organization that receives, distributes or serves donated wild game meat is immune from civil or criminal liability arising from an injury or death attributable to the condition of the meat if:

(a) The charitable organization uses appropriate food storage and handling equipment to provide for the safe and sanitary storage and/or service of the wild game meat;
(b) The charitable organization accepts only wild game meat prepared and packaged by a commercial butcher, commercial slaughterhouse, commercial meat processor, or similar entity subject by law to regular state or federal inspection and licensing;
(c) The charitable organization inspects the donated wild game meat in a reasonable manner and finds it to be apparently fit for human consumption at the time of distribution or service;

Wild game meat shall not be considered "adulterated" as that term is defined in chapters 1 and 19, title 37, Idaho Code, and IDAPA 16.02.19, merely because the meat is the product of a game animal killed in the wild and not slaughtered by a butcher in a state or federally regulated food processing establishment. Wild game meat shall be considered "wildlife" as that term is used in IDAPA 16.02.19, and shall be handled, prepared and served accordingly if the charitable organization is a food establishment as defined in the rules.

CHAPTER 264
(S.B. No. 1449, As Amended)

AN ACT
RELATING TO RENEWABLE CONTRACTS FOR CERTIFICATED SCHOOL DISTRICT EMPLOYEES; AMENDING SECTION 33-515, IDAHO CODE, TO REVISE THE TIME LIMITS FOR A SCHOOL BOARD OF TRUSTEES TO GIVE NOTICE TO THE CERTIFICATED EMPLOYEE ON RENEWABLE CONTRACT STATUS FROM MAY 25TH TO MAY 15TH, AND TO REVISE THE RESPONSE TO THE BOARD BY THE EMPLOYEE ON ACCEPTANCE OF A RENEWABLE CONTRACT FOR THE NEXT ENSUING SCHOOL YEAR FROM JUNE 15TH TO JUNE 1ST.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-515, Idaho Code, be, and the same is hereby amended to read as follows:

33-515. ISSUANCE OF RENEWABLE CONTRACTS. During the third full year of continuous employment by the same school district, including any specially chartered district, each certificated employee named in subsection 13. of section 33-1001, Idaho Code, and each school nurse and school librarian shall be evaluated for a renewable contract and shall, upon having been offered a contract for the next ensuing year, having given notice of acceptance of renewal and upon signing a contract for a fourth full year, be placed on a renewable contract status with said school district subject to the provisions included in this chapter.

After the third full year of employment and at least once annually, the performance of each such certificated employee, school nurse, or school librarian shall be evaluated according to criteria and procedures established by the board of trustees in accordance with general guidelines approved by the state board of education. Except as otherwise provided, that person shall have the right to automatic renewal of contract by giving notice, in writing, of acceptance of renewal. Such notice shall be given to the board of trustees of the school district then employing such person not later than the fifteenth first day of June preceding the expiration of the term of the current contract. Except as otherwise provided by this paragraph, the board of trustees shall notify each person entitled to be employed on a renewable contract of the requirement that such person must give the notice hereinabove and that failure to do so may be interpreted by the board as a declination of the right to automatic renewal or the offer of another contract. Such notification shall be made, in writing, not later than the twenty-fifth fifteenth day of May, in each year, except to those persons to whom the board, prior to said date, has sent proposed contracts for the next ensuing year, or to whom the board has given the notice required by this section.

Any contract automatically renewed under the provisions of this section shall be for the same length as the term stated in the current contract and at a salary no lower than that specified therein, to which shall be added such increments as may be determined by the statutory or regulatory rights of such employee by reason of training, service, or performance.

Nothing herein shall prevent the board of trustees from offering a renewed contract increasing the salary of any certificated person, or from reassigning an administrative employee to a nonadministrative position with appropriate reduction of salary from the preexisting salary level. In the event the board of trustees reassigns an administrative employee to a nonadministrative position, the board shall give written notice to the employee which contains a statement of the reasons for the reassignment. The employee, upon written request to the board, shall be entitled to an informal review of that decision. The process and procedure for the informal review shall be determined by the local board of trustees.

Before a board of trustees can determine not to renew for reasons
of an unsatisfactory report of the performance of any certificated person whose contract would otherwise be automatically renewed, or to renew the contract of any such person at a reduced salary, such person shall be entitled to a reasonable period of probation. This period of probation shall be preceded by a written notice from the board of trustees with reasons for such probationary period and with provisions for adequate supervision and evaluation of the person's performance during the probationary period. Such period of probation shall not affect the person's renewable contract status. Consideration of probationary status for certificated personnel is consideration of the status of an employee within the meaning of section 67-2345, Idaho Code, and may be held in executive session. If the consideration results in probationary status, the individual on probation shall not be named in the minutes of the meeting. A record of the decision shall be placed in the teacher's personnel file.

If the board of trustees takes action to immediately discharge or discharge upon termination of the current contract a certificated person whose contract would otherwise be automatically renewed, or to renew the contract of any such person at a reduced salary, the action of the board shall be consistent with the procedures specified in section 33-513(5), Idaho Code, and furthermore, the board shall notify the employee in writing whether there is just and reasonable cause not to renew the contract or to reduce the salary of the affected employee, and if so, what reasons it relied upon in that determination.

If the board of trustees, for reasons other than unsatisfactory service, for the ensuing contract year, determines to change the length of the term stated in the current contract, reduce the salary or not renew the contract of a certificated person whose contract would otherwise be automatically renewed, nothing herein shall require a probationary period.

Approved April 12, 2000.

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education and alternative school secondary support units shall be applicable only for programs approved by the state department of education following rules established by the state board.
of education. Moneys generated from computation of support units for alternative schools shall be utilized for alternative school programs. School district administrative and facility costs may be included as part of the alternative school expenditures.

7. State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations specified in subsection 2. of this section, by the total state support units to secure the state distribution factor per support unit.

8. District Share of State Funds for Educational Support Program. Ascertain a district's share of state funds for the educational support program as follows:

a. District Contribution Calculation. Without including any allowance as a credit for prepaid taxes, as provided in section 63-1607, Idaho Code, the district contribution calculation shall be the rate determined under subsection 3. of this section.

b. District Support Units. The number of support units for each school district in the state shall be determined as follows:

(1) Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools and attendance units by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12 including alternative school secondary students. Calculations in application of this subsection shall be carried out to the nearest tenth.

(2) Divide the combined totals of the average daily attendance of all preschool, handicapped, kindergarten, elementary, secondary and juvenile detention center students approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for this subsection shall be carried out to the nearest tenth when more than one (1) unit is allowed.

(3) The total number of support units of the district shall be the sum of the total support units for regular students, subsection 8.b.(1) of this section, and the support units allowance for the approved exceptional child program, subsection 8.b.(2) of this section.

c. Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth, by the state distribution factor per support unit and to this product add the approved amount of programs of the district provided in subsection 2. of this section to secure the district's total allowance for the educational support program.

d. District Share. To secure the district's share of state apportionment, subtract the amount of the local district contribution calculation, subsection 3. of this section, from the amount of the total district allowance, subsection 8.c. of this section.
e. Adjustment of District Share. The contract salary of every noncertificated teacher shall be subtracted from the district's share as calculated from the provisions of subsection 8.d. of this section.

SECTION 3. That Section 33-1003, Idaho Code, be, and the same is hereby amended to read as follows:

33-1003. SPECIAL APPLICATIONS OF EDUCATIONAL SUPPORT PROGRAM. 1. Decrease in Average Daily Attendance. — Any school district which has a decrease in total average daily attendance of one percent (1%) of its average daily attendance in the then current school year from the total average daily attendance used for determining the allowance in the educational support program for the school year immediately preceding, the allowance of funds from the educational support program may be based on the average daily attendance of the school year immediately preceding, less one percent (1%). When this provision is applied, the decrease in average daily attendance shall be proportionately distributed among the various categories of support units that are appropriate for the district.

2. Application of Support Program to Separate Schools/Attendance Units in District.
   a. Separate Elementary School. — Any separate elementary school shall be allowed to participate in the educational support program as though the school were the only elementary school operated by the district.
   b. Hardship Elementary School. — Upon application of the board of trustees of a school district, the state board of education is empowered to determine that a given elementary school or elementary schools within the school district, not otherwise qualifying, are entitled to be counted as a separate elementary school as defined in section 33-1001, Idaho Code, when, in the discretion of the state board of education, special conditions exist warranting the retention of the school as a separate attendance unit and the retention results in a substantial increase in cost per pupil in average daily attendance above the average cost per pupil in average daily attendance of the remainder of the district's elementary grade school pupils. An elementary school operating as a previously approved hardship elementary school shall continue to be considered as a separate attendance unit, unless the hardship status of the elementary school is rescinded by the state board of education.
   c. Separate Secondary School. — Any separate secondary school shall be allowed to participate in the educational support program as though the school were the only secondary school operated by the district.
   d. Elementary/Secondary School Attendance Units. — Elementary grades in an elementary/secondary school will be funded as a separate attendance unit if all elementary grades served are situated more than ten (10) miles distance from both the nearest like elementary grades within the same school district and from the location of the office of the superintendent of schools of such district, or from the office of the chief administrative officer of
such district if the district employs no superintendent of schools. Secondary grades in an elementary/secondary school will be funded as a separate attendance unit if all secondary grades served are located more than fifteen (15) miles by an all-weather road from the nearest like secondary grades operated by the district.

e. Hardship Secondary School. -- Any district which operated two (2) secondary schools separated by less than fifteen (15) miles, but which district was created through consolidation subsequent to legislative action pursuant to chapter 111, laws of 1947, and which school buildings were constructed prior to 1935, shall be entitled to count the schools as separate attendance units.

f. Minimum Pupils Required. -- Any elementary school having less than ten (10) pupils in average daily attendance shall not be allowed to participate in the state or county support program unless the school has been approved for operation by the state board of education.

3. Remote Schools. -- The board of trustees of any Idaho school district which operates and maintains a school which is remote and isolated from the other schools of the state because of geographical or topographical conditions may petition the state board of education to recognize and approve the school as a remote and necessary school. The petition shall be in form and content approved by the state board of education and shall provide such information as the state board of education may require. Petitions for the recognition of a school as a remote and necessary school shall be filed annually at least ninety (90) days prior to the date of the annual meeting of the board of trustees as established in section 33-510, Idaho Code.

Within forty-five (45) days after the receipt of a petition for the recognition of a remote and necessary school, the state board of education shall either approve or disapprove the petition and notify the board of trustees of its decision. Schools which the state board of education approves as being necessary and remote shall be allowed adequate funding within the support program for an acceptable educational program for the students of the school. In the case of a remote and necessary secondary school, grades 7-12, the educational program shall be deemed acceptable when, in the opinion of the state board of education, the accreditation standard relating to staff size, established in accordance with section 33-119, Idaho Code, has been met. The final determination of an acceptable program and adequate funding in the case of a remote and necessary elementary school shall be made by the state board of education.

4. Support Program When District Boundaries are Changed.

a. In new districts formed by the division of a district, the support program computed for the district divided in its last year of operation, shall be apportioned to the new districts created by the division, in the proportion that the average daily attendance of pupils, elementary and secondary combined, residing in the area of each new district so created, is to the average daily attendance of all pupils, elementary and secondary combined, in the district divided in its last year of operation before the division.

b. When boundaries of districts are changed by excision or annex-
ation of territory, the support program of any district from which
territory is excised for the last year of operation before such
excision shall be divided, and apportioned among the districts
involved, as prescribed in subsection 4a. hereof of this section.
c. In new districts formed by consolidation of former districts,
the support program allowance for a seven (7) year period follow­
ing the formation of the new district, shall not be less than the
combined support program allowances of the component districts in
the last year of operation before consolidation.
5. For the fiscal year which commences on July 1, 1986, and for
each succeeding fiscal year, any school district whose adjusted market
value for assessment purposes decreases forty percent (40%) or more
from the previous year's adjusted market value for assessment purposes
as such valuation existed on December 31, is eligible to receive an
adjustment to its educational support program entitlement, subject to
qualifications as follows:
a. The adjusted market value for assessment purposes has
decreased forty percent (40%) or more from the previous year's
adjusted market value for assessment purposes as such valuation
existed on December 31; and
b. The school levy to be certified for the general maintenance
and operation fund shall be no less than four-tenths of one per­
cent (.4%); and
(c. An eligible school district has made application to the state
department of education for an adjustment to entitlement from the
state educational support program on or before June 1 of the fis­
cal year. Such application must document the need for additional
funds and must include a district plan to minimize impact of a
reduced local tax base.

SECTION 4. That Section 33-515, Idaho Code, be, and the same is
hereby amended to read as follows:

33-515. ISSUANCE OF RENEWABLE CONTRACTS. During the third full
year of continuous employment by the same school district, including
any specially chartered district, each certificated employee named in
subsection 136, of section 33-1001, Idaho Code, and each school nurse
and school librarian shall be evaluated for a renewable contract and
shall, upon having been offered a contract for the next ensuing year,
having given notice of acceptance of renewal and upon signing a con­
tract for a fourth full year, be placed on a renewable contract status
with said school district subject to the provisions included in this
chapter.
After the third full year of employment and at least once annu­
ally, the performance of each such certificated employee, school
nurse, or school librarian shall be evaluated according to criteria
and procedures established by the board of trustees in accordance with
general guidelines approved by the state board of education. Except as
otherwise provided, that person shall have the right to automatic
renewal of contract by giving notice, in writing, of acceptance of
renewal. Such notice shall be given to the board of trustees of the
school district then employing such person not later than the fif­
teenth day of June preceding the expiration of the term of the current
contract. Except as otherwise provided by this paragraph, the board of trustees shall notify each person entitled to be employed on a renewable contract of the requirement that such person must give the notice hereinabove and that failure to do so may be interpreted by the board as a declination of the right to automatic renewal or the offer of another contract. Such notification shall be made, in writing, not later than the twenty-fifth day of May, in each year, except to those persons to whom the board, prior to said date, has sent proposed contracts for the next ensuing year, or to whom the board has given the notice required by this section.

Any contract automatically renewed under the provisions of this section shall be for the same length as the term stated in the current contract and at a salary no lower than that specified therein, to which shall be added such increments as may be determined by the statutory or regulatory rights of such employee by reason of training, service, or performance.

Nothing herein shall prevent the board of trustees from offering a renewed contract increasing the salary of any certificated person, or from reassigning an administrative employee to a nonadministrative position with appropriate reduction of salary from the preexisting salary level. In the event the board of trustees reassigns an administrative employee to a nonadministrative position, the board shall give written notice to the employee which contains a statement of the reasons for the reassignment. The employee, upon written request to the board, shall be entitled to an informal review of that decision. The process and procedure for the informal review shall be determined by the local board of trustees.

Before a board of trustees can determine not to renew for reasons of an unsatisfactory report of the performance of any certificated person whose contract would otherwise be automatically renewed, or to renew the contract of any such person at a reduced salary, such person shall be entitled to a reasonable period of probation. This period of probation shall be preceded by a written notice from the board of trustees with reasons for such probationary period and with provisions for adequate supervision and evaluation of the person's performance during the probationary period. Such period of probation shall not affect the person's renewable contract status. Consideration of probationary status for certificated personnel is consideration of the status of an employee within the meaning of section 67-2345, Idaho Code, and may be held in executive session. If the consideration results in probationary status, the individual on probation shall not be named in the minutes of the meeting. A record of the decision shall be placed in the teacher's personnel file.

If the board of trustees takes action to immediately discharge or discharge upon termination of the current contract a certificated person whose contract would otherwise be automatically renewed, or to renew the contract of any such person at a reduced salary, the action of the board shall be consistent with the procedures specified in section 33-513(5), Idaho Code, and furthermore, the board shall notify the employee in writing whether there is just and reasonable cause not to renew the contract or to reduce the salary of the affected employee, and if so, what reasons it relied upon in that determination.
If the board of trustees, for reasons other than unsatisfactory service, for the ensuing contract year, determines to change the length of the term stated in the current contract, reduce the salary or not renew the contract of a certificated person whose contract would otherwise be automatically renewed, nothing herein shall require a probationary period.

SECTION 5. That Section 33-1004G, Idaho Code, be, and the same is hereby amended to read as follows:

33-1004G. EARLY RETIREMENT INCENTIVE. (1) Each certificated employee of an Idaho public school district as defined in section 33-1001 136., Idaho Code, is eligible for an early retirement incentive, provided they meet the following criteria:

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 79, Title 39, Idaho Code, and to read as follows:

CHAPTER 79
LOCAL OPTION SWINE FACILITIES SITING ACT

39-7901. SHORT TITLE. This act shall be known as the "Local Option Swine Facilities Siting Act."
39-7902. LEGISLATIVE FINDINGS AND PURPOSES. (1) The legislature finds that:

(a) The swine industry is experiencing rapid changes such as increased sophistication of production technology, increased demand for capital to maintain or expand operations, consolidation of production and packing facilities and changing consumer demands and markets;

(b) Large swine facilities increase social and environmental impacts in the areas where these facilities are located;

(c) Adverse public health and environmental impacts can result from the improper siting of large swine facilities, therefore the need for establishing safe sites with an adequate supply of natural resources, such as water, and an adequate capacity for the disposal of animal waste is a matter of statewide concern;

(d) Section 39-104A, Idaho Code, vests the department of health and welfare with the responsibility to make rules regulating swine operations; and section 39-105, Idaho Code, vests the department of health and welfare with the responsibility for the general supervision of the promotion and protection of the life, health and environment of the people of the state, including regulation of air quality, water quality and disposal of solid waste.

(2) (a) To facilitate swine facility siting decisions by boards of county commissioners and governing bodies of cities, this chapter establishes a review process within the department of health and welfare for construction or expansion of large swine facilities of a certain size, and to require approval of sites.

(b) The procedures and requirements established in this chapter are necessary to facilitate the proper siting of large swine facilities, to effect timely and responsible completion of statutory duties and to ensure protection of human health, natural resources, private property values and the environment of the state.

(c) The site approval required in this chapter is required in addition to any other license, permit or approval required by law or rule.

(3) It is the intent of the legislature that this chapter will be applied only to swine facilities with a capacity of twenty thousand (20,000) animal units or more and that this chapter will not be applied to any other confined animal feeding operations.

Total animal units are calculated by adding the number of swine weighing over twenty-five (25) kilograms (approximately fifty-five (55) pounds) multiplied by four-tenths (.4), plus the number of weaned swine weighing under twenty-five (25) kilograms multiplied by one-tenth (.1).

39-7904. SITE APPROVAL REQUIRED -- SITE APPROVAL IS SUPPLEMENTAL -- LOCAL OPTION -- LOCAL ACTION REQUIRED FOR DEPARTMENT ACTION. (1) No person may construct or expand a large swine facility regulated by this chapter without first obtaining site approval from the director as provided in this chapter.

(2) The site approval required by this chapter for construction or expansion of a large swine facility is required in addition to requirements of any rules of the department. Further, the site approval required by this chapter must be obtained in addition to any other license, permit or approval required by law or rule.
(3) This chapter does not preempt the local regulation of swine facilities. This chapter provides boards of county commissioners and governing bodies of cities with an optional procedure for siting swine facilities. If boards of county commissioners and governing bodies of cities do not exercise their option to comply with this chapter, they are not subject to its provisions and may exercise individual authority to accept, regulate or reject swine facilities independently of this chapter.

(4) This chapter applies only if the board of county commissioners or governing body of a city, whichever has jurisdiction over the site for a proposed swine facility, chooses to comply with this chapter. If a board of county commissioners or a governing body of a city with jurisdiction chooses not to comply with this chapter, the department is not required to take any action under this chapter.

(5) Boards of county commissioners and governing bodies of cities that choose to comply with this chapter shall signify compliance by resolution or ordinance communicated to the director in writing.

(6) If a board of county commissioners or a governing body of a city chooses to comply with this chapter, the department does not have to issue a determination or notice of environmental suitability of facility location pursuant to its rules for swine facilities, IDAPA 16.01.09.

39-7905. APPLICATION -- FACILITIES REGULATED. (1) The following swine facilities must obtain site approval under this chapter:
(a) New swine facilities having a one-time animal unit capacity of twenty thousand (20,000) or more animal units; and
(b) Existing swine facilities that expand their one-time animal unit capacity to twenty thousand (20,000) animal units or more.

(2) Two or more swine facilities under common owners, operators or those with whom the owners or operators contract or are located within the same county or within five (5) miles of each other shall be considered, for purposes of licensing, to be a single facility regulated under this chapter, even though separately their capacity is less than twenty thousand (20,000) animal units. In each case, the director shall determine whether one or multiple site approvals are required.

(3) (a) Existing swine facilities with a one-time animal unit capacity of twenty thousand (20,000) animal units built and in operation one (1) year or more before the original effective date of this chapter are exempt from the requirement to obtain a site approval pursuant to this chapter unless they expand as provided in this section. However, such facilities shall register with the director within three (3) months after the original effective date of this chapter. The director shall determine the information that must be submitted as part of their registration.
(b) Existing swine facilities required in this subsection to register with the director shall submit a nutrient management plan and closure plan to the director for approval within two (2) years of the original effective date of this chapter in accordance with rules of the department. An application fee shall not be required unless the facility is expanding.
39-7906. DIRECTOR MAY MAKE RULES AND CONTRACT WITH OTHER AGENCIES. (1) The director may adopt administrative rules he deems necessary or helpful to carry out the purposes of this chapter.

(2) The director may enter into contracts, agreements, memorandums and other arrangements with federal, state and local agencies to carry out the purposes of this chapter.

39-7907. LOCATION GUIDELINES. This section provides location guidelines for swine facilities regulated by this chapter. Where the location guidelines provide a specific setback distance, that distance is the maximum setback distance that may be imposed. Lesser setback distances may be imposed as circumstances permit.

(1) A swine facility regulated by this chapter shall not:
   (a) Locate its closest waste facility within two (2) miles of any occupied residence not owned or leased by the owner or operator of the swine facility;
   (b) Land apply liquid animal waste within one (1) mile of the nearest corner of an occupied residence not owned or leased by the owner or operator of the swine facility.

(2) The setback distances provided in subsection (1) of this section do not apply if the affected property owner executes a written waiver with the owner or operator of the swine facility, under terms and conditions that the parties may negotiate. The written waiver is effective when recorded in the offices of the recorder of deeds in the county in which the property is located. The recorded waiver shall preclude enforcement of the setback distances contained in subsection (1) of this section. A change in ownership of the applicable property or change in ownership of the swine facility does not affect the validity of the waiver.

(3) All distances between occupied residences and swine facilities shall be measured from the closest corner of the walls of the occupied residence to the closest point of the nearest waste structure or waste facility, as defined by the director.

(4) No liquid animal waste may be land applied within one hundred (100) feet of an existing public or private drinking water well.

(5) The minimum distance from a waste structure or waste facility to a domestic well, public well or public water source shall be one (1) mile.

(6) Further, swine facilities shall not be located:
   (a) In areas designated by the United States fish and wildlife service or the Idaho department of fish and game as critical habitat for endangered or threatened species of plants, fish or wildlife;
   (b) So as to be at variance with any locally adopted land use plan or zoning requirement unless otherwise provided by local law or ordinance. If no land use plan has been adopted by the local government which would have land use jurisdiction pursuant to chapter 65, title 67, Idaho Code, the recommendations of the panel approving a site shall contain an analysis of the requirements and guidelines provided in this chapter. The analysis shall be accompanied by findings and conclusions, entered by the local government with jurisdiction after the local government has held a public hearing in accord with section 67-6509, Idaho Code, that the
public interest would be served by locating a swine facility on the site for which approval is sought;
(c) Within one (1) mile of any local, state or national park, or land reserved or withdrawn for scenic or natural use; and
(d) Within two (2) miles of a school, church, hospital or community center.
(7) A swine facility active unit shall not be located:
(a) Within a one hundred (100) year flood plain;
(b) Within five hundred (500) feet upstream of a perennial stream or river;
(c) Within one thousand (1,000) feet of any perennial lake or pond;
(d) So as to cause any measurable impact on water quality limited streams;
(e) Within a wetland;
(f) Within two hundred (200) feet to the property line of adjacent land;
(g) Within two hundred (200) feet of a holocene fault or adjacent to geologic features which could compromise the structural integrity of a swine facility active unit unless the owner or operator demonstrates to the director that an alternative setback distance of less than two hundred (200) feet will prevent damage to the structural integrity of the swine facility unit and will be protective of human health and the environment. For the purposes of this subsection:
(i) "Fault" means a fracture or a zone of fractures in any material along which strata on one (1) side have been displaced with respect to that on the other side;
(ii) "Displacement" means the relative movement of any two sides of a fault measured in any direction;
(iii) "Holocene" means the most recent epoch of the quaternary period, extending from the end of the pleistocene epoch to the present.
(h) Within seismic impact zones, unless the owner or operator demonstrates to the director that all swine facility active units and surface water control systems, are designed to resist the maximum horizontal acceleration in lithified earth material for the site. The owner or operator must place the demonstration in the operating record and notify the director that it has been placed in the operating record. For the purposes of this section:
(i) "Seismic impact zone" means an area with a ten percent (10%) or greater probability that the maximum horizontal acceleration in lithified earth material, expressed as a percentage of the earth's gravitational pull (g), will exceed one-tenth (0.10g) in two hundred fifty (250) years;
(ii) "Maximum horizontal acceleration in lithified earth material" means the maximum expected horizontal acceleration depicted on a seismic hazard map, with a ninety percent (90%) or greater probability that the acceleration will not be exceeded in two hundred fifty (250) years, or the maximum expected horizontal acceleration based on a site-specific seismic risk assessment;
(iii) "Lithified earth material" means all rock, including
all naturally occurring and naturally formed aggregates or masses of minerals or small particles of older rock that formed by crystallization of magma or by induration of loose sediments. This term does not include man-made materials, such as fill, concrete and asphalt, or unconsolidated earth materials, soil, or regolith lying at or near the earth's surface.

(i) On any site whose natural state would be considered unstable in that its undisturbed character would not permit establishment of a swine facility without unduly threatening the integrity of the design due to inherent site instability;

(j) Where the integrity of the site would be compromised by the presence of ground water which would interfere with construction or operation of the active unit.

39-7908. SITE REVIEW PANELS ESTABLISHED. (1) A site review panel shall be established to ensure public input in the siting process and to recommend to the director site approval, approval with conditions or rejection.

(2) A panel shall consist of eight (8) members to be appointed as follows:

(a) Three (3) members shall be the administrator of the division of environmental quality or his designee, the director of the department of water resources or his designee, and the director of the department of agriculture or his designee.
(b) One (1) member shall be a public member appointed by the governor. The public member shall be an environmental professional, shall serve as chairman of the panel and shall be a voting member. A member who is a public member shall be appointed to serve on site review panels only until the particular site application subject to their review is approved, or until the application is rejected and is no longer subject to their review.
(c) Two (2) members shall be appointed by the city council of the city located closest to, or in which the swine facility is proposed to be located or expanded, provided the governing body of the city has signified compliance with this chapter as provided in section 39-7903, Idaho Code. At least one (1) shall be a resident of the city. However, if two (2) cities are equidistant from the proposed or expanding swine facility, plus or minus five (5) miles, the city council of each city shall appoint one (1) member each to the site review panel, each of whom shall be a resident of the city appointing them. The members serving pursuant to this subsection shall serve until the particular site application subject to their review is approved or it is rejected and is no longer subject to their review.
(d) Two (2) members shall be appointed by the county commission and be residents of the county where the swine facility is proposed to be located or expanded, provided the board of county commissioners has signified compliance with this chapter as provided in section 39-7903, Idaho Code. The members serving pursuant to this subsection shall serve until the particular site application subject to their review is approved, or until the application is rejected and is no longer subject to their review.
(e) A person nominated to represent a city or county shall not have a conflict of interest, as that term is defined in section 59-703, Idaho Code, or derive any economic gain as that term is defined in section 59-703, Idaho Code, from the location of the proposed or expanding swine facility.

(3) The director shall notify the city council of the nearest city, or cities if two (2) cities are within five (5) miles of the site of the proposed facility, and the board of county commissioners in which the site is located, of a site application filed with the department and shall instruct the city or cities and county to appoint the necessary members to a panel.

(4) A majority of members of the panel shall constitute a quorum for the transaction of business of the panel and the concurrence of a majority of the panel shall constitute a legal action of the panel, provided that no meeting of the panel shall occur unless there are at least as many members present representing the city and county as there are representing the state and the public as appointed pursuant to subsections (2)(a) and (b) of this section. All meetings of the panel shall be conducted pursuant to the state open meeting law.

(5) The director shall make staff available to assist the panel in carrying out its responsibilities.

(6) Members of the panel who are not state employees shall be entitled to receive compensation as provided in section 59-509(b), Idaho Code.

39-7909. SITING APPLICATION -- FEE -- RULES. (1) A site application shall include, in a format set forth by the director and when determined applicable by the director, the following information:

(5) Comment and input on the proposed siting of the swine facility may be presented orally or in writing at the public hearing, and shall continue to be accepted in writing by the panel for thirty (30) days after the public hearing date. The public hearing shall be held in the same county as the proposed site. If the proposed site is adjacent to a city or populated area in a neighboring county, it is recommended that public hearings also be held in the neighboring county.

The mechanism(s) used to demonstrate financial capability must be legally valid, binding and enforceable under applicable law and must ensure that the funds necessary to meet the costs of closure and remediation will be available whenever the funds are needed. The director may retain financial assurances for up to five (5) years after closure of a facility to ensure proper closure and remediation, as defined by rule.

(2) Nothing in this section prohibits the boards of county commissioners of any county or the governing body of any city from adopting regulations that are more stringent or that require greater financial assurances than those imposed by the division of environmental quality.

39-7912. DIRECTOR MAY REQUEST ADDITIONAL INFORMATION. The applicant shall provide the director with additional information the director deems necessary to process an application, within thirty (30) days of the director's request. The time period within which the director must act with regard to an application shall be stayed until the information requested is provided. 39-7915. SEVERABILITY CLAUSE. If any provision of this chapter or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-1207A, Idaho Code, be, and the same is hereby amended to read as follows:

33-1207A. TEACHER PREPARATION. (1) Higher Education Institutions. The state board shall review teacher preparation programs at the institutions of higher education under their supervision and shall assure that the course offerings and graduation requirements are consistent with the state board approved, research based "Idaho Comprehensive Literacy Plan." To assure the most immediate compliance with this requirement, the board may allocate funds, subject to appropriation, to institutions which require revision of the program.

The state board shall be responsible for the development of a single preservice assessment measure for all kindergarten through grade eight (8) teacher preparation programs. The assessment must include a demonstration of teaching skills and knowledge congruent with current research on best reading practices. In addition the assessment must include how children acquire language; the basic sound structure of English, including phonological and phonemic awareness; phonics and structural analysis; semantics and syntactics; how to select reading textbooks; and how to use diagnostic tools and test data to improve teaching. It shall also include the preservice teacher's knowledge base of reading process: phonological awareness; sound-symbol correspondence (intensive, systematic phonemes); semantics (meaning); syntax (grammar and language patterns); pragmatics (background knowledge and life experience); and comprehension and critical thinking. By September 2002, all teacher candidates shall pass this assessment as part of the graduation requirements from an Idaho teacher preparation pro-
gram. The state board shall report the number of preservice teachers taking and passing the performance-based reading assessment to the legislature and governor annually. All costs associated with administration of this test shall be borne by the institution which administers the test and shall be shown as a line item in the appropriation request of the institution for state reimbursement.

(2) In-service Programs. Each teacher employed in a classroom for kindergarten through grade eight (8), Title I, or special education and each school administrator of a school which includes kindergarten through grade eight (8), Title I, or special education shall complete three (3) credits (or forty-five (45) contact hours of in-service training) of a single state approved reading instruction course titled "Idaho Comprehensive Literacy Course" based on the state approved research based "Idaho Comprehensive Literacy Plan" in order to recertify. Effective September 2000, the affected certificated personnel need only qualify under this requirement once. Courses which qualify for credit shall be approved by the state department of education. These courses and any educator who completes a state approved reading instruction course prior to September 2001, shall be deemed to have met the requirements of this subsection. Completion of a state approved reading instruction course shall be a one-time requirement for each renewal of certification for those currently employed in an Idaho school district and shall be included within current requirements for continuing education for renewal. The department shall provide a waiver of this requirement if the applicant successfully completes the reading assessment measure developed for preservice purposes as provided in subsection (1) of this section. The department shall establish a procedure to allow a waiver of this requirement if the applicant teaches in a secondary grade subject which does not directly involve teaching reading or writing.

The board of trustees of every school district shall include in its plan for in-service training, coursework covering reading skills development, including diagnostic tools to review and adjust instruction continuously, and the ability to identify students who need special help in reading. The district plan for in-service training in reading skills shall be submitted to the state department of education for review and approval, in a format specified by the department.

(6) With respect to a petition filed by an out-of-state prisoner, the court should not grant a writ of habeas corpus or order an evidentiary hearing under this section unless, after reviewing the petition for writ of habeas corpus, the response and the reply, if any, the court finds that the out-of-state prisoner's state or federal constitutional rights may have been violated relative to the out-of-state prisoner's conditions of confinement. (d) The court finds that the balance of potential harm to the petitioner substantially outweighs any legitimate governmental interest; and

(e) The court finds that equity favors granting relief to the petitioner.

(3) Any order granting the writ should issue without delay and a
hearing should be scheduled. The court may provide a statement of the issues to be addressed, and whether evidence will be accepted.

(4) If a court issues an order granting the writ and setting the matter for hearing, the court may set the hearing at the state, prison or county jail local or private correctional facility or other appropriate place.

(b) Provide that the prison or jail officials of the correctional facility shall have not less than thirty (30) days in which to convene the rehearing.

(3) The prison or jail correctional facility authority shall have the responsibility for the recalculation and restoration of good time credits. If good time credits are restored to the petitioner as a result of the rehearing, and restoration of good time credits entitles

56-101. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter and shall have the following meanings:

(1) "Appraisal" means the method of determining the value of the property as determined by an appraisal conducted by a member of the appraisal institute (MAI), or successor organization. The appraisal must specifically identify the values of land, building, equipment, and goodwill.

(2) "Assets" means economic resources of the contractor, recognized and measured in conformity with generally accepted accounting principles.

(3) "Bed-weighted median" is determined by arraying the average per diem cost per bed of all facilities from high to low and identifying the bed at the point in the array at which half of the beds have equal or higher per diem costs and half have equal or lower per diem costs. The identified bed is the median bed. The per diem cost of the median bed is the bed-weighted median.

(4) "Case mix index" is a numeric score assigned to each facility resident, based on the resident's physical and mental condition, which projects the amount of relative resources needed to provide care to the resident.

(5) "Depreciation" means the systematic distribution of the cost or other basis of tangible assets, less salvage, over the estimated useful life of the assets.

(6) "Direct care costs" consists of the following costs directly assigned to the nursing facility or allocated to the nursing facility through medicare cost finding principles:

(a) Direct nursing salaries which include the salaries of registered nurses, licensed professional nurses, certificated nurse's aides, and unit clerks; and
(b) Routine nursing supplies; and
(c) Nursing administration; and
(d) Direct portion of medicaid related ancillary services; and
(e) Social services; and
(f) Raw food; and
(g) Employee benefits associated with the direct salaries.
(7) "Director" means the director of the department of health and welfare or the director's designee.
(8) "Equity" means the new book value of all tangible and intangible assets less the recorded value of all liabilities, as recognized and measured in conformity with generally accepted accounting principles.
(9) "Facility" means an entity which contracts with the director to provide services to recipients in a structure owned, controlled, or otherwise operated by such entity, and which entity is responsible for operational decisions. In conjunction with the use of the term "facility":
(a) "Free-standing intermediate care" means an intermediate care facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code; and
(b) "Free-standing skilled care" means a skilled nursing facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code; and
(c) "Free-standing special care" means a facility that provides either intermediate care, or skilled care, or intermediate care for the mentally retarded, or any combination of either, which is not owned, managed, or operated by, nor is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code; and
(d) "Hospital-based" means a skilled nursing or intermediate care facility, as defined in and licensed under chapter 13, title 39, Idaho Code, which is owned, managed, or operated by, or is otherwise a part of a hospital, as defined in section 39-1301(a), Idaho Code.

(11) "Goodwill" means the amount paid by the purchaser that exceeds the net tangible assets received. The value of goodwill is derived from the economic benefits that a going concern may enjoy, as compared with a new one, from established relations in the related markets, with government departments and other noncommercial bodies and with personal relationships. These intangible assets cannot be separated from the business and sold as can plant and equipment. Under the theory that the excess payment would be made only if expected future earnings justified it, goodwill is often described as the price paid for excess future earnings. The amortization of goodwill is nonallowable, nonreimbursable expense.
(12) "Historical cost" means the actual cost incurred in acquiring and preparing an asset for use, including feasibility studies, architect's fees, and engineering studies.
(13) "Indirect care costs" consists of the following costs either
directly coded to the nursing facility or allocated to the nursing facility through the medicare step-down process:

(f) Plant operation and maintenance (excluding utilities); and
(g) Medical records; and
(h) Employee benefits associated with the indirect salaries; and
(i) Housekeeping; and
(j) Other costs not included in direct care costs or costs exempt from cost limits.

(14) "Interest rate limitation" means that the interest rate allowed for working capital loans and for loans for major movable equipment for intermediate care facilities for the mentally retarded shall be the prime rate as published in the western edition of the Wall Street Journal or successor publication, plus one percent (1%) at the date the loan is made. All interest expense greater than the amount derived by using the limitation above shall be nonreimbursable; provided, however, that this interest rate limitation shall not be imposed against loans or leases which were made prior to July 1, 1984. Said loans or leases shall be subject to the tests of reasonableness, relationship to patient care and necessity.

(15) "Intermediate care facility for the mentally retarded" means an habilitative facility designed and operated to meet the educational, training, habilitative and intermittent medical needs of the developmentally disabled.

(16) "Major movable equipment" means such items as accounting machines, beds, wheelchairs, desks, furniture, vehicles, etc. The general characteristics of this equipment are:

(a) A relatively fixed location in the building;
(b) Capable of being moved, as distinguished from building equipment;
(c) A unit cost sufficient to justify ledger control;
(d) Sufficient size and identity to make control feasible by means of identification tags; and
(e) A minimum life of approximately three (3) years.

(17) "Medicaid" means the 1965 amendments to the social security act (P.L. 89-97), as amended.

(18) "Minor movable equipment" includes such items as wastebaskets, bedpans, syringes, catheters, silverware, mops, buckets, etc. The general characteristics of this equipment are:

(a) In general, no fixed location and subject to use by various departments of the provider's facility;
(b) Comparatively small in size and unit cost;
(c) Subject to inventory control;
(d) Fairly large quantity in use; and

(20) "Normalized per diem costs" refers to direct care costs that
have been adjusted based on the facility's case mix index for purposes of making the per diem costs comparable among facilities. Normalized per diem costs are calculated by dividing the facility's direct care per diem costs by its facility-wide case mix index, and multiplying the result by the statewide average case mix index.

(21) "Nursing facility inflation rate" means the most specific skilled nursing facility inflation rate applicable to Idaho established by data resources, inc., or its successor. If a state or regional index has not been implemented, the national index shall be used.

(22) "Patient-day" means a calendar day of care which will include the day of admission and exclude the day of discharge unless discharge occurs after 3:00 p.m. or it is the date of death, except that, when admission and discharge occur on the same day, one (1) day of care shall be deemed to exist.

(23) "Property costs" means the total of allowable interest expense, plus depreciation, property insurance, real estate taxes, amortization, and allowable lease/rental expense. The department may require and utilize an appraisal to establish those components of property costs which are identified as an integral part of an appraisal.

(24) "Raw food" means food used to meet the nutritional needs of the residents of a facility, including liquid dietary supplements, liquid thickeners, and tube feeding solutions.
