CHAPTER 211
(H.B. No. 165)

AN ACT
RELATING TO REGISTRATION OF CONTROLLED SUBSTANCES; AMENDING SECTION 37-2718, IDAHO CODE, TO PROVIDE NOTIFICATION TO THE RESPECTIVE BOARDS OF PROFESSIONAL LICENSURE, TO AUTHORIZE ACTION BY THE BOARD OF PROFESSIONAL LICENSURE AND TO MAKE TECHNICAL CORRECTIONS; AND AMENDING SECTION 37-2719, IDAHO CODE, TO ALLOW THE BOARD OF PHARMACY TO RECOVER CERTAIN COSTS OF PROSECUTION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 37-2718, Idaho Code, be, and the same is hereby amended to read as follows:

37-2718. REVOCATION AND SUSPENSION OF REGISTRATION. (a) A registration under section 37-2717, Idaho Code, to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the board upon a finding that the registrant:

(1) has furnished false or fraudulent material information in any application filed under this act;
(2) has been found guilty of a felony or misdemeanor under any state or federal law relating to any controlled substance; or
(3) has had his federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances;
(4) has violated any rule of the board promulgated under this chapter, or any federal regulation relating to controlled substances; provided, however, that no revocation or suspension procedure be initiated under this paragraph without the concurrence of the board first giving notice of the procedure to the state licensing board with authority over the registrant's professional license.

(b) The notice required in paragraph (a)(4) of this section shall be given immediately in the event action is taken without an order to show cause as allowed under section 37-2719(b), Idaho Code. In all other cases, such notice shall be given as early as reasonably practicable without risking compromise of the board's investigation but no later than the earlier of:

(1) Issuance of an order to show cause under section 37-2719(a), Idaho Code; or
(2) Setting of a hearing for approval of a resolution of the matter
through informal proceedings.

(c) Revocation or suspension procedures arising solely from "practice related issues" shall be referred by the board to such registrant's state licensing board.

(1) Upon such referral, the registrant's state licensing board shall commence such investigation of the referred matter as it deems necessary and shall take action upon the registrant's license or shall inform the board of pharmacy, in writing, that it has investigated the referred matter and has concluded that no action is necessary.

(2) For purposes of this section, the term "practice related issues" refers to issues involving questions regarding the professional conduct of the registrant within the scope of the registrant's profession.

(d) The board may limit revocation or suspension of a registration to the particular controlled substance with respect to which grounds for revocation or suspension exist.

(ee) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(df) The board shall promptly notify the bureau and the state licensing board with authority over the registrant's professional license of all orders suspending or revoking registration and all forfeitures of controlled substances.

(g) In the event a state licensing board with authority over a registrant's professional license takes an action against the registrant in any fashion which suspends, restricts, limits or affects the registrant's ability to manufacture, distribute or dispense any controlled substance, the professional licensing board shall promptly notify the board of pharmacy of the action.

(1) Upon such action, the board of pharmacy shall be authorized to issue its order suspending, restricting, limiting or otherwise affecting the registrant's controlled substance registration in the same fashion as the professional licensing board action.

(2) The board of pharmacy order may be issued without further hearing or proceeding, but shall be subject to the effect of any reversal or modification of the professional licensing board action by reason of any appeal or rehearing.

SECTION 2. That Section 37-2719, Idaho Code, be, and the same is hereby amended to read as follows:

37-2719. ORDER TO SHOW CAUSE. (a) Except as set forth in section 37-2718(g), Idaho Code, before denying, suspending or revoking a registration, or refusing a renewal of registration, the board shall serve upon the applicant or registrant an order to show cause why registration should not be denied, revoked, or suspended, or why the renewal should not be refused. The order to show cause shall contain a statement of the
basis therefor and shall call upon the applicant or registrant to appear before the board at a time and place not less than thirty (30) days after the date of service of the order, but in the case of a denial or renewal of registration the show cause order shall be served not later than thirty (30) days before the expiration of the registration. These proceedings shall be conducted in accordance with chapter 52, title 67, Idaho Code, without regard to any criminal prosecution or other proceeding. Proceedings to refuse renewal of registration shall not abate the existing registration which shall remain in effect pending the outcome of the administrative hearing.

(b) The board may suspend, without an order to show cause, any registration simultaneously with the institution of proceedings under section 37-2718, Idaho Code, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction.

(c) In conjunction with a proceeding for denying, suspending or revoking a registration, or refusing a renewal of registration, and upon a finding of grounds for such denial, suspension, revocation or refusal to renew, the board may also impose an administrative fine not to exceed the costs of prosecution and administrative costs of bringing the action including, but not limited to, attorney's fees and costs and costs of hearing transcripts.

The director of the department of administration, or his designee, of the state of Idaho, is authorized and empowered, subject to the approval of the permanent building fund advisory council, to provide or secure all plans and specifications for, to let all contracts for, and to have charge of and supervision of the construction, alteration, equipping and furnishing, repair, maintenance other than preventive maintenance of any and all buildings, improvements of public works of the state of Idaho, the cost of which construction, alteration, equipping and furnishing, repair, maintenance other than preventive maintenance exceeds the sum of thirty thousand dollars ($30,000) for labor, materials and equipment, which sum shall exclude design costs, bid advertising and related bidding expenses, provided, that the director or his designee, and permanent building fund advisory council shall, in the letting of contracts under this section, comply with the procedure for the calling of bids provided in section 67-5711C, Idaho Code; provided, however, that this section shall not apply to the construction, alteration, equipping or furnishing or repair or maintenance other than preventive maintenance of public buildings under the jurisdiction and control of the board of regents of the University of Idaho; provided further, that the bidding procedures required by this section and section 67-5711C, Idaho Code, shall not apply to performance contracts as provided in section 67-5711D, Idaho Code; provided further, that public works for the Idaho transportation department, the department of fish and game, the department of parks and recreation, and the department of lands, except for administrative office buildings and all associated improvements, are exempt from the provisions of this section that relate to the administration and review of such projects by the director of the department of administration or his designee and by the permanent building fund advisory council. This exemption shall not relieve the Idaho transportation department, the department of fish and
game, the department of parks and recreation, and the department of lands in the letting of contracts for public works, from complying with the procedures of section 67-5711C, Idaho Code, related to the advertising and bidding for contracts. Adequate public notice of the invitation for informal bids shall be given at least seven (7) days prior to the date set forth therein for the receipt of the informal bids. Such notice may include publication at least seven (7) days prior to bid opening in a newspaper of general circulation in the area where the work is located; or the agency may advertise the invitation for bids in appropriate trade journals, and otherwise notify persons believed to be interested in the award of a contract. Informal bids must be submitted by the contractor in writing in response to a prepared written document describing the project's scope of work in sufficient detail so as to enable a contractor familiar with such work to prepare a responsible bid. Nothing herein exempts an agency from the responsibility of utilizing formal plans and specifications if the work involves the public health or safety as described in chapters 3 and 12, title 54, Idaho Code. The agency must document receipt of the informal bids in the project file.

(c) Upon award of the performance contract, the successful qualified provider or qualified energy service company shall prepare a financial grade energy audit which, upon acceptance by the director, shall become a part of the final performance contract.
(7) Installment payment and lease-purchase agreements. Pursuant to this section, the director may enter into a performance contract, payments for which shall be made by the user agency.    (b) A performance contract, and payments provided thereunder, may extend beyond the fiscal year in which the performance contract becomes effective, subject to appropriation by the legislature, for costs incurred in future fiscal years. The performance contract may extend for a term not to exceed twenty-five (25) years. The permissible length of the contract may also reflect the useful life of the cost-savings measures.
   (c) Performance contracts may provide for payments over a period of time not to exceed deadlines specified in the performance contract from the date of the final installation of the cost-savings measures.
   (d) Performance contracts entered pursuant to this section may be amended or modified, upon agreement by the director and the qualified provider or qualified energy service company, on an annual basis.

(9) Monitoring and reports. During the term of each performance contract, the qualified provider or qualified energy service company shall monitor the reductions in energy consumption and cost savings attributable to the cost-savings measures installed pursuant to the performance contract and shall annually prepare and provide a report to the director documenting the performance of the cost-savings measures.

The names of all ten (10) point preference eligibles resulting from any merit system or civil service examination shall be placed at the top of the register above the names of all nonpreference eligibles in accordance with their augmented rating.

The additional points added by reason of veteran's preference shall be used only for the purpose of initial appointment and not for the purpose of promotions.

(3) For the purpose of this section, an initial appointment shall meet the following criteria:

(a) The appointment shall be the first time a qualified veteran is hired by a county, municipal government or state agency and subsequent separation from the county, municipal government or state agency shall not result in the award of new preference points with such employer.

(b) Preference points shall only be applied if the county, municipal government or state agency is using a point system to rank candidates for the particular opening.

SECTION 2. That Section 65-507, Idaho Code, be, and the same is hereby amended to read as follows:

65-507. DISABLED VETERAN DEFINED. The term "disabled war veteran" as used in this act chapter means any individual who has served on military duty in the armed forces of the United States during any period of war recognized by the United States department of veterans affairs for the purposes of awarding federal veterans benefits as may be defined in
title-38, U.S. Code, chapter-13, section-101(f)(ii), and has been separated therefrom discharged under honorable conditions, and who has established

affairs or a military department of ten percent (10%) or more.

SECTION 3. That Section 67-5309, Idaho Code, be, and the same is
hereby amended to read as follows:

67-5309. RULES OF THE DIVISION OF HUMAN RESOURCES AND THE PERSONNEL
COMMISSION. The administrator of the division of human resources shall
have the power and authority to adopt, amend, or rescind such rules as
may be necessary for proper administration of this chapter. Such rules
shall include:

(a) A rule requiring the administrator, after consulting with each
department to develop, adopt, and make effective, a job classification
system for positions covered by this chapter, based upon an analysis of
the duties and responsibilities of the positions. The job classification
shall include an appropriate title for each class, and a description of
duties and responsibilities of positions in the classes and the require-
ments of minimum training, experience and other qualifications, suitable
for the performance of duties of the position.

(b) A rule describing the relevant labor markets and benchmark job
classifications used in the administrator's salary surveys.

(c) A rule requiring that all classes of positions which are common
to the departments concerned shall have the same titles, minimum
requirements and compensation ranges.

(d) A rule providing for review by the administrator of the person-
nel system including classifications and compensation policies and pro-
cedures.

(e) A rule that, notwithstanding the procedure for examination and
ranking of eligibles on a register provided in subsection (f) of this
section, an agency may appoint an individual directly into an entrance
or promotional probation if the division of vocational rehabilitation,
Idaho commission for the blind and visually impaired or the industrial
commission certifies, with the concurrence of division of human
resources staff, that the individual (1) has a disability or handicap as
defined under state or federal law; (2) is qualified to perform the
essential functions of a particular classified position with or without
reasonable accommodation; and (3) lacks competitiveness in the examina-
tion process due to the disability or handicap. The probationary period
as provided in subsection (j) of this section shall be the sole examina-
tion for such individuals.

(f) A rule requiring fair and impartial selection of appointees to
all positions other than those defined as nonclassified in this chapter,
on the basis of open competitive merit examinations or evaluations. An
application for an examination will be accepted after the closing date
of the examination from a person who was serving in the armed forces, or
undergoing hospitalization of no more than one (1) year following dis-
charge, during any period in which the examination was open; the appli-
cation must be submitted within one hundred twenty (120) days of separa-
from the armed forces or hospitalization and prior to the expira-
tion of the register established as a result of the examination. A dis-
abled veteran may file an application at any time for any position for
which the division maintains a register or for which a register is about
to be established, provided he or she has not already been examined
twice for the same position and grade for which application is made,
does not have current eligibility on that register, or is not serving in
a competitive position in the same grade for which application is made.
Examinations may be assembled or unassembled and may include various
examining techniques such as rating of training and experience, written
tests, oral interviews, recognition of professional licensing, perfor-
mance tests, investigations and any other measure of ability to perform
the duties of the position. Examinations shall be scored objectively.
Five (5) points shall be added to the earned rating of any war veteran
and the widow or widower of any war veteran as long as he or she remains
unmarried. Pursuant to section 65-506, Idaho Code, ten (10) points
shall be added to the earned rating of any disabled war veteran, the
widow or widower of any disabled war veteran as long as he or she remains
unmarried or the spouse of any disabled veteran who is physically unable to perform the work in the position to which the spouse seeks to apply the preference. Employment registers shall be established
in order of final score except that the names of all five (5) point
preference eligibles resulting from any merit system or civil service
examination shall be placed on the register in accordance with their
augmented rating, and the names of all ten (10) point preference eligi-
bles shall be placed at the top of the register above the names of all
nonpreference eligibles. Certification of eligibility for appointment to
vacancies shall be in accordance with a formula which limits selection
by the hiring department from among the ten (10) top ranking available eligibles plus the names of all individuals with scores identical to the
tenth ranking eligible on the register. A register with at least five (5) eligibles shall be adequate. Selective certification shall be per-
mitted when justified by the hiring department, under rules to be made
by the division defining adequate justification based on the duties and
requirements of the positions. Such examinations need not be held until
after the rules have been adopted, the service classified and a pay plan
established, but shall be held not later than one (1) year after depart-
ments commence participation in the personnel system.

(g) A rule that, whenever practicable, a vacancy in a classified
position shall be filled by the promotion of a qualified permanent
employee of the agency in which the vacancy occurs. An inter-agency
interagency promotion shall be made through competitive examination and
all qualified state employees shall have the opportunity to compete for
such promotions. If an employee's name appears within certifiable range
on a current register for a higher class of position, he shall be eligi-
ble for a transfer and promotion.

(h) A rule for development and maintenance of a system of service
ratings and the use of such ratings by all departments in connection
with promotions, demotions, retentions, separations and reassignments.
The rule shall require that an evaluation of each classified employee
shall be made after each two thousand eighty (2,080) hour period of
credited state service, and that a copy of the evaluation shall be filed
with the division.

(i) A rule prohibiting disqualification of any person from taking
an examination, from appointment to a position, from promotion, or from
holding a position because of race or national origin, color, sex, age, political or religious opinions or affiliations, and providing for right of appeal.

(j) A rule establishing a probation period not to exceed one thousand forty (1,040) hours of credited state service for all appointments and promotions, except that peace officers as defined in section 19-5101, Idaho Code, shall be subject to a probation period of two thousand eighty (2,080) hours of credited state service, and for the appointing authority to provide the employee and the administrator a performance evaluation indicating satisfactory or unsatisfactory performance not later than thirty (30) days after the expiration of the probationary period. The rule shall provide that if the appointing authority fails to provide a performance evaluation within thirty (30) days after the expiration of the probationary period, the employee shall be deemed to have satisfactorily completed the probation unless the appointing authority receives approval from the administrator to extend the probationary period for good cause for an additional specified period not to exceed one thousand forty (1,040) hours of credited state service. If an employee is performing in an unsatisfactory manner during the entrance probationary period, the appointing authority shall ask the employee to resign, and if no resignation is submitted, shall terminate the employment of such employee without the right of grievance or appeal.

(k) A rule concerning provisional appointments.

(l) A rule concerning temporary appointments.

(m) A rule governing the employment of consultants and persons retained under independent contract.

(n) A rule for the disciplinary dismissal, demotion, suspension or other discipline of employees only for cause with reasons given in writing. 1. Failure to perform the duties and carry out the obligations imposed by the state constitution, state statutes and rules of the employee's department, or rules of the administrator or the division.
2. Inefficiency, incompetency, or negligence in the performance of duties.
3. Physical or mental incapability for performing assigned duties.
4. Refusal to accept a reasonable and proper assignment from an authorized supervisor.
5. Insubordination or conduct unbecoming a state employee or conduct detrimental to good order and discipline in the employee's department.

8. Use of any influence which violates the principles of the merit system in an attempt to secure a promotion or privileges for individual advantage.
9. Conviction of official misconduct in office, or conviction of any felony, or conviction of any other crime involving moral turpitude.
10. Acceptance of gifts in exchange for influence or favors given in the employee's official capacity.
11. Habitual pattern of failure to report for duty at the assigned place and time.
13. Unauthorized disclosure of confidential information from official records.
15. Misstatement or deception in the application for the position.
16. Failure to obtain or maintain a current license or certificate lawfully required as a condition for performing the duties of the job.
17. Prohibited participation in political activities.

(o) A rule to establish procedures for maintenance of a record of the employment history and appropriate information relating to performance of all employees under the personnel system. For the purposes of this rule, the state shall be considered one (1) employer.
(p) Rules to provide for recruitment programs in cooperation with department heads and the employment security agency in keeping with current employment conditions and labor market trends.

(s) A rule concerning "project exempt" appointments.
(t) Rules relating to leave for state employees from official duties including, but not limited to, sick leave, military leave, jury duty, leaves of absence without compensation and such other forms of absence from performance of duties in the course of state employment as may be necessary.

SECTION 5. That Section 54-1215, Idaho Code, be, and the same is hereby amended to read as follows:

54-1215. CERTIFICATES -- SEALS. (1) The board shall issue a certificate of registration upon payment of the registration fee as provided for in this chapter to any applicant who, in the opinion of the board, has satisfactorily met all of the requirements of this chapter, and an enrollment certificate shall be issued to those who qualify as engineers-in-training and land surveyors-in-training. In the case of a registered professional engineer, the certificate shall authorize the practice of "professional engineering," and in the case of a registered professional land surveyor the certificate shall authorize the practice of "professional land surveying." Certificates of registration shall show the full name of the registrant, shall give a serial registration number, and shall be signed by the chairman and the secretary of the board under seal of the board.

(2) The issuance of a certificate of registration by the board shall be prima facie evidence that the person named therein is entitled to all the rights, privileges and responsibilities of a registered professional engineer or of a registered professional land surveyor, provided that said certificate of registration has not expired or has not been suspended or revoked.

(3) Each registrant hereunder shall, upon registration, obtain a seal, the use and design of which are described below. It shall be unlawful for any person to affix or to permit his seal and signature to be affixed to any documents after the certificate of the registrant named thereon has expired or has been suspended or revoked, unless said certificate shall have been renewed, reinstated, or reissued, or for the purpose of aiding or abetting any other person to evade or attempt to evade any portion of this chapter.

(a) The seal may be a rubber stamp, crimp or electronically generated image. Whenever the seal is applied, the registrant's written signature and date shall be adjacent to or across the seal. No further words or wording is required. A facsimile signature generated by any method will not be acceptable.

(b) The seal, signature and date shall be placed on all final specifications, land surveys, reports, plats, drawings, plans, design information and calculations, whenever presented to a client or any public or governmental agency. Any such document presented to a client or public or governmental agency that is not final and does not contain a seal, signature and date shall be clearly marked as "preliminary," "draft," "not for construction" or with similar words to distinguish the document from a final document.

(c) The seal, signature and date shall be placed on all original documents. The application of the registrant's seal, signature and date shall constitute certification that the work thereon was done by him or under his responsible charge. Each plan or drawing sheet
shall be sealed and signed by the registrant or registrants responsible for each sheet. In the case of a firm, partnership or corporation business entity, each plan or drawing sheet shall be sealed and signed by the registrant or registrants involved. The principal in responsible charge shall sign and seal the title or first sheet. Copies of electronically produced documents, listed in paragraph (b) of this subsection, distributed for informational uses such as for bidding purposes or working copies, may be issued with the registrant's seal and a notice that the original document is on file with the registrant's signature and date. The words "Original Signed By:" and "Date Original Signed:" shall be placed adjacent to or across the seal on the electronic original. The storage location of the original document shall also be provided. Only the title page of reports, specifications and like documents need bear the seal, signature and date of the registrant.

(d) The seal and signature shall be used by registrants only when the work being stamped was under the registrant's responsible charge.

(e) In the case of a temporary permit issued to an engineering registrant of another state, the registrant shall use his state of registration seal and shall affix his signature to all work performed in this state under the terms of the temporary permit.

(f) The design of the seal shall be as determined by the board.

(4) The board shall issue to any applicant who, in the opinion of the board, has met the requirements of this chapter, an enrollment certificate or card as an engineer-in-training or land surveyor-in-training, which indicates that his name has been recorded as such in the board office. The engineer-in-training or land surveyor-in-training enrollment card does not authorize the holder to practice as a professional engineer or a professional land surveyor.

SECTION 6. That Section 54-1216, Idaho Code, be, and the same is hereby amended to read as follows:

54-1216. EXPIRATIONS AND RENEWALS -- FEES. During the first-year-of-biennial-renewals, those persons born in odd-numbered calendar years shall be invoiced for two (2) years of renewal and those persons born in even-numbered calendar years shall be invoiced for one (1) year of renewal. Certificates of authorization for corporation business entities shall expire on the last day of the month of July following issuance or renewal and shall become invalid on that date unless renewed. It shall be the duty of the board to notify every person registered and every corporation business entity certified under this chapter, of the date of the expiration of said certificate of registration or certificate of authorization and the amount of the fee that shall be required for its renewal. Such notice shall be mailed to the last known address of the registrant or corporation business entity at least one (1) month in advance of the date of the expiration of said certificate.
or authorization. Renewal may be effected at any time in the appropriate year during the month in which the registrant was born or during the month of July in the case of corporations business entities, by the payment of a renewal fee to be fixed by the board at not more than one hundred fifty dollars ($150). The failure on the part of any registrant or certificate holder to renew his or its certificate biennially in the month in which they were born or in the month of July in the case of corporations business entities, as required above shall not deprive such person or corporation business entity of the right of renewal, but the fee to be paid for the renewal of a certificate after the month in which it is due shall be increased twenty percent (20%) for each month or fraction of a month that payment of renewal is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed twice the renewal fee for each biennium delinquent, but in no event more than three hundred dollars ($300). Any work performed after a registration or certificate of authorization has expired, but before delayed renewal has been effected, shall become valid upon delayed renewal as if the registration or certificate of authorization had not expired, but the registrant or certificate holder shall be subject to disciplinary action by the board for practice on an expired license or such other action as provided pursuant to this chapter.

Following issuance or renewal of certificates of enrollment for engineers-in-training and land surveyors-in-training, expiration shall be on the last day of the month during which the certificate holder was born, in even-numbered state of Idaho fiscal years for those born in even-numbered calendar years and in odd-numbered state of Idaho fiscal years for those born in odd-numbered calendar years. During the first year of biennial renewals, those persons born in even-numbered calendar years shall be invoiced for two (2) years of renewal and those persons born in even-numbered calendar years shall be invoiced for one (1) year of renewal. The notification to holders of certificates of enrollment shall be processed as prescribed above for registrants except that the biennial renewal fee shall not be more than thirty dollars ($30.00). The failure on the part of any holder of a certificate of enrollment to effect renewal shall not invalidate his status as an engineer-in-training or land surveyor-in-training, but his name shall, after ninety (90) days, be removed from the board's current mailing list.

Repeated acts of negligence may be considered as a gross act for disciplinary action. A new certificate of registration or certificate of authorization, to replace any certificate revoked, lost, destroyed or mutilated, may be issued, subject to the rules of the board, and upon payment of such reasonable charge therefor as shall be fixed by the board to cover the estimated cost of investigation and such reissuance, but not exceeding ten dollars ($10.00) in any case.

22-2204. AUTHORITY TO ADOPT RULES. The department shall administer, enforce, and carry out this chapter and may adopt rules necessary to carry out its purposes including, but not limited to, the proper use, handling, transportation, storage, display, distribution, sampling, records, analysis, form, minimum percentages, soil amending or plant amending ingredients, exempted materials, investigational allowances, definitions, labels, labeling, misbranding, mislabeling and disposal of soil amendments and plant amendments and their containers. The adoption of rules shall be subject to public hearing as prescribed by the Idaho administrative procedure act, chapter 52, title 67, Idaho Code.

22-2205. PRODUCTS -- REGISTRATION REQUIRED. (1) Each separately identifiable soil amendment or plant amendment product shall be registered before being distributed in this state. The application for registration shall be submitted to the department on a form furnished by the department, and shall be accompanied by a nonrefundable fee of one hundred dollars ($100) per product and a label of each product, unless a current label is on file at the department. Companies planning to mix customer formula soil amendments or plant amendments shall include the statement "customer formula mixes" under the "products" column on the registration application form. Upon approval by the department, a certificate of registration shall be furnished to the applicant.

(2) In determining whether a label statement of an ingredient is appropriate, the department may require the submission of a written statement describing the method of laboratory analysis used, the source of all ingredient material and any reference material relied on to support the label statement or guarantee of the ingredients.

(3) Upon receipt of a complete application for registration of a product, the department may test and analyze an official sample of the product to determine whether the contents of the official sample conform
to the label. In his discretion, the director may also require an applicant for registration of a soil amendment or a plant amendment to submit any data concerning the efficacy or safety of the product for its intended use.

(4) Refusal to register, denial, suspension.
(a) If it appears to the director that composition of the soil amendment or plant amendment does not warrant the proposed claims for it, or if the soil amendment or plant amendment and its labeling or other material required to be submitted do not comply with this chapter or rules adopted under this chapter, the director shall notify the applicant of the manner in which the soil amendment or plant amendment labeling or other material required to be submitted fails to comply with this chapter so as to give the applicant an opportunity to make the necessary corrections. If the applicant does not make the required changes within ninety (90) days from the receipt of the notice, the director may refuse to register the soil amendment or plant amendment. The applicant may request a hearing as provided in the administrative procedure act, chapter 52, title 67, Idaho Code.
(b) When the director determines that a soil amendment or plant amendment or its labeling does not comply with this chapter or rules adopted under this chapter, or when necessary to prevent unreasonable adverse effects on the environment, the director may refuse to register or may suspend, revoke or modify the registration of the soil amendment or plant amendment in accordance with the provisions of the administrative procedure act, chapter 52, title 67, Idaho Code.

(5) Registrations are effective through the last day of the calendar year in which they are issued. If a registration is being renewed, the director may suspend the requirement that a soil amendment or plant amendment be analyzed if there is no material change in the label for the product.

(6) If the application for renewal of the soil amendment or plant amendment registration provided for in this section is not submitted before February 1 of any one (1) year, a penalty of ten dollars ($10.00) per product shall be assessed and added to the original fee. The applicant shall pay the penalty before the renewal soil amendment or plant amendment registration may be issued.

(7) Any waste-derived soil amendment or waste-derived plant amendment distributed as a single ingredient product or blended with other soil amendments or plant amendment ingredients must be identified as "waste-derived soil amendment or plant amendment" by the applicant in the application for registration.

(8) An applicant applying to register a waste-derived soil amendment or plant amendment shall state in the application the concentration of metals or metalloids including, but not limited to, arsenic (As), cadmium (Cd), mercury (Hg), lead (Pb), and selenium (Se). The applicant shall provide a laboratory report or other documentation verifying the levels of the metals or metalloids in the waste-derived soil amendment or plant amendment.

(9) A distributor is not required to register a soil amendment or plant amendment product that is already registered under this chapter, so long as the label remains unchanged.
22-2206. SUBMISSION OF FORMULAS. The department may require submission of the complete formula of any soil amendment or plant amendment and the source(s) of all ingredients if it is deemed necessary for the registration of any soil amendment or plant amendment product or administration of this chapter. Any formula so submitted is exempt from disclosure to the public pursuant to section 9-340D(1) or (2), Idaho Code.

22-2207. LABELING INFORMATION REQUIRED. (1) Soil amendment or plant amendment labels. The following information shall be considered the label and shall appear in a readable and conspicuous form on the face or display side of any container, or on the invoice if delivered in bulk, in which soil amendments or plant amendments are offered for sale:
   (a) Net weight or volume;
   (b) Brand name;
   (c) Content or guaranteed analysis; soil amending or plant amending ingredients:
      "Name of ingredient" .......... %
      (identify and list all)
      Total other ingredients ...... %
   (d) Purpose of product;
   (e) Directions for application;
   (f) Name and mailing address of the registrant.
   (g) Other information required by rule for the type of product being registered.

   (2) No information or statement shall appear on any package, label or labeling which is false or misleading to the purchaser as to the use, analysis, type or composition of the soil amendment or plant amendment.

   (3) The director may require verification of label claims made for any soil amendment or plant amendment. If no claims are made he may require proof of usefulness and value of the soil amendment or plant amendment. For evidence of proof, the director may rely on experimental data, evaluations or advice supplied from sources such as the director of the agricultural experiment station. The verification of label claims shall be relevant to the stated uses for which the product is intended. The director may accept or reject other sources of proof as additional evidence in evaluating soil amendments and plant amendments.

   (4) Soil amending or plant amending ingredients may be listed or guaranteed on labels or labeling of soil amendments or plant amendments with the permission of the director. The director may allow a soil amending or plant amending ingredient to be listed or guaranteed on the label or labeling if satisfactory supportive data is provided to the director to substantiate the value and usefulness of the soil amending or plant amending ingredient. The director may rely on outside sources such as the director of the agricultural experiment station for assistance in evaluating the data submitted. When a soil amending or plant amending ingredient is permitted to be listed or guaranteed, it must be determinable by laboratory methods and is subject to inspection and analysis. The director may prescribe methods and procedures of inspection and analysis of the soil amending and plant amending ingredient. The director may stipulate by rule the quantities of soil amending or plant amending ingredient(s) required in a soil amendment or plant amendment.

   (5) The director may allow labeling by volume rather than weight as provided in subsection (1)(a) of this section.
(6) Each delivery of a customer formula mix soil amendment or a plant amendment shall contain those ingredients specified by the purchaser, and those ingredients and the amounts of each shall be shown on the statement or invoice. A record of all invoices of customer formula mixes shall be kept by the registrant for a period of one (1) year and shall be available to the department upon request.

(7) Each delivery of a customer formula mix soil amendment or a plant amendment shall be accompanied by either a statement, invoice, delivery slip or label, containing the following information:
   (a) Net weight or volume;
   (b) The brand;
   (c) The name and address of the registrant or manufacturer, or both;
   (d) The name and address of the purchaser; and
   (e) The soil amending or plant amending ingredients and amounts.

22-2208. TONNAGE FEE. (1) The registrant of soil amendments or plant amendments distributed for sale or other remuneration in this state shall pay to the department a tonnage fee of fifteen cents (15¢) per ton, on a dry weight basis. For liquid formulations or ingredients, the tonnage fee shall be based on weight per gallon basis.

(2) Semiannual tonnage fee reporting periods shall be January 1 to June 30 and July 1 to December 31 of each year.

(3) Every registrant who distributes soil amendments or plant amendments in the state shall file with the department a semiannual statement for the reporting period setting forth the number of net tons of each soil amendment or plant amendment distributed in this state during the reporting period. The statement is due on or before thirty (30) days following the close of the filing period and upon filing the statement the registrant shall pay the tonnage fee at the rate stated in this section. If the tonnage report is not filed and the tonnage fees are not paid within thirty (30) days after the end of the specified filing period, a collection fee of ten percent (10%) of the amount due, or twenty-five dollars ($25.00), whichever is greater, shall be assessed against the registrant and added to the amount due.

(4) The registrant is ultimately responsible for paying tonnage fees. When more than one (1) person is involved in the distribution of a soil amendment or plant amendment, the last person who has the soil amendment or plant amendment registered or who has distributed a soil amendment or plant amendment to a nonregistrant, dealer or consumer is responsible for reporting the tonnage and paying the tonnage fee, unless the report and payment are made by a prior distributor of the soil amendment or plant amendment.

(5) A minimum tonnage fee shall be five dollars ($5.00) per reporting period.

(6) Records of the number of net tons of each soil amendment or plant amendment distributed in this state shall be maintained for a period of five (5) years. The director may examine the records to verify the reported tonnage of plant amendments and soil amendments distributed in this state.

(7) Collected tonnage fees shall be used to pay the costs of inspection, sampling and analysis, and other expenses necessary for the administration of this chapter.
22-2209. TONNAGE REPORTS -- REQUIRED. (1) The registrant distributing or selling soil amendments or plant amendments to a nonregistrant or consumer shall furnish to the department a report showing the amounts in tons of each registered brand of plant amendment and soil amendment, and the form in which the plant amendment and soil amendment was distributed, dry or liquid. In the case of soil amendments or plant amendments distributed to an intermediate distributor, the registrant or distributor shall list the current name, address, telephone number, and amount in tons of each soil amendment and plant amendment product distributed to each intermediate distributor.

(2) Information furnished to the department under this section is exempt from disclosure under section 9-340D(1) or (2), Idaho Code, if the disclosure would divulge the operation of any person.

22-2210. INSPECTION -- SAMPLING -- ANALYSIS. (1) The department shall inspect, sample, analyze and test soil amendments or plant amendments distributed within this state at a time and place and to an extent as it deems necessary to determine whether the soil amendments or plant amendments comply with this chapter. The department may stop any commercial vehicle transporting soil amendments or plant amendments on the public highways and direct it to the nearest scales approved by the department to check weights of soil amendments or plant amendments being delivered or to take samples of the product being transported. Also, the department may, upon presentation of proper identification, enter any distributor's premises, including any vehicle of transport, at all reasonable times in order to have access to soil amendments or plant amendments and to records relating to their distribution.

(2) The methods of sampling and analysis shall be those adopted by the department from officially recognized sources, such as, but not limited to, the association of American plant food control officials (AAPFCO) and the association of official analytical chemists, international (AOAC).

(3) In determining for administrative purposes whether a soil amendment or plant amendment is deficient in any component, the department shall be guided solely by the official sample as defined in section 22-2203(24), Idaho Code, and obtained and analyzed as provided for in this section.

(4) When the inspection and analysis of an official sample has been made, the department shall forward the results of the analysis to the distributor and manufacturer, and to the purchaser upon written request. Upon written request and within thirty (30) days of the results of analysis, the department shall furnish to the distributor and/or manufacturer a portion of the sample concerned.

(5) If the analyses of samples made by the department indicate deficiencies in the soil amendments or plant amendments examined, below guaranteed analysis and in excess of the tolerances specified in rules adopted under this chapter, the department shall immediately notify the manufacturer and/or distributor of the soil amendments or plant amendments of the results of the analyses. The manufacturer or distributor of the soil amendments or plant amendments may, upon written request, obtain from the department a portion of the sample(s) in question. If the manufacturer or distributor does not agree with the analyses of the department, he may request an umpire who shall be one (1) of a list of not less than three (3) public analysts recognized by the department to
have the requisite ability in soil amendments, plant amendments or fertilizer analyses, who shall be named by the department. The umpire analyses shall be made at the expense of the manufacturer or distributor requesting the umpire analyses. If the umpire agrees more closely with the department, the figures of the department shall be considered correct. If the umpire agrees more closely with the figures of the manufacturer or distributor, then the figures of the manufacturer or distributor shall be considered correct.

(6) Analysis of an official sample by the department shall be accepted as prima facie evidence by any court of competent jurisdiction.

22-2211. SHORT WEIGHT -- PENALTY. If any soil amendment or plant amendment in the possession of the consumer is found by the director to be short in weight, the registrant of the soil amendment or plant amendment shall, within thirty (30) days after official notification from the department, submit to the department a penalty payment of three (3) times the value of the actual shortage.

22-2212. PENALTIES FOR DEFICIENT ANALYSIS. (1) If the analysis shows that any soil amendment or plant amendment falls short of the guaranteed analysis in any one (1) soil amending or plant amending ingredient or in total soil amending or plant amending ingredients, a penalty shall be assessed in favor of the department as follows:

(a) A penalty of three (3) times the value of the deficiency if the deficiency in any one (1) soil amending ingredient is more than:

(i) Twenty percent (20%) of the guarantee on any one (1) soil amendment or plant amendment in which the soil amending or plant amending ingredient is guaranteed up to and including twenty percent (20%).

(ii) Four percent (4%) under guarantee on any one (1) soil amendment or plant amendment in which the soil amending or plant amending ingredient is guaranteed twenty and one-tenth percent (20.1%) and above.

(b) A penalty of three (3) times the value of the total soil amending or plant amending ingredient deficiency shall be assessed when the total deficiency is more than two percent (2%) under the calculated total soil amending or plant amending ingredient guarantee.

(c) When a soil amendment or plant amendment is subject to penalties under both (a) and (b) above, only the larger penalty shall be assessed.

(2) All penalties assessed under this section shall be paid to the department within ninety (90) days after the date of notice from the director to the registrant. The department shall deposit the amount of the penalty into the commercial feed and fertilizer fund, as stipulated in section 22-2220, Idaho Code.

(3) Nothing contained in this section shall prevent any person from appealing to a court of competent jurisdiction for a judgment as to the justification for penalties imposed under subsection (1) of this section.

(4) The penalties payable in subsection (1) of this section do not limit the consumer's right to bring a civil action in damage against the registrant paying the civil penalties.
22-2213. ASSESSMENT OF PENALTIES. For the purpose of determining commercial values to be applied under this section, the director shall determine from the registrant's sales invoice the values charged for the plant amending or soil amending ingredients. If no invoice is available or if the invoice fails to provide sufficient information, the director may use prevailing market prices to determine values. The values so determined shall be used in determining and assessing penalties.

22-2214. MISBRANDING. No person shall distribute a misbranded soil amendment or plant amendment in this state. A soil amendment or plant amendment is deemed to be misbranded if:

(1) Its labeling is false or misleading in any material respect; or

(2) It is distributed under the name or brand of another soil amendment or plant amendment, unless the distribution is proper under section 22-2205, Idaho Code; or

(3) It is not labeled as required in section 22-2207, Idaho Code, and according to the rules of the department adopted under this chapter. The rules shall give due regard to the commonly accepted definitions and terms, as stated or provided in section 22-2203, Idaho Code; or

(4) It purports to be or is represented as a soil amendment or plant amendment, or is represented as containing a soil amendment or plant amendment, unless the soil amendment or plant amendment conforms to the definitions of identity, if any, prescribed by rules of the department. In adopting the rules, the department shall give due regard to commonly accepted definitions and official terms, as stated or provided in section 22-2203, Idaho Code; or

(5) It does not conform to the ingredient form, minimums, labeling and investigational allowances in the rules adopted by the department.

22-2215. ADULTERATION. No person shall distribute an adulterated soil or plant amendment. A soil amendment or plant amendment is deemed to be adulterated if:

(1) It contains any deleterious or harmful substance, or organism in sufficient amount to render it injurious to beneficial plant life, animals, humans, aquatic life, soil or water when applied in accordance with directions for use on the label; or, if adequate warning statements and directions for use, which may be necessary to protect plant life, animals, humans, aquatic life, soil or water, are not shown on the label; or

(2) Its composition falls below or differs from that which it is purported to possess by its labeling; or

(3) It contains unwanted crop seed or weed seed.

22-2216. PUBLICATION OF INFORMATION. The department shall publish the following information at least annually and in a form it deems proper: the total tonnage of soil amendments and plant amendments distributed; the total number of official samples analyzed and the number of deficient official samples analyzed; and any other information the department deems fit.

22-2217. STOP-SALE ORDERS. The director may issue and enforce a written "stop-sale, use or removal" order to the manufacturer, distributor, owner or custodian of any soil amendment or plant amendment, or any lot thereof, if he determines that:
(1) A soil amendment or plant amendment is not properly registered or whose registration has been revoked under this chapter;
(2) The proper tonnage fees or tonnage reports have not been submitted to the department pursuant to section 22-2208 or 22-2209, Idaho Code; or
(3) A soil amendment or plant amendment is misbranded or adulterated.

The order may require the person to whom it is directed to hold the soil amendment or plant amendment, or lot thereof, which is the subject of the order, at a designated place until the requirements of this chapter are satisfied and all costs and expenses reasonably incurred by the department in connection with the withdrawal are paid by or on behalf of the person to whom the order was directed.

22-2218. VIOLATIONS. It is unlawful to:
(1) Distribute a misbranded soil amendment or plant amendment;
(2) Fail, refuse or neglect to place upon or attach to each container of distributed soil amendment or plant amendment a label containing the information required by this chapter;
(3) Fail, refuse or neglect to deliver to a purchaser of bulk soil amendments or plant amendments, a statement containing the information required by this chapter;
(4) Distribute a soil amendment or plant amendment which has not been registered with the department;
(5) Distribute a soil amendment or plant amendment containing viable noxious weed seeds, as specified in section 22-2215(3), Idaho Code;
(6) Distribute an adulterated soil amendment or plant amendment;
(7) Distribute a soil amendment or plant amendment weighing less than that which it is purported to weigh;
(8) Distribute a soil amendment or plant amendment different from the guaranteed analysis purported on the label;
(9) Fail or refuse to provide, keep or maintain records and information as required by this chapter;
(10) Fail to stop distribution of a soil amendment or plant amendment product under a stop-sale order as authorized under section 22-2217, Idaho Code; or
(11) Fail to disclose to the director, when requested, sources of potentially deleterious components, which components shall be established by rule.

22-2219. REMEDIES FOR VIOLATION. (1) A person convicted of violating this chapter or the rules adopted under this chapter or who impedes, obstructs, hinders or otherwise prevents or attempts to prevent the director or a duly authorized agent from the performance of his duty in connection with this chapter, is guilty of a misdemeanor and shall be fined not more than five hundred dollars ($500) for the first violation and not more than one thousand five hundred dollars ($1,500) for a subsequent violation. In all prosecutions under this chapter involving the composition of a lot of a commercial soil and plant amendment product, a certified copy of the official analysis signed by the director or his duly authorized agent shall be accepted as prima facie evidence of the composition.
(2) A person who violates or fails to comply with this chapter or any rules adopted under this chapter may be assessed a civil penalty by
the department or its duly authorized agent of not more than ten thousand dollars ($10,000) for each offense and shall be liable to the department for reasonable attorney's fees. The department may assess a civil penalty in conjunction with any other department administrative action. No civil penalty may be assessed unless the person charged was given notice and opportunity for a hearing under the Idaho administrative procedure act, chapter 52, title 67, Idaho Code. If the director is unable to collect the penalty or if a person fails to pay all or a set portion of the civil penalty as determined by the department, the department may recover the amount in an action in the appropriate district court. A person against whom the director has assessed a civil penalty under this section may, within thirty (30) days of the final action by the agency making the assessment, appeal the assessment to the district court of the county in which the violation is alleged by the department to have occurred.

(3) Nothing in this chapter requires the director or a duly authorized representative to report minor violations of this chapter for prosecution, or for the institution of seizure proceedings, when the director believes that the public interest will be best served by a suitable notice of warning in writing.

(4) A prosecuting attorney to whom any violation is reported shall, without delay, cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction. Before the director reports a violation for prosecution by a prosecuting attorney, the director shall give the person charged with the violation an opportunity to present his view to the director.

(5) The director may apply for and the court is authorized to grant a temporary or permanent injunction restraining any person from violating or continuing to violate this chapter or any rule adopter under this chapter notwithstanding the existence of other remedies of law. An injunction shall be issued without bond.

22-2220. DISPOSITION OF MONEYS. All moneys received by the director from the registration of soil amendments and plant amendments and from the payment of moneys derived from the registration and inspection fees charged on soil amendments and plant amendments, and moneys collected for violations of this chapter or rules adopted under this chapter, shall be paid into the state treasury and placed in a fund to be known as the "Commercial Feed and Fertilizer Fund." Moneys in the fund shall be used to carry out the purposes of this chapter.

22-2221. COOPERATION WITH OTHER GOVERNMENT AGENCIES. The director may cooperate with and enter into agreements with other government agencies, whether of this state, other states, or agencies of the federal government, and with private associations, in order to carry out the purposes of this chapter.

clerical or nonmaterial errors in the description of the territory, or in any other particular. Similar petitions or duplicate copies of the same petition for the organization of the same district may be filed and shall together be regarded as one (1) petition. All such petitions filed prior to the hearing on the first petition filed, shall be considered by the court the same as though filed with the first petition placed on file.

SECTION 3. That Section 67-4907, Idaho Code, be, and the same is hereby amended to read as follows:

67-4907. HEARINGS ON PETITIONS -- ELECTION FOR ORGANIZATION AND OFFICERS. On the day fixed for such hearing or at an adjournment thereof the court shall, if the petition proposes a property tax, ascertain from the tax rolls of the county or counties in which the district is located or into which it extends, the total number of taxpayers within the proposed district, who pay a general tax on real property owned by him or her within the district.

If the court finds that no petition has been signed and presented in conformity with this chapter, or that the material facts are not as set forth in the petition filed, it shall dismiss said proceedings and adjudge the costs against the signers of the petition in such proportion as it shall deem just and equitable. No appeal or writ of error shall lie from an order dismissing said proceedings; but nothing herein shall be construed to prevent the filing of a subsequent petition or petitions for similar improvements or for a similar district, and the right so to renew such proceedings is hereby expressly granted and authorized.

Any time after the filing of the petition for the organization of a district and before the day fixed for the hearing thereon, the owner or owners of any real property within the proposed district may file a petition with the district court stating reasons why said property should not be included therein, why his land or any part thereof will not be benefited directly or indirectly by the proposed district, or should not be embraced in said district and made liable to taxation therefor, and praying that said property be excluded therefrom. Such petition shall be duly verified and shall describe the property sought to be excluded. The court shall conduct a hearing on said petition and shall hear all objections to the inclusion in the district of any lands described in said petition. In case any owner of real estate included in said proposed district shall satisfy the court that his real estate, or any part thereof, has been wrongfully included therein or will not be benefited thereby then the court shall exclude such real estate as will not be benefited.

Upon said hearing, if it shall appear that a petition for the organization of a district has been signed and presented as hereinabove provided, in conformity with this chapter, and that the allegations of the petition are true, the court shall, by order duly entered of record, direct that the question of the organization of the district shall be submitted to the qualified electors of the district at an election to be held, subject to the provisions of section 34-106, Idaho Code, for that purpose, and such order shall appoint three (3) qualified electors of the district as judges of said election. The clerk of the court having jurisdiction shall give published notice of the time and place of an election to be held in the district.
Such election shall be held and conducted in the same manner as general elections in this state.

At any time after the filing of the petition herein referred to and before the day fixed for hearing, nominees for the board of directors of the district may be nominated by the filing of a petition designating the name or names of the nominee or nominees, signed by at least five (5) qualified electors of the district. If upon the hearing as herein provided the court shall order an election for the creation of the district, the court shall also ascertain the names of persons nominated by the board of directors, and shall order that the names of persons whom the court finds to have been properly nominated shall be listed upon a ballot submitted to the electors at such election. In the event the court makes its order providing for such election, it shall prescribe the form of the question and ballot relating to the election of the directors, provided that all matters may be contained upon one (1) ballot to be submitted to the voters.

At such election the voters shall vote for or against the organization of the district, and for five (5) qualified electors, who shall constitute the board of directors of the district, if organized, one (1) director to act until the first biennial election, two (2) until the second, and two (2) until the third biennial election.

The judges of election shall certify the returns of the election to the district court having jurisdiction. If a majority of the votes cast at said election are in favor of the organization, the district court shall declare the district organized and give it a corporate name by which, in all proceedings, it shall thereafter be known, and designated the first board of directors elected, and thereupon the district shall be a governmental subdivision of the state of Idaho and a body corporate with all the powers of a public or quasi-municipal corporation except that districts formed prior to January 1, 1987, or districts with twenty-five thousand (25,000) or more population shall have no power to levy and collect ad-valorem property taxes.

If an order be entered establishing the district, such order shall be deemed final and no appeal or writ of error shall lie therefrom, and the entry of such order shall finally and conclusively establish the regular organization of the said district against all persons except the state of Idaho, in an action in the nature of a writ of quo warranto, commenced by the attorney general within thirty (30) days after said decree declaring such district organized as herein provided, and not otherwise. The organization of said district shall not be directly or collaterally questioned in any suit, action or proceeding except as herein expressly authorized.

SECTION 4. That Section 67-4911, Idaho Code, be, and the same is hereby amended to read as follows:

67-4911. ELECTIONS -- TERMS OF OFFICE. At the first biennial election in any district hereafter organized, and each sixth year thereafter, there shall be elected by the qualified
electors of the district, one (1) member of the board to serve for a term of six (6) years; at the second biennial election and each sixth year thereafter, there shall be elected two (2) members of the board to serve for terms of six (6) years, and at the third biennial election, and each sixth year thereafter, there shall be elected two (2) members of the board to serve for terms of six (6) years. Provided, a member of the board once in office shall serve until his successor is elected, qualified and takes office.

Not later than 5:00 p.m. on the sixth Friday before any such election, nominations may be filed with the secretary of the board and if a nominee does not withdraw his name before the first publication of the notice of election, his name shall be placed on the ballot. The board shall provide for holding such election and shall appoint judges to conduct it. The secretary of the district shall give notice of election by publication, and shall arrange such other details in connection therewith as the board may direct. Adequate polling places shall be provided throughout the district boundaries for all elections. The returns of the election shall be certified to and shall be canvassed and declared by the board. The candidate or candidates, according to the number of directors to be elected, receiving the most votes, shall be elected. Any new member of the board shall qualify in the same manner as members of the first board qualify.

In any election for director, if after the deadline for filing a declaration of intent as a write-in candidate, it appears that the number of qualified candidates who have been nominated is equal to the number of directors to be elected, it shall not be necessary for the candidates to stand for election, and the board shall declare such candidates elected as directors, and the secretary of the board shall immediately make and deliver to such persons certificates of election signed by him and bearing the seal of the district.

SECTION 5. That Section 67-4913, Idaho Code, be, and the same is hereby amended to read as follows:

The levy and collection of said sales tax shall not be subject to the limitations or other provisions of sections 67-4913, 67-4914, 67-4915 and 67-4916, Idaho Code. The revenues received by the district from such sales tax shall be deposited in the depository of the district. Promptly following the adoption by the board of the resolution to levy such tax, the secretary of the board shall certify to the state tax commission that such levy has been adopted and shall state the effective date thereof and shall transmit to the commission a certified copy of such resolution. The effective date of any such levy shall not be earlier than the first day of the month not less than sixty (60) days following certification of such levy to the commission.

a. The local historic preservation commission appointed by the gov­
erning body of the county or city shall make an investigation of the
historical, architectural, archeological and cultural significance of
the buildings, structures, features, sites or surroundings included in
any such proposed historic district. The commission shall report its

rially altered, remodeled, relocated or put to a different use only after one hundred eighty (180) days' written notice of the owner's proposed action has been given to the local historic preservation commission. During this period, the commission may negotiate with the owner and with any other parties in an effort to find a means of preserving the property. During this period, or at any time prior thereto following notice of designation to the owner as provided in section 67-4615(d.), Idaho Code, and where such action is reasonably necessary or appropriate for the continued preservation of the property, the commission may enter into negotiations with the owner for the acquisition by gift, purchase, or exchange of the property or any interest therein. The commission may reduce the waiting period required by this section in any case where the owner would suffer extreme hardship, unless a reduction in the required period were allowed. The commission shall have the discretionary authority to waive all or any portion of the required waiting period, provided that the alteration, remodeling, relocation or change of use is undertaken subject to conditions agreed to by the commission insuring the continued maintenance of the historical, architectural, archeological or cultural integrity and character of the property.

(2) Nothing in this act chapter shall be construed to prevent the ordinary maintenance or repair of any exterior feature in or on a historic property that does not involve a change in design, material, or outer appearance thereof, nor to prevent the construction, reconstruction, alteration, restoration, demolition or removal of any such feature when a building inspector or similar official certifies to the commission that such action is required for the public safety because of an unsafe or dangerous condition.

(3) Nothing in this act shall authorize or be construed to allow the designation, regulation, conditioning or restriction by ordinance or other means of any property or facility owned by the state of Idaho.

SECTION 7. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

For purposes of this subsection, development shall include either land or buildings or both.

(j) Any housing project shall be subject to the requirement that the dwelling units made available to persons of low income, together with functionally related and subordinate facilities, shall occupy at least thirty percent (30%) of the interior space of any individual building other than a detached single-family or duplex residential building or mobile or manufactured home and shall occupy at least fifty percent (50%) of the total number of units in the development, whichever produces the greater number of units for persons of low income. For mobile or manufactured home parks, the mobile or manufactured home lots made available to persons of low income shall be at least fifty percent (50%) of the total number of mobile or manufactured home lots in the park.

Neither the commissioners of any authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of an authority shall state on their face that they shall not be a debt of the county, the state or any political subdivision thereof and neither the county, the state nor any political subdivision thereof shall be liable thereon, nor in any event shall such bonds or obligations be payable out of any funds other than those of said authority. CHAPTER 10
UNIFORM PRINCIPAL AND INCOME ACT

PART 1.
DEFINITIONS AND FIDUCIARY DUTIES

68-10-101. SHORT TITLE. This chapter may be cited as the "Uniform Principal and Income Act."

68-10-102. DEFINITIONS. In this chapter:
(1) "Accounting period" means a calendar year unless another twelve (12) month period is selected by a fiduciary. The term includes a portion of a calendar year or other twelve (12) month period that begins when an income interest begins or ends when an income interest ends.
(2) "Beneficiary" includes, in the case of a decedent's estate, an heir and devisee and, in the case of a trust, an income beneficiary and a remainder beneficiary.
(3) "Fiduciary" means a personal representative or a trustee. The term includes an executor, administrator, successor personal representative, special administrator, and a person performing substantially the same function.
(4) "Income" means money or property that a fiduciary receives as
current return from a principal asset. The term includes a portion of receipts from a sale, exchange, or liquidation of a principal asset, to the extent provided in part 4 of this chapter.

(5) "Income beneficiary" means a person to whom net income of a trust is or may be payable.

(6) "Income interest" means the right of an income beneficiary to receive all or part of net income, whether the terms of the trust require it to be distributed or authorize it to be distributed in the trustee's discretion.

(7) "Mandatory income interest" means the right of an income beneficiary to receive net income that the terms of the trust require the fiduciary to distribute.

(8) "Net income" means the total receipts allocated to income during an accounting period minus the disbursements made from income during the period, plus or minus transfers under this chapter to or from income during the period.

(9) "Person" means: an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, government; governmental subdivision, agency or instrumentality; public corporation, or any other legal or commercial entity.

(10) "Principal" means property held in trust for distribution to a remainder beneficiary when the trust terminates.

(11) "Remainder beneficiary" means a person entitled to receive principal when an income interest ends.

(12) "Terms of a trust" means the manifestation of the intent of a trustor or decedent with respect to the trust, expressed in a manner that admits of its proof in a judicial proceeding, whether by written or spoken words or by conduct. Nothing herein shall require a trustee to look beyond the terms of a written instrument for the manifestation of the intent of a trustor.

(13) "Trustee" includes an original, additional or successor trustee, whether or not appointed or confirmed by a court.
(4) Shall add a receipt or charge a disbursement to principal to the extent that the terms of the trust and this chapter do not provide a rule for allocating the receipt or disbursement to or between principal and income.

(b) In exercising the power to adjust under section 68-10-104(a), Idaho Code, or a discretionary power of administration regarding a matter within the scope of this chapter, whether granted by the terms of a trust, a will, or this chapter, a fiduciary shall administer a trust or estate impartially, based on what is fair and reasonable to all of the beneficiaries, except to the extent that the terms of the trust or the will clearly manifest an intention that the fiduciary shall or may favor one (1) or more of the beneficiaries. A determination in accordance with this chapter is presumed to be fair and reasonable to all of the beneficiaries.

68-10-104. TRUSTEE'S POWER TO ADJUST. (a) A trustee may adjust between principal and income to the extent the trustee considers necessary if the trustee invests and manages trust assets as a prudent investor in accordance with the Idaho uniform prudent investor act, the terms of the trust describe the amount that may or must be distributed to a beneficiary by referring to the trust's income, and the trustee determines, after applying the rules in section 68-10-103(a), Idaho Code, that the trustee is unable to comply with section 68-10-103(b), Idaho Code.

(b) In deciding whether and to what extent to exercise the power conferred by subsection (a) of this section, a trustee shall consider all factors relevant to the trust and its beneficiaries, including the following factors to the extent they are relevant:

1. The nature, purpose and expected duration of the trust;
2. The intent of the trustor;
3. The identity and circumstances of the beneficiaries;
4. The needs for liquidity, regularity of income and preservation and appreciation of capital;
5. The assets held in the trust; the extent to which they consist of financial assets, interests in closely held enterprises, tangible and intangible personal property, or real property; the extent to which an asset is used by a beneficiary; and whether an asset was purchased by the trustee or received from the trustor;
6. The net amount allocated to income under the other sections of this chapter and the increase or decrease in the value of the principal assets, which the trustee may estimate as to assets for which market values are not readily available;
7. Whether and to what extent the terms of the trust give the trustee the power to invade principal or accumulate income or prohibit the trustee from invading principal or accumulating income, and the extent to which the trustee has exercised a power from time to time to invade principal or accumulate income;
8. The actual and anticipated effect of economic conditions on principal and income and effects of inflation and deflation; and
9. The anticipated tax consequences of an adjustment.

(c) A trustee may not make an adjustment:
1. That diminishes the income interest in a trust that requires all of the income to be paid at least annually to a spouse and for which an estate tax or gift tax marital deduction would be allowed,
in whole or in part, if the trustee did not have the power to make the adjustment;
(2) That reduces the actuarial value of the income interest in a trust to which a person transfers property with the intent to qualify for a gift tax exclusion;
(3) That changes the amount payable to a beneficiary as a fixed annuity or a fixed fraction of the value of the trust assets;
(4) From any amount that is permanently set aside for charitable purposes under a will or the terms of a trust unless both income and principal are so set aside;
(5) If possessing or exercising the power to make an adjustment causes an individual to be treated as the owner of all or part of the trust for income tax purposes, and the individual would not be treated as the owner if the trustee did not possess the power to make an adjustment;
(6) If possessing or exercising the power to make an adjustment causes all or part of the trust assets to be included for estate tax purposes in the estate of an individual who is the trustee or has the power to remove a trustee or appoint a trustee, or both, and the assets would not be included in the estate of the individual if the trustee did not possess the power to make an adjustment; or
(7) If the trustee is a beneficiary of the trust.
(d) If subsection (c)(5), (6) or (7) of this section applies to a trustee and there is more than one (1) trustee, a cotrustee to whom the provision does not apply may make the adjustment unless the exercise of the power by the remaining trustee or trustees is not permitted by the terms of the trust.
(e) A trustee may release the entire power conferred by subsection (a) of this section or may release only the power to adjust from income to principal or the power to adjust from principal to income if the trustee is uncertain about whether possessing or exercising the power will cause a result described in subsection (c)(1) through (6) of this section or if the trustee determines that possessing or exercising the power will or may deprive the trust of a tax benefit or impose a tax burden not described in subsection (c) of this section. The release may be permanent or for a specified period, including a period measured by the life of an individual.
(f) Terms of a trust that limit the power of a trustee to make an adjustment between principal and income do not affect the application of this section unless it is clear from the terms of the trust that the terms are intended to deny the trustee the power of adjustment conferred by subsection (a) of this section.
(g) Unless a request has been made by a beneficiary that the trustee consider an adjustment, nothing in this section or in this chapter is intended to create or imply a duty to make an adjustment, and a trustee is not liable for not considering whether to make an adjustment or for choosing not to make an adjustment.

68-10-105. NOTICE OF PROPOSED ACTION. (a) A trustee may give a notice of proposed action regarding a matter governed by this chapter as provided in this section. For the purpose of this section, a proposed action includes a course of action and a decision not to take action.
(b) The trustee shall mail notice of the proposed action to all adult beneficiaries who are receiving, or are entitled to receive,
income under the trust or to receive a distribution of principal if the trust were terminated at the time the notice is given. If all beneficiaries of the trust are incapacitated persons, then notice shall be mailed to each of the incapacitated person's guardians or conservators who are appointed in accordance with chapter 5, title 15, Idaho Code.

(c) Notice of proposed action need not be given to any person who consents in writing to the proposed action. The consent may be executed at any time before or after the proposed action is taken.

(d) The notice of proposed action shall state that it is given pursuant to this section and shall include all of the following:

1. The name and mailing address of the trustee;
2. A copy of the trust instrument, if any;
3. A description of the action proposed to be taken and an explanation of the reasons for the action;
4. The time within which objections to the proposed action can be made, which shall be at least thirty (30) days from the mailing of the notice of proposed action;
5. The date on or after which the proposed action may be taken or is effective;
6. A statement that the recipient may petition for a judicial determination of the proposed action;
7. A form on which consent or objection to the proposed action may be indicated.

(e) A beneficiary may object or consent to the proposed action by mailing a written objection or consent to the trustee at the address stated in the notice of proposed action within the time period specified in the notice of proposed action.

(f) A trustee is not liable to a beneficiary for an action regarding a matter governed by this chapter if the trustee does not receive a written objection to the proposed action from the beneficiary within the applicable period and the other requirements of this section are satisfied. If no beneficiary entitled to notice objects under this section, the trustee is not liable to any current or future beneficiary with respect to the proposed action.

(g) If the trustee receives a written objection within the applicable period, either the trustee or a beneficiary may petition the court to have the proposed action taken as proposed, taken with modifications, or denied. In the proceeding, a beneficiary objecting to the proposed action has the burden of proving that the trustee's proposed action should not be taken. A beneficiary who has not objected is not estopped from opposing the proposed action in the proceeding. If the trustee decides not to implement the proposed action, the trustee shall notify the beneficiaries of the decision not to take the action and the reasons for the decision, and the trustee's decision not to implement the proposed action does not itself give rise to liability to any current or future beneficiary. A beneficiary may petition the court to have the action taken, and has the burden of proving that it should be taken.

PART 2.
DECEDED'S ESTATE OR TERMINATING INCOME INTEREST

68-10-201. DETERMINATION AND DISTRIBUTION OF NET INCOME. After a decedent dies, in the case of an estate, or after an income interest in a trust ends, the following rules apply:
(1) A fiduciary of an estate or of a terminating income interest shall determine the amount of net income and net principal receipts received from property specifically given to a beneficiary under the rules in parts 3 through 5 of this chapter which apply to trustees and the rules in subsection (5) of this section. The fiduciary shall distribute the net income and net principal receipts to the beneficiary who is to receive the specific property.

(2) A fiduciary shall determine the remaining net income of a decedent's estate or a terminating income interest under the rules in parts 3 through 5 of this chapter which apply to trustees and by:

(A) Including in net income all income from property used to discharge liabilities;

(B) Paying from income or principal, in the fiduciary's discretion, fees of attorneys, accountants and fiduciaries; court costs and other expenses of administration; and interest on death taxes, but the fiduciary may pay those expenses from income of property passing to a trust for which the fiduciary claims an estate tax marital or charitable deduction only to the extent that the payment of those expenses from income will not cause the reduction or loss of the deduction; and

(C) Paying from principal all other disbursements made or incurred in connection with the settlement of a decedent's estate or the winding up of a terminating income interest, including debts, funeral expenses, disposition of remains, family allowances, and death taxes and related penalties that are apportioned to the estate or terminating income interest by the will, the terms of the trust, or applicable law.

(3) A fiduciary shall distribute to a beneficiary who receives a pecuniary amount outright the interest or any other amount provided by the will, the terms of the trust, or applicable law from net income determined under subsection (2) of this section or from principal to the extent that net income is insufficient. If a beneficiary is to receive a pecuniary amount outright from a trust after an income interest ends and no interest or other amount is provided for by the terms of the trust or applicable law, the fiduciary shall distribute the interest or other amount to which the beneficiary would be entitled under applicable law if the pecuniary amount were required to be paid under a will.

(4) A fiduciary shall distribute the net income remaining after distributions required by subsection (3) of this section in the manner described in section 68-10-202, Idaho Code, to all other beneficiaries, including a beneficiary who receives a pecuniary amount in trust, even if the beneficiary holds an unqualified power to withdraw assets from the trust or other presently exercisable general power of appointment over the trust.

(5) A fiduciary may not reduce principal or income receipts from property described in subsection (1) of this section because of a payment described in section 68-10-501 or 68-10-502, Idaho Code, to the extent that the will, the terms of the trust, or applicable law requires the fiduciary to make the payment from assets other than the property or to the extent that the fiduciary recovers or expects to recover the payment from a third party. The net income and principal receipts from the property are determined by including all of the amounts the fiduciary receives or pays with respect to the property, whether those amounts accrued or became due before, on, or after the date of a decedent's
death or an income interest's terminating event, and by making a reason­able provision for amounts that the fiduciary believes the estate or terminating income interest may become obligated to pay after the prop­erty is distributed.

68-10-202. DISTRIBUTION TO RESIDUARY AND REMAINDER BENEFICIARIES.
(a) Each beneficiary described in section 68-10-201(4), Idaho Code, is entitled to receive a portion of the net income equal to the beneficiary's fractional interest in undistributed principal assets, using values as of the distribution date. If a fiduciary makes more than one (1) distribution of assets to beneficiaries to whom this section applies, each beneficiary, including one who does not receive part of the distribution, is entitled, as of each distribution date, to the net income the fiduciary has received after the date of death or terminating event or earlier distribution date but has not distributed as of the current distribution date.

(b) In determining a beneficiary's share of net income, the follow­ing rules apply:
(1) The beneficiary is entitled to receive a portion of the net income equal to the beneficiary's fractional interest in the undis­tributed principal assets immediately before the distribution date, including assets that later may be sold to meet principal obliga­tions.
(2) The beneficiary's fractional interest in the undistributed principal assets must be calculated without regard to property spec­ifically given to a beneficiary and property required to pay pecu­niary amounts not in trust.
(3) The beneficiary's fractional interest in the undistributed principal assets must be calculated on the basis of the aggregate value of those assets as of the distribution date without reducing the value by any unpaid principal obligation.
(4) The distribution date for purposes of this section may be the date as of which the fiduciary calculates the value of the assets if that date is reasonably near the date on which assets are actually distributed.

(c) If a fiduciary does not distribute all of the collected but undis­ttributed net income to each person as of a distribution date, the fiduciary shall maintain appropriate records showing the interest of each beneficiary in that net income.

(d) A fiduciary may apply the rules in this section, to the extent that the fiduciary considers it appropriate, to net gain or loss realized after the date of death or terminating event or earlier distribu­tion date from the disposition of a principal asset if this section applies to the income from the asset.

PART 3.
APPORTIONMENT AT BEGINNING AND END OF INCOME INTEREST

68-10-301. WHEN RIGHT TO INCOME BEGINS AND ENDS. (a) An income ben­eficiary is entitled to net income from the date on which the income interest begins. An income interest begins on the date specified in the terms of the trust or, if no date is specified, on the date an asset becomes subject to a trust or successive income interest.

(b) An asset becomes subject to a trust:
(1) On the date it is transferred to the trust in the case of an asset that is transferred to a trust during the transferor's life;
(2) On the date of a testator's death in the case of an asset that becomes subject to a trust by reason of a will, even if there is an intervening period of administration of the testator's estate; or
(3) On the date of an individual's death in the case of an asset that is transferred to a fiduciary by a third party because of the individual's death.

(c) An asset becomes subject to a successive income interest on the day after the preceding income interest ends, as determined under subsection (d) of this section, even if there is an intervening period of administration to wind up the preceding income interest.

(d) An income interest ends on the day before an income beneficiary dies or another terminating event occurs, or on the last day of a period during which there is no beneficiary to whom a trustee may distribute income.

68-10-302. APPORTIONMENT OF RECEIPTS AND DISBURSEMENTS WHEN DECEDENT DIES OR INCOME INTEREST BEGINS. (a) A trustee shall allocate an income receipt or disbursement other than one to which section 68-10-201(1), Idaho Code, applies to principal if its due date occurs before a decedent dies in the case of an estate or before an income interest begins in the case of a trust or successive income interest.

(b) A trustee shall allocate an income receipt or disbursement to income if its due date occurs on or after the date on which a decedent dies or an income interest begins and it is a periodic due date. An income receipt or disbursement must be treated as accruing from day to day if its due date is not periodic or it has no due date. The portion of the receipt or disbursement accruing before the date on which a decedent dies or an income interest begins must be allocated to principal and the balance must be allocated to income.

(c) An item of income or an obligation is due on the date the payer is required to make a payment. If a payment date is not stated, there is no due date for the purposes of this chapter. Distributions to shareholders or other owners from an entity to which section 68-10-401, Idaho Code, applies are deemed to be due on the date fixed by the entity for determining who is entitled to receive the distribution or, if no date is fixed, on the declaration date for the distribution. A due date is periodic for receipts or disbursements that must be paid at regular intervals under a lease or an obligation to pay interest or if an entity customarily makes distributions at regular intervals.

68-10-303. APPORTIONMENT WHEN INCOME INTEREST ENDS. (a) In this section, "undistributed income" means net income received before the date on which an income interest ends. The term does not include an item of income or expense that is due or accrued or net income that has been added or is required to be added to principal under the terms of the trust.

(b) When a mandatory income interest ends, the trustee shall pay to a mandatory income-beneficiary who survives that date, or the estate of a deceased mandatory income beneficiary whose death causes the interest to end, the beneficiary's share of the undistributed income that is not disposed of under the terms of the trust unless the beneficiary has an unqualified power to revoke more than five percent (5%) of the trust
immediately before the income interest ends. In the latter case, the undistributed income from the portion of the trust that may be revoked must be added to principal.

(c) When a trustee's obligation to pay a fixed annuity or a fixed fraction of the value of the trust's assets ends, the trustee shall pro-rate the final payment if and to the extent required by applicable law to accomplish a purpose of the trust or its trustor relating to income, gift, estate, or other tax requirements.

PART 4.
ALLOCATIONS OF RECEIPTS DURING ADMINISTRATION OF TRUST

68-10-401. CHARACTER OF RECEIPTS. (a) In this section, "entity" means a corporation, partnership, limited liability company, regulated investment company, real estate investment trust, common trust fund, or any other organization in which a trustee has an interest other than a trust or estate to which section 68-10-402, Idaho Code, applies, a business or activity to which section 68-10-413, Idaho Code, applies, or an asset-backed security to which section 68-10-415, Idaho Code, applies.

(b) Except as otherwise provided in this section, a trustee shall allocate to income money received from an entity.

(c) A trustee shall allocate the following receipts from an entity to principal:

(1) Property other than money;
(2) Money received in one (1) distribution or a series of related distributions in exchange for part or all of a trust's interest in the entity;
(3) Money received in total or partial liquidation of the entity; and
(4) Money received from an entity that is a regulated investment company or a real estate investment trust if the money distributed is a capital gain dividend for federal income tax purposes.

(d) Money is received in partial liquidation:

(1) To the extent that the entity, at or near the time of a distribution, indicates that it is a distribution in partial liquidation; or

(2) If the total amount of money and property received in a distribution or series of related distributions is greater than twenty percent (20%) of the entity's gross assets, as shown by the entity's year-end financial statements immediately preceding the initial receipt.

(e) Money is not received in partial liquidation, nor may it be taken into account under subsection (d)(2) of this section, to the extent that it does not exceed the amount of income tax that a trustee or beneficiary must pay on taxable income of the entity that distributes the money.

(f) A trustee may rely upon a statement made by an entity about the source or character of a distribution if the statement is made at or near the time of distribution by the entity's board of directors or other person or group of persons authorized to exercise powers to pay money or transfer property comparable to those of a corporation's board of directors.
68-10-402. DISTRIBUTION FROM TRUST OR ESTATE. A trustee shall allocate to income an amount received as a distribution of income from a trust or an estate in which the trust has an interest other than a purchased interest, and shall allocate to principal an amount received as a distribution of principal from such a trust or estate. If a trustee purchases an interest in a trust that is an investment entity, or a decedent or donor transfers an interest in such a trust to a trustee, section 68-10-401 or 68-10-415, Idaho Code, applies to a receipt from the trust.

68-10-403. BUSINESS AND OTHER ACTIVITIES CONDUCTED BY TRUSTEE. (a) If a trustee who conducts a business or other activity determines that it is in the best interest of all the beneficiaries to account separately for the business or activity instead of accounting for it as part of the trust's general accounting records, the trustee may maintain separate accounting records for its transactions, whether or not its assets are segregated from other trust assets.

(b) A trustee who accounts separately for a business or other activity may determine the extent to which its net cash receipts must be retained for working capital, the acquisition or replacement of fixed assets, and other reasonably foreseeable needs of the business or activity, and the extent to which the remaining net cash receipts are accounted for as principal or income in the trust's general accounting records. If a trustee sells assets of the business or other activity, other than in the ordinary course of the business or activity, the trustee shall account for the net amount received as principal in the trust's general accounting records to the extent the trustee determines that the amount received is no longer required in the conduct of the business.

(c) Activities for which a trustee may maintain separate accounting records include:

1. Retail, manufacturing, service and other traditional business activities;
2. Farming;
3. Raising and selling livestock and other animals;
4. Management of rental properties;
5. Extraction of minerals and other natural resources;
6. Timber operations; and
7. Activities to which section 68-10-414, Idaho Code, applies.

68-10-404. PRINCIPAL RECEIPTS. A trustee shall allocate to principal:

1. To the extent not allocated to income under this chapter, assets received from a transferor during the transferor's lifetime, a decedent's estate, a trust with a terminating income interest, or a payer under a contract naming the trust or its trustee as beneficiary;
2. Money or other property received from the sale, exchange, liquidation, or change in form of a principal asset, including realized profit, subject to this part;
3. Amounts recovered from third parties to reimburse the trust because of disbursements described in section 68-10-502(a)(7), Idaho Code, or for other reasons to the extent not based on the loss of income;
4. Proceeds of property taken by eminent domain, but a separate
award made for the loss of income with respect to an accounting period during which a current income beneficiary had a mandatory income interest is income;

(5) Net income received in an accounting period during which there is no beneficiary to whom a trustee may or must distribute income; and

(6) Other receipts as provided in sections 68-10-408 through 68-10-415, Idaho Code.

68-10-405. RENTAL PROPERTY. To the extent that a trustee accounts for receipts from rental property pursuant to this section, the trustee shall allocate to income an amount received as rent of real or personal property, including an amount received for cancellation or renewal of a lease. An amount received as a refundable deposit, including a security deposit or a deposit that is to be applied as rent for future periods, must be added to principal and held subject to the terms of the lease and is not available for distribution to a beneficiary until the trustee's contractual obligations have been satisfied with respect to that amount.

68-10-406. OBLIGATION TO PAY MONEY. (a) An amount received as interest, whether determined at a fixed, variable or floating rate, on an obligation to pay money to the trustee, including an amount received as consideration for prepaying principal, must be allocated to income without any provision for amortization of premium.

(b) A trustee shall allocate to principal an amount received from the sale, redemption, or other disposition of an obligation to pay money to the trustee more than one (1) year after it is purchased or acquired by the trustee, including an obligation whose purchase price or value when it is acquired is less than its value at maturity. If the obligation matures within one (1) year after it is purchased or acquired by the trustee, an amount received in excess of its purchase price or its value when acquired by the trust must be allocated to income.

(c) This section does not apply to an obligation to which section 68-10-409, 68-10-410, 68-10-411, 68-10-412, 68-10-414 or 68-10-415, Idaho Code, applies.

68-10-407. INSURANCE POLICIES AND SIMILAR CONTRACTS. (a) Except as otherwise provided in subsection (b) of this section, a trustee shall allocate to principal the proceeds of a life insurance policy or other contract in which the trust or its trustee is named as beneficiary, including a contract that insures the trust or its trustee against loss for damage to, destruction of, or loss of title to a trust asset. The trustee shall allocate dividends on an insurance policy to income if the premiums on the policy are paid from income, and to principal if the premiums are paid from principal.

(b) A trustee shall allocate to income proceeds of a contract that insures the trustee against loss of occupancy or other use by an income beneficiary, loss of income or, subject to section 68-10-403, Idaho Code, loss of profits from a business.

(c) This section does not apply to a contract to which section 68-10-409, Idaho Code, applies.

68-10-408. INSUBSTANTIAL ALLOCATIONS NOT REQUIRED. If a trustee determines that an allocation between principal and income required by
section 68-10-409, 68-10-410, 68-10-411, 68-10-412 or 68-10-415, Idaho Code, is insubstantial, the trustee may allocate the entire amount to principal unless one (1) of the circumstances described in section 68-10-104(c), Idaho Code, applies to the allocation. This power may be exercised by a cotrustee in the circumstances described in section 68-10-104(d), Idaho Code, and may be released for the reasons and in the manner described in section 68-10-104(e), Idaho Code. An allocation is presumed to be insubstantial if:

(1) The amount of the allocation would increase or decrease net income in an accounting period, as determined before the allocation, by less than ten percent (10%); or

(2) The value of the asset producing the receipt for which the allocation would be made is less than ten percent (10%) of the total value of the trust's assets at the beginning of the accounting period.

68-10-409. DEFERRED COMPENSATION, ANNUITIES, AND SIMILAR PAYMENTS.

(a) In this section, "payment" means a payment that a trustee may receive over a fixed number of years or during the life of one (1) or more individuals because of services rendered or property transferred to the payer in exchange for future payments. The term includes a payment made in money or property from the payer's general assets or from a separate fund created by the payer, including a private or commercial annuity, an individual retirement account, and a pension, profit-sharing, stock-bonus or stock-ownership plan.

(b) To the extent that a payment is characterized as interest or a dividend or a payment made in lieu of interest or a dividend, a trustee shall allocate it to income. The trustee shall allocate to principal the balance of the payment and any other payment received in the same accounting period that is not characterized as interest, a dividend or an equivalent payment.

(c) If no part of a payment is characterized as interest, a dividend or an equivalent payment, and all or part of the payment is required to be made, a trustee shall allocate to income ten percent (10%) of the part that is required to be made during the accounting period and the balance to principal. If no part of a payment is required to be made or the payment received is the entire amount to which the trustee is entitled, the trustee shall allocate the entire payment to principal. For purposes of this subsection, a payment is not "required to be made" to the extent that it is made because the trustee exercises a right of withdrawal.

(d) If, to obtain an estate tax marital deduction for a trust, a trustee must allocate more of a payment to income than provided for by this section, the trustee shall allocate to income the additional amount necessary to obtain the marital deduction.

(e) This section does not apply to payments to which section 68-10-410, Idaho Code, applies.

68-10-410. LIQUIDATING ASSET. (a) In this section, "liquidating asset" means an asset whose value will diminish or terminate because the asset is expected to produce receipts for a period of limited duration. The term includes a leasehold, patent, copyright, royalty right and right to receive payments during a period of more than one (1) year under an arrangement that does not provide for the payment of interest on the unpaid balance. The term does not include a payment subject to
section 68-10-409, Idaho Code, resources subject to section 68-10-411, Idaho Code, timber subject to section 68-10-412, Idaho Code, an activity subject to section 68-10-414, Idaho Code, an asset subject to section 68-10-415, Idaho Code, or any asset for which the trustee establishes a reserve for depreciation under section 68-10-503, Idaho Code.

(b) A trustee shall allocate to income ten percent (10%) of the receipts from a liquidating asset and the balance to principal.

68-10-411. MINERALS, WATER AND OTHER NATURAL RESOURCES. (a) To the extent that a trustee accounts for receipts from an interest in minerals or other natural resources pursuant to this section, the trustee shall allocate them as follows:

(1) If received as nominal delay rental or nominal annual rent on a lease, a receipt must be allocated to income;
(2) If received from a production payment, a receipt must be allocated to income if and to the extent that the agreement creating the production payment provides a factor for interest or its equivalent. The balance must be allocated to principal;
(3) If an amount received as a royalty, shut-in-well payment, take-or-pay payment, bonus, or delay rental is more than nominal, ninety percent (90%) must be allocated to principal and the balance to income;
(4) If an amount is received from a working interest or any other interest not provided for in paragraph (1), (2) or (3) of this subsection, ninety percent (90%) of the net amount received must be allocated to principal and the balance to income.

(b) An amount received on account of an interest in water that is renewable must be allocated to income. If the water is not renewable, ninety percent (90%) of the amount must be allocated to principal and the balance to income.

(c) This chapter applies whether or not a decedent or donor was extracting minerals, water, or other natural resources before the interest became subject to the trust.

(d) If a trust owns an interest in minerals, water or other natural resources on the effective date of this chapter, the trustee may allocate receipts from the interest as provided in this chapter or in the manner used by the trustee before the effective date of this chapter.
If the trust acquires an interest in minerals, water or other natural resources after the effective date of this chapter, the trustee shall allocate receipts from the interest as provided in this chapter.

68-10-412. TIMBER. (a) To the extent that a trustee accounts for receipts from the sale of timber and related products pursuant to this section, the trustee shall allocate the net receipts:

(1) To income to the extent that the amount of timber removed from the land does not exceed the rate of growth of the timber during the accounting periods in which a beneficiary has a mandatory income interest;
(2) To principal to the extent that the amount of timber removed from the land exceeds the rate of growth of the timber or the net receipts are from the sale of standing timber;
(3) To or between income and principal if the net receipts are from the lease of timberland or from a contract to cut timber from land owned by a trust, by determining the amount of timber removed from
c. 261  2001  IDAHO SESSION LAWS

957

the land under the lease or contract and applying the rules in para- 
graphs (1) and (2) of this subsection; or

(4) To principal to the extent that advance payments, bonuses, and 
other payments are not allocated pursuant to paragraph (1), (2) or 
(3) of this subsection.

(b) In determining net receipts to be allocated pursuant to subsec- 
tion (a) of this section, a trustee shall deduct and transfer to princi-
pal a reasonable amount for depletion.

(c) This chapter applies whether or not a decedent or transferor 
was harvesting timber from the property before it became subject to the 
trust.

(d) If a trust owns an interest in timberland on the effective date 
of this chapter, the trustee may allocate net receipts from the sale of 
timber and related products as provided in this chapter or in the manner 
used by the trustee before the effective date of this chapter. If the 
trust acquires an interest in timberland after the effective date of 
this chapter, the trustee shall allocate net receipts from the sale of 
timber and related products as provided in this chapter.

68-10-413. PROPERTY NOT PRODUCTIVE OF INCOME. (a) If a marital 
deduction is allowed for all or part of a trust whose assets consist 
substantially of property that does not provide the spouse with suffi-
cient income from or use of the trust assets, and if the amounts that 
the trustee transfers from principal to income under section 68-10-104, 
Idaho Code, and distributes to the spouse from principal pursuant to the 
terms of the trust are insufficient to provide the spouse with the benef-
icial enjoyment required to obtain the marital deduction, the spouse 
may require the trustee to make property productive of income, convert 
property within a reasonable time, or exercise the power conferred by 
section 68-10-104(a), Idaho Code. The trustee may decide which action 
or combination of actions to take.

(b) In cases not governed by subsection (a) of this section, pro-
cceeds from the sale or other disposition of an asset are principal without 
regard to the amount of income the asset produces during any 
accounting period.

68-10-414. DERIVATIVES AND OPTIONS. (a) In this section, 
"derivative" means a contract or financial instrument or a combination 
of contracts and financial instruments which give a trust the right or 
obligation to participate in some or all changes in the price of a tan-
gible or intangible asset or group of assets, or changes in a rate, an 
index of prices or rates, or other market indicator for an asset or a 
group of assets.

(b) To the extent that a trustee does not account under section 
68-10-403, Idaho Code, for transactions in derivatives, the trustee 
shall allocate to principal receipts from and disbursements made in con-
nection with those transactions.

(c) If a trustee grants an option to buy property from the trust, whether or not the trust owns the property when the option is granted, grants an option that permits another person to sell property to the trust, or acquires an option to buy property for the trust or an option to sell an asset owned by the trust, and the trustee or other owner of the asset is required to deliver the asset if the option is exercised, an amount received for granting the option must be allocated to princi-
pal. An amount paid to acquire the option must be paid from principal. A gain or loss realized upon the exercise of an option, including an option granted to a trustor of the trust for services rendered, must be allocated to principal.

68-10-415. ASSET-BACKED SECURITIES. (a) In this section, "asset-backed security" means an asset whose value is based upon the right it gives the owner to receive distributions from the proceeds of financial assets that provide collateral for the security. The term includes an asset that gives the owner the right to receive from the collateral financial assets only the interest or other current return or only the proceeds other than interest or current return. The term does not include an asset to which section 68-10-401 or 68-10-409, Idaho Code, applies.

(b) If a trust receives a payment from interest or other current return and from other proceeds of the collateral financial assets, the trustee shall allocate to income the portion of the payment which the payer identifies as being from interest or other current return and shall allocate the balance of the payment to principal.

(c) If a trust receives one (1) or more payments in exchange for the trust's entire interest in an asset-backed security in one (1) accounting period, the trustee shall allocate the payments to principal. If a payment is one (1) of a series of payments that will result in the liquidation of the trust's interest in the security over more than one (1) accounting period, the trustee shall allocate ten percent (10%) of the payment to income and the balance to principal.

PART 5.
ALLOCATION OF DISBURSEMENTS DURING ADMINISTRATION OF TRUST

68-10-501. DISBURSEMENTS FROM INCOME. A trustee shall make the following disbursements from income to the extent that they are not disbursements to which section 68-10-201(2)(B) or (2)(C), Idaho Code, applies:

1. One-half (1/2) of the regular compensation of the trustee and of any person providing investment advisory or custodial services to the trustee;

2. One-half (1/2) of all expenses for accountings, judicial proceedings, or other matters that involve both the income and remainder interests;

3. All of the other ordinary expenses incurred in connection with the administration, management, or preservation of trust property and the distribution of income, including interest, ordinary repairs, regularly recurring taxes assessed against principal, and expenses of a proceeding or other matter that concerns primarily the income interest; and

4. Recurring premiums on insurance covering the loss of a principal asset or the loss of income from or use of the asset.

68-10-502. DISBURSEMENTS FROM PRINCIPAL. (a) A trustee shall make the following disbursements from principal:

1. The remaining one-half (1/2) of the disbursements described in section 68-10-501(1) and (2), Idaho Code;

2. All of the trustee's compensation calculated on principal as a fee for acceptance, distribution or termination, and disbursements
made to prepare property for sale;
(3) Payments on the principal of a trust debt;
(4) Expenses of a proceeding that concerns primarily principal, including a proceeding to construe the trust or to protect the trust or its property;
(5) Premiums paid on a policy of insurance not described in section 68-10-501(4), Idaho Code, of which the trust is the owner and beneficiary;
(6) Estate, inheritance and other transfer taxes, including penalties, apportioned to the trust; and
(7) Disbursements related to environmental matters, including reclamation, assessing environmental conditions, remedying and removing environmental contamination, monitoring remedial activities and the release of substances, preventing future releases of substances, collecting amounts from persons liable or potentially liable for the costs of those activities, penalties imposed under environmental laws, rules or regulations and other payments made to comply with those laws, rules or regulations, statutory or common law claims by third parties, and defending claims based on environmental matters.

(b) If a principal asset is encumbered with an obligation that requires income from that asset to be paid directly to the creditor, the trustee shall transfer from principal to income an amount equal to the income paid to the creditor in reduction of the principal balance of the obligation.

68-10-503. TRANSFERS FROM INCOME TO PRINCIPAL FOR DEPRECIATION. (a) In this section, "depreciation" means a reduction in value due to wear, tear, decay, corrosion or gradual obsolescence of a fixed asset having a useful life of more than one (1) year.

(b) A trustee may transfer to principal a reasonable amount of the net cash receipts from a principal asset that is subject to depreciation, but may not transfer any amount for depreciation:
(1) Of that portion of real property used or available for use by a beneficiary as a residence or of tangible personal property held or made available for the personal use or enjoyment of a beneficiary;
(2) During the administration of a decedent's estate; or
(3) Under this section if the trustee is accounting under section 68-10-403, Idaho Code, for the business or activity in which the asset is used.

(c) An amount transferred to principal need not be held as a separate fund.

68-10-504. TRANSFERS FROM INCOME TO REIMBURSE PRINCIPAL. (a) If a trustee makes or expects to make a principal disbursement described in this section, the trustee may transfer an appropriate amount from income to principal in one (1) or more accounting periods to reimburse principal or to provide a reserve for future principal disbursements.

(b) Principal disbursements to which subsection (a) of this section applies include the following, but only to the extent that the trustee has not been and does not expect to be reimbursed by a third party:
(1) An amount chargeable to income but paid from principal because it is unusually large, including extraordinary repairs;
(2) A capital improvement to a principal asset, whether in the form of changes to an existing asset or the construction of a new asset,
including special assessments;
(3) Disbursements made to prepare property for rental, including tenant allowances, leasehold improvements and broker's commissions;
(4) Periodic payments on an obligation secured by a principal asset to the extent that the amount transferred from income to principal for depreciation is less than the periodic payments; and
(c) If the asset whose ownership gives rise to the disbursements becomes subject to a successive income interest after an income interest ends, a trustee may continue to transfer amounts from income to principal as provided in subsection (a) of this section.

68-10-505. INCOME TAXES. (a) A tax required to be paid by a trustee based on receipts allocated to income must be paid from income.
(b) A tax required to be paid by a trustee based on receipts allocated to principal must be paid from principal, even if the tax is called an income tax by the taxing authority.
(c) A tax required to be paid by a trustee on the trust's share of an entity's taxable income must be paid proportionately:
(1) From income to the extent that receipts from the entity are allocated to income; and
(2) From principal to the extent that:
   (A) Receipts from the entity are allocated to principal; and
   (B) The trust's share of the entity's taxable income exceeds the total receipts described in paragraphs (1) and (2)(A) of this subsection.
(d) For purposes of this section, receipts allocated to principal or income must be reduced by the amount distributed to a beneficiary from principal or income for which the trust receives a deduction in calculating the tax.

68-10-506. ADJUSTMENTS BETWEEN PRINCIPAL AND INCOME BECAUSE OF TAXES. (a) A fiduciary may make adjustments between principal and income to offset the shifting of economic interests or tax benefits between income beneficiaries and remainder beneficiaries which arise from:
(1) Elections and decisions, other than those described in subsection (b) of this section, that the fiduciary makes from time to time regarding tax matters;
(2) An income tax or any other tax that is imposed upon the fiduciary or a beneficiary as a result of a transaction involving, or a distribution from, the estate or trust; or
(3) The ownership by an estate or trust of an interest in an entity whose taxable income, whether or not distributed, is includable in the taxable income of the estate, trust or beneficiary.
(b) If the amount of an estate tax marital deduction or charitable contribution deduction is reduced because a fiduciary deducts an amount paid from principal for income tax purposes instead of deducting it for estate tax purposes, and as a result estate taxes paid from principal are increased and income taxes paid by an estate, trust or beneficiary are decreased, each estate, trust or beneficiary that benefits from the decrease in income tax shall reimburse the principal from which the increase in estate tax is paid. The total reimbursement must equal the increase in the estate tax to the extent that the principal used to pay the increase would have qualified for a marital deduction or charitable
contribution deduction but for the payment. The proportionate share of the reimbursement for each estate, trust or beneficiary whose income taxes are reduced must be the same as its proportionate share of the total decrease in income tax. An estate or trust shall reimburse principal from income.

CHAPTER 262
(S.B. No. 1031)

AN ACT
RELATING TO THE UNIFORM PROBATE CODE; AMENDING SECTION 15-3-916, IDAHO CODE, TO PROVIDE REFERENCES TO TRUSTS AND OTHER DISPOSITIVE INSTRUMENTS IN THE APPORTIONMENT OF ESTATE TAXES.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 15-3-916, Idaho Code, be, and the same is hereby amended to read as follows:

15-3-916. APPORTIONMENT OF ESTATE TAXES. (a) For purposes of this section:
(1) "Estate" means the gross estate of a decedent as determined for the purpose of federal estate tax;
(2) "Person" means any individual, partnership, association, joint stock company, corporation, government, political subdivision, governmental agency, or local governmental agency;
(3) "Person interested in the estate" means any person entitled to
receive, or who has received, from a decedent or by reason of the
death of a decedent any property or interest therein included in the
decedent's estate. It includes a personal representative, conserva­
tor, and trustee;
(4) "State" means any state, territory, or possession of the United
States, the District of Columbia, and the Commonwealth of Puerto
Rico;
(5) "Tax" means the federal estate tax and the Idaho estate tax and
interest and penalties imposed in addition to the tax;
(6) "Fiduciary" means personal representative or trustee.
(b) Unless the will, trust or other dispositive instrument other­
wise provides, the tax shall be apportioned among all persons interested
in the estate. The apportionment is to be made in the proportion that
the value of the interest of each person interested in the estate bears
to the total value of the interests of all persons interested in the
estate. The values used in determining the tax are to be used for that
purpose. If the decedent's will, trust or other dispositive instrument
directs a method of apportionment of tax different from the method
described in this code, the method described in the will, trust or other
dispositive instrument controls.
(c) (1) The court in which venue lies for the administration of the
estate of a decedent, on petition for the purpose may determine the
apportionment of the tax.
(2) If the court finds that it is inequitable to apportion interest
and penalties in the manner provided in subsection (b) of this sec­
tion, because of special circumstances, it may direct apportionment
thereof in the manner it finds equitable.
(3) If the court finds that the assessment of penalties and inter­
est assessed in relation to the tax is due to delay caused by the
negligence of the fiduciary, the court may charge him with the
amount of the assessed penalties and interest.
(4) In any action to recover from any person interested in the
estate the amount of the tax apportioned to the person in accordance
with this code the determination of the court in respect thereto
shall be prima facie correct.
(d) (1) The personal representative or other person in possession
of the property of the decedent required to pay the tax may withhold
from any property distributable to any person interested in the
estate, upon its distribution to him, the amount of tax attributable
to his interest. If the property in possession of the personal rep­
resentative or other person required to pay the tax and distribut­
able to any person interested in the estate is insufficient to sat­
ify the proportionate amount of the tax determined to be due from
the person, the personal representative or other person required to
pay the tax may recover the deficiency from the person interested in
the estate. If the property is not in the possession of the personal
representative or the other person required to pay the tax, the per­
sonal representative or the other person required to pay the tax may
recover from any person interested in the estate the amount of the
tax apportioned to the person in accordance with this act.
(2) If property held by the personal representative is distributed
prior to final apportionment of the tax, the distributee shall pro­
vide a bond or other security for the apportionment liability in the
form and amount prescribed by the personal representative.
(e) (1) In making an apportionment, allowances shall be made for any exemptions granted, any classification made of persons interested in the estate and for any deductions and credits allowed by the law imposing the tax.

(2) Any exemption or deduction allowed by reason of the relationship of any person to the decedent or by reason of the purposes of the gift inures to the benefit of the person bearing such relationship or receiving the gift; but if an interest is subject to a prior present interest which is not allowable as a deduction, the tax apportionable against the present interest shall be paid from principal.

(3) Any deduction for property previously taxed and any credit for gift taxes or death taxes of a foreign country paid by the decedent or his estate inures to the proportionate benefit of all persons liable to apportionment.

(4) Any credit for inheritance, succession or estate taxes or taxes in the nature thereof applicable to property or interests includable in the estate, inures to the benefit of the persons or interests chargeable with the payment thereof to the extent proportionately that the credit reduces the tax.

(5) To the extent that property passing to or in trust for a surviving spouse or any charitable, public or similar gift or devise is not an allowable deduction for purposes of the tax solely by reason of an inheritance tax or other death tax imposed upon and deductible from the property, the property is not included in the computation provided for in subsection (b) of this section, and to that extent no apportionment is made against the property. The sentence immediately preceding does not apply to any case if the result would be to deprive the estate of a deduction otherwise allowable under section 2053(d) of the Internal Revenue Code of 1954 [U.S.C., tit. 26, sec. 2053(d)], as amended, of the United States, relating to deduction for state death taxes on transfers for public, charitable, or religious uses.

(f) No interest in income and no estate for years or for life or other temporary interest in any property or fund is subject to apportionment as between the temporary interest and the remainder. The tax on the temporary interest and the tax, if any, on the remainder is chargeable against the corpus of the property or funds subject to the temporary interest and remainder.

(g) Neither the personal representative nor other person required to pay the tax is under any duty to institute any action to recover from any person interested in the estate the amount of the tax apportioned to the person until the expiration of the three (3) months next following final determination of the tax. A personal representative or other person required to pay the tax who institutes the action within a reasonable time after the three (3) months' period is not subject to any liability or surcharge because any portion of the tax apportioned to any person interested in the estate was collectable at a time following the death of the decedent but thereafter became uncollectable. If the personal representative or other person required to pay the tax cannot collect from any person interested in the estate the amount of the tax apportioned to the person, the amount not recoverable shall be equitably apportioned among the other persons interested in the estate who are subject to apportionment.
(h) A personal representative acting in another state or a person required to pay the tax domiciled in another state may institute an action in the courts of this state and may recover a proportionate amount of the federal estate tax, of an estate tax payable to another state or of a death duty due by a decedent's estate to another state, from a person interested in the estate who is either domiciled in this state or who owns property in this state subject to attachment or execution. For the purposes of the action the determination of apportionment by the court having jurisdiction of the administration of the decedent's estate in the other state is prima facie correct.

discretion, deems fair to potential bidders which produces the lowest
effective interest rate to the issuer.

hereby declared to exist, this act shall be in full force and effect on
and after its passage and approval.

Any portion of the net operating loss not subtracted in the two (2) preceding years may be subtracted in the next twenty (20) years succeeding the taxable year in which the loss arises in order until exhausted. The sum of the deductions may not exceed the amount of the net operating loss deduction incurred. At the election of the taxpayer, the two (2) year carryback may be foregone and the loss subtracted from income received in taxable years arising in the next twenty (20) years succeeding the taxable year in which the loss arises in order until exhausted. SECTION 6. That Section 63-3029B, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029B. INCOME TAX CREDIT FOR CAPITAL INVESTMENT. (1) At the election of the taxpayer there shall be allowed, subject to the applicable limitations provided herein as a credit against the income tax imposed by chapter 30, title 63, Idaho Code, an amount equal to the sum of:

(a) The tax credit carryovers; and
(b) The tax credit for the taxable year.

(2) The maximum allowable amount of the credit for the current taxable year shall be three percent (3%) of the amount of qualified investments made during the taxable year.

(3) As used in this section "qualified investment" means certain depreciable property which:

(a) Is eligible for the federal investment tax credit, as defined in sections 46(c) and 48 of the Internal Revenue Code subject to the limitations provided for certain regulated companies in section 46(f) of the Internal Revenue Code and is not a motor vehicle under eight thousand (8,000) pounds gross weight;
(b) Is acquired, constructed, reconstructed, erected or placed into service after December 31, 1981; and
(c) Has a situs in Idaho.

(5) If the sum of credit carryovers from the credit allowed by subsection (2) of this section and the amount of credit for the taxable year from the credit allowed by subsection (2) of this section exceed the limitation imposed by subsection (4) of this section for the current taxable year, the excess attributable to the current taxable year's credit shall be an investment credit carryover to the fourteen (14) succeeding taxable years. In the case of a group of corporations filing a combined report under section 63-3027, Idaho Code, or sections 63-3027B through 63-3027E, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group, subject to the provisions of subsection (4) of this section, instead of carried over. The entire amount of unused credit shall be
carried forward to the earliest of the succeeding years, wherein the oldest available unused credit shall be used first, so long as the qualified investment property for which the unused credit was granted still maintains Idaho situs. For a combined group of corporations, credit carried forward may be claimed by any member of the group unless the member who earned the credit is no longer included in the combined group.

(6) Any recapture of the credit allowed by subsection (2) of this section on property disposed of or ceasing to qualify, prior to the close of its useful life, shall be determined according to the applicable recapture provisions of the Internal Revenue Code. In the case of a unitary group of corporations, the increase in tax due to the recapture of investment tax credit must be reported by the member of the group who earned the credit regardless of which member claimed the credit against tax.

(7) For the purpose of determining whether property placed in service is a "qualified investment" as defined in subsection (3) of this section, the provisions of section 49 of the Internal Revenue Code shall be disregarded.

(8) For purposes of this section, property has a situs in Idaho during a taxable year if it is used in Idaho at any time during the taxable year. Property not used in Idaho during a taxable year does not have a situs in Idaho in the taxable year during which the property is not used in Idaho or in any subsequent taxable year. No credit or carryover of credit is permitted under this section if the credit or carryover relates to property that does not have a situs in Idaho during the taxable year for which the credit or carryover is claimed. The Idaho situs of property must be established by records maintained by the taxpayer which are created reasonably contemporaneously with the use of the property.

(9) In the case of property used both in and outside Idaho, the taxpayer, electing to claim the credit provided in this section, must elect to compute the qualified investment in property with a situs in Idaho for all such investments first qualifying during that year in one (1), but only one (1), of the following ways:

(a) The amount of each qualified investment in a specific asset shall be separately computed based on the percentage of the actual use of the property in Idaho by using a measure of the use, such as total miles or total machine hours, that most accurately reflects the beneficial use during the taxable year in which it is first acquired, constructed, reconstructed, erected or placed into service; provided, that the asset is placed in service more than ninety (90) days before the end of the taxable year. In the case of assets acquired, constructed, reconstructed, erected or placed into service within ninety (90) days prior to the end of the taxable year in which the investment first qualifies, the measure of the use of that asset within Idaho for that year shall be based upon the percentage of use in Idaho during the first ninety (90) days of use of the asset;

(b) The investment in qualified property used both inside and outside Idaho during the taxable year in which it is first acquired, constructed, reconstructed, erected or placed into service shall be multiplied by the percent of the investment that would be included in the numerator of the Idaho property factor determined pursuant to section 63-3027, Idaho Code, for the same year.
(10) Only for the purposes of subsections (3)(a) and (7) of this section, references to sections of the "Internal Revenue Code" mean the sections referred to as they existed in the Internal Revenue Code of 1986 prior to November 5, 1990.

SECTION 7. That Section 63-3029F, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029F. SPECIAL CREDIT AVAILABLE -- NEW EMPLOYEES. (1) Any taxpayer shall be allowed a credit, in an amount determined under subsection (2) of this section, against the tax imposed by this chapter, other than the tax imposed by section 63-3082, Idaho Code, for any taxable year during which the taxpayer's employment of new employees, as defined under section 63-3029E(1), Idaho Code, increases above the taxpayer's average employment for either: (a) the prior taxable year, or (b) the average of three (3) prior taxable years, whichever is higher. No credit shall be allowed under this section unless the number of new employees equals or exceeds one (1) person.

(2) The credit authorized in subsection (1) of this section shall be five hundred dollars ($500) per new employee, but the total credit allowed shall not exceed three and one-quarter percent (3.25%) of net income from the taxpayer's corporate, proprietorship, partnership, small business corporation or limited liability company revenue-producing enterprise in which the employment occurred. Additionally, the total amount of this and all other credits allowed under this chapter except for the credits allowed under sections 63-3024A, 63-3025B, and 63-3029, Idaho Code, taken during any taxable year shall not exceed forty-five percent (45%) of the tax otherwise imposed on liability of the taxpayer for the taxable year for which such credit is allowed. The tax liability of the taxpayer shall be the tax after deducting the credit allowed by section 63-3029, Idaho Code.

The entire amount of unused credit shall be carried forward to the earliest of the succeeding years, wherein the oldest available unused credit shall be used first, so long as the employment level for which the credit was granted is still maintained.

Each political ticket shall be separated from the others by a perforated line that will enable the elector to detach the ticket of the political party voted from those remaining. All candidates who have filed their declarations of candidacy and are subsequently certified shall be listed under the proper office titles on their political party ticket. The secretary of state shall design the primary election ballot to allow for write-in candidates under each office title.

It is not necessary to print a primary ballot for a political party which does not have candidates for more than half of the federal or statewide offices on the ballot if no more than one (1) candidate files for nomination by that party for any of the offices on the ballot. The secretary of state shall certify that no primary election is necessary for that party if such is the case and shall certify to the county clerk the names of candidates for that party for the general election ballot only.

18-601. INTERPRETATION OF STATE STATUTES AND THE STATE CONSTITUTION. The supreme court of the United States having held in the case of "Planned Parenthood v. Casey" that the states have a "profound interest" in preserving the life of preborn children, Idaho hereby expresses the fundamental importance of that "profound interest" and it is hereby declared to be the public policy of this state that all state statutes, rules and constitutional provisions shall be interpreted to prefer, by all legal means, live childbirth over abortion.

LEGISLATIVE FINDINGS AND INTENT. (1) The legislature finds:
(a) That children have a special place in society that the law should reflect;
(b) That minors too often lack maturity and make choices that do not include consideration of both immediate and long-term consequences;
(c) That the medical, emotional and psychological consequences of abortion and childbirth are serious and can be lasting, particularly when the patient is immature;
(d) That the capacity to become pregnant and the capacity for mature judgment concerning the wisdom of bearing a child or of having an abortion are not necessarily related;
(e) That parents, when aware that their daughter is pregnant or has had an abortion are in the best position to ensure that she receives adequate medical attention during her pregnancy or after her abortion;
(f) That except in rare cases, parents possess knowledge regarding their child which is essential for a physician to exercise the best medical judgment for that child;
(g) That when a minor is faced with the difficulties of an unplanned pregnancy, the best interests of the minor are always served when there is careful consideration of the rights of parents in rearing their child and the unique counsel and nurturing environment that parents can provide;
(h) That informed consent is always necessary for making mature health care decisions.
(2) It is the intent of the legislature in enacting section 18-609A, Idaho Code, to further the following important and compelling state interests recognized by the United States supreme court in:
(a) Protecting minors against their own immaturity;
(b) Preserving the integrity of the family unit;
(c) Defending the authority of parents to direct the rearing of children who are members of their household;
(d) Providing a pregnant minor with the advice and support of a parent during a decisional period;
(e) Providing for proper medical treatment and aftercare when the life or physical health of the pregnant minor is at serious risk in the rare instance of a sudden and unexpected medical emergency.

SECTION 3. That Section 56-209c, Idaho Code, be, and the same is hereby amended to read as follows:

56-209c. DENIAL OF PAYMENT FOR ABORTIONS UNDER CERTAIN CONDITIONS. CHAPTER 277
(H.B. No. 340)

AN ACT RELATING TO ABORTIONS; AMENDING SECTION 18-605, IDAHO CODE, TO REVISE PENALTIES RELATING TO UNLAWFUL ABORTIONS AND TO MAKE TECHNICAL CORRECTIONS; AMENDING SECTION 18-609A, IDAHO CODE, TO PROVIDE THAT A PETITION MAY BE FILED IN THE COUNTY WHERE THE MINOR RESIDES OR THE COUNTY WHERE THE ABORTION IS CAUSED OR PERFORMED, TO PROVIDE FOR INITIATION OF AN INVESTIGATION OR FILING OF AN INFORMATION, COMPLAINT OR PETITION AGAINST A PERSON OTHER THAN THE PETITIONER BASED UPON CERTAIN ALLEGATIONS OF WHICH THE COURT IS MADE AWARE DURING A PETITION HEARING AND TO PROVIDE THAT IF A MINOR WOULD HAVE BEEN PRIVILEGED TO WITHHOLD INFORMATION OR EVIDENCE THAT WAS REQUIRED AS PROOF UNDER SECTION 18-609A, IDAHO CODE, THEN HER ANSWERS GIVEN, EVIDENCE PRODUCED AND INFORMATION DIRECTLY OR INDIRECTLY DERIVED FROM HER ANSWERS MAY NOT BE USED AGAINST HER IN A CRIMINAL CASE EXCEPT THAT SHE MAY BE PROSECUTED OR SUBJECTED TO PENALTY OR FORFEITURE FOR ANY PERJURY, FALSE SWEARING OR CONTEMPT COMMITTED IN ANSWERING, FAILING TO ANSWER OR PRODUCING OR FAILING TO PRODUCE EVIDENCE AS REQUIRED BY THE COURT; REPEALING SECTION 18-614, IDAHO CODE; AND AMENDING CHAPTER 6, TITLE 18, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 18-614, IDAHO CODE, TO PROVIDE FOR DEFENSES TO PROSECUTION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 18-605, Idaho Code, be, and the same is hereby amended to read as follows:

18-605. UNLAWFUL ABORTIONS -- PROCUREMENT OF -- PENALTY. (1) Every person not licensed or certified to provide health care in Idaho who, except as permitted by this act chapter, provides, supplies or administers any medicine, drug or substance to any woman or uses or employs any instrument or other means whatever upon any then-pregnant woman with intent thereby to produce cause or perform an abortion shall be guilty of a felony and shall be fined not to exceed five thousand dollars ($5,000) and/or imprisoned in the state prison for not less than two (2) and not more than five (5) years.

(2) Any person licensed or certified to provide health care pursuant to title 54, Idaho Code, and who, except as permitted by the provisions of this chapter, provides, supplies or administers any medicine,
drug or substance to any woman or uses or employs any instrument or
other means whatever upon any then-pregnant woman with intent to cause
or perform an abortion shall:

(a) For the first violation, be subject to professional discipline
and be assessed a civil penalty of not less than one thousand dol-
lars ($1,000), payable to the board granting such person’s license
or certification;

(b) For the second violation, have their license or certification
to practice suspended for a period of not less than six (6) months
and be assessed a civil penalty of not less than two thousand five
hundred dollars ($2,500), payable to the board granting such
person’s license or certification; and

(c) For each subsequent violation, have their license or certification
to practice revoked and be assessed a civil penalty of not less
than five thousand dollars ($5,000), payable to the board granting
such person’s license or certification.

(3) Any person who is licensed or certified to provide health care
pursuant to title 54, Idaho Code, and who knowingly violates the provi-
sions of this chapter is guilty of a felony punishable as set forth in
subsection (1) of this section, separate from and in addition to the
administrative penalties set forth in subsection (2) of this section.

SECTION 2. That Section 18-609A, Idaho Code, be, and the same is
hereby amended to read as follows:

18-609A. CONSENT REQUIRED FOR ABORTIONS FOR MINORS.
(1) (a) No person shall knowingly cause or perform an abortion
upon a minor unless:

(i) The attending physician has secured the written informed
consent of the minor and the written informed consent of the
minor’s parent; or

(ii) The minor is emancipated and the attending physician has
received written proof of emancipation and the minor’s written
informed consent; or

(iii) The minor has been granted the right of self-consent to
the abortion by court order pursuant to paragraph (b) of this
subsection and the attending physician has received the minor’s
written informed consent; or

(iv) A court has found that the causing or performing of the
abortion, despite the absence of informed consent of a parent,
is in the best interests of the minor and the court has issued
an order, pursuant to paragraph (b)(iv)2. of this subsection,
granting permission for the causing or performing of the abor-
tion, and the minor is having the abortion willingly, pursuant
to paragraph (f) of this subsection; or

(v) A medical emergency exists for the minor so urgent that
there is insufficient time for the physician to obtain the
informed consent of a parent or a court order and the attending
physician certifies such in the pregnant minor’s medical
records. In so certifying, the attending physician must include
the factual circumstances supporting his professional judgment
that a medical emergency existed and the grounds for the deter-
mination that there was insufficient time to obtain the
informed consent of a parent or a court order. Immediately
after an abortion pursuant to this paragraph, the physician shall, with due diligence, attempt to provide a parent of an unemancipated minor actual notification of the medical emergency. If the parent cannot be immediately contacted for such actual notification, the physician shall, with due diligence, attempt to provide actual notification to a parent for an eight (8) hour period following the causing or performing of the abortion and shall, until a parent receives such notification, ensure that the minor's postabortion medical needs are met. Notwithstanding the above, a physician shall, within twenty-four (24) hours of causing or performing an abortion pursuant to this paragraph, provide actual notification of the medical emergency by:

1. Conferring with a parent or agent designated by the parent, and providing any additional information needed for the minor's proper care, and, as soon as practicable thereafter, securing the parent's written acknowledgement of receipt of such notification and information; or
2. Providing such actual notification in written form, addressed to the parent at the usual place of abode of the parent and delivered personally to the parent by the physician or an agent with written acknowledgement of such receipt by the parent returned to the physician; or
3. Providing such actual notification in written form and mailing it by certified mail, addressed to the parent at the usual place of abode of the parent with return receipt requested and restricted delivery to the addressee so that a postal employee can only deliver the notice to the authorized addressee.

For the purposes of this section, "actual notification" includes, but is not limited to, a statement that an abortion was caused or performed, a description of the factual circumstances supporting the physician's judgment that the medical emergency existed and a statement of the grounds for the determination that there was insufficient time to obtain the informed consent of a parent or a court order.

If the physician causing or performing such abortion reasonably believes that the minor is homeless or abandoned so that the parents cannot be readily found or that the minor has suffered abuse or neglect such that the minor's physical safety would be jeopardized if a parent were notified that the abortion was caused or performed, the physician shall, in lieu of notifying a parent as required above, make a report to a law enforcement agency pursuant to section 16-1619, Idaho Code, and a petition shall be filed pursuant to section 16-1605, Idaho Code, which petition shall include a reference to this code section. Upon adjudication that the minor comes within the purview of chapter 16, title 16, Idaho Code, either on the basis of homelessness or abandonment such that no parent can be found, or on the basis of abuse or neglect such that the minor's physical safety would be in jeopardy if a parent were notified that the abortion was performed, the court shall, as a part of the decree, also order that the physician's duty to so notify a parent is relieved. In any other event, unless the
court enters a finding that the best interests of the child require withholding notice to a parent, the court shall order that a parent receive actual notification of the medical emergency and the causing or performing of the abortion.  

(b) A proceeding for the right of a minor to self-consent to an abortion pursuant to paragraph (a)(iii) of this subsection or for a court order pursuant to paragraph (a)(iv) of this subsection, may be adjudicated by a court as follows:

(i) The petition shall be filed in the judicial district county where the minor resides or the county where the abortion is caused or performed. A minor shall have the legal capacity to make and prosecute a petition and appeal as set out herein. A guardian ad litem may assist the minor in preparing her petition and other documents filed pursuant to this section and may seek appointment as set forth below. A guardian ad litem, whether prospective or appointed, must be an attorney properly licensed in this state. The court shall ensure that the minor is given assistance in filing the petition if the minor so desires a guardian ad litem but no qualified guardian ad litem is available.

(ii) The petition shall set forth:
1. The initials of the minor;
2. The age of the minor;
3. The name and address of each parent, guardian, or, if the minor's parents are deceased or the minor is abandoned and no guardian has been appointed, the name and address of any other person standing in loco parentis of the minor;
4. That the minor has been fully informed of the risks and consequences of the abortion procedure to be performed;
5. A claim that the minor is mature, of sound mind and has sufficient intellectual capacity to consent to the abortion for herself;
6. A claim that, if the court does not grant the minor the right to self-consent to the abortion, the court should find that causing or performing the abortion, despite the absence of the consent of a parent, is in the best interest of the minor and give judicial consent to the abortion; and
7. If so desired by the minor, a request that the court appoint a guardian ad litem, or, alternatively, if no guardian ad litem is requested, that the court should consider whether appointment of a guardian ad litem for the minor is appropriate.

The petition shall be signed by the minor and, if she has received assistance from a prospective guardian ad litem in preparing the petition, by the guardian ad litem.

(iii) A hearing on the merits of the petition shall be held as soon as practicable but in no event later than five (5) days from the filing of the petition. The petition shall be heard by a district judge on the record in a closed session of the court. The court shall appoint a qualified guardian ad litem for the minor if one is requested in the petition. If no quali-
fied guardian ad litem is available, the court may appoint some other person to act in the capacity of a guardian ad litem, who shall act to fulfill the purposes of this section and protect the confidentiality and other rights of the minor.

At the hearing, the court shall, after establishing the identity of the minor, hear evidence relating to the emotional development, maturity, intellect and understanding of the minor; the nature of the abortion procedure to be performed and the reasonably foreseeable complications and risks to the minor from such procedure, including those related to future childbearing; the available alternatives to the abortion; the relationship between the minor and her parents; and any other evidence that the court may find relevant in determining whether the minor should be granted the right to self-consent to the abortion or whether the court's consent to causing or performing the abortion, despite the absence of consent of a parent, is in the best interests of the minor.

(iv) The order shall be entered as soon as practicable, but in no event later than five (5) days after the conclusion of the hearing. If, by clear and convincing evidence, the court finds the allegations of the petition to be true and sufficient to establish good cause, the court shall:

1. Find the minor sufficiently mature to decide whether to have the abortion and grant the petition and give the minor the right of self-consent to the abortion, setting forth the grounds for so finding; or
2. Find the performance of the abortion, despite the absence of the consent of a parent, is in the best interests of the minor and give judicial consent to the abortion, setting forth the grounds for so finding.

If the court does not find the allegations of the petition to be true or if good cause does not appear from the evidence heard, the court shall deny the petition, setting forth the grounds on which the petition is denied.

If, in hearing the petition, the court becomes aware of allegations which, if true, would constitute a violation of any section of title 18, Idaho Code, by a person other than the petitioner, or would bring a child within the purview of chapter 16, title 16, Idaho Code, the court shall order, upon entry of final judgment in the proceeding under this subsection, that an appropriate investigation be initiated or an appropriate information, complaint or petition be filed. Such allegations shall be forwarded by the court with due consideration for the confidentiality of the proceedings under this section. If, but for the requirements for proof as set forth in this section, the minor would have been privileged to withhold information given or evidence produced by her, the answers given or evidence produced and any information directly or indirectly derived from her answers may not be used against the minor in any manner in a criminal case, except that she may nevertheless be prosecuted or subjected to penalty or forfeiture for any perjury, false swearing or contempt committed in answering or failing to answer, or in producing or failing to produce, evidence as required by the court.
(c) A notice of appeal from an order issued under the provisions of this subsection shall be filed within two (2) days from the date of issuance of the order. The record on appeal shall be completed and the appeal shall be perfected as soon as practicable, but in no event later than five (5) days from the filing of notice of appeal. Because time may be of the essence regarding the performance of the abortion, appeals pursuant to this subsection shall receive expedited appellate review.

(d) Except for the time for filing a notice of appeal, a court may enlarge the times set forth pursuant to this subsection upon request of the minor or upon other good cause appearing, with due consideration for the expedited nature of these proceedings.

(e) No filing, appeal or other fees shall be charged for cases or appeals brought pursuant to this section.

(f) If a minor desires an abortion, then she shall be orally informed of, and, if possible, sign the written consent required by this act, in the same manner as an adult person. No abortion shall be caused or performed on any minor against her will, except that an abortion may be performed against the will of a minor pursuant to court order if the abortion is necessary to preserve the life of the minor.

(g) All records contained in court files of judicial proceedings arising under the provisions of this subsection, and subsection (3) of this section, shall be confidential and exempt from disclosure pursuant to section 9-340G, Idaho Code. Dockets and other court records shall be maintained and court proceedings undertaken so that the names of the parties to actions brought pursuant to this section will not be disclosed to the public.

(2) The administrative director of the courts shall compile statistics for each county for each calendar year, accessible to the public, including:

(a) The total number of petitions filed pursuant to paragraph (b) of subsection (1) of this section; and
(b) The number of such petitions filed where a guardian ad litem was requested and the number where a guardian ad litem or other person acting in such capacity was appointed; and
(c) The number of such petitions for which the right to self-consent was granted; and
(d) The number of such petitions for which the court granted its informed consent; and
(e) The number of such petitions which were denied; and
(f) For categories described in paragraphs (c), (d) and (e) of this subsection, the number of appeals taken from the court's order in each category; and
(g) For each of the categories set out in paragraph (f) of this subsection, the number of cases for which the district court's order was affirmed and the number of cases for which the district court's order was reversed.

(3) In addition to any other cause of action arising from statute or otherwise, any person injured by the causing or performing of an abortion on a minor in violation of any of the requirements of paragraph (a) of subsection (1) of this section, shall have a private right of action to recover all damages sustained as a result of such violation, including reasonable attorney's fees if judgment is rendered in favor of
the plaintiff.

(4) Statistical records.
(a) The vital statistics unit of the department of health and welfare shall, in addition to other information required pursuant to section 39-261, Idaho Code, require the complete and accurate reporting of information relevant to each abortion performed upon a minor which shall include, at a minimum, the following:
   (i) Whether the abortion was performed following the physician's receipt of:
      1. The written informed consent of a parent and the minor; or
      2. The written informed consent of an emancipated minor for herself; or
      3. The written informed consent of a minor for herself pursuant to a court order granting the minor the right to self-consent; or
      4. The written informed consent of a court pursuant to an order which includes a finding that the performance of the abortion, despite the absence of the consent of a parent, is in the best interests of the minor; or
      5. The professional judgment of the attending physician that the performance of the abortion was immediately necessary due to a medical emergency and there was insufficient time to obtain consent from a parent or a court order.
   (ii) If the abortion was performed due to a medical emergency and without consent from a parent or court order, the diagnosis upon which the attending physician determined that the abortion was immediately necessary due to a medical emergency.
(b) The knowing failure of the attending physician to perform any one (1) or more of the acts required under this subsection is grounds for discipline pursuant to section 54-1814(6), Idaho Code, and shall subject the physician to assessment of a civil penalty of one hundred dollars ($100) for each month or portion thereof that each such failure continues, payable to the center for vital statistics and health policy, but such failure shall not constitute a criminal act.
(5) As used in this section:
(a) "Cause or perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage upon a minor known to be pregnant.
(b) "Emancipated" means any minor who has been married or is in active military service.
(c) (i) "Medical emergency" means a sudden and unexpected physical condition which, in the reasonable medical judgment of any ordinarily prudent physician acting under the circumstances and conditions then existing, is abnormal and so complicates the medical condition of the pregnant minor as to necessitate the immediate causing or performing of an abortion:
   1. To prevent her death; or
   2. Because a delay in causing or performing an abortion will create serious risk of immediate, substantial and irreversible impairment of a major physical bodily function of the patient.
(ii) The term "medical emergency" does not include:
1. Any physical condition that would be expected to occur in normal pregnancies of women of similar age, physical condition and gestation; or
2. Any condition that is predominantly psychological or psychiatric in nature.

(d) "Minor" means a woman less than eighteen (18) years of age.
(e) "Parent" means one (1) parent of the unemancipated minor, or a guardian appointed pursuant to chapter 5, title 15, Idaho Code, if the minor has one.

SECTION 3. That Section 18-614, Idaho Code, be, and the same is hereby repealed.

SECTION 4. That Chapter 6, Title 18, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 18-614, Idaho Code, and to read as follows:

18-614. DEFENSES TO PROSECUTION. (1) No physician shall be subject to criminal or administrative liability for causing or performing an abortion upon a minor in violation of any provision of subsection (1) of section 18-609A, Idaho Code, if prior to causing or performing the abortion the physician obtains either positive identification or other documentary evidence from which a reasonable person would have concluded that the woman seeking the abortion was either an emancipated minor or was not then a minor and if the physician retained, at the time of receiving the evidence, a legible photocopy of such evidence in the physician's office file for the woman. This defense is an affirmative defense that shall be raised by the defendant and is not an element of any crime or administrative violation that must be proved by the state.

(2) If, due to a medical emergency as defined in subsection (5) of section 18-609A, Idaho Code, there was insufficient time for the physician to confirm that the woman, due to her age, did not then come within the provisions of subsection (1) of section 18-609A, Idaho Code, the physician shall not be subject to criminal or administrative liability for performing the abortion in violation of subsection (1)(a)(v) of section 18-609A, Idaho Code, if, as soon as possible but in no event longer than twenty-four (24) hours after performing the abortion, the physician obtained positive identification or other documentary evidence from which a reasonable person would have concluded that the woman seeking the abortion was either an emancipated minor or was not then a minor and if the physician retained, at the time of receiving the evidence, a legible photocopy of such evidence in the physician's office file for the woman. This defense is an affirmative defense that shall be raised by the defendant and is not an element of any crime or administrative violation that must be proved by the state.

(3) If after performing an abortion under circumstances of a medical emergency as defined in subsection (5) of section 18-609A, Idaho Code, the physician, after reasonable inquiry, is unable to determine whether or not the woman is a minor, the physician shall not be subject to criminal, civil or administrative liability for taking any action that would have been required by subsection (1)(a)(v) of section 18-609A, Idaho Code, if the woman had been a minor at the time the abortion was caused or performed.
(4) For purposes of this section, "positive identification" means a lawfully issued state, district, territorial, possession, provincial, national or other equivalent government driver's license, identification card or military card, bearing the person's photograph and date of birth, the person's valid passport or a certified copy of the person's birth certificate.

A vehicle that has once been registered for any of the above designated periods shall, upon reregistration, be registered for the period bearing the same number, and the registration card shall show and be the exclusive proof of the expiration date of registration and licensing. Vehicles may be initially registered for less than a twelve (12) month period, or for more than a twelve (12) month period, and the fee prorated on a monthly basis if the fractional registration tends to fulfill the purpose of the monthly series registration system.

AN ACT
RELATING TO RETIREMENT BENEFITS; AMENDING SECTION 11-604A, IDAHO CODE, TO FURTHER DEFINE "EMPLOYEE BENEFIT PLAN" AND TO FURTHER GOVERN COMMUNITY PROPERTY INTEREST IN AN INDIVIDUAL RETIREMENT ACCOUNT AND TO MAKE TECHNICAL CORRECTIONS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 11-604A, Idaho Code, be, and the same is hereby amended to read as follows:

11-604A. PENSION MONEY EXEMPT. (1) It is the policy of the state of Idaho to ensure the well-being of its citizens by protecting retirement income to which they are or may become entitled. For that purpose generally and pursuant to the authority granted to the state of Idaho under 11 U.S.C. section 522(b)(2), the exemptions in this section relating to retirement benefits are provided.

(2) Unless otherwise provided by federal law, any money received by any citizen of the state of Idaho as a pension from the government of the United States, whether the money be in the actual possession of a citizen or be deposited or loaned, shall be exempt from execution, attachment, garnishment, seizure, or other levy by or under any legal process whatever. When a debtor dies, or absconds, and leaves his family any money exempted by this subsection, the money shall be exempt to the family as provided in this subsection. This subsection shall not apply to any child support collection actions, if otherwise permitted by federal law.

(3) The right of a person to a pension, annuity, or retirement allowance or disability allowance, or death benefits, or any optional benefit, or any other right accrued or accruing to any citizen of the state of Idaho under any employee benefit plan, and any fund created by the benefit plan or arrangement, shall be exempt from execution, attachment, garnishment, seizure, or other levy by or under any legal process whatever. This subsection shall not apply to any child support collection actions, if otherwise permitted by federal law. This subsection shall permit benefits under any such plan or arrangement to be payable to a spouse, former spouse, child, or other dependent of a participant in the plan to the extent expressly provided for in a qualified domestic relations order that meets the requirements for those orders under the plan, or, in the case of benefits payable under a plan described in sections 403(b), 408 or 408A of the Internal Revenue Code of 1986, as amended, or section 409 of the Internal Revenue Code as in effect before January 1, 1984, to the extent provided in any order issued by a court of competent jurisdiction that provides for maintenance or support. This subsection shall not prohibit actions against an employee benefit plan or fund for valid obligations incurred by the plan or fund for the benefit of the plan or fund.

(4) For the purposes of this section, the term "employee benefit plan" means:

(a) Assets held, payments made, and amounts payable under a stock
bonus, pension, profit-sharing, annuity, or similar plan or contract, providing benefits by reason of age, illness, disability, or length of service;

(b) Any plan or arrangement, whether funded by a trust, an annuity contract, an insurance contract, or an individual account, that is described in sections 401(a), 403(a), 403(b), 408 or 408A of the Internal Revenue Code of 1986, as amended, or section 409 of the Internal Revenue Code as in effect before January 1, 1984. The term "employee benefit plan" also means any rights accruing on account of money paid currently or in advance pursuant to a college savings program described in chapter 54, title 33, Idaho Code. The term "employee benefit plan" shall not include any employee benefit plan that is established or maintained for its employees by the government of the United States, by the state of Idaho or any political subdivision of the state, or by any agent or instrumentality of any of the foregoing.

(5) An employee benefit plan shall be deemed to be a spendthrift trust, regardless of the source of funds, the relationship between the beneficiary and the trustee or custodian of the plan, or the ability of the debtor to withdraw, borrow or otherwise become entitled to benefits from the plan before retirement. This subsection shall permit benefits under any such plan or arrangement to be payable to a spouse, former spouse, child, or other dependent of a participant in the plan to the extent expressly provided for in a qualified domestic relations order that meets the requirements for those orders under the plan, or, in the case of benefits payable under a plan described in sections 403(b), 408 or 408A of the Internal Revenue Code of 1986, as amended, or section 409 of the Internal Revenue Code as in effect before 1984, to the extent provided in any order issued by a court of competent jurisdiction that provides home maintenance or support.

(6) Unless contrary to applicable federal law, nothing contained in subsection (3), (4) or (5) of this section shall be construed as a termination or limitation of a spouse's community property interest in an individual retirement account held in the name of, or on account of, the other spouse, the "account holder spouse". At the death of the non-account holder spouse, the account holder spouse may transfer or distribute the community property interest of the non-account holder spouse in the account holder spouse's individual retirement account to the non-account holder spouse's estate, testamentary trust, inter vivos trust, or other successor or successors pursuant to the last will of the non-account holder spouse, or the law of intestate succession if applicable, and that distributee may, but shall not be required to, obtain an order from a court of competent jurisdiction, including a nonjudicial dispute resolution agreement, or other order, entered to confirm the distribution. For purposes of subsection (3) of this section, the distributee of the non-account holder spouse's community property interest in an individual retirement account shall be considered a person entitled to the full protection of subsection (3) of this section. The non-account holder spouse's consent to a beneficiary designation by the account holder spouse with respect to an individual retirement account shall not, absent clear and convincing evidence to the contrary, be deemed a release, gift, relinquishment, termination, limitation or transfer of the non-account holder spouse's community property interest in an individual retirement account. For purposes of this subsection, the term
"non-account holder spouse" means the spouse of the person in whose name the individual retirement account is maintained. The term "individual retirement account" includes an individual retirement account and an individual retirement annuity both as described in section 408 of the Internal Revenue Code of 1986, as amended, a Roth individual retirement account as described in section 408A of the Internal Revenue Code of 1986, as amended, and an individual retirement bond as described in section 409 of the Internal Revenue Code as in effect before January 1, 1984.

SECTION 1. That Section 9-340B, Idaho Code, be, and the same is
hereby amended to read as follows:

9-340B. RECORDS EXEMPT FROM DISCLOSURE -- LAW ENFORCEMENT RECORDS,
INVESTIGATORY RECORDS OF AGENCIES, WORKER'S COMPENSATION. The following
records are exempt from disclosure:

(1) Investigatory records of a law enforcement agency, as defined
in section 9-337(6), Idaho Code, under the conditions set forth in sec-
tion 9-335, Idaho Code.

(2) Juvenile records of a person maintained pursuant to chapter 5,
title 20, Idaho Code, except that facts contained in such records shall
be furnished upon request in a manner determined by the court to persons
and governmental and private agencies and institutions conducting perti-
nent research studies or having a legitimate interest in the protection,
welfare and treatment of the juvenile who is thirteen (13) years of age
or younger. If the juvenile is petitioned or charged with an offense
which would be a criminal offense if committed by an adult, the name,
offense of which the juvenile was petitioned or charged and disposition
of the court shall be subject to disclosure as provided in section
20-525, Idaho Code. Additionally, facts contained in any records of a
juvenile maintained under chapter 5, title 20, Idaho Code, shall be fur-
nished upon request to any school district where the juvenile is
enrolled or is seeking enrollment.

(3) (a) Until July 1, 2001, records of the department of correction
to the extent that disclosure thereof would interfere with the
secure and orderly conduct of their operations, or the rehabilita-
tion of any person in the custody of the department of correction,
or would substantially prejudice or prevent the carrying out of the
functions of the department of correction if the public interest in
confidentiality clearly outweighs the public interest in disclosure.
Records exempt from disclosure shall include, but not be limited to,
those containing the names and addresses of witnesses or victims or
those containing information identifying victims or witnesses.

(b) Operation and security manuals, plans or codes of county jails
and buildings owned or leased by Idaho state government, a county or
a city. "Operation manuals" are those internal documents of any
state government agency, county or city building or jail that define
the procedures utilized to maintain security within the building or
jail. "Plans or codes" relate only to those documents, the release
of which could jeopardize the safety of workers in those buildings, or adversely affect the public safety.

(c) Records of the commission of pardons and parole shall be exempt from public disclosure pursuant to section 20-213A, Idaho Code, and section 20-223, Idaho Code. Records exempt from disclosure shall also include those containing the names, addresses and written statements of victims.

(4) Voting records of the sexual offender classification board. In accordance with section 18-8315, Idaho Code, the written record of the vote to classify an offender as a violent sexual predator by each board member in each case reviewed by that board member shall be exempt from disclosure to the public and shall be made available upon request only to the governor, the chairman of the senate judiciary and rules committee, and the chairman of the house of representatives judiciary, rules and administration committee, for all lawful purposes.

(5) Records of the sheriff or Idaho state police received or maintained pursuant to section 18-3302, Idaho Code, relating to an applicant or licensee.

(7) Records including, but not limited to, investigative reports, resulting from investigations conducted into complaints of discrimination made to the Idaho human rights commission unless the public interest in allowing inspection and copying of such records outweighs the legitimate public or private interest in maintaining confidentiality of such records. A person may inspect and copy documents from an investigative file to which he or she is a named party if such documents are not otherwise prohibited from disclosure by federal law or regulation or state law. The confidentiality of this subsection will no longer apply to any record used in any judicial proceeding brought by a named party to the complaint or investigation, or by the Idaho human rights commission, relating to the complaint of discrimination.

(8) Records containing information obtained by the manager of the Idaho state insurance fund pursuant to chapter 9, title 72, Idaho Code, from or on behalf of employers or employees contained in underwriting and claims for benefits files.

(a) To the parties in any worker's compensation claim and to the industrial special indemnity fund of the state of Idaho; or

(b) To employers and prospective employers subject to the provisions of the Americans with disabilities act, 42 U.S.C. 12112, or other statutory limitations, who certify that the information is being requested with respect to a worker to whom the employer has extended an offer of employment and will be used in accordance with the provisions of the Americans with disabilities act, 42 U.S.C. 12112, or other statutory limitations; or

(c) To employers and prospective employers not subject to the provisions of the Americans with disabilities act, 42 U.S.C. 12112, or other statutory limitations, provided the employer presents a written authorization from the person to whom the records pertain; or

(12) Records furnished or obtained pursuant to section 41-1019, Idaho Code, regarding termination of an appointment, employment, contract or other insurance business relationship between an insurer and a producer.

SECTION 2. That Chapter 10, Title 41, Idaho Code, be, and the same is hereby repealed.

SECTION 3. That Title 41, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 10, Title 41, Idaho Code, and to read as follows:

CHAPTER 10
PRODUCER LICENSING

41-1001. PURPOSE AND SCOPE. (1) This chapter governs the qualifications and procedures for the licensing of insurance producers. It simplifies and organizes statutory language to improve efficiency, permits the use of new technology and reduces costs associated with issuing and renewing insurance licenses.

(2) This chapter applies to adjusters to the extent provided in section 41-1108, Idaho Code, and to surplus lines brokers to the extent provided in sections 41-1223 and 41-1224, Idaho Code. Except where expressly made applicable, this chapter does not apply to title insurance under chapter 27, title 41, Idaho Code.

41-1002. TERMS CONSTRUED. Wherever the terms "agent" or "broker" appear in title 41, Idaho Code, or in the rules of the department, they shall be understood and construed to mean "producer" as defined in section 41-1003(9), Idaho Code, except as used in section 41-1018, Idaho Code, and any other sections where it is apparent from the language that the terms should not be so construed.

41-1003. DEFINITIONS. (1) "Business entity" means a corporation, association, partnership, limited liability company, limited liability partnership or other legal entity.

(2) "Home state" means the District of Columbia and any state or territory of the United States or any province of Canada in which an insurance producer maintains his or her principal place of residence or principal place of business and is licensed to act as an insurance producer.

(3) "License" means a document issued by the director authorizing a person to act as an insurance producer for the lines of authority speci-
fied in the document. The license itself does not create any authority, actual, apparent or inherent, in the holder to represent or commit an insurance carrier.

(4) "Limited lines insurance" is insurance which restricts the authority of the license to less than the total authority prescribed in the associated major lines pursuant to section 41-1008(1)(a) through (g), Idaho Code, and shall include, but not be limited to: credit life, credit disability, credit property, credit unemployment, involuntary unemployment, mortgage life, mortgage guaranty, mortgage disability, guaranteed automobile protection (GAP) insurance, transportation baggage insurance, transportation ticket policies covering personal accident insurance, pet insurance, or any other line of insurance that the director deems necessary to recognize for the purposes of complying with section 41-1009(5), Idaho Code.

(5) "Limited lines producer" means a producer authorized by the director to sell, solicit or negotiate limited lines insurance.

(6) "Negotiate" means the act of conferring directly with or offering advice directly to a purchaser or prospective purchaser of a particular contract of insurance concerning any of the substantive benefits, terms or conditions of the contract, provided that the person engaged in the act either sells insurance or obtains insurance from insurers for purchasers.

(7) "Person" means an individual or a business entity.

(8) "Producer" means a person required to be licensed under the laws of this state to sell, solicit or negotiate insurance.

(9) "Resident" means a person whose home state is Idaho or any other particular state identified in conjunction with the use of the term.

(10) "Sell" means to exchange a contract of insurance by any means, for money or its equivalent, on behalf of an insurance company.

(11) "Solicit" means attempting to sell insurance or asking or urging a person to apply for a particular kind of insurance from a particular company or companies.

(12) "Terminate" means the cancellation of the relationship between an insurance producer and the insurer or the termination of a producer's authority to transact insurance for or on behalf of an insurer.

(13) "Uniform application" means the current version of the national association of insurance commissioners (NAIC) uniform application for resident and nonresident producer licensing.

(14) "Uniform business entity application" means the current version of the NAIC uniform business entity application for resident and nonresident business entities.

41-1004. LICENSE REQUIRED. A person shall not sell, solicit or negotiate insurance in this state for any class or classes of insurance unless the person is licensed as a producer for that line of authority in accordance with this chapter.

41-1005. EXCEPTIONS TO LICENSING. (1) Nothing in this chapter shall be construed to require an insurer to obtain an insurance producer license. In this section, the term "insurer" does not include an insurer's officers, directors, employees, subsidiaries or affiliates.

(2) A license as an insurance producer shall not be required of the following:
(a) An officer, director or employee of an insurer or of an insurance producer, provided that the officer, director or employee does not receive any commission on policies written or sold to insure risks residing, located or to be performed in this state and:
   (i) The activities of the officer, director or employee are executive, administrative, managerial, clerical or a combination of these, and are only indirectly related to the sale, solicitation or negotiation of insurance; or
   (ii) The function of the officer, director or employee relates to underwriting, loss control, inspection or the processing, adjusting, investigating or settling of a claim on a contract of insurance; or
   (iii) The officer, director or employee is acting in the capacity of a special agent or agency supervisor assisting insurance producers where the person's activities are limited to providing technical advice and assistance to licensed insurance producers and do not include the sale, solicitation or negotiation of insurance;

(b) A person who secures and furnishes information for the purpose of group life insurance, group property and casualty insurance, group annuities, group or blanket accident and health insurance, or for the purpose of enrolling individuals under plans, issuing certificates under plans or otherwise assisting in administering plans, or performs administrative services relating to mass-marketed property and casualty insurance, and who does not receive a commission;

(c) An employer or association or its officers, directors, employees or the trustees of an employee trust plan, to the extent that the employer, association, officer, employee, director or trustee is engaged in the administration or operation of a program of employee benefits for the employer's or association's own employees or the employees of its subsidiaries or affiliates, which involves the use of insurance issued by an insurer, as long as the employer, association, officer, director, employee or trustee is not in any manner compensated, directly or indirectly, by the company issuing the contracts;

(d) Employees of insurers or organizations employed by insurers who are engaging in the inspection, rating or classification of risks, or in the supervision of the training of insurance producers, and who are not individually engaged in the sale, solicitation or negotiation of insurance, and who do not receive a commission;

(e) A person whose activities in this state are limited to advertising without the intent to solicit insurance in this state through communications in printed publications or other forms of electronic mass media whose distribution is not limited to residents of the state, provided that the person does not sell, solicit or negotiate insurance that would insure risks residing, located or to be performed in this state;

(f) A person who is not a resident of this state who sells, solicits or negotiates a contract of insurance for commercial property and casualty risks to an insured with risks located in more than one (1) state insured under that contract, provided that the person is otherwise licensed as an insurance producer to sell, solicit or negotiate that insurance in the state where the insured maintains its principal place of business and the contract of insur-
ance insures risks located in that state;

(g) A salaried full-time employee who counsels or advises his or her employer relative to the insurance interests of the employer or of the subsidiaries or business affiliates of the employer, provided that the employee does not sell or solicit insurance or receive a commission; or

(h) A person who, concurrent with the rental of a motor vehicle, provides contract options to the standard rental agreement which provides auto and travel related coverages through authorized insurers during a rental period not to exceed ninety (90) days.

41-1006. APPLICATION FOR EXAMINATION. (1) A resident individual applying for an insurance producer license shall pass a written examination unless exempt pursuant to section 41-1008(4), 41-1012, 41-1027(3) or 41-1028(2)(c), Idaho Code. The examination shall test the knowledge of the individual concerning the lines of authority for which application is made, the duties and responsibilities of an insurance producer and the insurance laws and rules of this state. Examinations required by this section shall be developed and conducted under rules prescribed by the director of the department of insurance.

(2) Each individual applying for an examination shall remit a non-refundable fee as promulgated by the director pursuant to section 41-401, Idaho Code.

(3) An individual who fails to appear for the examination as scheduled or who fails to pass the examination shall reapply for an examination and remit all required fees and forms before being rescheduled for another examination.

(4) Applications for licensure not received by the department within one hundred eighty (180) days of the successful completion of the examination shall be denied.

41-1007. APPLICATION FOR PRODUCER LICENSE. (1) A person applying for a resident insurance producer license shall make application to the director on the uniform application and declare under penalty of refusal, suspension or revocation of the license that the statements made in the application are true, correct and complete to the best of the applicant's knowledge and belief. Before approving the application, the director shall find that the applicant:

(a) Is at least eighteen (18) years of age;

(b) Has submitted the applicant's fingerprints as may be required by the director;

(c) Has not committed any act that is a ground for denial, suspension or revocation of the license as set forth in title 41, Idaho Code;

(d) Has paid the fees prescribed by the director pursuant to section 41-401, Idaho Code; and

(e) Has successfully passed the examinations for the lines of authority for which the applicant has applied.

(2) A business entity acting as an insurance producer is required to obtain an insurance producer license. Application shall be made using the uniform business entity application. Before approving the application, the director shall find that:

(a) The business entity has paid the fees prescribed by the director pursuant to section 41-401, Idaho Code; and
(b) The business entity has designated a licensed producer, who is an individual responsible for the business entity's compliance with the insurance laws and rules of this state.

(3) The director may require any documents which are reasonably necessary to verify the information contained in an application.

(4) Each insurer that sells, solicits or negotiates any form of limited line insurance shall provide to each individual whose duties will include selling, soliciting or negotiating limited lines insurance a program of instruction that may be required to be approved by the director. If acceptable to the director, and as stated by rule, the program of instruction may be administered in place of the examination as required in section 41-1006, Idaho Code. In addition, such course of instruction may be administered in place of any continuing education requirements pursuant to section 41-1013, Idaho Code.

41-1008. PRODUCER LICENSE. (1) Unless denied licensure pursuant to section 41-1016, Idaho Code, persons who have met the requirements of sections 41-1006 and 41-1007, Idaho Code, shall be issued an insurance producer license. An insurance producer may receive qualification for a license in one (1) or more of the following lines of authority:

(a) Life insurance coverage on human lives, including benefits of endowment and annuities, benefits in the event of death or dismemberment by accident, and benefits for disability income;
(b) Disability, including accident and health or sickness insurance coverage for sickness, bodily injury or accidental death and benefits for disability income;
(c) Property insurance coverage for the direct or consequential loss or damage to property of every kind;
(d) Casualty insurance coverage against legal liability, including liability for death, injury or disability or damage to real or personal property;
(e) Variable life and variable annuity products, meaning insurance coverage provided under variable life insurance contracts and variable annuities;
(f) Personal lines, meaning property and casualty insurance coverage sold to individuals and families for primarily noncommercial purposes;
(g) Any other line of insurance permitted under state laws or rules.

(2) An insurance producer license shall remain in effect unless revoked or suspended as long as the renewal fee promulgated by the director pursuant to section 41-401, Idaho Code, is paid and the continuing education requirements for resident insurance producers are met in accordance with section 41-1013, Idaho Code.

(3) An individual insurance producer who allows his or her license to lapse may, within twelve (12) months from the due date of the renewal fee, reinstate the same license without passing a written examination unless the licensee would otherwise be required to retest under section 41-1013(7), Idaho Code. However, a penalty in the amount of double the unpaid renewal fee shall be required for any renewal fee received after the due date.

(4) A licensed insurance producer who is unable to comply with license renewal procedures due to military service or some other extenuating circumstance, such as a long-term medical disability, may request
that the director waive those procedures. The producer may also request a waiver of any examination requirement or any other fine or sanction imposed for failure to comply with renewal procedures.

(5) The license shall contain the licensee's name, address, personal identification number, the date of issuance, the lines of authority, the expiration date and any other information the director deems necessary.

(6) Licensees shall inform the director by any means acceptable to the director of a change of address within thirty (30) days of the change. A business entity licensed as a producer shall inform the director by any means acceptable to the director of any change in ownership, officers, directors or the designated licensed producer responsible for compliance pursuant to section 41-1007(2)(b), Idaho Code.

(7) In order to assist in the performance of the director's duties, the director may contract with nongovernmental entities, including the national association of insurance commissioners or its affiliates or subsidiaries, to perform any ministerial functions related to producer licensing, including the collection of fees, that the director and the nongovernmental entity may deem appropriate.

41-1009. NONRESIDENT PRODUCER LICENSE. (1) Unless denied licensure pursuant to section 41-1016, Idaho Code, a nonresident applicant shall receive a nonresident producer license if:
   (a) The applicant is currently licensed as a resident and in good standing in his or her home state;
   (b) The applicant has submitted the proper request for licensure and has paid the fees set forth by rule pursuant to section 41-401, Idaho Code;
   (c) The applicant has submitted or transmitted to the director the application for licensure that the applicant submitted to his or her home state or, in lieu of such application, a completed uniform application;
   (d) The applicant has submitted the applicant's fingerprints, if required by the director, on a form as prescribed by the director; and
   (e) The applicant's home state awards nonresident producer licenses to residents of this state on the same basis.

(2) The director may verify the producer's licensing status through the producer database maintained by the national association of insurance commissioners, its affiliates or subsidiaries, or by any other acceptable means.

(3) A nonresident producer who moves from one state to another state or a resident producer who moves from this state to another state shall file a change of address and provide certification from the new resident state within thirty (30) days of the change of legal residence. No fee or license application shall be required for filing the change of address.

(4) Notwithstanding any other provision of this chapter, a person licensed as a surplus lines broker in his or her home state shall receive a nonresident surplus lines broker license pursuant to subsection (1) of this section. Except as to subsection (1) of this section, nothing in this section otherwise amends or supersedes any provision of section 41-1223, Idaho Code.

(5) Notwithstanding any other provision of this chapter, a person
licensed as a limited lines producer in his or her home state shall receive a nonresident limited lines producer license, pursuant to subsection (1) of this section, granting the same scope of authority as granted under the license issued by the producer's home state. For the purposes of this subsection, limited lines insurance is any authority granted by the home state which restricts the authority of the license to less than the total authority prescribed in the associated major lines pursuant to section 41-1008(1)(a) through (g), Idaho Code.

41-1010. NONRESIDENT PRODUCERS -- SERVICE OF PROCESS. (1) Each person applying to be a nonresident producer shall, on a form prescribed by the director, appoint the director as his agent for purposes of receiving service of legal process issued against the producer in this state upon causes of action arising within this state out of transactions under the license. Service upon the director as an agent shall constitute effective legal service upon the producer.

(2) The appointment shall be irrevocable for as long as there could be any cause of action against the licensee arising out of his insurance transactions in or with respect to this state.

(3) Duplicate copies of such legal process against the licensee shall be served upon the director by a person competent to serve a summons. At the time of service the plaintiff shall pay the director an appropriate fee to be determined by rule and not exceeding thirty dollars ($30.00).

(4) Upon receiving such service, the director shall send one (1) copy of the process by registered or certified mail with return receipt requested to the defendant licensee at his last address of record with the director.

(5) The director shall keep a record of the day and hour of such service upon him. No proceedings shall be brought against the producer, and the producer shall not be required to appear, plead or answer until the expiration of thirty (30) days after the date of service upon the director.

41-1011. ISSUANCE -- REFUSAL OF LICENSE. If after completion of application for a license, the taking and passing of any examination required under this chapter and, if required by the director, receipt of a report from the federal bureau of investigation based on the fingerprints of the applicant, the director finds that the applicant has fully met the requirements for a license, the director shall issue the license to the applicant; otherwise, the director shall refuse to issue the license and shall promptly notify the applicant and any appointing insurer or insurers of such refusal and state the grounds for the refusal. Pending the receipt of the report from the federal bureau of investigation, the director may, in his discretion, issue a temporary license if all other qualifications have been met.

41-1012. EXEMPTION FROM EXAMINATION. (1) An individual who applies for an insurance producer license in this state and who was previously licensed for the same lines of authority in another state shall not be required to complete any prelicensing examination if:

(a) The person is currently licensed in another state; or
(b) The application is received within ninety (90) days of the cancellation of the applicant's previous license and the prior state
issues a certification that:

(i) At the time of cancellation, the applicant was in good standing in that state; or

(ii) The state's producer database records, as maintained by the national association of insurance commissioners or its affiliates or subsidiaries, indicate that the producer is or was licensed in good standing for the lines of authority requested.

(2) A person licensed as an insurance producer in another state who moves to this state shall make application within ninety (90) days of establishing legal residence to become a resident licensee pursuant to section 41-1006, Idaho Code. No examination shall be required of that person to obtain any line of authority previously held in the prior state unless the director provides otherwise by rule.

41-1013. CONTINUATION -- EXPIRATION OF LICENSES -- CONTINUING EDUCATION STATEMENT. (1) All producer, adjuster, and surplus line broker licenses issued under this code shall continue in force until expired, suspended, revoked or otherwise terminated, subject to payment of the applicable continuation fee on or before the expiration date referred to in subsection (2) of this section, accompanied by a written request for such continuation and a continuing education statement verifying that the licensee has completed any continuing education requirements imposed by the director. An application for renewal is not complete unless it is submitted with both the applicable fee and the completed continuing education statement. Requests for continuation shall be made in writing on forms to be prescribed by the director.

(2) The director may fix the dates of expiration for licenses in such manner as is deemed by him to be advisable for an efficient distribution of the workload of his office. If the expiration date for a particular license or appointment would shorten the period for which the license or appointment continuation fee has been paid, no refund of an unearned fee shall be made. If the expiration date for a particular license or appointment would lengthen the period for which a license or appointment continuation fee has been paid, the director shall charge no additional fee for such lengthened period.

(3) Any license referred to in subsection (1) of this section for which no request for continuation, fee and completed continuing education statement are timely received by the director shall be deemed to have expired at midnight on the applicable expiration date.

(4) All sums tendered as fees for continuations of licenses as producer, limited lines producer, adjuster or surplus line broker shall be deemed earned when paid and shall not be subject to refund, except that the director shall refund any duplicate payment of fees.

(5) For the protection of the people of this state the director shall establish, by rule, additional educational requirements designed to maintain and improve the insurance skills and knowledge of resident producers after licensure by the department of insurance. The director shall also establish, by rule, an advisory committee comprised of representatives from each segment of the insurance industry to assist the director in prescribing additional educational requirements. Such rules promulgated by the director shall include limits on the terms of service for members of the committee.

(6) Subject to subsection (3) of this section, the director shall
not permit to be continued the license of any producer who is licensed pursuant to section 41-1007, Idaho Code, who is a resident of this state, unless such person has demonstrated to the satisfaction of the director that in addition to meeting the standards contained in sections 41-1007, (qualifications for producer license), Idaho Code, as may be applicable, all the additional educational requirements as the director may prescribe by rule have been met.

(7) Failure of the licensee to comply with any applicable additional education requirements prescribed by the director by rule by the expiration date of the license shall be grounds for the director to refuse to continue any such license. The licensee may reinstate his or her license by submitting proof of all education requirements within ninety (90) days from the date of expiration of the license and by submitting an additional administrative penalty of one hundred dollars ($100) for a delinquency of one (1) day to thirty (30) days, two hundred dollars ($200) for a delinquency of thirty-one (31) days to sixty (60) days, and three hundred dollars ($300) for a delinquency of sixty-one (61) days to ninety (90) days. Following the ninetieth day from the date of nonrenewal of the license and up to one (1) year from the nonrenewal date, the licensee must complete all requirements for licensure including retesting, submission of a new application and payment of all new licensing fees. In addition, the individual must submit proof of completion of the required education requirements for the licensing period in which the license was terminated. After the license has been expired for one (1) year or more, the individual must reapply and retest as a new applicant.

41-1014. ASSUMED NAMES. An insurance producer doing business under any name other than the producer's legal name is required to notify the director in writing prior to using the assumed name.

41-1015. TEMPORARY LICENSING. (1) The director may issue a temporary insurance producer license for a period not to exceed one hundred eighty (180) days without requiring an examination if the director deems that the temporary license is necessary for the servicing of an insurance business in the following cases:

(a) To the surviving spouse or court-appointed personal representative of a licensed insurance producer who dies or becomes mentally or physically disabled in order to allow adequate time for the sale of the insurance business owned by the producer or for the recovery or return of the producer to the business or to provide for the training and licensing of new personnel to operate the producer's business;

(b) To a member or employee of a business entity licensed as an insurance producer upon the death or disability of an individual designated in the business entity application or the license;

(c) To the designee of a licensed insurance producer entering active service in the armed forces of the United States of America; or

(d) Pursuant to section 41-1011, Idaho Code, or in any other circumstance where the director deems the public interest will best be served by the issuance of the temporary license.

(2) The director may by order limit the authority of any temporary licensee in any way deemed necessary to protect insureds and the public.
The director may require the temporary licensee to have a suitable sponsor who is a licensed producer or insurer and who assumes responsibility for all actions of the temporary licensee, and may impose other similar requirements designed to protect insureds and the public. The director may by order revoke a temporary license, without the right to a prior hearing, if the interests of insureds or the public are endangered. A temporary license may not continue after the owner or the personal representative disposes of the business.

41-1016. ADMINISTRATIVE PENALTY -- SUSPENSION, REVOCATION, REFUSAL OF LICENSE. (1) The director may impose an administrative penalty not to exceed one thousand dollars ($1,000), for deposit in the general fund of the state of Idaho, and may suspend for not more than twelve (12) months or may revoke or refuse to issue or continue any license issued under this chapter, chapter 27, title 41, Idaho Code (title insurance), chapter 11, title 41, Idaho Code (adjusters), or any surplus lines broker license if, after a hearing held on not less than twenty (20) days' notice of such hearing and of the charges against the licensee given as provided in section 41-212(3), Idaho Code, to the licensee and to any appointing insurers represented (as to a producer who is appointed as an agent), the director finds that as to the licensee any one (1) or more of the following causes or violations exist:

(a) Providing incorrect, misleading, incomplete or materially untrue information in the license application;
(b) Violating any provision of title 41, Idaho Code, department rule, subpoena or order of the director or of another state's insurance director;
(c) Obtaining or attempting to obtain a license through misrepresentation or fraud;
(d) Improperly withholding, misappropriating or converting any moneys or properties received in the course of doing insurance business;
(e) Misrepresenting the terms of an actual or proposed insurance contract or application for insurance or misrepresenting any fact material to any insurance transaction or proposed transaction;
(f) Being convicted of or pleading guilty to any felony, or to a misdemeanor which evidences bad moral character, dishonesty, a lack of integrity and financial responsibility, or an unfitness and inability to provide acceptable service to the consuming public;
(g) Admitting or being found to have committed any insurance unfair trade practice or fraud;
(h) Using fraudulent, coercive or dishonest practices, or demonstrating incompetence, untrustworthiness or financial irresponsibility, or being a source of injury and loss to the public or others, in the conduct of business in this state or elsewhere;
(i) Having an insurance license denied, suspended or revoked in any other state, province, district or territory;
(j) Forging another's name on an application for insurance or on any document related to an insurance transaction;
(k) Improperly using notes or any other reference material to complete an examination for an insurance license;

RELATING TO TELEPHONE SOLICITATIONS; AMENDING CHAPTER 10, TITLE 48, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 48-1003B, IDAHO CODE, TO PROVIDE DEFINITIONS AND TO REQUIRE CONSENT TO CHARGE A CONSUMER'S ACCOUNT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 10, Title 48, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 48-1003B, Idaho Code, and to read as follows:

48-1003B. CONSENT REQUIRED FOR TELEMARKETING CHARGES TO PREVIOUSLY OBTAINED ACCOUNTS. (1) As used in this section:
(a) "Account" means a credit card, debit card, checking account, savings account, loan account, telephone service account, utility account or other similar account.

(b) "Account holder" means a consumer who owns an account, or a consumer who has authority to cause a charge or debit to an account.

(c) "Authorization" means an account holder providing express consent to a telemarketer or person acting on behalf of the telemarketer, to charge or cause to be charged the account holder's account for the purchase of goods or services. Authorization is not effective until the account holder has been advised, clearly and conspicuously:

   (i) That the telemarketer has the account holder's account number;
   (ii) That the telemarketer is going to charge the account holder's account;
   (iii) The specific account that will be charged;
   (iv) The specific amount that the account holder's account will be charged; and
   (v) The name, address and telephone number of the person who will be charging the account holder's account.

(d) "Charge" means a charge or debit, or an attempt to charge or debit, an account, if that account can be charged without the express written authorization of the account holder to each specific charge or debit. Charge does not include a charge or debit, or an attempt to charge or debit, a telephone service account for local or long distance telecommunications services. A charge can occur by electronic or any other means.

(e) "Goods" or "services" has the meaning given to them in section 48-1002(3) and (8), Idaho Code, except that for purposes of this section these terms are limited to goods or services which are normally used for personal, household or family purposes.

(f) "Previously obtained account number telemarketing call" means a telephone call in which the telemarketer attempts to obtain account holder authorization for a current or future charge without obtaining the account number from the account holder during the call; provided however, that "previously obtained account number telemarketing call" does not include the sale of securities through a telephone call, if the telemarketer is a licensed securities agent or broker in the state of Idaho; provided further, that "previously obtained account number telemarketing call" does not include a telephone call initiated by an account holder during which the person receiving the telephone call attempts to sell, offer for sale, or otherwise induce the account holder to purchase goods or services. A "previously obtained account number telemarketing call" does not include a call to or from a current customer of the telemarketer to renew or extend, inquire about or add goods or services if the customer has previously provided account information for billing purposes to the telemarketer and the telemarketer clearly and conspicuously discloses that such renewal or extension, or additional goods or services, will be debited to the same account.

(g) "Telemarketer" means any person who regularly engages in previously obtained account number telemarketing call.

(2) A telemarketer shall not charge or cause a charge to an account holder's account as a result of a previously obtained account number
telemarketing call unless the telemarketer has first obtained authorization from the account holder for the specific charge discussed during the call.

(3) An account holder's authorization can be in writing or given verbally. If the telemarketer uses written authorization, the telemarketer cannot charge the account holder's account until the account holder's written authorization is received by the telemarketer. If the telemarketer uses verbal authorization, either (i) the authorization must be audio taped by the telemarketer and the telemarketer must advise the account holder that his or her authorization is being recorded or (ii) the account holder must disclose the last four (4) digits of the account holder's account number if the telemarketer has reasonable procedures in effect to verify that such digits as provided by the account holder match the last four digits of the account to be charged. Authorizations must be kept and maintained for a period of two (2) years and must also be made available to the account holder upon written request.

(4) (a) In the case where a telemarketer utilizes a voice response unit, whether inbound or outbound, an account holder may give authorization by providing the last four (4) digits of the account holder's account number, an account number previously assigned to the account holder by the telemarketer, or an alternate unique identifier which enables the telemarketer to verify or confirm the account holder's authorization; provided however, that the information set forth in subsection (1)(c) of this section must first be clearly and conspicuously disclosed to the account holder.

(b) For purposes of this subsection, "voice response unit" means a device which allows a user to provide or obtain information from a computer system using touch-tone input or speech input.

AN ACT
RELATING TO CERTAIN POST-CONVICTION APPEALS; AMENDING SECTION 19-2719, IDAHO CODE, GOVERNING SPECIAL APPELLATE AND POST-CONVICTION PROCEDURE FOR CAPITAL CASES TO PROVIDE A PETITION FOR SPECIAL PROCEDURES FOR FINGERPRINT AND DNA TESTING; AMENDING SECTION 19-4901, IDAHO CODE, TO PROVIDE ADDITIONAL CONDITIONS FOR FILING A PETITION FOR POST-CONVICTION REMEDY AND TO MAKE TECHNICAL CORRECTIONS; AND AMENDING SECTION 19-4902, IDAHO CODE, TO PROVIDE FOR A PETITION FOR FINGERPRINT AND DNA TESTING, TO PROVIDE THAT A PETITIONER MUST PRESENT
CERTAIN ELEMENTS OF A PRIMA FACIE CASE, TO PROVIDE THAT A TRIAL COURT SHALL ALLOW TESTING UNDER CERTAIN CONDITIONS, TO PROVIDE THAT A COURT SHALL ORDER APPROPRIATE RELIEF IF TESTING DEMONSTRATES A PERSON DID NOT COMMIT AN OFFENSE, TO PROVIDE FOR PAYMENT OF TESTING AND TO MAKE A TECHNICAL CORRECTION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 19-2719, Idaho Code, be, and the same is hereby amended to read as follows:

19-2719. SPECIAL APPELLATE AND POST-CONVICTION PROCEDURE FOR CAPITAL CASES -- AUTOMATIC STAY. The following special procedures shall be interpreted to accomplish the purpose of eliminating unnecessary delay in carrying out a valid death sentence.

(1) When the punishment of death is imposed the time for filing an appeal shall begin to run when the death warrant is filed.

(2) The death warrant shall not be filed until forty-two (42) days after the judgment imposing the death sentence has been filed, or, in the event a post-conviction challenge to the conviction or sentence is filed, until the order deciding such post-conviction challenge is filed.

(3) Within forty-two (42) days of the filing of the judgment imposing the punishment of death, and before the death warrant is filed, the defendant must file any legal or factual challenge to the sentence or conviction that is known or reasonably should be known.

(4) Any remedy available by post-conviction procedure, habeas corpus or any other provision of state law must be pursued according to the procedures set forth in this section and within the time limitations of subsection (3) of this section. The special procedures for fingerprint or forensic DNA testing set forth in sections 19-4901(a)(6) and 19-4902(b) through (f), Idaho Code, are fully applicable in capital cases and are subject to the procedures set forth in this section, and must be pursued through a petition filed within the time limitations of subsection (3) of this section or by July 1, 2002, whichever is later.

(5) If the defendant fails to apply for relief as provided in this section and within the time limits specified, he shall be deemed to have waived such claims for relief as were known, or reasonably should have been known. The courts of Idaho shall have no power to consider any such claims for relief as have been so waived or grant any such relief.

(a) An allegation that a successive post-conviction petition may be heard because of the applicability of the exception herein for issues that were not known or could not reasonably have been known shall not be considered unless the applicant shows the existence of such issues by (i) a precise statement of the issue or issues asserted together with (ii) material facts stated under oath or affirmation by credible persons with first hand knowledge that would support the issue or issues asserted. A pleading that fails to make a showing of excepted issues supported by material facts, or which is not credible, must be summarily dismissed.

(b) A successive post-conviction pleading asserting the exception shall be deemed facially insufficient to the extent it alleges matters that are cumulative or impeaching or would not, even if the allegations were true, cast doubt on the reliability of the conviction or sentence.
(c) A successive post-conviction pleading asserting the exception shall be deemed facially insufficient to the extent it seeks retroactive application of new rules of law.

(6) In the event the defendant desires to appeal from any post-conviction order entered pursuant to this section, his appeal must be part of any appeal taken from the conviction or sentence. All issues relating to conviction, sentence and post-conviction challenge shall be considered in the same appellate proceeding.

(7) If post-conviction challenge is made under this section, questions raised thereby shall be heard and decided by the district court within ninety (90) days of the filing of any motion or petition for relief timely filed as provided by this section. The court shall give first priority to capital cases. In the event the district court fails to act within the time specified, the supreme court of Idaho shall, on its own motion or the motion of any party, order the court to proceed forthwith, or if appropriate, reassign the case to another judge. When the supreme court intervenes as provided, it shall set a reasonable time limit for disposition of the issues before the district court.

(8) The time limit provided in subsection (7) of this section for disposition of post-conviction claims may be extended only upon a showing of extraordinary circumstances which would make it impossible to fairly consider defendant's claims in the time provided. Such showing must be made under oath and the district court's finding that extraordinary circumstances exist for extending the time shall be in writing and shall be immediately reported to the supreme court, which shall at once independently consider the sufficiency of the circumstances shown and determine whether an extension of time is warranted.

(9) When a judgment imposing the penalty of death is filed, the clerk and the reporter shall begin preparation of the transcripts of the trial, and other proceedings, and the clerk's transcript.

(10) When the procedures specified in this section and section 19-2827, Idaho Code, have been carried out and a remittitur issued, and an execution date set as provided by law, the defendant shall be deemed to have exhausted all state remedies.

(11) Any successive petition for post-conviction relief not within the exception of subsection (5) of this section shall be dismissed summarily. Notwithstanding any other statute or rule, the order of dismissal shall not be subject to any motion to alter, amend or reconsider. Such order shall not be subject to any requirement for the giving of notice of the court's intent to dismiss. The order of dismissal shall not be appealable.

(12) A stay of execution while the special appellate procedures specified herein are followed and during the pendency of automatic review of death sentences shall be automatically entered by the clerk of the supreme court at the time the district court transmits to the supreme court the report required by section 19-2827, Idaho Code. If the sentence is upheld, the clerk shall dissolve such stay when the remittitur is filed. Thereafter the district court shall set a new execution date.

SECTION 2. That Section 19-4901, Idaho Code, be, and the same is hereby amended to read as follows:
19-4901. REMEDY -- TO WHOM AVAILABLE -- CONDITIONS. (a) Any person who has been convicted of, or sentenced for, a crime and who claims:
(1) That the conviction or the sentence was in violation of the constitution of the United States or the constitution or laws of this state;
(2) That the court was without jurisdiction to impose sentence;
(3) That the sentence exceeds the maximum authorized by law;
(4) That there exists evidence of material facts, not previously presented and heard, that requires vacation of the conviction or sentence in the interest of justice;
(5) That his sentence has expired, his probation, or conditional release was unlawfully revoked by the court in which he was convicted, or that he is otherwise unlawfully held in custody or other restraint;
or
(6) Subject to the provisions of section 19-4902(b) through (f), Idaho Code, that the petitioner is innocent of the offense; or
(7) That the conviction or sentence is otherwise subject to collateral attack upon any ground of alleged error heretofore available under any common law, statutory or other writ, motion, proceeding, or remedy: may institute, without paying a filing fee, a proceeding under this act to secure relief.

(b) This remedy is not a substitute for nor does it affect any remedy from the sentence or conviction. Any issue which could have been raised on direct appeal, but was not, is forfeited and may not be considered in post-conviction proceedings, unless it appears to the court, on the basis of a substantial factual showing by affidavit, deposition or otherwise, that the asserted basis for relief raises a substantial doubt about the reliability of the finding of guilt and could not, in the exercise of due diligence, have been presented earlier. Except as otherwise provided in this act, it comprehends and takes the place of all other common law, statutory, or other remedies heretofore available for challenging the validity of the conviction or sentence. It shall be used exclusively in place of them.

SECTION 3. That Section 19-4902, Idaho Code, be, and the same is hereby amended to read as follows:

19-4902. COMMENCEMENT OF PROCEEDINGS -- VERIFICATION -- FILING -- SERVICE -- DNA TESTING. (a) A proceeding is commenced by filing an application verified by the applicant with the clerk of the district court in which the conviction took place. An application may be filed at any time within one (1) year from the expiration of the time for appeal or from the determination of an appeal or from the determination of a proceeding following an appeal, whichever is later. Facts within the personal knowledge of the applicant and the authenticity of all documents and exhibits included in or attached to the application must be sworn to affirmatively as true and correct. The Supreme Court may prescribe the form of the application and verification. The clerk shall docket the application upon its receipt and promptly bring it to the attention of the court and deliver a copy to the prosecuting attorney.

(b) A petitioner may, at any time, file a petition before the trial court that entered the judgment of conviction in his or her case for the performance of fingerprint or forensic deoxyribonucleic acid (DNA) test-
ing on evidence that was secured in relation to the trial which resulted in his or her conviction but which was not subject to the testing that is now requested because the technology for the testing was not available at the time of trial. The petition must be filed by July 1, 2002, or within one (1) year after the filing of the judgment of conviction, whichever is later. The clerk shall docket the application upon its receipt and promptly bring it to the attention of the court and deliver a copy to the prosecuting attorney.

(c) The petitioner must present a prima facie case that:

(1) Identity was an issue in the trial which resulted in his or her conviction; and

(2) The evidence to be tested has been subject to a chain of custody sufficient to establish that such evidence has not been substituted, tampered with, replaced or altered in any material aspect.

(d) The trial court shall allow the testing under reasonable conditions designed to protect the state's interests in the integrity of the evidence and the testing process upon a determination that:

(1) The result of the testing has the scientific potential to produce new, noncumulative evidence that would show that it is more probable than not that the petitioner is innocent; and

(2) The testing method requested would likely produce admissible results under the Idaho rules of evidence.

(e) In the event the fingerprint or forensic DNA test results demonstrate, in light of all admissible evidence, that the petitioner is not the person who committed the offense, the court shall order the appropriate relief.

(f) The cost of the forensic DNA test shall be at the petitioner's expense, except to the extent the petitioner qualifies for the test at public expense pursuant to chapter 8, title 19, Idaho Code, in which case the fingerprint or forensic DNA test shall be performed by, and paid for by funds allocated for, Idaho state police forensic services.

It may consist of a part of a multi-dwelling or multipurpose building and part of the land upon which it is built. "Homestead" does not include personal property such as furniture, furnishings or appliances, but a manufactured home may be a homestead. 

(3) "Household" means the claimant and any person or persons who live in the same dwelling, and share its furnishings, facilities, accommodations or expenses. The term includes any person owing a duty of support to the applicant pursuant to section 32-1002, Idaho Code, unless the person qualifies as a "nonhousehold member" pursuant to subsection (6) of this section. The term does not include bona fide lessees, tenants, or roomers and boarders on contract. "Household" includes persons described in subsection (9)(b) of this section. 

(4) "Household income" means all income received by all persons of a household in a calendar year while members of the household. 

(5) "Income" means the sum of federal adjusted gross income as defined in the Internal Revenue Code, as defined in section 63-3004, Idaho Code, and to the extent not already included in federal adjusted gross income, alimony, support money, income from inheritances, nontaxable strike benefits, the nontaxable amount of any individual retirement account, pension or annuity, (including railroad retirement benefits, all payments received under the federal social security act, state unemployment insurance laws, and veterans disability pensions and compensation, excluding rollovers as provided in section 402 or 403 of the Internal Revenue Code), nontaxable interest received from the federal government or any of its instrumentalities or a state government or any of its instrumentalities, worker's compensation and the gross amount of loss of earnings insurance. "Income" does not include lump sum death benefits made by the social security administration pursuant to 42 U.S.C. section 402(i). Documentation of medical expenses may be required by the county assessor, board of equalization and state tax commission. "Income" shall be that received in the calendar year immediately preceding the year in which a claim is filed. (6) "Nonhousehold member" means any nonspouse who lives in the claimant's dwelling for the purpose of providing protective oversight, caregiving, or personal assistance services to the claimant, or who is receiving disability benefits pursuant to subsection (1)(d) or (e) of this section, or who is over age sixty-five (65) years and lives in the claimant's dwelling and receives protective oversight, caregiving or personal assistance services provided by the claimant.

"Owner" shall not include any person that otherwise occupies property as beneficiary of a trust. "Owner" includes a vendee in possession under a land sale contract. Any partial ownership shall be considered ownership for determining qualification for property tax reduction benefits, however, the amount of property tax reduction under section 63-704, Idaho Code, and rules promulgated pursuant to section 63-705, Idaho Code, shall be computed on the value of the claimant's partial ownership. "Partial ownership," for the purposes of this section, means any one (1) person's ownership when property is owned by more than one (1) person. A person holding either partial title in fee simple or holding a certificate of motor vehicle title together with another person but who does not occupy the dwelling as his primary dwelling place, shall not be considered an owner for purposes of this section, if such person is a cosignatory of a note secured by the dwelling in question and at least one (1) of the other cosignatories of the note occupies the dwelling as his primary dwelling place. The combined community property interests of both spouses shall not be considered partial ownership. The proportional reduction required under this subsection shall not apply to community property interests. Where title to property is held by a person who has died without timely filing a claim for property tax reduction, the estate shall be the "owner."

(9) (a) "Primary dwelling place" means the claimant's dwelling place on January 1 of the year for which the claim is made. The primary dwelling place is the single place where a claimant has his true, fixed and permanent home and principal establishment, and to which whenever the individual is absent he has the intention of returning. A claimant must establish the dwelling to which the claim relates as his primary dwelling place by clear and convincing evidence or by establishing that the dwelling is where the claimant resided on January 1 and:

(i) At least six (6) months during the prior year; or
(ii) The majority of the time the claimant owned the dwelling if owned by the claimant less than one (1) year; or
(iii) The majority of the time after the claimant first occupied the dwelling if occupied by the claimant less than one (1) year.
(b) Notwithstanding the provisions of paragraph (a) of this subsec-
tion, the property upon which the claimant makes application shall
be deemed to be the claimant's primary dwelling place if the claim-
ant is otherwise qualified and resides in a care facility and does
not allow the property upon which the claimant has made application
to be occupied by persons paying a consideration to occupy the
dwelling. A claimant's spouse who resides in a care facility shall
be deemed to reside at the claimant's primary dwelling place and to
be a part of the claimant's household. A care facility is a hospi-
tal, nursing facility or intermediate care facility for the mentally
retarded as defined in section 39-1301, Idaho Code, or a facility as
defined in section 39-3302(16), Idaho Code, or a dwelling other than
the one upon which the applicant makes application where a claimant
who is unable to reside in the dwelling upon which the application
is made lives and receives help in daily living, protection and
security.

EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-804A, Idaho Code, be, and the same is
hereby amended to read as follows:

33-804A. SCHOOL PLANT FACILITIES RESERVE FUND LEVY FOR SAFE SCHOOL
FACILITIES. (1) Definition. As used in this section, public school
facilities mean the physical plant of improved or unimproved real prop-
erty owned or operated by a school district, including school buildings,
administration buildings, playgrounds, athletic fields, etc., used by
schoolchildren or school district personnel in the normal course of pro-
viding a general, uniform and thorough system of public, free common
schools, but does not include areas, buildings or parts of buildings
closed from or not used in the normal course of providing a general,
uniform and thorough system of public, free common schools. The aspects of a safe environment conducive to learning as provided by section 33-1612, Idaho Code, that pertain to the physical plant used to provide a general, uniform and thorough system of public, free common schools are hereby defined as those necessary to comply with the safety and health requirements set forth in this section.

(2) Whenever under applicable law a board of trustees of a school district has identified on the basis of an independent inspection of the district's school facilities that some of those school facilities fail to comply with codes addressing safety and health standards for facilities (including electrical, plumbing, mechanical, elevator, fire safety, boiler safety, life safety, structural, snow loading, and sanitary codes) adopted by or pursuant to the Idaho building-code-advisory uniform school building safety act, chapter 41 80, title 39, Idaho Code, adopted by the state fire marshal, adopted by generally applicable local ordinances, or adopted by rule of the state board of education and applicable to school facilities, and that those school facilities that do not comply with codes addressing unsafe or unhealthy conditions contain unsafe or unhealthy conditions that cannot be abated with the school district's income from current sources, that school district shall be eligible to participate in the Idaho safe schools facilities loan program administered by Idaho banks. Eligibility to participate in the Idaho safe schools facilities loan program shall not affect or disqualify any school district from eligibility to participate in any other program to abate unsafe or unhealthy conditions.

(3) In any school district in which a school plant facilities reserve fund has been created, the period for which the school plant facilities reserve fund levy may be in effect may extend beyond ten (10) years but not to exceed twenty (20) years, provided that:

(a) The board of trustees shall determine that all or a portion of the amount to be collected each year during the period of years in which the levy is collected is made to abate, repair or replace school facilities with unsafe or unhealthy conditions, or to repay principal or interest for abatement, repair or replacement of school facilities with unsafe or unhealthy conditions that earlier took place.

(b) The question of the levy to be submitted to the electors of a district and the notice of such election shall state the dollar amount proposed to be collected each year during the period of years in which the collection is to be made to abate, repair or replace school facilities for the purpose of providing buildings complying with codes defining safe and healthy conditions as required by applicable law.

(c) The election for such a levy conducted pursuant to this section shall be held on one (1) of the days authorized by section 34-106, Idaho Code.

The provisions of section 33-804, Idaho Code, that are not modified by this section shall apply to levies made pursuant to this section.

SECTION 2. That Section 33-1017, Idaho Code, be, and the same is hereby amended to read as follows:

33-1017. SCHOOL SAFETY AND HEALTH REVOLVING LOAN AND GRANT FUND.

(1) Fund created. There is hereby created a fund in the state treasury
to be known as the school safety and health revolving loan and grant fund to which shall be credited all moneys that may be appropriated, apportioned, allocated and paid back to that fund. Moneys in this fund shall be used exclusively as provided in this section, except that moneys in this fund shall be returned to the budget stabilization fund as provided in this section.

(2) Approval of loan or grant. A school district that does not have the financial resources to abate unsafe or unhealthy conditions identified pursuant to section 33-1613, Idaho Code, and which is eligible to seek additional funds under subsection (5)(b)(ii) of section 33-1613, Idaho Code, may apply to the state treasurer for a loan and, if eligible, a grant from the safety and health revolving loan and grant fund. A school district that has borrowed money from the Idaho safe school facilities loan program may apply for a grant of interest from the safety and health revolving loan and grant fund. The loan or grant shall be approved if the school district's loan application meets the criteria of section 33-1613, Idaho Code, and of this section. If the board of examiners finds that existing and anticipated loans or grants under this section have depleted the school safety and health revolving loan and grant fund to an extent that the fund does not have available sufficient moneys to loan to an eligible school district, the board of examiners shall declare that additional loans may be made from the budget stabilization fund in section 57-814, Idaho Code, up to any limits of the use of that fund provided by statute or declared by the governor in time of general revenue shortfalls or major disaster.

(3) Conditions of loan or grant -- Repayment of loan.

(a) The school district’s application shall identify the unsafe or unhealthy conditions that would be abated with the proceeds of the loan or grant and, if a loan, shall propose a method of and timetable for abating those conditions and for repaying the loan.

(b) The state treasurer shall review the application to determine whether the application is for abatement of unsafe or unhealthy conditions as described in section 33-1613, Idaho Code, and to determine whether the estimated costs of abatement and proposed plan of abatement is reasonable. In reviewing the application, the state treasurer may call upon the assistance of the state division of building safety, the state fire marshal, the state department of administration, the state board of education, the state department of education, or other knowledgeable persons to determine whether conditions identified to be abated meet the criteria of section 33-1613, Idaho Code, and to determine whether the plan of abatement, estimated costs of abatement and proposed methods of abatement are reasonable. The state treasurer shall process the application for a loan or grant within thirty-five (35) days after its receipt.

(I) If the state treasurer determines that the application has not identified unsafe or unhealthy conditions as described in section 33-1613, Idaho Code, the state treasurer shall return the application with a written statement that contains reasons why the loan or grant application does not meet the criteria of this section and of section 33-1613, Idaho Code.

(ii) If the state treasurer determines that the application has identified unsafe or unhealthy conditions as described in section 33-1613, Idaho Code, the state treasurer shall then determine whether the application has proposed reasonable meth-
ods of and reasonable estimates of costs of abatement. The state treasurer shall approve the plan of abatement if the school district has proposed a reasonable method of abatement and if its estimated costs of abatement are reasonable; otherwise, the state treasurer shall return the application with a written statement how the application can be amended to qualify.

(c) If the application is for a loan, the state treasurer may accept the school district's proposed method of and timetable for repaying the loan or may impose reasonable alternative or substitute methods of and timetables for repayment consistent with this subsection, which alternative or substitute methods shall be binding on the school district. At a minimum, the school district shall be required to repay in each fiscal year succeeding the year of the loan an amount no less than the lottery proceeds that the school district would otherwise receive for that fiscal year and additional foundation support moneys, if any, accruing as a result of an initial overestimation of state average daily attendance support units and later distribution of residual amounts resulting from fewer support units than originally estimated. The loan shall provide for the school safety and health revolving loan and grant fund, or the budget stabilization fund, to the extent that it was the source of the loan, to intercept the lottery proceeds that would otherwise go to the school district until the loan is fully repaid. In addition, the state treasurer may impose reasonable fiscal conditions on the school district during the term of loan repayment including, but not limited to, restrictions in use of otherwise unrestricted school district moneys to assist in repayment of the loan or in abatement of unsafe or unhealthy conditions, the declaration of a financial emergency during some or all of the term of repayment of the loan, or interception by the school safety and health revolving loan and grant fund of a portion of the state foundation program payments under chapter 10, title 33, Idaho Code, that would otherwise go to the school district to repay the loan. The initial term of the loan shall not exceed ten (10) years, but may be extended in the state treasurer's discretion for another ten (10) years.

(d) If a loan is approved, the state treasurer shall establish a line of credit for the school district and monthly reimburse the school district for costs incurred to abate the unsafe or unhealthy conditions identified as the reason for the loan. The state treasurer may prescribe forms and procedures for administration of this line of credit.

(e) A school district may repay its loan or any portion of its loan in advance at any time without penalty.

(4) Interest. Loans to school districts under this section shall bear interest at the average rate of interest that would be available to the state treasury were the loan funds retained in the state treasury, as determined by the state treasurer.

(5) Certification of loan funds spent. If a school district obtains a loan pursuant to this section, the board of trustees shall certify the total expenditures of loaned funds that were actually spent to abate unsafe and unhealthy conditions.

(6) Excess funds. If any funds loaned pursuant to this section were not spent on abatement of unsafe and unhealthy conditions, they must be
returned to the school safety and health loan and grant fund or the budget stabilization fund, as the case may be. This subsection shall be judicially enforceable by the state treasurer, and any amounts due for repayment under this subsection may be recovered by offset from state foundation program moneys that would otherwise be paid to the school district.

(7) Eligibility for grant. After complying with the provisions of section 33-1613, Idaho Code, school districts that borrow money from the Idaho safe schools facilities loan program pursuant to section 33-804A, Idaho Code, or that refinance through the Idaho safe schools facilities loan program loans for money borrowed under this section may apply for a grant from the school safety and health revolving loan and grant fund to pay for eligible interest costs incurred on loan proceeds used to abate unsafe and unhealthy conditions. If the school district's application for a grant is accepted, then the school district will qualify for a grant of the present value of the qualifying percentage of the interest costs of the loan associated with abating unsafe and unhealthy conditions, as follows:

(a) If the school district is participating in the Idaho safe schools facilities loan program, within seven (7) days after the approved school district receives loan proceeds from the Idaho safe schools facilities loan fund, the state treasurer shall provide funds to the school district in the amount of the qualifying percentage of the present value of the interest costs associated with abating unsafe and unhealthy conditions.

(b) If a school district has obtained a loan from the school health and safety revolving loan and grant fund and has refinanced its loan through the Idaho safe schools facilities program and prepays the outstanding principal of its loan, the school district shall be eligible for a grant of the qualifying percentage of the present value of the outstanding interest costs associated with the prepaid principal.

(8) Present value. The present value of the interest costs associated with money borrowed under the Idaho safe schools facilities loan program shall be calculated by the state treasurer using a method of equal annual loan payments and a discount rate of the interest rate prescribed in subsection (4) of this section on the date that the school district receives funds from the Idaho safe schools facilities loan fund. The present value of the unpaid interest costs for principal prepayments to the school safety and health revolving loan and grant fund shall be calculated by the state treasurer by summing the unpaid interest that would be paid without the principal prepayment and discounting it at the interest rate prescribed in subsection (4) of this section on the date that the treasurer receives the prepayment.

(9) Qualifying percentage. The qualifying percentage of the interest costs of a school district applying for a grant of interest under this section shall be determined as follows: For a school district borrowing money under the Idaho safe schools facilities loan program or refinancing a loan made under this section with money borrowed under the Idaho safe schools facilities program, the state treasurer shall express:

(a) the total of the bond and plant facilities levies imposed by the school district (including the levy for which the application is made), and
(b) the total levies imposed by the school district (including the levy for which the application is made) as a fraction of assessed value for the most recent assessment against which the school district’s existing levies are made.

The qualifying percentage of interest granted under this section shall be the higher of the amounts shown in the following tables:

(10) Interest costs for abatement of unsafe and unhealthy conditions. The interest costs for abatement of unsafe and unhealthy conditions shall be calculated by determining the percentage of the loan proceeds or prepayment of the loan that will be used to abate unsafe and unhealthy conditions.

(11) Procedures. The state treasurer may prescribe forms for applying for a loan or grant under this section. No actions taken under this section are contested cases or rulemaking subject to chapter 52, title 67, Idaho Code, and none of the contested case or rulemaking procedures of chapter 52, title 67, Idaho Code, apply to actions taken under this section.

(12) The state treasurer’s authority to accept applications for and to approve grants of interest from the school safety and health revolving loan and grant fund shall cease on July 1, 2004.

SECTION 3. That Section 33-1613, Idaho Code, be, and the same is hereby amended to read as follows:

33–1613. SAFE PUBLIC SCHOOL FACILITIES REQUIRED. (1) Definition. As used in this section, "public school facilities" means the physical plant of improved or unimproved real property owned or operated by a school district, a charter school, or a school for children in any grades kindergarten through twelve (12) that is operated by the state of Idaho, including school buildings, administration buildings, playgrounds, athletic fields, etc., used by schoolchildren or school district personnel in the normal course of providing a general, uniform and thorough system of public, free common schools, but does not include areas, buildings or parts of buildings closed from or not used in the normal course of providing a general, uniform and thorough system of public, free common schools. The aspects of a safe environment conducive to learning as provided by section 33-1612, Idaho Code, that pertain to the physical plant used to provide a general, uniform and thorough system of public, free common schools are hereby defined as those necessary to comply with the safety and health requirements set forth in this section.
(2) Inspection. It is the duty of the board of trustees of every school district and the governing body for other schools described in subsection (1) of this section at least once in every school year to require an independent inspection of the school district's or other entity's school facilities to determine whether those school facilities comply with codes addressing safety and health standards for facilities, including electrical, plumbing, mechanical, elevator, fire safety, boiler safety, life safety, structural, snow loading, and sanitary codes, adopted by or pursuant to the Idaho building-code—advisory uniform school building safety act, chapter 42 80, title 39, Idaho Code, adopted by the state fire marshal, adopted by generally applicable local ordinances, or adopted by rule of the state board of education and applicable to school facilities. The inspection shall be done pursuant to section 39-42 80, title 39, Idaho Code, or by an independent inspector professionally qualified to conduct inspections under the applicable code. The results of the inspection shall be presented to the board of trustees or other governing body for their review and consideration.

(3) Abatement required -- Reporting. The board of trustees or other governing body shall, in their sole discretion, accept or reject the results of the inspection in whole or in part and in so doing shall identify any unsafe or unhealthy conditions in the school district or other entity. The board of trustees or other governing body shall require that the unsafe or unhealthy conditions be abated and shall instruct the school district's or other entity's personnel to take necessary steps to abate unsafe or unhealthy conditions. The board of trustees or other governing body must issue a report in the same school year in which the inspections are made declaring whether any unsafe or unhealthy conditions identified have not been abated. The state board of education may, by rule, provide for uniform reporting of unsafe and unhealthy conditions and for uniform reporting of abatement or absence of abatement of unsafe and unhealthy conditions.

(4) Costs of and plan of abatement. If the school district or other entity described in subsection (1) of this section can abate all unsafe or unhealthy conditions identified with the funds available to the school district or other entity, it shall do so, and it need not separately account for the costs of abatement nor segregate funds expended for abatement. If the school district or other entity cannot abate all unsafe or unhealthy conditions identified with the funds available to it, the board of trustees or other governing body shall direct that a plan of abatement be prepared. The plan of abatement shall provide a timetable that shall begin no later than the following school year and that shall provide for abatement with all deliberate speed of unsafe and unhealthy conditions identified. The school district or other entity shall immediately begin to implement its plan of abatement and must separately account for its costs of abatement of unsafe and unhealthy conditions and separately segregate funds for the abatement of unsafe and unhealthy conditions as required by subsection (5) of this section.

(5) Special provisions for implementation of plan of abatement.
   (a) Notwithstanding any other provisions of law concerning expenditure of lottery moneys distributed to the school district or other entity, all lottery moneys provided to the school district or other entity for a school year in which the school district cannot abate unsafe or unhealthy conditions identified and not legally encumbered
to other uses at the time and all lottery moneys for following school years shall be segregated and expended exclusively for abatement of unsafe and unhealthy conditions identified until all of the unhealthy and unsafe conditions identified are abated, provided, if the school district has obtained a loan from the safety and health revolving loan and grant fund, the provisions of section 33-1017, Idaho Code, and the conditions of the loan shall determine the use of the school district's lottery moneys during the term of the loan.

(b) If the lottery moneys referred to in paragraph (a) of this subsection will, in the board of trustees' or other governing bodies' estimation, be insufficient to abate the unsafe and unhealthy conditions identified, the plan of abatement shall identify additional sources of funds to complete the abatement of the unsafe and unhealthy conditions. The board of trustees may choose from among the following sources, or from other sources of its own identification, but the plan of abatement must identify sufficient sources of funds for abatement.

(i) If the school district is not levying under chapter 8, title 33, Idaho Code, at the maximum levies allowed by law for levies that may be imposed by a board of trustees without an election, the board of trustees may increase any of those levies as allowed by law for the school year following the school year in which it was unable to abate unsafe or unhealthy conditions identified.

(ii) If the school district is levying under chapter 8, title 33, Idaho Code, at the maximum levies allowed by law for levies that may be imposed by the board of trustees without an election; or, if after increasing those levies to the maximum levies allowed by law for levies that may be imposed by the board of trustees without an election, there will still be insufficient funds to abate unsafe or unhealthy conditions identified, the school district, after giving notice and conducting a hearing, may declare a financial emergency and/or may apply for a loan or, if eligible, an interest grant from the safety and health revolving loan and grant fund as provided in section 33-1017, Idaho Code, to obtain funds to abate the unsafe or unhealthy conditions identified.

(iii) Upon the declaration of a financial emergency, the board of trustees shall have the power to impose a reduction in force, to freeze some or all salaries in the school district, and/or to suspend some or all contracts that may be legally suspended upon the declaration of a financial emergency; provided, that when a board of trustees declares a financial emergency, or when a declaration of a financial emergency is imposed by the state treasurer pursuant to section 33-1017, Idaho Code, and there is a reduction in force, some or all salaries are frozen, or some contracts are suspended, the payments to the school district under the foundation program of chapter 10, title 33, Idaho Code, and in particular the staff allowances under that chapter, shall not be reduced during the duration of the financial emergency as a result of a reduction in force, frozen salaries, or suspended salaries from what the staff allowance would be without the reduction in force, frozen salaries or suspended contracts.
(c) All costs of abatement for a program implementing plans of abatement under subsection (5) of this section must be separately accounted for and documented with regard to abatement of each unsafe or unhealthy condition identified. Funds obtained under section 33-1017, Idaho Code, must be used exclusively to abate unsafe or unhealthy conditions identified. Funds obtained pursuant to section 33-1017, Idaho Code, in excess of funds necessary to abate unsafe or unhealthy conditions identified must be returned as provided in section 33-1017, Idaho Code. Return of these funds shall be judicially enforceable as provided in section 33-1017, Idaho Code.

SECTION 4. That Section 39-8003, Idaho Code, be, and the same is hereby amended to read as follows:

39-8003. SCOPE. This act shall apply to all facilities, existing now or constructed in the future, that are owned, leased or used for educational purposes by public school districts, charter schools, or a school for children in any grades kindergarten through twelve (12) that is operated by the state of Idaho receiving state funding. The authority granted under this act shall not prohibit local governments from acting to enforce applicable building and fire codes.

SECTION 5. That Section 39-8008, Idaho Code, be, and the same is hereby amended to read as follows:

39-8008. ADDITIONAL DUTIES OF ADMINISTRATOR -- RIGHT OF INSPECTION -- POSTING. (1) The administrator shall have authority to enter all public school facilities covered by this chapter at reasonable times and inspect such facilities for compliance with the Idaho uniform school building safety code.

(2) If the administrator finds a violation of the Idaho uniform school building safety code that he concludes does not constitute an imminent safety hazard, he shall notify in writing the school district superintendent, principal, board member, or other person in charge.

(3) If the administrator finds a violation of the Idaho uniform school building safety code that he concludes constitutes an imminent safety hazard, he shall immediately notify the department of administration and request that the department of administration designate a licensed professional to independently evaluate the condition prior to taking any action or issuing any report under this chapter. The department of administration shall, within two (2) working days, designate a licensed professional to independently evaluate the condition identified. That licensed professional shall, within fourteen (14) days, complete its independent evaluation of the condition identified by the administrator and notify the director of the department of administration of its conclusions. If the administrator determines that the condition constituting an imminent safety hazard could reasonably be expected to cause death or serious physical harm before the evaluation of the department of administration can be completed and before the condition can be eliminated, he shall determine the extent of the area where such condition exists and thereupon shall issue a written order or notice requiring the school district superintendent, principal, board member or other person in charge to cause all persons, except those necessary to eliminate the condition, to be withdrawn from, and to be restrained from
entering, such area pending the evaluation of the department of administration. This order shall be withdrawn if the evaluation of the department of administration does not concur with the administrator that the condition constitutes an imminent safety hazard as could reasonably be expected to cause death or serious physical harm before the condition can be eliminated.

(4) If the department of administration agrees with the determination of the administrator that a condition identified constitutes an imminent safety hazard, the department of administration shall, within three (3) working days, so notify the administrator in writing.

(5) Upon receipt of such notification in writing, the administrator shall immediately serve, or cause to be served, written notice or order upon the school district superintendent, principal, board member or other person in charge describing the imminent safety hazard. The administrator shall also notify in writing the state superintendent of public instruction of such imminent safety hazard. Upon receipt of such written notice or order, the school district superintendent, principal, board member, or other person in charge shall require all changes necessary to eliminate the imminent safety hazard be made, without delay and within the time specified by the administrator in the notice or order. If the condition presenting an imminent safety hazard is not corrected within the specified time, or if the administrator determines that the condition constituting such imminent safety hazard could reasonably be expected to cause death or serious physical harm before the condition can be eliminated, if he has not previously done so he shall determine the extent of the area where such condition exists and thereupon shall issue an order or notice requiring the school district superintendent, principal, board member, or other person in charge to cause all persons, except those necessary to eliminate the condition, to be withdrawn from, and to be restrained from entering, such area. The school district superintendent, principal, board member, or other person in charge shall assist the administrator as necessary to post such areas to prevent injury.

(6) The administrator shall follow up on the school district's progress in addressing any identified imminent safety hazard to ensure that appropriate corrective action was taken. The administrator may extend the time for completing corrective action if he deems necessary.

(7) Upon completion of corrective action and verification of such completion by the division of building safety and the department of administration, the administrator shall provide a report to the state superintendent of public instruction, the local superintendent of schools and the chair of the local school board.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 10, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 15, Title 10, Idaho Code, and to read as follows:

CHAPTER 15
UNIFORM FOREIGN-MONEY CLAIMS ACT

10-1501. DEFINITIONS. As used in this chapter:
(1) "Action" means a judicial proceeding or arbitration in which a payment in money may be awarded or enforced with respect to a foreign-money claim.
(2) "Bank-offered spot rate" means the spot rate of exchange at which a bank will sell foreign money at a spot rate.
(3) "Conversion date" means the banking day next preceding the date on which money, in accordance with this chapter, is:
   (i) Paid to a claimant in an action or distribution proceeding;
   (ii) Paid to the official designated by law to enforce a judgment or award on behalf of a claimant; or
   (iii) Used to recoup, set-off or counterclaim in different moneys in an action or distribution proceeding.
(4) "Distribution proceeding" means a judicial or nonjudicial proceeding for the distribution of a fund in which one (1) or more foreign-money claims is asserted and includes an accounting, an assignment for the benefit of creditors, a foreclosure, the liquidation or rehabilitation of a corporation or other entity, and the distribution of an estate, trust or other fund.
(5) "Foreign money" means money other than money of the United States of America.
(6) "Foreign-money claim" means a claim upon an obligation to pay, or a claim for recovery of a loss, expressed in or measured by a foreign money.

(7) "Money" means a medium of exchange for the payment of obligations or a store of value authorized or adopted by a government or by inter-governmental agreement.

(8) "Money of the claim" means the money determined as proper pursuant to section 10-1504, Idaho Code.

(9) "Person" means an individual, a corporation, government or governmental subdivision or agency, business trust, estate, trust, joint venture, partnership, association, two (2) or more persons having a joint or common interest, or any other legal or commercial entity.

(10) "Rate of exchange" means the rate at which money of one (1) country may be converted into money of another country in a free financial market convenient to or reasonably usable by a person obligated to pay or to state a rate of conversion. If separate rates of exchange apply to different kinds of transactions, the term means the rate applicable to the particular transaction giving rise to the foreign-money claim.

(11) "Spot rate" means the rate of exchange at which foreign money is sold by a bank or other dealer in foreign exchange for immediate or next day availability or for settlement by immediate payment in cash or equivalent, by charge to an account, or by an agreed delayed settlement not exceeding two (2) days.

(12) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or insular possession subject to the jurisdiction of the United States.

10-1502. SCOPE. (a) This chapter applies only to a foreign-money claim in an action or distribution proceeding.

(b) This chapter applies to foreign-money issues even if other law under the conflict of laws rules of this state applies to other issues in the action or distribution proceeding.

10-1503. VARIATION BY AGREEMENT. (a) The effect of this chapter may be varied by agreement of the parties made before or after commencement of an action or distribution proceeding or the entry of judgment.

(b) Parties to a transaction may agree upon the money to be used in a transaction giving rise to a foreign-money claim and may agree to use different moneys for different aspects of the transaction. Stating the price in a foreign money for one (1) aspect of a transaction does not alone require the use of that money for other aspects of the transaction.

10-1504. DETERMINING MONEY OF THE CLAIM. (a) The money in which the parties to a transaction have agreed that payment is to be made is the proper money of the claim for payment.

(b) If the parties to a transaction have not otherwise agreed, the proper money of the claim, as in each case may be appropriate, is the money:

(1) Regularly used between the parties as a matter of usage or course of dealing;

(2) Used at the time of a transaction in international trade, by trade usage or common practice, for valuing or settling transactions
in the particular commodity or service involved; or
(3) In which the loss was ultimately felt or will be incurred by the party claimant.

10-1505. DETERMINING AMOUNT OF THE MONEY OF CERTAIN CONTRACT CLAIMS. (a) If an amount contracted to be paid in a foreign money is measured by a specified amount of a different money, the amount to be paid is determined on the conversion date.

(b) If an amount contracted to be paid in a foreign money is to be measured by a different money at the rate of exchange prevailing on a date before default, that rate of exchange applies only to payments made within a reasonable time after default, not exceeding thirty (30) days. Thereafter, conversion is made at the bank-offered spot rate on the conversion date.

(c) A monetary claim is neither usurious nor unconscionable because the agreement on which it is based provides that the amount of the debtor's obligation to be paid in the debtor's money, when received by the creditor, must equal a specified amount of the foreign money of the country of the creditor. If, because of unexcused delay in payment of a judgment or award, the amount received by the creditor does not equal the amount of the foreign money specified in the agreement, the court or arbitrator shall amend the judgment or award accordingly.

10-1506. ASSERTING AND DEFENDING FOREIGN-MONEY CLAIM. (a) A person may assert a claim in a specified foreign money. If a foreign-money claim is not asserted, the claimant makes the claim in United States dollars.

(b) An opposing party may allege and prove that a claim, in whole or in part, is in a different money than that asserted by the claimant.

(c) A person may assert a defense, set-off, recoupment or counter-claim in any money without regard to the money of other claims.

(d) The determination of the proper money of the claim is a question of law.

10-1507. JUDGMENTS AND AWARDS ON FOREIGN-MONEY CLAIMS -- TIMES OF MONEY CONVERSION -- FORM OF JUDGMENT. (a) Except as provided in subsection (c) of this section, a judgment or award on a foreign-money claim must be stated in an amount of the money of the claim.

(b) A judgment or award on a foreign-money claim is payable in that foreign money or, at the option of the debtor, in the amount of United States dollars which will purchase that foreign money on the conversion date at a bank-offered spot rate.

(c) Assessed costs must be entered in United States dollars.

(d) Each payment in United States dollars must be accepted and credited on a judgment or award on a foreign-money claim in the amount of the foreign money that could be purchased by the dollars at a bank-offered spot rate of exchange at or near the close of business on the conversion date for that payment.

(e) A judgment or award made in an action or distribution proceeding on both (i) a defense, set-off, recoupment or counterclaim and (ii) the adverse party's claim, must be netted by converting the money of the smaller into the money of the larger, and by subtracting the smaller from the larger, and specify the rates of exchange used.

(f) A judgment substantially in the following form complies with
subsection (a) of this section:

IT IS ADJUDGED AND ORDERED, that Defendant (insert name) pay to Plaintiff (insert name) the sum of (insert amount in the foreign money) plus interest on that sum at the rate of (insert rate - see section 10-1509, Idaho Code) percent a year or, at the option of the judgment debtor, the number of United States dollars which will purchase the (insert name of foreign money) with interest due, at a bank-offered spot rate at or near the close of business on the banking day next before the day of payment, together with assessed costs of (insert amount) United States dollars.

(g) If a contract claim is of the type covered by section 10-1505(a) or (b), Idaho Code, the judgment or award must be entered for the amount of money stated to measure the obligation to be paid in the money specified for payment or, at the option of the debtor, the number of United States dollars which will purchase the computed amount of the money of payment on the conversion date at a bank-offered spot rate.

(h) A judgment must be filed with the district court, and recorded with the county recorder, in foreign money in the same manner, and has the same effect as a lien, as other judgments. It may be discharged by payment.

10-1508. CONVERSIONS OF FOREIGN MONEY IN DISTRIBUTION PROCEEDING. The rate of exchange prevailing at or near the close of business on the day the distribution proceeding is initiated governs all exchanges of foreign money in a distribution proceeding. A foreign-money claimant in a distribution proceeding shall assert its claim in the named foreign money and show the amount of United States dollars resulting from a conversion as of the date the proceeding was initiated.

10-1509. PREJUDGMENT AND JUDGMENT INTEREST. (a) With respect to a foreign-money claim, recovery of prejudgment or preaward interest and the rate of interest to be applied in the action or distribution proceeding, except as provided in subsection (b) of this section, are matters of the substantive law governing the right to recovery under the conflict-of-laws rules of this state.

(b) The court or arbitrator shall increase or decrease the amount of prejudgment or preaward interest otherwise payable in a judgment or award in foreign money to the extent required by the law of this state governing a failure to make or accept an offer of settlement or offer of judgment, or conduct by a party or its attorney causing undue delay or expense.

(c) A judgment or award on a foreign-money claim bears interest at the rate applicable to judgments of this state.

10-1510. ENFORCEMENT OF FOREIGN JUDGMENTS. (a) If an action is brought to enforce a judgment of another jurisdiction expressed in a foreign money and the judgment is recognized in this state as enforceable, the enforcing judgment must be entered as provided in section 10-1507, Idaho Code, whether or not the foreign judgment confers an option to pay in an equivalent amount of United States dollars.

(b) A foreign judgment may be filed in accordance with any rule or
statute of this state providing a procedure for its recognition and enforcement.

(c) A satisfaction or partial payment made upon the foreign judgment, on proof thereof, must be credited against the amount of foreign money specified in the judgment, notwithstanding the entry of judgment in this state.

(d) A judgment entered on a foreign-money claim only in United States dollars in another state must be enforced in this state in United States dollars only.

10-1511. DETERMINING UNITED STATES DOLLAR VALUE OF FOREIGN-MONEY CLAIMS FOR LIMITED PURPOSES. (a) Computations under this section are for the limited purposes of the section and do not affect computation of the United States dollar equivalent of the money of the judgment for the purpose of payment.

(b) For the limited purpose of facilitating the enforcement of provisional remedies in an action, the value in United States dollars of assets to be seized or restrained pursuant to a writ of attachment, garnishment, execution or other legal process, the amount of United States dollars at issue for assessing costs, or the amount of United States dollars involved for a surety bond or other court required undertaking, must be ascertained as provided in subsections (c) and (d) of this section.

(c) A party seeking process, costs, bond or other undertaking under subsection (b) of this section shall compute in United States dollars the amount of the foreign money claimed from a bank-offered spot rate prevailing at or near the close of business on the banking day next preceding the filing of a request or application for the issuance of process or for the determination of costs, or an application for a bond or other court required undertaking.

(d) A party seeking the process, costs, bond or other undertaking under subsection (b) of this section shall file with each request or application an affidavit or certificate executed in good faith by its counsel or a bank officer, stating the market quotation used and how it was obtained, and setting forth the calculation. Affected court officials incur no liability, after a filing of the affidavit or certificate, for acting as if the judgment were in the amount of United States dollars stated in the affidavit or certificate.

10-1512. EFFECT OF CURRENT REVALORIZATION. (a) If, after an obligation is expressed or a loss is incurred in a foreign money, the country issuing or adopting that money substitutes a new money in place of that money, the obligation or the loss is treated as if expressed or incurred in the new money at the rate of conversion the issuing country establishes for the payment of like obligations or losses denominated in the former money.

(b) If substitution under subsection (a) of this section occurs after a judgment or award is entered on a foreign-money claim, the court or arbitrator shall amend the judgment or award by a like conversion of the former money.

10-1513. SUPPLEMENTARY GENERAL PRINCIPLES OF LAW. Unless displaced by particular provisions of this chapter, the principles of law and equity, including the law merchant, and the law relative to capacity to
contract, principal and agent, estoppel, fraud, misrepresentation, duress, coercion, mistake, bankruptcy, or other validating or invalidating causes supplement its provisions.

10-1514. UNIFORMITY OF APPLICATION AND CONSTRUCTION. This chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

10-1515. SHORT TITLE. This chapter may be cited as the "Uniform Foreign-Money Claims Act."

10-1516. SEVERABILITY. The provisions of this chapter are hereby declared to be severable and if any provision of this chapter or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of the remaining portions of this chapter.

10-1517. TRANSITIONAL PROVISION. This chapter applies to actions and distribution proceedings commenced after its effective date.

SECTION 2. This act shall be in full force and effect on and after July 1, 2001.

The title to all property sold on contract shall be retained in the name of the county until full payment has been made by the purchaser. However, the purchaser shall be responsible for payment of all property taxes during the period of the contract.

(4) Any sale of property by the county shall vest in the purchaser all of the right, title and interest of the county in the property, including all delinquent taxes which have become a lien on the property since the date of issue of the tax deed, if any.

If, after thirty (30) days' written notice, an adjoining property owner or owners do not desire to purchase the odd-lot property, the board of county commissioners may sell the property to any other interested party for not less than the appraised value. When a sale of odd-lot property is agreed to, a public advertisement of the pending sale shall be published in one (1) edition of the newspaper as defined in subsection (1) of this section, and the public shall have fifteen (15) days to object to the sale in writing. The board of county commissioners shall make the final determination regarding the sale of odd-lot property in an open meeting.

located or the governing body of the city in which the facility is located; or as provided by county or city ordinance.

The provisions of this section shall not be construed as a limitation upon the authority of the state of Idaho, a county or a city of this state to incarcerate, detain or place a person convicted of an offense committed against the laws of the United States, a territory of the United States, another state or a political subdivision thereof in a correctional facility, county jail or other governmental detention facility in this state pursuant to the laws of the United States, the state of Idaho or other applicable law.

If the prisoner is confined in this state in a facility operated by, or pursuant to a state contract with, the department of correction for any period of time prior to transfer back to the out-of-state jurisdiction, the private contractor will be financially responsible for reimbursing the department at the per diem cost of confinement for the duration of that incarceration. CHAPTER 56
IDAHO DRUG COURT ACT

19-5601. SHORT TITLE. This chapter shall be known and may be cited as the "Idaho Drug Court Act."

19-5602. STATEMENT OF POLICY. The legislature finds that:

1. Substance abuse is a contributing cause for much of the crime in Idaho, costs millions of dollars in productivity, contributes to the ever increasing jail and prison populations and adversely impacts Idaho children;

2. Drug courts which closely supervise, monitor, test and treat substance abusers have proven effective in certain judicial districts in Idaho and in other states in reducing the incidence of drug use, drug addiction, and crimes committed as a result of drug use and drug addiction. Successful drug courts are based on partnerships among the courts, law enforcement, corrections and social welfare agencies;

3. It is in the best interests of the citizens of this state to expand the use of drug courts in Idaho.

The goals of the drug courts created by this chapter are to reduce the overcrowding of jails and prisons, to reduce alcohol and drug abuse and dependency among criminal and juvenile offenders, to hold offenders accountable, to reduce recidivism, and to promote effective interaction and use of resources among the courts, justice system personnel and community agencies.

19-5603. DRUG COURT -- ESTABLISHMENT. The district court in each county may establish a drug court which shall include a regimen of graduated sanctions and rewards, substance abuse treatment, close court monitoring and supervision of progress, educational or vocational counseling as appropriate, and other requirements as may be established by the district court, in accordance with standards developed by the Idaho supreme court drug court coordinating committee.

19-5604. ELIGIBILITY. No person has a right to be admitted into drug court. The drug court in each county shall determine the eligibility of persons who may be admitted into drug court except that each candidate, prior to being admitted, must undergo: (a) a substance abuse assessment; and (b) a criminogenic risk assessment. No person shall be eligible to participate in drug court if any of the following apply:

1. The person is currently charged with, has pled or has been adjudicated or found guilty of, a felony crime of violence or a felony crime in which the person used either a firearm or a deadly weapon or instrument.

2. The person is currently charged with, or has pled or been found guilty of, a felony in which the person committed, attempted to commit, conspired to commit, or intended to commit a sex offense.

19-5605. DRUG COURT EVALUATION. The district court of each county which has implemented a drug court program shall annually evaluate the program's effectiveness and provide a report to the supreme court as requested. A report evaluating the effectiveness of drug courts in the state shall be submitted to the governor and to the legislature by the first day of the legislative session each year.
19-5606. IMPLEMENTATION OF DRUG COURTS. The supreme court shall establish a drug court coordinating committee consisting of judges, court administrators, drug court coordinators, prosecuting attorneys, public defenders, state and county probation officers, treatment providers, representatives of the department of correction, the department of education, the commission of pardons and parole, the department of health and welfare, the department of juvenile corrections, the Idaho state police, the Idaho transportation department, legislators, a representative of the governor's office, law enforcement officers, mental health professionals, and others, which shall establish a drug court implementation plan and oversee ongoing drug court programs. The implementation plan shall include a strategy to forge partnerships among drug courts, public agencies, and community-based organizations to enhance drug court effectiveness. The committee shall also develop guidelines for drug courts addressing eligibility, identification and screening, assessment, treatment and treatment providers, case management and supervision, and evaluation. The coordinating committee shall also solicit specific drug court plans, and recommend funding priorities and decisions per judicial district; pursue all available alternate funding; provide technical assistance, develop procedural manuals, and schedule training opportunities for the drug court teams; design an evaluation strategy, including participation in the statewide substance abuse evaluation plan; and design an automated drug court management information system, which promotes information sharing with other entities.

19-5607. DRUG COURT FUNDING. Subject to the appropriation power of the legislature, the supreme court shall be responsible for administering, allocating and apportioning all appropriations from the legislature for drug courts.

SECTION 2. That Chapter 32, Title 31, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 31-3201E, Idaho Code, and to read as follows:

31-3201E. PARTICIPANT FEES -- DRUG COURT FUND. Each person admitted into a drug court shall pay a drug court fee in an amount not to exceed three hundred dollars ($300) per month or lesser amount as set by the administrative district judge for participants in the drug court. For good cause, the judge presiding over a drug court may exempt a participant from paying all or a portion of the drug court fee. The fee imposed under this section shall be paid to the clerk of the district court for deposit into the county drug court fund which is hereby created in each county which has a drug court. SECTION 1. (1) The Legislature finds that a balanced, competitive multimodal transportation system is required to maintain the state's economy and the efficient flow of commerce. The state's freight rail system, including mainlines, branch lines, short lines, rail corridors, terminals, yards and equipment are important elements of this multimodal system. Idaho's economy relies heavily upon the freight rail system to ensure movement of the state's agricultural, mineral, lumber and wood, chemical and other natural resources and manufactured products to local, national and international markets and thereby contributes to the economic vitality of the state.

(2) Since 1975, Idaho has lost over one-third of its rail miles to abandonment. The combination of rail abandonment and rail system capacity constraints may alter the delivery to market of many commodities. In addition, the resultant motor vehicle freight traffic increases the burden on state highways and local roads. In some cases, the costs of maintaining and upgrading state highways and local roads may exceed the costs of maintaining rail freight service. Thus, the economy of the state and the competitiveness of Idaho's freight shippers will be best served by a policy of maintaining and encouraging a healthy rail freight system by creating mechanisms that keep rail freight lines operating if the benefits of the service outweigh the costs.

(3) The state, counties, local communities, ports, railroads, labor
and rail shippers all benefit from continuation of rail service. Lines that provide benefits to the state and local jurisdictions and rail freight shippers, such as competitive transportation services, avoided roadway costs, reduced highway traffic, economic development potential, environmental protection, and safety, should be assisted through the joint efforts of the state, local jurisdictions and the private sector. (4) Recognizing the implications of this trend for the state's overall transportation infrastructure and the state's economic future, the Legislature finds that rail line preservation, financial assistance from the state and continued state rail planning are necessary to maintain and improve the freight rail system within the state.

SECTION 2. That Title 49, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 29, Title 49, Idaho Code, and to read as follows:

CHAPTER 29
RAIL SERVICE PRESERVATION PROGRAM

49-2901. RAIL SERVICE PRESERVATION PROGRAM. (1) The Idaho rail service preservation program is hereby established. The Idaho transportation board is designated and authorized to administer the Idaho rail service preservation program.

(2) State funding for rail service preservation projects shall benefit the state's interest. The state's interest is served by maintaining competitive transportation services for Idaho freight shippers, reducing public roadway maintenance and repair costs, increasing economic development opportunities, increasing domestic and international trade, preserving jobs, and enhancing safety. State funding for projects is contingent upon appropriate private sector participation and cooperation. Before spending state moneys on projects, the Idaho transportation board shall seek federal, local and private funding and participation to the greatest extent possible. Whenever possible, the board shall seek to assist a private sector solution for the implementation of this chapter.

49-2902. DUTIES OF THE BOARD. (1) The Idaho transportation board shall monitor the status of the state's mainline, short line and branch line common carrier railroads through the state rail planning process and various analyses, and shall seek alternatives to abandonment prior to the federal surface transportation board proceedings, where feasible.

(2) The board shall establish criteria for evaluating rail projects of significance to the state, and shall continue to monitor projects for which it provides assistance.

(3) The board shall develop criteria for prioritizing freight rail projects that meet the minimum eligibility requirements for state assistance. Project criteria should consider the level of local financial commitment to the project as well as the cost/benefit ratio. Railroads, shippers and others who benefit from the project should participate financially to the greatest extent practicable.

(4) The board shall ensure that the state maintains a contingent interest in any equipment, property, rail line, or facility that has outstanding grants or loans. The owner shall not use the line as collateral, remove track, bridges or associated elements for salvage, or use it in any other manner subordinating the state's interest without per-
mission from the board. As the state is not a primary lender of money, it is understood the state may need to take a subordinate position for its contingent interest.

49-2903. RAIL SERVICE PRESERVATION FUND. (1) The rail service preservation fund is hereby created in the state treasury. The Idaho transportation board is authorized to administer the rail service preservation fund. Moneys in the fund shall be used only for the purposes specified in this section.

(2) Moneys in the fund are subject to appropriation and may consist of appropriations, grants and other revenues from any other sources.

(3) Moneys in the fund may be used by the board for loans or grants for qualified rail lines upon terms and conditions to be determined by the board as appropriate, for the purpose of:
   (a) Rebuilding, rehabilitating, or improving rail lines to preserve essential local rail service;
   (b) Purchasing or rehabilitating railroad equipment necessary to maintain essential rail service;
   (c) Construction of loading or reloading facilities or other capital improvements to increase business on light density lines, improve service, or mitigate impacts of abandonment on one (1) line by improving service on another line; or
   (d) Financial assistance to class III railroads for the preservation of light density lines as identified by the Idaho transportation board.

(4) For the purposes of this chapter, "qualified lines" means class III short lines, branch lines of class I or class II railroads, and lines owned by public entities including port districts. Definition of class I, II and III railroads shall be as defined by the federal railroad administration.

(5) Moneys received by the board from loan payments or other revenues shall be redeposited in the rail service preservation fund. Repayment of loans made under this chapter shall occur within a period as set by the board, but no repayment which exceeds fifteen (15) years shall be allowed. The repayment schedule and rate of interest, if any, shall be determined before the moneys are distributed.

(6) Moneys distributed under the provisions of this chapter shall be provided as loans whenever practicable, except in circumstances as determined by the board.

49-2904. STATE RAIL PLAN. (1) The Idaho transportation board shall prepare and periodically update a state rail plan, a primary objective of which is to identify, evaluate and encourage the preservation of essential rail services. The plan shall:
   (a) Identify and describe the state's rail system;
   (b) Prepare state rail system maps;
   (c) Identify and evaluate mainline capacity issues in cooperation with the railroads;
   (d) Identify and evaluate rail access and congestion issues;
   (e) Identify and evaluate rail commodity flows and traffic types;
   (f) Identify lines and corridors that have been rail banked or preserved;
   (g) Identify and evaluate other rail issues affecting the state's transportation system and regional and local economies;
(h) Identify and evaluate those rail freight lines that are potentially subject to abandonment in the future because of unmet capital needs or other reasons, or have recently been approved for abandonment but the track improvements are still in place;

(i) Quantify the costs and benefits of maintaining rail service on those lines potentially subject to abandonment in the future; and

(j) Establish priorities for determining which rail lines should receive state support. The priorities should include the anticipated benefits to the state and local economy, the anticipated cost of road and highway improvements necessitated by the abandonment of the rail line, the likelihood the rail line receiving funding can meet operating costs from freight charges, surcharges on rail traffic and other funds, and the impact of abandonment or capacity constraints on changes in energy utilization and air pollution.

(2) The state rail plan may be prepared in conjunction with any rail plan currently prepared by the Idaho transportation department pursuant to other federal rail assistance programs, or which may be enacted, including if applicable, the federal local rail freight assistance program.

SECTION 3. That Section 62-424, Idaho Code, be, and the same is hereby amended to read as follows:

62-424. HEARING ON ABANDONMENT. (1) Whenever any railroad proposes to abandon any branch line or main line now in operation within the state of Idaho, the railroad shall file notice of the intended abandonment with the public utilities commission. The public utilities commission shall schedule a public hearing on the proposed abandonment. If the hearing results in a finding by the commission that the abandonment of the branch line or main line would adversely affect the area then being served and that there is reason to believe that the closure would impair the access of Idaho communities to vital goods and services and market access to those communities and that the line has potential for profitability, then the public utilities commission shall transmit a report of its findings to the United States surface transportation board on behalf of the people of the state of Idaho.

(2) The Idaho public utilities commission shall continue to intervene in federal surface transportation board abandonment proceedings when necessary to protect the state's interest.

Approved April 9, 2001.

CHAPTER 350
(H.B. No. 339)

AN ACT
RELATING TO LARGE SWINE AND POULTRY FEEDING OPERATIONS; AMENDING SECTION 39-104A, IDAHO CODE, TO PROVIDE THAT THOSE SWINE FACILITIES DESCRIBED IN SECTION 39-7905, IDAHO CODE, SHALL MEET THE REQUIREMENTS OF SECTION 39-7907, IDAHO CODE, AND THE RULES OF THE DEPARTMENT OF ENVIRONMENTAL QUALITY REGULATING SWINE AND POULTRY FACILITIES PRIOR TO THE ISSUANCE OF A FINAL PERMIT BY THE DIRECTOR, TO PROVIDE FOR FACILITY REQUIREMENTS AND TO MAKE TECHNICAL CORRECTIONS; AMENDING SECTION 39-7907, IDAHO CODE, TO PROVIDE MINIMUM SETBACK DISTANCES FOR SWINE FACILITIES; AND DECLARING AN EMERGENCY.
Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 39-104A, Idaho Code, be, and the same is hereby amended to read as follows:

39-104A. AUTHORITY TO MAKE RULES REGULATING LARGE SWINE AND POULTRY FEEDING OPERATIONS — FINANCIAL ASSURANCES. (1) The state of Idaho is experiencing the development of large swine and poultry feeding operations which are inadequately controlled through existing state regulatory mechanisms. If not properly regulated, these facilities pose a threat to the state’s surface and ground water resources. Due to existing rulemaking authority, the division department of environmental quality is in the best position of all state agencies to modify its present rules and to make new rules to develop an adequate regulatory framework for large swine and poultry feeding operations.

(2) The division department of environmental quality is authorized to modify its existing administrative rules and to make new rules regulating large swine and poultry feeding operations, as they shall be defined by the division department. The division department is authorized to work with the Idaho department of agriculture in the development of such rules.

(3) Owners and operators of swine and poultry facilities required to obtain a permit from the division department of environmental quality to construct, operate, expand or close the facilities shall provide financial assurances demonstrating financial capability to meet requirements for operation and closure of the facilities and remediation. Requirements for financial assurances shall be determined by the agency as set forth in rule. Financial assurances may include any mechanism or combination of mechanisms meeting the requirements established by agency rule including, but not limited to, surety bonds, trust funds, irrevocable letters of credit, insurance and corporate guarantees. The mechanism(s) used to demonstrate financial capability must be legally valid, binding and enforceable under applicable law and must ensure that the funds necessary to meet the costs of closure and remediation will be available whenever the funds are needed. The director may retain financial assurances for up to five (5) years after closure of a facility to ensure proper closure and remediation, as defined by rule.

(4) Those swine facilities described in section 39-7905, Idaho Code, shall meet the requirements of section 39-7907, Idaho Code, in addition to the requirements of this chapter and the department of environmental quality’s rules regulating swine and poultry facilities, prior to the issuance of a final permit by the director. The director shall require that swine facilities be constructed in a phased manner over a period of time and that no additional facilities be constructed until the director approves the associated waste treatment system. The director may require that poultry facilities be constructed in a phased manner over a period of time and that no additional facilities be constructed until the director approves the associated waste treatment system.

(5) Nothing in this section prohibits the boards of county commissioners of any county or the governing body of any city from adopting regulations that are more stringent or that require greater financial assurances than those imposed by the division department of environmental quality. A board of county commissioners of a county or a governing
body of a city in which a swine or poultry facility is located may choose to determine whether the facility is properly closed according to imposed standards or may leave that determination to the division department. This choice shall be communicated to the director in writing when closure begins; provided that determinations of closure by a board of county commissioners of a county or a governing body of a city in which the swine or poultry facility is located shall not permit closure under less stringent requirements than those imposed by the division department.

(56) As used in this section:
(a) "Animal unit" means a unit equaling two and one-half (2.5) swine, each weighing over twenty-five (25) kilograms (approximately fifty-five (55) pounds), or ten (10) weaned swine, each weighing under twenty-five (25) kilograms, or one hundred (100) poultry. Total animal units are calculated by adding the number of swine weighing over twenty-five (25) kilograms multiplied by four-tenths (.4) plus the number of weaned swine weighing under twenty-five (25) kilograms multiplied by one-tenth (.1) plus the number of poultry multiplied by one one-hundredth (.01).
(b) "Facilities" or "facility" means a place, site or location or part thereof where swine or poultry are kept, handled, housed or otherwise maintained and includes, but is not limited to, buildings, lots, pens and animal waste management systems, and which has a one-time animal unit capacity of two thousand (2,000) or more animal units.
(c) "Large swine and poultry feeding operations" means swine facilities and poultry facilities having a one-time animal unit capacity of two thousand (2,000) or more animal units.
(d) "One-time animal unit capacity" means the maximum number of animal units that a facility is capable of housing at any given time.

SECTION 2. That Section 39-7907, Idaho Code, be, and the same is hereby amended to read as follows:

39-7907. LOCATION GUIDELINES. This section provides location guidelines for swine facilities regulated by this chapter. Where the location guidelines provide a specific setback distance, that distance is the maximum minimum setback distance that may be imposed. Further setback distances may shall be imposed as circumstances permit require.

(1) A swine facility regulated by this chapter shall not:
(a) Locate its closest waste facility within at least two (2) miles of any occupied residence not owned or leased by the owner or operator of the swine facility;
(b) Land apply liquid animal waste within at least one (1) mile of the nearest corner of an occupied residence not owned or leased by the owner or operator of the swine facility.
(2) The setback distances provided in subsection (1) of this section do not apply if the affected property owner executes a written waiver with the owner or operator of the swine facility, under terms and conditions that the parties may negotiate. The written waiver is effective when recorded in the offices of the recorder of deeds in the county in which the property is located. The recorded waiver shall preclude enforcement of the setback distances contained in subsection (1) of this
section. A change in ownership of the applicable property or change in ownership of the swine facility does not affect the validity of the waiver.

(3) All distances between occupied residences and swine facilities shall be measured from the closest corner of the walls of the occupied residence to the closest point of the nearest waste structure or waste facility, as defined by the director.

(4) No liquid animal waste may be land applied within at least one hundred (100) feet of an existing public or private drinking water well.

(5) The minimum distance from a waste structure or waste facility to a domestic well, public well or public water source shall be at least one (1) mile.

(6) Further, swine facilities shall not be located:

(a) In areas designated by the United States fish and wildlife service or the Idaho department of fish and game as critical habitat for endangered or threatened species of plants, fish or wildlife;

(b) So as to be at variance with any locally adopted land use plan or zoning requirement unless otherwise provided by local law or ordinance. If no land use plan has been adopted by the local government which would have land use jurisdiction pursuant to chapter 65, title 67, Idaho Code, the recommendations of the panel approving a site shall contain an analysis of the requirements and guidelines provided in this chapter. The analysis shall be accompanied by findings and conclusions, entered by the local government with jurisdiction after the local government has held a public hearing in accord with section 67-6509, Idaho Code, that the public interest would be served by locating a swine facility on the site for which approval is sought;

(c) Within no nearer than one (1) mile of to any local, state or national park, or land reserved or withdrawn for scenic or natural use; and

(d) Within no nearer than two (2) miles of to a school, church, hospital or community center.

(7) A swine facility active unit shall not be located:

(a) Within a one hundred (100) year flood plain;

(b) Within five hundred (500) feet upstream of a perennial stream or river;

(c) Within one thousand (1,000) feet of any perennial lake or pond;

(d) So as to cause any measurable impact on water quality limited streams;

(e) Within a wetland;

(f) Within two hundred (200) feet to the property line of adjacent land;

(g) Within two hundred (200) feet of a holocene fault or adjacent to geologic features which could compromise the structural integrity of a swine facility active unit unless the owner or operator demonstrates to the director that an alternative setback distance of less than two hundred (200) feet will prevent damage to the structural integrity of the swine facility unit and will be protective of human health and the environment. For the purposes of this subsection:

(i) "Fault" means a fracture or a zone of fractures in any material along which strata on one (1) side have been displaced with respect to that on the other side;
(ii) "Displacement" means the relative movement of any two (2) sides of a fault measured in any direction;
(iii) "Holocene" means the most recent epoch of the quaternary period, extending from the end of the pleistocene epoch to the present.

(h) Within seismic impact zones, unless the owner or operator demonstrates to the director that all swine facility active units and surface water control systems, are designed to resist the maximum horizontal acceleration in lithified earth material for the site. The owner or operator must place the demonstration in the operating record and notify the director that it has been placed in the operating record. For the purposes of this section:
(i) "Seismic impact zone" means an area with a ten percent (10%) or greater probability that the maximum horizontal acceleration in lithified earth material, expressed as a percentage of the earth's gravitational pull (g), will exceed one-tenth (0.10g) in two hundred fifty (250) years;
(ii) "Maximum horizontal acceleration in lithified earth material" means the maximum expected horizontal acceleration depicted on a seismic hazard map, with a ninety percent (90%) or greater probability that the acceleration will not be exceeded in two hundred fifty (250) years, or the maximum expected horizontal acceleration based on a site-specific seismic risk assessment;
(iii) "Lithified earth material" means all rock, including all naturally occurring and naturally formed aggregates or masses of minerals or small particles of older rock that formed by crystallization of magma or by induration of loose sediments. This term does not include man-made materials, such as fill, concrete and asphalt, or unconsolidated earth materials, soil, or regolith lying at or near the earth's surface.

(i) On any site whose natural state would be considered unstable in that its undisturbed character would not permit establishment of a swine facility without unduly threatening the integrity of the design due to inherent site instability;
(j) Where the integrity of the site would be compromised by the presence of ground water which would interfere with construction or operation of the active unit.

SECTION 3. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

Approved April 9, 2001.

(2) There shall be paid on all commercial vehicles, irrespective of body type, and on all farm vehicles having a maximum gross weight in excess of sixty thousand (60,000) pounds, an annual registration fee in the amount prescribed by subsection (8) of this section, as applicable.

(3) In addition, the annual registration fee for trailers shall be:

(a) Trailer or semitrailer in a combination of vehicles $15.00.
(b) Rental utility trailer with a gross weight of two thousand (2,000) pounds or less $8.00.
(c) Rental utility trailer with a gross weight over two thousand (2,000) pounds $15.00.

(4) As an option to the trailer and semitrailer annual registration, the department may provide extended registration.

(a) For trailers and semitrailers, the optional extended-registration period shall not extend beyond seven (7) years.
(b) The fee shall be fifteen dollars ($15.00) for each year.
(c) The license plate originally issued shall remain on the trailer or semitrailer until the registration expires.
(d) The registration document shall be the official record of the status of the extended registration. No pressure-sensitive valida-
tion sticker shall be required.

(c) For rental utility trailers, the optional registration period shall not extend beyond five (5) years. The fee shall be as specified in subsection (3)(b) or (c) of this section. A pressure-sensitive sticker shall be used to validate the license plate. The license plate shall become void if the owner's interest in the rental utility trailer changes during the five (5) year period. If the owner fails to enter the rental utility trailer on the annual renewal application during the five (5) year period, the registration record shall be purged. Any unrenewed plate shall be returned to the department if it is not entered on the renewal application.

(5) A fleet registration option is available to owners who have twenty-five (25) or more commercial or farm vehicles or any combination thereof. Such owners may register all of their company vehicles with the department in lieu of registering with a county assessor. To qualify the fleet must be owned and operated under the unified control of one (1) person and the vehicles must be physically garaged and maintained in two (2) or more counties. Fleet registration shall not include fleets of rental vehicles. The department shall provide a registration application to the owner and the owner shall provide all information that the department determines is necessary. The department shall devise a special license plate numbering system for fleet-registered vehicles as an alternative to county license plates. The fleet registration application and all subsequent registration renewals shall include the physical address where a vehicle is principally used, garaged and maintained. The fleet owner shall report the physical address to the department upon initial registration, on each renewal, and at any time a vehicle registered under this option is permanently transferred to another location.

(6) If the ownership of a vehicle changes during the registration period, the original owner may transfer the plate to another vehicle. The remaining fee shall be credited against the cost of the new registration. Refunds may be given for any unexpired portion of the vehicle registration fee if the plate is not transferred by the owner to another vehicle. Any request for refund shall include surrender of the license plate, validation sticker and registration document. Owners of vehicles registered under the international registration plan may request a refund of the unexpired portion of the Idaho vehicle registration fee by presenting evidence from the base jurisdiction that the license plate, validation sticker and registration document have been surrendered. A license plate shall not be transferred to another owner when the ownership of a vehicle changes. The owner shall obtain a replacement plate, validation sticker if required, and a registration document when a plate is lost, destroyed or becomes illegible.

(7) An administrative fee of four dollars ($4.00) shall be paid and deposited to the state highway account on all registrations completed by the department under subsection (1) or (8)(a) of this section. Vehicles registered under subsection (8)(b) of this section shall pay the fee provided in section 49-435(2), Idaho Code.

(8) There shall be paid on all commercial and farm vehicles having a maximum gross weight in excess of sixty thousand (60,000) pounds, a registration fee based upon the maximum gross weight of a vehicle as declared by the owner and the total number of miles driven on roads and highways in the state, county, city and highway district systems in Idaho, and if registered under the international registration plan
(IRP), in all other jurisdictions. The appropriate registration fee shall be determined as follows:

(a) If the owner registers vehicles under the international registration plan (IRP), the appropriate mileage column shall be determined by the total miles an owner operated a fleet of vehicles on roads and highways in the state, county, city and highway district systems in Idaho and in all other jurisdictions in the preceding year, as defined in section 49-117, Idaho Code, and by the maximum gross weight of each vehicle within a fleet.

(b) If the owner registers vehicles under the international registration plan and determines that the average international registration plan fleet miles, calculated by dividing the total IRP fleet miles in all jurisdictions by the number of registered vehicles, is less than fifty thousand one (50,001) miles, the owner may apply to the department for refund of a portion of the registration fees paid, consistent with the fee schedules set forth in this section. The department shall provide an application for the refund. An owner making application for refund under this section shall be subject to auditing as provided in section 49-439, Idaho Code.

(c) If the owner is not registering vehicles under the international registration plan, the appropriate mileage column shall be determined by the total miles the owner operated each of the vehicles to be registered on roads and highways in the state, county, city and highway district systems in Idaho in the preceding year and by the maximum gross weight of each vehicle.

(d) Any commercial or farm vehicle registered for more than sixty thousand (60,000) pounds up to one hundred six thousand (106,000) pounds annually on roads and highways in the state, county, city and highway district systems in Idaho shall pay an annual registration fee of two hundred fifty-five dollars ($255). The provisions of section 49-437(2), Idaho Code, shall not apply to vehicles registered under this subsection (8)(d).

(9)(a) During the first registration year that the fee schedule in subsection (8)(c) of this section is in use, an owner shall use the mileage data from the records used to report the mileage use fee in the immediately preceding year as the basis for determining the appropriate registration fee schedule.

(b) Any owner who registers a motor vehicle for the first time and who has no mileage history for the vehicle shall estimate the miles to determine the appropriate fee schedule in subsection (8)(c) of this section. When estimating the miles, the owner shall provide a statement on the application of the method used to arrive at the estimated miles.

(c) Any owner using any fee schedule other than the highest fee schedule under subsection (8)(c) of this section, shall certify at the time of registration that the miles operated in the preceding year do not exceed the schedule applied for. Any owner using a fee schedule under subsection (8)(c) of this section that is less than the highest schedule shall maintain records to substantiate the use of the schedule as required by section 49-439, Idaho Code.

(10) An owner registering under subsection (8)(a) or (8)(c) of this section may elect to pay the full annual registration fee at the time of registration or renewal of registration, or an owner may pay at least one-quarter (1/4) of the annual registration fee due. The remainder of the annual Idaho registration fee shall be paid in three (3) equal installments on dates as billed by the department.

(11) An owner registering or renewing a registration under subsection (8)(a) of this section electing to use installment payments as provided in subsection (10) of this section, shall pay all of the fees due to other IRP jurisdictions in addition to one-quarter (1/4) of the Idaho fee due at the time of registration or reregistration. The remainder of the annual Idaho registration fee shall be paid in three (3) equal installments on dates as billed by the department.

(12) If any vehicle or combinations of vehicles haul nonreducible loads, as authorized under the provisions of section 49-1004, Idaho Code, and weigh less than the starting weights per axle configuration listed in column 1 of subsection (2), section 49-1004, Idaho Code, then in that event there shall be paid for that vehicle, in addition to the other fees required in this section, an additional use fee of 2.1 mills per mile for each two thousand (2,000) pounds or fraction thereof of the maximum gross weight in excess of those set forth in section 49-1001, Idaho Code.

SECTION 2. That Section 17, Chapter 418, Laws of 2000, be, and the same is hereby amended to read as follows:

SECTION 17. LEGISLATIVE INTENT. It is legislative intent that, contingent upon certification by the Secretary of State that he has
received notice from the appropriate court of the Fourth Judicial Dis-
trict that the court has granted final approval of a settlement pursuant
to Case No. CV OC 9700724D, American Trucking Association, et al. v.
State of Idaho, et al., the following provisions setting forth the proc-
ess for transitioning from a combination of registration fees and
weight-distance use fees to a system of registration fees only, shall
take effect as provided herein. These following provisions are both
integral and necessary for the administration and implementation of the
new registration system. It is legislative intent that the following
provisions for vehicle registrations shall be in effect, subject to the
contingencies stated above, from October 1, 2000, through September 30,
2001. Subsection (5) shall continue to be in effect until the expiration
of the applicable limitations period under that subsection.

(1) With regard to registrations for vehicles exceeding sixty thou-
sand pounds gross vehicle weight which expire on December 31, 2000, the
Idaho Transportation Department may accept payment for registration fees
that will become effective on January 1, 2001, beginning October 1,
2000, and the owners of those vehicles shall cease to accrue new liabil-
ity for repealed weight-distance use fees on January 1, 2001, and shall
be liable for the new registration fees on January 1, 2001. An owner
shall pay at least one-quarter of the annual Idaho registration fee due.
The remainder of the annual Idaho registration fee shall be paid in
three equal installments on dates as billed by the department.

(2) With regard to registration under the International Registra-
tion Plan for foreign-based vehicles exceeding sixty thousand pounds
gross vehicle weight which expire in any month beginning October 1,
2000, through September 30, 2001, the owners of those vehicles shall
cease to accrue new liability for the repealed weight-distance use fees
and shall be liable for the new registration fees on the first day of
the month during which their registration is due. Owners of vehicles
whose registration has not yet expired during a given calendar quarter
shall continue to accrue, report and remit the weight-distance use fees
until the quarter in which their registration expires under the repealed
weight-distance statutes.

(3) With regard to registration under the International Registra-
tion Plan for Idaho-based vehicles exceeding sixty thousand pounds gross
vehicle weight which expire in any month beginning October 1, 2000,
through September 30, 2001, the owners of those vehicles shall have the
option of converting from the weight-distance use fee system to the reg-
istration fee only system at the time their registration is scheduled to
expire, or may convert any time during the period from October 1, 2000,
through September 30, 2001. At the time of conversion, the owner shall
pay all weight-distance use fees due and shall pay at least one-quarter
of the annual Idaho registration fee due, less any unexpired portion of
registration fees already paid. The remainder of the annual Idaho regis-
tration fee shall be paid in three equal installments on dates as billed
by the department.

(4) With regard to registration under the International Registra-
tion Plan for Idaho-based vehicles exceeding sixty thousand pounds gross
vehicle weight which are being registered for the first time during the
period from October 1, 2000, through September 30, 2001, the owner shall
pay at least one-quarter of the annual Idaho registration fee and shall
pay all other amounts due and owing to all other jurisdictions in which
the owner intends to operate. The remainder of the annual registration
fee due to Idaho shall be paid in three equal installments on dates as billed by the department.

(5) The Idaho Transportation Department may continue to enforce the repealed statutes addressing payment and collection of weight-distance use fees to audit and collect weight-distance use fees for the limitation period that would be in effect if the weight-distance use fees had not been repealed.

Further, it is legislative intent that for registrations or renewals occurring on and after October 1, 2001, all owners of vehicles exceeding sixty--thousand--pounds gross vehicle weight who are registering in Idaho for the first time, or who are renewing registrations on the registration fee--only system, shall pay the full annual Idaho registration fee at the time of registration or renewal of registration.

SECTION 3. This act shall be in full force and effect on and after October 1, 2001.

Approved April 9, 2001.

(2) There shall be paid on all commercial vehicles, irrespective of body type, and on all farm vehicles having a maximum gross weight in excess of sixty thousand (60,000) pounds, an annual registration fee in the amount prescribed by subsection (8) of this section, as applicable.

   (a) For trailers and semitrailers, the optional extended-registration period shall not extend beyond seven (7) years.
   (b) The fee shall be fifteen dollars ($15.00) for each year.
   (c) The license plate originally issued shall remain on the trailer or semitrailer until the registration expires.

A pressure-sensitive sticker shall be used to validate the license plate. The license plate shall become void if the owner’s interest in the rental utility trailer changes during the five (5) year period. If the owner fails to enter the rental utility trailer on the annual renewal application during the five (5) year period, the registration record shall be purged. Any unexpired plate shall be returned to the department if it is not entered on the renewal application.

(5) A fleet registration option is available to owners who have twenty-five (25) or more commercial or farm vehicles or any combination thereof. The remaining fee shall be credited against the cost of the new registration. Refunds may be given for any unexpired portion of the vehicle registration fee if the plate is not transferred by the owner to another vehicle. Any request for refund shall include surrender of the license plate, validation sticker and registration document. Owners of vehicles registered under the international registration plan may request a refund of the unexpired portion of the Idaho vehicle registration fee by presenting evidence from the base jurisdiction that the license plate, validation sticker and registration document have been surrendered. A license plate shall not be transferred to another owner when the ownership of a vehicle changes. The owner shall obtain a replacement plate, validation sticker if required, and a registration document when a plate is lost, destroyed or becomes illegible.

(7) An administrative fee of four dollars ($4.00) shall be paid and deposited to the state highway account on all registrations completed by the department under subsection (1) or (8)(a) of this section. Vehicles registered under subsection (8)(b) of this section shall pay the fee provided in section 49-435(2), Idaho Code.

(8) There shall be paid on all commercial and farm vehicles having a maximum gross weight in excess of sixty thousand (60,000) pounds, a registration fee based upon the maximum gross weight of a vehicle as declared by the owner and the total number of miles driven on roads and highways in the state, county, city and highway district systems in Idaho, and if registered under the international registration plan (IRP), in all other jurisdictions. The appropriate registration fee shall be determined as follows:

(a) If the owner registers vehicles under the international registration plan (IRP), the appropriate mileage column shall be determined by the total miles an owner operated a fleet of vehicles on roads and highways in the state, county, city and highway district systems in Idaho and in all other jurisdictions in the preceding year, as defined in section 49-117, Idaho Code, and by the maximum gross weight of each vehicle within a fleet.

(b) If the owner registers vehicles under the international registration plan and determines that the average international registration plan fleet miles, calculated by dividing the total IRP fleet miles in all jurisdictions by the number of registered vehicles, is less than fifty thousand one (50,001) miles, the owner may apply to the department for refund of a portion of the registration fees paid, consistent with the fee schedules set forth in this section. The department shall provide an application for the refund. An owner making application for refund under this section shall be subject to auditing as provided in section 49-439, Idaho Code.

(c) If the owner is not registering vehicles under the international registration plan, the appropriate mileage column shall be determined by the total miles the owner operated each of the vehicles to be registered on roads and highways in the state, county, city and highway district systems in Idaho in the preceding year and by the maximum gross weight of each vehicle.

The department shall record the date and time the claim of parental rights is filed with the department. The claim shall be deemed to be duly filed with the department as of the date and time recorded on the claim by the department. To be valid, a claim of parental rights must be filed before an order terminating parental rights is entered by the court. A parent that fails to file a claim of parental rights prior to entry of an order terminating their parental rights is deemed to have abandoned the child and waived and surrendered any right in relation to the child, including the right to notice of any judicial proceeding in connection with the termination of parental rights or adoption of the child. Registration of notice of commencement of paternity proceedings pursuant to chapter 15, title 16, Idaho Code, shall not satisfy the requirements of this section.

(2) Prior to the time set for hearing on the petition to terminate parental rights filed by the department of health and welfare, and prior to entry of an order terminating parental rights by the court, the department of health and welfare shall obtain and file with the court a certificate from the vital statistics unit of the department of health and welfare, signed by the state registrar of vital statistics, which certificate shall state that a diligent search has been made of the registry of claims of parental rights of abandoned children, abandoned pur-
suant to this chapter, and shall set forth the results of that search.

(3) If a claim of parental rights is made before an order terminating parental rights is entered by the court, notice pursuant to section 16-2007, Idaho Code, will be required and the court shall hold the action for involuntary termination of parental rights in abeyance for a period of time not to exceed sixty (60) days unless otherwise ordered by the court. During that period:

(a) The court shall order genetic testing to establish maternity or paternity, at the expense of the person or persons claiming the parental right.

(b) The department of health and welfare shall conduct an investigation pursuant to section 16-2008, Idaho Code, and in those cases where a guardian ad litem has been appointed, the guardian ad litem shall have all rights, powers and duties as provided for in chapter 16, title 16, Idaho Code, and as provided for in chapter 20, title 16, Idaho Code.

(c) When indicated as a result of the investigation, a shelter care hearing shall be conducted by the court in accordance with section 16-1614, Idaho Code, within forty-eight (48) hours, or at an earlier time if ordered by the court, to determine whether the child should remain in the physical custody of the department or be released to a parent or other third party.

(d) Further proceedings shall be conducted as the court determines appropriate. However, where a claim of parental rights is made before an order terminating parental rights is entered by the court, a parent shall not be found to have neglected or abandoned a child placed in accordance with this chapter solely because the child was left with a safe haven.

(4) If there is no showing that a parent has claimed a parental right to the child, the department of health and welfare shall file with the court a certificate from the vital statistics unit of the department of health and welfare, signed by the state registrar of vital statistics, stating that a diligent search has been made of the registry of parental claims for children abandoned pursuant to the provisions of this chapter and that no parental claim has been made. The certificate shall be filed with the court prior to the entrance of the final order of termination of parental rights.

39-8107. REPORT TO LEGISLATURE. The department of health and welfare shall evaluate the program and shall submit a written report on the program, including recommendations for revisions and improvements, to the senate health and welfare committee and the house of representatives health and welfare committee of the legislature of the state of Idaho no later than two (2) years after the effective date of this act.

SECTION 2. That Section 16-1513, Idaho Code, be, and the same is hereby amended to read as follows:

16-1513. REGISTRATION OF NOTICE OF COMMENCEMENT OF PATERNITY PROCEEDINGS. (1) A person who is the father or claims to be the father of a child born out of wedlock may claim rights pertaining to his paternity of the child by commencing proceedings to establish paternity under section 7-1111, Idaho Code, and by filing with the vital statistics unit of the department of health and welfare notice of his commencement of pro-
ceedings to establish his paternity of the child born out of wedlock. The vital statistics unit of the department of health and welfare shall provide forms for the purpose of filing the notice of commencement of paternity proceedings, and the forms shall be made available through the vital statistics unit of the Idaho department of health and welfare and in the office of the county clerk in every county of this state. The forms shall include a written notification that filing pursuant to this section shall not satisfy the requirements of chapter 81, title 39, Idaho Code, and the notification shall also include the following statements:

(a) A parent may make a claim of parental rights of an abandoned child, abandoned pursuant to the provisions of chapter 81, title 39, Idaho Code, as provided by section 39-8106, Idaho Code, by filing a notice of claim of parental rights with the vital statistics unit of the department of health and welfare on a form as prescribed and provided by the vital statistics unit of the department of health and welfare;

(b) The vital statistics unit of the department of health and welfare shall maintain a separate registry for claims to abandoned children, abandoned pursuant to the provisions of chapter 81, title 39, Idaho Code;

(c) The department shall provide forms for the purpose of filing a claim of parental rights of an abandoned child, abandoned pursuant to the provisions of chapter 81, title 39, Idaho Code, and the forms shall be made available through the vital statistics unit of the Idaho department of health and welfare and in the office of the county clerk in every county of this state;

(d) To be valid, a claim of parental rights of an abandoned child, abandoned pursuant to the provisions of chapter 81, title 39, Idaho Code, must be filed before an order terminating parental rights is entered by the court. A parent that fails to file a claim of parental rights prior to entry of an order terminating their parental rights is deemed to have abandoned the child and waived and surrendered any right in relation to the child, including the right to notice of any judicial proceeding in connection with the termination of parental rights or adoption of the child.

(e) Registration of notice of commencement of paternity proceedings pursuant to chapter 15, title 16, Idaho Code, shall not satisfy the requirements of chapter 81, title 39, Idaho Code. To register a parental claim to an abandoned child, abandoned pursuant to the provisions of chapter 81, title 39, Idaho Code, an individual must file an abandoned child registry claim with the vital statistics unit of the department of health and welfare and comply with all other provisions of chapter 81, title 39, Idaho Code, in the time and manner prescribed, in order to preserve parental rights to the child.

When filing a notice of the commencement of paternity proceedings, a person who claims to be the father of a child born out of wedlock, shall file with the vital statistics unit of the department of health and welfare, the completed form prescribed by the vital statistics unit of the department of health and welfare. Said form will be filled out completely, signed by the person claiming paternity, and witnessed before a notary public.

(2) The notice of the commencement of paternity proceedings may be filed prior to the birth of the child, but must be filed prior to the
placement for adoption of the child in the home of prospective parents or prior to the date of commencement of any proceeding to terminate the parental rights of the birth mother, whichever event occurs first. The notice of the commencement of paternity proceedings shall be signed by the person filing the notice and shall include his name and address, the name and last address of the mother, and either the birth date of the child or the probable month and year of the expected birth of the child. The vital statistics unit of the department of health and welfare shall maintain a registry for this purpose which shall be subject to disclosure according to chapter 3, title 9, Idaho Code. The department shall record the date and time the notice of the commencement of proceedings is filed with the department. The notice shall be deemed to be duly filed with the department as of the date and time recorded on the notice by the department.

(3) If the unmarried biological father does not know the county in which the birth mother resides, he may initiate his action in any county, subject to a change in venue.

(4) Any father of a child born out of wedlock who fails to file and register his notice of the commencement of paternity proceedings prior to the placement for adoption of the child in the home of prospective parents or prior to the date of commencement of any proceeding to terminate the parental rights of the birth mother, whichever event occurs first, is deemed to have waived and surrendered any right in relation to the child and shall be barred from thereafter bringing or maintaining any action to establish his paternity of the child. Failure of such filing or registration shall constitute an abandonment of said child. The filing and registration of a notice of the commencement of paternity proceedings by a putative father shall constitute prima facie evidence of the fact of his paternity in any contested proceeding under chapter 11, title 7, Idaho Code. The filing of a notice of the commencement of paternity proceedings shall not be a bar to an action for termination of his parental rights under chapter 20, title 16, Idaho Code.

(5) In any adoption proceeding pertaining to a child born out of wedlock, if there is no showing that the putative father has consented to the adoption, a certificate shall be obtained from the vital statistics unit of the department of health and welfare, signed by the state registrar of vital statistics, which certificate shall state that a diligent search has been made of the registry of notices from putative fathers, and that no filing has been found pertaining to the father of the child in question, or if a filing is found, stating the name of the putative father and the time and date of filing. That certificate shall be filed with the court prior to entry of a final decree of adoption.

(6) Identities of putative fathers can only be released pursuant to procedures contained in chapter 3, title 9, Idaho Code.

(7) To cover the cost of implementing and maintaining said registry, the vital statistics unit of the department of health and welfare shall charge a filing fee of ten dollars ($10.00) at the time the putative father files his notice of his commencement of proceedings. It is the intent of the legislature that the fee shall cover all direct and indirect costs incurred pursuant to this section. The board of health and welfare shall annually review the fees and expenses incurred pursuant to administering the provisions of this section.

(8) Consistent with its authority denoted in the vital statistics act, section 39-242(c), Idaho Code, the board of health and welfare
shall adopt, amend and repeal rules for the purpose of carrying out the provisions of this section.

SECTION 3. That Section 16-1612, Idaho Code, be, and the same is hereby amended to read as follows:

16-1612. CUSTODY — TIME FOR HEARING. (a) (1) A child may be taken into custody by a peace officer or other person appointed by the court without an order issued pursuant to subsection (d) of section 16-1606 or section 16-1610, Idaho Code, only where the child is endangered in his surroundings and prompt removal is necessary to prevent serious physical or mental injury to the child or where the child is an abandoned child pursuant to the provisions of chapter 81, title 39, Idaho Code. (2) An alleged offender may be removed from the home of the victim of abuse or neglect by a peace officer or other person appointed by the court without an order, issued pursuant to subsection (e) of section 16-1606, Idaho Code, only where the child is endangered and prompt removal of an alleged offender is necessary to prevent serious physical or mental injury to the child. (b) When a child is taken into custody under subsection (a) of this section, he may be held for a maximum of forty-eight (48) hours, excluding Saturdays, Sundays and holidays, unless a shelter care hearing has been held pursuant to section 16-1614, Idaho Code, and the court orders an adjudicatory hearing. (c) When an alleged offender is removed from the home under subsection (a) (2) of this section, a motion based on a sworn affidavit by the department must be filed simultaneously with the petition and the court shall determine at a shelter care hearing, held within a maximum of twenty-four (24) hours, excluding Saturdays, Sundays and holidays, whether the relief sought shall be granted, pending an adjudicatory hearing. Notice of such hearing shall be served upon the alleged offender at the time of removal or other protective relief.

SECTION 4. That Section 16-1613, Idaho Code, be, and the same is hereby amended to read as follows:

16-1613. NOTICE PLACEMENT — IMMUNITY. (a) A peace officer or other person appointed by the court who takes a child into custody under section 16-1612, Idaho Code, shall immediately: (1) take the child to a place of shelter, and (2) notify the court of the action taken and the place to which the child was taken, and, (3) with the exception of a child abandoned pursuant to the provisions of chapter 81, title 39, Idaho Code, notify each of the parents, guardian or other legal custodian that the child has been taken into custody, the type and nature of shelter care, and that the child may be held for a maximum of forty-eight (48) hours, excluding Saturdays, Sundays and holidays, within which time there must be a shelter care hearing. (b) A peace officer or other person appointed by the court who takes a child into custody under section 16-1612, Idaho Code, shall not be held liable either criminally or civilly unless the action of taking
the child was exercised in bad faith and/or the requirements of subsection (a) of this section are not complied with.

SECTION 5. That Section 16-1632, Idaho Code, be, and the same is hereby amended to read as follows:

16-1632. GUARDIAN AD LITEM -- RIGHTS AND POWERS. The guardian ad litem will have the following rights and powers, which shall continue until resignation of the guardian ad litem or until the court removes the guardian ad litem or no longer has jurisdiction, whichever first occurs:

(a) The guardian ad litem, if represented by counsel, may file pleadings, motions, memoranda and briefs on behalf of the child, and shall have all of the rights of a party whether conferred by statute, rule of court or otherwise.

(b) All parties to any proceeding under this chapter shall promptly notify the guardian ad litem and the guardian's attorney of all hearings, staffings, investigations, depositions and significant changes of circumstances of the child.

(c) Except to the extent prohibited or regulated by federal law or by the provisions of chapter 81, title 39, Idaho Code, upon presentation of a copy of the order appointing guardian ad litem, any person or agency, including, without limitation, any hospital, school, organization, department of health and welfare, doctor, nurse, or other health care provider, psychologist, psychiatrist, police department or mental health clinic shall permit the guardian ad litem to inspect and copy pertinent records necessary for the proceeding for which the guardian is appointed relating to the child and parent without consent of the child or parents.

SECTION 6. That Section 16-2007, Idaho Code, be, and the same is hereby amended to read as follows:

16-2007. NOTICE -- WAIVER -- GUARDIAN AD LITEM. After a petition has been filed, the court shall set the time and place for hearing, and shall cause notice thereof to be given to the petitioner, the parents of the child if married, the mother of the child if unmarried, those persons entitled to notice pursuant to section 16-1513, Idaho Code, the guardian of the person of the child, the person having legal custody of the child, any individual standing in loco parentis to the child, and the guardian ad litem of any party, or if service cannot be had on the parent or guardian, then upon the nearest blood relative named in the petition. The division of welfare of the Idaho department of health and welfare shall be given notice of the hearing if the petition for termination was not filed in conjunction with a petition for adoption or by an adoption agency licensed by the state of Idaho. Notice shall be given by personal service on the parents or guardian. Where reasonable efforts to effect personal service have been unsuccessful, the court shall order service by registered or certified mail to the last known address of the person to be notified and by publication once a week for three (3) successive weeks in a newspaper or newspapers to be designated by the court as most likely to give notice to the person to be served. The hearing shall take place no sooner than ten (10) days after service of notice, or where service is by registered or certified mail and publication, the
hearing shall take place no sooner than ten (10) days after the date of last publication. Notice and appearance may be waived by a parent in writing before the court or in the presence of, and witnessed by, a clerk of court or a representative of an authorized agency, provided that such parent has been apprised by the court or by such person of the meaning and consequences of the termination action. Where the parent resides outside the state, the waiver shall be acknowledged before a notary of the state and shall contain the current address of the parent. The parent who has executed such a waiver shall not be required to appear. Where the termination of the parent and child relationship is sought under section 16-2005 d., Idaho Code, the court shall appoint a guardian ad litem for the alleged incompetent parent. The court may in any other case appoint a guardian ad litem, as may be deemed necessary or desirable, for any party. Where the putative father has failed to timely commence proceedings to establish paternity under section 7-1111, Idaho Code, and by filing with the vital statistics unit of the department of health and welfare, notice of his commencement of proceedings to establish his paternity of the child born out of wedlock, notice under this section is not required unless such putative father is one of those persons specifically set forth in section 16-1505(1), Idaho Code. If a parent fails to file a claim of parental rights pursuant to the provisions of chapter 81, title 39, Idaho Code, for a child left with a safe haven pursuant thereto, prior to entry of an order terminating their parental rights, that parent is deemed to have abandoned the child and waived and surrendered any right in relation to the child, including the right to notice of any judicial proceeding in connection with the termination of parental rights.

CHAPTER 358
(S.B. No. 1147)

AN ACT
RELATING TO THE CHILD PROTECTIVE ACT; AMENDING SECTION 16-1623, IDAHO CODE, TO PROVIDE AN EXCEPTION IN REGARD TO THE DUTY IMPOSED ON THE DEPARTMENT OF HEALTH AND WELFARE TO MAINTAIN A CENTRAL REGISTRY FOR THE REPORTING OF CHILD NEGLECT, ABUSE AND ABANDONMENT INFORMATION FOR INFORMATION REGARDING CERTAIN ABANDONED CHILDREN.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 16-1623, Idaho Code, be, and the same is hereby amended to read as follows:

16-1623. POWERS AND DUTIES OF THE DEPARTMENT. The department, working in conjunction with the court and other public and private agencies and persons, shall have the primary responsibility to implement the purpose of this chapter. To this end, the department is empowered and shall have the duty to do all things reasonably necessary to carry out the purpose of this chapter, including, but not limited to, the following:

(a) The department shall administer treatment programs for the pro-
ection and care of neglected, abused and abandoned children, and in so doing may place in foster care, shelter care, group homes or other diagnostic, treatment, or care centers or facilities, children of whom it has been given custody. The department is to be governed by the standards found in chapter 12, title 39, Idaho Code.

(b) On December 1, the department shall make an annual statistical report to the governor covering the preceding fiscal year showing the number and status of persons in its custody and including such other data as will provide sufficient facts for sound planning in the conservation of children and youth. All officials and employees of the state and of every county and city shall furnish the department upon request, such information within their knowledge and control as the department deems necessary. Local agencies shall report in such uniform format as may be required by the department.

(c) The department shall be required to maintain a central registry for the reporting of child neglect, abuse and abandonment information. Provided however, that the department shall not retain any information for this purpose relating to a child, or parent of a child, abandoned pursuant to chapter 81, title 39, Idaho Code.

(d) The department shall make periodic evaluation of all persons in its custody or under its supervision for the purpose of determining whether existing orders and dispositions in individual cases shall be modified or continued in force. Evaluations may be made as frequently as the department considers desirable and shall be made with respect to every person at intervals not exceeding six (6) months. Reports of evaluation made pursuant to this section shall be filed with the court which vested custody of the person with the department. Reports of evaluation shall be provided to persons having full or partial legal or physical custody of a child. Failure of the department to evaluate a person or to reevaluate him within six (6) months of a previous examination shall not of itself entitle the person to a change in disposition but shall entitle him, his parent, guardian or custodian or his counsel to petition the court pursuant to section 16-1611, Idaho Code.

(e) In a consultive capacity, the department shall assist communities in the development of constructive programs for the protection, prevention and care of children and youth.

(f) The department shall keep written records of investigations, evaluations, prognosis and all orders concerning disposition or treatment of every person over whom it has legal custody. Department records shall be subject to disclosure according to chapter 3, title 9, Idaho Code, unless otherwise ordered by the court, the person consents to the disclosure, or disclosure is necessary for the delivery of services to the person. Notwithstanding the provisions restricting disclosure or the exemptions from disclosure provided in chapter 3, title 9, Idaho Code, all records pertaining to investigations, the rehabilitation of youth, the protection of children, evaluation, treatment and/or disposition records pertaining to the statutory responsibilities of the department shall be disclosed to any duly elected state official carrying out his official functions.

(g) The department shall establish appropriate administrative procedures for the processing of complaints of child neglect, abuse and abandonment received and for the implementation of the protection, treatment and care of children formally or informally placed in the custody of the department under this chapter.
(h) The department having been granted legal custody of a child, subject to the judicial review provisions of this subsection, shall have the right to determine where and with whom the child shall live, provided that the child shall not be placed outside the state without the court's consent. Provided however, that the court shall retain jurisdiction over the child, which jurisdiction shall be entered on any order or petition granting legal custody to the department, and the court shall have jurisdiction over all matters relating to the child. The department shall not place the child in the home from which the court ordered the child removed without first obtaining the approval of the court.

(i) The department shall give to the court any information concerning the child that the court may at any time require, but in any event shall report the progress of the child under its custody at intervals of not to exceed six (6) months. There shall be a rebuttable presumption that if a child is placed in the custody of the department and was also placed in out of the home care for a period not less than fifteen (15) out of the last twenty-two (22) months from the date the child entered shelter care, the department shall initiate a petition for termination of parental rights. This presumption may be rebutted by a finding of the court that the filing of a petition for termination of parental rights would not be in the best interests of the child or reasonable efforts have not been provided to reunite the child with his family, or the child is placed permanently with a relative.

(j) The department shall establish appropriate administrative procedures for the conduct of administrative reviews and hearings as required by federal statute for all children committed to the department and placed in out of home care.

(k) At any time the department is considering a placement pursuant to this act, the department shall make a reasonable effort to place the child in the least disruptive environment to the child and in so doing may consider, without limitation, placement of the child with related persons.

Approved April 9, 2001.

Payment shall be distributed to school districts pro rata, pursuant to the provisions of Sections 33-514 and 33-514A, Idaho Code.

Section 12. Of the moneys appropriated in Section 3 of this act, $4,700,000 shall be expended by the Superintendent of Public Instruction for the Idaho Safe and Drug-Free Schools Program, from funds determined by available revenues accruing pursuant to Sections 63-2506 and 63-2552A, Idaho Code, and other such moneys which may become available.
pursuant to Section 67-7439, Idaho Code, for the period July 1, 2001, through June 30, 2002.

SECTION 13. The funds allocated for the Idaho Safe and Drug-Free Schools Program referenced in Section 12 of this act shall be distributed as follows: $100,000 may be utilized by the Superintendent of Public Instruction for program administration, technical assistance and evaluation. Of the remaining amount, ninety-five percent (95%) shall be distributed to each school district through a combination of a base amount of $1,500 and a prorated amount based on the prior year's average daily attendance. Of the remaining five percent (5%), $80,000 shall be distributed on a one-time basis to the Commission on Hispanic Affairs and used to encourage and direct Hispanic youth away from the habitual use of tobacco, alcohol and other drugs by developing programs for schools, families and communities, with the remainder used to make discretionary grants as determined by the Drug-Free Schools and Communities Advisory Board.

SECTION 14. It is legislative intent that the Idaho Safe and Drug-Free Schools Program shall include the following:
(1) Districts will develop a policy and plan which will provide a guide for their substance abuse program.
(2) Districts will have an advisory board to assist each district in making decisions relating to the program.
(3) The districts' substance abuse programs will be comprehensive to meet the needs of all students. This will include prevention programs, student assistance programs that address early identification and referral, and aftercare.
(4) Districts shall submit an annual evaluation of their program to the State Department of Education as to the effectiveness of their program.

SECTION 15. Of the moneys appropriated in Section 3 of this act, $1,000,000 shall be distributed for the following:
(1) Training of regular classroom teachers in working with children with disabilities;
(2) Employing and training aides to assist regular classroom teachers in working with children with disabilities;
(3) Employing substitute teachers whose employment allows regular classroom teachers to be involved in college planning, parent contact, Individual Education Plan (IEP) development, curriculum and modification, or other necessary activities directly related to meeting the needs of students in regular education classrooms;
(4) Moneys in this section shall be distributed pro rata to the districts as follows: fifty percent (50%) on the basis of the prior year's December 1 child count and fifty percent (50%) on the basis of the prior year's average daily attendance.

These funds shall be used to supplement rather than supplant existing efforts in the training of regular classroom teachers and the employment and training of aides. The State Department of Education shall create a one page report to be provided to the Legislature showing current individual district expenditures in this area, as well as a breakdown of how these appropriated moneys were spent. These funds shall not be used in any calculation or report to the federal government that obligates a
future appropriation of this amount or any other amount.

SECTION 16. Of the moneys appropriated in Section 3 of this act, $600,000 shall be used as follows: $100,000 shall be allocated to study the effectiveness and best practices of gifted and talented programs. The remainder shall be distributed to train general education teachers, gifted/talented (G/T) facilitators, administrators and/or parents to better meet the needs of gifted/talented students. One-half (1/2) of these funds shall be allocated pro rata based on each district's prior year total student enrollment compared to the prior year total statewide enrollment. One-half (1/2) of these funds shall be allocated based on the number of gifted/talented students identified and served as indicated on the prior year's December 1 child count. The number of gifted/talented students identified for purposes of this section shall not exceed seven percent (7%) of the district's total student enrollment. No district shall receive less than $500. Funds shall be distributed upon submission and approval of an application submitted to the State Department of Education demonstrating how in-service training will establish or improve identification and service of gifted/talented students in the five (5) mandated talent areas. The Superintendent of Public Instruction may reallocate any gifted/talented funds that are left unrequested by school districts to all other school districts that have requested gifted/talented funds, according to the distribution formula outlined in this section.

SECTION 17. Of the moneys appropriated in Section 3 of this act, there is hereby appropriated the amount necessary for property tax replacement, to be expended according to Section 33-1002D, Idaho Code, for the period July 1, 2001, through June 30, 2002.

SECTION 18. Of the moneys appropriated in Section 3 of this act, an amount up to $418,000 shall be awarded to those instructional staff members who have been recognized as master teachers by the National Board for Professional Teaching Standards, according to the provisions of Section 33-1004E, Idaho Code.

SECTION 19. Whereas the Legislature recognizes that due to the reduction of Public Employee Retirement System rates and the reduction of the estimated support units used to establish budgets for Idaho's school districts, an additional and substantial amount of state discretionary funding per support unit will become available. It is therefore the intent of the Legislature that this additional state financial support, together with those amounts estimated in the regular fiscal year 2002 budget, be utilized by the school districts as a one-time supplement to discretionary funding needs.

SECTION 20. Of the moneys appropriated in Section 3 of this act, $4,000,000 shall be used for literacy programs, as outlined in Sections 33-1614, 33-1615 and 33-1207A(2), Idaho Code.

SECTION 21. No full-time instructional employee employed by a school district shall be paid less than the base salary amount for instructional staff provided in Section 33-1004E, Idaho Code.
SECTION 22. Of the moneys appropriated in Section 3 of this act, $8,000,000 shall be for the implementation of Achievement Standards established under the provisions of the rules of the State Board of Education, IDAPA 08.02.03. These funds shall be distributed according to formulas and criteria established by the Superintendent of Public Instruction.

SECTION 23. Each school district board of trustees shall examine whether school district employees are using personal funds to pay for classroom supplies. If the board of trustees finds this to be true, then the board should allocate up to twenty-five percent (25%) of any savings generated from gainsharing credits allocated by the Public Employee Retirement System of Idaho pursuant to Section 59-1309, Idaho Code, for the purchase of classroom supplies. Any savings so allocated by a school district board of trustees shall be considered specifically dedicated for such purpose by enactment of the State Legislature for the purposes of any contract entered into by the school district. Any savings so allocated by a school district board of trustees shall be used to augment, and not replace, funds currently allocated for the purchase of classroom supplies.

SECTION 24. An emergency existing therefore, which emergency is hereby declared to exist, Section 23 of this act shall be in full force and effect on and after passage and approval.

Approved April 9, 2001.

SECTION 2. In accordance with Section 67-3519, Idaho Code, the Department of Environmental Quality is authorized no more than three hundred seventy and fifty-five hundredths (370.55) full-time equivalent positions at any point during the period July 1, 2001, through June 30, 2002, unless specifically authorized by the Governor. Moneys held in trust or otherwise for the payment of notes or bonds or in any way to secure notes or bonds and deposits of the moneys may be secured in the same manner as moneys of the financing authority, and all banks and trust companies are authorized to give security for the deposits.

(8) The financing authority may contract with the holders of bonds or notes with respect to the rights of such holders in the event of a default in the payment of principal or interest on such bonds or notes.

39-8109. NOTES AND BONDS -- STATE WILL NOT IMPAIR VESTED RIGHTS. The state pledges to and agrees with the holders of any notes or bonds issued under this chapter that the state will not limit or alter the rights hereby vested in the financing authority to fulfill the terms of any agreements made with the holders thereof or in any way impair the rights and remedies of the holders until the notes and bonds, together
with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders, are fully met and discharged. The financing authority may include this pledge and agreement of the state in any agreement with the holders of the notes or bonds.

39-8110. LIMITATION OF LIABILITY -- NOTES AND BONDS ARE NOT A DEBT OF THE STATE. The notes, bonds or other obligations of the financing authority are not an indebtedness or obligation of the state of Idaho, or of any department, board, commission, agency, political subdivision, body corporate and politic, or instrumentality of a municipality or county within the state, nor shall such notes, bonds or obligations of the financing authority constitute the giving or loaning of the credit of the state of Idaho, or of any department, board, commission, agency, political subdivision, body corporate and politic or instrumentality of a municipality or county within the state, nor shall they be payable out of any funds other than those of the financing authority; and the notes and bonds shall contain on the face thereof a statement to that effect.

39-8111. STATE MAY MAKE GRANTS TO FINANCING AUTHORITY. The state may make grants of money or property to the financing authority for the purpose of enabling it to carry out its corporate purposes and for the exercise of its powers including, but not limited to, deposits to the reserve funds. This section does not limit any other power the state may have to make grants to the financing authority.

39-8112. NOTES AND BONDS OF FINANCING AUTHORITY ARE LEGAL INVESTMENTS. The notes and bonds of the financing authority are legal investments in which all public officers and public bodies of this state, its political subdivisions, all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, banking associations, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or in other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. The notes and bonds are also hereby made securities which may properly and legally be deposited with and received by all public officers and bodies of the state or any agency or political subdivision of the state and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the state is authorized by law.

39-8113. NOTES AND BONDS OF FINANCING AUTHORITY ARE TAX EXEMPT. The basin project commission and the financing authority perform essential governmental functions in the exercise of the powers conferred upon them under this chapter. The notes and bonds of the financing authority issued under this chapter, and the income therefrom, including any profit made on the sale thereof, and all its fees, charges, gifts, grants, revenues, receipts, and other moneys received, pledged to pay or secure the payment of the notes or bonds, are exempt from taxation by
the state, municipalities and all other political subdivisions of the state. Any property acquired or used by the basin project commission consistent with this chapter are exempt from taxation and assessments.

39-8114. CHAPTER NOT A LIMITATION OF POWERS. This chapter does not restrict or limit the powers which the basin project commission or financing authority might otherwise have under any laws of this state, and this chapter is cumulative to those powers. This chapter provides an additional and alternative method for actions authorized and shall be regarded as supplemental and additional to powers conferred by other laws. However, the issuance of bonds, notes and other obligations and refunding bonds under this chapter need not comply with the requirements of any other state law applicable to the issuance of bonds, notes and other obligations. Contracts for the construction and acquisition of any facilities undertaken pursuant to this chapter need not comply with any other state law applicable to contracts for the construction and acquisition of state owned property. No proceedings, notice or approval is required for the issuance of any bonds, notes and other obligations or any instrument as security therefor, except as is provided in this chapter.

39-8115. INCONSISTENT LAWS -- THIS CHAPTER CONTROLS. If any provision of this chapter is inconsistent with the provisions of any other law, general, specific or local, the provisions of this chapter control.

21-136. APPOINTMENT OF MEMBERS -- TERM -- VACANCIES. For the purposes of selection of members of the advisory board of aeronautics, one (1) member shall be appointed to represent director districts no. 1 and 2, one (1) member to represent director districts no. 3 and 4, and one (1) member to represent director districts no. 5 and 6, as provided in section 40-303, Idaho Code, and two (2) members shall be appointed from the state at-large.

Each of the enumerated districts shall, at all times, be represented by one (1) board member, appointed from one (1) of the two (2) director districts represented. The governor shall appoint, subject to confirmation by the senate, the board members for terms of three (3) years. The initial terms of the at-large members may be less than five (5) years, and shall be staggered so that not more than (1) term of any member of the board shall expire in any one (1) year. The term of each member shall begin immediately upon his appointment and qualification. Each member shall hold office after the expiration of his term until his successor has been appointed. Not less than fifteen (15) days before the expiration of the term of appointment of each member, the governor shall appoint a successor and submit the appointment to the senate for confirmation. Should any member of the board resign, die, remove from the district from which he was appointed, or otherwise be removed from office, a vacancy shall exist, and during the recess of the legislature, the governor shall within thirty (30) days appoint a successor with like qualifications, to serve for the remainder of the retiring member's unexpired term. If a vacancy occurs within forty-five (45) days after the convening of the legislature and while it is still in session, the governor shall make and submit to the senate for its approval a nomination to fill the vacancy.

SECTION 4. An emergency existing therefor, which emergency is hereby declared to exist, Section 3 of this act shall be in full force and effect on and after passage and approval.

CHAPTER 380
(S.B. No. 1255)

AN ACT
RELATING TO ENERGY COST RECOVERY BONDS; AMENDING TITLE 61, IDAHO CODE, BY THE ADDITION OF A NEW CHAPTER 15, TITLE 61, IDAHO CODE, TO PROVIDE LEGISLATIVE INTENT, TO DEFINE TERMS, TO PROVIDE FOR ENERGY COST RECOVERY BONDS, TO PROVIDE PROCEDURES FOR ISSUANCE OF ENERGY COST RECOVERY BONDS, TO PROVIDE FOR SECURITY INTEREST, TO PROVIDE FOR TRANSFERS IN INTEREST, TO PROVIDE FOR SUCCESSORS AND TO PROVIDE SEVERABILITY; AND DECLARING AN EMERGENCY.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 61, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW CHAPTER, to be known and designated as Chapter 15, Title 61, Idaho Code, and to read as follows:

CHAPTER 15
ENERGY COST RECOVERY BONDS

61-1501. LEGISLATIVE INTENT. It is the intent of the legislature in enacting this chapter to provide a process by which the recovery of large energy rate increases caused by fuel or power cost adjustments, purchased gas adjustment tracker rates, commodity tracker rate adjustments or purchased power tracker rates will be facilitated by the issuance of bonds. This legislation will provide electric and gas utilities with a mechanism for recovery of their increased costs while leveling the rate impact of such increase on the utilities' customers. The legislature believes that this type of securities legislation is in the public interest but should not be considered as an endorsement of, or intended to provide, a mechanism for restructuring of the utility industry in the state of Idaho.
61-1502. DEFINITIONS. For purposes of this chapter, the following terms shall have the following meanings:

(1) "Assignee" means any corporation, limited liability company, trust, partnership or other entity to which a public utility assigns, sells or transfers, other than as security, all or a portion of the public utility's interest in or right to energy cost property. The term also includes any such entity to which an assignee assigns, sells or transfers, other than as security, the assignee's interest in or right to energy cost property.

(2) "Chapter 9" means chapter 9, title 28, Idaho Code, as from time to time amended, including any successor provisions.

(3) "Commission" means the Idaho public utilities commission, as it may be constituted from time to time, and any successor agency exercising functions similar in purpose thereto.

(4) "ECA" means any of the following, as authorized by the commission and reflected in a usage-based charge of a public utility: a fuel or power cost adjustment; a purchased gas adjustment tracker rate; a commodity electric or gas tracker rate adjustment; or a purchased power tracker rate.

(5) "Energy cost amounts" means the amounts that a public utility, assignee or other issuer has been authorized to recover by the commission pursuant to an energy cost financing order, including without limitation:

(a) Amounts recoverable by a public utility pursuant to an ECA;
(b) Expenditures incurred to refinance or retire existing debt or existing equity capital of the public utility through the issuance of energy cost recovery bonds and any costs related thereto;
(c) Amounts necessary to recover federal or state taxes actually paid by a public utility, which tax liability is modified by the transactions approved in an energy cost financing order issued by the commission pursuant to this chapter; and
(d) Reasonable costs, as approved by the commission, relating to the issuance, servicing or refinancing of energy cost recovery bonds under the provisions of this chapter including, without limitation, principal and interest payments and accruals, sinking fund payments, debt service and other reserves, costs of credit enhancement, indemnities, if any, owed to an assignee or other issuer or the trustee for the energy cost recovery bonds, issuance costs and redemption premiums, if any, and all other reasonable fees, costs and charges with respect to the energy cost recovery bonds.

(6) "Energy cost bond charge" means a nonbypassable usage-based charge that the commission authorizes in an energy cost financing order as a separate line item for recovery on a public utility's bill to all of its customers, whether such amounts are billed and/or collected by the public utility, any subsidiary or affiliate thereof, or any third party that may assume the responsibility for billing or collecting such charges.

(7) "Energy cost financing order" means an order of the commission issued in accordance with this chapter that authorizes the imposition and collection of energy cost amounts and the issuance of energy cost recovery bonds. If requested by an electric or gas public utility in its application for an energy cost financing order, energy cost bond charges shall be in an amount sufficient to recover federal and state taxes associated with the recovery of energy cost amounts described therein.
(8) "Energy cost property" means the irrevocable, vested property right created pursuant to this chapter and one (1) or more energy cost financing orders including, without limitation, the right, title and interest of a public utility, assignee or other issuer of energy cost recovery bonds to all revenues, collections, claims, payments, money or proceeds of or arising from an energy cost recovery charge or constituting the costs of recovering, reimbursing, financing or refinancing energy cost amounts and acquiring energy cost property (including the costs of issuing, servicing and retiring energy cost recovery bonds) and all rights to obtain adjustments to such energy cost recovery charge pursuant to the terms of this chapter and any energy cost financing order; provided that any right that a public utility has in the energy cost property before the sale or other transfer of such property or any other rights created under this chapter or created in any energy cost financing order and assignable under section 61-1504, Idaho Code, or assignable pursuant to an energy cost financing order shall be only a contract right. Energy cost property shall, upon its sale or other transfer, constitute a current and irrevocably vested property right notwithstanding the fact that the value of such property right will depend upon consumers using electricity and/or the public utility performing certain services.

(9) "Energy cost recovery bond" means any instrument, pass-through certificate, note, bond, debenture, certificate of participation, collateral trust certificate, beneficial interest or other evidence of indebtedness or ownership issued by a public utility, assignee or other issuer pursuant to an energy cost financing order and an executed indenture, security agreement or other similar agreement of a public utility, assignee or other issuer that is secured by or payable from energy cost bond charges or energy cost property.

(10) "Energy cost recovery bondholder" means any holder of an energy cost recovery bond or any trustee, collateral agent or other entity acting for the benefit of or on behalf of any such holder.

61-1503. ENERGY COST RECOVERY BONDS. An electric or gas public utility may apply to the commission for an energy cost financing order requesting that certain energy cost amounts be recovered through the sale of energy cost recovery bonds.

(1) A public utility may apply to the commission at any time and from time to time for an authorization that it may recover ECA amounts and other energy cost amounts through the issuance of energy cost recovery bonds. The public utility may apply to the commission for such an authorization either in a separate proceeding or in a proceeding considering the authorization of an ECA. Upon such an application, if the commission finds that the public interest would be better served if the energy cost amounts were recovered through the issuance of energy cost recovery bonds over the term of such bonds than if the ECA amounts were recovered over a period of one (1) year, assuming a conventional financing of such amounts, the commission shall issue an energy cost financing order to allow the public utility to recover energy cost amounts.

(2) The energy cost financing order shall detail the energy cost amount to be recovered and the period of time in which the energy cost recovery is to occur. The commission shall not issue an energy cost financing order unless the total of the then (a) existing ECAs, (b) existing energy cost bond charges, and (c) the amount identified by the
electric or gas public utility in its application for such financing order as the additional ECA that would be required absent an issuance of energy cost recovery bonds pursuant to such financing order, exceeds a minimum amount (expressed in cents per kilowatt-hour or cents per therm) approved by the commission and in effect at the time of the issuance of such energy cost financing order. Each public utility shall, at least thirty (30) days prior to its first application for an energy cost financing order and at five (5) year intervals thereafter, file with the commission a proposal as to what such minimum amount should be and the commission shall, within twenty-eight (28) days of such filing, issue an order regarding its determination of such proposed minimum amount. Energy cost recovery bonds shall have an expected maturity date no later than five (5) years after the date of issuance, and scheduled principal payments on such bonds shall, to the extent practicable, be scheduled to be made in approximately equal amounts during each year of the term of such bonds. Energy cost recovery bonds shall have a legal maturity date no later than seven (7) years after the date of issuance. Energy cost bond charges shall remain in effect until all energy cost recovery bonds and all energy cost amounts have been paid in full. The commission may issue successive energy cost financing orders permitting subsequent issuances of energy cost recovery bonds.

(3) An energy cost financing order may be issued only upon the application of a public utility and shall become effective only in accordance with its terms and conditions. The public utility may withdraw its application if it disagrees with any of the terms and conditions of the energy cost financing order or any modification thereof within fourteen (14) days of issuance of the energy cost financing order or of such modification. The energy cost financing order shall specify the estimated amount of the energy cost bond charge and the formula for determining the amount of the charge that from time to time will be sufficient to recover all energy cost amounts.

(4) After issuance of an energy cost financing order, the public utility may sell, assign or otherwise transfer or pledge energy cost property or cause the energy cost recovery bonds to be issued, provided it may defer, postpone or refrain from effecting the sale, assignment, transfer, pledge or issuance, in which case no energy cost bond charge shall be imposed unless and until such energy cost recovery bonds are issued. If energy cost recovery bonds are not issued within one (1) year after the energy cost financing order becomes final and nonappealable, the authorization contained in the energy cost financing order shall expire, provided that a public utility may apply for an extension or renewal of an energy cost financing order.

(5) The energy cost financing orders, the energy cost amounts and the energy cost bond charges that have been determined by the commission shall be irrevocable and binding upon the commission. The commission shall not have authority either by rescinding, altering or amending the energy cost financing order or otherwise to, either directly or indirectly, revalue or revise for ratemaking purposes the energy cost amounts. Once the commission determines the energy cost bond charge, it cannot determine in a later proceeding that the energy cost bond charge is unjust or unreasonable or in any way reduce or impair the value of energy cost property either directly or indirectly by taking the energy cost bond charge into account when setting other rates for the public utility; nor shall the amount of revenues arising with respect thereto
be subject to reduction, impairment, postponement or termination. The state of Idaho does hereby pledge to and agree with the owners of energy cost property and with any energy cost recovery bondholders that neither the state nor any of its agencies, including the commission, shall (by legislative action, ballot initiative or other similar process) limit, alter, restrict or impair the energy cost amounts, the energy cost bond charge, the energy cost property, the energy cost financing orders or any rights thereunder or ownership thereof or security interest therein or in any way impair the rights or remedies of any energy cost recovery bondholders until the energy cost recovery bonds, including all principal, interest, premium, costs, expenses and arrearages thereon, are fully met and discharged, provided nothing contained in this chapter shall preclude such a limitation, alteration, restriction or impairment if and when adequate provision (including without limitation provision for the payment of principal and interest when due) shall be made by law for the protection of the energy cost recovery bondholders. The state of Idaho does hereby acknowledge that any energy cost recovery bondholders may and will rely on this pledge and agreement and that they would be irreparably harmed by any such limitation, alteration, restriction or impairment without such adequate provision. The public utility and any assignee or other issuer are authorized to include this pledge and agreement in the energy cost recovery bonds and the documents relating thereto. Notwithstanding any other provision of this subsection, the commission shall approve such adjustments to the energy cost bond charges as may be necessary to ensure timely recovery of all energy cost amounts that are the subject of the pertinent energy cost financing order.

(6) Energy cost recovery bonds issued under this chapter and any energy cost financing orders do not constitute a debt or liability of the state or of any political subdivision thereof and do not constitute a pledge of the full faith and credit of the state or any of its political subdivisions, but are payable solely from the funds provided therefor. All the bonds shall contain on the face thereof a statement to the following effect: "Neither the full faith and credit nor the taxing power of the state of Idaho is pledged to the payment of the principal of, or interest on, this bond." This paragraph shall in no way preclude bond guarantees or enhancements pursuant to this chapter, nor shall it preclude the payment of compensation for any breach of the state's pledge contained in subsection (5) of this section or for any action or failure to act by the commission in contravention of this chapter.

(7) The commission shall establish procedures for the expeditious processing of any application for energy cost financing orders, including the approval or disapproval of any such orders within forty-five (45) days of the application. In addition, each energy cost financing order shall specify a procedure for making adjustments to the energy cost bond charge that is the subject of the order, such adjustments to be expeditiously approved by the commission, so as to ensure the timely payment of principal and interest on the related energy cost recovery bonds and the recovery of all other energy cost amounts. Such procedure shall provide for adjustments to be made, upon application by the affected public utility, assignee or other issuer, at least annually and at such additional intervals, if any, as are specified in the order. The public utility, assignee or other issuer shall file its application for any such adjustment with the commission at least thirty (30) days before
the date on which the adjustment is requested to become effective, and
the commission shall approve or disapprove such application no later
than thirty (30) days after the date of such filing. In addition, upon
application by a public utility, assignee or other issuer after an
energy cost financing order has been issued and has become effective,
the commission may:

(a) Authorize the making of adjustments to the energy cost bond
charge at more frequent intervals than those specified in such
order; and/or
(b) Authorize a change in the method for calculating the energy
cost bond charge from that specified in such order so as to better
ensure the timely recovery of all energy cost amounts.

(8) The energy cost bond charge shall be treated as a charge for
utility services for purposes of determining both the credit and collection
standards to which customers (including, for purposes of this sub-
section, any parties that provide billing or collection services for
energy supplied to another customer) may be held subject under applicable
state law and the remedies for nonpayment that are available to a
public utility under applicable state law; and such treatment shall not
alter the tax, accounting or other intended characteristics of any
energy cost bond financing.

(9) An energy cost bond charge shall constitute energy cost prop-
erty when, and to the extent that, an energy cost financing order autho-
rizing such energy cost bond charge has become effective in accordance
with this chapter, and the energy cost property shall thereafter continu-
uously exist as property for all purposes with all of the rights and
privileges of this chapter for the period and to the extent provided in
the energy cost financing order, but in any event until the energy cost
recovery bonds are paid in full, including all principal, interest, pre-
mium, costs and arrearages thereon.

(10) Any surplus energy cost bond charge collections in excess of
the amounts necessary to pay principal, premium, if any, interest,
credit enhancement and all other fees, costs and charges with respect to
energy cost recovery bonds shall be used to benefit customers in such
manner as the commission may reasonably determine except to the extent
that such use would result in a recharacterization of the tax, account-
ing or other intended characteristics of the financing.

61-1504. PROCEDURE FOR ISSUANCE OF BONDS. (1) Public utilities,
assignees or other issuers may issue energy cost recovery bonds upon
approval by the commission in an energy cost financing order.

(2) Public utilities and assignees may sell and assign all or por-
tions of their interest in energy cost property. Public utilities and
assignees may sell or assign their interests to one (1) or more assign-
ees or other issuers that make that property the basis for issuance of
energy cost recovery bonds to the extent approved in the pertinent
energy cost financing order. To the extent approved in the pertinent
energy cost financing orders, public utilities and assignees may also
pledge energy cost property as collateral, directly or indirectly, for
energy cost recovery bonds providing for a security interest in the
energy cost property, in the manner as set forth in section 61-1505,
Idaho Code. Energy cost property may be sold or assigned by:

(a) The public utility, assignee or other issuer or a trustee for
the holders of energy cost recovery bonds in connection with the
exercise of remedies upon a default; or
(b) Any person acquiring the energy cost property after a sale or assignment pursuant to this subsection.

(3) To the extent that any interest in energy cost property is so sold or assigned, or is so pledged as collateral, the commission shall authorize the public utility to contract with an assignee or other issuer that it will continue to operate its system to provide service to its customers, will collect amounts with respect to the energy cost bond charges for the benefit and account of the assignee or other issuer, and will account for and remit these amounts to or for the account of the assignee or other issuer. Contracting with the assignee or other issuer in accordance with that authorization shall not impair or negate the characterization of the sale, assignment or pledge as an absolute transfer, a true sale or security interest, as applicable.

(4) Notwithstanding any other provision of law to the contrary, any requirement under this chapter or an energy cost financing order that the commission take action with respect to the subject matter of an energy cost financing order shall be binding upon the commission, as it may be constituted from time to time, and any successor agency exercising functions similar to the commission. The commission shall have no authority to rescind, alter or amend any such requirement under this chapter or an energy cost financing order; provided however, that nothing in this subsection shall preclude adjustments of the energy cost bond charges in accordance with the provisions of section 61-1503, Idaho Code. The issuance of energy cost recovery bonds, any related transfer or pledge of energy cost recovery property and any other transactions incidental to such issuance shall be exempt from the provisions of sections 61-901 through 61-908, Idaho Code, upon approval by the commission in an energy cost financing order. The commission shall include in any energy cost financing order any additional approvals that may be required in connection with such issuance under applicable law.

(5) An assignee or other issuer shall not be considered to be a public utility solely by virtue of the transactions described in this chapter.

61-1505. SECURITY INTEREST. (1) To the extent the provisions of this section conflict with chapter 9 as from time to time in effect, including any successor provisions, this section shall apply.

(2) A security interest in energy cost property is valid, is enforceable against the pledgor and third parties, subject to the rights of any third parties holding security interests in the energy cost property perfected in the manner described in this section, and attaches when all of the following have occurred:
(a) The commission has issued an energy cost financing order authorizing the energy cost bond charges, the right to the imposition and collection of which is included in the energy cost property;
(b) Value has been given by the pledgees of the energy cost property; and
(c) The pledgor has signed a security agreement covering the energy cost property.

(3) A valid and enforceable security interest in energy cost property is perfected when it has attached and when a financing statement has been filed in accordance with chapter 9, naming the pledgor of the energy cost property as "debtor" and identifying the energy cost prop-
Any description of the energy cost property shall be sufficient if it refers to the energy cost financing order creating the energy cost property. A copy of the financing statement shall be filed with the commission by the pledgor or transferor of the energy cost property, and the commission may require the pledgor or transferor to make other filings with respect to the security interest in accordance with procedures it may establish, provided that the filings shall not affect the perfection of the security interest. A financing statement filed pursuant to this section shall remain effective until a termination statement is filed.

(4) A perfected security interest in energy cost property is a continuously perfected security interest in all revenues and proceeds arising with respect thereto, whether or not the revenues or proceeds have accrued. Conflicting security interests shall rank according to priority in time of perfection. Energy cost property shall constitute property for all purposes, including for contracts securing energy cost recovery bonds, whether or not the revenues and proceeds arising with respect thereto have accrued.

(5) Subject to the terms of the security agreement covering the energy cost property and the rights of any third parties holding security interests in the energy cost property perfected in the manner described in this section, the validity and relative priority of a security interest created under this section is not defeated or adversely affected by the commingling of revenues arising with respect to the energy cost property with other funds of the public utility that is the pledgor or transferor of the energy cost property, or by any security interest in a deposit account of that public utility perfected under chapter 9, into which the revenues are deposited. Subject to the terms of the security agreement, the pledgees of the energy cost property shall have a perfected security interest in all cash and deposit accounts of the public utility in which revenues arising with respect to the energy cost property have been commingled with other funds, but the perfected security interest shall be limited to an amount not greater than the amount of the revenues with respect to the energy cost property received by the public utility within twelve (12) months before: (a) any default under the security agreement, or (b) the institution of insolvency proceedings by or against the public utility, less payments from the revenues to the pledgees during that twelve (12) month period.

(6) If an event of default occurs under the security agreement covering the energy cost property, the pledgees of the energy cost property, subject to the terms of the security agreement, shall have all rights and remedies of a secured party upon default under chapter 9, and shall be entitled to foreclose or otherwise enforce their security interest in the energy cost property, subject to the rights of any third parties holding prior security interests in the energy cost property perfected in the manner provided in this section. In addition, the commission may require, in the energy cost financing order creating the energy cost property, that, in the event of default by the public utility in payment of revenues arising with respect to the energy cost property, the commission and any successor thereto, upon the application by the pledgees or transferees, including transferees under section 61-1506, Idaho Code, of the energy cost property, and without limiting any other remedies available to the pledgees or transferees by reason of the default, shall order the sequestration and payment to the pledgees
or transferees of revenues arising with respect to the energy cost property. Any order shall remain in full force and effect notwithstanding any bankruptcy, reorganization, or other insolvency proceedings with respect to the debtor, pledgor or transferor of the energy cost property.

(7) Energy cost recovery property shall constitute an account as that term is defined under chapter 9.

(8) Sections 28-9-204 and 28-9-205, Idaho Code, as from time to time amended, including any successor provisions, shall apply to a pledge of energy cost property by a public utility, assignee or other issuer.

(9) This subsection sets forth the terms by which a consensual security interest can be created and perfected in the energy cost property. Unless otherwise ordered by the commission with respect to any series of energy cost recovery bonds on or prior to the issuance of the series, there shall exist a statutory lien as provided in this subsection. Upon the effective date of the energy cost financing order, there shall exist a first priority lien on all energy cost property then existing or thereafter arising pursuant to the terms of the energy cost financing order. This lien shall arise by operation of this subsection automatically without any action on the part of the public utility, any assignee or other issuer, or any other person. This lien shall secure all obligations, then existing or subsequently arising, to the holders of the energy cost recovery bonds issued pursuant to the energy cost financing order, the trustee or representative for the holders, and any other entity specified in the energy cost financing order. The persons for whose benefit this lien is established shall, upon the occurrence of any defaults specified in the pertinent energy cost financing order, have all rights and remedies of a secured party upon default under chapter 9, and shall be entitled to foreclose or otherwise enforce this statutory lien in the energy cost property. This lien shall attach to the energy cost property regardless of who shall own, or shall subsequently be determined to own, the energy cost property including any public utility, any assignee or other issuer, or any other person. This lien shall be valid, perfected, and enforceable against the owner of the energy cost property and all third parties upon the effectiveness of the energy cost financing order without any further public notice; provided however, that any person may, but shall not be required to, file a financing statement in accordance with subsection (3) of this section. Financing statements so filed may be "protective filings" and shall not be evidence of the ownership of the energy cost property. A perfected statutory lien in energy cost property is a continuously perfected lien in all revenues and proceeds arising with respect thereto, whether or not the revenues or proceeds have accrued. Conflicting liens shall rank according to priority in time of perfection. In addition, the commission may require, in the energy cost financing order creating the energy cost property, that, in the event of default by the public utility in payment of revenues arising with respect to energy cost property, the commission and any successor thereto, upon the application by the beneficiaries of the statutory lien, and without limiting any other remedies available to the beneficiaries by reason of the default, shall order the sequestration and payment to the beneficiaries of revenues arising with respect to the energy cost property.
61-1506. TRANSFERS IN INTEREST. (1) A transfer of energy cost property by a public utility to an assignee, or by an assignee to another assignee, that the parties have in the governing documentation expressly stated to be a sale or other absolute transfer, in a transaction approved in an energy cost financing order, shall be treated as an absolute transfer of all of the transferor's right, title and interest, as in a true sale, and not as a pledge or other financing, of the energy cost property in each case notwithstanding any contrary treatment for federal and state income and franchise taxes, accounting or other purposes.

(2) A transfer of energy cost property shall be deemed perfected as against third persons and shall vest title in the transferee when both of the following have taken place:
   (a) The commission has issued the energy cost financing order authorizing the energy cost bond charges included in the energy cost property.
   (b) An assignment of the energy cost property in writing has been executed and delivered to the transferee.

(3) As between bona fide assignees of the same right for value without notice, the assignee first filing a financing statement in accordance with chapter 9, naming the assignor of the energy cost property as debtor and identifying the energy cost property has priority. Any description of the energy cost property shall be sufficient if it refers to the energy cost financing order creating the energy cost property. A copy of the financing statement shall be filed by the assignee with the commission, and the commission may require the assignor or the assignee to make other filings with respect to the transfer in accordance with procedures it may establish, but these filings shall not affect the perfection of the transfer.

(4) The interest of an assignee or pledgee in energy cost property and in the revenues and collections arising from such property are not subject to set-off, counterclaim, surcharge or defense by the public utility or any other person or in connection with the bankruptcy of the public utility or any other person.

61-1507. SUCCESSORS. Any successor to the public utility, whether pursuant to any bankruptcy, reorganization or other insolvency proceeding, or pursuant to any merger, sale or transfer, by operation of law or otherwise, shall perform and satisfy all obligations of the public utility pursuant to this chapter in the same manner and to the same extent as was required of the public utility before such proceeding or merger, sale or transfer including, but not limited to, billing, collecting and paying to the energy cost recovery bondholders or their representatives or the applicable financing entity energy cost recovery charges and any other revenues arising with respect to the energy cost property sold to the applicable financing entity or pledged to secure energy cost recovery bonds and seeking energy cost bond charge adjustments, as necessary and permitted by the pertinent energy cost financing order, to recover all energy cost amounts designated in such energy cost financing order.

61-1508. SEVERABILITY. If any provision of this chapter is held to be invalid or is invalidated, superseded, replaced or repealed, or expires for any reason, that occurrence does not affect the validity or continuation of this chapter or any other provision of this title that
is relevant to the issuance, administration, payment, retirement or refunding of energy cost recovery bonds or to any actions of the public utility, its successors, an assignee or other issuer or a collection agent, which shall remain in full force and effect.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

CHAPTER 38
AGRICULTURE ODOR MANAGEMENT ACT

25-3801. DECLARATION OF POLICY AND STATEMENT OF LEGISLATIVE INTENT.
(1) The agriculture industry is a vital component of Idaho's economy and during the normal course of producing the food and fiber required by Idaho and our nation, odors are generated. It is the intent of the legislature to manage these odors when they are generated at a level in excess of those odors normally associated with accepted agricultural practices in Idaho.
(2) Large swine and poultry operations are addressing odor management through the department of environmental quality's rules regulating large swine and poultry operations, and the beef cattle industry will address odor management as needed through implementation of the beef cattle environmental control act and rules promulgated thereunder.
(3) The Idaho department of agriculture is hereby authorized as the lead agency to administer and implement the provisions of this chapter. In carrying out the provisions of this chapter, the department will make reasonable efforts to ensure that any requirements imposed upon agricultural operations are cost-effective and economically, environmentally and technologically feasible.

25-3802. AUTHORITY AND DUTIES OF THE DIRECTOR CONCERNING ODORS FROM AGRICULTURAL OPERATIONS. The director of the department of agriculture is authorized to regulate odors from agricultural operations. In order to carry out its duties pursuant to the provisions of this chapter, the director of the department shall be authorized to promulgate necessary administrative rules in compliance with chapter 52, title 67, Idaho Code.

25-3803. DEFINITIONS. When used in this chapter:
(1) "Accepted agricultural practices" means those management practices normally associated with agriculture in Idaho.

(3) "Department" means the Idaho department of agriculture.
(4) "Director" means the director of the Idaho department of agriculture.
(5) "Liquid waste system" means those wastewater storage and containment facilities and associated waste collection and conveyance sys-

7) "Manure" means livestock excrement that may also contain bedding, spilled feed or soil.

8) "Modified" means structural changes and alterations to the livestock operation which would require increased wastewater storage or containment capacity or such changes which would increase the amount of manure entering wastewater storage containment facilities.

9) "Nutrient management plan" means a plan prepared in conformance with the nutrient management standard.

10) "Nutrient management standard" means the 1999 publication by the United States department of agriculture, natural resources conservation service, conservation practice standard, nutrient management code 590, and all subsequent amendments, additions or other revisions thereto, or other equally protective standard approved by the director.

11) "Odor management plan" means a site specific plan approved by the director to manage odor from an agricultural operation to a level associated with accepted agricultural practices by utilizing best management practices.

All persons shall submit plans and specifications for new or modified liquid waste systems to the director for approval. No person shall begin construction of a liquid waste system prior to approval of plans and specifications by the director.

25-3805. FIRST TIME VIOLATORS -- ODOR MANAGEMENT PLAN -- EXCEPTIONS. (1) If it is determined by the department that an agricultural operation, not to include those operations set forth within section 25-3801(2), Idaho Code, is generating odors in excess of levels associated with accepted agricultural practices, the agricultural operation shall be deemed to have committed a first time violation of the provisions of this chapter, provided that the agricultural operation has never been determined by the department to have committed a prior violation of the provisions of this chapter. The department shall provide the owner or operator of the agricultural operation with written notice of the violation and an opportunity for a hearing pursuant to the Idaho administrative procedure act, chapter 52, title 67, Idaho Code.

(2) The department shall require any agricultural operation deter-
mined to have committed a first time violation of the provisions of this chapter to cooperate with the department and to develop and submit an odor management plan to the director for approval.

(3) All odor management plans shall be in writing and signed by the director of the department of agriculture and the owner or operator of the agricultural operation. Odor management plans shall designate a period of time in which the agricultural operation will be in full compliance with the plan and shall provide for periodic review by the department, no less than annually, for a period of three (3) years from the date of the plan. Failure to comply with the odor management plan shall constitute a subsequent violation of the provisions of this chapter.

(4) All approved odor management plans shall be implemented as approved by the director.

(5) If, after a reasonable period of time as determined by the department, an approved odor management plan does not reduce odor to a level associated with accepted agricultural practices, the department shall review the plan with the owner or operator of the agricultural operation and adjust the plan to meet the goals of this chapter.

(6) Odor management plans shall be designed to work in conjunction with any required nutrient management plans.

(7) An odor emission caused by an act of God or a mechanical failure shall not constitute a violation of this chapter provided that the agricultural operation from which the odor emission is emanating takes reasonable steps to promptly repair the cause of the emission.

25-3806. INSPECTIONS — RECORDS CONFIDENTIAL. The director or his designee is authorized to enter and inspect any agricultural operation and have access to or copy any facility records deemed necessary to ensure compliance with the provisions of this chapter or required odor management plans. Prior to conducting an investigation, the department shall notify the board of county commissioners for the county in which the agricultural operation is located and the board of county commissioners may have a designee accompany the director or his designee during the inspection. All records copied or obtained by the director or his designee as a result of an inspection pursuant to this section shall be confidential private records and shall be exempt from disclosure under chapter 3, title 9, Idaho Code, except:

(1) Records otherwise deemed to be public records not exempt from disclosure pursuant to chapter 3, title 9, Idaho Code; and

(2) Inspection reports, determinations of compliance or noncompliance and all other records created by the director or his designee pursuant to this section.

25-3807. COMPLAINTS. The department shall respond to all odor complaints lodged against agriculture operations. A complaint must include the name, address and telephone number of the complainant. The response of the department may be limited to informing the complainant that an odor plan is being implemented. Complaints pursuant to this section are a public record open to public inspection and copying pursuant to chapter 3, title 9, Idaho Code.

25-3808. SUBSEQUENT VIOLATIONS — PENALTIES. (1) An agricultural operation, after having been determined to have committed a first time
violation of the provisions of this chapter, shall be deemed to have committed a subsequent violation if the operation:
   (a) Is determined by the department to have committed a subsequent violation within a three (3) year period of time; or
   (b) Failed to comply with an odor management plan developed pursuant to section 25-3805, Idaho Code.

(2) Those agricultural operations determined to have committed a subsequent violation of this chapter shall be assessed a civil penalty by the department or its duly authorized agent not to exceed ten thousand dollars ($10,000) for each offense and be liable for reasonable attorney's fees and costs.

(3) Assessment of a civil penalty as provided herein may be made in conjunction with any other department administrative action.

(4) No civil penalty may be imposed unless the person charged was given notice and opportunity for a hearing pursuant to the Idaho administrative procedure act, chapter 52, title 67, Idaho Code.

(5) If the department is unable to collect the civil penalty or if any person fails to pay all or a set portion of a civil penalty as determined by the department, the department may recover such amount by action in the appropriate district court.

(6) Any person against whom the department has assessed a civil penalty under this section may, within thirty (30) days of the final action making the assessment, appeal the assessment to the district court of the county in which the violation is alleged by the department to have occurred. Moneys collected for violations shall be deposited in the state treasury and credited to the general fund.

(7) The imposition or computation of monetary penalties shall take into account the seriousness of the violation, good faith efforts to comply with the law, the economic impact of the penalty on the violator, and such other matters as justice requires.

SECTION 2. That Section 9-340D, Idaho Code, be, and the same is hereby amended to read as follows:

(1) Trade secrets including those contained in response to public agency or independent public body corporate and politic requests for proposal, requests for clarification, requests for information and similar requests. "Trade secrets" as used in this section means information, including a formula, pattern, compilation, program, computer program, device, method, technique, process, or unpublished or in progress research that:
   (a) Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; and
   (b) Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

(2) Production records, housing production, rental and financing records, sale or purchase records, catch records, mortgage portfolio loan documents, or similar business records of a private concern or enterprise required by law to be submitted to or inspected by a public
agency or submitted to or otherwise obtained by an independent public body corporate and politic. Nothing in this subsection shall limit the use which can be made of such information for regulatory purposes or its admissibility in any enforcement proceeding.

(3) Records relating to the appraisal of real property, timber or mineral rights prior to its acquisition, sale or lease by a public agency or independent public body corporate and politic.

(4) Any estimate prepared by a public agency or independent public body corporate and politic that details the cost of a public project until such time as disclosed or bids are opened, or upon award of the contract for construction of the public project.

(9) Names and addresses of seed companies, seed crop growers, seed crop consignees, locations of seed crop fields, variety name and acreage by variety. Upon the request of the owner of the proprietary variety, this information shall be released to the owner. Provided however, that if a seed crop has been identified as diseased or has been otherwise identified by the Idaho department of agriculture, other state departments of agriculture, or the United States department of agriculture to represent a threat to that particular seed or commercial crop industry or to individual growers, information as to test results, location, acreage involved and disease symptoms of that particular seed crop, for that growing season, shall be available for public inspection and copying. This exemption shall not supersede the provisions of section 22-436, Idaho Code.

For taxable year 2000 and each year thereafter, the state tax commission shall prescribe a factor which shall be used to compute the Idaho income tax brackets provided in subsections (a)(i) and (a)(ii) of this section. The factor shall provide an adjustment to the Idaho tax brackets so that inflation will not result in a tax increase. The Idaho tax brackets shall be adjusted as follows: multiply the bracket amounts by the percentage (the consumer price index for the calendar year immediately preceding the calendar year to which the adjusted brackets will apply divided by the consumer price index for calendar year 1998). For the purpose of this computation, the consumer price index for any calendar year is the average of the consumer price index as of the close of the twelve (12) month period for the immediately preceding calendar year as adopted by the state tax commission. This adoption shall be exempt from the provisions of chapter 52, title 67, Idaho Code. The consumer price index shall mean the consumer price index for all U.S. urban consumers published by the United States department of labor. The state tax commission shall annually include the factor as provided in this subsection to multiply against Idaho taxable income in the brackets above to arrive at that year’s taxable income for tax bracket purposes.

(b) In case a joint return is filed by husband and wife pursuant to the provisions of section 63-3031, Idaho Code, the tax imposed by this section shall be twice the tax which would be imposed on one-half (1/2) of the aggregate Idaho taxable income. For the purposes of this section, a return of a surviving spouse, as defined in section 2(a) of the Internal Revenue Code, and a head of household, as defined in section 2(b) of the Internal Revenue Code, shall be treated as a joint return and the tax imposed shall be twice the tax which would be imposed on one-half (1/2) of the Idaho taxable income.

(c) The state tax commission shall compute and publish Idaho income
tax liability for taxpayers at the midpoint of each bracket of Idaho taxable income in fifty dollar ($50.00) steps to fifty thousand dollars ($50,000), rounding such calculations to the nearest dollar. Taxpayers having income within such brackets shall file returns based upon and pay taxes according to the schedule thus established. The state tax commission shall promulgate rules defining the conditions upon which such returns shall be filed.

SECTION 2. That Section 63-3024A, Idaho Code, be, and the same is hereby amended to read as follows:

63-3024A. CREDITS AND REFUNDS. (a) Any resident individual not entitled to the credit allowed in subsection (b)(1), who is required to file by law and who has filed an Idaho income tax return, shall be allowed a credit against taxes due under the Idaho income tax act equal to the amount of fifteen twenty dollars ($1520.00) for each personal exemption for which a deduction is permitted by section 151(b) and (c) of the Internal Revenue Code if such deduction is claimed on the taxpayer's Idaho income tax return, and if the individual for whom the deduction is claimed is a resident of the state of Idaho. If taxes due are less than the total credit allowed, the taxpayer shall be paid a refund equal to the balance of the unused credit. If the credit or refund is not claimed for the year for which the individual income tax return is filed, the right thereafter to claim such credit or refund shall be forfeited. The state tax commission shall prescribe the method by which the refund, if any, is to be made to the taxpayer.

(b) (1) A resident individual who has reached his sixty-fifth birthday before the end of his taxable year, who is required to file by law and who has filed an Idaho income tax return, shall be allowed a credit against taxes due under the Idaho income tax act equal to the amount of thirty-five dollars ($395.00) for each personal exemption representing himself, a spouse over the age of sixty-five (65) years, or a dependent over the age of sixty-five (65) years, or shall be allowed a credit against taxes due under the Idaho income tax act equal to fifteen twenty dollars ($1520.00) for each personal exemption representing a spouse or dependent under the age of sixty-five (65) years. If taxes due are less than the total credit allowed, the taxpayer shall be paid a refund equal to the balance of the unused credit. If the credit or refund is not claimed for the year for which the individual income tax return is filed, the right thereafter to claim such credit or refund shall be forfeited. The state tax commission shall prescribe the method by which the refund, if any, is to be made to the taxpayer.

(2) A resident individual who has reached his sixty-fifth birthday and is not required by law to file an Idaho income tax return and who has received no credit or refund under any other subsection of this section, shall be entitled to a refund of thirty-five dollars ($395.00). Any refund shall be paid to such individual only upon his making application therefor at such time and in such manner as may be prescribed by the state tax commission.

(c) A resident individual of the state of Idaho who is:
(i) blind, or
(ii) a disabled American veteran of any war engaged in by the United States, whose disability is recognized as a service connected

(iii) over sixty-two (62) years of age, and has been allowed none, or less than all, of the credit provided by subsection (a) or subsection (b) of this section, shall be entitled to a payment from the refund fund in an amount equal to fifteen twenty dollars ($1520.00), or the balance of his unused credit, whichever is less, upon making application therefor at such time and in such manner as the state tax commission may prescribe.

(d) Any part-year resident entitled to a credit under this section shall receive a proportionate credit, in the manner above provided, reflecting the part of the year in which he was domiciled in this state.

(e) No credit or refund may be claimed for an exemption which represents a person who has himself filed an Idaho income tax return claiming a deduction for his own personal exemption, and in no event shall more than one (1) taxpayer be allowed a credit or refund for the same exemption, or under more than one (1) subsection of this section.

(f) The refunds authorized by this section shall be paid from the state refund fund in the same manner as the refunds authorized by section 63-3067, Idaho Code.

(g) An application for any refund which is due and payable under the provisions of this section must be filed with the state tax commission within three (3) years of:

(i) the due date, including extensions, of the return required under section 63-3030, Idaho Code, if the applicant is required to file a return, or

(ii) the 15th day of April of the year following the year to which the application relates if the applicant is not required to file a return.

SECTION 3. That Section 63-3025, Idaho Code, be, and the same is hereby amended to read as follows:

63-3025. TAX ON CORPORATE INCOME. For taxable years commencing on and after January 1, 1987 2001, a tax is hereby imposed on the Idaho taxable income of a corporation which transacts or is authorized to transact business in this state or which has income attributable to this state. The tax shall be equal to eight seven and six-tenths percent (87.6%) of Idaho taxable income; provided, however, that the tax shall not be less than twenty dollars ($20.00); provided further that the twenty dollar ($20.00) minimum payment shall not be collected from nonproductive mining corporations. The tax imposed by this section shall not apply to corporations taxed pursuant to the provisions of section 63-3025A, Idaho Code.

SECTION 4. That Section 63-3025A, Idaho Code, be, and the same is hereby amended to read as follows:

63-3025A. FRANCHISE TAX. For taxable years commencing on and after January 1, 1987 2001, a franchise tax shall be imposed upon any corpora-
tion for the privilege of exercising its corporate franchise within the state during such taxable year, including, but not limited to, corporations engaged in business in Idaho for the exclusive purpose of performing contracts with the United States department of energy at the Idaho national engineering and environmental laboratory, which tax shall be measured by income which is attributable to this state under the provisions of this chapter and which tax shall be equal to eight percent (8%) of Idaho taxable income at the rate provided in section 63-3025, Idaho Code; provided, however, that the tax shall not be less than twenty dollars ($20.00); provided further that the twenty dollar ($20.00) minimum payment shall not be collected from nonproductive mining corporations; but the twenty dollar ($20.00) minimum tax shall apply to corporations qualified to file returns and actually filing returns under the provisions of subchapter "S" of the Internal Revenue Code.

SECTION 5. That Section 63-3029B, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029B. INCOME TAX CREDIT FOR CAPITAL INVESTMENT. (1) At the election of the taxpayer there shall be allowed, subject to the applicable limitations provided herein as a credit against the income tax imposed by chapter 30, title 63, Idaho Code, an amount equal to the sum of:

(a) The tax credit carryovers; and
(b) The tax credit for the taxable year.

(2) The maximum allowable amount of the credit for the current taxable year shall be three percent (3%) of the amount of qualified investments made during the taxable year.

(3) As used in this section "qualified investment" means certain depreciable property which:

(a) (i) Is eligible for the federal investment tax credit, as defined in sections 46(c) and 48 of the Internal Revenue Code subject to the limitations provided for certain regulated companies in section 46(f) of the Internal Revenue Code and is not a motor vehicle under eight thousand (8,000) pounds gross weight; or
(ii) Is qualified broadband equipment as defined in section 63-3029I, Idaho Code; and
(b) Is acquired, constructed, reconstructed, erected or placed into service after December 31, 1981; and
(c) Has a situs in Idaho.

(4) Notwithstanding the provisions of subsections (1) and (2) of this section, the amount of the credit allowed shall not exceed fifty percent (50%) of the tax liability of the taxpayer.

(5) If the sum of credit carryovers from the credit allowed by subsection (2) of this section and the amount of credit for the taxable year from the credit allowed by subsection (2) of this section exceed the limitation imposed by subsection (4) of this section for the current taxable year, the excess attributable to the current taxable year's credit shall be an investment credit carryover to the fourteen (14) succeeding taxable years. In the case of a group of corporations filing a combined report under section 63-3027, Idaho Code, or sections 63-3027B through 63-3027E, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the
group, subject to the provisions of subsection (4) of this section, instead of carried over. The entire amount of unused credit shall be carried forward to the earliest of the succeeding years, wherein the oldest available unused credit shall be used first, so long as the qualified investment property for which the unused credit was granted still maintains Idaho situs. For a combined group of corporations, credit carried forward may be claimed by any member of the group unless the member who earned the credit is no longer included in the combined group.

(6) Any recapture of the credit allowed by subsection (2) of this section on property disposed of or ceasing to qualify, prior to the close of its useful life the recapture period, shall be determined according to the applicable recapture provisions of the Internal Revenue Code. In the case of a unitary group of corporations, the increase in tax due to the recapture of investment tax credit must be reported by the member of the group who earned the credit regardless of which member claimed the credit against tax.

(7) For the purpose of determining whether property placed in service is a "qualified investment" as defined in subsection (3) of this section, the provisions of section 49 of the Internal Revenue Code shall be disregarded.

(8) For purposes of this section, property has a situs in Idaho during a taxable year if it is used in Idaho at any time during the taxable year. Property not used in Idaho during a taxable year does not have a situs in Idaho in the taxable year during which the property is not used in Idaho or in any subsequent taxable year. No credit or carryover of credit is permitted under this section if the credit or carryover relates to property that does not have a situs in Idaho during the taxable year for which the credit or carryover is claimed. The Idaho situs of property must be established by records maintained by the taxpayer which are created reasonably contemporaneously with the use of the property.

(9) In the case of property used both in and outside Idaho, the taxpayer, electing to claim the credit provided in this section, must elect to compute the qualified investment in property with a situs in Idaho for all such investments first qualifying during that year in one (1), but only one (1), of the following ways:

(a) The amount of each qualified investment in a specific asset shall be separately computed based on the percentage of the actual use of the property in Idaho by using a measure of the use, such as total miles or total machine hours, that most accurately reflects the beneficial use during the taxable year in which it is first acquired, constructed, reconstructed, erected or placed into service; provided, that the asset is placed in service more than ninety (90) days before the end of the taxable year. In the case of assets acquired, constructed, reconstructed, erected or placed into service within ninety (90) days prior to the end of the taxable year in which the investment first qualifies, the measure of the use of that asset within Idaho for that year shall be based upon the percentage of use in Idaho during the first ninety (90) days of use of the asset;

(b) The investment in qualified property used both inside and outside Idaho during the taxable year in which it is first acquired, constructed, reconstructed, erected or placed into service shall be multiplied by the percent of the investment that would be included
in the numerator of the Idaho property factor determined pursuant to section 63-3027, Idaho Code, for the same year.

(10) Only for the purposes of subsections (3)(a) and (7) of this section, references to sections of the "Internal Revenue Code" mean the sections referred to as they existed in the Internal Revenue Code of 1986 prior to November 5, 1990.

SECTION 6. That Chapter 30, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3029G, Idaho Code, and to read as follows:

63-3029G. CREDITS FOR RESEARCH ACTIVITIES CONDUCTED IN THIS STATE CARRY FORWARD.

(1)(a) Subject to the limitations of this section, for taxable years beginning between January 1, 2001, and December 31, 2005, inclusive, there shall be allowed to a taxpayer a nonrefundable credit against taxes imposed by sections 63-3024, 63-3025 and 63-3025A, Idaho Code, for increasing research activities in Idaho during any consecutive five (5) year period beginning, at the election of the taxpayer, either:

(i) January 1, 2001, or
(ii) The first day of the taxpayer's taxable year beginning in 2001.

(b) The credit allowed by subsection (1)(a) of this section shall be the sum of:

(i) Five percent (5%) of the excess of qualified research payments for research conducted in Idaho over the base amount; and

(ii) Five percent (5%) basic research payments allowable under subsection (e) of section 41 of the Internal Revenue Code for basic research conducted in Idaho.

(c) Subject to the limitation in subsection (3) of this section, a taxpayer making the election permitted by subsection (1)(a)(i) of this section, credit for research activities occurring prior to the beginning of the taxpayer's taxable year beginning in 2001 shall be claimed on the taxpayer's return for its taxable year 2001 in addition to credit relating to activity in that year.

(2) As used in this section:

(a) The terms "qualified research payments," "qualified research," "basic research payments" and "basic research" shall be as defined in section 41 of the Internal Revenue Code except that the research must be conducted in Idaho.

(b) The term "base amount" shall mean an amount calculated as provided in sections 41(c) and 41(h) of the Internal Revenue Code, except that:

(i) The base amount does not include the calculation of the alternative incremental credit provided for in section 41(c)(4) of the Internal Revenue Code;

(ii) A taxpayer's gross receipts include only those gross receipts attributable to sources within this state as provided in subsections (q) and (r) of section 63-3027, Idaho Code; and

(iii) Notwithstanding section 41(c) of the Internal Revenue Code, for purposes of calculating the base amount, a taxpayer:

(A) May elect to be treated as a start-up company as pro-
vided in section 41(c)(3)(B) of the Internal Revenue Code, regardless of whether the taxpayer meets the requirements of section 41(c)(3)(B)(i)(I) or (II) of the Internal Revenue Code; and

(B) May not revoke an election to be treated as a start-up company.

(3) The credit allowed by subsection (1)(a) of this section together with any credits carried forward under subsection (5) of this section shall not exceed the amount of tax due under sections 63-3024, 63-3025 and 63-3025A, Idaho Code, after allowance for all other credits permitted by this chapter. When credits earned in more than one (1) taxable year are available, the oldest credits shall be applied first.

(4) In the case of a group of corporations filing a combined report under subsection (t) of section 63-3027, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group. For a combined group of corporations, any member of the group may claim credit carried forward unless the member who earned the credit is no longer included in the combined group.

(5) The credit allowed by subsection (1)(a) of this section shall be claimed for the taxable year during which the taxpayer qualifies for the credit. If the credit exceeds the limitation under subsection (3) of this section, the excess amount may be carried forward for a period that does not exceed the next fourteen (14) taxable years.

(6) In addition to other needed rules, the state tax commission may promulgate rules prescribing, in the case of S corporations, partnerships, trusts or estates, a method of attributing the credit under this section to the shareholders, partners or beneficiaries in proportion to their share of the income from the S corporation, partnership, trust or estate.

SECTION 7. That Section 63-3029H, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029HP. PRIORITY OF CREDITS. When a taxpayer subject to any taxes imposed under this chapter is entitled to two (2) or more credits against such taxes, the priority of credits shall be determined in the following order:

(a) Nonrefundable credits. Nonrefundable credits shall be applied to the tax liability before application of refundable credits. If a taxpayer is entitled to more than one (1) nonrefundable credit, the credits shall be applied in the order in which the statutes authorizing the credits were enacted by the legislature.

(b) Refundable credits. Refundable credits shall be applied to the tax liability after application of any nonrefundable credits.

SECTION 8. That Chapter 30, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3029I, Idaho Code, and to read as follows:

63-3029I. INCOME TAX CREDIT FOR INVESTMENT IN BROADBAND EQUIPMENT. (1) Subject to the limitations of this section, for taxable years beginning between January 1, 2001, and December 31, 2005, inclusive, there shall be allowed to a taxpayer a nonrefundable credit against taxes imposed by sections 63-3024, 63-3025 and 63-3025A, Idaho Code, for qual-
ified expenditures in qualified broadband equipment in Idaho.

(2) The credit permitted in subsection (1) of this section shall be three percent (3%) of the qualified investment in qualified broadband equipment in Idaho and shall be in addition to the credit for capital investment permitted by section 63-3029B, Idaho Code.

(3) As used in this section the term:
(a) "Qualified investment" shall be as defined in section 63-3029B, Idaho Code.
(b) "Qualified broadband equipment" means equipment that qualifies for the credit for capital investment permitted by section 63-3029B, Idaho Code, and is capable of transmitting signals at a rate of at least two hundred thousand (200,000) bits per second to a subscriber and at least one hundred twenty-five thousand (125,000) bits per second from a subscriber, and
(i) In the case of a telecommunications carrier, such qualifying equipment shall be necessary to the provision of broadband service and an integral part of a broadband network. "Telecommunications carrier" has the meaning given such term by section 3(44) of the communications act of 1934, as amended, but does not include a commercial mobile service provider.
(ii) In the case of a commercial mobile service carrier, such qualifying equipment shall extend from the subscriber side of the mobile telecommunications switching office to a transmitting/receiving antenna, including such antenna, on the outside of the structure in which the subscriber is located. "Commercial mobile service carrier" means any person authorized to provide commercial mobile radio service to subscribers as defined in section 20.3 of title 47, Code of Federal Regulations (10-1-99 ed.), as amended. 
(iii) In the case of a cable or open video system operator, such qualifying equipment shall extend from the subscriber's side of the headend to the outside of the structure in which the subscriber is located. The terms "cable operator" and "open video system operator" have the meanings given such terms by sections 602(5) and 653, respectively, of the communications act of 1934, as amended. 
(iv) In the case of a satellite carrier or a wireless carrier other than listed above, such qualifying equipment is only that equipment that extends from a transmitting/receiving antenna, including such antenna, which transmits and receives signals to or from multiple subscribers to a transmitting/receiving antenna on the outside of the structure in which the subscriber is located. "Satellite carrier" means any person using the facilities of a satellite or satellite services licensed by the federal communications commission and operating a fixed-satellite service or direct broadcast satellite services to provide point-to-multipoint distribution of signals. "Other wireless carrier" means any person, other than a telecommunications carrier, commercial mobile service carrier, cable operator, open video operator, or satellite carrier, providing broadband services to subscribers through the radio transmission of energy.
(v) In the case of packet switching equipment, such packet equipment installed in connection with other qualifying equip-
No equipment described in subsections (2)(b)(i) through (2)(b)(vi) of this section shall qualify for the credit provided in subsection (1) of this section until the taxpayer applies to and obtains from the Idaho public utilities commission an order confirming that the installed equipment is qualified broadband equipment. Applications submitted to the commission shall be governed by the commission's rules of procedure. The commission may issue procedural orders necessary to implement this section.

(5) The credit allowed by subsection (1) of this section together with any credits carried forward under subsection (7) of this section shall not, in any one (1) taxable year, exceed the lesser of:

(a) The amount of tax due under sections 63-3024, 63-3025 and 63-3025A, Idaho Code, after allowance for all other credits permitted by this chapter; or

(b) Seven hundred fifty thousand dollars ($750,000).

When credits earned in more than one (1) taxable year are available, the oldest credits shall be applied first.

(6) In the case of a group of corporations filing a combined report under subsection (t) of section 63-3027, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group, subject to the provisions of subsection (7) of this section, instead of carried over. For a combined group of corporations, credit carried forward may be claimed by any member of the group unless the member who earned the credit is no longer included in the combined group.

(7) If the credit allowed by subsection (1) of this section exceeds the limitation under subsection (5) of this section, the excess amount may be carried forward for a period that does not exceed the next fourteen (14) taxable years.

(8) In the event that qualified broadband equipment upon which the credit allowed by this section has been used ceases to qualify for the credit allowed by section 63-3029B, Idaho Code, or is subject to recapture of that credit, the recapture of credit under this section shall be in the same proportion and subject to the same provisions as the amount of credit required to be recaptured under section 63-3029B, Idaho Code.

(9) (a) Subject to the requirements of this subsection, a taxpayer entitled to the credit or to an unused portion of the credit allowed by this section may transfer the unused credit to another taxpayer
required to file a return under this chapter.
(b) Before completing a transfer under this subsection, the trans­feror shall notify the state tax commission of its intention to transfer the credit and the identity of the transferee. The state tax commission shall provide the transferor with a written statement of the amount of credit available under this section as then appear­ing in the commission's records and the number of years the credit may be carried over. The transferee shall attach a copy of the statement to any return in regard to which the transferred credit is claimed.
(c) In the event that after the transfer the state tax commission determines that the amount of credit properly available under this section is less than the amount claimed by the transferor of the credit or that the credit is subject to recapture, the commission shall assess the amount of overstated or recaptured credit as taxes due from the transferor and not the transferee. The assessment shall be made in the manner provided for a deficiency in taxes under this chapter.
(10) In addition to other needed rules, the state tax commission may promulgate rules prescribing, in the case of S corporations, partner­ships, trusts or estates, a method of attributing the credit under this section to the shareholders, partners or beneficiaries in proportion to their share of the income from the S corporation, partnership, trust or estate.

SECTION 9. That Chapter 30, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3022P, Idaho Code, and to read as follows:

63-3022P. HEALTH INSURANCE COSTS. With respect to an individual taxpayer, an amount equal to the amount paid by the taxpayer during the taxable year for insurance which constitutes medical care for the tax­payer, the spouse or dependents of the taxpayer which is not otherwise deducted or accounted for by the taxpayer for Idaho income tax purposes shall be allowed as a deduction for Idaho taxable income. As used in this section, "insurance which constitutes medical care" includes any hospital or medical policy or certificate, any subscriber contract, pol­icies or certificates of insurance for specific disease, hospital con­finement indemnity, accident-only, credit, dental, vision, single employer self-funded coverage, meaning that portion of health insurance which is the retained risk of the employer, student health benefits only or coverage for medical care or treatment issued as a supplement to lia­bility insurance. Employers shall provide to the employee a statement as to whether an employee's contribution for health insurance has been excluded from taxable income.

SECTION 10. That Chapter 30, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3029J, Idaho Code, and to read as follows:

63-3029J. INCENTIVE INCOME TAX INVESTMENT CREDIT. (1) Subject to the limitations of this section, for taxable year 2001 only, there shall be allowed to a taxpayer a nonrefundable credit against taxes imposed by sections 63-3024, 63-3025 and 63-3025A, Idaho Code, in the amount
allowed by subsection (2) of this section for qualified investments in Idaho. The credit shall be in addition to the credit for capital investment permitted by section 63-3029B, Idaho Code.

(2) The credit permitted in subsection (1) of this section shall be at the percentage rate determined under either subsection (2)(a) or (2)(b) of this section at the election of the taxpayer.

(a) (i) One-half (1/2) of the amount by which the average three-year unemployment rate in the county in which the property is located exceeds six percent (6%). In the case of mobile property, the property shall be located in the county in which it is primarily based.

(ii) For purposes of this section the director of the department of labor shall, on or before the first day of September of each calendar year, establish and certify to the state tax commission the average three-year unemployment rate in each county in Idaho for the immediately preceding three (3) calendar years. The rates thus certified shall apply to the calculation of the credit under subsection (2)(a)(i) of this section for property qualifying in the taxable year beginning during the next calendar year.

(b) (i) One-tenth of one percent (.1%) for each full percent that the three-year average per capita personal income level in the county in which the property is located is below ninety percent (90%) of the average statewide per capita personal income level.

(ii) For purposes of this section the director of the department of commerce shall, on or before the first day of September of each calendar year, establish and certify to the state tax commission the most current three-year average per capita personal income level in each county in Idaho and the statewide per capita personal income level for the most current preceding three (3) calendar years. The levels thus certified shall apply to the calculation of the credit under subsection (2)(b)(i) of this section for property qualifying in the taxable year beginning during the next calendar year.

(3) As used in this section the term "qualified investment" shall be defined as in section 63-3029B, Idaho Code.

(4) The credit allowed by subsection (1) of this section together with any credits carried forward under subsection (6) of this section shall not exceed in any one (1) taxable year the lesser of:

(a) The amount of tax due under sections 63-3024, 63-3025 and 63-3025A, Idaho Code, after allowance for all other credits permitted by this chapter; or

(b) Five hundred thousand dollars ($500,000).

(5) In the case of a group of corporations filing a combined report under subsection (t) of section 63-3027, Idaho Code, credit earned by one (1) member of the group but not used by that member may be used by another member of the group, subject to the provisions of subsection (6) of this section, instead of carried over. For a combined group of corporations, credit carried forward may be claimed by any member of the group unless the member who earned the credit is no longer included in the combined group.

(6) If the credit allowed by subsection (1) of this section exceeds the limitation under subsection (4) of this section, the excess amount
may be carried forward for a period that does not exceed the next fourteen (14) taxable years.

(7) In the event that property upon which the credit allowed by this section has been used ceases to qualify for the credit allowed by section 63-3029B, Idaho Code, the recapture of credit under this section shall be in the same proportion and subject to the same provisions as the amount of credit required to be recaptured under section 63-3029B, Idaho Code.

(8) (a) Subject to the requirements of this subsection, a taxpayer entitled to the credit or to an unused portion of the credit allowed by this section may transfer the unused credit to another taxpayer required to file a return under this chapter.

(b) Before completing a transfer under this subsection, the transferor shall notify the state tax commission of its intention to transfer the credit and the identity of the transferee. The state tax commission shall provide the transferor with a written statement of the amount of credit available under this section as then appearing in the commission's records and the number of years the credit may be carried over. The transferor shall provide the transferee with the original statement. The transferee shall attach a copy of the statement to any return in regard to which the transferred credit is claimed.

(c) In the event that after the transfer the state tax commission determines that the amount of credit properly available under this section is less than the amount claimed by the transferor of the credit and shown in the statement described in subsection (8)(b) of this section or that the credit is subject to recapture, the commission shall assess the amount of overstated credit as taxes due from the transferor and not the transferee. The assessment shall be made in the manner provided for a deficiency in taxes under this chapter.

(9) In addition to other needed rules, the state tax commission may promulgate rules prescribing:

(a) In the case of S corporations, partnerships, trusts or estates, a method of attributing the credit under this section to the shareholders, partners or beneficiaries in proportion to their share of the income from the S corporation, partnership, trust or estate.

(b) A requirement that a transferor under subsection (8) of this section, prior to obtaining the written statement provided in subsection (8)(b) of this section, post such bond or security as the state tax commission may require to secure any liability referred to in subsection (8)(c) of this section. Such rules shall provide an opportunity for a taxpayer, upon a showing of financial responsibility, to have the bond waiver, for notice of denial of waiver in accordance with section 63-3045, Idaho Code, and for review in accordance with section 63-3045B, Idaho Code.

SECTION 11. That Section 63-3029E, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029E. DEFINITIONS -- CONSTRUCTION OF TERMS. As used in this section and in section 63-3029F, Idaho Code:

(1) (a) "New employee" means a person from whom Idaho income tax has been withheld, employed by the taxpayer, in a revenue-producing enterprise-creating-value-added-natural-resource-products; and cov-
ered for unemployment insurance purposes under chapter 13, title 72, Idaho Code, during the taxable year for which the credit allowed by section 63-3029F, Idaho Code, is claimed. A person shall be deemed to be so engaged if such person performs duties on:

(i) A regular full-time basis; or
(ii) A part-time basis if such person is customarily performing such duties at least twenty (20) hours per week.

No credit shall be earned unless the new employee shall have performed such duties for the taxpayer for a minimum of nine (9) months during the taxable year for which the credit is claimed.

(b) The provisions of paragraph (a) of this subsection notwithstanding, no credit shall be allowed for employment of persons by a taxpayer who acquires a revenue-producing enterprise from another taxpayer or who operates in a place of business the same or a substantially identical revenue-producing-value-added-natural-resource-products-enterprise business as operated by another taxpayer within the prior twelve (12) months, except as the prior taxpayer would have qualified under the provisions of paragraph (c) of this subsection. Employees transferred from a related taxpayer shall not be included in the computation of the credit.

(c) The number of employees during any taxable year for any taxpayer shall be the mathematical average of the number of employees reported to the Idaho department of labor for employment security purposes during the twelve (12) months of the taxable year which qualified under paragraph (a) of this subsection. In the event the business is in operation for less than the entire taxable year, the number of employees of the business for the year shall be the average number actually employed during the months of operation, providing that the qualifications of paragraph (a) of this subsection are met.

(2) "Revenue-producing-enterprise" means the production, assembly, fabrication, manufacture or processing of any natural-resource-products. "Same or a substantially identical revenue-producing-enterprise business" means a revenue-producing-enterprise business in which the products produced or sold, or the activities conducted are the same in character and use and are produced, sold or conducted in the same manner as, or for the same types of customers as, the products or activities produced, sold or conducted in another revenue-producing-enterprise business.

SECTION 12. That Section 63-3029F, Idaho Code, be, and the same is hereby amended to read as follows:

63-3029F. SPECIAL CREDIT AVAILABLE -- NEW EMPLOYEES. (1) Any taxpayer shall be allowed a credit, in an amount determined under subsection (2) of this section, against the tax imposed by this chapter, other than the tax imposed by section 63-3082, Idaho Code, for any taxable year during which the taxpayer's employment of new employees, as defined under section 63-3029E(1), Idaho Code, increases above the taxpayer's average employment for either: (a) the prior taxable year, or (b) the average of three (3) prior taxable years, whichever is higher. No credit shall be allowed under this section unless the number of new employees equals or exceeds one (1) person.

(2) The credit authorized in subsection (1) of this section shall
be five hundred dollars ($500) per new employee, but the total credit allowed shall not exceed three and one-quarter percent (3.25%) of net income from the taxpayer’s corporate, proprietorship, partnership, small business corporation or limited liability company revenue-producing enterprise business in which the employment occurred. Additionally, the total of this and all other credits allowed under this chapter except for the credits allowed under sections 63-3024A, 63-3025D and 63-3029, Idaho Code, taken during any taxable year shall not exceed forty-five percent (45%) of the tax otherwise imposed on the taxpayer for the taxable year for which such credit is allowed.

(3) If the sum of the credit carryovers from the credit allowed by subsection (2) of this section and the amount of credit for the taxable year from the credit allowed by subsection (2) of this section exceed the limitation imposed by subsection (2) of this section for the current taxable year, the excess attributable to the current taxable year's credit shall be a credit carryover to the three (3) succeeding taxable years. The entire amount of unused credit shall be carried forward to the earliest of the succeeding years, wherein the oldest available unused credit shall be used first, so long as the employment level for which the credit was granted is still maintained.

SECTION 13. That Sections 63-3029E and 63-3029F, Idaho Code, be, and the same are hereby repealed.

SECTION 14. That Chapter 30, Title 63, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 63-3029E, Idaho Code, and to read as follows:

Employees transferred from a related taxpayer shall not be included in the computation of the credit.
(c) The number of employees during any taxable year for any tax-
payer shall be the mathematical average of the number of employees reported to the Idaho department of labor for employment security purposes during the twelve (12) months of the taxable year which qualified under paragraph (a) of this subsection. In the event the business is in operation for less than the entire taxable year, the number of employees of the business for the year shall be the average number actually employed during the months of operation, providing that the qualifications of paragraph (a) of this subsection are met.

dairy farm that increases, or applies to increase, its existing ani­mal units beyond the number for which it is permitted under appli­cable county livestock ordinances or increases, or applies to increase, the waste containment system.

(c) "New dairy farm" means a dairy farm constructed after the effective date of this act.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval.

CHAPTER 389
(S.B. No. 1114, As Amended)

AN ACT
RELATING TO SCHOOL DISTRICT SALARY-BASED APPORTIONMENT; AMENDING SECTION 33-1004E, IDAHO CODE, TO INCREASE BASE SALARY AND TO ADOPT REQUIRE­MENTS FOR A SCHOOL DISTRICT SALARY SCHEDULE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-1004E, Idaho Code, be, and the same is hereby amended to read as follows:

33-1004E. DISTRICT'S SALARY-BASED APPORTIONMENT. Each district shall be entitled to a salary-based apportionment calculated as provided in this section.

1. To determine the apportionment for instructional staff, first determine the district average experience and education index by placing all eligible district certificated instructional employees on the state­wide index provided in section 33-1004A, Idaho Code. The resulting aver­age is the district index. Districts with an index above the state aver­age index shall receive their actual index but not more than the state average plus .03 for the 1994-95 school year, and shall receive their actual index but not more than the state average plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district instructional staff index shall be multiplied by the instructional base salary of $i9,91523,210. The amount so determined shall be multiplied by the district staff allowance for instructional staff determined as provided in section 33-1004 2., Idaho Code. The instructional salary allocation shall be increased by $1,000 for each teacher placed on step one, column one, of the experience and education index. Full-time instructional staff salaries shall be determined from a salary schedule developed by each district and submitted to the state department of education. No full-time instructional staff member shall be paid less than the state instructional base salary plus $1,000, or $25,000, whichever is greater. If an instructional staff member has been certified by the national board for professional teaching standards, the staff member shall be designated as a master teacher and receive $2,000 per year for five (5) years. The instructional salary shall be increased
by $2,000 for each master teacher. The resulting amount is the district's salary-based apportionment for instructional staff. For purposes of this section, teachers qualifying for the salary increase as master teacher shall be those who have been recognized as national board certified teachers as of July 1 of each year.

2. To determine the apportionment for district administrative staff, first determine the district average experience and education index by placing all eligible certificated administrative employees on the statewide index provided in section 33-1004A, Idaho Code. The resulting average is the district index. Districts with an index above the state average index shall receive their actual index but not more than the state average plus .03 for the school year 1994-95, and shall receive their actual index but not more than the state average index plus .06 for the 1995-96 school year, and thereafter shall receive their actual district index. The district administrative staff index shall be multiplied by the base salary of $30,59933,760. The amount so determined shall be multiplied by the district staff allowance for administrative staff determined as provided in section 33-1004 3., Idaho Code. The resulting amount is the district's salary-based apportionment for administrative staff.

3. To determine the apportionment for classified staff, multiply $16,23218,463 by the district classified staff allowance determined as provided in section 33-1004 4., Idaho Code. The amount so determined is the district's apportionment for classified staff.

4. The district's salary-based apportionment shall be the sum of the apportionments calculated in subsections 1., 2. and 3., of this section, plus the benefit apportionment as provided in section 33-1004F, Idaho Code.

Approved April 11, 2001.

CHAPTER 390
(S.B. No. 1116, As Amended)

AN ACT
RELATING TO READING ACHIEVEMENT EVALUATION; AMENDING CHAPTER 16, TITLE 33, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 33-1616, IDAHO CODE, TO PROVIDE STATEWIDE GOALS FOR READING EVALUATIONS AND TO PROVIDE ADDITIONAL ASSISTANCE TO SCHOOLS WHICH FAIL TO ACHIEVE SPECIFIED GOALS.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 16, Title 33, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW SECTION, to be known and designated as Section 33-1616, Idaho Code, and to read as follows:

33-1616. EVALUATIONS AND INTERVENTIONS. Reports shall be submitted by the school districts in such a manner that it is possible to determine for each school building in each school district the percentage of students who are achieving at or above the appropriate grade level on the reading assessment. In order to maintain the commitment made by the
legislature to reading excellence, the statewide goal for reading achievement for spring 2004 shall be not less than fifty-five percent (55%) at or above grade level for kindergarten and not less than sixty percent (60%) at or above grade level for first grade; the goal for spring 2005 shall be not less than fifty-five percent (55%) at or above grade level for kindergarten, not less than sixty-five percent (65%) at or above grade level for first grade, and not less than seventy percent (70%) at or above grade level for second grade; the goal for spring 2006 shall be not less than sixty percent (60%) at or above grade level for kindergarten, not less than seventy percent (70%) at or above grade level for first grade, not less than eighty percent (80%) at or above grade level for second grade and not less than eighty-five percent (85%) at or above grade level for third grade. Notwithstanding the statewide reading achievement goals provided herein, an individual school building will also be deemed to have met the achievement goal if the percentage reading at or above grade level is five percent (5%) or more greater than the percentage for the immediately preceding year.

The state department of education shall extract data from the reporting forms, after the spring assessment period, and specifically identify those schools whose average reading scores for any grade level have not met the targeted level by the specified date. The department shall prepare a list of these schools and the grade or grades not attaining the achievement goal. This list shall be made available for the public, shall be published in the next issue of the state publication of the department and may be made available on the internet following the spring assessment. In addition, each school so identified shall be notified by the department that should the school experience a similar shortfall in the next ensuing year, a school intervention program may be initiated. The state department of education shall provide for an intervention program which will consist of at least, but not limited to, a site visit by designated personnel from schools that have achieved the state standard and may include others who are familiar with reading achievement. The intervention team shall make recommendations to the district on means for improvement in order to meet and exceed the state's reading goals.

CHAPTER 394
(H.B. No. 383)

AN ACT
RELATING TO RENTAL OF STORAGE WATER TO AUGMENT RIVER FLOWS TO AID SALMON MIGRATION; AMENDING SECTION 42-17638, IDAHO CODE, TO REVISE FINDINGS AND INTENT OF THE LEGISLATURE, TO AUTHORIZE THE U.S. BUREAU OF RECLAMATION TO RELEASE WATER IN 2001 UNDER LIMITED CONDITIONS, TO PROVIDE NECESSARY DATE CHANGES AND TO MOVE THE SUNSET CLAUSE BACK ONE YEAR; DECLARING AN EMERGENCY AND PROVIDING RETROACTIVE APPLICATION.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 42-17638, Idaho Code, be, and the same is hereby amended to read as follows:

42-17638. INTERIM AUTHORITY FOR RENTAL OF STORAGE WATER TO AUGMENT FLOWS DURING THE MIGRATION OF SNAKE RIVER SALMON. (1) Legislative findings and intent regarding rental of storage water from U.S. Bureau of reclamation projects in the Snake River basin within Idaho to augment lower Snake River flows during the migration of Snake River salmon. The legislature finds that the U.S. Bureau of reclamation requested the desires to release of up to four hundred twenty-seven thousand (427,000) acre feet of water to augment salmon flows in order to satisfy the conditions of the biological opinion issued by the National Marine Fisheries Service on March 2, 1995 2001. The state of Idaho is experiencing serious drought conditions in 2001 and it is therefore unlikely that
four hundred twenty-seven thousand (427,000) acre feet of water will be available for rental for flow augmentation purposes. Nonetheless, the legislature finds that authorization of this legislation will facilitate ongoing negotiations in the Snake River basin adjudication. Therefore, the legislature authorizes the U.S. bureau of reclamation to release water from its projects under the limited conditions of this section in 2001.

(2) Rental of storage water from U.S. bureau of reclamation storage.

(a) Notwithstanding the legislative approval required in section 42-108, Idaho Code, any storage water release from U.S. bureau of reclamation reservoirs within the state of Idaho for use to augment river flows during the migration of Snake River salmon pursuant to this section must be rented through the water bank operated by the Idaho water resource board pursuant to sections 42-1761 through 42-1764, Idaho Code, or through local water rental committees, created pursuant to section 42-1765, Idaho Code, under their respective water bank rules.

(b) For any rental of water pursuant to this section, the director shall not be required to determine under section 42-1763, Idaho Code, whether the water supply is sufficient for the purpose for which it is sought, whether the rental would cause the use of water to be enlarged beyond that authorized under the water right to be rented, whether such use is in the public interest, or whether such use is consistent with the factors enumerated under subsection (3) of section 42-401, Idaho Code.

(3) Conditions on storage water rentals.

(a) Any storage water made available under this section shall be obtained only from willing lessors. Any water rented under this section from reservoirs located within a basin having a local rental pool committee established pursuant to section 42-1765, Idaho Code, shall be rented pursuant to this section only through the local rental pool committee.

(b) Storage water made available under this section shall be limited to four hundred twenty-seven thousand (427,000) acre feet annually. These releases from storage shall be reduced by other water the U.S. bureau of reclamation provides for augmentation of salmon flows from the Snake River and its tributaries.

(c) In no event shall the release of water under this section cause the water surface of Cascade Reservoir to be below the elevation required to maintain a storage volume of three hundred thousand (300,000) acre feet, fifty thousand (50,000) acre feet of which is dead space, which is currently estimated to be at an elevation of four thousand eight hundred nine and two-tenths (4,809.2) feet.

(d) The U.S. bureau of reclamation shall report on the plan for releases for the spring and summer chinook prior to such releases and on the plan for releases for the fall chinook by July 15, 2001. The U.S. bureau of reclamation shall submit a report to the director by January 15, 2002, describing the time, volume and purpose of storage water released for salmon purposes during the year 2001.

(e) All storage water rented from U.S. bureau of reclamation reservoirs under this section must be used for power production purposes within the state of Idaho.

(f) Nothing herein shall entitle the U.S. bureau of reclamation to
rent storage water upon termination or expiration of the permission given in this section.

(4) Nothing in this section shall be construed to alter in any way the existing contractual obligations of the U.S. bureau of reclamation or to constitute a finding by the legislature that the rental or use of storage water for augmentation of flows for salmon migration is a beneficial use of water, that it is in the public interest, or whether such use injures existing water rights.

(5) This section shall not become effective until the director certifies to the governor that the U.S. bureau of reclamation's applications to transfer water right numbers 4616, 4617, 4618, 4623, 4625, 4626, 4627, 4628, 4629, 4630, 4631, 4632, 4633 and 4636, and to amend water right permit numbers 25-07004 and 63-3618 will be held in abeyance until July 1, 2009.

(6) On and after January 1, 2002, this act shall be null, void and of no force and effect.

SECTION 2. An emergency existing therefor, which emergency is hereby declared to exist, this act shall be in full force and effect on and after its passage and approval and retroactively to January 1, 2001.

Approved April 17, 2001.
A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, TO THE SECRETARY OF THE DEPARTMENT OF AGRICULTURE, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the potato industry in this country is suffering from record production along with low prices for the commodity; and
WHEREAS, the potato industry in this country is suffering from the effects of imports coming into the country; and
WHEREAS, production costs for potato growers are at all time high levels further providing increased economic risk for growers; and
WHEREAS, the United States Government has a commodity purchase program identified as the Section 32 Commodity Purchase Program; and
WHEREAS, Congress in 2000 earmarked $200 million dollars for the purchase of excess fruits and vegetables under the Agriculture Risk Protection Act of 2000 and that legislation specifically mentions purchasing of potatoes; and
WHEREAS, the increase in Idaho potato production has, in part, been the result of favorable weather and efficient farming practices where, in some instances, farmers have experienced a 40% higher yield per acre; and
WHEREAS, it is unfair to punish farmers for being more efficient in their farming practices.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we request that you and your Department provide diversion funds that have been earmarked by Congress for potato producers to help ease the economic crisis they face in 2001.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, William Clinton, the Secretary of the Department of Agriculture, Dan Glickman, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, special interest groups requested the President of the United States to designate an Owyhee-Bruneau Canyonlands National Monument in Owyhee County, Idaho, during the last days of the past presidential administration, a designation which would include over two million federal acres, and hundreds of thousands of acres of state land as well as private land, in an area including more than one-half the land mass of Owyhee County; and

WHEREAS, the state of Idaho has been greatly affected by such recent actions as the Craters of the Moon National Monument expansion; and

WHEREAS, the history of national monuments and other special designations for preservation purposes, demonstrates that their administration and management results in closure of road access, elimination of specific recreational uses, elimination of mining, and, through administrative regulations, restriction of all other recreational and permitted uses to a point of near elimination; and

WHEREAS, the land within the proposed Owyhee Canyonland National Monument is currently in sound ecological condition under the existing private and public management; and

WHEREAS, designation of the monument would remove the affected federal lands from the multiple use mandates of Congress and place them under more restrictive administration as a monument where management can adversely impact livestock grazing that is key to the local economy of the county, block access to and use of water rights held as private property rights, eliminate the economic viability of vested mining claims, and deny thousands of citizens the opportunity to recreationally use, enjoy and benefit from the land; and

WHEREAS, the National Environmental Policy Act mandates that environmental policy decisions which affect the quality of the human environment, such as designation of a Canyonlands National Monument, be subjected to public review and public input, and federal laws governing the management of federal lands require consultation with affected state and local governments before such decisions are made; and

WHEREAS, the groups seeking this designation have not consulted with and have not sought input from the Idaho Legislature, the State Land Board or the Governor of Idaho, even though hundreds of thousands of acres of state land would be affected, and have not consulted with and have not sought input from the Board of County Commissioners of Owyhee County or the citizens of Owyhee County who own private property, and property rights which would be affected, and have not consulted with and have not sought input from the thousands of citizens of Idaho who use, enjoy and benefit from recreational opportunities which would be affected; and
WHEREAS, former Secretary of Interior Bruce Babbitt, has previously committed to officials of the State of Idaho, to the members of the delegation representing the State of Idaho in the United States Congress, and to the citizens of Idaho that such monument designations will not be made without advance state and local input; and

WHEREAS, the uniqueness of the Owyhee Canyonlands has been maintained in coexistence with multiple uses of the federal lands and continuing stewardship of adjoining state and private lands, and this successful coexistence demonstrates no necessity, or even desirability, for designation of a national monument; and

WHEREAS, if there had been consultation with the state and local governments, and if there had been public review and input as to the requested designation, the evidence presented by state and local officials and the citizens of Owyhee County and Idaho would demonstrate that the unique qualities of the Canyonlands have coexisted, and can continue to coexist, with multiple uses of the federal lands and with existing stewardship of state and private lands within the area, that there is no necessity for designating a national monument and that an unnecessary designation would adversely impact state and private land and the interests of the citizens of Owyhee County and Idaho; and

WHEREAS, rural Idaho has benefited little from recent prosperity, in part, due to increasing restriction of access to and economic use of federal lands, the designation of a national monument over half of Owyhee County would devastate the rural economy that is dependent on the coexisting economic use of private, state and federal land; and

WHEREAS, the Board of County Commissioners, Assessor and Treasurer of Owyhee County have warned the former President of the United States that designation of the requested monument would severely harm the revenue base which funds local government services to the people of Owyhee County, would severely harm ranchers and their families whose livelihood is dependent upon livestock grazing, would adversely impact private property rights in water, mining and access, would adversely impact the social and cultural cohesiveness of the communities in the affected area, and would severely restrict citizens' recreation use and enjoyment of, and benefit from, land in the proposed site; and

WHEREAS, the Sheriff of Owyhee County has warned the former President of the United States that restriction of access on the hundreds of miles of county roads, as well as RS 2477 rights-of-way, located in the affected site will adversely impact law enforcement and search and rescue operations, thus adversely impacting the public health and safety; and

WHEREAS, the Idaho Fish and Game Commission has followed with great concern proposals to expand or designate new national monuments in Idaho because of the potential impact for loss of hunting, trapping, wildlife management activities and local decision-making in areas under consideration for national monument status, in particular the Owyhee-Bruneau Canyonlands; and

WHEREAS, the Owyhee Canyonlands provide a tremendous amount of hunting, fishing and outdoor recreation opportunities adjacent to the largest population center in the state. The area provides habitat for a variety of fish and wildlife including sage grouse, chukar, redband trout, small mouth bass, pronghorn antelope, mule deer, elk, bobcat and mountain lion; and

WHEREAS, the Owyhee area proposal encompasses virtually the entire
range of California bighorn sheep in Idaho. This population was reestablished in the Owyhees through a series of transplants, research projects and intensive monitoring, beginning in 1963. This wildlife conservation success story is the result of a significant long-term investment by sheep hunters, the Idaho Department of Fish and Game, the Bureau of Land Management, the Foundation for North American Wild Sheep and, more recently, the United States Air Force; and

WHEREAS, under current BLM management, local decision-making allows for a variety of activities and conservation measures. These activities include hunting, fishing, trapping, fish and wildlife research and monitoring, and wildlife management, including bighorn sheep transplants; and

WHEREAS, it is imperative that these activities and the associated management that have worked so well to date be able to continue without additional regulatory constraints or impediments. Public access, recreational activities, and other resource uses, such as grazing, have been coordinated successfully with wildlife programs and the present formula for success should continue.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we respectfully request that the President of the United States refuse to designate the requested Owyhee-Bruneau Canyonlands National Monument without prior consultation with the Governor of Idaho, the State Land Board, the Idaho Legislature, and local government officials in Owyhee County, and without subjecting the request to public review and input.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Secretary of Interior, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

(S.J.M. No. 103)

A JOINT MEMORIAL

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, on October 19, 1999, the United States Forest Service announced a vast "rulemaking process to propose the protection of the remaining roadless areas within the National Forest System." (64 FR 56306) This rulemaking purportedly includes two draft environmental
impact statements, at least one set of draft regulations and a draft environmental assessment; and

WHEREAS, the Notice of Intent (NOI) solicited comments "on the scope of the analysis that should be conducted" and on "the identification of alternatives to the proposal" that would be set out in this multitude of documents. The NOI provided prospective commentators with slightly more than sixty days to comment on this enormous and poorly defined proposal. The NOI was an unacceptable affront to the promise of meaningful public participation that is the centerpiece of the National Environmental Policy Act (NEPA); and

WHEREAS, more than forty million acres of land in the West could be affected by the actions contemplated in the NOI. A permanent moratorium on Forest Service road development would have a devastating impact on timber communities in the West. The proposed moratorium would destroy attempts to develop recreational economies in the West and deny access to huge areas of the West to all but the able bodied. In sum, the moratorium would deny thousands of citizens the opportunity to use, enjoy and benefit from the land; and

WHEREAS, the process used by the Forest Service to consider such a potentially severe decision must reflect absolute fairness and deliberation. The NOI demonstrated neither of those traits. No specific proposals were identified and no preliminary findings were referenced; and

WHEREAS, these failures violated one of NEPA's primary objectives of encouraging and facilitating "public involvement in decisions which affect the quality of the human environment." (40 CFR 1500.2(d)); and

WHEREAS, the NOI stated that it initiated "the scoping process." (64 FR 56307) However, the NOI does not identify "the significant issues related to [the] proposed action," as is required by federal regulations. (40 CFR 1501.7) The NOI did not encourage "the participation of affected federal, state and local agencies" as the regulations implementing NEPA anticipate. (40 CFR 1501.7(a)(1)); and

WHEREAS, the ambiguity and confusion that characterize the NOI was compounded by the fact that the comment period was so brief. Title 40 CFR 1501.8(b)(1)(i)-(viii) specifically set out considerations that the Forest Service should be using in determining the time limits for soliciting comments on the NOI.

"(b) The agency may:

(1) Consider the following factors in determining time limits:
   (i) Potential for environmental harm.
   (ii) Size of the proposed action.
   (iii) State of the the art of analytic techniques.
   (iv) Degree of public need for the proposed action, including the consequences of delay.
   (v) Number of persons and agencies affected.
   (vi) Degree to which relevant information is known and if not known the time required for obtaining it.
   (vii) Degree to which the action is controversial.
   (viii) Other time limits imposed on the agency by law, regulations or executive order."; and

WHEREAS, it is obvious that all of these factors support a careful, deliberate consideration of the environmental impacts of the proposed permanent moratorium. The expedited deadline in the NOI was completely inconsistent with 40 CFR 1501.8(b); and

WHEREAS, in an October 28, 1999, letter to Forest Service managers,
Michael Dombeck, Chief of the U.S. Forest Service suggested that the Forest Service attempted to complete the environmental analysis of a permanent moratorium in a "short time frame." The U.S. Forest Service continued to ramrod a decision that would shut down forty million acres of western lands into "a short time frame." The spirit, in addition to the clear mandate of NEPA is accomplished by providing meaningful opportunity for public participation and careful, principled, environmental analysis; and

WHEREAS, on December 30, 1999, the State of Idaho brought suit to extend the comment period beyond that mandated by the NOI. The State alleged that it did not, to that point, have a meaningful opportunity to participate in the process, in addition to claiming that the National Forest Management Act and the Administrative Procedure Act had been violated.

WHEREAS, in dismissing the State's suit because it was brought prior to the final agency action, the U.S. district judge noted that the U.S. Forest Service "should make every effort to ensure that the process is properly implemented with reasonable time frames to allow meaningful participation by the public," and that Idaho's concern "over access to and management of its endowment and state forest lands that may be surrounded by national forest land are legitimate concerns of state and local governments and its citizens." Finally, the court declared "Time is not of the essence on an issue that has been studied for over 30 years."

WHEREAS, the closing date for public comments was set for December 20, 1999. With decisions on the management of over forty million acres of land in the West at stake, the time was clearly not adequate time for officials to thoroughly review and analyze the proposal, and to provide the Forest Service with informed and substantive comment;

WHEREAS, on January 5, 2001, only 15 days before President Clinton left office, in an obvious rush to enact flawed and politically motivated policy through the administrative rulemaking process, President Clinton finalized and implemented the roadless rule; and

WHEREAS, on January 9, 2001, the Governor, the Attorney General of Idaho, the Idaho Board of Land Commissioners, and the Idaho Department of Lands, on behalf of the State of Idaho filed suit against the U.S. Forest Service for making a decision to implement the roadless regulation, which regulations implementation creates a potential violation of the National Environmental Policy Act (NEPA) which will cause irreparable injury to the state of Idaho.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we respectfully request that President Bush impose a moratorium on the roadless regulations pending careful review and study.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Chief of the United States Forest Service, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

Adopted by the House March 6, 2001
A JOINT MEMORIAL

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the April 1999 General Accounting Office report entitled "Western National Forests -- A Cohesive Strategy is Needed to Address Catastrophic Wildfire Threats" states, "The most extensive and serious problem related to the health of national forests in the interior west is the over accumulation of vegetation, which has caused an increasing number of large, intense, uncontrollable, and catastrophically destructive wildfires"; and

WHEREAS, the U.S. Forest Service report entitled "Protecting People and Sustaining Resources in Fire-Adapted Ecosystems -- A Cohesive Strategy" in response to the General Accounting Office report, confirmed the conclusion stated above and further warns, "Without increased restoration treatments...wildfire suppression costs, natural resource losses, private property losses, and environmental damage are certain to escalate as fuels continue to accumulate and more acres become high-risk." The report also specifies that, at a low intensity, fire is ecologically beneficial, and has positive effects on biodiversity, soil productivity, and water quality; and

WHEREAS, the U.S. Forest Service further acknowledges that 39 million acres of national forest are at significant risk of catastrophic wildfire and an additional 26 million acres will be at similar risk due to increases in the mortality of trees and brush caused by insects and disease; and

WHEREAS, the National Research Council and the Federal Emergency Management Agency recognized catastrophic wildfires such as those in California in 1993, Florida in 1998 and Idaho in 2000 as among the defining natural disasters of the decade; and

WHEREAS, catastrophic wildfires not only cause damage to the forests and other lands, but place the lives of firefighters at risk and pose threats to human health, personal property, sustainable ecosystems, air and water quality; and

WHEREAS, according to the National Fire Protection Association, wildland-urban interface catastrophic wildfires from 1985 to 1994 destroyed 9,925 homes, and in 1999 burned 6 million acres of public lands nationwide, equivalent to a 1.5 mile-wide swath from Washington D.C. to Los Angeles and back; and in 2000 burned 7.2 million acres, of which 1.2 million were in Idaho, costing the state of Idaho $10 million in state firefighting funds and burning 1 billion board feet of timber, enough to build 100,000 single family houses; and
WHEREAS, the escaped Cerro Grande prescribed fire in May 2000, which consumed 48,000 acres, destroyed 400 homes with losses exceeding $1 billion in Los Alamos, New Mexico, and the escaped Lowden prescribed fire in 1999 that destroyed 23 homes in Lewiston, California, highlight the unacceptable risks of using prescribed burning if, as reported, that burning was the sole forest management practice of federal land management agencies; and

WHEREAS, high risk forest fuel has accumulated in combination with reduced fire response capability by federal agencies during the 1990's, resulting in catastrophic wildfires, like those near Atlanta and Burgdorf, Idaho, becoming more difficult and expensive to extinguish, with a disproportionate burden being placed on state and local resources, while the costs to fight these fires increased by 150 percent between 1986 and 1994, and the costs of maintaining a readiness force increased by 70 percent between 1992 and 1997; and

WHEREAS, current planning efforts of the U.S. Forest Service such as the Sierra Nevada Framework, Interior Columbia Basin Ecosystem Management Project, the Roadless Initiative Rule, and the Federal Monument proclamations rely primarily on extensive use of prescribed fire, which will further exacerbate the risk of catastrophic wildfire on federal lands throughout the west.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that in the interest of protecting the integrity and posterity of our forest and wild lands, wildlife habitat, watershed, air quality, human health and safety, and private property, the U.S. Forest Service and other federal land management agencies must immediately implement a cohesive strategy to reduce the overabundance of forest fuels that place these resources at high risk of catastrophic wildfire.

BE IT FURTHER RESOLVED that the agencies utilize an appropriate mix of fire suppression activities and forest management methodologies, including selective thinning, selective harvesting, grazing, the removal of excessive ground fuels, and small-scale prescribed burns, including increased private, local and state contracts for prefire treatments on federal forest lands. More effective fire suppression on federal forest lands should be pursued through increased funding of mutual aid agreements with professional state and local public firefighting agencies.

BE IT FURTHER RESOLVED that, in the interest of forest health, protection and rural community safety, the Departments of Agriculture and Interior work closely with states and local governments to implement a national prescribed fire strategy for public lands that creates a process for evaluation of worst case scenarios for risk of escape and identifies alternatives that will achieve the land management objectives while minimizing the risk and use of prescribed fire. This strategy should be incorporated into any regulatory land use planning program that proposes the use of prescribed fire as a management practice.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the Honorable President of the United States, George W. Bush, the Secretary of the Interior, the Secretary of the Department of Agriculture, the United States Forest Service, the United States Park Service, the Bureau of Reclamation, the Bureau of Land Management, the President of the Senate and the Speaker of the House of Representatives of Congress,
and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, in 1996 the Idaho State Board of Land Commissioners (Land Board) appointed the original Federal Lands Task Force which was charged with examining federal land management issues in Idaho and analyzing alternative management ideas on federal lands within the state of Idaho; and

WHEREAS, in July 1998, the task force recommended development of pilot projects to test different types of management approaches; and

WHEREAS, the Land Board appointed a working group made up of a wide variety of viewpoints, experience and geographical balance, along with a coordinator to further develop the ideas for alternative management scenarios recommended by the Federal Lands Task Force in their report; and

WHEREAS, the working group developed a core set of principles which included local involvement and extensive public comment, a balanced, workable, ecosystem-based approach to environmental management that follows environmental law, creating a genuine partnership with the United States Forest Service and that the working group would not espouse state, local or private ownership of federal lands; and

WHEREAS, the working group recommended to the Idaho Land Board five projects encompassing just under 11 million acres of federal land in Idaho, most of which is managed by the United States Forest Service; and

WHEREAS, all the pilot projects conform to environmental statutes while offering a new approach to environmental management of federal lands that will improve forest and rangeland health, improve habitat for fish and wildlife, restore ecosystem health, provide stability for rural communities and increased revenues for Idaho's school children and natural resource dependent counties; and

WHEREAS, the Idaho Land Board has opened a public comment period through February 1, 2001.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we respectfully request that
the United States Congress enact legislation enacting pilot projects such as those recommended in the report submitted to the Idaho Board of Land Commissioners entitled, "Breaking the Gridlock: Federal Lands Pilot Projects in Idaho."

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Chief of the United States Forest Service, the Secretary of the Interior, the Director of the Bureau of Land Management, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

TO THE PRESIDENT OF THE UNITED STATES, SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Softwood Lumber Agreement entered into by the United States and Canada in 1996 will expire in March 2001; and

WHEREAS, this agreement was crafted because the provinces of Canada, which own most Canadian timber, sell at prices that can be set below market value; and

WHEREAS, these practices have fueled shipments to the United States to the point that subsidized Canadian imports are at record levels and now control over one-third of the U.S. softwood lumber market; and

WHEREAS, subsidized Canadian lumber imports have gained sales volume from United States lumber companies, depressed timber values in the United States, jeopardized thousands of jobs in this country, driven down the taxable value of forest land and further undermined the stability of already endangered timber communities.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we respectfully request that President Bush direct the Office of the U.S. Trade Representative and the Secretary of Commerce to make the problem of subsidized Canadian lumber imports a top priority, to take every possible action to end Canadian lumber subsidy practices through open and competitive sales of timber and logs in Canada for fair market value, or if Canada will not agree to end the subsidies immediately, the subsidies must be offset pending reform; and if Canada will not reach an agreement, to enforce vigorously, promptly and fully the trade laws against subsidized and dumped imports and explore all options to stop unfairly traded imports,
to limit injury to the United States timber industry pending further action.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to President George W. Bush, to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the outbreak of Bovine Spongiform Encephalopathy in Europe introduces a frightening and lethal condition that could eventually spread to many parts of the world if proper measures are not taken to contain it; and

WHEREAS, Bovine Spongiform Encephalopathy is a fatal neurological disease of cattle, and the dramatic increase in the incidence of the disease in Europe has prompted the World Health Organization to declare its "exposure worldwide," thus critically threatening the safety of our food supply and the livestock industry of the United States; and

WHEREAS, since 1989, the United States has banned the importation of suspected animals and products thereof, from countries known to have Bovine Spongiform Encephalopathy, and has instituted surveillance for the disease in the United States, and has banned the feeding of products that could potentially carry the agent; and

WHEREAS, the Bovine Spongiform Encephalopathy agent is present in nervous system tissue such as the brain and spinal cord and does not exist in milk nor milk products nor muscle tissue such as steak, roasts and hamburger.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we support a moratorium on all imports of live cattle, precooked beef, all beef products, and potentially contaminated feed ingredients for a period of three years or until importers can prove that the meat, live animals and feed ingredients are free of Bovine Spongiform Encephalopathy for the protection of the United States cattle industry.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representa-
tives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the American rancher and farmer face the most stringent environmental regulations in the world, and apply federal Food and Drug Administration-approved pesticides, antibiotics and pharmaceuticals to further ensure the safety of American-produced and raised live animals, meat, dairy and related products; and

WHEREAS, in recent years the world's food supply has faced new threats in the form of food-borne illnesses and illness-causing organisms such as Salmonella, E. coli bacteria, and Listeria monocytogenes, and including the emergence of antibiotic-resistant organisms associated with the contamination of the food supply; and

WHEREAS, the American livestock producer follows strict withdrawal periods and techniques for administering federal Food and Drug Administration-approved pesticides, antibiotics and pharmaceuticals before allowing livestock to be marketed and processed for human consumption; and

WHEREAS, because imported live animals, meat, dairy and related products do not follow the same stringent environmental requirements, and foreign producers have the availability of pesticides, antibiotics and pharmaceuticals which are illegal for use in the United States, and foreign producers are not restricted on withdrawal periods nor administration techniques for pesticides, antibiotics and pharmaceuticals, it is reasoned that the importation of animals and animal products can be a threat to the safety and reliability of America's food supply; and

WHEREAS, a country of origin labeling system that enhances the traceability and accountability will help ensure the safe consumption of meat products in America; and

WHEREAS, the taxpaying public of the United States has made an enormous investment in food safety and has the right to know where food is produced.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we urge the Congress to enact legislation that mandates country of origin labeling for meat, and to require that products labeled "U.S. Produced" be born, raised and processed completely in the United States.
BE IT FURTHER RESOLVED that any meat products imported into the United States meet all the same standards as those required on American-produced meat products.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the dramatic increase in the incidence of Foot and Mouth Disease in Europe, and now present on four continents, has prompted the Animal and Plant Health Inspection Service of the United States Department of Agriculture to issue warnings to all American citizens, especially those traveling abroad, and to American livestock owners to protect their vital industry; and

WHEREAS, the Foot and Mouth Disease virus can be spread by equipment, vehicles, shoes, clothing, food items or even by surviving for twenty-eight hours in the human respiratory system; and

WHEREAS, should Foot and Mouth Disease enter the United States, the result would be massive outbreaks of the disease in America, with total disruption of the American food supply; and

WHEREAS, the United States is currently free from Foot and Mouth Disease which is decimating Europe and spreading worldwide.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that we support safeguards to prevent movement of Foot and Mouth Disease on persons, on other animals not directly susceptible to the virus but which could be passive carriers, and on inanimate objects; and we support a moratorium on all imports of cloven-hoofed animals and products thereof, for a period of three years or until importers can prove that cloven-hoofed animals and products thereof are free of Foot and Mouth Disease for the protection of the American livestock owners.

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Founding Fathers, through deliberation and compromise, devised the Electoral College to answer the nation's need for an effective voting mechanism in the presidential selection process; and

WHEREAS, the Electoral College, as provided for in the Constitution of the United States, provides for a proper system of checks and balances in the election of presidents and vice presidents; and

WHEREAS, the Electoral College prevents any one region of the nation from dominating a presidential election; and

WHEREAS, the Electoral College ensures that the interests of the voters of every state, including smaller and rural states, are represented in a presidential election; and

WHEREAS, the Electoral College ensures that the will of the majority is carried out while guaranteeing that the voices of this nation's minorities are heard; and

WHEREAS, the Electoral College is based upon republican principles which provide the foundation for this nation's constitutional system; and

WHEREAS, any attempt to modify the current Electoral College would jeopardize a secure system which has been effective for over two hundred years in providing for a peaceful transition of presidential power.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that no amendments or other modifications be made to the Electoral College system and that the Electoral College be continued in its present form for all future presidential elections.

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, THE NATIONAL RAIL PASSENGER CORPORATION, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, there is a growing need to diversify the transportation options available to residents of Idaho as well as visitors to Idaho; and
WHEREAS, trains provide a reliable means of transportation when inclement weather impedes other modes, as well as being a relaxing and environmentally friendly means of travel; and
WHEREAS, rail freight and passenger services have long been an essential component to our regional transportation system, playing a major role in the history of the state of Idaho; and
WHEREAS, the passenger rail service for southern Idaho was discontinued in 1997; and
WHEREAS, rail service through the Pioneer corridor once provided and could again provide substantial access to rural areas of the state, providing opportunity for both passenger and freight service; and
WHEREAS, restored passenger rail service would contribute to economic activity in southern Idaho, which in turn might increase rail use and business opportunities for further rail expansion; and
WHEREAS, restoration of rail connection through the Pioneer route would serve needs not only of Idaho, but also provide access between the Pacific Northwest and Utah, Wyoming, Colorado, Nebraska, Iowa and Illinois; and
WHEREAS, the Pioneer has a history and tradition that is valued by the residents of the state of Idaho.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we urge restoration of the daily passenger rail service of the Pioneer, serving to connect Idaho residents to the nation.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the expansion of the Craters of the Moon National Monument was imposed by Presidential Proclamation on November 9, 2000. The exterior boundary of the expansion encompasses over 673,000 acres, with some 410,000 acres to be managed by the National Park Service. Except for some non-federal lands, the Bureau of Land Management will manage the remaining acreage; and

WHEREAS, the area to be managed by the National Park Service was traditionally open to hunting; and

WHEREAS, relevant language in the proclamation states: "Nothing in this proclamation shall be deemed to enlarge or diminish the jurisdiction of the State of Idaho with respect to fish and wildlife management"; and

WHEREAS, the National Park Service administered portion of the expansion is intended by that agency to be closed to hunting in contradiction of the specific language of the November 9th proclamation; and

WHEREAS, we find no provisions that allow the administering agency to ignore the terms of the proclamation, and the Idaho Fish and Game Commission must finalize its annual big game hunting rules and publicize said rules in March of this year; and

WHEREAS, the Governor of the State of Idaho, with the support of the Idaho Fish and Game Commission, has conveyed his deep concern by letter dated January 31, 2001, to the Secretary of the Interior; and

WHEREAS, it is imperative that the National Park Service cease efforts to close the lands within the expanded monument to hunting and that the state of Idaho be able to continue to manage unimpeded the wildlife therein as provided in the Presidential Proclamation; and

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we respectfully request that the President of the United States direct the National Park Service to promptly and fully comply with the provision of the Presidential Proclamation cited herein and cease and desist its efforts to close lands within the expanded Monument to hunting.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Secretary of the Interior, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, Idaho's rural areas are suffering near depression-like economic disasters and America is becoming a nation of battered rural communities; and

WHEREAS, natural resources are the lifeblood of Idaho, the genesis of wealth and the hub of America's economic wheel, and that eliminating resource production is a poor trade-off for wolf and grizzly recovery which has no basis in common sense, legitimate science or free-enterprise economics; and

WHEREAS, our natural resources industries are declining in large part because of the federal government's policies and mismanagement; and

WHEREAS, there is a tendency to assume that the command and control approach used by the United States Fish and Wildlife Service is the only option we have as citizens of Idaho and state elected officials; and

WHEREAS, the United States Fish and Wildlife Service currently wastes millions of dollars per year on wolf recovery which, under an Idaho wolf management plan, would become a tremendous burden for all Idaho taxpayers and would reduce Idaho to an enforcement arm for another failed, misguided federal policy; and

WHEREAS, it is clear the federal government does not manage wolves; rather, it manages citizens; and

WHEREAS, wolves are not biologically endangered in the United States, nor are they in danger of becoming extinct since they exist abundantly in other states and countries; and

WHEREAS, wolf recovery is predicated on the false political premise of intrinsic worth greater than humans; and

WHEREAS, fifteen Canadian gray wolves were dumped in central Idaho in 1995 and twenty Canadian gray wolves were dumped in central Idaho in 1996, and now their populations are estimated at 350 to 400 wolves; and

WHEREAS, the Canadian gray wolf is not indigenous to the state of Idaho, weighing some 25 to 30 pounds more than the original Idaho gray wolf; and

WHEREAS, wolves are not a game animal; they are predators and should be managed as such; and

WHEREAS, Idaho statutes have established civil values for deer, elk, moose and other big game species; and

WHEREAS, wolves should be immediately delisted and the federal government should be financially responsible for all damages created by wolves, not only to livestock, but for domestic animals, pets and especially for damages to Idaho's wildlife; and

WHEREAS, the Bush Administration has the opportunity to redirect the failed environmental policies of the past.
NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that this Legislature not only calls for, but demands, that wolf recovery efforts in Idaho be discontinued immediately, and wolves be removed by whatever means necessary.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of Congress, to the Secretary of the Interior, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

TO THE PRESIDENT OF THE UNITED STATES, THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the right to life, liberty and property is a belief that is deeply rooted in the foundations of our country; and
WHEREAS, property rights are at the foundations of our American democracy; and
WHEREAS, private property rights, including water rights, are important in every county of Idaho and affect virtually every Idaho citizen including urban homeowners, rural residents, small businesses, farmers and ranchers; and
WHEREAS, the Fifth Amendment to the U.S. Constitution and Section 14, Article I of the Idaho Constitution clearly provide that private property shall not be taken for public use without just compensation; and
WHEREAS, in many instances the individual effect of government action has caused partial limitation on use of property, and subsequent government actions have caused further limitation which results in a cumulative effect that causes substantial economic impact on said property owners and may approach complete loss of use over time; and
WHEREAS, President Ronald Reagan issued Executive Order 12630 on March 15, 1988, that required all federal departments and agencies to avoid actions which infringe on private property rights; and
WHEREAS, Executive Order 12630 also reminded all federal entities that governmental actions which restrict the use or value of private property could result in a "taking" for which financial compensation by due process is required; and
WHEREAS, Executive Order 12630 created an ongoing process within the
government for assessing the impact on property rights from federal pol-
cy, regulation and legislation; and
WHEREAS, Executive Order 12630 was reaffirmed by President George
Herbert Walker Bush but ignored by President William Jefferson Clinton
although it was never rescinded.
NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular
Session of the Fifty-sixth Idaho Legislature, the House of Representa-
tives and the Senate concurring therein, that we urgently request the
President of the United States to reiterate his strong support for pri-
ivate property rights by reaffirming Executive Order 12630 and directing
all federal agencies to re-implement it immediately with revisions, if
needed, to account for partial takings of property and their cumulative
effect.
BE IT FURTHER RESOLVED that we support congressional enactment of
federal property rights legislation which would at a minimum include
codification of the requirements of Executive Order 12630.
BE IT FURTHER RESOLVED that the Chief Clerk of the House of Repre-
sentatives be, and she is hereby authorized and directed to forward a

GRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate
of the State of Idaho assembled in the First Regular Session of the
Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the cornerstone of the first Idaho State Veterans Home was
laid on May 23, 1894, and was truly a state occasion attended by 1,200
people including Governor William J. McConnell and the community recog-
nized the value of its soldiers; and
WHEREAS, the city, state, nation and world have changed dramatically
since 1894, as World Wars I and II, Korea, Vietnam and the Persian Gulf
have threatened peace and freedom, and were successfully completed
because of the gallant men and women of our armed services; and
WHEREAS, like other states, there is still a home for old soldiers
in Idaho; its face has changed, but its mission remains the same "...to
care for him who shall have borne the battle and--for his widow..."; and
WHEREAS, changes in the way we care for our soldiers and their fami-
lies are inevitable, and we need to be vigilant to defend them as they
defended us; and
WHEREAS, Idaho State Veterans Homes are currently in the process of being certified for Medicaid and federal regulations currently allow Tax Equity and Fiscal Responsibility Act (TEFRA) and Estate Recovery liens to be placed against the property of veterans who reside in State Veterans Homes and participate in the Medicaid Program; and

WHEREAS, veterans and their families understand and support our government's fiscal responsibility measures; however, government would not and could not exist without the men and women of the Armed Forces who placed themselves in harm's way for their country and they are due a debt that can never be fully paid; and

WHEREAS, we need to reaffirm our commitment to veterans by taking small steps of gratitude for the great gift of freedom they gave us: We have goodness, plenty, joy and peace because of these "old soldiers." They are the cornerstones of our freedom and we owe them the exemption of liens on their property as a small way of expressing our appreciation.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we support an amendment to 42 U.S.C. Section 1396p (Liens, Adjustments and Recoveries), to exempt veterans in State Veterans Homes from having liens placed on their property if they participate in the Medicaid Program.

(3) Fire protection is necessary near communities.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we find the following actions are deemed necessary for success:

(1) Scientific understanding of how fire and vegetative management can be safe, effective tools benefiting Clearwater Basin species: elk, lynx, neotropical migrant birds and others.
(2) Implement wildland fire use inside and outside of wilderness areas.
(3) Implement the National Fire Plan including over fifty federally identified Clearwater Basin projects; increase local on-the-ground multiresource management actions through collaboration; and continue state and private project implementation.
(4) Jointly develop and fund the Management Effectiveness Model to assess management effectiveness and provide accountability.
(5) Inform the public and agency personnel of the benefits of fire and vegetative management to restore and maintain wildlife benefits in Idaho's ecosystem.
(6) Improve federal land management processes and increase local collaboration to allow project completion in months rather than years.
(7) Accountability is imperative in all aspects from all parties, including those who choose not to participate or choose to participate late in the progress.
(8) Link habitat and population management through a coalition of partners.

A JOINT MEMORIAL
TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, service members of the United States Armed Forces courageously battled Japanese military forces on the Bataan peninsula in the Philippines from December 1941 to April 1942; and

WHEREAS, many of those American soldiers were taken prisoner of war on April 9, 1942, by Japanese military forces and were ordered to march eighty-five miles from the Bataan peninsula to a prisoner of war camp; and

WHEREAS, more than 10,000 American soldiers died as a result of starvation, disease and executions by the Japanese military forces while marching from the Bataan peninsula to the prisoner of war camp; and

WHEREAS, over 36,000 American soldiers were forced by the Japanese military forces into prisoner of war camps during World War II, and nearly forty percent of American prisoners of war died in those camps; and

WHEREAS, more than 1,600 of the American prisoners of war were taken to Japan and ordered to work in inhumane and torturous conditions for private Japanese companies; and

WHEREAS, the American prisoners of war were treated barbarically and denied the most basic human necessities such as food, health care and sanitary living and working quarters as provided under the terms of the Geneva Convention; and

WHEREAS, many of the American soldiers who survived the Japanese prisoner of war camps still suffer from poor health due to the conditions of their imprisonment and forced labor;

WHEREAS, private Japanese companies benefited from the forced labor of these American soldiers; and

WHEREAS, as a matter of justice, these American soldiers should receive compensation from those private Japanese companies benefitting from their forced labor; and
WHEREAS, the United States government has neither supported these Americans in their efforts to seek justice in the courts of the United States nor attempted to engage all parties in settlement discussions; and

WHEREAS, by contrast, the United States government has facilitated settlement discussions regarding claims by individuals who were forced into slave labor by the Third Reich of Germany during World War II for the benefit of private German businesses; and

WHEREAS, Armed Forces Units serving at Bataan during World War II received many heroic citations, including three Presidential Unit Citations and the Philippine Presidential Unit Citation for heroism, yet individual members of these units who were taken prisoner of war have been denied the right to seek justice based upon a treaty governing postwar reparations from the Japanese government; and

WHEREAS, treaties made by the United States government have denied these American soldiers many basic rights which are impliedly guaranteed in the United States Constitution;

WHEREAS, American soldiers held as prisoners of war by the Japanese government during World War II received reparations based only on the time held as a prisoner of war and not for the slave labor performed while a prisoner of war; and

WHEREAS, the Japanese government's position is that its liability for any compensation payments based upon its World War II improprieties expired in 1952.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that it is in the interest of justice that the United States, through the Secretary of State or other appropriate officials, facilitate discussions between the interested parties in order to provide redress for the American soldiers who were taken as prisoners of war by the Japanese government during World War II and forced to perform slave labor under inhumane conditions for the benefit of private Japanese companies.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the First Regular Session of the Fifty-sixth Idaho Legislature, do hereby respectfully represent that:
WHEREAS, President George W. Bush has proposed a bold and fair tax relief plan that will reduce the inequities of the current federal tax code and help ensure that America remains prosperous; and

WHEREAS, the President Bush tax relief plan promotes the values that make the American economy second to none -- access to the middle class, family, equal opportunity and the entrepreneurial spirit -- and this plan will reduce taxes for everyone who pays income taxes and will encourage enterprise by lowering marginal tax rates; and

WHEREAS, over the past several months, the economy has slowed considerably and President Bush's tax cut will give the economy a boost by placing more money in the hands of consumers and entrepreneurs; and

WHEREAS, Federal Reserve Chairman Alan Greenspan endorsed a tax cut to spur economic growth in the following statement before the Senate Committee on the Budget: "In today's context, where tax reduction appears required in any event over the next several years to assist in forestalling the accumulation of private assets, starting that process sooner rather than later likely would help smooth the transition to longer-term fiscal balance. And should current economic weakness spread beyond what now appears likely, having a tax cut in place may, in fact, do noticeable good."; and

WHEREAS, since 1992, the American family's tax burden to federal, state and local governments has increased by 11% from 30.3% of family income in 1992, to 33.5% in 1999; and

WHEREAS, budget estimates by the Congressional Budget Office show that America is going to run a surplus of $5.610 trillion and the on-budget surplus, the portion used for new spending and tax relief, has grown by 44% since the July 2000 estimate from $2.173 trillion to $3.122 trillion; and

WHEREAS, President Bush's tax plan is more progressive than the current federal income tax code as the top one percent would pay a greater share of income taxes under President Bush's plan than they pay now, and six million families with children would be removed from the tax rolls completely.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we endorse President George W. Bush's plan for cutting taxes and we respectfully request that Congress enact necessary measures to implement the President's tax relief plan.

PROVIDING A STATEMENT OF LEGISLATIVE FINDINGS AND DECLARING JUNE 16, 2001, AND THE THIRD SATURDAY IN JUNE THEREAFTER AS "JUNETEENTH NATIONAL FREEDOM DAY" AND TO CONDUCT APPROPRIATE CEREMONIES AND PRESENTATIONS DURING THAT DAY TO HONOR IDAHOANS OF AFRICAN DESCENT.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, more than 130 years old, Juneteenth National Freedom Day is the oldest African-American holiday observance in the United States and is also known as Emancipation Day, the Emancipation Celebration, Freedom Day, Jun-Jun and Juneteenth; and

WHEREAS, Juneteenth National Freedom Day commemorates the strong survival instinct of African-Americans who were first brought to this country in slave ships on a month-long journey across the Atlantic Ocean known as the Middle Passage; and

WHEREAS, approximately eleven and one-half million African-Americans survived the voyage, and the number that died along the way is likely greater, only to be forced to submit to slavery for many years after arrival in the United States; and

WHEREAS, events in the history of the United States which led to the Civil War centered around sectional differences between the North and South that were based on economic and social divergence caused by the existence of slavery; and

WHEREAS, in 1862, the first clear signs that the end of slavery was imminent came when laws abolishing slavery in the territories of Oklahoma, Nebraska, Colorado and New Mexico were passed and in September of that same year, President Lincoln warned the eleven rebellious Confederate States that if they did not return to the Union by January 1, 1863, he would declare their slaves forever free via the Emancipation Proclamation; and

WHEREAS, Congress passed the Thirteenth Amendment to the Constitution of the United States on January 31, 1865, abolishing slavery throughout the United States and its territories and news of this action reached the states and territories at different times and it was not until June 19, 1865, that the message of freedom reached the slaves in Texas, Oklahoma, Louisiana, Arkansas and California; and

WHEREAS, spontaneous celebration erupted throughout the country when African-Americans learned of their freedom on Juneteenth National Freedom Day and celebrated the abolishment of slavery with excitement and great joy. It is a reminder to all Americans of the status and importance of Americans of African descent as American citizens.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular
Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that June 16, 2001, and the third Saturday of June of every year thereafter be designated as "Juneteenth National Freedom Day" and that appropriate ceremonies and presentations be conducted during that day to honor Idahoans of African descent.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Legislature pursuant to Section 67-5224, Idaho Code, must approve certain administrative rules that impose a fee or charge by adoption of a concurrent resolution before the rules become effective; and

WHEREAS, the Idaho State Tax Commission inadvertently has submitted

a pending rule concerning penalties and relating to dishonored checks as

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND DIRECTING THE DEPARTMENT OF
HEALTH AND WELFARE TO COLLABORATIVELY DEVELOP A MEDICAID BUY-IN PRO­
GRAM FOR THE DISABLED POPULATION THAT WOULD ALLOW RECIPIENTS WHO
RETURN TO THE WORK FORCE TO HAVE THE OPTION OF BUYING MEDICAID COV­
ERAGE ON A SLIDING FEE SCALE UNTIL THEY ARE ABLE TO OBTAIN INSURANCE
WHICH PROVIDES COVERAGE FOR THE NECESSARY SERVICES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho's Medicaid Reform Advisory Council (1996) found that
a major barrier to Idahoans with disabilities wanting to work is the
fear of losing their Medicaid benefits when they return to the work
force;

WHEREAS, individuals wanting to work themselves off the system are
trapped by the "all-or-nothing" nature of the Medicaid program (i.e., if
a person's income is below a certain level, he or she receives full Med­
icaid benefits; if a person makes one dollar more, he or she receives
nothing);

WHEREAS, the Idaho Medicaid Reform Advisory Council recommended that
the Department of Health and Welfare request a federal waiver to estab­
lish a Medicaid buy-in program with a sliding fee scale for the disabled
population that would allow recipients who return to the work force to
keep their Medicaid intact until they are able to obtain insurance which
provides coverage for the necessary services;

WHEREAS, the Ticket to Work and Work Incentives Improvement Act of
1999 allows states the option of a Medicaid buy-in to working individu­
als who would be Medicaid eligible, except for increased income;

WHEREAS, the state was awarded grant funds from the Health Care
Financing Administration (HCFA) to analyze and design a Medicaid buy-in initiative for legislative consideration in 2002.

WHEREAS, a Medicaid buy-in program would enable recipients to achieve self-sufficiency and independence;

WHEREAS, a Medicaid buy-in program would minimize the risk of increased group insurance rates to employers who hire individuals with disabilities;

WHEREAS, a Medicaid buy-in program would help integrate skilled recipients into the work force and transition them off Medicaid;

WHEREAS, over time, a Medicaid buy-in program would enable participants to contribute to society as they pay taxes and reduce or eliminate their need for public assistance.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislature directs the Department of Health and Welfare to collaboratively develop a Medicaid buy-in program to help transition people with disabilities back into the work force while making available the necessary health care coverage on a sliding fee scale.

BE IT FURTHER RESOLVED that the Department of Health and Welfare will present the Medicaid buy-in initiative whereby Medicaid recipients who are disabled can work themselves off the system and achieve self-sufficiency and independence for legislative consideration in 2002.

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND DIRECTING THE DEPARTMENT OF HEALTH AND WELFARE TO APPLY FOR A WAIVER ALLOWING SURVEYS OF CERTAIN HEALTH CARE FACILITIES BY INDEPENDENT ACCREDITING ORGANIZATIONS TO BE DEEMED TO MEET STATE INSPECTION REQUIREMENTS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, many skilled nursing facilities and intermediate care facilities are subject to inspections by the Joint Commission on Accreditation of Health Care Organizations (JCAHO) or the Commission of Accreditation of Rehabilitation Facilities (CARF) and additional inspections are costly and unnecessarily duplicative; and

WHEREAS, it is in the interests of the facilities, the state of Idaho and the welfare of those who receive care that unnecessary waste be eliminated whenever possible.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Department of Health and Welfare is directed to research and apply for deemed status with the Health Care Financing Administration (HCFA) to allow other accrediting bodies such as JCAHO or CARF to survey and monitor skilled nursing facilities and intermediate care facilities. The Department of Health
and Welfare should work with representatives of the facilities to develop the specific terms of this proposal and its implementation including: (1) how the deemed status of accrediting survey would be made optional to facilities; (2) how to proceed if a facility did not pass an independent inspection; (3) how the Department would handle complaint investigations; (4) how the state or HCFA can help pay the cost of the surveys.

BE IT FURTHER RESOLVED that if it is possible for the Department of Health and Welfare to implement such a waiver without amendment to applicable state law, they shall do so. If amendment to statute is required, the Department shall submit such proposed changes to the Second Regular Session of the Fifty-sixth Idaho Legislature.

STATING FINDINGS OF THE LEGISLATURE AND REQUESTING THE DEPARTMENT OF HEALTH AND WELFARE TO RESEARCH AND ADAPT THE AGED AND DISABLED WAIVER AND/OR STATE PLAN PERSONAL CARE SERVICES TO PROVIDE SERVICES NEEDED BY MENTALLY ILL, DEVELOPMENTALLY DISABLED OR MULTIPLE DIAGNOSED INDIVIDUALS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, there are numerous individuals residing in the state of Idaho with mental illness, developmental disabilities or multiple diagnoses; and

WHEREAS, many of these citizens reside in state institutions and are at risk of imminent institutionalization or reside in programs funded solely by state General Funds; and

WHEREAS, there are currently no Medicaid programs available to provide care for these individuals.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Director of the Department of Health and Welfare is requested to research and modify the circumstances under which the Aged and Disabled Waiver and the State Plan Personal Care Services may be utilized to address the needs of mentally ill, developmentally disabled, and multiple diagnosed individuals who may, by use of these services, save General Fund dollars now being used to maintain the individual in state hospitals, correctional facilities and other care settings funded solely by state General Funds.

BE IT FURTHER RESOLVED that at such time as the Department of Health and Welfare adopts other programs for these individuals more appropriate to their conditions, this modification of the Aged and Disabled Waiver and/or State Plan Personal Care Services would no longer apply. The pur-
suit of modifications to the Aged and Disabled Waiver and/or State Plan Personal Care Services shall ensure that it will not violate any conditions of participation by the state of Idaho in the Medicaid program.

WHEREAS, acquisition of these properties will also ensure the protection of the historic Vardis Fisher property with ownership of Fisher Lake, 60 cfs of spring water and adjacent properties where the internationally renowned Idaho author lived and worked.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the Senate and the House of Representatives concurring therein, that the Legislature hereby authorizes and provides approval for the Department of Parks and Recreation to enter into an agreement or agreements with the Idaho State Building Authority, under such terms and conditions as may be reasonable and necessary to provide financing for the acquisition of such property and to make such property available for use by the Department of Parks

H.C.R. No. 1

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE CONCERNING CHARACTER EDUCATION AND MORAL DEVELOPMENT IN PUBLIC SCHOOLS, AND A CONCERN THAT TODAY'S U.S. HISTORY HAS SO NEGLECTED THE REPORTING OF GEORGE WASHINGTON'S VIRTUES THAT STUDENTS TODAY COULD THINK THEY PLAYED NO ROLE IN THE DEVELOPMENT OF THIS NATION.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, with discussions about character and personal responsibility dominating the political landscape, there is a renewed interest in the virtues of George Washington, "The True Father of our Country," and the first and last United States president to be elected unanimously; and

WHEREAS, in a letter to Alexander Hamilton, Washington said: "I hope I shall always possess firmness and virtue enough to maintain what I consider the most enviable of all titles, the character of an honest man."; and

WHEREAS, Washington's "crowning" Rule of Civility: "Labor to keep alive in your breast that little spark of celestial fire called conscience."; and

WHEREAS, John Adams, second U.S. president said: "Washington's example will teach wisdom and virtue as long as our history shall be read."; and

WHEREAS, Thomas Jefferson said: "The moderation and virtue of Washington probably prevented this (American) revolution from being closed."; and

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, a number of major water and natural resource related issues are working their way through various forums and are all subjects that require legislative scrutiny; and

WHEREAS, these issues include the effort to negotiate a settlement of the Nez Perce tribal claims in the Snake River Basin Adjudication, the development of the biological opinion by the National Marine Fisheries Service for salmon recovery, the expiration and potential renewal of legislation authorizing the use of 427,000 acre feet of Idaho water for salmon recovery and evolving water rights issues connected to electric utility restructuring; and

WHEREAS, it would be more efficient, less costly, and foster better relationships to discuss in advance the potential renewal of legislation authorizing the use of 427,000 acre feet of Idaho water for salmon recovery than to have the U.S. Bureau of Reclamation's transfer applications, as referenced in Section 42-1763B, Idaho Code, move forward; and

WHEREAS, the Legislature has also approved a committee to study the subject of electric utility restructuring which is a large subject in and of itself, but is one that needs to be coordinated with the above natural resource issues.

The committee
shall consist of ten legislators with five from the Senate and five from the House of Representatives. The Legislative Council shall authorize the committee to receive input, advice and assistance from interested and affected parties, including those protestors and intervenors to the Bureau of Reclamation's 1995 water right transfer applications, shall be afforded the opportunity to provide input to the committee.

BE IT FURTHER RESOLVED that upon agreement by the U.S. Bureau of Reclamation to meet and discuss salmon recovery issues prior to January 1, 2002, and the Bureau of Reclamation's expression of willingness to the Idaho Department of Water Resources that the above-referenced transfer applications be held in abeyance, the committee shall study whether mutually satisfactory legislation can be developed on the issue to present for consideration by the Second Regular Session of the Fifty-sixth Idaho Legislature in the year 2002.

BE IT FURTHER RESOLVED that the cochairmen of this committee shall consult and coordinate with the cochairmen of the committee on Electric Utility Restructuring.

WHEREAS, the railroad and rail transportation are an integral part of the history of transport in Idaho and the west; and
WHEREAS, the Congress of the United States has acknowledged and supported the need for rural rail services; and

WHEREAS, the agricultural and resource industries, which are facing catastrophic economic trials, depend disproportionately on rail transportation for financial security; and
WHEREAS, the community of Grangeville, Idaho, has recently been added to the list of small Idaho communities which has lost its spur line and faces greater economic challenge as a result; and
WHEREAS, on behalf of the citizens of rural Idaho, it is incumbent upon the Legislature to maintain close vigilance of rail transportation and the transportation network which connect rural communities to markets, resources and assets essential to their future economic health; and
WHEREAS, it is appropriate to focus attention on the problems and the solutions inherent in rail services and potential loss of such services in our rural communities.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature urges the appropriate personnel in the Department of Commerce, the Idaho Transportation Department, the Department of Agriculture, the Idaho Historical Society, the Idaho Public Utilities Commission and any others whom the Governor may deem appropriate, under the direction of the director of the Department of Commerce, to work together to assess the impact of rail transportation, or the loss thereof, on the economic future of the state of Idaho with particular emphasis upon the resource and agriculture communities in the rural portions of the state.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the State Capitol Building is the most vital and preeminent public building in Idaho and a symbol of Idaho's sovereignty; and
WHEREAS, the preservation and maintenance of the State Capitol Building represents a vital public interest; and
WHEREAS, to ensure the State Capitol Building's long history and legacy, the Idaho Capitol Commission was created by the 1998 Legislature with a vision of restoring the State Capitol Building to its original splendor by the year 2005, the centennial anniversary of the commencement of the construction of the building; and

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the preliminary sampling of a site within the city of St. Maries indicates levels of creosote that exceed maximum allowable limits; and

WHEREAS, additional testing is necessary to determine the source, amount and extent of such suspected contamination; and

WHEREAS, funds of up to $200,000 have been committed for such testing by the Idaho Department of Environmental Quality and Carney Products Limited; and

WHEREAS, such testing is also expected to provide information that will identify potentially responsible parties or their successors in interest; and

WHEREAS, the results of such testing will also enable the city of St. Maries and other interested and/or potentially responsible parties to develop a cleanup plan that will address the problem; and

WHEREAS, the city of St. Maries has already expended $194,000 for testing and other expenses even though the city has never operated the site and ownership of the site is currently in question; and

WHEREAS, such expenditure has exhausted current municipal financial resources; and

WHEREAS, the city is interested in ensuring that cleanup is accomplished in an economical and responsible manner; and

WHEREAS, listing of the site as a Superfund site would be premature before testing has identified the amount and extent of any suspected contamination; and

WHEREAS, the stigma from such a premature listing would damage an already fragile economy.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representa­tives and the Senate concurring therein, that the Legislature supports the city of St. Maries in its efforts to ensure responsible and economical cleanup of the site in question while avoiding having the site prematurely and perhaps unnecessarily listed as a Superfund site.

STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF ELECTRONIC COMMERCE AND RELATED TECHNOLOGY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the economic well-being of the state of Idaho and its communities depends on the belief of its citizens that their state and community are places where families can live in safety and security, where quality health care is readily available, where the educational system meets the needs of learners of all ages, where government services are provided in an efficient and effective manner, where opportunities for business and commercial growth are encouraged and supported, and where the state's natural heritage and quality of life are protected and enjoyed; and

WHEREAS, rapid technological advances have significantly altered society and have dramatically changed business practices, methods of communication, and lifestyles in just the last decade. As technology proliferates, governments are naturally affected and must keep up with the so called "New Economy" revolution that will notably transform the lives of citizens and the nature of commerce; and

WHEREAS, citizens of the state of Idaho, both urban and rural, can benefit through high speed access to the Internet and the information it provides. The number of Idaho households and businesses utilizing online services and digital technologies is increasing with the growing trend toward business-to-consumer, business-to-business, and business-to-government e-commerce. There are growing employment opportunities for rural and urban citizens who are skilled in electronic technologies; and

WHEREAS, it is the intent of the legislature to provide the communities of this state with a process to assist them in meeting the economic and societal challenges that have arisen and will continue to arise as new electronic technologies, including wireless, digital subscriber line (DSL) and integrated services digital network (ISDN), are developed, enhanced and marketed. There is a need to review and examine policies and make specific legislative proposals to ensure that electronic technologies and commerce will continue to grow and prosper while delivering social and economic benefits to Idaho's citizens, government and businesses.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of electronic commerce and technology. The Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice and assistance from interested and affected parties who are not members of the legislature.

BE IT FURTHER RESOLVED that nonlegislative members of the committee may be appointed by the cochairs of the committee who are appointed by the Legislative Council. Nonlegislative members of the advisory committee shall not be reimbursed from legislative funds for per diem, mileage
or other expenses and shall not have voting privileges regarding the committee's recommendations or proposed legislation.

BE IT FURTHER RESOLVED that the committee shall make a progress report to the Second Regular Session of the Fifty-sixth Idaho Legislature and shall make a report detailing its findings, recommendations and proposed legislation, if any, to the First Regular Session of the Fifty-seventh Idaho Legislature.

PROVIDING FINDINGS OF THE LEGISLATURE TO FOCUS PUBLIC AWARENESS ON THE PROBLEM OF ASSAULTS ON SPORTS OFFICIALS AND URGING SCHOOL DISTRICTS, LITTLE LEAGUE PROGRAMS, HIGH SCHOOL, COLLEGE AND RECREATIONAL PROGRAMS, ALONG WITH LAW ENFORCEMENT AND PROSECUTORS, TO TAKE STEPS NECESSARY TO REDUCE THE INCIDENCE OF VIOLENCE ON SPORTS OFFICIALS AND TO PROSECUTE VIOLATORS TO THE FULL EXTENT OF THE LAW.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, sports participation has become a part of American life, ingrained into the consciousness of society;

WHEREAS, sporting events have components essential to their survival including the players, coaches and fans. In addition, and in some sense most importantly, there must be officials to enforce the rules of the game and judge potential disputes between participants on the field;

WHEREAS, many officials volunteer their time or receive only minimal compensation. Many officials participate out of a sheer love of the game and to teach children who play the game the valuable lessons that can be learned through participating in sports. These lessons include that of sportsmanship, working as a team and working within the rules of the game to achieve a common goal;

WHEREAS, sports officials act as on-field judges for their respective sports and as neutral participants who have no stake in the outcome of the game. Officials should be afforded protection from assaults and other negative reactions by participants, coaches and fans;

WHEREAS, increasingly, sports officials are subjected to verbal and even physical assault by disgruntled fans as well as certain coaches and players. This trend follows a growing trend in recent years that, at its foundation, shows a lack of respect for authority figures;

WHEREAS, children are exposed to media displays of professional sports heroes and are compelled to emulate their heroes. Unfortunately, children may also try to emulate them when they act in a negative fashion. If professional athletes are not reprimanded for assaultive behavior against sports officials this gives children the impression that verbally and physically assaulting officials is socially acceptable;

WHEREAS, it is not enough that each state must wait for one of its sports officials to be seriously attacked or beaten before its government takes action to stop this practice. Players, fans and coaches should be deterred from assaulting officials by local authorities hand-
WHEREAS, the sports officials that give their time and energy to officiate games deserve our collective respect and must have complete confidence that they will be able to carry out their responsibilities in a safe environment. As a society, we must act on the belief that respect for authority, whether you agree with it or not, is critical to living, working and playing together. Sports need to be a beacon, highlighting positive accomplishments and the need for sportsmanship and fair play. Although education continues to be important, recent trends point out the need for strong sanctions against those who engage in bad behavior at sporting events.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Fifty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, calling on all school districts, little league programs, high school, college and recreational programs, along with law enforcement and prosecutors, to do all they can to put an end to the increased threats and batteres on sports officials and to prosecute violators to the full extent of the law.

EXECUTIVE ORDER NO. 2000-09
IDAHO CODE OF FAIR EMPLOYMENT PRACTICES,
REPLACING EXECUTIVE ORDER NO. 95-08

WHEREAS, the United States through its Constitution, laws, executive orders, and regulations has declared that all persons are to be treated fairly and equally; and the State of Idaho is committed to fulfilling that federal mandate; and

WHEREAS, the Legislature of the State of Idaho by Title 44, Chapter 17, and Title 67, Chapter 59, of the Idaho Code has declared that employment discrimination based upon race, color, national origin, religion, disability, sex, or age is illegal; by Title 56, Chapter 7, that the disabled shall be free from employment discrimination in public service; and by Title 65, Chapter 5, that veterans are to be given preference by public employers; and

WHEREAS, every Idahoan should be provided the opportunity to fully develop and use his/her talents. When we allow race, color, religion, national origin, sex, age, and disability to prevent anyone from reaching full potential, we fail that person, our state, and our country. In accordance with the principles of fair employment practices, we must strive to recognize and advance the abilities and talents of all people, while denying no individual his/her rightful opportunities; and

WHEREAS, we must assume our citizen-granted role of leadership in the protection of freedom for all citizens; and we must serve in that leadership role as a model for government, business, industry, labor, and education in this regard.

NOW, THEREFORE, I, DIRK KEMPTHORNE, Governor of the State of Idaho, in that spirit and to that purpose, do hereby proclaim the following Idaho Code of Fair Employment Practices shall continue to be the governing policy throughout every department of the Executive Branch of Government of the State of Idaho.

ARTICLE I--Employment Policies of State Agencies
State employees shall be recruited, appointed, assigned, and promoted upon the basis of individual merit, in accordance with the principles of fair treatment and non-discrimination on the basis of race, color, sex, religion, national origin, age, or disability. Veterans are to be given preference in accordance with applicable state and federal laws and regulations.

All state departments, commissions, and boards are directed to review their present Human Resource policies and practices regarding recruitment, appointment, promotion, demotion, transfer, retention, discipline,
separation, training, and compensation to assure compliance with this Executive Order. They shall regularly review present state and federal laws and regulations and seek to redress under-utilization, if any, of minorities, women, or individuals with disabilities, and qualified veterans within the state workforce.

The Division of Human Resources shall take positive steps to ensure that the entire examination process; oral, written, and ratings, shall be free from either conscious or inadvertent bias. State agencies shall give wide distribution of notice of employment opportunities so that all citizens may be fully advised of career opportunities in state government. Employment announcements issued by state agencies shall include a statement such as, "The State of Idaho is an Equal Opportunity Employer. In addition, preference may be given to veterans who qualify under state and federal laws and regulations."

ARTICLE II—State Action
All services of every state agency shall be performed without discrimination based on race, color, religion, national origin, sex, age, or disability. No state facility shall be used in furtherance of any discriminatory practice nor shall any state agency become a party to any agreement, arrangement, plan, contract, or subcontract which has the effect of sanctioning such practices.

ARTICLE III—State Financial Assistance
Race, color, religion, national origin, sex, age, or disability shall not be considered in state-administered or sponsored programs involving the distribution of funds to qualified recipients for benefits authorized by law; and state agencies shall not provide grants, loans, or other financial assistance to public agencies, private institutions, or organizations which engage in discriminatory practices.

ARTICLE IV—State Employment Services
All state agencies, including educational institutions, which provide employment referral or placement services to public or private employers, shall accept job orders and applications on a non-discriminatory basis. They shall refuse to fill any job order designed, either consciously or inadvertently, to exclude any person from employment because of race, color, religion, national origin, sex, age, or disability except where a bona fide occupational qualification has been established.

ARTICLE V—State Education, Counseling, and Training Program
All educational counseling and vocational guidance programs, employment and training programs, policy declarations and staff services of state agencies or those in which state agencies participate, shall be open to all qualified persons, without regard to race, color, religion, national origin, sex, age, or disability.

ARTICLE VI—Cooperation with Idaho Human Rights Commission
All state departments shall cooperate fully with the Idaho Human Rights Commission if state employees or applicants for state employment file complaints with the Commission. They shall also utilize the services of the Commission when needing technical advice regarding compliance with
the equal employment opportunity provisions of Title 67, Chapter 59, Idaho Code. The Commission shall act as a referral agency for information or complaints concerning discrimination in certain protected classes not covered by Title 67, Chapter 59, Idaho Code.

ARTICLE VII—Enforcement by Appointing Authorities
The head of each state executive department shall be responsible for carrying out the policies of this Idaho Code of Fair Employment Practices and shall inform and educate all commission and board supervisory personnel regarding its intent and spirit. They shall establish clearly written directions to carry out this policy. Upon a showing of credible evidence to the appropriate appointing authority that any officer or employee of the state has violated any of the provisions of this Executive Order or any applicable state or federal law or regulation, the appointing authority shall take appropriate disciplinary action.

Every appointing authority shall be responsible for the development of a complaint procedure to be used by employees and recipients of state services who believe they have been subjected to harassment. This policy shall include at least the following: (1) a statement defining and forbidding harassment of any nature, (2) an investigative procedure designed to protect the confidentiality of participants wherever possible and to effect a timely and fair resolution of the allegation, and (3) a statement advising employees and service recipients of their rights to raise this issue with appropriate governmental agencies and the courts. The Idaho Human Rights Commission and the Division of Human Resources shall assist in the development of these policies.

ARTICLE VIII—Affirmative Action Plans
The agency charged with overseeing the review of the state's Equal Employment and Affirmative Action planning shall be the Division of Human Resources under the Executive Office of the Governor. The Division will consult with appointing authorities and report to the Governor on the State's fair employment practices, including EEO/AA efforts on an annual basis.

This Executive Order repeals and replaces Executive Order No. 95-08. This Executive Order shall cease to be effective four years after its entry into force.

   (b) 12:00 o'clock midnight on December 27 of the Year in which such allocation was made, or
   (c) the date upon which the Director receives a written notification from any such Issuing Authority pursuant to Section 7(2). Any allocation for which Bonds or Certificates are issued on or prior to the applicable date specified in this subsection shall be irrevocably allocated to such Bonds or Certificates.

(4) On and after September 1 of each Year allocations of Volume Cap shall be made to applicants submitting applications by such date for Project(s) or Program(s) that best demonstrate effective utilization, need, economic impact and efficient distribution of resources throughout the State. The Director and the Department may elect not to allocate Volume Cap if an application does not demonstrate a need for, and economic impact of, the particular Program or Project in the State and how the Program or Project will effectively utilize and efficiently distribute resources throughout the State. If qualified applications have not been received by the Department for all remaining Allocation Dollars by September 1 of such Year, then the Department shall continue to receive additional applications until the first of each succeeding month and make allocations on the same basis until all Allocation Dollars have been allocated.

(5) Until and including December 27 of each Year, any allocation of Allocation Dollars made in such Year, except allocations made pursuant to Section 5, for which Bonds or Certificates are not issued on or prior to the applicable date specified in Section
4(3) shall be available for reallocation to applying Issuing Authorities. On December 28 of each Year, any allocation of Allocation Dollars made in such Year for which Bonds or Certificates are not issued on or prior to the applicable date specified in Section 4(3) and any Allocation Dollars for such Year or any Allocation Dollars not allocated under Section 4(4) above shall become available for reallocation only for Qualifying Carryforward Projects or Programs. In either case, such reallocations shall be made in the same manner as for allocations of Allocation Dollars on and after September 1 as provided in Section 4(4) above.

(6) No application submitted by an Issuing Authority to the Director pursuant to this section shall be processed if the amount of allocation of the Volume Cap requested in such application is in excess of the amount of Volume Cap remaining available for allocation. Any application not processed for the reason stated in this subsection may be resubmitted to the Director, with or without a change in the amount of allocation requested. Any application resubmitted to the Director pursuant to this subsection shall be treated as a new application. Should an allocation not be granted for the reasons stated in this subsection, the Director shall continue to process other applications in the chronological order in which received, granting allocations pursuant to the provisions of this Executive Order.

(7) The expiration date of an allocation of Volume Cap under this Executive Order may be extended upon prior written approval of the Director, provided there are no pending applications for Volume Cap within the same Priority Set Aside, or if there are other such applications pending, that the application for the allocation being extended best demonstrates the need for, and economic impact of, the Program or Project in the State and how the Program or Project will effectively utilize and efficiently distribute resources throughout the State, and provided further that all other provisions of this Executive Order are complied with.

(8) In the event that the Director is uncertain whether an application meets the requirements set forth in 4(2) or 4(4) above, he may defer action on such application until he has received another application(s) and then determine which application best meets such criteria.

(9) In the case of an application filed prior to the date when the Director makes an allocation under 4(1)(h) above for an allocation from a Priority Set Aside which provides for a minimum percent of Allocation Dollars and sets forth a specific Issuing Authority to receive the Priority Set Aside (specifically, Priority Set Asides 4(1)(b), 4(1)(d) and 4(1)(e)), the Director may, and, at the request of the Issuing Authority, shall, make an allocation of that Year's Allocation Dollars in an amount not to exceed the minimum percentage stated for the Priority Set Aside prior to the date the Director has set for determination of allocations under 4(1)(h) but in no event later than 15 days after the date such application is filed.
Section 5.

(1) Issuing Authorities with Qualifying Carryforward Projects or Programs may apply for an allocation of Allotment Dollars for such Qualifying Carryforward Projects or Programs by submitting an application to the Director which shall contain:
   (a) the carryforward purpose for the Bonds under Section 146(f) of the Code;
   (b) any other information required by Section 146(f) of the Code;
   (c) a certification signed by both an official of the Issuing Authority responsible for the supervision of the issuance of the Bonds and, if applicable, a representative of the person or entity constructing, acquiring, or rehabilitating the Project or administering the Program, stating that the Issuing Authority and, if applicable, such person or entity, will proceed with diligence to ensure the issuance of the Bonds within the carryforward period provided by Section 146(f) of the Code;
   (d) a preliminary opinion from bond counsel that the Project or Program qualifies for carryforward under Section 146(f) of the Code, if applicable;
   (e) if applying for an allocation of Allotment Dollars for the purpose of issuing mortgage credit certificates under Section 25 of the Code, the amount of qualified mortgage bonds defined in Section 143 of the Code which the Issuing Authority elects not to issue under the Code; and
   (f) such other information and attachments as are set forth in Section 3(1).

(2) No application submitted by an Issuing Authority to the Director pursuant to this section shall be processed if at the time such application is considered the amount of allocation of the Volume Cap requested in such application is in excess of the amount of the Volume Cap remaining available for allocation. Any application not processed for the reason stated in this subsection may be resubmitted to the Director, with or without a change in the amount of allocation requested. Any application resubmitted to the Director pursuant to this subsection shall be treated as a new application. Should an allocation not be granted for the reasons stated in this subsection, the Director shall continue to process other applications in accordance with the provisions of Section 4(4), granting allocations pursuant to the provisions of this Executive Order.

(3) Allocations of the Volume Cap for Qualifying Carryforward Projects or Programs shall be granted by the Director in the amount requested by the applying Issuing Authority, if available, on or after December 1, but no later than December 31, of the Year in which an application in satisfactory order is submitted to the Director for an allocation of the Volume Cap for a Qualifying Carryforward Project or Program in accordance with the provisions of Section 4(5). The Director shall issue certificates of allocation evidencing the granting of an allocation within the time period specified in the preceding sentence to each Issuing Authority which applied to the Director and which received an allocation of the Volume Cap for a Qualifying
Carryforward Project or Program of such Issuing Authority, such certificates of allocation to be similar to the certificates of allocation described in Section 4, stating the amount of Allotment Dollars which have been allocated to such Issuing Authority, specifying the Qualifying Carryforward Project or Program for which the allocation has been made and specifying the expiration date of the allocation, as provided by Section 146(f) of the Code.

Section 6.

No application submitted to the Director may be amended without the consent of the Director; provided, however, that no such consent shall be required for an Issuing Authority to submit a new application in order to replace a previously submitted application if such new application is submitted before an allocation is made on the basis of the original application; provided further, that the consent of the Director shall not be required for an Issuing Authority to withdraw a previously submitted application. For purposes of receiving an allocation of the Volume Cap, any application that has been amended shall be treated as though such application was submitted on the date that the amendment was made, rather than on the date of the original submission of such application.

Section 7.

(1) After the effective date of this Executive Order, any Issuing Authority issuing Bonds without a certificate or allocation of the Director issued pursuant to Section 4 or Section 5, as appropriate, evidencing the granting of an allocation for such Bonds or Certificates, or any Issuing Authority issuing Bonds or Certificates after the expiration of an allocation under Section 4 or Section 5, as appropriate, is not entitled to any allocation of the Volume Cap for such Bonds or Certificates, and any Issuing Authority issuing Bonds or Certificates in excess of the allocation set forth in the certificate of allocation is not entitled to any allocation of the Volume Cap for such excess.

(2) Each Issuing Authority shall:

(a) advise the Director on or before the earlier of the sixtieth day after the issuance of any Bonds or Certificates or December 27 of each Year, of the principal amount of Bonds or Certificates issued under the allocation set forth in each certificate of allocation issued by the Director evidencing the granting of an allocation for such Bonds or Certificates by delivering to the Director a copy of the Form 8038 which was delivered to the Internal Revenue Service in connection with such Bonds or Certificates, or, if no such form was required to be delivered to the Internal Revenue Service, a completed copy of a Form 8038 prepared for the Director with respect to such Bonds or Certificates, or

(b) if all or a stated portion of such Bonds or Certificates will not be issued, shall advise the Director in writing, on or before the earlier of
(i) the fifteenth day after the earlier of
   (A) the final decision not to issue all or a stated portion of such Bonds or Certificates, or
   (B) the expiration of the allocation, or
(ii) December 27 of the Year in which the allocation for such Bonds or Certificates was made.

(3) Each Issuing Authority shall cooperate with the Director in furnishing any information the Director reasonably requires. If an Issuing Authority obtains an allocation of a portion of the Volume Cap for a particular Project or Program from the Director as provided in Section 4 or Section 5, as appropriate, but does not issue its Bonds or Certificates within the prescribed time limit, or issues a lesser amount of Bonds or Certificates within the prescribed time limit, such Issuing Authority may again submit an application with respect to the proposed Bonds or Certificates or portion of such Bonds or Certificates not issued for such Project or Program as provided in Section 4 or Section 5, as appropriate. Such application shall be treated as a new application.

Section 8.
In addition to the duties otherwise specifically set forth in this Executive Order, the Director shall:

(3) maintain a record of all Bonds or Certificates issued by Issuing Authorities during each Year;

(4) maintain a record of all information filed by Issuing Authorities under this Executive Order;

(5) make available upon reasonable request a certified copy of all or any part of the records maintained by the Department under this Executive Order or a summary thereof including information regarding the Volume Cap for each Year and any amounts available or at any time remaining available, for allocation under this Executive Order;

(6) the Director shall serve as the State official designated under State law to make any certifications required to be made under the Code including, without limitation, the certification required by Section 149(e)(2)(F) of the Code; and

(7) promulgate reasonable rules not inconsistent with this Executive Order deemed necessary or expedient to allocate the Volume Cap hereunder.
Section 9.
If any provision of this Executive Order shall be held to be, or shall, in fact, be invalid, inoperative or unconstitutional, the defect of the provision shall not affect any other provision of this Executive Order or render it invalid, inoperative, or unenforceable. To the extent this Executive Order shall be held or shall, in fact, be invalid, inoperative, or unconstitutional, all allocations of the Volume Cap previously made under this Executive Order shall be treated as allocations made by the Governor of the State in accordance with provisions of the State Law.

Section 10.
This Executive Order replaces Executive Order No. 98-01 which is hereby repealed, provided that such replacement shall not affect any allocations in the State made prior to the effective date hereof pursuant to any other Executive Orders or laws of the State.

Section 11.
The State pledges and agrees with the owners of any Bonds or Certificates to which an allocation of the Volume Cap has been granted under this Executive Order that the State will not retroactively alter the allocation of the Volume Cap to such Bonds or Certificates.

Section 12.
No action taken pursuant to this Executive Order shall be deemed to create an obligation, debt or liability of the State or be deemed to constitute an approval of any obligation issued or to be issued hereunder.

Section 13.
The purpose of this Executive Order is to maximize the benefits of financing and development through the use of Bonds and Certificates providing a system for the implementation and administration of the formula specified in the State Law for allocating the Volume Cap within the meaning of Section 146 of the Code.

This Executive Order shall be effective immediately and shall continue in effect until such time as it may be repealed or superseded by operation of State or Federal law. WHEREAS, energy is a vital resource to Idaho and is inextricably linked to Idaho's water resources; and

WHEREAS, the availability of long-term energy supplies is critical to the well-being of Idaho; and

WHEREAS, it is the responsibility of state government to employ measures to reduce wasteful, uneconomical, and unnecessary uses of energy which will diminish Idaho's energy and water resources; and

WHEREAS, the consolidation of governmental activities relating to water resources and energy has provided efficient state services; and

WHEREAS, the House concurrent Resolution No. 19 (1999 Idaho Sess. Laws 1163) created an Interim Committee on Construction Industry Laws; and

WHEREAS, the Interim Committee issued its findings and recommenda-
tions including a recommendation that some responsibility for matters related to energy codes and standards be transferred to the Division of Building Safety.

NOW, THEREFORE, I, DIRK KEMPTHORNE, Governor of the State of Idaho, by the authority vested in me by the Constitution and laws of the State of Idaho, do hereby order the continuation of the Energy Resources Division of the Idaho Department of Water Resources and the transfer of energy codes and standards for buildings to the Division of Building Safety as follows:

1. TRANSFER AND RETENTION OF FUNCTIONS. The Director of the Department of Water Resources, being authorized by Section 42-1706, Idaho Code, to perform professional duties at the request of the Governor, and as otherwise provided by law, is vested with the following energy planning, policy, and coordination functions:
   a) Advise the Governor, the Legislature, and other public officials of the State's energy requirements, supply, management, conservation, and efficiency efforts;
   b) Serve as the lead state agency to solicit, receive, and disburse any funds from all available sources that can be used to promote the conservation of energy and the development of energy resources;
   c) Pursue and accept federal delegation of responsibility and authority for matters that affect the energy supply, consumption, and conservation by the citizens of Idaho other than energy codes and standards for buildings and those matters under the jurisdiction of the Idaho Public Utilities Commission;
   d) Prepare, and as necessary, implement contingency plans for the conservation and allocation of energy supplies not otherwise regulated by the Public Utilities Commission during periods of shortages and supply interruptions;
   e) Provide technical and funding assistance to the Division of Building Safety for the development, promotion, implementation, and enforcement of energy codes and standards by Building Safety for commercial and residential buildings in the public and private sectors;
   f) Assist local governments, school districts, and public institutions by providing technical and funding assistance for programs to improve energy management and reduce energy consumption;
   g) Provide public information and data on energy supplies, demands, technologies, efficiency measures, and conservation;
   h) Promote energy conservation through research, public information, education, training, technical assistance, funding assistance, and other activities;
   i) Promote the increased utilization of renewable energy resources through funding and technical assistance, research, and public information;
   j) Assist citizens in developing energy-efficient technologies;
   k) Enter into a memorandum of agreement with the Division of Building Safety to transfer two FTPs and associated fund-
ing from the Energy Resources Division of the Department of Water Resources to the Division of Building Safety to accomplish item e) above and to establish the basis for future funding for the development, promotion, implementation, and enforcement of energy codes and standards by Building Safety for commercial and residential buildings.

1) Enter into other agreements and contracts and do all else necessary to carry out the provisions of this Executive Order and in the performance of other duties as may be directed by the Governor.

2. SAVINGS PROVISIONS. All orders, regulations, contracts, and licenses which have been issued in the performance of functions which are retained under this Executive Order, and which are in effect at the time this Executive Order takes effect, shall continue in effect according to their terms until modified or terminated.

a) Whenever the Idaho Office of Energy or the Director thereof is referred to in any law, rule, regulation, order, contract, document, judicial or administrative proceeding, or otherwise, the same shall be considered to mean the Department or the Director of the Department of Water Resources;

b) The duties, responsibilities, and authority of this Executive Order shall not alter any existing responsibilities, jurisdiction or planning functions of state agencies established by state or federal law; nothing in this Executive Order shall be construed to provide or imply any regulatory authority by the Energy Division of the Department of Water Resources over public utilities that are subject to the jurisdiction of the Idaho Public Utilities Commission.

This Executive Order shall cease to be effective four years after its entry into force.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol in Boise on the eighth day of March in the year of our Lord two-thousand and one, and of the Independence of the United States of America the two hundred twenty-fourth and of the Statehood of Idaho the one hundred tenth.

BY THE GOVERNOR:

/s/ DIRK KEMPThORNE
GOVERNOR OF THE STATE OF IDAHO

/s/ PETE T. CENARRUSA
SECRETARY OF STATE
WHEREAS, during the past decade government agencies and private industries have developed increasingly powerful computer systems designed to process and analyze map and other information collectively called Geospatial Information; and

WHEREAS, these systems, referred to as Geospatial Technology, have the potential to significantly increase efficiency and reduce costs to the State for conducting land, water, demographic, social and other natural resource management activities, and are becoming ever more closely linked as component parts of Idaho's information management activities; and

WHEREAS, geospatial products produced and maintained by organizations provide a valuable information infrastructure for public and private entities; and

WHEREAS, Geospatial Technology assists state, federal and local governments in carrying out their mandated responsibilities more efficiently, at reduced costs, with better services to taxpayers as a valuable tool for scientific investigation, resource management and development planning; and

WHEREAS, the related components of Geospatial Technology, together with the computer field in general, are currently in a period of dynamic evolution and growth; and

WHEREAS, it is important to provide channels of communication and cooperation among agencies of the State of Idaho, federal resource management agencies, federal budget agencies, local and tribal governments, private organizations, education institutions and the citizens of Idaho; and

WHEREAS, there is a need to oversee and promote the cooperation and coordination of programs, policies, products, and resources using Geospatial Technology to maximize opportunities and minimize duplication of effort; and

WHEREAS, there is a need to develop and implement policies, guidelines, and standards for producing and sharing Geospatial Information; and

WHEREAS, there is a need to support the ongoing development of a clearinghouse in order to foster the sharing of Geospatial Information; and

WHEREAS, there is a need to provide education, training, and technical support for users of Geospatial Information to support consistency and efficiency; and

WHEREAS, the Idaho Legislature annually appropriates a significant amount of state funds for agency Geospatial Technology activities which could benefit from coordination; and

WHEREAS, Geospatial Technology activities and implementation have a long-term economic benefit to the citizens of Idaho.

NOW, THEREFORE, I, DIRK KEMPTHORNE, Governor of the State of Idaho, by the authority vested in me by the Constitution and laws of the State of Idaho, do hereby order:

1. There is created the Idaho Geospatial Committee.
2. The purpose of the Idaho Geospatial Committee is to provide
policy level direction and promote efficient and effective use of resources for matters related to geographic information. To that end it shall:

a. Promote cooperation among state, federal, tribal and local agencies, universities and the private sector in addressing geographic data and information needs and services in Idaho;

b. Review priorities for statewide geographic information needs and assist in the development of projects, plans, policies, standards, priorities and guidelines for geographic information;

c. Facilitate cooperative and contract arrangements to develop and maintain high-priority geospatial databases and applications programs;

d. Identify and promote a State geospatial information clearinghouse as a vehicle for sharing information on geospatial technology, programs, policies and resources to maximize opportunities and minimize duplication of effort, and to facilitate the standardization, documentation, distribution and exchange of geographic information; and,

e. Provide recommendations to ITRMC, the Governor and the Legislature, when appropriate, concerning issues related to geographic information in Idaho.

3. The Idaho Geospatial Committee shall receive administrative staff support from the Information Technology Resource Management Council staff.

4. The Idaho Geospatial Committee will meet no less than twice annually.

5. The Idaho Geospatial Committee will appoint subcommittees consistent with the needs of the Committee to address issues including, but not limited to: the sharing of geospatial information through a geospatial clearinghouse; technical support and education issues related to geospatial technologies in Idaho; and, outreach and liaison with the Federal Geographic Data Committee and the geospatial coordinating committees in neighboring states.

6. The Idaho Geospatial Committee shall prepare and submit a report to the Information Technology Resource Management Council by December 30 of each year describing the Committee's activities and achievements of the previous year. Additionally, the annual report due on December 30, 2001, shall include bylaws for this committee, address the need to provide education, training, and technical support for users of geospatial information, and make recommendations with respect to the organizational structure of the subcommittees.

7. The Idaho Geospatial Committee shall be composed of no more than sixteen (16) members with knowledge of and interest in the field of geospatial technologies including representatives of: three (3) state agencies, one of whom will serve as chair (appointed by the Chairman of ITRMC), the State Library, and the State GIS Coordinator. Other members may include: the Idaho Federal Framework Coordinator, one (1) representative of the United States Department of Agriculture, one (1) representative of the United States Department of Interior, one (1)
Tribal Government representative, one (1) representative of the State University System, two (2) representatives of the public utilities or private businesses active in geospatial technologies, and three (3) representatives from county and municipal governments, at least two (2) who are local government representatives active in geospatial technologies. The Idaho Geospatial Committee's membership shall be selected by the groups they represent and approved by the Information Technology Resource Management Council. This Executive Order shall cease to be effective four years after its entry into force.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol in Boise on the thirtieth day of April in the year of our Lord two-thousand and one, and of the Independence of the United States of America the two hundred twenty-fourth and of the Statehood of Idaho the one hundred tenth.
