In the case of a registered professional engineer, the certificate shall authorize the practice of "professional engineering," and in the case of a registered professional land surveyor the certificate shall authorize the practice of "professional land surveying." Certificates of registration shall show the full name of the registrant, shall give a serial registration number, and shall be signed by the chairman and the secretary of the board under seal of the board.

(2) The issuance of a certificate of registration by the board shall be prima facie evidence that the person named therein is entitled to all the rights, privileges and responsibilities of a registered professional engineer or of a registered professional land surveyor, provided that said certificate of registration has not expired or has not been suspended or revoked.

(3) Each registrant hereunder shall, upon registration, obtain a seal, the use and design of which are described below. It shall be unlawful for any person to affix or to permit his seal and signature to be affixed to any documents after the certificate of the registrant named thereon has expired or has been suspended or revoked, unless said certificate shall have been renewed, reinstated, or reissued, or for the purpose of aiding or abetting any other person to evade or attempt to evade any portion of this chapter.

(a) The seal may be a rubber stamp, crimp or electronically generated image. Whenever the seal is applied, the registrant's written signature and date shall also be included. If the signature is handwritten, it shall be adjacent to or across the seal. No further words or wording is required. Any such document presented to a client or public or governmental agency that is not final and does not contain a seal, signature and date shall be clearly marked as "preliminary," "draft," "not for construction" or with similar words to distinguish the document from a final document.
(c) The seal, signature and date shall be placed on all original documents. The application of the registrant's seal, signature and date shall constitute certification that the work thereon was done by him or under his responsible charge. Each plan or drawing sheet shall be sealed and signed by the registrant or registrants responsible for each sheet. In the case of a business entity, each plan or drawing sheet shall be sealed and signed by the registrant or registrants involved. The principal in responsible charge shall sign and seal the title or first sheet. Copies of electronically produced documents, listed in paragraph (b) of this subsection, distributed for informational uses such as for bidding purposes or working copies, may be issued with the registrant's seal and a notice that the original document is on file with the registrant's signature and date. The words "Original Signed By:" and "Date Original Signed:" shall be placed adjacent to or across the seal on the electronic original. Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-1411, Idaho Code, be, and the same is hereby amended to read as follows:

42-1411. REPORT OF THE DIRECTOR. (1) The director shall prepare a director's report on the water system. The director may file the director's report in parts as the director deems appropriate. The director may include such explanatory material as he deems appropriate in the director's report. Such explanatory material shall not impose any conditions or restrictions on the rights reported and shall not be subject to objection. This explanatory material shall not be used to support any notice of claim, objection to a notice of claim, or response to an objection.

(2) The director shall determine the following elements, to the extent the director deems appropriate and proper, to define and administer the water rights acquired under state law:
(a) the name and address of the claimant;
(b) the source of water;
(c) the quantity of water used describing the rate of water diver-
sion or, in the case of an instream flow right, the rate of water flow in cubic feet per second or annual volume of diversion of water for use or storage in acre-feet per year as necessary for the proper administration of the water right;
(d) the date of priority;
(e) the legal description of the point(s) of diversion; if the claim is for an instream flow, then a legal description of the beginning and ending points of the claimed instream flow;
(f) the purpose of use;
(g) the period of the year when water is used for such purposes;
(h) a legal description of the place of use; if one (1) of the purposes of use is irrigation, then the number of irrigated acres within each forty (40) acre subdivision, except as provided in section 42-219, Idaho Code;
(i) conditions on the exercise of any water right included in any decree, license, or approved transfer application; and
(j) such remarks and other matters as are necessary for definition of the right, for clarification of any element of a right, or for administration of the right by the director.
(3) The director may include such general provisions in the director's report, as the director deems appropriate and proper, to define and to administer all water rights.
(4) The director shall file the director's report with the district court, and the director's report shall be a part of the record. Upon filing with the court, the director's report, except for the explanatory material referred to in subsection (1) of this section, shall constitute prima facie evidence of the nature and extent of the water rights acquired under state law. The unobjected to portions of the director's report shall be decreed as reported.
(5) Each claimant of a water right acquired under state law has the ultimate burden of persuasion for each element of a water right. Since the director's report is prima facie evidence of the nature and extent of the water rights acquired under state law, a claimant of a water right acquired under state law has the burden of going forward with the evidence to establish any element of a water right which is in addition to or inconsistent with the description in a director's report. Any party filing an objection to any portion of the director's report shall have the burden of going forward with the evidence to rebut the director's report as to all issues raised by the objection. Any other party to the proceeding may submit evidence in opposition to the objector's position and in support of the director's report. All such proceedings shall be governed by the Idaho rules of civil procedure and Idaho rules of evidence.
(6) The director shall file an original of the director's report with the district court. The director shall also distribute for display and review at least one (1) copy of the director's report to the office of the clerk of the district court for each county in which any part of the water system is located. The director shall also serve on each claimant or the claimant's attorney whose water right is listed in the director's report a notice of filing of the director's report. Notice shall be sent to the last known address of the claimant or the claimant's attorney. The notice shall be prepared by the director using plain and concise language and shall include:

C. 12 2002

(a) a statement that the director's report of the various water rights acquired under state law has been filed with the district court, naming the district court(s) to which the report was filed;
(b) a copy of that portion of the report setting forth the claimant's water right;
(c) a statement that a complete copy of the director's report is available for inspection, listing the locations at which the director's report is available, which shall include the office of the clerk of the district court for each county in which any part of the water system is located, the offices of the department, and any other locations the director may designate;
(d) a statement that all or a portion of the director's report is available upon request at the offices of the department, subject to payment of a reasonable fee to cover costs of reproduction and mailing;
(e) a statement that any claimant may file objections to any portion of the director's report with the district court specified in the notice and must mail a copy of the objection to the director, and to the claimant of each claimed right objected to, if the objector is not also the claimant of the right for which the objection is filed;

AN ACT
RELATING TO THE ADJUDICATION OF WATER RIGHTS; AMENDING SECTION 42-1411, IDAHO CODE, TO CLARIFY THE PERIOD OF TIME TO BE SET FORTH IN CERTAIN NOTICES BETWEEN FILING OF THE REPORT OF THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES AND THE HEARING AT WHICH TIME THE UNOBJECTED PARTS OF THE REPORT WILL BE DECREE; AND AMENDING SECTION 42-1412, IDAHO CODE, TO CLARIFY THE TIME IN WHICH THE DIRECTOR SHALL FILE CERTAIN STATEMENTS WITH THE DISTRICT COURT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-1411, Idaho Code, be, and the same is hereby amended to read as follows:

42-1411. REPORT OF THE DIRECTOR. (1) The director shall prepare a director's report on the water system. The director may file the director's report in parts as the director deems appropriate. The director may include such explanatory material as he deems appropriate in the director's report. Such explanatory material shall not impose any conditions or restrictions on the rights reported and shall not be subject to objection. This explanatory material shall not be used to support any notice of claim, objection to a notice of claim, or response to an objection.
(2) The director shall determine the following elements, to the extent the director deems appropriate and proper, to define and administer the water rights acquired under state law:
(a) the name and address of the claimant;
(b) the source of water;
(c) the quantity of water used describing the rate of water diversion or, in the case of an instream flow right, the rate of water flow in cubic feet per second or annual volume of diversion of water for use or storage in acre-feet per year as necessary for the proper administration of the water right;
(d) the date of priority;
(e) the legal description of the point(s) of diversion; if the claim is for an instream flow, then a legal description of the beginning and ending points of the claimed instream flow;
(f) the purpose of use;
(g) the period of the year when water is used for such purposes;
(h) a legal description of the place of use; if one (1) of the purposes of use is irrigation, then the number of irrigated acres within each forty (40) acre subdivision, except as provided in section 42-219, Idaho Code;
(i) conditions on the exercise of any water right included in any decree, license, or approved transfer application; and
(j) such remarks and other matters as are necessary for definition of the right, for clarification of any element of a right, or for administration of the right by the director.
(3) The director may include such general provisions in the director's report, as the director deems appropriate and proper, to
define and to administer all water rights.

(4) The director shall file the director's report with the district court, and the director's report shall be a part of the record. Upon filing with the court, the director's report, except for the explanatory material referred to in subsection (1) of this section, shall constitute prima facie evidence of the nature and extent of the water rights acquired under state law. The unobjected to portions of the director's report shall be decreed as reported.

(5) Each claimant of a water right acquired under state law has the ultimate burden of persuasion for each element of a water right. Since the director's report is prima facie evidence of the nature and extent of the water rights acquired under state law, a claimant of a water right acquired under state law has the burden of going forward with the evidence to establish any element of a water right which is in addition to or inconsistent with the description in a director's report. Any party filing an objection to any portion of the director's report shall have the burden of going forward with the evidence to rebut the director's report as to all issues raised by the objection. Any other party to the proceeding may submit evidence in opposition to the objector's position and in support of the director's report. All such proceedings shall be governed by the Idaho rules of civil procedure and Idaho rules of evidence.

(6) The director shall file an original of the director's report with the district court. The director shall also distribute for display and review at least one (1) copy of the director's report to the office of the clerk of the district court for each county in which any part of the water system is located. The director shall also serve on each claimant or the claimant's attorney whose water right is listed in the director's report a notice of filing of the director's report. Notice shall be sent to the last known address of the claimant or the claimant's attorney. The notice shall be prepared by the director using plain and concise language and shall include:

(a) a statement that the director's report of the various water rights acquired under state law has been filed with the district court, naming the district court(s) to which the report was filed;
(b) a copy of that portion of the report setting forth the claimant's water right;
(c) a statement that a complete copy of the director's report is available for inspection, listing the locations at which the director's report is available, which shall include the office of the clerk of the district court for each county in which any part of the water system is located, the offices of the department, and any other locations the director may designate;
(d) a statement that all or a portion of the director's report is available upon request at the offices of the department, subject to payment of a reasonable fee to cover costs of reproduction and mailing;
(e) a statement that any claimant may file objections to any portion of the director's report with the district court specified in the notice and must mail a copy of the objection to the director, and to the claimant of each claimed right objected to, if the objector is not also the claimant of the right for which the objection is filed;
(f) the date prior to which all objections must be filed, which
shall not be less than sixty (60) days for any director's report containing five hundred (500) claims or less, one hundred twenty (120) days for any director's report containing more than five hundred (500) claims and not more than five thousand (5,000) claims, and one hundred eighty (180) days for any director's report containing more than five thousand (5,000) claims; the above-stated periods of time shall commence on the date of service by mail of the notice of filing;

(g) a statement that claimants may file responses with the court to objections filed against their claims, and that a copy of any response must be mailed to the director and to the objector;

(h) the date prior to which all responses to objections must be filed with the court, which shall not be less than one hundred twenty (120) days following receipt of a copy of the objection; and

(i) a statement that any part of the report to which no objections are filed shall be decreed by the district court and the time and location set for the hearing at which the unobjected parts of the report will be decreed, which time shall not be less than sixty (60) days following the expiration of the period for filing responses--to objections.

(7) The director shall file an affidavit with the district court demonstrating compliance with the notice requirements of subsection (6) of this section.

SECTION 2. That Section 42-1412, Idaho Code, be, and the same is hereby amended to read as follows:

42-1412. OBJECTIONS -- RESPONSES TO OBJECTIONS -- HEARING BEFORE DISTRICT JUDGE -- ENTRY OF FINAL DECREE. (1) Any claimant who desires to object to a water right, or to a general provision in the director's report, shall file an objection with the district court within the time specified in the notice of filing of the director's report. The claimant shall also send a copy of the objection to the claimant whose water right claim is the subject of the objection and to the director.

(2) The director may file with the district court a supplemental report to any objection to the director's report within the time specified in the notice of filing of the report. The director shall file with the district court the original of the notice of claim. The director shall mail a copy of the supplemental report to the objector and the claimant whose right is the subject of the objection. A claimant may file with the district court a response to any objection filed with respect to the claimant's water right within the time specified in the notice of filing of the report. If a party other than the claimant or the objector desires to participate in the proceeding concerning a particular objection, the party shall file a response to the objection that states the position of the party. In addition, any party may intervene in any objection proceeding in accordance with rules of practice and procedure established by the district court.

(3) The notice of claim, objections, and responses to objections, shall identify the issues to be heard for water rights acquired under state law.

(4) Following expiration of the period for filing objections and responses thereto, the district court shall hear and determine the objections to any water right or to any general provision in the
director's report. The court shall before any trial, however, order a settlement conference to determine whether the matter can be settled. The court may request the director to conduct a further investigation and to submit a supplemental report for any water right acquired under state law that is the subject of an objection. In addition, the district court or a party may request the director or his designee to present the basis for the recommendations in the director's report.

(5) The district court or special master shall conduct the trial without a jury on an objection or any group of objections in accordance with the Idaho rules of civil procedure.

(6) The district court shall enter a partial decree determining the nature and extent of the water right which is the subject of the objection or other matters which are the subject of the objection. The decree shall contain or incorporate a statement of each element of a water right as stated in subsections (2) and (3) of section 42-1411, Idaho Code, as applicable. The decree shall also contain an express statement that the partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights. Upon entry of the decree, the clerk of the district court shall send a certified copy of the decree to the director in accordance with section 42-1403, Idaho Code. The clerk of the district court shall notify the objector and claimant of each right as to which an objection was determined by the district court of entry of the decree in the manner provided in the Idaho rules of civil procedure.

(7) Not less than sixty (60) days after the expiration of the period for filing responses to objections, the director shall file with the district court a statement of those portions of the director's report for which no objection was filed. Following hearing, the district court shall enter a partial decree as to those portions of the director's report for which no objection has been filed. However, the district court may exclude unobjected claims from this list if the unobjected claim may be affected by the outcome of a contested matter. The decree shall contain or incorporate a statement of those elements of a water right contained in the director's report for water rights acquired under state law. Upon entry of the decree, the clerk of the district court shall send a certified copy of the decree to the director in accordance with section 42-1403, Idaho Code. The clerk of the district court shall notify each claimant of entry of the decree in the manner provided in the Idaho rules of civil procedure.

(8) Upon resolution of all objections to water rights acquired under state law, to water rights established under federal law, and to general provisions, and after entry of partial decree(s), the district court shall combine all partial decrees and the general provisions into a final decree.

(9) The district court may extend or shorten the time for filing any objection to the director's report or any response to an objection.

Provided, however, in no event shall the rate set forth in this section be reduced more than ten percent (10%).

SECTION 3. That Section 63-2407, Idaho Code, be, and the same is hereby amended to read as follows:

deduct from his monthly report:

(1) Motor fuel exported from this state other than in the supply tanks of motor vehicles, motor boats or aircraft when supported by a shipping document, an invoice signed by the purchaser, or other proper documents approved by the commission but only if:
   (a) The purchaser is not a licensed distributor and the seller can establish that any tax due in the jurisdiction to which the motor fuel is destined is paid; or
   (b) The purchaser is a licensed distributor in the jurisdiction to which the motor fuel is destined.

(2) Motor fuel returned to a licensed distributor's refinery or pipeline terminal storage when supported by proper documents approved by the commission.

(4) The number of gallons which would be equal to one per-cent (1%) of the total number of gallons received during the reporting period, less the total number of gallons deducted under subsections (1) through (3) of this section, which credit is granted to the licensed distributor to reimburse him for the expense incurred on behalf of the state of Idaho in collecting and remitting motor fuel tax moneys, maintaining necessary records for the state, preparing necessary reports and remittances in compliance with this chapter, and for loss from evaporation, handling, spillage and shrinkage, except losses caused by casualty as provided in subsection (3) of this section. The licensed distributor may, in addition to the above, deduct the number of gallons equal to one per-cent percent (1%) of the total number of gallons received during the preceding calendar month, less the total number of gallons deducted under subsections (1) through (3) of this section, to cover shrinkage, evaporation, spillage and handling losses of a retail dealer. The latter deductions are to be allowed only upon filing with the commission satisfactory evidence as may be prescribed by it indicating the credit allowance has been made in favor of the retail dealer or paid to him. The evidence shall be submitted together with the report wherein this portion of the deduction is claimed. A licensed distributor who sells and delivers motor fuel directly to the consumer and not for resale shall, with respect to those sales, be deemed a retail dealer for the purposes of this section.

(5) Motor fuel sold to the Idaho national guard for use in aircraft and in vehicles used off public highways provided, however, such deduction is supported by an exemption certificate signed by an authorized officer of the Idaho national guard.

(6) For sales made on or after July 1, 1995, taxes previously paid on gallons represented by accounts found to be worthless and actually charged-off for income tax purposes may be credited upon a subsequent payment of the tax provided in this chapter or, if no such tax is due, refunded. If such accounts are thereafter collected, the tax per gallon shall be paid based upon the amount actually received divided by the price per gallon of the original sale multiplied by the appropriate tax rate.

(7) In the case of motor fuel received during the reporting period and included in the report that is:
   (a) Gasohol, deduct the number of gallons of denatured anhydrous
ethanol contained in the gasohol.

(b) Biodiesel, in whole or in part, deduct the number of gallons of agricultural products or animal fats or the wastes of such products contained in the fuel.

The deduction provided in this subsection shall not exceed ten percent (10%) of (i) the volume of gasohol reported on the report or (ii) the special fuel which is or contains biodiesel.

SECTION 4. That Section 63-2410, Idaho Code, be, and the same is hereby amended to read as follows:

63-2410. REFUND OF GASOLINE TAX PROCEDURE. (1) Any person who shall purchase fifty (50) gallons or more, and use the gasoline in motor vehicles operated on highways outside of the state of Idaho where a duplicate tax is assessed for the same gasoline, shall be entitled to refund when a claim is presented to the commission in the manner required in subsection (5)(c) of this section. Claimant shall present to the commission a statement accompanied by a verification of the use determined by an audit of his operations conducted as prescribed by the tax commission; or his claim may be verified by the filing of a receipt or proof showing the payment of tax on the gasoline used in any other state.

(2) Any person who shall purchase within any one (1) calendar year fifty (50) gallons or more of gasoline used for the purposes described in this subsection shall be entitled to be refunded the amount of gasoline tax previously paid on that gasoline. Exempt uses are:

(a) Operating stationary gasoline engines;
(b) Propelling equipment or vehicles which are not licensed to be operated on a highway; and
(c) Operating commercial motor boats.

(3) No refund of gasoline tax shall be allowed for any gasoline which is:

(a) Used in motor vehicles required to be licensed or used in any motor vehicle exempt from registration by reason of the ownership or residence; or
(b) Aircraft engine fuel placed in aircraft, provided however, if tax has been paid at the rate provided in section 63-2405, Idaho Code, on any motor fuel placed in the fuel supply tank of an aircraft the user of the fuel may apply for a refund of the difference between the tax paid on the fuel and the tax imposed in section 63-2408, Idaho Code; or
(c) Gasoline used in recreational vehicles; or
(d) Gasoline used in noncommercial motor boats or in boats operated by a governmental entity.

(4) Any licensed distributor paying the gasoline tax and/or aircraft engine fuel tax to the state of Idaho erroneously shall be allowed a credit or refund of the amount of tax paid by him if a written claim for refund is filed with the commission within three (3) years after the date those taxes were paid. Such credit or refund shall include interest at the rate established in section 63-3045, Idaho Code, computed from the date taxes to be refunded or credited were paid to the commission.

(5)(a) All claims for refund of gasoline taxes arising under subsection (1), (2) or (3)(b) of this section shall be filed in conjunction with the claimant's income tax return due pursuant to chapter 30, title 63, Idaho Code. The gasoline tax refund claimed shall
be tax paid on gasoline actually purchased during the taxable year to which the income tax return relates. The gasoline tax refund due shall be offset against any other taxes, penalties or interest due before any balance is refunded by the commission to the claimant. Subject to a limitation as to the amount of refund to be claimed as the commission may provide by rule, refund claims may be submitted and paid on a monthly basis and reconciled on the income tax return when it is filed.

(b) If a claimant is not required to file an income tax return, the refund claim shall be made on forms and in the manner as the commission may provide. The claim shall relate to taxes paid on gasoline actually purchased in the calendar year preceding the filing and the claim shall be filed due on or before April 15 following the close of the calendar year.

(c) Claims for refunds under subsection (1) or (2) of this section shall be filed within the time and in the manner prescribed in section 63-3072, Idaho Code. Such credit or refund shall include interest at the rate established in section 63-3045, Idaho Code, computed from sixty (60) days following the later of the due date of the claimed refund under subsection (5)(a) or (5)(b) of this section or the filing of the claim. No refund shall be paid under this section unless a written claim for such refund has been filed with the commission within three (3) years after the due date, including extensions, of the income tax return in regard to which the claim relates or the due date of the claim established in paragraph (b) of this subsection (5).

(d) The commission may require that all claims be accompanied by the original signed invoice or invoices issued to the claimant, showing the total amount of gasoline on which a refund is claimed and the reason, the amount of the tax and any additional information required by the commission. Each separate delivery shall constitute a purchase and a separate invoice shall be prepared, at least in duplicate, to cover the delivery. All invoices, except those prepared by a computer or similar machine, shall be prepared in ink or double-spaced carbon shall be used between the original and first duplicate.

(e) (a) Should the commission find that the claim contains errors, it may correct the claim and approve it as corrected, or the commission may require the claimant to file an amended claim. The commission may require any person who makes a claim for refund to furnish a statement under oath, giving his occupation, description of the machine or equipment in which the gasoline was used, the place where used and any other information as the commission may require. If the commission determines that any claim has been fraudulently presented, or is supported by an invoice or invoices fraudulently made or altered, or that any statement in the claim or affidavit is willfully false and made for the purpose of misleading, the commission may reject the claim in full. If the claim is rejected, the commission may suspend the claimant's right to any refund for purchases made during a period not to exceed one (1) year beginning with the date the rejected claim was filed, and it shall take all other action deemed appropriate.

(b) The commission has authority, in order to establish the validity of any claim, to examine the books and records of the claimant.
for that purpose, and failure of the claimant to accede to the demand for the examination may constitute a waiver of all rights to the refund claimed.

(7) In the event of the loss or destruction of the original invoice or invoices, the person claiming a refund may submit a duplicate copy of the invoice certified by the vendor, but payment based on the duplicate invoice shall not be made until one (1) year after the date on which the gasoline was purchased.

Payment of special fuels taxes shall be made in conjunction with any other taxes due on that return and special fuels taxes due may be offset against refunds of any other taxes shown on the return to be due the taxpayer.

(2) In the case of a person other than one who consumes special fuels in a motor vehicle described in the exception in subsection (1) of this section and not required to file a return under chapter 30, title 63, Idaho Code, who is subject to the tax imposed by section 63-2416, Idaho Code, the tax shall be paid annually, on a calendar year basis, in the manner and form required by the commission. 54-4105. EXCEPTIONS. (1) The provisions of this chapter do not restrict the right to use the term "appraiser," provided that such term is not used in a manner that creates the impression of certification by the state of Idaho to perform real estate appraisals other than ad valorem tax appraisals. However, nothing in this chapter shall entitle a state licensed or state certified real estate appraiser to appraise real estate for ad valorem tax purposes unless he has first been certified by the Idaho state tax commission pursuant to section 63-105A(17), Idaho Code.

(2) The provisions of this chapter shall not apply to a licensed real estate broker, associate broker or salesperson who, in the ordinary course of his business gives an opinion of the price of real estate for the purpose of a prospective listing or sale, provided that such person does not represent himself as being a state licensed or certified real estate appraiser.

(3) The provisions of this chapter shall not prohibit a real estate broker or associate broker licensed under chapter 20, title 54, Idaho Code, whose license is active and in good standing, from rendering a broker's price opinion, for which the broker may charge a fee, provided the broker's price opinion complies with the following requirements:

(a) The broker's price opinion shall be in writing and contain the following:

(i) A statement of the intended purpose of the price opinion;
(ii) A brief description of the subject property and property interest to be priced;
(iii) The basis of reasoning used to reach the conclusion of the price, including the applicable market data and/or capitalization computation;
(iv) Any assumptions or limiting conditions;
(v) A disclosure of any existing or contemplated interest of the broker(s) issuing the opinion;
(vi) The name and signature of the broker(s) issuing the price opinion and the date of its issuance;
(vii) A disclaimer that, unless the broker is licensed under the Idaho real estate appraisers act, chapter 41, title 54, Idaho Code, the report is not intended to meet the uniform standards of professional appraisal practice.

(viii) A disclaimer that the broker's price opinion is not intended to be an appraisal of the market value of the property, and that if an appraisal is desired, the services of a licensed or certified appraiser should be obtained.

The broker's price opinion permitted under this chapter may not be used as an appraisal, or in lieu of an appraisal, in a federally related transaction.

(4) Any person who is not licensed or certified under the provisions of this chapter may assist a state licensed or certified real estate appraiser in the performance of an appraisal, provided that he is actively and personally supervised by the state licensed or certified appraiser and provided further that any appraisal report rendered in connection with the appraisal is reviewed and signed by the state licensed or certified real estate appraiser.

(5) The provisions of this chapter requiring mandatory licensure or certification shall not apply to employees or agents of the Idaho transportation department when appraising transportation department property with a fair-market value of estimating the market value of or just compensation for, a property where a noncomplex appraisal would normally be ordered, and the market value or compensation is ten thousand dollars ($10,000) or less. Such estimates of market value or just compensation shall be reviewed and approved by an Idaho state certified general real estate appraiser. A value estimate shall be provided to the property owner who shall also be informed of his right to request and receive an appraisal of his property.

(6) This chapter shall not prohibit a property owner from expressing his personal opinion of the value of his own property, nor shall the provisions of this chapter prohibit a lender, or employee of a lending institution, from forming and expressing an opinion of collateral value in the ordinary course of business including, but not limited to, mortgaging property, underwriting a loan, or foreclosing a loan, so long as such opinion of collateral value is not represented as being an appraisal of the market value of the property, or prepared under the provisions of this chapter.

(7) This chapter shall not prohibit an attorney or accountant from rendering professional advice within the ordinary course of his profession, so long as such advice is not represented to be an appraisal of the market value of the property.

AN ACT
RELATING TO INCOME TAXES; AMENDING SECTION 63-3022, IDAHO CODE, TO CLARIFY THAT NET OPERATING LOSSES AND CAPITAL LOSSES INCURRED IN ACTIVITIES NOT TAXABLE IN THIS STATE ARE NOT DEDUCTIBLE EVEN IF THE ACTIVITY IS NOT A BUSINESS ACTIVITY; DECLARING AN EMERGENCY AND PROVIDING A RETROACTIVE EFFECTIVE DATE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3022, Idaho Code, be, and the same is hereby amended to read as follows:

63-3022. ADJUSTMENTS TO TAXABLE INCOME. The additions and subtractions set forth in this section, and in sections 63-3022A through 63-3022M, Idaho Code, are to be applied to the extent allowed in computing Idaho taxable income:

(a) Add any state and local taxes, as defined in section 164 of the Internal Revenue Code and, measured by net income, paid or accrued during the taxable year adjusted for state or local tax refunds used in arriving at taxable income.

(b) Add the net operating loss deduction used in arriving at taxable income.

(c) (1) A net operating loss for any taxable year commencing on and after January 1, 2000, shall be a net operating loss carryback not to exceed a total of one hundred thousand dollars ($100,000) to the two (2) immediately preceding taxable years. Any portion of the net operating loss not subtracted in the two (2) preceding years may be subtracted in the next twenty (20) years succeeding the taxable year in which the loss arises in order until exhausted. The sum of the deductions may not exceed the amount of the net operating loss deduction incurred. At the election of the taxpayer, the two (2) year carryback may be foregone and the loss subtracted from income received in taxable years arising in the next twenty (20) years succeeding the taxable year in which the loss arises in order until exhausted. The election shall be made as under section 172(b)(3) of the Internal Revenue Code. An election under this subsection must be in the manner prescribed in the rules of the state tax commission and once made is irrevocable for the year in which it is made. The term "income" as used in this subsection (c) means Idaho taxable income as defined in this chapter as modified by section 63-3021(b)(2), (3) and (4), Idaho Code.

(2) Net operating losses incurred by a corporation during a year in which such corporation did not transact business in Idaho or was not included in a group of corporations combined under subsection (t) of section 63-3027, Idaho Code, may not be subtracted. However, if at least one (1) corporation within a group of corporations combined under subsection (t) of section 63-3027, Idaho Code, was transacting business in Idaho during the taxable year in which the loss was incurred, then the net operating loss may be subtracted. Net operating losses incurred by a person, other than a corporation, in busi-
ness activities not taxable by Idaho may not be subtracted.

(d) In the case of a corporation, add the amount deducted under the provisions of sections 243(a) and (c), 244, 245 and 246A of the Internal Revenue Code (relating to dividends received by corporations) as limited by section 246(b)(1) of said code.

(e) In the case of a corporation, subtract an amount determined under section 78 of the Internal Revenue Code to be taxable as dividends.

(f) Subtract the amount of any income received or accrued during the taxable year which is exempt from taxation by this state, under the provisions of any other law of this state or a law of the United States, if not previously subtracted in arriving at taxable income.

(g) For the purpose of determining the Idaho taxable income of the beneficiary of a trust or of an estate:

(1) Distributable net income as defined for federal tax purposes shall be corrected for the other adjustments required by this section.

(2) Net operating losses attributable to a beneficiary of a trust or estate under section 642 of the Internal Revenue Code shall be a deduction for the beneficiary to the extent that income from the trust or estate would be attributable to this state under the provisions of this chapter.

(h) In the case of an individual who is on active duty as a full-time officer, enlistee or draftee, with the armed forces of the United States, which full-time duty is or will be continuous and uninterrupted for one hundred twenty (120) consecutive days or more, deduct compensation paid by the armed forces of the United States for services performed outside this state. The deduction is allowed only to the extent such income is included in taxable income, and provided that appropriate adjustments shall be made in determining the deductions and exemptions allowed pursuant to section 63-3026A(4), Idaho Code.

(i) In the case of a corporation, including any corporation included in a group of corporations combined under subsection (t) of section 63-3027, Idaho Code, add any capital loss deducted which loss was incurred during any year in which such corporation did not transact business in Idaho. However, do not add any capital loss deducted if a corporation, including any corporation in a group of corporations combined under subsection (t) of section 63-3027, Idaho Code, was transacting business in Idaho during the taxable year in which the loss was incurred. In the case of persons, other than corporations, add any capital loss deducted which was incurred in business activities not taxable by Idaho at the time such loss was incurred. In computing the income taxable to an S corporation or partnership under this section, deduction shall not be allowed for a carryover or carryback of a net operating loss provided for in subsection (c) of this section or a capital loss provided for in section 1212 of the Internal Revenue Code.

(j) In the case of an individual, there shall be allowed as a deduction from gross income either (1) or (2) at the option of the taxpayer:

(1) The standard deduction as defined in section 63, Internal Revenue Code.

(2) Itemized deductions as defined in section 63 of the Internal Revenue Code except state or local taxes measured by net income and as defined in section 164 of the Internal Revenue Code.
(k) Add the taxable amount of any lump sum distribution excluded from gross income for federal income tax purposes under the ten (10) year averaging method. The taxable amount will include the ordinary income portion and the amount eligible for the capital gain election.

(l) Deduct any amounts included in gross income under the provisions of section 86 of the Internal Revenue Code relating to certain social security and railroad benefits.

(m) In the case of a self-employed individual, deduct the actual cost of premiums paid to secure worker's compensation insurance for coverage in Idaho, if such cost has not been deducted in arriving at taxable income.

(n) In the case of an individual, deduct the amount contributed to a college savings program pursuant to chapter 54, title 33, Idaho Code, but not more than four thousand dollars ($4,000) per tax year. If the contribution is made on or before April 15, 2001, it may be deducted for tax year 2000 and an individual can make another contribution and claim the deduction according to the limits provided in this subsection during 2001 for tax year 2001, as long as the contribution is made on or before December 31, 2001.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2002.

SECTION 1. That Section 63-3029G, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029G. CREDITS FOR RESEARCH ACTIVITIES CONDUCTED IN THIS STATE -- CARRY FORWARD.
(1) (a) Subject to the limitations of this section, for taxable years beginning between January 1, 2001, and December 31, 2005, inclusive, there shall be allowed to a taxpayer a nonrefundable credit against taxes imposed by sections 63-3024, 63-3025 and 63-3025A, Idaho Code, for increasing research activities in Idaho during any consecutive five (5) year period beginning, at the election of the taxpayer, either:
(i) January 1, 2001, or
(ii) The first day of the taxpayer's taxable year beginning in 2001.
(b) The credit allowed by subsection (1)(a) of this section shall be the sum of:
(i) Five percent (5%) of the excess of qualified research payments expenses for research conducted in Idaho over the base amount; and
(ii) Five percent (5%) basic research payments allowable under subsection (e) of section 41 of the Internal Revenue Code for basic research conducted in Idaho.
(c) Subject to the limitation in subsection (3) of this section, a taxpayer making the election permitted by subsection (1)(a)(i) of this section, credit for research activities occurring prior to the beginning of the taxpayer's taxable year beginning in 2001 shall be claimed on the taxpayer's return for its taxable year 2001 in addition to credit relating to activity in that year.
(2) As used in this section:
(a) The terms "qualified research payments expenses," "qualified research," "basic research payments" and "basic research" shall be as defined in section 41 of the Internal Revenue Code except that the research must be conducted in Idaho.
(b) The term "base amount" shall mean an amount calculated as provided in sections 41(c) and 41(h) of the Internal Revenue Code, except that:
(i) The base amount does not include the calculation of the alternative incremental credit provided for in section 41(c)(4) of the Internal Revenue Code;
(ii) A taxpayer's gross receipts include only those gross receipts attributable to sources within this state as provided in subsections (q) and (r) of section 63-3027, Idaho Code; and
(iii) Notwithstanding section 41(c) of the Internal Revenue Code, for purposes of calculating the base amount, a taxpayer:
(A) May elect to be treated as a start-up company as provided in section 41(c)(3)(B) of the Internal Revenue Code, regardless of whether the taxpayer meets the requirements of section 41(c)(3)(B)(i)(I) or (II) of the Internal Revenue Code; and
(B) May not revoke an election to be treated as a start-up company.

(3) The credit allowed by subsection (1)(a) of this section together with any credits carried forward under subsection (5) of this section shall not exceed the amount of tax due under sections 63-3024, 63-3025 and 63-3025A, Idaho Code, after allowance for all other credits permitted by this chapter. When credits earned in more than one (1) taxable year are available, the oldest credits shall be applied first.

(4) In the case of a group of corporations filing a combined report under subsection (t) of section 63-3027, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group. (5) The credit allowed by subsection (1)(a) of this section shall be claimed for the taxable year during which the taxpayer qualifies for the credit. If the credit exceeds the limitation under subsection (3) of this section, the excess amount may be carried forward for a period that does not exceed the next fourteen (14) taxable years.

(6) In addition to other needed rules, the state tax commission may promulgate rules prescribing, in the case of S corporations, partnerships, trusts or estates, a method of attributing the credit under this section to the shareholders, partners or beneficiaries in proportion to their share of the income from the S corporation, partnership, trust or estate.

SECTION 2. That Section 63-3022H, Idaho Code, be, and the same is hereby amended to read as follows:

(1) If an individual taxpayer reports a net capital gain net income in determining taxable income, eighty percent (80%) in taxable year 2001 and sixty percent (60%) in taxable years thereafter of the net capital gain net income from the sale or exchange of qualified property shall be a deduction in determining Idaho taxable income.

The deduction provided in this section is limited to the amount of the capital gain net income from all property included in federal taxable income. Gains treated as ordinary income by the Internal Revenue Code do not qualify for the deduction allowed in this section. The deduction otherwise allowable under this section shall be reduced by the amount of any federal capital gains deduction relating to such property, but not below zero.

As used in this section "qualified property" means the following property having an Idaho situs at the time of sale:

(e) Timber grown in Idaho and held at least twenty-four (24) months;
(f) In determining the period for which property subject to this section has been held by a taxpayer, the provisions of section 1223 of the Internal Revenue Code shall apply, except that the holding period shall not include the holding period of property given up in an exchange, when such property would not have constituted qualified property under this section without regard to meeting the holding period.

(4) If an individual reports a capital gain from qualified property from an S corporation or a partnership, a deduction shall be allowed under this section only to the extent the individual held his interest in the income of the S corporation or the partnership for the time required by subsection (3) of this section for the property sold.

(5) If an individual reports a capital gain from property acquired as a beneficiary of an estate, no deduction shall be allowed under this section unless the holding period required in subsection (3) of this section was satisfied by the decedent, the estate, or the beneficiary, or a combination thereof.

(6) If an individual reports a capital gain from a trust or a capital gain from property acquired as a beneficiary of a trust, no deduction shall be allowed under this section unless the holding period required in subsection (3) of this section was satisfied by the grantor, the trust, or the beneficiary, or a combination thereof.

(7) As used in this section "revenue-producing enterprise" means:
(a) The production, assembly, fabrication, manufacture, or processing of any agricultural, mineral or manufactured product;
(b) The storage, warehousing, distribution, or sale at wholesale of any products of agriculture, mining or manufacturing;

The deduction allowed pursuant to this section shall be in addition to any other deduction allowed pursuant to this chapter. In order to take the deduction pursuant to this section, the taxpayer shall receive a written statement from the donee in which the donee agrees to accept the technological equipment donated.

(2) For the purposes of this section, "technological equipment" means a computer, computer software, scientific equipment or apparatus to be used by the university, college, community college, technical college, school or library directly or indirectly in the education program of the university, college, community college, technical college, school or library and which is donated to the university, college, community college, technical college, school or library no later than five (5) years after its manufacture has been substantially completed.

(3) For the purposes of this section, a public elementary or public secondary school means one that is located within this state and receives funding pursuant to chapter 10, title 33, Idaho Code.

For taxable years commencing on or after January 1, 2001, fifty percent (50%) of the premiums paid during the taxable year, by a taxpayer for long-term care insurance as that term is defined in section 41-4603, Idaho Code, which long-term care insurance is to be for the benefit of the taxpayer, a dependent of the taxpayer or an employee of the taxpayer, may be deducted from taxable income to the extent that the premium is not otherwise deducted or accounted for by the taxpayer for Idaho income tax purposes.

SECTION 6. That Section 63-3024, Idaho Code, be, and the same is hereby amended to read as follows:
63-3024. INDIVIDUALS' TAX AND TAX ON ESTATES AND TRUSTS. For taxable year 2001, and each taxable year thereafter, a tax measured by Idaho taxable income as defined in this chapter is hereby imposed upon every individual, trust, or estate required by this chapter to file a return.

(a) The tax imposed upon individuals, trusts and estates shall be computed at the following rates:

When Idaho taxable income is: The rate is:

For taxable year 2000 and each year thereafter, the state tax commission shall prescribe a factor which shall be used to compute the Idaho income tax brackets provided in subsection (a) of this section. The factor shall provide an adjustment to the Idaho tax brackets so that inflation will not result in a tax increase. The Idaho tax brackets shall be adjusted as follows: multiply the bracket amounts by the percentage (the consumer price index for the calendar year immediately preceding the calendar year to which the adjusted brackets will apply divided by the consumer price index for calendar year 1998). For the purpose of this computation, the consumer price index for any calendar year is the average of the consumer price index as of the close of the twelve (12) month period for the immediately preceding calendar year as adopted by the state tax commission. This adoption shall be exempt from the provisions of chapter 52, title 67, Idaho Code. The consumer price index shall mean the consumer price index for all U.S. urban consumers published by the United States department of labor. The state tax commission shall annually include the factor as provided in this subsection to multiply against Idaho taxable income in the brackets above to arrive at that year's Idaho taxable income for tax bracket purposes.

(b) In case a joint return is filed by husband and wife pursuant to the provisions of section 63-3031, Idaho Code, the tax imposed by this section shall be twice the tax which would be imposed on one-half (1/2) of the aggregate Idaho taxable income. (c) The state tax commission shall compute and publish Idaho income tax liability for taxpayers at the midpoint of each bracket of Idaho
taxable income in fifty dollar ($50.00) steps to fifty thousand dollars ($50,000), rounding such calculations to the nearest dollar. Taxpayers having income within such brackets shall file returns based upon and pay taxes according to the schedule thus established. The state tax commission shall promulgate rules defining the conditions upon which such returns shall be filed.

Any such payment shall be paid to such individual only upon his making application therefor at such time and in such manner as may be prescribed by the state tax commission.

(2) No more than three (3) such payments shall be made under the provisions of this section to any one (1) individual in any calendar year.

63-3029E. DEFINITIONS -- CONSTRUCTION OF TERMS. As used in this section and in section 63-3029F, Idaho Code:

(1) (a) "New employee" means a person from whom Idaho income tax has been withheld, employed by the taxpayer, and covered for unemployment insurance purposes under chapter 13, title 72, Idaho Code, during the taxable year for which the credit allowed by section 63-3029F, Idaho Code, is claimed. A person shall be deemed to be so engaged if such person performs duties on:

(i) A regular full-time basis; or

(ii) A part-time basis if such person is customarily performing such duties at least twenty (20) hours per week.

No credit shall be earned unless the new employee shall have performed such duties for the taxpayer for a minimum of nine (9) months
during the taxable year for which the credit is claimed.  
(b) The provisions of paragraph (a) of this subsection notwithstanding, no credit shall be allowed for employment of persons by a taxpayer who acquires a revenue-producing-enterprise business from another taxpayer or who operates in a place of business the same or a substantially identical business as operated by another taxpayer within the prior twelve (12) months, except as the prior taxpayer would have qualified under the provisions of paragraph (c) of this subsection. Employees transferred from a related taxpayer shall not be included in the computation of the credit.

(c) The number of employees during any taxable year for any taxpayer shall be the mathematical average of the number of employees reported to the Idaho department of labor for employment security purposes during the twelve (12) months of the taxable year which qualified under paragraph (a) of this subsection. In the event the business is in operation for less than the entire taxable year, the number of employees of the business for the year shall be the average number actually employed during the months of operation, providing that the qualifications of paragraph (a) of this subsection are met.

(2) "Same or a substantially identical business" means a business in which the products produced or sold, or the activities conducted are the same in character and use and are produced, sold or conducted in the same manner as, or for the same types of customers as, the products or activities produced, sold or conducted in another business.

SECTION 9. That Section 63-3029I, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029I. INCOME TAX CREDIT FOR INVESTMENT IN BROADBAND EQUIPMENT.  
(1) Subject to the limitations of this section, for taxable years beginning between January 1, 2001, and December 31, 2005, inclusive, there shall be allowed to a taxpayer a nonrefundable credit against taxes imposed by sections 63-3024, 63-3025 and 63-3025A, Idaho Code, for qualified expenditures in qualified broadband equipment in Idaho.

(2) The credit permitted in subsection (1) of this section shall be three percent (3%) of the qualified investment in qualified broadband equipment in Idaho and shall be in addition to the credit for capital investment permitted by section 63-3029B, Idaho Code.

(3) As used in this section the term:
   (a) "Qualified investment" shall be as defined in section 63-3029B, Idaho Code.
   (b) "Qualified broadband equipment" means equipment that qualifies for the credit for capital investment permitted by section 63-3029B, Idaho Code, and is capable of transmitting signals at a rate of at least two hundred thousand (200,000) bits per second to a subscriber and at least one hundred twenty-five thousand (125,000) bits per second from a subscriber, and
   (i) In the case of a telecommunications carrier, such qualifying equipment shall be necessary to the provision of broadband service and an integral part of a broadband network. "Telecommunications carrier" has the meaning given such term by section 3(44) of the communications act of 1934, as amended, but does not include a commercial mobile service provider.
(ii) In the case of a commercial mobile service carrier, such qualifying equipment shall extend from the subscriber side of the mobile telecommunications switching office to a transmitting/receiving antenna, including such antenna, on the outside of the structure in which the subscriber is located. "Commercial mobile service carrier" means any person authorized to provide commercial mobile radio service to subscribers as defined in section 20.3 of title 47, Code of Federal Regulations (10-1-99 ed.), as amended.

(iii) In the case of a cable or open video system operator, such qualifying equipment shall extend from the subscriber's side of the headend to the outside of the structure in which the subscriber is located. The terms "cable operator" and "open video system operator" have the meanings given such terms by sections 602(5) and 653, respectively, of the communications act of 1934, as amended.

(iv) In the case of a satellite carrier or a wireless carrier other than listed above, such qualifying equipment is only that equipment that extends from a transmitting/receiving antenna, including such antenna, which transmits and receives signals to or from multiple subscribers to a transmitting/receiving antenna on the outside of the structure in which the subscriber is located. "Satellite carrier" means any person using the facilities of a satellite or satellite services licensed by the federal communications commission and operating a fixed-satellite service or direct broadcast satellite services to provide point-to-multipoint distribution of signals. "Other wireless carrier" means any person, other than a telecommunications carrier, commercial mobile service carrier, cable operator, open video operator, or satellite carrier, providing broadband services to subscribers through the radio transmission of energy.

(v) In the case of packet switching equipment, such packet equipment installed in connection with other qualifying equipment listed in subsections (2)(b)(i) through (2)(b)(iv) of this section, provided it is the last in a series of equipment that transmits signals to a subscriber or the first in a series of equipment that transmits signals from a subscriber. "Packet switching" means controlling or routing the path of a digital transmission signal which is assembled into packets or cells.

(vi) In the case of multiplexing and demultiplexing equipment, such equipment only to the extent that it is deployed in connection with providing broadband services in locations between packet switching equipment and the structure in which the subscriber is located. "Multiplexing" means the transmission of two (2) or more signals over a communications circuit without regard to the communications technology.

(vii) Any property not primarily used to provide services in Idaho to public subscribers is not qualified broadband equipment.

(4) No equipment described in subsections (2)(b)(i) through (2)(b)(vi) of this section shall qualify for the credit provided in subsection (1) of this section until the taxpayer applies to and obtains from the Idaho public utilities commission an order confirming that the
installed equipment is qualified broadband equipment. Applications submitted to the commission shall be governed by the commission's rules of procedure. The commission may issue procedural orders necessary to implement this section.

(5) The credit allowed by subsection (1) of this section together with any credits carried forward under subsection (7) of this section shall not, in any one (1) taxable year, exceed the lesser of:

(a) The amount of tax due under sections 63-3024, 63-3025 and 63-3025A, Idaho Code, after allowance for all other credits permitted by this chapter; or

(b) Seven hundred fifty thousand dollars ($750,000).

When credits earned in more than one (1) taxable year are available, the oldest credits shall be applied first.

(6) In the case of a group of corporations filing a combined report under subsection (t) of section 63-3027, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group, subject to the provisions of subsection (7) of this section, instead of carried over. For a combined group of corporations, credit carried forward may be claimed by any member of the group unless the member who earned the credit is no longer included in the combined group.

(7) If the credit allowed by subsection (1) of this section exceeds the limitation under subsection (5) of this section, the excess amount may be carried forward for a period that does not exceed the next fourteen (14) taxable years.

(8) In the event that qualified broadband equipment upon which the credit allowed by this section has been used ceases to qualify for the credit allowed by section 63-3029B, Idaho Code, or is subject to recapture of that credit, the recapture of credit under this section shall be in the same proportion and subject to the same provisions as the amount of credit required to be recaptured under section 63-3029B, Idaho Code.

(9) (a) Subject to the requirements of this subsection, a taxpayer entitled to the credit or to an unused portion of the credit allowed by this section may transfer the unused credit to another taxpayer required to file a return under this chapter. In the event of such a transfer, the transferee may claim the credit on the transferee's income tax return originally filed during the calendar year in which the transfer takes place and, in the case of carryover of the credit, on the transferee's returns for the number of years of carryover available to the transferor at the time of the transfer unless earlier exhausted.

(b) Before completing a transfer under this subsection, the transferor shall notify the state tax commission of its intention to transfer the credit and the identity of the transferee. The state tax commission shall provide the transferor with a written statement of the amount of credit available under this section as then appearing in the commission's records and the number of years the credit may be carried over. The transferee shall attach a copy of the statement to any return in regard to which the transferred credit is claimed.

(c) In the event that after the transfer the state tax commission determines that the amount of credit properly available under this section is less than the amount claimed by the transferor of the credit or that the credit is subject to recapture, the commission
shall assess the amount of overstated or recaptured credit as taxes due from the transferor and not the transferee. The assessment shall be made in the manner provided for a deficiency in taxes under this chapter.

(10) In addition to other needed rules, the state tax commission may promulgate rules prescribing, in the case of S corporations, partnerships, trusts or estates, a method of attributing the credit under this section to the shareholders, partners or beneficiaries in proportion to their share of the income from the S corporation, partnership, trust or estate.

SECTION 10. That Section 63-3046, Idaho Code, be, and the same is hereby amended to read as follows:

63-3046. PENALTIES AND ADDITIONS TO THE TAX IN CASE OF DEFICIENCY.
(a) If any part of any deficiency is due to negligence or disregard of rules but without intent to defraud, five percent (5%) of the total amount of the deficiency (in addition to such deficiency) shall be assessed, collected and paid in the same manner as if it were a deficiency.

(b) If any part of any deficiency is due to fraud with intent to evade tax, then fifty percent (50%) of the total amount of the deficiency (in addition to such deficiency) shall be so assessed, collected and paid.

(c) (1) In the event the return required by this chapter is not filed on or before the due date (including extensions) of the return, there may be collected a penalty of five percent (5%) of the tax due on such returns for each month elapsing after the due date (including extensions) of such returns until the return is filed.

(2) In the event the return required by this chapter is filed but the tax shown thereon to be due is not paid, there may be collected a penalty of one-half percent (0.5%) of the tax due on such return for each month elapsing after the later of the due date of such return or the date the return was filed until the tax is paid.

(d) (1) If there is a substantial understatement of tax for any taxable year, there shall be added to the tax an amount equal to ten percent (10%) of the amount of any underpayment attributable to such understatement.

(2) For purposes of this subsection, there is a substantial understatement of tax for any taxable year if the amount of the understatement for the taxable year exceeds the greater of:

(i) Ten percent (10%) of the tax required to be shown on the return for the taxable year, or

(ii) Five thousand dollars ($5,000).

(3) In the case of a corporation, paragraph (d)(2)(ii) of this section shall be applied by substituting ten thousand dollars ($10,000) for five thousand dollars ($5,000).

(4) For purposes of paragraph (d)(2) of this section, the term "understatement" means the excess of:

(i) The amount of tax required to be shown on the return for the taxable year, over

(ii) The amount of the tax imposed which is shown on the return.

(5) The amount of the understatement under paragraph (4) shall be
reduced by that portion of the understatement which is attributable to:

(i) The tax treatment of any item by the taxpayer if there is or was substantial authority for such treatment, or
(ii) Any item with respect to which the relevant facts affecting the item's tax treatment are adequately disclosed in the return or in a statement attached to the return.

(6) In the case of any item attributable to a tax shelter as defined in section 6661 of the Internal Revenue Code:
   (i) Paragraph (5)(ii) shall not apply, and
   (ii) Paragraph (5)(i) shall not apply unless (in addition to meeting the requirements of such paragraph) the taxpayer reasonably believed that the tax treatment of such item by the taxpayer was more likely than not the proper treatment.

(7) The state tax commission may waive all or any part of the addition to tax provided by this section on a showing by the taxpayer that there was reasonable cause for the understatement (or part thereof) and that the taxpayer acted in good faith.

(e) (1) Any person who fails to file a statement of payment to another person required by this chapter, including the duplicate statement of tax withheld on wages, on the date prescribed therefor (including any extension of time for filing) shall, be subject to a penalty of two dollars ($2.00) for each month or part of a month each statement is not so filed, but the total amount imposed on the delinquent person for all such failures during any calendar year shall not exceed two thousand dollars ($2,000).

(3) The penalties provided in this subsection shall not apply if the person shows that the failure to register is due to reasonable cause and not to willful neglect.

(f) If the penalty to be added to the tax by subsection (a), (b), (c)(1), (d) or (e) of this section or by section 63-3033, Idaho Code, is less than ten dollars ($10.00), the penalty to be added to the tax shall be a minimum of ten dollars ($10.00).

(a) Except as otherwise provided in this section, a notice of deficiency, as provided in section 63-3045, Idaho Code, for the tax imposed in this chapter shall be issued within three (3) years from either the due date of the return, without regard to extensions, or from the date the return was filed, whichever is later.

(b) If an assessment has been made as provided in this chapter, then such tax shall be collected either by levy, or by a proceeding brought in court, within a period of six (6) years from the date of assessment of the tax and provided, further, that this shall not be in derogation of any of the remedies elsewhere provided in this chapter.

(c) In the case of a fraudulent return or a false return with the intent to evade the tax imposed in this chapter, or a willful attempt in any manner to defeat or evade the tax imposed in this chapter, a notice of deficiency may be issued, the tax may be assessed, or a proceeding in court for collection of such tax may be begun without assessment, at any time.

(d) In the case of a failure to file a return, for any reason, a notice of deficiency may be issued, the tax imposed in this chapter may be assessed, or a proceeding in court for collection of such tax may be begun without assessment, at any time.

(e) In the case of income received during the lifetime of a decedent, or by his estate during the period of administration, a notice of deficiency shall be issued, a claim shall be made, the tax shall be assessed or any proceeding in court without assessment for the collection of such tax shall be begun, within twelve (12) months after written request for prompt action is filed with the state tax commission by the executor, administrator, or other fiduciary representing the estate of such decedent. This subsection shall not apply if the return for which the request for prompt action relates has not been filed with the state tax commission.

(f) When Idaho taxable income or tax credits for any taxable year have been adjusted as a result of a final federal determination, the period of limitation for issuing a notice of deficiency shall be reopened and shall not expire until the later of one (1) year from the date of delivery of the final federal determination to the state tax commission by the taxpayer, three (3) years from the due date of the return, without regard to extensions, or three (3) years from the date the return was filed. For purposes of this subsection the term "final federal determination" shall mean the final resolution of all issues which were adjusted by the internal revenue service. When the final federal determination is submitted, the taxpayer shall also submit copies of all schedules and written explanations provided by the internal revenue service. Upon the expiration of the period of limitations as provided in subsections (a) and (f) of this section, only those specific items of income, deductions, gains, losses, or credits which were adjusted in the final federal determination shall be subject to adjustment for purposes of recomputing Idaho income, deductions, gains, losses, credits, and the effect of such adjustments on Idaho allocations and apportionments.

(g) If an adjustment, which was made within the period of limitations as provided in this section, affects the amount of tax credit, net operating loss, or capital loss, claimed in a taxable year other than the tax year in which the adjustment is made, then adjustments to the
credit, net operating loss, or capital loss claimed in such other tax year may be made and a resulting notice of deficiency may be issued even though such notice of deficiency would otherwise be barred under the provisions of this section.

(h) Notwithstanding any other provisions of this section, when an amended Idaho return is filed within the period of limitations as provided in subsections (a) and (hm) of this section, the period of limitations for issuing a notice of deficiency shall be three (3) years from the date the amended return was filed. However, upon the expiration of the period of limitations as provided in subsections (a) and (hm) of this section, only those specific items of income, deductions, gains, losses, or credits, which were adjusted in the amended Idaho return shall be subject to adjustment for purposes of recomputing Idaho income, deductions, gains, losses, credits, and the effect of such adjustments on Idaho allocations and apportionments.

(i) If a taxpayer has filed an amended federal return, and no corresponding Idaho amended return has been filed with the state tax commission, then the period of limitations for issuing a notice of deficiency shall be reopened and shall not expire until three (3) years from the date of delivery to the tax commission by the taxpayer of the amended federal return. However, upon the expiration of the period of limitations as provided in subsections (a) and (hm) of this section, then only those specific items of income, deductions, gains, losses, or credits, which were adjusted in the amended federal return shall be subject to adjustment for purposes of recomputing Idaho income, deductions, gains, losses, credits, and the effect of such adjustments on Idaho allocations and apportionments.

(j) Notwithstanding any other provisions of this section, a notice of deficiency, related to items on the return of any pass-through entity, as defined in this section, which other taxpayers are required by law to report, shall be issued to such other taxpayers within the later of three (3) years from the due date of the other taxpayers' return, without regard to extensions, three (3) years from the date the other taxpayers' returns were filed, or three (3) years from the date of filing of the pass-through entity's return. If the pass-through entity files an amended return, notices of deficiency may be issued to the other taxpayers within three (3) years from the date the amended return for the pass-through entity was filed with the state tax commission. If the pass-through entity files an amended return with the internal revenue service, or the internal revenue service issues a final determination to the pass-through entity, then the period of limitations for issuing a notice of deficiency to the other taxpayers shall be reopened and shall not expire until three (3) years from the date of delivery to the tax commission by the pass-through entity of the amended federal return or the later of one (1) year from the date of delivery to the state tax commission by the pass-through entity of the final federal determination, three (3) years from the due date of the pass-through entity's return, without regard to extensions, or three (3) years from the date the pass-through entity's return was filed.

(k) For purposes of this section, "pass-through entity" means a partnership, S-corporation, trust, limited liability company or any other entity whose items of income, deductions, gains, losses and credits must be reported by other taxpayer(s). For further purposes of this section, the term "other taxpayer" shall include, by way of unlimited
example, such taxpayers as partners, shareholders, beneficiaries, joint venturers or investors.

(1) In the case of a duplicate return filed under section 63-217(1)(b), Idaho Code, the limitation under this section shall be the later of one (1) year from the filing of the duplicate return or the date otherwise applicable under this section.

(m) Prior to the expiration of the time prescribed in this section for the issuance of a notice of deficiency for the tax imposed in this chapter, both the state tax commission, its delegate or deputy, and the taxpayer may consent in writing to extend the period of time within which a notice of deficiency may be issued. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. When a pass-through entity extends the period of limitations in accordance with this subsection, the period of limitations for the other taxpayers is automatically extended for the same period for the purpose of issuing a notice of deficiency to the other taxpayers reflecting the adjustments to the pass-through entity's return.

(mm) The expiration of the period of limitations as provided in this section shall be suspended for the time period during which the state tax commission is prohibited from issuing a notice of deficiency, making the assessment, or from collecting by levy or a proceeding in court, and for thirty (30) days thereafter.

(no) For the purposes of this section, "return" includes a notice of deficiency determination issued by the state tax commission when no return was filed by the taxpayer. Such a return is deemed filed on the date the taxes determined by the state tax commission are assessed.

SECTION 12. That Section 63-3072, Idaho Code, be, and the same is hereby amended to read as follows:

63-3072. CREDITS AND REFUNDS. (a) Subject to the provisions of subsections (b), (c) and (gh) of this section, where there has been an overpayment of the tax imposed by the provisions of this chapter, the amount of such overpayment shall be credited against any tax administered by the state tax commission which tax is then due from the taxpayer, and any balance of such excess shall be refunded to the taxpayer.

(b) Except in regard to amounts withheld as provided in section 63-3035, 63-3035A or 63-3036, Idaho Code, or amounts paid as estimated payments under section 63-3036A, Idaho Code, a claim for credit or refund of tax, penalties, or interest paid shall be made within the later of three (3) years of the due date of the return, without regard to extensions, or three (3) years from the date the return was filed. However, with regard to remittances received with an extension of time to file, or a tentative return, a claim for credit or refund of such remittances shall be made within three (3) years from the due date of the return without regard to extensions.

(c) With regard to amounts withheld as provided in section 63-3035, 63-3035A or 63-3036, Idaho Code, or amounts paid as estimated payments under section 63-3036A, Idaho Code, a claim for credit or refund shall be made within three (3) years from the due date of the return, without regard to extensions, for the taxable year in respect to which the tax was withheld or paid.

(d) Notwithstanding any other provisions of this section, when
Idaho taxable income and/or tax credits for any taxable year have been adjusted as a result of a final federal determination, the period of limitations for claiming a refund or credit of tax, penalties, or interest shall be reopened and shall not expire until the later of one (1) year from the date of delivery of the final federal determination to the taxpayer by the internal revenue service, three (3) years from the due date of the return, without regard to extensions, or three (3) years from the date the return was filed. For purposes of this subsection, the term "final federal determination" shall mean the final resolution of all issues which were adjusted by the internal revenue service. When the final federal determination is submitted, the taxpayer shall also submit copies of all schedules and written explanations provided by the internal revenue service. Upon the expiration of the period of limitations as provided in subsections (b) and (gh) of this section, only those specific items of income, deductions, gains, losses or credits which were adjusted in the final federal determination shall be subject to adjustment for purposes of recomputing Idaho income, deductions, gains, losses, credits, and the effect of such adjustments on Idaho allocations and apportionments.

(e) If a claim for credit or refund relates to an overpayment attributable to a net operating loss carryback, in lieu of the period of limitations prescribed in subsection (b) of this section, the period shall be that period which ends with the expiration of the fifteenth day of the fortieth month following the end of the taxable year of the net operating loss which results in such carryback.

(f) If an adjustment, which was made within the period of limitations as provided in this section, affects the amount of tax credit, net operating loss, or capital loss, claimed in a taxable year other than the tax year in which the adjustment is made, then adjustments to the credit, net operating loss, or capital loss, claimed in such other tax year may be made and a claim for credit or refund of tax, penalties or interest may be made even though such claim would otherwise be barred under the provisions of this section.

(g) In the case of a duplicate return filed under section 63-217(1)(b), Idaho Code, the limitations under this section shall be the later of one (1) year from the filing of the duplicate return or the date otherwise applicable under this section.

(h) Prior to the expiration of the time prescribed in this section for credit or refund of any tax imposed by the provisions of this chapter, both the state tax commission or its delegate or deputy and the taxpayer may consent in writing to extend such period of time. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. When a pass-through entity extends the period of limitations in accordance with the provisions of this subsection the period of limitations for the other taxpayers is automatically extended for the same period for the purpose of claiming a credit or refund of tax, penalties or interest by the other taxpayers reflecting the pass-through entity adjustments.

(hi) The expiration of the period of limitations as provided in this section shall be suspended for the time period between the issuance by the state tax commission of a notice under either section 63-3045 or 63-3065, Idaho Code, and the final resolution of any proceeding resulting from the notice.
Appeal of a state tax commission decision denying in whole or in part a claim for credit or refund shall be made in accordance with and within the time limits prescribed in section 63-3049, Idaho Code.

For purposes of this section, "return" includes a notice of deficiency determination issued by the state tax commission when no return was filed by the taxpayer. Such a return is deemed filed on the date the taxes determined by the state tax commission are assessed.

CHAPTER 45
(S.B. No. 1290)

AN ACT
RELATING TO THE EMPLOYMENT SECURITY LAW; AMENDING CHAPTER 13, TITLE 72, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 72-1349C, IDAHO CODE, TO EXTEND UNEMPLOYMENT INSURANCE COVERAGE TO EMPLOYEES OF INDIAN TRIBES AND TRIBAL UNITS, TO PROVIDE THAT INDIAN TRIBES SHALL HAVE THE SAME OPTIONS FOR PAYING UNEMPLOYMENT INSURANCE CONTRIBUTIONS AS NONPROFIT ORGANIZATIONS AND GOVERNMENTAL ENTITIES, TO WITHDRAW OPTIONS FOR PAYMENT AND TO DISALLOW COVERAGE IF AN INDIAN TRIBE OR ANY TRIBAL UNIT FAILS TO PAY AMOUNTS DUE, TO PROVIDE FOR NOTICE OF PAYMENT AND REPORTING DELINQUENCY, TO PROVIDE THAT AN INDIAN TRIBE AND ITS TRIBAL UNITS SHALL BE JOINTLY AND SEVERALLY LIABLE FOR ALL PAYMENTS DUE, TO PROVIDE FOR PAYMENT OF EXTENDED BENEFITS AND TO PROVIDE FOR NOTIFICATION TO THE INTERNAL REVENUE SERVICE AND THE FEDERAL DEPARTMENT OF LABOR IF AN INDIAN TRIBE FAILS TO MAKE PAYMENTS AS REQUIRED; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 13, Title 72, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 72-1349C, Idaho Code, and to read as follows:

72-1349C. TREATMENT OF INDIAN TRIBES. (1) In addition to the definition provided in section 72-1315, Idaho Code, the term "covered employer" shall also include any Indian tribe for which service in covered employment is performed.

(2) In addition to the definition provided in section 72-1316, Idaho Code, the term "covered employment" shall also include service performed in the employ of an Indian tribe as defined in section 3306(u) of the federal unemployment tax act (FUTA), provided such service is excluded from "employment" as defined in FUTA solely by reason of section 3306(c)(7), FUTA, and is not otherwise excluded from covered employment under this chapter. For purposes of this section, the exemptions from covered employment in sections 72-1316A(5) and (9), Idaho Code, shall be applicable to services performed in the employ of an Indian tribe.

(3) Benefits based on service in covered employment as that term is defined in this section, shall be payable in the same amount, on the
same terms and subject to the same conditions as benefits payable on the basis of other service under this chapter.  

(4) Indian tribes, or tribal units meaning subdivisions, subsidiaries or business enterprises wholly owned by such Indian tribe, subject to this chapter shall pay contributions under the same terms and conditions as all other covered employers unless the tribe elects to pay into the state unemployment fund amounts equal to the amount of benefits attributable to service in the employ of the Indian tribe.  

(a) Indian tribes electing to make payments in lieu of contributions shall make such election in the same manner and under the same conditions as provided in section 72-1349A, Idaho Code, pertaining to nonprofit organizations and governmental entities subject to this chapter. Indian tribes shall determine if reimbursement for benefits paid will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units.  

(b) Indian tribes or tribal units shall be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same basis as other employing units that have elected to make payments in lieu of contributions.  

(c) At the discretion of the director, any Indian tribe or tribal unit that elects to become liable for payments in lieu of contributions may be required to obtain and deposit with the director a surety bond approved by the director. The amount of the bond shall be determined by the director based on the employing entity's potential liability for benefit costs. Such bond shall be in force for a period of not less than two (2) years, and shall be renewed not less frequently than two (2) year intervals for as long as the Indian tribe or tribal unit continues to be liable for payments in lieu of contributions. The director may require adjustments to be made in the bond filed. When upward adjustments are required, the adjusted bond shall be filed within thirty (30) days of the date notice of the required adjustment was mailed. Failure by an Indian tribe or tribal unit covered by such bond to pay the full amount of payments due, together with interest and penalties as provided in section 72-1354, Idaho Code, shall render the surety liable on said bond to the extent of the bond, as though the surety was a liable organization.  

(5) Failure of the Indian tribe or tribal unit to make required payments, including assessments of interest and penalty, within ninety (90) days of receipt of the bill shall cause the Indian tribe to lose the option to make payments in lieu of contributions as described in subsection (4) of this section, for the following tax year unless payment in full is received before contribution rates for the next tax year are computed.  

(a) Any Indian tribe that loses the option to make payments in lieu of contributions due to late payment or nonpayment as described in this subsection (5) of this section, shall have such option reinstated if, after a period of one (1) year, all contributions have been made timely, provided no contributions, payments in lieu of contributions for benefits paid, penalties or interest remain outstanding.  

(b) Failure of the Indian tribe or any tribal unit thereof to make required payments, including assessments of interest and penalty, after all collection activities deemed necessary by the director
have been exhausted, shall cause services performed for such tribe to not be treated as "covered employment" for purposes of subsection (2) of this section.

(c) The director may determine that any Indian tribe that loses coverage under paragraph (b) of this subsection, may have services performed for such tribe again included as "covered employment" for purposes of subsection (2) of this section, if all contributions, payments in lieu of contributions, penalties and interest have been paid.

(6) Notices of payment and reporting delinquency to Indian tribes and their tribal units shall include information that failure to make full payment within the prescribed time frame:

(a) Shall cause the Indian tribe to be liable for taxes under the federal unemployment tax act;
(b) Shall cause the Indian tribe to lose the option to make payments in lieu of contributions; and
(c) Could cause the Indian tribe to be excepted from the definition of "covered employer" as provided in subsection (1) of this section, and services in the employ of the Indian tribe as provided in subsection (2) of this section, to be excepted from "covered employment."

(7) An Indian tribe and its tribal units shall be jointly and severally liable for all payments due under this chapter, including assessments of interest and penalties.

(8) Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the federal government shall be financed in their entirety by such Indian tribe or tribal unit.

(9) If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within ninety (90) days of a final notice of delinquency, or fails to timely file a required bond, the director shall immediately notify the United States internal revenue service and the United States department of labor.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved February 26, 2002.
59-1302. DEFINITIONS. (1) As used in this chapter, each of the terms defined in this section shall have the meaning given in this section unless a different meaning is clearly required by the context.

(2) "Active member" means any employee who is not establishing the right to receive benefits through his or her employer's participation in any other retirement system established for Idaho public employees, if such participation is mandated by applicable Idaho statutes other than this chapter. In no case will an employee be entitled to any benefit under this chapter for public service if such employee is establishing retirement benefit entitlements by other Idaho statutes or federal statutes other than military service or social security for that same service.

(3) "Accumulated contributions" means the sum of amounts contributed by a member of the system, together with regular interest credit thereon.

(4) "Actuarial equivalent" means a benefit equal in value to another benefit, when computed upon the basis of the actuarial tables in use by the system.

(5) "Actuarial tables" means such tables as shall have been adopted by the board in accordance with recommendations of the actuary.

(5A) "Alternate payee" means a spouse or former spouse of a member who is recognized by an approved domestic retirement order as having a right to all or a portion of the accrued benefits in the retirement system with respect to such member.

(5B) "Approved domestic retirement order" means a domestic retirement order which creates or recognizes the existence of an alternate payee's right or assigns to an alternate payee the right to all or a portion of the accrued benefits of a member under the retirement system, which directs the system to establish a segregated account or disburse benefits to an alternate payee, and which the executive director of the retirement system has determined meets the requirements of sections 59-1319 and 59-1320, Idaho Code.

(5C) "Average monthly salary" means the member's average salary during the base period as calculated pursuant to rules adopted by the board.

(5D) (a) "Base period" means the period of fifty-four (54) consecutive calendar months during which the member earned:

(i) The highest average salary; and

(ii) Membership service of at least one-half (1/2) the number of months in the period, excluding months of service attributable to:

A. Military service;

B. Service qualifying as minimum benefit pursuant to section 59-1342(5), Idaho Code; and

C. Worker's compensation income benefits.

(b) Effective October 1, 1993, the consecutive calendar months shall be forty-eight (48). Effective October 1, 1994, the consecutive calendar months shall be forty-two (42).

(c) Entitlement to a base period shall not vest until the effective date of that base period. The retirement benefits shall be calculated on the amounts, terms and conditions in effect at the date of the final contribution by the member.

(d) If no base period exists for a member, the member's average monthly salary shall be determined by the board, using standards not
inconsistent with those established in this subsection.

(e) To assure equitable treatment for all members, salary incre­
ments inconsistent with usual compensation patterns may be disal­
lowed by the board in determining average monthly salary and base
period.

excluding disabilities resulting from service in the armed forces of
any country, or from an intentionally self-inflicted injury; and
(b) That the member will likely remain so disabled permanently and
continuously during the remainder of the member's life.

It is not necessary that a person be absolutely helpless or entirely
unable to do anything worthy of compensation to be considered disabled.
If the person is so disabled that substantially all the avenues of
employment are reasonably closed to the person, that condition is within
the meaning of "disabled." In evaluating whether a person is disabled,
medical factors and nonmedical factors including, but not limited to,
education, economic and social environment, training and usable skills
may be considered.

Refusal to submit to a medical examination ordered by the board
before the commencement of a disability retirement allowance or at any
reasonable time thereafter shall constitute proof that the member is not
disabled. The board shall be empowered to select for such medical exami­
nation one (1) or more physicians or surgeons who are licensed to prac­
tice medicine and perform surgery. The fees and expenses of such exami­
nation shall be paid from the administration account of the fund. No

once each year after he has received a disability retirement allowance
continuously for two (2) years.

(12A) "Disabled service" means the total number of months elapsing
from the first day of the month next succeeding the final contribution
of a member prior to receiving a disability retirement allowance to the

remain classified in the membership category held during the month of final contribution. only by government or employee contributions or organizations who discharge governmental responsibilities or proprietary responsibilities that would otherwise be performed by government. All governmental entities are deemed to be political subdivisions for the purpose of this chapter.

These rules shall include provisions that will generally enable the board or program manager to determine if a withdrawal is a nonqualified withdrawal or a qualified withdrawal. The rules may, but need not, require one (1) or more of the following:

(a) Account owners seeking to make a qualified withdrawal or other withdrawal that is not a nonqualified withdrawal shall provide certifications, copies of bills for qualified higher education expenses or other supporting material;

(b) Qualified withdrawals from an account shall be made only by a check payable as designated by the account owner;

(c) Withdrawals not meeting certain requirements shall be treated as nonqualified withdrawals by the program manager, and if these withdrawals are not nonqualified withdrawals, the account owner must seek refunds of penalties directly from the board.

(5) An account owner may change the designated beneficiary of an account to an individual who is a member of the family of the former designated beneficiary in accordance with procedures established by the board.

(9) The board, by rule, shall increase the percentage of the penalty...
alty-prescribed-in-subsection-(8)-of-this-section-or-change-the-basis-of
this-penalty-if-the-board-determines-that-the-amount-of-the-penalty-must
be-increased-to-constitute-a-penalty-that-is-more-than-a-de-minimis-pen-
alty-for-purposes-of-qualifying-the-program-as-a-qualified-state-tuition
program-under-section-529-of-the-Internal-Revenue-Code.

(10) The board may decrease the percentage of the penalty-prescribed
in-subsection-(8)-of-this-section-if-it-determines-that-both-of-the-fol-
lowing-conditions-exist:
  (a) The penalty is greater than is required to constitute a penalty
      that-is-more-than-a-de-minimis-penalty-for-purposes-of-qualifying
      the-program-as-a-qualified-state-tuition-program-under-section-529
      of-the-Internal-Revenue-Code.
  (b) The penalty, when combined with other revenue generated under
      this chapter, is producing more revenue than is required to cover
      the-costs-of-operating-and-marketing-the-program-and-to-recover-any
      costs-not-previously-recovered.

(11) If an account owner makes a nonqualified withdrawal and no pen-
alty-amount-is-withheld-pursuant-to-subsection-(8)-of-this-section-or
the-amount-withheld-is-less-than-the-amount-required-to-be-withheld
under-that-subsection-for-nonqualified-withdrawals, the account owner
shall-pay-the-unpaid-portion-of-the-penalty-to-the-state-tax-commission
on-or-before-April-15-of-the-following-tax-year.

(12) Each account shall be maintained separately from each other
account under the program.

(13) Separate records and accounting shall be maintained for each
account for each designated beneficiary.

(14) No contributor to, account owner of or designated beneficiary
of any account may direct the investment of any contributions to an
account or the earnings from the account.

(15) If the board terminates the authority of a financial institu-
tion to hold accounts and accounts must be moved from that financial
institutions to another financial institution, the board shall select the
financial institution and type of investment to which the balance of the
account is moved unless the internal revenue service provides guidance
stating that allowing the account owner to select among several finan-
cial institutions that are current contractors would not cause a plan to
cease to be a qualified state tuition plan program.

(16) Neither an account owner nor a designated beneficiary may use
an interest in an account as security for a loan. Any pledge of an
interest in an account is of no force and effect.

(17) The board shall adopt rules to prevent contributions on behalf
of a designated beneficiary in excess of those necessary to pay the
qualified higher education expenses of the designated beneficiaries. The
rules shall address the following:
  (a) Procedures for aggregating the total balances of multiple
      accounts established for a designated beneficiary;
  (b) The establishment of a maximum total balance that may be held
      in accounts for a designated beneficiary;
  (c) The board shall review the quarterly reports received from par-
      ticipating financial institutions and certify that the balance in
      all qualified state tuition programs, as defined in section 529 of
      the Internal Revenue Code, of which that person is the designated
      beneficiary does not exceed the lesser of:
      (i) A maximum college savings amount established by the board
from time to time;
(ii) The cost in current dollars of qualified higher education expenses that the contributor reasonably anticipates the designated beneficiary will incur;
(d) Requirements that any excess balances with respect to a designated beneficiary be promptly withdrawn in a nonqualified withdrawal or rolled over to another account in accordance with this section.
(104) If there is any distribution from an account to any person or for the benefit of any person during a calendar year, the distribution shall be reported to the internal revenue service and the account owner or the designated beneficiary to the extent required by federal law.
(195) The financial institution shall provide statements to each account owner at least once each year within thirty-one (31) days after the twelve (12) month period to which they relate. The statement shall identify the contributions made during a preceding twelve (12) month period, the total contributions made through the end of the period, the value of the account as of the end of this period, distributions made during this period and any other matters that the board requires be reported to the account owner.
(2016) Statements and information returns relating to accounts shall be prepared and filed to the extent required by federal or state tax law.
(217) A state or local government or organization described in section 501(c)(3) of the Internal Revenue Code may open and become the account owner of an account to fund scholarships for persons whose identity will be determined after an account is opened.
(2218) In the case of any account described in subsection (217) of this section, the requirement that a designated beneficiary be designated when an account is opened does not apply and each person who receives an interest in the account as a scholarship shall be treated as a designated beneficiary with respect to the interest.
(2319) Any social security numbers, addresses or telephone numbers of individual account holders and designated beneficiaries that come into the possession of the board are confidential, are not public records and shall not be released by the board.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2002.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 20-520, Idaho Code, be, and the same is hereby amended to read as follows:

20-520. SENTENCING. (1) Upon the entry of an order finding the juvenile is within the purview of the act, the court shall then hold a sentencing hearing in the manner prescribed by the Idaho juvenile rules to determine the sentence that will promote accountability, competency development and community protection. Prior to the entry of an order disposing of the case, other than an order of discharge or dismissal, the court shall request and shall receive a report containing the results of an inquiry into the home environment, past history, competency development, prevention or out of home placement services provided, and the social, physical and mental condition of the juvenile. The court shall not consider or review the report prior to the entry of an order of adjudication. Upon presentation and consideration of the report by the court, the court may proceed to sentence the juvenile as follows:

(a) Place the juvenile on formal probation for a period not to exceed three (3) years from the date of the order, except the court may place a juvenile on formal probation for a period not to exceed the juvenile's twenty-first birthday if the court finds that the
juvenile has committed a crime of a sexual nature;
(b) Sentence the juvenile to detention pursuant to this act for a period not to exceed thirty (30) days for each act, omission or status which is prohibited by the federal, state, local or municipal law or ordinance by reason of minority only. The sentence shall not be executed unless the act, omission or status is in violation of section 922(x) of title 18, United States Code, or the court finds that the juvenile has violated the court's decree imposing the sentence as provided below.

If the court, after notice and hearing, finds that a juvenile has violated the court's decree imposing the sentence under circumstances that bring the violation under the valid court order exception of the federal juvenile justice and delinquency prevention act of 1974, as amended, the court may commit the juvenile to detention for the period of detention previously imposed at sentencing;
(c) Commit the juvenile to a period of detention, pursuant to this act, for a period of time not to exceed ninety (90) days for each unlawful or criminal act the juvenile is found to have committed, if the unlawful or criminal act would be a misdemeanor if committed by an adult, or where the juvenile has been adjudicated as an habitual status offender;
(d) If the juvenile has committed an unlawful or criminal act which would be a felony if committed by an adult, the court may commit the juvenile to detention for a period not to exceed one hundred eighty (180) days for each unlawful or criminal act;
(e) Whenever a court commits a juvenile to a period of detention it shall notify the school district where the detention facility is located. (g) The court may suspend or restrict the juvenile's driving privileges for such periods of time as the court deems necessary, and the court may take possession of the juvenile's driver's license. (j) The court may make any other reasonable order which is in the
best interest of the juvenile or is required for the protection of the public, except that no person under the age of eighteen (18) years may be committed to jail, prison or a secure facility which does not meet the standards set forth in section 20-518, Idaho Code, unless jurisdiction over the individual is in the process of being waived or has been waived pursuant to section 20-508 or 20-509, Idaho Code. The court may combine several of the above-listed modes of disposition where they are compatible;

(k) An order under the provisions of this section for probation or placement of a juvenile with an individual or an agency may provide a schedule for review of the case by the court;
(l) Order the proceeding expanded or altered to include consideration of the cause pursuant to chapter 16, title 16, Idaho Code;

(n) Order such other terms, conditions, care or treatment as appears to the court will best serve the interests of the juvenile and the community;
(o) The court shall assess a twenty dollar ($20.00) detention/probation training academy fee against the juvenile for every petition filed where there has been an adjudication that the juvenile is within the purview of this chapter. All moneys raised pursuant to this subsection shall be transmitted by the court for deposit in the juvenile corrections fund which is created in section 20-542, Idaho Code;
(p) Additionally, the court shall assess a fee of sixty cents (60¢) per hour of community service against the juvenile for every petition filed where there has been an adjudication that the juvenile is within the purview of this chapter and the court is ordering community service. Such fee is to be remitted by the court to the state insurance fund for purposes of providing worker's compensation insurance for persons performing community service pursuant to this chapter;
(q) Commit the juvenile to the legal custody of the department of juvenile corrections for an indeterminate period of time not to exceed the juvenile's twenty-first birthday, unless extended jurisdiction is necessary to complete the competency development and accountability goals of the department;
(r) Notwithstanding any other provision of this section, a court may not commit a juvenile offender under the age of ten (10) years to a period of detention or to the custody of the department of juvenile corrections for placement in secure confinement.
(2) When an order is entered pursuant to this section, the juvenile shall be transported to the facility or program so designated by the court or the department, as applicable, by the sheriff of the county where the juvenile resides or is committed, or by an appointed agent. When committing a juvenile to the department, or another entity, the court shall at once forward to the department or entity a certified copy of the order of commitment.
(3) Unless the court determines that an order of restitution would
be inappropriate or undesirable, it shall order the juvenile or his parents or both to pay restitution to or make whole any victim who suffers an economic loss as a result of the juvenile's conduct in accordance with the standards and requirements of sections 19-5304 and 19-5305, Idaho Code. The amount of restitution which may be ordered by the court shall not be subject to the limitations of section 6-210, Idaho Code. Court-ordered restitution shall be paid prior to any other court-ordered payments unless the court specifically orders otherwise.

(4) The court may order the juvenile's parents, legal guardian or custodian to pay the charges imposed by community programs ordered by the court for the juvenile, or the juvenile's parents, legal guardian or custodian.

(5) Any parent, legal guardian or custodian violating any order of the court entered against the person under the provisions of this chapter shall be subject to contempt proceedings under the provisions of chapter 6, title 7, Idaho Code.

The presence of such disease in any state in the United States, any country contiguous to the United States, or any country from which the state of Idaho receives animals or animal products may constitute an emergency. The director is also authorized to promulgate rules which list and regulate diseases, parasites and other agents which, if introduced into the state, would result in devastation of the livestock or other animals within the state and which diseases therefore constitute an emergency. It is hereby made the duty of all persons practicing veterinary medicine in this state to report to the division immediately, by telephone or facsimile, any and all cases of exposure to or infection of foot and mouth disease, bovine spongiform encephalopathy, chronic wasting disease, other transmissible spongiform encephalopathies, brucellosis, tuberculosis, or any foreign, exotic or emerging disease, or such other disease or diseases as may be declared to constitute an emergency by state or national authorities that they may find existing among animals of the state. Nothing contained in this section shall be construed to require satisfaction of the obligation imposed hereby in whole or in part from the sale of property or to bar the application of any other or additional remedy otherwise available. Amounts collected under this subsection shall be paid into the state treasury and credited to the general fund.

22-2011. COMPENSATION FOR THE LOSS OR DESTRUCTION OF INFESTED OR INFECTED PLANTS, PLANT PRODUCTS OR OTHER ARTICLES. No damages shall be awarded to the owner for the loss or destruction of infested or infected plants, plant products, or other articles, or any reimbursement made for expenses incurred incident to the application of the prescribed preventive or remedial measures, unless specifically appropriated by the Idaho state legislature. Under the provisions of this chapter the infected or infested plants, plant products or articles are considered to be a public nuisance.

22-2012. QUARANTINES. The director, by and with the approval of the governor, may, after investigations or hearings, establish, maintain and enforce quarantines as the director deems necessary to protect any and all plants against infestation or infection by any plant pest, new to or not heretofore widely prevalent or distributed within or throughout the state of Idaho. Quarantine rules issued under this chapter shall be promulgated in accordance with chapter 52, title 67, Idaho Code.

22-2013. QUARANTINE RULES -- REGULATED AREAS AND ARTICLES -- TEMPORARY RULES. The director may promulgate quarantine rules, whereby the production, movement or existence of plants, or any other article or material, or the normal activity of persons, is brought under rules, in order that the introduction or spread of a plant pest may be prevented or limited, or in order that a plant pest already introduced may be officially controlled, thereby reducing or avoiding an economic impact.
that would otherwise occur through damage done by the pest or through continuing cost of control measures.

(1) Federal quarantine. The department may enter into cooperative agreements with the U.S. department of agriculture, and other federal, state, city or county agencies to assist in the enforcement of federal quarantines. The department may establish a quarantine and promulgate a rule against a plant pest or an area not covered by a federal quarantine. The department may seize, destroy or require treatment of products moved from a federally regulated area if they were not moved in accordance with the federal quarantine rules or, if certified, they were found to be infested with the plant pest.

(2) State plant quarantines:
(a) State interior quarantine. The department may establish a quarantine against a plant pest that is not of quarantine significance to other states, to prevent the spread of the plant pest within its borders; or establish a quarantine against a plant pest of regional or national significance when no federal quarantine has been established.
(b) Parallel state interior quarantine. The department may establish a parallel state interior quarantine against a plant pest which is of limited distribution in the state and is the subject of a federal quarantine. The quarantine regulates intrastate movement between quarantined and nonquarantined areas of the state. This quarantine action is required if the federal quarantine is to apply only to the infested portion of the state.
(c) Uniform state quarantine. The department may establish a uniform state quarantine with other infested states which are parallel with respect to their basic quarantine requirements. The regulated area in the uniform state quarantine shall describe the area to be regulated. The quarantine shall include a reference to regulated areas of all the infested states under the uniform state quarantine. When a plant pest of regional or national significance occurs only in limited areas of the state and no federal quarantine is established, a state interior quarantine shall be established.
(d) Standard state exterior quarantine. The department may establish a standard state exterior quarantine if the plant pest is not established in the state but is established in other states and no federal quarantine has been established. The department may require controls at origin or destination as are necessary to provide protection for Idaho industries, the public and the environment.

(3) Regulated areas. The regulated area to be described in quarantine rules may involve the entire state, portion of the state (areas) or a list of locations of infested properties:
(a) Regulated areas may be subdivided into suppressive and generally infested areas where it is desirable to augment control measures being applied in certain areas, and it is believed necessary to control movement into such areas from generally infested areas.
(b) Provisions in the quarantine rules may be made for adding to the regulated area any other area known to be infested, or which is found to be infested after establishment of the quarantine, when so declared by the director.
(c) When an infestation in a certain regulated area has been eliminated through the application of treatments, to the extent that movements of the regulated articles therefrom would no longer pres-
ent a pest risk, the quarantine may be lifted. Provided, a hold order shall be issued to each owner of any remaining infested property in the aforementioned regulated area.

(4) Movement of regulated articles:

(a) Interstate shipments:
   (i) Any regulated article that is prohibited interstate movement or is required to be certified, if moved interstate from an area regulated by a state or federal quarantine, shall be refused entry into the state.
   (ii) The owner or carrier of regulated articles that are reportedly originating in nonregulated areas of a quarantined state must provide proof of origin of the regulated articles through an invoice, waybill or other shipping document.
   (iii) If only a portion of a state is under a state or federal quarantine, the shipment will not be refused nor a certificate required if the article originates from a nonregulated area of the shipping state, unless the article is found to be infested or prohibited.

(b) Intrastate shipments:
   (i) Certificates or permits are required for the movement of nonexempted regulated articles when:
      1. Moving from a regulated area to any point outside thereof.
      2. Moving from a generally infested area into a suppressive area.
      3. Moving within a suppressive area where such control over this movement is desirable.
   (ii) Certificates or permits should not be required for any regulated article originating outside of a regulated area moving to another nonregulated area, or moving through or reshipped from a regulated area when the point of origin of the article is clearly indicated on a waybill, bill of lading, shipper's invoice or other similar document accompanying the shipment, provided that shipments moving through or being reshipped from a regulated area must be safeguarded against infestation while within the regulated area in a manner satisfactory to an investigator.
   (iii) Certificates should not be issued unless provisions of other applicable quarantines have been met and the regulated articles:
      1. Originate in a noninfested portion of the regulated area and have not been exposed to infestation while within the regulated area; or
      2. Have been examined and found to be free of infestation; or
      3. Have been treated in accordance with procedures approved by the director; or
      4. Have been grown, produced, manufactured, stored or handled in such a manner that, in the judgment of the investigator, no infestation would be transmitted thereby.
   (iv) Limited permits may be issued to allow the movement of regulated articles to a specified destination for limited handling, utilization, or processing, provided the investigator has determined that such movement will not result in the spread
of the pest and requirements of other quarantines have been met.

(v) Control over the movement of regulated articles from infested areas to noninfested areas within a regulated area may be provided for when such control over movement within a regulated area is desired to prevent the spread of plant pests. This provision usually will be applicable only when officially controlled treatments are being applied and would be handled through a direct written notice to the property owner concerned.

(vi) Compliance agreements should be required as a basis for the issuance of certificates or permits in bulk to industry for their issuance, and they are desirable to explain the main provisions of the quarantine for that particular concern.

(5) Temporary rules. The department may promulgate temporary rules pursuant to chapter 52, title 67, Idaho Code, in order to take immediate regulatory action to prevent the introduction or establishment of a plant pest.

22-2014. REPEAL OF QUARANTINES. The director, by and with the approval of the governor, may repeal a quarantine when its purposes have been accomplished, or if the progress of events has clearly proved that the desired end is not possible to attain by the restrictions adopted. The quarantine shall be promptly reconsidered, either with a review or repeal or with intent of substituting other measures. Before any such repeal of a quarantine shall become effective, the same shall be approved by the governor and shall be signed in duplicate by him, and one (1) copy thereof shall be filed in the office of the secretary of state and the other in the office of the director. Quarantine rules issued under this chapter must be repealed in accordance with chapter 52, title 67, Idaho Code.

22-2015. LISTING OF REGULATED NONQUARANTINE PESTS AND RESTRICTIONS BY RULES. The director may promulgate rules listing regulated nonquarantine pests and specify restrictions for specific plant pests with a specified economically unacceptable impact to Idaho agriculture.

22-2016. PROHIBITED ACTIVITY — PERMITS — EXPORT CERTIFICATION AND COMPLIANCE AGREEMENTS — NONINDIGENOUS PLANT PEST SPECIES. (1) The shipment, introduction into or release within this state of any plant pest, biocontrol agent, or genetically engineered plant or plant pest, or any other organism which may directly or indirectly affect the plant life of this state as an injurious pest, parasite or predator of other organisms, or any arthropod, is prohibited, except under permit issued by the department, or as exempted by rule.

(2) Permits:
(a) Permits for shipment of plant pests. No person may sell, offer for sale, move, convey, transport, deliver, ship or offer for shipment, any plant pest or biological control agent, without an application and permit to move live plant pests and noxious weeds, PPQ Form 526, supplements thereto, published by the U.S. department of agriculture, animal and plant health inspection service, plant protection and quarantine, or any publication revising or superseding the aforementioned, or its state equivalent. Permits may be issued
only after the director determines that the proposed shipment or use will not create a hazard to the agricultural, forest or horticultural interests of this state or to the state’s general environmental quality. The permit shall be affixed conspicuously and on the exterior of each shipping container, box, package, appliance, or accompany each shipping container, box, package or appliance, as the director requires.

(b) Biotechnology permits. The director may enter into cooperative agreements with the U.S. department of agriculture to provide oversight and regulation of genetically engineered plants or any organism that may be a plant pest. This includes reviewing U.S. department of agriculture biotechnology notifications and permits, inspection of facilities conducting agricultural biotechnology and field release sites.

(c) Interstate origin inspection and preclearance permits (compliance agreements). The director may issue permits for interstate origin and preclearance of quarantine articles based on pest risk mitigation tactics or strategies that can be enforced at the point of origin of the shipment. Interstate origin inspection programs can be developed to achieve compliance with quarantine restrictions, regulated nonquarantine pest restrictions and product quality standards.

(3) Export certification and compliance agreements. The director has the authority to enter into compliance agreements for the purpose of certifying articles as pest free for export certification.

(4) A nonindigenous plant pest species known or not known to occur in the state of Idaho may not be granted entry into the state unless issued a written permit by the director. Permits shall contain such conditions and measures as the director may see fit to prevent the species from becoming established or further established within the state.

22-2017. CROP MANAGEMENT AREAS. The legislature recognizes the fact that in order to produce crops that are free from plant pests, and to control such plant pests, it is frequently necessary to apply certain crop management practices over an area which may include several farms, orchards, nurseries or other crop producing entities. Such practices may include, but are not limited to, use of clean seed, destruction of infested or undesirable plants, use of chemicals and prohibiting introduction of host materials. The legislature further recognizes that it is in the public interest that the director be authorized to designate certain areas as crop management areas and to stipulate those practices which shall be followed in the management area insofar as they affect the particular crop.

(1) The director may provide for establishment of a crop management area after presentation of a petition signed by not less than twenty-five (25) registered electors residing within the confines of the proposed crop management area. The petitioners shall give the petition to the county clerk of the county or counties who shall examine the signatures and certify the number of valid signatures of electors residing within the confines of the proposed crop management area and transmit the petition to the director. The director may establish a crop management area within the boundaries specified in the petition. The director may make and enforce rules to maintain the management area. Rules may include, but shall not be limited to:
(a) Specification of the kind and quality of seed or other propagative material which may be planted in the area;
(b) Specification of treatments, chemical or otherwise, which shall be used to control pests or undesirable plants in the area;
(c) Transportation of vegetative material into, within or out of the area;
(d) Disposition of infested crops, undesirable plants or other material which may include destruction of the crops, plants or other material;
(e) Disposition of vegetative material planted in violation of the rules.
(2) Disposition of infested or violative material in a crop management area shall be at the expense of the owner thereof.

22-2018. RESEARCH AND INVESTIGATION OF PLANT PEST PROBLEMS AND CONTROL. As deemed necessary, the director may fund research to prevent the introduction or spread of plant pests causing or having the potential to cause significant damage or harm in the state, and to investigate the feasibility of their control.

22-2019. INFESTATIONS -- PEST CONTROL COSTS -- DEFICIENCY WARRANTS -- COOPERATION WITH OTHER LANDOWNERS. Whenever the director determines that there exists the threat of an infestation of grasshoppers, crickets or other plant pests on state-owned land, private, range or agricultural land, and that the infestation is of such a character as to be a menace to state, private, range or agricultural land, the director may declare the existence of an infestation. Thereupon, the director shall have the power to go upon the state-owned land, private, range or agricultural land within the infested area, and shall cause the pest infestation to be controlled, using such funds as have been appropriated or may hereafter be made available for such purposes. Provided however, that whenever the cost of control of grasshoppers, crickets or other plant pests on state-owned land, private, range or agricultural land exceeds the funds appropriated or otherwise available for that purpose, the state board of examiners may authorize the issuance of deficiency warrants against the general fund account for up to five hundred thousand dollars ($500,000) in any one (1) year for such survey, detection and control. The director in executing the provisions of this chapter insofar as it relates to state-owned land, private, range or agricultural land, shall have the authority to cooperate with federal, state, county, municipal and private landowners in pest control projects; provided, that the state funds shall only be used to pay the state's pro rata share based on acreage of state-owned land, private, range or agricultural land treated. Such moneys as the state shall thus become liable for shall be paid out of appropriations which shall be made by the legislature for that purpose.

22-2020. PENALTIES FOR VIOLATIONS. (1) Any person who violates any provision of this chapter, or of the rules promulgated hereunder for carrying out the provisions of this chapter, or who fails or refuses to comply with any requirements herein specified, or who interferes with the department, its agents or employees, in the execution, or on account of the execution of its or their duties under this chapter or rules promulgated hereunder, shall be guilty of a misdemeanor and upon conviction thereof, shall be fined not more than three thousand dollars
(§3,000) or be imprisoned in a county jail for not more than twelve (12) months or be subject to both such fine and imprisonment.  

(2) Any person who violates or fails to comply with any of the provisions of this chapter or any rules promulgated hereunder may be assessed a civil penalty by the department or its duly authorized agent of not more than ten thousand dollars (§10,000) for each offense and shall be liable for reasonable attorney's fees.  

(a) Assessment of a civil penalty may be made in conjunction with any other department administrative action.  

(b) No civil penalty may be assessed unless the person charged was given notice and opportunity for a hearing pursuant to the Idaho administrative procedure act.  

(c) If the department is unable to collect such penalty or if any person fails to pay all or a set portion of the civil penalty as determined by the department, it may recover such amount by action in the appropriate district court.  

(d) Any person against whom the department has assessed a civil penalty under the provisions of this section may, within thirty (30) days of the final action by the agency making the assessment, appeal the assessment to the district court of the county in which the violation is alleged by the department to have occurred.  

(e) All civil penalties collected pursuant to this section shall be remitted to the agricultural department inspection fund.  

(3) Nothing in this chapter shall be construed as requiring the director to report minor violations for prosecution when he believes that the public interest will be best served by suitable warnings or other administrative action.  

22-2021. COOPERATION WITH OTHER JURISDICTIONS. (1) The department may enter into cooperative agreements with organizations including, but not limited to: persons, civic groups, or governmental agencies, to adopt and execute plans to detect and control areas infested or infected with plant pests. Such cooperative agreements may include provisions of joint funding of any control treatment.  

(2) If a plant pest occurs and cannot be adequately controlled by individual person(s), owner(s), tenant(s) or local units of government, the department may conduct the necessary control measures independently or on a cooperative basis with federal or other units of government.  

22-2022. SEVERABILITY. If any section, sentence, clause, phrase, or other portion of this chapter is for any reason held to be unconstitutional, the decision shall not affect the validity of the remaining portions thereof.  

22-2023. NO EFFECT ON EXISTING LIABILITY. The enactment of this chapter does not terminate or modify any civil or criminal liability relating to plant pests which exists prior to the effective date of this chapter.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-1211, Idaho Code, be, and the same is hereby amended to read as follows:

41-1211. SURPLUS LINE LAW -- SHORT TITLE -- PURPOSE. (1) Sections 41-1211 through 41-1234, Idaho Code, constitute and may be cited as the "Surplus Line Law."

(2) It is declared that the purposes of the Surplus Line Law are to provide orderly access for the insuring public of Idaho to insurers not authorized to transact insurance in this state, through only qualified, licensed, and supervised surplus line brokers resident licensed in Idaho and under such safeguards for the insured as may be practical, for insurance coverages and to the extent thereof not procurable from authorized insurers; to protect such authorized insurers, which under the laws of Idaho must meet certain standards as to policy forms and rates, from unwarranted competition by unauthorized insurers who, in the absence of this law, would not be subject to similar requirements; and for other purposes as set forth in this law.

SECTION 2. That Section 41-1213, Idaho Code, be, and the same is hereby amended to read as follows:

41-1213. DEFINITIONS. (1) "Broker" as used in this chapter means a surplus line broker duly licensed as such under this chapter, including resident surplus line brokers and nonresident surplus line brokers.

(2) To "export" means to place in an unauthorized insurer under this Surplus Line Law insurance covering a subject of insurance resident, located, or to be performed in Idaho.

SECTION 3. That Section 41-1215, Idaho Code, be, and the same is hereby amended to read as follows:

41-1215. BROKER'S AFFIDAVIT. At the time of procuring any such surplus line insurance the broker shall execute an affidavit, in form as prescribed or accepted by the director, setting forth facts from which it can be determined whether such insurance was eligible for export under section 41-1214, Idaho Code. The broker shall file, or cause to be filed, this affidavit with the director within thirty (30) days after the insurance policy is received by the broker.

SECTION 4. That Section 41-1216, Idaho Code, be, and the same is hereby amended to read as follows:

41-1216. OPEN LINES FOR EXPORT. (1) The director may by order or by rule declare eligible for export generally and without compliance with the provisions of sections 41-1214(2), 41-1214(3) and 41-1215, Idaho Code, any class or classes of insurance coverage or risk for which he
finds, after a hearing of which notice was given to each insurer—authorized to transact such class or classes in this state, consistent with the procedural requirements of chapter 52, title 67, Idaho Code, that there is no reasonable or adequate market among authorized insurers either as to acceptance of the risk, contract terms, or premium or premium rate. Any such order shall continue in effect during the existence of the conditions upon which predicated, but subject to earlier termination by the director.

(2) The broker shall file with or as directed by the director a memorandum as to each such coverage placed by him in an unauthorized insurer, in such form and context as the director may reasonably require for the identification of the coverage and determination of the tax payable to the state relative thereto.

(3) The broker, or a licensed Idaho agent of the authorized insurer, may also place with authorized insurers any insurance coverage made eligible for export generally under subsection (1) above of this section and without regard to rate or form filings which may otherwise be applicable as to the authorized insurer. As to coverages so placed in an authorized insurer the premium tax thereon shall be reported and paid by the insurer as required generally under section 41-402, Idaho Code.

41-1217. ELIGIBLE SURPLUS LINES INSURERS. (1) A broker shall not knowingly place surplus lines insurance with an insurer that is unsound financially, or that is ineligible under this section.

(2) The director shall from time to time compile or approve a list of all surplus lines insurers deemed by him to be eligible currently, and shall cause to be sent a copy of such list to each broker at his office last of record with the director. This subsection shall not be deemed to require the director to determine the actual financial condition or claims practices of any unauthorized insurer, and the status of eligibility, if granted by the director, shall indicate only that the insurer appears to be sound financially and to have satisfactory claims practices, and that the director has no credible evidence to the contrary. While any such list is in effect the broker shall restrict to the insurers so listed all surplus lines business placed by him and a person who independently procures its own insurance pursuant to this chapter for risks located in Idaho shall only purchase surplus line insurance from insurers so listed.

SECTION 6. That Section 41-1218, Idaho Code, be, and the same is hereby amended to read as follows:

41-1218. ELIGIBLE SURPLUS LINE INSURERS — PENALTY FOR VIOLATION. (1) For any violation of section 41-1217, Idaho Code, the broker or a person who independently procures its own insurance shall, upon conviction thereof, be guilty of a misdemeanor punishable as provided in section 41-117, Idaho Code (general penalty). If the director finds, after hearing, that the broker has violated such section he shall revoke all licenses held by him under this code, and shall not again license such individual under this code within a period of two (2) years after such revocation became final.
(2) The director may impose an administrative penalty not to exceed fifteen thousand dollars ($15,000), for deposit in the general account of the state of Idaho, upon any person or entity who transacts or who attempts to transact insurance as a surplus lines insurer in violation of any provision of chapter 12, title 41, Idaho Code. Failure of any such person or entity to pay a fine imposed pursuant to the provisions of this section shall authorize the director to seek enforcement of the fine, and any associated costs and attorney fees related to bringing the action, in any district court of this state.

SECTION 7. That Section 41-1223, Idaho Code, be, and the same is hereby amended to read as follows:

41-1223. LICENSING OF SURPLUS LINE BROKERS. (1) Any individual while licensed in this state as a producer licensed for property or casualty insurance who has had at least two (2) years' experience as a licensed-agent-or-broker producer for the lines of insurance for which he is seeking to be licensed as a surplus lines broker, and who is deemed by the director to be competent and trustworthy with respect to the handling of surplus lines, and while maintaining an office at a designated location in this state, may be licensed as a surplus line broker.

(2) Application for the license shall be made to the director on forms as designated and furnished by the director.

(3) The license and continuation fee shall be as set forth by rule pursuant to section 41-401, Idaho Code.

(4) The license and licensee shall be subject to the applicable provisions of chapter 10, title 41, Idaho Code (producers -- licensing).

SECTION 8. That Section 41-1224, Idaho Code, be, and the same is hereby amended to read as follows:

CHAPTER 99

(H.B. No. 505, As Amended, As Amended in the Senate)

AN ACT
RELATING TO HEALTH INSURANCE; AMENDING SECTIONS 41-4706 AND 41-5206, IDAHO CODE, TO REVISE SUNSET PROVISIONS APPLICABLE TO INDEX RATE BANDS FOR HEALTH BENEFIT PLANS AND TO PROVIDE THAT THE DIRECTOR SHALL REVIEW CERTAIN PROVISIONS OF LAW FOLLOWING THE RECEIPT OF DATA FROM HEALTH CARE INSURERS FOR CALENDAR YEAR 2004 AND SHALL SUBMIT TO CERTAIN COMMITTEES OF THE LEGISLATURE A REPORT REGARDING RETENTION OF THE INDEX RATE BANDS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-4706, Idaho Code, be, and the same is hereby amended to read as follows:

41-4706. RESTRICTIONS RELATING TO PREMIUM RATES. (1) Premium rates for health benefit plans subject to the provisions of this chapter shall be subject to the following provisions:
(a) The index rate for a rating period for any class of business shall not exceed the index rate for any other class of business by more than twenty percent (20%).
(b) For a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates that could be charged to such employers under the rating system for that class of business, shall not vary from the index rate by more than fifty percent (50%) of the index rate. The provisions of this subsection (1)(b)
shall apply until July 1, 2004, with respect to all health benefit plans offered to small employers other than the small employer basic, standard and catastrophic plans. The director shall review the provisions of this subsection following the receipt of data from health care insurers for calendar year 2004 and shall submit to the house business committee and the senate commerce and human resources committee a report regarding retention of the index rate bands.

(c) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(i) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(ii) Any adjustment, not to exceed fifteen percent (15%) annually and adjusted pro rata for rating periods of less than one (1) year, due to the claim experience, health status or duration of coverage of the employees or dependents of the small employer as determined from the small employer carrier's rate manual for the class of business; and

(iii) Any adjustment due to change in coverage or change in the case characteristics of the small employer as determined from the small employer carrier's rate manual for the class of business.

(d) Adjustments in rates for claim experience, health status and duration of coverage shall not be charged to individual employees or dependents. Any such adjustment shall be applied uniformly to the rates charged for all employees and dependents of the small employer.

(e) Premium rates for health benefit plans shall comply with the requirements of this section notwithstanding any assessments paid or payable by small employer carriers pursuant to section 41-4711, Idaho Code, or chapter 55, title 41, Idaho Code.

(f) (i) Small employer carriers shall apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors shall produce premiums for identical groups which differ only by the amounts attributable to plan design and do not reflect differences due to the nature of the groups assumed to select particular health benefit plans; and

(ii) A small employer carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(g) For the purposes of this subsection, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize such a network, provided that utilization of the restricted provider network results in substantial differences in claims costs.
(h) The small employer carrier shall not use case characteristics, other than age, individual tobacco use, geography, as defined by rule of the director, or gender, without prior approval of the director.

(i) A small employer carrier may utilize age as a case characteristic in establishing premium rates, provided that the same rating factor shall be applied to all dependents under twenty-three (23) years of age, and the same rating factor may be applied on an annual basis as to individuals or nondependents twenty (20) years of age or older.

(j) The director may establish rules to implement the provisions of this section and to assure that rating practices used by small employer carriers are consistent with the purposes of this chapter, including rules that:

(i) Assure that differences in rates charged for health benefit plans by small employer carriers are reasonable and reflect objective differences in plan design, not including differences due to the nature of the groups assumed to select particular health benefit plans;
(ii) Prescribe the manner in which case characteristics may be used by small employer carriers; and
(iii) Prescribe the manner in which a small employer carrier is to demonstrate compliance with the provisions of this section, including requirements that a small employer carrier provide the director with actuarial certification as to such compliance.

(2) A small employer carrier shall not transfer a small employer involuntarily into or out of a class of business. A small employer carrier shall not offer to transfer a small employer into or out of a class of business unless such offer is made to transfer all small employers in the class of business without regard to case characteristics, claim experience, health status or duration of coverage since issue.

(3) The director may suspend for a specified period the application of subsection (1)(a) of this section as to the premium rates applicable to one (1) or more small employers included within a class of business of a small employer carrier for one (1) or more rating periods upon a filing by the small employer carrier and a finding by the director either that the suspension is reasonable in light of the financial condition of the small employer carrier or that the suspension would enhance the efficiency and fairness of the marketplace for small employer health insurance.

(4) In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of all of the following:

(a) The extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in claims costs or actual or expected variation in health status of the employees of the small employer and their dependents;
(b) The provisions of the health benefit plan concerning the small employer carrier's right to change premium rates and the factors, other than claim experience, that affect changes in premium rates;
(c) The provisions relating to renewability of policies and con-
tracts; and
(d) The provisions relating to any preexisting condition provision.
(5) (a) Each small employer carrier shall maintain at its principal
place of business a complete and detailed description of its rating
practices and renewal underwriting practices, including information
and documentation that demonstrate that its rating methods and prac-
tices are based upon commonly accepted actuarial assumptions and are
in accordance with sound actuarial principles.
(b) Each small employer carrier shall file with the director annu-
ally on or before March 15, an actuarial certification certifying
that the carrier is in compliance with the provisions of this chap-
ter and that the rating methods of the small employer carrier are
actuarially sound. Such certification shall be in a form and manner,
and shall contain such information, as specified by the director. A
copy of the certification shall be retained by the small employer
carrier at its principal place of business.
(c) A small employer carrier shall make the information and docu-
mentation described in subsection (4)(a) of this section available
to the director upon request. Except in cases of violations of the
provisions of this chapter, the information shall be considered pro-
prietary and trade secret information and shall not be subject to
disclosure by the director to persons outside of the department
except as agreed to by the small employer carrier or as ordered by a
court of competent jurisdiction.

SECTION 2. That Section 41-5206, Idaho Code, be, and the same is
hereby amended to read as follows:

41-5206. RESTRICTIONS RELATING TO PREMIUM RATES. (1) Premium rates
for health benefit plans subject to the provisions of this chapter shall
be subject to the following provisions:
(a) The premium rates charged during a rating period to individuals
with similar case characteristics for the same or similar coverage,
or the rates that could be charged to such individuals under the
rating system, shall not vary from the index rate by more than fifty
percent (50%) of the index rate. The provisions of this subsection
(l)(a) shall apply until July 1, 2001, with respect to all health
benefit plans offered to individuals other than the individual
basic, standard, catastrophic A and catastrophic B plans. The direc-
tor shall review the provisions of this subsection following the
receipt of data from health care insurers for calendar year 2004 and
shall submit to the house business committee and the senate commerce
and human resources committee a report regarding retention of the
index rate bands.
(b) The percentage increase in the premium rate charged to an indi-
vidual for a new rating period may not exceed the sum of the follow-
ing:
(i) The percentage change in the new business premium rate
measured from the first day of the prior rating period to the
first day of the new rating period. In the case of a health
benefit plan into which the individual carrier is no longer
enrolling new individuals, the individual carrier shall use the
percentage change in the base premium rate, provided that such
change does not exceed, on a percentage basis, the change in
the new business premium rate for the most similar health benefit plan into which the individual carrier is actively enrolling new individuals.

(ii) Any adjustment, not to exceed fifteen percent (15%) annually and adjusted pro rata for rating periods of less than one year, due to the claim experience, health status or duration of coverage of the individual or dependents as determined from the individual carrier's rate manual; and

(iii) Any adjustment due to change in coverage or change in the case characteristics of the individual as determined from the individual carrier's rate manual.

(c) Premium rates for health benefit plans shall comply with the requirements of this section notwithstanding any assessments paid or payable by carriers pursuant to section 41-4711, Idaho Code, or chapter 55, title 41, Idaho Code.

(d) (i) Individual carriers shall apply rating factors, including case characteristics, consistently with respect to all individuals. Rating factors shall produce premiums for identical individuals which differ only by the amounts attributable to plan design and do not reflect differences due to the nature of the individuals assumed to select particular health benefit plans; and

(ii) An individual carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(e) For purposes of this subsection, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize such a network, provided that utilization of the restricted provider network results in substantial differences in claims costs.

(f) The individual carrier shall not use case characteristics, other than age, individual tobacco use, geography as defined by rule of the director, or gender, without prior approval of the director.

(g) An individual carrier may utilize age as a case characteristic in establishing premium rates, provided that the same rating factor shall be applied to all dependents under twenty-three (23) years of age, and the same rating factor may be applied on an annual basis as to individuals or nondependents twenty (20) years of age or older.

(h) The director may establish rules to implement the provisions of this section and to assure that rating practices used by individual carriers are consistent with the purposes of this chapter, including rules that:

(i) Assure that differences in rates charged for health benefit plans by individual carriers are reasonable and reflect objective differences in plan design, not including differences due to the nature of the individuals assumed to select particular health benefit plans;

(ii) Prescribe the manner in which case characteristics may be used by individual carriers; and

(iii) Prescribe the manner in which an individual carrier is to demonstrate compliance with the provisions of this section, including requirements that an individual carrier provide the director with actuarial certification as to such compliance.

(2) The director may suspend for a specified period the application
of subsection (1)(a) of this section as to the premium rates applicable to one (1) or more individuals for one (1) or more rating periods upon a filing by the individual carrier and a finding by the director either that the suspension is reasonable in light of the financial condition of the individual carrier or that the suspension would enhance the efficiency and fairness of the marketplace for individual health insurance.

(3) In connection with the offering for sale of any health benefit plan to an individual, an individual carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of all of the following:

(a) The extent to which premium rates for an individual are established or adjusted based upon the actual or expected variation in claims costs or actual or expected variation in health status of the individual and his dependents;

CHAPTER 100
(H.B. No. 506)

AN ACT
RELATING TO IRRIGATION Districts AND CONTRACTS FOR CONSTRUCTION WORK; AMENDING SECTION 43-901, IDAHO CODE, TO INCREASE TO TWENTY-FIVE THOUSAND DOLLARS THE AMOUNT OF AN EXPENDITURE FOR WHICH COMPETITIVE BIDDING IS REQUIRED AND TO MAKE A TECHNICAL CORRECTION.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 43-901, Idaho Code, be, and the same is hereby amended to read as follows:

43-901. CONTRACTS FOR CONSTRUCTION WORK. A. The following provisions relative to competitive bidding apply to all irrigation districts of the state of Idaho, but shall be subject to the provisions of any specific statute pertaining to the letting of any contract, purchase or acquisition of any commodity or thing by soliciting and receiving competitive bids therefor, and shall not be construed as modifying or amending the provisions of any such statute, nor preventing the irrigation district from doing any work by its own employees.

B. The word "expenditure" shall mean the granting of a contract to another by the irrigation district, the construction of any works, or any portion thereof, and every manner and means whereby the irrigation district disburses funds or obligates itself to disburse funds; provided, however, that "expenditure" does not include disbursement of funds to any irrigation district employee, official, agent, or for the performance of personal services to the irrigation district, or for the acquisition of personal property through a contract that has been competitively bid by the state of Idaho, one of its subdivisions or an agency of the federal government, and does not include the purchase of used personal property.

C. When the expenditure contemplated exceeds fifteen twenty-five thousand dollars ($152,500), the expenditure shall be contracted for and let to the lowest responsible bidder.

D. The notice inviting bids shall set a date and place for the opening of bids. The first publication of the notice shall be at least two (2) weeks before the date of opening the bids. Notice shall be published at least twice, not less than one (1) week apart, in the official newspaper of such irrigation district. The notice shall succinctly set forth the project or construction to be done. Any of the following documents shall be made available, upon reasonable deposit, to any interested bidder: bid form, bidder's instructions, contract documents, general and special instructions, drawings and specifications.

E. All bids shall be presented or otherwise delivered under sealed cover to the secretary with a concise statement marked on the outside thereof generally identifying the expenditure to which said bid pertains. All bids shall contain one (1) of the following forms of bidder's security:
   a. Cash;
   b. Cashier's check made payable to the irrigation district;
   c. A certified check made payable to the irrigation district;
   d. A bidder's bond executed by a qualified surety company, made payable to the irrigation district.

F. The security shall be an amount equal to at least ten percent (10%) of the amount bid. A bid shall not be considered unless one (1) of the forms of bidder's security is enclosed with it, and unless the bid is submitted in a form which substantially complies with the form provided by the irrigation district.

G. Any bid received by the irrigation district may not be withdrawn after the time set in the notice for opening of bids. All bids received must be opened at the time and place set in the notice inviting bids,
and no person shall be denied the right to be present at the opening of bids.

H. If the successful bidder fails to execute the contract, the amount of his bidder's security shall be forfeited to the irrigation district and the proceeds shall be deposited in the fund out of which the expenses of preparation and printing of the plans and specifications, estimates of costs and publication of notice are paid.

I. The irrigation district may, on refusal or failure of the successful bidder to execute the contract, award it to the next lowest responsible bidder. If the board awards the contract to the next lowest responsible bidder, the amount of the said lowest responsible bidder's security shall be applied by the irrigation district to the difference between the said lowest responsible bid and the said next lowest responsible bid, and the surplus, if any, shall be returned to the said lowest bidder if cash or check is used, or to the surety on the bidder's bond if a bond is used.

J. In its discretion, the board may reject any bids presented and readvertise. If two (2) or more bids are the same and the lowest responsible bids, the board may accept the one it chooses. If no bids are received, the board may make the expenditure without further compliance with this section.

K. After rejecting bids, the board may, after finding it to be a fact, pass a resolution declaring that the thing sought to be accomplished by the expenditure can be performed more economically by day labor, or the materials or supplies furnished at a lower price in the open market. Upon adoption of the resolution, it may have the thing sought to be accomplished done in the manner stated without further compliance with this section.

L. If there is a great public calamity, as an extraordinary fire, flood, storm, epidemic or other disaster, or if it is necessary to do emergency work to prepare for national or local defense, or if the irrigation system of the district has been seriously damaged or impaired, the board may pass a resolution declaring that the public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property or to replace or repair any damaged portion of the irrigation system or to remove any impediment therefrom. Upon adoption of the resolution, it may expend any sum required in the emergency without compliance with this section.

Approved March 19, 2002.

(d) Except as otherwise provided in section 28-9-705(e), a continuation statement may be filed only within six (6) months before the expiration of the five (5) year period specified in subsection (a) of this section or the thirty (30) year period specified in subsection (b) of this section, whichever is applicable.

(e) Except as otherwise provided in sections 28-9-510 and 28-9-705(g), upon timely filing of a continuation statement, the effectiveness of the initial financing statement continues for a period of five (5) years commencing on the day on which the financing statement would have become ineffective in the absence of the filing. Upon the expiration of the five (5) year period, the financing statement lapses in the same manner as provided in subsection (c) of this section, unless, before the lapse, another continuation statement is filed pursuant to subsection (d) of this section. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the initial financing statement.

(f) If a debtor is a transmitting utility and a filed financing statement so indicates, the financing statement is effective until a termination statement is filed.

(g) A record of a mortgage that is effective as a financing statement filed as a fixture filing under section 28-9-502(c) remains effective as a financing statement filed as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real property.

SECTION 5. That Section 28-9-626, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-626. ACTION IN WHICH DEFICIENCY OR SURPLUS IS IN ISSUE. In an action arising from a transaction other than a consumer transaction, in which the amount of a deficiency or surplus is in issue, the following rules apply:

(a) A secured party need not prove compliance with the provisions of this part relating to collection, enforcement, disposition or accep-
tance unless the debtor or a secondary obligor places the secured party's compliance in issue.

(b) If the secured party's compliance is placed in issue, the secured party has the burden of establishing that the collection, enforcement, disposition or acceptance was conducted in accordance with this part.

(c) Except as otherwise provided in section 28-9-628, if a secured party fails to prove that the collection, enforcement, disposition or acceptance was conducted in accordance with the provisions of this part relating to collection, enforcement, disposition or acceptance, the liability of a debtor or a secondary obligor for a deficiency is limited to an amount by which the sum of the secured obligation, expenses and attorney's fees exceeds the greater of:

(1) The proceeds of the collection, enforcement, disposition or acceptance; or

(2) The amount of proceeds that would have been realized had the noncomplying secured party proceeded in accordance with the provisions of this part relating to collection, enforcement, disposition or acceptance.

(d) For purposes of subsection (c)(2) of this section, the amount of proceeds that would have been realized is equal to the sum of the secured obligation, expenses and attorney's fees unless the secured party proves that the amount is less than that sum.

(e) If a deficiency or surplus is calculated under section 28-9-615(f), the debtor or obligor has the burden of establishing that the amount of proceeds of the disposition is significantly below the range of prices that a complying disposition to a person other than the secured party, a person related to the secured party, or a secondary obligor would have brought.

SECTION 6. That Section 28-9-705, Idaho Code, be, and the same is hereby amended to read as follows:

28-9-705. EFFECTIVENESS OF ACTION TAKEN BEFORE EFFECTIVE DATE. (a) If action, other than the filing of a financing statement, is taken before this act takes effect and the action would have resulted in priority of a security interest over the rights of a person that becomes a lien creditor had the security interest become enforceable before this act takes effect, the action is effective to perfect a security interest that attaches under this act within one (1) year after this act takes effect. An attached security interest becomes unperfected one (1) year after this act takes effect unless the security interest becomes a perfected security interest under this act before the expiration of that period.

(b) The filing of a financing statement before this act takes effect is effective to perfect a security interest to the extent the filing would satisfy the applicable requirements for perfection under this act.

(c) This act does not render ineffective an effective financing statement that, before this act takes effect, is filed and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in former section 28-9-103. However, except as otherwise provided in subsections (d) and (e) of this section and section 28-9-706, the financing statement ceases to be effective at
the earlier of:
(1) The time the financing statement would have ceased to be effec-
tive under the law of the jurisdiction in which it is filed; or
(2) June 30, 2006.
(d) The filing of a continuation statement after this act takes
effect does not continue the effectiveness of the financing statement
filed before this act takes effect. However, upon the timely filing of
a continuation statement after this act takes effect and in accordance
with the law of the jurisdiction governing perfection as provided in
part 3, the effectiveness of a financing statement filed in the same
office in that jurisdiction before this act takes effect continues for
the period provided by the law of that jurisdiction.
(e) Subsection (c)(2) of this section applies to a financing state-
ment that, before this act takes effect, is filed against a transmitting
utility and satisfies the applicable requirements for perfection under
the law of the jurisdiction governing perfection as provided in former
section 28-9-103 only to the extent that part 3 provides that the law of
a jurisdiction other than jurisdiction in which the financing statement
is filed governs perfection of a security interest in collateral covered
by the financing statement.
(f) A financing statement that includes a financing statement filed
before this act takes effect and a continuation statement filed after
this act takes effect is effective only to the extent that it satisfies
the requirements of part 5 for an initial financing statement.
(g) A financing statement filed as a fixture, timber or mineral
filing before July 1, 2001 (except for a record of mortgage which is
effective as a financing statement filed as a fixture filing) shall
cease to be effective after June 30, 2006. The effectiveness of such a
financing statement may be continued by filing a continuation state-
ment between January 1, 2006, and June 30, 2006, inclusive. The new five (5)
year effective period for such a financing statement, as provided in
section 28-9-515, shall commence on the date of filing such continuation
statement.

SECTION 7. That Section 39-1450, Idaho Code, be, and the same is
hereby amended to read as follows:

39-1450. SECURITY FOR BONDS AND NOTES. The principal of and inter-
est on any bonds or notes issued by the authority may be secured by a
pledge of, or security interest in, the revenues, rentals and receipts
out of which the same may be made payable or from other moneys available
therefor and not otherwise pledged or used as security and may be
secured by a trust indenture or mortgage or deed of trust (including
assignment of leases or other contract rights of the authority thereun-
der) covering all or any part of the facilities from which the revenues,
rentals or receipts so pledged or used as security may be derived,
including any enlargements of and additions to any such facilities
thereafter made. The resolution under which the bonds are authorized to
be issued and any such trust indenture, mortgage or deed of trust may
contain any agreements and provisions which shall be a part of the con-
tract with the holders of the bonds or notes to be authorized as to:
(a) Pledging or providing a security interest in all or any part of
the revenues of a facility or any revenue-producing contract or con-
tracts made by the authority with any individual, partnership, corpo-
tion or association or other body, public or private, to secure the pay-
ment of the bonds or notes or of any particular issue of bonds, subject
to such agreements with noteholders or bondholders as may then exist;
(b) Respecting the maintenance of the properties covered thereby;
(c) The fixing and collection of rents, fees, and other charges to
be charged, and the amounts to be raised in each year thereby, and the
use and disposition of the revenues;
(d) The setting aside, creation and maintenance of special and
reserve funds and sinking funds and the use and disposition of the reve-
uenes;
(e) Limitations on the right of the authority or its agent to
restrict and regulate the use of facilities;
(f) Limitations on the purpose to which the proceeds of sale of any
issue of bonds or notes then or thereafter to be issued may be applied
and pledging or providing a security interest in such proceeds to secure
the payment of the bonds or notes or any issue of the bonds or notes;
(g) Limitations on the issuance of additional bonds, the terms upon
which additional bonds may be issued and secured and the refunding of
outstanding bonds;
(h) The procedure, if any, by which the terms of any contract with
bondholders or noteholders may be amended or abrogated, the amount of
bonds or notes the holders of which must consent thereto, and the manner
in which such consent may be given;
(i) Limitations on the amount of moneys derived from a facility to
be expended for operating, administrative or other expenses of the
authority;
(j) Defining the acts or omissions to act which shall constitute a
default in the duties of the authority to holders of its obligations and
providing the rights and remedies of such holders in the event of a
default;
(k) The mortgaging of a facility and the site thereof for the pur-
pose of securing the bondholders or noteholders; and
(l) Such other additional covenants, agreements, and provisions as
are judged advisable or necessary by the authority for the security of
the holders of such bonds or notes.
Any pledge made by the authority shall be valid and binding from the
time when the pledge is made; the revenues, moneys, or property so
pledged and thereafter received by the authority shall immediately be
subject to the lien of such pledge without any physical delivery thereof
or further act, and the lien of such pledge shall be valid and binding
as against all parties having claims of any kind in tort, contract or
otherwise against the authority, irrespective of whether such parties
have notice thereof. Neither the resolution nor any other instrument by
which a pledge is created need be recorded. Each pledge, agreement,
lease, indenture, mortgage and deed of trust made for the benefit or
security of any of the bonds of the authority shall continue effective
until the principal of and interest on the bonds for the benefit of
which the same were made shall have been fully paid or provision for
such payment duly made. In the event of default in such payment or in
any agreements of the authority made as a part of the contract under
which the bonds were issued, whether contained in the resolutions autho-
rizing the bonds or in any trust indenture, mortgage or deed of trust
executed as security therefor, said payment or agreement may be enforced
by suit, mandamus, the appointment of a receiver in equity or by fore-
closure of any mortgage and deed of trust, or any one (1) or more of said remedies.

In addition to the foregoing, bonds of the authority may be secured by a pooling of leases whereby the authority may assign its rights, as lessor, and pledge rents under two (2) or more leases of the facilities with two (2) or more participating health institutions, as lessees respectively, upon such terms as may be provided for in the resolutions of the authority or as may be provided for in a trust indenture authorized by the authority.

(m) Notwithstanding any other provision of chapter 9, title 28, Idaho Code, to the contrary, this section expressly governs the creation, perfection, priority and enforcement of a security interest created by the Idaho health facilities authority.

SECTION 2. That Section 28-3-104, Idaho Code, be, and the same is hereby amended to read as follows:

28-3-104. NEGOTIABLE INSTRUMENT. (1) Except as provided in subsections (3) and (4) of this section, "negotiable instrument" means an unconditional promise or order to pay a fixed amount of money, with or without interest or other charges described in the promise or order, if it:

(a) Is payable to bearer or to order at the time it is issued or first comes into possession of a holder;
(b) Is payable on demand or at a definite time; and
(c) Does not state any other undertaking or instruction by the person promising or ordering payment to do any act in addition to the payment of money, but the promise or order may contain (1) an under-
taking or power to give, maintain, or protect collateral to secure payment, (ii) an authorization or power to the holder to confess judgment or realize on or dispose of collateral, or (iii) a waiver of the benefit of any law intended for the advantage or protection of an obligor.

(2) "Instrument" means a negotiable instrument.

(3) An order that meets all of the requirements of subsection (1) of this section, except paragraph (a), and otherwise falls within the definition of "check" in subsection (6) of this section is a negotiable instrument and a check.

(4) A promise or order other than a check is not an instrument if, at the time it is issued or first comes into possession of a holder, it contains a conspicuous statement, however expressed, to the effect that the promise or order is not negotiable or is not an instrument governed by this chapter.

(5) An instrument is a "note" if it is a promise and is a "draft" if it is an order. If an instrument falls within the definition of both "note" and "draft," a person entitled to enforce the instrument may treat it as either.

(6) "Check" means (i) a draft, other than a documentary draft, payable on demand and drawn on a bank, or (ii) a cashier's check or teller's check, or (iii) a demand draft. An instrument may be a check even though it is described on its face by another term, such as "money order."

(7) "Cashier's check" means a draft with respect to which the drawer and drawee are the same bank or branches of the same bank.

(8) "Teller's check" means a draft drawn by a bank (i) on another bank, or (ii) payable at or through a bank.

(9) "Traveler's check" means an instrument that (i) is payable on demand, (ii) is drawn on or payable at or through a bank, (iii) is designated by the term "traveler's check" or by a substantially similar term, and (iv) requires, as a condition to payment, a countersignature by a person whose specimen signature appears on the instrument.

(10) "Certificate of deposit" means an instrument containing an acknowledgment by a bank that a sum of money has been received by the bank and a promise by the bank to repay the sum of money. A certificate of deposit is a note of the bank.

(11) "Demand draft" means a writing not signed by the customer that is created by a third party under the purported authority of the customer for the purpose of charging the customer's account with a bank. A demand draft shall contain the customer's account number and may contain any or all of the following:

(a) The customer's printed or typewritten name;
(b) A notation that the customer authorized the draft; or
(c) The statement "no signature required" or words to that effect.

"Demand draft" does not include a check purportedly drawn by and bearing the signature of a fiduciary, as defined in section 68-301, Idaho Code.

SECTION 3. That Section 28-3-416, Idaho Code, be, and the same is hereby amended to read as follows:

28-3-416. TRANSFER WARRANTIES. (1) A person who transfers an instrument for consideration warrants to the transferee and, if the
transfer is by indorsement, to any subsequent transferee that:
(a) The warrantor is a person entitled to enforce the instrument;
(b) All signatures on the instrument are authentic and authorized;
(c) The instrument has not been altered;
(d) The instrument is not subject to a defense or claim in recoup­ment of any party which can be asserted against the warrantor; and
(e) The warrantor has no knowledge of any insolvency proceeding commenced with respect to the maker or acceptor or, in the case of an unaccepted draft, the drawer; and
(f) If the instrument is a demand draft, creation of the instrument according to the terms on its face was authorized by the person identified as drawer.

(2) A person to whom the warranties under subsection (1) of this section are made and who took the instrument in good faith may recover from the warrantor as damages for breach of warranty an amount equal to the loss suffered as a result of the breach, but not more than the amount of the instrument plus expenses and loss of interest incurred as a result of the breach.

(3) The warranties stated in subsection (1) of this section cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within thirty (30) days after the claimant has reason to know of the breach and the identity of the warrantor, the liability of the warrantor under subsection (2) of this section is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(4) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

(5) If the warranty in subsection (1)(f) of this section is not given by a transferor under applicable conflict of law rules, then the warranty is not given to that transferor when that transferor is a transferee.

SECTION 4. That Section 28-3-417, Idaho Code, be, and the same is hereby amended to read as follows:

28-3-417. PRESENTMENT WARRANTIES. (1) If an unaccepted draft is presented to the drawee for payment or acceptance and the drawee pays or accepts the draft, (i) the person obtaining payment or acceptance, at the time of presentment, and (ii) a previous transferor of the draft, at the time of transfer, warrant to the drawee making payment or accepting the draft in good faith that:
(a) The warrantor is, or was, at the time the warrantor transferred the draft, a person entitled to enforce the draft or authorized to obtain payment or acceptance of the draft on behalf of a person entitled to enforce the draft;
(b) The draft has not been altered; and
(c) The warrantor has no knowledge that the signature of the drawer of the draft is unauthorized; and
(d) If the draft is a demand draft, creation of the demand draft according to the terms on its face was authorized by the person identified as drawer.

(2) A drawee making payment may recover from any warrantor damages for breach of warranty equal to the amount paid by the drawee less the amount the drawee received or is entitled to receive from the drawer.
because of the payment. In addition, the drawee is entitled to compensation for expenses and loss of interest resulting from the breach. The right of the drawee to recover damages under this subsection is not affected by any failure of the drawee to exercise ordinary care in making payment. If the drawee accepts the draft, breach of warranty is a defense to the obligation of the acceptor. If the acceptor makes payment with respect to the draft, the acceptor is entitled to recover from any warrantor for breach of warranty the amounts stated in this subsection.

(3) If a drawee asserts a claim for breach of warranty under subsection (1) of this section, based on an unauthorized indorsement of the draft or an alteration of the draft, the warrantor may defend by proving that the indorsement is effective under section 28-3-404 or 28-3-405 or the drawer is precluded under section 28-3-406 or 28-4-406 from asserting against the drawee the unauthorized indorsement or alteration.

(4) If (i) a dishonored draft is presented for payment to the drawer or an indorser or (ii) any other instrument is presented for payment to a party obliged to pay the instrument, and (iii) payment is received, the following rules apply:

(a) The person obtaining payment and a prior transferor of the instrument warrant to the person making payment in good faith that the warrantor is, or was, at the time the warrantor transferred the instrument, a person entitled to enforce the instrument or authorized to obtain payment on behalf of a person entitled to enforce the instrument.

(b) The person making payment may recover from any warrantor for breach of warranty an amount equal to the amount paid plus expenses and loss of interest resulting from the breach.

(5) The warranties stated in subsections (1) and (4) of this section cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within thirty (30) days after the claimant has reason to know of the breach and the identity of the warrantor, the liability of the warrantor under subsection (2) or (4) of this section is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(6) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

(7) A demand draft is a check as provided in section 28-3-104.

(8) If the warranty in subsection (1)(d) of this section is not given by a transferor under applicable conflict of law rules, the warranty is not given to that transferor when the transferor is a transferee.

SECTION 5. That Section 28-4-207, Idaho Code, be, and the same is hereby amended to read as follows:

28-4-207. TRANSFER WARRANTIES. (1) A customer or collecting bank that transfers an item and receives a settlement or other consideration warrants to the transferee and to any subsequent collecting bank that:

(a) The warrantor is a person entitled to enforce the item;

(b) All signatures on the item are authentic and authorized;

(c) The item has not been altered;
(d) The item is not subject to a defense or claim in recoupment (section 28-3-305(1)) of any party that can be asserted against the warrantor; and
(e) The warrantor has no knowledge of any insolvency proceeding commenced with respect to the maker or acceptor or, in the case of an unaccepted draft, the drawer; and
(f) If the item is a demand draft, creation of the item according to the terms on its face was authorized by the person identified as drawer.
(2) If an item is dishonored, a customer or collecting bank transferring the item and receiving settlement or other consideration is obliged to pay the amount due on the item (i) according to the terms of the item at the time it was transferred, or (ii) if the transfer was of an incomplete item, according to its terms when completed as stated in sections 28-3-115 and 28-3-407. The obligation of a transferor is owed to the transferee and to any subsequent collecting bank that takes the item in good faith. A transferor cannot disclaim its obligation under this subsection by an indorsement stating that it is made "without recourse" or otherwise disclaiming liability.
(3) A person to whom the warranties under subsection (1) of this section are made and who took the item in good faith may recover from the warrantor as damages for breach of warranty an amount equal to the loss suffered as a result of the breach, but not more than the amount of the item plus expenses and loss of interest incurred as a result of the breach.
(4) The warranties stated in subsection (1) of this section cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within thirty (30) days after the claimant has reason to know of the breach and the identity of the warrantor, the warrantor is discharged to the extent of any loss caused by the delay in giving notice of the claim.
(5) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.
(6) If the warranty in subsection (1)(f) of this section is not given by a transferor under applicable conflict of law rules, the warranty is not given to that transferor when the transferor is a transferee, nor to any prior collecting bank.

SECTION 6. That Section 28-4-208, Idaho Code, be, and the same is hereby amended to read as follows:

28-4-208. PRESENTMENT WARRANTIES. (1) If an unaccepted draft is presented to the drawee for payment or acceptance and the drawee pays or accepts the draft, (i) the person obtaining payment or acceptance, at the time of presentment, and (ii) a previous transferor of the draft, at the time of transfer, warrant to the drawee that:
(a) The warrantor is, or was, at the time the warrantor transferred the draft, a person entitled to enforce the draft or authorized to obtain payment or acceptance of the draft on behalf of a person entitled to enforce the draft;
(b) The draft has not been altered; and
(c) The warrantor has no knowledge that the signature of the purported drawer of the draft is unauthorized; and
(d) If the draft is a demand draft, creation of the demand draft according to the terms on its face was authorized by the person identified as drawer.

(2) A drawee making payment may recover from a warrantor damages for breach of warranty equal to the amount paid by the drawee less the amount the drawee received or is entitled to receive from the drawer because of the payment. In addition, the drawee is entitled to compensation for expenses and loss of interest resulting from the breach. The right of the drawee to recover damages under this subsection is not affected by any failure of the drawee to exercise ordinary care in making payment. If the drawee accepts the draft (i) breach of warranty is a defense to the obligation of the acceptor, and (ii) if the acceptor makes payment with respect to the draft, the acceptor is entitled to recover from a warrantor for breach of warranty the amounts stated in this subsection.

(3) If a drawee asserts a claim for breach of warranty under subsection (1) of this section based on an unauthorized indorsement of the draft or an alteration of the draft, the warrantor may defend by proving that the indorsement is effective under section 28-3-404 or 28-3-405 or the drawer is precluded under section 28-3-406 or 28-4-406 from asserting against the drawee the unauthorized indorsement or alteration.

(4) If (i) a dishonored draft is presented for payment to the drawer or an indorser or (ii) any other item is presented for payment to a party obliged to pay the item, and the item is paid, the person obtaining payment and a prior transferor of the item warrant to the person making payment in good faith that the warrantor is, or was, at the time the warrantor transferred the item, a person entitled to enforce the item or authorized to obtain payment on behalf of a person entitled to enforce the item. The person making payment may recover from any warrantor for breach of warranty an amount equal to the amount paid plus expenses and loss of interest resulting from the breach.

(5) The warranties stated in subsections (1) and (2) of this section cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within thirty (30) days after the claimant has reason to know of the breach and the identity of the warrantor, the warrantor is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(6) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

(7) A demand draft is a check, as provided in section 28-3-104.

(8) If the warranty in subsection (1)(d) of this section is not given by a transferee under applicable conflict of law rules, the warranty is not given to that transferee when the transferee is a transferee.

39-8008. ADDITIONAL DUTIES OF ADMINISTRATOR -- RIGHT OF INSPECTION -- POSTING. (1) The administrator shall have authority under this section to enter all public school facilities covered by this chapter at reasonable times and to inspect, on an annual basis, such facilities for compliance with the Idaho uniform school building safety code; provided however, that inspections shall take into account the age of the school facilities and the appropriate codes that would have been in effect at the time of the construction of such facilities; provided further, that regardless of the codes in effect at the time of construction, imminent safety hazards found in public school facilities shall be identified and the provisions of this chapter relating to such imminent safety hazards shall apply.

(2) If the administrator finds a violation of the Idaho uniform school building safety code that he concludes does not constitute an imminent safety hazard, he shall notify in writing the school district superintendent, principal, board member, or other person in charge. Such notification shall state, in bold print, that the citations for violations or nonconformances constitute recommendations only.

(3) If the administrator finds a violation of the Idaho uniform school building safety code that he concludes constitutes an imminent safety hazard, he shall immediately notify the department of administration and request that the department of administration designate a licensed professional to independently evaluate the condition prior to issuing any report under this chapter. The department of administration shall, within two (2) working days, designate a licensed professional to independently evaluate the condition identified. That licensed professional shall, within fourteen (14) days, complete its independent evaluation of the condition identified by the administrator and notify the director of the department of administration of its conclusions. If the administrator determines that the condition constituting an imminent safety hazard could reasonably be expected to cause death or serious physical harm before the evaluation of the department of administration can be completed and before the condition can be eliminated, he shall determine the extent of the area where such condition exists and thereupon shall issue a written order or notice requiring the school district superintendent, principal, board member or other person in charge to cause all persons, except those necessary to eliminate the condition, to be withdrawn from, and to be restrained from entering, such area pending the evaluation of the department of administration. This order shall be withdrawn if the evaluation of the department of administration does not concur with the administrator that the condition constitutes an imminent safety hazard as could reasonably be expected to cause death or serious physical harm before the condition can be eliminated.

(4) If the department of administration agrees with the determination of the administrator that a condition identified constitutes an imminent safety hazard, the department of administration shall, within
three (3) working days, so notify the administrator in writing.

(5) Upon receipt of such notification in writing, the administrator shall immediately serve, or cause to be served, written notice or order upon the school district superintendent, principal, board member or other person in charge describing the imminent safety hazard. The administrator shall also notify in writing the state superintendent of public instruction of such imminent safety hazard. Upon receipt of such written notice or order, the school district superintendent, principal, board member, or other person in charge shall require all changes necessary to eliminate the imminent safety hazard be made, without delay and within the time specified by the administrator in the notice or order. If the condition presenting an imminent safety hazard is not corrected within the specified time, or if the administrator determines that the condition constituting such imminent safety hazard could reasonably be expected to cause death or serious physical harm before the condition can be eliminated, if he has not previously done so he shall determine the extent of the area where such condition exists and thereupon shall issue an order or notice requiring the school district superintendent, principal, board member, or other person in charge to cause all persons, except those necessary to eliminate the condition, to be withdrawn from, and to be restrained from entering, such area. The school district superintendent, principal, board member, or other person in charge shall assist the administrator as necessary to post such areas to prevent injury.

(6) The administrator shall follow up on the school district's progress in addressing any identified imminent safety hazard to ensure that appropriate corrective action was taken. The administrator may extend the time for completing corrective action if he deems necessary.

(7) Upon completion of corrective action and verification of such completion by the division of building safety and the department of administration, the administrator shall provide a report to the state superintendent of public instruction, the local superintendent of schools and the chair of the local school board.

(8) Annual inspections of public school facilities conducted by the administrator under the provisions of this section shall be funded pursuant to legislative appropriation.

No person engaged in the business or acting in the capacity of a contractor, may bring or maintain any action in any court of this state for the collection of compensation for the performance of any act or contract for which a license is required by this act chapter without alleging and providing that he was a duly licensed contractor at all times during the performance of such act or contract.

(3) In addition to any other penalties specified in this section, whenever any person violates the provisions of this chapter by acting as a public works contractor without a license, the administrator may maintain an action in the name of the state of Idaho to enjoin the person from any further violations. Such action may be brought either in the county in which the acts are claimed to have been or are being commit-
ted, in the county where the defendant resides or in Ada county. Upon
the filing of a verified complaint in the district court, the court, if
satisfied that the acts complained of have been or probably are being or
may be committed, may issue a temporary restraining order and/or prelimi­
nary injunction, without bond, enjoining the defendant from the commis­
sion of any such act or acts constituting the violation. A copy of the
complaint shall be served upon the defendant and the proceedings shall
thereafter be conducted as in other similar civil actions. If the com­
mission of the act or acts is established, the court shall enter a
decree permanently enjoining the defendant from committing such act or
acts. If an injunction issued under the provisions of this section is
violated, the court, or the judge thereof at chambers, may summarily try
and punish the offender for contempt of court.

As used in this subsection, "war veteran" shall mean a veteran as defined in 5 U.S.C. section 2108.

(2) Ten (10) points shall be added to the earned rating of veterans discharged under honorable conditions who qualify as disabled veterans because they have served on active duty in the armed forces at any time and have a present service connected disability of ten percent (10%) or more. Ten (10) points shall also be added to the earned rating of the widow or widower of any disabled veteran as long as he or she remains unmarried, the spouse of any eligible disabled veteran who is physically unable to perform the work in the position to which the spouse seeks to apply the preference, when required to take competitive examination for any position in any state department, county or municipal government, which may now or which may hereafter require competitive examinations under merit system or civil service plan of selecting employees: The names of all ten (10) point preference eligibles resulting from any merit system or civil service examination shall be placed at the top of the register above the names of all nonpreference eligibles in accordance with their augmented rating.

The additional points added by reason of veteran's preference shall be used only for the purpose of initial appointment and not for the purpose of promotions.

(3) For the purpose of this section, an initial appointment shall meet the following criteria:
(a) The appointment shall be the first time a qualified veteran is hired by a county, municipal government or state agency and subsequent separation from the county, municipal government or state agency shall not result in the award of new preference points with such employer.

SECTION 2. That Section 67-5309, Idaho Code, be, and the same is hereby amended to read as follows:

67-5309. RULES OF THE DIVISION OF HUMAN RESOURCES AND THE PERSONNEL COMMISSION. The administrator of the division of human resources shall have the power and authority to adopt, amend, or rescind such rules as may be necessary for proper administration of this chapter. Such rules shall include:
(a) A rule requiring the administrator, after consulting with each department to develop, adopt, and make effective, a job classification system for positions covered by this chapter, based upon an analysis of the duties and responsibilities of the positions. The job classification shall include an appropriate title for each class, and a description of duties and responsibilities of positions in the classes and the requirements of minimum training, experience and other qualifications, suitable
for the performance of duties of the position.

(b) A rule describing the relevant labor markets and benchmark job classifications used in the administrator's salary surveys.

(c) A rule requiring that all classes of positions which are common to the departments concerned shall have the same titles, minimum requirements and compensation ranges.

(d) A rule providing for review by the administrator of the personnel system including classifications and compensation policies and procedures.

(e) A rule that, notwithstanding the procedure for examination and ranking of eligibles on a register provided in subsection (f) of this section, an agency may appoint an individual directly into an entrance or promotional probation if the division of vocational rehabilitation, Idaho commission for the blind and visually impaired or the industrial commission certifies, with the concurrence of division of human resources staff, that the individual (1) has a disability or handicap as defined under state or federal law; (2) is qualified to perform the essential functions of a particular classified position with or without reasonable accommodation; and (3) lacks competitiveness in the examination process due to the disability or handicap. The probationary period as provided in subsection (j) of this section shall be the sole examination for such individuals.

(f) A rule requiring fair and impartial selection of appointees to all positions other than those defined as nonclassified in this chapter, on the basis of open competitive merit examinations or evaluations. An application for an examination will be accepted after the closing date of the examination from a person who was serving in the armed forces, or undergoing hospitalization of no more than one (1) year following discharge, during any period in which the examination was open; the application must be submitted within one hundred twenty (120) days of separation from the armed forces or hospitalization and prior to the expiration of the register established as a result of the examination. A disabled veteran may file an application at any time for any position for which the division maintains a register or for which a register is about to be established, provided he or she has not already been examined twice for the same position and grade for which application is made, does not have current eligibility on that register, or is not serving in a competitive position in the same grade for which application is made. Examinations may be assembled or unassembled and may include various examining techniques such as rating of training and experience, written tests, oral interviews, recognition of professional licensing, performance tests, investigations and any other measure of ability to perform the duties of the position. Examinations shall be scored objectively. Five (5) points shall be added to the earned rating of any war veteran as defined in section 65-506, Idaho Code, and the widow or widower of any war veteran as defined in section 65-506, Idaho Code, as long as he or she remains unmarried. Employment registers shall be established in order of final score except that the names of all five (5) point preference eligibles resulting from any merit system or civil service
examination shall be placed on the register in accordance with their augmented rating, and the names of all ten (10) point preference eligibles shall be placed at the top of the register above the names of all nonpreference eligibles. Certification of eligibility for appointment to vacancies shall be in accordance with a formula which limits selection by the hiring department from among the ten (10) top ranking available eligibles plus the names of all individuals with scores identical to the tenth ranking eligible on the register. A register with at least five (5) eligibles shall be adequate. Selective certification shall be permitted when justified by the hiring department, under rules to be made by the division defining adequate justification based on the duties and requirements of the positions. Such examinations need not be held until after the rules have been adopted, the service classified and a pay plan established, but shall be held not later than one (1) year after departments commence participation in the personnel system.

If an employee's name appears within certifiable range on a current register for a higher class of position, he shall be eligible for a transfer and promotion.

(h) A rule for development and maintenance of a system of service ratings and the use of such ratings by all departments in connection with promotions, demotions, retentions, separations and reassignments. The rule shall require that an evaluation of each classified employee shall be made after each two thousand eighty (2,080) hour period of credited state service, and that a copy of the evaluation shall be filed with the division.

(i) A rule prohibiting disqualification of any person from taking an examination, from appointment to a position, from promotion, or from holding a position because of race or national origin, color, sex, age, political or religious opinions or affiliations, and providing for right of appeal.

The rule shall provide that if the appointing authority fails to provide a performance evaluation within thirty (30) days after the expiration of the probationary period, the employee shall be deemed to have satisfactorily completed the probation unless the appointing authority receives approval from the administrator to extend the probationary period for good cause for an additional specified period not to exceed one thousand forty (1,040) hours of credited state service. If an employee is performing in an unsatisfactory manner during the entrance probationary period, the appointing authority shall ask the employee to resign, and if no resignation is submitted, shall terminate the employment of such employee without the right of grievance or appeal.
(k) A rule concerning provisional appointments.

(1) A rule concerning temporary appointments.

(m) A rule governing the employment of consultants and persons retained under independent contract.

(n) A rule for the disciplinary dismissal, demotion, suspension or other discipline of employees only for cause with reasons given in writing. tion or that is necessary to process a claim for payment.

(2) If the physical or mental condition of a victim or claimant is material to a claim, the commission may order the victim or claimant to submit from time to time to an examination by a physician or other licensed health professional or may order an autopsy of a deceased victim. The commission shall pay for such examination or autopsy. (6) Persons serving a sentence of imprisonment or residing in any other public institution which provides for the maintenance of such person are not entitled to the benefits of this chapter.

(7) (a) Compensation may be denied or reduced if the victim contributed to the infliction of death or injury with respect to which the claim is made. Any reduction in benefits under this subsection
shall be in proportion to what the commission finds to be the victim's contribution to the infliction of death or injury.

(b) Compensation otherwise payable to a claimant shall be reduced by fifty percent (50%) if at the time the injury was incurred claimant was engaged in a felony or was in violation of section 18-8004 or 67-7034, Idaho Code, and compensation otherwise payable may be further reduced pursuant to regulation of the industrial commission if claimant's actions contributed to the injury.

SECTION 7. That Section 72-1019, Idaho Code, be, and the same is hereby amended to read as follows:

72-1019. COMPENSATION BENEFITS. (1) A claimant is entitled to weekly compensation benefits when the claimant has a total actual loss of wages due to injury as a result of criminally injurious conduct. During the time the claimant seeks such weekly benefits, the claimant, as a result of such injury, must have no reasonable prospect of being regularly employed in the normal labor market. The weekly benefit amount is sixty-six and two-thirds percent (66 2/3%) of the wages received at the time of the criminally injurious conduct, subject to a maximum of one hundred seventy-five dollars ($175). Weekly compensation payments shall be made at the end of each two (2) week period. No weekly compensation payments may be paid for the first week after the criminally injurious conduct occurred, but if total actual loss of wages continues for one (1) week, weekly compensation payments shall be paid from the date the wage loss began. Weekly compensation payments shall continue until the claimant has a reasonable prospect of being regularly employed in the normal labor market.

(2) The commission may order payment of reasonable expenses actually incurred by the claimant for reasonable services by a physician or surgeon, reasonable hospital services and medicines, mental health counseling and care, and such other treatment as may be approved by the commission for the injuries suffered due to criminally injurious conduct. Payment for the costs of forensic and medical examinations of alleged victims of sexual assault performed for the purposes of gathering evidence for possible prosecution, after collections from any third party who has liability, shall be made by the commission. The commission shall establish a procedure for summary processing of such claims.

(3) (a) The dependents of a victim who is killed as a result of criminally injurious conduct are entitled to receive aggregate weekly benefits amounting to sixty-six and two-thirds percent (66 2/3%) of the wages received at the time of the criminally injurious conduct causing the death, subject to a maximum of one hundred seventy-five dollars ($175) per week. Weekly compensation payments shall be made at the end of each two (2) week period.

(b) Benefits under subsection (3)(a) of this section shall be paid to the spouse for the benefit of the spouse and other dependents unless the commission determines that other payment arrangements should be made. If a spouse dies or remarries, benefits under subsection (3)(a) shall cease to be paid to the spouse but shall continue to be paid to the other dependents so long as their dependent status continues.

(4) Reasonable funeral and burial expenses of the victim, not exceeding two thousand five hundred dollars ($2,500), shall be paid if
all other collateral sources have properly paid such expenses but have not covered all such expenses.

(5) (a) Compensation payable to a victim and all of the victim's dependents in cases of the victim's death, because of injuries suffered due to an act or acts of criminally injurious conduct involving the same offender and occurring within a six (6) month period, may not exceed twenty-five thousand dollars ($25,000) in the aggregate.

(b) The limitation of subsection (5)(a) of this section is subject to the further limitation that payments for mental health treatment received as a result of the victim's injury may not exceed two thousand five hundred dollars ($2,500) unless the industrial commission finds extenuating circumstances pursuant to regulation of the industrial commission.

(6) Compensation benefits are not payable for pain and suffering or property damage.

(7) (a) A person who has suffered injury as a result of criminally injurious conduct and as a result of such injury has no reasonable prospect of being regularly employed in the normal labor market, who was employable but was not employed at the time of such injury, may in the discretion of the commission be awarded weekly compensation benefits in an amount determined by the commission not to exceed one hundred fifty dollars ($150) per week. Weekly compensation payments shall continue until the claimant has a reasonable prospect of being regularly employed in the normal labor market or for a shorter period as determined by the commission. The claimant shall be awarded benefits as provided in subsection (2) of this section.

(b) The dependents of a victim who is killed as a result of criminally injurious conduct and who was employable but not employed at the time of death, may, in the discretion of the commission, be awarded, in an aggregate amount payable to all dependents, a sum not to exceed one hundred fifty dollars ($150) per week which shall be payable in the manner and for the period provided by subsection (3)(b) of this section or for such shorter period as determined by the commission. The claimant shall be awarded benefits as provided in subsection (4) of this section.

(c) Compensation payable to a victim or a victim's dependents under this subsection may not exceed twenty thousand dollars ($20,000), and the limitations of subsection (6) of this section apply to compensation under this subsection (7).

(8) Amounts payable as weekly compensation may not be commuted to a lump sum and may not be paid less frequently than every two (2) weeks.

(9) (a) Subject to the limitations in subsection (9)(c) of this section, the spouse, parent, child, brother, or sister of a victim who is killed as a result of criminally injurious conduct is entitled to reimbursement for mental health treatment received as a result of the victim's death.

(b) Subject to the limitations in subsection (9)(c) of this section, the spouse, parent, child, brother or sister of a victim who is sexually assaulted is entitled to reimbursement for mental health treatment received as a result of the crime.

(c) Total payments made under subsections (9)(a) and (9)(b) of this section, may not exceed five hundred dollars ($500) for each person or one thousand five hundred dollars ($1,500) for a family.
(d) With regard to claims filed pursuant to this section, in order for family members of victims of crime to be entitled to benefits, the victim of the crime must also have been awarded benefits for the crime itself.

(10) A claimant or a spouse, parent, child or sibling of a claimant or victim may be reimbursed for his or her expenses for necessary travel incurred in connection with obtaining benefits covered pursuant to this chapter and in accordance with rules of the commission.

Approved March 20, 2002.
to resolve their disputes through alternative dispute resolution. The procedures to be utilized under this chapter, while based on the alternative dispute resolution processes of arbitration, mediation, and early neutral evaluation, are intended to be as informal as practicable to accomplish these concurrent objectives.

7-1503. ACTIONS TO WHICH THE IDAHO CIVIL EVALUATION OPTION APPLIES
 INITIATION OF PROCESS -- OPTION TO MEDIATE -- MOTIONS FOR REMOVAL FROM EVALUATION. (1) Civil actions in which the sole relief sought is a money judgment in which the parties agree that the total claims for all damages sought by a party do not exceed twenty-five thousand dollars ($25,000) shall be subject to the provisions of this chapter. This chapter shall not apply to appeals from the magistrates division, disputes subject to arbitration under chapter 9, title 7, Idaho Code, proceedings in the small claims division of the district court, cases seeking a punitive damages award, or cases in which this chapter has been previously invoked.

(2) The provisions of this chapter may be initiated by any party by the filing of a notice with the court. The notice shall be filed at least one hundred fifty (150) days prior to a scheduled trial but, without the consent of all parties, may not be filed within forty-five (45) days following the service of a complaint. The trial court shall retain jurisdiction over a case proceeding under this chapter and the case shall remain on the court's active calendar.

(3) The parties shall confer after the filing of the notice to determine if they wish to undertake evaluation or mediation. If they agree to mediate, the parties may agree upon a mediator or utilize an individual selected pursuant to the evaluator selection provisions of this chapter. If a mediation has been conducted under this chapter, and the mediation has not resulted in the settlement of all claims, within fourteen (14) days following such mediation, the parties shall file a notice with the clerk of the court that a mediation has been completed, that all claims have not been settled and specifying the claims which remain. Within twenty-eight (28) days after the notice is filed, the court shall issue a scheduling order or hold a scheduling conference pursuant to the Idaho rules of civil procedure.

(4) If the parties are not able to agree whether to undertake a mediation or an evaluation under this chapter, a party has seven (7) days after the filing of the notice of the initiation of the provisions of this chapter to file a motion seeking the court to order which form of alternative dispute resolution will be used. The moving party has a right to a hearing pursuant to the Idaho rules of civil procedure. In making its determination on the motion, the court shall consider, among other factors it deems relevant, the nature of the claim(s) and the defense(s), the prior experience, if any, of the parties or their counsel with mediation or evaluation, in this or other cases, the potential likelihood that the facts alleged in a claim, if proven, will lead to liability of one party to another, and the complexity of the case. If the court does not determine that mediation is a preferable means of alternative dispute resolution for the particular case, it shall order the parties to conduct an evaluation under the provisions of this chapter.

(5) Any party may move the court for removal from the evaluation at any stage for good cause. The court shall grant such motion upon its
determination that there has been a substantial change in circumstances or that there is a reasonable potential for the moving party to later seek amendment to its pleadings to allow that party to pursue punitive damages, making the evaluation option an inappropriate method to obtain resolution of the particular dispute.

7-1504. SELECTION OF EVALUATOR -- COURT ADMINISTRATION OF PROCEDURE -- RULES, STANDARDS AND PROCEDURES -- EXEMPTION FROM OPERATION OF THE CHAPTER. (1) All senior and sitting magistrate judges, district judges and appellate court judges and justices are authorized to act as civil litigation evaluators. The supreme court may establish by rule, procedures for the appointment and use, where available, of such judges as evaluators for the purposes of this chapter.

(2) The supreme court shall maintain a list of private civil litigation evaluators who are approved to serve in each district pursuant to this chapter and any rules adopted by the supreme court. Each county's clerk of the court shall from time to time be provided by the supreme court a list of evaluators who are approved to serve in that county pursuant to this chapter and any rules adopted by the supreme court.

(3) Unless a judge is assigned as an evaluator pursuant to court rule, or unless the parties have agreed in advance to the selection of a particular evaluator, upon receipt of a notice of initiation of the provisions of this chapter, the clerk of the court shall provide each party to the case a list containing the names of the same five randomly selected evaluators. If there are more than two parties to the litigation, the clerk will provide ten names.

(4) In every case each party may submit requests for replacement list(s) to the clerk within three days of receipt of a list of evaluators. Upon receipt of such a request, the clerk of the court shall provide each party to the case a new list containing an appropriate number of names of randomly selected evaluators.

(5) Within seven days of receipt of the list, it shall be the duty of the party that filed the notice initiating proceedings under this chapter to initiate contact with the representatives of the other litigants for the purpose of selecting an evaluator. Unless the parties agree on a particular evaluator or a different method of selection, selection of the evaluator will be by alternating strikes. The representative of the initiating party shall strike an evaluator's name, the opposing counsel shall then strike an evaluator's name with the parties alternating until only one name is left. If there are more than two parties, the strikes shall be made in the order the parties' names appear on the case caption commencing with the initiating party. The initiating party shall file notice of the selected evaluator within ten days of the receipt of the list.

(6) If there is any dispute or failure to cooperate with the selection procedures contained in this section, any party may file a motion with the court for assistance in selection of an evaluator. No hearing shall be required and the court shall rule on such motion expeditiously and take whatever steps are necessary to obtain the prompt selection of an evaluator. If the court finds that a party has requested a replacement list of evaluators unreasonably or determines it is otherwise appropriate, the court may appoint a sitting or retired judge or a private lawyer from the list of approved evaluators to serve as evaluator for the case.
7-1505. QUALIFICATIONS, APPOINTMENT AND COMPENSATION OF EVALUATORS.

(1) Any individual desiring to be on a list of private civil litigation evaluators under this chapter shall submit a request to the supreme court identifying each district in which the individual wishes to serve. The task of acting as an evaluator under this chapter shall be a service to the judiciary and the legal profession. The legislature encourages members of the bar to accept up to two appointments under this chapter on a pro bono basis each year.

(2) To serve as a private civil litigation evaluator, a person must currently be an active member of the Idaho state bar association and have had such membership for a minimum of seven (7) years or be a retired judge. To the extent it deems them necessary, the supreme court may prescribe by rule additional qualifications for civil litigation evaluators in some or all cases with the purpose of providing the largest pool of individuals with the knowledge and experience to fairly determine claims under this chapter at minimal or no cost to litigants.

(3) Upon appointment in each case, the evaluator must sign an oath to fulfill the duties of the office, including the impartial, unbiased and timely discharge of those duties. He must also affirmatively state that he has no conflict of interest. Challenges to the service of an evaluator shall be made by motion to the trial court and shall be heard expeditiously. Evaluators may decline any appointments for the balance of a calendar year without cause after serving as an evaluator twice during the year. The trial court may otherwise excuse evaluators from an appointment for good cause. If an evaluator declines or is excused from service, a new list shall be requested from the clerk for selection of an evaluator.

(4) Evaluators shall submit their rates of hourly compensation, if any, to the supreme court when submitting their request to be on the list of civil litigation evaluators. The clerk shall include the rate of hourly compensation, if any, for each evaluator in the list of names submitted to the parties. The parties shall each pay an equal portion of...
a private evaluator's fee if any is charged as well as an equal portion of any actual costs incurred by the private evaluator. Individuals who wish to serve as private civil litigation evaluators under this chapter other than on a pro bono basis shall agree to serve as an evaluator in exchange for a fee not to exceed one thousand dollars ($1,000) unless the parties agree otherwise. Provided however, that judges assigned as evaluators pursuant to court rule shall not be compensated by the parties.

7-1506. EVALUATOR AUTHORITY -- PROCEDURES RELATING TO SERVICE, FILING AND COMPUTATION OF TIME. (1) An evaluator has the authority to:
(a) Decide procedural issues relating to the conduct of the evaluation, including discovery disputes, arising before or during the evaluation process except issues relating to the qualification of the evaluator, which shall be decided by the trial court.
(b) Invite, with reasonable notice, the parties to submit pre-evaluation briefs;
(c) Examine any site or object relevant to the case;
(d) Administer oaths and affirmations to witnesses for the purposes of the evaluation;
(e) Rule on the admissibility of evidence;
(f) Determine the facts, decide the law, issue a decision, and make an award;
(g) Adjust or extend statutory deadlines set forth in this chapter, for good cause shown; and
(h) Take such other acts as are necessary to accomplish the object of a fair, swift, and cost-effective determination of the case.

(2) An evaluator shall not decide motions to dismiss, motions to add or change parties in the case, or motions for summary judgment. Any such motion shall be presented to the trial court for determination.

(3) After the case is assigned to the evaluator, service shall be made consistent with rule 5 of the Idaho rules of civil procedure, except that documents used in the evaluation shall be filed with the evaluator instead of the court.

(4) Time shall be computed pursuant to the Idaho rules of civil procedure.

(5) Except for the authority expressly given to an evaluator by this chapter, all issues shall be determined by the court.

7-1507. DISCOVERY. (1) Unless the evaluator orders otherwise:
(a) A defending party may demand in writing a statement from each claimant setting forth separately the amounts of any special, general or other damages sought in the evaluation. Such statement shall be served on all parties no later than twenty-one (21) days after receipt of the demand;
(b) A party may take the deposition of another party pursuant to the Idaho rules of civil procedure;
(c) If the physical or mental condition of a claimant is an issue, the defending parties may obtain the relevant medical reports of the claimant and one (1) defendant's medical examination of the claimant. The evaluator shall decide any limitations to be placed on the time, place, manner, conditions or scope of the examination if requested. A claimant shall have an absolute right to a copy of any
document created by the examiner or the examiner's employees or agents during or after the examination. Such materials shall be provided to the claimant within fourteen (14) days of the date of the examination and no later than twenty-one (21) days prior to the evaluation hearing date. Failure to timely provide the medical examiner's materials shall be a basis for vacating and rescheduling the hearing or for excluding the evidence in the discretion of the evaluator;

(d) The parties may submit requests for admission to one another pursuant to the Idaho rules of civil procedure.

(2) The conclusions and foundations therefore of any expert opinion testimony that a party intends to offer at the evaluation shall be submitted in writing to the opposing party no later than twenty-one (21) days prior to the evaluation. Medical records are deemed to fulfill the requirements of this subsection. If the opposing party concludes that it needs to take the expert's deposition and the parties cannot reach agreement to do so, the written report shall be submitted to the evaluator who, after hearing the opposing party's reasons for requesting the deposition, may order it to go forward. The evaluator's determination that such discovery will occur shall be based on whether it is necessary to obtain a fair determination of the case. If a party wishes to offer the live testimony of any expert witness at the evaluation, notice of the intent to do so must be given to the other parties no later than twenty-one (21) days prior to the evaluation and the opposing parties shall have the right to depose the expert before the evaluation is conducted.

(3) No additional discovery shall be due or obtained for the purpose of the evaluation unless the parties stipulate thereto or the evaluator has ordered otherwise based on the evaluator's determination that such discovery is necessary to obtain a fair, swift and cost-effective determination of the case.

(4) Costs of all depositions, including fees for expert testimony, and medical examinations shall be paid by the party requesting the examination or testimony.

7-1508. PREHEARING AND HEARING PROCEDURES. (1) The evaluator shall set the time and place of the evaluation hearing and shall give reasonable notice of the hearing to the parties. The parties may agree to hold the hearing by telephone. Except by stipulation among the parties and the evaluator, or for good cause shown, the hearing shall be scheduled to take place no sooner than twenty-eight (28) days, nor later than seventy (70) days, from the date of the assignment of the case to the evaluator. If a case will be heard later than seventy (70) days from the date of assignment, the evaluator shall file a notice with the trial court providing reasons for the delay and informing the court of the date of the hearing.

(2) Except for good cause shown, no party shall be allowed more than three (3) hours for presentation of its case at an evaluation hearing.

(3) Counsel for the parties and the evaluator may issue subpoenas for the hearing in the manner provided in the Idaho rules of civil procedure.

(4) At least fourteen (14) days prior to the date of the evaluation, each party shall file with the evaluator and serve upon all other
parties a prehearing statement containing a list of witnesses the party intends to call at the evaluation hearing and a list of exhibits and documentary evidence a party intends to utilize at the hearing. The document will identify whether the testimony shall be live, presented in a sworn writing, or taken by telephone. Upon request, all written and other tangible evidence identified shall be made available for the opposing party's inspection and copying at least seven (7) days prior to the hearing date. The evaluator shall have the right to exclude any evidence not provided in compliance with this section.

(5) The evaluator shall control the mode and order of proof with the objectives of making the presentation of evidence effective for the ascertainment of facts, avoiding the needless consumption of time, protecting witnesses from harassment and undue embarrassment, and ensuring the fair, swift, and cost-effective determination of the case. Witnesses shall testify under oath administered by the evaluator with the full penalty of law to apply to violation of that oath. The evaluator may allow testimony by telephone or other nontraditional means. The evaluator may question any witness. A party has the right to cross-examine any other party and any witness called by another party.

(6) The hearing may be recorded electronically upon the request of any party, the cost to be borne by that party.

(7) Proceedings shall be under the control of the evaluator and as informal as practicable. The extent to which the formal rules of evidence will be applied shall rest in the discretion of the evaluator. To the extent determined applicable, the evaluator shall construe those rules liberally in order to effectuate a fair, swift and cost-efficient procedure. Expert opinion testimony shall only be allowed if the conclusions and foundations therefore were appropriately disclosed and, if offered live, subjected to the opportunity for deposition pursuant to section 7-1507(2), Idaho Code, and otherwise admissible under the Idaho rules of evidence.

(8) To effectuate the fair, swift and cost-efficient nature of the evaluation, the following documents shall be presumed admissible and may be provided to the evaluator prior to the hearing, provided the documents are disclosed in the prehearing statement and, where relevant, the name, address and telephone number of the author of the document is contained in the document or set forth in the prehearing statement:

(a) Any written contract between the parties;
(b) A copy of any billing statement or invoice prepared in the normal course of business;
(c) Copies of any correspondence between the parties;
(d) Any document that would be admissible under rule 803(6) of the Idaho rules of evidence;
(e) A bill, report, chart, or record of a hospital, doctor, dentist, registered nurse, licensed practical nurse, physical therapist, psychologist or other health care provider, on a letterhead, or billhead or otherwise clearly identifiable as part of the provider's professional record;
(f) A bill for drugs, medical appliances or other related expenses on letterhead, or billhead or otherwise clearly identifiable as part of a provider's professional record;
(g) A bill for, or estimate of, property damage or loss on a letterhead or billhead. In the case of an estimate, the offering party shall notify the adverse party no later than, as part of the
prehearing statement, whether the property was repaired, in full or in part and provide the actual bill showing the cost of repairs;
(h) A police, weather, or wage loss report or standard life expectancy table to the extent it is relevant without need for authentication;
(i) A photograph, videotape, x-ray, drawing, map, blueprint, or similar evidence to the extent it is relevant without the need for authentication;
(j) The written statement of any witness made as part of a police investigation;
(k) The written statement of any witness, including a written report of any expert witness that contains a statement of opinion based on proper qualifications which the witness would be allowed to express if testifying in person;
(l) A document not specifically covered by the foregoing but having equivalent circumstantial guarantees of trustworthiness, the admission of which would help in the swift, fair and cost-effective resolution of the dispute or otherwise serve the interests of justice.
(9) The admission of a document under subsection (8) of this section does not, in any manner, restrict argument or proof relating to the weight of the evidence admitted, nor does it limit the evaluator's discretion to determine the weight of the evidence after hearing all evidence and the arguments of the parties.
(10) The evaluation hearing may proceed, and a decision may issue, in the absence of any party who, after due notice, fails to participate or to obtain a continuance. Continuances shall only be granted for good cause and for the shortest practicable time. If a party is absent, the evaluator may permit any party present to submit evidence supporting such present party's position in the case. In a case involving more than one defendant, the absence of a defendant shall not preclude the evaluator from assessing as part of the award, damages against the defendant or defendants who are absent. The evaluator, for good cause shown, may allow an absent party an opportunity to appear at a subsequent hearing before making an award. A party who fails to participate in the hearing or prehearing process without good cause waives the right to a trial de novo. If it is shown to the trial court by clear and convincing evidence that a party or its counsel has not acted in good faith during the evaluation, the trial court may impose any appropriate sanction against such party or its counsel.

7-1509. EVALUATION DECISION AND AWARD -- APPEALS -- TRIAL DE NOVO -- MISCELLANEOUS. (1) Within fourteen (14) days following the evaluation, the evaluator shall issue a written, signed decision. The evaluator shall determine all issues raised by the pleadings, including a determination of any damages. The evaluator shall apply the applicable law as it exists; however, neither findings of fact nor conclusions of law shall be required. The decision and award shall be served on the parties. The evaluator shall file a notice of issuance of the evaluator's decision with the clerk of the court, together with proof of service of the notice and the decision on the parties. The decision and award shall not be filed with the clerk of the court. No evaluator's award shall exceed twenty-five thousand dollars ($25,000) in total damages to a party. No evaluator's award shall include exemplary or punitive damages. An evaluator may, in addition, award costs and attorney's
fees under the terms of an applicable contract.

(2) Within twenty (20) days after the notice of issuance of the evaluator's decision has been filed with the clerk of the court, any party may file with the clerk a written notice of appeal and request for a trial de novo in the district court on all issues of law and fact. Within twenty-eight (28) days after the request for a trial de novo has been filed, the court shall issue a scheduling order or hold a scheduling conference pursuant to the Idaho rules of civil procedure.

(3) The trial de novo shall proceed as if the evaluation had not occurred. No reference to the evaluation or to the amount of the evaluation award shall be made to the trial court or the jury during any part of the trial de novo. Discovery taken and statements made during the evaluation process may be used at the trial de novo as provided in the Idaho rules of civil procedure and the Idaho rules of evidence; however, no reference shall be made to the fact that any statement was made in an evaluation proceeding. Any dollar amount sought, demanded or awarded during the evaluation, including the parties' agreement that for the purposes of the evaluation the claim is limited to twenty-five thousand dollars ($25,000), shall be treated as an offer of compromise pursuant to the Idaho rules of evidence and shall not be admissible at trial. Any examination made pursuant to the provisions of section 7-1507(1)(c), Idaho Code, shall be subject to rule 35 of the Idaho rules of civil procedure. Any violation of the provisions of this subsection by a party or its representatives shall be subject to appropriate sanctions by the trial court.

(4) The relief sought at trial shall not be limited by the evaluation; provided however, that judgment for damages of more than twenty-five thousand dollars ($25,000), exclusive of costs and fees, may not be entered for a party who has agreed that its claim does not exceed twenty-five thousand dollars ($25,000) for the purposes of initiating alternative dispute resolution under this chapter and shall be reduced by the court unless the claimant establishes the applicability of the factors of rule 60 of the Idaho rules of civil procedure. An evaluator may not be called as a witness at the trial de novo.

(5) The trial court shall assess costs and reasonable attorney's fees against a party who appeals from an evaluation award and fails to improve its position at the trial de novo by at least fifteen percent (15%).

(6) Up to forty-five (45) days following the filing of the notice of issuance of the evaluator's decision, a party may serve upon the other party(ies) a written offer of compromise. If an offer of compromise is not accepted by the other party(ies) within ten (10) days after service thereof, the amount used for determining whether the party appealing the evaluator's award has improved its position shall be the amount of the offer of compromise. Neither the evaluator's decision nor the offer of compromise shall be submitted to the trial court until the verdict or judgment has been rendered in the trial de novo.

(7) The trial court may assess some or all costs and reasonable attorney's fees against a party who withdraws its request for a trial de novo where the withdrawal is not in conjunction with the acceptance of an offer of compromise.

(8) For the purposes of this section "costs and reasonable attorney's fees" means all those provided for by statute or rule as well as all expert witness fees and other expenses the court finds were rea-
sonably incurred after the appeal from the evaluation award was filed.

(9) If no appeal has been filed at the expiration of twenty-one (21) days following the filing of the evaluator's notice of decision, a judgment may be presented to the court by any party accompanied by a copy of the evaluator's award. If the judgment is in conformity with the evaluator's award it shall be entered and shall have the same force and effect as any other judgment in a civil action but shall not be subject to appellate review and may only be set aside pursuant to the provisions of rule 60 of the Idaho rules of civil procedure.

(10) Witness fees and other costs provided for by statute or court rule in district court proceedings shall be awarded by the court upon entry of judgment to the same extent and in the same manner as if the hearing had been held in court.

(11) The provisions of this chapter do not affect or preclude the application of any other statute or rule regarding fees or costs including, but not limited to, those in title 7 or 12, Idaho Code, section 41-1839, Idaho Code, or the Idaho rules of civil procedure. Awards of damages and of attorney's fees and costs, when made to opposing parties, shall be set off against one another and judgment shall be entered for the net amount to the party(ies) entitled thereto.

(12) An evaluator may obtain a judgment for his fees and costs in the pending litigation against any party that refuses to pay its share. Judgment shall be obtained by motion to the trial court which shall only be granted after the party failing to pay has had the opportunity to be heard and object.

7-1510. RIGHT TO TRIAL BY JURY. The intent of this chapter is to maintain the right to a jury trial and the provisions of this statute shall be construed to uphold that right.

7-1511. SEVERABILITY. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of the chapter or the application of the provision to other persons or circumstances is not affected.

7-1512. STATISTICAL RECORDS -- COMPILATION OF EVALUATOR LIST. (1) The supreme court shall keep statistical records of the number of requests for evaluation filed pursuant to the provisions of this chapter, the number of appeals from evaluation awards hereunder, the number of instances in which a party improves its position by at least fifteen percent (15%) on appeal.

(2) Commencing no later than July 1, 2002, the supreme court shall begin compiling the names of individuals desiring to serve as civil litigation evaluators in each judicial district.

SECTION 2. This act shall be in full force and effect on and after January 1, 2003, and shall apply to all cases for which initial complaints are filed on or after January 1, 2003. This act shall be null, void and of no force and effect on and after June 30, 2006, provided, however, that the provisions of the act shall continue to apply to all applicable cases in which initial complaints are filed on or before June 30, 2006.

Approved March 20, 2002.

For each taxing district, taxable value shall include the value from the property and operating property rolls for the current year and subsequent and missed property rolls for the prior year or the best estimate of the subsequent and missed property rolls for the current year.

26-2709. REQUIREMENTS FOR LICENSURE. (1) An Idaho corporation may apply to the director for licensure as a BIDCO. A person other than an Idaho corporation shall not apply for a license.

(2) After a review of information regarding the directors, officers, and controlling persons of the applicant, a review of the applicant's business plan, including at least three (3) years of detailed financial projections and other relevant information, and a review of additional information considered relevant by the director, the director shall approve an application for a license if, and only if, the director determines all of the following:

(a) The applicant has a net worth, or firm financing commitments which demonstrate that the applicant will have a net worth when the applicant begins transacting business as a BIDCO, in liquid form available to provide financing assistance, that is adequate for the applicant to transact business as a BIDCO as determined under subsection (3) of this section.

(b) Each director, officer, and controlling person of the applicant is of good character and sound financial standing; each director and officer of the applicant is competent to perform his or her functions with respect to the applicant; and the directors and officers of the applicant are collectively adequate to manage the business of the applicant as a BIDCO.

(c) It is reasonable to believe that the applicant, if licensed, will comply with this chapter.

(d) The applicant has reasonable promise of being a viable, ongoing BIDCO and of satisfying the basic objectives of its business plan.

(3) In determining if the applicant has a net worth or firm financing commitments adequate to transact business as a BIDCO, the director shall consider the types and variety of financing assistance that the applicant plans to provide; the experience that the directors, officers, and controlling persons of the applicant have in providing financing and managerial assistance to business firms; the financial projections and other relevant information from the applicant's business plan; and whether the applicant intends to operate as a profit or nonprofit corporation. Except as otherwise provided in this chapter, the director shall require a minimum net worth of not less than one million dollars ($1,000,000) and not more than ten million dollars ($10,000,000). The director may require a minimum net worth of less than one million dollars ($1,000,000), but not less than five hundred thousand dollars ($500,000), if, in the context of the applicant's business plan, the initial capitalization amount is adequate for the applicant to transact
business as a BIDCO because of special circumstances including, but not limited to, funded overhead, low overhead, or specialized opportunities.

(4) For the purposes of subsection (2) of this section, the director may find any of the following:

(a) That a director, officer, or controlling person of an applicant is not of good character if the director, officer, or controlling person, or a director or officer of a controlling person, has been convicted of, entered a plea of guilty to, has been found guilty of, or has pleaded nolo contendere to a crime involving fraud or dishonesty.

appointment of an officer, the licensee shall notify the director in writing of the event and shall provide any additional information which the director may require.

(4) A licensee shall not pay, or obligate itself to pay, a cash dividend or dividend in kind to its shareholders, unless that payment is consistent with a dividend policy which has been adopted by the licensee and approved by the director. In reviewing dividend policies under this section, the director shall be flexible in recognizing the special characteristics of BIDCOs and the diverse range of potentially appropriate dividend policies for BIDCOs, while at the same time protecting against unsafe or unsound acts which could threaten the viability of the licensee as an ongoing BIDCO. The director may at any time withdraw any previous approval of a dividend policy if the director determines that the withdrawal is necessary to prevent unsafe or unsound acts.

(5) Without the prior approval of the director, a licensee shall not buy back, or obligate itself to buy back a share of stock from a shareholder.

(6) Any public moneys received by a licensee shall be applied by the licensee solely to providing financing assistance or management assistance to business firms with a home office in Idaho.

(e) With the approval of the director, a licensee may acquire and hold control of a business firm not referred to in paragraphs (a) through (d) of this subsection. The director shall not approve an application under this subdivision unless the director determines that such an approval will not cause the amount of the licensee's investments in business firms covered by this subdivision to exceed fifteen percent (15%) of the amount of the assets of the licensee and that in the director's judgment such an approval will promote the purposes of this chapter. An approval by the director under this subdivision shall be for a period of not more than three (3) years, except that in a particular case the director may subsequently extend the period beyond three (3) years if the director determines that a longer period is needed and is consistent with the purposes of this chapter.

(1) The endowment fund investment board shall administer a school district bond credit enhancement program in accordance with this section and in conjunction with chapter 53, title 33, Idaho Code, and may promulgate rules to implement it. This program applies to voter approved bonds issued by school districts. The program is intended to benefit school districts by purchasing notes issued by the state of Idaho, whereby the state may guarantee payment of school district bonded indebtedness in order to avoid an imminent default, providing lower interest rates at which the bonds may be issued.

(2) A school district that seeks the guarantee of bonds under this program shall apply to the state treasurer pursuant to section 33-5304, Idaho Code. The state treasurer shall transmit all approved applications to the board. The board may challenge an approved application within three (3) business days of their receipt of the same. (a) The notes shall bear interest at a rate equal to an annual rate ten percent (10%) higher than the average interest earned on the investments of the public school permanent endowment fund in the four (4) calendar quarters preceding the quarter in which the loan occurred and if this figure is not equal to the percentage return of the fund's highest category of investments in its portfolio, then the interest rate shall equal that percentage return on investment, plus all additional administrative costs related to these investments;

(b) The notes, including principal and interest, shall be repaid from the district's next payments pursuant to chapter 8, title 33, Idaho Code, as collected by the state treasurer;

(c) The state may make additional payments on the note;

(d) The endowment fund investment board may require the state treasurer to compel the school district to modify its fiscal practices and its general operations if the board determines that there is a substantial likelihood that the district will not be able to make future payments required under this section.

(4) The provisions of this section shall not be deemed to interfere with the state treasurer's ability in chapter 53, title 33, Idaho Code, to obtain repayment of a delinquent obligation.

(5) For purposes of administering the provisions of this section, the board shall make available the sum of at least one hundred million dollars ($100,000,000) from the public school permanent endowment fund, for purposes of purchasing notes as authorized by this section. 67-8713. RESERVE FUND -- ADDITIONAL FUNDS AND ACCOUNTS. (1) There is hereby created in the state treasury a fund to be known as the "Idaho Municipal Bond Bank Authority Reserve Fund" (hereinafter referred to as "reserve fund") in which there shall be deposited or transferred:
(a) All proceeds of bonds or municipal bonds or any reserve surety policy or similar credit enhancement obtained to secure bonds of the authority that the authority may require, municipalities, by contract with the municipality or by a resolution of the authority, to be deposited in the reserve fund; and
(b) All moneys appropriated by the legislature for the purpose of the fund.

(2) Moneys in the reserve fund shall be maintained by the authority and are pledged and shall be held and applied solely to the payment of the interest on and principal of bonds, pursuant to the provisions of section 67-8725, Idaho Code, as the interest and principal become due and payable. Moneys may not be withdrawn from the reserve fund if a withdrawal would reduce the amount in the reserve fund to an amount less than the required debt service reserve, as herein defined, except for payment of interest then due and payable on bonds and the principal of bonds then maturing and payable, whether by reason of maturity or mandatory redemption, for which payments other than moneys of the authority pledged to pay such interest and principal are not then available. As
used in this chapter, "required debt service reserve" means, as of the
date of computation, the amount required to be on deposit in the reserve

account of the authority, subject to the provisions of any agreement
with the holders of any bonds.

(5) In order to assure the maintenance of the required debt service
reserve in the reserve fund, the legislature may annually appropriate to
the authority for deposit in the reserve fund the sum, certified by the
chairman of the authority to the legislature, that is necessary to
restore the fund to an amount equal to the required debt service
reserve. The chairman of the authority, annually before December 1,
shall make and deliver to the legislature his certificate stating the
sum required to restore the funds to that amount. Nothing in this sub-
section creates a debt or liability of the state to make any appropria-
tion.

(6) All amounts received on account of moneys appropriated by the
state to the reserve fund shall be held and applied in accordance with
this section; provided however, at the end of each fiscal year, if the
amount in the reserve fund derived from amounts appropriated by the leg-
islature exceeds the required debt service reserve, any amount repre-
senting earnings or income received on account of moneys appropriated to
the reserve fund by the legislature that exceed the expenses of the
authority for that fiscal year shall be transferred to the general fund
of the state.

(7) The authority may establish subaccounts in the reserve fund,
additional reserves or other funds or accounts as may be, in its discre-
tion, necessary or appropriate to further the accomplishment of its pur-
poses or to comply with the provisions of any of its agreements or reso-
lutions.

bank authority fund, which is hereby statutorily created in the
state treasury; provided however, that in no event shall a transfer of moneys from the state sales tax account under the provisions of this chapter impede or otherwise affect the payment of sales tax moneys pledged for the payment on other outstanding state bonds outstanding on the effective date of this act or subsequently issued as tax anticipation notes pursuant to section 63-3202, Idaho Code.

(3) Moneys transferred from the state sales tax account to the bond bank authority fund pursuant to subsection (2) of this section shall be deposited in the reserve fund as replacement moneys for amounts withdrawn from the reserve fund to pay debt service on the bonds pursuant to section 67-8725, Idaho Code, to the extent such moneys are derived from amounts appropriated to the reserve fund by the legislature, or shall be used to pay debt service when due on bonds for which other moneys available pursuant to section 67-8727, Idaho Code, are insufficient.

(4) The state of Idaho pledges to and agrees with the holders of any bonds that the state will not alter, impair or limit the rights vested by the sales tax account pledge provided in this section and in section 63-3638, Idaho Code, with respect to the bonds, together with applicable interest, are fully paid and discharged.

1. Discharges the obligation of the issuing municipality to its bondholders for the payment; and
2. Transfers the rights represented by the general obligation of the municipality from the bondholders to the state.

(a) Reimburse all moneys drawn by the state treasurer on its behalf;

its bonds in a timely manner, impose on the municipality a penalty of not more than five percent (5%) of the amount paid by the state for each instance in which a payment by the state is made.

(5)(a)(i) If the state treasurer determines that amounts obtained under this section will not reimburse the state in full within one (1) year from the state's payment of a municipality's scheduled debt service payment, the state treasurer shall pursue any legal action, including mandamus, against the municipality to compel it to:

(A) Levy and provide tax or other revenues to pay debt service on its municipal bonds when due; and

(iii) Moneys transferred from the undistributed reserve, if any, of the municipality; or
(iv) Any other source of money on hand and legally available.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this subsection, a municipality may not replace operating funds intercepted by the state with moneys collected and held to make payments on bonds if that replacement would divert moneys from the payment of future debt service on the bonds and increase the risk that the state would be called upon an additional time to make payments on the bonds.

CHAPTER 149
(H.B. No. 671)

AN ACT
RELATING TO INDIVIDUAL DEVELOPMENT ACCOUNTS; AMENDING TITLE 56, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 11, TITLE 56, IDAHO CODE, TO DEFINE TERMS, TO PROVIDE LEGISLATIVE FINDINGS, TO PROVIDE GUIDELINES AND CRITERIA FOR PERSONS QUALIFYING AS ACCOUNT HOLDERS, TO PROVIDE FOR APPROVED PURPOSES OF INDIVIDUAL DEVELOPMENT ACCOUNTS, TO PROVIDE FOR WITHDRAWALS FROM THE ACCOUNT AND TO PROVIDE FOR REMOVAL FROM THE PROGRAM, TO PROVIDE FOR CERTAIN RESTRICTIONS RELATING TO MATCHING MONEYS, TO PROVIDE FOR THE INDIVIDUAL DEVELOPMENT ACCOUNT ADVISORY BOARD, TO PROVIDE FOR THE AUTHORITY AND DUTIES OF FIDUCIARY ORGANIZATIONS AND TO EXCLUDE CERTAIN MONEYS FROM CONSIDERATION IN PUBLIC ASSISTANCE ELIGIBILITY DETERMINATIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 56, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 11, Title 56, Idaho Code, and to read as follows:

CHAPTER 11
IDAHO FAMILY ASSET BUILDING INITIATIVE

56-1101. DEFINITIONS. As used in this chapter, unless the context requires otherwise:
(1) "Account holder" means a member of a low-income household who is the named depositor of an individual development account.
(2) "Board" means the individual development account advisory board as established pursuant to the provisions of this chapter.
(3) "Fiduciary organization" means a nonprofit, fundraising organization that is exempt from taxation under section 501(c)(3) of the Internal Revenue Code, approved by the state, including any Indian tribe
as defined in section 4(12) of the native American housing assistance and self-determination act of 1996 (25 U.S.C. section 4103(12)) and any tribal subsidiary, subdivision, or other wholly owned tribal entity.

(4) "Financial institution" means any state bank, national bank, savings bank, savings and loan association, credit union, insurance company, brokerage firm or other similar entity that insures the deposits of its investors and is authorized to do business in this state.

(5) "Individual development account" means a contract between an account holder and a fiduciary organization, for the deposit of funds into a financial institution by the account holder, and the deposit of matching funds into the financial institution by the fiduciary organization from private and public contributions made to the fiduciary organization for such purpose, to allow the account holder to accumulate assets for use toward achieving a specific purpose approved by the fiduciary organization.

(6) "Low-income household" means a single person or family whose adjusted annual income is less than two hundred percent (200%) of the annual federal poverty guideline.

56-il02. LEGISLATIVE FINDINGS. The legislature finds that:

(1) The problem of poverty will not be solved solely by government programs and income subsidies.

(2) It is in the best interest of all Idahoans to structure incentives in a way that will result in a greater likelihood that low-income and working-poor individuals will attain self-sufficiency.

(3) It is in the best interest of all Idahoans to encourage low-income individuals, neighborhoods and communities to benefit from the developments achieved through the growth in assets and investments.

(4) Achieving self-sufficiency and assessing economic opportunity for low-income and working-poor individuals can be addressed through public policy that invests in asset accumulation and is supported by private sector philanthropy.

(5) Providing a structured savings situation for low-income and working-poor individuals enhances their chances of fulfilling major life goals and opportunities and incorporates them into the economic mainstream.

(6) The state has an opportunity to take advantage of private and public resources by making the transition to an asset-based antipoverty strategy. Those resources include, but are not limited to, the assets for independence act (42 U.S.C. section 604) and the workforce investment act (P.L. 105-220).

(7) Investment through an individual development account program will help lower-income households obtain the assets they need to succeed. Communities and this state will experience resultant economic and social benefits accruing from the promotion of job training and higher education, home ownership and small business development.

(8) It is desirable for this state to enact legislation that enables an authorized fiduciary organization sufficient flexibility to receive private, state and federal moneys for individual development accounts. The legislature should periodically review the provisions of this chapter to ensure that this state maximizes the receipt of available federal moneys for individual development accounts.
56-1103. PERSONS QUALIFYING AS ACCOUNT HOLDERS. (1) A person who qualifies to become an account holder may enter into an agreement with a fiduciary organization for the establishment of an individual development account.

(2) A person is qualified to become an account holder if the person is a member of a low-income household.

(3) A person applying to establish an account must enroll in a personal development plan developed by the person and the fiduciary organization. The plan must provide the person with financial training and counseling, career or business planning and other services designed to increase the independence of the person and the person's household through achievement of the account's approved purpose.

56-1104. APPROVED PURPOSE OF ACCOUNT -- EMERGENCY WITHDRAWAL -- REMOVAL OF ACCOUNT HOLDER FROM PROGRAM. (1) A person may establish an individual development account only for a purpose approved by a fiduciary organization. Disbursements from an account for an approved purpose shall be made directly by the fiduciary organization on behalf of the account holder but in no event shall the fiduciary organization make a disbursement for an approved purpose directly to the account holder. Purposes that the fiduciary organization may approve are:

(a) Educational costs for any family member eighteen (18) years of age or older, at an accredited institution of postsecondary education.

(b) The purchase of a primary residence. In addition to payment on the purchase price of the residence, account moneys may be used to pay any usual or reasonable settlement, financing or other closing costs. The account holder must not have owned or held any interest in a residence during the three (3) years prior to making the purchase. However, this three (3) year period shall not apply to displaced homemakers or other individuals who have lost home ownership as a result of divorce.

(c) The capitalization of a small business. Account moneys may be used for capital, plant, equipment and inventory expenses or for working capital pursuant to a business plan. The business plan must have been developed through a financial institution, nonprofit microenterprise program or other qualified agent demonstrating business expertise and have been approved by the fiduciary organization. The business plan must include a description of the services or goods to be sold, a marketing plan and projected financial statements.

(2) (a) If an emergency occurs, an account holder may withdraw all or part of the account holder's deposits to an individual development account for a purpose not described in subsection (1) of this section. As used in this paragraph, an approved emergency includes making payments for necessary medical expenses, to avoid eviction of the account holder from the account holder's residence and for necessary living expenses following a loss of employment.

(b) The account holder must reimburse the account for the amount withdrawn under this subsection within twelve (12) months after the date of the withdrawal. Failure of an account holder to make a timely reimbursement to the account is grounds for removing the account holder from the individual development account program. Until the reimbursement has been made in full, an account holder
shall not be approved for matching funds or accrued interest on matching funds.

(3) If an account holder withdraws, or directs the withdrawal, of moneys from an individual development account for other than an approved purpose, the fiduciary organization may remove the account holder from the program.

(4) If an account holder moves from the area where the program is conducted or is otherwise unable to continue in the program, the fiduciary organization may remove the account holder from the program.

(5) If an account holder is removed from the program under subsection (2), (3) or (4) of this section, the account holder shall retain moneys he or she deposited in the account, including interest earned. On written request by any person required to file a report, the administrator may postpone the reporting date.

(5) All holders of property presumed abandoned under this section that know the whereabouts of the owner of such property shall, before filing the annual report, communicate with the owner and take necessary steps to prevent abandonment from being presumed. Not more than one hundred twenty (120) days before filing the report required by this section, the holder in possession of property presumed abandoned and subject to custody as unclaimed property under this chapter shall send written notice to the apparent owner at his last known address informing him that the holder is in possession of property subject to this chapter if the holder has in its records an address for the apparent owner which the holder's records do not disclose to be inaccurate.

(8) In the event a holder receives a written notice as described in subsection (7) of this section demonstrating that certain property is not abandoned, a new presumption of abandonment may arise for such property due to the passage of time. The date the holder receives the written notice shall be deemed the date such property became payable or distributable for the purposes of calculating whether a presumption of abandonment has arisen.

(9) A report filed pursuant to this section shall be presumed accurate if the holder has maintained adequate records sufficient to establish by a preponderance of evidence that each item on the report is accurate and correct.

The board of trustees shall determine and levy a tax upon each dollar of assessed valuation of property within the district for the ensuing fiscal year as shall be required to satisfy all maturing bond, bond interest, and judgment obligations. For the maintenance and operation of the library district, the board of trustees may also levy upon the taxable property within the district a tax not to exceed six hundredths percent (0.06%) of market value for assessment purposes. These levies shall be certified to the board of county commissioners of each county in which the district may lie, not later than the second Monday in September of each year.

(2) In the first year after establishment, the board of a district
may, for the purpose of organization and to finance general preliminary expenses of the district and before making a tax levy, incur an indebtedness not exceeding in the aggregate a sum equal to six hundredths percent (.06%) on each one dollar ($1.00) of market value for assessment purposes of all taxable property within the district. To repay the organization indebtedness incurred, the board shall have authority to levy and collect an additional tax not to exceed two hundredths percent (.02%) per annum on each one dollar ($1.00) of market value for assessment purposes of all taxable property within the district. This additional levy shall not be used for any purpose other than repayment of the organizational indebtedness and interest thereon. This additional levy may be imposed for three (3) years.

(3) Library districts may accumulate fund balances at the end of a fiscal year and carry over these fund balances into the ensuing fiscal year, sufficient to achieve or maintain library district operations on a cash basis. A fund balance is the excess of the assets of a fund over its liabilities and reserves.

(4) The board of trustees of a library district may establish a capital assets replacement and repair fund within the library district budget for which district moneys may be budgeted and carried over from year to year. Disbursements from the fund may be made as the board may determine to maintain, repair, or replace the capital assets of the district to remodel or repair any existing library building; to furnish and equip any existing library building; and to purchase or replace major appliances and vehicles necessary to maintain and operate the services of the district. Moneys from the capital assets replacement and repair fund may not be used for the purchase of land or to build new library facilities or to build additions to current library facilities. Moneys in the fund may be invested in the manner provided in section 57-127, Idaho Code. In any year in which there is a capital assets replacement and repair fund in a library district, the amount held in the fund shall be reported in the library district's budget hearing announcement, along with a list of capital items which may eventually be replaced or repaired with moneys from the fund. The fund shall be included in the annual report filed with the state library board and in the audit required in section 33-2726, Idaho Code.

SECTION 2. That Section 33-2728, Idaho Code, be, and the same is hereby amended to read as follows:

The library district may issue bonds in an amount not to exceed four-tenths percent (.4%) of the market value for assessment purposes of property within the district, less any aggregate outstanding indebtedness.

The board of trustees of any library district, upon approval of a majority thereof, may call a bond election on the question as to whether
the board shall be empowered to issue bonds of the district in an amount and for a period of time to be stated in the notice of election. The notice of bond elections, the qualification of bond electors, the conduct of the election, and the canvass of election and determination of the result of election shall be in accordance with chapter 14, title 34, Idaho Code, and with the general election laws of the state of Idaho. The majority required to pass a bond issue shall be two-thirds (2/3) of those voting in the election. The issuance of bonds, the expenditure of bond proceeds and the repayment of the bonds shall all be as specified in school district law.

(2) District library bond funds may not be used to purchase or expand a building for a contracting agency providing library services unless the district library gains an ownership share in the building proportional to the percentage of district bond funds used to purchase or expand the building.

SECTION 3. That Section 33-2729, Idaho Code, be, and the same is hereby amended to read as follows:

33-2729. PLANT FACILITIES RESERVE FUND AND LEVY. The library district board of trustees is authorized to create a plant facilities reserve fund as set forth in sections 33-804 and 33-901, Idaho Code.

District library facilities plant facilities reserve funds may not be used to purchase or expand a building for a contracting agency providing library services unless the district library gains an ownership share in the building proportional to the percentage of district bond funds used to purchase or expand the building.

CHAPTER 157
(S.B. No. 1431, As Amended)

AN ACT
RELATING TO THE SCHOOL SAFETY AND HEALTH REVOLVING LOAN AND GRANT FUND;
AMENDING SECTION 33-1017, IDAHO CODE, TO EXTEND CONDITIONS FOR APPLICATION TO INCLUDE AUTHORITY TO DRAW UPON THE SCHOOL SAFETY AND HEALTH REVOLVING LOAN AND GRANT FUND FOR GRANTS FOR INDEBTEDNESS INCURRED FOR THE ABATEMENT OF UNSAFE OR UNHEALTHY CONDITIONS, TO PROVIDE FOR THE METHOD FOR DETERMINATION OF PRESENT VALUE, TO REVISE THE TERMINATION DATE AND TO MAKE A TECHNICAL CORRECTION; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-1017, Idaho Code, be, and the same is hereby amended to read as follows:

33-1017. SCHOOL SAFETY AND HEALTH REVOLVING LOAN AND GRANT FUND.
(1) Fund created. There is hereby created a fund in the state treasury to be known as the school safety and health revolving loan and grant fund to which shall be credited all moneys that may be appropriated, apportioned, allocated and paid back to that fund. Moneys in this fund shall be used exclusively as provided in this section, except that
moneys in this fund shall be returned to the budget stabilization fund as provided in this section.

(2) Approval of loan or grant. A school district that does not have the financial resources to abate unsafe or unhealthy conditions identified pursuant to section 33-1613, Idaho Code, and which is eligible to seek additional funds under subsection (5)(b)(ii) of section 33-1613, Idaho Code, may apply to the state treasurer for a loan and, if eligible, a grant from the safety and health revolving loan and grant fund. A school district that has borrowed money from the Idaho safe school facilities loan program may apply for a grant of interest from the safety and health revolving loan and grant fund. The loan or grant shall be approved if the school district's application meets the criteria of section 33-1613, Idaho Code, and of this section. If the board of examiners finds that existing and anticipated loans or grants under this section have depleted the school safety and health revolving loan and grant fund to an extent that the fund does not have available sufficient moneys to loan to an eligible school district, the board of examiners shall declare that additional loans may be made from the budget stabilization fund in section 57-814, Idaho Code, up to any limits of the use of that fund provided by statute or declared by the governor in time of general revenue shortfalls or major disaster.

(3) Conditions of loan or grant — Repayment of loan.
(a) The school district's application shall identify the unsafe or unhealthy conditions that would be abated with the proceeds of the loan or grant and, if a loan, shall propose a method of and timetable for abating those conditions and for repaying the loan.
(b) The state treasurer shall review the application to determine whether the application is for abatement of unsafe or unhealthy conditions as described in section 33-1613, Idaho Code, and to determine whether the estimated costs of abatement and proposed plan of abatement are reasonable. In reviewing the application, the state treasurer may call upon the assistance of the state division of building safety, the state fire marshal, the state department of administration, the state board of education, the state department of education, or other knowledgeable persons to determine whether conditions identified to be abated meet the criteria of section 33-1613, Idaho Code, and to determine whether the plan of abatement, estimated costs of abatement and proposed methods of abatement are reasonable. The state treasurer shall process the application for a loan or grant within thirty-five (35) days after its receipt.
(i) If the state treasurer determines that the application has not identified unsafe or unhealthy conditions as described in section 33-1613, Idaho Code, the state treasurer shall return the application with a written statement that contains reasons why the loan or grant application does not meet the criteria of this section and of section 33-1613, Idaho Code.
(ii) If the state treasurer determines that the application has identified unsafe or unhealthy conditions as described in section 33-1613, Idaho Code, the state treasurer shall then determine whether the application has proposed reasonable methods of and reasonable estimates of costs of abatement. The state treasurer shall approve the plan of abatement if the school district has proposed a reasonable method of abatement and if its estimated costs of abatement are reasonable; other-
wise, the state treasurer shall return the application with a written statement how the application can be amended to qualify.

(c) If the application is for a loan, the state treasurer may accept the school district's proposed method of and timetable for repaying the loan or may impose reasonable alternative or substitute methods of and timetables for repayment consistent with this subsection, which alternative or substitute methods shall be binding on the school district. At a minimum, the school district shall be required to repay in each fiscal year succeeding the year of the loan an amount no less than the lottery proceeds that the school district would otherwise receive for that fiscal year and additional foundation support moneys, if any, accruing as a result of an initial overestimation of state average daily attendance support units and later distribution of residual amounts resulting from fewer support units than originally estimated. The loan shall provide for the school safety and health revolving loan and grant fund, or the budget stabilization fund, to the extent that it was the source of the loan, to intercept the lottery proceeds that would otherwise go to the school district until the loan is fully repaid. In addition, the state treasurer may impose reasonable fiscal conditions on the school district during the term of loan repayment including, but not limited to, restrictions in use of otherwise unrestricted school district moneys to assist in repayment of the loan or in abatement of unsafe or unhealthy conditions, the declaration of a financial emergency during some or all of the term of repayment of the loan, or interception by the school safety and health revolving loan and grant fund of a portion of the state foundation program payments under chapter 10, title 33, Idaho Code, that would otherwise go to the school district to repay the loan. The initial term of the loan shall not exceed ten (10) years, but may be extended in the state treasurer's discretion for another ten (10) years.

(d) If a loan is approved, the state treasurer shall establish a line of credit for the school district and monthly reimburse the school district for costs incurred to abate the unsafe or unhealthy conditions identified as the reason for the loan. The state treasurer may prescribe forms and procedures for administration of this line of credit.

(e) A school district may repay its loan or any portion of its loan in advance at any time without penalty.

(4) Interest. Loans to school districts under this section shall bear interest at the average rate of interest that would be available to the state treasury were the loan funds retained in the state treasury, as determined by the state treasurer.

(5) Certification of loan funds spent. If a school district obtains a loan pursuant to this section, the board of trustees shall certify the total expenditures of loaned funds that were actually spent to abate unsafe and unhealthy conditions.

(6) Excess funds. If any funds loaned pursuant to this section were not spent on abatement of unsafe and unhealthy conditions, they must be returned to the school safety and health loan and grant fund or the budget stabilization fund, as the case may be. This subsection shall be judicially enforceable by the state treasurer, and any amounts due for repayment under this subsection may be recovered by offset from state
foundation program moneys that would otherwise be paid to the school district.

(7) Eligibility for grant. After complying with the provisions of section 33-1613, Idaho Code, school districts that borrow money from the Idaho safe schools facilities loan program pursuant to section 33-804A, Idaho Code, or that refinance through the Idaho safe schools facilities loan program loans for money borrowed under this section or that finance abatement of unsafe and unhealthy conditions through indebtedness pursuant to chapter 11, title 33, Idaho Code, may apply for a grant from the school safety and health revolving loan and grant fund to pay for eligible interest costs incurred on loan proceeds used to abate unsafe and unhealthy conditions. If the school district's application for a grant is accepted, then the school district will qualify for a grant of the present value of the qualifying percentage of the interest costs of the loan associated with abating unsafe and unhealthy conditions as follows:

(a) If the school district is participating in the Idaho safe schools facilities loan program, within seven (7) days after the approved school district receives loan proceeds from the Idaho safe schools facilities loan fund, the state treasurer shall provide funds to the school district in the amount of the qualifying percentage of the present value of the interest costs associated with abating unsafe and unhealthy conditions.

(b) If a school district has obtained a loan from the school health and safety revolving loan and grant fund and has refinanced its loan through the Idaho safe schools facilities program and prepays the outstanding principal of its loan, the school district shall be eligible for a grant of the qualifying percentage of the present value of the outstanding interest costs associated with the prepaid principal.

(c) If the school district has financed the abatement of unsafe or unhealthy conditions through indebtedness pursuant to chapter 11, title 33, Idaho Code, within seven (7) days after the school district receives bond proceeds, the state treasurer shall provide funds to the school district in the amount of the qualifying percentage of the present value of the interest costs associated with abating unsafe and unhealthy conditions.

(8) Present value. The present value of the interest costs associated with money borrowed under the Idaho safe schools facilities loan program shall be calculated by the state treasurer using a method of equal annual loan payments and a discount rate of the interest rate prescribed in subsection (4) of this section on the date that the school district receives funds from the Idaho safe schools facilities loan fund. The present value of the unpaid interest costs for principal prepayments to the school safety and health revolving loan and grant fund shall be calculated by the state treasurer by summing the unpaid interest that would be paid without the principal prepayment and discounting it at the interest rate prescribed in subsection (4) of this section on the date that the treasurer receives the prepayment. The present value of the interest costs associated with money borrowed by a school district in a bond issue shall be calculated by the state treasurer using the school district's actual schedule for making interest payments on the bonds and discounting those interest payments by the interest rate prescribed in subsection (4) of this section on the date that the school district receives funds from the bond issue.
(9) Qualifying percentage. The qualifying percentage of the interest costs of a school district applying for a grant of interest under this section shall be determined as follows: For a school district borrowing money under the Idaho safe schools facilities loan program or refinancing a loan made under this section with money borrowed under the Idaho safe schools facilities program or incurring bonded indebtedness for safe and healthy schools, the state treasurer shall express:

(a) the total of the bond and plant facilities levies imposed by the school district (including the levy for which the application is made), and

(b) the total levies imposed by the school district (including the levy for which the application is made)
as a fraction of assessed value for the most recent assessment against which the school district's existing levies are made.

The qualifying percentage of interest granted under this section shall be the higher of the amounts shown in the following tables:

(10) Interest costs for abatement of unsafe and unhealthy conditions. The interest costs for abatement of unsafe and unhealthy conditions shall be calculated by determining the percentage of the loan proceeds or prepayment of the loan that will be used to abate unsafe and unhealthy conditions.

(11) Procedures. The state treasurer may prescribe forms for applying for a loan or grant under this section. No actions taken under this section are contested cases or rulemaking subject to chapter 52, title 67, Idaho Code, and none of the contested case or rulemaking procedures of chapter 52, title 67, Idaho Code, apply to actions taken under this section.

(12) The state treasurer's authority to accept applications for and to approve grants of interest from the school safety and health revolving loan and grant fund shall cease on July 1, 2004.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

AN ACT
RELATING TO ABATEMENT OF SERIOUS SAFETY HAZARDS IN SCHOOL BUILDINGS;
AMENDING SECTION 33-1613, IDAHO CODE, TO CLARIFY REQUIREMENTS FOR
ABATEMENT OF UNSAFE OR UNHEALTHY CONDITIONS; AMENDING SECTION
39-8004, IDAHO CODE, TO DEFINE AN ADDITIONAL TERM; AMENDING SECTION
39-8008, IDAHO CODE, TO PROVIDE FOR A RESPONSE TO A SERIOUS SAFETY
HAZARD WITHIN THE TIME SPECIFIED AND FOR AN APPEAL OF THE FINDING;
AMENDING SECTION 39-8009, IDAHO CODE, TO AUTHORIZE INJUNCTIVE RELIEF
FOR FAILURE TO COMPLY WITH A NOTICE OR ORDER RELATING TO A SERIOUS
SAFETY HAZARD; AND AMENDING SECTION 39-8011, IDAHO CODE, TO PROVIDE
PENALTIES FOR VIOLATIONS RELATED TO A SERIOUS SAFETY HAZARD.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-1613, Idaho Code, be, and the same is
hereby amended to read as follows:

33-1613. SAFE PUBLIC SCHOOL FACILITIES REQUIRED. (1) Definition. As
used in this section, "public school facilities" means the physical
plant of improved or unimproved real property owned or operated by a
school district, a charter school, or a school for children in any
grades kindergarten through twelve (12) that is operated by the state of
Idaho, including school buildings, administration buildings, play­
grounds, athletic fields, etc., used by schoolchildren or school person­
nel in the normal course of providing a general, uniform and thorough
system of public, free common schools, but does not include areas,
buildings or parts of buildings closed from or not used in the normal
course of providing a general, uniform and thorough system of public,
free common schools. The aspects of a safe environment conducive to
learning as provided by section 33-1612, Idaho Code, that pertain to the
physical plant used to provide a general, uniform and thorough system of
public, free common schools are hereby defined as those necessary to
comply with the safety and health requirements set forth in this sec­

(2) Inspection. It is the duty of the board of trustees of every
school district and the governing body for other schools described in
subsection (1) of this section at least once in every school year to
require an independent inspection of the school district's or other
entity's school facilities to determine whether those school facilities
comply with codes addressing safety and health standards for facilities,
including electrical, plumbing, mechanical, elevator, fire safety,
boiler safety, life safety, structural, snow loading, and sanitary
codes, adopted by or pursuant to the Idaho uniform school building
safety act, chapter 80, title 39, Idaho Code, adopted by the state fire
marshal, adopted by generally applicable local ordinances, or adopted by
rule of the state board of education and applicable to school facili­
ties. The inspection shall be done pursuant to chapter 80, title 39,
Idaho Code, or by an independent inspector professionally qualified to
conduct inspections under the applicable code. The results of the
inspection shall be presented to the administrator of the division of
building safety and the board of trustees or other governing body for its review and consideration.

(3) Abatement required -- Reporting. The board of trustees or other governing body shall, in its sole discretion, accept or reject the results of the inspection in whole or in part, and in so doing, shall identify any unsafe or unhealthy conditions in the school district or other entity. The board of trustees or other governing body shall require that the unsafe or unhealthy conditions be abated and shall instruct the school district's or other entity's personnel to take necessary steps to abate unsafe or unhealthy conditions. The board of trustees or other governing body must issue a report in the same school year in which the inspections are made declaring whether any unsafe or unhealthy conditions identified have not been abated. The state board of education may, by rule, provide for uniform reporting of unsafe and unhealthy conditions and for uniform reporting of abatement or absence of abatement of unsafe and unhealthy conditions. Copies of such reports shall be provided to the administrator of the division of building safety and the board of trustees of the school district.

(4) Costs of and plan of abatement. If the school district or other entity described in subsection (1) of this section can abate all unsafe or unhealthy conditions identified with the funds available to the school district or other entity, it shall do so, and it need not separately account for the costs of abatement nor segregate funds expended for abatement. If the school district or other entity cannot abate all unsafe or unhealthy conditions identified with the funds available to it, the board of trustees or other governing body shall direct that a plan of abatement be prepared. The plan of abatement shall provide a timetable that shall begin no later than the following school year and that shall provide for abatement with all deliberate speed of unsafe and unhealthy conditions identified. The abatement plan shall be submitted to the administrator of the division of building safety. The school district or other entity shall immediately begin to implement its plan of abatement and must separately account for its costs of abatement of unsafe and unhealthy conditions and separately segregate funds for the abatement of unsafe and unhealthy conditions as required by subsection (5) of this section.

(5) Special provisions for implementation of plan of abatement. (a) Notwithstanding any other provisions of law concerning expenditure of lottery moneys distributed to the school district or other entity, all lottery moneys provided to the school district or other entity for a school year in which the school district cannot abate unsafe or unhealthy conditions identified and not legally encumbered to other uses at the time and all lottery moneys for following school years shall be segregated and expended exclusively for abatement of unsafe and unhealthy conditions identified until all of the unhealthy and unsafe conditions identified are abated, provided, if the school district has obtained a loan from the safety and health revolving loan and grant fund, the provisions of section 33-1017, Idaho Code, and the conditions of the loan shall determine the use of the school district's lottery moneys during the term of the loan.

(b) If the lottery moneys referred to in paragraph (a) of this subsection will, in the board of trustees' or other governing bodies' estimation, be insufficient to abate the unsafe and unhealthy conditions identified, the plan of abatement shall identify additional
sources of funds to complete the abatement of the unsafe and unhealthy conditions. The board of trustees may choose from among the following sources, or from other sources of its own identification, but the plan of abatement must identify sufficient sources of funds for abatement.

(i) If the school district is not levying under chapter 8, title 33, Idaho Code, at the maximum levies allowed by law for levies that may be imposed by a board of trustees without an election, the board of trustees may increase any of those levies as allowed by law for the school year following the school year in which it was unable to abate unsafe or unhealthy conditions identified.

(ii) If the school district is levying under chapter 8, title 33, Idaho Code, at the maximum levies allowed by law for levies that may be imposed by the board of trustees without an election; or, if after increasing those levies to the maximum levies allowed by law for levies that may be imposed by the board of trustees without an election, there will still be insufficient funds to abate unsafe or unhealthy conditions identified, the school district, after giving notice and conducting a hearing, may declare a financial emergency and/or may apply for a loan or, if eligible, an interest grant from the safety and health revolving loan and grant fund as provided in section 33-1017, Idaho Code, to obtain funds to abate the unsafe or unhealthy conditions identified.

(iii) Upon the declaration of a financial emergency, the board of trustees shall have the power to impose a reduction in force, to freeze some or all salaries in the school district, and/or to suspend some or all contracts that may be legally suspended upon the declaration of a financial emergency; provided, that when a board of trustees declares a financial emergency, or when a declaration of a financial emergency is imposed by the state treasurer pursuant to section 33-1017, Idaho Code, and there is a reduction in force, some or all salaries are frozen, or some contracts are suspended, the payments to the school district under the foundation program of chapter 10, title 33, Idaho Code, and in particular the staff allowances under that chapter, shall not be reduced during the duration of the financial emergency as a result of a reduction in force, frozen salaries, or suspended salaries from what the staff allowance would be without the reduction in force, frozen salaries or suspended contracts.

(c) All costs of abatement for a program implementing plans of abatement under subsection (5) of this section must be separately accounted for and documented with regard to abatement of each unsafe or unhealthy condition identified. Funds obtained under section 33-1017, Idaho Code, must be used exclusively to abate unsafe or unhealthy conditions identified. Funds obtained pursuant to section 33-1017, Idaho Code, in excess of funds necessary to abate unsafe or unhealthy conditions identified must be returned as provided in section 33-1017, Idaho Code. Return of these funds shall be judicially enforceable as provided in section 33-1017, Idaho Code.
SECTION 2. That Section 39-8004, Idaho Code, be, and the same is hereby amended to read as follows:

39-8004. DEFINITIONS. As used in this act:
(1) "Administrator" means the administrator of the division of building safety or his designated representative.
(2) "Day" shall mean a calendar day unless otherwise specified.
(3) "Imminent safety hazard" means a condition that presents an unreasonable risk of death or serious bodily injury to occupants of a building.
(4) "Licensed professional" means a person licensed by the state of Idaho as an architect or an engineer.
(5) "Local government" means any city or county of this state.
(6) "Serious safety hazard" means a condition that presents an unreasonable health risk or risk of injury to occupants of a building.

SECTION 3. That Section 39-8008, Idaho Code, be, and the same is hereby amended to read as follows:

39-8008. ADDITIONAL DUTIES OF ADMINISTRATOR -- RIGHT OF INSPECTION -- POSTING. (1) The administrator shall have authority to enter all public school facilities covered by this chapter at reasonable times and inspect such facilities for compliance with the Idaho uniform school building safety code.
(2) If the administrator finds a violation of the Idaho uniform school building safety code that he concludes does not constitute an imminent safety hazard or serious safety hazard, he shall notify in writing the school district superintendent, principal, board member, or other person in charge.
(3) If the administrator finds a violation of the Idaho uniform school building safety code that he concludes constitutes a serious safety hazard, he shall immediately issue a written order or notice requiring the school superintendent, principal, board of trustees or other person in charge to eliminate the condition without delay and within the time specified by the administrator in the notice or order, but not exceeding one (1) year.
(4) If the administrator finds a violation of the Idaho uniform school building safety code that he concludes constitutes an imminent safety hazard, he shall immediately notify the department of administration and request that the department of administration designate a licensed professional to independently evaluate the condition prior to issuing any report under this chapter. The department of administration shall, within two (2) working days, designate a licensed professional to independently evaluate the condition identified. That licensed professional shall, within fourteen (14) days, complete its independent evaluation of the condition identified by the administrator and notify the director of the department of administration of its conclusions. If the administrator determines that the condition constituting an imminent safety hazard could reasonably be expected to cause death or serious physical harm before the evaluation of the department of administration can be completed and before the condition can be eliminated, he shall determine the extent of the area where such condition exists and thereupon shall issue a written order or notice requiring the school district superintendent, principal, board member of trustees or other person in
charge to cause all persons, except those necessary to eliminate the condition, to be withdrawn from, and to be restrained from entering, such area pending the evaluation of the department of administration. This order shall be withdrawn if the evaluation of the department of administration does not concur with the administrator that the condition constitutes an imminent safety hazard as could reasonably be expected to cause death or serious physical harm before the condition can be eliminated.

(45) If the department of administration agrees with the determination of the administrator that a condition identified constitutes an imminent safety hazard, the department of administration shall, within three (3) working days, so notify the administrator in writing.

(56) Upon receipt of such notification in writing, the administrator shall immediately serve, or cause to be served, written notice or order upon the school district superintendent, principal, board member of trustees or other person in charge describing the imminent safety hazard. The administrator shall also notify in writing the state superintendent of public instruction of such imminent safety hazard. Upon receipt of such written notice or order, the school district superintendent, principal, board member of trustees, or other person in charge shall require all changes necessary to eliminate the imminent safety hazard be made, without delay and within the time specified by the administrator in the notice or order. If the condition presenting an imminent safety hazard is not corrected within the specified time, or if the administrator determines that the condition constituting such imminent safety hazard could reasonably be expected to cause death or serious physical harm before the condition can be eliminated, if he has not previously done so he shall determine the extent of the area where such condition exists and thereupon shall issue an order or notice requiring the school district superintendent, principal, board member, or other person in charge to cause all persons, except those necessary to eliminate the condition, to be withdrawn from, and to be restrained from entering, such area. The school district superintendent, principal, board member, or other person in charge shall assist the administrator as necessary to post such areas to prevent injury.

(7) If the administrator finds a violation of the Idaho uniform school building safety code that he concludes constitutes a serious safety hazard and issues a written order or notice requiring the conditions to be eliminated in not more than one (1) year, and the school superintendent, principal, board of trustees, or other person in charge contests the administrator's finding that the condition is a serious safety hazard, then the school superintendent, principal, board of trustees, or other person in charge shall have fourteen (14) days from the date of the issuance of the administrator's written order or notice to request a hearing to initiate a contested case under chapter 52, title 67, Idaho Code. If a hearing is requested, the superintendent of public instruction shall appoint a hearing officer to consider the contested case. All administrative proceedings under this subsection shall be expedited as necessary to assure that serious safety hazards are eliminated as required by this section if the administrator's initial determination that there was a serious safety hazard is confirmed in the contested case proceedings.

(68) The administrator shall follow-up monitor the school district's progress in addressing any identified imminent safety hazard
or serious safety hazard to ensure that appropriate corrective action was taken. The administrator may extend the time for completing corrective action if he deems necessary.

(49) Upon completion of corrective action and verification of such completion by the division of building safety and the department of administration, the administrator shall provide a report to the state superintendent of public instruction, the local superintendent of schools and the chair of the local school board.

SECTION 4. That Section 39-8009, Idaho Code, be, and the same is hereby amended to read as follows:

39-8009. INJUNCTION. Upon failure of the district superintendent, principal, board member of trustees, or other person in charge to comply with the requirements stated in any notice or order relating to an imminent safety hazard or serious safety hazard, the administrator may maintain an action in the name of the state of Idaho to enjoin the district superintendent, principal, board member of trustees or other person in charge from acting in violation of such notice or order or from doing any action that interferes with the administrator carrying out his statutory duties. Such action shall be brought in the district court in which said acts are claimed to have been committed by filing a verified complaint setting forth said act. The court, if satisfied from such complaint or affidavits that the act complained of has been or is being committed and will persist, may issue a temporary writ without notice or bond enjoining the defendant from the commission of such act pending final disposition of the cause. The cause shall proceed as in other causes for injunction. If, at the trial, the commission of said act by the defendant be established and the court further finds it probable that the defendant will continue in such act or similar acts, the court shall enter a decree enjoining said defendant from committing said or similar acts.

SECTION 5. That Section 39-8011, Idaho Code, be, and the same is hereby amended to read as follows:

39-8011. VIOLATIONS. Withheld funds, not to exceed one and one-half percent (1 1/2%) of the district's appropriation, shall be disbursed only to pay for such repairs.

(2) It is a misdemeanor to remove, without permission of the administrator, a notice or order posted pursuant to this chapter.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-802A, Idaho Code, be, and the same is hereby amended to read as follows:

33-802A. COMPUTATION OF BOND AND BOND INTEREST LEVIES. When the board of trustees of any school district determines and makes the levy required by section 33-802, Idaho Code, and incorporates such levy as a part of the school district's budget to service all maturing bond and bond interest payments for the ensuing fiscal year, it shall take into consideration any state bond levy equalization funds provided pursuant to section 33-906, Idaho Code, and any balances remaining or that may remain in its bond interest and redemption fund after meeting its bond and bond interest obligations for its current fiscal year. The levy so made for the ensuing fiscal year shall be an amount which, together with any state bond levy equalization funds provided pursuant to section 33-906, Idaho Code, and the balance in its bond interest and redemption fund remaining after meeting its current fiscal year bond and bond interest payments for at least the ensuing twelve (12) months, and not to exceed the ensuing nineteen (19) months counted from July 1 of the current calendar year.

The state department of education shall disburse such funds to school districts from moneys appropriated from
the bond levy equalization fund. The department shall disburse the funds by no later than September 1 of each year for school districts certifying a qualifying bond interest and redemption payment for the fiscal year in which the disbursement is made. For districts with a value index below one (1), the percentage of each annual bond interest and redemption payment that is paid by the state shall be determined by dividing the difference between one (1) and the school district's value index by one (1) provided that the state shall pay for no more than the interest cost portion of the annual bond interest and redemption payment, and each school district shall receive no less than ten percent (10%) of the interest cost portion of the qualifying bond interest and redemption payment.

For the purposes of this section, the annual bond interest and redemption payment shall be determined by dividing the total payment amounts by the number of fiscal years in which payments are to be made. The interest cost portion of the annual bond interest and redemption payment shall be determined by dividing the total interest paid by the number of fiscal years in which payments are to be made.

The provisions of this section may not be utilized to refinance existing debt.

33-906B. VALUE INDEX CALCULATION. The state department of education shall establish a value index for each school district, based on each school district's market value per support unit for equalization purposes, the average annual seasonally-adjusted unemployment rate in the county in which a plurality of the school district's market value for assessment purposes of taxable property is located and the per capita income in the county in which a plurality of the school district's market value for assessment purposes is located. The value index for each school district shall be calculated as the sum of the following three (3) components:

(1) The state department of education shall annually calculate the market value per support unit that is used to equalize school funding for each school district in the state, and the statewide average. The first portion of the value index shall be calculated by dividing the school district's market value for equalization purposes per support unit by the statewide average market value for equalization per support unit and dividing the result of this calculation by two (2).

(2) The second portion of the value index shall be calculated by
dividing the statewide unemployment rate by the unemployment rate in the county in which a plurality of the school district's market value for assessment purposes of taxable property is located, and dividing the result of this calculation by four (4). For the purposes of this subsection, the statewide unemployment rate and county unemployment rates shall be based on the most recent average annual seasonally-adjusted unemployment rate data reported by the United States department of labor, for which there is a complete calendar year of data.

(3) The third portion of the value index shall be calculated by dividing the county per capita income in the county in which a plurality of the school district's market value for assessment purposes of taxable property is located by the statewide per capita income, and dividing the result of this calculation by four (4). For the purposes of this subsection, the statewide per capita income and county per capita income shall be based on the most recent data reported by the United States department of commerce, for which there is a complete calendar year of data.

CHAPTER 182
(S.B. No. 1278, As Amended in the House)

AN ACT
RELATING TO THE SEXUAL OFFENDER REGISTRATION AND NOTIFICATION ACT; AMENDING SECTION 18-8321, IDAHO CODE, TO PROVIDE THAT A WRITTEN SUMMARIZATION OF INFORMATION RELIED UPON BY THE SEXUAL OFFENDER CLASSIFICATION BOARD MAY BE MADE AVAILABLE TO THE OFFENDER AND TO WITHHOLD CERTAIN DOCUMENTS FROM DISCLOSURE; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 18-8321, Idaho Code, be, and the same is hereby amended to read as follows:

18-8321. JUDICIAL REVIEW. (1) Judicial review of an offender's challenge to the designation as a violent sexual predator is civil, not criminal, and remedial, not adversarial.
(2) Immediately upon receipt of an offender's objection or challenge to the designation as a violent sexual predator, the court shall set a date for a summary hearing.

(3) Upon notification of a date for a summary hearing, the prosecutor shall forthwith turn over all papers, documents and other relevant material to the court. A written summarization of information relied upon by the sexual offender classification board may be made available to the offender. However the following documents produced by the sexual offender classification board shall be withheld from disclosure and available only for in camera review by the court:

(a) Records that contain names and addresses, identifying information or any information that would lead to the identification of any victims or witnesses;
(b) Written statements or testimony of victims, witnesses, guardians or persons representing victims or witnesses;
(c) Reports prepared specifically for use by the commission for pardons and parole in making parole determinations pursuant to section 20-223, Idaho Code; and
(d) Other records to remain confidential consistent with rules of criminal or civil procedure.

(4) Judicial review under this chapter shall be conducted as a summary, in camera review proceeding, in which the court decides only whether to affirm or reverse the board's designation of the offender as a violent sexual predator.

(5) The court shall have broad discretion over whether and to what extent witnesses and cross-examination will be allowed.

(6) The rules of evidence do not apply.

(7) The court may rely on documentary evidence, such as expert opinions, for all issues.

(8) Nonconviction offense, i.e., criminal activity that has not been the subject of a conviction, shall be considered in review of the board's designation, provided that there is sufficient evidence that the nonconviction offense occurred.

(9) Where the proof, whether in the form of reliable hearsay, affidavits, or offers of live testimony, creates a genuine issue of material fact as to whether the offender is a violent sexual predator, the court should convene a fact-finding hearing and permit live testimony.

(10) The state bears the burden of presenting a prima facie case that justifies the designation as a violent sexual predator.

(11) The court shall affirm the board's determination unless persuaded by a preponderance of the evidence that it does not conform to the law or the guidelines.

(12) The offender is entitled to challenge the designation as a violent sexual predator based upon two (2) grounds:

(a) The offender may introduce evidence that the calculation that led to the designation as a violent sexual predator was incorrectly performed either because of a factual error, because the offender disputes a prior offense, because the variable factors were improperly determined, or for similar reasons; and

(b) The offender may introduce evidence at the hearing that the designation as a violent sexual predator does not properly encapsulate the specific case, i.e., the offender may maintain that the
case falls outside the typical case of this kind and, therefore, that the offender should not be designated as a violent sexual predator.

(13) Either party may appeal the decision of the court.
(14) Offenders who are not designated as violent sexual predators are not entitled to judicial review under this section.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2002.

Approved March 21, 2002.

CHAPTER 197
(S.B. No. 1506)

AN ACT
RELATING TO THE SMALL EMPLOYER HEALTH REINSURANCE PROGRAM; AMENDING SECTION 41-4711, IDAHO CODE, TO CLARIFY THAT NEWBORN DEPENDENTS ARE NOT ELIGIBLE FOR REINSURANCE UNLESS A PARENT IS ALREADY REINSURED; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-4711, Idaho Code, be, and the same is hereby amended to read as follows:

41-4711. SMALL EMPLOYER CARRIER REINSURANCE PROGRAM. (1) A reinsuring carrier shall be subject to the provisions of this section.
   (2) There is hereby created an independent public body corporate and politic to be known as the Idaho small employer health reinsurance program. The program will perform an essential governmental function in the exercise of powers conferred upon it in this act and any assessments imposed or collected pursuant to the operation of the program shall at all times be free from taxation of every kind.
   (3) The program shall operate subject to the supervision and control of the board established in section 41-5502, Idaho Code.
(4) Each small employer carrier shall make a filing with the director containing the carrier's earned health insurance premium derived from health benefit plans delivered or issued for delivery to small employers in this state in the previous calendar year.

(5) The board shall submit to the director a plan of operation and thereafter any amendments thereto necessary or suitable to assure the fair, reasonable and equitable administration of the program. The director may, after notice and hearing, approve the plan of operation if the director determines it to be suitable to assure the fair, reasonable and equitable administration of the program, and to provide for the sharing of program gains or losses on an equitable and proportionate basis in accordance with the provisions of this section. The plan of operation shall become effective upon written approval by the director.

(6) If the board fails to submit a suitable plan of operation, the director shall, after notice and hearing, adopt and promulgate a temporary plan of operation. The director shall approve the plan of operation submitted by the board, or adopt a temporary plan of operation if the board fails to submit a suitable plan. The director shall amend or rescind any plan adopted under the provisions of this subsection at the time a plan of operation is submitted by the board and approved by the director.

(7) The plan of operation shall:
(a) Establish procedures for handling and accounting of program assets and moneys and for an annual fiscal reporting to the director;
(b) Establish procedures for selecting an administrator, which shall be properly licensed in this state, and setting forth the powers and duties of the administrator;
(c) Establish procedures for reinsuring risks in accordance with the provisions of this section;
(d) Establish procedures for collecting assessments from reinsuring carriers to fund claims and administrative expenses incurred or estimated to be incurred by the program; and
(e) Provide for any additional matters necessary for the implementation and administration of the program.

(8) The program shall have the general powers and authority granted under the laws of this state to insurance companies and health maintenance organizations licensed to transact business, except the power to issue health benefit plans directly to either groups or individuals. In addition thereto, the program shall have the specific authority to:
(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter, including the authority, with the approval of the director, to enter into contracts with similar programs of other states for the joint performance of common functions or with persons or other organizations for the performance of administrative functions;
(b) Sue or be sued, including taking any legal actions necessary or proper to recover any assessments and penalties for, on behalf of, or against the program or any reinsuring carriers;
(c) Take any legal action necessary to avoid the payment of improper claims against the program;
(d) Define the health benefit plans, which plans shall allow coordination of benefits, for which reinsurance will be provided, and to issue reinsurance policies, in accordance with the requirements of this chapter;
(e) Establish rules, conditions and procedures for reinsuring risks under the program, including board discretion to operate separate small employer and individual reinsurance pools;
(f) Establish actuarial functions as appropriate for the operation of the program;
(g) Assess carriers in accordance with the provisions of subsection (12) of this section, and to make advance interim assessments of carriers as may be reasonable and necessary for organizational and interim operating expenses. Any interim assessments shall be credited as offsets against any regular assessments due following the close of the fiscal year;
(h) Appoint appropriate legal, actuarial and other committees as necessary to provide technical assistance in the operation of the program, policy and other contract design, and any other function within the authority of the program;
(i) Borrow money to effect the purposes of the program. Any notes or other evidence of indebtedness of the program not in default shall be legal investments for carriers and may be carried as admitted assets.

(9) A reinsuring carrier may reinsure with the program as provided for in this subsection:
(a) With respect to a small employer basic, standard or catastrophic health benefit plan, the program shall reinsure the level of coverage provided and, with respect to other plans, the program shall reinsure up to the level of coverage provided in a small employer basic, standard or catastrophic health benefit plan.
(b) A small employer carrier may reinsure an entire employer group within sixty (60) days of the commencement of the group's coverage under a health benefit plan.
(c) A reinsuring small employer carrier may reinsure an eligible employee or dependent within a period of sixty (60) days following the commencement of the coverage with the small employer. A newly eligible employee or dependent of the reinsured small employer may be reinsured within sixty (60) days of the commencement of his coverage. Newborn dependents of insureds are not eligible for reinsurance unless a parent is already reinsured.

(d) (i) The program shall not reimburse a reinsuring carrier with respect to the claims of a reinsured employee or dependent until the carrier has incurred an initial level of claims for such employee or dependent of five thousand dollars ($5,000) in a calendar year for benefits covered by the program. In addition, the reinsuring carrier shall be responsible for ten percent (10%) of the next fifty thousand dollars ($50,000) of benefit payments during a calendar year and the program shall reinsure the remainder.
(ii) The board annually may adjust the initial level of claims and the maximum limit to be retained by the carrier to reflect increases in costs and utilization within the standard market for health benefit plans within the state. The adjustment shall not be less than the annual change in the medical component of the "Consumer Price Index for All Urban Consumers" of the
department of labor, bureau of labor statistics, unless the
board proposes and the director approves a lower adjustment
factor.

(e) A reinsuring carrier may terminate reinsurance with the program
for one (1) or more of the reinsured employees or dependents on any
anniversary of the health benefit plan.

(f) A reinsuring carrier shall apply all managed care and claims
handling techniques, including utilization review, individual case
management, preferred provider provisions, and other managed care
provisions or methods of operation consistently with respect to
reinsured and nonreinsured business.

(10) (a) The board, as part of the plan of operation, shall estab-
lish a methodology for determining premium rates to be charged by
the program for reinsuring small employers pursuant to this section.
The methodology shall include a system for classification of small
employers that reflects the types of case characteristics commonly
used by small employer carriers in the state. The methodology shall
provide for the development of base reinsurance premium rates, sub-
ject to the approval of the director, and shall be set at levels
which reasonably approximate gross premiums charged to small employ-
ers by small employer carriers for health benefit plans with bene-
fits similar to the standard health benefit plan, adjusted to
reflect retention levels required under the provisions of this chap-
ter.

(b) Premiums for the program shall be as established by the board.

(c) The board periodically shall review the methodology established
under the provisions of paragraph (10)(a) of this section, including
the system of classification and any rating factors, to assure that
it reasonably reflects the claims experience of the program. The
board may propose changes to the methodology which shall be subject
to the approval of the director.

(d) The board may consider adjustments to the premium rates charged
by the program to reflect the use of effective cost containment and
managed care arrangements.

(12) (a) Prior to March 1 of each year, the board shall determine
and report to the director the program net loss for the previous
calendar year, including administrative expenses and incurred losses
for the year, taking into account investment income and other appro-
priate gains and losses.

(b) Any net loss for the year shall be recouped by assessments of
carriers.

(c) (i) For the assessment of March 1, 1995, and prior to March 1
of each succeeding year, the board shall determine and file
with the director an estimate of the assessments needed to fund
the losses incurred by the program in the previous calendar
year.

(ii) The individual assessments shall be determined by multi-
plying net losses, if net earnings are negative, as defined by
subsection (12)(a) of this section, by a fraction, the numer-
tor of which shall be the carrier's total premiums earned in the preceding calendar year from all health benefit plans and policies or certificates of insurance for specific disease, and hospital confinement indemnity in this state as reported in the carrier's annual report pursuant to subsection (16) of this section, and the denominator of which shall be the total premiums earned in the preceding calendar year from all health benefit plans and policies or certificates of insurance for specific disease and hospital confinement indemnity in this state.

(d) If assessments exceed net losses of the program, the excess shall be held at interest and used by the board to offset future losses or to reduce program premiums. As used in this paragraph, "future losses" includes reserves for incurred but not reported claims.

(e) Each reinsuring carrier's proportion of the assessment shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the reinsuring carriers with the board.

(f) The plan of operation shall provide for the imposition of an interest penalty for late payment of assessments.

(g) A reinsuring carrier may seek from the director a deferment from all or part of an assessment imposed by the board. The director may defer all or part of the assessment of a reinsuring carrier if the director determines that the payment of the assessment would place the reinsuring carrier in a financially impaired condition. If all or part of an assessment against a reinsuring carrier is deferred, the amount deferred shall be assessed against the other participating carriers in a manner consistent with the basis for assessment set forth in this subsection. The reinsuring carrier receiving the deferment shall remain liable to the program for the amount deferred and shall be prohibited from reinsuring any group with the program until such time as it pays the assessments.

(13) (a) Neither the participation in the program as reinsuring carriers, the establishment of rates, forms or procedures, nor any other joint or collective action required under the provisions of this chapter shall be the basis of any legal action, criminal or civil liability, or penalty against the program or any of its reinsuring carriers either jointly or separately.

(b) Neither the board nor its employees shall be liable for any obligations of the program. No member or employee of the board shall be liable, and no cause of action of any nature may arise against them, for any act or omission related to the performance of their powers and duties under this chapter, unless such act or omission constitutes willful or wanton misconduct. The board may provide for indemnification of, and legal representation for, its members and employees.

(14) The board, as part of the plan of operation, shall develop standards setting forth the manner and levels of compensation to be paid to agents for the sale of small employer basic, standard and catastrophic health benefit plans. In establishing such standards, the board shall take into consideration the need to assure the broad availability of coverages, the objectives of the program, the time and effort expended in placing the coverage, the need to provide ongoing service to
the small employer, the levels of compensation currently used in the
industry and the overall costs of coverage to small employers selecting
these plans.

   (15) The program shall be exempt from any and all taxes.
   (16) Each carrier shall file with the director, in a form and manner
to be prescribed by the director, an annual report. The report shall
state the number of resident persons insured under the carrier's health
benefit plan.
   (17) If a reinsuring small employer carrier attempts to reinsure or
reinsures an entire employer group, an employee, or a dependent of such
employee that, immediately prior to the commencement of such coverage,
it covered under a health benefit plan, the board shall assess all costs
and losses incurred by the program for claims and administrative
expenses relating to such group, employee or dependent of such employee
only to the said reinsuring small employer carrier.
   (18) Subsection (17) of this section shall apply to assessments
made for the 1994 calendar year and each year thereafter.

SECTION 2. An emergency existing therefor, which emergency is
hereby declared to exist, this act shall be in full force and effect on
and after its passage and approval, and retroactively to July 1, 2000.

Approved March 21, 2002.

39-6306A. UNIFORM INTERSTATE ENFORCEMENT OF DOMESTIC VIOLENCE PROTECTION ORDERS ACT. (1) Short Title. This section may be cited as the "Uniform Interstate Enforcement of Domestic Violence Protection Orders Act."

(2) Definitions. As used in this section:

enforce the terms of the order, including terms that provide relief that a tribunal of this state would lack power to provide but for this section. In a proceeding to enforce a foreign protection order, the tribunal shall follow the procedures of this state for the enforcement of protection orders.

(b) A tribunal of this state may not enforce a foreign protection order issued by a tribunal of a state that does not recognize the standing of a protected individual to seek enforcement of the order.

   (iv) Was issued after the respondent was given reasonable notice and had an opportunity to be heard before the tribunal issued the order or, in the case of an order ex parte, the respondent was given notice and had an opportunity to be heard within a reasonable time after the order was issued, consistent with the rights of the respondent to due process.

(f) A foreign protection order valid on its face is prima facie evidence of its validity.

(g) Absence of any of the criteria for validity of a foreign protection order is an affirmative defense in an action seeking enforcement of the order.

(h) A tribunal of this state may enforce provisions of a mutual foreign protection order which favor a respondent only if:
   (i) The respondent filed a written pleading seeking a protection order from the tribunal of the issuing state; and

For the purposes of this subsection, the foreign protection order may be inscribed on a tangible medium or may have been stored in an electronic or other medium if it is retrievable in perceivable form. Presentation of a certified copy of
a foreign protection order is not required for enforcement.

or local governmental official acting in an official capacity, is immune
from civil and criminal liability for an act or omission arising out of
the registration or enforcement of a foreign protection order or the
detention or arrest of an alleged violator of a foreign protection order
if the act or omission was done in good faith in an effort to comply
with this section.

construing this section, consideration shall be given to the need to
promote uniformity of the law with respect to its subject matter among
states that enact it.

(3) If service by a peace officer is to be used, the clerk of the court shall have a copy of any order issued under this chapter and a copy of the petition for a protection order, if the respondent has not previously received the petition, forwarded on or before the next judicial day to the appropriate law enforcement agency specified in the order for service upon the respondent. Service of an order issued under this chapter shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the peace officer cannot complete service upon the respondent within ten (10) days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(7) If a party has appeared in person before the court and has waived personal service, the clerk of the court shall complete service of any notice of hearing or orders or modifications by certified mail to the party's address as shown on the court petition which resulted in the issuance of the order or modification. Parties shall at all times keep the court informed of their current mailing address.

(8) If an-out-of-state foreign protection order is registered with the court under section 39-6306A, Idaho Code, the necessity for further service is waived and proof of service of that order is not necessary.

The information entered shall specifically state that the protection order is civil in nature. If the appropriate law enforcement agency determines that the service information sheet is incomplete or cannot be entered into the Idaho law enforcement telecommunications system upon receipt, the service information sheet shall be returned to the clerk of the court. The relationship of a person whether as an individual, shareholder or a professional corporation, partner of a partnership or member of a professional company to a professional company organized under the provisions of this chapter, with which such person is associated, whether as manager, member or employee, shall in no way modify or diminish the jurisdiction over him of the governmental authority or state agency which licensed, certified or registered him for a particular profession.

(4) No professional company may offer membership to or accept as a member anyone other than a person who is duly licensed or otherwise legally authorized to render the same specific professional services as those for which the company was organized or professional corporations, partnerships or limited liability companies all of whose shareholders, partners or members are duly licensed or otherwise legally authorized to render the same specific professional services as those for which the professional company was organized. No member of a professional company shall enter into a voting trust agreement or any other type of agreement vesting another person with the authority to exercise the voting power of his membership.

(5) If any manager, member, agent or employee of a professional
company who has been rendering professional services within this state

tions or limitations upon his continued rendering of such professional
services, he shall cease to be a member in such professional company in
accordance with the provisions of subsection (l)(k) of section 53-641,
Idaho Code, and the remaining members of the professional company shall

membership in such professional company except to another individual,
professional corporation, partnership or limited liability company eli-
gible to be a member of such professional company and except pursuant to
the provisions of section 53-638, Idaho Code.

(7) The provisions of this section shall not be considered as
