72-1347A. EMPLOYMENT SECURITY RESERVE FUND -- SPECIAL ADMINISTRATION FUND. (1) There is established in the state treasury a special trust fund, separate and apart from all other public funds of this state, to be known as the employment security reserve fund, hereinafter "reserve fund." Except as provided herein, all proceeds from the reserve tax defined in subsection (2) of this section shall be paid into the reserve fund. The moneys in the reserve fund may be used by the director for loans to the employment security fund, section 72-1346, Idaho Code, as security for loans from the federal unemployment insurance trust fund, and for the repayment of any interest bearing advances, including interest, made under title XII of the social security act, 42 USC 1321 through 1324, and shall be available to the director for expenditure in accordance with the provisions of this section. The state treasurer shall be the custodian of the reserve fund and shall invest said moneys in accordance with law. The state treasurer shall disburse the moneys from the reserve fund in accordance with the directions of the director.
(2) A reserve tax is imposed on all covered employers required to pay contributions pursuant to section 72-1350, Idaho Code, except deficit employers who have been assigned a taxable wage rate from deficit rate class six pursuant to section 72-1350(8)(a), Idaho Code. The reserve tax shall be due and payable at the same time and in the same manner as contributions. If the reserve fund is less than one percent (1%) of state taxable wages in the penultimate year as of September 30 of the preceding calendar year, the reserve tax rate for all eligible, standard-rated and deficit employers shall be equal to the taxable wage rate then in effect less the assigned contribution rate and training tax rate. The provisions of this chapter which apply to the payment and collection of contributions also apply to the payment and collection of the reserve tax, including the same calculations, assessments, method of payment, penalties, interest, costs, liens, injunctive relief, collection procedures and refund procedures. In the administration of the provisions of this section and the collection of the reserve tax, the director is granted all rights, authority, and prerogatives granted the director under the provisions of this chapter. Moneys collected from an employer delinquent in paying contributions and reserve taxes shall first be applied to pay any penalty and interest imposed pursuant to the provisions of this chapter and shall then be applied pro rata to pay delinquent contributions to the employment security fund, section 72-1346, Idaho Code, and delinquent reserve taxes to the reserve fund pursuant to this section. Any interest and penalties collected pursuant to this subsection shall be paid into the state employment security administrative and reimbursement fund, section 72-1348, Idaho Code, and any interest or penalties refunded under this subsection shall be paid out of that same fund. Reserve taxes paid pursuant to this subsection may not be deducted in whole or in part by any employer from the wages of individuals in its employ. All reserve taxes collected pursuant to this subsection shall be deposited in the clearing account of the employment security fund, section 72-1346, Idaho Code, for clearance only and shall not become part of such fund. After clearance, the moneys shall be deposited in the reserve fund established in subsection (1) of this section. No reserve tax shall be imposed for any calendar year if, as of September 30 of the preceding calendar year, the balance of the reserve fund equals or exceeds one percent (1%) of the state taxable wages for the penultimate calendar year, or exceeds forty-nine percent (49%) of the actual balance of the employment security fund, section 72-1346, Idaho Code.

(3) The interest earned from investment of the reserve fund shall be deposited in a fund established in the state treasurer's office, to be known as the department of commerce and labor special administration fund, hereinafter "special administration fund." The moneys in the special administration fund shall be held separate and apart from all other public funds of this state. The state treasurer shall be the custodian of this fund and may invest said moneys in accordance with law. Any interest earned on said moneys shall be deposited in the special administration fund. In the absence of a specific appropriation, the moneys in the special administration fund are perpetually appropriated to the director and may be expended with the approval of the advisory council appointed pursuant to section 72-1336, Idaho Code, for costs related to employment-service programs and unemployment-insurance-programs administered under this chapter by the department. The director shall report
annually to the joint finance-appropriations committee and the advisory council the expenditures and disbursements made from the fund during the preceding fiscal year, and the expenditures and disbursements and commitments made during the current fiscal year to date.

(4) Administrative costs related to the reserve fund and the special administration fund shall be paid from federal administrative grants received under title III of the social security act, to the extent permitted by federal law, and then from the special administration fund.

SECTION 6. That Section 72-1347B, Idaho Code, be, and the same is hereby amended to read as follows:

72-1347B. WORKFORCE DEVELOPMENT TRAINING FUND. (1) There is established in the state treasury a special trust fund, separate and apart from all other public funds of this state, to be known as the workforce development training fund, hereinafter "training fund." Except as provided herein, all proceeds from the training tax defined in subsection (4) of this section shall be paid into the training fund. The state treasurer shall be the custodian of the training fund and shall invest said moneys in accordance with law. Any interest earned on the moneys in the training fund shall be deposited in the training fund. Moneys in the training fund shall be disbursed in accordance with the directions of the director. In any month when the unencumbered balance in the training fund exceeds six million dollars ($6,000,000), the excess amount over six million dollars ($6,000,000) shall be transferred to the employment security reserve fund, section 72-1347A, Idaho Code. For the purposes of this subsection (1), the unencumbered balance in the training fund is the balance in such fund reduced by the sum of:

(a) The amounts that have been obligated pursuant to fully-executed workforce development training fund contracts;
(b) The amounts that have been obligated pursuant to letters of intent for proposed job training projects; and
(c) Any administrative costs related to the training fund that are due and payable.

(2) All moneys in the training fund are perpetually appropriated to the director for expenditure in accordance with the provisions of this section. The purpose of the training fund is to provide or expand training and retraining opportunities in an expeditious manner that would not otherwise exist for Idaho's workforce. The training fund is intended to supplement, but not to supplant or compete with, money available through existing training programs. The moneys in the training fund shall be used for the following purposes:

(a) To provide training for skills necessary for specific economic opportunities and industrial expansion initiatives;
(b) To provide training to upgrade the skills of currently employed workers at risk of being permanently laid off;
(c) For refunds of training taxes erroneously collected and deposited in the workforce training fund;
(d) For all administrative expenses incurred by the department associated with the collection of the training tax and any other administrative expenses associated with the training fund.

(3) Expenditures from the training fund for purposes authorized in paragraphs (a) and (b) of subsection (2) of this section shall be
approved by the director in consultation with the office of the governor, based on procedures, criteria and performance measures established by the council appointed pursuant to section 72-1336, Idaho Code. The activities funded by the training fund will be coordinated with similar activities funded by the state division of professional-technical education. Expenditures from the training fund for purposes authorized in paragraphs (c) and (d) of subsection (2) of this section shall be approved by the director. The director shall pay all approved expenditures as long as the training fund has a positive balance. The council shall report annually to the governor and the joint finance appropriations committee the commitments and expenditures made from the training fund in the preceding fiscal year and the results of the activities funded by the training fund.

(4) A training tax is hereby imposed on all covered employers required to pay contributions pursuant to section 72-1350, Idaho Code, with the exception of deficit employers who have been assigned a taxable wage rate from rate class six pursuant to section 72-1350, Idaho Code. The training tax rate shall be equal to three percent (3%) of the taxable wage rate then in effect for each eligible, standard-rated and deficit employer. The training tax shall be due and payable at the same time and in the same manner as contributions. This subsection is repealed effective January 1, 2007, unless, prior to that date, the Idaho legislature approves the continuation of this subsection by repeal of this sunset clause.

(5) The provisions of this chapter which apply to the payment and collection of contributions also apply to the payment and collection of the training tax, including the same calculations, assessments, method of payment, penalties, interest, costs, liens, injunctive relief, collection procedures and refund procedures. In the administration of the provisions of this section, the director is granted all rights, authority, and prerogatives granted under the provisions of this chapter. Moneys collected from an employer delinquent in paying contributions, reserve taxes and the training tax shall first be applied to any penalty and interest imposed pursuant to the provisions of this chapter and shall then be applied pro rata to delinquent contributions to the employment security fund, section 72-1346, Idaho Code, delinquent reserve taxes to the reserve fund, section 72-1347A, Idaho Code, and delinquent training taxes to the training fund. Any interest and penalties collected pursuant to this subsection shall be paid into the state employment security administrative and reimbursement fund, section 72-1348, Idaho Code, and any interest or penalties refunded under this subsection shall be paid out of that same fund. Training taxes paid pursuant to this section shall not be credited to the employer's experience rating account and may not be deducted by any employer from the wages of individuals in its employ. All training taxes shall be deposited in the clearing account of the employment security fund, section 72-1346, Idaho Code, for clearance only and shall not become part of such fund. After clearance, the moneys shall be deposited in the training fund established in subsection (1) of this section.

(6) Administrative costs related to the training fund shall be paid from the training fund in accordance with subsection (3) of this section.
SECTION 7. That Section 72-1349, Idaho Code, be, and the same is hereby amended to read as follows:

72-1349. PAYMENT OF CONTRIBUTIONS. (1) Contributions shall be paid on taxable wages for each calendar year equal to the amount determined in accordance with section 72-1350, Idaho Code. Contributions on wages paid to an individual under another state unemployment insurance law, or paid by an employer's predecessor during the calendar year, shall be counted in complying with this provision.

(2) Contributions shall accrue and become payable by each covered employer for each calendar quarter with respect to wages for covered employment. Such contributions shall become due and be paid by each covered employer to the director for the employment security fund and shall not be deducted from the wages of individuals employed by such employer. All moneys required to be paid by a covered employer pursuant to this chapter shall immediately, upon becoming due and payable, become or be deemed money belonging to the state, and every covered employer shall hold or be deemed to hold said money separately, aside, or in trust from any other funds, moneys or accounts, for the state of Idaho for payment in the manner and at the times provided by law.

(3) The contributions payable by each covered employer, with respect to covered employment, accruing in each calendar quarter, shall be paid on or before the last day of the month following the close of said calendar quarter.

(4) The director may, for good cause shown by a covered employer, extend the time for payment of his contributions or any part thereof, but no such extension of time shall postpone the due date more than sixty (60) days. Contributions with respect to which an extension of time for payment has been granted shall be paid on or before the last day of the period of the extension.

(5) Whenever it appears to be essential to the proper administration of this chapter that collection of the contributions of a covered employer must be made more often than quarterly, the director shall have authority to demand payment of the contributions forthwith.

(6) In accordance with rules the director may prescribe, any person or persons entering into a formal contract with the state, any county, city, town, school or irrigation district, or any quasi public corporation of the state, for the construction, alteration, or repair of any public building or public work, the contract price of which exceeds the sum of one thousand dollars ($1,000) may be required before commencing such work, to execute a surety bond in an amount sufficient to cover contributions when due. If the director, who shall approve said bond, determines that said bond has become insufficient, he may require that a new bond be provided in the amount he directs. Failure on the part of the employer covered by the bond to pay the full amount of his contributions when due shall render the surety liable on said bond as though the surety was the employer and subject to the other provisions of this chapter.

(7) In the payment of any contributions a fractional part of a dollar shall be disregarded unless it amounts to fifty cents (50¢) or more, in which case it shall be increased to one dollar ($1.00).

SECTION 8. That Section 72-1350, Idaho Code, be, and the same is hereby amended to read as follows:
72-1350. TAXABLE WAGE BASE AND TAXABLE WAGE RATES. (1) All remuneration for personal services as defined in section 72-1328, Idaho Code, equal to the average annual wage in covered employment for the penultimate calendar year, rounded to the nearest multiple of one hundred dollars ($100), or the amount of taxable wage base specified in the federal unemployment tax act, whichever is higher, shall be the taxable wage base for purposes of this chapter. Provided however, and notwithstanding any other provision of the employment security law to the contrary, for calendar years 2003 and 2004 the taxable wage base shall be twenty seven thousand six hundred dollars ($27,600), which was the taxable wage base in effect for calendar year 2002.

(2) Prior to December 31 of each year, the director shall determine the taxable wage rates for the following calendar year for all covered employers, except those eligible and electing the cost reimbursement method, shall be assigned taxable wage rates annually by the director in accordance with the following section, provided however, and notwithstanding any other provision of the employment security law to the contrary, for calendar years 2003 and 2004, the taxable wage rates for all covered experience-rated employers except cost reimbursement employers shall be determined in accordance with schedule II as follows:

(a) For calendar year 2005, the taxable wage rate shall be determined using a base tax rate of one and fifty hundredths percent (1.50%);
(b) For calendar year 2006, the taxable wage rate shall be determined using a base tax rate of one and sixty-seven hundredths percent (1.67%) unless at any time prior to September 30, 2005, the actual balance in the employment security fund, section 72-1346, Idaho Code, is fifty percent (50%) or less than the actual balance in the reserve fund, section 72-1347A, Idaho Code, in which case the taxable wage rate shall be determined using a base tax rate calculated in accordance with subsection (5) of this section.

(3) A desired employment-security fund size is determined for each calendar year by calculating an average high cost ratio shall be determined for each calendar year by calculating from the penultimate year, the ten-year average of the three highest benefits-paid-to-wages-covered, multiplied by one and one-half cost rates in the twenty (20) year period ending with the preceding year. For the purposes of this section, the "benefit cost rate" is the total annual benefits paid, including the state's share of extended benefits but excluding the federal share of extended benefits and cost reimbursable benefits, divided by the total annual covered wages excluding cost reimbursable wages. The resulting average high cost ratio, when applied to the-covered-wages-of-the-penultimate-year, represents multiplied by the desired fund size. This calculation multiplier of eight-tenths (0.8), and the result, for the purposes of this section, is hereafter referred to as the "average high cost multiple" (AHCM).

(4) The AHCM shall be the ratio at the top of taxable-wage-rate schedule-V as provided in subsection (5) of this section, and all other ratios for schedules I through IX are adjusted up or down from schedule V in equal increments of .005.

(5) The taxable-wage-rate schedule for each calendar year fund balance ratio shall be determined by comparing the ratio of dividing the actual balance of the employment security fund, section 72-1346, Idaho Code, and the reserve fund, section 72-1347A, Idaho Code, on September
of the current calendar year by the wages covered paid by all covered employers in Idaho, except cost reimbursement employers, in the penultimate preceding calendar year, against-the-taxable-wage-schedule ratios-as-provided-in-subsection-(4)-of-this-section.

(5) The base tax rate shall be determined as follows:
(a) Divide the fund balance ratio by the AHCM;
(b) Subtract the quotient obtained from the calculation in paragraph (5)(a) of this section from the number two (2);
(c) Multiply the remainder obtained from the calculation in paragraph (5)(b) of this section by two and one-tenth percent (2.1%). The product obtained from this calculation shall equal the base tax rate, provided however, that the base tax rate shall not be less than sixty-three hundredths percent (0.63%) and shall not exceed three and thirty-six hundredths percent (3.36%).

(6) The ratios-computed-for-each-taxable-wage-rate-schedule-as-provided-in-base tax rate calculated in accordance with subsection (4) of this section shall be placed-with-their-appropriate-schedule-at-the-top of-the-columns used to determine the taxable wage rate effective the following calendar year for all covered employers except cost reimbursement employers as provided in subsections (7) and (8) of this section; and-shall-represent-the-minimum-fund-level-required-for-the-specific schedule-to-be-in-effect.

(8) Each covered employer, except cost reimbursement employers, will be assigned a taxable wage rate from the effective taxable-wage rate schedule for eligible, standard-rated and deficit employers, based upon the employer's experience as determined under the provisions of sections 72-1319, 72-1319A, 72-1351 and 72-1351A, Idaho Code, and a contribution rate as follows:

(a) Each employer, except standard-rated employers, will be assigned to one of the rate classes for eligible and deficit employers provided in subsection (7) of this section based upon the employer's experience as determined under the provisions of sections 72-1319, 72-1319A, 72-1351 and 72-1351A, Idaho Code.

(b) For each rate class provided in subsection (7) of this section, the department will multiply the base tax rate determined in accordance with subsection (5) of this section by the tax factor listed for that rate class in the table provided in subsection (7) of this section. The product obtained from this calculation shall be the taxable wage rate for employers assigned to that rate class, provided however, that the taxable wage rate shall not be less than the minimum taxable wage rate assigned to that rate class and shall not exceed the maximum taxable wage rate assigned to that rate class in the table provided in subsection (7) of this section.

(c) For standard-rated employers, the department will multiply the base tax rate determined in accordance with subsection (5) of this section...
section by the tax factor listed for standard-rated employers in the table provided in subsection (7) of this section. The product obtained from this calculation shall be the taxable wage rate for standard-rated employers, provided however, that the taxable wage rate shall not be less than the minimum taxable wage rate assigned to standard-rated employers and shall not exceed the maximum taxable wage rate assigned to standard-rated employers in the table provided in subsection (7) of this section.

(d) Deficit employers who have been assigned a taxable wage rate from deficit rate class six will be assigned contribution rates equal to their taxable wage rate.

(e) All other eligible, standard-rated and deficit employers will be assigned contribution rates equal to ninety-seven percent (97%) of their taxable wage rate. Provided however, that for each calendar year a reserve tax is imposed pursuant to section 72-1347A, Idaho Code, the contribution rates for employers assigned contribution rates pursuant to this paragraph shall be eighty percent (80%) of their taxable wage rate.

(9) Each employer shall be notified of his taxable wage rate as determined for any calendar year pursuant to this section and section 72-1351, Idaho Code. Such determination shall become conclusive and binding upon the employer, unless within fourteen (14) days after delivery or mailing of the notice thereof to his last known address, the employer files an application for redetermination, setting forth his reasons therefor. Reconsideration shall be limited to transactions occurring subsequent to any previous determination which has become final. The employer shall be promptly notified of the redetermination, which shall become final unless an appeal is filed within fourteen (14) days after delivery or mailing of notice to his last known address. Proceedings on the appeal shall be in accordance with the provisions of section 72-1361, Idaho Code.

SECTION 9. That Section 72-1351, Idaho Code, be, and the same is hereby amended to read as follows:

72-1351. EXPERIENCE RATING. (1) Subject to the other provisions of this chapter, each eligible and deficit employer's (except cost reimbursement employers) taxable wage rate shall be determined in the manner set forth below for each calendar year:

(a) (i) Each eligible employer shall be given an "experience factor" which shall be the ratio of excess of contributions over benefits paid on the employer's account since December 31, 1939, to his average annual taxable payroll rounded to the next lower dollar amount for the four (4) fiscal years immediately preceding the computation date, except that when an employer first becomes eligible, his "experience factor" will be computed on his average annual taxable payroll for the two (2) fiscal years or more, but not to exceed four (4) fiscal years, immediately preceding the computation date. The computation of such "experience factor" shall be to six (6) decimal places.

(ii) Each deficit employer shall be given a "deficit experience factor" which shall be the ratio of excess of benefits paid on the employer's account over contributions since December 31, 1939, to his average annual taxable payroll rounded to
the next lower dollar amount for one (1) or more fiscal years, but not to exceed four (4) fiscal years, for which he had covered employment ending on the computation date; provided, however, that any employer who on any computation date has a "deficit experience factor" for the period immediately preceding such computation date but who has filed all reports, paid all contributions and penalties due on or before the cut-off date, and has during the last four (4) fiscal years paid contributions at a rate of not less than the standard rate applicable for each such year and in excess of benefits charged to his experience rating account during such years, shall have any balance of benefits charged to his account which on the computation date immediately preceding such four (4) fiscal years were in excess of contributions paid, deleted from his account, and the excess benefits so deleted shall not be considered in the computation of his taxable wage rate for the rate years following such four (4) fiscal years. For the rate year following such computation date, he shall be given the standard rate for that year.

(iii) In the event an employer's coverage has been terminated because he has ceased to do business or because he has not had covered employment for a period of four (4) years, and if said employer thereafter becomes a covered employer, he will be considered as though he were a new employer, and he shall not be credited with his previous experience under this chapter for the purpose of computing any future "experience factor."

(b) Schedules shall be prepared listing all eligible employers in inverse numerical order of their experience factors, and all deficit employers in numerical order of their deficit experience factors. There shall be listed on such schedules for each such employer in addition to the experience factor (i) the amount of his taxable payroll for the fiscal year ending on the computation date, and (ii) a cumulative total consisting of the sum of such employer's taxable payroll for the fiscal year ending on the computation date and the corresponding taxable payrolls for all other employers preceding him on such schedules.

(c) The cumulative taxable payroll amounts listed on the schedules provided for in paragraph (b) of this subsection shall be segregated into groups whose limits shall be those set out in the table of schedules--of--taxable--wage--rates; provided in section 72-1350(7), Idaho Code. Each of such groups shall be identified by the rate class number listed in the table which represents the percentage limits of each group. Each employer on the schedules shall be assigned the a taxable wage rate opposite his rate class for the taxable year in accordance with section 72-1350, Idaho Code.

(d) (i) If the grouping of rate classes requires the inclusion of exactly one-half (1/2) of an employer's taxable payroll, the employer shall be assigned the lower of the two (2) rates designated for the two (2) classes in which the halves of his taxable payroll are so required.

(ii) If the group of rate classes requires the inclusion of a portion other than exactly one-half (1/2) of an employer's taxable payroll, the employer shall be assigned the rate desig-
nated for the class in which the greater part of his taxable payroll is so required.

(iii) If one (1) or more employers on the schedules have experience factors identical to that of the last employer included in a particular rate class, all such employers shall be included in and assigned the taxable wage rate specified for such class, notwithstanding the provisions of paragraph (c) of this subsection.

(e) If the taxable payroll amount or the experience factor or both such taxable payroll amount and experience factor of any eligible or deficit employer listed on the schedules is changed, the employer shall be placed in that position on the schedules which he would have occupied had his taxable payroll amount and/or experience factor as changed been used in determining his position in the first instance, but such change shall not affect the position or rate classification of any other employer listed on the schedules and shall not affect the rate determination for previous years.

(2) For experience rating purposes, all previously accumulated benefit charges to covered employers' accounts, except cost reimbursement employers, shall not be changed except as provided by this chapter. Benefits paid prior to June 30 shall, as of June 30 of each year preceding the calendar year for which a covered employer's taxable wage rate is effective, be charged to the account of the covered employer, except cost reimbursement employers, who paid the largest individual amount of base period wages as shown on the determination used as the basis for the payment of such benefits, except that no charge shall be made to the account of such covered employer with respect to benefits paid under the following situations:

(a) If paid to a worker who terminated his services voluntarily without good cause attributable to such covered employer, or who had been discharged for misconduct in connection with such services;
(b) If paid in accordance with the provisions of section 72-1368(10), Idaho Code, and the decision to pay benefits is subsequently reversed; or
(c) For that portion of benefits paid to multistate claimants pursuant to section 72-1344, Idaho Code, which exceeds the amount of benefits that would have been charged had only Idaho wages been used in paying the claim;
(d) If paid in accordance with the extended benefit program triggered by either national or state indicators;
(e) If paid to a worker who continues to perform services for such covered employer without a reduction in his customary work schedule, and who is eligible to receive benefits due to layoff or a reduction in earnings from another employer.

(3) A covered employer whose experience rating account is chargeable, as prescribed by this section, is an interested party as defined in section 72-1323, Idaho Code. A determination of chargeability shall become final unless, within fourteen (14) days after notice as provided in section 72-1368(5), Idaho Code, an appeal is filed by an interested party with the department in accordance with the department's rules.

(4) An experience rating record shall be maintained for each covered employer. The record shall be credited with all contributions which the covered employer has paid for covered employment prior to the cutoff date, pursuant to the provisions of this and preceding acts, and
which covered employment occurred prior to the computation date. The record shall also be charged with the amount of benefits paid which are chargeable to the covered employer's account as provided by the appropriate provisions of the employment security law and regulations thereunder in effect at the time such benefits were paid. Nothing in this section shall be construed to grant any covered employer or individual in his service a priority with respect to any claim or right because of amounts paid by such covered employer into the employment security fund.

(45) (a) Whenever any individual or type of organization (whether or not a covered employer within the meaning of section 72-1315, Idaho Code) in any manner succeeds to, or acquires all or substantially all, of the business of an employer who at the time of acquisition was a covered employer, and in respect to whom the director finds that the business of the predecessor is continued solely by the successor, the separate experience rating account of the predecessor shall, upon the joint application of the predecessor and the successor within the one hundred eighty (180) days after such acquisition and approval by the director, be transferred to the successor employer for the purpose of determining such successor's liability and taxable wage rate and any successor who was not an employer on the date of acquisition shall as of such date become a covered employer as defined in this chapter. Such one hundred eighty (180) day period may be extended at the discretion of the director. The transfer of the predecessor's experience rating account as of the last computation date to the successor shall be mandatory if the management or ownership or control is substantially the same for the successor as for the predecessor and there is a continuity of business activity by the successor.

(b) Whenever any individual or type of organization, whether or not a covered employer within the meaning of section 72-1315, Idaho Code, in any manner succeeds to, or acquires, part of the business of an employer who at the time of acquisition was a covered employer, and such portion of the business is continued by the successor, so much of the separate experience rating account of the predecessor as is attributable to the portion of the business transferred, as determined on a pro rata basis in the same ratio that the wages of covered employees properly allocable to the transferred portion of the business bears to the payroll of the predecessor in the last four (4) completed calendar quarters immediately preceding the date of transfer, shall, upon the joint application of the predecessor and the successor within one hundred eighty (180) days after such acquisition and approval by the director, be transferred to the successor employer for the purpose of determining such successor's liability and taxable wage rate and any successor who was not an employer on the date of acquisition shall as of such date become a covered employer as defined in this chapter. Such one hundred eighty (180) day period may be extended at the discretion of the director. The transfer of the predecessor's experience rating account as of the last computation date to the successor shall be mandatory if the management or ownership or control is substantially the same for the successor as for the predecessor and there is a continuity of business activity by the successor. Whenever such mandatory transfer involves only a portion of the experience rating record, and the predecessor or successor employers fail within ten
(10) days after notice to supply the required payroll information, the transfer shall be based on estimates of the allocable payrolls.

(c) (i) If the successor was a covered employer prior to the date of the acquisition of all or a part of the predecessor's business, his taxable wage rate, effective the first day of the calendar quarter immediately following the date of acquisition, shall be a newly computed rate based on the combined experience of the predecessor and successor, the resulting rate remaining in effect the balance of the rate year.

(ii) If the successor was not a covered employer prior to the date of the acquisition of all or a part of the predecessor's business, his rate shall be the rate applicable to the predecessor with respect to the period immediately preceding the date of acquisition, but if there were more than one (1) predecessor the successor's rate shall be a newly computed rate based on the combined experience of the predecessors, becoming effective immediately after the date of acquisition, and shall remain in effect the balance of the rate year.

(d) For purposes of this section, an employer's experience rating account shall consist of the actual contribution, benefit and taxable payroll experience of the employer and any amounts due from the employer under this chapter. When a transferred experience rating account includes amounts due from the employer under this chapter, both the predecessor employer and the successor employer shall be jointly and severally liable for those amounts.

SECTION 10. That Section 72-1354, Idaho Code, be, and the same is hereby amended to read as follows:

72-1354. PENALTY ON UNPAID AMOUNTS. If any amounts due under this chapter are not paid by any covered employer on or before the date on which they are due, such amounts shall bear penalty at the rate of two four percent (24%) or ten twenty dollars ($10.00), whichever is the larger, for each month or fraction thereof until paid; provided, that in no case shall the penalty exceed the actual amounts due. The date of payment shall be deemed the date of actual receipt by the director, or if mailed, the date of mailing. Penalties collected pursuant to this section shall be paid into the state employment security administrative and reimbursement fund as established by section 72-1348, Idaho Code. At the discretion of the director, the department may compromise the amount of penalty collected pursuant to this section if the employer shows he had good cause for failing to timely pay contributions.

SECTION 11. That Section 72-1359, Idaho Code, be, and the same is hereby amended to read as follows:

72-1359. JEOPARDY ASSESSMENTS. If the director determines that the collection of any amounts due from any covered employer under the provisions of this chapter will be jeopardized by delay, he may, whether or not the time prescribed by this chapter or any rules issued pursuant thereto for making reports and payments has expired, determine, on the basis of available information, the wages paid by such employer for covered employment and declare the amount due thereon immediately payable, and shall give written notice of such declaration to such employer. Any
amounts, including penalty and interest, that are contained in such written declaration shall be subject to immediate seizure pursuant to section 72-1360A, Idaho Code, as well as through any other collection procedures allowed under law. Such jeopardy assessment shall become conclusive and binding upon the employer unless, within fourteen (14) days after the mailing of such declaration to the last known address of such employer or in the absence of such mailing, within fourteen (14) days after personal delivery thereof upon the employer, the employer may file an appeal to the department setting forth grounds for such appeal. In such cases, the right of appeal shall be conditioned upon the payment of the amount declared to be due, less any amount already collected, or upon giving appropriate security to the director for the payment thereof. Proceedings on such appeals shall be in accordance with the provisions of section 72-1361, Idaho Code.

SECTION 12. That Section 72-1360, Idaho Code, be, and the same is hereby amended to read as follows:

72-1360. LIENS. (1) Upon the failure of any person to pay any amount when due under this chapter, including the failure to repay overpayments as that term is defined in section 72-1369, Idaho Code, the director may file with the office of the secretary of state, as provided in chapter 19, title 45, Idaho Code, a notice of lien.

(2) Upon delivery to the secretary of state, the notice of lien shall be filed and maintained in accordance with chapter 19, title 45, Idaho Code. When such notice is duly filed, all amounts due shall constitute a lien upon the entire interest, legal or equitable, in any property of such person, real or personal, tangible or intangible, not exempt from execution, situated in the state. Such lien may be enforced by the director or by any sheriff of the various counties in the same manner as a judgment of the district court duly docketed and the amount secured by the lien shall bear interest at the rate of one and one-half (1 1/2) times the rate computed for judgments pursuant to section 28-22-104(2), Idaho Code, in effect on January 1 of the year in which the lien is filed, rounded up to the nearest one-eighth percent (1/8%). The foregoing remedy shall be in addition to all other remedies provided by law. The amount of interest collected pursuant to this section may be compromised at the discretion of the director when such compromise is in the best interest of the department.

(3) In any suit or action involving the title to real or personal property against which the state has a perfected lien, the state shall be made a party to such suit or action.

SECTION 13. That Section 72-1366, Idaho Code, be, and the same is hereby amended to read as follows:

72-1366. PERSONAL ELIGIBILITY CONDITIONS. The personal eligibility conditions of a benefit claimant are that:

(1) The claimant shall have made a claim for benefits and provided all necessary information pertinent to eligibility.

(2) The claimant shall have registered for work and thereafter reported to a job service office or other agency in a manner prescribed by the director.
(3) The claimant shall have met the minimum wage requirements in his base period as provided in section 72-1367, Idaho Code.

(4) During the whole of any week with respect to which he claims benefits or credit to his waiting period, the claimant was:
   (a) Able to work, available for suitable work, and seeking work; provided, however, that no claimant shall be considered ineligible for failure to comply with the provisions of this subsection if: (i) such failure is due to the claimant's illness or disability which occurs after he has filed a claim and during such illness or disability, the claimant does not refuse or miss suitable work that would have provided wages greater than one-half (1/2) of the claimant's weekly benefit amount; or (ii) the claimant, because of such failure is due to compelling personal circumstance, is required to be absent from his normal labor market area; provided that such absence does not exceed a minor portion of the claimant's workweek and during which time the claimant does not refuse or miss suitable work that would have provided wages greater than one-half (1/2) of the claimant's weekly benefit amount; and
   (b) Living in a state, territory, or country that is included in the interstate benefit payment plan or that is a party to an agreement with the United States or the director with respect to unemployment.

(5) The claimant's unemployment is not due to the fact that he left his employment voluntarily without good cause connected with his employment, or that he was discharged for misconduct in connection with his employment.

(6) The claimant's unemployment is not due to his failure without good cause to apply for available suitable work or to accept suitable work when offered to him. The longer a claimant has been unemployed, the more willing he must be to seek other types of work and accept work at a lower rate of pay.

(7) In determining whether or not work is suitable for an individual, the degree of risk involved to his health, safety, morals, physical fitness, experience, training, past earnings, length of unemployment and prospects for obtaining local employment in his customary occupation, the distance of the work from his residence, and other pertinent factors shall be considered. No employment shall be deemed suitable and benefits shall not be denied to any otherwise eligible individual for refusing to accept new work or to hold himself available for work under any of the following conditions:
   (a) If the vacancy of the position offered is due directly to a strike, lockout, or other labor dispute;
   (b) If the wages, hours, or other conditions of the work offered are below those prevailing for similar work in the locality of the work offered;
   (c) If, as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(8) No claimant who is otherwise eligible shall be denied benefits for any week due to an inability to comply with the requirements contained in subsections (4) and (6) of this section, if:
   (a) The claimant is a participant in a program sponsored by title I of the workforce investment act and attends a job training course under that program; or
(b) The claimant attends a job training course authorized pursuant to the provisions of section 236(a)(1) of the trade act of 1974 or the North American free trade agreement implementation act.
(c) The claimant lacks skills to compete in the labor market and attends a job training course with the approval of the director. The director may approve job training courses that meet the following criteria:
   (i) The purpose of the job training is to teach the claimant skills that will enhance the claimant's opportunities for employment; and
   (ii) The job training can be completed within one (1) year, except that this requirement may be waived pursuant to rules that the director may prescribe.

This subsection shall apply only if the claimant submits with each claim report a written certification from the training facility that the claimant is attending and satisfactorily completing the job training course, or demonstrates good cause for failure to attend the job training.

(9) No claimant who is otherwise eligible shall be denied benefits under subsection (5) of this section for leaving employment to attend job training pursuant to subsection (8) of this section, provided that the claimant obtained the employment after enrollment in or during scheduled breaks in the job training course, or that the employment was not suitable. For purposes of this subsection, the term "suitable employment" means work of a substantially equal or higher skill level than the individual's past employment, and wages for such work are not less than eighty percent (80%) of the average weekly wage in the individual's past employment.

(10) A claimant shall not be eligible to receive benefits for any week with respect to which it is found that his unemployment is due to a labor dispute; provided, that this subsection shall not apply if it is shown that:
   (a) The claimant is not participating, financing, aiding, abetting, or directly interested in the labor dispute; and
   (b) The claimant does not belong to a grade or class of workers with members employed at the premises at which the labor dispute occurs, who are participating in or directly interested in the dispute.

(11) A claimant shall not be entitled to benefits for any week with respect to which or a part of which he has received or is seeking benefits under an unemployment insurance law of another state or of the United States; provided, that if the appropriate agency of such other state or of the United States shall finally determine that he is not entitled to such unemployment compensation or insurance benefits, he shall not by the provisions of this subsection be denied benefits. For purposes of this section, a law of the United States providing any payments of any type and in any amounts for periods of unemployment due to involuntary unemployment shall be considered an unemployment insurance law of the United States.

(12) A claimant shall not be entitled to benefits for a period of fifty-two (52) weeks if it is determined that he has willfully made a false statement or willfully failed to report a material fact in order to obtain benefits. The period of disqualification shall commence the week the determination is issued. The claimant shall also be ineligible
for waiting week credit and shall repay any sums received for a week in
which the claimant willfully made a false statement or willfully failed
to report a material fact. The claimant shall also be ineligible for
waiting week credit or benefits for any week in which he owes the
department an overpayment, civil penalty, or interest resulting from a
determination that he willfully made a false statement or willfully
failed to report a material fact.

(13) A claimant shall not be entitled to benefits if his principal
occupation is self-employment.

(14) A claimant who has been found ineligible for benefits under the
provisions of subsection (5), (6), (7) or (9) of this section shall
reestablish his eligibility by having obtained bona fide work and
received wages therefor in an amount of at least twelve fourteen (124)
times his weekly benefit amount.

(15) Benefits based on service in employment defined in sections
72-1349A and 72-1352(3), Idaho Code, shall be payable in the same
amount, on the same terms and subject to the same conditions as benefits
payable on the basis of other service subject to this act.

(a) If the services performed during one-half (1/2) or more of any
contract period by an individual for an educational institution as
defined in section 72-13228, Idaho Code, are in an instructional,
research, or principal administrative capacity, all the services
shall be deemed to be in such capacity.

(b) If the services performed during less than one-half (1/2) of
any contract period by an individual for an educational institution
are in an instructional, research, or principal administrative
capacity, none of the service shall be deemed to be in such capac­
ity.

(c) As used in this section, "contract period" means the entire
period for which the individual contracts to perform services, pur­
suant to the terms of the contract.

(16) No claimant is eligible to receive benefits in two (2) succes­
sive benefit years unless, after the beginning of the first benefit year
during which he received benefits, he performed service and earned an
amount equal to not less than six (6) times the weekly benefit amount
established during the first benefit year.

(17) (a) Benefits based on wages earned for services performed in an
instructional, research, or principal administrative capacity for an
educational institution shall not be paid for any week of unemploy­
ment commencing during the period between two (2) successive aca­
demic years, or during a similar period between two (2) terms,
whether or not successive, or during a period of paid sabbatical
leave provided for in the individual's contract, to any individual
who performs such services in the first academic year (or term) and
has a contract to perform services in any such capacity for any edu­
cational institution in the second academic year or term, or has
been given reasonable assurance that such a contract will be
offered.

(b) Benefits based on wages earned for services performed in any
other capacity for an educational institution shall not be paid to
any individual for any week which commences during a period between
two (2) successive school years or terms if the individual performs
such services in the first school year or term, and there is a con­
tract or reasonable assurance that the individual will perform such
services in the second school year or term. If benefits are denied to any individual under this subparagraph (b) and the individual was not offered an opportunity to perform such services for the educational institution for the second academic year or term, the individual shall be entitled to a retroactive payment of benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of this clause.

(c) With respect to any services described in paragraphs (a) and (b) of this subsection (17), benefits shall not be paid or "waiting week" credit given to an individual for wages earned for services for any week which commences during an established and customary vacation period or holiday recess if the individual performed the services in the period immediately before the vacation period or holiday recess, and there is a reasonable assurance the individual will perform such services in the period immediately following such vacation period or holiday recess.

(d) With respect to any services described in paragraphs (a) and (b) of this subsection (17), benefits shall not be payable on the basis of services in any capacities specified in paragraphs (a), (b) and (c) of this subsection (17) to any individual who performed such services in an educational institution while in the employ of an educational service agency. For purposes of this paragraph the term "educational service agency" means a governmental entity which is established and operated exclusively for the purpose of providing such services to one (1) or more educational institutions.

(19) (a) Benefits shall not be payable on the basis of services performed by an alien unless the alien was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time the services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of sections 207 and 208 or section 212(d)(5) of the immigration and nationality act).

(b) Any data or information required of individuals applying for benefits to determine eligibility under this subsection shall be uniformly required from all applicants for benefits.

(c) A decision to deny benefits under this subsection must be based on a preponderance of the evidence.

(20) An individual who has been determined to be likely to exhaust regular benefits and to need reemployment services pursuant to a profiling system established by the director must participate in those reemployment services unless:

(a) The individual has completed such services; or

(b) There is justifiable cause, as determined by the director, for the claimant's failure to participate in such services.
(21) (a) A claimant:
(i) Who has been assigned to work for one (1) or more customers of a staffing service; and
(ii) Who, at the time of hire by the staffing service, signed a written notice informing him that completion or termination of an assignment for a customer would not, of itself, terminate the employment relationship with the staffing service;
will not be considered unemployed upon completion or termination of an assignment until such time as he contacts the staffing service to determine if further suitable work is available. If the claimant:
(A) Contacts the staffing service and refuses a suitable work assignment that is offered to him at that time, he will be considered to have voluntarily quit that employment; or
(B) Contacts the staffing service and the service does not have a suitable work assignment for him, he will be considered unemployed due to a lack of work; or
(C) Accepts new employment without first contacting the staffing service for additional work, he will be considered to have voluntarily quit employment with the staffing service.

(b) For the purposes of this subsection, the term "staffing service" means any person who assigns individuals to work for its customers and includes, but is not limited to, professional employers, as defined in chapter 24, title 44, Idaho Code, and the employers of temporary employees as defined in section 44-2403(7), Idaho Code.

For purposes of this subsection, severance pay shall be deemed wages, even if the claimant was required to sign a release of claims as a condition of receiving the pay from the employer. "Severance pay" means a payment or payments made to a claimant by an employer as a result of the severance of the employment relationship.

(5) Benefits payable to an individual shall be rounded to the next lower full dollar amount.

72-1369. OVERPAYMENTS, CIVIL PENALTIES AND INTEREST -- COLLECTION AND WAIVER. (1) Any person who received benefits to which he was not entitled under the provisions of this chapter or under an unemployment insurance law of any state or of the federal government shall be liable to repay the benefits and the benefits shall, for the purpose of this chapter, be considered to be overpayments. Overpayments shall be repaid as follows:

(2) Civil penalties. The director shall assess the following monetary penalties for each determination in which the claimant is found to have made a false statement, misrepresentation, or failed to report a material fact to the department:

(a) Twenty-five percent (25%) of any resulting overpayment for the first determination;
(b) Fifty percent (50%) of any resulting overpayment for the second determination; and
(c) One hundred percent (100%) of any resulting overpayment for the third and any subsequent determination.

(a3) Any overpayment, civil penalty and/or interest which has not been repaid may, in addition to or alternatively to any other method of collection prescribed in this chapter, including the creation of a lien as provided by section 72-1360, Idaho Code, be collected with interest thereon at the statutory rate by prescribed in section 72-1360(2), Idaho Code. The director may also file a civil action brought in the name of the state of Idaho. In bringing such civil actions for the collection of overpayments, penalties and interest, the director shall have all the rights and remedies provided by the laws of this state, and any person adjudged liable in such civil action for any overpayments shall pay the costs of such action. Such civil actions may be commenced within the time periods specified in this section without regard to any other statute of limitations. A civil action filed pursuant to this subsection (3) shall be commenced within five (5) years from the date of the final determination establishing liability to repay. Any judgment obtained pursuant to this section shall, upon compliance with the requirements of chapter 19, title 45, Idaho Code, become a lien of the same type, duration and priority as if it were created pursuant to section 72-1360, Idaho Code.

(b4) Collection of overpayments.

(ia) Overpayments, other than those resulting from a false statement, misrepresentation, or failure to report a material fact by the
claimant, which have not been repaid or collected, may, at the discretion of the director, be deducted from any future benefits payable to the claimant under the provisions of this chapter. Such overpayments not recovered within five (5) years from the date of the final determination establishing liability to repay may be deemed uncollectible.

(iib) Overpayments resulting from a false statement, misrepresentation, or concealment of failure to report a material fact by the claimant which have not been repaid or collected shall be deducted from any benefits payable at any time in the future, without regard to any statute of limitation and such overpayments not recovered within eight (8) years from the date of the final determination establishing liability to repay may be deemed uncollectible.

(iii) A civil action, filed pursuant to paragraph (a) of this subsection, to collect overpayments resulting from a false statement, misrepresentation, or concealment of a material fact by the claimant must be commenced within eight (8) years from the date of the final determination establishing liability to repay.

(d) The director may waive the requirement to repay an overpayment, described in paragraph (c) of this subsection other than one resulting from a false statement, misrepresentation, or failure to report a material fact, and interest thereon, if:

(a) The benefit payments were made solely as a result of department error or inadvertence, and made to a claimant who had no way of knowing that he was receiving benefits to which he was not entitled could not reasonably have been expected to recognize the error; or

(b) Such payments were made solely as a result of an employer misreporting wages earned in a claimant's base period and made to a claimant who could not reasonably have been expected to recognize an error in the wages reported. The director, in his sole discretion, may also compromise a civil penalty assessed under subsection (2) of this section and/or interest.

(e) Any judgment obtained pursuant to this section shall, upon compliance with the requirements of chapter 19, title 45, Idaho Code, become a lien of the same type, duration, and priority as if it were created pursuant to section 72-1368, Idaho Code.

(f) Neither the director nor any of his agents or employees shall be liable for benefits paid to persons not entitled to the same under the provisions of this chapter if it appears that such payments have been made in good faith and that ordinary care and diligence have been used in the determination of the validity of the claim or claims under which such benefits have been paid.
SECTION 16. That Chapter 13, Title 72, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 72-1372, Idaho Code, and to read as follows:

For the purposes of this section, a false report includes, but is not limited to, a report for a period wherein an employer pays remuneration for personal services which meets the definition of "wages" under section 72-1328, Idaho Code, and the payment is concealed, hidden, or otherwise not reported to the department.

(b) If an employer, or any officer or agent or employee of the employer with the employer's knowledge, willfully makes a false statement or representation or willfully fails to report a material fact when submitting facts to the department concerning a claimant's separation from the employer, a penalty in an amount equal to ten (10) times the weekly benefit amount of such claimant shall be added to the liability of the employer.

(c) If an employer induces, solicits, or coerces an employee or former employee to file a false or fraudulent claim for benefits under this chapter, a penalty in an amount equal to ten (10) times the weekly benefit amount of such employee or former employee shall be added to the liability of the employer.

(d) If an employer fails to complete and submit an Idaho business registration form, as required by section 72-1337(1), Idaho Code, a penalty of five hundred dollars ($500) shall be assessed against the employer.

(2) At the discretion of the director, the department may waive all or any part of the penalties imposed pursuant to this section if the employer shows to the satisfaction of the director that it had good cause for failing to comply with the requirements of this chapter and rules promulgated thereunder.

CHAPTER 12
(H.B. No. 2)

AN ACT
RELATING TO THE EMPLOYMENT SECURITY LAW; AMENDING CHAPTER 13, TITLE 72, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 72-1351A, IDAHO CODE, TO PROVIDE FOR CONFORMITY TO FEDERAL REQUIREMENTS GOVERNING TRANSFERS OF EXPERIENCE AND ASSIGNMENT OF RATES, TO PROVIDE CIVIL PENALTIES FOR SPECIFIED VIOLATIONS, TO PROVIDE A FELONY PENALTY FOR SPECIFIED VIOLATIONS, TO PROVIDE DEFINITIONS, TO PROVIDE THAT THE DIRECTOR SHALL ESTABLISH PROCEDURES TO IDENTIFY THE TRANSFER OR ACQUISITION OF A BUSINESS AND TO PROVIDE FOR INTERPRETATION AND APPLICATION OF THE LAW IN ACCORDANCE WITH FEDERAL GUIDELINES AND REGULATIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 13, Title 72, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 72-1351A, Idaho Code, and to read as follows:

72-1351A. FEDERAL CONFORMITY PROVISIONS REGARDING TRANSFERS OF EXPERIENCE AND ASSIGNMENT OF RATES. Notwithstanding any other provision of this chapter, the following shall apply regarding transfers of experience and assignment of rates:

(1) (a) If a covered employer transfers its trade or business, or a portion thereof, to another covered employer and, at the time of the transfer, there is substantially common ownership, management or control of the two (2) employers, then the experience rating account attributable to the transferred trade or business shall be transferred to the employer to whom such business is so transferred. The rates of both employers shall be recalculated using the methods provided in section 72-1351(5)(b) and (c)(i), Idaho Code.

(b) If, following a transfer of experience under paragraph (a) of this subsection (1), the director determines that a substantial purpose of the transfer of the trade or business was to obtain a reduced liability for contributions, then the experience rating accounts of the employers involved shall be combined into a single account and a single rate shall be assigned to such account.

(2) Whenever a person who is not a covered employer under this chapter at the time such person acquires the trade or business of a covered employer, the experience rating account of the acquired business shall not be transferred to such person if the director finds that such person acquired the business primarily for the purpose of obtaining a lower rate of contributions. Instead, such person shall be assigned the standard rate for new employers under section 72-1350, Idaho Code. In determining whether the trade or business was acquired primarily for the purpose of obtaining a lower rate of contributions, the director shall use objective factors which may include, but are not limited to, the cost of acquiring the business, whether the person continued the business enterprise of the acquired business, how long such business enterprise was continued, or whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to acquisition.
(3) (a) It shall be a violation of this section if a person:

(i) Makes any false statement to the department when the maker knows the statement to be false or acts with deliberate ignorance of or reckless disregard for the truth of the matter or willfully fails to disclose a material fact to the department in connection with the transfer of a trade or business;

(ii) Prepares any false or antedated report, form, book, paper, record, written instrument, or other matter or thing in connection with the transfer of a trade or business with the intent to submit it or allow it to be submitted to the department as genuine or true;

(iii) Knowingly violates or attempts to violate subsection (1) or (2) of this section or any other provision of this chapter related to determining the assignment of a contribution rate or an experience rate; or

(iv) Knowingly advises another person in a way that results in a violation or an attempted violation of subsection (1) or (2) of this section or any other provision of this chapter related to determining the assignment of a contribution rate or an experience rate.

(b) If a person commits any of the acts described in paragraph (a) of this subsection (3), the person shall be subject to the following penalties:

(i) If the person is a covered employer, a civil money penalty of ten percent (10%) of such person's taxable wages for the four (4) completed consecutive quarters preceding the violation shall be imposed for such year and said penalty shall be deposited in the state employment security administrative and reimbursement fund as established by section 72-1348, Idaho Code.

(ii) If the person is not a covered employer, such person shall be subject to a civil money penalty of not more than five thousand dollars ($5,000) for each violation. Any such penalty shall be deposited in the state employment security administrative and reimbursement fund as established by section 72-1348, Idaho Code.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3029B, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029B. INCOME TAX CREDIT FOR CAPITAL INVESTMENT. (1) At the election of the taxpayer there shall be allowed, subject to the applicable limitations provided herein as a credit against the income tax imposed by chapter 30, title 63, Idaho Code, an amount equal to the sum of:

(a) The tax credit carryovers; and

(b) The tax credit for the taxable year.

(2) The maximum allowable amount of the credit for the current taxable year shall be three percent (3%) of the amount of qualified investments made during the taxable year.

(3) As used in this section "qualified investment" means certain depreciable property which:

(a) (i) Is eligible for the federal investment tax credit, as defined in sections 46(c) and 48 of the Internal Revenue Code subject to the limitations provided for certain regulated companies in section 46(f) of the Internal Revenue Code and is not a motor vehicle under eight thousand (8,000) pounds gross weight; or

(ii) Is qualified broadband equipment as defined in section 63-3029I, Idaho Code; and

(b) Is acquired, constructed, reconstructed, erected or placed into service after December 31, 1981; and

(c) Has a situs in Idaho.

(4) (a) For qualified investments placed in service in 2003 and thereafter, a taxpayer, other than a person whose rate of charge or rate of return, or both, is regulated or limited according to federal or state law, may elect, in lieu of the credit provided by this section, a two (2) year exemption from all taxes on personal property on the qualified investment. The exemption from personal property tax shall apply to the year the election is filed as provided in this section and the immediately following year. The election provided by this paragraph is available only to a taxpayer whose Idaho taxable income, before application of net operating losses carried back or forward, in the second preceding taxable year in which the investment is placed in service is negative.

(b) The election shall be made in the form prescribed by the state
tax commission and shall include a specific description and location of all qualified investments placed into service and located in the jurisdiction of the assessing authority, a designation of the specific assets for which the exemption is claimed, and such other information as the state tax commission may require. The election must be made by including the election form with the listing of personal property required by section 63-302, Idaho Code, or, in the case of operating property assessed under chapter 4, title 63, Idaho Code, with the operator's statement required by section 63-404, Idaho Code. Once made the election is irrevocable. If no election is made, the election is not otherwise available. A copy of the election form must also be attached to the original income tax return due for the taxable year in which the claim was made.

(c) The state tax commission and the various county assessors are authorized to exchange information as necessary to properly coordinate the exemption provided in this subsection. Information disclosed to county officials under this subsection may be used only to determine the validity or amount of a taxpayer's entitlement to the exemption provided in this section, and is not otherwise subject to public disclosure as provided in section 9-3400, Idaho Code.

(d) In the event that an investment in regard to which the election under this subsection was made is determined by the state tax commission:

(i) To not be a qualified investment, or
(ii) To have ceased to qualify during the recapture period, or
(iii) To be otherwise not qualified for the election, the taxpayer shall be subject to recapture of the property tax benefit.

(e) The benefit to be recaptured in subsection (4)(d) of this section shall be computed in the manner required in subsection (7) of this section and such recapture amount shall be subject to assessment in the same manner as a deficiency in tax under this chapter. For purposes of calculating the recapture, the property tax benefit shall be:

(i) In the case of locally assessed property located in a single county or nonapportioned centrally assessed property, the market value of exempted property times the average property tax levy for that county in the year or years for which the exemption was claimed.

(ii) In the case of other centrally assessed property and property located in more than one (1) county, the market value of exempted property times the average urban property tax levy of the state as determined by the state tax commission in each of the years for which the exemption was claimed.

(f) All moneys collected by the state tax commission pursuant to this subsection, which amounts are continuously appropriated for this purpose, shall be deposited with the state treasurer and placed in the state refund account, as provided by section 63-3067, Idaho Code, to be remitted to the county within which the property was located that was not a qualified investment or ceased to qualify during the recapture period. The county shall distribute this remittance to all appropriate taxing districts based on the proportion each appropriate taxing district's levy is to the total of all the levies of the taxing districts for the tax code area where the prop-
property was located for each year the exemption was granted. If any taxing district is dissolved or disincorporated, the proportionate share of the remittance to be distributed to that taxing district shall be deposited in the county current expense fund.

(g) For purposes of the limitation provided by section 63-802, Idaho Code, moneys received pursuant to this subsection shall be treated as property tax revenue by taxing districts.

(5) Notwithstanding the provisions of subsections (1) and (2) of this section, the amount of the credit allowed shall not exceed fifty percent (50%) of the tax liability of the taxpayer. The tax liability of the taxpayer shall be the tax after deducting the credit allowed by section 63-3029, Idaho Code.

(6) If the sum of credit carryovers from the credit allowed by subsection (2) of this section and the amount of credit for the taxable year from the credit allowed by subsection (2) of this section exceed the limitation imposed by subsection (5) of this section for the current taxable year, the excess attributable to the current taxable year's credit shall be an investment credit carryover to the fourteen (14) succeeding taxable years. In the case of a group of corporations filing a combined report under section 63-3027, Idaho Code, or sections 63-3027B through 63-3027E, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group, subject to the provisions of subsection (5) of this section, instead of carried over. The entire amount of unused credit shall be carried forward to the earliest of the succeeding years, wherein the oldest available unused credit shall be used first, so long as the qualified investment property for which the unused credit was granted still maintains Idaho situs. For a combined group of corporations, credit carried forward may be claimed by any member of the group unless the member who earned the credit is no longer included in the combined group.

(7) Any recapture of the credit allowed by subsection (2) of this section on property disposed of or ceasing to qualify, prior to the close of the recapture period, shall be determined according to the applicable recapture provisions of the Internal Revenue Code. In the case of a unitary group of corporations, the increase in tax due to the recapture of investment tax credit must be reported by the member of the group who earned the credit regardless of which member claimed the credit against tax.

(8) For the purpose of determining whether property placed in service is a "qualified investment" as defined in subsection (3) of this section, the provisions of section 49 of the Internal Revenue Code shall be disregarded. "Qualified investment" shall not include any amount for which a deduction is allowed under section 179 of the Internal Revenue Code in computing taxable income.

(9) For purposes of this section, property has a situs in Idaho during a taxable year if it is used in Idaho at any time during the taxable year. Property not used in Idaho during a taxable year does not have a situs in Idaho in the taxable year during which the property is not used in Idaho or in any subsequent taxable year. No credit or carryover of credit is permitted under this section if the credit or carryover relates to property that does not have a situs in Idaho during the taxable year for which the credit or carryover is claimed. The Idaho situs of property must be established by records maintained by the taxpayer which are created reasonably contemporaneously with the use of the
(10) In the case of property used both in and outside Idaho, the taxpayer, electing to claim the credit provided in this section, must elect to compute the qualified investment in property with a situs in Idaho for all such investments first qualifying during that year in one (1), but only one (1), of the following ways:

(a) The amount of each qualified investment in a specific asset shall be separately computed based on the percentage of the actual use of the property in Idaho by using a measure of the use, such as total miles or total machine hours, that most accurately reflects the beneficial use during the taxable year in which it is first acquired, constructed, reconstructed, erected or placed into service; provided, that the asset is placed in service more than ninety (90) days before the end of the taxable year. In the case of assets acquired, constructed, reconstructed, erected or placed into service within ninety (90) days prior to the end of the taxable year in which the investment first qualifies, the measure of the use of that asset within Idaho for that year shall be based upon the percentage of use in Idaho during the first ninety (90) days of use of the asset;

(b) The investment in qualified property used both inside and outside Idaho during the taxable year in which it is first acquired, constructed, reconstructed, erected or placed into service shall be multiplied by the percent of the investment that would be included in the numerator of the Idaho property factor determined pursuant to section 63-3027, Idaho Code, for the same year.

(11) Only for the purposes of subsections (3)(a) and (8) of this section, references to sections of the "Internal Revenue Code" mean the sections referred to as they existed in the Internal Revenue Code of 1986 prior to November 5, 1990.

SECTION 2. That Section 63-3029E, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029E. DEFINITIONS -- CONSTRUCTION OF TERMS. As used in this section and in section 63-3029F, Idaho Code:

(1) (a) "New employee" means a person subject to Idaho income tax withholding whether or not any amounts are required to be withheld, employed by the taxpayer in a revenue-producing-enterprise--creating value-added-natural-resource-products trade or business, and covered for unemployment insurance purposes under chapter 13, title 72, Idaho Code, during the taxable year for which the credit allowed by section 63-3029F, Idaho Code, is claimed. A person shall be deemed to be so engaged if such person performs duties on:

(i) A regular full-time basis; or

(ii) A part-time basis if such person is customarily performing such duties at least twenty (20) hours per week.

No credit shall be earned unless the new employee shall have performed such duties for the taxpayer for a minimum of nine (9) months during the taxable year for which the credit is claimed.

(b) The provisions of paragraph (a) of this subsection notwithstanding, no credit shall be allowed for employment of persons by a taxpayer who acquires a revenue-producing-enterprise trade or business from another taxpayer or who operates in a place of business
the same or a substantially identical revenue-producing--value-added natural--resource--products-enterprise trade or business as operated by another taxpayer within the prior twelve (12) months, except as the prior taxpayer would have qualified under the provisions of paragraph (c) of this subsection. Employees transferred from a related taxpayer shall not be included in the computation of the credit.

(c) The number of employees during any taxable year for any taxpayer shall be the mathematical average of the number of employees reported to the Idaho department of labor for employment security purposes during the twelve (12) months of the taxable year which qualified under paragraph (a) of this subsection. In the event the business is in operation for less than the entire taxable year, the number of employees of the business for the year shall be the average number actually employed during the months of operation, providing that the qualifications of paragraph (a) of this subsection are met.

(2) "Revenue-producing enterprise" means the production, assembly, fabrication, manufacture or processing of any natural resource product.

(3) "Same or a substantially identical revenue-producing-enterprise trade or business" means a revenue-producing-enterprise trade or business in which the products produced or sold, or the activities conducted are the same in character and use and are produced, sold or conducted in the same manner as, or for the same types of customers as, the products or activities produced, sold or conducted in another revenue-producing enterprise trade or business.

SECTION 3. That Section 63-3029F, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029F. SPECIAL CREDIT AVAILABLE -- NEW EMPLOYEES. (1) Any taxpayer shall be allowed a credit, in an amount determined under subsection (2) of this section, against the tax imposed by this chapter, other than the tax imposed by section 63-3082, Idaho Code, for any taxable year during which the taxpayer's employment of new employees, as defined under section 63-3029E(1), Idaho Code, increases above the taxpayer's average employment for either: (a) the prior taxable year, or (b) the average of three (3) prior taxable years, whichever is higher. No credit shall be allowed under this section unless the number of new employees equals or exceeds one (1) person.

(2) (a) The credit authorized in subsection (1) of this section shall be:

(i) Five hundred dollars ($500) per new employee described in subsection (2)(d) of this section; or

(ii) One thousand dollars ($1,000) per new employee described in subsection (2)(c) of this section, but not both.

(b) The total credit allowed by this section shall not exceed three and one-quarter percent (3.25%) of net income from the taxpayer's corporate, proprietorship, partnership, small business corporation or limited liability company revenue-producing-enterprise trade or business in which the employment occurred. Additionally, the total amount of this and all other credits allowed under this chapter except for the credits allowed under section 63-3029, Idaho Code, shall not exceed fifty percent (50%) of the tax liability of the
taxpayer. The tax liability of the taxpayer shall be the tax after
deducting the credit allowed by section 63-3029, Idaho Code.
(c) The one thousand dollar ($1,000) credit **allowed-for-new-employees--described--in-this-paragraph** shall apply to an employee who, in
the calendar year ending during the taxable year for which the
credit is claimed, received annual earnings at an average rate of
fifteen dollars and fifty cents ($15.50) or more per hour worked and
who, during such calendar year, was eligible to receive employer
provided coverage under an accident or health plan described in sec-
tion 105 of the Internal Revenue Code.
(d) The five hundred dollar ($500) credit **allowed-for-new-employees
described--in-this-paragraph** shall apply to an employee not described
in subsection (2)(c) of this section and who is employed in a
revenue-producing enterprise as defined in section 63-3029E, Idaho
Code.

(3) If the sum of the credit carryovers from the credit allowed by
subsection (2) of this section and the amount of credit for the taxable
year from the credit allowed by subsection (2) of this section exceed
the limitation imposed by subsection (2) of this section for the current
taxable year, the excess attributable to the current taxable year's
credit shall be a credit carryover to the three (3) succeeding taxable
years. The entire amount of unused credit shall be carried forward to
the earliest of the succeeding years, wherein the oldest available
unused credit shall be used first, so long as the employment level for
which the credit was granted is still maintained.

SECTION 4. That Section 63-3029I, Idaho Code, be, and the same is
hereby amended to read as follows:

63-3029I. INCOME TAX CREDIT FOR INVESTMENT IN BROADBAND EQUIPMENT.
(1) Subject to the limitations of this section, for taxable years begin-
ing after January 1, 2001, there shall be allowed to a taxpayer a non-
refundable credit against taxes imposed by sections 63-3024, 63-3025 and
63-3025A, Idaho Code, for qualified expenditures in qualified broadband
equipment in Idaho.
(2) The credit permitted in subsection (1) of this section shall be
three percent (3%) of the qualified investment in qualified broadband
equipment in Idaho and shall be in addition to the credit for capital
investment permitted by section 63-3029B, Idaho Code.
(3) As used in this section the term:
(a) "Qualified investment" shall be as defined in section 63-3029B,
Idaho Code.
(b) "Qualified broadband equipment" means equipment that qualifies
for the credit for capital investment permitted by section 63-3029B,
Idaho Code, and is capable of transmitting signals at a rate of at
least two hundred thousand (200,000) bits per second to a subscriber
and at least one hundred twenty-five thousand (125,000) bits per
second from a subscriber, and
(i) In the case of a telecommunications carrier, such qualifi-
ing equipment shall be necessary to the provision of
broadband service and an integral part of a broadband network.
"Telecommunications carrier" has the meaning given such term by
section 3(44) of the communications act of 1934, as amended,
but does not include a commercial mobile service provider.
(ii) In the case of a commercial mobile service carrier, such qualifying equipment shall extend from the subscriber side of the mobile telecommunications switching office to a transmitting/receiving antenna, including such antenna, on the outside of the structure in which the subscriber is located. "Commercial mobile service carrier" means any person authorized to provide commercial mobile radio service to subscribers as defined in section 20.3 of title 47, Code of Federal Regulations (10-1-99 ed.), as amended.

(iii) In the case of a cable or open video system operator, such qualifying equipment shall extend from the subscriber's side of the headend to the outside of the structure in which the subscriber is located. The terms "cable operator" and "open video system operator" have the meanings given such terms by sections 602(5) and 633, respectively, of the communications act of 1934, as amended.

(iv) In the case of a satellite carrier or a wireless carrier other than listed above, such qualifying equipment is only that equipment that extends from a transmitting/receiving antenna, including such antenna, which transmits and receives signals to or from multiple subscribers to a transmitting/receiving antenna on the outside of the structure in which the subscriber is located. "Satellite carrier" means any person using the facilities of a satellite or satellite services licensed by the federal communications commission and operating a fixed-satellite service or direct broadcast satellite services to provide point-to-multipoint distribution of signals. "Other wireless carrier" means any person, other than a telecommunications carrier, commercial mobile service carrier, cable operator, open video operator, or satellite carrier, providing broadband services to subscribers through the radio transmis-

(v) In the case of packet switching equipment, such packet equipment installed in connection with other qualifying equipment listed in subsections (23)(b)(i) through (23)(b)(iv) of this section, provided it is the last in a series of equipment that transmits signals to a subscriber or the first in a series of equipment that transmits signals from a subscriber. "Packet switching" means controlling or routing the path of a digital transmission signal which is assembled into packets or cells.

(vi) In the case of multiplexing and demultiplexing equipment, such equipment only to the extent that it is deployed in connection with providing broadband services in locations between packet switching equipment and the structure in which the subscriber is located. "Multiplexing" means the transmission of two (2) or more signals over a communications circuit without regard to the communications technology.

(vii) Any property not primarily used to provide services in Idaho to public subscribers is not qualified broadband equipment.

(4) No equipment described in subsections (23)(b)(i) through (23)(b)(vi) of this section shall qualify for the credit provided in subsection (1) of this section until the taxpayer applies to and obtains from the Idaho public utilities commission an order confirming that the
installed equipment is qualified broadband equipment. Applications submitted to the commission shall be governed by the commission's rules of procedure. The commission may issue procedural orders necessary to implement this section.

(5) The credit allowed by subsection (1) of this section together with any credits carried forward under subsection (7) of this section shall not, in any one (1) taxable year, exceed the lesser of:
   (a) The amount of tax due under sections 63-3024, 63-3025 and 63-3025A, Idaho Code, after allowance for all other credits permitted by this chapter; or
   (b) Seven hundred fifty thousand dollars ($750,000).

When credits earned in more than one (1) taxable year are available, the oldest credits shall be applied first.

(6) In the case of a group of corporations filing a combined report under subsection (t) of section 63-3027, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group, subject to the provisions of subsection (7) of this section, instead of carried over. For a combined group of corporations, credit carried forward may be claimed by any member of the group unless the member who earned the credit is no longer included in the combined group.

(7) If the credit allowed by subsection (1) of this section exceeds the limitation under subsection (5) of this section, the excess amount may be carried forward for a period that does not exceed the next fourteen (14) taxable years.

(8) In the event that qualified broadband equipment upon which the credit allowed by this section has been used ceases to qualify for the credit allowed by section 63-3029B, Idaho Code, or is subject to recapture of that credit, the recapture of credit under this section shall be in the same proportion and subject to the same provisions as the amount of credit required to be recaptured under section 63-3029B, Idaho Code.

(9) (a) Subject to the requirements of this subsection, a taxpayer who earns and is entitled to the credit or to an unused portion of the credit allowed by this section may transfer all or a portion of the unused credit to:
   (i) Another taxpayer required to file a return under this chapter; or
   (ii) To an intermediary for its use or for resale to a taxpayer required to file a return under this chapter.

In the event of either such a transfer, the transferee may claim the credit on the transferee's income tax return originally filed during the calendar year in which the transfer takes place and, in the case of carryover of the credit, on the transferee's returns for the number of years of carryover available to the transferor at the time of the transfer unless earlier exhausted.

(b) Before completing a transfer under this subsection, the transferor shall notify the state tax commission of its intention to transfer the credit and the identity of the transferee. The state tax commission shall provide the transferor with a written statement of the amount of credit available under this section as then appearing in the commission's records and the number of years the credit may be carried over. The transferee shall attach a copy of the statement to any return in regard to which the transferred credit is claimed.
(c) In the event that after the transfer the state tax commission determines that the amount of credit properly available under this section is less than the amount claimed by the transferor of the credit or that the credit is subject to recapture, the commission shall assess the amount of overstated or recaptured credit as taxes due from the transferor and not the transferee. The assessment shall be made in the manner provided for a deficiency in taxes under this chapter.

(10) In addition to other needed rules, the state tax commission may promulgate rules prescribing, in the case of S corporations, partnerships, trusts or estates, a method of attributing the credit under this section to the shareholders, partners or beneficiaries in proportion to their share of the income from the S corporation, partnership, trust or estate.

SECTION 5. That Section 63-3033, Idaho Code, be, and the same is hereby amended to read as follows:

63-3033. EXTENSION OF TIME. (a) Taxpayers shall have an automatic extension of time for filing any return, declaration, statement or other document, or payment required by this chapter for a period of six (6) months if on or before the unextended due date the taxpayer has paid at least eighty percent (80%) of the total tax due on the income tax return when it is filed, or the total tax due on the income tax return for the prior year if a return was filed for the prior year.

(b) If, on the unextended due date, the payment required to meet the provisions of subsection (a) of this section, after consideration of any previous credits or payments applicable to the return, is fifty dollars ($50.00) or less, such payment shall not be required in order to qualify for the extension. However, interest shall accrue as provided in subsection (f) of this section.

(c) Taxpayers residing outside any of the United States and Puerto Rico (including persons in military or naval service) shall have an automatic extension of time within which to file income tax returns with this state for a period which shall expire on the fifteenth day of the sixth month following the close of their taxable year.

(d) Taxpayers Individuals who are military-personnel-or-residents of foreign nations and entitled to extensions for filing federal income tax returns as a result of the application of the provisions of sections 911 and 7508 of the Internal Revenue Code, shall be entitled to extensions of time for the same period for filing income tax returns with the state of Idaho subject to the requirements imposed in implementation of the indicated sections.

(e) Any taxpayer entitled to an extension under subsection (c) or (d) of this section shall attach a statement to his return claiming his right to the extension.

(f) If the amount of payment made under subsection (a) of this section is less than eighty percent (80%) of the total tax due under the provisions of this chapter and is less than the amount of the total tax due on the income tax return for the prior year, except as permitted by subsection (b) of this section, a penalty may be applied to the total of the balance due unless reasonable cause can be established. The penalty shall be:

(1) If the taxes for the taxable year are paid on or before the
extended due date, two percent (2%) per month from the original due date to the date of payment.

(2) If the taxes for the taxable year are not paid on or before the extended due date, the penalty provided in section 63-3046(c), Idaho Code, from the original due date.

(g) In all cases of an extension of time in which to file any return, interest shall be paid on any tax due from the original due date to date of payment at the rate provided in section 63-3045, Idaho Code.

SECTION 6. That Section 63-3036, Idaho Code, be, and the same is hereby amended to read as follows:

63-3036. STATE WITHHOLDING TAX FOR FARMERS. (1) Every farmer who is an employer required by the provisions of the Internal Revenue Code to withhold, collect, and pay income tax on wages paid by such employer to any employee shall at the time of the payment of wages, salaries, bonuses or other emoluments to an employee, deduct and retain therefrom an amount determined in accordance with section 63-3035, Idaho Code, and the amount so withheld and deducted shall be held by said farmer-employer in trust for the state of Idaho and for the payment thereof to the state tax commission. Provided, that no tax need be withheld from an employee whose wages, salaries, bonuses and other emoluments total less than one thousand dollars ($1,000) for the tax year.

(2) The tax so withheld by a farmer-employer subject to this section shall be paid to the state tax commission:

(a) Except as provided in paragraph (b) of this subsection, on or before the last day of February of the year following the year in which such deduction was made;

(b) In the case of an employer who is a "covered employer" paying wages for "agricultural labor," as those terms are defined in the employment security law in chapter 13, title 72, Idaho Code, on or before the date on which contributions are due from the employer to the department of labor under the employment security law, on or before the date required by subsection (b)(1) of section 63-3033, Idaho Code.

(3) The farmer-employer shall deliver to the state tax commission a return upon such form as shall be prescribed by said state tax commission showing the amounts of wages, salaries, bonuses or other emoluments paid to his employee, the amount deducted therefrom in accordance with this section, and such other pertinent and necessary information as the state tax commission may require on or before the date payments required by this section are due.

(4) The farmer-employer making such a deduction as provided for in this section shall furnish to the employee annually, but not later than thirty (30) days after the end of the calendar year, a record of the amount of the tax withheld from such employee on forms to be prescribed, prepared and furnished by the state tax commission and at the same time every employer shall file a copy thereof with the state tax commission. The provisions of subsections (d), (e), (f), (g) and (h) of section 63-3035, Idaho Code, shall be applicable to the tax withheld by the farmer-employer under this section.

SECTION 7. That Section 63-3068, Idaho Code, be, and the same is hereby amended to read as follows:
63-3068. PERIOD OF LIMITATIONS FOR ISSUING A NOTICE OF DEFICIENCY AND COLLECTION OF TAX. (a) Except as otherwise provided in this section, a notice of deficiency, as provided in section 63-3045, Idaho Code, for the tax imposed in this chapter shall be issued within three (3) years from either the due date of the return, without regard to extensions, or from the date the return was filed, whichever is later.

(b) If an assessment has been made as provided in this chapter, then such tax shall be collected either by levy, or by a proceeding brought in court, within a period of six (6) years from the date of entry of the record of assessment required by section 63-3044, Idaho Code, of the tax and provided, further, that this shall not be in derogation of any of the remedies elsewhere provided in this chapter.

(c) In the case of a fraudulent return or a false return with the intent to evade the tax imposed in this chapter, or a willful attempt in any manner to defeat or evade the tax imposed in this chapter, a notice of deficiency may be issued, the tax may be assessed, or a proceeding in court for collection of such tax may be begun without assessment, at any time.

(d) In the case of a failure to file a return, for any reason, a notice of deficiency may be issued, the tax imposed in this chapter may be assessed, or a proceeding in court for collection of such tax may be begun without assessment, at any time.

(e) In the case of income received during the lifetime of a decedent, or by his estate during the period of administration, a notice of deficiency shall be issued, a claim shall be made, the tax shall be assessed or any proceeding in court without assessment for the collection of such tax shall be begun within twelve (12) months after written request for prompt action is filed with the state tax commission by the executor, administrator, or other fiduciary representing the estate of such decedent. This subsection shall not apply if the return for which the request for prompt action relates has not been filed with the state tax commission.

(f) When Idaho taxable income or tax credits for any taxable year have been adjusted as a result of a final federal determination, the period of limitation for issuing a notice of deficiency shall be reopened and shall not expire until the later of one (1) year from the date of delivery of the final federal determination to the state tax commission by the taxpayer, three (3) years from the due date of the return, without regard to extensions, or three (3) years from the date the return was filed. For purposes of this subsection the term "final federal determination" shall mean the final resolution of all issues which were adjusted by the internal revenue service. When the final federal determination is submitted, the taxpayer shall also submit copies of all schedules and written explanations provided by the internal revenue service. Upon the expiration of the period of limitations as provided in subsections (a) and (m) of this section, only those specific items of income, deductions, gains, losses, or credits which were adjusted in the final federal determination shall be subject to adjustment for purposes of recomputing Idaho income, deductions, gains, losses, credits, and the effect of such adjustments on Idaho allocations and apportionments.

(g) If an adjustment, which was made within the period of limitations as provided in this section, affects the amount of tax credit, net operating loss, or capital loss, claimed in a taxable year other than
the tax year in which the adjustment is made, then adjustments to the credit, net operating loss, or capital loss claimed in such other tax year may be made and a resulting notice of deficiency may be issued even though such notice of deficiency would otherwise be barred under the provisions of this section.

(h) Notwithstanding any other provisions of this section, when an amended Idaho return is filed within the period of limitations as provided in subsections (a) and (m) of this section, the period of limitations for issuing a notice of deficiency shall be three (3) years from the date the amended return was filed. However, upon the expiration of the period of limitations as provided in subsections (a) and (m) of this section, only those specific items of income, deductions, gains, losses, or credits, which were adjusted in the amended Idaho return shall be subject to adjustment for purposes of recomputing Idaho income, deductions, gains, losses, credits, and the effect of such adjustments on Idaho allocations and apportionments.

(i) If a taxpayer has filed an amended federal return, and no corresponding Idaho amended return has been filed with the state tax commission, then the period of limitations for issuing a notice of deficiency shall be reopened and shall not expire until three (3) years from the date of delivery to the tax commission by the taxpayer of the amended federal return. However, upon the expiration of the period of limitations as provided in subsections (a) and (m) of this section, only those specific items of income, deductions, gains, losses, or credits, which were adjusted in the amended federal return shall be subject to adjustment for purposes of recomputing Idaho income, deductions, gains, losses, credits, and the effect of such adjustments on Idaho allocations and apportionments.

(j) Notwithstanding any other provisions of this section, a notice of deficiency, related to items on the return of any pass-through entity, as defined in this section, which other taxpayers are required by law to report, shall be issued to such other taxpayers within the later of three (3) years from the due date of the other taxpayers' return, without regard to extensions, three (3) years from the date the other taxpayers' returns were filed, or three (3) years from the date of filing of the pass-through entity's return. If the pass-through entity files an amended return, notices of deficiency may be issued to the other taxpayers within three (3) years from the date the amended return for the pass-through entity was filed with the state tax commission. If the pass-through entity files an amended return with the internal revenue service, or the internal revenue service issues a final determination to the pass-through entity, then the period of limitations for issuing a notice of deficiency to the other taxpayers shall be reopened and shall not expire until three (3) years from the date of delivery to the state tax commission by the pass-through entity of the amended federal return or the later of one (1) year from the date of delivery to the state tax commission by the pass-through entity of the final federal determination, three (3) years from the due date of the pass-through entity's return, without regard to extensions, or three (3) years from the date the pass-through entity's return was filed.

(k) For purposes of this section, "pass-through entity" means a partnership, S-corporation, trust, limited liability company or any other entity whose items of income, deductions, gains, losses and credits must be reported by other taxpayer(s). For further purposes of this
section, the term "other taxpayer" shall include, by way of unlimiting example, such taxpayers as partners, shareholders, beneficiaries, joint venturers or investors.

(1) In the case of a duplicate return filed under section 63-217(1)(b), Idaho Code, the limitation under this section shall be the later of one (1) year from the filing of the duplicate return or the date otherwise applicable under this section.

(m) Prior to the expiration of the time prescribed in this section for the issuance of a notice of deficiency for the tax imposed in this chapter, both the state tax commission, its delegate or deputy, and the taxpayer may consent in writing to extend the period of time within which a notice of deficiency may be issued. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. When a pass-through entity extends the period of limitations in accordance with this subsection, the period of limitations for the other taxpayers is automatically extended for the same period for the purpose of issuing a notice of deficiency to the other taxpayers reflecting the adjustments to the pass-through entity's return.

(n) The expiration of the period of limitations as provided in this section shall be suspended for the time period during which the state tax commission is prohibited from issuing a notice of deficiency, making the assessment, or from collecting by levy or a proceeding in court, and for thirty (30) days thereafter.

(o) For the purposes of this section, "return" includes a notice of deficiency determination issued by the state tax commission when no return was filed by the taxpayer. Such a return is deemed filed on the date the taxes determined by the state tax commission are assessed.

SECTION 8. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2005.

Approved February 22, 2005.

(1) In order to encourage private forest landowners to retain and improve their holdings of forest lands and to promote better forest management, large-size forest tracts lands subject to this option shall be appraised, assessed and taxed as real property under the provisions of this section.

(2) The inventory of timber and other forest products growing on large-size forest tracts shall not be included as a part of the total forest asset. The forest land value shall be determined by an income approach the timber productivity valuation process, as provided for in the committee on forest land taxation methodologies, User's Guide to the Timber Productivity Option's Valuation Method - 2005 (Schlosser, January 1, 2005, Moscow, Idaho), referred to in this chapter as the "user's guide," on file with the Idaho state tax commission, available on the website of the Idaho state tax commission, and which shall be made available in the office of each county assessor, which capitalizes the values of the average annual net wood production over a reasonable rotation period plus other agricultural-related income, if any, less annualized custodial expenses including, but not limited to, the establishment, protection, maintenance, improvement and management of the crop over-the-rotation-period as defined in section 63-1701, Idaho Code. Pursuant to the provisions of this section, the inventory of forest products shall not be included as part of the valuation of the forest land as provided in section 63-602W, Idaho Code. The state tax commission shall promulgate rules relating to the timber productivity valuation process, including custodial expenses, as provided for in the user's guide and the provisions of this chapter.

(3) Effective January 1, 2005, through January 1, 2006, the market value for assessment purposes shall be determined annually by the county assessor either under rules prescribed by the state tax commission or the market values contained in subsection (5) of this section, whichever
is-tess.-In-prescribing-such-rates; using the timber productivity valuation process developed by the CFTM, and as further prescribed in rule. Notwithstanding any other provision of law, the state tax commission is authorized to cite the user's guide in its rules and shall:

(a) Divide the state into appropriate forest valuation zones, with each zone designated so as to recognize the uniqueness of marketing areas, timber types, growth rates, access, operability, and other pertinent factors of that zone; and

(b) Establish a uniform system of forest land classification which considers the productive capacity of the soil to grow forest products and furnish other associated agricultural uses;

(c) Provide for the annual input to the timber productivity valuation process including the stumpage value, rotation length, mean annual increment, guiding discount rate, annualized custodial expenses, appropriate property tax rates, and real price appreciation rate of stumpage according to the user's guide. The guiding discount rate and the real price appreciation rate for timber products shall remain constant at four percent (4%) and one and one-quarter percent (1.25%) respectively, until January 1, 2012;

(d) Conduct a forest management cost study every five (5) years to determine the annualized custodial expenses to be used in the timber productivity valuation process as provided in the user’s guide. The first study shall be conducted in 2005 and evaluated by the CFTM, with the results incorporated into the user’s guide timber productivity valuation process on January 1, 2007. The forest management cost study shall be funded by the state tax commission, subject to appropriation by the legislature; and

(e) Provide for any additional data as needed.

(4) The state tax commission shall by March 1 of each year, furnish all input for the timber productivity valuation process to the county assessor, for each value zone the capitalization rate; stumpage value; agricultural-related income, if any; and expense component to be used in determining the forest value. From January 1, 1999, until January 1, 2006; the capitalization rate shall be the interest rate for the farm credit bank district serving Idaho, as set forth in the most current revenue ruling made pursuant to section 2032A(e)(7)(A) of the Internal Revenue Code, and 26 CFR 20.2032A-4(e), plus eighty-five one hundredths percent (+.85%), plus a component for the local tax rate.

(5) Stumpage values shall be based upon the preceding five (5) year rolling average value of timber harvested within the forest value zone from state timber sales and/or the best available data for the same five (5) year period. Average agricultural-related income and the average expense component for each forest value zone shall be determined for the same time period as the period used to determine average stumpage values.

(5) The following are the alternative market values for assessment purposes for the period January 1, 2000, until January 1, 2006. The rates prescribed by the state tax commission in effect on January 1, 2000, are applicable to these alternative market values.
(6) Forest lands upon which, at any time after January 1, 1982, the trees are destroyed by fire, disease, insect infestation or other natural disaster such that the lands affected will not meet minimum stocking requirements under rules adopted pursuant to chapter 13, title 38, Idaho Code, shall be eligible for a reduction in value for the first ten (10) property tax years following the loss. The amount of reduction shall be determined by dividing the average age of the trees destroyed by the rotation age for the specific forest value-zone in which the property is located productivity class appropriate for the affected acres. In no instance shall the annual reduction exceed eighty percent (80%) of the original forest value per year. In order to obtain a reduction, the landowner shall, on or before January 1, following the destruction, make written application to the assessor indicating the legal description of the lands in question and stating all pertinent facts. The assessor may investigate the facts and may request assistance from the state tax commission in performing such investigations. The committee shall prepare and deliver written reports to the house of representatives revenue and taxation and senate local government and taxation committees of its findings and recommendations for legislation by no later than January 15, 2005 as the need may arise. The CFTM may meet periodically as determined by its chairman or the CFTM.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 5-247, Idaho Code, as added by Section 1, Chapter 150, Laws of 2000, be, and the same is hereby amended to read as follows:

5-2478. VICTIMS OF CRIMES. (1) For the purpose of any civil action or proceeding brought by a victim of a crime against an offender who committed the crime, for any losses incurred by the victim, which loss was proximately caused by the crime, the limitation periods prescribed by this chapter shall be tolled until one (1) year after the offender has been released from any sentence of incarceration served for that crime and in full satisfaction of the sentence imposed.

(2) For purposes of this section "full satisfaction of the sentence
imposed" means the full-term release date from incarceration for the crime committed against the victim or the full-term release date from incarceration for any other crime for which the offender is serving time concurrently with, or consecutively to, time served for the crime against the victim, whichever is later.

SECTION 2. That the Heading for Chapter 13, Title 6, Idaho Code, as added by Section 1, Chapter 225, Laws of 1980, be, and the same is hereby amended to read as follows:

CHAPTER 134
PRODUCT LIABILITY

SECTION 3. That Section 6-1301, Idaho Code, as added by Section 1, Chapter 225, Laws of 1980, be, and the same is hereby amended to read as follows:

6-1301. SCOPE. The previous existing applicable law of this state on product liability is modified only to the extent set forth in this act.

SECTION 4. That Section 6-1302, Idaho Code, as added by Section 1, Chapter 225, Laws of 1980, be, and the same is hereby amended to read as follows:

6-1302. DEFINITIONS. (1) "Product seller" means any person or entity that is engaged in the business of selling products, whether the sale is for resale, or for use or consumption. The term includes a manufacturer, wholesaler, distributor, or retailer of the relevant product. The term also includes a party who is in the business of leasing or bailing such products. The term "product seller" does not include:
(a) A provider of professional services who utilizes or sells products within the legally authorized scope of its professional practice. A nonprofessional provider of services is not included unless the sale or use of a product is the principal part of the transaction, and the essence of the relationship between the seller and purchaser is not the furnishing of judgment, skill, or services;
(b) A commercial seller of used products who resells a product after use by a consumer or other product user, provided the used product is in essentially the same condition as when it was acquired for resale; and
(c) A finance lessor who is not otherwise a product seller. A "finance lessor" is one who acts in a financial capacity, who is not a manufacturer, wholesaler, distributor, or retailer, and who leases a product without having a reasonable opportunity to inspect and discover defects in the product, under a lease arrangement in which the selection, possession, maintenance, and operation of the product are controlled by a person other than the lessor.
(2) "Manufacturer" includes a product seller who designs, produces, makes, fabricates, constructs, or remanufactures the relevant product or component part of a product before its sale to a user or consumer. It includes a product seller or entity not otherwise a manufacturer that holds itself out as a manufacturer. A product seller acting primarily as a wholesaler, distributor, or retailer of a product may be a
"manufacturer" but only to the extent that it designs, produces, makes, fabricates, constructs, or remanufactures the product before its sale.

(3) "Product" means any object possessing intrinsic value, capable of delivery either as an assembled whole or as a component part or parts, and produced for introduction into trade or commerce. Human tissue and organs, including human blood and its components, are excluded from this term. The "relevant product" under this chapter is that product, or its component part or parts, which gave rise to the product liability claim.

(4) "Claimant" means a person or entity asserting a product liability claim, including a wrongful death action, and, if the claim is asserted through or on behalf of an estate, the term includes claimant's decedent. "Claimant" includes any person or entity that suffers harm.

(5) "Reasonably anticipated conduct" means the conduct which would be expected of an ordinary reasonably prudent person who is likely to use the product in the same or similar circumstances.

SECTION 5. That Section 6-1303, Idaho Code, as added by Section 1, Chapter 225, Laws of 1980, be, and the same is hereby amended to read as follows:

6-1303. LENGTH OF TIME PRODUCT SELLERS ARE SUBJECT TO LIABILITY. (1) Useful safe life.

(a) Except as provided in subsection (1)(b) hereof, a product seller shall not be subject to liability to a claimant for harm under this chapter if the product seller proves by a preponderance of the evidence that the harm was caused after the product's "useful safe life" had expired.

"Useful safe life" begins at the time of delivery of the product and extends for the time during which the product would normally be likely to perform or be stored in a safe manner. For the purposes of this chapter, "time of delivery" means the time of delivery of a product to its first purchaser or lessee who was not engaged in the business of either selling such products or using them as component parts of another product to be sold.

(b) A product seller may be subject to liability for harm caused by a product used beyond its useful safe life to the extent that the product seller has expressly warranted the product for a longer period.

(2) Statute of repose.

(a) Generally. In claims that involve harm caused more than ten (10) years after time of delivery, a presumption arises that the harm was caused after the useful safe life had expired. This presumption may only be rebutted by clear and convincing evidence.

(b) Limitations on statute of repose.

1. If a product seller expressly warrants that its product can be utilized safely for a period longer than ten (10) years, the period of repose, after which the presumption created in subsection (2)(a) hereof arises, shall be extended according to that warranty or promise.

2. The ten (10) year period of repose established in subsection (2)(a) hereof does not apply if the product seller intentionally misrepresents facts about its product, or fraudulently conceals information about it, and that conduct was a substan-
tial cause of the claimant's harm.
3. Nothing contained in subsection (2) of this section shall affect the right of any person found liable under this chapter to seek and obtain contribution or indemnity from any other person who is responsible for harm under this chapter.
4. The ten (10) year period of repose established in subsection (2) of this section shall not apply if the harm was caused by prolonged exposure to a defective product, or if the injury-causing aspect of the product that existed at the time of delivery was not discoverable by an ordinary reasonably prudent person until more than ten (10) years after the time of delivery, or if the harm, caused within ten (10) years after the time of delivery, did not manifest itself until after that time.

(3) Statute of limitation. No claim under this chapter may be brought more than two (2) years from the time the cause of action accrued as defined in section 5-219, Idaho Code.

SECTION 6. That Section 6-1304, Idaho Code, as added by Section 1, Chapter 225, Laws of 1980, be, and the same is hereby amended to read as follows:

6-1304. COMPARATIVE RESPONSIBILITY. Comparative responsibility shall not bar recovery in an action by any person or his legal representative to recover damages for product liability resulting in death or injury to person or property, if such responsibility was not as great as the responsibility of the person against whom recovery is sought, but any damages allowed shall be diminished in the proportion to the amount of responsibility attributable to the person recovering.

SECTION 7. That Section 6-1305, Idaho Code, as added by Section 1, Chapter 225, Laws of 1980, be, and the same is hereby amended to read as follows:

6-1305. CONDUCT AFFECTING COMPARATIVE RESPONSIBILITY. (1) Failure to discover a defective condition.
(a) Claimant's failure to inspect. A claimant is not required to have inspected the product for a defective condition. Failure to have done so does not render the claimant responsible for the harm caused or reduce the claimant's damages.
(b) Claimant's failure to observe an obvious defective condition. When the product seller proves by a preponderance of the evidence that the claimant, while using the product, was injured by a defective condition that would have been obvious to an ordinary reasonably prudent person, the claimant's damages shall be subject to reduction.
(c) A nonclaimant's failure to inspect for defects or to observe an obvious defective condition. A nonclaimant's failure to inspect for a defective condition or to observe a defective condition that would have been obvious to an ordinary reasonably prudent person, shall not reduce claimant's damages.
(2) Use of a product with a known defective condition.
(a) By a claimant. When the product seller proves, by a preponderance of the evidence, that the claimant knew about the product's
defective condition, and voluntarily used the product or voluntarily assumed the risk of harm from the product, the claimant's damages shall be subject to reduction to the extent that the claimant did not act as an ordinary reasonably prudent person under the circumstances.

(b) By a nonclaimant product user. If the product seller proves by a preponderance of the evidence that a product user, other than the claimant, knew about a product's defective condition, but voluntarily and unreasonably used or stored the product and thereby proximately caused claimant's harm, the claimant's damages shall be subject to apportionment.

(3) Misuse of a product.

(a) "Misuse" occurs when the product user does not act in a manner that would be expected of an ordinary reasonably prudent person who is likely to use the product in the same or similar circumstances.

(b) When the product seller proves, by a preponderance of the evidence, that product misuse by a claimant, or by a party other than the claimant or the product seller has proximately caused the claimant's harm, the claimant's damages shall be subject to reduction or apportionment to the extent that the misuse was a proximate cause of the harm.

(4) Alteration or modification of a product.

(a) "Alteration or modification" occurs when a person or entity other than the product seller changes the design, construction, or formula of the product, or changes or removes warnings or instructions that accompanied or were displayed on the product. "Alteration or modification" of a product includes the failure to observe routine care and maintenance, but does not include ordinary wear and tear.

(b) When the product seller proves, by a preponderance of the evidence, that an alteration or modification of the product by the claimant, or by a party other than the claimant or the product seller has proximately caused the claimant's harm, the claimant's damages shall be subject to reduction or apportionment to the extent that the alteration or modification was a proximate cause of the harm.

This subsection shall not be applicable if:

1. The alteration or modification was in accord with the product seller's instructions or specifications;
2. The alteration or modification was made with the express or implied consent of the product seller; or
3. The alteration or modification was reasonably anticipated conduct, and the product was defective because of the product seller's failure to provide adequate warnings or instructions with respect to the alteration or modification.

SECTION 8. That Section 6-1306, Idaho Code, as added by Section 1, Chapter 225, Laws of 1980, be, and the same is hereby amended to read as follows:

6-1306. RELEVANCE OF INDUSTRY CUSTOM, SAFETY OR PERFORMANCE STANDARDS, AND TECHNOLOGICAL FEASIBILITY. (1) Evidence of changes in (a) a product's design, (b) warnings or instructions concerning the product, (c) technological feasibility, (d) "state of the art," or (e) the custom
of the product seller's industry or business, occurring after the prod-
uct was manufactured and delivered to its first purchaser or lessee who
was not engaged in the business of either selling such products or using
them as component parts of another product to be sold, is not admissible
for the purpose of proving that the product was defective in design or
that a warning or instruction should have accompanied the product at the
time of manufacture. The provisions of this section shall not relieve
the product seller of any duty to warn of known defects discovered after
the product was designed and manufactured.

(2) If the court finds outside the presence of a jury that the pro-
bative value of such evidence substantially outweighs its prejudicial
effect and that there is no other proof available, this evidence may be
admitted for other relevant purposes, including but not limited to prov-
ing ownership or control, or impeachment.

(3) For purposes of this section, "custom" refers to the practices
followed by an ordinary product seller in the product seller's industry
or business.

(4) For purposes of this section, "technological feasibility" means
the technological, mechanical and scientific knowledge relating to prod-
duct safety that was reasonably feasible for use, in light of economic
practicality, at the time of manufacture.

SECTION 9. That Section 6-1307, Idaho Code, as added by Section 1,
Chapter 225, Laws of 1980, be, and the same is hereby amended to read as
follows:

6-1307. INDIVIDUAL RIGHTS AND RESPONSIBILITIES OF PRODUCT
SELLERS OTHER THAN MANUFACTURERS. (1) In the absence of express warran-
ties to the contrary, product sellers other than manufacturers shall not
be subject to liability in circumstances where they do not have a rea-
sonable opportunity to inspect the product in a manner which would or
should, in the exercise of reasonable care, reveal the existence of the
defective condition which is in issue; or where the product seller
acquires the product in a sealed package or container and sells the
product in the same sealed package or container. The liability limita-
tion of this subsection shall not apply if:

(a) The product seller had knowledge or reason to know of the
defect in the product;
(b) The product seller altered, modified, or installed the product,
and such alteration, modification or installation was a substantial
proximate cause of the incident giving rise to the action, was not
authorized or requested by the manufacturer and was not performed in
compliance with the directions or specifications of the manufac-
turer;
(c) The product seller provided the plans or specifications for the
manufacturer manufacture or preparation of the product and such
plans or specifications were a substantial cause of the product's
alleged defect.
(d) The product seller is a wholly-owned subsidiary of the manufac-
turer, or the manufacturer is a wholly-owned subsidiary of the prod-
uct seller.
(e) The product seller sold the product after the expiration date
placed on the product or its package by the manufacturer.
(2) In an action where the liability limitation of subsection (1)
applies, any manufacturer who refuses to accept a tender of defense from the product seller, shall indemnify the product seller for reasonable attorney's fees and costs incurred by the product seller in defending such action.

(3) In any product liability action, the manufacturer of the product shall be indemnified by the product seller of the product for any judgment rendered against the manufacturer and shall also be reimbursed for reasonable attorney's fees and costs incurred in defending such action:

(a) If the product seller provided the plans or specifications for the manufacture or preparation of the product;
(b) If such plans or specifications were a substantial cause of the product's alleged defect; and
(c) If the product was manufactured in compliance with and according to the plans or specifications of the seller.

The provisions of this subsection shall not apply if the manufacturer had knowledge or with the exercise of reasonable and diligent care should have had knowledge of the defect in the product.

(4) A product seller, other than a manufacturer, is also subject to the liability of manufacturer if:

(a) The manufacturer is not subject to service of process under the laws of the claimant's domicile; or
(b) The manufacturer has been judicially declared insolvent in that the manufacturer is unable to pay its debts as they become due in the ordinary course of business; or
(c) The court outside the presence of a jury determines that it is highly probable that the claimant would be unable to enforce a judgment against the product manufacturer.

SECTION 10. That Section 6-1308, Idaho Code, as added by Section 1, Chapter 225, Laws of 1980, be, and the same is hereby amended to read as follows:

6-13081408. CONTENTS OF COMPLAINT -- AMOUNT OF RECOVERY. In any product liability action no dollar amount or figure shall be included in the complaint. The complaint shall pray for such damages as are reasonable in the premises. The complaint shall include a statement reciting that the jurisdictional amount established for filing the action is satisfied.

SECTION 11. That Section 6-1309, Idaho Code, as added by Section 1, Chapter 225, Laws of 1980, be, and the same is hereby amended to read as follows:

6-13091409. SHORT TITLE. This act shall be known and may be cited as the "Idaho Product Liability Reform Act."

SECTION 12. That Section 9-340D, Idaho Code, be, and the same is hereby amended to read as follows:

(1) Trade secrets including those contained in response to public
agency or independent public body corporate and politic requests for proposal, requests for clarification, requests for information and similar requests. "Trade secrets" as used in this section means information, including a formula, pattern, compilation, program, computer program, device, method, technique, process, or unpublished or in progress research that:

(a) Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; and

(b) Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

(2) Production records, housing production, rental and financing records, sale or purchase records, catch records, mortgage portfolio loan documents, or similar business records of a private concern or enterprise required by law to be submitted to or inspected by a public agency or submitted to or otherwise obtained by an independent public body corporate and politic. represent a threat to that particular seed or commercial crop industry or to individual growers, information as to test results, location, acreage involved and disease symptoms of that particular seed crop, for that growing season, shall be available for public inspection and copying. This exemption shall not supersede the provisions of section 22-436, Idaho Code.

(10) Information obtained from books, records and accounts required in chapter 47, title 22, Idaho Code, to be maintained by the Idaho canola and rapeseed commission and pertaining to the individual production records of canola or rapeseed growers.

At the time any claim is concluded, only statistical data and actual amounts paid in settlement shall be deemed a public record unless otherwise ordered to be sealed by a court of competent jurisdiction. Provided however, nothing in this subsection is intended to limit the attorney client privilege or attorney work product privilege otherwise available to any public agency or independent public body corporate and politic.

If no such request is made, the trial judge shall certify of record that there are no facts that have come to the court's attention upon which such a claim could reasonably be based or, alternatively, the court may appoint new counsel. As a consequence, displaced homemakers have an insufficient income; high rate of unemployment due to age, lack of paid work experience and discrimination; and limited opportunities to collect funds of assistance from social security, unemployment compensation, medicaid or other health insurance benefits, or pension plans of the spouse. This chapter seeks to coordinate efforts by state and local public agencies in cooperation with private agencies and organizations to assist displaced homemakers to continue as productive citizens, even though their role has necessarily changed.

(c) The administrator is authorized to enter into contracts with and make grants to the organizations selected for the purpose of establishing and administering centers under this chapter.

(e) To the greatest extent possible, the staff of the service centers established under this chapter, including supervisory, technical and administrative positions, shall be filled by displaced homemakers. Where necessary, potential staff members shall be provided with on-the-job training.

The administrator shall report annually to the education committees of the house of representatives and the senate of the legislature on the status of the displaced homemaker program. The report shall be filed not later than the fifteenth legislative day and in addition to compilations of the information received from each center, may include recommendations of the administrator relating to the program.

(b) Immediately notify a peace officer or other person appointed by the court of the abandonment.

(3) The safe haven shall not inquire as to the identity of the custodial parent and, if the identity of a parent is known to the safe haven, the safe haven shall keep all information as to the identity confidential. the department of health and welfare. Provided however, where the child
requires further medical evaluation, care or treatment, the child shall
be left in the care of a hospital and the peace officer or other person
appointed by the court shall notify the court and prosecutor of the
action taken and the location of the child so that a shelter care hear­
ing may be held.

(2) The department of health and welfare shall place an abandoned
child with a potential adoptive parent as soon as possible.

(3) A peace officer or other person appointed by the court who
takes a child into custody under this section, shall not be held liable

SECTION 72. That Section 39-8105, Idaho Code, as added by Section

prior to the time set for shelter care hearing.

(2) A child protective investigation or criminal investigation

SECTION 73. That Section 39-8106, Idaho Code, as added by Section 1, Chapter 357, Laws of 2001, be, and the same is hereby amended to read as follows:

39-8106. CLAIM OF PARENTAL RIGHTS -- PROCEDURE. (1) A parent of the child may make a claim of parental rights of an abandoned child, abandoned pursuant to the provisions of this chapter, by filing a notice of claim of parental rights with the vital statistics unit of the department of health and welfare. The vital statistics unit of the department of health and welfare shall maintain an abandoned child registry for this purpose which shall be subject to disclosure according to chapter 3, title 9, Idaho Code. The department shall provide forms for the purpose of filing a claim of parental rights, and the forms shall be made available through the vital statistics unit of the Idaho department of health and welfare and in the office of the county clerk in every county of this state. Any parent claiming a parental right of an abandoned child, abandoned pursuant to the provisions of this chapter, shall file the form with the vital statistics unit of the department of health and welfare. The form must be filled out completely and provide the name and address for service of the person asserting the parental claim and set forth the approximate date the child was left in a safe haven. The form must be signed by the person claiming the parental right and be witnessed before a notary public. The department shall record the date and time the claim of parental rights is filed with the department. The claim shall be deemed to be duly filed with the department as of the date and time recorded on the claim by the department. To be valid, a claim of parental rights must be filed before an order terminating parental rights is entered by the court. A parent that fails to file a claim of parental rights prior to entry of an order terminating their parental rights is deemed to have abandoned the child and waived and surrendered any right in relation to the child, including the right to notice of any judicial proceeding in connection with the termination of parental rights or adoption of the child. Registration of notice of commencement of paternity proceedings pursuant to chapter 15, title 16, Idaho Code, shall not satisfy the requirements of this section.

(2) Prior to the time set for hearing on the petition to terminate parental rights filed by the department of health and welfare, and prior to entry of an order terminating parental rights by the court, the department of health and welfare shall obtain and file with the court a certificate from the vital statistics unit of the department of health and welfare, signed by the state registrar of vital statistics, which certificate shall state that a diligent search has been made of the registry of claims of parental rights of abandoned children, abandoned pursuant to this chapter, and shall set forth the results of that search.

(3) If a claim of parental rights is made before an order terminating parental rights is entered by the court, notice pursuant to section 16-2007, Idaho Code, will be required and the court shall hold the
action for involuntary termination of parental rights in abeyance for a period of time not to exceed sixty (60) days unless otherwise ordered by the court. During that period:

(a) The court shall order genetic testing to establish maternity or paternity, at the expense of the person or persons claiming the parental right.
(b) The department of health and welfare shall conduct an investigation pursuant to section 16-2008, Idaho Code, and in those cases where a guardian ad litem has been appointed, the guardian ad litem shall have all rights, powers and duties as provided for in chapter 16, title 16, Idaho Code, and as provided for in chapter 20, title 16, Idaho Code.
(c) When indicated as a result of the investigation, a shelter care hearing shall be conducted by the court in accordance with section 16-1614, Idaho Code, within forty-eight (48) hours, or at an earlier time if ordered by the court, to determine whether the child should remain in the physical custody of the department or be released to a parent or other third party.
(d) Further proceedings shall be conducted as the court determines appropriate. However, where a claim of parental rights is made before an order terminating parental rights is entered by the court, a parent shall not be found to have neglected or abandoned a child placed in accordance with this chapter solely because the child was left with a safe haven.
(4) If there is no showing that a parent has claimed a parental right to the child, the department of health and welfare shall file with the court a certificate from the vital statistics unit of the department of health and welfare, signed by the state registrar of vital statistics, stating that a diligent search has been made of the registry of parental claims for children abandoned pursuant to the provisions of this chapter and that no parental claim has been made. The certificate shall be filed with the court prior to the entrance of the final order of termination of parental rights.

SECTION 74. That Section 39-8107, Idaho Code, as added by Section 1, Chapter 357, Laws of 2001, be, and the same is hereby amended to read as follows:

39-8107. REPORT TO LEGISLATURE. The department of health and welfare shall evaluate the program and shall submit a written report on the program, including recommendations for revisions and improvements, to the senate health and welfare committee and the house of representatives health and welfare committee of the legislature of the state of Idaho no later than two (2) years after the effective date of this act.

SECTION 75. That Section 16-1513, Idaho Code, be, and the same is hereby amended to read as follows:

16-1513. REGISTRATION OF NOTICE OF COMMENCEMENT OF PATERNITY PROCEEDINGS. (1) A person who is the father or claims to be the father of a child born out of wedlock may claim rights pertaining to his paternity of the child by commencing proceedings to establish paternity under section 7-1111, Idaho Code, and by filing with the vital statistics unit of the department of health and welfare notice of his commencement of pro-
ceedings to establish his paternity of the child born out of wedlock. The vital statistics unit of the department of health and welfare shall provide forms for the purpose of filing the notice of commencement of paternity proceedings, and the forms shall be made available through the vital statistics unit of the Idaho department of health and welfare and in the office of the county clerk in every county of this state. The forms shall include a written notification that filing pursuant to this section shall not satisfy the requirements of chapter 842, title 39, Idaho Code, and the notification shall also include the following statements:

(a) A parent may make a claim of parental rights of an abandoned child, abandoned pursuant to the provisions of chapter 842, title 39, Idaho Code, as provided by section 39-8468206, Idaho Code, by filing a notice of claim of parental rights with the vital statistics unit of the department of health and welfare on a form as prescribed and provided by the vital statistics unit of the department of health and welfare;

(b) The vital statistics unit of the department of health and welfare shall maintain a separate registry for claims to abandoned children, abandoned pursuant to the provisions of chapter 842, title 39, Idaho Code;

(c) The department shall provide forms for the purpose of filing a claim of parental rights of an abandoned child, abandoned pursuant to the provisions of chapter 842, title 39, Idaho Code, and the forms shall be made available through the vital statistics unit of the Idaho department of health and welfare and in the office of the county clerk in every county of this state;

(d) To be valid, a claim of parental rights of an abandoned child, abandoned pursuant to the provisions of chapter 842, title 39, Idaho Code, must be filed before an order terminating parental rights is entered by the court. A parent that fails to file a claim of parental rights prior to entry of an order terminating their parental rights is deemed to have abandoned the child and waived and surrendered any right in relation to the child, including the right to notice of any judicial proceeding in connection with the termination of parental rights or adoption of the child.

(e) Registration of notice of commencement of paternity proceedings pursuant to chapter 15, title 16, Idaho Code, shall not satisfy the requirements of chapter 842, title 39, Idaho Code. To register a parental claim to an abandoned child, abandoned pursuant to the provisions of chapter 842, title 39, Idaho Code, an individual must file an abandoned child registry claim with the vital statistics unit of the department of health and welfare and comply with all other provisions of chapter 842, title 39, Idaho Code, in the time and manner prescribed, in order to preserve parental rights to the child.

When filing a notice of the commencement of paternity proceedings, a person who claims to be the father of a child born out of wedlock, shall file with the vital statistics unit of the department of health and welfare, the completed form prescribed by the vital statistics unit of the department of health and welfare. Said form will be filled out completely, signed by the person claiming paternity, and witnessed before a notary public.

(2) The notice of the commencement of paternity proceedings may be
filed prior to the birth of the child, but must be filed prior to the placement for adoption of the child in the home of prospective parents or prior to the date of commencement of any proceeding to terminate the parental rights of the birth mother, whichever event occurs first. The notice of the commencement of paternity proceedings shall be signed by the person filing the notice and shall include his name and address, the name and last address of the mother, and either the birth date of the child or the probable month and year of the expected birth of the child. The vital statistics unit of the department of health and welfare shall maintain a registry for this purpose which shall be subject to disclosure according to chapter 3, title 9, Idaho Code. The department shall record the date and time the notice of the commencement of proceedings is filed with the department. The notice shall be deemed to be duly filed with the department as of the date and time recorded on the notice by the department.

(3) If the unmarried biological father does not know the county in which the birth mother resides, he may initiate his action in any county, subject to a change in venue.

(4) Any father of a child born out of wedlock who fails to file and register his notice of the commencement of paternity proceedings prior to the placement for adoption of the child in the home of prospective parents or prior to the date of commencement of any proceeding to terminate the parental rights of the birth mother, whichever event occurs first, is deemed to have waived and surrendered any right in relation to the child and shall be barred from thereafter bringing or maintaining any action to establish his paternity of the child. Failure of such filing or registration shall constitute an abandonment of said child. The filing and registration of a notice of the commencement of paternity proceedings by a putative father shall constitute prima facie evidence of the fact of his paternity in any contested proceeding under chapter 11, title 7, Idaho Code. The filing of a notice of the commencement of paternity proceedings shall not be a bar to an action for termination of his parental rights under chapter 20, title 16, Idaho Code.

(5) In any adoption proceeding pertaining to a child born out of wedlock, if there is no showing that the putative father has consented to the adoption, a certificate shall be obtained from the vital statistics unit of the department of health and welfare, signed by the state registrar of vital statistics, which certificate shall state that a diligent search has been made of the registry of notices from putative fathers, and that no filing has been found pertaining to the father of the child in question, or if a filing is found, stating the name of the putative father and the time and date of filing. That certificate shall be filed with the court prior to entry of a final decree of adoption.

(6) Identities of putative fathers can only be released pursuant to procedures contained in chapter 3, title 9, Idaho Code.

(7) To cover the cost of implementing and maintaining said registry, the vital statistics unit of the department of health and welfare shall charge a filing fee of ten dollars ($10.00) at the time the putative father files his notice of his commencement of proceedings. It is the intent of the legislature that the fee shall cover all direct and indirect costs incurred pursuant to this section. The board of health and welfare shall annually review the fees and expenses incurred pursuant to administering the provisions of this section.

(8) Consistent with its authority denoted in the vital statistics
act, section 39-242(c), Idaho Code, the board of health and welfare shall adopt, amend and repeal rules for the purpose of carrying out the provisions of this section.

SECTION 76. That Section 16-1612, Idaho Code, be, and the same is hereby amended to read as follows:

16-1612. EMERGENCY REMOVAL.
(a) (1) A child may be taken into shelter care by a peace officer or other person appointed by the court without an order issued pursuant to subsection (d) of section 16-1606 or section 16-1608, Idaho Code, only where the child is endangered in his surroundings and prompt removal is necessary to prevent serious physical or mental injury to the child or where the child is an abandoned child pursuant to the provisions of chapter 842, title 39, Idaho Code.
(2) An alleged offender may be removed from the home of the victim of abuse or neglect by a peace officer or other person appointed by the court without an order, issued pursuant to subsection (e) of section 16-1606, Idaho Code, only where the child is endangered and prompt removal of an alleged offender is necessary to prevent serious physical or mental injury to the child.
(b) When a child is taken into shelter care under subsection (a) of this section, he may be held for a maximum of forty-eight (48) hours, excluding Saturdays, Sundays and holidays, unless a shelter care hearing has been held pursuant to section 16-1614, Idaho Code, and the court orders an adjudicatory hearing.
(c) When an alleged offender is removed from the home under subsection (a) (2) of this section, a motion based on a sworn affidavit by the department must be filed simultaneously with the petition and the court shall determine at a shelter care hearing, held within a maximum of twenty-four (24) hours, excluding Saturdays, Sundays and holidays, whether the relief sought shall be granted, pending an adjudicatory hearing. Notice of such hearing shall be served upon the alleged offender at the time of removal or other protective relief.

SECTION 77. That Section 16-1613, Idaho Code, be, and the same is hereby amended to read as follows:

16-1613. EMERGENCY REMOVAL -- NOTICE. (a) A peace officer or other person appointed by the court who takes a child into shelter care under section 16-1612, Idaho Code, shall immediately:
(1) Take the child to a place of shelter, and
(2) Notify the court of the action taken and the place to which the child was taken, and,
(3) With the exception of a child abandoned pursuant to the provisions of chapter 842, title 39, Idaho Code, notify each of the parents, guardian or other legal custodian that the child has been taken into shelter care, the type and nature of shelter care, and that the child may be held for a maximum of forty-eight (48) hours, excluding Saturdays, Sundays and holidays, within which time there must be a shelter care hearing.
(b) A peace officer or other person appointed by the court who takes a child into shelter care under section 16-1612, Idaho Code, shall not be held liable either criminally or civilly unless the action of
taking the child was exercised in bad faith and/or the requirements of subsection (a) of this section are not complied with.

SECTION 78. That Section 16-1623, Idaho Code, be, and the same is hereby amended to read as follows:

16-1623. POWERS AND DUTIES OF THE DEPARTMENT. The department, working in conjunction with the court and other public and private agencies and persons, shall have the primary responsibility to implement the purpose of this chapter. To this end, the department is empowered and shall have the duty to do all things reasonably necessary to carry out the purpose of this chapter, including, but not limited to, the following:

(a) The department shall administer treatment programs for the protection and care of neglected, abused and abandoned children, and in so doing may place in foster care, shelter care, or other diagnostic, treatment, or care centers or facilities, children of whom it has been given custody. The department is to be governed by the standards found in chapter 12, title 39, Idaho Code.

(b) On December 1, the department shall make an annual statistical report to the governor covering the preceding fiscal year showing the number and status of persons in its custody and including such other data as will provide sufficient facts for sound planning in the conservation of children and youth. All officials and employees of the state and of every county and city shall furnish the department upon request, such information within their knowledge and control as the department deems necessary. Local agencies shall report in such uniform format as may be required by the department.

(c) The department shall be required to maintain a central registry for the reporting of child neglect, abuse and abandonment information. Provided however, that the department shall not retain any information for this purpose relating to a child, or parent of a child, abandoned pursuant to chapter 812, title 39, Idaho Code.

(d) The department shall make periodic evaluation of all persons in its custody or under its supervision for the purpose of determining whether existing orders and dispositions in individual cases shall be modified or continued in force. Evaluations may be made as frequently as the department considers desirable and shall be made with respect to every person at intervals not exceeding six (6) months. Reports of evaluation made pursuant to this section shall be filed with the court which vested custody of the person with the department. Reports of evaluation shall be provided to persons having full or partial legal or physical custody of a child. Failure of the department to evaluate a person or to reevaluate him within six (6) months of a previous examination shall not of itself entitle the person to a change in disposition but shall entitle him, his parent, guardian or custodian or his counsel to petition the court pursuant to section 16-1611, Idaho Code.

(e) In a consultive capacity, the department shall assist communities in the development of constructive programs for the protection, prevention and care of children and youth.

(f) The department shall keep written records of investigations, evaluations, prognoses and all orders concerning disposition or treatment of every person over whom it has legal custody. Department records shall be subject to disclosure according to chapter 3, title 9, Idaho Code, unless otherwise ordered by the court, the person consents to the
disclosure, or disclosure is necessary for the delivery of services to the person. Notwithstanding the provisions restricting disclosure or the exemptions from disclosure provided in chapter 3, title 9, Idaho Code, all records pertaining to investigations, the rehabilitation of youth, the protection of children, evaluation, treatment and/or disposition records pertaining to the statutory responsibilities of the department shall be disclosed to any duly elected state official carrying out his official functions.

(g) The department shall establish appropriate administrative procedures for the processing of complaints of child neglect, abuse and abandonment received and for the implementation of the protection, treatment and care of children formally or informally placed in the custody of the department under this chapter.

(h) The department having been granted legal custody of a child, subject to the judicial review provisions of this subsection, shall have the right to determine where and with whom the child shall live, provided that the child shall not be placed outside the state without the court's consent. Provided however, that the court shall retain jurisdiction over the child, which jurisdiction shall be entered on any order or petition granting legal custody to the department, and the court shall have jurisdiction over all matters relating to the child. The department shall not place the child in the home from which the court ordered the child removed without first obtaining the approval of the court.

(i) The department shall give to the court any information concerning the child that the court may at any time require, but in any event shall report the progress of the child under its custody at intervals of not to exceed six (6) months. The department shall file with the court at least five (5) days prior to the permanency hearing under section 16-1611, Idaho Code, the permanency plan and recommendations of the department. There shall be a rebuttable presumption that if a child is placed in the custody of the department and was also placed in out of the home care for a period not less than fifteen (15) out of the last twenty-two (22) months from the date the child entered shelter care, the department shall initiate a petition for termination of parental rights. This presumption may be rebutted by a finding of the court that the filing of a petition for termination of parental rights would not be in the best interests of the child or reasonable efforts have not been provided to reunite the child with his family, or the child is placed permanently with a relative.

(j) The department shall establish appropriate administrative procedures for the conduct of administrative reviews and hearings as required by federal statute for all children committed to the department and placed in out of the home care.

(k) At any time the department is considering a placement pursuant to this act, the department shall make a reasonable effort to place the child in the least disruptive environment to the child and in so doing may consider, without limitation, placement of the child with related persons.

SECTION 79. That Section 16-1632, Idaho Code, be, and the same is hereby amended to read as follows:

16-1632. GUARDIAN AD LITEM -- RIGHTS AND POWERS. The guardian ad litem will have the following rights and powers, which shall continue
until resignation of the guardian ad litem or until the court removes the guardian ad litem or no longer has jurisdiction, whichever first occurs:

(a) The guardian ad litem, if represented by counsel, may file pleadings, motions, memoranda and briefs on behalf of the child, and shall have all of the rights of a party whether conferred by statute, rule of court or otherwise.

(b) All parties to any proceeding under this chapter shall promptly notify the guardian ad litem and the guardian's attorney of all hearings, staffings, investigations, depositions and significant changes of circumstances of the child.

(c) Except to the extent prohibited or regulated by federal law or by the provisions of chapter 8§2, title 39, Idaho Code, upon presentation of a copy of the order appointing guardian ad litem, any person or agency, including, without limitation, any hospital, school, organization, department of health and welfare, doctor, nurse, or other health care provider, psychologist, psychiatrist, police department or mental health clinic shall permit the guardian ad litem to inspect and copy pertinent records necessary for the proceeding for which the guardian is appointed relating to the child and parent without consent of the child or parents.

SECTION 80. That Section 16-2007, Idaho Code, be, and the same is hereby amended to read as follows:

(H.B. No. 103)

AN ACT
RELATING TO COMMUNITY COLLEGES; AMENDING SECTION 33-2110A, IDAHO CODE, TO PROVIDE THAT A COUNTY'S LIABILITY FOR A RESIDENT OF THE COUNTY FOR OUT OF DISTRICT TUITION TO A COMMUNITY COLLEGE SHALL BE FOR THE TERM OF THE CURRICULUM FOR WHICH THE STUDENT IS ENROLLED WITH A MAXIMUM LIFETIME LIABILITY OF THREE THOUSAND DOLLARS, TO PROVIDE DATE CHANGES AND TO MAKE TECHNICAL CORRECTIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-2110A, Idaho Code, be, and the same is hereby amended to read as follows:

33-2110A. TUITION OF OUT OF DISTRICT IDAHO STUDENTS, COUNTY TAXES AND OTHER FINANCIAL SUPPORT. (1) Any student residing in the area of a county outside of a community college district or in a county without a community college district, who has been a resident of the county and state as defined by section 33-2110B, Idaho Code, immediately prior to the date of his first enrollment in a community college, which residence may not be acquired while attending and enrolled in a community college,
may enroll in any community college in the state, and the county of his residence shall pay that portion of his tuition as hereinafter set out. The tuition which shall be paid by the resident county shall be that portion of the tuition uniformly established by a community college district for all out of district students, both in state as well as out of state, pursuant to section 33-2110, Idaho Code, after deducting therefrom the amount of tuition paid by a resident student at the community college; however, the liability of the resident county shall not exceed two-thirds (2/3) of the total tuition and fees charged and in no instance shall it exceed five hundred dollars ($500) each semester for a two (2) semester year for a full-time student. The student shall pay the tuition and fees charged a student resident in the district, and the balance, if any, of the nonresident student tuition above the maximum liability of the county of his residence. No county shall be liable for out of district tuition unless the board of county commissioners of that county has first verified to the community college in writing the fact that the student is a resident of the county. Upon verification, the county shall thereafter be liable for the out of district tuition so long as the student is duly enrolled and attending the college subject to the following limitations:

(a) Liability shall be for--six-(6)-semesters-or the term of the curriculum for which the student is enrolled, whichever--is--tesser with a maximum lifetime liability of three thousand dollars ($3,000).

(b) Liability shall terminate if the student's domiciliary residence changes and that change continues for twelve (12) months.

(2) The nonresident tuition shall be established annually not later than August 1st and shall be forthwith filed with the state board of education, together with a statement supporting the computation thereof. Each community college, by September 30 October 15 and March 15 of each year, shall bill the county of residence of each nonresident student enrolled at the commencement of each semester, and each board of county commissioners shall allow and order paid any bill for tuition at the first regular meeting following receipt of the bill, but not exceeding forty-five (45) days after receipt. Upon failure of a county to pay the tuition, a community college district may commence action in the district court of the state of Idaho for the county to collect the same.

(3) For the payment of tuition of nonresident students as herein provided, there shall be allocated in each county without a community college district to a county community college fund, and paid to the county treasurer to be held in that fund, fifty per-cent percent (50%) of all moneys apportioned to the county out of liquor funds of the state of Idaho as set forth in chapter 4, title 23, Idaho Code, and that amount shall be deducted from the amount that would otherwise be allocated to the county; and if liquor funds are not sufficient to pay the tuition, commencing for the calendar year 1966, the board of county commissioners shall levy upon the taxable property within each county without a community college district, and, in a county with such a district, upon the taxable property within the county lying outside of the community college district, an ad-valorem a property tax not to exceed six hundredths per-cent percent (.06%) of market value for assessment purposes, to be certified as set out in section 33-2111, Idaho Code. The proceeds of the levy shall be placed in the county community college fund. Apportionment of liquor funds herein provided shall commence for
the fiscal quarter ending September 30, 1965, and accruing during that quarter.

(4) Based upon the enrollment established by the first semester's tuition bills received by September 30 October 15, the board of county commissioners shall establish immediately a total community college annual tuition budget for two (2) semesters which shall be equal to twice the amount of the tuition bills plus a contingency factor of ten per-cent percent (10%). This budget shall be adjusted after March 15 based on any change of enrollment shown by the second semester tuition bills. If enrollment is from none zero to not more than four (4) students, a minimum budget of five (5) students at five hundred dollars ($500) each shall be established. In the event all tuition bills received have been paid, notwithstanding any other provision hereof, (a) any liquor funds received, which in the quarter when received to any extent are in excess of the budget, to the extent of that excess shall not be paid over to the county treasurer to be held in the community college fund, and (b) any funds received from the levy on taxable property, which when received to any extent are in excess of the budget after the application of liquor funds thereto, to the extent of that excess shall not be paid over to the community college fund. Excess liquor funds shall be paid pursuant to law as if this section were not applicable and excess funds shall be paid to the general fund of the county. In the event the total liquor fund payable hereunder to the county community college fund together with the receipts from the levy on taxable property for each fiscal year are insufficient to pay tuition bills, which deficiency is caused by a levy of less than the maximum allowed hereunder, or by enrollment in excess of the budget herein provided, the budget for each following year shall be increased to the maximum allowed by the maximum tax levy authorized to pay any deficiency at the earliest time. If the deficiency is due to the lack of funds in a fiscal year when the maximum levy authorized shall have been made, for the next fiscal year thereafter the number of students from that county shall be limited by the board of county commissioners to the extent necessary to pay the deficiency not later than the end of the following year. Provided nevertheless, for the two (2) semesters commencing September, 1965, the board of county commissioners shall limit the community college budget and total students to estimated liquor funds available on quarterly disbursements through June 30, 1966. Any limitation of students authorized shall be accomplished (a) on the basis of student grades and financial need, and (b) by each community college notifying the county of residence of each student's application and the county shall accept or reject the application at least five (5) days prior to the tuition billing dates set out herein. A community college shall nevertheless have a right to require any student residing outside the district to pay nonresident tuition if the county of his residence is more than twenty-five per-cent percent (25%) in arrears of a total county tuition bill for one (1) year as of the beginning of the subsequent semester, but tuition shall be refunded to such students when paid by the county.

(5) From the effective date of this section until June 30, 2003, any person who meets the educational qualifications for an appropriate graduate degree, as defined by the board, from an accredited educational institution, so recognized at the time of granting such degree, and who demonstrates three thousand (3,000) hours of postgraduate experience providing marriage and family therapy may, upon application, finding of fitness, and payment of fees, be issued a marriage and family therapist license. In determining if the education and experience qualifications have been met, the board may consider a current clinical membership in the American association of marriage and family therapy or the national association of certified family therapy, or membership in or certification by another appropriate professional organization, as defined by the board, to be sufficient demonstration of the qualifications, and may issue a marriage and family therapy license.

(6) A license or conditional license will not be allowed an individual whose license, certification or registration has been revoked or suspended in this or any other state and in this or any other related field. Such an individual may not be licensed under this chapter unless the period of revocation or suspension has been completed and the board has conducted a competency review and determined that an acceptable degree of rehabilitation has been accomplished.

An order specifying that only a part of the property of the protected person vests in the conservator creates a limited conservatorship. (b) The appointment of a conservator is not a transfer or alienation within the meaning of general provisions of any federal or state statute or regulation, insurance policy, pension plan, contract, will or trust instrument, imposing restrictions upon or penalties for transfer or alienation by the protected person of his rights or interest, but this section does not restrict the ability of persons to make specific
provision by contract or dispositive instrument relating to a conservator.

(c) Until termination of his appointment, a conservator has the same power over the title to property of the protected person's estate that an absolute owner would have, provided however, that such power is held in trust for the benefit of the protected person. This power may be exercised without notice, hearing, or order of the court.

CHAPTER 50
(H.B. No. 80)

AN ACT
RELATING TO CONSERVATORS; AMENDING SECTION 15-5-419, IDAHO CODE, TO SET FORTH REQUIREMENTS FOR REPORTS SUBMITTED BY CONSERVATORS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 15-5-419, Idaho Code, be, and the same is hereby amended to read as follows:

15-5-419. ACCOUNTS AND REPORTS. (a) Every conservator or guardian shall submit a written annual report to the court concerning the status of the ward and of the ward's estate that has been under the guardian's or conservator's control. The guardian or conservator shall also be required to provide copies of the report to all persons listed by the court as having an interest in receiving copies of the report. The court may order more frequent reports by its own ruling or pursuant to a petition of any person interested in the ward's welfare. Every conservator must account annually, or as otherwise directed by the court, and upon his resignation or removal. On termination of the protected person's
minority or disability, a conservator shall account to the court and shall account to the former protected person or his personal representa­tive. Subject to appeal or vacation within the time permitted, an order, made upon notice and hearing, allowing an intermediate account of a con­servator, adjudicates as to his liabilities concerning the matters con­sidered in connection therewith; and an order, made upon notice and hearing, allowing a final account adjudicates as to all previously unsettled liabilities of the conservator to the protected person or his successors relating to the conservatorship. In connection with any account, the court may require a conservator to submit to a physical check of the estate in his control, to be made in any manner the court may specify.

(b) Except as otherwise provided in subsection (c) of this section, every report submitted by a conservator shall cover a specific time period, which period shall be stated explicitly in the report. The report shall cover all of the estate of the protected person which is under the control of the conservator. Supporting documentation for items in the report shall either accompany such report or, if such supporting documentation is voluminous, or expensive to provide, or contains sensi­tive or private information, or another good reason exists for not pro­viding such supporting documentation with the report, the report shall state the reason that the supporting documentation is not provided and that the supporting documentation is held by, or is reasonably available to, the conservator and will be produced upon request. The report shall contain, to the extent reasonably available to the conservator, at least the following:

(1) A reasonably detailed listing of the starting inventory of the estate of the protected person at the beginning of the time period for which the report is made. Every such inventory item shall be specifically identified; provided however, that items may be reported in categories, such as miscellaneous personal property, rather than individually, and valued by category, when reasonable. The fair market value of each such item or category shall be stated in such starting inventory and the method of determining such fair market value shall also be stated. In the case of an item or cate­gory which is secured by an encumbrance or debt of any nature, the encumbrance or debt shall be listed separately from the item or cate­gory and shall be specifically identified, including the items or category secured by the encumbrance or debt, the amount of the encumbrance or debt as of the date of the starting inventory, the holder of such debt or encumbrance, the family relationship of such holder to the protected person if actually known to the conservator, and any other reasonably relevant information;

(2) A reasonably detailed listing, for the covered time period, of the receipts, of any nature, by the estate of the protected person; provided however, that the receipts may be reported in categories, such as interest income, social security payments or rental receipts, if reasonable. Such listing shall reasonably identify each such receipt or category, including the source of such receipt or category and the exact amount or fair market value thereof, and the method of determining such amount or fair market value;

(3) A reasonably detailed listing, for the covered time period, of all payments or expenses, of any nature, by the estate of the pro­tected person; provided however, that the payments or expenses may
be reported in categories, such as rental or house payments, medical expenses or transportation expenses, if reasonable. Each such payment or category shall be set forth in reasonable detail, including the amount thereof, to whom the payment was made, the method or frequency of making such payment if not reasonably indicated by the item or category, the consideration for such payment if not reasonably indicated by the item or category, the family relationship of the receiver of such payment to the protected person if actually known to the conservator, the time period covered by such payment if relevant, and any other information reasonably relevant to such payment;

(4) A reasonably detailed listing of the ending inventory of the estate of the protected person at the end of the time period for which the report is made, in the same manner as described above for the starting inventory;

(5) If the report does not balance exactly the starting and ending inventories with the receipts and payments of the estate of the protected person, a reasonably detailed analysis and statement of the reasons for such imbalance, and a reasonably detailed listing of the correcting entries necessary to balance such report, such as unrealized gains or losses on assets of the estate, shall be made as part of the report; and

(6) Any other information, of any nature, which is reasonably relevant to the actions of the conservator during the time period covered by the report, which shall be submitted as part of the report or shall accompany such report.

c) Any report prepared by a federally or state chartered financial institution using a fiduciary accounting system that produces statements containing asset positions, receipts, and disbursements shall be deemed to satisfy the reporting requirements set forth in subsection (b) of this section. The court may order any such report filed by a federally or state chartered financial institution to be supplemented or may order that any information reasonably relevant to the report be produced.

d) If a conservator or guardian:

(1) Makes a substantial misstatement on filings of any required annual reports; or

(2) Is guilty of gross impropriety in handling the property of the ward; or

(3) Willfully fails to file the report required by this section, after receiving written notice of the failure to file and after a grace period of two (2) months have elapsed;
then the court may impose a fine in an amount not to exceed five thousand dollars ($5,000) on the conservator or guardian. The court may appoint a guardian ad litem for the ward on its own motion or on the motion of any interested party to represent the ward in any proceedings hereunder and may also appoint appropriate persons or entities to make investigation of the actions of the conservator or guardian. The court may also order restitution of funds misappropriated from the estate of a ward and may impose a surcharge upon the conservator or guardian responsible for such misappropriation for all damages, costs and other appropriate sums determined by the court, in addition to any fine imposed including, but not limited to, any fees and costs of the guardian ad litem. The court may take any other actions which are in the best interests of the ward and the protection of the assets of the ward. Any sums
awarded hereunder shall be paid by the conservator or guardian and may not be paid by the estate of the ward. The court may enter judgment against a conservator or guardian for any or all of the foregoing, and may impose judgment against any bond of such conservator or guardian.

Approved March 15, 2005.

CHAPTER 51
(H.B. No. 81)

AN ACT
RELATING TO GUARDIANS AND CONSERVATORS; AMENDING SECTION 15-5-303, IDAHO CODE, TO SET FORTH REQUIREMENTS FOR PETITIONS FOR GUARDIANSHIPS; AND AMENDING SECTION 15-5-404, IDAHO CODE, TO SET FORTH REQUIREMENTS FOR PETITIONS FOR CONSERVATORSHIPS AND TO CORRECT A CODIFIER’S ERROR.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 15-5-303, Idaho Code, be, and the same is hereby amended to read as follows:

15-5-303. PROCEDURE FOR COURT APPOINTMENT OF A GUARDIAN OF AN INCAPACITATED PERSON. (a) The incapacitated person or any person interested in his welfare may petition for a finding of incapacity and appointment of a guardian, limited or general. It is desirable to make available the least restrictive form of guardianship to assist persons who are only partially incapable of caring for their own needs. Recognizing that every individual has unique needs and differing abilities, the public welfare should be promoted by establishing a guardianship that permits incapacitated persons to participate as fully as possible in all decisions affecting them; that assists such persons in meeting the essential requirements for their physical health and safety, in protecting their rights, in managing their financial resources, and in developing or regaining their abilities to the maximum extent possible; and that accomplishes these objectives through providing, in each case, the form of guardianship that least interferes with legal capacity of a person to act in his own behalf. The petition shall include a plan in reasonable detail for the proposed actions of the guardian regarding the affairs of the ward after appointment of the guardian, to the extent reasonably known to the petitioner at the time of filing of the petition. If the complete mental, physical and emotional status, and the health care needs and other needs of the ward are not reasonably known to the petitioner at the time the petition is filed, or if the petitioner is not the proposed guardian, then the guardian shall submit to the court, and to all interested persons, in writing, within thirty (30) days after appointment of the guardian, a reasonably detailed plan covering such matters. Such plan must also be given to any person who has filed a request for notice under section 15-5-406, Idaho Code, and to other persons as the court may direct. Such plan shall be given to all such persons in accordance with the methods set forth in section 15-1-401, Idaho Code. If the plan changes during any time period between the periodic reports of the guardian, the modified plan shall be filed with the next report as a part thereof.
(b) Upon the filing of a petition, the court shall set a date for hearing on the issues of incapacity and unless the allegedly incapacitated person has counsel of his own choice, it shall appoint an attorney to represent him in the proceeding, who shall have the powers and duties of a guardian ad litem. The person alleged to be incapacitated shall be examined by a physician or other qualified person appointed by the court who shall submit his report in writing to the court. The court may, in appropriate cases, appoint a mental health professional, defined as a psychiatrist, psychologist, gerontologist, licensed social worker, or licensed counselor, to examine the proposed ward and submit a written report to the court. The person alleged to be incapacitated also shall be interviewed by a visitor sent by the court. The visitor shall also interview the person who appears to have caused the petition to be filed and any person who is nominated to serve as guardian, and visit the present place of abode of the person alleged to be incapacitated and the place it is proposed that he will be detained or reside if the requested appointment is made and submit his report in writing to the court. Where possible without undue delay and expenses beyond the ability to pay of the allegedly incapacitated person, the court, in formulating the judgment, may utilize the service of any public or charitable agency that offers or is willing to evaluate the condition of the allegedly incapacitated person and make recommendations to the court regarding the most appropriate form of state intervention in his affairs.

(c) Unless excused by the court for good cause, the proposed guardian shall attend the hearing. The person alleged to be incapacitated is entitled to be present at the hearing in person, and to see or hear all evidence bearing upon his condition. He is entitled to be represented by counsel, to present evidence and subpoena witnesses and documents, to examine witnesses, including the court-appointed physician, mental health professional, or other person qualified to evaluate the alleged impairment, as well as the court-appointed visitor, and otherwise participate in the hearing. The hearing may be a closed hearing upon the request of the person alleged to be incapacitated or his counsel and a showing of good cause. After appointment, the guardian shall immediately provide written notice of any proposed change in the permanent address of the ward to the court and all interested parties.

SECTION 2. That Section 15-5-404, Idaho Code, be, and the same is hereby amended to read as follows:

15-5-404. ORIGINAL PETITION FOR APPOINTMENT OR PROTECTIVE ORDER.
(a) The person to be protected, any person who is interested in his estate, affairs or welfare including his parent, guardian, or custodian, or any person who would be adversely affected by lack of effective management of his property and affairs may petition for the appointment of a conservator or for other appropriate protective order.

(b) The petition shall set forth to the extent known, the interest of the petitioner; the name, age, residence and address of the person to be protected; the name and address of his guardian, if any; the name and address of his nearest relative known to the petitioner; a general statement of his property with an estimate of the value thereof, including any compensation, insurance, pension or allowance to which he is entitled; and the reason why appointment of a conservator or other protective order is necessary. If the appointment of a conservator is
requested, the petition also shall set forth the name and address of the person whose appointment is sought and the basis of his priority for appointment.

(c) The petition shall include a financial plan for the proposed actions of the conservator regarding the financial affairs of the protected person after appointment of the conservator, to the extent reasonably known to the petitioner at the time of filing of the petition. If the complete assets, income, expenses, debts and other financial concerns of the protected person are not reasonably known to the petitioner at the time the petition is filed, or if the petitioner is not the proposed conservator, then the conservator shall submit to the court, and to all interested persons, in writing, within the ninety (90) day inventory, as a part thereof, a financial plan covering all of the assets, income, expenses, debts and other financial concerns of the protected person. Such financial plan must also be given to any person who has filed a request for notice under section 15-5-406, Idaho Code, and to other persons as the court may direct. Such financial plan shall be given to all such persons in accordance with the methods set forth in section 15-1-401, Idaho Code. If the financial plan changes during any time period between the periodic reports of the conservator, the modified financial plan shall be filed with the next report as a part thereof.

Approved March 15, 2005.

The emergency guardianship must be limited to only those powers absolutely necessary, or the least restrictive to the proposed ward, for the imme-
diate health and safety of the proposed ward until such time as a full hearing may be held in the matter and the emergency guardian may exercise only those powers specified in the order. Emergency letters of guardianship shall allow the temporary guardian only such access to the proposed ward's assets as is necessary to provide and pay for the proposed ward's necessities of life, including short and long-term health care, but shall expressly deny a temporary guardian the right to have the temporary guardian's name added to any assets of the proposed ward pending a hearing on the guardianship.

(b) The court shall appoint a guardian ad litem to represent the proposed ward in all cases involving a petition for adjudication of incapacity. The alleged incapacitated person may substitute his own attorney for the guardian ad litem appointed by the court. Any attorney representing an alleged incapacitated person may not serve as guardian of the proposed ward or as counsel for the petitioner for guardianship.

(c) An emergency guardian may be appointed without notice to the alleged incapacitated person or his attorney only if the court finds from affidavit or other sworn testimony that the proposed ward will be substantially harmed before a hearing on the appointment can be held. If the court appoints an emergency guardian without notice to the proposed ward, the proposed ward must be given notice of the appointment within forty-eight (48) hours after the appointment. The court shall hold a hearing on the appropriateness of the appointment within five (5) days after the appointment if requested by an interested party at which time the court shall appoint a visitor to meet with the alleged incapacitated person and make a written report to the court. The court shall also appoint a physician to examine the proposed ward giving preference to the appointment of the proposed ward's treating physician if the proposed ward has a current treating physician.

SECTION 2. That Section 15-5-407A, Idaho Code, be, and the same is hereby amended to read as follows:

15-5-407A. TEMPORARY AND EMERGENCY APPOINTMENTS. (a) The court may appoint upon an ex parte petition, without hearing, a person to act as temporary conservator, pending the final hearing, upon a finding supported by statement made under oath that an emergency situation exists. The emergency appointment shall remain in effect no longer than ninety (90) days, unless extended for good cause upon application of the temporary conservator.

(b) A report from a medical doctor or a licensed psychologist to the effect that the person to be protected is unable to take care of his own activities of daily living, together with a report from any one of the following, shall be considered an emergency situation:

(1) A finding that the person to be protected is unable to reasonably manage said person's finances and as a result the person's assets will be wasted or dissipated unless proper management is provided without delay; or
(2) A finding that the person to be protected has been taken advantage of and that the situation is likely to continue unless a temporary appointment is made without delay; or
(3) A finding that funds are needed for support, care and welfare of the person to be protected and a temporary appointment is necessary to secure such funding; or
(4) A finding that other conditions exist that in the court's determination necessitate the appointment of a temporary conservator.

(c) The duty of a temporary conservator shall be to preserve and protect the assets of the estate and to provide the funding necessary for the support, care and welfare of the person to be protected. The conservator shall have all the powers enumerated in section 15-5-424, Idaho Code, to be exercised, however, only within said limited context. The court may expand the duties of the temporary conservator upon application and a finding that a proposed action is necessary prior to the hearing.

(d) A temporary conservator shall not remove any of the assets of the estate from the jurisdiction of the court without a specific order to that effect.

(e) The petition for appointment of a temporary conservator must be accompanied by a petition for appointment of a conservator pursuant to section 15-5-404, Idaho Code.

(f) If the person to be protected is a minor, the court shall appoint a guardian ad litem for said minor at the same time the temporary appointment of a conservator is made.

(g) Upon application by an interested party and a hearing, the court may limit the powers and duties of the temporary conservator.

(h) Notice of the appointment of a temporary conservator shall be given to all interested persons by the petitioner within five (5) days after the date of such appointment.

(i) The court shall hold a hearing on the appropriateness of the temporary appointment within five (5) days if requested by an interested party. In such event, if a visitor and physician have not already been appointed, the court shall appoint a visitor to meet with the alleged incapacitated person and to make a written report to the court, and shall appoint a physician to examine the proposed ward and submit a written report to the court, giving preference to the appointment of the proposed ward's treating physician if the proposed ward has a current treating physician.

67-8901. SHORT TITLE. This act may be referred to and cited as the "Idaho Energy Resources Authority Act."

67-8902. DECLARATION OF NECESSITY AND PURPOSE. (1) It is hereby determined and declared that:

(a) Industrial, irrigation, commercial and residential consumers in the state of Idaho receive electric service from various investor-owned, cooperative and municipal utilities and the ability of these utilities to provide reliable and economic electric services at stable prices is essential to the economy and the economic development of the state of Idaho and to the health, safety and welfare of its people;

(b) The regional interconnection of electric utilities causes events and conditions in other western states to have a significant impact of the operations of utilities in the state of Idaho and the restructuring of the electric industry in recent years by the federal government and in other states has exposed all utilities in Idaho, and the consumers served by them, to volatile market prices, reliability concerns and other adverse conditions;

(c) It is in the best interest of the state of Idaho and its people that sufficient and reliable electric generation and transmission resources are developed and made available at cost-based rates in order to enable these utilities to meet existing and future demands for electric services, to provide adequate reserves and to promote reliability at the most stable rates practicable;

(d) The electric utility and energy industries are and will continue to be capital-intensive industries and the availability of cost-effective financing to investor-owned, cooperative and municipal utilities will enhance the ability of these utilities to provide and promote economic electric services to consumers in the state;
(e) Coordination, cooperation and joint ventures between and among such utilities with one another and with the private, cooperative, federal, state and municipal utilities and agencies that provide wholesale and retail electric services in the western states will promote regional electric reliability and stability and will provide economies of scale; and

(f) It is the intent of the legislature to create the Idaho energy resources authority to promote the development and financing of facilities for the benefit of participating utilities and to accomplish the purposes stated above, and to authorize the authority to exercise all such powers as are necessary to enable it to achieve such purposes and to thereby promote and protect the economy of the state of Idaho and the health, safety and welfare of its people.

67-8912. COST RECOVERY AND RATE STABILIZATION CHARGES OF PARTICIPATING UTILITIES. (1) A participating utility contracting with the authority for the electricity, service or product provided by a facility may establish one (1) or more rate stabilization charges, cost recovery charges or power cost adjustment charges as it deems necessary to provide for the payment of all amounts owed by the participating utility to the authority with respect to the facility and otherwise enable the participating utility to stabilize its rates, to protect its consumers from volatile market prices and to insure against market and other risks. Such rate stabilization charges, cost recovery charges or power cost adjustment charges may be established by the participating utility as a separate component of its existing rates and charges or as a new charge.

(2) A participating utility that is subject to rate regulation by the commission shall submit each of its proposed rate stabilization charges, cost recovery charges or power cost adjustment charges to the commission for approval.

(3) Each other participating utility that serves electric consumers in the state but which is not subject to rate regulation by the commission, may establish a rate stabilization charge, cost recovery charge or power cost adjustment charge only after it has provided adequate notice of and a public meeting or hearing on such charge to the members or consumers served by it. A notice shall be deemed to be adequate if:

(a) It is given at least fifteen (15) days prior to the public meeting or hearing in the manner usually employed by the participat-
ing utility to give notice of its hearings or meetings, by mail, publication or otherwise; and
(b) It provides a brief description of the proposed rate stabilization, cost recovery or power cost adjustment charges and a summary of the purposes for which it is being established.

After the meeting or hearing has been held, the participating utility may proceed to establish and fix the rate stabilization, cost recovery or power cost adjustment charge.

(4) Each participating utility may agree in its contractual arrangements with the authority as to the use and disposition of all or any part of the revenues from any rate stabilization, cost recovery or power cost adjustment charges established by the participating utility. Each participating utility may pledge, and may create and grant a security interest in, all or a portion of such revenues to secure its payment obligations to the authority in respect of any facility. Any such agreement or pledge by a participating utility that is a municipal corporation of the state shall not be deemed to create an indebtedness or liability of such municipal corporation or a loan or donation of its credit within the meaning of any constitutional or statutory provision.

67-8913. COOPERATION WITH OTHER AGENCIES AND SUBDIVISIONS. The authority may enter into agreements with any other state body or agency, any other political subdivision of the state and any other public agency, as defined in section 67-2327, Idaho Code, for the joint exercise of powers and the authority and all other public agencies may join or cooperate with each other, either jointly or otherwise, in the exercise of any of their powers for the purpose of planning, undertaking, owning, constructing, or contracting with respect to, a facility.

67-8914. EXEMPTION FROM INCOME TAXATION. All bonds issued by the authority and the interest thereon and all revenues, fees, charges, gifts, grants, receipts and other moneys of the authority pledged to the payment of its bonds shall at all times be free from the taxes imposed under the Idaho income tax act.

67-8915. ISSUANCE OF BONDS TO FINANCE FACILITIES. (1) The authority shall have power and is hereby authorized to issue, from time to time, its bonds in such principal amount as it shall determine to be necessary to provide sufficient funds to pay, finance or refinance the cost of any facility, and all other expenditures of the authority incidental and necessary or convenient to carry out its corporate purposes and powers. The cost of any facility shall include all amounts determined by the authority to be necessary or desirable in connection with the acquisition, construction, development, improvement and equipping of a facility including, but not limited to:
(a) The cost of acquiring all lands, structures, real or personal property, rights, rights-of-way, franchises, easements and interests necessary, used or useful for or in connection with the facility;
(b) The cost of all machinery and equipment necessary, used or useful in connection with the facility;
(c) The cost of architectural, engineering and legal services, including studies, surveys, plans and specifications, and related services;

(e) The cost of reserves for future repairs, replacements and additions to a facility, insurance policies and premiums and related costs and expenses; and

(f) All other costs and expenses determined by the authority to be necessary and incidental to the acquisition, construction, financing and placing in operation of a facility.

The proceeds of the bonds may also be used to provide for the payment of any financial fees and charges, including underwriting discounts, financial advisory, legal and trustee fees and expenses, the premiums for or costs of bond insurance, surety bonds or other forms of credit or liquidity enhancement, and to provide for any necessary debt service reserves associated with such bonds.

(2) The bonds shall be authorized by resolution or resolutions of the authority, shall be dated, shall mature, shall bear interest, shall be in such form and shall otherwise have such terms and provisions as such resolution or resolutions may provide, except that no bond shall mature more than forty (40) years from the date of its issue. The bonds shall bear interest at such rate or rates, shall be executed in such manner, shall be payable in such medium at such place or places, and be subject to such terms of redemption as such resolution or resolutions may provide. The authority may sell its bonds at public or private sale, at such price or prices as it shall determine.

(3) Any resolution or resolutions authorizing bonds, or any trust indenture or other instrument securing bonds, may contain provisions which shall be a part of the contract or contracts with the holders thereof, as to:

(a) Pledging and assigning all or any part of the revenues of the authority to secure the payment of the bonds, and the use and disposition of such revenues pending the payment of the bonds;

(b) Pledging and assigning all or any part of the assets of the authority including mortgages and obligations securing the same, to secure the payment of the bonds;

(c) The setting aside of reserves or sinking funds and the regulation and disposition thereof;

(g) Defining the acts or omissions to act which shall constitute a default in the obligations and duties of the authority to the holders of the bonds and providing for the rights and remedies of the holders of the bonds in the event of such default, including as a matter of right the appointment of a receiver; and
(h) Any other matters, of like or different character, deemed necessary, desirable or appropriate by the authority in connection with the issuance of its bonds.

(4) Any pledge made by the authority shall be valid and binding from the time when the pledge is made; the revenues, moneys or property so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

(5) Neither the directors of the authority nor any other person executing such bonds shall be subject to any personal liability or accountability by reason of the issuance thereof.

(6) The authority may from time to time purchase any of its outstanding bonds out of any moneys available to it for such purpose at such price or prices as the authority shall deem reasonable or necessary.

(7) In the discretion of the authority, the bonds may be secured by a trust indenture by and between the authority and a corporate trustee, which may be any bank or trust company organized under the laws of the United States or any state. Such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be determined by the authority to be reasonable and necessary, including covenants setting forth the duties of the authority in relation to the exercise of its corporate powers, the custody, the safeguarding and application of all moneys, the events of default and the rights and remedies of the bondholders and the corporate trustee upon the occurrence of an event of default. The authority may provide by such trust indenture for the payment of the proceeds of the bonds and the revenues to the trustee under such trust indenture or other depository, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out such trust indenture may be treated as a part of the operating expenses of the authority. If the bonds shall be secured by a trust indenture, the bondholders shall have no authority to appoint a separate trustee to represent them.

(8) Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

67-8916. REFUNDING BONDS. (1) The authority may provide for the issuance of refunding bonds for the purpose of refunding any bonds then outstanding which have been issued under the provisions of this chapter, including the payment of any redemption premium thereon, any interest accrued or to accrue to the date of redemption of such bonds and for any additional corporate purpose of the authority. The issuance of such bonds, the maturities, and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the authority in respect of the same shall be governed by the provisions of this chapter which relate to the issuance of bonds, insofar as such provisions
may be appropriate therefor.

(2) Refunding bonds may be sold or exchanged for outstanding bonds issued under this chapter and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding bonds. Pending the application of the proceeds of any such refunding bonds, with any other available funds, to the payment of the principal, accrued interest, and any redemption premium on the bonds being refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding bonds or in the trust agreement securing the same, to the payment of any interest on such refunding bonds and any expenses in connection with such refunding, such proceeds may be invested in such obligations as may be permitted for the defeasance of the outstanding bonds in the resolution or indenture under which they were issued.

67-8917. PAYMENT OF BONDS -- NONLIABILITY OF STATE. (1) Bonds issued by the authority shall not constitute or become an indebtedness, or a debt or liability of the state or any agency or subdivision of the state and neither the state nor any of its agencies or subdivisions shall be liable on such bonds nor shall the bonds constitute the giving, pledging or loaning of the faith and credit of the state or any agency or subdivision of the state, but shall be payable solely from the funds provided for their payment. The issuance of bonds under the provisions of this chapter shall not, directly, indirectly or contingently, obligate the state or any agency or subdivision of the state to levy or collect any form of taxes or assessments for their payment or to create any indebtedness payable out of taxes or assessments. Nothing in this chapter shall be construed to authorize the authority to create a debt of the state within the meaning of the constitution or statutes of the state of Idaho or authorize the authority to levy or collect taxes or assessments and all bonds issued by the authority pursuant to the provisions of this chapter are payable and shall state that they are payable solely from the funds pledged for their payment in accordance with the resolution authorizing their issuance or in any trust indenture or mortgage or deed of trust executed as security therefor and are not a debt or liability of the state of Idaho.

(2) The state shall not in any event be liable for the payment of the principal of or interest on any bonds of the authority or for the performance of any pledge, mortgage, obligation or agreement of any kind whatsoever which may be undertaken by the authority. No breach of any such pledge, mortgage, obligation or agreement shall impose any pecuniary liability upon the state or any charge upon its general credit or against its taxing power.

(3) All expenses incurred in carrying out the provisions of this chapter shall be payable solely from funds provided under the authority of this chapter and no liability or obligation shall be incurred by the authority beyond the extent to which moneys shall have been provided under this chapter.

67-8918. STATE'S PLEDGE. (1) The state pledges to and agrees with the holders of any bonds issued under this chapter, and with those parties who may enter into contracts with the authority pursuant to the provisions of this chapter, that the state will not limit, alter, restrict or impair the rights hereby vested in the authority to acquire,
construct, reconstruct, maintain and operate any facility as defined in this chapter or to establish, revise, charge and collect rates, rents, fees and other charges as may be convenient or necessary to produce sufficient revenues to meet the expenses of maintenance and operation thereof and to fulfill the terms of any agreements made with the holders of bonds authorized and issued under this chapter, and with the parties who may enter into contracts with the authority pursuant to this chapter, or in any way impair the rights or remedies of the holders of such bonds or of such parties until the bonds, together with the interest thereon, are fully paid and discharged and such contracts are fully performed on the part of the authority.

(2) Nothing in this chapter precludes such limitation or alteration if and when adequate provision is made by law for the protection of the holders of such bonds or those entering into such contracts with the authority.

(3) The authority is authorized to include this pledge and undertaking for the state in such bonds and in such contracts.

67-8919. FEES. All expenses of the authority incurred in carrying out the provisions of this chapter shall be payable solely from funds provided under the authority of this chapter by participating utilities to the authority in the form of application fees, annual service, loan or administrative fees and other negotiated fees as between the authority and the participating utilities and no liability shall be incurred by the authority beyond the extent to which moneys shall have been provided under this chapter, except that for the purposes of meeting the necessary expenses of initial organization and operation until such date as the authority derives moneys from funds provided hereunder, the authority shall be empowered to borrow moneys as may be required for such necessary expenses of organization and operation. Such borrowed moneys shall be repaid within a reasonable time after the authority receives funds provided for under this chapter.

67-8920. EXEMPTION OF REAL PROPERTY OF AUTHORITY FROM LEVY AND SALE BY EXECUTION. All real property of the authority shall be exempt from levy and sale by virtue of an execution, and no execution or other judicial process shall issue against the same nor shall any judgment against the authority be a charge or lien upon its real property; provided however, that the provisions of this section shall not apply to or limit the right of bondholders to foreclose or otherwise enforce any mortgage or other security of the authority or the right of obligees and bondholders to pursue any remedies for the enforcement of any pledge or lien given by the authority on its rents, fees or revenues or the right of obligees or bondholders to pursue any remedies conferred upon the same pursuant to this chapter.

67-8921. ANNUAL REPORT. The authority shall submit to the governor within ninety (90) days after the end of its fiscal year a complete and detailed report setting forth:

(1) Its operations and accomplishments;
(2) An accounting of its receipts and expenditures during such fiscal year in accordance with the categories or classifications established by the authority for its operating and capital outlay purposes;
(3) Its assets and liabilities at the end of its fiscal year, including the status of reserve, special or other funds; and
(4) A schedule of its bonds outstanding at the end of its fiscal year, together with a statement of the amounts redeemed and incurred during such fiscal year.

67-8922. AUTHORITY OBLIGATIONS ARE LEGAL INVESTMENTS. The bonds are also hereby made securities which may properly and legally be deposited with and received by all public officers and bodies of the state or any agency or political subdivisions of the state and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized by law.

67-8923. CHAPTER NOT A LIMITATION OF POWERS. Neither this chapter nor anything herein contained is or shall be construed as a restriction or limitation upon any powers which the authority might otherwise have under any laws of this state, and this chapter is cumulative to any such powers. This chapter does and shall be construed to provide a complete additional, and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws. This chapter is intended to provide full and exclusive authority for the issuance of bonds and the authority shall not be subject to any other state law applicable to the issuance of bonds, notes and other obligations by the state or its agencies or instrumentalities. Contracts for the construction and acquisition of any facilities undertaken pursuant to this chapter need not comply with the provisions of any other state law applicable to contracts for the construction and acquisition of state owned property. No proceedings, notice or approval shall be required for the issuance of any bonds by the authority or any instrument as security therefor, except as is provided in this chapter.

67-8924. CONSTITUTIONALITY. (1) Notwithstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent, that if any provision of this chapter or the application thereof to any person or circumstance is held invalid, the remainder of this chapter and the application of such provisions to persons or circumstances other than those as to which it is held invalid shall not be affected thereby.
(2) If any section, subdivision, paragraph, sentence, clause or provision of this chapter shall be unconstitutional or ineffective, in whole or in part, to the extent that it is not unconstitutional or ineffective it shall be valid and effective and no other section, subdivision, paragraph, sentence, clause or provision shall on account thereof be deemed invalid or ineffective.

CHAPTER 57
(H.B. No. 176)

AN ACT
RELATING TO ENVIRONMENTAL QUALITY; AMENDING CHAPTER 1, TITLE 39, IDAHO
CODE, BY THE ADDITION OF NEW SECTIONS 39-175A, 39-175B AND 39-175C,
IDAHO CODE, TO STATE LEGISLATIVE FINDINGS AND PURPOSES, TO PROVIDE
FOR THE RELATIONSHIP BETWEEN STATE AND FEDERAL LAW, TO PROVIDE A
PROCESS FOR APPROVAL OF A STATE NATIONAL POLLUTANT DISCHARGE ELIMI-
NATION SYSTEM PROGRAM.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 1, Title 39, Idaho Code, be, and the same
is hereby amended by the addition thereto of NEW SECTIONS, to be known
and designated as Sections 39-175A, 39-175B and 39-175C, Idaho Code, and
to read as follows:

39-175A. LEGISLATIVE FINDINGS AND PURPOSES. (1) The legislature
finds:
(a) That navigable waters within the state are one of the state's
most valuable natural resources;
(b) That it is in the public interest to promote effective and
efficient regulation of the discharge of pollutants into navigable
waters, and to explore whether the state should control such permit-
ting decisions as authorized under the federal clean water act;
(c) That the clean water act allows a state to develop and imple-
ment, with approval from the United States environmental protection
agency, a national pollutant discharge elimination system (NPDES)
program to be administered by the state;
(d) That the clean water act, as amended, and regulations adopted
pursuant thereto, establish complex and detailed provisions for reg-
ulation of those who discharge pollutants into navigable waters;
(e) That a state program to implement permitting decisions as
authorized in the clean water act, and regulations adopted pursuant
thereto may enable the state to issue flexible permits consistent
with the clean water act and avoid the existence of duplicative,
overlapping or conflicting state and federal regulatory systems;
(f) That a state program must be run with a minimum of federal
interference in permitting, inspection and enforcement activities
and that all state permitting actions under the approved state pro-
gram are to be state actions and are not subject to consultation
under the endangered species act or analysis under the provisions
of the national environmental policy act. There should be no conditions
of approval of the state program which have the effect of
undermining or circumventing this principle;
(g) That the decision to accept delegation of authority from the environmental protection agency to operate an NPDES program has significant public policy implications that should be made by the legislature.

(2) Therefore, it is the intent of the legislature to establish requirements that must be satisfied prior to legislative approval of a permitting program that complies with the clean water act and which incorporates flexible permitting procedures and rules to be promulgated by the board.

39-175B. RELATIONSHIP BETWEEN STATE AND FEDERAL LAW. The legislature cannot conveniently or advantageously set forth in this chapter all the requirements of all of the regulations which have been or will be established under the clean water act. However, any state permitting program must avoid the existence of duplicative, overlapping or conflicting state and federal regulatory systems. Further, the board may promulgate rules to implement a state permitting program but such rules shall not impose conditions or requirements more stringent or broader in scope than the clean water act and regulations adopted pursuant thereto. Further, the department will not require NPDES permits for activities and sources not required to have permits by the United States environmental protection agency.

39-175C. APPROVAL OF STATE NPDES PROGRAM. (1) The department is authorized to explore whether the state should operate an NPDES program by evaluating the costs and benefits to the state, of such a program, consistent with the requirements of this section. The department shall prepare a report to the legislature as to its findings by December 31, 2005.

(2) The board is authorized to proceed with negotiated rulemaking and all other actions that may eventually be necessary to obtain approval of a state NPDES program by the United States environmental protection agency.

(3) The director shall not execute a memorandum of agreement with the United States environmental protection agency to obtain NPDES program approval as specified under section 402 of the clean water act and 40 CFR 123 until completion of any required consultation and issuance of any final biological opinion or biological assessment under the endangered species act.

(4) Any memorandum of agreement executed by the director to obtain approval to operate a state NPDES program shall not be binding on the state of Idaho unless authorized by enactment of a statute. Any memorandum of agreement not authorized in the above manner shall be of no force and effect.

(5) Implementation of a state NPDES program shall not occur prior to statutory enactment of implementing legislation and authorization of a memorandum of agreement as specified in subsection (4) of this section.

(6) No provision of this chapter shall be interpreted as to supersede, abrogate, injure or create rights to divert or store water and apply water to beneficial uses established under section 3, article XV, of the constitution of the state of Idaho, and title 42, Idaho Code.
(7) Nothing in this section is intended to supersede any existing agreements between federal, state or local agencies regarding authority over inspections, enforcement or other obligations under the clean water act.

Approved March 15, 2005.

(H.B. No. 222)

"Trade secrets" as used in this section means information, including a formula, pattern, compilation, program, computer program, device, method, technique, process, or unpublished or in progress research that:
   (a) Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; and
   (b) Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

(2) Production records, housing production, rental and financing records, sale or purchase records, catch records, mortgage portfolio loan documents, or similar business records of a private concern or enterprise required by law to be submitted to or inspected by a public agency or submitted to or otherwise obtained by an independent public body corporate and politic. Upon the request of the owner of the proprietary variety, this information shall be released to the owner. Provided however, that if a seed crop has been identified as diseased or has been otherwise identified by the Idaho department of agriculture, other state departments of agriculture, or the United States department of agriculture to represent a threat to that particular seed or commercial crop industry or to individual growers, information as to test results, location, acreage involved and disease symptoms of that particular seed crop, for that growing season, shall be available for public inspection and copying. This exemption shall not supersede the provisions of section 22-436, Idaho Code.

(a) The expanding regional economy depends on expanding transportation capacity;
(b) Highway transportation is the major mode for movement of people and goods in the western states;
(c) Uniform application in the west of more adequate vehicle size and weight standards will result in a reduction of pollution, congestion, fuel consumption and related transportation costs, which are necessary to permit increased productivity;
(d) A number of western states have already, to the fullest extent possible, adopted substantially the 1964 Bureau of Public Roads recommended vehicle size and weight standards; and
(e) The 1956 provision of federal law (23 U.S.C. §127), though long outdated, remains in effect—depriving states of interstate-matching money—if vehicle weights and widths are increased—even though the interstate system is more than eighty-per-cent (80%) complete; and
(f) The participating jurisdictions are most capable of developing vehicle size and weight standards most appropriate for the regional economy and transportation requirements, consistent with and in recognition of principles of highway safety.

SECTION 2. Purposes. The purposes of this agreement are to:
(a) Adhere to the principle that each participating jurisdiction should have the freedom to develop vehicle size and weight standards that it determines to be most appropriate to its economy and highway system.
(b) Establish a system authorizing the operation of vehicles traveling between two (2) or more participating jurisdictions at more adequate size and weight standards.
(c) Promote uniformity among participating jurisdictions in vehicle size and weight standards on the basis of the objectives set forth in this agreement.
(d) Secure uniformity insofar as possible, of administration administrative procedures in the enforcement of recommended vehicle size and weight standards.
(e) Provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in section 1 of this article.
(f) In recognition of desire for a degree of national uniformity of size--and--weight--regulations; it is the further objective to encourage development of broad, uniform size and weight standards on a national basis, and further that procedures adopted under this agreement be compatible with national standards facilitate communication between legislators, state transportation administrators and commercial industry representatives in addressing the emerging highway transportation issues in participating jurisdictions.

ARTICLE V

Objectives of the Participating Jurisdictions

SECTION 1. Objectives. The participating jurisdictions hereby declare that:

(a) It is the objective of the participating jurisdictions to obtain more efficient and more economical transportation by motor vehicles between and among the participating jurisdictions by encouraging the adoption of standards that will, as minimums, allow the operation of a vehicle or combination of vehicles in regular operation on all state highways, except those determined through engineering evaluation to be inadequate, with a single-axle weight not in excess of 20,000 pounds, a tandem-axle weight not in excess of 34,000 pounds, and a gross vehicle or combination weight not in excess of that resulting from application of the formula:

\[ W = 500 \left( \frac{L(N/N-1)}{N-1} + 12N + 36 \right) \]

where

- \( W \) = maximum weight in pounds carried on any group of two or more axles computed to nearest 500 pounds.
- \( L \) = distance in feet between the extremes of any group of two or more consecutive axles.
- \( N \) = number of axles in group under consideration.

(b) It is the further objective of the participating jurisdictions that in the event the operation of a vehicle or combination of vehicles in interstate commerce according to the provisions of subsection (a) of this section would result in withholding or forfeiture of federal-aid funds pursuant to section 127, title 23, U.S.C. Code, the operation of such vehicle or combination of vehicles at axle and gross weights within the limits set forth in subsection (a) of this section will be authorized under special permit authority by each participating jurisdiction which could legally issue such permits prior to July 1, 1956, provided all regulations and procedures related to such issuance in effect as of July 1, 1956, are adhered to for vehicle combinations in excess of statutory weight of 80,000 pounds and/or statutory lengths.

(c) The objectives of subsections (a) and (b) of this section relate to vehicles or combinations of vehicles in regular operation, and the authority of any participating jurisdiction to issue special permits for the movement of any vehicle or combination of vehicles having dimensions and/or weights in excess of the maximum statutory limits in each participating jurisdiction will not be affected.

(d) It is the further objective of the participating jurisdictions to facilitate and expedite the operation of any vehicle or combination of vehicles between and among the participating jurisdictions under the provisions of subsection (a) or (b) of this section, and to that end the participating jurisdictions hereby agree, through their designated rep-
representatives, to meet and cooperate in the consideration of vehicle size and weight related matters including, but not limited to, the development of: uniform enforcement procedures; additional vehicle size and weight standards; operational standards; agreements or compacts to facilitate regional application and administration of vehicle size and weight standards; uniform permit procedures; uniform application forms; rules and regulations for the operation of vehicles, including equipment requirements, driver qualifications, and operating practices; and such other matters as may be pertinent.

(2) The surplus deposits of subscribers shall be allowed as assets, except that any premium deposits delinquent for ninety (90) days shall first be charged against such surplus deposit.
(3) The surplus deposits of subscribers shall not be charged as a liability.
(4) All premium deposits delinquent less than ninety (90) days shall be allowed as assets.
(5) An assessment levied upon subscribers, and not collected, shall not be allowed as an asset.

c. 72 2005  IDAHO SESSION LAWS  249

(8) A domestic reciprocal insurer, which exclusively insures members who are governmental entities, as defined in subsections 1, 2 and 3 of section 6-902, Idaho Code, shall establish a loss paying fund in an amount sufficient to meet the requirements of the reinsurer for the purpose of purchasing excess of aggregate reinsurance. A loss paying fund is defined for the purpose of this title as funds set aside or maintained for the purpose of paying claims, claims costs including adjustment costs, litigation fees and court costs and other related costs. Excess of aggregate reinsurance is defined for the purposes of this title as insurance coverage provided by a reinsurer wherein the reinsurer assumes the loss above the retentions or loss paying fund of the reinsured. Its purpose is to limit aggregate loss over a specified period of time.

The excess of aggregate reinsurance shall carry at least a thirty (30) day written cancellation clause. If the reinsurer elects to cancel the excess of aggregate reinsurance contract, a copy of the cancellation notice must be forwarded immediately to the director of the department of insurance of the state of Idaho.

(2) Upon impairment of such surplus, the director shall forthwith revoke the certificate. Such revocation shall not render subject to contingent liability any policy then in force and for the remainder of the period for which the premium has heretofore been paid; but after such revocation no policy shall be issued or renewed without providing for contingent assessment liability of the subscriber.

(3) The director shall not authorize a domestic reciprocal insurer so to extinguish the contingent liability of any of its subscribers or in any of its policies to be issued, unless it qualifies to and does extinguish such liability of all its subscribers and in all such policies for all kinds of insurance transacted by it. Except, that if required by the laws of another state in which the insurer is transacting insurance as an authorized insurer, the insurer may issue policies providing for the contingent liability of such of its subscribers as may acquire such policies in such state, and need not extinguish the contingent liability applicable to policies theretofore in force in such state.

(4) Governmental entities. If a domestic reciprocal insurer licensed to do business in this state as such and insuring only governmental entities of this state has a loss paying fund as required by section 41-2918(8), Idaho Code, the director shall issue his certificate authorizing the insurer to extinguish any contingent liability of the

The director may modify his findings of fact or make new findings by reason of the additional evidence so taken, and he shall file such modified or new findings with the return of such additional evidence.

(b) That an insurer, rating organization, advisory organization, or a group, association or other organization of insurers which engages in joint underwriting or joint reinsurance, is in violation of the applicable provisions of this chapter other than the provisions dealing with rates, rating plans or rating systems, he may issue an order to such insurer, organization, group or association which has been the subject of the hearing specifying in what respects such violation exists and requiring compliance within a reasonable time thereafter.

41-1614. DEVIATIONS. (1) Every member of a rating organization shall adhere to the filings made on its behalf by such organization except that any such insurer may make written application to the director for permission to file a uniform percentage decrease or increase to be applied to the premiums produced by the rating system so filed for a kind of insurance or for a class of insurance which is found by the director to be a proper rating unit for the application of such uniform percentage decrease or increase, or for a subdivision of a kind of insurance (a) comprised of a group of manual classifications which is treated as a separate unit for rate-making purposes, or (b) for which separate expense provisions are included in the filings of the rating organization. Such applications shall specify the basis for the modification and shall be accompanied by the data upon which the applicant relies. A copy of the application and data shall be sent simultaneously to such rating organization.

(2) The director shall set a time and place for a hearing at which the insurer and such rating organization may be heard and shall give them not less than ten (10) days' written notice thereof in accordance with chapter 2, title 41, Idaho Code. In the event the director is advised by the rating organization that it does not desire a hearing he may, upon the consent of the applicant, waive such hearing. In permitting or denying such modification with respect to workers' compensation insurance the director shall give consideration to the operating methods and expense provisions of the insurer as compared with the expense provisions included in the rating system filed by such rating organization.

(3) The director shall issue an order permitting the modification for such insurer to be filed if he finds it to be justified and it shall thereupon become effective. He shall issue an order denying such application if he finds that the modification is not justified or that the resulting premiums would be excessive, inadequate or unfairly discriminatory.

(4) Each deviation permitted to be filed shall be effective for a period of one (1) year from the date of such permission unless terminated sooner with the approval of the director.

SECTION 18. That Section 41-1619, Idaho Code, be, and the same is hereby amended to read as follows:

If the director finds that the applicant is competent, trustworthy and otherwise qualified to act as a rating organization and that its constitution, articles of agreement or association or certificate of incorporation, and its bylaws, rules and regulations governing the conduct of its business conform to the requirements of law, he shall issue a license specifying the kinds of insurance or subdivisions thereof for which the applicant is authorized to act as a rating organization. Every such application shall be granted or denied in whole or in part by the director within sixty (60) days of the date of its filing with him. Licenses issued pursuant to this section shall remain in effect for one (1) year unless sooner suspended or revoked by the director. The fee for the license shall be as provided by rule pursuant to section 41-401, Idaho Code. Licenses issued pursuant to this section may be suspended or revoked by the director, after hearing upon notice, in the event the rating organization ceases to meet the requirements of this subsection. Notice of proposed changes in such rules and regulations shall be given to subscribers. Each rating organization shall furnish its rating services without discrimination to its members and subscribers. The reasonableness of any rule or regulation in its application to subscribers, or the refusal of any rating organization to admit an insurer as a subscriber, shall, at the request of any subscriber or any such insurer, be reviewed by the director at a hearing held upon at-least-ten-(10)-days-written notice to such rating organization and to such subscriber or insurer in accordance with chapter 2, title 41, Idaho Code. If the director finds that such rule or regulation
is unreasonable in its application to subscribers, he shall order that such rule or regulation shall not be applicable to subscribers. If the rating organization fails to grant or reject an insurer's application for subscribership within thirty (30) days after it was made, the insurer may request a review by the director as if the application had been rejected. If the director finds that the insurer has been refused admittance to the rating organization as a subscriber without justification, he shall order the rating organization to admit the insurer as a subscriber. If he finds that the action of the rating organization was justified, he shall make an order affirming its action.

(3) Every member of or subscriber to a rating organization shall adhere to the rating organization's manuals of classifications, rules, rates, rating plans and any modifications of any of the foregoing, except to the extent that the rules of such rating organizations permit departures therefrom.

(4) No rating organization shall adopt any rule the effect of which would be to prohibit or regulate the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

SECTION 20. That Section 41-1621, Idaho Code, be, and the same is hereby amended to read as follows:

41-1621. APPEAL BY MINORITY. (1) Any member of or subscriber to a rating organization may appeal to the director from the action or decision of the rating organization in approving or rejecting any proposed change in or addition to the filings of the rating organization and the director shall, after a hearing held upon not-less-than-ten-(10)-days' written notice to the appellant and to the rating organization in accordance with chapter 2, title 41, Idaho Code, issue an order approving the action or decision of the rating organization or directing it to give further consideration to such proposal, or, if such appeal is from the action or decision of the rating organization in rejecting a proposed addition to its filings, he may, in the event he finds that such action or decision was unreasonable, issue an order directing the rating organization to make an addition to its filings, on behalf of its members and subscribers, in a manner consistent with his findings, within a reasonable time after the issuance of such order.

(2) If such appeal is based upon the failure of the rating organization to make a filing on behalf of such member of or subscriber which is based on a system of expense provisions which differs, in accordance with the right granted in section 41-1603(2), Idaho Code, from the system of expense provisions included in a filing made by the rating organization, the director shall, if he grants the appeal, order the rating organization to make the requested filing for use by the appellant. In deciding such appeal the director shall apply the standards set forth in sections 41-1603 and 541-1604, Idaho Code.

(2) Every rating organization and every insurer which makes its own rates shall provide within this state reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his authorized representative, on his written request to review the manner in which such rating system has been applied in connection with the insurance afforded him. If the rating organization or insurer fails to grant or reject such request within thirty (30) days after it is made, the applicant may proceed in the same manner as if his application had been rejected. Any party affected by the action of such rating organization or such insurer on such request may, within thirty (30) days after written notice of such action, appeal to the director, who, after a hearing held upon not-less-than-ten-(10)-days-written notice to the appellant and to such rating organization or insurer in accordance with chapter 2, title 41, Idaho Code, may affirm or reverse such action.

SECTION 22. That Section 41-1623, Idaho Code, be, and the same is hereby amended to read as follows:

41-1623. APPEAL FROM FILING. (1) Any person or organization aggrieved with respect to any filing which is in effect may make written application to the director for a hearing thereon, provided, however, that the insurer or rating organization that made the filing shall not be authorized to proceed under this section. Such application shall specify the grounds to be relied upon by the applicant. If the director finds that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding such a hearing, he shall, within thirty-(30)-days-after-receipt-of-such-application, hold a hearing upon not-less-than-ten-(10)-days-written notice to the applicant and to every insurer and rating organization which made the filing in accordance with chapter 2, title 41, Idaho Code.

(2) If, after such hearing, the director finds that the filing does not meet the requirements of the law he shall issue an order specifying in what respects he finds that such filing fails to meet the requirements of law, and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. Copies of the order shall be sent to the applicant and to every such insurer and rating organization. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

(2) The director shall within thirty (30) days after the filing of any such policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements and riders, disapprove any such form if the premium rates charged or to be charged are excessive in relation to benefits, or if it contains provisions which are unjust, unfair, inequitable, misleading, deceptive or encourage misrepresentation of the coverage, or are contrary to any provision of this code or of any rule or regulation promulgated thereunder. In determining whether to disapprove any such forms the director shall give due consideration to past and prospective loss experience within and outside this state, to underwriting practice and judgment to the extent appropriate, and to all other relevant factors within and outside this state.

(3) If the director notifies the insurer that the form is disapproved, it is unlawful thereafter for such insurer to issue or use such form. In such notice, the director shall specify the reason for his disapproval and state that a hearing will be granted within twenty (20) days after request in writing by the insurer. No such policy, certificate of insurance, notice of proposed insurance, nor any application, endorsement or rider, shall be issued or used until the expiration of thirty (30) days after it has been so filed, unless the director shall give his prior written approval thereto.

(4) The director may, at any time after a hearing held not less than twenty (20) days after written notice to the insurer in accordance with chapter 2, title 41, Idaho Code, withdraw his approval of any such form on any ground set forth in subsection (2) above of this section. The written notice of such hearing shall state the reason for the proposed withdrawal.

(5) The insurer shall not issue such forms or use them after the effective date of such withdrawal.

(6) If a group policy of credit life insurance or credit disability insurance: (a) has been delivered in this state before the effective date of this code, or (b) has been or is delivered in another state before or after the effective date of this code, the insurer shall be required to file only the group certificate and notice of proposed insurance as specified in subsections (2) and (4) of section 41-2308, Idaho Code, and such forms shall be approved by the director if they conform with the requirements specified in such subsections and if the schedules of premium rates applicable to the insurance evidenced by such certificate or notice are not in excess of the insurer's schedules of premium rates on file with the director; provided, however, the premium rate in effect on existing group policies may be continued until the first policy anniversary date following the date this code becomes effective.

(7) Any order or final determination of the director under the provisions of this section shall be subject to judicial review as provided in chapter 2, of this title 41, Idaho Code.

(1) The compacting states hereby create and establish a joint public agency known as the "Interstate Insurance Product Regulation Commission." Pursuant to article IV, the commission will have the power to develop uniform standards for product lines, receive and provide prompt review of products filed therewith, and give approval to those product filings satisfying applicable uniform standards; provided, it is not intended for the commission to be the exclusive entity for receipt and review of insurance product filings. 4. To receive and review in an expeditious manner advertisement relating to long-term care insurance products for which uniform standards have been adopted by the commission, and give approval to all advertisement that satisfies the applicable uniform standard. For any product covered under this compact, other than long-term care insurance products, the commission shall have the authority to require an insurer to submit all or any part of its advertisement with respect to that product for review or approval prior to use, if the commission determines that the nature of the product is such that an advertisement of the product could have the capacity or tendency to mislead the public. The actions of the commission as provided in this section shall have the force and effect of law and shall be binding in the compacting states to the extent and in the manner provided in the compact;

5. To exercise its rulemaking authority and designate products and advertisement that may be subject to a self-certification process without the need for prior approval by the commission.

Any member may be removed or suspended from office as provided by the law of the state from which he or she shall be appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the compacting state wherein the vacancy exists. Nothing herein shall be construed to affect the manner in which a compacting state determines the election or appointment and qualification of its own commissioner.
(b) Each member shall be entitled to one (1) vote and shall have an opportunity to participate in the governance of the commission in accordance with the bylaws. Notwithstanding any provision herein to the contrary, no action of the commission with respect to the promulgation of a uniform standard shall be effective unless two-thirds (2/3) of the members vote in favor thereof.
(c) The commission shall, by a majority of the members, prescribe bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes, and exercise the powers, of the compact, including, but not limited to:

The commission may meet in camera only after a majority of the entire membership votes to close a meeting in toto or in part. As soon as practicable, the commission must make public: (i) a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed; and (ii) votes taken during such meeting;
(v) Establishing the titles, duties and authority and reasonable procedures for the election of the officers of the commission;

(2) Management Committee, Officers and Personnel.
(a) A management committee comprising no more than fourteen (14) members shall be established as follows:
(i) One (1) member from each of the six (6) compacting states with the largest premium volume for individual and group annuities, life, disability income and long-term care insurance products, determined from the records of the NAIC for the prior year;
(ii) Four (4) members from those compacting states with at least two percent (2%) of the market based on the premium volume described above, other than the six (6) compacting states with the largest premium volume, selected on a rotating basis as provided in the bylaws; and
(iii) Four (4) members from those compacting states with less than two percent (2%) of the market, based on the premium volume described above, with one (1) selected from each of the four (4) zone regions of the NAIC as provided in the bylaws.

(b) The management committee shall have such authority and duties as may be set forth in the bylaws including, but not limited to:

(iii) Overseeing the offices of the commission; and
(iv) Planning, implementing, and coordinating communications and activities with other state, federal and local government organizations in order to advance the goals of the commission.

(c) The commission shall elect annually officers from the management committee, with each having such authority and duties, as may be specified in the bylaws.

(d) The management committee may, subject to the approval of the commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation as the commission may deem appropriate. (5) Qualified Immunity, Defense and Indemnification.

(a) The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided, that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury or liability caused by the intentional or willful and wanton misconduct of that person.

(b) The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided, that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error or omission did not result from that person's intentional or willful and wanton misconduct.

(c) The commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional or willful and wanton misconduct of that person.
ARTICLE VI
MEETINGS AND ACTS OF THE COMMISSION

(1) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

(2) Each member of the commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

ARTICLE VII
RULES AND OPERATING PROCEDURES: RULEMAKING FUNCTIONS OF THE COMMISSION AND OPTING OUT OF UNIFORM STANDARDS

(1) Rulemaking Authority. The commission shall promulgate reasonable rules, including uniform standards, and operating procedures in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this act, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect.

(2) Rulemaking Procedure. Rules and operating procedures shall be made pursuant to a rulemaking process that conforms to the model state administrative procedure act of 1981 as amended, as may be appropriate to the operations of the commission. Before the commission adopts a uniform standard, the commission shall give written notice to the relevant state legislative committee(s) in each compacting state responsible for insurance issues of its intention to adopt the uniform standard. The commission in adopting a uniform standard shall consider fully all submitted materials and issue a concise explanation of its decision.

(3) Effective Date and Opt Out of a Uniform Standard. A uniform standard shall become effective ninety (90) days after its promulgation by the commission or such later date as the commission may determine; provided, however, that a compacting state may opt out of a uniform standard as provided in this article. "Opt out" shall be defined as any action by a compacting state to decline to adopt or participate in a promulgated uniform standard. All other rules and operating procedures, and amendments thereto, shall become effective as of the date specified in each rule, operating procedure or amendment.

(4) Opt Out Procedure. A compacting state may opt out of a uniform standard, either by legislation or regulation duly promulgated by the insurance department under the compacting state's administrative procedure act. If a compacting state elects to opt out of a uniform standard by regulation, it must: (a) give written notice to the commission no later than ten (10) business days after the uniform standard is promulgated, or at the time the state becomes a compacting state; and (b) find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state. The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in
the state which warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The commissioner must consider and balance the following factors and find that the conditions in the state and needs of the citizens of the state outweigh: (i) the intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this act; and (ii) the presumption that a uniform standard adopted by the commission provides reasonable protections to consumers of the relevant product.

Notwithstanding the foregoing, a compacting state may, at the time of its enactment of this compact, prospectively opt out of all uniform standards involving long-term care insurance products by expressly providing for such opt out in the enacted compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any state to participate in this compact. Such an opt out shall be effective at the time of enactment of this compact by the compacting state and shall apply to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.

(5) Effect of Opt Out. If a compacting state elects to opt out of a uniform standard, the uniform standard shall remain applicable in the compacting state electing to opt out until such time as the opt out legislation is enacted into law or the regulation opting out becomes effective.

Once the opt out of a uniform standard by a compacting state becomes effective as provided under the laws of that state, the uniform standard shall have no further force and effect in that state unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt out shall have the same prospective effect as provided under article XIV of this compact for withdrawals.

(6) Stay of Uniform Standard. If a compacting state has formally initiated the process of opting out of a uniform standard by regulation, and while the regulatory opt out is pending, the compacting state may petition the commission, at least fifteen (15) days before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the commission, the stay or extension thereof may postpone the effective date by up to ninety (90) days, unless affirmatively extended by the commission; provided, a stay may not be permitted to remain in effect for more than one (1) year unless the compacting state can show extraordinary circumstances which warrant a continuance of the stay including, but not limited to, the existence of a legal challenge which prevents the compacting state from opting out. A stay may be terminated by the commission upon notice that the rulemaking process has been terminated.

(7) Not later than thirty (30) days after a rule or operating procedure is promulgated, any person may file a petition for judicial review of the rule or operating procedure; provided, that the filing of such a petition shall not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the
petitioner has a substantial likelihood of success. The court shall give
deferece to the actions of the commission consistent with applicable
law and shall not find the rule or operating procedure to be unlawful if
the rule or operating procedure represents a reasonable exercise of the
commission's authority.

ARTICLE VIII
COMMISSION RECORDS AND ENFORCEMENT

(1) The commission shall promulgate rules establishing conditions
and procedures for public inspection and copying of its information and
official records, except such information and records involving the pri-

vacy of individuals' and insurers' trade secrets. The commission may
promulgate additional rules under which it may make available to federal
and state agencies, including law enforcement agencies, records and
information otherwise exempt from disclosure, and may enter into agree-
ments with such agencies to receive or exchange information or records
subject to nondisclosure and confidentiality provisions.

(2) Except as to privileged records, data and information, the laws
of any compacter state pertaining to confidentiality or nondisclosure
shall not relieve any compacter state commissioner of the duty to dis-
close any relevant records, data or information to the commission; pro-
vided, that disclosure to the commission shall not be deemed to waive or
otherwise affect any confidentiality requirement; and further provided,
that, except as otherwise expressly provided in this act, the commission
shall not be subject to the compacter state's laws pertaining to confi-
dentiality and nondisclosure with respect to records, data and informa-
tion in its possession. Confidential information of the commission shall
remain confidential after such information is provided to any commis-

sioner.

(3) The commission shall monitor compacter states for compliance
with duly adopted bylaws, rules, including uniform standards, and oper-
ating procedures. The commission shall notify any noncomplying compacter
state in writing of its noncompliance with commission bylaws, rules
or operating procedures. If a noncomplying compacter state fails to
remedy its noncompliance within the time specified in the notice of non-
compliance, the compacter state shall be deemed to be in default as set
forth in article XIV of this compact.

(4) The commissioner of any state in which an insurer is authorized
to do business, or is conducting the business of insurance, shall con-

tinue to exercise his or her authority to oversee the market regulation
of the activities of the insurer in accordance with the provisions of
the state's law. The commissioner's enforcement of compliance with the
compact is governed by the following provisions:

(a) With respect to the commissioner's market regulation of a prod-

uct or advertisement that is approved or certified to the commis-
tion, the content of the product or advertisement shall not consti-
tute a violation of the provisions, standards or requirements of the
compact except upon a final order of the commission, issued at the
request of a commissioner after prior notice to the insurer and an
opportunity for hearing before the commission.

(b) Before a commissioner may bring an action for violation of any
provision, standard or requirement of the compact relating to the
content of an advertisement not approved or certified to the commis-
sion, the commission, or an authorized commission officer or employee, must authorize the action. However, authorization pursuant to this paragraph does not require notice to the insurer, opportunity for hearing or disclosure of requests for authorization or records of the commission's action on such requests.

ARTICLE IX
DISPUTE RESOLUTION

The commission shall attempt, upon the request of a member, to resolve any disputes or other issues that are subject to this compact and which may arise between two (2) or more compacting states, or between compacting states and noncompacting states, and the commission shall promulgate an operating procedure providing for resolution of such disputes.

ARTICLE X
PRODUCT FILING AND APPROVAL

(1) Insurers and third-party filers seeking to have a product approved by the commission shall file the product with, and pay applicable filing fees to, the commission. Nothing in this act shall be construed to restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the states where filed.

(2) The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. Notwithstanding any provision herein to the contrary, the commission shall promulgate rules to establish conditions and procedures under which the commission will provide public access to product filing information. In establishing such rules, the commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.

(3) Any product approved by the commission may be sold or otherwise issued in those compacting states for which the insurer is legally authorized to do business.

ARTICLE XI
REVIEW OF COMMISSION DECISIONS REGARDING FILINGS

(1) Not later than thirty (30) days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or third-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall promulgate rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the commission, in disapproving a product or advertisement filed with the commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with article III, section (4) of this compact.
(2) The commission shall have authority to monitor, review and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in section (1) above.

ARTICLE XII
FINANCE

(1) The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the national association of insurance commissioners, compacting states and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.

(2) The commission shall collect a filing fee from each insurer and third-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission's annual budget.

(3) The commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in article VII of this compact.

(4) The commission shall be exempt from all taxation in and by the compacting states.

(5) The commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.

(6) The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports including the system of internal controls and procedures of the commission shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every three (3) years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of the compacting states, which shall include a report of the independent audit. The commission's internal accounts shall not be confidential and such materials may be shared with the commissioner of any compacting state upon request, provided however, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals' and insurers' proprietary information, including trade secrets, shall remain confidential.

(7) No compacting state shall have any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this compact.
ARTICLE XIII
COMPACTING STATES, EFFECTIVE DATE AND AMENDMENT

(1) Any state is eligible to become a compacting state.
(2) The compact shall become effective and binding upon legislative enactment of the compact into law by two (2) compacting states; provided, the commission shall become effective for purposes of adopting uniform standards for reviewing, and giving approval or disapproval of, products filed with the commission that satisfy applicable uniform standards only after twenty-six (26) states are compacting states or, alternatively, by states representing greater than forty percent (40%) of the premium volume for life insurance, annuity, disability income and long-term care insurance products, based on records of the NAIC for the prior year. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state.
(3) Amendments to the compact may be proposed by the commission for enactment by the compacting states. No amendment shall become effective and binding upon the commission and the compacting states unless and until all compacting states enact the amendment into law.

ARTICLE XIV
WITHDRAWAL, DEFAULT AND TERMINATION

(1) Withdrawal.
(a) Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided, that a compacting state may withdraw from the compact ("withdrawing state") by enacting a statute specifically repealing the statute which enacted the compact into law.
(b) The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state unless the approval is rescinded by the withdrawing state as provided in paragraph (e) of this section.
(c) The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing this compact in the withdrawing state.
(d) The commission shall notify the other compacting states of the introduction of such legislation within ten (10) days after its receipt of notice thereof.
(e) The withdrawing state is responsible for all obligations, duties and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extends beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state. The commission's approval of products and advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective disapproval of products or
advertisement previously approved under state law.
(f) Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the compact.
(2) Default.
(a) If the commission determines that any compacting state has at any time defaulted ("defaulting state") in the performance of any of its obligations or responsibilities under this compact, the bylaws or duly promulgated rules or operating procedures; then, after notice and hearing as set forth in the bylaws, all rights, privileges and benefits conferred by this compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include, but are not limited to, failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state's suspension pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination.
(b) Product approvals by the commission or product self-certifications, or any advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily pursuant to section (1) of this article.
(c) Reinstatement following termination of any compacting state requires a reenactment of the compact.
(3) Dissolution of Compact.
(a) The compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the compact to one (1) compacting state.
(b) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XV
SEVERABILITY AND CONSTRUCTION

(1) The provisions of this compact shall be severable; and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.
(2) The provisions of this compact shall be liberally construed to effectuate its purposes.
ARTICLE XVI
BINDING EFFECT OF COMPACT AND OTHER LAWS

(1) Other Laws.
(a) Nothing herein prevents the enforcement of any other law of a compacting state, except as provided in paragraph (b) of this section.

The state department of education shall prepare and distribute all necessary forms; and shall issue to each school district, annually, a tuition certificate bearing a serial number, which certificate shall authorize the receiving district to charge and to bill for the tuition of its nonresident pupils where tuition has not been waived.

In determining tuition rates to be charged by any creditor school district, the state department of education shall compute the sum of that district's maintenance and operation costs, depreciation on its buildings, equipment, and other property, and the interest, if any paid by it on bonded debt or registered warrants. The net per-pupil cost shall be the gross per-pupil cost less the per-pupil apportionment to the district of any foundation program funds.

Computations of tuition rates shall be made as of the school year next preceding the year for which tuition charges are determined and made.

Charges for tuition made by any creditor school district shall be its net per-pupil cost, as hereinabove defined; except that its gross per-pupil cost shall be charged where any pupil has transferred to the creditor district by transfer other than one prescribed by section 33-1403, Idaho Code, or where the home district of any pupil attending school in the creditor district is without the state of Idaho.

(c) Such limited, conditional discovery and disclosure of information as provided above shall be allowed only in response to inquiries directed to such a health care organization, and then only if initially propounded by a claimant of the type above described. If the matter is in litigation, inquiry may be by customary means of discovery under the Idaho rules of civil procedure, or, if pending in a United States court, then under discovery as allowed by its applicable rules; provided, pendancy of the claim in the United States court or before any other tribunal shall not operate to broaden the exception to the rules of privilege, confidentiality and immunity set down in this act.

(f) If any physician, emergency medical services personnel, patient, person, organization or entity whose conduct, care, chart, behavior, health or standards of ethics or professional practice is the subject of investigation, comment, testimony, dispositive order of any kind or other written or verbal utterance or publication or act of any such health care organization or any member or committee thereof in the course of research, study, disciplinary proceeding or investigation of the sort contemplated by this act, makes claim or brings suit on account of such health care organization activity, then, in the defense thereof, confidentiality and privilege shall be deemed waived by the making of such claim, and such health care organization and the members of their staffs and committees shall be allowed to use and resort to such other-
wise protected information for the purpose of presenting proof of the facts surrounding such matter, and this provision shall apply whether such claim be for equitable or legal relief or for intentional or unintentional tort of any kind and whether pressed by a patient, physician, emergency medical services personnel, or any other person, but such waiver shall only be effective in connection with the disposition or litigation of such claim, and the court shall, in its discretion, enter appropriate orders protecting, and as fully as it reasonably can do so, preserving the confidentiality of such materials and information.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 54-2015, Idaho Code, be, and the same is hereby amended to read as follows:

54-2015. INDIVIDUALS ACTIVELY LICENSED IN ANOTHER STATE OR JURISDICTION SEEKING PRIMARY IDAHO LICENSURE. (1) An individual who is currently and actively licensed as a real estate broker or salesperson in another state or jurisdiction at the time of application for a primary Idaho real estate license shall meet all qualifications listed in sec-
tion 54-2012, Idaho Code, for the type of license sought, except that the applicant shall not be required to furnish proof of the educational prerequisites described in subsection (1)(g) of section 54-2012, Idaho Code; provided however, an individual applying to be licensed as a designated broker of a business entity or sole proprietorship, or as a branch office manager of a licensed branch office, shall comply with the requirements of section 54-2012, Idaho Code. In addition, such applicant shall provide a current, certified license history from the other licensing state or jurisdiction, which history shall indicate any disciplinary action taken against the applicant’s license by the other licensing state or jurisdiction, and the status and standing of the applicant’s license in the other state or jurisdiction.

(2) An individual who holds an active license in good standing in another state or jurisdiction may, upon written request to the commission, obtain a certificate of waiver of the national portion of the exam required for Idaho licensure. A request for waiver shall indicate the individual’s mailing address to which the commission is to deliver the certificate of waiver. The certificate of waiver shall be submitted with the application for exam as provided in subsection (4) of section 54-2014, Idaho Code.

(3) An individual who is currently and actively licensed in another state or jurisdiction that administers a real estate exam may be issued a primary Idaho license without further exam or proof of educational prerequisites pursuant to written agreement between Idaho and the other state or jurisdiction, provided that such other state or jurisdiction allows the issuance of real estate licenses in substantially the same manner as set forth in this subsection; provided however, an individual applying to be licensed as a designated broker of a business entity or sole proprietorship, or as a branch office manager of a licensed branch office, shall comply with the requirements of section 54-2016, Idaho Code, notwithstanding the terms of the agreement.

SECTION 2. That Section 54-2016, Idaho Code, be, and the same is hereby amended to read as follows:

54-2016. PRIMARY IDAHO LICENSES FOR LEGAL BUSINESS ENTITIES, SOLE PROPRIETORSHIPS AND BRANCH OFFICES -- ADDITIONAL REQUIREMENTS. (1) Legal business entities. Each legal business entity, as defined in section 54-2004, Idaho Code, shall be licensed by the Idaho real estate commission to engage in the real estate business in Idaho and shall make proper application, pay all required fees, and meet all requirements listed below.

(a) Each legal business entity shall have a properly licensed individual designated broker, who shall be held responsible for the activities of the licensed entity.
(b) The individual designated broker shall, within five (5) years immediately prior to the designation, satisfactorily complete a commission-approved business conduct and office operations course.
(c) The individual designated broker shall also hold the following legal position within the licensed entity:
   (i) Corporation -- an officer;
   (ii) Partnership or limited partnership -- a general partner;
   (iii) Limited liability company -- a member or manager.

The individual designated broker for any business entity shall have
full authority to act on behalf of the licensed business entity, and shall submit sufficient and satisfactory proof thereof with the application for license. Such proof shall include a list of the entity's officers, directors, members or managers, as reflected in the minutes, resolutions or other similar business documents of the entity. All acts of that individual as designated broker shall be considered acts of the licensed business entity. Nothing in this section is intended to create liability to a legal business entity for illegal or fraudulent acts by the individual broker performed solely on his own account.

(bd) A license issued to a legal business entity, as defined in this chapter, is effective only as long as the individual designated broker's license is in active status and in effect. If the individual so designated has a license refused, revoked, suspended or otherwise made inactive by the commission, or if the individual designated broker voluntarily surrenders the individual license or ceases to be connected with the entity in the manner required above, the business entity shall have ten (10) business days in which to designate another qualified individual as designated broker before the entity's license is terminated, and the licenses of all associated licensees are made inactive.

(eg) One (1) individual may act as designated broker for more than one (1) licensed business entity, however, all entities shall have their main offices in the same physical location.

(df) Satisfactory proof of mandatory errors and omissions insurance shall be provided for both the individual designated broker and the licensed business entity.

(eg) A legal business entity doing business under an assumed name shall provide satisfactory proof of having legally filed a certificate of assumed name with the Idaho secretary of state.

(2) Sole proprietorships. An individual designated broker not licensed with a legal business entity, as defined in section 54-2004, Idaho Code, shall be licensed as a sole proprietor. Each sole proprietorship seeking a real estate license shall meet all of the following requirements:

(a) A licensed sole proprietor doing business under an assumed business name shall provide satisfactory proof of having legally filed a certificate of assumed name with the Idaho secretary of state;
(b) Satisfactory proof of mandatory errors and omissions insurance shall be provided for the licensed designated broker of a sole proprietorship;
(c) The individual designated broker shall have satisfactorily completed a commission-approved business conduct and office operations course within five (5) years immediately prior to the application for license.

(3) Multiple business names prohibited. A legal business entity or sole proprietorship shall be licensed under only one (1) business name.

(4) Branch offices. Each branch office in which trust funds and original transaction files are maintained shall be separately licensed in accordance with the following:

(a) The designated broker establishing the branch office shall submit an application, along with the required fee for the issuance or renewal of the branch office license.
(b) The designated broker shall designate in the application a branch manager, who shall be a salesperson with at least two years' experience or an associate broker and who, within five years immediately prior to the designation, shall have completed a commission-approved business conduct and office operations course, to regularly occupy and be responsible for the supervision of the branch office. Any salesperson acting as a branch manager on July 1, 2005, shall have until July 1, 2006, to obtain an associate broker's license. When a branch manager is a regular full-time employee or is engaged in a full-time activity at a location other than the place he is licensed to do business, a presumption will be made that the branch manager is unable to responsibly supervise the branch; provided however, the presumption may be overcome by evidence to the contrary which the commission determines to be satisfactory.

(c) A branch manager shall not be licensed to manage more than one branch office at a time.

(d) A license issued to a branch office is valid and in effect only as long as the license of the designated individual broker remains in active status. The license certificate of the branch office shall be signed by the designated broker.

(e) No separate branch office license or manager is required for business locations other than the main office unless trust funds or original transaction records are kept at the branch.

(f) If a separate real estate trust account is maintained for a branch office, all records and related files for that account shall be maintained at the branch office.

(g) Each branch office or business location, whether separately licensed or not, shall conduct business only in the licensed name of the legal entity or sole proprietor.

(h) The current license certificates for the branch office, the branch manager, and for each sales associate conducting business from the branch office shall be prominently displayed or available for public inspection at the branch office.

SECTION 3. That Section 54-2017, Idaho Code, be, and the same is hereby repealed.

Approved March 23, 2005.

The exact premium shall be set by the commission by motion.

(3) Any policy obtained by the commission shall be available to each licensee with no right on the part of the insurance provider to cancel coverage for any licensee.

(5) The commission shall determine the terms and conditions of coverage required under the provisions of this section including, but not limited to, the minimum limits of coverage, the permissible deductible and the permissible exemptions.

(6) A licensee seeking to obtain or renew an active license shall certify to the commission that he is in compliance with the insurance requirements of this section. A licensee who elects not to participate in the insurance program administered by the commission shall obtain a certificate of coverage, signed by an authorized agent or employee of the insurance carrier, reflecting proof of insurance meeting the requirements established by the commission. Upon request by the commission the licensee shall produce the certificate for inspection.

(7) If the commission is unable to obtain errors and omissions insurance coverage to insure all licensees who choose to participate in the insurance program at a reasonable premium, not to exceed one two hundred forty dollars ($4200) per year, per licensee, the requirement of insurance coverage as provided in this section shall be void during the applicable contract period.

(8) The commission is also specifically empowered to charge and collect an administrative fee in addition to the premium paid from each licensee who obtains errors and omissions insurance through the commission contract, which fee shall not exceed ten dollars ($10.00) per licensee. This administrative fee shall be of an amount sufficient to raise that revenue required to administer the provisions of this section. The limit in subsection (7) of this section applies only to premium cost and not to any administrative fee charged.

Approved March 23, 2005.

(a) Provide satisfactory evidence of having been actively engaged, on a full-time basis, for two (2) years as a licensed real estate salesperson within five (5) years immediately prior to the date upon which the individual makes application. Such evidence shall demonstrate the productiveness of the licensed activity to have been generally commensurate with that of other licensees practicing in a similar capacity. Listings, sales, options or other licensed activities may be considered by the commission in determining whether the applicant meets this qualification.

(i) A broker or associate broker applicant may be required to furnish a report of listings and sales accomplished by the
applicant during two (2) or more years within the last five (5) years of licensure immediately prior to the application date;
(ii) This report shall be certified as correct by the broker or brokers with whom the applicant has been associated, pro-

(iii) The broker experience requirement may be modified or reduced, in whole or in part, at the discretion of the comis-
sion, based upon the applicant's educational background, or experience in related or affiliated business activities;
(iv) The commission in its discretion may make such additional investigation and inquiry relative to the applicant as it shall deem advisable;
(b) Designate a physical office location and a business name. The commission may refuse to issue a license to any person if the busi-
ness name is the same as that of any person whose license has been suspended or revoked or is so similar as to be easily confused with another licensee's name by members of the general public. However, nothing in this subsection shall restrict an individual from obtain-
ing a license in his or her own legal name.
(c) If currently licensed in Idaho as a salesperson and applying for a license as an Idaho broker or associate broker, the individual shall submit a new fingerprint card for processing with the applica-
tion and pay associated fees.

54-2016. PRIMARY IDAHO LICENSES FOR LEGAL BUSINESS ENTITIES, SOLE PROPRIETORSHIPS AND BRANCH OFFICES -- ADDITIONAL REQUIREMENTS. (1) Legal business entities. Each legal business entity, as defined in section 54-2004, Idaho Code, shall be licensed by the Idaho real estate commis-
sion to engage in the real estate business in Idaho and shall make proper application, pay all required fees, and meet all requirements listed below.
(a) Each legal business entity shall have a properly licensed indi-
vidual designated broker, who shall be held responsible for the activities of the licensed entity. The individual designated broker shall also hold the following legal position within the licensed entity:
(i) Corporation -- an officer;
(ii) Partnership or limited partnership -- a general partner;
(iii) Limited liability company -- a member or manager.
The individual designated broker for any business entity shall have full authority to act on behalf of the licensed business entity, and shall submit sufficient and satisfactory proof thereof with the application for license. Such proof shall include a list of the entity's officers, directors, members or managers, as reflected in the minutes, resolutions or other similar business documents of the entity. All acts of that individual as designated broker shall be considered acts of the licensed business entity. Nothing in this section is intended to create liability to a legal business entity.
for illegal or fraudulent acts by the individual broker performed solely on his own account.

(b) A license issued to a legal business entity, as defined in this chapter, is effective only as long as the individual designated broker's license is in active status and in effect. If the individual so designated has a license refused, revoked, suspended or otherwise made inactive by the commission, or if the individual designated broker voluntarily surrenders the individual license or ceases to be connected with the entity in the manner required above, the business entity shall have ten (10) business days in which to designate another qualified individual as designated broker before the entity's license is terminated, and the licenses of all associated licensees are made inactive.

(c) One (1) individual may act as designated broker for more than one (1) licensed business entity, however, all entities shall have their main offices in the same physical location.

(d) Satisfactory proof of mandatory errors and omissions insurance shall be provided for both the individual designated broker and the licensed business entity.

(e) A legal business entity doing business under an assumed name shall provide satisfactory proof of having legally filed a certificate of assumed name with the Idaho secretary of state.

(a) A licensed sole proprietor doing business under an assumed business name shall provide satisfactory proof of having legally filed a certificate of assumed name with the Idaho secretary of state;

(b) Satisfactory proof of mandatory errors and omissions insurance shall be provided for the licensed designated broker of a sole proprietorship.

(4) Branch offices. Each branch office in which trust funds and original transaction files are maintained shall be separately licensed in accordance with the following:

(a) The designated broker establishing the branch office shall submit an application, along with the required fee for the issuance or renewal of the branch office license.

(b) The broker shall designate in the application a branch manager, who shall be a salesperson with at least two (2) years' experience or an associate broker, to regularly occupy and be responsible for the supervision of the branch office. When a branch manager is a regular full-time employee or is engaged in a full-time activity at a location other than the place he is licensed to do business, a presumption will be made that the branch manager is unable to responsibly supervise the branch; provided however, the presumption may be overcome by evidence to the contrary which the commission determines to be satisfactory.

(c) A branch manager shall not be licensed to manage more than one (1) branch office at a time.
(d) A license issued to a branch office is valid and in effect only as long as the license of the designated individual remains in active status. The license certificate of the branch office shall be signed by the designated broker.

(e) No separate branch office license or manager is required for business locations other than the main office unless trust funds or original transaction records are kept at the branch.

(f) If a separate real estate trust account is maintained for a branch office, all records and related files for that account shall be maintained at the branch office.

(g) Each branch office or business location, whether separately licensed or not, shall conduct business only in the licensed name of the legal entity or sole proprietor.

(h) The current license certificates for the branch office, the branch manager, and for each sales associate conducting business from the branch office shall be prominently displayed or available for public inspection at the branch office.

54-2018. LICENSE RENEWALS -- INACTIVE LICENSES STATUS -- PERSONAL CHANGES -- EFFECTIVE DATES -- FEES NONREFUNDABLE. (1) Initial license period. Each new license shall be for a period of one (1) year plus the months up to and including the next birth date of the licensee, not to exceed a period of two (2) years, and shall expire on a date to coincide with the last day of the month of the birth date of the licensee. Corporations, partnerships, limited liability companies and other entities defined as "persons" in this chapter shall have established as the equivalent of a birth date, the birth date of its designated broker. Licensed branch offices shall have established as the equivalent of a birth date, the birth date of the designated broker for the branch office.

(3) Late renewal. If the licensee fails to submit a completed application for renewal or pay the renewal fee on or before the expiration date, the commission may accept a later application or payment of the fee, subject to such conditions as the commission may require including, but not limited to, the assessment of a late fee; provided
that between the license expiration date and the date of renewal of the license, the rights of the licensee under such license shall be expired, and during such period of expiration it shall be unlawful for any licensee to do or attempt to offer to do any of the acts of the kind and nature described in the definitions of real estate broker or real estate salesperson in section 54-2004, Idaho Code, in consideration of compensation of any kind or expectation thereof. An expired license that is not renewed within one (1) year of the expiration date shall be automatically terminated by the commission and may not be renewed.

(4) Active and inactive license status. A licensee who is a designated broker or associated with a designated broker shall hold an active license. A licensee who has paid all applicable fees, who is not associated with a designated broker and who holds a current license that is not revoked, suspended or terminated shall hold his license on inactive status. A licensee seeking to change from active license status to inactive license status shall have the broker submit a change of status application to the commission in the form and manner approved by the commission. During the period that his license is inactive, the licensee shall not engage in the business or act in the capacity of real estate broker, associate broker or salesperson. However, an inactive licensee may receive a referral fee for any referral made during the period his license was active. A licensee may activate an inactive license by meeting each of the following:

(5) Continuing education. A licensee shall not submit an application to renew a license on active status or to activate an inactive license without having obtained the continuing education credit hours required by section 54-2023, Idaho Code. A licensee who violates this subsection (5) shall be subject to disciplinary action by the commission.

(6) Time required. The commission may request satisfactory proof of continuing education compliance from any licensee who has certified to the commission that he has completed the requirement. The request shall state the time within which the proof must be received at the commission office, which time shall not be less than ten (10) business days.

(7) Satisfactory proof. Upon request from the commission, the licensee shall submit satisfactory proof of having met the continuing education requirement set forth in section 54-2023, Idaho Code. "Satisfactory proof" shall, for each course, consist of documentation:

(a) Identifying the licensee, the title of the course or challenge exam, the course certification number, the course provider, the number of classroom hours, the completion date of the course or chal-
A transcript of the course taken;
(ii) A letter from the provider verifying successful completion of the course; or

(b) Identifying the course certification approval number to establish that the course is approved for continuing education credit as provided by section 54-2023, Idaho Code. The commission may, in its sole discretion, accept alternative documentation establishing that the course is approved for credit.

(8) Failure to submit proof. A licensee failing to submit satisfactory proof of completing the continuing education requirement after being requested to do so by the commission may have his license inactivated by the commission and shall not be entitled to reactivate the license unless and until he provides to the commission satisfactory proof that he meets the continuing education requirements of section 54-2023, Idaho Code. Nothing in this section shall limit the ability of the commission to investigate or discipline a licensee for violating subsection (5) of this section or for violating any other section of this chapter.

If the licensee has changed his personal name, he shall also submit legal proof of the change and the fee for issuing a new license certificate and, if an active licensee, he shall have the broker submit the written notice of change to the commission. Upon receipt of the new license certificate or upon its effective date, whichever is later, the broker shall remove from public view any license certificate bearing the licensee's former name.

(610) Signature required. No license shall be valid unless the license certificate is signed by the licensee.

(611) Effective dates. A request for licensure or for license changes shall become effective when the properly completed application, attachments and any required fee are received at and approved by the commission. An application that is incomplete or lacking proper fees shall be returned to the applicant and no license shall be issued until a completed application and proper fees are received at and actually approved by the commission.

(812) Fees nonrefundable. No licensee shall be entitled to a refund of any fee after the license or license change has become effective.

SECTION 5. That Section 54-2019, Idaho Code, be, and the same is hereby amended to read as follows:

(e) There exist any other specific facts about the applicant that cause the commission to reasonably conclude that granting the applicant's request for Idaho licensure is not in the best interests of the citizens of the state of Idaho.

(2) Where any of the facts referenced above warranting denial of the application are not discovered or determined by the commission until after the license has been issued, such facts may be grounds for the inactivation, expiration, termination, suspension or revocation of the license.

SECTION 6. That Section 54-2023, Idaho Code, be, and the same is hereby amended to read as follows:

54-2023. CONTINUING EDUCATION REQUIREMENTS. Each licensee seeking renewal of applying to renew an Idaho real estate license on active status, and each Idaho licensee seeking applying to change from inactive to active license status, shall successfully complete a commission core course, plus the required number of classroom hours of commission-approved or certified continuing education coursework as provided in this section. Failure to meet the continuing education requirements as set forth in this section constitutes an incomplete application for a renewal of an active license or for a change in license status from inactive to active; and, as such, constitutes grounds for denial of the application.

If the inactive licensee is within a license renewal period that began prior to July 1, 2003, he shall complete a commission core course, plus eight (8) classroom hours of continuing education, plus one-(i)-commission-approved-core-course before he can change to
active license status. If the inactive licensee is within his initial licensing period, no continuing education is required to change to active license status.

(2) No duplicate credit. No licensee may obtain continuing education credit for completing:
   (a) Any core course curriculum for which he has previously received continuing education credit; or
   (b) Any course curriculum for which he has received continuing education credit in the same license period.

(3) Excess credits. The classroom hours shall apply to the license period in which such course is completed; hours completed in excess of those required for the license period shall not accumulate or be credited for the purposes of subsequent license renewal periods.

(4) Commission-ordered education. No licensee shall obtain continuing education credit for education ordered by the commission as part of a disciplinary action.

   (d) Successfully complete a commission-approved broker prelicense course, or a commission-approved continuing education challenge exam, in advanced real estate study. Continuing education credit may be obtained for retaking the same broker prelicense course or challenge exam only if completed after five (5) years of completing the previous course or challenge exam; or

A license issued or renewed after an extension of time has been granted shall retain the original license expiration date. Failure to satisfy the continuing education requirement within the time granted shall result in the automatic inactivation of the license.

SECTION 2. That Section 41-4309, Idaho Code, be, and the same is hereby amended to read as follows:

41-4309. ASSESSMENTS. (1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary. Assessments shall be due not less than thirty (30) days after prior written notice to the member insurers and shall accrue interest at eight percent (8%) per annum on and after the due date.

(2) There shall be three classes of assessments, as follows:

(a) Class A assessments shall be made authorized and called for the purpose of meeting administrative costs and other general expenses. Class A assessments may be authorized and called whether or not they are related to a particular impaired or insolvent insurer.

(b) Class B assessments shall be made authorized and called to the extent necessary to carry out the powers and duties of the association under section 41-4308, Idaho Code, with regard to an impaired or insolvent domestic insurer.

(c) Class C assessments shall be made authorized and called to the extent necessary to carry out the powers and duties of the association under section 41-4308, Idaho Code, with regard to an insolvent foreign or alien insurer.

(3) (a) The amount of any class A assessment shall be determined by the board and may be made authorized and called on a non pro rata basis. Such assessment may be credited against future insolvency class B assessments. The amount of any class B or C assessment shall be allocated for assessment purposes among the accounts in the proportion that the premiums received by the impaired or insolvent insurer on the policies covered by each account for the last calendar year preceding the assessment in which the impaired or insolvent insurer received premiums bears to the premiums received by such insurer for such calendar year on all covered policies pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances.

(b) Class B assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies covered by each account for the calendar year preceding the assessments bears to such premiums received on business in this state for the calendar
year preceding the assessment by all assessed member insurers.

(c) Class-B assessments for each account shall be made separately for each state in which the impaired or insolvent domestic insurer was authorized to transact insurance at any time, in the proportion that the premiums received on business in such state by the impaired or insolvent insurer on policies covered by such account for the last calendar year preceding the assessment in which the impaired or insolvent insurer received premiums bears to such premiums received in all such states for such calendar year by the impaired or insolvent insurer. The assessments against member insurers shall be in the proportion that the premiums received on business in each such state by each assessed member insurer on policies covered by each account for the calendar year preceding the assessment bears to such premiums received on business in each state for the calendar year preceding the assessment by all assessed member insurers.

(d) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this act chapter. Classification of assessments under subsection (2) of this section and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(e)(d) Notwithstanding any other provision of this section, a managed care organization shall not be subject to a class B or class B-8 assessment for any domestic, foreign or alien insurer that is declared insolvent by any court prior to July 1, 2000.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred pursuant to a repayment plan approved by the association.

(5) The total of all class B assessments authorized by the association with respect to a member insurer for each account shall not in any one (1) calendar year exceed two percent (2%) of such insurer's premiums received in this state during the calendar year preceding the assessment on the policies covered by the account. If the maximum assessment, together with the other assets of the association in either an account, does not provide in any one year in either an account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this act chapter.

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained...
in any account to provide funds for the continuing expenses of the association and for future losses. if refunds are impractical.

(7) It shall be proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this act chapter, to consider the amount reasonably necessary to meet its assessment obligations under this act chapter.

(8) The association shall issue to each insurer paying an assessment under this act chapter, other than a class A assessment, a certificate of contribution, in a form prescribed by the director, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the director may approve.

(i) A request for criminal history records must be submitted in writing or as provided by rule. However, the department shall accept a request presented in person by the subject of the record; and
(ii) The request must identify a specific person by name and date of birth. Fingerprint of the person named may be required to establish positive identification; and
(iii) Responding to the request does not interfere with the secure and orderly conduct of the department and would not substantially prejudice or prevent the carrying out of the functions of the department; and
(iv) A record of an arrest that does not contain a disposition after twelve (12) months from the date of arrest may only be disseminated by the department to criminal justice agencies, to
the subject of the record, or to a person requesting the criminal history information with a signed release from the subject of the record; and
(v) Any release of criminal history data by the department shall prominently display the statement: "AN ARREST WITHOUT DISPOSITION IS NOT AN INDICATION OF GUILT."

(3) Judicial review of the department's denial of a request for records shall be in accordance with the provisions of section 9-343, Idaho Code.

(4) A request for a criminal history record by a criminal justice agency or a court shall take precedence over all other requests. The department shall adopt rules to set forth the manner by which criminal justice agencies and courts without direct terminal access to the law enforcement-telecommunications-network public safety and security information system established by section 19-5202, Idaho Code, may request Idaho criminal history record information.

(5) Unless otherwise provided by law, access authorized under this section to criminal history records does not create a duty upon a person, employer, private agency, or public agency to examine the criminal history record of an applicant, employee or volunteer.

(6) A person or private agency, or public agency, other than the department, shall not disseminate criminal history record information obtained from the department to a person or agency that is not a criminal justice agency or a court without a signed release of the subject of record or unless otherwise provided by law.

(7) Direct terminal access to criminal history record information is regulated by chapter 52, title 19, Idaho Code, and the rules adopted pursuant to that chapter.

Approved March 23, 2005.

SECTION 2. That Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 45, Title 39, Idaho Code, and to read as follows:

CHAPTER 45
THE MEDICAL CONSENT AND NATURAL DEATH ACT

39-4501. PURPOSES -- APPLICATION. (1) The primary purposes of this chapter are:
(a) To provide and codify Idaho law concerning consent for the furnishing of hospital, medical, dental or surgical care, treatment or procedures, and concerning what constitutes an informed consent for such care, treatment or procedures; and
(b) To provide certainty and clarity in the law of medical consent in the furtherance of high standards of health care and its ready availability in proper cases.
(2) Nothing in this chapter shall be deemed to amend or repeal the provisions of chapter 3, title 66, Idaho Code, as those provisions pertain to medical attendance upon or hospitalization of the mentally ill, nor the provisions of chapter 6, title 18, Idaho Code, pertaining to the provision of examinations, prescriptions, devices and informational materials regarding prevention of pregnancy or pertaining to therapeutic abortions and consent to the performance thereof.
(3) Nothing in this chapter shall be construed to permit or require the provision of health care for a patient in contravention of the patient's stated or implied objection thereto upon religious grounds nor shall anything in this chapter be construed to require the granting of permission for or on behalf of any patient who is not able to act for himself by his parent, spouse or guardian in violation of the religious beliefs of the patient or the patient's parent or spouse.

39-4502. PERSONS WHO MAY CONSENT TO THEIR OWN CARE. Any person of ordinary intelligence and awareness sufficient for him or her generally to comprehend the need for, the nature of and the significant risks ordinarily inherent in, any contemplated hospital, medical, dental or surgical care, treatment or procedure is competent to consent thereto on his or her own behalf. Any physician, dentist, hospital or other duly authorized person may provide such health care and services in reliance upon such a consent if the consenting person appears to the physician or dentist securing the consent to possess such requisite intelligence and awareness at the time of giving the consent.

39-4503. PERSONS WHO MAY GIVE CONSENT TO CARE FOR OTHERS. (1) Consent for the furnishing of hospital, medical, dental or surgical care, treatment or procedures to any person who is not then capable of giving such consent as provided in this chapter or who is a minor or incompetent person, may be given or refused in the order of priority set forth hereafter unless the patient is a competent person who has refused to give such consent, and provided further that this subsection shall not be deemed to authorize any person to override the express refusal by a competent patient to give such consent himself:

(a) The legal guardian of such person;
(b) The person named in a "Living Will and Durable Power of Attorney for Health Care" pursuant to section 39-4510, Idaho Code, or a similar document authorized by this chapter;
(c) If married, the spouse of such person;
(d) A parent of such person;
(e) Any relative representing himself or herself to be an appropriate, responsible person to act under the circumstances;
(f) Any other competent individual representing himself or herself to be responsible for the health care of such person; or
(g) If the subject person presents a medical emergency or there is a substantial likelihood of his or her life or health being seriously endangered by withholding or delay in the rendering of such hospital, medical, dental or surgical care to such patient, the attending physician or dentist may, in his or her discretion, authorize and/or provide such care, treatment or procedure as he or she deems appropriate, and all persons, agencies and institutions thereafter furnishing the same, including such physician or dentist, may proceed as if informed, valid consent therefor had been otherwise duly given.

(2) No person who, in good faith, gives consent or authorization for the provision of hospital, medical, dental or surgical care, treatment or procedures to another as provided by this chapter shall be subject to civil liability therefor.

(3) No physician, dentist, hospital or other duly authorized person who in good faith obtains consent from a person pursuant to either sec-
tion 39-4502 or 39-4503(1), Idaho Code, shall be subject to civil liability therefor.

39-4504. BLOOD TESTING. (1) A physician may consent to ordering tests of a patient's or a deceased person's blood or other body fluids for the presence of blood-transmitted or body fluid-transmitted viruses or diseases without the prior consent of the patient if:
   (a) There has been or is likely to be a significant exposure to the patient's or a deceased person's blood or body fluids by a person providing emergency or medical services to such patient which may result in the transmittal of a virus or disease; and
   (b) The patient is unconscious or incapable of giving informed consent and the physician is unable to obtain consent pursuant to section 39-4503, Idaho Code.

(2) The department of health and welfare shall promulgate rules identifying the blood-transmitted or body fluid-transmitted viruses or diseases for which blood tests or body fluid tests can be ordered under this section and defining the term "significant exposure" as provided in this section.

(3) Results of tests conducted under this section which confirm the presence of a blood-transmitted or body fluid-transmitted virus or disease shall be reported to the director of the department of health and welfare in the name of the patient or deceased person. The department records containing such test results shall be used only by public health officials who must conduct investigations. The exposed person shall only be informed of the results of the test and shall not be informed of the name of the patient or deceased person. Protocols shall be established by hospitals to maintain confidentiality while disseminating the necessary test result information to persons who may have a significant exposure to blood or other body fluids and to maintain records of such tests to preserve the confidentiality of the test results.

(4) Any person who willfully or maliciously discloses the results of a test conducted under this section, except pursuant to a written authorization by the person whose blood was tested or by such person's authorized representative, or as otherwise authorized by law, shall be guilty of a misdemeanor.

39-4505. SUFFICIENCY OF CONSENT. Consent for the furnishing of hospital, medical, dental or surgical care, treatment or procedures shall be valid in all respects if the person giving the consent is sufficiently aware of pertinent facts respecting the need for, the nature of, and the significant risks ordinarily attendant upon, such a patient receiving such care, as to permit the giving or withholding of such consent to be a reasonably informed decision. Any such consent shall be deemed valid and so informed if the physician or dentist to whom it is given or by whom it is secured has made such disclosures and given such advice respecting pertinent facts and considerations as would ordinarily be made and given under the same or similar circumstances, by a like physician or dentist of good standing practicing in the same community. As used in this section, the term "in the same community" refers to that geographic area ordinarily served by the licensed general hospital at or nearest to which such consent is given.
39-4506. FORM OF CONSENT. It is not essential to the validity of any consent for the furnishing of hospital, medical, dental or surgical care, treatment or procedures that the consent be in writing or any other form of expression; provided however, when the giving of such consent is recited or documented in writing and expressly authorizes the care, treatment or procedures to be furnished, and when such writing or form has been executed or initialed by a person competent to give such consent for himself or another, such written consent, in the absence of convincing proof that it was secured maliciously or by fraud, is presumed to be valid for the furnishing of such care, treatment or procedures, and the advice and disclosures of the attending physician or dentist, as well as the level of informed awareness of the giver of such consent, shall be presumed to be sufficient.

39-4507. RESPONSIBILITY FOR CONSENT AND DOCUMENTATION. Obtaining consent for health care is the duty of the attending physician or dentist or of another physician or dentist acting on his or her behalf or actually providing the contemplated care, treatment or procedure; provided however, a licensed hospital and any medical or dental office lay or professional employee, acting with the approval of such an attending or other physician or dentist, may perform the ministerial act of documenting such consent by securing the completion and execution of a form or statement in which the giving of consent for such care is documented by or on behalf of the patient. In performing such a ministerial act, the hospital or medical or dental office lay or professional employee shall not be deemed to have engaged in the practice of medicine or dentistry.

39-4508. STATEMENT OF POLICY. For purposes of sections 39-4508 through 39-4514, Idaho Code:
(1) The legislature finds that adult persons have the fundamental right to control the decisions relating to the rendering of their medical care, including the decision to have life-sustaining procedures withheld or withdrawn. The legislature further finds that modern medical technology has made possible the artificial prolongation of human life beyond natural limits. The legislature further finds that patients are sometimes unable to express their desire to withhold or withdraw such artificial life prolongation procedures which provide nothing medically necessary or beneficial to the patient because of the patient's inability to communicate with the physician.
(2) In recognition of the dignity and privacy which patients have a right to expect, the legislature hereby declares that the laws of this state shall recognize the right of a competent person to have his wishes for medical treatment and for the withdrawal of artificial life-sustaining procedures carried out even though that person is no longer able to communicate with the physician.
(3) It is the intent of the legislature to establish an effective means for such communication. It is not the intent of the legislature that the procedures described in this chapter are the only effective means of such communication, and nothing in this chapter shall impair or supersede any legal right or legal responsibility which a person may have to effect the withholding or withdrawal of life-sustaining procedures in any lawful manner. Any authentic expression of a person's wishes with respect to health care should be honored.
39-4509. DEFINITIONS. As used in sections 39-4508 through 39-4514, Idaho Code:

1) "Artificial life-sustaining procedure" means any medical procedure or intervention that utilizes mechanical means to sustain or supplant a vital function which when applied to a qualified patient, would serve only to artificially prolong life. "Artificial life-sustaining procedure" does not include the administration of medication or the performance of any medical procedure deemed necessary to alleviate pain.

2) "Artificial nutrition and hydration" means supplying food and water through a conduit, such as a tube or intravenous line, where the recipient is not required to chew or swallow voluntarily, but does not include assisted feeding, such as spoon feeding or bottle feeding.

3) "Attending physician" means the physician licensed by the state board of medicine who is selected by, or assigned to, the patient and who has primary responsibility for the treatment and care of the patient.

4) "Competent person" means any emancipated minor or any person eighteen (18) or more years of age who is of sound mind.

5) "Consent to care" includes refusal to consent to care and/or withdrawal of care.

39-4510. LIVING WILL AND DURABLE POWER OF ATTORNEY FOR HEALTH CARE. Any competent person may execute a document known as a "Living Will and Durable Power of Attorney for Health Care." Such document shall be in substantially the following form, or in another form that contains the elements set forth in this chapter. A "Living Will and Durable Power of Attorney for Health Care" executed prior to the effective date of this act, but which was in the "Living Will" and/or "Durable Power of Attorney for Health Care" form pursuant to prior Idaho law at the time of execution, or in another form that contained the elements set forth in this chapter at the time of execution, shall be deemed to be in compliance with this chapter. A "Living Will and Durable Power of Attorney for Health Care" or similar document(s) executed in another state which substantially complies with this chapter shall be deemed to be in compliance with this chapter. In this chapter, a "Living Will and Durable Power of Attorney for Health Care" may be referred to as a "directive." Any portions of the "Living Will and Durable Power of Attorney for Health Care" which are left blank by the person executing the document shall be deemed to be intentional and shall not invalidate the document.

66-405. ORDER IN PROTECTIVE PROCEEDINGS. (1) If it is determined that the respondent is not developmentally disabled but appears in need of protective services, the court may cause the proceeding to be expanded or altered for consideration under the uniform probate code.

(2) If it is determined that the respondent is able to manage financial resources and meet essential requirements for physical health or safety, the court shall dismiss the petition.

(3) If it is determined that the respondent is developmentally disabled and is unable to manage some financial resources or meet some essential requirements for physical health or safety, the court may appoint a partial guardian and/or partial conservator on behalf of the respondent. An order establishing partial guardianship or partial conservatorship shall define the powers and duties of the partial guardian or partial conservator so as to permit the respondent to meet essential requirements for physical health or safety and to manage financial resources commensurate with his ability to do so, and shall specify all legal restrictions to which he is subject. A person for whom a partial guardianship or partial conservatorship has been appointed under this chapter retains all legal and civil rights except those which have by court order been limited or which have been specifically granted to the partial guardian or partial conservator by the court.

(4) If it is determined that the respondent is developmentally disabled and is unable to manage financial resources or meet essential requirements for physical health or safety even with the appointment of a partial guardian or partial conservator, the court may appoint a total guardian and/or total conservator.

(5) In the event that more than one (1) person seeks to be appointed guardian and/or conservator, the court shall appoint the person or persons most capable of serving on behalf of the respondent; the court shall not customarily or ordinarily appoint the department or any other organization or individual, public or private, that is or is likely to be providing services to the respondent.

(6) Subject to the limitations of the provisions of subsection (7) of this section, guardians or conservators may have any of the duties and powers as provided in sections 15-5-312(a)(1) through (4), 15-5-424 and 15-5-425, Idaho Code, and as specified in the order. Any order appointing a partial or total guardian or partial or total conservator under the provisions of this section must require a report to the court at least annually. In addition to such other requirements imposed by law or order, the report shall include:

(a) A description of the respondent's current mental, physical and social condition;
(b) The respondent's present address and living arrangement;
(c) A description of any significant changes in the capacity of the respondent to meet essential requirements for physical health or safety or to manage financial resources;
(d) A description of services being provided the respondent;
(e) A description of significant actions taken by the guardian or conservator during the reporting period;
(f) Any significant problems relating to the guardianship or conservatorship;

(h) A description of the need for continued guardianship or conservatorship services.
(7) No guardian appointed under this chapter shall have the authority to refuse or withhold consent for medically necessary treatment when the effect of withholding such treatment would seriously endanger the life or health and well-being of the person with a developmental disability. To withhold or attempt to withhold such treatment shall constitute neglect of the person and be cause for removal of the guardian. No physician or caregiver shall withhold or withdraw such treatment for a respondent whose condition is not terminal or whose death is not imminent. If the physician or caregiver cannot obtain valid consent for medically necessary treatment from the guardian, he shall provide the medically necessary treatment as authorized by section 39-4303(c) 39-4503(1)(g), Idaho Code.
(8) A guardian appointed under this chapter may consent to withholding or withdrawal of artificial life-sustaining procedures, only if the respondent:
(a) Has an incurable injury, disease, illness or condition, certified by the respondent's attending physician and at least one (1) other physician to be terminal such that the application of artificial life-sustaining procedures would not result in the possibility of saving or significantly prolonging the life of the respondent, and would only serve to prolong the moment of the respondent's death for a period of hours, days or weeks, and where both physicians certify that death is imminent, whether or not the life-sustaining procedures are used; or
(b) Has been diagnosed by the respondent's attending physician and at least one (1) other physician as being in a persistent vegetative state which is irreversible and from which the respondent will never regain consciousness.
(9) Any person, who has information that medically necessary treatment of a respondent has been withheld or withdrawn, may report such information to adult protective services or to the Idaho protection and advocacy system for people with developmental disabilities, who shall have the authority to investigate the report and in appropriate cases to seek a court order to ensure that medically necessary treatment is provided.
If adult protective services or the protection and advocacy system determines that withholding of medical treatment violates the provisions of this section, they may petition the court for an ex parte order to provide or continue the medical treatment in question. If the court finds, based on affidavits or other evidence, that there is probable cause to believe that the withholding of medical treatment in a particular case violates the provisions of this section, and that the life or health of the patient is endangered thereby, the court shall issue an ex parte order to continue or to provide the treatment until such time as the court can hear evidence from the parties involved. Petitions for court orders under this section shall be expedited by the courts and heard as soon as possible. No bond shall be required of a petitioner under this section.
(10) No partial or total guardian or partial or total conservator appointed under the provisions of this section may without specific
approval of the court in a proceeding separate from that in which such guardian or conservator was appointed:

(a) Consent to medical or surgical treatment the effect of which permanently prohibits the conception of children by the respondent unless the treatment or procedures are necessary to protect the physical health of the respondent and would be prescribed for a person who is not developmentally disabled;

(b) Consent to experimental surgery, procedures or medications; or

(c) Delegate the powers granted by the order.

The provisions of this chapter shall not apply to actions for wrongful death under any other chapter or title of Idaho Code.

15-8-202. JUDICIAL PROCEEDINGS. (1) The provisions of this chapter shall control over any inconsistent provision of the Idaho rules of civil procedure.

(2) A judicial proceeding under this chapter may be commenced as a new action or as an action incidental to an existing judicial proceeding relating to the same trust or estate or nonprobate asset.

(3) Once commenced, the action may be consolidated with an existing proceeding or converted to a separate action upon the motion of a party for good cause shown, or by the court on its own motion.

(4) The Idaho rules of civil procedure apply to judicial proceedings under this chapter only to the extent that they are consistent with this chapter, unless otherwise provided by Idaho Code, or ordered by the court under section 15-8-102, Idaho Code, or provided by other applicable Idaho rules of civil procedure.
15-8-203. PROCEDURAL RULES. The Idaho rules of civil procedure apply to all proceedings under part 2 of this chapter.

15-8-204. NOTICE IN JUDICIAL PROCEEDINGS UNDER THIS CHAPTER REQUIRING NOTICE. (1) Subject to section 15-8-207, Idaho Code, in all judicial proceedings under this chapter that require notice, the notice must be personally served on or mailed to all parties or the parties' virtual representatives at least fourteen (14) days before the hearing on the petition, unless a different period is provided by statute or ordered by the court. The date of service shall be determined under the Idaho rules of civil procedure.

(2) Proof of the service or mailing required in this section must be made by affidavit or declaration filed at or before the hearing.

15-8-205. APPLICATION OF DOCTRINE OF VIRTUAL REPRESENTATION. (1) This section is intended to adopt the common law concept of virtual representation. This section supplements the common law relating to the doctrine of virtual representation and the provisions of section 15-1-403, Idaho Code, and shall not be construed as limiting the application of that common law doctrine or the provisions of section 15-1-403, Idaho Code.

(2) Any notice requirement in this chapter is satisfied if notice is given as follows:

(a) Where an interest in an estate, trust, or nonprobate asset, or an interest that may be affected by a power of attorney, has been given to persons who comprise a certain class upon the happening of a certain event, notice may be given to the living persons who would constitute the class if the event had happened immediately before the commencement of the proceedings requiring notice, and the persons shall virtually represent all other members of the class;

(b) Where an interest in an estate, trust, or nonprobate asset, or an interest that may be affected by a power of attorney, has been given to a living person, and the same interest, or a share in it, is to pass to the surviving spouse or to persons who are, or might be, the distributees, heirs, issue, or other kindred of that living person upon the happening of a future event, notice may be given to that living person, and the living person shall virtually represent the surviving spouse, distributees, heirs, issue, or other kindred of the person; and

(c) Except as otherwise provided in this subsection (2), where an interest in an estate, trust, or nonprobate asset, or an interest that may be affected by a power of attorney, has been given to a person or a class of persons, or both, upon the happening of any future event, and the same interest or a share of the interest is to pass to another person or class of persons, or both, upon the happening of an additional future event, notice may be given to the living person or persons who would take the interest upon the happening of the first event, and the living person or persons shall virtually represent the persons and classes of persons who might take upon the happening of the additional future event.

(3) A party is not virtually represented by a person receiving notice if a conflict of interest involving the matter is known to exist between the notified person and the party.

(4) An action taken by the court is conclusive and binding upon
15-8-206. SPECIAL NOTICE. Nothing in this chapter eliminates the requirement to give notice to a person who has filed a demand for notice pursuant to section 15-3-204, Idaho Code.

15-8-207. WAIVER OF NOTICE. Notwithstanding any other provision of this chapter, notice of a hearing does not need to be given to a legally competent person who has waived in writing notice of the hearing in person or by attorney, or who has appeared at the hearing without objecting to the lack of proper notice or personal jurisdiction. The waiver of notice may apply either to a specific hearing or to any and all hearings and proceedings to be held, in which event the waiver of notice is of continuing effect unless subsequently revoked by the filing of a written notice of revocation of the waiver and the mailing of a copy of the notice of revocation of the waiver to the other parties. Unless notice of a hearing is required to be given by publication, if all persons entitled to notice of the hearing waive the notice or appear at the hearing without objecting to the lack of proper notice or personal jurisdiction, the court may hear the matter immediately. A guardian or conservator or a guardian ad litem may make the waivers on behalf of the incapacitated person, and a trustee may make the waivers on behalf of any competent or incapacitated beneficiary of the trust. A consul or other representative of a foreign government, whose appearance has been entered as provided by law on behalf of any person residing in a foreign country, may make the waiver of notice on behalf of the person.

15-8-208. COST -- ATTORNEY'S FEES. (1) Either the district court or the court on appeal may, in its discretion, order costs, including reasonable attorney's fees, to be awarded to any party:
(a) From any party to the proceedings;
(b) From the assets of the estate or trust involved in the proceedings; or
(c) From any nonprobate asset that is the subject of the proceedings. The court may order the costs to be paid in such amount and in such manner as the court determines to be equitable.
(2) This section applies to all proceedings governed by this chapter including, but not limited to, proceedings involving trusts, decedent's estates and properties, and guardianship matters. Except as provided in section 12-117, Idaho Code, this section shall not be construed as being limited by any other specific statutory provision providing for the payment of costs, unless such statute specifically provides otherwise.

15-8-209. APPOINTMENT OF A GUARDIAN AD LITEM. (1) The court, upon its own motion or upon request of one or more of the parties, at any stage of a judicial proceeding or at any time in a nonjudicial resolution procedure, may appoint a guardian ad litem to represent the interests of a minor, or incapacitated, or unborn, or unascertained person, or any person whose identity or address is unknown, or a designated class of persons who are not ascertained or are not in being. If not precluded by a conflict of interest, a guardian ad litem may be appointed to represent several persons or interests.
(2) The court appointed guardian ad litem supersedes the special representative if so provided in the court order.

(3) The court may appoint the guardian ad litem at an ex parte hearing, or the court may order a hearing as provided in section 15-8-201, Idaho Code, with notice as provided in this section and section 15-8-204, Idaho Code.

(4) The guardian ad litem is entitled to reasonable compensation for services. Such compensation is to be paid from the principal of the estate or trust whose beneficiaries are represented.

15-8-210. TRIAL BY JURY. If a party is entitled to a trial by jury and a jury is demanded, and the issues are not sufficiently made up by the written pleadings on file, the court, on due notice, shall settle and frame the issues to be tried. Any jury for any proceeding under this part 2 shall consist of six (6) jurors. If a jury is not demanded, the court shall try the issues, and sign and file its findings and decision in writing, as provided for in civil actions.

15-8-211. EXECUTION ON JUDGMENTS. Judgment on the issues, as well as for costs, may be entered and enforced by execution or otherwise by the court as in civil actions.

15-8-212. APPELLATE REVIEW. An interested party may seek appellate review of a final order, judgment, or decree of the court respecting a judicial proceeding under this chapter. The review must be done in the manner and way provided by law for appeals in civil actions.

PART 3. NONJUDICIAL RESOLUTION

15-8-301. PURPOSE. The purpose of this part 3 is to provide a binding nonjudicial procedure to resolve matters through written agreements among the parties interested in the estate or trust. The procedure is supplemental to, and may not derogate from, any other proceeding or provision authorized by statute or the common law.

15-8-302. BINDING AGREEMENT. Sections 15-8-301 through 15-8-305, Idaho Code, shall be applicable to the resolution of any matter, as defined in section 15-8-103, Idaho Code, other than matters subject to chapter 5, title 15, Idaho Code, or a trust for a minor or other incapacitated person created at its inception by the judgment or decree of a court unless the judgment or decree provides that sections 15-8-301 through 15-8-305, Idaho Code, shall be applicable. If all parties agree to a resolution of any such matter, then the agreement shall be evidenced by a written agreement signed by all parties. Subject to the provisions of section 15-8-304, Idaho Code, the written agreement shall be binding and conclusive on all persons interested in the estate or trust. The agreement shall identify the subject matter of the dispute and the parties. If the agreement or a memorandum of the agreement is to be filed with the court under section 15-8-303, Idaho Code, the agreement may, but need not, include provisions specifically addressing jurisdiction, governing law, the waiver of notice of the filing and the discharge of any special representative who has acted with respect to the agreement. If a party who virtually represents another person under sec-
15-8-205. Idaho Code, signs the agreement, then the party's signature constitutes the signature of all persons whom the party virtually represents, and all the virtually represented persons shall be bound by the agreement.

15-8-303. ENTRY OF AGREEMENT WITH COURT -- EFFECT. (1) Any party, or a party's legal representative, may file the written agreement or a memorandum summarizing the written agreement with the court having jurisdiction over the estate or trust. However, if a special representative is a party to the written agreement, the agreement or a memorandum of its terms may not be filed within thirty (30) days of the agreement's execution by all parties unless the written consent of the special representative is filed along with, or included within, the provision of such agreement or memorandum. The agreement or a memorandum of its terms may be filed after a special representative has commenced a proceeding under section 15-8-304, Idaho Code, only after the court has determined that the special representative has adequately represented and protected the parties represented. Failure to complete any action authorized or required under this subsection does not cause the written agreement to be ineffective and the agreement is nonetheless binding and conclusive on all persons interested in the estate or trust.

(2) On filing the agreement or memorandum, the agreement will be deemed approved by the court and is equivalent to a final court order binding on all persons interested in the estate or trust.

15-8-304. JUDICIAL APPROVAL OF AGREEMENT. Within thirty (30) days of execution of the agreement by all parties, the special representative may notice a hearing for presentation of the written agreement to a court of competent jurisdiction. The special representative shall provide notice of the time and date of the hearing to each party to the agreement whose address is known, unless such notice has been waived. Proof of mailing or delivery of the notice must be filed with the court. At such hearing, the court shall review the agreement on behalf of the parties represented by the special representative. The court shall determine whether or not the interests of the represented parties have been adequately represented and protected, and an order declaring the court's determination shall be entered. If the court determines that such interests have not been adequately represented and protected, the agreement shall be declared of no effect.

15-8-305. SPECIAL REPRESENTATIVE. (1) (a) The personal representative or trustee may petition the court having jurisdiction over the matter for the appointment of a special representative to represent a person who is interested in the estate or trust and:

(i) Who is a minor;
(ii) Who is incompetent or disabled;
(iii) Who is yet unborn or unascertained; or
(iv) Whose identity or address is unknown.

The petition may be heard by the court without notice.

(b) In appointing the special representative, the court shall give due consideration and deference to any nomination(s) made in the petition, the special skills required in the representation, and the need for a representative who will act independently and prudently.
The nomination of a person as special representative by the personal representative or trustee and the person's willingness to serve as special representative are not grounds by themselves for finding a lack of independence; provided however, the court may consider any interests that the nominating fiduciary may have in the estate or trust in making the determination.

(c) The special representative may enter into a binding agreement on behalf of the person or beneficiary. The special representative may be appointed for more than one (1) person or class of persons if the interests of such persons or class are not in conflict. The petition shall be verified. The petition and order appointing the special representative may be in the following forms:

The fund shall be administered in the same manner as the state search and rescue fund created in section 67-2913, Idaho Code. The director of the Idaho state police is authorized to allocate up to ten percent (10%) of the moneys for reimbursement of administrative expenses.

(2) In the event the balance in the state snowmobile search and rescue fund exceeds thirty thousand dollars ($30,000) on July 1 of any year, moneys in excess of thirty thousand dollars ($30,000) shall be divided into two (2) equal parts and distributed to the:

Nothing in this chapter shall be construed to limit recovery of moneys solely to the state snowmobile search and rescue fund for search and rescue operations assisting or recovering individuals riding snowmobiles.

(5) A three (3) member advisory committee shall review the operation and disbursement of moneys from the fund at the end of each fiscal year, and shall report to the fund administrator any proposed guidelines or policies deemed appropriate to improve operation of the fund. The committee shall be comprised of one (1) representative from the Idaho state snowmobile association, one (1) representative from the Idaho sheriffs' association, and one (1) representative appointed by the director of the Idaho department of parks and recreation. The certificate of number shall be pocket size and shall be available at all times for inspection on the snowmobile for which issued, wherever the snowmobile is in operation.

(2) The department may issue any certificate of number directly or may authorize any persons to act as vendor for the issuance. In the event a person accepts the authorization, he may be assigned a block of numbers and certificates which upon issue, in conformity with this chapter and with any rules of the department, shall be valid as if issued directly by the department.
(3) All records of the department made or kept pursuant to this section shall be public records.

(4) Each snowmobile must be registered before it leaves the premises at the time of sale from any retail snowmobile dealer.

(5) The purchaser of a snowmobile shall, within fifteen (15) days immediately after acquisition, make application to the department for transfer to him of the certificate of number issued to the snowmobile, giving his name, address and the number of the snowmobile and shall at the same time pay to the department a fee of three dollars ($3.00). Unless the application is made and fee paid within fifteen (15) days, the snowmobile shall be considered to be without a certificate of number and it shall be unlawful for any person to operate that snowmobile until the certificate is issued.

CHAPTER 144
(H.B. No. 183)

AN ACT
RELATING TO LICENSING OF MOTOR VEHICLE DEALERS AND SALESMEN; AMENDING SECTION 49-1613, IDAHO CODE, TO PROVIDE THAT IT IS UNLAWFUL FOR A DEALER TO DISPLAY FOR SALE, EXCHANGE, OR SELL ANY VEHICLE UNLESS THE DEALER HAS DOCUMENTARY EVIDENCE OF HIS RIGHT OF POSSESSION OF EVERY VEHICLE IN HIS POSSESSION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 49-1613, Idaho Code, be, and the same is hereby amended to read as follows:

49-1613. UNLAWFUL ACTS BY LICENSEE. (1) It shall be unlawful for the holder of any license issued under the provisions of this chapter to:
(a) Intentionally publish or circulate any advertising which is misleading or inaccurate in any material particular or which misrepresents any of the products sold or furnished by a licensed dealer;
(b) Violate any of the provisions of this chapter or any of the applicable rules;
(c) Knowingly purchase, sell or otherwise acquire or dispose of a stolen vehicle;
(d) Violate any law respecting commerce in vehicles or any lawful rule respecting commerce in vehicles promulgated by any licensing or regulating authority now existing or hereafter created by the laws of the state;
(e) Engage in the business for which the dealer is licensed without at all times maintaining a principal place of business;
(f) Engage in a type of business respecting the selling or exchanging of vehicles for which he is not licensed;
(g) Knowingly purchase a vehicle which has an altered or removed vehicle identification number plate or alter or remove a vehicle identification number plate;
(h) Violate any provision of this title or any rules promulgated;
(i) Violate any provision of the federal motor vehicle safety standards, federal odometer laws or regulations; or
(j) Display for sale, exchange, or sell any vehicle for which the vehicle dealer does not hold title or consignment agreement or other documentary evidence of his right to the possession of every vehicle in his possession.

(2) It shall be unlawful for any manufacturer licensed under this chapter to require, attempt to require, coerce, or attempt to coerce, any new vehicle dealer in this state to:
(a) Order or accept delivery of any new vehicle, part or accessory, equipment or any other commodity not required by law which shall not have been voluntarily ordered by the new vehicle dealer. This paragraph is not intended to modify or supersede any terms or provisions of a franchise requiring dealers to market a representative line of vehicles which the manufacturer or distributor is publicly advertising.
(b) Order or accept delivery of any new vehicle with special features, accessories or equipment not included in the list price of such vehicles as publicly advertised by the manufacturer or distributor.
(c) Participate monetarily in an advertising campaign or contest, or to purchase any promotional materials, training materials, showroom or other display decorations or materials at the expense of the dealer.
(d) Enter into any agreement with the manufacturer or to do any other act prejudicial to the dealer by threatening to terminate or cancel a franchise or any contractual agreement existing between the dealer and the manufacturer. This paragraph is not intended to preclude the manufacturer or distributor from insisting on compliance with reasonable terms or provisions of the franchise or other contractual agreement, and notice in good faith to any dealer of the dealer's violation of those terms or provisions shall not constitute a violation of the provisions of this chapter.
(e) Change the capital structure of the dealer or the means by or through which the dealer finances the operation of the dealership, provided that the dealer at all times meets any reasonable capital standards determined by the manufacturer in accordance with uniformly applied criteria. No change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor. Consent shall not be unreasonably withheld.

(f) Refrain from participation in the management of, investment in, or the acquisition of any other line of new vehicle or related products. This paragraph does not apply unless the dealer maintains a reasonable line of credit for each make or line of new vehicle, and the dealer remains in compliance with any reasonable facilities requirements of the manufacturer, and no change is made in the principal management of the dealership.

(g) Prospectively assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability to be imposed by this chapter or to require any controversy between a dealer and a manufacturer, distributor, or representatives, to be referred to any person other than the duly constituted courts of the state or the United States, or to the director, if that referral would be binding upon the dealer.

(h) Either establish or maintain exclusive facilities, personnel, or display space.

(i) Expand facilities without a written guarantee of a sufficient supply of new vehicles so as to justify an expansion, in light of the market and economic conditions.

(j) Make significant modifications to an existing dealership or to construct a new vehicle dealership facility without providing a written guarantee of a sufficient supply of new vehicles so as to justify modification or construction, in light of the market and economic conditions.

(3) It shall be unlawful for any manufacturer licensed under this chapter to:

(a) Delay, refuse, or fail to deliver new vehicles or new vehicle parts or accessories in a reasonable time, and in reasonable quantity relative to the dealer's facilities and sales potential in the dealer's relevant market area, after acceptance of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer, any new vehicle, parts or accessories to new vehicles as are covered by the franchise, if the vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. These provisions are not violated, however, if failure is caused by acts or causes beyond the control of the manufacturer.

(b) Refuse to disclose to any dealer handling the same line, the manner and mode of distribution of that line within the relevant market area.

(c) Obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to the dealer.

(d) Increase prices of new vehicles which the dealer had ordered
for consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a consumer shall constitute evidence of each such order, provided that the vehicle is in fact delivered to that customer. In the event of manufacturer price reductions or cash rebates paid to the dealer, the amount of any reduction or rebate received by a dealer shall be passed on to the private retail consumer by the dealer. Price reductions shall apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series shall not be considered a price increase or price decrease. Price changes caused by the addition to a vehicle of required or optional equipment, or revaluation of the United States dollar, in the case of foreign-make vehicles or components, or an increase in transportation charges due to increased rates imposed by a carrier, shall not be subject to the provisions of this subsection.

(e) Release to any outside party, except under subpoena or as otherwise required by law or in an administrative, judicial or arbitration proceeding involving the manufacturer or dealer, any business, financial, or personal information which may be provided from time to time by the dealer to the manufacturer without the express written consent of the dealer.

(f) Deny any dealer the right of free association with any other dealer for any lawful purpose.

(g) Unfairly compete with a dealer in the same line make, operating under an agreement or franchise from the aforementioned manufacturer, in the relevant market area. A manufacturer shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of that dealership on reasonable terms and conditions.

(h) Unfairly discriminate among its dealers with respect to warranty reimbursement.

(i) Unreasonably withhold consent to the sale, transfer, or exchange of the franchise to a qualified buyer capable of being licensed as a dealer in this state.

(j) Fail to respond in writing to a request for consent as specified in subsection (i) of this section within sixty (60) days of receipt of a written request on the forms, if any, generally utilized by the manufacturer or distributor for those purposes and containing the required information. Failure to respond shall be deemed to be consent to the request.

(k) Prevent or attempt to prevent, by contract or otherwise, any dealer from changing the executive management control of the dealership unless the manufacturer, having the burden of proof, can show that the change of executive management will result in executive management or control by a person or persons who are not of good moral character or who do not meet reasonable, preexisting and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards. Where the manufacturer rejects a proposed change in executive man-
(c) Terminate, cancel or fail to renew any franchise solely because of the death or incapacity of an owner who is not listed in the franchise as one on whose expertise and abilities the manufacturer relied in the granting of the franchise.

(m) Prevent or attempt to prevent the dealer, by written instrument or otherwise, from either receiving the fair market value of the dealership in a sale transaction, or from transferring the dealership to a spouse or legal heir, as specified in this chapter.

(n) Engage in any predatory practice or discrimination against any dealer.

(o) Resort to or use any false or misleading advertisement in the conducting of his business as a manufacturer or distributor in this state.

(p) Make any false or misleading statement, either directly or through any agent or employee, in order to induce any dealer to enter into any agreement or franchise, or to take any action which is prejudicial to that dealer or his business.

(q) Require or coerce dealers to participate in local or national advertising campaigns or contests or to require or coerce dealers to purchase promotional or display materials.

(4) It is unlawful for any manufacturer or any officer, agent or representative to coerce, or attempt to coerce, any dealer in this state to sell, assign or transfer any retail installment sales contract, obtained by the dealer in connection with the sale by him in this state of new vehicles, manufactured or sold by the manufacturer, to a specified finance company or class of such companies, or to any other specified person, by any of the acts or means set forth, namely by:

(a) Any statement, suggestion, promise or threat that the manufacturer will, in any manner, benefit or injure the dealer, whether the statement, suggestion, threat or promise is express or implied or made directly or indirectly;

(b) Any act that will benefit or injure the dealer;

(c) Any contract, or any express or implied offer of contract, made directly or indirectly to a dealer for handling new vehicles, on the condition that the dealer sell, assign or transfer his retail installment sales contract in this state to a specified finance company or class of such companies, or to any other specified person; or

(d) Any express or implied statement or representation made directly or indirectly that the dealer is under any obligation whatsoever to sell, assign or transfer any of his retail sales contracts, in this state, on new vehicles manufactured or sold by that manufacturer to a finance company or class of companies, or other specified person, because of any relationship or affiliation between the manufacturer and a finance company or companies, or a specified person or persons.

Any statement, threats, promises, acts, contracts or offers of contracts, when the effect may be to lessen or eliminate competition or tend to create a monopoly, are declared unfair trade practices and
unfair methods of competition, against the policy of this state, and are unlawful.

(5) It is unlawful for any manufacturer or agent or employee of a manufacturer to use a written instrument, agreement, or waiver to attempt to nullify any of the provisions of this section, and such agreement, written instrument or waiver shall be null and void.

(6) It shall be unlawful, directly or indirectly, to impose unreasonable restrictions on the dealer relative to the sale, transfer, right to renew, termination discipline, noncompetition covenants, site control (whether by sublease, collateral pledge of lease, or otherwise), right of first refusal to purchase, option to purchase, compliance with subjective standards and assertion of legal or equitable rights.

(7) The provisions of this chapter shall apply to all written franchise agreements between a manufacturer and a dealer, including the franchise offering, the franchise agreement, sales of goods, services or advertising, leases or mortgages of real or personal property, promises to pay, security interests, pledges, insurance contract, advertising contract, construction or installation contract, servicing contracts and all other agreements where the manufacturer has any direct or indirect interest.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-1763B, Idaho Code, be, and the same is hereby amended to read as follows:

42-1763B. INTERIM AUTHORITY FOR RENTAL OF STORAGE WATER TO AUGMENT FLOWS DURING THE MIGRATION OF SNAKE-RIVER-SALMON FOR LISTED ANADROMOUS FISH. (1) Legislative findings and intent regarding rental of storage water from by the U.S. bureau of reclamation projects in the Snake River basin within Idaho to augment lower Snake River flows during the migration of Snake River-salmon for anadromous fish listed under the endangered species act.

The legislature finds that the U.S. bureau of reclamation desires proposes to release up to four hundred twenty-seven thousand (427,000) acre feet of leased or uncontracted water to augment salmon-flows diverted from the Snake River basin to reservoir storage above Lewiston, and to lease or acquire up to sixty thousand (60,000) acre feet of consumptive natural flow water rights diverted and consumed below Milner dam and above Swan Falls dam from the mainstem of the Snake River to augment flows downstream of Hells Canyon dam during 2002--2003--and 2004 and through December 31, 2034. The state of Idaho is experiencing serious drought conditions...
and it is therefore uncertain whether four-hundred-twenty-seven thousand (427,000) acre-feet of this water will be available for rental for flow augmentation purposes in all years. Nonetheless, the legislature further finds that authorization of this legislation will facilitate ongoing negotiations in the Snake River basin adjudication is necessary for approval and implementation of the Snake River Water Rights Agreement of 2004 (Mediator's Term Sheet dated April 20, 2004, and submitted on that date to the SRBA Court in SRBA Consolidated Subcase 03-10022 and SRBA Consolidated Subcase 67-13701, with all appendices to the document), as approved, ratified, and confirmed by the 108th Congress of the United States in the "Snake River Water Rights Act of 2004," Pub. L. No. 108-447 (H.R. 4818), 118 Stat. 3431 to 3441 (December 8, 2004). Therefore, the legislature authorizes the U.S. bureau of reclamation to release storage and natural flow water from--its--projects rights through the state water supply bank and local rental pools under the limited conditions of this section. Any rentals of water for flow augmentation under any other provision of law, including section 42-108A, Idaho Code, shall be subject to the limitations and conditions of this section and the Snake River Water Rights Agreement of 2004.

(2) Rental of storage water from by the U.S. bureau of reclamation.

(a) Notwithstanding the legislative approval required in section 42-108, Idaho Code, any storage water released from U.S. bureau of reclamation reservoirs and any natural flow water rights leased or acquired by the bureau within the state of Idaho for use to augment river flows during the migration of Snake River salmon listed anadromous fish pursuant to this section must be rented through the water bank operated by the Idaho water resource board pursuant to sections 42-1761 through 42-1764, Idaho Code, or, in the case of storage water releases, through local water rental committees, created pursuant to section 42-1765, Idaho Code, under their respective water bank rules.

(b) For any rental of water pursuant to this section, the director shall not be required to determine under section 42-401, Idaho Code, whether the water supply is sufficient for the purpose for which it is sought, whether the rental would cause the use of water to be enlarged beyond that authorized under the water right to be rented, whether such use is in the public interest, or whether such use is consistent with the factors enumerated under subsection (3) of section 42-401, Idaho Code.

(3) Conditions on storage water rentals.

(a) Any storage water made available under this section shall be obtained only from willing lessors. Any water rented under this section from reservoirs sources located within a basin having a local rental pool committee established pursuant to section 42-1765, Idaho

(b) Storage water made available under this section shall be limited to four hundred twenty-seven thousand (427,000) acre feet annually, and natural consumptive flow water shall be limited to not more than the sixty thousand (60,000) acre feet annually that accrue to natural flow water rights acquired by the U.S. bureau of reclamation pursuant to the terms of the Snake River Water Rights Agreement of 2004. These releases—storage amounts shall be reduced by other water the U.S. bureau of reclamation provides for flow augmentation of salmon flows for listed anadromous fish from the Snake River and its tributaries basin above Lewiston.

(c) In no event shall the release of water under this section cause the water surface of Lake Cascade Reservoir to be below the elevation required to maintain a storage volume of three hundred thousand (300,000) acre feet, fifty thousand (50,000) acre feet of which is dead space, which is currently estimated to be at an elevation of four thousand eight hundred nine and two-tenths (4,809.2) feet. In addition, the state of Idaho shall pursue a shaping agreement for any uncontracted water released from Lake Cascade under this section.

(d) The rental or use of water under this section shall be in compliance with any permit, applicable water quality rule and regulation or other requirements of the clean water act, shall not cause jeopardy to other species in the state of Idaho, and shall not result in significant adverse impacts to recreational uses of the waters of the Snake River basin in Idaho. The state of Idaho shall not require any restriction, modification, or condition on the diversion, storage, use, discharge of water, or land use to remedy or address violations of water quality standards or other clean water act requirements to the extent the rental or use of water by the U.S. bureau of reclamation under this section causes the violations. (e) The U.S. bureau of reclamation shall submit a report to the director by January 15 of each year describing the time, volume and purpose of storage water released provided for salmon purposes listed anadromous fish from the Snake River basin above Lewiston during the past year and shall report on the plan for releases for the spring and summer chinook by April 1 and on the plan for releases for the fall chinook by July 15 of each year.

(e) All storage water rented from or used by the U.S. bureau of reclamation reservoirs under this section from above Hells Canyon dam must be used for power production purposes within the state of Idaho.

(g) All water rented or used by the U.S. bureau of reclamation under this section shall be subject to the terms and conditions contained in the Snake River Flow Component of the Snake River Water Rights Agreement of 2004.

(h) Nothing herein shall entitle the U.S. bureau of reclamation to rent storage or use water for flow augmentation upon termination or expiration of the permission given in this section.

(i) Nothing in this section shall be construed to alter, or authorize the U.S. bureau of reclamation to modify in any way the its existing contractual obligations, or to constitute a finding by the legislature that the rental or use of storage
water or natural flow water rights for flow augmentation of flows for salmon-migration listed anadromous fish or any other species is a beneficial use of water, that it is in the public interest, or whether such use injures existing water rights.

(5) This section shall not become effective until the director certifies to the governor that the U.S. bureau of reclamation's applications to transfer water right numbers 4616, 4617, 4618, 4623, 4625, 4626, 4627, 4628, 4629, 4630, 4631, 4632, 4633 and 4636, and to amend water right permit numbers 25-07004 and 63-3618 will be withdrawn, or held in abeyance until July 1, 2005 while this section is in effect, and the governor further issues a proclamation certifying that all conditions for the effectiveness of the Snake River Water Rights Agreement of 2004 have been satisfied.

(6) On and after January 1, 2005, this act shall be null, void and of no force and effect. This act shall be null, void and of no force and effect upon the expiration or termination of the Snake River Flow Component of the Snake River Water Rights Agreement of 2004. In addition, it is the intent of the legislature to consider the repeal of this section in the event that any of the provisions of the Snake River Flow Component of the Snake River Water Rights Agreement of 2004 are modified or declared arbitrary, capricious or otherwise unlawful or set aside by any federal court or there is a finding of jeopardy by any federal court in regard to any biological opinions for projects operated by the U.S. bureau of reclamation in the Snake River basin in Idaho.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and retroactively to January 1, 2005.

AN ACT
RELATING TO SENTENCING IN CAPITAL CASES; AMENDING SECTION 19-2515, IDAHO CODE, TO REVISE LANGUAGE APPLICABLE TO STATUTORY AGGRAVATING CIRCUMSTANCES RELATED TO A DEFENDANT'S CONDUCT.

Be it Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 19-2515, Idaho Code, be, and the same is hereby amended to read as follows:

19-2515. SENTENCE IN CAPITAL CASES -- SPECIAL SENTENCING PROCEEDING -- STATUTORY AGGRAVATING CIRCUMSTANCES -- SPECIAL VERDICT OR WRITTEN FINDINGS. (1) Except as provided in section 19-2515A, Idaho Code, a person convicted of murder in the first degree shall be liable for the imposition of the penalty of death if such person killed, intended a killing, or acted with reckless indifference to human life, irrespective of whether such person directly committed the acts that caused death.

(2) Where a person is sentenced to serve a term in the penitentiary, after conviction of a crime which falls within the provisions of section 20-223, Idaho Code, except in cases where the court retains jurisdiction, the comments and arguments of the counsel for the state and the defendant relative to the sentencing and the comments of the judge relative to the sentencing shall be recorded. If the comments are recorded electronically, they need not be transcribed. Otherwise, they shall be transcribed by the court reporter.

(3) Where a person is convicted of an offense which may be punishable by death, a sentence of death shall not be imposed unless:
   (a) A notice of intent to seek the death penalty was filed and served as provided in section 18-4004A, Idaho Code; and
   (b) The jury, or the court if a jury is waived, finds beyond a reasonable doubt at least one (1) statutory aggravating circumstance. Where a statutory aggravating circumstance is found, the defendant shall be sentenced to death unless mitigating circumstances which may be presented are found to be sufficiently compelling that the death penalty would be unjust. The jury shall not direct imposition of a sentence of death unless it unanimously finds at least one (1) statutory aggravating circumstance and unanimously determines that the penalty of death should be imposed.

(4) Notwithstanding any court rule to the contrary, when a defendant is adjudicated guilty of murder in the first degree, whether by acceptance of a plea of guilty, by verdict of a jury, or by decision of the trial court sitting without a jury, no presentence investigation shall be conducted; provided however, that if a special sentencing proceeding is not held or if a special sentencing proceeding is held but no statutory aggravating circumstance has been proven beyond a reasonable doubt, the court may order that a presentence investigation be conducted.

(5) (a) If a person is adjudicated guilty of murder in the first degree, whether by acceptance of a plea of guilty, by verdict of a jury, or by decision of the trial court sitting without a jury, and
a notice of intent to seek the death penalty was filed and served as provided in section 18-4004A, Idaho Code, a special sentencing proceeding shall be held promptly for the purpose of hearing all relevant evidence and arguments of counsel in aggravation and mitigation of the offense. Information concerning the victim and the impact that the death of the victim has had on the victim's family is relevant and admissible. Such information shall be designed to demonstrate the victim's uniqueness as an individual human being and the resultant loss to the community by the victim's death. Characterizations and opinions about the crime, the defendant and the appropriate sentence shall not be permitted as part of any victim impact information. The special sentencing proceeding shall be conducted before a jury unless a jury is waived by the defendant with the consent of the prosecuting attorney.

(b) If the defendant's guilt was determined by a jury verdict, the same jury shall hear the special sentencing proceeding; provided however, that if it is impracticable to reconvene the same jury to hear the special sentencing proceeding due to an insufficient number of jurors, the trial court may dismiss that jury and convene a new jury of twelve (12) persons, plus alternate jurors as the trial court deems necessary pursuant to section 19-1904, Idaho Code.

(c) If the defendant's guilt was determined by a plea of guilty or by a decision of the trial court sitting without a jury, or if a retrial of the special sentencing proceeding is necessary for any reason including, but not limited to, a mistrial in a previous special sentencing proceeding or as a consequence of a remand from an appellate court, the trial court shall impanel a jury of twelve (12) persons, plus alternate jurors as the trial court deems necessary pursuant to section 19-1904, Idaho Code, unless such jury is waived.

(d) If a special sentencing proceeding is conducted before a newly impaneled jury pursuant to the provisions of subsection (5)(b) or (5)(c) of this section, the state and the defense may present evidence to inform the jury of the nature and circumstances of the murder for which the defendant was convicted. The newly impaneled jury shall be instructed that the defendant has previously been found guilty of first-degree murder and that the jury's purpose is limited to making findings relevant for sentencing.

(6) At the special sentencing proceeding, the state and the defendant shall be entitled to present all relevant evidence in aggravation and mitigation. Disclosure of evidence to be relied on in the sentencing proceeding shall be made in accordance with Idaho criminal rule 16. Evidence admitted at trial shall be considered and need not be repeated at the sentencing hearing.

(7) The jury shall be informed as follows:

(a) If the jury finds that a statutory aggravating circumstance exists and no mitigating circumstances exist which would make the imposition of the death penalty unjust, the defendant will be sentenced to death by the court.

(b) If the jury finds the existence of a statutory aggravating circumstance but finds that the existence of mitigating circumstances makes the imposition of the death penalty unjust or the jury cannot unanimously agree on whether the existence of mitigating circumstances makes the imposition of the death penalty unjust, the defendant will be sentenced to a term of life imprisonment without
the possibility of parole; and
(c) If the jury does not find the existence of a statutory aggravating circumstance or if the jury cannot unanimously agree on the existence of a statutory aggravating circumstance, the defendant will be sentenced by the court to a term of life imprisonment with a fixed term of not less than ten (10) years.

(8) Upon the conclusion of the evidence and arguments in mitigation and aggravation:
(a) With regard to each statutory aggravating circumstance alleged by the state, the jury shall return a special verdict stating:
   (i) Whether the statutory aggravating circumstance has been proven beyond a reasonable doubt; and
   (ii) If the statutory aggravating circumstance has been proven beyond a reasonable doubt, whether all mitigating circumstances, when weighed against the aggravating circumstance, are sufficiently compelling that the death penalty would be unjust.
(b) If a jury has been waived, the court shall:
   (i) Make written findings setting forth any statutory aggravating circumstance found beyond a reasonable doubt;
   (ii) Set forth in writing any mitigating circumstances considered; and
   (iii) Upon weighing all mitigating circumstances against each statutory aggravating circumstance separately, determine whether mitigating circumstances are found to be sufficiently compelling that the death penalty would be unjust and detail in writing its reasons for so finding.

(9) The following are statutory aggravating circumstances, at least one (1) of which must be found to exist beyond a reasonable doubt before a sentence of death can be imposed:
(a) The defendant was previously convicted of another murder.
(b) At the time the murder was committed the defendant also committed another murder.
(c) The defendant knowingly created a great risk of death to many persons.
(d) The murder was committed for remuneration or the promise of remuneration or the defendant employed another to commit the murder for remuneration or the promise of remuneration.

(g) The murder was committed in the perpetration of, or attempt to perpetrate, arson, rape, robbery, burglary, kidnapping or mayhem and the defendant killed, intended a killing, or acted with reckless indifference to human life.
(h) The defendant, by prior his conduct, or whether such conduct in was before, during or after the commission of the murder at hand, has exhibited a propensity to commit murder which will probably constitute a continuing threat to society.
(i) The murder was committed against a former or present peace officer, executive officer, officer of the court, judicial officer or prosecuting attorney because of the exercise of official duty or because of the victim's former or present official status.
(j) The murder was committed against a witness or potential witness in a criminal or civil legal proceeding because of such proceeding.

AN ACT
RELATING TO DOMESTIC VIOLENCE; AMENDING SECTION 18-918, IDAHO CODE, TO MAKE A GRAMMATICAL CHANGE, TO REVISE THE INTENT REQUIRED TO COMMIT A DOMESTIC BATTERY AND TO MAKE TECHNICAL CORRECTIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 18-918, Idaho Code, be, and the same is hereby amended to read as follows:

18-918. DOMESTIC VIOLENCE. (1) For the purpose of this section:
(a) "Household member" means a person who is a spouse, former spouse, or a person who has a child in common regardless of whether they have been married or a person with whom a person is cohabiting, whether or not they have married or have held themselves out to be husband or wife.
(b) "Traumatic injury" means a condition of the body, such as a wound or external or internal injury, whether of a minor or serious nature, caused by physical force.
(2) (a) Any household member who commits in committing a battery, as defined in section 18-903, Idaho Code, and with intent inflicts a traumatic injury upon any other household member is guilty of a felony.
(b) A conviction of felony domestic battery is punishable by imprisonment in the state prison for a term not to exceed ten (10) years or by a fine not to exceed ten thousand dollars ($10,000) or by both fine and imprisonment.
(3) (a) A household member who commits an assault, as defined in section 18-901, Idaho Code, against another household member which does not result in traumatic injury is guilty of a misdemeanor domestic assault.
(b) A household member who commits a battery, as defined in section 18-903, Idaho Code, against another household member which does not result in traumatic injury is guilty of a misdemeanor domestic battery.
(c) A first conviction under this subsection (3) is punishable by a fine not exceeding one thousand dollars ($1,000) or by imprisonment in a county jail not to exceed six (6) months, or both. Any person who pleads guilty to or is found guilty of a violation of this subsection (3) who previously has pled guilty to or been found guilty of a violation of this subsection (3), or of any substantially conforming foreign criminal violation, notwithstanding the form of the judgment or withheld judgment, within ten (10) years of the first conviction, shall be guilty of a misdemeanor and shall be punished by imprisonment in the county jail for a term not to exceed one (1) year or by a fine not exceeding two thousand dollars ($2,000) or by both fine and imprisonment. Any person who pleads guilty to or is found guilty of a violation of this subsection (3) who previously has pled guilty to or been found guilty of two (2) violations of this subsection (3), or of any substantially conforming foreign
criminal violation or any combination thereof, notwithstanding the
form of the judgment or withheld judgment, within fifteen (15) years
of the first conviction, shall be guilty of a felony and shall be
punished by imprisonment in the state prison for a term not to
exceed five (5) years or by a fine not to exceed five thousand dol-
ars ($5,000) or by both fine and imprisonment.
(4) The maximum penalties provided in this section shall be doubled
where the act of domestic assault or battery for which the person is
convicted or pleads guilty took place in the presence of a child. For
purposes of this section, "in the presence of a child" means in the
physical presence of a child or knowing that a child is present and may
see or hear an act of domestic assault or battery. For purposes of this
section, "child" means a person under sixteen (16) years of age.
(5) Notwithstanding any other provisions of this section, any per-
son who previously has pled guilty to or been found guilty of a felony
violation of the provisions of this section or of any substantially con-
forming foreign criminal felony violation, notwithstanding the form of
the judgment or withheld judgment, and who within fifteen (15) years
pleads guilty to or is found guilty of any further violation of this
section, shall be guilty of a felony and shall be punished by imprison-
ment in the state prison for a term not to exceed ten (10) years or by a
fine not to exceed ten thousand dollars ($10,000), or by both such fine
and imprisonment.
(6) For the purposes of this section, a substantially conforming
foreign criminal violation exists when a person has pled guilty to or
been found guilty of a violation of any federal law or law of another
state, or any valid county, city or town ordinance of another state,
substantially conforming with the provisions of this section. The deter-
mination of whether a foreign criminal violation is substantially con-
forming is a question of law to be determined by the court.
(7) (a) Any person who pleads guilty to or is found guilty of a
violation of this section shall undergo, at the person's own
expense, an evaluation by a person, agency or organization approved
by the court in accordance with subsection paragraph (c) of this
subsection to determine whether the defendant should be required to
obtain aggression counseling or other appropriate treatment. Such
evaluation shall be completed prior to the sentencing date if the
court's list of approved evaluators, in accordance with subsection
paragraph (c) of this subsection, contains evaluators who are able
to perform the evaluation prior to the sentencing dates. If the
evaluation recommends counseling or other treatment, the evaluation
shall recommend the type of counseling or treatment considered
appropriate for the defendant, together with the estimated costs
thereof, and shall recommend any other suitable alternative counsel-
ing or treatment programs, together with the estimated costs
thereof. The defendant shall request that a copy of the completed
evaluation be forwarded to the court. The court shall take the eval-
uation into consideration in determining an appropriate sentence. If
a copy of the completed evaluation has not been provided to the
court, the court may proceed to sentence the defendant; however, in
such event, it shall be presumed that counseling is required unless
the defendant makes a showing by a preponderance of evidence that
counseling is not required. If the defendant has not made a good
faith effort to provide the completed copy of the evaluation to the
court, the court may consider the failure of the defendant to provide the report as an aggravating circumstance in determining an appropriate sentence. If counseling or other treatment is ordered, in no event shall the person, agency or organization doing the evaluation be the person, agency or organization that provides the counseling or other treatment unless this requirement is waived by the sentencing court, with the exception of federally recognized Indian tribes or federal military installations, where diagnosis and treatment are appropriate and available. Nothing herein contained shall preclude the use of funds authorized for court-ordered counseling or treatment pursuant to this section for indigent defendants as provided by law. In the event that funding is provided for or on behalf of the defendant by a governmental entity, the defendant shall be ordered to make restitution to such governmental entity in accordance with the restitution procedure for crime victims, as specified under chapter 53, title 19, Idaho Code.

(b) If the evaluation recommends counseling or other treatment, the court shall order the person to complete the counseling or other treatment in addition to any other sentence which may be imposed. If the court determines that counseling or treatment would be inappropriate or undesirable, the court shall enter findings articulating the reasons for such determination on the record. The court shall order the defendant to complete the preferred counseling or treatment program set forth in the evaluation, or a comparable alternative, unless it appears that the defendant cannot reasonably obtain adequate financial resources for such counseling or treatment. In that event, the court may order the defendant to complete a less costly alternative set forth in the evaluation or a comparable program. Nothing contained in this subsection shall be construed as requiring a court to order that counseling or treatment be provided at government expense unless otherwise required by law.

(c) Each judicial district shall by rule establish a uniform system for the qualification and approval of persons, agencies or organizations to perform the evaluations required in this subsection. Only qualified evaluators approved by the court shall be authorized to perform such evaluations. Funds to establish a system for approval of evaluators shall be derived from moneys designated therefor and deposited in the district court fund as provided in section 31-3201A(q), Idaho Code.

(d) Counseling or treatment ordered pursuant to this section shall be conducted according to standards established or approved by the Idaho council on domestic violence.

Approved March 28, 2005.

SECTION 1. That Section 72-432, Idaho Code, be, and the same is hereby amended to read as follows:

72-432. MEDICAL SERVICES, APPLIANCES AND SUPPLIES -- REPORTS. (1) Subject to the provisions of section 72-706, Idaho Code, the employer shall provide for an injured employee such reasonable medical, surgical or other attendance or treatment, nurse and hospital services, medicines, crutches and apparatus, as may be reasonably required by the employee's physician or needed immediately after an injury or manifestation of an occupational disease, and for a reasonable time thereafter. If the employer fails to provide the same, the injured employee may do so at the expense of the employer.

(2) The employer shall also furnish necessary replacements or repairs of appliances and prostheses, unless the need therefor is due to lack of proper care by the employee. If the appliance or prosthesis is damaged or destroyed in an industrial accident, the employer, for whom the employee was working at the time of accident, will be liable for replacement or repair, but not for any subsequent replacement or repair not directly resulting from the accident.

(3) In addition to the income benefits otherwise payable, the employee who is entitled to income benefits shall be paid an additional sum in an amount as may be determined by the commission as by it deemed
necessary, as a medical service, when the constant service of an attendant is necessary by reason of total blindness of the employee or the loss of both hands or both feet or the loss of use thereof, or by reason of being paralyzed and unable to walk, or by reason of other disability resulting from the injury or disease actually rendering him so helpless as to require constant attendance. The commission shall have authority to determine the necessity, character and sufficiency of any medical services furnished or to be furnished and shall have authority to order a change of physician, hospital or rehabilitation facility when in its judgment such change is desirable or necessary.

(4) (a) The employee upon reasonable grounds, may petition the commission for a change of physician to be provided by the employer; however, the employee must give written notice to the employer or surety of the employee's request for a change of physicians to afford the employer the opportunity to fulfill its obligations under this section. If proper notice is not given, the employer shall not be obligated to pay for the services obtained. Nothing in this section shall limit the attending physician from arranging for consultation, referral or specialized care without permission of the employer. Upon receiving such written notice, the employer shall render its written decision on the claimant's request within fourteen (14) days. If any dispute arises over the issue of a request for change of physician, the industrial commission shall conduct an expedited hearing to determine whether or not the request for change of physician should be granted, and shall render a decision within fourteen (14) days after the filing of the response by the employer.

(b) The industrial commission shall, no later than December 31, 1997, promulgate a rule for the expeditious handling of a petition for change of physician pursuant to this section. Nothing herein shall prevent the commission from making periodic amendments, as may become necessary, to any rule for a petition for change of physician.

(5) Any employee who seeks medical care in a manner not provided for in this section, or as ordered by the industrial commission pursuant to this section, shall not be entitled to reimbursement for costs of such care.

(6) An employee shall not be responsible for charges of physicians, hospitals or other providers of medical services to whom he has been referred for treatment of his injury or occupational disease by an employer designated physician or by the commission, except for charges for personal items or extended services which the employee has requested for his convenience and which are not required for treatment of his injury or occupational disease.

(9) The commission shall promulgate rules requiring physicians and
other practitioners providing treatment to make regular reports to the commission containing such information as may be required by the commission. The commission shall promulgate such rules with the counsel, advice, cooperation and expertise of representatives of industry, labor, sureties and the legal and medical professions as well as institutions, hospitals and clinics having physical rehabilitation facilities.

(10) All medical information relevant to or bearing upon a particular injury or occupational disease shall be provided to the employer, surety, manager of the industrial special indemnity fund, or their attorneys or authorized representatives, the claimant, the claimant's attorneys or authorized representatives, or the commission without liability on the part of the physician, hospital or other provider of medical services and information developed in connection with treatment or examination for an injury or disease for which compensation is sought shall not be privileged communication. When a physician or hospital willfully fails to make a report required under this section, after written notice by the commission that such report is due, the commission may order forfeiture of all or part of payments due for services rendered in connection with the particular case. An attorney representing the employer, surety, claimant or industrial special indemnity fund shall have the right to confer with any health care provider without the presence of the opposing attorney, representative or party, except for a health care provider who is retained only as an expert witness.

(11) Physicians or others providing services under this section shall assist in the rehabilitation program provided in section 72-501A, Idaho Code. They shall cooperate with specialists from the commission's rehabilitation staff and with employer rehabilitation personnel in furthering the physical or vocational rehabilitation of the employee. The extension of total temporary disability benefits during retraining as authorized by section 72-450, Idaho Code, shall be the responsibility of the commission, however, the physician shall inform the commission as soon as it is medically apparent that the employee may be unable to return to the job in which he sustained injury or occupational disease following treatment and maximum recovery.

(12) An injured employee shall be reimbursed for his expenses of necessary travel in obtaining medical care under this section. Reimbursement for transportation expenses, if the employee utilizes a private vehicle, shall be at the mileage rate allowed by the state board of examiners for state employees; provided however, that the employee shall not be reimbursed for the first fifteen (15) miles of any round trip, nor for traveling any round trip of fifteen (15) miles or less. Such distance shall be calculated by the shortest practical route of travel.

(13) An employee who leaves the locality where employed at the time of the industrial accident, or manifestation of an occupational disease, or the locality in which the employee is currently receiving medical treatment for the injury, shall give timely notice to the employer and surety of the employee's leaving the locality. The employer or surety may require the claimant to report to the treating physician for examination prior to leaving the locality, if practical. If an examination by the treating physician is not practical prior to leaving the locality, the employer or surety may assist in arranging an examination by an appropriate physician in the new locality. After receiving notice of relocation, the employer or surety shall have the same responsibility to furnish care as set forth in subsection (1) of this section.

(2) When compensation discontinued. When payments of compensation have been made and thereafter discontinued, the claimant shall have five (5) years from the date of the accident causing the injury or date of first manifestation of an occupational disease within which to make and file with the commission an application requesting a hearing for further compensation and award.

(3) When income benefits discontinued. If income benefits have been paid and discontinued more than four (4) years from the date of the accident causing the injury or the date of first manifestation of an occupational disease, the claimant shall have one (1) year from the date of the last payment of income benefits within which to make and file with the commission an application requesting a hearing for additional income benefits.

(4) Medical benefits. The payment of medical benefits beyond five (5) years from the date of the accident causing the injury or the date of first manifestation of an occupational disease shall not extend the time for filing a claim or an application requesting a hearing for additional income benefits as provided in this section.

(5) Right to medical benefits not affected. The provisions of this section shall not affect a claimant under circumstances provided in subsection (1) of this section, the claimant's right to medical benefits under the provisions of section 72-432(1), Idaho Code, shall not be otherwise barred by this section.

Within five (5) days after the filing of an application, the sheriff shall forward the application and fingerprints to the Idaho state police for a records check of state and national files. The Idaho state police shall conduct a national fingerprint-based records check and return the results to the sheriff within seventy-five (75) days. The sheriff shall not issue a license before receiving the results of the records check and must deny a license if the applicant is disqualified under any of the criteria listed in paragraphs (a) through (n) of subsection (1) of this section.

The license will be in a form substantially similar to that of the Idaho driver's license. It will bear the signature, name, address, date of birth, picture of the licensee, expiration date and the driver's license number or state identification card number of the licensee if used for identification in applying for the license. Upon issuing a license under the provisions of this section, the sheriff will notify the Idaho state police on a form or in a manner prescribed by the state police. Information relating to an applicant

The sheriff may collect any additional fees necessary to cover the cost of processing fingerprints lawfully required by any state or federal agency or department, and the cost of materials for the license lawfully required by any state agency or department, which costs shall be paid to the state.

(3) The fee for renewal of the license shall be twelve dollars ($12.00). The sheriff may collect any additional fees necessary to cover the processing costs lawfully required by any state or federal agency or department, and the cost of materials for the license lawfully required by any state agency or department, which costs shall be paid to the state. If a licensee applying for renewal has not previously been required to submit fingerprints, the sheriff shall require the licensee to do so and may collect any additional fees necessary to cover the cost of processing fingerprints lawfully required by any state or federal agency or department.

(4) A licensee may renew a license if the licensee applies for renewal at any time before or within ninety (90) days after the expiration date of the license. The sheriff shall require the licensee applying for renewal to complete an application. The sheriff shall submit the application to the Idaho state police for a records check of state and national databases. The Idaho state police shall conduct the records check and return the results to the sheriff within thirty (30) days. The sheriff shall not issue a renewal before receiving the results of the records check and must deny a license if the applicant is disqualified under any of the criteria listed in subsection (1), paragraphs (a) through (n) of this section. A renewal license shall be valid for a period of four (4) years. A license so renewed shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license shall pay a late renewal penalty of ten dollars ($10.00) in addition to the renewal fee. The fee shall be paid to the sheriff for the purpose of enforcing the provisions of this chapter.

(6) A city, county or other political subdivision of this state shall not modify the requirements of this section, nor may a political subdivision ask the applicant to voluntarily submit any information not required in this section. A civil action may be brought to enjoin a wrongful refusal to issue a license or a wrongful modification of the requirements of this section. The civil action may be brought in the county in which the application was made or in Ada county at the discretion of the petitioner. Any person who prevails against a public agency in any action in the courts for a violation of subsections (1) through (5) of this section, shall be awarded costs, including reasonable attorney's fees incurred in connection with the legal action.

(7) Except in the person's place of abode or fixed place of business, a person shall not carry a concealed weapon without a license to

(10) In implementing the provisions of this section, the sheriff shall make applications readily available at the office of the sheriff or at other public offices in his jurisdiction.

(11) The sheriff of a county may issue a license to carry a concealed weapon to those individuals between the ages of eighteen (18) and twenty-one (21) years who in the judgment of the sheriff warrants the issuance of the license to carry a concealed weapon. Such issuance shall be subject to limitations which the issuing authority deems appropriate. Licenses issued to individuals between the ages of eighteen (18) and twenty-one (21) shall be easily distinguishable from regular licenses.

(13) When issuing a license pursuant to this section, the sheriff may require the applicant to demonstrate familiarity with a firearm by any of the following, provided the applicant may select which one:
(a) Completion of any hunter education or hunter safety course approved by the department of fish and game or a similar agency of another state; or
(b) Completion of any national rifle association firearms safety or training course, or any national rifle association hunter education course; or

(14) A person carrying a concealed weapon in violation of the provisions of this section shall be guilty of a misdemeanor.

(15) The sheriff of the county where the license was issued or the sheriff of the county where the person resides shall have the power to revoke a license subsequent to a hearing in accordance with the provisions of chapter 52, title 67, Idaho Code, for any of the following reasons:
(a) Fraud or intentional misrepresentation in the obtaining of a license; or
(b) Misuse of a license, including lending or giving a license to another person, or duplicating a license, or using a license with the intent to unlawfully cause harm to a person or property; or

(16) A person twenty-one (21) years of age or older issued a license to carry a concealed weapon or a license renewal on or after July 1, 1995, is exempt from any requirement to undergo a records check at the time of purchase or transfer of a firearm from a federally licensed firearms dealer. However, a temporary emergency license issued under subsection (5) of this section shall not exempt the holder of the license from any records check requirement. Temporary emergency licenses shall be easily distinguishable from regular licenses.

may begin, and all construction shall be in compliance therewith. Within thirty (30) days of the completion of such construction, modification or expansion, complete and accurate plans and specifications depicting that actual construction, modification or expansion does not deviate from the original approved plans and specifications, shall be submitted to the department. All plans and specifications submitted to satisfy the requirements of this section shall be certified by registered professional engineers.

(2) That portion of a new ore-processing facility, or a modification or expansion of an existing ore-processing facility, which utilizes cyanidation and is intended to contain, treat or dispose process water or process-contaminated water containing cyanide

(a) A cyanidation facility shall not be constructed, operated, or closed prior to a permit being obtained from the department.
(b) Within one hundred eighty (180) days after the receipt of a complete permit application, the director shall deliver to the operator, the notice of rejection or notice of approval of the permit, as the case may be, provided however, that, subject to the provisions of subsection (3) of this section, if the director fails to deliver a notice of approval or notice of rejection within the time period, the permit submitted shall be deemed to comply with this chapter, and the operator may commence to build, operate or close the cyanidation facility covered by the permit, as the case may be, as if a notice of approval of the permit had been received from the director. Provided however, that if weather conditions prevent the director from inspecting the cyanidation facility to obtain information needed to approve or reject a submitted permit, the director may, in writing to the operator, extend the time not to exceed thirty (30) days after weather conditions permit such inspection.
(c) The operator may require a reasonable fee for processing permit applications; and financial assurance for permanent closure of a new ore-processing facility, or a modification or expansion to an existing ore-processing facility.

(3) An existing facility which utilizes cyanidation water or process-contaminated water containing cyanide shall not be subject to the provisions of subsections (1) and (2) of this section if such facility shall be registered by the owner or operator using a form provided by the department. Failure to register an existing facility shall subject such facility to the provisions of subsections (1) and (2) of this section:

(a) Prior to the effective date of rules promulgated under chapter 15, title 47, Idaho Code, the department is authorized to issue a permit under subsection (2) of this section if the cyanidation facility has provided financial assurance under the provisions of IDAPA 58.01.13 in an amount determined by the department to be the estimated reasonable costs to complete the activities specified in the permanent closure plan required in IDAPA 58.01.13, in the event of the failure of an operator to complete those activities, plus ten percent (10%) of such costs. In setting the amount of financial assurance, the department shall avoid duplication with any financial assurance, bonds and sureties deposited with other governmental agencies.
(b) After the effective date of rules promulgated under chapter 15, title 47, Idaho Code, the department shall not issue a permit under
subsection (2) of this section unless the cyanidation facility has satisfied the financial assurance requirements of chapter 151, title 47, Idaho Code, relating to ore processing by cyanidation.

(4) A cyanidation facility with an existing permit approved by the department prior to July 1, 2005, shall be subject to the applicable laws and rules for ore processing by cyanidation in effect on June 30, 2005. If there is a material modification or a material expansion of a cyanidation facility after June 30, 2005, all provisions of this chapter shall apply to the modification or expansion; provided however, that reclamation or closure related activities at a facility with an existing cyanidation permit approved by the department that did not actively add cyanide after January 1, 2005, shall not be considered to be material modifications or a material expansion of the facility.

(5) The department shall promulgate temporary rules by August 1, 2005, to implement the provisions of this act; however, no rulemaking is necessary, nor shall be required, to increase the amount of financial assurance provided by the department's interim authority under subsection (3)(a) of this section.

SECTION 8. That Section 47-1507, Idaho Code, be, and the same is hereby amended to read as follows:

47-1507. RECLAMATION PLAN -- APPROVAL OR REJECTION BY BOARD -- HEARING. (a) Upon determination by the board that a reclamation or permanent closure plan or any amended plan submitted by an operator meets the requirements of this act chapter, the board shall deliver to the operator, in writing, a notice of approval of such reclamation plan, and thereafter said plan shall govern and determine the nature and extent of the reclamation obligations of the operator for compliance with this act chapter, with respect to the mine panel or cyanidation facility for
which the plan was submitted.

(b) If the board determines that a reclamation or permanent closure plan or amended plan fails to fulfill the requirements of this act chapter, it shall deliver to the operator, in writing, a notice of rejection of the reclamation plan and shall set forth in said notice of rejection the reasons for such rejection, the factual findings upon which such rejection is based, the manner in which the plan fails to fulfill said requirements, and the requirements necessary to comply with this act chapter. Upon receipt of said notice of rejection, said operator may submit amended plans. Upon further determination by the board that the amended plan still does not fulfill the requirements of said section, it shall deliver to the operator, in writing, a notice of rejection of the amended reclamation plan in the same form as set out above.

(c) Weather permitting, the board shall deliver to the operator within sixty (60) days after the receipt of any reclamation plan or amended reclamation plan, or within one hundred eighty (180) days after the receipt of any permanent closure plan or amended permanent closure plan the notice of rejection or notice of approval of said plan, as the case may be, provided, however, that if the board fails to deliver a notice of approval or notice of rejection within said time period, the plan submitted shall be deemed to comply with this act chapter, and the operator may commence and conduct his surface mining operations on the mine panel or operate the cyanidation facility covered by such plan as if a notice of approval of said plan had been received from the board; provided, however, that if weather conditions prevent the board from inspecting the mine panel or cyanidation facility to obtain information needed to approve or reject a submitted plan, it may, in writing to the operator, extend the time not to exceed thirty (30) days after weather conditions permit such inspection.

(d) For the purpose of determining whether a proposed reclamation plan or amended or supplemental reclamation plan complies with the requirements of this act chapter, the board may, in its discretion, call for a public hearing. The hearing shall be held under such rules as promulgated by the board. Any interested person may appear at the hearing and give testimony. At the discretion of the board, the director may conduct the hearing and transmit a summary thereof to the board. Any hearing held shall not extend the period of time limit in which the board must act on a plan submitted.

SECTION 9. That Section 47-1508, Idaho Code, be, and the same is hereby amended to read as follows:

47-1508. AMENDED RECLAMATION PLAN -- SUPPLEMENTAL PLAN -- SUBMISSION. (a) In the event that a material change in circumstances arises which the operator, or the board, believes requires a change in an approved reclamation plan, including any amended reclamation plan, then the operator shall submit to the board a supplemental plan setting forth the proposed changes and the board shall likewise set forth its proposed changes and stating the reasons therefor. Upon determination by the board that a supplemental reclamation plan or any amended supplemental plan submitted by the operator meets the requirements of this act chapter, it shall deliver to the operator, in writing, a notice of approval of said supplemental plan, and thereafter said supplemental plan shall govern and determine the nature and extent of the reclamation obliga-
tions of the operator for compliance with respect to the mine panel or cyanidation facility for which the plan was submitted.

(b) If the board determines that a supplemental reclamation plan fails to fulfill the requirements of this act chapter, it shall deliver to the operator, in writing, a notice of rejection of the supplemental reclamation plan and shall set forth in said notice of rejection the manner in which said plan fails to fulfill said requirements and shall stipulate the corrective requirements necessary to comply with said sections. Upon receipt of said notice of rejection, the operator may submit amended supplemental plans. Upon further determination by the board that an amended supplemental plan does not fulfill the requirements of said sections, it shall deliver to the operator, in writing, a notice of rejection of amended supplemental plan, and shall set forth in said notice of rejection the manner in which such amended supplemental plan fails to fulfill said requirements, and shall stipulate the requirements necessary to comply with said sections.

(c) The board shall, weather permitting, deliver to the operator within sixty (60) days after the receipt of any supplemental reclamation plan or amended supplemental reclamation plan, or within one hundred eighty (180) days after the receipt of any supplemental permanent closure plan or amended supplemental permanent closure plan, the notice of rejection, setting forth in detail the reasons for such rejection and the factual findings upon which such rejection is based, or notice of approval of said plan as the case may be, provided, however, that if the board fails to deliver a notice of approval or notice of rejection within said time period, the plan submitted shall be deemed to comply with this act chapter and the operator may commence and conduct or continue, as the case may be, his surface mining operations or operate the cyanidation facility as if a notice of approval of said plan had been received from the board. If weather conditions prevent the board from inspecting the mine panel or cyanidation facility to obtain information needed to approve or reject a submitted plan, it may, in writing to the operator, extend the time not to exceed thirty (30) days after weather conditions permit such inspection.

(d) If an operator determines that unforeseen events or unexpected conditions require immediate changes in or additions to an approved reclamation or permanent closure plan, the operator may continue surface mining operations in accordance with the procedures dictated by the changed conditions, pending submission and approval of a supplemental plan, even though such operations do not comply with the approved plan, provided, however, that nothing herein stated shall be construed to excuse the operator from complying with the reclamation requirements of sections 47-1509 and 47-1510, Idaho Code, of this act chapter or from the applicable closure requirements of a permit issued under section 39-118A, Idaho Code. Notice of such unforeseen events or unexpected conditions shall be given to the board within ten (10) days after discovery thereof, and a proposed supplemental plan shall be submitted within thirty (30) days after discovery thereof.

SECTION 10. That Section 47-1512, Idaho Code, be, and the same is hereby amended to read as follows:

47-1512. PERFORMANCE BOND -- REQUISITES. (a) Prior to conducting any surface mining operations on a mine panel covered by an approved
reclamation plan or operating a cyanidation facility covered by an approved permanent closure plan, an operator shall submit to the board a bond meeting the requirements of this section.

(1) The penalty of the initial reclamation bond filed prior to conducting any surface mining operations on a mine panel shall be in an amount determined by the board to be the estimated reasonable costs of reclamation required in this chapter, in the event of failure to reclaim by an operator, of affected lands proposed to be mined during the next calendar year plus ten percent (10%) of such costs as to the acreage of affected land designated by the operator pursuant to section 47-1506(a)(1)(vi), Idaho Code, and subsection (b) of this section.

(2) The penalty of the initial permanent closure bond filed prior to operating a cyanidation facility shall be in an amount determined by the board to be the estimated reasonable costs to complete the activities specified in the permanent closure plan required in this chapter, in the event of the failure of an operator to complete those activities, plus ten percent (10%) of such costs. In setting the bond amount, the board shall avoid duplication with bonds and sureties deposited with other governmental agencies.

(3) The determination of the bond amount shall constitute a final decision subject to judicial review as set forth in subsection (a) of section 47-1514, Idaho Code. In lieu of any bond required hereunder, the operator may deposit cash and governmental securities with the board, in an amount equal to that of the required bond, on the conditions as prescribed in this section.

(b) Prior to the time that lands designated to become affected lands on a mine panel, in addition to those designated pursuant to section 47-1506(a)(1)(vi), Idaho Code, become affected land, the operator shall submit to the board a bond meeting the requirements of section 47-1512(c), Idaho Code, and the penalty of such bond shall be in the amount necessary to insure the performance of the duties of the operator under this act chapter as to such affected lands actually proposed to be mined within the next calendar year. If additional acreage is subsequently proposed to be mined by an operator, the penalty of such bond shall be in an amount determined by the board to be the estimated reasonable costs of reclamation required by this chapter, in the event of failure to reclaim by an operator, of affected lands proposed to be mined during the next calendar year plus ten percent (10%) of such costs.

(c) Except as provided in this subsection, no bond for reclamation submitted pursuant to this act chapter shall exceed two thousand five hundred dollars ($2,500) for any given acre of such affected land. The board may require a bond in excess of two thousand five hundred dollars ($2,500) for any given acre of affected land only when the following conditions have been met:

(1) The board has determined that such bond is necessary to meet the requirements of sections 47-1506, 47-1509, 47-1510 and 47-1511, Idaho Code.

(2) The board has delivered to the operator, in writing, a notice setting forth the reasons it believes such bond is necessary.

(3) The board has conducted a hearing where the operator is allowed to give testimony to the board concerning the amount of the proposed bond. The hearing shall be held under such rules as promulgated by
the board. This requirement for a hearing may be waived, in writing, by the operator. Any hearing held shall not at the discretion of the director, extend the period of time, limit up to thirty (30) days, in which the board must act on a plan submitted.

(d) Except as provided in this subsection, no bond submitted for permanent closure of a cyanidation facility pursuant to this chapter shall exceed five million dollars ($5,000,000). The board may require a bond in excess of five million dollars ($5,000,000) for a cyanidation facility only when the following conditions have been met:

(1) The board has determined that such bond is necessary to meet the requirements of this chapter.

(2) The board has delivered to the operator, in writing, a notice setting forth the reasons it believes such bond is necessary.

(3) The board has conducted a hearing where the operator is allowed to give testimony to the board concerning the amount of the proposed bond. The hearing shall be held under such rules as promulgated by the board. This requirement for a hearing may be waived, in writing, by the operator. Any hearing held shall, at the discretion of the director, extend the time, up to sixty (60) days, in which the board must act on the permanent closure plan submitted.

(e) Any bond required under this act chapter to be filed and maintained with the board shall be in such form as the board prescribes, payable to the state of Idaho, conditioned that the operator shall faithfully perform all requirements of this act chapter and comply with all rules of the board in effect as of the date of approval of the reclamation plan approved for said lands made in accordance with the provisions of this act chapter. An operator may at any time file a single bond in lieu of separate bonds filed or to be filed pursuant to this act chapter, provided that the penalty of such single bond shall be equal to the total of the penalties of the separate bonds being combined into a single bond. Further, any bond provided to an entity of the federal government another governmental agency that also meets the requirements in this section shall be deemed to be sufficient surety for the purposes of this act chapter.

(ef) A bond filed as above prescribed shall not be canceled by the surety, except after not less than ninety (90) days' notice to the board. Upon failure of the operator to make substitution of surety prior to the effective date of cancellation of the bond or within thirty (30) days following notice of cancellation by the board, whichever is later, the board shall have the right to issue a cease and desist order and seek injunctive relief to stop the operator from conducting operations upon the lands covered by such bond until such substitution has been made.

(fg) If the license to do business in this state of any surety, upon a bond filed with the board pursuant to this act chapter, shall be suspended or revoked, the operator, within thirty (30) days after receiving notice thereof from the board, shall substitute for such surety a good and sufficient corporate surety licensed to do business in this state or other surety acceptable to the board. Upon failure of the operator to make substitution of surety, the board shall have the right to issue a cease and desist order and seek injunctive relief to stop the operator from conducting operations upon the lands covered by such bond until such substitution has been made.
When an operator shall have completed all reclamation requirements under the provisions of this act chapter as to any affected land, he shall notify the board. Within thirty (30) days after the receipt of such notice, the board shall notify the operator as to whether or not the reclamation performed meets the requirements of the reclamation plan pertaining to the land in question. Upon the determination by the board that the requirements of the reclamation plan in question have been met as to said lands, the amount of bond in effect as to such lands shall be reduced by an amount designated by the board to reflect the reclamation done.

When an operator shall have completed an activity specified in an approved permanent closure plan he may notify the board. Within thirty (30) days after the receipt of such notice, the board shall notify the operator as to whether or not the activity performed meets the requirements of the permanent closure plan. In determining whether or not an activity under the statutory responsibility of the department of environmental quality meets the requirements of the permanent closure plan, the board shall consult with that department. Upon the determination by the board that the activity meets the requirements of the permanent closure plan, the bond for permanent closure shall be reduced by an amount designated by the board to reflect the activity completed.

An operator may withdraw any land previously designated as affected land within a mine panel, provided that it is not already affected land, and in such event, he shall notify the board and the amount of the bond in effect as to the lands in that mine panel shall be reduced by an amount designated by the board as the amount which would have been necessary to reclaim such lands.

SECTION 11. That Section 47-1513, Idaho Code, be, and the same is hereby amended to read as follows:

47-1513. OPERATOR'S FAILURE TO COMPLY -- FORFEITURE OF BOND -- PENALTIES -- RECLAMATION FUND. (a) Whenever the board determines that an operator has not complied with the provisions of this act chapter, the board may notify the operator of such noncompliance, and may by private conference, conciliation, and persuasion, endeavor to remedy such violation. In the event of a violation referred to in subsections (d) and (e) of this section, the board may proceed without an administrative action, hearing or decision to exercise the remedies set forth in said subsections. Additionally, no administrative action, hearing or decision shall be required from the Idaho board of environmental quality prior to the board proceeding under subsections (d) and (e) of this section. In the event of the failure of any conference, conciliation and persuasion to remedy any alleged violation, the board may cause to have issued and served upon the operator alleged to be committing such violation, a formal complaint which shall specify the provisions of this act chapter which the operator allegedly is violating, and a statement of the manner in and the extent to which said operator is alleged to be violating the provisions of this act chapter. Such complaint may be served by certified mail, and return receipt signed by the operator, an officer of a corporate operator, or the designated agent of the operator shall constitute service. The operator shall answer the complaint and request a hearing before a designated hearing officer within thirty (30) days from receipt of the complaint if matters asserted in the complaint are dis-
puted. If the operator fails to answer the complaint and request a hearing, the matters asserted in the complaint shall be deemed admitted by the operator, and the board may proceed to cancel the reclamation or permanent closure plan and forfeit the bond in the amount necessary to reclaim affected lands or complete the permanent closure activities. Upon request for a hearing by an operator, the board shall schedule a hearing before a hearing officer appointed by the board at a time not less than thirty (30) days after the date the operator requests a hearing. The board shall issue subpoenas at the request of the director of the department of lands and at the request of the charged operator, and the matter shall be otherwise handled and conducted in accordance with chapter 52, title 67, Idaho Code. The hearing officer shall, pursuant to said hearing, enter an order in accordance with chapter 52, title 67, Idaho Code, which, if adverse to the operator, shall designate a time period within which corrective action should be taken. The time period designated shall be long enough to allow the operator, in the exercise of reasonable diligence, to rectify any failure to comply designated in said order. In the event that the operator takes such action as is necessary to comply with the order within the time period designated in said order, no further action shall be taken by the board to compel performance under the act.

(b) Upon request of the board, the attorney general shall institute proceedings to have the bond of an operator forfeited for the violation by the operator of an order entered pursuant to this section.

(c) The forfeiture of such bond shall fully satisfy all obligations of the operator to reclaim the affected land or complete permanent closure activities under the provisions of this act chapter. If the violation involves an operator that has not furnished a bond required by this act chapter, or an operator that is not required to furnish a bond pursuant to this act chapter, or an operator who violates this act chapter by performing an act not included in the original approved reclamation plan or the original approved permanent closure plan, and such departure from the plan is not subsequently approved, such operator shall be subject to a civil penalty for his failure to comply with such order in the amount determined by the board to be the anticipated cost of reasonable reclamation of affected lands or permanent closure of the cyanidation facility. Nothing in this subsection shall relieve the operator of any obligation, including the obligation to complete closure requirements, pursuant to a permit issued by the department of environmental quality under section 39-118A, Idaho Code, or limit that department's authority to require compliance with such permit requirements.

(d) Notwithstanding any other provisions of this act chapter, the board may commence an action without bond or undertaking, in the name of the state of Idaho to enjoin any operator who is conducting operations without an approved reclamation plan required by section 47-1506, Idaho Code, or without the bond required by this act chapter. The court, or a judge thereof at chambers, if satisfied from the complaint or by affidavits that such acts have been or are being committed, shall issue a temporary restraining order without notice or bond, enjoining the defendant, his agents, and employees from conducting such operations without said reclamation plan or bond. Upon a showing of good cause therefor, the temporary restraining order may require the defendant to perform reclamation of the mined area in conformity with sections 47-1509 and 47-1510, Idaho Code, or to complete permanent closure activities, pend-
ing final disposition of the action. The action shall then proceed as in other cases for injunctions. If it is established at trial that the defendant has operated without an approved reclamation plan or bond, the court shall enter, in addition to any other order, a decree enjoining the defendant, his agents and employees from thereafter conducting such activities or similar actions in violation of this act chapter. The board may, in conjunction with its injunctive procedures, proceed in the same or in a separate action to recover from an operator who is conducting surface mining or exploration operations or operating a cyanidation facility without the required plan or bond, the cost of performing the reclamation activities required by sections 47-1509 and 47-1510, Idaho Code, or the cost of permanent closure activities from any such operator who has not filed a bond to cover the cost of the reclamation required activities.

(e) Notwithstanding any other provision of this act chapter, the board may, without bond or undertaking and without any administrative action, hearing or decision, commence an action in the name of the state of Idaho (1) to enjoin a permitted surface mining operation or cyanidation facility when, under an existing approved plan, an operator violates the terms of the plan and where immediate and irreparable injury, loss or damage may result to the state and (2) to recover the penalties and to collect civil damages provided for by law.

(f) In addition to the procedures set forth in subsections (a), (d) and (e) of this section, and in addition to the civil penalty provided in subsection (c) of this section, any operator who violates any of the provisions of this act chapter or rules adopted pursuant thereto, or who fails to perform the duties imposed by these provisions, or who violates any determination or order promulgated pursuant to the provisions of this act chapter, shall be liable to a civil penalty of not less than five hundred dollars ($500) nor more than two thousand five hundred dollars ($2,500) for each day during which such violation continues, and in addition may be enjoined from continuing such violation. Such penalties shall be recoverable in an action brought in the name of the state of Idaho by the attorney general in the district court for the county where the violation, or some part thereof, occurs, or in the district court for the county wherein the defendant resides. All sums recovered shall be placed in the state treasury and credited to the surface mining reclamation fund, which is hereby created, to be used to reclaim affected lands and to administer this act chapter.

(g) Any person who willfully and knowingly falsifies any records, information, plans, specifications, or other data required by the board or willfully fails, neglects, or refuses to comply with any of the provisions of this act chapter shall be guilty of a misdemeanor and shall be punished by a fine of not less than one thousand dollars ($1,000) and not more than five thousand dollars ($5,000) or imprisonment not to exceed one (1) year or both.

(h) Reclamation plans approved by the board as of January 1, 1997, shall be deemed to be in full compliance with the requirements of this act chapter. However, the board may periodically review, and revise if necessary to meet the requirements of sections 47-1506, 47-1509, 47-1510 and 47-1511, Idaho Code, the amount, terms and conditions of any bond when there is a material change in the reclamation plan or a material change in the estimated reasonable costs of reclamation determined pursuant to section 47-1512, Idaho Code. Any revision to the amount, terms
and conditions of a bond due to a material change in the reclamation plan shall apply only to the affected lands covered by the material change in the reclamation plan.

(i) A cyanidation facility with an existing permit approved by the department of environmental quality under section 39-118A, Idaho Code, as of July 1, 2005, shall be deemed to be in full compliance with the requirements of this chapter. If there is a material modification or a material expansion of a cyanidation facility after July 1, 2005, the provisions of this chapter shall apply to the modification or expansion. Provided however, that reclamation or closure related activities at a facility with an existing cyanidation permit that did not actively add cyanide after January 1, 2005, shall not be considered to be material modifications or a material expansion of the facility.

(j) For a permanent closure plan approved by the board after July 1, 2005, the board shall periodically review, and revise if necessary to meet the requirements of this chapter, the amount, terms and conditions of any bond when there is a material change in the permanent closure plan or a material change in the estimated reasonable costs of permanent closure determined pursuant to section 47-1512, Idaho Code. The board may require a fee sufficient to employ a qualified independent party, acceptable to the operator and the board, to verify any revised estimate of the reasonable costs of permanent closure.

SECTION 12. That Section 47-1514, Idaho Code, be, and the same is hereby amended to read as follows:

47-1514. APPEAL FROM FINAL ORDER -- PROCEDURE. (a) Any operator dissatisfied with any final order of the board made pursuant to this act chapter may, within sixty (60) days after notice of such order, obtain judicial review thereof by appealing to the district court of the state of Idaho for the county wherein the operator resides or has a place of business, or to the district court for the county in which the cyanidation facility or the land or any portions thereof affected by the order is located. Such appeal shall be perfected by filing with the clerk of such court, in duplicate, a notice of appeal, together with a complaint against the board, in duplicate, which shall recite the prior proceedings before the board or hearing officer, and shall state the grounds upon which the petitioner claims he is entitled to relief. A copy of the summons and complaint shall be delivered to the board or such person or persons as the board may designate to receive service of process. The clerk of the court shall immediately forward a copy of the notice of appeal and complaint to the board, which shall forthwith prepare, certify and file in said court, a true copy of any decision, findings of fact, conclusions or order, together with any pleadings upon which the case was heard and submitted to the board or hearing officer, and shall, upon order of the court, provide transcripts of any record, including all exhibits and testimony of any proceedings in said matter before the board or any of its subordinates. Such suit in the district court shall be a trial de novo and shall proceed in all respects like other civil suits, including, but not limited to, the rights of appeal to the Supreme Court of the state of Idaho.

(b) When the board finds that justice so requires, it may postpone the effective date of a final order made, pending judicial review. The reviewing court, including the court to which a case may be taken on
appeal, may issue all necessary and appropriate orders to postpone the effective date of any final order pending conclusion of the review proceedings.

(c) Notwithstanding any other provision of this act chapter concerning administrative or judicial proceedings, whenever the board determines that an operator has not complied with the provisions of this act chapter, the board may file a civil action in the district court for the county wherein the violation, or some part thereof, occurs, or in the district court for the county wherein the defendant resides. The board may request the court to issue an appropriate order to remedy the violation. The right of appeal to the Supreme Court of the state of Idaho shall be available.

SECTION 13. That Section 47-1517, Idaho Code, be, and the same is hereby amended to read as follows:

47-1517. CONDUCT OF EXPLORATIONS ACTIVITIES. (a) An operator shall conduct all exploration and mining operations in accordance with all applicable statutes and regulations pertaining to water use and mining safety applicable to exploration and surface mining operations.

(b) An operator desiring to operate a cyanidation facility within the state of Idaho shall conduct all related activities in accordance with all applicable statutes and rules related to cyanidation including, but not limited to, section 39-118A, Idaho Code.

SECTION 14. That Section 47-1518, Idaho Code, be, and the same is hereby amended to read as follows:

47-1518. EFFECTIVE DATE -- APPLICATION OF ACT CHAPTER. This act The reclamation provisions of this chapter shall be in full force and effect on and after May 31, 1971. An operator shall not be required to perform the reclamation activities referred to in this act chapter as to any surface mining operations performed prior to May 31, 1972, and further, shall not be required to perform such reclamation activities as to any pit or overburden pile as it exists prior to May 31, 1972. The cyanidation provisions of this chapter shall be in full force and effect on and after July 1, 2005. The board shall promulgate temporary rules by August 1, 2005, to implement the provisions of this act.

SECTION 15. That Section 42-2028, Idaho Code, be, and the same is hereby amended to read as follows:

42-2028. DEFINITIONS. Whenever used in this title, the term:

(1) "Consumptive use" means that portion of the annual volume of water diverted under a water right that is transpired by growing vegetation, evaporated from soils, converted to nonrecoverable water vapor, incorporated into products, or otherwise does not return to the waters of the state. Consumptive use is not an element of a water right. Consumptive use does not include any water that falls as precipitation directly on the place of use. Precipitation shall not be considered to reduce the consumptive use of a water right. "Authorized consumptive use" means the maximum consumptive use that may be made of a water right. If the use of a water right is for irrigation, for example, the authorized consumptive use reflects irrigation of the most consumptive
vegetation that may be grown at the place of use. Changes in consumptive use do not require a transfer pursuant to section 42-222, Idaho Code.

(2) "Digital boundary" means the boundary encompassing and defining an area consisting of or incorporating the place of use or permissible place of use for a water right prepared and maintained by the department of water resources using a geographic information system in conformance with the national standard for spatial data accuracy or succeeding standard.

(3) "Local public interest" is defined as the interests that the people in the area directly affected by a proposed water use have in the effects of such use on the public water resource.

(4) "Municipality" means a city incorporated under section 50-102, Idaho Code, a county, or the state of Idaho acting through a department or institution.

(5) "Municipal provider" means:
   (a) A municipality that provides water for municipal purposes to its residents and other users within its service area;
   (b) Any corporation or association holding a franchise to supply water for municipal purposes, or a political subdivision of the state of Idaho authorized to supply water for municipal purposes, and which does supply water, for municipal purposes to users within its service area; or
   (c) A corporation or association which supplies water for municipal purposes through a water system regulated by the state of Idaho as a "public water supply" as described in section 39-103(102), Idaho Code.

(6) "Municipal purposes" refers to water for residential, commercial, industrial, irrigation of parks and open space, and related purposes, excluding use of water from geothermal sources for heating, which a municipal provider is entitled or obligated to supply to all those users within a service area, including those located outside the boundaries of a municipality served by a municipal provider.

(7) "Planning horizon" refers to the length of time that the department determines is reasonable for a municipal provider to hold water rights to meet reasonably anticipated future needs. The length of the planning horizon may vary according to the needs of the particular municipal provider.

(8) "Reasonably anticipated future needs" refers to future uses of water by a municipal provider for municipal purposes within a service area which, on the basis of population and other planning data, are reasonably expected to be required within the planning horizon of each municipality within the service area not inconsistent with comprehensive land use plans approved by each municipality. Reasonably anticipated future needs shall not include uses of water within areas overlapped by conflicting comprehensive land use plans.

(9) "Service area" means that area within which a municipal provider is or becomes entitled or obligated to provide water for municipal purposes. For a municipality, the service area shall correspond to its corporate limits, or other recognized boundaries, including changes therein after the permit or license is issued. The service area for a municipality may also include areas outside its corporate limits, or other recognized boundaries, that are within the municipality's established planning area if the constructed delivery system for the area shares a common water distribution system with lands located within the
corporate limits. For a municipal provider that is not a municipality, the service area shall correspond to the area that it is authorized or obligated to serve, including changes therein after the permit or license is issued.

SECTION 4. That Section 21-502, Idaho Code, be, and the same is hereby amended to read as follows:

21-502. AIRPORT AVIATION HAZARDS CONTRARY TO PUBLIC INTEREST. It is hereby found that an airport aviation hazard endangers the lives and property of users of the airport and of occupants of land in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking off and maneuvering of aircraft thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared:

(a) That the creation or establishment of an airport aviation hazard is a public nuisance and an injury to the community served by the airport in question;

(b) That it is therefore necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport aviation hazards be prevented;

(c) That this should be accomplished, to the extent legally possible, by exercise of the police power, without compensation.

It is further declared that both the prevention of the creation or establishment of airport aviation hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport aviation hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land and property interests therein.

SECTION 5. That Section 21-503, Idaho Code, be, and the same is hereby amended to read as follows:

21-503. AIRPORT ZONING REGULATIONS. (1) Power to Adopt Regulations. In order to prevent the creation or establishment of airport aviation hazard, the state of Idaho, by and through the Idaho transportation department, may adopt, administer, and enforce, under the police power and in the manner and upon the conditions hereinafter prescribed, airport zoning regulations for airport aviation hazard areas within the state, which regulations may divide such area into zones, and, within such zones, specify the land uses permitted and regulate and restrict the height to which structures and trees may be erected or allowed to grow.

(2) Method of Adopting Zoning Regulations. The department shall promulgate and adopt in the manner and in conformance with the procedure set forth in this act chapter such reasonable regulations for the zoning
of airports, **airport aviation** hazard areas and **airport aviation** hazards within the state as may be reasonably necessary to accomplish the highest degree of safety for airflight operations. Prior to adopting any zoning regulations:

(A) The director shall cause to be prepared a map or maps as the individual situation may require, for each airport, and surrounding **airport aviation** hazard area to be zoned. Such map shall contain a description of the exterior boundaries of the area to be included within the zoning regulations, the boundaries and runways of the airport and shall disclose the existing and any planned approaches to the subject airport, the proposed glide angles and restricted areas deemed necessary by the director, and such other information as may be deemed helpful by the director to fairly portray the areas involved and the airspace required.

(B) The director shall also cause to be prepared proposed regulations setting forth the various zones within the area and the restrictions applicable to each. Zones may be named or numbered or otherwise designated to distinguish one zone from another.

(C) Such proposed regulations and the map or maps of the area involved shall be filed with the county recorder of the county or counties in which the airport or any part thereof is situated.

(D) To amend any adopted zoning regulations the director shall proceed in the same manner set forth for the adoption of regulations except that he need only give notice and file maps and regulations that relate to the particular amendment to be made.

Upon the approval and designation of any airport in this state the department may immediately thereafter take such steps necessary under this act chapter to zone the **airport aviation** hazard area adjacent to such airport and the department shall, if requested by the owners of any existing airport which has heretofore been approved and designated and which is open to public use, take such steps necessary under this act chapter to zone the **airport aviation** hazard area adjacent to such airport, or the director may proceed to zone any such area without such a request.

SECTION 6. That Section 21-504, Idaho Code, be, and the same is hereby amended to read as follows:

21-504. **PROCEDURE FOR ZONING AN AIRPORT AVIATION HAZARD AREA.** No **airport aviation** hazard shall be zoned or an existing zoning amended or changed by the department except after a public hearing in relation thereto, at which hearing parties in interest and any citizen shall have an opportunity to be heard. At least fifteen (15) days' notice of such hearing shall be published in a newspaper of general circulation printed in the county in which such **airport aviation** hazard is situated and if there be no such newspaper, then by posting a copy of the notice in three (3) of the most public places in the county.

The notice shall refer all persons interested to the maps of the area involved and the proposed regulations on file with the county recorder of the county in which the airport is located. The date, time and place of the hearings shall also be set forth in the notice. At such hearing all persons interested may appear either in person, in writing or by counsel and make any objections they may have to the proposed regulations. The director shall preside at the hearing and a record of all
objections filed shall be kept on file in the office of the director. The meeting may be continued from day to day to permit all who appear on the day of the hearing adequate time to be heard and the proposed regulations may at the conclusion of the hearing be declared adopted by the director or he may amend the regulations by lessening the requirements contained therein and declare the amended regulations adopted but the director shall not increase the regulations without repeating the notice provided for by this section. After the regulations have been adopted copies thereof and copies of the maps corrected to reflect the regulations as approved by the director shall be permanently filed with the county recorder of the county in which the airport or any part thereof is situated.

SECTION 7. That Section 21-505, Idaho Code, be, and the same is hereby amended to read as follows:

21-505. AIRPORT ZONING REQUIREMENTS. All airport zoning regulations and orders rules promulgated under this act chapter shall be reasonable and none shall impose any requirement or restriction which is not reasonably necessary to effectuate the purpose of this act chapter. In determining what regulations shall be adopted, the department shall consider, among other things, the character of the flying operations expected to be conducted at the airport, the nature of the terrain within the airport aviation hazard area, the character of the neighborhood, and the uses to which the property to be zoned is put and adaptable.

SECTION 8. That Section 21-505A, Idaho Code, be, and the same is hereby amended to read as follows:

21-505A. PERMITS AND VARIANCES -- MARKING AND LIGHTING. Any airport zoning regulations adopted under this act chapter may require that a permit be obtained from the director before any new structure or use may be constructed or established within the zoned area. Any person desiring to erect any structure, or increase the height of any structure, or permit the growth of any tree, or otherwise use his property in violation of airport zoning regulations adopted under this act chapter may apply to the director of the Idaho transportation department for a special permit authorizing such action. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty and unnecessary hardship and the relief granted would not be contrary to the public interest or create undue hazards to air flight. Any such special permits may be allowed subject to such reasonable conditions as the director may deem necessary to effectuate the purposes of the regulations, including the condition that the owners of the structure or tree in question permit the department or other political subdivision of this state having an interest in the airport in question to install, operate and maintain thereon at its own expense such markers and lights as may be necessary to indicate to flyers the presence of an airport aviation hazard.

SECTION 9. That Section 21-506, Idaho Code, be, and the same is hereby amended to read as follows:
21-506. JUDICIAL REVIEW. Any person aggrieved, or any taxpayer affected, by any decision of the department may appeal any zoning regulation or order affecting such person or taxpayer to the district court of the judicial district in which the airport aviation hazard area involved is situated, in the same manner in which appeals are taken from the board of county commissioners to the district court.

The court shall have jurisdiction to affirm, modify or set aside the regulations appealed from but the invalidity of one (1) regulation shall not affect the validity of the remaining regulations. In any case in which airport zoning regulations adopted under this act chapter, although generally reasonable, are held by the court having jurisdiction to interfere with the use or enjoyment of a particular structure or parcel of land to such an extent, or to be so onerous in their application to such a structure or parcel of land as to constitute a taking or deprivation of that property in violation of the constitution of this state or the constitution of the United States such holding shall not affect the application of such regulations to other structures or parcels of land.

SECTION 10. That Section 21-515, Idaho Code, be, and the same is hereby amended to read as follows:

21-515. MARKING OF OBSTRUCTIONS HAZARDS TO AIR FLIGHT. Any structure which obstructs the air space more than one hundred fifty feet above the ground or water level when determined by the director of the Idaho transportation department to be a hazard or potential hazard to the safe flight of aircraft shall be plainly marked, illuminated, painted, lighted or designated in a manner to be approved by the director, so that the same will be clearly visible to airmen.

SECTION 11. That Section 21-516, Idaho Code, be, and the same is hereby amended to read as follows:

21-516. DETERMINATION OF OBSTRUCTIONS HAZARDS. In determining the structures which are or may be a hazard to air flight the director shall consider the terrain, character of the neighborhood, uses to which the structure and surrounding property may be adaptable, and the character of the flying operations expected to be conducted in the area.

SECTION 12. That Section 21-517, Idaho Code, be, and the same is hereby amended to read as follows:

21-517. PROCEDURE FOR DETERMINATION OF OBSTRUCTIONS HAZARDS. When the director determines that a structure is a probable obstruction hazard within the meaning of this act chapter, he shall notify the owner of the land, or operator or owner of the structure who shall have twenty (20) days after the receipt of such notice to show cause why such structure should not be determined to be an obstruction hazard.

SECTION 13. That Section 21-701, Idaho Code, be, and the same is hereby amended to read as follows:

(a) The dollar amount of property taxes certified for its annual budget for any one (1) of the three (3) tax years preceding the current tax year, whichever is greater, which amount may be increased by a growth factor of not to exceed three percent (3%) plus the amount of revenue that would have been generated by applying the levy of the previous year, not including any levy described in subsection (4) of this section, to any increase in market value subject to taxation resulting from new construction or change of land use classification as evidenced by the value shown on the new construction roll compiled pursuant to section 63-301A, Idaho Code; and by the value of annexation during the previous calendar year, as certified by the state tax commission for market values of operating property of public utilities and by the county assessor; or

Said additional amount shall be included in future calculations for increases as allowed; or

The additional amount must be approved by sixty percent (60%) of the voters voting on the question at an election called for that purpose and held on the date in May or November provided by law, and may be included in the annual budget of the city for purposes of this section; or

(g) A library taxing district may submit to the electors within the district the question of whether the budget from property tax revenues may be increased beyond the amount authorized in this section, but not beyond the levy authorized in-section-33-2724, Idaho Code by statute. (3) No board of county commissioners shall set a levy, nor shall the state tax commission approve a levy for annual budget purposes which exceeds the limitation imposed in subsection (1) of this section, unless authority to exceed such limitation has been approved by a majority of the taxing district's electors voting on the question at an election called for that purpose and held pursuant to section 34-106, Idaho Code, provided however, that such voter approval shall be for a period of not
to exceed two (2) years.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 36-1101, Idaho Code, be, and the same is hereby amended to read as follows:

1. Hunt from Motorized Vehicles. Hunt any of the game animals or game birds of this state from or by the use of any motorized vehicle except as provided by commission rule; provided however, that the commission shall promulgate rules which shall allow a physically handicapped person to apply for a special permit which would allow the person to hunt from a motorized vehicle which is not in motion. A physically handicapped person means a person:

(A) Who has lost, or has lost the use of, one (1) or both lower extremities or both hands, or who has significant limitation in the use of the lower extremities, or who has a diagnosed disease or disorder which substantially impairs or interferes with mobility, or who is so severely disabled as to be unable to move without the aid of an assistance device.

The commission shall specify the form of application for and design of the special permit which shall allow a physically handicapped person to hunt from a motorized vehicle which is not in motion. No fee shall be charged for the issuance of the special permit and the issuance of a special permit shall not exempt a person from otherwise properly purchasing or obtaining other necessary licenses, permits and tags in accordance with this title and rules promulgated pursuant thereto. The special permit shall not be transferable and may only be used by the person to whom it is issued. A person who has been issued a special permit which allows a physically handicapped person to hunt from a motorized vehicle not in motion shall have that permit prominently displayed on any vehicle the person is utilizing to hunt from and the person shall produce, on demand, the permit and other identification when so requested by a conservation officer of the department of fish and game. A person possessing a special permit shall not discharge any firearm from or across a public highway. The court shall retain jurisdiction over the prisoner for the first one hundred eighty (180) days or, if the prisoner is a juvenile, until the juvenile reaches twenty-one (21) years of age. The prisoner will remain committed to the board of correction if not affirmatively placed on probation by the court. In extraordinary circumstances, where the court concludes that it is unable to obtain and evaluate the relevant information within the one hundred eighty (180) day period of retained jurisdiction, or where the court concludes that a hearing is required and is unable to obtain the defendant's presence for such a hearing within such period, the court may decide whether to place the defendant on probation or release jurisdiction within a reasonable time, not to exceed thirty (30) days, after the one hundred eighty (180) day period of retained jurisdiction has expired. Placement on probation shall be under such terms and conditions as the court deems necessary and expedient. The court in its discretion may sentence a defendant to more than one (1) period of retained jurisdiction after a defendant has been placed on probation in a case. If the convicted person is a juvenile held for adult criminal proceedings, the court may order probation under the supervision of the county's juvenile probation department.

7. The period of probation ordered by a court under this section under a conviction or plea of guilty for a misdemeanor, indictable or otherwise, may be for a period of not more than two (2) years; and under a conviction or plea of guilty for a felony the period of probation may be for a period of not more than the maximum period for which the defendant might have been imprisoned.

the state of Idaho by the supreme court.

(2) Upon filing with the secretary of state an oath of office as a
senior judge as prescribed in subsection (7) of this section, a senior
judge is eligible for temporary assignment by the supreme court to a

CHAPTER 189
(H.B. No. 214, As Amended)

AN ACT
RELATING TO STRAY CURRENT AND VOLTAGE; AMENDING TITLE 61, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 8, TITLE 61, IDAHO CODE, TO PROVIDE LEGISLATIVE FINDINGS AND PURPOSES, TO DEFINE TERMS, TO REQUIRE THE IDAHO PUBLIC UTILITIES COMMISSION TO PROMULGATE CERTAIN RULES, TO PROVIDE FOR THE REVIEW AND REVISION OF PROMULGATED RULES, TO PROVIDE FOR CLAIMS, TO REQUIRE CERTAIN NOTICES AND TO PROVIDE FOR RESPONSE BY UTILITIES, TO PROVIDE FOR THE EXCLUSIVE INITIAL JURISDICTION OF THE COMMISSION, TO SPECIFY POST-HARING COMMISSION REQUIREMENTS, TO PROVIDE FOR COMMISSION ORDERS AND TO SPECIFY CONDITIONS RELATING TO COMMENCEMENT OF CERTAIN CIVIL ACTIONS, TO PROVIDE FOR THE APPLICATION OF COMMISSION RULES OF PRACTICE AND PROCEDURE, TO PROVIDE FOR CIVIL ACTIONS, TO PROVIDE FOR DAMAGES AND TO LIMIT CLAIMS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 61, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 8, Title 61, Idaho Code, and to read as follows:
CHAPTER 8
STRAY CURRENT AND VOLTAGE REMEDIATION ACT

61-801. LEGISLATIVE FINDINGS AND PURPOSES. The legislature of the state of Idaho finds that the efficient and safe distribution of electricity is critical to the well-being of the citizens and the economy of the state, including the business of agriculture, and that this enactment is necessary for the protection of the public welfare and benefit. The legislature also finds that the potential impact of stray current or voltage on dairy cows is a matter of interest and concern to dairy producers with dairies situated near and served by a multi-grounded wye electrical distribution system, which is the type of distribution system used by utilities in this state. Scientific research has established a level of stray current or voltage, at or below which no effect on a dairy cow's behavior, health or milk production has been shown. To provide for the continued, safe and efficient availability of electricity while addressing complaints regarding stray current or voltage, it is necessary and appropriate to: establish a uniform preventive action level; establish uniform procedures and protocols for measurements of stray current or voltage; require, when necessary, that the sources of stray current or voltage be identified; require, when necessary, adequate remediation; and establish procedures for handling complaints.

61-802. DEFINITIONS. As used in this chapter, unless the context otherwise requires:
(1) "Adequate remediation" means corrective action by a utility which results in, and is reasonably likely to sustain, a reduction of stray current or voltage attributable to the utility's distribution system of fifty percent (50%) or less of the preventive action level.
(2) "Commission" means the Idaho public utilities commission as established pursuant to section 61-201, Idaho Code.
(3) "Cow contact points" means any two (2) electrically conductive points which a dairy cow may, in its normal environment, unavoidably and simultaneously contact.
(4) "Preventive action level" is stray current or voltage that is either:
   (a) A steady-state, root mean square (rms), alternating current (AC) of 2.0 milliamp (mA) or more through a 500 ohm resistor connected between cow contact points, as measured by a true rms meter; or
   (b) A steady-state, rms, AC voltage of 1.0 volts or more, across (in parallel with) a 500 ohm resistor connected between cow contact points, as measured by a true rms meter.
(5) "Steady-state" is the value of a current or voltage after an amount of time where all transients have decayed to a negligible value.
(6) "Stray current or voltage" is:
   (a) Any steady-state, 60 hertz (Hz) (including harmonics thereof), root mean square (rms), alternating current (AC) of less than 20 milliamp (mA) through a 500 ohm resistor connected between cow contact points, as measured by a true rms meter; or
   (b) Any steady-state, 60 Hz (including harmonics thereof), rms, AC voltage of less than 10 volts, across (in parallel with) a 500 ohm resistor connected between cow contact points, as measured by a true rms meter. Stray current or voltage is a normal, inherent and
unavoidable result of electricity traveling through grounded electrical systems, including a dairy producer's on-farm system and a utility's distribution system, which systems are required by the national electrical code and the national electrical safety code to be grounded to the earth to ensure continuous safety and reliability.

(7) "Utility" means a public utility as defined in section 61-332A, Idaho Code.

61-803. RULES. Within six (6) months of the effective date of this chapter, the commission shall promulgate temporary rules and proposed rules, referred to collectively in this chapter as "commission rules," establishing uniform procedures and protocols for the measurement of stray current or voltage. The commission shall review the rules from time to time, or upon petition to the commission, to ensure that the uniform procedures and protocols continue to be the most scientifically and technologically accurate and reliable means of detecting stray current or voltage. If the commission determines that it is appropriate to revise the rules because of advances in science or technology, it is encouraged to do so by the adoption of temporary rules which would confer a benefit on utilities and dairy producers by making better science available for the measurement of stray current or voltage. Any measurements of stray current or voltage not made in compliance with commission rules shall be inadmissible before the commission or in any civil action. The commission rules shall be applicable to dairy producers, utilities, and all persons or entities involved in any way in the measurement or remediation of stray current or voltage in this state.

61-804. CLAIM -- NOTICE -- RESPONSE OF UTILITY. Any dairy producer in this state who claims that its dairy cows are being affected by any form or type of electrical energy allegedly attributable to a utility including, without limitation, stray current or voltage, shall, as a condition precedent to commencing any civil action against the utility, provide written notice thereof to the utility. The notice shall specify why the dairy producer believes its dairy cows are being affected by electrical energy attributable to the utility. Within fourteen (14) days of receipt of such notice, the utility shall take measurements at cow contact points at the dairy producer's dairy to identify the existence and magnitude of stray current or voltage, if any. If the utility finds a level of stray current or voltage at cow contact points in excess of the preventive action level, the utility shall thereafter promptly identify that portion, if any, of the stray current or voltage that is attributable to the utility's distribution system. If that portion of the stray current or voltage at cow contact points attributable to the utility's distribution system exceeds fifty percent (50%) of the preventive action level, the utility shall, within five (5) business days, commence and diligently pursue to completion, remedial procedures which shall reduce, and are reasonably likely to sustain, that portion of the stray current or voltage at cow contact points attributable to the utility's distribution system to fifty percent (50%) or less of the preventive action level.
61-805. COMMISSION -- JURISDICTION -- ORDERS. The commission shall have exclusive, initial jurisdiction to determine whether a utility has complied with the commission rules regarding measurement of stray current or voltage; whether the utility's measurements demonstrated stray current or voltage at or above the preventive action level; whether the utility has properly identified that portion of the stray current or voltage at cow contact points attributable to the utility's distribution system; and whether the utility has complied with its remediation obligation under this chapter.

(1) If, after hearing, the commission determines that (a) the utility complied with the commission rules regarding measurement of stray current or voltage, and (b) the utility properly identified no stray current or voltage in excess of the preventive action level, then the commission shall issue an order that the utility has provided adequate service pursuant to section 61-302, Idaho Code. The commission's order thereon shall be binding on the parties, subject only to the provisions of section 61-807, Idaho Code.

(2) If, after hearing, the commission determines that (a) the utility complied with the commission rules regarding measurement of stray current or voltage, (b) the utility properly identified stray current or voltage in excess of the preventive action level, and (c) the utility properly identified that the portion of stray current or voltage attributable to the utility's distribution system was fifty percent (50%) or less of the preventive action level, then the commission shall issue an order that the utility provided adequate service pursuant to section 61-302, Idaho Code. The commission's order thereon shall be binding on the parties, subject only to the provisions of section 61-807, Idaho Code.

(3) If, after hearing, the commission determines that (a) the utility complied with the commission rules regarding measurement of stray current or voltage, (b) the utility properly identified stray current or voltage in excess of the preventive action level, and (c) the utility properly identified that the portion of stray current or voltage attributable to the utility's distribution system exceeded fifty percent (50%) of the preventive action level, then the commission shall thereafter determine the adequacy of the utility's remediation efforts. The commission's order thereon shall be binding on the parties, subject only to the provisions of section 61-807, Idaho Code. If the dairy producer has complied with the notice provisions set forth in section 61-804, Idaho Code, and the commission has made a determination that the conditions set forth in this subsection are met, then the dairy producer may, not later than one (1) year following completion of adequate remediation, or one (1) year following the issuance of the commission's final order thereon, whichever occurs later, commence a civil action seeking monetary damages against the utility. In any such civil action, damages shall be limited as set forth in section 61-808, Idaho Code.

(4) If, after hearing, the commission determines that (a) the utility failed to comply with the commission rules regarding measurement of stray current or voltage, (b) the utility failed to properly identify, when required pursuant to section 61-804, Idaho Code, to do so, that portion of stray current or voltage attributable to the utility's distribution system, or (c) the utility failed to provide adequate remediation, then the commission shall order the utility to take measurements of stray current or voltage in conformance with commission
rules, or identify that portion of the stray current or voltage attributable to the utility's distribution system and, if necessary, to provide adequate remediation. The commission's order thereon shall be binding on the parties, subject only to the provisions of section 61-807, Idaho Code. If the dairy producer complied with the notice provisions set forth in section 61-804, Idaho Code, and the commission made a determination that the portion of stray current or voltage attributable to the utility's distribution system exceeded fifty percent (50%) of the preventive action level, then the dairy producer may, not later than one (1) year following completion of adequate remediation, or one (1) year following the issuance of the commission's final order thereon, whichever occurs later, commence a civil action seeking monetary damages against the utility. In any such civil action, damages shall be limited as set forth in section 61-808, Idaho Code.

(5) If after hearing, the commission determines that a dairy producer made or pursued a claim in bad faith or for purposes of harassment of the utility, the commission shall require the dairy producer to pay the utility's actual costs of investigation and defense. If, after hearing, the commission determines that a utility acted in bad faith, or for purposes of harassment or delay, the commission shall require the utility to pay the dairy producer's actual costs of investigation, if any, and preparation and presentation of the claim before the commission. The commission's order thereon shall be binding on the parties, subject only to the provisions of section 61-807, Idaho Code.

61-806. COMMISSION -- RULES OF PRACTICE AND PROCEDURE. In all matters arising under this chapter which are submitted to the commission for decision, order or review, procedure shall be governed by the commission rules of practice and procedure.

61-807. CIVIL ACTIONS. No civil action may be commenced by a dairy producer against a utility seeking damages or other relief allegedly due to injury caused by stray current or voltage unless the dairy producer has complied with the provisions of section 61-804, Idaho Code, and the commission has issued an order pursuant to section 61-805, Idaho Code. In any civil action against a utility for damages or other relief, after the dairy producer has complied with the provisions of section 61-804, Idaho Code, and the commission has issued an order pursuant to section 61-805, Idaho Code, the commission's order shall be admissible in evidence in such civil action.

61-808. DAMAGES. In any civil action against a utility for damages pursuant to this chapter, a dairy producer shall be limited to those damages which (a) were incurred by the dairy producer during that period of time commencing twelve (12) months prior to the dairy producer's provision of notice to the utility and ending on the date of completion of adequate remediation, and (b) were caused by that portion of the stray current or voltage attributable to the utility's distribution system.

61-809. LIMITATION OF CLAIMS. No claim for nuisance may be asserted against a utility for damages due to stray current or voltage. Claims against a utility for damages due to stray current or voltage shall be limited to claims of negligence, including in the case of a prior determination of the commission pursuant to subsections (3) or (4) of section
61-805, Idaho Code, negligence per se. In determining whether the utility was negligent, the utility's conduct shall be judged using a standard of ordinary care under the existing circumstances.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved March 28, 2005.

(1) The jury commission for each county shall maintain a master jury wheel into which the commission shall place the names or identifying numbers of prospective jurors taken from the master list. If the total number of prospective jurors on the master list is one thousand (1,000) or less, the names or identifying numbers of all of them shall be placed in the master jury wheel. In all other cases, the number of prospective jurors to be placed in the master jury wheel shall be one thousand (1,000) plus not less than one percent (1%) of the total number of names on the master list. From Updated information from the lists of voter registration, drivers' licenses, and state identification cards, including any changes, deletions and additions, shall be made to the master jury list from time to time a larger or additional number may be as determined by the jury commission or as ordered by the administrative judge, to be placed in the master jury wheel but at a minimum not less frequently than December of each odd-numbered year, or more frequently as determined by the administrative judge of a judicial district, the wheel shall be emptied and refilled as prescribed in this act.

(2) Unless all the names on the master list are to be placed in the master jury wheel pursuant to subsection (1) of this section, the names or identifying numbers of prospective jurors to be placed in the master jury wheel shall be selected by the jury commission at random from the master list in the following manner: The total number of names on the master list shall be divided by the number of names to be placed in the master jury wheel; the whole number nearest the quotient shall be the key number, except that the key number shall never be less than 2. A starting number for making the selection shall then be determined by a
random method from the numbers from 1 to the key number, both inclusive. The required number of the names shall then be selected from the master list by taking in order the first name on the master list corresponding to the starting number and then successively the names appearing in the master list at intervals equal to the key number, recommencing if necessary at the start of the list until the required number of names has been selected. Upon recommencing at the start of the list, or if additional names are subsequently to be selected for the master jury wheel, names previously selected from the master list shall be disregarded in selecting the additional names. Provided however, that in the event property within a district's boundaries is contained in a revenue allocation area established under chapter 29, title 50, Idaho Code, and such revenue allocation area has given notice of termination thereunder, then, only for the purpose of determining the levy described in this subsection, the district may add the increment value, as defined in section 50-2903, Idaho Code, to the actual or adjusted market value for assessment purposes of the district as such value existed on December 31 of the previous year.

3. Authorized School Maintenance and Operation Levies. A levy approved pursuant to this subsection may be reduced by a majority vote of the board of trustees in the second year.

NOTICE OF PROPERTY TAX ADJUSTMENT BY SCHOOL BOARD

The (insert name of the school district) hereinafter the "District," has increased its market value for assessment purposes as of December 31, ..., by the amount of the increment value of the (insert name of Redevelopment Agency Revenue Allocation Area) on such date, in accordance with the provisions of Section 33-802, Idaho Code, because the revenue allocation area gave notice of termination pursuant to Section 50-2903, Idaho Code, and as a result thereof property taxes on the incremental value of the revenue allocation area will not be collected and distributed to the District. Section 33-802, Idaho Code, permits the District to replace those funds by adjusting its market value as described herein. The total amount of dollars in property taxes to be directly collected by the District pursuant to this action is estimated to be $.....

SECTION 3. That Section 33-1002D, Idaho Code, be, and the same is hereby amended to read as follows:

33-1002D. PROPERTY TAX REPLACEMENT. The purpose of this section is to replace a portion of the authorized school maintenance and operation property tax levy with state sales tax receipts. As used in this section, the term "property tax computation ratio" shall mean a ratio determined by dividing the district's certified property tax maintenance and operation budget by the actual or adjusted market value for assessment purposes as such values existed on December 31 of the previous calendar year, together with the increment value, as defined in section 50-2903, Idaho Code, if applicable under the circumstance described in section 33-802 2., Idaho Code, relating to termination of a revenue allocation area.

(1) (a) In the case of a school district that had a property tax computation ratio of not less than four-tenths of one percent (.4%) in tax year 1994, that school district shall receive from the appropriations made for that purpose, an amount equal to the greater of the district's actual or adjusted market value for assessment purposes as such valuation existed on December 31 of the previous calendar year, together with the increment value, as defined in section 50-2903, Idaho Code, if applicable under the circumstance described in section 33-802 2., Idaho Code, relating to termination of a revenue allocation area, multiplied by one-tenth of one percent (.1%).

(b) In the case of a school district that had a property tax computation ratio of less than four-tenths of one percent (.4%) in tax year 1994, the greater of the 1992, 1993 or 1994 property tax computation ratio less three-tenths of one percent (.3%) shall be designated the district's base multiplier. In no case shall the base multiplier be less than zero (0). Four-tenths of one percent (.4%) less the greater of the district's 1992, 1993 or 1994 property tax computation ratio shall be designated the district's adjustment factor. In no case shall the adjustment factor be greater than one-tenth of one percent (.1%) or less than zero (0). Each school district's actual multiplier shall be the base multiplier plus one-fifth (1/5) of the adjustment factor in tax year 1995, the base multiplier plus two-fifths (2/5) of the adjustment factor in tax year 1996, the base multiplier plus three-fifths (3/5) of the adjustment...
factor in tax year 1997, the base multiplier plus four-fifths (4/5) of the adjustment factor in tax year 1998, and the base multiplier plus the adjustment factor in tax year 1999 and beyond. Each school district shall receive, from the appropriations made for that purpose, an amount equal to the district's actual or adjusted market value for assessment purposes as such valuation existed on December 31 of the previous calendar year, together with the increment value as defined in section 50-2903, Idaho Code, if applicable under the circumstance described in section 33-802 2., Idaho Code, relating to termination of a revenue allocation area, multiplied by the district's actual multiplier.

(c) The preceding provisions of this subsection notwithstanding, appropriations from the state for the value of one-tenth of one percent (.1%) of the greater of the district's actual or adjusted market value for assessment purposes as such valuation existed on December 31 of the previous calendar year, together with the increment value, as defined in section 50-2903, Idaho Code, if applicable under the circumstance described in section 33-802 2., Idaho Code, relating to termination of a revenue allocation area, shall not exceed seventy-five million dollars ($75,000,000) in any fiscal year. If the amount school districts would otherwise be entitled to receive pursuant to the preceding provisions of this subsection exceeds seventy-five million dollars ($75,000,000), then each school district shall receive its share of seventy-five million dollars ($75,000,000) based on the formulas contained in this section.

(2) (a) Participation in this property tax reduction program is voluntary for a charter district. If a charter district participates, in addition to the provisions of subsection (1) of this section it shall not have a property tax computation ratio that is above three-tenths of one percent (.3%) or the district's property tax computation ratio in tax year 1994, less one-tenth of one percent (.1%), whichever is greater.

(b) If in any year the charter district's property tax computation ratio used to calculate its maintenance and operation budget is increased above the limit specified in this subsection the district shall not be eligible for the distribution pursuant to subsection (1) of this section for that year.

(3) Limitations imposed upon a school district's property tax computation ratio under the provisions of this section do not apply to any levy approved by electors of the school district as provided by law.

(4) Distributions calculated as provided in this section shall be made to school districts of this state in two (2) equal installments on the due dates as specified in section 63-903(1), Idaho Code, for the property taxes being replaced.

(5) For purposes of section 33-1002, Idaho Code, moneys distributed pursuant to this section shall not be included in determining total state funds.

(1) (a) Any telephone corporation, except any mutual nonprofit or cooperative telephone corporation, which did not, on January 1, 1988, hold a certificate of public convenience and necessity issued by the commission and, which does not provide basic local exchange service, shall, on and after the effective date of this act, be subject to the provisions of this chapter and shall be exempt from the provisions of title 61, Idaho Code.

SECTION 2. That Section 62-605, Idaho Code, be, and the same is hereby amended to read as follows:
62-605. PROCEDURE FOR NOTICE OF ELECTION -- COMMISSION CONTINUING AUTHORITY. (1) A telephone corporation which held a certificate of public convenience and necessity on January 1, 1988, may file with the commission a notice that such telephone corporation elects to be subject to the provisions of this chapter for all, or part of its telecommunication services, other than basic local exchange service, which notice shall include the following:

(a) The name and address of the telephone corporation;
(b) A narrative description of the telecommunication services provided by the telephone corporation and the geographic area and market served by the telephone corporation and a description of the telecommunication services for which the election is made.

(2) Upon the expiration of thirty (30) days from the filing of such notice of election, said telephone corporation shall, as to telecommunication services other than basic local exchange service set forth in the notice of election, be exempt from the provisions of title 61, Idaho Code, and such telecommunication services shall thereafter be subject to the provisions of this chapter with the exception of the provisions of section 62-622(1) through (3), Idaho Code.

(3) Nothing contained in the provisions of this chapter or title 61, Idaho Code, shall be construed to prevent any person or entity from providing telecommunication services in competition with a telephone corporation as to those services which have been excluded from regulation under title 61, Idaho Code, pursuant to the provisions of this chapter, or with a telephone corporation, other than a mutual, nonprofit or cooperative telephone corporation, which was not, on the effective date of this act, subject to regulation by the commission pursuant to title 61, Idaho Code.

(4) Nothing contained in the provisions of this chapter shall be construed to prevent any telephone corporation from maintaining on file with the commission a tariff or price list describing the details of its services.

(5) (a) For any telecommunication service which was subject, on the effective date of this act, July 1, 1988, to title 61, Idaho Code, and which at the election of the telephone corporation became subject to this chapter, the commission shall have continuing authority to review the quality of such service, its general availability, and terms and conditions under which it is offered; upon complaint to the commission and after notice to the telephone corporation providing such service and hearing, the commission finds that the quality, general availability, or terms and conditions for such service are adverse to the public interest, the commission shall have authority to negotiate or require changes in how such telecommunication services are provided, regulate the telephone corporation to the extent necessary to implement the federal communications act of 1996, in accordance with section 62-615, Idaho Code.

(b) The commission shall have the continuing authority to determine the noneconomic regulatory requirements relating to basic local exchange service for all telephone corporations providing basic local exchange service including, but not limited to, such matters as service quality standards, provision of access to carriers providing message telecommunication service, filing of price lists,
customer notice and customer relation rules, and billing practices and procedures, which requirements shall be technologically and competitively neutral.

(c) In addition, if the--commission--finds--that--such--corrective action--is--inadequate,--it--shall--have--the-authority-to-require-that such-telecommunication-services-be-subject-to-the-requirements-of title-61,--Idaho-Code,--rather-than-the-provisions-of-this-chapter a telephone corporation has made an election pursuant to section 62-604, Idaho Code, and this section with reference to basic local exchange service, the maximum price the telephone corporation may charge for stand-alone basic local exchange service, as defined in section 62-607A, Idaho Code, during the transition period, shall, in the first year of the transition period, be capped at a rate ten percent (10%) above the rate in effect at the time of the election. Thereafter, in each succeeding year of the transition period, the price cap shall be increased by an additional amount that is equal to the difference between the rate at the time of the election and the price cap established hereunder for the first year of the transition period. However, during the transition period, the price cap established herein shall in no event exceed the maximum basic local exchange rate that was in effect and authorized or approved by the commission for any telephone corporation regulated pursuant to title 61, Idaho Code, or section 62-622(1), Idaho Code, for residence and business basic local exchange service rates, respectively, on the date the telephone corporation made the election pursuant to section 62-604, Idaho Code, and this section with reference to basic local exchange service.

(d) The term "transition period," as used in this section, means a period of three (3) years from the effective date of the election by a telephone corporation to exclude basic local exchange services from regulation pursuant to title 61, Idaho Code, or section 62-622(1), Idaho Code. Provided however, the commission may, during the one hundred eighty (180) day period prior to the expiration of the initial three (3) year transition period, by order, extend the transition period for a period of two (2) additional years if the commission finds that such action is necessary to protect the public interest. The commission shall, if the transition period is extended, as herein provided, file a copy of the commission's order with the governor and the legislature.

(e) For the purpose of calculating the weighted statewide average rates for residence and business basic local exchange service rates to enable the commission to determine eligibility for distributions to eligible telecommunications carriers from the universal service fund established pursuant to chapter 6, title 62, Idaho Code, the residence and business basic local exchange rates in effect on July 1, 2005, shall constitute the basis for such calculation, unless the commission determines that changes in basic local exchange rates subsequent to July 1, 2005, should be used for such calculation for the purpose of determining the eligibility of telecommunications carriers for distributions from the universal service fund.

SECTION 3. That Chapter 6, Title 62, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 62-607A, Idaho Code, and to read as follows:
62-607A. PROHIBITED ACTIVITIES BY A TELEPHONE CORPORATION. (1) No incumbent telephone corporation, or eligible telecommunications carrier as defined in section 62-610B(1), Idaho Code, shall require a residential or small business customer, as a condition of receiving basic local exchange service, to purchase or subscribe to telecommunications services other than one (1) access line for the provision of basic local exchange service.

(2) A telephone corporation that has made the election provided in sections 62-604 and 62-605, Idaho Code, with reference to basic local exchange service, shall not increase its stand-alone basic local exchange rate to residential or small business customers in any local exchange calling area to an amount that is higher than that telephone corporation's stand-alone basic local exchange rate for residential or small business customers in the local exchange calling area having the highest number of basic local exchange service residential or business customers served by the telephone corporation within the state.

(3) "Stand-alone basic local exchange rate," as used herein, means the monthly charge made by a telephone corporation to a residential or small business basic local exchange service customer for a single line that is not included in a package of services or price discounted in a promotional offering. "Stand-alone basic local exchange rate" does not include any charges resulting from action by a federal agency or taxes or surcharge imposed by a governmental body that are separately itemized and billed by a telephone corporation to its customers.

SECTION 4. That Chapter 6, Title 62, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 62-616A, Idaho Code, and to read as follows:

62-616A. DUTY OF TELEPHONE COMPANY TO CUSTOMERS RELATING TO UNAUTHORIZED CHARGES BY A THIRD-PARTY SERVICE PROVIDER. If a customer of a telephone corporation, whether subject to the provisions of this chapter or title 61, Idaho Code, notifies the telephone corporation that an unauthorized charge from a third-party service provider has been included on the telephone customer's bill by the telephone corporation, the telephone corporation shall remove the disputed charge from the bill and shall credit to the customer any amounts for unauthorized charges, whether paid or unpaid, that were billed by the telephone corporation on behalf of the third-party service provider during the period of six (6) months prior to the customer's notification to the telephone corporation that unauthorized charges from a third-party service provider have been included on the telephone corporation customer's bill. Nothing contained herein shall restrict the right of the telephone corporation to recover credited charges from the third-party service provider.

SECTION 5. That Section 62-617, Idaho Code, be, and the same is hereby amended to read as follows:

62-617. TELEPHONE CORPORATION ANTITRUST LIABILITY. No action under the antitrust laws or any other provision or doctrine of law of the state of Idaho shall lie against a telephone corporation for providing service in compliance with any order of the commission. Provided however, this section shall not apply to the provision of any service for which the commission has approved or acknowledged an election pursuant
to section 62-605(1), Idaho Code, except to the extent such service thereafter is the subject of a specific commission order pursuant to title 62, Idaho Code.

SECTION 6. That Chapter 6, Title 62, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 62-622A, Idaho Code, and to read as follows:

62-622A. COMMISSION AUTHORITY TO ESTABLISH MINIMUM PRICING OF BASIC LOCAL EXCHANGE SERVICE. A telephone corporation may file a petition with the commission alleging that another telephone corporation, not subject to regulation pursuant to title 61, Idaho Code, is offering basic local exchange service to customers in a local exchange calling area at a price below its average variable cost of providing such service in the local exchange calling area. The commission shall, if after hearing it finds by a preponderance of the evidence that the allegations contained in the petition are true, establish a minimum price for basic local exchange service of the telephone corporation in the local exchange calling area, which minimum price shall reflect the telephone corporation's average variable cost of providing such service.

Approved March 29, 2005.

prior to, any purchase or disposal of real property, the board shall have such property appraised by an appraiser certified in the state of Idaho, which appraisal shall be entered in the records of the board of trustees, and shall be used to establish the value of the real property. The board of trustees shall determine the size of the site necessary for school purposes. The site shall be located within the incorporated limits of any city within the district; provided, however, that if the board finds that it is not in the best interests of the electors and the students of the district to locate the site within the incorporated limits of a city, the board, by duly adopted resolution setting forth the reasons for its finding, may designate a site located elsewhere within the district. In elementary school districts, except upon removal for highway purposes, a site may be designated or changed only after approval of two-thirds (2/3) or more of the electors voting at the annual meeting.

4. (a) To convey, except as provided by paragraph (b) of this subsection, by deed, bill of sale, or other appropriate instrument, all of the estate and interest of the district in any property, real or personal. In elementary school districts, except such conveyance as is authorized by subsection 6. of this section, any of the transactions authorized in this subsection shall be subject to the approval of two-thirds (2/3) or more of the electors voting at the annual meeting.

If, thereafter, no satisfactory bid is made and received, the board may proceed under its own direction to sell and convey the property. In no case shall any real property of the school district be sold for less than its appraisal.
The board of trustees may sell personal property, with an estimated value of less than one thousand dollars ($1,000), without appraisal, by sealed bid or at public auction, provided that there has been not less than one (1) published advertisement prior to the sale of said property. If the board, by a unanimous vote of those members present, finds that the property has an estimated value of less than five hundred dollars ($500) and is of insufficient value to defray the costs of arranging a sale, the property may be disposed of in the most cost-effective and expedient manner by an employee of the district empowered for that purpose by the board.

(b) Real and personal property may be exchanged hereunder for other property. Provided, however, that aside from the provisions of this paragraph, any school district may by a vote of one-half (1/2) plus one (1) of the members of the full board of trustees, by resolution duly adopted, authorize the transfer or conveyance of any real or personal property owned by such school district to the government of the United States, any city, county, the state of Idaho, any hospital district organized under chapter 13, title 39, Idaho Code, any other school district, any library district, any community college district, or any recreation district, with or without any consideration accruing to the school district, when in the judgment of the board of trustees it is for the interest of such school district that said transfer or conveyance be made. Prior to any transfer or conveyance of any real or personal property pursuant to this paragraph 4.(b), the board shall have the property appraised by an appraiser certified in the state of Idaho, which appraisal shall be entered in the records of the board of trustees, and shall be used to establish the value of the real or personal property.

1. The annual lease payments shall reflect reasonable compensation for use;
2. No penalty shall be imposed on the school district for proper cancellation of the lease;

However, where it is determined by order of the board that there is an existing emergency, the requirement for sealed competitive bids shall not apply.

(7) To establish the fiscal year of the district and to keep records of all business transactions of the district.

(8) To prepare a statement of the financial condition of the district at the end of each fiscal year according to generally accepted accounting principles, and publish in at least one (1) issue of some newspaper published, or in general circulation in, the county, or counties, in which such district is located and to file a certified copy of such financial report with the director of the department of water resources.

SECTION 13. That Section 43-318A, Idaho Code, be, and the same is hereby amended to read as follows:

43-318A. TRADE-IN OR EXCHANGE OF DISTRICT PROPERTY. Whenever the board of directors of an irrigation district finds and by resolution declares that the district no longer has use for any personal property of the district, or finds and declares that such property is no longer economical to use, the district may, in lieu of the sale of said property as provided in section 43-318, Idaho Code, dispose of the property by exchanging the same in part payment for new or replacement property.

If the acquisition of the new or replacement property is required to be let to bid under the provisions of section 43-901, Idaho Code, the district shall include in its request for bids, a full description of the property to be exchanged as part payment, and shall permit any interested bidder to examine the same, and any contract let as a result of said bid shall be awarded on the basis of net cost to the district after allowance for the property to be exchanged in part payment.

Exchange of property will be permitted only when, in the opinion of the board of directors of the district, the sale of the property under the provisions of section 43-318, Idaho Code, will yield a lesser monetary return to the district than the exchange thereof as herein provided.

SECTION 14. That Section 43-901, Idaho Code, be, and the same is hereby amended to read as follows:

43-901. CONTRACTS FOR CONSTRUCTION WORK AND PURCHASING. All the following provisions relative to competitive bidding set forth in chapter 28, title 67, Idaho Code, apply to all irrigation districts of the state of Idaho, but shall be subject to the provisions of any specific statute pertaining to the letting of any contract, purchase or acquisition of any commodity or thing by soliciting and receiving competitive bids therefor, and shall not be construed as modifying or amending the provi-
sions of any such statute, nor preventing the irrigation district from doing any work by its own employees.

B.---The word "Expenditure" shall mean the granting of a contract to another by the irrigation district; the construction of any works, or any portion thereof; and every manner and means whereby the irrigation district disburses funds or obligates itself to disburse funds; provided, however, that "Expenditure" does not include disbursement of funds to any irrigation district employee, officer, agent; or for the performance of personal services to the irrigation district; or for the acquisition of personal property through a contract that has been competitively bid by the state of Idaho, one of its subdivisions or an agency of the federal government; and does not include the purchase of used personal property.

C.---When the expenditure contemplated exceeds twenty-five thousand dollars ($25,000), the expenditure shall be contracted for and let to the lowest responsible bidder.

D.---The notice inviting bids shall be set a date and place for the opening of bids. The first publication of the notice shall be at least two (2) weeks before the date of opening the bids. Notice shall be published at least twice, not less than one (1) week apart, in the official newspaper of such irrigation district. The notice shall succinctly set forth the project or construction to be done. Any of the following documents shall be made available, upon reasonable deposit, to any interested bidder: bid form; bidder's instructions; contract documents; general and special instructions; drawings and specifications.

E.---All bids shall be presented or otherwise delivered under sealed cover to the secretary with a concise statement marked on the outside thereof; generally identifying the expenditure to which said bid pertains. All bids shall contain one (1) of the following forms of bidder's security:

a.---Cash;
b.---Cashier's check made payable to the irrigation district;
c.---A certified check made payable to the irrigation district;
d.---A bidder's bond executed by a qualified surety company, made payable to the irrigation district;

F.---The security shall be an amount equal to at least ten percent (10%) of the amount bid. A bid shall not be considered unless one (1) of the forms of bidder's security is enclosed with it, and unless the bid is submitted in a form which substantially complies with the form provided by the irrigation district.

G.---Any bid received by the irrigation district may not be withdrawn after the time set in the notice for opening of bids. All bids received must be opened at the time and place set in the notice inviting bids, and no person shall be denied the right to be present at the opening of bids.

H.---If the successful bidder fails to execute the contract, the amount of his bidder's security shall be forfeited to the irrigation district and the proceeds shall be deposited in the fund out of which the expenses of preparation and printing of the plans and specifications, estimates of costs and publication of notice are paid.

I.---The irrigation district may, on refusal or failure of the successful bidder to execute the contract, award it to the next lowest responsible bidder; if the board awards the contract to the next lowest responsible bidder, the amount of the said lowest responsible bidder's
security—shall—be-applied-by-the-irrigation-district-to-the-difference
between-the-said-lowest-responsible-bid-and-the-said-next-lowest-respon-
sible-bid; and the surplus; if any, shall be returned to the said lowest
bidder if cash or check is used; or to the surety on the bidder's bond
if a bond is used.
J. In its discretion; the board may reject any bids presented and
readvertise; if two (2) or more bids are the same and the lowest respon-
sible bids; the board may accept the one it chooses; if no bids are
received; the board may make the expenditure without further compliance
with this section.
K. After rejecting bids; the board may, after finding it to be a
fact, pass a resolution declaring that the thing sought to be accom-
plished by the expenditure can be performed more economically by day
labor; or the materials or supplies furnished at a lower price in the
open market. Upon adoption of the resolution; it may have the thing
sought to be accomplished done in the manner stated without further com-
pliance with this section.
L. If there is a great public calamity; as an extraordinary fire; flood;
storm; epidemic or other disaster; or if it is necessary to do
emergency work to prepare for national or local defense; or if the irri-
gation system of the district has been seriously damaged or impaired;
the board may pass a resolution declaring that the public interest and
necessity demand the immediate expenditure of public money to safeguard
life; health or property or to replace or repair any damaged portion of
the irrigation system or to remove any impediment therefrom. Upon adop-
tion of the resolution; it may expend any sum required in the emergency
without compliance with this section.

SECTION 15. That Section 43-903, Idaho Code, be, and the same is
hereby amended to read as follows:

43-903. NOTICE FOR BIDS DISPENSED WITH. On the petition of fifty
(50) or a majority of the owners of land in said district, to be deter-
mined as provided by section 43-101, Idaho Code, the board of directors
may do any work mentioned in the preceding section on behalf of the dis-
trict, and it may use the construction fund therefor; in such case they
need not publish notice for bids as provided in the last preceding sec-
tion 43-901, Idaho Code.

SECTION 16. That Section 43-2508, Idaho Code, be, and the same is
hereby amended to read as follows:

43-2508. RESOLUTION CREATING LOCAL IMPROVEMENT DISTRICT AND PROCE-
DURE FOR CONSTRUCTION BIDS. If, after the hearing on the creation of the
district, the board finds that the local improvement district will be
for the best interest of the property affected and the district; that
there is reasonable probability that the obligations of such local
improvement district will be paid; and the value of the property within
the proposed local improvement district is sufficient; it shall then
adopt a resolution providing for such improvements and creating a local
improvement district to be called "Local Improvement District No. ...
for ............ Irrigation District, Idaho," which shall include all of
the property within said local improvement district in accordance with
the findings of the board, and said resolution shall set forth the
boundaries of the local improvement district, provide the improvements which shall be made, and state that the total cost and expenses thereof shall be assessed according to the percentage or calculation hereinbefore mentioned on all benefited property in the local improvement district by using the gross acreage method of assessment contemplated in the notice of intention subject to any variation therefrom as a result of the board's determining that the benefits to be derived by certain lots or parcels of property warrant such variations. The board shall appoint an engineer and shall have prepared the necessary plans and specifications for the construction work ordered. Except as hereinafter otherwise provided, the board shall authorize the advertisement for bids therefor by giving notice calling for sealed bids for the construction of the work in accordance with the provisions of chapter 28, title 67, Idaho Code.

Any contract made by a district for any improvements authorized by this code shall be made by the board in the name of the district upon such terms of payment as shall be fixed by the board. The contract shall be authorized by resolution empowering the authorized officer of the district to execute the contract. The resolution need not set out the contract in full but it shall be sufficient if the resolution refers to a copy of the contract on file in the office of the secretary where it is available for public inspection.

Any provision in this local improvement district for irrigation dis- tricts code notwithstanding, if any district shall elect to exercise the powers herein granted jointly with another irrigation district or districts, or with any other public agency or agencies as authorized by the provisions of section 67-2328, Idaho Code, the improvements as contemplated within the local improvement district may be constructed jointly and as part of a larger project with such other agency or agencies upon the letting of a single contract after compliance with the required bidding procedure for any Idaho public agency jointly participating in the work.

SECTION 18. That Section 50-342, Idaho Code, be, and the same is hereby amended to read as follows:

The commissioners shall serve for terms not to exceed five (5) years, from the date of appointment, except that all vacancies shall be filled for the unexpired term. For inefficiency or neglect of duty or misconduct in office, a commissioner may be removed only after a hearing and after he shall have been given a copy of the charges at least ten (10) days prior to such hearings and have had an opportunity to be heard in person or by counsel.

(2) By enactment of an ordinance, the local governing body may appoint and designate itself to be the board of commissioners of the urban renewal agency, in which case all the rights, powers, duties, privileges and immunities vested by the urban renewal law of 1965, and as amended, in an appointed board of commissioners, shall be vested in the local governing body, who shall, in all respects when acting as an urban renewal agency, be acting as an arm of state government, entirely separate and distinct from the municipality, to achieve, perform and accomplish the public purposes prescribed and provided by said urban renewal law of 1965, and as amended.

(3) By enactment of an ordinance, the local governing body may terminate the appointed board of commissioners and thereby appoint and designate itself as the board of commissioners of the urban renewal agency.

An agency authorized to transact business and exercise powers under this act chapter shall file, with the local governing body, on or before March 31 of each year a report of its activities for the preceding calendar year, which report shall include a complete financial statement setting forth its assets, liabilities, income and operating expense as of the end of such calendar year. At the time of filing the report, the agency shall publish in a newspaper of general circulation in the community a notice to the effect that such report has been filed with the municipality and that the report is available for inspection during business hours in the office of the city clerk or county recorder and in the office of the agency.

(d) An urban renewal agency shall have the same fiscal year as a municipality and shall be subject to the same audit requirements as a municipality. An urban renewal agency shall be required to prepare and file with its local governing body an annual financial report and shall prepare, approve and adopt an annual budget for filing with the local governing body, for informational purposes. A budget means an annual estimate of revenues and expenses for the following fiscal year of the agency.

It is a violation of this sec­tion for an official of any political subdivision or the state itself to willfully or knowingly avoid compliance with procurement or competitive bidding statutes or to willfully or knowingly split or separate pur­chases or work projects with the intent of avoiding compliance with such statutes. If any officer or employee of any public entity willfully or knowingly violates this section, the public entity which the officer or employee serves shall be liable for civil penalties not to exceed five thousand dollars ($5,000) for each offense, such civil penalty to be payable to the office of the public agency bringing an enforcement action, upon court order, to reimburse the reasonable expense of enforc­ing compliance with competitive bidding and procurement statutes.

SECTION 37. That Title 67, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and design­nated as Chapter 28, Title 67, Idaho Code, and to read as follows:

CHAPTER 28
PURCHASING BY POLITICAL SUBDIVISIONS

67-2801. LEGISLATIVE INTENT. Efficient and cost-effective procure­ment of goods, services and public works construction is an important aspect of local government operations. Local public agencies should endeavor to buy goods, services and public works construction by way of a publicly accountable process that respects the shared goals of economy and quality. Political subdivisions of the state shall endeavor to pur­chase goods and services from vendors with a significant Idaho economic presence.

67-2802. APPLICABILITY. The provisions of this chapter establish procurement requirements for all political subdivisions of the state of Idaho. The public works construction procurement process set forth in this chapter shall function in a complementary manner with the public works contractors license board and the procedures which that board administers. Any general procurement procedures set forth in this chap­ter shall be supplemented by the provisions of any specific statute per­taining to the awarding of any contract for the purchase or acquisition of any service, commodity or thing made expressly applicable to any par­ticular political subdivision or by means of any additional administra­tive process that otherwise establishes additional express requirements.
No provisions of this chapter shall be deemed to preclude the use of procurement procedures otherwise authorized by law.

67-2803. EXCLUSIONS. The procurement requirements established in this chapter shall not be applicable to:

(1) The acquisition of personal property when the procurement duplicates the price and substance of a contract for like goods or services that has been competitively bid by the state of Idaho, one (1) of its political subdivisions, or an agency of the federal government;

(2) Contracts or purchases wherein expenditures are less than twenty-five thousand dollars ($25,000), provided such contracts or purchases shall be guided by the best interests of the political subdivision procuring the goods and services as determined by the governing board;

(3) Disbursement of wages or compensation to any employee, official or agent of a political subdivision for the performance of personal services for the political subdivision;

(4) Procurement of personal or professional services to be performed by an independent contractor for the political subdivision;

(5) Procurement of an interest in real property;

(6) Procurement of insurance; or

(7) Costs of participation in a joint powers agreement with other units of government.

67-2804. WAIVER. (1) Whenever the provisions of this chapter require a public works contractor's license to bid upon a public construction project, such requirement shall be deemed waived whenever federal law prohibits requiring licensure as a precondition for submitting a bid.

(2) Nothing in this section shall be deemed to prohibit a political subdivision from performing construction or repair work on the political subdivision's own facilities.

(3) Whenever this chapter provides time limits for objection or appeal, any objection or appeal not perfected within such time limitations shall be deemed to constitute a waiver of any rights to raise such objection or appeal thereafter.

67-2805. PROCUREMENT OF PUBLIC WORKS CONSTRUCTION. (1) For any contemplated public works construction project with an estimated total cost of less than fifty thousand dollars ($50,000), where the political subdivision determines that there may be a lack of available licensed contractors, a political subdivision may publish a notice of intent to procure in its official newspaper, concurrently sending such notice to the public works contractors license board, in order to solicit statements of interest from licensed public works contractors to determine whether one (1) or more licensed contractors is interested in submitting bids. Such notice of intent to procure shall be provided by the same means required for published solicitation of competitive bids and shall contain essentially the same information as such published notice. If no licensed public works contractor submits a statement of interest, the political subdivision may purchase public works construction from other than a licensed public works contractor by using the same procurement procedures otherwise specified herein.

(2) When a political subdivision contemplates an expenditure to
procure public works construction valued in excess of twenty-five thousand dollars ($25,000) but not to exceed one hundred thousand dollars ($100,000), the procurement procedures of this subsection (2) shall apply:

(a) The solicitation for bids for the public works construction to be performed shall be supplied to no fewer than three (3) owner-designated licensed public works contractors by written means, either by electronic or physical delivery. The solicitation shall describe the construction work to be completed in sufficient detail to allow an experienced public works contractor to understand the construction project the political subdivision seeks to build.

(b) The solicitation for bids shall describe the electronic or physical delivery method or methods authorized to submit a bid, the date and time by which a bid proposal must be received by the clerk, secretary or other authorized official of the political subdivision, and shall provide a reasonable time to respond to the solicitation, provided that except in the event of an emergency, such time shall not be less than three (3) business days.

(c) Written objections to specifications or bid procedures must be received by the clerk, secretary or other authorized official of the political subdivision at least one (1) business day before the date and time upon which bids are scheduled to be received.

(d) When written bids have been received, by either physical or electronic delivery, they shall be submitted to the governing board or governing board-authorized official which shall approve the responsive bid proposing the lowest procurement price or reject all bids and publish notice for bids, as before.

(e) If the political subdivision finds that it is impractical or impossible to obtain three (3) bids for the proposed public works procurement, the political subdivision may acquire the work in any manner the political subdivision deems best from a qualified public works contractor quoting the lowest price. When fewer than three (3) bids are considered, a description of the efforts undertaken to procure at least three (3) bids shall be documented by the political subdivision and such documentation shall be maintained for at least six (6) months after the procurement decision is made. If two (2) or more price quotations offered by different licensed public works contractors are the same and the lowest responsive bids, the governing board or governing-board authorized official may accept the one (1) it chooses.

(3) When a political subdivision contemplates an expenditure to purchase public works construction valued in excess of one hundred thousand dollars ($100,000), the procurement procedures of this subsection (3) shall apply. The purchase of construction services shall be made pursuant to a competitive sealed bid process with the purchase to be made from the qualified public works contractor submitting the lowest bid price complying with bidding procedures and meeting the prequalifications, if any are provided, established by the bid documents. Competitive bidding for public works may proceed through either of two (2) alternative procedures as set forth below:

(a) Category A. Competitive bidding procedures shall be open to receipt of bids from any licensed public works contractor desiring to bid upon a public works project. For a category A bid, the political subdivision may only consider the amount bid, bidder compliance
with administrative requirements of the bidding process, and whether
the bidder holds the requisite license.

(i) The request for bids for a category A procurement shall
set a date and place for the public opening of bids. Two (2)
notices soliciting bids shall be published in the official
newspaper of the political subdivision. The first notice shall
be published at least two (2) weeks before the date for opening
bids, with the second notice to be published in the succeeding
week at least seven (7) days before the date that bids are
scheduled to be opened. The notice shall succinctly describe
the project to be constructed. Copies of specifications, bid
forms, bidder's instructions, contract documents, and general
and special instructions shall be made available upon request
and payment of a reasonable plan copy fee by any interested
bidder.

(ii) Written objections to specifications or bidding proce­
dures must be received by the clerk, secretary or other autho­
rized official of the political subdivision at least three (3)
business days before the date and time upon which bids are
scheduled to be opened. The administrative officer or governing
board supervising the bidding process shall respond to any such
objection in writing and communicate such response to the
objector and all other plan holders, adjusting bidding
timeframes if necessary.

(iii) All bids shall be presented or otherwise delivered under
sealed cover to the clerk of the political subdivision or other
authorized agent of the political subdivision designated by the
information provided to bidders by the political subdivision
with a concise statement marked on the outside generally iden­
tifying the expenditure to which the bid pertains.

(iv) If the political subdivision deems it is in the politi­
cal subdivision's best interest, it may require the bidder to
provide bid security in an amount equal to at least five per­
cent (5%) of the amount bid. If required, a bid shall not be
considered unless one (1) of the forms of bidder's security is
enclosed with it, and unless the bid is submitted in a form
which substantially complies with the form provided by the
political subdivision. The political subdivision may require
that the bid security be in one (1) of the following forms:

(A) Cash;
(B) A cashier's check made payable to the political sub­
division;
(C) A certified check made payable to the political sub­
division; or
(D) A bidder's bond executed by a qualified surety com­
pany, made payable to the political subdivision.

(v) Any bid received by the political subdivision may not be
withdrawn after the date and time set in the notice for opening
of bids. When sealed bids have been received, they shall be
opened in public at a designated place and time, thereafter to
be compiled and submitted to the governing board for award.

(vi) If the successful bidder fails to execute the contract,
the amount of his bidder's security may be forfeited to the
political subdivision at the sole discretion of the political
subdivision and the proceeds shall be deposited in a designated fund out of which the expenses of procuring substitute performance are paid.

(vii) The political subdivision may, on the refusal or failure of the successful bidder to execute the contract, award the contract to the qualified bidder submitting the next lowest responsive bid. If the governing board awards the contract to the next lowest qualified bidder, the amount of the lowest qualified bidder's security may be applied by the political subdivision to the difference between the lowest responsive bid and the next lowest responsive bid, and the surplus, if any, shall be returned to the lowest bidder if cash or check is used, or to the surety on the bidder's bond if a bond is used, less reasonable administrative costs not to exceed twenty-five percent (25%) of the amount of the bidder's security to the owner.

(viii) In its discretion, the governing board may reject all bids presented and re-bid, or the governing board may, after finding it to be a fact, pass a resolution declaring that the project sought to be accomplished by the expenditure can be performed more economically by purchasing goods and services on the open market. If identical bids are received, the governing board may choose the bidder it prefers. If no bids are received, the governing board may procure the goods or services without further competitive bidding procedures.

(ix) If the governing board of any political subdivision chooses to award a competitively bid contract involving the procurement of public works construction to a bidder other than the apparent low bidder, the political subdivision shall declare its reason or reasons on the record and shall communicate such reason or reasons in writing to all persons who have submitted a competing bid.

(x) If any participating bidder objects to such award, such bidder shall respond in writing to the notice from the political subdivision within seven (7) calendar days of the date of transmittal of the notice, setting forth in such response the express reason or reasons that the award decision of the governing board is in error. Thereafter, staying performance of any procurement until after addressing the contentions raised by the objecting bidder, the governing board shall review its decision and determine whether to affirm its prior award, modify the award, or choose to re-bid, setting forth its reason or reasons therefor. After completion of the review process, the political subdivision may proceed as it deems to be in the public interest.

(b) Category B. Competitive bidding procedures shall be open to licensed public works contractors only after meeting preliminary supplemental qualifications established by the political subdivision. The solicitation for bids in a category B procurement shall consist of two (2) stages, an initial stage determining supplemental prequalifications for licensed contractors, either prime or specialty contractors, followed by a stage during which bid prices will be accepted only from prequalified contractors.

(i) Notice of the prequalification stage of the category B
competitive bidding process shall be given in the same manner
that notice of competitive bidding is provided for a category A
competitive bid request, providing a specific date and time by
which qualifications statements must be received. Political
subdivisions may establish prequalification standards premised
upon demonstrated technical competence, experience constructing
similar facilities, prior experience with the political subdivision, available nonfinancial resources, equipment and personnel as they relate to the subject project, and overall performance history based upon a contractor's entire body of work. Such request must include the standards for evaluating the qualifications of prospective bidders.

(ii) During the initial stage of the category B bidding process, licensed contractors desiring to be prequalified to bid on a project must submit a written response to a political subdivision's request for qualifications.

(iii) Written objections to prequalification procedures must be received by the clerk, secretary or other authorized official of the political subdivision at least three (3) business days before the date and time upon which prequalification statements are due. The administrative officer or governing board supervising the bidding process shall respond to any such objection in writing and communicate such response to the objector and all other contractors seeking to prequalify, adjusting bidding timeframes if necessary. After a review of qualification submittals, the political subdivision may select licensed contractors that meet the prequalification standards. If any licensed contractor submits a statement of qualifications but is not selected as a qualified bidder, the political subdivision shall supply a written statement of the reason or reasons why the contractor failed to meet prequalification standards.

(iv) Any licensed contractor that fails the prequalification stage can appeal any such determination to the governing board within seven (7) days after transmittal of the prequalification results to contest the determination. If the governing board sustains the decision that a contractor fails to meet prequalification standards, it shall state its reason or reasons for the record. A governing board decision concerning prequalification may be appealed to the public works contractors license board no more than fourteen (14) days following any decision on appeal made by the governing board. The public works contractors license board shall decide any such appeal within thirty-five (35) days of the filing of a timely appeal. The public works contractors license board shall allow participation, written or oral, by the appealing contractor and the political subdivision, either by employing a hearing officer or otherwise. The public works contractors license board shall not substitute its judgment for that of the political subdivision, limiting its review to determining whether the decision of the governing board is consistent with the announced prequalification standards, whether the prequalification standards comport with the law and whether the governing board's decision is supported by the entirety of the record. The deci-
sion of the public works contractors license board shall be written and shall state the reason or reasons for the decision. Category B prequalification procedures that are appealed shall be stayed during the pendency of the prequalification appeal until the public works contractors license board completes its review, but in no instance more than forty-nine (49) days after the appellate decision of the governing board regarding prequalification. Any licensed public works contractor affected by a decision on appeal by the public works contractors license board may, within twenty-eight (28) days of the final decision, seek judicial review as provided by chapter 52, title 67, Idaho Code.

(v) Following the conclusion of the prequalification administrative procedures, the bidding stage shall proceed by the setting of a time, date and place for the public opening of bids. A notice soliciting bids shall be transmitted to prequalified bidders at least fourteen (14) days before the date of opening the bids. The notice shall succinctly describe the project to be constructed. Copies of specifications, bid forms, bidder's instructions, contract documents, and general and special instructions shall be made available upon request and payment of a reasonable plan copy fee by any prequalified bidder.

(vi) Written objections to specifications or bidding procedures must be received by the clerk, secretary or other authorized official of the political subdivision at least three (3) business days before the date and time upon which bids are scheduled to be opened.

(vii) All category B bids shall be presented or otherwise delivered under sealed cover to the clerk or other authorized agent of the political subdivision designated by the instructions to bidders with a concise statement marked on the outside generally identifying the expenditure to which the bid pertains.

(viii) If the political subdivision deems it is in the political subdivision's best interest, it may require the bidder to provide bid security in an amount equal to at least five percent (5%) of the amount bid. If required, a bid shall not be considered unless one (1) of the forms of bidder's security is enclosed with it, and unless the bid is submitted in a form which substantially complies with the form provided by the political subdivision. The political subdivision may require that the bid security be in one (1) of the following forms:

(A) Cash;
(B) A cashier's check made payable to the political subdivision;
(C) A certified check made payable to the political subdivision; or
(D) A bidder's bond executed by a qualified surety company, made payable to the political subdivision.

(ix) Any category B bid received by a political subdivision may not be withdrawn after the date and time set in the notice for opening of bids. When sealed bids have been received, they shall be opened in public at a designated place and time, thereafter to be compiled and submitted to the governing board.
for award. If identical bids are received, the governing board may choose the bidder it prefers. If the successful bidder fails to execute the contract, the amount of his bidder's security may be forfeited to the political subdivision, in the sole discretion of the political subdivision, and the proceeds shall be deposited in a designated fund out of which the expenses for procuring substitute performance are paid.

(x) The political subdivision may, on the refusal or failure of the successful bidder to execute the contract, award the contract to the qualified bidder submitting the next lowest responsive bid. If the governing board awards the contract to the next lowest qualified bidder, the amount of the lowest qualified bidder's security, if forfeited, shall be applied by the political subdivision to the difference between the lowest responsive bid and the next lowest responsive bid, and the surplus, if any, shall be returned to the lowest bidder if cash or check is used, or to the surety on the bidder's bond if a bond is used, less reasonable administrative costs not to exceed twenty-five percent (25%) of the amount of the bidder's security.

(xi) In its discretion, the governing board may reject all bids presented and re-bid, or the governing board may, after finding it to be a fact, pass a resolution declaring that the project sought to be accomplished by the expenditure can be performed more economically by purchasing goods and services on the open market. If no bids are received, the governing board may make the expenditure without further competitive bidding procedures.

(xii) If the governing board of any political subdivision chooses to award a competitively bid contract involving the procurement of public works construction to a bidder other than the apparent low bidder, the political subdivision shall declare its reason or reasons on the record and shall communicate such reason or reasons in writing to all persons who have submitted a competing bid.

(xiii) If any participating bidder objects to such award, such bidder shall respond in writing to the notice from the political subdivision within seven (7) calendar days of the date of transmittal of the notice, setting forth in such response the express reason or reasons that the award decision of the governing board is in error. Thereafter, staying performance of any procurement until after addressing the contentions raised by the objecting bidder, the governing board shall review its decision and determine whether to affirm its prior award, modify the award, or choose to re-bid, setting forth its reason or reasons therefor. After completion of the review process, the political subdivision may proceed as it deems to be in the public interest.

67-2806. PROCURING SERVICES OR PERSONAL PROPERTY. (1) When a political subdivision contemplates an expenditure to purchase or lease personal property or to procure services, other than those services excluded pursuant to section 67-2803, Idaho Code, valued in excess of twenty-five thousand dollars ($25,000) but not to exceed fifty thousand
dollars ($50,000), the procurement procedures of this subsection (1) shall apply.

(a) The solicitation for bids shall be supplied to no fewer than three (3) vendors by written means, either by electronic or physical delivery. The solicitation shall describe the personal property or services to be purchased or leased in sufficient detail to allow a vendor dealing in such goods or services to understand what the political subdivision seeks to procure.

(b) The solicitation for bids shall describe the electronic or physical delivery method or methods authorized to submit a bid, the date and time by which a bid proposal must be received by the clerk, secretary or other authorized official of the political subdivision, and shall provide a reasonable time to respond to the solicitation, provided that except in the event of an emergency, such time shall not be less than three (3) business days.

(c) Written objections to specifications or bid procedures must be received by the clerk, secretary or other authorized official of the political subdivision at least one (1) business day before the date and time upon which bids are scheduled to be received.

(d) When written bids have been received, by either physical or electronic delivery, they shall be compiled and submitted to the governing board or governing board-authorized official which shall approve the responsive bid proposing the lowest procurement price or reject all bids and publish notice for bids, as before.

(e) If the political subdivision finds that it is impractical or impossible to obtain three (3) bids for the proposed procurement, the political subdivision may acquire the property in any manner the political subdivision deems best from a qualified vendor quoting the lowest price. When fewer than three (3) bids are considered, a description of the efforts undertaken to procure at least three (3) bids shall be documented by the political subdivision and such documentation shall be maintained for at least six (6) months after any such procurement is made. If two (2) or more price quotations are the same and the lowest responsive bids, the authorized decision maker may accept the one (1) it chooses.

(2) When a political subdivision contemplates an expenditure to purchase or lease personal property or to procure services, other than those services excluded pursuant to section 67-2803, Idaho Code, valued in excess of fifty thousand dollars ($50,000), the procurement procedures of this subsection (2) shall apply.

(a) The purchase or lease shall be made pursuant to an open competitive sealed bid process with the procurement to be made from the qualified bidder submitting the lowest bid price complying with bidding procedures and meeting the specifications for the goods and/or services sought to be procured.

(b) The request for bids shall set a date, time and place for the opening of bids. Two (2) notices soliciting bids shall be published in the official newspaper of the political subdivision. The first notice shall be published at least two (2) weeks before the date for opening bids, with the second notice to be published in the succeeding week at least seven (7) days before the date that bids are scheduled to be opened. The notice shall succinctly describe the personal property and/or service to be procured. Copies of specifications, bid forms, bidder's instructions, contract documents, and
general and special instructions shall be made available upon request by any interested bidder.

(c) Written objections to specifications or bidding procedures must be received by the clerk, secretary or other authorized official of the political subdivision at least three (3) business days before the date and time upon which bids are scheduled to be opened.

(d) If the political subdivision deems it is in the political subdivision's best interest, it may require the bidder to provide bid security in an amount equal to at least five percent (5%) of the amount bid. If required, a bid shall not be considered unless one of the forms of bidder's security is enclosed with it, and unless the bid is submitted in a form which substantially complies with the form provided by the political subdivision. The political subdivision may require that the bid security be in one (1) of the following forms:

(i) Cash;
(ii) A cashier's check made payable to the political subdivision;
(iii) A certified check made payable to the political subdivision; or
(iv) A bidder's bond executed by a qualified surety company, made payable to the political subdivision.

(e) Any bid received by the political subdivision may not be withdrawn after the time set in the notice for opening of bids. When sealed bids have been received, they shall be opened in public at a designated place and time, thereafter to be compiled to the governing board.

(f) If the successful bidder fails to execute the contract, the amount of his bidder's security may be forfeited to the political subdivision at the sole discretion of the governing board and thereafter the proceeds may be deposited in a designated fund out of which the reasonable expenses for procuring substitute performance are paid.

(g) The political subdivision may, on the refusal or failure of the successful bidder to execute the contract, award the contract to the next lowest qualified bidder. If the governing board awards the contract to the next lowest qualified bidder, the amount of the lowest qualified bidder's security may be applied by the political subdivision to the difference between the lowest responsive bid and the next lowest responsive bid, and the surplus, if any, shall be returned to the lowest bidder if cash or check is used, or to the surety on the bidder's bond if a bond is used, less reasonable administrative costs not to exceed twenty-five percent (25%) of the amount of the bidder's security.

(h) In its discretion, the governing board may reject all bids presented and re-bid, or the governing board may, after finding it to be a fact, pass a resolution declaring that the subject goods or services can be procured more economically on the open market. If two (2) or more bids are the same and the lowest responsive bids, the governing board may accept the one (1) it chooses. In its discretion, the governing board of a political subdivision may preauthorize the purchase of equipment at a public auction.

(i) If the governing board of any political subdivision chooses to award a competitively bid contract involving the procurement of per-
sonal property or services to a bidder other than the apparent low bidder, the political subdivision shall declare its reason or reasons on the record and shall communicate such reason or reasons in writing to all who have submitted a competing bid.

(j) If any participating bidder objects to such award, such bidder shall respond in writing to the notice from the political subdivision within seven (7) calendar days of the date of transmittal of the notice, setting forth in such response the express reason or reasons that the award decision of the governing board is in error. Thereafter, staying performance of any procurement until after addressing the contentions raised by the objecting bidder, the governing board shall review its decision and determine whether to affirm its prior award, modify the award, or choose to re-bid, setting forth its reason or reasons therefor. After completion of the review process, the political subdivision may proceed as it deems to be in the public interest.

67-2807. JOINT PURCHASING AGREEMENTS -- NOT-FOR-PROFIT ASSOCIATIONS.

(1) Political subdivisions may enter into joint purchasing agreements with the state of Idaho or other political subdivisions and may participate in joint purchasing agreements through a joint purchase program established by any not-for-profit association of political subdivisions. Personal property procured pursuant to such joint purchase agreements shall be acquired in accordance with the provisions of this chapter, provided such authority does not preclude or limit political subdivisions from entering into purchase agreements as otherwise provided by statute.

(2) Political subdivisions may participate in a program established by any not-for-profit association of which they become a member to assist such political subdivisions in bidding and negotiating joint purchase contracts and discount purchase agreements. Participation in any such program does not obligate a political subdivision to purchase goods or services through the program or through an agreement negotiated by the program administrator or its board. Political subdivisions shall only be obligated to pay for goods or services where the governing board has approved the purchase. Any not-for-profit association operating such a procurement program shall cause an independent, certified audit of the program to be performed annually. The audit shall be made available to the legislature upon request and a copy shall be made available for public inspection.

67-2808. EMERGENCY EXPENDITURES -- SOLE SOURCE EXPENDITURES.

(1) Emergency expenditures.

(a) The governing board of a political subdivision may declare that an emergency exists and that the public interest and necessity demand the immediate expenditure of public money if:

(i) There is a great public calamity, such as an extraordinary fire, flood, storm, epidemic or other disaster;
(ii) It is necessary to do emergency work to prepare for the national or local defense; or
(iii) It is necessary to do emergency work to safeguard life, health or property.

(b) Upon making the declaration of emergency, any sum required in
the emergency may be expended without compliance with formal bidding procedures.

(2) Sole source expenditures.

(a) The governing board of a political subdivision may declare that there is only one (1) vendor if there is only one (1) vendor for the personal property to be acquired. For purposes of this subsection (2), only one (1) vendor shall refer to situations where there is only one (1) source reasonably available and shall include, but not be limited to, the following situations:

(i) Where property is required to respond to a life-threatening situation or a situation which is immediately detrimental to the public welfare or property;
(ii) Where the compatibility of equipment, components, accessories, computer software, replacement parts or service is the paramount consideration;
(iii) Where a sole supplier's item is needed for trial use or testing;
(iv) The purchase of mass-produced movies, videos, books or other copyrighted materials;
(v) The purchase of property for which it is determined there is no functional equivalent;
(vi) The purchase of public utility services;
(vii) The purchase of products, merchandise or trademarked goods for resale at a political subdivision facility; or
(viii) Where competitive solicitation is impractical, disadvantageous or unreasonable under the circumstances.

(b) Upon making the declaration that there is only one (1) vendor for personal property, unless the property is required for a life-threatening situation or a situation that is immediately detrimental to the public welfare or property, notice of a sole source procurement shall be published in the official newspaper of the political subdivision at least fourteen (14) calendar days prior to the award of the contract.

67-5711. CONSTRUCTION, ALTERATION, EQUIPPING, FURNISHING AND REPAIR OF PUBLIC BUILDINGS AND WORKS. The director of the department of administration, or his designee, of the state of Idaho, is authorized and empowered, subject to the approval of the permanent building fund advisory council, to provide or secure all plans and specifications for, to let all contracts for, and to have charge of and supervision of the construction, alteration, equipping and furnishing, repair, maintenance other than preventive maintenance of any and all buildings, improvements of public works of the state of Idaho, the cost of which construction, alteration, equipping and furnishing, repair, maintenance other than preventive maintenance exceeds the sum of thirty one hundred thousand dollars ($3100,000) for labor, materials and equipment, which sum shall exclude design costs, bid advertising and related bidding expenses, provided, that the director or his designee, and permanent building fund advisory council shall, in the letting of contracts under this section, comply with the procedure for the calling of bids provided in section 67-5711C, Idaho Code; provided, however, that this section shall not apply to the construction, alteration, equipping or furnishing or repair or maintenance other than preventive maintenance of public buildings under the jurisdiction and control of the board of regents of the university of Idaho; provided further, that the bidding procedures required by this section and section 67-5711C, Idaho Code, shall not apply to performance contracts as provided in section 67-5711D, Idaho Code; provided further, that public works for the Idaho transportation department, the department of fish and game, the department of parks and recreation, and the department of lands, except for administrative office buildings and all associated improvements, are exempt from the provisions of this section that relate to the administration and review of such projects by the director of the department of administration or his designee and by the permanent building fund advisory council. This exemption shall not relieve the Idaho transportation department, the department of fish and game, the department of parks and recreation, and the department of lands in the letting of contracts for public works, from complying with the procedures of section 67-5711C, Idaho Code, related to the advertising and bidding for contracts. The permanent building fund advisory council may adopt rules consistent with existing law, including rules for a program of inspection and maintenance, to carry out the provisions of this act chapter.

SECTION 40. That Section 67-5711C, Idaho Code, be, and the same is hereby amended to read as follows:

67-5711C. CONSTRUCTION OF PUBLIC PROJECTS -- COMPETITIVE SEALED BIDDING. (1) All construction contracts for public works shall be awarded to the lowest responsible and responsive bidder after receipt of competitive sealed bidding except as otherwise provided in sections 67-5711B, 67-5711D and 67-5713, Idaho Code.

(2) An invitation for bids shall be issued and shall include a project description and all contractual terms and conditions applicable to the public works.

given at least fourteen (14) days prior to the date set forth therein for the opening of bids. Such notice shall include publication at least fourteen (14) days prior to bid opening in a newspaper of general circulation in the area where the work is located.

(4) When prequalification is deemed in the best interest of the state, competitive bidding procedures shall be open only to licensed public works contractors that meet preliminary supplemental qualifications. The solicitation for bids in a prequalified bidder public works project shall consist of two (2) stages, an initial stage for identifying prequalified contractors, either prime or specialty contractors, followed by a stage during which bid prices will be accepted only from prequalified contractors. Notice of the prequalification stage shall be given in the same manner that notice of open competitive bidding is provided. Prequalification standards must be premised upon demonstrated technical competence, experience constructing similar facilities, prior experience with the state, available nonfinancial resources, equipment and personnel as they relate to the subject project, and overall performance history based upon a contractor's entire body of work. Any request for qualifications must include the standards for evaluating the qualifications of prospective bidders. Licensed contractors desiring to be prequalified to bid on a project must submit a written response to a request for qualifications. After a review of qualification submittals, licensed contractors that meet the prequalification standards shall be notified. Thereafter, bids may be solicited from contractors that meet the prequalification standards. The department may promulgate rules or develop procedures to implement the prequalification process.

(5) Bids shall be opened publicly at the time and place designated in the invitation for bids. The amount of each bid and such other relevant information as may be specified by rules, together with the name of each bidder, shall be entered on a record and the record shall be open to public inspection. After the time of the award all bids and bid documents shall be open to public inspection in accordance with the provisions of sections 9-337 through 9-347 and 67-5725, Idaho Code.

(56) With respect to a project having a written cost estimate of greater than two twenty-five thousand five-hundred dollars ($2,525,000) but less than the public works limit established in section 67-5711, Idaho Code, the agency, if it does not perform the work with existing physical plant staff, must award a written contract to the lowest responsible and responsive bidder after soliciting at least three (3) documented informal bids from contractors licensed in Idaho to perform public works contracts, if reasonably available. Adequate public notice of the invitation for informal bids shall be given at least seven (7) days prior to the date set forth therein for the receipt of the informal bids. Such notice may include publication at least seven (7) days prior to bid opening in a newspaper of general circulation in the area where the work is located; or the agency may advertise the invitation for bids in appropriate trade journals, and otherwise notify persons believed to be interested in the award of a contract. Informal bids must be submitted by the contractor in writing in response to a prepared written document describing the project's scope of work in sufficient detail so as to enable a contractor familiar with such work to prepare a responsible bid. Nothing herein exempts an agency from the responsibility of utilizing formal plans and specifications if the work involves the public health or safety as described in chapters 3 and 12, title 54, Idaho
Code. The agency must document receipt of the informal bids in the project file.

(67) Any personal property including goods, parts, supplies and equipment which is to be supplied or provided by a state agency for use in any public work, project, or preventive maintenance programs, whether the public work, project, or preventive maintenance program is constructed, undertaken or performed by agency in-house personnel, or by delegation pursuant to section 67-5710A, Idaho Code, or otherwise provided or supplied by the agency to a contractor, the personal property, goods, parts, supplies or equipment supplied or provided by the agency must be purchased or procured by the agency through the division of purchasing in accordance with the Idaho Code.

SECTION 41. That Section 70-1612, Idaho Code, be, and the same is hereby amended to read as follows:

70-1612. PURCHASING PROCEDURES -- CONTRACTS. (1) Upon all purchases and/or works involving twenty-five thousand dollars ($25,000) or less, based upon the liability assumed by a port district thereon, all materials required by a port district may be procured in the open market or by contract and all work ordered may be done by contract or day labor. All such purchases and/or works involving in excess of twenty-five thousand dollars ($25,000), as so measured, shall be tet upon contract in the manner herein provided. All such contracts shall be tet at public bidding upon notice published at least once in a newspaper in the district at least ten (10) days before the letting, calling for sealed bids upon the work, plans and specifications for which shall then be on file in the office of the commission for public inspection. The same notice except as otherwise provided in this section and in section 70-1613, Idaho Code, procurement by port districts shall comply with the provisions of chapter 28, title 67, Idaho Code. In addition to the standards established thereby, a port district may also call for bids on such work or material based upon plans and specifications submitted by the bidder.

(2) Should emergency repairs to, or replacements of any equipment or other property owned or operated by any port district, become necessary in order to keep the port from ceasing operations, the port commission may, upon passing a resolution declaring such emergency, cause such repairs or replacements to be made without the necessity of compliance with subsection (1) of this section.

(3) The provisions of subsection (1) of this section shall not apply to the purchase or acquisition of used personal property.

SECTION 42. That Section 70-1613, Idaho Code, be, and the same is hereby amended to read as follows:

70-1613. NOTICE -- AWARD OF CONTRACT -- BOND. The notice shall state generally the nature of the work to be done and require that bids be sealed and filed with the commission at a time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier’s check, money order or surety bid bond to the commission for a sum to be determined by the commission but not less than five per cent (5%) of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit or bond. Such notice shall further state the time and place at which such bids shall be opened, and at
such-time-and-place-a-quorum-of-the-commission-shall-attend-and-publicly
open--and-read-such-bids;--and Upon following the procedural steps estab-
lished by chapter 28, title 67, Idaho Code, for receipt of bids, as mod-
ified by provisions of this title, the port commission shall proceed to
canvass the bids, and at the proper time thereafter may let the contract
upon the bid which the commission determines to be the best responsible
bid, whether or not the same be the lowest bid, upon the plans and spec-
ifications on file, or the best responsible bid of a bidder submitting
his own plans and specifications. If, in the opinion of the commission,
all bids are unsatisfactory, they may reject all of them and re-
advertise readvertise, and in such case all such bid proposal deposits
shall be returned to the bidders; but, if the contract is let, then all
bid proposal deposits shall be returned to the bidders, except that of
the successful bidder, which shall be retained until a contract is
entered into for the purchase of such material or doing of such work. A
bond shall be given to the port district by the successful bidder for
the performance of the contract and otherwise conditioned as required by
law, with surety satisfactory to the commission, in an amount to be
fixed by the commission, but not in any event less than twenty-five per
cent (25%) of the contract price. If said bidder fails to enter
into the contract in accordance with his bid and furnish such bond
within ten (10) days from the date on which he is notified that he is
the successful bidder, the check or money order and the amount thereof
shall be forfeited to the port district, or the port district shall
recover the amount of the surety bid bond. In the alternative, a port
district may, by passage of a resolution by the board of commissioners,
elect to exclusively follow the provisions of chapter 28, title 67,
Idaho Code, concerning procurement.

GATION OF RULES, TO SET FORTH LAW ENFORCEMENT AGENCY RESPONSIBILITIES, TO SET FORTH CLEANUP RESPONSIBILITIES OF RESIDENTIAL PROPERTY OWNERS, TO PROVIDE FOR IMMUNITY AND TO PROVIDE FOR VOLUNTARY COMPLIANCE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 6, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 26, Title 6, Idaho Code, and to read as follows:

CHAPTER 26
CLANDESTINE DRUG LABORATORY CLEANUP ACT

6-2601. SHORT TITLE. This chapter shall be known and may be cited as the "Clandestine Drug Laboratory Cleanup Act."

6-2602. PURPOSE. The legislature finds that some residential properties are being contaminated with hazardous chemical residues created by the manufacture of clandestine drugs. Innocent members of the public may be harmed when they are exposed to chemical residues if the residential properties are not decontaminated prior to any subsequent rental, sale or use of the properties. The purpose of this chapter is to protect the public health, safety and welfare by authorizing the department of health and welfare to establish a program providing a process and standards for the cleanup of clandestine drug laboratories.

6-2603. DEFINITIONS. As used in this chapter, unless the context otherwise requires:
(1) "Clandestine drug laboratory" means the areas where controlled substances or their immediate precursors, as those terms are defined in section 37-2701, Idaho Code, have been, or were attempted to be, manufactured, processed, cooked, disposed of or stored, and all proximate areas that are likely to be contaminated as a result of such manufacturing, processing, cooking, disposing or storing.
(2) "Department" means the Idaho department of health and welfare.
(3) "Law enforcement agency" means any policing agency of the state or of any political subdivision of the state.
(4) "Residential property" means any building or structure to be primarily occupied by people, either as a dwelling or as a business, including a storage facility, mobile home, manufactured home or recreational vehicle that may be sold, leased or rented for any length of time. "Residential property" does not include any water system, sewer system, land or water outside of a building or structure.
(5) "Residential property owner" means the person holding record title to residential property, as defined in this section.

6-2604. RULES. The department shall promulgate rules establishing the acceptable process and standards for the cleanup of clandestine drug laboratories. The department shall also promulgate rules establishing a program for addition to, and removal from, a list of residential properties that housed a clandestine drug laboratory.
6-2605. LAW ENFORCEMENT AGENCY RESPONSIBILITY. Following the adoption of rules pursuant to section 6-2604, Idaho Code, and using a format established by the department, a law enforcement agency, upon locating chemicals, equipment, supplies or immediate precursors indicative of a clandestine drug laboratory on a residential property, shall notify the residential property owner and the department.

6-2606. RESIDENTIAL PROPERTY OWNER CLEANUP RESPONSIBILITY. (1) Except as otherwise provided in subsection (2) of this section, and pursuant to rules adopted as provided in this chapter, upon notification to a residential property owner by a law enforcement agency that chemicals, equipment, supplies or immediate precursors indicative of a clandestine drug laboratory have been located on the owner's residential property, the residential property owner shall meet the cleanup standards established by the department. The residential property shall remain vacant from the time the residential property owner is notified, in accordance with rules adopted as provided in this chapter, of the clandestine drug laboratory until such time as the residential property owner has received a certificate issued by the department evidencing that the cleanup standards have been met.

(2) A residential property owner may, at his or her option, elect to demolish the residential property instead of meeting the cleanup standards established by the department.

6-2607. RESIDENTIAL PROPERTY OWNER IMMUNITY. Once a residential property meets the cleanup standards established by the department pursuant to rules adopted as provided in this chapter, the residential property owner and any representative or agent of the residential property owner shall be immune from civil actions involving health claims brought by any future owner, renter or other person who occupies the residential property, and by any neighbor of such residential property, where the alleged cause of injury or loss is based upon the use of the residential property for the purposes of a clandestine drug laboratory, provided however, that such immunity shall not apply to any person alleged to have produced the clandestine drugs.

6-2608. VOLUNTARY COMPLIANCE. Any residential property owner who chooses to voluntarily and successfully accomplish the cleanup standards established by the department pursuant to rules adopted as provided in this chapter, whether or not such owner was notified by a law enforcement agency, shall be afforded the protections from civil actions provided in section 6-2607, Idaho Code.

30-907. DIRECTOR'S ISSUANCE OR DENIAL OF LICENSE. (1) The director shall receive and act upon all applications for licenses to engage in business as an escrow agency under this chapter. If the director finds that all requirements of statute and rule have been met and all applicable fees paid, and the applicant is not otherwise unqualified for license, the director shall issue a license to the applicant.

(2) An application for a license as an escrow agency shall be in writing and filed with the director in such form as is prescribed by the director, shall include such information as the director may reasonably require, and shall be verified on oath by the applicant. Such information shall be updated and filed with the director as necessary to keep the information current. The application for licensure shall be accompanied by an application fee of three hundred fifty dollars ($350). When an application for licensure is denied or withdrawn, the director shall retain all fees paid by the applicant.

(3) An application for an escrow agency license under this chapter may be denied if the director finds that:

30-908. RENEWAL OF LICENSE. (1) On or before April 30 of each year, every licensee under this chapter shall pay an annual license renewal fee of one hundred fifty dollars ($150), and shall file with the director a renewal form containing such information as the director may require.

(2) As a condition of renewal, each licensee shall file with the director a statement of its financial condition and status of its escrow transactions as of the preceding December 31. The financial statement must be in a form and contain the information prescribed by the director.

(3) Each license under this chapter shall remain in full force and effect unless the licensee fails to timely satisfy the renewal requirements of this section, or the license is relinquished, suspended or revoked; provided however, branch licenses shall be terminated upon the relinquishment or revocation of a home office license. Any licensee may relinquish the license by notifying the director of its relinquishment, but this relinquishment shall not affect the licensee's liability for acts previously committed, and may not occur after the filing of a complaint for revocation or suspension of the license.

(4) Following the failure of a licensee to satisfy the renewal requirements of this section, a person previously licensed as an escrow agency may, for an additional nonrefundable fee of two hundred dollars ($200), apply for the reinstatement of its previous license provided that he satisfies the renewal requirements of this section no later than the last business day of May immediately following expiration of such license.

30-909. FINANCIAL RESPONSIBILITY -- FIDELITY BOND -- ERRORS AND OMISSIONS POLICY -- SURETY BOND. At the time of filing an application for an escrow agency license, and at the time of any renewal or reinstatement of such license, the applicant or licensee shall provide satisfactory evidence to the director of having obtained the following as evidence of financial responsibility:

(1) A fidelity bond providing coverage in the aggregate amount of two hundred thousand dollars ($200,000) with a deductible no greater than ten thousand dollars ($10,000) covering the applicant or licensee, as well as each corporate officer, partner, managing member, escrow agent and employee of the applicant or licensee;

(2) An errors and omissions policy issued to the escrow agency providing coverage in the minimum aggregate amount of fifty thousand dollars ($50,000) or, alternatively, cash or securities in such amount deposited in a depository approved by the director on condition that they be available for payment of any claim payable under an equivalent errors and omissions policy in such amount; and

(3) A surety bond in an amount as set forth in paragraphs (a) through (f) of this subsection. The surety bond shall be in a form provided by the director and the applicant shall be named as principal. The bond shall be executed by the applicant as obligor and by a company authorized to do a surety business in Idaho. The bond shall be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all rules adopted thereunder, and shall be liable for reimbursement to all persons who suffer loss by reason of a violation of this chapter or rules adopted thereunder. The surety bond provided shall be in an amount based upon the average month-end balance of
the escrow trust accounts of the applicant or licensee for the preceding calendar year, in increments as described in the following subsections:

(a) For average month-end escrow trust account balances of fifty thousand dollars ($50,000) or less, a surety bond in the amount of twenty thousand dollars ($20,000) is required;

(b) For average month-end escrow trust account balances of more than fifty thousand dollars ($50,000) but not more than two hundred fifty thousand dollars ($250,000), a surety bond in the amount of fifty thousand dollars ($50,000) is required;

(c) For average month-end escrow trust account balances of more than two hundred fifty thousand dollars ($250,000) but not more than five hundred thousand dollars ($500,000), a surety bond in the amount of one hundred thousand dollars ($100,000) is required;

(d) For average month-end escrow trust account balances of more than five hundred thousand dollars ($500,000) but not more than seven hundred fifty thousand dollars ($750,000), a surety bond in the amount of one hundred fifty thousand dollars ($150,000) is required;

(e) For average month-end escrow trust account balances of more than seven hundred fifty thousand dollars ($750,000) but not more than one million dollars ($1,000,000), a surety bond in the amount of two hundred thousand dollars ($200,000) is required;

(f) For average month-end escrow trust account balances of more than one million dollars ($1,000,000), a surety bond in the amount of two hundred fifty thousand dollars ($250,000) is required.

(4) The escrow agency licensee shall place on file with the director the surety bond and proof of its errors and omissions coverage and its fidelity bond, which bonds and insurance coverage shall be continuous during the period of licensure of the licensee whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced or modified, including increases or decreases in the penal sum. The surety upon the bond shall not be liable in an aggregate amount exceeding the penal sum set forth on the face of the bond.

(5) The surety bond shall name as beneficiaries:

(a) The state, for payment of any costs incurred and charges made in connection with any escrow agency's insolvency or default, including costs and charges relating to an examination and receivership of any escrow agency; and

(6) In lieu of the bonds required by this section, a certificate of deposit issued by a financial institution authorized to conduct business in Idaho and made payable to the director may be provided to the director in the same principal amount as required for the bonds. The interest on the certificate of deposit shall be payable to the escrow agency licensee. The certificate of deposit shall be maintained at all times during which the licensee is authorized to engage in business as an escrow agency under this chapter, and must provide that it will remain in effect for at least three (3) years following discontinuance of operations unless released earlier by the director.

(7) The director may, in the public interest and for good cause shown, waive or modify any requirements of this section.
30-910. CANCELLATION OF FIDELITY BOND, SURETY BOND, OR BOTH -- NEW BOND REQUIRED. Prior to cancellation of either the fidelity bond or the surety bond required by section 30-909, Idaho Code, or both, the escrow agency licensee shall file with the director satisfactory evidence of a new bond in the appropriate amount with no lapse in coverage from the canceled bond. Failure to do so shall be grounds for the suspension or revocation of the escrow agency's license.

30-911. LIMITATION OF ACTIONS ON BOND. No action may be brought on an escrow agency licensee's bond by any person after the expiration of three (3) years from the time when the act or default complained of becomes known or should have become known.

30-912. TRANSFERABILITY. A license issued under this chapter is not transferable or assignable, and control of a license shall not be acquired through stock purchase or other device without the prior written consent of the director.

30-913. UNLAWFUL ACTS. Any person, except a person exempt under section 30-905, Idaho Code, who engages in activity as an escrow agency without first obtaining a license in accordance with this chapter, shall be guilty of a felony. Such person is also subject to a civil penalty in an amount no greater than five thousand dollars (\$5,000) for each violation of this chapter or rule or order thereunder, in addition to other sanctions allowed by law.

30-914. ACCOUNTS TO BE MAINTAINED -- RECORDS OPEN TO INSPECTION -- RETENTION OF RECORDS -- TRUST ACCOUNT -- INTEREST ON ESCROW ACCOUNTS.

(1) Each licensee shall maintain sufficient books, accounts and records readily accessible to the department for the department to determine at any time the licensee's financial condition, what duties and responsibilities the licensee has undertaken to perform and whether it is properly performing all such duties, and any other information considered necessary by the director to determine whether the licensee is operating in a safe, competent and lawful manner. The books, records and accounts shall be maintained in accordance with generally accepted accounting principles and sound business practice.

(2) For each individual escrow account, the licensee shall maintain the escrow agreement and all amendments, all instructions affecting the agreement, all related correspondence, and an individual ledger reflecting all activity pertinent to that account.

(3) Each licensee shall continuously maintain the following general accounts:

(a) A general ledger reflecting assets, liabilities, income, expenses and equity accounts;
(b) An escrow liability control ledger for all escrow accounts;
(c) A cash receipts and disbursements journal; and
(d) Copies of all receipts and disbursements used as a medium of posting to individual escrow accounts.

(4) (a) Every licensee shall keep a separate escrow trust fund account established at a financial institution located in Idaho, in which shall be kept separate, distinct and apart and segregated from the licensee's own funds, all funds or moneys of clients which are being held in trust by the licensee pending the closing of an escrow
transaction or the full performance of the escrow agreement. All trust funds shall be deposited not later than the first banking day following receipt thereof. Such funds, when deposited, shall be designated as "escrow accounts" or given some other appropriate designation indicating that the funds are not the funds of the licensee.

(b) Every licensee shall maintain all other assets or property received pursuant to an escrow in accordance with a written escrow agreement in a manner which will reasonably preserve and protect the property from loss, theft or damage, and which will otherwise comply with all duties and responsibilities of a fiduciary or bailee generally.

(5) The records referenced in this section shall be reconciled at least monthly.

(6) All records referenced in this section shall be maintained by the licensee for seven (7) years following the close of each account.

(7) Any interest received on funds deposited with an escrow agency in connection with an escrow must be paid over to the depositing party to the escrow and may not be transferred to an account of the escrow agency. This section shall not limit the right of the escrow agency to contract with the depositing party with respect to the interest received on the deposits by independent agreement.

30-915. NOTICE OF CONFLICT OF INTEREST -- CLOSING STATEMENT. (1) An escrow agency licensee shall act without partiality to any of the parties to the escrow. An escrow agency may not close a transaction where it has, directly or indirectly, a monetary interest in the subject property either as buyer or seller. If an escrow agency has a business interest in the escrow transaction other than as the escrow agency licensee, the relationship or interest must be disclosed in the written escrow instructions. After noting such interest, an additional statement shall appear as follows: "We call this interest to your attention for disclosure purposes. This interest will not, in our opinion, prevent us from being a fair and impartial escrow agency in this transaction, but you are, nevertheless, free to request the transaction be handled by some other escrow agency."

(2) On completion of an escrow transaction, the escrow agency licensee shall deliver to each principal a signed written closing statement. The closing statement shall show all receipts and disbursements relating to the escrow transaction. Any charges by, or disbursements to, the escrow agency shall be clearly noted.

30-916. ATTACHMENT. Funds or other value received by a licensee under this chapter pursuant to an escrow or trust funds are not subject to execution or attachment in any claim against the licensee.

If it is necessary for the examination to be conducted outside of Idaho, the actual cost of travel for the examiners shall be reimbursed to the department of finance by the licensee so examined. The director, upon his prior written approval,
may accept an equivalent examination of a licensee by another state or federal agency as a substitute for the examination pursuant to this section.

(2) The director may make necessary public or private investigations within or outside of Idaho to determine whether any person has violated or is about to violate this chapter or any rule or order under this chapter.

(3) For the purpose of any investigation or other proceeding under this chapter, the director or any officer designated by the director may administer oaths or affirmations, and upon his own motion or upon request of any party, may subpoena witnesses, compel their attendance, and require the production of any matter which is relevant to the investigation or other proceeding, including the existence, description, nature, custody, condition and location of any books, documents or other tangible things and the identity and location of persons having knowledge or relevant facts, or any other matter reasonably calculated to lead to the discovery of material evidence. Upon failure to obey a subpoena or to answer questions proposed by the investigating officer and upon reasonable notice to all persons affected thereby, the director may apply to any district court for an order compelling compliance.

(4) Except as otherwise provided in this chapter, all proceedings under this chapter shall be conducted in accordance with the administrative procedure act, chapter 52, title 67, Idaho Code.

30-918. POWERS AND DUTIES OF THE DIRECTOR. (1) In addition to any other powers and duties of the director authorized by law, the director may issue orders and promulgate rules that, in the opinion of the director, are necessary to execute, enforce and effectuate the purposes of this chapter.

(2) The director shall also:
   (a) Administer and enforce the provisions and requirements of this chapter; and
   (b) Require that all funds collected by the department under this chapter be deposited into the finance administrative account pursuant to section 67-2702, Idaho Code.

   (1) Issue, circulate, make use of, publish or advertise, by any means of communication, that a person is engaged in accepting or receiving escrows if that person is not licensed under this chapter;

   (2) Solicit or accept an escrow instruction or amended or supplemental escrow instruction containing any blank to be filled in after signing or initialing of the escrow instruction or permitting any person to make any addition to, deletion from, or alteration of an escrow instruction or amended or supplemental escrow instruction unless the addition, deletion or alteration is signed or initialed by any affected party who signed or initialed the escrow instruction or amended or supplemental escrow instruction prior to the addition, deletion or alteration;

   (3) Fail to carry out an escrow transaction pursuant to the written escrow instructions unless amended by the written agreement of all parties to the escrow agreement or their assigns;
(4) Accept funds or papers in escrow without a dated, written instruction signed by the parties, or their authorized representatives, adequate to administer the escrow account and to provide for sufficient funds and documents to carry out the terms of the escrow instructions. Funds and documents deposited shall be used only in accordance with such written instruction; provided that if additional specific instructions are needed, the escrow agency shall obtain the consent of both parties or such representatives to the escrow or an order of a court of competent jurisdiction at the expense of the escrow parties;

(5) Fail to promptly distribute funds, deeds or other personal property or instruments pursuant to escrow instructions;

(6) Fail to submit to an examination by the department of its books, records and accounts, or refuse to provide to the department, within a reasonable time, all information requested by the department pursuant to this chapter;

(10) Engage in fraudulent or dishonest abstraction or misappropriation or embezzlement of funds or other property held in trust;

(11) Pay a fee or give any portion of its fees or charges, including fees for escrow services or other consideration, to any person as an inducement or as compensation for the referral of any escrow business; or

(12) Disburse funds or deliver documents from an escrow for recording or otherwise unless the escrow contains a credit balance consisting of collected funds, other than funds of the escrow agency or its affiliates, sufficient to discharge all monetary conditions of the escrow. This requirement does not apply to escrows established for the purpose of receiving two (2) or more periodic payments over a total period of time after establishment in excess of thirty (30) days.

30-920. REMEDIES. (1) Whenever it appears to the director that any person has engaged in or is about to engage in any act or practice constituting a violation of any provision of this chapter or any rule or order thereunder, is conducting its business in an unsafe and injurious manner, or that its capital or assets are impaired, the director may in his discretion:

(3) The court may not require the director to post a bond.

30-921 -- 30-930. RESERVED.

30-931. NO IMPAIRMENT OF OTHER REMEDIES. Nothing in this chapter shall be construed so as to impair or affect any statutory or common law right of any person to bring an action in any court having jurisdiction for any act involved in the transaction of an escrow business or the right of the state of Idaho to sanction any person for any violation of any provision of this chapter.

30-932. CONTINUING JURISDICTION. If a license under this chapter is surrendered, suspended or revoked, the former licensee shall continue to be subject to the provisions of this chapter and to the duties previously undertaken for so long as it acts as a fiduciary with respect to any escrow previously undertaken.

30-933. STATUS OF PREEXISTING ESCROWS. Nothing contained in this chapter shall be so construed as to impair or affect the obligation of any escrow agreement that was lawfully entered into prior to the effective date of this act.

30-934. SEVERABILITY. The provisions of this act are hereby declared to be severable, and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of the remaining portions of this act.

CHAPTER 237
(H.B. No. 160, As Amended)

AN ACT
RELATING TO STANDARD FIRE POLICIES; AMENDING SECTION 41-2401, IDAHO CODE, TO PROVIDE THAT COMMERCIAL STANDARD FIRE INSURANCE POLICIES MAY EXCLUDE COVERAGE FOR LOSS BY FIRE OR OTHER PERILS INSURED AGAINST IF THE FIRE OR OTHER PERILS ARE CAUSED DIRECTLY OR INDIRECTLY BY TERRORISM.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-2401, Idaho Code, be, and the same is hereby amended to read as follows:

41-2401. STANDARD FIRE POLICY. (1) No fire insurer shall issue any fire insurance policy covering on property or interest therein in this state, other than on the form known as the New York standard as revised in 1943, except as follows:
(a) An insurer may print on or in its policy its name, location, date of incorporation, plan of operation, whether stock, mutual, reciprocal or organized under special charter provisions, and if mutual or reciprocal whether on cash premium or assessment plan; and if it be a stock company, the amount of its paid up capital stock, the names of its officers and agents, the number and date of the policy, and, if it is issued by an agent, the words, "this policy shall not be valid until countersigned by the duly authorized agent of the company at ...."; and, if a mutual or reciprocal insurer, the policy must state the contingent liability, if any, of its policyholders, members, or subscribers for payment of losses and expenses not provided for by its cash funds.

(b) An insurer may print or use in its policies printed forms of description and specifications of the property insured.

(c) An insurer insuring against damage by lightning may print in the clause enumerating the perils insured against the additional words, "also any damage by lightning whether fire ensues or not," and in the clause providing for an apportionment of loss in case of other insurance the words, "whether by fire, lightning or both."

(d) A domestic insurer may print in its policies any provisions which it is authorized or required by the law to insert therein, and any foreign insurer may, with the approval of the director, so print any provision required by its charter or deed of settlement, or by the laws of its own state or country, not contrary to the laws of this state; but the director shall require any provision which, in his opinion modifies the contract of insurance in such a way as to affect the question of loss, to be appended to the policy by an endorsement or rider as hereinafter provided.

(e) The blanks in the standard form may be completed in print or in writing.

(f) An insurer may print upon policies issued in compliance with the preceding provisions of this section the words, "Idaho standard policy."

(g) An insurer may write upon the margin or across the face of the policy, or write or print in type not smaller than nonpareil upon a slip, slips, rider or riders to be attached thereto, provisions adding to or relating to those contained in the standard form; and all such slips, riders, endorsements and provisions must be signed by the officers or agents of the insurer so using them.

(h) If the policy be made by a mutual, reciprocal or other insurer having special regulations lawfully applicable to its organization, membership, policies or contracts of insurance such regulations shall apply to and form a part of the policy as the same may be written or printed upon, attached or appended thereto.

(i) Every policy shall have legibly inscribed upon its face and filing back suitable words to designate whether the insurer making such insurance be a stock, mutual or reciprocal insurer, provided, that any insurer organized under special charter provisions may so indicate upon its policy and may add a statement of the plan under which it operates in this state.

(j) Every fire policy shall contain language that provides for a thirty (30) day written notice to the insured prior to cancellation of the policy.
Every fire policy shall provide that it becomes effective at 12:01 a.m. of the standard time of the place where the property covered by the insurance is located, on the effective date of the policy.

An insurer issuing the standard fire policy is authorized to affix thereto or include therein a written statement that the policy does not cover loss or damage caused by nuclear reaction, nuclear radiation or radioactive contamination, all whether directly or indirectly resulting from an insured peril under the policy; but nothing herein contained shall be construed to prohibit the attachment to any such policy of an endorsement or endorsements specifically assuming coverage for loss or damage caused by nuclear reaction, nuclear radiation or radioactive contamination.

The standard fire policy is not mandatory for vehicle insurance, or for marine insurance, or inland marine insurance as the same is defined pursuant to section 41-1401(2), Idaho Code, or for insurance on growing crops.

Any policy or contract otherwise subject to the provisions of subsection (1) hereof, which includes either on an unspecified basis as to the coverage or for a single premium coverage against the peril of fire and substantial coverage against other perils need not comply with the provisions of subsection (1) hereof, provided:

(a) Such policy or contract shall afford coverage, with respect to the peril of fire, not less than the coverage afforded by such standard fire policy,
(b) The provisions in relation to mortgagee interests and obligations in such standard fire policy shall be incorporated therein without change,
(c) Such policy or contract is complete as to all of its terms without reference to the standard form of fire insurance policy or any other policy, and
(d) The director is satisfied that such policy or contract complies with the provisions hereof.

With respect to a commercial insurance policy, such standard fire insurance policy may exclude coverage for loss by fire or other perils insured against if the fire or other perils are caused directly or indirectly by terrorism. As used in this section, the term "terrorism" means a violent act or an act that:

(a) Is dangerous to human life, property or infrastructure;
(b) Results in damage within the United States, or outside of the United States in the case of an air carrier or vessel or the premises of a United States mission; and
(c) Is committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States government by coercion.

Whenever any person, firm, or corporation engaged in the business of selling and retailing farm implements and repair parts for farm implements enters into a written or parol contract, sales agreement or security agreement whereby the retailer agrees with any wholesaler, manufacturer, or distributor of farm implements, machinery, attachments, accessories or repair parts to maintain a stock of parts which may include, but is not limited to, complete or whole machines, or attachments, or demonstration and rental equipment and thereafter the written
or parol contract, sales agreement or security agreement is terminated, canceled canceled or discontinued, then the wholesaler, manufacturer, or distributor shall pay to the retailer or credit to the retailer's account, if the retailer has outstanding any sums owing the wholesaler, manufacturer, or distributor, unless the retailer should desire and has a contractual right to keep such merchandise, a sum equal to one hundred per-cent percent (100%) of the net cost of all unused complete farm implements, machinery and repair parts and stock of parts, attachments in new condition which have been purchased by the retailer from the wholesaler, manufacturer or distributor within the thirty-six (36) months immediately preceding notification by either party of intent to cancel or discontinue the contract, including the transportation charges to the retailer, and from the retailer to the destination designated by the wholesaler, manufacturer, or distributor, which have been paid by the retailer, or invoiced to the retailer's account by the wholesaler, manufacturer, or distributor. The payment or credit for demonstration or rental equipment that has not been retailed to an end user is a sum equal to the depreciated value of the equipment to which the supplier and the retailer have agreed. The wholesaler, manufacturer, or distributor shall pay to the retailer a reasonable reimbursement for services performed in connection with the assembly and predelivery inspections of the farm equipment and attachments. The supplier assumes ownership of farm implements, machinery and repair parts and stock FOB the dealer location.

A supplier must repurchase any specific data processing hardware, software, telecommunications equipment and computer communications hardware specifically required by the supplier to meet the supplier's minimum requirements and purchased by the dealer in the prior five (5) years and held by the dealer on the date of termination. The purchase price is the original net cost to the dealer, less twenty percent (20%) per year.

SECTION 2. That Section 28-23-102, Idaho Code, be, and the same is hereby amended to read as follows:

28-23-102. REPURCHASE OF REPAIR PARTS. Whenever any person, firm, or corporation engaged in the business of selling and retailing farm implements and repair parts for farm implements enters into a written or parol contract, sales agreement or security agreement whereby the retailer agrees with any wholesaler, manufacturer, or distributor of farm implements, machinery, attachments, accessories or repair parts to maintain a stock of parts or complete or whole machines, or attachments, manuals and repair manuals and thereafter the written or parol contract, sales agreement or security agreement is terminated, canceled canceled or discontinued, then the wholesaler, manufacturer, or distributor shall pay to the retailer or credit to the retailer's account, if the retailer has outstanding any sums owing the wholesaler, manufacturer, or distributor, unless the retailer should desire and has a contractual right to keep such merchandise, a sum equal to one hundred per-cent percent (100%) of the current net prices, including the transportation charges from the retailer to the destination, which shall include a mailing address, designated by the wholesaler, manufacturer or distributor within fifteen (15) days of said termination; cancellation or discontinuance; wholesaler, manufacturer or distributor which have been paid by the retailer, or invoiced to a retailer's account by the wholesaler,
manufacturer or distributor, on manuals and repair manuals, repair parts, including superseded or previously included parts listed in current price lists or catalogs or electronic catalogs in use, or previously used within thirty-six (36) months prior to the latest parts price list issue date by the wholesaler, manufacturer or distributor on the date of cancellation or discontinuance of the contract, which parts had previously been purchased by the retailer from the wholesaler, manufacturer, or distributor and are held by the retailer on the date of the cancellation or discontinuance of the contract or thereafter received by the retailer from the wholesaler, manufacturer or distributor.

The wholesaler, manufacturer, or distributor shall also pay the retailer or credit to his account a sum equal to five percent (5%) of the current net price of all parts returned for the handling, packing, and loading of the parts back to the wholesaler, manufacturer, or distributor unless the wholesaler, manufacturer or distributor elects to perform inventorying, packing and loading of the parts themselves.

Upon the payment or allowance of credit to the retailer's account of the sum required by this section and section 28-23-101, Idaho Code, the title to the farm implements, farm machinery, attachments, accessories or repair parts shall pass to the manufacturer, wholesaler or distributor making the payment or allowing the credit and the manufacturer, wholesaler or distributor shall be entitled to the possession of the farm implements, machinery, attachments, accessories or repair parts. Title to farm implements, attachments, accessories and repair parts is transferred to the supplier FOB the dealer location. The provisions of this section shall apply to any part return adjustment agreement made between a dealer and a supplier. All payments or allowances of credit due retailers under this section shall be paid or credited by the manufacturer, wholesaler, or distributor within ninety (90) days after the return of the farm implements, farm machinery, attachments, accessories or repair parts. After the ninety (90) days all sums of credits due shall include interest at the rate specified in section 28-22-104(1), Idaho Code. However, this section and section 28-23-101, Idaho Code, shall not in any way affect any security interest which the wholesaler, manufacturer or distributor may have in the inventory of the retailer.

A supplier shall repurchase at one hundred percent (100%) of net dealer cost, manuals and repair manuals purchased in the previous six (6) years and at fifty percent (50%) for manuals and repair manuals purchased in the previous seven (7) through twelve (12) years as required by the supplier and held by the dealer on the date of termination. Manuals and repair manuals must be unique to the supplier's product line and must be in complete and in readable condition.

A supplier must repurchase, and the dealer must sell to the supplier, specialized repair tools. As applied in this section, "specialized repair tools" is defined as those tools required by the supplier and unique to the diagnosis or repair of the supplier's products. For specialized repair tools that are in new, unused condition and are applicable to the supplier's current products, the purchase price is one hundred percent (100%) of the original net cost to the dealer. For all other specialized repair tools, in complete and resalable condition, the purchase price is the original net cost to the dealer less twenty percent (20%) per year depreciation, but not less than fifty percent (50%) of the original purchase price.
A supplier must repurchase, and the dealer must sell to the supplier, current signage. As used in this section, "current signage" means the principal outdoor signage required by the supplier that displays the supplier's current logo or similar exclusive identifier, and that identifies the dealer as representing either the supplier or the supplier's products, or both. The purchase price shall be the original net cost to the dealer less twenty percent (20%) per year, but may in no case be less than fifty percent (50%) of the original cost to the dealer.

SECTION 3. That Section 28-23-105, Idaho Code, be, and the same is hereby amended to read as follows:

28-23-105. FAILURE TO PAY SUMS SPECIFIED ON CANCELLATION OF CONTRACTS -- LIABILITY. In the event that any manufacturer, wholesaler, or distributor of farm implements, machinery, attachments, accessories and repair parts, upon the cancellation of a contract by either a retailer or such manufacturer, wholesaler or distributor, fails or refuses to make payment to the dealer or his heir or heirs as required by this section, the manufacturer, wholesaler or distributor shall be liable in a civil action to be brought by the retailer or his heir or heirs for (a) one hundred percent (100%) of the net cost of the farm implements, machinery, and attachments and accessories, (b) transportation charges required in sections 28-23-101 and 28-23-102, Idaho Code, which have been paid by the retailer, or invoiced to the retailer's account, (c) one hundred percent (100%) of the current net price of repair parts, and (d) five percent (5%) for handling, packing and loading, if applicable, (e) one hundred percent (100%) of the current net price for manuals and repair manuals, and (f) reasonable reimbursement for services performed in connection with assembly and predelivery inspections of the equipment. A person, firm or corporation which brings an action under this section must commence the action in the county in which the principal place of business of the retailer is located.

SECTION 4. That Section 28-23-106, Idaho Code, be, and the same is hereby amended to read as follows:

28-23-106. EXCEPTIONS. This act shall not require the repurchase from a retailer of a repair part where the retailer previously has failed to return the repair part to the wholesaler, manufacturer or distributor after being offered a reasonable opportunity to return the repair part at a price not less than one hundred percent (100%) of the net price of the repair part as listed in the then current price list or catalog, and transportation charges required in section 28-23-102, Idaho Code, which have been paid by the retailer, or invoiced to the retailer's account. This act shall not require the repurchase from a retailer of repair parts which have a limited storage life or are otherwise subject to deterioration, such as rubber items, gaskets, and batteries; repair parts in broken or damaged packages; single repair parts priced as a set of two (2) or more items; and repair the retailer purchased in a set of multiple parts, unless the set is complete and in resalable condition and parts which because of their condition are not resalable as new parts without new packaging or reconditioning.
SECTION 5. That Section 28-23-108, Idaho Code, be, and the same is hereby amended to read as follows:

28-23-108. GUARANTY AND SECURITY AGREEMENT NOTICE REQUIREMENTS. All wholesalers, manufacturers, or distributors of farm implements, machinery, attachments, accessories or repair parts shall give the retailer a minimum of sixty ninety (690) days' notice in writing and obtain consent from the dealer before changing the time and manner of payment of any indebtedness owed by retailer to manufacturer, distributor or wholesaler, and before taking and making any changes in notes or security for any indebtedness, and before releasing or adding additional guarantors, and before granting renewals or extensions of such indebtedness.

SECTION 6. That Section 28-24-102, Idaho Code, be, and the same is hereby amended to read as follows:

28-24-102. DEFINITIONS. As used in this chapter:
(1) "Assigned area of responsibility" means the geographic region for which a particular dealer is responsible for the marketing, selling, leasing or servicing of equipment pursuant to a dealer agreement as assigned by the supplier.
(2) "Continuing commercial relationship" means any relationship in which the equipment dealer has been granted the right to sell or service equipment manufactured by supplier.
(3) "Dealer agreement" means a contract or agreement, either expressed or implied, whether oral or written, between a supplier and an equipment dealer, by which the equipment dealer is granted the right to sell, distribute or service the supplier's equipment, where there is a continuing commercial relationship between the supplier and the equipment dealer.
(4) "Demonstration and/or rental equipment" is equipment that has been used but has not been sold to an end user.
(5) "Equipment" means machines designed for or adapted and used for agriculture, horticulture, livestock and grazing and related industries but not exclusive to agricultural use. Equipment also includes:
(a) "All-terrain vehicles" or "ATVs," including three-wheeled and four-wheeled motorized vehicles, generally characterized by large, low-pressure tires, a seat designed to be straddled by the operator, and handlebars for steering. All-terrain vehicles are intended for off-road use.
(b) "Outdoor power equipment" means equipment powered by a two-cycle or four-cycle gas or diesel engine, or electric motor, which is used to maintain commercial, public or residential lawns and gardens or used in landscape, turf, golf course or plant nursery maintenance.
(6) "Equipment dealer" or "equipment dealership" means any person, partnership, corporation, association or other form of business enterprise, primarily engaged in the retail sale and/or service of equipment in this state, pursuant to any oral or written agreement for a definite or indefinite period of time in which there is a continuing commercial relationship in the marketing of the equipment or related services.
(7) "Good cause" means failure by an equipment dealer to substantially comply with essential and reasonable requirements imposed upon the equipment dealer by the dealer agreement, provided, such require-
ments are not different from those requirements imposed on other similarly situated equipment dealers in the state either by their terms or in the manner of their enforcement.

(68) "Supplier" means the manufacturer, wholesaler or distributor of the equipment to be sold by the equipment dealer, or any successor in interest to or assignee of the supplier. A successor in interest includes any purchaser of assets or stock, any surviving corporation resulting from merger or liquidation, any receiver or any trustee of the original supplier.

(9) "Warranty claim" means a claim for payment submitted by an equipment dealer to a supplier for service or parts, or both, provided to a customer under a:

(a) Warranty issued by the supplier; or

(b) Recall or modification order issued by the supplier.

SECTION 7. That Section 28-24-103, Idaho Code, be, and the same is hereby amended to read as follows:

28-24-103. DEALER AGREEMENTS -- UNLAWFUL ACTS AND PRACTICES. It shall be a violation of the provisions of this chapter for a supplier to:

(1) Require or attempt to require any equipment dealer to order or accept delivery of any equipment or parts or any equipment with special features or accessories not included in the base list price of such equipment as publicly advertised by the supplier which the equipment dealer has not voluntarily ordered;

(2) Require or attempt to require any equipment dealer to enter into any agreement, whether written or oral, supplementing or amending an existing dealer agreement with such supplier unless such amendment or supplementary agreement is imposed on other similarly situated dealers in the state;

(3) Refuse to deliver in reasonable quantities and within a reasonable time after receipt of the equipment dealer's order, to any equipment dealer having a dealer agreement for the retail sale of new equipment sold or distributed by such supplier, equipment covered by such dealer agreement specifically advertised or represented by such supplier to be available for immediate delivery. The failure to deliver any such equipment shall not be considered a violation of the provisions of this chapter when deliveries are based on prior retail sales ordering histories, the priority given to the sequence in which the orders are received or manufacturing schedules or if such failure is due to prudent and reasonable restriction on extension of credit by the supplier to the equipment dealer, an act of God, work stoppage or delay due to a strike or labor difficulty, a bona fide shortage of materials, freight embargo or other cause over which the supplier has no control;

(4) Terminate, cancel or fail to renew the dealer agreement of any equipment dealer or substantially change the competitive circumstances of the dealer agreement, attempt to terminate or cancel, or threaten not to renew the dealer agreement or attempt or threaten to substantially change the competitive circumstances of the dealer agreement without good cause. Nothing in this paragraph shall be interpreted to apply to a discontinuation of or change in the product line of an equipment dealer;

(5) Condition the renewal, continuation or extension of a dealer agreement on the equipment dealer's substantial renovation of the equip-
ment dealer's place of business or on the construction, purchase, acquisition or rental of a new place of business by the equipment dealer, unless:

(a) The supplier has advised the equipment dealer in writing of its demand for such renovation, construction, purchase, acquisition or rental within a reasonable time prior to the effective date of the proposed date of renewal or extension, but in no case less than one (1) year; and

(b) The supplier demonstrates the need for such change in the place of business and the reasonableness of the demand with respect to marketing and servicing the supplier's products and any significant economic conditions existing at the time in the equipment dealer's trade area, and the equipment dealer does not make a good faith effort to complete such construction or renovation plans within one (1) year.

(6) Discriminate in the prices charged for equipment of like grade and quality sold by the supplier to similarly situated dealers in this state where the effect of such discrimination may be to substantially lessen competition or tend to create a monopoly in a line of commerce. The provisions of this subsection do not prevent the use of differentials which make only due allowance for differences in the cost of manufacture, sale or delivery of equipment resulting from the differing methods or quantities in which such equipment is sold or delivered; provided that nothing shall prevent a supplier from offering a lower price in order to meet an equally low price of a competitor, or the services or facilities furnished by a competitor;

(7) Unreasonably withhold consent for an equipment dealer to change the capital structure of the equipment dealership or the means by which it is financed, provided that the equipment dealer meets the reasonable capital requirements of the supplier;

(8) Prevent, by contract or otherwise, any equipment dealer or any officer, member, partner or stockholder of an equipment dealership from selling, assigning, or transferring any interest or portion thereof held by any of them in the equipment dealership to any other person or party; provided, however, that no equipment dealer, officer, partner, member or stockholder shall have the right to sell, transfer, or assign the equipment dealership or the power of management or control thereof without the written consent of the supplier, except that such consent shall not be unreasonably withheld if the buyer, transferee, or assignee meets the reasonable financial, business experience and character standards of the supplier. Should a supplier determine that the designated transferee is not acceptable, the supplier shall provide the equipment dealer with written notice of the supplier's objections and specific reasons for withholding its consent within thirty (30) calendar days of receipt of notice from the equipment dealer;

(9) Require an equipment dealer to assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability imposed by this chapter;

(10) (a) Unreasonably withhold consent, in the event of the death of the equipment dealer or the principal owner of the equipment dealership, to the transfer of the equipment dealer's or the principal owner's interest in the equipment dealership to a member or members of the family of the equipment dealer or of the principal owner or to another qualified individual, if the family member or other
qualified individual meets the reasonable financial, business experience and character standards of the supplier. A supplier shall have sixty (60) days to consider a request to make a transfer to a family member or other qualified individual. If, within that period, the supplier determines that the designated family member or other qualified individual does not meet the reasonable financial, business experience and character standards of the supplier, it shall provide the designated family member or other qualified individual with the dealership, heirs to the dealership, or the estate of the dealer with written notice of its objection and the specific reasons for withholding its consent. If the family member or other qualified individual reasonably satisfies the supplier's objections within sixty (60) days after notice thereof, the supplier shall approve the transfer. As used in this paragraph, family means and includes a spouse, parents, siblings, children, step-children, sons-in-law, daughters-in-law, and lineal descendants, including those by adoption, of the equipment dealer or principal owner of the equipment dealership. Nothing in this paragraph shall entitle a family member or other qualified individual to continue to operate the dealership without the consent of the supplier.

(b) Notwithstanding the provisions of paragraph (a) of this subsection, in the event that a supplier and equipment dealer have duly executed an agreement concerning succession rights prior to the equipment dealer's death, and if such agreement has not been revoked, such agreement shall be observed.

(11) Cause the equipment dealer to refrain from participation in the management, investment, acquisition or sale of any other related product or product line of equipment, parts or accessories, from the same or separate locations;

(12) Fail to compensate a dealer for preparation and delivery of equipment that the supplier sells or leases for use within this state and that the dealer prepares for delivery and delivers.

SECTION 8. That Section 28-24-104, Idaho Code, be, and the same is hereby amended to read as follows:

28-24-104. TERMINATION OF DEALER AGREEMENT OR CHANGE OF EQUIPMENT DEALER'S COMPETITIVE CIRCUMSTANCES -- NOTICE -- GOOD CAUSE. (1) A supplier shall provide written notice to the equipment dealer of any proposed termination or nonrenewal of a dealer agreement or substantial change in the competitive circumstances of a dealer agreement. The notice shall state the reason(s) constituting good cause for the action proposed to be taken. Except where good cause is alleged under the provisions of paragraphs (a) through (e) of subsection (2) of this section, such notice shall be provided to the equipment dealer not less than ninety (90) days before the proposed action is to become effective. Except where good cause is alleged under paragraphs (a) through (d) of subsection (2) of this section, the equipment dealer shall be given sixty ninety (690) days within which to cure any claimed deficiency, and the notice shall advise the dealer of his right to cure. If the claimed deficiency is rectified within sixty ninety (690) days, the notice shall be void and the proposed action shall not become effective. Notwithstanding the equipment dealer's failure to cure the deficiency or deficiencies claimed, where a ninety (90) day notice is required to be given
by the supplier, the contractual term of the dealer agreement shall not expire, nor shall the dealer agreement be otherwise terminated or canceled, nor shall the equipment dealer's competitive circumstances be substantially changed prior to the expiration of at least ninety (90) days following such notice without the written consent of the equipment dealer.

(2) As used in this chapter, "good cause" shall exist, but not be limited to the following circumstances when the equipment dealer has:

(a) Transferred a controlling ownership interest in the equipment dealership without the supplier's consent;
(b) Made a material misrepresentation to the supplier;
(c) Filed a voluntary petition in bankruptcy or has had an involuntary petition in bankruptcy filed against the equipment dealer which has not been discharged within sixty ninety (690) days after the filing; is in default under the provisions of a security agreement in effect with the supplier; or is insolvent or in receivership;
(d) Been convicted of a crime, punishable for a term of imprisonment for one (1) year or more;
(e) Failed to operate in the normal course of business for ten (10) consecutive business days or has terminated said business;
(f) Relocated the equipment dealer's place of business without the supplier's consent;
(g) Consistently engaged in business practices which are detrimental to the consumer or supplier by way of excessive pricing, misleading advertising, failure to provide service and replacement parts or perform warranty obligations;
(h) Inadequately represented the supplier over a one (1) year of such period of time or length of time period specified in the dealer agreement causing lack of performance in sales, service or warranty areas and failed to achieve market penetration at levels consistent with similarly situated equipment dealerships in the state based on available record information or a time mutually agreed upon between the supplier and dealer to reflect the ongoing market conditions;
(i) Consistently failed to meet building and housekeeping requirements, or has failed to provide adequate sales, service or parts personnel commensurate with the dealer agreement;
(j) Failed to comply with the applicable licensing laws pertaining to the products and services being represented for and on supplier's behalf;
(k) Materially failed to comply with the terms of the dealer agreement.

(3) Notwithstanding the provisions of subsection (2) of this section, before the termination or nonrenewal of a dealer agreement based upon a supplier's claim that the dealer has failed to achieve market penetration at levels consistent with similarly situated dealerships in the state, the supplier shall provide written notice of its intention at least one (1) year in advance.

(a) After issuance of such a notice, the supplier shall provide fair and reasonable efforts to work with the dealer to assist the dealer in gaining the required market penetration including, but not limited to, making available to the dealer an adequate inventory of new equipment and parts, and not withhold programs available to all dealers.
(b) Upon the end of the one (1) year period established in this
subsection (3), the supplier may terminate or elect not to renew the dealer agreement only upon written notice specifying the reasons for determining that the dealer failed to meet reasonable market penetration. The notice must specify that termination or nonrenewal is effective one hundred eighty (180) days from the date of the notice and that either party may petition the court. A supplier bears the burden of proving that a retailer's area of responsibility or trade area does not afford sufficient sales potential to reasonably support the retailer. The supplier's proof must be in writing.

SECTION 9. That Part 1, Chapter 24, Title 28, Idaho Code, be, and the same is hereby amended by the addition thereto of NEW SECTIONS, to be known and designated as Sections 28-24-104A, 28-24-104B, 28-24-104C, 28-24-104D and 28-24-104E, Idaho Code, and to read as follows:

28-24-104A. ESTABLISHMENT OF NEW DEALERSHIP -- SUPPLIER'S DUTIES. When a supplier enters into an agreement to establish a new dealer or dealership or to relocate a current dealer or dealership for a particular product line or make of equipment, the supplier must give written notice of such an agreement by certified mail to all existing dealers or dealerships whose assigned area of responsibility is contiguous to the new dealer or dealership location. If no area of responsibility has been assigned then the supplier must give written notice of such an agreement by certified mail to the dealers or dealerships located within a seventy-five (75) mile radius of the new dealer location. The supplier must provide in its written notice the following information about the proposed new or relocated dealer or dealership:

(1) The proposed location;
(2) The proposed date for commencement of operation at the new location; and
(3) The identities of all existing dealers or dealerships whose assigned area of responsibility is contiguous to the new dealer or dealership location. If no area of responsibility has been assigned then the supplier must give written notice of such an agreement by certified mail to the dealers or dealerships located within a seventy-five (75) mile radius of the new dealer location.

28-24-104B. WARRANTY CLAIMS. (1) An equipment dealer may submit a warranty claim to a supplier if a warranty defect is identified and documented prior to the expiration of a supplier's warranty:

(a) While a dealer agreement is in effect; or
(b) After the termination of a dealer agreement if the claim is for work performed while the dealer agreement was in effect.

(2) A supplier shall accept or reject a warranty claim submitted under subsection (1) of this section, within thirty (30) days of the date the supplier received the claim. A warranty claim not rejected within thirty (30) days of the date the supplier received the claim is considered to be accepted by the supplier.

(3) No later than thirty (30) days after the date a warranty claim is accepted or rejected under subsection (2) of this section, the supplier shall:

(a) Pay an accepted warranty claim; or
(b) Send the dealer written notice of the reason the warranty claim was rejected.

(4) A supplier shall compensate the dealer for the warranty claim as follows:

(a) The dealer's established customer hourly retail labor rate multiplied by the reasonable and customary amount of time required to complete such work by similarly situated dealers, including diagnostic time, and cleanup time, expressed in hours and fractions of an hour;

(b) The dealer's current net price on repair parts reimbursed at not less than net plus twenty percent (20%) of the cost for warranty service performed on behalf of the supplier to compensate for reasonable costs of doing business; and

(c) Extraordinary freight and handling costs. For purposes of this subsection (4)(c), "extraordinary freight and handling costs" means costs that are above and beyond the normal reimbursement policy of the supplier for warranty repair work;

(d) When the repair work is for safety or mandatory modifications ordered by the supplier, the supplier shall reimburse the dealer for transportation costs incurred by the dealer.

(5) After payment of a warranty claim, a supplier may not charge back, off-set or otherwise attempt to recover from the dealer all or part of the amount of the claim unless:

(a) The warranty claim was submitted in error;

(b) The services for which the warranty claim was made were not properly performed or were unnecessary to comply with the warranty; or

(c) The dealer did not substantiate the warranty claim according to the written requirements of the supplier that were in effect when the equipment was delivered to the dealer by the customer for warranty repairs.

(6) If a supplier denies a warranty claim due to a particular item or part of the claim, the denial shall only affect the items or parts in question and not the complete warranty claim.

(7) A supplier may not pass the cost of covering warranty claims under this chapter on to a dealer through any means including:

(a) Surcharges;

(b) Reduction of discounts; or

(c) Certification standards.

(8) Notwithstanding the provisions of subsection (4) of this section, a dealer may accept the supplier's reimbursement terms and conditions in lieu of the terms and conditions set forth in subsection (4) of this section.

28-24-104C. AUDIT OF WARRANTY CLAIMS. A supplier may not audit a dealer's records with respect to any warranty claim submitted more than two (2) years before the date of the audit.

28-24-104D. ARBITRATION. Any party to a retailer agreement aggrieved by the conduct of the other party to the agreement under sections 28-23-101 through 28-23-111, Idaho Code, or under part 1, chapter 24, title 28, Idaho Code, may seek arbitration of the issues under sections 7-901 through 7-922, Idaho Code. Unless the parties agree to different arbitration rules, the arbitration shall be conducted in Idaho.
pursuant to the commercial arbitration rules of the American arbitration association. When the parties agree, the arbitration shall be the parties' only remedy and the findings and conclusions of the arbitrator or panel of arbitrators shall be binding upon both parties.

1) The arbitrator or arbitrators may award the prevailing party:
(a) The costs of witness fees and other fees in the case;
(b) Reasonable attorney's fees; and
(c) Injunctive relief against unlawful termination, cancellation, nonrenewal or change in competitive circumstances.

2) Any retailer has a civil cause of action in district court in this state against a supplier for damages sustained by the retailer as a consequence of the supplier's violation of part 1, chapter 24, title 28, Idaho Code, or sections 28-23-101 through 28-23-111, Idaho Code, together with:
(a) The actual costs of the action;
(b) Reasonable attorney's fees; and
(c) Injunctive relief against unlawful termination, cancellation, nonrenewal or change in competitive circumstances.

3) No dealer shall be required to waive his rights to judicial recourse by contractual agreements through penalty of loss of trade discounts or changes in the competitive circumstances of the dealer by the supplier deemed to be punitive in nature or effect. The remedies set forth in this section are not exclusive and are in addition to any other remedies permitted by law, unless the parties have mutually agreed to binding arbitration under this section.

28-24-104E. SUCCESSORS IN INTEREST. The obligations of any supplier under this chapter are applied to any successor in interest or assignee of the supplier. A successor in interest includes any purchaser of assets or stock, any surviving corporation resulting from merger or liquidation, and any receiver or any trustee of the original supplier.

(4) Safety equipment and supplies required to meet a safety standard of a state or federal agency when such safety equipment and supplies are used as part of an operation described in subsection (a)(2) of this section.

(5) Plants to be used as part of a farming operation.

A contractor providing services to a business entitled to an exemption under this section is not exempt as to any property owned, leased, rented or used by it unless, as a result of the terms of the contract, the use of the property is exempt under section 63-3615(b), Idaho Code.

(c) The exemptions allowed in subsections (a)(1), (a)(2), (a)(3) and (a)(4) of this section shall also be available to a business, or separately operated segment of a business, engaged in farming or mining, whether as a subcontractor, contractor, contractee or subcontractee, when such business or segment of a business is primarily devoted to producing tangible personal property which is intended for ultimate sale at

It includes disinfectants used in the dairy industry to clean cow udders or to clean pipes, vats or other milking equipment.

(e) The exemptions allowed in this section do not include machinery, equipment, materials and supplies used in a manner that is incidental to the manufacturing, processing, mining, farming or fabricating operations such as maintenance and janitorial equipment and supplies.

(f) Without regard to the use of such property, this section does not exempt:

(1) Hand tools with a unit purchase price not in excess of one hundred dollars ($100). A hand tool is an instrument used or worked by hand.

(2) Tangible personal property used in any activities other than the actual manufacturing, processing, mining, farming or fabricating operations such as office equipment and supplies, and equipment and supplies used in selling or distributing activities.

(6) Machinery, equipment, tools or other property used to manufacture, fabricate, assemble or install tangible personal property which is:

(i) Not held for resale in the regular course of business; and

It is legislative intent that public school employee benefits paid by the state, pursuant to Section 33-1004F, Idaho Code, be paid for all eligible employees that a school district or public charter school actually employs with its salary-based apportionment allotment, regardless of whether such employees are categorized as administrative, instructional or classified staff.

The average daily attendance divided by forty (40) shall determine the number of allowable support units which shall be included in the alternative school secondary support units calculated for the school district for the succeeding school term.

(2) Districts which educate pupils placed by court order in a juvenile detention facility may establish a summer school program which shall be included in the educational support units calculated as provided in section 33-1002, Idaho Code. 33-5208. PUBLIC CHARTER SCHOOL FINANCIAL SUPPORT. Except as provided in subsection (8) of this section, from the state educational support program the state department of education shall make the following apportionment to each public charter school for each fiscal year based on attendance figures submitted in a manner and time as required by the department of education:

(1) Per student support. Computation of support units for each public charter school shall be calculated as if it were a separate school according to the schedules in section 33-1002 6., Idaho Code, except that public charter schools with fewer than one hundred (100) secondary ADA shall use a divisor of twelve (12) and the minimum units shall not apply, and no public charter school shall receive an increase in support units that exceeds the support units it received in the prior year by more than twenty (20). Funding from the state educational support program shall be equal to the total distribution factor, plus the salary-based apportionment provided in chapter 10, title 33, Idaho Code. Provided however, any public charter school that is formed by the conversion of an existing traditional public school shall be assigned divisors, pursuant to section 33-1002, Idaho Code, that are no lower than the divisors of the school district in which the traditional public school is located, for each category of pupils listed.

(2) Special education. For each student enrolled in the public charter school who is entitled to special education services, the state and federal funds from the exceptional child education program for that student that would have been apportioned for that student to the school district in which the public charter school is located.

(3) Alternative school support. Public charter schools may qualify under the provisions of sections 33-1002 and 33-1002C, Idaho Code, pro-
vided the public charter school meets the necessary statutory requirements, and students qualify for attendance at an alternative school as provided by rule of the state board of education.

(4) Transportation support. Support shall be paid to the public charter school as provided in chapter 15, title 33, Idaho Code, and section 33-1006, Idaho Code. Each public charter school shall furnish the department with an enrollment count as of the first Friday in November, of public charter school students living more than one and one-half (1 1/2) miles from the school. For charter schools in the initial year of operation, the petition shall include a proposal for transportation services with an estimated first year cost. The state department of education is authorized to include in the annual appropriation to the charter school eighty percent (80%) of the estimated transportation cost. The final appropriation payment in July shall reflect eighty-five percent (85%) of the actual cost.

(5) Payment schedule. The state department of education is authorized to make an advance payment of twenty-five percent (25%) of a public charter school's estimated annual apportionment for its first year of operation, and each year thereafter, provided the public charter school has an increase of student population in any given year of twenty (20) students or more, to assist the school with initial start-up costs or payroll obligations.

(a) For a state public charter school to receive the advance payment, the school shall submit its anticipated fall membership for each grade level to the state department of education by June 1.

(b) Using the figures provided by the public charter school, the state department of education shall determine an estimated annual apportionment from which the amount of the advance payment shall be calculated. Advance payment shall be made to the school on or after July 1 but no later than July 31.

(c) All subsequent payments, taking into account the one-time advance payment made for the first year of operation, shall be made to the public charter school in the same manner as other traditional public schools in accordance with the provisions of section 33-1009, Idaho Code.

A public charter school shall comply with all applicable fiscal requirements of law, except that the following provisions shall not be applicable to public charter schools: section 33-1003B, Idaho Code, relating to guaranteed minimum support; that portion of section 33-1004, Idaho Code, relating to reduction of the administrative and instructional staff allowance when there is a discrepancy between the number allowed and the number actually employed; and section 33-1004E, Idaho Code, for calculation of district staff indices.

(6) Nothing in this chapter shall be construed to prohibit any private person or organization from providing funding or other financial assistance to the establishment or operation of a public charter school.

If there is an even number of pos-
sible divisors listed for a particular category of pupils, then the lesser of the two (2) median divisors shall be used. For the period July 1, 2005, through June 30, 2007, all public virtual schools shall be assigned divisors, pursuant to section 33-1002, Idaho Code, that are no higher than the second highest divisor shown, among the possible divisors listed, for each respective category of pupils that contains more than one (1) divisor. The divisor provisions contained herein shall only be applicable to the number of pupils in average daily attendance in such public virtual schools for the period July 1, 2003, through June 30, 2004. If the number of pupils in average daily attendance in any particular category of pupils increases, during the period July 1, 2004, through June 30, 2005, to a number above that which existed in the prior fiscal year, then those additional pupils in average daily attendance shall be assigned the divisor, pursuant to section 33-1002, Idaho Code, that would have otherwise been assigned to the school district or public charter school had this section not been in force.

(b) Each student in attendance at a public virtual school shall be funded based upon either the actual hours of attendance in the public virtual school on a flexible schedule, or the percentage of coursework completed, whichever is more advantageous to the school, up to the maximum of one (1) full-time equivalent student.

(c) At the discretion of the board of directors, and subject to any specific limitations in its charter, all federal educational funds shall be administered and distributed to public virtual schools that enroll students from multiple school districts in the same manner as an independent local education agency (LEA).
