There is hereby established the Idaho personnel commission, in the department of administration, which is authorized and directed to administer a personnel system, including the provision of personal and professional training, for classified Idaho employees. The commission shall not be subject to the administrative control of the director of the department of administration. The purpose of said personnel system is to provide a means whereby classified employees of the state of Idaho shall be examined, selected, retained and promoted on the basis of merit and their performance of duties, thus effecting economy and efficiency in the administration of state government. The legislature declares that, in its considered judgment, the public good and the general welfare of the citizens of this state require enactment of this measure, under the powers of the state.

SECTION 2. That Section 67-5309, Idaho Code, be, and the same is hereby amended to read as follows:

67-5309. RULES OF THE PERSONNEL COMMISSION. The commission shall have the power and authority to adopt, amend, or rescind such rules and regulations as may be necessary for proper administration of this act. Such rules shall include:

(a) A rule requiring the personnel commission, after consulting with each department to develop, adopt, and make effective, a job classification plan system for positions covered by this act, based upon an analysis of the duties and responsibilities of the positions. The job classification plan shall include an appropriate title for each class, and a description of duties and responsibilities of positions in the classes and the requirements of minimum training, experience and other qualifications, suitable for the performance of duties of the position.
(b) A rule requiring the personnel commission—after consulting with each department—to develop—and adopt a comprehensive compensation plan for all classes of positions covered under this act—the compensation plan shall include salary schedules with the salary of each position consistent with the responsibility and difficulty of the work as outlined in the job specifications describing the relevant labor markets and benchmark job classifications used in the commission's salary surveys.

(c) A rule requiring that all classes of positions which are common to the departments concerned shall have the same titles, minimum requirements and compensation ranges.

(d) A rule providing for review by the commission of the personnel system including classifications and compensation plans; policies and procedures.

The probationary period as provided in subsection (j) of this section shall be the sole examination for such individuals.

(f) A rule requiring fair and impartial selection of appointees to all positions other than those defined as nonclassified in this act, on the basis of open competitive merit examinations. An application for an examination will be accepted after the closing date of the examination from a person who was serving in the armed forces, or undergoing hospitalization of no more than one (1) year following discharge, during any period in which the examination was open; the application must be submitted within one hundred twenty (120) days of separation from the armed forces or hospitalization and prior to the expiration of the register established as a result of the examination. A disabled veteran may file an application at any time for any position for which the commission maintains a register or for which a register is about to be established, provided he or she has not already been examined twice for the same position and grade for which application is made, does not have current eligibility on that register, or is not serving in a competitive position in the same grade for which application is made. Examinations shall be scored objectively. Five (5) points shall be added to the earned rating of any war veteran and the widow of any war veteran as long as she remains unmarried. Ten (10) points shall be added to the earned rating of any disabled war veteran, the widow of any disabled war veteran as long as she remains unmarried or the spouse of any dis-
abled veteran who is physically unable to perform the work in the position to which the spouse seeks to apply the preference. Employment registers shall be established in order of final score except that the names of all five (5) point preference eligibles resulting from any merit system or civil service examination shall be placed on the register in accordance with their augmented rating, and the names of all ten (10) point preference eligibles shall be placed at the top of the register above the names of all nonpreference eligibles. Certification of eligibility for appointment to vacancies shall be in accordance with a formula which limits selection by the hiring department from among the five (5) top ranking available eligibles plus the names of all individuals with scores identical to the fifth ranking eligible on the register; however, selective certification shall be permitted when justified by the hiring department, under rules to be made by the commission defining adequate justification based on the duties and requirements of the positions. Such examinations need not be held until after the rules have been adopted, the service classified and a pay plan established, but shall be held not later than one (1) year after departments commence participation in the personnel system.

(g) A rule that, whenever practicable, a vacancy in a classified position shall be filled by the promotion of a qualified permanent employee of the agency in which the vacancy occurs. An inter-agency promotion shall be made through competitive examination and all qualified state employees shall have the opportunity to compete for such promotions. If an employee's name appears within certifiable range on a current register for a higher class of position, he shall be eligible for a transfer and promotion.

(h) A rule for development and maintenance of a system of service ratings and the use of such ratings by all departments in connection with promotions, demotions, retentions, separations and reassignments. The rule shall require that an evaluation of each classified employee shall be made after each two thousand eighty (2,080) hour period of credited state service, and that a copy of the evaluation shall be filed with the commission.

(i) A rule prohibiting disqualification of any person from taking an examination, from appointment to a position, from promotion, or from holding a position because of race or national origin, color, sex, age, political or religious opinions or affiliations, or other nonmerit factors, and providing for right of appeal.

(j) A rule establishing a probation period not to exceed six (6) months for all appointments and promotions, except that peace officers as defined in section 19-5101, Idaho Code, shall be subject to a probation period of one (1) year, and for the appointing authority to provide the employee and the commission a performance evaluation indicating satisfactory or unsatisfactory performance not later than thirty (30) days after the expiration of the probationary period. The rule shall provide that if the appointing authority fails to provide a performance evaluation within thirty (30) days after the expiration of the probationary period, the employee shall be deemed to have satisfactorily completed the probation unless the appointing authority receives approval from the state personnel director to extend the probationary period for good cause for an additional specified period not to exceed six (6) months. If an employee is performing in an unsatis-
factory manner during the entrance probationary period, the appointing authority shall ask the employee to resign, and if no resignation is submitted, shall terminate the employment of such employee without the right of grievance or appeal.

(b) Each employee in classified service shall receive two and one-half percent (2 1/2%) of his base salary for each ten thousand four hundred (10,400) hours of service with the state. No additional longevity credit shall be awarded after the twentieth year of service. For purposes of this subsection, employees of former community college districts which have become state colleges or state universities shall be credited with one (1) year of service with the state for each year's employment with a community college district regardless of the time of that employment.

(c) It is hereby declared to be the intent of the legislature that the advancement of an employee to steps providing an increased may expect to advance in the salary within each range to the labor market average rate for the pay grade assigned to the classification. Advancement in pay shall be based solely on merit performance, including factors such as increased productivity, reliability, effectiveness, and the ability to achieve the goals and objectives of the particular position. No employee shall advance to a higher step within a
pay-grade in a salary range without an-affirmative-certification-for such-purpose performance evaluation by the employee's immediate super­visor, approved by the departmental director or the director's design­nee; in accordance with the following schedule and criteria certifying that the employee meets the performance criteria of the assigned position.

(i) Step-A-in-the-salary-schedule-shall-normally-be-the-rate-at which an employee is paid within a grade when originally employed. However, when necessary to obtain a particularly qualified individual, the appointing authority may make an initial appointment at-a-higher-step-in-the-authorized-pay-grade. These advanced-step appointments shall be accompanied by a written statement containing the appointing authority's justification for the higher-than normal-starting-rate. When necessary to obtain qualified personnel in a particular classification, upon petition of the appointing authority to the commission containing acceptable reasons there­for, a higher temporary pay grade may be authorized by the commis­sion which, if granted, shall be reviewed annually to determine the need for continuance.

(ii) Each employee's work performance shall be evaluated after one thousand forty (1,040) hours of credited state service from the date of initial appointment or promotion and after each two thousand eighty (2,080) hours of credited state service thereafter by his or her immediate supervisor. Employees may be eligible for advancement to-step-B-after-completion-of-one-thousand-forty (1,040)-hours-of-credited-state-service-at-step-A; provided that such service is certified as meeting the merit requirement set forth in paragraph (c) above. Effective July 1, 1979, employees may advance to-steps-G-through-H-only in pay, if certified as meeting the merit performance requirements of paragraph (eb) above. However, such in-grade advancement shall not be construed as a vested right. The department director shall designate, upon agreement with the employee, whether such in-grade advancement is temporary, conditional or permanent. It shall be the specific responsibility of the supervisor and the departmental director to effect the evaluation prescribed in paragraph (eb) above on an evaluation form approved by the commission for that purpose.

(iii) In addition to merit pay increases authorized in paragraph (ii) above, the department director may grant a classified employee holding permanent status a lump sum bonus not to exceed one thousand dollars ($1,000) in any given fiscal year based upon an-affirmative-certification-of-meritorious-service excellent per­formance as indicated by the performance evaluation as outlined in subsection (b) of this section. The department director shall use a-performance-evaluation-as-justification-for-the-increase. Exceptions to the one thousand dollar ($1,000) limit provided in this section may be granted if approved in advance by the state board of examiners.

SECTION 6. That Section 59-1603, Idaho Code, be, and the same is hereby amended to read as follows:
59-1603. CONFORMITY WITH CLASSIFIED POSITIONS. (1) To the extent possible, each nonclassified position in the executive department will be paid a salary or wage comparable to classified positions with similar duties, responsibilities, training, experience and other qualifications. Temporary employees and agricultural inspectors referred to in subsections (n) and (p) of section 67-5303, Idaho Code, shall not be entitled to sick leave accruals provided in section 59-1605, Idaho Code, vacation leave provided in section 59-1606, Idaho Code, nor holiday pay defined in subsection (12) of section 67-5302, Idaho Code, unless contributions are being made to the public employees retirement system in accordance with chapter 13, title 59, Idaho Code, and rules promulgated by the retirement board. Vacation and sick leave accruals, but not holiday pay, shall be awarded retroactively, if necessary, to the date such employees become eligible for retirement system membership. (2) To the extent possible, each nonclassified position in the legislative department will be paid a salary or wage comparable to classified positions with similar duties, responsibilities, training, experience and other qualifications. Officers and employees who are not paid from the salary schedule established in section 67-5309(a), Idaho Code, are not eligible for the longevity factors provided by section 67-5309(b), Idaho Code.

(3) The supreme court shall determine the schedules of salary and compensation for all officers and employees of the judicial department which are not otherwise fixed by law. To the extent possible, the supreme court shall adopt schedules which are compatible with the state's accounting system. The judicial department may also maintain personnel records and files under such system as is ordered by the supreme court.

(4) The state board of education shall determine the schedules of salary and compensation, longevity, and prescribe policies for overtime and compensatory time off from duty, for all officers and employees of the state board of education who are not subject to the provisions of chapter 53, title 67, Idaho Code, and which are not otherwise fixed by law. (6) Any schedule of salary and compensation, if not the schedule prescribed by section 67-5309C(a), Idaho Code, must be approved by the appointing authority and be communicated to the state auditor in writing at least thirty (30) days in advance of the effective date of the schedule.

(7) In addition to salary increases provided by any compensation schedule adopted pursuant to paragraph (6) of this section, nonclassified officers and employees, except those who are elected
officials or whose salaries are fixed by law, may be granted a lump sum bonus not to exceed one thousand dollars ($1,000) in any given fiscal year based upon an affirmative certification of meritorious service. Exceptions to the one thousand dollar ($1,000) limit provided in this section may be granted if approved in advance by the state board of examiners.

(9) The adjutant general, with the approval of the governor, shall prescribe personnel policies for all officers and employees of the national guard which are not otherwise fixed by law. Such policies will include an employee grievance procedure with appeal to the adjutant general. The adjutant general shall determine schedules of salary and compensation which are, to the extent possible, comparable to the schedules used for federal civil service employees of the national guard and those employees serving in military status. Schedules adopted shall be compatible with the state's accounting system to the extent possible.

SECTION 7. That Section 59-1604, Idaho Code, be, and the same is hereby amended to read as follows:

(c) Officers and employees of the legislative department, except members of the house of representatives and the senate.

(2) One (1) hour of credited state service shall be earned by each eligible state officer or employee specified in subsection (1) above for each hour, or major fraction thereof, that the officer or employee receives pay, whether for hours worked or on approved leave. The state board of examiners shall adopt comparative tables and charts to compute credited state service on daily, weekly, bi-weekly, calendar month and annual periods.

(3) Members of the legislature, the lieutenant governor, and members of part-time boards, commissions and committees, shall not be eligible for annual leave or sick leave. be credited with more than two thousand eighty (2080) hours during any
twelve (12) month period.

Any policy and procedures determined by the state board of education
must be communicated to the state auditor in writing at least one

CHAPTER 273
(S.B. No. 1563)

AN ACT
RELATING TO RECHARGE OF GROUND WATER BASINS; AMENDING SECTION 42-4201, IDAHO CODE, TO PROVIDE THAT THE FEE REQUIRED FOR AN APPLICATION FOR A PERMIT TO APPROPRIATE WATER IS WAIVED FOR A TIME CERTAIN FOR RECHARGE PROJECTS FOR RECHARGE DISTRICTS FORMED UNDER THIS SECTION; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-4201, Idaho Code, be, and the same is hereby amended to read as follows:

42-4201. JEROME, LINCOLN, GOODING AND TWIN FALLS COUNTIES — PROJECT TO RECHARGE GROUND WATER BASINS — DIRECTOR'S AUTHORITY TO ISSUE PERMIT — LIMITATIONS. (1) The welfare of the people of the state of Idaho is dependent upon the conservation, development, augmentation and optimum use of the water resources of this state. The legislature deems it essential therefore that every effort be made to foster and encourage water projects designed to promote these objectives. The legislature hereby acknowledges that the proposed project to recharge ground water basins in Jerome, Lincoln and Gooding counties by means of the storage of unappropriated waters of the Snake River and its tributaries in underground lava beds within that vicinity represents a unique and innovative endeavor to further water conservation and increase the water available for beneficial use. The legislature approves this undertaking as a pilot effort to bring about maximum realization of our water resource potential and finds, in particular, that this project shall serve the interests of the public and advance the multiple use water policy of this state by:

(a) sustaining and increasing the flow of springs in the general vicinity of the Hagerman Valley;
(b) increasing the water available for withdrawal from ground water basins located in Jerome, Gooding and Lincoln counties;
(c) supplementing the supply of water available for irrigation
downstream from the Hagerman Valley;
(d) providing additional aquatic habitats for migratory fowl and wildlife; and
(e) increasing and sustaining the flow of the Snake River during the summer months and in times of drought when additional flow is needed for the generation of hydroelectric power and the maintenance of water recreation facilities.

(2) In view of the public betterment to be achieved by the completion of this water project, the legislature hereby declares that the appropriation and underground storage of water by the aquifer recharge district hereinafter created for purposes of ground water recharge shall constitute a beneficial use and hereby authorizes the department of water resources to issue to the aquifer recharge district a permit, pursuant to section 42-203, Idaho Code, for the appropriation and underground storage of the unappropriated waters of the Snake River in Jerome, Lincoln and Gooding counties and its tributaries in Gooding and Lincoln counties. The department of water resources is further authorized to issue to the aquifer recharge district a license confirming the right to appropriate such waters for the beneficial use herein established upon compliance by the district with the requirements specified in chapter 2, title 42, Idaho Code. The rights acquired by the aquifer recharge district pursuant to any permit and license obtained as herein authorized shall be secondary to all prior perfected water rights, including those held by any privately-owned electrical generating company to appropriate waters in the reaches of the Snake River downstream from the Milner diversion for purposes of hydroelectric power generation.

(3) The director of the department of water resources may regulate the amount of water which the aquifer recharge district may appropriate from the Snake River and may reduce such amount, even though there is sufficient water to supply the entire amount originally authorized, but only if the following conditions are met:
(a) the amount of water available for appropriation by the district at the time the reduction is sought exceeds two hundred thousand (200,000) acre feet per year and the reduction, if granted, will not operate to deplete that amount to less than two hundred thousand (200,000) acre feet per year;
(b) the persons or entities seeking the reduction propose to use the water for purposes of surface reservoir storage and appropriation by the district of the entire amount originally authorized will prevent or adversely affect accomplishment of those purposes;
(c) the persons or entities seeking the reduction present substantial and compelling evidence to show that the accomplishment of such purposes will be prevented or adversely affected and the director finds on the basis of such evidence that sufficient justification for the reduction exists.

Even if the foregoing conditions are satisfied and a reduction is granted, such a reduction shall remain in effect only so long as the amount of water available for appropriation by the district exceeds two hundred thousand (200,000) acre feet per year.

The provisions of this subsection shall not apply to appropriation of water by the district from the Big Wood River or the Little Wood River.
(4) To insure that other water rights are not injured by the operations of the aquifer recharge district, the director of the department of water resources shall have the authority to approve, disapprove, or require alterations in the methods employed by the district to achieve ground water recharge. In the event that the director determines that the district's methods of operation are adversely affecting existing water rights or are creating conditions adverse to the beneficial use of water under existing water rights, the director shall order the cessation of operations until such alterations as may be ordered by the director have been accomplished or such adverse effects otherwise have been corrected.

(5) The fee required for an application for a permit to appropriate water as provided in section 42-221, Idaho Code, is hereby waived from the effective date of this act until July 1, 1996, for recharge projects for recharge districts formed under this section.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

CHAPTER 274
(S.B. No. 1574)

AN ACT RELATING TO RECHARGE OF GROUND WATER BASINS; AMENDING SECTION 42-4201A, IDAHO CODE, TO PROVIDE FOR ENCOURAGEMENT FOR PERSONS AND ENTITIES TO USE WATER IN A WAY THAT WILL AUGMENT GROUND WATER BASIN RECHARGE, TO PROVIDE THAT THE LEGISLATURE DECLARES THAT THE APPROPRIATION AND UNDERGROUND STORAGE OF WATER BY ANY PERSON, AQUIFER RECHARGE DISTRICT, IRRIGATION DISTRICT, CANAL COMPANY OR WATER DISTRICT ARE A BENEFICIAL USE, TO PROVIDE THE EFFECT OF CERTAIN WATER RIGHTS FOR POWER PURPOSES AND TO PROVIDE THAT THE DIRECTOR MAY REGULATE THE AMOUNT OF WATER WHICH MAY BE DIVERTED FOR RECHARGE PURPOSES; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-4201A, Idaho Code, be, and the same is hereby amended to read as follows:

42-4201A. RECHARGE OF GROUND WATER BASINS -- DIRECTOR'S AUTHORITY TO ISSUE PERMIT -- LIMITATIONS. (1) The welfare of the people of the state of Idaho is dependent upon the conservation, development, augmentation and optimum use of the water resources of this state. The legislature deems it essential therefore that every effort be made to foster and encourage water projects designed to promote these objectives and water use that will augment ground water basin recharge. The legislature hereby acknowledges that certain water uses and proposed projects to recharge water basins in the state by means of the storage
of unappropriated waters of the public waters of the state in underground aquifers represents a unique and innovative endeavor to further water conservation and increase the water available for beneficial use.

(2) In view of the public betterment to be achieved by the completion of aquifer recharge projects, the legislature hereby declares that the appropriation and underground storage of water by an aquifer recharge district hereinafter created and operated pursuant to the provisions of chapter 42, title 42, Idaho Code, any person, aquifer recharge district, irrigation district, canal company or water district for purposes of ground water recharge or by an irrigation district organized and operated pursuant to title 43, Idaho Code, shall constitute a beneficial use and hereby authorizes the department of water resources to issue to the aquifer recharge district, or the irrigation district, a permit, pursuant to section 42-203, Idaho Code, for the appropriation and underground storage of the unappropriated waters of the state. The department of water resources is further authorized to issue to an aquifer recharge district, or an irrigation district, a license confirming the right to appropriate such waters for the beneficial use herein established upon compliance by the district with the requirements specified in chapter 2, title 42, Idaho Code. The rights acquired by an aquifer recharge district, or an irrigation district, pursuant to any permit and license obtained as herein authorized shall be secondary to all prior perfected water rights, including those held by any privately-owned electrical generating company to appropriate waters in the reaches downstream from an aquifer recharge project diversion for purposes of hydroelectric power generation for power purposes that may otherwise be subordinated by contract entered into by the governor and Idaho power company on October 25, 1984, and ratified by the legislature pursuant to section 42-203B, Idaho Code.

(3) The director of the department of water resources may regulate the amount of water which an aquifer recharge district, or an irrigation district, may divert for recharge purposes and may reduce such amount, even though there is sufficient water to supply the entire amount originally authorized by permit or license. To facilitate necessary financing of an aquifer recharge project, the director may fix a term of years in the permit or license during which the amount of water authorized to be diverted shall not be reduced by the director under the provisions of this subsection.

(4) To insure that other water rights are not injured by the operations of an aquifer recharge project, the director of the department of water resources shall have the authority to approve, disapprove, or require alterations in the methods employed by a district to achieve ground water recharge. In the event that the director determines that the district's methods of operation are adversely affecting existing water rights or are creating conditions adverse to the beneficial use of water under existing water rights, the director shall order the cessation of operations until such alterations as may be ordered by the director have been accomplished or such adverse effects otherwise have been corrected.
SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

CHAPTER 275
(H.B. No. 886)

AN ACT

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 28, Title 41, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 41-2872, Idaho Code, and to read as follows:

41-2872. HEALTH CARE PROVIDER CONTRACTS -- GRIEVANCE PROCEDURE.
(1) Any stock or mutual insurer (hereinafter insurance company) issuing benefits pursuant to the provisions of this chapter shall be ready and willing at all times to enter into health care provider service contracts with all qualified health care providers of the category or categories which are necessary to provide the health care services covered by the insurance company's policy of insurance if such health care providers: are qualified under the laws of the state of Idaho, desire to become participant health care providers of the insurance company, meet the requirements of the insurance company, and practice within the general area served by the insurance company.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 59-1302, Idaho Code, be, and the same is hereby amended to read as follows:

59-1302. DEFINITIONS. (1) As used in this chapter, each of the terms defined in this section shall have the meaning given in this section unless a different meaning is clearly required by the context.

(2) "Active member" means any employee who is not establishing the right to receive benefits through his or her employer’s participation in any other retirement system established for Idaho public employees, if such participation is mandated by applicable Idaho statutes other than this chapter. In no case will an employee be entitled to any benefit under this chapter for public service if such employee is establishing retirement benefit entitlements by other Idaho statutes or federal statutes other than military service or social secu-
rity for that same service.

(3) "Accumulated contributions" mean the sum of amounts contrib­uted by a member of the system, together with regular interest credit thereon.

(4) "Actuarial equivalent" means a benefit equal in value to another benefit, when computed upon the basis of the actuarial tables in use by the system.

(5) "Actuarial tables" mean such tables as shall have been adopted by the board in accordance with recommendations of the actu­ary.

(5A) "Average monthly salary" means the member's average salary during the base period as calculated pursuant to regulations adopted by the retirement board.

(5B) (a) "Base period" means the period of fifty-four (54) con­secutive calendar months during which the member earned:

(i) The highest average salary; and

(ii) Membership service of at least one-half (1/2) the num­ber of months in the period, excluding months of service attributable to:

A. Military service;
B. Service qualifying as minimum benefit pursuant to section 59-1342(5), Idaho Code; and
C. Workers' compensation income benefits.

(b) Effective October 1, 1993, the consecutive calendar months shall be forty-eight (48). Effective October 1, 1994, the consecu­tive calendar months shall be forty-two (42). Effective October 1, 1995, the consecutive calendar months shall be thirty-six (36).

(c) Entitlement to a base period shall not vest until the effect­ive date of that base period. The retirement benefits shall be calculated on the amounts, terms and conditions in effect at the date of the final contribution by the member.

(d) If no base period exists for a member, the member's average monthly salary shall be determined by the board, using standards not inconsistent with those established in this subsection.

(e) To assure equitable treatment for all members, salary incre­ments inconsistent with usual compensation patterns may be disal­lowed by the board in determining average monthly salary and base period.

(6) "Beneficiary" means the person who is nominated by the writ­ten designation of a member, duly executed and filed with the board, to receive the death benefit.

(7) "Calendar year" means twelve (12) calendar months commencing on the first day of January.

(8) "Credited service" means the aggregate of membership service, prior service and disabled service.

(9) "Date of establishment" means July 1, 1965, or a later date established by the board or statute.

(10) "Death benefit" means the amount, if any, payable upon the death of a member.

(11) "Disability retirement allowance" means the periodic payment becoming payable upon an active member's ceasing to be an employee while eligible for disability retirement.

(12) "Disabled" means:
(a) That the member is prevented from engaging in any occupation or employment for remuneration or profit as a result of bodily injury or disease, either occupational or nonoccupational in cause, but excluding disabilities resulting from service in the armed forces of any country, or from an intentionally self-inflicted injury; and
(b) That the member will remain so disabled permanently and continuously during the remainder of the member's life.

It is not necessary that a person be absolutely helpless or entirely unable to do anything worthy of compensation to be considered disabled. If the person is so disabled that substantially all the avenues of employment are reasonably closed to the person, that condition is within the meaning of "disabled." In evaluating whether a person is disabled, medical factors and nonmedical factors including, but not limited to, education, economic and social environment, training and usable skills may be considered.

Refusal to submit to a medical examination ordered by the board before the commencement of a disability retirement allowance or at any reasonable time thereafter shall constitute proof that the member is not disabled. The board shall be empowered to select for such medical examination one (1) or more physicians or surgeons who are licensed to practice medicine and perform surgery. The fees and expenses of such examination shall be paid from the administration account of the fund. No member shall be required to undergo such examination more often than once each year after he has received a disability retirement allowance continuously for two (2) years.

(12A) "Disabled service" means the total number of months elapsing from the first day of the month next succeeding the final contribution of a member prior to receiving a disability retirement allowance to the first day of the month following the date of termination of such disability retirement allowance. During such period, the member shall remain classified in the membership category held during the month of final contribution. The total number of months of disabled service credited for a person first becoming disabled after the effective date of this chapter shall not exceed the excess, if any, of three hundred sixty (360) over the total number of months of prior service and membership service.

(13) "Early retirement allowance" means the periodic payment becoming payable upon an active member's ceasing to be an employee while eligible for early retirement.

(14) (A) "Employee" means:

SECTION 2. That Section 59-1309, Idaho Code, be, and the same is hereby repealed.

SECTION 3. That Section 59-1342, Idaho Code, be, and the same is hereby amended to read as follows:

59-1342. COMPUTATION OF SERVICE RETIREMENT ALLOWANCES -- MINIMUM BENEFITS. (1) The annual amount of accrued retirement allowance for each month of credited service for which a member was not classified as a police member or firefighter shall equal one and two-thirds per cent (1 2/3%) of the member's average monthly salary. Effective October 1, 1992, the annual amount of accrued retirement allowance for all service for which a member was not classified as a police member or firefighter shall equal one and seventy-five hundredths per cent (1.75%) of the member's average monthly salary; effective October 1, 1993, the annual amount of accrued retirement allowance shall equal one and eight hundred thirty-three thousandths per cent (1.833%) of the member's average monthly salary; and effective October 1, 1994, the annual amount of accrued retirement allowance shall equal one and nine hundred seventeen thousandths per cent (1.917%) of the member's average monthly salary; and on October 1, 1995, the annual amount of accrued retirement allowance shall equal two per cent (2%) of the member's average monthly salary. Entitlement to an annual amount of accrued retirement allowance shall not vest until the effective date of that annual amount of accrued retirement allowance. The retirement benefits shall be calculated on the amounts, terms and conditions in effect on the date of the final contribution by the member. The annual amount of initial service retirement allowance of such a member shall equal (a) or (b), whichever is greater:

(a) the member's accrued retirement allowance; or
(b) five dollars ($5.00) multiplied by the number of months of credited service and by the bridging factor, as provided in section 59-1355, Idaho Code, between July 1, 1974 and the first of the month following the member's final contribution.

(2) The annual amount of accrued retirement allowance for each month of credited service for which a member was classified as a police member or firefighter shall equal two per cent (2%) of the member's average monthly salary. Effective October 1, 1992, the annual amount of accrued retirement allowance for all service for which a member was classified as a police member or firefighter shall equal two and seventy-five thousandths per cent (2.075%) of the member's
average monthly salary; effective October 1, 1993, the annual amount of accrued retirement allowance shall equal two and one hundred fifty
hundredths per cent (2.15%) of the member's average monthly salary; and effective October 1, 1994, the annual amount of accrued retirement
allowance shall equal two and two hundred twenty-five thousandths per
cent (2.225%) of the member's average monthly salary; and effective
October 1, 1995, the annual amount of accrued retirement allowance
shall equal two and three-tenths per cent (2.3%) of the member's average
monthly salary. Entitlement to an annual amount of accrued retirement
allowance shall not vest until the effective date of that annual amount of accrued retirement allowance. The retirement benefits shall be calculated on the amounts, terms and conditions in effect on the date of the final contribution by the member. The annual amount of initial service retirement allowance of such a member shall equal (a) or (b), whichever is greater:

(a) the member's accrued retirement allowance; or
(b) six dollars ($6.00) multiplied by the number of months of credited service and by the bridging factor, as provided in section 59-1355, Idaho Code, between July 1, 1974 and the first of the month following the member's final contribution.

(3) Provisions of this section shall be applicable to members and contingent annuitants of the employee system and to members, annuitants and beneficiaries of the teachers and city systems. In any recomputation of an initial retirement allowance for a person not making a final contribution subsequent to 1974, the bridging factor referred to in subsections (1) and (2) shall be 1.000. Any recomputed retirement allowance shall be payable only prospectively from July 1, 1974.

(4) Benefits payable to a person who became a member prior to July 1, 1974, or to the member's beneficiaries shall never be less than they would have received under this chapter as in effect on June 30, 1974; provided, however, that the member shall have accrued the amount of accumulated contributions required thereby prior to payment of an initial retirement allowance.

(5) If the majority of a member's credited service is as an elected official or as an appointed official, except as a member of the Idaho legislature, and that official was normally in the administrative offices of the employer less than twenty (20) hours per week during the term of office, or was normally not required to be present at any particular work station for the employer twenty (20) hours per week or more during the term of office, and that member's initial service retirement allowance for service credited only during that period would be computed under subsection (1)(b) and/or (2)(b) of this section, without consideration of any other credited service, then it will be so computed for that period of service. The initial service retirement allowance of members of the Idaho legislature will be computed under subsection (1) and/or (2) of this section, on the basis of their total months of credited service.

If that member has credited service from any other employment, the accrued service retirement allowance for the credited service from such other employment shall be computed from an average monthly salary for salary received during the period of such other employment.

(6) In no case, however, will a member's initial service retire-
ment benefit be equal to more than the member's accrued benefit as of May 1, 1990, or one hundred per cent (100%) of the member's average compensation for the three (3) consecutive years of employment which produce the greatest aggregate compensation, whichever is greater. If the benefit is calculated to exceed one hundred per cent (100%) of the member's average compensation, the member shall be eligible for and may choose either:

(a) an annual service retirement allowance equal to the member's average annual compensation for the three (3) consecutive years of employment which produced the greatest aggregate compensation; or

(b) a separation benefit.

(7) The annual amount of initial service retirement allowance of a member who is over age seventy (70) on the effective date of the member's retirement shall be a percentage of the member's initial service retirement allowance. Such percentage shall be one hundred per cent (100%) increased as determined by the board to compensate for each month that the member's retirement is deferred beyond age seventy (70).

SECTION 4. That Section 59-1346, Idaho Code, be, and the same is hereby amended to read as follows:

59-1346. COMPUTATION OF EARLY RETIREMENT ALLOWANCES. (1) The annual amount of initial early retirement allowance of a member shall be a percentage of the member's accrued retirement allowance. Such percentage shall be one hundred percent (100%) if the sum of the number of years and months of credited service and the age in years and months is equal to or greater than the sum indicated below. Otherwise, such percentage shall be one hundred percent (100%) reduced by one-fourth of one percent (.25%) for each month up to sixty (60) months that the member's retirement precedes the date the member would be eligible to receive full accrued benefit without additional credited service, and further reduced by two-thirds of one percent (.6667%) for each additional month. Effective October 1, 1992, the further reduction for each additional month shall equal six thousand and forty-two ten-thousandths of one percent (.6042%) of the member's average monthly salary; effective October 1, 1993, the further reduction for each additional month shall equal five thousand four hundred and seventeen ten-thousandths of one percent (.5417%) of the member's average monthly salary; and effective October 1, 1994, the further reduction for each additional month shall equal four thousand seven hundred and ninety-two ten-thousandths of one percent (.4792%) of the member's average monthly salary; effective October 1, 1995, the further reduction for each additional month shall equal four thousand one hundred and sixty-seven ten-thousandths of one percent (.4167%) of the member's average monthly salary. Entitlement to an annual amount of accrued retirement allowance shall not vest until the effective date of that annual amount of accrued retirement allowance. The retirement benefits shall be calculated on the amounts, terms and conditions in effect at the date of the final contribution by the member.
If a member's service retirement ratio as defined by section 59-1341, Idaho Code, is:

SECTION 1. That Section 67-7702, Idaho Code, be, and the same is hereby amended to read as follows:

67-7702. DEFINITIONS. As used in this chapter:
(1) "Bingo-game" means a specific game of chance played with individual cards having numbered squares ranging from one (1) to seventy-five (75), in which prizes are awarded on the basis of designated numbers on such cards conforming to a predetermined pattern of numbers. "Bingo" means the traditional game of chance played for a prize determined prior to the start of the game, using cards containing five (5) rows of five (5) squares, each imprinted with randomly placed numbers, one (1) through seventy-five (75), except for the center square which may be a free space, and a set of designators, similarly numbered, which are contained in a selection device. The letters "B-I-N-G-O" must also be imprinted on the card, in order above each of the five (5) columns. Players who have paid consideration for the cards they are holding compete for prizes by covering numbers imprinted on their cards when similarly numbered designators are randomly drawn and called. A winner is the first player to cover a predetermined arrangement of numbers on such cards. The game begins when the first number is called and ends when a player has covered the previously designated arrangement and declares bingo and the winning card is independently verified. Bingo shall not include "instant bingo" which is a game of chance played by the selection of one (1) or more prepackaged cards, with the winners determined either by the appearance of a preselected designation on the card or by covering a card with preselected winning numbers.

(2) "Charitable organization" means an organization that has been in continuous existence in the county of operation of the charitable bingo game or raffle for at least one (1) year and that is exempt from taxation under section 501(c)(3), 501(c)(4), 501(c)(6), 501(c)(8), 501(c)(10), 501(c)(19) or 501(d) of the Internal Revenue Code and is exempt from income taxation under title 63, Idaho Code, as a bona fide...
nonprofit charitable, civic, religious, fraternal, patriotic or veterans organization or as a nonprofit volunteer fire department, or as a nonprofit volunteer rescue squad, or as a nonprofit volunteer educational booster group, parent-teacher organization or association. If the organization has local branches or chapters, the term "charitable organization" means the local branch or chapter operating the bingo game.

(3) "Duck race" means a charitable raffle played by releasing numbered, inanimate toys (ducks) into a body of moving water. A person who has been assigned the same number as the first duck to cross a predetermined point in the water (the finish line) is the winner. Other prizes may be awarded on the basis of the order in which the ducks cross the finish line. With the exception of determining "net proceeds," all restrictions and requirements applicable to the conduct of charitable raffles in this chapter shall also apply to the conduct of duck races.

(4) "Gross revenues" shall mean all moneys paid by players during a bingo game for the playing of bingo and shall not include money paid for concessions.

(45) "Raffle" means a game in which the prize is won by random drawing of the name or number of one (1) or more persons purchasing chances.

Additionally any person knowingly conducting a bingo game in violation of the provisions of this chapter may be charged under the gambling laws contained in chapter 38, title 18, Idaho Code. Violations will be prosecuted by the county prosecuting attorney.

(2) No person under the age of eighteen (18) may play bingo for a cash prize or in games where the prize exceeds twenty-five dollars ($25.00) in value for merchandise.

One hundred fifty dollars ($150) per charitable bingo session may be paid as wages for the conduct of the bingo game. Such pay shall be on an hourly basis and shall be directly related to the preparation, conduct of and cleaning following a bingo game. Such wages shall be part of the seventeen fifteen percent (17.5%) gross revenues used for administrative expenses.

CHAPTER 283
(S.B. No. 1500, As Amended)

AN ACT
RELATING TO PLANNING FOR HEALTH CARE; REPEALING CHAPTER 49, TITLE 39,
IDAHO CODE; AND AMENDING TITLE 39, IDAHO CODE, BY THE ADDITION OF
A NEW CHAPTER 49, TITLE 39, IDAHO CODE, TO PROVIDE PURPOSE AND
POLICY, TO DEFINE TERMS, TO PROVIDE FOR COOPERATIVE AGREEMENTS AND
CERTIFICATION AND TO PROVIDE FOR JUDICIAL REVIEW.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 49, Title 39, Idaho Code, be, and the same
is hereby repealed.

SECTION 2. That Title 39, Idaho Code, be, and the same is hereby
amended by the addition thereto of a NEW CHAPTER, to be known and des­
ignated as Chapter 49, Title 39, Idaho Code, and to read as follows:
39-4901. PURPOSE AND POLICY. It is the intent of the legislature to provide to all of Idaho residents a quality health care system for a reasonable cost and to prevent the deterioration of such system by the duplication of services or the introduction of new categories of services that are not necessary to their health. It is further the intent of the legislature to promote cooperation among health care providers in health planning activities and to provide access to necessary care for all who require it. It is hereby declared that it is in the public interest of the state, to provide for the relief from penalties of state and federal law, cooperative planning in health care that is likely to benefit the residents of the state.

39-4902. DEFINITIONS. As used in this chapter:
(1) "Cooperative agreement" means a written agreement between two or more health care providers for the sharing, allocation or referral of patients, or the sharing or allocation of personnel, instructional programs, support services and facilities, medical, diagnostic, therapeutic or procedures or other services customarily offered by health care providers.
(2) "Certificate of public advantage" means a document issued by the attorney general to parties to a cooperative agreement, verifying that the attorney general declares that the purposes and objectives of the cooperative agreement meet the standards for such agreements set forth by statute.
(3) "Health care provider" means any person or health care facility licensed, registered, certified, permitted or otherwise officially recognized by the state to provide health care services in this state; or, in the case of a freestanding outpatient facility, one for which a facility fee is charged for health care services performed within.

39-4903. COOPERATIVE AGREEMENTS — CERTIFICATION. (1) A health care provider may negotiate and enter into cooperative agreements with other health care providers in the state if the likely benefits resulting from the agreements outweigh the disadvantages attributable to a reduction in competition that may result from such agreements.
(2) Parties to a cooperative agreement may apply to the Idaho attorney general for a certificate of public advantage governing that cooperative agreement. The application must include an executed written copy of the cooperative agreement and describe the nature and scope of the cooperation in the agreement and any consideration passing to any party under the agreement.
(3) The attorney general shall review the application in accordance with the standards set forth in subsection (4) of this section and may hold a public hearing in accordance with rules adopted by the attorney general under chapter 52, title 67, Idaho Code. The attorney general shall grant or deny the application within sixty (60) days of the date of filing of the application and that decision must be in writing and set forth the basis for the decision. The attorney general shall furnish a copy of the decision to the applicants and any intervenor.
(4) The attorney general shall issue a certificate of public advantage for a cooperative agreement if he determines that the applicants have demonstrated by clear and convincing evidence that the likely benefits resulting from the agreement outweigh any disadvantages attributable to a reduction in competition that may result from the agreement.

(5) In evaluating the potential benefits of a cooperative agreement, the attorney general shall consider whether one (1) or more of the following benefits may result from such agreement:

(a) The quality of health care provided to the consumers in the state will be enhanced;
(b) A hospital, if any, and other health care facilities that customarily serve the communities in the area likely affected by the cooperative agreement will be preserved;
(c) Services provided by the parties to the cooperative agreement will gain cost efficiency;
(d) The utilization of health care resources and equipment in the area likely affected by the cooperative agreement will improve;
(e) Duplication of health care resources in the area likely affected by the cooperative agreement will be avoided.

(6) The attorney general's evaluation of any disadvantages attributable to any reduction in competition likely to result from the cooperative agreement may include, but need not be limited to, the following:

(a) The likely adverse impact, if any, on the ability of health maintenance organizations, preferred provider plans, hospital provider organizations, persons performing utilization review, or other health care payers to negotiate optimal payment and service arrangements with hospitals and other health care providers;
(b) Whether any reduction in competition among physicians, allied health professionals or other health care providers is likely to result directly or indirectly from the cooperative agreement;
(c) Whether any arrangements that are less restrictive to competition could likely achieve substantially the same benefits or a more favorable balance of benefits over disadvantages than that likely to be achieved from reducing competition.

(7) Participants in an approved cooperative agreement issued under the provisions of this section are immune from civil enforcement action and criminal prosecution for actions that might otherwise violate antitrust laws of the state of Idaho taken in furtherance of the cooperative agreement. Nothing in this section shall limit the authority of the attorney general to initiate civil enforcement or criminal prosecution if he determines that the health care providers have exceeded the scope of the cooperative agreement approved under this act.

(8) The attorney general may request periodic written updates of the progress of the approved cooperative agreement. If updates are requested, the attorney general shall specify the intervals at which they must be submitted, which shall not be less than every ninety (90) days.

(9) Nothing in this act shall obligate health care providers to submit a request for approval of a cooperative agreement as set forth under the provisions of this section. Any person who implements any
cooperative action or agreement without securing the approval of the attorney general under the provisions of this section is subject to any civil or criminal enforcement action for violations that may result from this action.

(10) It is the intent of this section to require the state of Idaho, through the office of the attorney general, to provide direction, supervision and control over approved cooperative agreements entered into under the provisions of this section. To achieve the goals specified in this section, this state direction, supervision and control of cooperative agreements will provide state action immunity under federal antitrust laws to health care providers who participate in discussions or negotiations authorized in this section, and to persons authorized by such persons to implement cooperative agreements.

(11) The attorney general may adopt rules for the implementation of this act, including rules establishing procedures and criteria for the review and evaluation of proposed cooperative agreements under this act. Rules adopted shall ensure that there is opportunity for public comment during the review and evaluation of proposed cooperative agreements.

(12) If the attorney general determines that the benefits resulting from or likely to result from a cooperative agreement under a certificate of public advantage no longer outweighs any disadvantages attributable to any actual or potential reduction in competition resulting from the cooperative agreement, he may revoke the certificate of public advantage governing the agreement and, if revoked, shall so notify the holders of the certificate. A holder of a certificate of public advantage whose certificate is revoked by the attorney general may contest the revocation by sending a written request for a hearing to the attorney general within ten (10) days after receipt of the notice of revocation.

(13) If a party to a cooperative agreement that is issued a certificate of public advantage terminates its participation in the agreement, the party shall file a notice of termination with the attorney general within thirty (30) days after the termination takes effect. If all parties to the cooperative agreement terminate their participation in the agreement, the attorney general shall revoke the certificate of public advantage for the agreement.

(14) The attorney general shall maintain files on all cooperative agreements for which certificates of public advantage are issued and that are in effect.

39-4904. JUDICIAL REVIEW. Any applicant or intervenor aggrieved by a decision of the attorney general in granting or denying an application for a certificate of public advantage, refusing to act on such application or termination of a certificate of public advantage, is entitled to judicial review of the decision in accordance with chapter 52, title 67, Idaho Code.

Persons who live in adult foster care are those who are elderly, unable to live alone and/or whose mental, emotional and physical conditions are such that the care given by the foster care provider will meet the person's needs. 39-3565. DENIAL OR REVOCATION OF A CERTIFICATE. The department may deny the issuance of a certificate or revoke any certificate when persuaded by a preponderance of evidence that such conditions exist as to endanger the health or safety of any resident, or when the home is not in substantial compliance with the provisions of this chapter or rules promulgated pursuant to this chapter.

39-3566. PROCEDURE FOR DENIAL OR REVOCATION OF A CERTIFICATE. Immediately upon the denial of any application for a certificate, or the revocation of a certificate, the department shall notify the applicant in writing. Within twenty-one (21) days after the department mails the notice, the applicant may present his written petition for a hearing to the department. (III) If the court finds that the property was not used or was not intended to be used in violation of this act, or is not subject to forfeiture under this act, the court shall order the property released to the owner as his right, title, or interest appears on records in the appropriate department as of the seizure.

(IV) An owner, co-owner or claimant of any right, title, or interest in the conveyance may prove that his right, title, or interest, whether under a lien, mortgage, conditional sales contract or otherwise, was created without any knowledge or reason to believe that the conveyance was being used, had been used, was intended to be used, or had been intended to be used for the purpose alleged;

(i) In the event of such proof, the court shall order the conveyance released to the bona fide or innocent owner, purchaser, titleholder lienholder, mortgagee, or conditional sales vendor. The court may order payment of all costs incurred by the state or law enforcement agency as a result of such seizure.

(ii) If the amount due to such person is less than the value of the conveyance, the conveyance may be sold at public auction by the director. The director shall publish a notice of the sale by at least one (1) publication in a newspaper published and circulated in the city, community or locality where the sale is to take place at least one (1) week prior to sale of the conveyance. The proceeds from such sale shall be distributed as follows in the order indicated;

(iii) In any case, the director may, within thirty (30) days after judgment, pay the balance due to the bona fide lienholder, mortgagee or conditional sales vendor and thereby purchase the conveyance for use to enforce this act.

(e) When property is forfeited under this section, or is received from a federal enforcement agency, the director may:

(1) Retain it for official use;
(2) Sell that which is not required to be destroyed by law and which is not harmful to the public.

The director shall publish a notice of the sale by at least one (1) publication in a newspaper published and circulated in the city, community or locality where the sale is to take place at least one (1) week prior to sale of the property. The proceeds from such sale shall be distributed as follows in the order indicated:

(A) To the director, or by the director, to his agent, county or city law enforcement agency, for all expenditures made or incurred in connection with the sale, including expenditure for any necessary repairs, maintenance, storage or transportation, and for all expenditures made or incurred in connection with the forfeiture proceedings including but not limited to expenditures for witnesses' fees, reporters' fees, transcripts, printing, traveling and investigation.
(B) To the law enforcement agency of this state which seized the property for all expenditures for traveling, investigation, storage and other expenses made or incurred after the seizure and in connection with the forfeiture of any property seized under this act.

(4) Upon the recommendation of the director only, the court may order property forfeited, in whole or in part, to a city or county the law enforcement agency of which participated in the events leading to the seizure of the property. Upon such order, the city or county shall use the property for drug enforcement purposes consistent with this act.

(f) (1) The director or any peace officer of this state seizing any of the property described in paragraphs (1) and (2) of subsec-
tion (a) of this section shall cause a written inventory to be made and maintain custody of the same until all legal actions have been exhausted unless such property has been placed in lawful custody of a court or state or federal law enforcement agency. After all legal actions have been exhausted with respect to such property, the property shall be surrendered by the court, law enforcement agency, or person having custody of the same to the director to be destroyed pursuant to paragraph (2) hereof. The property shall be accompanied with a written inventory on forms furnished by the director.

(2) All property described in paragraphs (1) and (2) of subsection (a) which is seized or surrendered under the provisions of this act may be destroyed after all legal actions have been exhausted. The destruction shall be done under the supervision of the supervisory drug analyst of the department of law enforcement, a representative of the office of the director and a representative of the state board of pharmacy. An official record listing the property destroyed and the location of destruction shall be kept on file at the office of the director. Except, however, that the director of the department of law enforcement or his designee may authorize the destruction of drug or nondrug evidence, or store those items at government expense when, in the opinion of the director or his designee, it is not reasonable to remove or transport such items from the location of the seizure for destruction. In such case, a representative sample will be removed and preserved for evidentiary purposes and, when practicable, destroyed as otherwise is in accordance with this chapter. On-site destruction of such items shall be witnessed by at least two persons, one of whom shall be the director or his designee who shall make a record of the destruction.

(g) Species of plants from which controlled substances in schedules I and II may be derived which have been planted or cultivated in violation of this act, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the state.

(h) The failure, upon demand by the director, or his duly authorized agent, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored, to produce an appropriate registration, or proof that he is the holder thereof, constitutes authority for the seizure and forfeiture of the plants.

(i) The director shall have the authority to enter upon any land or into any dwelling pursuant to a search warrant, to cut, harvest, carry off or destroy such plants described in subsection (g) hereof.

AN ACT
RELATING TO STATE EMPLOYEES; AMENDING SECTION 67-5309, IDAHO CODE, TO FURTHER DEFINE A PROBATIONARY PERIOD AND TO MAKE TECHNICAL CORRECTIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-5309, Idaho Code, be, and the same is hereby amended to read as follows:

67-5309. RULES OF THE PERSONNEL COMMISSION. The commission shall have the power and authority to adopt, amend, or rescind such rules and regulations as may be necessary for proper administration of this act. Such rules shall include:

(a) A rule requiring the personnel commission, after consulting with each department to develop, adopt, and make effective, a classification plan for positions covered by this act, based upon an analysis of the duties and responsibilities of the position. The classification plan will include an appropriate title for each class, and a description of duties and responsibilities of positions in the classes and requirements of minimum training, experience and other qualifications, suitable for the performance of duties of the position.

(b) A rule requiring the personnel commission, after consulting with each department to develop, and adopt a comprehensive compensation plan for all classes of positions covered under this act. The compensation plan shall include salary schedules with the salary of each position consistent with the responsibility and difficulty of the work as outlined in the job specifications.

(c) A rule requiring that all classes of positions which are common to the departments concerned shall have the same titles, minimum requirements and compensation.

(d) A rule providing for review by the commission of the personnel system including classification and compensation plans, policies and procedures.

(e) A rule that, notwithstanding the procedure for examination and ranking of eligibles on a register provided in subsection (f) of this section, an agency may appoint an individual directly into an entrance or promotional probation if the division of vocational rehabilitation, Idaho commission for the blind or the industrial commission certifies, with the concurrence of personnel commission staff, that the individual (1) has a disability or handicap as defined under...
state or federal law; (2) is qualified to perform the essential functions of a particular classified position with or without reasonable accommodation; and (3) lacks competitiveness in the examination process due to the disability or handicap. The probationary period as provided in subsection (j) of this section shall be the sole examination for such individuals.

(f) A rule requiring fair and impartial selection of appointees to all positions other than those defined as nonclassified in this act, on the basis of open competitive merit examinations. An application for an examination will be accepted after the closing date of the examination from a person who was serving in the armed forces, or undergoing hospitalization of no more than one (1) year following discharge, during any period in which the examination was open; the application must be submitted within one hundred twenty (120) days of separation from the armed forces or hospitalization and prior to the expiration of the register established as a result of the examination. A disabled veteran may file an application at any time for any position for which the commission maintains a register or for which a register is about to be established, provided he or she has not already been examined twice for the same position and grade for which application is made, does not have current eligibility on that register, or is not serving in a competitive position in the same grade for which application is made. Examinations may be assembled or unassembled and may include various examining techniques such as rating of training and experience, written tests, oral interviews, recognition of professional licensing, performance tests, investigations and any other measure of ability to perform the duties of the position. Examinations shall be scored objectively. Five (5) points shall be added to the earned rating of any war veteran and the widow of any war veteran as long as she remains unmarried. Ten (10) points shall be added to the earned rating of any disabled war veteran, the widow of any disabled war veteran as long as she remains unmarried or the spouse of any disabled veteran who is physically unable to perform the work in the position to which the spouse seeks to apply the preference. Employment registers shall be established in order of final score except that the names of all five (5) point preference eligibles resulting from any merit system or civil service examination shall be placed on the register in accordance with their augmented rating, and the names of all ten (10) point preference eligibles shall be placed at the top of the register above the names of all nonpreference eligibles. Certification of eligibility for appointment to vacancies shall be in accordance with a formula which limits selection by the hiring department from among the five (5) top ranking available eligibles plus the names of all individuals with scores identical to the fifth ranking eligible on the register; however, selective certification shall be permitted when justified by the hiring department, under rules to be made by the commission defining adequate justification based on the duties and requirements of the positions. Such examinations need not be held until after the rules have been adopted, the service classified and a pay plan established, but shall be held not later than one (1) year after departments commence participation in the personnel system.

(g) A rule that, whenever practicable, a vacancy in a classified position shall be filled by the promotion of a qualified permanent
employee of the agency in which the vacancy occurs. An inter-agency promotion shall be made through competitive examination and all qualified state employees shall have the opportunity to compete for such promotions. If an employee's name appears within certifiable range on a current register for a higher class of position, he shall be eligible for a transfer and promotion.

(h) A rule for development and maintenance of a system of service ratings and the use of such ratings by all departments in connection with promotions, demotions, retentions, separations and reassignments. The rule shall require that an evaluation of each classified employee shall be made after each two thousand eighty (2,080) hour period of credited state service, and that a copy of the evaluation shall be filed with the commission.

(i) A rule prohibiting disqualification of any person from taking an examination, from appointment to a position, from promotion, or from holding a position because of race or national origin, color, sex, age, political or religious opinions or affiliations, or other nonmerit factors, and providing for right of appeal.

(j) A rule establishing a probation period not to exceed six—(6) months one thousand forty (1,040) hours of credited state service for all appointments and promotions, except that peace officers as defined in section 19-5101, Idaho Code, shall be subject to a probation period of one—(1)—year two thousand eighty (2,080) hours of credited state service, and for the appointing authority to provide the employee and the commission a performance evaluation indicating satisfactory or unsatisfactory performance not later than thirty (30) days after the expiration of the probationary period. (11) "Life-sustaining procedure" means cardiopulmonary resuscitation or a component of cardiopulmonary resuscitation.

(12) "Terminal condition" means an incurable or irreversible condition that, without the administration of life-sustaining procedures, will, in the opinion of the attending physician, result in death within a relatively short time.

39-152. EUTHANASIA, MERCY KILLING OR ASSISTED SUICIDE. This act does not make legal and in no way condones mercy killing, assisted suicide or euthanasia.

39-153. DECLARATION RELATING TO USE OF LIFE-SUSTAINING PROCEDURES. (1) A person in a terminal condition has a right to a DNR order governing the withholding of life-sustaining procedures.

(2) A DNR order has operative effect only when:

(a) The request for the DNR order is communicated to the attending physician by the patient or his legal representative; and

(b) The recipient is determined by the attending physician to be in a terminal condition.

39-154. REVOCATION. A person may, at any time, revoke his or her consent to an order not to resuscitate himself or herself by making either a written or an oral declaration to a health care provider or by any other act evidencing a specific intent to revoke such consent.

39-155. CONFLICTING DNR ORDERS. If there are conflicts among the provisions of valid DNR orders, the most recent DNR order is deemed to represent the wishes of the patient.

39-156. ADHERENCE TO DNR PROTOCOL. (1) Emergency medical services personnel shall comply with the DNR protocol when presented with either DNR identification, or, upon transfer, a written DNR order issued directly by the attending physician and shall provide comfort care to the person.

(2) An attending physician shall take all reasonable steps to comply with the intent of the DNR identification.

39-157. DISREGARDING OF DNR ORDER. Emergency medical services personnel may disregard the DNR order:

(1) If they believe in good faith that the order has been revoked; or

(2) To avoid verbal or physical confrontation; or

(3) If ordered to do so by the attending physician.
39-158. ABSENCE OF DNR ORDER. In the absence of DNR identification there is a presumption in favor of resuscitation.

39-159. IMMUNITY. (1) The following are not subject to civil or criminal liability and are not guilty of unprofessional conduct upon discovery of DNR identification upon a person and compliance with the DNR order:
   (a) A physician who causes the withholding or withdrawal of life-sustaining procedures from that person;
   (b) A person who participates in the withholding or withdrawal of life-sustaining procedures under the direction or with the authorization of a physician;
   (c) Emergency medical services personnel who cause or participate in the withholding or withdrawal of life-sustaining procedures from that person; or
   (d) Physicians, persons under the direction or authorization of a physician, or emergency medical services personnel that provide life-sustaining procedures pursuant to an oral or written revocation communicated to them by a person who possesses DNR identification.
   (2) The provisions of subsections (1)(a) through (1)(d) of this section apply when a life-sustaining procedure is withheld or withdrawn in accordance with a DNR protocol.
   (3) Emergency medical services personnel, coroners and deputy coroners who follow a DNR order from a licensed physician are not subject to civil or criminal liability and are not guilty of unprofessional conduct.

39-160. PENALTIES. (1) A physician who willfully or negligently disregards the intent of the DNR identification is guilty of a misdemeanor punishable by a fine not to exceed five hundred dollars ($500) or imprisonment in the county jail for a term not to exceed six (6) months, or both.
   (2) Except as provided in section 39-157, Idaho Code, a person who purposely disregards a DNR order or who conceals, cancels, defaces, or obliterates the DNR identification of another without the consent of the possessor or who falsifies or forges a revocation of the DNR identification of another is guilty of a misdemeanor punishable by a fine not to exceed five hundred dollars ($500) or imprisonment in the county jail for a term not to exceed six (6) months, or both.
   (3) A person who falsifies or forges the DNR identification of another or purposely conceals or withholds personal knowledge of a revocation of DNR identification with the intent to cause the use, withholding, or withdrawal of life-sustaining procedures is guilty of a misdemeanor punishable by a fine not to exceed five hundred dollars ($500) or imprisonment in the county jail for a term not to exceed one (1) year, or both.

39-161. EFFECT ON INSURANCE -- PATIENT'S DECISION. (1) Death resulting from the withholding or withdrawal of emergency life-sustaining procedures pursuant to the DNR protocol and in accordance with this act is not, for any purpose, a suicide or homicide.
(2) The possession of DNR identification pursuant to this act does not affect in any manner the sale, procurement, or issuance of any policy of life insurance, nor does it modify the terms of an existing policy of life insurance. A policy of life insurance is not legally impaired or invalidated in any manner by the withholding or withdrawal of emergency life-sustaining procedures from an insured person possessing DNR identification, notwithstanding any term of the policy to the contrary.

(3) A physician, health care facility, or other health care provider and a health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital plan may not require a person to possess DNR identification as a condition for being insured for or receiving health care services.

(4) This act does not create a presumption concerning the intention of an individual who does not possess DNR identification with respect to the use, withholding, or withdrawal of emergency life-sustaining procedures.

(5) This act does not increase or decrease the right of a patient to make decisions regarding the use of emergency life-sustaining procedures if the patient is able to do so, nor does this act impair or supersede any right or responsibility that a person has to effect the withholding or withdrawal of medical care in any lawful manner. In that respect the provisions of this act are cumulative.

39-162. PRESERVATION OF EXISTING RIGHTS. The provisions of this act are cumulative to the existing law regarding an individual's right to consent, or refusal to consent, to medical treatment and do not impair any existing rights or responsibilities which a health care provider, a patient, including a minor, competent or incompetent person, or a patient's family may have in regard to the withholding or withdrawal of life-prolonging medical procedures or any other health care decision-making under the common law or statutes of this state.

39-163. PRIOR AND OUT-OF-STATE DNR ORDERS AND IDENTIFICATION -- VALIDITY. A DNR order or identification prepared before the effective date of this act, or prepared in another state, district, or territory of the United States, is valid in this state.

39-164. APPLICATION TO MASS CASUALTIES. This act does not apply to situations involving mass casualties.

39-165. RULEMAKING AUTHORITY. (1) The department shall adopt only those rules necessary to administer the provisions of this act, including appropriate protocols.

(2) Upon the adoption of a DNR protocol, the department shall adopt a standard form of DNR identification to be used statewide.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved March 31, 1994.

(H.B. No. 884)

AN ACT
RELATING TO THE SCHOOL PLANT FACILITIES RESERVE FUND LEVY; AMENDING SECTION 33-804, IDAHO CODE, TO PROVIDE PROPER TERMINOLOGY, TO CLARIFY CONDITIONS RELATING TO THE LEVY, TO DELETE OBSOLETE LANGUAGE AND TO MAKE TECHNICAL CORRECTIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-804, Idaho Code, be, and the same is hereby amended to read as follows:

33-804. SCHOOL PLANT FACILITIES RESERVE FUND LEVY. In any school district in which a school plant facilities reserve fund has been created, either by resolution of the board of trustees or by apportionment to new districts according to the provisions of section 33-901, Idaho Code, to provide funds therefor the board of trustees shall submit to the qualified school electors of the district the question of a levy not to exceed four-tenths of one percent (.4%) of market value for assessment purposes in each year, as such valuation existed on December 31 of the previous year, for a period not to exceed ten (10) years.

The question of a levy to be submitted to the electors of the district and the notice of such election shall state the dollar amount proposed to be collected each year during the period of years in each of which the collection is proposed to be made, the percentage of votes in favor of the proposal which are needed to approve the proposed dollar amount to be collected, and the purposes for which such funds shall be used. Said notice shall be given, the election shall be conducted and the returns canvassed as provided in chapter 4, title 33, Idaho Code; and the dollar amount to be collected shall be approved only if:

1. Fifty-five percent (55%) of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of less than two-tenths of one percent (.2%) of market value for assessment purposes as such valuation existed on December 31 of the year immediately preceding the election;

2. Sixty percent (60%) of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of two-tenths of one percent (.2%) or more and less than three-tenths of one percent (.3%) of market value for assessment purposes as such valuation existed on December 31 of the year immediately preceding the election; or

3. Two-thirds (2/3) of the electors of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of three-tenths of one percent (.3%) or more of market value for assessment purposes as such valuation existed on December 31 of the year immediately preceding the election.
If the question be approved, the board of trustees may make a levy, not to exceed four-tenths of one percent (.4%) of market value for assessment purposes as such valuation existed on December 31 of the previous year, in each year according-to-the-terms-so for which the collection was approved, sufficient to collect the dollar amount approved and may again submit the question at the expiration of the period of such levy, for the dollar amount to be collected during each year, and the number of years which the board may at that time determine. Or, during the period approved at any such election, if such period be less than ten (10) years or the levy be less than four-tenths of one percent (.4%) of market value for assessment purposes as such valuation existed on December 31 of the previous year, the board of trustees may submit to the qualified school electors in the same manner as before, the question whether the number of years, or the levy, or both, be increased, but not to exceed the maximum herein authorized. If such increase or increases be approved by the electors, the terms of such levy shall be in lieu of those approved in the first instance, but disapproval shall not affect any terms theretofore in effect.

For school-plant-facilities-reserve-fund-levies-which-were--certified--in--1980-or-before, the maximum-dollar-amount-that-may-be-certified-for-collection-in-1981-or-thereafter-shall-not-exceed-the-dollar-amount--certified--in--1980 Any bonded indebtedness incurred in accordance with the provisions of section 33-1103, Idaho Code, subsequent to the approval of a plant facilities reserve fund levy shall not affect the terms of that levy for any time during which such levy is in effect.

Levies approved under the provisions of this section shall be exempt from the limitation imposed in section 63-923(1), Idaho Code, and from the requirements of sections 63-2224 through 63-2226, Idaho Code.

Approved March 31, 1994.

(H.B. No. 888)

AN ACT
RELATING TO BOARD OF TRUSTEES OF SCHOOL DISTRICTS; AMENDING SECTION 33-507, IDAHO CODE, TO ALLOW THE BOARD OF TRUSTEES OF A SCHOOL DISTRICT TO ACCEPT AND AWARD CONTRACTS INVOLVING THE SCHOOL DISTRICT TO BUSINESSES IN WHICH A TRUSTEE HAS A DIRECT OR INDIRECT INTEREST PROVIDED THAT CERTAIN PROCEDURES ARE FOLLOWED.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-507, Idaho Code, be, and the same is hereby amended to read as follows:

33-507. LIMITATION UPON AUTHORITY OF TRUSTEES. It shall be unlawful for any trustee to have pecuniary interest directly or indirectly
in any contract or other transaction pertaining to the maintenance or conduct of the school district, or to accept any reward or compensation for services rendered as a trustee except as may be otherwise provided in this section. The board of trustees of a school district may accept and award contracts involving the school district to businesses in which a trustee has a direct or indirect interest provided that the procedures set forth in section 18-1361A, Idaho Code, are followed. The receiving, soliciting or acceptance of moneys of a school district for deposit in any bank or trust company, or the lending of money by any bank or trust company to any school district, shall not be deemed to be a contract pertaining to the maintenance or conduct of a school district within the meaning of this section; nor shall the payment by any school district board of trustees of compensation to any bank or trust company for services rendered in the transaction of any banking business with such district board of trustees, be deemed the payment of any reward or compensation to any officer or director of any such bank or trust company within the meaning of this section.

It shall be unlawful for the board of trustees of any class of school district to enter into or execute any contract with the spouse of any member of such board, the terms of which said contract requires, or will require, the payment or delivery of any school district funds, money or property to such spouse.

CHAPTER 301
(H.B. No. 897)

AN ACT
RELATING TO INCOME TAXATION OF MULTISTATE CORPORATIONS; AMENDING SECTION 63-3027, IDAHO CODE, TO PROVIDE AN APPORTIONMENT FORMULA FOR MULTISTATE CORPORATIONS AND TO PROVIDE AN APPORTIONMENT FORMULA FOR MULTISTATE ELECTRICAL AND TELEPHONE CORPORATIONS; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-3027, Idaho Code, be, and the same is hereby amended to read as follows:

63-3027. COMPUTING TAXABLE INCOME OF CORPORATIONS. The Idaho taxable income of any corporation with a business situs in this state shall be computed and taxed in accordance with the rules set forth in this section:

(a) As used in this section, unless the context otherwise requires:
(1) "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from the acquisition, management, or disposition of tangible and intangible property when such acquisition, management, or disposition constitute integral or necessary parts of the taxpayer's trade or business operations. Gains or losses and dividend and interest income from stock and securities of any foreign or domestic corporation shall be presumed to be income from intangible property, the acquisition, management, or disposition of which constitute an integral part of the taxpayer's trade or business; such presumption may only be overcome by clear and convincing evidence to the contrary.

(2) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

(3) "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.

(4) "Nonbusiness income" means all income other than business income.

(5) "Sales" mean all gross receipts of the taxpayer not allocated under subsections (d) through (h) of this section.

(6) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

Any taxpayer having income from business activity which is taxable both within and without this state shall allocate and apportion such net income as provided in this section.

For purposes of allocation and apportionment of income under this section, a taxpayer is taxable in another state if:

(1) In that state he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax, or

(2) That state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

(d) Rents and royalties from real or tangible personal property, capital gains interest, dividends, or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in subsections (e) through (h) of this section.

(e) (1) Net rents and royalties from real property located in this state are allocable to this state.

(2) Net rents and royalties from tangible personal property are allocable to this state:

(i) if and to the extent that the property is utilized in this state, or

(ii) in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(3) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical
location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(f) (1) Capital gains and losses from sales of real property located in this state are allocable to this state.
(2) Capital gains and losses from sales of tangible personal property are allocable to this state if:
   (i) the property had a situs in this state at the time of the sale, or
   (ii) the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

(3) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state, unless such gains and losses constitute business income as defined in this section.

(g) Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state unless such interest or dividends constitute business income as defined in this section.

(h) (1) Patent and copyright royalties are allocable to this state:
   (i) if and to the extent that the patent or copyright is utilized by the payer in this state, or
   (ii) if and to the extent that the patent or copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(2) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patent product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(3) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(i) (1) Notwithstanding the election allowed in Article III.1 of the multistate tax compact enacted as section 63-3701, Idaho Code, all business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus two times the sales factor, and the denominator of which is three-fourths.
except as provided in paragraph (2) of this subsection.

(2) If a corporation, or a parent corporation of a combined group filing a combined report under sections 63-3027 and 63-3701, Idaho Code, is an electrical corporation as defined in section 61-119, Idaho Code, or is a telephone corporation as defined in section 62-603, Idaho Code, all business income of the corporation shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three (3).

(j) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

(k) Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

(l) The average value of property shall be determined by averaging the values at the beginning and ending of the tax period, but the state tax commission may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(m) The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid everywhere during the tax period.

(n) Compensation is paid in this state if:

(1) The individual's service is performed entirely within the state; or

(2) The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

(3) Some of the service is performed in the state and

(i) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or

(ii) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual’s residence is in this state.

(o) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

(p) Sales of tangible personal property are in this state if:

(1) The property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale, or

(2) The property is shipped from an office, store, warehouse,
factory, or other place of storage in this state and
(i) the purchaser is the United States government or
(ii) the taxpayer is not taxable in the state of the pur-
chaser.
(q) Sales, other than sales of tangible property, are in this
state, if:
(1) The income-producing activity is performed in this state; or
(2) The income-producing activity is performed both in and out-
side this state and a greater proportion of the income-producing
activity is performed in this state than in any other state, based
on costs of performance.
(r) If the allocation and apportionment provisions of this sec-
tion do not fairly represent the extent of the taxpayer's business
activity in this state, the taxpayer may petition for or the state tax
commission may require, in respect to all or any part of the
taxpayer's business activity, if reasonable:
(1) Separate accounting, provided that only that portion of gen-
eral expenses clearly identifiable with Idaho business operations
shall be allowed as a deduction;
(2) The exclusion of any one (1) or more of the factors;
(3) The inclusion of one (1) or more additional factors which
will fairly represent the taxpayer's business activity in this
state; or
(4) The employment of any other method to effectuate an equitable
allocation and apportionment of the taxpayer's income.
(s) For purposes of this chapter two (2) or more corporations,
wherever incorporated, the voting stock of which is more than fifty
percent (50%) owned directly or indirectly by a common owner or owners
may, when necessary to accurately reflect income, be considered a sin-
gle corporation, in which event:
(1) The "taxable income" of any corporation subject to taxation
in this state shall be determined by use of a combined report
which includes the income, determined under subparagraph (2) of
this subsection, of all corporations which are members of a uni-
tary business, allocated and apportioned using apportionment fac-
tors for all corporations included in the combined report and
methods set out in this section.
(2) The income of a corporation to be included in a combined
report shall be determined as follows:
(i) for a corporation incorporated in the United States,
the income to be included in the combined report shall be the
taxable income for the corporation as defined in section
63-3022, Idaho Code;
(ii) for a corporation incorporated outside the United
States, the income to be included in the combined report
shall be the net income before income taxes of such corpora-
tion stated on the profit and loss statements of such corpo-
rations which are included within the consolidated profit and
loss statement prepared for the group of related corporations
of which the corporation is a member, which statement is pre-
pared for filing with the United States securities and
exchange commission. If the group of related companies is not
required to file such profit and loss statement with the
United States securities and exchange commission, the profit and loss statement prepared for reporting to shareholders and subject to review by an independent auditor may be used to obtain net income before income taxes. In the alternative, and subject to reasonable substantiation and consistent application by the group of related companies, adjustments may be made to the profit and loss statements of the corporation incorporated outside the United States, if necessary, to conform such statements to tax accounting standards as required by the Internal Revenue Code as if such corporation were incorporated in the United States and required to file a federal income tax return, subject to appropriate adjustments under the provisions of section 63-3022, Idaho Code; and (iii) if the income computation for a group under paragraphs (i) and (ii) of this subsection results in a loss, such loss shall be taken into account in other years, subject to the provisions of subsections (c) and (d) of section 63-3022, Idaho Code.

(t) If compensation is paid in the form of a reasonable cash fee for the performance of management services directly for the United States government at the Idaho national engineering laboratory, separate accounting for that part of the business activity without regard to other activity of the taxpayer in the state of Idaho or elsewhere shall be required; provided that only that portion of general expenses clearly identifiable with Idaho business operations of that activity shall be allowed as a deduction.

(u) In the case of a corporation subject to this section, including a group of corporations considered to be a single corporation under the provisions of subsection (s) of this section, taxable income or loss shall be determined as follows:

(1) From the amount of taxable income otherwise determined under this section for such corporation, subtract nonbusiness income, or add nonbusiness loss, whichever is applicable.

(2) Multiply the amounts determined under paragraph (1) of this subsection by the Idaho apportionment percentage defined in subsection (i) of this section, taking into account, where applicable, the property, payroll and sales of all corporations, wherever incorporated, which are included in a combined report. The resulting product shall be the apportioned business income or loss.

(3) To the amount determined as apportioned business income or loss under paragraph (2) of this subsection, add nonbusiness income allocable entirely to Idaho under the provisions of this section or subtract nonbusiness loss allocable entirely to Idaho under this section. The resulting figure is the taxable income or loss for a corporation subject to the provisions of this section.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval and retroactively to January 1, 1994, and shall first apply to taxable years commencing on and after that date.

Approved March 31, 1994.

SECTION 2. That Section 7-1204, Idaho Code, as amended by Section 7, Chapter 335, Laws of 1993, be, and the same is hereby amended to read as follows:

7-1204. WITHHOLDING OF INCOME -- APPLICATION, NOTICE AND HEARING.

(1) Any obligee may apply to the bureau to seek withholding of the obligor's income by the obligor's employer for payment of the delinquency, current support, and costs and/or fees pursuant to an order, as defined herein. Additionally, any obliger who is required by order to pay child or spousal support may request that the bureau obtain withholding of the obligor's income by the obligor's employer for payment of current support and delinquency, if any.

(2) (a) If the order or decree under which the obliger is required to pay child or spousal support does not contain a notice of automatic and immediate income withholding pursuant to section 32-1205, Idaho Code, and if an obligor is employed in the state of Idaho, the bureau shall give notice to the obliger by certified mail that an application has been made to withhold from the obligor's income any delinquency and/or current support due and owing to the obligee. Such notice shall inform the obliger that if the notice contains a mistake of fact, which for purposes of this chapter means an error in the amount of current or overdue support or the identity of the alleged absent parent, he/she has fourteen (14) days from the day the notice was mailed to make a written request for a hearing before the department of health and welfare to resolve that mistake of fact. No issues at that hearing may be considered that have been litigated previously. Such notice shall also inform the absent parent:

(i) Of the amount of overdue support that is owed, if any, and the amount of wages that will be withheld;
(ii) That the provision for withholding applies to any current or subsequent employer or period of employment;
(iii) Of the procedures available for contesting the withholding and that the only basis for contesting the withholding is a mistake of fact;
(iv) Of the period within which the absent parent must contact the state in order to contest the withholding and that failure to contact the state within the specified time limit will result in the state notifying the employer to begin
withholding; and

(v) Of the actions the state will take if the individual contests the withholding.

(b) If the obligor requests a hearing, in writing, postmarked or received by the department of health and welfare within fourteen (14) days after such notice has been mailed (not to include Saturday, Sunday or holidays as the 14th day) to protest the withholding of income for the benefit of the obligee, and the basis for contesting the withholding is a mistake of fact as defined above, the department of health and welfare shall hold a hearing within thirty-five (35) days after the initial notice to the obligor. Additionally, the department of health and welfare shall immediately notify the obligee of the date, time and place of hearing and of the obligee's right to attend the hearing. The issues to be considered at the hearing shall be limited to mistakes of fact. The department of health and welfare shall issue its decision within forty-five (45) days of the initial notice. The decision may confirm, modify or deny the amount of any delinquency to be withheld.

(c) If the obligor files no timely protest, or after a hearing is held and decision is entered, the obligor is found to be delinquent in child or spousal support payments, the bureau shall send an order by certified mail to the employer of the obligor. The employer shall immediately begin withholding the sum specified in the withholding order from the obligor's income and shall remit the amount withheld to the entity designated on the notice at the same time the obligor is paid. The employer shall continue to withhold the sum specified in the order until the order is either released or modified by written order of the bureau.

(3) If the order or decree under which the obligor is required to pay child or spousal support contains a notice of automatic and immediate income withholding pursuant to section 32-1205, Idaho Code, the bureau shall send an order by certified mail to the employer of the obligor. The employer shall immediately begin withholding the sum specified in the withholding order from the obligor's income and shall remit the amount withheld to the person or entity designated in the order at the same time the obligor is paid. The employer shall continue to withhold the sum specified in the order until the order is either released or modified by written order of the bureau.

(4) If the obligor is employed in any other state, the bureau shall forward to the state agency which has the responsibility for the administration of income withholding in the state in which the obligor is employed, all information required by that state agency to enable withholding of the obligor's income.

(5) The employer may combine all amounts withheld for a particular entity in a pay period into a single payment for that pay period, as long as the portion thereof which is attributable to each individual employee is separately designated. The employer may deduct a fee, not to exceed five dollars ($5.00), to cover costs of each withholding. Such fee is to be withheld from the obligor's income in addition to the amount to be withheld to satisfy the withholding order.

(6) Income withholding for child support shall have priority over any other attachment against the same income.
(7) In no event shall the amount to be withheld from the income of the obligor exceed the amount specified in section 11-207, Idaho Code.

(e) When set-off is attempted on a joint return under the provisions of this section the taxpayer not specified to be the obligor in the claim may protest under the provisions of subsection (1)(d) of this section, and the set-off will be limited to one-half (1/2) of the joint refund.

(f) After the decision of the department of health and welfare is issued, or if the taxpayer has failed to file a timely protest of the claim, the set-off procedure shall become final.

Any unrenewed, unexpired plate shall be returned to the department if it is not entered on the renewal application.

(3) An administrative fee of four dollars ($4.00) shall be paid and deposited to the state highway account on all registrations completed by the department under this section.

(4) In addition to the registration and license fees provided by subsections (1) and (2) of this section, there shall be paid on all commercial vehicles having a maximum gross weight in excess of sixty thousand (60,000) pounds, a use fee based upon the registered maximum gross weight in accordance with the following schedule. The use fees shall be calculated by multiplying the mills per mile, determined from the mills per mile schedule table, times the reported mileage for the
vehicle, subject to the provisions of this section.

For each additional two thousand (2,000) pounds or fraction thereof in excess of one hundred six thousand (106,000) pounds add 2.1 mills per mile.

(6) If any vehicle, or combinations of vehicles move on the highways of the state, and the vehicle or combination exceeds its registered maximum gross weight there shall be paid for that vehicle, the fees provided for in either subsection (4) or (5) of this section, as applicable, for the actual gross weight of the vehicle or combination of vehicles for the miles traveled at the heavier weight.

(7) If any vehicle or combinations of vehicles haul nonreducible loads, as authorized under the provisions of section 49-1004, Idaho Code, then and in that event there shall be paid for that vehicle, in addition to the other fees required in this section, an additional use fee of 2.1 mills per mile for each two thousand (2,000) pounds or fraction thereof of the maximum gross weight in excess of those set forth in section 49-1001, Idaho Code.

(8) Any owner operating vehicle combinations may apply to the department for authority to report multiple weights and pay use fees based upon the maximum gross weight of each configuration in the combination being operated. The owner shall declare a maximum gross weight for each configuration being operated but not more than three maximum gross weights for a vehicle combination may be declared. Any owner who receives authority to report and pay use fees at multiple maximum gross weights shall register the motor vehicle in a combination at the highest maximum gross weight of the vehicle. Any owner who reports vehicle combinations at multiple weights and fails to maintain records and furnish said records to the department upon request which show the configuration of the combination of vehicles and the trailer and unit number for all miles and trip segments traveled shall have all miles assessed at the highest maximum gross weight of the combination of vehicles.

(9) An applicant for registration of a commercial vehicle, a non-commercial vehicle or a farm vehicle shall set forth the maximum gross weight of the vehicle or combination of vehicles and the applicant shall pay any annual registration fees and any annual license fees on trailers and semitrailers required at the time he makes application for registration subject to the provisions of subsections (1) and (2) of this section. No part of the registration or license fees shall be subject to refund. The use fee payment required shall be computed
according to the schedule in either subsection (4) or (5) of this section on the mileage operated over the highways of the state of Idaho and the owner of any vehicle against which a use fee is assessed, shall at the time of making his next quarterly report pay the use fee, if any, for the three (3) calendar months immediately prior. In determining the mileage subject to the use fee, there shall be deducted the miles traveled on roadways maintained with private funds by agreement with the public agency or agencies having jurisdiction over them. In no event shall the total money credited to the owner for the mileage exceed the actual cost of maintenance expended by him.

(10) Any owner who operates or intends to operate non-Idaho based vehicles in Idaho that are subject to the use fee required under the provisions of this section shall apply for a use fee account before operating the vehicles in Idaho. In lieu of establishing a use fee account the owner may purchase a trip permit under the provisions of section 49-432 or 49-433, Idaho Code, as applicable. The department shall develop rules to administer the use fee account. Any owner who has not established a use fee account or has not purchased a trip permit prior to operating in Idaho shall have committed an infraction.

SECTION 3. That Section 49-435, Idaho Code, be, and the same is hereby amended to read as follows:

49-435. PROPORTIONAL REGISTRATION OF COMMERCIAL VEHICLES. (1) Any owner engaged in operating one or more fleets may, in lieu of the registration fees imposed by section 49-434, Idaho Code, register each fleet for operation in this state by filing an application with the department which shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) Total fleet miles. This shall be the total number of miles operated in all jurisdictions during the preceding year by the motor vehicles in a fleet during the year.
(b) In-state miles. This shall be the total number of miles operated in this state during the preceding year by motor vehicles in the fleets during the year.
(c) A description and identification of each vehicle of the fleet which is to be operated in this state during the registration year for which proportional fleet registration is requested, and, as determined by the department, the vehicle unit number of each fleet vehicle as assigned by the owner.

(2) The application for each fleet shall, at the time and in the manner required by the department, be supported by a fee payment computed as follows:

(a) Divide in-state miles by total fleet miles.
(b) Determine the total amount necessary to register each and every vehicle in the fleet for which registration is required based on the regular annual fees prescribed by section 49-434, Idaho Code.
(c) Multiply the sum obtained under subsection (2)(b) of this section, by the quotient obtained under subsection (2)(a) of this section.

(3) The applicant for proportional registration of any fleet, the
motor vehicles of which are operated by him in jurisdictions in addition to those in which the applicant's fleet motor vehicles are operated, may state those motor vehicles separately in his application and compute and pay the fees in accordance with the separate statement, as to which "total miles" shall be the total miles of highway operation determined from miles of power units, whether prorated or not, operated in combination with prorated trailers in all jurisdictions during the preceding year.

(4) The department shall register the vehicle so described and identified and may issue license plates or distinctive sticker or other suitable identification device for each vehicle listed in the application upon payment of the fees required under subsection (2) and an additional identification charge of eight dollars ($8.00) per vehicle. The fees collected for the additional identification shall be deposited to the state highway account. A registration card shall be issued for each proportionally registered vehicle appropriately identifying it which shall be carried in or upon the vehicle identified at all times.

(5) Fleet vehicles so registered and identified shall be deemed to be fully licensed and registered in this state for any type of movement or operation, except that, in those instances in which a grant of authority is required for intrastate movement or operation, no vehicle shall be operated in intrastate commerce in this state unless the owner has been granted intrastate authority or rights by the public utilities commission and unless the vehicle is being operated in conformity with such authority or rights.

(6) The right to the privilege and benefits of proportional registration of fleet vehicles extended by this section, or by any contract, agreement, arrangement or declaration made under the authority provided in section 49-201, Idaho Code, shall be subject to the condition that each fleet vehicle proportionally registered shall also be proportionally or otherwise properly registered in at least one other jurisdiction during the period for which it is proportionally registered in this state.

(7) Vehicles acquired by the owner after the commencement of the registration year and subsequently added to a proportionally registered fleet shall be proportionally registered by applying the mileage percentage used in the original application for the fleet for that registration period to the annual registration fees due with respect to those vehicles for the remainder of the registration year.

(8) If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered, the owner of the fleet shall so notify the department on appropriate forms to be prescribed by the department. The department may require the owner to surrender proportional registration cards and other identification devices which have been issued with respect to the vehicle as the department may deem advisable.

(9) The initial application for proportional registration of a fleet shall state the mileage data with respect to the fleet for the preceding year in this and other jurisdictions. If no operations were conducted with the fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in this state and other jurisdictions. The
department shall determine the in-state and total fleet miles to be used in computing the fee payment for the fleet. The department may evaluate and adjust the estimate in the application if it is not satisfied as to the correctness submitted.

(10) The department may refuse to accept proportional registration applications for the registration of vehicles based in another jurisdiction if it shall find that the other jurisdiction does not grant similar registration privileges to fleet vehicles based in or owned by residents of this state.

(11) Any owner whose application for proportional registration has been accepted shall preserve the records on which the application is based for a period of four (4) years following the year of application. The owner shall agree to make his records accessible to the department for audit as to accuracy of computations, payments and assessments of deficiencies or allowances for credit. The department shall make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of any owner or exchange of audit information. No assessment for deficiency or claim for credit may be made for any period for which records are no longer required. Any sums found to be due and owing upon audit shall bear interest of six per cent (6%) from the date when they should have been paid until the date of actual payment. If the audit discloses a deliberate and willful intent to evade the requirements of appropriate payment under subsection (2)(b) of this section, an additional penalty of ten per cent (10%) shall also be assessed.

(12) No provision of this section relating to proportional registration of fleet vehicles shall be construed as requiring any vehicle to be proportionally registered if it is otherwise registered in this state for the operation in which it is engaged including regular registration or temporary trip permit.

(13) Proportionally registered vehicles having a maximum gross weight in excess of sixty thousand (60,000) pounds shall pay a use fee in accordance with section 49-434(4), (5), (6) and (7), Idaho Code, as applicable.

SECTION 4. That Chapter 4, Title 49, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 49-435A, Idaho Code, and to read as follows:

49-435A. MULTIJURISDICTIONAL USE FEE AGREEMENTS. (1) Any owner engaged in operating a fleet of commercial or farm vehicles having a maximum gross weight in excess of twenty-six thousand (26,000) pounds that has registered and declared Idaho to be its base state may enter into an agreement with the department for the reporting and payment of highway use fees in accordance with the multijurisdictional agreement as provided in section 49-201A, Idaho Code.

(2) Any owner engaged in operating a fleet of commercial or farm vehicles having a maximum gross weight in excess of sixty thousand (60,000) pounds that has registered and declared a base state, in a jurisdiction other than Idaho, that is a member of the multijurisdictional agreement for the collection of highway use fees as provided in section 49-201A, Idaho Code, may enter into an agree-
ment with the base state jurisdiction to pay its Idaho highway use fees to the base state.

SECTION 5. That Section 49-436, Idaho Code, be, and the same is hereby amended to read as follows:

49-436. QUARTERLY REPORTS -- MAINTAINING RECORDS -- PENALTIES -- DEPOSIT OR BOND TO SECURE PAYMENT OF FEES -- APPEAL. (1) Not later than the last day of April, and on the last day of each third calendar month thereafter, each owner of a commercial or farm vehicle having a maximum combined gross weight in excess of sixty thousand (60,000) pounds, shall file with the department a statement of the gross miles each vehicle has traveled over the highways of the state of Idaho for the preceding calendar months of the year for which that report is made. Each report shall be cumulative of all miles traveled during all calendar months in that year for which the report is made.

(2) Every owner whose fees are computed as specified in section 49-434, Idaho Code, shall maintain records and permit the department to inspect the records upon request to substantiate the following:
   (a) The actual miles traveled over Idaho highways.
   (b) Identification of the commodities hauled if using the schedule in section 49-434(5), Idaho Code.
   (c) Reporting at multiple weights pursuant to section 49-434, Idaho Code.
   (d) If an owner registers a vehicle or combination of vehicles at a weight in excess of sixty thousand (60,000) pounds and the registered maximum gross weight is less than the weight allowable under the provisions of section 49-1001, Idaho Code, for that vehicle or combination of vehicles, then the owner must maintain and provide to the department on demand records of the vehicle or combination of vehicles actual gross weight and the configuration of the combination of vehicles for all miles traveled. If the owner fails to maintain and produce such records then all miles for the vehicle or combination of vehicles will be assessed at the highest weight the vehicle or combination of vehicles could legally operate pursuant to section 49-1001, Idaho Code. If an owner registers a vehicle or combination of vehicles at a weight in excess of sixty thousand (60,000) pounds and the registered maximum gross weight is equal to or exceeds the weight allowable under the provisions of section 49-1001, Idaho Code, for that vehicle or combination of vehicles then the owner is not required to maintain actual gross weight records of the vehicle or combination of vehicles. Owners may voluntarily report quarterly the weight hauled in excess of registered maximum gross weight and may pay use fees for such voluntarily reported weight without penalty.
   (e) Overweight travel authorization fees as set forth in section 49-1001, Idaho Code, and use fees accrued through overweight citations as provided in this section shall be remitted quarterly.

(3) When the records are maintained outside this state by owners engaged in transportation in this state, the owner shall reimburse the department for reasonable expenses incurred by the department in making audits of those records and accounts at the out-of-state location. The owner or the department may request that the records be presented...
at a place within the state designated by the department. The records must be presented by a representative of the owner familiar with the records and who is responsible for the safekeeping of the records. Every owner is required to maintain records for four (4) years from the due date of the quarterly report unless the department and the owner agree in writing to shorten or lengthen the time period. The amount of fees imposed in this chapter shall be assessed within four (4) years after the due date of the quarterly report unless the department and owner agree in writing to lengthen the time period. If an assessment has been made, such fees may be collected by a proceeding in court within a period of three (3) years after the assessment or a final order entered pursuant to subsection (10) of this section.

(4) Owners of commercial and farm vehicles using the registration fee schedules in section 49-434(1), Idaho Code, are subject to audit to determine if the proper schedule is being used. If the weight classification being used is found to be understated, the difference between the registration fees paid and the registration fees due will become due and payable. If the vehicles are found to be operating in excess of sixty thousand (60,000) pounds gross weight, the difference between the registration fees paid under section 49-434(1), Idaho Code, and the amount that would have been due under the use fee schedule in section 49-434(4) or (5), Idaho Code, will be determined and the balance due, if any, will be collected. If an owner registers a vehicle or combination of vehicles at a weight less than the weight allowable under the provisions of section 49-1001, Idaho Code, for that vehicle or combination of vehicles then the owner must maintain vehicle gross weight records in addition to the mileage records and allow the department to inspect the vehicle gross weight and mileage records.

(5) Owners using the use fee schedules in section 49-434(4) and (5), Idaho Code, are subject to audit to determine if the proper use fee schedule and weight classification is being used and if all miles traveled on Idaho highways have been reported. If the operating weight, as determined from citations issued for exceeding weight limitations specified in title 49, Idaho Code, exceeds the registered maximum gross weight, the additional use fees for the miles traveled at the heavier weight, if not already paid, shall become due and payable.

(6) An owner who fails to maintain records as required by the provisions of this section may have the registration of all vehicles registered under sections 49-434 and 49-435, Idaho Code, suspended until such time as adequate records as required by the provisions of this section are provided. In the event that the owner does not produce records, the department may make an assessment of fees due based on an estimate of the operation. The department shall promulgate rules specifying the methodology used to determine an assessment based on an estimate of the operation. There shall be added to every such estimated assessment a penalty of two percent (2%) per month or fraction thereof after the report was required to be filed or the fee became due up to a maximum penalty of thirty-six percent (36%) of the fee due. Upon payment of the estimated assessment and all other fees due and owing including the reinstatement fee the owner's registration shall be reinstated.

(7) An owner who fails to file any reports or pay any fees or
penalties due is subject to suspension of their vehicle registrations. An order suspending the vehicle registrations shall be mailed to the owner upon discovery of the deficiency by the department. The suspension shall be lifted if the reports are filed and the payments due are made, along with a reinstatement fee of forty dollars ($40.00) per carrier within fifteen (15) days after receipt of the suspension order. No local authority shall place or maintain any traffic-control device upon any highway under the jurisdiction of the department except by the latter's permission.

(21) The department may conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall find that the structure cannot with safety to itself withstand vehicles traveling at a speed otherwise permissible under this title, shall determine and declare the maximum speed of vehicles which the structure can safely withstand, and shall cause or permit suitable signs stating the maximum speed to be erected and maintained before each end of the structure.

(22) Whenever the department shall determine on the basis of an engineering and traffic investigation that slow speeds on any highway or part of a highway impede the normal and reasonable movement of traffic, the department may determine and declare a minimum speed limit below which no person shall drive a vehicle except when necessary for safe operation or in compliance with law, and that limit shall be effective when posted upon appropriate fixed or variable signs.

(25) Wherever a highway crosses one or more railroads at grade, the department or local authorities within their respective jurisdictions shall place and maintain stop signs, directing vehicular traffic approaching the crossing to come to a full stop prior to entering the crossing at all railroad crossings where electric or mechanical warning signals do not exist. Placement of these stop signs shall be mandatory except when in the determination of the department or local authorities public highway agencies the existence of stop signs at a given crossing would constitute a greater hazard than their absence based on a recognized engineering study.
Nothing in this subsection shall be construed as granting immunity to any railroad company as to liability, if any, for an accident which might occur at a crossing where stop signs are erected and in place, but liability, if any, shall be determined as provided by law. Liability on the part of governmental authorities on account of absence of any stop sign at a crossing shall be determined as provided by law.

(26) The department and local authorities are authorized to determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving on the left side of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of those zones and when signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey those directions.

(27) The department and local authorities in their respective jurisdictions may in their discretion issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks or farm tractors or other farm machinery, the operation of which upon a highway would otherwise be prohibited under this title or title 40, Idaho Code.

(28) The department and local highway authorities within their respective jurisdictions may place official traffic-control devices prohibiting, limiting or restricting the stopping, standing or parking of vehicles on any highway where such stopping, standing or parking is dangerous to those using the highway or where the stopping, standing or parking of vehicles unduly interferes with the free movement of traffic thereon.

62-304C. APPORTIONMENT OF COSTS. The Idaho transportation department shall follow federal guidelines on such grade crossing improvement projects as are to be funded in whole or in part under any federal act, and where the project is not funded entirely by federal funds, the Idaho transportation department may use moneys in the railroad grade crossing protection account to pay all or a portion of the matching funds required.

On projects where federal-aid funds are not being utilized in whole or in part, the Idaho transportation department shall apportion the entire cost of the engineering, installation, reconstruction or improvement of any signal or device as described in section 62-304A, Idaho Code, between the railroad company or companies and the Idaho transportation department or the local authority, in proportion to the respective benefits to be derived. The Idaho transportation department may use moneys in the railroad grade crossing protection account to pay all or a portion of the cost apportioned to the Idaho transportation department or local authority involved.

The railroad company or companies owning the track or tracks upon which the improvement shall be made shall perform all construction and maintenance of the signals or devices and shall be reimbursed for such part of said costs not to be borne by it, but in allocating said
costs and dividing the same among the parties involved, the Idaho transportation department shall limit the amount to be charged against the railroad company or companies to a maximum of ten per cent (10%) of the total cost of such construction, unless the crossing is a new one proposed by the railroad company or companies, in which case the entire cost of construction shall be apportioned to said railroad company or companies.

(1) Thirty-six hundredths percent (0.36%) during fiscal year, 1991-1992 and each year thereafter,

of the total state adjusted market value for assessment purposes for the previous year as determined in section 63-222, Idaho Code.

The educational support program shall provide from state sources to each school district on a support unit basis, an amount that is equal to, or greater than, the amount of the state's share which was provided during the preceding fiscal year.

attendance for such day or days of closure shall be considered as
being the same as for the days when the school actually was in ses-
sion. For illness or accident that necessitates an absence from school
for more than ten (10) consecutive school days, the school district
may include homebound students in its total attendance, provided that
academic instruction has been given by appropriate certified profes-

education support units. The sum of all of the total support units of
all school districts of the state shall be the total state support

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education support units shall be applicable only for programs approved by the state department of education following the rules and regulations established by the state board of education.

6. State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations for border district approved contracts as provided in section 33-1003, Idaho Code, and exceptional child approved contracts as provided in section 33-2004(2), Idaho Code, subsection 3, of this section, by the total state support units to secure the state distribution factor per support unit.

7. District Share of State and County Funds for Educational Support Program. Ascertain a district's share of state and county funds for the educational support program as follows:

a. District Contribution Calculation: Without including any allowance as a credit for prepaid taxes, as provided in section 63-1687, Idaho Code, the district contribution calculation shall be the rate determined under subsection 2, of this section.

b. District Support Units. The number of support units for each school district in the state shall be determined as follows:

1. Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12, including alternative high school secondary students calculated from the provisions of sections 33-1002C and 33-1002E, Idaho Code. Calculations in application of this subsection shall be carried out to the nearest tenth.

2. Divide the combined totals of the actual average daily attendance of all preschool handicapped, kindergarten, elementary, and secondary, and juvenile detention center students approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain
the number of support units allowed for the district's approved exceptional child program. Calculations for the subsection shall be carried out to the nearest tenth when more than one (1) unit is allowed.
(3) The total number of support units of the district shall be the sum of the total support units for regular students, subsection 7ba.(1) of this section, and the support units allowance for the approved exceptional child program, subsection 7ba.(2) of this section.

fb. Unadjusted Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth, by the state distribution factor per support unit, subsection 6. of this section, and to this product add the approved amounts of border district contracts and the approved amount for the exceptional child contracts of any of the following allowances to which a district is entitled to secure the district's total unadjusted allowance for the educational support program:
(1) Court-ordered Pupil Tuition-Equivalency Allowance. Districts which educate pupils placed by Idaho court order in licensed group homes, agencies, institutions or juvenile detention facilities shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per pupil. This district allowance shall be in addition to support unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.
(2) Exceptional Child Tuition-Equivalency Allowance. Districts which educate school age exceptional children residing in state institutions, licensed and certified intermediate care facilities, or licensed private nonprofit residential facilities shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per child. This district allowance shall be in addition to exceptional child support unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.
(3) Transportation support program as provided in section 33-1006, Idaho Code.
(4) Exceptional education support program as provided in section 33-1007, Idaho Code.
(5) Feasibility studies allowance as provided in section 33-1007A, Idaho Code.
(6) Border District Allowance. In any school district which abuts upon the border of another state, and the resident pupils of the district attend school in the other state as provided in section 33-1403, Idaho Code, the state superintendent of public instruction shall determine the approved costs necessary to meet the educational needs of the students. The approved costs shall be allowed as a part of the district's total educational support program.
(7) Exceptional Child Approved Contract Allowance. In any district where resident exceptional children are educated by
contract as provided in subsection 2. of section 33-2004(2), Idaho Code, the state superintendent of public instruction shall determine the approved costs. The approved costs shall be allowed as a part of the district's total educational support program.

(8) Certain expectant and delivered mothers allowance as provided in section 33-2006, Idaho Code.

c. Adjustment of District's Share. The contract salary of every noncertificated teacher shall be subtracted from the district's unadjusted total allowance as calculated from the provisions of subsection 7b. of this section, to secure the district's total allowance.

gd. District Share. To secure the district's share of state and county apportionment, subtract the amount of the local district contribution calculation, subsection 7a2. of this section, from the amount of the total district allowance, subsection 7ec. of this section. The contract salary of every noncertificated teacher shall be subtracted from the district's share.

SECTION 2. That Section 33-1014, Idaho Code, be, and the same is hereby repealed.

SECTION 3. That Chapter 2, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-222, Idaho Code, and to read as follows:

63-222. ASSESSMENT RATIOS AND THE DETERMINATION OF ADJUSTED MARKET VALUE FOR ASSESSMENT PURPOSES FOR SCHOOL DISTRICTS. For the purpose of this section, adjusted market value shall be the adjusted market value of all property assessed for property tax purposes for the year referred to in sections 33-802 and 33-1002, Idaho Code.

Beginning with the 1993 assessment year, the state tax commission shall conduct a ratio study to annually ascertain the ratio between the assessed value and the market value for assessment purposes of all property assessed for property tax purposes. Said ratio study shall be conducted in accordance with nationally accepted procedures. From the ratio so ascertained the state tax commission shall compute the adjusted market value of all property assessed for property tax purposes.

For the 1993 assessment year, this ratio shall be computed in each county and applied to the market value for assessment purposes within each school district in each county. Beginning with the 1994 assessment year, the ratio shall be computed in each school district and applied to the market value for assessment purposes within each school district.

For the 1993 assessment year, the ratio will be determined using arm's length property sales occurring between October 1, 1992 and September 30, 1993, in comparison to 1993 assessments. For each succeeding year, the sales period will begin October 1 of the year preceding the year for which the adjusted market value is to be determined. The state tax commission may, at its discretion, modify the sales period when doing so produces provably better representativeness of the
actual ratio in any county or school district. The state tax commis-

sion may also add independently conducted appraisals when the state
tax commission believes that this procedure will improve the represen
tativeness and reliability of the ratio.
Whenever the state tax commission is unable to determine with rea-

sonable statistical certainty that the assessed value within any
county or school district differs from the market value for assessment
purposes, the state tax commission may certify the assessed value to
be the adjusted market value of any county or school district.
The state tax commission shall certify the adjusted market value
of each school district to the state department of education and each
county auditor no later than the first Monday in April each year. The
state tax commission shall prepare a report indicating procedures used
in computing the adjusted market value and showing statistical mea-
sures computed in the ratio study. This report shall be submitted to
the state department of education at the same time as the certifica-
tion of adjusted market value. The report of the state tax commission
shall also be made available for public inspection in the office of
the county auditor.
The state tax commission shall promulgate rules to implement the
ratio study described in this section.

SECTION 4. That Section 63-3503, Idaho Code, be, and the same is
hereby amended to read as follows:

63-3503. FILING OPERATORS' STATEMENT -- ALLOTMENT AND APPORTION-
MENT OF TAX BY STATE TAX COMMISSION. Every cooperative electrical
association in this state shall file with the state tax commission of
the state of Idaho the operators' statement provided for in section
63-704, Idaho Code, and shall include thereon a statement of the
amount of its gross earnings for the calendar year next preceding.
Upon examining and verifying said statement the state tax commission
shall compute the amount of the tax measured by the gross earnings and
shall allot to each county in which the operating property of such
association is situate that proportion of the total tax of such asso-
ciation shown to be due as the number of wire miles of transmission
and distribution lines of such association situate in such county
bears to the total wire miles of transmission and distribution lines
of such association. The state tax commission shall then, for each
county, apportion the tax so allotted to the county among the several
taxing units thereof within which any operating property of such asso-
ciation is situate, by apportioning to each such taxing unit that pro-
portion of the tax so allotted to the county as the weighted wire
mileage factor for each such taxing unit bears to the total of the
weighted wire mileage factors of all such taxing units in the county,
and shall immediately notify the state superintendent of public
instruction and the county treasurer of such allotment and apportion-
ment and the amounts thereof.

CHAPTER 317
(H.B. No. 723)

AN ACT
RELATING TO MOTOR VEHICLE MANUFACTURERS; AMENDING SECTION 49-1613, IDAHO CODE, TO PROVIDE ADDITIONAL UNLAWFUL ACTS BY MOTOR VEHICLE MANUFACTURERS AND TO MAKE TECHNICAL CORRECTIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 49-1613, Idaho Code, be, and the same is hereby amended to read as follows:

49-1613. UNLAWFUL ACTS BY LICENSEE. (1) It shall be unlawful for the holder of any license issued under the provisions of this chapter to:
(a) Intentionally publish or circulate any advertising which is misleading or inaccurate in any material particular or which misrepresents any of the products sold or furnished by a licensed dealer;
(b) Violate any of the provisions of this chapter or any of the applicable rules and regulations;
(c) Knowingly purchase, sell or otherwise acquire or dispose of a stolen vehicle;
(d) Violate any law respecting commerce in vehicles or any lawful rule or regulation respecting commerce in vehicles promulgated by any licensing or regulating authority now existing or hereafter created by the laws of the state;
(e) Engage in the business for which the dealer is licensed without at all times maintaining a principal place of business;
(f) Engage in a type of business respecting the selling or exchanging of vehicles for which he is not licensed;
(g) Knowingly purchase a vehicle which has an altered or removed vehicle identification number plate or alter or remove a vehicle identification number plate;
(h) Violate any provision of this title or any rules and regulations promulgated;
(i) Violate any provision of the federal motor vehicle safety standards, federal odometer laws or regulations; or
(j) Display for sale, exchange, or sell any vehicle for which the vehicle dealer does not hold title or consignment agreement.

(2) It shall be unlawful for any manufacturer licensed under this chapter to require, attempt to require, coerce, or attempt to coerce, any new vehicle dealer in this state to:
(a) Order or accept delivery of any new vehicle, part or accessory, equipment or any other commodity not required by law which shall not have been voluntarily ordered by the new vehicle dealer. This paragraph is not intended to modify or supersede any terms or provisions of a franchise requiring dealers to market a representative line of vehicles which the manufacturer or distributor is publicly advertising.
(b) Order or accept delivery of any new vehicle with special fea-
tures, accessories or equipment not included in the list price of such vehicles as publicly advertised by the manufacturer or distributor.

(c) Participate monetarily in an advertising campaign or contest, or to purchase any promotional materials, training materials, showroom or other display decorations or materials at the expense of the dealer.

(d) Enter into any agreement with the manufacturer or to do any other act prejudicial to the dealer by threatening to terminate or cancel a franchise or any contractual agreement existing between the dealer and the manufacturer. This paragraph is not intended to preclude the manufacturer or distributor from insisting on compliance with reasonable terms or provisions of the franchise or other contractual agreement, and notice in good faith to any dealer of the dealer's violation of those terms or provisions shall not constitute a violation of the provisions of this chapter.

(e) Change the capital structure of the dealer or the means by or through which the dealer finances the operation of the dealership, provided that the dealer at all times meets any reasonable capital standards determined by the manufacturer in accordance with uniformly applied criteria. No change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor. Consent shall not be unreasonably withheld.

(f) Refrain from participation in the management of, investment in, or the acquisition of any other line of new vehicle or related products. This paragraph does not apply unless the dealer maintains a reasonable line of credit for each make or line of new vehicle, and the dealer remains in compliance with any reasonable facilities requirements of the manufacturer, and no change is made in the principal management of the dealership.

(g) Prospectively assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability to be imposed by this chapter or to require any controversy between a dealer and a manufacturer, distributor, or representatives, to be referred to any person other than the duly constituted courts of the state or the United States, or to the director, if that referral would be binding upon the dealer.

(h) Either establish or maintain exclusive facilities, personnel, or display space.

(i) Expand facilities without a written guarantee of a sufficient supply of new vehicles so as to justify an expansion, in light of the market and economic conditions.

(j) Make significant modifications to an existing dealership or to construct a new vehicle dealership facility without providing a written guarantee of a sufficient supply of new vehicles so as to justify modification or construction, in light of the market and economic conditions.

(3) It shall be unlawful for any manufacturer licensed under this chapter to:

(a) Delay, refuse, or fail to deliver new vehicles or new vehicle parts or accessories in a reasonable time, and in reasonable quantity relative to the dealer's facilities and sales potential in
the dealer's relevant market area, after acceptance of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer, any new vehicle, parts or accessories to new vehicles as are covered by the franchise, if the vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. These provisions are not violated, however, if failure is caused by acts or causes beyond the control of the manufacturer.

(b) Refuse to disclose to any dealer handling the same line, the manner and mode of distribution of that line within the relevant market area.

(c) Obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to the dealer.

(d) Increase prices of new vehicles which the dealer had ordered for consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a consumer shall constitute evidence of each such order, provided that the vehicle is in fact delivered to that customer. In the event of manufacturer price reductions or cash rebates paid to the dealer, the amount of any reduction or rebate received by a dealer shall be passed on to the private retail consumer by the dealer. Price reductions shall apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series shall not be considered a price increase or price decrease. Price changes caused by the addition to a vehicle of required or optional equipment, or revaluation of the United States dollar, in the case of foreign-make vehicles or components, or an increase in transportation charges due to increased rates imposed by a carrier, shall not be subject to the provisions of this subsection.

(e) Release to any outside party, except under subpoena or as otherwise required by law or in an administrative, judicial or arbitration proceeding involving the manufacturer or dealer, any business, financial, or personal information which may be provided from time to time by the dealer to the manufacturer without the express written consent of the dealer.

(f) Deny any dealer the right of free association with any other dealer for any lawful purpose.

(g) Unfairly compete with a dealer in the same line make, operating under an agreement or franchise from the aforementioned manufacturer, in the relevant market area. A manufacturer shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of that dealership on reasonable terms and conditions.

(h) Unfairly discriminate among its dealers with respect to warranty reimbursement.
(i) Unreasonably withhold consent to the sale, transfer, or exchange of the franchise to a qualified buyer capable of being licensed as a dealer in this state.

(j) Fail to respond in writing to a request for consent as specified in subsection (i) of this section within sixty (60) days of receipt of a written request on the forms, if any, generally utilized by the manufacturer or distributor for those purposes and containing the required information. Failure to respond shall be deemed to be consent to the request.

(k) Prevent or attempt to prevent, by contract or otherwise, any dealer from changing the executive management control of the dealership unless the manufacturer, having the burden of proof, can show that the change of executive management will result in executive management or control by a person or persons who are not of good moral character or who do not meet reasonable, preexisting and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards. Where the manufacturer rejects a proposed change in executive management control, the manufacturer shall give written notice of his reasons to the dealer within sixty (60) days of notice to the manufacturer by the dealer of the proposed change; otherwise, the change in the executive management of the dealership shall be presumptively considered approved.

(l) Terminate, cancel or fail to renew any franchise solely because of the death or incapacity of an owner who is not listed in the franchise as one on whose expertise and abilities the manufacturer relied in the granting of the franchise.

(m) Prevent or attempt to prevent the dealer, by written instrument or otherwise, from either receiving the fair market value of the dealership in a sale transaction, or from transferring the dealership to a spouse or legal heir, as specified in this chapter.

(n) Engage in any predatory practice or discrimination against any dealer.

(o) Resort to or to use any false or misleading advertisement in the conducting of his business as a manufacturer or distributor in this state.

(p) Make any false or misleading statement, either directly or through any agent or employee, in order to induce any dealer to enter into any agreement or franchise, or to take any action which is prejudicial to that dealer or his business.

(q) Require or coerce dealers to participate in local or national advertising campaigns or contests or to require or coerce dealers to purchase promotional or display materials.

(4) It is unlawful for any manufacturer or any officer, agent or representative to coerce, or attempt to coerce, any dealer in this state to sell, assign or transfer any retail installment sales contract, obtained by the dealer in connection with the sale by him in this state of new vehicles, manufactured or sold by the manufacturer, to a specified finance company or class of such companies, or to any other specified person, by any of the acts or means set forth, namely by:

(a) Any statement, suggestion, promise or threat that the manu-
manufacturer will, in any manner, benefit or injure the dealer, whether the statement, suggestion, threat or promise is express or implied or made directly or indirectly;

(b) Any act that will benefit or injure the dealer;

(c) Any contract, or any express or implied offer of contract, made directly or indirectly to a dealer for handling new vehicles, on the condition that the dealer sell, assign or transfer his retail installment sales contract in this state to a specified finance company or class of such companies, or to any other specified person; or

(d) Any express or implied statement or representation made directly or indirectly that the dealer is under any obligation whatsoever to sell, assign or transfer any of his retail sales contracts, in this state, on new vehicles manufactured or sold by that manufacturer to a finance company or class of companies, or other specified person, because of any relationship or affiliation between the manufacturer and a finance company or companies, or a specified person or persons.

Any statement, threats, promises, acts, contracts or offers of contracts, when the effect may be to lessen or eliminate competition or tend to create a monopoly, are declared unfair trade practices and unfair methods of competition, against the policy of this state, and are unlawful.

(5) It is unlawful for any manufacturer or agent or employee of a manufacturer to use a written instrument, agreement, or waiver to attempt to nullify any of the provisions of this section, and such agreement, written instrument or waiver shall be null and void.

(6) It shall be unlawful, directly or indirectly, to impose unreasonable restrictions on the dealer relative to the sale, transfer, right to renew, termination discipline, noncompetition covenants, site control (whether by sublease, collateral pledge of lease, or otherwise), right of first refusal to purchase, option to purchase, compliance with subjective standards and assertion of legal or equitable rights.

(7) The provisions of this chapter shall apply to all written franchise agreements between a manufacturer and a dealer, including the franchise offering, the franchise agreement, sales of goods, services or advertising, leases or mortgages of real or personal property, promises to pay, security interests, pledges, insurance contract, advertising contract, construction or installation contract, servicing contracts and all other agreements where the manufacturer has any direct or indirect interest.

Approved March 31, 1994.

CHAPTER 319
(H.B. No. 767, As Amended)

AN ACT
RELATING TO MAINTENANCE OF PUBLIC HIGHWAYS; AMENDING CHAPTER 23, TITLE 40, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 40-2324, IDAHO CODE, TO PROVIDE FOR AUTHORIZATION AND COMPENSATION FOR MAINTENANCE OF PUBLIC HIGHWAYS BY NONGOVERNMENTAL ENTITIES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 23, Title 40, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 40-2324, Idaho Code, and to read as follows:

If the highway agency approves the request of the nongovernmental entity, the highway agency shall pass a resolution which should outline the details and conditions for said authorization. Provided however, the granting of the compensation to that nongovernmental entity shall not exceed the dollar amount of the highway and bridge ad valorem tax levy that was assessed against the property of that nongovernmental entity under the provisions of section 40-801, Idaho Code, for the previous fiscal year. Authorization and compensation granted under this section shall not accumulate from year to year, but must be applied for each calendar year.

Approved March 31, 1994.

CHAPTER 320
(H.B. No. 768)

AN ACT RELATING TO MOTOR VEHICLE OPERATING AND USE FEES; AMENDING SECTION 49-436, IDAHO CODE, TO DELETE THE REQUIREMENT THAT USE FEES ACCRUED THROUGH OVERWEIGHT CITATIONS BE REMITTED WITH THE QUARTERLY REPORT AND TO PROVIDE THAT THE DEPARTMENT MAY REMIT ALL OR ANY PART OF CERTAIN PENALTIES AND INTEREST; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 49-436, Idaho Code, be, and the same is hereby amended to read as follows:

49-436. QUARTERLY REPORTS -- MAINTAINING RECORDS -- PENALTIES -- DEPOSIT OR BOND TO SECURE PAYMENT OF FEES -- APPEAL. (1) Not later than the last day of April, and on the last day of each third calendar month thereafter, each owner of a commercial or farm vehicle having a maximum combined gross weight in excess of sixty thousand (60,000) pounds, shall file with the department a statement of the gross miles each vehicle has traveled over the highways of the state of Idaho for the preceding calendar months of the year for which that report is made. Each report shall be cumulative of all miles traveled during all calendar months in that year for which the report is made.

(2) Every owner whose fees are computed as specified in section 49-434, Idaho Code, shall maintain records and permit the department to inspect the records upon request to substantiate the following:

(a) The actual miles traveled over Idaho highways.
(b) Identification of the commodities hauled if using the sched-
ule in section 49-434(5), Idaho Code.

(c) Reporting at multiple weights pursuant to section 49-434, Idaho Code.

(d) If an owner registers a vehicle or combination of vehicles at a weight in excess of sixty thousand (60,000) pounds and the registered maximum gross weight is less than the weight allowable under the provisions of section 49-1001, Idaho Code, for that vehicle or combination of vehicles, then the owner must maintain and provide to the department on demand records of the vehicle or combination of vehicles actual gross weight and the configuration of the combination of vehicles for all miles traveled. If the owner fails to maintain and produce such records then all miles for the vehicle or combination of vehicles will be assessed at the highest weight the vehicle or combination of vehicles could legally operate pursuant to section 49-1001, Idaho Code. If an owner registers a vehicle or combination of vehicles at a weight in excess of sixty thousand (60,000) pounds and the registered maximum gross weight is equal to or exceeds the weight allowable under the provisions of section 49-1001, Idaho Code, for that vehicle or combination of vehicles then the owner is not required to maintain actual gross weight records of the vehicle or combination of vehicles. Owners may voluntarily report quarterly the weight hauled in excess of registered maximum gross weight and may pay use fees for such voluntarily reported weight without penalty.

(e) Overweight travel authorization fees as set forth in section 49-1001, Idaho Code, and use fees accrued through overweight citations as provided in this section shall be remitted quarterly.

(f) When the records are maintained outside this state by owners engaged in transportation in this state, the owner shall reimburse the department for reasonable expenses incurred by the department in making audits of those records and accounts at the out-of-state location. The owner or the department may request that the records be presented at a place within the state designated by the department. The records must be presented by a representative of the owner familiar with the records and who is responsible for the safekeeping of the records. Every owner is required to maintain records for four (4) years from the due date of the quarterly report unless the department and the owner agree in writing to shorten or lengthen the time period. The amount of fees imposed in this chapter shall be assessed within four (4) years after the due date of the quarterly report unless the department and owner agree in writing to lengthen the time period. If an assessment has been made, such fees may be collected by a proceeding in court within a period of three (3) years after the assessment or a final order entered pursuant to subsection (10) of this section.

(4) Owners of commercial and farm vehicles using the registration fee schedules in section 49-434(1), Idaho Code, are subject to audit to determine if the proper schedule is being used. If the weight classification being used is found to be understated, the difference between the registration fees paid and the registration fees due will become due and payable. If the vehicles are found to be operating in excess of sixty thousand (60,000) pounds gross weight, the difference between the registration fees paid under section 49-434(1), Idaho Code, and the amount that would have been due under the use fee sched-
ule in section 49-434(4) or (5), Idaho Code, will be determined and the balance due, if any, will be collected. If an owner registers a vehicle or combination of vehicles at a weight less than the weight allowable under the provisions of section 49-1001, Idaho Code, for that vehicle or combination of vehicles then the owner must maintain vehicle gross weight records in addition to the mileage records and allow the department to inspect the vehicle gross weight and mileage records.

(5) Owners using the use fee schedules in section 49-434(4) and (5), Idaho Code, are subject to audit to determine if the proper use fee schedule and weight classification is being used and if all miles traveled on Idaho highways have been reported. If the operating weight, as determined from citations issued for exceeding weight limitations specified in title 49, Idaho Code, exceeds the registered maximum gross weight, the additional use fees for the miles traveled at the heavier weight, if not already paid, shall become due and payable.

(6) An owner who fails to maintain records as required by the provisions of this section may have the registration of all vehicles registered under sections 49-434 and 49-435, Idaho Code, suspended until such time as adequate records as required by the provisions of this section are provided. In the event that the owner does not produce records, the department may make an assessment of fees due based on an estimate of the operation. The department shall promulgate rules specifying the methodology used to determine an assessment based on an estimate of the operation. There shall be added to every such estimated assessment a penalty of two percent (2%) per month or fraction thereof after the report was required to be filed or the fee became due up to a maximum penalty of thirty-six percent (36%) of the fee due. Upon payment of the estimated assessment and all other fees due and owing including the reinstatement fee the owner's registration shall be reinstated.

(7) An owner who fails to file any reports or pay any fees or penalties due is subject to suspension of their vehicle registrations. An order suspending the vehicle registrations shall be mailed to the owner upon discovery of the deficiency by the department. The suspension shall be lifted if the reports are filed and the payments due are made, along with a reinstatement fee of forty dollars ($40.00) per carrier within fifteen (15) days after receipt of the suspension order. The owner shall have the right to appeal the suspension by petitioning the department for a hearing within ten (10) days after receipt of the suspension order. If the suspension is set aside the reinstatement fee shall not be due.

(8) An owner failing to file a mileage report or pay any fee due within the time required as specified in this section, shall in addition to the amount of the fee pay a penalty of ten percent (10%) of the amount of fee determined to be due, plus the interest of one percent (1%) of the amount of the use fees due for each month or fraction thereof after the report was required to be filed or the fee became due, but the department may remit all or any part of the penalty and interest if satisfied that the delay was excusable up to a maximum of twenty-four percent (24%). The department shall promulgate rules specifying when the penalty may be held in abeyance or forgiven.

(9) (a) If the department finds it necessary in order to ensure
the collection of any fees or penalties imposed upon an owner, it may at the time and as a condition of granting a registration or to reinstate a registration require an owner to deposit and keep on deposit with the department a sum equal to the estimated fees computed under the schedule in section 49-434, Idaho Code, for a period of not to exceed three (3) months. In determining the necessity for an applicant or owner to maintain a deposit the department shall consider the applicant or owner's financial capability and responsibility and prior experience, if any, in collecting fees or penalties from the applicant, owner or any person having a substantial interest or control, directly or indirectly, in or over the operations conducted or to be conducted under the registration.

(b) The department may accept in lieu of a deposit a bond to secure payment of sums payable by the owner. The total amount of the deposit or bond shall be determined by the department in a manner as it shall deem proper, taking into account the nature and scope of the owner's operations. The amount may be increased or reduced at any time.

(c) If an owner ceases to be registered under the provisions of this chapter, the department, upon receipt of all payments due, shall refund to the owner all deposits remaining to the owner's credit and shall release the surety on any bond given under this section.

(d) Any applicant or owner required to make a deposit to secure the payment of fees or penalties may by proper petition demand a hearing on the necessity of the deposit or the reasonableness of the amount required. A hearing shall be granted and held within ten (10) days after the demand. The decision of the director shall become final ten (10) days after service of the order upon the applicant or owner concerned. Notice shall be served personally or by certified mail addressed to the applicant or owner at his address as it appears in the records of the department. An appeal may be taken from any decision of the department as from the decision of the magistrate's division to the district court.

(10) An owner wishing to contest an assessment made by the department may within thirty (30) days from receipt of the assessment file an appeal with the department. Upon receipt of an appeal the director or his authorized representative shall schedule an informal conference between the owner and a representative of the department. The informal conference must be conducted within twenty (20) days from the date of receipt of notice of intent to appeal from the owner. The owner and the representative of the department shall reduce all conclusions, agreements and decisions to writing, if an informal conference is held, but attendance at and participation in the informal conference is at the option of the owner. If an informal conference is held, the written report of the results of that conference shall be provided to the director within ten (10) days. If the results of the informal conference are not satisfactory to the owner, he may continue with the appeal by informing the director in writing, and the director or his authorized representative shall appoint a hearing officer to conduct a contested case hearing in accordance with chapter 52, title 67, Idaho Code. The hearing officer may subpoena witnesses and evi-
dence and administer oaths. The hearing officer shall prepare written findings of fact and conclusions of law for the director or his authorized representative. Upon receipt of findings of fact and conclusions of law the director or his authorized representative shall issue a final order affirming, modifying or reversing the original assessment. All final orders rendered by the director or his authorized representative shall be appealable in accordance with chapter 52, title 67, Idaho Code.

(a) The board A public highway agency may limit the application of the weights authorized in this section as to certain highways within its jurisdiction which it determines have limited structural capacity of pavements, bridges, or other appurtenances. In designating such highways, it may specify a minimum wheelbase for combinations to be operated thereon. It may also designate specific highways or portions on which operation of a combination of vehicles with seven (7), eight (8) or nine (9) axle vehicles will be subject to specified lesser allowable gross weights.

(b) Notwithstanding the figures shown in the table in this subsection (1), two (2) consecutive sets of tandem axles may carry a gross load of thirty-four thousand (34,000) pounds each, providing the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six (36) feet or more.

(2) The weight limitations set forth in the table in subsection (1) of this section shall not apply to any vehicle, or combination of vehicles when a greater allowed weight in pounds would be permitted such vehicles under the table provided in this subsection, except that with regard to transportation on the United States federal interstate and defense highways of this state, the following table of allowable weights shall apply only to vehicles engaged in the transportation of logs, pulp wood, stull, rough lumber, poles or piling; or to any such vehicle engaged in the transportation of ores, concentrates, sand and gravel and aggregates thereof, in bulk; or to any such vehicle engaged in the transportation of agricultural commodities, including livestock:

The weight allowances provided in this subsection do not apply if the total gross weight of a vehicle or combination of vehicles exceeds seventy-nine thousand (79,000) pounds. When the provisions of this subsection are applicable to a vehicle or combination of vehicles, it shall be a violation of the provisions of this subsection if that vehicle or combination of vehicles exceeds the weights specified in this table.

(3) In determining the gross weight of a vehicle or the gross weight of any two (2) or more consecutive axles under subsection (1) or (2) or (9) of this section, the total gross weight of the vehicle or combination of vehicles or the gross weight of any two (2) or more consecutive axles shall be the sum of the axle weights.

For the purposes of this chapter the gross weight of a vehicle or the gross weight of any two (2) or more consecutive axles may be determined by accumulatively adding the separate weights of individual axles and tandem axles or groups of axles to determine gross weight. The results of any weighing at a temporary or permanent port of entry and the records relating to the calibration and accuracy of any scale at a temporary or permanent port of entry shall be admissible in any proceeding in this state. In order to prove a violation of the provisions of this section the state must show that:

(a) The sum of the axle weights exceeds what is allowable under the provisions of subsection (1) or (2) or (9) of this section;
(b) The scale involved in the weighing was at the time of weighing calibrated in conformity with and met the accuracy requirements of the standards for the enforcement of traffic and highway laws as set forth in the latest edition of handbook 44 of the national institute of standards and technology;
(c) Weights of individual axles or axles within a commonly suspended group of axles supported by a mechanical system designed to distribute equal wheel loads to individual axles in the group were utilized only to determine gross weights of that group of axles, and that any further evaluation of gross weights of combinations of axles considered only the accumulated gross weight of each such commonly suspended group of axles.

(4) In applying the weight limitations imposed in this section, a
vehicle or combination of vehicles must comply exclusively with the weight limitations in either subsection (1) or (2) or (9) of this section.

(5) In applying the weight limitations imposed in this section, the distance between axles shall be measured to the nearest even foot. When a fraction is exactly one-half (1/2) foot the next larger whole number shall be used.

(6) The limitations imposed in this section are in addition and supplemental to all other laws imposing limitations upon the size and weight of vehicles. Further, single axles within groups of axles are subject to the provisions and limitations of this chapter. Single axles within groups of axles may be weighed and evaluated separately, or single axles may be prequalified in accordance with rules or ordinances established by the board or other public road jurisdiction, if any of the following conditions exist regarding the single axle within a group of axles:

(a) A suspension system common to all axles in the group of axles does not exist.
(b) One (1) or more axles in the group of axles is equipped with separate variable load suspension controls to regulate the weight carried by individual axles.
(c) One (1) or more axles in a group of axles is equipped with more or fewer tires than other axles in the group of axles.
(d) All tires in the group of axles are not the same size as determined by the manufacturer's sidewall rating.

(7) Notwithstanding the other provisions of this chapter, no vehicle, motor vehicle, trailer and/or semitrailer, or combination thereof, may be operated on the public highways of the state under loads which would result in the withholding of funds by operation of controlling federal law as provided in the Federal Aid Highway Act of 1956, as amended.

(8) Except as provided herein, no vehicle or combination of vehicles may proceed past the place of weighing at temporary or permanent ports of entry or checking stations when: the weight of a single axle exceeds the maximum limitations set forth herein by two thousand (2,000) pounds or more; the weight of a combination of axles, or gross vehicle weight exceeds the maximum allowable weight as set forth herein by seven percent (7%) or more. Vehicles or combinations of vehicles which exceed the weight limitations set forth herein shall be required to be brought into compliance with applicable weight limitations contained within this subsection at the place of weighing prior to continuing, except those vehicles or combinations of vehicles which are transporting loads which, in the determination of the board or other proper authorities in charge of or having jurisdiction over a highway, are deemed unsafe or impractical to bring into compliance at the place of weighing, and except those vehicles which do not exceed fifteen percent (15%) over maximum axle and axle group weights set forth in this section. Vehicles or combinations of vehicles transporting loads in this latter category shall obtain a travel authorization to the nearest place of safe unloading, load adjustment or other means of legalization.

(a) Neither the state of Idaho or its employees, nor any authority and its employees in charge of or having jurisdiction over a
highway, shall be held liable for personal injury or property damage resulting from the requirements of section 49-1001(8), Idaho Code.

(b) The fee for a travel authorization as set forth above shall be fifty dollars ($50.00) and shall be on a form prescribed by the board or other proper authorities, and shall not be construed as contributing to a reduction in the penalties prescribed in section 49-1013, Idaho Code.

(c) The board or other proper authorities in charge of or having jurisdiction over a highway shall adopt and enforce administrative rules and regulations as may be necessary to carry out the provisions of this section.

(9) For vehicles on all highways except the United States federal interstate and defense highways of this state, the following table shall apply:

The weight allowances provided in this subsection do not apply if the total gross weight of a vehicle or combination of vehicles exceeds
eighty thousand (80,000) pounds. When the provisions of this subsection are applicable to a vehicle or combination of vehicles, it shall be a violation of the provisions of this subsection if that vehicle or combination of vehicles exceeds the weights specified in this table.

(10) When owned by or under contract to or under authority of a city, county, or state agency, refuse/sanitation trucks transporting refuse may be operated on public highways in accordance with the weights allowed in subsection (9) of this section, except that such trucks equipped with single rear axles are allowed twenty-four thousand (24,000) pounds on that single rear axle when specifically authorized by the public highway agency governing the highways over which the refuse/sanitation truck is operating and provided the following conditions are met:

(a) The weight allowances provided for in this subsection shall not apply to the United States federal interstate and defense highways of the state; and

(b) The owner or operator has paid an annual operating fee for a permit, not to exceed fifty dollars ($50.00) per refuse/sanitation truck to each public agency governing the public highways over which the refuse/sanitation truck operates. The permit shall be carried in the refuse/sanitation truck. The permit fee may be waived by a public agency for refuse/sanitation trucks operated over public highways under that agency's jurisdiction.

(911) Variable load suspension axles shall meet the following criteria in order to be included in the computation of gross vehicle or axle weight limits for vehicles under the provisions of this section:

(a) The deployment control switch for such axles may be located inside of the driver's compartment but the pressure regulator for the operation of pressure on the pavement shall be located outside of and inaccessible to the driver's compartment.

(b) The gross axle weight rating of each such axle must not be less than the actual loading of the axle and shall not be less than nine thousand (9,000) pounds.

(c) All variable load suspension axles mounted on a vehicle after January 1, 1990, shall be designed to be self-steering in a manner that will guide or direct the variable load suspension mounted wheels through a turning movement without undue tire scrubbing or pavement scuffing.

(d) Variable load suspension axles must be fully deployed or fully raised. The pressure regulator which governs the load distribution to the variable load suspension axle(s) shall be set and sealed by the owner of the vehicle(s).

(182) Any person who operates a motor vehicle with a variable suspension axle that is not fully deployed and the vehicle is hauling a load shall be guilty of a misdemeanor. The penalty for violating the provisions of this subsection shall be a fine of eight hundred dollars ($888). All moneys collected as a result of the penalties prescribed in this subsection shall be deposited in the highway distribution account in violation of the provisions of this section shall be subject to the penalties provided in section 49-1013, Idaho Code.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 40, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 21, Title 40, Idaho Code, and to read as follows:

CHAPTER 21
REGIONAL PUBLIC TRANSPORTATION AUTHORITY

40-2101. SHORT TITLE. This chapter may be known and cited as the "Regional Public Transportation Authority Act."

40-2102. POLICY OF STATE. It is hereby recognized by the legislature of the state of Idaho that, as the population and economy of areas of this state grow, the total needs for mobility of commerce and people cannot be met solely with highway and road systems; that motor vehicle congestion and air quality problems result which may adversely affect health and safety; that there are a variety of persons who are elderly, who have disabilities, who live in rural areas or who otherwise require public transportation services for their general welfare; and that prosperous commerce and industry depend upon effective regional systems of transportation. It is therefore declared to be the policy of the state to maintain a state commitment to improve public transportation; to increase the use of transportation alternatives to single occupancy motor vehicles; to promote cooperative agreements among governmental entities in providing public transportation services; and to attain greater efficiency in the use of public transportation funds in a manner consistent with the needs, health, safety and general welfare of the people of Idaho.

40-2103. DEFINITIONS. (1) "Authority" means the regional public transportation authority.
(2) "Board" means the governing body of the regional public transportation authority.
(3) "City" means an incorporated city.
(4) "Commission" means the board of county commissioners or the board of commissioners of a single county-wide highway district.
(5) "Public transportation service" means, without limitation, fixed transit routes; scheduled or unscheduled transit service provided by motor vehicle, bus, rail, van, aerial tramway and other modes of public conveyance; paratransit service for the elderly and transportation-disadvantaged; shuttle and commuter service between cities, counties, health care facilities, employment centers, educational institutions or park-and-ride locations; subscription van and car-pooling service; and transportation services unique to social service programs.
(6) "Region" means the geographical area encompassed by an authority.

40-2104. PURPOSE OF AUTHORITY. The purpose of an authority cre-
ated pursuant to this chapter is to establish a single governmental agency oriented entirely toward public transportation needs within each county that deems such an agency necessary. The purposes of such an agency are to provide public transportation services, encourage private transportation programs and coordinate private transportation programs, services and support functions.

40-2105. CREATION OF AUTHORITY. (1) In any county for which a public transportation plan has been adopted in full or partial compliance with the intermodal surface transportation efficiency act (23 U.S.C. App. 1001-9511), a city or commission may call for an election to establish a regional public transportation authority in the county to carry out the purposes of this chapter. The entire geographical area of the county must be included within the jurisdiction of the authority.

(2) Authorization to establish a regional public transportation authority may be made only by the registered voters of the region at a general election. A simple majority of votes cast on the question shall be necessary to establish the authority.

(3) An authority created pursuant to this act shall be named the "...... COUNTY REGIONAL PUBLIC TRANSPORTATION AUTHORITY." In the event two (2) or more authorities should by cooperative agreement merge their services the name may be appropriately changed by a majority vote of the board of each authority.

(3) Board members shall be appointed by resolution of the appointing agency and shall serve at the pleasure of the appointing agency. Board members may be elected officials of the appointing agency or they may be representatives empowered by the agency to act in its best interests. The highway district board member shall be appointed by the board of commissioners of the highway district in counties with a single county-wide highway district or, in counties with more than one (1) highway district, by the board of county commissioners in consultation with all highway district commissions in the county.

(4) Board members may be compensated forty dollars ($40.00) for each day in the actual performance of duties, but the total amount to be received as compensation shall not exceed the sum of one thousand dollars ($1,000) per year. Actual expenses shall be paid in addition to compensation. The payment for expenses shall be paid from funds of the authority upon presentation of itemized vouchers, signed by the board member and under oath made to the secretary of the authority.

(5) Board members are considered employees of the authority. The
authority shall be liable and responsible for the actions of the board members and employees of the authority when the board members and employees are performing their duties on behalf of the authority.

(3) As soon as practicable after organization the board shall designate a day, hour and place at which regular meetings shall be held. Minutes of all meetings must show what business was conducted, what votes were taken and what bills were submitted, considered, allowed or rejected. The secretary shall make a list of all bills presented, showing to whom payable, for what services or materials, the amount claimed and the amount allowed. The list shall be signed by the chairman and attested by the secretary.

(4) All meetings of the board shall be public and all records of the authority shall be open to the inspection of the public during normal business hours. Special meetings of the board may be held upon the call of the board chairman or a majority of the board. The secretary must give each member not joining in the order five (5) days' notice of any special meeting.

(5) The authority treasurer shall execute and file with the authority secretary an official bond in an amount of money equal to an amount that may come into his hands as treasurer but in no case shall the amount of the bond be less than an amount fixed by the board. The cost of such bond shall be a necessary expense paid by the authority.

AN ACT
RELATING TO THE STATE EXPENDITURE LIMIT; AMENDING SECTION 67-6803, IDAHO CODE, TO EXEMPT ONE-TIME APPROPRIATIONS FROM THE LIMIT, TO PROVIDE A CLARIFICATION AND TO CORRECT A CODIFIER'S ERROR.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 67-6803, Idaho Code, be, and the same is hereby amended to read as follows:

67-6803. EXPENDITURE LIMITS. (a) The legislature shall not, by ongoing appropriation for any fiscal year, cause the expenditure of general account fund revenues for that fiscal year to exceed five and one-third percent (5 1/3%) of the total personal income of the state for the ensuing fiscal year as determined by the economic estimates commission. One-time general fund appropriations are not to be included in the expenditure limit.

(b) In order to permit the transference of governmental functions between the federal and state governments and between the state government and its political subdivisions and school districts, without abridging the purpose of this act, adjustments to the appropriation percentage limitation of total personal income shall be specifically detailed in appropriations and shall be consistent with the following principles:

(1) If, by order of any court or by legislative enactment on or after January 1, 1980, the costs of a program or any portion thereof are transferred from a political subdivision of this state or school district to the state, the appropriation percentage limitation may be commensurately increased provided the tax revenues of the affected political subdivisions or school districts are commensurately decreased.

(2) If, by order of any court or by legislative enactment on or after January 1, 1980, the costs of a program or any portion thereof are transferred from the state to a political subdivision of this state, the appropriation percentage limitation shall be commensurately decreased, and the tax rates of the political subdivision may be commensurately increased.

(3) If funds provided by the federal government in support of an existing service or program are eliminated or significantly curtailed on or after January 1, 1980, the appropriation percentage limitation may be commensurately increased by the amount of the increased state costs incurred in continuing providing such service or program or any portion thereof pursuant to an order of any court or by legislative enactment.

(4) If the costs of a program are transferred from the state to the federal government on or after January 1, 1980, the appropriation percentage limitation shall be commensurately decreased.

(H.B. No. 964)

AN ACT
AUTHORIZING THE DEPARTMENT OF ADMINISTRATION AND DEPARTMENT OF PARKS AND RECREATION TO ENTER INTO AGREEMENTS WITH THE IDAHO STATE BUILDING AUTHORITY TO FINANCE THE CONSTRUCTION OF CERTAIN FACILITIES; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. The Legislature recognizes the need for public facilities for use by the Department of Parks and Recreation for headquarters and offices and related improvements. The Legislature declares it to be "to the economic benefit of the citizens of the State of Idaho to provide sufficient office space and necessary related facilities for such governmental bodies and thus provide a more efficient and more economical operation of state government," as provided in Section 67-6404, Idaho Code.

New facilities are being constructed to meet the needs of the Department of Parks and Recreation and the cost of developing such new facilities in the maximum amount of $3,306,412 is being financed through the State Insurance Fund. It is advantageous to arrange for refinancing of lower interest rates available through tax-exempt financing.

The Legislature hereby authorizes the Department of Administration, Division of Public Works, and the Department of Parks and Recreation of the State of Idaho to enter into an agreement or agreements with the Idaho State Building Authority, upon such terms and conditions as may be reasonable and necessary, for the purpose of refinancing and providing office and related facilities being developed and constructed for the Idaho Department of Parks and Recreation.

This act shall for all purposes constitute prior legislative approval in accordance with Section 67-6410, Idaho Code, with respect to the agreement or agreements and the facilities referred to herein.

CHAPTER 340
(H.B. No. 736)

AN ACT
RELATING TO JOINT CUSTODY AND DOMESTIC VIOLENCE; PROVIDING LEGISLATIVE INTENT; AMENDING SECTION 32-717B, IDAHO CODE, TO PROVIDE THAT THERE SHALL BE A PRESUMPTION THAT JOINT CUSTODY IS NOT IN THE BEST INTERESTS OF A MINOR CHILD OR CHILDREN IF ONE OF THE PARENTS IS
FOUND BY THE COURT TO BE A PERPETRATOR OF DOMESTIC VIOLENCE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. The Legislature finds that joint custody requires the ability of parents to cooperate in joint decision-making. In relationships where there is a history of physical violence, joint custody is inappropriate since the requirement of cooperative decision-making is not evident. The spirit and intent of joint custody arrangements is compromised by custody orders that result in or maintain hostility and the risk of further violence. Therefore, custody arrangements should not effectively maintain a level of continuous turmoil in the family or hinder the ability of a parent to make appropriate and timely decisions regarding the child and the child's safety.

SECTION 2. That Section 32-717B, Idaho Code, be, and the same is hereby amended to read as follows:

32-717B. JOINT CUSTODY. (1) "Joint custody" means an order awarding custody of the minor child or children to both parents and providing that physical custody shall be shared by the parents in such a way as to assure the child or children of frequent and continuing contact with both parents. The court may award either joint physical custody or joint legal custody or both as between the parents or parties as the court determines is for the best interests of the minor child or children. If the court declines to enter an order awarding joint custody, the court shall state in its decision the reasons for denial of an award of joint custody.

(2) "Joint physical custody" means an order awarding each of the parents significant periods of time in which a child resides with or is under the care and supervision of each of the parents or parties. Joint physical custody shall be shared by the parents in such a way to assure the child a frequent and continuing contact with both parents but does not necessarily mean the child's time with each parent should be exactly the same in length nor does it necessarily mean the child should be alternating back and forth over certain periods of time between each parent.

The actual amount of time with each parent shall be determined by the court.

(3) "Joint legal custody" means a judicial determination that the parents or parties are required to share the decision-making rights, responsibilities and authority relating to the health, education and general welfare of a child or children.

(4) Except as provided in subsection (5), of this section, absent a preponderance of the evidence to the contrary, there shall be a presumption that joint custody is in the best interests of a minor child or children.

(5) There shall be a presumption that joint custody is not in the best interests of a minor child if one (1) of the parents is found by the court to be a habitual perpetrator of domestic violence as defined in section 39-6303, Idaho Code.

Approved April 1, 1994.
CHAPTER 341
(H.B. No. 722)

AN ACT
RELATING TO TAXIDERMIST LICENSE FEES; AMENDING SECTION 36-602, IDAHO CODE, TO PROVIDE THAT NONRESIDENT FUR BUYERS LICENSE FEES BE EQUAL TO FEES CHARGED TO IDAHO FUR BUYERS IN APPLICANT'S STATE OF RESIDENCE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 36-602, Idaho Code, be, and the same is hereby amended to read as follows:

36-602. LICENSE FEES -- EXPIRATION. (a) A fee of ten dollars ($10.00) shall be charged for a taxidermist license.
(b) Resident Fur Buyers License. A fee of five dollars ($5.00) shall be charged for a resident fur buyers license.
(c) Nonresident Fur Buyers License. A fee of twenty dollars ($20.00) shall be charged for a nonresident fur buyers license. Nonresidents shall pay an amount equal to that charged Idaho residents in the state of the applicant for a nonresident fur buyer's license. In no case shall this amount be less than twenty dollars ($20.00). The department shall promulgate rules implementing the provisions of this section.
(d) The expiration date for such licenses shall be June 30 next following the date of issuance.

Approved April 6, 1994.

CHAPTER 342
(H.B. No. 883, As Amended)

In no event shall the tax credit be more than thirty thousand dollars ($30,000) per tax year.

(3) If the amount of the credit provided pursuant to the provisions of subsection (2) of this section exceeds the amount of income taxes otherwise due on the income of the taxpayer in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in such income tax year may be carried forward as a credit against subsequent years' income tax liability for a period not exceeding seven (7) years and shall be applied first to the earliest income tax years possible. Any amount of the credit which is not used after such period shall not be refundable to the taxpayer.

(4) As used in this section:
(a) "Collection" means:
   (i) The acquisition of materials from businesses or the general public through purchase or donation, including the organization of systems for such acquisitions;
   (ii) The preparation of materials for over-the-road transportation through cleaning, densification by shredding, baling, or any other method, or coalescence, including the organization of systems for such preparation; or

"Postconsumer waste" or "postindustrial waste" shall not include radioactive waste, as defined in this section, or hazardous waste, as defined in chapter 44, title 39, Idaho Code.
(d) "Product" means any material resulting from a manufacturing process and offered for sale to the private or public sector which is composed of at least fifty per cent (50%) postconsumer waste or postindustrial waste. "Product" does not include any shredded material unless such shredded material is incorporated directly into the manufacturing process.
(e) "Purchase" means:
   (i) Any transaction under which title to qualified equip-
ment is transferred for consideration; or
(ii) Any lease contract for qualified equipment for a period of at least three (3) years regardless of whether title to qualified equipment is transferred at the end of such period.

(f) "Qualified equipment" means machinery or equipment located within Idaho which has at least an estimated three (3) years useful life and of which at least ninety per cent (90%) of the total production thereof is used by the taxpayer to manufacture products utilizing postconsumer waste or postindustrial waste. "Qualified equipment" shall not include any machinery or equipment which is used for the collection of postconsumer waste or postindustrial waste.

(g) "Radioactive waste" or "nuclear waste" means a waste or combination of wastes of a solid, liquid, semisolid or contained gaseous form which contains radiation as that term is defined in section 39-3003, Idaho Code.

(5) Any recomputation of the credit allowed in subsection (2) of this section on property disposed of or ceasing to qualify, prior to the close of its useful life, shall be determined according to section 47 of the Internal Revenue Code, as such existed on November 5, 1990.

(56) A licensed special fuels dealer may apply to the state tax commission for authority to sell untaxed special fuels solely to purchasers who will use the special fuels in motor vehicles which are exempt for off-road consumption. Authority to make such sales shall be granted only upon the condition that the special fuels purchaser be registered with the state tax commission and hold a special fuels permit issued under section 63-2440 or 63-2442A, Idaho Code. Dealers granted authority to make untaxed sales under this subsection must maintain a record of all untaxed sales, which record shall include the purchaser's name, address, special fuels permit number, and number of gallons sold. Application for a special fuels dealer's license shall be made upon a form and in a manner provided by the commission, shall contain information as it deems necessary, and be accompanied by a bond in the amount required in section 63-2428, Idaho Code.
   (2) Upon receipt of the application and bond in proper form the commission shall issue to the applicant a special fuels dealer's license unless the applicant:
      (a) Is a person who formerly held a license under the provisions of this chapter or any predecessor statute which license, prior to
the time of filing the application, had been revoked for cause; or
(b) Who is not the real party in interest and the real party in
interest is a person described in subsection (2)(a) of this sec-

permit as required under section 63-2438, Idaho Code, shall file with
the commission in the manner and form prescribed by it, a tax return.

(2) The tax return shall be accompanied by the remittance cover-
ing the tax due hereunder, for use of special fuels during the preced-
ing reporting period. The tax due shall be calculated by multiplying
the tax rate per gallon provided in section 63-2405, Idaho Code, by
the number of gallons of special fuels consumed in the operation or propulsion of a motor vehicle upon the highways of this state, which displays a special fuels permit, less any tax paid under section 63-2416, Idaho Code. The gallons consumed shall be calculated by dividing the miles traveled on the public highways of this state by such motor vehicles by the fleet average miles per gallon of such motor vehicles.

SECTION 8. That Section 63-2440, Idaho Code, be, and the same is hereby amended to read as follows:

63-2440. EXEMPTIONS FROM SPECIAL FUELS PERMITS AND RETURNS. (2) In lieu of obtaining a special fuels permit pursuant to this chapter, any person operating a motor vehicle over twenty-six thousand (26,000) pounds maximum gross weight, propelled by special fuels in this state, shall secure a temporary trip permit under section 49-432, Idaho Code, authorizing the operation of such vehicle in the state for a period not to exceed ninety-six (96) hours. The temporary trip permit shall be obtained through the Idaho transportation department. The fees shall be those provided by section 49-432, Idaho Code, and the revenues shall be distributed as provided by section 40-701, Idaho Code.

(32) A motor vehicle owned or operated by another state of the United States or an agency or political subdivision thereof shall be exempt from the requirements of sections 63-2438 and 63-2439, Idaho Code, if the state where the vehicle is owned grants a substantially similar exemption to vehicles owned by the state of Idaho, its agencies or political subdivisions.

(43) The commission may, in its discretion, grant the owner of any fleet of qualified one-way rental trucks, as defined in section 63-2401, Idaho Code, an exclusion from the requirements of sections 63-2438 and 63-2439, Idaho Code. The person engaged in the business of renting qualified one-way rental trucks may apply to the commission for such an exclusion. The application shall be in such form and contain such information as the commission may require. The application may be refused, or once granted, may be cancelled by the commission if it finds the granting of this exclusion may lead to avoidance of any tax imposed by this chapter.
SECTION 9. That Section 63-2442A, Idaho Code, be, and the same is hereby amended to read as follows:

63-2442A. COOPERATIVE AGREEMENTS BETWEEN STATES. (1) The commission may enter into cooperative agreements with other states, for exchange of information and auditing of distributors, special fuels dealers and users of motor fuels used-in-fleets-of-motor-vehicles operated-or-intended-to-operate-interstate. The commission shall participate in the international fuel tax agreement as required by the intermodal surface transportation efficiency act of 1991, Public Law 102-240, 105 Stat. 1914, including subsequent amendments to that agreement. If the provisions set forth in the international fuel tax agreement are in conflict with any provision of this chapter, the agreement provisions shall prevail. An agreement, arrangement, declaration or amendment thereto is not effective until stated, in writing, and filed with the commission.

(2) An agreement may provide for determining the base state for users, users records requirements, audit procedures, exchange of information, persons eligible for tax licensing, defining qualified motor vehicles, determining if bonding is required, specifying reporting requirements and periods including defining uniform penalty and interest rates for late reporting, determining methods for collecting and forwarding of motor fuels taxes and penalties to another jurisdiction, and other provisions as will facilitate the administration of the agreement.

(3) The commission may, as required by the terms of an agreement, forward to officers of another state any information in the commission's possession relative to the manufacture, receipts, sale, use, transportation, or shipment of motor fuels by any person. The commission may disclose to officers of another state, the location of officers, motor vehicles, and other real and personal property of users of motor fuels.

(4) An agreement may provide for each state to audit the records of persons based in the state, to determine if the motor fuels taxes due each state are properly reported and paid. Each state shall forward the findings of the audits performed on persons based in the state, to each state in which the person has taxable use of motor fuels. For persons not based in this state and who have taxable use of motor fuels in this state, the commission may serve the audit findings received from another state, in the form of an assessment, on the person as though an audit was conducted by the commission.

(5) The commission may enter into additional cooperative agreements with other states for mutual enforcement of taxes on gasoline and special fuels not subject to collection pursuant to the international fuel tax agreement. Such agreements may provide for collection and enforcement of the motor fuels taxes of all signatory states pursuant to the law, rules, and regulations of the state in which a person liable for such taxes maintains his principal place of business. An agreement may provide for any or all of the following: determining the base state of persons liable for taxes, records requirements, audit procedures, exchange of information, persons eligible for tax
licensing, determining if bonding is required, specifying reporting requirements and periods including defining uniform penalty and interest rates for late reporting, determining methods for collecting and forwarding of motor fuels taxes and penalties to another jurisdiction, and other provisions as will facilitate the administration of the agreement.

(6) Any agreement entered into pursuant to this section does not preclude the commission from auditing the records of any person covered by the provisions of this chapter.

(67) The legal remedies for any person served with an order or assessment under this section are as prescribed in this chapter.

(78) If the commission enters into any agreement under the authority of this section, and the provisions set forth in the agreement are in conflict with any rules or regulations promulgated by the commission, the agreement provisions prevail.

(e) After submitting to evidentiary testing he may, when practicable, at his own expense, have additional tests made by a person of his own choosing.

(4) Service of suspension by peace officer. If the driver submits to evidentiary testing after the information in section 18-8002(3), Idaho Code, and subsection (3) of this section has been provided and the results of the test indicate an alcohol concentration or the presence of drugs or other intoxicating substances in violation of the provisions of section 18-8004, Idaho Code:

(a) The peace officer shall take possession of the person's
driver's license, shall issue a temporary permit which shall be valid for a period not to exceed thirty (30) days from the date of issuance, and, acting on behalf of the department, shall serve the person with a notice of suspension in the form and containing the information required under subsection (2) of this section.

(b) Within three (3) business days following service of a notice of suspension the peace officer shall forward to the department a copy of the completed notice of suspension form upon which the date of service upon the driver shall be clearly indicated, a copy of any completed temporary permit form along with any confiscated driver's license, and a sworn statement of the officer setting forth:

The sworn statement required in this subsection shall be made on forms in accordance with rules adopted by the department.

(5) Additional tests. After submitting to evidentiary testing at the request of the peace officer, the person may, when practicable, at his own expense, have additional tests for alcohol concentration or for the presence of drugs or other intoxicating substances made by a person of his own choosing. The person's failure or inability to obtain additional tests shall not preclude admission of the results of evidentiary tests administered at the direction of the peace officer unless additional testing was denied by the peace officer.

(6) Administrative hearing on suspension. A person who has been served with a notice of suspension after submitting to an evidentiary test may request an administrative hearing on the suspension before a hearing officer designated by the department. The request for hearing shall be in writing and must be received by the department within seven (7) calendar days of the date of service upon the person of the notice of suspension. The date on which the hearing request was received shall be noted on the face of the request. The person may use the form provided by the department to request an administrative hearing on the suspension, but use of the form is not required.
If a hearing is requested, the hearing shall be held within twenty (20) days of the date the hearing request was received by the department unless this period is, for good cause shown, extended by the hearing officer for one ten (10) day period. Such extension shall not operate as a stay of the suspension and any temporary permit shall expire thirty (30) days after service of the notice of suspension, notwithstanding an extension of the hearing date beyond such thirty (30) day period. Written notice of the date, time and place of the hearing shall be sent to the party requesting the hearing at least seven (7) days prior to the scheduled hearing date. The department may conduct all or part of the hearing by telephone, television, or other electronic means, if each participant in the hearing has an opportunity to participate in the entire proceeding while it is taking place. If the hearing is not conducted by electronic means, it shall be held at a place designated by rule of the department in one (1) or more location in each of the administrative districts of the department which are headquartered in Coeur d'Alene, Lewiston, Boise, Shoshone, Pocatello and Rigby.

The hearing shall be recorded. The sworn statement of the arresting officer, and the copy of the notice of suspension and any temporary permit issued by the officer shall be admissible at the hearing without further evidentiary foundation. The results of any tests for alcohol concentration or the presence of drugs or other intoxicating substances by analysis of blood, urine or breath administered at the direction of the peace officer and the records relating to calibration, certification, approval or quality control pertaining to equipment utilized to perform the tests shall be admissible as provided in section 18-8004(4), Idaho Code. The arresting officer shall not be required to appear unless directed to do so by a subpoena issued by the hearing officer.

The burden of proof shall be on the person requesting the hearing. The hearing officer shall vacate the suspension if he finds, by a preponderance of the evidence, that:

(a) The peace officer did not have legal cause to stop the person; or
(b) The officer did not have legal cause to believe the person had been driving or was in actual physical control of a vehicle while under the influence of alcohol, drugs or other intoxicating substances in violation of the provisions of section 18-8004, Idaho Code; or
(c) The test results did not show an alcohol concentration or the presence of drugs or other intoxicating substances in violation of section 18-8004, Idaho Code; or
(d) The tests for blood alcohol concentration, drugs or other intoxicating substances administered at the direction of the peace officer were not conducted in accordance with the requirements of section 18-8004(4), Idaho Code, or the testing equipment was not functioning properly when the test was administered; or
(e) The person was not informed of the consequences of submitting to evidentiary testing as required in subsection (3) of this section.

If the hearing officer finds that the person has not met his burden of proof, he shall sustain the suspension. The hearing officer
shall make findings of fact and conclusions of law on each issue and shall enter an order vacating or sustaining the suspension. If the suspension is vacated, the person's driver's license, unless unavailable by reason of an existing suspension, revocation, cancellation, disqualification or denial shall be returned to him. The findings of fact, conclusions of law and order entered by the hearing officer shall be considered a final order pursuant to the provisions of chapter 52, title 67, Idaho Code, except that no motion for reconsideration of such order shall be allowed.

The facts as found by the hearing officer shall be independent of the determination of the same or similar facts in the adjudication of any criminal charges arising out of the same occurrence. The disposition of those criminal charges shall not affect the suspension required to be imposed under the provisions of this section. If a license is suspended under this section and the person is also convicted on criminal charges arising out of the same occurrence for a violation of the provisions of section 18-8004, Idaho Code, both the suspension under this section and the suspension imposed pursuant to the provisions of section 18-8005, Idaho Code, shall be imposed, but the periods of suspension may run concurrently, with the total period of suspension not to exceed the longer of the applicable suspension periods.

(7) Judicial review. A party aggrieved by the decision of the hearing officer may seek judicial review of the decision in the manner provided for judicial review of final agency action provided in chapter 52, title 67, Idaho Code.

(8) Restricted driving privileges. A person served with a notice of suspension for ninety (90) days pursuant to this section may apply to the department for restricted driving privileges, to become effective after the thirty (30) day absolute suspension has been completed. The request may be made at any time after service of the notice of suspension.

(2) (a) If the obligor parent's order to provide health insurance coverage contains language notifying the obligor that failure to provide such coverage may result in direct enforcement of the order and orders payments through, or has been submitted to, the department of health and welfare for enforcement, then the department of health and welfare may, without further notice to the obligor, send a notice of intent to enroll to the obligor's employer by certified mail, return receipt requested. In a case where a fixed amount is payable for maternity benefits, involuntary complications of pregnancy shall be deemed an illness and entitled to benefits otherwise provided by the policy. Where the policy contains a maternity deductible, the maternity deductible shall apply only to expenses resulting from normal delivery and cesarean section delivery; however, expenses for cesarean section delivery in excess of the deductible shall be treated as expenses for any other illness under the policy. This section shall apply to all disability policies except individual noncancelable or guaranteed renewable policies, issued or delivered before January 1, 1977.

With respect to such individual noncancelable or guaranteed renewable policies issued or delivered before January 1, 1977, the insurer shall communicate the availability of coverage of involuntary complications of pregnancy when negotiating any changes in such policies.

All policies subject to this section and issued, amended, delivered, or renewed in this state on or after January 1, 1977, shall be construed to be in compliance with this section, and any provision in any such policy which is in conflict with this section shall be of no force or effect.

department of health and welfare for enforcement, then the depart­

   (b) The employer shall withhold any required premium for the
       obligor's dependents from the obligor's income or wages;

       plan may be extended to cover the child, then the child shall be
       enrolled in the obligor's plan. If the obligor's plan does not
       provide coverage which is accessible to the child, the child shall

(b) To the extent that payment for covered expenses has been made under the state medicaid program for health care items or services furnished to an individual, in any case where a third party has a legal liability to make payments, the department of health and welfare is subrogated to the rights of the individual to payment by any other party for those health care items or services.

SECTION 4. That Section 41-2210, Idaho Code, be, and the same is hereby amended to read as follows:

41-2210. REQUIRED PROVISION IN GROUP AND BLANKET POLICIES. (1) Any group disability insurance contract or blanket disability insurance contract, delivered or issued for delivery in this state which provides coverage for injury or sickness for newborn dependent children of subscribers or other members of the covered group, shall provide coverage for such newborn children, including adopted newborn children that are placed with the adoptive subscriber or other member of the covered group within sixty (60) days of the adopted child's date of birth, from and after the moment of birth. Coverage under the contract for an adopted newborn child placed with the adoptive subscriber or other member of the covered group more than sixty (60) days
after the birth of the adopted child shall be from and after the date the child is so placed. Coverage provided in accord with this section shall include, but not be limited to, coverage for congenital anomalies. For the purposes of this section, "child" means an individual who has not attained age eighteen (18) years as of the date of the adoption or placement for adoption. For the purposes of this section, "placed" shall mean physical placement in the care of the adoptive subscriber or other member of the covered group, or in those circumstances in which such physical placement is prevented due to the medical needs of the child requiring placement in a medical facility, it shall mean when the adoptive subscriber or other member of the covered group signs an agreement for adoption of such child and signs an agreement assuming financial responsibility for such child. Prior to legal finalization of adoption, the coverage required under the provisions of this subsection (1) as to a child placed for adoption with a subscriber or other member of the covered group continues in the same manner as it would with respect to a naturally born child of the subscriber or other member of the covered group until the first to occur of the following events:

(a) Date the child is removed permanently from that placement and the legal obligation terminates; or

(b) The date the subscriber or other member of the covered group rescinds, in writing, the agreement of adoption or agreement assuming financial responsibility.

(2) An insurer shall not restrict coverage under a group disability insurance contract or a blanket disability insurance contract of any dependent child adopted by a participant or beneficiary, or placed with a participant or beneficiary for adoption, solely on the basis of a preexisting condition of a child at the time the child would otherwise become eligible for coverage under the plan, if the adoption or placement for adoption occurs while the participant or beneficiary is eligible for coverage under the plan.

(3) No policy of disability insurance which provides maternity benefits for a person covered continuously from conception shall be issued, amended, delivered, or renewed in this state on or after January 1, 1977, if it contains any exclusion, reduction, or other limitations as to coverage, deductibles, or coinsurance provisions, as to involuntary complications of pregnancy, unless such provisions apply generally to all benefits paid under the policy. If a fixed amount is specified in such policy for surgery, the fixed amounts for surgical procedures involving involuntary complications of pregnancy shall be commensurate with other fixed amounts payable for procedures of comparable difficulty and severity. In a case where a fixed amount is payable for maternity benefits, involuntary complications of pregnancy shall be deemed an illness and entitled to benefits otherwise provided by the policy. Where the policy contains a maternity deductible, the maternity deductible shall apply only to expenses resulting from normal delivery and cesarean section delivery; however, expenses for cesarean section delivery in excess of the deductible shall be treated as expenses for any other illness under the policy. This section shall apply to all disability policies except any group disability policy made subject to an applicable collective-bargaining agreement in effect before January 1, 1977.
For purposes of this section, involuntary complications of pregnancy shall include, but not be limited to, puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

All policies subject to this section and issued, amended, delivered, or renewed in this state on or after January 1, 1977, shall be construed to be in compliance with this section, and any provision in any such policy which is in conflict with this section shall be of no force or effect.

SECTION 5. That Chapter 22, Title 41, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 41-2219, Idaho Code, and to read as follows:

41-2219. HEALTH INSURANCE COVERAGE FOR DEPENDENT CHILDREN. (1) Where a person is required by a court or administrative order to provide health insurance coverage for a dependent child, that person is eligible for family health coverage through a group disability insurance contract or a blanket disability insurance contract, and fails to provide such coverage or lets it lapse, the department of health and welfare or other obligee may seek enforcement of the coverage order as provided under this section, except as provided in subsection (13) of this section.

(2) (a) If the obligor parent's order to provide health insurance coverage contains language notifying the obligor that failure to provide such coverage may result in direct enforcement of the order and orders payments through, or has been submitted to, the department of health and welfare for enforcement, then the department of health and welfare may, without further notice to the obligor, send a notice of intent to enroll to the obligor's insurer by certified mail, return receipt requested. The notice shall require the insurer to enroll the child in the health insurance plan as provided in subsection (3) of this section.

(b) If the obligor parent's order to provide health insurance coverage does not order payments through, and has not been submitted to, the department of health and welfare:

(i) The obligee may, without further notice to the obligor, send a certified copy of the order requiring health insurance coverage to the obligor's insurer by certified mail, return receipt requested; and

(ii) The obligee shall attach a notarized statement to the order declaring that the order is the latest order addressing coverage entered by the court and require the insurer to enroll the child in the health insurance plan as provided in subsection (3) of this section without regard to any enrollment season restrictions.

(3) Upon receipt of an order that provides for health insurance coverage, or a notice of intent to enroll:

(a) The obligor's insurer shall answer the party who sent the order or notice within thirty (30) days and confirm that the child:

(c) If more than one (1) plan is offered by the insurer, and each plan may be extended to cover the child, then the child shall be enrolled in the obligor's plan. If the obligor's plan does not provide coverage which is accessible to the child, the child shall be enrolled in the least expensive plan otherwise available to the obligor;

(d) The insurer shall provide the name of the health insurance coverage provider or insurer, the extent of coverage available and other necessary information to the department of health and welfare or other obligee and shall make available any necessary claim forms or enrollment membership cards.

(4) If the order for coverage contains no language notifying the obligor that failure to provide health insurance coverage may result in direct enforcement of the order, the department of health and welfare or other obligee may serve a written notice of intent to enforce the order on the obligor by certified mail, return receipt requested, or by personal service. If the obligor fails to provide written proof that such coverage has been obtained or applied for within thirty (30) days of service of the notice, or within thirty (30) days of coverage becoming available, the department of health and welfare or other obligee may proceed to enforce the order directly as provided in subsection (2) of this section.

(5) If the obligor ordered to provide health insurance coverage elects to provide coverage that will not be accessible to the child when accessible coverage is otherwise available, the department of health and welfare or other obligee may serve a written notice of intent to enroll the child in health insurance coverage on the obligor by certified mail, return receipt requested. The notice shall also specify the type and cost of coverage.

(a) File an application for an administrative hearing; or

(b) Provide written proof to the department of health and welfare that the obligor has either applied for, or obtained coverage accessible to the child.

(8) If the obligor fails to respond to a notice served under subsection (5) of this section to the party who served the notice, the party who served the notice may enroll the obligor's child in the health insurance coverage specified in the notice directly. The amount of the premium shall be withheld from the income of the obligor. The amount to be withheld from the income of the obligor shall not exceed the amount specified in section 11-207, Idaho Code. The employer shall forward the amount of premium withheld to the insurance provider.

(9) If the coverage is terminated or amended, the insurer shall
mail a notice of termination or amendment to the department of health
and welfare or other obligee at the obligee's last known address
within forty-five (45) days of the termination date.

(10) The provisions of this section shall not be construed to
limit the right of the obligor or the obligee to bring an action in
court at any time to enforce, modify or clarify the original support
order.

(11) If the amount of the obligor's income or wages which are
withheld under subsection (3)(b) of this section is insufficient to
pay the premium for the dependents, the obligor shall, nevertheless,
be responsible for payment of the premium.

(12) An insurer shall not deny enrollment of a child under the

family coverage, as specified under section 32-1216, Idaho Code, any
such child who is otherwise eligible for such coverage without regard
to any enrollment season restrictions. The insurer shall not disenroll
or eliminate coverage of such a child unless the insurer is provided
with satisfactory evidence that:

(b) The child is or will be enrolled in comparable health cover­
age through another insurer which will take effect not later than
the effective date of such disenrollment; or
(c) The employer has eliminated family health coverage for all of
its employees.

(14) An insurer shall not impose requirements on a state agency,
which has been assigned the rights of an individual eligible for med­
cal assistance and covered for health benefits from the insurer, that
are different from requirements applicable to an agent or assignee of
any other individual so covered.

(15) An insurer, in any case in which a child has health coverage

If the obligor fails to provide written proof that such coverage has been obtained or applied for within thirty (30) days of service of the notice, or within thirty (30) days of coverage becoming available, the department of health and welfare or other obligee may proceed to enforce the order directly as provided in subsection (2) of this section.

SECTION 10. That Section 41-4023, Idaho Code, be, and the same is hereby amended to read as follows:

41-4023. COVERAGE FROM MOMENT OF BIRTH -- COMPLICATIONS OF PREGNANCY. (1) Every self-funded plan issued in this state or providing coverage to any covered family residing within this state, shall contain a provision granting immediate accident and sickness coverage, from and after the moment of birth, to each newborn child or infant of any covered family, including a newborn child placed with the adoptive covered family within sixty (60) days of the adopted child's date of birth. Coverage under the self-funded plan for an adopted newborn child placed with the adoptive covered family more than sixty (60) days after the birth of the adopted child shall be from and after the date the child is so placed. Coverage provided in accord with this section shall include, but not be limited to, coverage for congenital anomalies. For the purposes of this section, "child" means an individual who has not reached eighteen (18) years as of the date of the adoption or placement for adoption. For the purposes of this section, "placed" shall mean physical placement in the care of the adoptive covered family, or in those circumstances in which such physical placement is prevented due to the medical needs of the child requiring placement in a medical facility, it shall mean when the adoptive covered family signs an agreement for adoption of such child and signs an agreement assuming financial responsibility for such child. Prior to legal finalization of adoption, the coverage required under the provisions of this subsection (1) as to a child placed for adoption with a covered family continues in the same manner as it would with respect to a naturally born child of the covered family until the first to occur of the following events:

(a) Date the child is removed permanently from that placement and the legal obligation terminates; or

(b) The date the covered family rescinds, in writing, the agreement of adoption or agreement assuming financial responsibility. No such plan may be issued or amended if it contains any disclaimer, waiver, or other limitation of coverage relative to the coverage or insurability of newborn or adopted children or infants of a covered family covered from and after the moment of birth that is inconsistent with the provisions of this section.

(2) An insurer shall not restrict coverage under a self-funded plan of any dependent child adopted by a participant or beneficiary, or placed with a participant or beneficiary for adoption, solely on the basis of a preexisting condition of the child at the time the child would otherwise become eligible for coverage under the plan, if the adoption or placement for adoption occurs while the participant or beneficiary is eligible for coverage under the plan.

(3) No self-funded plan which provides maternity benefits for a person covered continuously from conception shall be issued, amended, delivered, or renewed in this state on or after January 1, 1977, if it
contains any exclusion, reduction, or other limitations as to coverage, deductibles, or coinsurance provisions as to involuntary complications of pregnancy, unless such provisions apply generally to all benefits paid under the plan. If a fixed amount is specified in such plan for surgery, the fixed amounts for surgical procedures involving involuntary complications of pregnancy shall be commensurate with other fixed amounts payable for procedures of comparable difficulty and severity. In a case where a fixed amount is payable for maternity benefits, involuntary complications of pregnancy shall be deemed an illness and entitled to benefits otherwise provided by the plan. Where the plan contains a maternity deductible, the maternity deductible shall apply only to expenses resulting from normal delivery and cesarean section delivery; however, expenses for cesarean section delivery in excess of the deductible shall be treated as expenses for any other illness under the plan. This subdivision shall apply to all self-funded plans except any such plan made subject to an applicable collective-bargaining agreement in effect before January 1, 1977.

For purposes of this subdivision, involuntary complications of pregnancy shall include, but not be limited to, puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

All plans subject to this subdivision and issued, amended, delivered, or renewed in this state on or after January 1, 1977, shall be construed to be in compliance with this section, and any provision in any such plan which is in conflict with this section shall be of no force or effect.

1. Signing and dating a copy of the form;
2. Delivering a signed and dated copy of the form to the transferor or his agent or subagent.

The transferor's delivery under section 55-2509, Idaho Code, of a property disclosure form as described under section 55-2508, Idaho Code, and the prospective transferee's delivery under section 55-2509, Idaho Code, of an acknowledgement of his receipt of that form shall be made by personal delivery to the other party or his agent or subagent by ordinary mail or certified mail, return receipt requested or by facsimile transmission. For the purposes of the delivery requirements of this section, the delivery of a property disclosure form to a prospective cotransferee of residential real property or his or her agent shall be deemed considered delivered to other prospective transferees unless otherwise provided by contract.

55-2511. ERRORS, INACCURACIES OR OMISSIONS -- LIABILITY OF TRANSFEROR -- DELIVERY OF INFORMATION BY PUBLIC AGENCY -- DELIVERY BY EXPERTS. (1) Neither the transferor or transferor's agents shall be liable for any error, inaccuracy or omission of any information delivered pursuant to this chapter if the error, inaccuracy or omission was not within the personal knowledge of the transferor or was based upon information timely provided by public agencies or other persons specified in subsection (3) of this section that is required to be disclosed pursuant to this chapter and ordinary care was exercised in obtaining and transmitting it.

2. The delivery of any information required to be disclosed by this chapter to a prospective transferee by a public agency or other person providing information required to be disclosed pursuant to this chapter shall be deemed to comply with the requirements of this chapter and shall relieve the transferor or transferor's agent of any further duty under this chapter with respect to that item of information.

3. The delivery of a report or opinion prepared by any person or professional who has been hired to perform an inspection of the subject property in connection with the proposed sale shall be sufficient compliance for application of the exemption provided in subsection (1) of this section if the information is provided to the prospective transferee pursuant to a request therefore, written or oral. In responding to such a request, an expert may indicate, in writing, an understanding that the information provided will be used in fulfilling the requirements of sections 55-2506 and 55-2507, Idaho Code, and if so, shall indicate the required disclosure or parts thereof to which the information being furnished is applicable. Where such a statement is furnished, the provider shall not be responsible for any items of information or parts thereof other than those expressly set forth in the statement.

55-2512. INFORMATION SUBSEQUENTLY RENDERED INACCURATE -- REQUIRED INFORMATION UNKNOWN OR NOT AVAILABLE. If information disclosed in
accordance with this chapter is subsequently rendered inaccurate as a result of any act, occurrence or agreement subsequent to the delivery of the required disclosures, the inaccuracy resulting therefrom does not constitute a violation of this chapter. If at the time the disclosures are required to be made, an item of information required to be disclosed is unknown or not available to the transferor, and the transferor's agent has made a reasonable effort to ascertain it, the transferor may use an approximation of the information provided the approximation is clearly identified as such, is reasonable, is based on the best information available to the transferor or transferor's agent and is not used for the purpose of circumventing or evading this chapter.

55-2513. AMENDMENT TO FORM. Any disclosure of an item of information in the property disclosure form described in section 55-2508, Idaho Code, may be amended in writing by the transferor of the residential real property at any time following the delivery of the form in accordance with section 55-2510, Idaho Code. The amendment shall be subject to the provisions of this chapter.

55-2514. CHAPTER DOES NOT RELIEVE SELLER OR HIS AGENT OF OBLIGATION TO DISCLOSE OTHER INFORMATION. Specification of items of information that must be disclosed in the property disclosure form as prescribed under sections 55-2506 and 55-2507, Idaho Code, does not limit and shall not be construed as limiting any obligation to disclose an item of information that is created by any other section of the Idaho Code or the common law of the state of Idaho. The disclosure requirements of this chapter do not bar and shall not be construed as barring the application of any legal equitable defense that a transferor of residential real property may assert in a civil action commenced against the transferor by a prospective or actual transferee of the property.

55-2515. RESCISSION BY TRANSFEREE. Subject to section 55-2504, Idaho Code, if a transferee of residential real property receives a property disclosure form or an amendment of that form as described in section 55-2508, Idaho Code, after the transferee has entered into a transfer agreement with respect to the property, the transferee, after his receipt of the form or amendment may rescind the transfer agreement in a written, signed and dated document that is delivered to the transferor or his agents in accordance with section 55-2510, Idaho Code, without incurring any legal liability to the transferor because of the rescission including, but not limited to, a civil action for specific performance of the transfer agreement. Upon the rescission of the transfer agreement the transferee is entitled to the return of, and the transferor shall return, any deposits made by the transferee in connection with the proposed transfer of the residential real property.

Subject to the provisions of section 55-2505, Idaho Code, a rescission of a transfer agreement may only occur if the transferee's written, signed and dated document of rescission is delivered to the transferor or his agent or subagent within three (3) business days following the date on which the transferee or his agent receives the
property disclosure form prescribed under section 55-2508, Idaho Code.

55-2516. GOOD FAITH REQUIRED. Each disclosure required in this chapter and each act which may be performed in making the disclosure shall be made in good faith. For the purposes of this chapter, good faith means honesty in fact, in the conduct of the transaction.

55-2517. FAILURE TO COMPLY. No transfer, subject to this chapter, shall be invalidated solely because of the failure of any person to comply with any provision of this chapter. However, any person who willfully or negligently violates or fails to perform any duties prescribed by any provision of this chapter shall be liable in the amount of actual damages suffered by the transferee.

55-2518. DUTIES OF REAL ESTATE LICENSEES UNCHANGED. Nothing contained in this chapter shall in any way limit or reduce the duties that a real estate licensee owes to his or her client or to the general public.

   (c) To employers and prospective employers not subject to the provisions of the Americans with disabilities act, 42 U.S.C. 12112, or other statutory limitations, provided the employer presents a written authorization from the person to whom the records pertain; or
   (d) To others who demonstrate that the public interest in allowing inspection and copying of such records outweighs the public or private interest in maintaining the confidentiality of such records, as determined by a civil court of competent jurisdiction.

(39) Names and addresses of seed companies, seed crop growers, seed crop consignees, locations of seed crop fields, variety name and acreage by variety. Upon the request of the owner of the proprietary variety, this information shall be released to the owner. At the time any claim is concluded, only statistical data and actual amounts paid in settlement shall be deemed a public record unless otherwise ordered to be sealed by a court of competent jurisdiction. Provided, however, nothing in this subsection is intended to limit the attorney client privilege or attorney work product privilege otherwise available to any public agency.

(401) Records of laboratory test results provided by or retained by the department of agriculture's quality assurance laboratory. Nothing in this subsection shall limit the use which can be made, or availability of such information if used, for regulatory purposes or its admissibility in any enforcement proceeding.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after February 28, 1994.

SECTION 2. That Section 63-1703, Idaho Code, be, and the same is hereby amended to read as follows:

63-1703. CERTAIN FOREST LANDS TO BE DESIGNATED FOR TAXATION BY OWNER -- LIMITATIONS. For the purposes of appraisal, assessment and taxation under the provisions of this chapter, all forest lands in parcels of five (5) or more acres but less than two thousand (2,000), whether contiguous or not, as long as such parcels are held in common ownership, must be designated by the forest landowner to be subject to the provisions of either subsection (a) or (b) of this section. A forest landowner cannot have parcels designated under the provisions of both subsections (a) and (b) of this section at one (1) time. If the forest landowner fails to make a designation, his forest lands shall be subject to appraisal, assessment and taxation under the provisions of section 63-1702, Idaho Code. Once a designation is made by the forest landowner, such designation must remain in effect until the designation period expires, unless the forest lands are transferred to another owner using a different taxing category; in such case, the taxing category of the transferred forest lands shall be the same as that maintained by the new owner.

A forest landowner may change the designation of all forest lands in common ownership at the end of any designation period, subject to the recapture of any deferred taxes due as a result of such change. After January 1 and by December 31 of the tenth year of each designation period the forest landowner must notify the county assessor of any change in forest land designation. Failure to notify the county assessor will result in the continuation of the landowner's present designation until the end of the next designation period.

Any substantial change in the use of forest lands not conforming with the definition of forest land in section 63-1701, Idaho Code, during such ten (10) year period under the designations made in subsection (a) or (b) shall be reported by the landowner to the county assessor within thirty (30) days of the change in use. Upon notification of the change in use, the assessor shall appraise, assess and tax those acres as provided by applicable laws, and rules and regulations. Failure to notify the assessor of the change in use when forest lands have been designated as subject to the provisions of subsection (a) or (b) shall cause forfeiture of such designation, and cause that property to be appraised, assessed and taxed as provided in section 63-1702, Idaho Code.

Forest lands designated for assessment pursuant to the provisions of section 63-1706, Idaho Code, shall be subject to the recapture of deferred taxes upon removal of such designation, a substantial change
in use, or ownership transfer, except that there shall be no recapture initiated upon ownership transfer of forest lands designated as subject to the provisions of section 63-1706, Idaho Code, to a landowner with forest lands already designated as subject to the provisions of section 63-1706, Idaho Code, prior to the transfer, or who so designates his lands to be subject to the provisions of section 63-1706, Idaho Code.

The dollar amount of deferred taxes subject to recapture shall be determined by the county assessor by applying current tax levies against the current values that would have been in effect if the lands were subject to appraisal and assessment during the current year under the provisions of section 63-1705, Idaho Code, if there has been a change in ownership or a removal of designation, or section 63-1702, Idaho Code, if there has been a change in use with no change in ownership, which amount shall be multiplied by the number of years that the lands have been subject to the designation under section 63-1706, Idaho Code. The amount of the deferred tax shall accrue through designation periods, up to a maximum of ten (10) years, and shall apply to the most recent ten (10) years in which the parcel has been designated under the provisions of section 63-1706, Idaho Code. A credit shall be allowed for taxes actually paid under the provisions of section 63-1706, Idaho Code, for an identical ten (10) year period, up to the total amount of the deferred taxes. All deferred amounts shall be a lien against the land. The county recorder shall certify the amount of any deferred taxes to the treasurer for collection. Deferred tax amounts shall be calculated by the county assessor on forms prescribed by the state tax commission. Deferred tax amounts shall be supplied by the county assessor to the county treasurer by May 15 of the year following conveyance or within thirty (30) days of removal of designation, or of learning of a change in use. All deferred tax amounts shall be due and payable to the county treasurer on demand and shall become delinquent if not paid by the demand due date specified by the county treasurer on the forms prescribed by the state tax commissioner. If the deferred tax is not paid as provided above, the payment becomes delinquent and subject to a penalty, and interest in the amounts provided in section 63-1102, Idaho Code, and subject to collection in the manner as set forth in section 63-1123, Idaho Code. Estimated deferred tax amounts may be held by the county treasurer in a tax anticipation account from the date of conveyance until June 1 of the year following conveyance.

The county treasurer shall cause the deferred taxes and any penalty and interest paid pursuant to the provisions of this section to be apportioned to the various taxing authorities within which the property subject to the tax is located in the same manner as property taxes.

(a) A forest landowner may choose to have his forest land assessed, appraised and taxed under the provisions of section 63-1705, Idaho Code, by filing such choice with the county assessor on a form prescribed by the state tax commission. Designation filed pursuant to section 63-1705, Idaho Code, shall become effective the first day of January following the year of designation.

(b) A forest landowner may choose to have his forest land assessed, appraised and taxed under the provisions of section 63-1706,
Idaho Code, by filing such choice with the county assessor on a form prescribed by the state tax commission. Designation filed pursuant to section 63-1706, Idaho Code, shall become effective the first day of January following the year of designation.

(c) All forest products or timber harvested from investment lands not designated as subject to the provisions of section 63-1702, 63-1705 or 63-1706, Idaho Code, and delivered to a point of utilization as logs or semiprocessed forest products (except those forest products harvested for the domestic use of the landowner under the provisions of section 63-1708, Idaho Code) shall be subject to the yield tax at the time of harvest in the same manner provided for in section 63-1706, Idaho Code.

SECTION 3. That Section 63-1706, Idaho Code, be, and the same is hereby amended to read as follows:

(2) Forest lands held in private ownership and designated by the owner to be subject to the provisions of this section for ad valorem taxation shall be valued by the county assessor as real property at rates which reflect only bare forest land value as determined under rules and regulations of the state tax commission.

(3) All timber severed from lands subject to the provisions of this section and delivered to a point of utilization as logs or semiprocessed forest products, shall be subject to a forest products yield tax. This tax is in lieu of and replacement for, and not in addition to, ad valorem taxes on timber.

(4) The yield tax rate shall be three percent (3%) of stumpage value as determined by the state tax commission. In establishing stumpage values, the state tax commission shall:

(a) Divide the state into appropriate stumpage value zones, with each zone designated so as to recognize the uniqueness of timber marketing areas.

(b) By November 1, set stumpage values by zone for each species and/or product, for use in the reporting and payment of yield taxes for timber severed during the following calendar year. Stumpage values shall be based on a five (5) year rolling average value of comparable timber harvested from state timber sales within the stumpage value zone and/or the best available data for the same five (5) year period.

(5) Report and payment of yield taxes is the direct liability and responsibility of the landowner at the time of severance. In the event of nonpayment, the yield taxes due shall constitute a lien on the assets of the landowner. Yield tax reports and payments are due and payable on December 20 for timber severed from January 1 through June 30. If the taxes due for said period are not paid on or before December 20, the payment becomes delinquent and subject to a penalty in the amount provided in section 63-1102, Idaho Code, and interest in the amount provided in section 63-1102, Idaho Code, calculated from the following January 1. No tax, penalty or interest may be paid to the
Yield tax amounts shall be supplied by the county assessor to the county treasurer on or before May 15 for timber severed from July 1 through December 31 in the year following severance with payments due on or before June 20 in the year following severance. If the taxes due for said period are not paid on or before June 20, the payment becomes delinquent and subject to a penalty and interest in the amount provided in section 63-1102, Idaho Code, calculated from the following July 1. If December 20 or June 20 falls on a Saturday, Sunday or holiday, any payment required in the provisions of this section shall be payable on the next regular workday following December 20 or June 20.

(6) All yield tax revenues and any penalty or interest thereon shall be apportioned among the several county funds and taxing districts as provided for the apportionment of ad valorem taxes.

(7) The party utilizing logs or semiprocessed forest products as raw materials shall be required to report the quantity, species and source of all such materials to the Idaho department of lands. Such report shall be structured to comply with and act as a simultaneous report of data already required under the provisions of section 38-122, Idaho Code. The report format shall include the identification of the forest landowner at the source, legal description of the source, timber or product owner at time of severance, harvester and volume of forest products severed. The Idaho department of lands shall deliver to the various county assessors without fee, copies of these reports as they are available. In the event the point of utilization lies out of the state or a report is not required under the provisions of section 38-122, Idaho Code, the timber owner at time of severance shall be responsible for the reporting of the above-stated data to the department of lands.

(8) If reports required by this section are found to be intentionally false or when appropriate reports are not made, the assessor shall value the forest crop harvested, based on the best available estimates.

(9) Not reporting timber or forest products delivery or receipt
as required by this section shall be deemed a misdemeanor.

(10) Buildings and other improvements, other than roads, located on forest lands shall be appraised, assessed and taxed as provided by applicable laws, and rules and regulations.

RELATING TO EXEMPTIONS FROM THE AD VALOREM PROPERTY TAX; AMENDING SECTION 63-105DD, IDAHO CODE, TO CLARIFY THE DEFINITION OF OWNER AND TO PROVIDE PROCEDURES WHEN AN OWNER IS ANY PERSON WHO AS GRANTOR CREATED A REVOCABLE TRUST AND NAMED HIMSELF OR HERSELF AS BENEFICIARY OF THAT TRUST; AMENDING SECTION 63-119, IDAHO CODE, TO PROVIDE PROCEDURES WHEN AN OWNER IS ANY PERSON WHO AS GRANTOR CREATED A REVOCABLE TRUST AND NAMED HIMSELF OR HERSELF AS BENEFICIARY OF THAT TRUST; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 63-105DD, Idaho Code, be, and the same is hereby amended to read as follows:

63-105DD. PROPERTY EXEMPT FROM TAXATION -- RESIDENTIAL IMPROVEMENTS. (1) During the tax year 1983 and each year thereafter, the first fifty thousand dollars ($50,000) of the market value for assessment purposes of residential improvements, or fifty percent (50%) of the market value for assessment purposes of residential improvements, whichever is the lesser, shall be exempt from ad valorem taxation.

(2) The exemption allowed by this section may be granted only if:
(a) The residential improvements are owner-occupied and used as the primary dwelling place of the owner as of January 1;
(b) The tax commission has certified to the board of county commissioners that all properties in the county which are subject to appraisal by the county assessor have, in fact, been appraised
uniformly so as to secure a just valuation for all property within the county; and

(c) The owner has certified to the county assessor by April 15 that:

(i) He is making application for the exemption allowed by this section;
(ii) That the residential improvements are his primary dwelling place; and
(iii) That he has not made application in any other county for the exemption, and has not made application for the exemption on any other residential improvements in the county.

(d) For the purpose of this section, the definition of owner shall be the same definition set forth in subsection (g)(i) of section 63-117, Idaho Code.

When an "owner" is any person who as grantor created a revocable trust and named himself or herself as beneficiary of that trust, he or she may provide proof of the revocable trust with an affidavit stating: (i) the name of the grantor; (ii) a statement that the grantor is the beneficiary of the trust; (iii) the trust is revocable during the grantor's lifetime and (iv) the grantor is the owner-occupier of the residential property and uses the property as the primary dwelling place of the owner as of January 1.

The affidavit shall include the attaching of the copies of those portions of the trust which sets forth the grantor, the grantor as beneficiary, the revocable character of the trust and the signature page of the trust.

(e) Any owner may request in writing the return of all copies of any revocable trust created by the owner that are held by a county assessor, and the copies shall be returned by the county assessor upon submission of the affidavit set forth in subsection (2)(d) of this section in proper form.

(3) An owner need only make application for the exemption described in subsection (1) of this section once, as long as all of the following conditions are met:

(a) The owner has received the exemption during the previous year as a result of his making a valid application as defined in subsection (2)(c) of this section.
(b) The owner still occupies the same residential improvements for which he made application.
(c) The residential improvements described in subsection (3)(b) of this section are owner-occupied and used as the primary dwelling place of the owner as of January 1.

(5) The legislature declares that this exemption is necessary and just.

(6) Residential improvements having previously qualified for exemption under this section in the preceding year, shall not lose such qualification due to the owner's absence in the current year by reason of active military service in a designated combat zone, as defined in section 112 of the internal revenue code. If an owner fails
to timely apply for exemption as required in this section solely by reason of active duty in a designated combat zone, as defined in section 112 of the internal revenue code, and such improvements would have otherwise qualified under this section, then the board of county commissioners of the county in which the residential improvements are located shall refund ad valorem taxes, if previously paid, in an amount equal to the exemption which would otherwise have applied.

All claims shall be made on forms prescribed by the tax commission and shall be in triplicate. One (1) copy of the form shall be provided to the claimant, one (1) copy shall be kept for all county purposes, and one (1) copy shall be forwarded to the tax commission with the property tax reduction roll.

(2) By filing a claim under the provisions of sections 63-117 through and including 63-125, Idaho Code, a claimant does not relinquish any right he or any member of his household may have to tax exemption under section 63-105BB, Idaho Code. A county board of equalization may grant any such claimant, or any member of his household, an exemption under such section, if a claim has been filed under the provisions of sections 63-117 through and including 63-125, Idaho Code.

(3) If two (2) or more individuals of a household are able to meet the qualifications of a claimant, they may decide between themselves who may obtain a reduction in taxes under the provisions of sections 63-117 through and including 63-125, Idaho Code, but if they do not decide between themselves, then the reduction shall be divided equally among or between the claimants in the household.

(4) A claimant who requests nonhousehold member status for any nonspouse residing in the dwelling must provide a statement from the attending physician, verifying that the claimant would not be able to maintain residency in the dwelling in the absence of the nonhousehold member. To establish nonhousehold member status for any disabled nonspouse for whom the claimant provides care, the claimant must provide proof of disability from the recognizing agency.

(5) When an "owner" is any person who as grantor created a revocable trust and named himself or herself as beneficiary of that trust, he or she may provide proof of the revocable trust with an affidavit stating: (i) the name of the grantor, (ii) a statement that the grantor is the beneficiary of the trust, (iii) the trust is revocable during the grantor's lifetime, and (iv) the grantor is the owner-occupier of the residential property and uses the property as the primary dwelling place of the owner as of January 1.

The affidavit shall include the attaching of the copies of those portions of the trust which sets forth the grantor, the grantor as beneficiary, the revocable character of the trust and the signature page of the trust.

SECTION 1. That Title 19, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 54, Title 19, Idaho Code, and to read as follows:

CHAPTER 54
RECORDS CHECKS FOR TRANSFERS OF HANDGUNS

19-5401. LEGISLATIVE INTENT. It is the intent of the legislature to establish a state-designed procedure that will provide an alternative to the general requirements of the Brady handgun violence prevention act (Public Law 103-159, 103d Congress) for local and state records checks before transfer of a handgun. The legislature finds the procedure imposed in the federal act to be unworkable and burdensome. This act will better serve the interests of the citizens of this state
while fulfilling the basic purposes of the federal act.

19-5402. DEFINITIONS. As used in this chapter:
(1) "Department" means the Idaho department of law enforcement.
(2) "Firearms dealer" means any person engaged in the business of importing, manufacturing or dealing in firearms and having a license as an importer, manufacturer or dealer of firearms issued by the United States department of treasury.
(3) "Handgun" means:
   (a) A firearm that has a short stock and is designed to be held and fired by the use of a single hand; or
   (b) Any combination of parts from which a firearm described in paragraph (a) of this section can be assembled.
(4) "Statement of intent" means ATF form 5300.35 (statement of intent to obtain a handgun(s)) or an equivalent form prescribed by regulations administered by the bureau of alcohol, tobacco and firearms of the United States department of treasury for compliance with the Brady handgun violence prevention act.
(5) "Transfer" and the various derivatives thereof shall include the sale, delivery or other transfer of a handgun.
(6) "Working day" means each day except Saturday, Sunday or a legal state holiday.

19-5403. TRANSFER OF A HANDGUN -- RECORDS CHECK. No firearms dealer shall transfer any handgun unless the dealer has:
(1) Obtained a completed statement of intent from the potential buyer or transferee and inspected proof of identity presented by the buyer to verify information provided on the form;
(2) Requested, by means described in this chapter, that the department conduct a records check;
(3) Obtained a unique approval number from the department and has recorded the date and approval number on the statement of intent.

19-5404. DEALER IDENTIFICATION NUMBER -- FEE. (1) A firearms dealer must obtain annually a dealer identification number from the department to be eligible to request the records check required in section 19-5403(2), Idaho Code. The dealer identification number is confidential and shall be used for requesting a records check only by the firearms dealer to which it is assigned. If the confidentiality of the number is compromised or the dealer's address or place of business changes, the firearms dealer shall notify the department.
(2) The department shall establish by rule an annual dealer identification number fee not to exceed one hundred dollars ($100) to be paid by a firearms dealer who intends to transfer any handgun subject to the provisions of this chapter. The fee shall be for the purpose of establishing and maintaining the operation of the records check system established in this chapter and shall be remitted to the instantcheck fund which is hereby created. The interest earned on the investment of moneys in the fund shall be returned to the fund.

19-5405. PROOF OF IDENTITY. To establish proof of identity as required in section 19-5403(1), Idaho Code, a potential buyer or transferee shall present a photo identification issued by a governmen-
19-5406. STATEMENT OF INTENT TRANSMITTAL. The firearms dealer shall maintain the original copy of the statement of intent as required by federal regulations administered by the bureau of alcohol, tobacco, and firearms. The firearms dealer shall mail a duplicate copy of the completed statement of intent to the department within five (5) working days after: (i) requesting the records check for a prospective buyer whose records check results in the issuance of a nonapproval number as described in section 19-5409(2), Idaho Code, and (ii) transferring a handgun without an approval or disapproval number as permitted in sections 19-5409(3) and 19-5410, Idaho Code.

19-5407. TOLL-FREE TELEPHONE NUMBER. The director of the department shall establish a toll-free telephone number for the purpose of responding to requests for criminal history records checks from firearms dealers required under the provisions of this chapter. The telephone service will be in operation seven (7) days a week, with the exception of Easter, Thanksgiving and Christmas days, with hours of service determined by rule. The director shall employ, train and equip such personnel as are necessary to administer the provisions of this chapter.

19-5408. RECORDS CHECK. Upon receipt of a request for a records check, the department shall immediately review its records, those of the federal bureau of investigation, national crime information center (NCIC), interstate identification index; records made available by the Idaho department of health and welfare; and any other applicable and accessible records to determine if the buyer or transferee is prohibited from receiving or purchasing a handgun under state or federal law.

19-5409. RESPONSE. The department shall provide its response to the requesting dealer immediately or by return call. The response may be:

(1) A unique approval number indicating that the potential buyer or transferee is not prohibited from receiving a handgun; or

(2) A unique disapproval number indicating that the potential buyer or transferee is prohibited from receiving a handgun; or

(3) If the records are incomplete so as to preclude a determination that the purchaser or transferee is disqualified from obtaining a handgun, the department may have up to three (3) working days to obtain this information. By the close of business at the end of the third working day following the request, without regard to whether the dealer has received a reply from the department, the dealer may complete the transaction and shall not be deemed in violation of this chapter with respect to such transaction.

19-5410. DELAY. In the event of scheduled computer downtime, electronic failure, or similar emergency beyond the control of the department, the department shall immediately notify the dealer of the
reason for, and estimated length of, such delay. After such notifica-
tion, the department shall, in no event later than the end of the next
working day after such notification, either inform the requesting
dealer that its records demonstrate that the buyer is prohibited from
purchasing a handgun pursuant to state and federal law or provide the
dealer with a unique approval number. Unless notified by the end of
the next working day that the transfer is prohibited, and without
regard to whether the dealer has received a unique approval number,
the dealer may complete the transfer and shall not be deemed in viola-
tion of this law with respect to such transaction.

19-5411. REVIEW OF DISAPPROVAL. (1) The department shall promul-
gate rules providing for a review of disapproved handgun transfers.
Under the rules, any person who is denied the right to receive or pur-
chase a handgun because the firearms dealer received a disapproval
number as the result of the department's records check may request a
review of the process as performed by the department under these
rules.

(2) The department shall respond to the request for a review
within ten (10) working days of its receipt. If the person disagrees
with the results of the review, the person may petition the district
court in the county of his residence for a writ of mandamus directing
the department to issue an approval. If the record as reviewed indi-
cates that the petitioner is not prohibited from receipt or possession
of a firearm under Idaho or federal law, the department shall destroy
any records it maintains which contain any information derived from
the records check described in section 19-5408, Idaho Code.

19-5412. CONFIDENTIALITY. The department shall promulgate rules
to ensure the confidentiality and security of all information provided
and recorded pursuant to this act. Statements of intent received by
the department are classified as law enforcement records and, as such,
are confidential information and are exempt from public disclosure
under chapter 3, title 9, Idaho Code. Statements of intent received by
the department pursuant to section 19-5406, Idaho Code, and determined
by the department to pertain to a potential buyer or transferee who is
qualified to receive a handgun shall be destroyed within five (5)
working days of receipt as shall records, in any form, containing
information derived from the statement. The department shall maintain
NCIC transactions logs to the extent required by federal law.

19-5413. WRONGFUL REQUEST -- WRONGFUL DISSEMINATION. Any firearms
dealer or any other person who willfully and intentionally requests a
records check from the department for any purpose other than compli-
ance with this act, or willfully and intentionally disseminates any
records information to any person other than the subject of such
information shall be guilty of a misdemeanor.

19-5414. FALSE STATEMENT -- FALSE IDENTIFICATION. Any person who,
in connection with the transfer or attempted transfer of a firearm
pursuant to this chapter, willfully and intentionally makes any mate-
rially false oral or written statement or willfully and intentionally
furnishes or exhibits any false identification intended or likely to
deceive a firearms dealer shall be guilty of a misdemeanor.

19-5415. WRONGFUL TRANSFER. Any firearms dealer who willfully and intentionally transfers a handgun in violation of the provisions of this section or uses another firearms dealer's identification number to request a records check shall be guilty of a misdemeanor.

19-5416. WRONGFUL PURCHASE OR RECEIPT. Any buyer or transferee who obtains a handgun for the purpose of transferring it to a person who is prohibited from possession of a firearm by Idaho or federal law shall be guilty of a felony.

19-5417. LIABILITY. The department and its personnel responsible for providing records information shall not be liable criminally or in an action at law for damages: (i) for failure to prevent the transfer of a handgun to a person whose receipt of the handgun is unlawful; or (ii) for preventing a transfer to a person who may lawfully receive a handgun, provided they act in good faith and without malice.

19-5418. COMPLETE DEFENSE. Compliance by a firearms dealer with the provisions of this act shall be a complete defense to any claim or cause of action under the laws of this state for liability or damages arising from the subsequent transfer to any person who is not qualified under state or federal law from receipt of a handgun.

19-5419. EXEMPTIONS. This act does not apply to any of the following:
(1) Transfers of any handgun (including any handgun with a matchlock, flintlock, percussion cap, or similar type of ignition system) manufactured on or before 1898;

(4) Transfers of any handgun to employees of sheriff's offices, municipal police departments, correctional facilities or agencies, or other criminal justice or governmental agencies when the transfers are made on behalf of an employing agency for official law enforcement purposes.

50-2902. FINDINGS AND PURPOSE. It is hereby found and declared that there exists in municipalities a need to raise revenue to finance the economic growth and development of urban renewal areas and competitively disadvantaged border community areas. The purpose of this act is to provide for the allocation of a portion of the property taxes levied against taxable property located in a revenue allocation area for a limited period of time to assist in the financing of urban renewal plans, to encourage private development in urban renewal areas and competitively disadvantaged border community areas, to prevent or arrest the decay of urban areas due to the inability of existing financing methods to promote needed public improvements, to encourage taxing districts to cooperate in the allocation of future tax revenues arising in urban areas and competitively disadvantaged border community areas in order to facilitate the long-term growth of their common tax base, and to encourage private investment within urban areas and competitively disadvantaged border community areas. The foregoing purposes are hereby declared to be valid public purposes for municipalities.

SECTION 2. That Section 50-2903, Idaho Code, be, and the same is hereby amended to read as follows:

50-2903. DEFINITIONS. The following terms used in this chapter shall have the following meanings, unless the context otherwise requires:
(1) "Act" or "this act" means this revenue allocation act.
(2) "Agency" or "urban renewal agency" means a public body created pursuant to section 50-2006, Idaho Code.
(3) "Authorized municipality" or "municipality" means any incorporated city which has established an urban renewal agency, or by ordinance has identified and created a competitively disadvantaged border community.
(4) "Base assessment roll" means the equalized assessment rolls, for all classes of taxable property, on January 1 of the year in which the local governing body of an authorized municipality passes an ordinance adopting or modifying an urban renewal plan containing a revenue allocation financing provision, except that the base assessment roll shall be adjusted as follows: the equalized assessment valuation of the taxable property in a revenue allocation area as shown upon the base assessment roll shall be reduced by the amount by which the equalized assessed valuation as shown on the base assessment roll exceeds the current equalized assessed valuation of any taxable property located in the revenue allocation area, and by the equalized assessed valuation of taxable property in such revenue allocation area that becomes exempt from taxation subsequent to the date of the base assessment roll. The equalized assessed valuation of the taxable property in a revenue allocation area as shown on the base assessment roll shall be increased by the equalized assessed valuation, as of the date of the base assessment roll, of taxable property in such revenue allocation area that becomes taxable after the date of the base assessment roll.
(5) "Clerk" means the city clerk of the municipality.

(6) "Competitively disadvantaged border community area" means a parcel of land consisting of at least forty (40) acres which is situated within the boundaries of an incorporated city and within twenty-five (25) miles of a state or international border, which the governing body of such incorporated city has determined by ordinance is disadvantaged in its ability to attract business, private investment, or commercial development, as a result of a competitive advantage in the adjacent state or nation resulting from inequities or disparities in comparative sales taxes, income taxes, property taxes, population or unique geographic features.

(7) "Deteriorated area" means:

(a) Any area, including slum area, in which there is a predominance of buildings or improvements, whether residential or nonresidential, which by reason of dilapidation, deterioration, age or obsolescence, inadequate provision for ventilation, light, air, sanitation, or open spaces, high density of population and overcrowding, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, or crime, and is detrimental to the public health, safety, morals or welfare.

(b) Any area which by reason of the presence of a substantial number of deteriorated or deteriorating structures, predominance of defective or inadequate street layout, faulty lot layout in relation to size, adequacy, accessibility or usefulness, insanitary or unsafe conditions, deterioration of site or other improvements, diversity of ownership, tax or special assessment delinquency exceeding the fair value of the land, defective or unusual conditions of title, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, results in economic underdevelopment of the area, substantially impairs or arrests the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, morals or welfare in its present condition and use.

(c) Any area which is predominately open and which because of obsolete platting, diversity of ownership, deterioration of structures or improvements, or otherwise, results in economic underdevelopment of the area or substantially impairs or arrests the sound growth of a municipality. The provisions of section 50-2008(d), Idaho Code, shall apply to open areas.

(d) Any area which the local governing body certifies is in need of redevelopment or rehabilitation as a result of a flood, storm, earthquake, or other natural disaster or catastrophe respecting which the governor of the state has certified the need for disaster assistance under any federal law.

(101) "Project" or "urban renewal project" or "competitively disadvantaged border areas" may include undertakings and activities of a municipality in an urban renewal area for the elimination of deteriorated or deteriorating areas and for the prevention of the development or spread of slums and blight, and may involve slum clearance and redevelopment in an urban renewal area, or rehabilitation or conservation in an urban renewal area, or any combination or part thereof in accordance with an urban renewal plan. Such undertakings and activities may include:

(d) Disposition of any property acquired in the urban renewal area or the competitively disadvantaged border community area (including sale, initial leasing or retention by the agency itself) or the municipality creating the competitively disadvantaged border community area at its fair value for uses in accordance with the urban renewal plan except for disposition of property to another public body;
(e) Carrying out plans for a program of voluntary or compulsory repair and rehabilitation of buildings or other improvements in accordance with the urban renewal plan;

SECTION 3. That Section 50-2904, Idaho Code, be, and the same is hereby amended to read as follows:

50-2904. AUTHORITY TO CREATE REVENUE ALLOCATION AREA. An authorized municipality is hereby authorized and empowered to adopt, at any time, a revenue allocation financing provision, as described in this chapter, as part of an urban renewal plan or competitively disadvantaged border community area ordinance. A revenue allocation financing
provision may be adopted either at the time of the original adoption of an urban renewal plan or the creation by ordinance of a competitively disadvantaged border community area or thereafter as a modification of an urban renewal plan or the ordinance creating the competitively disadvantaged border community area. Urban renewal plans existing prior to the effective date of this section may be modified to include a revenue allocation financing provision.

SECTION 4. That Section 50-2906, Idaho Code, be, and the same is hereby amended to read as follows:

50-2906. PUBLIC HEARING AND ORDINANCE REQUIRED. (1) To adopt a new urban renewal plan or create a competitively disadvantaged border community area containing a revenue allocation financing provision, the local governing body of an authorized municipality must enact an ordinance in accordance with chapter 9, title 50, Idaho Code, and section 50-2008, Idaho Code. To modify an existing urban renewal plan, to add or change a revenue allocation, an authorized municipality must enact an ordinance in accordance with chapter 9, title 50, Idaho Code, and conduct a public hearing as provided in section 50-2008(c), Idaho Code. No urban renewal project, plan, competitively disadvantaged border community area or modification thereto shall be held ineffective for failure to comply with the requirements of this section if compliance with the section is substantial and in good faith.

(2) A revenue allocation financing provision adopted in accordance with this chapter shall be effective retroactively to January 1 of the year in which the local governing body of the authorized municipality enacts such ordinance.

(3) The local governing body of an authorized municipality shall prepare a notice stating (a) that an urban renewal plan or modification thereto or a competitively disadvantaged border community area has been proposed and is being considered for adoption, and that such plan or modification thereto contains a revenue allocation financing provision that will cause property taxes resulting from any increases in equalized assessed valuation in excess of the equalized assessed valuation as shown on the base assessment roll to be allocated to the agency for urban renewal and competitively disadvantaged border community area purposes; and (b) that a public hearing on such plan or modification will be held by the local governing body pursuant to section 50-2008(c), Idaho Code. The notice shall also state the time, date, and place of the hearing. At least thirty (30) days but not more than sixty (60) days prior to the date set for final reading of the ordinance, the local governing body shall publish the notice in a newspaper of general circulation and transmit the notice, together with a copy of the plan and recommendation of the urban renewal agency or the municipality which by ordinance created the competitively disadvantaged border community area, to the governing body of each taxing district which levies taxes upon any taxable property in the revenue allocation area and which would be affected by the revenue allocation financing provision of the urban renewal plan proposed to be approved by the local governing body.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 36-715, Idaho Code, be, and the same is hereby amended to read as follows:

36-715. DUTIES OF THE DEPARTMENT OF FISH AND GAME REGARDING THE ENDANGERED SPECIES ACT. (1) Since wolf/dog hybridizations are known to exist within Idaho and these hybrids are not protected by the United States endangered species act, a biological evaluation shall be required of the animal to determine species priority before the department of fish and game may take any action in accordance with the United States endangered species act.

(2) The department of fish and game shall not be authorized to expend funds, transfer assets or enter into a cooperative agreement with any agency, department or entity of the United States government concerning wolves unless expressly authorized by state statute except that the department is authorized to provide a representative to participate on the northern rocky mountain wolf recovery team and to participate in activities regarding nuisance wolves.

(3) If a wolf is sighted, the burden of proof concerning the reported presence of the wolf within Idaho shall rest with the observer and the department of fish and game shall take no action to enforce the United States endangered species act regarding wolves in absence of that proof.

(4) From the effective date of this act through May 13, 1994, the department of fish and game is authorized to enter into cooperative agreements with the United States fish and wildlife service and the United States forest service to receive and expend federal funds for the purpose of participating in the preparation of an environmental impact statement regarding wolf recovery in Idaho per the wolf environmental impact statement participation plan dated February 1992. June 1, 1996, the department of fish and game is authorized to work in conjunction with the wolf oversight committee, as established by the wolf EIS participation plan dated February, 1992, in the development and implementation of an Idaho wolf management plan, provided that:

(a) The department is authorized to receive up to fifteen thousand dollars ($15,000) from the U.S. fish and wildlife service for the sole use in the development of said plan. If additional funding for the development of the plan is required, said funding
shall come primarily from federal sources, but may also come from the department's nongame wildlife management fund. Receipt and expenditures of all moneys used in the development of the plan shall be done in coordination with the wolf oversight committee. (b) Any plan so developed by the department and wolf oversight committee shall take into consideration local economies, custom, culture, and private property rights. The department and the wolf oversight committee may consult with federal entities and coordinate with state and local government entities in the development of the plan. (c) Upon completion of an Idaho wolf management plan, the department and the wolf oversight committee shall provide a report to the senate resources and environment committee and to the house resources and conservation committee and shall provide written copies to all interested parties. When the plan is complete, the speaker of the house of representatives and the president pro tempore of the senate may authorize a joint meeting of the senate resources and environment committee and the house resources and conservation committee to be held during the interim to review the Idaho wolf management plan. (d) Members of the wolf oversight committee shall serve without compensation, but shall be reimbursed actual expenses for attending meetings of the committee from funds provided by the department of fish and game at prevailing state rates.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 41-402, Idaho Code, be, and the same is hereby amended to read as follows:

41-402. PREMIUM TAX. (1) Each authorized insurer, and each formerly authorized insurer with respect to insurance transacted while an authorized insurer, shall file with the director on or before the
dates in each year set forth in subsections (3) and (4) of this section, a statement (on forms as prescribed and furnished by the director) under oath for the period set forth in subsections (3) and (4) of this section, and pay the director a tax at the rate set forth in subsection (2) of this section, on the following amounts:

(a) As to life insurers, the amount of all gross premiums received by the insurer on direct risks resident in this state, and also, if a domestic insurer, on direct risks resident in any other jurisdiction or jurisdictions in which the insurer is not licensed and upon which no premium tax is otherwise paid or payable, less returned coupons and dividends paid to or credited to policy-holders policyholders.

(b) As to all insurers other than life insurers, the amount of gross direct premiums written on policies covering subjects of insurance resident, located or performed in this state, and also, if a domestic insurer, on such premiums in any other jurisdiction or jurisdictions in which the insurer is not licensed and upon which no premium tax is otherwise paid or payable, less returned premiums, premiums on policies not taken and dividends paid or credited to policy-holders policyholders. As to title insurance "gross premium" means the insurance risk portion of the amount charged for title insurance.

(b) The director shall credit the prepayments toward the appropriate tax obligations of the insurer for the current calendar year.

(c) The minimum amounts of the prepayments shall be percentages of the insurer's tax obligation based on the preceding calendar year's business and the current year's rate, and shall be paid to the director's office by the due dates and in the following amounts:

(i) On or before June 15, sixty per cent (60%);

(ii) On or before September 15, twenty per cent (20%); and

(iii) On or before December 15, fifteen per cent (15%).

(4) On or before March 1, any balance of tax due for the preceding calendar year shall be paid to the director.

(5) The effect of transferring policies of insurance from one insurer to another insurer is to transfer the tax prepayment obligation with respect to the policies.

(6) This section shall not apply as to any domestic reciprocal insurer doing exclusively a workmen's compensation business and complying with the provisions of the workmen's compensation law of this state and writing workmen's compensation only for members under that
law, if its representatives or agents or the attorney in fact executing such contracts are not compensated on a commission basis.

(7) This section shall not apply as to life insurance policies issued under pension plans or profit-sharing plans exempt or qualified under sections 401(a), 403, 404, 408, or 501(a) of the United States internal revenue code, as hereafter amended or renumbered from time to time, nor to annuity contracts in general.

(8) This section shall not apply to any domestic reciprocal insurer which exclusively insures members who are governmental entities, as defined by section 6-902(1), (2) and (3), Idaho Code.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 16-1504, Idaho Code, be, and the same is hereby amended to read as follows:

16-1504. CONSENT OF PARENTS, GUARDIAN, NEAREST RELATIVE, OR NEXT FRIEND OF CHILD -- EXCEPTIONS. A child cannot be adopted without the consent of its parents, if living, except that the consent of a putative father whose paternity has not been legally established by order of a court of competent jurisdiction shall be implied as provided in section 16-1513, Idaho Code, nor without the consent of its guardian if one has been legally appointed or, if no living parents or guardian, then of its nearest relative; if no relative, then by the consent of some person appointed by the judge to act in the proceedings as the next friend to such child. The consent of a parent who is a minor shall not be voidable because of that minority. No consent shall be required of, nor notice given to, any person whose parental relationship to such child shall have been terminated in accordance with the provisions of either chapter 16 or 20, title 16, Idaho Code,
or by a court of competent jurisdiction of a sister state under like
proceedings; or in any other manner authorized by the laws of a sister
state. Where a voluntary child placement agency licensed by the state
in which it does business is authorized to place a child for adoption
and to consent to such child's adoption under the laws of such state,
the consent of such agency to the adoption of such child in a proceed­
ing within the state of Idaho shall be valid and no further consents
or notices shall be required.

SECTION 2. That Section 16-1506, Idaho Code, be, and the same is
hereby amended to read as follows:

16-1506. PROCEEDINGS ON ADOPTION. (1) Proceedings to adopt a
child shall be commenced by the filing of a petition together with a
copy thereof. Said petition shall be initiated by the person or per­
sons proposing to adopt the child and shall be filed with the district
court of the county in which said person or persons reside. The peti­tioners shall have resided and maintained a dwelling within the state
of Idaho for at least six (6) consecutive months prior to the filing
of a petition. The petition shall set forth the name and address of
the petitioner or petitioners, the name of the child proposed to be
adopted and the name by which it shall be known if and when adopted,
the degree of relationship of the child, if any, to the petitioner or
petitioners and the names of any person or agency whose consent to
said adoption is necessary. At the time fixed for hearing such peti­tion
the person adopting a child, and the child adopted, and the
spouse of petitioner if a natural parent of the child, must appear
before the court of the county wherein the petition was filed. Peti­tioner shall at such time execute an agreement to the effect that the
child shall be adopted and treated in all respects as his own lawful
child should be treated.

(2) Any person or persons whose consent is required shall execute
such consent in writing, in a form consistent with the provisions of
subsection f. of section 16-2005, Idaho Code, which consent being
filed in the court where the application is made, shall be deemed a
sufficient appearance on the part of such person or persons. If any
adoptive parent, or a person not a minor being adopted by a resident
adult under the provisions of section 16-1501, Idaho Code, is a member
of the armed services and is unable to attend the hearing, his appear­
ance and testimony shall be received by means of deposition, which
shall be filed in the court at the time of the hearing.

(3) Prior to the placement for adoption of any child in the home
of prospective adoptive parents, it shall be required that a thorough
social investigation of the prospective adoptive family and all of its
members, consistent with the rules regarding such investigations pro­
mulgated by the department of health and welfare, shall be completed
and that a positive recommendation for adoptive placement shall have
been made. In those instances where the prospective adoptive parent is
married to the birth parent of the child to be adopted, such social
investigation shall be completed with regard to the prospective adop­tive
parent upon order of the court. In exigent circumstances where
the prospective adoptive parents are determined by the court to have
been unable to complete a social investigation of the family with a
positive recommendation prior to the time the child is placed in the home, the child shall remain in the home unless the court determines the best interests of the child are served by other placement. If exigent circumstances exist, a social investigation shall be initiated within five (5) days of placement. Once initiated, all studies shall be completed within sixty (60) days. Upon the filing of a petition to adopt a minor child by a person unrelated to the child or unmarried to a natural parent of the child and at the discretion of the court upon the filing of any other petition for adoption, a copy of such petition, together with a statement containing the full names and permanent addresses of the child and the petitioners, shall be served by the court receiving the petition within five (5) days on the director of the department of health and welfare by registered mail or personal service. It shall then be the duty of the said director, through the personnel of the department or through such qualified child-placing children's adoption agency incorporated under chapter 3, title 30, Idaho Code, as the director may designate, to verify the allegations of the petition, and as soon as possible not exceeding thirty (30) days after service of the petition on the director to make a thorough investigation of the matter to include in all cases information as to the alleged date and place of birth and as to parentage of the child to be adopted as well as the source of all such information and report his findings in writing to the court. The investigative report shall include reasonably known or available medical and genetic information regarding both natural parents and sources of such information as well as reasonably known or available providers of medical care and services to the natural parents. A copy of all medical and genetic information compiled in the investigation shall be made available to the adopting family by the department or other investigating children's adoption agency prior to entry of the final order of adoption. The petition, statement and all other papers, records or files relating to the adoption, including the preplacement investigation and recommendation, shall be returned to the court with the investigative report. The department of health and welfare or other children's adoption agency may require the petitioner to pay all or any part of the costs of the investigation. If the report disapproves of the adoption of the child, motion may be made to the court to dismiss the petition.

(4) Proceedings for termination of parent-child relationship in accordance with chapter 20, title 16, Idaho Code, and proceedings for adoption may be consolidated and determined at one (1) hearing provided that all of the requirements of this chapter as well as chapter 20, title 16, Idaho Code, be fully complied with. In all disputed matters under this chapter or chapter 20, title 16, Idaho Code, the paramount criterion for consideration and determination by the court shall be the best interests of the child.

SECTION 3. That Section 16-1513, Idaho Code, be, and the same is hereby amended to read as follows:

16-1513. CLAIM OF PATERNITY. (1) A person who is the father or claims to be the father of a child born out-of-wedlock may claim rights pertaining to his paternity of the child by registering with the vital statistics unit of the department of health and welfare, a
notice of his claim of paternity to the child born out-of-wedlock and his willingness and intent to support the child to the best of his ability. The vital statistics unit of the department of health and welfare shall provide forms for the purpose of registering the notice, and the forms shall be made available through the vital statistics unit of the Idaho department of health and welfare and in the office of the county clerk in every county of this state. When making a claim of paternity, a person who is the father or claims to be the father of a child born out-of-wedlock, shall mail to the vital statistics unit of the department of health and welfare, the completed form prescribed by the vital statistics unit of the department of health and welfare. Said form will be filled out completely, signed by the person claiming paternity, and witnessed before a notary public.

(2) The claim of paternity may be registered prior to the birth of the child, but must be registered prior to the date of any termination proceeding, or proceeding wherein the child is placed with an agency licensed to provide adoption services. The claim of paternity shall be signed by the registrant and shall include his name and address, the name and last address of the mother, and either the birthdate of the child or the probable month and year of the expected birth of the child. The vital statistics unit of the department of health and welfare shall maintain a registry for this purpose which shall be subject to disclosure according to chapter 3, title 9, Idaho Code.

(3) Any father of such child who fails to file and register his notice of claim to paternity and willingness to assume responsibility for the child shall be barred from thereafter bringing or maintaining any action to establish his paternity of the child. Failure of such filing or registration shall constitute an abandonment of said child and shall be prima facie evidence of sufficient grounds to support termination of such father's parental rights in accordance with section 16-2005, Idaho Code, and to adoption for the purposes of section 16-1504, Idaho Code. The filing and registering of a notice of claim to paternity and willingness to assume responsibility for the child by a putative father shall also constitute prima facie evidence of the fact of his paternity in any contested proceeding under chapter 11, title 7, Idaho Code, but shall not be a bar to an action for termination of his parental rights under chapter 20, title 16, Idaho Code. The filing of an action under chapter 11, title 7, Idaho Code, by such putative father at any time prior to the date scheduled for hearing of a petition for termination of his parental rights, as shown in the notice thereof duly served upon such putative father pursuant to section 16-2007, Idaho Code, shall constitute an automatic stay of such termination proceeding until a final order of the court has been entered in the paternity action. If the court in the paternity action establishes the paternity of such putative father, the court in the termination proceeding may dismiss the termination proceeding. If the court in the paternity action does not establish the paternity of such putative father, or if such putative father fails to commence a paternity action in the manner set forth in section 7-1111, Idaho Code, and to request, but at his own expense, the blood tests provided for in section 7-1116, Idaho Code, prior to the date set for the hearing on the petition for termination of parental rights, he shall be barred
from thereafter bringing or maintaining any action to establish his paternity of the child and such failure shall also constitute an abandon­ment of the child and shall be prima facie evidence of sufficient grounds to support and shall constitute an implied consent to termina­tion of such father's parental rights in accordance with section 16-2005, Idaho Code, and to adoption for the purposes of section 16-1504, Idaho Code.

(4) The department of health and welfare, division of family and children’s services, private adoption agencies or attorneys and/or their representatives involved in adoptions shall notify all putative fathers by personal service at least ten (10) days prior to the date of any termination proceeding or proceeding wherein the child is placed with an agency licensed to provide adoption services, of their need to register their intent to support and exercise their rights and responsibilities toward the child born out-of-wedlock, whether born or unborn.

(5) If personal service cannot be obtained, then service by pub­lication, notifying the father of the requirement to register his claim of paternity with the vital statistics unit of the department of health and welfare prior to the date of any termination proceeding or proceeding wherein the child is placed with an agency licensed to provide adoption services, shall be sufficient. Service by publication shall include sending of notice by registered or certified mail to the last known address of the person to be notified and publication of the notice once a week for three (3) successive weeks in a newspaper of general circulation within the county where the court is located. Notification by publication must be completed at least ten (10) days prior to any termination proceeding, or proceeding wherein the child is placed with an agency licensed to provide adoption services.

(6) Notice of the requirement to register, as provided in this section, may be combined with a notice of termination of parental rights, as provided in chapter 20, title 16, Idaho Code.

(7) In any termination proceeding pertaining to a child born out­of-wedlock, if there is no showing that the putative father has con­sented to termination prior to the granting of a decree allowing the termination, a certificate shall be obtained from the vital statistics unit of the department of health and welfare, signed by the state reg­istrar of vital statistics, which certificate shall state that a dili­gent search has been made of the registry of notices from putative fathers, of a child born out-of-wedlock, and that the putative father involved is not registered.

(8) Identities of putative fathers can only be released pursuant to procedures contained in chapter 3, title 9, Idaho Code.

(9) To cover the cost of implementing and maintaining said regis­try, the vital statistics unit of the department of health and welfare shall charge a registration fee of ten dollars ($10.00) at the time the putative father registers his intent to exercise his parental rights. It is the intent of the legislature that the fee shall cover
all direct and indirect costs incurred pursuant to this section. The board of health and welfare shall annually review the fees and expenses incurred pursuant to administering the provisions of this section.

(10) Consistent with its authority denoted in the vital statistics act, section 39-242(c), Idaho Code, the board of health and welfare shall adopt, amend and repeal regulations for the purpose of carrying out the provisions of this section.

SECTION 4. That Section 16-2005, Idaho Code, be, and the same is hereby amended to read as follows:

16-2005. CONDITIONS UNDER WHICH TERMINATION MAY BE GRANTED. The court may grant an order terminating the relationship where it finds one or more of the following conditions exist:

a. The parent has abandoned the child by having failed to maintain a normal parental relationship, including but not limited to reasonable support or regular personal contact; failure of the parent to maintain this relationship without just cause for a period of one (1) year shall constitute prima facie evidence of abandonment under this section.

b. The parent has neglected or abused the child. Neglect as used herein shall mean a situation in which the child lacks parental care necessary for his health, morals and well-being.

c. The presumptive parent is not the natural parent of the child.

Consents required by this act must be witnessed by a district judge or magistrate of a district court, or equivalent judicial officer of the state, where a person consenting resides or is present, whether within or without the county, and shall be substantially in the following form:

CHAPTER 395
(S.B. No. 1332)

AN ACT
RELATING TO THE UNIFORM CONTROLLED SUBSTANCES ACT; AMENDING SECTION 37-2744A, IDAHO CODE, TO ALLOW THE DIRECTOR OF THE DEPARTMENT OF LAW ENFORCEMENT TO SELL PROPERTY FORFEITED UNDER THE ACT IN A COMMERCIALLY REASONABLE MANNER AND TO MAKE A TECHNICAL CORRECTION.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 37-2744A, Idaho Code, be, and the same is hereby amended to read as follows:

37-2744A. REAL PROPERTY SUBJECT TO FORFEITURE. (a) Any real property, including any interest therein and any appurtenances thereto or improvements thereon, which is used in any manner or part, to commit or to facilitate the commission of a violation of the provisions of this chapter punishable by more than one (1) year of imprisonment, shall be subject to forfeiture under the provisions of this section.

(b) Property subject to forfeiture under the provisions of this section may be seized by the director upon determining that a parcel of property is subject to forfeiture, by filing a notice of forfeiture with the recorder of the county in which the property or any part thereof is situated. The notice must contain a legal description of the property sought to be forfeited; provided, however, that in the event the property sought to be forfeited is part of a greater parcel, the director may, for the purposes of this notice, use the legal description of the greater parcel. The director shall also send by certified mail a copy of the notice of forfeiture to any persons holding a recorded interest or of whose interest the director has actual knowledge. The director shall post a similar copy of the notice conspicuously upon the property and publish a copy thereof once a week for three (3) consecutive weeks immediately following the seizure in a newspaper published in the county. The owner or party in lawful possession of the property sought to be forfeited may retain possession and use thereof and may collect and keep income from the property while the forfeiture proceedings are pending.

(c) In the event of a seizure pursuant to subsection (a) of this section, a complaint instituting forfeiture proceedings under subsection (d) of this section shall be filed in the district court in the county in which the real property is situated within ninety (90) days of the date of seizure. The complaint shall be served in the same manner as other complaints subject to the Idaho rules of civil procedure on all persons having an interest in the real property sought to be forfeited.

(d) Real property sought to be forfeited under the provisions of this section shall not be subject to an action for detainer or any other collateral action, but is deemed to be in the custody of the director subject only to the orders and decrees of the district court having jurisdiction over the forfeiture proceedings. Forfeiture proceedings shall be civil proceedings in which the burden of proof shall be on the director to prove by a preponderance of the evidence that the property sought to be forfeited is subject to forfeiture. Upon being satisfied that an owner or claimant as defined in paragraph (4) of this subsection should not be subjected to forfeiture because that person had no knowledge or reason to believe that the real property was being used or had been used for the purposes alleged by the department, the director shall release the property to the owner or other claimant. The procedure applicable to such cases shall be the same as that prescribed by the Idaho rules of civil procedure. Following service the director may, where appropriate, seek default judgment.
pursuant to the Idaho rules of civil procedure. If an answer is filed the court shall proceed to set the case for hearing before the court without a jury.

(1) Following the hearing, if the court finds that the property is subject to forfeiture pursuant to subsection (a) of this section the court shall order the property forfeited to the director and title shall vest as of the date of the original seizure.

(2) Following the hearing, if the court finds that the property is not subject to forfeiture pursuant to subsection (a) of this section, the court shall order the property released to the owner or owners thereof.

(3) Any owner who has an answer on file may show by competent evidence that his interest in the property sought to be forfeited is not subject to forfeiture because he could not have known in the exercise of reasonable diligence that the real property was being used, or had been used in any manner in violation of the provisions of this section. If the court finds that the property was not used in violation of the provisions of this section or is not subject to forfeiture under the provisions of this section, the court shall order the property released to the owner.

(4) An owner, co-owner or claimant of any right, title or interest in the real property sought to be forfeited may prove that his right, title or interest, whether under a lien, mortgage, or otherwise, was created without any knowledge or reason to believe that the real property was being used or had been used for the purposes alleged by the department;

(A) In the event of such proof, the court shall order the real property released to the innocent owner, purchaser, lienholder or mortgagee.

(B) If the amount due to such person is less than the value of the real property, the real property may be sold at public auction in a commercially reasonable manner by the director. The director shall publish a notice of the sale by at least one publication in a newspaper published and circulated in the city or county where the sale is to take place at least one week prior to sale of the real property. The proceeds from such sale shall be distributed as follows in the order indicated:

(i) To the innocent owner, purchaser or mortgagee of the real property, if any, up to the value of his interest in the real property.

(ii) The balance, if any, in the following order:

1. To the director for all expenditures made or incurred by the department in connection with the sale, including expenditure for any necessary repairs or maintenance of the real property, and for all expenditures made or incurred by the department in connection with the forfeiture proceedings including, but not limited to, expenditures for witnesses' fees, reporters' fees, transcripts, printing, travel, investigation, title company fees and insurance premiums.

2. The remainder, if any, to the director for
credit to the drug enforcement donation account.
(C) In any case, the director may, within thirty (30) days after judgment, pay the balance due to the innocent owner, purchaser, lienholder or mortgagee and thereby purchase the real property for use in the enforcement of this act.
(e) In issuing any order under the provisions of this section, the court shall make a determination that the property, or a portion thereof, was actually used in violation of the provisions of this act. The size of the property forfeited shall not be unfairly disproportionate to the size of the property actually used in violation of the provisions of this section.
(f) When property is forfeited under the provisions of this section the director may:
(1) Retain it for official use; or
(2) Sell the property at-public-auction in a commercially reasonable manner. The proceeds shall be distributed by the director as follows:
(A) To reimburse for all expenditures made or incurred in connection with the sale, including expenditures for any necessary repairs or maintenance, and for all expenditures made or incurred in connection with the forfeiture proceedings including, but not limited to, expenditures for attorneys' fees, title company fees, insurance premiums, recording costs, witnesses' fees, reporters' fees, transcripts, printing, travel and investigation.
(B) The remainder, if any, shall be credited to the drug enforcement donation account.
(3) Recommend to the court that the property, or proceeds thereof, be forfeited in whole or in part to a city or county, the law enforcement agency of which participated in the events leading to the seizure of the property or proceeds. Property distributed pursuant to this recommendation shall be used by the city or county for purposes consistent with the provisions of this chapter.

The term "idle moneys" means the balance of cash and other evidences of indebtedness which are accepted by banks as cash in the ordinary course of business, in demand deposit accounts, after taking into consideration all deposits and withdrawals, on a daily basis.

The interest received on all such investments, unless otherwise specifically required by law, shall be paid into the general account of the state of Idaho. The investment administration fee shall be equal to one-quarter of one percent (\(\frac{1}{4}\%\)) per year of the average daily balance of the fund or account, including separate investments, if any, of that fund or account determined annually by the state treasurer and submitted to the board of examiners for approval, as stipulated in section 67-3524,
Idaho Code. The fee shall be expressed as an annual percentage of the average daily balance of the fund or account, including separate investments, if any, of that fund or account. When offering benefits pursuant to this section, the insurer shall be required to offer equal or lesser benefits than the insured has under the existing policy with the company. CODE, TO PROVIDE FOR TESTING OF PERSONS CHARGED WITH A CRIME WHERE
BODILY FLUIDS HAVE BEEN TRANSMITTED TO ANOTHER, TO PROVIDE FOR
TESTING OF JUVENILES WHO ARE CHARGED WITH DRUG RELATED SEXUAL OR
OTHER OFFENSES, TO PROVIDE FOR RELEASE OF TEST RESULTS IF TESTING
IS REQUIRED BY THE SECTION AND TO REVISE PROCEDURES FOR RELEASE OF
TEST RESULTS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-604, Idaho Code, be, and the same is
hereby amended to read as follows:

39-604. CONFINED AND IMPRISONED PERSONS — EXAMINATION, TREAT-
MENT, AND QUARANTINE — VICTIMS OF SEXUAL OFFENSES — ACCESS TO
OFFENDERS' TEST RESULTS, TESTING FOR HIV, COUNSELING AND REFERRAL SER-
VICES. (1) All persons who shall be confined or imprisoned in any
state prison facility in this state shall be examined for on admis-
sion, and again before release, and, if infected, treated for the diseases enumerated in section 39-601, Idaho Code, and this examination shall include a test for HIV antibodies or antigens. This examination is not intended to limit any usual or customary medical examinations that might be indicated during a person's imprisonment. Nothing herein contained shall be construed to interfere with the service of any sentence imposed by a court as a punishment for the commission of crime.

(2) All persons who shall be confined in any county or city jail may be examined for, and, if infected, treated for the venereal diseases enumerated in section 39-601, Idaho Code, if such persons have, in the judgment of public health authorities and the jailer, been exposed to a disease enumerated in section 39-601, Idaho Code.

(3) All persons who shall be confined in any county or city jail and, including juveniles, who are charged with sex offenses, drug related charges, prostitution, any crime in which body fluid has likely been transmitted to another, or other charges as recommended by public health authorities shall be tested for the venereal diseases enumerated in section 39-601, Idaho Code.

(4) All persons who are charged with any crime in which body fluid as defined in this chapter has likely been transmitted to another shall be tested for the presence of HIV antibodies or antigens and for hepatitis B virus.

(5) If a person is charged with a violation of the provisions of section 18-1586, 18-1588, or 18-6181 or 18-6188, and is tested as required in subsections (3) or (4) of this section, the results of the test shall be revealed to the court upon its request. The court may impose such conditions on the release of the test results as the court deems necessary and just to the victim(s), or if the victim(s) is a minor, to the minor's parent, guardian or legal custodian. Whenever a prisoner tests positive for HIV antibodies or antigens, the victim(s) of said prisoner shall be entitled to counseling regarding HIV, HIV testing in accordance with applicable law, and referral for appropriate health care and support services. Said counseling, HIV testing and referral services shall be provided to the victim(s) by the district health departments at no charge to the victim(s). Provided however, the requirement to provide referral services does not, in and of itself, obligate the district health departments to provide or otherwise pay for a victim's health care or support services. Any court, when releasing test results to a victim(s), or if the victim(s) is a minor, to the minor's parent, guardian, or legal custodian, shall explain or otherwise make the victim(s) or the victim's parent, guardian, or legal custodian, aware of the services to which the victim(s) is entitled as described herein.

(56) Responsibility for the examination, testing and treatment of persons confined in county or city jails shall be vested in the county or city that operates the jail. The county or city may contract with the district health departments or make other arrangements for the examination, testing and treatment services. The district health department or other provider may charge and collect for the costs of
such examination and treatment, as follows:
(a) When the prisoner is a convicted felon awaiting transfer to
the board of correction, or when the prisoner is a convicted felon
being confined in jail pursuant to a contract with the board of
correction, the board of correction shall reimburse such costs;
(b) When the prisoner is awaiting trial after an arrest by any
state officer, the state agency employing such arresting officer
shall reimburse such costs;
(c) When the prisoner is being held for any other authority or
jurisdiction, including another state, the authority or jurisdic-
tion responsible shall reimburse such costs unless otherwise pro-
vided for by contract.

SECTION 2. An emergency existing therefor, which emergency is
hereby declared to exist, this act shall be in full force and effect
on and after its passage and approval.

Approved April 7, 1994.

If the applicant is a wholly owned subsidiary of a corporation having its principal place of business outside the United States, similar documentation filed with the parent corporation's non-United States regulator may be submitted to satisfy this provision. In the event any applicant does not otherwise obtain audited financial statements, such applicant shall, in lieu of audited financial statements required in this section, furnish the director with federal income tax returns covering the required periods together with copies of such unaudited, compiled, or reviewed financial statements as the applicant shall have prepared or obtained for other purposes, including, without limitation, the most recent financial statements, if any, furnished to the applicant's bank or other lending institution; and

to the applicant's activities; and
(d) Copies of the applicant's audited financial statements, including balance sheet, statement of income or loss, and statement of changes in financial position, for the current year and, if available, for the immediately preceding two (2) year period. In the event any applicant does not otherwise obtain audited financial statements, such applicant shall, in lieu of audited financial statements required in this section, furnish the director with federal income tax returns covering the required periods together with copies of such unaudited, compiled or reviewed financial statements as the applicant shall have prepared or obtained for other purposes, including, without limitation, the most recent financial statements, if any, furnished to applicant's bank or other lending institution.
(4) The director is authorized, for good cause shown, to waive any requirement of this section with respect to any license application or to permit a license applicant to submit substituted information in its license application in lieu of the information required in this section.

26-2908. BOND OR OTHER SECURITY DEVICE. (1) Each application must be accompanied by a surety bond, irrevocable letter of credit or such other similar security device, hereinafter referred to as security device, acceptable to the director in the amount of ten thousand dollars ($10,000). If the applicant proposes to engage in business under the provisions of this chapter at more than one (1) location, through authorized representatives or otherwise, then the amount of the security device will be increased by five thousand dollars ($5,000) per location, up to a maximum of five hundred thousand dollars ($500,000). The security device shall be in a form satisfactory to the director and shall run to the state for the benefit of any claimants against the licensee to secure the faithful performance of the obligations of the licensee with respect to the receipt, handling, transmission, and payment of money in connection with either the sale and issuance of payment instruments and the transmission of money. In the case of a bond, the aggregate liability of the surety in no event shall exceed the principal sum of the bond. Claimants against the licensee or its authorized representatives may themselves bring suit directly on the security device or the director may bring suit on behalf of such claimants, either in one (1) action or in successive actions. Permissible investments required in section 26-2906, Idaho Code, may be pledged as collateral for the surety bond, irrevocable letter of credit, or similar security device required in this section.
(2) In lieu of such security device or of any portion of the principal thereof, as required in this section, the licensee may deposit with the director, or with such banks in this state as the licensee may designate and the director may approve, cash, interest-bearing stocks and bonds, notes, debentures, or other obligations of the United States or any agency or instrumentality thereof, or guaranteed by the United States, or of this state, or of a city, county, town, school district or instrumentality of this state, or guaranteed by this state, to an aggregate amount, based upon principal amount or market value, whichever is lower, of not less than the amount of the
security device or portion thereof. The securities or cash, or both, shall be deposited as aforesaid and held to secure the same obligations as would the security device, but the depositor shall be entitled to receive all interest and dividends thereon, shall have the right, with the approval of the director, to substitute other securities for those deposited, and shall be required to do so on written order of the director made for good cause shown.

(3) The security device shall remain in effect until cancellation, which may occur only after thirty (30) days' written notice to the director. Cancellation shall not affect any liability incurred or accrued during said period.

(4) The security device or deposit in lieu thereof shall remain in place for a period of two (2) years from the date the licensee ceases money transmission operations in this state. Notwithstanding the preceding sentence, the director shall permit the security device or deposit in lieu thereof to be reduced or eliminated prior to the expiration of the two (2) year post-cessation period to the extent that the amount of the licensee's payment instruments outstanding in this state are reduced. The director shall also permit a licensee to substitute a letter of credit or such other form of security device acceptable to the director for the security device, or deposit in lieu thereof, in place at the time the licensee ceases money transmission operations in this state.

(5) Two (2) years following the cessation of money transmission operations in this state, a former licensee has the option to transfer any funds held to pay outstanding payment instruments to the state tax commission, who shall administer said funds in accordance with chapter 5, title 14, Idaho Code.

26-2909. APPLICATION FEE. Each application must be accompanied by a nonrefundable application fee in the amount of one hundred dollars ($100) for the license. The application fee shall also constitute the license fee for the applicant's first year of activities if the license is granted. All fees, fines, examination and miscellaneous charges provided for in accordance with the provisions of this chapter shall be paid to the director and shall be deposited into the finance administrative account pursuant to section 67-2702, Idaho Code.

26-2910. ISSUANCE OF LICENSE. (1) Upon the filing of a complete application, the director shall investigate the financial condition and responsibility, financial and business experience, character and general fitness of the applicant. The director may conduct an on-site investigation of the applicant, the actual cost of which shall be borne by the applicant. If the director finds that the applicant's business will be conducted honestly, fairly, and in a manner commanding the confidence and trust of the community, and that the applicant has fulfilled the requirements imposed in this chapter and has paid the required license fee, the director shall issue a license to the applicant authorizing the applicant to engage in the licensed activities in this state for a term of one (1) year. If these requirements have not been met, the director shall deny the application in writing setting forth the reasons for the denial.

(2) The director shall approve or deny every application for an
original license within one hundred eighty (180) days from the date a complete application is submitted, which period may be extended by the written consent of the applicant. The director shall notify the applicant of the date when the application is deemed complete. In the absence of approval or denial of the application, or consent to the extension of the one hundred eighty (180) day period, the application is deemed approved and the director shall issue the license effective as of the first day after the one hundred eighty (180) day or extended period has elapsed.

(3) Any applicant aggrieved by a denial issued by the director under the provisions of this section may at any time within thirty (30) days from the date of receipt of written notice of the denial contest the denial by serving a response on the director. The director shall set a date for a hearing not later than sixty (60) days after service of the response, unless a later date is set with the consent of the denied applicant.

26-2911. RENEWAL OF LICENSE AND ANNUAL REPORT. (1) Each licensee shall file with the director an annual report, in a form prescribed by the director, which form shall be sent by the director to each licensee no later than three (3) months immediately preceding the thirtieth day of June of each year, or as the director in his discretion, may determine. The licensee must include each of the following in its annual renewal report:

(a) A copy of its most recent audited consolidated annual financial statement, including balance sheet, statement of income or loss, statement of changes in shareholder's equity and statement of changes in financial position; or, in the case of a licensee that is a wholly owned subsidiary of a parent corporation, the consolidated audited annual financial statement of the parent corporation may be filed with the licensee's unaudited annual financial statement. In the event any licensee does not otherwise obtain audited financial statements, such licensee shall, in lieu of audited financial statements required in this section, furnish the director with federal income tax returns covering the required periods together with copies of such unaudited, compiled or reviewed financial statements as the licensee shall have prepared or obtained for other purposes, including, without limitation, the most recent financial statements, if any, furnished to licensee's bank or other lending institution.

(b) For the most recent quarter for which data is available prior to the date of the filing of the renewal application, but in no event more than one hundred twenty (120) days prior to the renewal date, the licensee must provide the number of payment instruments sold by the licensee in the state, the dollar amount of those instruments and the dollar amount of those instruments currently outstanding.

(c) Any material changes in any of the information submitted by the licensee on its original application which have not previously been reported to the director on any other report required to be filed under the provisions of this chapter.

(d) A list of the licensee's permissible investments; and if an audited financial statement has not been provided, the licensee
shall provide a certification by an independent certified public accountant that the licensee has complied with the provisions of section 26-2906, Idaho Code.

(e) A list of the locations within this state at which business regulated by the provisions of this chapter is being conducted by either the licensee or its authorized representative.

(2) A licensee that has not filed an annual report by the renewal filing deadline and has not been granted an extension of time to do so by the director shall be notified by the director, in writing, that a hearing will be scheduled at which time the licensee will be required to show cause why its license should not be suspended pending compliance with this requirement.

26-2912. EXTRAORDINARY REPORTING REQUIREMENTS. Within fifteen (15) days of the occurrence of any one (1) of the events listed below, a licensee shall file a written report with the director describing such event:

(1) The filing for bankruptcy or reorganization by the licensee;
(2) The institution of revocation or suspension proceedings against the licensee by any state or government authority with regard to the licensee's money transmission activities;
(3) Any felony indictment, complaint or information of the licensee or any of its key officers or directors; or
(4) Any felony conviction of the licensee or any of its key officers or directors.

26-2913. CHANGES IN CONTROL OF A LICENSE. (1) Within fifteen (15) days of a change or acquisition of control of a licensee that is a publicly traded corporation or is a direct or indirect subsidiary of a publicly traded corporation, the licensee shall provide notice of such event to the director in writing.

(2) Licensees other than publicly traded corporations or direct or indirect subsidiaries of publicly traded corporations must notify the director in writing thirty (30) days prior to a change of control.

26-2914. EXAMINATIONS. (1) The director may conduct examinations of a licensee. Should the director conclude that an on-site examination of a licensee is necessary, the licensee, subject to the provision of subsection (3) of this section, shall pay all the actual costs of such examination. If the director determines, based on the licensee's financial statements and past history of operations in the state, that an on-site examination is unnecessary, the on-site examination may be conducted in conjunction with examinations to be performed by representatives of agencies of another state or states. The director, in lieu of an on-site examination, may accept the examination report of an agency of another state, or a report prepared by an independent accounting firm, and reports so accepted are considered for all purposes as an official report of the director.

(2) The director may request financial data from a licensee in addition to that required in section 26-2907, Idaho Code, or conduct an on-site examination of any authorized representative or location of a license within this state without prior notice to the authorized representative or licensee if the director has a reasonable basis to
believe that the licensee or authorized representative is in violation of the provisions of this chapter.

(3) When the director examines a licensee or an authorized representative within this state, the licensee or authorized representative shall pay all the actual costs of such examination, up to a maximum of one thousand dollars ($1,000).

26-2916. CONFIDENTIALITY OF DATA SUBMITTED TO THE DIRECTOR. (3) Nothing in this section shall prohibit the director from releasing to the public a list of persons licensed under the provisions of this chapter or to release aggregated financial data on such licensees.

(4) The director may release information without prior notice to a law enforcement agency of this state or the United States in connection with a criminal referral made under this chapter or other law.

26-2917. SUSPENSION OR REVOCATION OF LICENSES. After notice and hearing, the director may suspend or revoke a licensee's license if the director finds that:

(5) That authorized representatives are under a duty to act only as authorized under the contract with the licensee and that an authorized representative that exceeds its authority is subject to cancel-
26-2919. AUTHORIZED REPRESENTATIVE CONDUCT. (1) An authorized representative shall not make any fraudulent or false statement or misrepresentation to a licensee or to the director.

(2) All money transmission or sale or issuance of payment instrument activities conducted by authorized representatives shall be strictly in accordance with the licensee's written procedures provided to the authorized representative.

(4) All funds, less fees, received by an authorized representative of a licensee from the sale or delivery of a payment instrument issued by a licensee or received by an authorized representative for transmission shall, from the time such funds are received by such authorized representative until such time when the funds or an equivalent amount are remitted by the authorized representative to the licensee, constitute trust funds owned by and belonging to the licensee. (5) An authorized representative shall report to the licensee the theft or loss of payment instruments within twenty-four (24) hours from the time he knew or should have known of such theft or loss.

26-2920. REVOCATION OR SUSPENSION OF AUTHORIZED REPRESENTATIVES. (1) If, after notice and a hearing, the director finds that any authorized representative of a licensee or any director, officer, employee, or controlling person of such authorized representative:

(2) (a) Any authorized representative to whom an order is issued under the provisions of this section may apply to the director to modify or rescind such order. The director shall not grant such application unless the director finds that it is in the public
interest to do so and that it is reasonable to believe that such person will, if and when such person is permitted to resume being an authorized representative of a licensee, comply with all applicable provisions of this chapter and of any rule and order issued under the provisions of this chapter.

(b) The right of any authorized representative to whom an order is issued under the provisions of this section to petition for judicial review of such order shall not be affected by the failure of such persons to apply to the director to modify or rescind the order.

26-2921. LICENSEE LIABILITY. A license's liability to any person for a money transmission conducted on that person's behalf by the licensee or the licensee's authorized representative shall be limited to the amount of money transmitted or the face amount of the payment instrument purchased.

(b) Apply to the district court for an order enjoining such person from violating or continuing to violate any provision of this chapter or any rule or order and for injunctive or such other relief as the nature of the case may require.

(2) The director may enter into consent orders at any time with any person to resolve any matter arising under the provisions of this chapter. A consent order must be signed by the person to whom it is issued or a duly authorized representative, and must indicate agree-
ment to the terms contained therein. A consent order need not consti­
tute an admission by any person that any provision of this chapter or
any rule or order promulgated or issued thereunder has been violated
nor need it constitute a finding by the director that such person has
violated any provision of this chapter or any rule or order promul-
gated or issued thereunder.
(3) Notwithstanding the issuance of a consent order, the director
may seek civil or criminal penalties or compromise civil penalties
concerning matters encompassed by the consent order unless the consent
order by its terms expressly precludes the director from so doing.

26-2925. CRIMINAL PENALTIES. Any person who knowingly and wil-
fully violates any provision of this chapter is guilty of a felony.

26-2926. PROMULGATION OF RULES. All rules promulgated by the
director pursuant to authority conferred in this chapter will be in
accordance with the Idaho administrative procedure act, chapter 52,
title 67, Idaho Code. In addition thereto, at the time the director
files a notice of proposed adoption, amendment or repeal of a rule for
public comment, a copy of said notice will be sent by regular United
States mail, postage prepaid, to all then current licensees and appli-
cants for licenses under the provisions of this chapter.

26-2927. SEVERABILITY. Should any provision, sentence, clause,
section or part of this act for any reason be held unconstitutional,
illegal or invalid, such unconstitutionality, illegality, or invalid-
ity shall not affect or impair any of the remaining provisions, sen-
tences, clauses, sections or parts of this act. It is hereby declared
to be the intention of this legislature that this act would have been
adopted had such unconstitutional, illegal or invalid sentence,
clause, section or part thereof not been included herein.

all actions arising under the provisions of this chapter; and

state encompassed in this chapter at the time of the chapter's adop-

CHAPTER 411
(S.B. No. 1455)

AN ACT
RELATING TO THE PUBLIC EMPLOYEES RETIREMENT SYSTEM; AMENDING SECTION 59-1302, IDAHO CODE, TO FURTHER DEFINE THE TERM DISABLED AND TO MAKE TECHNICAL CORRECTIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 59-1302, Idaho Code, be, and the same is hereby amended to read as follows:

59-1302. DEFINITIONS. (1) As used in this chapter, each of the terms defined in this section shall have the meaning given in this section unless a different meaning is clearly required by the context.

(2) "Active member" means any employee who is not establishing the right to receive benefits through his or her employer's participation in any other retirement system established for Idaho public employees, if such participation is mandated by applicable Idaho statutes other than this chapter. In no case will an employee be entitled to any benefit under this chapter for public service if such employee is establishing retirement benefit entitlements by other Idaho statutes or federal statutes other than military service or social security for that same service.

(3) "Accumulated contributions" mean the sum of amounts contributed by a member of the system, together with regular interest credit thereon.

(4) "Actuarial equivalent" means a benefit equal in value to another benefit, when computed upon the basis of the actuarial tables in use by the system.

(5) "Actuarial tables" mean such tables as shall have been adopted by the board in accordance with recommendations of the actuary.

(5A) "Average monthly salary" means the member's average salary during the base period as calculated pursuant to regulations adopted by the retirement board.

(5B) (a) "Base period" means the period of fifty-four (54) consecutive calendar months during which the member earned:

(i) The highest average salary; and

(ii) Membership service of at least one-half (1/2) the number of months in the period, excluding months of service attributable to:
A. Military service;
B. Service qualifying as minimum benefit pursuant to section 59-1342(5), Idaho Code; and
C. Workers' compensation income benefits.

(b) Effective October 1, 1993, the consecutive calendar months shall be forty-eight (48). Effective October 1, 1994, the consecutive calendar months shall be forty-two (42). Effective October 1, 1995, the consecutive calendar months shall be thirty-six (36).

(c) Entitlement to a base period shall not vest until the effective date of that base period. The retirement benefits shall be calculated on the amounts, terms and conditions in effect at the date of the final contribution by the member.

(d) If no base period exists for a member, the member's average monthly salary shall be determined by the board, using standards not inconsistent with those established in this subsection.

(e) To assure equitable treatment for all members, salary increments inconsistent with usual compensation patterns may be disallowed by the board in determining average monthly salary and base period.

(6) "Beneficiary" means the person who is nominated by the written designation of a member, duly executed and filed with the board, to receive the death benefit.

(7) "Calendar year" means twelve (12) calendar months commencing on the first day of January.

(8) "Credited service" means the aggregate of membership service, prior service and disabled service.

(9) "Date of establishment" means July 1, 1965, or a later date established by the board or statute.

(b) That the member will likely remain so disabled permanently and continuously during the remainder of the member's life.

It is not necessary that a person be absolutely helpless or entirely unable to do anything worthy of compensation to be considered disabled. If the person is so disabled that substantially all the avenues of employment are reasonably closed to the person, that condition is within the meaning of "disabled." In evaluating whether a person is disabled, medical factors and nonmedical factors including, but not limited to, education, economic and social environment, training and usable skills may be considered.

Refusal to submit to a medical examination ordered by the board before the commencement of a disability retirement allowance or at any reasonable time thereafter shall constitute proof that the member is
not disabled. The board shall be empowered to select for such medical examination one (1) or more physicians or surgeons who are licensed to practice medicine and perform surgery. The fees and expenses of such examination shall be paid from the administration account of the fund. No member shall be required to undergo such examination more often than once each year after he has received a disability retirement allowance continuously for two (2) years.

(12A) "Disabled service" means the total number of months elapsing from the first day of the month next succeeding the final contribution of a member prior to receiving a disability retirement allowance to the first day of the month following the date of termination of such disability retirement allowance. During such period, the member shall remain classified in the membership category held during the month of final contribution. The total number of months of disabled service credited for a person first becoming disabled after the effective date of this chapter shall not exceed the excess, if any, of three hundred sixty (360) over the total number of months of prior service and membership service.

(b) In an action under this section, plaintiff, in his complaint, must set forth the facts on which he seeks to recover, describe the premises, and set forth any circumstances which may have accompanied the failure or breach by the landlord.

(6) For the purpose of computation of the enhancement period in subsections (4), (5) and (7) of this section, the time that elapses
between the date of commission of the offense and the date the defendant pleads guilty or is found guilty for the pending offense shall be excluded. If the determination of guilt against the defendant is reversed upon appeal, the time that elapsed between the date of the commission of the offense and the date the defendant pleads guilty or is found guilty following the appeal shall also be excluded.

(7) Notwithstanding the provisions of subsections (4) and (5) of this section, any person who has pled guilty or has been found guilty of a felony violation of the provisions of section 18-8004, Idaho Code, a felony violation of the provisions of section 18-8004C, Idaho Code, a violation of the provisions of section 18-8006, Idaho Code, or a violation of the provisions of section 18-4006 3. (b), Idaho Code, and within ten (10) years pleads guilty or is found guilty of a further violation of the provisions of section 18-8004, Idaho Code, shall be guilty of a felony and shall be sentenced pursuant to subsection (5) of this section.

(8) For the purpose of subsections (4) and (5) of this section and the provisions of section 18-8004C, Idaho Code, a substantially conforming foreign criminal violation exists when a person has pled guilty to or has been found guilty of a violation of any federal law or law of another state, or any valid county, city, or town ordinance of another state substantially conforming to the provisions of section 18-8004, Idaho Code. The determination of whether a foreign criminal violation is substantially conforming is a question of law to be determined by the court.

(9) Any person who pleads guilty to or is found guilty of a violation of the provisions of section 18-8004, 18-8004C or 18-8006, Idaho Code, shall undergo, at his own expense, or at county expense through the procedures set forth in chapters 34 and 35, title 31, Idaho Code,) and prior to the sentencing date, an alcohol evaluation by an alcohol evaluation facility approved by the Idaho department of health and welfare. In the event the alcohol evaluation indicates the need for alcohol treatment, the evaluation shall contain a recommendation by the evaluator as to the most appropriate treatment program, together with the estimated cost thereof, and recommendations for other suitable alternative treatment programs, together with the estimated costs thereof. The person shall request that a copy of the completed evaluation be forwarded to the court. The court shall take the evaluation into consideration in determining an appropriate sentence. If a copy of the completed evaluation has not been provided to the court, the court may proceed to sentence the defendant; however, in such event, it shall be presumed that alcohol treatment is required unless the defendant makes a showing by a preponderance of evidence that treatment is not required. If the defendant has not made a good faith effort to provide the completed copy of the evaluation to the court, the court may consider the failure of the defendant to provide the report as an aggravating circumstance in determining an appropriate sentence. If treatment is ordered, in no event shall the person or facility doing the evaluation be the person or facility that provides the treatment unless this requirement is waived by the sentencing court, with the exception of federally recognized Indian tribes or federal military installations, where diagnosis and treatment are appropriate and available. Nothing herein contained shall preclude the
use of funds authorized pursuant to the provisions of chapter 3, title 39, Idaho Code, for court-ordered alcohol treatment for indigent defendants.

(10) At the time of sentencing, the court shall be provided with the following information:

(a) The results, if administered, of any evidentiary test for alcohol and/or drugs;
(b) A computer or teletype or other acceptable copy of the person's driving record;
(c) Information as to whether the defendant has pled guilty to or been found guilty of violation of the provisions of section 18-8004, 18-8004C or 18-8006, Idaho Code, or a similar offense within the past five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s); and
(d) The alcohol evaluation required in subsection (9) of this section, if any.

(11) A minor may be prosecuted for a violation of the provisions of section 18-8004 or 18-8004C, Idaho Code, under title 16, Idaho Code. In addition to any other penalty, if a minor pleads guilty to or is found guilty of a violation of the provisions of section 18-8004 or 18-8004C, Idaho Code, he shall have his driving privileges suspended or denied for an additional one (1) year following the end of any period of suspension or revocation existing at the time of the violation, or until he reaches the age of eighteen twenty-one (21) years, whichever period is greater. During the period of additional suspension or denial, absolutely no driving privileges shall be allowed.

(12) In the event that the alcohol evaluation required in subsection (9) of this section recommends alcohol treatment, the court shall order the person to complete a treatment program in addition to any other sentence which may be imposed, unless the court determines that alcohol treatment would be inappropriate or undesirable, in which event, the court shall enter findings articulating the reasons for such determination on the record. The court shall order the defendant to complete the preferred treatment program set forth in the evaluation, or a comparable alternative, unless it appears that the defendant cannot reasonably obtain adequate financial resources for such treatment. In that event, the court may order the defendant to complete a less costly alternative set forth in the evaluation, or a comparable program. Such treatment shall, to the greatest extent possible, be at the expense of the defendant. In the event that funding is provided for or on behalf of the defendant by an entity of state government, restitution shall be ordered to such governmental entity in accordance with the restitution procedure for crime victims, as specified under chapter 53, title 19, Idaho Code. Nothing contained herein shall be construed as requiring a court to order that a governmental entity shall provide alcohol treatment at government expense unless otherwise required by law.

(13) Any person who is disqualified shall not be granted restricted driving privileges to operate a commercial motor vehicle.

Approved April 7, 1994.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 18-8004, Idaho Code, be, and the same is hereby amended to read as follows:

18-8004. PERSONS UNDER THE INFLUENCE OF ALCOHOL, DRUGS OR ANY OTHER INTOXICATING SUBSTANCES. (1) (a) It is unlawful for any person who is under the influence of alcohol, drugs or any other intoxicating substances, or who has an alcohol concentration of 0.10, as defined in subsection (4) of this section, or more, as shown by analysis of his blood, urine, or breath, to drive or be in actual physical control of a motor vehicle within this state, whether upon a highway, street or bridge, or upon public or private property open to the public. (b) It is unlawful for any person who is under the influence of alcohol, drugs or any other intoxicating substances, or who has an alcohol concentration of 0.04 through 0.09, as defined in subsection (4) of this section, as shown by analysis of his blood, urine, or breath, to drive or be in actual physical control of a commercial motor vehicle within this state, whether upon a highway, street or bridge, or upon public or private property open to the public. (c) It is unlawful for any person who is under the influence of alcohol, drugs or any other intoxicating substances, or who has an alcohol concentration of 0.10 or higher, as defined in subsection (4) of this section, as shown by analysis of his blood, urine, or breath, to drive or be in actual physical control of a commercial motor vehicle within this state, whether upon a highway, street or bridge, or upon public or private property open to the public. (d) It is unlawful for any person under the age of twenty-one (21) who has an alcohol concentration of at least 0.02 but less than 0.10, as defined in subsection (4) of this section, to drive or be in actual physical control of a motor vehicle within this state, whether upon a highway, street or bridge, or upon public or private property open to the public. Any person violating this subsection shall be subject to the penalties provided in section 18-8004A, Idaho Code.

(2) Any person having an alcohol concentration of less than 0.10,
as defined in subsection (4) of this section, as shown by analysis of his blood, urine, or breath, by a test requested by a police officer shall not be prosecuted for driving under the influence of alcohol, except as provided in subsection (3), and subsection (1)(b) or subsection (1)(d) of this section. Any person who does not take a test to determine alcohol concentration or whose test result is determined by the court to be unreliable or inadmissible against him, may be prosecuted for driving or being in actual physical control of a motor vehicle while under the influence of alcohol, drugs, or any other intoxicating substances, on other competent evidence.

(3) If the results of the test requested by a police officer show a person's alcohol concentration of less than 0.10, as defined in subsection (4) of this section, such fact may be considered with other competent evidence of drug use other than alcohol in determining the guilt or innocence of the defendant.

(4) For purposes of this chapter, an evidentiary test for alcohol concentration shall be based upon a formula of grams of alcohol per one hundred (100) cubic centimeters of blood, per two hundred ten (210) liters of breath or sixty-seven (67) milliliters of urine. Analysis of blood, urine or breath for the purpose of determining the alcohol concentration shall be performed by a laboratory operated by the Idaho department of law enforcement or by a laboratory approved by the Idaho department of law enforcement under the provisions of approval and certification standards to be set by that department, or by any other method approved by the Idaho department of law enforcement. Notwithstanding any other provision of law or rule of court, the results of any test for alcohol concentration and records relating to calibration, approval, certification or quality control performed by a laboratory operated or approved by the Idaho department of law enforcement or by any other method approved by the Idaho department of law enforcement shall be admissible in any proceeding in this state without the necessity of producing a witness to establish the reliability of the testing procedure for examination.

(5) It is unlawful for any person who is an habitual user of, or under the influence of any narcotic drug, or who is under the influence of any other drug or any combination of alcohol and any drug to a degree which renders him incapable of safely driving a motor vehicle, to drive or be in actual physical control of a motor vehicle within this state, whether upon a highway, street or bridge, or upon public or private property open to public use. The fact that any person charged with a violation of the provisions of this subsection is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of a violation of the provisions of this subsection.

(6) "Actual physical control" as used in this section, shall be defined as being in the driver's position of the motor vehicle with the motor running or with the motor vehicle moving.

(7) Notwithstanding any other provision of law, any evidence of conviction under this section shall be admissible in any civil action for damages resulting from the occurrence. A conviction for the purposes of this section means that the person has pled guilty or has been found guilty, notwithstanding the form of the judgment(s) or withheld judgment(s).

In the event the alcohol evaluation indicates the need for alcohol treatment, the evaluation shall contain a recommendation by the evaluator as to the most appropriate treatment program, together with the estimated cost thereof, and recommendations for other suitable alternative treatment programs, together with the estimated costs thereof. The person shall request that a copy of the completed evaluation be forwarded to the court. The court shall take the evaluation into consideration in determining an appropriate sentence. If a copy of the completed evaluation has not been provided to the court, the court may proceed to sentence the defendant; however, in such event, it shall be presumed that alcohol treatment is required unless the defendant makes a showing by a preponderance of evidence that treat-
ment is not required. If the defendant has not made a good faith effort to provide the completed copy of the evaluation to the court, the court may consider the failure of the defendant to provide the report as an aggravating circumstance in determining an appropriate sentence. If treatment is ordered, in no event shall the person or facility doing the evaluation be the person or facility that provides the treatment unless this requirement is waived by the sentencing court, with the exception of federally recognized Indian tribes or federal military installations, where diagnosis and treatment are appropriate and available. Nothing herein contained shall preclude the use of funds authorized pursuant to the provisions of chapter 3, title 39, Idaho Code, for court-ordered alcohol treatment for indigent defendants.

(10) At the time of sentencing, the court shall be provided with the following information:
(a) The results, if administered, of any evidentiary test for alcohol and/or drugs;
(b) A computer or teletype or other acceptable copy of the person's driving record;
(c) Information as to whether the defendant has pled guilty to or been found guilty of violation of the provisions of section 18-8004 or 18-8006, Idaho Code, or a similar offense within the past five (5) years, notwithstanding the form of the judgment(s) or withheld judgment(s); and
(d) The alcohol evaluation required in subsection (9) of this section, if any.

(11) A minor may be prosecuted for a violation of the provisions of section 18-8004, Idaho Code, under title 16, Idaho Code. In addition to any other penalty, if a minor pleads guilty to or is found guilty of a violation of the provisions of section 18-8004(1)(a), (b) or (c), Idaho Code, he shall have his driving privileges suspended or denied for an additional one (1) year following the end of any period of suspension or revocation existing at the time of the violation, or until he reaches the age of eighteen twenty-one (218) years, whichever period is greater. During the period of additional suspension or denial, absolutely no driving privileges shall be allowed.

(12) In the event that the alcohol evaluation required in subsection (9) of this section recommends alcohol treatment, the court shall order the person to complete a treatment program in addition to any other sentence which may be imposed, unless the court determines that alcohol treatment would be inappropriate or undesirable, in which event, the court shall enter findings articulating the reasons for such determination on the record. The court shall order the defendant to complete the preferred treatment program set forth in the evaluation, or a comparable alternative, unless it appears that the defendant cannot reasonably obtain adequate financial resources for such treatment. In that event, the court may order the defendant to complete a less costly alternative set forth in the evaluation, or a comparable program. Such treatment shall, to the greatest extent possible, be at the expense of the defendant. In the event that funding is provided for or on behalf of the defendant by an entity of state government, restitution shall be ordered to such governmental entity in accordance with the restitution procedure for crime victims, as speci-

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 16-1506, Idaho Code, be, and the same is hereby amended to read as follows:

16-1506. PROCEEDINGS ON ADOPTION. (1) Proceedings to adopt a child shall be commenced by the filing of a petition together with a copy thereof. Said petition shall be initiated by the person or persons proposing to adopt the child and shall be filed with the district court of the county in which said person or persons reside. The petitioners shall have resided and maintained a dwelling within the state of Idaho for at least six (6) consecutive months prior to the filing of a petition. The petition shall set forth the name and address of the petitioner or petitioners, the name of the child proposed to be adopted and the name by which it shall be known if and when adopted, the degree of relationship of the child, if any, to the petitioner or petitioners and the names of any person or agency whose consent to said adoption is necessary. At the time fixed for hearing such petition the person adopting a child, and the child adopted, and the spouse of petitioner if a natural parent of the child, must appear before the court of the county wherein the petition was filed. Petitioner shall at such time execute an agreement to the effect that the child shall be adopted and treated in all respects as his own lawful child should be treated.

(2) Any person or persons whose consent is required shall execute such consent in writing, in a form consistent with the provisions of subsection f. of section 16-2005, Idaho Code, which consent being filed in the court where the application is made, shall be deemed a sufficient appearance on the part of such person or persons. If any adoptive parent, or a person not a minor being adopted by a resident adult under the provisions of section 16-1501, Idaho Code, is a member of the armed services and is unable to attend the hearing, his appearance and testimony shall be received by means of deposition, which shall be filed in the court at the time of the hearing.
(3) Prior to the placement for adoption of any child in the home of prospective adoptive parents, it shall be required that a thorough social investigation of the prospective adoptive family and all of its members, consistent with the rules regarding such investigations promulgated by the department of health and welfare, shall be completed and that a positive recommendation for adoptive placement shall have been made. In those instances where the prospective adoptive parent is married to the birth parent or is the grandparent of the child to be adopted, such social investigation shall be completed with regard to the prospective adoptive parent only upon order of the court. In exigent circumstances where the prospective adoptive parents are determined by the court to have been unable to complete a social investigation of the family with a positive recommendation prior to the time the child is placed in the home, the child shall remain in the home unless the court determines the best interests of the child are served by other placement. If exigent circumstances exist, a social investigation shall be initiated within five (5) days of placement. Once initiated, all studies shall be completed within sixty (60) days. Upon the filing of a petition to adopt a minor child by a person unrelated to the child or unmarried to a natural parent of the child and at the discretion of the court upon the filing of any other petition for adoption, a copy of such petition, together with a statement containing the full names and permanent addresses of the child and the petitioners, shall be served by the court receiving the petition within five (5) days on the director of the department of health and welfare by registered mail or personal service. It shall then be the duty of the said director, through the personnel of the department or through such qualified child-placing children's adoption agency incorporated under chapter 3, title 30, Idaho Code, as the director may designate, to verify the allegations of the petition, and as soon as possible, not exceeding thirty (30) days after service of the petition on the director to make a thorough investigation of the matter to include in all cases information as to the alleged date and place of birth and as to parentage of the child to be adopted as well as the source of all such information and report his findings in writing to the court. The investigative report shall include reasonably known or available medical and genetic information regarding both natural parents and sources of such information as well as reasonably known or available providers of medical care and services to the natural parents. A copy of all medical and genetic information compiled in the investigation shall be made available to the adopting family by the department or other investigating children's adoption agency prior to entry of the final order of adoption. The petition, statement and all other papers, records or files relating to the adoption, including the preplacement investigation and recommendation, shall be returned to the court with the investigative report. The department of health and welfare or other children's adoption agency may require the petitioner to pay all or any part of the costs of the investigation. If the report disapproves of the adoption of the child, motion may be made to the court to dismiss the petition.

(4) Proceedings for termination of parent-child relationship in accordance with chapter 20, title 16, Idaho Code, and proceedings for adoption may be consolidated and determined at one (1) hearing pro-
vided that all of the requirements of this chapter as well as chapter 20, title 16, Idaho Code, be fully complied with.

SECTION 2. That Section 16-2005, Idaho Code, be, and the same is hereby amended to read as follows:

16-2005. CONDITIONS UNDER WHICH TERMINATION MAY BE GRANTED. The court may grant an order terminating the relationship where it finds one or more of the following conditions exist:

a. The parent has abandoned the child by having willfully failed to maintain a normal parental relationship, including but not limited to reasonable support or regular personal contact; failure of the parent to maintain this relationship without just cause for a period of one (1) year shall constitute prima facie evidence of abandonment under this section. Provided further, that where termination is sought by a grandparent seeking to adopt the child, willful failure of the parent to maintain a normal parental relationship as provided herein, without just cause, for six (6) months shall constitute prima facie evidence of abandonment.

b. The parent has neglected or abused the child. Neglect as used herein shall mean a situation in which the child lacks parental care necessary for his health, morals and well-being.

c. The presumptive parent is not the natural parent of the child.

d. The parent is unable to discharge parental responsibilities because of mental illness or mental deficiency, and there are reasonable grounds to believe the condition will continue for a prolonged indeterminate period and will be injurious to the health, morals or well-being of the child.

e. If termination is found to be in the best interest of the parent and child, where the petition has been filed by a parent or through an authorized agency, or interested party.

f. Where a consent to termination in the manner and form prescribed by this act has been filed by the parent(s) of the child in conjunction with a petition for adoption initiated by the person or persons proposing to adopt the child, or where the consent to termination has been filed by a licensed adoption agency, no subsequent hearing on the merits of the petition shall be held. Consents required by this act must be witnessed by a district judge or magistrate of a district court, or equivalent judicial officer of the state, where a person consenting resides or is present, whether within or without the county, and shall be substantially in the following form:

To the extent permitted by federal law, the provisions of this chapter shall apply to any health benefit plan delivered or issued for delivery in the state of Idaho that provides coverage to eligible individuals or their dependents if not otherwise subject to the provisions of chapter 22, 40 or 47, title
Except as provided in subsection (2) of this section, for the purposes of this chapter, carriers that are affiliated companies or that are eligible to file a consolidated tax return shall be treated as one (1) carrier and any restrictions or limitations imposed in this chapter shall apply as if all health benefit plans delivered or issued for delivery to individuals in this state by such affiliated carriers were insured by one (1) carrier.

An affiliated carrier that is a health maintenance organization having a certificate of authority pursuant to the provisions of chapter 39, title 41, Idaho Code, may be considered to be a separate carrier for the purposes of this chapter.

Unless otherwise authorized by the director, an individual carrier shall not enter into one (1) or more ceding arrangements with respect to health benefit plans delivered or issued for delivery to individuals in this state if such arrangements would result in less than fifty percent (50%) of the insurance obligation or risk for such health benefit plans being retained by the ceding carrier. The provisions of sections 41-510, 41-511 and 41-514, Idaho Code, shall apply if an individual carrier cedes or assumes all of the insurance obligation or risk with respect to one (1) or more health benefit plans delivered or issued for delivery to individuals in this state.

RESTRICTIONS RELATING TO PREMIUM RATES. (1) Premium rates for health benefit plans subject to the provisions of this chapter shall be subject to the following provisions:

(a) The premium rates charged during a rating period to individuals with similar case characteristics for the same or similar coverage, or the rates that could be charged to such individuals under the rating system, shall not vary from the index rate by more than twenty-five percent (25%) of the index rate.

(b) The percentage increase in the premium rate charged to an individual for a new rating period may not exceed the sum of the following:

(i) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the individual carrier is no longer enrolling new individuals, the individual carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the individual carrier is actively enrolling new individuals.

(ii) Any adjustment, not to exceed fifteen percent (15%) annually and adjusted pro rata for rating periods of less than one (1) year, due to the claim experience, health status or duration of coverage of the individual or dependents as determined from the individual carrier's rate manual; and

(iii) Any adjustment due to change in coverage or change in the case characteristics of the individual as determined from
the individual carrier's rate manual.
(c) Premium rates for health benefit plans shall comply with the requirements of this section notwithstanding any assessments paid or payable by carriers pursuant to section 41-4711, Idaho Code.
(d) In the case of health benefit plans delivered or issued for delivery prior to the effective date of this chapter, a premium rate for a rating period may exceed the ranges set forth in subsections (1)(a) and (b) of this section for a period of three (3) years following the effective date of this chapter. In such case, the percentage increase in the premium rate charged to an individual for a new rating period shall not exceed the sum of the following:

(i) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the individual carrier is no longer enrolling new individuals, the individual carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the individual carrier is actively enrolling new individuals; and
(ii) Any adjustment due to change in coverage or change in the case characteristics of the individual as determined from the carrier's rate manual.
(e) (i) Individual carriers shall apply rating factors, including case characteristics, consistently with respect to all individuals. Rating factors shall produce premiums for identical individuals which differ only by the amounts attributable to plan design and do not reflect differences due to the nature of the individuals assumed to select particular health benefit plans; and
(ii) An individual carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.
(f) For purposes of this subsection, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize such a network, provided that utilization of the restricted provider network results in substantial differences in claims costs.
(g) The individual carrier shall not use case characteristics, other than age or gender, without prior approval of the director.
(h) An individual carrier may utilize age as a case characteristic in establishing premium rates, provided that the same rating factor shall be applied to all individuals under the age of twenty (20) years of age, and the same rating factor shall be applied on a quinquennial basis as to individuals twenty (20) years of age or older.
(i) The director may establish rules to implement the provisions of this section and to assure that rating practices used by individual carriers are consistent with the purposes of this chapter, including rules that:

(i) Assure that differences in rates charged for health
benefit plans by individual carriers are reasonable and reflect objective differences in plan design, not including differences due to the nature of the individuals assumed to select particular health benefit plans; 
(ii) Prescribe the manner in which case characteristics may be used by individual carriers; and 
(iii) Prescribe the manner in which an individual carrier is to demonstrate compliance with the provisions of this section, including requirements that an individual carrier provide the director with actuarial certification as to such compliance. 

(2) The director may suspend for a specified period the application of subsection (1)(a) of this section as to the premium rates applicable to one (1) or more individuals for one (1) or more rating periods upon a filing by the individual carrier and a finding by the director either that the suspension is reasonable in light of the financial condition of the individual carrier or that the suspension would enhance the efficiency and fairness of the marketplace for individual health insurance. 

(3) In connection with the offering for sale of any health benefit plan to an individual, an individual carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of all of the following:
(a) The extent to which premium rates for an individual are established or adjusted based upon the actual or expected variation in claims costs or actual or expected variation in health status of the individual and his dependents; 
(b) The provisions of the health benefit plan concerning the individual carrier's right to change premium rates and the factors, other than claim experience, that affect changes in premium rates; 
(c) The provisions relating to renewability of policies and contracts; and 
(d) The provisions relating to any preexisting condition provision. 

(4) (a) Each individual carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles. 
(b) Each individual carrier shall file with the director annually on or before September 15, an actuarial certification certifying that the carrier is in compliance with the provisions of this chapter and that the rating methods of the individual carrier are actuarially sound. Such certification shall be in a form and manner, and shall contain such information, as specified by the director. A copy of the certification shall be retained by the individual carrier at its principal place of business. 
(c) An individual carrier shall make the information and documentation described in subsection (4)(a) of this section available to the director upon request. Except in cases of violations of the provisions of this chapter, the information shall be considered
proprietary and trade secret information and shall not be subject to disclosure by the director to persons outside of the department except as agreed to by the individual carrier or as ordered by a court of competent jurisdiction.

41-5207. RENEWABILITY OF COVERAGE. (1) A health benefit plan subject to the provisions of this chapter shall be renewable with respect to the individual or dependents, at the option of the individual, except in any of the following cases:

(a) Nonpayment of the required premiums;
(b) Fraud or misrepresentation of the individual insured or his representatives. An individual whose coverage is terminated for fraud or misrepresentation shall not be deemed to be an "eligible individual" for a period of twelve (12) months from the effective date of the termination of the individual's coverage and shall not be deemed to have "qualifying previous coverage" under chapter 47 or 52, title 41, Idaho Code;
(c) Repeated misuse of a provider network provision;
(d) The individual carrier elects to nonrenew all of its health benefit plans delivered or issued for delivery to individuals in this state. In such a case the carrier shall:
   (i) Provide advance notice of its decision under this paragraph to the director; and
   (ii) Provide notice of the decision not to renew coverage to all affected individuals and to the director at least one hundred eighty (180) days prior to the nonrenewal of any health benefit plans by the carrier. Notice to the director under the provisions of this paragraph shall be provided at least three (3) working days prior to the notice to the affected individuals; or
(e) The director finds that the continuation of the coverage would:
   (i) Not be in the best interests of the policyholders or certificate holders; or
   (ii) Impair the carrier's ability to meet its contractual obligations.

In such instance, the director shall assist affected individuals in finding replacement coverage.

(2) An individual carrier that elects not to renew a health benefit plan under the provisions of subsection (1)(d) of this section shall be prohibited from writing new business in the individual market in this state for a period of five (5) years from the date of notice to the director.

(3) In the case of an individual carrier doing business in one established geographic service area of the state, the rules set forth in this subsection shall apply only to the carrier's operations in that service area.

41-5208. AVAILABILITY OF COVERAGE. (1) (a) Every individual carrier shall, as a condition of offering health benefit plans in this state to individuals, actively offer to individuals at least two (2) health benefit plans and provide enrollment to all persons in the first thirty (30) days of the calendar year and then on an orderly
rotation as determined by the director pursuant to rule between insur­ers for the remainder of the year. One (1) health benefit plan offered by each individual carrier shall be a basic health benefit plan and one (1) plan shall be a standard health benefit plan.

(b) An individual carrier shall issue a basic health benefit plan or a standard health benefit plan to any eligible individual that applies for either such plan and agrees to make the required pre­mium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with the provisions of this chapter. The carrier may require certification of Idaho resi­dency or dependency upon an Idaho resident.

(2) (a) An individual carrier shall file with the director, in a format and manner prescribed by the director, the basic health benefit plans and the standard health benefit plans to be used by the carrier. A health benefit plan filed pursuant to the provi­sions of this paragraph may be used by an individual carrier beginning thirty (30) days after it is filed unless the director disapproves its use.

(b) The director at any time may, after providing notice and an opportunity for a hearing to the individual carrier, disapprove the continued use by an individual carrier of a basic or standard health benefit plan on the grounds that the plan does not meet the requirements of this chapter.

(3) Health benefit plans covering individuals shall comply with the following provisions:

(a) A health benefit plan shall not deny, exclude or limit bene­fits for a covered individual for covered expenses incurred more than twelve (12) months following the effective date of the individual's coverage due to a preexisting condition. A health benefit plan shall not define a preexisting condition more restrictively than:

(i) A condition that would have caused an ordinarily pru­dent person to seek medical advice, diagnosis, care or treat­ment during the six (6) months immediately preceding the effective date of coverage;

(ii) A condition for which medical advice, diagnosis, care or treatment was recommended or received during the six (6) months immediately preceding the effective date of coverage; or

(iii) A pregnancy existing on the effective date of coverage.

(b) A health benefit plan shall waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services for the period of time an individ­ual was previously covered by qualifying previous coverage to the extent such previous coverage provided benefits with respect to such services, provided that the qualifying previous coverage was continuous to a date not more than thirty (30) days prior to the effective date of the new coverage. In the case of replacement coverage from the same carrier, a preexisting condition will be covered for the first twelve (12) months for the lesser of:

(i) The benefits payable under the new policy; or

(ii) The benefits which would have been payable under the prior policy.
(c) An individual carrier shall not modify a basic or standard health benefit plan with respect to an individual or any dependent through riders, endorsements, or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(4) (a) An individual carrier shall not be required to offer coverage or accept applications pursuant to the provisions of subsection (1) of this section in the case of the following:

(i) To an individual, where the individual is not residing in the carrier's established geographic service area;

(ii) Within an area where the individual carrier reasonably anticipates, and demonstrates to the satisfaction of the director, that it will not have the capacity within its established geographic service area to deliver service adequately to individuals because of its obligations to existing groups or individuals.

(b) An individual carrier that cannot offer coverage pursuant to the provisions of subsection (4)(a)(ii) of this section may not offer coverage in the applicable area to new cases of employer groups with more than forty-nine (49) eligible employees or to any small employer groups or to any individuals until the later of one hundred eighty (180) days following each such refusal or the date on which the carrier notifies the director that it has regained capacity to deliver services to individuals and groups.

(5) An individual carrier shall not be required to provide coverage to individuals pursuant to the provisions of subsection (1) of this section for any period of time for which the director determines that requiring the acceptance of individuals in accordance with the provisions of subsection (1) of this section would place the individual carrier in a financially impaired condition.

(6) An individual carrier shall not be required to comply with the provisions of this section until the director has approved or adopted the revised plan of operation as provided in section 41-4711, Idaho Code.

41-5209. NOTICE OF INTENT TO OPERATE AS A RISK-ASSUMING CARRIER OR A REINSURING CARRIER. (1) (a) Each individual carrier shall notify the director within thirty (30) days of the effective date of this chapter of the carrier's intention to operate as a risk-assuming carrier or a reinsuring carrier. An individual carrier seeking to operate as a risk-assuming carrier shall make an application pursuant to the provisions of section 41-5210, Idaho Code.

(b) The decision shall be binding for a five (5) year period except that the initial decision shall be binding for two (2) years. The director may permit a carrier to modify its decision at any time for good cause shown.

(c) The director shall establish an application process for individual carriers seeking to change their status under the provisions of this subsection.

(2) A reinsuring carrier that applies and is approved to operate as a risk-assuming carrier shall not be permitted to continue to reinsure any health benefit carrier with the program. Such a carrier shall pay a prorated assessment based upon business issued as a reinsuring
carrier for any portion of the year that the business was reinsured.

41-5210. APPLICATION TO BECOME A RISK-ASSUMING CARRIER. (1) An individual carrier may apply to become a risk-assuming carrier by filing an application with the director in a form and manner prescribed by the director.

(2) The director shall consider the following factors in evaluating an application filed under the provisions of subsection (1) of this section:

(a) The carrier's financial condition;
(b) The carrier's history of rating and underwriting individuals;
(c) The carrier's commitment to market fairly to all individuals in the state or its established geographic service area, as applicable;
(d) The carrier's experience with managing the risk of individuals; and
(e) The extent to which a carrier has and will be able to maintain reinsurance pursuant to the provisions of subsection (3) of section 41-5204, Idaho Code.

(3) The director shall provide public notice of an application by an individual carrier to be a risk-assuming carrier and shall provide at least a sixty (60) day period for public comment prior to making a decision on the application. If the application is not acted upon within ninety (90) days of the receipt of the application by the director, the carrier may request a hearing.

(4) The director may rescind the approval granted to a risk-assuming carrier under the provisions of this section if the director finds that:

(a) The carrier's financial condition will no longer support the assumption of risk from issuing coverage to individuals in compliance with the provisions of section 41-5208, Idaho Code, without the protection afforded by the program;
(b) The carrier has failed to market fairly to all individuals in the state or its established geographic service area, as applicable; or
(c) The carrier has failed to provide coverage to eligible individuals as required in section 41-5208, Idaho Code.

(5) An individual carrier electing to be a risk-assuming carrier shall not be subject to the provisions of section 41-4711, Idaho Code, except to the extent such individual carrier is subject to assessment for additional funding pursuant to the provisions of subsection (12)(c) of section 41-4711, Idaho Code.

41-5211. ADMINISTRATIVE PROCEDURES. The director shall promulgate rules in accordance with the provisions of chapter 52, title 67, Idaho Code, for the implementation and administration of the individual health coverage reform act.

41-5212. STANDARDS TO ASSURE FAIR MARKETING. (1) Each individual carrier shall actively market health benefit plan coverage, including the basic and standard health benefit plans, to eligible individuals in the state. If an individual carrier denies coverage to an individual on the basis of the health status or claims experience of the
individual or dependents, the individual carrier shall offer the individ­ual the opportunity to purchase either a basic health benefit plan or a standard health benefit plan.

(2) (a) Except as provided in subsection (2)(b) of this section, no individual carrier or agent shall, directly or indirectly, engage in the following activities:

(i) Encouraging or directing individuals to refrain from filing an application for coverage with the individual carrier because of the health status, claims experience, industry, occupation or geographic location of the individual or dependents.
(ii) Encouraging or directing individuals to seek coverage from another carrier because of the health status, claims experience, industry, occupation or geographic location of the individual.

(b) The provisions of subsection (2)(a) of this section shall not apply with respect to information provided by an individual carrier or agent to an individual regarding the established geographic service area or a restricted network provision of an individual carrier.

(3) (a) Except as provided in subsection (2)(b) of this section, no individual carrier shall, directly or indirectly, enter into any contract, agreement or arrangement with an agent that provides for or results in the compensation paid to an agent for the sale of a health benefit plan to be carried because of the health status, claims experience, industry, occupation or geographic location of the individual.

(b) The provisions of paragraph (a) of this subsection shall not apply with respect to a compensation arrangement that provides compensation to an agent on the basis of percentage of premium, provided that the percentage shall not vary because of the health status, claims experience, industry, occupation or geographic area of the individual.

(4) An individual carrier shall provide reasonable compensation, as provided under the plan of operation of the program, to an agent, if any, for the sale of a basic or standard health benefit plan.

(5) An individual carrier may provide commission or other compensa­tion to an agent or other representative for the sale or servicing of an individual policy or certificate. The commission or compensation provided in subsequent (renewal) years must be the same as that provided in the first year or period and must be provided for no fewer than five (5) years.

(6) No individual carrier may terminate, fail to renew or limit its contract or agreement of representation with an agent for any reason related to the health status, claims experience, occupation or geographic location of the individuals placed by the agent with the individual carrier.

(7) Denial by an individual carrier of an application for coverage from an individual shall be in writing and shall state the reason or reasons for the denial.

(8) The director may establish rules setting forth additional standards to provide for the fair marketing and broad availability of health benefit plans to individuals in this state.
(9) (a) A violation of the provisions of this section by an individual carrier or an agent shall be an unfair trade practice pursuant to the provisions of section 41-1302, Idaho Code.
(b) If an individual carrier enters into a contract, agreement or other arrangement with a third party administrator to provide administrative, marketing or other services related to the offering of health benefit plans to individuals in this state, the third party administrator shall be subject to the provisions of this section as if it were an individual carrier.

41-4706. RESTRICTIONS RELATING TO PREMIUM RATES. (1) Premium rates for health benefit plans subject to the provisions of this chapter shall be subject to the provisions of the following provisions:
(a) The index rate for a rating period for any class of business shall not exceed the index rate for any other class of business by more than twenty percent (20%).
(b) For a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates that could be charged to such employers under the rating system for that class of business, shall not vary from the index rate by more than twenty-five percent (25%) of the index rate.
(c) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:
   (i) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;
   (ii) Any adjustment, not to exceed fifteen percent (15%) annually and adjusted pro rata for rating periods of less than one (1) year, due to the claim experience, health status or duration of coverage of the employees or dependents of the small employer as determined from the small employer carrier's rate manual for the class of business; and
   (iii) Any adjustment due to change in coverage or change in the case characteristics of the small employer as determined from the small employer carrier's rate manual for the class of business.
(d) Adjustments in rates for claim experience, health status and duration of coverage shall not be charged to individual employees or dependents. Any such adjustment shall be applied uniformly to the rates charged for all employees and dependents of the small employer.
(e) Premium rates for health benefit plans shall comply with the requirements of this section notwithstanding any assessments paid or payable by small employer carriers pursuant to section 41-4711, Idaho Code.
(f) In the case of health benefit plans delivered or issued for delivery prior to the effective date of this chapter, a premium rate for a rating period may exceed the ranges set forth in subsections (1)(a) and (b) of this section for a period of three (3) years following the effective date of this chapter. In such case, the percentage increase in the premium rate charged to a small
employer for a new rating period shall not exceed the sum of the following:

(i) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers; and

(ii) Any adjustment due to change in coverage or change in the case characteristics of the small employer as determined from the carrier's rate manual for the class of business.

(g) Small employer carriers shall apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors shall produce premiums for identical groups which differ only by the amounts attributable to plan design and do not reflect differences due to the nature of the groups assumed to select particular health benefit plans; and

(ii) A small employer carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(h) For the purposes of this subsection, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize such a network, provided that utilization of the restricted provider network results in substantial differences in claims costs.

(i) The small employer carrier shall not use case characteristics, other than age or gender, without prior approval of the director.

(j) A small employer carrier may utilize age as a case characteristic in establishing premium rates, provided that the same rating factor shall be applied to all individuals over the age of eighteen-(18) twenty (20) years of age and-under-the-age-of-thirty (30)-years-of-age, and the same rating factor shall be applied on a quinquennial basis as to individuals thirty-(30) twenty (20) years of age or older.

(k) The director may establish regulations to implement the provisions of this section and to assure that rating practices used by small employer carriers are consistent with the purposes of this chapter, including regulations that:

(i) Assure that differences in rates charged for health benefit plans by small employer carriers are reasonable and reflect objective differences in plan design, not including differences due to the nature of the groups assumed to select particular health benefit plans;

(ii) Prescribe the manner in which case characteristics may be used by small employer carriers; and
(iii) Prescribe the manner in which a small employer carrier is to demonstrate compliance with the provisions of this section, including requirements that a small employer carrier provide the director with actuarial certification as to such compliance.

(2) A small employer carrier shall not transfer a small employer involuntarily into or out of a class of business. A small employer carrier shall not offer to transfer a small employer into or out of a class of business unless such offer is made to transfer all small employers in the class of business without regard to case characteristics, claim experience, health status or duration of coverage since issue.

(3) The director may suspend for a specified period the application of subsection (1)(a) of this section as to the premium rates applicable to one (1) or more small employers included within a class of business of a small employer carrier for one (1) or more rating periods upon a filing by the small employer carrier and a finding by the director either that the suspension is reasonable in light of the financial condition of the small employer carrier or that the suspension would enhance the efficiency and fairness of the marketplace for small employer health insurance.

(4) In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of all of the following:

(a) The extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in claims costs or actual or expected variation in health status of the employees of the small employer and their dependents;

(b) The provisions of the health benefit plan concerning the small employer carrier's right to change premium rates and the factors, other than claim experience, that affect changes in premium rates;

(c) The provisions relating to renewability of policies and contracts; and

(d) The provisions relating to any preexisting condition provision.

(5) (a) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(b) Each small employer carrier shall file with the director annually on or before March 15, an actuarial certification certifying that the carrier is in compliance with the provisions of this chapter and that the rating methods of the small employer carrier are actuarially sound. Such certification shall be in a form and manner, and shall contain such information, as specified by the director. A copy of the certification shall be retained by the small employer carrier at its principal place of business.

(c) A small employer carrier shall make the information and docu-
mentation described in subsection (54)(a) of this section avail-
able to the director upon request. Except in cases of violations
of the provisions of this chapter, the information shall be con-
sidered proprietary and trade secret information and shall not be
subject to disclosure by the director to persons outside of the
department except as agreed to by the small employer carrier or as
ordered by a court of competent jurisdiction.

SECTION 5. That Section 41-4707, Idaho Code, be, and the same is
hereby amended to read as follows:

41-4707. RENEWABILITY OF COVERAGE. (1) A health benefit plan sub-
ject to the provisions of this chapter shall be renewable with respect
to all eligible employees or dependents, at the option of the small
employer, except in any of the following cases:
(a) Nonpayment of the required premiums;
(b) Fraud or misrepresentation of the small employer or, with
respect to coverage of individual insureds, the insureds or their
representatives;
(c) Noncompliance with the carrier's minimum participation
requirements;
(d) Noncompliance with the carrier's employer contribution
requirements;
(e) Repeated misuse of a provider network provision;
(f) The small employer carrier elects to nonrenew all of its
health benefit plans delivered or issued for delivery to small
employers in this state. In such a case the carrier shall:
(i) Provide advance notice of its decision under this para-
graph to the director in each state in which it is licensed;
and
(ii) Provide notice of the decision not to renew coverage to
all affected small employers and to the director in each state in which an affected insured resides at least one hundred eighty (180) days prior to the nonrenewal of any health benefit plans by the carrier. Notice to the director under the provisions of this paragraph shall be provided at least three (3) working days prior to the notice to the affected small employers; or
(g) The director finds that the continuation of the coverage
would:
(i) Not be in the best interests of the policyholders or
certificate holders; or
(ii) Impair the carrier's ability to meet its contractual
obligations.
In such instance the director shall assist affected small employ-
ers in finding replacement coverage.
(2) A small employer carrier that elects not to renew a health
benefit plan under the provisions of subsection (1)(f) of this section
shall be prohibited from writing new business in the small employer
market in this state for a period of five (5) years from the date of
notice to the director.
(3) In the case of a small employer carrier doing business in one
(1) established geographic service area of the state, the rules set
forth in this subsection shall apply only to the carrier's operations in that service area.

SECTION 6. That Section 41-4708, Idaho Code, be, and the same is hereby amended to read as follows:

41-4708. AVAILABILITY OF COVERAGE. (1) (a) Every small employer carrier shall, as a condition of transacting-business offering health benefit plans in this state with small employers, actively offer to small employers at least two (2) health benefit plans. One (1) health benefit plan offered by each small employer carrier shall be a basic health benefit plan and one (1) plan shall be a standard health benefit plan.

(b) (i) A small employer carrier shall issue a basic health benefit plan or a standard health benefit plan to any eligible small employer that applies for either such plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with the provisions of this chapter.

(ii) In the case of a small employer carrier that establishes more than one (1) class of business pursuant to the provisions of section 41-4705, Idaho Code, the small employer carrier shall maintain and issue to eligible small employers at least one (1) basic health benefit plan and at least one (1) standard health benefit plan in each class of business so established. A small employer carrier may apply reasonable criteria in determining whether to accept a small employer into a class of business, provided that:

(A) The criteria are not intended to discourage or prevent acceptance of small employers applying for a basic or standard health benefit plan;

(B) The criteria are not related to the health status or claim experience of the small employer;

(C) The criteria are applied consistently to all small employers applying for coverage in the class of business; and

(D) The small employer carrier provides for the acceptance of all eligible small employers into one (1) or more classes of business.

The provisions of this paragraph shall not apply to a class of business into which the small employer carrier is no longer enrolling new small businesses.

(c) A small employer is eligible under the provisions of paragraph (b) of this section if it employed at least two (2) or more eligible employees within this state on at least fifty percent (50%) of its working days during the preceding calendar quarter.

(2) (a) A small employer carrier shall file with the director, in a format and manner prescribed by the director, the basic health benefit plans and the standard health benefit plans to be used by the carrier. A health benefit plan filed pursuant to the provisions of this paragraph may be used by a small employer carrier beginning thirty (30) days after it is filed unless the director disapproves its use.
(b) The director at any time may, after providing notice and an opportunity for a hearing to the small employer carrier, disapprove the continued use by a small employer carrier of a basic or standard health benefit plan on the grounds that the plan does not meet the requirements of this chapter.

(3) Health benefit plans covering small employers shall comply with the following provisions:

(a) A health benefit plan shall not deny, exclude or limit benefits for a covered individual for covered expenses incurred more than twelve (12) months following the effective date of the individual's coverage due to a preexisting condition. A health benefit plan shall not define a preexisting condition more restrictively than:

(i) A condition that would have caused an ordinarily prudent person to seek medical advice, diagnosis, care or treatment during the six (6) months immediately preceding the effective date of coverage;

(ii) A condition for which medical advice, diagnosis, care or treatment was recommended or received during the six (6) months immediately preceding the effective date of coverage; or

(iii) A pregnancy existing on the effective date of coverage.

(b) A health benefit plan shall waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services for the period of time an individual was previously covered by qualifying previous coverage that provided benefits with respect to such services, provided that the qualifying previous coverage was continuous to a date not more than thirty (30) days prior to the effective date of the new coverage. This paragraph does not preclude application of any waiting period applicable to all new enrollees under the health benefit plan. In the case of replacement coverage from the same carrier, a preexisting condition will be covered for the first twelve (12) months for the lesser of:

(i) The benefits payable under the new policy; or

(ii) The benefits which would have been payable under the prior policy.

(c) A health benefit plan may exclude coverage for late enrollees for the greater of twelve (12) months or for a twelve (12) month preexisting condition exclusion; provided that if both a period of exclusion from coverage and a preexisting condition exclusion are applicable to a late enrollee, the combined period shall not exceed twelve (12) months from the date the individual enrolls for coverage under the health benefit plan.

(d) (i) Except as provided in subsection (d)(iv) of this section, requirements used by a small employer carrier in determining whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, shall be applied uniformly among all small employers with the same number of eligible employees applying for coverage or receiving coverage from the small employer carrier.

(ii) A small employer carrier may vary application of mini-
mum participation requirements and minimum employer contribu-
tion requirements only by the size of the small employer

group.

(iii) In applying minimum participation requirements with
respect to a small employer, a small employer carrier shall
not consider employees or dependents who have qualifying
existing coverage in determining whether the applicable per-
centage of participation is met.

(iv) A small employer carrier shall not increase any
requirement for minimum employee participation or any
requirement for minimum employer contribution applicable to a
small employer at any time after the small employer has been
accepted for coverage.

(e) (i) If a small employer carrier offers coverage to a small
employer, the small employer carrier shall offer coverage to
all of the eligible employees of a small employer and their
dependents. A small employer carrier shall not offer coverage
to only certain individuals in a small employer group or to
only part of the group, except in the case of late enrollees
as provided in paragraph (c) of this section.

(ii) A small employer carrier shall not modify a basic or
standard health benefit plan with respect to a small employer
or any eligible employee or dependent through riders,
endorsements or otherwise, to restrict or exclude coverage
for certain diseases or medical conditions otherwise covered
by the health benefit plan.

(4) (a) A small employer carrier shall not be required to offer
coverage or accept applications pursuant to the provisions of sub-
section (1) of this section in the case of the following:

(i) To a small employer, where the small employer is not
physically located in the carrier's established geographic
service area;

(ii) To an employee, when the employee does not work or
reside within the carrier's established geographic service
area;

(iii) Within an area where the small employer carrier reason-
ably anticipates, and demonstrates to the satisfaction of the
director, that it will not have the capacity within its
established geographic service area to deliver service ade-
quately to the members of such groups because of its obliga-
tions to existing group policyholders and enrollees.

(b) A small employer carrier that cannot offer coverage pursuant
to the provisions of subsection (4)(a)(iii) of this section may
not offer coverage in the applicable area to new cases of employer
groups with more than forty-nine (49) eligible employees or to any
small employer groups until the later of one hundred eighty (180)
days following each such refusal or the date on which the carrier
notifies the director that it has regained capacity to deliver
services to small employer groups.

(5) A small employer carrier shall not be required to provide
coverage to small employers pursuant to the provisions of subsection
(1) of this section for any period of time for which the director
determines that requiring the acceptance of small employers in accor-
dance with the provisions of subsection (1) of this section would place the small employer carrier in a financially impaired condition.

(6) A small employer carrier shall not be required to comply with the provisions of this section until the director has approved or adopted the revised plan of operation as provided in section 41-4711, Idaho Code.

SECTION 7. That Section 41-4711, Idaho Code, be, and the same is hereby amended to read as follows:

41-4711. SMALL EMPLOYER AND INDIVIDUAL CARRIER REINSURANCE PROGRAM. (1) A reinsuring carrier shall be subject to the provisions of this section.

(2) There is hereby created a nonprofit entity to be known as the Idaho small employer and individual health reinsurance program.

(3) (a) The program shall operate subject to the supervision and control of the board. Subject to the provisions of subsection (3)(b) of this section, the board shall consist of eight (8) members appointed by the director plus the director or his designated representative, who shall serve as an ex-officio member of the board.

(b) (i) In selecting the members of the board, the director shall include representatives of small employers and small employer carriers, individual carriers and such other individuals determined to be qualified by the director. At least five (5) of the members of the board shall be representatives of reinsuring carriers and shall be selected from individuals nominated by small employer and individual carriers in this state pursuant to procedures and guidelines developed by the director.

(ii) In the event that the program becomes eligible for additional financing pursuant to the provisions of subsection (12)(c) of this section, the board shall be expanded to include two (2) additional members who shall be appointed by the director. In selecting the additional members of the board, the director shall choose individuals who represent carriers subject to assessment for additional financing identified in subsection (12)(c) of this section. The expansion of the board under the provisions of this subsection shall continue for the period that the program continues to be eligible for additional financing under the provisions of subsection (12)(c) of this section.

(c) The initial board members shall be appointed as follows: two (2) of the members to serve a term of two (2) years; three (3) of the members to serve a term of four (4) years; and three (3) of the members to serve a term of six (6) years. Subsequent board members shall serve for a term of three (3) years. A board member's term shall continue until his successor is appointed.

(d) A vacancy in the board shall be filled by the director. A board member may be removed by the director for cause.

(4) Within sixty (60) days of the effective date of this chapter, each small employer and individual carrier shall make a filing with the director containing the carrier's earned health insurance premium
derived from health benefit plans delivered or issued for delivery to small employers and individuals in this state in the previous calendar year.

(5) Within one hundred eighty (180) days after the appointment of the initial board, the board shall submit to the director a plan of operation and thereafter any amendments thereto necessary or suitable to assure the fair, reasonable and equitable administration of the program. The director may, after notice and hearing, approve the plan of operation if the director determines it to be suitable to assure the fair, reasonable and equitable administration of the program, and to provide for the sharing of program gains or losses on an equitable and proportionate basis in accordance with the provisions of this section. The plan of operation shall become effective upon written approval by the director.

(6) If the board fails to submit a suitable plan of operation within one hundred eighty (180) days after its appointment, the director shall, after notice and hearing, adopt and promulgate a temporary plan of operation. The director shall approve the plan of operation submitted by the board, or adopt a temporary plan of operation if the board fails to submit a suitable plan, within one hundred eighty (180) days of the submission of the plan of operation by the board or within one hundred eighty (180) days of the expiration of the period of time for such submission by the board. The director shall amend or rescind any plan adopted under the provisions of this subsection at the time a plan of operation is submitted by the board and approved by the director.

(7) The plan of operation shall:
(a) Establish procedures for handling and accounting of program assets and moneys and for an annual fiscal reporting to the director;
(b) Establish procedures for selecting an administering carrier, which carrier shall be a properly licensed or authorized carrier in this state, and setting forth the powers and duties of the administering carrier;
(c) Establish procedures for reinsuring risks in accordance with the provisions of this section;
(d) Establish procedures for collecting assessments from reinsuring carriers to fund claims and administrative expenses incurred or estimated to be incurred by the program; and
(e) Provide for any additional matters necessary for the implementation and administration of the program.

(8) The program shall have the general powers and authority granted under the laws of this state to insurance companies and health maintenance organizations licensed to transact business, except the power to issue health benefit plans directly to either groups or individuals. In addition thereto, the program shall have the specific authority to:
(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter, including the authority, with the approval of the director, to enter into contracts with similar programs of other states for the joint performance of common functions or with persons or other organizations for the performance of administrative functions;
(b) Sue or be sued, including taking any legal actions necessary or proper to recover any assessments and penalties for, on behalf of, or against the program or any reinsuring carriers;
(c) Take any legal action necessary to avoid the payment of improper claims against the program;
(d) Define the health benefit plans, which plans shall allow coordination of benefits, for which reinsurance will be provided, and to issue reinsurance policies, in accordance with the requirements of this chapter;
(e) Establish rules, conditions and procedures for reinsuring risks under the program, including board discretion to operate separate small employer and individual reinsurance pools;
(f) Establish actuarial functions as appropriate for the operation of the program;
(g) Assess carriers in accordance with the provisions of subsection (12) of this section, and to make advance interim assessments of carriers as may be reasonable and necessary for organizational and interim operating expenses. Any interim assessments shall be credited as offsets against any regular assessments due following the close of the fiscal year;
(h) Appoint appropriate legal, actuarial and other committees as necessary to provide technical assistance in the operation of the program, policy and other contract design, and any other function within the authority of the program;
(i) Borrow money to effect the purposes of the program. Any notes or other evidence of indebtedness of the program not in default shall be legal investments for carriers and may be carried as admitted assets.

(9) A reinsuring carrier may reinsure with the program as provided for in this subsection:
(a) With respect to a basic health benefit plan or a standard health benefit plan, the program shall reinsure the level of coverage provided and, with respect to other plans, the program shall reinsure up to the level of coverage provided in a basic or standard health benefit plan.
(b) A small employer carrier may reinsure an entire employer group within sixty (60) days of the commencement of the group's coverage under a health benefit plan.
(c) A reinsuring small employer carrier may reinsure an eligible employee or dependent within a period of sixty (60) days following the commencement of the coverage with the small employer. A newly eligible employee or dependent of the reinsured small employer may be reinsured within sixty (60) days of the commencement of his coverage.
(d) A reinsuring individual carrier may reinsure any eligible individual or dependent within a period of sixty (60) days following commencement of the coverage with the individual. A newly eligible dependent of an individual may be reinsured within sixty (60) days of the commencement of such coverage.
(e) (i) The program shall not reimburse a reinsuring carrier with respect to the claims of a reinsured individual, employee or dependent until the carrier has incurred an initial level of claims for such individual, employee or depend-
ent of five thousand dollars ($5,000) in a calendar year for benefits covered by the program. In addition, the reinsuring carrier shall be responsible for ten percent (10%) of the next fifty thousand dollars ($50,000) of benefit payments during a calendar year and the program shall reinsure the remainder.

(ii) The board annually shall adjust the initial level of claims and the maximum limit to be retained by the carrier to reflect increases in costs and utilization within the standard market for health benefit plans within the state. The adjustment shall not be less than the annual change in the medical component of the "Consumer Price Index for All Urban Consumers" of the department of labor, bureau of labor statistics, unless the board proposes and the director approves a lower adjustment factor.

(fg) A small-employer reinsuring carrier may terminate reinsur­ance with the program for one (1) or more of the reinsured indi­viduals, employees or dependents of a small-employer on any anni­versary of the health benefit plan.

(fg) A reinsuring carrier shall apply all managed care and claims handling techniques, including utilization review, individual case management, preferred provider provisions, and other managed care provisions or methods of operation consistently with respect to reinsured and nonreinsured business.

(10) (a) The board, as part of the plan of operation, shall establish a methodology for determining premium rates to be charged by the program for reinsuring small employers and individ­uals pursuant to this section. The methodology shall include a system for classification of small employers and individuals that reflects the types of case characteristics commonly used by small employer and individual carriers in the state. The methodology shall provide for the development of base reinsurance premium rates which shall be multiplied by the factors set forth in subsection (10)(b) of this section to determine the premium rates for the program. The base reinsurance premium rates shall be estab­lished by the board, subject to the approval of the director, and shall be set at levels which reasonably approximate gross premiums and shall be charged to small employers or individuals by small employer or individual carriers for health benefit plans with benefits similar to the standard health benefit plan, adjusted to reflect retention levels required under the provisions of this chapter.

(b) Premiums for the program shall be as follows:

(i) An entire small-employer group may be reinsured for a rate—that—is—one­and­one­half (1.5)­times—the—base—reinsur­ance—premium—rate—for—the—group—established—pursuant—to—the­provisions­of­this­paragraph.

(ii) An eligible employee or dependent may be reinsured for a rate—that—is—five­(5)—times—the—base—reinsurance—premium rate—for—the—individual—established—pursuant—to—the­provi­sions­of­this­paragraph—established­by­the­board.

(c) The board periodically shall review the methodology estab­lished under the provisions of paragraph (10)(a) of this section,
including the system of classification and any rating factors, to assure that it reasonably reflects the claims experience of the program. The board may propose changes to the methodology which shall be subject to the approval of the director.

d) The board may consider adjustments to the premium rates charged by the program to reflect the use of effective cost containment and managed care arrangements.

(11) If a health benefit plan for a small employer is entirely or partially reinsured with the program, the premium charged to the small employer for any rating period for the coverage issued shall meet the requirements relating to premium rates set forth in section 41-4706, Idaho Code.

(12) (a) Prior to March 1 of each year, the board shall determine and report to the director the program net loss for the previous calendar year, including administrative expenses and incurred losses for the year, taking into account investment income and other appropriate gains and losses.

(b) Any net loss for the year shall be recouped by assessments of carriers.

(c) (i) Prior to March 1 of each year, the board shall determine and file with the director an estimate of the assessments needed to fund the losses incurred by the program in the previous calendar year.

(ii) The individual assessments shall be determined by multiplying the total program expenses by a fraction, the numerator of which shall be the carrier's total number of resident insured persons, including spouses and dependents, under the carrier's health benefit plans and policies or certificates of insurance for specific disease, hospital confinement indemnity in this state as reported in the carrier's annual report pursuant to subsection (16) of this section, and the denominator of which shall be the total number of resident insured persons, including spouses and dependents, insured under all health benefit plans in this state.

(iii) In determining the number of resident insured persons under the provisions of subsection (12)(c)(ii) of this section, the director shall insure that each person who is covered by a health benefit plan or who is reinsured with excess insurance is counted once with respect to any assessment. For that purpose, the director shall require each carrier that obtains reinsurance for its insureds and certificate holders to include in its count of insureds and certificate holders all insureds and certificate holders whose coverage is reinsured in whole or in part. The director shall allow a carrier who is a reinsurer to exclude from its number of insureds and its certificate holders those that have been counted by the primary insurer for the purpose of determining its assessment under the provisions of this section.

(d) If assessments exceed net losses of the program, the excess shall be held at interest and used by the board to offset future losses or to reduce program premiums. As used in this paragraph, "future losses" includes reserves for incurred but not reported claims.
(e) Each reinsuring carrier's proportion of the assessment shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the reinsuring carriers with the board.

(f) The plan of operation shall provide for the imposition of an interest penalty for late payment of assessments.

(g) A reinsuring carrier may seek from the director a deferment from all or part of an assessment imposed by the board. The director may defer all or part of the assessment of a reinsuring carrier if the director determines that the payment of the assessment would place the reinsuring carrier in a financially impaired condition. If all or part of an assessment against a reinsuring carrier is deferred the amount deferred shall be assessed against the other participating carriers in a manner consistent with the basis for assessment set forth in this subsection. The reinsuring carrier receiving the deferment shall remain liable to the program for the amount deferred and shall be prohibited from reinsuring any individuals or groups with the program until such time as it pays the assessments.

(13) Neither the participation in the program as reinsuring carriers, the establishment of rates, forms or procedures, nor any other joint or collective action required under the provisions of this chapter shall be the basis of any legal action, criminal or civil liability, or penalty against the program or any of its reinsuring carriers either jointly or separately.

(14) The board, as part of the plan of operation, shall develop standards setting forth the manner and levels of compensation to be paid to agents for the sale of basic and standard health benefit plans. In establishing such standards, the board shall take into consideration the need to assure the broad availability of coverages, the objectives of the program, the time and effort expended in placing the coverage, the need to provide ongoing service to the small employer and individual, the levels of compensation currently used in the industry and the overall costs of coverage to small employers and individuals selecting these plans.

(15) The program shall be exempt from any and all taxes.

(16) Each carrier shall file with the director, in a form and manner to be prescribed to the director, an annual report. The report shall state the number of resident persons insured under the carrier's health benefit plan.

SECTION 8. That Section 41-4712, Idaho Code, be, and the same is hereby amended to read as follows:

41-4712. HEALTH BENEFIT PLAN COMMITTEE. (1) The director shall appoint a health benefit plan committee. The committee shall be composed of representatives of carriers, small employers, health care providers and consumers.

(2) The committee shall recommend the form and level of coverages to be made available by small employer and individual carriers pursuant to sections 41-4708 and 41-5208, Idaho Code, with an emphasis on making coverage available for preventive care. The plan designs for the small employer market shall not necessarily be the same as the
plan designs for the individual market.

(3) The committee shall recommend benefit levels, cost sharing levels, exclusions and limitations for the basic health benefit plan and the standard health benefit plan. The committee shall also design a basic health benefit plan and a standard health benefit plan which contain benefit and cost sharing levels that are consistent with the basic method of operation and the benefit plans of health maintenance organizations, including any restrictions imposed by federal law.

(a) The plans recommended by the committee may include cost containment features such as:
   (i) Utilization review of health care services, including review of medical necessity of hospital and physician services;
   (ii) Case management;

 carriers out to the nearest hundredth. In computing the average daily
attendance the entire school year shall be used except that the
twenty-eight (28) weeks having the best highest average daily atten-

that academic instruction has been given by appropriate certified pro-

all school districts of the state shall be the total state support
units.

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education and alternative high school secondary support units shall be applicable only for programs approved by the state department of education following the rules and regulations established by the state board of education.

67. State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations for border district-approved contracts as provided in section 33-1403, Idaho Code; and exceptional child-approved contracts as provided in section 33-2004(2), Idaho Code specified in subsection 2. of this section, by the total state support units to secure the state distribution factor per support unit.

78. District Share of State and County Funds for Educational Support Program. Ascertain a district's share of state and county funds for the educational support program as follows:

a. District Contribution Calculation. Without including any allowance as a credit for prepaid taxes, as provided in section 63-1607, Idaho Code, the district contribution calculation shall be the rate determined under subsection 13. of this section.

b. District Support Units. The number of support units for each school district in the state shall be determined as follows:

1. Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12. Calculations in application of this subsection shall be carried out to the nearest tenth.

2. Divide the combined totals of the actual average daily attendance of all kindergarten, elementary and secondary students approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for the subsection shall be carried out to the nearest tenth when more than one (1) unit is allowed.

3. The total number of support units of the district shall
be the sum of the total support units for regular students, subsection 78.b(1) of this section, and the support units allowance for the approved exceptional child program, subsection 78.b(2) of this section.

c. Border District Allowances. In any school district which—abuts upon—the border of another state—and the resident pupils—of the district—attend—school—in—the—the—other state—as—provided—in—section 33-1403.—Idaho Code; the state superintendent—of—public—instruction—shall—determine—the—approved—costs—necessary—to—meet—the—educational—needs—of—the—students.—The—approved—costs—shall—be—allowed—as—a—part—of—the—district's—total—educational—support—program.

e. Court-ordered Parent Tuition Equivalency Allowance. Districts which educate pupils placed by Idaho court order in licensed group homes—agencies—Institutions—juvenile—detention—facilities—shall—be—eligible—for—an—allowance—equivalent—to—the—previous year's—certified—local—annual—tuition—rate—per—pupil. This district—allowance—shall—be—in—addition—to—support—unit—funding—and—including—in—district—apportionment—payments—subject—to—approval—of—district—applications—by—the—state—department—of—education.

f. Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth, by the state distribution factor per support unit and to this product add the approved amount of border—district—contracts—and—the—approved—amount—for—the—exceptional—child—contracts—programs of the district provided in subsection 2. of this section to secure the district's total allowance for the educational support program.

gd. District Share. To secure the district's share of state and county apportionment, subtract the amount of the local district contribution calculation, subsection 7a 3. of this section, from the amount of the total district allowance, subsection 7e 8.c. of this section. The contract salary of every noncertificated teacher shall be subtracted from the district's share.

SEC 3. That Chapter 10, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1002B, Idaho Code, and to read as
33-1002B. COURT-ORDERED PUPIL TUITION-EQUIVALENCY ALLOWANCE. Dis­tricts which educate pupils placed by Idaho court order in licensed group homes, agencies, institutions or juvenile detention facilities shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per pupil. This district allowance shall be in addition to support unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

SECTION 4. That Section 33-1004, Idaho Code, be, and the same is hereby amended to read as follows:

33-1004. STAFF ALLOWANCE. For each school district, a staff allowance shall be determined as follows:
1. Determine the total support units for the district in the manner provided in section 33-1002 B.b.;
2. Determine the instructional staff allowance by multiplying the support units by 1.1. A district must demonstrate that it actually employs the number of certificated instructional staff allowed. If the district does not employ the number allowed, the staff allowance shall be reduced to the actual number employed;
3. Determine the administrative staff allowance by multiplying the support units by .075. A district must demonstrate that it actually employs the number of certificated administrative staff allowed. If the district does not employ the number allowed, the staff allowance shall be reduced to the actual number employed, except that not more than twenty percent (20%) of the administrative staff allowance may be noncertificated staff;
4. Determine the classified staff allowance by multiplying the support units by .375.
5. Additional conditions governing staff allowance:
a. If there are circumstances preventing eligible use of staff allowance to which a district is entitled as provided in subsections 2. and 3. of this section, an appeal may be filed with the state department of education outlining the reasons and proposed alternative use of these funds, and a waiver may be granted.
b. For any district with less than forty (40) support units:
   (1) The instructional staff allowance shall be calculated
applying the actual number of support units. If the actual instructional staff employed in the 1994-95 school year is greater than the instructional staff allowance, then the instructional staff allowance shall be increased by one-half (1/2) staff allowance; and
(2) The administrative staff allowance shall be calculated applying the actual number of support units. If the actual administrative staff employed in the 1994-95 school year is greater than the administrative staff allowance, then the administrative staff allowance shall be increased by one-half (1/2) staff allowance.
(3) Additionally, for any district with less than twenty (20) support units, the instructional staff allowance shall be calculated applying the actual number of support units. If the number of instructional staff employed in the 1994-95 school year is greater than the instructional staff allowance, the staff allowance shall be increased as provided in paragraphs (1) and (2) of this subsection, and by an additional one-half (1/2) instructional staff allowance.
c. Only instructional, administrative and classified personnel compensated by the school district from the general maintenance and operation fund of the district shall be included in the calculation of staff allowance or in any other calculations based upon staff, including determination of the experience and education multiplier, the reporting requirements, or the district's salary-based apportionment calculation. No food service staff or transportation staff shall be included in the staff allowance.

SECTION 6. That Chapter 10, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1004A, Idaho Code, and to read as follows:

33-1004A. EXPERIENCE AND EDUCATION MULTIPLIER. Each instructional and administrative staff position shall be assigned an appropriate multiplier based upon the following table:

33-1004C. BASE SALARY -- EDUCATION AND EXPERIENCE INDEX. The base salary shall be reviewed annually by the legislature.

The statewide education and experience index (or state average index, or state index) is the average of all qualifying employees, instructional and administrative respectively. It is determined by totaling the index value for all qualifying employees and dividing by the number of employees.

SECTION 8. That Chapter 10, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1004D, Idaho Code, and to read as follows:

33-1004D. REPORTING -- IDAHO BASIC EDUCATIONAL DATA SYSTEM. For each employee of the school district, a report shall be made in a format prescribed by the state superintendent of public instruction, which shall include sufficient identifying information to provide individual verification, education, teaching experience, and other district employment information. The form shall be filed with the state department of education not later than October 15 of each school year.

SECTION 9. That Chapter 10, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1004E, Idaho Code, and to read as follows:

33-1004E. DISTRICT'S SALARY-BASED APPORTIONMENT. Each district shall be entitled to a salary-based apportionment calculated as provided in this section.

1. To determine the apportionment for instructional staff, first
determine the district average experience and education index by placing all eligible district certificated instructional employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the 1994-95 school year, and shall receive their actual index but not more than the state average index plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district instructional staff index shall be multiplied by the instructional base salary of $19,328. The amount so determined shall be multiplied by the district staff allowance for instructional staff determined as provided in section 33-1004 2., Idaho Code. The resulting amount is the district's salary-based apportionment for instructional staff.

2. To determine the apportionment for district administrative staff, first determine the district average experience and education index by placing all eligible certificated administrative employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average index plus .03 for the school year 1994-95, and shall receive their actual index but not more than the state average index plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district administrative staff index shall be multiplied by the base salary of $28,700. The amount so determined shall be multiplied by the district staff allowance for administrative staff determined as provided in section 33-1004 3., Idaho Code. The resulting amount is the district's salary-based apportionment for administrative staff.

3. To determine the apportionment for classified staff, multiply $15,000 by the district classified staff allowance determined as provided in section 33-1004 4., Idaho Code. The amount so determined is the district's apportionment for classified staff.

4. The district's salary-based apportionment shall be the sum of the apportionments calculated in subsections 1., 2. and 3., of this section, plus the benefit apportionment as provided in section 33-1004F, Idaho Code.

SECTION 10. That Chapter 10, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as section 33-1004F, Idaho Code, and to read as follows:

33-1004F. OBLIGATIONS TO RETIREMENT AND SOCIAL SECURITY BENEFITS.
1. Based upon the actual salary-based apportionment, as determined in section 33-1004E, Idaho Code, there shall be allocated that amount required to meet the employer's obligations to the public employee retirement system and to social security.

2. If a district's qualifying salaries total more than the district's salary-based apportionment, there shall be allocated an additional amount to meet the employer's obligation to the public employee retirement system and to social security equal to two-thirds (2/3) of the additional obligation for the school year 1994-95. If a
district's qualifying salaries total more than the district's salary-based apportionment, there shall be allocated an additional amount to meet the employer's obligation to the public employee retirement system and to social security equal to one-third (1/3) of the additional obligation for the school year 1995-96. Thereafter, the benefit allocation shall be based solely upon the provisions of subsection 1. of this section.

SECTION 11. That Section 33-1006, Idaho Code, be, and the same is hereby amended to read as follows:

33-1006. TRANSPORTATION SUPPORT PROGRAM. The state board of education shall determine what costs of transporting pupils, including maintenance, operation and depreciation of vehicles, insurance, salaries of drivers, and any other costs, shall be allowable in computing the transportation support program of school districts. Each school district shall maintain records and make reports as are required for the purposes of this section.

The transportation support program of a school district shall be based upon the allowable costs of:

1. Transporting public school pupils one and one-half (1 1/2) miles or more to school;
2. Transporting pupils less than one and one-half (1 1/2) miles as provided in section 33-1501, Idaho Code, when approved by the state board of education;
3. The costs of payments when transportation is not furnished, as provided in section 33-1503, Idaho Code;

In implementing such rules, the commission shall limit the submission of data to customer name, service location, customer account number, and power or gas consumption.

62-1304. COMPENSATION TO SUPPLIERS. (2) If an appropriator determines that installation and maintenance of a measuring device required by the director would be burdensome for his diversion, the appropriator may, upon approval of the director, execute an agreement with the director and submit to the director such information and technical data concerning the diversion and pumping facilities as the director determines necessary to establish the relationship of power usage to water withdrawal by any pump used to divert public water.

(3) Any appropriator or user of the public waters of the state of Idaho that neglects or refuses to construct or maintain such headgates, controlling works, or measuring devices, or has not executed an agreement in lieu of a measuring device as provided in subsection (2) of this section, upon receiving ten (10) days' notice from the director of the department of water resources within which to begin to and diligently pursue to completion the construction or installation of the required device or devices or to begin and diligently pursue to completion a remedy to such defects as exist in accordance with said notice, then the director of the department of water resources may order the duly qualified and acting watermaster of the water district to shut off and refuse to deliver at the point of diversion, the water claimed owned by such appropriator or user until he the user does construct and maintain such headgates, controlling works or measuring devices or remedy the defects which exist; provided, that such or the director may take action pursuant to sections 42-311, 42-350 and 42-351, Idaho Code, to enforce the requirement to construct, install or maintain such devices.

(4) The appropriators or users of the public waters of the state of Idaho shall be given a reasonable time within which to complete construction of such headgates, controlling works or measuring devices, depending upon the size and extent thereof, when due diligence has been used in the prosecution of such work.

(5) All appropriators of the public waters of the state of Idaho who are given thirty (30) days' written notice by the director prior to the beginning of the irrigation season but no later than March 15 of any year, shall measure their water diversions and report said diversions annually thereafter on a form approved by the director of the department of water resources. Such report shall include: a legal description of the point of diversion, the number assigned to each water right diverting from the public waters of the state, the maximum authorized rate of diversion, the maximum rate at which diversions have been made during the reporting period, the total volume diverted during the reporting period, and a description of the physical changes to the diversion works that have been made during the reporting period. The appropriator shall furnish each year the depth to water in any well prior to commencement of pumping the depth to water during
the pumping period, and the pressure in the pipe distribution system
during diversion if the well is not free flowing. Failure to comply
with such measurement and reporting requirements or the willful sub­
mittal of false or inaccurate data is a violation of the law control­
ling use of water under the right and is subject to the enforcement
and penalty provisions of sections 42-311, 42-350 and 42-351, Idaho
Code.

(6) The director of the department of water resources shall col­
lect a report processing fee not to exceed twenty-five dollars
($25.00) per diversion required to be reported, including those diver­
sions covered by an agreement in lieu of a measuring device as pro­
vided in subsection (2) of this section. Such fee shall be submitted
with the annual report of diversions and well data. All such fees
received by the department shall be deposited in the water administra­
tion account created pursuant to section 42-238a, Idaho Code, for use
by the department to collect, analyze and report water use information
and to regulate water withdrawal and use.

(7) All domestic uses, as defined in section 42-111, Idaho Code,
and all stock watering uses, as defined in section 42-1401A(12), Idaho
Code, shall be exempt from the measuring device installation and main­

SECTION 2. That Section 42-237a, Idaho Code, be, and the same is
hereby amended to read as follows:

42-237a. POWERS OF THE DIRECTOR OF THE DEPARTMENT OF WATER
RESOURCES. In the administration and enforcement of this act and in
the effectuation of the policy of this state to conserve its ground
water resources, the director of the department of water resources is
empowered:

a. To require all flowing wells to be so capped or equipped with
valves that the flow of water can be completely stopped when the wells
are not in use.

b. To require both flowing and nonflowing wells to be so con­
structed and maintained as to prevent the waste of ground waters
through leaky wells, casings, pipes, fittings, valves or pumps either
above or below the land surface.

c. To prescribe uniform scientific methods to determine water
levels in and calculate waters withdrawn from wells.

d. To go upon all lands, both public and private, for the purpose
of inspecting wells, pumps, casings, pipes, and fittings, including
wells used or claimed to be used for domestic purposes.

e. To order the cessation of use of a well pending the correction
of any defect that the director of the department of water resources
has ordered corrected.

f. To commence actions to enjoin the illegal opening or excava­
tion of wells or withdrawal or use of water therefrom and to appear
and become a party to any action or proceeding pending in any court or
administrative agency when it appears to the director of the depart­
ment of water resources that the determination of such action or pro­
ceeding might result in depletion of the ground water resources of the
state contrary to the public policy expressed in this act.

g. To supervise and control the exercise and administration of
all rights hereafter acquired to the use of ground waters and in the exercise of this power he may by summary order, prohibit or limit the withdrawal of water from any well during any period that he determines that water to fill any water right in said well is not there available. To assist the director of the department of water resources in the administration and enforcement of this act, and in making determinations upon which said orders shall be based, he may establish a ground water pumping level or levels in an area or areas having a common ground water supply as determined by him as hereinafter provided. Water in a well shall not be deemed available to fill a water right therein if withdrawal therefrom of the amount called for by such right would affect, contrary to the declared policy of this act, the present or future use of any prior surface or ground water right or result in the withdrawing of the ground water supply at a rate beyond the reasonably anticipated average rate of future natural recharge. However, the director may allow withdrawal at a rate exceeding the reasonably anticipated rate of future natural recharge if the director finds it is in the public interest and if it satisfies the following criteria:

1. A program exists or likely will exist which will increase recharge or decrease withdrawals within a time period acceptable to the director to bring withdrawals into balance with recharge.
2. Holders of senior rights to use ground water will not be caused thereby to pump water from below the established reasonable pumping level or levels.

In connection with his supervision and control of the exercise of ground water rights the director of the department of water resources shall also have the power to determine what areas of the state have a common ground water supply and whenever it is determined that any area has a ground water supply which affects the flow of water in any stream or streams in an organized water district, to incorporate such area in said water district; and whenever it is determined that the ground water in an area having a common ground water supply does not affect the flow of water in any stream in an organized water district, to incorporate such area in a separate water district to be created in the same manner provided for in section 42-604 of title 42, Idaho Code. The administration of water rights within water districts created or enlarged pursuant to this act shall be carried out in accordance with the provisions of title 42, Idaho Code, as the same have been or may hereafter be amended, except that in the administration of ground water rights either the director of the department of water resources or the watermaster in a water district or the director of the department of water resources outside of a water district shall, upon determining that there is not sufficient water in a well to fill a particular ground water right therein by order, limit or prohibit further withdrawals of water under such right as hereinabove provided, and post a copy of said order at the place where such water is withdrawn; provided, that land, not irrigated with underground water, shall not be subject to any allotment, charge, assessment, levy, or budget for, or in connection with, the distribution or delivery of water.

h. To order the installation and maintenance of approved measuring devices consistent with the purposes of section 42-701, Idaho Code.
SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

The sheriff may require, as he deems appropriate on a case-by-case basis, the licensee to submit his fingerprints in addition to the other information required in this subsection. The sheriff shall submit the fingerprints to the department of law enforcement for a records check of state and national databases. The license application shall contain a warning substantially as follows:

CAUTION: Federal law and state law on the possession of weapons and firearms differ. If you are prohibited by federal law from possessing a weapon or a firearm, you may be prosecuted in federal court. A state permit is not a defense to a federal prosecution.

The license will be in a form substantially similar to that of the Idaho driver's license. It will bear the signature, name, address, date of birth, social security number and picture of the licensee, and the driver's license number or state identification card number of the licensee if used for identification in applying for the license. The sheriff shall submit the fingerprints to the department of law enforcement for a records check of state and national databases. A renewal license shall be valid for a period of four (4) years. A license so renewed shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license shall pay a late renewal penalty of ten dollars ($10.00) in addition to the renewal fee. The fee shall be paid to the sheriff for the purpose of enforcing the provisions of this chapter.

(5) Notwithstanding the requirements of this section, the sheriff of the county of the applicant's residence may issue a temporary emergency license for good cause pending review under subsection (1) of this section.

(6) A city, county or other political subdivision of this state shall not modify the requirements of this section, nor may a political subdivision ask the applicant to voluntarily submit any information not required in this section. A civil action may be brought to enjoin a wrongful refusal to issue a license or a wrongful modification of the requirements of this section. The civil action may be brought in the county in which the application was made or in Ada county at the discretion of the petitioner. Any person who prevails against a public agency in any action in the courts for a violation of subsections (1) through (5) of this section, shall be awarded costs, including reasonable attorney's fees incurred in connection with the legal action.

(7) Except in the person's place of abode or fixed place of business, a person shall not carry a concealed weapon without a license to carry a concealed weapon. (1) It is the policy of the state of Idaho to promote and encourage the optimum development and augmentation of the water resources of this state. The legislature deems it essential, therefore, that water projects designed to advance this policy be given maximum support. The legislature finds that the projects to recharge ground water basins in the--vicinity-of-St.--Anthony--and--Rexburg, Idaho, has-enhanced may enhance the full realization of our water resource potential by furthering water conservation and increasing the water available for beneficial use. (2) The legislature hereby declares that the appropriation and underground storage of water for purposes of ground water recharge in the--vicinity-of-St.--Anthony-and--Rexburg,--Idaho shall constitute a beneficial use and hereby authorizes the department of water resources to issue to-the-authorities-responsible-for-the-implementation-and-expansion-of-this-recharge-project a permit for the appropriation and underground storage of unappropriated waters in the an area of recharge. The rights acquired pursuant to any permit and license obtained as herein authorized shall be secondary to all prior per-
fected water rights, including those water rights for power purposes that may otherwise be subordinated by contract entered into by the governor and Idaho power company on October 25, 1984, and ratified by the legislature pursuant to section 42-203B, Idaho Code. Any right so granted shall be subject to depletion for surface storage or direct uses after a period of years sufficient to amortize the investment of the appropriator.

(3) The legislature further recognizes that incidental ground water recharge benefits are often obtained from the diversion and use of water for various beneficial purposes. However, such incidental recharge may not be used as the basis for claim of a separate or expanded water right. Incidental recharge of aquifers which occurs as a result of water diversion and use that does not exceed the vested water right of water right holders is in the public interest. The values of such incidental recharge shall be considered in the management of the state's water resources.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

In applying these tables to any given separate attendance unit, no school district shall receive less total money than it would receive if it had a lesser average daily attendance in such separate attendance unit. In applying the kindergarten table to a kindergarten program of less days than a full school year, the support unit allowance shall be in ratio to the number of days of a full school year. The tables for exceptional education and alternative high school secondary support units shall be applicable only for programs approved by the state department of education following rules established by the state board of education.

7. State Distribution Factor per Support Unit. Divide educational support program distribution funds, after subtracting the amounts necessary to pay the obligations specified in subsection 2. of this section, by the total state support units to secure the state distribution factor per support unit.

8. District Share of State Funds for Educational Support Program. Ascertain a district's share of state funds for the educational support program as follows:

   a. District Contribution Calculation. Without including any allowance as a credit for prepaid taxes, as provided in section 63-1607, Idaho Code, the district contribution calculation shall be the rate determined under subsection 3. of this section.

   b. District Support Units. The number of support units for each school district in the state shall be determined as follows:

      (1) Divide the actual average daily attendance, excluding students approved for inclusion in the exceptional child educational program, for the administrative schools and each of the separate schools by the appropriate divisor from the tables of support units in this section, then add the quotients to obtain the district's support units allowance for regular students, kindergarten through grade 12. Calculations in application of this subsection shall be carried out to the nearest tenth.

      (2) Divide the combined totals of the actual average daily attendance of all kindergarten, elementary and secondary students approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for the sub-
section shall be carried out to the nearest tenth when more than one (1) unit is allowed.

(3) The total number of support units of the district shall be the sum of the total support units for regular students, subsection 8.b(1) of this section, and the support units allowance for the approved exceptional child program, subsection 8.b(2) of this section.

c. Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest tenth, by the state distribution factor per support unit and to this product add the approved amount of programs of the district provided in subsection 2. of this section to secure the district's total allowance for the educational support program.

d. District Share. To secure the district's share of state apportionment, subtract the amount of the local district contribution calculation, subsection 3. of this section, from the amount of the total district allowance, subsection 8.c. of this section. The contract salary of every noncertificated teacher shall be subtracted from the district's share.

SECTION 2. That Section 33-1002B, Idaho Code, as amended by Senate Bill No. 1560, as amended, by the Second Regular Session of the Fifty-second Idaho Legislature, be, and the same is hereby amended, to read as follows:

33-1002B. COURT-ORDERED PUPIL TUITION-EQUIVALENCY ALLOWANCES. 1. Districts which educate pupils placed by Idaho court order in licensed group homes, agencies, institutions or juvenile detention facilities shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per pupil. This district allowance shall be in addition to support unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

2. Districts which educate school age exceptional children residing in state institutions, licensed and certified intermediate care facilities, or licensed private nonprofit residential facilities shall be eligible for an allowance equivalent to the previous year's certified local annual tuition rate per child. This district allowance shall be in addition to exceptional child unit funding and included in district apportionment payments, subject to approval of district applications by the state department of education.

Approved April 7, 1994.

AN ACT

RELATING TO SCHOOL PERSONNEL; AMENDING CHAPTER 12, TITLE 33, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 33-1212, IDAHO CODE, TO PROVIDE THAT CERTIFIED SOCIAL WORKERS MEET THE REQUIREMENT FOR ELEMENTARY SCHOOL COUNSELORS.

Be It Enacted by the Legislature of the State of Idaho:
SECTION 1. That Chapter 12, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1212, Idaho Code, and to read as follows:

33-1212. ELEMENTARY SCHOOL COUNSELORS. In recognition of the diverse and complicated demands upon students, their families and the public school system, the legislature finds that the counseling offered at the elementary school level should be flexible and responsive. For purposes of elementary counselor services, a counselor shall be defined as an individual who meets the requirements of an approved program of graduate study in school guidance and counseling from a college or university approved by the Idaho state board of education and who meets the requirements of rules adopted by the board, or an individual licensed as provided by chapter 32, title 54, Idaho Code, as a certified social worker and who meets the requirements of the state board of education.

The state board of education shall adopt rules to implement the provisions of this section, and shall specifically provide that certified social workers meet the requirement for elementary school counselors. A local school district may request a waiver from the state board of education of the counselor/counseling requirements, provided that data is submitted to and annually approved by the state elementary approval committee to substantiate that the intent of the board's rules in these areas is being met by an alternative program model.

(S.B. No. 1339)

AN ACT
RELATING TO THE STATE SEAL; AMENDING CHAPTER 10, TITLE 59, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 59-1005A, IDAHO CODE, TO PROVIDE FOR THE INSCRIPTION OF AUTHORSHIP OF THE GREAT SEAL OF THE STATE OF IDAHO.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 10, Title 59, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 59-1005A, Idaho Code, and to read as follows:

59-1005A. AUTHORSHIP AND DESCRIPTION OF GREAT SEAL OF STATE. The inscription of authorship of the great seal of state shall appear as follows: 1891 EMMA EDWARDS GREEN - PAUL B. EVANS rev. 1957. The new inscription shall be located in the same place and manner as the previous inscription, using more space as is necessary. In gratitude for and as a tribute to Emma Edwards Green for her design of the Idaho state seal is her description of the seal in her own words:

"Before designing the seal, I was careful to make a thorough study of the resources and future possibilities of
the state. I invited the advice and counsel of every member of the legislature and other citizens qualified to help in creating a seal of state that really represented Idaho at that time. Idaho had been admitted into the Union on July 3rd, 1890, and on March 14, 1891, adopted my design for the great seal of the state of Idaho.

The question of woman suffrage was being agitated somewhat, and as leading men and politicians agreed that Idaho would eventually give women the right to vote, and as mining was the chief industry, and the mining man the largest financial factor at that time, I made the figure of the man the most prominent in the design, while that of the woman, signifying justice, as noted by the scales; liberty, as noted by the liberty cap on the end of the spear, and equality with man as denoted by her positions at his side, also signifies freedom. The pick and shovel held by the miner, and the ledge of rock beside which he stands, as well as the pieces of ore scattered about his feet, all indicate the chief occupation of the state. The stamp mill in the distance, which you can see by using a magnifying glass, is also typical of the mining interest of Idaho. The shield between the man and woman is emblematic of the protection they unite in giving the state. The large fir or pine tree in the foreground in the shield refers to Idaho's immense timber interests. The husbandman plowing on the left side of the shield, together with the sheaf of grain beneath the shield, are emblematic of Idaho's agricultural resources, while the cornucopias, or horns of plenty, refer to the horticultural. Idaho has a game law, which protects the elk and moose. The elk's head, therefore, rises above the shield. The state flower, the wild Syringa or Mock Orange, grows at the woman's feet, while the ripened wheat grows as high as her shoulder. The star signifies a new light in the galaxy of states. The river depicted in the shield is our mighty Snake or Shoshone River, a stream of great majesty.

In regard to the coloring of the emblems used in the making of the great seal of the state of Idaho, my principal desire was to use such colors as would typify pure Americanism and the history of the state. As Idaho was a virgin state, I robed my goddess in white and made the liberty cap on the end of the spear the same color. In representing the miner, I gave him the garb of the period suggested by such mining authorities as former United States Senator George Shoup, of Idaho, former Governor Norman B. Willey of Idaho, former Governor James H. Hawley of Idaho, and other mining men and early residents of the state who knew intimately the usual garb of the miner. Almost unanimously they said, "Do not put the miner in a red shirt." "Make the shirt a grayish brown," said Captain J.J. Wells, chairman of the seal committee. The "Light of the Mountains" is typified by the rosy glow which precedes the sunrise.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 22, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-2224A, Idaho Code, and to read as follows:

63-2224A. ADVERTISEMENT OF FEE INCREASES. No taxing district may request a fee increase that exceeds one hundred five percent (105%) of the amount of the fee collected in the previous year, unless it advertises its intent to do so in a similar manner to that contained in section 63-2225, Idaho Code. Any taxing district that is required to advertise as provided in this section and which fails to do so shall have the validity of all or a portion of the fees it collects be voidable. A taxing district shall at a minimum, in the advertisement, list the amount of fees to be collected, the source of the fees, the percentage increase, any exemptions to the fees, an average cost of the fees per person, and any appeal procedures available to the imposition of the fees.

CHAPTER 447
(H.B. No. 710, As Amended, As Amended)

AN ACT
RELATING TO THE CIGARETTE TAX AND THE TOBACCO PRODUCTS TAX; PROVIDING LEGISLATIVE INTENT; AMENDING SECTION 63-2506, IDAHO CODE, TO INCREASE THE TAX ON CIGARETTES BY TEN CENTS ON EACH PACK OF TWENTY CIGARETTES AND TO DISTRIBUTE TEN CENTS OF THE TAX COLLECTED PER PACK OF TWENTY CIGARETTES TO THE PUBLIC SCHOOL INCOME FUND TO BE UTILIZED FOR SUBSTANCE ABUSE PROGRAMS IN THE PUBLIC SCHOOL SYSTEM; AND AMENDING CHAPTER 25, TITLE 63, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 63-2552A, IDAHO CODE, TO INCREASE THE TAX ON TOBACCO PRODUCTS BY FIVE PER CENT OF THE WHOLESALE PRICE AND TO DISTRIBUTE THE REVENUE COLLECTED TO THE PUBLIC SCHOOL INCOME FUND TO BE UTILIZED FOR SUBSTANCE ABUSE PROGRAMS IN THE PUBLIC SCHOOL SYSTEM.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE INTENT. The Legislature finds that cigarette smoking and the use of other tobacco products cause more premature deaths and serious illnesses than any other lifestyle choice. Tragically, teenagers and young adults are taking up smoking and the use of other tobacco products, such as chewing tobacco, faster than any other age group. However, extensive studies have established that young smokers and tobacco product users are very sensitive to price variations; when the price of tobacco increases, consumption in this age group decreases dramatically. Therefore, the primary purpose of this legislation is to provide funding for substance abuse programs in the public school system. Reducing consumption of tobacco will improve the health of Idaho's citizens and reduce health care costs.

SECTION 2. That Section 63-2506, Idaho Code, be, and the same is
hereby amended to read as follows:

63-2506. IMPOSITION OF TAX. A tax upon the purchase, storage, use, consumption, handling, distribution or wholesale sale of cigarettes is hereby imposed at the rate of $0.14 per pack of twenty (20) cigarettes, which tax shall be paid by the wholesaler, and collected by the state tax commission. Ten cents (10¢) of the tax collected per pack of twenty (20) cigarettes shall be distributed to the public school income fund to be utilized for substance abuse programs in the public school system. The remaining moneys collected under the provisions of this section shall be distributed as specified in section 63-2520, Idaho Code.

SECTION 3. That Chapter 25, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-2552A, Idaho Code, and to read as follows:

63-2552A. ADDITIONAL TAX IMPOSED -- RATE. (1) In addition to the tax imposed in section 63-2552, Idaho Code, from and after July 1, 1994, there is levied and there shall be collected an additional tax upon the sale, use, consumption, handling, or distribution of all tobacco products in this state at the rate of five per cent (5%) of the wholesale sales price of such tobacco products. Such tax shall be imposed at the time the distributor:

(a) Brings, or causes to be brought, into this state from without the state tobacco products for sale;
(b) Makes, manufactures, or fabricates tobacco products in this state for sale in this state; or
(c) Ships or transports tobacco products to retailers in this state to be sold by those retailers.

(2) Each distributor, within twenty (20) days after July 1, 1994, shall file a report with the commission, in such form as the commission may prescribe, showing the tobacco products on hand on July 1, 1994, and the amount of tax due thereon. The tax imposed in this subsection shall be due and payable within twenty (20) days after July 1, 1994, and thereafter shall bear interest at the rate of one per cent (1%) per month.

(3) The tax collected pursuant to this section shall be distributed directly to the public school income fund to be utilized for substance abuse programs in the public school system.

Approved April 11, 1994.
INTENT REGARDING THE EVALUATION OF RULES, TO PROVIDE FOR INPUT, AND TO PROVIDE FOR A REPORT AND RECOMMENDATIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. All rules for the public schools of the state board of education, IDAPA 08.02, chapters 01 through 07, that were in effect as of April 1, 1994, that are not otherwise repealed by the state board of education or the legislature, shall be null and void effective April 1, 1996.

It is the intent of the legislature that the state board of education shall undertake a complete evaluation of all rules relating to the public schools to determine whether and how those rules promote a thorough system of education as described in section 33-1612, Idaho Code, (1994 Senate Bill 1291) and shall draft and promulgate new rules if necessary and consistent with a thorough system of education.

It is expected that the state board of education shall seek the active assistance of Idaho teachers, parents, administrators, state department of education, colleges of education at Boise State University, University of Idaho and Idaho State University, the teacher education program at Lewis-Clark State College, the Idaho state legislature, the office of the governor, and other appropriate agencies and organizations, both public and private, in evaluating existing rules and drafting and promulgating new rules that are necessary and consistent with a thorough system of education.

It is expected that if the state board of education identifies any state and federal statutes which should be amended to ensure more effective drafting and promulgation of rules that are necessary and consistent with a thorough system of education, the board shall report its initial recommended statutory changes to the Idaho state legislature on or before January 20, 1995, and shall report subsequent recommended statutory changes on or before January 20, 1996, and, with respect to recommended changes in federal law, shall report such recommendations to Idaho's U.S. Senators, U.S. Representatives and the U.S. Secretary of Education on or before January 20, 1996.

It is expected that, as part of the evaluation of public school rules, the state board of education shall develop comprehensive recommendations to redefine the mission, structure and authority of the state department of education and on or before January 20, 1996, shall recommend changes in state statutes as appropriate.

Approved April 11, 1994.

(H.B. No. 982)

AN ACT
RELATING TO WATER RIGHTS; AMENDING CHAPTER 18, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-1806, IDAHO CODE, TO PROVIDE A MORATORIUM ON APPROVAL OF APPLICATIONS TO APPROPRIATE WATER FOR CERTAIN WATER RIGHTS IN THE SNAKE RIVER BASIN; DECLARING AN EMER-
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 18, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-1806, Idaho Code, and to read as follows:

42-1806. MORATORIUM ON APPROVAL OF APPLICATIONS TO APPROPRIATE WATER. (1) Findings. On April 30, 1993, the director of the Idaho department of water resources adopted an amended moratorium order "In the Matter of Applications for Permits for the Diversion and Use of Surface and Ground Water within the Eastern Snake River Plain Area and the Boise River Drainage Area." This moratorium was adopted because of the continuing effect of a long-term drought. The effects of this drought continue to exist. In addition, changed irrigation practices have resulted in a reduction in the recharge of the aquifer. These factors have caused concerns regarding the water supply for water rights in some areas of the Snake Plain aquifer. In order to address the long-term management of the Snake Plain aquifer, the legislature has authorized a study to examine the implications of these changes. This study is expected to last two (2) years. Continuation of the current moratorium for the Eastern Snake Plain area is appropriate while these studies are undertaken.

(2) The portion of the director's moratorium entitled "In the Matter of Applications for Permits for the Diversion and Use of Surface and Ground Water within the Eastern Snake River Plain Area and the Boise River Drainage Area," dated April 30, 1993, relating to the Eastern Snake River Plain area is hereby approved and confirmed and shall continue in effect until December 31, 1997.

(3) Except as provided in subsection (2) of this section, nothing in this act shall preclude the director from maintaining or modifying the requirements of any existing moratoriums or initiating any new, more restrictive moratoriums relating to water resource administration of the state.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after passage and approval, and shall be null, void and of no force and effect on and after December 31, 1997.

Approved April 11, 1994.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-602, Idaho Code, be, and the same is hereby amended to read as follows:

42-602. DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES TO SUPERVISE WATER DISTRIBUTION WITHIN WATER DISTRICTS. It shall be the duty of the director of the department of water resources to have immediate direction and control of the distribution of water from all of the streams, rivers, lakes, ground water, and other natural water sources in this state natural water sources within a water district to the canals, ditches, pumps and other facilities diverting therefrom. Distribution of water within water districts created pursuant to section 42-604, Idaho Code, shall be accomplished either by watermasters appointed as provided in this chapter and supervised by the director or directly by employees of the department of water resources under authority of the director in those areas of the state not constituted into water districts as provided in this chapter. The director must execute the laws relative to the distribution of water in accordance with rights of prior appropriation as provided in section 42-106, Idaho Code.

The director of the department of water resources shall, in the distribution of water from the streams, rivers, lakes, ground water, and other natural water sources, be governed by this title in water districts in accordance with the prior appropriation doctrine. The provisions of chapter 6, title 42, Idaho Code, shall apply only to distribution of water within a water district.

SECTION 2. That Section 42-1701A, Idaho Code, be, and the same is hereby amended to read as follows:

42-1701A. HEARINGS BEFORE DIRECTOR -- APPEALS. (1) All hearings required by law to be held before the director shall be conducted in accordance with the provisions of chapter 52, title 67, Idaho Code, and rules of procedure promulgated by the director.

(2) The director, in his discretion, may direct that a hearing be conducted by a hearing officer appointed by the director. In such event, the hearing officer shall have the duty to make a complete record of the evidence presented and duly received at the hearing and to prepare a proposal for decision in accordance with chapter 52,
title 67, Idaho Code, and rules of procedure promulgated by the director.

(3) Unless the right to a hearing before the director or the water resource board is otherwise provided by statute, any person aggrieved by any decision, determination, order or action of the director of the department of water resources or any applicant for any permit, license, certificate, approval, registration, or similar form of permission required by law to be issued by the director, who is aggrieved by a denial or conditional approval ordered by the director, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the director to contest the denial or conditional approval upon filing with the director, within fifteen (15) days after receipt of the denial or conditional approval, a written petition stating the grounds for contesting the action by the director and requesting a hearing. The hearing shall be held and conducted in accordance with the provisions of subsections (1) and (2) of this section. Judicial review of any final order of the director issued following the hearing may be had pursuant to subsection (4) of this section.

(4) Any person who is aggrieved by a final decision or order of the director is entitled to judicial review. The judicial review shall be had in accordance with the provisions and standards set forth in chapter 52, title 67, Idaho Code.

SECTION 3. That Section 42-237a, Idaho Code, be, and the same is hereby amended to read as follows:

42-237a. POWERS OF THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES. In the administration and enforcement of this act and in the effectuation of the policy of this state to conserve its ground water resources, the director of the department of water resources in his sole discretion, is empowered:

a. To require all flowing wells to be so capped or equipped with valves that the flow of water can be completely stopped when the wells are not in use.

b. To require both flowing and nonflowing wells to be so constructed and maintained as to prevent the waste of ground waters through leaky wells, casings, pipes, fittings, valves or pumps either above or below the land surface.

c. To prescribe uniform scientific methods to determine water levels in and calculate waters withdrawn from wells.

d. To go upon all lands, both public and private, for the purpose of inspecting wells, pumps, casings, pipes, and fittings, including wells used or claimed to be used for domestic purposes.

e. To order the cessation of use of a well pending the correction of any defect that the director of the department of water resources has ordered corrected.

f. To commence actions to enjoin the illegal opening or excavation of wells or withdrawal or use of water therefrom and to appear and become a party to any action or proceeding pending in any court or administrative agency when it appears to the director of the department of water resources that the determination of such action or proceeding might result in depletion of the ground water resources of the
state contrary to the public policy expressed in this act.

g. To supervise and control the exercise and administration of all rights hereafter acquired to the use of ground waters and in the exercise of this discretionary power he may by summary order, initiate administrative proceedings to prohibit or limit the withdrawal of water from any well during any period that he determines that water to fill any water right in said well is not there available. To assist the director of the department of water resources in the administration and enforcement of this act, and in making determinations upon which said orders shall be based, he may establish a ground water pumping level or levels in an area or areas having a common ground water supply as determined by him as hereinafter provided. Water in a well shall not be deemed available to fill a water right therein if withdrawal therefrom of the amount called for by such right would affect, contrary to the declared policy of this act, the present or future use of any prior surface or ground water right or result in the withdrawing of the ground water supply at a rate beyond the reasonably anticipated average rate of future natural recharge. However, the director may allow withdrawal at a rate exceeding the reasonably anticipated rate of future natural recharge if the director finds it is in the public interest and if it satisfies the following criteria:

1. A program exists or likely will exist which will increase recharge or decrease withdrawals within a time period acceptable to the director to bring withdrawals into balance with recharge.
2. Holders of senior rights to use ground water will not be caused thereby to pump water from below the established reasonable pumping level or levels.

In connection with his supervision and control of the exercise of ground water rights the director of the department of water resources shall also have the power to determine what areas of the state have a common ground water supply and whenever it is determined that any area has a ground water supply which affects the flow of water in any stream or streams in an organized water district, to incorporate such area in said water district; and whenever it is determined that the ground water in an area having a common ground water supply does not affect the flow of water in any stream in an organized water district, to incorporate such area in a separate water district to be created in the same manner provided for in section 42-604 of title 42, Idaho Code. The administration of water rights within water districts created or enlarged pursuant to this act shall be carried out in accordance with the provisions of title 42, Idaho Code, as the same have been or may hereafter be amended, except that in the administration of ground water rights either the director of the department of water resources or the watermaster in a water district or the director of the department of water resources outside of a water district shall, upon determining that there is not sufficient water in a well to fill a particular ground water right therein by order, limit or prohibit further withdrawals of water under such right as hereinafore provided, and post a copy of said order at the place where such water is withdrawn; provided, that land, not irrigated with underground water, shall not be subject to any allotment, charge, assessment, levy, or budget for, or in connection with, the distribution or delivery of water.
SECTION 4. That Section 42-237g, Idaho Code, be, and the same is hereby amended to read as follows:

42-237g. PENALTIES. Any person violating any provision of this chapter, or any decision of the director of the department of water resources, or order of a local ground water board, shall be guilty of a misdemeanor and any continuing violation shall constitute a separate offense for each day during which such violation occurs, but nothing in this section or in the pendency or completion of any criminal action for enforcement hereof shall be construed to prevent the institution of any administrative enforcement action or civil action for injunctive or other relief for the enforcement of this chapter or the protection of rights to the lawful use of water.

SECTION 5. That Section 42-351, Idaho Code, be, and the same is hereby amended to read as follows:

42-351. ILLEGAL DIVERSION OR USE OF WATER -- INJUNCTIVE RELIEF -- CEASE--AND--DESIST--ORDERS ADMINISTRATIVE ENFORCEMENT ACTION. (1) If the director of the department of water resources finds, on the basis of available information, that a person is diverting water or has diverted water from a natural watercourse or from a ground water source without having obtained a valid water right to do so or is applying water or has applied water not in conformance with the conditions of a valid water right, then the director of the department of water resources shall have the discretion to take action against such person. The director may file an action seeking injunctive relief or may issue an order directing the person to cease and desist the activity or activities alleged to be in violation of applicable law or of any existing water right. An order directing the person to cease and desist may direct compliance with applicable law and with any existing water right or may provide a time schedule to bring the person's action into compliance with applicable law and with any existing water right. Commence an administrative enforcement action by issuing the person a written notice of violation directing the person to cease and desist the activity or activities alleged to be in violation of applicable law or any existing water right. The notice of violation shall be served upon the alleged violator in person or by certified mail. The notice of violation shall identify the alleged violation and specify whether that person is diverting water or has diverted water without a water right or is applying water or has applied water not in conformance with a valid water right. The notice of violation shall state the remedy, including any restoration and mitigation measures, and the civil penalty the director seeks for redress of the violation and contain a statement of findings of fact and conclusions of law that provide a factual and legal basis for the initiation of the administrative enforcement action.

(2) Any order to cease and desist shall contain a statement of findings of fact and of conclusions of law that provide a factual and legal basis for the order of the director of the department of water resources.

(3) The director of the department of water resources shall serve a copy of any such order on the person who is the subject of the cease
...and-desist-order-by-personal-service-or-by-certified-mail.-Service--by
certified-mail--shall-be-complete-upon-receipt-of-the-certified-mail.

proof. The notice of violation shall inform the person to whom it is
directed of an opportunity to confer with the director or the
director's designee in a compliance conference concerning the alleged
violation. A written response may be required within fifteen (15) days
of a receipt of the notice of violation by the person to whom it is
directed. If a recipient of a notice of violation contacts the depart­
ment within fifteen (15) days of the receipt of the notice, the recip­
ient shall be entitled to a compliance conference. The conference
shall be held within twenty (20) days of the receipt of the notice
unless a later date is agreed upon between the parties. If a compli­
ance conference is not requested, the director may proceed with a
civil enforcement action as provided in subsection (4) of this sec­
tion.

(3) The compliance conference shall provide an opportunity for
the recipient of a notice of violation to explain the circumstances of
the alleged violation and, where appropriate, to present a proposal
for remedying the damage caused by the violation and assuring future
compliance. If the recipient and the director agree on a plan to
remedy damage caused by the alleged violation and to assure future
compliance, they may enter into a consent order formalizing their
agreement. The consent order may include a provision providing for
payment of any agreed civil penalty. The consent order shall be effec­
tive immediately upon signing by both parties and shall preclude any
civil enforcement action for the same alleged violation. If a party
does not comply with the terms of the consent order, the director may
seek and obtain in any appropriate district court, specific perfor­
mance of the consent order and such other relief as authorized by law.
If the parties cannot reach agreement of a consent order within sixty
(60) days after the receipt of the notice of violation, or if the
recipient does not request a compliance conference, the director may
commence and prosecute a civil enforcement action in district court in
accordance with subsection (4) of this section.

(4) The director may initiate a civil enforcement action through
the attorney general as provided in subsection (6) of this section. Civil enforcement actions shall be commenced and prosecuted in the district court in and for the county in which the alleged violation occurred, and may be brought against any person who is alleged to be diverting water or has diverted water without a water right or applying water or has applied water not in conformance with the conditions of a valid water right. The director shall not be required to bring an administrative enforcement action before initiating a civil enforcement action. If the person who is the subject of the notice of violation fails to cease and desist the activity or activities constituting the alleged violation within the time limits set in the notice of violation, the director may seek, by and through the attorney general, injunctive relief in the district court pending the outcome of the administrative enforcement action. In such action, brought against a person for diverting water without having obtained a valid water right to do so, the director need not allege or prove that irreparable injury to the state or to other water users will occur should the preliminary injunction not be issued, or that the remedy at law is inadequate, and the preliminary injunction, or permanent injunction shall issue without such allegations and without such proof.

(5) Any person determined in a civil enforcement action to have willfully and knowingly or after notice diverted water without a water right or applied water not in conformance with a valid water right shall be liable for a civil penalty as provided in section 42-352, Idaho Code. No action taken pursuant to this section shall relieve any person from any civil action and damages that may exist for injury or damages resulting from diverting water without a water right or applying water not in conformance with the conditions of a valid water right.

SECTION 6. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval, and shall apply to all calls for distribution of water pending at the time of passage and approval.

Approved April 11, 1994.

AN ACT
APPROPRIATING GENERAL FUND MONEYS TO THE WATER MANAGEMENT FUND; EXPRESSING LEGISLATIVE INTENT WITH RESPECT TO UTILIZATION OF THE MONEYS FOR AQUIFER RECHARGE; EXPRESSING LEGISLATIVE INTENT WITH RESPECT TO UTILIZATION OF THE MONEYS TO INVESTIGATE PUMPING ALTERNATIVES; EXPRESSING LEGISLATIVE INTENT WITH RESPECT TO REPORTING REQUIREMENTS; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. There is hereby appropriated from the General Fund,
for deposit in the Water Management Fund, the sum of $75,000 to be used for the Lower Snake Plain Aquifer Recharge Demonstration Project.

SECTION 2. Of the amount appropriated in Section 1 of this act, the Idaho Water Resources Board will provide a grant not to exceed $50,000 to the Lower Snake Plain Aquifer Recharge District for the purpose of aquifer recharge utilizing the North Side Canal Company conveyance system.

SECTION 3. Of the amount appropriated in Section 1 of this act, the Idaho Water Resources Board will provide a grant not to exceed $25,000 to investigate pumping alternatives as potential mitigation for loss of spring water for irrigation purposes.

SECTION 4. The grantees shall provide a full accounting and report of the funds expended for the purposes of this act to the Water Resources Board and the Idaho Legislature no later than July 1, 1995. Any unspent and unencumbered balances of the amount appropriated in Section 1 of this act remaining on June 30, 1995, shall be transferred back to the General Fund by the State Auditor.

SECTION 5. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 11, 1994.
Power Administration have relied heavily on flow augmentation from upstream reservoirs and have not made sufficient progress on measures to improve salmon survival at the downstream dams on the lower Snake and Columbia rivers.

(3) The failure of the federal government to adequately protect salmon at the dams on the lower Snake and Columbia rivers led the State of Idaho to challenge the federal plan for hydropower dam operations, which relies heavily on flow augmentation from upstream reservoirs. On March 28, 1994, Federal Judge Malcolm Marsh declared the plan invalid and directed the federal dam operating agencies to devise a new plan. The federal dam operating agencies should respond to the court's order by adopting a plan that properly balances upstream and downstream measures for salmon protection.

(4) The State of Idaho remains committed to playing its appropriate part in a regionally developed plan that will ensure the return of listed salmon to fishable levels. Although the National Marine Fisheries Service, Corps of Engineers, and Bonneville Power Administration have not made sufficient progress to date towards reducing salmon mortality at the mainstem dams, the Legislature of the State of Idaho finds it in the public interest to extend Section 42-1763A, Idaho Code, for an additional year through January 1, 1996, on the expectation that the federal agencies will likewise act in good faith to ensure that the new biological opinion requires proportional contributions by all parties. Any water made available through this section shall be obtained only from willing lessors. It is the intent of the Legislature of the State of Idaho that further extensions of this Section will be provided only if other parties make sufficient progress toward providing a proportional contribution to solving the salmon migration problem.

SECTION 2. That Section 4, Chapter 101, Laws of 1992, be, and the same is hereby amended to read as follows:

SECTION 4. Section 2 of this act shall be null, void and of no force and effect on and after January 1, 1995.

SECTION 3. This act shall be in full force and effect when the Governor shall make a proclamation that the U.S. Bureau of Reclamation has agreed to withdraw or hold in abeyance for a period of one (1) year its applications for transfer of water rights in the Payette River Basin.

Approved April 11, 1994.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-1105, Idaho Code, be, and the same is hereby amended to read as follows:

39-1105. CRIMINAL HISTORY CHECKS. The department shall obtain a criminal history check on the owners, operators, and employees of a day care center who have direct contact with children provided, however, that owners, operators, employees and volunteers who have continuously resided in the county in which the day care center is located for three (3) years immediately preceding the date of the application shall not be required to provide a criminal history check, and on all volunteers and other individuals twelve (12) years of age or older who have unsupervised direct contact with children in a day care center. The criminal history check shall include the following for all persons subject to the provisions of this section who are eighteen (18) years of age or older:

1. Statewide criminal identification bureau;
2. Federal bureau of investigation (FBI) criminal history;
3. National crime information center; and

Criminal history checks on those persons under eighteen (18) years of age shall include a check of the juvenile justice records of adjudications of the magistrate division of the district court, county probation services and department of health and welfare records as authorized by the minor and his parent or guardian.

Approved April 11, 1994.

The right confirmed by such decree or allotment shall be appurtenant to and shall become a part of the land on which the water is used, and such right will pass with the conveyance of such land, and such decree shall describe the land to which such water shall become so appurtenant, except in the case of a federal-reserved water right. The claimant shall set forth in his complaint the claimed water right in a notice of claim form furnished by the director. The claimant shall name as defendants the director and join all claimants of rights to the use of water from the water system whose joinder is necessary to resolve the dispute over rights to the use of water from the water system. The claimant shall also publish notice of the action in the manner specified in subsection (2)(b) of section 42-1408A, Idaho Code.

(2) If the director determines that the public interest and necessity will be served by a general adjudication of water rights, the director may submit a counterclaim in the form of a petition to the court for an order commencing a general adjudication and the adjudication shall proceed in the manner specified in sections 42-1406 and 42-1407 through 42-1423, Idaho Code.

(3) If the director determines that the public interest and necessity will not be served by a general adjudication of water rights, the action may proceed as described in subsection (4) through (7) of this section as an adjudication of the rights of all persons joined pursuant to subsection (1) of this section. Any party who may be injured and who objects to the water right claimed by the claimant shall, within forty-five (45) days of the date of first publication of notice, file with the district court written notice of such objection stating the reasons for the objection. A copy of the objection shall be served upon the claimant, all other parties of record in the action, the watermasters, and the director.

(4) Any claimant of a right to the use of water from the water system being adjudicated shall be entitled to intervene and have his or her the claimed right adjudicated. Any such claimant requesting intervention shall set forth the claimed water right in a notice of claim form furnished by the director. The court may request a director's report of the director, as described in section 42-1411, Idaho Code, as to those rights to be determined. In which case the director shall advise the district court as to whether the director will commence an examination of the water system in accordance with the provisions of section 42-1410, Idaho Code. If the director elects not to conduct an examination, the adjudication shall proceed based on the description of the water right in the notice of claim form. Each claimant shall have the burden of proof of establishing each element of a water right described in the claimants' notice of claim form.

(5) The director shall provide to the court an estimate of the costs that will be incurred in conducting the examination and in pre-
paring the director's report and an approximate time when the director's report will be completed. The court shall order the claimants of the rights to be determined to submit a notice of claim to the director in accordance with section 42-1409, Idaho Code, except that the fee as described in section 42-1414, Idaho Code, shall not apply. Upon the completion of claims-taking, the director shall bill each claimant for a claim fee equal to that claimant's proportionate share of the total estimated cost to the state relative to that claimant's share of the total amount of water claimed by all claimants or for an amount as determined by the court. Any notice of claim for a water right for which the fee is unpaid after thirty (30) days from billing by the director shall be incomplete and may be rejected by the director. Prior to filing of the report with the court, the claimants shall pay the balance of the department's verified costs or be refunded any unused estimated costs advanced to the department in the same proportion as described above. immediately give notice of the order to the watermaster of the water
districts affected by the order.

(4) The provisions of this section shall not apply to the delivery of federal-reserved water rights within a federally recognized Indian reservation. After entry of the district court's order for interim administration, the director may form a water district pursuant to chapter 6, title 42, Idaho Code.

SECTION 26. That Section 42-1420, Idaho Code, be, and the same is
42-1420. BINDING EFFECT OF DECREE -- EXCEPTIONS. (1) The decree entered in a general adjudication commenced under the provisions of sections 42-1406 or 42-1406A, Idaho Code, shall be binding on all persons and conclusive as to the nature and extent of the all water rights of all persons, including all unknown parties, in the adjudicated water system except that the following described water rights shall not be lost by failure to file a notice of claim or negotiated agreement:

(a) a water right for domestic use or stock watering use, specifically excluded from the general adjudication by court order;
(b) a water right application for permit filed under chapters 2 or 15, title 42, Idaho Code;
(c) a water right permit issued under chapters 2 or 15, title 42, Idaho Code, unless the director required the permit holder to file a notice of claim in accordance with subsection (9) of section 42-1409, Idaho Code; and
(d) a water right license issued under chapter 2 or 15, title 42, Idaho Code, if proof of beneficial use had not been filed on the date of commencement of the general adjudication, unless the director required the license holder to file a notice of claim in accordance with subsection (7) of section 42-1409, Idaho Code; and
(e) a claim to a water right established under federal law, if the priority of the right claimed is later than and junior to the date of entry of the order commencing the general adjudication.

(2) The exceptions from the conclusive effect of a decree in a general adjudication stated in subsection (1) above shall not apply to any water right for which a notice of claim or negotiated agreement is filed.

SECTION 27. That Section 42-1421, Idaho Code, be, and the same is hereby amended to read as follows:

42-1421. PROCEDURES FOR ADJUDICATION OF UNPERFECTED WATER RIGHTS INITIATED UNDER STATE LAW -- DIRECTOR'S JURISDICTION. (1) All persons claiming a water right based on an application or permit on the date of entry of the order commencing a general adjudication are not required to file a notice of claim unless required in accordance with subsection (9) of section 42-1409, Idaho Code. If the director approves the application in whole or in part during the pendency of a general adjudication and prior to filing the director's report, the director shall notify the permit holder of the pendency of the general adjudication. A permit holder who is not required by the director to file a notice of claim in accordance with subsection (9) of section 42-1409, Idaho Code, may file a notice of claim at any time prior to filing the director's report.

(2) All persons claiming a water right based on a water right license existing on the date of entry of the order commencing a general adjudication shall file a notice of claim.

(3) The district court shall decree any claimed water right for which proof of beneficial use has not been filed, but shall state that the right is conditioned upon completion of the appropriation in
accordance with the laws of the state governing the appropriation of water and that the decreed right shall be subject to the terms of the license to appropriate water that is ultimately issued.

(4) The director retains jurisdiction of all applications, permits and licenses under chapters 2, 3, 6 or 15, title 42, Idaho Code, to take action authorized by the conditions contained in any permit or license or by applicable law and action on any application for transfer under section 42-222, Idaho Code.

(5) The director retains jurisdiction of all decreed water rights under chapters 2, 3 and 6, title 42, Idaho Code, to take action authorized by the conditions of any decree or by applicable law, including action on any application for transfer under section 42-222, Idaho Code.

(6) The director retains jurisdiction of all beneficial use water rights under chapters 2, 3 and 6, title 42, Idaho Code, to take action authorized by applicable law.

SECTION 28. That Section 42-1422, Idaho Code, be, and the same is hereby amended to read as follows:

42-1422. SPECIAL MASTER -- APPOINTMENT -- POWERS AND DUTIES -- COMPENSATION -- DISQUALIFICATION -- REVIEW OF SPECIAL MASTER'S REPORT.

(1) The district court may appoint one (1) or more special masters in any general adjudication, in accordance with the following procedures:

(a) upon the district court's own motion;

(b) upon agreement of the parties; or

(c) upon motion of any party.

(2) A special master(s) shall be appointed to determine the water right claims asserted in the general adjudication authorized in section 42-1406A, Idaho Code, upon request of a party.

(3) The district court shall specify the powers and duties of a special master in the order of reference. The compensation and disqualification of a special master shall be governed by order or rule of the supreme court.

(4) Objections to and hearing on the special master's report shall be governed by rule 53(e) of the Idaho rules of civil procedure.

SECTION 29. That Section 42-1423, Idaho Code, be, and the same is hereby amended to read as follows:

42-1423. SEVERABILITY. The provisions of this act are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of remaining portions of this act.

SECTION 30. That Chapter 14, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-1423, Idaho Code, and to read as follows:

42-1423. ATTORNEYS FEES AND COSTS AGAINST THE STATE OF IDAHO, ANY STATE AGENCY OR ANY OFFICER OR EMPLOYEE. No judgment for costs or
award of attorneys fees against the state of Idaho, any state agency, or any officer or employee of the state of Idaho shall be allowed in any water rights adjudication proceeding pursuant to this chapter. The state of Idaho expressly refuses to waive its sovereign immunity to the imposition of any judgment for costs or award of attorney fees. The state of Idaho, state administrative agency, or any officer or employee shall not be required to pay any fees other than those provided in section 42-1414, Idaho Code, for appearing in a proceeding brought under this chapter or any appeal of a matter arising from such proceeding.

SECTION 31. That Chapter 14, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-1425, Idaho Code, and to read as follows:

42-1425. ACCOMPLISHED TRANSFERS. (1) Legislative findings regarding accomplished transfers and the public interest.

(a) The legislature finds and declares that prior to the commencement of the Snake River basin adjudication, many persons entitled to the use of water or owning land to which water has been made appurtenant either by decree of the court or under provisions of the constitution and statutes of this state changed the place of use, purpose of use, point of diversion, nature of use, or period of use of their water rights without compliance with the transfer provisions of sections 42-108 and 42-222, Idaho Code.

(b) The legislature finds that many of these changes occurred with the knowledge of other water users and that the water has been distributed to the right as changed. The legislature further finds and declares that the continuation of the historic water use patterns resulting from these changes is in the local public interest provided no other existing water right was injured at the time of the change. Denial of a claim based solely upon a failure to comply with sections 42-108 and 42-222, Idaho Code, where no injury or enlargement exists, would cause significant undue financial impact to a claimant and the local economy. Approval of the accomplished transfer through the procedure set forth in this section avoids the harsh economic impacts that would result from a denial of the claim.

(c) The legislature further finds and declares that examination of these changes by the director through the procedures of section 42-222, Idaho Code, would be impractical and unduly burdensome. The more limited examination of these changes provided for in this section, constitutes a reasonable procedure for an expeditious review by the director while ensuring that the changes do not injure other existing water rights or constitute an enlargement of use of the original right.

(2) Any change of place of use, purpose of use, point of diversion, nature of use or period of use of a water right by any person entitled to use of water or owning any land to which water has been made appurtenant either by decree of the court or under the provisions of the constitution and statutes of this state, prior to November 19, 1987, the date of commencement of the Snake River basin adjudication,
may be claimed in a general adjudication even though the person has not complied with sections 42-108 and 42-222, Idaho Code, provided no other water rights existing on the date of the change were injured and the change did not result in an enlargement of the original right. Except for the consent requirements of section 42-108, Idaho Code, all requirements of sections 42-108 and 42-222, Idaho Code, are hereby waived in accordance with the following procedures:

(a) If an objection is filed to a claim for accomplished change of place of use, purpose of use, point of diversion, nature of use or period of use, the district court shall remand the water right to the director for further hearing to determine whether the change injured a water right existing on the date of the change or constituted an enlargement of the original right. After a hearing, the director shall submit a supplemental report to the district court setting forth his findings and conclusions. If the claimant or any person who filed an objection to the accomplished transfer is aggrieved by the director's determination, they may seek review before the district court. If the change is disallowed, the claimant shall be entitled to resume use of the original water right, provided such resumption of use will not cause injury or can be mitigated to prevent injury to existing water rights. The unapproved change shall not be deemed a forfeiture or abandonment of the original water right.

(b) This section is not applicable to any claim based upon an enlargement of use.

SECTION 32. That Chapter 14, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-1426, Idaho Code, and to read as follows:

42-1426. ENLARGEMENTS -- WAIVER OF MANDATORY PERMIT REQUIREMENTS.

(1) Legislative findings regarding enlargements:

(a) The legislature finds that prior to the commencement of the Snake River basin adjudication and subsequent to the mandatory permit system provided in sections 42-201 and 42-229, Idaho Code, persons entitled to the use of water or owning any land to which water has been made appurtenant by decree, license or constitutional appropriation have, through water conservation and other means, enlarged the use of said water without increasing the rate of diversion and without complying with the mandatory permit system adopted by the legislature. Enlargements have been done with the knowledge of other water users, and water has been distributed based upon the right as enlarged. Junior water users made appropriations based upon a water system that reflected these enlarged uses. Thus, the legislature further finds and declares that it is in the public interest to waive the mandatory permit requirements for these enlargements in use prior to the commencement of a general adjudication, so long as such enlargements in use did not increase the rate of diversion of the original water right or exceed the rate of diversion for irrigation provided in section 42-202, Idaho Code, after the enlargement of use, and the enlargement of use did not reduce the quantity of water available to
other water rights existing on the date of the enlargement in use.  
(b) The legislature further finds that it is in the public interest to waive certain statutory provisions for the appropriation of water that has been diverted and applied to beneficial use to insure the economic and agricultural base in the state of Idaho as it existed on the date of the commencement of the Snake River basin adjudication and to maintain historic water use patterns existing on that date.  
(2) The mandatory permit requirements of sections 42-201 and/or 42-229, Idaho Code, are waived, and a new water right may be decreed for the enlarged use of the original water right based upon the diversion and application to beneficial use, with a priority date as of the date of completion of the enlargement of use for any enlargement occurring on or before November 19, 1987; provided however, that the rate of diversion of the original water right and the separate water right for the enlarged use, combined, shall not exceed the rate of diversion authorized for the original water right; and further provided, that the enlargement in use did not injure water rights existing on the date of the enlargement of use. An enlargement may be decreed if conditions directly related to the injury can be imposed on the original water right and the new water right that mitigate any injury to a water right existing on the date of enactment of this act. If injury to a water right later in time cannot be mitigated, then the new right for the enlarged use shall be advanced to a date one (1) day later than the priority date for the junior water right injured by the enlargement. It is further provided that any such enlargement of use allowed in a general adjudication shall not constitute an abandonment or forfeiture of the original water right to the extent of current use.  
(3) The director shall publish a notice of enlargement of water right for all water rights recommended under this section. The notice shall contain a summary of the notice of claim and shall be published in the same manner as notices for applications to appropriate water in section 42-203A, Idaho Code. Any person who has filed an application for a water right prior to the enactment of this act or who has been issued a permit for a water right prior to enactment of this act but who has not filed a claim in an adjudication shall have one hundred twenty (120) days from the date of last publication of the notice of enlargement of a water right under this section to file a petition with the department of water resources to assert any claimed injury from the enlargement. No appeal of the determination of the department shall be allowed. If the applicant or permittee is dissatisfied with the determination of the department on any claim of injury, the sole remedy is to intervene in the general adjudication and assert their claim of injury in an objection to the water right.  

SECTION 33. That Chapter 14, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 42-1427, Idaho Code, and to read as follows:

42-1427. DESCRIPTIONS OF WATER RIGHTS -- REPORTING AND DECREEING ELEMENTS OF A DECREED OR LICENSED WATER RIGHT. (1) Legislative find-
ings:

(a) The legislature finds that existing water rights are not uniformly described. Many old water rights were simply defined by source, priority date and diversion rate. Over time, the legislature and courts have made this original description of a water right more specific by the addition of other elements. Because of the increasing demand for water, it is important that the elements of a water right be standardized to allow for fair and efficient administration of the limited water supply. One purpose of chapter 14, title 42, Idaho Code, is to establish, through an adjudication a uniform description for surface water rights, ground water rights and water rights which include storage.

(b) Because of the passage of time it is not possible to establish with any degree of certainty the undefined elements of a decreed or licensed water right as they existed on the date the right was established, because water delivery has occurred based upon the historic water use patterns and custom, and because attempts to define elements of a water right based upon unknown conditions in existence on the date of the establishment of the water right could result in significant impacts upon the claimant, the local economy and tax base, the legislature finds that it is in the public interest to provide a mechanism to decree previously undefined elements of existing water rights based upon conditions existing on the date of commencement of the adjudication provided the claimant is not exceeding any previously determined and recorded element of the decreed or licensed water right.

(2) If a licensed or decreed water right does not describe all of the elements of a water right required in section 42-1409, Idaho Code, the director shall determine those elements not defined by the prior license or decree based upon the extent of beneficial use of the water right as of the date of the commencement of an adjudication.

SECTION 34. EFFECT OF AMENDMENTS ON GENERAL ADJUDICATIONS PRESENTLY PENDING. (1) The legislature intends that the amendments made in this act shall apply to case no. 39576 in the district court of the fifth judicial district, in and for the county of Twin Falls, subject to the transition provisions of this section.

(2) The director's reports for the three (3) test basins shall be remanded back to the director to conform those reports to the new information requirements of this act.

(3) The district court shall provide any claimant of a water right acquired under state law or established under federal law with an opportunity to file new notices of claim or to file amendments to notices of claim to conform them with this act, subject to the following procedures:

(a) The provisions of subsection (1) of section 42-1409, Idaho Code, do not require the amendment of any notice of claim for water rights acquired under state law. The director shall investigate the notices of claim sufficiently to determine these matters. If any claimant disagrees with the director's determination of these matters, the claimant may file an objection to the director's report.

(b) A notice of claim that was included in a director's report
for any of the three (3) test basins shall not be subject to further objection, if the description of the notice of claim was not modified following remand to the director.

(4) The director shall cease work on any director's report for water rights established under federal law, subject to the following provisions:

(a) Any director's report, which abstracts the notices of claim for a water right established under federal law, may be deposited in the depository of notices of claims authorized under section 42-1411A(2)(b)(i), Idaho Code, in lieu of a copy of the notices of claim to water rights established under federal law. If a claimant of a water right established under federal law elects to use the director's report which abstracts the notices of claim to water rights established under federal law, the director shall only seek reimbursement under section 42-1411A(2)(c), Idaho Code, from the United States for those services that the department performed after the effective date of this act.

(b) A notice of claim that was included in a director's report, which abstracted a notice of claim to a water right established under federal law, for any of the three (3) test basins shall not be subject to further objection, if the description of the notice of claim was not modified following remand to the director.

(5) The director shall transmit to the district court the originals of the notices of claim to water rights established under federal law within sixty (60) days of the effective date of this act.

SECTION 35. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 12, 1994.

The director shall notify the holder of the permit or license by certified mail at the most recent address shown in the records of the department.

(8) The district court or director may extend the time for filing a notice of claim.

SECTION 2. That Section 42-1411, Idaho Code, as amended by House Bill No. 969, Second Regular Session, Fifty-second Idaho Legislature, be, and the same is hereby amended to read as follows:

42-1411. REPORT OF THE DIRECTOR. (1) The director shall prepare a director's report on the water system. The director may file the director's report in parts as the director deems appropriate. The director may include such explanatory material as he deems appropriate in the director's report. Such explanatory material shall not impose any conditions or restrictions on the rights reported and shall not be subject to objection. This explanatory material shall not be used to support any notice of claim, objection to a notice of claim, or response to an objection.

(2) The director shall determine the following elements, to the extent the director deems appropriate and proper, to define and administer the water rights acquired under state law:
(a) the name and address of the claimant;
(b) the source of water;
(c) the quantity of water used describing the rate of water diversion or, in the case of an instream flow right, the rate of water use flow in cubic feet per second or annual volume of diversion of water for use or storage in acre-feet per year as necessary for the proper administration of the water right;
(d) the date of priority;
(e) the legal description of the point(s) of diversion; if the claim is for an instream flow, then a legal description of the beginning and ending points of the claimed instream flow;
(f) the purpose of use;
(g) the period of the year when water is used for such purposes;
(h) a legal description of the place of use; if one (1) of the purposes of use is irrigation, then the number of irrigated acres within each forty (40) acre subdivision, except as provided in section 42-219, Idaho Code;
(i) the annual volume of consumptive use;
(j) conditions on the exercise of any water right included in any decree, license, or approved transfer application; and
(k) such remarks and other matters as are necessary for defini-
tion of the right, for clarification of any element of a right, or for administration of the right by the director.

(3) The director may include such general provisions in the director's report, as the director deems appropriate and proper, to define and to administer all water rights.

(4) The director shall file the director's report with the district court, and the director's report shall be a part of the record. Upon filing with the court, the director's report, except for the explanatory material referred to in subsection (1) of this section, shall constitute prima facie evidence of the nature and extent of the water rights acquired under state law. The unobjected to portions of the director's report shall be decreed as reported.

(5) Each claimant of a water right acquired under state law has the ultimate burden of persuasion for each element of a water right. Since the director's report is prima facie evidence of the nature and extent of the water rights acquired under state law, a claimant of a water right acquired under state law has the burden of going forward with the evidence to establish any element of a water right which is in addition to or inconsistent with the description in a director's report. Any party filing an objection to any portion of the director's report shall have the burden of going forward with the evidence to rebut the director's report as to all issues raised by the objection. Any other party to the proceeding may submit evidence in opposition to the objector's position and in support of the director's report. The ultimate burden of proof shall be on the claimant if the prima facie validity of the director's recommendation is rebutted. All such proceedings shall be governed by the Idaho rules of civil procedure and Idaho rules of evidence.

(5a) The director shall file an original of the director's report with the district court. The director shall also distribute for display and review at least one (1) copy of the director's report to the office of the clerk of the district court for each county in which any part of the water system is located. The director shall also serve on each claimant or the claimant's attorney whose water right is listed in the director's report a notice of filing of the director's report. Notice shall be sent to the last known address of the claimant or the claimant's attorney. The notice shall be prepared by the director using plain and concise language and shall include:

(a) a statement that the director's report of the various water rights acquired under state law has been filed with the district court, naming the district court(s) to which the report was filed;
(b) a copy of that portion of the report setting forth the claimant's water right;
(c) a statement that a complete copy of the director's report is available for inspection, listing the locations at which the director's report is available, which shall include the office of the clerk of the district court for each county in which any part of the water system is located, the offices of the department, and any other locations the director may designate;
(d) a statement that all or a portion of the director's report is available upon request at the offices of the department, subject to payment of a reasonable fee to cover costs of reproduction and
mailing;
(e) a statement that any claimant may file objections to any portion of the director's report with the district court specified in the notice and must mail a copy of the objection to the director, and to the claimant of each claimed right objected to, if the objector is not also the claimant of the right for which the objection is filed;
(f) the date prior to which all objections must be filed, which shall not be less than sixty (60) days for any director's report containing five hundred (500) claims or less, one hundred twenty (120) days for any director's report containing more than five hundred (500) claims and not more than five thousand (5,000) claims, and one hundred eighty (180) days for any director's report containing more than five thousand (5,000) claims; the above-stated periods of time shall commence on the date of service by mail of the notice of filing;
(g) a statement that claimants may file responses with the court to objections filed against their claims, and that a copy of any response must be mailed to the director and to the objector;
(h) the date prior to which all responses to objections must be filed with the court, which shall not be less than one hundred twenty (120) days following receipt of a copy of the objection; and
(i) a statement that any part of the report to which no objections are filed shall be decreed by the district court and the time and location set for the hearing at which the unobjected parts of the report will be decreed, which time shall not be less than sixty (60) days following the expiration of the period for filing responses to objections.
(67) The director shall file an affidavit with the district court demonstrating compliance with the notice requirements of subsection (56) of this section.

SECTION 3. That Section 42-1411A, Idaho Code, as added by House Bill No. 969, Second Regular Session, Fifty-second Idaho Legislature, be, and the same is hereby amended to read as follows:

42-1411A. SERVICE OF NOTICE OF AND DETERMINATION OF WATER RIGHTS ESTABLISHED UNDER FEDERAL LAW. (1) The district court shall determine the water rights established under federal law in accordance with the following procedures established in this section.
(2) The district court shall determine the following procedures for water rights established under federal law:
(a) The contents of a notice of water right claims established under federal law;
(b) The method of service of the notice of water right claims established under federal law;
(c) The location of any depositories of notices of claim for water rights established under federal law, if the district court determines that claim depositories are necessary to provide other claimants reasonable access to the notices of claims established under federal law.
(3) The district court shall be guided by the following three (3)
principles in establishing the procedures required in this section:

(a) The purpose of this notice is to provide notice to other claimants of the filing of water rights established under federal law comparable to the notice of filing for water rights acquired under state law;

(b) The procedures shall not impose any burden greater than the burden placed upon the director to prepare, file, and serve the notice of filing for a director's report; and

(c) The procedure shall comply with the McCarran amendment, 43 USC 666.

(4) Any claimant of a water right established under federal law shall serve all such notices of claims on the other claimants. The following three procedures are all acceptable methods of service:

(a) the claimant shall send by ordinary mail a true and correct copy of each notice of claim to a water right established under federal law on all other claimants and a notice describing the date for filing objections and responses to objections;

(b) the claimant shall serve a notice of water rights established under federal law on all other claimants. The claimant shall also deposit the following with the clerk of the district court in each county in which any part of the water system, which is the subject of the general adjudication, is located:

(c) the claimant may contract with the director to perform all or any portion of the service required in this section. The director shall require in any contract that the cost of the services provided by the director are reimbursed by the claimant of a water right established under federal law in accordance with the procedures established by the district court.

The District Court has designated the following locations for deposit of the water-right-claims-established-under-federal-law:

WARNING: OBJECTIONS TO WATER RIGHTS ESTABLISHED UNDER FEDERAL LAW MUST BE FILED WITH THE DISTRICT COURT BY (INSERT APPROPRIATE DATE):

(5) The United States, if it filed any notices of claim for a water-right-established-under-federal-law, and any other claimants of such water rights, shall serve the notice on all claimants of water rights-acquired-under-state-law (i) by ordinary mail and (ii) by publication once a week for three (3) consecutive weeks in a newspaper of general circulation published in each county in which any part of the water system, which is the subject of a general adjudication, is located. May contract with the director to perform all or any portion of the service required in this section. The director shall require in any contract that the cost of the services provided by the director are reimbursed by the claimant of a water right established under federal law.

(6) The United States, if it filed any notices of claim for a water right established under federal law, and any other claimants of such water rights, shall file an affidavit demonstrating proof of service in compliance with this section.

(7) The district court shall provide at least sixty (60) days for filing objections to water rights established under federal law where the number of those water rights are five hundred (500) or less, at least one hundred twenty (120) days where the number of these water rights are more than five hundred (500) and not more than five thousand (5,000), and at least one hundred eighty (180) days where the number of these water rights are more than five thousand (5,000).

(8) Any claimant who desires to object to a claim established under federal law shall file an objection with the district court within the time specified in the notice of water right claims established under federal law. The claimant shall also send a copy of the objection to the claimant whose claim is the subject of the objection and to the director. Any claimant may file a response to an objection.

(9) The notice of claim, objection, and responses to an objection shall identify the issues to be litigated.

(10) If a claimant of a water right established under federal law has filed notices of claim for one (1) water use based upon state and federal law, the district court shall develop procedures, after an opportunity for hearing, for coordination of the determination of such claims based upon state and federal law.

(11) The district court shall conduct the trial without a jury on an exception objection or any group of objections in accordance with the Idaho rules of civil procedure.

(12) Each claimant of a water right established under federal law has the ultimate burden of proof—shall-be-on-the-claimant—to-establish—the—nature-and-extent-of-the-water-right-claimed persuasion for each element of a water right. Since no independent review of the notice of claim has occurred as provided for water rights acquired under state law in a director's report, a claimant of a water right established under federal law has the burden of going forward with the
evidence to establish a prima facie case for the water right established under federal law. All such proceedings shall be governed by the Idaho rules of civil procedure and Idaho rules of evidence.

(133) The district court shall enter a partial decree that contains or incorporates a statement of each element of a water right as stated in subsection (2) of section 42-1409, Idaho Code, as applicable, and that contains such general provisions, remarks, and other matters as are necessary for definition of the right, for clarification of any element of a right, or for administration of the right by the director.

(134) If no objections are filed to a notice of claim for a water right established under federal law, the claimant shall appear at a hearing scheduled by the district court and shall demonstrate a prima facie case of the existence of the water right established under federal law prior to entry of a decree for such claimed water right established under federal law. If the claimant fails to present a prima facie case of the existence of the water right established under federal law, then the district court shall enter an order determining that the claimed water right does not exist.

(135) Any party may appeal in accordance with the Idaho rules of civil procedure.

(136) The attorney general shall represent the state of Idaho in all matters regarding claims to water rights established under federal law, including, but not limited to, filing objections to water right claims established under federal law.

SECTION 4. That Section 42-1412, Idaho Code, as amended by House Bill No. 969, Second Regular Session, Fifty-second Idaho Legislature, be, and the same is hereby amended to read as follows:

42-1412. OBJECTIONS -- RESPONSES TO OBJECTIONS -- HEARING BEFORE DISTRICT JUDGE -- ENTRY OF FINAL DECREE. (1) Any claimant who desires to object to a water right, or to a general provision in the director's report, or-to-a-claim-established-under-federal-law shall file an objection with the district court within the time specified in the notice of filing of the director's report or--in-the--notice--of water--right--claim--established-under-federal-law. The claimant shall also send a copy of the objection to the claimant whose water right claim is the subject of the objection and to the director.

(2) The director may file with the district court a supplemental report to any objection to the director's report within the time specified in the notice of filing of the report. The director shall file with the district court the original of the notice of claim. The director shall mail a copy of the supplemental report to the objector and the claimant whose right is the subject of the objection. A claimant may file with the district court a response to any objection filed with respect to the claimant's water right within the time specified in the notice of filing of the report. If a party other than the claimant or the objector desires to participate in the proceeding concerning a particular objection, the party shall file a response to the objection that states the position of the party. In addition, any party may intervene in any objection proceeding in accordance with rules of practice and procedure established by the district court.
(3) Any claimant of a water right established under federal law may file with the district court a response to any objection filed with respect to the claimant’s water right within the time specified in the notice of filing or in the notice of water right claim established under federal law. The claimant shall mail a copy of any response to the objector and to the director.

(4) The notice of claim, objections, and responses to objections, shall identify the issues to be heard for water rights acquired under state law.

(5) The notices of claim for water rights established under federal law, objections, and responses to objections shall identify the issues to be heard for water rights established under federal law.

(6) Following expiration of the period for filing objections and responses thereto, the district court shall hear and determine the objections to any water right or to any general provision in the director’s report. The court shall before any trial, however, order a settlement conference to determine whether the matter can be settled. The court may remand request the director to conduct a further investigation and to submit a supplemental report for any water right acquired under state law that is the subject of an objection to the director for further investigation. In addition, the district court or a party may request the director or his designee to present the basis for the recommendations in the director’s report.

(7) The district court or special master shall conduct the trial without a jury on an objection or any group of objections in accordance with the Idaho rules of civil procedure.

(8) The district court shall enter a partial decree determining the nature and extent of the water right which is the subject of the objection or other matters which are the subject of the objection. The decree shall contain or incorporate a statement of each element of a water right as stated in subsections (2) and (3) of section 42-1411, Idaho Code, as applicable, except that a decree for any adjudication commenced prior to July 1, 1986, need not contain a determination of the annual volume of consumptive use for any water right. The decree shall also contain an express statement that the partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights. Upon entry of the decree, the clerk of the district court shall send a certified copy of the decree to the director in accordance with section 42-1403, Idaho Code. The clerk of the district court shall notify the objector and claimant of each right as to which an objection was determined by the district court of entry of the decree in the manner provided in the Idaho rules of civil procedure.

(9) Not less than sixty (60) days after the expiration of the period for filing responses to objections, the director shall file with the district court a statement of those portions of the director's report for which no objection was filed. Following hearing, the district court shall enter a partial decree as to those portions of the director’s report for which no objection has been filed. However, the district court may exclude unobjected claims from this list if the unobjected claim may be affected by the outcome of a contested matter. The decree shall contain or incorporate a statement of those elements of a water right contained in the director’s report for water
rights acquired under state law, except that a decree for any adjudication commenced prior to July 1, 1986, need not contain a determination of the annual volume of consumptive use. Upon entry of the decree, the clerk of the district court shall send a certified copy of the decree to the director in accordance with section 42-1403, Idaho Code. The clerk of the district court shall notify each claimant of entry of the decree in the manner provided in the Idaho rules of civil procedure.

(i88) Upon resolution of all objections to water rights acquired under state law, to water rights established under federal law, and to general provisions, and after entry of partial decree(s) pursuant to subsection (8) of this section, and after entry of a partial decree for unobjection portions of the director's report pursuant to subsection (9) of this section, the district court shall combine all partial decrees and the general provisions into a final decree.

(ii9) The district court may extend or shorten the time for filing any objection to the director's report or any response to an objection.

SECTION 5. That Section 42-1414, Idaho Code, as amended by House Bill No. 969, Second Regular Session, Fifty-second Idaho Legislature, be, and the same is hereby amended to read as follows:

42-1414. FEES FOR FILING NOTICE OF CLAIMS UNDER STATE LAW WITH THE DIRECTOR. (1) In order to provide an adequate and equitable cost-sharing formula for financing the costs of adjudicating water rights the department of water resources shall accept no notice of claim required under the provisions of section 42-1409, Idaho Code, unless such notice of claim is submitted with a filing fee based upon the fee schedule set forth below. Failure to pay the variable water use fee in accordance with the timetable provided shall be cause for the department to reject and return the notice of claim to the claimant. The fee schedule set forth below applies to adjudication proceedings commenced or enlarged on or after January 1, 1985.

(a) Flat fee per claim filed:
(i) Claims for domestic and/or stockwatering rights .................................................. $25.00
(ii) Claims for all other rights ...................... $50.00

(b) Additional variable water use fee for claims filed based upon acreage, power generating capacity, c.f.s., or equivalent volume of water:
(i) Irrigation use (one fee irrespective of number of claims): ....................... $1.00 per acre
(ii) Power: ....................... $3.50 per kilowatt of capacity (manufacturer's nameplate rating)
(iii) Aquaculture: ....................... $10.00 per c.f.s.
(iv) Municipal, industrial, commercial, mining, heating, cooling: ....................... $100.00 per c.f.s.
(v) Public instream flow, public lake level maintenance, wildlife: ....................... $100.00 per c.f.s.

(c) Payment of a variable water use fee of more than one thousand dollars ($1,000) may be spread out over as many as five (5) annual equal payments with ten percent (10%) interest accruing on the
unpaid balance. All fees collected by the department pursuant to this section shall be placed in the water resources adjudication account established in section 42-1777, Idaho Code.

(2) If a claimant increases in an amended notice of claim the amount of water claimed, the amount of land irrigated, or the kilowatt capacity of the generating facility, the claimant shall pay upon filing the amended notice of claim an additional variable fee in accordance with the rates set forth in subsection (1) of this section. Claimants shall be entitled to a return of filing fees or late fees only where the fee was miscalculated at the time the original or amended notice of claim was filed.

(3) If a claimant files a notice of claim after the date set by the director in the notice mailed or served in accordance with subsections (2), (3), or (4) of section 42-1408, Idaho Code, or with subsection (9) of section 42-1409, Idaho Code; the claimant shall pay the fee set forth in subsection (1) of this section, and in addition, the amount of fifty dollars ($50.00) or fifteen percent (15%) of the original filing fee, whichever is greater. The director may waive the late processing fee or a portion thereof for good cause.

SECTION 6. That Section 42-1427, Idaho Code, as added by House Bill No. 969, Second Regular Session, Fifty-second Idaho Legislature, be, and the same is hereby amended to read as follows:

42-1427. DESCRIPTIONS OF WATER RIGHTS -- REPORTING AND DECREEING ELEMENTS OF A DECREED OR LICENSED WATER RIGHT. (1) Legislative findings:

(a) The legislature finds that existing water rights are not uniformly described. Many old water rights were simply defined by source, priority date and diversion rate. Over time, the legislature and courts have made this original description of a water right more specific by the addition of other elements. Because of the increasing demand for water, it is important that the elements of a water right be standardized to allow for fair and efficient administration of the limited water supply. One (1) purpose of chapter 14, title 42, Idaho Code, is to establish, through an adjudication a uniform description for surface water rights, ground water rights and water rights which include storage.

(b) Because of the passage of time it is not possible to establish with any degree of certainty the undefined elements of a decreed or licensed water right as they existed on the date the right was established, because water delivery has occurred based upon the historic water use patterns and custom, and because attempts to define elements of a water right based upon unknown conditions in existence on the date of the establishment of the water right could result in significant impacts upon the claimant, the local economy and tax base, the legislature finds that it is in the public interest to provide a mechanism to decree previously undefined elements of existing water rights based upon conditions existing on the date of commencement of the adjudication provided the claimant is not exceeding any previously determined and recorded element of the decreed or licensed water right.

(2) If a licensed or decreed water right does not describe all of
the elements of a water right required in section 42-1409, Idaho Code, the director shall determine include in his report recommendations for those elements not defined by the prior license or decree based upon the extent of beneficial use of the water right as of the date of the commencement of an adjudication.

SECTION 7. That uncodified Section 34, as added by House Bill No. 969, Second Regular Session, Fifty-second Idaho Legislature, be, and the same is hereby amended to read as follows:

SECTION 34. EFFECT OF AMENDMENTS ON GENERAL ADJUDICATIONS PRESENTLY PENDING. (1) The legislature intends that the amendments made in this act shall apply to case no. 39576 in the district court of the fifth judicial district, in and for the county of Twin Falls, subject to the transition provisions of this section.

(2) The director shall file with the district court amendments to the director's reports for the three (3) test basins shall-be-remanded back--to--the--director to conform those reports to the new information requirements of this act. The director shall provide the district court written notice of the schedule for completion of the amendments.

(3) The district court shall provide any claimant of a water right acquired under state law or established under federal law with an opportunity to file new notices of claim or to file amendments to notices of claim to conform them with this act, subject to the following procedures:

(a) The provisions of subsection (1) of section 42-1409, Idaho Code, do not require the amendment of any notice of claim for water rights acquired under state law. The director shall investigate the notices of claim sufficiently to determine these matters. If any claimant disagrees with the director's determination of these matters, the claimant may file an objection to the director's report.

(b) A notice of claim that was included in a director's report for any of the three (3) test basins shall not be subject to further objection; if the description of the notice of claim was not modified following remand to the director Objections to an amended director's report for any of the three (3) test basins shall be governed by section 42-1412, Idaho Code.

(4) The director shall cease work on any director's report for water rights established under federal law, subject to the following provisions:

(a) The new notice and service requirements of section 42-1411A, Idaho Code, shall not apply to any water rights established under federal law which are included in a director's report, which abstracts the notices of claim for a water right established under federal law, may be deposited in the depository of notices of claims authorized under section 42-1411A(2)(b)(i), Idaho Code, in lieu of a copy of the notices of claim to water rights established under federal law. If a claimant of a water right established under federal law effects to use the director's report which abstracts the notices of claim to water rights established under federal law, the director shall only seek reimbursement under section 42-1411A(2)(c), Idaho Code, from the United States for those

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the United States Congress has been in need of reform for many years; and
WHEREAS, Congressman Mike Crapo ran on a platform to reform Congress and make it more efficient and more accountable to the people; and
WHEREAS, when Congressman Crapo was President Pro Tempore of the Idaho Senate, it ran very efficiently and smoothly and was responsive to the electorate; and
WHEREAS, Congressman Crapo has introduced reform measures in the United States Congress to improve its workings and make it more accountable to the electorate.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the Senate and the House of Representatives concurring therein, that we would like to commend Congressman Mike Crapo for his efforts at attempting to reform the United States Congress for the better and would request that Congress seriously consider passage of his reform measures.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the goal of all public assistance programs ideally is to move individuals toward self-sufficiency; and

WHEREAS, individuals struggling to stay out of the system and off public assistance are already exercising self-sufficiency; and

WHEREAS, Aid to Families with Dependent Children was established to provide a minimal, basic level of support for our nation's children, not to punish individuals who choose not to accept public assistance; and

WHEREAS, a case such as that of June Reid of Post Falls, Idaho, a woman who chose not to accept AFDC and therefore was pursued for child support payments, highlights a narrow, inappropriate interpretation of the true purpose of AFDC and a bureaucratic fascination with rules for the sake of rules; and

WHEREAS, the hands of the states are bound by federal regulations so that we lose vital funding if we act humanely and appropriately in a case like June Reid's; and

WHEREAS, the full effects of the current public assistance system must be comprehended and injustices redressed in any federal proposal for welfare reform.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the Senate and the House of Representatives concurring therein, that we petition Congress, the President, the Secretary of Health and Human Services, Donna Shalala, to amend 42 U.S.C. Section 654 to allow states the latitude to determine that child support need not be collected from a parent eligible to receive AFDC who has chosen not to accept public assistance where such support collection efforts would not be in the best interests of the children for whom support is owed.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, Bill Clinton, the Secretary of Health and Human Services, Donna Shalala, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

HONORABLE SECRETARY OF THE UNITED STATES DEPARTMENT OF AGRICULTURE, MIKE ESPY, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the grain producers in the state of Idaho are suffering from a deluge of Canadian barley and wheat into our traditional markets; and
WHEREAS, Canadian barley imports are projected to reach a record 35 million bushels and Canadian wheat imports are projected to reach a record 90 million bushels in marketing year 1993/94; and
WHEREAS, these Canadian imports are having a negative effect on Idaho grain producers' income and the rural economy, as well as interfering with U.S. farm policy and making farm programs more costly to the American taxpayer; and
WHEREAS, Idaho grain producers face unfair Canadian trading practices, such as monopolistic grain board and transportation subsidies.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the Senate and the House of Representatives concurring therein, that we do hereby urge the administration to exercise the Section 22 emergency action clause, which would impose immediate tariffs on Canadian barley and wheat shipments into the United States.

OF THE UNITED STATES TO AMEND THE FEDERAL SAFE DRINKING WATER ACT.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:

WHEREAS, safe drinking water is of paramount importance to the health and well-being of the people of the United States; and

WHEREAS, increasingly limited federal, state and local resources require that moneys be expended in the most cost-effective and efficient manner possible; and

WHEREAS, the federal Safe Drinking Water Act, as currently configured, requires drinking water monitoring, testing and capital expenditure beyond what is necessary to adequately protect the public health and welfare; and

WHEREAS, the excessive expenditure of such moneys reduces the ability of federal, state and local governments to most effectively and efficiently protect citizens from harmful water-borne chemicals and pathogens; and

WHEREAS, affecting the necessary changes to the federal Safe Drinking Water Act is a responsibility of the Congress of the United States; and

WHEREAS, there is currently, before the Congress of the United States, legislation, specifically House of Representatives Bill No. 3392, which would help ameliorate many of the difficulties and inefficiencies caused by the federal Safe Drinking Water Act; and

WHEREAS, it is fitting for the states to offer guidance to the Congress of the United States and voice a call for remediation of conditions imposed by federal law which, in the opinion and judgment of the states, are found to be unnecessarily burdensome.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the Senate and the House of Representatives concurring therein, that we support House of Representatives Bill No. 3392, the Slatterly/Bliley Safe Drinking Water Act Amendments.

BE IT FURTHER RESOLVED that the Fifty-second Idaho Legislature respectfully urges and requests the Idaho delegation to the Congress of the United States to support and work for passage of House of Representatives Bill No. 3392 in the Congress of the United States.

BE IT FURTHER RESOLVED that the Fifty-second Idaho Legislature respectfully calls on and requests the legislatures of the several states to likewise express to the Congress their concerns and recommendations for correcting inefficiencies and unnecessary burdens imposed by the Safe Drinking Water Act.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Tenth Amendment to the Constitution of the United States reserves to the states or to the people powers not delegated to the United States by the Constitution nor prohibited by it to the states; and

WHEREAS, the Constitution of the United States does not reserve to the federal government any exclusive or limited powers relating to the control of education, nor does it prohibit states from exercising such powers; and

WHEREAS, the State of Idaho enjoys a strong educational system; and

WHEREAS, the strength of our educational system is derived in great part from the flexibility and versatility of our state policy which allows for the delivery of education in a variety of environments to meet a broad range of needs; and

WHEREAS, the private schools and home schools of our state are an integral part of that educational delivery system; and

WHEREAS, the State of Idaho recognizes the value of our nontraditional, nonpublic schools and can verify their contributions; and

WHEREAS, private schools and home schools educate and graduate students at a level of academic achievement comparable to and often exceeding state and national averages of academic achievement; and

WHEREAS, local control of education is vital to the maintenance of our republican form of government; and

WHEREAS, any forced imposition of federal standards jeopardizes the foundation on which our form of government is based; and

WHEREAS, it is the position of the State of Idaho that the role of the state in educating her people, including the preparation and monitoring of those personnel who are responsible for providing that education, is reserved to the state, the local school districts and to the parents.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the Senate and the House of Representatives concurring therein, that we emphatically urge resistance to and total rejection of any attempt by the federal government to interject itself into the educational affairs of the nontraditional, nonpublic schools of this state.

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 mandated in Title 23 United States Code Section 153 that all states shall have enacted a universal motorcycle helmet law by October 1, 1993, or face fund transfers from certain federal-aid highway programs to the highway safety program found in Title 23 United States Code Section 402; and

WHEREAS, United States Secretary of Transportation Federico Pena notified Idaho Governor Cecil D. Andrus on September 30, 1993, that Idaho was not in compliance with Title 23 United States Code Section 153, because the state does not have in effect a motorcycle helmet law for all riders; and

WHEREAS, Governor Cecil D. Andrus responded to Secretary Pena on November 30, 1993, advising that Idaho takes issue with the federal mandate, and that the mandate puts the federal government in the position of deciding on Idaho's behalf that a motorcycle helmet law is more important than congestion mitigation, air quality and highway construction projects; and

WHEREAS, Section 153 provides that a state which fails to put into effect motorcycle helmet and safety belt use laws by October 1, 1993, is subject to a transfer in fiscal year 1995 of 1.5% of funds apportioned under certain federal-aid highway programs to its apportionment for the highway safety program authorized by Title 23 United States Code Section 402; and

WHEREAS, on October 1, 1993, no law was in place in Idaho that mandates motorcycle helmet usage by all riders regardless of age; and

WHEREAS, based on Idaho's fiscal year 1993 apportionments, 1.5%, estimated at 1.1 million dollars, will be transferred to highway safety programs on October 1, 1994, unless the requirements are repealed or delayed by Congress; and

WHEREAS, for noncompliance in fiscal year 1995 and beyond, the transfer will increase to 3%, estimated at 2.2 million dollars, occurring for fiscal year 1996 and thereafter; and

WHEREAS, the members of the Second Regular Session of the Fif-
ty-second Idaho Legislature are considering a driver's license endorsement and motorcycle rider education proposal which is supported by the motorcycle riding community throughout Idaho; and

WHEREAS, the members of the Second Regular Session of the Fifty-second Idaho Legislature will not enact a mandatory motorcycle-helmet law for all ages of riders based on public opposition regarding said legislation.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the Senate and the House of Representatives concurring therein, that we respectfully request that the Congress repeal the noncompliance sanctions of Title 23 United States Code Section 153.

WHEREAS, the United States Congress also intends to follow the well-established precedent in national legislation of recognizing local and state water laws relative to the appropriation and distribution of water; and

WHEREAS, in the western states, the Supreme Court of the United States has recognized that "...the water above and beneath the surface of the ground belongs to the public, and the right to the use thereof is to be acquired from the State in which it is found, which State is vested with the primary control thereof." (California v. United States, 438 U.S. 645, 679 (1978)); and

WHEREAS, "...it is clear that the States have the control of water within their boundaries, it is essential that each and every owner along a given water course, including the United States, must be amenable to the law of the State, if there is to be a proper administration of the water law as it has developed over the years." TO THE PRESIDENT OF THE UNITED STATES, TO THE ADMINISTRATOR OF THE NATIONAL MARINE FISHERIES SERVICE, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:

WHEREAS, on December 28, 1993, the National Marine Fisheries Service (NMFS) in 50 CFR 226 adopted a final rule which designated critical habitat for the Snake River Sockeye Salmon, Snake River Spring/Summer Chinook Salmon and Snake River Fall Chinook Salmon pursuant to the Endangered Species Act; and

WHEREAS, this designation impacts the entire Salmon and Clearwater River drainages and the Snake River upstream to Hells Canyon Dam or roughly one-third of the land mass of Idaho; and

WHEREAS, the following counties contain or border rivers, streams and hydrologic units designated as critical habitat under the NMFS designation: Adams, Benewah, Blaine, Clearwater, Custer, Idaho, Latah, Lemhi, Lewis, Nez Perce, Shoshone and Valley; and

WHEREAS, in its designation, the NMFS states: "...Because adverse modification of riparian zones may impede the recovery of threatened and endangered salmon, the adjacent riparian zone is included in the critical habitat for listed Snake River Salmon..." and defines "adjacent riparian zones" as those areas within a horizontal distance of three hundred feet from the normal high water of a stream channel or from the shoreline of a standing body of water; and

WHEREAS, this designation will probably have deleterious impacts on livestock grazing, agricultural activities, timber harvest, mining and related activities currently conducted in the designated areas; and

WHEREAS, in the NMFS designation there is little reference to a restriction on hydroelectric dams on the Snake and Columbia River systems that is causing difficulties with both upstream and downstream passage of anadromous fish, a major reason why salmon have been decreasing in numbers, and the NMFS designation is also largely silent insofar as harvest regulation and control of salmon predators, these being additional major reasons for the decline in salmon numbers; and

WHEREAS, under Section 4(b)(2) of the Endangered Species Act,
critical habitat is required to be designated on the basis of the best scientific data available and after taking into account the economic impact and other relevant impacts of specifying any particular area as critical habitat and an area may be excluded from a critical habitat designation if the overall benefits of exclusion outweigh the benefits of designation and the exclusion will not result in the extinction of the species; and

WHEREAS, the University of Idaho has currently prepared such a study for two of the twelve Idaho counties designated under the NMFS order; and

WHEREAS, the NMFS designation has great potential to do severe economic harm to the other Idaho counties, to many Idaho citizens and industries with ramifications to the economic health of the whole State of Idaho, while at the same time being questionably effective toward its main goal and objective: recovery of more salmon; and

WHEREAS, the "incremental" approach used by NMFS in analyzing the socio-economic impacts of designating critical habitat, which resulted in a judging of "no significant impact," appear to circumvent the intent of Congress regarding Section 4(b)(2) of the Endangered Species Act.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the House of Representatives and the Senate concurring therein, that we respectfully request the President of the United States and the Administrator of the National Marine Fisheries Service to declare a moratorium in enforcing the critical habitat designation contained in 50 CFR Part 226 as it pertains to the twelve Idaho counties so that the State of Idaho and the affected counties can prepare reliable socio-economic impact analyses to determine if justification exists for an exemption pursuant to section 4(b)(2) of the Endangered Species Act.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Administrator of the National Marine Fisheries Service, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:
WHEREAS, the railroad industry is acknowledged as the originator of private company pensions in the United States; and
WHEREAS, in the 1930's the United States Congress assumed the responsibility for developing a federally administered retirement program to place the various railroad pension plans on a solid financial basis; and
WHEREAS, the railroad retirement system today covers over one million individuals who have contributed over the years in good faith and who have legitimate expectations of receiving their benefits; and
WHEREAS, the National Performance Review in its report "From Red Tape to Results: Creating a Government That Works Better and Costs Less" proposes to transfer the functions of the Railroad Retirement Board to the Social Security Administration, to other federal agencies, and to "private section service providers"; and
WHEREAS, this proposal would privatize and terminate a program that has worked well and provided retirement security to millions of people for nearly 60 years; and
WHEREAS, it now costs less money per benefit dollar to administer Railroad Retirement than it costs to administer Social Security and consequently, the proposal is likely to increase costs to the taxpayer; and
WHEREAS, the transfer would violate the Federal government's stated commitment to "serving the customer" as current and future Railroad Retirement beneficiaries vehemently oppose the transfer; and
WHEREAS, this action threatens to disrupt earned and needed benefits for 1.3 million active, retired, and disabled rail workers and their families; and
WHEREAS, this proposal would adversely affect all active and retired railroad employees and their families in the great state of Idaho.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the House of Representatives and the Senate concurring therein, that a continued Federal Commitment to the railroad retirement system is essential to assure the integrity of the railroad retirees' benefits and the preservation of the present structure of the railroad retirement system, including the administrative framework of the Railroad Retirement Board, is necessary to fulfill the time-honored responsibility of the Federal Government.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:

WHEREAS, President Clinton announced that he is lifting the trade embargo on Vietnam and is establishing a trade liaison office in Hanoi; and

WHEREAS, last summer, President Clinton outlined four criteria for judging the seriousness of Vietnam's commitment in accounting for missing Americans; these included repatriation of remains; provisions of archival materials related to missing Americans; resolution of last-known-alive discrepancy cases; and cooperation on resolving Laotian POW/MIA cases; and

WHEREAS, Clinton Administration officials gave the Vietnamese Government a list of eighty-four cases that they expected help on before they could recommend lifting the embargo and in each, U.S. officials believe that persuasive evidence exists that the Vietnam Government knows what happened to the men; and

WHEREAS, accounting for these Americans would provide a concrete demonstration of Vietnam's willingness to address some of the President's stated concerns and it would serve as a gesture of good faith by the Vietnamese to proceed with the hundreds of cases beyond the eighty-four that they could easily resolve; and

WHEREAS, despite Clinton Administration assertions that Vietnam has made measurable progress in each of the specific areas, the Vietnam Government's record of stonewalling and cynical manipulation for more than twenty years cannot be ignored; and

WHEREAS, during the Vietnam War, the Vietnamese went to great lengths to keep track of enemy personnel who came under their control, alive or dead, as all units had been instructed on procedures to follow in the event they killed or captured an American, including immediate notification to higher headquarters; and

WHEREAS, dead Americans were carefully photographed and catalogued and remains were often buried immediately at aircraft crash sites and locations of the graves recorded and a year or more later, teams recovered the remains, preserved them as they did for their own and reburied or stored them above ground in designated locations; and

WHEREAS, throughout this process, detailed records were kept and over the years the Vietnam Government has returned some of these remains and U.S. intelligence estimates that the Vietnamese could readily provide hundreds more; and

WHEREAS, today, Vietnamese officials continue to hold back key documents they know are crucial to the accounting process of POWs and MIAs while proving a large volume of inconsequential materials to cre-
ate the impression of cooperation and progress; and

WHEREAS, the same officials of the Vietnam Government, using words strikingly similar to those they have used for two decades, are again claiming they hold no more American remains despite the fact that Vietnamese records and photographs provided since 1992 back up previous intelligence and diplomatic admissions that they continue to hold hundreds of remains or can provide persuasive explanations why some remains may not be available; and

WHEREAS, the Government of Vietnam has not provided a single set of remains from the list of eighty-four MIAs given to them months ago and until they do, it is not credible to assert that the President's criteria on the repatriation of remains has been met; and

WHEREAS, lifting the trade embargo now without achieving real results is a tragic mistake as it will dash the hopes of the families who have been waiting so long for answers, place the Clinton Administration in the position of relying solely on the Vietnam Government's "goodwill" and risk eroding further the American people's trust in government.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the House of Representatives and the Senate concurring therein, that the current administration not take further steps to restore economic or diplomatic relations with the Government of Vietnam until it can be certified that the Vietnam Government is being fully forthcoming in telling us what they know about Prisoners of War and Americans Missing in Action during the War in Vietnam and that it rescind any action lifting the trade embargo on Vietnam and establishing a political liaison office in Hanoi until such facts can be certified.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to President Bill Clinton, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL
TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:
WHEREAS, the 1967 United States Supreme Court decision in the case of "National Bellas Hess, Inc. v. Dept. of Revenue," (386 U.S. 753 (1967)) denies states the authority to require the collection of sales and use taxes by out-of-state mail order firms that have no physical presence in the taxing state, even though they solicit and obtain significant sales there through the mail and common carriers; and

WHEREAS, in its 1992 decision in "Quill Corp. v. North Dakota," (U.S.S.C. Doc. No. 91-194), the United States Supreme Court clearly indicated that the Congress of the United States can, consistent with the U.S. Constitution, enact legislation authorizing direct marketers to collect state and local use taxes; and

WHEREAS, the inability of states like Idaho to require certain direct marketers and other businesses not physically present, but selling to their residents, to collect sales and use tax places many community businesses that support state and local governments at a substantial competitive disadvantage; and

WHEREAS, restrictions on collecting such taxes result in a loss of billions of dollars nationally and millions of dollars in Idaho of legally due sales and use tax revenue; and

WHEREAS, according to a recent report released by the Advisory Commission on Intergovernmental Relations, the revenue potential to all states from untaxed interstate mail order sales is projected to be $3.27 billion in 1992 and that the loss of tax revenue to the State of Idaho in the same report is estimated to be 12.7 million dollars; and

WHEREAS, organizations representing local retailers, state and local officials and public service recipient groups are working to achieve enactment of federal legislation that would authorize states to require direct marketers to collect state sales and use taxes; and

WHEREAS, in the two decades since the "National Bellas Hess" decision, improvements in communications technology and transportation distribution systems have changed the nature and extent of interstate sales and the recent and projected rapid growth in interstate sales, through television, mail order, "800" telephone numbers and by other means of electronic communications indicates that, without corrective legislation, collection of sales and use taxes will become increasingly inequitable and unenforceable; and

WHEREAS, there has been introduced into the Senate of the United States a bill, S. 1825, "The Fairness for Main Street Business Act of 1994," that would allow state and local jurisdictions to require out-of-state companies to collect sales or use taxes on tangible personal property sold to residents of the state or local jurisdictions if the company's national sales are not less than $3 million and sales into the state are not less than $100,000 and which includes other fair and reasonable safeguards for out-of-state companies.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the House of Representatives and the Senate concurring therein, that we respectfully request Congress to enact S. 1825, "The Fairness for Main Street Business Act of 1994," or substantially similar legislation that would prevent this state's revenue loss and remove the competitive advantage now enjoyed by some out-of-state businesses.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a
copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Fifty-second Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Congress of the United States has passed laws to implement programs to control production of surplus crops and to retire lands marginally suited for production of these crops; and

WHEREAS, some of the lands involved in the federal programs setting aside cropland have been irrigated and have an appurtenant ground water right obtained under state law; and

WHEREAS, Idaho law and some other state laws protect these rights from forfeiture while the land is contracted in the federal cropland set-aside program; and

WHEREAS, Idaho law and other state laws allow the holder of ground water rights to seek the transfer of the ground water rights if the requirements of state laws are met, and some of those holders of the water right have changed the place of use of the water right to other agricultural land thereby circumventing the intent and purpose of the federal law as additional crops are being grown on land that is not in the federal set-aside program; and

WHEREAS, transfer of ground water rights from lands contracted in a federal cropland set-aside program to irrigate other lands capable of producing surplus crops can have a deleterious effect to the aquifer, to surrounding wells and to entire communities.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the House of Representatives and the Senate concurring therein, that when Congress reauthorizes the federal cropland set-aside program that it include a provision prohibiting participants in the program from transferring water rights to irrigate other lands capable of producing surplus crops.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a

WHEREAS, crimes perpetrated against children, including molestation, abduction, attempted abduction, sexual abuse, and murder are increasing; and

WHEREAS, there is increasing public concern over the number of missing and kidnapped children reported each year; and

WHEREAS, the mobility of modern day society allows missing or kidnapped children to be transported long distances in a short period of time; and

WHEREAS, besides victimized children, there are an increasing number of children that are in latchkey or self-care situations who may from time to time need adult help urgently; and

WHEREAS, as a result, children, wherever they may be, need access to a block home, which is a place of safety and refuge with an easily identifiable block home symbol; and

WHEREAS, there are currently several different block home symbols being used to alert distressed children and adults about places of refuge where help will be provided; and

WHEREAS, having several different symbols in use causes confusion because it is difficult to teach children to understand and differentiate between all the different community and neighborhood safety symbols being used in the state; and

WHEREAS, there is a need for a universal block home program and symbol to clearly identify homes in communities that serve as places
of refuge for children or adults who are frightened, injured, lost, in

states across the country; and
WHEREAS, numerous local, state and national organizations, includ-

CHILDREN AND OUR OBLIGATION TO BRING THE WARMTH OF OUR CONCERN

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the fastest growing tax cost is the prison system,
including additional police and courts, which total a greater expendi-
ture than higher education; and
WHEREAS, over the ten year decade of the 80's, crime rose eight
percent but incarceration of prisoners rose one hundred thirty-four percent; and

WHEREAS, there are many small group demonstrations and applications of preventive programs to redirect children during their school years, which have been identified as workable alternatives to waiting to address the failure; and

WHEREAS, one promising program is to keep schools open twelve hours a day to provide a warm, low pressure, learning and play opportunity for children; and

WHEREAS, we can bring citizens into the school environment, and successful examples include community patrols of volunteers to reduce crime and organizing fathers' security clubs for recess to reduce truancy and dropouts; and

WHEREAS, volunteers can teach youths to rebuild buildings, pour concrete, plant trees, clear streams, and, while making a positive contribution to the society, learn skills and experience success.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the Senate and the House of Representatives concurring therein, that we recognize the problems facing the American family as the challenge of our century. We must address this disintegration of the family with human resources because spending more money has not proven effective. We must find a way to bring successful adults into the school and into the lives of children. Nothing less than a full commitment of our resources will assure our future as a strong and great nation.

A CONCURRENT RESOLUTION
STATING LEGISLATIVE FINDINGS AND PROVIDING A GROUND WATER RECHARGE POLICY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, it shall be the policy of the Legislature of the State of Idaho that recharge of Idaho's ground water aquifers shall be in the public interest. Idaho's aquifers and the recharge received by the aquifers provide abundant supplies of water for irrigation, municipalities, industry, domestic and other users of the water resource as well as sustenance for fish and wildlife, wetlands and maintenance of streamflows; and

WHEREAS, artificial recharge of Idaho's ground water aquifers has been and continues to be a useful and productive utilization of Idaho's water and shall be encouraged wherever possible; and

WHEREAS, irrigation water applied in excess of the irrigation requirement which percolates into ground water aquifers shall be considered as incidental recharge and shall be encouraged where such recharge will supplement Idaho's ground water aquifers and protect
existing water rights; and

WHEREAS, the use of existing water development facilities shall be encouraged as well as the construction of structural facilities for the diversion of unappropriated water into areas found to be appropriate for recharge of Idaho's aquifers.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislature adopts the following principles and recommends these policies to the Idaho Water Resource Board:

1. Incidental recharge is part of the water diverted and applied for irrigation and other beneficial uses and percolates to ground water aquifers and provides incidental recharge benefits. In particular, Idaho's extensive irrigation development using water from streams and rivers through canals and ditches for surface application has increased the amount of water in storage in the aquifers, raised ground water levels and increased the flow of springs from the aquifers. Because the benefits of incidental recharge accrue to all of Idaho's citizens, Idaho's water management policies must recognize and protect this source of recharge in accordance with the public interest.

2. Artificial recharge is recognized as a significant means of conservation of Idaho's water resources. However, force or mandated policies that require reductions of surface water diversions should be discouraged where such policies will deplete or reduce recharge to Idaho's aquifers.

3. The State of Idaho should encourage artificial recharge by providing mechanisms such as financial incentives, development of artificial recharge credits, protection of existing water rights, recharge banking and others that promote artificial recharge. The authorities of the Idaho Water Resource Board Revolving Development Fund should be modified where necessary to provide financial incentives for artificial recharge projects.

4. The Conjunctive Management Rules presently being developed by the Idaho Department of Water Resources shall recognize artificial recharge as in the public interest and provide for the appropriate incentives and rules so as to encourage recharge in areas benefitting Idaho's aquifers.

5. The State of Idaho shall encourage development of memoranda of understanding or agreement with the appropriate federal land management agencies for use of federal lands in recharge projects. Such agreements should take into account the benefits to the State of Idaho and the federal land management agencies as well as protecting the state from requirements that force maintenance of wetlands, water bodies or other artificially created features relating to artificial recharge projects. Such memoranda should also encourage the appropriate land trades with the State of Idaho to effect artificial recharge projects.

6. The Idaho Water Resource Board should develop state water policies promoting and supporting artificial recharge as a means of supplementing Idaho's ground water aquifers for beneficial use in Idaho. Such policies should recognize the value to Idaho's agricultural, municipal, domestic, industrial and recreational community of mainte-
nance and recovery of Idaho's aquifers as well as the environmental benefit of artificial recharge.

7. It is recognized that a continuing need exists for adequate funding of hydrologic studies to determine the characteristics of Idaho's aquifers and the relationship between ground and surface water resources for the purposes of artificial recharge and conjunctive management.

8. The Idaho Department of Water Resources should implement and the Legislature should fund an education and information program to acquaint Idaho's citizens with the value of artificial recharge and the relationship between surface water conservation and recharge impacts.

9. The Legislature of the State of Idaho should adopt a Joint Memorial to the Secretary of the Interior Bruce Babbitt, urging recognition of the beneficial nature of artificial recharge of Idaho aquifers and to reflect such benefits of state programs and policies in the reorganization and management policies of federal agencies, especially the U.S. Bureau of Reclamation.

STATING FINDINGS OF THE LEGISLATURE AND REQUESTING COMPACT NEGOTIA­
TIONS BETWEEN IDAHO INDIAN TRIBES AND THE STATE OF IDAHO.

WHEREAS, the Legislature intends to provide an economic develop­
ment opportunity to the Idaho Indian tribes, employment opportunities
for tribal members and funds for enhancing the health, education and
welfare of tribal members and to enhance the general well-being of the
tribe and tribal members; and

WHEREAS, the U.S. District Judge Harold Ryan has recently ruled
that the State may not conduct its lottery on Indian reservations
unless the respective Indian tribe allows such activity under the
terms of a compact negotiated by the Indian tribe and authorized by
tribal ordinances; and

WHEREAS, the Nez Perce Reservation and the Coeur d'Alene Reserva­
tion are currently the major areas among Idaho Indian Country which
sell State lottery tickets; and

WHEREAS, with U.S. District Court Judge Harold Ryan's ruling, some
Idaho Indian tribes have asked for a negotiated portion of the money
that the State gets from on-reservation sales to be returned back to
the respective Idaho Indian tribes; and

WHEREAS, the Legislature finds that if some reasonable revenue
sharing bill is created, litigation will probably be avoided and the lottery would be able to continue operating on the reservation, but if no action is taken, most likely Indian tribes will sue for past revenues and the lottery will almost certainly be eliminated on reservations; and

WHEREAS, the Legislature finds that legislation could provide a better solution than a court solution; and

WHEREAS, the Legislature has an opportunity to help both the State and the Tribes avoid conflict regarding the State lottery on Idaho Indian lands; and

WHEREAS, the Legislature wants to encourage government-to-government negotiations concerning the State lottery on Indian lands and to ameliorate the present uncertainty.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislature requests and authorizes that the State of Idaho proceed in good faith compact negotiations with the Tribes regarding administering the State lottery on Idaho Indian lands.

BE IT FURTHER RESOLVED that interim compacts may be entered into by the Governor and the tribes, provided such compacts shall not become permanent unless ratified by Concurrent Resolution by the First Regular Session of the Fifty-third Idaho Legislature and provided that no moneys or payments are authorized to be paid by the State of Idaho to the Tribes until such time as authorized by the Idaho Code, and as approved by the governing body of the Idaho Tribe and by a Concurrent Resolution adopted by both houses of the Legislature.

BE IT FURTHER RESOLVED, that any negotiation so approved may include reasonable provisions addressing retroactivity with respect to sales occurring on or after July 1, 1993, and annual provisions which provide for each distinct Idaho Indian tribe's economic development and sovereignty.

BE IT FURTHER RESOLVED, that any negotiation so approved shall include reasonable provisions which provide the State lottery's advertising costs, lottery retailer's commissions, administrative costs, lottery prizes, and a sharing of lottery dividends derived from the sales of lottery tickets on Indian reservations.

STATING LEGISLATIVE FINDINGS AND RECOGNIZING THE LEGISLATIVE CHARTER OF THE HENRYS FORK WATERSHED COUNCIL.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Legislature finds that as interests in the Henrys
Fork Basin have diversified, the Henrys Fork and its tributaries have sustained increasing pressure to satisfy demands for irrigation, hydroelectricity and instream flow needs for fisheries and recreation; and

WHEREAS, since passage of the "Comprehensive State Water Plan: Henrys Fork Basin" in 1993, new developments such as dams, diversions and hydroprojects have been restricted on one hundred ninety-five miles of the Henrys Fork and tributary streams; and that additional recommendations in the Plan have not yet been fully addressed by the twenty-three federal, state and local agencies with management or regulatory jurisdiction in the Basin; and

WHEREAS, the Legislature also finds that in view of the high resource values at stake in the Henrys Fork Basin, an innovative, consensus-building process is needed to provide for sound watershed management.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature authorizes state agencies to participate in the Henrys Fork Watershed Council which is a forum to identify watershed issues and to facilitate long-term solutions.

NOW, THEREFORE, BE IT FURTHER RESOLVED that the Legislature recognizes and commends the Henrys Fork mission statement, definitions, duties, facilitation role, and its policy on finances as follows:

(1) MISSION STATEMENT. The Henrys Fork Watershed Council is a grassroots, community forum which uses a nonadversarial, consensus-based approach to problem solving and conflict resolution among citizens, scientists and agencies with varied perspectives. The Council is taking the initiative to better appreciate the complex watershed relationships in the Henrys Fork Basin to restore and enhance watershed resources where needed, and to maintain a sustainable watershed resource base for future generations. In addressing social, economic and environmental concerns in the Basin, Council members will respectfully cooperate and coordinate with one another and abide by federal, state and local laws and regulations.

(2) DEFINITIONS:
(a) "Basin" means the Idaho portions of the Henrys Fork watershed as defined in the "Comprehensive State Water Plan: Henrys Fork Basin," including over three thousand miles of rivers and streams, two million acres of public and private lands and underlying ground water resources.
(b) "Council" means the Henrys Fork Watershed Council.
(3) MEMBERSHIP. The Council shall be comprised of citizens, scientists and agency representatives who reside, recreate, make a living and/or have legal responsibilities in the Basin, thus ensuring a more collaborative approach to resource decision-making. The Council shall not be limited in the number of participants, with members organized into the following three component groups:
(a) Citizens Advisory Group - Members of the public with commodity, conservation and/or community development interests will have an integral role in Council affairs through the Citizens Advisory Group. The Group shall review agency proposals and plans for their relevance to local needs and whether all interests are
treated equitably.
(b) Technical Team - The Team shall be composed of scientists and technicians from government, academia and the private sector. They will coordinate and monitor research projects, serving as catalysts for launching needed studies and as peer reviewers for ongoing work in the Basin. Duplication of research will be minimized through Technical Team guidance, and results of research shall be integrated into Council discussions.
(c) Agency Roundtable - The Roundtable shall have representatives of all local, state and federal entities with rights or responsibilities in the Basin, including the Shoshone-Bannock Tribes. The agencies will work to align their policies and management to watershed resource concerns and needs. Discussions shall seek to ensure close coordination and problem solving among agencies.
(4) DUTIES OF COUNCIL. Citizens, scientists and agencies on the Council shall dedicate themselves to:
(a) Cooperate in resource studies and planning that transcend jurisdictional boundaries, still respecting the mission, roles, water and other rights of each entity.
(b) Review and critique proposed watershed projects and Basin Plan recommendations, suggesting priorities for their implementation by appropriate agencies.
(c) Identify and coordinate funding sources for research, planning, implementation and long-term monitoring programs, with financing derived from both public and private sectors.
(d) Serve as an educational resource to the Legislature and the general public, communicating the Council's progress through regular reports, media forums and other presentations.
(5) FACILITATION. The Council shall operate on a consensus basis and select two representative citizen organizations in the Basin to cofacilitate its meetings. (The Fremont-Madison Irrigation District and the Henrys Fork Foundation, Inc. currently are serving in this capacity at the request of the Council.) The cofacilitators shall attend to administrative and logistical needs of the Council, coordinate its public information activities, and submit an annual report of its progress to the Legislature.
(6) FINANCES. The Council shall appoint a Finance Committee with equal representation from the three component groups and the cofacilitating organizations to identify potential sources of funds and to coordinate the funding of priority projects and administrative needs. The following state fund shall be among the private and public sources available to implement the Council's recommendations:

WHEREAS, recent sessions of the Idaho Legislature have considered several pieces of legislation which made changes or adjustments to the worker's compensation statutes; and

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized and directed to appoint a Committee to undertake, thoroughly investigate and recommend a workable solution which would include agricultural workers in the coverage of worker's compensation. REQUESTING THE ATTORNEY GENERAL TO PETITION THE IDAHO SUPREME COURT FOR REHEARING IN THE CASE OF MUSSER V. HIGGINSON.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, on February 28, 1994, the Idaho Supreme Court issued its decision in "Mussel v. Higginson," Supreme Court No. 20807, affirming the issuance of a Writ of Mandate by the district court against the Director of the Department of Water Resources ordering the Director to perform his statutory duty of distributing water in accordance with the doctrine of prior appropriation; and

WHEREAS, the Court held that in Section 42-226, Idaho Code, "does not affect rights to the use of ground water acquired before" 1951; and

WHEREAS, the application of Section 42-226, Idaho Code, to pre-1951 water rights was not addressed in the briefing of the parties; and

WHEREAS, the common law doctrine of prior appropriation, as developed in Idaho and other western states, has long embodied the mandate that rights to water be administered and recognized consistent with the principle of maximum utilization of our water resources; and

WHEREAS, the common law doctrine of prior appropriation, as developed in Idaho and other western states, has long embodied the mandate that rights to water are subject to the limitations of reasonable use and reasonable means of diversion; and

WHEREAS, Section 42-226, Idaho Code, is a statutory codification of these principles within the prior appropriation doctrine; and

WHEREAS, the Court's decision raises significant questions regarding whether pre-1951 water rights are now subject to the traditional requirements of the prior appropriation doctrine; and

WHEREAS, the Court's decision regarding pre-1951 water rights will severely restrict all ground water use in Idaho that has occurred since 1951 if not changed; and

WHEREAS, the common law doctrine of prior appropriation, as developed in Idaho and other western states, provides that no water right will be shut off to supply a senior water right unless doing so actually will deliver water to the senior water right; and
WHEREAS, the Court's decision did not address the physical and hydrological issues regarding the distribution of water; and
WHEREAS, water development in the Snake River Basin has dramatically changed the outflow of water from the Snake Plain Aquifer, which has created significant questions regarding the legal entitlements of water users to the modified flows; and
WHEREAS, the Court's decision did not consider the problem created by an attempt to deliver water between users where the junior water users have not yet been adjudicated or included in a water district nor the legal relationship between senior and junior water right holders determined; and
WHEREAS, the Snake River Basin Adjudication was commenced, in part, to address the relationship of ground water and surface water rights; and
WHEREAS, the Court's decision dramatically limits the ability of claimants to participate in the resolution of the issue of the relationship between surface and ground water rights; and
WHEREAS, the Court's decision which directly impacts the availability of water for many commercial and municipal users and for the irrigation of more than 1.2 million acres of land is causing grave concern in Idaho's financial community.
NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-second Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Attorney General be requested to petition the Supreme Court for rehearing of its "Musser v. WHEREAS, all agencies of the Executive Department of the State of Idaho have been required to submit to the Governor each September 1 an affirmative action plan, setting forth their efforts to attain the goals of the Idaho Code of Fair Employment Practices, set forth in Executive Order 91-7; and

EXECUTIVE ORDER NO. 93-07

DESIGNATION OF THE FARMWORKER RESOURCE COMMITTEE AS AN ADVISORY COMMITTEE TO THE GOVERNOR

WHEREAS, agriculture plays a key role in Idaho's economic well-being, and the contribution of seasonal farmworkers, both local and migrant, is critical to agricultural production in Idaho; and

WHEREAS, farmworkers are entitled to equal protection of the law and equal opportunity in society, yet often times their interests are not well represented in Idaho's political system, since many farmworkers do not reside permanently in the places where they work, have limited formal education, and cannot communicate well in English; and

WHEREAS, the failure of the state to require coverage for farmworkers under workers' compensation laws often results in financial hardship to injured farmworkers, litigation expenses, and severe financial burdens to counties that assume indigent medical bills that the workers' compensation would have paid if farmworkers were covered; and

WHEREAS, many farmworkers are children who often work long hours in the agricultural community; and

WHEREAS, many farmworkers and their families rely on Spanish as their primary language and have difficulty taking advantage of available programs due to limited English language skills, and some of their children do not do well in school due to lack of classes in English as a Second Language (ESL), or the absence of Spanish-speaking instructors, and the result is often low educational accomplishment, limited access to jobs and job advancement; and

WHEREAS, many Idaho residents speak Spanish, according to the 1990 census, suggesting that Spanish-language literate persons are available to staff state agency positions responsible for carrying out programs that provide services to Spanish-speaking persons; and

WHEREAS, a number of local, state, and federal agencies are required to assist farmworkers in the State of Idaho, and that increased communication and cooperation between these agencies would
enable them to assist farmworkers more effectively; and

WHEREAS, representatives of many such government agencies have come together to form the Farmworker Resource Committee to improve agency communication and cooperation, and already have had measurable success in addressing farmworker concerns; and

WHEREAS, designation of the Farmworker Resource Committee as an advisory committee to the Governor would support its efforts to better serve farmworkers and their families in Idaho;

NOW, THEREFORE, I, CECIL D. ANDRUS, Governor of the State of Idaho, by the authority vested in me by the constitution and laws of the State of Idaho, do hereby order:

1. The designation of the Farmworker Resource Committee as an advisory committee to the Governor.

2. That state agencies and commissions that provide services or protection to seasonal farmworkers and their families shall designate representatives to the Committee. Those agencies include, but need not be limited to, the Department of Agriculture, the Department of Employment, the Department of Health and Welfare, the Human Rights Commission, the Idaho Commission on Hispanic Affairs, the Idaho Personnel Commission, and the Industrial Commission. Other agencies that may, from time to time, have interests in farmworker issues should send representatives as appropriate. The Attorney General's Office, the Department of Education, and the State Board of Education are invited to name representatives to the Committee. These representatives of state government shall work together to help the Committee accomplish its goals of improving the lot of farmworkers in Idaho. State members of the Committee shall encourage representatives of local government entities such as county commissions, hospital districts, and other entities with an interest in farmworker issues to participate in the Committee. They shall similarly encourage participation by non-governmental organizations with interest in farmworker issues, such as Idaho Legal Aid, the Idaho Migrant Council, health care providers such as Terry Reilly Health Services, and groups representing farmers and ranchers, such as the Farm Bureau.

3. The responsibilities of the Farmworker Resource Committee, in its capacity as an advisory committee to the Governor, shall be to:
   (a) Improve agency coordination and collaboration to ensure that farmworkers and their families have equal access to the health care, educational, and public services and opportunities available to other members of society.
   (b) Collect information on farmworker issues and provide both information and analysis to the Governor, as well as other branches of state government and other levels of government, interested groups, and the public. In so doing, the Committee shall pay particular attention to the agricultural pursuits exemption of Idaho's workers compensation law. The Committee should determine amounts paid to cover medical and other costs that otherwise would have been covered by workers' compensation if
farmworkers were not exempted. The Committee should estimate how many cases would have been handled administratively under workers' compensation law if farmworkers were not exempted, and estimate the number of cases that resulted in litigation. The Committee shall collect information on the educational needs of the children of seasonal farmworkers, the number of such children enrolled in various school districts, the number of teachers who speak Spanish, the offering of courses in English as a Second Language (ESL), instruction in Spanish, and other information useful to educational policy makers striving to improve education for the children of migrant or seasonal farmworkers in Idaho. The Committee shall study the issue of child labor in agricultural pursuits.

(c) Engage in educational and outreach activities to:
(i) Inform farmworkers and service providers of opportunities and responsibilities of farmworkers, including the services and protection to which they are entitled.
(ii) Inform all citizens of Idaho of the important role farmworkers have played and continue to play in the state's economy, culture, history, and diversity. The goal of such efforts would be the elimination of bias, bigotry, and racism as excuses for denying equal treatment to farmworkers and their families.

(d) Work with local, state, and federal agencies to promote use, in positions with frequent contact with farmworkers and their families, of personnel fluent in both Spanish and English. The Committee shall work with the Idaho Personnel Commission to ensure that language ability is included as an element in the job description of positions that have significant contact with Spanish-speaking persons, and that persons hired to staff such positions are able to communicate in Spanish. All state agencies shall similarly emphasize language ability in recruitment, hiring, and training for such positions.

(e) Deliver a written report to the Governor by July 31, 1994, detailing what the Committee has learned about farmworker issues in Idaho and steps it recommends be taken by state government to correct or ameliorate problems. The report shall include Committee findings on, and recommendations for, better handling of the workers' compensation issue. The report shall review issues of education of children of seasonal workers in Idaho and child farm labor and give recommendations for improvements. The report shall also describe what steps have been taken by state agencies to include language skills as an element of job descriptions for appropriate classified positions.

This Executive Order shall cease to be effective four years after its entry into force.
EXECUTIVE ORDER NO. 93-08

ESTABLISHMENT OF THE IDAHO ALCOHOL AND DRUG-FREE WORKPLACE POLICY

WHEREAS, the State of Idaho has a vital interest in maintaining a safe, healthy, and efficient working environment for its employees, clients and the public; and

WHEREAS, employees impaired by alcohol or other drugs during work hours pose safety and health risks not only to themselves but to others; and

WHEREAS, employees who use illegal drugs, whether on or off duty, are generally less productive, less reliable and prone to greater absenteeism than employees who do not use drugs; and

WHEREAS, the use of illegal drugs by state employees is inconsistent with the law-abiding behavior expected of all citizens, and with the special trust placed in such employees as servants of the public; and

WHEREAS, the use of alcohol or drugs by state employees in certain positions of sensitivity poses a special risk to public safety and the effective enforcement of the law; and

WHEREAS, the use of alcohol or drugs becomes a matter of concern to the State of Idaho when it interferes with job performance, conduct, attendance, or safety of state employees; and

WHEREAS, the State of Idaho, as an employer, has a responsibility to taxpayers to ensure that state functions are performed efficiently and without undue risk to the people of the state; and

WHEREAS, the State of Idaho, as an employer, is also concerned with the well-being of its employees and should encourage the identification and rehabilitation of employees with alcohol or drug problems;

NOW, THEREFORE, I, CECIL D. ANDRUS, Governor of the State of Idaho, by virtue of the power and authority vested in me by the Constitution and statutes of the State of Idaho, do hereby order the following Idaho Alcohol and Drug-Free Workplace Policy to become effective immediately for all employees of the State of Idaho:
1. the consumption of alcohol on the job is prohibited. Employees may not work if their performance is impaired by the use of alcohol;

2. the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited, and if occurring on state property or during an employee's hours of work, demands immediate corrective action;

3. each state agency shall provide employees with information on Idaho's Alcohol and Drug-Free Workplace Policy, as well as information on the state's Employee Assistance Plan;

4. violations of the Idaho Alcohol and Drug-Free Workplace Policy will be cause for management/supervisor intervention and may result in referral to treatment, including participation in the Employee Assistance Program. It shall be the policy of the State of Idaho to direct its efforts toward rehabilitation whenever reasonable;

5. any intervention steps taken upon a violation of the Idaho Alcohol and Drug-Free Policy must be consistent with all due process requirements and other constitutional rights of state employees;

6. the privacy rights of employees are important. Any intervention steps taken upon a violation of the Idaho Alcohol and Drug-Free Workplace Policy, including a referral for treatment, counseling or rehabilitation programs, shall include procedures to protect the confidentiality of treatment records as well as the employee's identity;

7. the director of each agency shall report quarterly, the first of January, March, July, and October, to the Personnel Commission any violations of the Idaho Alcohol and Drug-Free Workplace Policy and the corrective actions taken. "Quarterly" means the report shall be filed the first day of January, March, July, and October. The report shall, to the extent practicable, protect the confidentiality of the employee involved, but shall describe the nature of the employee's position;

8. the Personnel Commission shall annually compile information regarding violations of this policy and the corrective actions taken and report this information by June 30 to the Governor. Any information so reported shall be reported in a manner to avoid revealing the identity of the employees involved. The Personnel Commission, when it compiles this data, shall do so by type of position so as to determine whether there is an alcohol or drug problem in any "safety-sensitive" positions;

9. whenever there is an alcohol or drug problem in a "safety-sensitive" position, it is critical that the problem be addressed aggressively. For the purpose of this policy, a "safety-sensitive" position is one in which:
   a. the duties involve a greater-than-normal level of trust for, responsibility for, or impact on the health and safety of the employee or others; and
   b. errors in judgment, inattentiveness or diminished coordination, dexterity, or composure while performing the
duties could clearly result in mistakes that would endanger the health and safety of the employee or others; and

c. employees in these positions work with such independence that it cannot be safely assumed that mistakes such as those described in subsection (b) could be prevented by a supervisor or another employee;

10. in the event the Personnel Commission finds an alcohol or drug problem in any agency or classification, it shall report that to the Governor, and the agency, working in conjunction with the Personnel Commission and the Governor, shall develop a program to respond to the problem. This program may include alcohol or drug testing for employees in safety-sensitive classifications where such a problem has been documented;

11. all state agencies responsible to the Governor are directed, and all other public entities are requested, to assist the Personnel Commission in discharging its responsibilities under this order;

12. nothing in this order shall be deemed to abrogate any existing policy or directive relating to alcohol or drug use by state employees or to affect any existing or future state employee disciplinary proceeding; and

13. where federal laws or regulations require the state to implement more stringent regulations than those contained in this policy, those federal regulations and procedures supersede and/or augment this policy.

This Executive Order shall cease to be effective four years after its entry into force.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho, at Boise, the Capital, the twenty-ninth day of September, in the year of our Lord nineteen hundred ninety-three, and of the Independence of the United States of America the two hundred eighteenth, and of the Statehood of Idaho the one hundred fourth.
